Read the following Extract.

Extract from the Minutes of Consultation under date the 19th July 1845.

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Land Revenue in the District of Cuddapah for fusly 1253. A.D. 1843/44.

Para 1.

(Here enter 28th April 1845. No. 301.)

Excepting the mortality occasioned

of the Land Revenue in the district of Cuddapah for Fusly 1253.-

occasioned by the prevailing epidemic Cholera in the early part of Fusly 1253 the season appears to have been a remarkably healthy one. The disease which destroyed Cattle in great numbers in the Sub Division is stated to have been some what similar to Cholera and there was also considerable loss in sheep in this and other parts of the District of Cuddapah.-

2. The rains were more plentiful than in the previous year; but not generally seasonable. The principal reservoir of Cumbum was however barely supplied and several other large Tanks scantily. Notwithstanding there was an increase in the cultivation of the land irrigated from this source to the extent of acres 4446- assessed at Rupees 5,767-

3. The results of the season in reference to the actual cultivation of the District under all heads, were an increase of Rupees 50,285. in the Wet (including additional assessment) and a decrease of Rupees 12,483 in the Dry and Garden lands, the latter arising from the abandonment of the cultivation by Ryots in reduced circumstances, and from the deficiency of seasonable rain.-

4. Deducting remissions which were Rupees 39,969-4-6- less than the amount granted in the preceding year and adding Fusly 1250 Rs. 23-
1251 " 69-7-8
1252 " 1292-6-11
Rs. 1362-0-10

Rs. 70198-7-1- Duit rent and other items the final Demand, including the Peishcush of Poonganoor and Vanicatagherry was fixed at Rupees 2,52,052 or Rupees 36,058-10-9- above that of Fusly 1252. The balance which amounted at the termination of Fusly to Rupees 34,654-11-3- was reduced by subsequent collections to Rupees 2782-11- a result which the Government concur with the Board in considering to be highly satisfactory.-

5. Of the above balance, the Acting Collector considers one third recoverable, while a large portion of the remainder is stated to consist of disputed and objectionable charges. The balances of the three previous Fusslies amounted to Rupees 1379-1-1- of which His Lordship in Council directs the Sum of Rupees 1362-0-10- to be struck out of the Accounts for the reasons submitted in paras 45 to 47- of the Collector's reports.-

6. The continued decline in prices since Fusly 1249 is viewed with regret, and although such must press heavily on the means of the Ryots, it does not appear to have operated so injuriously as might have been anticipated, nor to have discouraged them from taking up lands for cultivation. Under such circumstances it is hoped that every consideration was shewn to those Ryots whose means were materially affected

affected by the unusually low state of the Grain market. His Lordship in Council observes that the Statement appended to para 11 of the Collector's report, does not exhibit the price of Cotton and Indigo which are known to be extensively cultivated in the Cuddapah District the Collector will furnish this information in his next report, and further state what proportion the produce of these Crops bears to the Grain produce of the District.

7. The state of the works of irrigation in Cuddapah calls for remark. It is observed that

Statements Nos. 1 and 2 of 1658. Tanks there were 1252 out of repair -
1614. Channels — " 231 — Do
67,616. Wells — " 8660 — Do
127. Anicuts — " 26 — Do
making in all 19,69 works or about one eight the total number. If these works can be rendered available for purposes of irrigation at an expence that would be eventually repaid by a commensurate increase of revenue, His Lordship in Council is of opinion that they should not be allowed to continue in their present impaired state, and that measures should be adopted by the Board in the Department of Public works for placing them in an efficient condition. The Collector ought to furnish a particular Statement of these works shewing

shewing whether any of them are works of importance or of much value, and the extent of revenue dependent on them.

8. The Board have very properly called for further information on the points adverted to in paras 11 and 15. The sale of Wells apart from lands irrigated from them is certainly objectionable and open to serious abuse, affecting both the interests of the Ryots and of Government.

9. It is observed that the proposition of the Sub Collector in respect to the high Quit rent on the land held by the Village Servants, extends to the levy of the Amount only when the land is brought under cultivation, and not to a general revision of Jodie, in the inexpediency of which the Board agree with the Acting Collector. If the indulgence advocated by the Sub Collector obtains generally in the Cumbum

Fort St. George 4th August 1845.

and wholly in the Doopaid Talooks the Govern=
=ment see no reason why it should not be ex=
=tended to the village Servants in the Budwail
Talook, where the Quit rent is represented
to be "in many places very high." But upon this
subject His Lordship in Council would
desire to receive any further opinion the
Board may have to offer.-

5. Molee Sing's House was acquired by him by mortgage and Purchase, the Proprietor is entitled to the Rent of the ground on which it stands, just as others similarly situated have to pay.

6. These People consider themselves a priveleged class, and are constantly harassing the authorities with complaints of oppression, thro' the aid of a Person who has no public employment, but who rejoices in the title of "the Garrison Writer" and who invokes the aid of each successive subaltern who comes on command to Aska.

7. As a Military position I think it would be advisable to abandon Aska. Formerly as the frontier Post of Berham poor it was prudent policy to keep up a small force there. But now that a wing of a Regiment is stationed at Russellcondah the intermediate Post of Aska is valueless.

Sir,

Para 1 In reply to your letter of the 19th Ultimo requesting to be informed with reference to Mr. Bird's letter of the 22nd April last, 1st why a certain remission due to the Plaintiff in Suit No. 293 of 1844 has been withheld and 2nd in what manner his Petition has been disposed of, I have the honor to state that the remission of 6½ Rupees per Annum which was granted to Plaintiff only in one fusly 1250 A.D. 1840/41 when the Village was held under Amany, was discontinued by Mr. Smith for fusties 1251 A.D. 1841/42 and 1252 A.D. 1842/43 in common with all other remissions which were formerly given to persons not in the Circar service.

2. The Petition of the Plaintiff claiming a remission of Maramut and Village charges for fusties 1252 A.D. 1842/43 and

and 1253 A.D. 1843/44 appears to have been left undisposed of. His plaint however in the said Suit No. 293 is so inconsistent with this Petition that one or other of them must be false. It also appears that the Petition was presented some days after the Zemindary of Pittapoor in which it is situated, had been made over to the present Zemindar, on which occasion a balance of Rupees 40 — 9 — 9 which appeared against Petitioner was written off by order of Government. It was probably on these considerations that no order was passed on the Arzee by my Head Assistant Mr. Knox who was in charge owing to my severe illness last year.

with my letter of the 9th Instant was under the consideration of the Board, a higher offer was received for the Stations in the Sannah of Datchapully, than those included therein, (as shewn in the Margin) making an increase of 116 Rupees above the first offer or a total increase of Rupees 200 4 above last year's rent. These Stations having been made, by the Ameens over to the parties making the highest offer, I was unwilling to disturb the arrangement, and they consequently remain in professions.

From the Sub Collr of Guntoor — 1.

Sir

In reference to your letter of the 14th Instant, calling upon me to explain whether the sales of Salt entered in my Statement of 15th March 1845, are the sales for the consumption of this District only, or whether it includes all sales both for the supply of the District, and for export by land, I have the honor to inform you that the Statement in question exhibited the amount of Salt sold for home consumption only.—

2. A Statement in the required form is now forwarded, shewing separately the sales of Salt for Home and those for inland consumption during the period called for.—

From the Collector of Bellary — Sir, Para 1. — Adverting to Mr. Sub Secretary Roupell's letter of the 8th May 1845, forwarding Extract from the Statement of Revenue Extra Charges incurred without Estimate for Fusly 1253 AD 1843-44 with the Remarks of the Board and orders of Government, entered in the proper Columns, I have the honor to state, that the difference of Company's Rupees 3 — 9 — excluded by the Board from the amount submitted for Sanction has been recovered from the Parties named and carried to the credit of Government in my Journal. —

Inforning with reference to the Extract from the Statt. of Rev. extra Charges incurred without Estimate for Fusly 1253 to which the Bd. remark & Orders of Govt. were appended in the proper Columns that the difference of 3-9-0 excluded by the Bd. from the amount of Batta submitted for Sanction has been recovered & carried to the Credit of Govt. explaining the grounds on which the rate of Batta to the Cuttorbady Peons in the Muddugserah Taluk is higher than that of the other Taluks & requesting to obtain Sanction of Govt. for Rs. 135 on that Government —

2. In recommending for sanction the Batta to Cuttorbady Peons escorting Treasure from Talooks, Rupees 135 would appear to have been deducted by the Board as amount paid to those Peons in the Muddugserah Taluk for escorting Treasure at 2 annas each per diem, with an observation that the rate paid in the other Talooks in the District is at 1 anna for each Peon per day and that it is necessary that the cause of the difference should

should be explained to enable them to recommend the charge for sanction - with reference to this subject, I beg to explain that no Batta was disbursed up to Fusly 1243 A.D. 1833-34 on account of these Cuttoobady Peons in that Talook. In the Month of June of that Fusly a Remittance from the Hoodleghee Talook having been plundered on its transit to the Hoozoor Treasury at Bellary, for want of sufficient escort the late Principal Collector Mr Robertson issued Circular orders to the Tahsildars on that occasion, directing them to send always a sufficient number of Cuttoobady Peons with their remittances in addition to the Talook Peons, and this continues to be done from Fusly 1244. A.D. 1834-35. As regards the Haddugerah Talook, the Cuttoobady Peons proceeding in charge of the Remittance receive their Batta at the rate of 2 annas each per day for the following reason - There are no Cuttoobady Peons enjoying Enam from the Circar in that Talook, and the Remittance having to pass through the territory of Mysore which intervenes, and through Jungles, the Cuttoobady Peons at the Cusbah offered their services for the whole Month on condition of the Circar paying them Batta

Batta at 2 annas each per day for 15 days / being the time occupied in proceeding with the Treasure and during their return to their homes / watching during the remaining 15 days over the Talook Treasury at the Cusbah. Mr Robertson approved of this arrangement and continued to disburse the Batta accordingly, and the same has since that period received sanction annually without objection - In the event of the present system being disbursed it is apprehended that no Cuttoobady in that Talook would be willing to engage in Treasure escorting duty -

3. Under this explanation I trust, the Board will obtain the sanction of Government for the Rupees 135 above referred to -

4. Regarding the value of Stampt Papers given gratis to Public Servants for their securities, an account Particulars will, in future be submitted as required by the Board -

With reference to the Extract from the Proceedings of the Board of Revenue under date the

Fort St George 4th August 1845

the 12th May on the Minutes of Consultation dated 22nd April 1845 No 576, I have the honor to acquaint you for the information of the Board, that I am not aware of a single instance of land being held for farming purposes by the Company's Servants in the Bellary District consequently the requisition does not in my opinion refer to this District.—

2. Although at the foot of the Form furnished with the above Circular, it is required to specify whether the Lands (meaning apparently those which were obtained for farming Purposes) are occupied for Gardens and Bungalows, yet the Headings given for instance in Colmns 5. & 8 are not applicable Gardens and Bungalows. Besides this, the Lands generally (except the Batavurtee Enams) are not Saleable or purchasable in the Ceded Districts, the proprietary right thereof being in the Circar.—

3. If there are any Lands in this District occupied by Europeans in the Service of the Honorable Company, it is those obtained expressly for Garden Houses, and held as such. Of this Statements were already furnished to the Board with a letter from this Office under date the 22d August 1842 when the question of taxing the Lands so occupied with Quit Rent was agitated.—

From the Collr of Cuddapah

Sir, Adverting to my letter of the 7th Ultimo reporting the removal of the Tahsildars of Koilgoontla and Jummulmadoogoo to other Talooks, I have the honor to forward Memorandum shewing the nature of the charges against them, as also against the Tahsildar of Doonoor and to state the result of the enquiries as yet held.—

The person who preferred the first five charges against the Tahsildar of Koilgoontla has it appears absconded on the matter having been taken up. As regards the remaining charges the several Reddies and Curnums of the Villages in which the Malversation alluded to, are said to have occurred have been summoned and examined. They have all with the exception of those belonging to one Village viz Jummanapett denied all knowledge of the circumstances detailed in the several charges while the Petitioners avers that they would be brought to

Forwarding certain Memorandums shewing the nature of the charges against the Tahsildars of Coilcoontla Jummulmadoogoo Talooks as well as against the Tahsildar of Doonoor Talook and stating that he has considered it advisable to suspend the two first mentioned Officers to inferior Talooks & recommending that the latter may be dismissed or suspended for the reasons assigned therein.—

to light if investigated on the spot.
Whether the non attendance of the former Petitioner and the denial on the part of the examined as to the several other charges is to be attributed to any compromise having been effected by the Parties, or to the complaints against this Officer being false and unfounded it is difficult to say. It is very remote from my wishes to consider any Person guilty or liable to suspecion without sufficient grounds, yet I am not altogether satisfied of his innocence and I have been induced to come to this opinion, as on the Duftors of the Cummum of the Village of Immenayanapettee being examined in my presence an account was found shewing that certain sums had been paid to the Talaiker and this the Cummum acknowledged having given. If this Document had not been discovered it is more than probable that they would have followed the example of the other Cummums.—

3. Since his removal to Chemoor he has in a Magisterial case acted with partiality in having released the Reddy of Ponta Cuddapah after the Witnesses had deposed that he took a prominent part in an

assault that took place in which he wounded an Individual with a sword, stating in his report that he was at the Cutcherry at the time the assault was committed admitting even that he did not wilfully report what he knew at the time to be untrue he ought to have known better than to have trusted to his Memory in preference to the testimony of witnesses particularly when the occurrence took place several days previously. On a perusal of his Proceedings sent up I considered the evidence to be of the more importance and ordered the Reddy to be committed to the Court and the case having been clearly established against him he has been found guilty. One cannot but come to the conclusion that this partiality was shewn from self interested Motives, and I am therefore not inclined to think that he is altogether without fault. I have thought it advisable to nominate him to the Talook he has been removed to, particularly as he has without claims stepped into one of the principal and highest paid Talooks in this District at once, without having previously served in the same Capacity in any of the Minor Talooks.

4. The same may be said of the Zummulmadoogoo Talaikdar against whom

whom the 1st charge has been established by the evidence of witnesses, who has been appointed on his first promotion to the Talook of all others the most troublesome to manage, and consequently one of the highest paid ones. I think it right that he should as well be appointed to one on an inferior Emolument and work his way to promotion in a higher Talook, on his general character and conduct in holding an Office of such responsibility and trust being better known.

5. Reverting to the Complaints against the Sahsildar of Doon or who is an Officer of old standing in his present capacity, I beg to state that his Proceedings connected with the 1st and 2d Charges (the only ones I have as yet looked into) are in my opinion very Culpable.

6. Previous to any enquiry in to the 1st Charge I was satisfied from certain cases of Assault of a serious nature in which Pedda Pollareddy and Chinna Pollareddy were the supposed, though not immediate, cause, and which had been committed to the Criminal Court that the Sahsildar was biassed in favor of the former Party who is supported as is also the other Party by men of influence in Peddapoor two such

Merchants viz. Dantoo Chinna Sheyshoo in favor of Pedda Pollareddy and Vavala Chentsoo in favor of the other.

7. The cause of dispute between the two parties, Brothers, relates to their shares of Putta Land and instead of settling the same peaceably or in a Civil suit, they each relied upon their supporters and the consequence has been these serious affrays in which the Servants and dependents of these two Merchants join at the bidding of their Masters and the evil has been aggravated by the Sahsildar exerting his influence in a bad way by leaning decidedly in favor of one party, thereby causing a great rivalry among the Parties. All this struck me forcibly when I enquired into the last case of these Assaults when on a reference to the Court's Proceedings in the former case it was perfectly clear that he had forwarded the Head man and Moonsiff of the Village to the Court without any reasons but to satisfy the party he favored, and give them the advantage over the opposite Party, and for which he was fined 20 Rupees by the Sub Collector in charge on his perusal of the Court's Report.

8. The matter would have here rested had the Sahsildar subsequently behaved as becoming the high position he

he held among them: With a view to giving preference to the claims of Pedda Poollareddy to the lands in dispute he was induced from self Motives to collect from him alone in advance the three remaining Kists, whereas both parties had always equally paid them up to that time. The Tahsildar on being called upon to explain his conduct denied having done so, and stated that Pedda Poollareddy paid the Money without his knowledge into the hands of the Village Officer, that he had sent for those whose names were affixed to the Urzee or Petition bringing the matter to light, and that they denied having written the same asserting that one Poobbereddy & the very person whom the Tahsildar had unjustly committed to the Court must have done so, making use of their names and forwarded their depositions to this effect, in which it was moreover stated that Pedda Poollareddy had actually objected to pay his 4th Kist. By the same Tapaall was homewards received another Urzee from the Petitioners stating that the Tahsildar had sent for them during the Night and made them affix their Signatures to the very depositions that had been forwarded

as

as having been voluntarily given by them, whereas they were ignorant of the contents thereof beyond that they imagined it was contrary to what they had stated previously. This led to their examination when they denied having given the depositions in question forwarded by the Tahsildar. It is clearly proved from the evidence adduced that the whole of the Kist Money was collected in behalf of Pedda Poollareddy from his Uncle at the orders of the Tahsildar who tried to burke any further enquiry into the Matter by concocting depositions to suit his own purpose. Had the Money been collected as stated by him by the Village Officer without his Knowledge, there was no necessity for adopting the course he did.

I have entered rather in detail in this case to shew the faction that exists between the Parties, and the manner in which the Tahsildar has been guided by this Merchant Dontoo Chinna Sheyhoo who seems to influence him a great deal, and how or why the Tahsildar should be thus influenced, unless Money was in the case, it would be difficult to explain. Taking into consideration all that has transpired, and the rivalry between these two influential and rich Merchants there can be

no

Fort St. George 4th August 1815.

no doubt that the Tahsildar would not have lent so much in favor of one Party without interested Motives and this renders his conduct highly Culpable.

10. In case No 2 the evidence against the Tahsildar for having received thro' one of the Reddies and Moonsiff of Cannanoor the sum of 100 Rupees for the present year and the same Amount during the preceding year is in my opinion sufficiently conclusive- The Reddies and Curnums are accused of having levied Extra Collections from the Ryots for the purpose of paying the Tahsildar the Money so raised- but as it turned out they recovered with it a Bond executed

Fort St. George 4th August 1815-

executed by them on emergency in favor of Dontoo Chinna Shayshoo (the merchant alluded to in the previous Case) on which Bond the Money was at first obtained- They all deny having levied these Extra Collections, but with the exception of Chencheereddy acknowledge having paid the Money this year out of their pocket, and having executed a Bond last year for the purpose of raising the Money to be paid to the Tahsildar both which amounts were, they state, paid into the hands of Chentseereddy, who also contributed his share and who gave the same to the Tahsildar in their presence.-

11- Chencheereddy denies the whole both as to the execution of the Bond and the payment of the Money- On the Case first comming to my notice I desired their Duftors to be secured which the Peon deputed with the Summons did at once in their own Village and on examining them in my presence the very Bond to which they alluded was discovered torn at the top down the Centre, with Chencheereddy's signature attached, as well as those of the rest which he (Chencheereddy) could not deny.-

12- Had Chencheereddy at the time he was examined acknowledged having taken a part in the execution of this Bond and explained the circumstances that gave rise to it

Fort St. George 4th August 1845.

it (if other than what the others stated) there might have been some grounds for not giving full credence to the statements of the other Village Officers, but his denial in the first place of his having entered into the Bond at all, and the subsequent by no means satis=factory statement given by him to reconcile matters, leave no doubt in my mind as to his having received the Money for the purpose stated. If he had been aware that the Bond was not destroyed as stated by the others (who mentioned in their depositions that they had torn it) he would in all probability have implicated the Tahsildar, but thinking himself safe on this score he sided with the Tahsildar, and having given a deposition in the manner he did, he had no alternative, but to get out of the scrape in the best way he could, (for having been examined as a Witness he would have perjured himself had he afterwards told the truth) and in this he has entirely failed. The fact was that none of them were aware that the Bond was where it was. It had been torn as discharged and in=valid, but instead of being des=troyed and thrown away had been deposited among a number of Old papers in one of the Duftars.

The

Fort St. George 4th August 1845.

13. The Reddies and Curnums having one and all conjointly executed the Bond includ=ing Chenchereddy it cannot for a moment be supposed that the money received by him (Chenchereddy) was intended for himself. The evidence therefore of the others is the more to be credited, and seems conclusive as to the Tahsildar having employed Chenchereddy as the Principal agent in the matter.

14. In the charge they are all accused of having made Extra Collections from the Ryots to pay the Tahsildar this sum. The Petitioner has filed a list giving the names of all those from whom these extra cesses had been made. That they have done so to recover the Bond entered into, and on which the money was originally raised seems very pro=bable, and this will form the subject of an enquiry hereafter...

15. Chenchereddy on being called upon to explain stated that the Money was raised to enable the others (not himself) to pay the balance due by them on account of Lists - and that he affixed his signature to the Bond to stand security for the others. The excuse is faulty, for in affixing his signature to a Bond as a party concerned he is only answerable for his share and this is not the

manner

manner in which Securities are effected. Moreover it appears that at the time the Kists had been regularly paid up by the others, and that Several of them were better off in circumstances, that Chencheereddy judging from the amount of their respective Puttahs, and did not want his assistance in the manner said to have been tendered.

16- The Tahsildar having been called upon for an explanation stated as a matter of course that the parties had been instigated by his enemies to give these depositions against him, and dwells on Chencheereddy not having acknowledged the transaction as true as favorable towards him whereas I am decidedly of a different opinion, and should have felt more inclined to believe that a combination had been formed against him if Chencheereddy had in the first instance deposed as the others had done. He Stated also that these Reddies and Curnums were all fined last year for misappropriating the public Money with the exception of Chencheereddy and consequently have borne ill-will towards him. The fact of their having been fined cannot exculpate the Tahsildar. Their having made extra Collections once for themselves had nothing to say to their not doing so a second time for the Tahsildar who cared

little where the money came from, and must have known the Ryots would be the sufferers. He appears to have been very jealous of these peculations being committed except for his own advantage. He forwarded at the same time two notes, one said to have been sent to him by the Curnums of Madoor (properly dated) stating that certain Individuals (his Enemies) had sent for them (the writers of the epistle) and asked them to come forward with some complaints against him which they declined doing; the other from the Curnum and Reddy of Seetapully to the same effect that a Pensioned Poligar, one Veera Ragavareddy had been instigating them to complain against him. These Notes coming from different Villages correspond exactly with each other as to their size, and mode of being folded up. They have neither been gummed or secured in any way. It is difficult to say whether they were sent by the Individuals in question or written at the dictating of the Tahsildar, any enquiry into the authenticity of these Document would be superfluous after the time that has elapsed, and must elapse, before they could be summoned and appear before me. Premising therefore and taking it for granted that they would

Fort St. George 4th August 1845.

would have acknowledged the circumstance, the Documents seem to have too much reference to the defence on the part of the Tahsildar particularly on the point of his having enemies who wish to involve him into trouble, and it must seem strange that no mention is made in the Notes of any particular charge they were instigated to get up against the Tahsildar.-

17. Judging from the unscrupulous manner in which he forwarded depositions in the former case, I feel satisfied that he is not a person that sticks at trifles, and that these Documents have originated in himself.-

18. Setting aside the numerous other serious charges against this Tahsildar I think it incumbent on me to recommend his dismissal from the Service on the merits of the two first cases enquired into. I regret to state that after what has transpired I can have no confidence in him. It is unnecessary to dwell on the evil tendency if Individuals of such unscrupulous Characters were allowed to remain in Office infecting their neighbours and those under them with the same views and Ideas as to honesty, and I greatly fear he is too old an Offender to amend.-

19. I have not thought it advisable to prosecute the enquiry any further by taking up

Fort St. George 4th August 1845.

up the other charges against him (or indeed against the other Tahsildars) owing to the distance at which I am Stationed from those Talooks which would put all Parties to great inconvenience, if summoned and detained on an investigation that must necessarily be protracted. If the Board approve and sanction his dismissal it may perhaps be unnecessary to enquire into the other charges, but under any circumstances, and if a further enquiry is to be made, I think it advisable that he should be Suspended until it is completed.-

20. As regards the Tahsildars of Coilcoontla and Gummulmudgoo, I think there are sufficient grounds for removing them into inferior Talooks in which they can for the present remain, or at all events until, and unless future enquiry which I will take an early opportunity of making after the conclusion

9343- Fort St. George 4th August 1845.-

=clusion of the Jummabundy of these Southern Talooks renders even this decidedly impolitic. They are of short standing in their present capacity and I trust a little leniency will not be thrown away on them and induce them to profit by the lessons they have had and to become eventually good publick Servants.-

To, J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

From the Hd Coll. of Cuddapah. } Sir
Para. I have the honor to afford the information required by the Extract from the Proceedings of the Board of Revenue dated 6th June 1845 being reference to my letter of the 17th May. The Enam in question was transferred as stated by Ramakka the present Incumbent, by a deed of gift to her Husband Venkataramanah at whose death She took possession of it.

47

2. The Decree against the Petitioner which was one passed on a special appeal is dated 7th November 1843. It appears from the Decree that the Danaputtrum was lost on the occasion of Venkatramunnah's House having been burnt that Defendant took forcible possession of the Land in 1834 when Ramakka sued him for the same in the Jungaloor Moonsiffs Court. The Defendants denied the execution of the deed of gift or that the Enam in question was ever in Ramackkas Husbands possession or entered in his name in the Government accounts. The Moonsiffs decided in favor of the Plaintiff Ramackka which decision was confirmed in appeal by the Sudder Ameen Pundit. Application was then made for the admission of a Special appeal on the ground that Petitioners Uncle Jr Puttabbee had no right to give away the family Property as it was not proved that there was a division in the Family. The decree of the Sudder Ameen Pundit was however confirmed, as it appeared that the Land had been alienated with the consent of all Parties.

Resolution thereon.

42-43

From Board to Coll.r 22nd May 1845.

Under the above explanation it does not appear to the Board that it would be advisable to interfere with the occupation of the land in question by Ramackka. On her death, the lapse must be reported as directed in the 2d Para of the Extract Minutes of Consultation dated 28th April last.

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Chingleput requesting sanction for the transfer of the Salaries at present assigned to the Tahsildarships of Mannimungalum and Peddapolliem.

2. The grounds on which the Collector proposes the arrangement are, that the former Taluk, though it yields comparatively but a small Peiz is ranked in the 2nd Class and the pay of the Tahsildar is Rupees 85; while the latter Taluk is in the 3rd Class and the salary of the Tahsildar is Rupees 70, although it much exceeds Mannimungalum both in extent and Peiz. No 1.

To W. E. Lockhart Esqre

Collector of Salem.—

Sir,

Para 1.— I have the honor to forward copy of an Urzee from the Tahsildar of Nanced dated 25th Instant, stating that the Inhabitants of Coroovundoor refuse to clear out the refuse channel by which their lands derive water from the fields of Moganoor, and have neglected to commence Cultivation because the channel has not been cleared at the public expense, and to beg that the Board of Revenue may be applied to pass a decision in this matter, as well as to give an early decision on the point referred to in Para 75 of Mr Gleig's Tamabundy report for fusly 1253. as it is likely that great loss will ensue if the very unreasonable claims of this Village are not put a stop to, and the right of the Government to fined other persons to cultivate if the inhabitants neglect to do so themselves, be not a Maintained—

2. It appears that the channel requires clearing every year, and the people of the Village assert that this should be done invariably at the Circar expense. The orders requiring to do this during the present year were passed by

Fort St George 4th August 1845

by Mr Gleig on the 31st December 1844 and 30th January 1845 in which it is observed that the custom in this District requires the inhabitants to do such trivial work themselves— It will also be found on Mr Onslow's letter to me of 16th April 1845 that such a claim is not sanctioned by any Rule in that District as the labour required is just of that slight description referred to by the Government in Minutes of Consultation dated 15th February last, and it is the custom in all the other Villages in the Cawvery for the people to bear such a burden themselves, and the assessment in Coroovundoor is not so high as in the neighbouring Village of Moganoor, I am decidedly of opinion that the claim should be opposed, and the Government right to give the lands to other cultivators be immediately enforced, if the people of the Village leave their lands waste on such grounds—

3. As the Principal Collector has referred to this subject in connection with the present arrears standing against the Village of Coroovundoor for fusly 1253 on account of Shovee and Waste lands and the balance has not yet been collected in consequence of his remarks, I hope that the Board will also decide whether these arrears are to be collected or not as early as possible—

Ordered that the following letter be sent in reply.—

To The Collector of

Salem.—

Sir,

50-51

To the Collector of Salem Directing that any lands in the Village of Arooundoor which may have lain fallow for one year by the Ryots not taking upon themselves the trifling labour required for clearing the channel by which they are supplied be at once made over to other cultivators unless the Circar demand upon it is continued to be paid—

In Cons. 5th May 1845

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 2d Ultimo with Enclosure from your Sub Collector reporting the continued refusal of the Arooundoor Ryots to clear out the surplus channel by which their lands are irrigated—

2. In reply I am instructed to inform you that on referring to the letter from your Predecessor under date 10th May 1840— the Board perceive that unless when the cultivation is prevented by want of water which evidently does not apply to the present case, the Ryot in the Salem District loses his right to his land on leaving it waste for one year unless he continue to pay the Circar demand upon it. If this rule holds good in the District generally it is more especially proper that it should be enforced in cases where, as in Arooundoor, land is allowed to remain unproductive because the Ryots are not disposed to take upon themselves the trifling labour required for clearing the channel by which it is supplied. work of this description is cheerfully performed

Fort St George 4th August 1845

by the cultivators themselves in other Districts and there can be no reason why Salem should be made an exception. The Board therefore direct that any lands in Arooundoor which have been fallow for one year for the reason now stated be at once made over to other cultivators— When from the same cause land tho' cultivated during the last season may not be taken up for the present Fusly— it would also be competent to you to procure its cultivation for the current year by other Ryots but in this case it will be necessary that the former occupants shall have the option of returning to it the next Fusly—

3. The arrears outstanding against the Village for fusly 1253 will be noticed by the Board in their proceedings upon the settlement Report for that fusly— but you must be aware that the final decision of the question must rest with Government—

54

Sir,

From the Collector of South Arcot—

Requesting to know from what source the arrears of Pay of Baulajee Row is to be defrayed and commenting further on the subject of his reinstatement in Office—

7 July 1845

Para 1 With reference to the Extract from the Board's Proceedings, directing "that "Baulajee Row late Thasildar of Villapooram be "immediately reinstated in his former Office and "that all arrears of pay be made good to him"—I have to request the Board will say from what source these arrears are to be discharged as they cannot of course be paid from the public Treasury without the special sanction of Government, and looking to the repeated refusals of the Court of Directors to sanction the payment of arrears to suspended Servants, the pay has been already drawn by the party by whom the duty has been actually done, in the mean time, I should imagine that

that the Government will hesitate in granting the sanction, for which however if they deem it proper I request the Board will apply—

2. I avail myself of the opportunity which the necessity of this reference affords me, to offer a few remarks relative to the Proceedings above quoted, which may perhaps induce the Board to reconsider their determination and which, if the sanction of Government be applied for, I must request, may be submitted at the same time in explanation and justification of my Proceedings in the matter—

3. Baulajee Row is a very old and I doubt not has been a very useful and active public servant, a consideration which led me for a long time to overlook and tolerate in him much remissness and neglect of duty, which in a Younger man I should have noticed with more severity, and when at last I found I had no alternative but to remove him from a situation for which he is totally incompetent, or allow the public interests to suffer materially, I was anxious in doing so not to deprive him of his claims to pension for past services and with that view desired rather to exhibit his incapacity generally than to press against him as grave offences, the particular instances of remissness or Misconduct, on which I grounded his

9369 Fort St. George 4th August 1845.

his final dismissal recommending at the same time his claims to Pension for the favorable consideration of Government and subsequently forwarding his own application for that indulgence in which it will be seen, he distinctly and explicitly admits me to have formed a correct judgment of his present unfitness for Office by stating himself to be "old, infirm, and unable to discharge his duties"

5. The Board of Revenue, it would appear do not consider the specific instances of misconduct which I adduced as sufficient to warrant his removal from Office and tho' unable to alter my own opinion on this point, I am glad to find that the Board are able to regard them in a light, not prejudicial to Baulajee Row's claim to Pension. On those cases, so decided I make no further remarks, but I would submit that Baulajee Row's general incapacity remains an undenied and undeniable fact admitted by himself, and that such being the case, the Board who look to the Collector for the general efficiency and proper management of the District ought scarcely to wish or compel him to employ so unfit an agent, or at least not to hold him responsible for any results which may ensue after he has repeated and emphatically protested against the propriety of the appointment, and recorded his total want of confidence

9370 Fort St. George 4th August 1845.

confidence in the party in question.

5. I can understand that the Board may feel a difficulty in deciding upon "general charges of incapacity and misconduct," but I would observe that a Collector may in many cases experience equal difficulty in making them more specific and distinct, while the individual whom he may wish to remove may be most unfit for his situation. — The Collector in such a case can only desire the Board to take into consideration the superior advantages, which he possesses for forming an opinion, the utter absence of all possible motives on his part, save the good of the public service, and also any circumstantial evidence which may exist as in the present instance, in the very appearance and confession of the man himself. —

6. If notwithstanding my representations and Baloajee Row's own admission to the contrary the Board of Revenue should still consider him eligible for re-employment and the Government see fit to sanction the payment of his allowances I can of course after thus as in duty bound, expressing my opinion, say no more on the subject, and shall endeavour by all care and diligence on my part to obviate the evils and inconveniences which I cannot help foreseeing as likely to ensue to the public service from such a measure. —

Sir,

In reply to your letter of the 7th July calling upon me to report regarding the particular nature of the claim preferred by Mahomed Jumeen in the petition herewith returned, I have the honor to state that the surplus which remains out of the funds appropriated for the maintenance of the Nutter Sab Durgah after all the expenses of the Establishment are defrayed, are according to long standing custom divided amongst certain families. The petitioner lays claim to a share in these surplus funds which he alleges he has been unjustly withheld from him. and I am not aware of any objection to the case being referred for the decision of the Civil Court.

Para 1.

Sir,

I am directed by the Board of

of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Madura (with enclosures) reporting the institution of a Suit (No. 16 of 1845) in the Subordinate Court of Madura against himself and others by one Mootoo Carroopun Chetty a Ryot of the Shevagunga Zemindary and submitting a copy of the answer which he proposes to put in the case.

I have also to forward the subsequent correspondence between the Principal Collector and this Office in the same subject.

To the Prin.l Collector 22d. May 1845.
From Dr. 17th. inclos. 31st. July 1845.

2.

The object of the Suit under report is, it will be seen from the Plaintiff's Plaint, to establish the right of the Plaintiff to hold certain land in the Village of Sinnandy Yaindub at the rate of 3 Cullums per each Mah of Nunjah land or half the ordinary assessment and to recover damages in consequence of the Principal Collector the 1st. Defendant having whilst in charge of the Shevagunga estate levied excess collections upon the land in question and prevented Plaintiff from cultivating it upon the usual terms. Plaintiff rested his claims upon a Cowle said to have been granted by a former Zemindar in virtue of which the land referred to in his Plaint was to be charged with 3 Cullums per Mah for Nunjah and 1 silver fanam per Coorkan of Poonjah land. at which rate he states the land

a correspondence with the Principal Collector of Madura on the subject of Suit No. 16 of 1845 instituted in the Sub Court of Madura against himself and others by one Mootoo Carroopun Chetty a Ryot of the Shevagunga Zemindary to establish his right to hold certain land in the Village of Sinnandy Yaindub at half the ordinary assessment and to recover damages in consequence of the Principal Collector the 1st Defendant having whilst in charge of the Shevagunga Estate levied excess collections upon the land in question and prevented Plaintiff from cultivating it upon the usual terms and recommending that the Principal Collector may be allowed to file the answer prepared by him and altered by the Board and to conduct the defence of the Suit at the public expense.

Letter 22d. May 1845.

land was cultivated until Fusly 1241. when in consequence of his father's death and his own Minority the Ameen of the Taluk collected at the rate of 6 Cullums per Mah on the Nunjah for Fusly 1241 and 1242. From Fusly 1243 to 1251 the former rate of 3 Cullums per Mah was he asserts reverted to. but subsequently the Principal Collector having the Shevagunga Zemindary under management raised his assessment to 9 Cullums per Mah. and thus compelled him to have recourse to the present action. He further states that he sent his Cowle and an order from a former Zemindar requesting his land for the inspection of the Principal Collector who has not returned them to him and that during three Fuslies 1249 1250 1251. he has sustained a loss in consequence of his cultivation having been measured by a rod below the proper standard.

In his proposed answer and in

3.

his letter of the 17th. Ultimo in reply to a call from the Board for further information the Principal Collector states that the Plaintiff has no such document as he pretends limiting the demand upon his Nunjah cultivation in the Village of Sinnandy Yaindub to 3 Cullums per Mah. The instruments to which he has referred applying either to Poonjah land in that Village which has not been affected by the Principal Collectors orders

orders or to Nunjah cultivation in the Village of Porroonthanaindul. He further shows that in Fusly 1239 when the Sinnandy Yaindul Nunjah land was first brought under cultivation and while the Zemindar had charge of the estate the rate paid upon it was not 3 but 6 Cullums & Onerals and that in Fusly 1241 and 1242 when the Zemindary was under attachment the full grain rent of 8 Cullums was levied. Subsequently the Plaintiff continued to get this rate reduced but in Fusly 1251 the fraud was discovered and Plaintiff having nothing to show that he was entitled to an exemption upon his Nunjah lands in Sinnandy Yaindul these were assessed as in Fusslies 1242 and 1243 at 8 Cullums per Mah being the usual rate obtaining in the neighbouring Villages. As regards the documents which Plaintiff states were not returned to him it is explained that this was owing solely to his failing to apply for them. and in respect to the alleged improper measurement by the small rod in Fusly 1249. 50. 51 the Principal Collector remarks that no representation was ever undertaken by the Plaintiff on the subject as would doubtless have been the case had his statement been well founded. —

The Board with the assistance of the information given in Mr. Blackburne's letter of

of the 17th. Ultimo have altered his original answer so as more fully to meet all the points of the Plaint and they now beg to recommend that Mr. Blackburne may be allowed to file the amended Answer and to conduct the defence of the Suit at the public expense.

A

Answer proposed to be filed in O.S. No. 16 of 1815 instituted in Sub Court at Madura.

The first defendant begs to state that the Plaintiff neither possesses any document or Order from the late Zemindar Gnanaveerullaba Tever regarding Sinnandy Yaindul such as is referred to in the Plaints nor has he produced any such document to the Principal Collector or demanded its return and that his claim to hold Nunjah land in the Village of Sinnandy Yaindul at half the usual rate is altogether unfounded. — Complaints having brought to light that 200 lands in Authikattoor and Nekoopy Magamms were under occupancy on a low grain rent under pretended Cowle. the Ameen of Theroopatoor was required under date 30th. September 1842 to call for production of documents if any in support of their holdings. — The Ameen with his address of the 14th. October following submitted an invitation for offers as well as an addition or increase of

Cultivation

cultivation issued by a former Zemeendar in the Prabavah and Vibavah corresponding with 1806 7 & 1807 and 8, the former inviting cultivation of the Jungle lands on the borders between Shenagunga and Poodoocotay or payment of half the fixed grain rent of neighbouring Villages on all lands cultivated with Nunjah; and the latter limiting the demand on all lands cultivated with Poonjah to one fanam a Koorkum.

As the Plaintiff claimed exemption for his lands the Auneen was called upon on the 29th. of the same Month to obtain from him the deed of Cowle for the Nunjah under his enjoyment in Sinnandy Yaindul and to forward with it a Statement shewing the extent brought under cultivation in each year and the rate of fixed grain rent paid on those lands. In obedience to these orders the Auneen forwarded an original Deed of Cowle dated 26th. Chittaray of Parthiva corresponding with April or May 1824 issued by the then Zemeendar and Copies on unstamped Cadjans of 3 Orders issued by this Cutcherry and the Auneen of the Talook.

On reference to this deed of Cowle it became apparent that it related to Paroonthunaindul only since it contained specification of boundaries of that Village solely and it appeared that in supposed virtue thereof the Plaintiff had subsequently reclaimed and brought under cultivation

cultivation the land in Sinnandy Yaindy also, the fixed grain rent of which is now in question but without possessing any documents authorizing him to do so. It further became evident that his assertion that the Nunjah lands had been reclaimed in virtue of a general document, on the names of the Villagers was false because the cultivation License or Adiolai alluded to by the Plaintiff provides for Poonjah cultivation only and because it further appeared that in Fusly 1239. when the Nunjah land in question viz. in Sinnandy Yaindul was first brought under cultivation and when the Zemeendar was in possession of the Estate it paid five Cullums and four Measals per Mah instead of half the fixed grain rent or four Cullums. There are no accounts to shew at what rate the land paid in fusly 1240. In Fuslies 1241. and 1242 when the Estate was under assumption the full fixed grain rent was realized on it viz at 8 cullums per Mah. The tax on Poonjah lands was levied as usual at 1 fanam a Koorkum it being included in the cultivation licence on restoration of the Estate to the Zemeendar in Fusly 1243 the Plaintiff thro' favor of the Zemeendar's servants surreptitiously effected reduction of the demand to half the fixed grain rent to the Village in question, the said Sinnandy yaindul in the same manner as to Paroonthunaindul the grain rent on

Fort St. George 4th August 1845.

on which was regulated by a document; and fraud not having been brought to notice fusly 1247 to fusly 1251, when the Estate was ag assumed the realization of the full demand upon it was only ordered from fusly 1252 when discovered according to the accounts on record of previous assumption.

The Plaintiff requested the Collector on circuit by a Petition dated 22d. September 18 to return the documents produced by him which was referred to the Record Keeper at Madura and the Defendant has since been informed of their non-delivery from the defau of the Plaintiff who neither came to ask for afterwards nor was refused. The original do of Cowle required by the Plaintiff does not bea to the present question nor exempt the land in Ainn yaindub. but respects only the lands in Parconthanmindel

With regard to Plaintiff's claim for of Rupees 119. 13 said to be the Amount over colle from him by causing the cultivation to be measured a small rod. from fusly 1249 to 52 it is to be observ he ought to have objected to it if true, in his previous titions to the 1st. Defendant and the absence of any objection is in itself sufficient to show that his a are unfounded.

The Prayer of the Plaintiff for an Injunct the future levy of 3 Cullums per Mah needs no reply the 1st. Defendant since charges of the Estate has been to the 8th. Defendant. The 2d. 3d. 4th. 5th. 6th. and 7th. Defe are not responsible in this Suit as they acted under orders of the 1st. Defendant or as in the case of 8th. have had nothing to do with the matter.

With reference to your letter of 30th ultimo, I have the honor to enclose copies of letters+ which passed between my Predecessor and the then Commandant of the Regiment at Pallamcottah- Sir H. Montgomery appears to have considered those shops belonging to the Regimental Bazar as not liable to tax, and accordingly to have exempted 30, all that were then requested. I was in doubt whether to confine the limit to these 30, or extend it to whatever number the officer in Command might think required for Regimental supplies- Perhaps with the Board's sanction the latter arrangement may be permitted trusting to the Military authorities to see that it is not abused.—

No 1.

Translation of a Decree passed by the Acting Principal Sudr Ameen of Coimbatore in Original Suit No. 142 of 1843. under date the 23d November 1844.

Judgment.-

On a deliberate consideration of the records in this Suit the Court finds that a reference to the four Yakeeds filed in this case is sufficient to dismiss the claim of the Plaintiffs but for their satisfaction the Court imposed upon itself the unnecessary trouble of giving points to be proved and examining witnesses on the part of the prosecution because the Plaint and reply shew that the Plaintiffs had no previous proprietary right to the land in litigation, and that they merely proposed to hold it in Fusly 1242 on a grass tenure Vacca for Rupees 8-1-3- per annum and obtained a Pattah for it - This in itself leads to the conclusion that the disputed ground was waste in 1242. As it appears from the Answers of the 1st 3d and 4th Defendants that the land

Fort St George 4th August 1845

is now cultivated with Nunjah produce, and that the 3d Defendant is paying an enhanced rate of Assessment there is every reason to believe that the 3d Defendant has improved the land as stated in his answer otherwise it will not be susceptible of Nunjah cultivation or the payment of higher rate of demand - The Plaintiffs also admit that the land was capable of bearing an increased rate of taxation in 1248. - The 1st Defendant in his answer states that on the presentation of a Razeenamah by the Plaintiffs the Puttah for the land was issued in the name of the 4th Defendant but the Plaintiffs in their reply offer no objection against this passage - On the contrary, they merely say that they have not given a Razeenamah on a Stamped Paper - This induces a belief that the Plaintiffs apparently admit the fact of their having tendered a Razeenamah.

2. Under these circumstances it is established that the Plaintiffs had no previous proprietary right to the Ground that they relinquished it to Government by means of a Razeenamah

Fort St George 4th August 1845

Razeenamah and that it pays from 1248 a higher rate of tax than in 1242. this is further corroborated by the evidence of witnesses in favor of the 1st and 3d Defendants and by the documents filed by the 1st Defendant and therefore, the Court is of opinion that the action of the Plaintiff is useless and frivolous. From the foregoing reasons the Court rejects the claim of the Plaintiffs and adjudge that the costs of the Suit incurred by them and by the 1st 3rd and 4th Defendants be paid by them:-

No. 2.

Translation of an appeal Petition presented by the Civil Court of Coimbatore by Ramen Royen, Palany and Maury of Paria Aggrahaarum in Errode Talook Plaintiffs in Original Suit No. 142. of 1843. against the Principal Collector Mr Troughton Teeroovenul Row late Tahasildar, Paria Annavien, and Sreecuntien Monigars of Veeravien Chuttrum in the Errode Talook.

This an Appeal preferred praying for the reversal of an unjust original Decree passed by the Acting Principal Sudr Ameen under Date the 23d November 1844. dismissing the claim of the Plaintiffs for the recovery of 722½ Goontahs of Malguzarry Kunjah land paying an annual rent of Rupees 122-5-6. and yielding a revenue of Rupees 140. also ½ Bullah of Dry land and 23 Mango Trees growen thereon and adjudging the Plaintiffs to pay the costs of the Action to the 1st 3d and 4th Defendants.

The 1st point of our Suit which required special consideration was

Fort St George 4th August 1845

was whether or not the 3d Defendant was fraudulently put in possession of our landed Property without our Razeenamah whilst we were the Puttadars and had a claim to it and the 2d was whether or not the Principal Collector acted unjustly in not enquiring into this illegal proceeding.

From the Answer of the 1st & 2d Defendant it appears that the Tahsildar of the Talook the 2d Defendant reported to the Principal Collector that Ramen, the Puttadar died although he was living / and that a Razeenamah was given by one Veeree said to be the widow of the Deceased.

From the Statement of the Curnum it is fully proved that the 1st Plaintiff is no other

Ramen.

Fort St. George 4th August 1845.

Ramen, than the one named in the Puttah. Again Veeree from whom the Razeenamah was taken has stated that her late husband named Ramen, had no Puttah in his name for the land in question neither was he possessed of it at any time but that the 3d Defendant took her to the Talook Cutcherry and fraudulently obtained from her a Razeenamah.

With regard to the 2nd Defendants report to the 1st Defendant that Veerun one of the Puttadars died and had left no heirs we beg leave to remark that the deposition of the same curnum will shew that the said Veerun had left two sons who are the 3d and 4th Plaintiffs and that the one stated to have had no heirs was a different man who had no share in the Puttah. Furthermore while Palany the 3d Plaintiff and one of the Joint Puttadars was present, yet a Razeenamah was taken from another named Palany Gounden as may be learnt from

Fort St. George 4th August 1845

from the Curnums deposition a resident of Sooramaniem Valasoo who passed for the real Palancy and his deposition which is referred to in the answer of the Defendant must not therefore be considered as a correct evidence.

By the chicanery of the 3d Defendant as detailed above we the appellants were deprived of our lands for which we have tendered no Razeenamah. To substantiate these Statements, no other proof than the answer of the Defendants is required. The Principal Collector not having rendered us justice by redressing our grievances, we have been obliged, according to Law, to prefer our Complaint in the Zidalut Court at Salem, where all the documents were filed and witnesses examined by which our respective claims were proved, and we were also in hopes of obtaining a decision in our favor, but in the interim the suit was referred to the Principal Sudr Ameen of this station who not taking into consideration all the matters of the case passed the decree in favor of the Defendants - which

is

which is founded upon the Razeenamah stated to have been given by us- and upon an assumption that we have not offered in our reply any objection against that part of the answer of the Defendant wherein an allusion is made to the Razeenamah in question.-

Although the 1st Plaintiff, Ramen, the 3d Plaintiff, and his Father Veerun who are the Puttadars were present, yet three other individuals of the same name were substituted for them and considered the real Puttadars. This fraud which was practised by the 3d Defendant was not detected but was considered to be the real fact under the influence of the Principal Collector. Thus that justice which was not rendered in the first instance in the Revenue Department was sought for in the Judicial Department. From the result of this decree we, poor as we are, have not only become losers of our Property, but many other poor Ryots like ourselves will be reduced to the same condition by the influence of the

3rd

3d Defendant and others of his stamp who will take this original decree as an example for dispossessing people of their lands under similar circumstances- The Defendants have further stated in their rejoinder that Veerun, the Father of the 3d and 4th Plaintiffs has affixed his signature to the pretended Razeenamah, but before the Court, during the examination of the witnesses, another man named Veerappen of the Codicalcar Cast was produced and stated to be the real Veerun.

When all these facts which were overlooked by the Lower Court are taken into consideration by the Civil Court, the Court will find that the 3d Defendant by his influence caused some persons to pass for the real Puttadars, and made himself Master of the land by unfair means, and that he is now disputing our claim unjustly.-

With regard to the 3d Defendants depriving us of our lands in the year 1838 without obtaining our Razeenamah as remarked in our Petition filed in the original Suit,

we

With regard to the 3d Defendants depriving us of our lands in the year 1838 without obtaining our Razeenamah as Remarked in our Petition filed in the original Suit,

we

we complained both to the Tahsildar of the Talook and to the Magistrate but without success- we again sub:=mitted our Complaints by Tappal, the one to the Tahsildar on the 3d September 1838, and the other to the Principal Collector dated 5th of the same month. These Complaints also proved as in:=effectual as the former- we, the appellants are in possession of the Copies of the Complaints in:=question as well as the Tappal receipts granted to us. These docu:==ments were produced in the Court at Salem, whence they were returned to us with instructions to file them with the list of witnesses and exhibits and in the mean time, the Proceedings having been received into the Court at this station, we were precluded from producing the same- a reference to these Papers will clearly shew that no justice was done to us either by the Principal Collector or the Tahsildar Fruther more we beg to state that we were and are still prepared to Cultivate the Land under

under litigation with garden and Nunjah Crops and that we are contending for its possession ever since we were de:=prived of it.-

Under these cir:=cumstances, we the appellants, request that your Superior Court will take into consideration all our claims and the Documents we have in support of them includ:=ing receipts as well as the Tahsil:=dar's report respecting the fraudulent deposition caused to be given in the Talook by the 3d Defendant, and also the fact of the Principal Collector's having ordered Puttah to be issued in the 3d Defendants' name without enquiring into our legal claims and pass a decision according to Section 2 Regulation IV of 1822.-

No. 3.

Draft of answer proposed to be filed in Appeal Suit No. 64 of 1845 on the file of the Civil Court at Coimbatore on behalf of the 1st respondent the Principal Collector.

The

The circumstances connected with the origin and nature of this Suit having been already so clearly setforth in the answer and rejoinder, the 1st respondent does not consider it necessary to trouble the Civil Court with a recapitulation of them. He would only add that an enhanced rate of assessment having been offered for the land under litigation in 1248 which the Temporary incumbents were unable to accede to it was given to the 4th Defendant, the Proposer as prescribed by the Kooroonamah which was then in force in the District. This transfer was not made without the Concurrence of the Parties but only after a Razeenamah was tendered by them to the effect that they were not able nor willing to hold the land on the payment of an increased rate of assessment. Had they come forward to accede to the proposed terms, there would have been no possible objection to allow them to have the preference over the 4th Defendant but such was not the case and this will

will be the more apparent from the fact of there having been no Complaint on the part of the Puttadars at the time the land was made over to the 4th respondent nor until two years afterwards.-

It appears that the Curnam of the Village has stated before the Court that a Razeenamah was taken from Parties other than those mentioned in the Puttah. This statement is palpably false and would seem to have been dictated from motives of malevolence existing between the 3d and 4th respondents and the Curnum. He was the person that registered the transfer and prepared the account as well as the Puttah, and had he any doubt as to the correctness of the Razeenamah or the legality of the transfer, he would have communicated the same at the time, but the fact of his admission of the Razeenamah and the transfer and his subsequent Statement before the Court are contradictions which go to prove that his

The Answer of the Gov - ernment Vakeel Amboo Padwall in behalf of - H. V. Conolly Esqr. Col - lector of Malabar, 1st Defendant in Suit No. 76 of 1844.

Hereunder is my Answer to the Suit preferred by the Plaintiffs 1st - Eddapadikel Coonhayen Cotty and 2d his younger brother Coonhayen under O. No. 76 of 1844 against the Collector of Malabar as 1st Defendant and certain others, for the restoration of certain landed property -

property and Cattom derivable therefrom, valued at Rupees 1446 as p. 11 4.

1. It appears that final orders were passed in this case in the time of Mr. Clementson when that Gentleman was Principal Collector of this District and of his Assistant. In Section XXVIII Regulation XXVII of 1802. it is enjoined that "Collectors "shall not be liable to prosecution for the "Official Acts of their predecessors", the Plaintiffs are therefore not justified in filing a Suit in this Case against the present Collector, nor that Gentleman bound to answer it. It may however be proper to lay before the Court the particulars of this Case obtained from a reference made to the records in connection thereto.

To a Petition bearing date the 11th Thulam 1012 / 25th October 1836 which Eddapadel Pavoo the father of the Plaintiffs presented to Mr. Clementson, then Principal Collector, representing that Chatoo Nair the adighary of Coorowathoor Unshum had attached his Parambas and fields with all the produce thereof, on the plea that he did so to satisfy the revenue due by him, an order was sent to the Salook for explanation, when the then Sahsildar Ooniry Menon reported that in consequence of the said Pavoo having failed to

to discharge the Kists due by him, an arrear amounting to 25 Rupees accumulated up to the year 1011/1836/37 that he not only did not pay this arrear but also the assessment for the year 1012 1837/38 that as he did not also give security for the due discharge thereof, it was found necessary to get the adighary to make the attachment and that the arrears due by the said Pavoo was discharged by the adighary- and Mr. White the Head Assistant Collector then in charge of the Calicut Talook issued an order under date the 20th January 1837 to the Sahsildar of Calicut to the effect that as the Statement of Demand Collection and Balance did not exhibit any arrears in the Coorowatoor Unshum, the representation that the arrears due by Pavoo was discharged by the adighary is difficult to be believed, that there was no reason for having attached the property without previously reporting and receiving orders, nor having demanded security for the due discharge of the arrears- that as Pavoo had offered a Security for the discharge of the revenue for the year 1012/1837/38 the Security so tendered should be received, the property that is attached released, and he be made acquainted with the Receipts and Disbursements made from the time of attachment up to the releases

release of the property.

Pavroo having after this represented that the Tahsildar had not abided to the directions contained in this order, Mr. Clement son issued another on the 24th October 1837 to the effect that a Security should be forthwith taken, the property restored to Pavroo and the Tahsildar's pay was ordered to be kept in deposit for disobedience. Subsequent to this, Pavroo made a Statement at the Calicut Cutcherry on the 9th December 1839, which was taken down in writing acknowledging that the property was restored to him, but asserting that the Adighary Vra. had appropriated its produce to his no small loss. Mr. Clementson after a reference to the reports Vra. from the Tahsildar on the subject, issued an order under date the 27th February 1838 to the effect that there was no proof as to the Adighary Vra. having appropriated the produce of the property, that Pavroo was to be informed that there were no grounds for passing any further order about it and requiring that the produce of his gardens should be attached for the discharge of the revenue due by him. The Court will by a reference to the records connected with this affair be satisfied that the Statement of the Plaintiff's, that

that the lower produce of the Parambas of the value of 275 Rupees together with the Wicharom amounting to 814 and odd Rupees were appropriated is false.

After the above order was issued Pavroo again failing to pay a portion of the Revenue for the year 1813 (1838/39) without also tendering a Security for the year 1014 (1839/40) the Tahsildar under date the 9th October sent an Urzee to Mr. Cook the Assistant Collector then in charge of the Calicut Talook setting forth that an Urzee was presented by the Jemmy Ramoony Panikar representing that as he is the Jemmy of the Parambas Vra. he would pay the revenue regularly if they were made over to him, an offer which the Tahsildar recommended should be accepted. Pavroo was thereupon sent for and examined before the said Gentleman with regard to this. He stated that he would produce a Security within 20 days. Order was accordingly sent under date the 25th October 1838 directing that if he did not fulfil this promise, the property should be made over to the Jemmy as recommended by the Tahsildar for the due discharge of the Government demand. And it appears that subsequent to this, the Tahsildar

reported

Fort St. George 4th August 1845.

reported that the Jenmy had taken up the following four Parambas Viz.t 1 Canuramba-tha 2 Cooiatha Kandy, 3 Manarakel and 4 Shayah Soohacodun Kandy together with a field called Oudody.

After these Parambas &c. were made over to the Jenmy, Pavroo again presented Petitions, to all which Mr. Underwood under date the 25th February 1839 and Mr. Thompson under date the 19th November 1839 when those Gentleman were Acting Principal Collectors, passed final orders confirming the above order.

Although these Gentlemen had passed such final orders, still Pavroo on the arrival of the present Collector in March 1840, presented a Petition bearing date the 2nd Coombhum 1016 / 11th February 1841 recapitulating all he had before urged. And it was answered under date the 24th February 1841 that the orders of his Predecessors are to be acted upon. Subsequent to this, Pavroo presented Petitions under dates the 22nd Chingom 1016 / 5th September 1841 and 18th Kamy 1018 / 2nd October 1842 offering security for the due discharge of the revenue and requesting that the property may be released to these Petitions orders were sent to the Sahsildar Oonery Menon on the 10th October 1842 and 28th September 1843 directing that Officer that if he tenders security agreeably to

Fort St. George 4th August 1843.

to the former requisitions, it should be received and those orders attended to. After the property was made over to the Jenmy Kamoony Panikar agreeably to the order of the 25th October 1838, the Sahsildar reported that the Jenmy made the same over on Pattom to Adeyl Pokur and Cootil Chickoo, that the Jenmy does not admit the claim of Canom amounting to 150 fanams which Pavroo had advanced thereon, and that the Securities tendered by Pavroo are insufficient and people of no property &c. themselves.

Pavroo having again under date the 26th Coombhom 1018 / 8th March 1843 presented a Petition, the Sahsildar Sacha Menon was directed to report with regard to it, and that Officer in his Urzee of the 10th June 1844 reported that the Jenmy had stated that Pavroo had returned the property to him with an Oyemoory / a deed of relinquishment / together with the prior deeds, and that it was made over to others who had made improvements &c. while on the other hand Pavroo has alleged that he did not make it over nor execute a deed of relinquishment. These two individuals were therefore sent for and questioned before the present Collector of Malabar and it was ascertained that after the property came into the hands

of

Fort St George 4th August 1845.

of the Jenmy it was transferred to others
who are in occupation, that Ramoony Panicker
had instituted a suit against Pauroo for the
recovery of the property, that the Jenmy Ramoony
Panicker is dead and that his successors know no
thing about this matter. An order under date the
19th October 1843 was in consequence sent to the
Tahsildar directing that they were to abide to the
award that would be passed in the suit that
was filed and that in the interim no order could
be passed - and Pauroo was made informed of
it. Subsequent to this, the Plaintiffs and one
Packroo the son of Pauroo presented two Petitions
in one of which dated 19th/30th Eddawam/May 1019/1844 mention
is made that the Suit was dismissed owing to
the absence of the Plaintiff - but as the property
was made over to the Jenmy by the Tahsildar
pursuant to orders of the Gentlemen the Prede-
cessors of the present Collector, and the Jenmy
having afterwards transferred the same to
tenants who have made improvements, and
as the Jenmy contended that Pauroo had made
over the property to him and passed a deed
of relinquishment, an answer was given to
the effect that the Plaintiffs should have
recourse to a Civil suit against the Jenmy
for the restoration of the property now on his
possession. If the Plaintiffs or their father had been

dissatisfied

Fort St George 4th August 1845.

dissatisfied with the said order, or with the
orders of the former Collectors they could have
appealed to the Revenue Board, this being a
Revenue case, but which they have not done.

The present Collector was
appointed to this District in March 1840 should
the Plaintiffs wish the property to be restored
to them, property regarding which final orders
were passed a year and four Months before
that Gentleman's arrival by his Predecessors,
they ought to file a Suit against the Jenmy
and those who are in possession thereof, but
there are no grounds as the Court will perceive
to include the present Collector of Malabar
in this Suit.

I therefore pray these cir-
cumstances may be taken into consideration
by the Court and the Suit against the Collector
of Malabar dismissed with costs.

and fixed upon the Assessment the receipt of which has been acknowledged by the Local Officers—

All that we require now is to be recognized the Proprietors of the Plantation by some Documentary evidence, an annual Pattah we had hoped would have sufficed but the Collector is unable to grant this, except on the production of documents which it is not in our power at present to obtain, and our object in trespassing upon the time and attention of your Board is to solicit the adoption of such measures as may seem most meet to facilitate our views.—

We believe that Mr. Cockburne obtained grants for the lands on the Shevaroy Hills and that these documents are not now forthcoming, a renewal of them in our name might perhaps be deemed sufficient or if under the orders of Government, a Lease Pattah or other document be issued under which the Collector will be warranted in receiving the annual Assessment our wishes will be fully met and we will feel grateful for the kindness.

The Season of fusly 1251 is reported by Mr. Blair the Principal Collector to have proved "very favorable," the Rice Crops being "very abundant;" and the Pepper and Betel Nut "very productive," but Cardamoms sustaining some injury from heavy rains, which also interfered with the manufacture of Salt. Prices were below the previous year and the average of the 5 previous years. The District was generally healthy.

of the District, and the Government will reserve their remarks on these subjects until that paper comes into consideration.

10. The remainder of the Board's remarks relate principally to the preparation and charges in the usual accounts, and to the discrepancies observable in those already furnished, upon which the Government have no particular observation to make.

11. The Most Noble the Governor in Council concurs with the Board of Revenue that it would be inexpedient at present to transfer the proprietary right of Government in the escheated Estates to private individuals by the grant of Pattahs.

12. The Board have passed over in silence the observation of the Principal Collector in the last para of his report Mr. Blair says "I am sorry to say the visits of the Officers of the Engineers' Department to this part of the Division are so rare, and for such short periods, that it is impossible they can give sufficient attention to half the works of importance that are brought to their notice." The Board will be pleased to state if any, and what notice has been taken of this complaint, and what arrangements have been ordered to ensure the presence of the Superintending Engineer or one of his Assistants in the District more frequently and for a longer period than has

Submitting for orders a correspondence with the Collector of Tinnevelly on his application for permission to dismiss David Pillay Shasildar of the Vittoo cutty Talook in that District.

(Here Enter 2nd June 1845. No. 363.)

Para 1. The Most Noble the Governor in Council has given his attentive consideration to the circumstances represented in the correspondence which accompanied the

Fort St. George 7th August 1845.

the above letter regarding David Pillay, Jahsildar of the Villecutty Talook in the Trichinopoly District, and is of opinion that if the Collector can establish the facts reported in his letter of the 12th May 1845, the Board of Revenue would do well to reconsider their refusal to authorize the discharge of that individual.

2. The circumstances mentioned in the Collector's letter of the 10th July 1840 shew that little confidence can be placed in the individual in question, and His Lordship in Council considers his restoration to the Service at that time to have been inexpedient.

Cawnies 18,927 than in the preceding year, and the not settlement shewed a decrease of Rupees 90,641-2-1, of which Rupees 28,654-4-8 was in the wet and the remainder, Rupees 61,986-13-5, in the dry Talooks.

3. The best prices of different kinds of grain during the year, at the exceeding those of the

the preceding fusly were the Collector states below those of ordinary seasons-

Para 9 4. The losses sustained by Trichinopo: -ly Ryots in consequence of alterations in the works of irrigation in the neighbouring dis: -tricts, as explained by the Collector, deserve Consideration, and the Board will submit to Government the additional report on the subject which they have called for from the Collector, together with the opinion of the Civil Engineer, to whom also the matter has been referred.-

5. Of the demand for the fusly amounting to Rupees 131,8046-5-11. there was realized within the year Rupees 125,592-0-11. and up to the end of March 1840 a further sum of Rupees 7,375-11-2, leaving a balance of Rupees 21078-9-10 uncollected.-

Para 34 6. From the Collector's report, it appears that there is a balance of Rupees 8715-11-8 against 22 villages, the Meerasidars of which have withheld their Rents and behaved in a most Contumacious manner, and the Collector is of opinion that, without firm measures are now adopted, and their lands exposed for sale, the difficulties in collecting the Government dues will increase- The Board are silent on this subject

subject although it is clearly one of great moment and one on which the Collector had a right to expect explicit instructions-

7. The Most Noble the Governor in Coun: -cil requests the Board of Revenue will submit at an early date the Collector's report on the old out: -standing balances amounting to Rupees 56746. 13-5.-

Fusly 1253 8. The season was worse than the pre: -ceding one and the Cholera more general and fatal, and these circumstances, together with the little Encouragement to agricultural pursuits induced many of the labouring class to emigrate to Ceylon, and the Consequences have been a great falling off in the Settlement for the year. 11 There are several points alluded to by the Board of Revenue in the proceedings under Review, which the Government would have disposed of at once had the information laid before them been Complete.-

† Para. 7 Board's Proceedings on fusly 1253

12 There is one † case it is observed that has been before the Board for more than 2 years, and is still undisposed of, because the explanation in the Settlement Report on fusly 1252 was not what was expected.- In this instance the Board ought to have called upon the Collector immediately for what further information was required and disposed of the question in their proceedings on the same fusly (1251) and not have allowed the discussion

to extend itself over a period of two years.

13 The Board of Revenue who in all matters connected with the Revenues of the Country are the Medium of Communication between the Government and the Officers in the Provinces, have the power, and are expressly employed for the purpose of calling upon the Collectors for every information relative to their districts and afterward, to place the subject under discussion or report before Government in as clear and perfect a form as practicable.-

14 His Lordship in Council therefore requests that the Board of Revenue will in all cases before addressing the Government obtain every information necessary for the correct understanding of the subject under Report, and then submit their proceedings, when such directions as appear expedient can be given. Instances may occur, however, in which the delay required to obtain further information may be injurious to the public interests and to private individuals, and on these occasions this general rule may not be followed. But those instances it is believed, will be few.

From the Secy. to Govt. authorizing the Magistrate of Biddapah to disburse a reward for the destruction of dogs. 7th August 1845

Sir

1. I am directed by the Court of Sudder Adalut to transmit to you, to be laid before the Most Noble the Governor in Council the accompanying Copy of a letter from the Sessions Judge of Cuddapah, submitting an application from the Acting Joint Magistrate of Cuddapah, to be allowed to offer a reward "for killing dogs at Cumbum."-

2. It appears to the Judges that the Acting Joint Magistrate's letter satisfactorily establishes the necessity of adopting some measures for the destruction of the dogs, which in such numbers infest the streets of the town, and endanger the safety of the troops and inhabitants, and as "the Peons from caste prejudices are all unwilling to perform such duty," the Court would beg leave to support Mr. Knox's proposition, and to recommend that he be allowed to offer a reward of 2 Annas for each dog which may be killed.-

The

Fort St. George 7th August 1845.

3. The Court are not aware that they are the legitimate Channel of communication in this instance, as the charge cannot strictly speaking be considered a judicial one, but would rather appear to be connected with the Police, and therefore properly falling under the cognizance of the Board of Revenue.-

4. But as the Court entertain some doubt of the correctness of this view, and in order to prevent delay, they have thought it right to submit the correspondence in the present instance to Government, and to solicit their instructions regarding similar applications in future.-

Sir,

Fort St. George 7th August 1845.

Government for the offer of a reward for killing dogs at Cumbum, which I beg to recommend may be granted.-

2. I am aware that similar applications from the Mofussil have been refused and that it has been ordered that the Cirkar Peons should kill stray Pariah Dogs when the measure is deemed necessary for the safety of the community, but as the Peons from caste prejudices are all unwilling to perform such duty and cannot with propriety be compelled to undertake it nothing is done unless individuals advance money to give the requisite reward for the purpose, to the lowest classes, which they cannot always be expected to do.-

Sir,

I have received an urgent from my Native Dresser reporting I am happy to say that Cholera has at last begun to abate at Cumbum, he ends his Urgent by stating that many pariah dogs are becoming rabid from eating dead bodies which they and the Jackalls scratch up out of their graves; from other quarters I have received similar information, and there are known great number of dogs always wandering about the Town, under these circumstances it is absolutely requisite for the safety of the inhabitants of the Town and of the Sepoys in the Fort that steps should at once be taken to kill off as many dogs as possible and I offered a

a reward of 2 Annas for each dog killed, and trust you will obtain the sanction of Government for whatever sum may be thus expended.-

The seasons during the two years
embraced in this report are represented as having
been unfavorable in both the above named adjoining
Estates, which combined with great depression in the
price of grain and the reduced state of the agricultural
portion of the population are the reasons assigned by
the Commissioner for the decrease observable in the
revenues compared with former Years.—

It will thus appear that in these 17 Villages the total decrease in Fusly 1252 as compared with Fusly 1257 amounted to no less than 14,720—6—11 being at the rate of 39 per Cent.—

The subjoined Statement shews the comparative results of the engagement for the two years under review of four of the above seventeen Villages in which the fluctuation has been most considerable.—

The remaining balance was Rupees 49-14-11 on Aysarah and on 3952 in the Village rents or Rupees 13—5-7 per Cent on the demand.—

10. The Board are glad to observe that the Commissioner abstained from proceeding against the defaulters in the rented Villages with measures of great severity, avoiding recourse to the sale of Cattle and other property, except where it consisted of grain as likely, to interfere with the realization of the Current revenue and to trench upon the ryots' means of continuing his cultivation in future years.—

11. In the present condition of these Estates the Board considers that the renting System is the best that can be adopted and they would desire to see that mode of Settlement carried out in future as far as

as circumstances will admit. As a general rule however they consider that the period should not exceed one year, and that in every case the rent should be made with the Villagers themselves, and upon such terms and conditions as shall duly protect the rights of each individual ryot. The Board have in their review of the Commissioners report on the Settlement of the Government Estates in Rajahmundry for Fusly 1252, dated 3rd April 1845, expressed their sentiments upon the several Systems obtaining under the denominations of Vesabady Assarah and rent deem it unnecessary to recapitulate their remarks on the present occasion and have therefore merely adverted to the general results observable in the Revenues derived from the two Estates under comment.—

12. The further balances outstanding on the other items comprising the assets of the Estate are shewn to amount to 1992-12-5 in Fusly 1251, and to Rupees 1263-13-11 in Fusly 1252. the particulars of which are fully explained in para 17 and appear to need no futher remark.—

Order on the three foregoing letters. Ordered to be sent again in Circulation.

(Read again in Bds. 11th. August)

21-24

Read the following letter.

To J. Dycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

25

From the Collector of Bellary. Sir,

Noticing the great fall of the Commission of the Stamp Darogahs in his Hoozoor Cutcherry for the fact of their receiving nothing for their labour consequent upon the frequent changes which have taken place under the operation of Act VI of 1844 and subsequent orders recommending the abolition of the Deputy Darogahs situation and that the Head Darogahs allowance be fixed at the small sum of Rupees 25 per mensem and requesting permission to debit the same to "Stamp Revenue" without Charging Commission.

1. The abolition of the Mysore Frontier duties and of the issue of stamped Rowanahs under the orders of the Board dated the 17th. March and 30th. June 1845, has considerably affected the stamps, in as much as the whole of the Stamp Revenue on Rowannahs Ceased simultaneously with the Sayer Revenue of the District.

2. According to the practice of the Province which has obtained since the Collectors 5 Per Cent Commission on the gross produce from stamps was done away with, the distribution of the 5 per Cent on Money Papers and Rowannahs Yeas has always been made in the following proportions Viz.t

On Money Papers.

2 Per Cent to the Darogha in the Collectors Hoozoor Cutcherry.
3 Do. to the Tahsildars as Venders in the Talooks.
5

On

9493 Fort St. George 7th. August 1845.

On Law Papers

5 Per Cent to the Vender on Papers sold at the Zillah Court.

On Stamp Rowannahs

2 Do. to the Darogah in the Collectors Hoozoor Cutcherry.

Hoozoor Cutcherry

*1 Do. to Deputy Darogah in Do. Do.
2 Do. to the Tahsildars as Venders in the Talooks.
5

*This is the one Percent which was allowed to the Hoozoor Sayer Sheristadar as specified in the late Principal Collector Mr. Robertsons letter to the Board dated 9th October 1834.

3. At these rates the stamp servants both in the Hoozoor and in the Talooks continued to be remunerated for their trouble; but their remuneration having gradually decreased inconsequence of changes of systems in the Sayer Department, particularly in the Case of the Hoozoor Darogha and his Deputy so as to render the situations not worth holding, while the responsibility imposed on them in practice and by Regulations in receiving the supplies furnished by the Superintendent of Stamps, issuing Papers on the Indents of Tahsildars, the safe Custody of the remainder, attending to the timely examination thereof, as well as rendering Accounts of these transactions is Sheary.

*Vide Proceedings of the Board of Revenue dated 23d. February and Circular Letter from the Superintendent of Stamps dated 17th. March 1837.

4. In order to exhibit in one view

view the income of the above Servants, I beg leave to submit a Statement of the Gross Collections, the total Amount of Commission with the Particulars of the Distribution thereof, from which the Board will observe, that the average Commission of the Darogha and Deputy Darogha on the actual results of the 12 Months antecedent to the promulgation of Act VI of 1844, or from May 1843 to April 1844 Amounts to Rupees 32 7 11 to the former, and Rupees 15 10 3 to the latter per Mensem, while that of the 12 Months subsequent to the operation of the Act or from May 1844 to April 1845 to Rupees 12 12 a p 11 to the Darogha and Rupees 5 12 a 9 p to his Deputy per Month, and that even the last mentioned Sums have been again reduced to Company's Rupees 1 7 10 in one Case, and to Annas 9 and Piece 11 in the other, owing to the opening of the Mysore Frontier, which had always been a prominent Source of Contribution to both the Stamp and Sayer Revenues. The large quantity of Money Papers and Sayer Rowannahs (the latter though not stamped as heretofore) which it is necessary to place in their Custody, and the Nature of their duties render it imperative on me to see them fairly and adequately paid.

† Vide letter from the Board dated 30th June 1845.

Under

Under the present changes, their labour has been very little decreased and the Pay very much, whereas the regulation under which the Darogha is appointed has rendered it an important office. The frontier of His Highness the Nizam's Dominions and the Transactions of Individuals in regard to Money and Judicial Papers still remaining as before, and consequently requiring to be retained and provided for (with a view to meet the demands for Stampt Papers, and the Indents of Tahsildars for Rowanahs), I am induced to submit the Darogahs being in fact unpaid for the favorable consideration of the Board. The Stamp Department ought to be kept up distinct as at present, and the servants have to furnish timely Accounts to the Collector to enable him to furnish reports and Returns to the different authorities at the presidency. The duty required of them cannot be properly performed by any general Establishment. Moreover it appears inexpedient under the strict letter of the Stamp Regulations to blend or incorporate the Duties of this Department with those of any other.

‡ Clause fourth Sec. X Reg. XIII of 1816.

5. I should long ago have submitted the present reference to the Board

Board, had I not thought it proper to wait the working of the present System after the receipt of their orders dated the 17th March last, and to wait the actual results as regards the Darogha's stamp Commission. I now find what I have herein before stated, that these servants get almost nothing.

6. I beg to draw the attention of the Board to Clause fourth Section X Regulation XIII of 1816 which runs thus, "A "Darogha of Stamps shall be appointed at "each of the Stations of the Collectors and "Assistant Collectors, who shall be paid by "Commission, or by Salary or partly by "Commission and Salary as the Board of "Revenue, with the sanction of Government "may deem most advisable." In consequence of a reference from the Superintendent of Stamps in 1816 and 1817 calling for information as to the amount of Salary or Commission to be granted to stamp Darogahs, the Head Assistant Collector in charge of the District gave it as his opinion, that "their Pay ought certainly not to be less than "½ Pagodas ✕ Mensem and that the number "could not with convenience to the public be "diminished below ten. The Head Darogah must "be of known integrity and from the respons- "ibility attached to his situation would require

° 6th December 1816 / 15th April 1817

To the Superintt of Stamps 6th May 1817

× 21 Rupees

° 35 Rupees require a Monthly salary of at least ten Pagodas.

The Darogha's however received no fixed Pay, but were allowed to draw Commission and the arrangement was at that time a very proper one; but circumstances having now changed and the Sayer having undergone material alterations from time to time within the last one year, it is no longer possible to continue the former System as regards the Darogha's allowances.

8. I therefore beg to propose that the Deputy Darogah's situation be abolished, and that the undermentioned scale of Salary be fixed Viz.t

To the Darogha ..... Rupees 25 per mensem,

and that this charge be debited to "Stamp Revenue," without charging any Commission.

° Rs. 25
° " 35/10

The Salary which I propose is not only moderate but far less than what was originally suggested. As such, I trust, the same will receive sanction.

9. Should the Board be of opinion, that the Darogah ought to be remunerated partly by Commission and partly by salary, I would in that case suggest, that he be allowed to draw the Commission as heretofore whatever it may be, together with the difference between, that and the fixed salary above proposed, such difference being always debited to "Stamp Charges" in my Journal.

10. The Tahsildars being themselves the Stamp Venders in the Talooks and otherwise paid, there is no necessity to alter the present System of allowing them Commission.

To

J. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

Sir,

30

From the Asst. Collr. of Cuddapah — submitting a report more fully on the particular charges under which the Reddies of Vempully were tried convicted and dismissed from office — herewith returned.

Para 1. I have the honor to acknowledge the receipt of your letter of the 3d instant together with the Petition No. 786 that accompanied it from Wobulreddy and Poollareddy late Misul Reddies of Vempully in Poolevendla Talook, and to report as required more fully on the particular charges under which they were tried, convicted, and dismissed from Office.—

2. The Petitioners were charged with having collected from certain merchants unauthorized cesses of Money amounting to Rupees 55 for the purpose, as stated in the Complaint, of defraying the expences they were liable to incur during the Jamabandy. When I was at Vempully and engaged in the Revenue settlement of the Talook, eleven merchants of the place preferred complaints against the Petitioners, and one of the Curnums Kanoomuntaroyadoo of their having exacted from each of them 5 Rupees for the purpose above alluded to, threatening to impose upon them alone the whole brunt of supplying the Establishment with the necessary provisions and all other requisites. From the circumstance of this

Fort St. George 7th August 1845.—

this having been assigned in the Complaint as a reason for their paying the demand, it would appear, even if there was no evidence of their having done so, that the visit of the Collectors' establishment on Summabundy is looked forward to with any thing but satisfaction by this Class of people.—.

3. Five Witnesses deposed to these Merchants having paid the Money into the hands of Wobulreddy which they say Petitioners and Hanoomuntarow shared equally, and though discrepancies occur in the evidence as to the rotation in which the Merchants respectively paid the sum demanded from them, as to one saying so and so was there at the time, while another that he did not recollect having seen him—they were very trivial and to be expected in an enquiry of the sort. The evidence is in no way contradictory, and did not leave any doubt in my mind as to the culpability of the accused.

4. I preferred punishing the Reddies by dismissing them from their Office to fining them without dismissal—the latter would have been no punishment at all as their influence in the Village would have been the same. and they would have only collected the amount from the Ryots on a Sufferick or Per Centage, a practice I am inclined to think frequently adopted in this District and I thought

Fort St. George 7th August 1845.—

thought the punishment of fining them with dismissal (though they perhaps deserved it) rather severe. The amount was therefore not refunded to the Merchants by a fine being levied from the Petitioners, as the former ought to have resisted the payment demanded from them, and complained to me in the first instance, when they knew I was on the spot or within a march or two from their Village instead of submissively yielding as they did.—.

5. I thought the loss of the Money having been collected in the public manner in which it was. Reddies of large Villages carry matters with a high hand, and moreover it seemed a mutual sort of compact formed among the parties, which if the Reddies had perhaps strictly kept, and not imposed upon the merchants the alternative also, they would not perhaps have been complained against, and the Merchants not having complained in the first instance leads me the more to form this opinion. They seem to have been aware of the influence possessed by the Reddies and considered, I presume, the first loss better than the alternative the were threatened with.—.

6. Whether the amount collected was to cover the expences the Petitioners actually incurred consequent on the Summabundy having been conducted in their Village or whether solely for themselves it is immaterial, my object being to protect

Fort St. George 7th August 1845.—

protect the Inhabitants from these acts of extortion, and admitting even that the Heads of such Villages in which the Collector's Establishment is quartered, for the sake of performing the Jummabundy do incur these expences, the only plan of putting a stop to such irregular practices, if any do exist, and of inducing them to come forward and state what they really are, is to punish them when it is proved that they have used their influence to make the loss thus incurred fall on others instead of on themselves.—

7. I cannot but think I have dealt leniently with the Petitioners. It appears to me that they fancy that they are not liable to dismissal without having to refund the amount proved to have been collected, and that their not having been made to refund the Money is sufficient to shew that there is no proof against them. Had I fined them also under Regulation IX of 1822 they would not in all probability have appealed to the Board. The leniency shewn towards them has evidently been misplaced, and in reconsidering the matter I acknowledge my error, as the restoration of Money unjustly levied from parties has a tendency to check those abuses of authority, by the encouragement it holds out to their coming forward to complain.

8. The Enam is Cumburty and not hereditary,

Fort St. George 7th August 1845.—

hereditary, and the Petitioners have made a mistake in stating that the Emoluments attached to the office have descended to them hereditarily. The reasons assigned by the Petitioners for the Complaint having been preferred against them appear to me unsatisfactory. They are moreover contradictory, at all events. I have no doubt that in so large a Village as Vaimpully others can be found who are equally efficient as the Petitioners, and as Zealous in their duties in preventing Merchants from receiving stolen goods and Currumns from con=cealing Cultivation. Under all the circumstances of the Case I thought it advisable that their services should at any rate be dispensed with, the more particularly, as the verbal Complaints against them on the part of the Ryots at the time of Jummabundy were very numerous.—

9. In the Petition allusion is

9506 Fort St. George 7th August 1845.

is made to the Complaints in the case having derived afsistance from the moonshees of my Cutcherry and to their having misrepresented the subject to me - The case is a very simple one and cannot be misrepresented, but I feel satisfied that the Petitioners know very well to the contrary, and they must indeed be greatly prefsed for afsigning reasons as to the case having gone against them, when obliged to bring in the Hoozoor Dafsfadar as concerned in the matter -

in respect to such shops. This exemption was subsequently still further guaranteed by section V Regulation VII of 1832 although it seems open to doubt whether the exemption provided by that Regulation applies to Regimental Bazars generally or to such only as are at "Military Bazar Stations"

3. Palamcottah is not a "Military Bazar Station" but in virtue of the G O already quoted it would appear to have been usual to exempt from Moturpha all parties borne upon the Bazar Register of the Regiment quartered there. During the three years that the 15th Regiment Native Infantry were stationed at Palamcottah the Number of Bazarmen registered for the supply of that corps did not exceed 30. The 15th have now been relieved by the 31st Native Infantry and from the correspondence herewith submitted which has taken place between the Collector and the Officer in command of that Regiment it will be seen that the number of Bazarmen admitted upon the register of the latter is considerably in excess of that borne upon the Register of the former corps.

4. Under these circumstances the Board beg to be favored with the instructions

of

of Government upon the following points.

1. Whether the G O of 22d January 1830 has been superseded by Regulation VII 1832.

2. Whether supposing it to have been so superseded the exemption from Moturpha granted by the 1st Section V Regulation VII 1832 applies to all Regimental Bazars or to such only as are at "Military Bazar Stations".

3. Whether the number of parties to be entered in Regimental Bazar Registers and thereby exempted from Veesabaddy and Moturpha Taxes is to be left to the discretion of the Commanding Officer or whether it is to be confined within certain regulated limits dependent upon the strength of the Corps or other similar circumstances.

To

The Chief Secretary to

Government.

Sir

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letters from the Principal Collector of Coimbatore requesting sanction for writing off the value of certain Mats and Ropes used for packing a consignment of Tobacco held in readiness for transmission to the Depôt at Coimbatore and accidentally consumed by fire.-

It will be seen that the Tobacco was the property of certain Ryots in whose charge it was when the accident happened, and upon whom the loss, estimated at Rupees 130, will fall.-

The Mats and Ropes were supplied at the expense of Government and under the circumstances stated the Board recommend that sanction may be granted for writing off their value Viz. Rs. 5-15-6

further explanation regarding certain Estates recommended for sale, with reference to Board's Proceedings under date the 3d. Instant.

Extract from the Proceedings of the Board of Revenue under date the 3d. Instant, calling for further explanation regarding certain estates which I had recommended for sale in satisfaction of arrears in my letter of the 16th. Ultimo.-

2. In reply I beg to state that the several estates noticed by the Board, have been long under attachment by the Adawlut Court, and communications were made to it by the Revenue Department, requesting that when any of the properties were sold in satisfaction of decrees, that the amount of Government arrears should be remitted out of the sale proceeds.- But according to the practice of the Courts, the sales have been delayed in consequence of claims being advanced, in opposition to the disposal of the property.

x arrears on Nos 1 and 8 since 1219.
Rs owed Nos 2-3-4-5 Since 1251

3.- In order to prevent further delay in the realization of the Government arrears, a motion was presented to the Court, requesting, that in the cases now noticed by the Board, the property might be released from Judicial Attachment - and be allowed to be sold through this Department. This request being complied with within the present year, the necessary advertisement was prepared and submitted for sanction.-

From the Pl. Collr. of Canara.-

Reports on the Moturpha of the District of Canara and submits in the Forms furnished by the Board as called for in the letter dated 11th. April last.-

Sir,

1.- I have the honor to acknowledge the receipt of your letter of the 11th. April last, calling for a Report on the Moturpha of this District, and transmitting Forms to be filled up in illustration of the subject.-

2 In reply I beg to submit the following observations, together with the several Statements called for by the Board, prepared in the Forms furnished.-

3. The Moturpha tax of this District, was not originally assessed on any fixed principle.- The assessment was fixed with reference to the supposed profits of each Individual assessed to the tax, but without any minute scrutiny into his circumstances; and the rate at which the same class of persons were assessed, varied in different parts of the District, while in some parts it was not levied at all.- This inequality in the tax and the want of any uniform System, originated in the circumstance of the Province having been formerly under the rule of various Petty chieftains, as explained in my letter

letter to the Board under date 24th September 1841. -

4. With the exception of a more general extension of the Shop and Warehouse tax, little or no alteration has been made in this branch of Revenue, since we obtained possession of the Province. Each Individual liable to the tax, is assessed with reference to the Estimated profits of his Trade, or profession, and no alteration is made from year to year, except on a representation of a person that he has given up his trade or profession, or that his means have become reduced, when a reduction, if thought necessary is made in the amount of his assessment, or he is exempted altogether from the tax. -

5. At the Summabundy, Pottahs are prepared by the Village Curnum, which after the settlement is confirmed by the European Officer are sealed with his Official Seal, and stamped with his Initials. These Pottahs are given to each Individual assessed to the Moturpha, and on these, payment of the tax is noted by the Curnum or Potail of the Village. -

6 The Collection of the Moturpha involves no separate charge, as it is collected by the same establishment which is employed for the realization of the Land Revenue. -

The

	Rs a p
Moturpha Revenue	15,503-13-4
Proportion of charges	1,105-11-4

Land Revenue for 1254	Rs a p 1,87,602-10-10
Moturpha Do Do Proportion	15,503-13-4
	13-2

7. - The proportion of charges properly referrible to the Moturpha is exhibited in the Margin, amounting to 7-3-6½ per Cent. -

8. - The proportion which this tax bears to the land Revenue is less than 14 annas for 100 Rupees. -

9. - With respect to the bearing of the Moturpha tax itself upon the people, I am not inclined to think that it presses heavily upon the circumstance of the several classes assessed to it, as the sum levied from each is exceedingly small, and can rarely be felt by the Trader or Professional person, who generally speaking, pays in no other shape towards the expenses of the State. The chief objection to the tax is, the opportunity it affords for oppression and extortion on the part of the petty Revenue officers, which I have little doubt is very considerable, while from the circumstance of the people in this District living scattered about the Country, instead of being congregated in Towns and Villages, as is the case in other Districts, such acts of oppression are not often brought to notice, and are difficult to prevent. It is on this account chiefly, that a strong dislike has always been exhibited in Canara to this Tax, and particularly to any extension of it where it has not hitherto

hitherto existed. -

10. - As manufactures of all kinds are at the lowest ebb in Canara, and Artificers few and of the most inferior description, it would be impolitic to make any addition, to the present tax, on either Trades or manufactures, the increase of both of which it is so desirable to encourage. -

11 - The whole amount of Revenue raised from the Tax on Trades and Professions, in this District, is indeed so trifling, while as I have stated above, it gives an opening for much annoyance and petty oppression on the part of the inferior Talook Servants, that I feel strongly disposed myself to recommend its total abolition, retaining only the tax on Ware houses, Shops, and houses on Circar land, which as will be seen on reference from the Statement in the Margin, yields nearly two thirds of the whole Moturpha Revenue. The abolition of these taxes would be felt as a great boon by the people while the sacrifice of Revenue on the part of Government

Affairs in the East.

58 From the Collector of Madura

Sirs

Extract Letter from Fort St. George.
Dated 7th August 1845.
Board of Revenue
Territorial Department.

I have the honor to acknowledge the receipt of your letter under date the 14th Instant, and to report, for the information of the Board of Revenue, that in my statement of the 2nd March 1846, the sale of Salt for Home Consumption are alone entered. I now submit a statement in the form furnished by the Board, showing separately the sales for Home and Renee for Inland Consumption, from July 1830 to 1852.

The sales for Inlands Consumption in the present Statement are those for which Rowanahs were granted by the Office. Those for "Home Consumption" include small quantities of Salt which return to Cutch from the interior have surcharged in some years.

Ordered

Fort St George 7th August 1845.

He informs me that Mr. Place was here Superintending the Stamping Department. If this was in 1799 he must then have been about 14 or 19 years of age, and could have served under that Gentleman.

5. The Head Sheriff of this Office, who has been here for a considerable number of years, recollects having paid to Tyall Acharry his present allowance for the last 20 years, during which period he has been attached to the Huzzoor Treasury.

6. It is true that the sanction of Government was given for the disbursement of Rupees 1-8-7¼ per mensem, but there is not any entry in the accounts that I have yet been able to see, shewing that actual payment was ever made at that rate.

7. I delayed replying to the letter now under acknowledgement until I could see Tyall Acharry again, as I was led to suppose that there may have been some other person who received the whole of the authorized amount jointly with himself. He has just returned from a Village at a short distance from Madras, and tells me that the fixed sum of 7¾ fanams per mensem is all that he and his father have ever drawn, and that there never was another Artificeer entitled to receive any allowance of the kind.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 14th Instant, and to transmit herewith copy of the Purwanah therein referred to, which was originally held by Haufeza Beebee. On the 9th March 1812 the Yeomiah was divided among six persons, of whom four are now dead, and the surviving incumbent, who continues to draw her share alone, is Ameen Sahaba.

21st July in Cons. 4th Augt 1845.

I am directed by the Board of Revenue to forward for your early report the accompanying copy of a letter addressed to this Office by Messrs Ashton Richardson & Co. on the subject of certain lands on the Shevaroy Hills which are stated to have been lately the property of A. D. Cockburne Esqre and to have come into their possession by purchase.—

2. The Board request that you will be so good as to explain how the lands referred to are entered in the Public accounts, in what manner they were acquired by Mr Cockburne, whether they are held under a grant, and what objection there would be to the issue of a puttah or other instrument for the lands in the name of Messrs Ashton & Co as they have requested.—

To the Chief Secy to Government &c. &c.

Stating in reply to Extract Min. of Cons. dated 15th Ultimo desiring the Board to reconsider their refusal to authorize the discharge of David Pillay Tahsildar of the Vellicutty Talook in the District of Trichinopoly that with the decision of the Court of Foujdaree Adawlut under whose consequence the conduct of the Tahsildar in the discharge of his Public duties would more legitimately fall the Board would

In Cons. 2nd June 1846

To The Chief Secretary to Government.-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes of Consultation under date 15th Ultimo, stating that "the Most Noble the Governor in Council has given his attentive consideration to the circumstances represented in the correspondence which accompanied the letter from this Office of the 2nd June last, regarding David Pillay Tahsildar of the Vellicutty Talook in the Trichinopoly District and is of opinion that if the Collector can establish the facts reported in his letter of the 12th May 1845. the Board of Revenue would do well to reconsider their refusal to authorize the discharge of that individual."-

In

would submit whether they could with propriety have given or can still give to the Collector any answer beyond that communicated to him—also stating that the Acting 3d Member has dissented from the views contained in this letter and transmitting the Minute of dissent recorded by him—

2. In reply, I am directed to bring to the notice of his Lordship in Council that the most material of the facts reported in the on Collector's letter above referred to have already been made the subject of Judicial investigation before a Criminal Court the same facts were also re-presented to the Court of Foujdaree Udalut by the Collector in his letter of 4th January 1845, of which his letter to the Board of 12th May last is little more than a transcript, and the Judges having under their consideration both the letter of the Collector and the Calander of the lower Court, have recorded their opinion "that the papers before them did not justify "a compliance with the request which the Magistrate "had preferred for the dismissal of the Thasildar "and which would be at complete variance with "the result of the trial held before the Sessions "Court where David Pillay was Criminally ar-"raigned" with such a decision before them emanating from an authority under whose cognizance the conduct of the Thasildar in the discharge of his Police duties would more legitimately fall and which had the best means of becoming acquainted with the merits of his case, the Board would beg respectfully to submit for the consideration of his Lordship in Council whether they could with propriety have given or can still give to Mr. Onslow any answer beyond

Enclosure No. 1 in a letter From the Collector 14th April in Cons: 5th May 1845.

beyond that communicated to him in their letter of 5th May 1845 Viz: that as the Court of Foujdaree Udalut had declined to authorize the dismissal of the Thasildar the Board were also precluded from sanctioning his removal from Office. Indeed the Board may add that even had there been no objection on their part, it does not appear to them how Mr. Onslow in his capacity of Magistrate could have discharged David Pillay on grounds which had formed the subject of special reference to the Foujdaree Udalut and on which that authority had refused to sanction his dismissal—

3. "The refusal of the Board of Revenue to authorize the discharge of David Pillay was as distinctly intimated by them to the Collector in their letter of 5th May last founded on the previous refusal of the Foujdaree Udalut—Had the Collector brought to the notice of the Board any alleged Acts of misconduct on the part of David Pillay or shown any grounds for the dismissal of that Thasildar beyond those already laid before the Court the Board would, they beg to state, have been and would still be prepared to give all due weight to his representations. On a careful review of the Collector's letters of 14th April and 12th May 1845— the Board are however still unable to discover that that Officer has done more in those letters than urge arguments on couched perhaps in stronger language but substantially the same as those already addressed to the Judges of the Foujdaree Court and by them

them pronounced to be insufficient as shewn in the Extract from the Proceedings already quoted.-

The Acting 3d Member having dissented from the views contained in this letter has recorded a Minute of Dissent which is herewith transmitted in conformity with the orders of Government dated 15th November 1842.-

Revenue Board Office, Fort St. George, 11th August, 1845.- } /Signed/ T. Pycroft Secretary.

Ordered also that the following Minute recorded by Mr. Goldingham be submitted with the foregoing address.-

1-2

Minute by Mr. Goldingham Acting Third Member of the Board of Revenue.- } I do not concur in the sentiments expressed in this letter as I am of opinion that the subject should be again referred to Mr. Onslow in conformity with the orders of Government contained in Minutes of Consultation 15th July 1845.-

It is not necessary that Mr. Onslow should furnish such amount of evidence as would produce conviction in a Court. as Head of the Department it is his duty to provide for "its efficiency "by the adoption of such measures as may be deemed "by him advisable and necessary without awaiting "distinct proof of any specific act of delinquency".-

Extract from the Proc. of the Fort St. George Board of Revenue under date 23d January 1845. Para 5.

It appears that David Pillay's chief qualifications are "activity and indulgence" in matters

From Coll. 11th May 1845. N.B. He had Rupees 300 on "his "person when before me, "his women were covered "with ornaments.-

matters of Police, and yet a "runaway convict has been "lurking about David Pillay's Talook for months "has accumulated a considerable sum of money "by his depredations and is a terror to all the "country around and is at last apprehended, not by "David Pillay, but by the Magistrate himself and sen- "tenced to transportation for life".- These facts appear to indicate that David Pillay does not possess "activity and "intelligence" in the same degree as before or that these qualifications were purposely laid aside for the occasion.-

Again the said runaway Convict was on one occasion brought before David Pillay, by a person of suspicious character and under suspicious circumstances, but released notwithstanding the remonstrances of the Mazoomdar, the Officer next in rank to himself.-

Further as regards the specific Act for which David Pillay was brought to trial the Magistrate observes. "I have reason to suppose that there was "very material difference in the evidence given before "the Court and before me and one witness, a very import- "ant one, was, as is notorious and has been acknow- "ledged to me by parties who should not fail to know "the real circumstances of the case, corruptly kept out of "the way during the trial before the Court.-

It is desirable that Mr. Onslow should explain briefly the nature of the evidence as given before

Fort St. George 11th August 1845.-

before him and the degree of weight to which it is entitled - also that he should state distinctly the grounds on which he is of opinion David Pillay abetted the acts of the runaway Convict and whether his qualifications generally are such supposing him absolved from the present charges as will ensure the efficiency of the office.-

I am of opinion that the case should be brought under the reconsideration of the Board with the further information to be furnished by Mr. Onslow.-

(Here enter 12th June 1845 No. 377)

Para 1. From a perusal of the Reports of the several collectors which accompanied the foregoing letter of the progress made in the experiment for introducing the cultivation of the Mauritius Sugar Cane into the Provinces of this Presidency, the Most Noble the Governor in Council is of opinion that Cuttings should be supplied to a much larger extent than heretofore especially in those Districts where the prospect of succes is greatest, but to those people only who apply for them, otherwise they will be wasted, and that the local officers generally should be enjoined to renew their efforts for the advancement of this species of Cultivation.-

2. One of the chief causes of failure is clearly the very bad state in which the Canes reach their destination and this circumstance has the double disadvantage of limiting the experiment to a very small compass, and discouraging the people by making them pay for doubtful shoots which cannot

cannot germinate and by the cultivation of which they must be losers.— The attention of the Board of Revenue is requested to this point with a view as far as practicable to its correction.— They will be pleased to report if nursery gardens could not be established in Districts so as to avoid the injury by carriage, as His Lordship in Council entertains no doubt that if the Ryots discover the value of the Mauritius Cane, and find them growing in their District, they will naturally apply for them.—

Revenue Despatch 7th March 1845 No. 2 para 26—

3. The Honorable Court have in a recent Despatch adverted to the subject as well as to the little progress made in the Manufacture of Sugar from the Mauritius Sugar Cane, and his Lordship in Council proposes to submit the reports now before him in reference to that communication by the first opportunity.—

Sir,

With reference to my letter of the 26th ultimo forwarding the Moturpha Accounts called for in your letter of the 10th April last I have now the honor to submit my replies on the various points to which my attention was directed.

2. The principles on which the Moturpha tax was first introduced are not now discoverable- On reference to the records there appears to have been a great want of uniformity and regularity which is easily to be accounted for when it is remembered that the Ancient Zemindars each levied it arbitrarily and independently It appears to have been a source of revenue to them for many years- It was not levied according to the ability of the individual to pay with reference to the profits of his trade or profession for if it had been so, the amount would have been much greater considering that only Rupees 5928 8-3, were collected throughout the whole District in 1820 when it first passed out of the hands of the Zemindars into the Collector's charge, it seems probable that

Rajahmundry District Cutcherry

a Maximum of about Rupees 3 was levied from the rich while poverty was considered no bar to the collection of the tax from the humblest individuals - The ancient Zemindars established two lists, one in October and one in January and these have continued unchanged since the country came under the Company's Government - The collections are made by the Amildars Darogahs and their subordinates and no separate charges are incurred on this account - The proportion of the General charges of the District properly referrible to it is Rupees 2-11-9 per Cent the amount of the Moturpha being Rupees 2-11-3 per Cent of the land revenue -

3.

I do not find many complaints of the pressure of the tax upon any particular Classes, but the poorest of each profession are loud in their complaints during the Settlement every year - There are two classes so poor that it would be a great relief to them if they were exempted from the tax! - The firewood Sellers & 2 The Tamarind and wood apple Sellers - There are several trades or occupations which have been subjected to the tax only in certain places - Thus the Palanqueen bearers are taxed in Samulcottah one of the largest towns in the Pittapore Zemindary

Zemindary, where the constant demand for bearers in the prosperous days of the Zemindars necessarily afforded them larger profits than others of the same calling could obtain - The grain carriers on Cavadies are taxed in only five Talooks and in the largest Villages - Those are places in which their occupation also tends to yield large profits - These and other anomalies are traceable to the peculiar circumstances of the localities and therefore they have been left untouched.

4. During the Summabundy Settlement in Fusly 1253, I found that the petty shopkeepers in Rajahnagarum and its neighbourhood complained bitterly of being taxed four, Six or Eight Annas a head - with the intention of relieving them, I resolved to levy upon the wealthy Comities of Rajahmundry and other rich merchants a sum more proportionate to their means than they had hitherto been called upon to pay - The Comities were clamorous against this measure, shut up their shops for some days and finally appealed to the Board who were satisfied however with my Endorsement that the assessment was only adequate to their means It was my intention to have remitted to the petty shopkeepers at the ensuing Summabundy a sum equal to the increase obtained from

I have the honor to inform you that I have called and heard what is alleged to have the Settlers of Kurnool & Kurnoor have however to observe that in order to effect this great object it will be necessary that measures will be taken with the concurrence of the Board for the only Reform that can at present be prepared to suggest is that the Tax should be levied more equitably and that Kurnoor should be exempted

Read again letter from the Acting Collector of Guntoor dated 14th and entered in Consultation 21st April last.

Resolution thereon—

33

It appears that the balance of Tuccave outstanding in Guntoor is Rupees 1029-7-4 of which Rupees 553-10-4 are stated to be gradually recoverable from the sale of Timber. The Acting Collector will be pleased to furnish some further explanation in regard to the circumstance under which this portion of the advance is to be recovered in the manner you have stated. He will also explain by what reminder the remaining sum of Rupees 474 was advanced and whether the amount is recoverable if not the irrecoverable portion of the balance of Tuccavie now outstanding should be reported in order that sanction may be obtained for writing it off in the accounts.

Submitting a General Statement of Balances outstanding from Fusly 1240 to 1248 & a Memorandum explanatory of the discrepancy alluded to in the letter dated 17th instant as well as a Statement exhibiting the balances of Wooratavaru Poolooms from Fusly 1244 to 1248 requesting orders for writing off irrecovable balances to the amount of C. Rupees 839-7-3-1-

Sir,

As called for in your letter of the 17th Instant received on the 21st I have the honor to submit a General Statement shewing the balances outstanding from Fusly 1240 to 1248 adjusted according to Statement No. 9 forwarded with my letter of the 13th May and to submit a Memorandum explanatory of the discrepancy alluded to in your letter between the report submitted by Mr. Stonhouse and the amount entered as balance in Statement No. 9 which accompanied my letter above referred to.—

2. Mr. Stonhouse in his report has entered fully into the particulars of the outstanding balances extending as far as 14 years back. 2 years of famine intervening, & in this report written in October 1843 only Rupees 2136-6-8 are entered as recoverable under the head of land Revenue, of which Rupees 1197-12-6 have since been realized together with 140 Rupees a. p. 13-4 entered as irrecoverable, making a total collection of Rupees 1338-9-6 Every additional year that balances are allowed to remain on the accounts, adds many times to the difficulty of the collection even of those which are considered "recoverable" & renders the prospect of realizing the doubtful

or irrecoverable hopeless without resorting to very extreme measures. My experience in the District is of short standing but the present depressed condition of the poorer portion of the cultivating community, I can safely say calls for forbearance & a liberal consideration for distress with reference to their future prosperity and I do not think that a reduction can be made in the amount recommended by Mr. Stonhouse to be written off with any prospect of its recovery unless by the appropriation of the ensuing years produce for the payment of arrears so long accumulated, & tho according to the letter of the Revenue system they may be deemed just still when they have not arisen from obstinacy fraud or extravagant waste, the enforcement of the demand would seem to me impolitic, depressing the Ryot & eventually entailing a loss of revenue on the State. I would therefore recommend that the amount exhibited in the Margin as irrecoverable should be written off for reasons adduced by Mr. Stonhouse, and those brought forward by myself in the report on the various balances which have accrued in the subsequent Fuslies and equally applicable to those antecedent to Fusly 1249. a Statement exhibiting the balance of Moortanar Roofroom framed in a similar manner to that marked No. 6 accompanying the

Read letter from the acting Collector of Cuddapah forwarding a Memo shewing the nature of the Charges preferred against certain of his Thasildars and the result of the investigation which he has instituted in consequence-

24th May rec'd 4th Augt 1845.

40

Proceedings thereon-1-

Recording observations and orders on a letter from the Acting Collr of Cuddapah reporting the result of the investigation instituted by him on certain Charges preferred against the Thasildars of Cailcoontlah Zummulmudgoo and Doovoor Cailcoontla.

(Here Enter No. 40)

The Thasildars against whom the Charges reported on in the letter above recorded have been brought are the Thasildars of Cailcoontlah Zummulmudgoo and Doovoor- the Board will consider their cases briefly in the order in which they have been reviewed by Mr. Cochrane-

RECORDED

2-

Against this Thasildar 25 Charges have been preferred- 21 relating to Revenue and 4 to Police matters- No evidence was forthcoming in support of any Charge except one and that one is not proved- Of the parties

Fort St. George 11th August 1845

parties who preferred these Charges- one absconded as soon as the matter was taken up- the other is a dismissed Curnum and none of those persons, who, if the Charges against the Thasildar be true must have suffered from him, have made complaint- In Para 3 of the acting Collectors' letter he adverts to a Police case in which the Thasildar acted with partiality in not sending up a certain party to the Court, but this occurred after his removal to his new Talook- and in the Petition which has been addressed by the Thasildar to this Office is worthy of belief- the Party accused when forwarded to the Court was only punished with a fine of 15 Rupees- the Charge therefore could not have been a serious one- while it deems the Thasildar himself was fined by the Magistrate 10 Rupees for his hesitation in committing the case- Under all the circumstances of the case the Board see no reason for continuing the Thasildar longer in the appointment to which he was transferred some Months since, and they direct that he be allowed to resume his former duties-

The

Jummulmadgoo 3. The 1st Charge against the Jummulmadgoo Thasildar is said to have been proved by the evidence of witnesses but as no details are given the Board have no means of arriving at a Conclusion respecting it. It is a paltry charge - as are most of those against this Thasildar. Here too in every case but one the Complainant is a discharged Village servant. The Board think it unnecessary to retain this Thasildar for any further time in charge of the Taluk to which he was removed in April last and they request that he may be replaced in his former situation.

Doovoor 4. In the first case against this Thasildar the act charged against him has not been satisfactorily established and if it had been, though it might indicate culpable partiality on his part, it would not of necessity imply the existence of corrupt motives. The charge has been preferred apparently by parties who seem to have no interest whatever in the matter.

5. In the second case there seems reason to believe that the Reddies and Village Servants levied

contributions from the Ryots of their Village and they assert that the money so raised was applied in payment of sums previously borrowed and paid by them to the Thasildar as however they appear to have been convicted on a previous occasion of having levied exactions upon the Ryots for their own purposes the statement that the money now referred to, was raised by them on behalf of the Thasildar, and the account which they give of the bond into which they entered, cannot be safely relied upon. The Board do not consider that this Charge has been conclusively established - nor are they of opinion that the investigation of this Thasildar's Conduct as far as it has been conducted has furnished any satisfactory grounds for his dismissal. They will leave it to Mr. Cochrane to proceed with the examination of any further charges should he deem it advisable, but they do not under all the circumstances think it necessary to authorize the suspension of the Thasildar pending the enquiry.

6. In Concluding these Remarks the Board must observe that the

5. In the second case there seems reason to believe that the Reddies and Village Servants levied contributions

contributions from the Ryots of their Village and they assert that the money so raised was applied in payment of sums previously borrowed and paid by them to the Thasildar - as however they appear to have been convicted on a previous occasion of having levied exactions upon the Ryots for their own purposes - the statement that the money now referred to, was raised by them on behalf of the Thasildar, and the account which they give of the bond into which they entered, cannot be safely relied upon. The Board do not consider that this charge has been conclusively established - nor are they of opinion that the investigation of this Thasildar's Conduct as far as it has been conducted has furnished any satisfactory grounds for his dismissal. They will leave it to Mr. Cochrane to proceed with the examination of any further charges should he deem it advisable, but they do not under all the circumstances think it necessary to authorize the suspension of the Thasildar pending the enquiry.

6. In concluding these remarks the Board must observe that the

9642

the charges brought against these three Thasildars are for the most part of the same character - some are trivial in nearly all the parties preferring them have not themselves been aggrieved, and in the case of two of the Thasildars the principal accusers are dismissed Village Servants - It is advisable as far as possible to discourage attacks upon Public Servants by parties of this description, and the Board would further point out to Mr. Cochrane that as such charges as those reported on in his letter now under consideration, are, as far as mere assertion can establish them, easy to be established and most difficult to be disproved they should always be received with great caution, and investigated with much jealousy -

Ordered that a Copy of the foregoing Extract from the Boards Proceedings be forwarded to the Acting Collector of Cuddapah for his information and guidance -

Affording the information required respecting the Enam enjoyed by the deceased Sheyshammah -

Sir,

In reply to your letter of the 30th Ultimo in which the Board require, with reference to my letter of the 6th of that Month respecting the demise of one Sashummah late holder of certain Bhaturuty Enams to be informed in whose names these Enams, were originally entered in the Pymash and other accounts, in what manner they devolved upon her, and whether they were held under a summud or Document of like nature I have the honor to state that the late Sashummah succeeded to them on the death of her Husband Veerumbutloo, but although the Records have been carefully searched, it cannot be ascertained satisfactorily how the latter got possession of them. The following Statement shews that the Enams are entered in the Pymash and Enamaty accounts.

The Document is unauthenticated having no signature attached to it, and the Sunnuds said to have been renewed by Meer Saheb have not been forthcoming Her relationship to Chennumbuttoo is not clearly shown, but it would seem from the Danaputhrams, on which both Claimants assert their claims, said to have been given them by the deceased Sashummah, he was her husband's grand father and that the said Chennumbuttoo, Kendoobuttoo and Ramiah were cousins Veerumbuttoo must have succeeded to these Enams, and at his death his widow Sashummah the last Incumbent, but owing to the lapse of time no exact evidence on these points can be procured. The Enam in Ravepaud belonging to No. 437 stood originally in the name of a Seetummiah whose daughter was Veerumbuttoo's 1st wife, and for this a regular Purvannah granted by Meer

Sir,

From
C. Maltby Esqre
Asst Coll. of Chingleput

Bringing to notice the claim preferred by Mr Branson Attorney of the Supreme Court at Madras on the Government Promissory Note deposited by Moortee Unnmal the late Akkarry Pender and requesting instructions on the subject.

Para 1. I have the honor to bring to the notice of the Board of Revenue a legal point involved in the applications which have been made to me for such portion of the Promissory Note for Sicca Rupees 25,000 deposited as security by Moortee Unnmal, the late Akkarry Pender, as may remain in my hands after the demands of Government are satisfied.

2. On my lately receiving an application for this money from the Sheriff of Madras under a writ issued against Moortee Unnmal from the Supreme Court, I expressed in reply my doubt of being able to comply in any degree with the requisition, as I had previously been called on by the Principal Sudr Ameen and the Civil Judge of Chengleput to surrender sums to them in satisfaction of Decrees passed in their Courts against Moortee

Memo:
Arrears now due by Moortee Ummal 19205 12 11
Amount of decree of Principal Sadr Court 4358 11 8
Do of Civil Court for Defendant's Costs 350 0 0
24110 8 7

Fort St. George 11th August 1815:

Moortee Ummal and it appeared that the arrears due to Government and the amount of these two Decrees would absorb the whole Note—

3. I have since received the letter of which a copy is enclosed from Mr Attorney Branson in whose favor the writ was issued from the Supreme Court Mr Branson states that the Promissory Note formed part of the Estate of Dr Sawmy Naick the deceased husband of Moortee Ummal that he, as a Judgment Creditor against the Estate, claims to be satisfied in preference to the parties who have obtained Decrees against Moortee Ummal herself in the Zillah Courts and that he will hold the East India Company (to whom the note has been assigned) and myself answerable for the amount of his judgment if the portion of the note which remains after satisfaction of the lien of Government is paid to any other party than the Sheriff of Madras—

4. It appears to me that I have no authority or discretion regarding the payment of the Money in dispute, as I regard it to be under attachment by the Courts which first called on me for its surrender. Under this view of the Case, I should propose to pay the balance

Fort St. George 11th August 1815

balance of the Note according to the priority of application made by the different Courts, giving Mr Branson due Notice in order that he might be able, should he think proper to urge his claims by preferring a Motion in the Courts at Chengler put, according to the usual Course when the release of property attached by a Court is sought for—

5. In acting thus I should conceive that the authority of the Courts whose requisitions I had obeyed would be a guarantee against all consequences but as this Course might involve the Government and myself as their Servant in proceedings in the Supreme Court I have thought it proper to bring the case before the Board of Revenue, and request to be favored with their instructions, especially as an opportunity is thus afforded of obtaining the opinion of the Law Officers of Government, if the question is considered to be involved in any doubt—

6. With regard to the Promissory Note, I beg to observe that as far as this Office can ascertain, it appears to be the property of Moortee Ummal. It is so stated by herself and by her Son in petitions which they have addressed

to

to the Collector and the last transfer of the note was from A. S. Cherry Esqre. Supt. and Treasurer of the Government Bank to Moortee Ummal, who assigned it over to the Government.

7. On my Notifying to Moortee Ummal the different demands against her she addressed me a Petition demurring generally to the Decrees passed by the Courts as unjust and stating that as she intends to send her Goomastah with money to discharge the arrears due to Government she wishes the Promissory note to be returned to her she has not since sent her Goomastah assigning his illness as the cause and it appears proper not to defer the sale of the Note longer.

Acting Collector of Chengleput

Sir,

With reference to the Letter of the Sheriff of Madras to you of the 5th Instant written in the action at law in which J. ... Plaintiff and Moortee Ummal Executrix of the will of the late W. S. Dr Sawmy Naick

is defendant, and your reply thereto of the 10th Instant, I hereby give you notice that the Government Promissory Note for 25,000 Sicca Rupees in the said Letters mentioned form part of the Estate of the said W. S. Dr Sawmy Naick, and that I am a Judgment Creditor of that Estate and that the decrees in your letter Mentioned as having been passed by the Zillah Court of Chengleput are against the said Moortee Ummal, and not against the Estate of the said W. S. Dr Sawmy Naick and that I claim to have my Judgment satisfied out of the said assets of the said Testators Estate in preference to the said Decrees passed against the said Moortee Ummal in the said Zillah Court.

I do myself the honor further to give you notice that if you pay over any monies that shall remain after satisfaction of the lien of the East India Company on account of the said Government Security to the Zillah Court, or to any person whomsoever other than to the said Sheriff of Madras, I will hold you and the East India Company responsible to me for the amount of my said Judgment and for all Costs, damages and Expenses that I shall incur or be put to by reason of your so doing.

Ordered that the following letter be sent in reply.—

To The Collector of

Sir,

(51)

To the Collr of Sth Division of Arcot.

Requesting him to take measures for making good to the Balajee Row Tahsildar of Villapooram his arrears of pay and stating that the Board will not press for his reemployment in the same Talook should the Collr continue averse to it, but will acquiesce in his transfer to any other of less labor and importance.—

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 21st Ultimo requesting to be informed from what source the arrears of pay ordered to be disbursed to Balajee Row are to be discharged, as the pay in question has been already drawn by the party by whom the duty of Tahsildar of Villapooram has been actually done. Soliciting also the reconsideration on the part of the Board of their orders for the reemployment of Balajee Row.

2. In reply, I am directed to bring to your notice that in allowing the individual in charge of the Villapooram Talook to draw the Salary of Thasildar before the dismissal of Balajee Row had received the confirmation of this Office you have acted altogether without authority and

and in contravention of the orders contained in the Board's Circular of 9th March 1843 in which, in consequence of the embarrassments experienced in adjusting the pay of dismissed parties on their restoration to their situations, when their Salaries had been previously appropriated to the payment of those officiating in their room, it was expressly desired that "the Salary of no Thasildar should be appropriated without the sanction of the Board being first obtained for his dismissal." The Board cannot allow your unauthorized disbursement of the Salary of Balajee Row pending the final disposal of his case to operate to the prejudice of that Officer and they therefore desire me to request that you will take means for making good to him his arrears as already directed in their Proceedings of the 3d Ultimo.

3. In reference to Paras 3 4 5 of your letter now under acknowledgement the Board instruct me to inform you, that having given their full attention to the representations therein made, and having carefully reviewed the conduct of the Thasildar as shown in the several communications respecting him which have been addressed by you to this Office they cannot consider

In Mr. Lushington's letter dated 22d September 1819 it is stated that the Yeomiah under reference was granted for the purpose of performing the duties of Anshaur thereof in a Mosque in the Fort of Trichinopoly and on this ground the sanction of Government was obtained for the renewal of the Yeomiah in the name of the late Incumbent Syed Moodeen but on reference to the Register Z. submitted by Mr. Travers under date 29th October 1814 it appears that the yeomiah was originally granted for Charity. The Collector will be pleased to furnish further information on this subject and to state whether the service still continues to be performed, and whether it is considered absolutely necessary.-

Sir

Para 1. I am directed by the Board of Revenue, with reference to the order of Government of 4th June last, to forward for submission to the Most Noble the Governor in Council, the accompanying letter from the Collector of Malabar explaining the circumstances under which so large a wastage as 185 m 7 ch 1/2 lbs occurred on the supplies of Tobacco received in his District from Coimbatore in fusly 1253.

2. From Mr. Conolly's letter it will be perceived that this wastage, which he states is not above the average of the last five years, has proceeded in nearly equal proportions from loss of weight in drying, and from the quantity of Tobacco destroyed as unsaleable.

3. The loss from the first named cause arises necessarily from the article being dispatched from Coimbatore in a moist state, and losing part of its weight by drying in transit to Malabar. On the second cause of wastage Viz. the inferiority of Tobacco, Mr. Conolly dwells at some length and from his statement it appears that notwithstanding every care and exertion on the part of the Coimbatore authorities, few consignments arrive in

Para 1. Secy. in Consn. 4 June 1845 & Govt. Letter 18 June 1845

in Malabar in which there is not some Tobacco which the Malabar Tobacco Servants & retailers consider exceptionable, and that in some there is preponderance of what they insist to be inferior and some very inferior. Mr. Conolly has also forwarded extract from a communication from his Deputy Sheristadar on duty in a remote part of the District, in which that Officer states that much of the Tobacco on sale in the two Talocks which he had visited was of a very inferior description.

4. The Board would not be understood as denying all weight to Mr. Conolly's representations in regard to the quality of some of the Tobacco supplied to his District, but they must remark that the facts which he has adduced in support of them can hardly be considered as conclusive. The proportion of the consignment for 1253 destroyed as unfit for use is very inconsiderable not Amounting to 3 per Cent upon the whole supply. There is no proof that the Tobacco examined by the Naib Sheristadar was exposed for sale in the same condition as that in which it was purchased from Government, and the inducement to adulterate an article so highly priced as Tobacco in Malabar is great and indeed irresistible.

5. For the measures which he would propose, to remedy the evils to which he adverts, and, if the Tobacco monopoly cannot be altogether discontinued, to lighten its pressure upon the inhabitants of his District, Mr. Conolly refers to a former letter written by him on the subject 6th. October 1841, which is herewith forwarded. In that letter the Collector of Malabar recommended, 1st. that the present mode of supplying Malabar Cochin and Travancore with Tobacco be changed: all the superior sorts of Tobacco being given to the former Province and 2dly that the monopoly price be reduced from 175 to 157½ per Candy.—

In Cons 28th Octr. 1841.

6. In regard to the first of these proposals Mr. Conolly stated that under the present system the consignments of Tobacco supplied to the Governments of Travancore and Cochin and that furnished for the use of the Malabar monopoly contain the same proportions of the good and the inferior article: the proportion of the last or fourth sort to the three superior sorts being in each case about 50 per Cent. He recommends therefore that as the inhabitants of our own Districts have a greater claim to consideration than

than the subjects of Foreign states the better kinds of Tobacco should be reserved for Malabar. The average quantity supplied to Malabar is given at about 3,200 Candies that sold to Travancore and Cochin about 1000. The effect therefore of the measure suggested would be, to supply Malabar with 500 Candies more of the better sorts of Tobacco in place of 500 Candies of inferior The quantity of favor Tobacco supplied on an average to Malabar would then be reduced from 1,600 to 1,100 Candies or from 50 to 34 per Cent.

7. The letter from the Collector of Malabar now referred to was forward-ed to the Principal Collector of Coimbatore for such remarks upon the subject as it might occur to him to offer. It will be seen from his answer now submitted that Mr. Wroughton did not consider the proposal of Mr. Conolly which has been given in the preceding Para. He stated that the asserted disparity between the several sorts of Tobacco was more seeming than real: and in proof of it, that the Sorters of the Tobacco had often been found in his presence unable on a second occasion to identify the bundles which they had previously classed Mr. Wroughton further

From 16th. Novr. inclos: 9th. Decr. 1814

further proposed for the future, and the Board approved the suggestion, to send on the des-patch of each consignment to Malabar a few bundles of each description of Tobacco direct to the Collector as samples with a Mahauzernamah from the Department affirming the whole quantity sent not to be inferior to those specimens.

8. The second measure recommended by Mr. Conolly was the reduction of the Monopoly price. We stated that the present rate was raised in fusly 1232 from 15½ to 175 Rupees per Candy on account of the higher wholesale price which Government then found it necessary to give for the Tobacco the price now paid has declined to Rupees 27 but the Monopoly rate then fixed has undergone no reduction. Mr. Conolly proposed to lower it to its former Amount Viz. Rupees 15½ per Candy or 10 per Cent.

9. Under the explanation given by the Principal Collector of Coimbatore

Fort St. George 11th. August 1815.

Coimbatore it must be a matter of question how far the change in the mode of supplying Malabar with Tobacco, proposed by Mr. Conolly would, supposing it in the existing state of our relations with the Travancore and Cochin Government to be unobjectionable) be a material improvement upon the present system. The Board think it doubtful whether either this measure or the reducing reduction which the Collector has recommended to be made in the price would mitigate the evils of the Tobacco monopoly in any considerable degree or tend materially to repress smuggling. The inducement to smuggling is that Tobacco can be procured by the smuggler in Coimbatore or Mysore at 25 or 30 Rupees per Candy and can be resold to the illicit dealer in Malabar at from 80 to 100 Rupees as to be retailed by the latter to the consumer at a very large profit. Under such circumstances a more partial improvement in the quality of the Monopoly Tobacco or a reduction in its price, and consequently in the joint profits of smuggler and receiver of only 10 per Cent can scarcely be expected to have any perceptible influence upon contraband traffic. On the pernicious effects of the Tobacco Monopoly it is unnecessary to enlarge, but the Board cannot think that those evils would be in any material degree alleviated by the measures now recommended by Mr. Conolly.

15th. July and 4th. August 1815.

Sir

Para 1. I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar enclosing translation of a Plaint filed against him as the 1st Defendant in the Subordinate Court of Malabar by Eddapadikel Coonhyen Coolty and another together with the draft of his proposed answer and requesting sanction to defend the suit at the public expense.

In the Plaint it is represented

2. that the land and other property for the recovery of which the present action is brought, were attached by the Adighary of the Umshom for alleged arrears of revenue in 1010 or A.D. 1834 and that in spite of many representations to the authorities on the subject, they have not been restored to the Plaintiffs. this suit is therefore brought for the purpose of regaining of

property

a slight modification and to defend the Suit at the public Cost.

property and for losses sustained during the time that it has been out of their possession. The Action has been brought against various parties, either in charge of, or having claim to the property in question, and the Collector has been included among the Defendants because it is asserted that it was under the orders of one of his Predecessors that the property was attached by the Adigharry.

3. In his reply the Collector states that certain landed property in the possession of Pavaroo father of the Plaintiff was attached in 1012 or A. D. 1836 by the Adigharry but without sanction of the Collector and that it was subsequently released and made over to Pavaroo; but that subsequently Pavaroo failed to pay a portion of the Revenue for the Year 1013 (A.D. 1838/39), and to furnish security for the ensuing year and that as the Jenny or actual Proprietor under whom Pavaroo held, offered to pay the Revenue regularly if the lands were made over to him, his offer on the continued default of Pavaroo to furnish security was accepted in 1838, and he entered upon possession of the lands. Pavaroo was never afterwards able to give the necessary security and the Jenny has since transferred the lands to other parties. Under these circumstances, and as the order by which the lands

lands were made over to the Jenny was issued by his Predecessor a year and half before he joined the District. Mr. Conolly urges that he cannot be held responsible and that Plaintiffs should restrict their action to the other Defendants.

4. The Board purpose instructing the Collector to omit from his proposed answer the denial of his liability for the acts of his Predecessors under Section 28 Regulation XXVII of 1802 both because they doubt whether such a plea be applicable to the present case and because they think it on general grounds to be objectionable. The defence also appears to be sufficient without it the former Collector having been fully justified in allowing the land held by Pavaroo to be made over to the Jenny or actual Proprietor on his paying the Government balance, in place of selling it for arrears as he must otherwise have done and all other matters mentioned in the Plaint being among the parties themselves.

The Board therefore beg to recommend that Mr. Conolly may be authorized to put in his proposed answer with the slight modification above stated and to defend the Suit at the public cost.

3 The allowance made for the Goodal Water Pandall under the authority of Government dated 18th June 1806 is stated to have been originally 29-8-6 Rs pr annum but on the discontinuance of the manufacture of Salt in 1811 at Eroongoonum that amount was reduced to Rupees 11-12-6 pr annum.-

4 Mr Hudleston states that nothing on the records of his Office can be discovered explanatory of the circumstances which led to the reduction and the authority under which it was made. he adds however that the original Grantee is still alive and payment of the allowance in question has been made to him at the rate alluded to for a period of 33 years.-

The amount originally sanctioned by Government was Rupees 18-7-2 per annum but it does not appear that the allowance was ever disbursed at that rate, the amount actually paid to Tyall Achariar and to his father before him being only Rupees 7-6.- pr annum.-

Altho' Tyall Acharee is not now in the performance of any public duty yet as he appears to have been employed at the Salt Pans for some time prior to their abolition and considering his advanced age and the length of time he has been in enjoyment of the allowance alluded to, the Board would recommend that the sanction of Government may be granted for the continuance of the Pension Viz: Rupees 7-6 during the remainder of his life.-

8 The last item retrenched by the Civil Auditor is a portion of the Pagoda and Mosque allowance. The nature of these allowances and the correspondence under which they

they were originally granted are fully reported on in the Board's Proceedings 17th October 1842: it is therefore only necessary in this place to observe that the Civil Auditor having admitted the sum of Rupees 1,050 the allowance granted for the use of the Triplicane Pagoda the sum disbursed in Fasly 1252 (including arrears) and remaining to be sanctioned is Rs 12,428-11-1 which the Board beg to recommend may receive the sanction of Government.

2 The Board further recommend that special sanction may be granted for the sum of Rupees 8326-4-- being the amount payable annually by the Collectors of Mudras on account of Pagoda and Mosque allowances. From the Colle. of Madras. submitting observations on letter from the Superintendence of Police and Commanding Officer at St. Thomas Mount relative to the alleged want for the employment of Poys at the Arrack and Toddy shops there at the expense of the Renters and stating what Villages out of those which they wish to have transferred to their authority are within and what without the Cantonment limits together with the Revenue derivable from some of them 9th. 9th.

Sir,

1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 3d April last transmitting a Copy of the Resolution of Government therein referred to and of the papers to which it relates and calling upon me to submit such observations on the letters from Captain Power and Brigadier Fletcher as I may have to offer.

2. Captain Power states, with reference to the Minutes of Consultation dated 31st July 1806, that it appears to him from the records and correspondence, that the measure adopted by his predecessors and the Officer Commanding the Cantonment, Viz. that of placing Peons over the Arrack and Toddy Shops for Police purposes at the expense of the Renters is in accordance with the orders of Govt. and Local Regulations and has been customary since 1807.

3. Having duly searched the records I find that there never was any rule communicated to the Commanding Officer through this Office which provided for the employment of Peons at the 2 Shops originally licensed

licensed for St. Thomas' Mount in 1834, but in 1831.
that Officer having suggested the expediency of
licensing an additional shop for the sale of
Arrack at "Sydapett" from his having every reason
to believe a constant illicit sale to have been
carried on there for some time which with the small
Police Establishment attached to the Cantonment
he could not entirely prevent from the relative
situations of Sydapett and the Mount. He
observed that if as a revenue measure the Establish-
ment of such a Shop were advisable, he would
only propose "as a check upon sales made
"at so great a distance; that two Peons
"on a monthly pay of 7 Rupees each, to be
"hired and discharged according to their
"conduct by the Police Officer under (illegible)
"orders and to receive their Pay monthly
"through the same Officer but to be paid
"the expense of the readers be kept up for
"the prevention of sales to Europeans, their
"families and followers, of whom there is daily
"a constant passage through Sydapett."

4. The Commanding Officer's proposal was submitted to the Board on the 18th June 1834 and on the 4th July following, the sanction of Government was conveyed for the establishment of a Shop at Sydapett upon the same terms and under the same control as the two which were already established at the Mount.

5. On the 8th July 1834 the rules for the guidance

guidance of the Shop at Sydapett embodying
that relative to the employment of two Peons
at the expence of the Renters were forwarded to the
Commanding Officer, and were approved of by him
on the 11th of the same month. These rules therefore
apply solely to the Arrack Shop at Sydapett and not
to any other Shop within the limits of the Cantonment.

6. The intimation given by the Superintendent of Police, as represented in my letter to the Board of date the 5th July 1844, that each Shopkeeper within the limits of the Cantonment should employ Peons for Police purposes is not consequently "in accordance with the orders of Government and Local Regulations". It is in fact at variance with Clause II Section 37 of G. O. G. dated 31st October 1819 quoted by Captain Power himself, as it is there shown that "such Establishment of Peons and Dundahs as the Arrack Contractors may require for carrying on their duties must be paid by themselves, but their numbers and their names and persons must be accurately known to the Officer in charge of the Bazar who will provide them with Belts and Badges.

Dy. G. 2

Dy. P 319

7. I have already explained that the rule framed by Mr. Smalley and quoted in Para 3 had special and exclusive reference to the Arrack Shop

Shop at Sydapett, if it had been extended to any other shop "by the Superintendent of Police "proposing and arranging in conjunction with "the Officers Commanding, and with the con- "sent of the liquor shop keepers, that the "Peons so employed should be placed at the "disposal of the Superintendent of Police to be "employed or discharged at his discretion" the Collector of Madras had no cognizance of the arrangement, nor was it in conformity with G. O. G. dated 30th October 1819.—

D. P. 5. 8. Captain Power observes that the Toddy Shop Keepers pay "an established tax" "on account of Government, and it does neither increase nor decrease the revenue by their paying Peons employed at their Shops for the purpose above specified" but in Para 2 of my letter to the Board dated 11th June 1846 I reported that the Shopkeepers did complain of the order requiring them to employ Peons for Police purposes and on the 5th of the Month following I submitted my sentiments as to the probable effect of the measure on the revenue. The Board when laying the case before Government in their letters dated respectively the 13th June and 9th July 1846 observed that so large a monthly charge as that required to be defrayed by the Shopkeepers "must necessarily affect the rated "of the Shops and the amount will thus be paid "indirectly

"indirectly of the Government Treasury" adding for stated reasons, that they considered the plan "to be practically inoperative and inexpedient."—

D. P. 6. 9. Of the six Villages referred to in this Para, four are beyond the Cantonment limits as follows.—

1. Karakumpaukum — Half within and half without the 4 Miles.
2. Punnechery — 5 Furlongs beyond do — Do.
3. Poolyoor — Within 4 Do.
4. Moolapaukum — ½ Furlong beyond Do.
5. Coolatoor — 1 Furlong beyond Do.
6. Parungoody — 1 Furlong beyond Do.

10 Only in three of these Villages — a revenue is derived from the sale of Arrack and Toddy. the Amount of the Settlement for the Current Fusly is exhibited in the annexed Statement.—

	Arrack Shops			Toddy Shops			Total		
2 Punnechery	4	"	"	83	"	7	83	"	7
3 Poolyoor	4	"	"	1315	3	11	1319	3	11
6 Parungoody	525	3	1	84	1	5	609	4	6
	525	3	1	1482	5	11	2007	9	"

D. P. 7. 11. Some of the Villages referred to in this Para (exclusive of the six respecting which the necessary information is contained in Para 9 above) are also situated beyond the 4 Miles as shown below.—

7. Madoscoopum — Within the 4 Miles.

Maudpaukum

Fort St. George 11th August 1845.

8 Maulapauktam —— Not found in the plan

9 Nyapauktam —— Within the 4 miles. The Village is abandoned and now a Stone quarry and coushe—

10. Cosepettah —— Not found in the plan—

11 Madoosmoiarey — Within the 4 miles.

12 Theneraspooram. 5 Furlongs beyond the D°

13 Madravoyal —— 5 —— D° —— D°

14 Gyandoo —— Within the 4 miles

15 Ondemakim —— Very far beyond the D°

16. Nencalapooram —— Included in the Government Gardens at Guindy—

17. Moosarumbadoo —— Within the 4 miles

18 Redauttoo —— D° —— D°

19 Vaneyempettah —— D° — The Village is deserted there is now only a Military Post on the Site of it.

12. Only from three of the above Villages a Revenue is now payable to Government. The amount of the Settlement for the Current Fusly is as follows—

	Arrack Shops			Toddy Shops			Total		
13 Madravoyal	853	7	"	55	14	"	907	5	"
17 Moosarumbadoo	"	"	"	65	3	"	65	3	6
18 Redauttoo	"	"	"	60	8	6	60	8	6
	853	7	"	181	9	6	1035	"	6
Add the Revenues of the Villages Nos 2 5 & 6 referred to in the above							272	9	"
						Grand Total	1308	9	6

Fort St. George 11th August 1845.

13. Of the six Villages which — thus yield a Revenue, three are situated beyond the 4 miles and the proportion of Revenue — derivable from them amounts to Rupees 1801-10-1 as follows—

2	Punnacherry	1 Furlong beyond 4 Miles	83 " 7
5	Parungoody	1 D° D°	609 4 5
13	Madravoyal	5 D° D°	909 5 "
			1801 10 1

14 In the remaining three Villages Nos 3/17 and 18 only Toddy is sold, if the Sale of it is to be discontinued altogether the loss of revenue will be Rupees 1440-15-5—

3/17-9-6
1801-10-1
1440-15-5

15 I am led to believe that the map of 1816 was prepared by some Native Mauistry. The distance within the limits of the Cantonment and the several Villages enumerated above is therefore now given from the more recent Survey plan of 1843 which the Board are aware corresponds with the one from the Quarter Master General of the Army referred to in my report of the 20 September 1843.

D° 8.

16. On the proposition submitted in this Para, Viz. that the limits of the Cantonment should be accurately defined by boundary stones being placed at several points it is only necessary to refer to the observations contained

Fort St. George 11th August 1845

contained in Para 8 of my Report of the 20th September 1843. and in Para 8 of the Board's letter to Government dated 26th of the months following.

17. It is not necessary to enter again upon a consideration of the question referred to in this Para, as such remarks upon it as appeared to my Predecessor to be requisite were offered in Paras 17 and 18 of his report to the Board dated 15th January 1841 Nos.

Dr. P. 10.

18 The question mooted in this Para is also one on which a great deal has already been written. On this occasion it is sufficient to refer simply to Paras 3 to 8 of my predecessor's letter to the Board dated 15th January 1841 and to the communication from the Board of date the 8th July 1841.

Dr. P. 11.

19. I have shown above that the licensed sales are so limited that when the extent of the population in the Villages particularly referred to, and in the adjoining ones is taken into consideration they can hardly be supposed to interfere with the well being of the soldiers.

20. It is admitted that the number of Peons at the Mount is so small that they are unable to prevent irregularities. It is then evident that their services beyond the limits now assigned to them can be but of little

Fort St. George 11th August 1845

avail and that, if required to watch over a larger tract of Country, the facilities for smuggling will increase, which the licensed shopkeepers make it a point always to guard against, it being their interest to prevent the clandestine introduction of Arrack and Toddy within the Villages in which they carry on a regular sale.

Dr. P. 12.

21. The Superintendent of Police observes in conclusion, that in entering to fully into the subject his anxious desire is to prevent in every possible manner, drunkenness amongst the troops at the station, and for the preservation of good order and discipline; but whilst soliciting the Board's attention to the letter from this office dated 3rd May 1841, I will close my observations on Captain Power's letter in the words of my Predecessor, and say that desirable then as it must be allowed by all to be, to discourage habits of intemperance and to place checks on whatever is likely to lead to disorder, I do not conceive that these ends would be advanced by alteration in the general principle on which the Arrack shops at the Mount are at present liable to be licensed.

22. Brigadier Ketchen's letter does not call for any lengthened remarks. It was omitted in the 1st part of the observations which

and

Fort St. George 11th August 1845.

we appended to Para 2 that, wishing to ascertain what were the customs which obtained in other Cantonments, he learnt that whereas European Corps are quartered, the practice followed is somewhat similar to that of the Mount" This of itself is sufficient to satisfy the Board and Government that the necessity for a modification of the present system, which is uniform throughout the entire Collectorate and is conducive alike to the interests of Government and of the people is by no means made manifest.—

23 In Para 3. the Brigadier proposes to publish a Code of Regulations for the guidance of the several authorities. The subsidiary or local Regulations sanctioned by Government separately for the Mount and Sydapett are I submit, sufficient for all purposes and if strictly attended to, there can be no exception as to the line of conduct which each should pursue.—

† Para. 7 Board's Proceedings on fusly 1253

12 There is one † case it is observed that has been before the Board for more than 2 years, and is still undisposed of, because the explanation in the Settlement Report on fusly 1252 was not what was expected.- In this instance the Board ought to have called upon the Collector immediately for what further information was required and disposed of the question in their proceedings on the same fusly (1251) and not have allowed the discussion

to extend itself over a period of two years.

13 The Board of Revenue who in all matters connected with the Revenues of the Country are the Medium of Communication between the Government and the Officers in the Provinces, have the power, and are expressly employed for the purpose of calling upon the Collectors for every information relative to their districts and afterward, to place the subject under discussion or report before Government in as clear and perfect a form as practicable.-

14 His Lordship in Council therefore requests that the Board of Revenue will in all cases before addressing the Government obtain every information necessary for the correct understanding of the subject under Report, and then submit their proceedings, when such directions as appear expedient can be given. Instances may occur, however, in which the delay required to obtain further information may be injurious to the public interests and to private individuals, and on these occasions this general rule may not be followed. But those instances it is believed, will be few.

Sir,

I have received an urgent from my Native Dresser reporting I am happy to say that Cholera has at last begun to abate at Cumbum, he ends his Urgent by stating that many pariah dogs are becoming rabid from eating dead bodies which they and the Jackalls scratch up out of their graves; from other quarters I have received similar information, and there are known great number of dogs always wandering about the Town, under these circumstances it is absolutely requisite for the safety of the inhabitants of the Town and of the Sepoys in the Fort that steps should at once be taken to kill off as many dogs as possible and I offered a

a reward of 2 Annas for each dog killed, and trust you will obtain the sanction of Government for whatever sum may be thus expended.-

9.

From the Secy. to Govt. authorizing the Magistrate of Biddapah to disburse a reward for the destruction of dogs. 7th August 1845

Sir

1. I am directed by the Court of Sudder Adalut to transmit to you, to be laid before the Most Noble the Governor in Council the accompanying Copy of a letter from the Sessions Judge of Cuddapah, submitting an application from the Acting Joint Magistrate of Cuddapah, to be allowed to offer a reward "for killing dogs at Cumbum."-

2. It appears to the Judges that the Acting Joint Magistrate's letter satisfactorily establishes the necessity of adopting some measures for the destruction of the dogs, which in such numbers infest the streets of the town, and endanger the safety of the troops and inhabitants, and as "the Peons from caste prejudices are all unwilling to perform such duty," the Court would beg leave to support Mr. Knox's proposition, and to recommend that he be allowed to offer a reward of 2 Annas for each dog which may be killed.-

The

Fort St. George 7th August 1845.

3. The Court are not aware that they are the legitimate Channel of communication in this instance, as the charge cannot strictly speaking be considered a judicial one, but would rather appear to be connected with the Police, and therefore properly falling under the cognizance of the Board of Revenue.-

4. But as the Court entertain some doubt of the correctness of this view, and in order to prevent delay, they have thought it right to submit the correspondence in the present instance to Government, and to solicit their instructions regarding similar applications in future.-

Sir,

I have the honor to forward herewith copy of a letter received from the Acting Magistrate of Cuddapah with accompanying copy of a letter from the Joint Magistrate requesting Sanction of Government

Fort St. George 7th August 1845.

Government for the offer of a reward for killing dogs at Cumbum, which I beg to recommend may be granted.-

2. I am aware that similar applications from the Mofussil have been refused and that it has been ordered that the Cirkar Peons should kill stray Pariah Dogs when the measure is deemed necessary for the safety of the community, but as the Peons from caste prejudices are all unwilling to perform such duty and cannot with propriety be compelled to undertake it nothing is done unless individuals advance money to give the requisite reward for the purpose, to the lowest classes, which they cannot always be expected to do.-
