Extract of a letter from the Collector of Dharwar to the Revenue Commissioner Southern Division dated 1st October 1845 No. 1048.-

Para. 124.- In the last three years I have preserved

preserved the sandalwood trees and there are now in the Zillah in the three Talookas of Kode, Hangul and Hoolee 1165 large and small trees.

125. Some system will be necessary if it is considered desirable to encourage the growth of the Sandal. In the Mysore Country there is an establishment for the protection of these trees. The wood such as is fit for cutting is, I believe felled at the expense of Government taken to depots and annually sold and yields, I am led to understand a considerable Revenue I have had many applications to farm the trees of this Zillah and if now acceded to the contract would/ I have no doubt/ yield several thousand Rupees, but then the whole trees large and small, with even their roots would be destroyed for the purpose of making Oil.-

126. There is nothing lost by preserving these trees for a few years more and I would recommend that they should not be permitted to be cut, until the arrangement which I believe to be in progress has been determined Viz. of appointing a General Conservator of Forests, an Officer most desirable as a means not only of preserving the Teak and other Timber now growing, but for rearing young plantations to supply the demand of Consumption The Conservator

Conservator might take under his protection the Sandalwood, New and regular plantations, also might, I am of opinion be raised without much difficulty or expense, and this Officer or his establishment might annually determine what trees should be felled, he might either sell them himself or having ordered them to be felled may forward such as the Sandal Wood to a depôt to be sold by the Collector periodically or having marked the trees they might be cut, and carried off from the ground by the purchaser We might also encourage a few Coffee plantations and sell them, or otherwise dispose of them to the highest bidder after the third year.

for Fusly 1253 / A.D. 1843/44.

Para 1. The Governor in Council under date the 1st of October 1844 confirmed the purchase of these estates on account of Government and authorized the remission of the balance of Peshcush due by the late Proprietor to the end of Fusly 1252.

2. The district was visited by a severe hurricane in Fusly 1253 and these estates which are situated in the centre of the tract of the storm suffered most severely, and the crops which the wind spared were afterwards attacked by slugs.

3. The demand therefore in the year under review was less by Rupees 7606 than in the Fusly preceding and the Net revenue realized in Condakurlah was 1/3 less in Cottoor one half and in Velchoor Codoor 2/3 less than the Government demand making in all a deficiency of Rupees 15,673. 5. 8. which, under the circumstances stated in para 4 of the Board's Proceedings the Government direct to be written off to profit and loss on the Proprietor executing a bond relinquishing all claim to arrears.

4. His Lordship in Council accepts the reasons assigned as above noticed and explained in para 3 of the Collector's report for the falling off in the revenue of these estates and trusts that under judicious management, they will soon recover from their present depressed condition.

5. The Most Noble the Governor in Council observed in the Minutes of Consultation dated the 28th June 1845 that the old balances in every district ought never to remain unreported upon for a longer period than is requisite to enquire into the condition and means of the defaulters and these particulars he thinks, ought with proper management, be fully ascertained and reported upon within four or 5 months after the close of the year and before the Collections for the Current Fusly commence. He also thinks it unadvisable to mix up in the report referring to one year subjects which clearly belong to previous ones, and he therefore requests that the Collector instead of being instructed to include in his settlement report for Fusly 1254 the particulars of the arrears for Fusly 1253. be required to submit in a separate letter as early as practicable the

(Rupees 4657-3-6.) Four thousand six hundred and fifty seven annas three and pice six.-

2. His Lordship in Council is of opinion that in all cases where old balances are struck off the accounts and there is no further demand against the defaulters, every care should be taken to make the parties acquainted with the fact. The usual proclamation both at the Buzzoor and Talook Stations ought never to be dispensed with and each individual interested, ought as far as practicable to be furnished with an acquittance roll under the seal and signature of the Collector or his assistance.-

From the Agent to the Governor of Fort St. George in Ganjam - - - - - Parat.

Submits the usual accounts connected with the Settlement of Purlakemedy Zemindary under Management for Fusly 1254 with certain Explanations therein.

Sir.

I have the honor to report for the information of the Board of Revenue the results of the Management of the Purlakemedy Zemindary during the past year, an Estate held in trust by the agent to the Governor in Ganjam on account of the imbecile Proprietor but ndt managed under the Provisions of Regulation V of 1804. which is not in force within the agency. The usual accounts to elucidate the Settlement are also submitted.

2. I presume it is needless in each year to repeat how the Settlement is formed and to enumerate the Villages rented or settled villagewar, the system having been so often explained in detail and so fully noticed in every essential Particular in the Report from this Department of date the 7th December 1844 a Report not yet disposed of by the Board of Revenue.

The

Fort St George, 13th November 1845.

3. The season was throughout considered unfavourable from the scantiness of the Rains: and the long continued drought by which the crops of some Mootahs in the Estate greatly suffered, occasioning much loss and entailing the necessity of granting very large remissions. The Prices of agricultural produce however were considerably in advance of those of the preceding year, owing to the general destruction of the crops in the neighbouring District of Vizagapatam, and to the consequent enhanced Demand for grain in that District.

4. In Para 5 of the Report of the 7th December 1844 above adverted to, an intention was expressed of carrying out in this year the recommendation of the Board to grant at the time of Settlement whatever remissions were properly demandable by the Village Communities, or by the Renters for loss of crops in other cases, if the means at my command enabled this work to be done with propriety.

Same

Fort St George, 13th November 1845.

I am happy to report that no difficulty presented itself to obstruct so desirable an object. In communication with the Talook Officers the remissions were settled and defined by me before the crops were removed or sold, and the Summa of the Estate was fixed after an full enquiry to the complete satisfaction of all Parties.

5. Without further preface I beg to submit a figured Statement shewing the Comparative Demand, Collection and Balance of Punjah Remedy Zemindary for the last two Fusly years.

Fort St George, 13th November 1845

It will be seen from the foregoing that the proposals for the entire Land Revenue varied in the two years only by Rupees 809 in favor of the Fusly under notice. This small excess does not seem to require any lengthened observations or comment at my hands.

7. The net fixed Settlement however is widely different. In the preceding season the Jummabandy Beyriz was identical with the Proposals. Rupees 17,000-14-10 no remissions having been given: In the year under review Deductions were allowed to the extent of Rupees 4748-12-2, making the net Settlement of the Land Revenue Rupees 160721-11-8 and shewing a Decrease wholly nominal of Rupees 10939-3-4.

8. The Remissions noted above were given in the Villages of Sixteen Mootahs out of twenty four comprized in the Estate Rupees 7342-0-8 were given for Land left uncultivated wholly from want of Water. Rupees 3607-7-9 were allowed for Crops sown but perished without coming to maturity. Rupees 79-0-0 were admitted for Lands inundated. The remainder is accounted for under

Fort St George, 13th November 1845

under loss of Produce, and from deceased and Deserted Ryots. Much care was taken in estimating these losses, and I believe that the estimation was very correctly made.

9. Of the Settlement so defined Viz^t Rupees 160,721-11-8 Rupees 159,126-2-8 were brought to account within the Fusly, and Rupees 558-9-11 have since been realized up to this date. The Balance now outstanding is consequently only Rupees 1039-14-11.

10. Adding Mutunpha and taking the Collections of Arrears into account, the total net Receipts of Fusly 1254 from Purlakemedy are Rupees 108509-5-8 exceeding the Collections from all Sources in the preceding year by Rupees 2851-6-0.

11. After defraying the Peshcush and paying all expenses of Management, providing for the Maintenance of the family and all other incidental outlays, the Funds of the Estate on hand have enabled me to invest a further sum of Rupees fifty thousand in the four per cent Loan, and a like amount will probably be available at the close of the present Fusly year.

12. On the whole the condition

of

Fort St. George, 13th November 1845.

of this Property seems highly satisfactory, and of a high Revenue Demand brought to account without difficulty and with little fluctuation for a series of years, be an earnest of good Management, then is Purlakemedy highly favored, although happily there has been no Revenue Survey made of its green fields or fertile Vallies, and thought like issues of individual Puttahs, and the interchange of Moochulkas is unknown and hitherto unheard of by the Ryots. If too, punctuality in paying Rists, and the absence of complaint generally betoken contentment in the People, then the agricultural inhabitants of this ancient Zemindary may be reasonably accounted as prospering, and happy in the enjoyment of their old and cherished methods of Revenue Management; now yet distracted by the introduction of new fiscal Systems misnamed Reforms.

13. It is doubly favored in the presence of a Manager Woodiagherry Venkatrow, who to a thorough practical acquaintance with all branches of rural economy, unites a perfect knowledge of the Management of men. Mild, restoring, and unassuming in his demeanour, his heart is in his work, and he takes as great a delight and as much pains in his Management as if the Estate he Superintends was his own. His conduct is indeed worthy of all commendation, and his services as a Land Steward would in my judgment be cheaply purchased in reference

Fort St. George 13th November 1845.

to this Estate even if his salary (a tolerably liberal one as natives are remunerated in these Provinces) was doubled.—

14. The subject of the proper Education of the eldest Son of the Zemindar has frequently been noticed by authority but nothing has been done. The question calls for immediate Settlement, and with this view I have addressed Government direct a few Weeks ago, proposing to remove the heir from the Fort of Purlakemedy and to educate him at Chicacole.—

15. My early departure from the District will prevent me from reporting as I had wished, upon the outstanding Balances of former Rists in Purlakemedy nearly the whole of which in justice to the People should be written off at once. My successor here will doubtless bring the subject to notice at a convenient opportunity

Sir

From the Coll. of Rajahmundry:— Reporting upon 2 Petitions presented by Venkamah Widow of late Atwenchah Pedda Ramiah Mazoomdar of Pettapore Talook.

Originals
Bd. No. 40 of 1844 herewith returned.
Another Petition Bd. No. 28 of 1845 received with Bd. Letter of 16th Septr 1845 is also herewith returned.—

Para 1.

With reference to Mr. Bourdillon's letter of the 13th January 1845 giving cover to a Petition from Vencamah Widow of Atwencha Pedda Ramiah late Mazoomdar of Pettapoor Talook, together with the orders of Government thereon dated the 20th December 1844, and requiring me to report the date of the said Mazoomdars death, the description of the pension and whether there are any objections to—taking the Petitioners prayer into consideration, I have the honor to state that the husband of the Petitioner Atwencha Pedda Ramiah died on 12th December 1843. The Ancestors of the deceased were Mazoomdars of the Pettapoor Zemindary. The lands of all the Despondiahs and Mazoomdars having been resumed by Government and ready Money allowances substituted for them when those Offices were discontinued the Atwencha family received a sum of S.P. 383-21-0 or Rupees 1342-4- of which S.P. 51-28-0 or Rupees 180-3-6 were entered in the name of Petitioners husband Atwencha Pedda Ramiah who drew it till

Fort St. George 13th November 1845

till the date of his death. The Board will perceive on reference to the correspondence noted in the Margin that the allowance to the deceased was sanctioned as a life Pension.

2. It appears that an applic-ation similar to that of Petitioner was favorably received by the Board on the recommendation of Mr. Smith the late Collector and that the Government were pleased to sanction the grant of a portion of her husband's allowance to Chelvamah widow of Retty-canty Lutchmeputty row late Mazoomdar of the Talook of Pettapore.

3. The Petitioner Narenchah Vencamah is said to be very poor. She is above 50 years of age and has a widowed daughter in law and 2 female children dependant upon her, and I am not aware of any circumstances which preclude the consideration of her request for the continuance to her of a portion of the allowance enjoyed by her late husband.

Informing of the suspension of C. Sheshachariu ameen of Prettipaud for neglect in furnishing supplies to a Detachment and insolent behaviour to the Acting Collector and requesting sanction for his dismissal

I have the honor to state for the information of the Board that Cotumbey Sheshachariu Ameen and Head of Police of Prettipaud was suspended by Mr. White on the 8th instant pending an enquiry as to his neglect in furnishing supplies to the Detachment under Captain Marshall 33d Regiment at Prettipaud on the 7th instant for which he had instructions 6 days previous. A Memo left on record by Mr. White (a copy of which is forwarded) will explain the circumstances of the case and the result of his enquiry. Copy of Captain Marshall's letter of the 7th Instant and translations and copies of the depositions of the Peon and Ameen therein alluded to are also forwarded.-

2. The Acting Collector it will appear has recorded his opinion that he is satisfied that the Ameen is deserving of dismissal both for his insolvent conduct before him and for his neglect in getting the supplies in question but thought proper to call upon Captain Marshall for information as-

as to whether the Ameen's plea of sickness was true or false, and as to whether he deputed his Peishcar to wait upon him to assign any cause for the deficiency in supplies.

3. The information on these points since received from Captain Marshall in his letter of the 20th Instant (copy of which is forwarded) corroborates the Statement of the Peon Kroostna Dass and appears to leave no doubt that the ameen has added deliberate and gross falsehood to his already culpable conduct as commented upon by Mr. White in dependent of the impertinent messages also imputed to him.

4. I cannot therefore but concur in Mr. White's opinion that the ameen is deserving of dismissal from his situation and request the sanction of the Board for the same.

No. 1.

To D. White Esqre
Coll.r and Magistrate of Guntoor.

Sir, It is with great regret that I feel myself compelled in justice to myself and

and the party under my command to report officially for your information that the Tahsildar and the Peon at the Bungalow at this stage have failed in procuring any thing like adequate supplies for us altho' they admit that they received the usual Tahseed to prepare supplies for us many days ago. The men represent the rice as bad and dear. firewood scarce and dear. Chickens not procurable. Straw Ditto, and I regret to add that the Tahsildar shows no desire to assist in obviating the difficulties caused to us by his own inattention to your Tahseed. The Peon excuses himself on the plea that the Tahsildar does not detail any particular peon to assist travellers in procuring supplies regularly, and that he was only this morning directed by the Tahsildar to attend at the Bungalow for that purpose. The Peon states his name to be kistamah. I regret to trouble you with a complaint of this nature but had my party (small as it is) not Providentially brought some supplies with them from Guntoor they would have failed in procuring here any thing like even the most requisite supplies. I have therefore the honor to request that you will do me the favor to make such enquiry into

into the cause of this deficiency as you may deem necessary, with the view of preventing similar inconveniences to others hereafter.

To The Acting Collector and Magistrate of Guntoor.

Sir,

I have the honor to acknowledge the receipt of your letter No. 18 of the 10th Instant on my arrival at this place yesterday and in reply beg to state that such of the men of the Detachment as saw the Ameen of Puttapaud on the day I halted there declare most positively that the Ameen was not sick nor did he shew the slightest symptoms of indisposition - neither did he plead indisposition in excuse for his neglect at the time. If the Ameen sent his Peishcar to me twice as he asserts all I can say is that the Peishcar never came, nor did I hear or see any thing of him whatsoever. With regard to the disrespectful messages alluded to in my private note of the 7th Instant I beg to state officially at your request that

that the following was one of them viz. On my Havildar requesting him to send firewood for sale to the Camp as he had done other articles with a view to avoid disturbance in the Village he said "I will not send wood to Camp for sale you may go and look for it and you may tell your master he will get no straw here - what there is he will get and nothing else" - or words to that effect. On my sending my Official letter to your address to him to be forwarded - He jerked it contemptuously from him saying "take it away to Cutwall's Choultry it is not my business to receive it." On the orderly taking the letter to the Choultry he was told the same thing there, and he was bringing it back to me when the Ameen sent for the letter, and took charge of it himself, after all. such to the best of my recollection was a portion of the conduct I had reason to complain of on the part of the Ameen, but as the two Privates who were on duty at Puttapaud on the occasion alluded to are not here present being on duty on Camp at Coovum some miles from this I write from memory of their reports the substance of which however may be relied on

Deposition given by Kroostna Dofs father's name Vencattachellum, house name Bopoodywar of the Tellakolla Caste upright mark, religion aged 24 years an inhabitant of Guntoor occupation.

2 Did your ameen order you on Tuesday last to have supplies ready for the detachment or not?

A He ordered me.

2 When did he give you that order?

A It was after the Gentleman arrived there that he ordered to have supplies ready.

2 Did the Ameen tell any body else to have supplies in readiness that is to say. Did he give any order about it before that morning?

A He did not give any order about it previous to that morning.

2 Were sufficient supplies furnished to that Gentleman that day?

A He was angry and said that proper supplies had not been prepared, and then went away.

2 Why were not proper supplies ready?

A Had the Ameen taken proper precaution according to the Collectors order about it supplies would undoubtedly have been ready. He did not do so and hence the complaint of adequate articles not having been afforded.

2e When did you direct any peon to have supplies ready for the detachment?

A I gave no order on the subject.

2e Did you tell any of your Subordinates to order the supplies to be got ready?

A I told the Peon Kroostna Dass, as also two other Peons Cooparage Venkoo, and Chenna Mahomed Caisheem.

2e Did you see if all the supplies were properly ready in the morning of the day on which the Detachment came there?

A I did.

2e Were adequate supplies afforded to that Detachment or not?

A

N.B. Deponent would not give a direct answer either in the affirmative or negative to this question.

2 Did you go and wait on that Gentleman (Captain

Fort St. George 13th November 1845 -

The Head of Police of Pruttapand being called upon to explain why he did not afford proper supplies to the Detachment under Captain Marshall at Pruttapand on the 9th October behaved before the Acting Collector in a most insolent manner, refusing to give direct answers to the questions put to him and finally refusing to sign the deposition he had given. From the Collr. of Cuddapah. Instant.-

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 13th. Instant having reference to mine of the 4th. August last, and to regret not having been sufficiently clear and explicit in the exposition of my views as to the varying circumstances by which I am guided in suspending Offences under Regulation IX of 1822.

Affording explanation on the subject of punishing offences under Regulation IX of 1822 having reference to the letter of the Board dated 13th

2- In explanation of Para 2 of my former letter I beg to state that I did not consider that Person's dismissed from Office under Regulation IX of 1822 must necessarily be made to forfeit their allowances, unless there were no Ghair Hissals or unemployed Cosharers of the Merasees to succeed, in which case it would be necessary to remunerate the Sirkar Goomastahs appointed to perform the duties of the Village - or except when the respective shares of the Ghair Hissals or the share of any Ghyr Hissal appointed are insufficient as a remuneration for the performance of the duties required of them, in which case there is no alternative but to make the dismissed party forfeit such portion of their shares as would in addition to those enjoyed by those newly appointed be considered a fair and just remuneration -

Fort St. George 13th. November 1845.

3. For feiture of hereditary allowances of course follows dismissal according to the merits of the case when Partees have been fully convicted and the fraud committed has been considerable but in cases in which suspension from Office and the imposition of a moderate fine is considered sufficient punishment, the plan is above detailed of meeting existing exigencies is only adopted when absolutely necessary.

4- With reference to the Board's remarks conveyed in 3d Para of your letter as regards these Enams being inalienable under Regulation VI of 1831 I beg respectfully to state that the Regulation does not seem to me to apply to the distinctions I made in punishing Offences under Regulation IX of 1822 - These on Emoluments annexed by the state to hereditary Village Offices, in being transferred in part or in whole from one share holder to another of the Merasees, or to a Circar Goomastah who is not a Merasedar for the due performance of the public Service

are

are not separated from the Offices to which they have been annexed, and consequently are appropriated solely to the purposes for which they were originally designed.

5. As regards the case against the Curnums of Candaccor, I entirely concur with the Board that the Lands excluded in the Monthly accounts would also have been omitted from those of the Jummabundy and am of opinion that in this particular instance one omission was merely preliminary to the others. Nevertheless there is mere supposition, and conviction is not to be grounded on supposition. The Curnums plead negligence - remissness in disposition, and state that it was their intention to render a fair and correct account of the Cultivation at the time of the Settlement. In punishing these Offences a distinction has always been made between Lands discovered to have been cultivated in excess of that shewn by the Curnums accounts whether before or after the revenue settlement of the Village to which they appertain. It frequently I am sure happens that Lands cultivated and omitted in the Malamary accounts for a few Months preceding the Jummabundy are all entered in the final accounts

accounts then rendered. Some Curnums who are careless and idle take their chance of the Lands of their village not being examined in the Interim - and if the omission is detected they are generally punished for remissness and negligence by a moderate fine or suspension from Office if necessary. Though these Monthly accounts are to be regarded as Public Documents, Curnums are frequently remiss and negligent for several Months and render inaccurate Accounts of the Cultivation, but take care what they are about at the time of Jummabundy any Lands excluded from the Accounts then rendered, is not so done without their knowledge and they know the Penalty if detected of dishonesty.

6. In this case though I did not consider the Curnums fully convicted for reasons above stated, I nevertheless considered them fully deserving of punishment. They were fined for neglect of duty and dismissed from Office as unfit Persons for further Employment, their Intent from all the circumstances of the case being on strong grounds supposed to be fraudulent. The orders of the Board as regards the forfeiture of the Official Emoluments of Tencutramanad shall be carried into effect and transferred to

to Rasavaloo Parumnah being allowed to retain the whole of the dismissed Ramanah's share, to which as I explained before the latter was never properly entitled to. If the Board think it advisable it would be easy to make all parties liable to the same Penalty for giving incorrect accounts of the Cultivation whether previous or subsequent to the Summabundy accounts having been rendered.

7. I must beg to notice a part of your letter which involves a point of great importance in the disposal of Cases under Regulation IX of 1822. I allude to the Board's injunctions that on all occasions in which Village Servants may be dismissed such dismissal shall invariably involve forfeiture of all their official Emoluments of whatever description which are to be transferred to the Parties appointed in their room.

† 15th July 1839. In the Copy of the Letter from the Acting Principal Collector of Bellary transmitted from your Office under date 15th April 1839 the practice in that District appears to have been to collect from the Offending Parties the amount of loss proved to have been sustained dismissing and suspending them from Office according to the Merits of the Case

Case - It is evident that the simple Collection of the Amount which the Curnams attempted to defraud the Circar of, is no punishment at all combined with dismissal the punishment is felt.

8. I am very much averse to fining Curnams against whom these Offences have been established unless dismissed at the same time or except when the amount of fine is trifling and for neglect of duty &c. being persuaded that the evil Practice of concealing cultivation would gain ground instead of being checked. The Curnams being still in authority and in office either collect the amount of fine from the Ryots or repay themselves, or those from whom they borrow it, by committing the fraud to a greater extent in the following year. The Brunt of the fine falls in most cases on the Ryots who are induced by fair words or by threats to make up the amount on a Sufferick a centage among themselves - they are either talked over by a promise made to let them off their Seervajasty or Tuseultaste or Enamaty Sufferick or they are intimidated in various ways by the Curnams threatened intention of making them pay for their lands more than they ought. a moderate fine and dismissal from Office

Office is a punishment they feel more
than ten times the amount of fine being
imposed upon them without dismissal.

9. Dismissal with forfeiture
of Enam is a punishment severely felt and
ought always I think to be imposed when
the fraud committed is considerable and
according to the merits of the case, but
not when a less severe punishment is
considered adequate to the Offence. Dis-
missal from Office accompanied by a fine
is not without its advantages in checking
this evil practice so prevalent in this Co
District. One can rely upon the fine coming
out of the Pockets of the offending Party and
independent of the loss of Marak and other
perquisites, Office and authority in the Village
have charms for all sufficient to induce
them to be at variance with those in Office
and to be ready to come forward and
bring to notice all frauds committed in
hopes of being reinstated.

10. The imposition of a fine alone
is for the above reasons decidedly objection-
-able. The Money is always readily
forthcoming but either to the impoverish-
-ment of the Ryots by their being made
to pay or to the detriment of Government
by

by the fraud being repeated which may or
perhaps not be detected, and which if
detected by the examining Officer, by
the Parties compromising the matter in which
case the Carkoon is induced to bring to light
a portion ½ or ⅓ of the Lands he has disco-
-vered as having been omitted in the ac-
-counts after having been cultivated.
This practice I fear is frequently adopted
and it it is one very difficult to be detected
and punished for obvious reasons. it is dif-
-ficult to pitch upon the right village unless
any one comes forward and complains time will
seldom admit of the Lands being examined
twice, and if there is time they take care that
the Lands are ploughed up so that all traces
of past Cultivation are lost. It is against
the Interest of the Ryots who cultivated
the Land to acknowledge particularly
if the Money due on the Lands has not
been collected from them, and the
neighbouring Ryots are well tutored
as to what to say. as long as parties pu-
-nished by fine are in authority and
remain in Office this system will prevent.

11. This brings me to a conclusion.
It being for the welfare of the Ryots and Co
Interest of Government that Persons Co
convicted

convicted of Offences under Regulation IX of 1822 should not be fined any Amount which would be considered proportionate to the Offence or extent of fraud unless dismissed at the same time, the carrying into effect of the orders of the Board as above referred to leaves no medium in punishing these Offences, and the punishment would perhaps be considered too severe in some cases.

12. If the Board see no objection to the dismissal of Parties without forfeiture of Enam when there are other Co-sharers of the Meirassee of the Village to succeed, whose shares of Enam if insufficient as remuneration for duties to be performed can be rendered sufficient by a judicious allotment of portions of shares of those dismissed and those remaining unemployed

if

(if necessary) they would perhaps feel disposed to waive the enforcement of the order referred to. It shall be my duty to devote my particular attention towards the grand desideratum Viz: the obtaining, and I trust shortly to see an improvement in the present state of affairs as regards the practice of "Number Chuppamani" in this District and all its concomitant evils. I trust the Board

Sir, Para 1.

Reporting the sale of Muppadoo and Ayacolattoor Mootahs for arrears of Revenue and requesting sanction for the purchase of the Latter on account of Government and for paying the Outer Mootahdars the Surplus proceeds of the Sale.

In reference to my letter of the 30th Ultimo, I have the honor to inform the Board of Revenue that the only Mootahs brought to sale on the 15th Instant, in conformity with the published Advertisement, were those of Muppadoo and Ayacolattoor. A Statement of the sale of these two Mootahs is enclosed.

2. It will be observed that the Mootah of Muppadoo consisting of two Villages and paying a Peishcash of Rupees 3,180-10-2 was purchased for Rupees 4,225, by Bollarum Nursinga Row of Triplicane, who has made the usual deposit, and that the Mootah of Ayacolattoor comprizing 6 Villages and subject to an annual Kist of Rupees 3,576-8-7 has been bought on account of Government for Rupees 5,100.

3. The Board are aware that the Mootah of Streepernatoor was subdivided into 5 Estates in 1830, and that the apportionment of the Peishcush having been found erroneous a revision took place

place under the orders of Government, when the Assessment on the Ayakolattoor division was raised from Rupees 1571 to its present standard Rupees 3576-8-7. The then Zemindar Narrainsawmy Pillay transferred the Mootah in fusly 1253, to the last proprietor Yeterazoolas, and it appears always to have yielded a surplus profit, and to have been brought to sale now not from its unproductiveness but from the private embarrassments of its proprietor.—

4. It is not in my power on this occasion to shew a Statement of the Revenue received by the Zemindar during the last few years. but the records of my Office enable me to annex an account for 6 years prior to fusly 1251 omitting fusly 1249. This Statement shews that the average income of the Zemindar during those years amounted to Rupees 1,505, after deducting the Peishcush and that the annual surplus in favorable years is considerably greater.—

5. Of the five divisions into which the Streepermatoor Mootah was formed in 1830, those of Streepermatoor, Teroonungalum, and Munnaor reverted to Government by purchase in fuslies 1243 and 1247. The result of these purchases has been advantageous both to the Government.

Government and the Villages for which reasons; and on account of the profit which will accrue from the present purchase I considered it proper to buy the Ayakolattoor Division on account of Government for the sum of Rupees 5,100.—

6. Under these circumstances I request that the sales of the Muppaidoo and Ayacalattoor Mootahs may be confirmed and sanction obtained from Government for the sum of Rupees 5100 on account of the purchase of the latter Mootah, and also that I may be authorized to pay to the late Mootahdars the surplus proceeds of the two sales amounting to Rupees 1829-13-4 and 2948-14-5 respectively.—

7. At the same time it appears to me proper to forward for the information of the Board of Revenue copy of an Urzee regarding the Ayakolattoor Mootah, which reached me on the day of sale, from Singrachardoo the former Mootahdar, although I did not consider that he advanced any Statements which would have justified me in suspending the sale. The Ayakolattoor Mootah has for many years been registered in the names of and enjoyed by other parties, and his disputes with the former Registered proprietor Vencatasa Pillay and his heirs is entirely of a Civil nature, and no notice has been received from the Courts by this Office of any pending legal proceedings.—

Translation of an Urzee addressed to C. Maltby Esqr. Acting Collector of Chingleput by Amoorta-cary Singarachariar, late Zemindar of Meeparoma-toor Mootah in the Maneemungalam Talook, in the Zillah of Chingleput Dated 14th. October 1845.-

That in the year 1830 the above Mootah of Meeparoomatoor comprising 24 Villages was sub-divided into 5 small portions, each portion being separately assessed and registered in the Circar accounts. That of these 5. the Division of Ayaco-luttoor was registered in the name of P. Venkatasa Pillay and that of Caremunkyney in that of his son Narrainasawmy Pillay on their executing some certain Documents but as they had subse-quently failed to fulfil the conditions of their Agreements, I preferred a suit in the Civil Court of Chingleput against Narrainasawmy Pillay &c. as the heirs of Venkatasa Pillay for the recovery and restoration of the 6 Villages composing the Ayaccluttoor division, together with the profits enjoyed by them therefrom; but one Venkataraga-wa Reddy the Zemindar of Maumbukum Mootah having leagued with the said Nar-rainsawmy got the Division of Ayaccluttoor re-gistered in the name of his Gomastah Yeturaz also Naik, and in pursuance of their design at fraud, they suffered the Peishcush of the last 2 years to fall into arrears to the amount of nearly 2200 Rs

2200 Rupees whilst the estate is actually capable of yielding a profit of 3000 Rupees annually. I have been informed that their ob-ject is not to pay the balance; but to allow the Division to be sold at Auction and have it purchased fictitiously by some other person. With that intent they have also been offering me terms of compromise, but whether it is purchased by Government, or by any others it must be borne in mind that my claim to it is not yet ceased.-

As you are well acquainted with Justice in cases of this description, I respectfully pray that you will bring the matter to the notice of the Board of Revenue, and relain the Mootah under the Circar Management whereby that you may recover the arrears due against it, and afford me protection. I propose also addressing the Board and Government on the subject.-

From the Actg. Collr. of Chingleput — Reporting the seizure of 3 and 24 Marcals of smuggled Salt near Pyanoor & requesting sanction to sell it and to give the usual rewards.—

Sir,

1. I have the honor to inform the Board of Revenue that the acting Head Assistant Collector Mr. Cadell has reported to me the seizure of 3 Garces and 24 Marcals of smuggled Salt, valued at Rupees 367. 3. 5, which was found concealed in the neighbourhood of the pans at Pyanoor.—

2. Mr. Cadell states that a Village Talliaree gave him information of having observed places in the Jungle near the Salt pans, where from the earth having been recently turned up he suspected Salt to be buried. Mr. Cadell accordingly instituted a strict search during which the Salt was discovered under ground in various places.—

3.— The persons by whom the salt was buried have not been ascertained, but it is evident that it has been illicitly manufactured in the adjoining pans, and concealed to defraud the Revenue.— Under these circumstances I request sanction for selling the Salt and giving the usual reward to the informant and the parties making the seizure.—

Stating that there is no objection to Mr. Brunton being granted the rent of the Jungles now solicited, and encloses form of a Lease to that effect together with a Sketch Map as required by the Board.

X 25 Sept. 1845

O herewith returned

Sir,

Para 1. With reference to Para 3 of your letter which accompanied one from Mr. Brunton, managing Director of the Indian Iron and Steel Company at Portonovo, I have the honor to state for the information of the Board, that I see no objection in granting on annual Rent to the said Company, such part of the Jungles applied for by Mr. Brunton, and accordingly beg to enclose a form of the Lease which in my opinion is necessary to be executed on the occasion.—

2. Agreeably to the Board's wish I also beg to submit a Sketch Map prepared on a rough calculation shewing the probable situation and the extent of the Jungles applied for, and their position &c. in reference to water carriage.—

3. The limits of the Jungles mentioned in Mr. Brunton's first proposal, Copy of which has already been furnished to the Board, and to which his present communication relates, being undefined and including

including portions of them in Triti*amalay, Chaitput, Trieullore and Cullacoorchy Talooks they are inserted entire in the form of the Lease in order to prevent any misunderstanding as regards the respective boundaries of the Jungles now to be leased.-

4. The former Lease for the other portion of Jungle, having been granted for a series of years, the Iron Company were then allowed to enjoy the privilege free of Rent for the first five years; but in the present instance I trust the Board will agree with me in thinking the sum of Rupees 200 to be a moderate rent for the first year subject to modification if necessary on the renewal of the lease.

Cowle or Lease issued by the Collector of the Southern Division of Arcot under the Authority of the Governor in Council of Fort St. George for and on behalf of the East India Company to George Norton Esquire. two of the General Directors of the now existing Indian

Indian Iron and Steel Company.-

1. The Governor in Council for and on behalf of the East India Company, being desirous of promoting the manufacture of Iron by works, according to the European plan within the Presidency of Fort St. George has been pleased to grant to you the said George Norton and being such two General Directors of the said Company and to any future Company in such name, as they may have capacity to take which may now or hereafter be established in lieu of and with the rights of the said now existing Company of which you are now such two General Directors, your Executors, Administrators, and Assigns the privilege of cutting fuel in the Jungles belonging to Government, situated, within the Talooks of Trenomallay, Chaitput, Trecullore and Cullacoorchy in the District of the Southern Division of Arcot.-

2. All existing rights and privileges heretofore exercised in accordance with the prescriptive usage by the native Inhabitants whether residing in the District, in which the Jungles are situated or in the District immediately adjoining such Jungles of cutting wood for agricultural, household and

and

and other domestic purposes within their respective Villages and also of grazing their cattle within such limits are reserved and to remain secure to them as heretofore. Provided always that such reservation shall not entitle any parties to cut and carry away wood for purposes of general trade. Government also reserves the right through its Collectors or other Officers of allowing Timber or Fuel to be cut to any extent for the purpose of clearing ground for cultivation or other purposes of Government.

3. This grant is to continue for one year, beginning from the first of January One thousand Eight hundred and forty six at the end of which period the same shall be renewable at the pleasure of Government for one or more years.

4 For the year for which the Grant of the above rights and privileges is rented you or your Representatives or assignes or such said Company shall pay a rent of Two hundred Rupees, which, on the renewal of the lease after the expiration of the year, shall be subject to any modification at the pleasure of Government.

5. All disputes that may arise between

between you or such said Company or those employed by you, or such said Company and Proprietors, Ryots or others in consequence of doing or proceeding to do any act under the present lease may be decided by the Collector of the District, subject to an appeal to the Board of Revenue or by a Punchayet appointed by the Collector agreeably to Regulation XII of 1816. and acting under that Regulation provided both parties agree to either of those modes of decision and execute a written agreement to abide thereby. Otherwise recourse must be had to be the ordinary mode of proceeding under the Regulations and acts.

6. This Lease is not to be construed as granting permission to fell Timber in the Government Jungles.

7. The rent shall be paid half yearly to the Collector of the District upon failure by you or by your personal representatives or assignees or such said Company to fulfil any of the above Conditions or on non-payment of the rent due for six months after demand made on you, or either of such Representatives

or

or Assignees or such said Company to fulfil any of the above conditions or on non-payment of the rent due for Six Months after demand made on you, or on either of such Representatives or Assignees or on such said Company or left at your or their or either of their last place of abode, this Lease shall be forfeited and cease upon written notice to that effect, given by or under authority of the Governor in Council of Fort St. George for the time being to you, or either of your personal Representatives or Assignees or to such said Company or left at your or their or either of their last place of abodes.

8. This Lease is confined to the Government Jungles, but the Government will be prepared to sanction any agreement which you or such said Company may enter into with Zemindars and others for the same privilege within the limits of their property respectively

W. D. Davis Esqre
Principal Collector of the District of South Arcot.

Sir,

Having been informed that it is contemplated to accord to the Porto Novo Iron Company a further monopoly of Jungles in your District for the supply of Fuel to their works, and that a reference has been made to yourself by the Board of Revenue to satisfy Government whether any objection exists to the said concession, we have the honor to bring to your notice that owing to the existing Monopoly of Jungles enjoyed by said Company it is almost impossible for

for the proprietors of the numerous Sugar works at Cuddalore to procure sufficient supplies of firewood for their works without importing it by Sea, at considerable cost — and — loss of time, from other districts along the coast; and that should any further Monopoly of Jungles be conceded to the Porto Novo Iron Company the result will be — most fatal to all parties engaged in manufacture of Sugar at Cuddalore, as they will be debarred from obtaining the smallest quantity of firewood on the spot, an injury we cannot believe the Government will inflict upon a numerous — body of Capitalists if the fact be brought to their notice.

We have therefore the honor to solicit you will forward our present appeal to the Board of Revenue supported by your recommendation and remain-

From Messrs. Vinay Cardozo & Co. Samt & Co. and Andree & Co. } Gentlemen,

Understanding that the Porto Novo Iron Company have applied to Government for

for a further monopoly of Jungles in the District of South Arcot. We have the hono to submit to your consideration the injury that will be entailed on ourselves and the parties who have Sugar Factories at Cuddalore, should such further monopoly be granted the said Company for the supply of fuel to their works already owing to the existing monopoly of Jungles by the said Company; it is almost impossible for the Proprietors of the numerous Sugar works at Cuddalore to procure sufficient supplies of Firewood for their Factories without importing it by Sea from distant places along the Coast at a considerable cost and loss of time, so that, should any further monopoly of Jungles be conceded to the Porto Novo Company, the result must be fatal to all parties engaged in the Manufacture of Sugar at Cuddalore, as they will thereby be debarred from obtaining the smallest quantity of Firewood on the spot an injury which we do not imagine Government will inflict upon a numerous body of Capitalists when it is brought to their notice.

We beg further to state that one of the under signed Firms Messrs Vinay Cardozo & Co. of Pundicherry together with Messrs Deboolons & Co. of the same place have already addressed the Collector of South arcot against such further monopoly by the said Porto Novo Iron Company, in the hope that the same will be laid before your Board recommended by him.

Order on the Petition 46-49 Page in Cons. 20th Nov.

Read again letter from the Principal Collector of Madura reporting in detail upon the subject of Petition No. 692 of 1845 presented to the Board by one Palanyappah Moodiliar respecting his claim to the Curnumship of the Village of Peroomayoor &c. in the Meleore Talook of that District.

Proceedings thereon.—

Informing the Principal Collector of Madura that the Board would suggest that some amicable arrangement be effected for the adjustment of the differences existing between Palany appah Moodelliyar Petr. in No. 692 of 1845 & Soobramonea=ya Moodelliar the individual in possession of the Curnomeship of Peroo=mayoor.—

The Board learn from the foregoing investigation into the allegations contained in the Petitioner's address that he succeeded his uncle as Curnum of the above Village in the year 1819, but that in consequence of his nonage the duties of the Curnomship were carried on by one Verthasalom alias Soobraineya a Moodiliar a distant relative as Gomastah for the minor until the year 1832, when the Petitioner succeeded to and undertook the personal discharge of the Office of Curnum in the Village of Colamungalum causing his opponent Verthasalom in the sole charge of the Curnomship of those Villages in which he had been employed as a Gomastah.—

2. This arrangement appears to have continued till lately when dissensions arising between the parties the Petitioner has brought forward his claims to succeed to the whole of the Villages to the entire exclusion of Verthasalom on the grounds of hereditary succession.—

Sir,

I have the honor to state for the information of the Board that Chocka Talaver the Zemindar of Maneyatchy in this District, died on the 16th August last, leaving 3 Widows and 7 Sons, of whom the son of the 1st. Wife, Poolagar Pandia Chocka Talaver, has attained the age of 30 years and claims succession to the Estate. I have had several interviews with him at various times, both before and since his father's death, and find him quite able to conduct the affairs of the Zemindary. I therefore beg to recommend that he be acknowledged the rightful Zemindar of this above Pollium. The Peshcush is Rupees 12,841-8- per Annum, and has been paid without any arrear up to the demise of the late Zemindar. the last instalment due having been lately paid by the young man.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 23d. Ultimo, stating with reference to the recent orders of Government relative to the discontinuance of the Tobacco monopoly in your District, that Tenders have already been invited for the supply of the ensuing year, and that the day fixed for the acceptance of the lowest offer is the 20th. proximo, and requesting to be informed whether it is the wish of Government that the existing system should be discontinued after the expiration of the present contract, or whether it is intended that it should be carried on until the arrangements proposed for providing a substitute for the Revenue now derived from the monopoly can be introduced.-

In

2 In reply I am directed to inform you that from Para 12 of Extract Minutes of Consultation 10th September last, it would not appear to be the intention of Government to carry out the abolition of the Tobacco Monopoly from any specified date nor until the whole question inclusive of course of the substitute to be provided in lieu of the present system shall have been submitted for the orders of the Government of India and the Honorable the Court of Directors. From Para 3 of your letter it seems that "the "stock of Tobacco on hand of the present "years contract will be sufficient for "the consumption of the District until "the month of June next, and that no "inconvenience will be experienced by "not entering into any fresh contracts "for the ensuing year." If by this you would intend to imply that the entering into those contracts may for the present be postponed without inconvenience as regards the ensuing year the Board will leave it to your discretion to suspend their conclusion, and to invite fresh tenders hereafter, but you will be careful to invite them in due time unless you should receive instructions to

to the contrary. If however the omission to conclude such contracts now would be likely in any way to prejudice the monopoly supply of Tobacco for the next year, it is desirable that the contracts should be made at once. it appearing to the Board that the prospect of arrangements for the abolition of the monopoly being carried out by the expiration of the current Fusly is not such as would warrant the neglect of the necessary precautions for securing a due supply of Tobacco for next year under the existing system.-

(7)

Dated 10th February 1844
Minutes of Cons. Dated 29th June 1844 No 2649

Extract from the Minutes of Consultation under date the 7th November 1845.

Read the following Extracts from the Proceedings of the Board of Revenue.

Reporting on the Settlement of the Estates of Ramachendrapooram and Vagayemmapettah in the Rajahmundry district for Fuslies 1251. 1252. and 1253. and of Pennapullah and Peddapoor for Fusly 1253.

(Here enter 7th August & 8th September 1845 No 486 and 555.)

Para 1. The circumstances under which the Ramachendrapooram Estate came under the management of the Collector are fully stated in the Minutes of Consultation dated the 18th October 1842 No 1249 and in the report submitted by the late Commissioner in the Northern Circars on the affairs of this ancient Zemindary. On this last occasion the Government upon the urgent recommendation of the Commissioner, who pointed out the destitution of the family and the necessity of immediate relief directed a Monthly allowance of 400 Rupees to

Fort St. George 17th November 1845.

to be granted to the Zemindar from the proceeds of the Estate.

2. The measures then suggested by the Commissioner in respect to this Zemindary will receive the attention of Government when the report submitted by the Board of Revenue for the general improvement of the whole Rajahmundry District is considered.

† Dated 11th July 1845. No. 444.

3. It will be sufficient in this place to notice the management of the property by the late Collector and Acting Collector during Fuslies 1251 – 1252 and 1253, and the Causes which are stated to have produced them.

4. The seasons of both Fuslies 1251 and 1252 are reported by the Commissioner to have been unfavorable, which combined with low prices and the depressed state of the cultivating population caused a decrease in the Revenues of the Estate. The season of Fusly 1253 was favorable at the commencement, but subsequently the unusually excessive floods of the Godavery entirely destroyed the first Crops and greatly damaged the Paddy, which, added to the low rate at which grain was selling at the period the Kists fell due, affected the

Fort St. George 17th November 1845.

the realization of the demand for that year, of which above 29 per Cent remained unrealized to the end of October 1844. It was clearly the duty of the local Native functionaries to ascertain by personal enquiry on the Spot immediately after the waters had subsided, the extent of the damage and the value of the produce destroyed by the floods; and His Lordship in Council is of opinion that their neglect in not doing so was highly culpable. His Lordship would also observe that the European Officers ought to have taken prompt and efficient measures to have ensured the performance of this palpable and necessary duty.

5. The results of the Settlement for the 3 years under notice are exhibited at one view in the subjoined Statement, which for the sake of comparison includes also Fusly 1250.

	Demand	Collection	Balance
1250	73,663	49,147	24,515

having been sanctioned only in June 1844.

8. Thus it appears from the results exhibited in the preceding paras that the revenues of this Zemindary have deteriorated since it came under the Government management in March 1840 - that the Peishcush was never realized fully in any one year of that period, the payments towards it falling considerably short of the amount - and that the very large amount of arrears due on this account, and also by the Ryots of the Estate, most of which is represented as totally irrecoverable, has involved the Zemindary in complete — insolvency, which it's present condition renders it quite hopeless to relieve.

9. This Estate which formed the subject of the correspondence noted in the Margin, having been restored to it's legal Proprietor, and the arrears of Peishcush due on it to the close of Fusly 1253 remitted, the Government deem it unnecessary now to enter on a review of the results of it's management by the Collector from Fusly 1251 to 1253 during which period, it is remarked, the Estate never realized the amount of † Peishcush fixed upon it.

The net receipts of the year credited to Government were Rupees 722-12-10

11. The Estate has since been purchased on account of Government under the circumstances adverted to in the †correspondence noted in the Margin, and His Lordship in Council is glad to observe from the Acting Collector's report on the causes of the deterioration of this Village, that it's condition in the past year exhibited an improvement, and that the prospects for the present year are still more encouraging, expectations which, he trusts, will not be disappointed.

of October 1844 fell short of the above demand to the extent of above 30 per Cent, leaving a balance on that date of Rupees 53039- respecting which the Acting Collector proposed to make enquiry, and take steps for Collecting such portions as may be recoverable. This large balance may be attributed to the scanty harvest on the wet lands in the Lingumpurroo Mootah, and to the crops of several Villages being injured by the freshes of the Godavery.

Acting Collector's report para 31

13. Exclusive of the above balance, the arrears due from Fusly 1249 to 1252 are computed at Rupees 219986-12-5 the recovery of which the present depressed condition of the Zemindary renders quite hopeless.

14. The total receipts of the year under review amounted to Rupees 129,232- falling short of the Peishcush by above Rupees 40,000, but to this head only Rupees 97,417- were credited, the charges of management and Zemindar's allowances having absorbed the remainder Rupees 31,835-5- thus, leaving a Current balance of Rupees 72,017-15-3 against the

the Estates, which with the previous arrears on this account amounted to the large sum of Rupees 4,16,829-2-1, a liability which under present circumstances seems to be irretrievable.

15. The affairs and conditions of this Estate formed the subject of a separate report submitted by the Commissioner in the Northern Circars under date the 31st January 1844, the consideration of which was deferred until the further report of the Commissioner was laid before the Government, with the sentiments of the Board on the measures to be adopted for the improvement of the Rajahmundry district generally. The Board's proceedings are now before the Government, and will be considered and disposed of with the dispatches of the Commissioner dated the 31st January and 18th March 1844.

16. Her Lordship in Council regrets to be obliged to notice another instance of great and needless delay on the part of the Board of Revenue in the disposal of settlement Reports. It is observed that the Commissioner's report now under consideration was received in their Office on the 1st December 1843 and disposed of in August 1845, after a lapse of one year

and for a further sum of Rupees 117614 the amount of defalcation in the Treasury under his charge when Collector of Vizagapatam, and made good by him. The Accountant General has the honor to state that the records of his Office throw no light upon the matter under consideration and he would therefore request, with a view of enabling him to submit a report on the subject that he may be furnished with the correspondence which took place when the subject was before the Government in the year 1827 as would appear from the Extract of Minutes of Consultation given in Mr. Hawkins's letter to Government.

The total sum expended by Mr. Webb on account of the public service was Rupees 154886 of which the sum of 36000 was reimbursed to him by Government some time between 1795 and 1803. The Accountant General requests that any correspondence relating to the circumstances under which the reimbursement of this sum was made may be furnished. He further requests to be furnished with any report of Mr. Webb from 1795 to 1803 relating to the disturbances for which the secret service money was expended by him, as also with any correspondence relating

Sir,

To the Chief Secy to Government submitting with reference to the orders of Government on the Petitions from Vencamah widow of the late A. Pedda Ramiah Mazoomdar of Pittapore praying for the continuance to her of a portion of the allowance enjoyed by her late husband & letter from the Collector of Rajahmundry stating that the allowance enjoyed by the deceased was a life pension only and recommending for stated reasons that the Petitioner might be allowed for her life a moiety Rs 78.. per mensem of the pension enjoyed by her late husband—

In Cons 13th November

I am directed by the Board of Revenue to acknowledge the receipt of the orders of Government dated 20th December 1845, and 8th August 1845, on Petitions Nos 1777 of 1845, and 1025 of 1845, calling upon the Board to report on the case of Vencamah widow of the late A. Pedda Ramiah Mazoomdar of Pittapore in Rajahmundry, who had petitioned for the continuance to her of a portion of the allowance enjoyed by her late husband—

2 In reply I am instructed to submit for the information of the Most Noble the Governor in Council the accompanying letter from the Collector of Rajahmundry dated 25th Ultimo, from which it will be seen that the ancestors of A. Pedda Ramiah were Mazoomdars of the Pittapore Zemindary whose lands were resumed by Government and a ready money allowance substituted for them when those offices were discontinued—

The family to which the deceased belonged received yearly the sum of Rupees 1,342-4-0 of which Rupees 180-3-6 per annum were entered in his name, and he continued to draw that sum until the date of his death which occurred on the 12th December 1843—

3. The allowance enjoyed by the deceased was a life Pension only but it will be seen from the correspondence quoted in the Margin that on former occasions of a similar description the Government have been pleased to continue a portion (Viz. in each case a half) of the lapsed pension to the representatives of the former holder. The present applicant is stated to be advanced in years, indigent, and with a widowed daughter in law and two female Children dependent upon her for support. It appears to the Board that her case is deserving the consideration of Government, and that she might be allowed for her life a Monthly (Rs. 7-8 per Mensem) of the pension enjoyed by her late husband as in the instances above referred to.

Proceedings Relative to the settlement of the Government Estates in the district of Masulipatam for Fusly 1253 A.D. 1843/44

The season of the year under review was upon the whole favorable. The rains that fell operated advantageously on the 1st crop of the year the black paddy crop

crop and also on the wet lands situated in the Pedana Estate but in Kytapilly in consequence of a failure in the periodical early rains and in the usual rise of the Kistna, the cultivation of Punjah lands materially suffered whilst the dry lands this nearly on a par with the outturn of the preceding year it is stated yielded a scanty return. the Jonna Crop having suffered when coming to maturity by the unseasonable supply of rain in December.

P. 2. 2. These causes tended to produce a deficiency in the Settlement of the year under report compared with that of the previous fusly amounting to

The increase occurring under the head of Lands settled on a division of produce amounting to Rupees 281-2-8 would have been much larger had it not been for the failure of rain in November 1843. The money rented and Garden Lands exhibit a nett increase of Rs 423-8-4 compared with the receipts of the past year. The amount realized on account of ready money Collections exceed that obtained in Fusly 1252 by Rupees 62, the excess occurring chiefly in the items noted in the margin accessioned; it is represented, by the advantageous terms at which the Indigo works had been let for the fusly under review, by the seasonable supply of water received by the swamps and by the Collection of the Dunbary Charges with reference to the produce.

6- The Settlement of the Hytapully Estate shews a net decrease of Rupees 1284-15-0 as exhibited in the margin. The deficiency is attributed to a failure in the usual supply of water from the river Kistnah and also to a falling off in the selling prices of grain: the Jonna Crop was, it is stated, severely damaged by a heavy fall of rain at an unseasonable juncture -

P 17-18. 9- The advances made for cultivation in fusly 1253 amounting to a sum of Rupees 577- were realized in full. The sum due on account of Swaramut Mof being Rupees 259-5-2 should be recovered at as early a period as possible -

P 19. 10- Of the arrears stated in the Collector's report of the 13th April 1844 to be recoverable, only Rupees 41-5-7 have since been realized as the depression of prices and a falling off in the produce did not admit of collection to a larger amount. The balance still outstanding is Rupees 332-15-11 -

P 20. 11- The Collector states that now portion of the arrears represented as hopeless has been realized, and that an inquiry as to the particular nature of the items composing that sum is in progress. The Board trust that no time whatever will be lost in laying before them the result of his final investigations -

P. 21. 12- Under the circumstances mentioned by the Collector in para 2 of this report the Board concur with him in thinking that the present system obtaining in regard to lands cultivated with Pumpkins and Grjeolos referred to in Para 4 of Extract Minutes of Consultation 30th March 1844 may be allowed to continue until further

P. 24- 14- The Gross receipts derived from the whole of the Estates under report amounted to Rupees 9109-15-3 which yielded, after deduction of the charges, a net revenue of Rupees 6701-10-10.

From the Statements appended to para 36 of the Collectors Report it will be seen that the total amount outstanding against the Estates in possession of the Proprietors and under their management is Rupees 120,719-5— evincing as it does the deteriorating effects of the Zemindary System and the Board are of opinion that measures should be taken to place these Estates as a permanent measure under Government management as suggested in their Proceedings 28th April 45 in regard to the Bajoorah Zemmindary. The Board perceive that the Collector will have by this time received the sanction of Government for placing under attachment the Zemindary of Nundegamah and as to the Estates generally which are in default, the

Proceedings thereon.

Directing the suspension of Cedambey Shashacharloo Ameen and Head of Police of Prattepaud in the Guntoor District from his situation and pay for a period of 6 months from the 8th October last.

From the foregoing letter and the correspondence and depositions which accompany it the Board learn that Cedambey Shashacharloo the Ameen of Prattepaud neglected to make arrangements to provide for the wants of the detachment in question previous to their arrival at Prattepaud and that on the deficiency in the supplies then procured being brought to his notice by the Commanding Officer that he is neither personally or by deputing a competent subordinate from his Cutcherry exerted himself to remedy the inconvenience to which the Troops were

were reduced but returned insulting replies to the requisitions of Captain Marshall. The Board are also satisfied from the general tenor of the papers before them that the conduct of the Ameen when giving his evidence on the subsequent investigation personally held by the acting Collector was highly disrespectful, contumacious, and prevaricating and they do therefore in consideration of all the circumstances brought to notice direct that he be suspended from his situation and pay for a period of six months from the 8th of October last the date of his temporary removal from Office and by the acting Collector Mr White.

Ordered at the same time that the following Endorsement be recorded on Petition No. 1375 of 1845.

The Petitioner is informed that the Board have had before them the correspondence and documents connected with his case and have, under the circumstances therein set forth, directed his suspension from his situation and pay for a period of Six Months. The Petitioner is at the same time informed that any future instance of similar neglect of duty or disrespect to his Official

2. The gross revenue derived from the sales of Salt was below that of Fusly 1253 A.D. 1843-44 in the sum of Rupees 72548 - " - 4. There was a falling off in the sales for exportation to Calcutta during Fusly 1254 of Rupees 84,044 - " - 9. which in the opinion of the Collector arose from the interruption the Trade experienced from the change of price of this article and the uncertainty that subsequently prevailed among the Merchants as to what would be the final rate fixed by Government. The sales for Home and Inland Consumption however during the same period increased to the extent of Rupees 12,716. 1-7. in the former, and Rupees 779 - 14 - 10. in the latter.

3. Altho' the Inland sales produced the excess in money just alluded to the actual quantity fell short of what was sold in Fusly 1253 by 141 Garce. The Collector has traced this decrease in the consumption to various causes which certainly may have tended to affect the demand to a certain extent, the Board however are disposed to consider that the true reason for this

this material diminution in the quantity purchased for Inland trade is to be found in the fluctuating state of the Salt Market and the natural unwillingness of the Merchants to invest largely in a commodity which has so recently experienced such marked variation of price.

4. The Collections brought to account under this head in the year under notice were Rupees 427-13- being the amount of arrears due for Fasly 1246, and the Proceeds of the sale of confiscated goods seized in Fasly 1253.

Abkarry.

1253 -- 23219-2-11
1254 -- 26133-2-11
Increase 2914-10-11

The demand on account of Abkarry Amounted to Rupees 26133-2-11 which was above the settlement of the previous Fasly by Rupees 2914-10-11 arising from the increased value of the rents received during the Fasly under review on account of this Branch of Revenue. The total receipt exceeded those of Fasly 1253 by Rupees 3215-14-6 and after deducting charges the Net Revenue exhibits an increase of Rupees 3213-1-8.

5. Under this head there was a falling off in the Export duty of Rupees 2,030-7-6. and an increase in the Imports

Imports of Rupees 1079-13-7. causing a net decrease of Rupees 950-9-11. The decrease in the former would appear to have arisen partly from a falling off in sundry products from the effects of season and partly also from fluctuations in trade. The Increase on Imports arose principally from the enhanced rate of duty levied on rice and Paddy under Act VI of 1844.

Net Revenue.

The demand on account of Motarpha amounted in Fasly 1253 to Rupees 20727-4-11 whilst the Settlement for the year under report was Rupees 21180-11-6. shewing an increase in the latter of Rupees 453-7-6.

8. Owing to the discontinuance of the Sale of Sayer Rowannahs, and the decrease in the sales of Sea Custom Rowannahs the revenue under this head exhibits a falling off of Rupees 5583-12-11 the total Collections including Current and extra from this source for the year reported on being Rupees 9525-10-11 whereas the amount realized in the antecedent Fasly

Chief item of increase in the charges under the head of Salt Viz: Rupees 22,038-14-9- owing it is stated by the Bishop to a larger quantity having been received into store in Fusly 1254 than in the preceding year- the decrease has occurred principally in the Sayer and Stamp Departments in consequence of the abolition of the Town and Transit Duties by the operation of Act VI of 1844- the Net increase as exhibited in the above Table is Rupees 8,708-15-11-

in the Principal Division and the Board are referred to the Sub Collector's Jamabundy report for particulars as regards the sum due by individuals in the Sub Division.

13. In their proceedings on the Extra Revenue Report from Nellore for Fusly 1253. the Board observed that "it would have been better if the nature of the balance in the Sub Division, and the recoverable and irreconcilable portions of it had been at once ascertained from the Sub Collector and exhibited in the report before the Board as well as that outstanding in the Principal Division" and they regret to find that Mr. Bishop has not attended to this suggestion in the present report, which they desire may be adopted in future.

11th Novr 1844 P.B.

The arrears due for former Fusslies at the Commencement of the year under reference were Rupees 8425-5-3- as noted in the Margin- during the last Fusly the whole of the balances on account of Sayer, Abkarry and Sundry small Farms had been collected, as well as Rupees 946-5-6- on account of Moturpha &c thus

thus leaving a Net balance at the end of Fusly 1254 of Rupees 7142-5-3- due entirely under the latter head.

15. The total Gross Collections Current, Extra and arrears during the Fusly under notice amount to Rupees 569699-5-4- the Charges to Rupees 108714-10-0- leaving a Net Revenue of Rupees 460984-11-4- which was less than the return of the previous Fusly by Rupees 16587-11-11-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections, Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Nellore for his information and guidance.

Proceedings thereon.

(24-25)

It is observed that for reasons given by the Collector he does not recommend payment of the arrears claimed by Mansaukabaee, but he has not stated whether the Yeomiah should be continued to her from the date of application. He will be pleased to submit his opinion on this subject and also to report the present age of the applicant. The difference in the description of the Yeomiahdar is considerable. The Collector should strictly examine the two Yeomiahdars who profess to speak to the identity, warning them that they will be held answerable for the correctness of their statement and will be liable to forfeit their own Yeomiahs if their assertion be proved false on further enquiry.

Sir,

(26)

After further enquiry having been instituted into the Complaint returned with your letter of the 18th September last, it appears that though the services of the Petitioner have often been required for

for the use of Troops &ca they none of them by their own Statement were ever compelled actually to go, and that to be delivered from the importunities of the Village authorities on such occasions and the apprehension of being prefsed, they wrote the complaint under report. They are unable as before stated to prove that payment was not made for some fowls taken from their Village, tho it is not improbable that their Statement on this head is true and caution will be taken that no cause for similar complaint may be given.

Resolution thereon.

(26-27)

From the report of the Collector upon this Petition it appears that no compulsion has been exercised towards the Petitioners, and that there is no proof that the supplies furnished by them were not paid for. Should they have any cause for complaint hereafter they should bring it to the notice of the Collector".

Proceedings thereon.

39 The Board have attentively perused the communication from the Acting Collector of Cuddapah above recorded but it does not appear to them that many observations are called for. In reference to Para 5 they think it only needful to remark that the monthly Accounts of Cultivation must be considered as Public Accounts and that the omission to enter cultivated land in them would render the Village Servants liable to punishment. It will not be necessary that they should be punished on all occasions. whether punishment should be inflicted, and if so its nature and extent must be determined by the circumstances of the Case. In reference to Para 7 and the following Para the Board see no ground for modifying the order con. =tained in Para 3 of their Secretary's letter of the 13th. Ultimo Viz. that the dismissal of Village Servants from Office for misconduct shall on every such occasion involve the forfeiture of all Official emoluments. It will not of course follow that all parties convicted of fraud or other misconduct should be dismissed the punishment of dis. =missal should be reserved for Acts of a serious and flagrant character Minor offences may be punished with fine or suspension

Submitting a letter from the Acting Collector of Chingleput reporting the sale for Arrears of Revenue of the Muspaidoo and Ayacollatoor Mootahs and recommending that the purchase of the latter on behalf of Government for Rupees 5100 may be sanctioned and that the Acting Collector may be authorized to pay the surplus Rupees 2,948. 11. 5 accruing from its sale above the Government demand against it to the late proprietor. 20th. Coll.r in Cons.n 13th. Inst.t 1825. Muspaidoo

Sir,

I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Chingleput reporting the sale for arrears of revenue of the Muspaidoo and Ayacollatoor Mootahs of his District.

2. The arrear on Muspaidoo for fasly 1251 — amounted including interest and charges to Rupees 2,395—2 8. nearly one years Peishcush (Rupees 3180—10—2) The Mootah purchased by one Balaram Narasinga Row for Rupees 1,225— This sale does not require the confirmation of Government.

3. The Ayacollatoor Mootah was one

one of the 5 Estates into which the Streepermatoor Mootah was divided in 1830. It appears always to have yielded a surplus profit and to have been brought to sale on the present occasion not from its unproductiveness but from the private embarrassments of the proprietor. The Statement given by the Acting Collector in Para 4 of his letter exhibiting the Annual receits for the 6 Fuslies from 1244 to 1250 (omitting 1249) shews the average surplus to have amounted to Rupees 1505—13—2 per Annum. Three of the Mootahs of which the Streepermatoor Estate was originally composed have already reverted to Government by purchase, and have proved advantageous acquisitions for which reason and on account the profit to be expected from the purchase of Ayacollatoor the Acting Collector was induced to buy in that Estate on behalf of Government for Rupees 5100.

4. The measures taken by the Acting Collector in the purchase of the Ayacollatoor Mootah appear to the Board to have been judicious and in consonance with the orders of Government in Mr. Secretary Hills letter of 21st. September 1821. They therefore beg to recommend that his proceedings may be sanctioned that he may be allowed credit in his Accounts for the purchase Money (5100) of the Estate and he may be authorized to pay the Surplus Rupees 2,948. 11. 5 accruing from its sale above the Government demand against it to the late proprietor.

Inbors: 27th. Septr. 1825.

5. The Acting Collector has forwarded a Petition which reached him on the day of the sale, from Singa Charloo the former Mootahdar of Streeperumatoor, but which Mr. Maltby states appeared to him to furnish no valid grounds for suspending the sale

sale. In this the Board concur. The Mootah has for many years been registered in the names and been in the enjoyment of other parties the sale which has recently taken place was for arrears of Revenue due by the last registered proprietor no notice of any pending legal proceedings has been communicated by the Courts and the disputes between Singa Charloo and the former proprietors of the Estate are not matters for the cog: nizance of the Revenue Authorities.

To the Chief Secretary to Government ..... Submitting with reference to Extract Minutes of Consultation dated 2d. August last a letter from the Acting Collector of Chingleput stating that the original Purwannah by which the Village of Nullor was conferred on Shrotriem Tenure is not forthcoming and suggesting that the claims of Veera Raghavulu Reddy whatever they may be may be referred for adjudication to the Collector. 17th. Nov. 1845.

Sir,

With reference to Extract Minutes of Consultation 2d. August last calling for the original Purwannah by which the Village of Nullor in the Chingleput District was conferred on shrotriem Tenure, I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor the accompanying letter from the Acting Collector of the 28th. Ultimo, from which it will be perceived, that this Document is not forthcoming and that the present Shrotriemdar Ramasawmy Razoo has declared in presence of the Acting Collector that it is not in his possession. It further seems that no copy of the instrument is to be found among the records of the Collector's Office.

2. Mr. Maltby explains that no copies were kept of these Purwannahs on their first issue in 1802, but that subsequently in 1814 the then Collector called upon the different Shrotriemdars to produce their Purwannahs and Copies were taken of such as were at that time forthcoming. The Acting Collector has forwarded one of the same date as that for the Village of Nullor, shewing the form used on the occasion

occasion. It will be seen that the grant was confined to the original Grantee and his heirs, was inalienable by gift, sale, or otherwise and that on failure of legal heirs the Village was to revert to the Honorable Company.—

3. The Acting Collector has also drawn attention to the correspondence between the Board and his Office (now forwarded) on the subject of this Shotriem in 1835. which came under his notice while searching for the missing Purwannah. The history of the family up to that date will be found clearly described in the letter of the Collector 3d. November 1835, from P5 of which it would appear that the present Petitioner Vencatapulty Ranze executed on the 6th. February 1822 in virtue of a prior arrangement an agreement in favor of his brother Veeraragava Ranze father of the parties against whom the present Petition is preferred making over to him his (Petitioner's) fourth share in the Shotriem and Incrapsee Villages, agreeing that he would live with him, and that in the event of his wishing to live separate, he was to have possession of 10 Cawnies of Incrapsee lands in Nellore and an allowance of 13 Pagodas per Annum the remaining part of his share being enjoyed by his brother Veeraragava Ranze. This agreement seems subsequently to have been confirmed by a decree in the Talook Moonsiff's Court. Under these circumstances the validity of the claim now

now preferred by Vencatapulty Ranze to the share of the Shotriem which he appears many years since to have transferred to his brother, seems to the Board to be very questionable. and they would beg to suggest that his claims whatever they may be, may be referred for adjudication to the Collector, and that his opponents may not be subjected to the expence of legal proceedings in the Courts.—

4. The Board have not found in their records any further information upon the case. In his Petition No. 1414 of 1845 referred to the Board on the 17th. Ultimo, the Petitioner alludes to a report submitted to this Office in 1824 by Mr. Nisbet, but the Board have not discovered any report from that Office in any way bearing upon his claims.—

5. In reference to the endorsement on Petition 1414 of 1845 above alluded to, the Board direct me to explain that the delay in replying to the Government order has proceeded from the Board not having received earlier information on the subject from the District the letter of the Acting Collector having only reached this Office on the 30th. From the Actg Collr of North Arcot affording explanation regarding the cause of interference in the Village of Ismail Conjeveram and Shayanapoorum granted for the support of the Wallagahee and Cuneweree Mosques.

Sir

Para 1. I have the honor to acknowledge the receipt of the orders of the Board of Revenue dated 29th September last with an Extract from the Minutes of Consultation of Government requiring me to explain the cause of the interference which forms the subject of a representation from the Nabob of the Carnatic.

15560. Fort St. George 17th November 1845.

2. The Shasildar of Cavery pauk having been required to furnish the information required by the Board and Government regarding the Mocurtha Taseel, reported that the Goomastah of the Sagheer dar of the Villages of Ismail Coopum and Shayanapooram granted for the support of the Wallagahee and Cuneweree Mosques had refused to supply any information on the subject. I therefore called upon the Curnums of the two Villages to furnish the required returns when they stated that they had no accounts whatever and had kept none since the year 1829, when the Sagheer dar sent for them to Madras with the whole of their records and accounts which he then took possession of and prohibited them from keeping any and directed them for the future to prepare none except such as he should require to be furnished for his own information. That having thus superseded the records of the Villages he had proceeded to appropriate the revenue of some of the Enam lands of which however the Curnums stated that having no accounts they could give no particular information.

3- The Curnums ultimately gave

gave in a return from Memory of the Moturpha Collections for the two last years and my further interference was confined to instructing them that it was their duty to prepare and keep the usual records and accounts of the Villages as formerly and that they incurred forfeiture of their Inams by omitting to do so. The matter having been brought under the notice of the Most Noble the Governor in Council I beg to suggest that the Jaghiredar should be required to restore the records to the Curnums.

4. A small revenue of about 20 Rupees per annum was realized from the produce of the Palmyrahs &c. up to Fasly 1251 / 1841-42 since which year there has been no Collection as no one would come forward to take the farm on account of the alleged opposition of the Jaghiredar.

2. It appears that Syed Mahomed made his application about a year after the demise of the last incumbent to the Tahsildar of Cavery pauk who delayed forwarding it for about eight Months when some further delay took place in consequence of the applicant being unable to produce the original purwanah which was in the hands of the other parties sharing the Inam. I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Acting Collector of North Arcot furnishing the explanation required by Government of the cause why no application was made by Syed Mahomed for the continuance of the Inam claimed by him till three years after the death of the last incumbent.

It appears that the claimant made his application about a year after the last period that the delay which subsequently took place was mainly owing to his inability to produce the original Purwannah which was in possession of the other parties sharing the Inam.

It further appears that Syed Mahomed has no certain income he is a horse breaker and his father who is a pensioned Peon at Rs 5/4 a month may perhaps contribute to his subsistence.

Sir,

I have the honor to bring to the notice of the Court, the inefficient state of the Police in the Town of Cuddalore Salem, and its adjoining Pettahs, Viz.t Sevapettah, Ammapettah, Kitchepolliem, Ponamal=pettah, and Cogay, which contain 4783 dwelling houses, with 22788 inhabitants, a portion of this number consists of Merchants and Traders, besides, the extent of the Talook from East to West is forty miles and contains 310 Villages, both Amauny and Jaury inclusive. The number of cases Cognizable by the Police Officers is very great, and the business is often unavoidably delayed in consequence of the Head of Police being engaged in Revenue duties which in that Talook are very heavy.-

2. There is a Cutwall to the Town of Salem and its adjoining Pettahs whose duties are to furnish supplies to Travellers &c.a &c.a, but as the provisions of Clause III, Section III Regulation IV of 1821 do not authorize the Cutwall to

is therefore very necessary that a Police Ameen

Sir,

Para 1. With reference to your communication under date the 18th Ultimo adverting to the inefficiency of the Police in the Town of Salem, and requesting that the Sanction of Government may be obtained for the Appointment of the present Cutwall of Salem to the Office of Police Ameen upon a monthly Salary of Rupees 30 and of a Goomashtah upon a Salary of Rupees 7:-

2. I am directed to inform you that under the circumstances stated in your letter now under acknowledg-
=ment, the Court of Foujdaree Udalut were prepared to forward your ap-
=plication direct to Government although with reference to the Circular Order of the 10th June 1834 date noted marginally it would ap-

To The Collector of Salem.

Sir, I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 22d Ultimo forwarding copy of a correspondence between yourself and the Court of Foujdaree Adalut and requesting that sanction may be obtained for entertaining in the Town of Salem a Police Ameen and Goomastah in lieu of the present cutwal at an increased charge of Rupees 19-8-0 per Mensem.-

2. In reply I am directed to inform you that the necessity of the proposed charge does not appear to the Board to be such as would warrant them in supporting its adoption at an enhanced expence, but if you are enabled to suggest such an arrangement among your establishment as would admit of the Measure being carried out without involving any additional charge the Board will not object to recommend it for the approval of Government.-

Read again letter from the Collector of the Southern Division of Arcot dated 10th Ultimo and entered in Consultation 13th Instant.-

Ordered that the abovementioned letter be submitted with the following address.-

To The Chief Secretary to Government.-

Sir,

Para 1. I am directed by the Board of Revenue to request you will submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of South Arcot reporting on the claims of certain individuals to succeed to a Cuttoobady Enam in his District.-

2. From this communication it will be observed that the Enam in question which consists of 15-C 14-A of land bearing an annual Peerwah of Rupees 42-14-9 was originally bestowed upon one Audur Naick on half Peerwah by his Highness the late Nabob in lieu of wages for his services as a Revenue Peon in the Village of Iyenpolliem in the Trinamalay Talook of South Arcot- that on the demise of this individual in Fusly 1227 the Enam was entered in the Summar=bundy Accounts in the Name of his Eldest Son

53

To the Chief Secy to Government- Submitting a letter from the Collector of South Arcot reporting on the claims of Mauremoottoo Naick and Arnachella Naick to succeed to certain Cuttoobady Enam in that district and recommending for stated reasons that the Enam be resumed and incorporated with the ain lands of the district.-

10 Collr 13 Inst. 1845

15581 Fort St. George 17th November 1845.-

Son Anomalay Naick who after a temporary enjoyment of it became a Sunyasee ten years ago; and his brothers Mauremootoo Naick and Arnachella Naick, the latter of whom is a Police Peon in the Talook of Tricullore now solicit the register of the Enam in their Names-

3. Mr. Davis states that as the parties are possessed of no documents in support of their claim and as their Services have long been dispensed with by Govern=ment, the land should no longer be con=tinued on Enam tenure.-

4. The Board quite agree with the Collector- From the correspondence noted in the Margin it will be seen that in the year 1806 it was ordered by Government that Enams of this description in South Arcot should be continued only during the lives of the then holders- and as the party who at that time held the Cuttoobady Enam is long since dead and the present applicants have no claim to consideration the Board recom=mend that the Enam be at once resumed and incorporated with the ain lands of the District.-

Sir,

From the Pt Coll. of Madura — Communicating correspondence furnished by the Sub Court shewing rule of the Sudr Adalut that Regulation VII of 1831 is inapplicable to Maniem lands taken as security prior to its promulgation and requesting to know if such lands or emolument obtained by purchase subsequent to the Regulation are divisible and saleable or liable to the provisions of the regulations.

To Register Southern Provincial Court of Trichinopoly 15th March 1834.
From Provincial Court at Trichinopoly to Judge of Madura 7th June 1834.

Revd. Paral. On receipt of the commands of the Subordinate Court to transfer the Ambalam Marayee of a head of Village in the Pannad Zemindary from the name of the incumbent to that of a purchaser at public outcry under the authority of the Court. I submitted if it was not contrary to the provisions of Regulation VII of 1831. In answer to the Court communicated the accompanying correspondence giving the opinion and orders of the Sudr Adalut on the legality and propriety of the transaction, whereon I have directed the transfer.

2. I presume there is no doubt in purchasing the Marayee the purchaser became responsible for the duties to be exacted from the incumbent and liable to all the penalties for neglect &c. But having been purchased subsequently to the promulgation of Regulation VII of 1831, and right of sale being thereby recognized, in opposition to the Regulations,

by

15586. Fort St George, 17th November 1845.

by the Sudr Udalut, common justice seems to me to require the purchaser should possess it on the apparent conditions of the sale, and I hold that under these circumstances he should have authority to subdivide or sell it ad libitum; but request instructions in the matter, as clearly opposed to the words of the Regulation.

3. The Subordinate Court deems unnecessary an answer to my question as to the period of sale.

4. I beg to submit my own opinion that Regulation VI of 1831 did not create an illegality in the sale of Mauniem lands, but only brought to public notice an illegality and abuse then in existence, and provided for investigation thro' the recommendation of the Collector in preference to that of the Courts.

Sir,

As good deal of the property belonging to the securities for Respondent in Sudr A. S. No 18 of 1814 consists of service Mauniem and Menaffees of various descriptions, and

15587. Fort St George, 17th November 1845.

and as such property is declared by Regulation VI of 1831 to be inalienable, I wish to be informed, before I proceed with the sale of the property of the securities whose liability has been finally decided upon, whether the provisions of that Regulation are considered by the Judges to be applicable to this case, or not.

It is to be observed that this property was tendered and admitted by this Court as competent security, and that the suit itself was finally disposed of many years previously to the framing of the Regulation in question, and that the latter appears only to have a prospective effect; and that if this property should now be declared unavailable in satisfaction of the amount due to the appellant, there is very little chance of any other property being found belonging to the securities, from the sale of which the balance can be realized, and consequently the appellant's claim cannot be fully satisfied.

I find that some property of this description belonging to the securities was sold in the time of Mr Bannerman, and two or three precepts have been partly executed in a similar way lately by

1558 Fort St George 17th November 1845.

by the Nazir of the Court. But I have even forbidden him to dispose any more of it until further orders.

I therefore request that I may be favored with the opinion and orders of the Judges on the subject as soon as possible.

To, The Judge in the Zillah of Madura.

Sir,

I am directed to acknowledge the receipt of your letter of the 15th March last reporting that portions of Security given on behalf of the Sudr Respondent in A. S. No 18 of 1844 consist of various Mauniums and Meerasses declared by Regulations VII of 1831 to be inalienable, and requesting to be informed whether the provisions of that Regulation are considered applicable to the case.

The Judges of the Sudr Udalut have decided on the reference submitted to them by this Court of the above question, that the Regulation in question can neither be considered to have retrospective effect nor applicable to

Further report on trees in the island of Ramiswaram in review & consideration if they are taxable or not. —

(63)

Sir.

In reply to your letter of the 30th June, requiring certain further information with reference to mine of the 9th Idem, I have the honor on repeated reference to the manager of Ramnad, to inform you the tree tax therein referred to does not form part of the assets on which the Peishcush of that Zemindary was calculated, nor does it appear from the accounts to have been collected at any time prior to fusly 1240 / A.D. 1830/31.

2. The enclosed memo will shew the different description of trees the tax upon them severally, and their situation in the islands. The Suvanamiem alluded to in Mr Pr Coll. Nelson's letter refers only to the trees, and not to the lands in which they grow.

My

13592. Fort St George, 17th November 1845.

3. My former letter leaving to the Board's consideration the propriety of writing off from the accounts all arrears upto fusly 1253, amounting to Rupees 14,584—8—5. and the report of the Manager dated the 4th May, which had no specification as to the places where the trees are situated: but from the particulars I have now been able to obtain after repeated calls, it appears that most part of the trees are at a distance from the towns of Paumben and Ramaswaram, with exception of the fewer the back yards, forming the first item of the memo: their tax amounting to only Shooly Chuckrums 112—3 and 1½ or Rupees 112—7—1; and I therefore beg to press the circumstance on the Board's consideration before they set aside the objections of the Ryots of the Zemindar brought to notice in the concluding para of my former

To the Principal Collector of Madura.

To the P. Coll.r of Madura.

Informing him in reference to his letter of the 24th Ultimo that with the exception of such trees as may be in the backyard or similar enclosures attached to the Ryots Houses and in lands actually under Cultivation, there appears to the Board to be no reason why the inhabitants of Paumbum and Ramasseram should be allowed the use or enjoyment of the trees in those Islands free of any payment to the Zemindar of Ramnad, and directing that the demand for these trees be made from the Current Fusly.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 24th Ultimo containing further information in regard to the tax on Trees in Paumbum and Ramisseram.

2. From this the Board learn that this tax did not constitute part of the assets on which the Peishcush of the Ramnad Estate was calculated, and that it does not seem to have been collected at any time prior to Fusly 1210. It would however appear that the greater part of the Trees are at a distance from the towns of Paumbum and Ramysseram, and that a small number only are in the backyards of the Ryots.

3. Under these circumstances I am directed to state that such Trees as may be in the backyards or similar Enclosures attached to the Ryots houses, should not be subjected to any Tax and that the same rule should (unless opposed to the Custom of the Zemindary) apply to Trees

15596. Fort St. George. 17th November 1845.

Trees situated in land actually under cultivation. but with these exceptions there appears to the Board to be no reason why the inhabitants of Paumbum and Ramisseram should be allowed the use or enjoyment of the Trees in those islands free of any payment to the Zemindar and they are therefore of opinion that the demand for these trees should be made from the Current Fusly. Such Trees as may henceforth be planted should also be liable to tax.

4. It does not appear to the Board that the tax can properly be collected in arrear for past Fusslies.

From the P. Coll.r of Madura.

Returning petitions Nos 909 and 910 of 1845 with the Collr's report regd and awaiting orders thereon.

Sir,

Para.

I have the honor to return Petitions Nos 909 and 910 of 1845. respectively from Merchants of Mutharay and from the Polligar of Dodapanaikanoor complaining of prevention to hold a weekly fair at Mutharay, bearing the Board's endorsements of the 23rd September 'to report fully on the

15597. Fort St George 17th November 1845

the circumstances of the complaints therein which were received this morning.

2. For a long time a paltry weekly fair was held at the petty Village of Mattheray on Road No 20 within the Dodapanaick Pallium and about 2 miles east of the Polligars residence: about 1836 the paps of Dodapanaickanoor alias audiputty, taking the common name from the Village at its eastern and western entrances was opened and ever since a desultory improvement of the road has been carried on, for tho at a subsequent period the Board much approved an estimate for its general repair they declined to recommend it in the same way an earnest, but desultory improvement of the important Road No 23 leading between the Tinnevelly country and Palykat: also between Tinnevelly and this Audiputty paps: has been in progress, and at Dostenputty, where Road No 23 crosses Road No 20 a Mundhapum chuttrum was erected by me in 1842/43, which rapidly became a favorite resort, and in short time applications were made for land whereon to build 50 Stalls for accommodation of Individuals frequenting the weekly market: the security afforded by

15598. Fort St George 17th November 1845

by the building itself, its superior advantage in point of site, as at the meeting of four roads and somewhat greater advantages of shade and water over Mattharay; from which it is situated only 2 miles east, induced me to transfer the market to the former spot, and it is now held there in a very prosperous and convenient manner for the whole of that quarter of the Country. The Polligar who is in possession of his estate, more than once petitioned to have the market restored to its former locality and in one of those petitions (not at hand) he complained that its removal deprived him of progressites in the way of imposed taxes that he had before enjoyed.

3. The appearance of Mattharay would not induce one to believe that either it, or its inhabitants, had ever improved in circumstances from the market having been held in their limits and I do not think they are in any wise injured by its removal.

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation of the 18th Instant desiring them upon the day following its receipt to furnish the information called for under the orders of Government of the 11th idem—

In

To the Chief Secy to Government

Stating in reply to Extract Minutes of Consultation dated 11th and 18th Instant that the Board are not yet in such complete possession of the views of the Commissioner as

* In Board's Proceedings of 13th Instant

15613 Fort St George 20th November 1845

as would enable them to meet the requisitions of Government in regard to the Guntoor Survey in the detail and to the extent specified in the orders of 30th August last & that when they shall have been furnished with the information still required for a full and perfect review of the entire question the whole shall be submitted to Government in a matured form at as early a period as possible —

In lieu 1st Septr 1845.

2. In the orders above referred to of the 11th instant the Board are requested to state distinctly whether they are already in possession of full information to enable them to submit specific rules for the introduction into the Guntoor Zemendaries of a sound system of Survey and assessment in all its parts and if so the latest date on which Government may expect to receive them —

3. This last Extract which further appears to have reference to the orders of Government of 30th August, preceding in which the Board were directed in communication with the Member on deputation to give full consideration and to report in detail on all material points, of which some of the more important were specified, connected with the survey and upon the measures they would recommend to be followed with respect to each. It was further stated that

15614 Fort St George 20th November 1845

that the present survey could not be sanctioned without the fullest examination by the Board of the Principles and data upon which each part is to be based and they were desired to enter into full detail on every point connected with the subject availing themselves of the extensive practical and local information acquired by the Member on deputation —

In reply to the calls of Government of the 11th instant the Board direct me to state that they are not yet in such complete possession of the views of the Commissioner or so fully informed of the results of his late enquiry as would enable them to meet the requisition of Government in regard to the Guntoor Survey, in the detail and to the extent specified in the order of august 30th last They have however given the subject much anxious care and

Trichinopoly paras 5-7 & 8.

Para 23. The Court are of opinion that two subjects noticed in the Report from the Magistrate of the District demand the serious consideration of the Government 1st the necessity under which inhabitants are placed of yielding to the demand made by the meinkavilgars for payment of the fees spunned by Government in 1839 and now held in deposit 2ndly the objectionable results considered by the Magistrate to arise from the extensive limits of the area in which the Commissariat Officer at Trichinopoly has the management of the Abkarry compared with the extremely contracted boundaries of the small Military Bazar in which he exercises police jurisdiction.

24. The Court are not satisfied that the first of the above stated points falls within their legitimate cognizance, but the evil is apparently of sufficient magnitude not to be passed over unnoticed.

Extract from a letter from the Magistrate of Trichinopoly

Dated 29th February 1844 No 93

Extract from Mins of Govt dated 5th April 1839.

Para 5. In the year 1839 the Govern-ment ordered the fees of the Mein Cavilgars to be assumed, and the inhabitants now com-plain that while they are required to pay them to Government they are not absolved from necessity of satisfying the demands of the Mein Cavilgars who make the usual exactions from them under threats of violence if they refuse. I have endeavour-ed to persuade them of the folly of yield-ing to this system of extortion, but I fear without success- nor is it reasonable to suppose that a system allowed to exist so long can at once be put down, particularly when it is argued by the parties who pay the fees that no system has been substituted by Government for the one intended to be abolished- The fees which have been collected on the part of the Government are now deposited useless in the Treasury of the District Rupees 9367-0-0

7. Closely connected with the Police of the Division of the District just mentioned is the management of the Abkarry

Abkarry Department. The Arrack and Bang shops is doubtless productive of much of the crime perpetrated by the class of per-sons to whom I have above made allusion and my attention has been directed to a re-restriction of the number of these shops throughout the District the paltry sacrifice of immediate revenue which such a measure will occasion being utterly un-worthy of consideration as compared with the injury to health and morals and thus eventually to the general revenues occasioned by the prevalence of inebriety- but within a circumference of four Miles including the Fort and its environs and the most popu-lous part of the island of Seringham, the whole containing a population of about 82,000 people, the control over the sale of spirituous liquors and intoxicating drugs is vested not in the Magistrate but in an Officer of the Commissariat Department whose Police jurisdiction is confined to a re-Military Bazar included in a space of 238 yards long and 119 broad- so far as this arrangement has any tendency to check the use of intoxicating liquors and re-drugs, there can be no possible objection re-to

Fort St. George 20th November 1845

to it and it was doubtless with the intention that it should operate as a check in this respect, particularly to prevent intoxication amongst the troops, that it was originally established but the primary object has been under the actual system in a very great measure lost sight of, the principal aim now being to collect a Revenue so that provided the troops are prevented from indulging in the habit of drinking and eating Bang no matter what amount of inebriety prevails among the inhabitants generally the more they consume of these noxious commodities the larger will be the amount on the favorable side of the Balance sheet of the Commissariat Department, and as the Officer who has the exclusive control over the abkarry has only the limited Police authority abovementioned and cannot be supposed to know the effect of his efforts to increase the abkarry Revenue he is of course only pursuing his duty in making the effort, and the same may be said of the Head of his Department who finds

fault

Fort St. George 20th November 1845.

fault with him if there be a falling off in the abkarry Revenue.

8. It is needless to expatiate further on the subject. I trust that I have said enough to shew that however well the system alluded to may work at stations where not only Military Bazars but extensive Cantonments are under the control of a Military Police establishment it requires some revision at Trichinopoly where from a variety of causes, Military Police authority is and must remain restricted to a very few yards space, while the immediate vicinity from which the Commissariat abkarry revenue is to be drawn is thickly inhabited by people not subject to Military control. Within the space adverted to there are 72 shops for the sale of intoxicating liquors and drugs.

Extract from the Proceedings of the Sessions Court at Trichinopoly under date 20th March 1844.

Para 5. Para 15. The Magistrate in remarking on the Police of the District brings to the notice of the Court that in 1839 under the orders of Government the fees of the mein Cavelgars were assumed and deposited

Fort St. George 20th November 1845.

deposited in the District Treasury and now amount to the large sum of Rupees 9363 lying idle.

16. In Para 7 of the report herewith forwarded the Magistrate points out that within a circumference of four Miles including the Fort and its environs and the most populous part of the island of Seringham containing a population of 82,000, the sole control over the sale of spirituous liquors and intoxicating drugs is vested in the Commissariat Officer whose object is to realise a large abkarry Revenue but whose Police Jurisdiction is limited to a Military Bazar 238 yards long by 119 broad.

17. In consequence every facility is afforded to the people to indulge habits of intoxication, which almost invariably result in the commission of crime. and so long as Trichinopoly remains an undefined Cantonment not under Military Police it is difficult if not impossible to remedy this evil except by relieving the Commissariat Officer of all responsibility regarding the manufacture

Fort St. George 20th November 1845

manufacture and sale of fermented and spirituous liquors and intoxicating drugs, and transferring the control to the Magistrate.

Government have relinquished no Revenue and the Pagoda is dependent on the allowance assigned to it for its existence, which was granted by a former Native Government time out of mind, continued by the British Rulers who seem to have undertaken the engagements of previous Governments.

The payments made in fusly 1252 to Punjah kushas also on account of Pagoda and Mosque allowances in lieu of resumed lands and Privileges V.a above the sums sanctioned on these accounts, arises from arrears having been included in them as per Margin.

From the Act.g Coll.r of Ganjam, dated 28.th October 1845.

Stating with reference to the Board's Proceedings dated 12.th may last that the balance of Rs. 50122-11-6 written off by order of Gov.t was not a balance due by Ryots but an arrear of Fusles 1240 and 1241.

Para 1. I have the honor to acknowledge the receipt of your letter of the 23.d Ultimo, calling upon me with reference to an Extract from the Board's Proceedings of the 12.th May last to state whether I am satisfied that no portion of the Arrears due by the late Zemindar of Goomsoor has been made good by the Ryots and Collected from them.

2. I really can give the Board no assurance in the matter. The Balance of Rupees 50122-11-6 written off by order of Government was not a balance due by Ryots but an arrear of tribute for fusles 1240 and 1241 fourteen years ago, which the former Rajah had withheld. The Ex-Rajah of Goomsoor Collected very large Revenues from his country misappropriated, spent, or hoarded his Receipts according to his pleasure, and fell in arrear of tribute to Government. The sum in question never formed no part of a demand due individually or wholly by renters or Ryots

on

Fort St. George 20th. November 1845.

in Goomsoor, but was as I have repeatedly stated simply an arrear of tribute unliquidated by the Rajah, and due for a season previous to his resigning in favor of his son the last Rajah.

3. His successor on his installation covenanted to pay the arrear of tribute by instalments but did not find it convenient to do so. Finally he was deposed and died, it is well known during the insurrection in his country.

4. No more definite explanation than this can be afforded in the matter.

of the 31st. July last, I have the honor to refer you to the 3d. Para of my letter of the 11th. Instant regarding the spontaneous salt produced in this District. The sale of Coteur salt was discontinued for a time in order that the spontaneous salt which appeared to be particularly fine, might be sold before the freshes of the Godavery came down, and cut off the communications with the places where the latter was stored. On discovering however that purchasers resorted to the Coteurs in the Masulipatam and Vizagapatam Districts, orders were passed directing that the Coteur salt should be sold as usual. The spontaneous salt is now reserved for the Lumbadies who may be expected in the Months of March and April.

Yeomiahdar at Ellore together with the further correspondence which has passed between that Officer and the Board on the

Fort St. George 20th November 1845-

the subject-

2- The deceased it will be seen was in the enjoyment of a Rogeenah of Pags amounting to 5-9 annually in virtue of a certificate granted by the Chief and Council at Masulipatam under date 23d December 1792- He also was in the receipt of a daily allowance of four fuce for maintaining a light in the Ashoor Khanah at Ellore- this latter allowance seems originally to have been intended to be payable by deduction from the Ellore Sayer Collections it has however of late years at least been disbursed direct from the Treasury and sanctioned by Government annually among other Charges incurred without estimate- its payment has been suspended since the abolition of the Inland duties at Ellore on the 1st April 1844-

3- As the Rogeenah of 5-9 Pags was by the terms of the Certificate under which it was held only a life grant the Collector has directed its discontinuance from the death of the late holder but as the smaller allowance of

of 4 Pice per diem was granted at a very distant date. Mr. Porter recommends that it should be continued in the name of Hosan-ally the son of the deceased Hoosain ally and disbursed to him in arrears from the date of the last payment.

5th. March 1844 — 4. It will be perceived from the letter of the Collector of 11th Sept. 1845 on the subject that the Sunnud by which this allowance was originally granted is stated to have been lost, but from the orders of the former authorities of the District — the originals of which with translations are herewith forwarded, it appears that the pension has been enjoyed from a remote period having been recognized in the Diary of a former Collector as far back as the 27th December 1802. Under these circumstances the Board beg to submit the application of the Collector in favor of the son of the deceased for the favorable consideration of Government. From Mr. Porter's last letter (31st October) it will be seen that this individual is 30 years of age that he gains his livelihood by educating children in the Hindostanee language, and has no other means of support and that he still keeps up the light at the Ashoorkhanah.

Persons.

Fort St. George 20th November 1845

Persons desirous of becoming purchasers may depute authorized Agents or Vakeels for that purpose and all purchases made by such authorized Vakeels shall be held to be valid in the same manner as if the purchases had been made by the principals.—

But it is required that such authorized Vakeels shall state at the time of purchase the names of their constituents on behalf of whom such purchase may be made.

The intention of the condition being to prevent fraudulent collusion notice is further given that in the event of any purchase being made under a fictitious name the deposite money made on account of such purchase will be liable to be forfeited to the Government and the Village to be resold.

Assumed i. Mil Rent

Instrument of Deed of permanent rights has been lodged at the Cutcherry of the Collector of Masulipatam and at the Office of the Board of Revenue describing the obligations to be incurred and the rights to be obtained by purchasers of land under this Advertisement all persons are therefore referred to.

Fort St. George 20th November 1845

to that instrument for particular explanation.—

The purchasers of Estate will not be put in possession till the sale has been sanctioned by the Board of Revenue but in the mean time 15 per Cent of the purchase money will be required to be deposited immediately and security given for the payment of the remainder on the receipt of the Board's sanction or within one Month from the day of sale, in default whereof the Village will be re-sold at the risk of the first purchaser.—

In case of the sale not being sanctioned by the Board of Revenue, the deposite money will be returned and the person depositing it released from all responsibility with regard to the Village.—

For further particulars, enquire at the Office of the Board of Revenue or at the Collectors' Cutcherry at Masulipatam between the hours of 10 and 5 except on Sundays.—

Sir,

From the Mr. Asst. Coll.r in Charge of Guntoor.—

Stating that the Prisoners hitherto employed as under the Magistrate of Guntoor were transferred to the Sessions Judge under the directions of the Board of Revenue in the Department of Public Works dated 22d Ultimo and requesting the Board's instructions regarding the transfer of the Duffadar alluded to in letter of 4th Septr. and 18 Peons employed since 16th Decr. 1839 to the fixed Establishment of the Guntoor Tanah: the present Establishment of Police and other peons being inadequate for the duties required of them.—

Para 1. The Convicts hitherto employed under the Magistrate at this Station having been transferred to the Sessions Judge under directions from the Board of Revenue in the Department of Public Works dated 22d Ultimo I have the honor to request the instructions of the Board regarding certain peons hitherto entertained for their Custody.—

2. It appears that the Peons in question formerly formed part of the fixed Police Establishment of the District and were included accordingly in the fixed Moyen Jabetah, but in conformity with instructions contained in the Boards' letter dated 21st November 1839 and Minutes of Consultation 16th December 1839, the Duffadar and 18 Peons who were required for the Custody of the Convicts, were taken out of the fixed Moyen Jabetah, and their pay submitted as a Contingent charge thro' the Department of Public Works.—

Mr.

3. Mr. White in his letter to Board of Revenue D.P.W. of 4th September 1844 reported that the Duffadar in question (who held the situation of Jailor) would revert to his former situation, and I have now to request the sanction of the Board for the abovementioned peons being also transferred to the fixed Establishment from which they were taken under the above instructions as their services are now no longer required for the Custody of Convicts.—

4. It is to be observed that these peons formed a Guard for the security of persons under confinement in the Cutwall's Choultry either under sentence or enquiry, as well as of the Convicts who were confined in the same vicinity and that the present establishment of Police and other peons of the Guntoor Tannah as shewn in the margin* is insufficient to admit of a Guard being taken from them for the above purpose, their number being already inadequate to the duties required of them since the abolition of the Sayer Establishment, when the services of 17 peons were withdrawn

Reporting the dismissal of Sheshagherry Row from the Office of Head Sheristadar and urging the expediency of further declaring him disqualified to serve the Govt. in future & submitting whether the same should not be published in the Fort St. George Gazette.-

Para 1. In informing the Board that I have complied with their instructions contained in their Proceedings dated 27th ult.o directing the removal of Sheshagherry Row from the Office of Head Sheristadar of this District from the receipt of the same at Guntoor I have the honor further to remark with reference to the late acting Collectors' letter of 10th July last, submitting the result of his enquiries into the Conduct of Sheshagherry Row in the last para of which he recommends that

1564[illegible]

Fort St. George 20th November 1845

that he should "be dismissed from his situation and be further disqualified from serving "the Government in any other Capacity" that the Board in complying with the former part of the Recommendation have expressed no opinion as to the expediency of further declaring him incapable of serving the Govt. in future.-

2 In urging the expediency of accompanying his dismissal with such a declaration it is unnecessary for me to recapitulate the circumstances of Sheshagherry Rows' Conduct, as the Board have already expressed themselves satisfied of the flagrancy of his guilt, but it appears proper to remark that considering the present Corrupt and deplorable state of this District which from the enquiries of the Commissioner and late acting Collector is in a great measure to be ascribed to Sheshagherry Row as the Chief agent, it must be highly desirable for the public interests especially in the absence of punishment under the Regulations to manifest the displeasure of Government in the severest manner against the Corruption and "systematic attempts" now exposed which have been pursued as the Board observe in

in para 5 of their Proceedings of the 27th October "to undermine the European authority and to depreciate the resources of "the District" Offences which are evidently of a more heinous nature than those which subject servants in the Police and Judicial Departments to be published in the Fort Saint George Gazette as disqualified for re-employment in the Public Service.-

† under C.G. of Tanjore Court 27th Feby 1862

3 The recording of a declaration of future disqualification in the present instance is calculated as a most effectual means of making this example generally beneficial and of preventing the effect of the dismissal being neutralized by the representation of it on the part of Sheshagherry Row's friends and others as a matter of expediency and not as a mark of displeasure or merited punishment - and the lenity or defference generally ascribed to the Officers of Government regarding the Corruption and irregularities brought to light by the Commissions both in this and the Rajahmundry

Rajahmundry Districts seem further to call for the publication of such an example as the present should its expediency be concurred in.-

The Curnums however stated that they had no accounts whatever having kept none since the year 1829 when the Jaghiredar took possession of all their accounts and prohibited them from the keeping for the future or from preparing except under his orders. They ultimately furnished the Acting Collector with the required returns from memory and the further interference of that Officer was he states, confined to instructing them that it was their duty to prepare and keep the usual records and accounts of their Village and that they incurred forfeiture of their enams by omitting to do so. 43

To The Collector in the Southern Division of Arcot.

To the Collr. South Arcot

Sir,

Calling for further information on the subject of lease of certain Jungles applied for by the Porto Novo Iron and Steel Company

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 18th Ultimo with its enclosures on the subject of the lease of the Jungles applied for by the Porto Novo Iron and Steel Company, as also of your letter of the 20th Idem in which you forward, but without comment a communication received from Messrs Vinay, Cardoza & Co. and Messrs De Colans & Co. of Pondicherry remonstrating against the grant of any further lease to the Company — a representation to the same effect was about the same time addressed to this Office direct by one of the above named parties Messrs Vinay & Co. in

20th Oct. in Cons.
13 Nov. 1845.

in conjunction with two other Firms Messrs Sam & Co. and Andree & Co.

2. In these communications it is stated that, already, owing to the existing monopoly of Jungles by the Iron Company, it is almost impossible for the proprietors of the numerous Sugar works at Cuddalore to procure sufficient supplies of Firewood for their factories, without importing it by sea from distant places along the Coast at a considerable least and loss of time, so that should any further Monopoly of Jungles be conceded to the Porto Novo Company, the result must be fatal to all parties engaged in the Manufacture of Sugar at Cuddalore, as they will thereby be debarred from obtaining the smallest Quantity of Firewood on the spot.

3. With reference to these representations, I am directed to request, that you will apply to the sugar Manufacturers or other parties in your District having establishments which require Fuel, for explanation, in regard to the mode in which they have heretofore been supplied with Firewood, and as to the manner in which their supply of that article has hitherto been affected by the privileges at present enjoyed by

the Iron and Steel company, or will in their opinion be hereafter affected in the event of the further lease now applied for by that company being granted to them. You will likewise be pleased to inform such parties, that the Board will be prepared to receive thro' you, and to give due consideration to any proposals which they may make for renting such portions of Jungle land whether within or without that now applied for by the Company, as they may require for the purposes of their several undertakings, on terms similar to those which may be granted to the Porto Novo Company. Should any such proposals be made to you you will, in forwarding them to the Board, state specifically your own opinion upon each, explaining in each case, what is the extent and position, to be illustrated by a sketch Map, of the wood land applied for whether it appears to you such as is bona fide required for the use of the applicant, and what amount of rent should be charged. The Board further wish to be informed in what manner the large Towns in your District i.e. Cuddalore. Porto Novo. Chellumbram &c. are at present supplied with firewood. from what Jungles. and whether parties cutting it for the supply of those and other Towns are subject to any tax also whether in general, persons, except the Villages, for their own immediate use, are permitted to cut wood in your Jungles, and if so whether such parties have hitherto been liable to any charge. you will also be so good as to state with what feelings the renting out of the Jungles of your District is viewed by the Villagers themselves or by others who are in habit of feeding their cattle in them or deriveng other advantages from them.

4. The Board further request that you will inform them what Sugar Manufactories had been or were about to be established in your District at the commencement of the past Fasly 1254, and what are now in existence and will state whether any fresh works are likely to be opened.

Sir,
Para 1.

In answer to your letter requesting me to explain the cause of the great delay which has occurred in reporting the issue of the suit No. 296 of 1842, to the Board, I have the honor to state that the delay in question, is partly owing to the want of a competent Translator in my Cutcherry, and partly to my late absence on leave, during which time the Acting Sub Collector in charge omitted to forward the papers to the Board, in consequence, I suppose, of the multiplicity of current business.-

I have, as directed by the Board, applied this day to the Court for an extension of the time allowed for appeal.-

Submitting a correspondence with the Coll.r of Tanjore respecting a piece of Ground in the vicinity of Negapatam for which application has been made by Messrs. Andibert and St. Cyr for the purpose of founding a College for the education of European and native Children and recommending that they may be allowed to occupy the land on grant at the annual quit rent of Rs. 5/- proposed by the Collector.-

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of Tanjore respecting a piece of Ground in the vicinity of Negapatam for which application has been made by Messrs. Andibert and St. Cyr for the purpose of founding a College for the education of Children European and Native.-

2. From this it will be seen that the Gentlemen abovementioned have lately established themselves at Negapatam with the object of founding a College for the education of Children both Native and European, and that there are

are already collected in the houses in which they now reside between thirty and forty children mostly of French extraction under their instructions Their present residence is not sufficiently extensive for their purposes, they consequently propose building on a large scale and have selected the ground now applied for.

3 This ground formerly comprised the garden residence of the Dutch Governor of Negapatam It is 1-17-54 or Cawnies 9-38½ Goontahs in extent and having been rented as a garden has together with the fishery of an adjacent Tank yielded on an average from Fusly 1246 to 1253- Rupees 54-10-7 pots annum- it is now rented for three years from Fusly 1254 at Rupees 68-8-- a year. The land is not assessed- but the assessment which is would be fixed upon it if calculated at the average of the nearest Village is Rupees 23- at that of the Neighbouring Villages at Rupees 30-7-10- The Collector is of opinion that the Tank being useful to the public should not form part of the grant- and if rented separately might be expected to yield about 13 Rupees per annum- He supports the application of Messrs St Cyr and Audibert and recommends that the Ground without

without the Tank, be granted to them on a fixed assessment of Rupees 50 a year which he states would not only secure the Government from loss, but would be a higher rent than is likely to be obtained from the land if the system hitherto prevailing were to be continued:-

Under the circumstances stated the Board beg to recommend that the application of Messrs Audibert and St Cyr may be complied with and that they may be allowed to occupy the land on grant at the annual Quit Rent of Rupees 50 proposed by the Collector.-

The Arzee of Ruvy Warma Nursimha Hegaday Arasoo of Vittul dated the 29th September 1845—

Having been required by an order

Fort St. George 20th November 1845.

order No. 18 to reply to the allegations contained in a Petition presented by my Sisters to the Board of Revenue I beg to submit the following explanation. The complaints which my Sisters have made do not originate with themselves but are the result of the Cupidity of their Husbands, as I have shewn in my Petition dated the 9th January 1853 Fusly which I beg may be submitted for the information of the Board. ——

2. The succession in my Royal family has been regulated by the rules established by Bootah Pandea who held the Government of this Country in the 6th Year of the Salivahana Era. Those rules are that the rest of the family should live in subordination to the dominant and in consequence all other members have always lived in subjection to the enthroned in my family and never separate or divided —

3. Such separation or diaccion is opposed to the established rules. All my rights and privileges are to devolve after my demise to the Children of my Sisters. Therefore to allot them a distinct share would be to deprive myself of successors. Hence a want of consideration and an ignorance of the rules and usages

Fort St. George 20th November 1845.

usages have enabled my Sisters being duped by others and induced them to wish for a Separation. Their Husbands who seek to enrich themselves in the pretence of providing for my Sisters support have induced them all on a sudden to quit my residence without my knowledge and though on my being acquainted with their departure I followed them up and used much persuasion to bring them into reason, their tender age and ignorance prevented their being reconciled with it so as to be forgetful of the disgrace resulting to my family and reject my Counsel —

4 They moreover complained in the Peishcar's Cutcherry of violence having been used by me on the occasion and the Duffadar & Co. came from the Cutcherry and held an enquiry and a report was made that no violence whatever had been offered and that the complaints were false. Their Husbands also lodged numerous Complaints in their names but their investigation proved them all to be false. On a Consideration of all this your Worship who is vested with the power of upholding my Honor and prerogatives will, I hope, see much reason to concur with me in the deep regret I felt at the conduct of my Sisters the result of Youth and inexperience. ——

With

5. With a view of keeping me in ignorance of what has been done with the gold ornaments of high value set with pearls and precious stones which my Sisters had on when they quitted my mansion, their husbands carry on proceedings under their names in order to prevent their return to the palace—

6. Their husbands have no right whatever to our property. Their object in procuring the separation of my Sisters is a love of wealth a perfect indifference to the well being of my family. As the age of education of my Sisters Children is past, I have instituted a Civil suit against their husbands to cause them with their offspring to return and live in my palace where my throne exists consistently with the equitable views of the Government the guardian and protector of the honor of our family which suit still remains undecided. ——

7. Although my present means do not allow of those charities which were performed while the Government of this Country was in our hands, I still perform them to such extent as is consistent with our means being descendant of that family and the present Governmen

Government has certainly a share in these meritorious works. Though the interest on the value of the ornaments appropriated by my Sisters would be more than sufficient for their support, the love of brotherhood has so far prevailed upon me as to allow the produce in Cash and kind of one of the lands belonging to the palace called Cheepar for their expence, while I pay the Sirkar assessment thereon, and I further provide them with raiment &c. I therefore beg your Worship will be pleased to advise my Sisters to return and live comfortably in my palace and thus protect the honor of our family, so as to deprive their husbands of the means of breeding domestic dissension between us, fearless of drying up the source of much good and merit. ——

The Arzee of Pury Wutma Naw
simha Negady Arasoo of Vittel
dated the 9th January of 1253 Fusly.—

Having been acquainted by the

Fort St. George 20th November 1845.

the Tahsildar of Bekel with the purport of an order No 204 received from your Worship, wherein your Worship observes that my sisters Dodamma and Sahoobadramma have complained that I do not allow them to live peaceably in the palace and cause them trouble, that your Worship had formerly recommended us to the Peishcar to live on friendly terms - but that these recommendations did not appear to have been listened and that frequent complaints were received in consequence and your Worship therefore recommends us to live in peace at least henceforward and conduct the management &c. I beg to make the following representation. After the Petitioners have quitted the palace and live separate, still their sense conceals from the public their fault however great it may be, and the consequence is that the cause of all dissension is attributed to myself - and I am quite ashamed to give expression to the great regret I feel at such an idea and consequently I feel great reluctance to expose their conduct to the sirkar. Being unable to restrain my sorrow since their separation not only did I seek to persuade them in person, but also interpose other persons to

Fort St. George 20th November 1845.

to reconcile them both on that occasion and after the Sub Collector and your Worship recommended a reconciliation. and I doubt not that your Worship will also concur in my regret were you to know the pains I have been at to bring them to terms. Before your Worship expressed the high value of a peaceful bearing between us considering that we are the offspring of the same parents and the respect of our family I myself being fully sensible of this estimation am engrossed with the same consideration and have made great efforts in this respect. My expostulation would have been sufficient to gain over even the most foolish. Had the proceedings of my sisters been their spontaneous acts they would not have failed to return to the palace long ago but the whole misunderstanding is to be ascribed to their husbands. It is they who cause the frequent dissensions. but nevertheless consideration of relationship induced me often to invite them to the palace. but their desire is to have all the affairs of the palace under their control, the injustice of which must be evident to your Worship I feel quite confused to shew it in a proper light. My persuasions have, however, been ineffectual

Fort St. George 20th November 1845.

ineffectual. As I must have a successor to my office, I can never wish to part with my sisters. I have no heirs besides them. I past over their misconduct and always prayed for their enlightenment and return to the palace. I am now obliged to have recourse to the Sirkar. all this forgetting their misconduct and looking upon reconciliation as an object of paramount importance. I have thus long laboured to bring them to a sense of their duty, my pains have proved fruitless. They have taken away gold ornaments of great value the interest on which is more than sufficient for their maintenance, but I regret to say that they are dissipating them thro' the ill advice of their Husbands. Besides they are put in possession of the entire produce of a land called Cheepar belonging to the palace. It appearing to me quite inexpedient to deviate from the Adlya Santan rules followed by us, and a recourse to force being out of question, I have instituted a Suit under No. 3013 of 1843 in the Zillah Court to cause my sisters to return and live in my palace; and it has been taken up for trial and thus I have done all I could do to effect a union between us. I therefore beg your worship-

Fort St. George 20th November 1845.

worship will be pleased to advise them as you have done me, to return and live in the palace at least now, and thus effect a reconciliation between us before your departure from this Zillah so that your worship may take to yourself the merit of having effected the peace.

Petition of Doddumma

Arasoo, and Soobhudray

Amma Arasoo, of Vittul

Aramanay in Bekul Talook.

For the last four years that we have been turned out by our Brother Nursinha Begu. day Arasoo with only the Cloths we had on, we have with great stress and difficulty eked out our Subsistence and that of our children, by borrowing money in hopes of being relieved from the injustice practiced by our Brother. As we have not yet obtained any redress, the time has arrived when from inability of getting any further credit, we have no other alternative but starvation left to us. —

The

Fort St George 20th November 1815.

The representation of our grievances is met by our Brother with an immediate reply at the requisition of the Sirkar, couched in terms of apparent benevolence and meekness, in which he complains of our Husbands falsely asserts that we are in the enjoyment of a land called Cheepur which we do not posses, and in posession of precious jewels, and that we are ignorant and foolish, and concludes with a request to cause us to return to the Palace - The Cheepur land which he asserts to have been made over to us was never given us by him, nor do we enjoy the produce thereof. Had it been so, and had our brother really any affection to us, there would have been no reason for him to have applied for Police assistance in distraining the property of the tenants of that land, for the late Sub Collector Mr. Forsyth passing an order dated the 15th March of Fusly 1252, and Revenue No. 153, refusing the solicited assistance, being satisfied that the land had been made over by our Mother to her husband, and our father for his maintenance until he could get other property, and for our Brother appealing to your

Fort St George 20th November 1815.

your Worship against that order and the same being confirmed by another order No. 108 dated the 29th June of Fusly aforesaid - Hence it will be evident whether the land in question was made over to us by our Brother, and how he is disposed towards us - In the same order your Worship observed that it was evident that our Brother had not effected an amicable arrangement as suggested to him in a previous order, and that therefore, on the recurrence of any such dispute, such orders would be passed, as should appear to be called for - Again in an order sent by your Worship to the Bekul Tahsildar under date the 18th December of Fusly 1253 No. 204, your Worship recommended to our Brother an amicable settlement so as to prevent further complaints from us, intimating at the same time that otherwise the Tusdeek would be stopped and a reference made to the Board of Revenue. After such an order, he has thought proper to impose, upon the Sirkar by a Petition framed in terms of apparent goodness hoping thereby to cover the injustice which he has so openly practiced, His having kept us in close confinement and otherwise given us much annoyance

with

Fort St. George 20th November 1845.

with a view to take away our lives, was with much difficulty brought by us to the Peishcar's notice by means of a Petition when a Duffadar with Peons having been sent down we were saved from further persecution. He then desisted from it, and wresting from us all our jewels and documents &c. turned us away with only the raiment we had on. which fact we afterwards represented to your Worship by a Petition dated the 11th July 1842. We are not infants to be duped by others, but family women not standing in need of the counsels of our Husbands. If we are happy our husbands must of course partake of our comfort and therefore they need not seek exclusive profit. Our Brothers object in turning us out and raising quarrels is no other than that he may be enabled to benefit his own Children who shall have no right to his property after his death. as they could not have their own will and pleasure and get the ascendant while we were present. He has since our separation incurred debts to the extent of 7,000 or 8000 Rupees and dissipated the family property as a reference to his Creditors will prove, notwithstanding which he falsely asserts

Fort St. George 20th November 1845.

that he has been providing us with raiment. This is not, however, we think a greater falsehood than the others he has stated to the Circar. He now wishes our return to the Palace with no other view than that of destroying ourselves and our offspring and doing away with the right of succession which he admits to belong to us and settling it on his own children. whatever he should have done with ourselves and however regardless of our own lives we might have been we could not have desired the destruction of our offspring and therefore separated ourselves. Hence it will be self evident how far our Brother who by depriving us of food and raiment for the last four years, has desired to make an end of us, would be interested in the education of our Children. The suit No. 313. which he instituted in Court for our restoration from a consciousness that it would prove unsuccessful, has been tried and dismissed. He observes that according to the law of the king Bhoottaulla Paundya a division is unlawful and thereby shews that we are to possess every thing and that he is merely to derive his livelihood. It was not the intention of Bhoottaulla Paundya that /a Prince/ should dissipate every thing so as to leave nothing to the rest of the Royal issue. His having forbidden a division implies that all the Members of the family should partake of the income. Therefore our present

prayer

15694- Fort St. George 20th November 1845.

prayer being the last, we entertain great confidence that your Worship will protect our own and the lives of our Children and put us in possession of such means of livelihood as may be consistent with the honor and rank of our Family. The records must shew that the male and female members of the Royal family of Kileshwar which receives a Pension from Government are paid their shares separately. We beg your worship will be pleased to refer to these records and forward this Petition together with that of our Brother to the Board of Revenue, with a recommendation that we may be allowed a distinct share of the Pension granted to our family.

The high monopoly price at which Salt was sold between April and August 1253 prevented the Brinjaries from transporting any considerable quantity for consumption during that period, but after the opening of the season of the past July, when the price was reduced from 180 to 120 Rupees per Garce, the deficit of the preceding year was soon made up. 6. The actual quantity of Salt sold for Home Consumption has fallen off during the year under report, notwithstanding the increase in the Collections which is solely attributable to the enhanced monopoly price having prevented the poorer classes from purchasing as much as usual from the Government Stores and obliged them to have recourse to smuggling and illicit manufacture

manufacture for the supply of their wants of this necessary of life.

7. In connection with the management of this Branch of Revenue, I beg to draw the attention of the Board to the fact, that the abolition of the Land Customs has operated unfavorably for the sale of Canara Salt in the Northern Talooks, which would otherwise have exhibited a greater increase than is now shown. The duty imposed on the importation of Goa Salt into Canara, is 3 Rupees per Imaund or Rupees 360 per Garee, while the duty levied on the same on its admission into the Belgaum district, is 3/4 Rupees per Imaund, or only one fourth of the Canara rate. This heavy differential duty, as might be expected, has driven the Merchants to the roads in the Belgaum district, and the importation of Goa Salt at the Chookies in this District, has almost entirely ceased, as will appear from the Statement in the Margin. From this circumstance it might have been expected that the Consumption of Canara Salt in the Northern

Northern Talooks would have proportionately increased. This however has not been the case, as under the operation of Act XI of 1844, the admission of Goa Salt into this District from the Southern Mahratta Country has become free, and it is now consumed in many parts of the Country which were formerly supplied from the Canara Depôts. Under these circumstances, it seems highly desirable that some revision of our present duties on the importation of Goa Salt, should take place as we not only lose in the Customs on Goa Salt, but the consumption of our own manufacture is diminished owing to the mode in which the former is now imported into the Province.

The abolition of the Frontier Chowkies, and consequent removal of the heavy duty on Ganja, has proved injurious to the Revenues derrived from the Tobacco Monopoly, for the protection of which, I conceive, the duty amounting almost to a prohibition, was imposed on the import of the article. If the Tobacco Monopoly were likely to Continue, it would become a question whether some restriction should not be put upon the importation of Ganjah into the District, as its Consumption must be expected very Considerably to increase under the present free admission.

21. The Cause of the large arrears at the close of the year under report, was the failure of the Abkarry Renters in Mangalore and Codipi; and of the Ferry farmer in the former Taloork, which rendered it necessary to put up their property to Sale.

22. Of the arrears outstanding at the beginning of the past Fusly 1254 the following sums have been Collected viz.t

For Fort St. George 20th November 1845.

This Balance of Rupees 99-3-9 is considered irrecoverable the amount being chiefly due by certain Fishermen which cannot be collected without the sale of their fishing Nets, the only means of their subsistence. I therefore request the necessary sanction for Remitting the demand in question.

24. With regard to the observations of the Board in their proceedings on the Extra sources for Fusly 1253 under date the 11th April 1845 I beg to explain that the discrepancy alluded to by them, was occasioned by the adjustments made in the accounts under the directions of the Accountant General in the entry of the Ameendevi Revenues. According to these instructions the amount realized by the sale of Coir was directed to be entered in the accounts as the Current revenue of the year in which the sale took place, it having been previously usual to carry to account as Current revenue, such amount only as was realized by the sale of Coir, the produce of the year, and any proceeds from the sale of former years produce, was entered as arrears. For the better information of the Board, I beg to refer them to the letter from the Head Assistant Accountant General of

Para 2.

25. In the Minutes of Consultation under date the 29th May forwarded with the Board's proceedings dated 5th June 1845 the Government remark on the gradual decline in the Revenue from the Tobacco Monopoly and call for information as to whether the permission to grow Tobacco for the monopoly in certain parts of the District formerly belonging to Coorg is attended with advantage or otherwise to the Revenues of the District.

26. There can be no doubt that the permission in question has proved injurious to the Revenue derived from the Tobacco Monopoly. The Statement in the margin shows that in the two Taloks in which the Coorg moganies are situated, the Collections from the Tobacco sales have been regularly falling off during the last five years, while in the rest of the District there has been little fluctuation in the Revenue from this Item.

Taulies	Revenues of Tobacco Monopoly in Buntwal			Revenues of Tobacco Monopoly in Belthul			Total of the two Taloks in which Tobacco is grown

1253	35164	12	9	42822	1	6	78086	14	3

27. This must mainly be attributed to the illicit sale and consumption of Tobacco grown in the District under the license granted formerly to the Coorg Ryots it being almost impossible to prevent a greater quantity of Tobacco being grown than is delivered into the Government Stores. That the Revenue from the Tobacco Monopoly would be greatly benefitted by a discontinuance of the indulgence now enjoyed by the former Coorg Moganies there can be no question, but as the privilege has been confirmed to them under the orders of the Supreme Government noted in the margin, it would appear that they cannot be deprived of it.

28. Referring however to the Proceedings of the Board of Revenue under date 22nd September 1845 and to the Extract from the Minutes of Consultation dated 10th Idem, it seems probable that the Tobacco Monopoly will not be much longer continued, in which case the objection that now exists to the growth of Tobacco in the Coorg moganies will no longer be felt.

Principal Collector of Canara

Sir,

1st I have the honor under instruc-tions from the Accountant General to return to you the Draft copy of the adjustment and closing Entries of your Books for 1841/42 and your Office Ledger for the same period, received with your letter of the 30th August last, duly examin-ed and corrected in red Ink, and to request that you will transmit fair copies thereof to this De-partment at your earliest convenience as well as your Duplicate Journal and Ledger for 1841/42 as usual for transmission to the Honorable the Court of Directors.-

2d I am desired to bring to your notice that for the purpose of exhibiting more accu-rately the transactions during the past year on account of Ameendevi Coir against which there is no "Demand" and for the purpose of separating these transactions from those under the head of "Small Farms and Licences" against which there is a "Demand" the amount sale proceeds of Ameendevi Coir in 1841/42 credited in your Journals to the heads of "Small Farms and Licences" and Balances of Sundry Sources of Revenue

Fort St. George 20th November 1845

Revenue" minor head "Small Farms and Licences" respectively, minus the profits previ-ously credited to Profit and Loss" of the Re-venue Department" has been transferred to the credit of "Ameendevi Coir" now entered for the first time as a new head in the accounts- The value of "Ameendevi Coir" purchased and debited in your Journal for April to "Small Farms and Licences" has in the same manner been transferred to the debit of this new head.-

3d From this you will perceive that it is proposed to account for Ameendevi Coir in the same manner as Salt and Tobacco are already accounted for, only that instead of entering in the accounts the head of "Profit on Ameendevi Coir" which does not appear necessary the profits on the sale of the article should at once be credited under a Cash entry to "Profit and Loss" the body of the entry of course explaining the nature of the receipt- The value and quan-tity of Ameendevi Coir should likewise be regularly exhibited in the Memo. attached to your quarterly Statement of Demand Collection and Balance, and you will favor me by letting

me

Fort St. George 20th November 1845

me know the amount outstanding on the 30th April and 31st July last respectively at your earliest convenience. You will also be pleased to remember to adjust all transactions on account of Ameendevi Coir since the commencement of the current year in your next accounts on the principle above explained. -

4th With reference to the adjustment you have made in your adjustment sheets of Rs. 4-12-5 to the Debit of Profits on Salt and credit of "Salt," I am directed to enquire if you have made a corresponding deduction from the Balances of Salt exhibited in the Memorandum annexed to your Quarterly Statements of Demand Collection and Balance for the quarter ending the 30th April 1842, and for subsequent Quarters, and to request the favor of your reporting to this Department the correct balances remaining at the close of each Quarter, under that head, that similar alterations may be made in the Memorandum of Balances with this Office. -

From the Collr. of Malabar

Sir,

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board dated 18th Ultimo in which I am desired to submit a report on the practicability of supplying Malabar with Salt in future either from the neighbouring Province of Canara or from some other District, as suggested by Government. -

With reference to the Extract from the Proceedings of the Board dated 18th Ultimo recommends for reasons assigned that no alteration take place in the present arrangement as regards the supply of Salt for the Monopoly of Malabar.

2. A reference to the correspondence which is to be found in my office from 1819 to 1828 shews that the subject of the supply of Salt for the District of Malabar (which it has been amply proved cannot supply itself) has, as remarked by Government, frequently been on the tapis. The question seems always to have been treated on the points of cheapness, goodness and certainty of supply. The Eastern Coast Ports, Goa Canara and Bombay were indiscriminately applied to, and the preference which was finally given to the last arose from the simple reason that she could give a better more certain and cheaper article than any of her rivals. And the same reason I would beg to remark still holds good. An examination of the rates at which Salt has been procured for the last 10 years shews that however high incidental circumstances

Mr. Blair adds that he can only procure a small quantity for the present season in as much as his Manufacture has fallen short from natural causes

circumstances may have raised the price at times it has been obtained on an average at 25 Rupees per Garce of 120 Indian Maunds. Now Mr. Blair in answer to a late inquiry informs me that he cannot procure me salt from Canara at a less price than 27 Rupees, and this, with landing and measuring charges, which are always defrayed by the Bombay Merchant, would raise the Garce to 30 Rupees, and that for an article very inferior to what we get from Bombay for 25. So inferior indeed is the Canara, and I may add the Goa salt, to that of Bombay that it is extremely difficult to get rid of the one when the other is in store. This I experienced last year when in consequence of an expected fail= =ure in my supply from Bombay as detailed in my letter to the Board of the 7th November last I had recourse to both Goa and Canara for aid. The Bombay pans produce a much stronger description of salt than those of the Countries to its South= =ward where the climate is I imagine too moist for the manufacture and all the traders much prefer it as being less liable to injury and waste in carriage. The salt made in the eastern Coast is equally good with that of Bombay but its price is far higher. I applied last year to the Collector of Tinnevelly to know if he could send me a supply and was informed he could not do so under 38 Rupees per Garce with landing charges &c. this would be 39 Rupees.

These I apprehend can never be fully guarded against in a Country like Canara and there is no warrant therefore for so excessive a duty if supplying from that Quarter.

3. Under all these circumstances I beg to recommend that no alteration take place in the present arrangement which in addition to furnishing a good article at a reasonable price has the additional advantage of assisting by its return part the gainful general trade which Malabar carries on with Bombay. The Boats which come down to carry away our superfluous produce would suffer from losing a freight which serves at the same time as Ballast.

Ordered that the foregoing letter be submitted with the following address=

To

The Chief Secretary to
Government.

Sir,

(56-57)

To the Chief Secy to Government

Submitting with reference to the 13th Para of the Extract Minutes of Consultation dated 30th June last a letter from the Collector of Malabar stating that it would not be advisable to make any change in the present arrangement for supplying his District with Salt from Bombay, and expressing the Board's concurrence in the views of the Collector.

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes of Consultation 30th June last. in Para 13 of which, the Board of Revenue are request= =ed to furnish a concise report on what has passed on the subject of supplying Ma= =labar with Salt from Canara, and after communication with the Local Officers to submit their opinion on the desirableness or otherwise of discontinuing the present arrange= =ment and drawing a portion of the quantity required for that province from Canara or from our other Districts.

2. In reply the Board instruct me to state that they have referred carefully to their records for many previous years. but they have not met with much correspondence bearing upon this par= =ticular subject. As far as can be traced Bombay seems to have been the source to which

15747 Fort St. George 20th November 1845

which the Malabar authorities have usually looked for their supplies of Salt and the Salt Manufactured in Bombay seems to have been always preferred by the people of the District to that produced in Canara. As far back as 1820 the Board find that the Collector of Malabar in reporting on the prices which might be fixed on the several descriptions of Salt with which it had been proposed to supply his District estimated the price to be obtained for Bombay Salt at 112 Rs per Garce that for Canara Salt at 100, but stated at the same time that the latter Salt would be taken only by the Malabar Merchants for home consumption the parties engaged in the inland trade preferring to take it at any price while Bombay Salt was to be had. Again in a subsequent letter of 5th Oct. 1820 Para 18-19 the same Officer states that, as far as his experience had then extended, the expence of the Salt imported from Canara was considerably in excess of that procured from any other quarter and that as soon as he had obtained a good supply of Salt from Bombay, he would carefully avoid having recourse to Canara adding that the Merchants preferred giving 112 Rupees for a Garce of

15th Con. 28th June 1820.

In Con. 9th Nov. 1820.

15748 Fort St. George 20th November 1845

Bombay to giving 100 for Canara Salt. Little further notice of the question is to be traced on the Board's records perhaps because the decided preference given to Bombay by the local authorities gave no opening for the further agitation of the subject

3. In conformity with the instructions of Government the Board have called upon the Collector of Malabar for his opinion upon the question under present circumstances and the reply of that Officer is herewith forwarded. It will be seen that he states, that the same reasons which appear originally to have led to the preference of Bombay to all other places of supply Viz. cheapness goodness and certainty of supply still continue to prevail. However high incidental circumstances may have raised the price. Salt has been obtained from Bombay on an average of the last 10 years at 25 Rupees per Garce while as has been ascertained from communication with the local authorities it cannot be procured from Canara when it is to be had at all under 30 Rupees nor from the Eastern Districts under 39 Rupees per Garce the Salt of Canara being also of a very inferior description to that made in Bombay of less strength and more liable to wastage. Under these circumstances Mr. Conolly has given it as his opinion that it would not be advisable to make any change in the present arrangement which in addition to supplying a good article at a reasonable price, has the further advantage of furnishing freight to the boats which come from Bombay for Malabar produce and of assisting the profitable trade at present carried on between that Presidency

9th Ord. Con. 24th Nov. 1845.

15749 Fort St. George 20th November 1845

Presidency and the Malabar District.

4.- The Board beg to express their concurrence in the views of Mr. Conolly: and in addition to what he has represented they would refer, in illustration of the uncertainty which must attend the supply of Salt from Canara to Malabar to a circumstance which they have recently had occasion to bring to the notice of Government Viz.t that in the present year the quantity of Salt manufactured in Canara has fallen below the quantity ordered by nearly one third and that the Principal Collector of that District has been compelled to invite tenders for the supply of Salt from Goa and Bombay to the extent of more than 1310 Garce. This is not a solitary instance of a similar occurrence having taken place (to advert only to late years) in 1839-1840 and 1842 the failure of the Manufacture in Canara having thus led to the necessity of large (as shewn in the Margin) importations of Salt into that province in four out of the last six years.

Sir,

With reference to the communications I have had the honor of holding with Government relating to the lands at Tenyoterrah, I beg to inform you that circumstances have altered the plans formed with regard to the cultivation thereof. I now take the liberty of respectfully proposing that Government be pleased to grant the lease of the said lands to Thomas Robert Richmond of Bombay, Merchant- Henry Baldwin Herrick of Bombay, Barrister- and William Thomas Wellington Cowley (meaning myself) we agreeing

15751 Fort St. George 20th November 1845

agreeing to pay the sum of Rupees 3000 and to fulfil all the requirements of the Most Noble the Gov.= =ernor in Council regarding the Cultivation of the said lands, within the time specified by His Excellency's orders, with the understanding that in the event of failure in Cultivating to the = extent ordered, such uncultivated land to revert to Government - and premising that we shall not have power to transfer or sell any of the un= =cleared land.=

Should you see no reason to the contrary I should be much obliged by your submitting for the approval of the Honorable the Governor in Council this proposal which if acceded to, a deed of Lease to that effect, a permission to take possession of the property on these terms will be thankfully received.=

In reply I am desired to inform you

that the Board will as directed by Government proceed as soon as possible to communicate with the Law Officers of the Honorable Company on the subject of the preparation of the form of lease to be entered into by Messrs Cowley, Richmond and Barwick - but before doing so it is necessary that they should be furnished with a more distinct specification for insertion in the lease of the land to be rented by those Gentlemen - At present the Board only find from the correspondence which has already passed that this tract consists of six Cardamum Hills at Beyoor in the Wynaad Forest situated on the crest of the Ghats dividing the high land of Wynaad from the low Country of Malabar, comprising an area of about 1500 acres and as would seem from the sketch at the end of your letter of 15th October 1845 bounded on two sides by private Forests - I have there= =fore to request that you will favor the Board with such specification or description of the tract now referred to as shall suffice to designate it with the required accuracy in the lease stating the Native Names of the six hills if they have any - the boundaries of the land, the Talook Naad or other local division or portion of such division within which it is situate - with any further particulars tending to identify and determine the tract in question, which your local knowledge may suggest to you - It would also be well if a sketch could be made which would show the situation of the tract and its position in reference to marked natural objects in its vicinity, and which might be copied into the lease.=
