Sir,

To the Chief Secretary to Government.

Submitting the sentiments of the Board on the Guntoor Commissioner's report on the result of his investigations into the debts of the Zemindars of Vysareddy and Sattanapilly and stating that in the Board's opinion there are no circumstances connected with the position or character of the Guntoor Zemindars which should justify their relief from their present embarrassments at a sacrifice to the State. Sd. 18th October 1845.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the Extract Minutes of Consultation 13th Ultimo transmitting certain communications from the Commissioner for Guntoor on which that Officer reports the result of his investigations into the debts of the Zemindars of Vysareddy and Sattanapilly and requesting the Board to submit their sentiments as to the course to be pursued at an early date.

2. The debts of the two Estates now reported on were, the Commissioner states, selected for examination, those of Vysareddy as being the most important, and the largest in Amount those of Sattanapilly as consisting of a great number of small sums, some of which were believed to be founded on collusive agreements between the Zemindar and his creditors. Both together were considered to embrace demands of every description and their adjustment would consequently it was thought afford data to guide the Collector in disposing of the claims advanced against the

Malrajs. Chilk. Unpaid. Reptilly.

the other three Estates.

3. The principles on which his Settlement of the debts now under report was conducted are explained by the commissioner to have been as follows-

1 All interest to be relinquished-

2- The principal of all claims supported by the decision of a Court of Law to be subjected to a deduction of 15 per Cent-

3. Claims proved by the full and satisfactory production of regular accounts to be admitted on the same terms-

4 Claims founded on stamped Bonds not before decided if supported by Accounts or other proof, to shew that the Amount is exclusive if interest, to be settled on the same terms, otherwise to be subject to a deduction of 30 per Cent-

5- Stamped bonds purporting to be settlements of running Accounts including interest to suffer a deduction of 50 per Cent-

6- Bonds, Notes of hand / Pooranis / &c. on unstamped paper, not admitted unless supported by Accounts or other good evidence-

7 Claims not demanded for a period of 12 years inadmissible-

Vaseareddy

4 The total Amount of the claims against the Vaseareddy Zemindar Ramana the

Baboo on account of debts incurred partly by himself and partly by his brother the former proprietor Jugganadha Baboo, preferred to the Commissioner was Rupees 16,38,942-4-8. Of this sum the claims of the parties who refused to accept the terms offered to them Amount to Rupees 2,71,883-13-1 the claims rejected are Rupees 2,58,521-12-2 and a demand of Rs. 1,50,000 has been left for the consideration of Government- The remainder being the Amount of claims to be adjusted is Rupees 9,58,536-11-5 the composition arranged on the principles already stated and acceded to by the Creditors is Rupees 3,98,934-15-11-

× exclusive of the claim for Rupees 24,600 by Mr. R. Alexander

× Stat. A.C. 19

D: Col. 25

5- The particulars of the demand for 1,50,000 above adverted to as having been left for future consideration, are given in full under the claim No. 16 in the Report- That the money so advanced on account of the Zemindar was not devoted to the best of purposes may reasonably be believed- it is however nearly certain that 2/3rds at least of the above amount or 1 Lac of Rupees were actually paid on the Zemindars behalf the bonds would in all probability command a decree in Court- the creditor holds the permanent Summuds of two of the Mootahs of which the Vaseareddy Zemindary is composed the Amount 30,000 Rupees at which he has consented to forgo all

× Collore Sivi Islands

further

further claims is very moderate and under all these circumstances if a compromise on the part of Government with the creditors be determined on, it would not in the opinion of the Board be expedient to exclude this claimant. His admission would raise the Amount of the claims to be adjusted to Rupees 11,08,536-11-5 and that of the composition Money to Rupees 4,28,934-15-11-6.

Of the cases in which the parties have refused the terms offered to them two Nos. 8 and 20 are not considerable and do not call for remark. The third No. 11 is a creditor to the extent of 2,60,335-3-7- under a decree of Court. the Amount which he would have to receive were he to consent to his demand being settled on the principles laid down by the Commissioner would appear to be about 1,02,000 Rupees. It should here however be mentioned that a claim to the Amount of 24,000 Rupees which does not appear in C-5 of the commissioner's list, because the necessary vouchers had not been furnished in support of it, has been preferred by Mr. Rollins under Master Attendant at Masulipatam and as appears from a communication from that Gentleman transmitted to the Commissioner last letter 25.th August 1845) he has stated that it

1,02,987-12-

is not his intention to forego any part of it. It seems to be founded on a Razeenamah filed in the Northern Provincial Court.

7. Of the claims rejected those in Statement A Column 8 which have not been demanded for a period of more than 12 Years as also the petty claims entered in Column 9 do not need observation. The heavy claim 2,30,591-11-5 No. 7 which appears in Column 10 must be regarded rather as a claim postponed, than one that can with propriety be said to have been altogether rejected. It rests upon a decree of the Court of Sudr Adaulut. Now under appeal to the Privy Council all the papers and deposit Money have been lodged in the Sudr but it has been decided that the appeal shall not be forwarded home until the principal suit between Ramanada Baboo and his brother's Widows regarding the succession to the Zemindary shall have been determined should it ultimately be proceeded with and the decree of the Sudr Court be confirmed the present Amount together with all the costs of the Appeal to the Queen in Council will of course constitute a valid claim against the Vaspareddy Zemindar and a process might at any time be issued for its recovery. It does not appear from the notice of this claim in the Report, whether it

it be made up of principal and interest or consist of principal only. If the latter, the Amount at which it would have to be compromised is according to the rule applied in similar cases would be Rupees 1,96,091- so

Whole claim ... 2,30,591-
Deduct 15% ... 34,500
1,96,091

Mr. Elliot states that had the creditor who was prevented by illness been able to attend he was in hopes he would have been able to induce him to compound for a very small portion of his claim but he has not indicated the sum at which in his opinion the compromise might have been effected. It must however be admitted and of this the Commissioner himself seems to be aware, that the adjustment of this claim involves great difficulties. If it be now compromised, say even at the apparently very moderate Sum of 1/3 of its present Amount or about 80,000 Rupees. the Government will be called upon to make a large payment of public money in composition of a claim which the issue of the now pending Appeal might have shewn to be untenable. If no compromise be made and the Judgment of the Sudr Court be eventually affirmed the whole Amount increased by the heavy expenses attendant on an Appeal to the Privy Council will hereafter be brought forward

forward as a valid claim against the Zemindar.

8. From the preceding Paras it will be seen that the claims of which the adjustment is now proposed are 11,08,536 Rupees the Amount of compromise is Rupees 4,28,934 but it will have been no less observed that without dwelling on minor items, there is one claim in which the creditors will not accede to the proffered terms, and of which the Settlement even on those terms would be 1,02,000 Rs. that there is a Second of 24,000 Rs. in which its holder has expressed his determination to allow of no abatement whatever and a third which if it is to be settled at all can hardly be compounded under 80,000 Rupees. The Amount therefore which may be expected to be required for the complete satisfaction of all claims against the Vasareddy Zemindar would be (see Margin) upwards of Six or taking credit for the value of the Jewels held by the claimant at not at more than 5 lacs of Rupees. It should be observed that Ramanadha Baboo has brought forward some claims which he says are due to him but the Commissioner states that none of them are of any value.

9. Of the demands against the Sattenapilly Proprietor and the Sum at which they are proposed to be compromised it will not

not be necessary to speak in detail. It need only be remarked that a large number of claims have been adjudged apparently on insufficient grounds to be inadmissible - and the total Amount of the composition recommended is only Rupees 12,270 - 3 - 10. But on the other hand there still remain creditors having valid claims to the extent of Rupees 26,754 - 3 - 6 who have declined to treat upon the Commissioner's terms - here therefore as in the case of the Vasareddy debts the settlement cannot but be considered as incomplete -

10- The enquiries into the debts of the Vasareddy and Suttanapilly Exproprietors appear to the Board to have been conducted by the Commissioner with much care and judgment and the principles on which the proposed settlement is based seem to be equitable and to involve as large a reduction of the several demands as the creditors could be expected to admit - The great Amount of the claims still left unsettled, must however in the opinion of the Board be fatal to any arrangement having in view the liquidation of the Debts - Many of these claims rest on decrees of Courts of

Vasareddy -

Law or on razeenamahs filed in Court, the execution of which could at any time be enforced and process issued against the person of the Zemindar, if not against his Zemindary in dispute of its late surrender to Government - The Government would then be reduced to the alternative either of acquiescing in the frustration of the measures already taken at so heavy an expense in behalf of the Proprietors or of satisfying the demands still unadjusted on such terms as their holders might be disposed to accept -

While however the Board are constrained to object the arrangement above reviewed on the ground of its being incomplete, they consider it incumbent on them to go further and to express their conviction derived from the result of the enquiry now under report that the full and complete extrication of the Guntoor Zemindars from their private embarrassments is not practicable except at an expenditure of the public revenue which the Board would not feel themselves justified in recommending the Government to incur - Taking the sum required for the settlement of the Vasareddy debts at the Amount already assumed Viz 534,000 supposing the Amount for which the claims against the

the Suttanapilly zemindar might be compounded to be Rupees 2,000- and that at which the debts of the three remaining proprietors Mulrauzo- Chilkaloorpaud and Reppilly could be compromised as at the certainly very moderate estimate of Rupees 50,000- the total sum which under the most favorable circumstances would be demanded for the complete settlement of all valid claims upon the Guntoor ex-proprietors would be upwards of 6 lacs of Rupees or about one year's revenue of the zemindar's portion of the District in it's present reduced condition- No part of this sum can at any time be recovered- the whole may at once be added to the enormous amount (at the end of Fusly 1254 upwards of 72 lacs of Rupees) of public debt outstanding against the Estates, which the Court of Directors

These debts as reported in the letter of the Collector 29.th June 1844 P.8 are Mulrauzo 120191.
Chilkaloorpaud 66781.
Reppilly —— 6429.
203401.

In Corr.ce 25. July 1844

It should however be remarked that the Amount of the debts given in to the Collector has in the two cases now reported on proved much less than that eventually preferred before the Commissioner. Thus the Vaspareddy debts in the Schedule delivered to the Coll.r were 11 lacs as preferred to the Commissioner 16,8000- The Suttanapilly debts in like manner rose from 91,000 to 192,000 or more than double-

× The average gross Collections of land Revenue from Guntoor Proper for the three last Fusslees have fallen below 7 lacs of Rupees the charges may be stated at about 80,000 Rupees-

† The Board think it unnecessary to discuss in detail such schemes, as allowing the debt to stand over with or without interest until the Estates be restored to their proprietors and then recovering the Amount by instalments together with the current revenue, or permitting them on their reinstatement to hold their zemindaries at a reduced rate of Peishcush for a certain number of years until the composition money be repaid- Experience has abundantly shown the futility of such arrangements in the Northern Circars and even

even supposing the last named expedient to be successful the Government would have to forego an Amount of revenue equivalent to the debt- such repayment would therefore be merely nominal-

From Govt. 11.th October 1845 No. 2.

themselves (Despatch 21.st June 1842 P.t) appear to consider to be desperate- Of the benefits which would accrue to the provinces of Guntoor were the same sum expended there in works of irrigation and on other purposes of public utility the Board deem it unnecessary to enlarge- They content themselves with pointing out the magnitude of the sum required for the settlement of the debts now referred to, and the hopelessness of its recovery, it will be for the judgment of Government whether there be any circumstances connected with the position or character of the Zemindars which should justify their relief from their present embarrassments at so costly a sacrifice to the state- In the opinion of the Board there are none whatever-

12- If it be asked what course is likely to be taken by the creditors, if the Government declines to charge themselves with the settlement of their claims even at the moderate rates of adjustment proposed by the Commissioner, the Board can only answer that it is not improbable that some of their number may resort to personal process against the Zemindars but as this could be productive of no advantage it

it is not likely that the confinement of the Exproprietors, if recourse be had to such a measure, would be of long duration. Whether the creditors could proceed further and press their claims not only against the persons of the Zemindars but against their Estates notwithstanding their late surrender to Government is a question of so purely a legal character that it does not fall within the province of this Office to offer an opinion upon it. If however it should eventually prove competent to the Creditors to force the sale of the Estates in satisfaction of their claims, the Zemindaries would naturally be bought in by Government for the exact amount of public arrears against them, and this result while it would in no way impede any ulterior measures which Government may be desirous of carrying out in favor of the proprietors would, the Board cannot but think, obviate much embarrassment and difficulty with which any other settlement of the question is likely to be attended.

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated the 18.th Ultimo, requiring a further report on the state of the season in this District.

2. In my letter of the 8.th Ultimo, I reported that there had been a heavy and pretty general fall

fall of rain throughout the District. I regret to state however that it only lasted a few days and that during the last 25 days no rain beyond a slight partial shower has fallen.

3. We are now anxiously looking out for the setting in of the North-East Monsoon. Unless we have an abundant and continued fall of rain, I fear that the season will be as unfavorable as any that has ever been experienced. The tanks throughout the District are so small that unless they are filled several times in the course of a season the lands under them cannot be advantageously cultivated.

The marginal Statement of the Salt collections for fusly 1253 and 1254 exhibits a Net decrease of Rupees 131709-11. which is the result of a decrease in all items except for the consumption of the French Settlement of Yanam.

The decrease in the Home Consumption

consumption is the difference between the increase of Rupees 12,225-4-4 (arising from its being sold at 1 Re. 8 as. per Maund until a part of August and afterwards at 1 Rupee per Maund while the price in fusly 1253 A.D. 1843/44 was Rupees 185 per Madras Garce until the end of March and after that 180 Rupees and the decrease arising from the suspension of the sale of Cotaun Salt for the purpose of selling the spontaneous Salt which was produced in abundance in the Months of May and June. This Salt which has undergone an analysis by the Zillah Assistant Surgeon and is declared to be pure and perfectly wholesome has been gradually falling into disrepute in consequence of an impression that it was unwholesome. The grain however is large and the colour good and it is hoped that the Lumbadies will prefer it to the Cotaun Salt when they come down in the Months of March and April.

4. The decrease in the sales for inland consumption is occasioned by the preference shewn by the Bringarees to the neighbouring Districts of Vizagapatam and Masulipatam where salt is said to be measured out to them as formerly, whereas in this District it is sold by weight.

5. The decrease in the exportation was in consequence of the order of the Board of Revenue dated the 21st November 1844.

6. The increase of 3 Rupees in the sale of Salt for the consumption of the French Settlement arose from their requiring half a Garce more than in the preceding fusly.

7. The decrease in the recovery of advances for the manufacture of salt is owing to there having been no advances made in this fusly for the small quantity of Salt manufactured in the Mogulton Cotaun the Manufacturers not requiring the Sort of the advances made in the preceding fusly were recovered in this fusly on receiving into store a portion of that salt.

8. The subjoined Statement shows the comparison of salt charges for fusles 1253 A.D. 1843/44 and 1254 A.D. 1844/45. The items "Salaries of Huzzoor and District and Sunderward" need no remark as they were disbursed in full of the amounts sanctioned

sanctioned with the trifling exception of Rupees 6-8-

The large decrease in the Extra charges has occurred in consequence of there having been no charges for exportation and measurement of Salt nor any Runga-mah fees to entertained as shewn in the Margin the quantity of salt manufactured was also very small. The decrease in the advances for the manufacture of Salt occurred because there was no manufacture in the Pittapore Cotaun where there is in Store a large quantity which was made in fusly 1253 / A.D. 1843/44 and no advances at all were made for the Salt Manufactured at Mogultoor Vide ¶ 390 -- Maunds. The large increase against the item "Prime cost of Salt received into Store" has arisen from receiving into store in this fusly 34390 Maunds of Salt valued at Rupees 1675-8 which was manufactured in fusly 1253 [illegible] Maunds

10 With reference to the Extract from the Minutes of Consultation dated the 1st February 1845 which accompanied the Board's Proceedings of the 10th of that Month in which it is remarked that no reason has been assigned for the unusual influx of Bringaries which created a considerable increase in the Inland sales of Salt in fusly 1253 / A.D. 1843/44 and that adverting to the fact of its having occurred immediately prior to the date on which act No VI of 1844 came into operation His Lordship in Council considers it desirable that the cause should be explained - Beg to observe, that the Bringaries have long been in the habit of purchasing Salt at the Mogultoor Cotaun, but in last fusly finding that there was no Salt for sale except that which had been stored in fusly 1246 / A.D. 1836/37 which they objected to, because it was old and the grain was small, they quitted that Cotaun and betook themselves to Bimtoomilly and other places in the Masulipatam District. The coincidence of this circumstance with the time

¶ 1252 / A.D. 1842/43

Fort St. George 23d October 1845

time of the promulgation of Act X VII of 1844 requires no further explanation than that the Bungaries always come to purchase Salt at that season of the year. In fusly 1253 / A.D. 1843/44 a Quantity of fresh Salt manufactured in the preceding year having been received into store, some of the Bungaries who used to purchase Salt from Buntoomilly in the Masulipatam District, came to the Mogulloor Golam and purchased the new Salt, the good quality of which was the only reason for the large increase in question. Para 3 of the said Minutes stated that the value of Salt manufactured in fusly 1253 / A.D. 1843/44 as per Statement No 1 which accompanied the report of that fusly was Rupees 281228, but as the value of Salt stored in that fusly was only Rupees 8132 which bears a very small proportion to the quantity manufactured the cause of this should be explained. I beg to observe that the sum of Rupees 281228-4-5 was the amount of the Salt sales for fusly 1253 / A.D. 1843/44 not the value of the Salt manufactured. The amount of Rupees 6132-1-11 is the value or prime cost of the Salt stored in that fusly and paid to the Manufacturers

In the same para of the Minutes of Consultation I am required to explain why the advance for the Manufacture for fusly 1252 / A.D. 1843/44 was Rupees 813 and that for fusly 1253 / A.D. 1843/44 was Rupees 6,923 though the manufacture

in the former fusly it was 5,15,936 Maunds of Salt made in the latter it was only 1,29,968 Maunds. From the accounts submitted it might certainly be supposed that the Salt received into store in the fusly is question was the whole quantity manufactured in those fusly: but the statement in the Margin exhibiting the quantity of Salt actually manufactured and the amount of advances made thereon in each year, shews that the advance for fusly 1253 A.D. 1843/44 exceeded that for fusly 1252 A.D. 1842/43 in consequence of there being actually a greater quantity of Salt manufactured in the latter fusly 1252 A.D. 1843/44.

Sayer and Frontier

11 The abolition of the Sayer during the latter part of fusly 1253 A.D. 1843/44 accounts for the decrease against Inland duties shewn in the Marginal Statement. The increase in the Frontier duty had arisen partly from the levy of that duty on all articles

The great increase in this branch is of course attributable to the operation of the new act XI of 1844. It will be seen by a further Marginal table that the increase has arisen chiefly from the large Export of rice and paddy from this

this District to the Mauritius, Bamboo &c. and the importation of Paddy from the Arracan Coast.

On the Export and Import of piece Goods and Sundries an increase of Rupees 3,884 has occurred and the total increase is not less than Rupees 11,314-8-7 The decrease to the amount of Rupees 6,353-4-2 is owing to a more limited import and export than usual of cloves timber and sundries but especially of cloves a whole Shipload of which having been brought in a foreign Vessel was subjected to a duty of 25 per cent during last fasly. The result of these two items corresponds with the net increase of Rupees 4961-4-5 above quoted.

14 The Sea Custom Charges for the two fasties as compared in the Margin need no remark.

15 With reference to para 4 of the Board's Proceedings of 12th December 1844 upon the report of the settlement of the Extra sources of Revenue for Fasly 1253 A.D. 1843/44 requiring to be informed why the grain of

Fort St. George 23rd October 1845

grain of this District is exported while anacan grain is imported. I have the honor to state that the quality of the rice produced in the Talooks of Pittapoor, Peddapoor and Kerlumpody is considered far superior to the produce of Tanjore or of any other part of this Coast, that a great number of French Ships have taken Cargoes from Cocanada to Bourbon during the last season, that an agent on the part of a French Mercantile Company has established himself at Cocanada and that an increased demand has been made for next season for the supply of Bourbon. The Port of Coringa although it offers many advantages has never been resorted to by Ships from Calcutta. Rice has generally been Exported in French Vessels sent for the express purpose and conveying no other articles of Merchandize. The importation of rice from Anacan has been going on for several years and is gradually on the increase. It is a cheap food and therefore in request not only among the lower orders but amongst the higher orders also, who cannot afford to purchase the more expensive produce of this District.

The Demand of Meturpha Settlement for this fusly as quoted in the Margin shews a net increase of Rupees 643-11-6. The Statement exhibits the several professional classes paying this tax as well as the sums compared with the Meturpha Settlement for Fusly 1253 A.D. 1843/44. The increase of Rupees 4338— in the weighing and measuring tax arose from the completion resulting from the extension and productiveness of the gardens of Chittoor, Sugar cane, Turmeric &c. The increase of Rupees 658-6-3 on the Professional classes was occasioned by a diligent imposition of the tax on all persons who ought to pay it and an addition to the number of looms among the weavers. On the other hand the decrease of Rupees 648-2-9 on the professional classes has arisen from the Ordinary casualties of death and poverty. The result is a net increase of Rupees 443-11-6.

Part of this is outstanding against the poor, the dead and those who have absconded. Efforts are making for the realization of the portion recoverable. After due enquiry I shall take an opportunity of recommending the remission of the irrecoverable portion.

of Charges: shews a decrease in the Sea Customs as there is an increase in the Collections, in the Moturpha, as the arrears of Fusly 1253 A.D. 1843/44 under that head were levied in this year to the extent of Rupees 4604, and part of the Moturpha remission allowable to the ancient Zemindars Viz^a Rupees 681-14-3 has been discontinued in consequence of the Bhee-manapilly Mootah being ceded to Government by the Pittapore Zemindar, and on the Stamps owing to the falling off in the Collection the Percentage of charges shews an increase in the Salt revenue as a large sum was disbursed in this Fusly on account of Prime cost of Salt which was manufactured in Fusly 1253 but A.D. 1843/44 received into store in this Fusly, and on the Frontier collections (under the head of Sayer which has been abolished) in consequence of the heavy Establishment and a sum of Rupees 570-11-4 having been allowed as Drawback on the Export of certain Piece goods which formerly paid inland duty.

Board of Revenue
Fort St. George.

(12)

Sir,

From the 1st. Collector of Guntoor

Relying to the Board's proceedings of the 25 Ultimo about proceeding against the 1st. Sheriastadar of Shagherry Row under Regulation IX of 1822 with stating Collector's opinion on the subject

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 25th. Ultimo, stating that they cannot agree with me that the prosecution of the Shagherry Row under Regulation IX of 1822 would be inexpedient, and directing me in reference particularly to the extensive and systematic corruption brought to notice in para 26 of my report, to proceed against him under that Regulation selecting those instances in which the evidence is complete.

2. Altho' I am fully impressed that it is highly desirable both for the ends of public justice and for the sake of example that Sheshagherry Row should, if practicable, be severely punished, I much regret that the Board have ordered the prosecution of further enquiry, because I anticipate failure, and I consider that his dismissal at once would have a much better public effect than the adoption of a similar measure after his acquittal upon charges brought forward under Regulation IX. His guilt flagrant as

as it has been, is not of that description which comes under the above Regulation. Altho he may in some instances have received bribes, his general conduct is in my opinion of a deeper dye, tending as it has done, to ruin the revenue of an extensive district.

3. It appears to me to be the Boards wish that I should now place Sheshagherry Row upon his trial under Regulation IX 1822 in reference to his connection with the corruption brought to notice in para 26 of my report.

4. The particulars therein enumerated were cited by me as "specimens of the extent to "which extra collections have been made by the "Village Servants" and altho they afford either strong suspicion of guilty connivance, or proof of utter incapacity on the part of the Head Sheristadar, they do not, with the exception of two instances, directly implicate him. These two instances are the Villages of Pruttepaud and Cherkoor, the curnums of which severally deposed before the commissioner to having given a bribe of Rupees 400 to Sheshagherry Row. The Board in their Proceedings, allude to my statement that "several "curnums have already taken alarm and repented "their disclosures, and it may therefore be "doubted whether any of them could be depended upon

upon for adhering to their original statements "on a second enquiry" as an instance of this I mentioned the Curnums of Pruttepaud who had petitioned Government, retracting their statements before the Commissioner, and upon whose petition to the Board I have lately made a full report. The Curnums of Cherkoor forwarded a similar petition to Government which was returned to them through my Office under the petition rules. No proceedings against Sheshagherry Row are therefore practicable as regards the frauds above alluded to.

The only other charge upon which I imagine the Board are of opinion that I can proceed against Sheshagherry Row under Regulation IX is the receipt of money from Ramnatha Baboo, regarding which I have already expressed my judgement that "Although I think there is sufficient evidence for conviction it would be useless "and inexpedient for me to pursue the matter "further unless I can carry the opinion of the "Board with me", and that "in the event of the "Board desiring it, I shall be prepared to pass a "sentence in this case, although it is not one which "in my opinion should in the present instance, be "selected for punishment."

7. In para 8 of my letter dated 19th. August I mentioned that in order to enable me to carry

out

13738. Fort St. George 23d. October 1845.

out their orders it will be necessary that the Board should return me such of the Original papers as might be required, but as the documents connected with the receipt of money from Ramnatha Baboo have not been forwarded I hope that the Board do not intend to press a conviction in that case. If I am wrong in my conjecture it will be necessary that the original proceedings and documents be forthwith returned in order that my successor may complete the enquiry.-

To J. Pycroft Esqre Secretary to the Board of Revenue Fort St. George.

Read the following letter.

From A. Frere Esqre Collr of Chingleput

Reporting on the Settlement of Land Revenue of the Chingleput District for Fusly 1254 A.D. 1844/45 and submitting the usual Statements connected with it.

Vide Enclosures from No. 1 to 28 with Maharatta accounts.

Para 1. I have the honor to transmit herewith the prescribed Statements of the Land Revenue of this District during Fusly 1254 A.D. 1844/45 together with a few explanatory remarks, the briefness of which I trust the Board will excuse in consideration of the State of my health which prevents my entering into greater details.

2 The Summabundy of 8 Talooks was conducted under my own supervesion, whilst the Settlement of the remaining two Talooks of Carangooly and Chingleput from the Head Assistants charge was conducted by Mr. Cotton and Mr. Cadell respectively.

3. The Season of Fusly 1254 was on the whole less favorable than that of the preceding year, in consequence of which a slight decrease has occurred both in the Cultivations and revenue. During the early part of the Cultivating season or between July and September the fall of rain was partial and Scanty, which prevented the Ryots then bringing under the plough the usual extent of Nunjey & Punjey lands, whilst from the total failure of rain during the Months of October and November, when water is most especially required for irrigation a considerable portion of the Sumbah crops particularly in the Talook of Chingleput withered or became partial dried up. In the Month of December this unusual drought was succeeded by a heavy fall of rain whereby all the Tanks in the District were simultaneously filled. The Nunjey Cultivations was subsequently impeded to some extent by a great Mortality amongst the Cattle. The price of grain however was more favorable to the Ryots during the latter part of the year and facilitated the Collections.

4. The subjoined abstract Statement will shew that in the 1571 1571 Ryotwar Villages there is a decrease of 5180 Cawnies in the Nunjey Cultivation, 818 Cawnies in Punjey and 3089 Cawnies in the Second Crop Nunjey Cultivation, with a Corresponding decrease of Revenue Amounting to Rupees 6938 whilst there is a small increase of 87 Cawnies in the Total cultivation. The apparently great increase under the head of Fixed Assts is but nominal, the Assessment for the Second Crop on double Crop lands having in the year under review been included under the head of Consolidated Assessment according to the Boards instructions. The sum of 306 Rupees entered under the head of Fixed Assts on double Crop lands in Fusly 1254 is the Amount of Assessment for third Crops raised on lands of that description.

7. The decrease of Rupees 6317-1-10 under the head of Soury Zemindary has arisen from the reversion to Government of the Mootahs of Echoor, Auvoor and Oopponelvoy Comprizing 6 Villages assessed with a permanent Peshcush of Rupees 6150-11-10 as also from the reduction of Rupees 168-3-0 in the Peshcush of the Palaveram Zemindary on account of the Teerwa of certain lands purchased for public purposes at Guindy.

8 The decrease under the head of Mutt or permanent Rents amounting to Rupees 412 has been caused by the expiration of the 11 years rent for which the Village of Alingevauckum was held but from this amount the increase of 2-10 arising from the Teerwa of waste lands not included in the rent of another Village under this head being deducted, the net decrease is Rupees 410

9. Under the heads of Ryotwar Settlement there is an increase of 3 Villages assessed with a Beriz of Rupees 2910-15-4. The two latter Villages which reverted to Government in Fusly 1252 have hitherto been held under Aumany management but have now been brought under the Survey field

field assessment a report on which will be submitted separately for the consideration of the Board the former Village was included in the Survey Settlement of the Manemungalum Talook.

10. Of the four Villages kept under Aumany management in Fusly 1253 two having been brought under Ryotwar Settlement the remaining two, together with three of the Sive Villages reverted from Zemendary were held under Aumany in fusly 1254. The remaining three are entered under the head of Dowle Rent, they having been rented to the Ryots for the sum of Rupees 3397-14-7

11. The Beriz of the Sive Villages mentioned in the last Para amounts to Rupees 6085-7-2 being Rupees 55-7-8 less than the Permanent Beriz. This decrease has arisen chiefly from the decreased Cultivation and deficient produce on the Village of Oopponelvoy situated on the borders of the Puticat Lake, the lands being poor and the supply of water insufficient.

12. A Statement shewing the cultivation, produce and Beriz of the 8 Villages included under the heads of Aumany and Dowle Rent is appended for the Boards better information regarding the result of their management.

13. The following Statement will shew that the aggregate amount of remissions granted is less than that of the preceding year by Rupees 1,683 and it will be Satisfactory to the Board to see that the remission under the different heads has been reduced to one half the former amount except in the single item of Fusul Commn. the increase in which Amounting to Rupees 17822.9.9 is however but nominal leaving an arrear from the full tax of the double crop lands having been under the instructions of the Board included in the demand of Fusly 1254, and remission allowed for such lands on which a second crop could not be raised, whilst up to the preceding year where only one crop was raised a Corresponding assessment only was brought to account.

14. The remissions allowed for Shanlal Banyer on parts of entire fields left fallow in fusly 1254 amount to Rupees 1059-4as-8 being less than one half the amount remitted on this account in fusly 1253. The principle by which this remission was regulated in the Immunahbundy of fusly 1254 was that it was allowed generally in cases in which more than one half the area of the entire field remained uncultivated when there was any real impediment to the cultivators of smaller portions as was found in a few instances. A revised Hookummanah on this and other points of Immunahbundy settlement is under preparation as directed by the Board and it will be laid before them shortly.

Demand Rs. 1436-7-9

15. Remission for shavi or Crops destroyed by drought was granted to the extent of Rs. 3280-12as-9ps out of Rs. 4777-4as-4ps being the amount of Teerwa on the lands in which the loss was sustained. Of the former sum Rs. 1980-12as-7ps were remitted in the Chinglepute Taluk where the loss was greatest. The Ryots were particularly informed that remissions would not be granted for loss by shavi under 10 7½ Cent of the demand against each individual, and this principle was so carefully followed up that a small sum of Rs. 238-4as-3ps only was remitted (out of Rupees 702-4as-6ps the full teerwa of lands) in a few cases in the Chinglepute Taluk where the

loss was below 10 7½ Cent in consideration of the Ryots who solicited the indulgence being unable to meet the demand.

16. The remission on account of Punchaoodly in fusly 1254 exceeds by Rupees 156 the amount remitted in the preceding fusly in consequence of the Crops raised on lands cultivated in the beds of Tanks before the Monsoon having been inundated by the Tanks being so suddenly filled.

17. Under the head of Poymalee the sum of Rupees 575-7as-6ps has been remitted on account of Car and Sumbah Crops destroyed by the overflowing of the Palar and Cheyar Rivers in the Conjeveram and Ostramaloor Taloohs and by the bursting of Tanks in other Taloohs during the month of December. The damage thus caused has been in some parts so serious that it not only injured the Crops, but also the lands themselves covering them with sand so as to render it impossible to recultivate them without much labour and expense.

18. The remissions granted on account of Palanusthum or deficient produce amounted to Rupees 517-3as-0ps They were chiefly called for in the Chinglepute and Peddapollium Taloohs were as stated in Para 3 the Sumbah Crops were partially dried up but which still yielded a scanty return through the rains which fell in December. The indulgence was however very

carefully restricted and on a due consideration of the produce of the Crops derived by the Ryots from the rest of their cultivation as well as their own condition. The total amount has moreover been considerably reduced as compared with the preceding year. The Boards instructions on the head contained in the Proceedings on the Settlement of Fusly 1253. were received subsequent to the close of the last Summabundy, but they will be duly attended to in future as far as practicable.

19. The Moonasib or discretionary remission in Fusly 1254 Amounts to Rs 300 — as 11 — p 2 and were granted to several Ryots for various reasons such as poverty and unavoidable losses which were ascertained by me on personal enquiry. The amount is small and could not have been withheld without injury to those to whom they were allowed.

20. The increase of Rupees 100 - 14 - 9 under the head of Maneums granted for the support of Choultries comprizes two sums, one of Rupees 60 and the other Rupees 100 - 14 - 9. The former is the value of the waste lands granted under the orders of Government for the support of a Choultry for the use of Streharee Ittah, and the latter is the amount of Teerwa on 27 and odd Cawnies cultivated in Fusly 1254 out of the 40* Cawnies of Maneum lands assigned in last year for the support of the Choultry and

and Bungalow at Palaoyel on the high Northern Road according to the Sanction of Government noted in the Margin. These lands are of an inferior quality and belong to the Village of Teertakarembut, situated in the vicinity of the Choultries.

21. In reference to Para 3 of the Boards' Proceedings on the settlement of Fusly 1252 in which they desire to be informed to what extent the practice of assessing the 3rds Crop raised on double Crop lands prevails, I have the honor to state that such additional cess amounts to the small sum shewn in the Margin, but which I think should be forgone when the Ryots have cultivated the whole of the single and double Crop lands in their occupation. A clause to this effect will be inserted in the Summabundy Dorkummanah, under preparation.

22. In conclusion, I have the honor to annex a Statement shewing the settlement of all branches of Revenue for Fusly 1254. as compared with the preceding year together with the collections upto the close of the Fusly and those subsequently realized, from which it will be observed that the balance of Land Revenue at the close of the year was less than that of F. 1253 by Rs 4,405 - 6 - 1 or as p 28 per Cent: a punctual realization of the Fasli and decrease of balance outstanding at the close of the Fusly is no doubt desirable, but in this District it is impossible to prevent a balance at the close of the Fusly as the settlement includes a large extent of Nursery Cultivation the produce of which is not Cut and ready for the market until the Commencement of July. This amount is generally realized in the first two months of the succeeding Fusly. The whole Amount advanced on account of Tuccavi in 1254 F. has been recovered.

Statement
