A

To
J. F. Thomas Esquire
Chief Secr. to Government
Fort St. George

Sir,

I have the honor to submit the result of my investigation into the debts of the zemindars of the Vasreddy and Sattanapilly Estates, as directed in the 7th Para of my instructions.

The enquiries of the Collector previous to my arrival, were confined to taking lists of the claims against each Estate and to the reception of written Statements of the particulars of such claims, from the Vakeels of some of the Creditors.

The debts of the Vasreddy Estate were selected for examination as being the most important

impatient and the largest amount that of Satanapilly as consisting of a great number of small sums, some of which were believed to be founded on collusive agreements between the Zemindar and his Creditors. And both together embrace demands of every description the adjustment of which affords data to guide the Govt. in disposing of those of the other three Estates.

Having summoned the Agents of the different claimants, most of whom were at Masulipatam, I stated the object of Government to a few of those who happened to be among the most respectable of the Creditors. And here I may remark once for all, that those professed of the best founded claims, based on bonafide transactions regarding which there could be no doubt, displayed not the only the greatest alacrity in obeying the summons but also evinced the most perfect readiness to enter into terms. Having explained distinctly the nature of my instructions and cautioned them against indulging a belief that Government held out any pledge to liquidate their claims, I requested them to state the terms on which they might feel themselves disposed to compound for the amount due to them. After considerable discussion, the two principal

principal creditors both of whom had Decrees of the Northern Provincial Court in their favor agreed to strike off all charges of interest and 15 per cent of the principal and Costs thereby at once reducing the sums adjudged to them by upwards of one half. These terms were suggested by a similar accommodation of the debts of the Divi and Ellore Zemindars effected at Masulipatam in 1843, and they appeared so fair and reasonable that I took them as the basis of my further proceedings. Other rules were adopted in the Course of the investigation generally with respect of parties concerned. The principles on which the negociations proceeded, may be stated as follows.-

1. All interest to be relinquished.
2. The principal of all claims supported by the decision of a Court of Law to be subjected to a deduction of 15 per Cent.
3. Claims proved by the full and satisfactory production of regular accounts to be admitted on the same terms.
4. Claims founded on Stamped Bonds not before decided, if supported by accounts or other proof, to show that the amount is exclusive of interest, to be settled on the same terms, otherwise to be subject to a deduction

of

of 30 per cent.

5. Stamped bonds purporting to be Settlements of running accounts including interest to suffer a deduction of 50 per Cent.

6. Bonds Notes of hand, (Porom) &c on unstamped paper, not admitted unless supported by accounts or other good evidence.

7. Claims not demanded for a period of 12 years inadmissible.

The Enclosure marked A shews the amount of debt against the Zemindary Estate with the mode of adjustment adopted in each case. From this it will be seen that the claims lodged with the Collector, on and after the 5th August 1843, amounted to Rs. 11,09,089. these on which the sum depended on an adjustment of accounts not then made and ascertained subsequently Rupees 233421-4-3. those undetected or omitted in the Collectors list and subsequently preferred to the Commissioner Rs. 30,441-0-5. Total Rupees 1,63,962-4-8, of which Rupees 27,883-13-1 belong to parties refusing to treat for a composition of their claims, Rs. 75,521-11-2 have been rejected, and Rupees 53,601-11-6 have been relinquished willingly by parties who consent to give receipts in full of all demands on payment of Rupees 3,98,934-15-11.

The

* No. 7 in A.

* Note. This is Exclusive of 000 in No. 6.

* Note. This is exclusive of 3000 Rs. refused to the heirs of No. 6.

The following remarks will explain the nature of such cases as call for particular observation, taking them in the order in which they stand in the list.

Claim 1st G. Looria Pracasa Row Rs. 20,115.

The late Zemindar Jagunnath Babo having disputed his Fathers will assigning half the Estates to Ramnatha Babo, his younger Brother and thereby become involved in difficulties, borrowed a lakh of Rupees in 1820 from the late Goday Looria Pracasa row, on a deposit of Jewels, for the purpose of paying to Government revenue the stamped bond provides, that the money shall be repaid in 6 months or the Jewels sold. the money however was not paid for several years nor were the Jewels sold. In 1829 the Creditor filed a Suit in the Northern Provincial Court and obtained a decree adjudging the payment of Rupees 20,115-0-0 principal interest and costs, the money to be made good in the first instance, by the sale of the Jewels and any balance remaining, to be recovered from the Estate. This decree has never been enforced Juged the widow and heiress of the late Pracasa now to withdraw her claim, as she holds property sufficient, if not more than sufficient, to cover the principal, but the objects to undertake

No. 21 dated 19th June 1837

the

the sale of the Jewels, which are represented as being of great value and not likely to fetch their prices either at Masulipatam or Madras. The only terms to which she will agree, are, to cancel her demand on payment of the principal, she giving up the Jewels and not claiming any part of the proceeds realized from them in excess of that sum. I was very unwilling to admit this proposition, as it appears from the pleadings before the Provincial Court, that the Defendants charged Sooria Prasaud now with having changed the most valuable stones in the ornaments, but as there was not a shadow of proof in support of such an assertion, no attention was paid to it by the Court, nor does it rest on any good ground, as far as I can learn. The claimant being in possession of such valuable property, backed by a decree empowering her to dispose of it and to come upon the Zemindari Estate for any balance, she had not the same inducement for entering into an accommodation, that the other creditors had, and under the circumstances, I consider the proposed arrangement to be very favorable to the property. With reference however to the Defendants assertions a clause has been inserted, that if any of the

the jewels should be discovered to have been changed, the Plaintiff is to forfeit all her claims both to them and to the debt. The same person has recently brought forward another demand, founded on a promissary Note (Hurrar Ramah) given by Jagunnath Baboo for Rupees 3485-11-3 to which allusion is made in the above Decree, but the document not having been produced tho' ample time has been given the claim has not been entered.

Claims 2 & 3 No 14 of 1832 dated March 1838 -6- of — 1841. -4- of — 1842.

Nos 2 and 13 are founded on decrees of the Northern Provincial Court, the last confirmed in appeal from the Guntoor Auxiliary Court. The first relates to a sum of 16500 Rupees borrowed by Jagunnath Baboo on the mortgage of 2 Villages for the payment of which suits in 1821. The suit was filed the following year and decided in favor of Plaintiff, for Principal Interest and Costs. Jagunnath Baboo, the Defendant as successor to the zemindary, denied the authenticity of the document on which Plaintiff claimed, without producing any evidence. A similar defence was traced in the 2d suit with a like result.

7th March 1838

Claims 3. Set Bara Kistna Dass. Rs 3,6129-4-6

No 3 is a debt incurred by the present and late Zemindars father,

Venkatadri

13039 Fort St. George 16th October 1845

Venkatadri Naidoo, on his pilgrimage to Benares, for Cloths and Jewels purchased from a Mer-chant of that City: on his return to Amravatty he gave a bond for the amount dated 30th July 1816, a few days only before his death which took place on 16th August. The Suit was filed against Ramnath Baboo the present Zemindar in 1836 and decided on the 27th September 1837.

No 23 of 1836

Claims 4-14

Nos 13 and 14 are claims of the Malraz Zemindar against Jagunnath Baboo for money lent to pay his State immediately after his father's death. The first was settled by a Decree of the Provincial Court the latter rests on a Razeenamah filed in the same Court for another loan of 35,500 Rupees in 1818. But of this latter sum Ramnath Baboo raised by Jagunnath Baboo had paid 21,961 3/4 Rupees before the Suit was filed and he discharged 16,480 subsequent to the date of the Razeenamah. The claimant having thus received more than the principal the claim was not admitted.

Dated 31st December 1835 on Roof of 1817.

† Rs 38,441 3/4

Nos 5 and 6 call for no particular remark. Both are founded on Razeenamahs filed in the Northern Provincial Court; for small sums the object in borrowing which is not stated, but they were

13040 Fort St. George 16th October 1845

were probably for Jagunnath Baboo's personal expenses.

No 7 deserves more attention. It is a Decree of the Northern Provincial Court for the mesne profits of the Chintalapalle Vantoo, a portion of the Nundigamah Estate, of which Venkatadri Naidoo retained pos-session for several years, to the prejudice of the Plaintiff who on attaining his ma-jority, filed a Suit against his relative and not only recovered the property but like-wise the proceeds during the minority from 1801 to 1805. The decision of the zillah & the Provincial Court on appeal, gave him the Estate but refused to allow the profits of former years, a further appeal to the Sudr Udalut however put him in pos-session both of the Estate and the former produce. Not content with this the Plain-tiff filed a new Suit for the profits subse-quent to the first action. The Provincial Court rejected the claim with costs, but the Sudr Udalut in appeal, reversed their decree and adjudged the full amount sued for, with all costs, amounting to 24,648 Rupees afterwards reduced on a review of Judgement to

Claims 7 & 8 late Estate Bhavani Venkatasawmy Venkadatha Naidoo Rs 2,29,591-11-5

* 29th Feb 1816

† From 15th November 1805 to 27th February 1829

31st August 1832

21st August 1832

29th Sept. 1828 to 2,38,833 Rupees. The case is now under appeal to the Queen in Council, at the instance of Ramnath Baboo and the papers and deposit money are lodged in the Court of Sudr Adalut where it has been ruled, that the appeal shall not be forwarded until the principal suit between the Baboo and his brothers widows shall have been determined by the same authority. This Creditor has been prevented by illness from appearing before me and the Vakeel though invested with a Mukhtarnama was afraid to act. The diversity of opinion that prevailed in the different tribunals, shows that the point at issue is by no means a clear one and it is not asserting too much to say, that however consonant with law the last decision may be, it is entirely opposed to the custom prevailing in all great families throughout the Northern Circars, and indeed in other parts of India likewise where large landed proprietors exist. In such, the right of succession is not so much in favor of the direct line as of that member of the family best qualified by mature age and character to maintain its credit. Reference to the Enclosures of a letter of Mr. Whish furnishing information

From Collr. 29 Nov. 1845 Substantiating Endorsement Question 6

information for the Court of Directors regarding the condition and prospects of the Zemindars of this Circar, will shew how frequently Suches has been the practice here. In the present instance the Plaintiff accepted and received an allowance of 50 Pagodas a Month from the Zemindar until the day he was put in possession. He has also received the profits adjudged to him in the first suit amounting to 9,5000 Rupees and the costs of the second Rupees 8229. He has likewise 2 other bonds for 1500 Rupees both of more than 12 years standing. Had this creditor been able to attend Court he would have been able to induce him to compound for a very small portion of his claim, but as it is, I cannot recommend that Government should take upon themselves to defray any portion of a claim resting on such grounds.

In the two next cases Nos 8 and 11 the parties have refused to come to any terms of accommodation. The first is a bond on stamp paper for 5,000 Rupees borrowed by Jaggannath Baboo from one Goondurvelle Gopaulrow of Bunder in 1824 and secured by the mortgage of a house in the Jaworpetta. The heirs of the pers-

Claims 8. 11. 2. From Trivat Bom and 23 Zyen Raja Pl. 1917-8-

No 28 of 1835

Jerson brought a Suit in the Northern Provincial Court for Principal and Interest in conjunction with two other parties who had received Assignments on the land arising out of other transactions with the holders of it Ramnath Baboo admitted the claim and filed a Razeenamah on the 21st October 1836 providing for its liquidation out of the proceeds of the Zemindary then under sequestration by order of the Sudr Udalut in consequence of the Suit for the succession pending between Ramnath Baboo and his brothers widows. But the Provincial Court under instructions from the Sudr Udalut refused to admit the Razeenamah of one party only and passed a Decree in favor of Plaintiffs against the parties to whomsoever the Estate might eventually be decreed. Whilst the Suit was pending the Plaintiffs in anticipation of the Razeenamah abovementioned

Proceedings 1st May 1837.

dated 25th July 1837

15th Oct. 1838 presented a petition praying that the proceeds of the Suit to be paid from the Estate, might be divided in proportions stated by them between themselves and Pedoor Hoshal Ramah of Guntoor, to whom one of them owed Rupees 4,698-2. But this arrangement fell to the ground when

when the Razeenamah was rejected and another was made by which the claim of Hoshal Ramiah was secured to him as this Decree Subsequently the house in Masulipatam was sold in execution for 4713/12 Rupees and the proceeds divided between Hoshal Ramiah and the Plaintiffs. The sum of 786/12 Rupees of the principal therefore only remains due and the the Plaintiffs are willing to accept this with the amount of Costs 147/12 Rupees on the same terms as the other Creditors, Hoshal Ramiah will not allow them to do so. This Hoshal Ramiah and his late brother Halidas originally of Guntoor, became the Dewan Carnums of Guntoor, became the Dewan of Ramnath Baboo at the time of his rupture with his brother, after their fathers death and have acquired considerable property at the expense of the Zemindary which the surviving brother, Hoshal Ramiah, employs in making loans at high rates of interest. Being of an avaricious disposition he cannot persuade himself to relinquish any portion of what the law has adjudged to him and as he likewise holds bonds of many other Zemindary he is afraid that any concession in

Claim No 26, 335-37.

in this instance, may weaken his means of recovering elsewhere. He wavered a long time however between this consideration and the prospect of a more certain tho' smaller advantage and in the end would not express his refusal distinctly in writing, but he stated to me verbally that he would not accept the terms of the other Creditors. Ramnath Baboo asserts, that the sums for which his opponent sued him, was the amount of their transactions including interest, for which the urgency of his necessities induced him to grant the bonds on which the Decree was made. These bonds are not supported by any other documents Ramnath Baboo produced his accounts in Court, but in the eye of the law they availed him nothing, when opposed to his own formal bonds. The two accounts are as follows.

By Hoosh'l Ramiah's Decree.		By Ramnath Baboo's accounts.	
	Pc. A P		
Principal on the bonds	111775 — —	Principal as per accounts.	65407 — 12 — 2
Interest on D° —	137347 — 7	Deduct payments —	7902 — — 7
Costs —	9212 — 12 — —	Remainder —	57505 — 11 — 7
	269335 — 3 — 7		

Of which sums are a separate bond not included in these pleadings — 2500 — — —

35005 — 11 — 7

Add wages of Khalidar & Dewan for 5 years at 120 Rupees — 11400 — — —

66405 — 11 — 7

Interest — 45369 — 4 — 5

111775 — — —

Fiere

There is reason to believe that the latter statements are not altogether devoid of foundation for though Judge Hossal Ramiah to produce his accounts in which these transactions are entered, he took good care not to do any thing of the sort and every one acquainted with the character of the zemindars knows how recklessly they incur ruinous prospective obligations for the sake of a comparatively trifling present gain.

Claim 12. From Kistnamah Rs. 2,407 — —

The 12th claim stands in the name of the widow of Toom Tirmulrow the principal party in No. 8 The bond which is for 8650 Rupees was executed by Ramnath Baboo in favor of G. Gopalrow, the same individual who appears in the former claim, from whom it passed by inheritance to the present holders. It was this bond which was transferred by claim's assts husband to his partners in the transaction already related under No. 8 from whom it passed again to the widow who is instituted a suit in forma pauperis in the Guntoor Sessions Court and got a Decree No. 1 of 1843 the following year against the Zemindar for Principal, Interest and Costs. An execution issued against the Zemindars personal

personal property, having been stayed at my instance, pending this investigation, the Civil Judge has called on me to recover" the sum of Rupees 1019 the amount of Stamp duty due to Government, and fees due to the Pleader on account of the Pauper Suit.

From the Sessions Judge 22nd April 1845

Claim 9 Richard Alexander Esqre Rs. 24000 — —

No. 9 is founded on a Razeenamah filed in the Northern Provincial Court in Suit No. 21 of 1822 for the adjustment of a demand preferred against the late Jagannath Baboo by a Sowcar of Masulipatam named Narrain Dose Radha Kishen by whom it seems to have been transferred to Mr. Richard Alexander the Master Attendant at the same place. The claim being entered under that Gentlemans name in the Zemindari list, I sent a notice to him in common with the other Creditors and in reply received an intimation that he was about to despatch a Vakeel to my Office with the documents necessary to support his demand. No further communication having been received and the agent not having appeared, I addressed a second letter recalling his attention to the subject on the 17th May and received a Copy of his claim and of the Decree dismissing the Suit but without the

the Razeenamah itself or any other papers I therefore again explained to him the nature of my inquiries and the wishes of Government and repeated my request for the attendance of his agent but neither to this letter nor to two others subsequently written have I received replies and I am therefore unable to afford any further information on the subject.

To Mr. Alexander 27th June & 10th July

Claim 10 M. Venkatasawmy Naidoo Rupees 26577

No. 10 is a Decree for Rupees 24,6575 — — principal and interest the result of a long series of transactions between Rannath Baboo and the late Sanpore or Mambalum Venkatasawmy Naidoo connected with the disputed succession to the Zemindary. The Decrees, 3 in number, were given in favor of the claimant by the Northern Provincial Court and confirmed by the Sudr Adalut in appeal at the instance of Rannath Baboo. The decision rests entirely on the bonds which were not supported by detailed accounts of the transactions to which they refer. The executor of M. Venkatasawmy Naidoo sent a Vakeel to treat for the adjustment of the claim, who in answer to my demand for these accounts, stated that they were not now forthcoming the papers of the deceased being in great confusion and not yet arranged by the executor this

Nos. 9-10-11 of 1841

From Mess. Binny & Co. No. 15 & 98 dated April 1845

claim

claim is said to have been transferred to the firm of Messrs. Line and Co who transmitted the Decrees and named the same agent as the executor, but the Power of attorney (or Mookta namah) is in the name of the executor Cooram Venkatasawmy Naidoo alone.

This agent also presented another stamped bond for 20000 Rupees, regularly executed by Ramnath Baboo on the 30th August 1838. subsequent to the adjustment of accounts which forms the subject of the decrees abovementioned. Ramnath Baboo denies all knowledge of the transaction but the purchase stamp on his account is proved by the stamp Venders records and Golamoody Venkiah a credible witness, and a servant of the Zamindars, who was long kept out of my way (in the same manner as the Jemadar Kistnen sing on the next item) deposes to the execution of the document, which is in his hand writing. I therefore admitted it as a valid demand. But as it bears evidence on the face of it of being an adjustment of accounts which were not produced in explanation of the items, the Vakeel consented to make a deduction of 50 per cent in conformity with the 5th General rule.

No.

Claim 15
Kistnen sing
Jemadar
Rs 25374-3-1

No. 15 is a fictitious claim. The supposed creditor served the family as a Jemadar in the palmy days of the Zemindary and the amount is made to appear as if it had been advanced to enable the Rajah to pay his kists just before the Estate was last taken out of his hands, on the 7th January 1811. I had reason to believe this to be a collusive transaction from the first, and my suspicions were strengthened by the difficulty I have in procuring the Jemadars attendance. Several summons were returned with endorsements from the Villagers that he had gone into the Zemindary, and my messenger declared his belief that he was all the time in his own house. at length having occasion to go to Amravathy I insisted on his being produced and he then stated that the debt had been repaid within 6 months after it was contracted. Ramnath Baboo however in his Schedule which is dated 5th August 1813. Eighteen months after the sequestration of the Estate states it to be still due. He also by an unlucky oversight makes the date of the loans the 4th and 24th January. The latter being upwards of a fortnight after the sequestration of the Talooks when he could have

no

Fort St. George 16th October 1845

no need or intention of paying him. These dis-
crepancies convinced me that my first sur-
mises regarding the character of the transac-
tion were correct.

Claim 18
Rate Sambha
Siva Row and
K Puttabhi
Rama Row

The claimants in this case are
Sowcars of Masulipatam who supported
Ramnath Baboo from the date of his father's
death and more particularly after that of
his brother Jugguunath Baboo in all his
law Suits for the succession to the property
During a considerable period that he had
no other means of subsistence they supplied
him with money for his personal expenses
and the discharge of the revenue and at the
same time made large advances for law
charges. The surviving brother holds nume-
rous acknowledgements and bonds executed
by the Zemindar. He also produces many
letters shewing that Ramnath Baboo had con-
stantly put off the day of settlement on one
pretence or another after he got possession of his
Estate. On being required to produce his
accounts, he has done so without reserve
and from these the following Statement
of his claims has been drawn out in my

to

he produces an original letter of Ramnath Baboo's, urging the realization of the money and making over two of his permanent sunnuds Viz. those of the Collaar and Six Island Estates, both of which are now in the creditors hands. For the third, which appears as "Secured (woopsada) to Namasevaya Chitty on account of Ramnath Baboo" there are no corroborating documents. On a careful consideration of all the circumstances, the necessity for such large remittances within so short a space of time, together with the fact of their occurrence at the close of the long course of transactions between the parties, determined me notwithstanding the evidence in support of the two first to reject them and I stated my readiness to admit the authenticity of all the other items as fully supported by the Books of account and to recommend that the amount Rupees 83,471 N 3 should be settled agreeably to Rule 3 on the same terms as the other established claims. Some days afterwards Puttabhe Ramiah waited on me and after much hesitation and embarrassment produced a voluminous correspondence with the parties

parties at Madras relative to a series of intrigues for the purpose of securing a favorable decision of the suit pending between Ramnath Baboo and his brothers widows for possession of the Zemindary. At the close of the proceedings in Ramnath Baboos favor, two remittances of Rupees 50000 each were made in pursuance of previous conditional agreements and the receipt of the money is fully acknowledged by Namasevaya Chitty. The third bond relates to a sum of 30000 Rupees due by Namasevaya Chitty to Puttabhe Ram Row for which the latter granted an acquittance in full, in virtue of the exertions of the former in behalf of Ramnath Baboo for which and for 20000 Rupees in gift to Ram Row himself the bond was executed. Altho' there is not a doubt a remittance of a lakh of Rupees was actually made at this time, with the view of furthering his clients interests I told the creditor that I felt myself precluded by the improper nature of the transaction from recommending such a claim to the favorable consideration of Government. He prayed very hard for a more propitious answer, urging that he

he had been reduced from affluence to absolute poverty by the ingratitude of Rammath Baboo, and that had he gone into Court he would have obtained a decree as P. Kreshnaut Ramiah and Mambalum Venkatrawmy Naidoo had done on transactions of an equally questionable character. The plea of his poverty is a true one. The amount recommended for adjustment in the event of Government being pleased to settle the debts will barely enable him to discharge the most urgent of his own liabilities many of the notes and bonds having been produced by parties to whom they are mortgaged. He has stated his readiness to cancel the third bond for 30,000 Rupees altogether and to make a large deduction from the two others even to the extent of 70 per Cent. that he may have a small sum left for his subsistence. This would relieve the Estate from all future demands from this person and prevent him from bringing a suit against the Zemindar on his acknowledgement of the bonds supported by the Title Deeds; and the subsequent recent admissions of the transaction in their correspondence. I leave it for

for Government to decide whether his claim is deserving of consideration, only observing that of all the creditors he has been the most open and unreserved in affording explanations and as that a less degree of candour might have been more advantageous to his own interests.

Claim 17 Lutchmee Bayemmah Rs 3000.

No 17 rests on two stamped bonds brought forward by the widow of Subbeeva Antana Puntoolu the Dewan of Jagiennath Baboo executed so far back as 1802 and 1804. Rammath Baboo adduces a counter claim for 232282 Rupees against Antana Puntoolu founded on two stamped bonds one executed in 1811 for 35190 Rupees the other in 1812 for 80951. None of these claims having been urged within the last 12 years, they are not recoverable under the Regulations and the former has been withdrawn voluntarily. The latter refers to transactions of the old Zemendar Venkatadry Naidoo. In his time the revenue was collected in gold. The pagoda the current at 4 Rupees being only receivable in the Collectors Treasury at the rate of Rs 385 for Pagodas 100 it was usually for the Zemindars to convert their collections into silver through the agency of their Dewans taking short bonds as security. Both these bonds are

are limited to one month and most probably refer to some such transactions.

Claim 18 & Petition Khant Rau

No. 18 is a note of hand (poorooni) on unstamped paper for 950 Rupees given to the claemants father by Ramnath Baboo. The Babo admits the truth of the but says, it was not given for money but for a service rendered to him by the party, who was then in the publick employment. to accounts or corroberative evidence have been produced and more than 12 years having elapsed, the claim has been disallowed.

Note dated 26th June 1826

Claim 19 Refer 2960

No. 19 Teeka Bhamiah son of the late Government Vakeel in the Northern Provincial Court holds two Bonds of Kannuth Baboo one on stamped the other on plain paper the former for 2000 the latter for 500 Rupees. Both bonds are of old date but they have each a more recent payment endorsed on them which brings them within the period allowed to prosecute them. Tho' the claim is not free from suspicion, the original execution of the stamped bond is proved by two witnesses and the claimant agrees to be satisfied with the

18th March 1837 August 1839

the principal of this one only, minus 30 per cent.

Claim 20 Rs 11.31-10

No. 20 A Brahmin named Tadapelly Krishniah claimed an Enam at Bapulla which had not been enjoyed for many years. He first preferred his Petition to Mr. Oakes the Collector in 1821 under whose management the Estate then was. But unable to substantiate his title, he desisted for a time and again brought it forward by a suit in the Guntoor Auxiliary Court against the Collector (Mr Whish) who had charge of the Estates as Agent for the Court of Sudr Udalut. The Court directed the Proprietor and not the Collector to be entered as Defendant, the latter being their ministerial Officer only. a decree was given for the Plaintiff which was confirmed on appeal to the Nellore Zillah Court and again on a special appeal to the Provincial Court. He then filed another suit for the value of produce between the date of the first suit and that of his being put in possession and got a decree for 1431/4 Rupees being the estimated produce of the whole land claimed for 7 years. Before Mr Whish was relieved from the defence of the Suit he had prepared an answer which

Petition 12th Septr 1821

No 54. 27th Octr 1828

12th June 1839

29th June 1840

13059 Fort St. George 16th October 1815

I found in the records In this he states that there is no entry of the Enam in the accounts subsequent to 1208 Fusly; that it was included in the assets of the permanent assessment of the Nizampatam Circar, that the period of limitation within which it could be claimed under Regulation had expired, that the two documents (Doombalapatras) of Vencatadry Naidoo and Jagunnath Baboo to establish this point are forgeries, that had they been genuine they would have been produced to Mr Oakes which they were not, 4thly The defence of the Zemindar was very different He alleged that Plaintiff was not related to the last holder and that the lands had escheated which the Court observed was a reason for their reverting to Government, not to the Zemindar But the most precious part of the case consists in the extent of land put into Plaintiffs possession The Summud confers only one cutty of land The Enam butty of the Village contains 20⅞ acres The Memorandum of the boundaries given by the Villagers styles it a Resurpate butty and on this plea Plaintiff claimed and received from the Officer of the Court who went to give him entry to the land 3⅞ Coochalos or upwards of

XXXI of 1802

13060 Fort St. George 16th October 1815

of 37 acres When I was at Bapatla the burnam stated to me that no such measure as that claimed was known in the Village, that two other individuals holding Enams according to the Resurpati Cowlel, both on summuds conferred by Alee Mookh khan, the same Zemindar who granted that on which Plaintiff claimed only enjoyed 20⅞ acres and that he had no right to more From the Collector of Masulipatam I obtained an Extract from the Register of Enams in that Zillah prepared in 1807 whilst Nizampatam was under it This also exhibits but one butty, which Mr Porter states never exceeds 15⅞ acres in that District, tho' in one case the late Collector had decided a claim for a Resapate butty as equal to 3-8-0 Butties B. P. but this is the only instance known The Plaintiffs right in the present case is by no means clearly established It was never admitted by the Collectors and is so opposed to the testimony both of the Villagers the publics accounts and usage that I cannot help thinking the result would have been different had the suit been defended by the Collector Under these circumstances and believing that Plaintiffs claim, if

From Wm Porter 16th July 1815

if he had any equitable claim at all would be amply compensated by the produce of the Village mamool butty. I proposed that he should agree to accept ¾ of his present demand - In the fear however of invalidating his title to the land itself he holds out for the whole and I have therefore been prevented from coming to any arrangement which him.

Claim 21 Rs 6000 -

Poopoor Sutchinee Narain Sastri has two bonds one on stamp paper the other on plain. The purchase of the stamps for Rammath Baboo is proved and the bond itself is entirely in his hand writing. He has also endorsed a small instalment in 1842. The Sastry agrees to deduct 30 per cent from this bond and to forego the rest of his claims.

Claim 22 Sat Sowa Sat 1999-9-9

No 22 is the claim of a Sowcar of Tiruvarowpettah in this District who produces an old account between his firm and Jaggurnath Baboo the date of which is far beyond the period of limitation. Against this the Baboo brings a bond given by Chinnarami late Senior partner of the firm to Venkatadri Chetty of still older date, which is admitted to be a genuine document, but equally useless from the time it has been

been suffered to lie dormant. This person has besides a claim on a deposit of valuable property placed in charge of the Collector by order of the Sudr. Udalut on account of disputes between himself and Subnevis Kistnarow who has a lien on the same property, supposed to be worth from 50000 to a lakh of Rupees, tho' much deteriorating the period it has been locked up - I received a 25th July 1845 communication from Subnevis Kistnarow begging that his claim might be settled without reference to the deposit, but after reading the Proceedings of the Sudr Udalut under date the 23d March 1840, I declined to interfere in the matter. The property already set apart ought to be sufficient to satisfy both demands should they be established.

Claim 23

The last item is that of two bonds in the possession of Dakshana Murti one stamped the other plain for Rupees 8000 Both are of old dated 3d January 1825. He admits that neither are for money paid but that they were granted by Rammath Baboo in compensation for his retirement by Jagunnath Baboo from the farm of the Sea Islands Estate given to him by Rammath Baboo and which the latter did not wish to be carried into Court. The first was for the alleged expences of

pro-

management, the records for the amount of anticipated profit but all this rests on the claimants own Statement the whole of which Ramnath Baboo denies Dukshanamarti admits that he only had possession of the farm for five months, during which his losses could not have been very great nor is it likely that he did not collect sufficient revenue to cover them.

Enclosure C

The Zemindar has brought forward some claims which he says are due to him, but as may be imagined from his urgent necessities, none of them are of any value

See above No 11

The first is against S. Koodrat Ramnah for a bond on an acknowledgment purporting to be granted by his brother Kalidas on the 19th June 1835 for 10000 Rupees that had entrusted to discharge by the old Zemindar Venkatadre Naidoo to make various purchases and which he promises to repay to the party in whose favor the succession may be determined. It was filed for the defence in the Suit mentioned in No 11 but does not seem to have influenced the result and to have been returned accordingly. The next is against subsequent Antana Pantoolu has been explained already. And the various Nazarenah produced formal receipts for the demands against him, which were of the times of Venkatadre

Venkatadri Naidoo. A large sum in Government Bonds has been deposited in the Court of Sudr Udalut on account of the various suits now in progress for the succession; whatever parts of this may remain after the payment of costs will be available for the liabilities of the Estate hereafter. Besides these the Zemindar has a bundle of bonds, 347 in number the aggregate of which amounts to 5,54,516–1–6 consisting of acknowledgements from the Ryots of different Villages of sums due by them as balances of Revenue of rents of very old dates generally between 1808 and 1814, several of these indeed were sent for and examined but seemed to know nothing about the matter. Most of the actual parties to the transactions are dead. There is not a single item that can be pronounced recoverable.

Considering the long continued embarrassments of Ramnath Baboo and the amount of the arrears standing against his Estates, the portion of debt incurred to discharge the Public Revenue is wonderfully small, not exceeding 196500 most of it borrowed by his brother before 1825 the annual peishcush being 5,40737 in Guntoor alone. The amount appropriated to his own and his brother's subsistence

Note. These sums refer to the amounts recommended for adjustment exclusive of sums rejected and of those belonging to persons refusing to treat.

See claim No 17

Subsistence is 15,705 or with Kooshal Peishah account 17,710 while the large sum of 123358 or including Puttakhi Ram Row's bonds of 273358, seems to have been expended in the Law Suits occasioned by the disputed succession.

Throughout all these transactions the Zemindar's character appears in a very unfavorable light. He seems not to have sense of moral obligation, scruples not to deny his signature that he may evade his engagements and to charge his opponents with forgery when they produced the letters or notes they had received from him. He has shown the most heartless ingratitude to those who assisted him in the days of his distress and treated their claims with indifference and neglect when he longer wanted their aid. The little insight obtained into his intercourse with the agents conducting his legal proceedings betrays a mind of the most suspicious temperament. He seems to have carried on a separate correspondence at Madras with Namasivaya Chitty, Sungoo Venkatasawmy Naidoo and his own Dewan Kaleidas all of them professing to be engaged in intrigues for his success all of

these.

them working independently and displaying excessive jealousy of each others proceedings. Some of the papers contain allusion to "the Private Vakeels" at Madras who seem to have been a sort of Spies on the Chief agents. It cannot be doubted that the Zemindar himself became the dupe of his own cunning and fancied prudence, and that the sums extracted by his agents were more for their own benefit than for their principal's cause.

Some of the Judicial decrees Characterize his conduct in the most disparaging language. The Court of Sadr Udalut in Appeal Decree No. 9 of 1841 observe — "It is impossible not to feel the utmost surprize at the gross and shameless defence set up by the Defendant, a man of rank to evade his just debts and to injure the Plaintiff on whom it is evident he has long depended for support." And in disposing of appeal suit 11 of 1842, the first Judge of the Northern Provincial Court records the following sentiments "I never read a case in which the evidence for the Defendant deserved more justly to be committed for perjury. In fact not only is the evidence a tissue of falsehoods — but the defence itself carries suspicion on it throughout, certainly the Assistant Judge's remarks on the Defendants Character

character are well marked in the whole of the transaction and he has not in the least overrated the cunning and intrigue which has marked the whole of the Parsons proceedings throughout."

The debts of the Sattanapelly Zemindar are of a totally different character from those of Vasreddy. The latter is one of the greatest Zemindars in the Northern Circars paying an annual peshcush of several Lakhs in Guntoor and classification. His transactions therefore are generally of some magnitude and most of them have been into the Courts of Law and the claims now brought forwards are generally founded on decrees or Puzzeenamahs. The former is the proprietor of a moiety of one small Estate only and though his liabilities are more numerous, they are all of trifling amount and not more than four have been decided in the Courts.

In Guntoor Rs. 6,40,737-
In Bunder Rs. 41,750-

This Zemindars affairs having attracted the attention of the Collector in 1840, Gopal Row gave him a list of his debts on that occasion amounting Rupees 68789-13-5. The list furnished

furnished to Mr. Stokes on the 5th September 1843 after the delivery of the Permanent Summons, did not exceed Rupees 45297-9-11 which was followed by a supplementary list on the 4th November of 16770-2-6 and that by a second on the 10th September 1844 of Rupees 21862-8-7. In all 83930-5-6. To this must be added claims presented direct to the Collector those of which the amount was uncertain when the lists were prepared and those preferred to the Commissioner, making a total of 192555-9-8.

Enclosure B.

Of this amount Rupees 26754-3-6 belong to parties who have good claims but refuse to enter into terms Rupees 144,019-11-2 to parties whose claims are not tenable, and Rupees 21751-11-0 to parties whose claims have been admitted, and who have entered into terms to cancel them for 12270-3-10 Rs. A. P.

Claims
1-3-7-8-9-
12-17-19-20-
No. 8 Rs. 818-8-5.
No. 19 Rs. 454-15-1.

The first comprises 8 claims of which three are supported by decrees of Court. Two of these No. 8 and 19 are in favor of Koothal Pamiah the same person described under No. 11 of the Vasreddy claims and who declines treating for the same reason as stated there. It is chiefly through his influence also that the parties in Nos. 3-7-12 have

have been prevented from according to the General terms which they were at one time on the point of doing. No. 3 is the Zemindar's uncle & the most valid of his claims rest on two stamped bonds granted in June and July 1828 and which are only brought within the period of limitation by the list of Debts delivered to Mr. Goldingham in March 1840. No. 7 is a relative of the Zemindar's by Marriage, who held the situation of Revenue Madatgar of Guntoor on a Salary of 12 Rupees a month. She claims rest on 12 stamped bonds for small sums one of them being for wages which the Zemindar will not allow and he having been in the Service of Government it does not appear how he could have earned them. This bond, having been excluded from the Zemindar's list, would have been inadmissible from its date, had not a recent payment been noted on it against which the Zemindar protests: the sum having been given to satisfy the other bonds and endorsed on this one contrary to his consent. The Claimant produces no accounts or corroborating evidence and gives conflicting Statements of the manner in which a person holding a very inferior situation in the Service of Government became possessed of such sums.

M. Hindal Row Rs. 908-0-0

Chellanga Jogiah Rs. 3528.

No. 1

Tota Krishnamah. Rs. 4777.

No. 1 holds two bonds one only on stamp paper. He has been long in the public service as Sircen of different Talooks and was at one time Manager of the Sattanapelly minor Estate under the Court of Wards. He failed to produce any accounts after engaging to do so as he is largely engaged in trade there can be no doubt of his ability to do so if he chose. The cause of his unwillingness connected with a Circumstance that came out in the course of the investigation Viz. that the money was lent shortly after a grant of 10 Koochalos (about 200 acres) of land in Potavaram had been conferred upon him by the Zemindar, which though strictly forbidden by the orders of Government he not only could not deny but even produced the Zemindar's Sunnud. He would not however consent to any abatement of his demand. No. 12 is only unsupported by a stamped bond on which the holder will not forego either principal or interest. No. 9 is a bond mortgaged to the present holder by a Goozerate Soucar of this town. It was originally executed for a balance accruing on a Settlement of accounts with the late Zemindar and of this balance more than 1/2 have since been discharged. The mortgagee who

Bal Kistna Dofs. No. 31 of 1839 dated 31st December 1841.-

who is the Head Shroff in the Collector's Cutcherry was willing to enter into terms but the Goozerate would not consent to it. No. 17 is a decree of the Northern Provincial Court for Rupees 11,921-12-0 inclusive of interest and Costs which the claimant will not consent to deduct - alleging that it is not specified in the Decree - The following Statement however derived from the record of the suit shows the true state of the case - The suit was brought on a bond for Rupees 60,000 — 0 — 0 - On which instalments were endorsed amounting to: } 31913 1/16

Other payments were admitted to have been made amounting to: } 759

Remain 32,672 1/16

Add Interest 27,327 7/16

Total claim in the Plaint Rupees 55,349 15/16

It was proved however on the defence that many instalments had been paid during the minority and an admission to that effect by the Plaintiff promising to give credit for the full amount was obtained from the records of the Court of Wards.-

The

The Provincial Court therefore took the Statement of instalments found in the Minor's accounts and deducted a further sum of 43,477 1/4 principal and interest, from the Plaint, adjudging a balance of 11,872 1/16 the amount of the present decree less Costs. But as this includes interest the actual balance of principal has been ascertained by deducting the sum of the bona fide payments in the accounts admitted by the Provincial Court which are Rupees 54,248, and this deducted from 60,000 leaves Rupees 5,752, which is all that the claimant is entitled to receive under the terms agreed to by the other creditors.-

Claims 10-14-15-16-20-21-22-24-25-26-27-28-29—

The claims rejected on inquiry by the Commissioner are 13 in number No. 10 consists of a bond granted in 1831, a note in 1830 and a variety of loose memorandums all on unstamped papers; though the claimant is a Shroff by profession he will not produce any accounts in support of his Demand which was thereupon refused. Nos. 14 and 15 are bonds professing to be for interest only and therefore inadmissable - No. 16 relates to a person who has had large dealings with the Zemindar as a Renter of his Villages &c. the statements of the origin and amount of the debt given by the Zemindar's

Linganullo. Pedjiah Rs. 2551-3-0

Cotapillay Achari. Rs. 7850-

lists

Keenne Dofs. Rs. 18033-4-4

=Lists differ so remarkably from the documents produced by the Claimant that I felt no hesi=tation in considering the whole a collusive transaction and rejected it accordingly - The creditors in No. 20 is the Goozerate Sowcar al=luded in No. 9 - He has had extensive transactions with the Zemindar both in con=ducting the Revenue affairs of the Estate and in Renting Villages. His demand consists of 4 Stamped Bonds and other adjustments of accounts two of the latter only being within the period of 12 years. He made considerable objections to produce his accounts and then he only did so in part, refusing altogether to allow a sight of the more recent ones dur=ing the time he was connected with the ma=nagement of the Zemindar's affairs - From this cause and from the Zemindar having o=mitted his claim (which is one of the largest) in all the lists of his debts and only at last sent it in separately in a supplementary list (which he says he did then, not as acknowledging the demand, but merely at the Claimants solicitation to give him a chance of recovering from Government) - it is evident that he did not consider the Sowcar had any demand against him He admits however

however that a sum of 3225 Pagodas is due and though unsupported by Satisfactory vouchers I offered to re=cognize and this amount on the General terms, but the Sowcar would not consent to forego the rest. When asked to show whether he had ever urged the settlement of the bonds and older claims, he brought forward two letters from the Zemindar, both of which are clearly proved to be forgeries, the sig=nature and the seal being evident fabrications and the paper quite recent. No. 21 appears to be a collusive transaction. The claimant is a mendi=cant Brahmin. His bond on plain paper bears the Zemindar's seal, though the deed itself is da=ted in the year before Gopaul Row succeeded to the Estate or used a seal. Other authentic documents of the same period are without a seal. The claim was therefore rejected - No. 22 is the Zemin=dar's Cousin. The papers produced by him are all of very old date and relate to matters some of which are as far back as 1815 - Others are mere Memo=randa drawn out lately by the claimant himself and Several notes bearing the signature of the Zemindar's Mother (Claimants aunt) appear to be recently written though referring to the time of her son's Minority when she acted as Guardi=an - They are besides all of dates beyond the limit=ed period. Nos. 24, 25, 26, 27 are Memoranda produced by four females of the Zemindar's fa=mily his two sisters, an aunt and his grand Mother, purporting to be given by his Mother when guardian for certain Jewels &c. not Specified. These have no appearance of authenticity and

Velamarte=seshachari Rs. 500.-

Patri Anunda Row. Rs. 21,658-10-7.

Fort St. George 16th October 1845

and if they had, they relate to domestic transactions of a date too old to be prosecuted and which would never have been brought forward at all but for the list required by the Elector. No 28 is a stamped bond transmitted by a party at Madras and dated 6th April 1829. The Zemindar states it to have been granted for services performed, but that no money was received. It has never been presented since it was executed and is therefore obsolete. No 29 depends on bonds dated in the years 1800, 1803 and 1808 which having lain dormant so long are likewise obsolete.

The remaining claims have been adjusted in conformity with the General rules. None of them call for special notice.

Of the sums claimed by the Zemindar as due to him none seem recoverable. The first two items are old loans to the Chilkaloorpad Estate which M. Narsummah Pantoolu was then Dewan of. Gopal Row admits they may have been paid, but entered the Demand because he found the bonds in his records. The Mahratta widows are paupers and have only a small pension to subsist on. The last claim is against the Upatoor Courtnum and seems to be a Pecuniabalance but the Canum denies it to be due.

It is clear from the examinations of the Zemindar's Stedements that he has entered many unfounded claims in them of the nature of which he could hardly have been ignorant. A considerable number are advanced by his nearest relations who would never have prosecuted them against himself.

It does not appear that any of the debts have been incurred for the discharge of the Zemindar's Peishcush of the amount established Rupees 4,334-12-0 are avowedly for private expenses & the remainder tho not so stated in the documents, appear to have been for the same purpose.

Enclosure D

Fort St. George 16th October 1845.

General Observations.

All the agreements taken for the adjusted claims are limited as to time and if not settled within 6 Months are be considered null.

Should Government decide on satisfying them on the terms proposed the settlement of the remaining debts will be greatly facilitated by the announcement of such a resolution while the exclusion of those who have refused to come to terms will make them more cautious in resisting the offers of Government in future. some of them as Coolah ramiah have claims against the other Zemindars also.

With reference to a clause in most of the recent Decrees it will be necessary that the terms of the adjustments concluded with parties claiming under them should be recorded in the court from which the decision issued.

It will also tend to check future litigation if the delivery of all documents connected with each case be demanded before the stipulated payments are made. This may easily be ascertained because all documents produced before me have been numbered and registered before returning them.

Commissioner's Office Guntoor 9th August 1845.

Fort St. George 16th. October 1845

B

To

J. F. Thomas Esqre.

Chief Secretary to

Government

Fort St. George

Sir,

With reference to my letter of the 9th. Instant, I have the honor to enclose copy of a Communication from Mr. Richard Alexander one of the creditors of Vasreddy Zemindar, stating that it is not his intention to forego any part of his claim against the Estate. Mr. Alexander likewise sent an Agent with a power of attorney to afford explanations on his behalf, but as he is not furnished with any papers I am unable to judge of the correctness or otherwise of the surmise that the money was borrowed for the payment of the permanent Assessment.

Claim No. 9 in Enclosure A

At the same time I beg to inclose a petition from Parvati Bayamah the sisterin-law of Pattabhi Ram Rau another of the creditors, asserting her right to the whole or at least to an equal share of any sum Government may be pleased to award on his claim and demanding that an allowance of 60 Rupees may be set apart for her support. A petition to the

Claim No. 16 in Enclosure A

13084 Fort St. George 16th. October 1845

the same purport in Telugu was returned on the 11th. Instant with an Endorsement referring her to a Court of Law. But dissatisfied with this answer she requests that her address may be submitted to Government.

Commissioners Office
Guntoor
25th. August 1845.

/Signed/ Walter Elliot
3d. Member of the
Board of Revenue on
Deputation.

To Walter Elliot Esqre.
3d. Member of the Board of Revenue
on Deputation
Guntoor.

Sir, I have the honor to state for your information that it is not my intention to reduce my demand against the Rajah Vasireddy Ramanad Babbao, to the best of my knowledge the money was lent for payment of Revenue.

Masulipatam
13th. August 1845.

/Signed/ Richard Alexander.

To Walter Elliot Esqre.
Commissioner of Guntoor.

The humble representation of Parasaty Boyanah present residing at Guntoor and widow of Coty Sambasena Chuckrodoo Garoo an inhabitant of Cojjellepellah at Masulipatam.

Humbly Sheweth,

I most respectfully beg leave to represent that

13085 Fort St. George 16th. October 1845.

that my late husband by his industry not only acquired a Mookhasa Village Proprietary Zemundary Gardens, houses, but also some immoveable property Vze. and about four lacks of Rupees in ready money of which he lent about two lacks of Rupees to Vasireddy Ramanadabalies and obtained bonds Vze. in his name. he also lent a large sum of money to many other Zemendars. My late husband at his last moments ordered me to adopt a son, but it is not yet done, as no suitable boy is yet found among my cousins, while I was young my father instituted a suit No. 4 of 1833 in the late Auxiliary Court of Masulipatam against my husbands brother Coty Puttabhy Ram Row for a monthly allowance of 50 Rupees for my maintenance. Puttabhy Ram Row then pretended that the whole Estate was mortgaged to some persons who are his friends and also concealed all the debts which were due to us and quoted some precedents regarding my allowance. Although that Court knew the circumstances of my brotherin law having privately transferred all the property to his freends, yet it passed a Decree disallowing my claim for the jewels and adjudging to me an annuity of one hundred Rupees. Though I was not satisfied with that Decree yet I was refrained from making an appeal there being no property whatever in my possession, and those who used to lend me money having refused me

loan

loan on that account.

2 I have been receiving the allowance according to the Decree though it is very insufficient for my food and raiment, thinking that I can have redress whenever my brotherinlaw recovers these debts thro' public officers On account of that allowance my brotherinlaw is still indebted to me in 720 Rupees and odd, he is not only enjoying the produce of the gardens privately but also receiving 500 Rupees per annum according to the Razeenamah filed by Caucurlapoady Tygunnahd rauze regarding the sum of one lack of Rupees lent to him by my late husband.

3 As I am given to understand that you are about to make a Report to Government with your favourable recommendation regarding the debts due by Zemindars to the individuals as well as the amount fixed to be paid to my brotherinlaw out of the above mentioned sum of two lacks of Rupees lent to Rajah Vaspereddy Ramanad Bhahoo by my late husband. I represented all the circumstances on the above subject by an urzee to your honor on the 2d. Instant and you were pleased to endorse it on the 11th. that if the Government be pleased to order

order the payment of the debts to the individuals I should recover my share from my brotherinlaw through the Civil Court if I have any claims but that no order can be issued on the subject.

4 It will be evident to your honor that I am entitled to the allowance claimed by me in the above suit which was not decreed to me in consequence of my brotherinlaw having concealed the property as you know the debt due to us by Rajah Vaspereddy Ramanad Bahoo. you can understand the deceit practised by my brotherinlaw. As my brotherinlaw who always intends to deceive me would not pay my allowance regularly I most respectfully beg leave to request your honor will be pleased to cause to be deposited in the Collectors Office such an amount as will be sufficient to pay me at sixty rupees per Mensem during the remainder of my life or to obtain for me a Company's bond for an amount which can pay an interest of sixty Rupees Monthly.

5 I trust that your honor will consider that I have a equal right to the debt due by the said Zemindar with my brotherinlaw, and that I have on the other hand a superior right to it because the money lent to the Zemindar was the self acquisition of my late husband, and because he ordered me in

13088 Fort St. George 16th October 1845

in his dying breath to adopt a son Your honor will also consider it just that the debt of the Zemindar should be paid to me and that if my brotherinlaw have any claim, he should bring a regular suit against me in the Civil Court. As I am now given to understand that on perusal of the bonds &c. executed to my husband and which were concealed by my brotherinlaw you are pleased to say that you would bring this circumstance to the notice of the Government. I beg your honor will be pleased to send this petition also with your General Report to the Government.

If the Government require proof of my right to inherit my husbands estate equally with my brotherinlaw I can adduce it till then I pray that the Government will be pleased to keep this money in deposit without paying it to my brotherinlaw If the Government consider that I am only entitled to receive allowance. I apprehend that my brotherinlaw on receiving the amount of this debt will not pay me the allowance of 60 Rupees originally claimed by me. I therefore most respectfully beg leave to request that your honor will be pleased to support this petition with your favorable recommendation and submit it to Government with your General report so that the decree

13089 Fort St. George 16th October 1845.

decree of the Masulipatam Auxiliary Court may be reversed as being unjust and one or the other of the requests contained in para 4 Complied with

Guntoor 23d August 1845.

For which act of benevolence I shall as in duty bound.—

Ever pray.

/Signed/ వెంకటరాయుడు మొ కాపు వారు

Resolved that the communications record-
-ed above reporting on the result of the investigation into the debts of the Zemindars of Vuzzeeredy and Sattanapully be transmitted to the Board of Revenue for their opinion as to the course to be adopted; with instructions to lose no time in submitting their sentiments.—

/Signed/ E. P. Thompson

Secretary to Government.

5-6

Order thereon

/Read again in Cons. 20th October 1845/

From the Secry. to Govt.

Transmitting for any observations the Board may think necessary to offer a Minute from Mr. Elliott on the subject of the Village Police in Trichenopoly forwarded by the Govt. of Madras 12th April 1844 No. 245 with Encls. 26th August 1844 No. 542 with Encls.

Ordered to be sent again in Circulation.—

Extract from the Minutes of Consultation in the Judicial Department under date the 20th September 1845.

Read the following letter.—

To J. F. Thomas Esqre.

Secretary to Government

Fort St. George

Sir,

With reference to your letters of dates noted in the Margin on the subject of the Village Police in Trichenopoly and the measures which

7

which should be adopted for improveing it or substituting another system in its place, I am directed by the Governor General in Council to transmit to you the accompanying Copy of a Minute by Mr. Elliott to whom the several papers received from you on this subject were referred. Mr. Elliotts suggestions appear to be judicious, but before deciding on the final adoption of them the Governor General in Council would wish them to be submitted for the consideration of the Madras Government.

Fort William
9th August 1845

[Signed] G. A. Bushby.
Secretary to the Government of India

A

Notes upon the subject discussed in the Minutes of Government and the Proceedings of the Board of Revenue contained in a letter dated 12th April 1845 from the Secretary to Government Fort St. George to the Officiating Secretary to the Government of India Home Department.-

The Bailly System, referred to in this letter and the accompanying papers as obtaining in the District of Tinchinopoly is fully described in a report of Lr. T. Munro, which will be found at page 244, Volume 2 of India papers.

The Police of a whole District was

was given in charge to a powerful Chief of the Country, a sort of Lord High Warden; Subordinate to him were the Wardens of divisions, under whose orders the active duties of police were performed by Watchmen Stationed in the Villages.-

In the Southern Districts of the Peninsula, the great Poligars Chiefs holding large tracts of Country on the condition mainly of Military Service, were invested with the principal Charge, with the Style and title of "Arasoo Cavilgar" The District under the authority of each of these High Officers was subdivided into Sections composed of several Villages, and the Surveillance of each Section was committed to a Warden under the Appellation of Men "Cavilgar. They appear to have been Leaders or Headmen of the parcelled tribes Spread over the Southern Country occasionally Polegars in Military Powers of the great Poligars in expeditions and forays and always accustomed to rapine, emphatically designated in the language of the people as the "Culler" or Robber Tribes. The Common watchmen belonging to this System located in the Villages are called Coodee Cavilgars. They also are generally of the "Culler" tribes.

For the remuneration of these Officers respectively fees were appointed to be paid by the Ryots in Kind out of the Produce of their fields or in money sometimes also Lands were assigned to them either free of tax or subject to a light quit rent.-

It

In Tamil Arasoo Signifies royalty Sovereignty the State of a Prince.-

From the Tamil mel over or upper

From the Tamil Coodee" an Inhabitant Villager or Ryot.-

It is very likely that under a despotic Government in full vigour and energy this System of Police worked well. A main feature of it was the obligation of the Cavilgars to make compensation for property stolen within their bounds and not recovered. There could not be a better stimulus to exertion on their part for the security of property. So long as the Government was able and ready to enforce the obligation. But of course its efficacy would diminish as the energy of Government became relaxed. In the decay of the old Government this responsibility seems to have become a dead letter; it has never been enforced under the British rule, and may be considered to have been abolished by Regulation XI of 1816.

By Sec. 15. The Village Watchers are expressly relieved.

While the distinguishing advantage of the System which made it the interest of the Cavilgars to protect the property of the people from depredation was thus lost through the weakness or remissness of the Government they still retained their power, and being left without control they began to abuse it for their own ends. The inhabitants of the Villages finding their property unprotected and unable to obtain compensation for their losses from the Cavilgars might have been disposed to withhold the fees: but what they had before paid as the price of safety by means of the Cavilgars from the depredations of others, they were

were now compelled to pay to save their property from depredations by the Cavilgars themselves. Thus the System became what has not inaptly been called a System of Black Mail.

In Tanjore, the District adjoining Trichinopoly the Cavilly System was abolished by law in 1816. It is now proposed to provide for its entire abolition in Trichinopoly where, it is said, much of the evil incident to the System "still exists in practice though modified by the Salutary Checks imposed by a stronger Government and the influence of better general principles of Police."

Reg.n I of 1816

Board's Proceedings P. 47.

There is no provision in Regulation I of 1816 for compensation to the Cavilgars of Tanjore; but it is stated that the men Cavilgars were allowed pensions for life to the amount of 1/10th of their income.

Ibid. P10

The Suppression of the men Cavilgars of Trichinopoly was resolved upon by the Madras Government in 1839 and an order was passed for the "immediate resumption of their fees and Enams and the grant of Compensation to the extent of 15 per Cent of their Emoluments."

The Lands were attached and the Cavilgars were prohibited from Collecting the fees but the question of compensation has not yet been settled. In the mean time very little has been realized by Government on account of the

Fort St. George 18th October 1845

Ibid P. 52

the fees and it would seem that the Ryots have been paying them to the Cavilgars much as usual.—

There appear to have been at least in later times only two "Krasoo Cavilgars" in Trichinopoly the Polygars of Arealore and Wadiar pallium and in these Talooks it would seem there were no mere Cavilgars, the Polygars themselves having levied the Cavil fees and provided for the duties.—

In the other Talooks the number of Mere Cavilgars is stated to be 1156.—

This number apparently represents not the original list of Officers of this Class but the existing claimants of the fees, which in process of time have been subdivided among the Descendants of the first incumbents for there are only 575 Villages altogether from which the fees are collected. In one Talook, Villicolly, there are 8 mere Cavilgars to 72 Villages. In another, Volcondapooram there are 32 to 110 Villages. In the rest, taking them altogether, the proportion is about 3 Mere Cavilgars to 1 Village. In these no doubt, the emoluments of the Office have been divided in shares among the representatives of the original Cavilgars, and it is clear that not all who are entitled to share are enumerated for in many instances &c. is added after names entered indicating that there are more whose names are not known.

The

Fort St. George 18th October 1845.—

The total income from the lands and fees resumed in 1839 was estimated at Rupees 16,873-8-9- Viz. Rupees 5334-0-2½ due among 1147 persons the maximum due to any one not exceeding 100 Rupees, while the minimum was a fraction of a Rupee and Rupees 11539-8-7- due among the remaining 9. making up the number of 1156 above mentioned. Of the latter sum Rupees 9707-1- was due among 3 individuals.—

Statement No. 3 in Collector's letter 19th June 1843.—

5 years' are entered in this Statement but it would seem that Collections were made during a small part only of the 1st Year.—

While the annual income from these Sources was estimated at Rupees 16873 the amount realized in 4 years has been Rupees 8566- It is said that few could be found to till the lands resumed and that the Ryots resisted payment of the fees fearing that it would not exempt them from exactions by the Cavilgars, or from robbery in case of refusal to comply with their demands.—

The Board of Revenue remark that the failure to collect the full amount tends greatly to confirm the opinions given by several Collectors that it would be impracticable for Government to levy these fees.—

It is however deserving of notice that in 4 out of the 6 Talooks the Collections in the first year exceeded the demand (including probably arrears) and that in one Talook the fees were realized fully for three years. The Talook in which there has been the greatest failure

Statement No. 4 Coll. Letter 28th October 1842.— Villicolly.—

is

is that in which the fees have been hereto fore received by 8 persons, 3 of these having had among them Rupees 9,707. out of Rupees 10,298 the aggre=gate for the whole Taloote. These are probably men of influence from whom the Ryots are afraid to with-hold the fees; but being so few it would seem to be possible to keep them under control.-

The Collector adverting to the smallness of the sums that would fall to the great majority of the men Cavilgars from the proposed allowance of 15 per Cent upon their former income has suggested that this allowance should not be given where the emolument fell short of 100 Rupees per Annum which would leave 1147 persons as before noted, and leave only 9 persons entitled to it. Taking their receipts to have been Rupees 1,539. the amount of com=pensation the Collector calculated at Rupees 1730 per Annum.-

Board's Pro=ceedings Coll'r's letter 15th Sept. 1840-P. 30

An alternative proposed by the Collector is to allow Compensation on Ex for the land resumed at the rate of 15 per cent of the yearly revenue. A former Collector also proposed that Compensation should be given only for the land but he recommended that the Compensation should be equal to the full value, and should be continued to the ousted Cavilgars for life.-

The

The Revenue of the land was e= estimated at Rupees 2035-4-6- but how much it has yielded to Government is not distinctly stated An allowance at 15 per Cent of the Estimate would be about Rupees 305 per Annum.-

There is some confusion and inc= =accuracy in the Board's proceedings on this part of the Subject. It seems however that they come P. 54055 to the Conclusion that Compensation should be P. 58. given to the seven eldest Cavilgars whose allow= =ances were the largest, at the rate, at least of 15 per Cent of their income which would be about 1700 Rupees. With respect to the remaining 1149 persons in the list of men Cavilgars observing that the average, if the fees were divided among them would be very small, the Board remarked that it would be in vain to fix any per centage in such cases. "They were of opinion that the "Collector should make an enquiry into the circumstances of each person and submit a recommendation founded on the respective claims of these parties, taking care to give emply= =ment in lieu of Compensation to any men Cavil= =gars who may be qualified and willing to accept "it." They suggested that it should be made an express condition of the Compensation to be granted that it should be forfeited by the Grantee recurring to the practice which but is the object

object of the present arrangement to supersede.

The Government observing that "the long period during which the Cavilgars had held their lands and enjoyed the fees gave them the character of rightful dues" and that "if those were withdrawn and a fair equivalent not granted the parties who suffered would probably redress "the injustice done to them by their usual system "of plunder and robbery" have instructed the Board "first to see that compensation is given to "all parties now actually enjoying the Enams and "fees; and secondly that it be of an amount to "preclude their being induced or compelled by "a diminution of their means of subsistence "from resorting to their past System of exactions "from the inhabitants" and have intimated that they will "modify the former orders by which "the amount of compensation was limited to 15 per cent "and to a life interest, should the Board see cause "to recommend in any case a higher rate or a "longer period."

Thus Government have directed that every individual who has been in the enjoyment of any income from these Men Cavil Lands, and fees is to receive a compensation for the loss of it. But their instructions for the adjustment of this compensation are very indefinite Though they Speak of a "fair equivalent" they evidently do

do not intend what the expression imports - They mean apparently to allow 15 per Cent for life to Some whose privileges extended over many Villages and gave them a considerable income, and more to those whose income was less. but the only guide is that in no case shall the party's means of subsistence be so diminished as to compel him to resort to his former practice of making exactions from the inhabitants.-

The difficulty of applying Such a rule as this is manifest, when it is perceived that there are some in the List whose income was less than a Rupee, as before remarked, and the average of the receipts of 264 persons in one Talook, as noticed by the Board was less than 3 Rupees. In the same Talook it may be added there were only 2 Persons whose receipts exceeded 20 Rupees, the maximum being 35 and only 22 who had more than 10 Rupees, the receipts of the remaining 242 persons running from Rupee 1-4 up to 10 Rupees. In such cases, to meet the intention of Government it would seem to be necessary to give really "a fair equivalent, if" any thing.

Torriore P. 68

It might be advisable therefore, if the intention of Government is to be carried out, to lay down a rule, that no reduction shall be

be made when the income did not exceed 10 Rupees On the other hand a sum might be fixed say 100 Rupees, as the minimum upon which the Compensation is to be settled at 15 Per cent leaving it to the discretion of the Collector under the Control of the Board to adjust the compensation in cases between those limits.

The pensions should all be for life, leaving to Government a discretionary authority to continue them for a second life under Special circumstances, as for example when a lapse occurs at an early period.

But here arises a question What is to be taken as the ground upon which the compensation is to be calculated. It is alleged that the amount of fees exhibited in the accounts is the extreme demand, which never was realized in full by the Cavilgars; and with respect to the land it is stated that the Cavilgars were accustomed to let it out for Cultivation at rates below those upon which the estimate is founded. The Collector says distinctly it is impossible to ascertain the amount of their past receipts with any thing like accuracy.

Board's Proceedings P. 56

From Coll. 28th Oct. 1842

But the fact of the amount shewn by the accounts to be due to the Cavilgars having been actually collected in 4 Talooks out of 6 in the first year after the resumption and in

in one Talook for 3 years successively seems to be a sufficient ground for presuming that in those Talooks at least their receipts will not be exaggerated if they are reckoned at that amount, and the accounts for the other Talooks having been made upon similar data may perhaps be depended upon equally. In one of these Talooks in which the Cavil fees amount

Rl. 10208-3-5- to near 2/3d of the whole and in which the Collections have been only about a tithe of the demand. they belong as has been observed almost wholly to 3 persons, apparently men of power and influence who have probably withheld from the inhabitants what they withheld from the Officers of Government. The deficiency in the Collections under these circumstances is not to be taken as discrediting the accounts.

With respect to the lands for which it is stated to be difficult to find Cultivators who will pay the full assessment upon them it may be expedient to restore them to the Cavilgars, reckoning the assessment in part of the compensation awarded to each, when the latter exceeds the former, and taxing the land with the difference as a Quit Rent when the assessment exceeds the compensation.

Statement No. 7 Letter From Collectr 18th August 1840.

For example take the case of the

Fort St. George 16th October 1845.

the first mentioned Cavilgar in the list for the Talook of Vetticutty. His emoluments including land are estimated at Rupees 4.041 of which 15 per cent is Rupees 606. The lands are assessed at Rupees 412 which being given up to him leave Rupees 194 to be paid in money.-

Again take the case of Yarroothoo Coundan 5th in the list for the same Talook. His Emolument including land are estimated at Rupees 92 of which Rupees 42 is the Assessment on the land. Supposing 15 Rupees to be allowed as compensation to him this being deducted from the Assessment would reduce it to Rupees 27.

The right of Government to redeem the Cavilly allowances upon the abolition of the Cavilly System of Police was asserted and enforced by Regulation I of 1816 by which, what is now to be done in Trichinopoly was done in Tanjore. That Regulation did not acknowledge any claim on the part of the Cavilgars to receive compensation, but as has been observed compensation was allowed to them.-

As there is no allegation to the contrary, it may be presumed that the Regulation was effectual in Tanjore that the resumption ordered by Section II was accomplished, that the Cavilly fees (to untruth) were collected

(on

Fort St. George 16th October 1845.

on account of Government according to Section III and that the Cavilgars were prevented from making levies for themselves.-

Though the Collector and the Board doubt that it is practicable to collect the fees on account of Government, I do not see why what we may presume to have been done in Tanjore the neighbouring District, under similar circumstances may not be done in Trichinopoly or why when the fees were collected fully in 4 out of 6 Talooks of this District in one year and in one Talook for 3 years successively the payment may not with firmness be enforced in all.-

It seems to be advisable to pass a law for Trichinopoly corresponding with Regulation I of 1816, and as the Collector anticipates that the Cavilgars will refuse compensation in the expectation of being able to continue the exaction of their fees from the Ryots as "Black mail" it may be expedient to introduce into the law a clause declaring that any person making such exaction shall be deemed guilty of extortion and punished accordingly. With such a penal provision in the law and with the proposed condition of forfeiture in the grant of compensation it may be hoped that the Cavilgars will be deterred from the practices which have got them so ill a name. The Government seem

18th Augt. 1840-P-28

not

not to encourage the proposed employment of men of this class to complete the establishment of Village Cavilgars: but this appears to be the most advisable way of providing for those especially to whom the proposed compensation will not afford a subsistence. It may be hoped that in a regular Service under constant observation and with fixed pay coming to them monthly they will become steady and orderly.

Coodee Cavilgars.

The Coodee Cavilgars or Village Watchmen under the Cavilly System, are found to be very useful Servants, but their remuneration from fees is inadequate and precarious. It is proposed to resume their fees Vzo and to give them regular pay at an increased rate. It is also proposed to increase their number so that there may be no Village without a Cavilgar of this Class. The total number proposed to be employed under this arrangement is 2,202 at 2 Rupees a month which would cause a charge of Rupees 52,848 per annum, whereas the present emoluments of these Servants are estimated at Rupees 31,574, the result supposing the estimate to be realized would therefore be an additional charge of Rupees 21,274 per annum.

Against this must be set off whatever may remain out of the men Cavilly fees

fees Vzo after providing for the compensation to the Cavilgars

15 per Cent to Cavilgars receiving allowances above 100 Rupees	1,730
About 430 persons receiving less than 10 Rupees each to receive the whole of his present allowance say on the average 5 Rupees	2,150
30 per cent upon the aggregate of allowances from 1000 Rs to 10 Rupees	930
	4,810
or say	5,000

Amount of men Cavilly fees Vzo by account	16,873
Deduct	5,000
Remainder	11,873
Additional Charge	21,274
Deduct	11,273
Remainder	9,401

Supposing 5,000 Rupees to be so appropriated, there would remain Rupees 11,873, if the Collections were made according to the accounts, which would reduce the additional charge to about Rupees 9,400.-

There would seem to be another fund to be set off against this charge for the improvement of the Police for it appears that the Poligars of Woodiarpollium and Arialore who were "Arasoo Cavilgars" within their respective limits, enjoyed in virtue of their Office 6¼ Cawnies of Cultivated land for every 100 cawnies as "Cavil Enam" which land was resumed, the Board say, when the Issumrar Villages were made over to them. The revenue from the land so resumed would appear to be a proper fund to meet Police charges, and the land being in the proportion of 6¼ per cent to the whole cultivated land of the two Pollams, it must be in the aggregate something considerable.-

Bd. Proceedings P. 76

There appear to have been no regular men Cavilgars in the tracts of Country over which these Poligars had charge in the Capacity of "Arasoo Cavilgars" they Collected the Cavel fees and appointed subordinate Cavilgars as they thought

thought fit.

The arrangement now proposed for the whole district of resuming the Cavil lands fees Vea and appointing Cavilgars to all the Villages on a monthly pay of 2 Rupees, was actually carried into effect in the Talooks of Ariloore and Woodiarpollium, but not having been sanctioned by Government and the collections not being sufficient to pay the Cavilgars at the intended rate, the Collector after a time restored the lands and fees. They are again to be resumed and the payment of the Cavilgars is provided for as a part of the general arrangement.

Board's Proceedings P. 77. to 84

It is to be observed that in the account in which the Coolee Cavil fees Vea are estimated at Rupees 31,574 as above noted, the Collections in these two Talooks are estimated at Rupees 6,627, but upon an average of 3 years they amounted to Rupees 5,218 only. The Collector accounts for the deficiency by saying he had been unable to get the lands cultivated at the full assessment.

Board's Proceedings Para 82 From Coll. 23rd Octr 1843

It is not very easy to understand the calculations of the Board of Revenue. In para: 67 of their proceedings they assume that the whole sum of Rupees 31,574 is to be carried to the credit of Government against the charge of Rupees 52,848 the amount of money payments to be made to the Cavilgars at 2 Rupees each monthly and that the result therefore will be an increase

increase of expence to the amount of Rupees 21,273 But in para: 69 it is said that Government "in "undertaking the payment of the Village Watchers "cannot reckon upon more than one half of the "allowances derived by them, being made available "for the future as a means of meeting the public "charge" because "the payment made by the "inhabitants at present must be looked upon "quite as much as remuneration for private and "special Acts of Service as contributions for the "general protection afforded to the Village".

If the case be so, it is obvious that the Government having to defray a money charge of Rupees 52,848 with a set off of the half of Rupees 31,574 instead of the whole, the additional expence will be Rupees 37,061 instead of Rupees 21,274.

Money charge	52,848
Half of the fees Vea	15,787
	37,061

The Board however assume that the dues in question are collected from the gross produce before any division has taken place and not from the Ryots share alone. In this case the Government are actually paying at present half of the said dues or Rupees 15,787, and the Ryots the other half; and if the Ryots, as the Board appear to maintain, are properly chargeable for the future with one half of their present payments, then the result will be an additional charge to Government of Rupees 29,061. The

P. 66-69. 88.

Amount of future money payment	52,844	
Deduct present contribution of Govt	15,787	
½ of present contribution of Ryots	7893	
	23,680	
	29,164	

From Collector 1st October 1845

The Board refer to Statements furnished by the Collector as shewing that the Cavil fees are deducted from the gross produce but they appear to prove the very contrary. These Statements exhibit the manner of dividing the produce in 3 Villages — Selected as examples. They Show first the gross produce then the Government share deducted and afterwards the several deductions from the Ryots share, including in 2 of the Villages mem. Cavil and Coodee Cavil distinctly and in the 3d Cavil only without distinction.—

Example of 1 Village

	Cullums of Grain.
Gross Produce	100
Deduct Government share	44
Remainder Ryots share	56
Subsequent Deductions	9. 10. 2.
Nett Ryots share	46. 1. 2

Following the calculations of the Board the above sum of Rupees 31,574 has been spoken of as if it consisted entirely of fees, but it is necessary to remember that a part of it Rupees 4,719 is the estimated amount of income from land the amount of fees in kind and in money being Rupees 26,854.

I think that the Board are in error in saying "that the Cavil fees are to be regarded "quite as much, as remuneration for private and "special acts of Service, as contributions for the "general protection of the Village" On the contrary I conceive that they are properly allowances for the support of the public Police, as they are described in Regulation I of 1816, and "appropriable under "such orders as the Governor in Council may be pleased to

Section II

to issue to the maintenance of a new Establishment of Police" or of the old Establishment reformed and extended in the manner proposed. Besides the "Watchers known by this particular denomination" and belonging to the general Cavilly system, there are, say the Board, in all the Villages, Cavilgars, Sotics or Saliaries or Watchers of some kind or other. These are the Village servants who should be employed occasionally "in private and special acts of Service," The "Coodee Cavilgar" like all other Servants under the authority of the Collector and Magistrate as the Head of the Revenue and Police Departments will be available occasionally under the orders of his immediate Superior the Head of the Village for revenue duties as well as those of the Cavil, according to the System of administration which obtains in the Presidency of Madras.

Coodee Cavilgars P. 62

In the 11th Para. of the Minutes of Consultation it is stated that "His Lordship in Council concurs entirely in the view the Board have taken (Para 60 &c.) of the importance of granting a fixed and adequate salary paid directly by the Government to the Watchmen or subordinate Officers of the Village Police: Certainly the Board appear generally to represent the substitution of fixed Salaries to be paid in money directly

directly by the Government for the present fluctu=
=ating and precarious mode of remuneration, to=
be an essential part of the intended reform. But
it would seem from Para: 69 of their Proceedings
that they intend the lands to be restored, for they
say there that "as in the case of remuneration to
Moonsiffs, when Cavilgars hold land in excess=
of the yearly value of 2 Rupees per mensem, they
should not be disturbed in their occupation=
but any decrease below that value should be
P. 82. made up by money payments." This however is
inconsistent again with their recommendation
that the Lands which had been resumed from
the Cavilgars of Arialore and Wodiarpolliam
and lately restored, should again be resumed.

Minutes of Consultation Para 11

It is clear however that the
Government intend to give the money payment
generally, reckoning that "the Extra charge upon
the State for the whole district under this head
will not exceed Rupees 21273." The Government
here refer to a calculation in the Board's pro=
P. 83 =ceedings, but they have overlooked an item=
which being added makes up the
sum to Rupees 37,060. The item in
question is entered under the notion
that only half of the present receipts of the Cavilgars
can

½ of what is at present paid to watchers 15,787
For additional Watchers 21,273
37,060

can be made available for the purpose of Police,=
and that Government therefore must make
good the other half for that Government are now
actually paying one half by the fees being deducted
from the gross produce. Upon this point remarks
have been already made and need not be repeated.
According to my view that the present receipts are
available entirely the Extra charge will be Rupees
21273/ proved that the same amount can be re=
=alized from the land and fees as hitherto)=
subject to the set off of any surplus there may
be from the men Cavil fund.

If the project of substituting
a fixed monthly payment in money for the pre=
=sent Emoluments of the Cavilgars from lands
and fees is not to be carried out entirely if where
there are lands, such lands are according to Para.
69 of the Board's proceedings to be left to them
without any deduction when the income is in excess
of 2 Rupees a month, but with an allowance=
for the deficiency when it is less: it may be a=
question whether it is worth while to incur the
unpopularity and the loss which will probably
attend the attempt to collect the fees on account
of Government. Whether it may not be sufficient
to provide for the payment of additional Cavil=
=gars for the Villages where there are none at=
present

present and to eke out the Emoluments of Cavil-
-gars already established where they fall below
a certain standard. It appears that the number
of additional Cavilgars required for 283 Villages
where there are none at present is 303. To pay these
each 2 Rupees a month would require Rupees
7,272 per annum, which if the men Cavil dues
were realized would be more than covered by
the Surplus. The present Income Rupees
31,574 gives an average upon the number of Cavil-
-gars actually employed of Rupees 16-10 per an-
-num. It may not be necessary to interfere when
the income of the Cavilgar from the present sources
exceeds Rupees 18 per annum, where it falls short
it might be left to the discretion of the Collector
to bring it up to that sum or to an amount not exceed-
-ing Rupees 24 according to circumstances. Such an
arrangement would make the most of the present
means and would be considerably less costly
than the plan of paying the whole Establishment
by Salary.

Para. 4 letter from Coll.r 3d July 1841

31574 : 1809 = 16-10-

Village Moonsiff.

To improve the Village system
and with a view particularly to make the reform of
the Village Police more effectual it is intended
to carry out completely the provisions of the
Regulations of 1816 which require that
Heads of Villages as defined in Section
3 Regulation IV of 1816 shall be Ex Officio heads
of

Reg.n XI of 1816 Sect.n 2 & IV of Dit.o Sect.n 2

L.S.B.

of the Police and Moonsiffs of their respective Villages.

Para 529 Vol. 2 Selections of Indian papers.

Sir T. Munro as Commissioner for the introduction of the new System made a Report under date the 26th May 1817 in which he stated the result of his enquiries in Trichinopoly and other Districts to ascertain the Condition of the Village Servants, but more particularly that of the Heads of Villages. In this Report he observed that in Trichinopoly a System had always prevailed of managing the internal affairs of each village through the agency of one of its head Ryots or Landholders, and that certain allow-
-ances in land or fees were allotted as compensation to them. He thought that there would be no difficulty therefore in carrying the provisions of the Regulations above referred to into effect in this District. Indeed he understood that the Collector had already established the System. On this point it appears he was misinformed, for up to the present day the Heads of Villages have not generally exercised the func-
-tions either of Moonsiffs or of Heads of the Village Police. In 1840, out of 1,156 Villages in 845 only the Heads of the Villages were also Heads of the Police and Moonsiffs. It does not appear exactly how the case stands at present, but it is stated that it has been an object lately to combine the offices.

It was expected that the Heads of Villages would commonly be found in possession of emoluments as such, and that in general it would be unnecessary to make an additional provision for them in consideration of their new duties, but it was supposed that there could be exceptions, and it was intended that there should be

be an enquiry with a view to increase the allowances where they were found to be inadequate.

18th August 1840 Para 18 Statement No 25

The Collector in 1840 furnished a statement of the land and allowances of every description in money and grain enjoyed by the Puttadaver Heads of Villages in all the Talooks of Trichinopoly both wet and dry, amounting to Rupees 11,049-6-4½, composed of Rupees 4,358-14-3½ from land and Rupees 6,510-7-11 from allowances in money and grain.

From Collector 1st August 1843 Statement No 1

The sum of Rupees 11,049-6-4½ is erroneously set down in Paras 35 and 45 of the Proceedings of the Board of Revenue as the amount of the allowances of the Puttadaver in the Talooks alone of the Cutlay Kurch mentioned in Para 38

By another statement furnished by the Collector in 1843 it appears that the Cutlay Kurch was included in the above sum of Rupees 6,510-7-11 the amount being Rupees 6,178-14-3.

The Collector in 1843 pointed out that besides the sum of Rupees 11,049-6-4½ allotted to the Puttadaver a further sum of Rupees 2,366 is collected in the dry Villages of the Wet Talooks for the payment of Ferry Monegars employed to assist in the collection of the Revenue who may be discontinued when a Moorniff is appointed to each Village.

The existing funds therefore actually appropriated or which may be appropriated for the remuneration of the Puttadaver Heads of Villages amount to Rupees 13,415.

The Government have now properly ordered that the Puttadaver, which it is observed is evidently the Head Inhabitant contemplated by the Law shall be immediately appointed Moorniffs, and required to execute the offices and have regard to the recommendation of the Board of Revenue that their

their official remuneration shall be made up to 2½ Per Cent on the gross revenue of their respective Villages. Differing from the Board however who desired to make up the remuneration by a remission to the Puttadars from the assessment on the land already occupied and cultivated by them, the Government direct that the proposed recompense shall be given by grants of immemorial waste land to be held in Enam or free of tax.

Boards Proceedings Para 36

The total amount of the allowances to be made to Puttadars for their duties in that capacity and as Moorniffs and Heads of the Village Police calculated in the manner proposed by the Board and sanctioned by the Government is Rupees 34,541, and taking the present funds available for the purpose to amount to Rupees 13,415-7-4½ the difference to be made up by grants of waste land according to the orders of Government is Rupees 21,124-8-7½.

In considering this plan of remunerating the Heads of Villages by grants of waste land, it is worthy of remark that a considerable part of the land now held

	Cawnies	Rupees	
Talook extent	2,932.	4,538	by the Puttadars is not Cultivated.
Cultivated - -	1847	2,768.	This land left uncultivated it may be presumed is better than any of the immemorial waste, and it is likely moreover to be more conveniently situated, the immemorial waste lying commonly in the outskirts of the Villages or in parts more or less difficult of access. The Board are therefore perhaps not far wrong in thinking that such grants will be of no avail. The Government agree with the Board that their plan as it offers a more certain and better regulated remuneration is calculated to induce more efficient services.

The reasons given for not assenting to it seem to amount to

this

then that it is not of much consequence whether the Heads of Villages receive the extended remuneration or not. His Lordship in Council it is stated hopes that the grants will be sufficient to provide for the Moorsiffs without adding to the burdens of the State by an increased annual charge of which the efficacy is doubtful.

In calculating the gross amount of the charge for Village Moorsiffs at Rupees 31,511, the Board have taken "the highest amount of Revenue of each Village in any of the 22 years in which the District has been managed under Amanee." The aggregate is Rupees 165,612 which exceeds the average of the last 5 years of the whole District during 5 years by Rupees 234,493. This mode of Calculation obviously raises the estimate very much beyond what the charge can ever amount to. It would seem to be more proper to found the Estimate of Charge upon the average Revenue Calculated in this respect which appears that the average charge will probably be about Rupees 28,373 instead of Rupees 31,511 from which deducting Rupees 13,415 as above, the remainder to be made up by Grants of waste land as ordered by the Government in the manner proposed by the Board is Rupees 14,908.

Rs. 165,612 / 5 years 5th / 234,493

Rupees 28,373 − 13,415 = 14,908

On the whole it appears to be highly expedient to abolish the Cavilly system, as one which cannot be made practically efficient for the purpose of Police without the enforcement of its main principle that of responsibility for all property lost by theft or robbery.

a principle too arbitrary to be enforced strictly under our Government: and which while it is suffered to exist is worse than useless, as it gives opportunity to a dangerous set of men to interfere with the people and to plunder them under the pretext of a public function. In effecting this object it is necessary at the same time to establish an efficient Village Police, and the means proposed seems well calculated for the end in view viz. The Cooley Cavilgars of the System which is now to be superseded to be established as the regular Executive Officers of Police in the Villages to which they at present belong, and in the Villages where there are none at present, Cavilgars of the same Class to be appointed, to act under the orders of the Heads of Villages, and are invested with the powers of Heads of Police in their Villages according to Regulation XI of 1816. The Cavilgars to have a fixed monthly pay, sufficient for their subsistence instead of their present inadequate and fluctuating annual income. And the Heads of Villages to hold their present allowances as such, on the condition of performing the duties of Heads of Police with an addition when necessary to bring them up to a certain Standard.

With regard to a compensation to the Men Cavilgars it seems to be advisable to allow something to them, as in Tanjore, but merely as a measure of Policy to induce them to live quietly: and in this view it might perhaps be limited to a part only of those who now share the Men Cavil dues. Those who have had Lands might be allowed to enjoy them on terms such as are suggested above. The continuance of the allowance or the land to depend on good conduct but not to be extended beyond one life

life except for special cause.

It seems proper to pass an Act corresponding in its provisions to Regulation I of 1816. Armed with the authority of such an Act, the Revenue officers ought to be able to collect the Cavil dues, if not in full yet without a great loss in which case there will be a surplus available for the payment of the Village Police.

The proposed payment to the Village Cavilgars if made in money will involve an additional charge of Rupees 2,127. less any surplus there may be from the Men Cavil Collections. Should this be deemed too costly, it would perhaps answer the purpose to leave the Cavilgars the lands and fees now enjoyed by them, and to grant an allowance in money only when the income therefrom falls short of 18 Rupees, as more particularly suggested above. If such an arrangement be adopted it may be worthy of consideration whether the Coodee Cavilgars may not be authorized to collect the Men cavil fees in addition to their own, where both are leviable in the same Village, and to allow a money payment only when the whole falls short of 18 Rupees. It has been noticed that in most of the 3 Villages of which accounts are given to shew the manner of dividing the produce, both Men and Coodee Cavil fees are [illegible] among the deductions from the Ryots share.

From Collector 1st October 1841.

With respect to the Village Annuity it might be a good compromise between the arrangement proposed by the Board and that approved by the Government to give them the extra remuneration intended partly by a remission in the assessment of their own cultivated lands and partly by the grant of waste land free of tax. It is unquestionably an object of much importance to induce the Heads of Villages to give attention to the new duties they are to be charged with, by an extra remuneration where their present emoluments are inconsiderable. It is to be remembered that the efficiency of the Village Cavilgars will depend very much on the maintenance of a strict control over them. This control is to be exercised by the Heads of the Villages. It is not a duty which can be performed by Amins of Police appointed under Regulation IV of 1821, who it is alleged do much in the way of hearing complaints & which the law intends to be done by the Heads of Villages. Upon this point it may be remarked that in the degree in which the time of the Police Amins is taken up by such petty matters, in the same degree must their efficiency be diminished for the more important purposes contemplated in their appointment.

order thereon. (7-8) Ordered to be brought forward at a future day.

From the Sect. to Govt. Communicating observations and Orders on the Bd's Proceedings relative to the settlement of the land Revenue in the District of Coimbatore for Fusles 1252 & 1253 and on the subject of the assessment of the wet lands in the Villages of Annamalle & Coolore in the Palachy Talook.

Fusly 1252.

Extract from the Minutes of Consultation Under date the 20th September 1845.

Read the following Extracts from the Proceedings of the Board of Revenue.

(Here enter 26th May 1845 N. 364-365)

(9)

Para 1.— The season of Fusly 1252 in the District of Coimbatore is represented to have been very favorable; the Cultivation of lands paying full rent to have been extended; the Harvest, with the exception of Cotton and Tobacco good; and the Settlement in excess of Fusly 1251, which year was remarked to be one of the most favorable that had come under review.— Prices however, fell considerably, and the depression ranged from 10 to 25 per Cent according to the description of grain.—

2.— Exclusive of the revenue from the Neilgherry Hills transferred from Malabar, the Settlement of Fusly 1252, including ready money Collections and Poligar Peishcush, amounted to Rupees 2,60,503—3—7 and exhibited an increase above that of Fusly 1251 in the sum of Rupees 41,563—7—5

Fusly 1251 Rs 2,18,939-12-2
1252 " 2,60,503-3-7
Increase 41,563-7-5

3.— The Collections within the Fusly amounted to Rupees 2,42,485—8—2. leaving at its close a balance of Rupees 18,017—11—5 which was on the 31st March 1845 reduced to Rupees 5,778—1—4—

The

Fort St. George 16th October 1845

Para 6.

4. The subject of the tax on Coffee plantations on the Hills ought to be early and definitely settled, as this description of produce is rapidly increased, and it is but fair to all parties that the terms of the farms should be clearly defined.

Para 6.

5. The prohibition against the Burghers growing any thing but the inferior description of grain is clearly indefensible and his Lordship desires that the rule be immediately abrogated.

6. The Most Noble the Governor in Council entirely concurs with the Board that the

Para 7.

village Officers have as much right as other people to improve their lands on the usual terms prevailing in the district, and that the lands resumed by the Principal Collector ought to be returned to the persons entitled to hold them.

Fusly 1253

7. The season of Fusly 1253 was as favorable as that of 1252 and the results similarly successful; while prices of grain were somewhat in advance.

Fusly 1252 Rs 2,60,503-3-7
1253 " 2,88,872-15-10
Increase 27,869-12-3

8. The Settlement of Fusly 1253 amounted to Rupees 2,88,372-15-10 being above that of Fusly 1252 in the sum of Rupees 27,369-12-3 and making with the increase in

Fusly 1251 Rs 2,12,939-12-2
1253 " 2,88,872-15-10
Increase 69,433-3-8

Fusly 1252 a total excess of Rupees 69,433-3-8 over Fusly 1251.

9. The Collections in Fusly 1253 on

Fort St. George 16th October 1845.

on account of the above demand amounted to Rupees 2,17,392-15-2 and the balance of Rupees 14,480-7-8 was reduced by subsequent Collections to Rupees 5,676-3-4 on the 31st March 1845.

10. Agreeably to the recommendation of the Board conveyed in para 16, the Most Noble the Governor in Council grants authority for writing off the sum of Rupees (1552-14-8) one thousand five hundred and fifty two, Annas fourteen, and pice eight, on account of lands which could not, in consequence of peculiar circumstances be cultivated in the Coimbatore District in

Fusly 1252.

11. The Principal Collector in

Para 63.

stated in his report on Fusly 1252 that of an outstanding balance of Rupees 7,434-7-8 the sum of Rupees 3793-11-1 was recoverable and the remainder Viz. Rupees 3,640-1-7 irrecoverable; and in his

Para 28.

report on Fusly 1253 he explains that a further Amount from the recoverable balances is now said to be desperate and that he will furnish the details of the same next year. These balances already extend over a period of Six years.

12. The Government have often deprecated the practice of delaying the adjustment of outstanding balances, as ruinous to the ryots and detrimental to the true interests of the

Government

Government. The Board therefore, will be good enough to obtain from the Principal Collector an early report on the subject and communicate the same for the orders of Government.

13.

Para 25 Pr. Coll.s Report for 1253.

His Lordship in Council observes that the sum of Rupees 1826 is outstanding on account of Quit rent for houses on the Neilgherry Hills, for which, considering the very low rate at which the rents are fixed and the high profits derived by the householders, there is no apparent necessity and ought not to be permitted in future.

The Principal Collector requests the Board's instruction as to the Course to be adopted for the realization of certain items under this head and which they will be good enough to afford him.

See para 29 & 31 of Pr. Coll.r Report for July 1253.

15.

The views of Government on the subject of the Cowles in the Coimbatore District, have already been finally given in the Extract Minutes Consultation 29th July 1843 No. 830, and the Board of Revenue will instruct the Principal Collector to carry out without further delay the orders which they have in consequence issued for his guidance.

16.

The remaining portion of the Proceedings under review relate to Revenue details coming

coming more properly under the especial cognizance of the Board of Revenue, and their instructions and observations appear to the Government appropriate.

17.

Para 2 of 1252 & 2 and 37 of 1253.

It is gratifying to learn from the reports of the Principal Collector that in both the Fusles 1252 and 1253, the Settlement exceeded the average revenue of the 10 years preceding each in the sum of Rupees 1,65,941 and 1,86,666. respectively and that in neither was there occasion to resort to the attachment of property or to the personal restraint of a single individual for the realization of the Government dues.

18.

His Lordship in Council considers the commendations passed by the Board on Mr. Wroughton for the interest evinced by him in the discharge of his duties justly due to that Officer, and the high terms in which the services of Mr. John Bird are spoken of by the Principal Collector have also afforded his Lordship much satisfaction.

19.

In regard to their separate Proceedings of the same date, on the subject of the assessment of the Wet lands in the Villages of Annamalla and Cootoor in the Palachy Talook, the Government are satisfied, from the result therein exhibited, that no abatement of the Survey Assessment on these lands is now required to be made.

20.

It would appear that the present

13124

Fort St. George 16th October 1845.

Para 8.

present nunjah assessment of these Villages has been settled at 3/4 of the original assessment with the view of getting rid of the objections to extend Cultivation which a feverish locality infested with wild beasts was likely to create. The Revenues of the Village of Animalles have in consequence of the above indulgence or from some other cause not explained, increased from Rupees 10374 to Rupees 17726 in Fusly 1232 to Fusly 1253, and that of Coteor from Rupees 1871 to Rupees 5304 within the same period. an increase it is clear that would not have taken place had all the disadvantages of locality been really felt by the people, and which in the opinion of His Lordship in Council is sufficient evidence that a departure from the survey rates is not at present required.

21.

Although the above are the views of Government, as at present informed the Right Noble the Governor in Council is disposed to await the further explanation from the Principal Collector on the proceedings of the Board dated the 26th May 1845 No. 864 before finally deciding on the course to be pursued hereafter in respect of these lands.

To T. Dycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

(30)

From the Collector of Vizagapatam ..... Explains the cause of an increase in the saderwared Charges and submits a revised estimate of saderwared for sanction.

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 21st Ultimo, giving Cover to an Extract of a Quarterly Statement of Contingent Charges not exceeding Rupees 20, in which sanction is withheld for Rupees 4½ the Value of Gentoo Ink, on the ground that a fixed sum of Rupees 42 per Annum is provided for in the Estimate of Hoozoor and Summahbundy Saderwared sanctioned by Government under date the 29th June 1837. I beg to state in explanation, that when the above Estimate of Hoozoor and Summahbundy saderwared was sanctioned, the Number of Estates which had reverted to Government was very limited. As the Number of these have increased no fresh Estimate of saderwared was submitted for sanction — but as the amount previously sanctioned was found quite insufficient to cover the expenditure absolutely required it has been Customary to include the surplus in the Statement of Charges incurred without Estimate, and these entries have been sanctioned

sanctioned without objection from Fusly 1248 to 1263.
In Fusly 1254, in consequence of some Estates having newly reverted to Government, an expenditure of Rupees 7½ for Genton Instr, has been incurred beyond the amount sanctioned. Of this Rupees 4½ have been included in the Statement now returned, and the remainder will be entered in my next Statement.

2. For the reasons already assigned, an expenditure beyond the amount sanctioned, has been unavoidably incurred in many other Items coming under the head of Sadarewared; and it will perhaps be better to prepare a fresh Estimate with reference to the altered circumstances of the District.

3. The total amount Sanctioned on the 29th June 1837 was Rupees 715. 13. 8
Sold amount of Hoozoor Sayer Sauderwared Sanctioned from Fasly 1247. 170. — —
835. 13. 8

4. The amount Sanctioned for the Sayer was more than sufficient to cover the disbursement in that Department and the surplus contributed to make good the deficiency in the Land Revenue Department. In Consequence of the abolition of

of the transit duties, this assistance is no longer afforded.

5. The annexed statement will shew the Estates in the hands of the Government in 1837 and at the present time.

1837. Estates.	Peshcush	1845. Estates	Peshcush
Palcondah	55,000	Palcondah	55,000.
Hoonjaram	11,982	Hoonjaram	11,982
Surwasiddy	24,600	Surwasiddy	24,600
Rajalah	4,413-8	Rajalah	4,413. 8
Vanoolapoody	17,000	Vanoolapoody	17,000
Cotacotah	13500	Cotacotah	13,500
		Golgondah	10,000
		Demelay	16,377.
		Rayaveram	18194
		Condakerlah	19800
		Velchoor Cedoor	7267
		Cotoor	9,064.
Total	126495-8	Total	207400. 8. —

6. It must, I think be quite apparent that the amount of Sauderwared that was only adequate in 1837 cannot be so now, and I have the honor to submit a revised Estimate of Sauderwared, which I beg may be sanctioned from the commencement of Fusly 1255.

Vizagapatam... Collector's Cutcherry 21st September 1845.

(Signed) T. H. Arbuthnot
Collector

Vide Estimate sanctioned by Government under date 4th June 1845.

1404 2 3

2070 9 10

The decrease in the Hungamah Peons was caused by the manufacture of Salt in the Pettapore Pans in consequence of there having been no exportation to Calcutta and the small increase on account of Salaries requires no particular remark—

As per Estimate sanctioned on 4th June 1845 — 14487 " "

On Account of Moongamdah & Rajahmundry Estates subsequently reverted to Government & not included in the above Estimate — 492 8 2

19th Septr

13131 Fort St. George 16 October 1845.

Read the following Letters.

To

F. Pierce Esqre

Secretary to the

Board of Revenue.

Fort St. George.

37

From P. T. Porter Esqre

Collector of

Masulipatam.

Sir

I have the honor to request you will lay before the Board, the accompanying Copy and Translation of an Arzee addressed to me by Maamedala Rungiah Proprietor of Vartullapully, requesting that after his death the Village may be put in possession of his widow on the ground that it was purchased by him on from her ancestral property. As also copy and translation of one received subsequently from Seetamah announcing the demise of the Proprietor her husband on the 10th February last.

2. The deceased left 3 sons who in my presence unanimously relinquished their claim to the Village in favor of the widow and also gave in their written Statements to that effect.

3. The Village was attached on the 8th April 1843 as reported to the Board on the 20th of that Month for an arrear of Peishcush amounting to Rupees 1075-9-7- which has since accumulated to Rupees 2156-15-1. exclusive of interest, as noted in the Margin.

Reporting that the Proprietor of Vartullapully Village having solicited to redeem, intending that the Village may be brought to sale as there is no prospect of realizing the arrears outstanding against it.

CRAR
Fasly 1254 - 347-14-2
— 1253 - 535-9-10
— 1252 - 474-3-10

— 1250 - 576-13-1
Total - 2156-15-1

4. The widow has been called upon to

to state what arrangements she propose for the liquidation of the arrears, and in her replies, Copies and Translations of which are also forwarded, she solicits that the Arrear which has accumulated under the Circar Management should be remitted, and that the remainder may be received by annual instalments. If this request be not complied with, that the Village be resumed by Government, allowing her a Monthly allowance for her support, and two Cuttles of Wet land at Enam in the Village.

A. 2 and 2.

5. As regards the first of these prayers, I do not think that there are good grounds for acceding to it, and the second is inadmissible as a similar application from the late Proprietor was rejected on a former occasion by the Board.

To the Board 7th October 1844. Board's Proceedings 21st Dec.

6. Under these circumstances, I do not see any prospect of realizing the Arrear except by the sale of the Village, and on receiving the Board's orders the usual Advertisement will be submitted for sanction.

Masulipatam Collector's Cutchery 22nd September 1845.

/Signed/ R. J. Porter. Collector.

No. 1.

Translation of an Arzee addressed to R. J. Porter Esqr. Collector in the Zillah of Masulipatam by Hamedala Rangiah Pantooloo Zemindar of Vurtullapully Village.

Have just heard that the dispute between

between the said Village and Cavoomalla was settled, but it appears from the present state of my body that I cannot visit the same, for I consider that I shall live no longer. I therefore respectfully beg to represent that as I have had no patrimonial Estate real and personal, I came to this Town in quest of my livelihood and having procured the kind patronage of the Honorable Company was employed, and whilst carrying on my livelihood in that manner, My wife named Seetanah had procured fortune from her father, House and others, and having desired me to improve the same for her, I purchased upon her consent the Village of Vurtullapully in the Paduah of Purganah, and built there houses and raised a Garden, and the Management of the same has been upto this time carried on by me on her consent, but not otherwise. She is therefore the proper incumbent to pay up the arrears outstanding upto this time against the said Village, as also to undergo the profit or the risk of any loss that may result from the said Village, but my name have no right whatever in the same. And I have settled on the subject in the presence of respectable persons that they / My sons / should make no demands for the same. Therefore I most respectfully pray your Honor, who is the emblem

emblem of justice will, as regards the said Lady continue to order the Management thereof accord-ing to her will, grant her remission of the arrears of the arrears and receive from her the annual Peishcush amount payable on the said Village, as also to keep your favor towards her in keep-ing the foregoing circumstances into effect.

No 2.

Translation of an Arzee addressed to R. T. Porter Esq^r Collector in the Zillah of Masulipatam by Sub-mah widow of Maumedala Rangiah Pantoolu Zemindar of Turtullapully.

Whilst my Husband continued in a low situation under the Honorable Company, he having no real or personal patrimonial Estate he underwent great trouble, in consequence of the inefficiency of the salary paid by the Circar, for God Almighty had been pleased to bestow on me a great number of Children, Male and female; consequently I also procured some fortune both from the people on my father's side and from my sister desired my husband to improve the same in order to

perform the ceremonies to my sons Wdg, he therefore pur-chased the Village of Turtullapully in the Padanah Purgunah with a part of the said fortune, and built in that Village house and raised a Garden in the compound thereof and had carried on the Management of the same according to my will. But thro' my mis-fortune my Husband having been attacked with severe illness, I asked him as regards the said ex Village which was purchased with part of my fortune, he then told me keeping his sons with him and in the presence of respectable persons, that my sons have no right in the said Village, that I should do with it as I may please, that he moreover submitted an Arzee to your Honor praying to continue the said Village in my name, as well as to grant me remission of the arrears so as to receive henceforth from me the Peishcush amount payable to the Circar in every year, and that the said Arzee should be enclosed in that which I may have submitted to your Honor. My Husband thro' my bad luck breathed his last at 3 O'clock A. M. of the 10th February 1845, As I was con-sequent on this event in a Melancholy state, I did not immediatly forward the Arzee addressed by my Husband together with my Petition.

I now therefore enclose in this humble Petition the Arzee addressed to your Honor

13156

Fort St. George 16th October 1845.

honor by my husband agreeably to his order and respectfully beg your honor will extend your favor towards me who am left in mediocrity and issue orders so that the said Village may be continued in my name and that I may be at liberty to employ any person of mine to carry on the Management of the same according to my will.

Dated 17th February 1845.

No. 3.

Translation of an Arzee addressed to W. T. Torriano Esq. Collector in the Zillah of Masulipatam by Pulty Village Kaumedala Seetamah Zemindar of Nurlalla.

I have received your honors Cowlnamah dated the 16th Ultimo communicating therein that there is a balance of Rupees 189 - 4 on account of arrears of Peishcush against my Village up to Fusly 1253 as well as a sum of Rupees 855 - 5 - 4 on account of Fusly 1254 making a total of Rupees 2364 - 6 - 3 and that unless the balance in question be discharged within the 22nd of the Month, you would be obliged to recommend to the Board of Revenue that the Village be disposed of by Public Action, regarding which I

13157

Fort St. George 16th October 1845.

beg leave to represent few reasons to your honors consideration.

2. That my husband had procured this Village at the exchence of my own property, he caused to execute repairs to the Tanks and water courses which have since long time prior to Fusly 1212 been the chief sources of irrigation for this Village, gave favorable encouragement to the Ryots and brought the Village into a state of amelioration. By which the resources derived thereby have at that time been sufficient to meet the Peishcush demands but owing to the prevalence of famine in the year Mundanah in prices below those in which the permanent Assessment was originally fixed as well as from the continued drought and incessant falls of rain, the Village came into dilapidation and sustained great loss in the revenue. Yet with a belief that the Circar will take the foregoing events into their serious consideration and use measures to reduce the highly assessed Bariz on the Village, my husband had contracted loans and discharged the Circar Peishcush in full up to Fusly 1249. On reference to the accounts from the year Mundanah up to this year, it will be obvious to

you

you that no resources have yielded in any year sufficient to meet the demand but every year shews a loss.

3. In preference to the accounts your Honor will likewise perceive, that the Villages Panoomulla and Nundegamah appertaining to Padanah Mootah now under Ramanyen did not, ever since they came into Circar attachment up to this year, yield resources even to meet the Peishcush demand, but caused some loss in it, and that my Village did in like manner gave no benefit except loss in the Revenue.

4. The Chief source of irrigation for my Village is a supplying Channel so named Cheelaroo on which the production of Crops of my Village is chiefly dependent the supply of water from the said Channel had (ever since the Canal was contracted) been usually accustomed to be received both to mine as well as to the said Panoomulla and Nundegamah Villages which has enabled my Village to yield the produce fully and made the ryots to extend their cultivation without any recourse in other Villages.

5. In Fusly 1250 the Zemindar of Goodoor Purganah raised a crops dam to prevent the

the usually receiving supplies to my Village from the said Cheelaroo Channel near a Nunny Tree in a field belonging to the Village of Vadlamannadu and dugout separatly a fresh Channel from it by which the usual supplies of water to my Village were prevented, and the produce has been scanty, and the Ryots of my Village by that encouragement and by the want of irrigation in this Village, left this, and entered their culture in that Zemindary Villages to a large extent, consequently my Village had fallen in arrears.

6. My husband had represented all these circumstances to your Honor, not only by means of his several Arzees, but also personally requested the same in your Honors presence. Moreover the Tahsildar of Padanah Taluk also submitted to your Honor Estimates of repairs required for the Canal to render supplies both to my Village as well as to Panoomulla and Nundegamah Villages. Yet by my misfortune the repairs to render supplies to my Village were not ordered to be executed. From the crops dam raised by the Zemindar as above set forth the supply of irrigation is still impeded and in the amount of Circar Peishcush paid by us from Fusly 1250

u/s

Fort St. George 16th October 1845.

up to 1252 there remained a balance of Rupees 788-12-6 up to March Kist of Fusly 1252. for which my Village was sequestered by your honor on the 8th April 1843 from which period up to the present date the Village is under your own Management- during the period of these 3 years in which it was under the Circar — Suft the arrears of Peishcush on my Village amounted to Rupees 1525-9-9-

7. As the state of the produce yielded in the said Village as well as of the revenue derived therefrom during the whole course of the three last Fusles is well Known to your honor and as I have no other means of subsistence except this my Zemindary Village, I most respectfully beg leave to solicit to your honor as follows.

8. That your honor will be pleased to obtain orders to remit the payment of the arrears which has accumulated during the Circar Amany Management together with interest due thereon, and to take from me a Hararnamah for the discharge of the arrears due up to the date of attachment by four yearly instalments, and to put me in possession of my Zemindary Village after allowing the usual passage

of

Fort St. George 16th October 1845.

of water for my Village. I further solicit that your honor will on taking the foregoing circumstances into your consideration, submit my prayer with your favorable recommendation to the Honorable the Board of Revenue and obtain sanction according to my request above setforth, as I also agree and engage to pay to Circar the outlay of repairs according to the proportion that may fall on my Village. I trust your honor will order the necessary repairs to be executed as early as possible and with great favor on me be good enough to obtain sanction according to my request as alluded to above.

(Marked) Manmedala Seetamah.

Collector.

No 4.

Translation of an Arzee addressed to R. T. Porter Esqre Collector in the Zillah of Masulipatam by Maumedala Seetamah Zemandar of Vartullapaty.

Having received your honors Enquetnamah to me, one dated 19th Ultimo communicating that the prayers contained in my Petition to you of the 8th of that Month cannot be complied with, and that the amount of arrears outstanding against my Zemindary

Fort St. George 16th October 1845.

Zemindary Village up to Fusly 1254, should be
within the 25th Ultimo, be remitted to your Honor
Treasury, and the other dated 5th Instant inti-
mating that I must express within 2 Days
my opinion as to the discharge of the arrears of
Peishcush in question, and that any failure on
my part to do so within the prescribed period
will induce you to recommend to the Board of
Revenue for the disposal of my Village in
Public Auction, and with their sanction bring
the same into sale, I beg leave to represent
your Honor as briefly as possible - That in the
Enquetnamah issued by your Honor it is
stated that the arrears against my Village
have been accumulated during the time of
my Husband - Notwithstanding my Husband
had often addressed Urzees to your Honor that
provided the boundary dispute of the Village be
brought into a Settlement, the arrears thereon
will be discharged by him, you were not pleased
to decide the same, but afterwards your Honor
was pleased to requester the Village for the rea-
-lization of the said arrears. Even at the
time when the Village was under Circar Cutt,
my Husband had addressed several Urzees
requesting your Honor to effect an early Settle-
-ment of the dispute above referred to, but which

Has

Fort St. George 16th October 1845.

has not been done so and at the eve of my Husband's
death you were pleased to bring it into a final
Settlement - Therefore the accumulation of the
arrears to a large extent against the Village has
been resulted during the Circar Management, but
not while it was in the hands of my Husband. I have
likewise stated in my Urzee to your Honor that I am
readily prepared to discharge the arrears of Peish-
-cush due up to the time of attachment - In my
Urzee of the 8th Ultimo as I have stated for your
information the impediments occasioned on
regarding the payment of arrears as well
as the obstacles in receiving the usual Sup-
-plies of water to the lands of my Village
thro' the Supplying channel called Cheltaw
I humbly solicit your Honor will be pleased
to have pity on me, who am an indigent and
grant my prayers requested in my Urzee
alluded to above or otherwise, as I have no other
means of support except this my Zemindary
Village, I beg leave to state that this Village may be
resumed by the Circar and in lieu thereof
I may be granted such allowance as on

may

13164. Fort St. George 16th October 1845.

may seem to you suitable to my dignity and state for the preservation & support of my family as also to contain 2 Cuttics of wet land at Enam in the said Village as shall a building named Sreekroostnaveasun in the said Village together with the compound around it for my residence.

Dated 5th September 1845.

Order thereon.

39-40

Ordered to be recorded—
Read the following letter—

To
T. Pycroft Esqre.
Secretary to the Board of Revenue
Fort St. George.

Sir,

From the Collr of Guntoor

41

In reference to an Extract from the Proceedings of the Board dated 22d May last, calling for further information regarding a spot of ground upon which the Reverend Mr. Griffa wished to erect a Roman Catholic Chapel, I have now the honor to forward Copy and translation of an Arzee from the Aumeen of Innacondah and of its enclosures, by which the Board will observe that the parties who have transferred the ground in question to Mr. Griffa have no legal title whatever thereto, and as the objection of the Villagers to the erection of a Chapel within the limits of their Village appears to me to be reasonable, I am of opinion, with the Aumeen, that the selection of another spot is advisable—

Guntoor Collectors Cutcherry, 24th September 1845— [Signed] D. Hill
Acting Collector.

No 1.

To The Magistrate in the Zillah of Guntoor.

Arzee addressed by your Servant Doctallah Kristnum Shetty Head of Police Innondah Circle

Referring to your honors order No 93 of the 9th Inst. last, directing me to enquire properly and report in reference to one Addyatta Asheer Vadapah an Inhabitant of the Village of Kondramutta, who executed a Kararnamah granting a piece of ground in the above mentioned Village for the purpose of a Chapel being built thereon, under what circumstances Asheerwadapah came in possession of and owner of the site specified in the Kararnamah, what manner of right he has thereto, by If I be a suitable person and what objections exist generally with the Villagers if a Chapel is allowed to be built on that spot, they to state, that with the view of ascertaining what legal right Asheerwadapah has to the land, I sent for him and his son Jogapah and when enquired of them, they stated that as that spot was waste 10 years ago, they enclosed it with Casuarina as a yard to keep Sowar Cattle stakes, that he has had it in his possession ever since and has now made it over in writing to the Roman Catholic Priest, Jogapah gave a deposition also accordingly. On the Common Cowdan near that Depot being examined, he stated that at the time Asheerwadapah made the right into

13171. Fort St. George 16th October 1845.—

into a yard for keeping Sowar, it was under conditions of a written Kararnamah to the effect, that he should relinquish his claim thereto whenever he called upon so to do, and that therefore he has no manner of right to that Land,— He brought and produced a Kararnamah said to have been written and executed by asheervadapah— after that when Jojapah and asheervadapah were questioned they declared that they never executed that Kararnamah— On examining the witnesses on that Kararnamah Viz. Kanamurllapoody Appia and Mandegaum Seshadry and Bogarapoo Copiah who is said to have written that Kararnamah, they confirmed the statement of Asheervadapah, having executed a Kararnamah to Dondrah— Taking into consideration the assertion of asheervadapah and Jojapah that they never executed the Kararnamah, it is evident that they now deny it, to uphold their part of the transaction of their having made over the ground by a written deed to the Priest, for if they were to admit having executed the first Kararnamah, their alleged right, to make over the land in writing to the Priest, would at once be considered an illegal act,— That they did execute the 1st document is not to be doubted— On enquiring of the Villagers

13172. Fort St. George 16th October 1845.

Villagers if they would be put to any inconvenience by a Roman Catholic Chapel being permitted to be built in that Village. It is understood that if a Chapel is built it would follow, that whenever persons of that persuation die, they would have to be buried near it, that the practice of burying in that manner in the Village, was quite objectionable to their caste, and for disputes to be made always whenever cattle may trespass into that enclosure; that under all these circumstances the inhabitants are not willing to allow a Chapel to be erected in a spot considered the "Grama Koutom" of the Village. They presented a Petyet also containing these particulars and these circumstances are in my opinion valid objections. However the Villagers objections appear to be merely that they are not willing to have a Chapel built in the limits called "the Village site"; but not to Chapel being erected outside the limits described; the Roman Catholic Priest has therefore been desired to come here, with the view of obtaining his opinion on the subject and as soon as that Gentleman comes I will consult with him and take proper care as circumstances may require. I therefore write to make your honor acquainted

13173. Fort St. George 16th October 1845

acquainted with these particulars and send enclosed seven Depositions &c with a list taken by me; Please to perused this.-

(Seal)

Received 22d July 1845.-

[Signed] D. White
Actg Magistrate.

6th July 1845. Corresponding with sunday the 2d Shoodhum of the Month Anakadum year Viswavasoo.-

Deposition given by Jojapah, housename addaguttawar, Son of Aseerwadapah, of the weaver caste, christian religion, occupation weaver, age about 30 years, and an inhabitant of Condramoottah.-

Q. In what language will you give your deposition?-

A In Telogoo.-

Q. You appear to have executed a Kararnamah making over a piece of ground in your possession to a Roman Catholic Priest named Griffa. In what manner did you obtain possession of that ground, and how did you become the owner thereof?-

A. About 10 years ago, when I commenced to cultivate, I had no place to keep my produce of Dopah &c, and as the aforementioned spot

Fort St. George 16th October 1845

spot was waste, I planted thorns as an enclosure around that site and have secured my Lopah &c. therein. It has been in my possession since that time, therefore, I made it over in writing to the Priest.

/Finished/ /Signed/ Jojapha

16th July 1845.

2 Did you, or your father give the Villager any document at the time you took possession of the ground?

A I did not write and give any, neither did my father do so.

2 The Kararnamah said to have been written and executed by you in the name of Condramottah Dasapah will be read over to you. Listen, and reply to it.

A I have heard it. neither my father nor myself, ever wrote and gave this document.

/Finished/ /Signed/ Jojapah

Taken before me.

Head of Police

17th July 1845 corresponding with Thursday the 13th Shoodhum of the Month Aushadum year Tswavee

Deposition given by Catiah, house name of Bogarumwar, father's name appiah, of the Brahmin caste, Vishnaumm Religion occupation Purnum, age, about 34 years, and an inhabitant of Condramottah.

Q In what Language will you give your

Fort St. George 16th October 1845.

your deposition?

A I will give it in Telugoo.

2 Do you know any thing about a weaver named Addagutla asheervadapah an inhabitant of Condramottah having executed a document to Condramottah Dofsiah an inhabitant of the same Village, regarding a piece of ground which asseervadapah enclosed for the purpose of securing his Lopah Straw &c.?

A I do not recollect the year, or the exact date, nor am I able to state how many years previously however one year, when I went to Condramottah, the said asheervadapah wanted to fence a spot of ground and was hindered by Dofsiah and some Coopoos, asheervadapah then came there and said that he would give a paper with conditions that he would give up the ground whenever required; and when he asked permission to have thorns planted around it, his request was acceded to, after which asseervadapah drew out a Document in Dofsapah's name and gave it to him, It was after all this, that asseervadapah was told to enclose that, for a rubbish yard I wrote that paper, and Cumanurlapoody Appiah and Kundegaum Shashadry attested it, as witnesses.

Look

Fort St. George 16th October 1845

2 Look at the paper presented by Dofsapah is this the same which asservadapah caused to be written and given at that time? Is it the same which you wrote?—

A I see it. This is the identical paper which was written and executed at that time and it is the same that I wrote.—

/Finished/ /Signed/ Coliah.

Taken before me.—

/Signed/ Dontalah Kistnama Chetty

Head of Police.

17th July 1845 Corresponding with Thursday the 15th Shoodhum of the Month and Shadhum year Viswavadoo.—

Deposition given by Sheshadry, House name Kumdeganwar, Son of Parapah, of the Cumsally caste, Shiva Religion, occupation Village Shroff, aged about 35 years, and an inhabitant of Condramootla.—

2 In what language will you give your Deposition?—

A In Teloogoo.—

Do you know any thing about addagutlah asservadapah an inhabitant of the above mentioned Village having written and executed a document or any other voucher to any body, at the time he took possession of a Piece of waste ground on the east side of the Village for the purpose of

Fort St. George 16th October 1845

of keeping Sopah straw thereon. Did he take possession of it with any persons concurrence, or did he do so of his own accord?—

A About 10 years ago, when asservadapah and Jojapah attempted to plant thorns around that spot Cirnam Dofsiah and certain Copoos told him, that the said spot was in dispute, and that he should not plant thorns around it. It was after that, that he requested to have possession of that spot of ground to secure his Sopah Straw, and to plant thorns, under conditions that he would give it up whenever wanted and executed a Document accordingly to Dofsapah; He was then directed to enclose it, for the purpose required.— He made a fence around it and has had possession of it ever since; I do not recollect the year and date on which that Document was written and executed; but Cananmulapoody appiah, were the two persons who attested it as witnesses.— asservadapah alone was present but not Jojapah when that document was drawn out and given.—

2. Look at the document presented by Dadiah who states that it was executed to him by asservadapah, Is this the same which he then wrote and is the attestation thereon as a witness yours?—

I see

that he had no place to keep his depot
Vo. in: and that he would give, if allowed
to enclose it for that purpose, execute a
document with conditions that he co.
would give it up whenever required co.
limits were also fixed to that ground
and aseervadapah executed a document
in Dossapah's name. I do not recollect
the year and date Couchcha Cumma co.
named Boggarapa Coliah wrote that
document and Kindagamm Shee
=shadry and myself attested it, as wit=
=nesses - His Son Sojapah was not present
when that document was written and given

Do Dossiah has produced a Document
which he says had been caused to be
written and executed to him by Asseerva=
=dapah - Look at it. Is this the same doc
=ument which might have been written
and given at that time - Is the signature of your name
as a witness thereto the same which you may have affixed

A I have seen it this is the same doc
=ument which was written and executed
at that time the attestation thereon as a co.
witness is mine. -

Kifeyet

Kifeyet given by us, the undersigned in=
=habitants of Cuaba condramootlo co.
appertaining to Innaconda Lanah, on the
14th July 1845. Fusly 1255. -

Dontool Kristnamashetty the Head of
Police of Innaconda Lanah having directed
us to give a proper Kifeyet as to whether the
appropriation of the land required by the
Roman Catholic Priest in the abovementioned
Village would be productive of inconvenience
to the Villagers - We beg to state as follows. -

The practice generally observed
in this Country is that places at a distance
from each Village are usually chosen as co.
Cemeteries where such persons as
die are buried or burnt according
to the rites of their Caste therefore
a similar practice has continued in
our Village also. while this is the
case and should the Roman catholic
Priest be allowed to erect a chapel
in the Centre of any Village it will
naturally arise that a burial place
also would have to be attached co.
thereto for the purpose of burying deceased
converts - therefore if permission is granted
for building a Chapel in this Village
also, a spot will have to be enclosed
for burial ground. the site on which
the

19th July 1845. Corresponding with Thursday the 13th Shoodhum of the Month Aushadum year Viswavasoo.-

Deposition given by appia, house name Canamurlapoody war father's name Shesharoydoo of the Brahmin Caste, Vistnavum religion occupation a cur= = mum, age about 35 years and an in= = habitant of Canamurlapoody.-

2 In what Language will you give your deposition?-

A I will give it in Teloogoo.-

2. Do you know any thing about circum= = stance of addagimollar asseervadapah = garding the spot of ground on which asseervadapah used to keep sopah straw &c.-

A About 10 years ago when I was at Con= = dramootlah to which place I had gone on business, the weaver named Asseer= = vadapah attempted one day to plant thorns around a piece of waste ground on the east side of the Village when Dossiah, and certain Coppoo prevented him saying that that spot had formerly been in dispute and that he should not plant thorns around it - after that the said asseervadapah said &c

that

Fort St. George 16th October 1845

the Priest purposes to have a chapel erected, is within the gramaeum tum, or Villages boundary where if a burial place is made it would not only be objectionable to such of our caste, as may reside thereabouts but would also cause the inhabitants to become afraid and thereby disturb the peace of the Village. Besides this if the place of worship is built and a garden made therein, the cattle of the Village will na= =turally trespass therein and cause dis= =turbances. On grounds of either the trees being destroyed or the walls injured, these disturbances will be such as may put us to great annoyance which would have to be quelled by our quitting the Village. When a Priest formerly intended to have a Chapel built on the same spot of ground now chosen, objections were raised by us. in the same strain as abovementioned relative to our grievances, the then Collector Mr. W. Rich came to our Village, inspected the spot and took our objections into his favorable consideration. because as that Gentleman was of opinion that if a place of worship were allowed to be built the Villagers would be put to inconvenience, he issued orders from to

Fort St. George 16th October 1845

to the Head of Police informing him that no orders could be given for the erection of a Chapel. It was after that prohibitory order that no attempt was made until the present time for the erection of a Chapel on the same piece of ground which had been objected to before. Therefore we repeat that if a Chapel is caused to be erected within the suburbs of the Village it would not only be of great in= =convenience and annoyance to the Villagers but it would be the means of causing many of them to emigrate

From

13184. Fort St George 16th October 1845.

from the Village. this is our candid opinion and we state so in this our Kifayet on the subject

45

From the Collr of Bellary -
Reporting -
Error in auditing

To J. Pycroft Esqre
Secretary to the Board of Revenue
Fort St George

Sir,

In auditing the accounts of

auditing the accounts of this Collectorate for fasly 1253 the Civil auditors has objected to the arrangement made in the Writer's Department in this District and reported to the Board on 17th July 1843 and requesting to obtain as therein requested the Sanction of Govt for the Moyenbabtah submitted with the Collectors letter of the above date

Fort St. George 16th October 1845.

of this Collectorate for fasly 1253 the Civil Auditor has made the following remarks:

1 Pay of an English Writer employed from 1st July 1843 to 30th June 1844 at 25 Rs per mensem ..... 300 —

1 D° of D° D° from D° to D° at 14 Rupees per D° ..... 168 —

2 D° of two D° D° from D° to D° at 10½ Rupees each per Mensem ..... 252 —

1 D° of a Moochee employed from D° to D° at 10 Rupees per mensem ..... 120 —

Company's Rupees 840 —

2 — If the Board will refer to the 5th Para of my letter of the 17th January 1843 No 5 they will at once find, that I have then submitted a Moyenjabelah of the Writers in the English Department of this Office as they then stood and particularly requested the Board to obtain for me the special sanction of Government for the same. But this authority conveyed in the Extract from the Boards Proceedings of the 4th May 1843 would appear to have been only for including in the fixed Moyenbtah of the District, the 3 writers originally entertained as a temporary addition to the Establishment at a monthly charge of Rupees 105.

Fort St. George 16th October 1845.

3. For the purpose of ensuring the due performance of the increasing duties of the English Department with efficiency and dispatch the sum of 105 Rupees being the pay of the 3 writers at 35 Rupees each continued for some Years since to be distributed (as at present) among six persons Viz.

1	Writer	35 Rupees
1	D°	25 Rupees
1	D°	14 "
2	D° at 10½ Rupees each	21 "
1	Moochee	10 "
6.	C.. Rupees	105

The Total amount is the same, the number of Servants alone being increased. The Civil Auditor admits the 1st of these being at 35 Rupees, but requires sanction for the rest i. e. for giving the pay of 2 writers of 35 Rupees each to 5 Persons at different rates, and the circumstances of no Sanction being conveyed in the above quoted Extract for this modification in the number and rate of pay, has probably led to the Remarks now under reference —

4. I have the honor therefore to request that

13188 Fort St.e George 16.th October 1845.

that the Board will be pleased (in consideration of the unavoidable necessity which originally dictated and still imperatively requires the same) to obtain the special Sanction of Government for the Moyen-Zabitah submitted with my former letter, as no alteration has taken place in the Establishment since that Document was submitted.—

Board of Revenue
Fort St.e George.

47

From the Coll.r of Bellary.... } Sir. Read.

I have the honor to acknowledge the receipt of your letter of the 18.th Ultimo together with the Statements therewith returned of Estimated and Actual charges on account of Extra Establishments submitted by me for sanction on the 12.th July last.—

2. Previous to submitting revised Statements in lieu of the above, I request further instructions of the Board as to what items should be entered therein. Those which present themselves as being of an extra nature independent of the Extra Cyomastahs and sweeper in the Hoozoor Treasury usually

13189 Fort St.e George 16.th October 1845.

usually exhibited in the return are as follows.—

1.st The Servants employed for watering Trees.—
2.nd The Scavenger Establishment for cleansing the Streets of the Principal Towns.—
3.d The Sweepers in the Travellers Bungalows.—
4.th The Pensioned Sepoys in charge of Ditto.

3. With reference to the first of these items, the Board are aware that a Sum of 6000 Rupees per Year is sanctioned on account of Topes or Government Plantations. There is not only the Pay of the Servants watering the Trees under this Head, but also other charges for sinking and fencing wells, Cocatas, Tools, Bullocks, Hides for Puckalies &.ca &.ca If merely the Servants were included in the Statements under reference the other charges must escape observation: although the whole charge appears in my other accounts: yet the insertion of some portion in one account and some portion in another is likely to cause confusion. If notwithstanding this inconsistency the pay of the Servants is to be entered in the Statements under reference whether the other charges also, say the annual amount of 6000 Rupees, might not be at once exhibited therein with an additional Heading "for other charges" after Col.n 6 in the form. It appears to me proper to omit in the Statements the Government Plantation altogether.

4. The 2.d Item is the Scavenger Establishment.

The

13188 Fort St. George 16th October 1845.

that the Board will be pleased (in Consideration of the unavoidable necessity, which originally dictated and still imperatively requires the same) to obtain the special Sanction of Government for the Moyen-Zabetah submitted with my former letter, as no alteration has taken place in the Establishment since that Document was submitted.—

13189 Fort St. George 16th October 1845.

usually exhibited in the return are as follows—
1st The Servants employed for watering Trees.
2nd The Scavenger Establishment for cleansing the Streets of the Principal Towns—.
3d The Sweepers in the Travellers Bungalows—
4th The Pensioned Sepoys in charge of Ditto.

3. With reference to the first of these items, the Board are aware that a Sum of 6000 Rupees per Year is sanctioned on account of Topes or Government Plantations. There is not only the Pay of the Servants watering the Trees under this Head, but also other charges for sinking and fencing wells, Peekotas, Tools, Bullocks, Hides for Puckallies &c. &c. If merely the Servants were included in the Statements under reference the other charges must escape observation: although the whole charge appears in my other accounts; yet the insertion of some portion in one account and some portion in another is likely to cause confusion. If notwithstanding this inconsistency the pay of the Servants is to be entered in the Statements under reference whether the other charges also, say the annual amount of 6000 Rupees, might not be at once exhibited therein with an additional Heading "for other charges" after Colm 6 in the form: It appears to me proper to omit in the Statements the Government Plantation altogether.

4. The 2d Item is the Scavenger Establishment.

The

13190 Fort St. George 16th October 1845.

The foregoing observation equally applies to the there being other Charges i.e. for Tools &c. connected with that Establishment, whether the latter might be omitted and the Scavengers and Drivers of the Carts alone entered is a question for the decision of the Board.

5. The Sweepers and Pensioned Sepoys in the Public Bungalows not being borne on the Mayenzabeitah of the District, they are of course Extra Servants; but these Charges are usually returned at the close of the Calendar year (not Fusly year as in the present Statement) through that Board in the Department of Public works and sanctioned and Communicated through the same Channel.

6. So facilitate reference I beg to retransmit the Statements forwarded with your letter and request that they may be returned with the instructions now applied for.

Bellary District Collectors Office on Circuit Hospett. 23d September 1845.

(Signed) H. Maltby Collector

Resolution thereon. (47-48)

For the reasons stated in Para 3 of the foregoing letter the Board concur with the Collector that the charge on account of Government Plantations should not be entered in the Statements of Extra Establishments but the actual disbursement should be submitted separately for sanction with a short report on the state of the Plantations.

2. The Scavenger Establishment, Sweepers &c. in Travellers Bungalows being permanent charges need not be entered in the Statement above mentioned.

Board of Revenue
Fort St. George.

(49)

From the Collr of Bellary.

Sir

I have the honor to submit my Report on the settlement of the Land Revenue of the Bellary Division of the Ceded Districts for Fusly 1254 A.D. 1844/45 and to forward the undermentioned Statements.

Submitting his report on the settlement of the land Revenue for Fusly 1254.

No 1 Summah and Kistbundy of Fusly 1254.

2. Comparison between the Settlement of Fusslies 1253 and 1254.

3. Abstract of the Collections of Land Revenue since Fusly 1210 Compared with the settlement for Fusly 1254.

4. Abstract Comparative Statement of the Collection and Net Settlement for Fusly 1254 according to the Board's Form of the 27th January 1823.

5. General Revenue Statement for Fusly 1254.

6. Statement of the Gonchee Cultivation for Fusly 1254 Compared with Fusly 1253.

7 } Registers of Lands held on Kayem
8 } Cowle and Chedutty Cowle.

Statement.

9. Statement of Kayeny Cowle prepared with reference to the Board's Form marked A dated 18th March 1864.

10. Comparative Statement of Cowle Lands for Fusly 1264.

11 Comparative Statement of Exam Cultivation for Fusly 1264.

12 General Abstract Comparative Statement of the whole Revenue from the Lands and from Extra Sources for Fusly 1264.

13 Statement of Trees in the Circar Plantations.

2. The Settlement of the Several Talooks comprising the Bellary Division of the Ceded Districts for Fusly 1264 was made as follows. The 12 Talooks under my own immediate management were settled by myself as usual and of the other 6 Talooks composing the Sub Division Mr. Cochrane having been appointed to act as Collector of Cuddapah had only time to settle Pengondah the Settlement of the remaining four was conducted by his Superior Mr. Moller whose report is herewith forwarded.

3. The Season of Fusly 1264 was unfavorable

unfavorable. The failure of the first rains was generally felt. The Onongani fields were sown only in those places where there fell some showers and even this did not produce any considerable crop owing to the failure of the rain usually looked for in July and August. For the Hingaree, the rains that set in, in the end of September and beginning of October, not having been so abundant as in last year the Black land left waste was to a greater extent. Gooty suffered more severely than any other Talook. The Ryots of several Villages met with a most sorry return in their Cholum fields which sown without adequate moisture only produced at all by the scanty rain which fell in December with the East wind which served to bring some fields to maturity.

4. The very small supply of water received in the Tanks during the Moongari Season did not avail for cultivation to any great extent and in the beginning of the Hingaree Season (September and October) a few only were fully supplied, the rest having had but very little water, the decrease in Tank Cultivation therefore amounted to Rupees 158,643 averaging

Rupees

Fort St. George 16th October 1845

Rupees 26—10— a per Cent below the Bariz of last year. The following is an Abstract showing the quantity of Water received and the amount of Cultivation under Tanks both in the last and present Fusly;

Comparison

	Fusly 1253	Fusly 1254	Increase	Decrease	Per Centage
Tanks which were fully replenished	766	226		540	
Tanks which were filled 3/4	81	94	13		
Do Do Do 1/2	64	190	126		
Do Do Do 1/4	73	222	149		
Do Do within 1/4	37	211	174		
Total	1021	943		78	
Tanks which were not filled	80	158	78		
	1101	1101			
Extent of land Cultivated in Acres	68298	47549		7749	
Assessment in Rupees	527789	397079		137710	26 1 0
Add Fusly Tastee or Extra Tax in Rupees	68304	47372		20932	30 10 0
Total Rupees	596093	437451		158642	26 10 0

From

Fort St. George 16th October 1845

From the above it will be seen that 540 Tanks which were full last year failed in this, and that all the care and exertion to ensure Cultivation to a proportionate extent only succeeded in raising Cultivation to an Assessment of Rupees 437,451 and the Crop even of this was indifferent. The Cultivation under Nullahs and Wells was much as usual.

5. The Price of Grain remained so low as to be felt severely by the Ryots, as in the Fusly preceding the following Tabular Statement exhibits the value of the Staple Grain.—

Comparison

	Fusly 1253	Fusly 1254	Increase	Decrease	Per Centage
	Cks a P	Cks a P	Cks a P	Cks a P	Cks a P
Paddy per Garce	68 3 0	67 8 0		11 0	1 0
Rice per Garce	156 4 0	154 1 0		2 3 0	1 6 0
Jonnalos per Garce	62 0 0	61 2 0		14 0	1 12 0
Ragoolos per Garce	58 12 0	55 11 0		1 0 0	1 0
Cotton per Candy	32 12 0	33 15 0	1 3 0		3 0 0

J

13196.

Fort St. George 16th October 1845

I need not enter into the particulars of the disastrous circumstances which must attend the payment of Rists in a Year of scanty returns added to low prices.

7. The Cholera which made its appearance in February March was prevalent throughout the District (with the exception of a Single Talook Coldecondah) continued to the end of the Fusly Year, 6825 Persons fell victims to it out of 10383 attacked in 304 Villages. Coldecondah Talook did not altogether escape disease, for an intermittent fever prevailed in 36 Villages and took away 335 out of 1241 attacked by it. The Mortality was in the Hunponhutty Talook was serious, for in that particular Talook both Cholera and fever prevailed. In 63 Villages 1187 Persons died out of 1861 attacked. Disease has been so rife in this unhappy Talook that its prosperity is seriously injured. It will require a series of good seasons to restore confidence to the People, and means to carry out their Cultivation to the usual extent. The Mortality in the agricultural Stock upon the whole in Talook is calculated at 5000 Bullocks and other cattle. Wherever the Cholera was serious I failed not to send out such Native Doctors as could be procured to administer Medicines.

8. In this Fusly year (1254) the lands included in the fruitaks of Royals are acres 210604.5 assessed at Rupees 304,984 less by acres 26632 assessed at Rupees 112,613 than Fusly 1253. The subjoined Statement shewing the extent and assessment of Lands held and cultivated, as also the deductions in the present and last year here follows.

Fort St. George 16th October 1845.

Fusly 1254 Comparison with Fusly 1253 Decrease.

	Assessment Rupees	Increase Assessment Rupees	Decrease Assessment Rupees
Total included in the Puttahs	210,604.5	-	26632
Deduct for waste	31,259.7	16,113	99702 "
Black Land	240,709	3,904.4	14829 "
Mixed Soil and Red Land	916,554	3,87,001	8,9,062 "
Total	1,157,263	3,903,445	8,015 "

9

By the foregoing it will be observed that from the lands comprising the Ryots Pattahs, the remissions allowed as fallow amounts to Acres 35,709 assessed at Rupees [illegible] the rest Acres 17,46,336 assessment Rupees 21,39,[illegible] being what was actually sown last year — Decrease below last year of Acres 1,2,475 assessment Rupees 2,12,313. Of this the Dry and Garden lands amounted to

	Acres	Assessment	Lands amounted to Acres	assessed at Rupees
Dry land	22,854	35,286	40,603	1,93,928
Garden land	17,749	1,58,642		
Under Pattah	1,012	9,128	Pattah and Wells	
Well	1130	9,259	[illegible] amounts to Acres 2142	assessed at Rupees 18,387
	2142	18,387		

from death, emigration and poverty among the [illegible]

It is here requested to observe that Lands under [illegible] sources can only be kept up by the Land [illegible] of many Ryots and in case of pasture [illegible] back under any circumstances there [illegible] difficulty in getting the land cultivated [illegible] saddle the different portion on the remaining [illegible] pasture would only reduce them also to [illegible]

Much care has been employed to ensure [illegible] vation and yet present results [illegible] sult-

[illegible]

10

From the Remarks in Para 4 of Minutes of Consultation* I apprehend that Government entertain an opinion that the decrease in the Well cultivation is owing to the owners of new Wells having thrown up their Manool land under Circar Wells. On this point, I beg to refer to Para 29 of Mr Robertson's Report in which he states that the total number of Wells dug "by Circar Ryots at their own expense and held free of "Cestra tax in this District is 1,004 of which the number "dug in Well Villages is only 173 and [that] there is "no reason to believe that any old Well lands in such "Villages have been abandoned in order to cultivate new "Well lands". In Para 29 of his subsequent Report* he furnishes a Specific account of Well lands and states "It would have prevented misconception had "I added that the privilege of digging a well free of "tax can only be claimed by Ryots holding Nanjum [that] "is permanent cultivation, with this further restriction that "the amount of his Annual rent shall not fall short of 7½ "Canteray Pagodas where his ordinary cultivation exceeds this Sum the latter [old rent] continues to be the standard "for his future payments". From this the Government will perceive that the fluctuations in the Well cultivation of this District depend upon the Season.

Individual Wells paying no Cestra tax except the original Assessment	Cuddapah	Bellary	
	1,1844	1,004	

or being nearly one half as compared with Cuddapah.

For Fasly 1244

For Fasly 1245

11

The subjoined is an Abstract of the settlement of Land Revenue for the Fasly under Report and the decrease therein entered, viz. Sum Rupees 12,613 or the Rate Rs a p. Settlement Rupees 159,994 averages 7 — — per Cent below the total settlement of last year.

Items

Items.	Fasly 1253	Fasly 1254	Comparison Increase	Comparison Decrease

Net Revenue	22,83,741	21,23,747	-	1,59,994

Of

Of the net decrease of Rupees 1,59,994 Rupees 92,399 arises in my own Division averaging Rupees 5-6 per Cent and Rupees 67,595 in the Sub Division or Centage 11-12 the cause in both being the want of an adequate supply of water to the Tanks.

12- I shall now proceed with the increase and decrease in the Statement N.o 2 in which the Net decrease Ryotwar contrasted with last year is stated at Rupees 1,59,994 resulting from a gross increase of Rupees 1,01,303 and a gross decrease of Rupees 2,61,297-

Statt N.o 2 Col.s 11 and 12-

13- The different Items composing the Gross increase (Rupees 1,01,303) will in the first place be explained. The first item increase of cultivation is Rupees 59,363 being Rupees 15,670- derived from new Ryots who held no Puttahs in the same Village last year, and Rupees 43,693 by old Ryots who augmented their holdings in consequence of certain Tanks which had no water in last, having received a supply in this or who cultivated the beds of Dry Tanks or who took fresh tracts in lieu of old unfit ones thrown up Vz.a- The next item Rupees 37,960 is the increase of Rent upon lands which were occupied both in the last and in the present year, Viz.t-

Dry Waste 1 to 9 years

Garden Waste 1 to 3 years

Wet Waste 1 to 3 years

Ditto for Inams above 3 years

Dry ditto 1 to 3 years

Total Choldy Cowle

Grand Total

Fort St. George 18th. October 1845.

In the above the proportion of chedatee or Progressive Coodie being Surra Rupees 2,396 the Surra of Kayem Coodie Amounts to Rupees 27,659 almost all of which or with the exception of Rupees 267 for Cocoanut Garden is for Regud Land.

To elucidate the particulars of Kayem with the statement prepared according to the Board's form / marked A / which accompanies their Proceedings under date the 18th. Instt. 1844 was hereto-fore transmitted separately, the Board has x Ordered that this Document be sent along with the other Statements furnished with this Jummabundy Report. I have accordingly so numbered it. 9. In this statement the Kayem Coodie will be observed to Amount to Acres 15,794 assessed at Rupees 27,659 whilst the Coodie escpired land of Fusly 1254 together with that already transferred during the 3 years Antecedent to it to the resual head of land liable to full rent Amounts to acres 76,193 assessed at Rupees 1,48,868. Of this there proportion left Waste in Fusly 1254 being acres 5,076 assessed at Rupees 12,877 the remainder acres 71,117 assessed at Rupees 1,36,296 forms part of the Ryots holding, being reclaimed acres 59,197 assessed at Rupees 111,066 and partially reclaimed acres 11,286 assessed at Rupees 21,308. To get the last item

Proceedings dated 25th. August 1845.

Statement No. 9 Col. 13 & 14

Fort St. George 16th. October 1845.

wholly reclaimed strict injunctions have been issued. It will now be observed that what remains is entire Waste where no Coodie has been enjoyed. Having already entered into a very long detail in the Coodie Reports from this Office. I need only refer to the same for other information relating to the Coodie system.

20. The accompanying Comparative statement of Coodie land No. 10 shews the decrease below last year at Rupees 7,522 being the result of a Gross increase of Rupees 1367 Viz. Rupees 1169 by old waste newly taken up, and as the rest Rupees 198 by land taken in previous years but not entered in last year's Register, and a Gross decrease of Rupees 8,889 of which the Amount of diminished Cultivation is Rupees 237 whilst the remainder Rupees 8,652 is the portion transferred to land liable to full rent but of which the Amount of land the Coodie of which has actually expired is Rupees 8473 being Rupees 8400 Kayem Coodie as detailed from Column 53 to 86 in the statement No. 9.

Ryotwar 17,79,395-88-1/2
Gunchee 21612-11-2
Total 19,95,516-0-0

21. The accompanying statement of Gunchee cultivation contains the usual information the land held in this Fusly under partnership being 21612 average Rupees 11-2 per cent on the total Revenue.

Statement No. 3 Col. 27

The

22. The Assessment of Land on which the Revenue was realized in the Fusly under Report being Rupees 2,65,973 consists of two items. The 1st or what was entered as land cultivated up to the time of striking the Summabundy is Rupees 2,57,212 being Rupees 25,30,758 lands ascertained to be actually sown and Rupees 16,457 Waste land included in the Puttahs and Assessed, and the other item Rupees 8,761 is the land which remained to be sown on account of the Vysak Crop. To these is there is added Assessment Rupees 39,411 deducted on account of land occupied but which could not be cultivated. The total of the Gross Assessment will be Rupees 30,49,984. In this the survey Assessment of Rupees 16,457 on Waste as above stated being included Amounts to (Varoly) Rupees 35,067 shewing an increase of Rupees 7,681. above Fusly 1253. It must here be observed that the Waste above mentioned was what Assessed on Aparium lands neglected to be cultivated by Ryots and on those Ryots who have thrown up part of their Puttah lands and cultivated Enamdars land

lands also on those who cultivated only the highly profitable portion of their farms neglecting the highly Assessed and Cowle expired lands partially reclaimed. The amount of Waste Assessed in this and last Fusly stands thus.-

	Fusly 1253.	Fusly 1254.	Comparison Increase	Comparison Decrease
On Aparium land of Reddies	7,874	10,286	2412	"
On Cultivation of Enam	6,117	7,190	4073	"
On Cultivation of only their proper Puttah portions	13,396	17,591	1196	"
	27,356	35,067	7,681	"

23. The total remission upon the actual cultivation of the year is Rupees 7,15,172 of which the Established remission being Rupees 6,73,863 the remainder Rupees 41,309 is the usual discretionary remission. The greater portion of this or Rupees 27,454 is Moorasil Cummee and a great part of this or Rupees 26,253 is what is styled Rayem Moonasib Kummee always allowed to lands highly assessed as well as to Cocoanut trees just bearing; and out of the rest Rupees 1201 is the Hungamee Moonasib Cummee or temporary abatement allowed

Vide Paras 8 to 10 of the Board's Proceedings on the Summabundy Report for Fusly 1252 in Paras 8 & 9 of the Minutes of Const. thereon.

allowed to Poor Ryots every other information required by the Board and Government regarding this Honorable Commee will be found in a separate report now under preparation.

24. The survey Assessment on land Cultivated both last year and this, Amounts to Rupees 2,93,152 of which Rupees 64,806 is what changed hands, the rest being retained in the holding of the same occupants. The Revenue in that year Amounted to Rupees 1,98,311 and the demand for the present year to Rupees 1,82,152 shewing a Net decrease of Rupees 9,159 below last year. and the general cause being the failure of seasonable rains. To which if Rupees 6,363 is added being Assessment on land which was Waste in land and is Cultivated this year the total and Revenue Amounts to Rupees 1,88,515.

x Statement No 2 Col 2d

x Col: 2 & 7.

25. The Enam land Cultivated both in Circar and Enam Villages in the present Fusly Amounts to Rupees 15,08,081 being less than last year by Rupees 1,471 or 2 10 m. per Cent. The greater part of this decrease arising from want of sufficient rain. The subjoined is a brief account shewing the Enam Cultivation of Fusly 1254 in the Circar Villages contrasted with last year.

In Circar Villages 14,71,157
In Enam Villages 36,924

xx Statement No 11

		Fusly 1253	Fusly 1254	Comparison Increase	Comparison Decrease
Circar Villages	Dry Land	1,44,728	1,42,566	"	1,563
	Irrigated Land	3,416 68	3,045 92	"	3697 6
	Total	4,85,696	4,47,157	"	38,539
Enam Villages	Sirva Enam	10,25,272	10,01,672	"	23,600
	Jodee Enams	1,60,284	1,46,545	"	13,739
Particulars	Cultivated by the owners	9,27,980	9,11,276	"	16,704
	By Ryots who held also circar land	3,11,350	2,91,680	"	19,670
	By Ryots holding no circar land	46,366	44,101	"	2,265

26. Independant of the Assessment of Rupees 1,727 6 levied on circar Ryots for throwing up their Pottah lands as less profitable

profitable and cultivating Enamdars lands the following are the items of gain on Enamdars Sode or Dusk Rent on Enam land Rupees 14,493
Neersurghee or Water fee Rupees 5,943
and Enam Suffreek Rupees 7,984
Making a total of Rupees 1,59,207
which with the first said sum of Rupees 17,476
Makes a Grand Total of Rupees 1,76,696

27. Thus the total demand for the Fusly under Report on account of Land Revenue Amounts to Rupees 21,23,747. The Collections and Balances compared with Fusly 1253 are shewn in the following account.

Fusly	Demand	Of which the Collections made with in the Fusly	Balance	Proportion Per Centage	Collections up to the end of Sept. 1845	Balances Outstanding
1253	22,83,741	22,54,517	29,224	1 4 "	20,452	8,772
1254	21,23,747	20,91,140	32,607	1 2 "	15,021	8,586

Out of the balance of Fusly 1253 Amounting to Rupees 8,772 the Collections made up to September 1845 being Rupees 3,924 leaved a balance still outstanding of Rupees 4,848 of this Rupees 191 is ascertained to be ultimately recoverable the rest Rupees 4,657 being irrecoverable balance I shall request in a separate letter to be allowed to remit the same. With regard to the balance of the present Fusly 1254 Rupees 8,586 I have reason to trust that nearly 3,086 will shortly be recovered leaving the rest doubtful.

28. The annexed is a General Abstract

Fort St. George 16th October 1845.

Abstract Comparative Statement of the whole Revenue from the land as well as from the Extra branches for Fusly 1254 exhibiting a decrease of Rupees 336108 Compared with last Fusly.

The

Fort St. George 16th October 1845.

The decrease on the Land Revenue (Rupees 44101) being already accounted for the cause of the decrease on the Extra Revenue being Rupees 173242 is owing to the abolition of the Transit Duties which is detailed in my Extra Revenue Report. The Item of Rupees 1024 realized from suspended Cultivation is transferred from Extra Collections to the Summabundy Bariz: and the next Item of Rupees 39,844 is the Gains by exchange (arising from the difference between the Circar rate and that observed in collecting the Kists) given up to the Ryots by Circular Order dated 10th February 1844 in conformity with the former practice and entering at the bottom of every Ryots' Puttah according to one universal rate a conversion of the net Circar demand in Rupees and Annas. I have explained to the Ryots at the last Summabundy the liberality of Government in giving up this difference of rates that the Ryots may not sustain loss by any unjust calculation the amount though small in each individual case has nevertheless given great satisfaction. It is also extended to the Moturpha Ryots. With regard to the Decrease in the Extraordinary Revenue (Rupees 2930) a large portion of this is explained by the decreased disbursements.

30 The following detailed Abstract of Revenue charges for Fusly 1253 and 1254 exhibits a decrease of Rupees 1270 in the charges of the present year.

Fusly.

Ordinary

Extraordinary

Three

There is a decrease of Rupees 20,606 in the Ordinary charges which is thus explained. The first item Rupees 10870 being the decrease in the charges for Sayer Jibbandies proceeds from the abolition of Inland duty and the Chowkies on the Mysore Frontier. The 2d item being Rupees 9092 is a decrease in expenditure

B 1254	57,650	48,444

their wish to receive an explanation of the cause of the large disbursement of Tuckavee made to the Ryots of a District like this possessing the advantage of a very moderate assessment and a large extent of Enam in the possession of Ryots. By the continual fall in the prices of all Grain during a series of years many of the substantial Ryots have become poor and unable to pay their debts some of the lower Classes being in a miserable state of poverty having no other maintenance they will continue their Cultivation and endeavour to manage it with the assistance of Tuckavee. With regard to the issuing Tuckavee the Board may be well assured that it is not given indiscriminately. The Board will observe from the Marginal Statement that this year the Amount of Tuckavee is less than usual, whether having been paid to the orders of the Honorable Court of Directors and Government. The annexed figured Statement will shew what Amount was

29th January 1845 Para 17.

was sent to Talooks to meet the demand for Tuckavee for Fasolies 1253 and 1254 respectively and what portion was actually disbursed together with the balance to be recovered from the Ryots.-

Fasly		amount sent to Talooks.	of which distributed to the Ryots	Balance due by Ryots on the end of the Fasly	Balance due by Ryots at the end of 1845

13296 Fort St. George 16th October 1845

No. 14.

To

A. Mellor Esqr.

Collector of Bellary

Sir.

Para 1 I have the honor to submit my report on the Settlement of the 5 Talooks placed under my charge for Fusly 1254 and to enclose the undermentioned Statements

+1 Anantapoor
2 Pennacondah
3 Codecondah
4 Madugerah
5 Dhurmaverum

No. 1. Jummah and Kistbundy of Fusly 1254

" 2 Comparison between the settlement of Fusly 1253 and 1254.

" 3 Abstract of actual Collections since Fusly 1210 compared with the settlement of Fusly 1254.

" 4 Abstract Comparative Statement of the Cultivation and Net Settlement for Fusly 1254 according to the Boards Proceedings of 27th Sepr. 1823.

" 5 General Revenue Statement for Fusly 1254.

" 6 Statement of Genshie Cultivation for Fusly 12[illegible]

" 7 Register of Kagam Coulc for Fusly 1254 [illegible] for Fusly 1254

" 8 Register of Land held in progressive [illegible] Fusly 1254.

" 9 Comparative Statement of Coulc Ja[illegible] 1253 and 1254

" 10 Comparative Statement of Exam Cultiva[illegible] for Fusly

13297 Fort St. George 16th October 1845

Fuslies 1253 and 1254.

2 The rains for the early Dry crops commenced towards the end of May and in the beginning of June: which enabled the Ryots in some degree to sow the Dry land, but from that period till the end of August, there was a complete failure of rain which not only caused a great deficiency, but also the crops did not attain their full growth. The later rains which fell however in September and October recovered these Crops in some measure. When the season (September and October) admitted the sowing of Grain the ryots used all their endeavours to cultivate the same. the ample crops of which made up for the partial failure of the Dry grain sown in May and June, whereby the total Dry cultivation in the Fusly under Report has not fallen below the preceding year. The several reservoirs in the Talooks under my charge not having been filled on account of the insufficiency of the first and second rains, caused a great defalcation in the cultivation of the lands dependant on them in the Fusly under review. But some of the tanks in the east and North side of Cuddapah Jemmacondah having been filled by rains which fell in October it will be observed that the Berry of that Talook has not undergone so great a diminution as was caused by the deficiency of rain in the other talooks under my charge

Fort St. George 16th October 1845.

charge. These circumstances added to the short
of grain discouraged the Ryots in their Agri-
-cultural pursuits.

3 The average prices of grain
Division for Fasly 1254 compared with those
preceding three Fasles are as follows.

	Fasly 1251	Fasly 1252	Fasly 1253.	Fasly 1254
Paddy per Garce	Rupees	Rupees	Rupees	Rupees
Rice Dr.	69	55	53	51
Jonnalu Dr.	158	130	125	134
Ragi Dr.	69	60	60	60
Grain Dr.	61	50	57	58
	64	34	66	72

In addition to the general unwillingness of the
Ryots to take up the cultivation, they experien
great diffiently in discharging their kists with
punctuality. The Cholera was extremely prev
throughout my Division except in the Cudiem
talook. The number of deaths in the 4 Talo
was 1006 of which ten took place in the Nur
talook. A Native Doctor was temporar
employed in my Division for some Months to
afford Medical aid for Cholera patients. Abo
1241 Persons were attacked with fever in Cudi
-dah Talook of whom 335 died. About 21.32 h
of

Fort St. George 16th October 1845

of Cattle were reported to have died of an extremely virulent Epizootic disease.

4 The Summabundy of the Talooks under the management of the Sub Collector was settled by me with the exception of the Pennacon-dah Talook which was settled by Mr. J. H. Cochrane.

5 The Gross amount of Cultivation Ryotwaree entered in the Puttahs at the Summa-bundy settlement is exhibited in the subjoined Abstract Statement.

								Cut

13300 Fort St. George 16th October 1845.

Out of the land entered in the Ryots Pottahs as shewn in the foregoing Statement (the Unzara Bunjer or uncultivated land being deducted at the Summahbundy) the remaining actual quantity of land liable for revenue is below that of last year by acres 2,519. assessed at Rupees 87,370- The Decrease under the Tank land (acres 94 assessed at Rupees 81.568) arises from the insufficient supply of water to the Tanks and the non-cultivation of land, watered by Nullahs and Wells (475 acres assessed at 600 Rupees) arises from the emigration of Ryots from Poverty, non-recognizance of the high assessment of land as well as the loss of Grain materials. Total Decrease of acres 1,088 assessed at Rupees 877 of which quantity 7.569 acres at Rupees 500 of highly assessed Dry land being deducted, the Net Decrease amounts to acres 2.519 assessed at Rupees 87,370 as enumerated in the foregoing Statement

6

The following abstract Statement exhibits the Deductions on the above Gross Revenue as compared with last year.

The

Fort St George 16th October 1845

The Gross Settlement of Fusly 1254 fill. short of that of Fusly 1253 by Rupees 47707 and the Net Revenue by Rupees 67595, bearing a (Loss) percentage of 11.21

It will be observed from the foregoing Statement that the present deductions, on account of Cabooleats Bunjer exceed those of the previous Fusly by Rupees 39664 in consequence of a great portion of the land cultivated in Fusly 1253 having been waste, in the Fusly under review. From which the Decrease Rupees 24123 on account of Remissions of land actually sown this year being deducted the remainder is Rupees 15541. Thus Decrease on the Settlement of Ryotwar is Rupees 6599 and on the Dry Inam lands converted into cash is Rupees 1526. the latter owing to the want of water in the Tanks during Fusly 1254 which sums added to the increase of 77 Rupees on the item of Ready Money allowances make the total Decrease Rupees 67595.

7 The different heads of Increase and Decrease will be found in the accompanying Statement No 2 S in hereto worthy of that

The Gross Increase is as per Col 77 ... Rupees

The Gross Decrease is as per Col 102 ...

Net Decrease ...

8 Silly to offer the following explanation of the causes which led to the increase in Column 69 The increase from

Fort St George 16th October 1845

cultivation is stated at Rupees 24576 and arises from some Tank lands occupied this year for which there was no supply of water during the last year from some Dry lands (uncultivated in Fusly 1253) but which were occupied this year on account of the later rains from the cultivation of the dry beds of Tanks which received no supply of water this year and from lands taken up in exchange for others relinquished as being exhausted and otherwise unfit for cultivation Of the whole increase of cultivation the amount taken by new Ryots (that is Ryots who held no Puttahs in the same Village in the previous year) was Rupees 6291 and by other Ryots Rupees 18285- The increase of Rent upon the lands occupied both in the last and present year in Column 69 amounts to Rupees 15339 and comprises the following items

	Rupees
Lands left unsown during the last but productive in this year	12377
Difference between the Established remissions in the assessment in the last and present year	637
Difference between the Dust and full rent of land whose boole has expired	95
Increase upon lands for which an abatement of rent was allowed last year on account of the failure of Crops	1933
Miscellaneous Remissions granted last year for the care of young Topes now withdrawn	297
Carried over	15339

Fort St George 16th October 1845

Brought over	15339
Add increase of Cultivation as above	24576
Total increase Rupees	39915

The increase on inam lands amounts to Rupees 686 and comprises the following items.

	Rs.
From the increased cultivation of Sooty Inams	187
From Increase of Neersarghee in Column 72 is comprised of 3 items	326
Viz:	
Extra assessment imposed on dry inam land converted into wet	231
Fees receivable upon certain Wet Inams when cultivated	37
Extra tax on inam classed as one crop land which was this year cultivated for a second crop	58
	326
Increase from Suffeed or extra assessment on inam lands occupied this year which the owners did not themselves cultivate	173
	686
Increase from ready money allowances	87
Total Gross Increase	1086

Statement No 2 Column 54 to 59

The Increase of Ryots from Ryots

Fort St George 16th October 1845

Ryots left out of account last year because the Jam was not cultivated from the failure of rain	179
Ryots who have thrown up their lands last year from poverty & other causes	42
Increase by separation of partners & of a family including Ryots of the Village who have this year newly occupied lands	500
New Comers including fugitive Ryots who have this year returned to their Village	20
	741
Ryacarries or Ryots of a different Village	424
	1165

Col 224 to 239

The different articles composing the Gross Decrease of Revenue are as follows. Under the head of Decrease of Cultivation in Column 86 the sum of Rupees 52,142 is the amount of the rent of lands which were cultivated in the last but thrown up in the present year, the proportion belonging to Ryots holding no Puttah in this year being Rupees 15,387 and that of Ryots who relinquished only a part of their lands Rupees 36,755. The causes of the Decrease have as usual been detailed in the General Revenue Statement No 5. The following is an abstract of the same account

Ryots

Fort St. George 16th October 1845

	No. of Ryots	Amount Rs.
Loss of Rent from deaths	31	247
Village Deserters	207	1777
Poor Ryots giving up all their lands	280	778
Poor Ryots giving up only a part	"	7718
Land relinquished by Pyacarico	487	2314
Do by holders of Goochee Puttahs	"	296
	1035	11130
Land thrown up from the failure of rain and other causes	711	38396

As follows Rs

Iyen Jenmi or fixed assessment 1784

Jenma justi or additional tax on Day and Garden converted into Wet 1805

Usual Justi or Rent of second crop of Garden and Wet assessed by the Survey assessment of land 12527

38396

Lands relinquished in exchange for other fields 2616

Decrease of Cultivation 52105

The next source of Decrease Column 4 is Rupees 53764 arising from the deductions of Rent on land still occupied by Ryots but left uncultivated this year for want of rain and means to cultivate 52123

Difference between the measured receipts of Shotriumdars

Fort St. George 16th October 1845

Shotriumdars being the consequence of increased Cultivation &c		268-11.
Extra Remissions allowed on account of the failure of Crops for High assessed lands which last year produced two but this year only one Crop including the temporary remissions allowed to poor Ryots		1948
Remissions allowed for Crops destroyed by flood or inundated		116.
Miscellaneous		9
		53764
Total Decrease Ryotwar		105906
Decrease of Quit Rent arising from the land uncultivated and from the inability of the holder to pay the full tax		354
Amount of Extra tax imposed last year on the conversion of some Dry Enam land into wet by means of water from Circar Tanks but now remitted because the land was waste or was cultivated with dry Grain		1498
Enam Tuffrick	539	2211
Decrease of Ready Money allowances		166
Total Gross Decrease		108283

Number of Ryots who hold Puttahs as detailed in the Statement No 5 are as follows

Ryotj

Fort St. George 16th October 1845

	Fusly 1253	Fusly 1254	Increase	Decrease	
	No.	No.	No.		
Meerasseidars	3293	3183			
Resident cultivators	14868	14609			
	18094	17792			
Payacarry	3077	2815			
Total	21171	20600			

The particulars exhibiting the Net Demand of 571 Ryots, having been fully explained in Paras 9 & 10 of the Report it is unnecessary for me to enter into further details.

12. The number of Puttahs as detailed in the Statement No 3 are as follows—

	Fusly 1253	Fusly 1254	Increase	Decrease
	No.	No.	No.	
Individual Puttahs	21171	20600		571
Gonchee Puttahs	1058	941		117
Total	22229	21541		688

The Decrease of Puttahs held by Individual Ryots, having been accounted for in the foregoing Para, it only remains to explain the cause of the Decrease of Gonchee Puttahs. This decrease is stated to have been occasioned

Fort St. George 16th October 1845

by the falling off in the Gonchee Cultivation under Tanks which received no sufficient supply of water.

13. I beg to explain further details of the items exhibited from Columns 250 to 277 of the Statement No 5.

Vassoolie or Net Demand of the settlement for Fusly 1253 as per Column 242	516081
Deduct Decrease of Cultivation from the inability of Ryots and from want of water	52142
Net Demand of last year	493939
Viz:	
Amount of the land remaining unchanged	485190
Amount of the transfers of land from one Ryot to another	8749
	493939
Deduct Decrease of Rent on land still occupied by Ryots but left uncultivated this year for want of rain and means as per Column 266	38625
Total Demand of this year	455314
Add Increase of Cultivation as per Column 274	24376
Total Settlement of Ryotwar for Fusly 1254 as per Column 277	480090

14. The following are the details of the

Fort St. George 16th October 1815

the above

Demand on the lands actually sown at the Jummahbundy as per Col.n 179 — 157580

Total of waste payable as per Col.n 182 — 6867

Estimated amount on the cultivation for second Crop as per Column 183 — 15948

480990

Fasly 1223 — 4533
" 1224 — 6852
Net Increase 2319

The Asan Bunjer or waste payable exceeds that of last year by Rupees 2319 caused by the conferring of waste land on Ryotdars who cultivated their own Enam lands and threw up the appanum lands saddled on them and on Ryots cultivating their own as well as profitable lands of their own

Rupees 15908 on account of Ryots Dowles of which Rupees 10744 have been actually sown in due time, Rupees 5164 remains unsown, which, with the exception of Rupees 659 still outstanding against the poor Ryots from various causes, was realized with much difficulty

15 The Varoth or Net Demand of Goonchee cultivation Rupees 15815 and beard per centage 9 9 on the whole settlement Ryotwary For the other details I beg to refer to the Statement No 6 It is generally known that the Goonchee cultivation is carried on with much difficulty unless the

Fort St. George 16th October 1815

the Village authorities and Revenue Officers procure sharers in lieu of those dead, Emigrated &c. and exercise their Superintendance over them according to the practice of the District of which you are well aware

16. The Cowle lands which are very few in my Division, as specified in the accompanying Statements No. 8 & 9 do not call for any particular remark

17. The Enam Cultivation as per Statement No 10 exhibits a Net Decrease of Rupees 17265 as compared with the cultivation of last year, and the same is attributable to no other cause than to the failure of rain

18. The Kayam Moonasil or Extra Remissions on account of high assessed lands (forming one of the items of Remissions upon the lands actually sown) amounts to Rupees 6091 as per Column 15th of the Statement No 5 the particulars of which were forwarded to your Cutcherry — I have been furnished with Copy of the observations of the Board and Government in regard to the granting of Extra Remissions for high assessed lands The Government it would appear have called for a Report on the subject and directed that till it has been received and disposed of, the correction of

† See Extract from the Proceedings dated 5th Dec.r 1814

† See Extract from the Minutes of Cons.s dated 11th Feb.y 1815

the

"the over assessment of the fields should not be
"extended to any Villages in which it has
hitherto been allowed". In connection with
this subject I beg to refer to my Predecessor
Mr Pelly's Reports on the settlements of
Fusilies 1252 and 1263 in which he has clearly
stated that / independent of the remissions
hitherto allowed / further remissions are
required to be granted in the Sub Division
In this opinion of Mr Pelly's I fully
concur—

19. Both the Honorable the Court
of Directors and the Government have
restricting the advance for cultivation
but the system of advance having become
an Established practice for a series of years
in the District it is not possible to dispense
with it at once the advances however have
of late years been confined to cases of real
and absolute necessity and disbursed in
an Economical manner as will be perceived
by the figures in the margin The land
in the Sub Division being most Wet land
is unpractisable to keep up the annual
cultivation unless pecuniary assistance is
afforded to the ready Ryots to enable them
to provide themselves with seeds, tools and
implements of husbandry Bullocks &c. Ryots

Fusly.	Rupees
1234	31892
1238	32281
1236	29456
1237	28961
1238	39680

From the Asst Coll[r] of Cuddapah } Sir

I have the honor to forward Copy of an Extract from the Proceedings of the Civil Court of Cuddapah having reference to a Motion I made in the Court that the Government Vakeel on the receipt of your letter dated 28th May and the Extract from the Minutes of Consultation dated 28th April 1845 transmitted with your letter of the 22d May relative to Bhutwantee and Jyratee Enams and other mansions

2 It appears that the objection on the part of the Civil Judge to comply with my request as conveyed in the motion is founded not only on the Minutes of Consultation above quoted not particularly alluding as noticed in my letter of the 6th June to grants or Assignments of Land Revenue under the Terms of Bhutwantee and Jyratee Enams but also on his not being of opinion that these descriptions of Enams fall under Regulation IV of 1831 It remains to be decided by a fresh Declaratory order of Government whether their order of the 28th April was intended to apply to these Enams whether they from their origin and the purposes for which they were bestowed

Asking reference respecting certain Bhutwantee and Jyratee Enams and other mansions in the District of Cuddapah

bestowed may be classed under those granted for Charitable purposes, and be considered as falling under Section II of the Regulation quoted as extended by act XXX of 1836. and consequently be liable only to the adjudication of Government I shall therefore confine myself to forwarding Translations of Memoranda drawn up by Old Servants who from their experience and long residence in the District ought to be able to form a correct Judgment on the points involving any difference of opinion on the subject under discussion, and to offering a few remarks on the reasons on which the Civil Judge has granted his opinion as regards the nature of these Ryatee and Bhutwurtee Enams, and on the distinction he has placed between them.

1. Uppoo Row Head Woozoor Sheristadar	}
1 Venkatroy Seting Head Sheristadar	}
1 Ragaviah Row Naib Sheristadar	}
1 Sunkurrow Talcil-dar of Gooty Sub Talook	}
1 Kistna Row Shasildar of Mud-dapilly Talook	}
1 A. Soobramanyem Government Vakeel	}

3. The Civil Judge admits that the Term Ryatee may fairly be translated as grants for Charity and for charitable allowances but states that they are few and unimportant and that the Jurisdiction of the Revenue authorities over them appears to have been always admitted

"The Persian "Khairat" adopted for charitable purposes given [or to be given] or received in Charity Shakespears Hindustani Dictionary

admitted.

4. I must here remark, that from the best information I can obtain and I have made every enquiry there can be no question that Ryatee and Bhutwurtee Enams are similar Grants, the former designated by a Persian word and granted to Mussulmen and Hindoos, the latter being derived from Telooguo and granted to Bramins alone and I apprehend that whether granted to Mohomedans or Bramins, the object was the same, at all events it cannot be argued, that Bhutwurtee enams were not granted for charitable purposes in the meaning of the word implies as stated by the Civil Judge in a general sense — "Grants to Bramins" The literal meaning of the word is "livelihood or means of subsistence to Bramins" and this surely must come under charity, if therefore the origin of the Enam is to be decided upon from the derivation of the word by which it is designed in the one Instance the derivation ought to be equally applicable in the other.

5. By far the greater portion of Bhutwurtee Enams are in the professsion of

of Parties who have no grants or Summuds one per Cent being about the average of these Documents held by Parties in possession of these Enams, and such Summuds as are produced do not shew, so far as can be judged from a perusal of them, that they were granted for any particular purpose other than charitable. There can be no doubt that a very considerable portion of these Enams are consequently held under invalid titles and setting aside the claims of Government to reversionary Interest on the occurrence of Lapses without heirs to such held on authentic grounds which the present System even dispossess them, the Government of it seems the more desirable that the whole of these Enams thus held should not be allowed to revert to Parties of all classes ad infinitum. None of these Enams have ever reverted to Government from default of heirs in consequence of the Local Courts having hitherto caused transfers to be made by decrees to other Parties in satisfaction for Debts, and by gift sale, adoption of Heirs among the Incumbents to at their own pleasure. On the demise of any-

any Incumbents, Parties are sure to come forward and claim the Enams under these various pretences, and whether claimed by one or more Parties forged Documents it must be supposed are too frequently produced supported by Perjury to establish their claims. It will be for the higher authorities to decide if it was ever intended that these Enams, whether claims to them are hereafter made cognizable by Government alone or by the Local Courts, should be thus transferible to Parties in such various ways, if they ought not strictly to revert to Parties on legally hereditary claims, and failing legal Heirs to revert to Government. The decision on this point I think of the greater importance.

6. I cannot make out why the term Bhuteurtee should be considered by the Civil Judge an arbitrary designation invented in the Cutcherry for the classification in accounts. It is far more reasonable to suppose that the term was designated with reference to the nature and origin of these grants and the purposes for which they were bestowed, for surely there could otherwise be no accounting for this Term "Bhuteurtee"

Fort St. George 16th October 1845

designation, if any must be very few
in amount and would in all probabil
the purposes for which they were bei
could be ascertained full enough
of the classes specified in Section I
tion IX of 1831. In the Bills that w
my Share given the derivation of each
by which the several Enams are
and have arranged them under the
Classes specified in the section and
tion above quoted as from their
origin, and purport for which they were
I think they fall under

Fort St. George 16th October 1845.

Judicial authorities should come to an
understanding on the subject as under
existing circumstances any motion I
make in the Court under the Instructions
from the Board of Revenue for claims
to these Enams being dismissal from
the Cognizance of the Local Courts as
beyond their Jurisdiction would be un-
attended to and unsuccessful.

11. All Lapses of Enams of the
classes specified in the Regulation I
would be made aware of, and could report
the same for the orders of Government
thro' the Board of Revenue keeping
the land under attachment, but it
is impossible for me to
of all the numerous Cases the dif-
ferent Districts Moonsiffs daily
take cognizance of having reference
to claims of Parties to these classes
of Enams founded on so many
grounds, being made as they are
transferrible to all Parties by deeds
of gift, sale, debt, mortgage &c &c
It was on these grounds and on the
opinion formed by the Board as con
veyed in your Letter of the 26th May
last that I moved the Court thro' the
Government

Fort St. George 16th October. 1845.

"Bhutwurtee" a Compound Telugoo Word being made use of to designate the description of Enam when the Telugoo Language admits of great variation in Etymology —

7 These Enams having been originally solely granted to Bramins moreover, as the Sunnuds shew, which greatly strengthens my argument, a better term could not have been well fixed on, than "Subsistence or means of subsistence to Bramins" and if allotments of Land Revenue thus granted to Individuals free of rent be not a charitable allowance in the same manner as money granted to others under the Head of Yeomiah which term means daily food: I am at a loss to conjecture what else it can be considered. The terms "wartee" and "Yeomiah" appear synonymous, and the only difference is that in the one Instance the allowance is granted in Land and in the other in ready money. These terms have therefore been classed under different Heads as the Term Yeomiah cannot be considered to apply to Charitable allowances of all descriptions —

8. Hyratee grants are few in

x. Inhabitants Daily subsistence like daily food: Shakespears Hindustany Dictionary

Fort St. George 16th October 1845.

Bhutwurtee 4 8545 13
Hyratee 79548 6-3

in number and extent in comparison — with Bhutwurtee, but are by no means in important amounting to Rupees 79848 — 6 — 3 and I am not aware that the Revenue authorities in their Jurisdiction have ever made any distinction between these two Enams their Cognizance has hitherto — been equally confined solely to all Cases of Hereditary claims in which there — are no disputing Parties. All other claims on whatever pretensions founded have always been decided by the local Courts, the Officers of which have equally on all occasions admitted similar suits for claims to Hyratee Enams as the Records will shew.

9 I must notice one point more on the remarks made by the Civil Judge regarding Bhutwurtee Enams which he states include the small Enams which have no particular designation. I know not on what grounds this opinion has been formed but when the great variety in the description of Enams exclusive of Service and Religious (or "Dawastanum") as the accompanying list will shew, is taken into consideration. I cannot come to the same conclusion at all events I should imagine that the Enams without any designation

13325 Fort St. George 16th October 1845.

Government Vakeel.

12. So in the opinion of the Civil Judge the motion is not well founded and as he is not prepared for reasons assigned to comply with the request therein made, I see no alternative but to make this reference to Government for their final Order thro' the Board of Revenue and beg further to state that I thought it my duty to move the Court a second time requesting the Civil Judge to issue Instructions to the Judicial Officers subordinate to her to obtain from taking Cognizance of claims on any grounds to Bhatawartee Hyratee and other Enams as enumerated in the accompanying List pending this reference and until the point in discussion shall be finally settled by Government.

Cuddapah Collectors Office 4th September 1845.

Signed J. W. Cochrane

Acting Collr

13326 Fort St. George 16th October 1845.

No. 1.

Extract from the Proceedings of the Civil Court of Cuddapah under date the 7th August 1845.

Read again Motion No. 222 of 1845 presented by the Government Vakeel on the part of the Acting Collector praying the Court to pass orders regarding the claim by the Revenue authorities to jurisdiction over the Bhatawartee and Hyratee Enams in this District under the provisions of Regulation IV of 1831 with reference to the Acting Collectors letter of the 7th Ultimo and its enclosures Viz. Copy of a letter from the Secretary to the Board of Revenue dated 20th May 1845, and Extract from the Minutes of Consultation under date 26th April 1845.

2. The Minutes of Consultation do not appear to advert to the Enams of this District in particular nor to allude in any way specially to the nature of the grants which here bear the designation of Bhatawartee and Hyratee Enams but merely recapitulate the grants specified in Clause 1st Section II Regulation IV of 1831 and directs that casualties amongst the incumbents of such be regularly reported. In the letter from the Secretary to the Board of Revenue however a decided opinion is expressed that "Bhatawartee Enams" being allotments of land Revenue for Charitable allowances "are clearly among the descriptions of grants specified in Regulation IV of 1831.

extended

extended by act XXXI of 1836 and consequently ex-
cluded from the Jurisdiction of the Courts-

3. The Kyratee Enams which terms may fairly be translated as grants for charity or for charitable allowances / are few in number and unimportant and the jurisdiction of the Revenue authorities over them appears to have been always admitted.

4. The Bhatawartee Enams are very numerous and extensive and in fact include all the Small Enams / i.e. less than a whole Village / not being service or religious grants which have a designation referring to their origin such as Pullakutt Bhatta &c. exclusive of Devuswrums is very small.

It seems to have been hitherto usual to consider the term Bhatawartee as a mere arbitrary designation invented in the Cutcherry for the convenience of classification in the accounts and having no particular reference to the origin or conditions of the original Sunnuds or grants. Most of the Bhatawartee Enams / thought not all / belonged to Brahmins whence probably the designation arose. The term itself appears to be derived from Bhuttee which

assumed by learned Brahmins and "Vrootie" or "vartee" which in Campbell's Dictionary is translated "Livelihood, means of subsistence, profession" and it may therefore be translated as grants for the support of learned Brahmins or taken more generally "grants to Brahmins". The Civil Judge is not aware of any other derivation and taking the Cutcherry designation without referring to the original sunnuds which he is inclined to think should be done where they exist he does not see how the Bhatawartee Enams of this District being grants not only numerous but often of large extent and to persons of high caste, consideration and influence in this District can by any even the most strained construction be deemed to be of the nature of the "Jeomiah or Charitable allowances" specified in Clause 1st Section II Regulation IX of 1831 which it is well known are entered separately in the Accounts under that Specific Head.

5. The present motion is founded on an opinion expressed in a letter from the Secretary to the Board of Revenue but contains no exposition whatever of the grounds of that opinion which it is very desirable should be made and to which of course the

Fort St. George 16th October 1845.

the Civil Judge would be desirous to give the best attention for the question now raised for the 1st time being one of much importance and the subject of much anxiety and interest to various Classes of persons in the District its early settlement after full discussion is important. In the mean time no grounds having been assigned in support of this motion and the Civil Judge after giving the subject his best consideration not being able to perceive that it is well founded. He is not now prepared to comply with the request therein made to issue instructions to the Judicial Officer subordinate to him to abstain from taking Cognizance of claims to Bhatwurtee Enams and so entirely to change the course hitherto pursued to so many years by the Courts; a Step which, particularly in a point involving a Construction of the Regulations he would have much hesitation in taking on himself to adopt, even in a case of less importance, and on what might seem to him clear grounds

Extract of these proceedings to be given to the Government Vakeel for transmission to the Acting

Collector

Fort St. George 16th October 1845.

Collector.

Civil Judge.

No 2.

Translation of an Arzee addressed to the Acting Collector of Cuddapah by Appoo Row Head Sheristadar.

After usual Compliments.

Your instructions of the 11th instant directing me to intimate you my opinion on the following points Viz^t whether Bhatavurtee Enams are applicable to Regulation XXXI of 1802, IV of 1831. Act XXX of 1836 and 23 of 1838 whether the Enamdars are authorized to transfer them to others by sale or Gift, and whether they are Cognizable by the Courts of Adawlut without the orders of Government, reached me on the 15th inst. I now beg to give my sentiments on the subject.

1. In Section I Regulation XXXI of 1802 it is specified that "the ruling power of the Provinces now subject to the Government of Fort Saint George has in conformity to the ancient usages of the Country reserved to itself, and has exercised the actual proprietary right of lands of every description, and consistently with that principle all alienations of land except by the Consent and authority of the ruling

Fort St. George 16th. October 1845.

ruling Power are violations of that right. From the foregoing enactment it is to be considered that consequence of the power of granting Enams and resuming the same being reserved to Government the Enamdars should enjoy them only during their life time and then by their legal heirs but are not authorized to transfer them to others either by sale or Gift or otherwise.-

2. In section I Regulation IV of 1831 the Enams are classified into 5 different Heads Viz.t.-

1. Claims to hereditary or Personal grants of Money or of land revenue conferred in consideration of services rendered to the state.-

2. Claims to hereditary or Personal grants of Money or of land revenue conferred in lieu of presumed Offices or privileges.-

3. Ditto-Ditto. Conferred in lieu of Zemindaries or Poligars forfeited or held under attachment or Management by the Officers of Government.-

4. Ditto-Ditto-Conferred as Jeemeah or charitable allowances.-

5. Ditto-Ditto Conferred as Pensions.-

and ruled that they should be Strictly applied to the purpose for which they are intended. In a clause 1st Section II of the same Regulation it is specified that the Courts of Adawlut are prohibited from taking Cognizance of any claims brought against Enams of the above description, and in Clause 2d the power to decide on such claims is reserved exclusively

Fort St. George 16th. October 1845.

Council. This rule is therefore applicable only to the grants made by the British Government.-

3. In Act XXXI of 1836 it was enacted that the provisions of Regulation IV of 1831 relating to grants of Money or land revenue made by the British Government shall be extended to all similar grants within the Territories subject to the Presidency of Fort Saint George which having been made by any Native Government have been confirmed or continued by the British Government. From this it is to be understood that all grants made by the Native Government should be dealt with in Conformity with the rules laid down in respect to those made by the British Government as mentioned in the 2d Para.-

4. Under the circumstances set forth in the foregoing three Paras Butwantee and Kyatee Enams (being Dhurmmajeevanam or allowances made in Charity for livelihood) appear to have been applicable to Regulation IV of 1831. Independent of this, Mr. Ashton having made a reference to the Board of Revenue on the subject of Butwantee Enam they answered that that description of Enam is applicable to Regulation IV of 1831 and also communicated to the Governor in Council on the subject.-

5. The Civil Court observed that the Government in their Proceedings dated 26th April 1845 did not explicitly state the name of Butwantee

13,333 Fort St. George 16th October 1845.

Buttuntier Enams that Kyratie Enams can be con-
sidered as grants made for charitable purpo-
and that Bhuttuntee Enams are grants held
by Brahmins as well as other sects of people.

1st It appears that Government in
suing orders on the subject of Bhuttuntee en
sidered it not advisable to give orders to all the
Enams in general and that with an opinion that th
may issue orders on those descriptions of Enams spe
cified in act XXXI of 1836 on the actual state of
disputes arising against them being brought to the
notice they have at present given their orders on
to such descriptions of Enams which demanded
their final
deemed that the intention of Government was
to exclude the Bhuttuntee Enams from others
in consequence of the same not being specifie
in their Proceedings - If it were their intention
to do so they would of course have mentioned
the Land in them.

2d In 16th Para of the order issued by
Colr Munro dated 21st May Fasly 12th to the
Mootuddies deputed to investigate the claim
of Enams he mentioned the following details under
2 different heads viz
1 Dandadayem
2 Dharmadayem
viz
1 Bhuttuntee or Brahmin.

Bhuttorauzes.

13,334 Fort St. George 16th October 1845.

2 Bhuttoranzes.
3 Bhagavatooloo.
4 Dommara.
5 Sagooloo.
6 Smugaloo
7 Satanooloo.
8 Veeramoostee.
9 Other descriptions of Enams all
of which as above given are Kyraty
or Charity.

Mooselmen.

Viz
1 Fakeers
2 Pushoor Khanus.
3 Durga Enams.

The Enams granted to Brs.
mins alone are Styled Bhuttuntee and those
granted to Hindoos and Mooselmen re-
are called Kyratee and Enams Comprisi
ing these two Clapses being given
for charitable purposes they are
included under the head of Dhar.
=madayem.

From the Circumstances
in the foregoing 5 Paras, Bhuttuntee,
Kyratee and other descriptions of
Enams.

13335 Fort St. George 16th October 1845

Head Sheristadar

No. 3.

13336 Fort St. George 16th October 1845

No. 3.

Memorandum given by Vencoba Row the Acting Head Sheristadar Nagaisha Row Nach Sheristadar Kist Row Senker Row the Tahsildars of the Districts of Muddenpally, and Gootram-condah.

Dasavandum Enams granted on condition of repairing Tanks &c and Davas-tanum Enams or grants allotted in land for the support of Sevah and Vishnoo Temples &c being blended with all other descriptions of Enams exclusively of Service Enams, a list after giving our best consideration has been out giving particulars of all classes of Enams which have reference to Regulation II of 1831 and act XXXI of 1836.

2. As no part of the Regulation and enactment above quoted prohibits the sale or gift of grants aforementioned, it cannot be considered that they are not liable to Sale or Gift nor can these sales or Gifts of Enams which have been usually carried on in the Districts be considered valid because no provision is made in the said Regulation authorizing the sale or Gift thereof. In Section I of the above Regulation the Government ruled that the grants specified there in should be strictly applied to the purpose for which they have been granted and should not be liable to be

Fort St George 16th October 1845

be diverted from that purpose to the use or benef
of persons who have no claims upon the State and
in clause 2nd of Section II of the same Regula
they have reserved to themselves the power of inv
gating and deciding the claims advanced upon
Enams or Grants. From these circumstances th
does not appear any objection to admit the true m
ing, to the effect that the sale or Gift as afore
mentioned would not bar any decision of Go
ment given according to justice upon claims p
ferred for Enams of the descriptions aforement
3

Altho the Regulation itself
gives a clearer signification that Courts are
hibited from taking
to such grants without the orders of Governm
yet as it cannot be correctly ascertained
the first instance when the suit is brought
fore Judicial authorities that it belongs t
any particular description of Enam or Gran
in consequence of the particular designat
of Enams (used in the Districts) over which the
Courts have no cognizance not being Spec
fied in the Regulations, the Court would
not institute an enquiry into the case over
which they thought they had no jurisdiction

Translation

Fort St George 16th October 1845

No 4

Translation of an Urzee from the Government Pleader
at Sabbramanyem dated 30th August 1845.

After usual Compliments.

In obedience to the instructions contained
in your Takeed dated 11th instant requiring me to
refer to the Regulations XXXI of 1802 IV of 1831 etc
XXXI of 1836 and XXIII of 1838 and to represent to
you my opinion as to whether they are applicable
to Bhatavrittee and Kyrattee Enams &c and
if so whether they are liable for Sale or Gift or
otherwise - I now beg to give my opinion on the
subject after giving my best consideration to the
Regulations as well as to the Established usage
in the Court.-

In Section VII Regulation
XXXI of 1802 it is enacted that all lands for
which grants (as specified in Section II of the
said Regulation) may have been made in
this District previous to the year 1800 shall be
liable to the Decree of a Court of Judicature
and in Section IX it is ruled that persons re-
fusing or delaying unreasonably to comply with
the demands of Collector for the production of
their Sunnuds shall be liable to pay such fine
as the Adaulat Court of the Zillah may adjudge -
and in Section X that it shall not be competent
for Collectors to institute Suits in the Courts of

of Judicature for the recovery of exempted
except by the permission of the Board of R
2.
In Section II Regulation
1831 it is stated that the Courts of Adawlut are
the orders of the Secretary to Government prohibiting
taking cognizance of any claim to hereditary or
sonal grants of Money or of land Revenue em
by the Governor in Council in consideration of s
rendered to the state, or in lieu of resumed
or privileges or of Zemindaries or Polliems forfeit
held under attachment or management by the
cers of Government or as a Vecmiah or charit
allowance or as a pension and in Section III
enjoined that the grants referred to in the pr
ceding Section shall not be liable to attac
ment or Segvestration in satisfaction of any
cree or order of Court save and except for
discharge of debts or other obligations personal
incurred by the holders of them.
3.
In act XXXI of 1836 it is
that the provisions of Regulation IV of 1831 of the
Madras Code relating to grants of money or
land revenue made by the British Govern
shall be extended to all similar grants in the
the Territories subject to the Presidency of
Fort St George which having been made by
any Native Government previous to the year
1808 or before the assumption of the Distric

by British Government have been confirmed or con-
tinued by the British Government.
It is also enacted in act XXIII of
1838 that so much of Section III Regulation IV of
1831 of the Madras Code, as saves and excepts the
liability to attachment or sequestration in certain
cases of the grants mentioned in Section II of the
said Regulations be repealed and that such
grants shall not be liable to attachment or se-
questration in satisfaction of any Decree or
order of Court whatever.
From the foregoing enactments
it appears that Bhatavrittee and Kyrattee Enams
differ in expression but not in signification
the former being designated by Telloogoo lan-
guage and the latter by Hindoostanee Persons
holding such descriptions of grants, and their
legal heirs according to the Dutma Sastras
appear entitled to enjoyment hereditarily, but they
are not authorized to transfer the same by Sale
or Gift. It is also to be considered that under
the Provisions of Sections VII. IX. and X Regu-
lation XXXI of 1802 Suits prefered against
such descriptions of grants are cognizable by
the Court of Udalut. If Bhatavrittee and
Kyrattee Enams be of the several descriptions
of Enams specified in Regulations IV of 1831
Acts XXXI of 1836 and XXIII of 1838 the name of
these

13341

Fort St George 16th October 1848

these grants Viz: Bhatavrittee and Hyrattee also have been specifically incorporated in the said Regulation like several other descriptions of Enam the denominations of which have been distinctly par =ticularized therein and the question of the Courts Adalut not having cognizance over them would have been at once determined. On referring to the English Regulations for the word Dumma =num" mentioned in that part of the Telugu Regulation Viz: Section II Regulation IX 1831 this word appears to be the translation of the term "Charitable allowance" and I am of opinion that the meaning of this Term is "Fee granted charity" and it also appears that the remainder of the same Section applies to the question of the Court not having cognizance over Suits preferred against Bhatavrittee Hyrattee Enams. Independent of this the aforementioned Sections XII. IX. & X. Regulations XXX of which authorizes Courts to file Suits preferred against lands exempted from payment of Revenue have been rescinded by any Regulations subsequently enacted, and confirming the above Section Suits ferred against Bhatavrattee and Hyrattee Enams are filed in the Courts of Adalut both in this and other Districts, and Decrees have been passed and enforced since the promulgation of Regulation IX of 1831 Acts XXXI of 1836 and XXIII of 1838 and even up this day. It further appears that under the provisions of the mentioned Sections XII. IX & X Regulation XXXI of 1802 is no necessity to obtain permission from Government Suits preferred against Lands exempted from payment of Revenue, and that there is not the least doubt that Court of Adalut should have cognizance over Suits ferred against Bhatavrattee and Hyrattee Enams. I have fore represented to you the opinion I have formed in the subject
