Diary.

13th April. Sent the following letter—

To

The Barrack Master.—

(1)

Sir,

To the Barrack Master } I have the honor to request that two small Glass Windows may be supplied to the Office Room of the Secretary to the Board of Revenue instead of the present fixed shutters which cannot be thrown open, and is the cause of the Room being so uncomfortably warm and confined—

I shall feel obliged by early attention being paid to the present application in consequence of the near approach of the hot weather.—

Revenue Board Office— Fort St. George 13th April 1850.— } Signed W. H. Bayley— Secretary— At—

Fort St. George 15th. April 1850.—

At a Meeting Present.

Monday 15th. April 1850.

G. D. Ulrey Esqre. Senior Member.—
J. Goldingham Esqre. Third Member
Walter Elliot Esqre. Second Member.— Absent on duty, As Commissr. Nrn. Circars.—

Minutes of the last Meeting read and approved.—

Read the following Resolution

Extract from the Minutes of Consultation under date the 2nd. April 1850.— No. 326.—

(From Bd. 4th. February)

(2)

From the Secretary to Government.—

Containing the orders of Government on the resumption of Lapsed Enams for the 2 quarter ending 30th. September 1849 in Cuddapah and directing as a general rule that in every case in which a grant either in land or money may be continued for life only such limitation is to be clearly explained to the party and that he is to be distinctly apprized that the grant will not be renewed after his death.—

From the Genealogical table furnished in this case, Soobbamah the only surviving female member of the family appears to be the grand daughter of the deceased, and descended in the direct line from Sheyshiah the husband of the last holder and whose name is entered in the Survey and Enamity accounts.— Though Soobbamah has a son, a child, it is not stated whether her husband is alive, or on whom the share of the

Fort St. George 15th. April 1850.—

carnum's Enam enjoyed by the deceased has devolved.— If Soobbamah be really in such circumstances as to require it, the Governor in Council is of opinion that considering her relationship to the survey Enamdar, the portion held by the late Sheyshummah Viz. A. 13. 19. 9 assessed at Rupees 23— 14— 9 may be continued to Soobbamah for her life; but if not it should be resumed.—

3. The Government concur in the remarks of the Board of Revenue on this case and direct that the share of Rupees 103— 11— 4 held in the Enams by the late C. Vencatacharloo be continued to his adopted son Ramacharloo for life— subject to the condition of maintaining Rungummah the sister of the deceased, as recommended by the Board.

4. The late incumbent having left no issue, and the only surviving member being Chenchummah the widow of his brother and of an undivided family, it is resolved to continue for her life the Enams held by the deceased E. Madwacharry as noted in the Margin.—

5. The late holder M. Camachemmah having left no heirs, these Enams must be

be considered to have lapsed with her life.

6. As the descendants of the three brothers are represented to be of a divided family the Government agree with the Collector and the Board that the share of Rupees 100–1–10 held by the late Narsimha Charlu should be continued to his widow Venkatammah for her life.—

7. The late incumbent Rasala Sashiah having had no male issue this Enam will be continued to his widow Audemmah for her life, as recommended by the Collector and the Board, subject however to reconsideration in the event of the widowed daughter surviving her Brother and being left without any means of support.

8. These Enams will be resumed on account of Government as proposed, there being no descendants in the Male line & the female relatives of the deceased being stated to be in tolerable circumstances.—

9. It is not explicitly stated whether the daughter left by the deceased has any other sufficient means of support—if she has not, the proposal of the Board may

may be adopted and the Enam in Chondoor A. 18–8–6½ assessed at Rupees 49–1–5 continued for her life subject to the trifling Jody of Rupees 2–3– hitherto paid upon it. If she has, the whole of the Enams must be resumed.—

10. All these Enams are represented to have been alienated from the families of the original grantees but as those noted in the Margin valued at Rupees 39–2–3 have been in the enjoyment of the present family from 18 to 29 years, the Governor in Council will not object to their being continued as recommended, to Soobavadhavoolu the elder son of the last holder for his life. The Enam in Ballavarum recently transferred by deed of gift to the deceased as well as that in Nundialumpett, the possession of which is not accounted for, will be resumed as proposed by the Collector & the Board.

	Rs	a	p
Mydoocoor	6	2	10
Vanepentah	19	4	5
Yarragontlah	13	11	–

11. Of these Enams, the share held by the late Venkatrow at his death amounted to Rupees 989–8–2, and the remainder Rupees 112–6–7 was given away by him to others. These

Fort St. George 15th April 1850-

These latter will be continued as recommended for the lives of the present holders in consideration of their past enjoyment of the lands- Those in the actual possession of the deceased will be continued to his Nephew Streenevassa Row without limitation excepting the three portions of Butwarty Enam No. 209- 210 and 1647, which were obtained by purchase 23 and 24 years since and which will be continued to Streenevassa Row for his life only- The portion of Curneekum Enam No. 2037 will be assigned to the Office for the support of which it was granted by the State.-

12. The share of acres 4-16-8 assessed at Rupees 21-1-7 held by the late Yerra Timmareddy will be continued as recommended to his Nephew and adopted son Timmareddy son of Chengulreddy whose name, it is observed is entered as one of the incumbents in both the Survey and Enamity accounts.-

13. This Enam was transmitted to the late incumbent Bogum Ginjee through the female line- as the deceased has left a daughter an only child who is under the protection

Fort St. George 15th April 1850-

protection of another person and no further provision for her, seems to be necessary, the lands will be resumed on account of Government as proposed by the Collector and the Board.-

14. There being no male heirs the Enam will be continued to Mullaeiah the widow of the last holder & will lapse with her life

15. This small Enam though transmitted in the female line, will be continued as recommended, to Vacadadoo, the eldest son of the late incumbent in consideration of the length of time (31 years) it was in the enjoyment of the deceased.-

16. The Government concur in the recommendation of the Board in this case and direct that in consideration of the indigent condition of the family & long possession of 30 years the share of A 12-2-3½ assessed at Rupees 24-10-1 held by the late Banliagary Chernoobe continued to his two daughters Cherman-mah and Shashamah, on the distinct understanding that it will be resumed after their death.-

17. Resolved agreeably to

Fort St. George 15th April 1850

to the recommendation of the Collector and the Board, that the Enam valued at Rupees 61-4-3 be continued to Sheyasthemma, widow of the last holder and that the shares held by the deceased in the other Enams stated to have been irregularly acquired be resumed. In reference to the other proposition of the Board made on the contingency of Soobramaneum being the grand son in the male line, it is observed that the Collector distinctly states there is no male heir to whom the Enams might be continued, and on this ground he recommends the resumption of those adverted to in his concluding remarks-

18. This Enam must be considered to have lapsed to Government at the death of the late holder to whom it was continued for life only.-

19. The share of Rupees 6-8-1- held by the late Vencatreddy in these Enams will be continued as proposed to his brother Tippakah at whose death the case of the family will be reconsidered.-

20. Ordered that the half share

Fort St. George 15th April 1850-

share of Rupees 5-14-2 which has lapsed by the death of Ravanappah be resumed as neither of the [x] parties claiming it, is entitled to succeed, for the reasons stated by the Collector-

[x] One is grand son in the female line and another nephew of a divided family.-

21. The last holder R Chengambutto having left no issue, these Enams will be continued to his Widow Bootchemma and brother Chengamah for their lives to lapse at the death of the survivor.-

22 The Government consider the adoption of Vencatachellapatty under the circumstances represented by the Collector, to have been irregular, and concurring in the recommendation of the Board on this case, resolve accordingly

A. 85-18-5½ Rupees-186-5-8 that one half share held by the late Nundiala Soobbummah on Enams in value Rupees 83-2-10 be continued to the said Vencatachellapatty for his life.-

23 The Government desire that it may be made a standing rule, not only in Cuddapah but in all other Districts that in every case in which a grant either in land or money may be continued for life only, such limitation is to be

be clearly explained to the party, and that he is to be distinctly apprized, that the grant will not be renewed after his decease.-

24. The Governor in Council cannot conclude these Proceedings without remarking on the voluminous and unnecessary detail into which the Collector has entered in his report upon these Enams which must have occupied much of the time and attention of himself and his Establishment to the prejudice of their other duties, and he thinks that the information furnished may be considerably abridged and partly dispensed with, without affecting the merits of the several cases. The total extent and value of the lapsed share and of those held by the other Members need only be stated, except when different portions of it were acquired in different ways in which case, the values of all the Enams acquired in the same manner should be given in the aggregate. The particulars of Dry & Wet land in Columns 2 and 3 may be omitted. The Genealogical trees not

From the Secy to Government Sanctioning the actual charges on account of Extra Establishment in Fasly 1258- and the proposed disbursement on the same account in Fasly 1259 in the several Districts and conveying certain observations on certain items of charge and calling for

Extract from the Minutes of Consultation under date the 6th April 1850 No. 331-

Read the following letter from the Acting Secretary to the Board of Revenue

(Here enter 14th February 1850 No. 84-)

Para 1. The Right Honorable the Governor in Council sanctions the actual disbursements in

Fort St. George 15th April 1850.

for explanation respecting the expenses of Govt. Plantations in the District of Salem & the expenses of Datta in that District to pensioned Sepoys employed for the custody & safe Escort of Treasure
Estimated Rs. 60 op 37-5-10
actual — 54812-1-11

in July 1258 on account of temporary extra Establishments ordinarily employed in the provinces under this Presidency amounting to Rupees 54,812—1—11 being Rupees 6225-3-11 below the Estimates sanctioned by Government for that year.—

2. The Charges on the same account for July 1259 are estimated at Rupees 45249-15-5 and are below the actual expenditure of the preceding year by Rupees 9562-2-6. The decrease is chiefly owing to a large portion of the Extra Establishment hitherto maintained for the management of the Estates which reverted to Government in Rajahmundry now being now brought in the permanent Moyenzabitah of that District. In sanctioning the proposed disbursement for the current July, the Governor in Council proceeds to record the following observations in view to the necessary instructions being issued thro' the Board of Revenue to the Officers concerned.—

Actual 1258- Rupees- 54812—1—11
Estimated 1259.—"—45249-15-5.

Rajahmundry Estimate.— Item 6—40-Extra Peons required to be employed in the different Taloos at 3 Rupees each for 5 months Rupees- 600—"—"

3. In the Estimate of the Collector of Rajahmundry a sum of Rupees 600 is proposed to be disbursed to 40 Peons to be employed in the different Taloks for a period of 5 months in

Fort St. George 15th April 1850.

"in procuring supplies for the Annicut "and other public works" The Governor in Council is of opinion that this expence is absolutely necessary, should be charged under the head of "Contingencies" to the particular works on account of which it may be incurred and included in the Bills for such works; and that a separate establishment should not be maintained for this purpose.

Salem Estimate 7 Additional Peons for Magte prisoners 1 Jailor at 12 Rs. and 6 Peons at 5 Rs. each for the whole year Rs. 502—"
From Magte of Salem 25th March 1830.
To Do 6th April "

4- It appears from the correspondence noted in the Margin that an additional Establishment of 1 Duffadar at 12 Rupees and 9 Peons at 5— Rupees each per mensem was sanctioned by Government in April 1830 for guarding the convicts transferred from the Jail at Salem to the charge of the Magistrate for employment upon Public Works. This Establishment though considered "as merely temporary and to be discontinued as soon as the employment of the convicts could be dispensed with, has been maintained for the last 20 years and instead of being brought under the immediate supervision of the Court of Foujdaree Udalut as all other Establishments entertained on the same account has hitherto been

irregularly

irregularly included in the Statements of Extra Charges and temporary Establishments submitted for sanction through the Board of Revenue. The Governor in Council resolves to furnish the Court of Foujdaree Udalut with a Copy of the correspondence above referred to and to request that the Magistrate of Salem may be called upon to explain the necessity for the continuance of the Establishment as a permanent Guard for the convicts, while the Jail Rules provide sufficiently for the custody of convicts employed upon public works and Extra Guards required for this purpose are entertained in the prescribed proportions and Annually submitted for sanction through the Court of Foujdaree Udalut. The Government also desire to be informed where and upon what works the convicts under the Magistrate's orders are at present employed. and what is the number placed under his charge. The Board of Revenue will instruct the Collector of Salem to enter this Establishment in his future Estimates of Extra Establishments.

Salem Estimate. 3 Gardeners employed on the Government Plantations

In the Extract, Minutes of Consultation 30th January 1838. No. 168 the Board of

Plantations at 2 Rs. each for the whole year Rs. 72—

of Revenue were requested to consider whether this expence might not be saved by renting out the Plantations for a term of years, according to their productiveness and in reply they submitted a letter from the Collector of Salem 16th June 1838 in which it was explained that the Plantations then yielded no revenue, but that it was expected they would prove productive in 2 or 3 years when measures would be taken for renting them out as suggested. Though 12 years have since elapsed, nothing seems yet to have been done for relieving the Government from this expence and thus these Plantations have entailed an annual charge of 72 Rupees without any prospect, as far as can be at present seen, of their repaying the expence which has been incurred. As the trees must have long ago come to maturity and can now need little care, the Board will ascertain from the Collector whether the employment of Gardeners is still necessary, and whether the Plantations may not be made over to the charge of the Head inhabitants of the Villages where they are situated or to others.

Fort St. George 15th April 1850.

126 Pensioned Sepoys employed in the Talooks for the safe Custody and escort of treasure for the whole year Rupees 4228-14-

others, on such conditions as will ensure their being preserved.

6. It does not appear that the Collector of Salem ever replied to the enquiry of Government whether the necessity of keeping up the Establishment of Military Pensioners in the Talooks either wholly or in part might not be obviated by some other and less expensive system.

In the first para of his letter 16th June 1838 the late Principal Collector deferred offering an opinion until better acquainted with the working of the present system, but he subsequently furnished no report upon the subject. Adverting to the heavy charge of Batta incurred on this account, which has not been met by any reduction in the Revenue and Police Establishment of the District the Governor in Council desires that on Mr. Phillips assuming charge of the Collectorate he may be requested to take the subject into consideration and submit his opinion in due course, whether any reduction can be

Fort St. George 15th April 1850.

be effected either among the Pensioners or the ordinary Peons without impairing the efficiency of the Police of the District. On the receipt of this report the Government will determine whether the Batta now disbursed to Military Pensioners or such proportions of it as it may be found proper to continue, shall not be borne as a permanent charge and included in the Moyenjalitah of the District and passed by the Audit Office in common with other fixed charges.

Fort St. George 15th April 1850.

Read the following letter -

To The Secretary to the
Board of Revenue
Fort St. George

(8.)

From the Coll.r of Masulipatam

Sir,

Para 1. With reference to Paras 15 and 16 of the Minutes of Consultation dated 16th October 1848, Extract from which was forwarded with the Board's Proceedings of the 2d of the following Month, Calling for explanation in regard to certain items in the Accounts of this Collectorate retrenched by the Civil Auditor, I have the honor to state in reply to Para 15, that Meer Purnoor Shally whose name is entered in the Statement dated 20th May 1848 and the Board's letter of the 21st June 1824 is one and the same party Baubee Saheb was the Original incumbent, but at the Meer Purnoor fully succeeded to the Pension on the death of his father the late Meer Moortzah Saheb in 1824, the name of the latter was accordingly alluded to in the correspondence at the time, while the name of Baubee Saheb continued to be exhibited in the accounts as usual

2 - In reference to the remark in Para 16 that the Pensions referred to in Para 1 of the Board's Proceedings dated 6th July 1848 will

5509.

Fort St. George 15th April 1850.

Ordered to lie over.

Ordered Thereon.

Fort St. George 15th April 1850.

will continue under retrenchment until the information required from the Collr is submitted. I request to be furnished with a copy of the said Para, to enable me to comply with the orders of Government—

Masulipatam Zillah
Collrs Circuit Cutcherry
St. Sentalapoody 28th March 1850

Signed B. T. Porter
Collector

8.9

Proceedings thereon— Resolved that the foregoing letter be submitted for the consideration and orders of Government with reference to para 14 & 15 of Extract Minutes of Consultation of the 10th October 1848.

In Cons 2 Nov. 1848

2— The Collector explains that Meer Parvaz Ali whose name entered in his Statement of the 20th May 1848, is the person alluded to in the not named in the Boards letter of the 21st June 1824 and Mr. Porter seems to be correct for in Mr. Newbolt's letter of the 4th December 1823 to which the Board's

In Cons 5 Jany 1824

letter above quoted is a reply, Meer Parvaz Ali is named as the eldest Son of the deceased Meer Mustajah Sahib.

3— Under this explanation the Board recommend that sanction be granted for the continuance of the allowance to Meer Purvaz Ali commencing from Fusly 1263 and that his name be substituted in the Accounts instead of Balbee Sahib the original grantee for all future payments made by the Collector—

4. In accordance with the requisition contained in para 2 of the Collectors letter above recorded the Board resolve to furnish copy of para 4 of their Proceedings of the 1st July 1848 for the information and guidance of the Collector—

J. C. B.

State of the season and of the Cultivation

District in the Months of April May and June the period for commencing the Cauro Cultivation

The Penna received fresher in those Months, the Maximum depth in the first two Months being four feet, and in the last 9 feet, the minimum depth in [illegible] Months

Sub Collector's Report on the Settlements of the five Talooks under his charge is herewith forwarded.

3. Rain fell in parts of the

Seven inches. As the season was favorable for bringing the Cauro Waggany lands under cultivation there is an increase under this Head of 332 173/250 Goortoor of land in Fusly 1258 above Fusly 1257.

	Goortoor	
Fusly 1257	844	5/64
1258	1176	193/250
Increase	332	173/250

The rains being favorable in the Northern Talooks Viz.h Ongole, Cnamanamellore and Chendalore the Retta Poonava Crops were grown to the same extent as in the previous year, but there being a failure of rain in the Talooks of Buddapoody and Davagoodoor the cultivation of Poonava, Sujja, Corra &c.a crops was less. In the Months of July, August and September rain fell partially in the Principal Division which proved beneficial to the Retta Crops and in some parts to the Guddamary Cultivation. In Many Villages entirely dependent for irrigation on Tanks either the seed did not Vegetate or the Crops which were on the ground perished for want of rain, the Sperhamum Crops which were sown late in the season however revived and

and

and perished, and though the ex
summary and Perhaps Crop which shou
have been grown during these three Month
had not been cultivated to their full
extent yet as the Pennar had received suffi
in those Months to the depth of 17 & ½ inch
feet, the whole of the River Channels, with
the exceptions of that of Nellore which al
required repair at the time received sufficie
of water and the Peddawaky Summavary Vey wel

Tirply Goortoos crops were cultivated to the
1257 — 12469 1001/1024
1258 — 12706 207/1024
Increase — 314 5/10
extent of 314 5/10 Goortoos in e
excess of Fasly 1257. In the Sub
Division with the exception
of Chendalore Saloke, Rhodooroo Comm
Vey Crops proved productive The
rains which fell in the Principal
Division at the latter end of
October and in November and December
benefitted the crops which were then
on the ground and enable the Ryo
to extend their cultivation. The Tank
however received only a ¼ to ½ sufficie
of water in consequence

much land was left uncultivated.
In the Northern Talooks there was a
continuous fall of rain for a number of days
which almost filled the Tanks, but
at the same time damaged in some
degree the Samma and Varega Crops.
The Pennar received fresher in the
month of October 4 feet deep, and in
November 6 feet which partially bene-
fitted the Villages under River Channels.
In the month of January there was a
partial fall of rain in the Southern
Talooks but it was of no benefit
to the Crops. There was no rain at all
in the months of February and March
and the Pennar received no fresher
during the last mention-
-ed three Months, in
consequence of which
the crops perished
occasioning a
decrease in the Coda
Cultivation of 5954 33/64 Goortoos
in the Current as
Compared

Tirply Goortoos		
1257 —	20183	500/1024
1258 —	14228	1002/1024
Decrease	5954	33/64

	Metta	Magany	Modooroo	Varaga
July 1848	80	77	68	80
August	80	77	68	80
1848	80	77	68	80
1849	80	77	68	80

Compared with the preceding July. On the whole the state of the season in July 1848 not having been so favorable as that in July 1849 there was a decrease in all descriptions of Cultivation Viz.t Maygany, Metta, Modooroo and Varaga.

4 The Marginal Statement exhibits the Maximum and Minimum depth of water in the Cannar from April 1848 to March 1849. 5 Cauros the first series of the Magany & Cultivation with the exception of that portion in the beds of

Months.	Maximum F.	I.	Minimum F.	I.

March	"	3	"	1

Magany Crops.

of Tanks which was inundated and Coddavary, Perhaum, Summary Vcs Crops, the second series proved productive some other Crops of the second series of Cultivation and many Coda Crops, the third series of Cultivation, produced only from 1/8 to 1/2 of their proper outturn owing to a deficiency of water. The crops on some lands perished entirely from the same cause.—

Metta Crops. 6. Of the Metta Crops, the Poonaca was productive both in the Principal and in the Sub Divisions but that portion in the Sub Division which was sown late proved deficient. The Modooroo Jonna in the Sub Division was injured by rain which fell just as the Crops came to maturity, in consequence of which the produce was less than in the previous year being only 3/4 of the usual Crops. Aurooga Vcs other Crops produced fully. Cyra, Jonna, and Horse grain Vcs which were sown early in the season and Lamp Oil seeds Vcs proved productive but

Varaega

Fort St. George 15th April 1850.

Cavery the most important of the third crop in the three Northern Talooks of the Division did not yield a full return except in a few places where the Ryots were enabled to sow seed at the usual period.

Moolum and Jarcb Crops.

7. The Moolum and Jarcb Crops were productive.—

State of the Population.

8. Small Pox, Fever and Ague prevailed to some extent from September to December — Cholera appeared partially from January to the end of July; but the number of deaths was not considerable.—

State of the Cattle.

9 Though there is an increase in the number of Bullocks set apart for sale as shewn in the

	July 1257	July 1258	Decrease	Increase

5522. Fort St. George 15th April 1850.

Villages in the District.

11. The total number of Villages in the District is the same as mentioned in the Report for last year with the exception of two hamlets recently formed in the Cavaly and Cottah Talooks. These consist of only ten houses erected by Parties already residents in the neighbourhood and should scarcely I think have been entered in the accounts as new hamlets.

12. The Board in their Proceedings dated 15th February 1844 having directed that the Villages of the Sydapooram Talook should be rented, there is a decrease of 29 Villages in those settled under Amany Madepanloo and a proportionate increase under the Head of Villages rented, the particulars of which are contained in the accompanying Statement. In other respects the Settlement of the Coroo Villages was conducted in the usual manner.

Demand of all items of Revenue.

13. The subjoined Statement exhibits a Comparison between the land revenue and Extra Sources of Revenue of the District for Fasli 1257 and 1258.

Shu

The above decrease in the lands taken up for cultivation is chiefly attributable to the circumstance of the lands occupied for cultivation but not cultivated for a considerable number of years having from various causes been excluded from the Dittum, also to some lands having been given up by Ryots by reason of poverty and to others having been abandoned or left waste in consequence of the deaths of the Ryots.

Actual Cultivation

		Cks.	a	p
Fusly	1252	10,38,859	13	10
	1253	11,65,276	13	3
	1254	10,52,168	11	3
	1255	10,84,436	5	7
	1256	11,90,677	11	5
	1257	12,49,577	15	11
Total		67,04,997	7	3
Average		11,17,499	9	2
Fusly	1258	11,40,683	12	8

From the marginal Statem
it will appear that although
the cultivation in the ye
under review falls short
that in fuslies 1256 and 1
yet it exceeds that in severa
of the preceding years and
is above the average of the last 6 years.

Cascoory. 18.

The Cascoory assessed on
Ryots as shewn in the margin exce
in fusly 1258 that of fusly 12
by Rupees 5,100. 7—10. The
tax was imposed after care
enquiry into the several ca
of non-cultivation, such a
abandonment of highly assess
ed in favor of lightly assess
lands, leaving portions of lan
waste for pasturage and the like
and in each case due regard was had
to the condition of the Ryot and the state
of

D.S.

Fort St. George 15th April 1850.-

to strike this amount out of the account.-

51. The Board of Revenue in Para 5 of their Proceedings dated 12th March 1849. called upon the Collector for a report upon the Shrotriums &c Amarums & Villages of the Sydapooram Taluk. No enquiry appears to have been made by the late Collector but the information will be furnished so soon as it is obtained.-

52. In Para 6 of the same Proceedings attention is called to the deduction of Rupees 6,383.-10-10. on account of land left uncultivated or become deteriorated, which the Board presume arises from the throwing up of inferior lands without adequate reason, to the injury of the Revenue. I beg to explain that it has been a general practice with wealthy Ryots to occupy more lands than they could cultivate for the purpose of pasturage, refusing to give them up when applied for by others, thereby depriving Government of Sist or Poollary tax. This was put a stop to by Mr. Bishop the Collector who in 1846 notified that all lands left uncultivated beyond

Fort St. George 15th April 18

beyond five years should be deduct
from the Ryots Dittum and includ
in the Amanut lands. Subsequently
lands so deducted have been partic
occupied either for cultivation o
for pasture.

53. In the same Para the Bo
desire to be informed (in referenc
to an increase of Rupees 5,691. 5.10
=rived by Measurement) since what
period and under what Circumstan
these measurements have been made an
why increase alone should invari
=bly follow remeasurement. The fi
in the Villages constituting the great
part of this District not having been
measured nor boundaries defined,
Sir V. Stonhouse Bart with a view to che
encroachments by Ryots issued in 1835 a circu
order (copy of which was forwarded to the Boa
on the 3d September 1842) requiring Shasild
to examine the fields cultivated. The resul
of the Measurement showed in some instance
excess and in other decrease. Since Fusly 12
it has been usual to exhibit in the

Settlement

Fort St. George 15th April 1850.

Settlement report the increase and
decrease on each item of the Caum
Beriz. The excess of land discovered
before the Jamabundy Beriz of Fusli
1256 and 1257 was closed was included
with the Dowle Beriz, and that sub=
=sequently brought to light was included
under the Head "Excess of Dowle";
but, the cases where decrease was ascertain=
=ed requiring fuller enquiry were dispos=
=ed of late in the season and these sums
were left uncollected and exhibited
in the accounts as irrecoverable. The
Increase and Decrease discovered in
the lands on measurement in Fusly
1256 were so far as practicable ascertained
before the Beriz was fixed.

54. As required in Para 10 of the same Proceedings
a detailed statement shewing the settlement of
the Amany Villages for Fusly 1258. is
now forwarded. The state of the season prevented
the renting of the Villages but the Board's Orders
on the subject will be held in Minde

55. The following statement exhibits
the cause of the difference (as noted in Para
14. of the Board's Proceedings) existing in the
accounts of Faslies 1256 and 1257 in regard to
remissions granted on account of Stone walls
up to Fusly 1256. As

Fort St. George 15th April 1850.-

	Number of wells.	Cost of Remission wells.	Number of wells. Granted.	Cost of Remission wells. Granted.

As these items correspond with the account No. 17 forwarded with the Report for Fusly 1257 it is unnecessary to enter into detail here. -

57. I regret that my very recent appointment to the District prevented my furnishing the report called for in Paras 16 and 18 of the Board's Proceedings upon

Fort St. George 15th April 1850

upon the subject of Goollary and of Shroffs the demand upon which remains outstanding

58. A Rent roll of the District No. 12 for Fusly 1258 according to the form forwarded by the Board on the 2nd June 1849 is forwarded herewith as also a Statement No. 17 shewing in detail the Demand Collection and Balance of the Revenue Current and Arrears on account of the Sewoy Jummah as required in the Board's Proceedings dated 8th October 1849.

Statement.

No. of Wells Constructed in Fusly 1258 and their Cost.

5669

Fort St. George 15th April 1850.—

To

D. White Esqre
Collector of Nellore

Sir,

I have the honor to forward numbered as in the Margin, the usual Jummabundy, Kistbundy, Comparative Statements and other accounts connected with the settlement of the 5 Talooks of the Sub Division for the past Fusly.—

Nos 1 to 5.

The Settlement of the Talooks of Chendaloor, Enamanamellore and Ongole was made at Cottapatam in the Ongole Talook, that of Davagoadoor and 28 Villages of the Buddapoody Talook at Curraidoo in the last named Talook, the settlement of the remaining 12 Villages was completed at Ramapatam in the same Talook.—

The number of Villages and hamlets was the same as in the previous fusly Viz.t 230 of the former and 189 of the latter.—

Number of Villages 3.

The early rains in the year under review were not very abundant, but sufficient fell in the three Northern Talooks to allow of the Cultivation of the first dry crops being carried on to about the same extent as in the preceding year.—

Season and crops 4

The

Fort St. George 15th April 1850.

The lands on which the Crops were sown early in the season yielded a fair return, while the produce of those sown later was deficient. In the Talooks of Davagoodoor and Buddapoody the rains, in the early part of the season were too scanty to admit of much cultivation being carried on the cultivation of the second series of dry crops was proceeded with throughout the Division to the full extent, the season except in some Villages of the Chendaloor Talook where the rains were somewhat deficient, proving, during the growing season, very favorable. Unfortunately continued heavy Rain just at the time the Jonna, the Principal crop of the series, was ready for the sickle did particularly in the three Northern Talooks, some damage to the Crop and the outturn was on the whole below that of the same Crop in the previous year. The other crops usually sown about the same time, Auroga &c.a yielded a fair return. The heavy rain left the lands still to be brought under the plough so

Fort St. George 15th April 1850

so saturated with moisture that the cultivation of the later dry Crops was thrown back, in consequence of which the Cumega, the most important of the Crops sown at this season, did not, except in a few places where the Ryots had been able to get in their seed at the usual period yield a full return. The Pyra Jonna however, which is the principal dry crop in the Talook of Buddapoody and a great portion of Davagoodoor, though damaged in some places by insects, yielded a more abundant return than in the previous year. the Crops of the different kinds of Grain oil seed &c.a were fairly productive.

Wet lands Cultivation.

5 The extent of Caar, or early wet cultivation, is very limited in this Division. It was carried on however in the year under review as far as the season admitted and the result was satisfactory. The few tanks in the three Northern Talook received a supply of water sufficiently early to enable the cultivation of the second series.

Fort St. George 15th April 1850

series of wet crops to be commenced upon at the most favorable season, subsequent rains kept up the supply, the cultivation was carried on to the full extent, and the return yielded was very fair. It was only in the Villages of Alloor and Pan-derty in the Ongole Talook that the result was not satisfactory, the lands having, as is not unfrequently the case in the vicinity of the coast, become impregnated with Salt. In the Davagoodoor and Buddapoody Talooks the Tanks did not receive their supply of water till much later in the season. In the first named Talook however the tanks were eventually all filled and the extent of wet cultivation somewhat exceeded that of the previous year. In Buddapoody some of the tanks did not receive a full supply and the wet cultivation was partly on this account and partly in consequence of a mortality among the ploughing cattle not carried on quite to so great an extent

Fort St. George 15th April 1850.—

extent as in fusly 1257 / A.D. 1847-48. The wet crops generally with the exception of those in the two Villages already referred to yielded a very fair return.—

Garden Cultivation 6. The Garden cultivation was carried on to the usual extent and the crops yielded a full return.—

Sanatory condition of the people— 7 Small pox prevailed in a few Villages in this Division during the year under consideration but with this exception the part of the District I am now reporting on was free from disease and the people generally healthy.—

Cattle 8 Early in the fusly there was a great mortality among the Cattle in some of the Villages of the Buddapoody Talook and so many ploughing Cattle were lost that the wet cultivation was some-what impeded thereby the Villages in which the Cattle suffered most being situated under the two largest tanks in the Talook—In other parts of the Division the Cattle were

Fort St. George 15th April 1850.—

were healthy and except just in the early part of the season abundant pasturage was available.—

Price of grain— 9. It will be seen from the Statement now transmitted No. 3 that the price of all descriptions of Grain has continued to fall during the Fusly under review— In the Margin is shown the average price during the last three years of the principal dry grains grown in the four Northern Talooks as compared with the price at which the Government share of the produce was commuted by Mr. Travers to a money assessment— Under this depression of

Grain—	Commutation Rate—	Fusly 1255	Fusly 1257	Fusly 1258—

of prices the less substantial Ryots experienced in the fusly under report some little difficulty in meeting the demand against them and I fear their difficulties in the present year, as prices still continue so low are not likely to be lessened.—

Dittum.— 10. The Dittums for the fusly under Review were made as usual by the Tahsildars and the annexed Statement marked A shows the extent of land of all descriptions taken up for cultivation compared with the quantity occupied for the same purpose in the fusly immediately preceding.—

Fort St. George 15th April 1850-

Dry waste—

13 It is satisfactory to observe that although the extent of dry land taken up for cultivation in the Fasly under review Considerably exceeded, as has been just shown the extent occupied for the same purpose in the preceding year the number of Gortoos left waste was less than in that year.—The assessment on 3568 19/64 Gortoos amounting to Rupees 15,659-12-11— was as usual, included in the Jammabundy, the lands having been left waste without good causes, or reserved as is very much the practice in the Northern Talooks as pasturage for cattle- The assessment on Gortoos 156 20/64 was remitted for reasons to be explained in a subsequent part

	Gortoos

Fort St. George 15th April 1850

part of this Report.—

Wet waste-

14- The wet land taken up for cultivation and left waste amounted to 1,201 3/4 Gortoos assessed at Rupees 28,790-14-10 as has already been stated a few of the tanks in the Buddapoody Talook within which by far the greater portion of the wet land in the Division is situated, did not receive quite so good a supply as in the preveous year, this added to the mortality among the Cattle in some of the Villages of the same Talook alluded to in Para 8. of this report, prevented the cultivation being carried on to so large an extent as in the previous year.—The assessment on 28 25/64 Gortoos of land engaged for, but not

not cultivated although there was no want of water or other just cause for the land having been left waste amounting to Rupees 658-12-2- was in=cluded in the demand.-

Modoom waste- 15 Of the extent of Modoom land left waste, the assessment on 41 17/64 Gortoos amounting to Rupees 678-3-1. was the land having been left uncultivated through neglect not remitted while the assess=

=ment

Assessment on 4 24 3/64 Gortoos or Rupees 97-1-2- was deducted, unavoidable causes having prevented the Ryots bringing the lands under cultivation-

Jareeb Waste 16. The Jareeb waste amounted to 11 16/64 Gortoos- The assessment on 9 29/64 Gortoos or Rupees 455-2-3 was under the same circumstances as the Modoom waste included in the demand, and that on the remainder Amounting to Rupees 80-2-3- was remitted-

Mode of Settlement. 17- The mode of settlement was the same as usual, Seventy seven Villages were settled according to Mr. Travers Turrems the remaining 153 being elapsed as one year Mucta Villages.-

Result 18. 18. The annexed Statement shows the result of the settlement in Money as compared with that of the previous fasly- The deductions made in the two Fasslies are also exhibited in the same Table-

19- It will be observed from the above statement that the gross demand on all lands occupied for cultivation amounted including Dofussul and Fusulgasty to Rupees 4,18864-11-1, from this sum deductions to the extent of Rupees 30883-8-11 were found necessary, leaving a net land Revenue of Rupees 387981-2-2 or Rupees 3720-13-6 above that of Fusly 1257 A.D. 1847/48. The total Settlement including the Cattle Tax, Shotriums, Enam Badigas and other smaller items amounted in the aggregate to Rupees 4,82726-12-5 or Rupees 4,083-1-6 in excess of the previous year—

Cause of Increase

20. The causes that induced an increase occupation of land in the Fusly under review have been already given. The abundant supply of water having admitted of a second watercrop being raised to a greater extent than usual under the tanks in a few of the Villages of the Congole Talook, an increase under the head of Dofussul has occurred. The same cause has led to an increase in the item of Fusulgasty—

Deductions of Dry waste

21 The deduction under this head is the assessment on land, either under inundation at the season of cultivation or where other land has been cultivated instead of the Dittum land, where the land had been rendered unfit for cultivation by flood, or where the Ryot had been unable from poverty or other circumstances beyond his control to cultivate the full extent

extent of his holding and were permitted only when I was fully satisfied of the justice and necessity of the remission—

Wet waste- 22 The deduction on account of the assessment of wet land left waste exceeds the amount deducted on the same account in the preceding Fusly by Rupees 4,010-1-9, the causes which led to the decrease in this description of cultivation in the year under review in the Buddaspoody Talook have been already detailed—

Garden waste 23 The deductions of the assessment on account of Garden land left waste are too inconsiderable to call for any further detailed remark—

Paras 15 & 16

Withered Crops. 24 The deductions on account of withered crops are less than in the last Fusly and were made after due enquiry, and in accordance with the orders in force regulating remissions on this account—

Discretionary Remissions- 25- The increase under the head of discretionary remissions is partly owing to my having found it necessary to grant some indulgence to a few of the poorer class of Ryots whose crops suffered from the heavy rains alluded to in my remarks on the state of the season, and partly from a larger amount of remission being called for on account of the assessment of lands under wells constructed at the expense of the Ryot, and which it has been usual to include under this Head—

On account of Salary to Moonsiffs 26 The deduction of 36 Rupees from the Puttahs of the Moonsiffs of Punnavarum and

and two of its hamlets was pending the Settlement of the question as to the best means of remunerating this class of officers in the Guntoor District, from which this Village was lately transferred, sanctioned by Government in Minutes of Consultation dated 27th March last.—

Ready Money Collections—Poollery Cunchas and Tax on Amanut Land.

27 The Poollery was assessed in the same mode as has obtained since fusly 1253 — A.D. 1843/44. The small increase observable is occasioned by an increased number of Cattle having been brought to account during the fusly under review in the Town of Angole where this Tax is still levied by capitation. In some Villages principally in the Enamanamellore and Davagoodoor Talooks where the Ryots had in the year under report newly taken up for cultivation waste arable land and for which land they would pay the full assessment, I felt it but just to remit a proportionate amount of the Tax on account of the unoccupied arable land / amanat; hence the decrease of Rupees 343—1—9 under this head—I those Villages however where the extent of waste arable land continued large, with reference to the Amount of Poollery the Ryots were paying, no remission was granted

See Para 32 of report for fusly 1257 A.D. 1847/48.

Chayroot rent—

28. Higher proposals having been received in the year under review for renting the right to dig and appropriate the spontaneous chayroot in

in certain tracts along the coast is the cause of the increase of Rupees 199—12 . under this head—

Firewood Tax. 29 An increased demand for firewood for exportation has occasioned an increase of Rupees 375—1—2 in the tax levied for cutting the same—

30. The remaining items are too inconsiderable to call for detailed remark—

Settlement and Bariz 31 The two Statements given below show the amount of the Settlement and Bariz of each Talook for the fusly under review as compared with that immediately preceding—

Shotriums

33 The number of Shotriumsin this Division is 80, Seventy five were during and at the close of the year under review in posseşion of the Shotriumdars, and five under attachment for Arrears. The number so situated was in Fusly 1257 A.D. 1847/48 but four, but it was found necessary to bring under attachment a small Shotrium in the Davagoodoor Talook. The demand on account of the shotriums in posseşion up to the close of the Fusly of the Shotriumdars has with the exception of Rs. 103-1-7 been liquidated. Of this Balance Rupees 91-11-7 is due by the Shotriumdar of Madanagopalapooram in the Buddapoo Talook. This Shotriums has in consequence been lately placed under attachment and I have little doubt the Balance will shortly be paid, measures have been adopted to bring the remaining small balance on account of Saree Shotriums to account without further delay. There is no balance outstanding for the year under report on account of the five Shotriums under the Management of the Government Officers, the total quit Rent payable having been realized in full.—

Balance of Fusly 1257. 34 The Balance outstanding on account of Fusly 1257 A.D. 1847/48 at the date of my

Fort St. George 15th April 1850.

my report for that year amounted to Rupees 1123-1-8. I stated in Para 35 of that report that I thought about 250 Rupees of this sum might still be recovered. The sum since actually brought to account is Rupees 96-8-10.—

35. In conclusion I beg to append a Statement shewing the total result of the Settlement for the year under report of all the branches of Revenue under the Management of the Sub Collector.—

From Chingleput 6th in Con. 15 April 1850.

To the Chief Secy. to Government.
Submitting the correspondence with the Collr. of Chingleput and reporting upon the claim in the Memorial from Annasawmy Pillay addressed to the Honorable the Court of Directors to the Management of the Malaiyanoor Pagoda.

In Con. 24th April 1850

Fort St. George 15th April 1850.

2. It will be seen that when the Management of the Chingleput Pagodas were made over to Trustees, it was intended to associate with Petitioner, in consequence of his previous mismanagement and his want of influence and ability, a respectable individual named Veneaje Pundit. He however objected to act under this arrangement. Veneajee was accordingly appointed sole Trustee, and on his death his son succeeded him. -

3. The Board of Revenue in reviewing the case, under date 29th November last observed that the Statements of the Petitioner as to the Pagoda having been originally founded by his ancestors were not borne out, but they informed the Collector that it seemed desirable, if Petitioners Statement in regard to the long Connection of his family with the Pagoda were correct, that measures should be taken for associating him in the Trust when it could be done with the consent of the parties interested in the institution, but an opportunity does not appear to have yet offered for carrying out the Board's Suggestions. -

Read the following letter-

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George-

19

From the Collector of North Arcot. — Sir, Para 1- With the Board's Proceedings of the 30th August 1849, I received an Extract from the Minutes of Consultation of Govern-ment of the 16th idem, passing final orders on the application from Mr A. N. Groves- for a Cowle for some land near Chittoor and I was directed to carry those Orders into effect- When these instructions reached me Mr Groves was shortly expected from England, and I therefore delayed to take any steps in execution of them till his arrival- He did arrive at Chittoor in the beginning of October last, and I showed him the proposed draft of lease. He noticed one point in which his intentions had been mistaken; and he also wished that one or two small pieces of land might be added to that entered in the lease- He however went away on business

Returns the Cowle lease granted to Mr Groves- which accompanied the Board's Proceedings- August 30th 1849 and begs sanction for making certain alterations in it-

Fort St. George 15th April 1850-

business almost immediately to Mysore, and I having been absent on Circuit in the District when he returned, I have been prevented much longer than I could have wished from bringing before the Board the points connected with this Case, still requiring adjustment, which however I have now the honor to do-

2. In para 7 of the draft of lease it is provided that Mr. Groves should surrender the Coole lands at the expiration of his lease, and renounce all interest in them- I inserted this provision in the draft in ignorance of Mr. Groves' views, and supposing that he intended to abandon the property as soon as his term of favorable rent should be at an end. I find however that his intentions are different and that he wishes to retain the option of continuing to hold the lands at the term of assessment, and on the same terms as ordinary Ryots might do, if it shall seem expedient to himself or his representatives to do so- In this request there is nothing in any way

Fort St. George 15th April 1850-

way objectionable, or inconsistent with fairness or with the interests of the Government, but I could not alter the terms of the lease without authority- I now therefore return the paper, the passage objected to by Mr. Groves in the 7th Para being marked, and the provision which he would wish substituted, appended at the end of the document in his own words and hand writing and I beg for the sanction of Government for making the change-

3. Mr. Groves also took exception against the wording of the 3d Para of the lease, which is certainly somewhat indefinite, and I propose therefore, to alter the phraseology as shewn in red ink-

4. The following are the particulars of the land which Mr. Groves wishes to have added to that already specified in his lease- 1st Subsequently to the date of my letter of the 17th July 1848 Mr. Groves purchased from the puttahdars- 4a. — 7a. 4 of Poonjah land P. as- A. A. D. bearing an assessment of 3- 15 1/2 or 13-15-2

Ke

Fort St. George 15th April 1850-

He has hitherto received a separate annual puttah for this land - but he wishes to have it included in his cowle puttah - 2c. There is small piece of Poonjah land 9/8 Cawny in the centre of Mr. Groves property & which has never been cultivated - but which was occasionally used formerly for a place to store paddy and for a threshing floor - It is of no use now for this purpose to any party except to Mr. Groves, as there is no land near it but his, and he proposes to make use of it in that way -

5. 3rd " There is also some poonjah Maniem land which breaks the continuity of Mr. Groves property and of which therefore he is desirous to obtain possession: The new line of road from Chittoor to Palmanair will go through this land and it will then be necessary to give other land in lieu of that which is so taken up and it appears in no way objectionable to give other land

Fort St. George 15th April 1850

land in lieu of the whole and allow Mr. Groves to hold the present Maniems with the exception of the part required for the road - The Onamodars, who are Village Officers have freely agreed to the exchange and have selected land in lieu and the puttahdars of the land so selected have agreed to give it up to them there appears therefore no reason against the exchange - I should add that the land to be newly given as Maniem is properly Shaycaul, because the Maniems surrendered are of that description - The whole of the Maniems here referred to is Poonjah, but the land proposed to be given up includes 6 1/2 - 16 Runjah, no Poonjah being available -

6. I enclose a statement shewing in one view the extent and assessment of the whole of the land proposed to be newly included in Mr. Groves puttah and also the lands proposed to be given up as Manniem - It will be seen that deducting the land required for the road the extent of the former is 9 - 3 a 1/2 c and the assessment 34-11-7 - & considering that no Revenue has ever been directed by Government from

5705

Fort St. George 15th April 1850.

from the small piece of land above referred to as having been used as a threshing floor, and that it is not intended to be cultivated hereafter, & that the rest of the land, being almost wholly Poonjah, cannot be estimated as productive every year, whereas Mr. Grove's payments will be made every year; on these considerations I think that if thirty Rupees be added to Mr. Grove's Cowle Rent on account of the above described land, the Government will have made a good bargain and to this addition Mr. Groves consents. I beg therefore to solicit sanction for the proposed interchange of Inamiens and to recommend that the Cowle Rent should be increased from 882 Rupees to 912 Rupees a year. The necessary charges in the sums and extent of land specified in the cowle have been made in red ink.

7. I beg to add that I do not consider that the recommendations in my report of the 17th July 1848 in Mr. Grove's claims are stated with perfect correctness in the Board's Proceedings of the 5th July 1849 as the matter at issue, however, has been finally disposed of it is not necessary to raise any discussion on that point.

North Arcot Collr's Cutcherry

should you fail to do so, you shall pay interest at 12 per Cent per annum on any arrears; and the balance, including interest, shall be recoverable from you or from your heirs by distraint according to the Regulations.—

2. In addition to the 215- 8 5/16 specified in the preceding para: you shall also be at liberty to Cultivate the bed of the Tidinairy Tank C 32. 3/4 whenever this may be done without injury to the Tank and interfering with the irrigation of the land watered from it.

3. you shall allow the water of your said tanks and Channel to flow to the Circar Pcca lands, as is now Customary.—

4. you are further bound to continue to pay, in addition to the stipulated amount of rent, the Maunsol Marah, Velakoo Pcca as given by the Ryots to the Moingars, Curnams, Potties, Paliaries, and the other Village Servants.—

5 you shall clear or execute small repairs to the Circar Channel which irrigates the 5. Cs as 2/p of land above specified included in your rent, in common with other Ryots holding land under the Channel, in proportion to the extent of

Fort St. George 15th April 1850

of land held by you under it.—

6 Should it be found necessary or expedient to improve, or widen, or alter the line of any roads through any part of the land thus leased to you, the Government shall have a right to take for that purpose such portion of the land as is required, making you on that account a proportionate remission with reference to the value of the land so taken. The extent of such remission shall be determined by arbitration. One arbitrator shall be chosen by yourself. One by the Collector on behalf of Government. These two shall elect a third and the award of the body so constituted or of the Majority of them shall be acted upon.—

7. you shall execute all repairs to the above Tadiemyary tank Tadyen Channel, Cuddapengoontah and Shen-=keroyencolum at your own expense during the term of your lease, without claiming any remission on that account, and you shall also bring all the land included in your lease into a Cultivable Condition

and

Fort St. George 15th. April 1850.

[and you shall give up the land in good order, and the tanks and Channel in good repair at the expiration of your lease, that is at the end of fasly 1287. and renounce all right and title to the land, tanks and Channel and all interest in any improvements that you have made or may make in the land or the means of irrigating or Cultivating it from and after the 12th July 1878] and you shall at the expiration of your lease should you wish to give up the land, or any portion of it, give it up in good order, and the taks and Channels in good repair, that is at the end of Fasly 1287. But should you wish to retain the Putta right to the land the use of the tanks and Channels in connection with the improvements you have made or may make, on the land, or the means of irrigating or Cultivating such lands, after July 12. 1878, you shall retain the putta right to the land and use of the water subject to the general revenue laws that may at that time prevail in this part of the Honorable Companys territories, and renounce all claim to those peculiar advan=tages granted to you in the present lease.—

you

Fort St. George 15th. April 1850.—

8. you are to adhere to all rules and regulations of Government, or in failure to do so, you will submit to such penalties as they may adjudge and should you fail to keep your engagements in any point, either by omitting to complete and maintain the stipulated improve=ments, or by failing to pay the stipulati=ed rents with regularity, the Government possess and retain the right at its discretion to reenter at any time on possession of the land now leased to you and to put an end to the lease.—

Statement.—

5714 Fort St. George 15th April 1850.

Proceedings.- Resolved that the foregoing letter and its accompaniments be submitted for the orders of the Right Honorable the Governor in Council - The delay that has occurred since the date of the order of Government has been owing to Mr. Groves absence, first from India & then from Chittoor. -

Submitting for orders. Letter from the Collector North Arcot returning the lease granted to Mr. A. Groves of Chittoor & conveying the Board's views on certain alterations proposed therein. -

19.20

Sr. Con. 30th Aug. & 16th Sep. & 1849.

1. On the 30th August last the Collector was directed in accordance with the orders of Government dated 16th idem, to grant Mr. Groves a Cowle for 30 years for the lands occupied by him in Chittoor at an annual rent of Rupees 882, but those instructions were not carried into effect for the reasons assigned in Para 1 of the communication under reference. -

2. It will be observed that Para 7 of the Lease provides that, on its expiration Mr. Groves should renounce all right and title to the lands, and all interest in the improvements he may have effected; This stipulation, the Collector states, was inserted by him in ignorance of Mr. Groves' views and under the impression that he intended to relinquish the

Fort St. George 15th April 1850.

the property at the close of his term of favorable rent. It now appears however that he is desirous of being allowed the option, from and after the 12th July 1878 of retaining his holdings at the turum assessment and on the same terms as ordinary Ryots. The Board see no objection to the substitution of the provision appended to the form of Lease for the passage objected to by Mr. [illegible] nor to the proposed revision of the phraseology of the 3d Para to which he has also taken exception and they would accordingly recommend that these alterations be sanctioned.

3. It will be further seen that Mr. Grover desires to have certain other lands included in his Cowle as puttah besides those already entered therein, Viz. 4 Cawnies 4¾ annas of Poonjah and 2½ annas Nunjah being together a Teerwah of Rupees 13-12-0 which were purchased by him subsequently to the date of the Collector's letter of 17th July 1848 - also 3/

In Cons. 5th October 1848.

Fort St. George 15th April 1850.

of Poonjah stated to be in the centre of his property and to have never been brought under tillage, but used formerly as a threshing floor, to which purpose it is to be applied hereafter.—

4. In addition to the abovementioned portions of land Mr. Grover is desirous of obtaining possession of some Poonjah Maniems described as breaking the continuity of his property and which the Enamdars, who are Village Officers, are willing to exchange for other lands wherewith are blended 6½/10 of Nunjah as sufficient Poonjah is not available.— These they have selected and the Puttadars have consented to give them up.— a portion of the Maniems which Mr. Grover wishes to have added to his present acquisitions, is, it may be noticed to be appropriated for the new line of road from Chittoor to Palmanair, it would therefore have to be taken from the Enam accounts & other land given in lieu of it, at any rate the entire extent of lands now sought to be newly added

to

Fort St. George 15th April 1850

to his Lease is 9 Cawnies 3/2 and
=was assessed at Rupees 34 – 11 – 7
as exhibited in the Statement
No. 2 submitted by Mr. Bourdillon
who suggests, in conclusion that
on account of this extra land the whole
Cowle rent should be raised from
Rupees 882 to Rupees 912 per an:
=num an addition that seems to
be fair and reasonable considering
that the land is almost wholly
Poonjah and cannot therefore be
estimated as productive every year,
whilst Mr. Groves's payments are to
be made annually. –

From the Collr of
North Arcot

Sir,

With reference to the
Board's order of the 17th January, on
my letter of the 31st December last,
I have the honor to state for
the Board's information that Gholam
Hoossain Khan has not yet pre:
=sented himself before me on the 5th
February I received an address
from him, in which he said that
he was at Madras, and that it
was not necessary for him to attend
at my Cutcherry for the disposal
of his claim. This was returned on
the following day with an endorsement in:
=forming him that his attendance was
necessary, he has not yet made his ap:
=pearance. As stated in my former letter I require
further information and explanation from
him, to enable me to report on his case
but

Fort St. George 15th April 1850.

but he appears to be disinclined to leave Madras.-

North Arcot Collector's Circuit Cutcherry Chendragherry 27th March 1850

(Signed) J. D. Bourdillon Collector.

(22)

Resolution thereon

Mr. Bourdillon will take no further notice of the claims of Goolam Hoossain Khan, unless he attends in person at the North Arcot Cutcherry, as required by the Collector.-

Ordered also that a the following letter be sent in consequence.-

To

The Chief Secretary to Government

Sir,

(21.23)

To the Chief Secretary to Government

In Cons. 12th Nov. 1849.

With reference to Extract from Minutes of Consultation dated 27th October 1849 calling for certain information connected with the Memorial to the Honorable Court from Goolam Hoosain Khan a Member of the family of the late

L. & R.

late Jaghiredar of Malapraudy. I have the honor by desire of the Board of Revenue, to submit for the information of the Right Honorable the Governor in Council the accompanying Correspondence which has passed between this office and the Collector of North Arcot on the subject.-

To Collector 31st Dec. in Cons. 17th Jan. 1850
Proceedings Collector 17th Jan. 1850
From Coll. 27th March in Cons. 15th April 1850
Proceedings 15th April 1850

It will be observed that Mr. Bourdillon has been unable to make an enquiry into the petitioners case, in consequence of his absence from the District.- He has been warned both by the Board and the Collector to attend in person at the North Arcot Cutcherry, and until he does so, his claims cannot receive attention.-

Board of Reven
Fort St George

(26)

Sir,

From the Collector of Trichinopoly. } I have the honor to report my having visited the land claimed by the agent of His Highness the Nabob in the Village of Manamedoo in conformity with the instructions contained in the Proceedings of the Board of Revenue under date the 15th February 1849 Submits report on the land claimed by the agent of His Highness the Nabob in the Village of Manamedoo.

2. This tract of Land has formed

formed the subject of repeated enquiry and much distinct correspondence since 1837 and it is exposed to such annual alteration in shape and extent from the action of the river that the measurements taken at different times do not correspond, and the details present in consequence considerable intricacy and confusion I shall therefore endeavour to simplify the subject by confining myself, as far as possible, to the leading points or features, and to render my report more intelligible, I enclose a rough sketch of the locality, which although made only upon a few measurements at Manamedoo and without the aid of a compass or other instruments will assist in shewing the state of the question.

After passing Manamedoo

3. the Cauvery makes an abrupt inclination to the South so that the heads of the Mooseery Pullah and Naut Voikols are immediately opposite to, or East of some Islets which have gradually formed in the river and turned its stream aside so as to interfere with the flow of water into

into those Channels. The largest of these Isles called Nadatitta* is situated opposite to Manamodoo and forms the subject of the present report. The Village of Monamodoo was formerly granted in Enam for the support of a Mosque and its affairs are managed by the servants of His Highness the Nabob.

* a name signifying in Tamil an Island.

4. In 1837 the Collector Mr Blair ordered the Moosery Tahsildar to take measures for clearing away these islands, for which purpose it was proposed to rent them out as pasture land in order that the grass which bound the soil together might be destroyed, after which it was thought that by digging small trenches to admit the river the force of the ensuing freshes would gradually sweep the islets away. In acknowledging this order the Tahsildar (Capoya) while reporting his general obedience requested that as one island was within the Manamodoo limits the Collector would write to the Nabobs agent regarding it. but Mr Blair replied that all the islands in the Cawery clearly belonged to

to Government and that the Tahsildar was therefore to carry the order immediately into full execution.-

5. The Thasildar accordingly accepted an offer for the islands as pasture ground, and this led to a complaint on the part of the Nabobs then agent. But this complaint involved only the point of what really constituted the island, as to small nullahs which have since disappeared then ran parallel to the Modala Calawa or branch of the Cawery, marked C in the plan, and the claim preferred was only for the Padoogay as far as the most southern Nullah. The Nabobs agent when addressing the Collector on this occasion* did not dispute that the Cawery Islands belonged to Government, and this point was distinctly affirmed by the Head Assistant Collector in charge, Mr Bourdillon, who made an enquiry regarding the limits of the island and then wrote to the Nabobs Agent stating that the Tahsildar had acted properly in renting it out for pasturage it being the property of Government.-

* 17th July 1837

† 25th Augt 1837.

In

5726/27

Fort St George 15th April 1850

6

In the years 1838. 1839 and 18.. the island continued to be rented out as pas-ture ground on account of Government without apparently any claim or complaint being made either by the Nabob's agent or the Manamodoo Villagers.

7.

In 1841 a fresh enquiry was held in consequence of the Hon'ble Maramut Maistry reporting to the Collector Mr Onslow that the Manamodoo Villagers were attempting to bring a portion of the island under Cultivation, with the ap-parent object of establishing a claim to it and the Maistry pointed out that if this were allowed, serious difficulty might arise to the management of the river and the irrigating Channels an enquiry was accord-ingly ordered and it does not appear that even then any claim was made to the whole island. The Nabob's Monegar merely stated that the 8 Cawnies which his Vil-lagers had begun to cultivate belonged to Manamodoo in consequence of their being on the north side of the Southern Nul-lah, which, as already observed has since dried up. The officiating Thasildar however reported

5728

Fort St George 15th April 1850.

reported that no proof was shown of the land having been previously Cultivated and that its Cultivation seemed objectionable while there was still a question as to how much of the Padoogay belonged respectively to the Government and the Nawaub's Village - Mr Onslow accordingly prohibited its further Cultivation and instructed the Tahsildar to search for evidence and endeavour to ascertain with exactness the rights of each party.

Hoozoor order 23d July 1841

8. In reply to this order the Tah-: sildar [Chinnasawmy Pillay] reported that he found the neighbouring Villagers unable to give any information on the subject which he considered a conclusive proof that the Manamodoo ryots had not been allowed to enjoy the island since such a fact would have been capable of being established. It is to be observed that at this time the account of a Pymash of this particular Village made by the Talook authorities in 1823 had

* 18th November 1841

had not been discovered and the Tahsildar expressed his opinion founded on general and known usage that the bed of the Cauvery river with its islands belonged to Government, and could not justly be claimed by any other party. Mr. Anslow acquiesced in this report and directed the Tahsildar to make known to the Nawaub's servants and the Manamadoo Villagers that the island belonged to Government and that they would not be allowed to Cultivate it.

Hoozoor order 20th November 1841

9. In the years 1842. 1843 and 1844 the island remained in the enjoyment of the parties who rented it under Government without its giving rise to any fresh claims or complaints.

10. In 1845 the Nawaub's agent again addressed the Collector not to claim the entire island but to observe that it was still rented out annually as pasture ground instead of steps being taken to remove it and clear the bed of the river. The agent complained that the

the Manamadoo Villagers were thus put to inconvenience and loss as the renters cattle came into their limits and the renter cut grass on a part of the Padoogay to which he was not entitled. The enquiry of the Tahsildar (Iyskamkara Pillay) showed however that the renter had only grazed his cattle and cut grass within the island or South of the Modala Calawa. and that the ground alluded to by the agent was the same which the Manamadoo ryots had improperly begun to Cultivate in 1841. The complaint against the renter was therefore dismissed and Mr. Anslow directed the Tahsildar to inform the Nawaubs servants that the island like all others in the Cauvery belonged to Government and was under the control of its Officers

Hoozoor order 26th May 1845.

11. At the close of 1846 a further enquiry was ordered in consequence of the Nawaub's agent again addressing the Collector to repeat his request that the Northern part of the island (see the preceding remarks for the years 1841 & 1845) might be given to him and measures be taken

taken for having the remainder cleared away a reference was hereupon made to the Tahsildar during whose enquiry an abstract account of the Pymash of the Village made by the Talook Servants in Fusly 1223 was discovered. The Tahsildar's final report was not received till November 1848 when he made a recommendation in favor of the Nawab's right to the whole island enclosing some depositions taken from adjacent Villagers to show that the Manamodoo ryots had enjoyed possession until 1836, after receiving this report Mr. Onslow addressed the Board in the Nawab's favor and it is now any duty to state why I cannot concur in that recommendation.

12. In the first place it appears to me that the evidence taken in 1848 regarding the enjoyment of the Manamodoo Villagers ought to have been produced earlier by the Nawab's local Monegar, in order to be entitled to weight. During the previous ten years repeated enquiries afforded opportunities for the Manamodoo Villagers to

to prove their right; but they failed to do so, according to the reports of different Tahsildars including the report made on 26th May 1845 by the same officer who in 1848 wrote in favor of their claim. Moreover it is clear from the evidence and the public accounts that the island is a modern casual deposit. In a pymash Statement of the Manamodoo Village prepared in Fusly 1223 the authenticity and correctness of which is not disputed, only 14 Cawnies of Padoogay land are entered, while the Villagers now held 56 Cawnies marked B in the plan altogether distinct from the island. 2ndly Mr. Onslow refers to the above pymash account as showing the Nawab's title to 336 Cawnies of Padoogay, but this appears to me founded upon a misconception. The assessed lands of the Village consist of 85 Cawnies of Nunjah and Poonjah protected from the river by the great embankment some Padoogay appears in the Pymash but under the head of Poramboke only and is limited to 14 Cawnies. The 336 Cawnies to which Mr Onslow refers

refers are entered in the Cymash not as Paddy land but as "Cannery Neerody" or that portion of the bed of the river which is considered to be within the Manamadoo limits. It is necessary for revenue purposes connected with irrigation ferries &c. as well as for holding police enquiries when crimes are committed within the river limits that it should be defined how much of the bed is included in each adjacent Village the general rule being that the boundary of each Village extends to the centre of the stream, but such an entry in the Sorumbokes accounts cannot I conceive be construed as taking away the right of Government to the river. The enquiries made regarding the Manamodoo claims and the orders passed by Messrs. Blair, Bourdillon and Anslow show that the river with its islands has always been regarded as the property of Government. The opinion of preceding Collectors Messrs. Nelson and Cameron was to the same effect, and the justice of this principle

principle never appears to have been directly disputed by the Nawaub's agent until he addressed the Acting Collector Mr. Elliot in August 1847 when a new turn had been given to the discussion by Mr. Elliot alluding to the supposed ancient breadth of the Cauvery and observing to the Nawaub's agent that a portion of the island appeared to be within the limits of the Village on the opposite or southern bank. Mr. Elliot

Letter to agent 17th August 1847

when making this remark assumed the standard breadth of the river to be 900 yards and adverted to the rule by which the centre of the stream is taken as the boundary of opposite Villages.

3rdly The claim at first preferred in behalf of the Nawab was in fact based on the argument that the Pudoogay land left to the Manamodoo Village in 1837 after making over the island to the renter comprised a larger area than that afterwards in their possession and the claim preferred was not for the whole island but for the previlege of holding the same extent of ground as in 1837. I have already observed.

Fort St. George 15th April 1850

observed that the Cauvery freshes continually alter such tracts of land as the present, and there appears reason to believe that the land held by the Manamadoo Villagers may be diminished in extent either from an alteration in the position of the Modala Calawa or the disappearance of the Mullahs formerly connected with it. This circumstance however is an uncontrollable one to which the Enamdar is bound to submit and it does not alter the right of Government to the island which is clearly separated from the shore by the Modala Calawa. Moreover the Enamdar can hardly be considered as having any good cause for complaint since his ryots hold at this time 56 Cawnies of Padoogay [marked B in the plan] although only 14 Cawnies are entered in the Pymash as belonging to the Village. It may here be observed that in the different engagements made with the parties who have rented the island from Government the Modala Calawa has

D.G.

Fort St. George 15th April 1850

has been always described as its Northern boundary—

4th Ity In case of further discussion hereafter it appears to me proper to advert to one remaining point after measuring the river opposite Manamoodoo in 1847 the Tahsildar reported its total width to be 2130 Yards and this appears to have made Mr. Onslow think that some Padoogay land had been improperly included, since in an order to the Tahsildar on the subject he alluded to an old account as showing that the ascertained width of the river at Moosery 3 Miles below Manamoodoo was only 900 yards. I learn from the Head Sheristadar that the account here referred to was a private, or demi official Memorandum of the river in his possession which he had prepared 18 Years for his information on a measurement only of its sandy bed by some Nair Curnums at 3 different points— such an account seems to me obviously useless on this occasion, as the proportion of stream, sand and padoogay between the permanent embankments of the river varies annually— To exemplify this, it may be mentioned that

* Vide Mr. Cotton's order dated 1st February 1847.—

Fort St. George 15th April 1850

that Mr. Onslow's remarks led the Tahsildar to remeasure the river at Mossery itself, where its sandy bed, omitting 240 yards of Padoogay was found to be 1,304 instead of 900 yards.—

13. I feel therefore obliged to express my opinion that the island in question, which comprizes an area of about 200 Cowries, is shewn by the public accounts, and the usage of the District to belong to Government, and it seems undoubtedly advisable that it should remain under Government control. The manamoodoo ryots have not in my opinion proved more than their enjoyment of the Padoogay lying immediately under the Cawery embankment within their Village, and although that tract is now more extensive than what is entered in the Pymash it seems to me unadvisable to disturb their possession so long as it does not interfere with the course of the river and the safety of the main embankment

marked B in the plan.—

The

Fort St. George 15th April 1850

The claim of the Enamdar to this land is different to the claim which has been advanced on his behalf to a tract which is separated from his Village by its insular position.—

14. I do not find that any similar question has previously arisen in connection with his Highness the Nawabs Villages, and it only remains for me to observe that the money annually collected on account of the island under report has been carried to the account of Government instead of being expended in clearing the Island away, for which purpose no effectual steps have yet been taken. The deeeeaxe in the 2nd Crop Cultivation under the Voiksls gives importance to the subject, but as danger might arise to the main embankment if the entire island was suddenly removed I propose consulting the Civil Engineer regarding the course most advisable to be pursued. Meanwhile there seems no valid objections to continuing the system of renting

See Statement A

the

Fort St. George 15th April 1850.

the island out. The complaints made from time to time by the Manamadoo Villagers have arisen from their wish to obtain possession of a convenient tract of land to which from its position in front of their Village they conceived they had a claim. The adjoining Kodiampollium Padoogay /marked A in the plan/ has led to no disputes although there is no distinct boundary like the Modala Calawa to separate it from Manamadoo, and the Manamadoo Villagers could tender for the island themselves, if its temporary occupancy by another party really caused them injury.-

15.- The necessity of guarding against the island being otherwise occupied and claims being thus advanced to it has led me to recommend that the practice of renting it out should continue until measures are adopted for its removal.- Perhaps however the Board may authorize me

Fort St. George 15th April 1850.

me to inform His Highness the Nawab's Agent, that though the important interests connected with the conservancy of the river prevent Government waiving their claim, their object is not to make the island a source of revenue or permanent Cultivation, but to clear it away as far as practicable, and prevent its continuing an object of dispute and discussion- If the Civil Engineer pronounces that the removal of the island will not endanger the river embankment, the expense of the measure is not likely to be large or exceed Rupees 700 a sum considerably within the amount which has been received from the annual renters.-

The

Fort St. George 15th April 1850.

Proceedings thereon.— 1. The land here claimed is the Northern portion of an island situated in the Cauvery, opposite to the Village of Manamoodoo, given in Enam for the support of a Mosque, and its affairs administered by the Officers of His Highness the Nawab of the Carnatic.—

Disposing of the claim put forth by the Agent of the Nabob of Carnatic to certain padoogay land in an island in the Cauvery and instructing the Collector of Trichinopoly to act as if no claim was ever made.—

Ltr. to Collr. Dated 19th Sept. 1848. in Cons. 15th Feby. 1849.

(26.27)

2. In the communication above recorded the Collector conveys a clear and brief history of the island since the first agitation of the question in 1836, until the favorable report on the Enamdar's claims submitted by the late Collector, & in the opinion of the Board gives the most satisfactory reasons for his dissent to the views taken by that Officer.—

3 Mr. Maltby having visited and taken sufficiently accurate measurements of the locality, and having entered minutely into the past transactions relative to this island is enabled to rectify the main statement in Mr Onslow's proposition / and on which he appears to have based his recommendation / that "the Lands are entered in the Survey

Para 3.

accounts

Fort St. George 15th April 1850.

accounts as belonging to the Nawab's Villages," this declaration apparently resting on the misconception of including as "Padoogay" belonging to Manamoodoo, a large quantity of land which was only for fiscal purposes comprised as "Cauvery Neerodey" within the limits of that Village.—

Para 12.

4.— It appears from the present report that the possession of the entire island as vested in the Government in common with that of all other islands in the Cauvery, has never been disputed, and that the first claim in 1836 was made by the agent to His Highness the Nawab, for only a small portion of it, on the North side as far as the more South-ern of two Nullahs which have now dried up and disappeared but which formerly ran parallel with the Modula Calway, the stream now separating the island under discussion from the main land.—

Para 5

5. Subsequently in 1841 an attempt was made by the Manamoodoo people to cultivate this

Para 7

this portion, but which was prohibited as soon as discovered, and again in 1848 the agent for His Highness preferred a claim for the same land, which appears to be an immaterial portion of the whole island, the latter containing about 200 Cawnies.—

Para 11.

6.— The Manamoodoo Villagers appear thus to have asserted a claim to this land up to the more southern of the two now dried up Nullahs, as belonging to their Padoogay but as that is situated in a locality so constantly changing in its features, it was, dubbing the existence of the two Nullahs, and perhaps a slightly different channel of the Modala Calway, have presented another aspect than it now exhibits, and in the opinion of the Board there can be no question that the disputed lands, if ever possessed by the Manamoodoo Villagers, and no proof of authorised possession has been adduced, have now merged into the larger portion, which being distinctly insular, must now be included among the islets of the Cawvery

Para 8.

these

these by "general and known usage" are the property of Government and on account of the influence they occasionally exercise over the stream are justly retained under the control of the ruling power.—

Para 8.

7. Neither on the plea of diminished cultivation do the Manamoodoo Villagers appear to have good cause of complaint for instead of 14 Cawnies as limited by the Pymash account of Fusly 1223, they now possess 56 Cs of Padoogay in the enjoyment of which they will not be disturbed, so long as such cultivation does not interfere with the main embankment.—

Para 12.

8. In 1848 indeed after the claim of the Enamdar had been during 12 years, negatived by the investigating Officers, the Tahsildar on the strength of a Pymash account of Fusly 1223, reported in its favor, but the Board agree with Mr. Maltby that this evidence to be entitled to weight, should have been earlier produced.— The increased extent of the present "Padoogay" of the Village, and the fact

Para 12.

of

Fort St. George 15th April 1850

of the insular nature of the ground disputed completely in their opinion connect it with the Government property.

9. Under these circumstances the Collector will deal with the island in the same manner as if no claim had been raised respecting it, and will neither continue to rent it as at present or take measures in communication with the Civil Engineer for its removal or otherwise as may be found most conducive to the public interests.—

Rupees 43 15 6 has alone been brought to credit, on being the surplus in the sale proceeds of certain smuggled goods, seized in previous Fasles.—

3 The duty on Tobacco paid by the Cochin State subsequent to the 29th July 1846 the date on which the frontier Customs were ordered to be with drawn. was refunded in the year under review with reference to Extract from Minutes of Consultation dated the 8th August 1848. and this amount Viz. Rupees 7,421 5 9 is entered under the head of Charges.—

4 The Abkarry demand for $\frac{1258}{1848/49}$ amounts to Rupees 7,877 or Rupees 183 below that of the preceding Fasly.—

Vide Statement A

The

5749

Fort St. George 15th April 1850.

5 The demand on Sundry Small Farms and Licenses which comprises only the rent of the privilege of fishing in Tanks amounts to Rupees 618 8–9, being 132 13 1 less than the rental of the past year which was recovered in full within the Fasly, the failure of supply in some Tanks has been the cause of this decrease.—

Vide Statement A

6– With reference to para 3 of Extract from the Proceedings of the Board of Revenue dated the 6th August 1849 a Statement exhibiting the Demand, Collection and Balance of Sundry Small Farms in each Taluk is transmitted, beyond this no further details appear called for, the item as already observed, merely consisting of the Fish rents and nothing else.—

E

7 The value of Sandalwood Exhibit a decrease of Rupees 9021 – 4 – 4 below the amount demanded in the past year, caused by the limited quantity of Sandalwood sold in the Fasly, and by the absence of the sale of Elephants, and the non-levy of Penalty on Teak Timber cut in the Forests of this District, in defiance of the restriction Orders of Government as per Memorandum descriptive of the transactions of 1257 1847/48 and 1258 1848/49 is subjoined as further elucidation on this subject.—

11. The stamp Revenue exceeds the amount of the last July by Rupees 7,066. from the operation of Act No. XVIII of 1848 and the Collector under this head have also proportionately increased from the same cause in the sum of Rupees 325—15—12

The Motupalla demand amounts to Rupees 77,510—6—3 Collections within the year were Rupees 77,310—2—5 subsequent Collections were Rupees 183—2—3 (in all 77,493—4—8) leaving only 17-1-7 in the Taluks noted in the margin, for the recovery of which measures have been adopted.—

13 In para 3 of Extract from Minutes of Consultation No. 798 of the 22nd August 1849, Government require a special report as to the cause of the decrease in the Loom tax in Fasly 1257/1847-48 and, on enquiry it appears that the unfavorable character of the

Fort St. George 15th April 1850.

the season in Fasly 1256/1846-47 and the consequent decline in trade was the cause of the emigration of many of the Weavers to the Cochin Country and this will account for the deficiency remarked upon in this as in other branches of Motupalla. It will however be satisfactory to observe that in the year under report, an increase of Rupees 7,066. 7—10 has taken place by the return and re-establishment of some of the Weavers in their former occupations, and it is probable that many of the others will rejoin their Villages and that the amounds of revenue will attain its usual standard. A Memorandum exhibiting the Motupalla demand of 1257/1847-48 and 1258/1848-49. is annexed.—

From the Secretary to Govt. 1850.

To the Secretary to the Board of Revenue dated 25th April 1850.

Sir,

In the Copy of Calm for the year 1258 F. which accompanied the Circular of the Board under the head of Professional tax, the Collector has included under that head the Tax on Bazar Merchants & Shopkeepers, which has hitherto been entered under the head of Bazar tax, & I am directed to request that you will cause the Collector to be informed that in future the Bazar tax is to be entered under that head, & the Professional tax under its proper head.

I am Sir
Your most obedient Servant
H
Secretary to Govt.

Fort St. George 15th April 1830.

Board will find that in almost all the items exhibited therein, the Calculation of the pates does not entirely agree with the aggregate amount, which has been occasioned from the omission or addition of the fractional parts in the Commutation of Canteroy Sauams at which the pates of taxation were previously determined in Company's Rupees. In instance of this kind is quoted in the Margin. the difference is trifling and general-ly it is pather in favor of Government. 16

Travancore	450	500	50	
Cochin	400	900	500	
Total	850	1400	550	

The profits on Tobacco are in excess of those of the past fasly in the sum of Rupees 31,054—1—9 produced by the increased supply of the article to Travancore and Cochin and by the difference between the Amount paid by those States and the pate of Cost Calculated under the Order of the Accountant General having been greater this year than

F & C

than in the past two detailed Statements are transmitted herewith the one shew-ing the result of $\frac{1258}{1848/49}$ and the other embracing the transactions of the last 7 years i. e. Fasly $\frac{1252}{1842/43}$ to $\frac{1258}{1848/49}$ inclusive as directed by the Board in para 9 of their Proceedings.—

6 August 1849.

17 In Extract from Minutes of Consultation of the 22d August 1849. No 798 Para 2. the Government direct with reference to the decrease of Rupees 2293 . 14 . 10 in the Profits on Tobacco in Fasly $\frac{1257}{1847/48}$ "that the Collector will be more explicit on this point" in the Annual report for this year, and I beg leave to state that the said deficiency has been made good in the Fasly under review. the increase in the Profits Amounting to Rupees 31,054—1—9 above that of Fasly $\frac{1257}{1847/48}$ as shewn in the preceding para herein as this item appears as yet involved in some doubt it seems necessary to clear up the same.—

18 The mode of Calculating the average price of Tobacco as directed by the

(Ev. Jan 1 No 17 dated 25th Dec. 1844 Para 17 and 18

Rep. for 1844 No 103 dated 15 Dec. 1845 Paras 14 & 15 —

the Accountant General is, I believe, fully explained in Mr. Wroughton's reports on the Extra Revenue Settlement of this District for Fasliee $\frac{1253}{1843/44}$ and $\frac{1254}{1844/45}$ and any details on that point would seem unnecessary. my observations refer only to those points which seem to demand further explanation.

19 The average rate alluded to is not the same throughout the year but varies in every quarter with reference "to the quantity in store and to the quantity of the article purchased". The Convention price paid by Native Traders is not a fluctuating one, but continues always the same viz. Rupees 60 — 8 — 0 Cash 55. the only difference being in the mode of bringing to account. the amount of profit which is augmented or reduced in the ratio, the quarterly average rate increases or decreases, and hence the remarks of the Board that the arrangements ordered by the Accountant General "in no degree affects the actual revenue derived from the sales of Tobacco" are fully borne out as regards Travancore and Cochin; but this is not the case with Malabar, and in the supply of Tobacco to that District, the revenue of Coimbatore must

S.G.

must be considered to suffer.

20 In further explanation I would remark that the transactions connected with the Tobacco Monopoly in this District are adjusted under five different heads indicated in the margin/ in the Journal and other accounts, furnished monthly to the Officer of Account and Audit at the Presidency. all payments of advances to Ryots are debited under the head of "advances for the purchase of Tobacco" and so soon as the article is received into the Depôt at Coimbatore, is assorted, and priced the cost price thereof, is debited to "Tobacco" and credited to "advances" &c. When a consignment is made to Malabar, or to Travancore and Cochin, the value of that consignment is debited to the "Collector" or the Resident and the head "Tobacco" receives credit, the difference between the prime cost — not the cost calculated upon the average rate

No 1. Advances for the purchase of Tobacco.
No 2 Tobacco
No 3 Collector of Malabar
No 4 Resident of Travancore and Cochin.
No 5 Profit on Tobacco

* Three Native employ Agents who receive the Tobacco at Coimbatore

pate/ and the payments made by those States being credited to Profits

21 Remain to the operation of the system introduced by the Accountant General the accounts seem to have been clear. The Collector of Malabar was debited with the prime cost whatever it was and the Distribution received a corresponding credit in its accounts. The Travancore and Cochin States paid their dues from which a sum equivalent to the prime cost was credited to "Tobacco" and the surplus carried to the head of "Profits", and these entries were duly exhibited in the accounts forwarded to Madras. Since 1843 two different accounts are necessarily kept in the Office, the one exhibiting the correct transaction for local reference, the other in the form required by the Accountant General.—

22 Under this form of account, if the quarterly average rate

pate, corresponds with the actual cost which it has never done, no conversion or fictitious entry occurs. If it exceeds that cost, the District would get more than it's due from Malabar/ this however has not been the case/ with reference to Travancore and Cochin, the Profits only are affected and not the Convention price as previously stated, but should that rate fall short of the actual cost, as is now the case, we receive less than what we are entitled to from Malabar and what adds still more to the complicated character of the account is, that the deficiency in the amount paid by Malabar is partially made good by the payments from Travancore and Cochin; the Accountant General may perhaps suggest some other form of account to remedy this inconvenience, but the difficulties do not appear to have formed a subject of reference to that Office.—

23 In order to render these explanations

Fort St. George 15th April 1850

explanations more intelligible they
leave to refer the Board to Statement
G: From Column 3 thereof it would
appear that the actual cost of
Tobacco purchased during the 7 years
from 1252/1842-43 to 1258/1848-49 inclusive, amounts
to Rupees 989090 — 0 — 1 the value of
that portion furnished to Malabar
in the same period according to the
local rate is Rupees 774295 — 15 — 11, but
with reference to the average rate ad-
mitted by the Accountant General
it amounts to Rupees 39785 — 4 — 9 which
sum only has been placed to the
credit of this District by the
Collector of Malabar and consequent-
ly Coimbatoor must be considered
to have lost 45910 — 11 — 2 Rs. as. p. in the ac-
counts actually disbursed from its
Treasury but this loss / admitting it to
be merely nominal / is reduced to Rupees
34345 — 5 — 5 by a portion of the profits
from the two Native States, Travan-
core and Cochin.

Statement G. Column 7.

Column 8.

Statement G.

24 — Column 22 would show
that the actual cost of Tobacco
furnished

Fort St. George 15th April 1850

furnished to Travancore and Cochin
is Rupees 21,634 — 11 — 11. the average value
with reference to column 23 amounts
to Rupees 2,28,200 — 1 — 8 or Rupees 11,565 — 5 — 9
in excess of the actual cost — the
payments made by those Government
at Rupees 60 — 8 — 0 — 55 per candy, are
Rupees 4,06,362 — 2 — 10. Of this Rupees
21,634 — 11 — 11 the actual cost ought
to have been credited to "Tobacco", and
the rest to "Profits", but the fact has
been that Rupees 2,28,200 — 1 — 8, have
been carried to the credit of Tobacco
according to the average rate of the
Accountant General, and Rupees 178,161 —
15 — 2 to "Profits". The Board will there
=fore perceive that as regards Travan=
=core and Cochin we have credited
to "Tobacco" 11,565 — 5 — 9 more than the
real cost, and consequently this differ
=ence reduces the loss sustained in
the supply to Malabar. —

Statement G. Column 24

Vide Column 34 Statement G.

25 It may perhaps be asked
why the average rate charged to Ma
=labar has fallen short of the actual
cost, whilst if it has been increased
to

to the Native Merchant, and I therefore would observe that the Collector of Malabar draws from this District continually a large supply, whereas the Travancore and Cochin Governments receive smaller quantities and this at times when the average rate happens to be higher than the actual cost.—

20 It may be urged that under the existing system of account, the price paid by the Native States is in no way affected, and the loss with reference to Malabar is not really a loss, it being a matter of no moment as to whether the Profits go

go into one District or the other. this, in fact is the case and no objection can be urged on that score, but it appears to me that the present system of account is complicated, and that a reference to the Account: and General would perhaps, lead to his directing the Tobacco accounts to be kept as formerly.—

27 The Collections of all sources of Extra Revenue amount to Rupees 2,26,730—11—8 or 32,850—10—10 above those of the past year.—

Examined & found correct
[illegible]

30 I think it necessary to state that this sum includes Rupees 91—9—5, the amount of Moturpha tax alluded to in the correspondence* noted in the margin, the inadvisableness of the imposition of the said tax having been previously brought to the notice of the Board, further explanations do not appear called for beyond the remark, that the practice of allowing irrecoverable arears to hang over the Parties is undesirable on many accounts—

*To the Board's 8th August 1848 from Government 10th October 1848

31 The Evidence as accounts required in Para 13 of the Board's Proceedings are transmitted.—

Board's letter dated 27th January 1848

32 With reference to the Board's Orders of the 27th January

January 1848, I beg leave to submit that the only Sugar Manufactory, if such term can be applied, established in this District is that of Rammath-ering, Sowcar in Coimbatoor-ing, Sowcar in Coimbatoor the cultivation of the Mauri-tius Cane amounted to about 5 Cawnies of land assessed at Rupees 61—13—4.

From the accounts given by him 40 Candies of Sugar seem to have been manufactured in $\frac{1258}{1848/49}$ - 15 of superior quality and 25 of an inferior description Of this quantity, 31 Candies were disposed of, for internal trade, at 5 and 4½ Rupees a Maund respectively, and nearly 9 Candies

*Weighing 4,000 Rupees.

Fort St. George 15th April 1850.

Candies were exported to England through a House of Agency at Madras.—

33 I would also add that according to the census of Feby 1258 the population in the District Amounts to 821,950 Souls. Men Women and Children, the quantity of Salt required for Consumption at the average rate of 6 Company's Measures a head per Annum, Amounts 1,341½ Garces. The importations from Malabar, Madura and other Maritime Districts is equal to 1,281 Garces only, so showing a deficiency of 60¼ Garces, which would be—

D.G.

lead

Fort St. George 15th April 1850

lead to the belief, that the use of earth salt among the lower Classes of the people has not as yet entirely ceased, altho' vigorous measures are adopted to discontinue its manufacture and sale.—

5825 Fort St. George 15th April 1850.

To,
W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

(30)

Sir,

From the acting Principal Collector of Coimbatore --- } 1- In reply to para 3 of

Communicates the final arrangements made with the Burghers regarding the acquirement of the Barrack ground on the Neilgherries.

Extract from Minutes of Consultation of the 11th December 1849, received with the Board's Proceedings of the 17th idem, I beg to report for the information of Government that I have succeeded in effecting with the Burghers, a final and amicable settlement of the Barrack ground on the following terms.

They accept the 350 Rupees, hitherto declined for 2 — 14 — 2,058 sft. of land, and 5 Huts, as per Mr. Wroughtons' letter of the 15th April 1848. for the resd of the land required by Government, / nearly 600 Cawnies, in all / they accept 500 Rupees ready money, with 150 per annum, for its prepetual use, as allowed to the Todavurs at Ootacamund. Of the 150 Rupees annually, 25 go to the "Todar Mund" in that neighbourhood, the fair amount of their "Goodoo", calculated on the 600 Cawnies of land. the remaining

11/2 16 Ballahs

† No. 25

remaining 125 to the Burghers annually. as
* of the 500 Rs. * 50 Rupees in land to the Todars of the one
small mund as a compensation for a small
"Sholah" / or wood / the Sholah, however, is not
† No. 105 para 10 to be desecrated - In my † letter of the 20th October
1849, I calculated 1,000 Rupees to be given for the
land. the land - the Burghers now request that
Deducting 50 for the Todas. they may have, instead the 500 Rupees in hand,
and 150 per annum.-

2. All parties were before us
me, and perfectly understood, and fully agreed
to the present arrangement - It has been as
taken down in writing, and signed by them and
by myself.

3. As the Barracks are not
yet decided on, I further stipulated that those
sums were only to be paid from the day the
Barracks were actually commenced; and that
pending that decision and commencement, the
Burghers were not to be charged for as
what land they might temporarily as
plough, within the limits laid down for
Government - the land eventually to
return

return to them, and nothing to be paid by
Government, if the Barracks are given up.
This arrangement saves Government from
needless present expense in anticipation, and as
satisfies the Burghers and will, I trust, be
approved by Government.-

4. The Boundaries of the
600 Cawnies have been mapped, and worked
by the Survey Engineer, they are clearly as
understood by the Burghers, and no mistake
can occur about it; and in the mean time, the
Burghers are free to graze over, or plough, the
ground unmolested, till Government require it.-

5. A small plantation of
Acacias and other Trees, is getting up, before
Para 9. referred to, in my letter of the 20th October 1849,
and will be useful for transplanting, if the
Barracks be ever built.-

Coimbatore, - - - - - -
Principal Collectors' Office,
Caroor, 8th April, 1850.-

/ Signed / C. B. Thomas
Acting Principal Collector

5828 Fort St. George 15th April 1850.

Ordered that the foregoing letter be submitted with the following address.

To
The Chief Secretary to
Government.

30 & 31

To the Chief Secretary to Government.

Sir,

In Cons 17th Dec. 1849

With reference to Extract from Minutes of Consultation dated 11th December last, I am directed by the Board of Revenue to submit, for the information of the Right Honorable the Governor in Council, the accompanying letter from the Acting Principal Collector of Coimbatore dated 8th Instant, reporting that he has effected an amicable arrangement with the Burghers respecting the land on the Neilgherry Hills required for the new Barracks, and detailing the nature of the terms agreed upon by all parties concerned.

Revenue Board Office,
Fort St. George,
15th April, 1850.

I Signed I W. H. Bayley
Secretary.

From C. V. Conniah Chitty

Sir,

I have the honor to acknowledge the receipt of your letter dated the 18th ultimo desiring to be informed whether I would acquiesce in the terms upon which the Extract of Consultation dated 17th ultimo the Government suspended its sanction to the transfer of the village of Parembadoo &c. in exchange of my property at Vepery, and to express, in reply, my deep regret that the Government has been pleased to reject the conditions proposed by me for its kind consideration - and this regret is the greater, as the resolution of the Government obliges me entirely to renounce my object of obtaining an independant property, perfectly free from public demands of all and every kind whatsoever as I should be going an injustice to myself and family, if I were to make an unconditional alienation of the Vepery property in exchange for other property so hampered with conditions as to render it possible, at some future period, from unforeseen and unavoidable contingencies to deprive me or my heirs of it altogether.

But as I am still very desirous

Expressing regret at being obliged to renounce his object of obtaining an independant property in lieu of the Vepery Lines belonging to him, Tendering a piece of Ground adjacent to the Mutting Ground of the Sepoys and a Garden House forming the Southern boundary of the lines now occupied as the Eye Infirmary in exchange for the village of Parembadoo & others to the total valuation, provided he can hold them entirely free from incumbrances & liabilities.

desirous to meet the wishes of Government for the obtainment of the Vepery property, I beg you will be pleased to signify to the Right Honorable the Governor in Council that as I have been informed the Superintending Engineer is looking out for a piece of Ground from which earth may be taken for the purpose of raising the basement of the Vepery Lines, I am willing to tender to Government a piece adjacent to the present Hutting Ground of the Sepoys measuring about 16 Cawnies, which will supply an ample quantity of earth, besides leaving a remainder for the location of Troops upon occasions.. I have likewise a Garden House with a good large compound, having communication with the Road now forming the Southern boundary of the lines - at present occupied as the Eye Infirmary, which as would be available if required for the enlargement of the Military Lines where I am confident 6 or 7 Companys of Sepoys be well located; this I am also ready to part with, at the wish of Government, at a fair valuation by the ex Superintending Engineer for the whole of which properties I should be glad to take properties in exchange in consideration that the

the arrangement be so made as to put me in possession of the village of Parambadoo, and others, to the value of the sum total and to be held as entirely free from incumbrances liabilities &^ca. as the premises for which I propose they should be made over.-

Madras, 11^th. April, 1850. } (Signed) C. V. Cunniah Chetty.

Ordered that the foregoing letter be submitted with the following address.-

(32-33)

To, The Chief Secretary to Government.

To the Chief Secretary to Government -- } Sir,

I am directed by the Board of Revenue to submit for the information of the Right Honorable the Governor in Council a letter from C. V. Cunniah Chetty, by which it will be perceived that he distinctly declines the arrangement proposed by Government, & consequently the negotiations may be said to be definitively broken off.-

2- The Board are of opinion that C. V. Cunniah Chetty's objections are unreasonable, and considering the difficulty there seems to be in meeting his wishes & the delay

that

that has already occurred, they are inclined to believe that some more satisfactory plan may yet be devised by the military authorities for meeting the wants of that Department.

3. The Board consider the latter part of C. V. Cunniah Chetty's letter to be opening up an entirely new question, & they are not aware that Government require any larger extent of Ground than that originally notified.

4. I am in conclusion desired to request the instructions of Government as to whether any other village should now be sought for which would suit Cunniah Chetty.

× in the reference to latter part of para 2 Minutes of Consultation 25th October 1849 / Sd Cons 29th Oct 44

Revenue Board Office, Fort St. George, 15th April, 1850. } / Signed / W. H. Bayley Secretary

Resolved that the following letters be dispatched.

34

To The Chief Secretary to Government.

To the Chief Secretary to Government } Sir,

In conformity with the instructions contained in Extract from Minutes of Consultation dated 11th July 1848, I am directed by the Board of Revenue to forward herewith a list of communications received from Government up to 31st March 1850 and remaining unanswered, to which is annexed a Statement of all periodical Returns and reports due to the same date.

(37)

To the Collector of Vizagapatam.

To,
The Collector of
Vizagapatam.

Sir,

With reference to your Sub Statements of Saderward charges for Fusly 1258 under date the 6th December 1849, I am directed by the Board of Revenue to observe that they are not aware of the principle on which the Estimated disbursements in Column 9 have been fixed.

2. I am therefore desired to request that you will furnish a Memorandum explanatory of the same and will specify each item, according to its date of sanction, forming the estimate of Fusly 1258.

Revenue Board Office,
Fort St. George,
18th April, 1850.

/ Signed / W. H. Bayley
Secretary.

From the Collector of Salem. Read Return of Fines and Stoppages from the Pay of public Servants in the Salem District for the Quarter ending 31st December 1849.

1st January in Cons. 11th April 1850.

(38)

Proceedings thereon.

The Board observe that the Fines in Cases Nos. 3, 9, 10, 11 and 13 appear excessive, and that retaining pay in deposit is irregular and unauthorized.

By

Salt

Fort St. George 15th April 1850.

Salt Rules.

1. Advances for the manufacture of Salt shall continue to be made to the manufacturers according to local custom as sanctioned by the Board of Revenue. An Annual Statement in the form accompanying the Circular of Estimate of Advances made for the manufacture of Salt should be submitted.

2. During the period of manufacture Tom toms shall be beaten at half a hours before Sun set to warn the manufacturers to depart; they shall again be beaten at Sun set, and all the manufacturers shall then be required to leave the Pans by a prescribed route so as to pass by the watching peons whose duty it shall be to ascertain that they do not carry away any Salt.

3. As soon as the Salt may be ready, it shall be delivered into store by measurement only and not by estimate; the measurement shall be conducted in the presence of the manufacturer, the Accountant and the local Superintendent at the Pans, and a receipt written by the Accountant and signed by the local Superintendent, shall be given to the manufacturer, specifying the quantity by measure of Salt delivered by him into store.

4. All Salt thus delivered shall without

(without any distinction as to the particular manufactures from whom it may have been received) be secured in one common Store and be formed into heaps of a regular shape on a raised platform.

5. Each Collector will cause at all the Pans in his District rectangular platforms of raised earth to be formed three or four feet above the level to which water usually rises in the Monsoon, and sufficiently extensive to contain the whole quantity of Salt at the Pans. These platforms shall be as large and as few in Number as practicable, it being an object to secure as many heaps as possible upon the same platform. The Earth to be dug for raising these platforms shall also be taken up in such a manner as to form a deep ditch round each of them, leaving only one broad entrance, and on the centre of each there shall be a raised mound of Earth for the hut of the watching peons.

6. Where it may not be attended with considerable expense and difficulty these platforms should be surrounded by palisades

or

or hedges of prickly pear, aloes, &c. as well as by a ditch. At all events they should be enclosed in some manner and the entrace especially should be palisaded and guarded by a board gate.

7. Within the enclosures surrounding each platform there shall be a separate space set aside for the express purpose of measuring the Salt.

8. Each Collector shall fix the quantity of Salt to be contained in one heap, it shall not be less than 10 or more than 20 Garces: but whatever quantity may be fixed upon by the Collector shall be universally adopted throughout his District. The Manufacturers shall not be obliged to give a surplus before the actual measurement on the plea of covering wastage, but a strict account of wastage on each heap shall be kept. A Quarterly Statement of Salt stored in heaps should be submitted and the Salt Cotaurs shall be periodically visited by the Collector or his Assistants, and one or more heaps measured in their presence.

9. The Salt heaps shall be stored in straight lines upon the square platforms

as

as near as possible to each other, space being left for only one person to pass between each heap.-

10- These Rates shall be considered as applicable as well to Salt intended for exportation by Sea as to Salt for Home consumption or inland Sale. but Collectors may establish pans for exportation separate and distinct from those for home and inland consumption.

11- The Accounts of Manufacturers shall be adjusted immediately on the Salt being heaped and secured in Store, and after deducting any advances made, the balance due to them shall be paid without delay. If not attended with inconvenience to the people, it might be a further check upon the servants at the Pan to pay the manufacturers the balance due at the Hoozoor, their accounts being adjusted there.

12- The Superintendent at the Pans shall be held responsible for any deficiency between the quantity specified, as received by him in the separate receipts granted to the

the manufacturers and the quantity stored in the heaps, allowing for wastage according to circumstances to be regulated by the Collector and remarked on in his accounts.-

13- Each heap shall be numbered according to the order in which it is received in Store and marked with the quantity it contains, and the Sale of the Salt shall take place in the order of the number attached to the Heaps.-

14- Wholesale Dealers, who are willing to purchase Salt by the Heap taking it as it stands, shall be permitted to have it at the rate of 114 Rupees a Garce or 6 Rupees below the established Rate.

15- Under whatever Superintendent and Accountant a heap of Salt is opened, the whole of that heap shall, if possible, be sold off under the same servants.-

16- On each heap being sold off, a special account of its produce written by the Accountant and signed by the Superintendent shall be furnished to the Collector, and if there is a deficiency exceeding the per centage for wastage fixed for each Heap by the Collector, these two servants shall

shall be discharged, unless they can satisfactorily prove that the deficiency was caused by unavoidable circumstances-

17. In receiving and disposing of Salt by measurement the universal measure throughout the territories under this Presidency shall be the Mercall of 828 1/3 Cubic inches, 8 wide and 16 1/2 deep being 28 1/3 Cubic inches in excess of the standard fixed for other articles- This measure is to be struck and not heaped on any account- neither is the Salt to be prest into the measure- The Parah is to be entirely discontinued-

18. It being a material object to limit the retail sale of Salt at the Pans, it is determined that not less than twenty Mercals of Salt shall be sold to any one person-

19- No Salt shall be sold before Sun rise nor after five O'clock in the evening, and it shall be the duty of the watching peons on each platform to exclude every other person, even although servants at the Pans, from these enclosures from Sun set until Sun rise-

No

20. No Lumbadies or other inland whole sale Merchants shall be allowed to encamp within 100 Yards of any Salt Platform heap, or pan; and during their continuance in the vicinity of any pan the watching peons shall be especially attentive to the proceedings- The watching peons shall not allow any quantity of Salt whatever to be either measured or removed from a platform until the Rowanah for it is previously produced to them-

21. No Peons or other persons shall be deputed to meet Lumbadies or other wholesale inland dealers, nor shall any inducement whatever be held out to them to resort to one Pan in preference to another-

22- For every extensive range of Heaps, a Head Gollum Peon shall be appointed. He shall be specially selected by the Collector and shall be independent of the orders of any of the other Native servants. He shall hold a Summud of appointment from the Collector and shall not be removable except upon the most sufficient grounds, which grounds shall be recorded at the time of removal and

copy

copy of the record given to the party concerned.- His pay shall not be less than 15 Rupees per month.-

23- The Collectors of those Districts &c whence Salt has been exported to Bengal shall submit at the end of every month a Statement shewing the different ports whence Salt can be exported to that Presidency, and the quantity in readiness for that purpose.-

24- Sales of Salt for export by Sea shall, as heretofore, be conducted by weight at &c the rate of 1 Garce for every 120 Bengal Maunds.-

25- Salt intended for the Calcutta &c Market shall be delivered to exporters at 15 &c Rupees per 100 Ins: Maunds or 18 Rupees a Garce inclusive of Shipping charges a &c duty of 3 Rupees per Maund shall be &c paid at Calcutta for the same /10th July 1845./ and these exports shall be confined to &c such Vessels only as being square rigged &c and of not less than 200 tons, are of such a

a class that they must necessarily either take a &c Pilot on entering the Hooghly or vitiate their &c Insurance-

26- No Shipment of Salt on private &c account should be allowed on the same Vessel on which Salt is being imported in part of a Govern: =ment Indent.-

27- A Sealed packet containing a &c muster of the Salt exported to Calcutta on a &c Government Indent shall be forwarded by every Ship laden for that Port with Salt. If the &c Salt prove inferior to the muster, the Collectors &c Certificate shall prove null and void- but if equal in quality, the Salt will be paid for on delivery at Bengal.-

28- A quantity of 5 Lakhs of Bengal Maunds to be permanently kept in store in the Nellore District.-

29- Salt imported by Sea into the Presi: =dency of Fort William to be subject to the duty &c specified in the notification published in the &c Official Gazette 12th November 1844- The charge for transportation of Salt into the French &c territories

territories on account of that Government is to be borne equally by the two Governments-

30- In entering the Charges of "Manufacture," only those on the quantity actually sold are to be entered and not the Charges on the gross quantity manufactured-

31. In the Salt accounts the Sales for Home and Inland Consumption shall be carefully distinguished, and the latter again subdivided into the two Heads of "For other Districts" and "Foreign States-"

32- A Statement of Salt Manufactured at each Pan in each Fusly in comparison with the first year to be forwarded with the Report on the Extra Sources-

33- Revised form of Statement of the wholesale prices of Grain and Salt in each District to be sent in-

(38-39)

Proceedings Circulated to the Salt Districts one Copy to Commissioner Northern Circars.

Ganjam, Vizagapatam, Rajahmundry, Masulipatam, Guntoor, Nellore, Chingleput, North Arcot, South Arcot, Tanjore, Madura, Timevelly, Canara, Malabar, Madras.

Circular.

1- Resolved that Copies of the above proposed Rules be forwarded to the Collectors noted in the Margin, with a request that they

they furnish the Board with any observations they have to suggest by which the interests of Government may be better secured in the Salt Department-

2- The Board desire especially their opinion on the subject of wastage, to what extent it may occur in the process of Storing, how it is affected by time of standing and the size of the Heap, as also on the subject of Rowamahs which do not seem under the existing system to be a sufficient check on fraud, either as regards the details entered in them or the means taken for their return to the Collectors, by whom they may have been issued-

11th July in Cons: 31st January 1850

Read Statement of actual charges incurred without Estimate in the District of Madura in Fusly 1258-

(Here enter)

(40)

Proceedings thereon-

Before submitting the Collectors' Statement for the orders of Government the Board request information on the following points-

In the Circular from this Office dated the 1st May 1826 establishing the rates for the payment of Batta to the servants in the Collectors

Fort St. George 15th April 1850.

Collectors' and Sub Collectors' Hoozoor Cutcherries it was distinctly specified that Batta is to be paid for the whole period the Cutcherry is on Circuit except when a halt of more than Ten days is made and that upon such occasions the Batta is to cease after the tenth day until the setting out again of the Cutcherry - In the Account Particulars No. 1 accompanying the Collectors Statement it is observed that Four instances occur in which Batta has been paid for a longer period after a halt respecting which explanation is requested -

3.

The items are noted in the Margin and the Account Particular No. 1 is returned for correction if it be found necessary -
