No. 1.

Translation of a Decree passed by the Principal Sudr Ameen of Cuddalore in Original Suit No. 296 of 1842.

Plaintiff (Pauper)	Value	Defendant
Colletteettah Pillay of Canniem Caste a resident of Codecaulcoopum of the Talook of Cuddalore a Cultivator Vokeel Syahvier		John Dent Esqr. Principal Collector of the Southern Division of Arcot Government Vakeel annexvier

In the Plaint filed on the 10th September 1842 the Pauper Plaintiff Colletteettah Pillay states that the Village of Cuddalore was rented to him and one Meennapadayachy for 9 years from fusly 1221 or Pyjotputtee upto Veermah; that the rent has been fixed according to the actual produce of the first year, and from the year at 1022 Rupees 37 Fs and 56 Cash per annum and Puttahs were obtained accordingly; that they discharged the whole Circar Rent from Pyjotputtee to Yeovah and enjoyed the rented lands. that Meennapadayachy transferred ½ of the Ezarah to his Brother's Son Sooborey Padayachee by means of a Razeenamah, that while he and the said Sooborey a Padayachee were carrying on the affairs of the farm in question jointly, his (Plaintiff's) Sister Alamalumma had filed a Suit against him in the Zillah Court of

of Virdachellum in file No. 2935 which was appealed to the Provincial Court in the Southern Division in Original Suit No. 9 of 1812 and a Decree passed, that in obedience of the Precept issued by the Provincial Court for the Collection of the sum of Pagodas 18¾ being the amount remaining undischarged by him, the then Head Assistant Collector Mr. M. D. Cockburn put his ½ share of the rent to public sale for 200 Pagodas on the 22d February 1817; that out of the sale proceeds amounting to 200 Pagodas Mr. Cockburn took 35¼ Pagodas and remitted the remaining 164¾ Pagodas to the Zillah Court of Virdachellum; that the latter mentioned officer deducted 18¾ Pagodas on account of the balance of the Decree from the said 164¾ Pagodas and paid him the balance of 146 Pagodas that out of the amount of 35¼ Pagodas, 10 Pagodas only ought to have been deducted on account of the Rist due by him, but that Mr. Cockburn did not refund him the remaining 25¼ Pagodas after deducting the aforementioned 10 Pagodas; that he again took possession of the aforesaid Property of the rent by paying the sale proceeds to the purchaser Soroyana Pillay and caused a Razeenamah to be filed by him to the Cutcherry and got his name registered in the Public Accounts in the Month of April 1817; that he and the said Sooborey Padayachee a Sharer in the rent jointly performed

performed the busines connected with the rent and discharged the Circar Kist; that while so a balance of 164 Pagodas upto Chitty of the year Dhatoo having remained unpaid, they represented that they would discharge it entirely within the end of Auny; notwithstanding which, the then Head Assistant Collector Mr. Cockburn without waiting until the end of Auny; placed the whole rent under attachment on the 4th Vyasee of Dhatoo Corresponding to the 15th May 1817 and subsequently on the 9th Auny of the said year corresponding with 20 June 1817 put it to sale together with other property &c. that the (Head Assistant Collector) without making over the Village to the persons, who bid for it at a higher price of 250 or 300 Pagodas alienated it to one Coopsier whose bidding was much lower being only 135 Pagodas and placed him in possession of the Village and granted Puttahs in his name; that besides this he placed the Plaintiff and his Security in the confinement for 5 Months on the plea that a balance of 150 and odd Pagodas was due by them; that his property as well as that of another renter have been sold and the amount realized; that when he was placed in the Jail the sum of 63/10 Pagodas being his batta has also been realized; that on his requesting the said Gentleman to give separate Puttahs both for himself and the said Soobraya Pradeyachee on the separate portions of the Village which

which is common to both of them that Gentleman did not comply with his request altho' section VI Regulation XXVI of 1802 was in his favor, that that Gentleman put him to great trouble and inconvenience and caused him considerable loss that a Decree may be passed in his favor awarding him the sum of 4,666-9-- as particularized in his Petition of Complaint being the loss sustained by him thro' the means of Mr. Cockburn; that on his preferring this Plaint in the Zillah Court of Chingleput in the year 1828 that Court ordered him to file it on regular Stamp Papers, that upon the sanction of the Provincial Court he filed again his Plaint in the said Zillah Court in forma Pauperis in the year 1830 that the said Zillah Court ordered him to file it only against the then Collector as Mr. Cockburn was not in this Zillah at that time, that Mr. Cockburn having arrived at Manjakoopum, he commenced the Suit in the auxiliary Court at Cuddalore, in 1832 against that Gentleman as well as against the present Defendant, but the said Court ordered that Mr. Cockburn having left this Zillah and proceeded to some other District he could not be made a party in this Suit, that it should be brought against the present Defendant only who succeeded Mr. Cunliffe and that in consequence he brought this Suit against this Defendant alone; the date of Plaint was 15th November 1833 and filed on the

the 10th September 1842.

The Defendant (the Collector) in his answer argues that Mr. Cockburn the late Head Assistant Collector sold half of the Plaintiffs Ezarah right for 200 Pagodas in the Year 1817 in accordance with the orders of the Zillah Court of Virdachellum and remitted only 164½ Pagodas to the said Zillah Court retaining at the same time 35½ Pagodas on the ground of its being due by the Plaintiff on account of Cirkar's assessment the Plaintiff that the averment of the Plaintiff that he owes only 10 Pagodas on account of Kist is false that Mr. Cockburn having put the Village in the question to public sale under the orders of the Court, he should not be held answerable for that as the Plaintiff laid claim for 3794½ Rupees being the amount of Profit for 6 years in consequence of Mr. Cockburn having sold it irregularly without adjudging it to the highest bidder, he should be required to shew cause and adduce good proof why he did not bring this fact to the notice of his immediate superiors, that it is stated in Regulation XXVII of 1802 that the property of the Revenue defaulters should at once be attached in default of their discharging the Cirkar Kist, that it was not prohibited in the Regulations selling the lands within the close of the Fasly; that the Board of Revenue have issued an order on the 29th April 1816 to the effect that the Village should not be sold even some times previous to

to the close of the Fasly notwithstanding the renter has no demand against his under renters; that no sale has taken place until 20th June 1817 a few days before the close of the last Kist which was done in a most regular manner that such sale was always effected so as to give the advantage of a favorable season to the new renter to cultivate the lands; that as a small balance was due to the Plaintiff by the Ryots he could not have sustained any loss; that the Plaintiff misappropriated a sum of Rs. a. p. 775-11-9 which was collected from the Ryots and concealed himself; that on a reference being made to the account filed with this answer it would be clear that the amount which the Plaintiff says should be collected in the Village has been charged excessively by him, that although the Plaintiffs rent has been put to sale, yet the balance due by him not having been fully satisfied, he was conveyed to the Jail of the Zillah according to the usual custom that subsequently his property was advertised to public sale for the balance of the arrear, that after the liquidation of the Cirkar Kist he was released from confinement that the amount of batta paid to him while in Jail, has been Collected according to Mamool, that the Complaint of the Plaintiff on this point was not sustainable under Clause 2d Section XII Regulation XXVII of 1802, that if the demand of the Cirkar against him was not regular, he would have preferred a

complaint against the Collector within three Months calculating from the date of his entertainment in the Jail. that if the Court reckon the items from No. 11 to 15 in the Statement filed with the answer which will be proved during the examination, they will be convinced that the Plaintiff has included 12 Pagodas in his calculations above the amount actually paid by him that the first sale stated by the Plaintiff having been conducted under the orders of the Zillah Court of Verdachellum dated 29th January 1817 Mr. Cockburn was exonerated from all responsibility that the refusal on the part of Mr. Cockburn to divide the rent under Section IX Regulation XXVI of 1802 and making both the renters answerable jointly and separately in order to fulfil the terms of the Licence were just, that the Plaintiff did not exert himself from the year 1817 up to 1828. and only in 1832 procured an order from the Court; that he was quiet for a period of 10 years without bringing his claim forward, and that having failed to shew cause for this delay the defendant prays that the Suit may be dismissed and Costs awarded to him.

Filed on the 26th August 1843.

The Plaintiff in his reply avers that when he himself and another took the Village under rent they produced two ready Money Securities from 2 different individuals, the amount of arrears, if any had be fallen, should have been realized from them, that there was no reason, in the first instance to sell the Village in question, that he (the Collector) in direct opposition to the provisions of Regulation XXVII of 1802 released another renter and his Surety forwarded the Plaintiff and surety alone to the Jail and subsequently sold his own property contrary to justice, and that he should in

inconsequence be alone answerable, that if the Court will send for the account of receipts of the Circar and make a reference thereto they would be convinced that the Plaintiff was not a defaulter of Revenue to the extent of 35¼ Pagodas but that he owes only 10 Pagodas; that on account of the sum of Pagodas 16¼ being the amount of Kist due by both the Renters upto the end of Suttry as represented in the Plaint the ryots owe them 150 Pagodas individually; that while so, the rented Village was sequestered, the Amount of arrear due by the Ryots, collected, and the Village in question put to Public sale and finally his security and him placed in confinement, notwithstanding a collection of 135 Pagodas being the Amount of the sale proceeds; that when the Village was under Zuft he and another renter represented that they would discharge the balance of the Kist, if they were placed in possession of the information with respect to the Collection of the Amount from the Village while under attachment; that subsequently they proceeded to their Village with an intent to appear before the Gentleman whenever their attendance was required; that the allegation in the answer that the Plaintiff had concealed himself

himself for having misappropriated a sum of 975–11–9– out of the Amount collected from the attached Village is not at all just: that while he had admitted in his answer that he collected the Batta from the Estate, he again collected from them twice that amount; that he submitted his application to Mr. Hyde when in Jail and after his release, on the subject, but had obtained no redress; that after he was discharged from the Jail a delay took place in preferring his Complaint: owing to the want of Money; that in 1828 he commenced his suit in forma Pauperis; that from that period upto 1834, the procrastination was ascribable to the Court, that until 1842. as he was unjustly placed in the Jail of the Zillah Court of Chingleput on a charge (Perjury) it was beyond his power to carry on the suit; that consequently the Regulation quoted in the answer cannot bear against him; that the items in the account Particular filed with the answer are not correct; that the writer of that account being his enemy he would adduce proof on the subject; that the list, wherein amention is made respecting the Sunjah Poonjah and Sotacal lands, the Cultivation in the lands in the bed of the tank, the irrigation & the Fesh rent &c. mentioned in the

Plaint-

Plaint is not correct; that he will adduce Documentary proofs regarding the produce of the lands; that the order of the Board of Revenue issued in 1819 is favorable to the issue of his suit; that when Mr. Cockburn put the Village to public sale in the first instance under a Precept issued by the Zillah Court of Vidiachellum, Narayanapilly having purchased it for 200 Pagodas, he himself, his surety Mootteya Moodelly and the renter to a Moity of the rent as well as his security are to be held answerable for the rest due upto April, but not himself; and that Mr. Cockburn having in opposition to the aforementioned Regulation sold the Village and placed it in possession of another, the loss sustained by him from fusly 1226 upto 1230 as mentioned in the Plaint, may justly be recovered to him from the Gentleman. The Plaintiff also introduces certain facts in support of the Plaint.–

Filed 12th September 1842.

The Defendant (Mr. Collector) rejoins that as he has nothing more to add than what he has already advanced in his answer it is unnecessary to detail any thing in his Rejoinder, and that the circumstances mentioned in his answer will be proved by Oral and Documentary evidence.

Decree-

On a Most careful perusal of the whole of the Documents filed in this Suit, it appears that the Plaintiff

Plaintiff brought this Suit to recover Amount of loss sustained by him on account of the Village of Cuddalore rented by him having been put to sale on the 20th July 1817 in opposition to justice as he held it on Puttah tenure from Fusly 1220 up to 1230, it is therefore now necessary to consider whether or not the sale in question has been conducted regularly- On an inspection of the License marked A filed by the Plaintiff it appears that the Village in question has been rented out to the Plaintiff and Mumapadayachee & on the back of the said Document it is stated that the rent was entered in the name of Soobroyapadayachee the son of the said Mumapadayachee; while the case stood thus, Mr. Cockburn the then Head Assistant Collector sold a Moiety of the rent of the Cuddalore Village belonging to the Plaintiff on the 22d February 1817 for 200 Pagodas under a Precept issued by the Zillah Court of Vridachellum which directed to collect a sum of 18 3/4 Pagodas being the Amount of the Decree in O.S. No. 9 of 1812 due by Calettetah Pillay, while so small sum was due by the Plaintiff and while he had other property to discharge that Amount, the putting up to sale of that rent valued at so considerable an Amount, gives room to much astonishment- From the subsequent circumstances alone some clue may be obtained for this proceeding the Document A also mentions that the Plaintiffs Son Narayana pillay has purchased the rent in public Auction and got Pattahs in his name, which was registered on the 19th March 1817-

Out of 200 Pagodas being the Amount of Sale proceeds, 18 3/4 Pagodas were deducted on account of the Decree, and 35- 39- 46- (Rs. Fs. As.) for the old balance, after which

which there remained 145 and odd Pagodas to be returned to the Plaintiff, but this sum also appears to have been remitted to the Zillah Court of Verdachellum.

From the Document marked A it appears that Nersyanapillay, the purchaser of the rent by Public sale, requested the registry of the License in the Plaintiff Calletattah Pillay's name on the 1st February of Fasly 1226 and that his prayer was granted on the 7th April of the above year. The Document A is beyond doubt a confidential one, as it bears the signature of Mr. Cockburn.

From the above it is very evident that the balance of Kist, alleged to be due by the Plaintiff Kalletattah pillay, should have been charged only from the Month of April, and that he had no occasion to make good the arrears antistanding previous to that time. And on a reference to the document No. 3 filed on the part of the Defendant, being an Arzee addressed by the Tahsildar of Cuddalore on the 16th May 1817 it appears that a balance of 408-12-- at the end of the year and that of 225-12-5 until April were due for that period, that the renter Caley apillay has no Estate, that as there are claims upon the property of Soobrayapadayachee, that he uses stubbornness in discharging the Amount, that the sum collected by the Ryots has been retained with them, that they were forwarded to the Huzoor in obedience to orders dated 11th Instant for the purpose of conveying them to the Zillah Sail: and that the Villages in question were sequestered in pursuance of the said orders. it appears also that some proceedings were held in the Hoozoor respecting the Kist of April previous to 1st May of 1817 and that an order was sent on the 11th of the said Month to the effect that the Plaintiffs rent should be sold and that he should be conveyed to the Sail of the Zillah, such was the haste and hurry to attack the Plaintiffs rent and to place him in confinement that every thing was done by the very next Month after the Plaintiff had

had procured a Pottah in his name. From the urzee 3 forwarded by the Tahsildar it appears that certain sum of money was then in the possession of the Plaintiff and of another renter, it also clearly states that a sum of 145 Pagodas and odd was kept in deposit in the Zillah Court of Verdachellum on account of the Plaintiff: this being the case, the whole rent which was common both to Plaintiff and Soobroyapadayachee was advertised and sold publicly for 135 Pagodas, while a moiety of the rent belonging to the Plaintiff alone was sold previously for 22-- to February 1817 for 200 Pagodas. If the whole rent were sold within 4 Months from the first one, it would have fetched a higher price of about 400 Pagodas it is therefore very surprizing that the sale of the whole rent brought only 135 Pagodas which is even below the amount of the sale of half rent. For remedying this evil a motion was presented on the 1st August 1814 in No. 44 on behalf of the Defendant, wherein certain reasons were given. Among them that the renter having a profit of 31 Pagodas a year, after discharging the Cirkar Kist he should have 124 Pagodas for the 4 years, upon which Calculation a balance was made

made out and the sale appears to have been conducted equal to the last mentioned amount. this profit the Plaintiff did not admit to have obtained as the accounts exhibited shew very excessive income, if the said reason be taken it may be concluded that no one would purchase the Plaintiffs half rent for 200 Pagodas. the reason assigned in the said Motion against the opposite claim was that the 1st. sale was put up in February in compliance with the orders received from this Court. it is also represented that the purchase was made to so large a sum as 200 Pagodas because it was then the time of harvest; that a balance of bareez remained in favor of the Ryots, and that the purchaser was the Plaintiffs own son these reasons could not be admitted as just; it then being the time for storing, there was no probability of the value being increased or decreased, the person who enjoys the produce should of course make good the Cirkar Kist; if the person who purchased the rent in February enjoyed the whole proceeds he should have obtained for his own use the excess remaining after

deducting

deducting the Kist for the next 6 months, and more advantage should have been derived than that by the person who has purchased it in June, and if he enjoyed the produce wholly he should discharge the whole kist that may be due up to the end of the year, there was therefore no cause to press the Plaintiff — Caletettah pillay. altho there remained balances in favor of the Ryots, still the person who collects them should be held answerable. there was therefore no cause for any representation or diminution in the sale of the rent. Under these circumstances — there is no doubt that the sale effected in June on account of the arrears of Rent, was adjudged for a very small amount, and the Court cannot consider that the Defendant adduced any sufficient proof to establish that the sale was a regular one.

But on the other hand, on a perusal of the Oral and Documentary evidence adduced on behalf of the Plaintiff the Court is of Opinion that some of the servants attached to the Hoozoor Cutcherry and certain others were at enmity with the Plaintiff.

Plaintiff, that they had a wish of profes-
ing his rent, that a moiety of the rent of the
Plaintiff was put to sale in the first
instance in violation to justice, in execu-
tion of the Decree of the Court for a very
trifling amount, without any sufficient
cause, and that it was again sold on the
20th June following without referring to
his other property for a very small amount,
the very next month after the Plaintiff
had obtained re-possession thereof; and
also without exerting to send for the Amount
which was in deposit in the Court not-
withstanding it was in his power to do
so, or allowing him time. The Plaintiff has
detailed certain grounds for the same in
the Copy of the Petition Marked B. alth
this document was not a public one signed
by any Authority, yet on a consideration of
its oldness it does not appear that it was
newly done, but seems to be as one Urzee
addressed at that time, mentioning all
his grievancies; and that it was ad-
dressed by the Plaintiff himself to the
then Principal Collector and alth the Court
does not admit the whole contents thereof
to be real facts still the Court have reason

to

to believe that most part of them would
be trustworthy, because in the sale of the
rent, some irregularities have been committed
and because the Petition details certain parti-
culars regarding the same.

The act of placing the
Plaintiff in the Jail and of collecting
the balance by disposing of his other
estate appears to have been done as the
other acts, moreover the Plaintiff having
had no remedy on account of his having
suffered loss and difficulty from being
without possession of his rent from
the above sale, the Court consider it
just to award to the Plaintiff a sum
equal to a profit which he might
have derived had he been placed in
possession of his rent after exclud-
ing those of 5 years in which he
was placed in the just enjoyment
of his rent. The confinement of the
Plaintiff in the Jail appearing not
to be just, it is reasonable to return
to him the batta which was collected
from him; the Plaintiff seemed to
have been unable to adduce proof
to the items of profit and other

particulars

particulars introduced in his Plaint, and he was not placed ~~in possession~~ of all the documents which he wished to obtain from the Collectors Cutcherry notwithstanding his Petition in No. 53. On addressing several letters to the Collector respecting the above documents he sent an answer informing that no documents are to be found in the records of the Hoozoor Cutcherry altho' an interval of many days has elapsed for bringing forward the Plaintiffs Claim still the Plaintiff having afforded satisfactory proof before the Higher Court, this suit has been filed under their orders consequently that objection could not bar this suit

The

The Court therefore decreed that the Defendant should pay to the Plaintiff the amount of the Profit which he admits in his Answer and Documents and the batta together with Interest as detailed hereunder.

The Plaintiff having conducted this Suit in forma Pauperis and having been unable to substantiate the profit according to his Plaint for the aboovementioned grounds, it is further awarded that the Defendant should pay all the Costs incurred in this suit.

No private adjustment of this Decree shall be allowed or deemed valid unless the terms of such adjustment shall have been previously and reciprocally declared by the parties interested and made a record in the Court with their unanimous consent.

Translation of an Urzee from Nurasinga Row Government

Government Vakeel attached to the Zillah Court of Cuddalore to W. D. Davis Esqre Collector in the Southern Division of Arcot.

I beg to state that I have forwarded copy of the Decree in No. 296 of 1842 together with an Urzee on the 31st July 1845 and the statement, which was mentioned in the last part of the decree to be entered below, having been omitted, the Court held some enquiry respecting it on 5th August caused the account in question to be entered in the bottom of the decree and passed a Diary order to the effect that the appeal time should be calculated from the 5th of the above month. I therefore request that the statement enclosed herein may be ordered to be joined with the Copy of the Decree lately submitted as it was too late on the 5th to settle all these affairs and the next day the Court having been shut — it was beyond my power to go to the Principal Sudr Ameens Court on the 7th having been engaged in the Sessions Court in prosecuting a criminal case on behalf of Circar from 10 O'clock A. M. until 6th P. M. on that date I took a copy of it this day and submit it for your perusal.

Motion presented by Annaviah Government Vakeel on behalf of the Defendant in Suit No. 296 of 1842.

In the Points adduced

by

Fort St. George ~ November 1845.

by the Court on the 25th June, it was required that the Defendant should prove that the sale of the Plaintiff's rent in June of Fasly 1226 for 135 Pagodas on account of the balance of the Circar Kist, was regular. The amount of the Bariez of the said Village was Pagodas 1051 57/64 and that of the assignment by the Plaintiff to the Ryots 1081 57/64 thus an excess of 31 Pagodas than the Circar Bariez was annually assigned to the Ryots. If the Court consider the profit which the Plaintiff derived for the remaining 4 years from Fasly 1227 to 1230. at 31 Pagodas a year, they will be convinced that the advantage derived by him for the 4 years from the sale proceeds was correct.

The 1st sale having been conducted under the orders of the Zillah Court of Verdachellum in February, and as it was then the harvest time when a balance was outstanding against the Ryots and the purchaser Narayanapillay being the Plaintiff's Son, it was purchased for a higher sum of 200 Pagodas. the Cyarah right was subsequently transferred in favor of the Plaintiff on the 20th March 1817

by means of a Razeenamah. Copy of this Razeenamah together with certain other Documents will be filed in the Court This fact will be proved from the Petition as well as by the Cirnmum and Monigar mentioned in the list of evidence.

Draft of an Appeal Petition.

To.

The Civil Judge Cuddalore

The Collector in the Southern Division of Arcot has the honor to submit this appeal Petition to your Court against a Decree passed by the Principal Sudr Ameen at Cuddalore in Suit No. 296 of 1842 adjudging that the Defendant should pay to the Plaintiff a sum of Rupees 1288.15.10 inclusive of Costs.

Sum awarded 576.12.4
Costs. 712-3-6

The Decree of the Principal Sudr Ameen resolves itself into the following heads, But first I must observe that there were two sales one on the 22d February 1817 by Court-precept This requires no further elucidation than what is derivable from perusal of the following letters

It will appear to your Court by reading the correspondence that the Head Assistant Collector did so by Court Precept and for no other reason and that he could not avoid having so done and that he did wish to avoid it appears from other correspondence between that Gentleman and Mr. Hoyle and that the Head Assistant Collector was not required by that Precept to Collect a sum of Pagodas 18-28-20 and it is also declared in the same Precept that the Plaintiff had no other property but that he was required to deduct the Revenue dues and remit the balance to Court

is, that because he was not in
possession while these arrears
accumulated, he should not
have been held answerable for
them, but in all cases of transfer of property
the liabilities on that property attach to the
purchaser. Therefore it would appear that Mr.
Cockburn was right in holding the plaintiff
answerable for all the above amount and would
have been wrong had he held the transferee answerable

the absence of any proof whatever appears to be that
the first sale was made to Plaintiffs son who
might have bid any sum as the money was payable
to

to his father who was interested in preserving the
possession of the rent and had probably agreed
that his son should buy it in at any price — and there
fore this is no reason why on a subsequent occasion
double the offer for the whole property should have
been made. In addition to this there remained 4 years
unexpired lease the Government Barcez was settled
at 1051 Pagodas the renters settlement with the Ryots
was 1082 — 12 — leaving only as extreme profit
31 Pagodas per annum being 124 Pagodas for 4 years
being the time the lease had to run. The difficulty
appears to be not that so little was bid for the pro-
perty but so much that is more than the new ren-
ter could lawfully realize the lands of the Village
having been permanently assessed.

5 "The Act of placing the Plaintiff in
"Jail and collecting the balance by disposing —
"of his other estate appears to have been done as —
"his other acts, that is, in violation of justice and
in a hurried manner." To this, the questions arise,
how long was he in Jail? 6 months. Did he
petition the Judge during these 6 months? this
is not proved - but if he had done so, he
could either produce a Copy or give a facsimile
of the Petition and he could also state what —
redress he got from the Judge under whom the
Jail then was - or the answer may be found in
the records of the Court of Verdachellum —
since transferred to some other Court - but
at any rate Plaintiff should be called on
to prove if he Petitioned to the Judge while
in unjust confinement or not - the mere —
fact of his not having then petitioned would
afford full grounds for not after a lapse
of so many years entertaining the Case.

6 Besides the mere fact of his
having allowed himself to remain in Jail —
for the period of 6 months would give reason
to believe that he had not wherewith to
discharge the arrears of Pagodas 153—3—11.

7 "The confinement of the Plain-
"tiff in the Jail not appearing to be just it is
reasonable

reasonable to return the batta &c" but this batta was
not taken from him it was applied to his own
benefit in the shape of rice and clothing and
therefore it is to be presumed that he received
the full equivalent, besides, it is not clear that
the Plaintiffs confinement was unjust. He
never disputed the claim for arrears of Revenue
and the Regulations authorized such confinement
at the discretion of the Collector and in addition
to the balance of Pagodas 153—3—11 the records
prove that Plaintiff had absconded with Rs
975—11—9 adduced in the answer to the original
Plaint - from these reasons it would appear to
require some kind of proof that the confine-
ment was unjust.

The Court therefore decree that
8 -
"Defendant should pay to the Plaintiff the
"amount of the profit which he admits in his
"answer and documents with batta interest
"and costs as detailed hereunder" As regards
the batta answer has been made in Section
7 - Your Court on reading the answer to the
original Plaint will not be able to discover any
admission on the part of Defendant, as regards
the alleged profit having been lost by Plaintiff
what the Principal Sudr Ameen has construed
into an admission of this fact is merely a petition
furnishing from the Village accounts of the
period

period when Plaintiff was in possession of the rent, which by annual profits prove the fairness of the sale, and on perusal of this petition Your Court will be able to arrive at no other Conclusion than that the sale was fair. But allowing that the admission had been made what became of the profit — that had been lost to Plaintiff. He will not deny that the above profit (135 Pagodas) realized from the sale was not carried to his account, that is, was applied by the Collector to the liquidation of the balance against his farm for fusly 1226. and even that did not suffice as he was further detained in the Jail together with others concerned as securities &c. for a period of 6 months — during which further property was discovered by the sale of which the full amount of balance was eventually realized. a complaint to either the Judge or Collector stating that Plaintiff had other property as above enumerated available for the liquidation of the above mentioned arrears, must have procured his instant release, therefore he cannot blame any one but himself with his confinement.

9 The amount stated by the Principal Sudr Ameen to have been admitted by Defendant is not specified in the Decree but appears on a subsequent date under the form of a "Diary order" purporting to be a "reconsideration of the Decree" such a Document your Court will consider as inadmissible. However in this Diary order the admitted profit is decreed to Plaintiff for fusly 1226, but how can the profit for the whole fusly be decreed while the Plaintiff was in possession up to the 22d June, that is, up to within 3 weeks of the end of the fusly.

10. The Original profit not being allowable it necessarily follows that the interest also should be disallowed with regard to the Costs decreed. The Plaintiff sued for 4606–9– the amount decreed in the Diary order is only 586–12–4 (including interest) therefore Plaintiff would be entitled only to a sum bearing the same proportion to the money as the fee did to the demand, added to the Costs which will not amount to ½ the Costs decreed.

In conclusion the appellant begs that your Court will reverse the Decree of the lower Court with Costs.

Sir,

To the Head Asst. Coll.r in charge of Guntoor } I am directed by the Board of Revenue to acknowledge the receipt of Mr. White's letter of 8th. Ultimo on the subject of the prosecution of the Deputy Sheristadar and Annees of Chaybrole under Regulation IX. 1822-

2- In this letter the late Acting Collector represents that the offence laid to the charge of these individuals is that of having collected from the Curnums and Tannah servants

In forwarding this the Board entertain no question that the offences charged against the Deputy Sheristadar and Annees of Chaybrole are cognizable under Regulation IX of 1822 but stating that as the Ag. Coll.r by whom the case against these parties was originally investigated appears to have entertained a doubt upon the subject the Board will not insist upon the prosecution of further proceedings against

against them and directing that they be dismissed from their respective appointments.

servants sums of money to be employed in the erection of a Choultry- The parties were, he states, in all instances told the purpose for which the money was required- but made no opposition- the money was therefore, in a manner, voluntarily given altho the relative position of the parties paying and receiving it had doubtless a considerable effect upon the transaction- It is, Mr. White submits in his opinion, clear that altho the conduct of the late Sheristadar and Annees is highly culpable, yet that the case is not one which could be tried under Regulation IX. 1822- The only head, he states, under which the receipt of money from the Curnums could be supposed to fall, is the 2nd. Head Clause II Section III of Regulation IX. 1822- Viz.t "levying extra and unauthorized cesses or extra Collections of any kind not sanctioned by the Regulations"- but this, he conceives, must apply solely to receiving money as public Revenue or as for revenue purposes- As regards the receiving of the pay of the Tanah Servants, supposing this proceeding to fall under the 3rd. Head of the same Clause, "as embezzling or fraudulently misappropriating the public money"

money," which Mr. White would appear to doubt, even in this case, the Ameen alone could be tried while the Deputy Sheristadar the greater delinquent would escape - Under these circumstances the Acting Collector requests further instructions on the subject -

3- In reply the Board direct me to state that they are unable to concur with Mr. White in his construction of the 2nd. Head Clause II Section II Regulation IX. 1822. the terms employed in describing the offence therein stated are as general and comprehensive as could have been used, and neither expressly nor as the Board conceive, by any such condition or qualification as that the money levied must have been "received as revenue or as for revenue purposes". The force of this distinction is also not apparent - The levy by public Servants of extra collections for their personal use or profit" whether made by them ostensibly as for revenue purposes, or professedly for their own immediate advantage is equally criminal and equally opposed to "the Security of the revenues of Government and to the welfare of the people" for which it was the object of Regulation IX 1822 to provide - For the present

present case the sums paid by the Curnums and Capoos were in many instances entered in their Village Accounts* - they were raised by contributions in their Villages - and cannot it is evident be regarded as having been paid willingly or from any other Motive than fear of the consequences attending refusal - In one Case indeed the Curnum has expressly stated that on the first application made to him, he demurred, and pleaded the depressed state of his Village, tho he ultimately thought fit to acquiesce - The levying such collections or causing them to be levied appears to the Board clearly within the meaning of the 2nd. Head of the offences made punishable by the Regulation - The Collection of Sums from the Tanah Servants would also seem to fall either under the 2nd. or 3rd. class of offences - and altho the actual stoppage of pay was made only by the Ameen or under his orders yet it was made for the use of the Deputy Sheristadar and the Money so raised was paid to that individual who is thus clearly implicated and would be punishable as a party in the transaction -

4- On the grounds above stated the Board entertain no question that the offences charged against

Fort S.t George 3rd. November 1845

against Soobarow and Kotah Kistnamah are cog-
nizable under Regulation IX 1822 but as the Acting
Collector by whom the case against these parties was
originally investigated appears to have entertained
doubts upon the subject, the Board under all the circum-
stances will not insist upon the prosecution of
further proceedings against the Deputy Sheris-
tadar and Ameen but direct that they be dismissed
from their respective appointments - The dismissal
is to be considered as having had effect in both cases

To D. White Esqre
Acting Collector of
Guntoor

Sir,

The arrears of the Retpully Tanah from 1242 Fusly amounted on the 15th March last to Rs 38,3,307-10-9 of which 37,489-5-9 appear to be recoverable and of this 8044-5-7 belong to the period of the Zemindars management

management.

The maladministration of the native Officers in this Tanah was very fully developed, but as the particulars have been communicated to your Office with the details of the settlement, it is not necessary to enlarge on the matter here. The particulars of the investigation of the affairs of two Villages likewise formed the subject of my letters of the 9th and 14th May last.

I feel it however to be my duty to call your attention more particularly to the conduct of the ameen Yegneswara Awadhanloo (now in charge of Datchapully Talook) with reference to the Villages proposed to be rented in 1254 Fusly. The proposals recommended by him were so inadequate that the Collector in many cases refused to accept them, and it now appears that the available revenue was in most cases understated, sometimes intentionally so. The first Village I will instance is Chandoor half of which belongs to Retpully the other half to Mulrauze. The latter having been under Circar Amanie management had been greatly reduced in value thro the frauds of the Cumums, but the other portion

portion by the exertions of the Zemindar exhibited signs of considerable improvement. He rented it out in 1249 Fusly to the inhabitants for 9 years at an increasing Beriz. The conditions of which were observed with tolerable exactness till it came under the collectors authority when it suddenly fell to Rs. 2,350 in 1253 Fusly. The following year (1254 Fusly) the rent should have yielded Rupees 3,825 but the Ameen got it cancelled and recommended a proposal for ---------- 2,350 in 1254

From 3725 Rs.

2,600 in 1255

2,850 in 1256

The resources of the Village as stated by him were 2,350 Rupees, but my examination showed them to have been 3207, of which Rupees 2939 had been collected before my investigations were closed. Exclusive of these dustic bakee proved against the Curnums, who also procured large remissions on account of Wandra for lands sublet by them to other Ryots. One of the Curnums of Mott-koor named Janeherandoo is a relative of the Ameen. a rent was procured in his favor for 240

from 1254 Fusly. the doule of 1252 leaving a

beere 364 of which only 257 Rupees remained outstanding and that of 1253 Fusly 365 Rupees with a considerably larger balance intentionally allowed to remain uncollected. A fraudulent Estimate of the resources of the Village was submitted by the Ameen amounting to 2490 while the actual outturn was found on examination to be 3,440½ Rupees of which 234½ were remitted on account of poverty at the settlement and the remainder 3,206½ was in full progress of recovery before I left. The Ameen cannot plead ignorance or misinformation in this instance for he was proved to have received a written Statement from another of the Curnums named Dahshana Murtewarning him of the true state of the case and pointing out the suspicious items. In Warragani the Ameen framed an Estimate showing the Value of the Village to be 1995¼ and took proposals from the Curnums for 2,000

2,400

2,900

but the arrangement did not go on meantime in the course of my inquiries I ascertained from the same Curnums accounts that the real value of the Village was 3155 for which sum after a few deductions on account of waste land (Rs. 254) they accepted puttahs at the settlement. The Ameens Estimate for Rokanno was 2,768 Rupees and

the

the offers recommended by him were.

2724
3004
3273

But as the Zemindar had previously rented it
for 5468½ Rupees Mr. Lockhart only accepted the
present offer for one year. The cutturn proved
before me for the same year was 1088 Rupees and
the Curnums after certain deductions for waste
gave Caboolcals to pay 330 which was in fair train
of recovery. The Zemindar had rented Nilakand
for 1489 Rupees but the Ameen having represented
that owing to emigration of Ryots &c. this was
too much transmitted reduced proposals as follow.

1254 F. Rs. 2724

One of the Curnums named Kistnamarauzo gave
information of the practices of the Officiating
Curnums and in ordering a Harkaro to proceed
to make enquiries on the spot, the latter took
fright and produced the true accounts which
exhibit returns to the extent of 1392 Rupees and
they willingly executed agreements to pay 1357
I shall feel much obliged by your ordering
the name of Kistnamarauzo to be included
in the list of Officiating Curnums as a reward
for the information tendered by him on this
occasion similar discoveries were made in

but enough has been shown to establish the
utter unfitness of the Ameen who was removed
to another Taluk at my request and whose
conduct requires that he should be removed
from the publick service. It is hardly necess-
ary to add. that the accounts of Village
Charges show large sums to have been received
by him on returns for these concessions to the
candidates for rents Ascertained likewise
that he levied a Months pay from all the vers
wants for the Summa Moondy charges of 1253 Fasly.

From the Acting Coll. of Guntoor — Furnishing explanation upon Para 1

Sir,

I have the honor to ac-
knowledge the receipt of an Extract —
from

upon certain points relative to the settlement of the Land Revenue of this District for Fusly 1252.

From the Proceedings of the Board of Revenue dated 16th June last forwarding copy of an Extract from Minutes of Consultation under date 26th May 1845 and calling for information upon certain points relative to the settlement of the Land Revenue of Guntoor for Fusly 1252.

2. In para 13 of the Minutes of Consultation it is remarked that the wet lands of Palnaud have been annually settled on a diminution of the crop and that a Money assessment has not yet been introduced although instructions by the Board were given more than 25 years back to have this work completed, and in para 14 full information is called for as to the causes which have prevented the introduction of a money assessment.

3. In explanation of the delay which has occurred in the introduction of a money assessment upon wet lands, I regret to say that the records of my Office appear to afford little information. All the Collector, when the Board's orders were given more than 25 years back, stated that the ryots were prepared for the change yet in Fusly 1238 / 1828/29 they raised objections and in Fusly 1239 he reported that he found

it totally out of the question to expect even to gain the consent of the Ryots to a Money assessment. Subsequent correspondence has occasionally taken place upon the same subject but the ryots have been indisposed towards the introduction of the change, and the measure which, owing to the opposition of the ryots, might have occasioned a temporary relinquishment of land, and consequently a temporary loss of revenue, has never been finally determined upon. The introduction of a money assessment being once firmly decided upon and strictly introduced, I see no reason why the inhabitants of Palnaud should have more cause to object to it than the ryots of any other part of the Country.

4. In reference to the explanation called for in para 16 as

14777 Fort St. George 3rd November 1845.

to how in the present imperfect state of the survey accounts and the absence of boundary stones, the annual settlements could have been made on the field assessments, I beg to state that I have had no time to make myself personally acquainted with the survey accounts, and cannot therefore say how far they were to be depended upon so as to regulate the settlement, and I am therefore under the necessity of leaving Mr. Stokes to furnish the information called for.

To

Board of Revenue
Fort St. George

From the Actg Collr of Guntoor

Para 1

Sir.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 21st April 1845 calling for certain explanation connected with a letter from the Acting Collector of Guntoor dated 13th February 1845 reporting on the Settlement of Guntoor and Palnaud for fasly 1253-46

Acknowledge Board's Proceedings dated 21st April 1845 and submit certain accounts and explanation relative to the settlement of the land revenue of Guntoor and Palnaud for fasly 1253 (AD 1843-44)

In reply I have the honor

2.

to forward the following information upon the several points noticed by the Board.

3.

In para 8 of their Proceedings the Board observe that they "are disposed to make due allowance for "the depressed state of the market; "but the difference between what has "been realized and what ought to "have been realized in the improved "condition of the districts calls for "explanation".

For

Fort St. George 3d November 1845

4.

In this explanation I beg to refer the Board to my letter of the 10th July 1845 in which I have detailed at length my reasons and proofs for concluding that the falling off in the realization of the revenue is attributable to the connivance of the Head Sheristadar both in his encouragement of remissness in the Collections and in granting rents of villages at depreciated rates.

5.

In order to supply this deficiency in regard to the settlement in each Estate noticed in para 9 of the Board's proceedings I beg to forward two Statements one exhibiting the extent of land cultivated, and the proportions of the demand under Mustah. rent and share severally and the other a comparative view of the Demand Collection and Balance of the year under report.

A

B

6.

In regard to the principles upon which the settlement is conducted it appears that the Jummabundy was made as far as practicable in

Fort St. George 3d November 1845

in reference to the Cabooleats of former years, but in villages in which this was impracticable recourse was had to the practice of the preceding Fusles under the Zemindars, and to such information as could be gathered from the accounts and the local experience of the Village Curnums but as the Curnums are generally speaking interested in obtaining favorable terms for the ryots and are moreover provided with sets of false accounts the difficulty & uncertainty of arriving at the true resources of a village must necessarily be very great. The settlement therefore cannot be said to have been made upon any fixed principles and until the introduction of the new survey and assessment it will be imperfect and defective.

7.

In para 12 of their Proceedings the Board observe that although "when "the Vaperiddy Estate was attached in Fusly "251 an increase was expected in that year "from the improved resources of the Estate "not only does this expected increase not

appear

"appear. but a decrease is shewn and a
"decline of revenue once. One principal
cause of this falling off has already been
adverted to in para 4 of this letter, and
another to which I think it may perhaps
be partly attributable is that the vera
= vants, high and low placed by Mr
Goldingham in charge of the Vaperedy
Estate and from whose reports he was
led to hope for an increase in the re=
venue were changed to a very great
extent by Mr Mathison. Mr Mathison
in his report upon the settlement for 1837
stated that Mr Mathison's reversion of
Mr Goldingham's appointments extended
"not only to that Estate / Vaperedy / but
"to almost every office of importance with
"the exception of Cash Keeper and Accountant
"both in the Huzoor and Tamaka=Lands
an universal expulsion from office so
suddenly effected was well calculated
to throw into disorder the existing current
of management, and the new in=
cumbents were very likely to find in
realizing the expectations of their friends
= capons in office. Due allowance must also
be

be made for the well known decrease in
prices of late years which has doubtless
had a considerable effect upon the revenue
of the Country.

8. In para 16 the Board
call for special enquiry into the Causes
of the relegnishment of lands observing
that they "are led to suppose that many a
"ryots have abandoned their land for
" the Report in treating of the expectations
para 51 " formed from the renting System" says
"the emigrant ryots will be induced to
" return to their villages and resume their
= Cultivation and the relegnishment of
= land will not be thought of - Having made
enquiry in my Cutcherry in order to ascertain
upon what data Mr Lockhart's allusion
to the emigration of ryots might have
been founded I am unable to find any report
which could have led him to suppose
that such emigration was either general or
considerable. It is true that in Rachim the
ryots of 9 villages / for reasons which will be
hereafter explained / relinquished their
cultivation as did also some of the ryots of

14783

Fort St. George 3d November 1845

of Mundadums in Chaybole but it does not appear that they left the Country although a part of the relinquished land may have been left on account of the depressed state of prices and consequent inability of the ryots to enter upon their cultivation. I am disposed to attribute a greater portion of it to the almost universal combination of the village and Hudgoor servants to obtain rents at depreciated rates for proofs of which I beg to refer the Board to my letter of the 31st May last.

9 In reference to the Board's observations in para 15 regarding "the collections falling short of the demand" I may notice that it has been customary in this district to fix the Dowle in reference to the extent of land which has been of late years cultivated including land recently left waste rather than with regard to the extent actually brought under the plough in the current fusly, and hence has necessarily arisen a discrepancy between the Collections and the Demand & other causes such as those alluded to in

14784

Fort St. George 3d November 1845

in para 5 of Mr Lockhart's report will also have their due effect upon the Cultiva-
-tion.

In paras 17-18 and 10 the Board call for explanation regarding the following reasons assigned by Mr Lockhart for the decreased collections 1st "the cultivation in the rented villages having been less than "the amount of rent" and "the postponement of "collections the ryots having been allowed to cut "and realize their crops before the first instalment "of the rent was allowed to be demanded" The Board "under all circumstances," but notwithstanding "the amount of rent is payable the serious truth of this the rents have been allowed to run very generally into serious arrears. The renters will in a favorable season be suf-
-ficiently silent as to their profits, but upon a failure of rain or under any other adverse circumstances, they become eager to get rid of their responsibilities. It appears that the peculiar circumstances of individual cases have been weighed, and some rents have been taken under Amany, while the demand against others has not been properly enforced

The

Fort St. George 3d November 1845

The securities have in only 2 or 3 instances I believe been proceeded against: nor have the securities generally speaking been people of sufficient substance to be able to answer the demand. This last circumstance it must be noticed, arises from the impossibility of the renters obtaining as securities, other than the inhabitants of their own villages who are probably the only persons to whom they can look for the accomodation, and who are not sufficiently wealthy to be competent securities.

11. The Board remark that they do not see how the collections in general throughout the year can be affected by the postponement of Collections till the first Crops are cut and require an account of the practice in each Zemindary in regard to the Collections under the Zemindars there were not, Summonned any fixed rules for the realization of the revenue which was collected according to the circumstances of each village. The accompanying statement exhibits (as called for in para 33) the time at which the different Crops are cut and the periods at proportion-

Fort St. George 3d November 1845

proportions in which the Kists are now demanded. This Kist Bundy had been in force for years past till altered by Mr. Stokes as mentioned in his letter of the 31st May 1844.

12. In the paras above quoted my attention is further directed to the circumstance that in the Mukrauze Estate the ryots of 9 villages in the Bachoor Taluk, the Dowle of which amounts to about Rupees 2400 left their land almost entirely waste, pleading that they had been unable to carry on their cultivation by reason of poverty and by the Kist fixed being high- whilst others stated above on different pretexts of inability relinquished their several fields:- upon which they to offer the following explanation-

The Settlement of these villages in July 1838 by Mr. Goldingham, when he established an individual Mustah rent founded upon the Kist then demanded, but reducing it in some instances 12 and in others 25 per Cent. was well calculated to afford relief to the ryots- although it cannot be doubted that the low prices of agricultural produce at the time must have considerably affected their means of cultivation it did so by no means to the extent they asserted- Their real object in

in combining, as they did in not them-
=selves cultivating, and in deterring
others both by persuasion and by intimidation
was, it appears to effect a further reduction in
the rent, or to enforce a reversion to the sharing
system to which they were much attached. Mr.
Stokes resisted the combination and the ryots in
the following fusly resumed the greater part of
their cultivation, at the rates which they had
before combined to oppose.

13. In para 20 the Board quote Mr.
Lockhart's reason for the falling off in the col-
=lections Viz: "the postponement of collections above
"alluded to by the Zemindar" and observe "The Ves-
"=sreddy property has been under the management of
"the Collector 3 years. The Collector will explain why this
"interference of the Zemindar in its affairs was allowed.
Upon referring to the Office draft of Mr Lockhart's letter
the sentence here quoted by the Board does not agree
with the original which has been interlined. The
words as now standing in the draft are, "as also
"by the Cultivation in some of
"the Villages rented out by the
"Zemindar being less than the amount
"of rent and by postponement
"of collections as above alluded
"to."

"to." The "postponement of Collections" alluded to is
evidently therefore that by Mr. Stokes and not
by the Zemindar.

14 In para 25 the Board observe
in reference to the large relinquishment of land in
the Palnaud that no explanation has been given as to
whether the land again taken up yielding an
assessment of Rupees 4782-1-2 was again taken
by Ryots who had given up land in the first
instance or by those who have extended their
farms. In the following para (26) they require
explanation how the full assessment of Rupees
7827-6-5 was demanded on 5554-1 of land
relinquished in former years and observe "
In explanation of these points I annex a
Statement which will I trust afford all the
information the Board require.

17 In explanation of the reasons why a certain portion of the Garden land, as noticed in para 31 is settled as Amany, it appears to have been always the customs in this District to enter such land as had not been taken up for Cultivation at the time of Jummabundy (January) and has afterwards been cultivated for Garden produce as "Jareeb Amany" it is being unpracticable to grant Puttahs at the time of Jummabundy in which case it would be entered as fixed Jareeb on account of the uncertainty of the land being

being cultivated -

18. In para 32 of their proceedings the Board in reference to the present state of the Garden Cultivation wish to know why this Cultivation has not extended, the nature of the irrigation for Betel Gardens and Village sites and whether the Betel cultivation has extended in the Palmyra - The only reasons I can assign for the little extension of Garden Cultivation in the Palmyra are 1st the stony nature of the soil which is not such as to encourage the Ryots to make much exertion in its Cultivation, and 2ndly the unprofitable return which their Garden produce will yield them -

The Betel Gardens and Village sites are irrigated in some places by raising dams across Nullahs - in others by erecting pecottahs and drawing water from Wells - The accompanying Statement

Ec. shews

14788 Fort St. George 3d. November 1845

shews the extent of Betel cultivation for the last 4 fuslies.

19 In reference to para 35 of the proceedings I imagine the relief contemplated by Mr. Stokes may have been the relieving poor Ryots from such parts of their lands as they were unable to cultivate, the assessment on which under all circumstances had in the Zemindars time been regularly enforced.

20 In regard to the difference in the number of ploughs noticed in para 36 I beg to annex a Statement shewing the actual number of ploughs in the Tungadah Purgannah and in the other Purgannahs in Palnaud for fuslies 1250/51. It would appear that in drawing the comparison the Board have referred to the ploughs reported for fusly 1252.

21 In explanation of the disagreepancies noted in enclosure No 1 of Mr. Lockhart's report, I have the honor to annex a Statement shewing the Correct number of the ploughs and Ryots of the Collor Villages

23 In regard to the explanation called for in para 39, I beg as to the permission to Ryots to give up part of their Cowle lands before the expiration of the period of Cowle and 2d. as to the full assessment having been demanded in fusly 1253 for some lands held on Cowle for which the full assessment could not be demanded till fusly 54 and fusly 1255 respectively I beg to state that in the first instance Cowle land was given up in cases where Ryots altogether abandoned their Cultivation, and that in the second full sist was fixed upon lands granted on Cowle in Cases in which Ryots had abandoned their full assessed lands in favor of lands on progressive sists and 3d that in no other cases were the conditions of the Cowle deviated from.
