Read the following letter

To. T. Pycroft. Esqre
Secretary to the
Board of Revenue
Fort St George

49 21 f. 1152

Sir

From the Collector of North Arcot. } Para 1. Since I have had charge of this District I have had occasion to notice the defectiveness of the Establishment in some particulars, some offices imperatively demanded for efficiency being altogether wanting and others being very insufficiently paid. In looking about to find a means of remedying these defects without increase of the aggregate charge my attention was attracted to the Tripatty Talook, which being of very limited extent and revenue, might I thought be abolished as a separate Talook and united to the Talook of Penmurty, the saving of expense thereby effected being employed in increasing the efficiency of the Establishment in other parts of the District. and I have now the honor to submit to the Board a recommendations accordingly, and a plan for carrying the proposal

proposal into effect in detail. I take this opportunity to bring forward a few other minor changes, some of which are noticed below, while the remainder are detailed in the enclosed Moyenjabitahs.-

2- The Tripatty Talook contains 92 Villages; of which 24 belong to the Polliems of Curcumbaudy and Kistnapoorum, and 34 are Enam Villages leaving only 31 Circar Villages, the Revenue from which amounts to about 40,000 Rupees annually. In almost every other Talook of the District with establishments some not much larger and others even smaller than Tripatty the Collections of land Revenue amount to from 130000 to 190000 Rupees annually, and the number of Government Villages is from 120 to 300 and upwards. There were two reasons originally for constituting Tripatty a separate Talook neither of which exists now 1st It was isolated from other Government Talooks it is bounded on three sides by a range of Hills separating it from the Cuddapah District and by the Carateenuggur and Calastry Zemindaries; on the fourth side at that time by several independent Polliems, three of which have since been resumed and formed into the Talook of Penmerry 2nd at the time when this District was first

first settled and for many years after, the large Pagoda on the Tripatty Mountain was in the hands of Government and the offerings made at the shrine amounting annually to about a Lac of Rupees, were by a peculiar but ancient custom, brought to the credit of Government. The Collection of this large sum required a corresponding establishment, which has ceased to be necessary now that all interference with the temple and its revenues has been abandoned.-

3 The Penmerry Talook was formed as already noticed by the union of the three Polliems of Mogarauda, Poolloor and Packala which were finally resumed in 1826. This too is a small Talook, the annual revenue being no more than about 70,000 Rupees; and the aggregate revenue of the two Talooks of Tripatty and Penmarry does not exceed 110,000. Penmerry however is a straggling Talook, being intersected by several small ranges of Hills it includes also the Polliems of Cullaor, Poollacherla and Toombah still in the hands of the Polligars, the

the Police charge of which, as well as the collection of the Motarpha Revenue within them, is vested in the Tahsildar. The Tripatty Talook likewise includes the Police charge of the two small Cawal Pollicms of Carcumbaudy and Histnapooram; and the Town of Tripatty itself requires the permanent presence in consequence of the Crowds that throng both it and the roads approaching it during the various festivals.

4 I am of opinion therefore that though the two Talooks may properly and efficiently be united into one, yet that some provision beyond the ordinary Establishment of a Talook is required for Tripatty in the Police department. This want I propose to meet by appointing a Police Ameen for the Town of Tripatty and the greater part of the Talook, who will also be invested with the powers of a Peishkar in Revenue matters. I propose also a Cutwal for the Town of Tripatty, with a suitable number of Peons. It will be necessary likewise to make a slight addition to the account department of the Penmerry Talook, which

(which is indeed too small even for its present duties) and I propose to augment the salary of the Tahsildar and of the Sheristadar to the scale of the same Officers in other Talooks of corresponding extent and Revenue. With these provisions I am of opinion that this measure I am now recommending will not impair the efficiency of the public service in these Talooks while it will afford the means of increasing that efficiency in other quarters. I am of opinion however that the small unresumed Pollicm of Toombah and some Circar Villages in that quarter, being in the extreme South west corner of the Penmerry Talook and much nearer to Chittoor than to either the present or proposed Cusbah of their own Talook should be joined to the Talook of Chittoor. and I propose to make the Peishcar of Chittoor Talook a Police Ameen to have charge of these and adjoining Villages of the Chittoor Talook.

5. I propose therefore that the two Talooks of Tripatty; and Penmerry should be united, and should be styled the Chendragherry Talook, and that Chendragherry

Should

the Police charge of which, as well as the collection of the Motarpha Revenue within them, is vested in the Tahsildar. The Tripatty Talook likewise includes the Police charge of the two small Cawal Pollicms of Curcumbaudy and Kistnapooram; and the Town of Tripatty itself requires the permanent presence in consequence of the Crowds that throng both it and the roads approaching it during the various festivals.

4 I am of opinion therefore that though the two Talooks may properly and efficiently be united into one, yet that some provision beyond the ordinary Establishment of a Talook is required for Tripatty in the Police department. This want I propose to meet by appointing a Police Ameen for the Town of Tripatty and the greater part of the Talook, who will also be invested with the powers of a Peishkar in Revenue matters. I propose also a Cutwal for the Town of Tripatty, with a suitable number of Peons. It will be necessary likewise to make a slight addition to the account department of the Penmerry Talook which

(which is indeed too small even for its present duties) and I propose to augment the salary of the Tahsildar and of the Sheristadar to the scale of the same Officers in other Talooks of corresponding extent and Revenue. With these provisions I am of opinion that this measure I am now recommending will not impair the efficiency of the public service in these Talooks while it will afford the means of increasing that efficiency in other quarters. I am of opinion however that the small unresumed Pollicm of Toombah and some Cawal Villages in that quarter being in the extreme South west corner of the Penmerry Talook and much nearer to Chittoor than to either the present or proposed Cusbah of their own Talook should be joined to the Talook of Chittoor. and I propose to make the Peishkar of Chittoor Talook a Police Ameen to have charge of these and adjoining Villages of the Chittoor Talook.

5. I propose therefore that the two Talooks of Tripatty, and Penmerry should be united, and should be styled the Chendraghierry Talook, and that Chendraghierry

should

should be the Cusbah. This Town is within the Tripetty Talook, but just where the Villages of both Talooks done tail into each other. It was once the Capital of an extensive Kingdom and is still a place of some size and notice it is by far the fittest place for the Cusbah in the whole of the two Talooks. It is not quite central, but is much more so than most of the Talook Cusbahs of the district. I should observe that a Talook Cutcherry must be built at Chendragherry; but one would be required at Penmerry even if the Talooks remained distinct. The present building at that place was built about forty years ago of very perishable materials and at a very small cost for the Cutcherry of the Mogaral Talook as it was then called, which consisted of two of the Polliems then under sequestration but not yet finally resumed: it is in a most ruinous state, and I shall submit an estimate for a new building in the Public work Department. Tripetty Talook contains no building for a Cutcherry the Talook business being conducted inside the

the walls of a Pagoda.

6 In preparing the new Moyezabitah for the Chendragherry Talook, I have thought it advisable to abolish the Cawally Police hitherto kept up in the Tripetty Talook; and to recognize that force bringing the whole on the regular establishment as Government Peons increasing their pay where required, but diminishing their number to what I consider sufficient for the duties to be done. The sum sanctioned for the Cawal Police is 3,273-6-0 annually (Government sanction September 15th 1810) being in lieu of Cawalgars lands which had been resumed. This Money was for many years paid to the Cawal Poligars of Mawmundoor, Curcambaudy and Kistnapooram by whom the resumed lands had been originally granted, and who were required to employ it in the maintenance of Cawalgars. It was thought fit however two years ago to make these payments direct from the Tahsildars Cutcherry and to register the Cawalgars as Government Peons; and the sum then specified as under disbursement on

should be the Cusbah. This Town is within the Tripatty Talook, but just where the Villages of both Talooks dove-tail into each other. It was once the Capital of an extensive King-dom and is still a place of some size and notice it is by far the fittest place for the Cusbah in the whole of the two Talooks. It is not quite central, but is much more so than most of the Talook Cusbahs of the district. I should observe that a Talook Cutcherry must be built at Chendragherry; but one would be required at Penneery even if the Talooks remained distinct. The present building at that place was built about forty years ago of very perishable materials and at a very small cost for the Cutcherry of the Mogaral Talook as it was then called, which consisted of two of the Polliems then under sequestration but not yet finally resumed: it is in a most ruinous state, and I shall submit an estimate for a new building in the Pub-lic work Department. Tripatty Talook contains no building for a Cutcherry the Talook business being conducted inside the

the walls of a Pagoda.

6 In preparing the new Mogu-zabitah for the Chendragherry Talook I have thought it advisable to abolish the Cawally Police hitherto kept up in the Tripatty Talook; and to recognize that force bring-ing the whole on the regular establish-ment as Government Peons increasing their pay where required, but diminishing their number to what I consider sufficient for the duties to be done. The sum sanctioned for the Cawal Police is 3,273-6-0 annually (Rs a p) Government sanction September 15th 1810) being in lieu of Cawalgars lands which had been resumed. This money was for many years paid to the Cawal Poligars of Man-mundoor, Curcumbaudy and Kistnapooram by whom the resumed lands had been origin-ally granted, and who were required to employ it in the maintenance of Cawal-gars. It was thought fit however two years ago to make these payments direct from the Tahsildars Cutcherry and to regis-ter the Cawalgars as Government Peons; and the sum then specified as under disbursement on

on this account was Rs 3,231-6a annually there being some vacancies among the Cauvalgars - It will be seen that 38 Cauvalgars are still retained, these are Village Talears receiving pay in Villages where there is no other provision for them - I hope to be able shortly to submit a plan for giving land in these Villages as well as in many others inadequately provided in this respect, mean while the present Money allowances should be continued -

7 I now proceed to notice those parts of the District establishment which I consider especially to demand an increase and I will first notice the appointments of Naib Sheristadar and Sub Collectors - Sheristadar and his Naib or deputy are the two Native Officials of his Cutcherry from whom the Collector is entitled to expect most

assistance and on whom he ought to be able most to rely - It is essential to the efficiency of his office that both should be men of independence as well as of experience and intelligence so that one may not be merely the echo of the other - In other districts accordingly the Naib Sheristadar receives a handsome Salary inferior but not very greatly so to that of the Head Sheristadar the Standard Salary of the Office in Ryotwar districts is 175 Rupees and

and in none but this I think is the actual Salary below that sum. In this district inferior to few in extent and Revenue, the pay of the Naib Sheristadar is only 126 Rupees which is less than is received even by some of the Tahsildars in the adjoining Districts of Cuddapah. The tendency of this small pay is to make the Naib Sheristadar a Cypher of no more consideration in the Office, of no more independence of

H.B.

of opinion and of no more value to the Collector, than a mere head Goomastah. Such I say is the tendency and such in general has been the practical effect. I Consider it of very great importance to the efficiency of my Office that this evil should be remedied and with this view. I beg strongly to recommend that the Salary of the Naib Sheristadar should be augmented to 175 Rupees.—

8. The position of the Sub Collectors Sheristadar in that Office corresponds with that of the Head Sheristadar in the Collectors Cutcherry he has similar duties to perform but on an inferior scale. The Office indeed is of equal importance with that of the Naib Sheristadar and in most districts the Salary is the same while in some it is higher. I believe it is no where higher than 200 rupees, and no where lower than 175, except in this district. Here the Sub Collectors Sheristadar receives only 157½ Rupees I beg to recommend that it should be raised to 175 Rupees.—

9. The next department that

that I will notice is that of Native records. These records as the Board are aware are very voluminous in a Collector's Office, and every year they receive a large additions. The new records have to be arranged the papers continually required for reference, have to be sought out; and when done with, to be returned to their proper place; and the whole have to be kept safe from damage. In former times this subject was considered of so Sufficient importance to demand a Special legal enactment and it was made a part of the law that there should be two Keepers of Native Revenue records in each Zillah. In this district however there has never been more than one, and the consequence is what might have been expected. When I came to this district a year ago I found the records in the utmost state of confusion; no regular list for many years past and multitudes of papers that had been taken out for reference not to be found in their proper places; while piles of accounts correspondence

Section III Reg. XXIII of 1802.

and depositions &c. had never been placed in the records at all, but were exposed in the Serishtadar's Cutcherry in a State of utter confusion, and with them many papers which had been obtained from the record Keeper for reference and never returned. There was no certainty where any paper required was to be found, and it was often a week and sometimes much more before I could procure papers called for. I have endeavoured to remedy this State of things and after destroying large quantities of useless documents, I am now about to have the whole of the remaining records arranged and catalogued. After this is done constant care will be necessary to prevent their falling again into disorder and I propose to entertain a Second record Keeper and to increase the Salary of the first to make it, as it ought to be higher than that of any of the common Goomastahs of my Cutcherry.

I consider it extremely desirable

Note with the sanction of the Board.

10

Fort St. George 30th July 1849

desirable that a Police should be orga=
=nized for the town of Amboor in the
Vellore Talook. This Town according to the
best information I can obtain contains a popu=
=lation of about 11000 persons of whom a
large proportion are of the Lubbay caste
among the lower orders are many ill dis=
=posed and disorderly persons. and in the
absence of any adequate means of preser=
=ing the peace, the town is frequently the
scene of riot and disorder and within the
last year and a half murder has been
committed in the open street. The town is
on the borders of this district, and that of Salem
and people of Amboor have in repeated
instances been implicated in Gang
robberies and other heavy offences in
that Zillah. The only police Officer
the town is a Cutwal on 4 Rupees a
Month, assisted lately by a couple of
Peons. I propose to appoint a Police
Ameen. who shall reside permanently
at the place and have both police

and

Fort St. George 30th July 1849

and revenue charge of the Town and
of a number of Villages around it,
with a Cutwal and sufficient number
of Peons for the Town I shall be able
to dispense with one Surfdar in the
Vellore Talooks as well as with the
Cutwal of Pullicondah which is too
small a place to require such an Officer. I
propose that the Police Ameen shall be
subject to the Tahsildars both in Revenue
and Police matters and therefore I do
not consider it necessary to give him
a very high Salary.

11. A measure of a similar
kind is required for the Vencatagherry
cottah Talook. The Board are aware
that this Talook and Cuddapanuttum
are now under one Tahsildar. and for
all administrative purposes are one
Talook: though the accounts are still
kept separate and must continue
to be so: in as much as the Cuddapa=
=nuttum Talook is subject to the
"Punjum Hijsah deduction from which
that

Fort St. George 30th July 1849

that of Vencatagherry cottah is free having been originally a part of the Baramahal The Peishcar of the United Talook is stationed at Vencata= =gherry cottah and I propose that he should remain there but as he has now only the Police powers of a Sub Police Offi= =cer/Section III Regulation IV of 1821/he is obliged to send to the Head of Police for adjudication all cases however trivial- Vencatagherry cottah is 25 Miles from Palmanair the Cusbah and the further parts of Vencatagherry cottah Talook are 40 miles from that= =place the absence of judicial powers in the Peishcar is therefore productive of Serious inconvenience to parties in petty cases- I propose therefore to make the Peishcar of the Talook a Police Ameen and this is more necessary from the extensiveness of his charge, from its bordering the Mysore territary and the Cungoondy Zemindary and from the wildness and rudeness of both the country and the people- I propose to make a small addition to his pay,

and

Fort St. George 30th July 1849

and to give him the assistance of a Royasum.-

12. Wallajahpet in the Caverypauk Talook is another large town without any Police- This place contains not fewer certainly than sixteen thousand inhabitants, it is a place of Manu= =factures and active trade and the population generally is industrious and peaceful & and there is no great amount of crime.- In so large a town however it must be expected that petty offences against pro= =perty and petty disorders and quarrels should be of frequent occurrence, and I find it necessary to provide some Means of controlling these and of watch= =ing the town, Wallajahpet is the Cusbah of the Talook. and I do not consider a Police Ameen necessary, but I propose to entertain ~~~~~ a Cutwal with a suitable Establishment.-

13. The next alteration which I will notice is a slight addition to the salaries of the Hoozoor Maramut establishment. This Consists

at

Fort St. George 30th July 1849.

at present of an English writer on 15 - 12 and two Mahrattah Goomastahs on 15 and 7 respectively - I find these Salaries insufficient with reference to the pay in other departments, especially in the case of the writers and the 2d Goomastah - I had it in mind to include this increase in the proposal submitted to the Board in the department of Public works. last December for increasing the Umarawut establishment but I refrained, as I was anxious to restrict my demands within the narrowest possible limits - As I can now provide for the increase, however, out of the reductions recommended in other quarters, I include it in the present scheme. -

23d December 1848

14. The only other change which needs to be especially mentioned here, is in the Salt department. The Board are aware that this is a department affording great facilities for fraud, and these facilities are even greater in this district than elsewhere in proportion to the collections, because of the remoteness of the Pans, and the limited extent of the Manufacture having caused this branch

J. C. B.

11555

Fort St. George 30th July 1849

branch of the Revenue to receive less attention than in other districts where its amount is more important - The Salary of 15 - 12 monthly for an Ameenah who is the head of the department is too small especially as the appointment is feared by respectable men on account of its bad name - I propose that the pay should be raised - to 25 Rupees.

Enclosed I have the honor to submit two Mayengabtahs drawn up in the Form prescribed by the Indian Government. In this are shown all the changes proposed, and I hope they will receive the Boards approval and will be recommended by them to the controlling authorities for sanction -

Tripatty Talook

L. S. G. B.

14 Separate establishments are kept up for each of the unreasumed Polliems, their duty being to collect the Moturpha Revenue & attend to Police matters. It is considered that it will be a more efficient arrangement to place them on the general establishment of the Talook. –

15. For the grounds of the proposition see Paras 1 to 6 of the letter accompanying. The proposal is to unite the two small Talooks of Tripatty & Runneery the whole to be called the Chandragherry Talook: and the saving in the cost of establishment thus effected, to be devoted to increasing the efficiency of the District establishment in other quarters where most required. –

24. A Turfdar may be dispensed with on the creation of the Police ameen at Ambour as proposed in the Moyen aptah of the Magistrate Dept. see Para 10 of the letter accompanying —

25. These may be dispensed with —

26. This Talook has the largest Revenue of all in the District, and is at the same time one of the most troublesome from the character of the people, I consider it very desirable to make this small addition to the Tahsildars pay and bring it on a level with that of the four other first class Talooks —

Proposition

30th July 1849

(Continued)

Nature of the Charge.	Permanent Increase per Month.	Permanent Decrease per Month.	Former Salary.	Proposition	Temporary Increase per Month. Period	Rs.	a.	p.	Temporary Decrease per Month. Period	Rs.	a.	p.	Casual or Extraordinary. Rs.	a.	p.	Grounds of Proposition.
Sea Customs Establishment. Police Tuticorin. Establishment.																
1 Duffadar — — —			Rs. 7	Rs. 7												
10 Peons at 4 Rs. each —			40	40												
			47	47												
1 Police Ameen — —			45	45												
1 Roysagar — — — —			7	7												
1 Duffadar — — —			6	6												
6 Peons at 3½ Rupees each to be increased to 4 at the same place — —			21	49		28										
			79	107		28										
			126	154		28										
Uncovenanted Establishment. Cattle Tahsildar. Police Tuticorin. Peon Establishment.																
1 Duffadar to be abolished			7													
10 Peons at 4 Rs. each of which 4 to be abolished — — —			40	24												
			47	24												
Permanent Division. Police Tuticorin.																
1 Head Police — — —			50	50												
1 Head Gomastah — —			12	12												
1 Second Gomastah — —			10	10												
1 Duffadar — — —			7	7												
12 1st Class Peons at 4 Rupees each — — —			48	48												
31 2d Do. Do. in addition 4 Peons to be newly entertained total 38 in Number — —			119	133		14										
1 Mosolgee — — —			38	38												
			264	338		14										

10 Besides the 6 Peons on the Police Ameen's Establishment there are at present 8 Salaries who receive the same rate of pay. It is desirable that these should be made Peons and be liable to the regular duties of Peons.

11 This being a very small talook it is considered that this reduction may be safely made.

12 The Police Force in this division is too small for its duties which involve the guarding of a number of Hill and Jungle passes. This small addition therefore is proposed.

(Signed) Jn Di Bourdillon
Collector

Proceedings thereon-P.1. In Para 6 of the above letter the Collector states that in preparing the new Moyngalitah for the Tehendraghurry Talook he has thought it advisable to abolish the Cannully Police hitherto kept up in the Tripulty Talook and to reorganize that force, bringing the whole on the regular Establishment as Government Peons, increasing their pay when required, but diminishing their number to what is considered sufficient for the duties to be done- It is observed that as regards the Cannully Police of the Maunnundoor Pollems at a charge of Rupees 1260 per annum the Government Extract Minutes Consultation 10th January 1848 Para 2 directed that it should be hereafter incorporated with the Talook Establishment and paid through the Tehsildar, and it seems that this was in fact done about two years ago- both as regards the Cannully force of the Maunnundoor and that of the other Pollems of Curcumbadi Kistnaswamy and Cattoonaurgenatham The Board wish for information as

as to the number of Peons then registered and their rates of pay and as to the changes which it is now proposed to effect in this Establishment- and the amount to be saved and applied towards the revision of other branches of the public service- It is remarked also that the payments to the Cannal Peons were originally conferred in lieu of resumed lands it should be explained whether any of those individuals whose services will be dispensed with and allowances withdrawn under the present scheme can be regarded as having any right to compensation and if so how it is to be accorded-

2. In Para 10 of the above letter the Collector states- "I propose that the Police Ameen viz of Amboor shall be subject to the Tahsildar both in Revenue and Police matters and therefore I do not consider it necessary to give him a very high salary" By clause II Section II Regulation III 1821 which does not appear to have been superseded by Act XXX 1839 all Ameens of Police are declared to be subject to the authority of

of the Tahsildars of their several Districts - a Peishcar would in like manner of course be in revenue affairs under the authority of the Tahsildar of his Talook - The Board do not therefore suppose it to be Mr Bourdillons intention that the Police Ameen is to be appointed with the powers of Peishcar at the Towns of Triputty and Veneatagherry Cottah or the Ichittoor Peishcar and Police Ameen referred to at the end of Para 4 are to be independent of the general control of their respective Tahsildars; but they think it necessary to request explanation upon the subject - It should be stated wherein the position and functions of the Amboor Peishcar and Police Ameen will differ from those of the officers of the same denomination above mentioned -

3. The Town or chief Village at which the Ichittoor Peishcar and Police Ameen will hold his head Quarters should be specified -

Secretary to the
Board of Revenue
Fort St George.

51

Sir,

From the Collector of North arcot ... } I have the honor to acknowledge the

Replying to

to the call of the Board in their Proceedings of 5th July 1849 for further information respecting certain Cutchaddy Enamdars.

the receipt of an Extract from the Proceedings of the Board of Revenue under date the 5th Instant calling for further information regarding the Cutchaddy Enamdars of the Pennary Talook with reference to a Correspondence lately reported -

2. I beg to state in reply that having found my office destitute of any authentic information as to these Cutchaddies and having reason to believe that a good deal of fraud was connected with them I took measures a short time ago for preparing a full register of them. This is now in course of preparation and when it is completed I shall have it in my power to lay before the Board all the information which they require though at present I am quite unable to do so - For a partial answer on some points I may however refer the Board to Mr Eden's letter of the 1st June 1832 and the Statement which accompanied it.

3. It appears to me however that the Settlement of the two Cutchaddies now under consideration need not be delayed in as much as they are of an exceptional class whatever the service demandable

demandable from Cultivadies generally those held by the Rayalundoo were free from all service except perhaps that of attending the Poligar to swell his train and state, no service analogous to that could now be required and to demand ordinary Police services in lieu would be derogatary and improper - I do not think therefore that the non performance of service can justly be made a ground for interfering with such Enams - As to the Puttah spoken of by Mr. Graeme as to be given I cannot learn that any such was ever given in fact and though I cannot speak positively on that point at present it seems unlikely that any such permanent puttah was given because yearly puttahs are now given for the body of the Cultivady lands in the same way as for the teerwah of the Circar lands -

(51-52)

Ordered that the foregoing letter be submitted with the following address -

To

To The Chief Secretary to Government.

51-52

To The Chief Secy. to Government

Submitting letter and Statement from the Collector of North arcot reporting the lapse of a Rayalundoo Enam and bringing to notice the general question of Rayalundoo Enams in his District in view to instructions being passed upon the subject and conveying the Board's Sentiments on the subject -

Report 31st March in Ca. 28 May 1818 Para 8

Sir,

I am directed by the Board of Revenue to submit for the orders of Government the accompanying letter and Statement received from the Collector of North arcot reporting the lapse of a Rayalundoo Enam in his District and bringing to notice the general question of the Rayalundoo Enams of North arcot in view to instructions being passed upon the subject.

The nature of these Enams 2 Villages their present tenure and the correspondence which has had place respecting them are clearly explained by Mr. Bourdillon - It will be seen from Enclosure 1st in his letter that these Enams are ten in number and that their collective value taken at 3/4 of the Beriz of 1215 which was considered by Mr. Principal Collector Graeme to be as much as they would yield if resumed Amounts to Rupees 1438-15-1. The Board concur with the Collector in recommending that under all the circumstances the present holders of these Villages should

"should be allowed to retain them for
"their lives and that each case should
"on lapse be dealt with on its own
"merits".

3. With regard to the par-
:ticular case under report that of
the Village of Goodanapully the
Board are of opinion that the course
suggested by Mr Bourdillon may
also be adopted. and the Village
be resumed - a pension of Rupees
5 per Month from the date of ex-
:emption being granted for life
to Kistnamah Naid eldest son of
the deceased Enamdar - should it be
deemed preferable a grant of land in
the Village of the same value might
be conferred upon Kistnamah Naid
for life, rent free, instead of the
money Pension -

The

The party whose death
is under report was further in the
enjoyment of a Pollium Cuttuddy
and of a Stulla Cuttuddy Manne
:um the value of the former after
deduction of 1/3d as Sodi leeing Rs
51-11-9. that of the latter Rs a
Quit rent of one half Rupees 9.
13-11. The Pollium and Stulla
Cuttuddi Manniums seem to have
been confirmed at the above rate
respectively to their holders in 1806
subject at least as regarded the
Cuttuddies generally to their ren-
:dering a certain Amount of service. It
is stated however by the Collecto-
that those held by the Rayalumdoo
Enamdars were free from all service -
except

From the Collr. of Salem –

Sir,

I have the honor to forward Copy of a Decree passed in the Subordinate Court of Salem on the 22d. March 1849 in Os. No. 70 of 1845 in favor of Government, and to inform you that the Plaintiff Malya Gounden has appealed against the Decree to the Civil Court, who have remanded the case to the Subordinate Court for retrial and as soon as a Copy of the decision is received I shall submit it to the Board.

Salem Zillah, Denkencottah
Collector's Office, 14th. July 1849.

3 W. E. Lockhart Esqr. Collr. of Salem.

1st. Defendants Vakeel
Peffeedeen Ally Khan Sahib
3d. Defendants Vakeel
Syed Abdul Majeed Sahib.

Abstract of the Plaint.

Plaintiff states that he

rented

rented the Moota of Moota Naidoo at Rupees 172- Annas per annum; that he /Plaintiff/ held profession to Fusly 1252, that the Moota is now in Amanie, that Rupees 232 Annas 12 were remitted from his annual rent by the then Collector /Mr Cockburn/ on account of Coffee Estates held by himself /Mr Cockburn/ and others amongst them the 1st of 2d Defendants. Mr Cockburn under the orders of the Board of Revenue also authorized the Collector of 1 Rupee per Acre for any land that might be taken up at a future time. The 1st and 2d Defendants from 1831 held 30 Acres of Plaintiffs land, promising to pay 1 Rupee per Acre. annually 1st Defendant then went to Madras leaving the lands in possession of 2d Defendant his son-in-law, with directions to pay the rent 2d Defendant failed to do so. Plaintiff instituted Suit No 329 of 1837 in the Ammapett District Moonsiffs Court for Rupees 210, being the arears due from 1830 to 1837 Plaintiff was nonsuited. Plaintiff appealed in Appeal Suit No 13 of 1839 - the then Zillah Judge Mr Neave referred the suit to the Southern Provincial Court for decision. A.S. 3 of 1840 the Moonsiffs decree was confirmed. A special Appeal was preferred in S.A.S 21 of 1841 before

before the Sudr Udalut, the case was remanded for retrial of review of judgment. A decree was passed that as the lands in question were clearly part of Plaintiffs Moota, Plaintiff was entitled to cundavem, that a new Suit should be filed, and that the Collector should be included in the Suit as 3d Defendant. Hence this Suit. Plaintiffs Moota being in Amanie does not affect his previous rights.

Filed 21st August 1845.

Abstract of 1st Defendants Answer.

1st Defendant declares he did not get the land in question from Plaintiff, that no document of any description passed between them; that when Defendant got the grant from the Circar Officers Plaintiff was not renter on the Hills; that by order of the late Provincial Court the then Zillah Judge had the land in question re-measured by an Ameenah; that his report was conclusive, that this was not submitted to the Provincial Court Defendant paid Cundavem as proved by documents No 21 to 27 filed in Suit 329 of 1837 in the Ammapett Moonsiffs Court.

2d Defendants Answer abstracted.

2d Defendant states that he has nothing to do with the case, that he was not on the Shevaroy Hills

Wills at the time stated 1830, that he came in 1836, that he was exonerated by the Sudr Udalut in Special Appeal Suit No. 21 of 1841.

/Filed 5th December 1845/

Abstract of 3d Defendants Answer.

States that he knows nothing about a grant of thirty Acres. That in 1831 a Society was formed for procuring lands for Coffee cultivation to be carried on by East Indians. The Plaintiff executed a Moochilka to the Collector Mr Orr dated 20th August 1831, giving over certain lands for the purpose specified above of these lands 17½ Acres were occupied by the 1st Defendant Mr Gay, who paid Teerwah direct to Government at 1 Rupee per Acre. Plaintiff received credit for the full amount so paid.

Prays that Plaintiff be nonsuited with Costs.

Filed

Filed 28th May 1846.

Reply and Rejoinder filed respectively.

10th February 1847 8th June 1847.

Points recorded for Proof.

The Plaintiff must file the review of Judgment of the late Provincial Court dated 29th June 1843, in which he is directed to include the Collector as Defendant, or a Copy thereof.

The Collector having been included as Defendant under the orders of the Provincial Court will file Copies of such records as shew that 17½ Acres only were occupied by the 1st Defendant, Mr Gay who paid Teerwah direct to Government

Government as stated on the Collectors

Answer, and that for the full amount

so paid the Plaintiff received credit in the

adjustment of his own rent due on the

Mosta Naidoo.

The Plaintiff filed one document being

Copy of the review of judgment of the late

Provincial Court dated 29th June 1843.

The 3d Defendant filed an account

bearing date 14th February 1848, and two Witnesses

were also examined on his behalf.

1st Kistna Row and 2d Naraen.

Decree

Decree.

The 1st Defendant received from Government all

the grants that at the time were considered necessary,

thereby shifting the responsibility from himself

and the 2d Defendant on to the Government, who

is sued through the Collector as 3d Defendant.

3d Defendant proves by the Talook account

and two Witnesses that rent was annually levied

from 1st Defendant to the amount of Rupees 17 Annas

6 Pie 7, and that the sum was deducted from

Plaintiffs rent for Fusslies 1241 - 1247 - 1248 - 1249 - 1250,

when Plaintiffs land was placed in Jumanie the

five years intervening between Fusslies 1241 & 1247 rent

was remitted by order of the Board of Revenue Plain-

tiff pleads in M. O 223 of 1848 that Government

had no right to grant a Cowle over part of his

lands Plaintiffs sues for arrears on 30 Acres

of land, but does not prove that Defendant

held 30 Acres indeed the 17½ Acres allowed by

Defendant could not have been proved to be

in

in his profession without the receipts given by 1st Defendant to Government. At the time 1st Defendant took the lands in question there were neither Dymash or Deshcush Accounts by the specially deputed Ameenahs' report 3d Defendant having proved that with the exception of five years Plaintiff received indemnification from Government together with the difference between 30 Acres and 17½ reduced Plaintiffs' claim from 210 Rupees to 89 Rupees, Annas 4, Pie 11 Plaintiffs' M. D. 223 of 1848 as to the right of Government to grant a Cowle comes to be considered, at the time that the grant was made to 1st Defendant no complaint was made by Plaintiff, which induces the belief that he held the same opinion as the Collector and the Board of Revenue as to his Moostahadari rights.

The term of Moostahdar appears to have been conferred for want of a better name on a Village Head man whose influence was

was personal not territorial.

The Order on which Plaintiff fixes the Amount of rent due to him, Viz. 1 Rupee per Acre, appears to have been given to protect the Hill people and the Government jointly, from people who were taking up land unauthorized by either.

The Court find in one of the documents filed in the suit before the Moonsiffs that a whole Village threaten to migrate if the Head man is distrained for rent, had the Head man's influence been merely local this instead of screening him would have ruined him by throwing his lands out of Cultiva=

=tion.

Taking the arguments and reasons adduced above into consideration the Acting Subordinate Judge.

RECEIVED 1 AUG 1849

I have the honor to state, that the Petitioner was directed to superintend the reaping of the crops in the

the Amanee Village of Meyatoor - On this occasion he made a false estimate, and much below the actual amount of Crop - The Tahsildar happening to be in the neighbourhood of this Village on the day of measurement, and hearing that the Peishcar had made a false estimate, proceeded to the spot and on measuring the Paddy in his presence, 47 Calams or upwards of 30 per Cent on the Peishcar's estimate was the result - Being an old servant I was unwilling to dismiss him, I therefore suspended him from office for two Months, and subsequently changed him to Chellumbrum as Peishcar on equal pay where he now is.

Ordered that the following Endorsement be passed on Petition No. 795 of 1849 -

"The Board have received a report from the Collector, and approve

approve of his Proceedings in the Petitioner's case - they will not therefore interfere on behalf of Petitioner."

To, T. Pycroft Esqr.
Secretary to the
Board of Revenue,
Fort St George.

61

From the Collector of South Arcot
25th May 1849.

Sir,

With reference to the Board's Proceedings, referring for my further enquiry, the Ferry renter's claim for loss sustained by him, I have the honor to state, for the information of the Board, that I feel satisfied that the construction of the Bridge occasioned no loss to the Renter - Whilst at Chellumbrum, I visited the spot myself and found that a deep surplus channel had been cut, for the purpose of turning the water to the place of ferry, making it impossible for travellers to cross except by the temporary Bridge erected

Fort St George 30th July 1849.

erected for the use of the workmen which together with the banks erected on either side of the Bridge, the Tahsildar assures me, were guarded by Peons and no travellers allowed to pass. I therefore confidently believe that from the commencement of preparations for the work till its completion, due precautions were taken to prevent travellers from crossing.

South Arcot,
Collector's Cutcherry
Cuddalore,
16th July 1849.

/Signed/ W. D. Davis
Collector

Order thereon

61-62

Ordered that the following Endorsement be passed on Petition No. 52 of 1849.

"From the detailed reports received from the Collector of South Arcot, it appears that Petitioner suffered no loss in consequence of the construction of a Bridge across the Colleroon - his claim to compensation is therefore inadmissible."

Read the following letter.

To T. Pycroft Esqr.
Secretary to the
Board of Revenue,
Fort St George.

63

From the Acting Collector of Tanjore

Requesting instructions for making over certain Paddagay lands to persons wishing to cultivate Cotton at an average tax of 23 Rupees per Valy.

Sir,

Your Board have in some measure been apprized by my letter of the 6th February last No. 14 of the introduction at Myaveram and other parts of Tanjore of the new Orleans Cotton; and after Captain Lawford's great success at the upper Annicut; I am anxious to try to extend the cultivation of this Cotton, in order to judge whether it can be grown as a remunerative crop or not in Tanjore.

2. To enable us to judge of this, and to get the natives more readily to attempt a new product a plan has suggested itself to me, of granting a tract of Paddagay land to such persons as are willing to try this cotton, free of assessment for a period of three years, with the understanding that an account be rendered of the out-turn per acre, shewing the quantity of

Cotton

Cotton before cleaning and the quantity of Cotton and seed after cleaning, the expenses of Cultivation, and the profit derived after deducting the Government tax, and satisfying all other demands.

3. If I have your Board's approval and concurrence, I purpose to grant 40 Valies of Puddaygay assessed at an average tax of Rupees 23 per Taly and situated contiguous to the tract of land some time assigned to one Charles Tonyen on Durkhast, and which land has been declared by a Decree of the Civil Court to be the exclusive property of the Circar to dispose of as they may deem proper. These lands are situated on the annicut of the River "Manney" within the limits of the Villages of Parembalore, Cocadacoody, and Villeyanellore.

I have the honor to solicit your Board's sentiments on my proposal.

4 I beg to send herewith a specimen of this Cotton grown near Vellum under every disadvantage, having been sown in December last, out of season, and consequently has had to contend against great heat and much drought.

Vide letters. To B. 12th Jany. 1849. To B. 6th March 1849.

Tanjore, Kodikarray, 11th June, 1849.

I have the honor to be, Sir, Your most obedient Servant, (Signed) I. Bird, Acting Collector.

Proceedings thereon. (63. 64)

In the foregoing letter it is recommended to grant forty Valies of Padoogay land rent free for three years, to be applied to the raising of new Orleans Cotton. The Board wish to be informed how it is proposed to supply the ryots with American seed sufficient for the cultivation of the whole extent of land for the first year at least of the triennial period.

8th Jany. in sons. 15th July 1849. (65)

Proceedings thereon.

Relative to the settlement of Land Revenue in the District of Madura in Fusly 1257. Calling upon the Collector for a separate report on the tax on one and two Crop lands and the extent of the same and directing his attention to the forms to be observed in future in order to prevent perplexity in future Annual Accounts.

Para 3

Read again the following Report from the Collector of Madura on the Settlement of his District for Fusly 1257.

The Season is represented to have been peculiarly favorable throughout the year for wet cultivation, which as early as April was carried on to a considerable extent. For the Dry crops the rains at the usual time of ploughing and sowing, viz. June, July and August were deficient and at a later period during the North East Monsoon they were too heavy and injurious to the standing grain.

Para 2. The Collector makes an exception of the Taluk of Perambalur in the general result of the Agricultural Returns of the District which he considers to have been favorable both to the Government and to the Ryot. Upon the whole it was not an unhealthy year.

Para 3. The prices of Produce fell below those of the previous Fusly and still were not unremunerative, the current selling prices being higher than the average of the last four years and 4 per cent above the wholesale prices obtained by the Ryots as will be seen in the Margin.

		Average of 4 Fars.	Fusly 1257.

	Current Rate.	2. 7. 11.	2. 8. 11.
Chittera Car.	Ryots Rate	2. 2. 10.	2. 3. 6
	Current Rate.	2. 4. 5.	2. 4 9.

In

Para 7.

2. In the Arni lands there was a net decrease in the extent of land taken up for cultivation of Cawnies 574-11-1/4 - In the Dry lands however the total extent left disengaged was Cawnies 8493. of which the greater portion is observed to be in the Talook of Tandicombo alone the difference below Fusly 1256 was Cawnies 7082.

Statement No. 4.
Col: 45.

	Cawnies.

Fusly 1256	44,687.	83118.
" 1257	37605.	68861.
	7082	14257.

Para 17.

This requires explanation. The Board apprehend that the Ryots do not understand the terms upon which they may enter into contracts for the cultivation of the land they desire to hold - care should be taken that they do not take up more than they have the means to cultivate - and they should understand that they are to pay for all the lands entered in their Cabooliats whether cultivated or not unless they can show sufficient causes for leaving any portion unploughed, and then only after enquiry and with a due consideration to the condition of the Ryot in each case at the time of the Settlement, a remission may be

be allowed.-

3. The Board request that Mr. Parker will be careful that all sums entered in his Report explanatory of the results of the Settlement may admit of easy reference to the Statements which accompany it. The results given in Paras 8 and 9 do not correspond with the Statements No. 3 and 4 as marginally noted - nor do the items of increase on the 2d. crop &c. tax in Para 10 appear to have been entered in any accounts

5. The increase in the assessment and the decrease in the extent of Dry lands as shewn in the foregoing Statement is explained by the Season having admitted of their increased conversion into Garden, Nunjah and other cultivation bearing a higher demand The improvement in the Poonjah Gardens

Para 13.
Statement No. 3 Col: 108.
Increase Rs. 1998. 11. 4.

Cultivation in the Subdivision is satisfactory. The Net increase in the Settlement in every description of land amounted

Para 14.

to Rupees 80,323. 11. 4.

6. The Remissions are less than in Fusly 1258 by Rupees 82,401. 11. 5 the chief difference being in the large item

Rs. 76,839. 5. 9.

of Remission on account of the loss of produce in that year. The ordinary deductions from the Settlement require no remarks.

7. The Board have received Mr. Parker's letter dated 16th June 1849. requesting

From Coll.r dated 16th June in Cons. 16th July 1849.

that Para 11 of his report might be erased, because he had discovered that in the Principal Division "no Fusul Justee was levied for land cultivated with a second crop in Fusly 1212 the same having been more highly assessed

assessed in consequence. The tax on one crop and on two or lands in both Divisions of the District with reference to the Collector's observations is involved in some obscurity and the Board think it desirable that he should submit a separate communication upon the subject shewing the extent of all lands assessed with a consolidated two crop rent, and that he should endeavour to determine the proportion which when the accounts of Produce was prepared at the Survey of Fusly 1212 was assessable on a Single Crop. They observe that in Statement

Column 363: 364.

No. 4 Cawnies 623-2/4 assessed at Rs. 7871-- 6 are entered as two Crop lands and that Rupees

Column 365.

11-- 3--2 are charged as Fussel Jastee apparently upon land already assessed with two Crop rent. This should be explained as also whether the extent of land entered in Column 363 is all that was assessed in the Madura Division with

with two Crop rent in Fusly 1212. The Columns 145 and 146 of the Form No. 4. to which the Collector alludes are not intended to show the whole extent of two Crop lands classed as such at the Survey but only such portion as may be taken up for Cultivation in each year.

Coll.rs letter 15th June 1849. Para-2.

8. The forms of account which were furnished for the Collectors guidance in the preparation of the Statements of the annual Settlements have not been observed in the Statements received for the Fusly under review and the discrepancy has proved embarrassing in the Examination of the details of the different Heads of Land Revenue. In their Proceedings on the Settlement for Fusly 1251 the Board pointed out the omissions which had then occurred in the preparation of the accounts according to these Forms and it is here necessary to notice the alterations which are now apparent.

Dated 29th July 1841.

Paras 25-26-27-28-29 & 30-

9. The Boards Form of Statement No.3 provides that the Cultivation of

ain or Permanent Cultivation of Dry wet and Gardeen lands should be entered separately from the Mungaree or temporary Cultivation classed as Punjah Mail Punjah, Punjah Gardeen, Punjah converted into Punjah, Punjah Gardeen &c. which varies with the nature of the season but in State-ment No.3 before the Board these classes of Cultivation are included under the general Head of Dry lands actually cultivated and thus the Heads of Dry Wet and Gardeen do not represent the real ain Cultivation. The same deviation from the Form is exhibited also in Statement No.4 except that the ain Dry Cultivation in detail is distinguished from the Mains of temporary Cultivation as shown in the Margin all extra Cultivation varying with the Season should

Land taken for Cultivation

	As per Statement No.3		As per Statement No.4		
	Column	Extent in Land	Column	Extent in Land	
Poonjah Land.					
Ain Poonjah	"	"	145	284,001	
Punjah Gardeen	"	"	67	13,846	
Converted into Wet.					
Paddy fields	"	"	145	16,922	
Punjah Mail Punjah	"	"	217	1786	
Manjeree	"	"	249	102	
Total Wet	"	"	257	18,810	
Total of Punjah	10	3,16,658	265	3,16,658	

should be entered separately both in State-
-ment No. 3 and No. 4-

10 The Board observe also an alteration in the Forms of these State-
-ments in an additional Column to specify Teerwa and Jupti Cummie and that a sum of Rupees 8158 is apparently de-
-ducted from the total assessment including Fussel Pastee in one Crop land and would seem to refer to lands cultivated in the preceding year with two Crops, and in the year under review with one Crop only, in which case it is a mistake- Fussel Cummee properly speaking is the remis-
-sion granted for the failure to Cultivate from unavoidable causes a second Crop in two Crop Nunjah land, Teerwah Cum-
-mee is the deduction from the assessment on account of inferior produce raised in superior lands under the influence of the Season. In either case it is sufficient to enter these items under their distinct Heads of Remission-

Statement No. 3 Column — 16.
Statement No. 4 Column — 311.

11 In order to prevent further per-
-plexity in the Annual Accounts the Board

Board desire that in future the statements which accompany the Report on the Settlement may be prepared in strict conformity with the Forms submitted to the Collector for that purpose-

To the Collector 29th July 1841.

12 The Board cannot learn from the accounts what proportion the Pasture bears to the Cultivated lands in the Ranghery Talook, and how much is comprised in the entire holding of each Ryot. The Revenue from the Pasture lands is stated to be nearly one third more than in the preceding Fusly, and is settled it is presumed as in that year at the rate of 1/4th of the Survey assessment- There is an increase of Sixteen hamlets in the Talook, and in the opinion of the Collector "as "Cattle constitute a considerable portion "of the Ryots property, space and separation "are absolutely necessary" it is inferred from this Circumstance that the Chief holdings of the Ryots are pastures. Mr Parker proposes to introduce the same system of settling the demand upon grass lands in two Talooks of the subdivision but

Para 22

Boards Proceedings on Fusly 1256. Para 15-
Para 28.
Statement No. 8 Column — 10-

but the Board are unwilling to adopt the consequences of it until they receive more specific information and they desire that it may not be extended without their Sanction. In the mean time with reference to their Proceedings on the Settlement of Fusly 1256 the Collector will furnish a Statement similar to the Statement No 20 Submitted with his report for that year distinguishing the Wet, Dry and Garden land from Pasture and Waste and he will also state his opinion whether one fifth of the holding of each Ryot in Dry and Garden lands might not be justly fixed as the limit on which ¼ of the assessment shall be levied as Gross rent.

Paras 13-14 and 15

13. The increase noticed by the Collector of Tanks and Wells in the Sub Division is an evidence of the improved condition of the Ryots and the Board will trust that the spirit of Industry they have evinced will receive every encouragement from attention to these sources of irrigation, they remark that the number of Puttahs would not

Para 29.

Para 30.

not correctly indicate the number of Cultivating Ryots of whom two or more might hold a joint Puttah for the same Farm. In the rent roll furnished by the Sub Collector there is an increase of one Puttah for Rupees 2,000 in the Tenkurray Taluk, and a decrease of one Puttah for Rupees 800. It would be satisfactory to learn the cause of this difference and whether the amount of the lesser Puttah was enhanced by the more extended holding of the same Ryot.

Para 16.

14. The Board see no objection to the present mode of Settlement in the Villages situated in the Pylaney Hills being continued for a further period of two Years with due attention to their instructions. In three of these Villages the present Ryotwar Berij exceeds the Rents but is still lower than the outturn under Amany in Fusly 1250 as marginally noted

Para 34.

Boards Proceedings Fusly 1254 Para 19. Sub Collectors Report Para 41.

Fuslies	Yettoor		Vellutty		Veeroo-pakoha		
1250	2284	15 9	768	9 3	2111	8 4

noted. The Board will await the result of Mr Parker's enquiries trusting that with the opportunity now afforded to him he will be able to suggest such mode of Settlement with the inhabitants of these Hills as may be conducive to their permanent welfare and to the interest of Government.

15 The Fysotwar Demand according to the Settlement Amounted to Rs 10,76,463-5-2 of which Rupees 9,46,108-15-11 were Collected within the Fusly leaving a balance of Rupees 130,354-5-3 which by Subsequent Collections to the end of May 1849 was reduced to the trifling sum of Rupees 238-2-1 (adding the permanent Demand for Rupees 782,815 12-4-) which was realized by the end of May the total Land Revenue of Fusly 1257 amounted to Rupees 18,59,279-1-6 being the highest on record and exceeding that of Fusly 1251 by Rupees 42,211. the Collections within Fusly 1251 however exceeded those in Fusly 1257 by Rupees 84,819 - In Para 3 in allusion to the wet lands it is remarked that part of the early Cultivation was Carried to account in Fusly 1256 and a part which was reaped later in the year under report. The Board are aware that in Madura the Collections of the Revenue derived from the wet lands are brought to account from March to June inclusive, but with respect to the Collections for the early Cultivation as above noticed they request to be informed whether they were allowed to stand over until the following March, and in that case if an earlier adjustment might not be made without inconvenience -

Fort St. George

66

From the Collector of Madura

Reporting on Petition No 152 of 1849.

Sir,

Para 1. I have the honor as directed by endorsement, to report on Petition No 132 of 1849.

2. Chinna Roopaka Athani a Concubine of Mootoo Ramalinga Sathoopaty the deposed Zemmindar of Ramnad received a pension of Rupees 25-9-0 and died on the 7th November 1848, since which date the pension has been discontinued

3 I am unable to find on Record an engagement that these pensions should be continued as long as the Revenues from Salt and Customs may be held by Government. In the letter of the Special Commission to Government under date 5th April 1803 they recommended that

Fort St. George 30th July 1849.

that the pensions to the family of the Poligar should continue to be defrayed by the Company and not be transferred to the Rance whenever our Collection of Customs might cease, as proposed by the Collector, and the Government concurred in their opinion —

4. This resolution does not appear to me to to guarantee pensions even to adopted Sons The Petitioner however was not, and could not be adopted by the deceased who was only a Concubine but he represents himself to have been brought up as her Abemana Pootren [Son by kindness] -

5 In the case of Cunney Tavem the Government were pleased to grant half the pension of Poorana Nachear, but she was a Widow of Hoottooramalinga Saitoopathy and he was her nephew as well as son by kindness -

6 Such being the case the precedent does not appear to me imperative on the Government, and it seems inadvisable to burden the Revenues with an allowance unaccompanied by service without real necessity and to encourage in others the hopes of attaining similar indulgence -

Sir

From the Collector of Tinnevelly — Reporting upon the Settlement of Land Revenue of the Tinnevelly District for Fusly 1257 and forwarding the usual Accounts connected therewith —

I have the honor to report upon the result of the Settlement of Land Revenue of the Tinnevelly District for Fusly 1257, and to forward the several Statements marked A to D. and numbered 1 to 14 —

Carr Season

2 The Carr season of Fusly 1257 was on the whole favorable — The South west Monsoon having fallen in sufficient quantities in the Hills from May to September afforded an adequate supply of water in the Rivers and Channels and enabled the Ryots to carry on the cultivation to an extent greater than in Fusly 1256 by seed Cottahs 5,545 — The Statement of Crops raised towards the end of that year or Fusly 1256 by the assistance of water in Tonnacolum Tanks having been harvested chiefly after the 12th July 1849, were necessarily carried to the Carr Accounts of the Fusly

Fasly under report. This gave an increase in the Cultivation under Ponnacolum of Seed Cottahs 7849 above last year. Exhibiting an aggregate increase in Carr Cultivation of Seed Cottahs 13,394 in excess of Fasly 1256.

3 Notwithstanding the favorableness of the season entire failure of Crops and short produce occurred to the extent of Seed Cottahs 403-10-4 which was in proportion to the increased Cultivation above noticed - averaging about 1 per Cent in the total Carr Cultivation of Fasly 1257 or $\frac{39}{64}$ per Cent more than in the previous Fasly in which year the total Cultivation and the Extent of Drought were only Seed Cottahs 27,280-10-5¼ and Seed Cottahs 108-10-5 respectively.

S.C. 40674-14-5 3/5

Peshanam Season

4 The rains during the Peshanam Season or from October to December, having been abundant the result was an increase in the Ayacut and Ponnacolum Cultivation amounting to Seed Cottahs 3,193 and 8,072 respectively or on the whole seed Cottahs 11,265- above the total Peshanam Cultivation of

of Fasly 1256 and a decrease in the extent of land, the Crops of which had entirely failed or had become deficient, as shewn in the Margin.

Fasly 1256-8635-21-
" 1257-163-16-3
Decrease 8471-6-6

On

5. On reference to the foregoing Statement it will be observed that the increase under the Head of Nunjah Oloongoo Villages has arisen from one Village under the Head of Nunjah Pottom, and Six under that of Poonjah having been transferred to the Head of Oloongoo, for reasons hereunder explained..

6. Four Villages in the Cottapedaram and 2 in the Nangaucherry Talook were till Fusly 1256 entered in the Accounts under the Head of Poonjah in consequence of the Tanks in them having been long breached and in a ruined state, but in Fusly 1257 the Tanks having been repaired and the lands cultivated with Nunjah produce the Villages were included under the head of Oloongoo..

7. The Villages of Maravathaly in the Punjahmal Talook was a Pottom one up to Fusly 1256, but in Fusly 1257 the owners of the lands having complained of Pottom assessment as heavy and requested that

that the neighbouring Village average rate should be imposed, the Pottom teerwah was discontinued and the average rate of the nearest Circar Village fixed with reference to Para 7 of the Boards Proceedings of 30th March 1843. The Village in question was therefore transferred from the head of Pottom to that of Oloongoo..

8. On reference to the annexed Statement it will be observed that there is an increase in the extent of Nunjah Cart and Peshanum Cultivation above Fusly 1256 in the Villages of all description including the Tarum or 4 settled Villages amounting in the aggregate to Seed Cottahs 24,725-5-4 and a decrease in the Nunjah Mail Poonjah and Vampyr Cultivation below Fusly 1256 to the Extent of Seed Cottahs 854-15-6½. The cause of this decrease is detailed in the remarks on the Marginal Statement N: 10 and 11 further on.-

11647

Fort St George 30th July 1849

9 The falling off in the Settled Prices of Fusly 1257 as shewn in the Statement N= 3 is chiefly attributable to the abundance of the Carr and Peshanam harvests consequent on the favorableness of the Season already noticed.

10 The annexed Statement N= 4 Exhibits in one view the Settlement of the Fusly under report under the several branches of Land Revenue in contrast with Fusly 1256.

J.G.B

11- In the Nunjah Waraput ex Villages, there is an increase in cultivation in Carr and Peshanum both under the head of — Agaput and Punnacolum, amounting to Seed Cottahs 20,066 — 3 — 6 5/16 as shown in Statement No. 5. The Decrease observable in the rate of Mailwarum for Carr and Peshanum is chiefly attributable to the extent of 1 Crop land cultivated with Aneemoodungum towards the close of Fusly 1256 but brought to the Carr accounts of the Fusly under report, as already observed in Para 2 having been assessed at half Seerwah in consequence of the same land having been employed for the Peshanum cultivation of the past Fusly 1257. Notwithstanding the above decrease in the rate of Carr and Peshanum Mailwarum and the

the Decrease in price entered at Annas 6 — 3 29/64 Pice for Peshanum and at Pice 2 29/32 for Carr, consequent on the abundant harvest in both Seasons the Revenue from the Nunjah Waraput Villages in Fusly 1257 has exceeded that of the previous Fusly by Rs. 84330 — 9 — 2. owing chiefly to the great increase in cultivation.—

12. On reference to the annexed Statement No. 6, it will be observed that notwithstanding the decrease in the current selling price, the Revenue of the Inamed Villages in Fusly 1257 is Rupees 25,564 — 8 — 3 in excess of that of the previous Fusly occasioned by an increase in cultivation and in the rate of average produce consequent on some of the lands having yielded better Crops than in Fusly 1256.

13. The Revenue realized under the Head of Pottom for Fusly 1257 has notwithstanding the slight decrease in the price exceeded the Revenue of the previous Fusly by Rupees 7,932—11—3 as shown in Statement No. 7 owing chiefly to the increase in cultivation and in the rate of Mailwarum consequent on lands bearing a higher rate of assessment having been employed for Pottom during the Fusly under report.

16. The decrease in Cultivation and Revenue under this Item (Vide Statement No. 10) was occasioned by some of the Ryots, instead of availing themselves of the water from some old Wells for Nunjahmail poonjah and Vamjyre Cultivation, having raised Poonjah crops on the lands by the falling rains, thereby rendering the land subject to Poonjah Assessment only, the tax on these old Wells being too heavy.

17. The cause assigned for the Decrease under the 2d Item in Statement No. 9 Appended to Para 15 is also applicable to the decrease of Rupees 73—13—2 entered in the Statement No. 11.

18. An increase in the total of Nunjah and Bagayet Cultivation of Fusly 1257 in the 4 settled Villages as shewn in the annexed Statement No. 12 has produced a corresponding increase in the Bareez in excess of Fusly 1256 to the Amount of Rupees 608—6— caused chiefly by the favorable state of the season already noticed.

11663. Fort St. George 30th July 1849

19. The Season for Poonjah or dry cultivation during the Fusly under report was very unfavorable in consequence of there having been no seasonable rain in the early part of the season during the months of July and August and the rain that fell during the latter part being incessant deterred the Ryots from preparing their lands for cultivation. Hence there occurred a net decrease in the Revenue under this Head below the previous Fusly to the Amount of Rupees 30,040—12—8 as exhibited in the annexed Statement No. 13

Board's Proceedings 30th July 1849.

The Secretary under the Head of Customs &c.

Read the Collector of Salem's Report No. 11 — 8 &c. &c. &c. dated 23rd. July 1849 — 11 — 8 &c. &c. &c. dated 4228 — 11 — 8 &c. &c. &c. dated 4th. Instant, in which he solicits the sanction of Government to the adoption of a Rule for the guidance of Renters in the collection of Duty on Toddy drawn from trees belonging to Agraharams, Choultries, Temples &c. &c. &c. and exempted from assessment by the Proclamation of Government dated 12th. February 1818.

Ordered, that the Collector be informed in reply, that the Board see no objection to the Rule proposed by him, and that it be published for general information.

Ordered, that a Copy of the Collector's Report be transmitted to the Board of Revenue.

Ordered, that a Copy of this Proceeding be transmitted to the Collector of Salem.

To the Secretary.

24. The foregoing Statement No. 18 will exhibit the state of the Plantations therein adverted to. The under Cultivation raised during the year under report has been exempted from Assessment agreeably to the terms granted to the Ryots since the leave of the Board to plant Palmirahs and firewood on the Land drifts, the Villages in their neighbourhood have made considerable exertions, after much urging, to plant a portion of these shifting Sandhills but much more is still necessary to counteract the Mischief occasioned by them. There are 5 of these different Series "Series" or sand drifts divided among 12 Villages situated on their borders, some of the drifts are large, extending many Miles in length and breadth, others of smaller, but all very prejudicial. impassable at mid-day in the hot Months from

† Vide Boards Proceedings dated 22nd April 1844.

from their excessive heat; but with a considerable lodgment of water under them the Ryots are now, under the late encouragement gradually endeavouring to plant the edges of them and so advance over them.

From.

28. From the Statement No. 22, it will be seen that the loss sustained by the Ryots claiming remission for draught and short produce amounts on the whole Bariz of Rupees 13,012 — 14 — 7 due by them as

	Chz. a. p.
For Cars	4036 — 1 — 9
Do. Peshanum	1158 — 7 — 11
	5214 — 9 — 8

to Rupees 5,214 — 9 — 8 or 40 1/16 per Cent. on Rupees 99,643 — 11 — 3 less than the amount of remission allowed in the previous Fusly. The amounts remitted for Cars of Fusly 1257 exceeds that of Fusly 1256 by Rupees 3,888 — 5 — 4 which is attributable to the causes mentioned in the remarks on the Season.

29. These remissions were only granted in cases where the Crops have been ascertained by personal and careful examination, by Public servants deputed from the Huzzoor and Talook Establishments, to have really suffered from draught and short produce, and where the loss of the Ryots has exceeded the prescribed Centage of 30 per

per Cent. as laid down in the Standing Orders of the Board for the Coimbatore District.

33. Proposals to cultivate the 3/4 1/4 Tauncs of Nunjah land lying under ruined Tanks and entered in the Statement No. 26 having been received from others than the Proprietors, the latter were sent for and asked, as usual, if they would Cultivate when they / the owners of the lands / consented to, and executed the ordinary Moochilkah, to the effect that they would pay the Teerwah thereon, the proprietors, as is too often the case, subsequently stated their inability to cultivate or pay the Government demand thereon according to their Moochilkah, and promised to cultivate the next year Fusly 1258, and it having been ascertained by enquiry that the lands were actually waste and no crops had been realized thereon, 1/4 th Teerwah in some instances, and 1/8 th in others, were realized, and the remainder remitted

remitted as exhibited in the Statement No. 26, this practice, however, of signing a Moochilkah on others offering to cultivate, and then failing, and trusting to get remission at last, is a too common practice and evasion and requires to be Checked. It is chiefly by Brahmin or Meerasidars unable to Cultivate more themselves, and unwilling to let others.

11691

Fort St. George 30th July 1849.

41. With reference to the Board's letter of the 27th January 1848 I have the honor to annex a statement showing the number of Sugar Manufactories in this District; as required in the Extract from the Minutes of Consultation under date the 4th December 1847 from which it will be seen that the extent of land employed in fusly 1767 for the cultivation of Common and Mauritius Sugar Cane amounts to Seed Cottahs 49–20–6/8 and ¼–18–3–¼ and the Estimated produce thereon to ℔s 202,133 and ℔s 500 respectively. none of either kind has been exported to England, the produce not being sufficient even for Home Consumption, for which Sugar in large quantities is imported by land from Salem and other places. It should be observed that the Sugar Cane Cultivation has never been attempted on a great scale in Tinnevelly, the growers obtaining no adequate returns and having no knowledge of the proper process for making fine Sugar, a considerable quantity of Course Sugar, and Sugar Candy, is made from Palmirah Jaggery, and large quantities of the Jaggery in its rough state, are exported to Cuddalore and other places.

Statement

+ there being no Manufactories properly so called, and only a few growers.

11692

Fort St. George 30th July 1849.

No. 34.

Statement showing the Number of Sugar Manufactories in the District of Tinnevelly for Fusly 1257.

Taluks.	Number of Sugar Growers.	Extent of Lands cultivated with Sugar Cane.	Acreage of Sugar Cane.	Estimated Produce.	Remarks.

2d on additional Crops raised on fallow towards 1 Crop lands and charged with half assessment	Colls.	4,208	
Total		4,208	
3d Crops raised on Fallow towards 1 Crop and 2 Crop lands and charged with half assessment		210	
Total		4,608	

47. From the Marginal Statement, it will be observed that the Cultivation for additional Crops raised on 1 and 2 Crop lands during the Fusly under report, has exceeded that of Fusly 1256 by seed Cottahs 7,353 - 6 - 13/16 which includes an increase of seed Cottahs 410 - 15 - 6 in the extent of land Cultivated for a 3d Crop. This increase is chiefly attributable to lands which were Cultivated with Annadungum towards the close of Fusly 1256, but harvested in and included in the accounts of Fusly 1257, having been again Cultivated for

Fort St. George 30th July 1849.

for a 2d and 3d Crop in the year under report. It should be observed that the produce of the 3d Crop, though scanty, was assessed with half teerwah as in the case of a 2nd Crop on single Crop lands.

43. In ordinary seasons no more than 40 or 50 Cottahs are Cultivated with a 3d Crop, and the lands that generally are inferior or dry grain ane, and with great exertion. In some Districts no teerwah is levied on a 3d Crop, and the System prevailing in this District of assessing it also with half teerwah, (the same as a second Crop,) bears very hard on the Ryots. I beg strongly to recommend that any 3d Crop raised, be exempted from assessment; the loss to Government being very little, and the consideration and encouragement to the Ryots, great.

The

11695 Fort St. George 30th July 1849.

44. The following State-
ment will show satisfactorily
that full Taxed 2 Crop lands,
i.e. lands paying full Teerwah
on both Crops, have not fallen
off by encouraging the Cul-
tivation of Extra Crops for
½ teerwah, on one and two or
Crop lands bearing the Ordinary
full assessment:-

See Mr. Elton's letter on ½ Teerwah 22nd October 1847

Fusly.	Extent of 2 Crop lands paying full tax on both Crops.

Sm

11696 Fort St. George 30th July 1849.-

45. In conclusion, I have the honor to forward the Report of the Acting Sub Collector on the settlement of the Talooks under his charge and to express my entire satisfaction with Mr. Levinge Whittingham's management. Mr. Levinge my Head Assistant has had charge of the Revenue of 2 and the details of Police of 4 Talooks, and of the details of Salt, Layer, and Sea Customs, all which he has conducted efficiently and energeticaly. Mr. Child was entrusted with the management of the Revenue of 1 and the Police of 4 Talooks, and Mr. Ballard with the Revenue and Police of 1 smaller Talook, having arrived here only in January last. Both these Gentlemen have displayed zeal and assiduity in the discharge of the duties entrusted to them, and afforded me all practicable aid. Mr. Blair having joined the District only in April last, was employed in the Petition Department and Tappal, in which he was gaining daily experience. The knowledge of all these Gentlemen of the language of the District, tends greatly to the efficient discharge of their various duties.-

Tinnevelly, 20th November 1848

/Signed/ E. B. Thomas
Collector.-

one though a very partial failure of the crops in some places occurred from causes hereafter stated. During the months of June and July the Rivers and Channels were well supplied by the rains of the South West Monsoon falling on the Hills and the Ryots were enabled to extend their Agaput cultivation not only beyond what it had been in the previous Fusly in which the Carr season was exceedingly unfavorable in parts of my Division but what it was in Fusly 1253 when the season was one of average goodness. The Ponacolum Tanks in general and the Agaput Tanks in the Talooks of Steevilly pootoor and Shenkeminarcoil were replenished by an unusually heavy fall of rain in March and April before the commencement of the Fusly under Report and the crops of the extended Annymoodunguum cultivation under these Tanks not having been reaped within the Fusly 1256 the Annymoodunguum cultivation was as usual brought to the Carr Accounts of the falling year Viz. that under report & The increased cultivation under this head and the

the increased Agaput cultivation above spoken of exhibit a total increase in cultivation of seed Cottahs 6321- 20- 2 3/4 as shewn in the foregoing Table No. 2 a portion however of the Annymoodunguum crops raised under certain Tanks by the aid of the unusual rains in March and April suffered from want of rain at a later period to the extent of Cs. 363- 5 7/8 and remission was in consequence necessarily made to the amount of Rupees 3587- 15 11

Fort St George 30th July 1849

4 The season for Peshanum of Fusly 1257 commenced favorably and ended with good results. The September rains which were light and partial and not sufficient for Poonjah cultivation enabled the Ryots to prepare their Agaput lands for the Peshanum cultivation while the rains which fell abundantly in the months of October November and December filled the Ponacolum tanks and insured a constant supply of water in the Rivers and Channels feeding Agaput tanks. In consequence of this abundant supply of water the Peshanum Cultivation under both Agaput and Ponacolum tanks exceeded not only that of last year in which the Peshanum season was most unfavorable by 𝔏 6 7228 - 17m - 39/16m as shewn in Table N° 3 but also exceeded that of Fusly 1255 by Seed Cottahs 3093 5 3/16 The failure of crops and short produce in the Peshanum cultivation were of a trifling extent rendering necessary remission to the amount of Rupees 292 - 4 - 5 The decrease in the Nunjamail poonjah and Vanpyre cultivation is caused by the favorableness of

Fort St George 30th July 1849

of the Peshanum season having enabled the Ryots to cultivate land with Nunjah that had formerly been cultivated as Nunjahmail Poonjah

N° 4 Poonjah

Fusly	Extent of Cultivation
1256	Chains 48763 37/64
1257	43553 113/128
Increase	"
Decrease	5209 89/128

5 Of the Poonjah cultivation so favorable an account cannot be given for the insufficient fall of the usual rains in August and September which enable the Ryots to commence their Poonjah cultivation combined with the incessant rains during the N E Monsoon have caused a large decrease in the Poonjah cultivation amounting to Chains 5209 89/128 as noted in the Marginal Statement N° 4.

6 The slight rise in the price of Carr /Vide Table No. 5/ in the Money rented Villages has been caused by the increased demand for grain arising from the unfavorable nature of the Peshanum season of Fusly 1256—But the decrease in the Summahbundy price of the Amany Villages noted in Table No. 5 is chiefly attributable to the deterioration in the quality of the grain caused by the scarcity of water towards the close of the cultivation this land having been brought under cultivation in March and April of Fusly 1256—

7 The Peshanum Kernels both in the Money rented and Aumany Villages fell 22 per Cent below last year as shewn in the foregoing Table. This was occasioned chiefly by the increase in cultivation resulting from the very favorable nature of the Peshanum season as compared with that of the preceding Fusly 1256 in which the prices were higher in consequence of a scarcity arising from a general failure of the Crops—

1847 Fort S.t George 30.th July 1849.

9. The Net Revenue derived from the Nunjah waraput of full taxed wet lands of the Money rented Villages in the Fusly under report, exceeds that of the previous Fusly by Rupees 111,588—8—5 as shewn in Table N.o 7. This excess is partly attributable to an increase in cultivation, and partly to the amount of remission granted for failure of crops and short produce having been considerably less than in last year. The decrease in the average rate of Mailwarem is owing to a greater extent of land having lower rate of mailwarems, having been brought into cultivation. The Decrease in the average rate of the Nerucks is owing to the abundance of the harvest as compared with the previous years.

10. The Revenue derived from the Munjah warapat of the aumany Villages for Fusly 1257 shews, as compared with Fusly 1256 a net increase of Rupees 1114 7 7 as shewn in Table No 8. The increase derived from extended cultivation amounts to Rupees 109 5 4 — 11 — 9 and that from the crops having been more plentiful than in the preceding Fusly to Rupees 1,058 — 11 — 1 forming a total of Rupees 12,013 — 6 — 10. If from this sum be deducted Rupees 865 — 15 — 3 being the decrease arising from the prices being lower than in last year, the net increase stands at Rupees 1114 7 — 7 — 7, as mentioned above — The harvest of these Villages under direct management was as usual superintended by public Servants deputed for the purposes.

Fusly

14. The Decrease of Rupees 250 10 " in the revenue derived from the cultivation under Old Wells as shewn in Table No. 12, is attributable to the want of that inducement which the favorable assessment of the Nunjahmail Poonjah lands in Fusly 1256 in accordance with the Orders of the Board of Revenue held out to an extension of cultivation. The decrease on lands held under Cowlenamahs referred to in the 3rd Column, is owing to the partial failure of rain in the months of March and April as compared with the preceding Fusly; whilst the increase in the revenue obtained from the 8 Kinds of produce mentioned in Column 4, is ascribable to the extended cultivation consequent on the favorable nature of the Carr and Peshanum seasons in the Fusly under report.

The

No. 13 Poonjah.

Fusly	Extent of Cultivation Chains	Summah amount Rs a p
1256	48,763 37/64	1,68,910 10 4

Fusly

11856

Fort St George 30th July 1849.

The decrease of Rupees 32-5-3

17.

in the revenue derived from trees pay-
-ing a fixed tax is caused by a falling
off in the number of productive trees
paying a high rate of teerwah, there
being an increase in the total number
of productive trees. The Decrease of
Rupees 512—9—5 has arisen from a fall
-ing off in the offers made for the
rent of trees usually let on lease-
The total decrease under these
two heads amounts to Rupees
544—14—8. Deducting from this
sum, Rupees 376—2, being the
increase derived from the pro-
-duce of tamarind trees under
direct Management, having been
greater in quantity than in
the preceding Fusly, the net
decrease stands at Rupees 168—14
—6, as shewn in Table No. 15.

Jaudbund

11858

For St George 30th July 1849.

18. The number of produce tree trees bearing a higher rate of assessment having been greater this Fusly than in the preceding one, is the cause of the net increase of Rupees 63-6-3 shewn in Table No. 16.

No. 42 Collections.

	July 1250						July 1257					

11865 Fort St. George 31th July 1819.

27- The State of Collections for the Fusly under review as set forth in Table No. 20, exhibits that the Revenue was, with the exception of Rupees 3,303 — 3 — 8, realized within the Fusly, and that this balance has since been reduced by subsequent collections to the end of September to Rupees 1178 15 — 3. Of this sum Rupees 250 — 14 — 2 is, the amount of Collections realized from lands the proprietary right of which is in dispute between the Government and the Zemindars, and is in deposit in the Collectors' Treasury. The remaining balance of Rupees 922 — 1 — 1 will, it is anticipated, be collected in a short time.

Shermadavy,
Sub Collectors Office,

From the Acting Principal Collector of Coimbatore.

Sir,

I have the honor to ac: knowledge the receipt of your letter of the 22d January last giving cover to an original Communication from Mr. A. R. W. Lascells and requiring a report thereon.

Return the original communication of Mr. A. R. W. Lascells and affords explanation on the several points noticed by that Gentlemen.

2. Mr. Lascelles's Complaint refers to three points, 1st. that the land purchased by him from certain Burghers, on the 23d August last was subsequently sold to a Mr. Stanes, through the instrumentality of the Tahsildar of the Neilgherries who is said to have been aware of the previous transfer-2dly that the Burghers who sold land to Mr. Lascelles in April 1847 were fined for doing so, and-3dly that the land applied for by him at Coonoor was measured and made over to another Party.

3. With a view to meet these allegations

70

From the Acting Principal Collector of Coimbatore.— Sir,

Returning the original communication of Mr. A. P. W. Lascelles and affording explanation on the several points noticed by that Gentlemen.—

I have the honor to acknowledge the receipt of your letter of the 22d. January last giving cover to an original Communication from Mr. A. P. W. Lascelles and requiring a report thereon.—

2. Mr. Lascelles's Complaint refers to three points, 1st. that the land purchased by him from certain Burghers, on the 23d. August last was subsequently sold to a Mr. Stanes, through the instrumentality of the Sahsildar of the Neilgherries who is said to have been aware of the previous transfer-2dly that the Burghers who sold land to Mr. Lascelles in April 1847 were fined for doing so, and-3dly that the land applied for by him at Coonoor was measured and made over to another Party.

3. With a view to meet these allegations

Fort St. George 30th July 1819.

allegations as far as practicable the Sah: =sildar of the Neilgherries was called = upon to afford explanation, which goes to prove that the Complaint of Mr. Lascelles is unfounded.

4. Adverting to the 1st. point the Board will perceive that the purchase of the land stated to have been bought by Mr. Lascells is of a very question= =able character neither the esetent of the ground, its position or the Amount paid for it, is specified in the deed of sale, nor is it attested by the Village Officers of Maiknaad in the limits of which the land is situated – the absence of these usual and necessary formalities and the utter denial of the Parties, to the deed, throw the strongest suspicion against its' genuineness.

Mr.

Fort St. George 30th July 1819.

5. Mr. Stanes applied for the land in question which amounts to = about 25 Cawnies on the 23d. of August 1818 the date on which Mr. Lascelles as= =serts to have purchased it, and on the 5th. of September following the Sahsildar of Potaeamund was directed to report upon it. a sketch thereof having been = furnished by Mr. Stanes in the mean time the Sahsildar made the fullest enquiry into the matter and the Burghers who owned the land and held a Puttah for it, having agreed to transfer the same to that Gentleman for the sum of Rupees 250 the sale was = concluded on the 6th. January last, and the usual Razeenama and Dur= =khast preferred to the Sahsildar in favor of Mr. Stanes – Under these Circum= =stances, I do not think that there are sufficient grounds to disturb the occupancy of Mr. Stanes, the land in question was held by the Burghers on Puttah and under the Revenue system of this District they

they had a right to sell it.

6. On the 2d. point Mr. Lascelles has been misinformed, the fine alluded to was not imposed on the Burghers for making over to him certain land in 1847 but on the Curnum and Manigars of the Village, who were proved to have knowingly attested a deed of transfer in which the sale of about 15 Bullahs of Government waste land was included.

7. The 3d. point is equally groundless the land applied for by Mr. Lascelles not appearing to have been granted to any others.

8. With this explanation I beg leave to return Mr. Lascelles Original Communication and its enclosure.

Coimbatore, 3d. July, 1849. } (Signed) E. B. Thomas
Acting Principal Collector

Proceedings thereon-

70-71

From the above report of from the Acting Principal Collector of Coimbatore it appears as regards the first matter of complaint preferred by Mr. a R W. Lascelles or that which relates to the land said to have been purchased by

by him in August 1848 the parties to the alleged deed of sale utterly disavow that document, and the Village Officers deny all knowledge of the transaction.

The land in question is further stated to have been sold by the Burghers who held it on Puttah to Mr. Stanes by whom the requisite formalities have been performed and who is now in occupancy. The Board of Revenue cannot therefore interfere.

2. With respect to the second point brought to notice by Mr. Lascelles the land referred to seems to have been wholly or in part Government waste and the fine alluded to Rupees 6 was imposed, not upon the Burghers, but upon the Village Curnum and Manager for having knowingly attested a deed of transfer in which the sale of Government waste land was included. On the third point to which he has referred Mr. Lascelles has been misinformed, the land for which he applied at Coonoor not having been granted to

Fort St. George 30th. July 1819.

to anyone.—

3. Under these circumstances it does not appear to the Board that the Statements made in Mr. A. R. W. Lascelles' Communication are well founded or that any orders are called for in respect to or on the part of this Office. The Acting Principal Collector will be so good as to intimate this to Mr. Lascelles.—

72

From the Collector of Canara.....

Forwards accounts connected with Pensions and Inducts to Native Religious Institutions and explains the difference between the originally sanctioned amount and that for which revised authority is now solicited.

Para 1. & 2. 1/24

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board under date the 22d. February last and with reference to the 1st. para thereof to forward the Statements referred to in the 2nd. Para of my letter of 12th. December last.—

2. In reply to 4th para 2d. of the Proceedings under acknowledgment, I beg to state that copies of the Orders of Government under date the 8th. June 1819 and 18th. November 1834 furnished by the Board were duly transmitted to the Civil Auditor with the Replies to the Retrenchment for fusly $\frac{1252}{1842/43}$. The charges incurred under the authority conveyed by the orders of Government dated 18th. November 1834 were

were thereupon passed by that Officer amounting to Rupees 5,513—8—10.— objection however was made to that of Rupees 1,20,874—6—8 incurred under the sanction of the former date (8th. June 1819) as will be perceived by the accompanying Extract of the further Readit of the Civil Auditor and Extract of a letter from that Officer (dated 12th. March 1845) which accompanied the readit, from the observations contained in which it would appear that he has objected to the charge on the ground that the order quoted in its support does not contain any provision sanctioning the continuance of the payments.— It will be observed that in his reply to the readit the acting Principal Collector Mr. Parker stated his intention to apply for a fresh sanction from Government through the Board which was done in my letter dated 12th. December 1848.

3. In explanation of the difference between the sanctioned Amount Rupees 1,35,327—13—8 and the sum of Rupees 1,32,412—0—1 entered in the Statement sent to the Board alluded

x No. 3

x No. 4

alluded to in the 3d. and 4th. paras of the proceedings under acknowledgement, I beg to refer the Board to the subjoined Statement.

	Under date the 8th. June 1819.			Under date the 18th. November 1834.			Total.		
	Rs.	A	P	Rs.	A	P	Rs.	A	P
Amount sanctioned	1,29,814	4	10	5,513	8	10	1,35,327	13	8
Amount as per Statement sent to the Board on the 12th. December 1848.	1,20,898	7	4	5,513	8	9	1,32,412	0	1
Difference	2,915	13	6	0	0	1	2,915	13	7

4. The difference of one pie in the amount sanctioned in 1834 is the fractional portion which has fallen short in the actual distribution of the allowances to the several institutions and has not consequently been ever disbursed, while that of Rupees 2,915—13—6. in the old sanction of 1819 arises from the several lapses of tusdeek which have permanently reverted to Government and which are not therefore payable hereafter. There are moreover no means of ascertaining the individual cases which have lapsed in consequence of the entire destruction of records of this Office.

Collector's Cutcherry

No. 86 to 91 The sum of 800 Bhaudry Pagodas per annum was sanctioned by Government on the 11th April 1818 and 4th March 1819 to the Neilaishwar family in Canara but the amount now continued to the present Incumbents is at Rupees 2,000 per annum. The acting Principal Collector is requested to state in his reply at what rate the Bandry Pagodas are converted into Company's Rupees.

No. 92 The acting Principal Collector is requested to state in his reply what order of Government in the enclosure Marked H has reference to the continuance of the allowance payable to the female part of the family on account of the remission of their Estates

Nos. 93 to 95 Of these sum Rupees 5,513-8-10 seem to have been continued under the sanction of Government dated 18th November 1834 the remainder will continue retrenched till the sanction of Government is obtained to continue the same.

The acting Principal Collector is requested to furnish detailed list exhibiting the name of the Pagoda Mosque or the Individual the authorized allowance for one year and the amount actually disbursed in Fusly 1252 also increase or decrease in the usual manner accounting at the same time for such difference.

Proceedings Submitting correspondence with the Coll.r of Canara on the subject of the Pensions & Charitable and Service Emoluments payable in his District & of Pagoda and Mosque allowances retrenched in his accounts—recommending that the amount retrenched may be sanctioned and that the Coll.r be desired to forward an application for the additional funds he may require to have the requisite number of Copies of the Statements of Pagoda and Mosque allowances transcribed.—

From Coll.r of Canara 7th Dec.r 1848 in Cons.n 30th July 1849

72-73

thereon.— Resolved that the letter above recorded together with be previous correspondence on the subject be submitted for the orders of Government.—

2 With his letter of the 12th December 1848 the Collector forwarded a detailed Statement of Pagoda and Mosque allowances paid in Fusly 1252 with the sums payable annually on that account, but omitted to furnish the Statements of Pensions, Charitable and Service allowances paid in that year and subsequently, annually payable. He has however supplied the omission in the enclosures Nos. 1 and 2 of his letter dated the 9th May 1849. The Pensions and Charitable allowances payable according to these detailed Lists has been passed in the Canara accounts for Fusly 1252.

3. Resolved therefore that the Original Statement No. 1 be submitted to Government in reference to their orders in Para 4 Extract Minutes of Consultation 2d January 1846 and that the duplicate Statement No. 2 be recorded in this Office.—

In Cons.s 12th Jany. 1846

In

Fort St. George 30th July 1849.—

In reply to the queries contained in the Board's Proceedings of the 22d February 1849 the Collector has enclosed in his letter of the 9th May 1849 Extracts from the retrenchment and reaudit of the Civil Auditor on the Pagoda and Mosque allowances of his District for Fusly 1252, and states that Copies of the orders of the Government dated the 8th June 1819 and 18th November 1834 sent by the Board on the 8th July 1844 were duly communicated to the Civil Auditor in support of the retrenchments, on receipt of which he admitted the Charges amounting to Rupees 5,313-8-10- payable under the Government order dated the 18th November 1834 on account of Pensions of the Native religious Institutions in the Talook of Pootoor and amar sholea.—

In Cons.s 17th June 1819

In Cons.s 24th Nov.r 1834

4.

5. That Officer has however objected to pass the remaining Charges in his reaudit for Fusly 1252 amounting to Rupees 12,687-6-8 payable under the sanction of the 8th June 1819 without a detailed

Fort St. George 30th July 1849.

detailed list for passing future payments, as the order quoted does not provide for the continuance of the allowances.—

6. A detailed List of those allowances and of those amounting to Rupees 5,513-8-10- already admitted by the Civil Auditor has been prepared by the Collector and is enclosed in his letter of the 12th December 1848- and the Board beg to recommend that sanction may be granted for Rupees 1,26,874-6-8 the amount of the existing retrenchment and that future payments for the continuance of Pagoda and Mosque allowances in the Canara District be regulated according to the sums specified as "annually payable" in the Collector's detailed List amounting to Rupees 1,32,412-a-1-

7. In explanation of the difference pointed out in the Board's Proceedings of the 22d February 1849 of Rupees 2,915-13-7- between the aggregate amount of Pagoda and Mosque allowances

Fort St. George 30th July 1849.

allowances payable according to the Collector's present detailed List, and Rupees 1,35,327-13-8 the total amount specified in the orders granting original sanction, the Collector states that since the dates of the original sanction several lapses of Pasdecks to Government have permanently taken place, but that there are no means of ascertaining the individual cases of lapsing owing to the entire destruction of records in his District.—

Adverting to the Statement

8. in para 3 of the letter dated 12th December 1848- from the Collector that, with the

Fort St. George 30th July 1849.—

the present strength of his Establishment it will be unpossible for him to complete within a reasonable period, Four more Copies of the Statement of Pagoda and Mosque allowances forwarded by him which is very voluminous, the Board would recommend that he may be desired to forward an applica-tion in the usual form for the employment of Two Extra Writers for one Month at a cost of Rupees 30—0—0 for the purpose of transcribing the required number of Copies. They may however remark that in the event of the Copy now furnished being transmitted on Sanction for record to the Civil Auditor, it will be necessary to prepare 3 more Copies only viz. 1 for Government 1 for the Board and 1 for the Collector's own Cutcherry.—

Fort St. George 30th July 1849

Read the following letter

To,
T. Pycroft Esqr.
Secretary to the
Board of Revenue
Fort St. George

(74)

From the Collector of Malabar . . . .
Furnishing certain information called for in the Board's letter of the 25th ultimo on the subject of Mr Robinson's Report on Laccadive Islands.—

Sir

In reply to your letter of the 25th ultimo. I have the honor to inform you that whatever may have been the case in remote times, the Headship of the Cannanore sovereignty has from the period that we have had any concern in Malabar been vested in the person of a female on this point I beg to invite attention to the 86th Paragraph of the Joint Commissioners' report dated 11th October 1793 quoted in the Margin.—

The town and district of Cannanore were then held by the person denominated the Vulcea Beebee or great Lady who is the lineal heir to this little state her late husband (Ali Rajah who died whilst General Abercromby was reducing the place) being only her consort but not otherwise or in propriety (whatever influence he may and does appear to have assumed) the Chief Governor. At this early state of their Proceedings, the Commissioners from Bombay remarked this Lady's chief source of wealth was derived from the commerce that she and her family had long carried on with Arabia and different parts of India, besides which she exercises a Sovereignity over the Laccadive Islands the produce of which she receives in barter for Rice and they had then under consideration the expediency of farming out this commercial intercourse either to the Beeby herself or to some other person mentioned while she was called on to deliver in a state of the produce and value of her Country.—"

Altho

Although the Beebee has always enjoyed the position of the sovereign, the actual business of the State has generally been performed by a male member of the family under the designation of Rajah. In some instances as in the one quoted by the Commissioners, he was the consort in others the son or other near relation. The Rajah alluded to by Mr Robinson in the 197 Para of his report was the Husband of the reigning Beebee. The name of the Beebee now reigning is Ayeeshashe is the grand daughter of the Princess who was sovereign of the Laccadives at the time when they were ceded to the British by the treaty of Seerungapatam.

Calicut 16th July 1849 — (Signed) H. V. Conolly, Collector

Order thereon.

Resolved

Fort St. George 30th July 1849.

Resolved that the following letters be dispatched.

77

Circular to all Collectors except Madras and Sea Customs

Circular.

Sir,

I am directed by the Board of Revenue to forward for your information the subjoined copy of an Extract from a General letter from the Honorable the Court of Directors on the subject of applications on behalf of Ryots whose houses may have been destroyed by fire, for advances to rebuild them, and to request that you will give your attention to the views expressed by the Honorable Court.

Revenue Board Office,
Fort St. George,
30th July, 1849.

(Signed) T. Pycroft
Secretary.

Extract from a General Letter from the Honorable the Court of Directors dated 15th November 1843. No. 20.

18. Further applications for advances to the Cultivators of Certain Villages in Madura to enable them to re-build their Houses which had been destroyed by fire not complied with.

13. With reference to these applications the Principal Collector Mr. Blackburne observes that

Extract from the Minutes of Consultation, under date the 27th July, 1844. No. 749.

15. Under the view expressed by the Honorable Court

that "when Government lends Money
"for the purpose of re:erecting"
"houses which may have been
destroyed by fire their Officer has
"an influence which enables him to
"ensure a greater space for building
"with more regularity and the use
"of a less dangerous and more
"durable materials such as tiles or
terraces" whereas the refusal of
Government to grant advances for
this purpose "is likely to have the
"effect of withdrawing a portion
"of the lands from Cultivation
"in order that some of the
"Money appropriable to seed
"and bullocks may be expended
"on a miserable dwelling which
"will be added to year after
"year to meet the wants of the
"family till the Village is again
"in danger from its close and
"crowded state".

Court in these paragraphs the Most Noble the Governor in Council will be prepared to give favorable consideration to applications on behalf of Cultivators or whose houses may have been destroyed by fire, for assistance to rebuild them, on being satisfied from the representations of the local Officers and the Board of Revenue that

they are actually and urgently required.-

14. As it appears from these considerations that not only Security of the Revenue but also the comfort and safety of the Cultivators is in some degree involved in the disposal of the question, we are of opinion that advances to enable the Ryots to rebuild their Houses might be made with equal propriety as for purposes of Cultivation when the local Officers are satisfied that they are urgently required.- You are aware that it is our desire to discourage generally as far as possible the practice of making Tuccavy advances, and we are glad to observe from Mr. Blackburne's report that his efforts to restrict them within very limited bounds have been successful in Madura.-

(True Extract)

(Signed) T. Pycroft.

Secretary.

Fort St. George 30th July 1849.

To C: Cunniah Chitty.

To C: Cunniah Chitty

Informing him the conditions on which the Board will grant the Villages proposed by him and requesting him to state which of them he would prefer and what other arrangement he would wish to make.—

I am directed by the Board of Revenue to inform you that they have received a report from the Collector of Chingleput, upon the subject of the four Villages mentioned in your letter of the 19th May last, from which they learn that the average revenue realized from those Villages for the ten years Fusly 1243 to Fusly 1247 and Fusly 1253 to Fusly 1257 being five years under Aumanni, and five years under Turm Assessment, was Rupees 3391-5-8. that the average of the last five Fusleis, Fusly 1253 to Fusly 1257 was Rupees 4,676-11-1, and that of the ten last Fusleis Fusly 1248 to Fusly 1257 Rupees 4,338-11-7.

Sen Cler. 21st May 1849.

Mangadoo.—
Madavalagum.—
Cunnumpoollee.—
Rajoonatha poorum.—

2. The Board have been apprized of certain objections which lead them to doubt whether Government would consent to grant you these Villages at all but under any circumstances the Board could not advise, that in the arrangement to be made with you for your property at Vepery, the value of the Villages in question be taken at a lower

Fort St. George 30th July 1849.

amount, than that of their Beriz for the last ten Fusleis or Rupees 4,338-11-7 which would leave the Quit Rent payable by you at Rupees 838. The Board request that you will be so good as to inform them whether you are willing to take them on those terms in the event of the Government being disposed to grant them to you.—

3. The Collector of Chingleput has stated that in a conversation which you had with him a few days since you requested him to inform the Board, that you were now willing to accept the Village of Peroombadoo upon the terms which he had formerly proposed Viz.t upon a Quit Rent of Rupees 1000 per Annum. Your former proposal to take that Village according to the Beriz of the last 22 Fusleis was considered by the Board to be inadmissable. and they regret that they could not recommend to Government the acceptance of your present offer. They observe that the Ayacut or entire extent of cultivable land in Peroombadoo and its two dependant hamlets Coopum and Coomarpolliam is Cawnies 1,418—4—

Rupees 3753-13-8.

To Cunniah Chitty 8th May 1849.

Yielding

yielding if the whole be brought under tillage and at the farm rates Rupees 9,247-14-5- The revenue derived by the Government for the Village and hamlets on the average of the last 10 Fasslies is Rupees 4,616- If you are disposed to pay as Quit Rent the difference between that sum and Rupees 3,500 or Rupees 1116 per Annum the Board will submit your proposal to Government-

4- I have further to bring to your notice that in your letter to the Secretary of the Board under date 18th August 1848 you offered to transfer your premises to Government on a grant of land being made over to you yielding an annual revenue of Rupees 3,500 no mention being made of an entire Village- I am therefore desired to enquire from you whether you would accept such extent of land in the Village of Paroombadoo and its hamlets as has on an average of the last 10 years yielded a revenue to the Sircar of Rupees 3,500 the rest of the Village and hamlets remaining with Government-

5- To recapitulate- you

will understand that the points on which the Board of Revenue are desirous of ascertaining your wishes are-

1st- Whether you would accept in exchange for your Vepery premises the four Villages Mangaudoo &ca. chargeable with a Quit Rent of Rupees 838-

2d- Whether you would take the Village of Peroombadoo with the two hamlets Coopum and Coomarpolliem at a Quit Rent of Rupees 1116-

3d- Whether you would accept such quantity of land in this last named Village and its hamlets as may on an average of the last 10 Fasslies have produced a revenue of Rupees 3,500-

6- As the Board cannot know how the several arrangements above specified may be viewed by Government which may be rejected and which, if any assented to by them, I have to request that you will be so good as signify your assent to or dissent from each arrangement separately- Stating in respect to each whether

whether you would or would not accede to it in the default of the others being granted. You can at the same time in the event of your being prepared to assent to two or more of the arrangements, mention which of them you would prefer.

Revenue Board Office,
Fort St. George,
30th July, 1849.

(Signed) T. Pycroft.
Secretary.

Read the undermentioned letter and Statement.

79 From the Acting Collector of Ganjam. — Reporting that the abstract Statement of Persons in confinement under Regulation IX of 1822 for the Half year ending 30th June last is not sent.

80 From the Collector of Chingleput. — Abstract Statement shewing the number of Persons charged with offences under Regulation IX of 1822 for the Half year ending 30th June 1849.

79-81 Order on the abovementioned letter and Statements. — Ordered to lie over until the receipt of the Returns from other Districts when an abstract of the whole will be prepared and submitted for the orders

of Government.

			264	338		14										

10 Besides the 6 Peons on the Police Ameen's Establishment there are at present 8 Salaries who receive the same rate of pay. It is desirable that these should be made Peons and be liable to the regular duties of Peons.

11 This being a very small talook it is considered that this reduction may be safely made.

12 The Police Force in this division is too small for its duties which involve the guarding of a number of Hill and Jungle passes. This small addition therefore is proposed.
