To the Secretary to the Board of Revenue. Fort St. George.

No. 1.

Sir, G. N. Taylor Assistant to the Governor's Agent in Vizagapatam having applied to me for a Certificate on which to ground an application for leave of absence, I

11035 Fort St. George September 1845.

I do hereby Certify from personal observation that he is suffering from a Chronic Bubo and general Debility — The former manifesting itself by an enlargement of the glands a little below the right groin which enlargement has existed for a period of Two years, during the last of which he has had an attack of inflamation of the Prostate gland, of which some enlargement now exists. The latter / Debility / has shewn itself within the last 6 weeks, and seems on the increase, and that in consequence, I consider a removal necessary for the benefit of his health, and that he be permitted to return to Europe with as little delay as possible on Medical Certificate

To the Coll.r of Vizagapatam.

Sir,

Sent the following letter in reply

Vizagapatam.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 30th August last, submitting an application from your Asst.

In Dep. Cons. 11th Sept. 1845

11036 Fort St. George — September 1845.

Assistant Mr. G. N. Taylor for permission to proceed to Europe on sick Certificate —

Mr. Taylor has omitted to mention the period for which he requires leave as also to apply for permission to return to Europe in receipt of the reduced furlough allowance payable to Civil Servants under 10 years standing. It is requisite that both these circumstances should be specified in his application which the Board believe should be submitted by him direct to Government through the Secretary in the Public Department, and to enable him to do so his Medical certificate is herewith returned. —

From the Secy. to Government transmitting a letter from the Advocate Genl. and directing the Board in communication with that Officer to draw up a lease for certain tract of Forest land in Malabar in the Names of the Trustees, ascertaining in the first instance that there is no party concerned who is prohibited from entering into such speculations.

To the Secretary to Government
in the Revenue Department.

Sir.

1. I have the honor to acknowledge the receipt of an Extract from Minutes of Consultation No. 907 dated 28th Ultimo with its accompanying documents, hereunto returned. —

2. And I have the honor to submit as my opinion, that the most convenient course will be to make the lease in these papers adverted to in the names of the three Gentlemen named as being Trustees, individually, and without notice of their trust Capacity, and to provide that no sale or transfer should be made to any other party whatever save to parties who may have executed the Deed of Copartnership of which the above three Gentlemen are

Fort St. George 11th September 1845.

are Members. —

3. It appears to me that the only object of restricting transfers in these leases granted by Government, is to preclude mere gambling speculations, and ensure the Bona fide objects of improveing or cultivating the lands leased out. This might be effected, as it appears to me, by restricting the transfer to any persons whatever who may be parties to the Deed of Copartnership framed and existing for the purpose of raising Capital and carrying on the operations; and in the progress of the 35 years, for which the lease is to continue, it may be reasonably surmised that scarce one of the original Members of the Company will remain — Besides this it appears to me, that many difficulties and embarrassments are likely to arise to Government by a conveyance to parties of lands to be held as Trustees for other Members of the Company — and the execution of the lease by every member seems to be impracticable.

Fort St. George
6th August 1845

(Signed) Geo. Norton
Advocate Genl.

Resolved that the foregoing letter be transmitted to the Board of Revenue with an intimation that the Government see no objection to the Lease for the tract of Forest land in Malabar being prepared in

in the names of the Trustees individually, and without notice of their trust capacity, as suggested by the advocate General, but that it is indispensable to ascertain in the first instance that there is no party concerned who is prohibited by Law or the orders of the Honorable the Court of Directors from entering into such speculations - This the Board of Revenue will be pleased to do, and afterwards, with the view of having the deed correctly and legally drawn up, place themselves in communication with the advocate General.

From the Asst. Collector of Ganjam

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Boards Proceedings of the 24th July giving cover to certain correspondence with Government in the matter of the Polaukey and other Estates in this District.

Shows that the Majority of M. Ramiah proprietor of Polaukey was certified to Mr. Bannerman by his adoptive father by his aunt and by the Party himself. That in further proof the Horoscope was furnished on separate application pointing out how the Proprietor and his servants misappropriated the Proceeds of the Estates in the past year and then falsely charged others with having done so. Shows that the sale of Polaukey and Dunta was just and legal and that of Barwah and Lutchmeporam uninpeachable under any circumstances and adverts to the confusion that

2. has filled me with much concern. I grieve to think that the difficulties of my position in the unprecedented confusion I found this District in November last are little considered, and I lament to find that my efforts, as in this instance, to bring things into a better state, and to enforce with consideration the rights of Government instead of being supported and confirmed are likely to be set aside upon some merely technical objection, which if true is based on a fraud.

3. I am mainly desired to enquire into the fact whether Mosalakunty Ramiah was or was not a Minor at the death of his Father, and at the death of his aunt. In sober seriousness I know not how to get satisfactory information on this

that would arise if they were disturbed.

this point except what is already on the Records of my Office. a few days before his death in October 184 Mosalakunty Balaramdoss the late Zemindar wrote to say that he had given up hopes of recovery that Ramiah was his Heir, and of legalage. that his Mootahs would be managed as heretofore by Ramia assisted by his aunts advice, who he said was a clever woman. On the day of his death a letter was sent to Mr. Bannerman by the aunt, announc=ing the demise of Balaramdoss, the succession of Ramiah, the Majority of her Nephew Vide Vide About the same time a letter from the Heir him=self was received reporting his succession to the personals of the deceased, his attainment of ful age and ending with a request that the Mootah should be legally conveyed to him and entered in his name.-

4.

Notwithstanding this Mr. Bannerman required the Horoscope of the Heir and it was accordingly forwarded on the 8th Novem=ber 1843. This document Certified that he had at=tained his Majority. Some negotiations followed for security for the payment of the Balances, and in the end the Estates were entered in the name of Ramiah in August 1844 in the Public accounts.-

5.

All these letters are now upon the Records of my Office. I ask are they

or are they not good documentary evidence. To whom can I apply to falsify them. The natural father of the young man is dead. The late Zemindar his adoptive father as also his adoptive Mother have died. So has the aunt. The young man is in Madras. The Priest and astrologer can hardly be asked to falsify their previous testimony and confess to forgery and fraud in the preparation of the Horoscope.-

6.

I submit then that to all intents and purposes, the Party must be held to be of age by his own shewing, and by the shew=ing of his father who ought to have known the fact. But major or minor I am prepared to — contend that the sales were valid, and legal, and just in every point of view.-

7.

It was a fine tale as first got up.- a young man a tool or utensil in the hands of others, plundered by swindlers, who created purposely public Balances for their own nefarious ends, got the Patrimony of their unhappy victim sold and then bought it themselves. The Minority now brought so prominently to notice, was kept indistinctly in the Back ground at first, because it could only be proved by the confession and proof of fraud and forgery by the Petitioners.-

8.

The whole story was false from

and redress at the Hands of Government, if redress could be given. But unfortunately there is not a word of truth in the statement from beginning to end. The Board have been misled in this matter, perhaps from my last letter not having been sufficiently explicit.—

12 It is an undoubted fact that Rupees 14,000 have been found to have been forestalled to the loss of Government in Polauky Mootah alone, from the Revenues of 1844/45 up to December last. But in July 1844 Anuntaramiahs Management had terminated, the Money was not therefore collected by Anuntaramiah and could not have been at his disposal. He could not then embarrass the Zemindary by withholding proceeds properly applicable to the Peishcush, and he did not devote any of this Money to his own debts, or to payment of any private debts. There is no matter for conjecture in the business.—

13 But this sum of fourteen thousand Rupees in Polauky the Board must be told, was collected and misappropriated or embezzled by the Zemindar M. Ramiah himself aided by his Manager one Gopaul Kistnamah who has gone with the young man to Madras, who concocts his Petitions and brings him personally

personally before the Members of the Board for inspection, enditing the whole delusive Statements to this District of his success in order to create embarrassments here, and to raise money for their expences. Anuntaramiah had no charge of Polauky or of any other of the Mootahs claimed to the Property of M. Ramiah in Season 1844/45.—

14 Thus much for the Tale of Knavish collusion to create Balances, and to ruin the Estates. The Knavery is all on the other side.—

15 As regards the sale the Board have stated that "if Ramiah was a minor at the "date of his Father's death and at the death of his "dunt, the recent sale of his Estates for arrears, "part of which accumulated during his Minority "is contrary to Regulation X of 1831 and these sales "must therefore be cancelled."—

I submit with deference

16 that when the Father, the dunt, and relatives, the only parties who can know, concurred in reporting the Heir as at the age of discretion, and when he himself claimed to be so, the Parties cannot afterwards come forward and plead for their own advantage that their former Statements were false, and the Certificates forged. Neither is the contrary allegation of Ramiah now made, to be taken as proved on the assertion only of such

Rogues,

Rogues, or on his own dwarfish appearance. The sales were made for the Balances accruing up to the close of the year on which the late owner died only and no more, and they were not objected to by the owner or his servants at the time on account of his alleged under age, altho they were present Neither was the defalcation caused by the young Zemindar from July 1844 when he was registered proprietor up to December 1844, when the Estates were sold, included in the arrears for which the lands were exposed to sale. I submit then that the sale was perfectly legal under any circumstances That fraud and misappropriation and embezzlement were committed under the insolvent circumstances of the family was not surprizing, but I trust that the Government will confirm the Sales of Polauky and Dunta Mootahs, and will not reward the Parties who shamelessly avow their misdeeds. Besides I rely on the spontaneous and voluntary testimony of the father, and aunt, and Priest against the interested and unsupported statements of the Petitioner, and his advisers.-

17.

I am at a loss to conceive as regards Lutchmeporum and Barwah, what connection can exist with their disposal and the age of M. Ramiah. The last Proprietrix lived till July 1844 and every farthing of the money due upon

upon them to Government, and for which they were sold, was owing by her long before her death.-

When the Codoor Mootah

18.

was purchased for Government in January last, althó it was the known property of a Minor the Sales was confirmed, returning the amount obtained over and above the arrear, at the death of the owner's father. Why could not this be done now if the Government think M. Ramiah deserving of any thing in the shape of favor. I would not recommend this, because I do not think he has legal nor acquitable claims to a single Cash from the Officers of Government.-

Under the circumstances

19.

stated I must again earnestly request that the Board will submit this letter to Government with their recommendation, that the sales be confirmed. The greatest embarrassment and Confusion would result from their annulment, because the Purchasers, as I told the Board in my letter of the 30th April, have paid the purchase money which has been carried to account, and have taken possession, and because I am receiving the Peshcush of last year in full from them. The delay that has occurred has been caused by the difficulties raised to the Collection of the Rents, which are receivable in kind, by the adherents of the Zemindars. I know not

not how the accounts of these purchasers can ever be adjusted without litigation and annoyance if the Sales are not confirmed. Besides they are making advances for Cultivation to the Ryots now, and the first Kists of the present year will shortly fall due.-

20. It has been my earnest endeavour, I beg to assure the Board, to do my duty in this matter, and to enforce the rights of Government in a straight forward and conscientious manner, and I shall, with Gods help, persevere in this course to the end. The real question at issue was, are the Government Revenues to be collected in this District, or are they not. I fearlessly assert that but for my timely interference in sequestrating these Estates in December last, a loss of nearly half a lac of Rupees would have been sustained through the dishonesty of the Parties who are now soliciting the interposition of Government on their behalf.-

From the Actg Collr of Ganjam ——
12th Instant

Sir,

Since the dispatch of my letter of on the subject of the sale of Polaw

and other estates in this District, the accompanying letter purporting to come from the Ex-Zemindar Ramiah with a Mahazunnamah of certain inhabitants certifying that the party was born in the year 1828, has been forwarded to me.-

I know nothing of the truth or otherwise of this Paper nor do I think it matters a Straw.-

For I have demonstrated that the Parties petitioning the Board and Government have been treated with every indulgence, they solicited, that under cover of that indulgence they have largely benefitted themselves in a pecuniary point of view by carrying off the publice revenues and diverting them to their private purposes - and I have protested against their being permitted to cheat the Government still further, by pleading that their former plunder was Enacted in Forgery and fraud.

Ganjam District, ——

Ordered that the following letter be sent in reply.-

16

To the Actg Collr of Ganjam ——

Sir
Para 1.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 12th ultimo on the subject of &c.

Fort St. George 11th September 1845

Dft Cons. 11th Sept. 1845

M. Ramiah Zemindar of Palanky &c. in your District as also of your letter of the 26th ultimo giving cover to an address to you from that individual together with a Makazennamah from certain parties certifying that he was born in the year 1828.-

2. In the first of these letters you dwell upon the difficulty which must attend an enquiry into the age of the Zemindar at the time of his father's death; you expose the gross deceit which if he were not at that time of full age must have been practised by his nearest relations- and you urge that under such circumstances no farther enquiry into the minority or Majority of Ramiah is called for, nor is there any good cause for setting aside the late sale of his Estates- a procedure which you further state would be productive of much inconvenience and embarrassment- On these grounds you request that the Board will submit your letter to Government with their recommendation that the sales may be confirmed.-

3. In reply I am instructed to inform you that the Board fully appreciate your anxiety to vindicate the just rights of Government in regard to the Palanky estate and they entirely too strongly reprobate the disgraceful fraud and

Fort St. George 11th September 1845

and falsehood which appear to have been resorted to in regard to that property. They regret however that they would not feel themselves justified in making the further reference to Government which you solicit as they cannot but adhere to the view which they have already taken of the case, that the Zemindar cannot be held responsible for the dishonest conduct of others and that the legality of the sale of two at least of his Estates must depend upon the fact whether or not Ramiah was a Minor at the time of his adoptive father's death in October 1843 and whether therefore any part of the arrears for which Palanky and Dumtah were sold did accrue during Minority- The Board are aware of the difficulty and perplexity incident to such an investigation as that lately ordered by Government but it is essential that such an enquiry should be made and the best evidence now attainable procured- I am therefore directed to return you the papers transmitted with your letter of the 26th August and to inform you that Ramiah has been directed to proceed to Ganjam without delay in order that on his arrival the investigation in his case may be proceeded with as speedily as possible.-

Proceedings thereon. Para 1. In their Proceedings dated the 7th of November 1844 relative to the Settlement of the Government Estates in the District of Masulipatam for Fusly 1252. the Board expressed their opinion as to the principles upon which it was desirable the rents should be made in the Villages comprised in those Estate and observed that "as a general rule they would not wish "rents to be concluded for more than "one year and in all cases where practicable "with the Villagers themselves and under such

Recording observations on the Report of the Collr of Masulipatam relative to the rents concluded for the dry lands in the Govt Estates in Joonnuedy & Cheena Pondakas & the Villages of Padapandoo Mootah & also on the result of the Quinquennial lease concluded in the Villages of Vinnacottah & Goodewadah Pergunnahs

"such conditions as should effectually "guard the rights of every class of Cultivators".

2. It would appear however from the foregoing reports and accounts that the essential condition of the renting system Viz annual leases had been overlooked by the Collector as the terms which he has entered into for renting the lands in the several Villages specified above comprehend quinquennial leases, the amount of rent progressively increasing during the period comprised within the rent.

3. Mr Porter has submitted accounts exhibiting a series of averages of the Collections from the lands in question for periods of 5 10 and 20 years and the average comparative results of the amount of rents submitted for sanction. In the absence however of the specific data upon which these averages have been struck the Board have no means of forming a Judgement of their accuracy and value and they therefore request that the Collector will furnish the necessary detailed accounts and at the same time submit Statements exhibiting the ryacut of the several Villages proposed to be rented and what

Fort St. George 11th September 1845

what are their actual resources and capability of yielding.

4. Bearing in mind the general rules above quoted the Board would desire that the Collector should revise the arrangements which he has made with the renters and enter into agreements with the Ryots themselves individually to take up land on progressive annual rents each to the extent of his Holding for the next 3 or 5 years. In adjusting the rents to these principles the Board apprehend that the Collector will meet with no difficulty or objections on the part of the Ryots and they request that he will as early as possible submit the modified arrangements for their confirmation and sanction.

5. The Board take this opportunity of observing that irrespective of the general objections which exist to protracted Village leases, the probability of the District of Nellore being early subjected to a regular survey and assessment renders it inexpedient that any lands should be disposed of on other terms than as above indicated. The Board hope that the full attention of the Collector will be given to this subject as much valuable information regarding the resources of the Country may be obtained as an important preparatory step made towards

the introduction of a fixed assessment based on a survey. The settlement being made with each individual in the way stated, it is expected that a marked improvement in the condition of the Ryots will follow.

To the Chief Secry to Government

Sir,

Submitting with reference to the Extracts from the Minutes of Cons. dated 31st May and 10th September 1844 a letter from the Acting Collector of Cuddapah forwarding a Statement exhibiting the manner in which the regular Police Force of that District is at present employed, also submitting letters from the Collectors of the several Districts in which Civil armed Establishments are still maintained and stating that with certain exceptions all the local Officers Concur in deprecating any reduction in them. — In Cons. 23rd September 1844

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation of 23rd August 1844 transmitting Extract from a General Letter from the Honorable the Court of Directors dated 31st May 1844, and requesting that the Board will prepare and submit for the satisfaction of the Honorable Court a Statement shewing the manner in which the regular Police of the Cuddapah District is employed. The Board also direct me to acknowledge the receipt of an Extract Minutes of Consultation 10th September 1844 forwarding Extract from a General letter from the Honorable the Court of Directors of the 31st May of the same year and calling for a report from this Office whether any reduction can be effected in the armed Civil Establishment of this Presidency.

I have to submit for the information of Their Lordships in Council the accompanying letter from the Acting Collector of Cuddapah enclosed in which the regular Police Force of that District as at present employed.

3.

In answer to the Extract Minutes of Consultation of 10th September 1844 the Board instruct me to remark that the observation of the Honorable Court refer to the Establishment of Fusly 1248, the greater part of which although at that time returned to the Office under the denomination of "armed Civil Establishment" was in fact no other than a component part of the regular Police Force of the Several Districts. In Cons. 8th June 1840. under the orders of Government 27th May 1840 this has been rectified, and the term "armed Civil Establishment" is now confined to the Establishments which appear to be entertained for purposes distinct from ordinary Police duties. The Number and pay of these as shewn by a Return received from the Civil Auditor of Establishments are given in the Margin.

It would appear that this reduction has been carried into effect. the number in the Abstract Return from the Civil Auditor being only 16 instead of 19 as formerly

to discontinue 3 Matatlee Peons at a Monthly pay of 5 Rupees, and to reduce the salary of five Spearmen One Rupee each per Mensem, thus effecting a reduction of 20 Rupees per Month. The Collector of Malabar has also stated that a portion of the Establishment in that District now costing 20 Rupees per Mensem might be dispensed with, if arrangements could be made between the French and English Governments for prohibiting the production, import, or sale of Tobacco into or within the small Territory of Mahé, in the same manner as that of Salt is now prohibited, but the Board doubt whether the object is of sufficient importance to warrant an application

upon the subject to the Home authorities. With the above exceptions however it will be seen that all the Local Officers concur in deprecating, and as the Board think, with reason, any reductions in their Civil armed Establishments as they now stand. The Acting Collector of Ganjam has further given it as his opinion that the Civil armed Force in his District should no longer be regarded as an Extra or temporary Establishment but should be considered as permanent. The acting Principal Collector of Canara states that a permanent addition to this Force will be required, the amount of which cannot be decided until the Government shall have determined upon the number of regular Troops to be stationed in Canara. The Collector of Masulipatam has suggested that after the reduction which he has already recommended, the remainder of the Force in his District be designated "General Service Establishment," and be incorporated with the Establishment at present so denominated and employed as auxiliary to the Ordinary Police of the District. as the "Civil armed Establishment" or as it is termed by the Collector "District Sibbendy" and the "General Service Establishment" appear at present to be employed in common, and engaged on "General duty" the proposal of the Collector appears worthy of adoption.

Submitting with reference to the Government Endorsement on Petition No. 1017 of 1845 a correspondence with the Acting Collr of Cuddapah and reporting the Circumstances under which the Board authorized the Commissions drawn by the Petitioner as Stamp Vender at the Zillah Court to be reduced from 3 to 2 per cent.

Sir,

With reference to the Endorsement on the accompanying Petition No. 1017 of 1845 I am directed by the Board of Revenue to forward the accompanying correspondence with the Acting Collector of Cuddapah on the subject and to state that the Commission drawn by Petitioner as Stamp Vender at the Zillah Court was reduced from 3 to 2 per Cent in consequence of a representation from the Acting Collector of Cuddapah that on account of the abolition of the Sayer Duties a great reduction had taken place in the receipt of the Stamp Darogah without affecting the Emoluments of the Court Vender, although the Duties and Responsibility of the former were greater than those of the latter, and recommending with

with a view of maintaining the relative proportion formerly borne by their respective Emoluments, that the Darogahs' Commissions should be fixed at 3 per Cent and the Venders at 2, an arrangement which the Board have, under these circumstances, authorized to be carried into effect. It will be remarked from the letter of the Acting Collector, that the receipts of the Stamp Darogah and Court Vender were formerly in round numbers 40 and 30 Rupees a Month, and may, under the present arrangement be expected to be about 38 and 24 Rupees per Mensem respectively.

From the Acting Collector of Coddapah - - -

Forwarding a statement shewing the Amount of Foreign and Uncurrent Coins received into the Treasury of the Collector of Coddapah for the last 5 years.

Sir,

I have the honor to reply to your letter of the 25th Ultimo and to forward a statement shewing the amount of Foreign and uncurrent Coins received into the Treasury for the last 5 years the several descriptions of these coins, the remittances made to the Presidency and the balance remaining upto 30th June 1845.

2.

Foreign Coins as exhibited in the statement Amounting in value to Rupees 1164-15-2 were remitted to the Presidency in Specie with the exception of the Doodies, of these Coins the Arnee mutta and Ayparungee Fanams have from time to time been found hidden under ground and carried to the credit of Government. The Sonnee Rupees and Doodies have been received from Ryots, and Merchants in payment of Rents as the Amount of these Coins received as Revenue is trifling the measure of refusing to receive Foreign currency in payment of Revenue could be carried out without material inconvenience. It has always been the practice in this District not to refuse the Gold and Silver Foreign Coins but to remit them to the Presidency

of

Fort St. George 11th September 184

of the Balance of Copper Coins amounting to
Rupees 291-11-1 those valued at Rupees 100 being
small Coins of an exchangeable description there
is no objection to their being reissued in exchange
for other Coins but the remainder amounting to
Rupees 191-11-1 being uncurrent called "Jaye" and
Yanegay would not be received by individuals in
Exchange.

3.

The statement exhibits an amount of
Rupees 36,888-13-3 in various descriptions of uncurrent
Coins received in this Treasury within the
last 5 years. Of this sum Rupees 34,655-9
have been remitted to the Presidency - as the
Revenue and the Amount is not inconsiderable
the measure of refusing to receive them in the
provincial Treasuries if adopted would I think
be attended with inconvenience and be productive
of prejudicial effects. Under the Head of "Gain
in Exchange" is exhibited the sum of Rupees 1,381
which has been realized and carried to Government
from the favorable rate of exchange at which
these uncurrent Coins have until lately been
received. I have no means of ascertaining the
amount of such currency in circulation in this D
strict, but from the best information I am able to
procure, and from the receipts being greater to
year than the previous one owing to instruction

Fort St. George 11th September 1845

having been received from the Accountant General
to receive them at a rate of exchange favorable
to Ryots I am inclined to think these coins will
be all paid in in two or three years.

From the Collr of Salem Reporting the suspension of the Tahsildar of Denkenecottah.

Sir, I have the honor to report for the information of the Board, my having on the 9th Instant, suspended Soobba Row Tahsildar of the Talook of Denkenecottah for wilful fraud and Misconduct in the discharge of his Revenue duties, and appointed one Sashagherry Row to act for him, and to request that the Board will give sanction for his removal from the Office of Tahsildar, as he has rendered himself by his dishonesty and irregular proceedings to be unworthy of trust, and unfit to be placed in such a responsible situation under the following Circumstances-

2nd It appeared at the time of Tumabundy for Fusly 1254, that as Tahsildar of Oosoor and Denkenecottah, he had, contrary to the terms contained in Para 2 of the revised Hookumnamah, which directs that "if any Ryot wishes to relinquish part of his Pettah, he shall be allowed to give up good and bad land together in fair proportions" received Razeenamahs from Ryots for their lands for Fusly 1254, without restriction at the will of the Ryots amounting to Rupees 4770-4-1 as shewn below-viz.t

Fort St. George 11th. September 1845.

Viz.t

486-11-4 - Amount of Razenamahs received to the end of June 1844 in the Ooffoor Sub.

4283-8-9 - Amount of Ditto received from 1st. to

4770-4-1 - to the end of that Month.

It appears he had also received Razenamahs for manool Putcut lands assessed at 355-15 from Ryots who hold Cowle lands, which is prohibited by the terms of para 2 of the form Cowlenamah (which directs that "if any Ryot who holds lands on Cowle leaves his Putcut lands waste before the Cowle lands come up to full assessment, and refuses to pay the assessment of the Putcut land so left waste the Cowle will be annulled, and full tecreu collected on the lands held on Cowle"); this rule has hitherto been duly attended to, though not in the revised Hookum, and Cowlenamah.

3.

The lands assessed at 4770 Rs. above referred to have not been included in the settlement, because the misconduct of the Tahsildar has given a plea for the Ryots to refuse to pay their assessment on the grounds, that they have already relinquished the lands in due time, and that if their Razenamahs had not been accepted at the time they were tendered they would have endeavoured to cultivate their lands.

4.

In respect to the Razenamahs received for the Putcut lands of the Ryots who

Fort St. George 11th. September 1845.

who hold Cowle lands, it appears on a reference to the records that after receiving Razenamah for putcut lands assessed at Rupees 355-15-9. without authority, under a pretext of being ignorant of the rules in force, and with a view cover the irregularity he had wilfully committed Sooba Row addressed an Urzee to Mr. Gleig on the 11th July 1844 requesting to be informed whether Razenamahs are allowed to be received for the Putcut lands of the Ryots who hold Cowle, and instead of writing for a reply to his Urzee, he continued to receive Ragenamahs in the same manner up to the end of July.

5.

Mr. Gleig sent him a Sarkeed in the 2nd. of August to the effect that no Razenamahs can be admitted for the Putcut lands of the Ryots who hold Cowle, when with the object of concealing the irregularities he had committed, he omitted in the account furnished to the Huzzoor of Razenamahs accepted by him, the amount of Razenamahs taken from the Ryots holding Cowle lands, and included in the dittum account the amount of the said Razenamah Viz.t 355-15-9 in the names of the Ryots by whom the Razenamahs were given, though the lands were left waste, and the Ryots refused to take them again, or sign the accounts.

These

6.

These lands having been entered in the "Bungar book" at the time of Settlement I tried my best to induce the ryots to take up the lands again: some agreed to do so, and their lands have been reentered in their names and their bowls continued according to the original condition; other ryots did not agree and their lands have been excluded from the Settlement, and their bowle lands charged with full assessment.

7.

Sooba Row cannot plead ignorance of the rules and customs of the District having held the Office of Tahsildar for a long time. I have therefore no hesitation in asserting my opinion that he has been influenced by corrupt practices for the sake of obtaining profit, in permitting the ryots to give up their lands according to their pleasure; that he has taken bribes cannot be proved, as the ryots would not reveal the truth, or complain when the proceedings of the Tahsildar are in their favour.

8.

To dispose of such a case of gross fraud by the imposition of a fine, in ordinary cases of neglect, would in my opinion be a very inadequate punishment, and would rather tend to the continued occurrence

occurrence of peculation and loss to the Circar than to its prevention.

9.

Besides this a complaint has been made before me on Oath specifying certain charges of irregularity, and partiality against Sooba Row, a Copy of which is herewith forwarded for the information of the Board. I am just about to proceed to Denkenecottah when this complaint will be disposed of, on its merits.

10.

In one of the paras of the complaint it is stated the Tahsildar "Shuntay" Sooba Row has committed roguery, in the matter of Enam lands allowed to Coduries or Village Servants lately appointed by sanction of the Board. It appears that this has been already disposed of — Mr. Gleig had issued orders to the Talooks to allow waste lands to the newly appointed Village Servants as Enams. Soobarow, contrary to that order, allowed lands which were cultivated by Ryots up to Fusly 1252, and relinquished in Fusly 1254. It was discovered however on the accounts being examined in the Kutcherry, and an order was sent to the Tahsildar to resume the lands so allowed and to give other lands to the Village Servants from Podigul lands; but before this was done, the season of cultivation had expired, and thereby the Village Servants were subjected to

to

to much loss.

11. Under the circumstances above stated, I do not think that Sooba Row should be employed any longer in a responsible situation of a Tahsildar, & should the Board think that the exclusion of his misconduct does not render him liable to dismissal, I propose to lower his rank by removing him to the Office of a Tahsildar Sheristedar.

12. I have further to state that at the time of the Summabundy it was discovered that Streenaraser Row, the Tahsildar of the Talook of Denkenecottah in the absence of the Tahsildar had received Razeenamahs for Manool putcut lands assessed at Rupees 28-14-8 from Ryots who hold Cowle lands, but this being a trifling amount he will be punished by fine.

13. The Amount of Razeenamahs received in Denkenecottah Talook for Fusly 1254 is so great as Rupees 12,774-8-1, of this Rupees 8349, is the Amount received by Ramakistniah the present Tahsildar of Tengaracottah when he was at Denkenecottah, this man also I propose to remove from his office, but shall make the Circumstances attending his misconduct the subject of a separate communication.

Bringing to the notice of the Board the circumstances attending the misconduct of Ramakistniah the Tahsildar of Tengaracottah and recommending that he should be reduced to a low situation Forwarding Statements of Razeenamahs irregularly accepted by different Officers

To

T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

Referring to the concluding para of my letter of yesterday's date I have now the honor to submit for the consideration of the Board, Statements of Razeenamahs irregularly accepted by Ramakistniah Tahsildar of Tengaracottah when he was at Denkencottah and Ghoor-

It appears that the amount of Razeenamahs received up to June in the Denkencottah Talook is Rupees — 8,349 — 11 — 4
and from 1st to the end of July in the Ghoor Talook is Rupees — 5,499 — 10 — 10
13,849 — 5 — 10

by permitting the ryots to relinquish their lands at their pleasure without reference to good and bad lands and also by taking Razeenamahs for Putcut lands from Ryots who hold Cowle-

The Cowle lands held by Ryots who have relinquished their Putcut are as follows.-

	Lands	Augl. Qrs.	Settle.ts
Denkencottah	75-37-7	82-8-1	38-8-8
Ghoor	113-17-6	144-2-2	88-"-7
	189-14-3	226-10-3	126-9-3

The amount of Razeenamahs taken for putcut lands from Ryots holding Cowle is Denkencottah — 86-2-11
Ghoor — 174-13-2
261-"-1

The

Fort St.n George 11.th.n September 18..

The four enclosed Statements exhibit the entire amount of Razenamah accepted by different officers distinguishing the amount of Razenamah taken from the Ryotwar hold Cowle as also the extent of Cowle lands by Ryots who relinquished their Putcut lands.

It will be seen that the amount of Razeenamahs taken for Fasly 1254 in this Talook is Rupees 6,168-4-7 of this the amount accepted by the late Tahsildar Rama Row the Talook sheristadar is 668-9-9 while the taken by Ramakistniah alone is 499-10-11

These irregularities only came to my knowledge during the Progress of the Summahbundy that they were not brought to the notice of my predecessor when it was in his power to put a stop to them I must take for granted, but leave for the consideration of the Board the conduct of the Head Sheristadar in having omitted to bring such misconduct prominently under his observation.-

I have only to add that I am under the same impression of the conduct of Ramakistniah that I have stated in regard to Sooba row that he is quite unfit for the responsible situation of a Tahsildar he

Fort St.n George 11.th.n September 18..

he is also very inefficient in the Police Department and altogether wanting in energy and honesty for the discharge of public business of such importance I therefore recommend his being reduced to a lower situation.-

Ordered.

Fort St. George 11th September 1845.-

Ordered that the following letter be sent in reply.-

(47-49)

To, The Collector of Salem.-

Sir,

To the Collector of Salem

Informing him that the Board dont consider that he has shewn sufficient grounds for dismissing or reducing the Tahsildars of Denkencottah and Tengaracottah and directing that they be restored to their situation.-

See Corr. 11th Sept. 1845.

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letters of the 18th and 19th Ultimo bringing to their notice the misconduct of the Tahsildars of the Denkencottah and Tengaracottah Talooks, and recommending that the latter Officer be reduced to a lower situation, and that the former may be either punished in the same manner or be dismissed altogether.-

2. The charge against these Tahsildars appears to be their having received Razeenamahs for lands without restriction at the commencement of Fusly 1254 and having allowed certain parties holding Cowle to give up their Puttah lands and to retain their Cowle.-

3. In respect to the latter head of charge the Board observe, that the rule of the old Cowle-namah which you have quoted in Para 2 of your letter of the 18th Ultimo, did not absolutely prohibit the throwing up of their puttah land by the holders of Cowle, the penalty being the imposition of full assessment on the Cowle land retained. accordingly it seems

Fort St. George 11th September 1845.-

seems that Sooba Row Thasildar of Denkencottah did receive Razeenamahs from the holders of Cowle to a small extent, but after receiving a few, being perhaps struck with the omission of the rule above alluded to from the new Cowlenamah, and doubting whether he was acting correctly, he seems to have applied to the Principal Collector and on being informed by him that such Razeenamahs were inadmissible he included the land to which they referred in the Dittum Account. The Ryots however appear to have taken advantage of their Razeenamahs having been at first received- and to have left the land waste- It does not seem to the Board that the conduct of Sooba Row in this particular was in any way censurable- or that it is to be viewed in the unfavourable light in which you regard it- The other Thasildar Ramchistnyah seems also to have received Razeenamahs from parties holding Cowle- probably under the impression that he was warranted in so doing under the old Cowlenamah- but the amount of the land so given up is not great.-

4. The extent of land thrown up by parties not holding Cowle under Razeenamahs received by the two Tahsildars and to a small amount by their Sheristadars, for the two

Fort St. George 11th September 1845.—

two Talooks of Oojoor and Dinkencottah is Rupees 18,296—14—2. This is certainly considerable, but there is nothing in the Accounts which you have forwarded to shew that the land was thrown up, as you state without restriction, or without a due proportion of good and bad land being relinquished simultaneously. the Statement which you have sent merely exhibiting the total quantity of land abandoned without specification of its quality. The Board would not be warranted in consenting to the dismissal or degradation of the Thasildars on this information. They are moreover of opinion that irregularities of the nature attributed to these Officers would be most effectually corrected by careful attention on the part of the Collector and his Superior Huzzoor Servants at the time when the Dittums is framed. Any errors committed by the Talook Officers might then be appropriately rectified and such notice taken of their Proceedings as might appear requisite, which probably would not demand the infliction of greater punishment than the imposition of a moderate fine. It should also be observed that you have not called upon the Tahsildars for any explanation of their conduct or at least have not forwarded such explanation to the

Board,

Fort St. George 11th September 1845.—

Board, nor have you stated what extent of fresh land was taken up by other parties to compensate for that relinquished, nor as what was the outturn of the two Talooks at the close of the Fusly and what evidence it bears to the exertions and capacity of the Thasildars generally. Under all circumstances therefore the Board do not consider that you have shewn sufficient grounds for dismissing or reducing these Officers and they direct that they may be restored to their situations. Adverting also to Para 12 of your letter of 18th Ultimo, it does not appear to them that, for the same reason as was given in respect to Sooba Row, the Sheristadar Streenevasa Row is deserving of punishment and they direct that any fine which may have been imposed upon him be returned. They would also request, as the omission from the new Cowlenamah of the rule which imposed full assessment upon Cawle land when Patent had been relinquished may possibly be misunderstood, that the reasons for such omission as set forth in the letters from this Office of 8th February 1840. Para 3. and 26th May last may be clearly explained to all the Superior Native Revenue Servants, as within

Fort St. George 11th. September 1845.-

within your District.-

5. The Board further instruct me to point out to you that the charges against the Thasildar of Denkencottah in the complaint which you have forwarded are very loose and vague. One head of accusation against Sooba Row Viz.t that he has been influenced by his son to give partial decisions is incapable of proof. Such complaints as these against public Servants should be received with great caution.-

To the Collector of Trichinopoly.

To, The Collector of Trichinopoly.-

Sir, I am directed by the Board of Revenue to request with reference to the correspondence noted in the Margin, that you will submit according to the annexed Form a Statement shewing the total number of Heads of Villages in each Talook

To the Collector of Trichinopoly.

Requesting him to submit Statements shewing the total number of Heads of Villages in each Talook in his District and the aggregate amount of their emoluments and to furnish certain information

information on the subject.-

Talook and the aggregate amount of their Emoluments also the total number in each Talook who are not in the enjoyment of any Emoluments. In the Column of Remarks you will be pleased to state in how many Villages the Head of the Village is also Moonsif in accordance with the Provisions of Regulation IV of 1816 and in how many Villages the Office of Moonsif is held by individuals who are not Heads of Villages, and in the latter case you will be pleased to explain why the Enactment quoted has not been carried out. You will be pleased to submit a further Statement shewing in detail each Village in which the Head of it is not in the enjoyment of any Emoluments, its Population and Revenue, the amount of remuneration on immemorial Waste Land which you propose to give, and explanation of the grounds on which such remuneration is considered necessary. As remuneration already exists in the Majority of Cases and as the Office of Moonsif is sought for irrespective of its emoluments the Board are of opinion that where remuneration is to be granted newly, it should be confined to special Cases only, and the grounds on which the grant is recommended should be distinctly shewn.-

2. The Board have had under consideration the Statement of proposed grants to Heads of Villages in the Talook of Moosery which accompanied your Letter dated 10th. October 1844. and they are of opinion that additional Grants are not called for in Nos. 1, 5, 23, 24, 39, 40, 41, 42.- also where either Revenue and Population or both are trifling as in Nos. 6, 9, 11, 12, 15, 16, 21, 22 & 10a remuneration is unnecessary. In the proposed Grant both Revenue and Population must be considered but you appear rather to have fixed an uniform rate of 2 per Cent when the Revenue is below a given amount and Rupees 42 in all Cases above that standard. Much discrimination you will observe is requisite in determining where a Grant ought to be made. Indeed from the facts before them and the Statement which you have submitted the Board are disposed to think, that Grants of remuneration are called for in very few cases only.-

3. You will be pleased to furnish further and full explanation of the nature and origin of Kattay Kherais and why it exists in some Villages and not in others.-

From the Collector of Trichinopoly.

Sir,

Para 1. I have the honor to submit the usual Statements connected with the Land Revenue Settlement of the District of Trichinopoly for Fusly 1254 A.D. 1844/45 as mentioned below.

Submitting the usual Statements connected with the Land Revenue Settlement of the District of Trichinopoly for Fusly 1254.

1. Abstract of Settlement.
2. Statement of Do. in detail.
3. Comparative Statement between Fusly 1253 and 1254.
4. Average selling price of grain.
5. Statement of Nunjah Shanay.
6. Statement of the Cultivation of Sugar Cane.
7. Demand Collection and Balance of Fusly 1254.
8. Demand of arrears.

Season.

2. The season was far from being favorable. From the commencement of the Fusly till the end of September there was no general or continued fall of rain. At the Commencement of the North East Monsoon it rained abundantly for about a Week and then cleared up. On two days in the Month of November there were heavy but partial Showers and on the 31st December there was one of the most violent Storms ever known in the District which did considerable damage to the Crops and fruit trees and the Channels of irrigation and seriously injured many dwelling houses.

3. There was an abundance of water in the Cavery at the proper seasons but there is no doubt that since the construction of the Annicut across the Coleroon there has been great difficulty in supplying some of the principal Channels and owing to this cause combined with low prices there has of late years been a great falling off in the Cultivation of the second Crop in this District. But I am in hopes that the measures which were undertaken in the Engineers department during

during the season under report will have the effect of better regulating the distribution of water and obviating at all events in some degree this cause of Complaint.

Produce. 4. From the want of rain and the effects of the severe Storm above onentioned the Produce of the several Crops is generally complained of as having been very Scanty - The Poonjah Crops and the fruit trees are said more particularly to have suffered from the Storm.

Prices. 5. The price of grain continued at a tolerably favorable rate till the Month of December when a fall took place. During the entire fasly there was an increase on an average of 7 per Cent above the prices of the preceding fusly -

6. In point of healthiness the season under report afforded a happy contrast to the preceding one, the District having been generally very free from disease tho' there were occasional and partial but remarkably violent visitations of Cholera.

Settlement 7. The Summabundy was commenced in March and concluded in June, the greater part of the Puttahs being distributed during my absence by the Acting Head Assistant Mr. R. I. Sullivan.

8. The following is an abstract Statement of the Settlement of Fusly 1254 Compared with that of Fusly 1253, exhibiting a net decrease of Rupees 3742-5-10, resulting from an increase in 4 Talooks of Rupees 7343-1-7 and a decrease in 4 Talooks of Rupees 11085-7-5

The

Explanations of items of Increase and Decrease- No. 1 Cultivation and waste- the Statement No. 9-

11. The assessment on lands newly taken up by Ryots in fusly 1254 in exchange for a portion of those held by them in Fusly 1253, and on lands newly taken up by them in Fusly 1254- in addition to their holdings of the preceding year amounts in the aggregate to Rupees 82,626-2-2. The Amount of Remissions made on account of lands thrown out of Cultivation is Rupees 96,113-1-11- exhibiting a difference against the fusly under report of Rupees 13,486-15-9. The cause of this is that in consequence of the failure of rain in the early part of the season the cultivation of the superior kinds of grain could not be under-taken and the highly assessed lands were therefore abandoned, and the labor of the ryots was applied to raising inferior crops in the more advanced part of the season on lands bearing an inferior rate of assessment and which alone at that season of the year can be cultivated-

No. 2. Increase and decrease from Corumpoke-

12. Under this head there is a small increase of Rupees 310-3-3. arising from lands entered in the Accounts as Corumpoke having been brought into Cultivation and remissions to the Amount of Rupees 217-"-10 were made in consequence of certain lands having been destroyed by rivers- by digging and widening

widening of Channels of irrigation &ca" which do not seem to call for more particular remark-

No. 3. Tarapady Jastey & Commee-

13. In the increase under this head are included two trifling items amounting altogether to Rupees 12-8-11 consisting of lands situated on the borders of a river and formerly covered with jungle, which are not entered in the Survey Accounts, and were newly brought under the plough in fusly 1254- The Small decrease under this head of Rupees 8-13-9- arises from the following cause- About 5 Cawnies of land which were once included in the bed of the Wooyacondan irrigating- Channel were in fusly 1234 Cultivated and brought to account- The Naut Curnum who examined the Cultivation in fusly 1253 from an oversight entered the same land again as Tarapady jastee hence a remission became necessary in fusly 1254-

No. 4. Munnay totum-

14. The backyards attached to the houses of some Ryots who have absconded having been cultivated by other Ryots of the Village, the assessment upon them Amounting to Rupees 0-"-1. was demanded- hence the increase under this head- The decrease is occasioned by the restoration-

to

to certain ryots, who returned to their Villages, of their backyards, which during their absence had been cultivated by other ryots and assessed - and amount to Rupees 8—5—4-

No. 5 Increase from Naval Cadoogay -

15. This increase amounting to Rupees 47-4-4 arises from land situated on the Margin of a river having been brought under the plough and Cultivated with grain which was formerly covered with reeds and long grass.—

No. 6 Enams -

16 The holder of a Paroopoo Enam in Vellicatty having tendered his resignation of his land by Razeenamah, and it having been cultivated by another person the full Assessment Viz.t Rupees 21-11-" instead of the Paroopoo Assessment Viz.t Rupees 24-12-" being an increase of Rupees 21-11-" was entered in the demand - This Enam land allotted to a Canulgar in the Village of Saindamangoody in Moosery being found in the possession of another person was assumed and the amount of its assessment brought to account in fusly 1252 - In fusly 1254 - the land was again allotted as Canulgars Enam under the orders of the Board of Revenue - The remission of the Assessment occasions the small decrease under this head of Rupees 0-9-11-

The

No. 7 Mistakes - 17 The increase under this head of Rupees 86—"—8, and the decrease of Rupees 75—4—3, arise from errors in calculations made by Curnoms in former years being corrected in the fusly under report.—

No. 8 alterations of Crops - 18. Of the increase under this head the sum of Rupees 3456—13-10 arises from the Cultivation of Crops of a superior kind in the Dry Villages on certain lands which in fusly 1253 were cultivated with inferior kinds - and which under the provisions of the new Hookamnamah will ever hereafter bear the assessment of the superior Crops - There is also an increase arising from the extended Cultivation of the 2.d Crop in Garden lands of Rupees 747—12—5 and Rupees 263—4—6 from the extended Cultivation of the 3.d Crop making a total increase of Rupees 4467-14-9 - The deductions on account of lands being cultivated with inferior instead of superior kinds of Crops Amount to Rupees 992-4-8, the net result being an increase of Rupees 3475—10—1

No. 9 Vaumpier - 19. The increase from the Cultivation of the particular descriptions of Crops which are designated Vaumpier Viz.t Turmeric, Plantains, Beetel &.ca on lands on which they were

were not cultivated in fusly 1253, Amounts to Rupees 1781—5—4. The deductions on account of lands which having been cultivated with Vaumpeer Crops in fusly 1253 reverted under the Ordinary rule in consequence of the cessation of that Cultivation in fusly 1254 to Nunjay Amounts to Rupees 1951—7—11

No. 10 Talady or 2d. Crops

20. Under this head the result exhibits a net increase of Rupees 2232—11—7 in favor of the fusly under report being the result of a gross increase of Rupees 17,412—14—9 and a gross decrease of Rupees 15,180—3—2—

No. 11 Conversion of land from different heads

21. The increase arising from the conversion of garden and dry lands into Nunjay or wet, and of Dry into garden, Amounts to Rupees 892—6—2, the decrease in consequence of wet and garden lands being cultivated with Dry Crops to Rupees 26—12—1, and arising from Ordinary causes, does not require particular remark.—

No. 12 Cowle lands

22. The Statement No. 10 prepared in Conformity with the Board's orders will sufficiently explain the cause of the increase of Rupees 199——9 under this head.—

No. 13 Turn jaustee

23 The increase under this head amounting to Rupees 22—9—7 arises from the correction of certain fraudulent entries in

in their accounts by Curnums in regard to the classification of lands.—

No. 14. Coody Teerwah jaustee and Cummee

24. The increase under this head amounting to Rupees 117. 4. — arises from the Assessment with full Teerwah of certain lands which having in fusly 1253 been occupied by non resident Ryots were in fusly 1254 occupied by resident Ryots. The decrease of Rupees 16. 7. 4. arises from the restoration of the favorable rate of Teerwah to Brahmins whose land in fusly 1253 was discovered to have been Cultivated by other than their own means.—

No. 15 Poolvaulum Varam &c.

Increase 2331-7-11
Decrease 313-10-3
Decrease 283-2-4

25. The increase and decrease in these items of revenue depend on the esclent of Cultivation and there is nothing to call for particular notice as regards them on the present occasion.—

No. 16. Nadoomeer warey & Incroachy

26. The increase of Rupees 2113-9-11. for the use of water supplied to Poongay lands from Circar Sources of irrigation amounted in this year to Rupees 2,113-9-11. the decrease to Rupees 458. 5. 5.

No. 17. Grass Tax.

Increase Rs. 664-5-5
Decrease Rs. 812-1-1
Net Decrease 147-11-8

27. Under this head the items of increase and decrease are owing to Ordinary Causes the result being a net decrease of Rupees 147-11-8—

No. 18. Manray varey.

28. Certain lands liable to be assessed under this head as being appropriated for dwelling houses but which for some time had been

been unoccupied were in fusly 1254. Cultivated with fruit trees, the Assessment of which was brought to Account and Some other Mannay lands having been Cultivated with Kunjay Crops the proper Assessment was demanded on them and the Mannay varey amounting to Rupees 4-12-4 was deducted and appears under this head as decrease.-

No. 19. Mania Corsopoo

29. The increase of Rupees 5-1-2 under this head is occasioned by bringing to account in this year the favorable Assessment termed Corsopoo on certain lands which in fusly 1253. were not Cultivated. The decrease arises from the remission of Rupees 3-6-5. on land left waste in Enams which having lapsed to Government are entered in the Jyen accounts the Corsopoo tax being of course deducted.-

No. 20. Topes

Increase Rs. 575-14-4
Decrease Rs. 1491-7-5
Net Decrease 915-9-1

30. The net decrease of Rupees 915-9-1 under this head is attributable principally to the effects of the Severe Storm which occurred on the 31st December 1844. It occurred chiefly in the revenue derived from Tamarind and Illoopay trees.-

No. 21. Malayala Puttu

Increase Rs. 149-13-1
Decrease Rs. 342-13-..
Net Decrease 192-13-11

31. The net decrease of Rupees 192-13-11 of the Revenue derived from letting lands situated in the Hilly tracts of the District entered

entered under this head is owing to the unfavorableness of the Season.-

No. 22. Sundry items.

This decrease (Rs. 4) being trifling 32. needs no remark.-

No. 23. Shawvy withered Crops.

The amount of remission on 33. this account in fusly 1253 was Rupees 4183-11-1. in fusly 1254. it was only Rupees 1735-5-7. The difference Rupees 2448-5-6. is the increase entered under this head.-

No. 24. Illegal

Under this head remissions were 34. made in lands which were submerged during the freshes to the amount of Rupees 2927-15-7. which is less than the amount allowed in fusly 1253. by Rupees 22-7-8.-

Durgast Cummee.

The sum entered under this head 35. Rupees 52-11-2. was remitted to the individuals who cultivated certain lands belonging to two Pagodas The lands in question Constitute two entire Villages and are rented to the Same individual who undertook to bring them into Cultivation only upon Condition that the said remission should be allowed. Had it not been for this Offer a great portion of the Villages would have remained uncultivated.-

Particular Remission Rs. 81-4-6.

This is the amount of the Assessment 36. on land occupied as a Horticultural garden at Trichinopoly under the orders noted in the Margin which.

which was brought to account and remitted again as usual in order that the terms under which the land is held free of demand may not be lost sight of for want of entry in the Accounts.-

37. The result of the several items of increase and decrease just noticed is as follows-

Increase Rupees 1,21,941-13-10.
Decrease Rupees 1,25,684-3-8.
Nett Decrease Rupees 3,742-5-10.

Demand Collection and Balance.

38. The total Demand on account of the Land Revenue for fusly 1254 was Rupees 12,74,349-6-7. Of this amount Rupees 12,73,064-1-5. were collected within the fusly leaving a balance of only Rupees 1,285-5-2. of which the following are the particulars-

1.	Amount due by European Gentlemen and Recoverable	178-11-3
2.	Recoverable from Ryots	90-6-8
3.	To be remitted by the Court from the Sale of lands attached by them in execution of decrees.	139-2-5
4.	Recoverable by the Sale of land	450-1-1
5.	Irrecoverable from poor ryots	312-10-3
6.	To be recommended for remission	114-5-6
		1285-5-2

Measures-

Measures will be taken to recover the
39. sums belonging to the 1st 2nd and 3d items as soon as possible and I will address the Board separately regarding the 4th item at an early period.-

Of the irrecoverable balance amount-
40. ing to Rupees 312-10-3. Rupees 203-11-1. standing against the estate of a Minor upon whose lands, which have in vain been exposed to sale by auction, there are other large balances Rupees 73-1-7. are due by two Ryots in Nonaud and Rupees 35-13-7. by Ryots of Vittenutty- all of whose lands have been exposed to sale, but for which no offers were made I beg therefore to recommend that these balances may be Remitted.-

I request sanction also for remitting
41. the several sums included in the 6th item of balance for the following reasons-

In the Village of Canicacoreiky
42. in Nonaud a small quantity of land was found in excess of the survey accounts and the Assessment Rupees 2-15-10. was entered in the accounts as the excess does not exceed 10 per Cent and the Survey accounts remain unaltered the demand is improper.-

The Assessment on Poonjah waste
43. land proved to have been relinquished in a regular form by Ryots in the Paulgoody Talook

Fort St. George 11th September 1845.

Talook amounting to Rupees 102-9-2- is improperly entered in the Accounts.-

44- In Arrealore a small quantaty of land which as having been Converted from Coonjah to Punjah in a former year became liable to Punjah tax reverted in the fusly under report to Coonjah- while the additional demand of Rupees 8-12-6- was Continued. As failure of water alone prevented the land from being Cultivated with wet Crops this amount should be remitted.-

45. For various reasons the above items not having been Considered in time to make the necessary reductions at the time of Settlement and as they have been entered in the Accounts it becomes necessary to request permission to write off the balance to profit and loss.-

46. The total amount for the remission of which Sanction is required on account of Fusly 1254- is Rupees 426-15-9- Viz. as being irrecoverable from poor Ryots, Rupees 312-10-3, as being improperly entered in the Accounts, Rupees 114-5-6- Deducting this amount the balance remaining to be recovered on account of the land revenue Settlement of fusly 1254- A.D. 1844/45- is only Rupees 858-5-5-

47. The old balances are noticed in a separate Communication.*

48. There are no outstanding balances on Account of Tuccavy or advances for Cultivation.-

50. The usual report on the Extra sources of Revenue will be submitted shortly- In the mean time it is only necessary to mention that the decrease principally arises from the abolition of the Sayer tax Independently of the decrease on this account the real decrease on the gross amount of Revenue only amounts to Rupees 4,584-14-8-

51. I have great pleasure in noticing favorably Mr. R. I Sullivan's attention to his duties The business of distributing a large portion of the Puttahs devolved on him during my absence on leave

52. Sashagerry Row the Head Sheristadar whose services are so well known to the Board continues to exert himself with his accustomed Zeal and I have much pleasure in recording my entire approval also of the conduct of said Serishtadar Chellapah Moodelliar.

No 3441 Similar Establishments have been sanctioned for the last 16 years. — 102

35 72

No 3446 Ditto Ditto for the last 20 years — No 3446 This expenditure was required to prevent smuggling during the Shipping Season at the several Ports.

No 3447 This charge was rendered indispensable in consequence of no Shroff being attached to the Custom House at Tanay. The decrease under Nos 5 to 7 is consequent upon the entertainment of a permanent Shroff from March 1845 having been sanctioned by Government.

No 3449 Sanctioned by Government under Date the 9th September 1817. — 12124

No 3449 This Establishment was required to check the illicit manufacture and traffic in Salt. The decrease of and traffic in Salt. The decrease under this number is arises from having been found necessary to entertain the Shroff and Peons for the whole period for which they were estimated.

No 3447 This Establishment was required at Mahé Ferry the increase arises from the circumstance of the former Boat at the Mondal River having been unserviceable and the Boat having been at Rs 2, for 1 Month in October 1844.

No. 1 & 2 This Extra Establishment is indispensable in consequence of the Number of Servants that can be spared from the Huzzoor and District Cutcherries being insufficient to carry on the Survey of Dry grain Cultivation.

No. 3 & 4 This additional expenditure is deemed indispensable in order to establish a more effectual check against the illicit manufacture of and traffic in Salt The full amount estimated in the previous Fusly was not disbursed in consequence of the Shroff and Peons not having been found necessary for the whole period for which they were estimated. The annual Extra charge cannot be dispensed with without danger of encouraging Smuggling and consequent loss to the Revenue derivable from this branch. The decrease under these members is consequent upon a permanent Shroff having been allowed for the Tonany Custom House.

The expenditure is required to check Smuggling in the Make River the excess is attributable to the necessity of keeping a Boat in lieu of the former one which has become unserviceable for the Mongdal until another Boat can be purchased and substituted.

From the Dy. Collr. of Coimbatore ...

Sir,

Para 1. I have the honor to acknowledge the receipt of your circular letter dated 10th April last requiring information and Statements regarding the Moturpha tax levied in this District.

Affords information regarding the Moturpha tax levied in this District as requested in the Circular letter of the Board dated 10th April 1845.

2. In obedience to these instructions, I now forward herewith three Statements - No. 1 shewing the various items liable to tax, the number of Contributors, as well as the number of Villages and the Amount of revenue derived during the Number of Villages where this taxation exists, and the Amount thereof, and No. 3 the demand, Collection and balance of this source of revenue in the last 10 Years. These have been prepared in the prescribed form and are accompanied with their appropriate Hindooe Copies as directed by the Board.

3. Previous to affording information on the several points noticed by the Board, I would take leave to remark that the levy of Moturpha tax Appears to have existed from the

the days of the late Mahomedan Dynasty, when this District formed a portion of the Mysore Province this impost was levied under various denominations, and at different rates but not on any fixed principle; the same system was followed also in the early part of our administration Viz.t in the Years 1799 and 1800; but in Fusly 1211 / a.D. 1801/2 at the time of the Survey, a general revision of the items composing this branch of revenue was made by Major Macleod the late Collector and many of the taxes which were considered uncalled for and oppressive were discontinued retaining only such as appeared unobjectionable, and of which detailed Statements were submitted in 1805.—

4. The rate of tax is not uniform even to individuals of the same class subject to the payment of it. It varies in different parts of the District, and

and very frequently in the same place. It will be observed from the Statement No.1 that the variations are unusually great. In the item of House tax there are no less than 16 rates— in that of professional taxes there are 16 rates for Ironsmiths, 18 for Carpenters V.ea V.ea I am not aware of any sufficient grounds for the existence of such inequalities and whatever may have been the necessity at the time the revision was made, it does not appear that it exists still— and it would therefore seem that this matter has not been systematically examined. The prevalence of so many rates in the taxation of one and the same class of people must naturally be objectionable as affording room for fraud and oppression on the part of the Native Public Servants, to say nothing of confusion in the Accounts. but As the Community have become familiarized to the System which has continued unaltered for the last 43 Years it does not appear necessary that any further alteration should now be made except in cases of expediency which will be noticed hereafter.—

5. This branch of the Public revenue is

vide Reg.n X of 1832.

is collected in the same manner and upon the same
process as the land revenue. There is no distinct
charge on this Account. It amounted to Rupees
83118—9—10. in Fusly 1253. which bears a proper-
A.D. 1843/44.
tion of Rupees. 3—12—9. p.c Cent on the Land-
Revenue demand of the District Viz.t Rupees
Collections 2188372—15—10. The Charges
properly referrible to the head
of Moturpha are Rupees
4112—10—3. vide Margin.
The labour of preparing
the Moturpha Accounts in
the District is unusually
great and the entertainment of a separate esta-
blishment for this purpose will be of much
Public convenience. Such I believe is allowed
in the Districts comprising the Northern Circars.

6. With regard to the "general working of
the Tax" I have nothing to urge against it perfectly
concurring with Mr. Garrow in the opinion expressed
by him in a letter to the Board of the 9th. May 1805.
that the people who are now assessed "pay what is in
justice due for the protection they enjoy from a
Government to whose support their labours contribute
nothing since they do not cultivate land." all that

I would suggest therefore is a modification and
a reduction in the number of the variform modes
in which it is realized.—

7. The Moturpha demand on the
Looms of the Weavers in this District was re-
gulated upon the same principle on which it
was levied under the Native Government, and upon
this subject, I hope my communication of the 8th.
November 1814. will be considered sufficiently ex-
planatory. It would appear that many of them
were exempted from the payment of any tax what-
ever for some years; but under the instructions
conveyed in a letter from the Secretary to Go-
vernment dated 18th. July 1826. it was reimposed
on the grounds that the exemption of the Company's
weavers from Moturpha tax was an one—
hand illegal as being contrary to those sta-
tutary provisions by which it was intended
to place the Company's trade on the same
footing with respect to taxation as that of
Private Merchants and on the other, inju-
dicious, as affording facilities to the
fraudulent evasion of the tax. They
now pay no more than what they can
fairly afford with reference to their profits,
and the abolition of the Sayer duties under

under Act No. VI of 1844. is also a measure of great relief to them: the only reform therefore which is required is a revision of the present various rates of taxation, and the adoption of certain fixed average rates as proposed in my letter above quoted.

8. With regard to professional taxes no modification is necessary in my opinion. but the items susceptible of revision are the taxes on the people noted in the margin: each class now pays various rates. the maximum and minimum Amount of which, as well as the number of rates and the revenue derived therefrom, together with the deficiency which would occur by a modification of the same are shewn in the subjoined Statement. It appears to me that instead of any abatement in the Moturpha tax

tax, simplicity in its realization is merely required, to effect which, the smallest discrepancy possible in the rates to be collected should be studiously observed, thus rendering the tax less obnoxious to the payers, and less profitable to the Collectors of it. for most assuredly the Government do not gain any advantage from ~~the multiplied form~~ they now assume. By the adoption of the proposed measure, the loss to Government will not exceed Rupees 167—6—9. whilst the relief to the people and regularity in the accounts, will, out of all proportion, repay the difference.—

9. The Board will observe that some of the Columns in the Statement N.o 1 are left Blank opposite to the item "Ferrymen"; this omission is consequent on the impracticability of furnishing information under these heads: the revenue derived from this source comprises the amount realized on the annual rent, and no tax of any description whatever is levied from the Boatmen.

10. The only impost which is declared to press with severity on the contributors in the House tax paid by the people of the lowest orders Viz.t Chucklers, Parriahs and Pullers. their earnings are very small, and the adjustment of the demand of them is always attended with considerable difficulty. From the low estimation in which they are held by the Community, they are employed in no other than the meanest services, for which they are renumerated chiefly in grain. The House tax generally was levied during the Mahomedan Government at 2 Conteroy Fanams or 0-9-5 each to which was added another impost known as the "Sayr Vurree" at 3½ Fanams or Rs. 1 - a. - p. 5 making in the aggregate Rs. 1 a. 9 p. 10. This rate now prevails in the Northern Division of the District in the Southern Division it

it was revised, and different rates established. The people who do not hold Puttahs directly from Government, but Cultivate lands under warram Tenure pay 1-12-2. whilst mere Labourers are Charged Rs. a. p. 0-14-1.; the lower orders of people pay a still smaller amount, but as already explained, it oppresses heavily upon them and under these circumstances, I would recommend their being altogether exempted from taxation, the amount to be given up will not exceed Rupees (1741-10-8) One thousand seven hundred and forty one, annas ten and pice eight as shewn in the following Memorandum--

Read the following letters-

To

J. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

From the Collector of Malabar

61

Sir,

In reference to an Extract from the Proceedings of the Board of Revenue under date the 14th Instant I have the honor to inform you that under the authority conveyed to me in a letter from the Sowjdaree Udalut of the 20th Instant I have suspended the Chowghat Head of Police for 9 months - Should the Board wish to know the cause which have led to this severe punishment I shall be happy to forward copy of my rather voluminous report and appendix in the matter. For the present I will merely send the last paragraph-

dated 4th August 1845.

No. 1.

Extract from a letter addressed to the Register to the Sowjdaree Udalut by the Magistrate of Malabar under date the 4th August 1845-

13. The Chowghaut Head of Police is as clever a man as any in Malabar. I regret to add he is as corrupt. Four months after I came into the District, I had to make an enquiry into a charge brought

brought against him while at the head of a different Talook
Contraad of having taken a large bribe- There seamed little
probability of proving the charge and I thought it best to let
him off with a severe warning- In March 1842 he was suspended
at my recommendation by the Board of Revenue for 6 months
for culpable negligence to say the least in contracting for a
quantity of stones required for a public work at Yenamaket
and which would have occasioned a loss to Government
of more than 3000 Rupees" In November last I conceived a strong
suspicion that the head of Police had been gained over
to conceal the truth in a very aggravated case of Assault
and stated that I recorded this opinion in the belief
that it would be taken into consideration should his
conduct again call for animadversion. The Sessions Judge to
whom the case went on appeal (I find the Moonshee
whom the Head of Police wished to let off heavily) took
I believe my view of the subject- Heat all events dismissed
the appeal- The Head of Police has now come under my
notice as an offender for the fourth time- I think it would
be pessime exempli if a man of this description were to
get off altogether scathless I do not recommend his dis-
-missal because the charge for which he was specially
indicted before Mr. Cook has not been proved and he
must have the benefit of his good luck or good management
but I think I have shewn sufficient cause putting
aside this doubtless point for the opinion that his
proceedings have been inexcusably irregular and partial
and I beg to recommend that on this account and with
reference to his former bad Character he be punished
by a suspension of not less than 6 and not more than 12 months.

My whole order which is not very long is given in the appendix No. 7 dated 26th November 1844

Resolution thereon

(61-62) The Board are quite satisfied with the explanation given in the foregoing letter and approve of the suspension of the Chowgat Thasildar under the circumstances stated.-
