Read the following Contract from the Proceedings of the Board of Revenue
(Here enter 6th January 1853 No. 9)

No. 105
Revenue Department

Para 1. The demand on account of the Contra Sources of Revenue in the District of Salem for Fusly 1261 amounted to Rupees 206,810 and was Rupees 15,236 above that of the preceding Fusly. This result was occasioned by an increase in all the items of revenue, owing to causes which are sufficiently explained by the Collector and Board of Revenue.

2. Of the above demand Rupees 205,745 were collected within the Fusly and Rupees 4,468 subsequently leaving a balance of Rupees 1,601 outstanding.

Fort St. George 7th February 1853

outstanding on the 1st October 1852. The gross collections including current extra and arrears amounted to Rupees 204,236 from which charges Rupees 12,696 being deducted there remained a net revenue of Rupees 191,539 or Rupees 7,820 above that of Fasly 1260.

3 The Right Honorable the Governor in Council grants authority for writing off in the accounts of the Salem District the balances noted in the Margin reported to be irrecoverable amounting in the aggregate to Rupees (116-6-10) one hundred and sixteen, annas six and Pice ten.

Due by the Ferry contractor of the Seringapatam Talook ——— 30-13-4

Due on account of Motorpluvs ——— 85-9-6

Rupees ——— 116-6-10

N. 112

Revenue Department

11

B. N. 288

From the Secy. to Government

Extract from the Minutes of Consultation under date the 28th January 1853

Read the following

Renewing the Report on the Extra Sources of Revenue in the Canara District for Fasly 1261 and granting authority for writing off in the accounts certain irrecoverable balances

Extract from the Proceedings of the Board of Revenue.

(Here enter 6th January 1853 N. 10)

Para 1. The demand on account of the Extra Sources of Revenue in the District of Canara for Fasly 1261 amounted to Rupees 1005,264 and was Rupees 27,103 below that of the preceding Fasly. The three heads under which the decrease occurred, were,

Salt ..... Rupees 19,252.
Tobacco ... " 14,292 and
Ameendevi ... " 28,652.

The falling off in

2 the revenue from Salt is supposed by the Collector to have been partly owing to the low price of grain throughout the Mysore Country, the Slackness of the Cotton trade, and to the Smuggling across the Goa frontier, but the principal cause of the decline is surmised by him

Fort St George 7th February 1853

by him to be the improved communication between the Southern Mahratta Country and the concan which may have drawn away some of the Merchants of the former County who previously made their purchases from the parts of this District. The correctness of this supposition should have been determined by a reference to the Bombay authorities The falling off in Tobacco is attributed chiefly to the clandestine imports from Mysore, and partly to the rumours which prevailed that the Monopoly was about to be abolished, while the decrease on the revenue from the Ameenderi Islands is ascribed to the large sale of Coir at very advantageous prices which took place last year.

3 With the above exceptions there was an increase in all the other Items of revenue, the largest being under the head of Sea Customs Rupees 15,868- which was owing chiefly to the revival of the rice trade with Arabia after a period of depression.

of

Fort St George 7th February 1853

4 Of the above demand, Rs. 99,835- were collected within the July and Rupees 604-0 subsequently, leaving a balance of Rupees 387 outstanding on the 11th October 1852- The gross collections, including current extra and arrears amounted to Rupees 10,72,334 from which deducting charges Rupees 31,2,450 which were in excess of those of the previous year in the sum of Rupees 85,741- owing to circumstances explained by the Board in para 18, there remained a net revenue of Rupees 7,29,884 or Rupees 83,291- below that of July 1260-

5 The Right Honorable the Governor in Council grants authority for writing off in the accounts of the Canara District the sum of (8) Eight annas, being the arrears of the first July reported to be irrecoverable- also Rupees (18-2-8) Eighteen, annas two and Pice Eight being the amount stolen from the Cash chest of the Sirsy Chowky

To W. H. Bayley Esqr.
Secretary to the
Board of Revenue
Fort St. George

15.
B.r No. 202. Sir,

From the Coll.r of Salem } In reply to your letter dated the 23d Ultimo, requiring information whether the Nattium Estate cannot be left under management by the family of the Minor; I have the honor to state that I am not aware of any objection to such an arrangement.

Paragraph 1. Submitting that he is not aware of any objection to the Nattium Estate being left under management by the family of the Minor and explaining a point on which he awaits further instructions.

2. Assuming, as I am bound to do from the tenor of the Board's communication now under acknowledgment, that the measure in question will receive their sanction and be carried into effect accordingly. I beg leave to suggest for consideration, that when so disposed of by your Board

Fort St. George 7th February 1853

Board, apart from its authority as the Court of Wards, the affairs of the Minor Estate will not be open to the objection in respect of Guardianship, which has been raised by the Acting Civil Judge under the provisions of Regulation V of 1804, and consequently that it may I submit, be subject for doubt, whether any legal necessity exists for my recommending for nomination as Guardian a person other than the Minor's Mother, as your Board have desired me to do, the more especially that by Section XX of the Regulation above quoted, it is the Court itself which is called on to select a proper person for the Office.

Paragraph 4

3 It does not escape my recollection that in my letter to the Acting Civil Judge, I made a suggestion on the above point, but I beg to explain that when offering it, I felt that, to a certain extent, I was taking a liberty. The wording of my communication was intended to convey that meaning and the suggestion, indeed, was offered only with a view to simplify what, under the view of the Regulations which I have taken, seemed a somewhat complicated

18th October 1853

Fort St. George 7th February 1853

complicated state of affairs.

4 Having permitted myself to submit the foregoing observations, I beg to state that I purpose abstaining from communicating with the Acting Civil Judge until further instructed by your Board.

No. 294

Proceedings thereon.

15.16

The Board of Revenue did not expect Mr. Phillips to name to the Court another party as Guardian, as a matter of legal necessity. They think however that he ought at least to notify to the Court that it is not the intention of the Board of Revenue to take the Muttum Estate under their charge as a Court of Wards.

Fort St. George 7th February 1853.

Proceedings

Fort St. George 7th February 1853.

B.d No. 304

Proceedings thereon-

(17.18)

The Board of Revenue confirm the sale of the lands adverted to in the Statement which accompanies the foregoing letter and authorize the Collector after carrying to the Credit of Government the Amount of Arrears against the late Proprietors in cases Nos. 5 and 6 to disburse to them the remaining Sale proceeds.-

2. Mr. Phillips is requested to afford explanation respecting the Estimated value Col. 12 differing so much from Purchase money Col 14 in the above Statement.-

3. The Board observe that the Collector's attention was called to the subject in para 2 of their Proceedings dated 15th November 1852.-

Fort St. George 7th February 1853

Read the following letter.

No. 12.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue-
Fort St. George.

Sir,

(19)

B.d No. 343

From the Collector of Tanjore ... Furnishing information &c required relative to the Commutation prices rates in his District.

I have the honor to acknowledge the receipt of Circular from the Board of Revenue under date the 8th November 1852 calling for information relative to the Commutation price rates in this District as affecting the Ryots &c and in reply to submit answers to the several queries contained in the letter under consideration

Answer to Query No. I

1A. The Commutation price applies only to wet lands in Tanjore, which form by far the greater portion of the land Revenue as shewn marginally the Beriz on Soonjah and Bagayet being only 10% on that of Kunjah.-

As per the Summabundy of Fusly 1261

	Extent	Beriz
Kunjah	102,767	32,04,986
Soonjah	25,886	1,98,189
Bagayet	5,942	1,40,582
	134,595	35,43,757

From Fusly 1210 to 1216 the Soonjah Beriz was determined annually with reference to the estimated or actual produce, the Circar share being fixed at 40% of the remainder after the deduction of Solentarum at 13-9 per Cent from the Gross produce, the money rate being determined with

Gross produce 100.
Deduct Solentarum 13-9
86-3

with reference to the selling prices.—

Deduct Cowdymanum 60% — 57-9
Remainder Mailwanum 40% — 34-6

19th. W. Thirty two sorts of produce were classed under the head of Bagayet and assessed at varying rates by Mr. Hannis until 1217, when the Poonjah and Bagayet assessments were both remodelled and rates fixed per Tulay, with reference to the average collections of the three former years, according to which rates the assessment has since been levied except in Fieldman Villages. In 1232 when Mr. Cotton fixed the Oloongoo assessment for the wet lands he attached to the existing Poonjah and Bagayet rates, and when the Jaiim Settlement was subsequently introduced the Poonjah and Bagayet rates on Jaiim Fysel lands were regulated with references to the average of adjacent Villages and the nature of the soil; and I am not of opinion that any alteration is necessary in the assessment now in force so far as rates are concerned with reference to selling prices.—

2. Of the 4,854 Jaiiu Villages 1,609 are classed under the head of Oloongoo, grain rent, and Annay, the demand varying with the selling prices of the year while the commutation prices regulates the demand on the remaining 3245 under the head of Field assessed

gross rent, one year rent and Oloongoo, not affected by the change of prices.—

The average standard Nunnuck fixed for the district is 3-3-3/32 or annas 7-8/2 per Cullum which reduced to struck Madras Measures will give 57 15/58 per Rupee.—

II and III

3. The standard Nunnuck was fixed with reference to the price lists of former years which were framed as follows. Every 10 days a price list was forwarded from the Talooks exhibiting the quantity of grain sold, the rate at which it was sold, the name of the Maganum and Village; a Monthly average for each Maganum being struck on the rates thus reported from November to June, including a separate account from the first to 11th July the close of the season; the price for the year being fixed for each Maganum on an average taken from the aggregate Monthly rates. In fusly 1232 an average of the thus determined annual rates from fusly 1225 to 1229 was assumed, and a standard formed with reference to it and the rates of the highest and lowest years in the series as shown in the Margin, Panams 3-3-3/32 being fixed as the commutation price for the district, with reference to which the

Average of 5 years from Fusly 1225 to 1229	2-29/4
Highest year in the series	3-25/4
Lowest Do.	2-16.
Average of the highest and lowest years	3-4 3/4
Standard Nunnuck fixed	3-3/32

The Oloongoo demand is assessed, the Tanum Tyzel lands bearing the standard Nunnuk without annulation with the exception of four Maganums in the Sheully Taloork.

	Wet Nunnuk	New Nunnuk
Pulchay	3 — 0	3 — 2
Coonnum	3 — 0	3 — 2
Pulaar	3 — 0	3 — 2
Melaspoorum	3 — 0	3 — 2

which were slightly increased as per Margin.

IV 4 From the gross produce of the land, Solumtanum at 11 · 8¾ per Cent was deducted and of the remainder 50% was allowed as Coodemanum in the Neenamumbum and 55 in the Cadamumbum, the Linear share being commuted at the standard rate on each Maganum.

V 5. The Commutation price was fixed only on the Nunjah produce (Paddy) and the extent of land on which it was fixed at the time

	Nunjah	Punjah	Garden
Fusly 1232	80694	24,891	2260
Fusly 1261	107767	25,836	5942
Increase	27073		
Decrease		2755/16	

as shown in the Margin, with a comparison of the present cultivation now in 1261.

VI 6 But little variation in the kind of grain grown has taken place since the fixing of the Commutation prices, many efforts have been made to introduce other products, but the dislike of change is so strong in the cultivating Community that little success has followed our endeavours: A certainty of demand for

produce grown, might induce the Menasordars to convert some of their Nunjah land into other sorts of cultivation, but at present the little labor required together with the nearly certain good return and sale of Nunjah produce makes them deaf to all suggestions tending to the alteration in the crop..

VII 7. Paddy is the staple of the district and has ever been so, the poorer ryots in general living on rice, the cultivation of which is annually increasing in extent tho Cholum and Raghy are grown for food in the Southern part of the district, as well as for export inland. The poorer ryots without capital to meet the demand are necessitated to sell their produce at once and advantage is taken of their necessity to the profit of the purchaser, while the richer man can return his grain for a more advantageous market, a state of things for which there appears no remedy as long as the number of petty land holders exist..

VIII and X 8. A Statement is forwarded exhibiting the prices of Paddy for † 10 years subsequent to the fixing of the commutation together with those for the last 10 years *

† 1232 to 1241

* 1251 to 1260

As before explained the commutation price was fixed on an average of 5 years, the annual average of these years having been formed on

on the price lists of 9 Months, from November to July 11th, but subsequently owing to the necessity of determining the Settlement prices at an earlier period, that the Collections might be made by the end of the Fusly, the prices for Cuddapah Cam has been fixed upon the average selling prices of 3 Months, from November to January, and that for Peishanums on the average from February to May 20th and I am unable to form the list of prices on exactly the same principles on which the Commutation rate was assumed in consequence of the price lists prior to 1250 having been destroyed amongst useless records.

From 1251 to 1260 price lists for 9 Months of the years are available, but as the Statement for the previous 10 years can only be made on the average taken during 7 Months I have prepared the whole on the average prices from November to 20th May the only difference between the principles on which the Commutation rates were assumed and the present Statement prepared.

9. The Inumahundy prices for a series of years as compared with the standard or commutation rate are exhibited in the Statement above alluded to and altho' the prices vary annually, the average is fully below the standard

standard, and more particularly during the last 5 years, from 1257 to 1261, during which the selling price has never equalled the standard the difference on an average being 8¾ %. Increased extent of land brought under cultivation together with increased quantity of produce gathered in consequence of improved irrigation as well as a decreased demand for our produce inland on account of similar causes operating in the neighbouring districts have together tended to lower the markets in Tanjore and altho' export by sea has increased, the supply remains still greater than the demand, and there seems to me little prospect of prices again reaching their former rates, except accidentally in consequence of failures elsewhere, a contingency not to be desired. Under these circumstances therefore some reduction in the standard either now or very shortly appears to me to be inevitable, as the Farm Fyzel ryots will not be able to meet the circar demands with continuous fall in the market prices.—

In the Aloongoo Villages the Circar demand is made at the standard rate, except the selling price exceeds it by 10 or falls short of it by 5% and the result during the last 5 years in favor of the Circar is shewn in the Margin, the corresponding loss to the Ryots being 2,33,534 Rupees as per account

Fusly	Rs
1257	34,082
1258	54,846
1259	52,070
1260	49,707
1261	45,829
Total	2,33,534

Fort St. George 7th February 1853

account, tho' in reality I believe there is a greater difference in favor of the Government, as the Talook prices cannot be depended upon entirely, and are otherwise against the ryots any. of low in consequence of sale rates on small quantities of grain being assumed as the price at which fifty times as large a quantity will sell for a manifestly injurious mode of calculation as affecting the interests of the ryots, and as the market prices have a decreasing

Mailmanum of the actual produce for Fasly 1261-	Quantity of Grain sold as per Price lists.	Per Centage.
Calls	Calls	
Trimlore ——	433,917	7,896	1 13/16
Mummangooly ——	502,197	12,528	2-1/2
Codanapet ——	423,944	14,362	3 4/16
Tulungaman ——	423260	27,345	6/2
	1783318	62,131	3/2

tendency the Collectors ryots will require relief if the selling prices continue for a length of time to range within the present limits of remission.

10 With regard to the instructions contained in para 2 of the Circular under reply, I feel some difficulty in offering an opinion as to the extent of relief required to lighten the pressure of the standard Kunnuck with reference to the depreciation of the value of produce, as shewn by the Market rates at which the ryot disposes of his grain. It cannot I think but strike the Board that the method of determining the standard was an arbitrary one as exhibited in the Marginal reference appended to

Fort St. George 7th February 1853

Nos II and III of this letter, the average of the 5 years selected gave but fanams 2-29/4 while that of the highest and lowest of the series 3 – 4 3/4 from which a trifle was deducted and the standard fixed at 3-3 3/32, while the selling price of the lowest year was only 2 – 16. and referring to the rates fixed for the Summahlundy as exhibited in the Statement submitted for the last 5 years the average is but 2 - 26 27/84 a decrease of 8 43/64 below the Standard Kunnuck.

Vast improvement have been made in the irrigation and drainage of the wet lands during many years, and altho' the ryots will not allow that much increase in the quantity of produce has attended these improvements, there can be no reasonable doubt of the fact which together with the greater facilities of transit must be taken as a set off in part against the fall in prices, tho' I am of opinion that a continuance of the market rates as at present will render a temporary remission necessary with reference to the Standard rate, the only method which suggests itself to me of affording general relief to all the cultivating Community.

/Signed/ J. F. Bishop

B. No. 359.

Sir,

From the Collector of Madura.

In reply to the Board's letter of the 12th August last, I have the honor to state that there are no restrictions in this District to the free Traffic in Tobacco and that no compulsory measures are adopted to cause Carts, Bullocks, &c to resort to Cadies and Canavansaries. Of the large number of such enclosures existing in this District the greater part belong to private Individuals. In Madura the Police

Police would interfere to prevent Cattles being left all night in the open Streets, but the Diwan is at liberty to select any Toddy (or Tollay as they are here called) that he may prefer.

Madura,
Tondy,
27th January, 1853.

No 251

To W. H. Bayley Esqr
Secretary to the
Board of Revenue
Fort St George

Sir,

25

B. No 50
From the Collr
of Tinnevelly

Reporting upon the Settlement of Land Revenue of the Tinnevelly District for Fusly 1261 and forwarding the usual accounts connected therewith.

Para 1. I have the honor to report upon the settlement of Land Revenue of the Tinnevelly District for Fusly 1261 A.D. 1851/52 and to forward the usual Statements A to D and Numbered 1 to 19.

2 The Seasons both for kar and Pesharnum Crops were more satisfactory in Fusly 1261 than in the preceding, for although the early promise of both seasons in the former period was better and encouraged the cultivators to undertake a larger extent of Wet land yet in Fusly 1261 what expectation was afforded at seed time was better fulfilled and as will be shewn hereafter the amount of failure of Crops was a great deal less than in Fusly 1260 The Monsoons were both sufficiently plentiful for the lands irrigated from the

the Tamberaporney, but the Tanks dependent on local rains were not supplied early or abundantly enough for the full cultivation of the lands lying under them. There was some deficiency of supply also in the smaller rivers during the Peshanum Season.

3 It was a good year everywhere for Poonjah, and Cotton crops were also cocktensively raised.

Health 4 Though a few cases of Cholera and Small pox occurred in some parts of the District during the Fasly, the general state of health of the people of the District was good The Mortality among Cattle also during the year was moderate.

Denomination of Villages	Fasly 1260	Fasly 1261	Increase	Decrease
Nunjah Oloongo Villages	891	901	10	..
Jarum Villages	4	4	.	..
Aumany Villages	17	11	.	6
Nunjah Pottam Villages	40	38	.	2
Nunjah Porrojon Villages	17	17	.	.
Poonjah Villages	134	135	1	..
Cuttogottah Villages	82	79	.	3
Mannem Villages	80	72	.	8
Villages rented for one year	1	7	6	.
Motirpiha Villages	32	32	.	.
Total Ceriar Villages	1298	1296	17	19
Zemindary Villages	816½	816½	.	.
Grand Total	2114½	2112½	17	19
		Net Decrease		2

5. The increase of 10 Villages under the Head of Nunjah Oloongoo was caused by 2 Pottam Villages having reverted to Jyem, one at the request of the Pottamdar and the other on the death of the holder and by 7 out of the 8 Villages entered as decrease under the Head of Mannem Villages and 1 out of 3 under the Head of Cuttogottah allotted to Chuttrums having been resumed and incorporated with the Government lands under the orders of Government prefixed to the Proceedings of the Board of Revenue dated 7th July 1851.

6 The increase of 1 Village under the Head of Poonjah is owing to 1 of the remaining 2 Villages under the Head of Cuttogottah which is a Poonjah one also allotted to a Chuttrum having been for the same reason as mentioned above included among the number of Jyen Poonjah Villages.

7 The increase of 6 Villages under the Head of Villages rented for one year is owing to these Villages having

having been under Aumanie last year but rented for one year at the request of the Ryots during the one under report.

8 It remains to account for the Decrease of one Cuttorgoottah and one Pramien Village the former is what was entered in the accounts as Cuttorgoottah Pullicottah being the total Poonjah Tadbund and Bogeyget of the Village of Pullicottah in the Nelliambalum Taluk, the teerwah of which hitherto appertained to the Pundaracalum Chuttrum on paygment of a fixed Cuttorgoottah, while the Nunjah lands paying full tax to Government were distinguished as Iyer Puttoocotta under the Head of Nunjah Oloongoo Villages but now that the Chuttrum lands are incorporated with those of Government, the separate name of Cuttorgoottah Pullicotta is no longer requisite and is omitted in the account.

9 A similar explanation belongs to the decrease of one Pramien Village

Village Viz Chuttrum Mailmady in Tal. toor Taluk which is abolished on the incorporation of the lands with those of Government as the name was already included among the Nunjah Oloongoo Villages in consequence of Government having always collected the Defaccaul fees of the Village.

10 The following Statement N.2. presents in one view the extent of wet and dry lands cultivated in the 2 past Fushlies.

11 The cause of the Net decrease in the wet Cultivation amounting to 1 St Cottah 162 acres 1 St Cottah 5,08 1-12-5/8 and of the increase in the Nunjah mail poonjah and Poonjah Cultivation amounting to 1 St Cottah 1 Chain 3-64 acres 4,20-18-1/4 and Chains 12,674-50/64 respectively will be found explained in the remarks on the Statements regarding the several different denominations of lands.

12 The Market prices of Paddy in Fusly 1267 at the periods which govern the commutation price of the Settlement were not much below the Standard prices and the Gunnalundy was made at nearly the Olavungoo rates. The Current and Settled prices of Fusly 1260 were a good deal lower, as shown in Statement No 3 and hence notwithstanding the decrease of Cultivation in the year under report the revenue derived from wet lands has been greater. The cause of the higher prices in Fusly 1267 was the decline of stock in the Market and absence of importation from other Districts.

13 Although this fixed assessment introduced into the 4 Experimentally settled Villages in this District has not been confirmed by Board and Government

1565

Fort St. George 7th February 1853.

From the foregoing Statement it will be seen that in the Mungah Warahut Villages there is an increase in Cultivation of Seed Cottahs 636 in Carr under Agapat, and a decrease of Seed Cottahs 634 under Ponnacolums, and a decrease of total Cottahs 634 under Ponnacolums in Pesha Agahutt and Ponnacolums in Pesha mum; but the total decrease in the Cultivating Fasly 1260 below Fasly 1260 both in Carr and Peshamum under Agahutt and Ponnacolums, is Seed Cottahs 1575 from which deducting Seed Cottahs 388 being the extent of Cultivation in the 10 Cholum and Pottom Villages which remained to be Waste as mentioned in Para 5 there remain Seed Cottahs 378 which minus Seed Cottahs 576 being the extent of Pastanum Land Cultivation in Fasly 1260 and included in the total extent of Cultivation of that Fasly leaves a decrease of Seed Cottahs 198 now deducted in consequence of all the Pastanum Lands having been during the Fasly under the Ryotwar made over to the Trustees of the Pachaiaps in lieu: Cattoni, the remainder of Seed Cottahs 3091 Viz.

stands as the Net decrease in Cultivation under this Head for Fusly 1261. This decrease was occasioned by the unfavorable nature of the Season for the Cultivation under Ponacolums in Carr, and that under Agapat of the Smaller rivers and Ponacolums for Peshanum.—

16. Notwithstanding the above decrease in Cultivation and a decrease in the Quantity of Mailwarums of Grain Cottahs 15983. the revenue, it will be observed, exceeded that of the previous Fusly by Rupees 21182-15-9. owing as before noticed to the increase in Nerruck. The inerase in the rate of Mailwarums is owing to the extent of 1 Crop land Cultivated with a 2d Crop and assessed with half Teerwah having been less in the Fusly under report than in the previous one.

17. From the subjoined Statement No. 6 it will be seen that there is an increase of Seed Cottahs 1464 in the Cultivation of a 2nd Crop on full taxed 2 Crop lands and a decrease of Seed Cottahs 814 in that on 1 Crop lands.

Charged

Charged with half Teerwah, giving a Net Increase of Seed Cottahs 650 in the total Cultivation of Talady lands above that of Fusly 1260. This occurred chiefly in the Strivaygoontum and Puniahmall Talooks owing to the river Tambraporny having been well supplied during the Season no lands were cultivated a 4th time during the Fusly under report.—

With

Fort St. George 7th February 1853.-

18. With reference to para 6 of the Proceedings of the Board of Revenue dated 28th June last, in which it is directed that land on which a Second Crop has been grown should not be entered twice in the Accounts, and that no charge should be made for a fourth Crop, I have the honor to state that alterations will have to be made in many of the Headings of the Statement B and in other Statements; but as these Accounts for fusly 1261 were prepared as usual before the receipt of the above order this change will be introduced in the preparation of the Statements for the Current Fusly 1262. The teerwah for the fourth Crop has been already remitted.-

19. With respect to the observation of Government on the subject of exempting the 3d Crop from tax I believe the difference to Government will not ever much exceed the Maximum Amount noted in para 8 of Extract from Minutes of Consultation of 6th August last Viz. Fs. 620 Cottahs the teerwah on which

Fort St. George 7th February 1853.-

which Government are not unwilling to resign and as the contemplated exemption will doubtless operate as a motive to be careful not to waste water and to expedite the Cultivation of 1st & 2d Crops with the hope of enjoying a 3d untaxed there is a likelihood of some advantage even accruing to Government by there being more land twice cultivated. If I thought it likely that a great extent of land would be cropped three times in a year, I should be opposed to the indulgence proposed to be given as calculated to impoverish the Soil. As it is however I think it may safely and perhaps with advantage be accorded provided the third Crop is not allowed to be tax free when it is raised so late as to throw back the Cultivation of a first Crop for the ensuing Fusly.-

20. Of the 18 Aumanie Villages belonging to the quondam Zemindary of Chokkumputty having been rented for one year, there remained 11 Villages under the Head of Aumanie for

Fort St. George 7th February 1853.

For Fasly 1261, while the number rated for Fasly 1260. Establishment of the Conservative Revenue for the 11 Villages which were under Cumamie in both Fasslies forwarding an increase in Revenue of Rupees 13-70- 14- 1. above Fasly 1260. notwithstanding decrease in Cultivation of Oiled Cottahs 33- 14- 7/8 Rupees 1- increase is owing to an Increase in the rate of Assessment consequent on greater weight of Crop raised and an Increase in Operations. -

Fort St. George 7th February 1853.

Total	7	9400	13	6	7	10957	9	4	1556	11	10	"	"	"

12: The Increase of Rupees 1,556-11-10 in favor of fusly 1261 shown in the foregoing Statement No. 8 is owing to the Ryots of 6 of the Chackumpatty Villages which were under Aumanie in Fusly 1260 having rented their respective Villages for the past Fusly at the average Bariz of 5 years from Fusly 1254 to 1258 inclusive. The Village named Eetchendavoo is held under

under a joint rent from Fusly 1259 in which the renting system was introduced for the first time, down to the Fusly under report.

No. 9. Pottom.

Fusly.	Extent of Cultivation.			Rate of Mach. warum per Seed Cottah.			Quantity of Malwarum in Grain.		Rate of Price per Gram. Cottah.			Bariz.

Increase	"	"	"	"	1	5/32	"	"	"	"	3	1/64		1917	12	7
Decrease	329	10	4¾	"	"	"	386	11	5½	"	"	"	"	"	"	"

22. The decrease of Seed Cottahs 329-10-4¾ in the Cultivation of Pottom Lands as shewn in the foregoing Statement No. 9. is only nominal, the actual decrease being but Seed Cottahs 8½ the circumstance of the remainder of Seed Cottahs 321 appearing as a decrease under this Head was occasioned by 2 Pottom Villages having reverted e-

to

to Syen as mentioned in Para. 5 and by the lands held on favorable Grain Assessment by Chettrums and Devastanums having in some instances been carried to the Head of Oloongoo and in others transferred to the Trustees during the Fusly under report. Notwithstanding a decrease of Grain Cottahs 386 in the quantity of Mailwarum the bariz of Fusly 1261 has exceeded that of the previous year by Rupees 1917-12- Owing solely to the increase in Nerruck.

No. 10. Poroopoo.

Fusly.	Extent of Cultivation			Average Teerwah per Seed Cottah			Amount Summah.		
	SC.	M	M	CRS.	a	ø	CRS.	a	ø
1260	1969	10	7/8	4	5	11 49/64	8614	1	6
1261	1685	"	4	4	11	7 24/64	7963	-	10
Increase	"	"	"	"	5	7 39/64	-	-	-
Decrease	284	10	3/8	"	"	"	651	-	8

23. The Decrease of Seed Cottahs 284½ entered in Statement No. 10 as decrease in the Cultivation of lands paying a favorable rate of Assessment in

in Money for Fusly 1261 is also deceptive, the actual decrease being only 57½ &c. Of the difference or Seed Cottahs 227, 192 Seed Cottahs are lands belonging to Devastanums made over to the Trustees in exchange for other lands paying full Assessment equal to the Poroopoo Teerwah due on the former to Government, and the remainder or Seed Cottahs 35 are lands assessed at the Sevarum rate and transferred to the Head of Oloongoo during the Fusly under report in consequence of the death of the Poroopoodars.

24. The above decrease in Cultivation caused a corresponding decrease in Revenue of Rupees 651-0-8 below Fusly 1260.-

25. From Statement No. 11. relating to Nunjahmail poonjah and Vampyr it will be seen that under Items 1 and 2 notwithstanding a decrease in Cultivation of Seed Cottahs 41-0-6/8 the total of the bariz has exceeded that of the previous Fusly by Rupees 113-2-1. This is owing to products paying a higher rate of Assessment having been brought under cultivation during the Fusly under report.-

Assessed or Experimental Villages.—

29. On reference to the following Statement No. 12 it will be seen that during the Fusly under report there is a decrease of Seed Cottahs 27 in Nunjah including Poonjah Mail Nunjah, from which deducting the increase of 1 Seed Cottah in Betel Cultivation, the remainder or Seed Cottahs 2.6 is the decrease in Nunjah Cultivation below Fusly 1260. The Cultivation under the Head of Iyen and Poonjah Bagayet was 1 Seed Cottah less than in the previous Fusly.

30. These decreases in Cultivation caused a corresponding decrease in the Beriz of Rupees 230-11-5 in Nunjah and Rupees 7-1-1. in Bagayet, making in all a total decrease of Rupees 237-12-6. These Villages being dependant only on local rains and supply from a Minor River experienced the insufficiency of water alluded to in speaking of the Season.—

31. Under the Head of Poonjah there is an increase in Cultivation

of

of Chains 222¼ which caused an increase in Beriz of Rupees 611-15-11 from which deducting the decrease of Rupees 237-12-6. in Nunjah and Bagayet the Net increase in the total beriz of the 4 Settled Villages for Fusly 1261 is left at 374-3-5 and thus the progress of these Turum Villages is still in advance.—

Poonjah

32. The Season for Poonjah or dry Cultivation during the Fusly under report having been favorable, there was an increase in Cultivation amounting to Chains 11,163.25/32 from which deducting Chains 1489 being the extent of Cultivation in Darastanum Lands made over to the Trustees in Fusly 1261, the Net increase remains at Chains 12671—Of which the greater portion or Chains 11,398 was occasioned by augmented Cultivation consequent on superiority of the season in Villages which were Ayen during both years under Comparison, and the remainder Chains 1276 is the extent of Cultivation in Chuttrum Lands brought to Ayen in Fusly 1261. Thus the Poonjah Bariz of the Fusly in question has surpassed that of the previous one by Rupees 28867—

33. The decrease in the Cultivation and Bariz under the 3d & 4th Items of Statement No. 13 is ascribable solely to the Ryots having neglected the cultivation under Wells in consequence of the season having been

been favorable for the Cultivation dependant on rains. The decrease in the revenue derived from the last Item, notwithstanding an increased Cultivation under that Head, is owing to certain lands in the Shreevallypootoor Taloork paying only Desacavul fees in Grain when cultivated for a 2nd Crop having been so cultivated with products of an inferior quality—

The

Fort St. George 7th February 1853.-

40. The increase in the 1st Item under the Head of Sandbund amounts to Rupees 1695—11—3. From which deducting Rupees 34—10—3 being the Tree Tax newly laid on certain Trees in the Attenelly pootoor Talook held on lease till last Fusly and Pr. 321—15—2 being the Seerwah or all Palmirahs in Chuttrum Villages incorporated with Ayen in the year under review in both together Rupees 356—9—5. the Net increase stands at Pr. 1339—1—0 which is attributable to a greater Number of Trees having been brought to account as bearing in Fusly 1261 than in the previous year.—

41. Notwithstanding the decrease of 3001 trees under the second Item of Palmirahs Viz: those rented out occasioned by the direct levy of Tax on 3001 trees which were rented in the preceding year an increase in the revenue obtained from rented trees in Fusly 1261 was realized to the amount of Rupees 132—8—6 in consequence of the rents being in greater request and the biddings higher. The aggregate increase in both these Items amounts to Rupees 1828—3—9

42. From the foregoing Statement No. 18 showing the extent of Plantation made both on Sand drifts and river banks it will be seen that 93 Toje trees and 5015 Palmirahs standing on the former have perished. There was no under Cultivation raised on Sand drifts during the past Fusly.

43. With reference to para 11 of an Extract from the Proceedings of the Board of Revenue dated 28th June last requesting explanation as to why a direct expenditure has been incurred on account of planting the Sand drifts, I have the honor to state that no charge was made on this account subsequent to the receipt of the Board's orders allowing Palmirah planters to occupy the lands they cultivate on the Sandy Hills and other sandy tracts on payment of 1/8 of the usual Teerwah with the under Cultivation. The only charges made prior to it by the late Collector Mr. Thomas was a small portion of the sum of Rupees 500 sanctioned on the 2nd February 1846 for replacing trees injured by the Storm.

The

44. The Teerwah on under cultivation of Fusly 1259 and 1260 entered in the Statement No. 17 alluded to in para 31 of my report for the last Fusly was not actually brought to account in those Fuslies but exhibited in the accounts merely to show what would have been collected had not the under cultivation been allowed to be enjoyed free by the Palmirah planters.

45. The increase under this Head is owing to a greater extent of land having been employed for growing thorn bushes in Fusly 1261 than in the previous year.

The

For Ft. St. George 7th February 1853.

50

The decrease in the 1st and 2d Items amounting together to Rupees 12,535-2-6 has been caused solely by the transfer of lands to the Sunkies of Devastanums. The decrease of Rupees 468-10-6 in the 3d Item is due to certain Pensions having been resumed on account of commodities among the holders. From the aggregate of above sums or Rupees 13,003-13- deducting Rupees 1999-6-1 being the increase in Item 4 ariving from enfranchised Cultivation of Poonjah Lands, the net decrease is Rupees 11004-6-5.

Net Increase 4.834.4.10

Fee

Fort St. George 7th. February 1853.

52. The demand on account of the several Items enumerated in the foregoing Statement No. 26 which are usually added to the Land Revenue Amounts for Fusly 1261 is Rupees 385167-10-1 falling short of the demand of the previous year by Rupees 4834-14-10

53. The increase in the first Item is owing to better offers having been received in Fusly 1261 than in the preceding whilst the decrease under the 2nd. Item is owing to 3 Villages held on Cufgastah in favor of Chuttrums having been in the Year under report resumed and incorporated with Govt. Lands. An augmentation in the Cultivation of Ponjah Lands subject to Deshacavil Fees has Caused an increase under the 3rd. Item. The advance under the 5th. Item is owing to Certain grants hitherto brought to account under the Head of Chuttrums having been in the Year under Review incorporated with Company's grants. In Consequence of the General resumption

Fort St. George 7th. February 1853.

resumption of all endowments of the Ekbarkhana - Chuttrums, and that under the 7th. Item has been occasioned by Certain Manirums which had been held in deposit pending decision having been credited to the Head of Extra ordinary Revenue in Fusly 1264. A falling off in the entire and partial failure of Crops in Tripany Villages Combined with a rise in the Commutation price is the Cause of the increase under Items No. 8 The decrease in the Item No. 9. is ascribable to the general resumption of Chuttrum endowments in the Year under Comparison.

Para 4. 54. The Board having in their Proceedings dated 28th. June last directed the Statement numbered 8 in the list which accompanied my report for Fusly 1265 to be discontinued. The Statement of Seroy Jumnah numbered 8 in the list with this packet Contains the particulars which were entered in the one numbered 13 with last year's Report.

Sir

I have the honour to forward herewith the Statement No. 32 Real Rupees 126-8-" out of an advance of Rupees 373. made for rebuilding Houses in Fusly 1260. which subsequently to the Commencement of the Fusly 1261. were destroyed by fire.

2. The Collector attributes the delay of the Fusly 1260. Balance of Rupees 246-8-" to the Calamity of the Season.

3. The amount of Rupees 924, advanced for Cultivation in Fusly 1261. has been recovered in due course.

4. The Collector also reports that the accounts before the Commencement of the Fusly 1261. were settled. Rent of Rupees 612 remained to be recovered from the Ryots.

I have &c.

(Signed) H. Stokes

Fort St. George 7th. February 1853.

65. The foregoing Statement prepared agreeably to the form alluded to in Extract from Board's Proceedings dated 23d. April 1849 shows by whom the distribution of Pattahs was superintended in each Talook at the Jummabundy of Fusly 1261. and the names of the places within each Talook where the distribution was made.-

64. With respect to the question relative to Census in para 7 of Extract from the Minutes of Consultation under date 26th. August 1852 I have the honor to explain that among the Agricultural Population were included the households of all occupants of land and of their regular farm Servants. Coolies taken into pay to weed and reap and carry the crops who usually support themselves during the greatest part of the year in some other occupation not connected with tillage such as Cutting firewood Carrying burdens &c. &c. are not so included.-

65. With respect to para 6 of

of the printed Circular of the Board of Revenue dated 28th. August 1849. I have the honor to state that two applications for permission to acquire lands have been presented by Public Servants between the promulgation of the rules and the close of the Fusly under report but these Cases being still under Consideration an Extract from the Register of lands acquired by public Servants is not forwarded but a Supplemental Register of lands belonging to certain parties who have given in an Account of their holdings subsequent to the despatch of the last Register No. 20 viz the list accompanying the Jummabundy Report of Fusly 1260 dated the 17th. November 1851. is herewith forwarded to be added to the one first submitted on the 24th. May 1851.

66. The annexed Statement No. 35 exhibits the amount of Balance on account of Land Revenue for Fusly 1260 remaining unadjusted on the 30th. November 1852. as also the mark of it

it is considered as irrecoverable, and I request that for reasons shewn sanction may be applied for writing off the same, amounting to Rupees 464-2-0 to the head of "Profit and Loss".

Statement No. 35.

	On Account of Fusly 1260.		
	C Rs.	a	p

No. 15. Comparative Statement shewing the Revenue Charges in Fuslies 1260 and 1261 in the Province of Tinnevelly.—

Particulars.	Charges		Comparison of Charges for Fusly 1261 with those of Fusly 1260		
	Fusly 1260	Fusly 1261.	Increase	Decrease	
1	2	3	4	5	6.
Land Revenue.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	
Salary and Commission, after deducting Refunds	65799 6 "	59761 5 2	" " "	6082 6 10	This decrease is chiefly owing to the Salary drawn by the Collector during Fusly 1260 not having included arrears as was the Case in Fusly 1260 and partly to Short payments made to Assist Collectors.—
Depriation allowance Revenue after Do.	173 7 7	683 13 11	510 6 4	" " "	For particulars of this Increase see the Accompanying Memorandum A.—

Hoozzoor and District Establishments &c. after Do.	33648	8	7	13425	11	7	397	3	"	"	"	This increase is attributable partly to the Head Sheristadar having during a portion of the year drawn his salary at the increased Rate of Rupees 525 a Month or 87½ Rupees in excess of his former pay and partly to Additional Establishments having been entertained from 1st January instead of from the 1st April Head of Deposit.
Do. Do. Sundewarees	3597	"	9	3708	"	4	110	15	7	"	"	An increase Consumption of Oil Postage Journals &c. is the cause of the increase here shown.
Do. Do. Extra Charges	1145	"	"	1130	"	"	"	"	"	15	"	For particulars of this decrease see the accompanying Memorandum B.
Advances for Repairs of Tanks and Watercourses	16302	6	10	78063	14	2	12387	7	4	"	"	The Estimates for 1857 having been higher than in 1856 is the Cause of the increase under this Item.
Repairs of Tanks and Water Courses	5037	7	8	37921	8	7	155	7	11	"	"	Short payments during Fusly 1266 on account of Maramut Sibbendy is the cause of the increase here shown.
Repairs of Revenue Buildings	19914	2	31	5	"	"	"	"	"	168	9	2
Buildings Revenue	"	"	"	4696	7	11	4696	7	11	"	"	"	The increase under this Item is the amount actually advanced for erecting new Cutcherries in certain Talooks under sanction of Government.
* Refunds of Extra Revenue	1	"	"	10	16	9	16	"	"	"	"	An increase on the refunds of fines is the cause of the increase here shown.
Extra Revenue Charges	1633	1	11	17342	8	10	1	"	9	"	"	"	For particulars of this increase Vide accompanying Memorandum C.
Trust allowance after deducting refunds	6571	2	8	68981	3	3	27	10	4	"	"	"	Do. Do. D.

1743 Fort St. George 4th February 1853.

	Rs	a	P	Rs	a	P	Rs	a	P	Rs	a	P	
Medical Revenue Charges	"	"	"	306	14	4	306	14	4	"	"	"	The pay of the Deccan Peons transferred to the Sub Collector's Establishment having been under sanction of Government disbursed under this Head is the cause of the increase here shown.
Compensation in lieu of Resumed Lands Offices and Privileges	2034	4	5	1213	8	4	"	"	"	2064	4	1	This decrease is owing to some of the incumbents not having drawn their allowances for broken periods in the Fasly under review.
Pensions and Charitable allowances Chargeable on the Revenue	789	4	9	105	7	4	10	268	"	1	"	"	The increase here shown has been occasioned by the Chuttrum Comashahars hitherto paid from the Chuttrum funds on deposit having under the recent orders of Government been paid from the Head of Sysm.
Pagoda and Mosque allowances in lieu of Resumed Lands and Privileges	18760	8	3	1871	8	5	45	425	6	2	"	"	This increase was caused by the allowances of certain Mosques which were hitherto paid from Chuttrum funds on Deposit having been in Fasly 1261 charged to this Head in Consequence of the resumption of the Chuttrum Endowment.

20th December (Signed) C. J. Bird
Collector.—

1767 Fort St. George 7th February 1853.

No. 20.

To.

C. J. Bird Esqre
Collector of
Tinnevelly.

Sir,

Para 1. I have the honor to report upon the Settlement for Fasly 1261 of the four Talooks viz. Shermadavy, Brummadasum, Shenkernimarkoil and Streevelly-proothoor forming the Sub Collectorate of Tinnevelly and to forward the usual accounts numbered from 1 to 8.

No 1.

Fort St. George 7th February 1853.

Table

Fort St. George 7th February 1853.

2. Table No. 1 shows the number and description of the Villages in this Division, as they stood at the close of the Fasly under report. The discrepancy in the accounts between Faslies 1260 and 1261 has been caused by the 3 Villages named in the margin, having been entered under other heads in the accounts of the present Fasly.

Taloks.	Villages altered.	
Streevilly poottoor.	1	Chuttrum Karasapoorum.
Shenkerninarcovil.	2	Coolasagaramunga-lum.
"	3	Vellalencolum.

The first of these Villages, has been hitherto entered as a Chuttrum Village, but has now been brought to the Head of Money rented; and the other two Villages which were under summary in the last Fasly have this year, been rented for one year, under instructions from the Board of Revenue.

Fort St. George 7th February 1853

3.

The Carr Cultivation for Fusly 1261 was not altogether a favourable one. The Cauvery Mooney, river, the main connecting link between the Cauvery Mettur reservoir and Tanjore, not having supplied water during the S.W. Monsoon, but the Canals Streams were not so abundantly filled. The Lands which are irrigated by the Cauvery were therefore accordingly Cultivated as in Last Fusly, but the Cultivation, dependant upon the annual Survey, disappeared a decrease of 1C. 4.30 C. 3 1/8. The Proprietors of Lands, which are subject to depredation on uncertain falls of Local rain during the Corn season, experienced a want of water. Hence the Cultivation of Fusly 1261 underwent this Head fell short of that of the preceding one, by 1C. 3.37 2 1/8 marking the total decrease in the Cultivation 1C. 993 C. as will be seen by Table No 2.

Fort St. George 7th February 1833

4th The Pestimum Cultivation of Runjah Rail Poonjah and Vonpayre assessed with Runjah Tarwah for Fasly 1261 was very unfavourable. Remains unchanged in the Quantity of Cultivation.

Water and Harvest were Equally Scanty. The Rail and the Tarwah Received but a little rain during the Months of June July and August, and the Crops were consequently very short. The Collector of Chingleput reports that "Rail" or the Dry Division during the S.W. Monsoon generally depends upon the Rain that falls in the Months of June July and August, and the Tarwah upon that falling in October November and December. Cultivation to a full extent in the Rail Division was rendered impossible in the Fasly under report, by the scarcity of water in the Rivers having their sources there, and not receiving the average, and the Crops raised were short.

Of Pestimum and Pasture Lands

1773

extent of the Pestimum Cultivation as on Each Taluk, the decrease in these two Cultivations during the Monsoon compared to the Previous Cultivation, and the Reasons assigned for the Decrease.

I am Sir

Your Most Obedient Servant

Signed

portion only of the Ponacolum Cultivation suffered from drought and short produce.

Talooks.	Extent of land suffered from Drought.			Extent of land suffered from short produce.		
	SC	Mn	Rs	SC.	Mn	Rs
1. Shermadavy	1	8	5 3/8	11	2	6 3/4
2. Brissmmadasem	8	0	4 1/4	4	11	1 1/2
3. Shenkirmmar conil	889	1	7 3/4	372	13	4 1/8
4. Streevilly Sooattoor	290	24	1/8	474	18	6 1/2
Total	972	49	5 1/2	859	5	2 1/8

In the two Northern Talooks Streevilly Sooattoor and Shenkirmmar conil, where there is little or no river irrigation, the unfavorableness of the season was felt in its full force. The decrease in the cultivation amounted in these two Talooks to S.C. 3,431—15—3/4 and of the land that was cultivated S.C. 957—4—3 7/8 suffered from drought, and S.C. 847—11—2 5/8 obtained remission for short produce.

In the cultivation of Punjah Inail Poonjah and Vompyre, assessed with Punjah Teerwah there is an increase of S.C. 107—10—1/4 arising from certain lands watered by

by Wells having been cultivated to a greater extent in this than in the last year.

5— The season was favorable for Poonjah cultivation. The rains which fell in the months of August, September and October, before the setting in of the North East Monsoon enabled the Ryots to extend their Poonjah cultivation beyond the cultivation of last year. There is consequently an increase of Chains 5,092 32/64 as shewn in Table No. 4.

No. 4 Poonjah.

The

7. The unfavorable nature of the season for both Cars and Peshanums, and the consequent decrease in the cultivation and produce as also the occurrence of drought and short produce in Peshanums, caused a rise in the Nerunk as shewn in Table No 6.

8. The Revenue derived from all the different sources, are exhibited in one view in the following Table No 7, shewing an increase over last year of Rupees 22166-4-4 which has arisen chiefly from an extension of the Poonjah Cultivation and the advance in the prices above mentioned.

Fort St. George, 7th February 1853.

To

The revenue derived from the

No. 9 Nunjah warapat Aumany Villages for Fusly 1260 amounting to Pagodas 1021.10.4 as per margin, is considered entirely free from Drought, as the cultivation of Fusly 1261 exceeds that of Fusly 1260, as per statement, by Pagodas 722.2.1 increase.

2— 2— 1 "resulting from the increase

Cultivation, Maniyarem and Peruck

of the Fusly as per Particulars

under this head as Pagodas 328.3.8

in Double Sfo 9. The cause of

the nine in the Peruck have already

been explained. The increase

in cultivation is attributable to the

fact that the Ryotwar system

generally in the Northern Districts,

the Ryotwar Division, that of Cuddapah

Fusly was even worse in Comparison

Cultivation, Maniyarem Lands that were

left waste during the last year

cultivated this year.

No 14.

1788

York Co. Georgia, } 4th February 1853.

I, Thomas Gregory, a Deacon of Upson Baptist Church under this Heads. The number of unprofitable trees having been greater in this than any last year, caused a deficiency of Upson 2181 — 53 — The reasons being as great a number of trees on Pigeon lands having been made over to the Trustees for the Pigeon, and Hardy to become described for trees having been entirely removed from the Town, and others rotted lower under Orders from the Board of Upson Pierce.

Thomas Gregory

Clerk.

To
W. H. Bayley Esqr
Secretary to the Board of Revenue.
Fort St. George.

Sir,

With reference to the Contract of Messrs. Cumbaloteen for the supply of Coir Yarn from the Proceedings of the Board of Revenue dated 9th Ultimo in which the Board of Revenue to Government my application of the 12th November and 29th December 1852 and as the Government may desire to know how the grant of 500 Rupees sanctioned on the 29th July last has been disposed of I beg to report for the information of the Board and Government.

2. To avoid delay and commence at once as useful an object of Education as any such a Room in the Town, and have had an English School Master at work with nearly 50 Scholars since July last. Meantime the new School house in a central spot is nearly completed, and will be occupied I hope by the 1st Proximo.

3. It is a very suitable site and spacious Building capable of holding

1802

Enclosed for inspection & return requested.

Fort St. George 7th February 1853.

holding 70 or 80 Children. Completed on the & enclosed Estimate and Plan kindly supplied by Captain Ludlow, the whole cost / beyond the & 500 granted by Government / having been & borne by the Native community.

4. All classes, including Brahmins and East Indians attend, and no objection is made to any kind of useful Book or knowledge put before them. The Master has 80 & Rupees per month and a share of School fees the whole monthly cost being defrayed by subscriptions from the European and & Native community without any aid from Government. The School with the exception of the grant of Government (500) & for the Building, is therefore a private one, and under my own superintendence, and was originated by myself. I beg also to enclose a copy of the Circular issued at the time of & founding the school.

Coimbatore,
2nd January, 1853.

(Signed) E. B. Thomas
Collector.

Ordered that the foregoing letter be submitted with the following address.

No. 60.

(29.30)

To, The Chief Secretary to Government.

B. No. 299.

To the Chief Secretary to Government

Submitting a letter from the Collector of Coimbatore, dated 9th December 1852.

Sir,

With reference to Extract from Minutes of Consultation dated 30th November 1852, Revenue Department No. 1152 I am directed by

1807.

Fort St. George 7th February 1853

of Coimbatore reporting the progress made in the Establishment of an English School in the Town of Coimbatore.

Read 7th Feby 1853

the Board of Revenue to submit for the information of the Right Honorable the Governor in Council the accompanying letter from the Collector of Coimbatore dated 2d January 1853. reporting the progress made in the Establishment of an English School in the Town of Coimbatore.—

2. In July last Mr. Thomas hired a house and commenced the school with nearly 50 Scholars. A substantial and permanent building has been constructed at an Escpense of upwards of twelve hundred Rupees 500 of which were granted by Government under date 27th July last and the remainder contributed by the Native Community. The new school room is calculated to accommodate 70, or 80 children and it was proposed to occupy it from the 1st Instant.—

3. The current expences of the Establishment are paid by subscriptions from the Europeans and Native Community the Education afforded, as notified to the public, is of a sound useful and general nature with moral and Christian instruction and no objections appear to have been raised to any kind of useful Book or Knowledge introduced.— The Tuition fee is 1 Rupee per Mensem for each Boy in the 1st Class, and half a Rupee in the second.

4. The Board are glad to observe that the exertions of Mr. Thomas in the cause of Education have been so successful.—

Board of Revenue

Sir,

I have the honor to forward a Petition from certain female Geomiahdars praying that they may be relieved from the operation of the rule enjoining the personal appearence of Female Geomiahdars above the age of 50 at the Office of the Collector to enable them to draw their Pensions, and at the same time to submit a letter from the Government Agent at Chepauk giving cover to a communication from His Highness the Nabob of the Carnatic forwarding a report from his Dewan testifying to the existance of the parties in question and to their being persons unaccustomed to appear in public.

2. Under the Circumstance stated in the report of the Dewan, I would recommend that the prayer of the Petitioners be complied with and they be allowed to participate in the indulgence extended to persons of their Class under the orders of Government dated 18th February 1851.—

(Signed) W. Stokes
Ag. Collector

Madras, 21st January, 1853.

No. 1

No. 74 of P. C. S.

To

R. S. Ellis Esqre

Officiating assistant to the Collector of Madras.

Sir,

In reply to your letter of the 4th Instant I do myself the honor to annex Copy of the reply received from His Highness the Nabob of the Carnatic and of the report of the Dewan that His Highness alludes to. The translation of which I give on the Margin.

The original petition I beg to enclose.

(Signed) E. G. Balfour

Government Agent.

Government Agent's Office
19th January, 1853.

His Highness the Nawaub of the Carnatic &c. &c. &c. presents his compliments to the Government Agent and in returning the accompanying letter of R. S. Ellis Esqre. Officiating Assistant to the Collector of Madras with the Petition therein alluded to received in Mr. Balfour's Note of the 6th Instant, begs to transmit the enclosed report from His Highness's Dewan on the subject.

The Nawab's Palace,
17th January, 1853.

(Signed) Mahomed Ally

Secretary to His Highness the Nabob.

(A true Copy)
(Signed) E. G. Balfour

Government Agent.

Resolved

* The three individuals mentioned in the enclosed petition are alive in Madras and I am acquainted with them. They are respectable people of rank and importance and never appear in public.
15th January 1853 (Signed) Madar Ool Omrah Dewan of the Durbar of the Nabob of the Carnatic.

* Requested to be returned.

Fort St. George 7th February 1853.

No. 59.

Resolved that the foregoing letter with its enclosures be submitted for the information and orders of the Right Honorable the Governor in Council.

2. From the documents submitted in this case, it appears that the three Female Geomiakdars noted in the Margin, who are now residing at Madras, are relatives of the Jaghiredar in the Taluk of Polore in the North Arcot District, that they are known to the Dewan of His Highness the Nabob of the Carnatic, who certifies to their existence in a Report forwarded to His Highness on the subject and moreover states them to be persons of rank and consideration and unaccustomed to appear in Public.

3. Under the special circumstances of the case, and with reference to the orders of Government dated 3d December 1850 No. 1139, the Board of Revenue begs to recommend that exemption from personal appearence may be allowed to the three Female Geomiakdars above mentioned, on the understanding that the Collector will adopt such measures from time to time as may appear expedient for satisfying himself of their existence.

Resolved.
