Sir,

To the Collector of Rajahmundry

(1-2)

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 31st October last No. 124 furnishing a statement of the Collection of duty on Goods passing across the Nizams frontier for Fuslies 1253 and 1254.—

2. It is observed that no Charges are entered for Fusly 1253 and that the amount given under this head for Fusly 1254 is only Rupees-9-11-5- This would appear to be Sadarwared only- You will therefore be pleased to furnish a revised Statement exhibiting the total Charges of Collection including the Establishment maintained at the frontier Chowkies for both Fuslies 1253 and 1254 and the proportion of the Huzzoor Charges referrible to the above Chowkies and which would be saved in the event of their abolition.—.

3. The Board will hope to receive the revised Statement now called for without loss of time much delay having already occurred.—.

To

Lieutenant Colonel C. A. Browne

Secretary to Government, Military Department

Sir

I have the honor to acknowledge Extract from Minutes of Consultation of the 9th Instant No. 3966 and am directed by His Excellency the Commander in Chief to recommend to the Most Noble the Governor in Council that the suggestion

Contained

15098 Fort St. George 10th November 1845.—

Contained in the letter from C. B. Thomas Esquire No. 148 dated 18th July 1845, should be carried out.—.

2 Besides the great advantage to the Men at all times, the Movement of a Regiment stationed by itself at such a place as Palamcottah would on a sudden emergency be greatly dependent upon its Bazar, if that is in an efficient state well supplied with respectable shopkeepers and other registered men interested in following the Corps there can be no doubt that very great facility would be afforded to it or its Detachments marching in any direction on the shortest notice.—.

3. Whether a few Men more or less be registered at stations where regiments are stationed singly can never perceptibly affect the revenue of the Country, but as every Regiment will vary in the Numbers of its Bazarmen a scrutiny carried on by Revenue Officers to ascertain whether a fixed number is exceeded may lead to unpleasant feeling and collision between authorities for which a trifle gained here and there by payment of Moturpha would ill compensate.—.

4. His Excellency therefore is of opinion that Mr. Thomas's view is the best that

Can

can be taken of the subject, and should any Commanding Officer allow his Regimental Bazar to be occupied by people residing there merely to avoid taxation, the Commander in Chief considers that such a case should be disposed of according to its merits when brought to notice by the Collector of the District and that the less liability there is afforded for misunderstanding or collision upon what is probably more important to Regimental than any other Authorities will be most for the good of the public service.—

Submitting with reference to Ord. and Minutes Cons. 12th August last.

Para 1 I am directed by the Board of Revenue to acknowledge the receipt of an

a Letter from the Collector of Nellore stating that the Yeomiah enjoyed by the late Hafiz Syed Coodooratoollah was a Service and not a Charitable Yeomiah and recommending that it may be continued to his Son on the Conditions mentioned in Para 3 of the Boards' letter of the 10th July last.

Ord. 28th August 1845

12th in Cons. 25th Septr. 1845.

an Extract Minutes of Consultation 12th august last calling for explanation on certain differences observable between the List of Yeomiahdars in the Nellore District dated 28th August 1804 - and the Statement of the same submitted 23d November 1812 - as regards the Conditions of the Yeomiahs enjoyed by the late Hafiz Syed Coodooratoollah requiring information also as to the difference between the Amount entered in this latter Statement and that actually enjoyed by the deceased -

2. In reply I am directed to forward the accompanying letter from the Collector of Nellore from which it will be seen that many of the Yeomiahs entered in the original List of 1804 as "Charitable Grants" as was that of Hafiz Syed Coodooratullah were subsequently on the preparation of a revised List in 1812 entered as "Service". The latter List appears to have been much more correct than the former and to have been made out in accordance with the Sunnuds granted to the Yeomiahdars - Mr. Bishop has also forwarded Copy with translation of the Purwanah under which the Yeomiah of Hafiz Syed Coodooratoollah is held, the original having been transmitted to the Board in 1804 from which it will be seen that the Yeomiah in question was a "Service" and

Vide letter from Nellore 14th October in Cons. 10th November 1845.

and not a charitable Yeomiah.

3 In regard to the difference remarked upon by Government between the amount of the original grant to two individuals S. Pagodas 5.40.15 and the sum received by the late Yeomiahdar 15 Rupees per Mensem. the Collector explains that the original allowance was Rupees 26-4 per Mensem and as will be seen from the Purwannah was divided as follows

Hafiz Syed Coodoorattallah	16	Rupees	per Mensem
Syed Goolam Emam	3	as 12	Do.
Syed Yaud Ali	5	10	Do.
Lamp Oil			Do.
	26	4.	

In the enquiry of 1812 Syed Yaud Ali did not attend, and the allowance drawn by the two other parties amounting with that for Lamp Oil to Pagodas 5-40-15 or Rupees 20-10 was entered in the Statement No. 2 sent with the Collector's letter of 20th October 1812. the share of the deceased Hafiz Syed Coodoorattoallah being as before Rupees 15 per Mensem.

In Cons. 24th Octr. 1812

4. The Board are at present engaged in arranging their Persian records but from the imperfect means at their command the work will require some time. They have not yet been able to find the original Purwanah above referred to transmitted

transmitted to this office in 1804 but they have not thought it necessary to delay the transmission of this letter in consequence as the Copy now submitted is attested by the signature of Mr. Travers Collector of Nellore who in forwarding this among the other Purwannahs which accompanied his letter of the 28th August of that year stated that the whole of them appeared to be authentic.

In Cons. 20th Septr. 1804.

The Board therefore beg to recommend that the Yeomiah enjoyed by Hafiz Syed Coodoorattallah may be continued to his son on the Conditions mentioned in Para 3 of my letter of the 10th July last.

5. The Board direct me to add that it will be seen from Para 5 of the Collector's letter of 12th September now under transmission that the principle recommended by the Board in their letter to Government 23d November 1812 has been followed out.

To T. Pycroft Esqre.
Secretary to the Board of Revenue.

Sir,

From the Commissioner in Tinnivel — I The Board having in their Proceedings on my report on the Settlement of the Bungaw: =pully Jaghire for fusly 1252 expressed a desire to be informed to what extent the debts of the Jaghiredar had been paid off, and the probable time that would elapse before the whole amount was discharged, I have the honor in reporting upon the results of the quinquennial rent during the two fuslies 1253 and 1254 to supply the infor: =mation called for.

Reporting on the Revenue Settlement and the quinquennial rent for fusly 1254 of the Bungaw: =pilly Jaghire.

44

2. Two indifferent, not to say bad, seasons have proved an unfortunate trial to the commencement of the rent. The renters have met with great difficulties from the accumulated causes of short Crops, low prices, and great destruction of Cattle from disease. To account for low prices attending deficient Crops is what I have long been endeavouring to do without success, were it confined

confined to a small tract of country, the cause might be accounted for in a partial local deficiency supplied from the superabundance of neighbouring Districts, but I believe that in the neighbouring Districts also the very same complaint exists. It is an enigma that I must confess I am unable to solve, though I believe it to arise partly from a scarcity of money and partly from the quantity of grain, the produce of former years, which is still stored in the country. It is true that these low prices of grain affect the price of all other articles, though not in the same degree and after all, the wants of the great body of the Cultivators on whom in fact the real burden of taxation falls, are so few, that what advantage they may again in purchasing, by no means compensates for what they lose in selling.

3. The Balances in this Jaghire for the last seven years are out of all proportion to the Rent, and must of course be in part attributed to other causes than those abovementioned, they are a fair argument that the land was assessed higher than it could bear, but the want of a survey makes it impossible to say with certainty that such is the case, and no doubt the want of some such guide to the real capabilities of the Country has operated to prevent the grant of

what

what might have been most legitimate and necessary remissions. The quinquennial rent, grow on the collections of formers years was certainly calculated in a great measure to remedy this defect and it has only been defeated, except in a few cases where the remissness of the late Amildar (since dec has been to blame, by the natural obstacles ex= =plained above. as it is the balances for the last

The Superintendan of the Jaghire for the last two fuslies has been under my assistant captain Newbold, than whom no one can be more indefatigable, and it is to be regretted that the ill health which obliged him to leave India last april, has prevented him from writing a re which from his visits to the Jaghire and his habits of investigation and enquiry would no doubt have contained some valuable inform= =tion as to its actual condition.

Three

Three Villages, the property of Rowmuc ali khan, rented last year came under Amany this. It appeared that the renter and the Jaghiredar, entered into some private arrangement between themselves, out of which subsequently arose a misunderstanding, the result of which was that both parties requested that the rent might be cancelled, and as Rowmuc ali khan's debts are all discharged, and the continuance of the rent in opposition to the wishes of the interested parties could only be productive of constant discord and trouble, it was obviously the best thing to accede to their desire. It entailed however a loss on the Jaghiredar of 1230 Rupees, the Cultivation of the land being much retarded by the dispute. Besides this there was a decrease in the Vellavari of other Amany Villages of 862 Rupees 9-2- principally on wet lands Cultivated last year but left waste this, on account of the failure of water in the tanks.

An unusual number of orders regarding a variety of subjects have remained undisposed of in the Talook some of them for many months and the balance of revenue for the past Fasly.— notwithstanding the wishes repeatedly expressed by me that he would be punctual in its realization, and although that Talook is one of the most lightly assessed in the District amounted according to his last report to Rupees 7.538-15-8, a larger sum than the aggregate amount of the balances in all the other Talooks of the District. The Jahsildar having in direct opposition to my orders moreover entered into arrangements with

with the reasons for postponing the final Settlement to the end of the present year. These grounds would perhaps have been sufficient to justify the Tahsildar's removal to an inferior situation, but I am unwilling to adopt a measure of so much severity if it can be avoided.

3 I have placed the Tahsildar in charge of Seeneevas row lately Assistant there in the Cavetungy or Zemindary with some Delegate to assist him but purpose retaining him in the office only so long as may be necessary to enable him to settle the balances of revenue and bring up such of the other arrears of business as appear of most importance and afterwards reinstating the Tahsildar Butcha Row in the hope that this may prove a sufficient warning to him to be less negligent in the discharge of his duties in future.

In this Village in Fusly
Letter from Asst. Collr. 12th Decr. 1843 in Cons. 8th Augt. 1844 - 1252 the Agraharumdars after payment
of two Kists only fell into arrear - the
Village was attached and at the close of
the Fusly the balance amounted to Rupees
935-4-6. The Agraharumdars subsequently
requested that they might be allowed to pay
up this balance with the Kist of 1253 and
within that Fusly and were told that their
request would be
acceded to in the event
of their furnishing sufficient security. This
however they were unable or unwilling to
do and the Village consequently remained
under attachment. On 4th May 1844 or towards
the close of Fusly 1253, a further notice was
sent to the Agraharumdars but without
effect - the Village continued under Annua-
=ny management and even at that dis-
=advantage realized 216-13-6 above the quit
rent the surplus was carried to account for the arrear
of the preceding year. The balance of Fusly
1254 was Rupees 729-8-6 thus the
total arrears outstanding against
the Village at the close of the

last Fusly amounted to Rupees 1430-7-7 or
nearly a whole year's full Quit rent.

The Village of Teroomalaiyanaya-
=samoodrum was attached on the 22d April 1843
for an arrear of Rupees 628 the Agraharumdars up to
that period of the Fusly (1252) that is when more
than 3/4ths of it had elapsed having discharged no part of
the Government demand for the year, although they had
made considerable collections from their under tenants.
The total balance now outstanding for Fusly 1252 is Rupees
881-4-11. In Fusly 1253 forty of the forty nine share-
=holders among whom the Village is divided offered to cultivate
their own shares bearing a Jodigy of Rupees 1846-3-1 or more
than two thirds of the whole quit rent of the Village and
to pay also the full balance outstanding against the
Agraharum for the previous year. The arrangement
was acceded to by the Sub Collector for that year as a
temporary expedient and the parties put in possession.
The terms however were not kept - the share holders did not
discharge the balance of Fusly 1252 nor did they make
good half of their engagement for Fusly 1253. In Fusly 1254
the measure of granting the lands in separate shares being
considered objectionable an attempt was made to procure
the cultivation of the lands on the survey or Fyaul Teerwah
but in consequence of the high rate of this assessment
the greater part of the land was left waste. The
arrears to the close of last Fusly amount as per Mar-
=ginal Statement to Rupees 3020-11-8 or upwards
of two years quit rent.

The arrears which have accrued upon both these Villages have not been caused by the pressure of the public demand upon them. The quit rent of Camalapooram only 5/16 of the fixed Sayaut Assessment is evidently very light and although the Fysul Teerwah of the Tiromalanamasamoodrum lands or the Assessment imposed upon them at the time of the survey be high - the Jodjee or tax actually payable by the Agraharumdars which is only 12/16 of that Assessment is moderate. The default in both Villages seems to result from the same cause Viz.t from an attempt on the part of the Agraharumdars to break up the original tenure on which their Villages were conferred and to hold them in shares, each holder being responsible for his own share only a measure inconsistent with the terms on which agraharums, Shotrums and other Villages on easy rates are held, and the result of which would be that the shares in which there was preponderance of inferior land would be thrown up and those only containing the more valuable soils would be retained at the agraharum or favorable rate of Teerwah.

On the 31st January 1843 the Government sanctioned the incorporation of two of the Salem agraharums Viz.t Appasamoodrum and Abimanum with the Government lands of the District for the same contumacious neglect to satisfy the public dues as has marked the conduct of the holders of the Villages now-

now under consideration, and as the Agraharumdars of Camalapooram and Tiromalanamasamoodrum have had ample warning that a similar result would attend their obstinacy and have failed to come to any satisfactory terms the Board beg to solicit the sanction of Government that these Villages also may be incorporated with the Sir lands of the Salem District.

A

Answer proposed to be filed by the Defendant W. E. Lockhart Esqre Collector to suit filed in the Subordinate Court in O.S. No. 71 of 1845.

The Plaintiff instituted this Suit against the Collector to get his decision passed on the 16th June 1845 cancelled also claiming Poonjah land measuring Acres 10-18-8 bearing Teeruah 35-13-4 and yielding a Malwarum share of 50 Rupees and a Well valued at 80 Rupees begging also

also that the fine of 20 Rupees which was imposed on him, on account of the loss sustained by the Cicear may be returned. Although the Plaintiff obtained too look it from the Cicear to cultivate the lands situated in the bed of the Tank attached to Puttanum Village the inhabitants of the Village having complained at the time of settlement in Fusly 1842, that in the Monsoon the earth was washed into and filled the Tank so as to cause a deficiency of water for their Kunjah Cultivation, the late Principal Collector not only strictly ordered them personally not to meddle with the land any more, but also issued a Takeed to the Tahsildar on the 22d April of the said year, prohibiting the Complainant from meddling with the said land; which was duly communicated to him by the Tahsildar, notwithstanding this it was again represented, during the time of the next settlement, that the said Individual had cultivated it contrary to orders. The Sub Collector in charge ordered him on the 3d Feby 1843, not to have any further interference with it and that if he again acted contrary to orders he would be punished, these remarks were entered in the Jummah Settlement book, and the Tahsildar Sooba now fined for having allowed the Complainant to dig a well in the bed of the

Tank

Fort St. George 10th November 1845.

Tank. On the 19th July 1843 the Acting Principal Collector published an Istyar that no Ryots throughout the District should undertake to cultivate lands of this description and that should there be any under cultivation they should be relinquished even after this, the Complainant having cultivated the said land, the late Principal Collector sent for him in June 1844, and told him personally not to cultivate it any longer but that he may retain it, if he liked for grazing his Cattle on and sent a Takeed to the Tahsildar of the Talook to that effect which was also communicated to him. In consequence of his having continued to cultivate it without regard to the several orders given him at different times to the injury of the Tank, constructed by the Cicear at a great expense he was punished by a fine of 20 Rupees, [the loss sustained by the Cicear] agreeably to Section XI Regulation V of 1822, and was strictly forbidden to interfere with the land in dispute. The Complainant argues that he obtained a Puttah in each year for the land in question since he was ordered not to cultivate it, but it having been brought to notice during the Settlement his having cultivated it in opposition to the Cicear Orders, the usual puttah was granted to him, in order to enforce the Collection of Revenue

in the Cultivated lands, which does not annul the Circar orders to him. After the order and Istyar had been promulgated, those individuals who were in the habit of cultivating land situated in beds of Tanks relinquished them, and to quote a case in point, one Kolava Lingapen of the same Village, as the complainant, having cultivated in a similar manner, in the bed of a Tank, contrary to orders the late Principal Collector passed orders on the 6th July 1844. that he should pay 50 Rupees for the loss sustained by the Circar, the money was collected and the land taken by the Circar. The Complainant disputing the legality of the fine imposed on him filed this frivalous suit, but the Collector submit it cannot be sustained the land in the bed of Tanks, is considered as Village Poramboke and not to be cultivated by the Ryots. though the cultivation of the land in question, might have been overlooked for a long time, still as it is contrary to express orders and the custom of the District, it should be given up whenever it is objected to by the Circar. The Collector requests the Court will send for the Istyars and the Takeed issued to the Complainant for his having first passed against the Circar orders

orders and the decision passed regarding him personally during the time of Settlement, and on their perusal to reject the case without further enquiry, as also to cause him to pay the costs incurred by the Defendant.

Translation of an Appeal Plaint filed in the Subordinate Court of the Tillah of Salem by Chellumba Gounden, Son of Chinna Gounden of Vautar Caste residing in the Village of Puttanium in the Rageapoor Talook, against W. E. Lockhart Esqre Collector of Salem.

I entered this Appeal Suit to establish my right to certain Spots of Mulch-gary Poonjah land, consisting of Acres 10-18-8 bearing Teervah Rupees 35-13-0 and yielding a profit of Rupees 50 per Annum and a well therein situated value Rupees 80 and to annul the decision passed by the Respondent on the 16th June 1845 depriving me of the said land and directing me to pay a loss of Rupees 20 to the Circar. In Fusly 1241, I entered a Durkhast for 2 Spots of land in the Puttanium Village Viz. No. 85 called Vellanaury Poolloo-poonjah in the bed of a Tank consisting of Acres 10-0-7 bearing Teervah Rupees 34-4-7

and No. 163 Poonjah of the same description consisting of Acres 1 — 38 — 1 bearing Peeravah Rupees 1 — 8 — 9 and obtained Pootoochit from the Tahsildar on the 7th. Inny of the Year Current when I laid out a considerable sum of money in levelling and cleaning the ground and constructing a well by permission of the Circar. The lands in question were in my possession and enjoyment for a period of 15 years, during which time puttahs were granted to me without any objection whatever, while so, the Respondent now passed an illegal decision, preventing me from cultivating the said lands, in consequence of its proving injurious to the Bank, and filling Government, and directing me at the same time to pay a fine of 20 Rupees to the Circar owing to my having cultivated the lands in question against orders - No one ever prevented me from cultivating the said lands - If orders were actually given to prevent the Cultivation in Fusly 1242 and 43, puttahs would not have been subsequently issued in my name for those Fushes, to enable me to carry on my cultivation and reap and benefit - this should be well considered by the Court. It is not mentioned in the Pootoochit or in the Puttahs.

Fort St. George 10th November 1845.

Puttahs granted, either in the Moochalka obtained from me, as alluded to in the decision, that I should quit the lands in question whenever they may be required by the Circar, but on the contrary it is stated in the Pootoochit granted to me that I should be bound to pay Peeravah on the land in question, whether they be cultivated or left waste - By virtue of the documents I possess I ventured to spend a considerable sum of money to make them fit for cultivation, and there is no just reason why I should forfeit them - The Respondent stated that the lands in question are of the discription of Puttum poramboke of the Village, and that they are not to be classed as arable lands, but I could not conceive, how such lands could have been granted first to me for cultivation and by what motive - Under any circumstance — there is no reason, that I should sustain a loss - When the Circar met with a loss by my cultivating the lands in question, how did they permit me to do so, for the last 15 Years, or how can the loss, after 15 years, recently arise, the Court should take this into consideration - The Village Curnum and myself are not on terms, owing to which

the

the above decision has been passed. From the reasons herein shewn there is sufficient ground to annul the decision passed by the Respondent. I therefore implore that the Court will after taking into mature consideration, all the circumstances attending the Case, annul the above decision, and establish my right to the lands and well and relieve me from paying any thing to the Circar.

Ellyen Curnum of the Village of Vellalagoondrum No. 1. Surjahpoor Streenevasa Row, Tahsildar of Salem 2. W.B. Lockhart Esqre Collector in the Zillah of Salem 3.

I institute this Suit for obtaining a decree to pay the legal teerwah on my putent land Rupees 36-11-9 instead of submitting to the payment of an additional teerwah Rupees 32-6-8 fixed on them recently and to obtain a puttah for my paying only the Maumool teerwah. high assessment now 23 years, I tendered a due kist agreeably to the rules of the Bookummah and Cowlenamah and obtained them for cultivation on Standard Cowle tenure and ever since continued enjoying them without any interruption by paying the Cowle teerwah and obtaining receipts to that effect annually. The former Collector Mr. M.D. Cockburn and his Head Assistant Mr Davis published by Estearnamah that all Moonasub Cowle teerwah shall be considered as standard, which order or indulgence is still in force throughout this Zillah, while so, the 1st Defendant through the disagreement that exists between him and myself on account of the Curnum Meerasy misrepresented the case to the Tahsildar regarding the above spots in my holding and the Tahsildar without making enquiry entered full teerwah in the Dittum account as well as in that of putent and without according to

to the Maunigar usage) taking my signature to the Dittum account prepared a Puttah of Full Teerwah and told me to receive it at the settlement of Fusly 1253 by the late Principal Collector. I refused to receive it when the enquiry was made by the 2d Defendant by orders of that Gentleman and proved that the spots in question were not liable to full teerwah the Puttah was therefore sent to the 3d Defendant the Collector, who, without any enquiry issued orders to Collect full teerwah and the 2d Defendant thereupon sent me a notice on the 26th August last in which the balance shewn on all the spots above mentioned is Rupees 69-2-5 I therefore request that a decree may be passed for granting me Puttah for paying only the Cowle teerwah.

13th September 1845 — Signed Teertagherry Iyen.

Answer proposed to be filed by W. Cockburn Esqre the 3d Defendant in the Suit on the file of the Subordinate Court of Salem in O.S. No. 72 of 1845 by Teertagherry Iyen the Complainant against 9 Pelleyan &c. Defendants.

This suit is filed by the Complainant to have Rupees 32-6-8 struck off from the fixed assessment of his lands Rupees 69-2-5 and to obtain puttah for Rupees 36-11-9. the Statement of the Complainant is incorrect. Mr. Cockburn granted Cowles for the

Fort St. George 10th November 1845

the occupation of lands at various deserretionary rates below the Survey Assessment and gave them to certain ryots to cultivate and the indulgence of remission in like manner was granted to the complainant for the lands in question. The Board, with reference to the Wootrumma established in Fusly 1243 directing that the remission should be continued until further orders in their proceedings of the 11th May 1837 sent instructions that if the individual who obtained Cowle lands be living and retain the same in his possession the indulgence of remission should be continued, and that it should not be continued after the death of the original holder of the puttah, or if the lands were possessed by others in any way. In conformity to which order an enquiry was made throughout the District and the lands were brought under the original Survey Assessment by Annulling the remission except to such original grantees as were living and in possession of them and paid the reduced assessment punctually.

During the time of Settlement in Fusly 1253 it was brought to the notice of the late Principal Collector that the numbers of lands mentioned in the complaint and obtained on Moonasib Cowle were mortgaged for 70 Rupees by the Complainant in Fusly 1248 to one Vallahgoondum Ardanary chetty, the latter mortgaged the land No. 106 to Ory apadyachy for 15 Rupees and No. 334 to Palany gounden for Rupees 30 and No. 65 and

Fort St. George 10th November 1845

and 68 to Voodyanacotty ally for 25 Rupees and retaining No. 333 in his possession. These individuals acknowledged in their deposition on the 13th June 1844 their possession of the lands by mortgage, and that they had paid the Coule Teerwah to the Circar and the Moonegar of the Village named Soobba-raya Padyachy also deposed that the said individuals also paid to him the Circar demand for the lands in their possession consequently full assessment was fixed on the lands. As the complainant refused to receive his puttah it was delivered to the Tahsildar with orders to collect the full teerwah from him. It was further discovered in the said Talook that lands bearing teerwah Rupees 136-5-7 were held upon remission and paying to the Circar only Rupees 82-5-2 the remaining sum of Rupees 54-0-5 were shared individually among them, of which Complainants share was Rupees 32-6-8 and of Raumen Ryots were Rupees 21-9-9. The latter Ryots agreed to pay the increased teerwah which they regularly pay every year. The accounts in which these remarks were written and signed by W. Gleig can be produced, whilst the Complainant acted contrary to the rules laid down in the 29th Para of the Hookumnamah of Fusly 1284 his filing this suit is groundless. The 3d Defendant being therefore the Court to send for the said Document connected with the case and after inspecting them to reject the suit without further enquiry and order the complainant to pay the costs incurred by the Defendant. The 1st and 2d Defendants having acted according to the Circar order there is no necessity for them to file an answer.

and the late Mootahdar was largely in arrear even on that part of his estate which was cultivated by himself. The deceased proprietor and his sub tenants were long on bad terms and as in the opinion of the Collector there is little prospect of the Government balance being discharged he advises that in place of the estate being taken under the Court of Wards for the benefit of the son of the deceased a Minor of 7½ years old it may be brought to once to sale for the arrears which accrued during the life time of the late proprietor. The Board concur in the step taken by the Collector and I am therefore directed to request the authority of Government for the sale.

Sir,

From Sir H.G. Montgomery Bart. Collector of Tanjore -- } Para 1.

Submitting the settlement report for Fusly 1254 together with the usual Accounts and the Report of the Sub-Collectors.

I have the honor to submit the usual Accounts of the Settlement of this District for Fusly 1254.

2. The season commenced favorably for Wet cultivation. The early North East Monsoon rains failed and serious apprehensions of considerable loss from the drought in September, October and November were only relieved by a timely fall about the 20th December. This was however followed on the 31st of that Month by a Storm which injured the standing Crops of wet grain and destroyed the little of the Dry grain in ear that had been reared through the previous drought. The season on the whole may be said to have been tolerably good for paddy cultivation depending on river irrigation, but very bad for Dry crops and for all Wet dependent on the falling rains. The Pattroottoh Talook the Coudarumbum lands of Shivandy, Sitrapoondy and Manargoody suffered most; and large remissions were necessary in them as well as in Punnellum, Kewalore and Sheally which from their position are more affected by continued deficiency of the supply of River water than other inland Talooks.

3. The usual Statements regarding the effects of the Calloroon Annicuts & their subsidiary works are submitted the one inclusive and the other exclusive of Fusly 1246.

7. The first five remain in Fusly 1254 the same as in Fusly 1253.

Woolungoo Rented 8 Twenty four Woolungoo rented Villages in Fusly 1253 reverted to Aumany in Fusly 1254. One formerly classed as Woolungoo, but

but which though under that Settlement nominally had for several years past been entitled from short produce to remission it was thought better to transfer to the Head of "Board Rent" and one under aumany in Fusly 1253 was received under Woolungoo:

The number of Aumany Villages has been reduced from 86 to 61- one having been transferred to the Head of Woolungoo and 53 to the one year's rent introduced under the instructions of the Board, five having been received from the latter mentioned class, and 24 from Woolungoo rented The net reduction it will be satisfactory to the Board to observe is thus made 25.-

Aumany- 9.

Board rented- 10. In Fusly 1253 ninety nine Villages stood under the Head of Board's rents- Of these 99.94 remain under the same Head in Fusly 1254. Five have reverted to Aumany; Fifty three others have been received from the same Head, and one from Woolungoo as explained above, thus making the total of Villages brought under this class in Fusly 1254- 148, or 49 in excess of the previous Fusly.*

*Vide para 8

11. In obedience to the directions of the Board exertions were made to effect the rents of these Villages early in the

Cultivating

Cultivating season and none were entered into immediately preceding the time of harvest. — Endeavours were also made to obtain strictly money rents: but these only partially succeeded, the number of Villages so rented amounting only to 25. As explained in my letter of the 16th April last it was not till late in the last Fusly understood that the instructions of the Board with regard to the renting this class of Villages were confined to money rents only. It was supposed that a grain rent convertible into money at the selling prices of the year was equally open for acceptance and on these terms the remaining 123 Villages classed under the Head of Board's rents were rented in Fusly 1254.

No. It has been necessary to allow remissions in 82 Villages being 38 less than the number of the year preceding - The greater portion of these Villages it will be observed are field assessed - In the first four classes of Villages named in the following Statement giving particulars of the remission granted, the Crops were estimated and cut under the Superintendence of the Government Servants, and only where the outturn fell short of 70 per Cent of the Standard remission was obtained, the actual outturn converted at the average Prices of the Season being the Demand. In the field assessed Villages remission was confined to the striking off from the demand land left waste and unproductive from the failure of water.

Statement of Villages in the Collectorate of Chingleput for which remission was granted in Fasly 1254 corresponding with December 1845

16 The large remission in the Talook of Trivady, 27 Rupees exceepted is entirely confined to field assessed Villages whose Punjah cultivation does not depend on River irrigation- The want of rain here was severely felt and besides remissions exhibited in the above Statement Rupees 9,814 were remitted from the Demand for Poonjah land left uncultivated by the absence of rain- These remissions as also those in Puttoocottah where for similar reasons 626 Rupees were allowed on Poonjah, were made after a most rigid and careful examination of the lands, Superintended in the Trivady Talook by myself, and I feel confident that only such as the nature of the season and the condition of the people demanded have been obtained.-

Remission on Poonjah Candarumbum lands left waste.

27. The addition of a new Head to Statement C requires explanation. The Meerassee warum here brought to account and amounting to Rupees 233 is from the lands of 31 Meerassee dars who neglecting their cultivation demanded remission and refused to cut their Crops of 548 Meerassee dars the holders of land in the same Village where these 31 demanded remission 517 conformed to the terms of their Woolungoo rents. There was nothing peculiar in the circumstances of the lands of the 31 recusants to cause them to be less productive than the lands of their neighbours. and having satisfied myself that their losses being attributable to their own neglect and not the effects of the season did not entitle them to the remission they claimed, but at the same time knowing that their loss was too great to allow of my resorting to rigorous denial of all remission, I adopted the course of bringing to account the whole of their Meerassee Soondoowarum thus affording an example which will produce the salutary effect of proving to the cultivators that they cannot be allowed to reap Profits from lands which they have wilfully neglected to till, with the view of unduly obtaining the remission to which, according to their agreement, unavoidable drought or inundation can alone give them claims. The following Statement gives the details of this Amount-

No. 12.

To, Sir W. C. Montgomery Bart.
Collector of
Tanjore.

Sir,

Para 1. I have the honor to submit the annual Summabundy report of the Sub Division under my charge for the Fusly 1254 - A.D. 1844/45.

2. The Commencement of the Cultivation season proved favorable both on account of the opportune freshes in the River and moderate showers. The first or Cadup Car Crops promised from the beginning to yield very satisfactory profits & but the subsequent absence of rain at a critical time Viz. just previous to the harvesting of this crop tended greatly to disappoint the expectations of the Marafsdars- However this Crop may be considered to have been a fair average one and I attribute the absence of cholera at the close of last year to the fact that the Car paddy was thoroughly ripened and dried before the supplies were thrown into the Bazars.-

3. The Cumbab Pesharum Crops also suffered sadly from the continued drought in the Months of October November and December as no periodical rains fell till the early part of January, the defalcation in these Crops however was in some parts compensated to the Marafdars by the increase of price in the year under review over the past.-

The

Fort St. George 10th November 1845

4. The total Number of Villages composing the Sub Division is 2,010 as stated below.—

Of 11 Villages under Amany last year 1 has been rented in the Current under the Wolung System, and 1 in accordance with the instructions of the Board leaving 9 still under Amany. 10 Villages of which were Wolung rented last Came under Amany in the Current. The whole of these latter are Pagoda Villages the Pooracoodies of which refused to enter into engagements for their rent owing to their reduced circumstances. 5 Villages also which were Wolung rented but suffered from drought in the preceding Came under Amany in the Current Year. The decrease in the 2nd Item has occurred in consequence of some losses sustained by the persons usually holding the rent in certain large rivers and a want of Competition at the time the rents were put up to auction. The decrease in the 3rd Item is occasioned by a number of weavers who have thrown up their looms &ca finding no encouragement for their labours.-

From Sir H. C. Montgomery Bart

Sir,

62

In reply to your letter of the 25th Ultimo, I have the honour to state that the Fishery of the Tank adjacent to the land re-=quired by Messrs Audibert & Co for Coy's has hitherto been included in the rent of the two united - I have ascertained from a late Renter that it yielded about 13 Rupees a year which I consider as much as is likely to be obtained from the tank rented separately from the land. A fixed assessment has never been made on this land but calculating it according to the average of the Village nearest to which it is situated the assessment would be Rupees 23 and according to that of the neighbouring Villages 30-7-10. Rs a P
I am of opinion that a fixed assessment of 50 Rupees per annum would not only secure the Government from loss, but would be a higher rent than is likely to be obtained from the land if the System hitherto prevailing were to be continued

In reply to the 3d para of your letter of the 6th Instant I have the honor to state that Mr. J. J. Cotton was at Nagapatam in the beginning of September last for the purpose of delivering over charge of the District to me on my joining at on that 4th of that month, and that he remained there till the 18th at my particular desire as I considered it advisable that he should be with me at that time for the purpose of keeping me informed of what had been passed.

On the 30th and 31st January he joined his Cutcherry there on his return from the Presidency on leave. From the 1st to the 4th June Mr. Cotton was on route to Kodyeury where I requested him to meet me.

I hope under the explanation that the Board will pass his Extra Tent allowance for the 25 days now retrenched.

In explanation of Petition No. 806 of 1845, herewith returned, I have the honor to inform you that, convicted of over collection to amount of Rupees 57-9-2 in Fasliees 1242 and 1583/33 1243 and withholding cultivation from the Government accounts to amount of Rupees 8-14-0 Petitioner, as also the Nattamagar of the Village were punished by me by levy of double the amount for the former, and of 10 Rupees each for the latter charges respectively on the 21st August 1834.

2. On a subsequent report of the Tasildar of Maroongapoory of the 23d October of the same year of Petitioners absence, and default to pay the fine imposed, he was,

on

on the 28th of that month, suspended from his Merasee, pending a report of his return by the then Sub Collector Mr Troughton.

3. On the 6th April 1842 Petitioner requested restoration to his Merasee, compli= =ance with which was declined on the ground of the Office having passed 8 years out of his hands; and now dismission by Mr Troughton for continued absence being clearly the conse= =quence of the matter being forgotten, the parties in charge of the Office then for a period of 8, and now for 11 years, are cousins to the Petitioner.

No 692 of 1845 with the necessary explanation.

Fort St George, 10th November 1845.

to report from enquiries previously instituted before the Tasildar of Meyloor, and my own personal investigation of the parties, that Petitioner's maternal uncle, Pasupa Moodely, held the kurnumship of Thoroomboor and 20 other Villages from Fusly 1215 A.D. 1805/6 to Fusly 1228 A.D. 1818/19 when on pretence of indisposition he resigned in favor of Petitioner, his sister's son, whose name was accordingly entered in the Merasee on the 26th October 1819.

2. It seems that being too young and unexperienced his duty was done for him by one of his present adversary a more distant relation of Pasupa Moodely in character of private Goomasta till the middle of June 1832, when the Petitioner succeeding to the Sattanie Merasee of Colamungalum in Madacolum Talook, the opponent was left in sole charge of the Thoroomboor and 20 other Village Kur= =numships with an understanding that he was to enjoy the emoluments of five and Pasupa Moodely of the other 16.

3. Under this arrangement the opponent has had sole charge of the duty in the 21 Villages for a period of 13 years 7 Fyl since 1832, though he maintains that he has also enjoyed the entire emoluments of all.

By

15355 Fort St. George, 10th November, 1845.

By the Tasildar's report of the 15th March, with proceedings, it seems his real name is Vythia Salem alias Soobramanya Moodely and that he has since assumed the name of Palany-apa Moodely, the very name of Petitioner which he uses only in his transactions relative to the Village affairs, and from my examination of himself, the Petitioner and Pasupa Moodely, I cannot help thinking it has been thus assumed collusively and wilfully to avoid any enquiry by the Government for it seems to me the emoluments from the 16 Villages generally found their way to Pasupa Moodely either through himself direct or through the Petitioner or through the opponent; all being of one accord, till some quarrel has taken place and the above facts have been elicited.

4. On the 3d April I declined a summary removal of the opponent on grounds of his being in possession as incumbent and no objection being taken by the Petitioners to the name. In now leaving it for the final orders of the Board I beg to notice that Pasupa Moodely's resignation having been accepted 1819, the Merasee ought to have been transferred to his eldest son

15356 Fort St. George, 10th November 1845.

son (he has now four living) for I look upon the right to have been hereditary from institution of the Office and not only from declaration of that right under Regulation VI of 1831, and if that son is willing and able to perform the duties of the Merasee, should be entered in his name, with exclusive enjoyment of all the emoluments of the 21 Villages, of which a list accompanies.

71-73

In this case as in that of the party whose Petition was forwarded to the Principal Collector on the 5th Instant the Board think it would be proper to allow the Renter a short period, not exceeding 20 days within which to bring forward such reasonable and moderate claim as could be recommended to Government. On failure to do so no further notice should be taken of his case, and he should be left to seek his own remedy.

Resolved that the following Endorsement be passed on Petition No. 870 of 1845.

Petitioner is referred to the Collector of Madura to whom instructions have been furnished regarding his case.

1536 Stating that the only Objection to raising the Tariff valuing Tobacco exported to Travancore subsequent to the Enactment of Regulation I. 1812 was to augment the revenue also returning Petition No 1105 of 1845 and stating that the Board are not aware that they can afford any further information on the subject of the Petition and claim than that contained in their letter of the 19th May last.

15th October & 3d November 1845.

noted in the margin the Board

From Tinnevelly 7th April in Cons. 1st May 1845

To Govt 9th May 1845 - are requested to state whether the same reasons exist now as formerly for rating Tobacco imported into Travancore higher than other Tobacco and whether originally there were other objects in view besides that of increasing the revenue on raising its price above the Tariff value with any additional information which it may be in their power to furnish."

In reply I am directed to forward the accompanying letter from the Collector of Tinnevelly to whom reference has been made upon the subject from which it will be seen that, as the Board had been led to conclude, the only object in raising the Tariff Value of Tobacco exported to Travancore subsequent to the enactment of Regulation I. 1812 was to augment the revenues from Enclosure No 1 in the Collector's letter it will also be observed that the amount realized during Fusslies 1250-51-52-53 on the Tobacco imported by land into Travancore at the rate prescribed by Regulation I. 1812 Viz. 5 per cent on the present valuation of 103-13-4 per Candy is nearly the same as would have been collected at 10 per cent (the rate of Act XI 1814) on the highest valuation of Tobacco for home consumption in the Tinnevelly Tariff Viz. Rupees 50 per

15365

Fort St. George, 10th November, 1845.

per Candy. Under these circumstances Mr. Thomas states their appears no objection to fixing the value of the Tobacco in question at but not under 500 Rs being the value per Candy of the 1st sort Tobacco which is usually that supplied to Travancore -

3. The Board have already submitted it as their opinion that the present high valuation of Tobacco imported into Travancore might with propriety be reduced, but it appears to them that in place of rating all such Tobacco for the future at an uniform valuation of 50 Rupees per Candy as recommended by the Collector it would on general grounds be preferable to charge duty upon the Article on entering Travancore according to its actual quality and Class - and thus remove altogether from the Tinnevelly Tariff a distinctive valuation which does not seem quite in accordance with the principles by which a Tariff should be regulated, and which does not apply to any other commodity exported from Tinnevelly into Travancore -

4. I am directed to return Petition 2nd of 1845 referred to this Office on the 6th September 1845. The Board are not aware that they can afford any further information on the subject of the Petitioner's claim than that contained in my letter of 19th May 1845 -

Extract

No. 2.

Extract from a letter from the Secretary to Government under date 10th February 1803.

Para 5. The subject of Dawestanum lands is one that materially affects the happiness of the people and the most beneficial consequence has resulted from the attention which has been paid by the immediate Officers of the Government to the Interests of the religious Establishments in different parts of the Peninsula. The Governor in Council deems it therefore to be equally expedient and just that all the Church lands in Tinnevelly resumed by the late Government should be again appropriated to the support of the Pagodas, and His Lordship has accordingly directed that you proclaim the restoration of those lands. Mean while the disbursement of C. C. 84712 for Fusly 1211 in aid of the expenses of the Pagodas and for Charitable purposes in Tinnevelly is authorized.

Sir
Para.

Requesting with reference to Board's Proceedings relative to the discontinuance of the Tobacco monopoly further instruction on the subject before concluding any contract for the supply of Tobacco for the ensuing year.

To I. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St George

With reference to the Proceedings of the Board dated 22d September 1845 and the Extract from the Minutes of Consultation under date the 10th September 1845 that accompanied it, relative to the discontinuance of the Tobacco Monopoly in this District.

I have the honor to state, that Tenders have already been invited for the supply of Tobacco for the Monopoly of the ensuing year, and that the day fixed for the acceptance of the lowest Offer, is the 20th proximo.

2. I request, therefore, that I may be informed whether it is the wish of the Government that the existing system should be discontinued after the expiration of the present contract or whether it is intended that it should be carried on until the arrangements proposed for providing a substitute for the revenue now derived from the Monopoly can be introduced.

3. The Stock of Tobacco on hand of the present year's contract, will be sufficient for the consumption of the District until the month of January so that no inconvenience will be experienced by not entering into any fresh contracts for the ensuing year. I think I have a right to add that I am not sanguine as to any adequate substitute being found in this District for the large amount of Revenue now derived from the Tobacco Monopoly. There being no manufactures of any description in Canara a Vipsalady tax must fall entirely on the trade of the District, which consists chiefly of the staple commodity Rice, and is confined to a small number of Merchants at the principal Sea Ports. A tax of this kind would be equivalent to an additional duty on the export of Rice, which has already been increased about 2 p. Cent by the act No V of 1844.

4. I shall however as early as possible submit my opinion on the several questions discussed in the Proceedings of the Board under date 22nd September 1845.
