1. The Right Hon'ble the Governor in Council concurs with the Board in opinion that the claim advanced by Soobaraya to participate in the pension granted to the sons of the late Rajah Chandra Chuary is inadmissible but he does not think that the other Petitioner Ramaswamy Ayen whose right is not denied should be altogether deprived of assistance out of the allowance conferred on the elder branches of the family

2. In consideration also of the distressed

circumstances in which Soobaraya
one of the individuals who enjoyed a part of
the pension is represented to have left his
Widow and Son. His Lordship in Council
is pleased to allow a portion of the
allowance held by him for their support
He therefore directs that Rupees 10 - 10 - 0
the amount that has now lapsed to

At the urgent request of Patamunda Seebaroo Sub Sheristadar, I beg to forward the accompanying Petition praying for advancement in some other District.

2 This Petition was transmitted direct and returned with an observation that the address should be submitted to the Collector if Ganjam I had previously when applied to by the Petitioner declined interfering in the matter, stating that he

had (after) applied direct to the Collector of Guntoor.

3 Sir, I instruct her, I find had recommended Patamunda Seeban Row for Promotion elsewhere on the ground that his services were not now required in this District. For once I concur with my predecessor, I am at a loss to conceive how a Sub Collector could have been employed here consequently a Sheristadar for his Office was equally uncalled for.

He (candidate himself to) tho' he has not served much under my immediate orders is esteemed a clever Revenue Officer and I should be glad to see him provided for elsewhere.

From the Collector of Masulipatam

Sir,

Para 1. I have the honor to forward herewith copies of two Precepts received from the Civil Court at Masulipatam together with the Courts Proceedings directing the sale of the Moolahs of Kykaloor and Bhoojabalapatam belonging to Rajah Sooranany Vencalapaty row Zemindar of Mylaveram Vce in satisfaction of Debts due to Sait Brijee Mohundoss Sowcar, and Vuttam Crootna Sastroolo, as likewise Copies of Precepts issued at the instance of Veloo Baumiah, and Pottoory Coosalaramiah, the execution of which is for the present suspended.

Submitting an advertisement for the Sale of the Estates of Kykaloor Doommedy and Chenna Poudracoon under the circumstances herein stated, and requesting sanction to his so doing on account of Government. No 3864

It will be observed that the

2. claims of these Creditors against the Estates in question amount to Rupees 75054-12- as noted in the Margin in addition to which there are arrears due to Government amounting inclusive of interest to Rupees 98724-8-9½ should

3. Should it become necessary to give full effect to the Courts Precepts in regard to these Estates the Boojabalapatam Mootah will have to be subdivided as a portion of it only is answerable for the amount due to V. Crooshna Sastroolo - The Kykaloor Mootah however is mortgaged wholly to Sait Brijee Mohundoss, and should he not consent to the terms which I shall presently suggest that I may be empowered to offer him, or should the offering of such terms be considered inexpedient by the Board or Government it will be necessary to sell the Mootah outright.

4- Considering it incumbent upon me to afford to the zemindar such assistance as may be in my power, consistently with a due regard to the interests of Government, with the view of extricating him from his embarrassments, I have done my best to Induce Sait Brijo Mohundoss to acquiesce in the terms offered him by the zemindar who has been for some time past in Bunder endeavouring to effect an arrangement by which the sale of his property may be averted - I regret to say that the Sowcar has hitherto refused to listen to any

any terms which do not involve the immediate payment of a larger sum of Money than the zemindar is able to command. I have however little doubt that he will eventually consent to a compromise should he find that the Board are of the same opinion as myself in regard to the extent to which the Kykaloor Mootah may be held answerable for the arrears of Peishcush due by the Proprietor of it to the Government.

5. The Mylaweram zemindar is involved in very heavy liabilities both public and private. He is indebted to Government in a large sum amounting to not less than Rupees 3,71,270 15-10- On account of current and arrears including interest outstanding on his several Estates noted in the Margin, all of which with the exception of Mylaweram, are at present under attachment, and some of them have been so for a long period of years - The capabilities of

6. The annexed Marginal Statement shews that the Collections for the last three years in 4 out of the seven Estates belonging to the Mylavaram Zemindar

Zemindar has not even been sufficient to meet the Peishcush demand on each.

7. The two Estates, for the disposal of which Precepts have been issued, are situated in the vicinity of the Colair Lake, and had of late years much improved in value owing to that reservoir having received abundant supplies of water from the Godaivery. The annexed Memorandum exhibits the results of the Settlement of the last two years as contrasted with that of the two years immediately preceding, and unless the supply of water in the Colair should fail, which there now appears no good reason to apprehend there is every prospect of the Zemindar being able eventually to defray from their surplus resources, not only the balance due to Government but the amount for which they at present stand mortgaged.

8. It is clear therefore that

Fort St. George 24th July 1845.

that the enforcement of the Courts Precepts, by depriving the Zemindar of the fee simple of these his two most valuable Estates, would entail upon him almost irreparable ruin. I trust however that the Government will be induced to extend to him that consideration which they have in so many instances shewn a readiness to exhibit under similar circumstances; particularly as the assistance required in the present case may be afforded by the mere postponement of a portion of the present demand of arrears.

9. The creditors for whose claims the Mootah of Boojabalapatam is mortgaged, have expressed their willingness to forego their requisition for the sale of that Mootah, on condition of receiving a "moiety" of the surplus proceeds of each year after payment of the current Peishcush commencing from Fusly 1254, A.D. 1844-45, the other moiety being available in liquidation of the Government demand on account of arrears. I beg

to

Fort St. George 24th July 1845.

to recommend that this arrangement may be submitted for the sanction of Government, and that I may receive authority for offering similar terms to the Sowcar Brejo Mohundoss, on condition of his consenting to a postponement of the Courts Decree in his favor.

10. Should the Sowcar however insist upon nothing short of the sale of the Kykaloor Mootah, rejecting the offer for the gradual liquidation of his debt, which the Government may be pleased to make him as the alienation of the Mootah from the Zemindar will then be inevitable, I conceive that the Government, having done all in its power to consult the interests of both parties will be perfectly justified in taking such steps as may be warranted by the Regulations for the protection of its own interests. And as there can be little doubt that the whole of a Zemindar's property

of

that the enforcement of the Courts Precepts by depriving the Zemindar of the fee simple of these his two most valuable Estates would entail upon him almost irreparable ruin. I trust however that the Government will be induced to extend to him that consideration which they have in so many instances shewn a readiness to exhibit under similar circumstances: particularly as the assistance required in the present case may be afforded by the mere postponement of a portion of the present demand of Arrears.

9. The creditors for whose claims the Moolah of Boojabalapalam is mortgaged, have expressed their willingness to forego their requisition for the sale of that Moolah, on condition of receiving a "moiety" of the surplus proceeds of each year after payment of the current Peishcush commencing from Fusly 1254, A.D. 1844-45, the other moiety being available in liquidation of the Government demand on account of arrears. of

8997 Fort St. George 24th July 1845.

of whatever description, is answerable for the satisfaction of all arrears due by the Proprietor to Government, and as moreover the arrears due by the Mylaweram Zemindar have been shewn to amount to a larger sum than can be expected to be realized even if all his Estates were put up to auction I would suggest that the Mootahs of Toommedy and Chena Pondracca which I have already recommended to be sold in any event, should be put up simultaneously with the Kykalore Mottah, and that I may be authorized to bid for all three on account of Government, to the extent of the balance due upon them collectively

Should the Board be pleased to concur in the above suggestion, I have the honor to request that the advertisement herewith submitted may be published in their offices.

Extract from the Proceedings of the Civil Court of Masulipatam under date the 4th July 1846.

1. Read Petition No. 30 of 1846 presented by Sankara Sarabhiah Pleader on behalf of Vuttum Cristnasastry Plaintiff in Original Suit No. 36 of 1834 on the file of the late Provincial Court Northern Division.

2. The Petitioner states that under the Raujeanamah filed in the above Cause a sum of Rs. 16626 — a. 0 — p. 5 is due to him by the Defendant Rajah Sooranany Venkatapatty Row who has

Fort St. George 24th July 1845.

has failed to conform to the conditions of the Raujeenamah and the several Postponements Petitions put in in the late Northern Provincial Court.

3. He therefore prays that under the provisions of Act VIII of 1843 the Record of the Suit alluded to above may be sent for from the Special Commissioner's Court and that a Precept may be issued to the Collector of Masulipatam directing him to put to sale the 13 Villages of Boojabalapatam &c. which were mortgaged to him under the said Raujeenamah and after satisfying the Government Peishcush due on them, to remit the surplus to this Court for the purpose of being paid to him together with subsequent interest up to the date of payment of the same, as well as the Costs of this Petition.

4. Read also Petition No. 95 of 1844 presented by the same Pleader on behalf of the same party requesting that orders may be given soon on his Petition No. 30 and orders issued to the Collector of Masulipatam for the sale of the 13 Villages of Boojabalapatam &c. mortgaged to him under the Raujeenamah filed in the said Suit.

5. The Petitioner also prays to be furnished.

3. With reference to the Court's Proceedings of the 11th Ultimo upon Extra Petition No 130 of 1841 referred to above, which directed the Assistant Judge of Masulipatam to report to the Court the average value of the Property of the Defendant in this case already seized with a view to take this Petition into consideration and pass orders relative to the mortgaged Villages- the defendant states, that as it will be very disgraceful for one of his rank in life to allow his dwelling Houses to be valued by Peons, he has satisfied the Plaintiff with the following conditions. that he is to pay him some money within the 25th Instant,

that

Fort St George 24th July 1845.

that in default of doing so, the Court on a Petition being presented by the Plaintiff, is at liberty to cause the property of the Defendant (already attached) to be sold, and the proceeds paid to the Plaintiff; that until that time the property of the Defendant now under attachment of the Court should be kept as before, and that the Court should issue a Precept to the Court below directing that the mortgaged Villages be made into subdivisions and then sold to the amount of the Plaintiff already made he therefore prays that a Precept may be issued to the lower Court, not to make a valuation of the property already attached. —

4. The Plaintiff states that he is satisfied with the foregoing arrangement made by the Defendant, and prays as above; and that the mortgaged Villages may be subdivided and sold. —

Pottoory Coosala Ramiah Plaintiff Petitioner

1. Read again Extra Petition No. 82 of 1843, presented by S. Sarabhiah Pleader on behalf of Pottoory Coosala Ramiah, Plaintiff in No. 24 of 1835 late Northern Provincial Courts' file.—

2 The Petitioner states with reference to Rajeenamah as well as the Post pone Petition No. 468 of 1841 on the file of the late Provincial Court Northern Division, entered into between himself and the Defendant Sooranany Venkata-patty Row, in which the 6 Villages of Autapaaka &c. of the Mootah of Bogjabalapatnam in the Zemeendary of the Defendant within the Jurisdiction of this Zillah, were mortgaged to him, he petitioned the late Provincial Court in No. 345 of 1842, stating that the Defendant had failed to abide by his promise, and requesting to cause the abovementioned 6 Villages to be sold in satisfaction of his debt, that the Court accordingly on the 13th July 1843 issued a Precept to the Auxiliary Court to that effect, that the Defendant having made certain further promises to discharge the debt, he

he on the 12th February 1843, again presented a Postpone Petition, that although the time limited in the said Petition has expired, the Defendant has neither made any arrangements with him nor requested a further Postponement.—

3. He therefore prays that the record of Proceedings in the case may be sent for and perused, and a Precept issued to the Collector of Masulipatam directing him to sell the abovementioned 6 Villages of Autapaka &c. and to collect, and pay him Rs 5,532-6-4 together with subsequent interest on the principal sum of 2,900 at 1 Rupee per Cent, from the 8th increasing Moon of Maugha, of the year Soobacrostoo to the date of payment as well as Rs 2-4-0 the costs of this Petition.—

4. Ordered that Copies of this Petition, and of the Rajeenamah filed in the case by the parties before the late Northern Provincial Court, and of the Extra Petition No. 114 of 1843 presented by them to that Court, be sent to the Collector of Masulipatam, with a request to collect the Amount noted in the Margin, by the sale of the mortgaged Villages of Autapaka, Polamurroo, Calacooroo, Pydechintalapaudoo,

Referring to your honor's order No 116 of the 11th Instant, on the subject of the then Collector having reported to the higher authori-ties, the Circumstance of a quantity of Salt, purchased and measured to Lambady Rai at the Parallo Cotaar of this Tanah the day previous to the gale in May 1843 or Fasly 12 having been destroyed, together with many bullocks and other articles belonging to the aforesaid Lambady and that as it was necessary to understand who those Lambadies are, where they are

Fort St George 24th July 1845

are at present: what quantity was then purchased by that Naick: and what was the value thereof: I should enquire and make a concise report on the subject. I beg to state that a Naick named Dharawah Ram came to the Parallo Cotaar on the 19th May 1843, and encamped with about 200 Bullocks, close to the Salt yard No 1 and caused the measurement of the Salt he proposed to purchase to be commenced the same day. He received to the 20th of the same Month from No 16 heap, 4 Garce and 320 Marcalls of Salt of the Manufacture of Fasly 1250 and paid on the 21st of that Month 126 Rupees and on the 26th May 123 Rupees 6 Annas 7 Fice.- Total 549-6-7- towards the amount to the extent of which he proposed to purchase Salt; and he had to receive to that date 173 Marcalls.- The gale destroyed (out of the 4 Garce and 320 Marcals of Salt) 4 Garce and 20 Marcals. The Lambadies lost 50 or 60 Bullocks, and that the Squad consisted of 8 families. It is now a fortunate and

and benevolent thing that the mis-fortune and lo
this Naick sustained to the extent of 40
Garce and 20 Marcalls of Salt will be
as suggested by the Tanahdar on the 4th
June 1846 Arzee No 106 with Enclosure

the price of the 40 Garce 20 Marcalls

Para 1. I have the honor to furnish for submission to Government the Report on the Moturpha of the District required by your letter of the 10th April last and to forward the Statements called for as also others on the English and Native Languages for reference on the subject.

2. I &c.

Fort St. George 24th July 1845

3 In Fasly 1216 Colr. Ino being of opinion that a fixed and certain of Revenue should be realized from the derived Profits on Trade, called for Statements exhibiting the population of the different and classified the Inhabitants of the District under three heads Vizt. 1st those exempt to exemption 2ndly Ryotwarry, 3dly Coolies the latter of which Classes were made liable the Sax and having calculated the annumible of the subsistence of each Class and the probable sum they could devote towards carrying on Trade fixed 15 Pr. Cent the average Profit they would derive, and on the Total amount of Profit so derivable levied as Sax an assessment of 1/2 per Cent and accordingly a Double Beriz or fixed assessment for each Talook was decided on as the standard, as exhibited in Column 2 of Statement No. 4.

4. The Profits supposed to derivable on Trade Vizt. 15 per Cent seem however to have been rather over rated, as this amount of Double Beriz, which the Board will observe is very much higher than those subsequently fixed by

Fort St. George 24th July 1845.

by Messrs. Ross, Hanbury Dalzell has never been at any year 1022 The Amount of Assessment leviable under is Sax has since been better determined one accurate Account of Exports and Imports ent of Trade, Population, Production of articles general state of the District as regards the 33 tion of the Inhabitants and on more authentic mation on these points, the Profits actually Sax having been more correctly ascertained, have been computed at less than 15 per Cent. lying from 10 to 12 Pr. Cent. This therefore as the for the reductions that have taken place from the several Double Berizes

5. The mode in which the Sax is assessed and levied is rather intricate as accounts The Double Beriz or Standard fixed Mr. Dalzell (Column 5 Statement) which in the aggregate is less than those estimated by former Collectors from the time of Colonel Munro, is the one, the assessment is levied according to, as near as circumstances will admit of. The Merchants of each Talook settle among themselves the respective shares they individually have to contribute according to the Comparative extent of Trade they respectively carry on, and the profits they

derive

Fort St. George 24th July 1845

3 In Lusley 1216 Colo. & Co. being of opinion that a fixed and certain th[e] of Revenue should be realized from the derived Profits on Trade, called for Statements exhibiting the population of the different and classified the Inhabitants of the trict under three heads Vizt. 1st those ect to exemption 2ndly Ryotwarry, 3dly Coolies 2 latter of which Classes were made liable the Tax and having calculated the amount incurrible of the subsistence of each Class and the probable sum they could contribute towards carrying on Trade fixed 15 p[r] Cent the average Profit they would derive, on the Total amount of Profit so derivable levied as Tax an assessment of 1/2 per Cent and accordingly a Double Beriz or fixed assessment for each Tuloork was decided on as the standard, as exhibited in Column 2 of Statement No. 4.

4. The Profits supposed to be derivable on Trade Vizt. 15 per Cent seem however to have been rather over rated, as this amount of Double Banny (which the Board will observe is very much higher than those subsequently fixed by

Fort St. George 24th July 1845.

by Messrs. Ross, Hanbury, and Dalzell) has never been at any year realized. The Amount of Assessment leviable under this Tax has since been better determined on more accurate Account of Exports and Imports, extent of Trade, Population, Production of Articles, and general state of the District as regards the condition of the Inhabitants and on more authentic information on these points, the Profits actually derived having been more correctly ascertained, they have been computed at less than 15 p[r] Cent varying from 10 to 12 p[r] Cent. This therefore accounts for the reductions that have taken place from the several Double Berizes.

5. The mode in which the Assessment is assessed and levied is rather intricate as to accounts. The Double Beriz or Standard fixed by Mr. Dalzell (Column 5 Statement No. 4) which in the aggregate is less than those estimated by former Collectors from the time of Colonel Munro, is the one, the assessment is levied according to, as near as circumstances will admit of. The Merchants of each Tuloork settle among themselves the respective shares they individually have to contribute according to the Comparative extent of Trade they respectively carry on, and the profits they derive

Fort St. George 24th July 1845.

desires thereby, and they divide the Cheesabady Pagoda, which is the symbol of the distribution of the Tax, into as many shares as there are Annas in a Pagoda Viz.t 160,* and settle among themselves what number of these Cheesas or shares they ought to agree for respectively. No one contributes and agrees for more than a full Cheesabady Pagoda which is equivalent to 160 shares, and is rated in money at a valuation from Rupees 40 to Rupees 77 8 as exhibited in Column 9 Statement No.4 and Annas or Cheesa is the lowest share.

* there being 10 fanams to a Pagoda and 16 annas to the Fanam 10×16=160.

6. When all those in each Talook who are liable to this tax have come to an understanding among themselves as to the number of shares they respectively agree for, the sum total of shares is taken, and the number of Cheesabady Pagodas, at 160 shares for the Pagoda, is ascertained, and each Cheesabady Pagoda is rated and assessed in Rupees at a valuation sufficient to bring the amount of Assessment leviable equal to the Standard or Basil Berry fixed by Mr. Balzell, a little higher or lower, according to encreased shares dependant on the season, Crops or badness of Trade affecting exports

Fort St. George 24th July 1845.

and imports. This equivalent of the Symbol of the distribution of the Tax is therefore augmented in proportion as the number of shares contributed decreases, and Vice Versâ. Thus for instance in the Talook of Cambum the number of Cheesas or shares parties have settled among themselves is liable to amount to as many Annas as there are in Pagodas 78-2-7 the number of Cheesabady Pagodas contributed for (Vide Column 8 Statement No.4) making the whole amount of shares Viz.t 12519 bear an assessment of Rupees 5,281 7 3 (Column 10) which assessment is leviable from the Parties in proportion to the number of shares they have respectively taken or rendered themselves liable to, by mutual agreement in settling the matter among themselves, in proportion to the extent of Trade they carry on, in comparison with each other.

7. The rate of assessment fixed on each share must therefore vary in each Talook in the same year as well as in the same Talook every year according to the number of them taken, the amount leviable on each being increased or decreased by such a rating or graduated valuation being fixed in proportion to their number falling

falling short of, or exceeding that required by any fixed rate of Assessment to bring the Amount totally assessed to the level estimated and intended.

8. The Amount to be realized from this Tax is estimated from time to time by the Collector in consideration of the Population, Consumption, and Trade of the different Talooks in the District, and the apportionment of the relative rates of contributions is thus left to the Contributors themselves, who being intimately acquainted with each others circumstances are best able to determine Symbolically in Vees as the rate of assessment which are proportioned to the varying extent of their Traffic.

9. The graduated scale in Number of shares or Vees as to the Vees abady Pagoda enabling as it does a Merchant to be rated at any number from 1 to 60 would be well enough if the Amount he is rendered liable to was ascertained by a different and more simple process of calculation, as it affords a latitude for all parties concerned to take shares according to the extent of Trade they respectively carry on in proportion to each other, but when it is considered that the valuation on each share varies according to

to the rating in every Talook - this latitude afforded in the number of shares is too great, and renders accounts very perplexing - moreover the application of the Term Vees abady Pagodas, Fanams and Annas to denominate Symbolically the distribution of the Tax as regards the rate of assessment Parties are liable to, is incongruous as to any conciseness in the system of accounts, and inconsistent as to all rules of Arithmetic.

10. I certainly think that the present mode of levying the Tax objectionable in-as-much as setting aside even the unnecessary intricacy of Accounts it involves, Persons liable to be rated cannot at the time they agree among themselves as to the proportionate number of Vees as or shares they ought to take up, calculate the actual amount which will be levied from them, as the assessment is fixed and made up after all the shares or Vees as have been agreed for in the manner I have already mentioned, there being no fixed valuation on each share at the time. They can only calculate on the relative proportion they will have to pay in

Comparison

comparison with their neighbours to make up the Talook Assessment which is afterwards decided by the valuation so fixed on the full Veesabady Pagoda (or 160 shares) which valuation or equivalent of the Symbol of the distribution of the Tax is increased or decreased according to the number of Veesabady Pagodas or shares taken.

11. The computation therefore as to what Persons have to pay who have taken shares from 1 to 160, as the case may be, at rates of Assessment differing in every Talook, is unnecessary, perplexing, and tedious in the way of Accounts. I am inclined to think it would be a far more simple plan and desirable in every point of view if parties were to agree for shares at a fixed valuation, and I would therefore suggest that the amount of Talook Assessment be fixed in the first instance and that Parties be required to make up the Amount among themselves calculating the sum they will each be liable to, by the valuation or Assessment leviable on each share, being known to them at the time. I would fix the value of each share at

at 2 Rupees. and would propose that the lowest portion of a share for which any Person should be allowed to contribute should be 1/4th being equivalent to 8 annas and denominated a Loawney. The Amount of Talook Assessment leviable being determined upon according to circumstances, state of the season. briskness or dullness of Trade, consumption &c. &c. &c. Parties who are intimately connected with each others affairs and circumstances in the trafficking line can make up the amount of Assessment by taking shares, and in taking such number of shares proportionate to their dealings in Trade they carry on; they know at the time what amount they are respectively liable to. Statement No. 5 is illustrative of the plan now proposed. The total amount of Double Beriz fixed by Mr. Dalzell is 72,017-15-9 which being divided by 2 gives the number of shares Viz. 36009, for the whole District. the Assessment of each Talook being known; the number of shares required to be taken is ascertained by dividing the amount fixed by 2.

12. Instead of according to the present system effecting a proportion Increase or Decrease in

in the rate of Payment by a tedious process of calculation with a view to bring the amount to be realized to correspond with that which has been estimated, with due regard to the welfare of the Merchants with reference to the accounts of Population, consumption and Trade of the Province; by the proposed plan the amount of course calculated and fixed by the same accounts proper for realization by the Tax can be decided on at once, and the circumstances of Parties being able to calculate while determining on the relative shares they contribute, the equivalent in Money they will severally be liable to, cannot I think but render the tax more popular, affording satisfaction to all Parties concerned.

13. Another plan which I would beg also to suggest as a reform on the present system is that fractional parts of a full Teesa or share up to the full share. the full share should be equivalent to 32 and the lowest fractional part $\frac{1}{32}$ to 8 annas. Parties might render themselves liable to any amount by the addition of these fractional parts, agreeing for any fractional part of a Teesum they think suitable to

Rs 32	1	Teesum or full share
" 16	1/2	Addaga
" 8	1/4	Patika
" 4	1/8	Paraka
" 2	1/16	Teesum
" 1	1/32	Ara Teesum
" 1/2	1/64	Cawney

to the amount they ought to be rated for.

14. If the two plans proposed which are both simple and easy of calculation I am inclined to give preference to the former, and would beg to recommend the adoption of one or the other in preference to the one which prevails at present in this District, and which I have often wondered has existed so long.

15. The Tax cannot be uniform as regards the same class of People who contribute towards it as the rates of Assessment they are liable to, are proportioned to the varying extent of their Traffic. The poorer Traders must in some measure be dependent on the wealthier ones for the means of carrying on their Trade, and it may be taken for granted that the influence which those that are better off than their neighbours always acquire, will be exerted to their own benefit in the process of fixing the rates of Assessment. Under any arrangement inequality cannot altogether be avoided in the distribution of the Tax. Nothing short of integrity and honesty of feeling towards each other devoid of all selfishness for personal advantage on the part of the more influential contributors, can possibly render the distribution of the Tax

as

Fort St. George 24th July 1845.

as equal as we would wish it to be.

16. I am therefore inclined to think that the Tax falls heavier on the poorer classes of Merchants than on the rich that the latter do not contribute their proportionate share according to the extent of their Trade and Profits and although the exercise of the privilege and right vested in Merchants in distributing this Tax among themselves is not in all respects without fault, consequent on the influence the richer classes have over the poorer, still in my opinion the system is as good as any that can be devised. Any interference on the part of the local Native Revenue Officers would only aggravate the evil, by the authority vested in them placing too much temptation in their way in affording opportunity for bettering their own condition by marks of favouritism and by partiality which are not bestowed for nothing.

17. Under the head of Bagyp Vessabady which comprises the other branch of the Motturpha, Taxes are levied from the following classes of Persons under 7 Classifications. Viz.t.

1. Weavers
2. Cotton Cleaners
3. Shepherds
4. Smiths and Stone Cutters
5. Smelters of Iron Ore
6. Workers of smelted metal into bars
7. Labourers, Coolies &c.a under "House Tax"

18. The rates on Looms having been increased beyond that originally fixed, the Tax was found to be too pres.s

Fort St. George 24th July 1845

press hard on this class of Ryots depriving them of sufficient profit on the labour they employed in the manufacture of Cloths, and Mr. Ross in Fusly $\frac{1222}{1811-12}$ consequently fixed in all the Talooks 14 Deeds or classifications of Rates on Looms and regulated the rate of Assessment in proportion to the various descriptions of cloths woven the looms being classed according to Quality. The number in the various descriptions of Looms as classed under different Deeds or rates had decreased on the date and the Amount of Assessment leviable on them fallen short and to raise it to its proper standard the rates have been in consequence raised so that those fixed by Mr. Ross have not been lasting. A Statement No. 6 exhibiting the number of Looms in each Talook, their different classifications as to quality and rates fixed on them the Collections leviable together with the Increase and Decrease in the present and past Fusles is submitted.

19. As regards the Tax leviable on Shepherds it was settled that 100 Sheep should constitute a Flock and the rates leviable on each Flock have been fixed according

according to the profits the owners are supposed to derive in different Talooks taking into consideration the Assessment paid by Persons of this class during the period of the former Government. There is only one class of Flock in each Talook, but the Tax varies very consi: derably in all the Talooks as compared one with another as will be seen by Statement — No. 6 the highest rate of Tax for a Flock — being 28 Rupees the lowest 8 Rupees.

20. The rates under the different Heads of Baggy Veesabuddy leviable from arti: ficers of various denominations have also been increased in number as well as raised since the time of Mr. Ross.—

21 The Classification of implements comprehends the looms of Weavers. Bows of Cotton Cleaners. Fires or Forges of Workers in Metals. working Tools of Carpenters and Smiths. The remaining description of Persons paying the Impost being assessed under the general Head of House Tax with reference to their circumstances and Supposed earnings subjoined to Statement No. 6 is a list shewing in detail the various classes of

Peopte

People under each head who contribute towards the Baggy Veesabady Tax.

22. It will be observed from Statement No. 6 that the number of rates differing with each other as to classification and fixed throughout the whole District as leviable from those having looms is 63, the Tax on them va: rying from Rupees 14 — 13 — the highest to 7 Annas, which number appears to me unnecessarily high this great variety of rates — serving no purpose but to lengthen & perplex accounts. The different descriptions of Looms and the supposed Profit Persons derive in the manufacture of Cloths of various qualities can never vary so much as to require such — a minute classification of rates 63 in number and progressing from 7 Annas to Rupees 14 — 13 — by a scale so gradual. The Tax is leviable in proportion to the number of Looms a Person may have the quality of Cloths he weaves according to the descriptions and quality of his Looms and the profit he is supposed to derive; yet in fixing so many rates there is a needless perplexity of Accounts which doubtless renders it by no means easy to arrive at the just amount a Person ought to be rated at as it must frequently happen when the number of rates in the aggregate is so great, and they vary

according to the profits the owners are supposed to derive in different Talooks taking into consideration the Assessment paid by Persons of this class during the period of the former Government. There is only one class of Flock in each Talook, but the Tax varies very considerably in all the Talooks as compared one with another as will be seen by Statement No. 6 the highest rate of Tax for a Flock being 28 Rupees the lowest 8 Rupees.

20. The rates under the different Heads of Baggy Veesabuddy leviable from artificers of various denominations have also been increased in number as well as raised since the time of Mr. Ross.—

21. The Classification of implements comprehends the looms of Weavers. Bows of Cotton Cleaners. Fires or Forges of Workers in Metals. working Tools of Carpenters and Smiths. The remaining description of Persons paying the Impost being assessed under the general Head of House Tax with reference to their circumstances and supposed earnings subjoined to Statement No. 6 is a list shewing in detail the various classes of

People

Fort St. George 24th. July 1815.

People under each head who contribute towards the Baggy Veesabudy Tax.

22. It will be observed from Statement No. 6 that the number of rates differing with each other as to classification and fixed throughout the whole District as leviable from those having looms is 63, the Tax on them varying from Rupees 1 4 — 13 — the highest to 7 Annas, which number appears to me unnecessarily high this great variety of rates serving no purpose but to lengthen & perplex accounts. The different descriptions of Looms manufacture of Cloths of various qualities can never vary so much as to require such a minute classification of rates 63 in number and progressing from 7 Annas to Rupees 1 4 13 — by a scale so gradual. The Tax is leviable in proportion to the number of Looms a Person may have the quality of Cloths he weaves according to the descriptions and quality of his Looms and the profit he is supposed to derive, yet in fixing so many rates there is a needless perplexity of Accounts which doubtless renders it by no means easy to arrive at the just amount a Person ought to be rated at, as it must frequently happen when the number of rates in the aggregate is so great, and they vary

so

so much in the several Talooks both as regards the number in each and the several Amounts leviable (the highest rate in one Talook Summulmudgoo being Rs. 14 — 13 — as the highest rate in another being 1 — 13 —) that some no doubt are rated higher than they ought to be, while others who can better afford it are rated less. The same observations apply to the Cotton Cleaners, Smiths and the Artificers as exhibited in Columns 2 — 4 & 7 of the same Statement, the details of which shewing the number of rates in each Talook under each of these Heads as also the highest and lowest rate fixed in each Talook are entered in separate Statements No. 7 — 8 — 9 — 10 11. & 12. —

23. There is likewise a want of uniformity in this Branch of the Moturpha as regards the same classes of Persons being rated to it as will be observed in looking into these Statements not only in respect to the number of Deels or the graduated scale of rat in each Talook when compared with each other but to the highest and lowest Amoun of rates fixed in each Talook which varies considerably throughout the District in every Head under which this tax is levied. For instance

instance no less than 63 different rates are fixed as leviable on Looms throughout the District while the greatest number of rates actually levied in any one Talook is 13 and this number only occurs in two Talooks Viz. Summul: mudgoo and Koilgoontlah, the average number of rates in each Talook being 8. The highest Amount to which a Person is rated for Looms in one Talook is Rs. 14 — 13 while the highest in another is Rs. 1 — 3 — . The highest Amount one Person so rated for Bows for beating and cleaning Cotton with, in one Talook is 7 — 8 while in another the highest Amount Rated is Rs. 1 — 15 — . There is a Comparative difference in the lowest rates between each Talook when extremes are also taken.

24. In no two Talooks in comparison with each other do the rates as actually levied correspond hardly in number under the several Items comprising the term Baggy Vesabady and in the aggregate number of rates for the whole District it will be observed that out of 63 there are 28 that have only been levied in one Talook under Looms as will be seen by Statement No. 7. and 20 rates

corresponding

corresponding in classification are only entered as leviable in two Talooks. The same want of uniformity will be observed on a reference to the other Statements Nos. 8 - 9. 10 - 11 and 12 as regards the rates fixed for the whole District compared with the few leviable in each Talook and the number of Instances in which the same Rates is not leviable in more than one, and in only 2 or 3 Talooks.-

25. The tax is levied from Person according to the extent of Profit they derive from their Profession or calling in proportion to the number of Implements rated and comprehended in the classification under the Head of Baggy Veesabady, they possess and Trade being brisker in one Talook than another will account for the comparative difference in the rates thus leviable in the several Talooks as to the highest and lowest in each under all the Heads of Baggy Veesabady which necessarily cannot render the Tax uniform, yet the great want of uniformity may be in some measure remedied by limiting the number of rates under each Head still allowing the scale of them to be sufficiently graduated to be adapted to

all classes in every Talook.

26. With a view to a more uniform system of rating I would beg to propose that the number of rates under such Items comprising the Baggy Veesabady Tax as are exhibited in Statement No. 13 be limited to the number therein respectively specified.

27. The scale of rates under each Item is sufficiently graduated to be suitable to the profits of all contributors, and the reduction in the number of the rates will have a tendency to make the rating more uniform by the same Rates falling more frequently in the several Talooks, while at the same time it will not afford such opportunities for partiality on the part of the Native Officers in the Talooks in making the Annual Settlement of this Tax.

28. The Veesabady and Baggy Veesabady Taxes are comprehended under the general Term Moturpha and as in the case of Land Revenue, the Collections due on the Moturpha is commenced in November when 50 per Cent on the whole Assessment is collected and the remainder during the 5 following Months at 10 per Cent per Mensem.

29. The Revenue leviable from the Moturpha

Fort St. George 24th. July 1815.

Moturpha is realized by the same agency as the other Branches of Revenue Viz.t through the Tahsildar of each Taluk and the only charge incurrible is in the Taluk of Chetwaid Amounting to Rupees 17—8— account of Salary to a Peon deputed to collect the Tax from the contributors in the Village of Weboolumpett for which Amount remission is allowed.

30. The percentage therefore of the charge referrible to this Tax on the Amount of Rupees 144621. 8—8. being the collections of Moturpha for Fusly 1254 is Pice 2/10—

31. The proportion borne by the Moturpha to the Land Revenue of the District is Rupees 7—9 per Cent on a calculation of the latter being Rupees 2052052 which it was in Fusly 1253.

32. Under the general Head of House Tax coming under Bayyr Veesabady two classifications are made Viz.t Casub and Bayyr Casub. The Class of People coming under the latter denomination gain their livelihood by Coolly and by service under Ryots and by means of Palanshies or cultivating anothers' Land on condition of their receiving ½ of the produce

Fort St. George 24th. July 1815

produce their earnings gained by their own Industry are consequently very scanty and barely sufficient for a Subsistence. The Tax may therefore be considered to press severely on this class of People. This Item appears to me to be the only one decidedly open to objection and I therefore think it expedient that the Tax leviable from this class of People should be exempted. The tax imposed on them individually varies from 4 Annas to 7 Rupees as shewn in Statement No. 14 and the total Amount derivable under this Item as exhibited in the Accounts of the Current Fusly is Rupees 8,387—4—

Head No. 7 number No. 6

33. The Tax on shepherds may be considered the one that is next less free or rather open to objection in as much as it must in some measure discourage Agriculture and Industry and is levied from a class of People who are generally poor and consequently unfit subjects of Taxation. Flocks are every where used for manuring dry and Garden lands and are to be put to the occupiers of the Soil for a certain number of nights according to wage well known in the District and a Tax upon them must necessarily discourage the rearing of

Fort St. George 24th July 1845.

of Sheep I think a reduction in the rates of Taxation under this Item would be attended with beneficial results in regards the prosperity of the Ryots as well as the Shepherds It would lend greatly to increase the number of Flocks which would in some measure make up for the deficiency or loss of Revenue caused by the reduction of the rates. Ryots would be enabled to improve their Lands at a less expence and would give a stimulus to industry and improvement of agriculture.

34. Under this impression I beg to forward Statement No. 15 shewing the reduction in the Tax, I would propose to make in the several Taluks, as also that in the number of rates for the whole District. I have reduced the number of rates from Rupees 20 to Rupees 8 and the Imposts which appeared high in some Taluks in comparison to the that levied in others has been better regulated and equalized according to the feature of each Taluk the demand for Sheep for the sake of manuring Lands the profits derivable according to the wage in each Taluk as

Fort St. George 24th July 1845

as regards the rate received for letting out a flock by night, and according to circumstances dependent on profits derivable in other ways (combined more less with each other) such as on the selling of milk of the Sheep, Ghee &c., and on the disposal of the fleeces or in using them for the manufacture of Cumblies on which latter account they are assessed as weavers in addition to this Tax imposed on them.—

35. The loss of Revenue that will be occasioned by the reduction now proposed is trifling. I do not the reduction now proposed is trifling. I do not however anticipate it will be permanent but that an increase in the number of Sheep to be expected will soon bring the Tax to the former Peria in which case it will admit of further reduction. Under any circumstances the reduction in the rates of this Tax will be considered a Boon to those who contribute towards it and can be easily made up in the aggregate on the Peerabady, as those who contribute to the exigencies of the state have been by a fixed abolition of the Sayer which relieves them from the payment of all duties on articles of their own consumption and on which they derive a Profit by Traffic.—

36 I must apologize for the delay in furnishing this report which has been unavoidable, for at the time your 2d letter calling my attention to your former one was received, none of the Statements which had been required from the several Talookdars to enable me to furnish those the forms you called for had been received. they have taken some time to prepare and as I have only lately been sent. I have lost no time in submitting this Report and have used every exertion in my power to get it through my hands as expeditiously as possible.—

9088 — Fort St. George 24th July 1845

Read again letter from the Acting Collector of Chingleput dated 13th ultimo and Entered in Cons. 21st Instant.—

Ordered that the abovementioned letter and the previous correspondence on the subject be submitted with the following address:—

To, The Chief Secretary to Government

Sir,

35.

To the Chief Sec. to Govt. — Submitting explanation called for by Govt. on certain items of Charges incurred in the District of Chingleput — 24 March 1845

I am directed by the Board of Revenue to acknowledge the receipt of the Extract from the Minutes of Consultation &c dated 10th March last, No. 318, and to submit the following explanation regarding the items of Charges noticed in Paras 3-6-7 and 8.—

Para 1.

From Collr. 15th Instt. 31st March 1845
To Do. 21st Do.
From Do. 21st April Instt. 8th May
To Do. 8th May
From Do. 19th Instt. 29th May
Proceedings 29th Do.
From Collr. 13th June Instt. 21st July

Para 3. Extract Minutes of consultation 10th March 1845 Item No. 11 in the Statement No. 3030 from the Collector of Chingleput regarding the allowances paid from the public treasury on account of Pagoda and Mosque allowances:—

2. From the accompanying correspondence with the Collector of Chingleput it will be seen that the total annual allowances payable to the different Pagodas in his District amounts to Rupees 37,338-11-3 and that with the exception of the Pagodas at Sooramaneypooram and Scholaveram, the allowances to the remaining Pagodas correspond with those originally fixed for those several institutions in commutation of the Inamees Meerahs &c. of those Pagodas respectively.—

3. As regards the village of Sooramaneypooram it appears that until

From Coll.r 24th April Inf.d 2d May 1819 - until the year 1819 it was in
To Ditto 27th May - - possession of certain Brahmins
who claimed it as belonging to the Pagoda
in that village, but there being no Sunnud
or other valid document in support of the
claim, the village was in that year resumed
under orders of the Board and an allow-
=ance of 70 Rupees per annum was auth-
=orized to be paid from the revenues of the
From Coll.r 10th Inf.d village for the expense of the Pagoda. In
22d Aug.t 1825 -
Para 45 - 1825 the Collector reported that the collec
=tions fell short of this annual allowance
and suggested that when the net receipts
+Para 18 Bd's Proceed- fell below 70 Rupees the amount of such
=ings 24th Oct.r 1825 receipts only should be paid to the Pagoda.
Submitted to Gov.t 27th Idem. - This suggestion was approved by the Board
and has been acted upon to the present time
Inf.d 29th May 1845. as will be seen from Mr. Freeze's
letter of the 19th May 1845 - It will also be
observed from the same letter that the
average collection for the last 5 years
during which the Survey assessment has
been in force is Rupees 83-12-11, and as the
=Collector is of opinion that this amount might
in all ordinary seasons continue to be
realized, the Board concur with him that
the annual allowance to the Pagoda may
be henceforth fixed at 70 Rupees, and
they recommend that Sanction may
be

be granted for this amount -

4. The village of Sholaveram
From Coll.r 5th May Inf.d was originally granted under Shrotreem
26th June 1835. - tenure for the support of the Pagoda of that
village subject to a quit rent of Rupees
582-1-11 per annum but the Durmacarta
Rupees 1767-2-10. having fallen in arrear to a large amount
the village was resumed and the arrears
written off under the authority of Government
Inf.d 5th Sep.r dated 26th December 1834 - It then became
1835. necessary to make a provision for the
From Coll.r 20th May expenses of the Pagoda which were esti-
Inf.d 1st June 1835. =mated by the Collector at Rupees 300 per-
Proceedings 1st June = annum - The Board authorized the ap-
=propriation of the surplus revenue of
the village, after payment of quit rent,
for the support of the Pagoda as long as the
amount should fall below 300 Rupees
and an allowance of 300 Rupees when the
improved resources of the village ad-
=mitted of it - It will be seen from the
Inf.d 21st July Collector's letter of the 13th June last that
1845. the revenue of the village had greatly
improved since the introduction of
the Survey in Fasly 1248 the average sur-
=plus revenue from that period being Rupees
1028-10-10. The Board therefore recom-

5. The total amount payable to Pagodas in the Chinglepute District as stated in Para 2 of this letter is Rupees 37,338—11—3, inclusive of the allowances now proposed to be fixed for Soobramaney poorum and Sholaveram, for which the Board recommend general Sanction may be granted to obviate future retrenchments on the part of the Civil Auditor. The Board are not aware of the circumstances under which it has been required to request sanction annually for these allowances but it will be seen from Mr. Breese's letter of 15th March last that the Civil auditor has objected to pass the charge for Fusly 1252.—

From Collr. 4th April 1835 Cons. 20th Do. 20th Do.

the accompanying correspondence from which it will be seen that the two Measurers on the permanent establishment at Covelong having been found insufficient for the efficient discharge of the duties expected of them the Collector has proposed to employ in their place hired Measurers to be entertained according to the exigencies of the moment, and to be paid at the rate of 60 Cash per Garce. The actual disbursement on this account since Fusly 1245 when the change was introduced is noted in the margin and it will be seen that it falls below the amount of pay authorized for the two Measurers. Under this explanation the Board recommend that the same system may be allowed to continue.

Reporting on a Petition addressed to Govt. by Revd. F. Xavier regarding the discontinuance of a Mauniem said to have been formerly granted to the Roman Catholic Chapel at Elapauktam.

(34.)

Sir

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 15th May last calling for a report on the subject of Petition addressed to Government by the Revd. F. Xavier

2. In October last, the Revd. F. Xavier addressed the Collector pointing out that a Mauniem of 12 Cawnies was formerly granted to the Roman Catholic Church in the Village of Elapauktam in the Carangooly Talook, and requesting that Cawnies might be now allowed, as the discontinuance of the former Mauniem had rendered it difficult to support the Church and keep it in repair.-

3. In reply to this address the Revd. F. Xavier was

Fort St. George 24th July 1845.

was informed that, on a careful examination of the records, including the accounts in the possession of the Village Curnum, no entry appeared of the Mauniem of 12 Cawnies which was said to have been formerly granted, and to have been discontinued during late years, and that the Collector was not authorized to grant any new Mauniem without the orders of Government..

4. It appears that the Revd. F. Xaviers' request for the endowment of a Mauniem of five Cawnies in support of the Church at Elapauktam is founded on there being a Mauniem of the same extent in aid of the Roman Catholic Chapel in the Village of Karivapumpoondy, which is also under his superintendence.-

5. The enquiries which I have made shew that the Church at Elapauktam though very old is in serviceable order but that the small building in its vicinity for the accommodation of the Priest when he visits the Village has fallen into disrepair. The Sunday service is performed in the absence of the Priest by a Native Catechist, and the regular congregation consists of 19 families, but 41 other families in the surrounding Villages also attend on the high festivals. These families all belong to the lower orders and their poverty prevents their contributing to the support of the Church.-

Resolution thereon.

144-5.

The Board authorize the sale of the land referred to in the foregoing letter, and direct that the Advertisements received with it be published in their office Wednesday the 10th September next fixed for the day of sale. The Collector will be pleased to make a corresponding alteration in the Advertisements published in this Districk.—

46.

Proceedings thereon.—

Recording observations and orders of the Board on a letter from the Principal Collector of Madura dated 18th April 1845 explaining how a sum of one Lac of Rupees had been invested on the Public Securities on behalf of the Sevagunga Zemindary at a time when there was a balance of Current Peishcush unprovided for.—

Read again letter from the Principal Collector of Madura dated 18th April and entered in Consultation 5th Ultimo.—

In their Proceedings on the Settlements of the Sevagunga Zemindary for Fusly 1252, 53, dated the 27th of February last, the Board remarked that it appeared from the Account Current which accompanied the report for Fusly 1253, that the Principal Collector had invested a sum of one Lac of Rupees in the Public Securities on behalf of the Claimant who should eventually succeed to this Estate, at a time when there was a balance of Current Peishcush amounting to Rupees 39,838. unprovided for and they accordingly called for further information in respect to the irregularity pointed out.—

2. In his letter recorded above the Principal Collector states in reply that at the close of the Month of January 1844. there

Fort St. George 24th July 1845.—

there was a Sum remaining in the Madura Treasury to the Credit of the Estate amounting to Rupees 19,506 6 6. all demands for the expired Fusly 1252 and for the Current Peishcush down to that particular date having been fully satisfied. On the investment in question being made, there therefore still remained a surplus on hand of Rupees 29,506—6—6.—

3. The Board regret that the date on which this investment was made and the state of the Zemindary at that time was not explained in the body of the report. From the circumstance of the investment of one lac of Rupees being merely entered in the Account Current for Fusly 1253 without any date to indicate the precise period when the transaction took place and particularly from its being the last item inserted in that account, it was natural to infer that it was made late in the Fusly, when, as the Board remarked in their Proceedings above adverted to there was "an outstanding balance of Current Peishcush unprovided for".—

4. The records of this office do not appear to contain any instructions authorizing the surplus funds of the Estate which might be on deposite in the middle of the Fusly year being at that particular time transferred to the Public Funds, and in the absence of any positive orders

to

Fort St. George 24th July 1845.—

to that effect, the Board are still of opinion that the propriety of the course adopted in the present instance of investing so large a sum as one lac of Rupees in the middle of the Fusly was questionable and adverting to Clauses 1st and 2d of Section XVI Regulation V of 1804 it would appear that Mr. Blackburne had overlooked the provision therein declared Vizt that previous to the Surplus Funds of the Estate being appropriated for the purchase of the Public Securities of Government, the approval of the Court of Wards should have been obtained, and 2dly that it was incumbent upon him to have transmitted to the Court of Wards the securities or other vouchers for the amount invested for the purpose of being deposited in the Government Treasury in the usual manner—

And the sum in question been retained in the Madura Treasury until the expiration of the Fusly, it would have enabled the Principal Collector to have liquidated in full the entire demand of Government due for Fusly 1253 instead of, as before remarked, permitting a balance of Current Peishcush to remain outstanding at its close.—

5. It is satisfactory to the Board however to learn from the present communication that the whole of the Peishcush demandable against the Zemindary including not only the arrear of Fusly 1253 but also the instalment due up to the expiration of the registration when the Proprietor was placed in charge of the property was fully satisfied by the end of the Month of December 1844 from the proceeds of the grain sold, and that the surplus received in excess was duly carried to the credit of the Zemindar.—

From the Acting Collr. Sea Customs, at Madura

Stating that Quantity on Cotton landed into Vadasa in last year from the Ceded Districts appears to have considerably exceeded the Quantities of same landed in 1844 under the impression that the orders and rules in force on the subject had already been issued and as they would not be annulled from the ensuing season

Sir

With reference to your letter of the 3d Instant I have the honor to state that the only information which I can discover on the records of this Office as to the grounds on which Mr Underwood was induced to suspend the Collection of duty on the Cotton imported here from the Madura District in the months of April, May and June of last year, is contained in the accompanying Extract from his letter to the Chief Secretary to Government dated the 18th May 1844 in which he refers to the orders of Government issued in 1836 for exempting Cotton from duty when transported by Sea from one port to another under this Presidency. It will be within the recollection of the Board that the Act X of 1836 came into operation on the 1st July and without any previous intimation and it seems probable therefore that the Collection of the duty in question would have fallen hard upon the Native merchants who had entered into contracts to supply Cotton at this Presidency under the impression that

Fort St. George 24th July 1845.

that the orders for exempting it from duty would remain in force or that they would not be annulled without some previous notice being given by which they might regulate the terms of the contracts they might be making.—

Para 21 I further beg leave to refer to the Minutes of Consultation of Government respecting Cotton dated 3rd March 1836, respecting the Shipment of Cotton from one Port to another. As Cotton was to be exported free from a Subordinate Port for Madras and to be imported at this place free, under this order, I have not considered it advisable to make any change, pending the instructions of Government as I apprehend that the same view has been taken by the Collectors of Tuticorin, the more especially as the contract for the present year had been entered into by Merchants under the impression that no change would take place, moreover the duty on Cotton is passed, especially on Western and

Fort St. George 24th July 1845.

and to have enforced a duty on Import would have subjected Cotton Contractors to great loses on the Cotton not exported consequent upon its being rejected by the Contractors. I also beg to refer to the Notification of the Supreme Government respecting Cotton exported to Ceylon and to the papers which induced Government to concede the indulgence granted by the order of Government dated 3rd March 1836 and respectfully request most earnestly to recommend that it be continued.—

To The Chief Secretary to the Government of Fort St. George

Sir,

With reference to your Despatch of the 19th April last to the address of Mr. Secretary Bushby, I am directed by the Governor General

General in Council to observe that the distinction proposed to be conferred upon Soolooche-mum Moodeliar seems to have been well earned by that individual in the erection of the Bridge over the Tamparapoorny river at his sole expence, and His Excellency in Council is of opinion that the grant of such title should emanate from the Government of Fort St. Saint George-

2- The terms of the Notification dated the 9th October 1834 may be adhered to, but with this exception, that in the present case the title is not to be hereditary. The original papers received with your letter are herewith returned-

Mr Thomas will be pleased to communicate with Sooloochenum Moodely and to suggest to the Board the title which in his opinion can most fitly be conferred upon that individual with a view to connect his name with the highly useful and public spirited work which he has constructed, and which would be most likely to be gratifying to his feelings- The Collector's attention is drawn to Fort St George Gazette for 1834 Page 715 shewing the title bestowed upon the author of a like undertaking on a former occasion-

Read the following letter from the Secretary to the Board of Revenue — Submitting a correspondence with the Collector of Trichinopoly on the subject of a piece of Nungah land attached to the Easparam Pagoda at Naringalapoody in that District reported to be fallen to decay and not calculated to be of any Public convenience — Stating that under the provisions of Regulation VIII of 1817 it should be considered as having escheated to Government and recommending that the land be sold and the proceeds of the sale together with the small amount now in deposit be carried to the Credit of Government.

(Here enter 12th June 1845 No. 379)

The Most Noble the Governor in Council sees no necessity for the sale of the lands referred to in the foregoing letter and is of opinion that as they have under the provisions of Regulation VII of 1817 escheated to Government by the decay of the building to which they were originally attached, they should be incorporated with the Government lands and included in the annual Settlements.

From the Secy. to Government. Communicating observations and orders on the Board's Proceedings relative to the Settlement of the land Revenue in the District of Coimbatore for fusly 1253.

Extract from the Minutes of Consultation under date the 23d July 1845.

Read the following Extract from the Proceedings of the Board of Revenue. Relative to the Settlement of the land Revenue in the District of Malabar for fusly 1253 A.D. 1843/44.

(Here enter 29th May 1845 N: 369.)

Para 1. The season of fusly 1253 in the District of Malabar is represented not to have been altogether favorable. the abundance of the rains having at different places proved injurious to the first crops. The supply of Grain however was reckoned to be an average one. and the quantity taken from the District equal to that of the preceding year. There was no want of produce in the District throughout the year. whilst there was a small rise in the market price of rice. with the exception of Pepper. Garden produce generally was abundant.

2. The Settlement of the year amounted to Rupees 1,20,104-9-3 and compared with that of fusly 1252 exhibited a nominal decrease of Rupees 80 owing to the revenue of the Nelgherry Hills since transferred to the Coimbatore Collectorate having been included in

in

Fort St. George. 28th July 1845.

on the Settlement of the latter year. Taking the amount of this revenue to account the result of the Settlement is an increase of Rupees 3890 in favor of fusly 1253.

3. Of the above demand Rupees 18,901 2-4 were collected within the fusly and the Balance of Rupees 31,092-4-8 outstanding at its close, has been reduced by subsequent collections to Rupees 2,221 which are reported to be in progress of realization.

4. The collections from land and all other sources of Revenue amounted in fusly 1253 to Rupees 3,10,290-13-7 and compared with fusly 1252 exhibited a decrease of Rupees 27,331-10, of which 17,014-12-10 being from the Ceded Districts to Coimbatore, the remainder was owing chiefly to a falling off in the Salt and Sea Custom revenue. The revenue of fusly 1253 nevertheless exceeded the average of the 10 years preceding it, on the sum of Rupees 1875-2-4, and the result therefore may be deemed satisfactory.

5. Agreeably to the recommendation of the Board of Revenue conveyed in Para 13, Government Grant authority for writing off in the accounts of the Malabar Collectorate the arrears of former years reported to be irrecoverable Amounting to (Rupees 1037-15-9) One Thousand and thirty seven Rupees 15 Fanams and Pice Nine.

Fort St. George. 28th July 1845.

6. There is still a balance of Rupees 1304 4-8 outstanding part of which is supposed to be recoverable but the greater portion is pronounced to be doubtful and on these items the Collector will report as early as practicable.

7. The Government concur in the propriety of the remarks recorded by the Board of Revenue in paras 6 and 7 on the practice prevailing in Malabar of Granting remission for failure of crops and the limit to which they are of opinion the indulgence should be restricted. The failure of the scheme for Ameliorating the condition of the Cherumers adverted to in paras 9 and 10 is much to be regretted, but under all the circumstances represented of these people there was no alternative than the abandonment for the present, of the experiment.

8. The extension of plantations of the Cocoa, Betel and Jack adverted to in para 15 has afforded great satisfaction, and the Government regard the circumstance, as the Board have justly remarked, as an indication not only of improvement in the condition of those engaged in Garden Cultivation but also as ensuring the permanency of the public revenue.

9. The Most Noble the Governor in Council concurs in opinion with the Board of Revenue that no advantage would be gained by changing the present practice of remitting Gardens at times only when the interests of the

9145. Fort St. George 28th July, 1845.

the Ryots and the Government make it necessary to do so, and that an examination at stated periods would rather be detrimental than otherwise to both parties. His Lordship concurs also in the remarks of the Collector and in the recommendation of the Board that 10 years is the period which new Gardens, or new Plantations, ought to be exempted from Taxation subject of course to any modification that time and circumstances may render expedient.

2. The remaining portions of the Board's Proceedings call for no particular observation from Government.

To the Acting Collector of Ganjam.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 5th March last reporting upon the Settlement of the Amanie Talooks of Ganjam for Fusly 1253.

In Consn. 28th July 1845.

2. In Para 9 of your report the Board remark that in accounting for the large balance of the Settlement of 1253 outstanding at the close of the Fusly you state that "the Bayrij Settlement in the Amanie Talooks of the

Fort St. George 28th July 1845.

"is not a real Settlement of Rent on ground taken "on up occupied and cultivated by Ryotes, "after deductions for loses ascertained to "have been sustained from the operations "of the season." The Bayrij is the engage- "ment of the Ryots at the commencement "of the season from which few or no deduc- "tions are made, and the Balance is the "amount of the engagement not capable of "being realized at the close of the year." With such a System in operation and with very indifferent Management large balances are, you add, unavoidable- but it is your intention to effect a change in the System during the time that you are in charge of the District.-

3. The Board observe that you have not specified the nature of the change which it is your intention to effect, and they desire me to direct that however objectionable may be the mode in which the Settlement of the Amanie Talooks of your District has hitherto been conducted, no alterations of any moment may be introduced without being first reported to them and receiving their Sanction. The Board request that you will be so good as to communicate to them at an early date the measures which you would propose to adopt with a view to remedy the faulty System to which you have adverted.-

between the Zemindar and his brother Ramachendra Row to the share of the former fell Mylaveram Hykaloor and Toomeey to that of the latter Valavadurm Bhoojabalapatam and China Pondraca - In 1833 under an arrangement between the Parties - Bhoojabalapatam was given over to the Zemindar, and on the death of his brother Ramachendra Row in 1840 without issue the two remaining Estates Valavadurm and China Pondraca also devolved upon the Zemindar. ——

total balance upon these Estates, arrears, Interest and Current, amounts to Rupees 374316 - 15 - 10. But one of the seven Mootahs (Mylaveram) is at present under the management of its Proprietor, the remaining six having been attached for arrear at various dates from 1840 to 1844, - The prospect of recovering the Government balance in two of the Mootahs is so hopeless that the Collector recommends that they should be at once brought to sale and the condition of the others seems nearly as desperate - the average Collections from the whole four during the three ⌐

Fusslies 1257 - 2 - 3 not having reached 2/3rds of the Peishcush ⌐ upon them. —

3. The Mootahs to which the present communication from the Collector more immediately relates, are Hykaloor and Bhoojabalapatam - The former of these is mortgaged to Lala Brejo Mohun dos Sowcar for Rupees 47,920 - 13 - the claims of these parties Vuttum Coorattee Sattroolos. Veera

Note. The execution of the precepts issued at the instance of Veera Bauniah and Pottoory Coosalaramiah, is the Collector states for the present suspended - The sums due to these parties are comparatively small Rs 1847 - and 6026 Rupees respectively but the execution of these Precepts will of course be enforced as soon as a that of the other precept is proceeded with. ——

Veera Bhamiah and Pottoory Coosalaramiah upon a portion of the latter amounts to Rupees 27,133 - 15 - in all Rupees 75054 - 12 - for the recovery of which by sale of the Mootahs the Precepts of Court forwarded by the Collector have been issued - The balance due to Government upon the two Mootahs inclusive of Interest is Rupees 98724 - 8 - 9 - Thus the total demand [illegible] public and private (as far as this last has yet been brought forward) upon Hykaloor and Bhoojabalapatam stands at Rupees 173779 - 4 - 9 - ——

4. From Mr. Porters Statement it appears that in consequence of the increased supply of water to the Colair lake whence these two Mootahs are irrigated, their outturn has during the last two Fusslies exhibited a very marked improvement which there appears reason to suppose will be permanent, and as their sale under orders of the Court, which unless the Government interpose, is inevitable ⌐ would entail upon the Zemindar almost irreparable ruin - the Collector ⌐ solicits,

solicits, permission to effect a compromise with the Creditors - The arrangement which Mr Porter proposes to effect with them is, that, on their foregoing their requisition for the sale, they should receive annually in gradual liquidation of their demands, a moiety of the surplus proceeds of the Mootahs after payment of Peishcush and charges, the remaining moiety being carried to the credit of Government in discharge of the Sircar arrears. - The parties who have a lien upon Bhoojabalapatam, have, the Collector states, expressed their willingness to accede to these terms, and altho the Soucar Ashun Dass to whom Hykaloor is mortgaged has not hitherto exhibited a corresponding degree of liberality, there seems little doubt that his acquiescence might ultimately be obtained. -

5. The Board regret that they feel themselves unable to support the Collectors proposal - From Para 7 of his letter it will be seen that the settlement of the two Mootahs Hykaloor and Bhoojabalapatam for Fusly 1253 being the most favorable of the

the years referred to in that Para was Rupees 33,167-0-0 Supposing the whole to be realized, estimating this as the average outturn of future years and taking the Peishcush and charges at Rupees 13157-10 the net annual surplus would thus be Rupees 20,000, and as the public and private claims upon the Mootah Have been shewn above to amount to Rupees 173,779-11-9 the time required for the extrication of this part of the Zemindars property from embarrassment would be eight years and a half - Should interest continue to be charged either upon the private debts or on the Government arrears this period would of course be much longer protracted. - Rupees 17,405

6. The length of time which must elapse before, under the most favorable circumstances, these Mootahs could be cleared from the present encumbrances upon them does not however appear to the Board to constitute the only objection to the suggested arrangement. It has been already shewn that the Aylaverum Zemindar is irretrievably involved -

-ed at the date of the Collectors to more than six times the Peisheush of his estates.—

A From the accompanying statement it will be seen that the arrears upon some of the Mootahs commence as far back as Fusly 1242, and that in the case of none does their commencement date from a more recent period than Fusly 1248- Four of the Seven have been shewn to be hopelessly embarassed - and the only portions of the property which are likely to exhibit any improvement are the two Mootahs to which the arrangement of the Collector has reference. Under such circumstances the Board would be reluctant to advise the Government to forego for years to come, a moiety of the surplus proceeds arising from which any profit can be anticipated.—

7. The Board would be the more reluctant to express themselves unfavorably to Mr Peaters proposal if

if they could consider it probable that its adoption would result in the permanent relief of the Zemindar tho at a remote period - They cannot however entertain this hope - From the former correspondence on the records of this Office regarding the Zemindar, it appears that his private debts are not confined to those for the recovery of which the precepts have lately been issued, and considering that he is at present dependent, for his support on one Mootah only, (Ryaveram) and that burdened with an arrear of Peishcush it cannot with any confidence be expected that he will abstain from contracting fresh liabilities for the future - whatever further debts may now be due (unless specially secured on other Mootahs) and whatever may hereafter be incurred must eventually become chargeable upon Ryaloor and Bezwadah patam, these being

Note See letter from Collector of Masulipatam 12th July 1837 in which he estimates the private claims upon Venkatapatty Row at 200000 Rupees since that date his brother Ram Chendra Row has died in embarrassed circumstances and Venkatapatty Row having succeeded to his estates is of course answerable for the private demands against him.—

being the only portions of the Zemindary property of any value, and thus these Estates would be released from attachment under the Collectors arrangement, only to be seized upon by a fresh set of creditors - The Crosses in the affairs of the Proprietor would be delayed and not averted - and the amount now proposed to be foregone would be lost by Government without any final benefit to the Zemindar. —

8. Should the measure which the Collector proposes fail to meet approval it will, Mr. Porter states, be necessary to sell one of the Mootahs (Hykaloor) and a portion of the other (Bhoojabalapatam) - He has also recommended the sale of two of the other Mootahs under any circumstance, Looking however to the hopeless state of embarassment in which the Zemindar is involved, and feeling assured that no expedient such as that above considered, however benevolent a spirit it may have been conceived would afford him more than temporary relief - the Board feel constrained to recommend that

that the whole of his Estates may be at once brought to sale for arrears, and as they are not, the Collector states, likely to realize the amount of the Public demand due upon them, that they may be bought in on account of Government - On this being done the Board would suggest that, as has already been recommended in the case of the Rajahmundry Proprietors, a certain allowance in land be assigned to the Zemindar for the support of himself and family rent free, but inalienable and so conferred as to be under Section II Regulation IV 1831 not liable to attachment or sequestration by Civil process. —

9. Since the foregoing Paras were written the Board have received the Petition from the Soucar Ashun Dass Mortgagee of Hykaloor herewith forwarded, in which he solicits the early sale of that Mootah - He however strongly objects to the measure recommended in Para 10 of the Collectors letter with the Contents of which he appears to be acquainted - Viz to that in the

event of it's becoming necessary to resort to a sale Flykaloor and two other Mootahs should be put up simultaneously and that the Collector should be authorized to bid for all three on behalf of Government to the extent of the balance due upon them collectively - The Board urges that Flykaloor being an independent Estate with a separate Peishcush should be made answerable only for the arrear due upon it singly, and that whatever balance of it's sale proceeds may remain after the discharge of that arrear ought to be applied in payment of his own private claim - His mortgage being of an earlier date than the arrears upon any of the other Mootahs - It does not seem to the Board to be at present necessary to discuss this question, because from the extent of arrears outstanding against Flykaloor, £6,370—10—7 or nearly 6 times the Peishcush it does not appear to them to be probable that a larger sum will be realized from its sale than will suffice to cover the balance against it - The

Board however propose to instruct the Collector to put each Mootah up to sale separately and if the sum obtained for Flykaloor should prove to be in excess of the demand against it the mode in which the surplus should be appropriated may form the subject of future consideration.——

Board of Revenue
Fort St. George.

(45.)

From the Asst. Collr. of Guntoor, Para 1.

Sir,

I have the honor to forward the enclosed Petition addressed to the Board of Revenue by Vindyaba Vencatapaty Somaya-poolo, Agraharundar of Anamarlapoody, complaining of the orders passed by the Collector, regarding his Agraharum, and to submit the following report on the subject.

2. The subject of this petition is the Agraharum Village of Anamarlapoody situated in the Rohaytsole Tarah.

3. The first point brought forward by the Petitioner, who is the Agraharundar, is that he formerly held his Agraharum at a fixed assessment of 5 Pagodas annually, which was after a period of 12 years, increased by the Vaspereddy Vyemundar, from whom his ancestors held the Agraharum, to Rupees 497-0-0 and add, Petitioner prays it may be reduced to the former amount.

4. Upon reference to the accounts

States that Vindyal. Venctapaty Somayapoolo Agrahrundar of Anamarla- wody appears to have no substantial claim to the reduction of the assessment on the Agraharum Village alluded to as situated in the Chabrole Purgunnah, nor appearing sufficient reason in the petition to grant the Dischargent of annually assessed under the circumstances stated in the petition &c.

9174 Fort St. George 28th July 1845.

Fort St. George 28th July 1845

accounts it appears that the Agrahareums in question have an assessment in fusleis 1203-4 and 5 [previous to the permanent Settlem^t] of Pagodas 5, fanams 22 leash 40, and in fusly 1206 Pagodas 5-6-60, and fusleis 1207 and 8 of Pagodas 5-18-..- From this period up to fusly 1219 the accounts are not forthcoming, but from the last named fusly, it is rated as follows.-

	Pagodas
Fusly 1219 to 1225	125
1226	133⅓

Till fusly 1231, the Remainder connected with this subject are again not forthcoming, in fusly 1231 and 2 ..... Pagodas 126-9

from this period to the present time the assessment has been Rupees 497-1-9 annually.-

5.

It will be observed that so early as fusly 1219 an assessment of 125 Pagodas was fixed, which was also collected up to fusly 1224, approximating to an equivalent to the amount of Rupees 497-1-9 the present assessment. In fusly 1225 Pagodas 63¾ only were collected, and in the subsequent fusly the full assessment of Pagodas 133⅓ was collected. Omitting a period of 4 fusleis for

Fort St. George 28th July 1845

for which the accounts are not forthcoming, the Collections from fusly 1231 to 1239 to the full amount were realized Viz^t. Pagodas 26-9-.. of the first two fusleis, and Rupees 497-1-9 / the present amount of assessment / of the remaining 7 fusleis.-

6.

From fusly 1240 to 1242 at the time of the famine, a balance of Rupees 845-7-6- accrued, which was struck off.-

7.

From fusly 1243 to the present time, a balance of Rupees 3974-5-7 is outstanding. It is not ascertained from the accounts, what amount of assessment was paid by the particular Agrahareums, at the period of the permanent Settlement, but the Collections being made as above stated, gave a prescriptive force to the present rate of Assessment. Under the circumstances the petitioner appears to have no substantial claim to the reduction of the assessment.-

8.

There being many numerous instances in this District, where varieties of crops bear an assessment, greater than what appears by the accounts to have existed before the permanent Settlement the disturbing a course which has existed for a number of years, would produce the greatest confusion and

and appears otherwise objectionable, as from the correspondence* on this subject with the Board it will appear, that the accounts respecting agraharums, and Mauniems at an early period are little to be relied on.—

9. With regard to the attachment of Petitioner's Agraharum, it appears to have been in this condition for several years past, when the assessment fell in arrears.—

10. On the other points mentioned by Petitioner, first, that after his Agraharum was attached under Section 5. Regulation 27 of 1802. orders were given for the attachment of his other landed estates in Godamurras, and Pedacondoor, for the outstanding balance upon Anamarlapaedy Agraharum, it is to be observed that the Regulation quoted appears inapplicable to the present case, and Petitioner appears to hold a tenure concerning which the Provisions of Regulation 28 of 1802 were framed, and that his assertion, that his landed estates in Godamurras, and Pedacondoor, were attached is not correct for the order of Mr. Lockhart alluded to dated 19 February 1845, directs that the crops only be attached in those Villages (in the former of which

which Petitioner has a share in the Agraharum and in the latter Enam land) as the attachment of the Agraharum, did not satisfy the Demands upon it, and my order subsequently of May last was directing the same being moveable property to be sold in case of the amount of Demand equal to the value of the same, not being realized. The process as above described is the attachment of the moveable property of petitioner in satisfaction of the demand against him, under the provisions of Regulation 28 of 1802 which does not appear to limit the attachment to the estate upon which the demand is due, or to protect other moveable property belonging to the defaulter from this process. The 2d. point has been noticed in the last para. The 3d. and 4th. points, the order of Mr. Welsh alluded to, directed the attachment to be confined to the Agraharum upon which the demand was due, as it would probably be sufficient to satisfy it, and that of Mr. Goldingham, directed the arrears to be obtained in the same manner, giving his opinion, that

Fort St. George 28th. July 1845

that the land itself is the proper security for the assessment, as stated in Regulation 27 of 1802 Section 6 Clause 1 To the 5th. point stated by Petitioner, the remarks already made, may be repeated, Viz. that there appears no provision in the Regulation, to prevent the attachment of moveable property other than that belonging to the estate upon which the revenue is leviable.—

Soliciting opinion of Board of Revenue respecting the enjoyment of certain Enam lands by a person under invalid Title.

Sir,

I have the honor to solicit the opinion of the Board on the following point whether Enam lands having been enjoyed for any length of time by a person under invalid Title ought to be considered liable to resumption and reversible to Government when the Enamdar who is justly entitled to the possession of them is present, and has never enjoyed or preferred any claims for the same. There are two cases of this nature pending in the Sub division, in one of which certain Batwantee Enams assessed at 13 60 0 0 are enjoyed by the Reddy of the Village and have remained in the possession of his Family who have no claims whatever to the same, for 70 years while the Person in whose name the Enam has been entered in the Pymash and Enamaty Accounts is alive, being 76 years old, in the other the same description of Enam has been similarly enjoyed by another Person (the Village Barber who performs certain duties of the Pagoda) for 60 years, while the son of the Person in whose name it has

Fort St. George 28th July 1845

has been entered in the same accounts is also present.

2. Neither of the parties who are hereditarily and justly entitled to these Enams respectively and who are Brothers, have ever had possession of or prefered any claims for the same though they seem to have been aware of their rights. They would of course be glad to have the now transferred to them, sooner than that they should revert to Government, but the question is whether the circumstance of their never having had possession of the Enams at all or but having claimed them renders their claims now invalid after the lapse of so many years.

3. I am inclined to think that the Enams ought not to be resumed, but as Mr. Knox the Sub Collector is not of the same opinion I have been induced to make this reference on the subject.

To the 4th Coll.r of Cuddapah

I am directed by the Board of Revenue to acknowledge the receipt of your letter

Fort St. George 28th July 1845

letter of 8th Ultimo soliciting their opinion respecting the enjoyment of certain Butwanty Enam lands held by Parties having no title to them.

2. In reply, the Board direct me to inform you that the cases which you have brought to their notice are undoubtedly highly objectionable, but it is believed that such instances are far from uncommon in the Ceded Districts. The question regarding the revisions of Enams generally in Bellary and Cuddapah has for some time past been under consideration in this Office and it is probable that a scrutiny into the tenures on which those lands are held on a regular plan and in conformity with fixed instructions will be carried out in those provinces at no very distant date. Meanwhile it does not appear to the Board to be desirable to deal with isolated cases. You will therefore be pleased not to interfere with the occupation of the Enams to which you have alluded for the present. On the death of either of the Enamdars in whose names the Butwanty lands are entered the lapse and all particulars connected with it will of course be reported as directed in Para 2 Extract Minutes of Consult.n from 26th April last.

Sir,

Para 1. With reference to Extract Minutes of Consultation under date 21st Instant, I am directed by the Board of Revenue to submit the accompanying letter from the Acting Collector of Chingleput explanatory of the manner in which the Collector of that District interfered in the matter complained of by Dr Kennelly.

2. From the above communication it will be observed that the land claimed by the Native Christians of Madasoon is held by the present Maniemdar in hereditary succession and is Punchangum or Subsidy Maniems having been originally conferred for the performance of certain Ceremonies.

3. It further appears that the Native Christians are not the Merasdars of the Village, but merely Payacarry or Servants brought from other Villages by the Moottahdar and have never had any title to the Maniums in question. Under these circumstances the Board are of opinion that the decision given by Mr Freese was quite correct.

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of order of Government 25th March 1845 forwarding Petition No 327 of 1845 from Behadur Khan Saheb and requesting them to report whether Regulation VI of 1831 is applicable to the case.

57.

To the Chief Secy to Government

Para 1. From the accompanying correspondence with the

Fort St. George 28th July 1845

Chingleput District to whom the Board have referred for information on the subject, it will be seen that the Enam village (Baramaswera-vinnagaram) claimed by the Petitioner was granted in the year 1730 by the Newaub to one Khodeda Mahomed Bahadur in whose name it appears in Mr. Bernard's Survey of 29th June 1773 and in whose favour Summuds were issued by Mr. Collector Balfour dated 8th November 1790 and 6th January 1794. In the year 1815 it was registered in the name of Mahomed Burvesh Khan as grandson of Mahomed Bahadur the originale grantee, and on the death of Mahomed Burvesh Khan in 1841 it was entered in the name of his third son Dulalkhan in whose name it still stands in the Public accounts. The present Petitioner Bahudunkhan Sahib is nephew to Dulali Khan and as such claims a share in the Enam. tho' the lands have been mortgaged by Dulali khan to other parties. Dulalikhan himself supports the claim, with a view, the Collector states of defrauding the Mortgagees.

3. The obscurity in regard to the object for which this Enam village was granted renders it doubtful what Regulation whether VII 1817 or IV 1831 can be said to apply

Fort St. George 28th July 1845

apply to it. The original Summud granted by the Newaub has been lost or destroyed and neither the Survey accounts of 1773 nor Mr. Balfour's Summuds of 1790 and 1794 particularize the precise purpose for which the Enam was conferred. In consequence of the enquiry which took place in 1815 the village was in that year registered as Enam belonging to a Mosque, and that entry has been continued in the accounts to the present time. It also appears that there is a Mosque in the village which is supported from the Enam proceeds. If the Enam be considered as having been granted in support of a Mosque the present case will fall under the Provisions of Regulation VII 1817, as however from the silence of the earlier accounts upon the point there is in the opinion of the Board no sufficient proof that the village was a religious endowment. it appears to them that it may be more properly regarded as coming under Regulation IV. 1831 extended by act XXVI of 1836 as from the endorsement produced by the Petitioner it would seem to have been considered by the Civil court.

in Mr. Crozier's Memo: of 26th March 1845. will be necessary. It has occurred to them that the employment of a Karnatan or manager on a monthly pay of 10 Rupees in addition to a co Goonastah on 6 Rupees might be dispensed with. You will be so good as to state whether this or any other reduction can be effected.—

3. From your Sub Collector's letter of 4th April 1845. it appears that the annual income of the Estate from rents of Houses and lands amounts to Rupees 6,019—9—8. deducting the Government dues to Rupees 3,680—9—5. In the same letter however as in your's of the 25th June 1844 the total value of the property left by Moyanudi Vetil Paramethy is estimated at two lacs of Rupees. The Board request that you will be so good as to explain what amount of personal property was left by the deceased in bonds, Money, Jewels &c. and what arrangement you would propose respecting it.—

Collr. of Sea Customs reporting the circumstances under which certain Cotton exported from the Madura District during the Months of April May & June 1844 was admitted into Madras without payment of Duty.—

Sir,

Para 1. With reference to the Extract Minutes of Consultation under date the 30th Ultimo, I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Sea Customs reporting on the circumstances under which the Cotton exported from the Madura District during the Months of April, May, and June of 1844 was admitted into Madras without payment of duty.—

2. It will be seen that the only information discoverable upon the records of the Sea Customs House upon the question is contained in Mr. Underwood's letter to Government bearing date 18th May 1844 in which reference is made to the orders of Government issued in 1836 for exempting Cotton from duty when exported from one port to another under this Presidency.— It appears to have been the impression of the Collector that the no realization

realization of the Sunfront duty would have fallen hard upon the Native Merchants who entered into contracts to supply Cotton at the Presidency under the idea that the orders for exempting it from duty would still remain in force or would not be annulled without some previous intimation Mr. Underwood stated in his letter that he had not considered it advisable to make any change pending the instructions of Government and under these circumstances the Cotton referred to seems to have passed free as under the former system.—

Resolution thereon

1-2.

Resolved that a copy of the fore-going extract from the Minutes of Consultation and of the Board's letter to which it relates be transmitted for the information and guidance of the Acting Collector of Chingleput with reference to Mr. Freese's letter dated 19th May last.-

Read again letter from the Collector of Ganjam dated 3d and entered in Consultation 17th August 1815.-

Ordered that the abovementioned letter be submitted with the following address.-

To

The Chief Secretary to Government.

Sir,

With reference to Para 2 Extract Minutes of Consultation under date 18th May 1815 prohibiting the payment of Pensions or allowances from the Sirstbundy Collection and directing that all such be disbursed from the Treasury and checked in the usual manner by the Civil Auditor, I am instructed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Ganjam reporting an instance in his District of a pension which has hitherto been defrayed by a deduction from the Village Bariz and not exhibited in the Accounts forwarded to the Presidency.-

2- The allowance referred to in the letter now under submission of the amount of 32 Pagodas per annum was granted to one Geereedarah Bangsing from the Jummah of the Village of Goondrebundy in consideration of maintaining a certain number (20) of Peons for the protection of the Villages and for service when required.- A Puttah guaranteeing the allowance during good behaviour was given to Geereedarah Bangsing by the late Collector under the authority of the late Commissioner. Mr. Pufell has not mentioned this allowance in his report on the affairs of the Zemindary but there seems reason to believe that the omission was accidental- Payment has been regularly made from the Village Collections from the July 1806 on which the Puttah was granted- Geereedarah Bangsing is represented as having done good service to the State in the disturbances which lately occurred in Soondah and Goontoor.-

3. Under these circumstances and as the Collector states it to be desirable that a person of local influence and respectable character like Geereedarah Bangsing should be responsible for the protection of the Country about Goondrebundy, the Board beg to recommend that the formal sanction of Government may be granted for the disbursement of the allowance in question viz. 20 Rupees per annum from the Collectors or Treasury.-

Reply to the Board's letter of the 10th April last reporting upon the Motarpha of the Guntoor District elucidated also with 3 statements the Methods being designated Vesabady and Carrabaddy.

Sir,

In reference to your letter of the 10th April last, I have now the honor to submit in detail the information therein called for.—

Principle upon which the Motarpha has been assessed.—

2. Two Methods of levying the Motarpha obtain in this district, called Veesabady and Carrabady the former being a settlement of the whole tax of a Village at once in one amount the latter an individual settlement.— No fixed principle seems to have been observed in regulating this assessment which abounds in inconsistencies and inequalities.—

Whether it be uniform as regards the same classes of persons rated to it or whether it varies in different parts of the District.—

3. The Motarpha is by no means uniform either as regards the same classes of persons or the same trades. It varies to a great extent in different Tanahs and in many instances in different Villages of the same Tanah, and is raised or lowered according to the comparative prosperity or otherwise of the party assessed.—

5. The subjoined statement exhibits the distinct charges of the Moturpha collections and also the per centage of charges properly referable to it where they are made by the same agency as the other branches of Revenue.— But it must be remarked that the percentage of charges thus referred to the Moturpha is

or Banians who have always been assessed to the Moturpha. This exemption on the part of other casts must, I imagine, have originated in the comatees being the first class of people who resorted to trade as a means of livelihood, since which Bramins Soodras and others has gradually followed the same practice, and the necessity of their assessment appears to have escaped the notice of the revenue authorities.—

What items appear most open to objection—

8. Of the items included in State=ment No. 1 those entered under Nos. 41 & 42 appear to me to be objection=able. The former consists of fees levied on all grain brought into the town of Mungulgherry at the rate of 1 dub per bag. This tax originally levied for the benefit of the Pagoda at that place was, in Fusly 1227, assumed by Government, the right to levy it for the purposes of the Pagoda not being considered legal. The collections from fusly 1240 up to the present time are noted in the Margin. The latter was originally a nuzeranah or tax levied from the weavers by the zemindars of the Sirkar, and since the intro=duction of Moturpha the collection of charges thus refe= by Government. It has never

never varied from Rupees 6 annually, and the weavers have always been regularly assessed to the Moturpha. These two taxes being entirely local in and of an objectionable nature I consider their abolition well worthy of the consideration of the Board.—

9. Another item entered under No. 43 appears to me objectionable. This, which is the in=rent of the rattans growing in the village of Eyoor=pollem, is in no way connected with the Moturpha though it may have been originally classed under this head in lieu of a tax upon basket makers who in this Village are not otherwise assessed. I therefore recommend that I may be authorized to strike this out of the Moturpha and include it for the future in the land revenue collections.—

General working of the system and reforms of which it may be susceptible—

10. My very limited experience does not enable me to offer any matured opinion as to the working of the present system of the Moturpha but the slight insight I have gained into it suggests to me the necessity of equalizing, if possible, the various taxes throughout the districts, and of bringing into operation the provisions of Regulation V of 1832 by assessing all per=sons "exercising arts, trades, or profession which, ac=cording to the custom of the Country, have hitherto rendered persons exercising such arts &c. liable to that tax." It will also be observed that Carpenters and Iron smiths are not taxed though they are I be=lieve held liable in other districts.—

11. The Statements according to the forms Nos. 1-2- and 3. forwarded with your letter under acknowledg=ment are herewith transmitted.—

To, The Chief Secretary to Government.

(28.)

To the Chief Secy to Government

Recommending that donation may be granted to the Collectors of Bellary Coimbatore and Canara in lieu of Establishment proposed by them for the Collection of Customs duty on the frontiers of their Districts respectively and submitting an abstract statement of charges incurred on account of Establishment maintained for the Collection of frontier duties in the Districts of Bellary, Cuddapah, Salem, Madras, Coimbatore and Canara from 1st April 1844 up to the dates when the orders for the removal of the chokies on the Mysore frontier were carried into effect and requesting that donation may be granted for the amounts —

Sir,

Para 1. With reference to Para 8 of my letter of the 10th April last, I am directed by the Board of Revenue to request you will lay before the Most Noble the Governor in Council the accompanying letters from the Collector of Bellary and Principal Collectors of Coimbatore and Canara, submitting statements of the Establishment maintained for the Collection of Customs duty on the frontiers of their Districts respectively as they now stand after the abolition of the chokies on the Mysore frontier together with an abstract prepared in this Office shewing at one view the Establishment as last sanctioned by Government compared with that now proposed to be maintained.

From Bellary
30th April in Con. 1st May

From Coimbatore
12th in Con. 22d May

Extract of a letter from Canara
17th April in Con. 1st May
Para 8 and Enc. 2 and 3 and 4

2. In Bellary chokies are maintained on the frontiers of the Nizam's territories and the Sunkoor Jaghire, the proposed Establishment

9244. Fort St. George 31st July 1845

Establishment for the former amounts to Rupees 237 per Mensem being Rupees 138-7-4 below the Establishment on the frontier as it stood on the 1st April 1844 - With the addition of a small Establishment at the Huzzoor Cutcherry for examining and checking accounts amounting to Rupees 40- the total charge is Rupees 277- per Mensem.

3. Adverting to the extent of the Nizams frontier, the Collector is of opinion that further reduction is impracticable, the Board therefore recommend that sanction may be granted for the proposed Establishment amounting (Huzzoor included) to Rupees 277 per Mensem from the 1st April 1845.-

Sanctioned Rs. a. p.
Rejected 18-12-
Excess 4-4-

4. The proposed Establishment for the Soondoor frontier amounts to Rupees 18-12- per Mensem, or Rupees 4-4- in excess of the Establishment sanctioned by Government 30th September 1844, but it will be seen that the net revenue to Government after deducting charges is estimated at the small sum of Rupees 538-- per annum. The disadvantages to the Jaghiredar and his Ryots arising from the restrictions now imposed on the limited trade of this small territory,

From North to South 10 Do.

† territory are fully explained by the Collector, who also bears testimony to the faithful and good conduct of the Jaghiredar towards the British Government - The Board therefore beg to support his recommendation that the same relief in respect to Customs duty as was accorded to His Highness the Rajah Tondiman, may be extended to the Jaghirdar of Soondoor and under the impression that this relief will be granted, the Board have excluded from the Statement prepared in this office, the Establishment for the Collection of duties on the Soondoor frontier.-

From Govt. 30th Sept. infond 3rd October 1844.

5. The Establishment proposed to be retained in the District of Coimbatore for the Collection of Customs on the frontiers of the Travancore and Cochin States amounts to Rupees 66-8- per Mensem, including a small Establishment at the Huzzoor Cutcherry for the examination of the accounts received from the Chokies, which the Board recommend may be sanctioned from the 1st April 1845.-

6. In Canara the only frontier at which custom duty is at present levied

is

is that of Goa.- The total proposed disbursement on this account is Rupees 502-- per Mensem, or Rupees 54-8- less than the Establishment last sanctioned.- The Board recommend that authority may be granted for the above amount of Rupees 502-- per Memorandum from the 16th April 1845.-

7.- The Board direct me to take this opportunity to state that the Principal Collector of Canara has brought to their notice the necessity of providing additional establishment for the Sales of Salt and Tobacco which have been hitherto carried on in a great measure by the land Custom Servants recently discontinued.- The subject will be submitted for the orders of Government in a separate communication.-

8.- The total amount of Establishment for the collection of frontier Custom duty in the several Districts above mentioned, for which sanction is now requested, amounts in the aggregate to Rupees 865-8- per Memorandum as entered in the margin.-

Bellary ... Rs. 266-8-
Coimbatore ... 277-0-
Canara ... 322-0-
Total Rs. 865-8-

9.- The Board further beg to submit the accompanying abstract Statement of Charges incurred on account of Establishment for the collection of frontier duties in the Districts named in the margin

To T. Pycroft Esqr
Secretary to the
Board of Revenue
Fort St. George.

Sir,

29.

On the Aff. Collr. of Paral. single put - - -

Requesting the reasons omitted, the notion of Board to transfer the salaries assigned the Tahsildarships of Manimungalum Eddapollium

An opportunity having occurred by the decease of the Tahsildar of Manimungalum to make an arrangement for which it was the intention of the Collector Mr. Preese, to request the sanction of the Board of Revenue, I have the honor to address you on the subject.

2. The Taluk of Manimungalum is now in the 2d Class and the pay of the Tahsildar Rupees 85 per Mensem, its Beriz being Rupees 80176. while the Taluk of Eddapollium is in the 3d Class and the salary of the Tahsildar Rupees 70, although this Taluk is of much larger extent than Manimungalum, and its Beriz amounts to Rupees 118777.

3. This disproportion between the size of the two Taluks and the salaries assigned to their Tahsildars has arisen from some Villages which belonged to Manimungalum having been transferred to Coimbatore when that new Taluk was

was formed in fusly 1247. At the same time the duties and responsibility of the Peddapolliem Tahsildar have been increased by the lapse to Government of several large Mootahs, which have raised the Beriz of that Talook from Rupees 42,635 to Rupees 118,797.

4 Under these circumstances, I request, in anticipation of any future general revision of the Moyenzabitah, that the Board will be pleased to sanction the transfer of the salaries at present assigned to the Tahsildarships of Peddapolliem and Manimungalem in order that the higher rate may be enjoyed by the Officer whose duties are most onerous.

From the Collr of Salem

Sir,

I have the honor to bring to

the notice of the Board that the Mootahdar of Royacottah has made a complaint, that when the Left Wing of the 2d European Light Infantry were on their march in January last from Bangalore to Trichinopoly they encamped on some cultivated lands belonging to him and he claims Rupees 60, for loss he thereby sustained. The Tahsildar in his report states that the amount of loss is about 33 Rupees, the assessment of the land on which the cultivation was destroyed is Rupees 16 8 10.

As the Mootadar agrees to receive the Seerah of the land, I solicit the sanction of the Board to refund the amount Rupees 16 8 10 to him.

(38.)

From the Pt. Collr. of Madura— Sir,

Reporting on Petition No. 518 of 1845.

In explanation of petition
No. 516 of 1845. herewith returned, I have the
honor to submit that one Mahamud Kha
=sim Mercayer of Keelacurray held the paddy
contract in Seekul Talook in Ramnad,
for fusly 1252, On his death in 1842 the
Manager

Manager of the Estate demanded payment
of certain arrears due by him from petit-
=tioner, his heir, who took that opportunity
to claim credit of Rs 3841 11 3 for
articles supplied to the palace by his de-
=ceased relative in Fasly 1831/32 when the late
Manager had charge of the Estate.

2.

The present Manager
18th March 1844— brought his claim to my notice; and, called
upon to report the reason of the defaulter's
having passed it over in silence for the last
13 years, suppurated, in his answer on the
29th May following, petitioners claim as per
Memorandum annexed, from which it will be
seen that with the exception of the 3rd
Item of Rupees 224 10 9 per timber supplied
to the late Manager, for his own house at
Edembadel, the remainder, to the value of
Rupees 3617 6 is said to have been
appropriated for the palace use, but in
consideration of the length of time Viz.t
13 years, suffered to elapse before making
his claim, and which ought to have been
instituted during the administration of the
late Manager when he had fair means
of securing payment, if just, the present
Manager was desired to inform Petitioner
his

To. The Principal Collector of Madura

To the Pr. Collr. of Madura
In Cons. 31st July 1845.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 17th June last reporting upon the Petition No. 516 of 1845 / presented by Mohideen abdool Lawder Mercayem.

2. The Board quite agree with you that under circumstances which you have explained, the Petitioner cannot be allowed to take credit for the sums alleged to be due to him for articles supplied to the Palace in liquidation of the arrears outstanding against him on account of the Paddy Contract for Pr. 1252. So however the Petitioner claim is supported by the present Manager it appears to the Board to merit some further enquiry and they would suggest the propriety of you to bring it into consideration upon its own merits and deciding upon it under S. XVIII. R. V. 1804.

3. It is observed, that in his Petition Abdr Lawder states that in several instances since the Estate has been taken under Management debts due to private Creditors have been inquired into and settled. If this be true, the Board request that you will be so good as to inform them of the nature and extent of the claims thus adjusted and the circumstances under which they were discharged without prior reference to the Court of Wards.

Board of Revenue
Fort St. George.

(40.)

From the Pr. Collector of Madura Despatch, transmitting Petition No. 16 of 1845 for certain land in Sheragunmandary.

Sir,

1. In reply to your letter of the 22nd received on the 31st May, on the subject of Original Suit No. 16 of 1845, I have the honor to inform you the Plaintiff therein neither possesses any document or order from the late Zemindar Gavoorivillabavaver regarding Sunnady Aindel referred to in the Plaint nor has he produced any such Documents to the Principal Collector or Demonstrated its return.

2. Complaints having brought to light that certain lands in Authikattoor and Takkoopy Mageanoor were under occupancy on a low grain rent under pretended Cowle, the Ameen of Theroopattoor was required under date the 31st September 1842 to call for production of Documents if any in support of their holdings. The Ameen with his address of the 8th October following submitted an invitation for offers as well as an adiolai or license of cultivation issued by a former Zemindar so far

for a back as Rabanah and Vebanah corresponding with 1806 & 7, & 1807 & 8, the former inviting cultivation of jungle lands on the borders between Sheragunga and Podoocotay on payment of half the fixed grain rent of neighbouring Villages on all lands cultivated with punjah, and the latter limiting the demand on all lands cultivated with Punjah to one fanam a Kooroo kanm

3. On the 24th of the same Month the Ameen was called upon to obtain from the Plaintiff the deed of Cowle for the Punjah under his enjoyment in Sennandy Anadel and Poroonthanaindel, and forwarded with it a Statement shewing the extent brought under cultivation in each year, and the rate of fixed grain rent paid on those lands.

4. In obedience the Ameen with his address, dated 4th November forwarded an original deed of Cowle, dated 26th Chitthra of Parthena, corresponding with April or May 1814, issued by the Zemindar of that period, and Copies on unstamped cadjans of 3 orders issued by his barbar and the Ameen of the Talook.—

5. Reference to the deed of Cowle produced not only satisfied the Principal

Collector

Collector that it respected Poroothanaindel, since it contained specification of boundaries of that Village only, but that in supposed portion thereof the Plaintiff had subsequently reclaimed and brought under cultivation the Anadel, the fixed grain rent of which is now in question, and that he possessed no documents for it. It further satisfied him that his pretensions of the lands being reclaimed in virtue of a general document on the manner of the Villagers was false: because the Cultivation licence alluded to by the Plaintiff provides for Punjah Cultivation only in the name of the Villagers and because it further appeared that in fusly 1239, when the land began to be first brought under cultivation, and when the Zemindar was in possession of the Estate the land in question paid 5 Cullums and 4 Measures per Mah instead of half the fixed grain rent. There are no accounts to shew at what rate the land paid 1242, when the Estate was under assumption, the full fixed grain rent was realized on the land in question Viz. at 8 Cullums per Mah, the full rate was directed to be demanded on the 1st December on all Punjah

land

forebacks as Rabaulu and Vebaudh corresponding with 1806 & 7 & 1807 & 8 the former inviting cultivation of jungle lands on the borders between Shevaganga and Podoocotay on payment of half the fixed grain rent of neighbouring Villages on all lands cultivated with nunjah; and the latter limiting the demand on all lands cultivated with Punjah to one fanam a Kooroukan

3. On the 24th of the same Month the Ameen was called upon to obtain from the Plaintiff the deed of Cowle for the Nunjah under his enjoyment in Seemandy Amdel and Poroonthainaindel and favoured with a Statement shewing the extent brought under cultivation in each year, and the rate of fixed grain rent paid on those lands.

In obedience the Ameen with his address dated 4th November forwarded an original deed of Cowle, dated 26th Chittra of Parthiva, corresponding with April or May 1814 issued by the Zemindar of that period, and copies on unstamped cadjans of 3 orders issued by his barbar and the Ameen of the Talook.—

5. Reference to the deed of Cowle produced not only satisfied the Principal Collector

Collector that it respected Poroothainaindel, since it contained specification of boundaries of that Village only; but that in supposed virtue thereof the Plaintiff had subsequently reclaimed and brought under cultivation the Amdel, the fixed grain rent of which is now in question, and that he possessed no documents for it. It further satisfied him that his pretensions of the lands being reclaimed in virtue of a general document on the manner of the Villagers was false; because the Cultivation licence alluded to by the Plaintiff provides for Punjah Cultivation only in the name of the Villagers and because it further appeared that in fasly 1239, when the land began to be first brought under cultivation, and when the Zemindar was in possession of the Estate the land in question paid 5 Gullums and 4 Mercals per Mah instead of half the fixed grain rent. There are no accounts to shew at what rate the land paid 1242, when the Estate was under assumption, the full fixed grain rent was realized on the land in question Viz at 8 Gullums per Mah, the full rate was directed to be demanded on the 1st December on all Nunjah

lands

lands of Sirunandy Aindel, according to the rate of neighbouring Ain lands, and with reference to the practice observed when the Estate was previously under Government management limiting the demand of the Village of Porom. thaw Aindel held under deed of Cowle to the usual rate of half the fixed grain rent. The tax on Punjah lands was levied as usual at 1 fanam a Kurkum, it being included in the Cultivation licence: there being no question for this, and as no mention is made in the Amin that Chunjah and Punjah lands form the subject of one and the same document, nor that one was brought into question whilst the other was left to be in force, no allusion was deemed necessary on this point in the proposed defence submitted to.

The Plaintiff requested the Principal Collector, whilst on circuit by a Petition dated 22d September 1843 to return the documents produced by him which were referred to the record keeper at Madura, and he has since been informed of their non-delivery from the Defendt. Petitioner who neither came to ask for them afterwards, nor was

refused

refused. The Original deed of Cowle required by the Plaintiffs does not relate to the present question, but respecting only the above named Porom thaw Ainidel, specifications of its details was not deemed necessary in the proposed defence, the Principal Collector accordingly contented himself with only stating that the Plaintiff possessed no documents for the land in question. The Cowle deed has now been sent to him thro' the Ameen of Shiroputtoor.

On restoration of the Estate to Zemindar, the Plaintiff the lower of the Zemindars Servants, surreptitiously effected reduction of the demand to half the fixed grain rent to the Village in question in the same manner as to Porom thaw Ainidel, the grain rent on which was regulated by a document which found not having been brought to notice from July 1247 to 1251 when the estate was again assumed, the realization of the full demand upon it was only ordered from July 1257 when it was discovered according to the accounts on record of the previous dumpsh. tion.
