Sir,

To the Chief Secy to Government. Submitting with reference to Para 2 of the Extract Minutes of Consultation dated 2d August last a letter from the Collector of Bellary and stating that it appears to the Board that the continuance of the Assistant Surgeon attached to the Collectorate Establishment is highly desirable.-

21 Aug. 1845.
30 Oct. 1845.

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation 2nd August 1845 in Para 2 of which they are requested to state whether in their opinion there is any necessity for continuing the appointment of an Assistant Surgeon to do duty with the Collector and Magistrate whilst stationary at Bellary and not on duty in the District.-

2. In reply the Board instruct me to forward the accompanying answer from the Collector of Bellary to a reference made to him upon the Subject. It will be seen that Mr. Mellor strongly urged the continuance of the appointment. He states that the transfer of the Sudder station from Annantapoor to Bellary has very little reference to the general residence of the Collector. He is still in Tents accompanied by his Assistants and Native Establishment for more than half the year the cutcherry in its circuit being surrounded with great numbers of ryots whose concourse has never yet failed to be attended with cholera. Mr. Mellor gives details calculated to shew the distressing and constantly recurring ravages of that disease in his District. he also refers to the case of a highly valuable

public

public Functionary the former Principal Collector of Bellary Mr. Robertson whose life was lost from the want of European Medical assistance, and adds that he was himself attacked in 1843 with jungle fever at 88 Miles distance from Bellary and would probably have met the same fate but for the immediate assistance afforded him.-

3. Mr. Meller further explains that "the Medical Officer attached to his Department "attends to all those to whom his advice can be "in any way useful and the Company's ryots "have the advantages of Medical advice in "Remote Villages where under any other circum-"stances no European Medical Officer would ever be "seen The hospital Tent is pitched and notice is "given in every village in which the camp "halts that at a certain hour the Medical "Officer will be there".-

4. Under all the circumstances stated by Mr. Meller adverting to the large portion of the year during which the Collector his assistant and Establishment are on cir-cuit at great distances from any station whence European advice could be procured, the unhealthiness of the district the privalence of cholera and the great benefit which may result to the people generally from the visits of an

an European Medical Officer it appears to the Board that the continuance of the appointment of the Assistant Surgeon attached to the Collector of Bellary is highly desirable and they beg strongly to recommend the representation made by Mr. Meller on the subject for the favorable consideration of Government.-

2. The Renter Buswa Gaud is an inhabitant of Bellary and has always been represented as a respectable person, and there can be little doubt that his father is so, as the Collector of Bellary accepted his security as good and sufficient for the whole amount of the rent Viz.te 74,250 Rupees. I fear however that Buswa Goud has involved himself in difficulties and that he not only experienced a loss last year. But will as it appears experience a still larger one this. He has a rent also in Bellary. I understand where he at present is and which prevents me from ascertaining what his expectations of discharging his balances are.-

3. Security having been given for the whole amount of the rent I am of opinion that it should be allowed to run on, but as the Board may perhaps take a different view of the question I have thought proper to bring it to their notice.-

entered in the Register prepared in that year and forwarded to the Board by the Collector Mr. Sullivan.- In this Register herewith submitted, the Village is entered as having been assigned for the expense of a Mosque - but it has been shown from Mr. Freese's letter of 13th. May 1845 that the entry to that effect was in consequence of a Mahazurnamah from the Cazi of Madras and some other Enamdars presented to the Collector, no original Purwanah being at that time forthcoming. Mr. Balfour's sunnuds with translations have as requested been furnished by Mr. Maltby. but these as has been already stated merely direct the continuance of the Village on Enam Tenure and do not specify the purpose for which it was originally conferred.-

I beg to state that circumstances had excited my suspicions that advantage was being= taken of the recent abolition of the Sayer Chowkies during the season of manufacture, and the present seizures were made on the 5th Instant by the Jemadar of my Cutcherry and a party of Peloyahs whom I sent to examine the Bandies proceeding from Covelong in consequence of one Moodoo Shetty informing me that large quantities of Salt were being thus illicitly conveyed from that Kotaire—

The Board will observe from the accompanying Statement that out of the 111 Bandies stopped by the Peons 25 were unaccompanied by Rowanahs while the remaining 86 Bandies which were covered by 6 Rowanahs contained an excess of Salt amounting altogether to 1 Grace and 276 Marcals—

As these seizures were made on one line of road, in a single day they support my impression of= advantage having been extensively taken of the increased facilities for smuggling Salt and I beg to add that my attention is now being given to the best means for pre= =venting such frauds for the future and to the punishment of the Servants at Covelong who have been guilty of misconduct on this occasion—

the balances of two different periods, he stated their amount according to the Abstract of Demand Collection and Balance, and this was adopted by Mr. Bishop as a precedent when on the 1st October 1842 he first recommended a similar remission of balances up to Fusly 1247. The Board having however required in their Proceedings of the 1st December 1842 a more particular account of the balances than what was given in Mr. Bishop's first report, he found it necessary in order to answer their requisition to state their amount according to the Laloke accounts and to classify them as suited the circumstances of the District at that time which produced the difference remarked in paras 2 and 3 of the Proceedings of 6th June 1844 this as shewn in the Marg in there will, on allowing for the increase of the Laloke balance above that as per Demand or Rupees 29,380 — 8 — 8. and for Collections in Fusly 1253 subsequent to the submission of Mr. Bishop's first report, be found no difference in the aggregate

aggregate amount of balances as given in the two accounts. Thus as far as the difference in the irrecoverable part of the balances remarked in para 2 is concerned, it is traceable, in addition to the causes by which that in the aggregate is accounted for, to their classification above referred to as is explained below.-

Amount of balance as per Mr. Bishop's first report	Rs. 14,027	a p 8 9
Deduct subsequent Collections	Rs. 280	8 — —
Amount transferred to other Heads	21,797	— 6 — 6
Remainder	22,077	— 14 — 6

Add increase of Saloot balance above that as per Demand	28,991	— 6 — 4
Amount withdrawn from other Heads	455	— 12 — 8
	29,447	— 3 — a
Total balance as per Mr. Bishop's second report	147,639	— 13 — 3

A similar difference of Rs. 21,094 — 1 — 6 in the amount entered as doubtful noticed by the Board in the 3d para, the particulars of which they desire

Fort St. George 3d November 1845.-

desire be strictly examined is owing to similar causes.-

Amount of balance as per Mr. Bishop's first report	54,435	— 14 — 8
Deduct subsequent Collections	721	— 3 — 4
Amount transferred to other Heads	223	— 9 — 1
	944	— 12 — 5
Remainder	53,491	— 2 — 3
Add increase of the Saloot balance above that as per Demand	358	— 14 — 8
Amount withdrawn from other Heads	21,679	— 15 — 3
	22,038	— 13 — 11
Total as per Mr. Bishop's second report	75,530	— — a — 2

Of these only Rupees 2,956 - have been realized subsequently up to Fusly 1254 - Experience of past years justifies the expectation that partial Collections of these balances may be made from their further retention in the accounts. but it is equally true that many of the items composing them are such that to leave them an unremitted Demand on the Meerasdars will interfere both with the Collection of the Current Revenue, and the Cultivation of future years.- I have therefore transferred, on a rigid examination

examination of each of the items, to the irrecoverable Head Balances which appeared to me of this kind.-

5. According to the requisition contained in the 4th para of the Proceedings I beg to state that the exact amount of each item thereinreferred to is given in Statement No. 1 on a strict scrutiny of the Statement which accompanied Mr. Bishop's last report, it has now been again classified under the three Heads of Recoverable, Irrecoverable, and Doubtful.-

6. The Board having in the para suspected the correctness of the accounts of Fuslies 1248-1849 and 1250 from the mention made in Mr. Bishop's report of an arrangement for rectifying the erroneous entries as introduced in Fusly 1251 I beg to offer the following observations on the subject.- Remittances to the Treasury were made up to Fusly 1250 from Palacole on the middle and last dates of each Month.- The last remittance in each Month necessarily reached the Treasury in the next, in which it was usually credited in the Khoozzoor account while in those of the Palacole, credit was given to it in the past.- The difference thus occasioned in the two Accounts with respect to

to the amount of Collections in each Month, precluded the possibility of instituting a comparison of them so as to effect from time to time a removal of discrepancies arising from any erroneous entry.- From Fusly 1248 up to Fusly 1250, however, arrangement was resorted to under which, at the end of each year adjustments were made with a view to equalize the two Accounts.- But these yearly adjustments were not found calculated completely to answer the end, some tho' a trifling discrepancy being still unavoidably incurred in consequence of the insufficiency of the Collections to meet the amount outstanding.- Thus after the yearly adjustment last made or at the end of Fusly 1250 there still remained a difference of Rupees 81-94 which was finally removed, and the accounts of the 3 years from Fusly 1248 placed on an equality at the end of December 1843 from Collections for those years up to that period.-

Note. The discrepancies in the two accounts of the years preceding Fusly 1248, have so far accumulated from want of any such yearly adjustments as were made from Fusly 1248 that it is impossible to remove them by means of any similar adjustment since the Collections for those years now could not be expected to be in any measure sufficient to admit it.-

7. It was in consideration of the desirableness of this arrangement that another

Fort St. George 3d November 1845.

another one referred to in Mr. Bishop's letter was introduced in Fusly 1251 in its stead, under which the Palacole remittance is required to be made every 5th & 25th of each month whereby the Collections are now credited in the same Month in both accounts and chance of erroneous entry avoided by timely comparison of them thus facilitated.-

8. I beg to call the attention of the Board to the Abstract Statement accompanying shewing the Demand, Collection, Balance and proportion of Balance to Demand from Fusly 1240 to Fusly 1250 the period comprised with the Accounts now submitted excepting as Fuslies 1222 – 1223 – and 1228 against which years the trivial amount of 5,983 still stands as a Balance.-

Rule 3.

9. Of the total demand of /4,02,98,622/ Four hundred and three Lacs, Ninety Eight thousand six hundred and twenty two Rupees, there remains only a balance of /2,68,058/ Two lacs Sixty Eight thousand and Fifty Eight Rupees. Of this /2,33,680/ Two lacs thirty three thousand six hundred and eighty Rupees being a fraction above 1/2 per Cent on the total demand are classed as irrecoverable and recommended for remission. In addition to the Comparative insignificance of these balances, which of

Fort St. George 3d November 1845.

of itself would seem sufficient to recommend the propriety of their being struck out, it must be remembered that the greatest part of them has accumulated in Villages where the increased demand is made on lands cultivated beyond the standard Woolung extent of Fusly 1232, no remission is allowed on lands included in it, actually left waste from natural causes; and thus a demand is created the realization of which is known to the Collector to be impracticable, but which he is not authorized to forego in making his annual Settlements.

for one year

10. Adding to the Balances for these 11 years the Amount of /5983/ Five thousand Nine Hundred and eighty three Rupees above adverted to, Vide para 8 and Rupees 1810 an unrecovered balance of Tuccavy for years previous to Fusly 1240 as shewn in Statement No. 4 Accompanying, the total amount for which sanction to remit is now solicited is Rupees /2,41,479/ Two lacs Forty one thousand four Hundred and Seventy Nine.-

Remark

No. 5.

Remarks.

Column 64 The balances given under this column were entered under the Head of "Doubtful" in the account formerly submitted They belonging to remote years and continuing from the short produce of lands on which they are due are now clapsed "Irrecoverable."

Column 74 This is a balance belonging to remote years and it being considered harsh to realize it by the sale of property it is recommended for remission.

Column 75 This is a balance of House tax of which the particulars are not known regarding the several amounts payable by each in consequence of the late burnum having deserted from the District and gone (it is not known where) On the supposition that a part of it might be collected on the return of the burnum, it was formerly clapsed "Doubtful." There being no prospect of his return and the balance belonging to years far back it seems desirable to remit it.

Column 82 This balance is due by a poor Meerasdar and belongs to years far gone by, its collection by sale of land being therefore improper it must be struck out. The

Column 85 The particular lands on which this balance is due belong to Meerasdars possessed of landed property in other Villages, it was formerly clapsed as Doubtful from a hope that it might be recovered from the produce of the latter - But these being annually found too short to answer even the current years demand, and the balance under notice appertaining to a very destant period it seems proper to remit it at once.

Column 86 The lands on which this balance is due are so poor that it is expedient to strike it out of the accounts, for even the current demand of them is not likely to be satisfied by their produce from an undue estimation of which it had formerly been clapsed Doubtful.

Column 87 This is a balance which accrued from the fall of the actual rate of the selling price below the estimated one on which the settlement was concluded, a hope was entertained of its collection from a decision formerly, passed to enforce it and this was the cause why it had hitherto been retained under the Doubtful Head, but experience having proved that it is an irrecoverable one it seems expedient now to strike it altogether out of

the

Fort St. George 3rd November 1845

the accounts.

Column 88

The land on which this balance is due is much deteriorated and belongs to an intestate not forthcoming. Its produce is insufficient to meet the Sholrum Teerwah formerly levied on it. These are circumstances which render the remission of this balance unavoidably necessary.

Column 89

This is a balance against Pagoda lands. The produce of these lands, which had not been duly estimated when this balance was retained under the Doubtful Head being insufficient to meet it, it is now proper to strike it out.

Column 92

This balance accrued on Sholrum lands during the intervals of their being held under the Government attachment and their release from it must be remitted.

Column 99

This balance formed a part of those outstanding on lands on which remission as Jirsy was claimed and refused. An order for enforcing the collection having been passed it was continued in the accounts and retained up to this time under Doubtful, from an ill supposed chance of its collection. This now appearing quite impossible it seems expedient to remit it.

Column 104

This balance accrued from lapses and the hopes of its collection were entertained when it was formerly classed Doubtful it is now found to be irrecoverable.

Column 105

As this Teerwah is now collected yet its balance for past years is irrecoverable.

Order thereon.

Ordered to be brought forward at a future Meeting
Read

Fort St. George 3rd November 1845

Read again letter from the Collector of Trichinopoly dated 30th September and entered in Consultation 30th Ultimo.

Ordered that the abovementioned letter be submitted with the following address.

To

The Chief Secretary to Government

Sir

To The Chief Secy to Government.

Submitting a letter from the Collector of Trichinopoly transmitting Extracts from the retrenchments made by the Civil Auditor from the accounts of his District for Fusly 1253 and soliciting special sanction for the amount thereof Rs. 56,258-8-3.

30th Sept. to 1st Oct. 1845

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly transmitting Extracts from the retrenchments made by the Civil Auditor from the accounts of his District for Fusly 1253 and requesting the sanction of Government for the payment of the same.

2. The sum that has been retrenched by the Civil Auditor amounts in the aggregate to Rupees 56258-8-3- comprising the items noted in the Margin. From Mr. Onslow's letter now under submission it will be perceived that with the exception of the charge for a Sayer Gomastah for one Month at 17½ Rupees per Mensem rendered

Increase in English Department-	17-	8-	"

rendered necessary for the purpose of arranging the records of that Department on its abolition in March last, the other items are such as have been usually incurred.

3. The increase in the English Department is merely nominal consequent on the new arrangement adopted by the Collector for the better discharge of the duties in that part of his Establishment which as it involved no additional expense received the sanction of the Board.

To Trichinopoly 18th January 1844.

4. The disbursement of Rs. 56298-13-7 annually incurred on account of Davastanams is usual having been authorized by Government in 1815 and continued up to the present time. The sum actually paid on this account in Fusly 1253 amounts to Rupees 56,223-8-3.

Proceedings to Govt. 8th December 1844. From Dr. 3 Inclns 9th January 1845.

5. The Board beg that under the circumstances setforth above, the special sanction of Government may be granted to enable the Civil Auditor to pass the items objected to.

Proceedings thereon. Informing the Collector of Trichinopoly that

Read again letter from the Collector of Trichinopoly dated 10th entered in Cons. 30th October 1845.

It will be seen from the Collectors decision that the Defendants in this case Soobiah

that it appears to the Board that the formal dismissal of Soobiah Curnum and Poly Reddy Head inhabitant of Punnioor under a decision passed by him under Regn. IX of 1822 was unnecessary and directing that the parties be deprived of their situation for a period of 6 Months only from the Date of the original orders issued for their dismissal.

Soobiah Curnum and Poly Reddy Head Inhabitant of Punnioor were arraigned on a charge of fraudulently omitting to enter in the Public Accounts 110 Cawnies of land represented as having been actually cultivated by the Petitioners in Fusly 1253 who also asserts that the 1st Defendant furnished them with no receipts for the amount of the assessment levied upon the land in question.

In the course of the enquiry instituted by the Collector it would appear that the charges were not sufficiently borne out by the Evidence adduced to establish direct criminality on the part of the accused so as to justify the infliction of any of the penalties prescribed by the Regulation and they were accordingly acquitted of the offences preferred against them but dismissed from their respective Offices of Curnam and Head Inhabitant on the general grounds of strong suspicion attaching to their conduct.

It appears however to the Board that as the suspected parties were acquitted of the Act of malversation brought forward, after due investigation into the evidence both oral and documentary produced against them, and that as the enquiry merely left their

conduct

conduct open "to strong suspicion" that the penalty of final dismissal from their offices was unnecessary and that a temporary suspension would have been sufficient punishment. they therefore direct that the parties be deprived of their situations for a period of Six Months only from the date of the original orders issued by the Collector for their dismissal.

Ordered that the following Endorsement be passed on Petition No. 219 of 1845.

"The Petitioners are informed that the orders of the Board of Revenue relative to the allegations contained in their Petition have been communicated to the Collector."

In reply to your letter of the 6th Instant, with inclosures, I have the honor to assure you mine of the 22d Ultimo was not meant to be unbecoming: it was meant to shew my sense of the state of the season so strongly as to oblige an early notice of it, and if in trying to attain that end I have fallen into the folly of writing unbecomingly I am sorry for it.

Since

2. Since my address the unusually early commencement of the North East Monsoon with superabundant rains accompanied by most satisfactory freshes in the River, which at this place continues sufficiently but not superabundantly full, will, I trust have obliterated all means of procuring the detailed returns of Punjah cultivation that the Board require. It will also I trust, have rendered unnecessary an enquiry into the cultivation of Punjah already made, which is never desirable: but should excessive rains and floods or succeeding drought, render it desirable, I shall be prepared and consider myself armed with the Boards authority for careful enquiry into the state of all Punjah crops for the rain has fallen sufficiently early to permit of sowing the fallen Punjah lands, or resowing those the hopes of which have failed, with the coarser Punjah grains of more rapid growth, to all who have the means to take advantage of them.

From the Collr. of Tinnevelly } Stating that there appears no objection to discontinue the distinctive value at which Tobacco exported to Travancore is now rated in the Tariff Returning Petitions together with Statements required.

Sir,

Para 1. With reference to your letter of the 4th. August last and its enclosures, I have the honor to state that on enquiry it appears that the object in raising the Tariff value of Tobacco exported to Travancore, was to augment the Revenue. By doing away with the distinction now deprecated, that upon the Tobacco exported to Travancore and that grown for consumption in the District, the same object will be gained; the present 10 per cent duty will realize on the lower valuation about the same sum as before. This being the case, there appears no objection to fixing the value of the Tobacco in question, at, but not under, 50 Rupees; being the value per Candy of 1st. sort Tobacco; which is usually that supplied to Travancore.

2. A Statement shewing the quantity of Tobacco and the duty paid on exportation by land to Travancore during the last 5 years, is herewith sent;

sent; from which will be seen the result of a comparison between the Collections realized at the old rate of 5 per Cent on a valuation of Rupees 103-13-4 which was in force prior to the introduction of Act VI of 1844; and those obtained at the present rate of 10 per Cent on the assumed value of 50 Rupees per Candy, now suggested by the Board.—

3. Another Statement shewing the quantity of Tobacco imported by sea into, and exported from, this District by land to Travancore, during the last 5 years is also herewith enclosed; no Tobacco having been sent thither by sea.—

4. The Petitions received with your letter of 11th Ultimo are herewith returned.—

Ordered that the following letter be sent in reply.—

To the Pr. Coll.r of Canara —

To, The Principal Collector of Canara.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 11th Ultimo, submitting a statement for their confirmation of lands sold for the recovery of arrears due by the late Akkarry Contractor and at the same time adverting to the points in connection with the present mode of selling lands for arrears in Canara discussed in Mr. Parker's letter of the 7th May last.—

2. In reply the Board instruct me to communicate to you their confirmation of the sales reported, and their approval of the purchasers having been put in possession.—

3. In regard to the first of the points noticed by the Acting Principal Collector.

Confirming the sales of seven Cauls sold for the recovery of arrears due by the late Akkarry Contractor — stating that the Bd will not object to parties purchasing lands entering into immediate occupation of the lands knocked down to them on their executing an agreement to relinquish the same should the sale be eventually cancelled and authorising them to revert to the former practice of selling through the Tahsildars wherever such a course would be more likely to produce fair competition.—

x in Cons. 22d May 1845

Collector in his letter, viz, the inconvenience resulting from the necessity under the terms of the usual advertisement of awaiting the sanction of this office to the sale of lands before the parties purchasing them can be placed in possession, the Board direct me to state that under the circumstances represented they will not object to such persons entering into immediate occupation of the lands knocked down to them, on their executing an agreement to relinquish the same, should the sale be eventually cancelled.

4. In reference to the second point mentioned by Mr. Parker viz the disadvantage at which in most cases sales must be conducted if held at the Collectors Cutcherry, the Board authorize you to revert to the former practice of selling thro' the Tahsildar, wherever such a course would be more likely to produce fair competition, the sales of land within a reasonable distance of the station of the Principal Collector, or his subordinates being of course always conducted by those officers in person.

5. You will be pleased to modify the usual form of advertisement

advertisement for the future in accordance with the above instructions.

From the Princl Collr of Canara

Sir,

Para 1. Reports that in consequence of the deficiency in the Manufacture of Salt required for the Monopoly of Canara he has invited tenders for the supply of 1345 Garce of Bombay and Goa Salt and requests authority to make the necessary advances to the Contractors.

I have the honor to report for the information of the Board, that in consequence of the early rains in the Month of May, in the current year, the manufacture of Salt was stopped before the quantity required for the Monopoly had been prepared. Of 3482 Garce for the manufacture of which orders were issued, 2,406 Garce only were produced, leaving a deficiency of 1076 Garce.

2. I have therefore published a proclamation inviting tenders for the supply of 1345 Garce of Bombay, and Goa Salt, which will be required for the Consumption of the current year; and

To the Chief Secretary to Government.—

Submitting with reference to Para 4 of Extract Minutes of Cons. dated 11th February last letters from the several Collectors of Salt Manufacturing Districts with an Abstract Statement shewing the average quantity of Salt sold both for Home & Inland consumption for the periods from Fusly 1230 to 1237 & from 1238 to 1252 & the Amount realized by such Sales & stating that the average decrease in the Total quantity of Salt sold Annually at the Coteurs under the Madras Presidency subsequent to the Rise in price from 70 to 106 Rs per Garce in Fusly 1235 has been only 11 per Cent.—

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation dated 11th February last. Communicating the orders of Government on the Boards Proceedings relative to the Management of the Extra Sources of Revenue in the District of South Arcot for Fusly 1253.—
Fol. 0, 1812 to 44

2. In Para 4 of the Extract above en quoted, the Board are requested to call upon the Collector of South Arcot to make a special Report as to the real causes which led to the falling off in the Sales of Salt exhibited in Enclosure 8 of his Extra Revenue Settlement Report for that Fusly, as well as to obtain from the several Collectors of Salt Manufacturing Districts and submit to Government a Statement of the Sales of Salt for Home Consumption for Fusly 1230 to

to 1252. to allow of a judgment being formed as to how far the increase of price from 70 to 105 Rupees per Garce in Fusly 1238 has interfered if at all with the consumption of this necessary of life to the native population.—

3. On receipt of the orders of Government the Board called upon the Collector of South Arcot to make the necessary report, and issued a Circular to the Collectors of Maratime Districts requesting them to furnish the Statements required by Government.—

4. In Salt transactions the term Home consumption has been usually held to signify Salt was manufactured as contradistinguished from Inland consumption, Viz.t that of the adjoining Districts or territories of Native States. this distinction founded entirely upon the places for which Salt Rowannahs have been taken out by the Merchants is not one which can be regarded as accurate. Much Salt taken by the dealers ostensibly for Inland consumption being in fact disposed of within the District in which it was made, the order of Government specifying the Home Sales only, the Board's Circular of 20th. February 1845 was confined to these. From the difference observable in the Returns first

first received from the several Districts they were however led to infer that in some cases the Home and Inland Sales had both been entered in the Statement furnished in others the Home Sales only, the Board therefore called upon the Collectors to furnish them with Statements shewing separately the Sales under each head, and I am instructed to submit for the information of the Most Noble the Governor in Council the several replies received together with the State-

ments which accompanied them, also an Abstract prepared in this Office, shewing at one view the average quantity of Salt sold both for Home and Inland consumption for the periods from Fusly 1230 to 1237 and from 1238 to 1252 and the amount realized by such sales. It will be seen that since the Increase in price in Fusly 1238 from 70 to 105 Rupees the Garce, the average quantity sold Annually for Home Consumption has decreased by 2084 Garce that for Inland by 2,410 Garce. the Revenue derived from the Home Sales has however increased on the average about 5 Lacs of Rupees that

5. The report of the Collector of South Arcot upon the falling off in the sales of Salt in his District is herewith forwarded. It will be seen that in Para 2 of his letter he states it to have been the opinion of most of his Shasildars after communicating with the most respectable Ryots and Salt dealers that the falling off in the Sales is to be chiefly attributed to the greater body of the poorer ryots using rath Salt which is procurable in abundance in various parts of the District, yet in the next Para he states that altho his Predecessor issued a Circular Order to the public Servants directing them to watch and detect the sale of earth Salt wherever carried on, "no case of traffic in this description "of Salt was detected or supposed to have been carried "on to any extent." These Statements are not easily reconcileable.-

6. Mr. Davis however appears to consider that the advance in the Monopoly price of Salt in Fusly 1238 from 70 to 105 Rupees the Garee has had the effect of greatly diminishing the consumption of Marine Salt in South Arcot, and of driving the people to resort to earth Salt as a substitute.- In proof that the consumption of Salt in his District is not commensurate with its population he

Fort St. George 3d. November 1845.-

he states that there are Seven Lacs of people in the District, and that each person is supposed to require at the least one Pollam (about 1 1/10 Oz) daily or 28 lbs. per Annum.- at which rate the consumption of the District should be about 1968 Garees yearly whereas the average sale for Home Consumption from Fusly 1238 to 1252 was only 453 Garee.-

12th. in lieu 20th. March 1845.-

7. The population of South Arcot as given in the Return which accompanied the last Settlement report (for Fusly 1253) from that District was little more than Six Lacs instead of Seven as stated by the Collector and the quantity of Salt supposed to be required daily by each individual, whether Child or Adult viz. 1 Oz seems to the Board to be large.- It should be added that the total quantity assumed by the Collector as that required for the supply of the District is nearly double the average quantity sold for Home consumption when the price was at the low rate of 70 Rupees the Garee.-

Supposed quantity required	Garee. 1,968.
Average sale from 1230 to 1237	1,084.
Difference	884.

8. The Collector further urges that the quantity sold for Home consumption which at the price of 70 Rupees the Garee, averaged 1084 Garees has since the enhancement in the price been 453 Garee shewing a falling off 58 per Cent. It has been already explained that the quantity of Salt entered in the accounts of a District as sold for Home Consumption

Fort St. George 3d. November 1845.

consumption by no means necessarily represents the total quantity actually consumed within that District. Of this a striking illustration is given in the Statement of Sales in the District adjacent to South Arcot that of Chingleput, enclosed in the letter of the Acting Collector of 19th August 1845. It will there be seen that the Bonne Sales from 1239 to 1245 are entered as averaging more than 2,000 Garce - whereas from 1247 to 1252 they averaged only 230 or little more than half those of South Arcot during the same period. This difference which the price being the same during both periods cannot of course be attributed to a corresponding difference in consumption arose it can scarcely be doubted from the circumstance that the Salt dealers found it more convenient† to take out Rowannahs for distant Stations which would not prevent them from disposing of their Salt on their route - rather than for places in the District with the chance of having to procure fresh Rowannahs in the event of not finding a Market there. The same cause has most probably operated in South Arcot and in addition to this it should be remarked that the principal place of Manufacture in that District Markanum is contiguous to Chingleput in one Chingleput both ranges of pans being supplied by the same Salt therefore purchased by

It might also afford more scope to that traffic which from some instances which have been brought to their notice the Board have reason to believe to have been carried on to a considerable extent -

by the Merchants at the Chingleput Pans, as well as that brought at the Murkanum Pans for Inland consumption is sold by them in considerable quantities for the supply of the South Arcot District - In proof of this the Board would refer to the Report of the Principal Collector on the Settlement of Extra Revenue for South Arcot for Fusly 1249 28th August 1840 Para 4 in which that Officer stated that from the Rowannahs returned from the Talooks it appeared that a large quantity sold for Inland consumption as also some produced at Chingleput amounting in all to Garce 160 had been disposed of in this District during the Fusly had been larger Viz. to 180 Garce - It should be remarked that the returned Rowannahs alluded to by the Principal Collector would by no means shew the entire quantity of Salt taken at the Chingleput Pans, or at those of Murkanum as for Inland consumption and subsequently sold in the South Arcot District - the Rowannahs being delivered up in those cases only in which the total quantity covered by them has been disposed of, and not always even in those cases the delivery not being compulsory under the Regulation I of 1805.-

The effect whatever it may have been

9.

been of the increase of the Monopoly price of Salt in Fusly 1238, must be supposed to have been in some measure uniform. From the Abstract Statement accompanying this letter it will be seen that the average decrease in the total quantity of Salt sold Annually at the Cotaurs under the Madras Presidency subsequent to the rise in price, has been only 11 per Cent.— That in both Arcot a Maritime District of which nearly all the large Towns and the most populous portions, are within 50 Miles of the Salt Cotaurs the consumption should as surmised by the Collector have fallen off nearly 60 per Cent will not readily be conceived. Mr. Davis has not in the opinion of the Board succeeded in proving either the extensive use in Salt Adulterations of Earth Salt of the traffic in which he admits no instance has yet been discovered or in shewing that the increase in the price of Inferior Salt in Fusly 1238 has had that effect upon the consumption of his District which he would appear to ascribe to it.—

To enable the Government to decide on the propriety of the arrangement authorized by the Board of Revenue with respect to the Commission drawn by the Stamp Vender at the Zillah Court of Cuddapah, the Most Noble the Governor in Council requests to be informed if there is no rule laid down for general observance, and whether similar alterations have been made in other Districts —

Ordered that the following letter be submitted in reply:-

(1-2)

To The Chief Secretary to Government-

To the Chief Secy. to Government-

Stating in reply to Cons. Dr. of Cons. dated 13th Ultimo that no general rate appears to have been laid down for the purpose of regulating the proportions in which the Commission of the sale of Stamps should be distributed among the Stamp Darogahs, Court Venders, or other parties engaged in the sale, & that Bellary is the only District in which the necessity of some change in the existing arrangement has been brought to the Board's notice since the discontinuance of Stamps on Rawannahs under order of Government.

Sir,

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of an Extract Minutes of Consultation 13th October, in which, in reference to the arrangement recently sanctioned with respect to the Shares of the Stamp Commission to be drawn by the Cuddapah Stamp Darogah and Court Vender respectively, information is requested whether there is no rule laid down for general observance in such cases, and whether similar alterations have been made in other Districts.-

2 In reply I am directed to state that no general rule appears to have been laid down for the purpose of regulating the proportion in which the Commission of the sale of Stamps should be distributed among the Stamp Darogahs Court Venders or other parties engaged in the Sale. The proportions seem to have varied in different Districts, and considering the difference in the value of the Stamps sold and in the local circumstances obtaining in the several Zillahs it does not appear to the Board that it would be easy to introduce any

Fort St. George 6th November 1815

any uniform rule for general adoption.-

3. In respect to the second point to which the Government have adverted Viz.th whether alterations similar to those ordered at Cuddapah have been made elsewhere the Board beg to explain that the only case since the discontinuance of Stamps on Rawannahs under order of Government in which the necessity of some change in the existing arrangement has been brought to their notice is that of Bellary in which District the decline in the Stamp Revenue caused by the above circumstances and consequently on the Commission has been so considerable that the emoluments thereon arising are now insufficient to remunerate both a Stamp Darogah and Court Vender- and the Board have therefore referred for the opinion of the Collector whether the latter Officer might not be dispensed with, and the sale of Stamps at the station of Bellary be conducted by the Stamp Darogah only.-

Sir,

Para 1

With reference to the correspondence noted in the Margin, I have the honor to request that you will submit for the consideration and orders of the Board of Revenue the accompanying Copies of Petitions, English and Telooguo from the Nozeed Zemindar, from which it will be seen that he agrees to the conditions laid down by the Board for the release of his Estates from attachment & requests the immediate payment of Rupees 24000, and the payment of Rupees 18264-13-7½ per annum, in fusles 1255 A.D. 1845/46 and 1256 A.D. 1846/47 in addition to the current Kists of each year; whereby the principal of the arrears now due to the close of fusly 1253 A.D. 1843/44 amounting to Rupees 56,529-11-3 will be discharged by the end of fusly 1256 A.D. 1846-47.

The Zemindar concludes his Arzie by expressing his inability to pay the interest which has already accrued and will hereafter accumulate on the arrears now due, and requests that I will recommend these remissions - a similar request was made on a former occasion when the Nowinastalum Estate was released from attachment on the engagement of the Zemindar

to pay up the then outstanding arrears by annual instalments but as the Zemindar was unable to fulfil that engagement the request was not attended to. As I see no reason at present to recommend the indulgence so-licited I would suggest that I may be allowed to intimate to the Zemindar that the degree of consideration which the Board may be willing to afford to his prayer for the remission of interest will depend very much upon the punctuality with which he fulfils the conditions on which his Estates are now to be made over to him.

I most submissively beg leave to request to your honor that I have received your Enquetnamah dated 12th September last of No 77 mentioning that you have received an Extract of the Proceedings of the

the Honorable Board of Revenue shewing their opinion that they would recommend to the Honorable Governor in Council for their sanction to relieve the attachment of my Talook if I should agree to pay the sum of Twenty Thousand Rupees at present and the remaining balance Rupees 36,529-11-3 upon two years at Rupees 8264-13-7½ per year upon your informing to the Board the circumstances which were mentioned in my Petition of the 14th August last stating that I would pay Rupees 20,000 on account of the balance due upon the Zemindary of Nizeed up to the fusly 1253 as soon as an order shall have been issued by the upper authorities and the remaining balance will be paid upon three years from the commencement of this year with the Kists of those years: and that you would be pleased to obtain the sanction of the said authorities and relieve the Talook from the attachment, you are well known the cause of outstanding a great of arrears upon the other Zemindaries in this Zillah, and in that of Guntoor because the assessment and collections have been decreased by happening a great Famine, and hereafter by failing the periodical rain to fall, and by not producing the crops and the rates of the grains having been lessened

to their order: though I have lesened my charges it is impossible for me to pay the annual Peishcush and the salaries of the servants and to settle the debts already made for the purposes of discharging the circars Peisheush, and that to repay the Twenty Thousand Rupees which I promised to pay on account of the balance as soon as the sanction shall be ijoned to the debtors, because the apeejament and the collection were decreased, I will be perceived to your honor by the apeejament and collection arised in the management of the fasly of 1254. I wish for the augmentation of the favor of the Board of Revenue and of yours - As I agree to pay Rupies 20000 as soon as the sanction of the upper authorities shall be ijoned to attach the estates of the attachment and to settle equally the remaining balance Rupees 36529-11-3 upon two years from the present year with the Rists of those fasles, I would accordingly pay the said balance - I further declare that the Interest was already increased upon the said balance and more interest will be added to the time of the settlement of the arrears, I am unable to pay the sum of the Instalments and Peishcush and to spend on account of my victuals or Boothandey &c expences, and I have no means of paying the Interest also you gained a great reputation by your protecting and assisting with respect to my samastanam, I therefore earnestly entreat your honor will graciously

Sir,

the Estate placed in charge of the Zemindar

that the balance (principal) against this Estate amounted on the 21st august last to Rupees 56,529-11-3 and that the offer then made by the Zemindar was to pay Rupees 20,000 at once, and the remainder Rupees 36,529-11-3 by three instalments of 12,00 Rupees per annum commencing from July 1255 in the addition to the current Rists of each year, and he solicited that the attachment upon his property might be withdrawn on these terms and he might be allowed to re-enter upon its management.

The period proposed by the Zemindar

for discharging the balance which would remain after payment of the sum of 20,000 Rupees to be at once disbursed appeared to the Board to be too protracted but they informed the Collector that if the Zemindar after payment of the 20,000 Rupees would agree to liquidate the remainder in two equal annual instalments instead of three, they would be prepared to recommend the arrangement for the sanction of Government.

It will be observed from the Collector's

letter dated 18th ultimo that the Zemindar of Noozeed has agreed to these terms, the Board therefore beg to recommend that they may be sanctioned and that on immediate payment of Rupees 20,000 and —

execution of an agreement for the discharge of the remainder in equal portions in the Current and following Fasly he may be placed in charge of his Zemmindary.

5 The Zemindar it should be added, has further requested that the interest which has already accrued and will hereafter accumulate on his arrears may be remitted. This interest in the 17 ult.o amounted to Rupees 17,579-7-10 on this point, however the Board think with the Collector that it will be sufficient to intimate to the Zemindar that his application for remission of interest will be disposed of hereafter, but that the degree of consideration which it will eventually receive will depend much on the punctuality with which he acquits himself of the engagement into which he has now entered for payment of the principal.

Read again Proceedings of the Acting Collector of Guntoor in a case tried by him
10th May 1845 under Regulation IX 1822 in which Totah Kistnamah ameen of Chaybrole was convicted and sentenced to pay a fine of Rupees 126-11-6.-

Read again letter from Acting Collector
in Cons. 3d Nov. 1845 of Guntoor 18th October 1845 stating that Totah Kistnamah had been furnished with copy of the decision in the above case on some date about the 5th June, that no appeal Petition

Fort St. George 6th November 1845.

Petition had been presented to the Acting Collector and that the appeal time expired on the 10th August 1845.

Read also the following Petitions from
Totah Kistnamah No. 718—1391—1392.

Proceedings thereon.

In the Proceedings of the Acting Collector of Guntoor which stood at the head of the papers above recorded, Totah Kistnamah has been convicted of the 2d Class of offences particularized in Clause II. Section II. Regulation IX 1822 "in having illegally collected "from the public servants under his authority "sums Amounting to Rupees 63-5-9" and has under Clause I. Section V of that Regulation been adjudged to pay a fine of double the Amount unduly collected or Rupees 126-11-6. the date of the sentence is May 10th 1845.

2. In his Petition to the Board of 26th May last Totah Kistnamah stated that it was his intention to prefer an appeal against the above judgment as soon as he had been furnished with Copy of the Acting Collector's decision. This appeared to have been given him about the 5th June and on the 29th Idem he addressed an appeal Petition to this Office but did not as required by Clause 1. Section VI Regulation VII. 1828 forward it thro the Collector. The Petition should have been

(No. 718)

(No. 1391)

Abstract of the decision passed by the Acting Collector of Guntoor under Regulation IX of 1822 against Totah Kistnamah Ameen of Chabrole.

been at once returned to its author with instructions as to the regular mode of procedure - it was however overlooked and the appeal time has now expired, but under all the circumstances the Board will not refuse to entertain the appeal and to receive the Acting Collector's proceedings.

2. From this it appears that an accession of the Hoozoor Cutchery visiting Chaybrole an Circuit supplies to the value of Rupees 63 - 5 - 9 - were furnished to them and were not paid for. The Ameen directed a list to be made out apportioning this amount upon the Tanah servants the list was given to the Talook Shroff and the sum against each servants name deducted from his salary. The Ameen does not deny that this was done or that he sanctioned it - but states that it was customary, and pleads, that he himself derived no advantage from it.

3. The offence charged against the Ameen seems to the Board to fall rather under the 3d than the 2d Class of offences specified in Clause II Section II Regulation IX 1822 to which the Acting Collector has referred it. There seems no reason to suppose that any part of the money so improperly

improperly raised was applied to the private and personal use and profit" of Totah Kistnamah himself. The case seems more properly one of misappropriating public money - part of the sums destined by the Sircar for the payment of the Talook servants having been most culpably diverted from that purpose and applied to other objects - That the Ameen has been justly convicted there can however be no doubt - the plea of custom can never sanction such malpractices, and it was his duty to have taken due precaution that all the articles supplied to the Hoozoor establishment were paid for by those parties and not have lent himself to such a system of exaction upon his Talook servants - At the same time the Board must remark that the conduct of the Hoozoor servants in neglecting to pay for their supplies was to the full as culpable as that of the Ameen - The attention of the District authorities should be given to the repression of such irregularities for the future.

Ordered that the following endorsement be passed upon Petition No. 1391 — of 1845 -

The Board have moved the Proceedings of the Acting Collector in the matter

matter of this appeal - but they see no cause to disturb his decision -

Order thereon - Ordered that Copy of the foregoing Proceedings be transmitted to the Acting Collector of Guntoor -

To T. Pycroft Esqr
Secretary to the
Board of Revenue

Sir,

1. I have the honor to forward
Forwarding annual abstract Statements of Extra Revenue for fusly 1254-
the usual Annual Statements of Extra Revenue for fusly 1254-

2. In this branch of Revenue there is not much room for a comparison of the results of this and the preceding fusly, first because during part of fusly 1253 the five † articles mentioned in the margin were subject to duty, but the tax was abolished before the commencement of fusly 1254, secondly the frontier Chowkie not having been established till the 1st of December 1843, duty was levied for 7½ Months only in fusly 1253, but for the whole twelve Months in the year under review, and lastly because in consequence of instructions* from the Board the rate of duty on some articles was reduced in fusly 1254 below what it was in 1253. The accompanying Statement marked C will however exhibit the Collections for the broken period of fusly 1253 in comparison with the corresponding period for fusly 1254, & again the results for the broken period of the former fusly in comparison with the whole of fusly 1254- Taking the two years from the 1st of December for the sake of comparison there are in the Imports only four articles on which the total

Tobacco.

total collection exceed 100 Rupees, and in them there is an increase in the Import duty on cloths to the amount of 330 Rupees, a decrease on Opium of 81 Rupees, and a decrease on articles for dyeing (cherunjee and koosoomba) of 422 Rupees. The reason generally assigned for the decrease in the latter is the disturbed state of the Gudwal Country consequent on the murder of the Rajah last year, but as this reason would equally apply to other articles and also to Exports, the most likely cause is that being imported chiefly for home consumption the supply in the previous year was more than was required and so the demand in the current year was proportionably less- In the Exports following the same comparison, there is an increase on almost every article, but principally on cloth, Grain and Indigo- The cloths that are exported are almost all of a common description, and are the manufacture of the Country- The Sayer collections from the Bungangully in excess of the 7,000 Rupees allowed as compensation to the Nawab were 1,267 more than last year-

July 1253- 2270

3. Under this head there is a decrease of 7,960 Rs- which I can only attribute to the rents of the previous year being too high, and the common opinion that the Principal Renter sustained considerable

loss. There was a balance at the end of the Fusly of Rupees 8,658 which has subsequently been reduced to Rupees 1927 and that or the greater part of it will shortly be collected. The whole of the balances for Fusly 1253 have been paid up-

Small Farms & Licenses-

4. These consist of two items only, Vizt Gardens and fruit bearing trees and diamond Mines. The latter are of very small importance, the whole rent amounting only to Rupees 445 they yield a few of the stones, but small and of inferior water and bad colour-

5. Under the former head there is a balance of Rupees 203. of which the greater part will be collected, but it has been necessary to allow a little indulgence this year in the Collections on this account, as there was a general scarcity of fruit and the renters of these petty farms are very rarely men of any substance-

Motunpha

6. In this Branch of Revenue there is an increase in the demand of 2263. and in the collection of 3733 Rupees above last year- The increase is not on one or two particular items, but is very general and is partly owing to the increase

of

of traffic and partly to the assessment of a few people who had hither to surreptitiously avoided taxation -

8. It was my intention to have reported on this occasion on the old balances, but I found the written explanations of the Amildars so unsatisfactory and the Extra Sources of Revenue in fusly 1250 were so mixed up with each other and require so much investigation that I am compelled to postpone my report till I am able to make a personal enquiry in each talook during the progress of the Summa= =bundy for fusly 1258=

Balances of fusly 1253 -

9. On account of fusly 1253 there is a balance of 800-15-2, of this 22-10-10 is on account of persons deceased, 180-11-8. on account of persons who have left the Country and 125-13-6. is owing by persons who have no means of praying - There is likewise a sum of 98-14 in one talook on account of "Chellagosla" or the tax on sheep This amount I ordered to be suspended after an investigation into certain com= =plaints of over assessment, and as the com= =plaints appear to me to have been well founded, I consider that the amount should be remitted -

10. A balance appears against the Indigo Dyers in one Talook of 200 [illegible] -4- - This was the original amount at which the tax

tax was fixed in the Talook but from infor= =tion I received I was led to believe that it was much lower than it ought to be, it was accord= =ingly revised in the Huzzoor, and the revised a= =mount was communicated to the Talook Authorities, but by a misconception of the order they imagined that the revised was in addition to the original amount in= =stead of the latter being included in the former. The mistake was not discovered until the whole had been included in the Lyen Summa, and having once been in= =cluded, it could not be taken out with= =out the sanction of the Board which is now requested -

11. A balance in the same way appears against the Butchers of Kurnool of 101-11-11. They were assessed in the at so much for the whole year, but finding after a few months that it was more than they could pay, the tax was changed into a fixed rate for every animal that was slaughtered, which occasioned the difference substituted above - an item of 18-2- is against a shepowner for the tax on sheep who having changed his residence from one Talook to another was assessed in both, and I directed the collection of this sum to be suspended and consider that it ought to be remitted. A balance of 10-8 is against seven persons in one Village who having expressed an intention of cultivating some Lands, I directed the collection to be suspended as it is not usual for the cultivators of the soil to pay Moturpha. In one Village there is an item of 2 Rupees collected as house tax - but erro= =neously carried to the head of Enamity in the account -

12. The sum total of all these items amounts to 960-11-1. which for the reasons above detailed, I consider to be irrecoverable and I request to have the permission of the Board to write them off -

To T. Pycroft Esqr

Secretary to the
Board of Revenue
Fort St George

Sir, In reply to your letter of the 25th August and 27th ultimo, I have the honor to inform you, that there do not appear to me to be any taxes of a vexatious and objectionable nature in this Collectorate included under the head of "small Farms" except those pointed out in Mr Freese's letter of the 30th November 1843.

From the Asst Collr of Chinglepat —

(21)

2. I may though at this time to observe that there are some items of petty taxation in this District similar to those prevailing at Ramnaad but these have been collected under the head of "Motorpoke" and their abolition was recommended by me in my report on that branch of the Revenue dated the 3rd July last.

Read again letter from the Collector of Salem dated 12th august and entered in Consultation 30th Ultimo.-

Ordered that the following letter be sent in reply.-

25

To, The Collector of Salem.

To the Coll.r of Salem.-

Requesting him to forward copy of his Rookumnamah Rowlenamah in English and Maratta revised according to the last instructions sent to him stating in regard to the lands in the Village of Moottoo Kallyputty referred to in his letter of the 12th ult. that the late Coll.r's order for collecting Ryotwar assessment of 3 years to the Board's to have been correct and directing that it may continue in force.-

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 12th August last suggesting that certain lands in the Moottoo Kallyputty Village of the Raizpoor Taloork of your District be henceforth charged in the Croppoo Punjah mistul Teerwah according to rule 22d of the sanctioned Hookumnamah.-

2. In reply the Board instruct me to inform you that they have referred to the rule of the Hookumnamah which you have mentioned and they find a mistake to have occurred in a part of its provisions which it will be necessary to point out to you in detail

3d Rule 22d of the revised Rookimnamah originally

15024 Fort St. George 6th November 1845

originally submitted by the Principal Collector on the 28th June 1842. ran thus.-

No difference must be made either of increase or decrease in the terms of assessment as fixed at the Pymash settlement, but in the event of the case of means for irrigating Punjah land either by the dilapidation of Tanks or otherwise preventing the Cultivation of Punjah produce the Tahsildar having examined the lands, will report the circumstance to the Ruzzoor, and should it be necessary, these lands may be given out on Poonjah tenure liable to the highest Poonjah assessment in the Village - of however an offer should be made by any Ryot to cultivate these lands on the original punjah assessment, the circumstance shall be made known to the

Puttahdar

Fort St. George 6th November 1845.

Puttahdar if he agree to the same terms the lands may remain in his possession - if not they may be made over to the party offering to pay the original assessment On these lands should the Ryots at their own expense dig wells and Cultivate either Bagayet or Kunjah the lands will remain to the Original assessment and be subject to the general provisions of the Cowle Kooruma=namah &c &c &c the rule then passes on to another subject.-

4. In their proceedings of 10th April 1843. Para 11 the Board offer=ed generally if the amended Rule 22 but observed that the stipu=lation in favour of an offer to take Kunjah Lands deprived of

Fort St. George 6th November 1845

of irrigation at the old Old Kunjah rates seemed unnecessary because unlikely to be made - In the alterations in the Kooruma=namah submitted by you on the 10th August 1843. the part of the rule above objected to as unnecessary was only slightly modified and not omitted as the Board intended it should have been - The rule as far as quot=ed in the last Para was reproduced nearly in the same terms as it originally stood in Mr Gleig's Kooruma=namah of the 28th June 1842 - except that in the last clause instead of the land being made to revert to its original assessment if cultivated with Kunjah or Bagayet it was declared liable to Mujool Teerwah - an alteration for which no sanction had been given by the Board and which was never contemplated.-

X 4th Septr 1843

5.- In the remarks of the Board on these alterations they directed that the assessment on the wet lands converted into Dry referred to in Rule 22 instead of being the highest Poonjah rate in the Village should be that of the nearest Poonjah land similarly situated as Mu==jool Teerwah but on the remaining provisions they omitted to remark Hence

the

Fort St. George 6th November 1845.-

the rule as it appears in the revised Hookumnamah forwarded by you on the 3d November 1843- is defective in two particulars. It contains the second clause / taking a sharul Moochilkah- to the second paragraph which it was the intention of the Board should have been omitted- this however is not of much importance and it provides that munjah land cultivated as Poonjah shall on reverting to munjah cultivation be charged with Mifsul Seerwah instead of with its own Munjah assessments. No Hookumnamah or Cowlenamah received from Salem since the despatch of the Board's letter of 8th February 1844 in which certain modifications of those submitted on the 3d of the preceding November were ordered to be made- The Board now request that Copy of your Hookumnamah and Cowlenamah in English and Marattee revised according to the last instructions sent to you, may be forwarded to their Office.-

8th February 1844

6. In regard to the Moottookully putty lands referred to in your letter the Board direct me to observe that when from deficiency of water Munjah land is cultivated as

Fort St. George 6th November 1845

a Poonjah it becomes necessary to fix upon it a Poonjah Mifsul Seerwah the land having no Poonjah Assessment of its own but when the same land whether by means of private wells or otherwise becomes again cultivated with Munjah it should revert to its original Munjah Assessment- To rule otherwise would be to grant an indulgence which the Board see no reason to concede and might open the door to abuse- especially in a Village like Moottookully putty in which a considerable extent of Munjah land is now under Tank irrigation- under these circumstances the order for collecting Fysul assessment given by the late Principal Collector in 1251 appears to the Board to have been correct and they direct that it may continue in force.-

To, W. C. Lockhart Esqre

Sir,

I have the honor to inform you that one Mootoo Gungadara Iyen and four other Bramins of the Village of Cannoor Putty in the Vamkul Talook obtained Pottahs for 24-13 assessed at Rupees 8- on Cowle in Fusly 1250, and in the present year have claimed the Lookawassy remission amounting to Rupees 14 - 10 - 3, agreeably to the Loolockit which was given them when the land was first taken up, engaging to allow Lookawassy in accordance with Section 43. of the old Kookumnamah, but the Village in question being an Agraharum held on Ardamanem Tenure, and the Bramins having shares in the half of the Village appropriated to the Bramins, I am of opinion that such

Fort St. George 6th November 1845

such remission should not be allowed, and request you will be good enough to submit the point to the Board of Revenue.-

2.- I think the Bramins in this case might be entitled to the remission under the general rule. I consider it would be opposed to the principle on which such Agraharum Villages were settled, to permit any of the persons whose share was originally fixed at one half of the Village, to obtain afterwards a further alienation of the Assessment on the half reserved to Government.-

Salem.

Sir,

With reference to your letter of the 18th Instant, regarding the Lookawassy to be granted to one Mootoo Gungadara Iyen, and four other Bramins of the Village of Cannoor Putty in the Vamkul Talook. I do not think a reference to the Board of Revenue necessary as

15031 Fort St. George 6th November 1845

as it appears the Cowle was granted to these individuals in July 1250, when the old Kookumnamah, as well as a circular Order issued in July 1246, authorize the grant of Sookawasy. If the above individuals have carried on the cultivation of the Cowle land in question, by their own Ploughs, Cattle &c., without giving it on Varoeum &c. tenure, to other Ryots, they are in my opinion entitled to Sookawasy under the above rules and orders, which do not distinguish the qualities of Lands but allow them of Sookawasy, for the Lands in general when cultivated by Braminis or Mussulmen.

Sir

I have the honor to acknowledge the receipt of your letter dated 30th Ultimo informing me in reply to my letter of the 18th Idem, that you do not think a reference to the Board of Revenue necessary in the case of the Braminis of Cunnorputty.-

I have

15032 Fort St. George 6th November 1845

2.- I do the Kookumniamah as you observe, does not provide that Sookawasy should not be granted in such cases, I beg again to express a wish that the question should be submitted, as I think it one of some importance, and imagine that the object has never yet been brought to the attention of the Board.-

3.- As the measure is calculated to throw the waste lands of both halves of the Villages into the hands of the more favoured caste, if the Braminis in an Agraharam Village are allowed any further advantages in the lands included in the remaining half of the Village, I think it may be urged as a further objection that such a privilege occasions an injury to the other inhabitants to whom the remaining lands were allotted, as well as a greater alienation of the Revenue in favour of persons already provided for than the Government could have intended.-

To, The Collector of Salem,

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 15th Ultimo submitting Copy of the correspondence which has passed between yourself and the sub Collector regarding "Soo Kawajay" and requesting instructions on the subject.

2. In reply the Board instruct me to inform you that if the Brahmins mentioned by Mr. Bratt held no lands except agraharum Lands, they are not entitled to the benefit of Sookawajay on the Cowle lands granted to them in Fasly 1250 - at the expiration of the Cowle term neither Para 43 of the old, nor Para 42 of the new Hookoomnamah can be considered applicable to parties whose sole cultivation consists of lands held on agraharums, or similar favorable tenure.

3. The granting of Cowle to the Cannoo Pulty agraharmdars if they held non arnany lands was irregular and opposed to the spirit of Rule 1st of the former Cowlenamah. The terms of the first rule in the revised Cowlenamah are however so explicit on this point that the Board do not apprehend a recurrence of the mistake.

To, J. Pycroft Esqr.

Secretary to the Board of Revenue Fort St. George,

(28)

From the Coll. of South Arcot, Para 1. 28th Nov. 1844.

Sir,

With reference to the Board's Proceedings, I have the honor to report the death on the 29th Ultimo, of the Mootahdar Venkatapatty Reddy. From the accompanying Statement, it will be seen that a balance of Rupees 9484-1-1. is still due to Government by the late Mootahdar, out of which amount Rupees 5,474-10-2 is owing to him by the Ryots.

2. Under these circumstances, I have the honor to forward for the sanction of the Board, the usual advertisement for the sale of the Vanamadavy Estate.

3. The deceased proprietor has left a Son by name Narrain Reddy 7½ years old with other relations, but the Estate being largely indebted to Government which the latter do not appear inclined to discharge, it does not seem advisable that the Estate should be placed under the orders of the Court of Wards according to the provisions of Regulation V of 1804.

Returning Petition No.691 of 1845 with required explanation of its merits-

Sir,

In explanation of petition No.691 of 1845, herewith returned, I have the honor to submit the Manieum of 9b 6/7/16 Goodies of Poonjah land, taxed at Rupees 67-3-6 to which Petitioner lays claim as inserted in my Office copy of the Survey accounts of fusly 1213 as Brumma thayem (or subsistence allowance) in the name of petitioner's father, Veeata Sobien, whilst on the contrary it is entered as Chattram Manieum in the Accounts of the Talook for the same fusly-

Ord.

2. On a question to which this difference of entries gave rise the Manium was after full investigation declared the family property of the petitioner, in August 1832 by the then Collector Mr. Vivash, with the stipulation that any surplus, after defraying petitioner's domestic charges, should be appropriated for distribution of rice to travellers. This part of the order was, as was to be expected, utterly neglected till on a complaint to me, of the 27th January 1841 by one Ramasawmy Iyen, I, after investigation, and reference to the General Register of Maniums of fusly 1223 ordered its assumption and appropriation to the charity under a Shushtheeka or fixed daily expenditure, prepared with reference to the average income of 5 years, on the ground of its being there entered as Chattram Manium. But under the circumstances of petitioners enjoyment as his own right from fusly 1213 to 1250 exclusive of any part of its income being appropriated to the charity, I leave the matter for the Board's consideration and orders.

Proceedings

Proceedings thereon.

31-32

The Principal Collector is requested to afford some further explanation in regard to the grounds on which his predecessor would appear to have proceeded in treating the Manium referred to by the Petitioner as a family Manium and in respect to the reasons which actuated himself in considering it as a Charity Manium and in assuming and appropriating it under a Tusdeek. The relative degree of value which should be attached to the Woozoor Survey accounts the Talook accounts and the General Register of Enams respectively should also be stated and any collateral circumstances mentioned calculated to clear up the doubt in regard to the object for which the Enam was originally conferred. Should the Petitioner be in possession of any Sunnud or other document connected with the Manneum it should be forwarded to the Board. The Principal Collector will also please to explain what are the average proceeds of the Enam whether since its assumption 1841 there has been any surplus above the Tusdeek fixed for the Choultry and on such case in what manner it has been disposed of. Also whether Bremadayem Manneums have usually been considered hereditary in his District and what are the Petitioner's means of support apart from the Manneum.

From the Pr. Coll.r of
Madura

Sir

I have the honor to return Petition

15041 Fort St. George 6th November 1845.

Petition No. 559 of 1845 from the Tobacco renter of fusly 1253 of Syumpully claiming indemnity for loss by reason of abolition of the Sayer duties before expiration of the fusly, and beg to inform you that in consequence of the late period at which it was preferred in April to the Board, and forwarded to me in July, and the realization of the Government demand, it has been suffered improperly to be neglected in my Office, instead of being immediately forwarded to the Sub Collector under an inconsiderate expectation that the party would follow it up by producing his accounts before hereafter for.

2. The unsatisfactory result to come to from the palpably false accounts with which renters similarly situated in my Division, as laid before the Board, sought to support their claim, induced me to recommend that no further notice be taken of this man's complaint till based on apparently strong grounds.

Madura 14th October 1845. } (Signed) J. Blackburne
Pro. Collector.

Proceedings thereon, The Board request that the Principal Collector will communicate with the Petitioner and allow him some short period of time not exceeding 15 or 20 days, within which to establish his alleged amount of loss and the compensation to which he considers himself entitled. If within that space of time Petitioner does not prefer such fair and moderate claim as the Principal Collector would feel himself authorized in admitting it will not be necessary to notice the application further, and Petitioner may be left to seek his own remedy.

To J. Sycroft Esqr.
Secretary to the
Board of Revenue
Fort St. George.

(35)

From the Coll. of Six, Para. With reference to the concluding para of my letter of the 13th June 1845. and to letters of 21st April and 15th September 1845 on the Singampully Estate, I deem it best at once to submit the two following similar cases and request the orders of the Board thereon.

Vizia Gopala Coolapa Naiga-

Submitting for Board's orders two other Cases similar to that of Singampully reported on, under date the 21st April and 15th Septr. 1845.

2. The zemindar of Sundyoor died without issue, his 2 surviving Widows Ettakummall and Kistnummal jointly succeeded to the Estate, the latter died on the 15th October 1842 and the former claims both the moiety of the Estate which the deceased enjoyed, and also requests that the Daughter of the 1st Wife by name Gopalakistna Ammall may be considered heir to the Estate after her death.

3. The 3 points on which the Board's order are requested are therefore, 1st whether the half share lapsed by the death of Kistnummal is to go to the Surviver

Survivor Ettakummal or fall in to Govern-
=ment, 2ndly whether the Survivor Ettakummal
having up to this time no son or heirs, shall
be allowed to adopt one now for the purpose
of making him her successor, and 3rdly if
so allowed, whether the adopted heir would
succeed to the half share only or the whole
It appears to me inexpedient to admit
any such late adoption, it would open
the door to fraud and be a bad pre-
=cedent. It is but too often an extreme
expedient, resorted to, when others fail, to
perpetuate some benefit or Endowment
to a line or individual, foreign to and
unconnected with the Original Family.
a result not probably intended by
Government and which needs to be guarded
against as illegally alienating the resources
of Government.

4. The Zemindar Vizianagaloo Ralapa
Naig lived 50 years without having or
naming any heir. None has been thought
of or proposed since his death, now 24
years. The late Zemindar was not
the legal heir or rightful owner of
the zemindary, his Father Rungasawmy
Naig

Naig obtained possession from the real
possessor Gopaulsawmy Naig on a Razee-
=namah in suit No. 402 of 1806 of the Ma-
=dura Zillah Court, and he Vizianagaloo Rala-
=pah Naig held it 11 years and died
without a will he married 3 Wives,
the first Bomachee Ummal died in 1817,
leaving as it appears one Daughter Gopa-
=lakistna Ummal, the 2d & 3d Wives
Ettakummal and Kistnummal held
the Estate jointly and agreed to rent
it out in 1840 for a terme of 8 years to
one Appal Naicker of Gettiapooram,
he paying the Peishcush 3,850 Rupees due
from the Estate to Government, and
giving them yearly besides 400 Chuckrums
which was subsequently reduced to 50 Chuck-
=rums, it thus continued till 15th October
1842, when the 3d Wife Kistnummal died.

5. From every enquiry practicable,
it appears that Gopalakistnummal
now aged 30 and married to the Ze-
=mindar of Sappatoor is the legitimate
Daughter of the late Vizianagaloo Rala-
=pah Naickeo. She was 8 years old at his
death, but up to this time has never
preferred any claim for her right-
=s which

which though so long dormant, would
yet appear a true one - at least as far
as 39 years possession by her Grand Father
and her Father and step Mother can
make it good; neither he, nor conse-
-quently she, or the 2 Wives Ettakenn-
-mal and Kistnummal, being, as above
observed, rightful heirs, but only in
long Enjoyment and erroneous though
undisputed possession.

6. I would therefore recommend
that Gopala Kistnummal the Daughter
be allowed the portion / half / 25 Chuck-
-rums or Rupees 53 per Year, now vacant
by the death of Kistnummal her
Mother; to enjoy it, and also Ettakenn-
-mal her share, for their lives: and
at their death that the Estate having
clearly passed out of the rightful
line, should revert to Government if
not; it will probably fall eventually into
the hands of the Vettiapooram Family
having no title whatever to it, and
being already well off - In propo-
-sing this arrangement I would beg to r of
the Board's attention to the fac
no claims having been ever set up

for or by the Daughter Gopala Kistnummal,
during a period of 24 years - her claims
being now discovered and brought forward
for the first time, on her behalf, from
my Office, and that she is perfectly
satisfied with the arrangement now
proposed, it being in fact more than
she ever herself asked or expected.

Cadamboor. 7. Coomarasawmy Talaven was
the Original Zemindar of Cadamboor. he
died in Jail as a Prisoner for cutting off
the ears of a dependant, his Brother
Sumbooly Pandia Talaven succeeded on
his Brothers death, Coomarasawmys
Daughter Gonnatheemootoo Talavachee
held the zemindary, and on her death,
her Mother in Coomarasawmys Wife
Tanganamachear became Zemindar.
while in possession of the Estate,
she was sued by the 1st Widow of
the Brother Sumbooly Pandia Talaven
who left 2 widows Ramootalavachee
and Mootoo Talavachee. The Sadr Court
decreed the Estate in favor of the
1st Widow Ramootalavachee, recognizing the
2d Widow Mootoo Talavachee as her
successor. Ramootalavachee was placed in

in the Estate in March 1838 she died on the 12th June 1842 leaving no issue. Her death was reported to the Board on the 11th July 1842 recommending the 2d Widow or her Sister Mootootalavachee as her successor. On the 28th July 1842 the Board ordered Mootootalavachee to be put in possession and she accordingly continues as Zemindar. she has no issue and there is no legal claimant Male or female after her death. the Estate therefore would escheat to Govern[illegible]. The annual Peishcush of Cadamboor is 3850 Rupees, and there is no balance outstanding against it. It is desirable these 2 Cases should have the decision of the Board, in case of their falling suddenly vacant, like Singumputty, and a Claim being then preferred by some party nominated at the moment and for the occasion, not previously thought of.

Ordered that the following letter be sent in reply.

(35-36)

To the Collr of Sinnevelly - - - -

Informing him in reference to his letter of the 30th September last that it does not appear to the Board that the intention of the Revenue authorities from the present called for in regard to the Sendgoor Zemindary & stating that no order can be given in the Cadamboor Zemindary Case.

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 30th September bringing to their notice the circumstances of the Sendgoor and Cadamboor Zemindaries in your District.

2. The Zemindar of Sandgoor, Vezziagopaulacoolapa Naick died, it appears, 24 years ago leaving two Widows Ettakunnumal and Kistnunnumal, and a Daughter Gopalakistnunnumal by a wife who died in his life time. The two widows succeeded jointly to the estate and in the year 1840 leased it for a term of 8 years to one Appeal Naick of Yettiapooram who was to pay the Peishcush (3850 Rupees) and make the widows a yearly allowance. Kistnunnumal died 15th October 1842 and Ettakunnumal now asserts her right to the whole estate and requests that her step Daughter Gopalakistnunnumal may be considered heir to it after her death. you therefore request instructions.

1st whether the half share lapsed by

possible be strictly confined to the line of original grantees. The proprietors of the permanently assessed estates contemplated in Regulations XXV. 1802 are by section VIII of that Regulation at full liberty to transfer without the previous consent of Government or of any other authority, to whomever they may think proper by sale, gift, or otherwise their proprietary right in the whole or any part of their Zemindaries. There can be no doubt that the transfer of an estate under a Razeenamah filed in Court would confer a perfectly Valid title and such as the Courts would uphold. such transfers are of frequent occurrence in the Northern Circars.

6. Under these circumstances the intervention of the revenue authorities does not for the present seem called for in regard to the sundry on zemindary. Ettakummal & her step daughter who appear to be on good terms may be left to settle with the renter of the estate during the remainder of his lease & on its close to make their own arrangements for the future management of the property. On the death of either the circumstances of the estate may again be brought to the notice of the Board.

Cadamboor J. This estate is held by one

Mootoolawaden who succeeded to it in July 1842 in virtue of a decision of the Sudr Court. no orders can be given in this case. It must be reported when a lapse occurs.

From the Pl. Collr of Coimbatore — Sir,

Requests sanction for the dismissal of Gunapathy Pillay Tahsildar & Head of Police of Coimbatore & enclosures Copy of Rec. of J. M. in explanation of the Case thereof.

With reference to the Circular Orders of Government noted in the margin, I have the honor to request the sanction of the Board for the dismissal of T. Gunapathy Pillay from the Office of Tahsildar and Head of Police of Coimbatore.

2. He was relieved from his situation on the 8th August last and subsequently committed for trial before the Criminal Court on a charge of "abuse of authority" under instructions from the F. M. of the 2d of that month conveyed to me in a Precept from the Sessions Judge of Coimbatore. He has been convicted before that Tribunal and finally sentenced by the Court of Foujdary Adalut

to

15053. Fort St. George 6th November 1845

to two years imprisonment, with hard labour in irons, and banishment, to the Jail at Chittoor.-

3.- The Pay of the Office of Tahsildar should be disbursed to Coolsyana Moodelly from the 15th of September last from which date he has conducted the duties of Tahsildar. the amount profits of the intermediate days being carried to the credit of Government.-

4.- It is fair to Gunaputty Pillay to report that in a revenue point of view the Talook never showed such profitable results as under his management- and it is to be regretted that his Labours as Tahsildar should have become valueless by violence and intrigue in his Police Capacity

5.- No. having been furnished with copy of Precept from the F. U. awarding the said sentence, I am unable to furnish any further explanation- a copy of the Proceedings of that Court dated 2nd August last, is transmitted herewith which will shew the nature of the charge against Gunaputty Pillay.-

Principal Coll.r

Extract

15054 Fort St. George 6th November 1845-

Extract from the Proceedings of the Foujdary Udalut under date the 2nd August 1845-

Read Return dated 16th Ultimo from the Session Judge of Coimbatore, to the Precept of the Foujdary Udalut of the 25th June last directing him to examine into the several allegations made by the Principal Sadr Ameen in his remarks in Case No. 43 of 1845 on the Criminal File against the Official conduct of Ganaputty Pillay, the Head of Police of Coimbatore and to recommend his dismissal from Office if he should consider such a step to be necessary.-

1. The Session Judge having called for all the Proceedings connected with the case referred to above, as well as the Proceedings connected with case No. 59 of 1845 disposed of in June by the Principal Sadr Ameen, and in which fresh instances of contempt of orders irregularity and abuse of authority have been brought forward, classifies the charges against Ganaputty Pillay under the following 4 heads.-

1st. The conduct of "this Officer" in respect "to the case of Iyaloo Naick No. 43 of 1845 on the Criminal File."-

2nd "His conduct in the case of Mohavoot "Rungaraike disposed of by the Assistant Magistrate of

"of Coimbatore."—

3d "The numerous instances of abuse of "authority exercised by him towards the Residents "in the Talook as shewn by the orders of the "magistrate and the records of the Court."

4th His "conduct" in the case of "Framjee Nesserwanjee No 59 of 1845 on the Criminal File."—

2. With reference to the 1st charge the Sessions Judge observes that it is impossible to peruse the Proceedings in the case without being impressed with an opinion that the charge against Sylloo Naik was got up by the Head of Police to ruin an individual who had come under his displeasure, and he concurs with the magistrate in thinking that the case has been made up from motives solely of malevolence and not on public grounds.

3. As respects the 2d charge the Session Judge considers the maltreatment of Mahvoot Runga naik fully proved against the Head of Police, and he cannot see that there are circumstances in the case which may recommend some favorable consideration on the contrary the deliberate manner in which the Police Officer directed the Mohavoot to be tied up and flogged apparently without any provocation and in the presence of numerous spectators would fully merit the Police Officers being sent

sent to the Criminal Court in lieu of the fine of 50 Rupees imposed by the Assistant magistrate.—

4. The 3rd Charge is not in the opinion of the Session Judge fully proved, and as regards the fourth, he records that if the Head of Police did not intend to mislead his superior by gross misrepresentations his Proceedings evince gross neglect of the common orders of the Foujdary Udalut in the several instances brought forward in the case by the Principal Sudr Ameen.—

5. Ganaputty Pillay being therefore convicted of oppression vindictive conduct in his Official Capacity, and gross neglect of the common orders of the Foujdary Udalut, the Session Judge recommends that he be removed from his Office of Head of Police and declared incompetent to serve again in any situation where the duties of a Police Officer are exercised, but having shewn himself to be an active and able Officer in his revenue duties, the Session Judge does not recommend his unqualified dismissal from the Public service tho he considers the nature of the acts he has been guilty of with inattention to the common rules laid down for the guidance of Police Officers not only in the present instances but in other cases sent up to the Court, and his general

general character for hastiness which the Sessions Judge cannot profess to be ignorant of renders it imperative that he should not be allowed to continue to exercise authority where Police matters are concerned.—

6. The Sessions Judge concludes his report by expressing his regret that many of the observations of the Principal Sudr Ameen in the cases under review were allowed to be recorded.—

7. The Court do not perceive in the Proceedings of the Principal Sudr Ameen any reason whatever to find fault with that Officer. on the contrary he is to be praised for the manliness and independence of character which led him to make his remarks freely and in this way to obtain the removal from the Public service of a man whose conduct has brought the utmost disgrace upon it. The Sessions Judge in leaving it open to employ Gunaputty pillay in any line in the Public Service after such admissions of guilt appears to have overlooked the nature of the offences which he deems that individual to have committed, offences which as already particularized will call in the estimation of the Judges for his disqualification dismissal from the Public service if called convicted by the Court of Sessions.—

ing

8. It does not appear necessary to enter on the minor charges of neglect &c. which have fallen under the notice of the mans superior.— the two first charges noted in the 1st para of this proceeding are sufficient on which to act, and leave no course open to the Court but that of ordering the Head of Police to be sent to the Criminal Court in view to his trial before the Sessions Judge.— The first offence calls for condign punishment, and how the Sessions Judge should have been led to recommend the retention of such a man on the public in any capacity cannot be reconciled with the least propriety.—

9. The Sessions Judge will issue the necessary instructions to the Magistrate to bring Ganaputty Pillay to trial on the 1st and 2nd Charges, and will in submitting the final report forward a descriptive Roll of the nature laid down in Circular Order No 63, for transmission to Government in view to the publication in the Official Gazette of Ganapatys disqualification for employment in any situation under Government.

Ordered that Extract from these Proceedings be forwarded to the Sessions Judge of Coimbatore for his information by Precept returnable in 30 days from and after its receipt.—

6. In 1253 1843/44, 1/12th of the pay of the temporary Establishment kept up for the protection of the Salt and Abkarry revenues was debited to the Salt revenue from June to 11th July, whereas, in the succeeding year, it was so debited for the whole July, in addition to 3/12ths of the expense of the Hoozoor Establishment, which proportion was charged against it in the previous year only from April to 11th July, and are the causes of the Increase in charges No 1 referred to above.

7. The Decrease in No 2 is owing to Cudewarum having been paid in 1253 1843/44 on Garces 2,683-264-0, whereas in 1254 1844/45 payment was made on Garces 2,647-398-4 only.

8. The increase in No 3 has arisen from certain arrears of Compensation for the suppression of Salt manufacture having been paid in 1254 1844/45 in addition to the usual charges under this head.

9. Advances for the Manufacture of Salt were not made to the same extent in 1254 1844/45 as in the previous year, and is the cause of the Decrease in No 4.

10. The Decrease in No 5 needs no remark.

11. The Increase in No 6 is owing to

to Garces 1,482-23-3/12 having been shipped for exportation to Calcutta in 1254/1844/45; whereas, in the previous year, the quantity was Garces 239-168-5/12 only, and the charges for Boat hire &c on the former were inconsequence greater.

12- The Increase in No 7 does not require any remark.

13 After deducting the charges, the Nett Salt revenue of Fusly 1254/1844/45 is Rupees 1,30,111-15-11, exceeding the like revenue of Fusly 1253/1843/44 by Rupees 1,0,972-1-6.

15- The Demand of the Current Abkarry revenue for Fusly 1254/1844/45 was Rupees 60,1160-2-10, the whole of which was collected within the year together with certain arrears due for Fusly 1253/1843/44 &c Rupees 723-"-8. Adding to the actual Collections Rupees 60,1883-3-6 the various items of Extra revenue entered in the Margin the aggregate amount of the Abkarry revenue of 1254/1844/45 is raised to Rupees 60,3138-6-10 falling short of the Collections of 1253/1843/44 by Rupees 5,222-3-11.

16 The particulars of the Out turn of the two Fusleys which are exhibited in the Margin will shew that there has been a considerable Decrease in the revenue on Putta Arrack Rupees 9,330-11-1 when for some Months before

before the expiration of the Fusly. I perceived that this branch of the Abkarry was sustaining a gradual diminuation. I made every exertion to trace out the cause, but without success- By repeated verbal and written orders I called attention to it of those upon the Establishment whose special duty it was to bring to my notice any irregularity which I could check, but they as repeatedly, assured me that they could discover none, and yet several of the shops were being relinquished from the sale being less than the Dowle, until I considered it proper to make an alteration in the Establishment by the appointment of an active public servant in the English account ants Department to take charge of the Abkarry he having previously afforded me satisfactory proof of his industry and qualifications-

17 He did not disappoint my expectations, for he soon found out the cause of the deterioration of revenue, in as much as it was shewn, to my entire satisfaction that it was owing to the Jaggery supplied for the distillation of Putta arrack being of a very inferior quality which produced a weak spirit and by no means such as was usually sold at the Licensed shops

shops- Many of those who were accustomed to drink it refused, in consequence, to buy any, and resorted to places where European Spirits were being sold clandestinely- The inferior quality of Arrack was clearly ascertained by the Proof in use at this Office, and I, therefore, though late in the year, cancelled the Agreement entered into by the Jaggery Contractor, and gave the Contract to another- The Abkarry superintendent now visits the Distillery, two or three times in a week to prevent abuse and brings occasionally a muster of the newly distilled arrack to the Moozoot Cutcherry, for examination-

18 The Decrease on Batavia arrack, Rupees 893-10-4 is Comparatively trifling, the revenue of 1253 (1843/44) having been Rupees 8212-13-5 in excess of that of the previous year, and Rupees 27,388-0-3/4 in excess of the average of 10 years revenue It does not, therefore, call for any particular remark-

19 The increase on Toddy, Rupees 4,478-0-8, is wholly attributable to the arrangements referred to in my letter to you under date the 25th. June last No. 53- The Increase in 1253 (1843/44) was Rupees 29,116-4-3, whilst the revenue of that year compared with the average of 10 years gives an Increase of Rupees 43930-8-7- The Increase in

in 1254/1844/45 Rupees 4478-8-2 is thus a further addition to those sums respectively; but under an efficient management the Toddy revenue ought not to fall short of the actual Collections of 1253 in an Ordinary year.-

20 It will be observed that by the Increase on Toddy &c., the actual Decrease in the Ordinary Abkarry revenue is reduced to Rupees 1,981-9-8 but including the Extra revenue, the Decrease is as shewn in Para 18 above Rupees 5,222-3-11.-

21. The entries in respect to the Collections of the Abkarry Revenue for Fusly 1254/1844/45 correspond with those in the Statements of Demand Collection and Balance, with the exception of the several items of Extra revenue, the whole of which are included in the sum of Rupees 12,55-3-4, in Column 13 of Statement No. 1-

22- The charges of the Abkarry Department are as follows.-

	Fs. 1253/1843/44	Fs. 1254/1844/45
1 Pay to the Servants	Rs. 19,552-11-8	21,659-6-8

5 Proportion of General Extra charges	1-15-5	112-2-9
	68,280-12-3	77,137-4-2

23- The Increase in No. 1 has arisen from causes similar to those referred to in Para 6 above, the proportion of the pay of the temporary Establishment charged to this head being 2/3 and that of the Hoozoor Establishment 5/12 as in 1253/1843/44.

24. The Decrease in Nos 2 4 and Increase in No. 5 do not call for any particular explanation.-

25- The Increase in No. 3 is chiefly owing to the price paid for Jaggery for the distillation of Putta arrack having been higher in 1254/1844/45 than in the previous year, and to the cost price of Batavia arrack supplied by the Commissariat having been raised in the year under review from annas 8-1 to annas 8-9½ per Gallon.-

26- After deducting the charges the Net Abkarry Revenue is Rupees 5,26,001-2-8 falling short of the like revenue of 1253

27- In the Ordinary receipts under this head there is an Increase of Rupees 176-13-11 from a greater number of weights and measures requiring the prescribed stamp on payment of the regulated amount of duty, having

having been adjusted in $\frac{1254}{1844/45}$ than in the previous year. The addition of certain Extra revenue raises the Collections of 1254 to Rupees 11,804-3-8 exceeding those of 1253 by Rupees 180-11-9.

28. The Ordinary revenue corresponds with the entry in the Statements of Demand, Collection, and Balance. The sum of Rupees 19-11-11 is separately entered in Col 13 of Statement No 1.

29. The charges are as follows.

3 Proportion of General Extra charges	" " "	22-7-2
	1,670-4-5	2659-12-7

30. The Increase in No 1 is owing to the proportion of the pay of the Hoozoor Establishment, Viz^t 1/12^th having been debited to this head in $\frac{1253}{1844/45}$ only from 1st April to 11th July, whereas in $\frac{1254}{1844/45}$ it was so debited for the whole year.

Fasly 1253 ——— Rs 33773-1-8

Decrease 1688-7-5

33. The Decrease is owing to a smaller quantity of Fire wood and shells having been imported in $\frac{1254}{1844/45}$ than in the previous year. During some months in the Fasly when there were rumours that the cholera was very prevalent here, some of those who are engaged in the trade were unwilling to return to Madras from the Villages in which they reside, and the revenue has in consequence sustained a diminution.

34. The Ordinary revenue corresponds with the entry in the Statements of Demand Collection and Balance.

36. The explanation in Para 30 applies equally to the Increase in No 1.

37. The Increase in No 2 & 4 needs no remark.

38. The Increase in No 3 was

occasioned

occasioned by repairs to the Canal having been executed to a larger extent in 1254 (1844/45) than in the previous year.

39. After deducting the charges the Nett revenue is Rupees 12961-2-8, falling short of the like revenue of 1253 by Rupees 2869-10-11. The per centage of charges in 1253 was 53 2/100, and in 1254, 59 38/100.

40. In the revenue under this head, there is a Decrease of Rupees 1197-8-0. The sale of Stamps does not depend upon the exertions of any Establishment, but in the year under review the decrease has arisen from the entire discontinuance of the sale of Stampt rowanahs for the conveyance of Country Goods to the interior, under the operation of Act No. VI of 1844.
