The Right Honorable the Governor in Council observes that the explanation furnished in the letter of the Collector of the 20th September last is insufficient. It is not enough that the Life Certificate of the females in question

question be signed by one individual who is himself a Yeomiahdar.- Rule 4 of 1840 re=
=quires that the Certificate be signed by two Male Yeomiahdars who together with the Vakeel, likewise a Yeomiahdar, are all to be held responsible in the event of any fraud- This Rule must be strictly acted up to, or if not, the personal attendance before the Col=
=lector of the female Yeomiahdars men=
=tioned in his letter must be insisted on under penalty of the stoppage of their Stipends.-

To The Secretary to Government in the Revenue Department

Sir, I have had the honor to receive your letter of the 4th Instant transmitting annexed a Copy of a letter from the Secretary to

to the Board of Revenue and having communicated with the Collector, this report contains our joint sentiments on the subject.

Police Regn. No. 4 Section 2nd Licenses for the sale of Spirits by wholesale shall be granted to any unexceptionable person on application to the Magistrates and on payment of 131 Pagodas -

Under the existing Police Regulations Licenses for the sale of Spirits by wholesale have been granted to 30 Persons whose names are inserted in the annexed list. -

At the period when the present Contractors farmed the arrack there were 33 Persons authorized to sell Spirits by wholesale, there has therefore been a decrease in the number of these shops since the 1st of last September. -

With respect to the Licenses already granted, it is to be apprehended that they cannot be recalled under any principle, but it may be questioned, whether Government would not be warranted in directing such an alteration in the 5th Para of the Regulations as would extend the quantity which the holders of these Licenses are now authorized to sell Viz. 1. Dozen Bottles. It will be seen by the accompanying Copy of the License that it is held subject to the Police Regulations of Government in this behalf

made

made" or to be made" and under the latter clause, it is possible the Law Officers of the Honorable Company may be of opinion that the quantity might be enlarged, but as the greater portion of the Persons who hold Licenses would sustain great injury thereby Government in its equity may perhaps deem it more advisable to establish a remedial regulation for the guidance of the Magistrates, by limiting the number of wholesale Licenses to be issued from the 1st of next September, Under this view it is suggested for the consideration of Government that wholesale Licenses to Houses of Agency shall in future provide for the sale of no less quantity than 150 Gallons, that in those granted to the Established shopKeepers they may be permitted to sell any quantity not less than 2 Gallons and that at auctions or Commission sale rooms, no less quantity than fifty Gallons shall be sold.

As these suggestions are intended to be prospective in their operation, no immediate relief will be afforded to the arrack renters who are now under

D.G.

sold by the Licensed dealers in Foreign Spirits to the infinite loss of their Revenue, from which they cannot at present be relieved unless Government shall be pleased to allow an abatement in their contract.

the correspondence, of the dates noted in the Margin, the proceedings had thereon, will be found. No alteration took place, in consequence, but in the year 1825, the Collector of Madras was associated with the Superintendent of Police in the duty of granting Tavern Licenses, and as all Licenses for the sale of spirits are registered in the Collector's Office, it was considered to be a convenient arrangement, that wholesale as well as Tavern Licenses, should receive the Collectors' signature. This system has accordingly been acted upon since August 1825. From the great increase in the Imports of Foreign Spirits, there has been an increased consumption of Brandy, Rum, and Gin, and the profits of the Arrack Contractors have in consequence been no doubt diminished.-

General Commission Shops have been lately established and since 1822 the Demands for wholesale Licenses have varied. The number as noted in the Margin, at present is 41, and at this period, for the issue and renewal of Licenses

Fort St. George 14th November 1850.

Licenses, applications have been received from other persons who wish to establish themselves in business. Besides the sales by wholesale there are 15 Taverns in which Foreign Spirits are retailed, 47 Punch Houses for the retail sale of Batavia Arrack, 50 Shops for the retail sale of country Arrack and upwards of 200 Toddy Shops.-

The Regulation quoted in the Margin, shews the authority under which wholesale Licenses are issued, but the Collector of Madras in the expectation of restricting the sale of Foreign Spirits now refuses to sanction the issue of Licenses except to the Houses of Agency, Large European shops and to Europeans of Character by whom sales are conducted.-

If wholesale Licenses are to be restricted, to the above mentioned classes, several respectable persons who have

have held licenses for years and who on the faith thereof and the letter of the Regulations have invested their funds in this branch of commerce, must sustain considerable loss. it is therefore a question of great im=portance to these and other Individuals who may wish to engage in Trade, to ascertain whether a License for the sale of Spirits by wholesale can be refused by the Magistrates to any "unexceptionable person" as also whether a person to whom a License has been granted is not entitled to its renewal, unless the Magistrates can shew good cause for refusing it.-

Previous to August 1825 the duty of granting Licenses was entrusted to the Magistrates, and if the limitation of the Number shall be considered, as likely to ensure a greater consumption of arrack (the object of the Collector) the Right Honorable the Governor in Council may perhaps deem it expedient to

determine

determine the number of wholesale and Tavern Licenses to be granted in future. But whatever may be the decision of Government on this point, I respect=fully submit that, exclusive of any fixed number of Licenses, all British Mer=chants and Foreigners bringing con=signments, including, spirits, to Madras should, if required, be permitted to re=ceive a License for the sale thereof. It frequently occurs that they do not suc=ceed in disposing of the whole Cargo at once, in which case they establish=es Shops for the gradual sale of the remainder Hitherto a License has never been refused, but on a recent application from a French Merchant the Collector thought proper to refuse his signature and as such a proceeding is at variance with the liberal Policy hitherto observed towards Foreigners I have felt it to be my duty to notice it specially, as in fact, the refusal of this License has been the primary cause which has occasioned the present reference

Sir,

I am directed to acknowledge the receipt of your letter of the 19th ultimo and to state that the Right Honorable the Governor in Council concurs with you in considering it proper that British Merchants and Foreigners bringing consignments, including spirits to Madras, should be allowed to receive Licenses for the gradual sale thereof in the event of their not being able to dispose of their whole Cargo at once, but is of opinion that, in other cases, the Collector of Madras should be permitted to exercise, in communication with the Superintendent of Police, a just discretion in withholding his signature from Licenses where there

there may be good reason for thinking the issue of them objectionable.-

Sir,

Adverting to your letter dated 15th

the accompanying Petition No. 1851 of 1850 presented to the Board of Revenue by Chennappah Cuttoobady Enamdar of Goodloorty in the Coilcontah Talook - both are herewith returned -

15th July last requiring me to furnish such particulars as may be necessary for the full elucidation of the merits of the case connected with the Petition and Declaration which accompanied it, from Chennappah Inhabitant of Goondladoorty in Coilkonotta Talook in reference to his claim to certain Cuttoobady Enam lands of his adoptive Father. I have the honor to state that from the Records of this Office it appears that the Petitioner on a former occasion presented a Petition to the Board of Revenue laying claim to the Enam in question - The matter was referred to the then acting Collector who reported on the case by letter dated 26th November 1842 explaining the grounds on which the Enam, stated to have been enjoyed by Petitioner's grand Father's 1st Cousin, had been resumed by his Predecessor the then Principal Collector and observing that the Petitioner would eventually succeed to a separate Enam - C. in Extract from their Proceedings dated 5th December 1842 rejected the Petition -

2. The Enam in question was incorporated with the Sirkar Puttah lands 16 years ago from which period the Assessment thereon has been collected - From the Proceedings submitted by the present Tahsildar consequent on the Puttahdars having complained of obstructions having been caused by the Petitioner to the cultivation of the lands, it would however appear that Petitioner's grand Father the Party in whose name the one Enam is entered in the accounts and Bonga Rammunnah (Petitioner's alleged adoptive Father) in whose name the other Enam is entered, are half Brothers and that the latter Party fostered and brought up Petitioner that a moiety of the Enam lately enjoyed by the Petitioner's grand father is held by his grand aunt who is still alive and ½ of the remaining portion of his Uncle Rammunnah - while the remaining ½ is held by his half Brother also named Rammunnah -

C.t Pag.s 13-3-15¼

C.t Pag.s 10-11-3¾

3. It does not appear that the Petitioner ever enjoyed the lands held by

by Bonga Ramunnah as Cuttoobudy Enam and adverting to the entries being made separately in the Rymaish Accounts- I do not consider that he has established his claims to the lands in question which were resumed under the orders of the late Principal Collector in Fasly 1243- The 1843-44
Petitioner is the son of his Father's 1st Wife and admitting that he and his half Brother line dividedly in the Proceedings held by the Tahsildar would tend to prove his succession prospectively to the 3/4 of the Enam as at present enjoyed by his grandaunt and Uncle as already explained it all that he can reasonably expect particularly as his claims are founded on an alledged adoption, which never took place, and as doubts cannot but be entertained of his relationship to his alleged adoptive Father as at present set forth, being correct, in reference to the evidence formerly adduced on this point.

The Board also decline to disturb the parties now in possession of the other Cuttuddy Enam formerly held by Petitioner's Grandfather and in their Endorsement 5th December 1842 on Petition No. 709 of 1842 have already stated that the claims of Petitioner to his Enam will receive consideration on a lapse occurring. upon the Petition noted marginally with reference to the Board's Endorsement dated 2d. October 1850—

2. When Petitioner was in employ as Sarishtadar of Talook Wonaloor from which office he was dismissed by late Collector subsequent to an investigation into several charges of misconduct that had been preferred against him, it was ascertained that he had permitted himself without authority previously obtained, to cause certain Palmyra trees to be cut down for his own private use and purposes—

3. The Collector appears to have considered that the position in which Petitioner was placed, no more justified his appropriating Circar trees than would have been the case had he been only a private individual. Under this impression the rule of the Coulenama applicable to such an act, was ordered to be enforced against

The Right Honorable the Governor in Council observes that the explanation furnished in the letter of the Collector of the 20th September last is insufficient. It is not enough that the Life Certificate of the females in question

question be signed by one individual who is himself a Yeomiahdar. Rule 4 of 1840 requires that the Certificate be signed by two Male Yeomiahdars who together with the Vakeel, likewise a Yeomiahdar, are all to be held responsible in the event of any fraud. This Rule must be strictly acted up to or if not, the personal attendance before the Collector of the female Yeomiahdars mentioned in his letter must be insisted on under penalty of the stoppage of their Stipends.-

To The Secretary to Government in the Revenue Department

Sir, I have had the honor to receive your letter of the 4th Instant transmitting annexed a Copy of a letter from the Secretary

To

15316 Fort St. George 14th November 1850.- 1850

to the Board of Revenue and having communicated with the Collector, this report contains our joint sentiments on the subject.-

Police Reg. No. 14 Section 2nd Licenses for the sale of Spirits by wholesale shall be granted to any unexceptionable person on application to the Magistrates and on payment of 131 Pagodas.-

Under the existing Police Regulations Licenses for the sale of Spirits by wholesale have been granted to 30 Persons whose names are inserted in the annexed list.-

At the period when the present Contractors farmed the arrack there were 33 Persons authorized to sell Spirits by wholesale, there has therefore been a decrease in the number of these shops since the 1st of last September.-

With respect to the Licenses already granted, it is to be apprehended that they cannot be recalled under any principle, but it may be questioned, whether Government would not be warranted in directing such an alteration in the 5th Para of the Regulations as would extend the quantity which the holders of these Licenses are now authorized to sell Viz. 1. Dozen Bottles. It will be seen by the accompanying Copy of the License that it is held subject to the Police Regulations of Government in this behalf

made

made" or to be made" and under the latter clause, it is possible the law Officers of the Honorable Company may be of opinion that the quantity might be enlarged, but as the greater portion of the Persons who hold Licenses would sustain great injury thereby Government may perhaps deem it more advisable to establish a remedial regulation for the guidance of the Magistrates, by limiting the number of wholesale Licenses to be issued from that 1st of next September; under this view it is suggested for the consideration of Government that wholesale Licenses to Houses of Agency shall in future provide for the sale of no less quantity than 150 Gallons, that in those granted to the Established shopKeepers they may be permitted to sell any quantity not less than 2 Gallons and that at auctions or Commission sale rooms, no less quantity than fifty Gallons shall be sold.-

As these suggestions are intended to be prospective in their operation, no immediate relief will be afforded to the arrack renters who are now under

D.G. sold.

sold by the Licensed dealers in Foreign Spirits to the infinite loss of their Revenue, from which they cannot at present be relieved unless Government shall be pleased to allow an abatement in their contract.-

To the Secretary

Fort St. George.

Sir,

In the year 1822 Government had under consideration the expediency of revising the system under which Licenses for the sale of spirits by wholesale are granted, and by reference to the

No. 482 In reply dated 19th July 1822
No. 670 From Secy. to Govt. R.D. 12th August 1825 to Superintt. of Police

the correspondence, of the dates noted in the Margin, the proceedings had thereon, will be found. No alteration took place, in consequence, but in the year 1825, the Collector of Madras was associated with the Superintendent of Police in the duty of granting Tavern Licenses, and as all Licenses for the sale of spirits are registered in the Collectors Office, it was considered to be a convenient arrangement, that wholesale as well as Tavern Licenses, should receive the Collectors signature. This system has accordingly been acted upon since August 1825. From the great increase in the Imports of Foreign Spirits, there has been an increased consumption of Brandy, Rum, and Gin, and the profits of the Arrack Contractors have in consequence been no doubt diminished.

1822-3 —	29
23-4 —	30
24-5 —	32
25-6 —	28
26-7 —	34
27-8 —	37
28-9 —	41

Several Commission Shops have been lately established and since 1822 the demands for wholesale Licenses have varied. The number as noted in the Margin, at present is 41, and at this period, for the issue and renewal of Licenses

Licenses, applications have been received from other persons who wish to establish themselves in business. Besides the sales by wholesale there are 15 Taverns in which Foreign spirits are retailed, 47 Punch Houses for the retail sale of Batavia Arrack, 50 Shops for the retail sale of country Arrack and upwards of 200 Toddy Shops.

The Regulation quoted in the Margin, shews the authority under which wholesale Licenses are issued, but the Collector of Madras in the expectation of restricting the sale of Foreign Spirits now refused to sanction, the issue of Licenses except to the Houses of agency, Large European shops and to Europeans of Character by whom sales are conducted.

If wholesale Licenses are to be restricted, to the abovementioned classes, several respectable persons who have

have held licenses for years and who on the faith thereof and the letter of the Regulations have invested their funds in this branch of commerce, must sustain considerable loss it is therefore a question of great im=portance to these and other Individuals who may wish to engage in Trade, to ascertain whether a Li=cense for the sale of Spirits by whole=sale can be refused by the Magis=trates to any "unexceptionable person" as also whether a person to whom a License has been granted is not en=titled to its renewal, unless the Magistrates can shew good cause for refusing it.—

Previous to August 1825 the duty of granting Licenses was entrusted to the Magistrates, and if the limitation of the Number shall be considered, as likely to ensure a greater consumption of arrack (the object of the Collector) the Right Honorable the Governor in Council may perhaps deem it expedient to

determine

determine the number of wholesale and Tavern Licenses to be granted in future But whatever may be the decision of Government on this point, I respect=fully submit that, exclusive of any fixed number of Licenses, all British Mer=chants and Foreigners bringing con=signments, including spirits, to Madras should, if required, be permitted to re=ceive a License for the sale thereof. It frequently occurs that they do not suc=ceed in disposing of the whole Cargo at once, in which case they establish=Shops for the gradual sale of the remainder Hitherto a License has never been refused, but on a recent application from a French Merchant the Collector thought proper to refuse his signature. and as such a proceeding is at variance with the liberal Policy hitherto observed towards Foreigners I have felt it to be my duty to notice it specially, as in fact, the refusal of this License has been the primary cause which has occasioned the present reference

Sir,

I am directed to acknowledge the receipt of your letter of the 19th ultimo and to state that the Right Honorable the Governor in Council concurs with you in considering it proper that British Merchants and Foreigners bringing consignments, including spirits to Madras, should be allowed to receive Licenses for the gradual sale thereof in the event of their not being able to dispose of their whole cargo at once, but is of opinion that, in other cases, the Collector of Madras should be permitted to exercise, in communication with the Superintendent of Police, a just discretion in withholding his signature from Licenses where there

there may be good reason for thinking the issue of them objectionable.-

the accompanying Petition No. 1181 of 1850 presented to the Board of Revenue by Chennappah Cuttoobady Enamdar of Goodloorty in the Coilcoontlah Talook

15th July last requiring me to furnish such particulars as may be necessary for the full elucidation of the merits of the case connected with the Petition and Declaration which accompanied it, from Chennuppah Inhabitant of Goondladoorty in Coilkoontla Talook in reference to his claim to certain Cuttoobudy Enam land of his adoptive Father. I have the honor to state that from the Records of this Office it appears that the Petitioner on a former occasion presented a Petition to the Board of Revenue laying claim to the Enam in question. The matter was referred to the then acting Collector who reported on the case by letter dated 26th November 1842 explaining the grounds on which the Enam, stated to have been enjoyed by Petitioner's grand Father's 1st Cousin, had been resumed by his Predecessor the then Principal Collector and observing that the Petitioner would eventually succeed to a separate Enam. in Extract from their Proceedings dated 5th December 1842 rejected the Petition.

2. The Enam in question was incorporated with the Circar Puttah lands 16 years ago from which period the Assessment thereon has been collected. From the Proceedings submitted by the present Tahsildar consequent on the Puttahdars having complained of obstructions having been caused by the Petitioner to the cultivation of the lands, it would however appear that Petitioner's grand Father the Party in whose name the one Enam is entered in the accounts and Bonga Rammunnah (Petitioner's alleged adoptive Father) in whose name the other Enam is entered, are half Brothers and that the latter Party fostered and brought up Petitioner that a moiety of the Enam lately enjoyed by the Petitioner's grand father is held by his grand aunt who is still alive and ½ of the remaining portion of his Uncle Rammunnah's while the remaining ½ is held by his half Brother also named Rammunnah.

C+ Pag.s 13-3-15¼

C+ Pag.s 10-1-3¾

3. It does not appear that the Petitioner ever enjoyed the lands held by

15329 Fort St. George 14th November 1850

by Bonga Rammunnah as Cuttoobudy Enam and adverting to the entries being made separately in the Rymaish Accounts- I do not consider that he has established his claims to the lands in question which were resumed under the orders of the late Principal Collector in Fasly 1243- 1843-44 The Petitioner is the son of his Father's 1st Wife and admitting that he and his half Brother live dividedly as the Proceedings held by the Tahsildar would tend to prove his succession prospectively to the 3/4 of the Enam as at present enjoyed by his grandaunt and Uncle as already explained is all that he can reasonably expect particularly as his claims are founded on an alledged adoption which never took place, and as doubts cannot but be entertained of his relationship to his alleged adoptive Father as at present set forth, being correct, in reference to the evidence formerly adduced on this point-

Bd. No. 2783.

Sir,

From the Collector of Malabar.

By the Comparative statement shewing the amount of Manilikana paid to the Rajahs in this District, forwarded to the Board under date the 23d December 1848, it will be observed that an allowance of Rupees 1112 13 was annually paid to Manneyade Kowilagom Palace Tamboratty being the 6th Division of the Beypoor family, and that this amount has been held in Deposit since the 17th Menom 28th March 1911, 1836 being the date of her demise, pending the result of a suit before the Civil Court as to the rightful heirs.

Requesting sanction under circumstances stated for the continuation and payment in arrears of the Manilikanah enjoyed by the late Manneyade Kowilagom Tamboratty of Rupees 1112. 13 per annum to her adopted heirs who now bear the designation of Walia Rajah and his Niece Walia Tamboratty of the Manneyade Kowilagom from the 28th March 1836.

2. The deceased Tamboratty thirteen years before her demise adopted as her heirs three Members of the Poothya Kowilagom Family, Viz. Koda Wurma Rajah, and his sisters two Daughters named Oonah Devy and Amah

Amah Devy; the last named person deed in 1007/1832, and by the accompanying Original Decree of the Sudr Udalut dated 15th January 1849, the question of the rightful heir has been decided in favor of the aforesaid two Members of the Poothya Kowilagom branch who are therein designated Walia Rajah and his niece Tamboratty of Poodia Kowilagatha.

Requested to be returned

Under these Circumstances

3. I have the honor to request the Board's sanction for the Continuation and Payment in arrears of the Manilikanah enjoyed by the late Manneyade Kowilagom Tamboratty of Rupees 1112 13 per annum to her adopted heirs who now bear the designation of Walia Rajah and his Niece Walia Tamboratty of the Manneyade Kowilagom from the 28th March 1836.

This is an Appeal from

15306 Fort St. George 14th November 1850.

from the decision of the special Commissioner on the Western Coast dismissing the Plaintiffs Appellants claim with costs.—

2 The Plaintiffs stated in their Plaint that a Tamboorattyee their own Aunt, who was an old woman and living alone was cajoled by the Defendants into executing a deed in which she made them her heirs and that they have in consequence taken possession of the deceased Tamboorattyee landed and personal property valued at Rupees 9972 and 8 pean to which they have no legal right. The Plaintiffs therefore as the lawful heirs of the deceased, brought this action to obtain possession of the property in question.—

3 The Defendants denied the truth of the Plaint and stated that the deceased Tamboorattyee succeeded to the Kovilagom and with the knowledge and consent of the Chief Rajahs, granted to them, the Defendants, a Siroo or Erosta or deed appointing them the sole heirs to all

15307 Fort St. George 14th November 1850.

all the property belonging to the Manayet Kovilagom - that they have been in the uninterrupted enjoyment of the property for 14 years and that if the Plaintiffs had any right to the same, they would not have remained silent during all that period, that on a petition being presented by the Tamboorattyee to the Principal Collector requesting that the Malikana might be paid to the Defendants, that Officer directed his native servants to take a Statement from her regarding the same, when she acknowledged having written the petition, and also that she had constituted the Defendants her sole heirs.—

4 The reply contradicted the Statements made in the answer and stated that the Defendants who were living in Travancore since their birth up to the year 1824, could not have been appointed heirs to estates in the Calicut zillah in 1822, that the Siroo Erosta alluded to in the answer was executed when the Tamboorattyee was not in her proper senses.

5 The Defendants filed a

a rejoinder but it contained nothing material to the issue of the case.

6 Nine witnesses were examined for the Plaintiffs, on whose behalf also were filed four documents.

7 No witnesses were examined for the Defendants but they filed nine documents.

8 The 1st Judge of the Provincial Court for the Western Division who tried the cause being of opinion that the Plaintiffs had entirely failed to substantiate their claim dismissed the suit with Costs.

9 The Plaintiffs appealed and the Court of Sudder Adalut on taking up the Case for disposal, considering that the case had not been adequately investigated, referred it back to the Provincial Court that the deficiency might be supplied.

10 In pursuance of these orders the special Commissioner reopened the case and heard additional evidence and dismissed the suit with costs under the full conviction that the Defendants were the heirs of the deceased Jamboo-patty or at all events that it was legally

legally open to her to nominate them to the succession. "Certain it is" he added "that the Plaintiffs claim is without a shadow of proof, so much so indeed that the utter rejection of the pretensions of the Defendants would not advance their (Plaintiffs) right in the smallest degree."

11 The Plaintiffs again appealed and in their Petition detail their objections to the decision of the special Commissioner and impugn its correctness. They contend that the evidence of their principal witnesses, the 1st and 2d has been passed over in silence, that the chief question to be considered is whether the deceased Jamboopatty had authority or not to cut off her nearest relations and make comparative strangers, her heirs, and if she had this right she ought they maintain, to have done so with the knowledge of all the relations of the parties and the principal inhabitants, and that the will bequeathing the property

do.

to certain members of the family to the prejudice of the remaining portion is contrary to law and custom.—

12 The Respondents filed an answer upholding the justness of the Original award and denying the correctness of the Appellants assertions made throughout the case.—

13 On the Appellants moving the Court to be allowed to file a very important document in support of their case which they had lately discovered to be on the records of the Collector of Malabar. They were permitted to do so, and the document was received and considered.—

14 In disposing of this case it appears necessary to determine, in the first place, whether the Appellants were connected with the deceased Tamboratty so nearly as to entitle them to dispute the legality of her will and the disposal of her property. If this position is established, it will be necessary then to enquire 1st Whether the Tamboratty had authority to dispose of her property in

in the way she did. 2d Whether the will was a legal instrument, and 3d by what right the Respondents now hold possession of the estates. But if the requisite relationship between the parties is not proved the consideration of the other points would arise from that fact being established will be unnecessary.

15 The Court of Sudder Adalut have carefully examined the oral and documentary evidence adduced by the Appellants, and can discover in it no proof whatever that they are so nearly connected with the deceased Tamboratty as to entitle them to dispute her Will or the disposal of her property.

16 There is indeed a slight glimmering in some part of the evidence to the effect that the Appellants are of the same family as the Tamboratty in question, but in what way they were related to her, or that they have any right to inherit her property or to call in question the legality of her will, there is no proof

Fort St. George 14th November 1830

proof, as the Special Commissioner remarks "the Plaintiffs had utterly failed to prove their relationship to the deceased Jamboorutty and by consequence their heirship or in other words that the only plea whereby their suit could be sustained had fallen to the ground".

17 The Court of Sudder Udalut therefore dismiss the Appeal with Costs.

Decrease	1,25,017 - 12 - 7

2. The net falling off of Rupees 1,24,017 - 12 - 7 under this head consists of a gross decrease of Rupees 1,25,017 - 12 - 7 in the Districts of Rajahmundry Masulipatam and Chinglepat owing to certain Estates having been bought up by Government and a gross progressive annual increase of 1,000 Rupees in the Peishcush of Punganoor in Addapahi-

Fusly 1258	1,44,920 - 10 - 2
Fusly 1259	1,42,229 - 4 - 11
Decrease	2,691 - 5 - 3

3. The greater portion of the Demand Rupees 1,42,229 - 4 - 11 on account of this item consists of

Annually

Rupees 1,16,908 - the rental of Polconda Talook in Vizagapatam given for five years to the House of Messrs. Arbuthnot and Co and the rest appertains partly to certain Villages rented out for more than one year in the District of Chinglepat, Nellore and North Arcot, and partly to certain lands in Cochin (Malabar) allowed for building Ships &c.

Gross Collection	3,722 - 5 - 3
Gross Increase	1,031 - " - "
Net Decrease	2,691 - 5 - 3

The net diminution of Rupees 2,691 - 5 - 3 under this head consists of a gross decrease of Rupees 3,722 - 5 - 3 in Rajahmundry and

and South Arcot resulting from the transfer of certain Villages to "Amany" and a gross increase of Rupees 1,031 in Nellore arising from a Village hitherto under Amany being rented out in Fusly 1259 for three years, and other progressive increase in the rents.-

4	Tinnevelly	39,530	11	4
5	Bellary	7,0960	8	-

Vizagapatam 19,911 - 6 - 3.

5. The increase in Vizagapatam arises from the Maramut repairs of Surva Siddy being satisfactorily executed and a seasonable fall of rain.-

Rajahmundry 19,780 - 1 - 6

6. The increase in this District it is stated, is owing to an increase in the Villages rented within the preceding Fusly at their full heriz.

Tanjore 1,09,333 - 2 - 1

7. The rise in Tanjore is owing to an

increase in the Cultivation and increase in the Wolungoo Villages from enhanced Prices.-

Tinnevelly 39,530 - 11 - 4

8. The increase in Tinnevelly is owing to the amount of remissions granted for drought and short produce having been less in Fusly 1259 than in Fusly 1258.-

Bellary 70960 - 8 - -

9. The increase in Bellary is owing to the Tanks having received a full supply this year and the consequent increase in the wet Cultivation of the District.-

N.B.
In this District certain Items of this branch of Revenue have been transferred to "Amany" and others retained under the head of "rent." the demand however is entered the same as in Fusly 1258..

The demand in Guntoor is the same as in the last year. In Vizagapatam there is no Revenue from this source. The increase under this head is ascribed to increased rents and to the item of fisheries hitherto included in Moturpha, having been transferred to this source of Revenue. The falling off is chiefly attributable to decreased rents and the diminished produce of Tamarind Trees &c.

in Nellore

In Tinnevelly a decrease of Rupees

Rupees 18694-13-1 is owing to the non-
receipt of offers for the purchase of Chanks-
The falling off of Rupees 135-8-0 in
North Arcot, is ascribed to the discon-

26,230-5-8.

45. The falling off of Rupees 10,759-10-11 in this District is ascribed to the great injury caused to the Crops by the Godavary freshes in September last.-

49. The Net Decrease of Rupees 76,728-5-8 in Masulipatam arises from a want of punctuality in the payment of Zemindars Kists from the circumstance of the Estates of Velsumapettah Vedl. having come under attachment this year; and from the Nundigaur property having been bought up by Government and placed under Amany.-

50 The falling off in the Amany Collections in Guntoor amounts to Rupees 58944-9-1 and is ascribed to the Crops having been damaged in the Talooks of Mungalagherry Rapully and Tanally by the Kistna freshes.-

51. The decrease of Rupees 24,7217-10-8 in this District arises from adversity of season.-

52. The Decrease in the + Peishcush in Salem proceeds from certain Estates

Estates having come under attachment owing to the failure of the Mottadars in the payment of their Kists, and that in the Ryotwar, from the Season being less favorable than in the preceding Fusly.-

Extract from the Minutes of Consultation, Revenue Department, Under date the 23d October, 1850.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 20th September 1850 Vol. 104)

The Right Honorable the Governor in Council agrees with the Board of Revenue that P. Lutchmeenurssoo has established his claim to a portion of the revenues of the Village of Murrepaud attached to the resumed Jaghire of Woodiagherry in the Vellore District and

and he grants authority for the payment of compensation to that individual at the rate calculated by the Board Viz.t Rupees (120) One hundred and twenty per annum for the term of his natural life with arrears on the same scale from Fasly 1249 to Fasly 1259 inclusive amounting to Rupees 1,320. On the death of P. Lutchmenarasso the lapse will be specially reported for the orders of Government.

Informing that a quantity of high priced Stamped paper are very unequally distributed in different districts and directing the Board to reduce

Extract from the Minutes of Consultation, Revenue Department. Under date the 21st October, 1850.

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 20th September 1850 No: 102)

Para 1.

It appears from the Statement accompanying

reduce the quantity. approving of the proposition of the Supt.s of Stamps for the withdrawal of all stamped Cowdjans of the value of 50 Rs and upwards Directing that the unserviceable Sayer Rowanahs in the Districts of Cuddapah, Trichinopoly and Canara be defaced and made over to the paper manufactories, if there are any in other Zillahs to be worked up, but in the event of there being none to sell them as refuse paper and the proceeds carried to the credit of Govt. authorizing the Collector of Canara to destroy the unserviceable Sea Customs Rowanahs and after selling them as refuse paper to carry the proceeds to the public accounts.

accompanying the above letter that after deducting the quantity and value of Stamps written off under the orders of Government, there were in store at the close of Fasly 1258 in the several Collectorates 590,452 Rolls of Stamped paper of the aggregate value of Rupees 13,44,820-9-". Of the above number 953 Rolls are of high value ranging from 150 to 2,000 Rupees each and worth in the aggregate Rupees 3,45,000.

The Superintendent of Stamps is of opinion that though these are seldom used, the present Stock in the Provinces should be kept up to meet any requisition that may be made.

2- The Government observe that these high priced papers are very unequally distributed in the different Districts, and are of opinion that the number in some Districts particularly Vizagapatam, Trichinopoly and Tanjore is needlessly large and might well be diminished. Thus to take the latter District besides a large Stock of paper ranging, from[a] 150 to 750 Rupees there are in store 17 Rolls

	Rolls	Rs
Vizagapatam	132	29,850.
Trichinopoly	79	29,800.
Tanjore	269	102,850.

[a] Three are 155 of this value.

Fort St. George. 18th November 1850

Sec. XIII Regn. XIII of 1810.

Rolls of 1000 and 13 of 2000 Rupees paper which would be required only for the institution of suits or appeals when the property under liquidation was between 50,000 and 1,00,000 Rupees, or above one lac of Rupees respectively - It is not probable that such actions are often brought in Tanjore. On the other hand in Madura where suits for the possessions of extensive Zemindaries are not uncommon there are on hand only 2 Rolls of 1000 and 1 of 2000 Rupees paper - The attention of the Board of Revenue is called to the above observations and they are requested to arrange with the Superintendent of Stamps for reducing the quantity of high priced papers now in store in the Districts above noticed and in any others where the stock on hand seems larger than on a reasonable calculation is likely to be required -

3. The Government approve of the proposition of the Superintendent for the withdrawal of all Stamped Cadjans of the value of 50 Rupees and

Fort St. George. 18th November 1850

and upwards - These now remain in the three Districts of South Arcot, Coimbatore and Malabar but as will be returned under the present orders to the Presidency -

4. It is recommended that the

stock of Stamps and Cadjans in the Provinces of lower values be not reduced, and the Government will permit them to continue at as their present numbers until the operation of Act 17 of 1848 is more fully known; but, they desire that the Board will watch is results and prevent a larger accumulation of these Stamps and Cadjans than is required for as meeting fully the wants of the public.

5. The Government approve of the proposition of the Superintendent in

Rolls. 108,966 --
Rupees 5,350-9-

respect of the unserviceable Sayer as Rowanahs remaining in the Districts of Cuddapah, Trichinopoly and Canara. The Collectors after satisfying themselves of the correctness of their stock, will deface the Rowanahs, and if there be any

paper manufactory in the Jails of their Zillahs will make them over to the Officers in charge to be worked up there. If not they will sell the defaced Rowanahs as refuse paper and credit the proceeds in the publics accounts.

6. The Government also authorize the Collector of Canara to destroy the unserviceable Sea Customs Rowanahs of the number and value noted in the Margin, and to sell them as refuse paper to carry the proceeds to the public Account.

From the Collector of Nellore — Sir,

In reference to an Extract from the Proceedings of the Board dated 23d Ultimo, calling upon me to forward copy of the Enoyetnamah re-ducing the yeomiah alluded to in my letter of the 27th ult. August last to 30 Rupees, I have the honor to state that on the death of Syed Seluc Ktolla the original grantee, his yeomiah of 2 Rupees per diem was not reduced as inadvertently reported by me, but renewed at the same rate to his two sons Syed Muhomed Cadry alias Dustagheer

Saib

Saib and Syed Ally Mahomed Cadry under the Enayetnamah translation of which has already been transmitted to the Board. This Yeomiah of 60 Rupees per Mensem was, prior to the assumption of the District, divided equally between the two brothers, who it appears lived separately and received their respective shares. On the death of Syed Mahomed Cadry however his two Sons applied for the continuance of their father's portion of the Yeomiah, and the Board on the report of Mr. Smalley, the then Collector dated 13th April 1826 communicated their order withholding their sanction the yeomiah having been granted for subsistence and there not being sufficient grounds for continuing it.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of the orders of Government dated 30th July 1850 calling for a report in a Memorial transmitted therewith and now returned addressed to the Honorable the Court of Directors by Syed Booranoodeen Hadry and Meeram Syed Mahomed Cadry Sons of the late Syed Ally Mahomed Hadry a Yeomiahdar of Kellore, and whose Yeomiah was transferred for payment at Madras in which they claim the continuance of their late father's allowance.

2. In reply I am directed by the Board of Revenue to submit the accompanying letters from the Collector of Kellore and their Enclosures together with a Genealogical Table prepared in this Office from which it will be seen that, during the Mahomedan Rule, a Yeomiah of 2 Rupees per diem Rupees 60 per Mensem was granted

granted to Syed Sebuctoollah, and on his death that the Nawab Wallajah under a Enoyetnamah dated Hijrree 1201 A.D. 1785 continued the same allowance to the deceased two Sons Syed Mahomed Hadry and Syed Ally Mahomed Hadry who lived separately and each therefore received only a moiety of the original Yeomiah of Rupees 60 per Mensem or Rupees 30 respectively.

3. The first of these brothers named Syed Mahomed Hadry died in 1825 and his Sons Syed Shah Sabuctoollah and Syed Mohideen Hadry petitioner the Board of Revenue for the continuance of his share. After having obtained particulars of the nature of the Yeomiah from the Collector it appeared to the Board that the Yeomiah was a charitable grant for life, and not of an hereditary nature having also ascertained that the family had others resources namely a Maniem of 14 Cawnies of Dry and 14 Cawnies of Wet land at Arcot the Board of Revenue thereupon decided that there were not sufficient grounds for the continuance of that share, and they consequently rejected the claims of the Petitioners

The present Memorialists are the Sons of the younger brother Syed Ally Mahomed Hadry now deceased and claim the continuance of his share of Rupees 30 per Mensem. The Board observe that there is nothing to favor the continuance of the grant the Extracts from the Yeomiah Registers of 1804 and 1812 shew that the allowance was considered as a charitable grant and for life and the Enoyetnamah of Wallajah confirms them in this opinion.

They therefore consider the claims of the Memorialists to be inadmissible upon the same grounds as those cited in reference to the share of their Uncle Syed Mahomed Hadry and to the claims preferred by his two Sons for its continuance

Village, and from Column 9 of the Statement it would seem to be held in 4 Principal shares part of one of which forms subject of the lapse reported, but it is not stated whether these principal shares are held by the same family and the sub division of the share lapsed is not clearly defined. It will be necessary therefore to revise the entries in this case.

Note. The entry in Column 9 should be as follows. Of the 1/4 share of the Net proceeds of the Village Rupees 396-2-7 Goolam Mohamadeen's share was Rs. — — — Here enter Names of other Share holders and each respective share

3. Replying to the Board's Proceedings of October 17. 1850. regarding some land to be given in lieu of Maniems given up to Mr. Sullivan for Building a Bungalow at Palmanair.

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated October 17th 1850, conveying the order of Government on my application for some land to be allowed, in lieu of Maniems to be given up to Mr. Sullivan by the holders, for the purpose of building a Bungalows at Palmanair. The Government require satisfaction on two points 1st Whether in the case of Reddy Enam the land proposed to be given will be equal to that now enjoyed, and 2d, whether the holders of the three Enams fully understand and agree to the proposed arrangements.

On the 1st point I beg to say that from my knowledge of the land from the enquiries which I made at the time from other persons, and from the Statements

Statements of the Monigar before me now, I have no hesitation in expressing my opinion that the Maniem proposed to be given, will be quite equal when cultivated to that now held

3. With respect to the 2d point, I have now had before me the two holders of the three Enams, agreeably to the directions of Government. Both fully understood the terms of the proposed exchange of land, and the Coty expressed himself quite satisfied with them in his case. The Monager objected that the sum given by Mr. Sullivan for the expences of clearing and ploughing the land, Viz. ten Rupees, was not enough, but said that he should be quite satisfied with twenty Rupees. I learn from Mr. Sullivan that ten Rupees was the amount named by the Monigar himself originally, but he has consented to increase it to twenty five Rupees, being more than the amount now asked, in order to remove all shadow of objection. I find I was under a mistake before in thinking that the parties were

were to receive a present in addition to the cost of clearing and ploughing the land.

The Board are well aware that in this District the Consumption of Saderward item with the increase of business so far from being reduced of late years has been much enhanced by additional calls for expenditure in almost every article, and the greatest difficulty is found in meeting the demands

Fort St. George 18th November 1850.

demands from the Taloks sub division and asistants' Cutcherries from the present amount allowed, which in reality is insufficient for the expenditure demanded, and under these circumstances I trust the Board will not look for a reduction, which cannot be effected but at the cost of the establishment, who will be compelled to make up the deficiency from their own funds.—

From the Collector of Tanjore.—

Sir,

Sending a Plaint filed against the Collector and others and soliciting the instruction of the Board for his guidance.—

I have the honor to forward translation of a Plaint Referred in the Sub Court of Combaconum against the Collector of this District, Reddy Row Streenevas Row his son, and Kistna Row, by two of the former Meerasdars of Parravaledan Village sold to the Second Defendant in Public auction for arrears of Revenue Six and Twenty years Since.—

The Plaintiffs sue for the recovery of a Portion of the Village Sold, on the Score of irregularity in the Sale, which point has been Set at rest by the decision of the Provincial Court, and in appeal by the Sudder Udalut as referred to in Para 8 and confirmed in Para 24 of the decree of the Sadr, Copy of which is forwarded for the inspection of the Board of Revenue.—

To be returned.—

It appears to me that by the Provisions of Section X Regulation II of 1802 the

the Court are prevented trying the present case which has already been decided by competent authority, and that under the statute of limitations it must also be rejected under Clause IV Section XVIII Regulation II of 1802, Plaintiffs never having preferred their Suit to a "Court of Competent Jurisdiction" within the limits allowed, and something to this effect appears all that is necessary in the first instance, for the Collector to state in his answer to the Court, which must be given in within One month, but prior to drafting a reply, I beg I may be favored with instructions from the Board for my guidance. The Sudder decree will explain all matters originally connected with the sale of the Perravalendan Village restored by Government to the Original Meerasdars, and again delivered over to the purchaser by Civil decree.—

With reference to the Extract from the Proceedings of the Board of Revenue dated the 16th ultimo and its accompaniments, I have the honor to forward the accompanying Extracts from the Audit and Reaudit of the accounts of the Collector of Madura and Dindigul for Fasslies 1255, and 1256. from the Remarks contained in which it will appear clearly to the Board that, what this Office requires of the Collector is, the Sanction of Government for the payment of the Yeomiahs in question to Emam ally Shah and Syed ally Shah Sons of the late Shavall Shah and Savorally Shah the Original incumbents, and as no such Sanction appears to have ever been obtained for the grant of the yeomiah in the names of those individuals it is necessary that the Sanction of Government should also be obtained for the continuance of the allowance in their names.—

2. With reference to Para 4 of the Proceedings of the Board to the Collector of Madura dated the 19th of August last forming part of the Enclosures received with their Proceedings under acknowledgment, I have to observe that the payment of this allowance was admitted only up to Fasly 1254 - but why the Sanction of Government was not then called for does not appear the Auditors in Charge of the accounts for the previous periods being both dead.—

Sir,

From the Collector of Madura ..... } 1. With reference to the Proceedings of the Court of Wards of the 28th Ultimo I have the honor to point out that the suit I proposed in my letter of the 17th Idem to file against Chockalingam Pillay was for the whole loss by pesade and not for the recovery of the fine to which the Court,

Stating that the suit proposed to be filed against Chockalingum Pillay a renter of Paddy belonging to the Sevalyinga Estate in July 1756 was for the whole loss by pesade and not for the recovery of the fine

Fine imposed in commutation.

of Wards allowed me to commute it. He was liable to make good the loss by his original contract and again on receipt of the Courts permission for levy of the fine instead, gave an agreement acknowledging responsibility if he failed to pay the fine. I considered, therefore, that the Civil Courts would not hesitate to admit his liability for the whole loss while I did not feel the same certainty of their recognizing the validity of the award of a fine; and I entertained the hope, that seeing the serious measures taken, the Defendant would hasten to pay the fine to avoid the heavier penalty.

2 Should the Court of Wards however, after this explanation prefer the more lenient course of suing for the fine, I will make the necessary alteration of the Plaint, pleading that if the Defendant be liable for the whole he must necessarily be responsible for a part.

From the Acting Collector of Tinnevelly ... } Sir,

Reporting the death of the Zemindar of Woothoomalay on the 23d Ultr. 1850 and recommending for reasons mentioned that the Estate be entrusted to the Management of the Widow.

I have the honor to report the death on the 23d Ultimo of the Zemindar of Woothoomalay in this District. He has left one son of 11 Years old named Yerroodeya Auliamaroodappa Tavem and a Widow by name Perianaighy natchyar. There are no arrears against this Estate which pays an annual Peishcush of Rupees 27719-8.

2 The widow of the late Zemindar has addressed a communication to me stating that if she were appointed Manager, she would conduct the affairs of the Estate efficiently and pay the Yearly Peishcush punctually, thereby rendering the entertainment of an additional Establishment unnecessary, and requesting that the Estate may not be taken under Circar Management. The young Zemindar who appears an intelligent

intelligent Boy for his age waited upon me and strongly expressed his desire that his Mother might not be disturbed in the management of the property which it is said was a good deal left to her during the life of the late Zemindary.

3 The Mozoomdar in Charge of Tenkaussy Talook reported after taking depositions from some of the most respectable inhabitants of the place and a personal interview with the Widow that she can read and write and is competent to manage the affairs of the Estate.

4 The Board will recollect that the greater part of the enormous balance of Peishcush amounting to Rupees 1,77,223. which was due when the Estate was restored to the late Zemindar accumulated under Circar Management.

5 It appears to me therefore advisable not to take the property again under our Management at all events for the present, but to allow the widow to administer its affairs, keeping a watchful eye over her should it happen that she fails to pay any Kist or information be received that she is incurring debts on account of the Estate or

or other wise misconducting the trust, the Management should immediately be taken out of her hands and the Estate be taken charge of by the Court Wards. 3 The Collector reports that the deceased left a Widow named Peredanaighy Nantchyar and a son 11 years old named Yerodeya Ashiamarondappa Sauen and that the former has applied to him to allow her to conduct the affairs of the Estate. The son has also expressed a desire that this arrangement may be sanctioned. It is also stated that the Widow took part in the

the management of the Estate during the life time of the deceased, that she can read and write, and is therefore competent to the Trust.

4 The Acting Collector recommends that she be allowed to administer its affairs, and on failing to pay any Kist or on his receiving information of her incurring debts on account of the Estate, or otherwise misconducting the Trust, that the Management be then taken from her and the Estate be placed under the Court of Wards; meantime he does not think it necessary to appoint a Guardian to the Minor.

Board's No. 2715
From the Collr. of Canara
Report on the Settlement of Land Revenue of his district for Fusly 1259

English and Hindavi
No. 1 to 15
Hindavi
No. 16 to 33.

Sir,

I have the honor to report upon the Land Revenue Settlement of this District for the past Fusly 1259 = A.D. 1849/50 and to forward the accounts and Statements noted in the margin.

2. The several Talooks were settled in the following manner, Viz. Oodipy, Barcoor, Coondapoor, and Honore by Mr. Blane, the late Collector, Soopah, Sondah, and Bilghy by the Acting Sub Collector Mr. Silver, Mangalore, Bekul and Buntwal by the Acting Additional Sub Collector Mr. Fischer, and Ankola by the Acting Head Assistant Collector Mr. Chamier —

3. Having myself only taken charge of the District, after the conclusion of the Fusly year, my report is necessarily founded entirely upon an examination of the records, and the accounts of a Settlement in which I took no personal part — This examination has naturally led

led me through the reports of many past years, and I find that they have, for the last 10 years, exhibited a revenue increasing year by year, beyond the amount ever before realized, with many signs of advancing prosperity. In his report of last year, Mr. Blane observed "on the whole the Board will observe with satisfaction that in nearly all the points above noticed, being those of most importance, the District is in a flourishing and satisfactory condition" In the present report, I have the gratification of showing that the prosperity of the District has steadily advanced—

4 The fall of rain was on the whole sufficiently steady and abundant to produce a full harvest at one period only there was a slight deficiency, but this was compensated by a heavy fall at the season when it is most important for perfecting the first, and for securing the second crop—

5. I have been favored with the following record of the fall at Mangalore during a portion of the season. September was an exceedingly wet month. A good deal

deal of rain fell in October, and in November up to the 25th occasional falls occurred—

	In Cents
May 1849	3 10
June "	45 25
July "	38 38
August " to 19th	13 9
	99 82.

6. The season was decidedly a healthy one. Cholera prevailed to some extent in the Talooks of Mangalore and Bekul, towards the end of the Fusly, and the returns show a slight increase in the number of Casualties from this disease over those of last year, but when compared with several years, it will be seen that this epidemic was far from being severe, while small pox was less prevalent than it has been for many years—

7. The battle suffered from Murrain more severely than in the last year. But taking a series of years, I am inclined to think that the Mortality is not beyond the ordinary loss to be expected, where little care is taken to counteract the effects of an unfavorable

unfavorable climate, which changes suddenly from extreme drought scarcity of pasture, to extreme moisture—

8. The Census of population not having been taken during the past season, the statistics remain as before, the number being 994656—

Prices

9. The prices of rice were favorable, being slightly in advance of those obtained in the previous year, though in the case of Mascaty and Jeera rice, they are slightly below the average prices of the last 5 years. The fluctuations are shewn below—

The

10 The slight decline in the price of Paddy is attributable to an abundant harvest, and most probably, to increased importations from Mysore. This is evinced by the fact, that the decline in price, has been Coincident with a large Export to Goa, as shown in the Margin—

11. The price of Betelnut was lower in the past, than in the preceding year, while that of Cardamums and Pepper was higher. The increase in the price of Cardamums is very remarkable. Compared with the average of the past 5 years, the prices of Betelnut and Pepper fluctuate but slightly, while Cardamums continue to advance. But it is interesting to compare these prices, with those which prevailed for five years before the Havlut duties were abolished, and I think it is satisfactory to observe that in the article of Sooparee, the advantage of the reduction has been pretty equally divided between the grower and the consumer. While with regard to Cardamums the whole would appear to have fallen to the producer. It may be expected that this stimulus

should

should tell most favorably on the cultivation of the Balaghaut Talooks, and I have every reason to believe that this is the case.

12. With regard to Pepper, there are evidently some circumstances which have influenced the Market, which are independent of this District and its product, and it is probably most fortunate, that the decline in the demand for our produce, has found the trade relieved from a heavy impost.

Cocoanuts

13 Cocoanuts have, as in the previous year, slightly declined in price, and the average of 5 years past, shows the falling off to have been progressive. The extension of cultivation in Malabar, and consequent increased import into this District, and no doubt a considerable increase of production in this District itself, may be considered the satisfactory causes of this decline of price—

14. There has been a serious falling off in the staple trade of the district, the export of rice during the past year being considenably below that of the previous, and below the average of the past 5 years. This will appear from the subjoined Statement, which distinguishes the Canara from the Mysore produce—

15. The fact that in a year of abundant harvest, our trade has received so serious a check, has led me to examine the statistics of some years past and there are some circumstances connected with this fact to which it appears to me to be necessary to call the attention of the Board of Revenue, and which find a place more properly in this report, than in that on the Extra sources of Revenue, from the immediate connexion which exists between the state of our rice trade, and the prosperity of our cultivators—

16 On examining the reports I find, that after a series of years of unusually

unusually large exports, we have exactly fallen back to the exports of 1253 and to the average of the five years preceding 1255. The returns for the year 1250 and subsequently are as follows—

	Corges.

17. The fluctuations observable in previous years prevent the necessity of attacking any great importance to the fact, that in a year of abundance, the demand for our produce has been suddenly checked, and the way in which prices have been upheld, proves the confidence of the Merchants that the check is only a temporary one, but there are at the same time one or two circumstances connected with the present state of the trade, which I think are deserving of watchful attention

18. The annexed Statement shows

Fort St. George 18th November 1850.

shows that the principal decline has occurred in our most important market, that of Arabia. The demand for our produce in this Market is generally most steady, while the following table will show how very sudden the falling off has been, It follows upon a long series of years of active trade, and reduced the Export to a smaller amount than has been known for 16 years. It is also coincident not only with an abundant harvest in this district, but with a very productive date season in Arabia, which has generally, as would appear from this table, the effect of stimulating the trade in our rice.

Two

19. Two causes have been assigned to me by the Merchants of this district for this result. One is the bad name which our ports have acquired, in consequence of the frauds which have been practised since the Government has ceased to weigh the rice exported. The other is the cheapness of Bengal rice, and its consequent import into Arabia. I believe that both of these have had very considerable effect.

20 It has long been the impression of the Merchants of Canara, that they have a Monopoly of the Arabian Market. that the rice of this province will always be preferred to any other, and that it is a matter of indifference to them whether a high or low duty is imposed upon it, and they seem to think that any amount of fraud may be practised with impunity. There has however been a very serious outcry raised in foreign Markets by the frauds which have taken place.

21 This however is a matter rather of local management, and will

will, during the season now opening occupy my best attention a subject of more general importance is the impression that we are undersold by Bengal. If this is founded upon fact, the present check to our trade may not prove only temporary.

22. In connexion with this subject it is important to remark, that a brisk trade appears to have sprung up between Muscat and Calcutta in Salt. Several large Vessels have already touched on the Coast on their way from Muscat to Calcutta with Cargoes of Salt, and the Captain of one of these Vessels reports that he sailed on the same day with 9 others. I believe that some alterations in the Bengal rules, have lately considerably increased the imports of foreign Salt into that presidency, and it is not improbable therefore that these alterations may have already affected, and may continue to affect our rice market. That these Salt Vessels frequently return direct to Muscat with rice, I know to be the case, but whether there has of late been the increase in the trade which I am led to suspect, it,

it will be in the power of the Board to ascertain, by reference to the tables showing the imports of Salt and exports of rice in Bengal. If so, it will be important to enquire whether the Bengal rice is allowed any advantages over our own, and it may perhaps be also necessary to compare our own Salt Regulations, with those of Bengal with a view to assimulation.—

23. With reference to the garden produce of this district, little reliance can be placed upon the returns received from the talooks. Since the abolition of the Havlut duties, these returns are made on mere guess. The quantity of Pepper produced, is shown to have exceeded that of the previous year, while Betelnut and Cardamums have slightly fallen off. The subjoined Statement shows the extent of the alleged fluctuations in each of these articles.—

24. On comparing the average of five years previous to the abolition of the Land Customs, with that of a similar subsequent period, an apparent falling off to a considerable degree is the result as shown in the margin. This result is not borne out by facts, which on the contrary are opposed to it, and as above observed, no reliance can be placed on the Shanboys return.—

27. Of the above additions Rupees 9300.15-4- are on account of Land Revenue and Rupees 3396-11-1- on account of Coomery cultivation. The excess under the latter head is not attributable to an extension of that species of Cultivation over the former year but firstly, to a rigid supervision which has been lately introduced by Mr. Blane, requiring the Shanbogs to furnish both Coolwar accounts, and extent of land cleared, and by which evasion and fraud on the part of ryots and Shanbogs are now checked — and secondly to a standard rate being fixed for each class of Cultivators throughout the District whereas formerly no Coolwar accounts were called for, and no rate of assessment fixed, but each case was assessed according to its circumstances. The increase is chiefly in the Talooks of Soopah, Ankola and Buntwal where the thick forests stand as shown in the margin. The excess under the head of Land Revenue is to be attributed, partly to the regular collection of the Instalments due on Vyda Estates, and partly to increased produce and waste brought under cultivation during the year under report — the result of a favorable season — out of Rupees 9300 the amount of Increase Rupees 3448 were collected in the Narrow Talooks

29. The amount of remissions made in the year under report, falls considerably below that made in any of the last five preceding years, as shown in the Margin, and is I believe below the amount shown in any previous year. Considered with reference to the advance which cultivation has made in late years upon the lands long waste, and on those redeemed from the jungle, it appears to me to be a most satisfactory proof of the increasing value of landed property. The first, third, fourth and fifth items of remissions are either trifling or of an ordinary nature, and do not call for any particular explanation. The second consists of remissions allowed for waste in lands under yearly examination, of which Rupees 809, were allowed in the Buntwal, Honore, Ankola, Soopa, Sondah and Bilghy Taloks, and Rupees 76. in the remaining Taloks, on account of lands given up or only partially cultivated, owing to their being over grown with jungle.

This amount has been withdrawn from the head of Vydas or Cowls, the lands having been thrown up by the holders who found themselves from various causes unable to comply with the conditions of the Cowl. Owing to an exact scrutiny into the condition of these Estates, the remission made under this head have greatly decreased from year to year as shown in the Margin.

Fort St George 18th November 1850

38 It only remains for me to offer some remarks upon the several points touched upon in the Proceedings of the Board of Revenue, and the Minutes of Consultation, on review of the last Jummabundy report.

+ Dated 17th January 1850

39 The remarks of the Board and of the Government, in Para 6 of the Proceedings and Minutes of Consultation, will be duly attended to. The length of period allowed in the instances remarked upon by the Board, cannot in many instances be avoided, as long as the present system of assessing garden lands prevails. The calculation usually made for assessing land for a cocoanut plantation, is to suppose that 3 trees will be planted on every Gounta or 120 per acre, this is equivalent to an assessment of 12 Rs per acre, a garden of several acres can only gradually be planted, and the trees often take 12 years to come to maturity. The assessment is in my opinion much too high. The periods allowed for bringing waste lands into cultivation, generally vary from 2 to 5 years, those for gardens from 5 to 12. It is now the practice to demand security for the fulfilment of

Fort St George 18th November 1850

of the leases into which the Ryots enter.

40 In para 15 and 16 of the Board's proceedings, and in para 15 of the Minutes of Consultation, reference is made to the important subject of a revision of the settlement proposed for the sanction of the Board of Revenue on the estates reported to be incapable of paying the full assessment, this settlement being known by the name of Board Sapariah.

41 The Board of Revenue suggest that a survey of all these Estates be made by the present Cutcherry with a view to a fresh settlement, while the Government point out the improbability of an Establishment already so severely tasked, being equal to the additional duty of surveying more than eleven thousand estates, at the same time the Government adds. "They may however properly be employed in investigating the actual condition of those wungs, in regard to which the greatest abuse may appear to have been practised, the general question of the nature and extent of the means necessary for the examination of the whole being reserved for consideration in common with Mr Blavie's report on the question of a general survey of the district.

Mr

42 Mr Blane's report is now before the Board and lays fully before them the whole of the perplexing questions connected with the revenues of this province. It shows very clearly that all our present difficulty has arisen from the absence of an original survey; it shows that the longer a survey is delayed, the more our difficulties accumulate, but at the same time it shows that such a survey would be attended with difficulties of the greatest magnitude. Mr Blane has in the same report pointed out some objections to the measure which the Board now propose, of surveying only the Kumbutti warrgs, which are deserving of very serious attention. Both for the reasons pointed out by Mr Blane, and for some others, I think it is most desirable that, as suggested by the Government the measure of a survey of the Board's Saparish Estates, should be considered in common with that of a survey of the whole district. To carry out the course suggested by the Board with the present establishment is impossible, and besides this it appears to me, that there are many preliminary questions to be settled before such a survey is commenced.

43 In recalling the views by which I believe Mr Vincash to have been influenced, and which

guided those who acted with him in forming the second revision of the settlement of the district / for such the Board's Saparish was / and comparing those views with those which now appear to prevail, I find that a very marked change of opinion has taken place. when Mr Vincash joined the district, the impression which fourteen years experience had led Mr Read to adopt, and which was so general up to the time of Dr John Stokes's report, that the assessment pressed heavily upon the people, still prevailed. Mr Vincash's experience of other Districts led him I think to doubt this opinion, but to believe that much evil arose from keeping suspended over the poorest Estates (those which were Kumburty) a nominal assessment which they never fully paid, and which gave rise to a constant system of clamour and invention of grievances. His object was to examine the estates, strike off what could not fairly be collected, give liberal pensions to those who had never paid before, but ought to have done so, and so to encourage all to hold their Estates independent of applications to Government Servants, and of yearly pretences of poverty and distress. The result of these admirable measures has

has been most marked, and by those who remember what a Jummabundy Settlement in Canara was before and subsequent to these changes must be fully appreciated.

44 In carrying them out Mr Vincash considered that he was only contenning the Shiraes settlement, which had received the marked approbation of Sir T. Munros Government, any revision of that settlement was never then contemplated, though it was known that many of the Estates held under its guarantee, paid a mere nominal assessment. In extending its principles to the few remaining Estates, an investigation conducted with considerably greater care than Mr Harris's but at the same time in the rough manner hitherto in practice, and checked by a reference to previous collections would, it was supposed, sufficiently protect the interests of Government, in resigning a portion only of a nominal assessment which they had never collected, and which pressed severely upon these Estates, at any rate in comparision with many of those which surrounded them. The sacrifice which it was recommended to the Government to make, was trifling compared with that which had already been made -

45 But circumstances are now completely changed

changed, and when a general survey of the District is proposed, and the permanency of the Shiraes settlement is under consideration, I think it is desirable that a survey of the Board Sefarish Estates should be delayed till the general question is decided and it is especially desirable that before any minute survey of any portion of the district is commenced with a view to assessment, it should be determined upon what principle the assessment is to be fixed -

46 To combine a scientific survey with the principles of Indian finance, would, I am satisfied, have most disastrous consequences. The principle of assessment in this district, and that upon which our accounts are prepared is, that the Government is entitled to one third of the gross produce - Should we map out every field, calculate its produce, and assume one third as the Government share, the result could not be doubtful - It could only be by falling back upon a system of evasion, and by allowing the produce to be under estimated; that a collector could prevent his district from a state of things, more miserable than under a native

native Government. My own experience has convinced me that wherever a country has flourished, it has been where some evasion of this demand has been found, and this has generally been by understating the productive power of the land.

47 Where we to introduce a scientific Survey we must introduce an enlightened principle of finance. It appears to me therefore most highly desirable that when any survey such as the Board propose is carried out, a classification of the land, and its assessment per acre, should supersede the present principle of computing the Government demand from the gross produce. This is already practically the case where new land is now given out for cultivation, and I think it ought to be avowedly the principle upon which any revision of the assessment of the old Estates should be based.

48 In the mean while the directions of the Government can I think, to a considerable extent be carried out. where it appears that gross frauds have been practised, and this is clearly shown in several cases, the Board Sf arish should be cancelled and the proper assessment at once demanded.

A

49 I shall add in an appendix to this report the result of some surveys instituted by Mr Blane. I always regretted that some measures were not taken for defining the Estates included in the Board Sf arish. The frauds here shown are very gross, and confirm Mr Halls opinion as to the necessity of further scrutiny. I do not see why the full assessment in these cases should not be at once demanded, and the names struck out of the Board Sf arish list, and the investigation be continued wherever there is reason to believe that similar frauds have been practised. I do not anticipate that except in the case of some of the larger Estates belonging to influential parties, the assessment will be found to fall short of a moderate Government demand but these frauds show clearly that some further scrutiny is necessary.

50 This may be carried on to a considerable extent by instituting a comparison between the area of the Estates shown in the former survey accounts, with the return of produce

produce upon which the remission was founded. Where this comparison gives rise to strong suspicion of fraud, the enquiry should be carried further. It is certainly surprising that these records should have been lost sight of, when the examination was in progress. Should the Board of Revenue now authorise this measure, a considerable number of such Estates as were fraudulently entered in the list, will at once be removed from it, and measures taken for bringing them up to the full assessment. The scrutiny will first fall upon those where the fraud has been greatest, and a system of revision will be gradually acted upon. I would at the same time hope that even in these cases of fraud, the Government will with its usual liberality, leave much discretion in the hands of the local officers in enforcing demands which have never been enforced before - as I believe has generally been done in the case of fraudulent or tenures of many other kinds.

51 I add in the appendix a sheet taken casually in the Ankola taluk, in which

I have placed side by side the area of the land as shown by the survey the statement of produce submitted to Mr Stokes upon which the Board's parish was founded and that submitted to Mr Blane in 1257.

52 In para 13 of the minutes of consultation, the Government express their concurrence in Mr Blane's opinion on the subject of the annual issue of Puttahs to the proprietors of the Bhurty Estates, but on this point the Board have not subsequently passed any orders. For the reasons assigned by Mr Blane, I think it is very desirable that Puttahs should only be issued to those who express a wish to receive them, I do not think that any object is gained by courting the land-holders to receive a document which they do not value, and which in this instance they believe, under the form of a guarantee, to tend rather to weaken their tenure - a general proffer of this document to such as wish for it will, it appears to me, satisfy the provisions of the Regulations and obviate

15525

Fort St George 18th November 1850

obviate an altercation which can only tend to weaken the Collector's authority.

53 The Board have in para 18 of their Proceedings directed, that the circumstance mentioned by Mr Hall in his last Summundy report, to the effect that the light assessment introduced into the Darwar, had had the effect of drawing off a considerable number of ryots from this District, should be particularly referred to and the present report. It will be seen from the subjoined Statement, that although the extent of cultivation in the 5 frontier Mogannies of the Sonda Talook, in the Jurisdiction under report, is some what smaller than that of the preceding and yet it exceeds that of Fusly 1257. This decrease is not to be attributed to the tenants having thrown up the Estates but to ordinary causes.

54 I beg to refer the Board to Paras 15 to 20 of Mr Silver's report, for the information required in para 19 of their Proceedings, regarding the coonery cultivation carried on in the Jungles bordering on the Sirey and Darwar road which was excempted from taxation for 7 years, in order to encourage settlements on the road side.

55 The Board will observe that the effect of the measure which obtained their sanction has been in a very great degree satisfactory but the object is not fully answered until the land is held in permanent cultivation, and I would beg the authority of the Board for extending the period for which the indulgence is granted to 20 years. The sacrifice on the part of Government would be most trifling, even if the whole land were cultivated, and the necessity of minute accounts is obviated at the end of this period such land as has become permanent property may be assessed.

56 The apparent increase and decrease in the number of Villages noticed in Para 20 of the Board's Proceedings has arisen as follows. In the Buntwal taluk an entry was found in the accounts of the Coorg Government under

under the head of Kadeem Beriz as "Ograny Putoly" Slus, which was entered as a Village, was found in Fusly 1257 to be a mere name, without the existence of any corresponding Village or Estate, it was consequently struck off the accounts. In the Sundah taluk a Village called Bejancopa, having been omitted in the Kadeem Beriz accounts from its having lain waste since the accession of our Government, was brought into cultivation in Fusly 1257, and consequently entered in the accounts.

57 The Statements № 2 and 7 showing the distinction between Bhurty and Kumbhurty Wurgs, have in compliance with the instructions of Government been omitted this year. The remaining Statements have all been numerically arranged, and the Statement № 1 drawn out in compliance with the Board's instructions conveyed in para 6 of their Proceedings of the 2d August 1849.

58 As per Circular instructions of the 13th June 1850, a Statement showing the extent of Sugarcane cultivation and its process drawn out according to the form furnished is now forwarded. as the Government Beriz in this district is not fixed upon the fields, the Column for that purpose has been

been left blank. The extent of cultivation given in this Statement cannot be entirely depended upon, the area in our native accounts being calculated according to the moorahs of Seed employed, the calculation varying in every Village considerable care however has been taken in converting the extent shown into acres.

59. The circular instructions of the Board dated 28th August 1849, calling for a Register of landed property possessed by the Revenue Servants, has been very carefully circulated to all the Servants of Government, and the Register in the native language is now completed but it is so voluminous that it will occupy a considerable time to translate it, and make the necessary copies in English. I hope however to be able to send it in before the close of the year.

60 I have the honor to forward copies of the reports of Mr Silver the acting Sub Collector in charge of the Balaghaut and of Mr Fisher the acting additional Sub Collector on the Talooks of Mangalore Buntwal and Bekul.

61 I have already alluded to the only points in these reports which appear to require special remark.

62 The Board will I am sure observe with satisfaction that each of these Gentlemen is able to report the division under his charge to be in a satisfactory condition, a fact which all

all the information I have received abundantly confirms.

63. Mr Chaner, the acting Head Assistant is in charge of the Talooks of Aukola and Honore with the police of Bundapoor an extensive and important charge.

64 Mr Hudleston has by my directions assumed charge of the Revenue as he had already done of the Police of Barcoor. The Tappal department is also under Mr Hudlestons care, and he frequently assists me in my own Cutcherry.

65 Mr Chase is employed in Mr Fishers Cutcherry, and affords Mr Fisher considerable assistance in disposing of police cases.

66. Both Mr Hudleston and Mr Chase are in charge each of one of the roads now under construction, and render very valuable service in carrying out these important works.

67. Though I have only lately joined the district, I have had time to gain the assurance that from all these Gentlemen I shall receive most valuable and cordial co-operation.

68. From Bojenga Row, the Head Sheristedar, I have received very great aid in the preparation of this report. With this Officer I have not previously been acquainted but I have been much struck by his intimate knowledge of the records of this office and his skill in matters of account.

69 With the Nair Sheristedar I have been long acquainted and feel confident that he will continue to merit the high character he obtained both as an office Servant and a Tahsildar.

70 With both of these Officers I have found every reason to be satisfied, and I feel confident that I shall continue to receive valuable assistance from them.

Collector of
Canara.

Sir,

I have the honor to submit the usual report on the Settlement of the three Balaghaut Talooks, Soopa, Sonda and Bilghy, at present under my charge, for the past Fusly 1259.-

2. The Season may on the whole be pronounced to have been favorable to cultivation, and the Crops abundant both as regards Field and Garden produce. The rains set in, on the 1st June, and continued till the end of October.-

3. No disease to any serious extent prevailed in the Balaghaut, during the year under review, and the subjoined table shows a decrease, in the Mortality among Men and Cattle, as compared with the preceding Fusly.-

4. The price obtained for paddy falls slightly below that obtained in the preceding year, which is to be attributed partly to an abundant harvest, and partly to importation from the neighbouring Districts of Nuggar and Dharwar. The price obtained for

for the Balaghaut Staple produce Soopary Pepper, and Cardamoms in each Taloote are shown in the subjoined table. There is a small decrease in prices obtained for Soopary in the Soopah and Sonda Talootes, while in Bilghy there is an increase in the price of all the above produce, owing to the demand in the Cuddapah & Bellary Markets. The price of pepper is somewhat above that of the preceding year.-

A steady increase of revenue is shewn in all the three Talooks, chiefly conspicuous in Soopah and Sonda. and arises from the regular collection of the Instalments due on the Vyda estates, but chiefly from increased produce, and waste brought under cultivation, the result of a favorable season. These additions were only imposed, after careful enquiry that the different estates, were capable of paying something nearer their full assessment and no trouble whatever has been experienced in realizing the Amount. I need only add that the mode introduced by the late Collector Mr. Blane in Fusly 1257, of making use of the Survey accounts of these two Talooks Soopah and Sonda, with the view of ascertaining the extent of each field, as compared with the accounts of cultivated

fields

fields drawn up by the Shanbogues has been carried out, at each Summabundy.-

6. The amount of reductions in Soopah, Sonda, and Bilghy granted for the year under review amounts to Rupees 651-10-0 as per

Under the first head of Crops injured, 42 Rupees were remitted in the Sonda Talook, to ten individuals, on account of serious loss sustained in their Soopary gardens. There-=-dections for waste, is composed of the assessment of estates thrown up by their proprietors, or only partially cultivated. The remissions for deficient produce, and general circumstances of distress, are too trifling to require comment. Fifty four Rupees were remitted in the Sonda and Bilghy Talooks. on account of damage by fire to persons unable to sustain the loss without assist-=ance. The total amount of damage according to the Statement delivered by the Tahsildars, and on which these small remissions were made amounted to Rupees 2,369-33-

7. The Summabundy on Coomery cultivation carried on in Government

The increase has chiefly occurred in the Soopah Talook in the Olavy Coolenand and Soopah Maganies In Sondah and Bilghy. this species of cultivation is not much carried on being mostly confined to the great forest Talook of Soopah. The increase of Revenue, in the year now under review, is not to be attributed to an extension of this species of cultivation, so destructive to the Forests, but in some degree to increased vigilance on the part of the Potails and Shanbogues,

in

Fort St. George 18th November 1850.-

in reporting clearings consequently on the orders lately promulgated, placing Coomery Cultivation under certain restrictions, and requiring them to furnish both Coolwar accounts of Coomery Cultivators, and extent of land cleared; although in many of the wild parts of the Country as for instance in the great Soopah Mogany towards the Goa frontier, it is not easy to exercise much Surveilance. The increase however is principally to be attributed to my having raised the assessment somewhat, according to the different circumstances of each case, on the Coomery clearings made without permission having been first obtained, in contravention of the Circular Order above referred to.-

8. In the case of the three Mogannies of Soopah, referred to in the preceding paragraph, the Thasildar did not propose the Assessment, till he had consulted me on the subject, when he met me at Moondagode, where I commenced the Jummabundy of his Talook. The Number of Comeri Cultivators, as shown by the Statements given in by the Tahsildars, is less than in

10. The Ryots seem to have been turning their attention somewhat more than hitherto, to the cultivation of the Sugar Cane, but the species of cane is very indifferent. The annexed Statement shows a considerable increase in the Manufacture of Jaggry as well as of the price obtained for it, in the Soopah Taloke. There is a trifling increase in the Manufacture of Sugar, shown in the Sonda Taloke, and the price, a fraction higher than in the preceding year.-

11. The prosperity of a district depends so much on the improved means of Communication opened throughout it, that I trust a very brief mention of the increase of traffic on the two principal Ghauts leading to the Coast, will not be deemed irrevalant, in a revenue Report.-

12. On the Arbyle Ghaut the accounts furnished to me show an increase in the number of Bullocks that have proceeded below the Ghaut, as compared with the preceding year, of 27,091.- while on the Devamony Ghaut the increase in the number of Bullocks proceeded below is stated at 17,349. The number of Carts that have traversed the Devamony Ghaut, during past Fusly going and returning is 5131, and they are fast superseding the use of Bullocks for the transport of Cotton.-

13. The Board of Revenue having desired that the remarks made by my Predecessor Mr. Hall, in the 11th para of his report for Fusly 1258, regarding Tenants from the frontier Villages, of the Sonda Taloke, having been drawn away by the revision of the Assessment, in the

Dharwar

15621 Fort St. George: 18th November 1850.-

Dharwar Collectorate should be specially noticed. I have made particular enquiries on the subject, and see no grounds whatever for supposing that the Cultivation in Canara will be in any way affected by the alleged light assessment in the neighbouring District.-

14. I made the Jummabundy of the Peishkar's Division of the Sonda Taloork at Pallah close to the Dharwar Frontier, and heard no complaints of the kind mentioned by Mr. Hall. The subjoined Table shows the particulars of Ryots who have left the District, distinguishing those of Canara from Natives of Dharwar. Of the ten Ryots who passed across the frontier in Fushlie 1257 and 1258, five were people from Dharwar, all of them were tenants of Government Estates, and out of the ten Wurgs, five are again under cultivation.-

16. I beg to submit the following details regarding Coomery Cultivation carried in the Jungles bordering the Sirsy and Dharwar road, which were allowed to be held rent free for 7 years, and regarding which the Board have called for information, in the 19th Para of their proceedings, in the Jummalundy Report for Fusly 1268.-

17. In Fusly 1252, nine plots of grounds were cleared and brought under cultivation, of these, one was subsequently deserted and the period for which they were to be held rent free having expired in Fusly 1258. in Fusly 1259, I seized the Summalundy on the remainder consisting of 10 Acres 4 9/12 Goontahs at

Fort St. George 18th November 1850.

at the rate of 8 Annas per Acre Rupees 5-2- according to the rate levied in the same Magany Mulghy, on Coomari Lands cultivated on other Jungles.-

18. The following table shows the particulars of Lands under cultivation in Fusly 1259, with the periods at which the different plots were cleared, their extent, and the periods when the 7 years will expire, and the Lands will be assessed.-

Should any plots be left waste, and subsequently be brought under cultivation a second time, the 7 years will be reckoned from

from the period the ground was first cleared and cultivated.-

19- The clearings above referred to are on the sides of the high road leading from Sirey to Mavondagode, on the Dhar war frontier, I have recently had them all carefully inspected and measured by one of the Comastahs in my Office and I can speak from my own personal Knowledge, of the advantages that appear to have arisen, from the encouragement given to make these clearings.-

20- The Road ran for the most part, through a dense forest, where robberies were not unfrequent, and the loss caused by Tigers among Cattle sent out to graze considerable.- Now, in proceeding along the high road, people are to be seen at these Coomery clearings the Villagers can send their Cattle to graze, without the risk formerly incurred, and as regards safety to Travellers, the following Table of the Comparative Number of Robberies committed on the Road in the last 7 years as compared with the preceding 7 years is satisfactory.-

Sir.

1. I have the honor to submit the following Report on the Land Revenue Settlement of the Talooks of Mangalore, Bekul and Buntwal for Fusly 1259.

2. The season under report has been an average one, though the dulness of the trade with Arabia, on which so much depends the prosperity of this division, made it difficult, for a long period, to obtain a market for Produce. This was very evident from the unusual number of notices of attachment issued both by Proprietors and Revenue Officers, on account of rent, and non payment of the usual Kists, though comparatively few instances of sale of property were necessary to realize the one or the other.

3. As regards the sanitary state of the Country, during the past Fusly, no epidimic can be said to have prevailed among the people, though Cholera has appeared.

appeared along the Coast. The Cattle returns do not show that disease has caused any unusual loss generally though a murrain prevailed for some time in Buntwal which fell severely on individuals.

4. In the three staple products Rice Cocoa and Betelnuts average prices seem to have been maintained, except in inferior qualities of the latter article. The price of rice was perhaps, for a long time nominal and the difficulty of effecting sales great, but at the latter end of the season trade was brisk. At its close however, the export of rice was Co$ 117,704 less than during the preceding year. This is to be accounted for not from any failure in the crops, but from the fact that since the supervision of the export trade formerly exercised at this port, has been withdrawn a system of fraud has been resorted to, and risen to a height which has injured the present trade, and would threaten that of

of the future, but for the timely measures which have been taken, and which will, it is hoped, put a stop to proceedings which have weakened the confidence of the Arab customers in the Merchants of Mangalore, and have caused complaints from other parts of the Coast to which our produce has been exported.

5. The export in Cocoanuts is on the whole far below that of Fusly 1258, but the produce both here and in Malabar was then exceptional, and the present falling off is more to be attributed to the small quantity of this Article brought from the latter place, whence it comes chiefly for re-exportation, than from any decrease in produce here. Betelnut has found an exit by sea in nearly as large quantities as during the former year.

accounted for so that altogether the year has been one during which the cultivator has obtained a fair return for his labor.

6. The Land Revenue exhibits a net increase of Rupees 2,749–10–10 and though the amount is small, it is progressive and is the result of a gradual extension of cultivation, as the different estates approximate the Ryotwar Settlement. Particulars are given in the accompanying figured Statement the only item of which that seems to call for remark, is the Coomery, on which the revenue has more than doubled. It is not, however, owing to any increase in this kind of cultivation, but to the orders lately issued by Mr. Blane requiring all Coomery on Sirkar lands to pay a bariz-

The outstanding balances on the 12th July Fusly 1259, amounted to Rupees 3777-15-0 of which Rupees 3664-11-4 was collected within the fusly and Rupees 57-5-3 struck off the Accounts under Sanction of Government, leaving a balance of Rupees 55-14-5 still uncollected. Of this amount I beg to recommend, that Rupees 23-12-10 may be struck off the accounts as irrecoverable.

10. This amount was due on three Murgs two in Bekul and one in Buntwal, in the respective sums Rupees 8—. Rupees 7-12-10, and Rs 8. The one is on account of poverty caused by loss by fire. The second is a balance due on a worn out Garden which becoming unproductive was given up by the mortgagee into whose hands it had fallen, and the third is an amount erroneously assessed on a Murg, as Frye Dhurma, in fuslies 1254 and 1255, on which collections were suspended and after due investigation ordered to be taken off.

11. The above Statements will I think, have shew that the revenue has steadily increased and been realized without difficulty, leaving a balance of only Rs 1016-8-7 out of a Summa of 69,509-7-10 under circumstances unfavorable to such results. Having only taken charge of this division in February last, want of experience in this part of the Country prevents my entering on points strictly belonging to the subject which I trust a further acquaintance with my charge may on a future opportunity enable me to do.

Sir,

I have the honor to forward an application and a Sketch received from Captain Charles Taylor in Charge of Pensioners at Rajahmundry for a grant of ground situated in the Government Village of Rajahmundry wherein he is now building a house and enclosing a compound.

2. The total quantity of land occupied by Captain Taylor as per his application No 1 is 4 — 23 — 588 3/4 for which as it seems quite unobjectionable I have the honor to recommend that a Regular Government Grant should be given to him a quit rent being fixed thereon at 2-7-9 per Annum from the commencement of fusly 1260 A.D. 1850/51. This land is waste and unfit for Cultivation and it was never assessed before.

3. The neighbouring jeroyettee lands bear the assessment of one Rupee per Cawny being only available as a Mango garden and as the ground in question is inferior to those lands being stony and barren I propose a quit rent of 8 annas per Cawny.

4. Captain Taylor holds no documents for the ground but he obtained a Memorandum from the Tahsildar of Rajahmundry shewing that there are no claims whatever to the land. I enclose the original† and a translation thereof.

that they have considered it to be the intention of the Honorable Court of Directors, as expressed in para 17 of their Despatch dated April 27th 1842 forwarded with the orders of Government thereon

In Cons 29th Augt 1842

under date 10th August 1842, that the old rule of requiring a Quit Rents of a Pagoda per Cawny (without reference to the quality of the land) from those who apply for Permission Certificates should be discontinued and that the rate generally to be adopted should be the usual teerwah that would be levied if the land were taken up for Cultivation as proposed by the Board in their letter to Government dated 16th July 1839 and acceded to in letter from the Chief Secretary dated

In Cons 26th Augt 1839

13th August 1839. In these last mentioned communications the lands referred to were those for which "Grants" were not demanded, but the Board presume that the Quit Rent to be levied, is the same whether the land is held by Government Grant or by permission of the Collector. In fact it may be a question whether since the passing of Act IV of 1837 a Government Grant should be expected in the case of an European any more than in that of a Native.

From the Secy. to Government Revenue Department, Resolving to ascertain from the Board whether the services of an Examiner cannot be spared for employment in the Commr's Nrn. Circars Office and that when this information is received the further arrangement proposed by the Commr. be taken into consideration, stating the grade and number of persons which will be required for the Establishment of the Commr. which accompanied him on Circuit according to the rules of the 9th February 1830. Directing that future disbursements under this head should be regulated at 3 as. 9 Pice per Cos by as fixed by Para 3 Ga. Pt. Cons. 27th Augt. 1850, and that a Statement of the charges be annually submitted for the sanction of Government Resolving that Para 8 of the Commissioners letter respecting an Apothecary be furnished to the Military Department.

A

Extract from a letter from the Commissioner for the Northern Circars Dated 9th October 1850. No. 114.

Para 3. The only deficiencies experienced in the number of persons sanctioned have been the want of an Examiner and of a few additional peons. The task of examining the Minutes of the Broken Set of Proceedings for the Honble the Court of Directors and the usual Office records, is an additive to the duties of the ordinary Clerks, which was not remembered and therefore not provided for in

Fort St. George 21st November 1850.

in my Original estimate. The number of peons too, required especially during the time of Circuit, to guard the records both in the Stationary and travelling Office has been found too small and I have had to obtain them from the Collectors but this I consider to be objectionable as a permanent Arrangement.

4. I have therefore to request that Sanction may be renewed for the scale originally proposed in my letter 7th July 1849 with the additive to the number of persons of one Examiner and twelve peons, and to the money of 70 Rupees for an Examiner unless the Board of Revenue can spare me one of theirs in which case no increase of money would be required for the pay of the lowest Class of peons here being only 4 Rupees. I propose to reduce a portion of those formerly Sanctioned to that grade and to make up the rest of their pay from the amount already Sanctioned.

these Enams held by the late Bhuttoo Nursaraujoo, Viz. A. 26-8-15¼ valued at Rupees 23-2-8, to his widow Lutchmummah for her life.

11. Adverting to the advanced age and poverty of the widow and mother in law of the deceased Enamdar, the Governor in Council is not disposed to deprive them of any portion of the enams held by the late Toomaloosatroloo and he accordingly directs that the whole Viz. A. 9-39-6½ valued at Rupees 50-15-6 be continued for their lives to lapse on the death of the survivor of them.

×60 and 80 years respectively.

Agreeably

12. Agreeably to the recommendation of the Collector and Board of Revenue in this case, it is resolved that the share held by the late Bollapinny Seyshumbottoo, Viz. A. 33-9-15¼ valued at Rupees 92-11-4, be continued to his adopted Son Seetaramoodoo for his life subject to the Jody payable thereon Viz. Rupees 12-10-10.

life in consideration of the long occupancy of the lands by the present family.

15. The Governor in Council concurs in the recommendation of the Collector and the Board of Revenue in this case, and he accordingly directs that those Enams which are shewn to have been entered in the name of the father of the deceased Enamdar, consisting of A. 37–35 6/p assessed at Rupees 241–5–1, be continued without limitation to Woonambottoo alias Venkatasem the Nephew in the male line and adopted son of the late incumbent Venkutramanabottoo; and that of the lands obtained by gift and purchase, Nos 10 and 12. amounting to Rupees 17–7–– being acquisitions of a recent date be resumed and the remainder continued to the said adopted son for his life only.

No. 9, 33. Bhutwuttee Enams in Sidhout and other Talooks. Extent A. 53–5 10/p Value Rs. 336–11–10.

† 1837.

16. It is observed that in three of the cases under report Nos 214–229–233. the Enams have been recommended to be continued to adopted sons. In one instance

[233] the party adopted was near of kin to the deceased, and would seem to have been entitled to share in the lapsed Enam in virtue of his relationship to the deceased independently of the adoption, and in this case it has been proposed that the Enam be continued without limitation. In the two other instances the adopted son would appear either not to be related to the last Enamdar at all, or to be connected with him only in the female line, and the continuance of the Enam is recommended for life only. The Right Honorable the Governor in Council would wish to learn the sentiments of the Board of Revenue in respect to the propriety of recognizing adoption in such cases as these two last, in bar, for a time at least of the assertion of the rights of Government, and what has hetherto been the practice in this respect.

Bd. No. 2907

From Secretary to Government.

Extract from the Minutes of Consultation under date the 9th November 1850.

Authorizing the continuance of certain Enams which lapsed in the District of Kurnool during the 2d 3d 4th Quarters of 1849 subject to the Jodee & Enamity tax chargeable upon them Directing the Board to instruct the agent to exhibit in all his future Statements the total extent and value of the Enams falling under each number.

Report of the Agent in Kurnool on the Enams which lapsed in that District during the 2d 3d and 4th Quarters of 1849 submitted with remarks of the Board of Revenue.

Para 1. The Right Honorable the Governor in Council proceeds to consider the several cases of Lapsed Enams submitted

Fort St. George 21st November 1850.

submitted for his orders in the tabular report of the Agent in Kurnool for the 2d 3d and 4th Quarters of 1849.—

2d Quarter of 1849.

No. 1. Enams held by the late Sastroloo in Sungamaiswerum and 3 other Villages. Extent A. 55—30—½ Value Rs. 15—14—4 exclusive of Enamity

✓

2. For the reasons given by the Agent in his remarks on this case, as well as in his separate communication, sanction is granted for continuing the Enams in the enjoyment of the deceased (excepting the 3 fields in Popelaiswarum already resumed) to the younger Son Venkata Sastriah and his Mother Parummah, to be held by those parties for their lives and to lapse on the death of the Survivor.—

No. 2. Enams held by the late Samalamba in Anuntapurum and Streeputty Rowpett. Extent A. 9. 21—11½ Value Rs. 2—14—9. exclusive of Enamity

3. These Enams having been long in the possession of the family and partly held under a Sunnud of the Nawab Alief Khan, it is resolved, on the grounds recommended by the Agent, to continue them to Anuba Sastroolo, the husband of the grand daughter of the deceased.

deceased, for his life.

4. Ordered, that the larger field

A. 3–4–11 said to have been given in charity to the deceased, the rest of the Enams will be continued to his Widow Venemmah for her life.

6. The Enam of which this is a part, is supported by a summud granted in Higri 1030 or A.D. 1,710 pays a "very heavy Jodee" and has been in possession of the family for several generations, the Governor in Council is therefore of opinion that the portion held by the late Abdoolla Sahib should be continued, without limitation, for the benefit of his family in the name of his

and the field No. 330 A. 2-4-4 in Indrauvanum to Rama Row the Son of the late incumbent, but only for his life-

14-

No. 7. Enam held by the late Nagumma - Mundlem and 20 other Villagers } Extent A. 21-28-9. Value Rs. 3-0-4 exclusive of Enamity.

On the considerations urged by the Agent, sanction is granted for continuing these Enams for the life of Sashumma the Widowed daughter-in-law of the deceased, who appears to be the only surviving Member of the family-

15-

Under all the circumstances of this case as represented by the Agent, the Government are of opinion that the Enam may be continued for life to Moostuffa Sahib, the elder Son of the deceased - or to the Widow Urzee Bee, should he survive him-

16-

No. 8. Enam held by the late Sidumsahib in Gadeedanvadoyan Extent A. 7-19-0 Value Rs. 7-0-0

No. 9. Enam held by the late G. Appa Bhuttoo in Alloor - Extent A. 22-31-0 Value Rs. 6-8-0

Concurring in the Agent's recommendation in this case, the Government direct that the lapsed Enam be continued to the Widow Lutchmukka for

Fort St. George. 21st November 1850

for her life-

17-

No. 1. Enams held by the late Hoossain Sahib in Midtoor and Chercocherla } 4th Quarter of 1849. Extent A. 13-20-13 Value Rs. 7-8-0

Thus being a grant for service in the Junglee Padsha Durgah, it will be continued as proposed by the Agent to Allamma Oodeen 1st Cousin of the deceased-

18-

No. 2 Enam held by the late Jungum Seeva Moortee in Huddamam - Extent A. 2-21-4 Value Rs. 1-8-5. Exclusive of Enamity-

To be continued as recommended by the Agent, for the life of Chennukka the widow of the younger brother of the deceased-

19-

No. 3. Enam held by the late Paroor Sashumm Bhuttoo in Chinnacumpalaoor. Extent A. 10-31-11½ Value Rs. 8-8-0 Exclusive of Enamity-

As suggested by the Agent this Enam will be continued for life to Nursemma the widow of the late holder-

20-

No. 4- Enams held by the late Byravajoosa Kristnumm Bhuttoo in Nundiall and Podanalapoarum } Extent A. 9-21-2¾ Value Rs. 3-0-8. Exclusive of Enamity and Jodee -

Under the circumstances represented by the Agent, the Government resolve that with the exception of the two fields which have been alienated and are in the possession of other parties to whom they will be

be left for their respective lives, the rest of the Enams in these two Villages be continued to Nurumma the widow of the deceased for her life, there being no heirs of the body.

21- To be continued as recommended by the Agent to Vonuma the widow of the late holder, for her life, subject to any orders which may hereafter be passed respecting its liability to Enamity tax.

No: 5- Enam held by the late Condeejosee Sobavadanee in Cuddah Mundial- Extent A. 10-35-8- Value Pd. 6-8-0 exclusive of Jodee-

22- Referring to the opinion expressed in this case, the Government will not object to the continuance of the Enam for the life of Uchumma the widow of the deceased as proposed by the Agent.

No: 6- Enam held by the late Sasha Charloo Palcoorty - - - Extent A. 02-20-3¾ Value Pd. 9-12-0 exclusive of Jodee-

23- It is to be clearly understood that the several Enams now authorized to be continued, will be subject to the Jodee and Enamity tax chargeable upon them.

24- The Board will instruct the Agent.

Agent to exhibit in all his future Statements the total extent and value of the Enams falling under each number. This was not done in the Statements for the 3rd and 4th Quarters of 1849.

B. No. 2831.

From the Collr. of Nellore.

Requesting instructions on the subject of the destruction of the unnecessary records accumulated in the Cutcherry at Ongole.-

Sir,

1. In reference to an Extract from the Proceedings of the Board of Revenue dated

Fort St. George 21st November 1850

dated 15th March 1847 directing that part of the records of the Sub Division at Ongole be removed to the Collector's Cutcherry at Nellore to provide for the accommodation of the Sub Collector's public Servants and calling for a report whether there be any useless records at Ongole which the Collector would recommend to be destroyed I have the honor to inform you that on receipt of the Extract in question some of the servants on the Establishment of the Sub Division were employed to examine the records which had accumulated in the Cutcherry at Ongole and to separate the useless records from those necessary to be retained. The task having now been completed I beg to forward for the approval of the Board 2 lists shewing the nature of the records, the destruction of which I request the Board will be pleased to sanction. A part consisting of 279 Duftors of records necessary to be retained can be removed to Nellore without inconvenience to the Sub Division Office at a cost of 15 Rupees for 3 Bandies, when the Building at

15683 Fort St. George 21st November 1850

at Ongole will afford accommodation for the public servants of the Sub Division.-

2 I further beg to inform the Board that if the quantity of paper proposed to be destroyed, be disposed of to the Paper manufacturers at Nellore, they are willing to return 12 new Quires for each maunds of waste paper, after converting it into new paper- The quantity of paper being estimated at about 450 maunds, the number of Quires to be received will be 5,400, the value of which at the rate of 15 Quires per Rupee is 360 Rupees- If this measure of disposal meet the approval of the Board I request that I may be authorized to disburse 65 Rupees on account of the carriage of the paper from Ongole to Nellore.-

Nellore Collector's Cutcherry 1st November 850.

From the Coll^r of North Arcot.

Sir,

Referring to your letter of the 9th Instant, I have the honor to forward as directed by the Board of Revenue the accounts noted in the margin for the Villages of Coterlah and Venkatapooram in the Permanny Taluk. The adungul Chittah is on Cadjan leaf as is usual throughout the greater part of this District. The Surum Chittah sent is also on cadjan, being the copy that was in the hands of the Curnum, as the paper copy belonging to the Mogoor records is not forthcoming. The cadjans all bear the stamped initials of Mr Nisbet, shewing their identity with those produced in his time, Viz^t, about 1825, but that was twenty years after the time of the survey which was made in 1805.

Proceedings thereon.

Revising Proceedings to the Collector of North Arcot held in certain cases of concealed cultivation in the Villages of Coterlah and Venkatapooram and directing that a copy be sent to him together with his accounts for further investigation.

In examining the cultivation of Fasly 1259 (1849/50) in these two Villages an excess amounting to Rupees 822-4-6 having been discovered,

Excess		
Coterlah	Rl. 645	10 3
Venkatapooram	176	10 3
	822	4 6

sentences were passed under Regulation IX of 1822 on the parties implicated as follows.

Coterlah

1. Congara Paupiah Naick, Ryot, to pay a fine of Rupees 500, and in default to be imprisoned in the Zillah Jail for 12 Months.
2. Congara Venkataroya Naick, Monigar, a fine of Rupees 250 and in default, imprisonment in the Zillah Jail for 12 Months.
3. Venkatakistnah Pillay, Curnum, a fine of Rupees 500 and in default imprisonment in the Zillah Jail for 12 Months.

Venkatapooram

1. Congara Paupiah Naick, Ryot.
2. Congara Naranapen, Monigar.
3. Venkatakistnah Pillay Curnum, The 1st and 3d were sentenced in the former case. The 2d was sentenced to pay a fine of Rupees 250 and in default to be imprisoned in the Zillah Jail for 6 Months.

The

2 The two Monigars and Curnams were dismissed from Office and the Assessment of the concealed lands was ordered to be collected from the parties respectively who cultivated them.

3 The Board have carefully compared the several Accounts forwarded by the Collector and are of opinion that the Examination of the Cultivation on which the proceedings of that Officer are based, cannot be depended on for the following reasons.—

4 The Pymash and Tarom Chittahs should have been both compared in the presence of the parties concerned with the fields as they now exist and all differences noted. The Ryots should have been a party to this scrutiny, and the boundaries of each field with the excess should have been distinctly pointed out to them. In these particulars the examination of the Aymaish-dar, as inferred from his Accounts seems to have been altogether defective. The Tarom Chittah was adopted, it is seem, as the standard of reference, and the Pymash Chittah was apparently set aside, tho the latter contains the details of the original measurements which were so important on the present occasion, when the principal

point to be determined was whether the Actual Cultivation was within the limits as laid down at the Survey.—

	As per Pymash or Survey			As per Tarum or Classification		
	No.	Land Cawnies		No.	Land Cawnies	
		C	a		C	a

Wet	58	39	2⅜	59	38	3½
	241.	356	⅞	239	354	11½

5. The necessity of testing the Actual Cultivation with both Pymash and Tarom Chittahs is made apparent by the discrepancies which are found to exist between these two Accounts. These are shewn Marginally for certain numbers. The Pymash Chittah, it is seen, does not contain an Abstract for the whole Village and 3 separate Wet fields of the total extent of 1-1 a are entered therein without being numbered.

6. In pursuing the comparison of the Pymash and Tarom accounts more in detail, the following differences are found.

This total is entered as one number in No. 51 of the Tarom Chittah.—

No. 68-69-70. In these no discrepancy occurs.

No. 71-72-73. The total of these numbers is 5-8 a 1/2 which is entered as one Field in No. 71 of the Tarom Chittah.

No. 74 is entered as No. 72 and so on to No. 84.

No. 85 is entirely omitted in the Tarom Chittah.

Porumpoke are put down in the Tarom Chitta as No. 180 — 3/4.

7. Similar discrepancies are found in the Nunjah Lands, which it is not necessary to enumerate in this place.-

8. Referring to the Pygmaish Account for Vencatapooram, it is seen that 24 C - 13 a of land assessed at 40 Ps - 10 a/4 are entered as concealed cultivation. This is composed of

	No. Lands	Assessment Pags

trustworthy result. The omission to note down in the Accounts the particulars of the land taken in from adjacent fields is also to be noticed. — No. 7 is Enam, portions of Land belonging to No. 10 and 11 bearing the full assessment are stated to be incorporated with it, but the whole was measured by the Aymaishdar as one field. It happens that No. 7–10 and 11 correspond in every particular in the Pymash and Faram Chittahs, and the boundaries being defined, the Aymaishdar ought to have had no difficulty in tracing the actual limits of No. 7. The measurement having been thus loosely made, there are not sufficient grounds for concluding that the Enamdar has exceeded the limits assigned to him at the Survey. —

× No. 7-54-69-94 156.

× Length Gowtahs 18½ Breadth 8 Sq. g 148. 1-7-3/4 of which 1-2 is stated to be Enam No. 7.

9. The foregoing remarks will apply also to the Aymaish generally No. 71-72 and 73 aggregating 5-8/21, as per Pymash Chittah are exhibited as one number No. 71, in the Faram Chittah, and of this no less than 4-10 are entered as concealed Cultivation in the Aymaish Chittah. It is observed that No. 69-70-71 and 72 were measured as one by the Aymaishdar and put down at 8-9¾ of which 4-10 as appertaining to No. 71 as already stated are entered as concealed Cultivation. —

× No. 64-69-70-71-94-105. also 156 159 and 161.

In

10. In the Wet lands it is also observed that the Cultivation, entered as concealed, was not separately measured. Thus owing to the omission of the Aymaishdar to identity the boundaries of the actual Cultivation with those specified in the Survey Accounts, it is impossible to say whether the extent mentioned as concealed should really come under that specification, or whether it is not included within the original Survey limits. It is not improbable that on re-measurement the original Survey may be found to be inaccurate, but if the Cultivation is confined to the limits as then defined, excess above the extent usually allowed, should not be viewed in the light of concealed Cultivation. —

11. Wet field No. 21 being 8 a assessed at 5-3¾ has been entered both in the Adungul and Summabundy Accounts as wholly cultivated. In the Aymaish, 5¾ of this extent bearing an assessment of 3-12 are stated to be immemorial waste. If the Aymaish be correct, the Board are at a loss to understand why the whole should be entered in the Adungal Accounts as cultivated, apparently with the acquiescence of the Ryot, who received Puttah for the same.

12. In the Adungul and Summabundy accounts No. 14-15 and 16 (part) 4¾ Annas bearing

an

an assessment of 3 p° 13/4 a° are entered as cultivated. In the Agmaish account 3/4 anna is entered as immemorial waste, for which remission is recommended. If the land is unfit for cultivation, remission should be granted, it should however be ascertained whether this lands does not properly fall under the rules of the Hoobunnamah which provides for the assessment of the whole field being demanded when 3/4 of it has been cultivated.

13. Similar remarks apply to the Agmaish of the Village of Cotarlah.

14. Kunjah Field No. 13. In the original Pymash Chittah the Area of this Field is stated to be G 1/4 - 18 a equal to 3/4 Cawny, but the figures representing the component measurements have been altered, at what time does not appear, and the aggregates of the several measurements as they now stand, is G 1/4 - 15 a and not G 1/4 - 15 a as abovementioned. In the Tarom account the extent is stated to be 12 1/4 annas A note is appended to this number in the Agmaish Account, setting forth that the examination was made according to the Pymash Chittah, that the actual extent as now ascertained is G 1/4 - 15 a and that 12/4 the Area as per Tarom account being deducted, the remainder 3 annas has been

been separately numbered No. 1 in 13 with an assessment of 2 p° 4/4 a°.

15. The details of the new measurement are not specified in the Agmaish Chittah but in the rough Chittah / Taloog / the extent of this Field is entered at G 1/4 - 15 a equal to 1 - 2/2 a from which Hongari Kagumnah's Cultoodady of 12/4 Annas being deducted, the remainder 6/4 annas is mentioned as belonging to No. 14 the extent of which is 6/2 annas according to the Agmaish.

16. It is thus shewn that the facts as set forth in the rough Chittah are altogether at variance with the Statement appended to No. 13. in the Agmaish Chittah, it is seen moreover that the details of the measurement of this number as contained in the rough Chitta do not correspond with the measurements given in the Pymash Chittah, although it is alleged in the Agmaish Chittah that the measurements of the original Survey were followed. The examination, if any was made, is obviously not to be depended on. The alterations of the figures in the original Pymash call for enquiry.

17. It was irregular to make a separate Circar Field No. 1 in 13. It was the duty of the person who made the examination to ascertain

in

in the first instance whether the boundaries of No. 13 corresponded with the Pymash & Chitta. If they were found to be the same but the Area in excess, additional Jodee should have been imposed but not retrospectively. If on the other hand the excess was found to arise from encroachments, it would be properly treated as a fraudulent appropriation.

18. The Board observe that Mr. Bourdillon has bestowed much pains in sifting the matter in the examination before himself but as the Azmaish is defective, they are obliged to remand the case for further investigation.

Ordered that copy of these Proceedings be furnished to the Collector of North Arcot for his information and guidance, and that the Accounts received from him be returned.

Remarks of the Board of Revenue } The original grant of Star Pagos
das 33-12-4 per annum was conferred by Tippoo
Sultan on Syed Hoossain to teach Children
grantis, on account of his previous service in
reading the Koran in Hyder's army and
ceased at his death. His son syed Fazil
was allowed a pension of 7 Rupees per men-
sem under the authority conveyed in Mr. Secre-
tary Hill's letter of the 24th April 1818. On his
death that allowance was continued to his
younger brother Syed Meerah the last in-
cumbent under the order of Government 29th
May 1835. Thus it will be seen that the de-
ceased was the 3rd in succession.

2. As the object of the grant was of
a charitable nature it may now be consider-
ed as having lapsed but in consideration
of the destitution in which the two widows
and family of the deceased would be left if
deprived of this allowance which is their
only means of support the Board of Revenue
recommend that the allowance be continued
to Patchabee and Loulbee the
widows of deceased in equal shares
subject to their performing the duties by
deputy each share to lapse to Government
at their death.

Requesting that the opinion required from him by Government regarding the employment of Military Pensioners in the Talooks may be deferred until the termination of the approaching Jummabundy

Co. cand. Mil. Sect. 15 Nov. 1850 No. 31

I have the honor reply to the closing para of your Board's communication noted Marginally which has reference to an enquiry by Government whether the necessity of keeping up the Establishment of Military Pensioners in the Talooks of this District, either wholly or in part, may not be obviated by some other and less expensive system.

2. Adverting to the observation by Government that it does not appear that the Collector of Salem ever submitted an answer to the requisition of Government on the abovementioned subject it occurs to me that the Communication of my Predecessor to the address of the Acting Chief Secretary to Government dated 15th May 1843 may have been overlooked; I therefore do myself the honor to annex a Copy of

of it. I beg to add that I feel considerable hesitation in now offering an opinion on a point of the nature under notice which it is possible that after further experience of the District I may see cause to modify or altogether repudiate. My hesitation is the greater, that on reference to the correspondence mentioned in the Margin, I observe that the former Principal Collector, Mr. Orr, laid considerable stress, and as it seems to me with great justice on the advantages of employing Military Pensioners at the Salook Treasuries. Mr Orr's experience of the District was most Comprehensive and accurate whilst at present having assumed charge of my Office only on the 11th last July, I possess but an imperfect acquaintance with the Working of a System that that Gentleman established, which his successor Mr. Gleig applied and which the late Collector entirely approved. I submit therefore that my opinion on the point referred to me will be entitled to greater confidence if I be permitted to defer it's submission until the close of the approaching Summah bundy, or if the Board think that period too long until

until the end of next March when I shall have visited and seen the whole of my present charge.

3 I have now before me a Statement of the mode in which the Peons belonging to each of the 11 Salooks Comprising this Collectorate were employed on a particular date taken at random which I had prepared in order to qualify myself for offering the opinion called for; and on consideration of it I cannot help believing that an opening is afforded me by carefully restricting this class of subordinates to their more legitimate occupations, either of slightly reducing their number or of dispensing with the assistance of some at least of the Pensioned Sepoys, but for the reason above offered I may eventually regret the submission of an opinion in the matter. I therefore with respect beg your Board will sanction my temporarily deferring it.

Sir,

In reply to your communication No. 398, being an Extract of Minutes of Consultation of 18th April, I have the honor to state for the information of His Lordship in Council that the employment of Pensioners has been found to answer remarkably well in this District.

There are 18 Pensioners with a Havildar in Ossoor and 4 Denkencottah Talooks, and 8 Pensioners and 1 Havildar in all other Talooks excepting Salem, and they are employed in guarding the Talook Treasury and escorting remittances to the General Treasury at Salem, and from the Military duties habitual to

to them are found to be more efficient as a treasure guard than Peons.

Although at first there was some difficulty experienced in persuading them to employ themselves on this duty, they now most willingly tender their services, and when vacancies occur there is no difficulty in supplying their place.—

Their being already in the possession of the bounty of Government which they would be liable to forfeit if convicted of any serious misconduct, is a security for their faithful services, but we have no such hold over common Peons. Their employment has also been found very beneficial from the Police Peons being more generally distributed over the District when they are not required.—

2 The Collector annexes copy of a letter from his predecessor to Government dated the 15th May 1843 on the subject of employing Pensioned Sepoys in the Talooks which it occurs to him may have been overlooked and feels reluctant to offer any decided opinion at present on the subject which on maturer experience he might be induced to modify or alter and suggests that he may be allowed to defer it until the close of the approaching Jummabundy

8th November 1851. The Assistant Collector Mr. J. B. Kindersley an application to be furnished for Official purposes with a copy of the Madras Code edited by Mr. R. Clarke, I have the honor to submit for the Board's consideration that it seems desirable Mr. Kindersley's request should be acceded to and accordingly to request that it may be laid before Government with your Board's favorable recommendation.—

2 I beg to state that I am aware existing orders require that each Member of the Civil Service should have in his possession a copy of the Code procured at his own cost, but both Campbells Code and the reprint of it published by Messrs Pharoah & Co are in all respects so very inferior to the work lately edited by Mr. Clarke, that it would be a waste of Money, I submit, to buy a copy of the former if Mr. Clarkes work can be obtained.—

Mr Phillips is perhaps not aware that this edition of Regulations is for sale at the College at 20 Rupees.

3- Petitioner made a complaint to the Head of Police of Mavanacoor Talluk that certain persons had beaten and robbed his wife which he failed entirely to substantiate. The Head of Police made a report of the matter to the Joint Magistrate who considering that there were good grounds for supposing the complaint to be false and malicious tried Petitioner under the Regulations and on conviction fined him 20 Rupees, not only on the ground of his transgression in the particular case under enquiry but generally of his being "a person in the habit of neglecting his duties and mixing himself with petty squabbles". The case was duly entered in the Quarterly Calender submitted to the Session Court and passed by the three Judges without remark. and the sentence has since in appeal been approved by his successor.

Board of Revenue

Bd No 2904.

From the Collr of Trichinopoly

Sir,

Requests instructions of the Board on one point connected with the payments made to the Men Cavilgars in Compensation for their abolished offices.

1. I have the honor to request the instructions of the Board on one point connected with the orders of Government sanctioning payments being made in money to the Men Cavelgars in compensation for their abolished offices.

2. In conformity to the orders of Government the Men Cavilgars were directed to appear before me, and as they attended they were individually questioned whether they were willing to receive the compensation assigned to

to them. Those who expressed their willingness were paid the arrears due for the years which have elapsed since the resumption of their Offices, and the others formally signed in the register their refusal of the offered terms and were sent back to their Villages with a warning that any future attempt on their part to collect or extort the Men Cavil fees from the inhabitants would subject them to punishment.

3 Many of the latter class have however since presented to me petitions retracting their refusal and requesting to be allowed to receive the compensation offered by Government. I am therefore induced to apply to the Board for instructions as I feel unable to grant their request without sanction in consequence of the terms in which the orders of Government are expressed it being directed in Para 4 of Minutes of Consultation under date the 29th May 1850 that those Men Cavilgars should be at once struck off the list who on appearing before the Collector refused the

the terms now finally offered to them.

4 At the same time I beg to bring the request of these parties to favorable consideration on the following grounds. It is of much importance that the cooperation of the Men Cavilgars should be obtained as far as possible to the measures in progress for abolishing the condemned police System and the primary refusal of these parties is not without some excuse as it arose from a natural reluctance to show assent to the abolishing of hereditary offices long enjoyed by their families, and from a fear that they would lower themselves in the estimation of their Class if they received the proffered compensation and the other Men Cavilgars should not do the same.

5 I beg to add that as some of the Men Cavilgars are absent in other Districts and it is necessary to allow time for their attendance, some weeks

weeks will still elapse before I can go completely through the list, and report on this part of the question I therefore request permission to pay the stipulated compensation to these parties who apply to me for it before that period although in the first instance they may have declined receiving it when summoned before me.

B. No. 2811

From the Asst. Collector of Tinnevelly.

Reporting the death on the 12th August last of Jaganada Row the proprietor of the Small Mittah of Nagalapooram and recommending Sooba Row as manager to the Estate.

Sir,

Para 1. I have the honor to report the death on the 12th August last of Jaganada Row, the Proprietor of the Small Mittah of Nagalapooram.

2. After the Poligar disturbances in this District had been quelled the Estates of the deposed Zemindars were divided into 9 Mittahs and sold by public auction in July 1803, when Coonjiah Naicker the Zemindar of Mailmanday purchased the Mittahs of Nagalapooram and Poodoor. His son in August 1819 sold them conjointly to Arnachella Row and Sashagherry Row who subsequently separated them; Arnachella Row taking Nagalapooram and Sashagherry Row, Poodoor.

for the Peshcush of both, the share paid by each proprietor being equal.-

3. On the demise of Arnachella Row on the 16th February 1826 his sons Jaganada Row and Cunday Row being Minors the Estate was managed by one Baboo Row son of Arnachella Row's Uncle. The eldest son Jaganada Row attained his majority and took possession of the Estate on the 11th September 1832 and died on the date mentioned in para 1 of this letter, leaving besides a daughter a son of 14 years old by name Arnachella Row and a Widow named Rathaboy Ummal, who in Arzees addressed by them to the Hoozzoor on the dates noted in the Margin, request that Sooba Row the husband of the Sister of the deceased Jaganatha Row may be appointed Manager.-

4. During the life time of Jaganada Row his Brother Cunday Row laid claim before the Civil Court to one half of the Estate and of the property left by his father Arnachella Row and a decision has been passed in his favor and confirmed in the Sudder Court in consequenced of which a division of the Estate and of the property is now taking place in execution of the

the Courts decree.-

5. The debt left unsettled by the deceased amounts to about 50,000 Fifty thousand Rupees.-

6. The annual Peshcush of this Mittah is Rupees 6,951-0-0 at the end of Fusly 1259 there was an arrear of Kist to the amount of Rupees 2,702-5-5 including interest for which the entire Estate was attached on the 26th July 1850 as reported in my letter of 9th August last, but the balance together with interest having since been fully paid the Estate may be released as soon as the Board decide into whose hands it shall be confided.-

7. As Sooba Row (aged 38 years) who is desired by the son and Widow of the deceased for Manager appear to be a fit person and the Estate is small, free from arrears, and able to pay its Peshcush, I see no objection to putting the Estate under his care on behalf of the Minor and beg to recommend that arrangement for the approval of the Board of Revenue.-

1 I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly dated the 25th October 1850 reporting the death of Jaganada Row Proprietor of the Mittah of Nagalapoo-rum, bearing an annual Peshcush of Rupees 6951 and which was placed under attachment since July 1850 for arrears of Peshcash including interest Rupees 2702-5-5 which have since been paid off.-

2. The Acting Collector points out that after deposing the rebellious Poligars of Nagalapooram Yelayerumpunnary & Colarputty in 1803 their Estates were divided into 9 Mittahs and were sold in that year when Coorgiah Naick Renter the Zemindar of Mailmady purchased the two Mittahs of Nagalapooram and Poodoor

Poodoor, that his son in August 1819 sold them conjointly to Arnachella Row who subsequently separated the two Mittahs, the former taking Nagalapooram and the latter Poodoor, without however registering the subdivisions, so that one receipt continued to be given for the Peishcush, each paying a Moiety.-

3. Arnachella Row died on the 16th February 1826 and left two sons Jaganada Row, whose death is now reported, and Canday Row, both at that time Minors, and the Nagalapooram Estate was taken under Management by Baboo Row the son of Arnachella's Uncle, with what authority does not appear.-

4. In 1832 Jaggannada Row as the eldest son took possession, and is now reported as deceased. He has left a daughter, a son of 14 years old, named Arnachella Row, and a widow Rathabay Ummal. His younger brother Canday Row alluded to in the foregoing para had during Jaggannada Row's life time laid claim to a Moiety of the Estate & property left.

left by his own & the deceased's Father, and, in consequence of having obtained a favorable decision in the Civil and Sudr Udalut Courts, a division of the Estate and property is now taking place.-

5. The widow, son and daughter of the late Jaganada Row request that Sooba Row the husband of his sister may be appointed to manage the affairs of the Estate on behalf of the Minor and the Acting Collector recommends this course as the Estate is small, free from Arrears and able to pay its Peshcush.-

6. Under these circumstances the Board of Revenue do not consider that their interference in their Capacity of Court of Wards is necessary, and they therefore support the Acting Collector's recommendation.-

B. No. 2868
From the Actg. Pl. Collector of Coimbatore
States with reference to the Board's Proceedings dated 7th October 1850, that no specific explanation as to Origin of the rate of 2 as 8 pice Pr. day has been discovered. Reports that the Ordinary rate of hire in the low country is 3 as for every 10 Miles.-

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 7th Instant.-

2.- I cannot discover on the records of this Office any specific explanation as

Fort St. George 21st November 1850

as to the Origin of the rate of 2 annas 8 pice a Cooly per day, beyond an old Tasheed of Mr. Sullivan, former Collector, dated in May 1826, wherein the Average hire of a Cooly is laid down at the above rate.- Ever since the same pay=ment continues to be made, Fasly 1243 excepted, when, in consequence of the adversity of the Season 3 annas 9 pice a Cooly, were paid and Sanctioned by Government tow the 20th February 1835.-

3. The ordinary rate of payment in the low Country is 3 annas for every 10 Miles.-

To, The Chief Secretary to Government.

Sir,

B. No. 2395 To the Chief Sec.y to Government. Submitting letter from the Actg. Coll.r of Coimbatore regarding the rate of batta paid to servants in that district & requesting to know whether the orders of Govt were to assimilate the amount of Batta in all districts or only to assimilate the the rate at which Fanams should be converted into modern Currency.- Sth September 1850.

16 "September" inserted 17 "Oct.r" 1850-

I am desired to bring to your notice for the consideration of Govern=ment the following question that has arisen as to the consideration of the 3d para of the orders of Government contained in Extract Minutes Consultation 27th August 1850 No. 800.-

1. The Board issued a Circular 2. directing that the Rule as laid down by Government should be carried out viz.t "that the rates of Batta to Hoozoor "Servants on Circuit be fixed in the "present Currency & paid at the rate "of 3 As. & 9 Pice per Cooly."-

3. The Acting Principal Collector of Coimbatore has brought to the notice of the Board that the rate of Batta in his District is 2 annas & 8 pice per Cooly and he desires to be informed whether it is the intention by the above Circular to raise the rate to 3 annas & 9 pice.-

4. The Board direct me to observe that Coimbatore is the only District where the rate has not been 3 fanams. The rate

of

of 2 Annas 8 pice prevailed in 1832. but how it originated the Collector is unable to state. In transmitting Form of an Account Particular with their Circular of 28th January 1833, one of the Columns was headed "Hire of Coolies at 3 Madras fanams". On receipt of this Circular the Hoozoor Servants were paid at the rate of 3 fanams or 3 a. 8 p. 80 c. which as soon as it was observed in the next year's Account was objected to by the Board, who desired that the previous practice should be reverted to, & the rate of 2 annas 8 Pice has therefore continued to this day.-

From Actg. Coll. 30th October in Cons. 21st November 1850. 2868.

+ 13th March 1834.

5. There seems no reason why the Public Servants should be allowed travelling expenses in the Coimbatore District at a rate lower than the Standard which prevails in every other District, and Mr. Thomas observes that 3 annas is the amount usually paid to the Coolies, but the Board have been unwilling to authorize the charge without the Sanction of Government to whom the Circumstance explained was probably unknown, nor are they quite positive as to whether the orders of Government were to assimilate the Amount of Batta in all Districts or only to assimilate the rate at which Fanams should be converted into Modern Currency.-

From the Collector of Madras.

Sir,

I have the honor to transmit herewith for submission to the Board of Revenue the Statements A to H in Tamil and English of the Settlement and Collection of the Land Revenue of the Madras Collectorate for Fusly 1259.-

Reporting on the settlement of the Land Revenue for Fusly 1259 and submitting the necessary explanations on the points noticed by the Government and the Board on the report for the preceding Year.-

2. In my last Jummabundy Report the Settlement of Fusly 1258 was given at 63,700-4-3 while in the year under report it is Rupees 65,530-12-4 being Rupees 1,830-8-1 in excess of the previous year.- This augmentation of the Land Revenue of Fusly 1259 is owing chiefly to the increase occurring under the head of ground rent occasioned by a strict Scrutiny into the holdings of the petty Shopkeepers.-

Fusly fourteen years it will be found with the single exception of Fusly 1254 that they are greatly in advance of the foregoing period and that no measures are left unadopted for the punctual re=
=alization of the de=
=mand, though there are circumstances so connected with the realization of the Land Revenue of this Collectorate that necessarily preclude the recovery of the whole demand within the termination of the Fusly - What these cir=
=cumstances are it is unnecessary for me to dwell upon now, as they must have attracted the Board's attention when the papers relative to a new Enactment for the protection of the Land Revenue of this Dis=
=trict came under their consideration.

Quit Rent on Houses and Gardens.

4. The Board are so aware that the Chief portion of the land revenue of this District is derived from Quit

Quit Rent on Houses and Gardens the property of private individuals - When however these are left unoccupied, a portion of the demand must necessarily lie over, but it will be seen from the entries that follow, that the sum uncollected on account of unoccupied Houses is comparatively small - The total demand of Quit Rent for Houses and Gardens was Rupees 43211-5-3 which is in excess of the demand of Fusly 1258 by Rupees 55-9-7 - The Collections of the Rent by the end of the Fusly were Rupees 39320-5-0 leaving the sum of Rupees 3891-0-3 for the future adjustment - Of this Rupees 1554-0-11 are due on account of Houses and gardens uninhabited, the recovery of which is always doubtful, while the remainder Rupees 2,336-15-4 due on Houses and Gardens under occupation, though difficult of realization by the close of the Fusly for the reasons already given in my reports of the 30th June 1845 and 29th October 1849, will, as soon as practicable, be brought to account.

Assessment on Cultivation.

5. In the Seventeen Villages under this Collectorate, the extent of land brought under cultivation in the year under Report, was Cawnies 2172—12-1831, and the settlement made under this head was somewhat above that of the past year, though the Collection fell short of those made in Fusly 1258 by Rupees 290-12-1 which is attributable to the unfavorableness of the Season - Only Rupees 15—2—" were brought to account under the item of "unproductive lands" - The remainder Rupees 1996-14-1 together with the sums uncollected on Fields under cultivation Rupees 1928—12—11 gives a total balance in this branch of the Land Revenue of Rupees 3,925—11—"-

6. The land not being the security for the revenue in the Presidency as in the Provinces and the Collectors not being authorized by Law to distrain for the recovery of rent on Land under his jurisdiction, render the punctual realization of the

the whole demand within the close of the Fusly, a matter of great difficulty - The practice of the Office has been to exhibit in the accounts the demand on uninhabited Houses and unproductive Fields and make the Collections in arrears so soon as circumstances will permit, and although the practice of allowing arrears to accumulate must operate prejudicially to the landed proprietor as well the Government it is an evil that must be tolerated until the passing of the new Law, whose provisions it is anticipated, will improve this branch of the Revenue, and enable the Collector to realize a great portion of the sums now outstanding -

Ground Rent - 7. The Ground rent assessed on Boutiques and Bazars amounted to Rupees 8,287-4—", and the Collections on the same account to Rupees 7,116-15-1 leaving a balance to be adjusted subsequently of Rupees 1170—5—"-

8. From the foregoing Statements it will be seen that of the whole demand of Rupees 65,530—12—4 the sum of Rupees 56,543-12-1 were realized within the Fusly, leaving at its termination

9. The Collection of Arrears made in the year under report amounted to Rupees 5026 - 13 — -- which compared with those of the past Fusly is in excess by Rupees 1,226 — 6 — 11. The particulars of these arrears under the several heads of inhabited and uninhabited Houses, cultivated and uncultivated lands and Ground Rent will be seen in one view from the entries in the Margin.-

Explanations.

14- I shall now proceed to the consideration of the observations and orders made by the Board and Government on my Land Revenue Report for Fusly 1258.-

Exct. Min. Con: 16th February 1850.

Recovery of Balances on unoccupied Houses difficult-

15 In their review of the results of the settlement for that year the Government observe that the prospect held out by this Office of recovering the balances under the heads of houses unoccupied and fields uncultivated is not

Fort St. George 21st November 1850.

5th October --

not satisfactory; but I fear that the peculiar circumstances of this Collectorate as regards the Collection of Quit Rent, which have been slightly touched upon in the preceding paras and more than once brought to notice in previous reports preclude me from offering any better explanation - Being without the power to interfere with the land, and there being nothing on the ground to enable me to destrain for the Quit Rent I have no alternative but to allow the demand to lie over till such time as circumstances will allow of its realization.-

Explanation regarding an item in Chetpet in Statement C.

16. In para 2 of the Board's Proceedings of the 28th January 1850 I am called upon to explain whence the correspondence in the increase and decrease under the head of Grants and Certificates in Chetpet as given in Statement C arose - The extent of land and amount of Quit Rent being the same in both cases, the cancelling of the Grant occasioned a decrease which was made up by the issue of a Certificate.-

Decrease in the Village of Nedombara.

17- As regards the small decrease in

in the Village of Nedoombara I find that the land which has been taken up for a tank, is not the property of Government as and the party who holds the ground on a Cadjan bill of Sale in his favor is prepared to pay the Quit Rent - The tank was formed not for purposes of irrigation but for the use of Cattle, and covers only an extent of 2 Gds and odd.-

18. I regret my inability to supply the particulars of Dry, Wet and Garden shewing the nature of the soil as required by the Board - No survey of the lands in this Collectorate having ever taken place there are no accounts from which I could be able to afford the necessary information - I beg leave to submit however the Statement promised in the 29th para of my report of the 29th October 1849, shewing the lands that are dependant for their irri-gation on Tanks, and those that receive their supply of Water from Wells and periodical rains - The information sup-plied by the entries in this document is that the greater portion of the land under cultivation is irrigated by Yaries and

Encl: Stat: D.

and Tanks while only Cawnies 203 - 17 - are dependant on rains for their supply of water. Considering that the lands in the Collectorate belong to private individuals and the rates of Quit Rent have already been fixed and that now no means co-exist of ascertaining the exact nature of the Soil perhaps, the Board will be satisfied with the information now supplied.-

Assessment not corresponding with the extent of Land Cultivated.

19. With reference to the anomalies apparent in Statement No 2 prepared in the Board's Office shewing a decrease in the land with an increase in the Assess-ment and vice versa, I beg leave to state that this is simply owing to the fact that the land so taken up or re-linquished as the case may be is either highly or lowly assessed, the rates per Cawney varying from Rupees 5 - 4 - 0 to 7 Annas as will be seen more clearly from a single instance which I have selected for the purpose of illustrating the subject.-

Grama Samoodayem.

Fort St. George 21st November 1850.

20. Adverting to the discrepancies pointed out by the Board in their Statement No. 3, I would take the liberty to observe that they were mistaken in supposing that the sums of Rupees 25-4-11 the total amount of the differences between the entries in Statements IIB and IIH, forming the amount of Grama Samoodayem for that year under their proper heads was brought to account under the head of Pedda Naick's Pettah - The figured Statement connected with this division of the Collectorate, ended with the total in a double line; and the entries regarding Samoodayem were given below as there was no particular head opened in the Statement for this item. It would however be better to show the Grama Samoodayem under each Village and should the Board not disapprove of this arrangement I shall make the necessary alteration for the future..

Bo. No. 2794

From Ed. F. Elliot Esqre Chief Magistrate and Superintendent of Police } Sir.

With reference to your letter of the 4th March 1850, I have the honor to submit my opinion that a Legislative Act is absolutely necessary to insure an efficient Census of the Presidency. I have, however, sought a legal opinion whether a Clause can be introduced into a Police Code which is likely to be passed very shortly authorizing a periodical or Quinquennial Census. On a late occasion when information was required connected with a proposed Tax on Wheels and Horses certain Forms were presented at each House to be filled up, which, though couched respectfully, were frequently treated with the utmost contumacy in most instances, it is true, by Europeans and East Indians.

A special Act for a Census would probably alarm the Inhabitants but if such a power was added to a Police Code it would scarcely attract attention and in a very short space of time it would work. I am confident without the slightest objection on the part of the Population.

Proceedings thereon. Resolved that the letter above recorded together with the papers noted in the margin be submitted for the consideration and orders of the Right Honorable the Governor in Council.

From Madras 19th February
enclg. 4th March 1850
To Superintendent of Police
4th March 1850.

Submitting correspondence with the Collector of Madras and the Chief Magistrate and Superintendent of Police regarding the proposed quinquennial Census for the Madras Collectorate and requesting to know whether the Census is to be proceeded with on an arrangement similar to those made in 1822 or whether it be delayed until power is granted to the executive Officer by a Legislature Act.

Ans. 27th Feby. 1850.

2. In pursuance of the instructions conveyed in para 4 Extract Minutes of Consultation 22d September 1849 a Circular was addressed by the Board to the several Collectors under the Madras Presidency calling for a Census of the population of each District framed upon certain defined principles to be furnished Quinquennially the first to commence in Fusly 1260.

3. In reply to this Circular the Collector of Madras pointed out that when a similar requisition was made in 1822 the Census of Madras was prepared by the

the Superintendent of Police and that Government stated at the time that it should be taken again by the same Officer and the Board finding this to be the case addressed the Superintendent of Police relative to taking the Census of the Madras District.

To Government 8th May 1823
From Do. 23d enclg. 26th Do.

4. The Superintendent of Police considers that a Legislative enactment is necessary to ensure a correct Census. He states that when information was requested connected with a proposed tax on Wheels and Horses, and forms were sent round to be filled up at each house, great contumacy was exhibited.

5. He thinks that a Special Act would not be advisable but that such power might be inserted in a Police Code, and he has taken legal opinion whether a Clause might not be introduced into one which is likely to be passed very shortly.

6. Under these circumstances the Board of Revenue request instructions whether the Census of the Madras District is to be proceeded with, an arrangements Similar

similar to those made in 1822 and on the principles recently defined, or whether it may be delayed until power is granted to the Executive Officer by a Legislative Act...
