Abstract Statement of the record in case
rel

Fort St George 19th June 1845.

relative to the misappropriation of the Moturpha Collections by Addlapoody Venkanna Town Goomastah in the Oakes and Ramanaidoo Pettah Taniahs in the Bunder Taluk.—

The Weavers of the Pettah of Bunder Vizt. B. Veerasalingum, A. Veerasa and Naiganah Nos. 23 in Number presented an Urzee dated the 22d July 1842 on the 25th August to the late Acting Collector Mr. Mathison complaining that the Town Goomastah M. Venkanah and Moturpha Peon Shaikally who collected from them the Moturpha Tax for Fasly 1251 had not furnished them with receipts for the same, that from 9 of their body (Weavers) the said Goomastah having collected Rupees which he acknowledged that he had applied to his own purpose had returned the same to the said Weavers desiring them to have it credited which they did accordingly and requesting that orders may be issued so that the Money which they had already paid may not be collected from them again.—

Upon examining the said Goomastah Venkanah and the Moturpha Peon Shaikally the latter in his deposition stated that he collected the tax from several individuals and paid it in charge of the Goomastah who misappropriated the same without

carrying it to the credit of the circar. that the money collected by him was immediately paid to the said Goomastah that as in this instance the money levied from sundry individuals he paid it to the Goomastah at different intervals and that he can prove the same by witnesses. The said Venkanah deposed on the 20th August 1842 that he always credited in the circar account the sums paid into his hands. that the money which the weavers say was paid by them was not actually paid into his hands either by the said individuals or Shaikally and that the Peons and weavers have from enmity towards him stated that the said money was misappropriated by him. In his deposition given on the 1st October the said Venkanah stated that Shaikally told him that he collected Rs. 180-8-0 of which he paid Rupees 125 to the Tahsildar and Rs. 55-8-0 to the Moturpha Goomastah and Peon, but that he had no witnesses to prove the Statement of Shaikally to that effect.—

The demand Collection and Balances on account of Moturpha Tax is as particularized below.—

Faslies	Demand	Collection up to 25 August 1842	Balances
	Rs. a. p.	Cowries	
1249	717-1-6	664-—-4	53-1-2
1250	774-14-8	723-—-3	51-14-5
1251	772-9-5	606-14-—-	165-11-5
Total	2264-9-7	1993-14-7	270-11-—

Of this, the sum of Rupees 8-10-6 was subsequently collected. Of the remainder, certain individuals acknowledge that the sum of Rupees 47-7-— is still due by them and [illegible]

sum of Rupees 39-8-10 is due by distressed and deceased individuals, and it has been proved that the remaining sum of Rupees 180-9-8 was actually collected but not carried to the credit of the circars account —

The individuals from whom the balance is due having been summoned several of them have given declarations that they paid the said sums to the Goomastah and Shaikally individually and collectively at different periods and others have proved by witnesses the payment made by them which they caused to be entered in a Book and affixed their Marks to it — Shaikally also signed the book with a remark that he collected and paid the said money to the Goomastah to which effect he also gave a deposition, on the other hand the Goomastah also appends a remark to the book under his signature stating that the said money was not paid to him —

Many of the individuals have during the investigation distinctly deposed to the fact of their having paid the said Money —

Moreover the unanimous Statement of many of the individuals that they paid the Money to the said Goomastah viz must be considered as a strong evidence to the fact —

Independently of this the Statement of Shaikally that he collected a considerable portion

portion of the said Money some of the payments he proved by evidence and paid to the Goomastah as well as the circumstance of certain individuals having acknowledged of their having paid some money into the Hands of the said Venkanah, together with Venkanah's own statement, that Shaikally had told him that the said money was collected and paid to the Tahsildar &c will shew that Venkanah has acknowledged the Collection of the Money from the individuals, and that tho' actually collected, it was not carried to the credit of the circars in the account

There is no evidence to shew that the Tahsildar misappropriated the said Money except the bare Statement of Venkanah that Shaikally told him that the Tahsildar misappropriated the same Furthermore Nagadoo Somaya, one of the individuals gave a deposition that the said Goomastah asserting that he had not credited in the Chittah a sum of one Rupee which he Somiah had formerly paid to him, returned it, he the said desiring that he should cause the same to be credited as if he had then paid it —

The circumstance was also proved by witnesses

From this it evidently appears that in this case the Goomastah himself collected some Money and that fact of it was known by both himself and the Pumpon rendering the said Venkanah to be responsible for the Collection

There is no evidence to shew that the Tahsildar has misappropriated the said Money except the base Statement of Venkanah that Shaikally told him that the Tahsildar misappropriated the same — Furthermore Nagadra Somaya, one of the individuals gave a deposition that the said Goomastah asserting that he had not credited in the Chittah a sum of one Rupee which he Somiah, had formerly paid to him, returned it back desiring that he should cause the same to be credited as if he had then paid it —

This circumstance was also proved by witnesses from this it evidently appears that in this case the Goomastah himself collected some Money and that part of it was levied by both himself and the Peon, consequently therefore the said Venkanah to be responsible for the collection of

This circumstance was also proved by witnesses

From this it evidently appears that in this case the Goomastah himself collected some Money and that part of it was levied by both himself and the Peon employed by them to be responsible for the other sum the said Venkanah

of the Moturpha taxes / Shaikally only acting under his immediate orders / the decision No 1 was passed on the 8th August 1843 sentencing the said Venkanah as principal in the fraudulent transaction to pay according to the Regulations the sum of Rupees 361-3-4 being twice the amount of Rupees 180-9-8 paid by the weavers and misappropriated by him, and removing him and the said Shaikally as also Barum Swamy a Peon, who are participators in this transaction from their respective offices.—

In this appeal Petition the said Venkana stated that he did not misappropriate the said sum, but as the money collected from the Moturpha individuals by the said Venkanah as well as by the Peons under him has not been credited in the account, the said Venkanah must be considered responsible for the same. The other Matters setforth in the appeal Petition have been duly answered in a separate Memorandum submitted to the Board of Revenue forwarded with my letter dated 27th January last.

Abstract Statement of the record in Case No 2 relative to the Misappropriation of the Moturpha Collections by

7544 Fort St George 19th June 1845

by Moollapoody Venkanah, loom Goomastah of Pakes and Ramanaidoo Pettah Tanahs in the Masulipatam Taluk—

Shaikally the Moturpha Peon of the Bunder Division gave a deposition alleging that the sum of Rupees 13-4 on account of Moturpha Taxes for fusly 1251 was paid by the weavers Viz. Rupees 3 by Puntum Peddaraidu Dhaurany Attiah Inhabitants of Chaukaravoopollem attached to Pakes and Ramaraidoo Pettah Tanahs for 2 looms belonging to them, as also Rupees 10-4 by C. Mullaih and 2 other Individuals of Choogleru for 7 looms, and the of the said amount the sum of Rupees 6 only was carried to the Credit of the Cazier, and the remainder misappropriated by the Goomastah.

The two looms belonging to the two weavers of Chakeeravoo Polem were omitted both in the list shewing the number of looms for fusly 1251, as also in the Statement of Sist as having been left unemployed for want of means to keep them up. But these weavers not only deposed that the said 2 looms were kept up and the Sist assessed thereon paid by them in charge of the loom Goomastah as well as the Moturpha Peon Shaikally but also proved it by witnesses.—

The depositions given by 3 weavers of

of Cavagoddoroo speak to the effect that they paid Rupees 10-4-a on account of Moturpha tax on looms belonging to them into the hands of the loom Goomastah &c.—

Metta Goorapah, the head weaver, produced a list shewing the names of Individuals and the amount of Tax due by each on 7 looms, drawn out by the said Goomastah in his own hand writing. The Total of this list Weaver declared was paid by him to the Goomastah &c. whereas in the statement sent into the Hoozoor only 6 Rupees are entered.

Thackally acknowledges to the fact of his having collected the cist from the said Individuals and paid it in charge of the Goomastah.

In his deposition the Goomastah states that Metta Goorapah the Head Weaver having desired him to give him a list shewing the names of Individuals and the amount due by each to enable him to collect the same, he accordingly furnished him with one telling him at the same time that not

not having then a statement of list, he would by and by examine and draw out a correct list for him, that Goorapah not having met him since, he did not compare the list and that therefore he does not know on what principle Goorapah had collected the cist. He states that he carried to account the amount according to the statement sent into the Hoozoor and that the Weavers this bad feeling towards him gave a false statement against him.—

The List drawn out by the Goomastah in his own hand writing and given by himself differs with that sent up to the Hoozoor, he however states that he drew out the said List without comparing the List sent to the Hoozoor wherein the names of a large number of Weavers appear entered, consequently it appears that the arguments of the Goomastah were

were merely intended to cover the fraud, and screen his delinquency as they are not established by Accounts or evidence. —

The decision No 2 was therefore passed on the 8th August 1843 sentencing the said Venkanah accordg to Regulations to pay a sum of Rupees 14 — 8 — a being twice the amount of Rupees 7 — 4 — 0 proved to have been misappropriated by him, and removing him from his situation as in Case No 1. —

Sir

From R. T. Porter Esqre Collector of Masulipatam. } Para 1.

Submitting Report on the Petitions presented to the Board of Revenue by the Ryots of Ellore and Cavally Mocotahs complaining of the Levy of certain Items of Revenue against them. Herewith returned

No 1124 of 1842 in a Letter from the Board 29th August 1842.
No 346 of 1843 referred by Endorsement.
No 215 and 344 of 1845 in Letter from the Board 31st March 1845.

I have the honor to report on the Petitions noted in the Margen which have at different periods been addressed to the Board of Revenue by cultivating Ryots attached to certain Mocotahs of the Ellore Taluk complaining of the Levy of certain Items of Revenue which they assert to have been imposed without due authority since Fusly 1237. — A.D. 1827-28

2. The first of these Petitions was referred for report prior to my taking charge of the District when I had little knowledge even of the names of the Items objected to, and still less of the authority under which their collection was made. I have however given the subject my best attention during the Settlements of the last two years, and I think I shall be able to shew

shew not only that the items in question have been under various denominations assessed upon the Ryots for a very long period of time but also that the amount now demanded is less than that to which they were liable previously to the date of their (alleged) unathorized imposition.

3. It may here be observed that

No 1124 of 1842

altho' the first Petition presented to the Board purports to emanate from the Ryots of Gour-doogo-Canoo and Umberpetta Mootahs as well as from those of the Mootahs of Ellore and Covally, the Ryots of the first mentioned two Mootahs since they have been handed over to the Zemindars of Noozeed and Nedadavolu respectively, have continued to pay the charge in question without objection or complaint. The Ellore and Covally Mootahs continue under Ctumany and the Ryots of these have for the last two years resisted payment to the utmost of their power. In Fasly 1252 A.D. 1842-43 they made combinations and neglected to cultivate at the proper time whereby altho the Season was by no means unfavorable, a great decrease was occasioned in the Settlement and at this last

last Summabundy they resolutely refused to receive their Puttahs unless a Special Clause was inserted reserving the Charges objected to, which of course could not be done so that it appears highly advisable with a view to determine my future course of proceeding that the question as to their liability or otherwise to these charges should be speedily set at rest.

4 The following are the names and amount of the items of which the Petitioners claim the remission, Viz:-

8 Tanah Shroffs rufsoom at 10 annas per Cent which was caused to be entered in the Dowle by Narreah Apparow Zemindar from Fasly 1244 1244 and which had previously been paid 1834-35 by the Ryots separately. Zilladars

9. Zillah's Jaferuck established by the Circar.

5. The first 7 of the above items were fully investigated at the Summabandy Settlement in Fusly 1237 A.D. 1827-28 by the then Collector Mr. Dent who passed an order under date the 25th September 1828 to the effect that they should be collected and credited in the Circar Accounts. Objections to this Settlement were urged in a Petitions addressed to Mr Dent in 1829 which was returned to the parties with an Endorsement to the effect that no remission could be allowed without sanction from higher authorities and the Charges have been paid from that period without intermission upto Fusly 1251. A.D. 1841/42 Arzees were then addressed to the late Collector Mr Grant under dates 24th August 1841 and 12th February 1842 protesting against the 1st Six items, and upon his proceeding to make enquiries into the matter a Supplemental Kyfeyet was given in on the 7th March 1842 complaining of the remaining three items in addition

addition. These have been followed up by the Petitions addressed to the Board which form the subject of the present Report.

6. It may be true that some of the items complained of may not appear in the old Accounts but there are many heads entered in the old accounts under which Collections are not now made, and for which there is ample reason to believe that the charges now objected to have been substituted, for instance. the Circuit Committee Accounts of 9 years from Fs. 1176 to 1184 contain the following items entered in the list Viz:-

1 Durbary or Cutcherry Charges.

2 Apparow Roofsoom at Pagodas 5 p.c. Cent.

3 Nuzzur to the Manager, Mr Pringle.

4 Nuzzur on account of Enams.

5 Nuzzur from ½ to ¼ Pagoda per Candy.

Besides the above there is also an item termed 'Village Charges Saderwared' not included in the Circar List. The Apparow Roofsooms are inserted in the individual List Accounts of the Ellore Villages as found from the record of Fusly 1191 at 6¼ Pagodas per Candy - but these as well

well as the Nuzzars noticed above with the exception of one under the head of "Dufsaie Nuzzer" have been discontinued for reasons which do not appear.

7. I will now endeavour to explain the nature of the items objected to as they stand in the list entered above in Para 6:

1st Despondiahs and Mazoomdars Taharcer. There will be found no entry of this item in the Dowle Accounts previously to Fusly 1215 A.D. 1805-6 the Village Accounts produced by the Curnums for Fusly 1224 A.D. 1814-15 prove that it is formerly the custom for the Villagers to pay the Despondiahs and Mazoomdars direct by an allotment on the Village Charges. On reference to a record shewing the Mootahbunday of the Villages of the Ellore Havaly it appears that the Peishcush fixed in the Ellore and Corally Mootahs in Fusly 1215 A.D. 1805-6 included an item on account of Despondiahs Taharcer amounting to Pagodas 88 40 16 which is entered in the Abstract of Charges as the amount of

Such being the case in Fusly 1231 A.D. 1821-22 the Zemindar at the desire of the Ryots was induced to reduce the Charges to a fixed sum of 40 Pagodas and this was continued from Fusly 1231 to 1237 A.D. 1821-22 1827-28 to be entered in the Annual Dowle.

8. This Item originally comprized "Nuzzur Katoye" payments to the Sanah Peishcar Muddatgar &c and entries of payments under this head though at different rates appears in the accounts of Ellore Village in Fusly 1191 A.D. 1781-82 and 1198 1788-89 In the Village Accounts for the same Fuslies the rate is entered at 10 Doogalums, and in the Jamma wassoolbakee accounts from 1197 to 1199 A.D. 1787-88 1789-90 it is stated that Nuzzur Katoye was collected on the Gross amount of the Purgunah at 42 ½ Pagodas per annum. 7. I will now endeavour to explain the nature of the items objected to as they stand in the list entered above in Para 6.

1st Despondiahs and Mazoomdars Jaheer.— There will be found no entry of this item in the Dowle Accounts previously to Fusly 1215 A.D. 1805-6 but Village Accounts produced by the Curnams for Fusly 1224 A.D. 1814-15 prove that it is formerly the custom for the Villagers to pay the Despondiahs and Mazoomdars direct by an allotment on the Village Charges. 8. This Item originally comprized "Nuzzar Katoye payments to the Tanah Peishcar Muddatgar &c and entries of payments under this head tho' at different rates appears in the accounts of Ellore Village in Fusly 1191 A.D. 1781-82 and 1198 A.D. 1788-89 In the Village accounts for the same Fuslees the rate is entered at 10 Doogalums and in the Jammawasool taken accounts from 1197 to 1199 A.D. 1787-88 1789-90 it is stated that Nuzzur Katoye was collected on the Gross amount of the Purgunah at 42 ½ Pagodas per annum. collections appear in the Accounts, but from the Accounts from Fuslies 1204 to 1210 it is evident that certain Sums were disbursed to the Tanah Peishcar, Mudutgar &c. from which it is clear that collections were made on account of "Nuzzur Katayee."

9. In the Summabundy forms for Fusly 1214 (A.D. 1804-5) (the year before the Mootah were purchased by the late Zemindar) a Sum of 36-11½ Pagodas appears under the head of Nuzur Katayee the particulars of which are detailed in the Margin and in a Hookum issued by the Zemindar under date 28th September 1821 it is directed that this Charge which prior to that date had been allotted by the Ryots in the Village charges should continue to be adjusted in the same manner for the future.-

adverted to, this item was in common with others entered in the Circar Dowles, the Zemindar having in Fusly 1231 (A.D. 1821-22) on the representation of the Ryots who requested that these charges might be placed on the same footing as in the Umberpetta Mootah, fixed a Standard rate of payment at Rupees 2-6-4 pr annum, which was accordingly inserted in the lists and collected from an account of the Estate.-

"Mootsuddy Jahreet"

11 The Accounts of the Ellore Havelly Purganahs from Fusly 1204 (A.D. 1794-95) to 1209 (1799-800) exhibit the following Sums as collected from the Ryots under the Head of Mootsuddy &c. Jahreet during that period.-

The amount collected as above was entered in the

the disbursements in the same accounts as having been paid to the Hazzoor and Tanah Mootsuddies Peishcars Chowdries &c.a on account of presents and other expenses. The Jummabundy Accounts from Fusly 1217 A.D 1807-8 to 1222 1812-13 shew that the Zemindar, since he purchased the Mootah in Fusly 1215 A.D 1805-6 had been in the habit of making these collections, and that the Villagers used to pay the same by making a Taffreek or allotment in the Village Charges. This also appears to have been the case on reference to some of the Accounts of Village Charges produced by the Carnums for Fusties 1212 A.D 1802-3 and 1224 1812-13. The entries inserted in the Margin shew some of the collections made by the Zemindar between Fusties 1217 A.D 1807-8 and 1222 1812-13.-

and this sum was accordingly from that time entered in the Dowle Accounts.-

"Hoozoor Salem 40 Teachers Hoozoor Sheriff Roofgroom 13

The Accounts of the Goondoor-go Canoo and Amberpett Mootahs shew that these items were collected since prior to Fusly A.D 1212 1802-3 and after the Ellore and Covally Mootahs came into the hands of the late Zemindar they used to be collected from the Ryots and paid to the parties an adjustment being made in the Village Accounts. This System was contenued by a Hookoom issued by the Zemindar in Fusly 1231 A.D 1821-22, and in Fusly 1237 A.D 1827-28 the Zemindar's death the collections under this head were entered by order of the Collector in the Circar Dowles.

"Saderwared" 14 This item appears to be a perfectly distinct one from that which under the same appellation existed from prior to Fusly A.D 1213 1802-3 up to Fusly 1231, and which was collected on each Candy of produce. Is it the "Saderwared" alluded to in a foregoing para an item in the Circuit Committee Accounts not included in the Government Revenue. The item under discussion appears to have been introduced by the late Zemindar in Fusly 1231 A.D 1821-22 in order to accomplete his system

Para 6.

System of Collections with that which obtained in the Umberpettah Moottah in which it existed as a source of Revenue and was imposed with the concurrence of the Ryots simultaneously with a Durbary charges 11½ ₹ Cent. the latter being a consolidation on a reduced scale of several other charges as will be shewn below. The Saderwared thus fixed was entered at Rs 234 - A 8 - P and this amount was in Fusly 1237 A.D. 1827-28 entered in the Circar Dowles as collected on behalf of the Minor by the late Collector.

The detail of the items comprized under the head of Durbary charges does not appear in the Circuit Committee Accounts, but from Fusly 1192 A.D. 1782-183 up to 1230 1820-21 two items Viz. 'Dhara tufawut' and 'Saderwared' appear to have been uninterruptedly collected with the Circar Sist and these items would appear from some Accounts to be identified with what are now termed 'Durbary Charges'. The nature of the Charges termed Durbary Tufawut and 'Saderwared' is described below.

16 'Dhara tufawut' was an additional value put on Umbaram Grain over and above the Summabandy proceed and collected from

from Radeem Ryots at ½ Pagoda and from Payakaries at ¼ Pagoda per Candy also a levy of one Pagoda on the Coopacutta Umbaram or Grain remaining after deduction of "Kushumenha Coopacuttaloo" on which no tax is livied. Saderwared in this instance was a charge leviable from the Ryots on the net quantity of produce after deducting "Charegoolee" and Coopa Cutta as well as the grain of Ryots who receive "Mahamanee praty" at the highest rate of 1½ one and ¾ Droogaum per Candy. rate of 1½ one and ¾ Droogaum per Candy. as well as on each Coontah of Zaree and Baggayet Lands at the rate of 1 and half Droogaum per Coontah. In lieu of the abovementioned charges and of another charge called "Dewanjee Roojsoom" which had been collected from Fusly 1215 A.D. 1805-6 at 2 Pagodas per Cent on the Umbaram Sist the late Zemindar Venceta Narsimha appointed row in Fusly 1231 A.D. 1821-22 substituted the charge termed Durbary Charges at 11½ per Cent. which has continued to form part of the demand ever since and against which the Ryots of Ellore and Corally are now protesting.

The subjoined Statement shews the per Centage of the original charges composed of Dhara tufawut. Saderwared and Dewanjee Roojsoom which were levied prior to the substitution of the 'Durbary charges' at 11½ ₹ Cent.

From the above, it will be observed that under the old system prior to the introduction of the Durbary Charges, the Ryots were subject to a considerably higher demand than they are at present the amount per Cent in one Fusly 1212 being nearly double that of the present Durbary Charges which are fixed without variation at 11¼ per Cent

The only two Charges which remain to be noticed are the "Shroff's Rosfoom" and Zilladar's Jafreek.-

The first of these is a payment of Ambaram Sist, which used formerly to be paid by the Ryots direct to the Tanah Shroff by an allotment in the Village Charges. In Fusly 12[illegible] when the Mootah was made over to the present Zemindar he established a Salary to the Tanah Shroff and ordered the Rosfoom to be inserted in the Dowle which had accordingly been done ever since and the amount continued to be carried to the credit of the Estate when collected, now that it is retained under Circar management.

The "Zilladars Jafreek" is somewhat of a similar nature to the last mentioned Charge. Formerly when the Mootahs were under

under Zuft the Zilladars (who were then termed Samuttars) used to receive only 7 Rupees per Mensem fixed pay, and an addition of 4 Rupees in the shape of Batta which was allotted out of the Village Charges but in 1837 when the Tahsildary System was introduced the fixed pay was raised to 10 Rupees and the batta which had previously been paid was entered in the Dowle account and carried to the credit of the Estate according to the usages which obtains in all other Estates where similar alterations have been made.

22. From what is stated above I think it must be admitted that the Ellore and Covally Ryots have no just grounds for representing the items in question to be either unusual or excessive, and so long as there remains any chance of the Ellore and Cavally Mootahs being eventually restored to the Zemendar it would be highly inexpedient to allow the demand on account of these items to be intermitted unless the Government should be prepared as in the case of the Davercottah Estate to entertain the claim which would be infallibly advanced by the Zemendar for a proportionate reduction of his Peishcash. In regard however to the sum of Rupees 990-8- the total

total amount of the first 6 items complained of I would suggest that it might be apportioned among the Villages composing the two Mootahs in a much less irregular and consequently (to some) less burdensome manner than it has been apportioned heretofore.—

23. A Statement is herewith submitted shewing the details of the apportionment of the abovementioned sum of Rupees 990-8- upon the different Villages and from this it will be seen that a sum of Rupees 351-4- has heretofore been paid at the same fixed rate for each Village in every year, whilst in the Accounts from Fasly 1247 to 1253 A.D. 1837/38- 1843/44 a sum of Rupees 639-4- has been entered as different rates for each Village according to the extent of cultivation whereby it may so happen that in the event of the cultivation of some Villages being wilfully neglected (by no means an uncommon case in that part of the District) an undue burden is thrown upon the Ryots of the remaining Villages who have exerted themselves to extend their cultivation to the utmost. Col: 28 of the Statement shews the amount which would be payable by each Village in proportion to the extent of cultivable land in each and the sums entered in

Fort St George 19th June 1845

in Col.r 30 are calculated on the average of the actual cultivation in each for a series of years. I would recommend that unless the Ryots can be induced to settle the proportions amongst themselves which from the temper and conduct they have hitherto exhibited appears hardly to be expected the sums exhibited in Col.r 31 should be entered in the Dowles for the future as the fixed demand upon each Village, the amount being calculated as above stated on the average of the actual cultivation carried on in each Village for the last 15 years.-

Kyfeyet delivered in by Muntrapragada Sashiah Curnum of Ellore in the Ellore Mootah.-

As the Circar has been pleased to order me to deliver in a Kyfeyet with a Correct Statement as to how and in what manner the several items Viz.te Dasastoloo Saharеer, Mootsuddy Shaharеer, Nazer Cateya &c. which the Ryots of Ellore and Cavaly have objected to were lately Collected in each of the Fuslies, I beg to state as follows the real fact with reference to the Accounts now in my possession and the Circumstances within my knowledge.-

I beg to produce herewith a Statement bearing my Signature which is prepared with reference to the accounts in my possession from Fusly 1209 relative to the whole of the Charges which are paying by the Ryots to the Circar, of the whole of the items on account of the charges entered in those accounts, Dasa Pontie and Mazundar Saharеer, Moot=Suddy Saharеer, Nazir Cateya and Dasara Nazir, were in the years prior to Fusly 1215 when the Mootahs were purchased in Public Auction by the late Zemindar

Rajah

Fort St. George 19th June 1845.-

Rajah Venkata Narsimha Apparow, contributed among the Ryots in the Villages, and paid by them in each year.-

From subsequent to Fusly 1215 of the said 4 Items the items Viz.te Mootsuddy Saharеer, Dasapondia, Mazundars Saharеer and Dasara Nazir were ordered by the Zemindar to be inserted in the Dowles, while the Item "Nazer Cateya" has been allotted in part of the Village charges, and accordingly Collected the same.- Besides this subsequent to Fusly 1215 the Zemindar established an item Dewange @ Cent, and caused this to be entered in the Dowles and collected accordingly from the Ryots.-

The items called school Master and Roozoor Shroff's Roosoom were from Fusly 1215 seperately paid by the Ryots by making separate allotment in the Village charges.- This was Continued up to Fusly 1230.-

Moreover from prior to the permanent settlement two items Called Dharatapavuttoo and Sadarward were entered. The former is an item fixed at 2 Rupees per Candy on the Umbaram produce of the Cadeem resident Ryots and 1 Rupee per Candy of the

the Payacary or non resident Ryots and Curnums, and at Rupees 4 per Candy of the Sary Coospa = cuttalos. Saderwared is an item fixed at 4 annas -u- 2 -a- and at -a- 3 -u- on the produce of Mota = maundars after deducting the Khareje also as well as on the Bagayet Coontahs. these items were invariably Continued to be paid by the Ryots up to fusly 1230. But in fusly 1231 the (Ryots) having represented to the late Zemindar that the said items were fixed on them in a great amount, and as that therefore these items may be ordered to be placed on the same footing as was in Amberpett Mootah. the Zemindar esta = blished a standard rate of the Charges to be paid by the Ryots, as hereunder particularized and issued a Wooroom to that effect on the 20th September 1821, and caused accordingly remarks to be appended to the Summabundy Dowles. Particulars of which are, Viz.t.-

1. Discontinuing three foregoing items called Dharatappauvatoo, Saderwa = red, and Dasara Nazer a Standard rate at Rupees 11-4-u per Cent on account of the Ambarum list inclusive of

of the Devangie Roosoom on the same footing as in Amberpett Mootah has been established under the denomina = tion of Durbary charges.-

That in the amount on account
1 of Dasestooloo Saharear lately continued to be paid, a portion should be remitted, and that a Sum of Rupees 160-u-u should be annually paid on the two Villages in question.

1 That the amount of Rupees 234 on account of Moosuddies Saharears should be annually paid.-

1 That an annual Amount of Rupees 234-8-u on account of Nazer Coley should be paid to Tana Peishcar.-

1 That an annual amount of Rupees 38-12-u should be paid to the school Master.

1 That an annual sum of Rupees 78. should be paid on account of Hoozoor Shroffs Roosoome.

1- That a sum of Rupees 234-8-u should be paid on account of Saderwared at the same footing as in Amberpetta Mootah.-

In this manner the same were determined from Fusly 1231 up to 1235. The Durbary Charges at Rupees 11-4-u- per Cent as entered in the Dowles as well as the amount on account of the remaining items were paid by the Ryots after making a Sufferie in

But in Fusly 1231 the (Ryots) having represented to the late Zemindar that the said items were fixed on them in a great amount, and that therefore these items may be ordered to be placed on the same footing as was at Umberpett Mootah the Zemindar established a standard rate of the Charges to be paid by the Ryots, as here under particularized and issued a Hookoom to that effect on the 20th September 1821, and caused accordingly remarks to be appended to the Summabundy Dowlets. Particulars of which are, Viz.t.-

1- Discontinuing three foregoing items called Dharatappawatoo Saderma =red, and Dasara Nazer a Standard rate at Rupees 11-4-0 per Cent on account of the Amburum list inclusive of

of the Devangie Roosoom on the same footing as in Amberpett Mootah has been established under the denomina =tion of Durbary charges.-

1 That in the amount on account of Dasestooloo Talareer lately continued to be paid, a portion should be remitted, and that a Sum of Rupees 160-0-0 should be annually paid on the two Villages in question.

1 That the amount of Rupees 234 on account of Moosuddies Talareer should be annually paid =- to Tana Peishcar.-

1 That an annual amount of Rupees 38-12-0 should be paid to the school Master.

1 That an annual Sum of Rupees 78. should be paid on account of Hoozoor Shroffs Roosoom =-

1- That Sum of Rupees 234-8-0 should be paid on account of Saderwared at the same footing as in Umberpette Mootah-

In this manner the same were determined from Fusly 1231 up to 1235. The Durbary Charges at Rupees 11-4-0 per Cent as entered in the Dowles as well as the amount on account of the remaining items were paid by the Ryots after making a Sufferie

in

in the Villages Charges.-

In fusly 1237 when the Mootahs were under the Circar's attachment the then Collector Mr. Dent ordered the Amount of the whole of the said items established by the Zemindar in fusly 1231 to be entered in the Dowle Accounts and settled accordingly. From which time the said items were in the above manner Continued to be inserted in the Accounts and to be paid by the Ryots.-

The items called Dasestoola Tahareer, Mossuddies Tahareer, and Nazer Estoy were in some years entered in the Accounts of the Village Charges and in some of the Dowle Accounts, and were accordingly paid by the Ryots; they are not of recent ones, but the Accounts shewing the Village charges of that Village are not with me now. The items on account of School Master and Koozoor Shroffs Roofsoom were continued to be paid by the Ryots from fusly 1215.- consequently these two items as well as the Tanah Saleward were now Continued in the Umberpettah Mootah under the said Zemindar. The items of Parataspavittoo, Saderward, and Dasara Nazer, which were formerly continued in

in the said Mootahs were discontinued and a remission having been granted on account of Durbary charges with reference to the Custom observed in the Umberpettah Mootah, the items on account of Saderward School Master, and Koozzoor Shroffs Roofsoom were accordingly Continued on the same footing as in Amberpetta Mootah.-

A fixed pay of Rupees 7-0-0 per Month and a Sum of Rupees 4-0-0 on account of Batta from the Village Charges were formerly paid to the Vil.- ladars.- but Subsequently the said Salary having been raised to Rupees 10 per Month the Amount of Batta payable to them in the Villages was entered under Circar.- the Zemindar having fixed Salary to the Tanah Shroff, the Sum of annas 10 per Cent payable to him by the Villagers was directed to be paid

paid to the Zemindar by the said Villagers. Consequently the same was accordingly Continued to be paid.-

Out of the amount Rupees 990-8-0 fixed on the whole of the Mootah on account of Darestoola Saferick Wa sum of Rupees 351-4-0 was determined as Bilmeeta on the Villages and the remaining Rupees 639-4-0 was proportionately fixed on the Number of the Candies of produce yielded in each year in the Karaout, Jeraout & Bagayet lands, and was accordingly paid by the Ryots. I therefore delivered this Kyfeyet containing the whole truth.-

Kyfeyet delivered in by Covelly Venkata Subbiah of Covelly Village appertaining to Covelly Mootah.

As the Circar has been pleased to order me to deliver in a Kyfeyet with a correct Statement as to how, and in what manner, the several items Viz. Darestoola Saharcer, Mootsuddy Saharcer, Nuzur Cotoya &c., which the Ryots of Ellore and Covelly have objected to, were lately collected in each of the Fasslies, I beg to state as follows the real fact with reference to the Accounts now in my Profession and the circumstances within my knowledge.-

I beg to produce herewith a Statement bearing my signature which is prepared with reference to the accounts in my profession from Fasly 1209 &c. relative to the whole of the Charges which are paying by the Ryots to the Circar, of the whole of the items on account of the Charges entered in these accounts Viz. But in fusly 1231 they (Ryots) having represented to the late Zemindar that the said items were fixed on them in a great Amount and that therefore these items may be ordered to be placed on the same footing

as

In this manner the same were determined from Fusly 1231 up to 1235. The Durbary Charges at Rupees 11-8-0 per cent as entered in the Dowles as well as the Amounton account of the remaining items were paid by the Ryots after making a Saprick in the Village charges.—

In Fusly 1237 when the Mootahs were under the Government attachment the then Collector Mr. Dent.

Fort St. George 19th June 1815.

Deut ordered the amount of the whole of the said items established by the Zemindar in July 1731 to be entered in the Dowle accounts and settled accordingly. From which time the said items were in the above manner continued to be inserted in the accounts and to be paid by the Ryots.

The items called Dasastoola Jahanen, Moosuddies Jahanen, and Nayecotay were in some years entered in the accounts of the Village charges and in some of the Dowle accounts and were accordingly paid by the Ryots: they are not to be found in the accounts shewing the Village charges of that Village are not with me now. The items account of school Master and Boozoorg Shroff's Rufoomy were continued to be paid by the Ryots from July 1815, consequently these two items as well as the Sarah Sadarwaredy were now continued in the Amberpett Mootah under the said Zemindar. The items of Dasa Pratipaladar, Sadarwaredy, and Dasara Nayer which have been formerly entered in the said Mootah were discontinued, and a remission having been granted on account of Dusbary Charges with the forbearance the Custom observed in the Amberpett Mootah,

Fort St. George 19th June 1815.

Mootah the items on account of Sadarwaredy, school Master, and Boozoorg Shroff's Rufoomy were accordingly continued on the same footing as in Amberpettah Mootah.

A fixed pay of Rupees 7 per Month, and a sum of Rupees 10 on account of Batta from the Village charges were formerly paid to the Zellad nar, but subsequently the said Salary having been raised to Rupees 10 per Month, the Amount of Batta payable to them in the Villages was entered under Cancel. The Zemindar having fixed Salary to the Sarah shroff, the sum of Annas 10 per cent payable to him by the Villagers was directed to be paid to the Zemindar by the said Villagers. consequently the same was accordingly entered to be paid.

Out of the amount Rupees 990-6 a fixed on the whole of the Mootah on account of Dasastoola Jafrick Vizt, a sum of Rupees 351-4 was deducted, termed as Bilmuctar on the Villages and the remaining Rupees 639-12 was proportionately fixed on the Number of the Candies of produce yielded in each year in the Warawil Jemmanut and Bagayet Lands, and was accordingly paid by the Ryots. Therefore delivered the Byejeet containing the whole Amount 19th May 1815.

Translation of a Deposition given by the undermentioned said to be the Principal Ryots of the Villages appertaining to Allore Talook Viz.t Soobanah Son of Jillallamoody Venkata-pah Pettanadar of Allore, Gunta Kistna Brummum second Dunkutdar of Chatapur-ron, Eedoor Seroomalroydoo Head Pettanadar of Talepoody; Moonlapoody Surravah the 3d. Pettanadar of Vuttoor, Valamaty Pudana-nabboodoo Moonsiff of Gonelly; Gallepand Venkataroydoo Moonsiffs of Dendooloor and Brammanah Moonsiff of the Village Potoomoor.

Q.- You have presented Petitions requesting to be Exempted from the Demands of the Amount of Charges annually paid by you to Circar Viz.t Despendiah Roopoom, Mortuddy Sahaveen, and Mazur Cutteyes Vag items; state what are the proofs you have to adduce regarding the discontinuance of the Charges in question.- 2

Answer given by Valamaty Pudanaboodoo called Dasa Condica Roopoom, Mutsuddy Sahaveen Vag to the Amount of Rs 990-8-0 Viz.t Six items including not only the said two items, but also Sadarwarid and

and the Roopoom of school Master and Huzzoor Shroff as well as Nazur Cutteyes, have been recently entered in the annual Dowle accounts, we have represented that the Circar should be pleased to cause them to be taken off that the Jillladar's Sufferick and the Talook-shroff's Roopoom, these 2 items having been used to be entered in the annual Dowles from Fusly 1218/19 we represented to exempt us from the payment of the same; and that the Durbary Charges which are accustomed to be entered in the Dowles from the former times should in consideration of our present embarrassed circumstances, we represent be also discontinued.-

Q.- You stated that the aforesaid items amounting to Rupees 990-8-0 were entered in the annual Dowles from Fusly 1237 that the other items were subsequently entered; and that the Durbary Charges the accustomed to be paid Since prior to that period should be discontinued, state whether these charges were paid by you since prior to Fusly 1237 or not.- 2

Formerly

A. Formerly as we have been accustomed to reap some benefit thro' the Zemindar's Servants we were used to pay these items from our Village Charges, but there has not been a stand- -ard rate of payment for them fixed at "so much" for every year. During the Zemindar's Management for some years we continued to pay this Money, but I do not recollect since how many years it was so paid. In Fusly 1236 the Zemindar having departed this life the Estate came into Circar at- -tachment. During the years we re- paid these charges neither to the Zemindar's Servants nor to the Circar, but the Durbary Charges at 11½ per cent were for ever ac- -customed to be paid. As we are now in most reduced circumstances we have requested an order for the pay- -ment of the same to be discontinued but not on any other grounds. The Tillaries Cafferick and Shroff Goods - -some were also formerly given and then

then paid by us to them both in the Zemindar's and Fusly Managements but the same was not paid by us at a fixed rate to them. This Money was used to be paid to them under their batta charges.

Q. Have you any documents in your pos- -session to prove the circumstances you have now stated above?

A. This Money was used to be dis- -bursed in the Bazakurch accounts but there are no documents for the same.

Q. Were any other payments made previous to the transfer of the Zemindar's Management?

A. We used to pay at 2 Rupees per Candy of Elu Varum grain under the Head of Dharatafaut and of Sadervarid at 2 Doogalumbadah per Candy on the gross produce remained after de- -ducting Seerobandoo Loo, but we have represented to the Zemindar that we can- -never pay the same as we are reduced to poverty. We thereupon discontinued these charges and established Durbary charges at the rate of 11½ Rupees per Candy and at that time they (Zemindar) used to

to

to allow to us some items such as — Venoyakadoo Paulacoonda Vea Grain allowances in some advantageous manner without any Measurement of that grain.

D. State whether Nazun Entayee Mootuddy Jahareer, Despondia Roos = soom, Vea these items were used to be paid by you at the time of forming the Permanent Settlement and or prior or subsequent to that period.

A. As the Zemindar's Officers were used to do some goods to us in our affairs, we used to pay them the s Said Roopeems Vea for same yearly. This circumstance was already set forth above.

D. State if you have any thing more to represent?

A. We have nothing to represent any more on the subject, but pray that these charges should in any way whatsoever be ordered to be exempted to us.

D. Is there any decision passed by the late Zemindar on this account s during his Management or given any written Sanked?

Fort St. George 19th June 1845.

A. The Zemindar issued a Sanked on the subject purporting therein that the Dhara Jagauns, Sadevared, Vea Charges which were paid formerly were discontinued, and Established a Charge termed Durbary Charges — I do not recollect what more instructions were given by him regarding other items of Charges.

/Signed/ Pudmanaboodoo.

We Soobanah Vea aforesaid individuals have represented, that we have to state the same circumstance as that which Vadamaty Pudmanaboodoo stated above.

but the rains were very partial, so that the cultivation of the Wet lands the principal source of Revenue in this Estate, almost entirely failed, and the extent of Cultivation in the Fusly under review was below even that of the preceding year in which it had laboured under great disadvantages from causes explained in Para. 6 of my report on the

9th July 1844. settlement of Fusly 1252 A.D. 1842/43.-

6 The Dry land cultivation also suffered much from heavy falls of rain in October and December, which obstructed the growth of Jonna but the Dry lands having been rented the demand remained the same tho' the unfavorable nature of the season affected the collections, as will be shewn below.-

7. Statement No. 3 will shew the extent of wet cultivation, the Dry lands being under rent in the Deevy Zeyanah, the quantity and value of the Circar share of the produce according to the Jummabandy prices as well as the revenue from Money rented and Garden lands, and from the Ready Money Collections compared with those of Fusly 1252 A.D. 1842/43 as shewn in the following Abstract.-

8. The increase of Rupees 14,113-14-4 under the head of Dry land is the result of the Quinquennial lease of this portion of revenue, the particulars of which have been already submitted to the Board.

9. I think it necessary to explain with reference to Para 2 of Mr. Lovell's letter dated 30th May 1844, that the above rents were concluded with a few of the Head inhabitants of each Village who are directly responsible to the Circar for the payment of the entire amount of rent under the conditions they have entered into, and with whom Cowles and Cabolents have been exchanged, tho' in fact each ryot is answerable for the rent of each field, the renters being contributors to the Circar total demand or in other words the individual rent of each ryot forms the total demand for which the renters became responsible, distributing the total amount of rent of the Dry lands of each Village on the fields held by the ryots individually, the rent of each field being determined with the mutual consent of the Head renters, and the ryots with reference to the past and prospective Capabilities

of the land the Tahsildar interposing his advice in cases of difference of opinion in carrying out this Settlement - In case of failure on the part of the renters to pay the amount of rent according to their stipulations, the rent of each field as above determined is collected by the Circar for and on account of the renter - The course was necessary inasmuch as we have not upon record either a correct survey of the lands or any account shewing the real productive capabilities of each field so that a direct ryotwar field assessment could not be effected - The present mode of Settlement may serve to regulate the demand on each feeld with sufficient accuracy for the present purpose, but under the circumstances now explained I think it would be impracticable without materially disturbing the arrangements made with the renters for the Circar to furnish each ryot with a Puttah shewing the demand against him neither have I received any representations from the ryots which would lead me to consider such a proceeding necessary -

10. In the same para the Board remarked that the leases being confined to

Dry

Dry lands only leaving the Nunjah and Garden lands under Cumamy the result of the System would be to introduce two modes of Settlement and two Landlords into the same Village - In reply it is to be observed that the Garden Dry lands were included in the rent of the latter and I have endeavoured to rent out the wet lands also for a number of years but the uncertainty of the outturn of wet lands which depends on periodical rains and the supplies of water which the Tanks may receive from Pulna precluded the possibility of effecting a rent for a term of years I have therefore as in other Estates under Cumamy rented out the wet lands of the Deewy Estate to the Villages themselves for the current Fusly $\frac{1254}{1844\text{-}45}$ with reference to the estimated resources the particulars of which will be noticed in the report for that year -

11. The cause of the falling off in the Settlement of wet lands amounting to Rupees 9199-3-4 as owing as already noticed in Para 5, to the Tanks not having received their annual supplies from Pulna and the failure of periodical rains -

12. The decrease of Rupees 2133—15—5 under the head of ready Money Collections in the items noted in the Margin is Consequent on the failure of Wet produce with reference to the actual quantity of which the items of receipts Fasly "Dharachadavoo" 1253 are collected.

The items of increase which are also particularized are few and only amounted to Rs. 28—2—6.—

Fusly 1252	33324	6	5
" 1253	36334	3	6
Increase in Fusly 1253	3009	13	1

there is an increase of Rupees 3009-13-1- in the demand on the Deevy Estate which for Fusly 1253 / 1843/44 amounts to Rupees 36,334-3-6- owing to the renting of Dry lands, but of this the sum of Rupees 27,018-8-10 only was collected both within the Fusly and after its close up to 31st May last, leaving a balance of Rupees 9315-10-8. Of this, the sum of Rupees 1,012-1-9 is on account of Wet lands the a portion of which must be realized by the sale of the Circar share of the produce received in kind from certain privileged Cultivators, and the remainder Rupees 8303-8-11- is on account of rent on dry lands. The cause of the non-Realization of this balance is to be attributed to the heavy falls of rain in October and December 1843 just after the rents were concluded which obstructed the growth of Jonora, the principal Dry Crop, and precluded the renters from fulfilling their engagements, and it was with great difficulty that the Money now realized was collected from them with reference to their available Resources.

In

Fort St. George 19th June 1845.-

In consequence of the renters representation that the remaining balance shall be made good in the Current year, and considering that it would be hard on the renters to press for its collection with rigour in the first year of the rent, which the Board are aware was effected and ultimately acquiesced in, by the renters with considerable trouble and difficulty, it has been deemed advisable to postpone its collection till the Current year, and it is hoped that from the means which the renters possess it will be realized to a considerable extent. This balance therefore as well as that on Wet lands, will be collected as far as possible from the resources of the current Fusly.-

15. With reference to your letter dated 27th February last I beg to state for the information of the Board that no Tuccavy was advanced in Fusly 1253 / A.D. 1843/44 to the Ryots in the Deevy Estate, owing to the renting of Dry lands, and the unfavorableness of the Season for the Cultivation of wet ones.-

16. The affairs of the Moonegat Estate were reported upon in my letter dated 15th November 1843, and the arrangements proposed

Fort St. George 19th June 1845

proposed for the gradual liquidation of the arrear, and the punctual realization of the current demand having been approved by the Board in their Proceedings dated 23d September 1844 the management was accordingly put in the Managers' possession in Fusly $\frac{1253}{1843\text{-}44}$ and the same System continued in Fusly $\frac{1254}{A.D.\ 1844/45}$. The Government however in Para 2 of the Minutes of Consultation dated the 12th November last, expressed their opinion that the management should be conducted strictly in accordance with the provisions of Regulation V of 1804. and accordingly directed that if the Minors father be considered qualified to manage the affairs, the Estate may be put in his possession.

With

It will be seen that the former has the preference over the latter so far as the interests of Government

To the Actg Coll. in the Northern Division of Arcot } Sir,

conveying orders on his letter of the 27th Ultimo in information in regard to certain Inamdars in the possession of Mr Groves

In Cons. 22d May 1845

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 27th Ultimo with its Enclosures, furnishing information in regard to the Mauneem in the possession of Mr Groves and that held by Taheer Emam Khan with whom Mr Groves wishes to effect an exchange.

The power to alienate these Inaumiems by sale or transfer must be considered to be open to question and by a recent order of Government in the Extract Minutes of Consultation 26th April communicated to you on the 9th Ultimo the lapses occurring among the holders of them are to be reported and the pleasure of Government

Nor can they allow the exchange of land between that Gentleman and the Village Manniemdar mentioned in Mr. Goldingham's letter of 6th February 1845 No 41

In Cons 20th February

but Mr. Groves is at liberty to rent this last named land if he can settle with its present holder.

5. You will be careful to report the lapse of the present incumbent of Pakeer Ennam Khan's Manniem whenever it may occur As regards the Maudumbut Manniem stated to have been purchased by Mr. Groves though the Board are

are not willing to interfere with his occupation of the land so long as the present Enamdar be alive they cannot recognize him as the proprietor of the Enam; nor, as having purchased any thing more than Shashiah's life interest in it. On Shashiah's death the lapse must be reported and the pleasure of Government obtained in regard to the future disposal of the Enam in this as in all other cases.

To the Collector of Salem Directing him to discontinue the practice introduced by the late Pl Collr of Salem & under which the Minimum Fusul Jaste to be charged on Poonjah land converted into Nunjah or Fotacal

16 June 1845

Sir, I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 26th ultimo requesting their permission to revert to the practice introduced by the late Principal Collector under which the Minimum Fusul Jaste to be charged on Poonjah land converted into Nunjah or Fotacal from Government Sources of irrigation

Fort St. George 19th June 1845

To recal from Government Sources of irrigation was fixed at ½ an acre tho' the actual extent of land irrigated might fall short of that quantity

irrigation was fixed at ½ an acre, tho' the actual extent of land irrigated might fall short of that quantity—

2. The Board perceive that the average Nunjah and Garden Assessment of the Salem District is Rs 13–5 and 4–10–5 per acre respectively. Under Mr Greig's rule a Ryot cultivating wet or Garden produce on ⅛ of an acre in place of paying on the average a Rs 9–3– or 13–8– according to the description of Cultivation, would therefore have to pay in one case Rs 2–5–2 and in the other 3–6–8½ It appears to the Board that this would fall heavily on the poorer Ryots and upon those who raise wet or Garden Cultivation from small Kircar wells, the supply of water in which is insufficient for the irrigation of more than a few annas of an acre. It is observed that the rule was not in the late Wookumnamah, and was introduced by Mr. Greig only 5 years ago, and without Sanction. The expediency of adhering to it seems to the Board to be very questionable; they cannot therefore comply with your request that it may be inserted in the revised Wookumnamah, and

Fort St. George 19th June 1845

and as they learn from your letter that it is still in force, tho' without authority, they direct that it be discontinued—

From the Collector of Malabar — Sir,

In the year 1827 a Salt Golah was established at Mambat about 50 Miles up the Beypore River, with the view of inducing Brinjaries and others to make use of the Carcoor Ghat then lately opened between Malabar and Mysore. The Golah has answered the end proposed, and has proved generally beneficial to the inhabitants of the Surrounding Country, who previously had to come this 50 Miles to the Coast for their Salt. But it is questionable whether the time has not now arrived when the provision of Salt to this part of the Country may be left to the unassisted energies of the people themselves. One or two Individuals have lately proposed, in case I chose to abolish the Government Golah, to open one or more

large

large stores at their own risque and expence, at points a little to the eastward of Mumbat, but generally speaking very eligible. I propose to accept these offers, but before determining finally to dispense with the Government establishment, I wish to have the experience of a year to see how the new plan worked, and during that time, with the Board's permission, would transfer the Salt department to be employed in such general duty as the Tahsildar of Ernaad (the Taluk in which Mumbat is situated) might think fit. Ample work could be found them in this very extensive district especially as connected with the cultivation of waste and jungly tracts, a point on which the Tahsildar has lately been interesting himself with much and praiseworthy zeal and with good promise of success.

To the Chief Secretary to Government.

To the Chief Secretary to Government.

Submitting a letter from the Collector of Malabar reporting that he has received proposals from individuals to open one or more large stores of Salt at their own risk and expence at certain eligible spots near Mumbat at the foot of the Carcoor Ghaut Pass in lieu of the Government Salt Gollah at present established there and recommending that he may be authorized to accept the offers.

Sir,

1. I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar reporting that he has received proposals from one or two individuals to open one or more large stores of Salt at their own risk and expence at certain eligible spots near Mumbat at the foot of the Carcoor Ghaut Pass in place of the Government Salt Gollah at present established there.

2. The Government Gollah at Mumbat it will be seen was established at that place about 18 years ago with a view to induce the Brinjarries and others to resort to the Carcoor Ghaut then recently opened. The Collector is of opinion that the provision of Salt to this part of the District may now be left to the unassisted energies of the people themselves but before determining finally to dispense with the Gollah Establishment he wishes to have the experience

experience of a year to see how the new system will succeed, and proposes during that period to employ the Salt Servants consisting of 1 Peshcar and 2 Peons, in such general duty as the Tahsildar of Ernaad, in which Palook Kambut is situated, may think fit.

3d. The Board beg to recommend that the Collector may be authorized to accept the offer for the Establishment of private Stores now reported for one year from the commencement of the ensuing July 1845, communicating the result of the arrangement at the close of the year, but they are of opinion that during the trial, the Services of the present Salt Establishment should be dispensed with altogether.

Sir,

With reference to the Proceedings of the Board of Revenue under date the 15th Ultimo, I have the honor to state that the establishment of the Dispensary at Calicut is merely

merely awaits the Sanction of Government for the hire of a fit house. There is no public building available, but there is a new Bungalow in a most advantageous site, and of excellent accommodation, which can be procured for 16 Rupees a Month, 2 of which are the hire of a small building attached to the larger one, and very suitable for the location of the Dresser attached to the institution. Two Rupees have indeed been already offered for this small house by one of the Dressers of the Station, so that the Government may, if they think fit, very easily realize the amount from the pay of the man who is lodged in it. There is no other house within any reasonable distance which can at all compete with the one I am describing, for the purpose required. This opinion is shared by the Sessions Judge and Medical Officer, as shown by the accompanying letters, and I trust therefore the Government will permit me to secure it. I enclose a note from the owner Mr. Plate C, Explanning the terms on which he is inclined to let it.

To J. F. Thomas Esqre. —
Chief Secretary to Government —

Sir,

I have the honor to acknowledge the receipt of the Extract from the Minutes of Consultation dated the 18th Ultimo, referring for my opinion the letter from the Secretary to the Board of Revenue dated 24th February last, No. 127, with

No. 351 in the Revd Department respecting the submission for the sanction of Government a Statement of Disbursements on account of advances for Cultivation &c already authorized. —

as to counterbalance the general unfavorableness of

Fort St. George 23d. June 1845

with its enclosure, and to report, for the information of the Most Noble the Governor in Council that I am of opinion that there is no utility in submitting for the sanction of Government the actual Disbursements made by a Collector on account of authorized advances repayable, but that it would be objectionable that such charges should be passed by the Civil auditor only to the extent of the recoveries made— The Collector is debited of course for all disbursements within the sanctioned account, and though responsible for their due recovery, it appears to me hardly fair to admit to a limited extent only charges which have been incurred to a greater amount under the express authority of Government.—

7th April, 1845— } /Signed/ T. V. Stonhouse

On a consideration of all circumstances, the Most Noble the Governor in Council thinks that it will be preferable to follow the course hitherto observed in passing the actual disbursement on account of authorized advances.—

Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Land Revenue in the District of Bellary for Fasly 1253—

Extract from the Minutes of Consultation
Under date the 14th June 1845.—

Read the following Extract from the Proceedings of the Board of Revenue—
Relative to the Settlement.—
of the Land Revenue in the District of Bellary for Fasly 1253 / A.D. 1843/44. (Here Enter 28th April 1845 N.o 281.)

1 The Season of Fasly 1253 Commenced unfavorably, the regular rains having failed, caused a decrease in the Cultivation of the Dry land to the extent of Acres 195,177 assessed at Rupees 120455— and but for the East wind which set in when the season was well advanced and which had a most beneficial influence on the crops then looking sickly. the loss would have been much greater.—

2. The copious falls of rain in September furnished the Tanks generally with an abundant supply of water, a greater number having been replenished than during the five preceding years— and compared with Fasly 1252— the quantity was considerably large— The effects of this supply on the wet land cultivation were however partly lost by its being unseasonable, and the increase, therefore was not so great as to counterbalance the general unfavorableness of

of the Season on the Dry cultivation above noticed the excess being Acres 5,370 assessed at Rs. 48264 less Dry Cultivation 195177 — " — 120455

Net Decrease — 72191

3. In lands irrigated by Channels and Wells, there was a decrease of Acres 1329 assessed at Rupees 14390 arising from the relinquishment of their holdings by some of the poorer Ryots.—

4. The foregoing results of the Season exhibit a net decrease in the Settlement of the Land Revenue of the District of Acres 191136 and assessment Rupees 80581. Of which Rupees 46235 was the decrease under the head of "Land under Puttah," chiefly in Cowle land, and Rupees 40346 the deduction on account of land left unsown.—

Total deduction Rs 290709 exceeding that for Fasly 1252 by Rs 40346

5. Besides the deduction on the above account, the remissions on the actual cultivation amounted to Rupees 774069 or Rupees 61209 less than in the previous year.

Fort St. George 23d. June 1845.

Demand stood at Rupees 2283741 — or Rupees 24408 below that of Fasly 1252.— To which being added the decrease of Rupees 39818 in the Extra sources the total revenue of the Bellary District for Fasly 1253 exhibits a falling off of Rupees 64223 or Rupees 2 per Cent decrease.—

6. The balance at the close of the Fasly was Rupees 29224 which subsequent collections to the 30th. September 1844 reduced to Rupees 8772, one fourth of which the Collector thinks will shortly be recovered the remainder being considered "doubtful."—

7. The balances of the preceding fasly amount to Rupees 5313-300 Rupees of which is deemed recoverable and the balance Rupees 5013 irrecoverable, and the Collector is requested not to delay submitting his report on this subject.—

8 The Season under review was happily free from that great mortality among the people and Cattle, which marked the two preceding ones but the Government regret to receive such unfavorable accounts of the Grain Market.— The prices of Paddy and Rice had fallen 6 and 8 per Cent respectively below those of Fasly 1252 which were still lower than those of Fasly 1251 when the prices were pronounced

to be unusually depreciated — The prices of Natcheny and Cowary were 1¼ and 3 per Cent, and in the other staple product, Cotton, nearly one per Cent below the previous year, and should this depression continue the Collector entertained serious apprehensions for the future. —

9. The revenues from the Land and Extra branches for the year under review compared with those of the preceding fusly and shewing a decrease of Rupees 64,223 are as underneath. —

"Reporting on the Government Petition No. 1815 of 1844."

and to afford the information called for in Mr. Lovell's letter therein referred to, in the matter of Government Petition No. 1815 of 1844.

The Petitioner Lutchmiah

claims 1/3rd of the Share of certain Inam Lands

Enams attached to the Villages of Kodipulu

-tah and Anoopanoor respectively, lately enjoyed

by one Yenatiah deceased, and which is

now in possession of the Defendant another

Yenatiah. It appears from the proceedings

forwarded by the Peons of Penganoor

that the Inam in question Amounting to 16-

3 C

8-13. was equally shared by four individuals

viz. Narainappah, Chinnah Lutchmiah,

Defendant Yenatiah, and the other Yenatiah

deceased, that at the death of the last

shareholder his Son Gopaliah left the Dis-

-trict for the Mysore Territory, and the shares

which would have descended to him was equally

divided

divided Among the other three who retained possession of the same for the period of 10 years, until the death of Gopaliah when the Village Authorities took it upon themselves to make over the whole of deceased's share, to the defendant Conatiah, on his representing that he, the latter, was the Nephew of his namesake. In looking into the Pymash and Inamaty Accounts a portion of the Inam in question for the Village of Keelputtah Amounting to 9-3-15 is entered in the names of Getera-goolos Petitioner's Grand Father and his Cousin Chinna Lutchoomiah, and the remaining portion of it Viz. 7-4-4 for the Village of Anoopanur fully appertaining to the Chenndroyaswamy Pagoda and it appears from the Records of the Case that the whole of this Inam was at the time of Pymash enjoyed in 4 equal shares by the said Getera-goloo Chinna Lutchoomiah Seroovanumbaloo and Conatiah.

3- The present Incumbents are Lutchoomiah the Petitioner the grand son of Getera-goloo, Seroopiah the son of Chinna Lutchoomiah, and Conatiah the Defendant and son of Seroovanumbaloo. There is no evidence to shew that the Defendant is no he states, the nephew of the deceased Conatiah nor it is satisfactorily shewn how his Defendant's Father

Father, Seroovanumbaloo, or the deceased Conatiah came in for their respective shares of the Inam and under any circumstances after the share of the latter having been equally divided Among the remaining three share holders, who retained possession of the same for the period of 10 years, the Defendant cannot be considered now entitled to the whole share of the Mauniam. I am therefore of opinion that the disputed share of the Mauniam should be equally divided Among the 3 present incumbents Viz. Petitioner Lutchoomiah Seroopiah, and the Defendant Conatiah.

A genealogical Tree shewing the relationship of the Parties is herewith forwarded.

I have the honor to acknowledge the receipt of Petition No. 25 of 1845 from Venkatacondiah Ryot of Lavanoor in the Talook of Sunnamulmudgoo bearing the Board's Indorsement of the 28th March 1845 requesting me to report the manner in which the present Petition on the same subject No. 1104 of 1840 and also endorsed by the Board on the 22d October of that year has been disposed of: and to state that on enquiry it does not appear that any orders have been issued on the subject of Petitioner's complaint on the receipt of the former Petition.—

Reporting on petition No. 25 of 1845 presented by Venkatacondiah, ryot of Lavanoor in the Talook of Sunnamulmudgoo.

2. From the Report of the Subsidiar submitted subsequent to the receipt of the Petition under acknowledgement it appears that Seeroo Jasty Amounting to Cs. Fs. a 13-9-4 was levied from the Petitioner in Jasty 1749 on Dry under a new Well being converted into garden lands because he had availed himself of Sircar water from

a Coontah situated within the distance of six chains or 66 yards from the Petitioner's land. In Fusliee 1250 and 1251 the Land was cultivated with Khushky and in the 2 following Fusliee with Bagayet, and in the present with Khushky again. No Sarvajasty was levied from him in Fusly 1252. but in 1253 last year some doubts arose as to the propriety of exempting him from the additional Assessment which, although not entered against him, the Tahsildar was then directed to visit the spot and report on the subject, and this he does not appear to have done. He now further reports after a personal inspection that the Coontah to which there is no Sluice, or under which any Ayacut receives its supply of water for the Cultivation under a Tank and only when there is a Supply of water, and then only retains water for 2 Months in the year, and is only available for affording water for Cattle for that short time.

3. In looking into the subject matter of complaint, I have decided that on no occasion shall Sarvajasty be levied from

from the Petitioner unless it is satisfactorily proved that he has availed himself of his canal water from the Coontah in question, and have directed the Tahsildar to cause this to be explained to him in order that he may not be deterred from any doubts arising from Cultivating his Land with a superior description of produce by means of irrigation from the Well dug at his own expence.

Proceedings thereon. The Board approve the orders given by Mr. Cochrane in this case as explained in Para 3. of the above letter.

The Board have confirmed the order passed by the Acting Collector in this case to the effect that Petitioner may receive any description of produce in her land by means of her own Well and that he will not be charged with Sarvajasty unless he use the water of the adjoining Government Coontah.

Ordered

Fort St. George 23d. June 1815.

Ordered that the abovementioned letter be submitted with the following address

(27)

To the Chief Secy. to Government

Sir,

The Chief Secretary to Government

Submitting with reference to Extract Minutes of Consultation dated 12th April 1814. a letter from the Collector of Chingleput suggesting means for ameliorating the condition of the Gunadies with the Boards Sentiments on the Subject

See Cons. 29th April 1814

1. In an extract from the Minutes of Consultation under date the 12th of April 1814, the Most Honorable the Governor in Council was pleased to observe with reference to a class of people denominated Gunadees inhabiting the jungles attached to the Shevaroy hills that he understood that he would be prepared to give consideration to any further measures which the Board might recommend, in communication with the Collector see fit to suggest for ameliorating their condition."

2. Agreeably to these instructions the Board called upon the Collector to report whether in his opinion any practicable plan could be adopted to alleviate the debased and wretched state of this wild race, and to have now the honor to be instructed to submit the accompanying letter containing Mr. Greese's views on

19th May recd. 4th June 1815.

on the subject for the consideration of Government.

3. In their communication with the Collector the Board suggested as a remedial measure, calculated to be attended with beneficial results, that land should be conferred on the Gunadees upon easy terms, in order to train them to habits of industry and agriculture, but it appears from the present report that this peculiar class of people are averse to enter upon any such stationary pursuits, and they seldom congregate in numbers or dwell in Huts except during the rainy season. The Collector however states that the first step which he conceives should be taken is to induce the heads of families to construct fixed places of residence, and that small portions of land might be then given to them free of rent. This indulgence, he adds, with the grant of a higher per centage upon such sugars products as they might bring in would by degrees raise in them a desire of obtaining still further comforts.

4. In expressing their general concurrence in these views the Board would suggest

Fort St. George 23d June 1845.

suggest for the favorable consideration of Government as proposed by Mr. Freese that a still higher rate of remuneration than the amount authorized in the Minutes of Consultation quoted above viz. 35 per cent on the whole Amount of the value of their Jungle produce should be given up for the benefit of these people, the rate to be fixed at the discretion of the Collector and also that the Collector should be directed to use his efforts to wean them from their present wandering unsettled mode of life by encouraging the heads of families to locate themselves permanently in fixed places of abode in situations selected and adapted for the purpose, and upon whom the Board would propose that spots of land adjacent to their dwellings should be conferred, the Assessment on which to be deducted from the Value of their Jungle Collections.

5. As however the successful issue of any measures for the amelioration of this peculiar class of people must necessarily be dependant Mainly on the exertions of the local Authorities the Board would

Fort St. George 23d June 1845.

would suggest in conclusion that the Collector be authorized to adopt such further arrangements as he may deem best calculated to gain the object in contemplation, reporting from time to time the progress and result of his efforts in their behalf for the information of Government.

To J. Pycroft Esqre Secretary to Board of Revenue Fort St. George.

Reporting the sale of the Abkarry Farm by public competition for the 3 years commencing from July 1845 to 1847 and requesting sanction for acceptance of Salokanky Veerasawmy Chetty's offer of 85,310 Rupees per Annum.

I have the honor to report that in accordance with the Authority given in the Board's Proceedings of the 28th of April last the Abkarry Farm of this District was this day put up to public competition for the lease of three years commencing from the evening of July 1845, and that Salokanky Veerasawmy Chetty a Merchant of Madras was the highest bidder, and made an offer of 85,310 Rupees per Annum.

2. As this offer exceeds the contract which is fixed at the end of the present July in the sum of Rupees 9,310 per Annum, and as Veerasawmy Chetty is prepared to furnish the Security

30.

From the Collr of Chinglepet & Para 1. In acknowledging your
Returning Moorty Ummal's Petition with observations on her proposal to rent the Ahkarry Farm for the next three years

letter of yesterday's date I have the honor to return the Petition of Moorty Ummal with the following observations.—

2d On putting up the Ahkarry Farm to public sale on Monday last after the sum offered had reached Rupees 82,000, the contest was prolonged for some hours by the competition of Moorty Ummal's Agent and Saldunky Veerasawmy Chetty whose offer I recommended for acceptance in my letter of the 16th Instant. The competition occupied this unusual length of time because I had omitted to fix a minimum Amount for each bid, and the parties went on increasing their

their offers at the rates of 10 and 5 Rupees in excess of their Competitor's bid. On Veerasawmy Chitty making his offer of Rupees 85,310 the other party gave; signed the contest.

3. All parties had thus an opportunity of making offers for the Farm at the notified public sale, and it appears to me that it would be undesirable on general grounds to accept now a higher offer to the exclusion of the highest bidder Suldanky Veerasawmy Chetty, whose offer is advantageous to the Government, and who is prepared to fulfill the prescribed Conditions of the Contract.

4. Regarding the Petitioner Moorty Ummal I beg to express doubts whether she would be able to execute her engagement if the Farm was placed

placed in her hands on the contract of Rupees 80,000 per Annum. During the two past years when the contract was only Rupees 70,000 difficulty was experienced in realising the Kists, and the assistance of the Office was necessary in Collecting the Amount from the Sub renters. There is at present a balance against Moorty Ummal of Rupees 15,700 exclusive of the current Kist, and her means would hardly appear adequate to such an undertaking as the Abkarry Farm, as the Zillah Court has requested, that the

Ordered that the following Endorsement be passed on petition No. 765 of 1845.—

It appears from the report of the Acting Collector of Chingleput that the sale of the Abkarry Farm was regularly conducted and the farm knocked down to the highest bidder. The offer of the petitioner cannot therefore be accepted.—

From the Pt. Collr. of Madura — Submitting the Subcollrs. opinion of the Taksildars of his Division—

To The Principal Collector of
Sir
Madura

I have the honour to acknowledge the receipt of your letter of the 30th Ultimo requiring a Report on the Taksildars of this Division and to state that I fear my inability to offer any matter of importance for your consideration. The subjects connected with these Officers have been of late much before you and would seem to require no remark from myself; but lest a short recapitulation be acceptable I beg to offer the few following remarks.

2 The Taksildar of Tengaïe was suspended from employ during June 1842 for a case of extortion from an individual charged with having caused a violent death when he was doing duty as Head of Police of Sadekamba to which place he was removed from Sycumpilly. Soon after his arrival at Tengaïe the Division came under examination but it having been stated that certain documents connected with the charge against the ex Zemindar had been concealed or destroyed

Fort St. George 23d. June 1845.

every means were used to discover the truth of the same, which appears most complete. In the mean time other cases were brought against the same individual, of extortion, concealment and mutilation of the records in Sadekamba, which induced the Joint Magistrate, as he could not dispose of them himself, to forward Sham Row to the Criminal Court, he was there considered guilty, and committed for further trial, but eventually released. Some Revenue and Magisterial cases were ready for decision regarding Sham Row's interrogation of the Witnesses, and the Statement of any particulars he might wish to bring forward in his behalf. These cases were completed as soon as practicable. The delay in passing the award has arisen chiefly from there being so very numerous the necessity of obtaining information of all which led to the corruption so charged, the search for records and documents, the absence of Sham Row, the necessity of his confronting the Witnesses, the connexion of some of the Cases to each other, and the attempt to suppress proof by forgery of signatures to counter petitions &c. which were traced

to

to the said Sham Row, to all these reasonable, even necessary causes of retarding judgment, must be added a very heavy English correspondence with a most inadequate establishment.

3 The decisions in the Revenue cases which I felt should contain every particular, had to be translated, and 3 transcripts of each made, Copies of all the documents had to be prepared, and this could not possibly be done at one and the same time, without trenching considerably on the daily routine of duty; which alternative I was not prepared to adopt. The proper record, in each case, was directed to be submitted 2 days after the award was pronounced, which made it necessary to have them prepared before-hand. This was proceeding with all practicable expedition, when the cases were all called up and the awards which had been passed reversed, Sham Row was restored to his duty, all arrears of salary paid up, and all proceedings against him quashed. It is most sincerely to be wished, that he may in future not commit any of those acts of extortion

or extortion of which the parties afflicted so bitterly complain—

4. It was deemed necessary to suspend the Tahsildar of Nellacottah after certain persons had deposed to his receipt of money extorted from parties charged with being concerned in a case of murder, but the decision in that case of extortion was reversed, and the proceedings in 2 other cases against him quashed. The Tahsildar was restored to his situation. Of his ability I have not yet been fortunate enough to discover any proof—

5. The Tahsildar of Iyampully has been attentive since his restoration to office; and the Tahsildar of Tadikamba continues to give satisfaction—

From the Collr of Tinnevelly submitting the case of one Coty Ahmed inhabitant of the Amendeve Island and owner of a Vessel lately wrecked near the Island, and praying an advance of 250 Rupees to be repaid in eight years.

Sir.

I have the honor to submit to the Board the case of one Coty Ahmed inhabitant of the Amendeve Island and owner of a Vessel lately wrecked near the Mangalore Port, and to request authority to make him an advance of 250 Rupees to be repayable in Eight years.

His Vessel was one of those employed in conveying Cor. the produce of the Amendeve Island for the Government Stores at Tuticorin. She came brought Cor the Custom on board and received payment in kind as well as in money. She took on board at other Articles of provisions for the consumption of the Islanders, when stopping the bar of the Mangalore river on her return, was through accident thrown on shore and completely broken in pieces. The loss thus occasioned to the owner amounts to about 400 Rupees, and has reduced him to so low a condition, that being unable at this season of the year to return to the Island, he is obliged to beg on the Town of Mangalore for the support of himself and part of his crew.

The Collector proposes an advance of 250 Rupees to enable him to build another Vessel, the Rupees to be repaid by instalments for about the most proper on this occasion.

Of

Fort St. George 23d June 1845.

Of this 200 are required for timber, 200 Rupees for workmanship and 40 for Sails, &c.&c., as the Vessel is to be built in the Island and he will have produce there to pay the Workmen, I have thought proper to confine my application to the sum of 250 Rupees to enable him to purchase materials which must be paid for in money.

4. In explanation of the proposal of so much longer a period than is usual for the repayment of the advance I beg to submit for the Board's consideration the very heavy loss the man has sustained and the peculiar situation of these persons who from their property being wholly in land and trees in a remote Island, cannot obtain loans from private Individuals on the same terms as the inhabitants of the mainland. It would besides be very objectionable to throw the inhabitants of these Islands unaccustomed to money transactions, and long dependent on the Government alone, into the hands of the various usurers of this place.

5. It has been ascertained by enquiry that Coely Ahmed holds a Garden and some fields valued at about 1,500 Rupees which together with the boat to be built will be more than sufficient security for the proposed advance. It is expedient that he should also be called upon to furnish the security of another person as we usual with regard to the Annual advances for Cultivation in this District.

(41-2.)

To the Chief Secy. to Government.

To The Chief Secretary to Government.

Sir.

I am directed by the Board of Revenue to request that you will submit to the Most Noble the Governor in Council the accompanying Letter from the Acting Principal Collector of Canara, reporting the circumstances connected with the loss of a Vessel belonging to an inhabitant of the Island of Amendeva on that Coast, named Coely Ahmed, and requesting to be allowed to make him an advance of Rupees 250 repayable in 8 years to assist in the purchase of Materials to enable him to rebuild another Vessel—

To the Chief Secy. to Government.

Submitting a letter from Acty. Princl. Collr. of Canara reporting the circumstances connected with the loss of a Vessel belonging to an Inhabitant of the Amendeva Island & recommending that he may be authorized to make him an advance of Rs. 250 repayable in 8 years to assist in the purchase of Materials to enable him to rebuild another Vessel—

2. It appears that the craft in question was employed in transporting Rice, the produce of the Island, to the Government Stores at Bangalore, and when about to quit that Port to return to the Island laden with rice and other Articles for the consumption of the inhabitants was accidentally wrecked, causing a heavy loss to the owner of about 1100 Rupees, whereby deprived was in consequence driven to seek the means of support for himself and part of his crew by begging in the Town of Mangalore.

In support of the application on behalf of this unfortunate, for the above amount of pecuniary aid, and in explanation of the unusual period to which he has proposed to extend the term of repayment—

The

7767 Fort St. George 23d June 1845.

The Acting Principal Collector adverts not only to the very considerable loss sustained by the wreck of the Vessel and Cargo, but also to the circumstance generally of these Islanders being under Engagement to make over the Cir, the chief produce of their Lands, direct to Government, and for which it may be observed that they are remunerated, partly with rice and other articles of consumption, and partly also with small sums of money, and that they have long been in consequence of this wholly dependant upon Government alone, and are utterly unaccustomed to pecuniary transactions, and are moreover heavily prejudiced from obtaining loans on the same terms as the residents on the Mainland—

The Board fully concur in the remarks and as they observe with reference to Para 11th of the Extract from the General letter from the Honorable the Court of Directors dated 15th November 1803 which accompanied the Extract from the Minutes of Consultation noted in the margin, that the above authorities have recognized the expediency of granting advances to Ryots to rebuild their Houses, which may have been destroyed by fire, and as the present application seems to fall within that analogous principle, they beg to recommend as a special case that the Pariah's solicitation may be complied with and that the Principal Collector may be authorized to make an advance of 250 Rupees to Early Ahmed, good and sufficient security being tendered by him for the due discharge of the loan on the expiration of the period of 8 years above specified—
