Fort St. George

Sir,

Para 1 From the French Govt dated 31st March 1845 The Special Agent to the Collector of Rajahmundry dated 1st April 1845 From the Acting Collr of Rajahmundry in reply dated 31st May 1845. (with 5 Enclosures)

I have the honor to submit the correspondence noted in the margin for the orders of the Most Noble the Governor in Council and to state for his information that the Articles mentioned in His Excellency the Governor of Pondicherry's letter having been always considered exclusively adapted for the use of the black population and poorer classes of Natives and the amount of duty chargeable on them being of so trifling a nature that my predecessors have invariably allowed their free transit to Pondicherry, and as my experience in this District led me to the same conclusion I did not think it necessary to introduce any change even after the publication of Act VII of 1844. It now remains for the Most Noble the Governor in Council to determine whether the indulgence should be

be continued and extended to the French Settlement of Yanam, where the extent of Territory and its population do not in my opinion render it desirable, nor sufficiently remunerative to enforce the rules.

2. I cannot conceive why arrack which is an article of trade has been hitherto allowed to pass free by the Collr of Rajahmundry there being no orders that I am aware of to that effect I therefore beg to suggest that the regulated duty should be charged on this Article. As regards the levying of duty on Toddy &c. late orders quite justifiable.

3. In conclusion I beg to observe that among the articles enumerated in the Statement No. 2, received with the Acting Collector of Rajahmundry's report those mentioned in Nos. 11–13–14, and 15 being liable to duty in this District they should not be allowed to pass free in Rajahmundry.

Dans le but d'obtenir que les objets ci dessus désignés continuassent à entrer en franchise à Yanaon M.r le Chef de service s'adressa d'abord a M.r le Collecteur de Rajamundry qui reconnut la justice de cette réclamation, mais déclara qu'il ne pouvait y faire droit sans ordre de l'autorité supérieure.

To W D Davis Esqre

Collector in Charge of the
Special Agents Department
Cuddalore

Sir

I have the honor to reply to your letter of the 1st April giving cover to copy of one to your address from the Governor of the French Settlements on the subject of Yanam Frontier Duties.-

2. Previous to the abolition of the transit Duties the only articles upon which Customs were lattelly levied on the Yanam Frontier were those enumerated in the Tariff paying list but subsequent to the promulgation of Act VI of 1844, there being no exception whatever laid down in the Schedule of that Act which concludes by fixing a certain per centage to be levied upon "all Articles not included" by name and Section VI making it imperative to levy Duty at the frontier according to those Schedules Orders have been given not to allow any thing Arrack excepted of which more hereafter to pass free upon the receipt of your letter of 25th January last however grain has been exempted from export duty.

3. I can give but a rough guess at what

1034O

Fort St George 21st August 1845

what would be the probable Collections upon the vegetables and other similar supplies alluded to in the letter of the Governor of the French Settlements because the practice of taking Duty upon them - was not adopted at once but different articles were subjected to tax at different times as they were brought to notice by the local custom Officers - It is estimated however that about 430. Rupees would be the annual revenue upon such descriptions of goods.

Vide Statt No 2

4. Subsequently to the time when the Chief of Yanam made the reference alluded to in his letter to you, an order from this office issued on the 29th March subjected Toddy to the payment of duty on passing the Frontier into Yanam - This Article had never previously been imposed and had the order been issued earlier, no doubt Monsieur Law would have included Toddy in the list of newly taxed articles of which he complained

Vide Copy of his letter of 2 Apl 1845 No 3

He addressed me on the subject begging me if possible to suspend the Collection of this duty pending a reference - This however I did not feel myself justified in doing as I observed that Government consider- ing it fair to make the Sea and Foreign duties in

Fort St. George 21st August 1845.

in some measure compensate for the loss of Sayer Revenue was disposed rather to augment than to remit them.

5. I should mention here that I can find no trace in the records of any agreement such as Monsieur Law adverts to on the subject of Toddy passing the frontier free of Duty.

6. The Estimated collection on Toddy amounts to 150 Rupees per annum.

7. Hitherto Frontier Duty has not been taken upon Arrack of which a good deal goes into Yanam covered by Permits. In this respect the old practice has been adhered to, but certainly in direct contradiction to the provisions of the new Act, I shall not commence the levy of Duty upon this commodity until I am favored with some notice of the subject of the present communication especially as it is possible that you have information in your Office about the Agreement to which Monsieur Law alludes for the free passage of liquors into the French Territories if any such really exists yet I imagine that the effect of the new Act must be to annul any such instruments.-

8 The propriety of relinquishing the newly imposed duties and of not demanding on

J.R.B

one upon Arrack seems to me to depend upon what was the object of Government in liberating Grain on passing the frontier. If, as I suppose it possible the intention was in some measure to promote the interests of our own Cultivators and thus improve that branch of our revenue by opening a better market for our Grain in the French Territories, I do not think the principle applies to the descriptions of produce now in question, but if it was simply to confer a benefit upon the foreign Settlements, certainly the new duties go far towards counteracting the effect. As you are probably in possession of the intention of Government in this matter you will be able to give an opinion, on which I do not feel myself qualified to do and I shall therefore content myself by appending a Statement [IV] shewing what were the average of Annual Collections on Grain and on the remaining Articles and the charges of Collection. From this account it will be seen that supposing it is determined not to take duty on any but the articles on which it formerly was taken excluding Grain, the charges so nearly approach the revenue that considering the demoralizing effect which unavoidably attends restrictions of any kind on trade, it would be better to abolish the frontier Chowkies altogether.-

[IV]

9. And indeed if the French would consent to give up the privilege of a Sea port at Yanam and its distance from any water navigable by Vessels larger than Cargo boats almost disqualifies it for a Sea port, I am inclined to think it would be advantageous to all parties to do away with the Frontier duties.-

2 Pièces jointes:-

A Monsieur
Monsieur Bird
Collecteur du Rajahmundry
en tournée.-

Monsieur,

Voici deux pièces que j'ai l'honneur de vous transmettre. La première est une requête que le fermier de l'Areack et du Callon Madrasse pour se plaindre du droit qu'on veut imposer au Callon; et la seconde est un procès-verbal que j'ai fait dresser par le Cotwal sur les limites pour constater l'exactitude de la plainte du fermier.-

Déjà en 1844 j'ai eu lieu de le remarquer, par la correspondance de M. Jourdain avec l'un de vos prédécesseur, cette même question s'est trouvée agitée et sans que je me retrouve les traces de la convention qu'elle a dû amener je ne doute pas qu'elle ait été favorable pour le fermier d'Yanaon, en raison de la marche et ablie à non arrivée ici.-

10340. Fort St. George 21st August 1845.

Si cette nouvelle mesure est définitive, j'attendrai votre réponse pour en prévenir M. Le Gouverneur de Pondicherry; autrement si vous pouviez l'ajourner jusqu'à de nouveaux ordres de votre Gouvernement il serait nécessaire que je vous serais obligé de faire donner des ordres le plus tôt possible afin que le fermier d'Yanaon ne se trouve pas privé de l'exploitation de sa ferme dont les effets du progrès tomberont nécessairement à la charge du Gouvernement Français pendant la suspension de l'entrée du Callon, tant que l'imposition sera exigée.-

Si je m'en rapporte à ce que le Cotwal m'affirme, il existerait une convention que je ne connais pas, ni que je ne trouve pas dans mes archives et que peut être serait dans les votres, elle permettrait dit-on l'entrée libre sur le territoire d'Yanaon de six cents (600) Panelle de Callon. Si vous trouviez en effet cette pièce seriez vous assez bon Monsieur pour vouloir bien m'envoyer une Copie, me mettant en quand

Fort St. George 21st. August 1845.-

quand vous ne croiriez pas devoir
suspendre la Nouvelle mesure en
prise, et dont le fermier se plainte;
je ne dois pas vous laisser ignorer
que mon intention est d'envoyer
cette convention au Gouverneur de
Pondicherry pour qu'à son aide
il obtienne si c'est possible la pro-
hibition de ce droit sur l'article
en question.-

The Most Noble the Governor in Council concurs in the propriety of the measure recommended by the Board of Revenue for the abolition of the Jana Hasul tax now levied in the Guntoor District on the Ferries on the Kistna river, and is of opinion that the privilege of conveying passengers and goods from one side to the other, should be farmed out as in other Districts, the rates being previously determined by the Collector as the object of renting the ferries is not to increase the Government Revenues, but to secure to the public the means of crossing the river, when it is full, with the least inconvenience and at the lowest charges, it is desirable that all classes and not a few only as has hitherto been the case, who avail themselves of the means of transit should be liable to pay, and that the rates be fixed sufficiently remunerating

The Collector will of course take
care that the complement of boats is suf-

order, and the Board will be good enough
to state whether the abolition of the Sana
Basul Sax will in any way interfere with
the passage of troops across the river, and
if so, what arrangements it will be neces-

Para 1. The Most Noble the Governor in Council observes that under the order of Government dated 15th March 1822, an Assistant Surgeon was attached to the Collectorate of Bellary "more particularly with a view to the return of the Collectors Cutcherry from Bellary to Anantapore," but as that Officer has since been permitted to make Bellary his Head Quarters, the necessity for the appointment of an Assistant Surgeon to afford Medical aid to the Revenue authorities at that station would appear no longer to exist.

The humble Memorial of A. Sashagerry Row late Deputy Sheristadar of the Rajahmundry District.—

Respectfully sheweth.—

Your Memorialist begs leave respectfully to represent to your Honorable Court that he has held various situations under the Madras Government for no less a period than 18 years and that

that he has during this period obtained by his zealous and faithful conduct, steady and gradual promotion until he was appointed to the Post of Naib or Deputy Sheristadar of Rajahmundry Viz.t—

2. That while he held the last mentioned Office of Deputy Sheristadar in the Zillah of Rajahmundry Mr. Prendegast was appointed Collector to that District on 23d March 1844 and scarcely a Month after removed your Memorialist from Office without any cause your Memorialist appealed to the various authorities to no purpose, and has therefore ventured to trouble your Honorable Court with his case in the hope of obtaining from your hands at least that redress and consideration which as a servant of high and long standing in your service he feels entitled to expect.—

3. your Memorialist in detail of his various services begs to represent that on the 15th September 1823 Mr. Stonhouse then Asistant Collector of

Fort St. George 21st August 1845.—

Nellore appointed him to the situation of Asistant Jewabnevees in that Cutcherry on a Salary of 5— Pagodas per Month, in which he continued up to 30th June 1828— Mr. Smalley the Principal Collector knowing Memorialists useful services in Nellore offered him on his appointment to the Madras Collectorate a situation of 35 Rupees, which he accepted on the 30th May 1830, and continued in it with so much care and attention that he was brought by that and some other Gentlemen to the favorable notice of G. E. Russell Esqr. who appointed him as a Goomastah in the Revenue Board Office on the 20th December 1832.—

4. That on Mr. Russells' tour as Commissioner in the zillah of Ganjam and Vizagapatam— Memorialists services were placed at the disposal of that Gentleman, whom he accompanied and under whose auspices he conducted himself to entire satisfaction in the various and important confidential duties entrusted to him— Memorialist receiving during such period a Salary of 40 with Rupees 28 as Batta per Month— after the return to Madras of Mr. Russell Memorialist reverted at his own solicitation, to his former situation in the Madras Collectors' Cutcherry finding that there were greater prospects of promotion there than in the Revenue Board Office— a few Months after upon the recommendation of Mr. Campbell

and

and Mr. Mc Donell, the late Mr. P. Grant Collector of Rajahmundry honored him with the situation of Head Sawabneveese in his Cutchery on the 16th September 1836, the duties of which he continued to conduct with much care and attention and to the satisfaction of his superiors. Mr. Smith who was subsequently appointed as acting Collector to the same District promoted your Memorialist to the office of Naib or Deputy Sheristadar on 12th August 1837. Your Memorialist accordingly continued in that Office for a period of 6 years 7 Months and 23 days and whenever the Office of Head Sheristadar became vacant, your Memorialist was entrusted with the discharge of the duties of that Office and was not found wanting either in character or qualification.

5. That during the employment of your Memorialist as Deputy Sheristadar in Rajahmundry he was ordered to do duty under Mr. W. Maxwell Knox then Head Assistant Collector and transacted the Revenue and Extra affairs attached to the Talook entrusted to the management of that Gentleman who being pleased with Memorialist's conduct recommended him to Mr. Smith the Collector for an augmentation of Salary to the extent of 20 Rupees per Month. which supported by the Board of Revenue was sanctioned by Government.

6. That while your Memorialist was thus seemingly so favorably situated, Mr. Prendegast was appointed Collector with whom

Fort St. George 21st August 1845.

when doubtless at the instigation of some of Memorialists adversaries, he was sent for and asked on the 30th January 1844 to accept the inferior office of Talsildar, insisting upon him at the same time, in the event of his not accepting it to tender his resignation of the office of Deputy Sheristadar.

7. Your Memorialist having the advantage of years before him being only 38 years old with experience obtained in the Service of the Honorable Company and having earned by good and faithful conduct the post of Deputy Sheristadar with the prospect of rising to the high and more important Office before him placed a proper value on his position and declined to accept the offer of a Talsildarship or to resign the office of Deputy Sheristadar.

8. Your Memorialist submits that independent of the degradation of going back a step below to hold the Office of Talsildar he had more weighty objection in refusing the offer, one of which was the apprehension that after the successful efforts of his adversaries in obtaining Mr. Prendegasts consent to his removal from the Office of Deputy Sheristadar your Memorialist could have little hope of prospering in the inferior Office of Talsildar, that there would not be wanting designing people to charge him falsely with neglect of duty to procure his dismissal from the service so

as

Fort St. George 21st August 1845.—

as to render him altogether unfit for further employ=
=ment, which besides effectually lowering him would
also subject his character perhaps to irreparable=
reproach.—

9. On the 14th February 1843. Mr. Prendergast without having any grounds for the intimation reported to the Board of Revenue that your Memorialist not being a person of any ability he would appoint him Tahsildar of the Amlapoor Talook promoting in his room one Degavelly Timmarauz who previously held the Office of Tahsildar. That these circumstances having come to the knowledge of your Memorialist he addressed a Petition on the 18th February 1844 to the Board of Revenue on the subject, but before receiving their reply the Collector on the 23d March 1844 issued an order nominating your Memorialist Tahsildar of Amlapoor on the receipt of which he declined the appointment and appealed to the Board of Revenue on the 25th March 1844. On this the Board of Revenue were induced to issue strong instructions and to order on the 6th May 1844 the restoration of your Memorialist to the office of Deputy Sheristadar, but the Collector though otherwise well disposed did not choose to serve your Memorialist though in doing so it would only have been a simple act of Justice. But your Memorialist attri=
=butes these adverse circumstances to his misfortune more especially when he ascertained afterwards that the Collector had again addressed the Board against your Memorialist but

Fort St. George 21st August 1845.—

but the Board without altering the decision they =
previously passed after mature consideration of all
the circumstances of his case replied on the 22d July
1844 that your Memorialist should be provided
with a situation equal in point of rank and
Salary to that of a Deputy Sheristadar to the
Hoozoor Establishment.—

10. As there was no office equal to that of Deputy Sheristadar your Memorialist waited on the Collector for some time in hopes of being restored to his Office but the Collector not ap=
=pearing to regard the orders of the Board and your Memorialist having received no reply to his =
Petition to the Collector, he left that District =
and returned to Madras. when he again appealed to the Board stating the circumstances which had transpired. The Board endorsed this appeal to the effect that they could not =
further interfere in his case although they were aware that their previous interference did no good to your Memorialist nor afford him any advantage or redress.—

11. It is not for your humble Memorialist to dwell on these results, they are owing to his misfortune which is strong in his individual case alone, as since his arrival at the Presidency he has ascertained that much greater interference has been exercised by the Board of Revenue in cases less deserving of favorable consideration than =
that of your Memorialist, and he will advert to the instances

Fort St. George 21st August 1845.—

instances in which the Collectors of Trichinopoly, South arcot, North Arcot, and Tanjore &c. have suspended some Tahsildars and requested the sanction of the Board for their final removal from office, the Board finding that the proposals of the Collectors were not just and the charges laid against the suspended Servants groundless insisted upon the restoration of the suspended servants to their offices without loss of time. and where the Collectors refused to obey their orders, the Board obtained the reprimand of Government for their insubordination. your Memorialist not having received at the hands of the Board of Revenue, as the servants whose cases alluded to above, appealed to the Government on the 29th April 1845 praying for a consideration of his case, but the Government also refused it, stating by endorsement the Boards orders were final.—

12. Your Memorialist as a last resort has ventured to seek refuge in the Honorable the Court of Directors and he begs your Honorable Court will review all the proceedings and grant such decision on his case as it may seem to deserve. It is universally known that in your administration of the Country the Servants of your Government who conduct themselves with zeal and fidelity will not be unnecessarily thrown out of employment, and it is an established rule that in case of injustice done to Servants by the Collectors, the Board is the proper

Fort St. George 21st August 1845.—

proper authority to appeal for redress and if it be not satisfactory to appeal to Government who have in many instances like that under reference, passed orders in favor of the injured parties. your Memorialist subjected himself to great many losses and inconveniences by this denial of consideration to his case by the Indian authorities. He has served the Honorable Company for nearly 19 years without reproach, suspension or dismissal and obtained Certificates of character for his useful services and integrity during this long period, he also held the office of Deputy Sheristadar for about seven years and acted moreover as Head Sheristadar at different times whenever the latter absented himself from various causes. Memorialist having been thus employed had an earnest hope of being promoted to the office of Head Sheristadar. It may be remarked that a person of Memorialists rank and standing if not fit to hold the office of Deputy Sheristadr cannot be competent enough to be a Tahsildar which though inferior in emolument and respectability has more responsible duties attached to it. The circumstances of nominating your Memorialist to the latter office will under the above circumstances satisfy your Honorable Court that his removal to a lower office was not influenced by circumstances of public expediency. The philanthropy of

10,359 Fort St. George 21st August 1845

of your Honorable Court towards the natives of India particularly those holding situations under the Government is universally acknowledged and the people are quite satisfied from the numerous instances in which your benevolence has been exercised on their behalf and the justice they have received at your hands that such as are Servants of your Government will not be thrown out of employ unless there be sufficient proof of incompetency or manifest misconduct. —

13. As a further plea for the removal of your Memorialist the Collector stated to the Board that your Memorialist was merely an acting incumbent in the office of Deputy Sheristadar, but this plea is not tenable, as your Honorable Court will observe that under the Government of Sir Frederick Adam a pointed circular order was issued on the 19th May 1835 warning the different Collectors against the unjust and arbitrary removal or dismissal of Tahsildars or other persons filling responsible and superior Offices and directing that no servant should be continued in acting appointment for more than 2 Months and if continued beyond that period that the emoluments and privileges attached to such Offices should be enjoyed by the locum tenens.

14. Your Memorialist begs leave respectfully to represent to your Honorable Court that he held the

10,360 Fort St. George 21st August 1845. —

the Office of Deputy Sheristadar for about 7 years and received its fixed full pay he therefore trusts that your Honorable Court will consider that the plea of the Collector is not valid and that his right to that Office cannot under any view of the case be disputed although it has been unjustly filled up by another. Copies of Petitions presented by your Memorialist to the Revenue authorities and Government regarding his case and the Endorsement on them by those authorities are herewith annexed together with copies of testimonials he earned from several Gentlemen — the attentive perusal thereof will, your Memorialist trusts induce your Honorable Court to arrive to the conclusion that the removal of your Memorialist was not called for as a measure of public expediency. — —

15. But your Honorable Court will learn with greater surprise when your Memorialist informs you though he does not do so from any vindictive or bad motive but merely for comparison with his case in the arguments by which his removal was endeavoured to be supported, that the person now nominated by the Collector in room of Memorialist was discharged in 1835 by Mr. Malcolm Lewin then Collector from the situation of Record keeper in the same Zillah for gross neglect of duty in the Record Department, but by some powerful interest in the Cutcherry got

Fort St. George 21st August 1845.—

got re-employed in the late Mr. Grant's time as a Salt Goomastah on 25 Rupees. Mr. Bell the Head Assistant having however become aware of the character of the Individual and of the undeserving manner in which he behaved in the time of Mr. Lewin again dismissed him from the situation there are besides several instances of his conduct which will not bear scruting and which Memorialist thinks would be superfluous to mention here as every thing would be known by the Copies of Petitions addressed to the Board which accompany this.—

16. Your Memorialist begs to refer your Honorable Court to the particular correspondence which passed between the Board of Revenue and the Collector of Rajahmundry in the Months of February. May. June and July 1844. Copies of which were sent to the Home authorities from India in the usual manner of different Collectorates for the information of your Honorable Court.—

17. It may appear to your Honorable Court from the correspondence that Mr. Prendergast stated to the Board that. J. J. Knox Esqre Head Assistant Collector did not approve of the conduct of your Memorialist. your Memorialist served under William Knox Esqre for about three years to his entire satisfaction. and that he had not served more than 40 days under J. J. Knox Esqre his brother and that the period was too short for this latter

Fort St. George 21st August 1845.—

latter Gentleman to form any opinion and that his proceeding was influenced more by a desire to serve the person who afterwards succeeded your Memorialist—Mr. J. J. Knox tried very much in the time of Mr. Smith to make room for this individual. D. Timmaranz but his endeavours were not effected and he only awaited an opportunity of providing for his Dependent at the expense of your Memorialist. with this disposition and the arrival of Sir Henry Montgomery as Commissioner in that District it has been stated by your Memorialist that Mr. J. J. Knox had made endeavours to effect Memorialists removal however taken charge of the Collectorate the object of their endeavours was finally brought into effect about forty days after when your Memorialist was formally removed.—

18. Your Memorialist trusts that a perusal of the correspondence alluded to will give a correct view of Memorialists case and will induce your Honorable Court to restore Memorialist to his Office of Deputy Sheristadar with directions to disburse arrears of pay due to him from the 23d March 1844 the date of his removal from the Office of Deputy Sheristadar to that of the arrival of the order in India from your Honorable Court. The circumstances of the case of Kistna Row formerly Sheristadar in the Zillah of Guntoor who was thrown out of employment and reinstated are

10363 Fort St. George 21st August 1845.

are similar to that of your Memorialist and in which your Honorable Court of Directors passed orders to restor him to his Office directing this Government at the same time to disburse arrears of his Pay for the whole period he remained unemployed. This being a precedent Memorialist begs that your Honorable Court will have compassion upon his distressing condition and relieve him therefrom by seeing justice done to him in the same manner.

19. In conclusion your Memorialist begs to state that he has been out of employ since these 16 Months seeking to obtain redress and the difficulty to which he has been subjected is great and inexpressible. He humbly and respectfully hopes your Honorable Court will pass early orders on his unfortunate case which will be the means of relieving him from the present piercing condition.

For which act of Justice and Charity your Memorialist will as in duty bound.

Para 1. The Land revenue of Canara in the year under review although the Season was declared to be "not quite favorable," owing to the heavy rains in April and July and the ravages of insects, was in advance of Fusly 1252 and the two preceding years, in which Fusly the Settlement exhibited a progressive increase. The District also in its Cattle and population suffered from the generally prevailing diseases.

The Settlement of this Estate for the year under report exhibits a Net increase of Rupees 213-"-" being the result of a gross increase of Rupees 374-4 under the head of Gerayee and a gross decrease of Rupees 161-4. A large portion of this decrease is attributed to certain remissions granted to "Ryots in the Sundry Mohurpha of Hardsmen Goindoogollah and traders to the hills." The nature of these deductions and the causes which occasioned them are not explained, and the Court request that the omission may be supplied in the next Annual report on the affairs of this Zemindary.

2. The Collections made on account of the Settlement of the Fusly under review amounted to Rupees 12,188-1-2 leaving at the end of September last a balance of Rupees 2784-1-10 outstanding against the Ryots. Of this sum Rupees 671-14-5 is due by certain Moostazers or renters "reduced to entire poverty," but the remainder, it is expected will be gradually realized. The Acting Collector will be pleased to state in his next report on Bodagadah, the amount of the settlement of

3. In his report on the Settlement of this Estate in Fusly 1250 the Acting Collector stated that the balance due on account of that year Amounted to Rupees 1931-15-1 and sanction for writing that amount off the accounts of the District was granted by Government on the 12th December last - but intimation of this had not reached the Acting Collector at the time when the present report was despatched. In the report now under consideration however the balance due on account of Fusly 1250 is given at 2158-9-9 or Rupees 226-10-8 above that stated in the report on Fusly 1250 - This difference requires some explanation and the Court request that the Acting Collector will be pleased to furnish it in his next report.

3. Mr Anstruther states that in consequence of the loss sustained by the Renters partly by a failure of the Crops and partly by a decline in the price of grain, he was unable to furnish the Court with an accurate account of the nature of the balance until after the then harvest. The failure of the Crops, and the remarkable cheapness of Grain are circumstances not at first sight easily reconciled, and an explanation should therefore have been given on this point.

4. The report promised by Mr Anstruther on the balances of the year under review or of those antecedent to it, has not been furnished, and the Board request that it may be supplied at an early date with a view to those balances being finally adjusted.

5. Mr Anstruther has proposed to increase the present Establishment for the

management of the Estate at an extra charge of Rupees 29 per mensem. Before sanctioning this addition the Board would be glad to be favored with the opinion of the present Acting Collector on the subject.

6. There is, it appears, great room for improving the resources of this Zemindary by means of extending irrigation and opening the roads as shewn in para 6 of the report under review, and the Board resolve to call the attention of the Civil Engineer to this important subject.

They are gratified at perceiving the endeavours made by the late Acting Collector towards improving the communication between Rumbah a convenient port on the Chilka Lake, and Aska, Russelkottapore Pr and they have no doubt that so desirable a measure will

will also engage the attention of the present Acting Collector.

The Board would wish to be informed whether the Villages yield sufficient for the Zemindar's maintenance, and if not what further allowance should be made.

To, J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

17

From P. B. Smollett Esqre
Acting Collector of
Ganjam ....

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 17th ult. July / received on the 30th Ultimo / regarding the Course of trade in Arracan, Birman and foreign Grain.—

In replying to the reference from the Bd. of Revs. in the matter of Arracan Rice. Intimated that the present protective duty is sufficiently high, provided the duties on Madras Grain were abolished and suggesting that the Board should negotiate for justice to Madras on the matter.—

2. In reply I beg to state that up to the date of Act VI of 1844 there was no duty on such grains, the import was unrestricted, and in years of dearcity its benefit was acknowledged to the poor in preventing the rise of prices to a famous level.—

3. There is no direct trade hence to these Countries. The trade is I believe chiefly in the hands of owners of Vessels on the Coromandel Coast. the Native Craft proceed to Calcutta with Salt and what not in October, remain in the Hoogly until they receive accounts of the Monsoon on the Coast, and the nature of the season.— They then repair to Arracan in greater or lesser numbers as prices promise, and thence to the Coast Districts as speculation leads them.—

As

Fort St. George 21st August 1845.-

4. As regards this trade itself little worthy of notice suggests itself to me, but if I do not altogether misinterpret the Board's Meaning the drift of this reference would seem to imply a wish on their part to resort to the imposition of a prohibiting duty on Arracan grain, with a view to the support of the Madras Land tax.-

5. If this be so I fear the Board have started upon a very forlorn hope.- Monopoly and prohibition have been long Condemned as principles utterly vicious, and have been entirely abandoned in legislation. The Theory is in short defunct, and not to be resuscitated in the Council of India on the recommendation or thro' the influence of the Madras Board of Revenue.-

6. But tho' prohibition is indefensible and seems impracticable of attainment, protection appears to be both just and proper.- At present by law a duty of one anna a Maund is levied on all Arracan Rice and Paddy imported into the Madras territories.- I have not means at command to quote the prices of grain in bulk on the opposite Coast, but judging from known facts from the coarse nature of the grain and the prices it Commands in the Market. This import duty must average at

Fort St. George 21st August 1845.-

at least 15 per Cent on Rice, and thirty per Cent on Paddy on the whole sale prices of these Articles at the Port of Export.-

7. Arracan with a virgin soil but little taxed, and with favorable seasons the failure of rains being unknown, can well afford to bear this impost, which to a certain extent is calculated to protect the highly taxed and less happily circumstanced agriculturist of the Southern Peninsula of India.-

8. Have the Ryots then of this Presidency no reason to Complain and are they adequately protected.- I answer.- No.- and I will endeavour to explain in my judgment why. The duty on Arracan grain imported is heavy enough for protection.- but then throughout the length and breadth of the Sea bound Coast of Madras, grain transit from one Province to another is subjected to the same duties at the Port of Shipment, that Arracan Rice is subjected to on Import.- Nay more this exorbitant duty is levied on grain on its transit by Sea from one Port to another in the same District, yet all the while it is ostentatiously but most untruly, proclaimed that the Transit Duties have been wholly abolished.- Of what avail, I ask would the

Corn

Fort St. George 21st August 1845.

Corn laws of England prone to the British agri=culturists- if a duty to the extent fixed by the law on foreign Continental grain was similarly levied on Norfolk- Essex, or upon Irish or other domestic grain on transit to Mark Lane.-

9. The Sea Customs Schedules of Bengal have been, in fact, hastily and ignorantly applied to the Madras Presidency by the late Governor General Lord Ellenborough- Bengal has but one port of Export, Viz. Calcutta- grain shipped thence is all of the finest sorts, and is mostly intended for Bona fide Export to England, Bourbon, Mauritius or foreign Europe- It may or may not be judicious or politic to tax Exports of this Kind, but it is obviously unfair to levy the same duty at Madras on what is not an Export at all, but is an article in transit from one Dis=trict of the same Presidency to another in search of a Market

10. Besides this Bengal Rice is much finer and fetches a much higher price than the in=ferior grain grown on the less fertile plains of the South- the tax, therefore fairly borne by one sort presses with undue severity on the other- Strange to say too- Paddy and Rice are taxed exactly alike, altho' I need hardly tell the Board of Revenue that Rice is the Manufactured Article and Paddy is the raw material which bears just one half the price of an equal quantity of Rice- The mistake if mistake it be, could only have happened from sheer ignorance- The transit tax on Rice and Paddy of this District in the present year is about ten and twenty per Cent of the Market Prices of these grains respectively.-

11. Instead therefore of suggesting a prohibi=ting duty I would suggest that the Board of

Fort St. George 21st August 1845

of Revenue make such a representation of facts in this matter as will ensure "Justice to Madras" in the abolition of transit duties on Grain- It should be their aim to obtain the abolition in toto of all duties on the Export of grain, or failing in that to get the law modified so as to confine these duties to Export to foreign Ports only- At all events the Transit duty on Paddy should in fairness be reduced at least one half.-

12. I submit these suggestions however with deference and humility- I fear that they are unwelcome topics addressed to an unwilling audience- For tho' the same facts were broadly stated in Para 15 of the Extra Re=venue Report for this District under date the 6th December last, they did not elicit a single Comment from the Board, nor from Government, though other trifling remarks in the same Para were brought into unmerited prominence.-

Vizagapatam.

Sir

I have the honor to bring the follow-
ing circumstances to your notice, and request you
will be good enough to submit them to the consi-
deration of the Most Noble the Governor
in Council.

When acting as Sub Collector and Joint
Magistrate of North Arcot in January last I
received a letter from his Lordships Private
Secretary offering me the appointment of Acting
Principal Assistant in this District and in-
forming me that the Salary was the same as
that

Fort St. George 21st. August 1845.

that of a Sub Collector, and that the appointment would in all probability become a permanent one earlier than any other: —

3. Being sensibly alive to his Lordship's great kindness in offering me the appointment — I accepted it without hesitation, and made a point of taking it up with as little delay as practicable. The effect of my acceptance however has been to place me on the reduced rate of Deputation allowance ordered under the amended rules published at Page 442 of the Fort Saint George Gazette for 1843 instead of allowing me to continue drawing those previously sanctioned under date the 21st February 1840, and which I had up to that time been doing. In other words my transfer to this District has occasioned me a Monthly loss of Salary amounting to Rs. 203-5-4 being the difference between Rs. 116-10-8 and Rs. 320 — the amount of my deputation allowances under the respective rules referred to. —

4. Under the existing circumstances of the Service it is impossible for me to infer the period when I may be confirmed in my present acting appointment, though I am assured it has been the wish of the Most Noble the Governor by endeavouring to provide for Mr. Smollett already to effect it — and I

Fort St. George 21st. August 1845.

I therefore feel that I am not trespassing on his Lordship's time and attention in bringing my circumstances and position to his Notice. I accordingly request under the peculiar condetions in which I am placed that you will be good enough to make the requisite application to Government for my being permitted to draw my former, instead of my present, rate of Deputation allowances, commencing from the date on which I joined this District.

5. As a further reason in support of the propriety of my request I would venture to state that from having been a Register at the time of the abolition of the late Zillah Courts, I was on that event taking place reduced as regards my substantive appointment to the position of a 2d Assistant Collector and that consequently with my present pay and deputation allowances, I shall on the arrival of Mr. Jones who draws the allowances of a Head Assistant Collector of six years standing, be placed in the false position of drawing a less amount of Salary than my junior in the District and in the service. —

From R. T. Porter Esqre Collr of Masulipatam

Sir,

Reporting the data on which rents have been concluded for the dry lands in the Govt Estates and requesting sanction for the same:-

Para 1. With reference to Para 25 of my report dated 30th April last, on the Settlement of Government Estates for Fusly 1253 / 1843-44 I have the Honor to forward the accompanying Statement shewing the data on which rents have been concluded for dry lands in those Estates.—

2. The fluctuation in the revenue of these Estates has often been noticed by Government, who on several occasions deprecated the System of division of produce, and recommended that some other mode of settlement which should be less uncertain and less open to abuse, should be adopted in its place. These and other considerations prompted me to endeavour to introduce the renting System generally into all Estates under Management, in which after some little opposition I have been successful.—

The

3. The average collections from dry lands in the Government Estates, with the exception of Ryotwarry, for 20 years from Fusly 1233 / 1823-24 to 1252 / 1842-43 amounted to Rupees 2,870-3-- while those for 10 and 5 years were Rupees 2,067-9-- and Rupees 2,316-12-9 respectively. The annual amount of rent now concluded with the average thereof, as also the increase of revenue to be obtained above each of the abovementioned averages, and the settlement of Fusly 1253 / 1843-44 is shewn in the Margin. The rents for Fusly 1254 / 1844-45 are settled with reference to the present resources of each Village.—

With reference to Para 18 of my

4. report dated 13th April 1844 and to Para 8 of the Board's Proceedings dated 7th November of the same year I beg to report for the information of the Board, that P. Pydaya the renter of Singarayapollem of the Padapatam Mootah, who rented the Village for three years being unable to tender security, deposited one fourth of the average rent, Viz. Rupees 21-12-- The renter died, after having paid only Rupees 8-5-8 on account of the rent for 1253 / 1843-44. This property was attached on account of the balance of Rs 29-14-4.

the

the ultimate recovery of which depend on the issue of an enquiry which is in progress regarding the claims brought forward against the property of the renter ——

5. As there appears no probability of the rent being undertaken by his Heirs, or of any offers being received from others for the same amount as that proposed by the late renter owing to the apparently large amount compared with the average collections of 20 years, the Village has been included in the quinquennial lease now concluded as shown in the Statement —

6. The average of the present rent for the next 4 years exceeds the 5, 10 and 20 years Collections as shewn in the Margin, the rent for Fusly 1254 A.D. 1844-45 has been determined with reference to the estimated resources. ——

7. The Village of Kytapully was rented for a term of 3 years from Fusly 1254 A.D. 1844-45. to 1256 1846-47 in consequence of the disinclination of the Ryots to rent it for a longer period - This was considered to be the best arrangement that could be

made, as an opportunity will thereby be afforded to ascertain its real capabilities during this period, it being the interest of the Ryots to develope the resources, and enable Government to rent them on more advantageous terms. ——

8. The average collections of this Village for 5, 10 and 20 years respectively, as well as the Settlement of Fusly 1253 A.D. 1843-44 are shewn in the Margin. The amount of rent now concluded Viz. Rupees 1816 - - - per Annum, corresponds exactly with the 20 years average amount, and exceeds the average of 10 years and the Settlement of Fusly 1253 A.D. 1843-44 as shewn in the Margin. ——

Sir,
Para 1.

With reference to Para 18 of my report dated 30th November last, on settlement of the Estates under Management for Fusly 1252 / 1842/43, in which I promised to endeavour to obtain offers for the rent of the remaining Villages in the Estates of Vinnacottah and Goodewadah, I have the honor to forward a statement shewing the result of the quinquennial lease concluded for 51 Villages in the said Estates.

Reporting the result of the quinquennial lease concluded in the Villages of Vinnacottah and Goodewadah Purganahs and requesting sanction for the same.

2. At the date of my report rents were introduced in some Villages for Fusly 1253 / 1843.44 alone, and in others for a term of 5 years, and as I was desirous of laying at once before the Board the result of the whole rents, I have deemed it necessary to defer the transmission of my report on the offers received, in order that the Board may be the better enabled to determine on the fairness or otherwise of the rents concluded when the result of the whole should have been laid before them.

3. With this view, I proceeded to

8. The average collections of the 44 Villages, the rent of which embraces a period from Fusly 1254 (1844-45) to 1258 (1848-49), are shewn in the Margin, and the average rent under the Settlement now effected amounts to Rupees 29,053 3 11, and tho' as in the other instances it falls short of the 20 Years average collections by Rupees 939 1 5, which is owing to the rent for Fusly 1254 (1844-45) the first Year being fixed with reference to the estimated resources of each Village, yet it exceeds the last two Averages by Rupees 2,417 11 3, and on Rupees 4,119 4 respectively, and the Settlement Rupees 13,779 8 9 of Fusly 1253 (1843 fasli) by Rupees 15,273 11 2.

From the Collr of Masulipatam. Reporting the date on which rents have been concluded for the wet and dry lands in the Villages of Padaspandoo Prootah and requesting sanction for the same.

1. I have the honor to forward the accompanying Statement shewing the Rents concluded for the dry and wet lands in the 6 Villages of the Padaspandoo Prootah under Circar Management.-

2. The average Collections of these Villages for 20 years from Fusly 1233 A.D. 1823-24 to 1252 1842-43 Amounted to Rupees 11713-8-11 while those for 10 and 5 years were Rupees 7589-9-11 and Rupees 5595-8-3 respectively. The Statement for Fusly 1254 1844-45 was made with reference to the Estimated Resources which Amounted to Rupees 6640-

3. The Rents now concluded are for four years from Fusly 1255 A.D. 1845-46 to 1258 1848-49 at the annual Beriz as abstracted in the Margin. It will be observed therefrom that the average of the rents exceed that of the three abovementioned periods as also the Settlement of Fusly 1253 A.D. 1843-44.

their being filled with dust: which causes much injury both in the Crystalization and the Color of Salt- The 4th and last item in the estimate was provided for repairing branch Canals supplying water to the Pans.-

2. It is also to be observed that the Estimate Cost for the purchase of long Grass for covering Salt heaps has entire reference to the circumstances set forth in Para 2. of my letter of the 1st January last, and would therefore appear high which was unavoidable. The actual charge on this account in Fusly 1254 / A.D. 1844-45 amounted to Rupees 1204-8-2 Shewing a decrease of Rs. 135-7-10 below the Estimate, while the quantity of Salt in both Cotaurs which it is intended to cover has exceeded the Estimate by Maunds 31883-16 Ts.-

3. In offering the above Explanation it is necessary to observe that the estimate has been prepared to meet exigencies, and the actual disbursements made with every regard to Economy. The Marginal Memorandum will Shew the Estimated and actual charges for each of the above items during the past fasly- The disbursement of the latter Sum which was estimated for removing accumulation of dust in the Canal has not been made to the present Extent because it was found unnecessary to do so.-

From the Coll.r of Masulipatam- Submitting the further information required relative to the Enam land belonging to the 2d Surety to the Sayer Renters of Ettaneggudda &c.a- Para 1 to 8.

Sir,

Para 1- With reference to the Board's Proceedings dated 22d May last, and the Minutes of Consultation dated 21st of the following Month, in which further information is desired as to whether the Enam land belonging to P. Caumiah 2d Surety to the Sayer renters of Ettaneggudda, Nagayalunka, and Salempollem was transferred on Mortgage prior or Subsequent to the proprietor becoming Security for the discharge of the renter's liabilities, I have the honor to state, that the real and personal property consisting of Enams &c.a belonging to him and situated in the Villages of Angaloor, Toommalapully, and Goodawadah, Originally offered as security in the year 1832 on account of the rent, was disposed of long ago, and the Sale proceeds thereof, after deducting Commission, Amounting to Rupees 195-13-2 was carried to the Credit of the arrear of the rent.-

2. In the year 1840, when enquiries were

were again instituted, whether any property belonging to the renters or their sureties was forthcoming, the Tahsildar of Goodewadah having reported that half a Cutty, or accordi=ing to actual Survey 7 Visums of Enam land in the Village of Poloocondah which was not included in the property origi=nally offered as security and which, tho' belonging to Camiah, was not then under his Enjoyment, was stated to be mortgaged to B. Chelmiah, Orders were issued to him to ascertain the nature of the Mortgage, and in the reply of that Officer received in March last, it appeared that the land in question was Mortgaged to the said Chelmiah in the year 1830 before the date of Camiah becoming Security to the rent; and that according to the condition of Bond, Copy of which was furnished with his report, the Mortgage was fore=closed on failure of payment at the prescribed period.-

3. Under the foregoing circumstances it appears that the Security has no property forthcoming which may be available for the arrear of the rent, and I beg therefore to repeat my request that Sanction may be

be obtained for writing off the same in the Accounts.-

4. The report called for regarding the Moturpha balances will be submitted in my report on the Extra Sources of revenue for Fusly 1254 / A.D. 1844-45 which has now become due.-

Sir,

From the Collr. of Nellore - 3

Suggesting early orders for his guidance regarding remission for Sooktee.

Para 1- I have the honor to request you will bring to the notice of the Board the perplexity I am in, as regards remission for "Sooktee" or wet crops unproductive in consequence of a failure in the supply of Water.-

2. The orders of the Board and Government in their Proceedings on the Tummalundy Report of Fusly 1252 are most stringent regarding deductions under the head of "Sooktee" and properly so, an indiscriminate remission being unallowed for, but the difficulty of acting on those orders is great, i.e. that the ability of the ryot to pay should be drawn from a combined consideration of the produce he has enjoyed on other lands, and the price he has obtained for it. It generally happens that enhanced prices are attended with decreased produce, thus the Ryot loses on the one what he gains on the other, and hence the justice of combining produce and price in calculating

Fort St. George 21st August 1845.-

calculating the profits when remission is solicited. With regard to the latter (the price) it is pretty accurately ascertained, but information on the former must either be assumed, or the statement of the Ryot and Curnum taken as correct, which it is almost sure not to be, and its falsity safe from discovery as the crops probably have been cut and disposed of months before, Sooktee remission being for the most part claimed on the latest crop, when the supply of water is deficient.-

3. In making the settlement, lands which could not be cultivated for want of water are struck out of the ryots Puttah, and lands for which at the time of cultivation there is sufficient water to moisten are considered cultivable and the Ryot told that the sist will be put upon him whether they are taken up or not. On the chance therefore of more water coming they are sown, and if fortunate he gets his return, if not the Crop dries and Sooktee is petitioned for. Had there been no water no sist would have been

Fort St. George 21st August 1845.

been demanded and the Ryot would have been saved the expence and labor bestowed on the land that had dried up, a dead loss to him even when remission is allowed on the withered Crop. From the above it will be manifest that entire freedom of cultivation is not allowed, and when a ryot undertakes the cultivation of a portion of his land with the prospect of an insufficient supply of water to bring the crop to maturity either wholly or in part his petition for remission on the sooltee does not appear to me unreasonable, particularly as the productive extent portion of the land, if there be any, is measured and assessed in full, however short the produce may be, and where there is only a sufficiency of water for a part of the field, that part can hardly be expected to yield a full return.-

4. The extent of sooltee this year is not large, but many of the sufferers are petty ryots who cannot afford to pay and as their

Fort St. George 21st August 1845.

Statements of the quantity of produce derived from their other lands cannot be relied on it is impossible to calculate with any accuracy what have been their profits by produce by price [tho it is higher than for the last 4 years] they cannot be said to have gained as it is still below the Standard or Settlement price. Under these circumstances I would beg to suggest that the proportion the dried up land bears to that which has been cultivated and Cut, should be taken into Consideration and the excess above 5% remitted, when the condition of the Ryot is such as to require it all under that being assessed in full. In conclusion I beg that an early reply may be given for my

my guidance and should the Board consider my suggestion objectionable I can but assure them of my best endeavors to do justice to the Government as well as the Ryots, tho' in settling the claims for remission I must be guided a good deal by chance in the absence of trust worthy data to work upon.-

To the Collector of Nellore stating in reply to his letter of the 26th ultimo representing the difficulty which he anticipates in adjusting the claims preferred to him for Sooktee remission that the Board are not prepared to sanction a departure from the principle laid down in their Proceedings on the Settlement Report of Fusly 1252.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 26th ultimo representing the difficulty which you anticipate in adjusting the claims preferred to you for Sooktee remission upon the principle laid down in the Proceedings of this Office on the Settlement report of Fusly 1252 Viz.th that the ability of the Ryot to pay should be inferred from a combined consideration of the produce he has enjoyed on other lands and the price he had obtained for it - The price you observe may be pretty accurately ascertained - but as regards the produce little information can be gained on which reliance can be placed.

2. In reply the Board direct me to state that the principle above referred to is one which was laid down by Government many years since in their remarks upon the result of a season (that of Fusly 1233) which had been unusually disastrous it has been acted upon from that time and occasionally in very unfavorable years and the Board are not prepared to sanction a departure from it. That difficulties may attend its practical application must indeed be admitted, but the same may be said of any general rule which could be adapted and these difficulties are it is hoped no more than may be overcome by patient and careful enquiry

See Board's Proceedings in the Settlement of Fusly 1248 P. 13

The

The Statements of the Village and Talook servants tho' not of course implicitly to be depended upon. the enquiries made by your Huzzoor Establishment prior to the Cummabundy and the condition of the lands adjoining those of which the produce is to be taken into account will, the Board would trust, be found to furnish data sufficient for as close an approximation to accuracy as can under the circumstances be excepted - and they doubt not that these materials will be turned to the best advantage in your hands.

3. The Board observe that in lieu of the rule referred to in the preceding Para you propose that the proportion the Dried up land bears to that which has been cultivated and cut should be taken into consideration and the excess above 5 per Cent remitted. It does not appear why this particular rate has been adopted - Many cases may occur in which the Ryot will be able to sustain a far larger proportion of loss than 5 per Cent as on the other hand instances may be found in which even a loss to that extent would bear hardly upon him. your rule further does not appear to be intended to be absolute or of universal application but is to be restricted to cases where the condition of the Ryot may be such as to require it - This qualification evidently presumes some enquiry into the Ryots condition an enquiry which can be conducted only in reference to the out turn of his cultivation produce as well as price. Thus the same difficulties as regards the ascertaining the extent of produce are to be encountered under your rule, as under that of the Board the difference being only as to the amount of relief to be afforded - which when relief is required the Board think had better be left to be regulated by circumstances than be determined by any fixed and invariable standard.

It appears from the foregoing letter that there are at present four Poligars families in the Bellary District whose pensions instead of being disbursed from the Collectors treasury are deducted from the Beriz of the Pattah. The Board direct that this practice may be discontinued and that their pensions be in future paid from the Treasury and exhibited in the accounts furnished to the Accountant General and Civil Auditor.

Of these four Poligar Pensions that enjoyed by Vamolapaud Rungareddy only has not as far as it appears received the sanction of Government. The Collector will be pleased to submit a special report regarding this Pension explanatory of all the circumstances connected with it for submission to Government.

Para 1

26th July & 14th August 1845

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot reporting that two persons named Syed Autzeem Kadry and Syed Ahmeed have preferred a claim for the registry in their names of a certain quantity of Enam land entered in the Public accounts in the names of the Grand father of the former and father to the latter.

2. The land in question is partly land granted by a former Sagiredar of Pollieme dattak for the support of a Mosque and partly land granted by the same authority for subsistence. These lands seem by the Geneological table which accompanies the Collector's letter to have been enjoyed lately by Syed Ruzak and Syed Durghah fathers of the present Claimants who died in 1844 & 1845 respectively.

3. The Collector recommends that the proceeds of that portion of the Enam granted for the support of a Durghah being appropriated for religious purposes should be renewed in the names of the claimants as Trustees for the institution under the Provisions of Regulation VII of 1817.

4. He also recommends that the latter subsistence Enam may be renewed in the names of the present claimants to be enjoyed by them and the other sharers of the family during the pleasure of Government.

5. The Board agree in the proposal of the Collector as regards the Mosque Enam but they are not able to perceive any valid reason for the longer continuance of the subsistence Enam which they therefore think should be treated as a lapse and be resumed by Government.

From the Collector of Tanjore

Sir,

The following case connected with the operation of the amended Provisions of Act VI of 1844 relative to the duty fixed on Wine and Spirits is one that I would beg to bring to the notice of the Board in order that if possible the very apparent hardship of the Regulation in this particular instance might in some measure be alleviated. Mr Audibert a French Missionary residing at this place has brought to the Frontier Choky from Karrical a Cask of the most ordinary Claret containing 39 Gallons the original cost of which Wine is 45 Rupees the Cask as it comes from a Foreign Territory a Duty of 2 Rupees per Gallon is demanded making the amount of duty nearly double the actual cost of the Wine. I should imagine that in such a case the intention of Government would be that an ad valorem Duty should be levied as it is to be feared that if the Duty on Foreign Wines continues so high little or none will pass into

Fort St. George 21st August 1845

into our territory Mr. Audibert has in the event of his request for a deduction of duty being refused begged that he may be allowed to return the Wine which is now deposited in the Chowky to Karrical.

Proceedings thereon/

The plea advanced by the 1st Defendant in this case cannot be admitted. If the Tahsildar forced him as he states, to employ the 2d Defendant who was known to be a Dishonest Character as his Goomastah, he should have represented the circumstance to the Collector or his Assistant.

2nd

In respect to the defence set up by 3d Defendant it does not satisfactorily appear from the Proceedings whether he was ever formally appointed Goomastah by the 1st Defendant and whether he kept and signed the Village accounts. The Board direct that these points be clearly ascertained and reported to them.

Confirming the decision passed by the Head Assistant to the Principal Collector of Madura under Regulation IX of 1822 in certain cases requesting to be informed whether the 3d Defendant in Case No. 1 of 1845 was ever formally appointed Goomastah to the 1st Defendant in that case

Letter of 14th Aug. 1845

Fort St. George 21st August 1845

3

The 2d Defendant in case No. 2 of 1845, who is the only party who has appealed in that case was Curnum Goomastah when the transaction which is the subject of this trial took place. He seems rather to have been guilty of the 4th than of the 3d class of offences specified in C. 11 - S. 11. Regulation IX of 1822. He made false entries in the Public accounts in regard to the receipt of Public money but there seems to be no proof that any money came into his hands or that he embezzled it. As however he cannot deny having made entries in the accounts regarding the receipt of the money which he must have known to have been false the Board see no reason to disturb the decision of the Head Assistant Collector in his instance.

Ordered that the foregoing Proceedings be communicated to the Principal Collector of Madura who will be pleased to furnish the information called for in Para 2.

Ordered also that the following Endorsement be passed upon Appeal Petitions No. 650 and 676 of 1845.

"The Board of Revenue having perused the Proceedings of the Head Assistant Collector in the case within referred see no reason to disturb his decision and confirm it accordingly."

The Major General seems to take it for granted there is no misrepresentation in the matter, and alluding to some private Communications from me seems to think an insolent message (if indeed there was any such) warranted the Military seizure of the Manager.-

excuse for uncivil answers if he had made them / to any message sent him - but desiring him to remain quiet and await the result. I had but sealed and despatched this letter to the post when I received Mr Bamfords private answer to my private communication with his sentiments of its irregularity and advice of having furnished a Copy to the Officer Commanding his Regiment. I sent this also under a blank cover to the Major General. It has not been returned, and I have neither received nor sent any other private Communication.

The Manager Syed Ismail is the long known servant of Government and was not appointed by me to the situation he now holds but by Mr / them / Commissioner Drury during the period I was under suspension from the end of 1842 to the middle of 1843. as I have no authority whatever over Mr Bamford there is no room for any further investigation than the Statement delivered to me by Mr Bamford. on his own showing in which alone I am of opinion he should be recalled to his regiment. and the complaint of the 29th Ultimo made against him by the Manager.

forward to you Copy of a letter which has been submitted to me by the Officer Commanding 31st Regiment L. I. from all due enquiry, I have been able to make and from your private communications I cannot learn that the Manager of Pannad denies having made use of the Offensive and insulting language addressed to Ensign Bamford in presence of several men under his Command. there is a Courtesy, in my Judgement, due from one authority to another which should have protected Ensign Bamford from such treatment as he complained of. I have caused it to be intimated to Ensign Bamford that he committed a great error in attempting to insist on the Manager's waiting on him, and I shall endeavour to provide for the prevention of a similar occurrance by instructing all Officers Commanding Detachments to make their communications to the European Officers in authority in the District, and not to the Native in authority on the Spot.

I am of opinion that Military Detachments are furnished solely as an aid to the Civil Authority. whose requisitions he must attend to, by whomsoever they may be made whether European or Native in authority, and beyond this whatever assistance or information the Military Officers may require should be obtained by him in communication with the Collector.

To, The Adjutant 31st Regiment or Officer
Sir,
Palamcottah

I have the honor to inform you that the practice of talking to a great extent among the men of the Detachment under my Command-

Knowing the determination of the Officer Commanding the Regiment to check this unmilitary habit I was of opinion it possible a building in which the men guilty of this offence might be placed in solitary confinement-

Having heard that a place adapted to my purpose and belonging to the Honorable Company was en douane. I determined to make application for it, and to this end sent my orderly Shaik Daud No 1230 of the A. Company on the evening of the 28th instant to call the Tahsildar Syed Ismail to my Quarters

10,444. Fort St. George, 21st August, 1845.

Quarters, in order that I might obtain information from him as to the proper mode of proceeding. My orderly on his return reported that the Tahsildar had in distinct terms refused to attend, at the same time making use of highly insulting and abusive language regarding me saying "I will not go, what is an Ensign that he should send to call a Tahsildar to his house. I can if I like command his attendance before me in the Cutcherry, for I am his superior, and he is my inferior: when the Queen of England sends me an order to go to his house I will go, but until then I will not go. and if any Officer belonging to the Company's service, let him be who he may should call me, I will not obey his summons-

All this was said before my orderly and my head servant- considering it highly probable that the orderly would report this affair to the Detachment, and that my authority over the men composing it would be weakened if I permitted such conduct on the part of Tahsildar to pass unnoticed I sent word to him that I would order two Sepoys to remain at the Cutcherry until he came out and when he did so to conduct him to my Quarters-

After the Sepoys had been stationed the Duffadar came and reported to

to me that Sapsildar Syed Ismaul had con-
=sented to attend at my Quarters upon which
the Sepoys were withdrawn, the Sapsildar at
length arrived bringing with him the peons
the Ameens Cutcherry together with his own and
with sticks and his sons and relations also ac-
=companied him, all being armed.

many of these peons as it would contain
he commenced to abuse and insult me in

Ramnad

My Dear Sir,

A letter from the Manager of Ramnad, recommends sadly upon you; and I greatly fear he will not be appeased except by your recall to your regiment; and your own statement convince me that this will be the least harm that can happen to you if the matter cannot be prevented going before Major Davison and before Government.

I would recommend you to conciliate Syed Ismael, the manager, and induce him to acquiesce in the dropping of his complaint against you.

Tho' I hardly expect you will follow my counsel, the time may come when you will know it was given in hope to save a young and inexperienced Officer from what may prove a very unpleasant dilemma; mean time I shall wait some days before I take further notice of your Official letter.

P. 2.

My Dear Blackburne,

Will you kindly peruse the enclosed Copy of a letter sent to me by the Officer Commanding the 31st Regiment. Of course it is a pity that this young Officer should have sent two Sepoys to compel the attendance on him of the Tahsildar, but truly I scarcely know what I should myself have done had I been in his situation. I conceive it as much the duty of a Military Officer to uphold the natives on their authority as it is in my judgement the bounden duty of the native on authority to be courteous to an European Officer in Command of a party.

I am always extremely sorry when these little differences occur, and ever make my best efforts to prevent their being preferred to Government.

There are always two sides to a question, will you be so good as to let me know the result of your inquiry.

on the Petitions noted in the Margin as called for in your letter of the 19th Ultimo -

2. The Zemindar of Shevulpetty alluded to in the Petitions, formerly reduced a portion of the Teerwah on his lands according to Tarum, and in lieu of the Amount remitted from Ancient times collected from the Inhabitants of his Zemindary certain other miscellaneous taxes. The present Teerwah on the land added to the amount of the tax thus levied does not exceed but falls short of the full Teerwah according to the neighbouring Circar. The Inhabitants who consented to this and have been paying the Teerwah and taxes for a long time, objected to pay them only for the last 2 years. Complaints having been passed by me on the subject; the Zemindar and the Inhabitants were sent for, and on investigation the Ryots stated that they would not pay the Teerwah as per Tarum but would only act up to the Cowlenamahs granted by the Zemindar, and further that they would not pay the other usual taxes. There is no proof of the Cowlenamah being genuine or if it Ever was an Original and genuine Cowle it has been rendered Stated by the manifest interpolations and additions as shewn in the enclosed Memo.

3. After due investigation the taxes levied in later Fusles were struck off

out by the Zemindar's consent, and the Ryots directed to pay the Teerwah as per Cowlenamah together with the usual taxes which they had continued to pay from a length of time; under the title of Mamool. Instead of assenting to the above proposition they assembled Mobs and resisted the Peons as well as the Tahseldar and Duffadar &c. who were sent to assist the Zemindar in the Collection of his dues. The parties were sent for fully Examined, and punished according to the Regulations by 1 Month in Jail without labour under Section II Regulation III of 1831. The Ryots of Shevulpetty bear altogether a bad and troublesome character and little credence can be given to the Statements in the Petitions herewith returned.

Memo regarding the Cowles referred to in para 2 of the Collector's letter dated 24th July 1845.

The Cowle marked No 1 is signed Vencatarama Naick alias Sawmy Naicken Zemindar of Shevulpetty -

That No 2 is signed Senthooranathooy -

That No 3 is also signed Senthooranathooy -

The signatures to the Cowles No 2 & 3 differ from Each other and from that affixed to Cowle No 1 which bears the name of

of the alleged grantee in full, the Petitioners who are Ryots. State that these 3 Cowles were granted by one and the same person. If this assertion were true; and the Cowles had been so granted, the signatures would of course be one, and correspond with each other in respect to name and hand writing. But they are much unlike each other Cowle No 3 is concluded in the 2d line on the reverse side of the same, nevertheless there is an interpolation at the end of the 1st line in the hand writing of a different person to the following effect Viz "This is a permanent tax." The sense of the 1st line would be complete without this addition. The Ryots state that all lands in their enjoyment are held on Cowle, and the 3 Cowles No 1 to 3 are the Documents in support of their so occupancy. Besides this it is mentioned in this Cowle No 1 that all waste lands are to pay tax according to Jamma Cowles No 2 and 3 appear from their respective title to have been granted for bringing immemorial waste under the plough. Moreover the 3 Cowles in question appear to have been granted in the names of certain Ryots of two Villages only, called Soobbiaporum and Pethreddyputty. While it is questionable whether the above Cowles could apply to the two Villages in the names of

Fort St. George, 21st August, 1845.

of whose Ryots they are granted, the Petitioners state that all lands attached to the Zemindary are held under the 3 Cowles above referred to. Moreover the dates on which the 3 Cowles are said to have been issued respectively, are posterior to the period of issue and publication of Rules and Regulations prescribing forms and titles for the drawing out of Documents and Cowlenamahs &c. It would thus appear that the usual forms and titles enforced in the Regulations have not been observed in the preparation of the Cowle deeds in question. Under these circumstances and discrepancies the Cowles can hardly be considered genuine ones.

From the P. Collector Canara - Requesting to obtain sanction of Government for an advance of 10000 Rupees to Kristapah Chitty the Tobacco Contractor of this District

Sir,

I have the honor to request that the Board of Revenue will be pleased to obtain the sanction of Government for an advance of 10000 Rupees to Kristapah Chitty the Tobacco Contractor of this District which I consider to be necessary under the following circumstances.

1

2 The Contractor engaged to supply 1400 Candies of Mysore Tobacco at the rate of 61-12 per Candy by the end of April last, of which he has up to this time delivered Candies 846-16-12 3/4 leaving a balance of Candies 553-3-15 3/4 to be brought down after the rains.

3. The failure of the Contractor to furnish the full quantity of Tobacco within the prescribed time has been owing to one Badrapah Shetty a Sowcar of Mysore, who was disappointed of obtaining the contract having bought up previously the greater quantity of Tobacco in the Market, which he has hitherto refused to part with to Kristapah Shetty.

4. With the view of saving himself from heavy loss by the nonfulfilment of his contract Kristapah Shetty has now applied for an advance of 10,000 Rupees to

instead of only 120 Maunds of a like number of Salas weight the standard fixed elsewhere and which variation produced the above increase in the price. Mr. Conally however states that the account of all purchases and sales of Salt since the commencement of the Current Fusly have been adjusted at the rate of 120 Indian Maunds per Garce.

The Board take this opportunity to state that the report on the subject of supplying Malabar with Salt from Canara or some other District under this Presidency as directed to be furnished in the concluding para of the Extract Minutes of Consultation above quoted will be submitted to Government as early as practicable.

To The Chief Secretary to Government

Sir,

1. To the Chief Secy to Government

Reporting upon a Memorial from Shashagherry Row late Head Sheristadar of Rajahmundry Complaining of his removal from that Office.

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No 932 4th August 1845 transmitting to them a Memorial laid before the Most Noble the Governor in Council for the purpose of its being forwarded to the Honorable the Court of Directors by Sashagherry Row late Acting Deputy Sheristadar of the Rajahmundry District and requesting the Board to report upon the circumstances therein detailed and to submit the correspondence

Correspondence which may have taken place respecting the Memorialist.

2. In reply I am directed to forward the accompanying Correspondence between this Officer and the Officers in charge of the Rajahmundry District as noted in the margin. From this and from the memorial itself it will be perceived that Shasha=gherry Row was appointed Head Jamabundy of the Rajahmundry District in 1836 and after about eleven Months service in that Capacity was appointed Acting Deputy Sheristadar. He does not however appear to have discharged the duties which usually fall upon an Officer of that class, his functions having been merely confined to the charge of the Motunpha Department. He was not associated with the Head Sheristadar in the superintendence of the accounts or in the general management of the Office nor was he permitted to accompany him when he was called to transact business with the Collector. That Mr. Smith by whom Shashagirry Row was promoted to act as Deputy Sheristadar did not feel

him equal, his expeditions may be suffi=ciently Concluded from the above Statement and to this it may be added that altho' that Gentleman in 1842 obtained sanction for a revision of his Moyenzatalab by which among other changes the Salary of the Head Sheristadar was raised from 80 to 100 Rupees a Month as stated by the Memorialist (Para 5) did not feel himself at liberty to give effect to the measure as regarded Sashagherry Row who still continued to receive 80 Rupees per Mensem as before. In December 1843 the Commissioner Sir H. Montgomery at that time in charge of the Rajah=mundry District thus alludes to him

"It is the more necessary that the Sheristadar here should possess superior qualifications because the Deputy is wholly unfit to aid him in any way, and so long as this Office is so unworthily filled the entire duties of the Sheristah Department must fall upon the Head of it"

3. Shortly after the above was written the present Collector Mr. Prendergast assumed charge of the Collectorate and coincidentally

coinciding in opinion with his Predecessor as to the unfitness of Shashagherry Row for the Office of Deputy Sheristadar he in his letter to the Board of the 15th February 1844 intimated his intention of transferring that individual to the Amildarship of Amalapoor. The Board called upon Mr. Prendergast to state in more detail his reasons for the arrangement referred to and that Gentleman replied in his letter of 5th June to which the Board would beg to refer for a clear Statement of all that has occurred in the case of the Memorialist. The Collector subsequently reported that Shashagherry Row had sent in his resignation as soon as he was appointed to the Amildarship. In answer to these letters the Board expressed their hope that if the Memorialist could not be reinstated in his original situation of Head Sawbrevey means might be found of providing him with some appointment of similar rank and emolument in the Collectors Cutcherry. No such opportunity appears however to have occurred and Shashagherry Row has since left the District and

and proceeded to Madras

4. It appears to the Board unnecessary to offer comment upon the detail above given. The unfitness of Shashagherry Row for the Situation of Naib Sheristadar was tacitly admitted by Mr. Smith at by has been stated explicitly by Sir H. Montgomery and Mr. Prendergast and in transferring him to an appointment on a higher rate of Salary (Rs. 100) than he had before drawn the present Collector, seems to the Board to have shown every consideration to the feelings and prejudices of the Memorialist which could with propriety have been exhibited towards him.

5. Before concluding these remarks it may be desirable to notice two points adverted to in the Memorial. Of these the first is that Shashagherry Row states, that having acted as Deputy Sheristadar for a longer period than 2 Months he should under the orders of Government 19th May 1835 have been considered as confirmed in that appointment. The order of Government quoted refer to Shasildars only and to no other class of Servants. It was undoubtedly

Fort St. George 25th August 1845

undoubtedly irregular and objectionable that Shashagherry Row should so long have been continued acting in the appointment alluded to but this circumstance has no direct bearing upon the present question Had he been formally confirmed it would still have been competent and indeed incumbent upon the Collector to have removed him from his office if found unequal to its duties—

6. The second point on which some remark may appear called for, is the statement in Para 15 of the Memorial that the party nominated in the room of Shashagherry Row had on a previous occasion been discharged from the public service in the same District for "gross neglect of duty" This also is not material to the case of the Memorialist the question for consideration being his own fitness or unfitness for his late office and not that of any other party— It may however be proper to remark that as will be seen from Mr Prendergasts letter of 5th June 1844 it is doubtful whether neglect attributed to Sinneraruze took place in the department of English record keeper under his

Management

Fort St. George 25th August 1845

Management that his dismissal upon that occasion was not considered by a succeeding Collector to be a bar to his reemployment in the same District and in a very responsible situation and that it was the manner in which he conducted himself in that appointment which attracted the attention of Mr Prendergast and induced that Gentleman to select him for Deputy Sheristadar—

1. The Most Noble the Governor in Council grants authority for writing off in the accounts of the Ganjam District the value of 558 Rolls of Stamp paper reported to be missing Viz Rupees 558 4 11 Five hundred and fifty eight annas four and pice Eleven—

2. His Lordship in Council considers it highly censurable that this deficiency which has existed for 20 years should only now be brought to notice—Had the Stamp accounts of each Collectorate been subject, as they ought to be, to an annual and strict scrutiny in the Superintendent's Office, this deficiency would not have remained so long undetected, and His Lordship in Council is of opinion that the Superintendent should now be required to state if arrangements have been made in his Office

Fort St George 25th August 1845

Office which will enable him in future to check similar deficiencies as soon as they occur—

3. His Lordship in Council observes that the deficiency now reported although known to the Superintendent in March 1843, was brought to the notice of Government only in June 1845—

To the Chief Sect.y to Government.

Submitting a correspondence with the Collector of Nellore relative to the outstanding balances in that District from Fasly 1240 to the close of Fasly 1252 Amounting to Pagodas 10,41,330-2-8, and requesting sanction for writing off this Sum together with Rupees 2,33,84 outstanding on account of years anterior to Fasly 1240.—

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the correspondence noted in the Margin relative to the outstanding balances in the District of Nellore from Fasly 1240 A.D. 1830/31 to the close of Fasly 1252 A.D. 1842/43. The first part of the correspondence refers more particularly to the System of accounts which obtained in the Nellore Cutcherry exhibiting certain irregularities, and a want of correspondence between the District Accounts and the Demand Collection and Balance Statements forwarded to the Board.— These having been rectified it is not necessary that the Board should enter further upon the subject in this place. The latter portion of the correspondence submitted, as well as Mr. Stonhouse's letter dated 8th October 1843 refer immediately to the outstanding balances.

2. A discrepancy having been observed between the amount recommended to be written off by Mr Stonhouse in his letter dated 8th October 1843, and that recommended by Mr Bishop in his letter dated 13th May 1845, Mr Bishop was called upon to submit the necessary explanation or elucidation thereof. This was furnished in the letter dated 29th July 1845 and it will be seen that the discrepancy arose in part from certain collections having been made subsequently to the transmission of Mr Stonhouse's letter abovementioned, and partly from adjustment of heads of Account.

5. The Balances of Land Revenue accrued under various circumstances as land left uncultivated from adversity of season or neglect, lands the crops on which not having perished entirely, were excluded from the benefits of Remission, cases in which, according to the principles of the Settlement, the assessment is imposed upon the Ryot, while its realization is hardly practicable with other similar items as well as cases of actual poverty, some having "thrown up their cultivation from inability to carry it on." The Collections were pressed at the time as far as practicable without trenching permanently on the resources of the Ryots, and at this distant period, with the difficulties occasioned by fall of prices superadded, the realization of any portion of the amount entered as irrecoverable is hopeless.

From Pd Coll.r 1st Oct.r 1843 Para 17. Coll.r 15th May 1845 Para 28.

6. Similar remarks apply to the Statecurrents Wottatawar and Chittatawar Resumes which are in many cases due by indigent Ryots who are unable to discharge their Jyen Balances. The payment of these Poligar Resumes now that the ancient Circar Cavelly system under which parties who were robbed received indemnification has been abolished, presses heavily on the Ryots and the propriety of continuing the demand appears questionable unless it can be shown that

Note- These Resumes are entirely due by Ryots- their Collections are carried to the Head of Rishwah and if there the whole Rishwah is not realized the Manigar is answerable for a balance of Rishwah whereas in reality the amount Balance is a Balance of Resumes to be recovered from the Ryots- It is necessary to bear this in mind in considering the Statement furnished by the Collector.

Fort St. George, 25th August, 1845.

that the land assessment was fixed at a low standard in consideration of the Demand existing under this head. The attention of the Collector of Salem will be specially called to the remarks of his Predecessors on the subject of these Resumes, and a report required on the propriety of the retention in future or otherwise of the demand under this head.

7. The irrecoverable amount of Land Revenue included Bodigahs and Condregahs, Mannums and Metta Enams, "some of the parties are dead, some have left the Country, others are in a State of destitution." Those are recommended to be struck off, but the Board are of opinion as suggested by the Principal Collector that the several grants should be resumed in all cases in which the incumbents have left the Country or have died, and that as regards those who remain it should be intimated to them that on their failing henceforth to be punctual in discharge of the Circar demands their lands will be at once permanently resumed.

8. The Balance outstanding on account of Motupha includes arrears anterior to Fasly 1218 due by the Merchants at Cottapatam which Mr Stonhouse is of opinion, should be written off, also arrears due by certain Ryots as the Butchers

of

Fort St. George 25th August 1845.

of Oogole and others enumerated in Para 21 of his letter which are considered irrecoverable together with Balances from Fusly 1249 A.D. 1839/40 to Fusly 1252 A.D. 1842/43 "due by Parties who have absconded or have "died, and by those whose poverty and adverse "circumstances have rendered so poor that the "demand against them cannot be realized." The Merchants at Cottaipatam were required to pay Motunpha under the orders of Government dated 11th February 1842. The amount due from Fusly 1249 A.D. 1839/40 to Fusly 1257 A.D. 1847/48 is entered as doubtful but if Mr. Bishop is of opinion that the demand for these arrears should not be enforced, the Board will be prepared to recommend that they should be written off, as is now done as regards that portion of the Balance under this head embraced in Mr. Stonhouse's report. Similar remarks apply to the doubtful balances due by the Putchaw of Oogole and others, enumerated in Para 22 of Mr. Bishop's letter. The retention of this demand appears questionable. this point will be disposed of at an early period, when the general question of Motunpha comes under consideration.

In Cons. 21st Feby 1842.

9. The Succany Balances are partly due on account of Fusly 1242 A.D. 1832/33 which turned out a year of Famine, and by Ryots deceased or absconded

Fort St. George 25th August 1845.

absconded or by such as are totally unable to discharge the demand.

10. In addition to the Balances indicated in the foregoing Paras there is a Land Revenue Balance outstanding on account of years anterior to Fusly 1240 1830/31 amounting to Rupees 2,235—0—4 being a Assessment on certain Mucta Lands in the Village of Alloor in the Salamunchy Taluk found upon measurement to be in excess. The realization of this sum was considered doubtful on a former occasion when the Balances were reported upon, and Mr. Stonhouse observes regarding it in his letter now submitted "there have been no means of since "recovering any portion of it, and it may "therefore be deemed irrecoverable". This being added to Rupees 1,94,326—2—3 which sum appears to be altogether irrecoverable forms an aggregate of irrecoverable Balances amounting to Rupees 1,96,561—2—7. The Board beg to solicit the sanction of Government for writing off this sum.

11 The Balances on Chatrums are

Fort St. George 25th August 1845

are not exhibited in the present re=
=port as these will be included in the
General report on Shrotriums which
Mr. Bishop states is under

12. The Board will call

amounts entered as Recoverable and

that these arrears, particularly the
portion of older date, will be found
to be irrecoverable. The enquiry
into these Balances as well those

Proceedings thereon Para 1.

Stating with reference to a letter from the Coll. of South Arcot affording additional explanation regarding the rent of the Collymalay Jaghire That the Board see no reason to doubt that the offers obtained by the Hd. Sheristadar were the best that could be procured & that the amount to be realized under the arrangement is greater than would have been secured by retaining the Jaghire under Amanies—

In their Proceedings of 16th June 1845 the Board requested the Collector to forward to them the Amashum account or rough estimate of the probable quantity of produce of the waraput land in the Villages of the Collymalay Jaghire for the current Fusly 1254 prepared by the Village Servants &c and others at his requisition, and at the same time to furnish them with the accounts exhibiting the average extent of cultivation produce price and bariz of former years of those Villages which they presumed had been drawn up in his office with a view to supply the data for settling the rents of that Jaghire recently concluded Mr. Davis has now forwarded the original amshum accounts tested by the Tahsildar and has also supplied two Statements (Nos. 5 and 6) intended to exhibit the data above referred to, and to the these last, are

in

in some measure defective the Board have been enabled from these and from the accounts previously furnished to derive such inform=ation as will suffice for the disposal of the question.-

2. The amashum it will be seen from reference to Statement No.5 accompanying Mr.a Davis's letter of 7th.a July c.a gave as the circar share of the Nunjah Produce 48,303 Cullums which at 5 Cullums per Pagoda would be equal to Rupees 33,814 at 5½ Cullums per Pagoda to Rupees c 30735 and if to these several sums be added Rupees 3379 - 2 - 7 being the hariz of Poonjah land - the total amount will in the first case be Rupees 37,193 - and in the second Rupees 34,114 - exceeding the average of the rents recently settled by Rupees 6,681 and Rupees 3,602 respectively - The Villages therefore according to these accounts would seem to have been leased at a rent below that of the value of the Government share of the produce, and of the Poonjah kist as determined by actual examination.-

a These are the rates given in Statement No.5 of Collector's letter of 22.d April 1845 and State=ment No.5 of the Cons.: 15th.a May 1845 July 7-1845 - 5 Cullums per Pagoda is the Harvest rate for the whole District why 5½ has also been taken is not very clear.

3. In respect to this objection the Collector has stated that both the estimate of produce as above given and the price at which it was converted were much too high and that the Ryots therefore refused to rent upon such terms - The amashum or Estimate of produce being an account prepared in the first instance by the village Officers among them=selves the Board find it difficult to consider that this return would err on the side of over valuation. The Collector has stated that the fact of the produce having been over=-cu rated is clearly shewn by the actual produce of former years but it should be remembered that the fraud c.a practiced in warum villages when kept under cumanie render the accounts of produce of former years to which the Collector has alluded worthy of little credit - This indeed is fully admitted by Mr.a Davis in Para.a 5 of his letter of 22.d April 1845. That the commutation price assumed whether approaching to the actual c.a price at the time the amashum was made or not, was not one in which the Ryots c.a would be likely to acquiesce seems however very probable. The rates taken are 5 and 5 ½ Cullums per Pagoda - whereas from the account given in the Margin of Statement-

In Cons.: 16th.a May 1845

No.8

Fort St. George 25th August 1845.-

No. 8 it appears that the price of Grain for the four years 1250-53 preceding that (Fusly 1254) in which the rent was given, being the price by which of course and not by the mere prices of the day the Ryots would regulate their offers for a 3 years lease, did not exceed 7 cullums per Pagoda. The abstract entered in the Margin will shew, that if the Circar share of the produce, as calculated by the Amashum be converted into money at this last named rate, the amount together with the Poonjah Bariz will be considerably below the average of the Triennial leases lately concluded.-

4 The same principle will hold as regards those Villages quoted in the margin in which the difference between the apparent value of produce, as ascertained by the amashum and converted at the rate of 6 or 5 1/2 Cullums to the Pagoda and the rents ultimately given, is the most striking. In these 5 Villages granting the produce to be equal to that shewn in the amashum if it be converted at the average rate of 7 Cullums per Pagoda the result in each case will nearly equal the rents which have now been obtained for the several Villages.-

also exceeds the Bariz of every year save two /1248 and 1249/ for the last 23 years or from Fusly 1231 to 1253.- Looking therefore to all these considerations the Board see no reason to doubt that the offers obtained by the Head Sheristadar and recommended by the Collector were the best that could be procured and that the amount to be realized under the arrangement is greater than would have been secured by retaining the Jaghire under aumanie.-

6. In the concluding Paras of his letter under consideration, the Collector remarks "that these Petitions which not only impugn his conduct but are couched in exceedingly disrespectful language towards him bear internal evidence of having been written by parties in his own Cutcherry, and the Board regret to state that there can be no doubt that such must have been the case. To bring such productions home to their authors by full and conclusive evidence is usually very difficult but should Mr. David succeed in doing so the Board will be prepared to support him in any measures which he may wish to adopt for their punishment.-

Ordered that the following Endorsement be passed upon Petitions Nos. 17. 201. 437. 435 & 590 of 1845.-

"The Board of Revenue being satisfied with the explanation given by the Collector of South Arcot respecting the terms on which the Villages in the Collymalay Jaghire have been rented reject this Petition as unworthy of further notice."

from the 24th Decr 1838

It appears from the records of the Board's Office that the amount subscribed to the Native Pension Fund by the late Seeven Row Peishcar whilst in their Office was repaid to Canoboyee, who claimed the same as Widow of the deceased. The Collector will observe from the accompanying copy of the receipt granted by Canoboyee that the fact of her being the Widow of the late Seevum Row was certified by three individuals, of whom two are employed in this Office and one of these last states that he saw her at Madras a week ago when she informed him of the fact of her having applied to the Collector of Tanjore for repayment of the amount subscribed by her late husband to the Native Pension Fund.

2. From the correspondence noted in the Margin it will be perceived that a Life Yemiah of 7 Fanams = by fanams per diem formerly granted by the Nabob Wallajah to one Hanzi Abdul Nabheena was enjoyed by

Fort St. George 25th August 1845

by his son the Petitioner from the assumption of the country till the year 1816, when conformably to a Decree issued by the Zillah Court of Trichinopoly, an allowance of 3 fanams out of this Yeomiah was assigned to one Syed Mostaphha son of Moosain Beebee the daughter of the original Grantee and Nephew of the Petitioner. On the demise of this individual in 1828 Asha Beebee his Widow addressed the Government soliciting the continuance in her name of the allowance enjoyed by her husband while Abdool Ghuffoor claimed its reversion as a part of this Yeomiah. On an examination of the relative claims of both parties Abdool Ghuffoor was allowed to draw the whole amount of 7 fanams as formerly subject to the condition of his making a suitable provision for the maintenance of Asha Beebee, who accordingly received an allowance of two fanams a day until her death in April 1842. On the demise of Asha Beebee half of her pension or 1 fanam was continued to her daughter Madar Beebee and the remaining moiety was allowed to revert to the Petitioner.

Item 36 in Con. 21st July 1845

Fort St. George 25th August 1845

3. The Petitioner now states that Madar Beebee has married, and that she has ceased to draw her allowance since, and he requests that it may be restored to him as it was originally a portion of his Yeomiah. Mr. Ouseley supports the Petitioner's application and solicits sanction for disbursing to him the arrears not drawn by Madar Beebee amounting to Rupees 24-8-- .

Under the above circumstances the Board beg to recommend that the Collector may be authorized to restore the portion of the Yeomiah in question to Abdul Ghuffoor and to pay to him the arrear now in deposit.

the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Canara requesting sanction for making an advance of Rupees 10,000 to Hirstimppah Chitty the Tobacco contractor of his District

2. From the letter under submission it will be seen that the contractor had engaged to supply 1,600 Candies by the end of April last at the rate of Pc. 64-12- per Candy; and that of this quantity he has delivered up to the 30th July Candies 846-16-12 3/4/0 leaving a balance of 553-3-15 1/4/0 to be brought down after the + pains. It appears that the failure of the Contractor to supply the full amount of Tobacco within the prescribed period is stated to be owing to one Badrapah Chitty a Sowcar of Mysore having bought up the greater quantity of that Article in the Market, and the advance now solicited is to enable the Contractor to procure Tobacco from that individual.

3. It will be seen that the Stock now in the Canara will be insufficient to meet the demands of the monopoly till the supply of the next year arrives. The contractor, Mr. Blair states, has already supplied Tobacco to the full amount of the first advance made to him he is also under the terms of his contract

entitled to receive 5500 Rupees of the 11,000 Pc. advance now applied for. Sir

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the Resolution of Government dated 24th of March last transmitting for the Board's report Copy of a Correspondence in the Military Department with the Brigadier Commanding St. Thomas's Mount and the Officer in charge of the Police at that Cantonment respecting the employment of Peons entertained at the expense of the Renters of Arrack and Toddy shops for purposes of Police and submitting a proposal that certain Villages should be brought altogether within the limits of the Cantonment which are now partially situated within the boundary of the area of 4 Miles from the Main guard and stating also that in consequence of the indefinite manner in which the limits of the Station are at present laid down, that it is desirable that the boundary should be more distinctly marked by means of Stones placed at certain points on the Confines.

Submitting with reference to the order of Government dated 24th March last a letter from the Collr of Madura reporting on certain points discussed in a Correspondence with the Brigadier Commanding St. Thomas's Mount and the Officer in charge of the Police at that Cantonment respecting the employment of Peons entertained at the expense of the Renters of arrack and Toddy Shops for purposes of Police the proposals of bringing within the Limits of the Cantonment certain Villages now partially situated within the area of 4 Miles from the Main Guard, and of defining the boundary of the station by placing Stones at certain points on the Confines with the Board remarks upon the several points referred to

2. In order to supply the information required by Government the Board called upon the Collector of Madras for any observations he might have to make on the points discussed

13th in Cons. 11th Augt. 1845

discussed in the above correspondence, and I am now instructed to submit that officers report for the information of Government with the following remarks of the Board.—

3. With respect to the first point adverted to in Captain Power's letter to Brigadier Fletcher, relative to the Custom which he states to have obtained of placing Peons over the Arrack and Toddy shops within the limits of the Mount at the expense of the Renters for Police purposes "being in conformity with the orders of Government and local regulations" and from the Correspondence which has already passed on this subject noted in the Margin that in the year 1831 it was deemed desirable by the Officer in Command of the Mount that an arrack Shop should be licensed at Sydapett as the most efficacious means of suppressing the illicit sale of that article, which was stated to be carried on in that Village to the detriment of good order and discipline among the European Soldiery, and as an additional means of checking any improper practices on the part of the renter it was at the same time proposed by Colonel Pearse that

To Government 20th June - - - - - "
From Government 1st in Cons. 4th July "

Enclosure A in Collector's letter 18th in Cons. 20th June 1831

that 2 Peons on a Monthly pay of Rupees 7 each, "to be hired and discharged according to their conduct by the Police officer under his orders, and to "receive their pay through the same officer, but to "be paid at the escpense of the renter, should be "kept up for the prevention of sales to Europeans, "their families and followers, of whom there was "a constant passage thro' Sydapett" on the recommendation of the Board Government were pleased to grant authority for Licensing a Shop for the sale of Arrack at Sydapett "upon the "same terms and under the same control as the "Shops which were already established at St. Thomas' "Mount" no specification yet should be remarked being made on the occasion by the Board or Government authorizing the employment of the two Peons at the expense of the renter in the manner and on the conditions proposed by Colonel Pearse It appears however from Mr. Hudleston's report that this modification was subsequently embodied in the rules framed by Mr. Smalley and furnished to the Commanding officer at the Mount "for the guidance of the Shop at Sydapett," an Extract from which is quoted by Captain Power in Para 3 of his letter to Brigadier Fletcher, and under the authority therein considered to have been conveyed it would seem that it has been

Customary

customary with his predecessors to make the rule general, and to require the renters of the liquor shops established in the Villages within the limits of the cantonment to employ Peons at their own expense for the purpose of giving information of any breach of the local regulations.

4. The Board entirely concur in the opinion expressed by Mr. Hudleston that the rule drawn out by Mr. Smalley and quoted by Captain Power must be considered as having special and exclusive reference to the Shop established at Sydapett under the sanction of Government above quoted, where local and peculiar circumstances rendered it expedient in the opinion of the then Commanding officer and the Collector of Madras: that this additional precaution should be practised with the view of preventing abuses and infringments of the rules to which its distance from the Mount and consequent removal from the supervision of the small Police Establishment attached to the Cantonment offered great facilities.

5. As regards the expediency of the measure the Board have already submitted their sentiments to Government in the correspondence noted in the Margin, when they took occasion to point out the objections which occurred to

From Collr. 5th Cont. 8th July 1844
To Govt. 6th July

them to exist to the extension of this system as proposed to be carried into effect by the Superintendent of Police at St. Thomas' Mount, both in a Police and Revenue point of view, and they see no ground for modifying the opinion then expressed, that the measure would be practically inoperative as an efficient check on irregularities committed by the Renters, and fiscally inexpedient as materially affecting the revenue derived from the Abkarry by depressing the rents to the extent of the charge incurred by the Renters for defraying the expense of this Establishment, and as regards the authority on which the measure rests has already been shewn not to be sanctioned by any orders of which either the Collector or the Board have cognizance.

6. The Board would now merely add in reference to this subject that within the limits of the Supreme Court it is not customary to require the Renters to maintain Peons at their arrack and Toddy Shops it being the duty of the Police Establishment by vigilance and activity to check and prevent any irregularities or infractions of the Regulations and they see no reason why similar measures should not be adopted within the Military limits of the Mount.

In his letter to Brigadier Fletcher Captain Power submits a proposition that the Military Control of the Commanding Officer at the Mount should be extended over certain Villages represented as either partially situated within the limits of the Cantonment, or else considered to be within those limits are omitted in the Skeleton Plan furnished from the office of the Quarter Master General of the Army, and adverting to the inconvenience experienced for the indefinite way in which the boundary of his jurisdiction as at present laid down he suggests the expediency of boundary stones being placed at certain points on the Circumference of the Cantonment.

8.

In remarking on these observations Mr Hudleston has noted in his report the respective positions of the 19 Villages enumerated by the Superintendent of Police as given in the recent Survey Plan of 1843 from which it appears that the majority are situated within the distance of 4 Miles from the Main Guard of the remainder, 7 are beyond that distance, the rest being either not inserted in the Plan or were deserted sites of Villages, and he further states that six of the above Villages yield an Abkarry Revenue amounting

in the aggregate to Rupees 3042-9-6 of this sum Rupees 1140-15-5 is raised

Poolpar	1315-3-11	from the sale of Toddy alone
Monaarumbadoo	66-3-"	in the three Villages named
Neelacotta	60-8-6	in the Margin which are
	1140-15-5	

shewn to be within the Military limits defined by the G.O.G. 1st June 1832 under Clause XLIII of Regulation VII. 1832, and by the subsequent order of Government in the Extract Minutes of Consultation of date the 23d July 1844 when it was resolved that the original limits of the Cantonment should be maintained, and not extended to 5 Miles instead of 4 Miles as previously proposed.—

	1601-10-1	the revenue amounts to Rupees

1601-10-1. but these it will be observed are stated by the Collector to be actually the to no great distance beyond the line fixed for the Cantonment in the orders above quoted

It appears to the Board

10.

that as a matter of Revenue it would not be of much importance if the licenses granted by the Collector in the whole of the five Villages at named were withdrawn at the close of the

Current

Fort St. George 25th August 1845

Current Susly as the mere amount of Revenue from this source would now seem to have been a desideratum within the immediate neighbourhood of Military Stations but nevertheless adverting to the limited extent of the licensed sales compared with the amount of population in the above and adjacent Villages, as well as their relative distances from the Cantonment lines, especially of those which are situated beyond the boundary, it would appear questionable whether the discipline and well being of the Europeans could in any degree be affected by them.

Between 1845 Miles

11. The Board are disposed to attribute the evils pointed out by Captain Power in great measure to the importation of Arrack, upon which no duty has been paid from the distilleries in the adjoining Villages in the District of Chingleput, where it is manufactured at a very low rate and consequently great temptations are held out to run it clandestinely within the Military limits and the acknowledged inadequacy of the Police Force at the Mount to repress irregularities within the present limits would seem to afford facilities for illicit trade to the prejudice of the troops and ul-

vigilance on the part of the Police authority could entirely repress when not aided by equal activity and vigour on the part of the preventive force at the Mount.

From Govt 22d July 12.
in Cons 31st July
From the Coll 26 Sept
in Cons 2d Oct
To Govt 25 October
1843.

On the occasion of their submitting to Government the Correspondence noted in the Margin, having reference to a proposition similar to that now suggested by Captain Power, the Board observe that they did not consider that any advantage would be gained by extending the existing limits of the Mount as to include certain Villages situated outside the boundary, and I am now instructed to state that they see no grounds for modifying in regard to the present reference the opinion they then expressed, and especially since it has been so recently decided by Government on mature consideration to maintain the former area of the Cantonment.

13. With respect to the proposal to define by means of stones the Military limits, the Board would beg to advert to their letter to Government quoted above to which they remarked that it appeared to them that ample means existed for verifying the limits of the Military Control by means of the late survey plans and that at the few points where it could be necessary

necessary that they should be accurately defined, that landmarks would not be found wanting they would however again repeat that they see no objection to the execution of the proposed measure.

Paras 9 & 10

14. The further subjects noticed by Captain Power have already been fully discussed in the correspondence quoted by Mr. Huddleston, and would not appear to call for any lengthened remarks on the present occasion.

To Government 1st March 1841

15. With regard to the rule under which Arrack and Toddy are sold, it was remarked by the Board that the strictest communications between the Collectors office, and the authorities at the Mount was contemplated and that with a proper mutual understanding existing on the part of these departments the evils adverted to, would be found duly provided against: adverting also to the proposed alterations in the system of renting the Arrack at the Mount discussed in para 10 of Captain Power's letter it would be sufficient to refer to the orders

5th in Cons. 18th July 1845

conveyed in the Extract from the Minutes of Consultation noted in the margin when Government decided that at present the change should be made in the existing system.—

16. The further remarks contained in the correspondence which accompanied the

the resolution of Government referred to at the head of this report do not seem to call for any lengthened comment. The Board in conclusion however would observe with reference to the proposition contained in para III of Brigadier Hotchen's letter Viz. "that a Code of Regulations should be published for the guidance of the several authorities both Civil and Military within this District, to prevent misconception connected with their respective duties," that such an arrangement would appear to them as regards the Collectorate department perfectly unnecessary, for they conceive that by due adherence to the rules and regulations already in force no difficulties need arise or any misconception as to the duties respectively devolving upon the Authorities in question, and such it will be observed is the opinion conveyed in the concluding para of the Collector's letter.—

Sir,

Circular.—

Referring to your report of the subject of the Small Farms of your District, I am directed by the Board of Revenue to request that you will inform them whether there are any other petty taxes of any kind levied in your District which do not falling under the Head of Small Farms or Licenses are yet vexatious and objectionable and may therefore with propriety be abolished.—

In illustration of their meaning the Board would mention that it has come to their knowledge that in Ranipet near Arcot a tax is levied every day on all persons keeping a Shop under the Pundall another also collected daily is levied upon persons sitting down in the Street with a basket of Chillies, Vegetables, &c. for sale. These however are not noticed by the Acting Collector in his report apparently because they are not entered in the accounts as Petty Farms. Should any such taxes prevail in your District I have to request that their nature and the average revenue realized from them for the last 5 years may be stated under what Head they may be carried to account.—

Should any of these items fall under the

58 To the Collr. of Malabar.— } Requesting him to state whether any material inconvenience will be felt by refusing to receive foreign Currency at the Provincial Treasuries in payment of Revenue.

To, The Collector of Malabar.—

Sir, The Board of Revenue having lately been called upon by Government for their opinion on the practicability of refusing to receive Foreign Currency at the Provincial Treasuries in payment of revenue, I am directed by the Board to request that you will inform them whether in your judgment such a measure could properly be carried out in your District, or whether it would be likely to be attended with material inconvenience and to be productive of prejudicial effects.—

2. I have further to request that in illustration of the subject, you will furnish the Board with a Statement shewing the Amount of Foreign Coins received into your Treasury annually for the last 5 years. You will be pleased to specify the principal description of such Foreign Coin, the parties by whom, from whence, and the purposes for which it is usually brought as well as the Amount of such Currency which as far as you may be able to ascertain is in Circulation in your District. The Board further wish to be informed whether it has been the practice for some years past to re-issue these Coins from your Treasury, and if not to what extent their circulation in the District would appear to have been affected by their not having been re-issued. You will also be pleased to afford similar information and Statements regarding all other uncurrent Coins which may not be Foreign.—

In reply to this requisition it will not be necessary to advert particularly to the Venetian Gold and Silver Fanam as full information regarding these Coins has already been given in your letter of 24th June 1845. the amount of these received in the last 5 years should however be exhibited in the Statement of uncurrent Coin.

The Board trust that you will be able to favor them with a reply to this letter within a Week after its receipt at farthest. but they hope at an earlier date.

To J. F. Thomas Esqre &c. &c. &c.

Chief Secretary to Government.

Fort St. George

Sir,

I most humbly beg leave herewith to enclose a Memorial, which under the peculiar circumstances of my present distress with a large family, I beg you will be kindly pleased to submit for the favorable consideration of the Most Noble the Governor.

The enclosed paper will bear me out as to the disposal of the Funds of the Government Lottery.

Madras 21st July 1845

(Signed) J. N. Heefke.

No. 1.

To, The Most Noble George Marquis of Tweeddale Governor in Council &c. &c. &c.

The Memorial of J. N. Heefke.

That your Memorialist is the only son of the late Mr. J. L. Heefke a native of Amsterdam who arrived in Madras in 1789, and settled at Madras under the protection of the British Government.

That your Memorialist to Father

held

held the situation of Dutch Translator to Government for many years, until his death which occurred at Madras in the year 1833.-

That your memorialists Father (at the suggestion of Thomas Cockburn Esqre. then a Member of the Board of Revenue and at present in England) was the original projector of the Government Lottery, then undertaken solely for charitable and benevolent purposes, the formation of good roads, and the erection of Bridges &c. then considered a desideratum in Madras, that this source of Revenue had been projected by him, at a time the Exchequer could not admit of these benevolent purposes from the continued, and harassing warfare of those days.-

That your memorialists Father was the projector, Contractor, and Executor, of the first "Navigable Canal" at this Presidency now called "Cochrane's Canal" but then "Lord Clive's Canal" the opening of which has proved of great benefit to the Public by affording an easy means of conveyance for their inland trade, and has ultimately added to the Revenues of the State. That your memorialists Fathers finances was inadequate for its great undertaking, and the Honorable Basil Cochrane advanced the required sum and stood

stood security for the fulfilment of the contract becoming entitled to 3/4 share of the profits that on the departure of that Gentleman to England my Father disposed of the remaining 1/4 share to him condetionally, that the Office of Superintendent was to devolve on my Father and his heirs, for which a Commission of 10 per Cent on the Gross profits was to be received, In short that this Office was to descend into the family as a provision. Unfortunately these preliminaries had been agreed upon verbally as written engagements were considered unnecessary from the extensive dealings, and mutual trust then existing between them. This engagement was fulfilled during the life time of your memorialists Father. The Agents of the Honble Basil Cochrane would not acknowledge your Memorialist for the want of a written agreement. No sooner Government purchased the unexpired lease of the contract, your memorialist addressed the Board of Revenue and received the endorsement of that Board and the Collector of Madras as annexed in the Margin. Somehow or other till this moment your memorialist is unprovided with a situation the Canal executed by his Father expressly for the support of his Family.-

1. Petitioner is referred to the Collector of Madras. By order of the Bd of Revenue (sgd) A.D. Anstruther 27th Sept.

It being at present uncertain whether Govt will take under itself the management of Cochrane's Canal before the expiration of the existing lease, the Collector is of opinion that it would be premature to enquire into the fitness of Candidates for employment, & especially on a Contingency.- (sgd) J. Robertson Collr

Your memorialist is arrived to the

the advanced age of 69 and encumbered with a large grown up family, and as it is necessary for him to struggle for their support. He most humbly prays that his Case may be taken into favorable Consideration and may be employed at the Canal as an Assistant, and to the Office of Superintendent whenever it may become vacant and your memorialist flatters himself from his intimate knowledge of its duties, having assisted his Father in that duty several years, he will be enabled to afford satisfaction, and to state that no efforts shall be wanting in his part to acknowledge his grateful thanks and

Your Memorialist as in duty bound shall ever Pray.

with the results of the year under notice.

4th. Although the burdens on the people have been considerably lightened by the abolition of the Shellahunty tax (a tax authorized by the Nabob to be "levied by the renters of Sayer from the "holders of lands pronounced, without any "cause assigned, to be lowly assessed") by the re-duction of the tax on Enams from Rupees 96000 Enamity the Amount at which it was Fasly 1248 Rs. 96,000 fixed in the last year of the " 1249 " 56,000 Nabobs' rule to Rupees " 1250 " 28,620 27,419 and by the discontinuance " 1251 " 17,419 of the Pollygar tax, the demand is still considered by the Commis-sioner Mr. W. H. Bayley to be excessive. The pressure of the demand is assigned as the main cause of the heavy amount of unrealized balances although this is also attribu-ted to the negligence of the Native district and Village Officers and the difficulty of determining on the propriety of remissions.

The high rate of land tax will we trust be rectified on the completion of the Survey and assessment now in progress. The inefficiency of the Native establishment apparently

apparently arises in great measure from their having been Servants of the late Nawab and accustomed to loose and irregular habits of transacting busines which must be corrected by vigilant Super-intendence on the part of their European Superiors; and the difficulties now experi-enced in the grant of remissions will give way on the general introduction of a more strict and regular System of revenue administration.

5th. The valuable report of the Commissioner Mr. W. H. Bayley furnishes strong evidence of the interest which he has taken in the Country entrusted to his charge and we fully concur in the remark recorded by your Governm[ent] that "very rapid advancement has been "made in introducing order and good "Government into this, so lately, unsettled "tract of Country."

2. Sale of the Chairmahl Zemindary in Mar-sulipatam and its purchase on account of Go-vernment reported.

11th. The sale of this Estate h[as] was rendered necessary for the protection of the property from the effects of the dis-putes which had arisen among the the members of the family. If the Arrears remaining [illegible] will be [illegible] to

We observe that the Board of Revenue have promised a further report on this subject. If that report should not have been received, we desire that it may be immediately called for.—

23-24. Management of the Extra Revenues of South Arcot for Fusly 1251.

25. The decrease in these revenues was occasioned entirely by the augmentation of charge for the manufacture of Salt from Rupees 28,557 in Fusly 1250 to Rupees 75,443 in Fusly 1251. In all the other branches of Extra revenue with the exception of a slight falling off in the Sea Customs there was a Net increase of receipt.

26. We regret to learn that although the cultivation of the Mauritius cane is advancing there is little prospect of any increase in the Manufacture of Sugar, the Pycto declaring that notwithstanding that the profits are considerable the Manufacture requires greater labor and the produce meets with a less ready market than Jaggery.

26. Measures adopted for cultivation of the Nutmeg and the introduction of the Olive into Salem reported and a report on the condition of the Spice Gardens in Tinnevelly forwarded.

27. The report on the condition of the Tinnevelly Spice Gardens is very satisfactory and it appears likely that there will be found Extremes suited to supplying other parts of the Country with plants of valuable sorts for experimental Cultivation.

Extract from the Minutes of Consultation Under date the 19th July 1845.

The Most Noble the Governor in Council proceeds to pass orders on the letter in this Department from the Honorable Court of Directors dated 16th April 1845 No. 5.

1. A Copy of this Despatch will be furnished to the Board of Revenue for their information, with instructions to communicate to the local Officers the commendations bestowed on them by the Honorable Court.

2. The Government have at present under their consideration a further report on the affairs of the Vizianagrum Zemindary in the disposal of which the observations of the Honorable Court in paras 3 and 5 will be had in view.

3. The Board will report specially on the Sayer duties of the Jeypoor Zemindary adverted to in para 6 for communication to the Honorable Court.

No. 5 of 1845.

this Department dated the 2d July (No. 25) and 3d July (No. 26) 1844.

Letter dated 2d July (No. 25) 1844.

Para 1. Proceedings connected with Revenue Settlements reported in continuation of letter dated 3d June (No. 22) 1844.

2. Noted.

2 & 3. Affairs of the Vizianagram Zemindary in Vizagapatam.

3. The Settlement of the Revenues of this Zemindary for Fusly 1251, amounted to Rupees 935746 exceeding that of the preceding Fusly by Rupees 192676. We observe that after defraying the usual charges of Collection, the Zemindar's allowance and the permanent Peshcush, there remained a surplus sufficient to discharge the arrears of Peshcush and of Zemindar's allowance, and two instalments of the bonded debt due to Narrain Row (by which the amount still outstanding has been reduced to Rupees 180,000) and to remit a sum of Rupees 20,000 for the Rajah's use at Benares.

We regret to find that while under the Estate

Board of [illegible]

gradually becoming clear of its embarrassments, the Zemindar should have been incurring liabilities at Benares, amounting at the end of February 1844. to the Sum of Rupees 939395. which was rapidly increasing by the addition of interest at the rate of 12 per Cent per annum. It was represented that these debts might be compromised by the judicious disbursement of Rupees 150,000 and by the sale of a portion of the jewels already pledged, and that there would be no difficulty in effecting a loan of this amount on the Security of the Estate at a moderate rate of Interest. Under these circumstances we approve of your having authorized the Agent in Vizagapatam to make the needful arrangements for this purpose.

5. We observe that in pursuance of the instructions conveyed to you in para 12 of our despatch dated the 29th November (No. 21) 1843. you had resolved to make a further attempt to induce the Zemindar to allow his Son to return to Vizianagrum, and to undertake the management of the Estate under the advice and superintendence of the Agent. The Measures which you have recently sanctioned for relieving the Zemindar from his embarrassments will we trust afford

afford a favorable opportunity for pressing this very important object on his attention.-

9. The Sayer duties in the Seyapoor Zemindary in Vizaga= =patam authorized to be rented to the Ze= =mindar.-

6. We presume that under Act VI. of 1844 these duties have been abolished In that case care must be taken to see that the Subor= =dinates of the Zemindar do not continue to levy them on his account, as owing to the duties on Exports and Imports, to and from the Nagpore territory being still in operation, facilities will be given to their Collections which under other circumstances would not be the case.-

8 The season through= =out the district is stated to have been unusually favorable for the Crops, although in some respects adverse to the health of the inhabitants.- The cultivation was considerably extended and the net Settlement e= =(exclusive

(exclusive of the Jaghire of Bunganapilly) not only exceeded that of the previous year by Rupees 31,846, but exhibited an excess over the settlement of every preceding year except fusly 1232 since the expiration of the decennial lease.- This large amount was realized with facility, the Collections within the fusly amounting to Rupees 2,50,988. and subsequent collections to Rupees 87,978 leaving at the date of the Board's review only the comparatively insignificant balance of Rupees 3373 still outstanding.- We agree with you in considering these results to re= =flect credit on the management of Mr. Garbutt, the acting Principal Collector and of his Subordinate Mr. I. S. Cotton and Mr. Maynard.-

204. Settlement of the Land Revenue of Bellary for fusly 1251.-

10. The season is re= =presented as extremely favorable for all kinds of agricultural pro= =duce, but at the same time productive in an unusual degree of Cholera and fever.- Of the former disease it is stated.-

stated that 8,431 persons died, out of a total Number of 14,436 attacked by the Complaint-

11- The Revenue exceeded that of any year since Fusly 1229, and notwithstanding the depression in the price of grain, which was lower than at any time during the last 10 years, was realised with great punctuality, the balance at the close of the Fusly being only Rupees 28659 which was reduced by the end of the succeeding month to Rupees 6275 with the prospect of still further Reduction.-

12. We observe with satisfaction that you saw reason to commend the management of the Collector Mr. Mellor and the care and attention bestowed on their duties by his subordinates Messrs. Pelly and Fisher-

5. Grant of 50 acres of land on Enam tenure to certain Ryots of the Bellary District sanctioned-

13- As it appears that in the year 1825, a distinct promise was given by the Collector Mr. Robertson, that an Enam of this extent should be conferred on the claimants on condition of their restoring a ruined Village and bringing the lands into cultivation and it is now re-

of revenue of Rupees 855, has been secured to Government, we entirely approve of your having authorized the redemption of the pledge given by Mr. Robertson-

" 1251- "	2,12,1,180-

14. The season is stated to have been on the whole favorable and to have led to an increase of cultivation and consequent augmentation of revenue. The Collections within the Fusly amounted to Rupees 1,80,3,239. and at the close of the following February, there still remained a balance amounting to the large sum of Rupees 14,0,096- This is explained to have been the consequence of the unusually low price of grain which rendered the Ryots desirous of holding their stocks in the expectation of a rise in the Market and as it was anticipated that this would shortly occur. We trust that the balance was realised without difficulty-

15- The season was much less favorable than in the adjoining district of North arcot and there were a Scarcity still in operation

arising out of the disturbances of May 1841, which not only rendered the task of effecting a satisfactory Settlement more than usually difficult to the Collector, but had also a direct effect in keeping down the amount of the revenue. The tact and judgment displayed by Mr. Hallett in reconciling the differences which had been occasioned by the order which was issued for restoring to the previous occupants, lands, which, without their consent, had been placed in the possession of Durkhastdars, deserved the commendation which you bestowed on them, and we trust that these lands are now in the occupation of the parties who intend permanently to cultivate them.-

16. The Collections within the Fusly amounted to Rupees 1,87,388, but by subsequent realizations, the balance in the following March was reduced to the sum of Rupees 21,410.-

17. There are several important points connected with the Revenue Management of this District, among which is the proposed modification of the Assessment of the two Southern Talooks of Chillambrum and Manargoody, which are still under discussion, and we are glad to observe that you have called on the Board of Revenue to expedite their report on these subjects.-

/Here enter 10th July 1845 No. 408./

The Most Noble the Governor in Council observes on reference to the List of Yeomiahdars in the Nellore District dated 28th August 1804. adverted to in the Collector's letter of the 27th June 1845. that the Yeomiah enjoyed by Saufiz Syed Coolumtoollah and two others participating in the allowance, is there entered as a Grant "for Charity" to be continued "for life." While in the Statement submitted by the Board with their letter of the 28th November 1812. it is described as having been "granted for attending in the Mosque" and the allowance, payable to two individuals, is entered at S. Pagodas 5—40—15. per Measure, but in what proportion it is not stated. no reason is assigned by the Board in their letter under consideration, for the difference between that amount and the sum received by the deceased incumbent Viz. Rupees 16 per Month. Under these circumstances, His Lordship in Council desires that the Board will furnish explanation on the points above adverted to, and they will also obtain and submit to Government the deemed / cattle or translation / stated to have been granted by the Nabob Wallajah to the late Yeomiahdar and others.—

The Board of Revenue will also be pleased to report to Government whether the principle recommended by them in the 5th Para of their letter of the 28th November 1812 has been followed out.—

Extract from the Minutes of Consultation under date the 14th August 1845.

Read the following Extract

From the Proceedings of the Board of Revenue—

Relative to the Settlement of the Land Revenue in the District of Madura for Fasslies 1252 A.D. 1842/43 and 1253 1843/44. (Recorded 6th March 1846 No 193)

Para 1. From the former part of the Proceedings recorded above, it appears that the latter of the rains in Fasslies 1252 and 1253 proved unfavorable for Dry Cultivation, and that although they were sufficiently abundant afterwards for Wet Cultivation, yet their intermediate failure in November of Fasly 1253 materially affected the wet produce of that year—

Cultivation 2. The Cultivation of Dry lands in Fasly 1252 was below Fasly 1251 in Rupees 24,267, and fell still further in 1253 in Rupees 47,437— In the Cultivation of wet there was little difference between the two years Fasslies 1251 and 1252, but a decrease of Rupees 23,745 in 1253 below the years preceding it— The wet garden Cultivation was also reduced in Fasly 1252 and still lower in 1253—

Prices Paras 3 & 4. 3. No information is afforded respecting prices beyond the intimation that they were lower in Fasly 1253 than in Fasly 1252, and the Board have properly directed the attention of the

the local officers to this important inquiry—

Revenue Para 6. 4. The Net Ryotwar Settlement of Fasslies 1252 and 1253 amounted to Rupees 1078250—13—3. and Rupees 1009646—9—0 exhibiting a decrease of Rupees 20,700—0—7— on the former and Rupees 24,704—15—6 on the latter in comparison with the year preceding each. Inclusive of Peishcush on Zemindaries the total Government Demand on account of Land Revenue amounted in Fasly 1252 to Rupees 1799766—1—3. and in 1253 to Rupees 1769301—11—2. presenting in contrast with Fasly 1251 a progressive falling off as shewn underneath—

Collection and Balance. 5. Of the demand for Fasly 1252 Rupees 1719483—1—11 were collected by the end of July 1843 leaving a balance of Rupees 80,282—15—4. which was reduced at the date of the report to Rupees 13,537—11—11 and since very considerably lessened, there being only Rupees 1038—13—1 besides a balance of Rupees 2,082—11—6 due by the Ryots of the Pulany Hills— Of the demand for 1253 Rupees 1688082—3—1 were realized within the Fasly leaving a balance of Rupees 81,219—8—1 which was reduced by December 1846 to Rupees 7,182—6—10—

nated "Dittum tirse" and "Patapute tirse", and with
reference to the latter is of opinion with them, that
the system of encouraging Ryots to offer for lands
in each other's possessions, is open to objection.

Para 11. 12. His Lordship in Council desires to have
the explanations of the Principal Collector to the
observations recorded by the Board of Revenue
before commenting upon the principle on which
remissions have been allowed in the District on
the years under review. Mr. Blackburne will also
Para 10. explain why he disregarded the rules pointed out for
his guidance on this respect, as well as the orders issued
for

for the imposition of an additional tax on Single Crop Wet lands occupied by Sugar Cane plantations.

Para 13. 13. On the subject of the "Town Kummy" remissions allowed by Mr Peter and now ordered by the Board to be no longer permitted, and the Balance due on these lands the Government wish to have a report from Mr Blackburne.

Para 14 to 23. 14. Paragraphs 16 to 23 of the Board's Proceedings are taken up in a discussion respecting the revenue of the Palany Hills, which were transferred from the renting to the Amany System. The revenue of these Hills under the renting system was little short of 3,400 Rupees per Annum, while under the altered mode of management out of a Demand of Rupees 6,553—13—7 for Fusly 1252 Rupees 3,471—2—1. were realized, and in Fusly 1253 out of a Settlement amounting to Rupees 5,877—4—4. only Rupees 370—15—4. more collected.

15. The above change it appears was effected by Mr Elliot, the Sub Collector, "by measuring the land "under Cultivation and assessing upon it at so much "per Goondah the amount of the taxes payable un- "der the old system"; and it is therefore not a matter of surprise that the plan has signally failed.

16. The Government cannot concede their approval of the conduct either of the Principal Collector or Sub Collector in this matter. It was the duty of the Principal Collector before

before authorizing the change to have submitted the subject in detail for the sanction of the Board of Revenue and if the Sub Collector was in charge of the District when the change was about to be effected he ought to have done the same or waited until Mr Blackburne had resumed his office. An ill judged and hasty arrangement such as has taken place in Madura is attended with worse effect than the mere loss of revenue, as it tends to unsettle the minds of the people by interfering with rights and privileges which long habit have endeared to them and renders it more difficult by the successful opposition, such as has now been made to carry into operation any future change which the Government might wish to effect.

17. The Most Noble the Governor in Council coincides with the Board of Revenue that under existing circumstances it would be better to revert to the old system of taxing the Hills in the manner explained in the 19th para of their Proceedings under review.

disapprobation of the tone and spirit of Mr. Blackburne's communications to his Subordinates. The Public interests in a District must suffer from want of harmonious cooperation between its Revenue Officers, and his Lordship in Council expects that all apprehension on this account will no longer be allowed to exist in Madura.—

The remaining Paras of the Board's Proceedings relate to errors and omissions in the accounts and Statements connected with the Reports under review, respecting which the Government have no particular observations to make. 21. The remark of the Board in Para 30 "that it will often be practicable to prepare the Puttahs immediately after the signature of the Ryots to the Chittahs, so as to be ready for distribution the same day" requires some qualification as in the opinion of Government, such could only be done in the very smallest Villages while in all others it would seem impossible.—

22. It is a matter of regret to His Lordship in Council that the Board allowed nearly 16 Months to elapse after the receipt of the report on Fasly 1252 before reviewing it and when the Board were acquainted with defects in the administration of the District of so serious a character as that described in paras 11 and 17, where remissions not properly allowable, were admitted and where important, but unsanctioned changes in the management of the Palany Hills had taken place, it behoved them as the guardians of the Public Revenue to have issued their orders immediately for the correction of those defects.—

Referring to the explanation furnished in the foregoing letter and to the correspondence which has previously taken place on the subject, the Most Noble the Governor in Council authorizes the issue of a Permission Certificate in the usual form in the name of the Reverend W. Rowell D.C.L. for certain land situated at Bellary outside of the limits of the Cantonments

were sold for arrears of revenue, leaving only the Vinnacottah and Goodewadah Divisions in the possession of the Zemindar bearing an assessment of Rupees 92,729 that this assessment was considered high in comparison with that which according to the Subdivision accounts was fixed upon the separated Purgannahs and that for this and several other reasons which are set forth in detail, it was thought proper to reduce the Peishcush on the Vinnacottah and Goodewadah Purgannahs from Rupees 92,729 to Rupees 81,333 and to strike off the balance then outstanding which amounted to Rupees 155,663. It was hoped that these arrangements would prove effectual to extricate the Zemindar's family from the embarrassment in regard to pecuniary means under which they had so long laboured.

Proceedings 20th June 1831 Para 56

4. It remains only to endeavour to account for the non-realization of the expectations entertained in Fusly 1241, (1831/32) as to the Capabilities of the Estates to meet the demands thenceforward accruing against it.

5. I would here observe that in Para 39 of their Proceedings alluded to above, the Board remark that the accounts then before them seemed to shew "that the aggregate assessment of the Zemindary as regularly constituted was more than

"than the Country had ever yielded on "an average of years since the permanent "Settlement, even taking into account the "very high revenue of the Bitterzully Division subsequently to its separation "in Fusly 1223," (1813/14) and it will be seen that the amount of proposals taken as the basis on which to determine the reduced amount of Peishcush to be fixed on Vinnacottah and Goodewadah Purgannahs was Rupees 1,22,000, the ascertained amount for a series of years being but Rupees 1,06,504. the difference between these sums being the estimated (unknown) amount which might be supposed to accrue to the Zemindar from the System of Management then in operation.

wpwards of 66000 Rupees the Zemindar would either have had to resign charge of his Estate at a much earlier period or the balance due to Government at the date of resumption would have been much greater than it was. It will be observed from this statement that the aggregate amount of receipts credited to the Estate from Fusly 1241 (1831/32) to 1245 (1835/36) was Rupees 384,249-15-5 and the charges of management Vca Rupees 95,042-12-" leaving a surplus of Rupees 289207-3-5 the amount paid on account of Peishcush in the same period was Rupees 352781-2-6 the difference between this sum and the net surplus derived from the Estate being made up by advances from private creditors as above stated. Under these circumstances I think it may fairly be inferred that, had the Estate been allowed to remain in the Zemindars hands the arrears of Peishcush would have gone on accumulating to the same ecstent as they have done under the administration of the Officers of Government.

7 Statement N.1 which accompanies this report exhibits the amount of Settlement and Collections and the payments made on account of Government Peishcush for each of the 13 years which have elapsed since the last reduction of the Peishcush to Rupees 81,833 from this it will be seen that the average yearly

Settlement

Settlement for the period in question has amounted to Rupees 69,668-4-8- and that the average Collections and payments on account of Peishcush have been respectively Rupees 67,571-6-2- and Rupees 55,136-9-4, the former being below the Peishcush Demand by Rupees 13761-3-10 and the latter by no less than Rupees 26196-6-8-

8- In a report addressed to the Board under date the 26th June 1837 by the then Collector Mr. J.C. Wroughton, I find the following Estimate of the returns expected to be derived from these Estates from the then Current Fasly. in consequence of works of irrigation at that time in progress and which were completed in Fusly 1249- Viz:- 1839/40.

Fusly		Rupees
"	1247	95,000
"	1248	120,000
"	1249	140,000
"	1250	140,000
"	1251	185,000

9 Upon what data the above estimate was formed by Mr. Wroughton it is at this period impossible to conjecture, but I can only imagine that it must have been formed on the assumption that the entire portion of land dependant upon the sources of irrigation alluded to were to be brought into full cultivation. Be this as it may, it forms one of the many instances which have come under my observation

observation of the very sanguine expectations which have in times past been formed, of the Capabilities of the Estates in this District, and the exaggerate Estimates which have been laid before the Board in consequence. The actual out-turn of the Estates for the years in question having only amounted to the sums shewn below.

10 It appears to me that too much stress has been all along laid upon the immediate advantages to be expected from the works of irrigation, there can be no doubt that they have materially benefited many Villages situated in their immediate vicinity and that unless they had been carried to completion the Estate would by this time have been nearly ruined but the annexed Statement which exhibits the Settlement of the two Pergunahs for the 8 years immediately before and after the completion of the repairs will shew that owing to bad seasons and depression of prices the average annual Settlement in the latter period fell below that in the former by no less than 14,900 Rupees

11 It will be observed on inspection of the Memorandum annexed to the foregoing Para that in only 3 years out of the last 12 Viz. in Fusly 1244 (1834/35) 1248 (1838/39) and 1249 (1839/40) has the the gross Settlement been at all in excess of the Peishcush Demand, and in two out of these three years the excess has not amounted to more than 1,600 Rupees whereas the charges to be defrayed on account of the Zemindars subsistence and Sibbendy alone, have been Rs 9200 independently of the charges for cultivation and repairs. The payments therefore in these years on account of Peishcush must necessarily have been of small amount in proportion to the Demand.

12 Details of the resources of the two Purgunahs, Viz. the number of Ploughs and Ryots the extent of cultivation and the produce and quantity of Embaroum grain, together with the Demand Collection and Balance, and the payments on account of Peishcush are exhibited in Statements 2 to 5 herewith submitted and the under written Statement shews the average Net Collections and payments on account of Peishcush for several series of years and single years, as well as for the whole period from Fusly 1241 (1831/32) when the Estate was made over to the Zemindar

13 The highest average of Net and Collections shewn in the above Statement is from Fusly 1241 (1831/32) to Fusly 1245 (1835/36), when the Estate was under the Zemindar's management and the average payments on account of Peishcush during that period were also the highest, tho' still nearly 10,000 Rupees below the demand, and it has been already noticed that in order to make even these payments, the Zemindar was alleged to have recourse to loans from the Sowcars. In not one of the periods assumed have the gross Collections reached 70,000 Rupees which for the purpose

purpose of illustrating the measures which it would be necessary to take for the relief of the Zemindar shall assume as the gross assets of the Estate the average for the whole 13 years from fusly 1244 to 1253 1831/32 1842/43 being Rupees 69,668 4 8 14

The liabilities of the Zemindar to his private Creditors amount as shewn in the margin to Rupees 64698 12 11 and in this amount it is to be remembered the sum due to the principal Creditor P. Vencata chellum Naid is entered at Rs 45,000, being the reduced amount which he has agreed to take if paid by 6 annual instalments agreeably to the terms mentioned in my letter of the 17th May 1844, the gross amount of his demand principal and interest being Rupees 108208 8 4 15.

It is not to be expected that the other creditors would accede to longer period of payment than have been promised to the principal creditor. Thus the discharge of the whole of the private debts in 6 years would involve a payment of Rupees 10783 per annum to which being added the Sibbendy & Boatand expences

expences amounting according to the average of the last 13 years to Rupees 11294 0 0 the total disbursements to be made until the private debts are discharged would be Rupees 2207 0 0 This assuming the gross assets as above stated at Rupees 70,000 would leave Rupees 47923 0 0 to be appropriated to the liquidation of the Government Peishcush. It is very clear therefore that the Government are prepared to allow the Zemindar to resume charge of his Estate on payment for the first five years of a reduced Peishcush of 46,000 Rupees it would be quite in vain to expect that he should be able to retain possession of it at the expiration of the 6 years the Peishcush might be raised permanently to Rupees 60,000 but with a demand exceeding this amount I am satisfied that many few years would elapse before the Estate would again be found under the management of the Officers of Government.

From the Coll. of Masulipatam

Sir,

Para. With reference to your letter of the 4th Inst. I have the honor to inform you that the quantity of Salt entered in the Statement forwarded with my letter of the 17th March last was sold for consumption in the Destrict and in those of Rajahmundry Guntoor & Ongole under the Madras Presidency and comes under the Head of Home consumption. That Statement did not include sales for Inland consumption which terminate subject to Salt sold for exportation into the territories of the Nizam and those situated beyond the frontier of that state.

As called for in the 2d Para of the letter read under reply. I beg to forward a Statement shewing the Sales of Salt for Home & Inland Consumption under the above description from July 1230 to 1252 in the form furnished 1820 Fl. 1842-43.

Proceedings thereon Paid.

Relative to the Settlement of the Land Revenue in the District of Salem for July 1253 Fasly

The Board deem it unnecessary to enter into any lengthened consideration of the statistical information furnished in the opening paras of the Collector's Report, it being sufficient merely to observe that the increase apparent in the Population Number of Houses and Cattle of the District and the augmentation of the sources of irrigation are partially attributable to the additions received under these heads by the annexations of the Village of Bravendoor to the Salem Collectorate. It is satisfactory however to remark the increase of wells 47 of which 20 have been constructed under the operation of the Rookummanah by private Individuals at an expense of Rupees 2936 whilst 55 also newly constructed do not enjoy the advantages of the former, being constructed in opposition to the Rules.

Paras 8 @ 20. 7 The season of Fasly 1253 is described as having been less favorable than the preceding one which it is observed was itself not so good as that of Fasly 1251. Partial showers fell at different periods of the year but the supplies that had been received produced

produced no decidedly advantageous result either to the Poonjah or Nunjah cultivation owing partly to the smallness of the supplies themselves and partly to the untimely nature of them. The state of the season on the whole seems to have been more favorable to the wet cultivation than to the Dry it being apparent from the accounts that while the Poonjah lands have yielded but scanty produce an average return has been obtained from Nunjah cultivation—

3. To the failure in the season is partly attributed the contraction of the Poonjah cultivation which in the year under Report extends to 8527 - 28 - 14 bearing an Assessment of Rupees 9091 - 15 - 10 The falling off is observed to be general throughout the Talooks of the District with but one exception—

4. The actual results of the cultivation of the district for fusly 1253 exclusive of the Village of Oraveendoor compared with those of the preceding year are given in the Statement

From the above it will be seen that while the Poonjah cultivation of the year under review is below that of the previous fusly by Acres 8527 - 28 - 14 the extent of wet lands brought under cultivation in the former period exceeds that of the latter by acres 486 - 29 - 4 thus making the whole extent of land cultivated in fusly 1253 less than that cultivated in the antecedent year by acres 7340 - 39 - 10 and if the Village of Oraveendoor be taken into account by acres 6123 - 36 - 14 —

Para 20 6. The state of the Market in regard to the principal Articles of consumption has no doubt undergone within the last few years a very great depression. The extent of the decline in the selling prices of these Articles in 1253 in comparison with those of 1248 is exhibited in para 21 of the Collectors Report where it is shewn that the depreciation in value is nearly equal to 50 per Cent This however is by no means a fair estimate of the state of Prices, past and present fusles of 1252 and 1248 were seasons remarkable for high prices the real state of the market may be more correctly estimated by the subjoined Statement embracing years antecedent as well

Report concurred with the Board of Revenue

Proceedings of Board

Fort St. George 28th August 1815

8.

From the above Statement it will be perceived that the total demand of the year under consideration falls below that of the previous fusly by Rupees 3926 12 8 This however is exclusive of the Village of Oraiyoor which if taken into account will make the Settlement of fusly 1253 amount to 17,66,759 14 2, a sum still below the demand of the past year by Rupees 1940 7 2 The deficiency in the Settlement of the year under consideration is the result of a decrease of 1,68,700 5 4 in the Cultivation of Kunjah and Poonjah Lands and in the ready money demand of Rupees 1174 1 6 diminished by an increase of Rupees 1148 5 7 in the Head Revenue

1940 7 2

9.

In their Proceedings of the 23d March 1813 para 8 the Board have shewn the injurious working of the unrestrained grant of bowles, coupled with the absence of all check on the occupation of land and they again observe the same results in the Settlement under review. The Settlement of the Poonjah land not only exhibits a decrease of cultivation to the extent of Acres 8451 8 8 with the Bawey of Rupees 1795 7 10 as noticed by the Collector but in detail it is found

Fort St. George 28th August 1815

found as shown below that on the relinquishment and retaking of Poodoogul and waste lands the Ryots have been allowed to consult their own interests at a sacrifice of Revenue. The Average Teerwa of the former being 1-6 4¾ per Acre whilst that of the latter does not exceed 1-4-8 per Acre.

It is observed that while the assessment on Poonjah and Poonjah Pagayt amounted in the previous year to 9,12,536 11 7 the demand in fusly 1253 fell below that sum by Rupees 9691 15 10 The augmentation in the Kunjah Settlement of the year under report somewhat diminished this deficiency and reduced that sum to Rupees 4157 13 11 which is the

Para 10. 11 With regard to the Davastaneum Enam of Acres 11-26-8 which has been allowed to remain so long uncultivated the relinquishment of which is sought for by those who have the Management of the Pagoda it is only necessary to observe that so long as Enam land is retained as such the collection of the Dust Rent should be insisted upon but there can exist no reason why on the voluntary abandonment of the lands it should not be incorporated with the

the Aumany lands and treated as such—

12. The increase of the Peshkush rents of the year under review is stated to be wholly accidental and attributable to the arbitrary mode of Assessment introduced by the Thasildar The Ryots are represented as submitting to the imposition of the new Assessment in preference to having any enquiry made into the lands brought under cultivation by them The Board coincide in the sentiments expressed by the Collector on this point and are of opinion that no time should be lost in forming a correct Settlement on principles more in accordance with justice and equity—

Para 11. 13. In the list furnished by the Collector shewing the original Assessment on each plough a great disparity of payment is observable The Board desire to know upon what data the Assessment is based and the cause of the inequality referred to The cause of the decrease of Rupees 6-4-0 which it is stated would have taken place had the original Assessment been adhered to should have been mentioned—

14. The deductions made from the Settlement of the year varies but little from what had been made in the previous Fusly the present remissions amounting to Rupees 104-3-3 & 6 while that of the former year was as—

Rupees

Fort St. George 28th August 1865

Rupees 104482 3 3 being Rupees 11 3 3 above the deduction made on Fasly 1257

Para 54@55. 15. Of the demand Rupees 17669 14 2 the whole with the exception of Rupees 1004 7 5 was collected up to the date of the Collectors Report It is stated that of the uncollected portion Rupees 1004 7 5 the sum of Rupees 276 1 — is supposed to be difficult of realization The Collector has not given his opinion as to the nature of these balances the Board will therefore await before recommending their being written off the accounts of the District of Salem the final judgment of Mr Lockhart

Paras 56 & 60. 16. The arrears outstanding up to the close of Fasly 1252 amount to Rupees 15709 11 8 Of this sum Rupees 9704 13 3 are due on account of years previous to Fasly 1252 of which Rupees 9605 11 1 are represented as irrecoverable The Board perceive that the sanction of Government for writing off the sum of Rupees 8500 12 5 has been already communicated to the Collector thus leaving a sum of Rupees 404 14 8 for future adjustment The balance Rupees 6004 14 5 fall due

past Fasly 1257 and of this amount, deducting what has already been collected, Rupees 3013 1 11 as stated cannot be realized, leaving still a sum of Rupees 2018 9 11 for future adjustment In respect to this last mentioned amount the Board before passing any definitive orders on this subject are desirous of having further and immediate information tending to elucidate the several items sought to be remitted The total amount represented by the Collector as irrecoverable is noted in the margin and the Board beg to recommend that sanction may be granted for writing them off the accounts of the Salem District

Para 62@65. 17. It is remarked that the number of cultivating Ryots entered for the year under Report together with the number of Puttahs granted to them exceeds those of the antecedent Fasly the increase in the former amounting to 1903 and in the latter to 238 The augmentation in the number of Ryots is the result of a gross increase of 11800 persons composed chiefly of men who have newly engaged in cultivation and a gross decrease of 12897 persons the greater number of whom are represented to be

Fort St. George 28th August 1845

be in indigent circumstances The number above referred to are very large and the Board desire that the Collector will explain from whence the Ryots newly engaged have sprung, and what has become of those reduced to indigent circumstances

Para 66@69

18 The extent of land left waste as entered in the accounts of the year amounts to 4968—B— a bearing an Assessment of Rupees 4131—2—B which compared with the waste lands entered on account of Fusly 1252 exhibits a net increase of Acres 381—12—9 Assessment Rupees 682—12—10 above the last year. During the last two years 78 Ryots had emigrated from the District and 2 persons had newly settled thereon The land relinquished by the emigrants of Fusly 1253 amounts to acres 1.38—0—5 which bears a Teerwah of Rupees 201—11—2 and the extent of Land taken up by the new settlers was acres 49—26—13 Assessment Rupees. 38—1—10

Para 70 71 19 The great latitude allowed in the Coole System of Salem has rendered it expedient to discourage a practice found to be in its operation detrimental to the interests of Government The Board are therefore happy to find that the evils of the system have met with

Fort St. George 28th August 1845

with the Collectors attention, and that whilst a further reduction amounting to Acres 19776—25 has been effected in the Coole Cultivation of the year under Report it is Mr. Glegg's expectation that in a few years Coole tenure will altogether disappear as an item of account

Para 72 20 The gross demand on all sources of Revenue amounts in the year under consideration to Rupees 2981031—9—4 a sum below the Settlement of the preceding year by Rupees 37717—2—3 The net receipts on account of the same during Fusly 1253 were up to September last, Rupees 2069905—12—11 leaving a balance at that period of Rupees 21035—12—5

Para 73@77 Extract Minutes 6 Dec 1845 in Cons 4th Jan 1846 21 The Revenue of the Village of Pravumdoor transferred from the Trichinopoly District to that of Salem amounted in the Fusly under consideration to Rupees 1984—5—9 which is the Assessment on the wet and dry lands of the Village The Village is stated to be composed of one Village and six hamlets and is represented as being held on Meerasy tenure The Board concur generally in the observations made by the late Principal Collector in reference to the right that Government possesses to place paracoody Ryots on the lands of Meerasidars who either do

do not cultivate the land themselves or find others to do so, and trust that the proposed warning on the part of the local Officers will prove efficacious in preventing any loss to the Public interests on the part of those who seem anxious to maintain their Hereditary privileges. For the reasons assigned by the Principal Collector the Board resolve in the mean time to request the sanction of Government for the remission of Rupees 285 11 10 stated to be outstanding against the Ryots of the Village in question and for the sum of Rupees 158 8 8 represented to have been collected irregularly

Para 78 to 86. 22. The importance of cultivation under new Wells, to the welfare of the District, and the interests of Government has been admitted on all hands. The only question in regard to it is the extent of liability which the Ryot comes under in respect to the assessment he has to pay for the land he has improved. It is clear that he must be allowed an ample return for the labor and expense he had undergone in improving his land tho' what shall be the amount of remuneration may not perhaps be so readily determined. The rule in the Coulemanah objected to by the Principal Collector provides an

an exemption from additional tax on the condition that the lands usually occupied by the Ryot shall not be abandoned. This the Board conceive equally affords a wholesome check as well as incentive to the Ryot in maintaining and improving the quantity of his land by the outlay of his capital they are not therefore without a trial of the rule in question prepared to concur in the opinion that the non exemption of the additional assessment absolutely will operate as a bar to improvement on the part of the Cultivator.

With reference to the remarks

23 of the Principal Collector on the subject of advances to be given to Ryots for the purposes of cultivation the Board have nothing to say beyond what is contained in their Proceedings Para 9 on the Settlement of Fusly 1252 in which they have recorded their opinion that Tuccavi cannot be wholly dispensed with until the circumstances of the people are materially changed

Before concluding their

24 review of the Collectors Report on the Settlement of the Sunk Revenue for Fusly 1253 the Board recall the attention of the Collector to the requisition made by Government in Para 6 of Extract Minutes of Consultation under date 6th December last

1074 Fort St George 28th August 1845

Cast in reference to the concealments of cultivation detected by Mr Lockhart and to request a report on the subject as early as practicable. The Board desire also to impress upon the Collector the necessity of reporting at once on such requisitions as are made to him without allowing them to lie over for discussion in the Annual Report.—

Ordered That a Copy of the foregoing Extract from the Boards Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Salem for his information and guidance.—

Sir,

From Board	31st	March 1845
To Do	4th	April —
From Do	7th	Do —
From Do	31st	July —
To Do	4th	Do —

With reference to the correspondence noted in the margin, I have the honor to bring to the notice of the Board of Revenue that although I took the necessary measures, as the receipt of the Extract from the Proceedings dated 7th April last, to limit the manufacture of Salt to the quantity required for Home Consumption and for export to Calcutta, yet I find that there is a surplus beyond that at present remaining at the pans estimated of Gs 240. Of this, I have directed Gs 40 to be removed to the Madras Golaurs, for which alone I can get sufficient place there. The Salt being of a good quality, and taking into consideration the difficulty of obtaining an adequate supply in the early part of each year to meet the demands for export by Sea, I take the liberty to request the Board's authority to convey the remaining Gs 200 from the pans to the

Relative to the Settlement of the Land Revenue in the District of Salem for July 1253 Fasly

The Board deem it unnecessary to enter into any lengthened consideration of the statistical information furnished in the opening paras of the Collector's Report, it being sufficient merely to observe that the increase apparent in the Population Number of Houses and Cattle of the District and the augmentation of the sources of irrigation are partially attributable to the additions received under these heads by the annexations of the Village of Bravendoor to the Salem Collectorate. It is satisfactory however to remark the increase of wells 47 of which 20 have been constructed under the operation of the Rookummanah by private Individuals at an expense of Rupees 2936 whilst 55 also newly constructed do not enjoy the advantages of the former, being constructed in opposition to the Rules.

Paras 8 @ 20. 7 The season of Fasly 1253 is described as having been less favorable than the preceding one which it is observed was itself not so good as that of Fasly 1251. Partial showers fell at different periods of the year but the supplies that had been received produced

produced no decidedly advantageous result either to the Poonjah or Nunjah cultivation owing partly to the smallness of the supplies themselves and partly to the untimely nature of them. The state of the season on the whole seems to have been more favorable to the wet cultivation than to the Dry it being apparent from the accounts that while the Poonjah lands have yielded but scanty produce an average return has been obtained from Nunjah cultivation—

3. To the failure in the season is partly attributed the contraction of the Poonjah cultivation which in the year under Report extends to 8527 - 28 - 14 bearing an Assessment of Rupees 9091 - 15 - 10 The falling off is observed to be general throughout the Talooks of the District with but one exception—

4. The actual results of the cultivation of the district for fusly 1253 exclusive of the Village of Oraveendoor compared with those of the preceding year are given in the Statement

	Land relinquished	Land cultivated
	A G A cs	A G A cs
	67,425 - 9 - 7 - 104,031 - 2 - 8	54,683 - 12 - 5 - 79,590 - 13 - 8

Lands	Fusly 1252	Fusly 1253	Increase	Decrease
	Acres G A cs	Acres G A cs	Acres G A cs	Acres G A cs
Poonjah	627,854 32 5	619,407 9 3	- - -	8,447 22 2
Poonjy Garden	1795 2 2	1787 1 35 6	- - -	8 0 4 12
Nunjah	56,651 12 11	51,820 - 8	- - -	4,831 12 3

Fort St George 28th August 1845.

From the above it will be seen that while the Poonjah cultivation of the year under review is below that of the previous fusly by Acres 8527 - 28 - 14 the extent of wet lands brought under cultivation in the former period exceeds that of the latter by acres 486 - 29 - 4 thus making the whole extent of land cultivated in fusly 1253 less than that cultivated in the antecedent year by acres 7340 - 39 - 10 and if the Village of Oraveendoor be taken into account by acres 6123 - 36 - 14 —

Para 20 6. The state of the Market in regard to the principal Articles of consumption has no doubt undergone within the last few years a very great depression. The extent of the decline in the selling prices of these Articles in 1253 in comparison with those of 1248 is exhibited in para 21 of the Collectors Report where it is shewn that the depreciation in value is nearly equal to 50 per Cent This however is by no means a fair estimate of the state of Prices, past and present fusles of 1252 and 1248 were seasons remarkable for high prices the real state of the market may be more correctly estimated by the subjoined Statement embracing years antecedent as well
