disposed of.To Board 31st October 1852.
From D: 10th NovemberAdverting to the correspondence
noted in the Margin I have the
honor to submit for the infor-mation and orders of the Board of Revenue the
accompanying original Proceedings held under
Regulation IX of 1822 by my Acting Sub Collector
in the case of Vama-guntly Krishna Row the
suspended Tahsildar of Enamanamellore, to-
gether with the Appeal preferred to me by the
latter from the Judgment passed by Mr. Arbutnot.

2.

The charge on which Krishna
Row has been arraigned and convicted is that of
having received a bribe of 30 Rupees from the
Ryots of Cottapully at the time of concluding
the Dittum of the Village for Fussy 1260:-
Considering the charge proved by the evidence
elicited by the investigation the Acting Sub Collect28th October, 1852.

Collector.

To

13277

Fort St. George 22nd November 1852.

has adjudged the payment of double the amount of the bribe. From this sentence Kristna Row has preferred to me the Appeal now forwarded and on a review of the Proceedings, the offence appearing to me to have been established, I have confirmed Mr. Arbuthnot's decision. The main objection taken by Kristna Row in his appeal Petition is based upon certain discrepancies appearing in the Village subscription Lists as shewing the contributions raised in the Village to make up the bribe and upon a want of agreement between these accounts and the depositions of the Ryots in some cases; but these differences, which have been explained by the Village Curinums, cannot I think be held to vitiate the other evidence appearing on Record.

3. In his letter accompanying the decision, and which will be found among the Papers now transmitted, the Acting Sub Collector has so fully explained his reasons for recommending the dismissal of Tamaguntty Kristna Row from his situation that it would be superfluous in me to repeat them.

Referring

13278

Fort St. George 22nd November 1852.

4. Referring to the present case and to the recorded instances of his previous misconduct alluded to by Mr. Arbuthnot, I consider him unfit to hold the high and responsible Office of Tahsildar, and beg therefore to support the Acting Sub Collector's recommendation that he be removed from that situation.

5. Kristna Row was suspended from Office on the 29th October 1851 and his pay from that date remains undrawn and I beg to suggest in the event of the Board confirming the decision passed in his case, that such portion of it be paid to the Moozoomdars who have since been in charge of the Talook as would raise their emoluments to the Salary of the Office in which they have been respectively acting.

6. I regret that by an inadvertence the receipt of the Appeal from Kristna Row was omitted to be reported to the Board as required by para 2 of the Circular order already quoted.

To

Fort St. George 22nd November 1852

No. 1.

To
D. White Esq^r
Collector of Bellare.

Sir,

Para 1. With reference to my letter No. 11 dated 29th October last I have the honor to report having concluded my investigation of the charges brought against Vamaquntty Kristna Rao, Tahsildar of Enamanamelloor Talook, and to forward for your information the result thereof, and the judgment passed thereon.

2. Before entering upon some observations which this case appears to demand from me, it may be as well to state that the delay which has occurred in its disposal has arisen partly from the time occupied in inquiring into several other charges preferred against the Defendant about the same period. One of these was a charge of having extorted 90 Rupees in his capacity of Head of Police, and on the evidence before me combined with strong moral presumption of his guilt, I felt it my duty to commit him for trial to the

Principal

Fort St. George 22nd November 1852

Principal Sudr Ameen's Court, which tribunal however seeing fit to take a different view of the case, he was released.

3. I was then about to commence in the Summahbundy of Enamanamellore and not thinking it desirable to have such a mischievous character as he has proved himself to be in his own Talook at that important time I postponed taking up the Record of his case until I should have concluded the Settlement of that Talook.

4. In drawing your attention to the opinion recorded in the sentence namely, that the charge against Vamaquntty Kristna Rao of having taken a bribe of 30 Rupees is proved to my satisfaction, I would desire to express myself if possible in still stronger language and to state that in my judgment his Criminality has been established by proof the most unquestionable, and evidence the most intransigent. The depositions both of the Complainants and witnesses were given in a simple and straight forward manner, and their general demeanour and appearance being

Fort St. George 22nd November 1852.

being such as to impress me forcibly with the conviction that speakers were giving utterance to the truth, the whole truth, and nothing but the truth - the record is forwarded.

5.

Of the cases alluded to in Para 2, one refers to a charge of a similar nature to that now disposed of namely, a Village subscription in Cottacottah to gain the good will of the Tahsildar amounting to 140 Rupees of which 15 Rupees are said to have been collected and paid to him. I did not however consider the evidence strong enough for conviction, although I believe the Tahsildar did actually receive some money in this instance.

6.

Another case which I dismissed for want of direct proof consisted of a charge brought by a Pyot named Pitchana against the Tahsildar of receiving from him through the hands of another party the sum of 20 Rupees as a bribe to decide in his (the Pyot's) favor in the adjustment of a certain field dispute then pending - as here likewise I am unable to resist the belief

Fort St. George 22nd November 1852.

belief that the Tahsildar did receive this money or a portion of it. Again, Reports reached me that the Tahsildar had lately received both grain and money from the Villagers of Cottacottah upon the occasion of the investiture of his son with the Brammical thread the contributions being raised this time as in the proved case in order to avoid the trouble of bringing building materials for the new Cutcherry. The investigation I made satisfied my own mind that the charge as respects the grain was well founded, but as before, as there lacked a sufficiency of direct evidence to warrant conviction.

7.

I have further to bring to your notice a case of serious irregularity and culpable negligence on the part of Vamaguntty & Kristner Pious relating to the management of his Talook. Some time ago complaints coming from the Village of Canocpurty of the existence of Turrum Tabledil and Bantut Tabledil in Metta, Moolam and Jareel Lands the Mozoomdar Cango Rungarior of the Talook was deputed last July, 1260, to examine those lands

Fort St. George 22nd November 1852.

being such as to impress me forcibly with the conviction that speakers were giving utterance to the truth, the whole truth, and nothing but the truth - the record is forwarded:-

5.

Of the cases alluded to in Para 2, one refers to a charge of a similar nature to that now disposed of namely, a Village Subscription in Cottacotah to gain the good will of the Tahsildar amounting to 140 Rupees of which 15 Rupees are said to have been collected and paid to him. I did not however consider the evidence strong enough for conviction, although I believe the Tahsildar did actually receive some money in this instance.

6.

Another case which I dismissed for want of direct proof consisted of a charge brought by a Pyot named Pitchana against the Tahsildar of receiving from him through the hands of another party the sum of 20 Rupees as a bribe to decide in his (the Pyot's) favor in the adjustment of a certain field dispute then pending - as here likewise I am unable to resist the belief

Fort St. George 22nd November 1852.

belief that the Tahsildar did receive this money or a portion of it. Again, Reports reached me that the Tahsildar had lately received both grain and money from the Villagers of Cottacottah upon the occasion of the investiture of his son with the Brammical thread the contributions being raised this time as in the proved case in order to avoid the trouble of bringing building materials for the new Cutcherry. The investigation I made satisfied my own mind that the charge as respects the grain was well founded, but as before, there lacked a sufficiency of direct evidence to warrant conviction.

7. I have further to bring to your notice a case of serious irregularity and culpable negligence on the part of Vamaguntty & Kristner Paur relating to the management of his Talook. Some time ago complaints coming from the Village of Canocpurty of the existence of Turrun Tahdil and Baubut Tahdil in Metta, Moolam and Jareeb Lands the Moosomdar Cango Rungaroor of the Talook was deputed last July, 1260, to examine those lands

13283.

Fort St. George 22nd November 1852.

lands with reference to the former years accounts and frauds were brought to light at the commencement of the Tillamant of that Fushy to the extent of Rupees 821-8-1. Mr. Purvis the then Sub Collector out of consideration for the Ryots directed the amended rates on Melter not to be imposed till the ensuing Fushy (1261) Moosoon and Jareeb he did impose but allowed a remission thereupon of ^{Rs. & P.} 215-15-11 under the feel Commis for that Fushy / as reported in Para 26 of my last Immahbundy Report / and at the same time explained to the Ryots that they were at liberty to resign those lands if they wished to do so, on substituting others in lieu of them. In conformity with this arrangement by Mr. Purvis an order No 312-24th March last was issued by yourself at the time of your being in charge of the Sub Division impressing upon the Tahsildar Mr. Purvis' orders and directing that the same should be clearly explained to the Ryots, and the Dittum for the current fushy framed accordingly.

These instructions were not attended to by the Tahsildar 4 1/2 months after he received your order, a portion too of the

seasons

13284.

Fort St. George 22nd November 1852.

season of Cultivation of certain crops having elapsed, he addressed an Urzee to me stating that the Canopy Ryots had left lands uncultivated to the amount of ^{Rs. & P.} 1265-8-6 some of their usual holdings moreover being herein included. I desired him to frame the Village Dittum immediately on the instructions laid down and forward it to the Huzoor as soon as possible. This he did on the 25th September but as in the Turrim Tabdil there appeared a deficiency of 573 Rupees he having also permitted several Ryots to relinquish particular portions of their field and sanctioned the occupation by them of portions of other fields so acting contrary to the Hukumnamah: Rules, I returned the Dittum to the Tahsildar desiring him to furnish a proper one. he did not do so, and 14 days afterwards he was suspended from Office. Those Ryots who signed the Dittum to which I have above referred have naturally cultivated their lands conformably thereto and I was bound to make the Settlement for the current fushy accordingly, as it would not have been fair to the Ryots had

lands with reference to the former years accounts and funds were brought to light at the commencement of the Settlement of that Fusly to the extent of Rupees 821-8-1. Mr. Purvis the then Sub-Collector out of consideration for the Ryots directed the amended rates on Mettu not to be assessed till the ensuing Fusly (1261) Moolam and Jareeb he did info but allowed a remission thereupon of 215-15-^{Rs. & P.} under Sir Paul Comber for that Fusly / as reported in Parer 26 of my last Immahbundy Report / and at the same time explained to the Ryots that they were at liberty to resign those lands if they wished to do so, on substituting others in lieu of them. In conformity with this arrangement by Mr. Purvis an order No 312-24th March last was issued by yourself at the time of your being in charge of the Sub Division impressing upon the Tahsildar Mr. Purvis's orders and directing that the same should be clearly explained to the Ryots, and the Dittum for the current fusly framed accordingly.

These instructions were not attended to by the Tahsildar 4 1/2 months after he received your order, a portion too of the seasons

13284.

Fort St. George 22nd November 1852.

season of Cultivation of certain crops having elapsed, he addressed an Urzee to me stating that the Canopyry Ryots had left lands uncultivated to the amount of 1265-8-6 some of their usual holdings moreover being herein included. I desired him to frame the Village Dittum immediately on the instructions laid down and forward it to the Huzoor as soon as possible. This he did on the 25th September but as in the Turruin Tabdil there appeared a deficiency of 573 Rupees he having also permitted several Ryots to relinquish particular portions of their field and sanctioned the occupation by them of portions of other fields so acting contrary to the Hukunnamah Rules, I returned the Dittum to the Tahsildar desiring him to furnish a proper one. he did not do so and 14 days afterwards he was suspended from Office. Those Ryots who signed the Dittum to which I have above referred have naturally cultivated their lands conformably thereto and I was bound to make the Settlement for the current fusly accordingly, as it would not have been fair to the Ryots had

Fort St. George 22nd November 1852.

had I repudiated a document to which they had affixed their signatures on the faith of the Tahsildar's promise.

8. The annexed Memorandum shews the decrease in the assessment of Canorpurty which need not have occurred to such an extent had the Tahsildar attended to the instructions he received and taken due care prior to and at the cultivating season. I have desired the Moogoomdar in charge to frame the Dittum for the ensuing Fussy circumspectly, and agreeably to the provisions of the Hukumnamah, and I have confidence that he will do so.

9. As an instance of the sort of shameful fashion in which Vamagumty Kristna Row has been accustomed to fleece and plunder the unfortunate Ryots of their hard earnings I shall refer to another act of his which was brought to my notice. Some Tank Diggers complained last October that they were ordered by the Tahsildar to dig a Well for him in a spot indicated by him

and

Fort St. George 22nd November 1852.

and then were not duly paid for their labour. The Tahsildar being called upon to explain as reported that because the Diggers did not find water there he paid them only ^{Rs & P.} 2-8-11 for their work and made them fill up the pit again. I called upon the Huzzoor Maistry to calculate from the quantity of work done what the Diggers were justly entitled to receive and the sum he named was Rupees 17-11-11. The Tahsildar's Urge and the Maistry's estimate are herewith sent.

10. Vamagumty Kristna Row is an old offender.

In Fussy 1258 the year after his appointment to the Sub Division, charges of bribery were preferred against him by some Ryots of his Talook. Mr Purvis after investigation being satisfied that the collections had been raised in the Village made the Head Canpoos and Curmums repay to the Villagers the amount subscribed.

11. In the same year Mr Purvis connected

13287

Fort St. George 22nd November 1852.

convicted Vamaguntty Kristna Rao on a charge of abuse of authority and fined him 25 Rupees. The decision is herewith forwarded - 12.

In July 1259 the Tahsildar was accused of having received bribes to the amount of 95 Rupees at Canagador and 70 Rupees at Cheenahaty which charges being established to the satisfaction of Mr. Purvis of whose letter on the subject I beg for convenience of reference to enclose a copy, and to which I would invite your special attention, he was degraded from Ongole to Emamana-melloot Talook, a Tahsildarship of 30 Rupees less emolument.

13. I do not consider it necessary further to blacken the Catalogue of Vamaguntty Kristna Rao's crimes tho' I do not abstain from any lack of the means.

From my own observation of his character and conduct and also from it being quite evident that the several warnings so kindly bestowed by Mr. Purvis in the hope of his reformation have

13288.

Fort St. George 22nd November 1852.

have entirely failed to check his evil propensities. I can arrive at no other conclusion other than that corruption is the leading principle which governs his actions, and that he is absolutely incorrigible, I trust that which I have had the honor of bringing before you will be deemed sufficient to justify a recommendation that Vamaguntty Kristna Rao be dismissed from the public service.

Secretary to the

Board of Revenue,

Fort St. George.

Sir,

With reference to the Ex-

B^d N^o 2802.

From the Collector of Bellary.

Stating that none of the restrictions referred to in the Board's Proceed-

ings dated 19th January 1852.

prevail in his District but in

one or 2 Villages only there is a

Custom with respect to the

Indigo Dyers which will be

abolished at once. Informs that

there are no Vadies, Caravan

Daries or Em- closures of the

kind referred to except a

mundiatation at which dues

are collected.

Extract from the Proceedings of the Board of Revenue dated 19th January 1852 Com-

municating the orders of Government as contained in the Extract from the

Minutes of Consultation under date the 6th idem, and requesting to be informed

whether there are any restrictions to the free admission in the District

of Salt from the pans of the neigh- buring Provinces, and if so, to cause

them to be immediately removed and also with reference to their Circular

letter of the 12th August 1852 relative to the foregoing Subject and requesting to be informed whether there

are any restrictions to the free traffic in Tobacco, wholesale or retail; either as

respects the limiting of the quantity to be kept in store or the regulation

of the sales and whether Compulsory measures are adopted to cause

Carts, Bullocks, &c. to resort to

He

Fort St George 22nd November 1852:-

to Vadies Caravansaries or Enclosures where fees are levied for the accommodations afforded and directing that if there be any such restrictions & that they may be removed; and further, with reference to an Order of Government dated 30th July 1852. on the subject of Small Farms and Licenses, prohibiting Collectors from renting out Indigo in Farms without the special sanction of Government, and directing that if the system prevails it may be forthwith abolished; and a settlement made with the Dyers individually at reasonable rates of Moturpha. -

2. I have the honor to state that none of the restrictions referred to prevail in this District. In one or two Villages only there is a Custom with respect to the Indigo Dyers which may approach to a partial system of Renting the Tax; but it is very partial and will be abolished at once.

3. With reference to Vadies Caravansaries or Enclosures where fees are collected there is one building

Fort St George 22nd November 1852:-

building only in this District in Cusab. adonie. called a Mundi which was created under the former Native Government it is a large enclosed square the four sides inside covered with roofed Varandahs. and the centre forming an open Court Yard; this building was repaired in July 1216 at an Expense of 5 or 6 hundred Rupees. Merchants from other Villages have been in a habit of bringing and disposing of their grain in this Mundi. They remunerate the Awaty people / persons employed to measure grain / and others, who look after the building in the following way:-

4. The Awaty people are remunerated by Merchants from the neighbouring Villages for measuring the Common sorts of grain at the rate of 1 Seer & a half per Toom of 128 Seers, and for rice at the rate of 1 Seer of rice; but by Merchants coming from Distant places one Rupee per hundred Ruffs / a ruff is a Horse afs. or bullock load.

5. The people who watch the Mundi are remunerated at the rate of

13295

Fort St George 22nd November 1852.

of a quarter of a Seer of grain per Toom
or a quarter of a rupee on every 100 bul-
lock loads of grain.

6. Besides this the Merchants make
small contributions at a stipulated rate
for the purpose of defraying certain chari-
table charges.

7. The Awtay people are remunerated
for measuring grain and for guarantee-
ing the purchasers when the Merchants
are not acquainted with them.

8. The others who watch the Mundi
are remunerated for guarding the Mer-
chandize.

9. The Merchants take their artu-
cles to the Mundi, to preserve them from
rain and from falling into the hands
of thieves.

10. The Awtay people belonging to
the Mundi are ten in number, they
pay a sum of 200 Rupees yearly at the
rate of 20 Rupees a head, Moturpha
Tax.

11. The people who watch the Mundi
pay nothing as their income is barely
a sufficient remuneration for the services
they

13296

Fort St George 22nd November 1852.

they render.

12. The Awtay man claimed a
right to Compel all Merchants bringing
grain to Awtay to resort to the Mundi,
which right was disputed by a Mer-
chant of the place in 1849, and on an
investigation held by me I directed them
that the grain Merchants should be left
at liberty to bring their grain to the
Mundi or not as they pleased. This
is the only Establishment of the kind
I know of in the District.

In retransmitting for
Sanction the accompanying Estimate
of Charges proposed to be incurred
on account of additional esta-
blishment in July 1262 returned
with your letter of the 1st Instant,
I have the honor to explain that some of
the Villages of the Suttarvadoo Talook
recently transferred to this District
were settled by Mr. Hopburn in July
1214 and that the others were assessed
by the Collector of North Arcot in July
1225 through the agency of the Village
Officers. During the Jummah bundy
settlement of July 1261 it was disco-
vered that in the surveys referred
to the fields were irregularly numbered,
the numbers of adjoining lands not fol-
lowing each other consecutively, and
that some numbers comprehended
lands

13300

Fort St. George 22nd November 1852.

lands of different descriptions,
such as wet, dry and Bagayat.
The Correctness of Measurement of
the lands likewise seemed very doubt-
ful. This state of things affording
great facilities for concealed Cultiva-
tion & Embezzlement and there-
by causing irregularities in the
accounts I considered it neces-
sary to recommend the revision of
the survey but not of the assess-
ment.

Mr. Maclean's Report to the
Board of Revenue dated 31st
July 1839 Para 51.
Mr. Freese's Do. dated 8th
February 1841 Para 85.

From the correspondence
noted in the Margin it will
be observed that the survey
of the Mootahs of a
Conjeveram and Madu-
rantacum the only estates
assessed by Mr. Hopburn had to be revised
under exactly similar circumstances.

N^o 77.To, W. H. Bayley Esq^r.

Secretary to the

Board of Revenue,

Fort St George.

(27)

B^d N^o 2701From the Col^l of Tanjore.

Sir,

With reference to extract from the Proceedings of the Board of Revenue under date the 20th September 1852 accompanied by Copy of a letter from the Military Board to Government dated 20th August 1852 together with Copy of order passed thereon regarding the purchase of land in Tanjore as a site for a new Hospital, Barrack and Putting ground, I have the honor to report that the greatest difficulty has arisen in obtaining even a small spot of ground for the Hospital and putting of the men a Parade ground being quite out of the question.

The site of the present old building used as a Hospital appears to me a very desirable one, and His Highness the Rajah has made over the land on which it

13303

Fort St. George 22^d November 1852.

it stands for the erection of a new building; he has also given permission for the Sepoys to erect huts within 100 yards of their present guard room, the ground now occupied as a garden being cleared for the purpose. I can obtain no ground conveniently situated for the erection of Barracks or do I see the absolute necessity of such a building as the present place of arms is sufficiently large and by trifling repair can be made quite water-tight and sufficiently good for the purpose required. I think therefore that the expence of a new building may be saved.

I have not seen the Estimate or do not know whether the Huts for the Memars to be erected by Government in the first instance, it would be advisable that such should be the case, as the Memars only on the spot six months at a time.

Tanjore, Valluam
2^d November 1852.

(Signed) J. F. Bishop
Collector.

13304

Fort St. George 22^d November 1852.B^d No 2319.

Proceedings thereon.

(27-28)

Incoms: 20th Sept. 1852. September 1852.

Resolved that the foregoing letter be submitted for the information of Government with reference to their Order dated 7th.

I Read the following letter
To, W. H. Bayley Esq^r
Secretary to the

Board of Revenue,
Fort St. George.

B^d No 2730

From the Collector
of Madurai -

Sir, I have the honor to request that you will submit to the Board my wish to transfer to the charge of the sub collector the Talook of Ramgherry in exchange for that of Tencurray.

2. From October 1830 to August 5th 1834 the sub Collector had charge of the Talooks of Madacolum, Teroomungalum and Maylore and the Principal Collector held those of Tencurray, Tadicomboc, Nallacottah, Iyempally and Ramgherry. On the latter date the 4 latter were transferred to the sub Collector and the charge of Tencurray, Madacolum, Maylore and Teroomungalum assumed by the

13305

Fort St. George 22nd November 1852 -

the Principal Collector, the same arrangement which I now propose.

3. On the 10th September 1839.

the Principal Collector took Ramgherry and made over Tencurray to the Sub Division.

The only reason assigned in the order to the Tahsildar was that Tencurray adjoined Nellacottah, and Ramgherry. May I say, which is no more than may be said of other Talookes. Tencurray also adjoins Teroomungalum and Ramgherry Tadicomboos.

4. A better reason for that arrangement exists in the fact of the Principles of the Settlement of Tencurray being similar to those of the other 3 Talookes at present forming the Sub Division. It is the importance I attach to this Circumstance which has so long led me to acquiesce in the present distribution.

5. The principal inconvenience felt at present is the great distance of Ramgherry from Madura compared with its distance from Dindigul. From Madura to the nearest Village in Ramgherry is about 40

13306

Fort St. George 22nd November 1852 -

40 Miles and to Manapar which in future will be the Cusbah the distance is 60 Miles. From Dindigul to Manapar is about 35 and some of the Villages of the Talook are within 15 Miles. A glance at the Map will at once show the Board the superior position of Dindigul for the Station of the Officer superintending the Ramgherry Talook.

6. The change is further recommended by the Circumstances that the Grofs Tax Talookes will then all of them be in the charge of one Officer, who from the proximity of his chief Station will be able to observe the details by personal inspection with much greater ease than a resident at Madura, and that as the River which supplies the irrigation of the large Nunjah Cultivation of Madacolum has its source in Tencurray the interest of the former Talook will be more advantageously attended to when both are under the same than when under a separate charge.

7. The Tencurray Talook generally

13307

Fort St George 22 November 1852 -

is situated about the same distance from Madura as from Dindigul. The northern part communicated more easily with Dindigul, but in a degree far less than Ramgherry.

8. Although former arrangements of this nature were made without reference to the Board I have thought it desirable to submit the change I propose for their approval before adoption as they for some years have been accustomed to find the settlement of Tencurray in the Reports of the Sub Collector.

Madura, 4th November 1852.

(Signed) R. D. Parker
Collector.

Proceedings thereon.

(29-30)

The Board of Revenue see no objection to the change of Talooks proposed in the foregoing letter, they would however wish to be informed in what consists the difference of principle between the Talooks of Ramgherry and Tencurray referred to in para 4, and whether Tencurray formed part of the old Dindigul District.

N^o 100.

To W. H. Payley Esq^r
Secretary to the Board of Revenue
Fort St George.

B^d N^o 2792.

From the Collector
of Coimbatore

Forwards
annual statements
of the Settlement
of July 12th of
for persons
for income and
decrease in
several items
and to the
net decrease
of Rs 2877-5
in the Gross de-
mand shows
the amount col-
lected within
the July and
up to 31st
October 1852
and explains
the state of
the season

I have the honor to forward
Statement of the Land Revenue Settlement
of this District for July 12th.

The Board are already in
possession of information with reference to
the state of the season from the remarks
contained in the Statements of Demands
Collection and Balance periodically sub-
mitted to them, and I would therefore
only briefly remark that it was far
from being favorable, both the

Southwest and North-
west Monsoons have
been scanty, the
Tanks in the
Talooks noted as
marginally failed
and the drought proved severe.

The Dry cultivation was
not very prosperous, the crops were
left

13309

Fort St. George 22 November 1852.

less than the average ones in general. Talooko and much land was left uncultivated:—

4 The garden cultivation was deficient in the same manner, and the produce scanty:—

5 The wet cultivation under many Tanks was unsuccessful, and involved the necessity of remission, both on waste lands as well as on those on which the Crops perished:—

6 Cholera prevailed in Sir Talooko and about 600 deaths occurred:—the loss of Cattle also was estimated at 1240 heads and occurred chiefly in Panaitencottah Cheyoor and Errode:—

7 They leave to subjoin the Comparative Statement of prices, in which in addition to the usual information, the prices which formed the data for regulating the apportionment of lands in the District in July 1212 are also inserted as directed by the Board in their Circular of the 29th April last, the price of Paddy maintains about

13310

Fort St. George 22 November 1852.

about the same standard as in July 1200, that of other grains has risen from deficient Crops whilst the price of the two descriptions of Oil Seeds, has fallen 18-13-8 and 13-2-5 $\frac{1}{2}$ cent respectively. from increased produce the Original Survey Nikko has been shown upon average in one Talooko it is more than the current price in the other less but the average falls short of the present rate with reference to Chittum Horse Gram and Oil Seeds. No further explanation seems requisite in respect of these variations than that it is probable that difference of season & produce is the cause:—

The

Fort St George 22nd November 1852

8 The Cultivation of Cotton in the year under review, was greater than in ¹²⁵⁰/_{1850/51} but the produce was scanty in some of the Villages in Pollachy &c. the Ryots were encouraged and induced to grow the "new Orleans" but the Crop nearly failed the falling off in the price of the Article is attributable to the absence of demands not to the increased produce. The annexed Memo will show the price which regulated the Cotton Market this year. The Absence of Crop, was an usual one and in no wise affected by the unfavorable character of the season - a dry season is usually suiting it best -

This includes also the Enam formerly
 alienated to the Mossapur Khans
 of Chittur by the late Raja of
 Chittur in consequence of no person
 near of kin of the original founder
 being in the enjoyment of the Enam.

13318

Fort St. George 22nd November 1852

Statement
 of the
 Enam

12 Garden lands paying full rent
 show a decrease of Rupees 3995-8-9
 arising from the same cause as that
 assigned for Punjab cultivation, mainly
 from remission on waste lands left
 uncultivated, from the death, desertion
 and insolvency of the holders, and also
 from the levy of Sany Punjab demand,
 on those that were cultivated with
 dry produce consequent on the failure of
 water in Wells.

13- Kunjah lands under full
 rent exhibit a deficit of Rupees 254-11-
 8-1 caused by the usual and unavoid-
 able remission on waste lands
 under Tanks and for withered crops.

14 Under the head of
 Cowle lands, there is a net increase
 of Rupees 1113-8-7 occasioned by
 the progressive augmentation of the
 Cowle, as well as from the occu-
 -pancy of fresh lands on similar
 tenure.

15- The Board will perceive
 that some of the Cowles enumerated
 in Statement No. 7, have been charged
 with

13319

Fort St. George 22nd November 1852

with full rent earlier than they would otherwise have been, and on this point, I beg to refer them to paras 12 and 13 of my report on the settlement of Fusly 1259. The Cowles were of a discretionary nature to reimburse the Ryot for the trouble and outlay he had incurred in the conversion of land into Garden cultivation.

16. Garden lands paying Punjab rent exhibit a net increase of Rupees 2744-2-9, Gardens incapable of being cultivated with the same description of produce from failure of water in the Wells, having been taxed at the Punjab rate with reference to the provisions of the Hootkoanamah.

17. In the item of Tanjah turn Punjab; there is a net increase of Rupees 1419-2-6 from cultivation of wet lands with Punjab produce in consequence of the want of water. A small quantity of water however having been made use of in the case of certain lands they were charged

13320.

Fort St. George 22nd November 1852

charged with half of the Tanjah demand as will be seen from para 17 of the Sub Collector's report: such a demand appearing not to be more than the Ryot could justly be called upon to pay - it is more than the Punjab amount, and less than that of Garden and is what the land is under existing circumstances can fairly pay.

18. The remission granted this year for failure of crop, exceeds the amount of the past year, by Rupees 3466-10-8 as shown below. from remissions having been allowed chiefly in the Talooks of Pulladum and Coimbatore, where many of the Tanks entirely failed.

	Fusly 1260.		Fusly 1261-

21. As directed in para 5 of the Extract from the Proceedings of the Board of Revenue dated 1st April 1852, the requisite information in regard to the original survey assessment, the subsequent reduction and the amount of assessment, is afforded in Statement No. 22 and the same course will be pursued in the preparation of similar future accounts.

22. In all the Summabundy accounts the Talooks forming the Sub Division "are divided by a separate total" as directed in para 18 of the Proceedings above quoted.

23. A Statement of Extra Revenue or "Sevoy Summa" is enclosed No. 20, prepared in the form received with the Board's Circular of the 8th October 1849. The additional items referred to in the Board's letter of the 19th July 1852, are also included therein as required. A Statement of this nature was transmitted to Board for July 1850, with my letter of the 14th October 1851, one day

previous

13323

Fort St. George 22nd November 1852

previous to the date of the Summahundy Report, and consequently it was considered unnecessary to forward again, a copy thereof with the Report; and this appears to have caused the remark contained in the communication above adverted to.

24. The information required by the Board in their Circular of the 29th April 1852, is furnished in the Return of population. It shows the number of Hindoos, Mahomedans and other sects, whether of the agricultural or nonagricultural classes.

25. Adverting to para 17 of the Board's Proceedings, in which they require further particulars in respect of Enam lands resumed, I beg to subjoin a Memorandum which affords all the information that appears required. The resumption consists of 5 different items, amounting in the aggregate to Rupees 17,775-11-10. The Board assume this at Rupees 17,727. perhaps in so doing they have excluded

Rupees

13324

Fort St. George 22nd November 1852

Rupees 48-5-0 being the increase on Enam, which ought to have been added to the Agent amount previous to the deduction of the amount resumed

Amount of Enam in July 1259 — 384816-15-4
Add Enam granted to the Village Sibbendy in lieu of land for which a Puttah was granted to the holder — 48-5-0

384865-4-4

Deduct

Enam granted to Village Sibbendy now carried to the credit of Government, other lands having been given in lieu — 48-13-0

Is included in Perumpoke in consequence of a Road having been carried thro' and other causes — 4-6-6

Quit Rent Enam given up in consequence of the inability of the holder to pay Quit Rent 4-13-2

Land formerly considered as appertaining to the Enam of Paroor Danastanum now carried to the credit of Government such appearing not to have been the case — 967-4-8

Chuttrum Enam resumed 12750-6-6

17775-11-10

Remainder — 367069-8-0

The

13325

Fort St. George 22nd November 1852

26. The sum of Rupees 16,750-6-6 being the demand on resumed Chattram Enam, consists of three different items - the first Rupees 11,507-12-3 is on land set aside for the purpose of being endowed to Parties constructing Chattrams having been resumed in July 1259 - the 2nd is Rupees 4,403-3-2 on those in occupancy of the Enamdars, but now resumed in consequence of the Buildings having fallen into decay and the 3rd Rupees 785-7-1 is the amount of reduction of the survey assessment on Chattram & Enams written off the Ryacut account.

27. The Board may require to be informed of the circumstances under which the Enam valued at Rupees 967-4-8 formerly considered as appertaining to the Danastanam at Peroor, has at present been brought to the credit of Government and I therefore beg to explain that this land was never alienated to the said Pagoda - By some mistake which occurred apparently in 1804 and 5, it was included in Enam and continued to be so until lately. In 1260 in consequence of certain complaints

13326

Fort St. George 22nd November 1852

Complaints it became necessary to examine the Enam accounts strictly, when the mistake was discovered and the land resumed. The amount of cultivation in this resumed tract, is Rupees 27-3-0, and the rest is waste, overgrown with thick Jungle.

28. No Tuccany advance was made this year to Ryots, the practice has entirely been discontinued, and without any apparent inconvenience.

29. No alteration has taken place this year in the Register of Land owned by Public Servants.

30. Under the head of Fixed Sournadayem, there is a net decrease of Rupees 4,818-2-4, arising from the remission of Tax on Palmyras and fruit Trees, under the orders of the Board dated 6th November 1851. The system of double taxation, on the land and the tree, has now been discontinued, and has proved a great relief to the people, more detailed particulars with reference to this item are given in Statement N^o 3.

31. On reference to Statement N^o 3 it will

Fort St. George 22nd November 1852

26. 31. On reference to Statement N^o 3 it will

13327

Fort St. George 22nd November 1852

	Fusly 1260.	Fusly 1261.	Decrease.
$\frac{1}{5}$ Remission	2095	2 2	526 13
$\frac{1}{8}$ Do	122	13 3	61 4
Total	2217	15 5	588 1

will appear that under the head of usual remissions of $\frac{1}{5}$ and $\frac{1}{8}$ in the rent of certain classes of people, there is a decrease of Rupees 1,629-14-4 for the Fusly

under report, as shown in the Margin, caused by remission not having been made on lands cultivated by persons other than the owners contrary to para 36 of the Hukoominamah.

32.

No alteration has been made this year with reference to the number of Hamlets exhibited in Statement No. 2 - at the time of the original Survey, each Hamlet had its own cultivation assigned to it and was duly entered in the account since then many changes have taken place - each Hamlet has been divided into two or three detached localities, and each locality bears a particular name. Under such circumstances the number as at present mustered, would greatly exceed that hitherto shown in the account. This will be correctly ascertained and communicated to the Board in Fusly 1262. It may perhaps be deemed unnecessary to consider each detached locality as a separate Hamlet, but as

13328

Fort St. George 22nd November 1852

as all of them bear distinct names, it may be as well to enter them in the Accounts as distinct Hamlets tho' many are extremely small, and consist of a few Huts only.

33.

The number of Puttahs given in last year were 2,30,826 - there has been an increase of 3,207 in the present Fusly making the aggregate number to amount to 2,34,033; but so many new ones were not distributed. With reference to the arrangements sanctioned by the Board in their Proceedings dated 2nd January 1851, new Puttahs were given only in cases in which the holding of last year has undergone some alteration, but not otherwise and the reduction in the number effected under such an arrangement, is

Number of Puttahs distributed in Fusly 1261.				78 per cent. as shown in the Margin - this has saved much trouble both to the Ryots and to the Catcherry, and simplified the Jumma bundy considerably.	
	Old Puttahs renewed	New Puttahs granted	Total	Deficit per 100

Re

13334

Fort St. George 22nd November 1852

38. The requisite enquiries in regard to old balances have not been completed this year, both from the difficult nature of the settlement consequent on the unfavorable character of the season, as well as from the fact of the Board's Circular of the 11th March 1852 only reaching my Office in the middle of that month when the Summahbundy of several Pa. books was already completed. As such enquiry will require care and time, I propose to carry out the Board's orders in the ensuing year, when a detailed report as directed will be submitted.

39. The gross demand from all sources of July 1261, amounts to Statement of Pa. Papers 2562122 - 15.2 which falls short of that of the preceding July, by Papers 14153 - 2.1 as shewn in the following memorandum.

Stems

13335 Fort St. George 22nd November 1852

Items.	Fusly		Comparison	
	1260.	1261.	Increase.	Decrease.
Land Revenue	23,48,861	4 42,32,068	3 15	4
Alkany	80,551	4	80,560	4
Sundry small Farms	3,900	10 3	2,670	3 9
Naturapha Revenue	78,245	4 11	78,220	1 8
Stamp Revenue	21,760	4	22,847	4
Extra Revenue	42,957	9 9	57,141	8 7
Total	22,74,14	12 11	24,14,38	15 10
Grand Total	25,76,276	1 3	25,62,122	15 2
			15,279	12 10
			12,559	11
			15,279	12 10
			14,153	2 1

40 The main cause, for the decrease above referred to, is the deficiency in the Land Revenue and in the rent of Sundry small Farms consequent on the construction of Bridges over the "Cavery and Rhoony" Rivers.

41. With reference to the Board's Circular of the 8th May last, and to the Extract from their Proceedings of the 26th August last, the percentage of charges under the several heads of Land Revenue &c. is shown in Statement No. 15. This proportion shows an increase of annis two and piec five above the charges of last Fusly, as

13336

Fort St. George 22nd November 1852.

Fusly 1260

" 1261

Increase

as indicated in the margin arising from

increased expenditure under the head of "repairs of Tanks and watercourses, and Buildings" revenue, new Cutcheries having been erected at Pulladurn and Colegal, as well as the necessity of additional charges under the Head of "Engineers Revenue". Two Engineers having drawn pay in the present year, Major Cotton at Madras, and Captain Orcherbury when acting Civil Engineer here. Under the head of Collector's Salary and Commission, there is a decrease of Rs. 8952-4-2

in consequence of the salary of the Collector having been disbursed at 2,333-5-4 during the Fusly and the reports instead of 3000 for 9 months to the late Principal Collector in 1260.

42. The settlement, Collection and Balance on Chuttrun lands for Fusly 1261

are shown in the following statement. The Excess lands of all the Moosafurkhanahs were resumed this year under orders of Government dated 25th September 1851. The Chuttrun lands

13337

Fort St. George 22^d. November 1852

lands show an increase above the amount of July 1260 occasioned from some further means having been resumed temporarily, the circumstances connected with these endowments are clearly explained in my previous letter.

Items.	July 1260.	July 1261.	Collections.				Totals.	Balances.

Total.	445 15 9	1205 8 8	692 10 3	160 12 7			853 8 10	353 1 10

43. Of the amount of arrears in Chittamulanda and Mossafarkhanah. Rupees 23704. Rupees 45-11-9 were recovered and the remainder Rupees 23626-4-3 were struck off under the authority conveyed in para 9 of the Extract from the Minutes of Consultation dated 11th. May 1852.

44. The report of the sub collector on the Talook under his charge is transmitted herewith.

45. Having treated the subjects immediately

13338

Fort St. George 22^d. November 1852.

immediately connected with the present settlement. I now beg to reply to the points noticed by the Board and to afford the explanation called for. In para 10, they remark that they do not clearly understand in what manner Joint Pattahs conduce to facilitate the division of Family property, and I would beg to explain that it does so in various ways, a person holding land includes the names of all his sons in the Pattah, this saves the necessity of the payment of a House tax and often saves much family litigation on his death the sons equally divide the land among themselves. On the contrary, if the names of the sons are not included on the death of the Father, the eldest or any one of the sons claim the exclusive possession of the property under various pretences, which often involves the necessity of a prolonged enquiry or terminates in troublesome and expensive Law Suits, where false agreements and interpos are occasionally brought forward. Should there be several fields in Joint Pattah or Pattah for all, facilitates also the division of good

13339

Fort St. George 22^d November 1852

good and bad lands better than separate Puttals. So long as all the Members of one Family live without a division of property, unless there be a Joint Puttal there is room for fraud, the Head of the Family or other Members holding the Puttal may transfer the land either by sale or otherwise, to whomsoever he pleases and deprive the other Members of their portions. There are other local causes which render a Joint Puttal necessary, and the practice has not hitherto been discouraged.

46 In para 19 of their Proceedings the Board express an opinion that the rule which requires the relinquishment of good and bad lands in equal portions should be made to bear in cases also of Kungja waste lands. The Rule referred to has hitherto been applied to dry and garden lands with reference to the low rate of assessment on such lands, but the case of wet lands is different, the amount of demand on this description of soil is high and cannot bear this stringent Rule, it would be a measure of great hardship to Ryots if they were

13340

Fort St. George 22^d November 1852.

were not allowed the privilege of giving up any Kungja land, they find it unprofitable to cultivate, provided that it was not purposely left waste. Kungja is so coveted by all classes, that no farmer Kungja land, is ever likely to be idly relinquished. In the instances referred to by the Board, the lands were deducted from the accounts on careful enquiry and sufficient causes. Some of them were high ground, and could not be irrigated without much difficulty, others of soil so bad that it would be a positive injustice to charge the Ryot. I would with great deference repeat what I have always advocated as my decided opinion, from the best of my judgment and experience, that the Rule referred to, of obliging a Ryot to take or give up bad lands with good, is very questionable. No Ryot ever willingly relinquishes profitable or paying land to oblige him to retain inferior and unprofitable soils, is only to waste his capital, discourage his energies and retard his progress to

13339

Fort St. George 22^d November 1852

good and bad lands better than separate Pottahs. So long as all the Members of one Family live without a division of property, unless there be a Joint Pottah there is room for fraud; the Head of the Family or other Member holding the Pottah may transfer the land either by sale or otherwise, to whomsoever he please and deprive the other Members of their portion. There are other local causes which render a Joint Pottah necessary, and the practice has not hitherto been discouraged.

46

In para 19 of their Proceedings the Board express an opinion that the rule which requires the relinquishment of good and bad lands in equal portions should be made to bear in cases also of Kurja waste lands. The Rule referred to has hitherto been applied to dry and garden lands with reference to the low rate of assessment on such lands, but the case of wet lands is different, the amount of drain and on this description of soil is high and cannot bear this stringent Rule, it would be a measure of great hardship to Ryots if they were

13340

Fort St. George 22^d November 1852.

were not allowed the privilege of giving up any Kurja land, they find it unprofitable to cultivate, provided that it was not purposely left waste. Kurja is so coveted by all classes, that no farmer Kurja land, is ever likely to be readily relinquished. In the instances referred to by the Board, the lands were deducted from the accounts on careful enquiry and sufficient causes. Some of them were high ground, and could not be irrigated without much difficulty, others of soil so bad that it would be a positive injustice to charge the Ryots. I would with great deference repeat what I have always advocated as my decided opinion, from the best of my judgment and experience, that the Rule referred to, of obliging a Ryot to take or give up bad land with good, is very questionable. No Ryot ever willingly relinquishes profitable or paying land to oblige him to retain inferior and unprofitable soil, is only to waste his capital, discourage his energies and retard his progress to

13339

Fort St. George 22^d November 1852

good and bad lands better than separate Pottahs. So long as all the Members of one Family live without a division of property, unless there be a Joint Pottah there is room for fraud, the Head of the Family or other Member holding the Pottah may transfer the land either by sale or otherwise, to whomsoever he pleases and deprive the other Members of their portion. There are other local causes which render a Joint Pottah necessary, and the practice has not hitherto been discouraged.

46

Infra 19 of their Proceedings the Board express an opinion that the rule which requires the relinquishment of good and bad lands in equal portions should be made to bear in cases also of Kungu waste lands. The Rule referred to has hitherto been applied to dry and garden lands with reference to the lower rate of assessment on such lands, but the case of wet lands is different, the amount of dam and in this description of soil is high and cannot bear this stringent Rule, it would be a measure of great hardship to Ryots if they were

13340

Fort St. George 22^d November 1852.

were not allowed the privilege of giving up any Kungu lands, they find it unprofitable to cultivate, provided that it was not purposely left waste. Kungu is so coveted by all classes, that no fair Kungu land, is ever likely to be readily relinquished. In the instances referred to by the Board, the lands were deducted from the accounts on careful enquiry and sufficient causes. Some of them were high ground, and could not be irrigated without much difficulty, others of soil so bad that it would be a positive injustice to charge the Ryot. I would with great deference repeat what I have always advocated as my decided opinion, from the best of my judgment and experience, that the Rule referred to, of obliging a Ryot to take or give up bad land with good, is very questionable. No Ryot ever willingly relinquishes profitable or paying land to oblige him to retain inferior and unprofitable soils, is only to waste his capital, discourage his energies and retard his progress to

13341

Fort St George 22nd November 1852

to wealth and independence; if allowed his own liberty and discretion in retaining the lands, that make the best return, he will (as the best practical Judge of his own interests) expend his labour and Capital in the best direction, and the poorer and less productive land will eventually, though more gradually, be taken up, and profitably worked, as Capital and Cultivation advance, this is I believe the natural and usual Course, in England and elsewhere, and, as practical truth and right policy, must equally, I think, hold good every where. I also fear that this system as it now prevails, often induces the Ryots to have recourse to fraud with a view to get rid of those lands which they are not permitted to relinquish. In the Course of investigation during the Settlement of the present year, instances of this nature were detected which I deem it expedient to notice. To add one, a substantial Ryot hitherto considered quite respectable, transferred last year, on the plea of sale, certain dry land in the Pulladum Talook, this transfer was registered and a Pattah issued in the name of the transferee. In the present

13342

Fort St George 22nd November 1852

present year, he is not forthcoming; he is proved to have deserted the Village, and the land left uncultivated, and consequently must be struck out of the accounts, they were got rid of under this fiction, merely because unprofitable and bad land, and not allowed by the Hockumianah to be given up. It seems ^{right} again to charge the former holder for the waste land. The Curmum and Moringars of the Village were fined and reprimanded, but such devices are very general, and if the Curmums and Heads of Villages do not commit similar frauds themselves, they at least wink at them. Similar fraudulent Proceedings were detected in late years in the Suttamungalam Talook. I learn that some of the Ryots purposely permitted their bad lands to be sold by Auction in satisfaction of a decree of Court, in suits, having their Origin in false mortgage bonds, fabricated for the express purpose of relieving themselves from payment on land they wish to give up, the mortgage and the purchase being both fictitious, it is to be feared that what is refused in the Hockumianah, is thus obtained by fraud and chicanery. The Board orders

13343

Fort St. George 22^d November 1852.

orders with reference to retaining the Kungah land in the Pottah and remitting the demands, will be carried out in future; but it appears to me doubtful whether such a measure is advisable. By doing this, others are precluded from taking them up for cultivation, and it remains only as an item of account, not of practical Revenue.

4/ Remission for failure of crops on Kungah land, is granted in strict conformity with Para 28 of the Hukumnamah framed with reference to the orders of Government, dated 10th March 1825, & 10th of this order directs that in regulating remission, the state of all the fields which the Ryot has cultivated, and the produce, as well as the price, should be taken into consideration; this can be done in Districts where it is usual to take an account of the annual produce of lands; but in Cumbhore such is not the case. In an unfavorable season, in this very dry District, where one description of Crop fails, all others are usually scanty, no periodical enquiry is made to ascertain the quantity

13344

Fort St. George 22^d November 1852.

quantity of produce, and any attempt to do it, causes complaints and claims for remission, so much so that it would be impracticable to get through them satisfactorily. Under such circumstances the standard quantity of produce on which the assessment was formed, is taken as the produce of the present year, whether it be actually full or is scanty, the produce is valued at the existing rate of price, and the difference on supposed profit is deducted from the amount to be remitted. To take the produce of one year as the data, and to value it at the present rate, which in consequence of the scarcity of grain is high, appears inadvisable, and I am therefore of opinion that the remission should be granted on such occasions, should be left to discretion, to be guided by the circumstances of the case and the capability of the Ryot; the amount of difference between the former and the present prices charged to the Ryots in the year under review, with reference to the Rule above quoted, amounts to no less than Rupees 1,388-7-8.

48.

Para 28 of the Hukumnamah directs that when Kungah land is converted into "Drupine" (or Orchard) it should pay for the

13345

Fort St. George 22^d November 1852.

the first 10 years, fixed single Kungu crop rent only, and afterwards both single and two crop rent, should be levied until the amount of the 2^d crop remitted in the past 10 years, has been fully recovered, after which, two crop rent only will be levied. This is far from encouraging the formation of Topes in a District where such are greatly required, and since the promulgation of the above Rule, no gardens have been formed. No profit is thus allowed to the Ryot to reimburse him for the trouble and outlay required to plant, "Drupins", what is remitted to him in the first instance, is exacted from him in a triple rent, so soon as the period of 10 years terminates, whether the plantation is productive or not. Pungah and Gardens land converted into Gardens on Kungu, afford a far better profit to the Ryot than Kungu converted into a Tope, forming a contrast most discouraging to those wishing to create Topes, at a time when its serious contemplation liberally to extend the existing terms of Cowle, I submit whether it is desirable to make the Drupier Tope Rules so stringent and unprofitable as they now are. I would respectfully

13346

Fort St. George 22^d November 1852

respectfully recommends that not only the recovery of the amount remitted in the first 10 years should be given up altogether, but the period of cowle itself should be extended from 10 to 15 years. This would encourage the planting of Topes throughout the District and place such Kungu Revenue on a more secure basis. —

The enclosed Returns by Surgeon H. M. Porteous will perhaps shew

Coimbatore to be one of the driest of the Madras Provinces, lying just between the two Monsoons, the North East and South West, it gets a small portion of both, but a full share neither. — During

the whole of the South West monsoon the climate of Coimbatore is cool and pleasant from the wind blowing through rain falling on the western coast, but ^{not} reaching Coimbatore, flying ^{that} showers are all fallen on the west border of the District, the South West Monsoon terminating in a very remarkable and decided way, at the Waller Forest and the Poulghat Hills. Caroor, and the North Eastern Talooks, are beyond the

13347

Fort St. George 22^d November 1852

the reach of even this benefit of climate, the District lies on an average from 1000 to 1200 feet above the level of the sea, and the whole area of it, between the Annamallee Hills, South, and the Nellore hills north, is nearly destitute of Timber, either in Avenues, Topes or Fruit Trees. I need hardly dwell on the great benefit of encouraging planting in such a locality and under such circumstances, and the necessity of encouraging it. I have individually made considerable effort to compass this object with the aid of the 5000 Rupees allowed for that purpose from the Devasthanams and Chattrams Funds. The late order of the Board permitting the hitherto double tax on the trees, where the land under them was also paying full, will also work beneficially and the Ryots in some localities are already beginning to plant Palmyras and other Trees. I would on these grounds solicit the Board's liberal consideration for the "Dharmapine" Topes and indeed for all other planting of large Trees, cultivated to attract and retain moisture throughout the

13348

Fort St. George 22^d November 1852

the District were considerably well wooded instead of (as it is) an arid and bare Country it cannot be doubted that such would greatly influence the climate, and induce

13349

Fort St. George 22nd November 1852

induce much of the
rain and moisture
that now passes
over it, to fall within
it.

Combatore,

13th November,

1852.

(Signed) E. B. Thomas
Collector.

Agent.

[illegible]

Handwritten notes on lined paper. On the left, there is a small sketch of a person's head and shoulders, facing right. To the right of the sketch, there are several lines of handwritten text, which are mostly illegible due to blurring. The text appears to be organized into columns or sections, possibly representing a list or a table of data. The handwriting is in cursive or a similar informal script.

[illegible][illegible]

Handwritten scribbles and marks.

A line graph showing the relationship between the number of hours of study and the number of books read. The x-axis is labeled "Number of hours of study" and ranges from 0 to 10. The y-axis is labeled "Number of books read" and ranges from 0 to 10. A line starts at (0, 0) and goes up to (10, 10).

Per Signed E. B. Thomas
Collector

Register of Claims transmitted by Dr. Pr. Lewis.

3

Fort St. George 22^d November 1852

To C. B. Thomas Esq.
Collector of Coimbatore.

Sir,

I have the honor to sub:
mit the usual Statements connected
with the Land Revenue Settlement
of the Four Talooks under my charge,
for the past Fussy, 1261..

2. It is to be observed that altho' the amount of this Settlement falls short of that of the preceding year by Rupees 2497-1-4 yet it exceeds by Rupees 19068-14-5 the average &c.

venue of the last 5 years,

Deaf

and maintains also

an advance of Papers

48326-9-3 or that of the

preceding 10 years as in:

indicated in the margin;

and that it has been

collected nearly in full.

the balance at the close of

⁺ Since reduced to Rs. 42-11-7 vide the Fusly

para 24-
5911-9-5...

The

13506

Fort St. George 22^d November 1852.

3. The Summabundy Settlement of the four Talooks was commenced in January and completed within the end of the Fussy.

4. The seasons of the year under review have not been altogether favorable. The rains were partial and deficient in quantity as will be seen from the following Statement N^o 1.

N^o 1.

From

13507

Fort St. George 22^d November 1852.

5. From this deficiency of rain the produce of the dry crops was less than it would have been in a season of fertility. The crops of Cumbos in particular suffered much from insects.

6. The same cause affected the Garden cultivation, the produce of which was scanty, the springs in many of the Garden Wells failed from want of rain from which cause the lands were left uncultivated.

7. The Rivers Cavery, and Ambaravatty received their usual supply of water, and the Tunjah cultivation depending thereon yielded a favorable return. The lands under irrigation from Tanks, and Jungles streams were for the most part left uncultivated from want of a sufficient supply of water. The produce also of the cultivated lands so irrigated was less than the average return. Many of these crops failed entirely, as shewn in the following Statement N^o 2.

Fort St. George 22nd November 1852

3. The public health during the the year is considered to have been favorable. In the Month of January Cholera broke out at Caroor and its neighbourhood, but the number of deaths was inconsiderable.

9. The Subjoined Statement No. 3 Shows the variation in the prices of the different descriptions of Grain compared with that of the last year. It would appear that the prices were less than those of the past July. This is to be attributed to the decrease in the exportation of Grain to the neighbouring Districts

Fort St. George 22^d November 1852

11. The subjoined Statement No. 5 exhibits at one view the result of the Settlement of the Land Revenue of Fusly 1261 as compared with that of 1260, the decrease being as already stated Rupees 2497-1-4.

12. Under the head of Poonjah land paying full rent there is a net increase of Rupees 1377-9-5 in consequence of waste lands having been brought under cultivation.

13. The Garden lands show a decrease of Rupees 1304-4-11 caused by remissions granted on lands left waste from deficiency of water in the Wells as stated in para 5. Such portion of the Well lands as were cultivated with dry produce were charged with Poonjah assessment, and those entirely left waste were charged with grass rent. There beg to remark that in granting these remissions great caution was observed.

14. The Munjah or "wet lands" subject to the payment of full rent

Fort St. George 22^d November 1852

rent show a decrease of Rupees 6335-5-4. This was occasioned principally by a large portion of lands under the Tanks in Caroor, Coughiem, and Chukkragherry Talooks, having been left waste from want of a sufficient supply of water. The assessment on these lands was of necessity struck off the accounts after much scrutiny.

15. Under the head of Cowle of all description of lands is a net decrease of Rupees 89-7-10 arising from the transfer of some of the lands of this description to the head of full rent.

16. There is an increase of Rupees 604-5-2 in the item of Ba: ghayet turn Poonjah or "Garden land paying Poonjah rent." This has arisen from the cultivation of Garden lands with dry produce from want of water in the Wells.

17. In Munjah turn Poonjah or "wet lands paying Poonjah demand is an increase of Rupees 920-6-8. The particulars of which

13515

Fort St. George 22^d November 1852

which are as follows: In the Village of Boodynnittam in Chuekagary Talook the Tanks received but a limited supply of water, insufficient to irrigate the lands depending thereon. In order to maintain the revenue to such extent as was practicable, the Ryots were induced to cultivate them for this year with dry produce on the promise of a remission of one half of the Kunjah assessment. Of the lands thus left waste a portion bearing an assessment of Rupees 1731-9-6 was accordingly cultivated with a single Poonjah crop and half of the Kunjah assessment or Rupees 865-12-7 charged and entered under the head of Kunjah turn Poonjah. The balance of the increase was realized from certain Kunjah lands having been newly cultivated with dry produce.

18.

The assessment of Kunjah lands under Jungle streams and Tanks the crops of which have failed from deficiency of water amounts

13516

Fort St. George 22nd November 1852

amounts to Rupees 265-5-6. The remission of assessment on them amounts to Rupees 220-13-3. the particulars will be seen from the Statement No. 17 of this report.

19. Grass lands both dry and garden show a decrease of Rupees 321-9-8, this is principally owing to their having been cultivated and carried to appropriate heads, as well as from the death, desertion, and insolvency among the Ryots who held Puttahs for the same.

20. Under the head of Fixed Sournadayem is an increase of Rupees 2,583-15-8, the items and the cause of this increase will be found in the following Statement. No. 6.

30

There is no alteration in the Register of Lands held by public Servants. nor was any land newly purchased. The rules of Government on this subject are strictly and carefully attended to.

31

Adverting to the Board's Circular of the 28th June 1852, I beg to remark that the whole of the Pollipets in the Chuckeragherry and Caroor Talooks in my Division are under the management of the Polias = gars themselves. —

32

As authorized by the Board of Revenue in their Circular letter dated 29th April 1852 the Census of

Fort St. George 22nd November 1852.

of the population is classified under three different heads Viz^t. Hindoos, Moosulmans, and those who are neither Hindoos, ~~nor~~ nor Moosulmans.—

33

With reference to the remarks of the Board of Revenue in the concluding part of para 17 of their Proceedings dated 1st April 1852, I beg to state for their information that the Ayacut extent of 937 Bul-lahs / alluded to by the Board / in-cludes only those lands, which were originally assigned for the support of certain Chuttrums, intended to be constructed hereafter, and which lands remained under the management of the Cirkar. The Enam lands assigned for the support of Chuttrums actually built amounted to 959-9 $\frac{1}{2}$ Bullahs. There was no separate statement specifying this item but it is included in the general account of Enam lands in Statement No. 1. The total Poonjah ayacut of both these descriptions of

Fort St. George 22nd November 1852

of Enams amounted to 1894-4 $\frac{3}{4}$ Bullahs assessed at Rupees 5141-13-5. Of which the extent actually cultivated in Fussy 1260. amounted to Bullahs 1102-13 $\frac{1}{2}$ bearing an assessment of Rupees 2,816-6- as shown in my report for the past Fussy 1260.

In order to explain the matter more clearly. I beg to annex a Memo-randum from which it will be seen that the cultivation of Chuttrums Enams, has not exceeded the ayacut as remarked by the Board.—

Statement.

33

B^r No 2818
From the Collectory
of Malabar. -

Sir, Adverting to your Circular letter dated 12th August last I have the honor to state that the Circular dated 19th January 1852 therein referred to does not appear to have been received in this Office, but I may as well state that the question therein embraced as to "whether there are any restrictions to the free admission in this District of Salt from the neighbouring Provinces, and if so that I will cause them to be immediately removed" does not apply to Malabar. -

2. The inquiry in the same letter as to whether there are any restrictions to the free traffic in Tobacco, is also equally inapplicable to this District. -

3. Carts, Bullocks, &c are not compelled to resort to any particular Caravansaries or enclosures and therefore no such fees as those referred to in your 3rd para are levied in this District. -

(Signed) H. V. Conolly
Collector. Ordered.

13531

Fort St. George 22nd November 1852.

Order thereon.

(33-34)

Ordered to lie over.

Read the following letter.
N^o 132.To, W. H. Bayley Esq^rSecretary to the
Board of Revenue.

Sir,

B^o N^o 2735.
From the Collector
of Madras.I have the honor to state for
the information of the Board that there
occurred in April a loss of 1-315^{on} of the
Salt received at the Madras Cotours from
the Chingleput District.

2. My Assistant M^r Ellis after a
careful enquiry made at the time the salt
was found not entered into the accounts, is
of opinion that the disappearance of the salt
has arisen from the fact that there was at
the time a great profs of business at the
Madras Salt Cotours, and that owing to
the suspension of the salt servants, the business
had to be conducted by unexperienced servants
placed there temporarily, and that the accounts
which show into what heaps the particular
Boat loads are deposited were thrown into
Confusion. The mistake arose between

13532

Fort St. George 22nd November 1852.

between a boat 39 and 49 and the names of
their respective Boatmen. M^r Ellis reported
to me that he did not consider that any fraud
had been practised in this instance, but that
the mistake had been owing to the stupidity
of the then Acting Servants, who were soon
after changed.

3. The Acting Superintendent was therefore
fined the amount of Coodiwaram which would be
paid for the old salt and the Accountant was
fined 5 Rupees for negligence.

4. Under these circumstances I now beg
to be allowed to write off the quantity missing
in my accounts to profit and loss, with the
exception of that portion recovered from the
Salt Servants.

(Signed) J. A. Huddleston
Collector.

Madras,

8th November, 1852.B^o N^o 2312.

Proceeding thereon.

(35-36)

(37)

A. after N^o 2715

From the Military Board.

M^r Ellis is stated to have made
a careful enquiry at the time the salt referred
to in the foregoing letter was lost (or rather thrown
into a wrong heap). If M^r Ellis made any
written report the Collector will be so good as
to submit it for the Board's inspection.

Fort St. George 22^d November 1852

11. The subjoined Statement No. 5 exhibits at one view the result of the Settlement of the Land Revenue of Fusly 1261 as compared with that of 1260, the decrease being as already stated Rupees 2497-1-4.

12. Under the head of Poonjah land paying full rent there is a net increase of Rupees 1377-9-5 in consequence of waste lands having been brought under cultivation.

13. The Garden lands show a decrease of Rupees 1304-4-11 caused by remissions granted on lands left waste from deficiency of water in the Wells as stated in para 5. Such portion of the Well lands as were cultivated with dry produce were charged with Poonjah assessment, and those entirely left waste were charged with grass rent. There beg to remark that in granting these remissions great caution was observed.

14. The Munjah or "wet lands" subject to the payment of full rent

Fort St. George 22^d November 1852

rent show a decrease of Rupees 6335-5-4. This was occasioned principally by a large portion of lands under the Tanks in Caroor, Coughiem, and Chuchragherry Talooks, having been left waste from want of a sufficient supply of water. The assessment on these lands was of necessity struck off the accounts after much scrutiny.

15. Under the head of Cowle of all description of lands is a net decrease of Rupees 89-7-10 arising from the transfer of some of the lands of this description to the head of full rent.

16. There is an increase of Rupees 604-5-2 in the item of Ba: ghayet turn Poonjah or "Garden land paying Poonjah rent." This has arisen from the cultivation of Garden lands with dry produce from want of water in the Wells.

17. In Munjah turn Poonjah or "wet lands paying Poonjah demand is an increase of Rupees 920-6-8. The particulars of which
