From the Asst. Collr. in the Wt. Divn. of Arcot.

Para 1.

I have the honor to acknowledge the receipt of your letter dated 5th May last, desiring me to explain in what manner Mr. Turner the late Abkarry Renter of this District in fasly 1252 has calculated the loss of Rupees 10,607 8 - which he alleges to have been sustained by him from certain Abkarry Shops having been established by the Military Renter at Vellore within the limits of the Civil renter and what in my opinion will be a fair compensation to him.

2. Mr. Turner in his letter of the 22d Augt 1843 claimed compensation for Eight Arrack and Toddy Shops and two Toddy Topes held by the Military renters within his limits at the average rate of Rupees 1134 11 4 each for the former and Rupees 395 - - for the latter. Since the claim was preferred, and consequently thereon, the Military farms has been measured and a plan drawn

Reporting on the claims of Mr. Turner late Abkarry renter of Arcot and Military that from the circumstances under which certain Arrack and Toddy Shops & Toddy Topes of the Vellore Military Abkarry farms were supposed to be held beyond the present distance of four miles from the Military Bazar a sum of Rs. 6910. may be allowed Mr. Turner as a compensation for his having been deprived of that profits of them

drawn of it and approved by Government and from the correspondence with the Commissariat Officer at Vellore, herein submitted, it appears that the arrack Shops and topes named in the margin were held by the Military renter beyond the limits of the Military farm as now defined, the net averge profits of which are calculated by Captain Nicholls at - Rupees 6,910 - - -

3. It appears not to have been intended when the Vellore Military Abkarry farm was originally established, to confine the limits to a distance of exactly 4 miles from any particular point, but the local Officers were required to fix the limits at about that distance from the general Bazar. Section XIV Regulation VI of 1821 prescribing that "within all Military bazars and within such limits around them "as may be fixed under the orders of the Governor "in Council, the manufacture of Arrack, Toddy and "other fermented liquors &c &c shall be under the "exclusive control and direction of the Commissariat Officer." It appears to me that Section XLIII, 4.

Regulation VII of 1832, substituted an ideal circle to be taken at a distance of 4 miles from the general Bazar

Fort St. George 23d. October 1845.

Bazar or some point within it for the limits fixed by the
Officers of Government under the former Regulation
and that a corresponding alteration should have been
in the extent of the Military Farm. Regulation VIII of
1832. prescribes that "within the limits of all Military
"Bazar stations, and within such further limits around
"any of them as may be fixed by general orders of
"Government, the manufacture and sale of all spiritu-
"ous and spirituous liquors, and of intoxicating drugs
"shall be under the exclusive controul of the Commis-
"sary General." I have not a Copy of the General
Order of Government fixing the limits under this
Regulation but I presume that it must be to the same effect
as the Extract from the Minutes Consultation in the
Judicial Department dated 11th June 1832 No. 230 quoted
in the Extract from the Minutes of Consultation of the
19th December 1844 namely that the Abkarry Limits
should extend four miles around the Military Bazar.

From a very early date after the com-
mencement of the Contract Mr. Turner began to complain
that the Military farm from whatever point measured ex-
tended beyond the limits thus prescribed which the
recent measurement shews to have been the Case. It
appears to me that when Regulation VIII of 1832 was
enacted it was an omission that a corresponding
alteration was not made in the Military Abkarry
farm in consequence of which the above Shops and Topes
suffered

Fort St. George 23d. October 1845.

suffered to be held by the Military Renter beyond the
prescribed distance of four Miles from the general Ba-
zar and as Mr. Turner may not have been aware of
this when he signed his Contract, I am of opinion that
the above sum of Rupees 6910—— may be allowed him as a
fair compensation of his having been deprived of
the profits of these.

Sir, Dy. Asst. Comr. General. Vellore.

With reference to the concluding para of your letter dated 21st July last I have the honor to state that Mr. Turner has informed me that the Village named by him Cuttoopuddy is that marked in the Plan Cuttoopuddy to the South or South east of Vellore near adekembaree and appears to be beyond the limits as laid down in the plan. If therefore Shop was established there by the Military entitled I shall be obliged by your affording me similar information regarding it to that afforded in your above letter regarding the other shops included in Mr. Turner's claims.

Sir,

Para 1.

I have the honor to bring to your Board's notice the insufficiency of the salary allowed my Translator and to request that they will be pleased to recommend to Government that it may be increased, so as to be more in proportion to the acquirements and duties expected of him.

Submits a statement of the proposed increase to the salary of the Translator under the circumstances setforth Amounting to Pd. 36 per Mensem.

Fort St. George 23d. October 1845.

2. From the scale laid down in the Board's letter of the 20th. May 1819 they would appear to have considered that the salary of the situation might be fairly fixed at Star Pagodas 85 per Mensem, whereas the salary at present allowed is only Rupees 36 per Mensem. Mr. Franzi, who now holds it, has been employed in the Office seventeen years and twelve years as Translator. During this period the duties of the Office have been constantly increasing and have been now further greatly increased by the Orders of Government contained in the Board's Circular Letter of the 22d. May last, regarding all Lapses of Grants either in Money or land revenue to be specially reported for the orders of Government.

3. Mr. Franzi's services and ability in the discharge of his duty are such as enable him to look with some confidence to an increase of Salary and in case of his obtaining employment elsewhere, I could scarcely expect to find a person capable of filling his place satisfactorily on the present Salary of 36 Rupees and I have therefore the honor to request that the Board will be pleased to recommend that it may hereafter be fixed at not

not less than Rupees 70 per Mensem which I beg leave to submit is the lowest sum at which I could expect to obtain the services of a person properly qualified to fill the situation.

4. I have the honor to enclose a Statement of the proposed increase in the form (No. 1) prescribed in the Board's Circular Letter of the 21st. March 1844.

Regarding Aggraarums of Seroomulmana Samoodrum and Canalapoorum.

Sir,

Paras Agreeably to the instructions contained in your letter of the 3d March last, I have the honor to state for the information of the Board that a notice was given to Aggraarundars of the Seroomulmana Samoodrum and Canalapoorum, that they were allowed to the expiration of the Fasly 1254 for the discharge of their arrears; and that in the event of the arrears together with the current Kists of the year not being paid within that period their Aggraarums would at once be incorporated with the ain Villages, as was done in the case of the other Aggraarums Viz. Araty Kistas &c.

2. The Aggraarundars shew no inclination to discharge their arrears, amounting at the close of Fasly 1254. to Rupees 4451-3-3. as shewn in the Margin, a Statement exhibiting the Collection and balance of the above Aggraarums accompany, I therefore solicit the Board's instructions for resuming and incorporating the above 2 Aggraarums with the Amanee Lands in conformity to the orders conveyed in the Extract from the Board's proceedings dated 4th April 1844, and for making an

an allowance in money to the Aggarumdars their subsistence, equal to one third of the net Collections as granted in the case of Araly Natar & c., agreeably to the instructions contained in the Extract from the Minutes of Consultation and dated 27th April 1841.-

3. When the above 2 Villages are brought under Amanie Management one of them (Peroomalanmma Samoodrum) required a reduction in the Assessment on the Punjah land as recommended in the Collectors Letters Copies of which accompany.- The land having been over assessed at Rupees 21-7-1 per Acre and as the Ryots in consequence of such an high rate of Assessment refused to cultivate, the Aggarumdars were induced to grant it on reduced rate of Teerwah, as well as on Tauraks which caused a great loss and brought the Village under attachment.- A reduction of Rupees 5-2-6. was formerly granted by Mr Hargrave to all the adjacent Villages and consequently their Teerwah was reduced to Rupees 16-5-5 per Acre.- A similar reduction is absolutely necessary in this case otherwise, there is no hope of any land being

being brought under Cultivation next year, an inference may be drawn from a Village, which pays a Jodighee of 1416 Rupees Annually, and which produced only a small sum of Rupees 95-1-3 from Cultivation in fusly 1254.- This demonstrates the heaviness of the Assessment.-

4.- Since the attachment of the Village of Perromalanama Samoodrum 18 share holders came forward and engaged themselves to Cultivate the land on rent from Fusly 1253 and produced Securities to that effect;- The Rents of the lands thus engaged amounted to Rupees 762-8-7 of which Rupees 250-8-6. was only paid, and for the liquidation of the remaining portion Rupees 512-0-1. they solicited many objections; the Sub Collector in the letter above alluded to, as well as in his subsequent letter of the 24th July last requested that permission may be obtained, to sell the property of the defaulters for the realization of the balance due agreeably to their special engagements, I concur with the Sub Collector, and trust the Board will permit the property of the defaulters to be sold on account of the Balance of Revenue.-

No. 1

To,
W. E. Lockhart Esqre
Acting Principal Collector
of Salem.-

Sir,

dated 4th Ultimo.- 1. With reference to the Proceedings of the Board of Revenue directing that the Agraharum of Seeroomalanama Samoodrum be placed under the Amanie management, and that the Agraharumdars be informed that the Course prescribed by Government in the case of the Agraharums resumed in April 1841 will be adopted in their case if the arrears are not discharged, I have the honor to request that the Sanction of the Board may be obtained for reducing the Assessment on the Nunjah lands on their being taken under Circar management; and to point out that the proposed measure of allowing a money payment in future on 1/3 on the gross collections will be considered a greater benefit by the Agrahardars than they enjoy at present, while its adoption is likely to entail an annual loss on the Revenue.-

2. I recommend a reduction in the assessment, because I much fear that all the Nunjah lands will be left waste in the ensuing Fusly, if this step be not taken. The present Assessment is higher than the land

13882 Fort St. George 23d October 1845.-

land can bear in my opinion, while it far exceeds the highest Nunjah Assessment in the adjacent Villages in which there is the same means of irrigation. In Seeroomalnama Samoodrum the Nunjah Ayacut comprises acres 106-21-7 bearing an uniform Assessment of Rupees 21-7-11 per Acre. In the Villages immediately adjoining the highest Nunjah Assessment is Rupees 14-9-4 per Acre, and in the other two Villages watered by the same channel Rupees 16-1-10 and 15-6-7 Ac. Reduction in the assessment having been made by Mr. Hargrave in all the Villages watered by the Cawary Channels in the Paramutty Taluk, with exception of Seeroomalanama Samoodrum and four other Agraharums.-

3. The circumstance also of the lands having been over assessed in the instance must occasion a permanent loss of Revenue, if any decrease to be made in the assessment is not met with a corresponding reduction per cent in the allowance to be made in future to the Agrahardars. As 1/3 in their favour is left than 40 per Cent. a reduction might be made in the same ratio in the Assessment without

+ The percentage allowed the Brahmins when the permanent Assessment was made.-

without loss - that is from Rupees 21-7-11 to Rupees 19-11-4 per acre. But this reduction will not I think ensure the early cultivation of the lands. I believe that to secure this, the Assessment should be reduced to or Rupees 16-5-5 per acre, which is the highest rate in Coodaderay - a Village distant 2 or 3 miles, when the loss supposing 1/3d to be allowed to the Brahmins, would be Rupees 237-11-7 Annually. If such loss is not to be incurred, the allowance to be made to the Agrahardars must be reduced from 1/3d or 4/10ths to 1/5th about.-

4. The present Beriz is as follows.-

	acres	as	Assessment
Nunjah Ayacut at 21-7-11 - 105	21	7	2289-4-4
Punjah		25-26-5	57 2 4

I have good reason also for believing

believing from the information I have obtained at different times on the subject, that the profits hitherto of the agrahardars are not equal to 1/3d of the reduced Assessment which I have now proposed.-

6. Under these circumstances it seems only proper to submit the matter again to the Board of Revenue, and to beg their sanction 1st to Reduce the Assessment to Rupees 16-5-5 while the Agraharam is under Amanee, and 2nd to grant permission to inform the Agrahardars that no terms can be made with them excepting the removal of the attachment, on payment of the outstanding balance. Or, at all events, that the only allowance they can receive will be the difference between the present Jodizy, and the Assessment to be hereafter imposed on the lands - on the ground, that to give them 1/3d of the Collections, without the payment of the balance, would act as a premium on the improper course they have adapted; and to pay this proportion at all would occasion a certain loss to the Revenue under the necessity which exists for a reducing the Assessment. I beg to state that the balance for Fusly 1252 is 1,018-11-4.-

7 Of course if the Board propose an allowance of 1/3d on ground independent of existing circumstances, the view I have taken

~~12885~~

Fort St. George 23d October 1845

taken of the case has no reference to that point. I have only considered the question as one of present profit and loss.

any part of the Jodigay amounting to Rupees 121-3-4 for the lands retained by themselves, and deducting these there remained a balance of 209-1-8 Cadies of the rent in produce and Rupees 21-4-0 of the rent in Money for Fusly 1253.

2. An Abstract of account No 1 from the Account which was furnished by the Sahoildar with his Arzee of the 23d June 1843. Containing all particulars, is herewith transmitted.-

3. Afterwards orders were sent to Sahoildar directing him to report how many shares the Village was devided into, by whom the lands belonging to absent Shareholders were held, and to ascertain the number of shareholders who were willing to pay their individual shares in the Assessment, as it appeared that the arrears had arisen from some of the shareholders having withheld their portion of the Assessment, and the rest being unwilling to pay for them- and to let out the lands for Fusly 1253 according to the fyaul if possible, or else to receive Durkasts for the lands on such terms as might be proposed.-

4. The Sahoildar there reported in Arzees dated 6th & 20th August and 19th October that none of the Ryots would agree to

13888

Fort St. George 23d October 1845.-

to take the lands according to the fyaul Assessment. That 43 shareholders (out of the total number of 49) bearing a Jodigay of Rupees 1,301-10-9 had stated that if each of them were "allowed to retain his individual share, and "to pay the Assessment accordingly, they would "pay the balance of Fusly 1252 and take the lands "for cultivation for Fusly 1253," that the other 6 shareholders bearing a Jodigay of 114-12-3 were absent from the Village, that these he would send for and then report further to the Honble and should the request of the 43 shareholders be attended to, that the Assessment would be collected without difficulty.-

5 On this the Sahoildar was directed to take Durkasts and security from the 43 shareholders for only one year Viz. Fusly 1253 and submit them to the Honble and a letter was written to the then Acting Principal Collector explaining the circumstances of the case, and recommending that each of the Shareholders should be allowed to pay his individual share of Jodigay for the Current year as a temporary rent till the objections raised by them to the principle of the total number of shareholders being held collectively responsible should be disposed of.-

† dated 15th Novr 1843.-

Afterwards

Fort St. George 23d October 1845.

6.

Afterwards on the 9th February 1844, the Tahsildar reported that 40 of shareholders had separately given Durkasts and securities for the lands included in the respective shares amounting to Rupees 1,046—3—1 and agd to pay according to their shares, and if they should be allowed, to pay the balance for Fusly 1252 also, that the same had not been taken from the remaining 9 shareholders whose Jodigay amounted to 370—11—3 as they were absent from the Village; and requesting instructions for putting the 40 shareholders in possession of the land agreeably to their respective durkasts.—

7. On the 21st February an order was sent to Tahsildar directing him to put the 40 shareholders in possession for Fusly 1253, and informing him that orders would be sent respecting the balance of Fusly 1252 on receipt of any instructions from the Board according

Fort St. George 23d October 1845.

8. According to this order the 40 shareholders were put in possession of the lands and the other 9 shareholders failed to appear and give Durkasts for the lands of their shares, as these lands had been cultivated by the persons employed by the shareholders before the attachment, the produce was reaped and stored on the premises, part of the Circar through the amin, and brought to account in part payment of their Jodigay. In respect to these lands it is to be observed that they were cultivated without permission and strictly speaking the persons cultivating them should be held responsible for the assessment, but since they are unable to pay this the produce has been collected.

9. As the greater part of the lands bearing a Jodigay of Rupees 1,046—3—1 was in this way put in possession of the 40 shareholders for Fusly 1253, and the balance of assessment amounting to Rupees 370—11—3 formed a small proportion only, the amin and Peons appointed when the attachment was made, were discontinued in order to save the expense of that establishment, and the Tahsildar directed to carry on the collection and other duties by means of the Village Curnums; orders were also given to the Tahsildar to collect the balance of grain Vizt 57 Parahs and odd, still remaining uncollected for Fusly 1252 without further delay and the

rent for Fusly 1253 according to the usual Rists.-

10 Subsequently on the Board having ordered
in Extract from their Proceedings that the impra-
=ctiable of holding the shareholders responsible collec-
=tively was not to be departed from, and that if
the agraharadars continued to withhold their arrears
they should be informed that they would be subje-
=cted to the course prescribed by the Government
in the case of the agraharam Villages recommend
in April 1841, an order was sent on the 7th ultimo
to the Tasildar to let out the lands for cultiva-
=tion for Fusly 1254 according to the original
Assessment if the whole of the arrears for Fusles
1252 and 1253 were not discharged - But in
respect to the course adverted to as having been
applied to other Agraharams a letter on this point
was addressed by me to you pointing out the per-
=manent loss which the course referred to would en-
=tail on the Government-

11- With reference to the above it will
be seen that I finally adopted on my own responsi-
=bility in Fusly 1253 the measure of renting out the
lands which was recommended in my letters,
but this was only done after some time had
elapsed without my receiving an answer on
the subject and not till the season has so far

this balance, stated that the period for which they had rented the lands to Ryots in Fusly 1252 having extended to Paratasy and Arpisay of Fusly 1253 the 1st Crop yielded in the lands for Fusly 1253 was taken by the Ryots, that some lands were cultivated for the 2d Crop in Fusly 1253 while some were left waste, that they only got the 2nd Crop from the lands cultivated, that according to this custom they are entitled to the 1st Crop of Fusly 1254, and as this 1st Crop was attached by the Circar, and some of the lands left waste or their crops partly failed, the assessment Viz.t Rupees 334—7—1 on the whole of such lands should be deducted, and that they should pay the remainder Rs 250—1—1 only. that even to pay this they possess no other property than these lands. That these having been taken by the Circar for the arrears of Fusslies 1252 and 1253 they are unable to pay the balance

14. On enquiry about the produce of the lands for Fusly 1254 it appeared that the 1st Crop consisting of Pdts 23—5—½ was reaped and stored on the part of the Circar and that the price of this is Rs 72—8—1 This I propose should be carried to account in payment of the aforesaid balance of Rupees 584—8—2 For the remainder Viz.t Rs 512—0—1 I think the 18 Shareholders by whom it is due should be held strictly responsible.

15. I submit a Statement shewing the

apparent circumstances of these defaulters from which it is seen that 3 of them whose arrears amount to Rupees 19—a—7 have some moveable property 2 whose arrears together amount to Rupees 8—7—5 have no property whatever, and the other 13 possess Patent lands in the adjoining Villages. The property of the 3 first will be sold and their arrears will be justly recovered. Though 2 of the remaining 13 appear to have no property and the other 13 only to have lands. I consider them entitled to no exemption as there can be no doubt that the Revenue which has now fallen into arrears might have been discharged honestly, instead of attempting by withholding payment to obtain a change in the nature of the terms. I therefore recommend that the lands belonging to the 13 be sold as well as the lands belonging to the persons who stood security for the 2 who are stated to have no property of any kind, when the Cowles were put in their possession in July 1833 and likewise the lands of the securities for the other 13, if their own lands should not be found of value sufficient to cover the amount due from them.

A Statement (No.) is therefore submitted shewing the circumstances of those securities.

16. From this Statement it will be observed that the securities do not appear to be possessed

of any thing besides their land except in one or two instances, but it is no certain evidence from property not having been found that persons of this class should not be possessed of means, and this is a case in which it seems to me severe measures should be adopted as much against the securities as the defaulters as I do not doubt that they were fully aware of the nature of the obligations they were taking on themselves, and being neighbours, it may be justly suspected that they offered security in the 1st instance, and now are attempting to evade the consequences, in order to assist the shareholders of the agraharum in the scheme which I have before adverted to. I request accordingly that the sanction of the Board may be obtained for the sale of the lands both of the defaulters themselves and of the securities, conditionally on the sale of the first being found insufficient. Or if this is not approved of, I suggest that the 15 defaulters should be confined in Jail and their securities, should be compelled to make good the amount of produce from the lands belonging to the remaining 9 shareholders.

17. I also submit a Statement shewing the amount of produce from the lands belonging to the remaining 9 shareholders.

18. In respect to this produce it must be remarked that the quantity is exceedingly small. On this point great blame attaches to the late Acting Tasildar and the Amin

On

Fort St. George 23d. October 1845.

On investigation it has been urged that the same care in cultivation of the lands was not to be expected from persons who were only on temporary possession, and had not engaged for a money assessment, but the Talookdar should not have allowed these lands to be occupied at all excepting on the usual agreements as remarked in Para 4 and the deficiency is too large to be properly accounted for on any such grounds. I have therefore withheld the balance of pay due to the Amin which is at present on deposit amounting to Rupees 36-12-5 as a

19. The Tasildar also was guilty of much carelessness and indifference in admitting as securities persons whose competency in respect to moveable property was not fully ascertained, but considering that he has been since removed from his situation to his former appointment of Talook Sheristadar for improper conduct in another case I do not propose a further punishment. I submit copy of a Deposition from the late Tasildar in which he states that he thought that the lands held by the securities, which are certainly saleable, afforded sufficient security: and explaining the steps taken by him to secure the produce with copies of Depositions given by the

21. From this it appears that from some of the crops remaining on the Inujah land at the commencement of Fusly 1254 they are entered in the cultivation account for this Fusly and besides there is 1 aans 20 gr 11 as assessed at 32 Rs 9 as 6 ps for which the cultivators are responsible for the full assessment in Fusly 1254. The remainder including the land mentioned above as having crops on them, as soon as the existing crops are cleared away will be left waste.

22. In the same way the lands will continue waste, I believe, so long as the Village being held under amanie, the lands are only allowed to be cultivated on the fysul assessment. The necessity of reducing the assessment of the Village is to be retained, I have entered into in my letter, dated 9th May 1844 to which I have received no reply; and have now to only again to solicit permission to carry the measure therein recommended into effect, or to that instructions may be given for the management of the Village in any other way that the Board may consider will restore the Revenue to its former amount.

Sir,

Para 1. With reference to the letter of the Secretary to the Board of Revenue dated 3d. March last, directing that notice should be given to the Village of Peroomalamancasamoodrum that they were to be allowed to the expiration of the Fusly for the discharge of their arrears that the Board would at once propose to Government that the agraharum should be incorporated with the ain Village if these arrears together with the current kists of the year should not be paid up within that period, I have the honor to submit 3 Warattah accounts shewing the collections and balance from the 22d. April 1842 to the end of Fusly 1254 and to state that the shareholders shew no disposition to discharge their arrears amounting at the close of the Fusly to Rupees 3001-7-8.

2. In my letter to the late Principal Collector dated 10th December 1844 I explained the mode in which the Village had been managed, and the steps taken to realize the Revenue subsequent to the attachment. Mr. Gleig replied to this letter by a yadast dated 1st February last in which he observed that the plan I had adopted in Fusly 1253

of

of renting some of the lands was contrary to rule and declined on this ground to recommend to the Board that the lands of certain defaulters among the persons who had engaged to take the lands on rent for that Fusly, or the lands of their securities in the absence of their property should be sold. I was reduced to take this step in consequence of my not having received an answer to my letter dated 10th November 1843 in which this measure was recommended up to a late period of the season. I hope that the Board will excuse the proceeding, but being of opinion that the irregularity on my part is not ground for releasing these persons from their special engagements I beg again to suggest that permission be applied for to sell the lands, as I before proposed in Paras 15 and 16 of the letter dated 10th December 1844 for the arrears still due from these persons.

3. In a letter dated the 9th May 1844 I brought to notice the high rate of assessment in the Seroomalum Samvadrum Village and the great disproportion in the assessment on the lands in this Village compared with those of the

the neighbouring Villages as none of the Nunjah lands have been taken on the Fysul Assessment since the attachment and all the Nunjah lands are lying waste in the present year, I beg again to revert to this point, and to recommend that the probability of no Revenue being collected for this year be reported to the Board of Revenue.

In returning the Petition* received with your letter, I have the honor to annex copy of a Genealogical Tree from which the Petitioner would appear to be a descendant of Ragoonathe Chetty the holder under Shrotriem tenure of the Village of Kennanore. The Village being held on undefined terms is liable at any time to be resumed by Government. I am aware of no other objection to the Petitioner's claim being referred for the decision of the Civil Court. The grant is of a Charitable nature and the Petitioner's case consequently comes under the provisions of Regulation IV of 1831.

From the Asst Sub Collr in charge of the Sn Dn of Arcot

Sir,

1. In reply to your letter of the 4th September last, requiring explanation regarding the dismissal of Soobbiah, Head of Police of Tricultore Talook without sanction of the Board of Revenue I have the honor to forward the following particulars obtained from the records of the Office of the Head Assistant Magistrate who is now in charge of the Talook.

Affording explanation regarding the dismissal of Soobbiah, Head of Police of Tricultore Talook as required by the Board.

2. In addition to the 34 cases alluded to in Mr Davis's letter of 31st May there appear no less than seven crimes, which were reported to the late Head of Police (and that they were reported to him cannot be denied as there are Depositions from the Parties in each case bearing the signature of the Head of Police) of these cases no report whatever was made to the Huzzoor. There appear also 36 Crimes committed since 1st January 1843 for the discovery of which no exertion or attempt even appears to have been made by the late Head of Police nor any report made to the Huzzoor, that these crimes were actually committed is apparent from reports of Karkoons, Shroffs, Tanah Peons &c. since received in the Office of Head Assistant Magistrate. These cases were suppressed and not reported, evidently with the view to lessen in the Criminal statement the number of Crimes committed.

3. With reference to the latter part of Para 3 of your letter since the Acting Head of Police has taken charge he has apprehended and forwarded to

13908. Fort St. George 23d October 1845

to Court 5 offenders all of whom have been sentenced to 14 years. He has also recovered the stolen property in three cases, particularized and in three cases in which the claimants have not yet appeared.

4. In reply to Para 4, it would appear that Soobbiah was dismissed by Mr Davis solely in his Police capacity, and under the impression that the Government's order of May 19th 1835, did not demand the previous sanction of the Board in any matter connected with the Magisterial Department, tho' at the same time the fuel of the two Offices being combined rendered a report of dismissal necessary as entailing changes in the Revenue Department. I would not fine him, as that was likely to serve as a protection to him, but would leave him for punishment to the Higher Authorities.

It is almost useless in my opinion with a bad Head of Police to inflict fines. In the present instance I hope the Court will make such remarks, or pass such orders as, if not sufficient to ensure improvement, will serve as record to strengthen my hands for full punishment if deserved hereafter.

An Extract from the Register of Yeomiahs prepared and submitted by Mr. Wallace to the Board on the 27th December 1801 and an Extract from that prepared and sent by Mr. Young the Sub Collector of Trichinopoly to the Collector Mr. Wallace under date 8th February 1808 are herewith sent, by which it appears that the two persons noted in the margin were the original Yeomiahdars and after their death Chaundbee wife continued enjoying the allowance when Mr. Young examined all the claims of the Yeomiahdars, he having found that Chaundbee had not in her possession any document in support of her holding the allowance and that the Purwanah which

which was then produced by her was as follows, as stated by him in the Columns of remarks of the Register, struck off the number 126 and Chandbee's name from the Ayeomiah List. Mr. Travers did not therefore it appears include the above number and name in any of the six Lists prepared and submitted by him to the Board in March 1813; from the above Circumstances it is quite clear that Chandbee was not paid her allowance till the year 1820. Chandbee has been now sent for and questioned as to the Cause of the Ayeomiah being continued to her again since the year 1820. She stated that she presented a Petition to the Board obtained their Endorsement on it and produced the same to the former Collector Mr. Lushington upon which that Gentleman renewed the allowance to her but in neither of the Tickeds dated 4th July and August 1821 issued by Mr. Lushington to the Cash Keeper is any mention made of the Boards Endorsement, nor is any thing on the subject to be found in the Records of my Cutcherry.

Chandbee is now very old and infirm and I take leave to suggest that as she has no other means of subsistence than the allowance in question She should not be deprived of it.

Abstract

Fort St. George 23d October 1845.

3.

Abstract Particulars of the balances

To be recovered by distraint of property } 1205-6-10

Defaulters dead no property — 794-14-½

Do. Absconded — 546-11-8½

Do. Insolvent no property — 846-4-5½

Disputes or Sakarars and persons not known } 1820-7-11½

Total Rupees — 6.213-13-11

4.

The Original Defaulters are for the most part dead or have absconded and the balances are outstanding against their heirs and sureties.

I consider the whole to be irrecoverable, with the exception of Rupees 1205-6-a which might be obtained by destraining property

5.

Of the amount of Rupees 1820-7-11½ — distinguished as "disputed" a portion is due upon lands which were held at different times by several Ryots and it is now a matter of impossibility to discover by whom the sums are due. another portion is a demand on lands on which the Crops are said to have perished, and a third is a claim preferred against certain basket boatmen for exercising the craft of ferry men which they resist and which cannot legally be enforced.

6.

Considering the length of time which has elapsed the great difficulty there would be

Fort St. George 23d October 1845.

in collecting any portion of them and the distress which enforcement of the demand would occasion, I beg to submit that the balances in question should be struck out of the accounts, and I solicit the sanction of the Board accordingly.

7.

There are besides the above balances certain arrears of Pannetanum revenue extending over a period of four years regarding which I think it proper to make further investigation the result of which I propose to communicate to the Board.

From the Pr. Coll. of Madura — Forwarding Copy of a letter of 21st January from Colonel Justice commanding 15th Regiment N.I. with reference to the subject of providing Carriage for the Regiment whenever Madura Jamadhot.

5th August 1845.

20th Sept.

Sir. Para. 1st I had yesterday the honor to receive the Board's proceedings of the 29th ultimo. calling for early report in reference to a former letter of mine of the 6th May on the subject of providing Carriage for the 15th Regiment N.I. en route from Palamcotay to Cannanor at the Commencement- letters from Lieutenant-Col. Justice late commanding 15th Regiment N.I. to the Dy. M. General of the Army - from the Dy. M. General to Government; order of Government in the Military refering it to the Revenue Department; and Minutes Consultation of the 20th September refering it to the Board of Revenue-

2- I have the honor to enclose copy of Col. Justice's letter to me of the 21st not 22d January and beg to state it never occurred to me that he had any intention to withhold their just due from the Contractors proposed, but that it was his intention to recover the difference of hire for the Carts before

13958. Fort St George. 23rd October 1845.

before being made over to the Sepoy from the Government, a measure I have formerly advocated.

3. In my letter of the 6th May I expressed my conviction tol. Justice fully understood the charge was to be paid. In his letter of the 5th August to the Dy. Ms General, he retorts that I was perfectly aware he would not pay it till he had the decision of Government.

4. We had much conversation on the rates of charge. I had, and have, no doubt of the justice of the charge, and as my impression was that it could not be withheld and would not be withheld by tol. Justice, and his impression is confirmed by repersual of my letter of the 6th May. I am not now speaking from note but from Memory, and I have had no small share of important and disagreeable correspondence with various presidency Authorities liable to have impaired my memory on points occurring nine months ago. tol. Justice's assertion in his letter above quoted, supported by his previous one to me of the 21st January, leaves no doubt in my mind that he never intended to suffer the obnoxious charge to be paid.

5. If every other objection of tol. Justice be not met, as I believe it to be in my letter

letter of the 6th May, to every part of which I strictly adhere, I shall be happy in forwarding more detailed information on the deficiency being pointed out to me.

6. If I have in any way acted wrongly in the mode of prefs or the charges made, I request I may receive instructions for future guidance before another Regiment is put on March thro this Collectorate.

The Principal Collector of
Madura.
Sir,

Parl. I have the honor to acknowledge the receipt of your communication of yesterday regarding Carriage for the Regiment under my command, and to inform you, that anxious as I am that the Progress of the Regiment to its destination should on no account be impeded, I do not, at the present time in particular, intend to make any objection to the scale of hire proposed by you, further than to mention that the charge of Batta and half hire from the several Villages for the Carts until actually furnished to the Sepoys, I cannot but consider as pressing hard on my men, and that this, and the increased rate of hire after Dannapooram

Order thereon.
(Read in Consultation 27th Oct.)
Ordered to be sent to Calcutta.

Camp Madras,
January 21. 1846.

Lt. Col. Sir Reginald G. Shore
Secretary to the
Board of Revenue
Fort St George.

Sir,

I am directed by the Right Honble the Governor in Council to transmit to you, for the information of the Board of Revenue, the accompanying Statement of the Revenue of the Madras Presidency for the year 1254 Fusly / A.D. 1844-45 / A.H. 1260 / Sukabd 1845 / compared with the Revenue of the preceding year.

44

Fort St. George, 23rd October, 1845.

Salt.

2-

Salt sold in the year under report exceeds that in the preceding year by Garce 189-103-. It is chiefly owing to the reduction in price to only 15 Rupees above the old standard, from the 23rd August, or from 180 to 120 Rupees per Garce, and secondly but in considerable measure to the constant care of the high roads which have already very much caused substitution of wheel Carriage for Donkeys and Bullocks, and thus consider-ably improving the police of the Country. Any liberality on the part of Government in the matter of roads will continue to be followed, as I have often shewn it has been followed by much more than corresponding profit in the article of Salt alone which is the only means I have of shewing a direct return from improved roads.

Increase in Fasly 1254 — Rupees 73541.

3.

The export by Sea to Ceylon in Fasly 1253 at Rupees 42 per Garce with charge to the company for putting on board Ship was Garces 325-250-. Cost Rupees 11731-4.

Rs. 904-3-1.

In the year under report such privilege was not required for the Island. In Fasly 1253 13 Garces and 330 Measls were imported to Tuticorin only, it was a new outlet and as I know not why it has entirely ceased

in

in the year under report. Notwithstanding the deficit in these two the general sales exceed those of the preceding year by Rupees 97124-9-7. and from the increased imports from Garce 370-263-. to Garce 607-300-. into Coimbatore, it would seem the distant parts of Madura are beginning to obtain some sort of preference over the more near ones of Malabar, whether from greater facilities of transport or from being a superior article remains to be found.

4- Salt continues to be received into Store, and given to purchasers by measurement, as usual, under the Board's instructions of the 22d April 1844 pending a final order, and the following table exhibits the different rates of Sale, in comparison between the two years.

Fasly

13975 Fort St. George, 23rd October, 1815.

5. The increased charge of Rupees 2319-8-1. is for the greater quantity purchased in reference to the quantity on hand to meet the expected demand of consumption for one year. The decrease of Rupees 904-3-1. in the charges for superintending and sale is from there being no conveyance of Salt from Plat forms to the Sea Shore and thence to Dhonies for export to Colombo in the year under report and consequently no charge.

6. The permanent employ of 4 Peons, or Cavilgars at the Poombaray Thanaway answers to prevent for the present the removal and use of Spontaneous Salt and its sale on the borders.

7. In the 4th Para of their Proceedings of the 28th February, on view of my Extra Report for Fusly 1253. the Board could not comprehend my meaning in respect to fluctuations of Sale prices of Salt: they therefore assumed a meaning from the general tenor of my observations and had no difficulty in proving it was wrong. In the 1st para of the Minutes of Consultation of the 10th May Government declared that my observations on the point were not conclusive: but I do not find of they

they adopted the Board's assumption. Be that as it may the Board did not come to the meaning I intended they should have done.

8. In my report on Fusly 1253 I had great pleasure in shewing the revenue from this branch amounting to 276,738 Rupees was higher than had ever before been attained. In the year under review it as will be again found to have attained a higher number than it had ever reached before. amounting to Rupees 350377. Increase 73845.

Sayer 9. The abolition of Amany Sayer Customs and rented customs from Tobacco and Betel leaf prior to the end of Fusly 1253. with the exception of the Cumbum Chowkey, commanding the small mountain pass from Travancore into the Dindygul Valley sufficiently accounts for the almost entire unproductiveness from this source and the same cause accounts for the decrease of Rupees 18910-13-4 in charges of collection, when added to the portion of Collector's Commission hitherto debited to this head, being now transferred to the "Land Revenue" and to the trifling charge of drawbacks being

Fort St. George, 23rd October, 1845.

being only for sums passed prior to the abolition of duties.

Albany 10. The albany accepted rents of the Fusly under review exceed those of Fusly 1253 by Rupees 1,570. but by reason of remission to a defaulting bidder on Nellacotay the net increase should be reduced to Rupees 1130.

Increase in 1254. Rupees 1130.

Sea Customs 11. I attribute the gradual and regular increase from the Sea Customs to the causes I assigned last year. Viz to the facilities afforded to the coasting trade by the gradual improvement of the Paumbum Channel between the mainland and the Island of Ramaswaram; and to the operation of Act VI of 1844. The tonnage passing through in the Fusly under review exceeded that in the preceding Fusly by 15,888 Tons as detailed in the separate Enclosure. The export of Piece Goods to Ceylon has increased in value from Rupees 28,062 in Fusly 1253 to Rupees 32,950 24, in the Fusly under report. The increased charges of Rupees 453-10-1 arises from reconstruction of a Custom house at Paumbum, comprising a room also for the Post Office.

Increase in 1254. Rupees 6832-12-10.

Stamps. 12 The net decrease of Stamps revenue to amount of Rupees 2997-5-4 below

Fusly

Fort St. George, 23rd October 1805.

Fusly 1253. is clearly owing to abolition of Inhabit duties, for there is an increase of Rupees 3105-8-11. on the sale of Law Papers and Cadjans. The decrease of Rupees 127-9-10 in the charges is the proportional percentage on the sale.

Sundry Small Farms & Licenses.

13. The item of Sundry Small Farms and Licenses is composed of the revenues from Tank fish only. It shows an increase of Rupees 429-4-7 over Fusly 1253. Of which Rupees 201-15-11 is on mines, and Rupees 227-5-7 in the Sub Collector's Division.

Of this Rupees 165-15-5 is on against the Abkary renter of Thenkaray and Rupees 28-0-0 against him of Tellacotay and orders have been issued by the Sub Collector for attachment of property for the liquidation. The remaining balance of Rupees 509-5-8 is due on account of Tank fish and will be collected shortly.

Fort St. George, 23rd October 1805.

15. At the close of the Fusly under review there was a balance on its account of Rupees 6139-15-5, including the remission on the 18th August of Rupees 380 to the defaulting bidder for the Abkary rent of Tellacotay which was reduced by the end of last month to Rupees 675-0-11. of which Rupees 137-15-5 is due by the Abkary Renter of Thenkaray and Rupees 28 by him of Tellacotay for the first of which deficits the renter's property has been sequestrated by the Sub Collector.

Demand	456350-8-1.

Balance	6139-15-5

16. The Old arrears of Rupees 612-13-5, including the balances for Fusly 1253 outstanding at its' close, were reduced by the close of the following Fusly to Rupees 429-4-5. of which Rupees 181-10-0 is due from the Tobacco renter of Tellacotay for Fusly 1253. and for which he has not been greatly pressed because of his Contract having been interrupted before the end of the Fusly.

17. Rupees 53-5-5 is due from the late Leaf renter of the same Talook, in the same year and by that same person is due on account of the Abkary rent of the same Talook and Fusly. Rupees 316-14-10 Total Rupees 370-4-3. which being entirely

unrecovable

irrecoverable the Sub Collector recommends his being sent to Jail: and on that recommendation I should acquiesce but that I think there has been want of caution on the part of the Sub Collector and no profit can accrue to Government other than example from punishment He is the same person to whom a remission of 380 Rupees was granted for failing to support his bidsings for the Abkary in Nellacotay in the Fusly under review as per sanction of the 18th August 1253 he gave one months deposit but failed to give the promised Securities. His was soon absorbed in making good his defaults his property sold for a trifle not exceeding

exceeding 10 Rupees and he is a pauper.

18. The remainder of the balance Fuyt Rupees 177-6-3 is due on the Pyotuary Settlement of Fusly 1252 of Veraputchy on the Pulney hills, and it is hoped will be fully explained by the Sub Collector in his land revenue report.

19. The remaining balance of Rupees 309-4-5 is due on account of Tank fish generally through all the Talooks and may be attributed to the late hour of completion of the land Settlement. It is in progress of recovery.

20. In conclusion I beg to forward the printed Statements in triplicate: Statements A and B together with a Memorandum particularizing the extra collections in each branch of revenue entered in Column 8 of

To,

The Chief Secretary to

Sir,

Government.

To the Chief Secy. to Government.

Para 1.

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government No. 143 of the 9th July transmitting copy of a letter

Stating with reference to the order of Government dated 8th July last that

That the Board recommend the honorary designation of Sreeva Sacara Cunta as a fitting title to be conferred on Soolochenum Moodelliar—on transmitting a letter from the Collector of Tinnevelly suggesting that a grant of land be conferred as Sayheira upon this individual in consideration of his highly useful and meritorious undertaking and stating that the Board are not prepared to support the proposal—

28th July 1845

letter from the Secretary to the Government of India dated 13th June last, and requesting them to propose some suitable title to be conferred on Soolochenum Moodelliar—

2. In reply the Board instruct me to state that on receipt of the above order they made a reference upon the subject to the Collector of Tinnevelly desiring him after communicating with Soolochenum Moodelliar to suggest some title which would in his opinion be most appropriate, as well as most likely to be gratifying to the party on whom it was to be conferred— They at the same time drew the attention of the Collector to the honorary appellation which had on a former occasion been bestowed on the author of an undertaking resembling that of Soolochenum Viz.t Sreevacara Cunta (Sreevarra Canal) or public benefactor conferred by the Right Honorable the Governor General in Council on Ramasawmy Moodelliar under date 9th October 1834—

3. In answer Mr. Thomas it will be seen states that Soolochenum Moodeliar does not seem anxious for any title, but that the one referred to by the Board would be as appropriate and acceptable as any. The Collector however suggests that as was done in the case of Ramasawmy Moodeliar, whose exertions in restoring the bridge across the Cauvery at Seevasamudrum can hardly be deemed commensurate with the

public benefit rendered by Soolochinum Moodelliar in the construction of his bridge across the Tambraparany, a grant of land be conferred as Jaghire upon this latter individual in public acknowledgement of his highly useful and meritorious undertaking. Mr. Thomas has annexed a Memorandum of the land said to have been granted as Jaghire to Ramasawmy Moodelliar being it would appear of an Assessment of Rupees 15,352-13-10-4-

The Board beg to recommend the honorary designation of Sunnadeara Curta. as a fitting title in their opinion to be conferred upon Soolochinum Moodelliar. It will be for the consideration of Government whether Mr. Thomas' suggestion for the assignment of a Grant of land as Jaghire shall also be acted upon. The Board however regret that they are not upon the whole prepared to support the proposal of the Collector.
