Before however making any further payment in the first of these cases the Collector of Masulipatam will fully satisfy himself that no allowance is drawn by No. 87 of Mr. Oakes' Register Z at the Rajahmundry Treasury as there seems to be some doubt on that point. The Civil Auditor will also be careful in auditing the accounts to see that no double payment on

Fort St. George 28th October 1850

on the same account occurs at the Treasuries of the two Districts.

2. It is expected that on the death of any of the present incumbents occurring, the Collector will submit, with the application he may make for the renewal of the allowances a full report of the circumstances of the case together with a copy of the certificate granted in lieu of the Sunnud — which, it is observed, is not furnished with the papers now laid before Government, though allusion is made to it in the Board's Proceedings and Collector's correspondence.—

3. Under the further information afforded by the Collector in Paras 2 to 4 of his letter to the Board dated 12th August last, as well as in Paras 5 to 8 of the Board's Proceedings, the Governor in Council sanctions the sums paid in Fusly 1252 to the undermentioned Pensioners, relatives of the late Hoosain Ally Khan, and also the continuance of the

as sanctioned 1st October 1822.

4. In a Note contained in para 2 of the Collector's letter, in reference to the payment made to † Meer Hyder and Meer Fakruddeen it is stated that "the allowance is now drawn in the names of three individuals sons of the deceased, the third being Meer Jaffer." If this was the arrangement adopted on the death of the Original incumbent, the

the Collector should have exhibited in his accounts the names of all three parties to avoid any future misapprehension as to the number actually participating in the allowance, but if the name of Meer Jaffer was only lately added, it should not have been done without the sanction of Government to whom the cause of the previous omission should have been fully explained. The Government desire that the three names and the proportions drawn by each party be henceforth borne in the accounts and be communicated by the Collector to the Civil Auditor.-

5. With reference to Para 9 of the Board's Proceedings the Right Honorable the Governor in Council directs that the payment of the proportion of the allowance enjoyed by the late Meer Mahomed Ally be suspended from the date of last payment, and that the circumstances of his family should he have left any, be reported for the orders of Government.-

Para 1.

The Right Honorable the

Claim - Requesting the Board to ascertain in reference to Extract Minutes Consultation dated 20 September 1850 whether alienation of Mauniums coming under Regulation VI of 1831 are permitted in Cuddapah where the Emoluments and duties of Office have got together and whether such practice should not be prohibited.-

the Governor in Council agrees with the Board of Revenue that the Petitioners in No. 1609 of 1848 have no reasonable ground of Complaint, and he resolves to pass the following Endorsement upon their Petition.

"From the report of the Collector of Cuddapah on the subject of this Petition it appears that the Complainants have failed to establish any good title to the lands which they claim."

2. It is observed that in para 3 of his letter of 28th August 1850, the Collector states that "alienation of services Jaghire mauniums falling under Regulation VI of 1831 is inadmissible, and documents by by which such transfers from the families of original grantees are effected are invariably cancelled when they do not carry with them the obligation of service." The Board of Revenue are requested to ascertain in reference to Extract Minutes of Consultation 20th Ultimo No. 892 whether alienations of Mauniums coming under the provisions of the Regulation referred

referred to are permitted in Cuddapah when the emoluments and duties of Office pass together, and if so, whether such practice should not henceforth be prohibited.

the Merchants who used to resort to this Division for Salt were obliged to make their purchases in the neighbouring Division of Paukala, but in Fusly 1259 the Salt stored in Pauduty having been equivalent to the quantity required for sale there was an increase there for the year under review and a proportionate decrease in the Paukala Division.

6. The Salt in store in Toomala: pent a Cottaur of the Eskapully Division for Fusly 1259 failed in the month of February. There is therefore a decrease in the Sales in that Cottaur amounting to Rupees 5,433-4-10 as shown in the margin, but the increase derived in the other Cottaurs being deducted therefrom the Nett decrease in this Division amounts to Rupees 4,404-10-0.

7. The Merchants of Ravoor and Vencatagherry who are in the habit of resorting to Kristapatam and Doogarauzpatam for Salt having exported Turmaric, Ginger and Pulse to Madras purchased Salt in the Tadda Division which

(which is on their way Home) which occasioned a decrease in the sales of Salt in the two former Divisions and in increase in the latter.

8. The decrease in the Home sales is partly occasioned by the orders issued in accordance with the Boards instructions which prohibited the sale of Salt in quantities less than 20 Mercals upon which subject I addressed* the Board and subsequently received further directions (less than 20 Mercals) It also has arisen from parties in the Cuddapah District bringing Earth Salt for sale at a reduced price in the Villages of this District - some of these individuals have been apprehended and punished But as the Board have stated in their Proceedings dated 21st January 1850 that the subject of Earth Salt is under the consideration of Government it does not appear necessary to bring the matter again to the Notice of the Board.

10. From the above Statement it appears that there is a large decrease amounting to Rupees 22,56 in the Pauduty Division. This result as shown in the Margin has arisen in consequence of the Merchants who resorted in this Division for salt in Fusly 1258 from Hydrabad and Kurnool

Kurnool having failed to do so in Fusly 1259. Individuals from that part of the country will not come for salt as long as they have any of it in store undisposed of and they are moreover likely to be deterred if the Country is suffering from want of rain and incapable of affording Pasture for their cattle. There is also a decrease in the sales of salt to Petty Merchants making a total Decrease in this Division of Rupees 23530-4-8.

11. The Merchants of Cuddapah and Bellary are in the habit of resorting to the Pankala Eskapully and Kristapatam Divisions for salt, but as the Manufacture of Earth Salt in those Districts is carried on extensively and the season in this District has proved unfavorable and unhealthy to cattle many of them have kept away and thus occasioned the Decrease in the Division in question.

12. An increase of Rupees 1402-5-11 on the other hand appears in the Doogarayapatam Division occasioned by the accidental arrival of Merchants from Vencatagherry who after disposing of their goods took back salt for sale in Districts

Fort St. George 28th October 1859.

Districts to the west.

13. As the sale of salt in the Cottaurs of Reddypaulem in the Chittoor District and Soonapeegoonta in the Chingleput District was discontinued for a time in consequence it is believed of an investigation that was being made into the Malpractices alleged to be carried on there, some of the Merchants who used to resort to the Cottaurs in question purchased Salt in the Sodda Cottaur and thus caused an increase of Rupees 21,216-2-3 in that Division.

To

14529. Fort St. George 28th October 1850.

26. The decrease is occasioned by there having been no Imports of Rice or Paddy at the Ports of this Districts in consequence of the low prices of Grain during Fusly 1259.

27. The increase in the Extra Collections arises from the Sales of Floated wood.

28. Although the Export Duties have been abolished the usual Accounts are still prepared and in consequence the outlay attending the Keeping up of the Establishment entails a loss. I have however submitted a separate Report to the Board upon this subject proposing a reduction in the present Establishment.

33. The tax on Fisheries which was heretofore included under the Head of Moturpha having been with reference to the instructions of the Board dated 27th November 1848 transferred to the Head of "Sundry small Farms and Licences" and parties in the Sub Division who were liable to pay the Moturpha Tax having either absconded or died there is a decrease in the Moturpha Demand of Rupees 306-14-- on account of the former item and Rupees 34-3-3 on account of the latter making together Rupees 341-1-3. The same reasons have tended to cause a decrease in the Collections

34. Of the Current Balance Rupees 338-7-11 Rupees 143-7-- were collected up to the 20th August leaving a balance of Rupees 195--11 from which deducting

35. The arrears up to Fusly 1258 as shown in the Margin amount to Rupees 701-6-6. The Sub Collector has submitted a report recommending that a portion of this amount due by parties who have died or absconded and by persons whom it would be just entirely to exempt from this Tax, should be remitted, a separate Report relative to this subject will be shortly submitted to the Board.

Sir,

I have the honor to acknowledge the

Ex-

the receipt of your letter of the 19th September No. 196 of 1850 in reference to an Extract of a letter on the subject of the preparation of weather Maps.-

2. There can be no doubt of the excellence of your suggestions in reference to the employment of the purposes of observation of Men of Education and intelligence and likely to remain for some time at the station, acting on this principle the whole of the Civil Surgeons in the Bombay Presidency and a very large number of those in Bengal have been directed to make observations such as those desired. Copies of the results to be sent to me.-

3. In these cases Instruments are supplied at the public charge. I have no doubt that the Madras Government will if applied to follow the same example of the other Governments of India in a branch of research in which it has so often

often so honorably led the way.-

To secure accuracy and uniformity the Bombay Geographical Society orders as required supplies of Instruments which it sells at prime cost but neither are my own means nor those of the Society adequate to meet the charge of Instruments such as are required in connexion for investigations intended exclusively for the public benefit.-

honor

honor to inform you that as I considered the object you desire would be more readily attained and the returns be much more correct and careful if the observations were made by men of education whose occupations enabled them to remain constantly at one station than if they were entrusted to Tahsildars or such Native functionaries, I addressed the Depot Surgeon at Poonamalee and the Zillah Surgeon at Chingleput (stations in this Collectorate and about 30 Miles from each other) on the subject, when they expressed their willingness to undertake the observations if supplied with requisite instruments.-

To the Chief Secretary to Government.

Sir,

I am directed by the Board of

of Revenue to forward for the consideration of the Right Honorable the Governor in Council the accompanying letter and Enclosures from the Collector of Chingleput.-

2. The Board consider themselves hardly competent to give an opinion on the nature and number of Instruments required for meteorological investigations, but the question seems to be whether private individuals are expected to supply themselves or whether Government will supply them.-

3. It is possible that the subject may have been brought before Government in the Military or Medical Departments, the Board will only therefore observe that Chingleput being so near Madras is a District where observations are not of so great importance as a detailed Register is kept at the Honorable Company's Observatory, at all events that it can hardly be necessary to have instruments provided both for Chingleput and Poonamallee.-

	Compensation in lieu of Resumed Lands Offices and Privileges, Pensions paid to Duttamaniendars in Fusly 1256.-		Nos. 31 and 33. Are returned for want of the Sanction of Government in consequence of Arrears of Pensions for Fusly 1254 included in these disbursements being for a period respectively exceeding six Months.	Nos. 31 & 33. These pensions were not paid half yearly as supposed by the Civil Auditor, but annually under the general discretion granted by Government in their order of the 31st January and 11th April 1842, and the payment here objected to was in arrear for Fusly 1254 exceeding the prescribed limit no similar payments will be made in future without previous sanction being obtained. The Acting Collector Solicits special authority for this disbursement to enable him to communicate the same to the Civil Auditor.-

Proceedings thereon.

29.30

Resolved that the letter above recorded together with its Enclosure be submitted for the orders of the Right Honorable the Governor in Council.-

2. The objection of the Civil Auditor to pass these payments is grounded on the 5th. of the Yeamiah Rules sanctioned by Government on the 21st. December 1840 that "if payment of a Yeamiah be not "claimed within 6 Months from the date of the last payment it shall not be continued or the Arrears discharged without the special Sanction of Government.

3. The Acting Collector is in error in supposing that the general sanction of Government conveyed in the orders quoted in Column 5 of the Enclosure to his letter was intended to affect the mode of payment which previously existed and to make in each case only one payment annually. The orders in question were only intended to fix the Amount payable no matter in how many instalments) in one year.-

4. Under these circumstances the Board of Revenue recommend that the sanction of Government be granted for the undermentioned payments retrenched in the Collectors' Accounts.-

To

Sir Fort St. George.

From the Collector of Madura Reporting on the Valiaputty Zemindary.-

1. With reference to Mr. Whites letter of the 25th. May 1847 and the Proceedings of the Board under date the 15th. June 1848, I have the honor to submit 3 Statements supplying further information to enable the Board to judge of the reduction to be made in the Peishcush of the Zemindary of Valiaputty with a view to it's being restored to the Zemindar.-

2. The present Peishcush Amounting to Rupees 14,849-3-10 was fixed at Rupees 70 per Cent of the settlement of the single Fusly 1213 and the Estate is one of those classed as unsettled. The necessity of a change therefore is not surprising nor probably unlooked for at the time the Peishcush was calculated.-

No. 1. 3. The Zemindar furnished me with an abstract Statement of the settlement from Fusly 1213 to 1225 when it was in his possession, copy of which I enclose.- He himself however considered it untrustworthy and the Board will at once perceive that it is useless, the settlement of Fusly 1213 which was 2,1213 being set

set down as only 15,551- 2- 6.- As the Zemindar states that he has no other accounts those written since Fusly 1226, under the Government management are alone available.-

4. When the Estate came under Government Officers in Fusly 1226 it was in a very depressed state, the settlement of that year being only 11,417- 4- 6. not much more than half of the settlement of Fusly 1213 and considerably below the Peshcush.- There was but little improvement also for the first 17 years, the average of which was only 11,884- 3- 2. From Fusly 1243 the settlement has maintained a higher level the average of the 17 years to Fusly 1259 inclusive being Rs. 17,648: 6: 1 and the Revenue of the highest year 1245 Rs. 20,493. 14- 8. about 700 Rupees below the settlement of Fusly 1213.-

5. The original falling off in the Revenue was owing to a decrease in Ryots from fever; and my enquiries lead me to the conclusion that the same causes still operates to retard it's improvement.- A fact which is borne out by the Population Return.-

6. The Zemindary lies under some low Hills. Of it's continued insalubrity I had a most convincing proof at the beginning of last year.

year when, of the Public Servants deputed to examine into an accusation of concealed Cultivation several died, and nearly all were attacked with fever.- The Board will see from the statements that there is a progressive improvement which in the course of a few years will probably render the Estate able to bear the original Peshcush: but for the present it appears to me that there must be some abatement; and I would propose to allow the Zemindar to hold it for 5 years commencing with Fusly 1260 at a Peshcush fixed at 70 per Cent on the average settlement of the last 10 years and then to exact the full amount fixed by Mr. Hurdis.-

+ Average settlement of 10 years 17,681---6- 70 per cent thereof - } 12,376- 11- 6-

7. I consider that the Proprietor could not possibly afford to pay up the arrears of Peshcush amounting to Rupees 1,21,526. 15- 5. and that their remission is essentially necessary to enable him to undertake the management with any prospect of success.-

8. The Villages of the Madacolum Talook adjoining the Zemindary have recovered the effects of the Epidemic fever of Fusly 1219 and 1220, but they are not situated so near the low Range of Hills.

9. The accounts required to enable me to report on the remaining Zemindaries are ready; but it will be convenient that I should ascertain whether the information is considered sufficiently by the Board before addressing them relative to them.-

E. E. P.T. Signed R. D. Parker

Ordered that the foregoing letter and the previous correspondence upon the subject be submitted with the following address—

Collector

Sir,

31.32

To the Chief Secretary to Government

I am directed to forward herewith for the information of Government a letter from the Collector of Madura &c. dated 31st July 1850 with its enclosures, regarding the claim of the Pandaram of Tirupparankundram to the Choultry Allowance of Rupees 10 per annum, and to request that the opinion of Government may be communicated to the Board of Revenue in order that the Collector may be furnished with the necessary instructions for the guidance of his successor in office.

I am &c.

Fort St. George 28th October 1850.

Chief Secretary to Government

To Government 5th November 849
Para 15 following.

arrears in Fusly 1226, and has since continued under the management of the Government Officers.

Mr. Parker for reasons which the Board will more fully consider in the subsequent Para recommends that the Estate be made over to the Zemindar for five years from Fusly 1260 on a Peishcush fixed at 70 per % on the average settlement of the last 10 years to be then raised to the original Amount; thus concurring in the main with his predecessor Mr. Blackburne, who it will be observed though proposing "with great diffidence" a permanent reduction of the Peishcush on the above mentioned computation thought it desirable, to reserve the right of some fixed portion on all waste hereafter turned to account as timber land or by Cultivation.

Average Settt for 10 years 17,681
70% 12376

From Principal Collector 11th February 1847.

This Pollium in common with the entire district suffered severely from fever in

Fusslies

Fusslies 1219/21 and to this visitation no doubt is to be attributed the very depressed condition in which the Estate fell under the Management of the Government in 1226. Mr. Parker is of opinion that such unsalubrity more or less operates at the present time in retarding the improvement of the Pollium, supporting his remarks by a reference to the Population Return in Enclosure 3. He gives a remarkable instance of the unhealthy nature of the climate in Para 6 of his letter dated 31st July.

the wet Cultivation has increased more than two fold, a result arising probably from improvements in the works of irrigation since it came under Circar Management, as exemplified in Statement A drawn up in the Board's Cutcherry. This Statement and the particulars specified in Enclosure 2 from Collector 31st July, sufficiently demonstrate the beneficial consequences springing from Circar Management for so long a period. The unhealthy nature of its climate may probably have interfered with the prosperity of this Estate, but this fact, the Board conceive, also serves in a very great degree to keep the Government Officers unacquainted with the actual resources of the Pollium, and in their opinion it is probable that its available assets are not fully brought to account in the Settlements.

34 years.

From the Marginal Statement it will be seen that the Estate has progressively improved under Circar Supervision, and exhibits every reasonable appearance of reaching its former Summah in a few years. The average Settlement of the last 4 years indeed has been Rs 17,885 leaving 20 per % above the Government Demand Peishcush

(Peishcush) as surplus in favor of the Estate, and would thus provide a fair remuneration to the Zemindar.

More than a moiety of the Estate is waste though Cultivable, and the waste at the survey was not assessed and as Enclosure 3 and Statement A shew generally a steady increase in the Population, Cattle, Ryots and sources of irrigation, the Estate may be said to possess all the elements conducive to prosperity. Under these circumstances they view the Collector's proposition "to allow the Zemindar to hold at Peishcush for 5 years commencing with Fusly 1260 at a Peishcush fixed at 70 per Cent on the average settlement of the last 10 years and then to exact the full amount fixed by Mr. Hurdis" to be most liberal. The position of the unsettled Polliums of Dindigul has been fully explained to Government and it remains that the Honorable Court should determine whether the Zemindary Tenure shall be extended to these land in accordance with their letters noted in the Margin; or whether the Poligars shall

No 1.

Translate of a proposed Plaint to be instituted at the Civil Court of Madura by Caudal Seshas Row Government Vakeel on behalf of

Plaintiff
R. D. Parker Esqre
Collector of Madura.

Defendant
Chockalingom Pillay son of Ferovumbalem Pillay residing at Vadakkur Falook Partiba noor in Shevagungah.

This is an action on behalf of the Guardian to the Minor Zemindar of Shevagunga for

for recovery from Defendant of Rupees 10930-2-4 being the loss incurred by his Ward in consequence of the Defendant having failed to abide by the Conditions of a Kararnamah executed by him.

1. On the 25th May 1849 when the Mailvarum Paddy produce of the said Zemindary for Fusly 1258; after deducting the quantity assigned to the Sibbendies &c was put up to public outcry in presence of the Collector of this District as Agent to the Court of Wards, the Defendant purchased the Mailvarum paddy of the Falook amounting to Collums 23,890 — Mcs 7 — Mds 3 1/2 that of Aroorvuttagay Sheroosppovanum amounting to Collums 19,641 - Mcs 8 - Mds 3 and that of Amaravaty amounting to Collas 34,941 — Mds 6 — Mcs 5/2 the two first at Rs a 1 3 - - and the last at one Rupee the Collum; total Columns 78,473 — 11 — - and executed a Kararnamah under date the 2nd June 1849 before the Collector binding himself to pay into his Cutcherry within 30 days the usual Earnest money and Deposit and stipulating that in default thereof the Collector should be at liberty to resell the paddy, and the Defendant his heirs and assigns excluded from any right to any profit derivable from such resale, and at the same time be answerable for any loss accruing therefrom. The

Defendant

Defendant having failed to pay up the Earnest money & Deposite though allowed time for the purpose, the Collector after publishing a notification caused the said Paddy to be resold in his presence under date the 9th July 1849 - when one Kerthumayenah Mercoy of Keelakaray purchased the Paddy of the Auroorvuttagay talook at 1 - 0 - 6, one Auspathavonnien of Shevagungah that of Amaranuty at 0 - 14 - 3, and one Rockuppen Shairvay of Shevagungah that of Firspavanum at 1 - 0 - 3 per Collum; the aggregate value amounting to Rupees 75,706 — 1 — 7 which left a deficit against the Defendant of Rupees 10,930 — 2 — 4 below the amount of the original sale Elizt. Rupees 86636 - 3 - 11 as per Memo: subjoined.-

Talooks.	Original sale. Quantity of Paddy.	Value.	Deduct amount of resale.	Loss.
	Collums Ms. Gns. CRs. a. p.	CRs. a. p.	CRs. a. p.	CRs. a. p.

Total	78473 11 -	86636 3 11	75706 1 7	10930 2 4

2. On a reference made by the Collector to the Court of Wards on the subject he was authorized on the 6th September 1849 to abstain from calling upon the Defendant to make good the resale on his paying a fine of 500 Rupees.-

3. The indulgence granted by the Court of Wards was communicated to the Defendant as soon as his presence could be procured, and on the 15th March 1850 he gave an agreement before the Collector to pay the said fine of 500 Rupees within 3 Months, and in default, to be responsible for the loss sustained on the abovementioned resale.- Although the period allowed has long expired the Defendant has not paid the said fine; but has absented himself from his usual place of residence apparently to evade it, under which circumstances I am instructed by the Court of Wards to bring this Suit to recover the amount of loss by resale as stated above and pray the Court to decree the same to the Shevagungah Zemindar.-

Proceedings thereon.- The Court of Wards grant authority for filing the Plaint against Chockalingom Pillay in the Civil Court for recovery of the fine of 500 Rupees sanctioned

sanctioned in their Proceedings of the 6th September 1849. The Suit would be preferred in the name of the Guardian - its results should be reported for the information of the Court of Wards and the costs if any be adjudged against the Guardian should be defrayed from the surplus proceeds of the Estate.-

Tippaya presiding at Cottesheswar Cundapoor Village in Cundapoor Talook.
Plaintiff.

H. M. Blair Esqre Principal Collector of Canara.
Defendant
T. L. Blane Esqre Collector of Canara
Suppl. Defendant
by Vakeel Venkatashy

This was an action brought to establish Plaintiffs right to a certain spot of land called Mylarcana Leddo which

Fort St George 28th October 1850

which the Defendant has declared to be Government property. The produce claimed is valued at Rupees 36-"-"-

In the Plaint Petition the Plaintiff claims the said piece of land on the grounds of it's forming part of his Wurg Mooly No. 23 of H. 9-7-2 Berij, registered formerly in the name of his grand father Mylaria and latterly in that of his Uncle Venkappia situated in Cottesheswar Cundapoor Village Cundapoor Talook.

He states that being a minor when his ancestors died he proceeded above the Ghauts and lived there with his relations, that the said Estate situated at Cundapoor had been leased to tenants. That in Doomee Ky 1836 he / Plaintiff / leased the said piece of land called Mylaria na Jeddoo to one Nanna Caranta and Rama Krishna Caranta on Mooligheny / perpetual lease / that upon this one Defsadary claimed the land as belonging to him, but upon enquiry the Mahazumnamah of the Villagers the accounts of the Revenue Department and the proceedings held, fully proved that the said

said piece of land formed part of his [illegible]
/Plaintiffs/ Mooly Wurg No 23. That on the fa
of all this evidence however the then Sub-Colle
Mr Mallby pronounced the ground to be
Surcar waste. That upon this he /Plaintiff/ ap-
plied to the Principal Collector Mr Blair
praying that the piece of land in question
might not be struck off his Wurg, but
that if it was a proportionate deduction
might be made in the Berij of his Wurg.
That upon this a further enquiry took
place, and the Tahsildar reported in
favor of his application, but that the
Principal Collector Mr Blair did not
take this recommendation into con-
sideration but confirmed the order of
the Sub Collector Mr Mallby and dir-
-ed that the land be struck off his
Wurg in the Revenue accounts. That he
therefore brought the present claim to
establish his title to the said piece of
land and to recover Rupees 36, net
produce of that land for 9 years
at 4 Rupees per annum being
the net rent he would have
received from the Moolgeny/
tenants

tenants Narna Caranta and Rama
Krishna Caranta.

The simple defence is
that the land in question is a Sirkar waste.

Plaintiff filed a reply, no
rejoinder was put in.

The Court recorded points
to be proved. the same were communi
-cated to the parties.

The Plaintiff cited 4 Wit-
-nesses Viz 1st Vencatramanya Record-
Keeper of the Taloor Cutcherry of
Cundapore 2d Vencatramanya Shanbhogue
3d Krooshnya and 4th Krooshna. The 1st Witness
was called to attend with all the accounts
connected with the Wurg No 23 and also with
all the proceedings connected with this
case on the records of the Taloor Cutchery
of Cundapore. This Witness did not attend
as his absence would prove inconvenient
to the transaction of public business
in the Taloor, but the accounts and
proceedings applied for were obtained from
the Collector, and the remaining 3 Witnesses
were examined.

The Defendant cited

2 Witnesses Viz 1st Sheshagiriappa and 2 Venkatramana Aythalla who were examined.

The Plaintiff presented a Petition pointing out the particular papers in the Record obtained from the Revenue Department, which he was of opinion proved his claim to the land in question.

The Civil Judge has examined with care the whole record of this case and will now proceed to pass judgment having previously briefly summed up the evidence adduced for and against the Plaintiff's claim to the land in question.

Plaintiff's Wung is an Inam or Grant by a former Government to a Pagoda but no deed of any kind has been produced neither is there any entry of any such deed on the Revenue accounts pointed out, there is consequently no documental proof that the land here claimed belongs to Plaintiff or that it is otherwise than is reported to the Revenue authorities and the oral evidence amounts to this that 3 Witness heard that the land in question belongs to Plaintiff's

Wung

Wung - 1st and 2d Witness Know nothing about the matter.

On the other hand the evidence for defence maintains that the land here claimed by Plaintiff is situated at the distance of 2 miles from Plaintiff's Wung is in no way connected with it, belongs to a different Village and has ever been considered as Sirkar waste. Moreover that neither Plaintiff or any of his forefathers ever occupied or enjoyed this land. It only remains to observe upon the two Punchayets alluded to by Plaintiff he maintains that both these arbitrations gave the claim in his favor but it does not appear that the Revenue authorities were aware that any Punchayet had ever been called to sit upon the question here before the Court and when the 2d arbitration gave their judgment, they formed it entirely on hearsay evidence given by Ramaya ayathala and Gungapa munja and it is evident that both these Punchayets and the Tahsildar when writing regarding this land treated the subject not as to whether the land in question was Sirkar waste, but whether the land belonged to Plaintiff or

to

ot to one Defsachary.

It is only necessary to state in conclusion that Plaintiff has failed to establish his right to the land in question and consequently his claim must be dismissed with all costs payable by Plaintiff.

To,

The Court of Sudr Udalut.

Appeal Petition presented by Sirmala acharry, Vakeel in behalf of Teppaya residing in the Zillah of Honore.

Being dissatisfied with the decree passed by the Civil Judge of Honore dismissing Appellants Suit No 1 of 1846 against the Collector of Canara claiming Rupees 36 being net produce and ground producing Rupees 24 I have preferred this appeal.

1 That the grounds on
claimed by me forms portion of my
Moody Warg No 27 is supported by the
entries in the Jummabundy and Hostwally
Chittahs from fusly 1225 to 1258 which are
the chief records for fixing a Berij by
the Puymaish Chittahs prepared in fusly
1245, by the awards of the Punchayet
named by the Sircar, by the reports
of the Cundapoor Talookdar No 686 and
67 alluded to in the awards by the
Jummabundy Puttahs from fusly 1217
and

and also by the entry in the Chittah that other persons Darkast for the disputed land could not be admitted without the consent of the Wungdar. All these important Sircar documents supporting my claim ought to have been mentioned in the decree of the lower Court according to Regulations, but the Civil Judge thinking that it will be impossible to reject such documents if they were described in the decree, has omitted to enter them in opposition to the Regulations. A mere reference to the Urzee admitted in the original decree to have been filed by me alluding to certain revenue documents, will shew the nature of these documents.

2. The said Documents clearly shew that my Wurg is an Inam estate and that the Attigated land forms a portion thereof. The observation therefore made in the decree that I should have filed the grant which cannot now be in

existence

existence and which is useless and unnecessary and that I did not adduce any documentary proof is not consistent with justice.

3. My land alone is not thus situated in the Village. Portions of one and the same mooly Wurg are situated at different and distant places. There are portions of Wurgs situated at a greater distance than my land is situated. The 1st and 2d Witnesses who are aware of my right to the disputed land have deposed that the land forms part of my Wurg and the 3d witness has stated the same. Such being the case the observation made in the decree that the evidence of 3d witness is hearsay and that the 1st and 2d Know nothing is improper and that the 1st and 2d Know nothing is improper.

4. If the disputed land was a Sircar ground, there was no reason for the Revenue authorities who act according to Regulations and Rules to give up their claim to it

and

and enter in the revenue accounts from the time of the commencement of the Company's Government that it is part of my Burg and to assemble a Punchayet in another case and cause it to pass a decree that it belongs to my Estate and this will be evident on a reference to the Punchayets award, the reports made by the Talvildar and the Revenue accounts. As the land in question belonged to me the Revenue servants annually examined the land, fixed its Hoolwally and Beriz in the Chittahs They continued to enter that the disputed land belonged to my Burg. Therefore the fact that the decrees were passed without taking into consideration the right of the Sircar to the land, is worthless.

5. The points which I was directed to prove have been proved by me. There is no documentary proof in support of the right asserted by Defendant and moreover one of his two witnesses is a Shanbog

Shanbog who entered in the accounts that the land in question formed part of my Burg. The 2d Witness is a Potail who signed the accounts, facts which are borne out by the revenue accounts. These witnesses are guilty of perjury they having now stated upon oath that the disputed land does not form part of my Burg and are subject to the punishment prescribed by the regulation. They are thus guilty and are Defendants servants and on their evidence the Statement of Defendant is admitted and my claim is dismissed as not proved and further I have been charged with all costs. This is quite unjust. The Beriz on the disputed land is continued to be entered in my Burg and the decree of the lower Court dispossesses me of a ground which has been

been successively enjoyed and entails upon me a heavy loss

I therefore pray that the original proceedings may be referred to, that the original decree may be reversed and if necessary further proof may be received from me and that a fresh decree may be passed awarding the property claimed in the plaint.

Draft of an answer to Appeal suit No 9 of 1850 preferred by Seppaya before the Court of Sudr Udalut

1 The Appellant seeks the reversal of the decree passed by the Civil Judge of Honore dismissing his claim to a Sircar waste land producing annually Rupees 24 with Rupees 30 being net produce for 9 years.

2 The answer to the original suit enters so fully into the merits of the case that it is only necessary to request a careful perusal of that document. The Appeal petition amounts to little more than a Statement that the Appellants case was proved by documents and witnesses which the lower Court has rejected.

3 Upon these documents it is only necessary to offer a few remarks which the Respondent will preface by remending the Court that the Appellants claim is to a piece of waste land situated 3 miles from his cultivated fields of which he is not in possession and to which his alleged title has been resisted by no less than

than three different parties whenever he has endeavoured to exercise it.

4 It may be stated at the outset that the only title under which the Appellant can or does claim the land is that of a grant from the Government, and the question is, has he produced any such grant or any evidence in lieu of it.

5 The Respondent urges that none of the documents produced by the Appellant are of this nature, or in any way such as can form the foundation of a legal claim.

6 The Appellant states that his claim is supported 1st by the entries in the Jummabundy and Wootnally chittahs from Fusslies 1225 to 1258, 2dly by the Paymaish or survey Chittah prepared in Fusly 1245, 3dly by the awards of the Punchayet, 4thly by the Tahsildar's reports Nos 687 and 67, 5thly by the Jummabundy Puttahs for Fusly 1217 and lastly by the entry in the Chittah rejecting the application

of Darkast of other persons for the disputed ground.

7 Upon each of these documents it is necessary only to offer a few remarks.

1st The Chittahs are merely a set of Jummabundy accounts annually drawn out by the Shambogs on the Statements made by the Wurgadars just before the commencement of the Tahsildars preparatory Jummabundy. These Statements of the Shambog and the Wurgadar himself are noted down by some of the Gomastahs in the Chittahs of each individual Burg to enable the Tahsildar to regulate the assessment with reference to the state of the Burg. These notes or entries are not made after any regular enquiry either into the actual capabilities or extent of the lands. These entries are made annually, but often for some years they continue to be the same according to the Statements made by the Shanbog and the proprietor without the slightest change. Thus all occurrences or either true or otherwise respecting each estate are recorded in a series for a mere reference.

The

The absence of any former record or accounts shewing the proper area of land and the true assessment imposed upon it in this district has compelled the Revenue authorities to have recourse to this system of collecting information from the Shanbogs who are generally in fact themselves Ryots.

8. The value of the Chittah is therefore merely this. That the Shanbog chose to think, or was told by the Wurgadar or heard in the Village that a certain spot of ground was included in his Wurg. It is a mere Statement prepared to be submitted to the Collector nor can it in any way be substituted for a formal grant or for legal evidence as to the existence of such a grant.

2d The Paymaish Chittah. Is much of the same nature. It was prepared in Fusly $\frac{1245}{1835/36}$ when an enquiry was made into the capabilities of estates failing to pay the full Government demand. The Village officers included this spot in the survey of

of the estate although a dispute had before this arisen in consequence of the claims of other parties to the same spot. To admit such a document as evidence would be simply to declare the subordinate officer who made the survey a judge to declare to whom this land should belong.

3dly The awards of the Panchayets. It is sufficient to observe that these Panchayets were not called upon to decide any point in which the interests of the Government were supposed to be involved. Even if they were legally assembled, which is doubtful, their decision could be of no avail in the present case and the Respondent urges that they were properly summarily rejected by the lower Court.

4th The Tahsildars reports These could at the most only amount to an expression of opinion by a subordinate Officer as to a question foreign to that now at Issue, Viz, whether the plaintiff or another party had shewn most right to the land. They are

are of no value whatever as legal documents

5th The Jimmalamudy Puttahs

The Respondent is not aware that any such documents have been filed, nor if filed could they throw any light upon the present claim.

6th The refusal of another party's offer for the land. This is a plain misrepresentation. The estate on which the land in question is now said to be included failed to pay the full assessment, the offer made by the third party was to undertake the whole estate and to bring it up to the full assessment.

9 Having offered these few remarks upon the several documents which have been presented by the Appellant. The Respondent has no hesitation in stating that there is not one upon which the Appellant can found a legal claim to this land. The Respondent is satisfied that there is not one upon which the Court will deem that the land does not belong

to the other claimants, that it does not belong to the Government, and that it does belong to the appellant.

10 The absence of an original survey, the intermixture of estates and their undefined boundaries have given rise to a regular system of encroachments upon the rights of Government which generally as in this case commences with a real or pretended dispute between two parties neither of whom has any right whatever to the land.

11 Almost any shadow of a claim has been respected by the Revenue authorities and this generosity of the Government has been grossly abused. But whatever course the Government might see fit to take as a matter of generosity or indulgence the Respondent urges that the appellant has not shewn a single summd or legal documents of any Kind which entitles him

him to appear in a Court as a suitor for this land.

12 He therefore prays that the decision passed in the original suit may be affirmed.

which the Collector proposes to put in.

2. The object sought by Plaintiff in the original suit was to Establish his title to a piece of land alleged by him to form part of his Wurg but resisted by the Revenue authorities upon the ground of its being Circar Waste as stated in the Board's letter to Government of the 29th October 1845.

3 The Decree of the Civil Judge nonsuited the Plaintiff with all Costs he having failed to Establish his claim by any document, or to prove that either himself or his forefathers ever occupied or enjoyed the land.

4 In his Appeal the Appellant urges that his claim was proved by documents and Witnesses which the lower Courts rejected. The grounds of defence in the Draft of the answer proposed by the Collector, as Respondent, are that the Appellant's cultivated fields

Fort St George 28th October 1850

fields are 3 miles distant from the land now claimed that his claim has been resisted by no less than three different persons whenever he endeavoured to exercise it that he has failed to produce a Government Grant for the land and that the documents referred to in the Appeal are not such as he can found a legal claim upon.

5 These grounds the Board consider to be sufficient and they therefore recommend that the Collector may be authorized to put in the Answer and to conduct the Action at the public cost.

Versus
The Collector of Malabar.

A Report with preliminary Proceedings was received from the Tahsildar of Kootnaad in October 1846 regarding certain property left by Nellacherry Kakoony Nair who died on the 30th June preceding leaving as was alleged, no heirs. The Report not containing the requisite particulars the Tahsildar was.

was directed to hold a further inquiry and his final answer was received in March 1847. On a perusal of the Proceedings, and in advertence to the Claim advanced by the Female Nelisherry Koonye Neishyar it was thought proper to take the opinion of a Judicial Officer on the Matter accordingly all the papers were transmitted in July 1847 to the Subordinate Judge under the provisions of Clause 7 of Section XVI Regulation III of 1802. The Subordinate Judge returned the Papers stating it as his opinion that the Case was not one which came within his jurisdiction, and that in case the Collector considered that Government had a right to Succeed to the property the provisions of Act XIX of 1841 would permit of an application being made to the Judge of the District for his interference.

The subject being referred for the opinion of the Civil Judge on the 25th August 1847, that Officer observed, that it appeared to him that if Nelisherry Nakoony Nair was considered to have died without heirs and his property to have escheated to Government, the Collector should act under the provisions

of

of Regulation VII of 1817 leaving the alleged heir to sue for the Establishment of her Claim.

In Consequence of a further reference from the Collector to the Civil Judge submitting whether the proceedings to be observed agreeably to the provisions of the said Regulation was not intended to be subsequent to those required by Clause 7th Section XVI Regulation III of 1802 and observing that it seemed to him that the preliminary inquiry as to whether the property was escheated /or escheated/ was a matter for the jurisdiction of the Judge the Civil Judge submitted the question for the orders of the Sudr Udalut—

That authority, under date the 21st September 1847 desired that the Collector should proceed in the case agreeably to the provisions of Act XIX of 1841 as suggested by the Subordinate Judge but the Collector feeling his inability to appeal to the District Judge under that enactment in Consequence of the intestate property having already been taken —

Sir,

With reference to your letter of the 16th July last I have the honor to state that the Coottnaad Tahsildar appears to have interfered in the question of inheritance through a mistaken interpretation of the order of Government dated 16th March 1846, which refers solely to Malikanas, Izamendarees, Rent free lands &c., and is not meant to direct that Native can adopt an heir without giving intimation thereof to Government inasmuch as.

as such a rule could only be rendered valid by an act of the Legislature.

2. The Regulation quoted by you refers solely to the Estates of persons dying intestate, where there are no claimants and as this is not the case in the present instance, I would suggest that the Subordinate should be instructed by you to hand over the property to Nellisherry Coonjy Neshear, whose adoption appears supported by the evidence of the deceased's son &c. in fact to take measures for restoring possession of the property to the person from whom he erroneously received it.

The Son of the deceased, Chelisse, support her story from interested motives. If the Neshair is to have the property and I think it not unreasonable that, from her position in the family she should have it as a gift from the Government, not as a right. Question this from what I hear of the case previous to sending it to you, having made some enquiry before my attention was attracted to the Regulation above quoted

XVI Regulation III of 1802 in a case of disputed succession wherein one party (i.e. you on behalf of Government) object to the validity of the claim advanced by the other party

party (i.e. Nellicherry Conjy Nichiar).

Mr Goodwyn it will be seen declines to take up a case under the provisions of Regulation III of 1802 Sec: XVI Cl: 7th on the ground that there are conflicting claimants to the intestate property. But to my apprehension this objection is not sufficient. I suppose there never was property in Malabar left without real heirs, to which false claims were not set up, surely this falsehood does not vitiate the fact of the intestacy which all inquiry hitherto made

made shews clearly enough (I think) to exist.

the receipt of your letter of yesterday's date in which you observe that "in the event of "my considering Nelasherry Kakoony Nair "to have died without heirs and his property "to have thus become escheated to Govern- "-ment, it appears to you that I should act "agreeably to the provisions of Regulation "VII of 1817 leaving the alleged heir to sue for "the establishment of her claims, should she "see fit to do so."

But, with all due deference to your judgment, I would respectfully submit whether the process to be observed agreeably to the provisions of Regulation VII of 1817 is not intended to be subsequent to that observed under the provisions of Clause 7th Section XVI Regulation III of 1812.

It seems to me that the preliminary enquiry as to whether property is intestate (or escheat) is a matter for the jurisdiction of the Judge and that it is subsequent to the judicial determination that it is so, that the revenue authorities are to interfere. 10 The Collector should proceed as suggested by the Subordinate Judge with reference to the provisions of Act XIX of 1841

11 Clause seventh Section XVI, Regulation III of 1802, is applicable only to cases in which there is "no claimant" to the property, and in this case there is a claimant. The provisions of that Clause are

Fort St George 28th October 1850

are moreover restricted to "personal property" and in the present instance the Civil Judge states that the greater part of the property "consists of land, the moveable portion being a few brass articles, some cattle, and a small quantity of paddy together with 47 Receipts &c executed to the deceased"

Sir.

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the under Adalut under date the 21st Instant, by which I am informed that I should proceed (in the case of one Nellesherry Kakoony Nair who died intestate) as suggested by the subordinate Judge (in a letter of the 21st Ultimo) with reference to the provisions of Act XIX of 1841.

I am really very sorry to have to make any further objection on this matter and trust it will not be considered that I am acting captiously in so doing but I cannot see how to do otherwise

The 5th of the act lies on the enactment

Fort St George 28th October 1850

enactment "that whenever a person dies "leaving property, moveable or immoveable, "it shall be lawful for any person claim- "-ing a right by succession thereto, or to "any portion thereof, to make application "to the Judge of the Court of the District "where any part of the property is found "or situate for relief," either "after actual "possession has been taken by another "person or when forcible means of seizing "possession are apprehended.

Now in this instance it can hardly be said that either of these two clauses come into play— The Tahsildar on hearing of the death of the intestate person at once put all the property into attachment until he heard what was to be done with it. It is not therefore in the possession of the "claimant" (Nellisherry Coonjy Neslvar) whom, as you are aware, I consider to be a false claimant; nor have I the remotest apprehension of her having recourse to forcible means to gain that possession. How then can I appeal to the Judge under the

the provisions of Act XIX of 1841.

Another and as it seems to me an insuperable objection exists to my availing myself of this act.

Hakkony Nair died in June 1845.

The 6 months allowed by Section XIV have long elapsed.

Under these circumstances I must, with whatever unwillingness, again trespass on the attention of my superiors for instructions they are the more needed that cases similar to the one now in question are not of unfrequent occurrence. Hitherto they have been disposed of summarily by the Collector but on considering I do not see where in the Regulation he derives power to prosecute matters of so clearly a judicial nature.

/Signed/ H.V. Conolly
Collector

Extract from the Proceedings of the Sudder Udalut under date the 18th November 1847.

Read the following letter dated the 30th September 1847 from the Civil Judge of Calicut.

The Civil Judge forwards

a

a copy of a further communication from the Collector of Malabar, having reference to the Proceedings of the Court of Sudder Udalut under date the 21st September 1847 relative to the property left by one Nelasherry Hakkony Nair, who died intestate, and respecting which the correspondence between the Collector and the Subordinate Judge was submitted by the Civil Judge with his letter of the 5th September last.

The Collector, in his letter to the Civil Judge, of the 29th September last, now under consideration, takes exception to the course of Proceeding indicated in this Court's order of the 21st September 1847. He observes "that the pith of the act lies in the enactment" which he quotes, and then proceeds as follows." Now in this instance it can hardly be said that either of these two clauses come into play. The Tahsildar on hearing of the death of the intestate person at once put all the property into attachment until he heard what was to

to be done with it. It is not, therefore, in the possession of the claimant Nelli-sherry Cooyjy Neshiar, whom, as you are aware, I consider to be a false claimant; nor have I the remotest apprehension of her having recourse to forcible means to gain that possession. How then can I appeal to the Judge under the Provisions of Act XIX of 1841?

3 The Collector concludes by observing "Another, and as it seems to me an insuperable, objection exists to my availing myself of this Act. The six Months allowed by section XIV have long elapsed." It is added in a marginal note that Kakoony Nair died in June 1846.

4 The Court of Sudder Udalut are convinced that the course indicated in their Proceedings of the 21st September 1847 was the correct one, and in accordance with the intendment of Act XIX of 1841. Their order, however, would have required a modification in respect of the party who should prefer the claim to the Judge. It had escaped the notice of the

Court that the Collector was actually in possession and it was therefore for the other party, and not the Collector, to apply to the Civil Court for the necessary relief.

5 But the information now furnished by the Collector in para 5 of his letter completely alters the case. Kakoony Nair died seventeen months ago and section XIX of Act XIX of 1841 declares that the act shall not be put in force "unless the aforesaid application to the Judge be made within six months of the decease of the proprietor whose property is claimed by right in succession."

6 The only course, therefore, now left open to the claimant, is to bring a regular action against the Collector to establish her (alleged) right to the property.

7 It is to be regretted that the Collector of Malabar should have so long delayed sending the papers connected with this case to the Civil Court.

8 The Court of Sudder Udalut deem it proper to call the attention

14626 Fort St. George 28th October 1850

attention of the Collector to the orders which require that the paragraphs of all Letters are be numbered and to request that he will cause that Rule to be observed in his future correspondence.

Ordered that Extract from these proceedings be sent to the Civil Judge of Calicut for his information and that of the Collector of Malabar.

From the Collector of Madras

Dated 23d October/50.

Sir,

I have the honor to forward a communication from my Assistant Mr Taylor reporting on the case of a quantity of salt alleged to have been purchased at the Madras Chauts which was seized by the Collector of North

Fort St. George 28th October 1850

North Arcot and reported by him to the Board for confiscation and to state that there appears to be no grounds for believing that the Servants of the Salt Department of this District were concerned in the transaction.

Madras, 23d October, 1850.

To J. A. Hudleston Esqre
Collector of Madras.

Sir,

I have the honor to inform you that I have made strict inquiry into the circumstances of the purchase on the 3d September last, of 54 Maunds of Salt by one Venkatasawmy at the Madras Chauts, part of which quantity has been seized and recommended for confiscation by the Collector of North Arcot, as shewn in the Statement forwarded with his letter to your address dated the 12th instant.

2. I have questioned the Superintendent, whose Statement I enclose, as well as the rest of the Servants

Fort St. George 28th October 1850

Servants employed at the Cotaurs, but I have been unable to substantiate a fraud against any party. It appears that an individual named Venkatasawmy applied to the Nevisindah on the 3d Ultimo for 180 Mercals or 54 Maunds of Salt and obtained two separate Rowannahs for that quantity, or for 27 Maunds each on payment of 54 Rupees. According to the usual custom he produced his Rowannah to the Superintendent who is engaged in the inland sales and received his 54 Maunds of Salt. Annexed is the entry of the transaction in the accounts which shews that he had prepared 6 bandies and 3 bullocks for the conveyance of the quantity to Bangalore. Thirty Mercals or 9 Maunds is about the average bandy load but traders frequently employed extra bullocks in case of need. There is no further entry either of his name or of Moonesawmy on that date.

1. The traders are well aware

Fort St. George 28th October 1850 -

aware of the risk they run in transporting any quantity of Salt, however small, which is not included in their Rowannahs - but it is a practice which has long existed and one very difficult to prevent. It is impossible, as explained by the Superintendent that Venkatasawmy may have subsequently purchased a few mercals at the sales for Home consumption the inland sales on Rowannahs being limited to 30 Mercals which was more than he required to complete his load.

4. I have no means of discovering whether this was or was not the case in the present instance - but under any circumstances I do not feel justified in condemning the Superintendent upon the bare Statement before a Head of Police of a Salt Merchant, who had already disposed of a large portion of the Salt originally purchased here, and who may have obtained a further quantity elsewhere. The excess moreover is not so great but that it may have occurred by mistake, or by giving short measurement in selling on the road - the fact of it's being on 3 separate bullocks

bullocks does not seem to me important, as these animals probably started with the original quantity and although the load may be small for three, it was probably too large for two bullocks.-

5. The deposition of Venkatasawmy is not so clear as it might have been, it would have been satisfactory to know whether 3 bullocks were not entered in one of the Rowannahs as well as 6 bandies - whether he paid Rupees 57 or 54 Rupees to the Nevisindah, and whether he obtained the whole quantity of Salt at the inland sales or part at the sales for Home Consumption - In all probability he will shortly revisit the Presidency when these facts might be ascertained; but in the meantime I think that these remarks should be communicated for the consideration of the Board of Revenue as well as of the Collector of North Arcot, before final orders shall have been passed in regard to the confiscation of the whole or part of the Salt in question.-

No. 1.

From G. N. Taylor Esqre
Assistant Collector of Madras
To Rammiah
Salt Superintendent.

With reference to Hoozoor order No. 280 dated 19th Instant, I beg to state that on the 3d September last one Venkatasawmy paid 54 Rupees to the Shroff at the Cutcherry for Salt to Bangalore and asked that two separate Rowanahs may be granted to him. The Shroff entered in the sale Chittah the following particulars of two separate Rowanahs No. 1542 and 1543, the quantity of Salt being 90 Mercals and load for 3 bandies valued at Rupees 27 for No. 1542, another 90 Mercals being the load of three bandies and 3 bullocks of the value of Rupees 27 for 1543 with the names of the purchaser and the place for which it is intended, and he then gave 2 Cadjan Chits with a Collector's stamp of the same amount containing the same particulars under his signature. The said Venkatasawmy presenting the said Chit to me I entered them

them in the Radary sale Book, and gave a Chit to the Cotaur Peonson paper ordering measurement for the two Ravanmahs to the amounts therein specified and they in my presence got the said Chit entered in the Accounts of the Angamy Conicopoly Narrain sawmy Naick who Keeps the accounts of measurement and then I caused the salt to be measured out to the said individual. As usual the Nevisinda Apparow Pillay prepared Rowanmahs for the Amount paid by the purchaser according to the Chittah of the Shroff, and on comparing them affixed his signature obtained Mine, and then ascertained from the Merchant after he loaded the salt on the bandies when he came for Rawanahs, the quantity of the Salt, the money paid by him and to what place it is to be carried, and examined the same so as to correspond with his book, and then granted the Radaries. The said Vencatasawmy paid only 54 Rupees and purchased 54 Maunds or 180 Mercals of Salt, but not 190 Mercals for 57 Rupees as

as stated by the Chittoor Authorities. It is usual with the purchasers of Salt when they require some more to fill up the deficiency of the loads of the bandies to purchase the Salt in the inland consumption in the names of some other persons without our knowledge, and carry them in their bandies because the Shroff is not authorized to alter his account when the purchaser requires some more salt after he had once entered the Amount in the Chittah and because no Rawdaries will be granted for Salt less than 30 Mercals. It is not usual even to grant Radaries to the petty inland sales.

In the above Cotaur 4 or 5 Accounts being kept in such a way as to check each other to avoid discrepancies, and the Salt being very carefully measured there could have been no fraud practised here. If the said Vencatasawmy carried the Salt bandies referred to in the Radaries direct to the place for which it was intended without selling any in the roads, and if it was at that place examined at once and if then there be

beany excess over the Radary such a dif-
ference should be attributed to fraud at
the Cotaur, but on a consideration of the
deposition given by Vencatasawmy that
he sold salt at several places in his way
that there remained with him so much
after selling so much it is likely that there
may be a discrepancy in his statement
of sale.-

Therefore if the said Vencatasaw-
my is questioned how much Salt he had
purchased in the Madras Radary sale and
whether he had purchased any salt in the
inland sale or at any other place the circumstances
of his purchase will be clearly ascertained.-

1 In reference to the com-

From the Collector of Nellore — Reporting on the Subject of the Poollay Tax.—

From the Board 23rd February 1843. 17th August 1848 23rd April 1849

=munications noted in the Margin, I have now the honor to submit the follow-

=ing observation on the Subject of the Poollay

Tax.

2. The Mucta System of levying this tax was introduced throughout this District in Fusties 1252 and 1253 with the exception of the two Talooks of Sydapoor and Ondiagherry and the four Villages of Nellore, Ongole, Codanootala and Vallapally, where its introduction was postponed for the following reasons. The Talooks of Sydapoor and Ondiagherry had not been sufficiently long under Government Management to admit of satisfactory data being obtained by which to regulate the assessment. The counting system was retained in Nellore and Ongole because the greater portion of the Cattle belonged to non cultivating parties from

whom

a fixed Mucta could not readily be collected; in Cadapootala because the ryots could not be brought to agree to any proper arrangement, and in Vullapully because the Village was nearly depopulated and no ryots were forthcoming capable of paying any thing like a fair Mucta in reference to the extent of land available for grazing.-

To Bd 23rd Octr 1837

3- Mr Stonhouse in report-ing upon the Settlement of the Poollary on the Mucta system proposed that the same should be revised once in three

Bd Pro. 19th Jan 1850 Para 5

years, but the Board deeming a too fre-quent revision inexpedient, directed that the Mucta should be continued un-til the completion of a Survey, "unless in any particular instance revision should be found desirable." This suggestion of the Board in regard to revision never to have been attended to- The several Villages are still held liable for the amount ori-ginally assessed, but in instances calling for special indulgence a part of the Mucta amount has been allowed to re-main uncollected.-

4- Before the introduction

of

the Mucta System the Ryots in the Talooks of the Sub Division, (with exception of Buddaproody,) used to pay the Poollary and divide the Beedoo lands amongst themselves, and after its introduction the division of the land was retained, the Mucta amount being paid in proportion to the extent of Beedoo land held by each ryot. those who had no Cattle of their own renting out their pasture to others.-

waste

5- In most of the Villages of the Talooks composing the Principal Division and in the Buddaproody Talook in the Sub Division, it has not been found practicable to divide the Beedoo lands amongst the Ryots. The lands of the eastern Talooks which possess extensive means of irrigation, River Channels and Large Tanks are for the most part brought under culti-vation leaving little or no Beedoo for pasturage.- The ryots are therefore un-der the necessity of grazing their Cattle in the western Talooks, either purchasing land or paying a Monthly Poollary.- The Beedoo lands in the western Talooks are extensive but (with exception of a few Cumbus and Aramut lands) the coun-try is so covered with Hills Wood and Rocks that they cannot be divided and the Mucta

Poollary

* Tracts of pas-turage & Pasture but cul-tivable.

Poollary is therefore paid by the Ryots under different arragements made by them-selves.-

6 The Mucta Poollary was originally assessed in reference to the average collections of the preceding five years, and the extent of the Beedoo lands in the several Villages; but in the eastern Talooks it has been usual to grant remission to ryots graz-ing their Cattle for payment in the Western Talooks, as above stated; while on the contrary, the Poollary of the Ryots of the Western Talooks, even though not possess-ing a large number of Cattle, has been raised in consideration of their profits derived from the grazing of the cattle of Eastern Talooks.-

7 The following appear to me to be some of the causes which call for a revision of the Mucta system as proposed by Mr Stonhouse so far back as October 1834.-

1st Many Ryots have since the intro-duction of the Mucta system sus-tained losses, their Cattle having died from epidemic disease or other causes.-

2nd The Ryots of the Eastern Talooks have in some instances subsequently withdrawn

withdrawn their Cattle and grazed them in their own Villages thereby entailing a loss on the ryots of the Western Talooks.-

3rd The Ryots of the Western Talooks whose Cattle have increased, have sent them to graze in other pasture land under an ap-prehension that if they retain them in their own Villages, they will be required to make good, in proportion to the increase of their own Cattle, any decrease which may be found in the total Mucta of the Village.-

4th Since the establishment of the Mucta system in Villages in which the Beedoo land was divided, the Cattle of some ryots have increased and of others decreased. The former refuse to pay in proportion to the increase of their cattle, an increased tax, and the latter are there-fore held liable for the original amount assessed upon them.-

5th In some Villages in which there is not sufficient Beedoo land for grazing the ploughing Cattle, the Mucta Poolary has been assessed, although the ryots are obliged to resort to other pas-ture, which entails upon them an addi-tional tax never originally contemplated.-

3 In consideration therefore of

of what has been above stated, I am of opinion that a general revision of the Mucta system is urgently called for, & that so far as may from time to time be found necessary a revision should be permitted once in 3 years leaving however a discretion with the Collector in special cases of great Mortality amongst cattle and the like to remit such portion of the Tax as may after careful investigations be found to press too heavily upon the Ryots.

9- Accompanying is a Statement shewing the different Classes of persons in the Oodiagherry Talook who are exempted either partially or wholly from the Poollary Tax. As these exemptions are, I believe, founded upon nothing but usage under the Native Government, I see no reason why this should be continued to the same extent under the present Rule, and I recommend therefore that each family of the privileged classes be allowed to possess free of Poollary 4 Heads of Cattle, & and this privilege might, if the Board think proper be discontinued on the death of the present incumbent or under other arrangements - - &

to

to be hereafter decided upon. In the proposed revision each individual claim to exemption may be carefully enquired into.-

10- In regard to half Poollary levied in the Town of Nellore on Cattle fed on lands already paying Dait Rent, or stabled and fed on dry food, I may remark that during the Mohomedan Government and subsequently under the British up to Fusly 1239 they were exempt, but were in Fusly 1240 fully assessed. The Collections however were not made up to Fusly 1252 and subsequently in conformity with the instructions of the Board Bandy Bullocks &c were assessed with half Poollary. This subject has since been under the consideration of the Board I consider that Bandy Bullocks, Carriage Bullocks &c which do not graze on Circar lands are fairly entitled to exemption from Pollary.

Proceedings thereon,

Recording observations and orders on a letter from the Collector of Nellore regarding the levy of Poollary tax in that District and requesting him to state the circumstances under which certain Ryots of the Eastern Villages graze their cattle in their own Villages and whether Land in those Villages has from what ever cause been thrown out of cultivation.

Para 2. Proc. Bd. Rev. 19 Jan. 1843. Para 2. Proc. Bd. Coll. 2 Dec. 1847. Para 2. Proc. Bd. Coll. 23 Dec. 1847. in Cons. 11 Feb. 1848.

The Board will take up this subject from the date of their last Proceedings in 1843. They then stated that the correct mode of levying a Poollary tax, was by assessing the Pasturage lands, but that this, in the absence of a correct measurement of the fields, was impracticable, and must therefore be postponed until the commencement of the survey.

2.

As a temporary measure they directed the continuance in the Sub Division of the system in force prior to Fasly 1241 viz. a Mucta rate on the pasture land, and in the Collectors Division, a Mucta on the cattle, with reference to the actual number for which the tax was then payable, and the collections of the past 5 or 6 years: this tax

J.E.D.

tax on the gross being subject to revision on extraordinary emergency.—

3.

The Collector now states that this system was introduced throughout the District in Faslies 1252 and 1253. with the exception of of the Talooks of Sydapoor and Woodiagherry and 4 single Villages in the District.—

4.

With our present knowledge of these talooks there would appear to be no obstacle to the Mucta now being extended to them, but in the 4 Villages, for reasons stated, the capitation method must still continue to be employed.—

5.

In three talooks of the Sub Division, the Mucta was fixed and the amount is distributed by the ryots themselves according to the extent of waste land in the holding of each and it would seem, that in these talooks, the waste land had long been portioned out among the ryots, who, as it lay contiguous to, or was interspersed with their putta lands, had enclosed them, and accounted-

Para 2. From Pr. Coll. 23d October 1847.

Para 4 " "

P.S. Board Pro. 19th January 1843.

accounted them in equal estimation as their regular holdings.—

6.

In the Buddapoody Talook and in the entire of the Collector's Division, it was found impracticable to form such an allotment, and the Mucta was assessed in reference to the average collections of the preceding five years, and the extent of pasture land in the Village.—

P. 8.

7.

The Collector requests a modification of the orders of the Board which made the Mucta a fixed rate, and requests that he may be empowered to revise it every 2 years, or to remit at discretion in cases calling for such indulgence, thus supporting a similar proposition from Mr. Stonhouse in 1837.

P.C. Proms. & Pr. Cons. 23d. October.

8.

The Board do not concur in the objections raised by the Collector, to the fixed Mucta. In preferring the fixed rate to the triennial revision, they remarked that the latter plan only perpetuated the vexatious scrutiny by public servants, for which the annual capitation system had been

been so justly condemned. A Mucta fixed for a length of time would necessarily become unequal in its imposition; but this defect, it was supposed, would be counterbalanced by the advantages possessed by a fixed demand.—

9.

It is seldom necessary to form a new aggregate for a Village. The increase and decrease of cattle in a Village will generally balance each other and as the Mucta, as fixed originally, was apportioned by the Ryots amongst themselves, all that present circumstances seem to demand is that a new distribution of the fixed amount should be made by the contributors themselves- such a distribution should be made from time to time as may be necessary under the supervision and check of the European authorities.—

10.

The fixed tax on the crops would only bear heavily in the event of a decrease of cattle, but as the probability would be in favor

From Sr. Collector 23d October 1837 Pt 7

Fort St. George 31st October 1838.

favor of an increase, the Ryots would generally prove the gainer.— Where however the decrease is such as to call for revision, the orders of the Board provide for a fresh Settlement of the Muctas. They are of opinion that this course is preferable to the practice of allowing a portion of the fixed amount to remain uncollected and they desire that it may be followed in future.—

Pro. 19th January 1838 Para 6.

11.

It appears from Para 7 of the letter under consideration, that in some instances the Ryots of the Eastern Talooks have with drawn their cattle from the pasture lands in the western parts of the District and graze them in their own Villages. The Collector should explain how pasture has been found in Villages where hitherto it has been deficient. He will be pleased to submit the necessary information on this point and state, whether land in these Villages, from what ever cause, have been thrown out of Cultivation.—

12.

With respect to the exemptions

Fort St. George 31st October 1838.

exemptions from Poollary stated to obtain with reference to certain classes in the Woodiagherry Talook and the Collector's proposition regarding them, the Board must observe that Mr. Stonhouse brought to their notice in 1837 similar instances of entire or partial immunity enjoyed under long prescriptive right, by certain classes throughout the District.— He stated also that these castes had been included in the Poollary of Fasly 1240, but that the levy had caused great dissatisfaction, had only in part been collected, and that with difficulty, and that the gain to Government by the tax was trifling.—

Para 8th From Pt. Collector 23d October

The Board then

Para 6 Board's Pro. 19th January 1838

13

determined to maintain these classes in their privileges,— remarking that from the usage of the country, a like exemption was to be found in the demand of the land tax, certain castes being more favorably rated than others

For

Fort St. George 31st October 1850.

For these reasons they are of opinion that the exemptions to Poollary in Wodiagherry should continue as heretofore, pending a general reform at the introduction of the survey.— The indulgence of course only extends to the individuals own cattle, and must not be abused in the manner hinted at by Mr. Smith, of his grazing the cattle of others, under cover of a privilege which attaches only to himself.— The penalty for such conduct would be loss of privilege, and levy of Poollary.—.

Para 13 Settlement Report for Fusly 1260

14. In the subject of half Poollary charged on cattle stabled, and fed on dry food in the town of Nellore, or indeed elsewhere, the Board are of opinion that they should be exempt, and that the tax should include only cattle grazing on Circar pasture lands.— Read

From the Collector of Bellary ——— 1.

Submitting for sanction of Government the amount the amount to be imposed to be fixed as maximum of the Assessment of Veesabady for five subsequent years from Fusly A.D. 1260 to 1264 1850/51 - 1854/55.

Sir

I have the honor to submit for the sanction of Government the amount which, judging from the Collections of 5 last years, I consider it will be proper to fix as the maximum of the Assessment of the Veesabady for the five succeeding years from fusly 1260 A.D. 1850/51 to fusly 1264 A.D. 1854/55 in Conformity to Section III Regulation IV of 1818 being 1,11,000 Rupees.

The average of the yearly Settlements of the last 5 years from fusly 1255 A.D. 1845/46 to 1259 A.D. 1849/50 — amounts to 1,11,010 Rupees. The Settlement of the year just expired was 1,10,810 Rupees.—

I have also the honor to

2.

submit for the approval of the Board a Statement shewing the proportion of the aggregate amount proposed to be Assessed on each

Talook for the current fusly.—

3. The impracticability of preparing an Estimate in strict conformity to the supposed Requirements of Regulation IX of 1818 has been already fully reported to the Board - but no final orders have as yet been passed on the subject - and pending the revision of this branch of the Revenue I request that the sanction now sought for may be granted - The settlement of the past five years in consequence of the pending settlement of the matter has in fact been made without the sanction of Government.

4. I beg to submit at the same time a Statement shewing the

the Amount of Collections on this branch of Revenue from fusly 1216 which it may be important for the Board of Revenue to have before them - It shows the Collections of Veesabady previous to the formal Establishment of the Tax by Regulation and the Collections subsequent to that time, during part of which period it will be seen the sanction of Government was not obtained as prescribed by Regulation. —

Proceedings thereon. — 1 The letter from the Collector dated as per Margin was written previous to the Orders of Government calling upon the Board of Revenue for a summary of the data by which the assessment of the Veesabaddy is dated & his next letter is in reply to the Board's Proceedings transmitted to him with reference to the above orders. —

2 The detailed explanations furnished in these letters have been for some time before Government being embodied in the general Report on the Mirasi question. It will be therefore sufficient here to observe that an assessment framed on the precise data laid down in Section III Regulation IV of 1818 has never yet been executed and is what is impracticable. — The Board would therefore recommend that till the general question is disposed of

Submitting with reference to Extract Min. Cons. 20th June 1846 a correspondence with the Collector of Bellary relative to the Veesabaddy Settlement in that district & recommending that till the general question on Mirasi be disposed of the present mode of Settlement be not disturbed & also requesting sanction to the Triennial Settlement for the past fusles 1255 to 1259 as also for the for the Coming fusles 1260 to 1264 both inclusive.

Sir,

I have the honor to return the Petition No. 1335 of 1830 which accompanied the Extract from the Proceedings of the Board of Revenue dated 16th Ultimo and to state that the Petition in question has no concern with the case referred to.

I request that the Petition noted in the Margin which was forwarded from this Office with a letter dated 8th August last may be transmitted to enable me to pass the endorsement.

From the Collector of Chingleput —

Requests to obtain the sanction of the Board for the sale of certain lands specified in the enclosed Statement attached for arrears of revenue due from Fusly 1256 to 1259 amounting to Rupees 2769-5-5

Sir.

I have the honor to submit a Statement of certain lands which I have been compelled to attach for arrears of revenue due from Fusly 1256 to 1259, amounting to Rupees 2769-5-5 and request that the sanction of the Board may be obtained for their sale.

2. The sanction of the Board will alone I hope be sufficient to cause the proprietors to defray their balances without actually proceeding to sale.

3. The difficulty of realizing the Collection in this District is much enhanced by the real owners of the lands residing in Madras, and the sale of lands is occasionally requisite to ensure the Collection of the revenue. —

From the Collector of Salem ... } Para 1. Sir,

I have the honor to reply to the endorsement of your Board on the Petition noted Marginally which was referred for report with reference to Mr. Lockhart's order dated 12th June 1847.

No. 901 of 1850.
From Venkataramaniah Mootahdar of Tadavully.
Praying for order with reference to the Collector's Endorsement herewith submitted, on the subject of the Calingulah which operated injuriously to the cultivation of Petitioner's lands and also his claim to certain Commboke land forming a portion of his mittah

2. On the subject of this address a detailed report was submitted to the Board on the 25th February 1848. The Board's reply thereto dated the 22d June following conveyed the sanction of Government for the remission, with payment

of arrears from fasly 1253 of Rupees 44-4-5 per annum in the Peishcush of the Tadavully Mootah being the teerwa of acres 10-24-8 of land belonging to that Estate covered by the waters of the Mandapully Tank. The amount of arrear due up to Fasly 1257. Viz. Rupees 226-8-1 was paid to the Mootahdar and the remission authorized has been made in the Peishcush payable by him for Fasliee 1258 and 1259 The Government will observe, have declined to admit the claim of the Mootahdar to compensation on account of acres 17-7-9 bearing a teerwa of Rupees 49-7-3 which has been under water since Fasly 1207 prior to the formation of the Mootah as well as for the 1500 Coolies of Commboke.

submitted to the Government a report upon Petitioner's case, it has been decided, that permission for acres 10:24:8 situated within the waterflow of the Immundapully Tank should be made by an annual deduction of Rupees 44:4:5 from the Peishcush of the Tadavully Mootah.—

Compensation for acres 17-17-9 which have been under water since Fusly 1207 was denied.—

The Perumboke was specially deducted from the Ayacut of the Tadavully Village at the Survey on the ground of its forming part of the bed of the Tank of the adjoining Village Immundapully.—

Petitioner will regard these orders as final.—

Translation of a Decree given by J. K. Maltby Esqre Collector in charge of Salem on the 9th July 1850.

Complainants	Defendants.
The Government.—	Sagamania Pillay Goomastah Cummum of the annamy Village of Voonanttoogul in the ahtoor Talook.—1
	Joint Cummum Goomastah Chinna Pillay — — — 2

On examining at the Immmah kundy of Fusly 1259. the Ayacut accounts of the above Village which had been prepared by Defendants I found the assessed lands were entered at—

	acres. G. rs.	Seerwa Rs. A. P.
Poonjah	346:12:6	349:15:5
Poonjah Bagayet	6:27:2	13:11:2

the whole of which was shewn to be under cultivation. This circumstance having created in my mind doubts as to the correctness of the account I issued an order dated 25th March last No. 287 to Rajah Row the acting Tahsildar of the Talook directing

directing him to examine the adangal of the Village and report any discrepancies that might be discovered. The Tahsildar accordingly instituted enquiry and forwarded an arzee dated 15th May No. 450, with accounts from a consideration of which the following offences are established against the Defendants—

The ayacut Statement No. 3 submitted by the Tahsildar exhibit the correct ayacut of the Village as acres ——— 801:11:9

Deducting Poromboke ——— 163:15:2

Remaining Circar lands ——— 637:35:7

of which the assessed lands are

Poonjah Bagayet ———	6:27:3	13:14:3
Nunjah ———	2:12:4	18:14:11
Total ———	540:8:15	583:15:3

The unassessed anady-bunjer lands are

Acres ——— 97:26:8

Total ——— 637:35:7

The cultivation of Fasly 1259 in the assessed lands is

Poonjah ———	346:12:9	349:15:5
Poonjah Bagayet ———	6:27:3	13:14:3

Between this correct ayacut and that entered in their Statements by the Defendants there is a difference of Acres 418:9:14 bearing a assessment of Rupees 201:2:8 which they have omitted to bring to account.—

2nd Proof Statement No. 4 of the Tahsildar it has been established by the pyots and witnesses that the Defendants ought to bring to account in the adangal the cultivated lands hereunder shown.—

Proceedings thereon. Para 1. The Board of Revenue having recorded a decline in the Revenue from Coctra Sources in this District for the last two Fusles, have satisfaction in perceiving a great improvement in them for the year under reference.

Salt

3. The total quantity of Salt disposed of amounted to 2,11,7 Garces 9 in 260 Marcalls 2,29,515 Rupees or 377-219 more than in Fusly 1258 producing 42,127 Rupees above the previous year.

Inland

4 In the Inland sales after deducting Rupees 4,450 - - - 3 Salt delivered to the French Government and for exportation by sea to the Eastward, there was an aggregate increase of 20,229 Rupees above Fusly 1258, which showed about the same advance upon the sales of the preceding year, thus evincing a steady improvement in the Inland traffic.

5 With the exception of those for Coimbatore, the sales of this year would appear to approach nearly to those of Fusly 1256. The export to that District amounted in the last mentioned Fusly, to Rupees 55,137, falling to 27,093 in 1257, but since gradually on the increase. No transactions appear to have taken place with Chingleput, which usually took a small supply from this district. Former sales, as Mr Bird observes, point to the practicability of much increase under this Item of Revenue the Board expect that the present acting Collector will give the subject his best consideration.

6. Under the Home sales the increase was Rupees 14,680 as noted marginally. The acting Collector draws a comparison with the revenue of Fusly 1257, shewing a decrease in the year under review of Rupees 23,856, but the former year would appear to have been above average shewing an increase on Fusly 1256 of 11,254 Rupees.

Having found an indulgence
7 granted by a former Collector carried further than intended, the acting Collector very properly put a stop to the abuse. So far as Mr Hallett's permission extended, viz^t, the domestic consumption of marsh Salt, the Board would be inclined not to interfere, but approve of the Collector's proceedings in prohibiting its public sale.

The quantity of 20 Mercals
8 is referred to as the future maximum of sale; such a measure was proposed by the Board, but after ascertaining the sentiments of the several Collectors the maximum quantity allowed to be sold has been definitely fixed at 5 Mercals except when Salt is

sold by weight, in which case the minimum is one Indian maund.

9 The manufacture of Salt was large, and the stock in store on the 7th September is stated to have been 3610 Garce, and is estimated to be sufficient for 18 months demand.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

From the Actg. Collr. of South Arcot.

Submitting three Statements explicative of the Sewoy Summah Balances outstanding since Fusly 1230 recommending that under the circumstances the arrears to Fusly 59 be remitted and the remainder continued to be exhibited in the Demand Collection and Balance Statements.

Sir,

In advertence to my letter of the 24th April last, and to the 15th Para of the Board's Proceedings dated July 15th 1850, I have the honor to submit a few observations on the arrears outstanding in this District under the head of Sewoy Summah, and to solicit the Board's sanction for writing off a considerable portion as irrecoverable.—

2. The Statement furnished already agreeable to the instructions received, shewed the demand on account of Sewoy Summah or Extra Revenue in the District to extend over a period of twenty nine years, that is from Fusly 1230 (A.D. 1820-21.) to 1258 (1848-49) both inclusive, and to amount to the sum of Rs. 27,12.6-13-10. This arrear has since been reduced by a realization in the past season of Fusly 1259 (1849-50) of Rs. 3,888-14-5, and now stands on demand in the accounts at Rs. 23,237-15-5.

I beg to enclose a Memorandum Statement marked No. 1 shewing these particulars of

Received 11th April 1850

of the demand, the sum collected and the balance outstanding — It will be seen from this Statement that with the exception of Fusly 1258 (1848-49) the collection for the arrears in other years has been very trifling and did not extend to any period antecedent to Fusly 1243 (1833-34). —

3. By the resolutions of Government conveyed with the Board's Proceedings of 7th January 1847 and 1st November 1849 all arrears of land revenue proper due up to fusly 1249 were directed to be written off, and with a view to assimilate the Extra Revenue or Sevoy Jummah with those accounts, as also to effect a like adjustment, the Tahsildars of the several talooks were called on to furnish returns of this arrear made up from Fusly 1230 (1820-21) to the end of Fusly 1249 (1839-40), shewing the condition of those Ryots by whom the demand was due — These returns have now been furnished, and from them I have caused two Statements No. 2 and 3 to be compiled, the one Talookwar the other Fusly war, exhibiting a total demand of Rs. 12,031-5-11-

By Ryots deceased Rs. 519 a. 6 p. 9
Ds. deserted 855-13-4
Ds. in reduced circumstances 394-9-11

Of this sum, Rs. 6719-12-6 are due by Ryots deceased, deserted and in reduced circumstances, and consequently the whole of this amount must be considered irrecoverable — The remaining items are Rs. 149-14-6 and Rs. 5,311-9-5 The former has already

already been remitted by order of the Collectors and the latter is set down as "doubtful of recovery" but from the length of time that has elapsed since it has become due and from the impoverished condition of the people I am of opinion it is hopeless to expect any realization, and I would therefore under the circumstances recommend that sanction be sought for remitting the entire amount due of Rupees 12,031-5-11- up to the year 1249 and thus clearing the public accounts of entries that can never be expected to be satisfied or recovered. —

4 If this remission be accorded, there remains the arrear due from Fusly 1250 (1840-41) to 1258 (1848-49) Rs. 11206-9-6, which should still continue to be brought into the accounts, and for the future be inserted in the general Demand Collection and Balance Statements transmitted to the Board. While every endeavour will be made to stimulate the subordinate Officers entrusted with the realization of the revenue to collect this demand. —

Vide Statement No. 1

Hitherto it has not been the practice to exhibit the gross demand on account of the Sevoy Jummah in the monthly Collection accounts, but simply to enter as demand an amount equivalent to the sum realized. In future the demand proper will be exhibited under this source of Revenue in the monthly account forwarded. —

E. E. Per. /Signed/ J. Bird
Acting Collector

Resolved

Proceedings thereon.—

Submitting a letter from the Acting Collector of South Arcot regarding the sway Summa balances outstanding in that District and recommending that sanction be granted for writing off the Accounts of that Collectorate the sum outstanding from Fusly 1230 to 1249 inclusive amounting to Rupees 12031-5-11.

24·25

Resolved that the letter above recorded together with its enclosures be submitted for the orders of the Right Honorable the Governor in Council with reference to the papers noted in the Margin.—

From Coll.r 24th April 1850 in Cons 11th July 1850—	
Proceedings on Land Rev.e Settlement Fusly 1258—	
Para 15 to Government 15th July 1850	

2. In Para 2 of his letter of the 24th April 1850 the acting Collector stated that it was impossible to draw up a Statement of the particulars of each item composing the Sevoy Summa for the Fuslies in arrears.—

3 In enclosure 1 of his present communication the Demand Collection and Balance of Sevoy Summa from Fusly 1230 to 1258 is exhibited for each year without however specification of further particulars. It would appear from this Statement that the Entire Sevoy Summa from Fusly 1230 to 1258 amounted to Rupees 24,126-13-10 and that the Gross Collections on this account amounted to Rupees 3,888-14-5 leaving balances to the extent of Rupees 23237-15-5 outstanding at the close of Fusly 1259.—

Para 3

4. The Acting Collector proposes to write off the balances on account of Sevoy Summa

Summa from Fusly 1230 to 1249 inclusive and with the view to afford further particulars in regard to these he encloses Statements Nos. 2 and 3. From No. 2 it appears that the arrears Fusly war vary from Rupees 16- min: -1- to Rupees 1,609 max: -13-1 and from No. 3 the arrears Palookwar differ as greatly Rupees 132-2-3 min: to Rupees 1840-8-11 max: according to Statement No. 1 the Sevoy Summa for the period in question Fusly 1230 to Fusly 1249 inclusive was Rupees 12,046-11 and the Collections on this account during a period of 30 years Fusly 1230 to 1259 amounted only to Rupees 14-11- leaving at the close of Fusly 1259 balances outstanding to the extent of Rupees 12,031-5-11. So trifling a Collection during such a length of time seems to the Board to be of itself sufficient evidence of the desperate state of these balances.—

5. In further explanation of of these balances / Fusly 1230 to 1249 / amounting to Rupees 12,031-5-11 Mr. Bird states that Rupees 6719-12-6 are due by Ryots deceased, deserted, and in reduced circumstances and a part consist of remissions granted by the Collectors, and that the remainder Rupees 5,311-9-5 is set down in the accounts as "doubtful of

of recovery" but from the length of time that has elapsed, and from the impo= =verished condition of the people, he has no hope of its being collected.

6. Under these circumstances, and in consideration of the fact that the sums outstanding annually in each Talooki are not great, the Board support the Acting Collector's recom= =mendation for writing off in his accounts the balances of Sevoy Jumm= =ma from Fusly 1230 to 1249 inclu= =sive, amounting in the aggregate to Rupees 12,031-5-11.-

7. In reference to the further balances of Sevoy Jumma for Fusly 1250 to 1258 it is perceived that Mr. Bird proposes to insert these items in his Statements of Demand Collection and Balance submitted to the Board and is using his endeavours to stimulate the subordinate Officers to proceed with the recovery of the same.-

The

Import. 8. The net decrease in import Duty amounting to Rupees 7004---1 has been caused chiefly by the diminished trade in the articles noted in the Margin while the revenue collected on export has been increased 17,931-1-3 mainly by a larger supply of paddy and rice being shipped to Columbo and the Maldivias during the year under review than in the last.

From the Collr. of Trichinopoly - - } Sir,

Submitting report on the Land Revenue of his District for the late Fusly 1259.

1. I have the honor to make my report on the land revenue of this Collectorate for the late Fusly 1259/1849-50 and to submit the following accounts in explanation of the details and result of the settlement.

1. Abstract of Settlement.
2. Comparative Falookwar Statement for Fusties 1258 and 1259.
3. Statement of Prices of grain.
4. Do. of Nunjah. withered Crops.
5. Do. Shewing the Sugar cane cultivation.
6. Statement of Cowle.
7. Do. Sevoy Jamah or Extra Revenue.
8. Do. Shewing the ryots divided into Classes according to their rates of Payment.
9. Do. of Demand Collection and Balance of Current Fusly 1259.
10. Do. — Do. of arrears.
11. Do. General Comparative of the land and Extra Sources of Revenue.
12. Do. Shewing the extent and assessment of the waste included in the settlement.

State of the Season. 2. In those Villages of the 4 wet Taloks

Talooks are irrigated by the Cavery and Coleroon - the Season proved favorable - The river freshes were steady and abundant and the attention paid to the Channels and Coumboos ensured a sufficient supply of water to the wet land - I regret however to observe that in the dry talooks and Villages where the cultivation both Nunjah and Poonjah depends on the local rains the year was very unpropitious - The Showers in the commencement of the Fusly or from June to September were partial and scanty and the North west Monsoon afterwards failed to such an extent that few tanks received even half their supply - a large extent of Nunjah and Poonjah land was therefore unavoidably left waste and the garden cultivation also suffered in consequence of the drought affecting the springs which supply the wells -

3. A few Villages were visited by Cholera though not in a Virulent form and with this exception the District continued healthy throughout the year - No epidemic diseases having appeared either among the inhabitants or their cattle -

Prices

4. Notwithstanding the failure of the local rains to which I have previously alluded

alluded and the consequent decrease of cultivation in this and the adjoining districts no very marked improvement took place in the grain markets, a result which is attributable to 2 Causes — 1st the abundance of the crops in all the wet Villages along the Cauvery and Coleroon rivers - and 2nd an apparent slackness in the external demand for the produce of this part of India in consequence of which the rice of Tanjore is brought for sale to the Trichinopoly bazars - In my report of last year I mentioned that the prices of Sumbah & Carr paddy had declined respectively 23¼ and 31 per Cent and the Memorandum in the margin shews that they only partially recovered from their depression in the present Fusly - an equally moderate improvement appeared in the prices of other grains -

	Fusly 1258			Fusly 1259			Per Centage of increase.
Average price of Sumbah per Callom	₹	14	1/4	"	15	4	8¾ per cent
Dº of Carr.	"	10	11	"	12	7	15½ Dº

See Statement No 3

5. The Laulgoody Talook was settled by by the Head Assistant Collector Mr Hatteway and the Jummabundy of the remaining 7 Talooks was conducted by myself - under the unfavorable circumstances of the Season the beriz shews a decrease of Rupees 75,770 - " - 4 or 5⅛ per Cent when compared with the settlement of the preceding year; but it still exceeds the average of the last five Fuslies by Rupees 19807 — 5 — " -

Settlement of Fusly 1259	——	1397395 - 15 - 7
Average Dº of 5 years from 1254 to 1258	——	1377588 - 10 - 7
Increase	——	19,807 - 5 - "

6. The following abstract statement exhibits in a talookwar form the settlement of the past and present Fuslies, and is prepared so as to shew separately the result of the present settlement in the wet and dry Villages of the wet talooks - The rate of decrease in the dry Villages amounts to 8 and a small fraction per Cent while it will be observed that in the wet Villages there is also a decrease of nearly 1¼ per Cent -

After

7. After the remarks which I have made of the favorable freshes in the river, it is incumbent on me to explain at once the decrease in the settlement of the wet Villages and to shew that it arose from accidental causes of various descriptions which must be expected in the case of extensive tracts of valuable land dependent on numerous works of irrigation - To avoid repetition it seems advisable to offer the explanation in the following Form.-

Comaud Talook.

Some necessary repairs to the Wyacondan Channel impeded the cultivation of the Calam crop, and a remission was allowed on account of some rice lands taken for the new Tanjore Road.-

Villoocutty.

Cultivation was impeded by the repair of the Yalooran Mallahs and by the Wycondah Channel being breached in the limits of the Saugaveram Maganum.-

Moosery.

A breach took place in the bank of the Iyar river at Cullooor and Conasalem and remission was granted for land taken to cut a new channel at Moosery.-

Saulgoody.

The decrease here arose from land being taken for the great trunk road from Trichinopoly to Madras.-

8. I shall now proceed to give the details of the Settlement and will first observe that the number of Villages and hamlets included in it is as follows.

	Fusly 1258-	Fusly 1259.	Increase.	Decrease
Iyen Villages	1198-	1199.	1 -	"
Hamlets —	789.	789.	" —	"

The Village newly added to the settlement is the Enam Village of Salagoody lately enjoyed by the Cavery Jerrymen at Trichinopoly which was resumed under the orders of Government dated 4th December 1849.-

9. The following Statement shows in detail the increase and decrease which occurred in the settlement under the different heads.-

10.

As all the items of increase are of an ordinary and familiar nature I shall confine my observations on the settlement to the principal causes for which remissions were allowed.-

11.

The Chief item of decrease is shown in the foregoing Statement to be for lands left waste and the remission of their assessment was allowed as their non-cultivation arose from the unfavorableness of the season and not from neglect on the part of the ryots. They consist of both Nunjah and Poonjah tracts in the Dry Villages which are dependent on the Monsoon rains; and the extreme unfavorableness of the season has been remarked upon in the Commencement of this report. The total remission for Bazar & waste amounts to Rupees 1,30,231-12-4 but as new lands were taken up in those Villages where the rains were least unfavorable to the amount of Rupees 68,524-10-2 the actual decrease in the settlement arising from the scantiness of the Monsoon and a consequent diminution of Cultivation amounts to Rupees 61,707-2-2.-

12.

It is however to be observed that the above sum does not shew the full extent of the unfavorable effects which the failure of the Monsoon caused to the settlement.- In many Villages the ryots attempted their ordinary cultivation on the tanks receiving a partial supply but their hopes of steady Monsoon proved abortive and the cultivation perished to a large extent from want of water.- Numerous applications were therefore made for Shaui or withered crops and the sum which it was found necessary after careful enquiry to remit on

* Column 3.

D.G.

on this account under the guidance of the established rules amounts to Rupees

† Statement No 2. Col: 81. 8,293-10-11.-

13.

The remissions granted for lands reverted to the Parampoke consist of 2 items. lands encroached on by the rivers and lands taken for public purposes such as for the lines of new roads and irrigating channels.-

14.

The deductions in the settlement for Fasal Kummee amount to Rupees 10,109- of which sum Rupees 3,066-10-7 were remitted on single crop land which after being cultivated with 2 Crop in Fusly 1258. were only brought once under cultivation in the present year. Remissions to the extent of Rupees 330-1-3 were also allowed to some villages in the Conand and Vittiuttly Talooks in consequence of the cultivation of their lands being temporarily impeded by the repairs which were made to the Wyacondan channel and its sluices. The remaining decrease under this head occurred in the dry Talooks where the Tanks and Wells were so affected by the draught of the season

* Col: 56.

that

that the ryots were unable to carry on the usual 2nd Crop cultivation. The remissions under the head of Vampyre Cummee call for no detailed explanation.-

15. The roofsoom Cawnavary and ready money collections consist of a small additional payment which is levied in some parts of the district on the land actually under cultivation. The amount of the collections is therefore always fluctuating and while in the present year there was an increase of Rupees 2,786-11-5 on account of lands newly taken up, there was a decrease of Rupees 4,701-11-1 on account of the lands which were thrown out of cultivation in consequence of the unfavorableness of the season.-

16. The small remission on account of Tarm Teerwah Cummee was allowed upon a piece of land which was assessed as "Karasel" in fusly 1258, but complaints were made on the subject and an examination shewed that it ought to be classed as "Manal" The decrease under the head of Neercooly arose

arose from the ryots not using Sircar water for the same Poonjah lands as in the preceding year. The increase under this head amounts to Rupees 437-4-1 and the decrease to Rupees 521-13-8 the preponderance of the latter being owing to the season being less favorable than in the preceding year.-

17. The item of Cowle remission arises from the full assessment of the Cowle lands being brought to account and deductions being made in the settlement according to the terms of the Cowlenamah.-

18. Under the head of the tax on Topes and trees it will be observed that the additions are Rupees 440-4-9 while the deductions amount to Rupees 1,075-8-5. This decrease is attributable to the drought of the season which diminished the produce of the tamarind and Elloopay topes, and killed many of the trees.-

19. The next item on which explanation is required is that of illegal or losses by inundation, under which head it was necessary to grant remissions to the extent of

of

Col: 82.

of Rupees 4,758—9—9.— These losses occurred in some of the wet Villages dependent on the Wyacondan and Yalooran channels. The former was breached by some heavy freshes in the Jungle streams which flow into it in the Nungaveram Mahanam and although the damage was repaired with all practicable expedition some of the Crops in the immediate vicinity perished. The Yalooran channel in the Vittoocutty Talook underwent repair during the season of cultivation and thus prevented the irrigation being regulated in the usual manner and caused the losses for which remission was allowed.—

20.— The only remaining item of remission to which it seems necessary for me to allude is that of Rupees 3,856 [x] —14—6. for the second crop teerwah of double crop land on which the ryots were unable to raise a second crop. This head has been newly entered in the settlement accounts to carry out the instructions of the Board which directed that the full assessment of land registered as double crop should be included in the settlement and the difference between

in the accounts under a separate head as Fasal Summee.

21. Of the amount of the settlement or Rupees 13,97,395—15—7 the sum of Rupees 13,87,169—3—11. was realised within the fusly, leaving at its close an outstanding balance of Rupees 10,226—11—8. Of this arrear Rupees 9,587—8—11. have been since collected, and the small balance of Rupees 639—2—9 which now remains to be realized is in course of collection.

[x] See Statement No. 9.

22. The outstanding balances of former years amount as shewn in the annexed Statement to Rupees 32,277—13—11 of which Rupees 31,643—4—1 are elapsed as recoverable by the sale of lands but under the instructions of the Board conveyed in their Proceedings of 29th October 1849 the enforcement of the arrears due up to fusly 1254 was postponed until a more favorable state of the grain market and they will form the

use in the Madura Collectorate. Endeavours to carry out these instructions have caused the delay which has occurred in transmitting this report and I nevertheless find myself unable to forward the Statements in the present year. For besides the difficulty caused by their great length the Curnams have to obtain from the Hoozoor records the particulars of the old assessment previous to the reductions made under the Collector Mr. Lushington in Fusles 1228-1229 and 1231 In the ensuing year the accounts will be prepared in accordance with the forms as far as is practicable but the forms are not always applicable as the assessment is still fixed on the description of produce and not on the lands in parts of the District.

25. In conclusion it gives me much satisfaction to record the efficient assistance which I received in the settlement and current business of the District during the year from the Head Assistant Collector Mr. Hathaway and the Hoozoor Sheristadar Sheshagerry Row and Chellapa Moodelly.

Proceedings.

14828. Fort St. George 31st October 1850.

Proceedings thereon.

(34.35)

Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council

2. The Charges retrenched were on account of the disbursements from 31st March to 31st December 1845 to the Cochin Frontier Establishment maintained prior to the arrangement authorized by Government on the 2d January 1846 which was in reduction of the previous Moyenzalitah and in enclosure 1 the Sub Collector in Charge explains that this reduction took effect from 1st January and not from 1st February 1846 as before inadvertently stated to the Civil Auditor.

3. Under the foregoing explanation the Board of Revenue recommend that the Civil Auditor may be authorized to admit the disbursements for the abovementioned period amounting in the aggregate to Rupees 3,618-10-5.

To W. H. Bayley Esqre
Secretary to the

From the Collector of Madras. stating that if the request of the Petitioners be complied with it will be necessary to take into consideration the cases of several other Zemindars & recommending that in the event of the whole of these individuals being exempted from the operation of the rule for personal attendance at the office, they should be required to produce Life Certificates signed by two male Zemindars instead of one as at present.

*No. 1866 of 1850 returned.

Sir,

Para 1. With reference to your letter of the 3d October 1850 I have the honor to state for the information of the Board, that in the case of the Pensioners who were exempted from personal appearance at this Office under the Orders of Government dated 3d September last the Life Certificate granted in their favor is signed by the Secretary to His Highness the Nabob.

2. This is not the case however with the Petitioners under reference*, and should their request be complied with it will then become necessary to take into consideration the case of the parties named in the Margin who are all Members of a Zaghiredar family

family, but who in consequence of the rule enforcing the attendance of female Yeamiadars above the age of fifty, have suffered their allowance to remain undrawn.-

3. If the indulgence requested by the Petitioners be conceded to all these parties, the beneficial results of the rule must to a certain degree be affected; While on the other hand they might perhaps consider themselves aggrieved by their exclusion from the exemption that may be extended to the Petitioners.

4. Under this view of the case it certainly becomes highly desirable to determine the circumstance which should limit the operation of the Rule in question, and as these Pensioners have hitherto been permitted to draw their allowances on the security of one male Yeamiahdar instead of two as laid down in the Yeamiah rules of the 24th December 1840, it may perhaps be not inexpedient to suspend the application

application of the rule regarding personal appearance in the cases of all these parties on their furnishing a Certificate signed by two Male Yeamiahdars, one being the Secretary to His Highness the Nabob or some other individual of well Known respectability.-

female Yeomiahdars, above the age of 50 claiming to be exempted from personal attendance at his Cutcherry to receive their allowances, upon the plea that they are of a respectable family, and are forbidden by Custom from being seen abroad.-

2. In the present instance the Petitioners, as well as the others named in the margin of para 4 of the 2 of the Collector's letter, are members of a Jaygiredar's family, and have suffered their allowances to remain undrawn since the rule sanctioned in Extract Minutes of Consultation 5th June 1850, which rendered it imperative on the Collector to decline to make any payment without their personal appearance. Their Life certificates were not signed by the Secretary to His Highness the Nawaub of the Carnatic as in the case of the pensioners for whose personal appearance exemption was granted in Extract Minutes of Consultation

3d September 1850, and they have hitherto been permitted to draw their allowances on the security of one instead of two male Yeomiahdars, as laid down in the Yeomiah Rules of the 24th December 1840.-

3. The Collector thinks that if it be deemed expedient to allow them exemption, as in the case just adverted to, the indulgence should be granted upon the condition that they furnish a Life Certificate signed by two male Yeomiahdars, one being the Secretary to His Highness the Nawaub or some other individual of well known respectability.-

4 The Board are of opinion that the Collector's proposal furnishes a sufficient precaution against fraud, and these individuals being connected with the family of the Nawaub, they recommend that the parties named in the Margin of para 4 of his letter may be exempted from personal attendance on those terms.-
