At a Meeting Present

Monday 13th January 1851.

J Goldingham Esqre Second Member.

and.

T. L. Blane Esqre Third Member.

Walter Elliot Esqre Senior Member.

Absent on duty as Commissioner Northern Circars.

Minutes of the last Meeting read and approved.-

Read the following Extracts.

(1)

Bd No. 3046.

From the Secy to Govt. Reviewing the Report of the Collector of North Arcot on the Enams which have lapsed in that District for the Quarter ending 30 June 1850.-

No. 1093.-

Extract from the Minutes of Consultation, Revenue Deptt. Under date the 23d November 1850.-

Report of the Collector of North Arcot on the lapsed Enams in that District for the Quarter ending 30th June 1850 submitted with the remarks of the Board of Revenue 26th August 1850.

(Here Enter)

Para 1. The Right Honorable the Governor in Council proceeds to take into consideration the Report submitted by the Collector of North Arcot on the Enams which have lapsed in that District for the Quarter ending 30th June 1850.-

No. 1 Enam held by the late Syed Mohuddeen Aulattoor — Extent C. C. 14-¼ Value Rs. 84-9-8.

2. This case has been properly reported for the Orders of Government by the Collector and the Board of Revenue, because although the grants under which the Enam is held were issued prior to the period fixed in Regulation XXXI 1802. and although the lands continued to be in the family of the Grantees at the time when that Regulation was passed, yet the original grant seems to have been personal only and not hereditary in its terms. Looking however to the antiquity of the Grant A.D. 1767 and to the fact of the Enam still remaining in the family the Government direct that the share held by the deceased Syed Mahomed be continued to his three sons for their lives, and that on the lapse of each the case be reported for orders.

No. 2 Enam held by the late Nizam Khan: Saithacoopum Extent C. 2-2-3/4. Value Rs. 13-9-11.

3. This Enam is not supported by any Sunnud or other document and is said to have been granted for the celebration of the Moharrum festival. It is shown that after the widow of the last holder quitted the place in 1834, the service was neglected by the family altogether, but was subsequently performed by [illegible]

who offers to continue it if the Enam be renewed in his favor. It is however now recommended that the lands should be restored to a member of the family, Mahomed Ossman, nephew of the deceased who resides 14 Miles distant from the place and offers to do the duty regularly. Looking to the uncertainty as to the origin of this Enam and the neglect by the family who held it, of the services for which it is stated to have been conferred, the Governor in Council sees no sufficient grounds for acceding to this recommendation and directs that the Enam be resumed.

No. 3. Enam held by Syed Imam vaza Syed Enam and Syed Yappo Cavanor. Extent C. 30-9½. Value Rs. 455-10-6.

4. As the Mosque and Mutam for the support of which this Enam was granted have both become much dilapidated, and the services have for several years been wholly discontinued the Endowment must be considered as an escheat to the State and resumed accordingly.

No. 4 Enams held by the late Enamdar Ally Sahab Cushahedrest and 2 other Villages. Extent C. 60-3-- Value Rs. 181-3-1-.

5. This case is similar to No. 1. The Enams in two Villages are supported by documents which shew them to have been conferred by grants issued previously to the date fixed by Regulation XXXI of 1802 but these grants were personal and not hereditary. The lands in Sauzpoor are held without grant

grant but are of small extent. The Enams are stated to have been in the family for a Cong iperiod. The Government direct that the Lands in all three Villages be continued to the parties named by the Board for their lives, and that the Lapses among them be reported for orders.-

No. 5 Enam held by the late Columba Ramasamy Pauick in Autoor.... Extent C. 15. 9¾.

6. This seems to be part of an Enam Village originally conferred for the performance of certain ceremonies in the Tripetty Pagodas. It has been made the subject of many transfers, and whether the parties thro whose hands it successively passed kept up the original service, does not appear. The service however is stated to be performed at present. The last transferee Goorooo Busa cannot be allowed to convert the land into an endowment for his choultry, and thus divert it from its original purpose, but the Government under all the circumstances will not object to allow the registry of the Enam in his name on the understanding that it is still to be charged with the performance of the service for which it was first granted, and will be liable to resumption if that service be not kept up.-

No. 6 Enam held by the late Vurdiengan Pofook.... Extent C. 3. 5½ Value R. 11. 5. 3.

7. T. T. be resumed in default of heirs.-

This

No. 7 Enam held by the late Sectaramiah Seeroovaloo v.. Extent C. 2.....o. Value R. 31-1-11.

8. This Enam having long been abandoned and was the Collector is authorised to resume it.

No. 8 Enam held by the late Streenevasa Row Sholaveram.. Extent C. 50.... Value R. 265-4-7.

9. As the deceased is said to have left no direct heirs the Government direct that the Enam be resumed as recommended by the Collector and the Board.-

To the President and Members of the Board of Revenue.

(A true Extract) (Signed) T. Pycroft Secretary to Government.

1-2

Order thereon.

No. 69.

Ordered that copy of the foregoing Extract from Minutes of Consultation and of the Remarks of the Board to which it is a reply be communicated for the information and guidance of the Acting Sub Collector in charge of North Arcot with reference to Mr. Boardillon's Remarks dated 31st July 1850.-

B. of R. 3289.

From the Sec. to Government Reviewing Proceedings of the Board regretting the Pollam tax in the District of Nellore.

No. 1210.

Extract from the Minutes of Consultation, Revenue Department, under date the 17th December, 1850.-

Read the following Extract from the Proceedings of the Board of Revenue:-

(Here enter 31st October 1850 No. 457)

Para 1. In their Proceedings of 17th January 1843, the Board of Revenue directed that the System which H-

grant but are of small extent. The Enams are stated to have been in the family for a long period. The Government direct that the lands in all three Villages be continued to the parties named by the Board for their lives, and that the lapses among them be reported for orders.-

No. 5 Enam held by the late Codunda Ramasamy Naick in Autoor.... Extent C. 15. 9¾-

6. This seems to be part of an Enam Village originally conferred for the performance of certain ceremonies in the Tripetty Pagodas. It has been made the subject of many transfers, and whether the parties thro' whose hands it successively passed kept up the original service, does not appear. The service however is stated to be performed at present. The last transferee Goorooswa Boa cannot be allowed to convert the land into an endowement for his choultry, and thus divert it from its original purpose, but the Government under all the circumstances will not object to allow the registry of the Enam in his name on the understanding that it is still to be charged with the performance of the service for which it was first granted, and will be liable to resumption if that service be not kept up.

No. 6 Enam held by the late Vurdiengar Posoob.... Extent C. 3. 5½ Value Rs. 11. 5. 3.

7. To be resumed in default of heirs.-

This

No. 7 Enam held by the late Sectaramiah Seeroovalooroo.- Extent C. 2.....
Value Rs. 31-1-11-

8. This Enam having long been abandoned and was the Collector is authorised to resume it.

No. 8 Enam held by the late Streenevasa Row Sholaveram.- Extent C. 50.....
Value Rs. 265-4-7.

9. As the deceased is said to have left no direct heir the Government direct that the Enam be resumed as recommended by the Collector and the Board.-

To the President and Members of the Board of Revenue.

Order thereon.

No. 69.

Ordered that copy of the foregoing Extract from Minutes of Consultation and of the Remarks of the Board to which it is a reply be communicated for the information and guidance of the Acting Sub Collector in charge of North Arcot with reference to Mr. Boardillon's Remarks dated 31st July 1850.-

3.

Bd. No. 3289.

From the Sect. to Government Reviewing Proceedings of the Board respecting the Pollams in the District of Nellore.

No. 1210.

Extract from the Minutes of Consultation, &c. Revenue Department, under date the 17th December, 1850.-

Read the following Extract from the Proceedings of the Board of Revenue:-

(Here enter 31st October 1850 No. 457)

Para. 1. In their Proceedings of 17th January 1843 the Board of Revenue directed that the System which then

then obtained in Nellore of levying the Pollary or Grazing tax by Capitation on the number of Cattle in the possession of each Ryot, as ascertained by counting should be abandoned and the modes of assessing the impost previously in force should be reverted to. This was as regarded the Talooks in the Sub Division, a mucta or fixed sum on each Village apportioned according to the extent of pasture land in each man's occupancy, the grazing lands in these Talooks having long been divided among the Ryots, and each man's share clearly defined and with respect to the Talooks of the Principal Division, where the pasture lands had not been similarly held it was ordered that a mucta for each Village should be fixed in reference to the actual number of Cattle, and the Collections of the preceding five or six Years. The gross amount was to be distributed by the Villagers among themselves according to the number of Cattle in the possession of each Ryot. And the distribution was to be revised by the Village community in each Tummabundi, but the mucta on the whole Village was to remain unaltered until the introduction of a Survey unless peculiar circumstances should in any case

render a revision necessary. It had been proposed by the Principal Collector that the gross Village mucta should be revised every three years, but this was objected to by the Board on the ground that it would perpetuate tho' in a minor degree the vexations enquiries and interference connected with the counting system.--

From Collector 17th September 50. 2. In conformity with the Board's Orders the modes of assessing the Pollary by a mucta or money rate on the grazing lands or Cattle of each Village was carried into operation throughout Nellore in Fuslies 1252 and 1253, with the exception of the two Talooks of Sydapoor and Oodiagherry and four Villages in other parts of the District where the capitation System has continued under circumstances explained by the present Collector. The Government agree with the Board that there is no reason why the measure should not be extended to these Talooks and they approve of instructions to this effect having been issued. They also concur in the observations contained in Para 7 10 of the Board's Proceedings. The advantages derived from a fixed Village demand, and consequent immunity from periodical scrutiny on the part of the public Servants are great, and the Governor in

Council

Council is not prepared to disturb the present settlement unless it can be fully shewn that such reliefs as may be required cannot be afforded by the use of the discretion already vested in the Collector, but which would appear not to have been hitherto exercised to revise the demand in the case of any Village where it may no longer be applicable when the tax falls unequally on individual ryots, the remedy plainly lies in the redistribution of the Village assessment. It was proposed by the late Principal Collector and ordered by the Board, that this distribution should be made by the ryots annually at the Summabundi - whether this has been done does not appear, but if not, the attention of the Collector should be called to the omission, so that the readjustment of the proportions of the mucta to be borne by the several parties in a Village assessed to the Poollary may be made if not every year at least as often as there may be reason to suspect any irregularity in the pressure of the tax.

From Collector 17th September 1850 Para - 3.

3. The Government approve the instructions issued by the Board (in Para 14) respecting the Poollary on Cattle stabled and fed on dry food. with regard to the Poollary in the Woodiagherry Taloók they do not gather from the Collector's letters to what extent the exemptions allowed to the privileged classes in that Taloók exceed

From Collector 8th November 1847 Para 43 -

exceed, as they would appear to do, those similarly allowed in other Taloóks - The Governor in Council is of opinion that pending the introduction of a survey the indulgence hitherto accorded to the favored Classes in Woodiagherry should be continued to them in the same degree in which it is allowed in other parts of the District, but he is not prepared to say that they should be more liberally dealt with. -

To the President and Members of the Board of Revenue.

(A true Extract)
(Signed) J. Pycroft.
Secretary to Government

3-4

Order thereon -

No. 71.

Ordered to be communicated to the Collector of Nellore who will, when it appears necessary direct the adjustment of the mucta rate as desired in Para 2. -

His attention is also called to the degree of exemption from Poollary to be permitted to the Woodiagherry Taloók in Para 3. -

5.

No. 16.

Extract from the Minutes of Consultation, Revenue Depart., under date the 7th January 1851. -

Read the following letter from the Secretary to the Board of Revenue. -

(Here enter 16th December 1850 No. 324)

The Right Honorable the Governor

in

Fort St. George 13th January 1851.-

in Council observes that the Statements made by the Petitioner in No. 2145 of 1850 in impeachment of the title of the present holders of the Cusbapooram Shotriem may have been dictated by motives of enmity; but it will not follow that they are wholly without foundation, and as the endorsement passed by the acting Collector on Petition No. 432 of 1839 does not seem altogether conclusive on the point, it is desirable that further enquiry should be instituted.- The Board of Revenue will therefore call upon the present Collector for a full report upon the grant of the Shrotriem and the rights of the parties now in possession and will direct the Petitioners to appear before that Officer and give him any information which it may be in their power to afford.-

To the President and Members
of the
Board of Revenue.

(A true Extract)
(Signed) T. Pycroft
Secretary to Government.

No. 81.

Order thereon-

(5-6)

Ordered that copy of the foregoing Esctract from Minutes of Consultation and of the Board's letter to which it is a reply be forwarded to the Collector of Chingleput with a request that he will furnish the information required by Government.-

Extract

Fort St. George 13th January 1851.-

No. 10.-

From the Sec. to Government.

Extract from the Minutes of Consultation, Revenue Department, under date the 7th January 1851.-

(7)

Read the following Extract from the Proceedings of the Board of Revenue.-

(Here enter 28th November 1850 No. 505)

The Right Honorable the Governor in Council quite agrees with the Board of Revenue as to the propriety of strengthening the Establishment of Curnums and Nat Curnums in the District of Tanjore, and he will be prepared to submit the schemes which they have recommended for the favorable consideration of the Government of the India. Before making this reference it will however be desirable to ascertain, beyond doubt, whether the surplus revenue derived annually from the Curnams' lands Rupees 19,491 is, or is not, exclusive of the sum Rupees 6553 set apart under the plan sanctioned by the Supreme Government, under date 11th May 1836, for the remuneration of Potails. If the surplus does include that sum it would be well to revise the arrangement in such a manner as to adopt it to the resources actually available- so that its adoption may not involve any increased charge upon the State.-

To the President and Members
of the
Board of Revenue.-

B. N. 3233.

From the Actg. Collr. of Cuddapah

Sir,

Para 1. In reply to the Extract from the Proceedings of the Board of Revenue dated 28th Ultimo, I have the honor to submit for the information of the Board of Revenue Copy of an explanatory note appended by Mr. Cochrane to the

the Office copy of the Statement of the Extra Tent allowances drawn by that Gentleman and his Assistants Messrs. Wedderburn and Smith.-

2. With reference to the number of days in excess of one Month passed by Mr. Wedderburn at Muddenpully Viz. 99 days. 36 of which at the commencement of the Fusly was owing to there being no proper accommodation for the transaction of public business in Cuddapah the rooms appropriated to the Collector and his Assistants being at that time undergoing enlargement and repairs. During the remaining time Mr. Wedderburn was affording assistance to the Collector in his general duties while occupied in the Settlement of the three Southern Talooks of Royachoty, Goorramcondah and Muddenpully.-

3. With regard to Mr. Smith he has always accompanied the Collector to assist in the examination of any case the Collector may chose to refer.-

Cuddapah Collr. Office 11th December 1850. } (Signed) J. M. Murray
Acting Collector.

Note. No. 1
The Jumabundy of the Southern Talooks Royachoty Goorramcondah and Muddenpully having been performed towards the close of the Fusly advantage was taken of the comparatively favorable Climate

climate of Muddenpully during the scorching months of April, May and June, the settlement of each Taloork having been nevertheless performed separately within their respective limits.-

To

W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George.

15

Dy. No. 3094

From the Acting Collector of Tinnevelly — Sir, Para. I have the honor to report upon the Settlement of Land Revenue of the Tinnevelly District for Fusly 1259, and forwarding the usual Accounts Connected therewith —

Reporting upon the Settlement of Land Revenue of the Tinnevelly District for Fusly 1259. and forwarding the usual Accounts Connected therewith

upon the results of the Settlement of Land Revenue of the Tinnevelly District for Fusly 1259 (1849/50) and to forward the several Customary Statements marked A to D and numbered 1 to 17.

Carr Season 2. The Carr Season for Fusly 1257 was on the whole favorable. The South West Monsoon having fallen in sufficient quantities on the Hills from May to September afforded an adequate supply of water in the Rivers and Channels and enabled the Ryots to Carry on the Agaputh Nunjah Cultivation to an Extent greater than in Fusly 1258 by Seed Cottahs 1845/49 1714. Owing to the rains of August and September there was likewise an increase in the Cultivation under Punjah Pooncabums of Seed Cottahs 386 above last year exhibiting an aggregate increase in the Carr Cultivation under the Head of Agaputh and Punjah Pooncabum of Seed Cottahs 1560 in excess

of

× River or Channel fed.

× 1 Seed Cottah is equivalent in extent to 1/2 acres

× Tanks dependent on Local Rains

Fort St. George 13th January 1851.

of Fusly 1258.

3. Of this extent the Cultivation in 10½ Seed Cottahs of Agapuths and 3½ Seed Cottahs of Ponacolum land totally perished the former owing to inundation and the latter to failure of water at a needful time.

4. The rains during the Peishanum Season or from November 1849 to February 1850 having been abundant the result was an increase in the Agapuths and Ponacolum Cultivation amounting to Seed Cottahs 4807 and 2627 respectively or on the whole Seed Cottahs 7434 above the total Peishanum Cultivation of Fusly 1258 and a considerable decrease as shown in the Margin in the extent of land the Crops of which entirely failed or were deficient. The increase in Cultivation both in Carr and Peishanum added together exhibits a total increase in the Agapuths and Ponacolum Cultivation of the Fusly under report of Seed Cottahs 5981 and 3013 respectively in excess of the previous Fusly 1258.

Seed Cottahs
Fusly 1258 – 7016
Fusly 1259 – 778
Decrease – 6238.

No 1.

Fort St. George 13th January 1851.

No 1.

Denomination of Villages	Fusly 1258	Fusly 1259	Increase	Decrease
Nunjah Odungoo Villages	857	887	30	"
Tarum Villages	4	4	"	"
Aumanie Villages	18	4	"	4
Nunjah Pottom Do	61	43	"	18
Nunjah Porsoppoo Do	25	17	"	8
Poonjah Do	139	135	"	4
Puttoogoattah Do	82	82	"	"
Maniem	80	80	"	"
Villages rented for one year	"	14	14	"
Total	1266	1266	44	44

5. On reference to the foregoing Statement No 1 it will be observed that the increase under the Head of Nunjah Odungoo Villages has arisen from 18 under the Head of Nunjah Pottom, 8 under that of Nunjah Porsoppoo and 4 under the Head of Poonjah having been transferred to the Head of Odungoo for reasons hereunder explained.

× Favorable Shipment in Grain
* Do Do in Money

6. The Pottondars of certain lands in 18 Pottom Villages in the Punjahmah Taluck having died during the Fusly under report their lands

lands were agreeably to the Board's orders contained in Extract from their Proceedings under date 30th March 1843 and 6th January 1846 assessed at the Sevarum rate with reference to the average of the Neighbouring Villages and the Village transferred as usual to the Head of Oloongoo - though the Surviving Pottamdars in the Villages continue to enjoy their respective lands paying the Pottom assessment.

7. Of the 8 Poroopoo Villages 6 in the Punjahmal Taloor, and one in the Ottapidarum Taloor, were transferred to the Head of Oloongoo for the same reason as that mentioned in the preceding paragraph for the transfer of the Pottom Villages - The Remaining one Village is Mavadoopunny in the Shevygoontum Taloor. The Ayacut of this Village is Seed Cottahs 371 and the annual Cuttoogacottah Poroopoo Teerwah was Rupees 68 - 13 - 11 payable without reference to the extent of Cultivation. The Collection of this Poroopoo Teerwah has been seriously difficult of late Years in consequence of disputes among the Ryots of the Village and during Fusly 1258 the whole of the Lands were left waste notwithstanding there was a sufficient

sufficiently supply of water and no portion of the Circar demand for that year has been paid at the Commencement of the Fusly under report, as it was represented that the Inspection was not likely to raise any Cultivation the Village was ordered to be transferred to the Head of Oloongoo, upon which 54 Seed Cottahs of land were brought under Cultivation and assessment levied on them with reference to the average teerwah of the lands in the neighbouring six Villages -

8. The 14 Villages named in the Margin were up to Fusly 1258 entered under the Head of Poonjah, the Cultivation having been confined only to dry grains but in Fusly 1259 some of the Poonjah lands having been converted into Punjah the Villages were necessarily carried to the Head of Punjah.

- Adayel, Soondimcottah — In the Punjahmail Taloor.
- Odeacolum, Kencary — In the three valley portion of the Taloor.

The Decrease of 14 Villages under

9. the Head of "Annuaree" Villages it will be observed was Caused by their being entered separately under the Head of "Villages rented for one year" in consequence of their having been so disposed of for the Fusly agreeably to the Board's orders of 10th December 1849. But as the ryots of almost all of them have had disputes among themselves respecting the affairs of the joint pauts it is doubtful whether the greater number will not desappear as Annuaree in the next Summabundy report -

10 - On a reference to the preceding Statement No 2 it will be observed that there is an increase in the extent of Cultivation of all kinds above Fusly 1258 in the Villages of all descriptions including the Tarrium or 14 Settled Villages Amounting in the aggregate to Seed Cottahs 9310 in Punjah Punjahmail Poonjah and Vemjys and Chams 6914 in Poonjah -

a chain is equivalent to two acres & 36 p acres.

Fort St. George 13th January 1851.

for Carr and Peshanum during Fusly 1259 was greater than that in the previous Fusly by grain Cottahs 29,888 Consequent on abundant harvests in both Seasons but the Revenue fell short of that of Fusly 1258 to the amount of Rupees 57,897-1-7 owing chiefly to the decrease of Annas 4-9 3/4 in the rate of Carr and Peshanum prices which occurred for reasons already stated in para 11.

14. Of the 18 Annamie Villages belonging to Chockumpatty 14 Villages having been rented for one year as stated

Fort St. George 13th January 1851.

stated in para 9 the Cultivation and Bariz of the Remaining 4 Villages for Fusly 1259 Compared with those of the preceding Fusly are given in the annexed Statement No 6 from which it will be observed that notwithstanding the decrease in Cultivation produce, and the rate of Marlowans fee in Carr the total Bariz of the Villages for Carr and Peshanum of the Fusly has exceeded that of Fusly 1258 by Rupees 685-8-11 The disproportionate decrease of Grain Cottahs 461 in the gross produce for Carr it should be remarked is stated to have been owing to the prevalence of a noxious wind in the Month of August 1849 which affected the Crops very much

Fort St. George 13th January 1837.

17 The decrease of Seed Cottahs 463 in the Cultivation of Fusly 1259 under the Head of Poroopoo as shown in Statement No 8 is only nominal, the Cuttoogoattah Poroopoo Village of Mavadoopunny, consisting of 371 Seed Cottahs of land entered under this Head during Fusly 1258 having been transferred to the Head of Olongoo in the Fusly under report for reasons stated in para 7 and 92 Seed Cottahs of Cultivated land in different Villages which were also credited under this Head during Fusly 1258 having been assessed at the Sevarum rate and transferred to the Head of Olongoo in Fusly 1259, in consequence of the deaths of the Poroopoodars -

18 The decrease of Rupees 1764 8 — 6 in the Bariz consequent on the above mentioned decrease in Cultivation is also for the most part nominal but only 64 Seed Cottahs of land in the abovenamed Village Mavadoopunny having been Cultivated and assessed with Bariz under the head of Olongoo to the Amount of Rupees 399 — 5 — 11 there is a real loss of Rupees 255 — 8 — 6 had the measure however not

15 The Cultivation under this Head during the Fusly under report exceeded that of the previous year by Seed Cottahs 149 notwithstanding that 295 Seed Cottahs of Cultivated land credited under this Head during Fusly 1258 was transferred to the Head of Olongoo during Fusly 1259 in consequence of the Pottamdars having died -

16 In spite of the above increase in Cultivation however the Pollam Baig of Fusly 1259 fell short of that of Fusly 1258 by Rupees 399 — 1 — 8 as shown in the Statement No 7 chiefly in consequence of the decrease in the price at which the Pollam Grain was commuted into Money during the Fusly under review.

Fld

17 The decrease of Seed Cottahs 463 in the Cultivation of Fusly 1259 under the Head of Poroopoo as shown in Statement No 8 is only nominal, the Cuttoogoattah Poroopoo Village of Mavadoopunny, consisting of 37 Seed Cottahs of land entered under this Head during Fusly 1258 having been transferred to the Head of Olongoo in the Fusly under report for reasons stated in para 7 and 92 Seed Cottahs of Cultivated land in different Villages which were also credited under this Head during Fusly 1258 having been assessed at the Sevarum rate and transferred to the Head of Olongoo in Fusly 1259 in consequence of the death of the Poroopoodars -

18 The decrease of Rupees 1764 - 8 - 6 in the Baig consequent on the above mentioned decrease in Cultivation is also for the most part nominal but only 64 Seed Cottahs of land in the abovenamed Village Mavadoopunny having been Cultivated and assessed with Baig under the head of Olongoo to the amount of Rupees 399 - 5 - 11 there is a real loss of Rupees 255 - 8 - 11 And the measure however not

not been adopted the whole land would have Remained waste and the entire Cuttgoottah Bariz of Rupees 654—13—11 been lost, Standing (as it does for Fusly 1258) as an irrecoverable balance—

19. From Statement No 9

It will be observed that in Punjah Mairpoorjah and Vanpyr notwithstanding an increase in Cultivation the Bariz under Items No 1-3 and 6 has fallen short of that of the previous Fusly by Rupees 383—271 and 26 Respectively owing Chiefly to products paying a low rate of teerwah having been Cultivated to a greater extent in Fusly 1259 than in Fasly 1258— The Increase in the Bariz under Items No 2 4 5 of Rupees 1918 and

and 31 notwithstanding the decrease in the Average Teerwah is chiefly owing to increased Cultivation— The decrease of Seer Cottahs 91 and Rupees 399 in the Cultivation and Bariz under the 4th Item being trifling compared with the total extent of Cultivation and Bariz, needs no remark—

The

24 The decrease of Rupees 764—4—11 in the 1st of the 4 Items composing the Revenue under this Head is owing to a less number of Topes trees in general having come to bearing in Fasly 1259 than in the previous Fasly - The decrease under the 2d and 3d Items is owing to the want of advantageous offers for the renting of the trees and to the Topes and Trees under Circar management having been less productive in the Fasly under Report than in Fasly 1258

(To be continued)

25 From the annexed Statement No 11 it will be seen that 5 Topes were planted in Fasly 1259 in addition to those existing in the previous Year under the Tope Rules sanctioned by Government under date the 11th January 1848

				Net Increase		1583	13 5				

The

Fort St. George 13th January 1851.

35. The increase in the 1st 2d and 4th Items amounting together to Rupees 2273–13–5 has accrued solely from increased Nunjah and Poonjah Cultivation and an increase in the Padikund Bariz deducting from this the Decrease of Rupees 689–15–9 in the 3d and 5th Items the net Increase is left at Rupees 1583–13–8– The decrease in the 3d Item is owing partly to certain Maniems having been resumed on account of Casualties among the holders and partly to Enams usually paid in Grain having been during the Fasly under consideration commuted at a price less than in the previous Fasly– The decrease in the 5th Item is owing partly to decreased Cultivation of lands from which deduction is made on this account, and partly to the grain Maniems having been commuted at a price less than that in the last Fasly–

Total Subsisting Deposits

37 The demand on account of the Several Items enumerated in the foregoing Statement A°. 25 which are usually added to the Land Revenue amounts for Fusly 1259 to Rupees 389741—14—5 The increase in the first Item is owing to better offers having been received in Fusly 1259 than in the previous year while that under the 3d Item has been occasioned by an increase in Cultivation—

38 The decrease under the Head of Extra Revenue is owing partly to the Collections made during the Fusly on account of arrears of the previous Fusilies not having been included under this Head as was the case in former years but Credited Separately under the Head of Arrears as will be seen on reference to the accompanying Statement A°. 24 and partly to the Amount of Quitrent Fee Enams Credited under this Head during the Fusly under report having been less than in the previous year—

J. P. S.

39 A falling off of the Bauz in consequence of low prices in Tripany and Chuttrum Villages is the cause of the deficiency in the Receipts under those 2 Items.

40 The total decrease under Items A°. 7—8 & 9 amounts to Rupees 15,650—12—8 from which deducting the increase of Rupees 1004—13—7 in the 1st. and 3d. Items the net decrease is left at Rupees 14,645—15—1.

41

A°. 26 Total Land Revenue including Deposits	
Fusly 1258	2110110—4—8
Fusly 1259	2133989—15—4
Increase	23879 14—8

The foregoing Items being added the Total net Land Revenue of Fusly 1259 amounts exclusive of Deposits to Rupees 2111585—3—3 and inclusive of the same to 2133989—15—4 as shown in the Marginal Statement A°. 26—

Margin in the St. of Puttahs issued during the Fasly under report below that of Fasly 1258 is chiefly owing to the non issue of individual Puttahs to the Ryots in the Annamie Villages belonging to the Cho-kumpatty Estate which as has been already observed were rented jointly by the Ryots of each for one Year during the Fasly under review—

57. Though a few cases of Cholera and Small pox occurred in some parts of the District during Fasly 1259 I am happy to report that the general state of health of the people of the District was good — There was also no mortality among Cattle during the Year—

52. With reference to the note in the printed Circular of the Board of Revenue dated the 28th August 1849 promulgating Rules regarding the holding and

Fort St George 13th January 1857.

holding and acquisition of landed property by Public Servants. I have the honor to state that the period of 12 Months from the date of the promulgation of the Rules in this District having only expired on the 2d Instant, the accounts from all the Talooks have not yet been received and of those that have been received some have been obliged to be returned for Correction — Under these Circumstances I am unable to report at present whether a full account of the landed property of the Revenue and Police Servants of this District has been furnished by them I shall however do so, as soon as possible after receiving the Accounts from all the Talooks — No application having been presented by any Public Servant between the publication of the rules and the close of the Fasly for permission to acquire lands, the Extract from the

Register

Fort St. George 13th January 1837.

Register directed to be furnished in Para 5 of the Rules is not forwarded.

53. With reference to Para 7 of Extract from the Proceedings of the Board of Revenue under date the 23d May last upon the Report of the Settlement of the Districts for Fusly 1258 calling for explanation regarding the extensive Cultivation in this Fusly of Munjah Trail Poonjah by means of irrigation from Wells &c and inquiring whether those "lands form part of the holdings of Munjah Cultivators or how they are disposed of and assessed whether as Wet or dry in Ordinary Seasons" I have the honor to explain for the information of the Board that the lands in question are entered as Munjah in the Accounts but are situated on high levels beyond the reach of water from Tanks and Channels. In favorable Seasons the Ryots being able to

Fort St. George 13th January 1837.

to cultivate their Munjah and Poonjah lands to the full extent do not find it profitable to employ their labour and capital on these lands for whether cultivated by the falling rains or by the assistance of Wells they are obliged to pay Munjah Trail Poonjah tax for them. In dry seasons however when the Ryots are unable to make use of all their Munjah and Poonjah lands it becomes worth their while to take up these lands and they are then Cultivated more extensively than ordinary. It can hardly be said that these lands form part of the holdings of certain Ryots in as much as the System of Putcut holdings is not known in this District. They have however all Claimants but no Revenue is paid for them under the Revenue System of this District when they are left uncultivated.

54. A Statement shewing the particulars of each Item of Cultivation and

and Settlement in the 4 Settled Villages as required in Para 9 of the above Extract is herewith forwarded No 12 in the best—

The injunction contained in Para 20 regarding dry lands converted into Punjah being entered as Poonjah Mail Punjah has also been attended to—

55. With reference to the observation of the Board in Para 10 of their Proceedings that the conditions of the Cuttoogoottah payable under the head of Tadundy on the Palmirahs trees in the Caleyanoor Village—the cause of its discontinuance and the amount of full assessment now imposed apparently on 8,582 Trees should have been stated I have the honor to represent that on a portion of the Palmirahs in the Village in question of which the number is entered as 12790 in the Jummabundy Accounts

Accounts of Fusly 1217 A.D. 1807/7 Cuttoogoottah Bariz of Rupees 347—14—2 had been collected from the Assumption of the District until Fusly 1257 In Fusly 1258 the Ryots of the Village complained that for several Years the number thereon had unjustly subjected them to the payment of separate teerwah on a certain number of trees included in the Cuttoogoottah in addition to the Cuttoogoottah Bariz that the number thus unjustly taxed amounted in Fusly 1257 A.D. 1846/47 to 732 and the teerwah thereon to Rupees 13—13—3 and they requested that the Cuttoogoottah might be abolished and all the trees taxed every Year at the rate prevailing in the Village for Separate trees—

An

Fort St. George 13th January 1857.

56 On inquiry it was proved that the Statement of the Ryots was correct and it was also found that the trees included in the Cuttoogoattah and which as stated above are entered as 12790 in number in the Accounts of Fusly 1257 A.D. 1848/7 were reduced to only 8582 in Fusly 1257 A.D. 1848/47 being not much above ⅔ of the former number.

For some years previously the collection of the Cuttoogoattah Bariz had been effected with difficulty and the impost had become so manifestly unfair that the Collector Mr Thomas ordered the discontinuance of the Cuttoogoattah and the Assessment to be levied at the regular rate on the 8,582 trees - This in Fusly 1258 Amounted to Rupees 234 - 6 - 11 or Rupees 113 - 7 - 3 below the former Cuttoogoattah Bariz -

57. With reference to Para 17 of the Extract I have the honor to state that the Accounts of the old balances outstanding on account of years

Fort St. George 13th January 1857.

previous to Fusly 1256 as well as of those remaining unadjusted in subsequent Fuslies is under preparation and a separate report on the subject will be submitted hereafter.

58 The Accounts shewing the Statistics of the District for the Fusly under report is under preparation agreeably to the form referred to in Para 18 of the above Extract and will be forwarded by the end of the ensuing Month.

59. In conclusion I have the honor to forward the

Fort St George 13th January 1851

the Report of the Sub Collector Mr Whittinghame on the Settlement of the 4 Talooks under his charge and to express my entire Satisfaction with his management. Mr Lewis the Head Assistant has had charge of the details of Revenue of 2 Talooks and the Police of 4 Talooks in addition to the Cash Sayer Sea Customs and Post Office Departments all which he has managed with his usual efficiency.

60 Mr Child who was employed in this District during Several

Fort St George 13th January 1851

Several Months of the Year was of great Service in conducting with Zeal and ability the Revenue business of one, and the Police of three Talooks. Mr Blair was entrusted with the Revenue details of one and the Police of two Talooks and has shewn much attention and good judgment in the performance of public business.

61 Translations in Windsory of this and the Sub Collector's Reports are herewith transmitted in accordance with Board's Circular Letter of the 16th September last.

Table

Fort St. George 13th January 1837.

2d Table No. 1 shews the number and description of the Villages in this Division as they stood at the close of the Fusly under report. The discrepancy in the account between Fuslies 1258 and 1259 has been caused by the 7 Villages named in the Margin having been entered under other heads in the account in the present Fusly. The 1st and 2d of these Villages have been hitherto entered as Poonjah Villages but they have now been brought to the Head of money rented or Nunjah in consequence of the Tanks having been repaired and Nunjah having been cultivated. The Village No. 3 which has hitherto been entered under the Head of Tirpany has now been transferred to that of Enam, in consequence of its having been made over to the Trustees of the Pagoda under orders from the Board of Revenue. The 4 last Villages were under Dumaay management but as they have been rented for years in the Fusly under report with the sanction of the Revenue Board they have been entered under the proper heads.

The

971

Fort St. George 13th January 1857.

To the Hon'ble Board of Revenue &c &c &c

Sir

I have the honor to forward herewith a Tabular Statement of the Cultivation of Peshanum Punjah Waraput Pollom and Proopoo for Fusly 1259 with the Sanction of the Revenue Board thereon.

2. There is a Trifling decrease of 1-9- Rs on the Cultivation of Punjah Land for Fusly 1259 as compared with the Cultivation of Fusly 1258 but there is an increase of Rs 333-1/8 on the Cultivation of Waraput Pollom and Proopoo Land for Fusly 1259 as compared with Fusly 1258 which is attributed to the Rains having been favorable for the Cultivation of those Lands.

3. The Cultivation of Punjah Land has been reduced by the Revenue Board to the extent of Rs 332-9-2/8 on account of Fallow Land &c.

4. The Cultivation of Waraput Pollom and Proopoo Land has been increased by the Revenue Board to the extent of Rs 332-9-2/8 on account of Fallow Land &c.

I have the honor to be
Sir
Your most obedient Servant
(Signed) Chas Lushington
Secretary

972

Fort St. George 13th January 1857.

Erring

Fort St George 13th January 1857.

4. During the Season for Peshanum Cultivation in Fusly 1259, the rains of the North East Monsoon fell so abundantly in the 4 Talooks of this Division as to injure a constant supply of water as well in the Rivers and Channels feeding the Aguput lands, as in the Ponacolum Tanks. There is consequently an increase of Seed Cottahs 561–3 Mn 2 3/8 in the Aguput and Seed Cottahs 2,504–4 Mn 5/16 in the Ponacolum Cultivation making a total of Seed Cottahs 3065–7–7/16 being the increase under this Head as will be seen by Table No. 3.

No. 4 Poonjah

5. The Season was very favorable for Fusly Poonjah Cultivation. The Chairs of Rain which fell in August September and October enabled the Ryots to extend their Poonjah Cultivation beyond the Amount of last Year. There is an increase of Chains 4331 53/64 as shewn in the Table No. 4.

	Extent Chains	Extent Vs Mn
Total Cultivation for Fusly 1258	44586 1/2	
Deduct		
Do. of the 4 Chokumputty Villages now rented for 1 year with the Sanction of the Board of Revenue	2255 49/64	
Remaining for Fusly 1258	42330 47/64	
Extent of Cultivation for Fusly 1259 exclusive of the 4 rented Villages	46662 2/16	
Increase	4331 53/64	
Decrease	—	

Fort St George 13th January 1857.

No. 5. Nunjahmail Poonjah and Kampyre.

	Extent Ks	Extent Vs Mn
Fusly		
Total Cultivation for Fusly 1258	5187	202 7/8
Deduct		
Do. of the 4 Chokumputty Villages now rented for 1 year with the Sanction of the Board of Revenue	624	166 1/2
Remaining for Fusly 1258	4563	3 4/8
Do. for Fusly 1259 exclusive of the 4 rented Villages	4454	9 5/8
Increase	—	—
Decrease	108	14 7

6. The Cultivation under this Head fell short of that of the preceding Fusly by Seed Cottahs 108–14–7 in consequence of the abundant supply of water which induced the Ryots to extend their Nunjah Cultivation in preference to Cultivating the Nunjahmail Poonjah and Kampyre under Wells &c.

JK

Fort St George 13th January 1831

7. The increased extent of Punjah and Poonjah Cultivation and Consequent abundance of grain produced a fall in the prices of the Current Jusly of Annas 4 and price 6 4/32 below last year

8. The particulars of Revenue derived from all the different sources are exhibited in one view in the following Table No 7 shewing an increase over last year of Rupees 19,579 — 13 — 7 which is chiefly attributable to the favorable nature of the Season and the consequent increase in Cultivation

JB

Fort St George 13th January 1857

14 The decrease of Rupees 918–6–11 under this Head was principally caused by the Cultivation under wells, &c having been partially abandoned by the Ryots with a view to the extension of their Nunjah Cultivation, the increase in which has been more than sufficient to counterbalance the decrease in Nunjah and Poonjah and Coolgyre—

J.C.

Secretary to the
Board of Revenue,
Fort St. George.

17

B. No. 3324.

From the Acting Collector of Tinnevelly.

Sir,

I have the honor to report for the information of the Board of Revenue that Indren Ramasawmy Talaiyari and Pandia Talaiyari the father and father-in-law respectively of the Minor Zemindar of Talaiyamottah, to whose management the Estate was made over in 1836 agreeably to the sanction of Government, being both dead, the Zemindar who completed his Eighteenth year on the 10th May 1845 has reported to me under date the 5th Instant. that he took charge of his Estate on the demise of his father who continued to manage its affairs as long as he lived, as there is no balance whatever against the Estate and the Minor is now 24 years of age I apprehend there can be no objection to the

× This Extract from Minutes of Consultation dated 30th August and Boards Proceedings of 1st September 1836.

1000.

Fort St George. 13th January 1851.

the Estate being left under his management.

Tinnevelly, 17th December, 1850.

/Signed/ C. I. Bird
Acting Collector.

B. N. 82-

Proceedings thereon.

17-18

N. 17.

Resolved that the letter above recorded be submitted for the orders of the Right Honorable the Governor in Council with reference to the papers noted in the margin.

In the letter from the Collector of Tinnevelly dated 10th March 1836 he reported the death of Marada Nachear the Rance Zemindar of Talavenottah, praying a Pattiwash of Rupees 2,800 per annum, and that she had left two sons, the elder of whom Ramasawmy Talaven, then nearly 9 years of age would attain his majority on the 10th May 1845.

The Zemindary had, since 1832, been under attachment for arrears of Revenue; but, at the time of the Collector's letter 2nd August 1836 the balance amounted only to Rupees 2016.

Inclos. 4th April 1836.

Inclos. 18th August 1836.

1001.

Fort St George. 13th January 1851.

exclusive of the Interest which then amounted to Rupees 2,524-13-1.

3. In submitting to Government on the 18th August 1836. the correspondence which had taken place with the Collector, the Board thought it inexpedient to take the management of the affairs of the Estate, in their capacity of Court of Wards, and recommended that the Estate might be placed in the hands of the father and father-in-law of the minor named respectively, Indrem Ramasawmy Talaveri and Pandia Talaven, and this arrangement received the sanction of Government on the 30th Idem.

4. The Acting Collector now reports the death of both these individuals and states that the Zemindar, who completed his majority on the 10th May 1845. has taken charge of the Estate - that there is now no balance due by the Estate, and that there seems no objection to it's being left under his management.

St

Fort St. George, 13th January 1837.

5. It does not specifically appear that the Estate was not sequestered under management of the Zemindar five years ago, on his attaining his majority and the Board recommend that he be at once recognized as Zemindar.

6. They propose to issue instructions to the Collector to register the Estate in the name of the present holder Ramaswamy Talavan.

Read the following Letters—
No. 150.

To, W. H. Bayley Esqr.
Secretary to the
Board of Revenue.

(19)
BR. No. 82—

From the Acting Principal Collector of Combatore, Sir,

Forwarding a notice for the sale of certain lands in Cummumpollium in the Pallaudum Talook for the purpose of being published—

1. Adverting to the orders of the Board, noted in the margin, I have the honor to forward a Notice for the sale of certain lands in Cinnumpollium in the Palladum Talook for the purpose of being published—

2— The arrears of Revenue due

Fort St. George, 13th January 1837.

due on these lands amount to Rupees 131—14—1, as shewn in the annexed Memorandum; they were in the occupancy of 2 Individuals, Ramien and his Brother Nunjappien, the former from inability to pay the demand emigrated to Mysore. He returned subsequently, but is still unable to adjust the amount, and expresses his willingness to have the lands disposed of by auction. the defalcation and abscounding of the elder Brother was caused solely by the constant annoyance and unjust conduct of the younger Nunjappien, whose object and aim has been to oust his elder Brother Ramien, and get sole profession, tho' the Puttah is in both their names / a joint one / and of the 2, the elder has the best claim—

3. His Brother Nunjappien altho' in better circumstances, is not willing to settle his accounts, constantly withholds payment and is solely occupied in making false

Complaints

Four other relations are also concerned in the Puttah—

Fort St. George. 13th January 1851.

Complaints, quarrelling with his neighbours, refusing all arbitration, Punchayet or settlement of any kind; his complaints have had the fullest enquiry and are invariably found false. Under these circumstances and as the only possible way of settlement, I request the sanction of the Board for the recovery of the arrears by the distress and sale of the Lands alluded to, as prescribed by Regulation XXVII of 1802.

To. W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

(23)

B. No. 3161.

From the Collector of Canara. - - -

Reporting upon the introduction of Act XXVI of 1850 about the levy of Town duties and the improvements of the Towns as required in the letter of the 19th of August 1850.

Sir.

I have the honor to acknowledge your letter of the 19th August in which I am requested to report what opening I see for the introduction of Act XXVI of 1850 into my District and in what way I consider Town duties, if they be preferred to House assessment, or other modes of raising a fund, might be regulated.

2. As at the same time it is expressed that it is not the wish of the Board that I should make any immediate call upon the people I have not thought it necessary to institute any minute enquiry; but, I

Fort St George. 13th January 1851.

I have requested the opinions of each of the Sub Collectors on the subject and copies of their letters I have the honor to transmit herewith.

3. My belief is that in this district there is no aversion on the part of the people to a house tax more than to any other species of taxation. They are evidently not prepared to adopt a plan of voluntary taxation or of combination for general municipal purposes, but I believe that they are fully prepared to acquiesce in any moderate tax imposed by the Government for purposes of obvious utility, provided, that the Government relieves them of the duty of administering the Funds. What is done in the first instance must be done by the authority of the Government but when once a beginning has been made and the conveniences have been appreciated the people themselves will gradually give their assistance to conserve and extend them.

4. So many of the most

obvious

Fort St. George 13th January 1851.

obvious modes of raising a revenue for local purposes have been already occupied by the general revenue that it would be difficult to recommend any entirely new, but it would be easy to allot those already collected to appropriate objects and an extension would I am sure be most cheerfully submitted to.

5. The usual method of raising a fund for the improvement of harbours, erection of quays lighthouses, Cranes &c. is by an anchorage duty levied on the vessels frequenting the port. This duty is already levied but added to the general revenue.

6. For the improvement of the roads, tolls are generally imposed. These tolls are levied already in the form of ferry farms throughout the district and the produce would be sufficient to extend the roads gradually throughout the whole province and if necessary it might be considerably augmented on some of the principal lines. The Ferry funds amount to about 6,000 Rupees a year and for this

fifty

fifty miles of good road might be added yearly, with the assistance which the Villagers cheerfully afford. But this sum is carried to the general Revenue.—

7. In the same way town duties and house taxes in various forms are already collected, should a portion of them be appropriated to the improvement of the places where they are collected the people would willingly consent to an addition, in the same manner as they have gladly agreed to produce the stones necessary for street drains, the Government affording the labour of the prisoners, and the degree of influence necessary to produce combination.—

8. My impression is that as under the operation of the present act the Government proposes to wait till the people move in the cause, whereas the people will do nothing without

without the influence of the Government. But should the Government place in the hands of the local authorities the means of improvement and encourage them to use their influence with the people to augment those means, much good may be accomplished.—

1

The only case recorded in the foregoing Return is that of Valoo Pillay Curnum of Perea colum who having been convicted of a fraudulent omission in Account was sentenced to pay a fine of Rupees 50 or in default to imprisonment for 3 Months. The date of sentence was the 2nd January 1850, but it does not appear to have been carried out until 10 Months after or on until 9th November 1850.

The Board observe that such delay in carrying into effect sentences passed under this Regulation is very irregular and they request that Mr Parker will explain the circumstances under which it was occasioned in the above case.

No. 69.

To,

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

(5)

B. No. 3254.

From the Agent to the Governor at Rumnad

Reporting on the Settlement of the Land Revenue of the Rumnad District for Fusly 1259.

Sir,

Para 1. I have the honor to submit a Report upon the Settlement of the Land Revenue of the Rumnad District for Fusly 1259 made by my predecessor Mr. Phillips, and to forward herewith the prescribed Mahratta and English accounts relating thereto as well as those recently called for by the Board. The Board are aware that I did not take charge of the District until nearly two Months after the commencement of the present Fusly, and that the late Head Shristadar has died since my arrival. Under these circumstances I shall endeavour to avoid any remarks upon the settlement of last year beyond those which the figured Statements and previous orders of the Board absolutely require.

2. The number of Villages and hamlets brought under Settlement in the past

Fort St. George. 16th January 1851.

past July was the same as in July 1238. amounting to 590-

Government Villages	105	
Do. Hamlets	100.	
		505
Shrotriem Villages paying a fixed Jodika	6.	
Do. Hamlets	5	
		11
Jaghire Villages enjoyed on life tenures	12	
Surva Enam Villages	1	
Shrotriem Villages paying half of its Kuzy	1	
		500
Villages	185	
Hamlets	105	
		590

The town of Hurnoot is not included in the above.

3- The preparation of the accounts commenced in the Panieu Talook on the 1st December 1849. and Mr. Phillips began to issue the Pattahs of that Talook on the 15th of the same month. The settlement of seven of the 8 Talooks was conducted by Mr. Phillips and that of the Dhone Talook by Lieutenant Russell and the

Vide Statement No. 15

Fort St. George. 16th January 1851.

business was brought to a close on the 26th April 1850-

4- The season appears to have been on the whole most unfavorable, and I am glad to find a detailed account of it drawn up by my predecessor on record. It is shewn therein that the early rains were so heavy and continuous that the usual season for ploughing and sowing was lost to the Ryots by some weeks. that with brief intervals the rains lasted far into the months of October, that in some of the Talooks the unusually heavy fall of rain entirely destroyed the seed which had been sown during the brief intervals of fine weather: that when the weather finally cleared up for good, and sowing operations were resumed, the unusual heat of the Sun, acting on ground more deeply saturated than it is supposed to have been for 40 years, soon rendered the soil so hard that the ordinary Bullock power was insufficient, thereby contracting the period during which sowing was possible, and that in addition to these inconveniences in many Villages of

* Board of Revenue 5th January 1850 No. 1.

almost

Fort St. George. 18th January 1857.

almost every Talook the white Jowar-ry seed that no sooner sprouted, and become visible, than it was destroyed utterly by clouds of grasshoppers, leaving the fields as fallow as if they had never been sown.

5. Upon this representation of the effect of the season the Board of Revenue authorised Mr. Phillips to be more than usually indulgent in the settlement of the dry lands; and the remission thus called for reduced the Land Revenue of the year materially below that of the preceding year although the Vilawarees engagements had been in excess.

Extract Proceedings of the Board of Revenue dated 14th January 1860.

The

1032.

Fort St. George. 16th January 1857.

The greatest increase appears in the Dhone Talook and this is mainly attributable to the Tanks having received such an unusually abundant supply of water as to induce the Ryots to undertake the cultivation of a greater extent of land yielding Teerwajastee and Fus-sulgastee than usual. In the other Talooks the increase arose from the favorable nature of the season in Fusly 1258 having enabled the Ryots to attempt to bring under the plough a large quantity of dry land previously lying waste and from certain Enams which had been resumed having been assessed to the Revenue. The decrease in the Chagulmurry Talook appears to have arisen from the desertion of some of the Ryots consequent upon a partial failure of the crops in that Talook in Fusly 1258. as well as in the two or three previous Fuslies, and from several of the long established Payacarra Ryots having thrown up their Cultivation on the plea of it's proving disadvantageous to them. The system of

Prices.

fixing the Vilavaree settlement accorded with the principle, if such a term may be applied to it, by which it appears to have been hitherto regulated in this District, and which has been fully described in former reports. The system has been condemned by the Government as highly objectionable and I will endeavour, so soon as I have obtained sufficient knowledge of the actual circumstances of the District in all points bearing upon the subject, to bring forward suggestions in view to its reformation.

The price of all the principal grains produced on dry lands was in excess of that which was obtained in the preceding Fusly, while that of paddy owing to the abundant crops on wet lands fell below it as shewn below, but notwithstanding the rise in the rates of the principal articles of produce the greatest difficulty was experienced in realizing the Rists due from the Ryots as the enhanced price was not sufficient to meet the loss arising from the very diminished quantity of produce.

Fusly.

Result of the Settlement.

8. I now proceed to shew the result of the settlement made under the circumstances of the season above stated, and this is exhibited in the tabular statement entered below. It shows that the amount of the Vilawaree Peiz having been Rupees 66,686–8–4 remissions under the different heads specified were allowed to the extent of Rupees 30,973–15–4 leaving a total demand upon Circar land of Rupees 6,7,6,12. 9 — "; that after adding the ready money collections on Sodee and Enamity Rupees 73,951–6–9 and deducting sums paid to petty Jagheerdars Rs. 6,071–4–5 the Net Peiz to be collected amount to Rupees 1,95,492–11–4 — —

Dry lands left-waste.

9. The remission on dry land left-waste amounted to Rupees 12327-15-11 or to about-half of the assessment of the whole land of this sort left-waste amounting to Rupees 24517-11-4 the proportion varying in different Talooks as shewn in the marginal Statement. The extent of dry land thus left-waste was very materially in excess of that in any of the four preceding years, and appears to have been mainly attributed to the irregularity, excess and unseasonableness of the rains, and when Mr. Phillips considered that none of those causes which usually led him to regard the retention of the assessment on Cabooliaty Bunjer as necessary in the present circumstances of this District had

and in that of Dhone. I understand that the Tank at Nundial, which is the largest in the District, did not receive its supply of water in due time; and that when it came at a later period in undue abundance, the bund was breached and with difficulty repaired, and that the opportunity for cultivating the 1st Crop was lost; that from the delay arising from the Ryots having to plough and sow again in several instances from the first crop having been blighted, sufficient time was not left for the cultivation of the Tussiljastee Crop on many fields which usually yield it. The same remarks apply to some extent to the other Talooks.

Teerwajastee Rupees 119-6-

12. The Remission under the head of Teerwajastee was allowed on some dry land, on which in the Villaware engagements, an additional assessment had been assented to, under the idea that a wet crop could be raised, and which proved impracticable.

D.O.

I

Fort St. George 16th January 1851.

13. I now turn to the largest item of remission that allowed by Mr. Phillips for failure of dry crops under the sanction conveyed to him by the Board under date 14th January 1850. It amounts to Rupees 20277-9-9 the assumed amount of loss originally entered in the Talook accounts at Rupees 35690-13-3 having been reduced on examination to Rupees 26791——0——10. In their proceedings of the above date the Board direct that in the Summabundy Report Mr. Phillips "will be careful to explain "the principles upon which he has proceeded in affording relief under the discretion vested in him," and call upon him to submit a separate Statement of the remissions allowed." I regret that my predecessor did not leave a Memorandum explaining more accurately

talook is as forwarded an Abstract of which I have entered in the Margin from the enquiries I have made I am led to believe that the loss entered in this account has reference solely to that which occurred to the Rubbee or 2d Crop of dry grain no losses on the Poonasa or 1st Crop as having been entered: The early crop is reaped in October, and in the beginning of November, and it was only after the receipt

Fort St. George 16th January 1851.

receipt of the Board's instructions in January that Mr. Phillips was able to institute an examination of the Rubbee crops then on the ground - I am informed by the Naik Sarishtadar that in each case where loss was said to have been sustained the Amildars, aided and checked occasionally by the Sarishtadars from other Talooks made a Computation of the extent of the crop, and how far it would yield any portion of the assessment, and that if it were declared able to yield half, it was not entered at all in the accounts for Shavee Inograh, while, if unable to yield half the amount of assessment which could be raised from the produce formed the basis of the Calculation, the remaining unrealisable balance being entered as the loss incurred - The loss thus computed amounted as above stated to Rupees 26,791 - . - 10 of which Rupees 20,277-9-9 were remitted, the means of the Ryot the extent of Enam land held by him and other considerations bearing on the subject being kept in view -

14. When it is considered that in

in many of the Talooks the losses sustained from the injury done to the ripening crops of yellow Jowary by the unseasonable rains at a time when sunshine was wanted were very heavy indeed; that this loss was not taken into the account as entitling the Ryots to remission; that the loss that these losses would be in some degree compensated to them by an abundant Rubbee or 2nd. dry crop of the various Kinds of produce - White Jowary. Cotton. Wheat, Bengal gram met with very general disappointment although in many cases the fields sown a second and in some a third time also. the rains, which had previously been too heavy, failing altogether when light showers were wanted, it will I think appear to the Board that the remissions granted were urgently necessary. The extreme difficulty with which the Rists were realized and the heavy balance outstanding at the end of the Fusly tend to prove that the impoverished state

state of the Ryots and the adverse circumstances of the season would have justified a larger amount of relief.-

15. The Board will observe that out of the total remission for failure of dry crops apportioned to 7 out of the 8 Talooks comprising the Kurnool District, more than half or Rupees 125,45 were granted to the Goodoor Talook and Rupees 4,123 to Nundicootcoor. These 2 Talooks appear to have suffered more severely than the rest, not only from the unseasonableness of the rains, but also from the subsequent ravages of grasshoppers which utterly destroyed the sprouting Rubbee Crops - A Ryotwar Statement of the result of the year in one Village in the former Talook is forwarded as illustrative of the system adopted in granting the remission. Vide Statement No 18.

16. It will also be observed that in the Chagulmurry Talook no remission was granted under this head. The State of Collections at the close of the Fusly, the quantity of land thrown up by Ryots from the Cuddapah District

Fort St. George 16th January 1851

District who had hitherto cultivated it when the Vilawaree engagements for the present Fusly were made although the Nail Sarishtadar was deputed to the spot to assist in the vilawaree and in realising the Kists and the departure of many Chagulmurry Ryots show in an unmistakable manner that it is much to be regretted that remissions were not granted in this Taluk also for failure of Crops. Mr. Phillips not only had to make the settlement with great rapidity but I understand that the then Tahsildar of Chagulmurry, who has been subsequently removed asserted that no losses had been sustained, and that he would realise the Revenue without difficulty an assertion which has proved utterly false; and which to place the mildest construction upon it showed his utter unfitness for the post of Tahsildar in a Taluk which required the management of a man of liberal views of the interests both of the Ryots and of the Government who would not run the risk of sacrificing future prosperity for

Fort St. George 16th January 1851

for an attempt to force the collections of a single year - Some years must I fear elapse before the Chagulmurry Taluk can be rendered prosperous.

17. The remissions allowed on losses sustained by the destruction of Crops raised in the beds of Tanks amount to Rupees 961-14-10. Under this head is also entered the sum of Rupees 238-10-6 the usual assessment upon some land in the bed of the Canala Tank, to cultivate which the water is usually allowed to flow away when sufficient has been obtained for the one crop on the wet land lying below the Tank the supply of water to admit of a second crop being raised below the Tank having been usually inadequate - In the past Fusly, the Tank having been recently repaired, and the supply having been unusually

unusually abundant the water was so retained to secure a second crop below the Tank, and thus more was raised in the bed of the Tank. This system which prevails here, of allowing the beds of Tanks to be cultivated appears to me one of very questionable advantage. I know not how far it is permitted in other Districts under the Madras Presidency, but in Salem it is disallowed, experience having shown that the annual washings down from the newly turned up surface of silt, and earth towards the Bund had the effect of filling up the Tanks. I shall be glad to know how far it is permitted elsewhere, and will ascertain hereafter the amount of Revenue which is annually obtained in this District from crops raised in the beds of Tanks.

The

Fort St. George 16th January 1851

18. The excessive fall of rain and the consequent overflow of Payamalee Rivers and Streams led to the destruc-tion of the Crops on several Fields causing thereby the neces-sity for greater remissions under the head of Payamalee than in the previous year.

Remissions on Cowle lands Rs. 116-9-0

19. The sum noted marginally had been remitted in pursuance of the terms of the

Extract Board's Proceedings dated 17th July 1848.

the cowle as proved of by the Board and granted for the Village of Siddalpoor in the Atcoor Taluk.

Land appropriated for Public Topes Rupees 24-0-0

20. This was the assessment on land on which one Rama Rajum has planted a Tope for the use of the Public at Nundial, and the amount was remitted in accordance with the Rules which accompanied the Board's Circular under date 6th April 1848.

Land appropriated for Houses. Rupees 1-0-6.

21. Certain Ryots having availed themselves

Seerwah Cummum Rs. 2-0-0

of Circar fields for the construction of their houses the assessment laid thereon has been remitted.

22. A Cummum of Calvah in the Pamieu Taluk having complained that he had been unjustly made liable for two Rupees in addition to the usual assessment paid by him, and Mr. Phillips having satisfied himself of the justice of the complaint, struck the sum off the accounts.

Remission on Unjust assessment Rs. 23-0-9

23. This small remission was allowed on land where the supply of water proved insufficient for a 2d Crop.

24. In Parah 8 before proceeding to explain the different items of remission, I have shown that after adding the amount of Caboolaty Bunjur assessment included in the Settlement, the aggregate amount of Jodhee and Enamity and deducting the payments made to petty Jagheerdars &c. the details of which are given marginally, the total demand for the Land Revenue of

	Cha.	a.	p.
To Nundial Shroff	60	.	.
Proportions to the Cangies	555	13	.
Half revenue of the Shrotriem village of a Masja Mussjid in the Goodoor Taluk	80	7	6
To Petty Jagheerdars &c.	5354	10	11
Compensation to Enamdars for lands resumed	20	5	.
	6071	4	5

of Fusly 1259 on the close of the settlement was Rupees 6,95,492-11-4 and to admit of the details and results of the year's settlement being compared in all points with those of the preceding Fusly, I subjoin an brief tabular Statement. It shows that although the Vilawaree engagements for Fusly 1259 embraced an amount of Beriz exceeding that of Fusly 1258 by Rupees 14,604-15-7 the remissions at the settlement in 1259 were Rupees 36,073-15-4 against Rupees 6,753-0-6 in 1258 or a net increase in the amount of remissions to the extent of Rupees 29,320-14-10 creating a Net decrease in the demand of Rupees 14,715-15-3 which is raised by the deficiency in the Enamity and Jodhee, and by the increased payments to Petty Sagheerdars viz. to a Net decrease in the amount of Beriz of Fusly 1259 of Rupees 19,361-9-7.-

Fort St. George 16th January 1851

27. In regard to the decrease of Jodhee observable in the above Statement the several items of which are shewn in the margin I have to offer the following explanation. The remission of Rupees 57-4-6 was granted by Mr. Phillips to the Curnums of Puttacotta in the Nundicootcoor Talook who had hitherto paid Rupees 130 on Acres 102-16-5½. They complained that a Jagheerdar under the late Government had in Fuslies 1245 and 1247 imposed upon them an additional cess over and above the regular Jodhee raising it to a rate which the land would not fairly yield, and as on examination of the Jameenzhadah of the village prepared under the late Government in Fusly 1242 it appeared that they were then only liable to a Jodhee payment of Rupees 72-11-6 Mr. Phillips fixed that sum as their future demand, striking off the

	424	12	1

Fort St. George 16th January 1851

the balance - The Jodhee upon 11.29 of Enam land held by some Pulmakers of Gonagoondlah in the Goodoor Taluk - amounting to Rupees 18-12-0 - Having been found so heavy as to be incompatible with the further regular cultivation of the land the Jodhee was fixed with reference to the productive powers of the lands at Rupees 14-10-0 - Remissions of Jodhee to the extent of Rupees 222-13-0 were allowed on some Enam fields lying under the Nundial Tank from no 2nd Crop having been raised - A further sum of Rupees 110-8-7 arising from lapses on from Enam fields previously paying Jodhee having been relinquished and also food as Government lands, was struck out of the Jodhee Revenue creating a total decrease of Rupees 474-12-1 - Kasi 2d Crops having been raised on some Jodhee Enam fields in the Ghoor Taluk not usually yielding them and from other causes justifying an additional demand there is a small increase under the head of Jodhee Enam to the amount of Rupees 124-1-0 - as

reducing

Fort St. George 16th January 1851

reducing the decrease to Rupees 300-8-1 -

28. The decrease under the head of Enamity arises in part from some of the Enam fields which had been cultivated in the previous - Fasly having remained waste in this in consequence of the excessive rains and from a portion of the Enamity due thereon having been therefore remitted and in part from land to the extent of 20.47 Acres Cof which acres 11.96 are cultivated and the remainder waste) consisting of Enams on whose owners have died and of those which had been resumed on proofs of their being false Enams having been assessed as on Government land -

29. In consequence of an increase of cultivation in the Jaghier Villages there has been an augmentation in the payments made to them as shown in the Margin -

1253	502148	12	10
1254	598796	9	1
1255	604608	-	10
1256	661646	13	-
1257	687723	7	7
1258	697946	7	9

It will be observed on a reference to this Statement that the Beriz of all the items was Rupees 6,95,492-11-4 of which Rupees 6,61,059-14-3 were realized within the close of the year, leaving a balance of Rupees 31,432-13-1 or Rupees 4-12-11 per Cent. Of the above balance 12,052-13-7 have been realized up to end of October the balance still outstanding being Rupees 22379-15-6 or Rupees 3-3-3 per Cent on the Beriz..

36. As the non realization of the outstanding balances due on Enams and Jodhee except in those cases where the title to the payment is under enquiry is altogether attributable to neglect on the part of the Amildars I have taken steps since my arrival which have secured the Collection of a great portion of the balances under those heads:-

37. The circumstances of the year above explained appear to me to account in a great degree

degree for the extent of balance still outstanding in many of the Talooks. The greatest amount is in the Chagulmurry Talook and I anticipate that much of this will never be realized. but beyond this would be premature in me to express any further opinion.-

38. The annexed Talookwar Statement shows the total Collections brought to account within the close of the past and of the present Fusly from which it will appear that in the Divie and the Sirvell Talooks the Collections exceeded those of the previous Fusly. the profits derived from the unusual extent of wet Cultivation in the former having materially assisted the Ryots towards the payment of their Kists. and the increase in the latter being attributable to the exertions of the new Amildars..

Considerable

1065

Fort St. George 16th January 1851

Considerable as the remissions shown above have been in the year under report, it will be observed from the Statement entered below, that the Amount of Shunnahdundy was materially above the sum realized on any year since the assumption of the Province of Coimbetore by the British Government, except in Fasly 1258 and that the Collections within the Fasly exceeded the average of the 10 years entered annexed Collections of the 10 years by upwards of 14,000 Pagodas. Of Manage annuals Collection on Mr. Cotton's Report 5,10,430 entire Collections of 10 years Collection within the Fasly 1259 66,1059 14 3 Excess 14,629 - 5 5

points out this fact as my Native Revenue Servants assume that Fasly 1259 was the worst year in the effect which the Poyts and upon the Ryots which had been experienced since the Country fell under the British Government, and excepting the loss shown of Fasly 1255 or 1253 when the crops fell so low as to entail great Loss upon the cultivators and many instances will occur hereafter. Come under my observation in which the effects of this year of Shunnahdundy have reduced to extreme poverty those who were formerly in a moderately thriving Condition and whose position cannot be improved

Fort St. George 16th January 1851.

*Para 7.

improved without one or two favorable years and indulgent treatment. The prices as I have above shown although in excess of those of the previous year did not generally range above the average of the preceding Fuslies, so there was nothing to compensate the very great deficiency of produce.

Vide Statement No 3

Fort St. George 16th January 1851

Balances.

Ex. Minute of Consn. dated 16th April 1850 No 377 para 6.

39. At the commencement of the Fusly under report the arrears of former Fuslies amounted to 26,230-15-3 as shown in the Statement entered below, of which Mr. Phillips recommended that Rupees 6,514-14-5 being portions of the arrears of 1255 and 1256 should be struck off the accounts as irrecoverable and authority to this effect was granted by Government. The sum now outstanding for Fuslies 1255/56.57. and 58 amounts to 9,285-10-3 and although it is probable that much of this will not be realized, I shall defer until a future occasion when I have had opportunity of instituting local enquiry recommending that any further portion should be written off the accounts.

43. The Accounts not usually transmitted with the Immmalcundy Report, but specially called for by the Board including the Statement of landed property possessed by the Revenue servants of the District are forwarded as shewn in the List which accompanies this Report and every effort will be made to ensure the enforcement in this District of the rules prohibiting the acquisition of landed property by Revenue and Police Servants without previous permission.

44. In conclusion I beg to express my regret that so much delay has taken place in the transmission of this Report, but the causes are partly alluded to in the first para and much of my time since my arrival has been occupied in the trial of some very

heavy gang robbery cases which had been lying over for some time. A translation of this report will be submitted as soon as it can be prepared.—

Kurnool, Agent's Office 29th November 1850.

(Signed) T. D. Lushington
Agent to the Governor.

To W. H. Bayley Esquire
Secretary to the
Board of Revenue

Fort St. George

Sir,

Adverting to the Circular letter from the Secretary to the Board of Revenue dated 8th July last, forwarding Circular Orders of Government dated 15th March 1849 Para 6 and 7. I have the honor to state that as there are within the limits of the Military Cantonments of Palaveram and the Dutrict reserved Gardens and Cultivated fields belonging to private individuals inconvenience is experienced in the application of the Rules for the collection of Grants of Lands and the collection of Government duey Sair therefore of opinion that it would be highly desirable to define the limits of these Military Cantonments in the manner suggested in Para 6 of the order of Government above referred to, by which arrangement interference with private lands and the jurisdiction of Local Revenue Officers would be avoided—

To W. H. Bayley Esquire
Secretary to the
Board of Revenue

Sir,

Adverting to the Circular letter from your Office dated 8th July last, forwarding the Form called "Register of lands within the Districts of the Presidency subject to assessment" I am directed to state that as there are many Inamdars in the Kurnool District whose Titles to their lands have been confirmed by the Commissioner under date 18th March 1849 the Register will be required from them also.

2. Slaves the Honble to state that as there are within the limits of the Military Cantonments of Palaveram within the District several Gardens and Cultivated fields belonging to private individuals inconvenience is experienced in the application of the Rules for the issue of Grants of Lands, and the Collection of Government dues, Sanctioned for the Collection of Opinion that it would be highly desirable to define the limits of these Military Cantonments in the manner suggested in Para 6 of the order of Government above referred to, by which arrangement interference with private lands and the jurisdiction of Local Revenue Officers would be avoided.—

(7)

Board No. 78.

From the Coll.r of Chingleput. — Submitting the information called for on the subject of defining the limits of the Military Cantonments in his District

Sir,

Adverting to the circular letter from your Office dated 8th July last, furnishing copy of Extract from the Minutes of Consultation under date 15th March 1849 Paras 6 and 7. I have the honor to state that, as there are within the limits of the Military Cantonments of Saint Thomas Mount and Palaveram in this District several Gardens and cultivated fields belonging to private Individuals, inconvenience is experienced in the application of the Rules for the issue of Grants of Land, and the collection of Government dues, I am therefore of opinion that it would be highly desirable to define the limits of these Military Cantonments in the manner suggested in Para 6 of the order of Government above referred to, by which arrangement interference with private lands and the jurisdiction of local Revenue Officers would be avoided —

2 Referring to Para 7 of the said Extract

1139

Fort St. George 16th. January 1851

Extract from the Minutes of Consultation, I beg to state that the Rules quoted in the 2d. Para of your Circular Letter under reply do not, in my opinion, require any further modification to guard against inconvenience as at present experienced in this District, it being observed in respect to the issue of grants for Land, that the defining the limits of Military Cantonment in the manner proposed, will nullify the Rule lately introduced as regards the application for grants being made in the first instance to the Officer Commanding the Station, in which case it would perhaps be sufficient that the Collector should ascertain from such Officer that in respect to Lands contiguous to the limits so defined, there is no objection in a Military point of view to the occupation of the same by applicants

B. No. 100.

From the Collector of Trichinopoly.

Sir,

In reference to my letter of the 1st June 1850 No. 36 reporting on the highest offers made for the Akkarry Farms in this Collectorate for the Current Fusly which offers were confirmed by the Board on the 10th Idem, I have the honor to state that it has been necessary for me to put the farm of the Vittoocutty Talook again up to public competition in consequence of the original renter having failed to pay his Kists. The arrears against this party amounted to Rupees 1,419 -- while his deposit, from which they have been liquidated consisted of only Rupees 442 - and as his property had been lately attached by the Civil Court in execution of a decree there was no hope of his being able to perform the terms of his Contract in future nor could he furnish security for doing so.

2. In the present Auction Ponambalam Pillay and Cantaspermaul Pillay made the highest bid they offered Rs. 1326 for the farm during the remaining 6 Months of the Fusly and as this sum is equal to the original rent and they appear competent persons I respectfully request that the Board will authorize my accepting their offer on their making the usual deposit or furnishing the prescribed security in its stead.

Trichinopoly Collector's Office
8th January 1851 --

Signed Ed. Maltby
Collector under

1159

Fort St. George 16th January 1851.

No. 84.

Proceedings thereon.

13-14

Under the circumstances stated in the foregoing letter, the Board of Revenue sanction the acceptance of the offer of Ponambalam Pillay and Cantaspermaul Pillay for the Akkarry farm of the Vittoocutty Talook for the last Six Months of Fusly 1260 amounting to Rupees 1326 on the usual conditions.

Read the following letter.

B. No. 106

From the A. J. Collr. of Tinnevelly.

Sir,

I have the honor to state that the Mother of the Minor Zemindar of Mansarcottah addressed to me as Ulzee under date the 19th March 1850 requesting as her son had attained the age of 5 years and 8 Months to be allowed to have his Ears perforated at a cost of Rupees 120 for the ceremony to be performed on the occasion. On enquiring from other Zemindars of the same caste it was ascertained that the expenses attending

Sd. Toor Mungaray

Fort St. George 16th January 1851

attending such ceremonies should amount to about 112 Rupees but as there was then no surplus revenues in favor of the Estate I deferred applying for sanction.

2. Now as the Mother of the Minor Zemindar has again addressed to me an Urzee under date the 25th December 1850 stating that she borrowed a sum of Rupees 120 and has performed the ceremony on the appointed day and requesting payment of the sum, I have the honor to request you will be good enough to procure the sanction of the Court of Wards for the payment of Rupees 120 from the surplus funds at present in Deposit in favor of the Estate amounting at the end of December 1850 to Rupees 528. 3-5.

Tinnivelly 8th January 1851 } /Signed/ C. J. Bird
Acting Collector

A. 86.

Proceedings thereon.

15-16

The Court of Wards sanction the disbursement from the surplus funds of the Munnarcotta Estate now in deposit of the sum of Rupees 120-0 as requested

Fort St. George 16th January 1851

requested by the Collector for the purpose indicated in the foregoing letter.

Read the following letter.

Fort St. George

17
Bd. Rs. 15

From the Collector of Malabar ... } Sir,

With reference to the 2d para of an Extract from the Minutes of Consultation of Government dated 11th* and received with an Extract from the Board's Proceedings under date the 19th September last, I have the honor to forward Copy of a report from my Head Assistant and to recommend that under the circumstances therein detailed an order of Government be published giving up all claim on the part of Malabar to the Placote and Pillipully Hills.

* dated 8th Ultimo

Calicut 9th December 1850 } /Signed/ H. V. Conolly
Collector

No. 1

No. 1

To H. V. Conolly Esqre.
Magistrate of Malabar.

Sir,

1. From the Resident Travancore and Cochin to the Collector of Malabar dated 26th November 1849 No. 1781 and Enclosure..

2/3 From the Head Asstt. to the Magistr. of Malabar dated respectively 10th December 1849 No. 214/1849 and 15th January 1850 No. 17/1850..

4. Extract from the Minutes of Consultation dated 11th September 1850 No. 862 Para 2.

With reference to the papers noted marginally I have the honor to report that as arranged I met Mr. Kollhoff Conservator of the Forests of the Cochin Circar on the 19th March last on the Annasawmy Parra and went from that to the Spot where the Elephants and persons alluded to in the letters, and Reports were seized Viz. the Chettichy Kinkhi and Yerama Kayom, in the Neighbourhood of the Patrekalar, Para Kandom Stream and valley..

Compared Maps and inspected whole length of Boundary..

2. Mr. Kollhoff brought the Map relied on by the Cochin authorities and I took the Survey Map of South Malabar on half inch scale. We carefully compared the Maps with each other and with the face of the Country and passing down the whole

whole length of the boundary lying South of the Trichur road, and North of the Ponnanala made ourselves thoroughly familiar with the nature of the difference of the boundary as assumed by Cochin and that claimed by our Ryots and the discrepancy of the Maps on either side through out..

Boundary line as per Company's map.

Note.
Fresh clearings in the Valley are the subject of dispute between Kanampera Nair, Cochin Circar and Pola Pal Edom acheri..

Maj. 3. An Extract from the Survey of this District is appended illustrative of the tract of the Hill country in dispute (Colored green) the line of blue shews the boundary as laid down in the Survey Maps and the line of Yellow as claimed by the Cochin, Vizt., along the water shed of the country..

4. We found very great discrepancy in the Maps. The boundary according to our Survey Maps runs down from Vanyamparra rock into the Valley of the Potta Mudy to de (Nullah) to the Shenkollom or Plotote Padom or Kandom (Kanampera) Perimbarada Kinkhi Perimbaradacoor

and along the bed of the Nullah by what are called Salt marshes; and after following the course of the river about a mile or

or 1½ mile the boundary line rises over a high range of which the Pony Konicoor is a prominent point and thence descending into the Alagumpara Valley follows the river of that name a short way and then rises into the great Giant's Chain Ponmala..

Boundary as per Cochin Map.

5 The Cochin Map is not founded on a scientific or even accurate survey but it is easily gathered therefrom that that Circar assumes the ridge which forms the water shed of the hills both ways as the boundary and it is shewn accordingly in the accompanying Map, thereby advancing their boundary here (a length of about 8 Miles) a distance of about 3 Miles within what by the Company's Maps is represented as company's territories..

Disputed tracts are the Plakote Hills of Kanampera Nair Pillaifully Hills of Polakel Edom Achen

6. Included within the disputed tract is part of the Plankote Hills with the Chengra Kinnkurange the Pony Kunka &c. the proprietory right to which is claimed by the Kanampera Nair.. and also the Pillaifully Hills to the South and South east of the Plakote

Note. Evidently Captain Arthur's

Plakote Hills as claimed by the Polakel Edom Achen with the Chettichy Kunkum the Yerumakayoin hill Parkakal or Patracandom Pulla Valley &c. and the entire Valley of the Alagumpara. This difference leaves about 5 square miles of forest and wild hill country in dispute between the Cochin Circar and two great Jenmies (Proprietors) of the Company Parakel Edom Achen and Kanampera Nair..

7. The whole line must be treated together and the difference ought to be disposed of without loss of time.. That alleged by the Cochin Circar is the water shed and a good and well defined one - the other is a mixed and less satisfactory line..

Boundary line.

Frequent Collisions.

8. Both these Proprietors grant leases to Contractors to fell wood on their Estates right up to the boundaries they assert and the Contractors crossing the advanced boundary line as claimed by the Cochin Circar have ever since we have held the country been from time to time coming in collision with the authorities

authorities of that Circar. It cannot be denied that the Cochin Authorities are more or less in possession and maintain it by frequently seizing the wandering Elephants &c. of the trespassers of the Company's territories.

Instances

9. Since 1847 several Complaints have come before me the disposal of which involves the decision of the boundary differences

Pillapully Hills

The Pillapully hills were the scene of the disputes &c. out of which this report rises.

Plakote Hills

November 1849 - The Plakote Hills were that of the disputes of 1841/2 in which Mr. Silver was engaged, and the records shew that few years have passed in which no dispute arose between our border Ryots and the Cochin Circar out of these conflicting claims. In Mr. Sheffield's time it was vigorously contested the local Officers supporting the Company's Ryots - and still earlier the frequency of these disputes brought this very question before the Commissioners which issued in July 1815 for the adjustment of this and other Disputes relative to the boundary lines between South Malabar and Cochin territories; and a reference to the records shews that those

Disputes which brought about the Commission of 1815.

those Officers went into the matter fully and with care and decided in both instances that the claims of the two Jenmies/Proprietors/ of the Company's territories of the Kanamsiera Nair to the Plakote and the Parakel Edom Achen to the Pillapully Hills were untenable as the evidence which is in full on record shews -

Claims decided to be untenable -

10. For facility of reference I extract in full and severally for each set of Hills the reports of the two Officers, Mr. Vaughan and Captain Blacker placing their views in juxta position -

Of the Plakote Hills claimed by the Kanamper Nair -

Extract from the Report of Capt. Blacker Asst. Resident, to the Resident of Travancore and Cochin dated 15th November 1815 -

Commissioners proceed to examine the claim of the Government Conservator of the Forests to Plakote Hills referred to

Extract from the Report of J. Vaughan Esq. to the Collector of Revenue in Malabar dated 26th April 1816 -

After personal inspection and Examination of the Hill in dispute Mr. Vaughan proceeded to record evidence at

to them by Government—

5. "The evidence pro-
="duced by the (Cochin)
"Rajah's Commissioners
"in support of their
"claim (to the Plakote
"Hills) was composed of
"the Graantham warry
"ola (Descriptive
"and Boundary
"Roll) of a Pagoda,
"to which those Hills
"appertained formerly
"and which described the limits
"of its property. The
Plakote Hills (Six
or Seven in number)
were clearly com-
=prehended within
this Boundary Roll.
Accounts of forty
years date were pro-
=duced to shew that
timber had been
cut

at Kadatanchery—

5. × × × × × ×

× × The Plakote
"Hills were the first
(Subject of enquiry)
a long examination
of the Claimant,
the Cunnampurah
Nair, was taken down
by myself by which
it will be observed
that he had not a
single document
or witness to
produce to
establish his
claim—and in fact
all that he could
adduce in support of
them was the bare
assertion of an Arabhoom
(Signifying profession
or enjoyment) and the
declaration of a Hill
Moopan (Head man
of a small Malayer tribe)
his

"cut at that distant
"period on the very
"Hills in dispute, the
"stumps of the trees
"could still be shewn,
"and even some of the
"servants employed
"at that time were
"forthcoming to point
"out the Hills on which
"they had cut timber
"and collected Jun-
="gle produce.—

6. On the other
"part (of Kanampera
"Nair) no written evi-
="dence was attempted
"to be brought forward
"and the verbal testi-
="mony was so contra-
="dictory as to its own
"refutations."—

7. In consequence
the justness of the
(Cochin) Rajahs'
claim to those
Hills was fully
acknowledged.—

"his dependent, a Man
"whom I had met with
"whilst making per-
="sonal observations
"and inspection in
"with Captain Arthur
"To contravert these
"assertions, and
"evidence, living
"testimony was also
"resorted to by the Com-
="missioner of the
"Cochin Government
"by examining other
"Hills Moopans who
"were equally ready
"to contradict the
evidence of the
"(Kanampera) Peria
"Moopan and as I con-
="sidered that no depend-
="ence can be placed on
"the depositions of
"Men scarcely a de-
="gree removed from
"that of Savages.
"I requested the
Commissioner

Fort St. George 16th January 1851

"Commissioners (of Cochin Circar) would pro-
"duce whatever proof he had in furtherance
"of the (Cochin) Rajahs right - The first
"produced by him was a Granthavary-olah
"(Descriptive and Boundary Roll)
"taken in from the archives of the Principal
"Pagoda in Cochin, Trichoor + + + + In
"this was clearly laid down the Boun-
=daries of + + this Hill + + + + + + +
"This Document was examined by
"(Ramampora) Nair, my Native Servant
"and Myself and was admitted by all
"Parties to bear appearance of being
"original - The Nair himself admitted
"it but on being desired to account for
"the very Hill (one of the Plakote Hills)
"in dispute being distinctly entered,
"made a frevolous reply that it must
"allude to some other Hill, but was una-
=ble to point it out - Independent of
"this Document which in itself I should
"have considered valid or should I say
"original, as neither its validity nor its
"originality was disputed by the Nair - Various
"Accounts, public and private were produced
"on the part of the Cochin Government

proving

Fort St. George 16th January 1851

"proving their having felled timber at
"various periods on these Hills - these ac-
=counts were very full, shewing the par-
=ticulars of the Hills, the expense of
"felling timber, payments to Carpenters,
"Coolies, Elephant Drivers and could not
"I think have been fabricated for the
"occasion, and were, in the general judg-
=ment of all present, considered au-
=thentic Documents -

Of the Pillapully Hills claimed by the Polakel Edom Achen -

Extracts from the above Report of Capt. Blacker

8. "The next subject
"which was brought
"before the notice of
"the Commissioners
"related to the Pillapully
"Hills and formed
"another ground of
"Complaint of alleged
"aggression on the
"part of the Cochin
"Government of the
"Conservator of the
"Forests in Malabar
"to the Bombay Govt.

while

Extract from the above Report of Mr. Vaughan

In continuation of the above Extract on the subject of the Plakote Hills, he observes of the Pillapully Hills -

5. + + + + + + + +
+ The above observa-
=tion applyequally to another Hill in dispute called the Pillapully Hills. The claimant of which

the

"whilst those Hills were
"rented by Jacob Sank
"an inhabitant of
"Cochin + + + +.

"9 The evidence in
"this case consisted as
"before of old accounts
"shewing that for a
"length of time the
"Cochin Government
"had had undisturbed
"possession and con-
"tinued to cut Timber
"and collected Jungle
"produce without inter-
"ruption in those Hills
"until the present time.
"The claimant on the
"other side (Polakel
"Edom Achen) did not
"produce any written
"documents, his evi-
"dence was oral, and
"contained much
"contradiction. He
"said he paid Rent
"for some cultivation within

"the Poyakil Estate
"Achen had nothing
"stronger to adduce
"than the claimant
"(Kunampra Nair)
"to the hereinmen-
"tioned Hills"
"(Plakote Hills)

6. + + + "After
"having heard every
"thing advanced by
"both parties I
"was clearly of
"opinion that we
"had no claim
"on the Hills in
"question (Plakote
"Pillapully and
"calianakara)
"and on referring
"to Captain
"Watson's (the
"first and
"energetic
"Government
"Conser-
"vator of
"Malabar
Forests)

*This dispute was settled by the decision of Government dated 11th S.P.C. 1850 on the claim of Ally Koomby Achen

"within the Hills, but
"the Property (Revenue
"Account)

"Forests Reports
"on the Forests of
"this part of the
"Country I am con-
"firmed in my
"opinion of the
"justice of the
"claims of the
"Cochin Govt." x x x
"of this District denied all knowledge
"of this circumstance." The Correspondence
and Survey of Major Watson, the first
conservator (of Forests) in Malabar
evinced that in his time those Hills
were not considered to lie within the
Company's boundary. His Reports and
Surveys tended much indeed to favor the
claims of the Cochin Government, and those
Hills were accordingly determined to
appertain to it.—

12. + + x x x x + +
x + x + (and) "the claims of the (Cochin)
"Rajah + in both + + + "cases (in the
"matter of the Plakote and Pillapully Hills)
"were proved to be perfectly correct. The
"Conservator's Servants were present but
"could give little or no information.—

Thus

Claims of Company's Ryots examined and disallowed by Commission of 1815.—

11. Thus, as far back as 1815 were these claims made the subject of full and impartial enquiry by Commissioners appointed for this special duty and found nugatory and their total relinquishment on our part recommended though the claims were supported by the weight and influence of the Bombay Government itself as the Conservator of the Malabar Forests.—

Extract from the Minutes of Consultation dated 11th September 1850. No. 862.—

"The Right Honorable the "Governor in Council observes +++ "that the decision of those Officers (the "Commissioners) has been confirmed by "the Government and by the "Honorable the Court of Directors.

12. The Extract shewn in the Margin would lead to the belief that the recommendation and decision have been confirmed,

No decision by Government promulgated.—

but no such decision can now be found on records in the district and certainly none has been authoritatively promulgated to the claimants who still buoyed up with hope of success and their complaints

complaints of the outrages of Cochin Servants Litigation, maintenance of bad feeling along the border and a multiplicity of reports and enquiries during the last 30 years has been the consequence and I would therefore submit that a decision in accordance with that recommendation be officially published in justice to the Cochin Government and also to put and end to these wranglings.

Recommends that it should be done.

13 I crave to apologize for the length of this paper but as different means of the subject have been taken and advocated by different Government Officers. I have thought it best to be full on a subject to which I have given my best and most impartial attention.

Proceedings thereon.

17-18

The foregoing letter and its enclosures have reference only to the disputes in regard to the Nilambur and Pallapully Hills but the Board observe that Government in para 2

of Contract Minutes of Consultation 11th September 1850 in calling for the report respecting the boundary disputes on these Hills, requested, at the same time, to be informed, whether the Frontier between Malabar and Coimbatore is unsettled in any other part of its course.

2. The Board therefore request that the Collector will afford the necessary information on this point, and they will await the receipt of the Report on this subject, before submitting the present communication to Government.
