From the Secy to Government Communicating observations and orders on the Board's Report relative to the Management of the Extra Sources of Revenue in the District of Masulipatam for Fusly 1253 A.D. 1843/44.

Para 1 Excepting a small increase in the receipts from A Sea Customs and B Small Farms, there was a falling off in all the other branches of Extra Revenue, in the district of Masulipatam, to the extent of Rupees 83195—4—4, exhibiting a Net result in the Settlement of Fusly 1253. of Rupees 81626-8-1- below that of the preceding year.

Decrease Rupees 81626-8-1

2. A large portion of this decrease Viz.t Rupees 56,955—15-8- occurred under the head of Salt, caused it is stated, by the want of Salt for sale at the Pondrace depôts where the quantity sold was less by Rupees 90,647-8-4 than

than in Fusly 1252, but this decrease was partly met by an increase of Rupees 38,689-8- at the Innoogoodroo Cutcherry. The scarcity of salt at Pondrace is attributed to the extensive sales in the preceding year 1252, exceeding those of any Fusly during the last 25 years which nearly exhausted the stock on hand, and none having been made, in that year, the Quantity left was not enough to meet the demand for the Fusly under review, a loss of revenue, although not to so great an extent, under nearly similar circumstances occurred in Vizagapatam, and the Board were required to consider whether the plan of supplying one depôt from another, when necessary would not be attended with advantage to the Government and the people, and the Board will be good enough to report the result.

3. It is however satisfactory to observe that notwithstanding the deficiency above noticed the revenue derived from this source was, with the exception of two Fusslies, greater than that of any in the last 25 years, and that an extended manufacture of salt has been made at the Pondrace depôt to guard against a similar contingency

contingency in future years.

4. The other item which materially contributed to the result of the Settlement above noticed is the decrease of Rupees 19,976-3-7- in the Collection of Land Customs arising from the abolition of the Inland and Town Duties under Act VI. of 1844.

5. There is also a large net decrease amounting to Rupees 6,304-5-5- under the head of Stamps attributed by the Collector to the abolition of the transit duties and the Provincial Court, which had created a less demand for paper of high value.

The balance of the current demand was Rupees 4884-1-2 at the close of the Fusly which was reduced to Rupees 1522-10-1 on the 31st March 1845

2. Of the former arrears under the head of Sayer reported by the Collector to be irrecoverable the Board recommend the remission of Rupees 1562-12-7 due by the renters of the Palunghy Division for Fusly 1236. The Government accordingly authorize this amount to be written off the accounts and they await the reply of the Collector to the further enquiries of the Board respecting the property of the renters of the Chokies named in the margin.

3. The Board will be good enough to call upon the Collector for an early report on the outstanding balances of Moturpha amounting to Rupees 482-1-2. It is observed that those under the head extend over a period of five years during which period four annas were collected and His Lordship in Council can see no possible benefit in keeping those balances undisposed of.

4. In the 7th para of the proceedings under review the Board of Revenue, desire the

appear in the Statements accompanied his
report, and the Demand, Collection, and
balance Statements made up to July 1845.

has remarked lately that it is desirable
on all occasions to return Statements,
which are faulty and imperfect, to the
authorities sending them for immediate
correction, which will enable the Board
to dispose at once of the matter before it
and render it unnecessary to await for an
explanation until the next Summary
Report, when perhaps further information
is required which is again supplied in

error although important to the right

From the Right Revd Dr Spaulding

To J. F. Thomas Esqre
Chief Secretary—

Sir,

I have the honor to state
for the information of the Most Noble the
Governor in Council, that agreeably to established
usage in agricultural Districts three eighths
of a Cawney of land were set apart several
years ago, by the Collector of Chingleput in
the person, who should be employed from
times to time to perform certain religious
offices for the inhabitants of the Village
The piece of ground so appropriated
remained unreclaimed for several years
until it was lately brought into cultivation
by Royapen a Native Christian of the same
Village— after the ground was reclaimed
by Royapen Maumbaukum Narrain
Iyer a Bramin, or some other officer
attached to one of the neighbouring
Pagodas, claimed half the produce
Royapen himself being entitled by
custom

custom to the other half, for the trouble and expense of cultivation Rayapen denied the right of the Bramin, on the plea, that the Christian Inhabitants of the Village are ten to one of the Heathens, Rayapen further maintains that the Honorable the East India Company in allowing such appropriations of land, never contemplated the direct maintenance of Heathenism, but rather intended to conciliate the Natives of Hindoostan by conferring a small boon to the Inhabitants of every Village for religious purposes according to immemorial custom without enquiring whether the religion be true or false.

If Rayapen's views of British Policy be correct it would appear that half the produce of the plot of ground abovementioned should be applied to the support of the Christian Religion in a Village where ten Elevenths of the population are Christians and only a small fractional part adhering to Heathenism. The Native Christians of Mooloovoor

Mooloovoor were so confident of this that they brought Rayapen every year to pay his dues to the priest of Kitchery for the benefit of the church.

It would appear however that those simple persons are quite astray in the notions they entertain of the Maxims of British Government. The Collector of Chingleput gave a decision a few weeks ago in favor of the Bramin and ordered Rayapen to pay up arrears. The Collector undoubtedly knows the intention of the Honorable Company. Yet I think it not amiss at the request of those poor Villagers to bring the case under the special notice of Government. Many persons will think it a great anamalay that the inhabitants of a Village on becoming christians must forfeit a privilege, which was conferred on them by a Christian Government whilst they were yet Heathens.

With reference to your letter of the 25th April last proposing the discontinuance of the Custom Houses in the Cochin Frontier of your District I am directed by the Board of Revenue to request that you will inform them whether

8193

whether there is not reason to apprehend that in the event of such abolition the produce of Malabar would be taken for shipment to some Port or Ports in Cochin or Travancore, and vice versa that European and other goods would be imported at those Ports and thence introduced by land into Malabar to the prejudice in both cases of the Sea Custom Revenue of the District. The Board are not aware whether the Rajah of Cochin maintains any Custom Chokeys on his side of the Frontier but if so these must of course be given up in the event of the concession now sought being granted, and it has occurred to the Board that besides the loss of 2700 Rupees annually resulting according to your Estimate directly from the withdrawal of the Cochin Chokies, a further loss may be experienced indirectly in the mode above indicated. You will be pleased to state whether such is likely to occur and whether any precautions can be adopted to prevent it.

A copy of this Despatch will be furnished to the Board of Revenue who will be pleased to communicate to Mr. Hudleston the decision of the Honorable Court on the subject of his allowances.

Our Governor in Council at Fort St.t George.—

Para 1.— In your letter dated the 17th January last No.8 you have acquainted us with the arrangements which you have made for the conduct of the duties devolving on the Collector and Deputy Collector of Madras which have been materially lessened by the abolition of the Land Customs under Act VI of 1844.

2. You have resolved to abolish the Office of Deputy Collector to

Fort St.t George 3d July 1845

to whom it is stated that the Superintendence of the Land Customs was generally committed, and also that of Deputy Sheristadar thereby effecting a reduction of expense to the extent of Rupees 15,200 per annum, and you have further determined that on the occurrence of a vacancy the salary of the Collector shall be reduced from Rupees 28,000 to Rupees 18,000 per annum

3. You have requested to be furnished with our instructions whether Mr. Hudleston the present Collector of Madras is to retain the allowances which he has hitherto drawn, or whether they are to be reduced to the scale fixed for his successor— We find that Mr. Hudleston's period of service is upwards of twenty seven years, the last seventeen of which have been passed in the Offices of Deputy Collector and Collector of Madras— His experience and qualifications must consequently be more valuable in the Office, which he now holds than they would be if he were transferred to another appointment of equal emolument

price at which the Government of Fort St. George can afford to sell it without loss.-

2- It is no part of the desire of this Government to facilitate the sale of the Salt imported on the public account and now in store at Sulkeah by throwing difficulties in the way of the importation of Salt by private parties. The object in both cases is the realization of a duty of 3 Rupees a Maund and to supply Salt to the people at the cheapest possible rate in excess of that duty without reference to the manner in which the article is brought into the Market.-

From the Coll. of Vizagapatam - Reporting the practicability and expediency of refusing to receive foreign currency at the Provincial Treasuries and furnishing Statement of the amount of Foreign Coins received into the Treasury annually during the last five years.-

Sir,
Para 1. I have the honor to acknowledge the receipt of your letter of the 5th Instant requiring my opinion on the practicability and expediency of refusing to receive Foreign Currency at the Provincial Treasuries and calling for a Statement shewing the amount of Foreign Coins received into my Treasury annually during the last 5 years.

2. The accompanying Statement exhibits in detail the number and value of all Foreign Coins received into my Treasury during the period above specified.-

3. These Coins are generally either brought into the District by Vessels touching at the different sea ports, by Foreigners travelling through the District or by Brinjarries frequenting the Salt pans.-

4. I do not think that any particular inconvenience would be experienced by our refusing to receive them, because I believe that the Shroffs in the Bazar would change them at very nearly as favorable a rate as that at which we receive them.-

5 The Coins have never during the last five years been reissued - They are always remitted either to Calcutta or to the General Treasury at Masulipatam.-

6 It is estimated that there are Foreign Coins to the value of about Rupees 50000 in the District, though they can hardly be said to be in circulation. The Rupees called Venkuts which is the Foreign Coin received to the greatest amount are brought into the District by the Brinjarries, and they almost immediately find their way to the Treasury.-

From the Collr of Masulipatam Submitting opinion and information on the subject of refusing to receive foreign Coins into the Treasury.—

Sir,

Paras 1.

With reference to your letter of the 5th received on the 13th Instant, requesting information and my opinion on the practicability of refusing to receive Foreign Coins at the Provincial Treasuries in payment of revenue, I have the honor to state that the measure would in my opinion bear hard on the Lumbadies who resort to the Coutaurs of this District for the purchase of salt and whom it will mainly affect. They travel from Nagpore and Hyderabad, and generally offer Coins of those Mints in payment of the value of the article. The former Coins are also offered in payment of frontier duties at Juggiapett, as also in payment of revenue occasionally by some of the Zemindars in the District, but generally by those of Moonegal and Lingagherry situated on the frontier where Hyderabad and Narainpett Rupees are in circulation.—

2. The accompanying Statement will shew the amount of Foreign Coins received into the Treasury for the last 5 years.—

The

Fort St. George 3d July 1845

3 The foreign Coins included in this account comprize those only which strictly come under that denomination Viz. those are issued from the foreign Mints of Hyderabad, Nagpore, Vizianagram. These Coins are not re-issued from the Treasury, but remitted either to Madras or Calcutta for re-Coinage as are all other uncurrent Coins of the Madras, Bombay, Sicca, Furkabad and Calcutta Mints and it has never been brought to notice that by this circumstance any inconvenience has been felt neither are these Coins in circulation in the District to so large an amount as to render it likely that their not being again issued would affect the interests of any body.

From the Collector of Tanjore

Forwarding 2 Statements of Foreign Coins & their amount received into this Treasury for the last 5 years.

Sir,

In reply to your letter of the 5th Instant calling for my opinion on the practicability of refusing to receive Foreign currency in the Treasury of this District and for a Statement of the Foreign coins and their amount received in this Treasury during the last five years, I have the honor to submit the Statement required. By it the Board will perceive that the Foreign Coin received is with very trivial exceptions confined to the Spanish Dollar and that the other coins were received to a very small amount in only the two first of the five years. None of either description is re=issued from the Treasury.

The Spanish Dollar is chief=ly obtained in payment for salt and of Sea Customs duties, and is brought by Merchants trading with Rsang, Malacca Atcheen, Bourbon and other Settlements but it is also tendered

tendered in payment of Land Revenue in the Talooks near the Coast principally, and occasionally in small quantities in those more inland.

The Statement No. 2 inclosed will shew the extent to which it was received from the beginning of the present Fasly to the 10th instt. I am of opinion that the prohibition of the Spanish and Columbo Dollars, if ordered, would be felt a great inconvenience to the Merchants trading by Sea who receive it in payment in many instances for the exports from this District and in so much as it might inconvenience them will it be injurious to the trade of the District in general at present the value of the Spanish Dollar in the Market is 4 Pice and 86 Cutcheries less than the rate at which it is received into the Government Treasury and it is therefore a favorite remittance with the Merchants trading by Sea and a source of some profit to them in their payments to the Government. Should it be ultimately determined to refuse the receipt of the Dollar it appears to me requisite that such prohibition should be duly notified and proclaimed 12 or at least 6 Months previous to the prohibition taking

taking effect.-

With respect to the other coins it seems immaterial whether or not the present practice is continued.- I have the honor to add that not considering Bombay Surat rupees as Foreign Coins I have not included them in the Statement, but have added a Column to the Left of it shewing the receipts in them during the same period.- The denial to receive this coin or the Sicca Rupee would have a very injurious effect but I conceive this is not contemplated.-

of this District

Sir,

I have the honor to acknowledge the receipt on the 9th of your letter of the 5th Instant, desiring me, with reference to my letter to the Accountant General dated the 7th February last to furnish further information relative to the Local currency of this District.

By the annexed Memorandum, you will perceive that the decrease in the receipt into the public Treasuries of new Gold fanams is still progressing for the total amount received during the last four months given an average of Rupees 4030 per month only, whereas the average of the six preceding months was Rupees 6000. This gradual falling off was anticipated when I in July 1843 suggested to the Accountant General the propriety of stopping the issue of the Gold and Silver fanams as the least objectionable mode of allowing them to be superseded by the British Currency. The issue of Gold fanams was discontinued in December of that year, and the subsequent decrease in the receipt into the public Treasuries of this Coin noticed

Average of the 4 months ending with July 1845 2972
Ditto of 15 months ending with July 1845 have been 6035

noticed by the Board is to be ascribed to this cause, for such is the prejudice entertained in its favor by the Rajahs of Malabar that they have discontinued making any disbursements of it except in charitable donations to the Brahmins, on particular occasions, a purpose for which they consider this Coin indispensibly necessary. Although I have reason to believe that new Gold fanams to a large extent are hoarded up by the Rajahs and other Chieftains of the District it seems probable that if the present system of not issuing the Coin be allowed to continue, its payment into the public Treasuries will in the course of a year or so dwindle into a mere trifle.—

Vide the Zillah's letter to the Board under date the 2d instant and 1079. 13th March 1844 and forwarded with my letter of the 18th idem.

3 With respect to the silver fanam the issue of which has not been interdicted, I beg to observe that the present Balance in the Huzzoor and Division Treasuries amounts to Rupees 3,55,65-6-5, and I should think it would not be wrong to assume that more or less twice as much is in course of circulation in the District. If the silver fanam be not issued it may be expected that the amount now current will be absorbed in the course of two years. It is not a Coin that the natives care to preserve. Both this and the new Gold fanams are paid in not only

* Report Balance to Accountant General dated 20th June 1845.

only on account of Land Revenue and Returns, but on account of the Extra Revenue such as Salt, Tobacco, Sea Customs &c. I am not aware that either of these Coins are struck in Travancore or elsewhere, and from no new Coin of the kind being ever tendered, I conclude that they are not. Neither of them are current in the Cochin and Travancore Rajahs' Territories.—

4. As the letters which I addressed the Accountant General under dates the 11th July and 4th December 1843 contain more information on the subject I take the liberty of enclosing transcripts of the same.—

Deputy Accountant General in charge
Fort St. George

Sir,

1. I have the honor to acknowledge the receipt

receipt of your letter of the 11th Instant requesting to be informed under what Circumstances the old and new fanams are received into my Treasuries at higher rates of exchange than those inserted in the Assay Table, and what plan I would suggest to prevent the loss that may occur by sending these Coins for Recoinage.—

2. The Local Coins of Malabar appear to have in former years been the subject of much correspondence between the Collectors of the District and the authorities at the Residency, for a "concise "Sketch of the history of the Malabar Local Currency" I would invite your attention to a letter which Mr. Sheffield addressed to the Accountant General under date the 7th August 1807. From this Document it will be seen that the Settlement of this District was originally made in Gold fanams, which was afterwards converted into Rupees at 3½ per Rupee, the new, and 4 per Rupee the old Gold fanams—and at these rates they have been received and issued for a long series of years

3. Mr. Sheffield has so forcibly Demonstrated the necessity of allowing the continuance of these local Coins, and the impracticability of withdrawing them without a heavy loss to Government that it would be superfluous in me to say more on the

Fort St. George 3d July 1815.—

the subject than that I fully concur with him in the view he has taken of the case. If notwithstanding the loss to be incurred on the Recoinage of the new Gold fanams and the Silver fanams (the intrinsic value of the old Gold fanams being according to the Assay Masters Table dated 4th November 1813 above the rate at which they are received in the public Treasuries) it be deemed expedient that the present new Currency of Company's Rupees and Annas should supersede all others I would beg to suggest that the measure be carried out gradually, by stopping the issue of the Gold and Silver fanams, and sending them from time to time, to the Presidency for recoinage—In this case it would be necessary to supply my Treasury with a large Amount in double and single Annas, as otherwise the want of Small Silver Coin would be severely felt by the public.—

In Compliance with your request I beg to forward in a separate Packet One hundred Malabar Silver fanams—they are of ten different sorts, the particulars of which are given in the annexed Memorandum—

4.

5. In reply to the last Para. of your letter I have the honor to state, that, as noticed in the 4th Para of my address dated the 10th of May last, I have already called in all surplus Balances in the subordinate Treasuries, and if by the opening of the season a repetition of the measure be practicable it will again be resorted to—

Sir,

I have the honor to acknowledge the receipt of your letter of the 31st October last and to state that the instructions with respect to discontinuing the issue of new and old Gold fanams will be carried into effect immediately on the receipt of the small silver Coins to the extent of One lac of Rupees remitted to this Treasury per H. M. Ship "Thalia."

2 Adverting to the information called for in the 3d Para of your letter I would beg to observe that taking the average of the last three Fasslies the amount Value of the Local Currency annually received into my Treasury may be stated in round numbers as follows.

	Rupees
New Gold Fanams	390000
Old Do.	11000
Silver Do.	295000
Total Rupees	696000

But as these Coins have been issued from the Treasury as fast as they were received, I think it would not be a wrong data to assume one fourth or Rs. 174,000 of the above average as the extent of the amount which has been in Course of actual circulation and eight times as much or say from 12 to 18 lacs of Rupees may I believe be fairly estimated as the value of these Local Coins in possession of Rajahs and others in the District. Of this two thirds may be taken as the value of new Gold fanams and nearly the whole of the remaining third as that of Silver fanams. From the great scarcity of Gold which has prevailed in this District during the last three or four years a great portion of the old fanams has been melted down - and so rare is this Coin at present that it bears a premium of from 6 - to - 10 per Cent according to the relative intrinsic worth of the fanam. During the last Fasly only 662 Rupees worth of old Gold fanams came into the Treasury and the present Balance of this Coin is no more than Rupees 4137.

Submitting for orders letter from the Actg Collector of Guntoor transmitting an Extract from the accounts of his accounts for fasly 1252 with the remarks of the Board upon each item retrenched by the Civil Auditor.

To The Chief Secretary to Government

Sir

I am directed by the Board of Revenue to request that you will submit for orders of the Most Noble the Governor in Council the accompanying letter from the Actg Collector of Guntoor transmitting an Extract from his accounts for Fasly 1252 and to state that the Remarks of the Board upon each item retrenched by the Civil Auditor will be found entered in endorsement No 1 of the Collectors letter above referred to. It may be proper to add that many of the items retrenched by the Civil Auditor were admitted by the Board as was the Custom in the last few years. The Civil Auditor has however refused to pass them any longer and the Board have referred the question to Government, whether they should under the circumstances be granted.

The 15th instant I have the honor to inform you that Mr Stokes under date 29th June 1844 recommended that certain sums of money should be allowed for the maintenance of each of the Zemindars, which sums the Board in Para 3 of their proceedings of the 5th August 1844 considered to be moderate, and accordingly recommended for sanction, but no subsequent communication on the subject has been made to this office.

I beg to annex Memorandum of sums which have from time to time been advanced to the Zemindars for maintenance upon their repeated solicitations. These advances appear to have been made in anticipation of the sanction by Government of the sums recommended by the Board.

Submitting a letter from the Acting Collector of Guntoor soliciting instructions as to the payment to be made to the Zemindars of Suttanapilly & Raypilly in that District and recommending that certain allowances proposed to be assigned to them may be granted with arrears from the dates on which their Estates were assumed the sums already advanced to them being deducted from the amount of such arrears.—

Sir,

With reference to the Extract Minutes of Consultation 11th April 1845 authorizing the grant of a Monthly allowance of 1000 Rupees to Ramanadha Baboo Zemindar of Vaparedy in arrears from 19th June 1843 I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Guntoor soliciting instructions as to the payments to be made to the remaining Zemindars those of Suttanapilly and Raypilly for whom no allowance has yet been sanctioned by Government

2. In Mr Stokes's letter of 29th June 1844 Paras 5 and 6 he recommended that

that besides the allowance of 1,000 Rupees Monthly to Ramanadha Baboo lately authorized allowances of 300 Rupees per mensem to the Zemindar of Suttanapilly 250 Rupees to the Zemindar of Raypilly and 50 Rupees to his Mother should be granted with payment of arrears from the dates on which those Estates were assumed or from the 10th January and 17th April 1843 respectively.— The Board considering these allowances to be moderate were induced in their letter to Government of 5th August 1844 Para 3 to support Mr Stokes' proposal, but they have not yet been favored with an answer— In the interim it will be seen from the accompanying copy of Mr White's letter to the Commissioner of Guntoor that the Officers in charge of the District have, in anticipation of the above mentioned allowances being sanctioned, advanced at various times sums amounting as per Margin to Rupees 5,400 for the maintenance of these Zemindars and on their repeated solicitations— Believing that the distress to which these Proprietors are reduced and their claims upon the compassion of Government are

To J. F. Thomas Esqre

Chief Secretary to Government Fort St George.

Sir, Para Having been favored with an Extract from the Proceedings of the Board of Revenue dated 16th Instant

Fort St. George 3d July 1815

Instant in reply to my letter of the 26th May furnishing the Board with the information regarding the Survey as required by Extract from the Minutes of Consultation under date the 19th May 1815 and concluding that these papers are now before Government I beg to submit the following explanations of the points adverted to by the Board in order that Government may at once be placed in possession of the subject in all its bearings—

2. As regards the principles of the Survey &c. specific nature of my instructions seemed to render necessary any lengthened detail of the System follow the Ceded Districts. The circumstances under which the present Survey has been ordered and the means afforded for carrying it on do not admit of any considerable deviation from the mode then laid down and I am not aware of any Modifications that would be desirable beyond those noticed in my letter of the 25th Ultimo—

Proceedings Para 2

3. The difficulty of procuring persons acquainted with land measuring is nearly as great here as it was in the Ceded Districts. The Commissioner at Hurnool sent me ten Goomastahs who had been employed in the Survey there, but most of these have taken such a dislike to this District that they have resigned—another party often composed of Natives of this part of the Country have been instructed under my Superintendence and being found properly qualified. I have sent them to commence the measurement of the Chebrole Tanah Of the two professional Surveyors ordered to join me from Cotacamund, only one has arrived and that not before the 26th April. I have been much disappointed in him. He seems to know nothing beyond the practical use of the plane table and is

deficient

Comp. G.O.

Fort St. George 3d July 1815

deficient in knowledge of accounts and in general intelligence and activity. He is quite unfit to instruct the Goomastahs in improved modes of surveying and the only use I have been able to make of him has been that of checking the measurements of the Native Goomastahs. Within the last few days a person instructed in the use of the Cross Staff by Lieutenant Halpin has tendered his services, and I am organising another set of Surveyors on this plan with his aid.—

Proceedings Para 4.

4. The Establishment of surveyors now proposed by me is precisely on the same footing in every respect as that employed in the Ceded Districts. They of course work with the Village Establishments, and receive the aid and assistance of the other public Establishments as far as practicable.—

2d. Para 5.

5. The importance of making use of the ancient classification of the lands in the present survey early attracted my attention, and I have given the subject more consideration, than any other part of the process. That some ancient System of this kind existed throughout the District cannot be doubted. but I have utterly failed in obtaining any intelligible explanation of it, though I have applied to every quarter where such information was likely to be found. to the Zemindars. the former Despanees

Despandies the oldest and most experienced Curnums, and other Revenue Officers - I am satisfied therefore that no accounts of it are now forthcoming. All traces of the Original Settlement seem to have been swept away during the period of Mahomedan rule under which the revenue was taken by a division of the Crop - At the time of the permanent Settlement, the Board of Revenue instructed - Mr Scott to impress on the Zemindars the advantage of substituting a fixed Assessment in money, which was adopted but in part only, by all of them - In such cases they contented themselves with fixing the average Demand of the Village, and left the Ryots to apportion it among themselves - This has led to great inequality - The best lands are generally under, the inferior, over assessed; besides which individuals have had influence enough to get their fields entered at lower rates than the class to which they belong - The land measures also are extremely incorrect - Instead of consisting of the regulated number of cubits entered in the Village accounts they generally contain more and that not in a uniform proportion - But besides these unauthorized variations there are others sanctioned by usage which affect the correctness of the present Classification - Objections to one assessment or to land too highly classed have been overcome by making an addition to the field without

changing

changing the extent in the Register, or if other land is not procurable, the field has been entered at less than its real amount - These expedients seem to have been resorted to, to correct the inequalities of a classification not originally made on fixed principles - Instances of such absence of system are numerous - In one large Village there is but one rate for every description and quality of land though some of the fields are composed of the richest soil I have met with, and could easily pay three times the present assessment, whilst in others the residue after discharging the Sist scarcely suffices to pay the expenses of cultivation - Some Villages have only 2 or 3 classes and the number rarely exceeds 5 or 6, but another large Village has 19 rates, and I have examined the accounts of two more in which there are 54 and 61 respectively - Occasionally a different principle of Classification is found prevailing to which the different Decyats are assessed by the extent of the land and not by the proportion of the money rate - Thus there being but one rate, say of 40 Pagodas per Cochaul, the 1st Class cultivates only the extent allowed by the Village standard, the 2d Class is allowed double, the third triple the quantity, and so on, the Register shewing only a single Cochaul in each, whereas in reality there is land equal

to 2- 3- or 4- From what has been said it will be seen that the former classification is neither simple in character nor correct in principle, and it was after having satisfied myself by careful personal investigation in some cases, going over the entire lands of a Village, in others examining a portion of each class- that I became convinced of its incorrectness as it now exists, and of the impracticability of retaining it in the present survey. Similar traces of a former System either imperfect in its first principles, or faulty thro' subsequent neglect, exists in almost all Districts. but the difficulty of reconstructing or correcting it would be greater and prove less satisfactory than that of forming a new one.

6. But this disappointed in the investigation of this point the great uniformity observed in the character of the soils and the familiarity of the people with a settlement on a few classes, held out hopes of the possibility of forming a general scale of classes and soils that would suit the whole district.—

The table referred to in the 10th para of the Board's letter was constructed with this view and was drawn up by an assemblage of the most experienced and sagacious Ryots and Revenue Officers. But being confessedly imperfect it was insisted on

in the Hookumnamah rather as an illustration of what was desired than as a form to be followed implicitly. The principles on which it was framed

See Enclosure 4-

were the following- The Cultivators were desired to class the soils with reference to their relative fertility according to their own knowledge of the land so as to include every variety, specifying the colors and names in use among themselves; they were then required to assign a fair average produce to each class of which 1/3 was assumed as the Government share and this was converted into money at the rate of 10 Rupees per Pootee, the averages approved by the meeting- Their reason for keeping a greater difference between the rates of the higher soils was that a deficiency in a large produce was less felt than a smaller decrease in the inferior soils- They were also of opinion that the worst lands would not bear a higher assessment than 2 annas- In support of their view I find that rates even lower have been adopted in Bellary.—

7. Still their scale must be considered as a theoretical rather than as a practical suggestion, and had I expected to be called on for an explanation at this stage of my proceedings I would have been prepared to enter on the subject more fully than I was able to do in my letter of the 24th; at present I can only say that I have not been able to frame my general scale of classification applicable to all soils that meets my satisfaction - such a scale to suit the circumstances of a whole District should be the result of a careful examination of numerous facts observed in every part of the Country - In the Ceded Districts each Taloork was assessed as soon as the survey and Classification was completed My orders likewise require me to confine my attention to "one or two divisions as an example" Under such circumstances I consider it safer to adhere to the plan followed there than to hazard the introduction of error by trying imperfect experiments to be

Fort St George 3d July 1845-

The classification however will always to compared with the general table both to practice the Turnours, and to pave the way for the introduction of a uniform scale should it be found possible to frame a suitable one hereafter -

8. From what was said above of the principles on which the General Table of Classes was prepared it will be seen that I had laid down for my guidance the principles noticed in the 6th para of the Board's Proceedings Viz: to fix the rate per Class with reference to 1/3 of a moderate average produce converted into money at the average price of a series of years and checked by a comparison with past Collections. The Board are likewise of opinion that a maximum and minimum price should be established; any excess above the former to be added to the Demand - any Decrease below the latter to be deducted from it as a remission - This can easily be effected if the Board continue to wish it, but I should

Fort St George 3d July 1815-

should depreeate the introduction of such a principle into the present survey- The great advantage of money assessment consists in its freedom from fluctuation. A fixed Demand enable the Government to calculate on a uniform revenue, while it stimulates the industry of the Cultivators- The best mode of curing the improvident habits too common among agricultural classes is to give the Ryot a certain knowledge of his liabilities- neither permitting him to evade them nor interfering with his enjoyments of all he can earn above them- If the assessment is sufficiently moderate remissions should never be given except under very unusual circumstances.

9. The principles laid down by the Board in paras 12 and 13 are provided for in rule 29 of Hookumnamah No 1, and rules 8 and 9 of Hookumnamah No 3- The assessment of the 2d Crop will be half that of the first-

10- I have never met with the sub Divisions of Villages alluded to in the 14th para of the Boards Proceedings nor can I obtain any information of their existence- The

Fort St George 3d July 1815-

The district standard or Coobal is a very large measure and often includes several fields, but it differs in every Village, and I see no advantage in retaining it- The present designation of fields is always entered in the Permash chitta when practicable- Some Villages are divided among the Mootadars or managers Capoos into Motahs or shares, but these are not contiguous portions of the Village- The fields of the Motahs are all intermixed In like manner where two or more [illegible] have shares in the same Village they are apportioned by scattered fields not by parcels of neighbouring lands.—

11- I trust I may be favored with early sanction for the revised rates of payment submitted in my letter of the 24th- The candidates for the survey are too poor to wait long for employment after they are qualified.—

The recommendations under observation, the Survey & Assessment of the Inams afforded us not admit of any Commutation from the mode there would be desirable to adopt in my Letter of the 24th ult. to refer to the mode of Assessment that the Survey and Scientific Principles Liable and comprehensive" meaning of the Survey ren- der the direction of a or not.

Not had experienced Com- on the Survey Report. "the Survey of Pattoon & the Mate- and measuring is meant by under the Code of Regs."

(true) Thomas Whitney Sec. W. D. Elliot one only had remarks to know nothing beyond the

"the practical use of the plane table, and
"is deficient in Knowledge of accounts and
"in general intelligence and activity. He is
"quite unfit to intrust the Gomastahs in
"improved modes of surveying and the only
"use" of Mr.a Elliot goes on to observe, "I have
been able to make of him has been that
of checking the measurements of the Native
Gomastahs." The Board apprehend from
the imperfect means thus stated to have
been at his command, that Mr. Elliot has
not had the opportunity of imparting to the
Surveyors that full measure of instruction
which is desirable in the conduct of a
Scientific Survey.-

3- In Para.a 6 Mr.a Elliot explains the
manner in which the Table Shewing the
Classification of the Soils and rates of assessment
alluded to by the Board in their Proceedings of
the 18.th Ultimo, was drawn up. The cultivators
were desired to class the soils with reference
to their relative fertility according to their own
Knowledge of the land, so as to include every
variety specifying the colors and names in use
among themselves; they were then required to

assign

See Para.a 3 of the Instructions to the Paramdars.

assign a fair average produce to each class, of
which 1/3 was assumed as the Government share
and this "was converted into Money at the rate
of Rupees 16 per Pooty the average approved by
the meeting." The Board object to the Table of
Classes as not being sufficiently simple; the
difference between the rates is merely nominal
in most cases, and a number of rates is thus
introduced which in practice will be found
to be inconvenient. There has always been
a tendency among Native Authorities to raise
the assessment on superior soils and to make the
assessment on inferior soils lower than is proper,
and it is important in forming a Table of Rates
of assessment for a work intended to be per-
manent that these errors should be corrected.
The Survey rates of the Ceded Districts may be
said to be defective in this respect, and should
not therefore be adduced as a model on the
present occasion. Further no explanation
has been given how the average produce and
the average price of Rupees 16 per Pooty were ob-
tained. The Ryots fixed these rates, and the data
on which they formed them ought to have
been fully stated.-

But

4. But the Table which Mr. Elliot states is confessedly imperfect, it was inserted in the Hoo Roomnamah rather as an illustration of what was desired than as a form to be followed Para 6.- implicitly" and again in reference to it, Mr. Elliot says "still their scale must be considered Para 7.- as a theoretical rather than as a practical suggestion." Thus the Tarumdar and Ryots being required to fit the rates in each village after a scale imperfect and inapplicable, the result will it is feared be the introduction of an infinite number of rates imperfect in themselves, each village having its separate rates, and the great object in view, viz the formation of a general scale will be practically lost sight of.-

5. The Board entirely concur in opinion with Mr. Elliot that "a scale to suit the "circumstances of a whole District should be "the result of a careful examination of numerous "facts observed in every part of the Country." It is a scale framed upon an enquiry of this description which the Board are of opinion should be fixed before the assessment of Fields is attempted. If this principle be adhered to they apprehend that no practical benefit will be derived from the labour of Tarumdars till this

this is done. It is important that the Board should have before them the details upon which a scale of rates drawn up on this Principle is formed, with Statements shewing the various rates of revenue of the different soils the comparative outturn yielded on the same soil when sown with the wet, Dry and Garden Products, and the prices on which the Commutation rate has been determined. Prices at the period of Harvest being distinguished from those which privail throughout the other periods of the year when the usual fluctuations are observable.-

6. A general scale embraces every physical and topographical variety and the difference arising from one tract being alluvial and another Hilly is duly considered and provided for.-

7. The question in regard to Maximum and Minimum Price may be determined at any time. The arrangement is no way connected with the formation of a Money Assessment upon the land, the fundamental Principle of which is a fixed rate as observed by the Board in their former Proceedings. The letter on on which the above observations are recorded having been forwarded by the Commissioner direct to Government, ordered that Copy of these Proceedings be also transmitted to the Most Noble the Governor in Council.-

Ordered also that Copy of these Proceedings be furnished to the Commissioner of Guntoor in reference to his letter of June 23d. 1845.-

it was last the Cutcherry left Paniem, the Goomastah did not inform the Amildar of the Talook of his loss, but my Head & Sheristadar informs me that he mentioned it to him a day or two after, It was subsequently found, and no one appearing to claim it, it was in due Course sold by auction for 7 Rupees, and the amount carried to the credit of Government - when we were at Paniem this year the Goomastah recognized his jewel being worn by the wife of the person who bought it.-

3. The Goomastah not having reported the circumstance to the Amildar can have no sort of claim to the restoration of the purchase Money but as his Salary is only 17 Rupees a Month I have taken the liberty of bringing the subject to the indulgent consideration of the Board, and if they are disposed to accede to his application he will of Course make his own arrangements with the purchaser.-

From the Coll.r of Salem.

Stating that there is no building at Salem adapted for a permanent Dispensary, and recommends that one should be erected and has accordingly requested the Civil Engineer to furnish a plan and Estimate for a new building: and recommends Abdul Ryman's house may be rented in the meantime & hopes to receive the early Sanction of Government to do so.-

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board dated 15th May 1845, with those of Minutes of Consultation of the 18th April communicating the Sanction of the Court of Directors for the Establishment of a Dispensary at Salem.-

I have consulted Sessions Judge and Zillah Surgeon, as well as other residents of Salem as to the most eligible building available for the purpose, and all agree that there is no vacant building that would suit as a permanent dispensary, and recommends that one should be erected on an open healthy situation. I have accordingly requested the Civil Engineer to furnish a plan and estimate for a new building thoroughly adapted for the purpose, on a site which will be selected by us.-

The native community evince a great deal of interest in the Establishment of

the Institution, that I have no doubt of its ultimate success, and I have just received a communication from a respectable person named Abdul Ryman- Offering the use of his house for the purpose on a Rent of 25 Rupees a Month or for sale at Rupees 2,500- Copy of which, as also of a letter from the Zillah Surgeon, are herewith enclosed.-

The situation however is rather confined and near the Bazar, and I cannot advise its purchase, but I strongly recommend that it should be engaged on the favorable terms offered as a temporary arrangement, and hope to receive the early sanction of Government to do so.-

Sir,

Having been informed that Government have sanctioned a Dispensary at Salem, and that you are in want of a suitable house for the purpose, I humbly beg to tender mine, which is situated opposite the Salem Hospital, not a hundred yards from it, and is a good roomy substantial building either for price, or for Rent. Although it cost me nearly 4,000 Rupees, and is quite new having been finished only two or three Months ago, yet in so good a cause, I am willing either to sell it to Government for 2500 Rupees, or to rent it to them for 25 Rupees a Month.

I had offered it to the Zillah Surgeon, thinking he was the person to select the building required, and have been referred by him to you, hence the liberty I have taken in addressing you..

Proceedings Directing the Collector of South Arcot to reinstate Balajee Row Tahsildar of the Villapooram Talook in his former Office and to make good to him all arrears of pay and stating that if on a further trial he be found unequal to the charge of so large and important a Talook as Villapooram, the Board will not object to his being transferred to any other of less labour and responsibility, also recording observations on the great delay and irregularity on the proceedings of the Collector in the case under review.

[Here enter] thereon Para 1. Of the various instances of misconduct imputed to Balajee Row, the Chief and those which alone it will be necessary to notice are:-

1st His permitting a large balance of revenue to remain outstanding in his Talook at the close of the last Fasly 1253.

2d His conducting a case of Smuggled Indigo and

3rd His neglect of duty in having allowed the escape of a Prisoner-

2. In regard to the first of these instances it appears that a current balance to a very considerable amount (Rs 50,000) was outstanding in the Villapooram Talook at the close of the past Fasly 1253. It seems however from the accounts furnished by the Tahsildar (enclosure in No 1190 of 1845 which was forwarded

Fort St. George. 3d July, 1845.

forwarded to the Collector and the accuracy of which has not been impugned by him/ that the Beriz of the Talooks large, varying from 2½ to 3 Lacs of Pagodas and that there have been heavy balances outstanding at the termination of each of the four fusleis preceding 1253. the average balance being nearly equal to the balance of that Fusly. The balance of those years was in each case realized within a trifling by Balajee Row during the succeeding Fusly. whereas in the present instance he was removed from the charge of the Villapooram on the 20th July or 8 days after the Fusly had expired. and without a chance being given him of bringing up the arrears of his Talooks. While therefore the Board are fully alive to the necessity of enforcing punctuality among Tahsildars in the realization of the revenue of their Talooks. they would hardly have been prepared, with more detailed explanation to acquiesce in so summary a proceeding as the immediate dismissal of Balajee Row, had it appeared that his removal

Fort St. George. 3d July, 1845.

was to be attributed proximately to his failure to bring up his collections. From the letter of the Collector of 18th October 1845 it will however be perceived that the chief cause therein assigned for his dismissal was his having permitted the escape of a Prisoner. and the reason now referred to is not specified at all. and at the utmost is only alluded to in general terms.

3. In regard to the second instance of misconduct imputed to the Tahsildar Viz. his having neglected to use due precautions to prevent the Indigo being smuggled. the Board are decidedly of opinion that the measures adopted by Balajee Row Viz. taking from the party in charge of the Indigo an acknowledgement of his responsibility, and causing the boxes containing that commodity to be sealed by the Village Moonsiff in the presence of witnesses were the utmost to which he was justified in resorting. and that he would not have been warranted by the Regulations in removing the Indigo on mere suspicion from the custody of the party who had charge of it. They are unable to perceive

that

Fort St. George, 3rd July. 1845.

that any blame whatever attaches to the
proceedings of Balajee Row on this occasion
4- As regards the third instance
of alleged neglect of duty, the party who
escaped was not charged with any felon
or serious crime, but merely with an as
assault arising out of a right and left
hand caste dispute, and there seems to
have been no reason which could lead
the Tahsildar to suspect that he would
abscond. If it be thought that greater
precautions should have been taken, the
reminiscnes of the Tahsildar in this partic
-ular which there appears to be no ground
for attributing to corrupt motives, would
have been sufficiently punished with a
moderate fine. It should also be re
remarked that altho this is the instan
especially brought forward by the Col
-lector in his letter of 18th October 1844
as his reason for having dismissed
the Tahsildar it is not adverted to, nor
is Balajee Row called upon for any ex
explanation in respect to it in the
deposition taken from him and forward
-ed by the Collector.

Fort St. George, 3rd July. 1845.

5. The above are the only charges
against the Tahsildar which appear to re=
=quire notice. The remaining points adverted
to in his examination being altogether trivial
and unimportant, and after giving these
their best consideration the Board are
clearly of opinion that they do not furnish
sufficient ground for the removal of
Balajee Row from the Public Service.
They therefore direct that on receipt of
these orders he be immediately reinstated
in his former Office, and all arrears of pay
be made good to him. If on further trial
he be found unequal to the charge of so
large and important a Talook as Villapo=
=ram the Board will not object to his
being transferred to any other (except Cu
Cuddalore) of less labor and responsibility.
6- The Board cannot close these
remarks without adverting to the great
delay and irregularity observable in the
proceedings of the Collector in the case now
under review. The Tahsildar was, as shewn
by a Yaksed which he has produced, re=
=moved from the charge of his Talook,

that

that he was virtually suspended on the
20th July 1844, he was actually dismissed
on the 1st August, yet no report of the
circumstance was made till the 18th Octo
The whole of this procedure being in dire
disregard of the orders of Government of
19th May 1835 which direct that no Taha
shall be dismissed without the sanct
of the Board, and that in the event of
his being suspended the suspension sha
invariably be notified to them within 15
days. The reason assigned by the Collect
for the omission viz pressure of busine
is altogether inadmissible.

In Cons. 28th May 1835.

7. On the 25th October the Colle
=tor was requested to inform the Board
the particular instances of neglect of du
referred to in his letter of the 18th idem
which Balajee Row had been guilty. c
He was afterwards twice called upon
for this information, and on the la
occasion was expressly directed to
state the several instances of misco
duct already alluded to circumstantia
and in detail. After a delay of

Six Months from the date of the first
call upon him he has submitted the
proceedings on which the Board have
recorded their remarks in the foregoing
Paras. These consist of a lengthy deposition
taken from the Tahsildar on a variety of
subjects, some of very trivial importance,
and of Extracts from the Huzoor and
Jabook records connected with the cases
of the smuggled Indigo and the escape of
the Prisoner. and from these the Board
have been left to draw their own conclusions
without any remarks from the Collector,
who has not even specified the particular
act or acts of misconduct, which in his opinion
militate most strongly against the Tah=
sildar, or which were the immediate
causes of his dismissal. The Board ex
altogether disapprove of the proceedings of
a Collector being laid before them in
this crude and imperfect shape. and so
they direct that in future when the
Collector of South Arcot may have
occasion to recommend the dismissal
of a Public Servant he will state ex

Sir,

From the Collector of South Arcot ——— } Para 1.

Referring to the Extract - from the Proceedings of the Board of Revenue as well as to the Copy of a letter from the Secretary to the Government of India annexed thereto, I have the honor to submit in reply the following explanation. —

2. The services of a Translator were, for the first time, found necessary as far back as 1826 and applied for by the then Principal Collector Mr. Cunliffe but the sanction was declined on the ground that his services were only occasionally required. —.

3. The duties of the English Department having considerably increased during the last ten years, as well as those of a Translator, I was compelled to explain the necessity in my letter to the Board for applying for a person of that description. —.

4. For want of a Translator, I beg to state, that the Diaries of the Civil Engineers of the 4th and 5th Divisions, as well

well as the recent orders and instructions of the Board of Revenue in the Department of Public works, have of late, not only been delay- in their translations and transmission to the local Officers of the District but from the imperfect manner in which they have been translated, the work has been so incorrectly performed as to call forth the repeated disapprobation of Captain Vardon the late Civil Engineer, when he visited the District. For instance, in the translation of the Estimate entered in the Diary of the Civil Engineer for the year 1841, Cubic yards having been translated Square yards a sum of Rupees 1,281-13- was over paid (which remains still unsanctioned) on account of the stone work performed to the wallaja Tank in the Rawanagherry Tallook which Circum- -stance was noticed in the Diary of the late Captain Vardon for July 1844.—.

5. In conclusion, I beg to state, if not all the Collectorates, those noted in the margin, are provided with Translators and trust that the increase of business in the District will be considered a sufficient reason for sanctioning the employment of a Translator.—.

62-3.

To the Collector of Tinnevelly.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 3d June last No. 117, requesting fresh sanction for the sum of Rupees 1,092-7-5 disbursed in Fusly 1252 on account of Brahmins and charitable allowances.

It appears from the statement submitted by you that the persons who are now in the receipt of these pensions are not the original grantees, you will therefore be pleased to state when and under what authority these pensions were renewed in the names of the present incumbents

To the Collector of Tinnevelly.

Requesting him to state when and under what authority certain pensions and charitable allowances referred to in his letter of the 3d June last were renewed in the names of the present incumbents who only contain pensions sanctioned from the commencement of Fusly 1253 are entered in the present list as chargeable on the revenues for Fusly 1252.

I am &c. (Signed) C. B. Thomas

There

3 There is a decrease of Rupees 5000 in the rent of the Farm of Ootacamand, Coonoor, and Sackanairy occasioned by negligence and want of activity on the part of Mr. Chatelier, who I believe will be a loser to a very considerable amount- this has alarmed the people, and prevented competition - The circumstance of this rent was reported to the Board under date 5th March 1845 - I have no reason to apprehend that eventually any loss will accrue to Government - The Farm continues under Amanie and the Collections keep pace with the demand - I have considered this arrangement more profitable to Government than reselling the Farm as I had recourse to this extremity, Mr. Chatelier must have been utterly ruined -

4 Notwithstanding the deficiency of 5000 Rupees in the rents above alluded to I have the satisfaction to observe that the aggregate rental of this year is in excess of the last fusly by Rupees 634 - as shewn above -

5 The Renters will be called upon either to deposit the amount of two instalments or to give competent security as usual in the event of their being willing to deposit the amount of one kist only - and I request the early sanction of the Board for this arrangement to enable me to make over the Farms to the Parties on the 12th of July next -

From the Principal Collector of Canara. } Sir, Para 1.

I have the honor to submit for the approval of the Board of Revenue tenders for the rent of the Akkarry farm for the ensuing fusly $\frac{1255}{1845/46}$ in the Cushah Talook of Mangalore, and of eight other Talooks the net decrease being Rupees 1,665. 8 a p.

The tenders for the remaining two Talooks will be submitted to the Board as soon as received.

3. That decrease in the Offer for the Mangalore Talook is attributed to the loss sustained by the Renter in the present fusly. I consider the Amount however to be quite as high as this Farm ought fairly to realize.

Sir,

Para 1. With reference to Para 7 of the Board's Proceedings under Date the 19th Ultimo, received this morning, I have the honor to explain that from the time the provisions of Act No. VI of 1844 came into operation, Salt was sold in this District at the rate of Rupees 1 — 8 per Indian Maund of 3200 Tolas. and that this rate was reduced to two Rupees per Indian Maund on the receipt of the instructions contained in the Board's Proceedings dated 13th August 1844. The rate of Rupees 218 — 12 — instead of 180 Rupees per Garce, noticed by the Board is nominal, as it arises from the Garce of District having from the earliest times been held to contain about 146 instead of 120 Indian Maunds, as fully explained in my letters to the Board dated respectively the 7th June and 12th June 1844.

2. Since the commencement of the present Fusly year the Salt purchased and Sold has been brought to account at the rate of 120 Indian Maunds per Garce, Bags measures each equal to one Indian Maund having been made and distributed for the use of the several Gollahs in this District.

From the Collr. of Malabar

With reference to your letter dated the 2d Instant, I have to express my regret that a mistake should have crept into the Half Yearly Return therein adverted to.— The case in question being the one entered in my Monthly return for November 1844. the figures should have been placed in the Half yearly return opposite the second line instead of the 3d and last one. I beg to forward herewith a revised Return with a request that it be substituted for the incorrect one above noticed.—

In the above Return the Board remark that two parties convicted of the 3d class of offences specified in Clause II. Section II Regulation IX of 1822. have been sentenced severally to certain fixed terms of imprisonment in commutation of the fines imposed upon them. The Board desire to point out to Mr. Onslow that this is irregular Clause II Section V Regulation IX 1822. directs that after judgment shall have been passed upon a party found guilty of

any of the 1st 2d or 3d classes of offences mentioned in Clause II Section II of that Regulation he shall be kept in Custody until that judgment shall have been satisfied. It will of course be competent, to a Collector to order the release of such party when convinced that he has not the means of discharging the fine adjudged against him but his first object should be to realize as much of the amount awarded as possible by the distraint and sale of property as directed in Clause III Section V. The substitution of a definite period of imprisonment for a fine in such cases is not warranted by the Regulation.

(1)

To the Chief Sec.y to Government.— Registering to be informed with reference to the Orders of Government authorizing the presentation of Silver Medals to the best native cultivators in each Talook

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the Order of Government dated 13th. June last No. 543. directing them to give effect to the rules proposed by the Agri. Hort. Society in reference to the Resolution of Government of the 31st. May last authorizing the presentation of Silver Medals

Fort St. George 7th July 1845. —

talook of certain articles of Indian produce whether it would not be desirable that the talook Medals should be distributed in the several districts and those products only which are meant to compete for the money prizes be forwarded to the Presidency. —

Medals to the best Native Cultivator in each Talook of the Articles of Indian produce specified in the List submitted by the Society. —

2. Before carrying those orders into effect the Board are desirous of obtaining further instructions on the subject. —

3. In the 10th Para of their letter of the 29th March 1845 the Agri-Horti Society recommended that the produce of the best Article in each District should in addition to the chance of competing for the Government prize be rewarded with a Silver Medal of small value, adding that a Medal awarded to the best Cultivator in each Talook would be still better. This latter proposition was referred by Government for the opinion of the Board, who in reply stated that the measure appeared to them highly desirable and Government in their Resolution dated 31st May 1845. were pleased to sanction the presentation of Talook Medals accordingly. —

4. In the Rules now proposed by the Committee for giving effect to that resolution, they direct /Rule 2/ that the best produce in each District should be determined by a Punchayet of respectable ryots assembled under

Fort St. George 7th July 1845. —

under the Supervision of the Collector or his Asistants and in Rule 4 they state. "If such samples" i.e those to be forwarded to Madras from the Provinces "are to be put in competition "for the Talook Medal only certificates of "quantity will not be required." From this the Board would infer that it is the intention of the Committee that the competition not only for the Money Prizes but also for the Talook Medals is to take place at the Presidency. It does not occur to the Board in what manner competition for the Talook Medal can take place otherwise than in the Talook itself — Nor what purpose would be answered by sending such produce to Madras. The best Articles in each Talook having been decided by the Punchayet, the effect upon the Native Cultivators would in the opinion of the Board be the greatest if the Medals were to be at once awarded in presence of the assembled ryots at the chief place of the Talook or at least of the District. —

5 Under these circumstances the Board request instructions whether it would not be desirable that the Talook Medals should be distributed by the Collectors or their Subordinates with the Asistance of a Punchayet in their

several

To J. F. Thomas Esqre. Chief Secretary to the Government of Madras—

Sir,

I am directed by the Honorable the Governor in Council to transmit to you for the information of the Most Noble the Governor in Council of Fort St. George the accompanying Extracts paragraphs 1 to 4—11—18—19—27. to 31 from a report of Dr. Gibson Superintendent Botanical Garden dated 11th February last on the Forests in Canara and Soonda of the Madras Presidency thro' which he passed when proceeding from the Bombay to the Collectorates of Belgom and Dharwar.—.

A.

Extract of a Report from Dr. Gibson dated the 11th February 1845.—.

Para 1. Landing at Sudashe ghur

Fort St. George 7th July 1845.—

I proceeded directly east partly on and partly along the course of the Black river which emerging from the high land skirting the Southern limit of the Mahal of Sopah in the Soondah Country reaches the Sea in the Bay of Convar.—

2. Chose this route from having been informed that I should pass through a Country of continuous Jungle, whereas the route by Compta was in great measure a cleared Country. The information was correct, for during a progress of 110 Miles E. S. E. from the Sea to the Hungul Kusba in Zillah Darwar the road was then very dense Forest relieved only by an occasional cleared Patch, seldom two Miles in extent.—

3. Below the Ghat the Jungle extends from the Southern Frontier of the Goa Territory to the Compta Road Boundary and without making allowance for its clearing may contain a space of about 2,000 Square Miles.—

The amount to be deducted on account of cleared grounds I cannot from so partial an inspection be expected to specify—a future visit

Fort St. George 7th July 1845.—

visit by the route of Ankolah Compta and Honawur may enable me to do so.—

4. Thus much for the general extent of the Canara Portion of the Forest.— That above the Ghat forming the Soonda Territory extends over (exclusive of clearings) a space of about 2400 Square Miles. The Northern part of this Viz: that comprising Hullekol Sambranee, Koolgee and Dandelee I visited last season and had the honor to report on it under date 27th February 1843.—

11 A member of the same family

Hundal or Hunjal } as the last and the wood is equal to it in quality. The tree is found about as frequently as the last, and the habit and girth of both are much the same. The tendency also of both is rather to form straight timber than curves.—

As far up the Forest as to within 4 Miles above Mullapore most of the good mairtee and Kundal Timber has been felled to the distance of 4 to 5 Miles from the border of the Creek.—

The felling has been conducted in a very reckless manner as I observed that in most cases

8316 Fort St George 7th July 1845.—

cases nearly half of the tree has been left standing and this because the lower part requires more labour in cutting. The remaining part thus rots on the ground and Government sustains a loss on each Tree cut.—

From the Villagers at Mullapoire I heard heavy complaints as to the manner in which the best Trees were annually cut away. They informed me that the persons who cut this Timber annually are chiefly from the Goa Territory.—

I was further informed by the authorities on the Coast that the amount of "Sayer" or duty paid for liberty to cut this wood did not exceed Rupees 300 to Rupees 400 per Annum.—

If it be deemed an object to preserve this wood for Public Purposes in future years I strongly recommend that some measures be taken for regulating the cutting of that applied for by Private Persons.—

18. When on the Ghat I visited the place I am [illegible] whence the Teak supplied during the last two seasons had been chiefly felled.—

J.

I thus had an opportunity of seeing that from the precipitous rise of the Hills the Timber unless carefully transported must be liable to much breakage, and indeed—I was informed on the spot that during the past season some hundreds of logs had been broken owing to their having been shot down the precipices to save the circuitous drag round the base of the Hills, this saving of labor all going to the profit of the Contractor who is otherwise liberally paid at a certain rate per Candy.—

19. I have farther understood that this Contractor had petitioned the Principal Collector of Canara for permission to carry away for his own use this broken Timber now become unfit for Naval Purposes and also many half burned logs found in other parts of the Forest, and that the Prayer of this Petition had been complied with. The Principal Collector had probably reasons of which I am not aware for the granting this Permission, but unless these are of an urgent nature—the permission granted appears to me to be likely to be very destructive to the interests of Government in as much as it

it holds out a direct encouragement to the Contractor to break, burn or otherwise mutilate a larger quantity of Teak Timber next season and therefore I cannot too strongly recommend that this part of the subject be reconsidered.—

27. Jungle wood unenumerated in the foregoing list such as Yella Tonvena, Bibla &c and many others.—.

All of these are cut down to furnish Fire=wood Billets.—.

Of these the annual export to Bombay is large and increasing.—.

28. This Branch of Trade has I was informed chiefly sprung up within the last 10 years. This may serve to explain an apparent anomalay which the late Revenue Commissioner Mr. Vibart /Vide his report/ was unable to account for, Viz.t that notwithstanding the increase of consumption of firewood by the increasing population of Bombay the duties received did not shew an increase of consumption.—.

29. As the duty on all the firewood exported from Canara is paid at the Bunder

Bunder of Export, it appears in the accounts of the Madras Government and not in those of Bombay.—.

30. In a forest so extensive as this I am of opinion that an everlasting supply of firewood might be kept up merely by lopping the exuberant side branches and crooked shoots of the Trees, instead of as at present cutting down the Trees altogether and thus making the supply annually more distant from water carriage.—.

3. The arrangement (supposing it practicable) would have this advantage that by means of it all the Trees of the Forest would be improved and the Forest itself rendered much more <u>clear below</u> whereas at present the stumps when they do shoot forth bear only a quantity of thick brushwood comparatively useless but adding greatly to the <u>density</u> <u>and</u> <u>cover</u> in the Forest.—.

Ordered that a Copy of this despatch be fur=

Revenue Department.
No. 6 of 1845.

Our Governor in Council.—
at Fort St. George.

Para 1. Your Letter in this Department of
date

8.

8323 Fort St. George 7th July 1845.—

date the 22d October / No. 45 / 1844 reports the detail=
=ed arrangements which were sanctioned by you
for carrying into effect the provisions of Act
VI of 1844 for regulating the levy of Customs and
raising the price of Salt at your Presidency.—

2 The measure, so far as regards
the enhanced price of Salt, was abrogated under
our Orders of the 3d July 1844. and the evidence
afforded by the Statement which accompany
your letter under reply, as far as may be
judged from the limited period during which
the high duty was in operation, bears out the
conclusions at which we arrived as to the im=
=policy of so large an increase in the price of
Salt. From their Statements it appears
that from the 1st April to the 15th July
1843 the quantity of Salt sold was Maunds
12,20,083, and the revenue realized was Rupees
10,56,872, while during the corresponding period
of the year 1844, (being from the date on which
the Act came into operation to the latest
date to which returns were received) the
quantity of Salt sold amounted to
Maunds 7,05,979, and the Revenue to Rupees
10,29,912. Thus during the three Months and
a half under the operation of increased prices,
there has been a decrease in the sales to the extent
of

Fort St. George 7th July 1845.—

of Maunds 5,15,134 and a loss to the revenue of Rupees 26,960. Some part of this decrease may doubtless be attributed to the usual effect of an increased duty at the moment of its imposition but making due allowance for that consideration, the decrease of consumption which actually took place may be taken as an indication of what the ultimate effect of the additional tax would have proved.—

3. The general arrangements connected with the levy of Customs duties appear to be unobjectionable. The change has not yet been sufficiently long in operation to justify speculation on its results.—

4. The question relating to the levy of Customs duties on the Nizam's frontier had been previously submitted to us by the Government of India, and we shall hereafter communicate to you our instructions on the subject.—.

Relative to the Settlement of the Land Revenue of the District of Guntoor for Fusly 1253.—

(Here enter 21st April 1845 N° 258)

Para 1. Rain having fallen abundantly in the first four Months of Fusly 1253 and a further supply having been received in the subsequent Months of January and February, the season may be regarded as better than an average one. The rains of October and December partially injured the Jonna Crop, the staple product of the District but the Board of Revenue think, that the season on the whole, was favorable both to Dry and wet Crops.— The Cotton cultivation partially suffered in the Palnaud Country from too much rain in December and January.—

Para 1 & 3

financial results of the Collector's management
of the Zemindary and Government Lands for the year.-

10 The information submitted by the
Board of Revenue of the progressive increase in
the number of Ryots, ploughs, Cattle, and population,
containing

containing internal evidence of the improved c
-dition of the District is satisfactory, and
taking these circumstances into consideration
together with the favorable nature of the seas-
His Lordship in Council cannot but expres
disappointment, that notwithstanding these ad
-vantages no better returns could be obtain
from the Collectors Management.-

11 It is difficult if not impossi
to reconcile the above facts with the still
creasing prosperity of the District- up to Fu
1250 all the Estates had been gradually im
1840/41
but from that time, although no very adverse
seasons have since occurred, a rapid and
-ral falling off has taken place.-

12. Whatever causes have howeve
produced the present, and as the Board of
Revenue describe it, "disastrous" state of th
in the district, it is imperative that prompt and
effectual measures should be applied to
them, and it is to be hoped that their true or
will, under the notice of the Member of the Bo
now on deputation in the Guntoor District,
be traced and corrected.-

Council regrets that under the peculiar circums
of the district the Acting Collectors report has

found in many places deficient defective and in some
instances inconsistent.-

14 In the Extract from the Minutes
of Consultation under date the 4th June 1845 No 666,
His Lordship in Council observed "that a Collectors re-
port ought to embrace in a clear and concise form
all information connected with the revenues of his dis-
-trict and the causes by which they are affected, and
when this is not the case and the Statements and
accounts which accompany it are incorrect or defective,
the Board of Revenue, before forwarding their report
to Government, ought to call upon the Collector
to rectify the errors and supply the deficiencies."-
A strict observance of this rule, His Lordship expects,
will in the end save time, and render it unnecessary to
fill the current reports which is now often the case with
explanations regarding mistakes that have occurred
in previous ones.-

15 The additional information on
the Settlement of Guntoor for Fusly 1253 now requir-
-ed and which the Board have very properly called
for, the present Acting Collector will supply as soon
as practicable in a separate communication, and
not wait to embody it in the Report on the Settlement
of the fusly now about to close.-

16 His Lordship in Council resolves
to furnish the Commissioner now in Guntoor with a
copy of the Proceedings of the Board of Revenue together
with the foregoing orders of Government and to request
his attention to those matters which have been point-
-ed out by the Board as demanding particular enquiry.-

Read the following letter.-

To

The Secretary to the
Board of Revenue
Fort St. George.

(18.)

From the Acting Collr of Ganjam. - Submits two Statements connected with Moturpha Revenue with certain explanations

Sir,

Para 1. I have the honor to forward Statements of the Moturpha Revenues of this District prepared agreably with the forms furnished with your letter of the 10th April last so far as the accounts of the District admit Statement - No 2 is not furnished because no Collections of Moturpha are made in this District on account of Government other than in Villages held under Aumany. -

2d. The principle on which this Revenue is assessed is not uniform, but varies in every portion of the District agreeably with the condition of life of the classes who pay. It is levied by the Talook servants employed in the ordinary Revenue duties and therefore it involves no expences of Collection. Neither can any percentage of General charge be properly referred to it for if the Moturpha Revenues were abolished tomorrow I do not conceive that one servant could be dispensed with nor one Rupee deduction of pay be properly made from those that remain.

3d. The average Collection for the last ten years is about Ten thousand Rupees per annum. The land Revenue of the Talooks from which it is raised may be assumed at 3½ lacs.

4th. The Moturpha tax is paid I consider cheerfully by all classes who by the custom of the Country have been formerly subject to the impost. There is no tax more strenuously resisted or more difficult of collection when endeavoured to be newly enforced on any class who have not previously been subjected to the fiscal screw.

5th. With these views I need only add I have no reforms to suggest. I would let well alone.

Ganjam District
Collector's Cutcherry
Chutterpoor 26th June 1845

/Signed/ P. B. Smollett
Actg Collector.

From the Actg Collr of Guntoor } Sir, Para 1. Connected with the subject of the Frontier establishment in this District I have the honor to request the directions of the Board in regard to a small tax called Sana Vaseel collected upon passengers at the Ferries now abolished under the provisions of Act 6 of 1844. Mr Stokes in his letters of 28th October 1843 and 21st May 1844 explained the nature and extent of this Tax, and the expenses incurred on this account in ferry boats, and recommended that it should be abolished, upon which the Board have not as yet expressed their opinion —

2 — The tax has hitherto been collected by the Goomastahs placed at the several Ferries for the Collection of the Sayer duties and as these except at the Pondigul Ferry have been now abolished as routes for Export and Import of Goods upon which duty is leviable and guards of Peons only are provided in the new frontier —

Refers to Mr Stokes letters of the 28th October 1843 and 21st May 1844 recommending the abolition of the tax called Sana Vaseel at the ferries now established under the provisions of Act XII of 1843 stating that should the Board decide upon retaining it it will be necessary to make some other arrangement for its collection than by the Guard of Peons assigned for the new Frontier Establishment and requests the Boards early instructions on the subject —

frontier establishment at these ferries it will be necessary to make some other arrangements for its collection should the Board decide upon retaining it. The amount of this Tax being so trifling and so nearly corresponding with the expences in furnishing ferry boats on this account does not warrant the retention of Goomastahs for its collection at the several ferries now abolished and under the recommendation of Mr. Stokes for its abolition no provision of this nature has been made in the new frontier establishment and the only cause that suggests itself for the continuance of its collection is to entrust it to the Peons stationed at the ferries, which in my opinion is open to objection.—

Bellary

Requesting instructions of the Board under the circumstances stated and the objections raised by Mr Perczy on the application of Mr Doyle for a Land in the Village of Ramdroog in Goollam Talook of the Bellary District for constructing a Chapel and Grave yard

The Reverend P. Doyle Catholic Chaplain at Bellary having applied to me for two Pieces of Waste Land in or near the Village of Ramdroog in the Goollam Talook of this District (each piece to be 30 yards by 20) for a Chapel and Grave yard for the Native Christians of the Village, a reference was made to the Amildar on the subject, and that Officer reported that there is no Waste land in or near the Village. But that if he or any authorized Person on his behalf would proceed to the spot and point out any Land in the neighbourhood fit for the purpose he would report upon it. Of this Mr Doyle was duly apprized on the 3d April --

2. On the 8th April Mr Doyle in communication with the Amildar personally inspected and selected arable land No 43 in the occupancy of one Channabasavanna Gowdah and which is actually included in his

Fort St. George 7th July 1845.

his Puttah there being no Waste land near the Village and the occupant also has given his consent to part with it. But no sooner had the Amildars report upon the Assessment Vizt of this land reached me, when, I received a communication from Mr. F. Perozzy Vicar Missionary (who has already a Chapel in the said Village) complaining that Mr. Doyle has chosen the spot (meaning No 43) "in the front and very near to his Chapel, "purposely to cause disturbance and that though "it is uncharitable on the part of that Gentleman to encourage a Division among those "poor and ignorant Christians of the Village "he still had no objection to his (Mr Doyles) "Building a Chapel for those attached to him "but that the erection of it in the spot of "Ground above alluded to is likely to cause "endless animosities and affrays among the two "opposite parties tending frequently to the breach "of the peace, thereby not only the Christians "will be distressed, but also the authorities "will be much annoyed by their Complaints" and requesting me for the preservation of the peace among the parties to issue orders that

that Mr Doyle may chose any other spot of Ground in the said Village at some distance from his (Mr Perozzys) Chapel. This was communicated to the Amildar with instructions to see if possible whether any land is available at some distance from Mr Perozzys Chapel.

3. The Talook authorities have accordingly selected another spot No 1 to the East of the Village as being the least objectionable, the occupant thereof being willing to part with it, but one of Mr Doyles People by name Ammoni refused the said Ground No 1, and insisted on having the one (No 43) originally chosen by Mr Doyle. The Amildar reports that it is true that there exists a division and animosity among the Christians of the Village and therefore submitted a neutral arrangement Vizt to allow Mr Doyle the Ground No 43 as applied for, on condition of his removing (with the concurrence of the owners) three Huts remaining attached to the compound Wall of the Village and of opening a Gateway in the Wall and forming a distinct communication from the proposed Ground through the said Gateway into the line of Coorcherry Houses which runs separately

Fort St. George 7th July 1845.

separately without interfering with that of Mr
Perozzy in order that any Procession or ceremo-
-ny of Mr Doyles Party may not annoy Mr
Perozzy's long established Chapel and the
at the same time. Mr Perozzy's People have
no objection to any body passing by their
Houses but not with processions as the
same would create disturbance between
the Parties. The Amildar further repor
that Mr Doyle's Party have not agreed
to these arrangements, and that the
Ground No 43 is situated immediately
the other side of the compound Wall of
the Village, and at a distance of 30 yards
from Mr Perozzy's chapel and there are
a few Houses between them.

4- The Board will be aware that
these Gentlemen have for some time been
quarrelling and giving annoyance to the Auth
-rities and what has come within my own
knowledge of their Proceedings I certainly do
not consider creditable to them. The matters
between them regarding their Eclesiastical
jurisdiction you yourself have often appeared
in the News Papers and they are still at
variance on that and many other points.

5- Under these circumstances I have the
honor to request the instructions of the
Board

Board as to the final disposal of the matter
regarding the land applied for. Had not the above
objections existed, I would at once have forwarded Mr
Doyle's application through the proper channel
for sanction; and I am induced to address the Board
on the present occasion, with reference to these
disputes and to the almost certainty of constant
disturbances &c in the Village of Ramdroog should
these rival Sects be established there.

Submitting a letter from the Collector of Salem forwarding Copy of a Plaint in Original Suit No 49 of 1845 brought against himself for his predecessor Mr Glen and others in the Subordinate Court of Salem to recover Rs 147-12 being the loss alleged by the Plaintiff to have been sustained by him in consequence of certain parties having been allowed by the late Principal Collector to take water from a Mud Anicut to which he states himself to be alone entitled — as also to establish his right to the sole use of the Anicut in future and recommending that the Collector may be allowed to file the answer prepared by him and to conduct the defence of the Suit at the Public Expense —

Sir,

Para 1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Salem forwarding a draft of the answer which he proposes to file in the Plaint in Original Suit No 49 of 1845 brought against himself for his Predecessor Mr Glen and others in the Subordinate Court of Salem and

2. This action is brought to recover Rupees 147-12-0 being the loss alleged by the Plaintiff to have been sustained by him in consequence of certain parties having been allowed by the late Principal Collector to take water from a Mud Anicut to which he states himself to be alone entitled — as also to establish his right to the sole use of the Anicut in future. The Plaintiff states that the anicut was originally built of stone and served formerly for the supply of several Villages besides his own, that on its being breached the other parties who had before been entitled to shares in the water renounced all further claims to the Anicut rather than contribute

Fort St. George 7th July 1845

contribute to the expence of repairing it — that he was then allowed by the Circar to repair it for his own use which he did by means of earth work, but that the other parties have lately been unjustly permitted under orders of the Collector to benefit from it in consequence of which his crops have failed and he has incurred the aforesaid loss of Rupees 147-12-0.

3. In his proposed reply the Collector states that the Mootahdars and the inhabitants of the Amaunie Villages formerly supplied by the Anicut may have expressed their willingness to forego their claim to the water of it rather than bear the expence of its repair but that such a renunciation on their part even tho formally made would not be valid unless with the acquiescence of the Circar whose interests are involved in the arrangement. He admits that Plaintiff was allowed to make temporary repairs to the Anicut and thereby to irrigate his lands, but not exclusively and refers to instances of recent date in which right of the other Villages now referred to receive supplies of water from the dam has been acquiesced in by the Plaintiff himself. It is further shown that on the last occasion and that which led immediately to the institution of the present Suit the arrangements for cleaning the channels and apportioning the water between Plaintiff and the other

other sharers were concerted with the concurr
of the Plaintiff's own agents - and that so far
the Plaintiff's crop having suffered in consequ
of the water having been led off to other fie
the whole quantity of water which passed down
channel went to the Plaintiff's lands -

This answer appears to the B
to be sufficient, and they therefore beg to recomm

Sir,

In reply to your letter of the 4th June 1845 I have the honor to state for the information of the Board that the item of "Cavil Prospect" or "fee" mentioned in my endorsement on Petition No.r 379 of 1845, means "the other Revenues of the "Poligar of Wodayarpollem assumed in the Sabbooks of munnargoody and Chellumbrum" contained in the Board's Proceedings of Consultation.

2. The fee in question was collected in the Iyen Villages of these Two Talloks at certain fixed rates on each Cawney of Cultivated land, as entered in the Survey Account, but a specific sum having been fixed on each Village in the resumed Jaghire, which is now required to be paid by the Petitioner the Board will perceive that Cavil fee is always levied in the Iyen Villages on the extent of land actually cultivated in each year, and not as observed by them, on the every Enam lands, which were resumed and declared liable to full assessment.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 11th ultimo on the subject of the Cavil Fees in the resumed Jaghires of Collumelay and Pallaneottah, and in reply to state that the information therein contained is not sufficient to enable them to dispose of the Petition No.r 374 of 1845.

2. The parties to that Petition state that they have hitherto been in the habit of cultivating the inamdars lands (recently resumed) belonging to the Wodiarpolliam Zemindary, that they have paid him teerwah but have at no time paid him any Cavil Fees, and the demand of such fees from them is altogether new and unprecedented. You will be pleased to state whether this Statement be or be not correct, by whom the Cavil Fees imposed on the several Jaghire Villages were usually paid, and whether those parties who cultivated the Zemindars Inaumdars were usually exempt from contributing to it, and if so on what grounds, whether the teerwah paid upon those Inaumdars was above or below that payable upon

23d January 1845.

Sir,

In returning the two Petitions received with your predecessor's letters I have the honor to state for the information of the Board and Government, that 11 Cawnies of Nunjah land are entered in the public accounts of the Village of Pullepauday in the Talook of Chellumbrum in the name of one Shanalayath, as Enam for his subsistence.

2. On the death of a person named Saheb in Fusly 1252, the last incumbent and great grandson of the original Grantee, his son Allie Shaw claimed his succession to the Enam when the Petitioner Syed Sudk Addeen father, since dead, also claimed a share of it.

3. My Predecessor on the consent of the parties to abide by the decision of the Cazee referred the case to the Cazee of Port Novo, who having decided on a division of the share, as stated in the enclosed Genealogical Tree Mr. Hallett issued an order to enter the Enam

4. Allie shaw now declines to abide by the decision stating that the Enam is not divisable the proceeds, thereof, having hitherto been appropriated for the support of a Tuckaram as well as for feeding Fakeers the oreginal grant is said to have been lost during the wars but according to Persian Certificate produced by Allie shaw bearing the seal of the Mooftee at Arcot, in July 1174 - it appears that* 10 Cawnies were given to the oreginal grantee for his support as well as for a Tuckia-

* It is so in the Certificate but the difference of one Cawney appears to have arisen from the measurement

5. In accordance with the opinion of the Cauzee, the lands have not been shared by the different claimants and the nature of the Enam partly appears to fall under Regulation III of 1831. and partly under that of VIII of 1817.

6. As I have no power to dispossess the defendant of the land and as the Petitioner represents himself to be the heir of one of the female relatives of the oreginal grantee to whom the Cauzee has awarded on certain share in his Tuteruk I am not aware of any objection

objection existing to the Petitioner being permitted to prefer his suit in the Established Court, in compliance with his pegreest.

7. In conclusion I beg to state that in referring to the accounts there is no Enam land held by this family in the Village of Arriagastie as stated in the Petitions now returned.

Reporting the result of the investigation into the conduct of Kistna Row suspended Tahsildar of Parallum and the restoration of the office.

Referring to my letter of 7th April enclosing Mr. Cotton's recommendation of the suspension of Kistna Row Tahsildar of Parallum, and to the Board's remarks and instructions as contained in your letter of the 28th April, I have the honor to report for the information of the Board that pursuant to the intention expressed by Mr. Cotton in the latter part of his letter Kistna Row has been arraigned under Regulation IX of 1822, on a charge of knowingly submitting false accounts and on the evidence adduced has been convicted by the Sub-Collector and fined according to the provisions of Clause four Section V in a sum of one hundred Rupees Mr. Cotton has however been unable to bring home to Kistna Row concern in the further

Fort St. George 7th July 1845

further Proceedings which ended in the assault of the Circar servants tho the lengthened enqu- which he has held on this occasion has increased in him the suspicion which he at first entertained and which the circumstances attending gave appearance of more than probability that the crops were destroyed with the cog- -nizance of Kistna Row with the view of best proof extant of the falsity of the accounts he had rendered previously and which he had learned had excited suspicion. This entertaining from my review of Mr. Cotton's proceedings and other enquiries I have made suspicion of Kistna Rows capable conduct subsequent to the production of the false account I do not consider that the result of the enquiry held has produc- evidence sufficient to warrant my recom- -mendation of his Dismissal, or to satisfy the Board that this extreme punishment should be awarded and as such is the result I have deemed it expedient to restore Kistna Row to his appointment which has accordingly been done.

In answer to that part of your letter

letter where the Board desire to know whether frauds of the same kind have been perpetrated in any other villages in the same Talook, and whether Kistna Row had any particular interest in the village in question I have the honor to state that the demand for remission in the Parallum Talook was small in the present year and that with one exception when the attempt was frustrated by timely vigilance, there is no reason to suppose that such frauds have occurred in other Villages and that Kistna Row appears to have had no particular connection with this.

The Board also wish to be informed whether, failing the Child now said to have been adopted, the Zemindar has any heir entitled to inherit her property. You will likewise be pleased to state what is the present condition of the Estate, and its resources as compared with the public demand upon it; and whether in the event of there being any legal heir it would be due to him in reference to the value of the property to allow him to succeed to the estate under arrangements for the liquidation of the balance against it, or whether it would be proper at once to bring it to auction for arrears, and to buy it in on account of Government, making some provision for the heir, the amount of which you will be so good as to specify -

Sir. I have the honor to report that the

the subject of the annexed letter, Thomas Jones, has proceeded towards Mangalore under the charge of one of the Peons attached to my department - with subsistence money sufficient for the expenses of the road to Mangalore - and the Peon has directions to hand the balance and the individual over to your Peons in the Bokul Talook for safe and further transmission.

I have only to add that I believe the person to be at present an incorrigible drunkard and formerly a soldier of the Hussars. He has been now for some weeks at Cannanore, but the commissariat Officer of that place declined taking charge of, or in short having any thing to do with, him. You will be so good as to furnish him with a fresh Pass-port on his reaching Mangalore.

appearance a soldier by profession, was taken up on the 6th of this Month being found drunk in the Tellicherry Bazar without a Passport, and which place he had reached the previous day from Cannanore.

He obtained from me on the 9th of the Month the accompanying Passport (now destroyed) for Mangalore direct on route to Bombay, and subsistence money for the road under the promise that he would proceed to that station at day light on the following morning:

He has however been attended in Wynaud in company with a drummer a Deserter from the 5th Regiment N.I. and despatched under the charge of Peons direct to your Office.

I beg to request that the Wynaud Peons may be relieved of their charge immediately on reaching Cannanore, and that you will take such steps to prevent similar conduct on the part of the said Thomas Jones as you may deem right.

Sir,

I have the honor to inform you I yesterday received a communication from my friends in Bombay and with reference to the Terryot lands beg now to name Thomas Robert Richmond of Bombay Merchant Henry Boldwin Herrick Esqre of Bombay Barrister, and William Thomas Wellington Cawley /meaning myself/ as Trustees for persons in various parts of India and Great Britain for the Cultivation of that land. We of course agree to the conditions of Government respecting the quantity to be cleared within a given time viz. viz. and now hope that Government will be pleased to order a draft of lease to be drawn up

up which, after I have submitted to our Solicitor, shall be immediately returned— Or should His Lordship desire that our Solicitor prepare the Document to be approved by the legal Officers of Government, I shall of course give instant attention to the same.—

I beg to draw your attention to the Clause forbidding sale or transfer. That no sale or transfer of the uncleared land should take place, I am, with my Cotrustees, most willing to abide by. But we earnestly beg that His Lordship in Council may Kindly give the subject a few minutes favorable consideration, On the points that we bind ourselves under a penalty of forfeiture to clear and cultivate the soil, that having done this, if from the great uncertainties of life in this Country, or other unavoidable Causes, our little Company should dwindle down to One or two, we might fail in carrying out to the fullest extent that cultivation, on which lakhs of Rupees had been spent, in as much as no one could by purchase replace with his Capital any one of us whom death

or other uncontroulable event may have removed. I most sincerely hope His Lordship may see this in the light I most respectfully submit it, trusting that the portion of His Excellency's orders may be thus altered a little, by allowing the sale or transfer of cleared and cultivated land, on the condition that any person so purchas=ing shall bind himself to adhere to all the requirements of Government which our Co-trus=tees acknowledge and declare ourselves guided by.—

Should His Lordship however not be pleased to grant this concession, we have but to submit and accept the terms of the land on the original conditions specified. Yet I repeat our trust that His Excellency may see fit to modify the terms on the item under consideration.—

Under either circumstances I shall await the favor of the earliest commands from Government, on receipt of which I shall be glad to have possession accorded me, and on the clearing up of the Rains commence felling the forest.—

If you coincide in the reasona=bleness of my request from the Governor in Council, may I beg the favor of your Kindly backing

To, The Chief Secretary to Government.

Sir, Para 1. Adverting to the Extract from the Minutes of Consultation under date the 17th of January last, I am directed by the Board of Revenue to submit the accompanying letter from the Collector of Madras for the consideration and orders of the Most Noble the Governor in Council.

2. In para 3 of the above Extract Government were pleased to express their concurrence in the expediency of an alteration in the Collection of the ground rent within the limits of the Collectorate as suggested by the Board in their proceedings noted in the mar= =gin, to the effect that no demand for the rent in question should be made on the

occupation

that the Extra temporary Establishment sanctioned in 1844 to guard the illicit introduction of Salt & Arrack by land into Madras be discontinued from the commencement of the ensuing July.

Enclosure A

Fort St. George 7th July 1845.

occupation of a spot of circar land temporarily used for the sale of trifling and perishable articles by the poorer classes of venders "unless the occupant erects a shed, or in some other manner makes use of it, so as to render it necessary to prevent occupation being converted into a claim of right." The result of which modification, the Board observe, would have admitted of a partial reduction being made in the charges of the land Department in the Collector's office.

3. With reference however to the instructions of Government that immediate effect should be given to the alteration, and a proportionate reduction made in his establishment, Mr. Hudleston observes, that the whole extent of Government ground occupied by Bazars & Chowkies within the limits of his Collectorate is - 2 - 11 - 1183½ ground - Ps. bearing a ground rent of Rupees 593-11-7- out of which the portion coming within the scope of the present orders amounts to only 1 - 2055 ground - Ps. assessed at Rupees 32 - 9, a sum he adds bearing so small a proportion to the aggregate and consequently entailing so trifling a degree of labour on the Establishment that he is "at a loss to propose any reduction at all in the Land Department, especially when the multifarious duties which devolve upon it, arising out of the assessment and collection of Quit Rents and the voluminous details connected with the issue of Grants and Certificates are taken into Consideration.

4- As it appears from the Collector's letter that

Fort St. George 7th July 1845.

that there is no separate department in his Establishment, the accounts and labour of which would be materially diminished by the operation of the rule in question, and that any decrease in the existing Establishment on account of the small amount of Ground rent now relinquished, would in his opinion tend to impair the general efficiency of his office, the Board beg to submit his remarks on the subject for the consideration of Government, with their recommendation under the foregoing explanation that the proposed modification should not be carried out.

5. In advertence also to the concluding paragraph of the above Extract Minutes of Consultation, in which His Lordship in Council observed that the permanent reduction of the Extra temporary Establishment sanctioned in the year 1844 at a monthly charge of Rupees 184 for the purpose of guarding against the illicit introduction of Salt and Arrack by land into Madras appeared to be unnecessary owing to the circumstances under which it was authorized having been materially altered by the reduction in the Sale price of salt - Mr. Hudleston states in his letter now submitted that although the Monopoly price of salt has undergone a revision, that the most powerful incentives to the illicit trade in the article still continue, from the low rate at which it is procurable at the places of Manufacture, compared with the large profits obtainable when clandestinely introduced within the limits of Madras, where the full monopoly price is readily obtained. and moreover that the cheapness of Puttah Arracks without the limits renders it also an article upon which considerable gain are reaped by the licensed retail dealers, when surreptitiously obtained from the distilleries in the neighbouring Districts, and he remarks that previous to the abolition of the Mettoor when the Sayer Establishments were available to watch the

limits

limits of the collectorate that they were found inadequate to the task of suppressing smuggling, and that since their discontinuance it has only been by means of the Extra preventive force now proposed to be dispensed with that he has been able to protect these two important branches of Revenue, and he therefore begs to solicit its permanent retention at the present expense.

6. In reference to these remarks the Board would observe that inducements to smuggling prevail in every District in which salt is manufactured but that they see no reason to suppose that they exist to a greater degree in Madras where the Pans are situated at a distance of 8 or 9 Miles from the limits than in the neighbourhood of other large and populous towns in the interior of the Country, and where the ordinary preventive force is found adequate to check and repress frauds of this nature and they considered that the permanent Establishment at the Command of the Collector would if actively controuled be found sufficient to prevent clandestine importation of both salt and Putta arrack, and adequately protect these branches of Revenue.

7. It may be further noticed that Mr. Lestow has not instanced a single seizure of contraband salt or arrack on the part of this additional Establishment during the whole period of its employment, and although the Board are not prepared to conclude that none have been made during that time it would have been more satisfactory if a statement had accompanied his report shewing to what extent, if any, they had been instrumental in discovering illicit practices.

8. Under all the circumstances however the Board are of opinion that the Extra Establishment which was sanctioned by Government as a temporary preventive force in 1844 at an annual charge of Rupees 2208 may safely be dispensed with without detriment to the Revenue, and they therefore beg to recommend its discontinuance from the commencement of the ensuing Fasli.

To
R. A. Bannerman Esqre
Collector in the
District of
Ganjam

Sir,

I have the honor to acknowledge the

Fort St. George 7th July 1845

the receipt of your letter of the 30th Ultimo, and beg to state that it appears by a list furnished in 1821 by the Sheristadar of the late Ganjam and Chicacole Courts to the Record keeper of the late Chicacole Court, that 3 Stamp papers produced for the copies of Decrees by certain parties were only then remaining, but no mention is made in the above list about the Stamp papers referred to in your letter, and none of the Ganjam Court Servants being now in this Court, I am therefore unable even by enquiry to find out who held the Charge of these Stamps in the Ganjam Court, as nothing appears from the records in existence belonging to that Court, although a diligent search has been made among them, besides this it appears by a report presented by the record keeper of the late Ganjam and Chicacole Courts to the Judge of

Fort St. George 7th July 1845

of Chicacole on the 25th June 1821 that in consequence of the epidemic fever at Ganjam in 1815 the Court was obliged to be removed to Berhampore and the Pindaries having come to Ganjam in 1816, and having thrown away some of the Court records, and most of the records being left at Ganjam till 1818, and not having been properly looked after, some were thus destroyed by white Ants, and some lost: it is therefore impossible to know whether the Stamp papers referred to in your letter were thus destroyed or what has become of them.

Sir,

I am directed by the Board of Revenue to inform you that on reference to the Demand Collection and Balance Accounts forwarded from your District for April and May last, the Board perceive that the Treasury was not examined on either of those Months, altho' the balance of Cash by the Accounts Retained was in one Month above six and in the other exceeded seven Lacs of Rupees. The cause assigned for the omission on both occasions is the absence of yourself and your Subordinates on Immunabundy. The Board direct me to impress upon you the necessity of making such arrangements as shall, except under very peculiar circumstances, leave you at liberty either to examine the cash in person or to detach one of your Subordinates for the purpose every Month. When this cannot be done unless with material inconvenience to the Public Service, the examination should be made by the Head or Sub Sherustadar but the

which are to be defrayed by Government.

2. The terms under which the importation of Salt on private trade is permitted are 1st the payment of Customs duty at Calcutta of 3 Rupees per Maund 2d That the Salt be imported on square rigged Vessels of not less than 200 tons burden as such must necessarily take a pilot on entering the Hoogly, and if found on the River without a Pilot on board, are liable to confiscation both Ship and Cargo under the general provisions of the Salt Laws 3rdly That no shipment on private account should be allowed on the same Vessels on which Salt is being imported in part of a Government Indent.

3. You will be pleased to notify the terms to all applicants and are authorized to grant them immediately with Salt for private trade and exportation to Calcutta as far as the state of your Salt stores will admit without prejudice to the sales for home and inland consumption the price being as already mentioned 15 Rupees per 100 Maunds Shipping charges included.

4. You will be pleased to report the quantity of Salt now in store at your District & available for exportation on private trade.

5. You will understand that the permission to sell Salt for export to Calcutta on private trade is not to supersede the sale of the balance of the Indent for 1844, still remaining on hand which is as before to be sold at 35 Rupees per 100 Indian Maunds It will be at the option of the Merchant to buy either the Salt available for private trade or that remaining on account of the Indent but as already explained the two kinds of Salt cannot be shipped on board the same Vessel.

Para 1- Requesting that an application may be made to Government as to the portions which the Government may deem it proper that the Pension of Salalul Dowlah should be distributed from the 1st January last, as he has not conformed to the Orders of Government.-

Proceedings of Board of Revenue 9th January 1845 Govt No 312 of 1845.

With reference to the Minutes of Consultation of Government dated the 30th December last I have the honor to report that the arrears of allowance due to the family of the late Nizamul Dawlah up to December last have been Disbursed to such Members of the family as have applied for the same according to the list furnished in the Month of June 1842.-

2. It will be seen from the enclosure No 1 herewith submitted that the Orders of Government conveyed in the Minutes of Consultation alluded to above were communicated to Sellal. ul. Dowlah on the 30th January and that a further communication on the subject was made to him under date the 22d March last. On the 6th Ultimo I forwarded to him a Petition which he had submitted to Government, and which was returned with an endorsement by which he was directed to distribute the Pension "According to the list furnished to him by the Board

of

"of Revenue in June 1841" This must have been an oversight, and Sellat-ul-Dowlah must be as well aware as I am, that no lis could have been intended, save and except that which he himself furnished to the Head Assistant Mr. Ward in June 1842, by which he has all along been desired t regulate his payments. Nevertheless and in spite of my having fully explained the matter to him, Sellat ul Dowlah, as w be seen by the correspondence now submit persists in affecting to believe that he is furnished with some other list from th Board of Revenue, and it is pretty evident tha no further communication or Order emanatin from myself will have the effect of making him conform to the Orders which Government have passed upon his case.—

Enclosure No 2.

3. Under the above circumstances as the family is in the greatest distress in consequen of this man's obstinacy the payment of the pen sion having now been again suspended for the last 6 Months, I see nothing left for it but to carry out the Orders conveyed in the Minutes of Consultation of the 30th Decem ber last, and I have therefore the hon to

to request, with reference to the concluding part of those orders, that application may be made to Government for instructions as to "the portions" in which, "with reference to the altered position of Sulat-ul-Dowlah as regards the family" the Government may deem it proper that the pension should be distributed from the 1st January last.—

Translation of an Enoyetnamah issued to Salul Dowlah.—

Herewith forward to you an English Petition submitted by you to the Honorable Government under date 2d March, returned by them to me with their Endorsement dated 19th April last together with 18 enclosures therewith accompanied, and hope you will acknowledge the receipt of the same.—

What I have now to state more particularly for your information is that, as Enoyetnamahs have been issued to you on 30th January and 22d March last, calling upon

upon you to enter into a Kararnamah for a re-
gular distribution of the Monthly Pension to
each of the Members of the family of the late
Nuzamuldawlah as enumerated in the
List presented by you before the late Se-

The Chief Secy to Government submitting a Petition of Mosulipatam on the 7th June 1845 from the Nabob Salaulud Dowlah

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Masulipatam on the subject of the pension granted to Sala-ulud Dowlah and the other members of his family.

2. From the Communication now under submission it will be seen that the attempts of the Collector to persuade Selalud Dowlah to conform himself to the order of Government conveyed in Extract of Minutes of Consultation dated 30th December last have been ineffectual, the Nabob alleging as an excuse for his disobedience his not being in possession of

the

Fort St. George 10th July 1845.

the List alluded to in the endorsement passed by Government on his Petition 2d March last. This apology the Collector has shewn to be mere subterfuge Selalud Dowlah being well aware that no list could have been intended save and except that which he himself furnished to the late Head Assistant Mr. Ward in June 1842, and by which he has all along been desired to regulate his payments. Mr. Porter further adds that notwithstanding the explanation he had given him Selalud Dowlah persists in affecting to believe that he is to be furnished with some other List from the Board of Revenue.

3. Under these circumstances the Collector is of opinion that remains for him no other course to pursue than to put in force at once the orders of Government already alluded to, and he therefore requests that application may be made to Government for instructions as to the portions in which with reference to the altered position of Selalud Dowlah as regards the family the Pension should be distributed from the 1st January last. The Board will be favored with the pleasure of Government on this point for the

stances and considering the unequal and objectionable
character of the tax, and the small Amount derived
from it, the Board beg to recommend that as sug-
gested by Mr. Stokes, with whom the present
acting Collector appears to concur, and by some
of his predecessors the Sana Hasul may be
abolished, the basket boats being for the future
furnished by the boatmen who manage them, &

being the duty of the Collector to ascertain
periodically that the Boats are good and

With reference to the Extract from the Proceedings of the Board of Revenue dated 12th Instant, I have the honor to state that the Yeomiah Hafeez Syed Coodooss toollah was in the receipt of the yeomiah when the Country was assumed by the Government and stands registered as shown in the Margin. The list No. 2 of 1812 was sanctioned by Government on the 29th December 1812 as communicated by the former Secretary to the Board on the 21st January 1813. There is amongst the Records of the Office a Sunnud granted by the Nabob Wallaja on the 24th Rajub 1203 Hejeree to Haufez Syed Coodooss toollah and others in which Haufez Syed Coodooss toollah is allowed 6 annas per day for performing the services of Katib and Peish Imam in the Mosque at Safara Sad alias Nobobpetta near Vellore.—

To

The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Nellore having reference to a service Yeomiah held by one Hafiz Syed Coorroo toollah who died on the 22nd September 1844.—

2. It will be seen that the Yeomiah was granted by the Nobob Wallajah for performing certain services in the Mosque at Nobobpettah near Nellore, that the deceased was in the receipt of the Yeomiah when the country was assumed by the British Government and that his name is registered in the List sanctioned by Government on the 2 December 1812.—

3. The deceased has left a widow, Son and daughter, but as the Son Abdool Kareem alias Chabasaheb is unable to read, the Collector recommends that the Yeomiah be continued in his name on condition of his employing a proper person to conduct the duties of the Mosque.

4. The Board beg to recommend that sanction may be granted for this arrangement and that the Yeomiah may be paid to Abdool Kareem from the 23d September 1844 the date of the death of the last incumbent.—

Sir,

I have the honor to transmit a Statement of the offers received for the rent of the Abkary Makams of the Principal Division for the ensuing fusly 1255, exhibiting an increase of Rupees 860 above those of the present fusly. The Parties having made the usual deposit of 1/10th of their offers, and as there is no prospect of any higher offers being obtained, I beg to recommend that I may receive sanction finally to accept those now reported and to put the Parties in possession from the 12th Instant. The report from the Sub Division has not yet been received and the offers will be submitted for sanction in a separate communication.—

From the Collr of Bellary reporting that application has been made by certain servants of the Sayer Department in the Hoozoor Cutcherry of the Bellary District whose situations were lately abolished for the grant of Gratuity & requesting the Board's sentiments on the subject

Sir,

Application has been made to me by certain servants of the Sayer Department in my Hoozoor Cutcherry, whose situations were lately abolished, for the grant of Gratuity, accorded by the General Rule (3d) annexed to the revised Superannuation Pension Rules dated 22d December 1835. This Gratuity Rule, has, I imagine, become obsolete; I am disposed to provide these servants

servants with situations on the first opportunity that may offer, and having this intention I entertain some doubt as to the propriety of my submitting the above application for gratuity, as opening the Door to many similar claims from other quarters, and therefore whether the Board would be prepared to entertain claims of this nature consequent on the general abolition of the Transit and Town Duties, I have the honor to request a communication of the Board's sentiments on the subject—

From the Commissioners of Burnool — }

Sir,

In acknowledging the receipt of your letter of the 5th Instant, conveying the sanction of Government for the reduced Establishment proposed to be entertained at the Frontier Chowkies in my District, I observe that the sanction is only from the commencement of fusly 1254—

To the Board dated 16th October 1844.

2. In the 2d Para of my letter of the 16th of October 1844 I stated that I had made no changes but those specified in that Para— I subsequently, in anticipation of the Board's orders, reduced a Hoottasuddy from the 1st February, and from that date only the Establishment was the same as that now sanctioned. The total expence actually incurred for the Frontier Establishment from the commencement of the fusly up to the 1st of February, including Saderward, is 1279—9—7— The amount now sanctioned for that period

period is only 1209—6—8, difference 70—2—11 to which it is possible the Civil Auditor may make objections, and in that case it will be necessary to have the sanction of Government for which I beg to request the recommendation of the Board—

From the Asst. to the Collr. of Nellore dated 9th Instt. Recommending in reference to Petition No. 714 of 1845 of the Zemindar of Cavetnuggur the release of the Estate from attachment.—

Sir,

I have the honor to acknowledge the receipt of your letter of the 9th instant, inclosing a Petition addressed to the Board by the Zemindar of Cavetnugger praying for the release of the Zemindary from attachment on the ground that the amount of arrears due by him has been greatly reduced. The Board desire to be informed what will be the probable amount of balance outstanding against the Zemindar at the close of the current fusly, and in the event of its being so small as to render it inexpedient to retain the Estate longer under attachment, what arrangements I would propose to effect with him for its liquidation on the Estate being given up to him.—

2. Since the Report made by Mr. Goldingham under date the 31st January last the Peishcush for the current fusly has been realized in full

and

and a further sum of Rupees 15,000 carried to account in reduction of the balance due by the Zemindar, so that the amount now outstanding against him is Rupees 80000. It is difficult to calculate with accuracy the sums that will be realized under the system in force in the Zemindary, as the demand accounts are only made out as the Crops are ready to be harvested but the Collections in the present Months and July next, with the sums now in the Salook and Poozzoor Treasuries may be expected to amount to about Rupees 45,000: after which full Rupees 20,000 more will probably be collected on account of the current fusly in the Months of August September and October next. By the 31st July therefore it may be expected that the balance against the Zemindar will not amount to more than Rupees 35,000 and the sooner the Estate is delivered up to him the better opportunity will be afforded him of retrieving his affairs as he has obviously in many respects

respects great advantages over the Collector in managing the Estate, but the end of July will be a better time, I think, to give over, than the end of the fusly because the change in the management will interfere less at that season with the Collections, which will be coming in more freely at the end of the fusly than at almost any other season.-

3. As regards the arrangement to be made for the liquidation of the balance which will still be due by the Zemindar, as there will probably be still about 20,000 Rupees to be collected on account of current Revenue it would be but fair to demand an instalment of that amount in the first quarter of the ensuing fusly, but as Zemindar will no doubt be much pressed for Cash on first taking charge of the Estate I would propose that no demand on account of the arrears due by him be made after restoring the Estate until the end of the ensuing fusly 1255 when the whole amount

amount may be demanded in one sum payable on the 12th July 1846.-

4. With the balance of current Revenue to be realized as above proposed by the Zemindar his receipts on account of the ensuing fusly may be expected to amount to full Rupees 3,00,000 so that after discharging the above balance and his Peishcush for the year there will be still a sum of about Rupees 77-400 -- left at his disposal for his expenditure and the reduction of his private Debts.-

To The Acting Collector of North Arcot.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 27th ultimo reporting upon the present condition of the Canetnugger estate and on the terms on which it may be made over to the Zemindar.-

that the Peishcush for the current fusly has been realized in full, and a further sum of Rupees 15,000 has been collected and credited to arrears, thus reducing the amount now outstanding against the Proprietor to 80000 Rupees. It also seems that the further collections to the end of the present Month may be expected to amount to nearly Rupees 45,000. on the 31st instant the balance against the Zemindar will not therefore in all probability exceed Rupees 35,000. in which case you recommend that the estate may be at once made over to him, on his agreeing to liquidate the amount still outstanding at the expiration of the fusly (1255.)

Required to execute an agreement binding himself to discharge one half of the balance still due by the end of fusly 1255 and the remaining moiety by the end of fusly 1256.

3. In reply I am directed to inform you that the Board are gratified at receiving so favorable an account of the condition of the estate and fully coinciding with you as to the expediency of placing it under charge of its proprietor at as early a period as may be practicable.

practicable, they direct that in the event of the arrears being reduced, or nearly reduced to Rupees 35,000 by the end of the present Month the estate may be immediately delivered over to the Zemindar.-

4. With respect to the arrangement to be concluded for the liquidation of the balance still outstanding it appears to the Board that considering the extent of the private embarrassments in which the Zemindar is known to be involved it would be better that two in place of one year should be granted him for the payment of this arrears. They therefore direct that on his Zemindary being made over to him, he be required to execute an agreement bindeing himself to discharge one half of the balance still due by the end of fusly 1255. and the remaining moiety by that of fusly 1256.-

2 In reply the Board instruct
me to inform you that they cannot sanction
the suspension of Soobyah or of any
Thasildar for an indefinite period, such
procedure being in their opinion
neither just to the individual nor for
the advantage of the public service.
They will therefore hope to be favored
with a further communication
from you on this subject within
one Month from the present date
when if any thing should have
transpired tending to confirm your
your present impression of Soobyah
=management and neglect of duty they
=quest that it may be explicitly stated.—

From the Collector
of South Arcot ---

Reporting the result of the Abkarry Rent for Fusly 1253 for the confirmation of the Board, and enclosing a Statement and Petn. of the Renters with certain suggestion.—

To

T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

Parn 1. I have the honor to submit for the information of the Board, the result of the sale of the Abkarry Rent for Fusly 1253.—

I pursued the same system

2. as last year in inviting Bidders to attend at my Cutcherry to rent out the Abkarry of Revenue for the ensuing Fusly, which appear=ed on the 20th Ultimo when the Rent for the whole District, and for the Talooks was put up to sale.—

3 The offer for the whole District was Rupees 75,100 and that of the Talooks was 65,310 the former being in excess of the latter by 9,790 Rupees, and with the exception of one Fusly higher than any sum offered for the last 14 previous Fusslies.—

See Statement No. 1.—

two Kists in Jewels and ready Money, supported by the further security of Erasapa Chetty, a respectable Merchant at Cuddalore, for the two Kists just mentioned, and for the fulfilment of the engagement entered into by the Renters, I beg to recommend that the Offer of 75,100 Rupees be confirmed by the Board.—

5. By desire of the Renters I herewith forward a Petition from them for the consideration of the Board, requesting that the Rent may be continued to them for three years on the terms now offered.— In the event of the Board feeling disposed to comply with the terms of the Petitioners, I have only to remark, that the Security tendered is unobjectionable.—

for Fusly 1255 to the address of W. D. Dan
Collector of South Arcot dated 2d July 1845.—

We beg leave to state that
have purchased the abkarry Rent of the wh
District of South Arcot for Fusly 1255 for Ru
75,100, which is in excess of the amount of
last 5 years rent by an average of Rupees 7,4
and of 10 years by 12,755 Rupees, as well as above
last years
exceeds the offers of the Tallookwar rent for th
Current Fusly by 9,690 Rupees— If this Farm
granted for only one year, a considerable difficulty
will be experienced in Collecting the Revenues
from the under Renters, and shopkeepers
who hide themselves from our sight 2 Month
previous to the termination of the Ren
without paying the balance— After the
Farms were given to the new Renters, the
appear before them, and open their shop
evading at the same time the balance
due to the former Renters, thus a large balan
accumulates due to their former Renters

Fort St. George 10th July 1845.—

On our requesting for a
triennial rent you were pleased
to promise to take it into
consideration.—

As we have rented
the District for a large sum
and tendered Security thro Crasapa
Settyar for fusly 1255, we will
cause the said individual to become
Security either for 2 or 4 Kists more,
if you will grant us the farm

From E. B. Thomas Esqr. Collector of Tinnevelly.

Sir,

+ Vide accompanying Statement.

The Civil Auditor requiring fresh sanction for the sum of Rupees 181,368—11—8, and Rupees +1524—8—8. disbursed as usual on account of Pagodas and Mosques respectively in Fusly 1252, I have the honor to request the favor of your procuring renewed sanction for the above 2 Sums. Of the former sum Rupees 179691—15—4 were sanctioned on the 11th April 1806. and for the remainder Rupees 1676—12—4, sanction, which was solicited in a letter to Board dated October 1827, is not forthcoming from the Records of this Office. The latter sum of Rupees 1524—8—8 is included in the sum of Pagodas 1479—13—6½ sanctioned by Government on the 5th January 1813. as communicated by the Board in their letter of 21st January 1813. The necessary Accounts regarding the Pagoda and Mosque Allowances have been sent to the Secretary to Government in the Revenue Department with a letter from this Office dated 4th January 1832, and to the Revenue Board with the letters dated 4th May 1832 and 22d April 1842.

Secretary to the
Board of Reven
Fort St. Geor

Sir,

49.

From the Collr of Sinnevelly
Stating that the proposed discontinuance of receiving Foreign Currency in the Principal Treasuries in payment of Revenue may not be at present advisable.

Para 1.

In reply to your let
of 5th June received in this Office on the 18th
I have the honor to inform you that I think
the proposed discontinuance of receiving an
Foreign Currency in the Provincial Treasur
in payment of Revenue is not practicable
without some years notice and if the me
is carried out it will, I fear, be attended
with inconvenience both to the Merchants
and Ryots, many of the uncurrent and Fore
Coins are still in Circulation, though n
so widely and to such an extent as four
and the Ryots cannot be expected to get
rid of all uncurrent and Foreign Coins
until some years hence.

2.

A Statement shewing the
amount of Foreign Coins received into this
Treasury during the last 5 Years is her
with sent as required. The German Crow
Spanish Dollars and Pootlens are the
principal Description of Foreign Coins by
which

which the 1st two are brought to this District
by the Merchants of Sinnevelly trading by Sea
to Arabia, Mecca, and other places where they
get Crowns and Dollars in Exchange for Piece
goods, and bring them back either to buy Cotton
Wm from the Ryots in this District, or lend
to them when in want of Cash and thus bring
them into Circulation.

3.

The receipt of the 3
Coin "Pootlens" it will be observed, is limitted
these are Current in Travancore and are
brought here by Individuals who visit
the festivals at Trichendoor Pagoda in
this District, and who present them in
the shape of offerings there. Prior to the
withdrawal of the Government interference
with Hindoo temples, these offerings in
Money were carried to the credit of Govern
ment but since discontinued under the
orders of the Board dated 2d February
1843.

4.

The 3 Foreign Coins above
mentioned are, as far as I can ascertain,
in circulation in this District to the extent
of about 8 or 10,000 Rupees in value and
when once received are not re-issued from
the Treasury, which however does not appear
to affect their circulation. A Statement

Fort St. George 10th July 1845.

Sir,

I have the honor to transmit herewith a Statement shewing the amount of Foreign Coins received into the Treasury of the Collector of Tinnevelly during the 5 Years ending with 1844.

The Statement also shews the amount of Pagodas annually sent about 5,000 Rupees worth of Pottens through this Treasury to the Agents attached to the several Corps in this District for defraying the Contingent Ceremonies at Pagodas, as this practice obtains more or less at all times it will be continued, unless I receive orders to the contrary.

Secretary to the

Board of Revenue

Fort St. George

Sir,

I have the honor to acknowledge the receipt of an Extract from the Minutes of Consultation dated the 31st Ulto. and with the Board's orders thereon under date the 5th Instant, calling for a report on the Port charges referred to therein.

In reply, I beg to state that

2.

with regard to the Port of Honore, where the Troops embarked, the bar is too shallow to admit of large sized Vessels entering the River, and although the same obstacle does not exist at Mangalore, yet as it was late in the season, when bad weather might be expected, the owners of the Vessels, it appears, objected to enter the River from the delay it would have occasioned in their getting to Sea again and returning to their Ports.

I have examined the Bill

of charges, and find them agreeable to the established

To the Chief Secy. to Government
In Cons.s 5th June 1845.

Sir,

1. With reference to an Extract from the Minutes of Consultation under date the 31st May, I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Canara, furnishing explanation regarding the Port charges incurred on account of the transport by sea of the 35th Regiment.

21st June in Cons.s 10th July 1845.

2. It will be seen from Mr. Blair's Statement that at the Port of Honore where the Troops embarked, the bar is too shallow to admit of large sized Vessels entering the River. that although the same obstacle does not exist at Mangalore, the owners of the Vessels objected to enter the River inconsequence of the season being far advanced; and that the Bills are in accordance with the established rates of Port charges.

To

The Chief Secretary to Government.

(62.)

To the Chief Secretary to Government.

Sir,

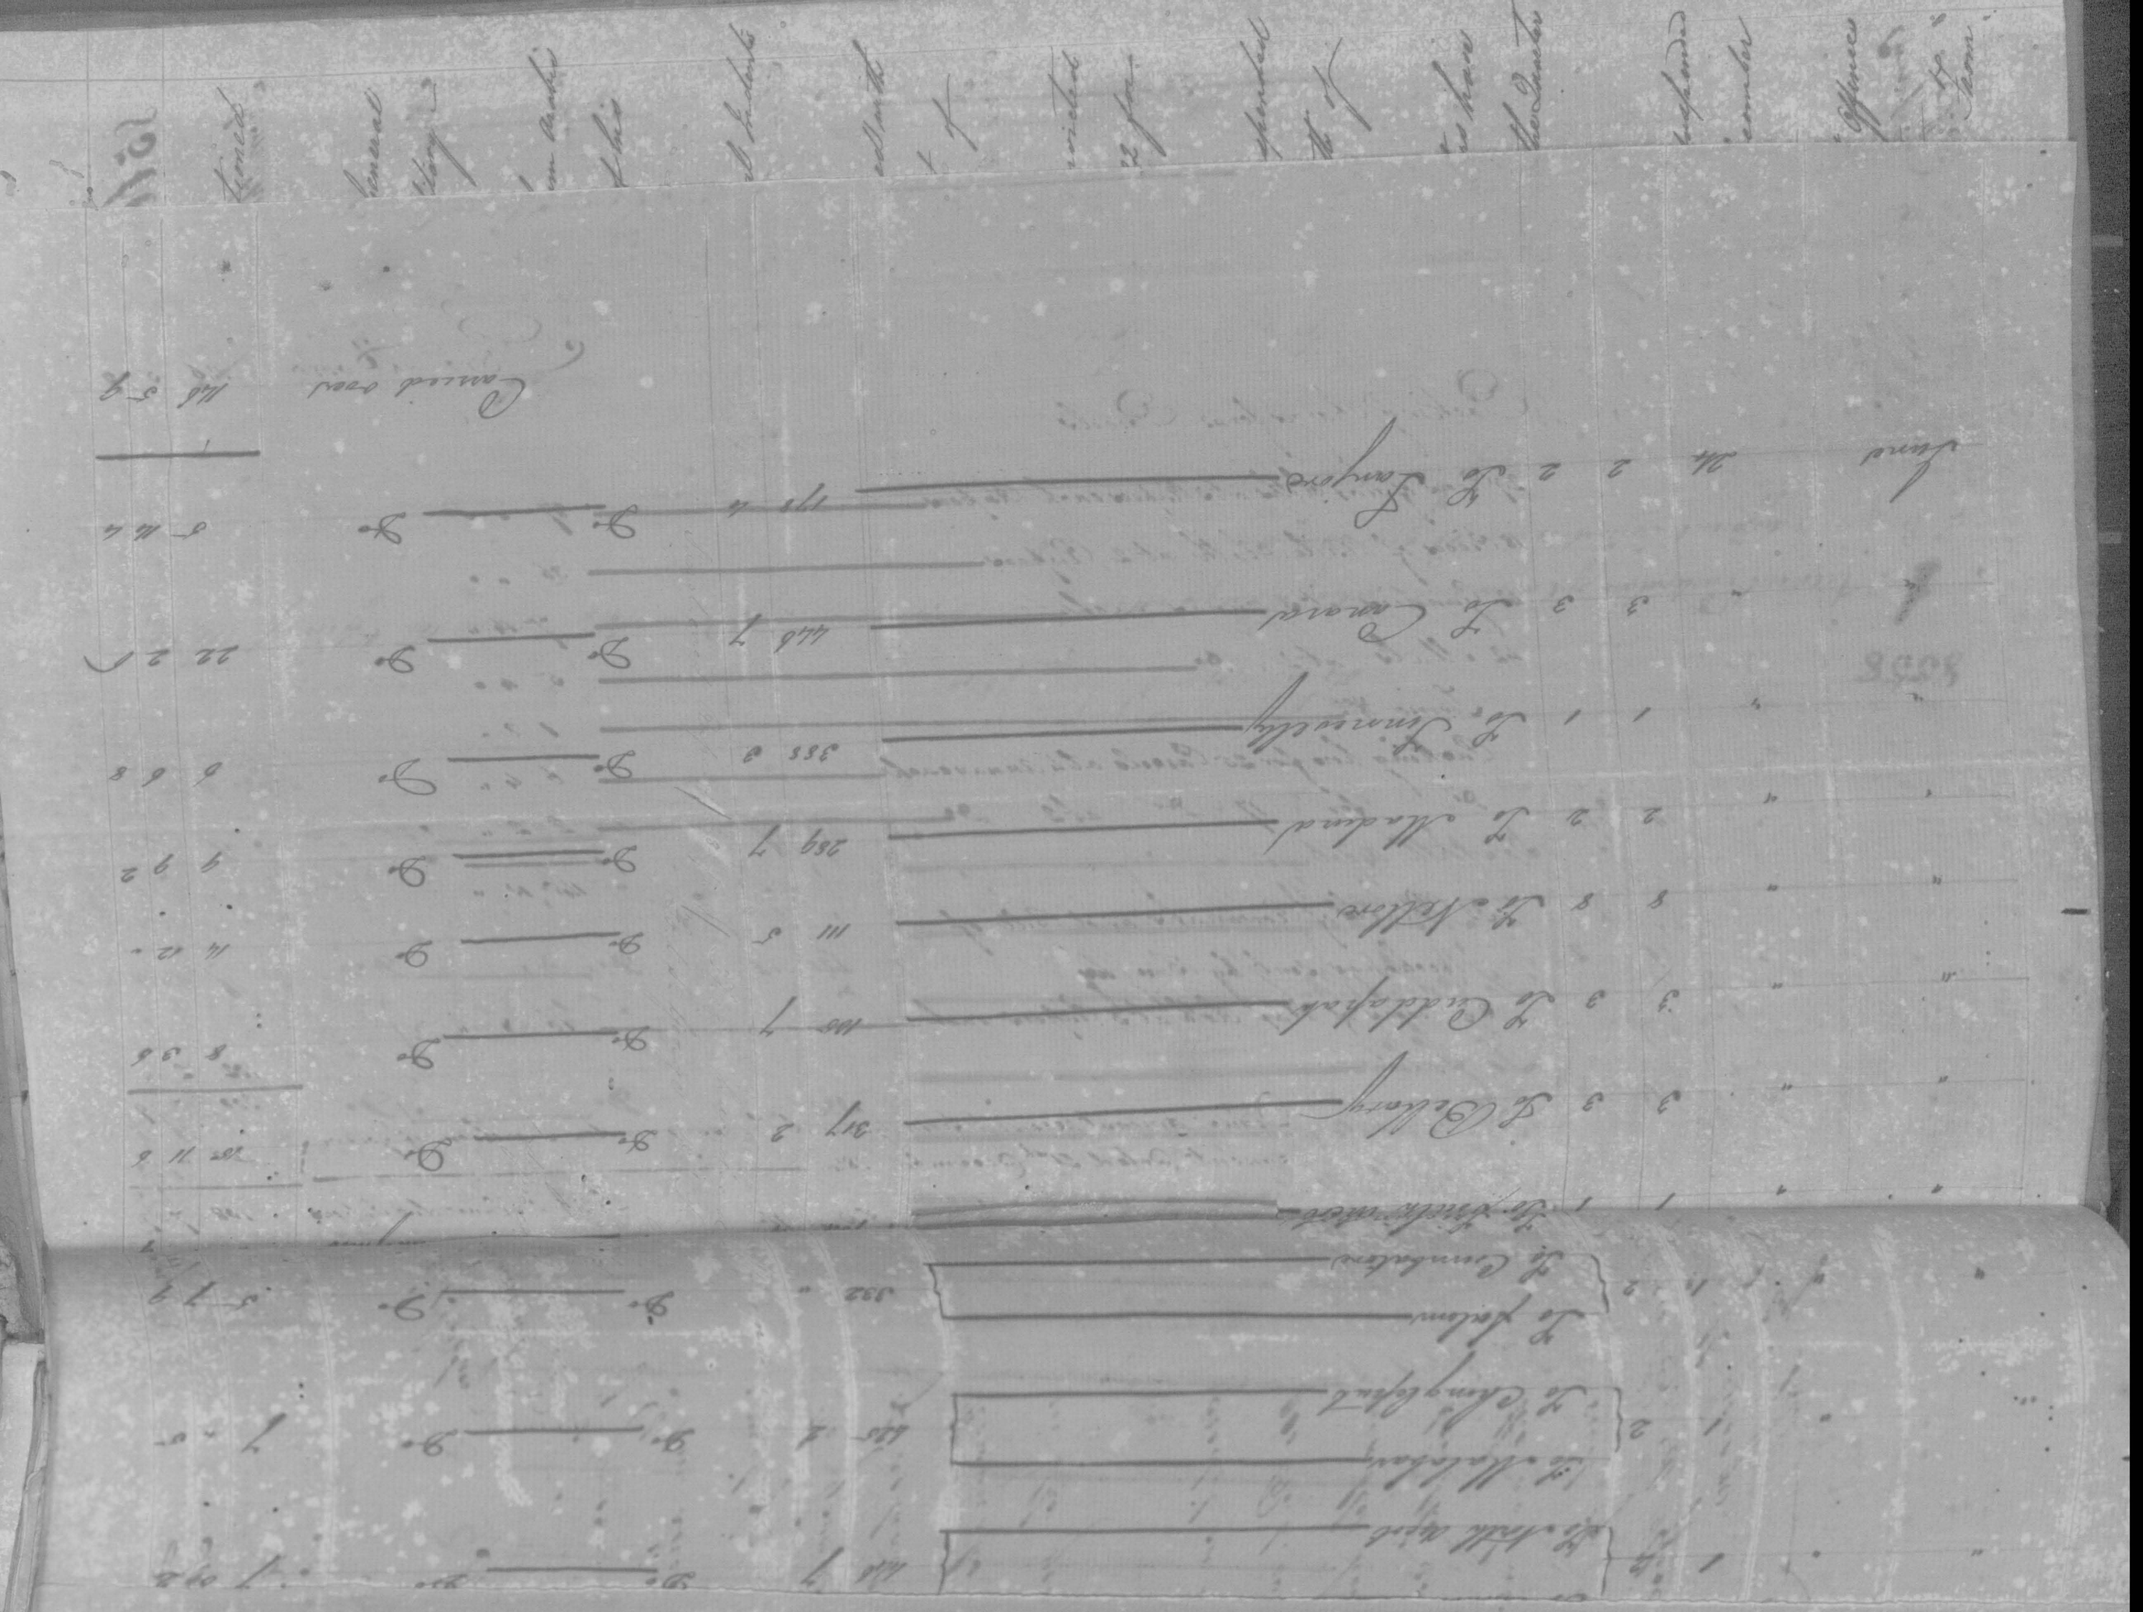

With reference to the resolution of Government under date the 21st December 1844. I am directed by the Board of Revenue to submit for the special sanction of the Most Noble the Governor in Council the accompanying Bill of actual charges incurred in conveying Salt Rowanahs &c. from this Office to different Collectors in the year 1844/45 amounting to Rupees 318-7-9-

The Board further request that credit in the General Treasury to the extent of one Rupee may be granted to their Secretary to enable him to make the requisite advances for the current year. The account particular of the actual charges will be submitted at the end of the year.
