Remarks.

The particulars of the Sum of Rupees 71—.—4 entered in column 42 of this Statement as the Bariz of the Cullendara Village are shown in Statement No. 25. If the items therein set forth be added to columns 2—3—6—7—10—11 and 23 of this Statement, a correspondence will be seen to be established between the resulting amounts and the land Revenue and Enam Jody exhibited respectively in Paras 11 and 18 of the Jummahbundy Report.

Salem Zillah Shoolagherry Collector's Cutcherry 21st November 1851

E. C. Jr. (Signed) H. D. Phillips.
Collector.

Statement

10th March 1851.

Revenue in the Zillah of Salem for Fusly 1259.

15	4 5	13 5 6	201 15 4	8 .. 2	121 6	5 5 4	80 1 1	The lands of this Village are divided into four descriptions of Soil, namely, Curasalay, Padoogay, Sand, and Kullur, each bearing distinct teerwas for the first and second crops. The teerwa of the particular crop which is raised on the land is alone collected. There does not however obtain a fixed proportion between the teerwa of the first crop and that of the second, such as the one being 2/3ds and the other 1/3d of the whole teerwa on the land. The remission on account of the non-cultivation of the Second crop was granted in fusly 1258 for the same extent of land and on the same principle as in the present year.—

Salem Zillah,
Shoolagherry,
Collector's Cutcherry
21st November 1850.

E. C. P. (Signed) H. D. Phillips
Collr.

G. F. B.

3955 Fort St. George 10th March 1851.-

To,
H. D. Phillips Esqre
Collector of Salem.

Sir,

1. I have the honor to report upon the Settlement of the Land Revenue for Fusly 1259 of the four Talooks of Namcul, Paramutty, Trichengode and SenKerrydroog, which form the Sub Division of this District.-

2. The undermentioned Accounts are prepared in the form adopted in the past fuslies.-

No. 1. Revenue from Estates-
" 2 Statement of Government Lands.-
" 3 Statement Comparative of the Revenue of the present and past years.-
" 4 Detailed Statement of Cultivation with explanation of the causes of Increase.

Increase and Decrease.

No. 5. Statement of waste lands included in the Settlement.

" 6. abstract Statement of Lands held on Cowle.

" 7. Statement of the average prices of

3. The Settlement of the Namcul, and Paramutty Talooks, was conducted by the late Sub Collector, Mr. Maltby, and that of the Talooks of Trichengode and Senkerrydroog by the Head Assistant Mr. Dykes. The Ryots were assembled, in the Paramutty Talook, at Vayloor, on the border of the river Cavary. In Namcul, at the Cusbah station, and at Sattiengarpett. In Trichengode at Mc Donald's Choultry and at the Cusbah. In Senkerrydroog Talook at Comarapollium, on the banks of the Cavary.

4. The Season on the whole appears to have been very unfavorable. The supply of rain was deficient throughout the

year, and throughout the District. The Dry and Dry Garden Crops suffered from the Drought, and the produce of the lands generally is stated to have been unusually scanty. The lands irrigated by the Cavary Channels, appear to have had a full supply of water, but a partial supply only was received in the Tanks, annicuts, and Channels, in the Talooks of Senkerrydroog and Trichengode quite insufficient, to bring the full extent of the wet lands, which are dependant upon those resources, under Cultivation. I am unable to submit a Register, of the rain at the Town of Salem for the past year as it was discontinued, on the departure of Mr. Frere from the District.

Prices of Grain. 5. The subjoined abstract shows the prices of Cumboo, and Cholum, which are the chief products of the Division and on which the working population mainly subsist. It will be observed that, in comparison with the last year there is a very trifling rise notwithstanding the circumstances

Names of the Grain	Fusly 1256			Fusly 1257			Fusly 1258			Fusly 1259		
Cumboo Pr. Garce	168	2	1	124	12	8	74	10	8	78	2	9
Cholum Pr. Do.	186	14	4	141	1	1	81	14	6	85	5	4

the circumstances of the season. Contrasted with the prices in the three previous years, it shows the disadvantages which the producers have had to contend with. The anomaly of a deficient harvest, being unattended by any material rise in prices is owing to the surplus of the superabundant supply of the last year, having been brought into the market in the present one.-

Name of the Grain	Average prices of 10 years from Fusly 1247 to 1256.			Fusly 1257.		Fusly 1258.		Fusly 1259.		Decrease between Col. 2 & 5		Averag

There

There is a decrease under the head of dry land of Acres 6929. 5.. aſseſsed at Rupees 10,415-14-4 under that of Dry Garden of Acres 120 - 22. 10 aſseſsed at Rupees 12 15. 11. and under that of Wet land of 770. 36½ aſseſsed at 5,615. 4. 1. making a total decrease in extent of Acres 7,820. 4. 4 bearing an aſseſsment of Rupees 16,553. 11. 6. This decrease is attributed to the nature of the Season, the Ryots having been unable or unwilling from the unfavorable prospects before them, at the commencement of the year, to undertake the responsibility of cultivating the full aſseſsed dry lands, upon which no remiſsions are allowed. It will be observed that the decrease is principally under this head.-

Revenue- 9. The Settlement of the whole land Revenue in the Sub Division for the fusly under review after deducting the usual Charges on account of Village Establishment

Establishment, amounts to Rupees 296441-6-4. which added to the Revenue from Extra Sources Rupees 32434-15-7. makes a total of Rupees 6,28,876. 5. 11, showing on comparison with the past fusly a decrease of Rupees 17817-..-10 in the land Revenue and an increase of Rupees 1,372-13-10 in the Extra Revenue, leaving a net decrease of Rupees 16,444-3.. the particulars of which are exhibited in the following Abstract.-

Land on Cowle 12. In the extent of land held on Cowle, there is a decrease of 373. 29. 6 and an increase of Rupees 24. 7. 6. in the assessment, the subjoined particulars of which will show that the decrease in the extent arises from the lands arrived at full assessment, being in excess of those newly taken up: and the increase alluded to is chiefly derived from the progressive assessment, on lands still on Cowle.

The-

Transfers of Cultivation

13 The particulars of transfers of land
from one description of Cultivation to another are shown
below The result is a net decrease of Rupees 122-4-6 to the
Revenue- Amongst the Items of increase from "Transfers to super-
-ior Cultivation" the sum of Rupees 51-7-3 is exhibited as
the full assessment according to the Class enforced on lands
improved by water from wells dug at the Ryots own
expense, but without the required remission. The
only object, that I am aware of, for requiring permission
to be first obtained, is to prevent the Ryots sinking
wells, on objectionable sites; and on this account
it may be necessary to exact, the penalty in the
first year, or such portion of it as the circumstances
of the case may seem to require. Considering how-
-ever that the capital of the Ryot has been expended
for the improvement of the land, it appears to me to be too
severe a penalty, to deprive him of a continuance of
the expected benefit of his outlay- I think it
would be expedient to substitute some lighter penalty,
and I would recommend that if it should appear
on enquiry at the settlement, that no injury has accrued
to others, and that the position of the well is other-
-wise unobjectionable, that a discretionary
penalty should be inflicted, but that the
lands should be placed, on an equal footing with
those similarly improved by parties who
have Conformed to the rules- Particulars

In

3976.

Changes of Cultivation from one Crop to two Crops and vice versa.

Fort St. George. 10th March 1851.

26. In this year also the sum of Rupees 101-6-8, has been remitted in the Village of Oravundoor formerly attached to the Trichinopoly District, on account of the two Crop lands being only cultivated with a single Crop. The Board in the 5th para of their proceedings, under date the 13th May 1850, required an explanation, regarding a similar sum remitted under this head in last year; observing that 14-9-4 had been remitted in excess of the 1/3rd amount of the consolidated assessment. In explanation of the sum remitted in this year, I beg to state that, the remissions on these lands are not made, on the same principles as those on the other lands of the District; but in accordance with the practice of the District, from which they have been transferred, which regulates the remissions not by a deduction of 1/3rd of the consolidated assessment, but according to the rates at which the 1st Crop and 2nd Crop are separately assessed, as will be seen in the subjoined Abstract.

of which sum Rupees 1,082—12—" is reported to be irrecoverable-

30- Of the sum stated to be irrecoverable Rupees 77—14—8 is the balance standing against the lands of the Village of Coodoothoray which is yearly carried under the head of Tawacoof* and recommended for remission-

*Collections suspended-

31- The sum of Rupees 716—5—3. is due upon the lands of the Village of Tirumulnamasamoodrum, the circumstances of which Village, are fully explained in the 46th Para of Mr. Maltby's report of the preceding year-

32- The sum of Rupees 430—7—". is due by certain Ryots of the Trichengode and Sunkerydroog Talooks, whose wet lands failed in the 2d Crop, and by others, whose wet lands were not cultivated with wet Crops from want of water, the Collection of the amount was suspended by the orders of the

the Head Assistant Mr. Dykes during the Settlement; and it has since been entered under the head of remissions-

33- The sum of Rupees 1,151—7—1 stands against deserted Deceased and indigent Ryots, regarding which enquiry will be made during the ensuing Settlement-

34- The remainder sum of Rupees 4,765—9—9 is reported to be irrecoverable, and the Tahsildars have been directed to collect the same as early as practicable-

Motarpha- 35. The Revenue under this head amounts to Rupees 17,966—"—10, of which Rupees 17,774—9—1, were collected within the fusly, leaving a balance of Rupees 191—7—9- The collections made during the months of August and September, Vizt. Rupees 91—4—6, reduces the balance to Rupees 100—3—3, of which Rupees 69—14—10 is reported to be irrecoverable and the remaining Rupees

Rupees 30-14-5 recoverable.

36. Of the sum of Rupees 96-4-10, reported as irrecoverable the Collection of Rupees 26-14-7 being the amount of Samyavary or tax on Caste, was suspended on enquiry made during the Settlement, on the grounds stated in para 31 of Mr. Maltby's report, for fusly 1255. The remaining amount Rupees 42-6-3 appears as due by indigent, deserted and deceased Ryots, regarding which enquiries will be made at the next Jummahbundy.

Abkarry. 37. The revenue under this head, which amounted to Rupees 10255-8-" was duly collected within the fusly.

Sundry Small farms. 38. The amount of this Revenue is Rupees 4213-6-9, the amount collected within the fusly was Rupees 2958-14-9 leaving a balance of Rupees 1254-8-". Of this sum Rupees 810-"-" were collected up to the end

of September, leaving an outstanding balence of Rupees 444-8-" of which Rupees 40-8-" is due by the Ferry renter of Comarapolliem, who withholds payment on the ground of a temporary dam having been erected across the river, which afforded a passage for travellers by which his engagements were interfered with. The matter is under investigation. The remainder Rupees 404-"-" is due by the Tamarind Contractor in the Namcul Talook, which the Tahsildar has been directed to realize.

Revenue from Moottahs. 39 The Revenue from Moottahs amounts to Rupees 263,666-14-6 of which the amount credited on account of Moturpha is Rupees 4077-12-4. The amount collected within the fusly is Rupees 236,096-11-4. Total Rupees 240,174-7-8. Of the remaining Rupees 23,492-6-10 Rupees 8,138-2-2 were collected, in the Months of August and September a balance remaining of Rupees 15,354-4-8. Of this sum, deducting the amount due on account of the Samoodrum Mootah, in the Talook of Senkerry-droog which is now under sequestration the remainter will be collected from the proceeds of the sale of the advertized Mootahs.

(43.)

Bd. No. 427
From the Collr. of Salem

Submitting the further information required by Government in respect to the Tapoor Choultry.

Sir,

1. I have the honor to submit in respect of the Choultry at the Tapoor pass, the information required by Government in the communication noted marginally.

Minutes of Consultation August 21st 1850.
Boards Proceedings August 29th 1850.

2. As the readiest means of reporting the monthly and annual cost of the Servants employed at this Choultry, I beg to enclose a Statement in which the necessary particulars are exhibited.

3. The Statement shows that a Duffadar and five Peons are entertained and paid from the Choultry funds at an annual cost of Rupees 303-12-" of these, two Peons are daily stationed, as a protection to travellers, at a very lonely part of the ghaut between Tapoor and Admuncottah, whilst the Duffadar and the other 3 Peons in

in their turn are available for the general police duties of the ghaut and the Village of Tapoor.-

4. A further sum of Rupees 404—4—" is yearly disbursed for the services of an Establishment of domestics whose prescriptive and prescribed duties are to purchase supplies for the meals of indigent travellers and others who may halt at the Choultry; to procure and distribute these supplies; to keep an account of the original cost and of their daily expenditure, to cook and place their meals before Bramin travellers, to bring water for their ablutions; to sweep, cleanse and purify the Choultry, to tend the cows kept for the convenience of securing the Butter-Milk-Milk and Ghee required by Bramin travellers, and raise the vegetables necessary for their curries

5. The supplies have hitherto been brought wholesale at the most favorable season of the Year. The stock purchased is kept at the choultry, a daily

daily account is written of the quantities used, of the food given to the Milch Cows belonging to the choultry dairy, and of the Cost of keeping up the vegetable and flower garden attached to the institution.-

6. The Duffadar, Peons, the gardener and Shepherd excepted the servants in question are almost all Bramins; and notwithstanding the reputed unhealthiness of the Village Tapoor, in the middle of which the Choultry is built, I found them on visiting the Choultry a few days back, to be in possession of every symptom of extreme bodily comfort.

7. It is not the practice with these Servants to trouble themselves to cook for travellers who are not Bramins, and such I was told had been the custom for years past. Persons of the inferior castes who apply for food for the days consumption, receive some rice and condiments, but cook for themselves; but I understand that no rule exists under which all travellers can *demand* food for the day and obtain it; a great deal depends on the disposition of the Choultry Servants, who can give or withhold

withhold as they think fit, and in no Case is any thing given to Pariahs or poor East Indians.-

8 The accounts of the Month's expenditure are submitted to the local Thasildar, who indents on the District Treasury for the amount shown in them, as well as for the aggregate of the salaries payable to the Choultry Subordinates. The accounts for the entire year are laid before the Collector, who submits them for sanction with the ordinary accounts of his charge.-

9. No check of any value can possibly be applied to the minor disbursements of an institution of the above character. If for instance, as an attempt at improvement it were directed that no traveller halting at the choultry should avail himself of the hospitality of its Establishment unless he produced a written authority from either the Tahsildar of the Talook above, or from him of the Talook below the pass, or their respective Subordinates, the plan would go simply to throw additional

power

power into the hands of the Talook Servants, instead of leaving it, as it now is, with those of the Choultry

10. From my personal observation of the localities and my examination of the Establishment, I am however satisfied that at present no sufficient necessity exists for the retention of the Choultry Sibbendy on its existing very expensive footing. Twenty four years ago it may have been necessary to hold out a special inducement to petty shopkeepers to settle themselves at Tapoor, and exemption from Moturpha was the advantage then offered, but that necessity has, to my mind, long since ceased, as the two Buikhels who were then relieved from payment of Moturpha have been followed by many others, and Tapoor is now a small but crowded and thriving Village

11. Neither does it appear to me that any sufficient cause can be shown for retaining three priests on the strength of the Choultry establishment, on an aggregate Monthly salary of Rupees 4-1-" I submit, indeed, that it is

obvious

	Rs.	A.	P.
Cook	4	"	"
Water Carriers	4	"	"
Do Do	3	"	"
Water Pendal Bramin	3	"	"
Sweeper	2	8	"
	16	8	"

obvious that this Establishment has (perhaps erroneously) been placed more on the footing of a Pagoda or other essentially religious establishment, than on that of a Choultry situated in the middle of a tract of uninhabited country, where no Village existed and where no means were afforded to travellers, of procuring supplies; and I therefore beg permission to reduce it, retaining only the servants noted marginally, to whom I would propose to assign the salaries entered opposite their designations.–

12. I further submit that no sufficient necessity exists for now continuing the, so called, gratuitous distribution of food to travellers.– I am impressed with the belief and respectable inhabitants of the District will admit, that such distribution takes place only when persons arrive at the choultry whose position or connexion would be likely to elicit complaint to the authorities if food without cost were refused

refused to them– But to this class of individuals it can never have been intended that food should be so distributed– The Sunnud of which I enclose a translation taken from the old records of my Office, shows indeed that the object of the original institution, was to assist pilgrims– I am aware that long existing practice is in favor of non-alteration of the Established Custom of the Choultry, and I have therefore been at considerable pains to ascertain whether the practice is founded on any resumed rights or privileges with which it would be improper or inequitable to at the present time to interfere– I cannot however, trace, any such, except the translation abovementioned. I do, it is true, find in the Cutcherry records the communication noted in the Margin, from which I beg now to submit for convenient ready reference a transcribed Extract– It is mentioned in this communication that from the Statement

Statement forwarded to Board of Revenue showing the nature of allowances &c granted to certain Musjeeds, Durgahs, Chuttrums &ca – Dated 21st June, 1848.

Statement of the Curnums" of certain Villages it appears that certain other Villages were allotted to the Choultry as Domballa Enam, and that in exchange for them, Colonel Macleod granted a money allowance, bringing the Villages under Aumany management.-

13 Such may possibly have been the origin of the Choultry establishment, but I feel bound to add that I have been unable to trace that to a resumption of the abovementioned description.-

14. The Statement of the Curnum alluded to I discover to have been a verbal Statement made to a local Thasildar the date on which it was advanced being no where to be found.

15. Neither have I been able to discover that as shown in the communication above referred to, "there are reasons to believe that certain Villages were allotted as Enam to the Choultry" the case in favor of the Choultry is given in that communication but whether the

DG.

rights

rights of the choultry can thereon be acknowledged to be so strong and incontestible as now to bar an arrangement for a more legitimate application of funds clearly intended for strictly charitable purposes, it will remain for your Board to decide. I beg to submit that as matters now stand, charity is lost sight of for the benefit of a few who need not help; that if the choultry be kept in repair and the servants I have proposed be entertained and paid by Government the comforts of native travellers at the choultry will as much be cared for as those of European travellers in the public Bungalow, a few hundred yards from the choultry, and that such an arrangement will afford no just cause for complaint.-

	Rs a p
Hufser ----	1355-11-9
Deduct Repairs	108-4--
Balance	1247-7-9

16 The "Hufser" or surplus funds of the Choultry in deposit in my Treasury on the 31st January last, amounted to Rupees 1355-11-9. It has been usual to provide cooking utensils &ca for the use of the Coultry and to keep it in repair from this fund which is formed from the accumulation for years past

of balances realised by the sale of stock remaining in excess of the years expenditure; from the stoppages for various causes, of the salary of the Choultry servants; and from items of pay drawn and not disbursed on the occasion of vacancies. The Collector has exercised his own discretion in the matter of making disbursements of the above description, and generally in regard to all such as would in his opinion tend to the well being and comfort of travellers passing through Topoor. The bridge over a very difficult nullah close to the Choultry was some years ago constructed out of the Hasser funds.-

17. The sum remaining in hand is larger than will be required for any ordinary purpose, and I would therefore take this opportunity of respectfully but earnestly submitting for consideration, that it would be a fair and judicious application of the "Hasser" to permit me in communication with

with the Civil Engineer of the District and the Superintendent of Roads, to lay out, say not more than 1000 Rs in removing the very serious obstacles which are at present experienced at three parts of the Ghaut on the Darampoory side of Topoor by bandies going towards Madras and Bangalore from districts in the Southern part of this Presidency.-

18. The three points of extreme difficulty are such that a laden Cart cannot ascend the ghaut at those parts unless several pairs of bullocks are yoked to it, and a laden cart descending cannot be brought down (unless every thing be taken off it) without the assistance of drag ropes in the hands of several coolies. Excepting these three spots in the ghaut, the road is excellent and easily passed, even by spring carriages. It seems to me, therefore, to be a great pity and not a creditable draw-back to so good and so important a line communication, that these three obstacles should any longer remain in existence.-

Extract

3997

Fort St George 10th March 1851

No 2

Extract from a Statement shewing the nature of allowances granted to certain Musjeeds, Durgahs Chuttram &ca dated 21st June 1848.

No	Names of Choultry Musjeeds &ca	Amount of allowance granted	Remarks
		Rs a p	
1	Topoor Choultry	1750 . .	From the Statement of the Curnum of the Villages of Nachamputty Ellatoor &ca it appears that these Villages were allotted to this Chuttram as Doombala Enam, and that after the assumption of the Country Colonel McLeod granted Money allowance taking the above Villages under Aumany Management. The old records of the Talook and Huzzoor Cutcherry do not exhibit any accounts regarding this grant, excepting an entry made at the foot of the Dustuckputty of the Darustanums belonging to the 8 Talooks in the Division of Captn Munro showing that Star Pags 436-6-23 for the year Nullah and Star Pags 400 for Pingalah were the products of the Villages allotted to the Chuttram in question. There are lists only for 6 Months in those two years of articles and Money received and expenditure made in the Chuttram which appear to have been supplied thro' the Talook Tahsildar. In the Moyen Zabitah of Captain Graham's division prepared in the year Siddartty corresponding with Fusly 1209, the allowance of the Chuttrams with the Salary of its Establishment is entered as hereunder, in consequence of the Chuttram having then been attached to the Talook of Darampoory Viz:- Allowance for supplies to the Topoor Chuttram per annum Star Pagodas 400 . . . The Salary of the Sibbendy 11 in Number including ameen, Curnum, Peons and Paricharagums at Star Pagodas 12-35-69 per mensem, per annum . . . 153-25-8 The same amount of allowance was continued to be paid until Fusly 1225, but from Fusly 1226 it was increased to Star Pagodas 500. Altho' there are no records to show the particulars of this Chuttram Enam, yet there are reasons to believe that Deevattypatty, Nauchanamputty, Yellatoor &ca were the Villages allotted as Enam to this Chuttram, and that they were resumed since the assumption of the country and Money payment allowed. The Chuttram is kept in proper order and is available for travellers and indigent travellers are supplied with food.-

Translation

No 3

Translation of an Order of Chicka Dauva Rauze Warriar to Parpattykar Gopia of Salem.-

In the year of Shauliwan whose life was long and happy - and whose affairs were prosperous. 1620 or Eishwar Samostar in the Month of Cartick Chicka Dauva Rauz writes the following order to Gopya the Parpattykair of Salem.-

The high road of Pilgrims going between Caſsee and Ramaishwaram paſsing through the Topoor Ghaut which is long and dangerous and without any accommodation for travellers I understand that if a Chattram be erected upon the bank of the river and victuals provided for paſsengers, it would afford great relief and comfort to many a virtuous actions that will be rewarded in the world to come; and being desirous of procuring the benefit thereof to my ancestors also to make it acceptable to Seringa Dauvur. I have ordered a

Chutter

Chutter to be built upon the banks of the river. and sent a Parpattykar or Manager, a Sworimpatty or Cook. a Surrycharruck or servant and a Pooranick or reader of the Pooranams, that is commentaries on the Beads that they may provide victuals and water for all Pilgrims. It is directed that the Village Rayapilly in the Cawerypatbolly of the Taloock Salem whose rent is 200 Pagodas and whose boundary is marked out by stones fixed on the cardinal points of it be attached to the said Chuttram for defraying the expense of victuals. for the pay to the Parpattykar and for subsisting the rest of the Establishment. Let this Enam be continued to the Chutter while the Sun and Moon last. It is further directed that the Monthly accounts are to be lodged with the Shanboag. also to take a copy of this order and deliver up the original to the Parpattykar.-

(True Copy of the Original Translation)

Collector of Salem

Resolved

Bd. No. 515. No. 117

Proceedings thereon.-

Submitting a letter from the Collector of Salem affording further information respecting the Toopoor Choultry and recommending for the favorable consideration of Govt. the proposal of the Collector for the reduction of the number of the Choultry Servants and the discontinuance of the allowance for the gratuitous distribution of food as also for the appropriation from the surplus funds of Rs. 1000, in removing obstacles at certain parts of the Ghat on the Darumpoory side.-

In Cons. 29th Augt. 1850.

Resolved that the letter above recorded together with its enclosures be submitted for the consideration and orders of the Right Honorable the Governor in Council with reference to para 4 Extract Minutes of Consultation 21st August 1850 and to the previous papers on the subject.-

2. The Collector not only affords the information called for regarding the Estimated and actual charges incurred on account of the Toopoor Chuttrum but regarding the surplus or Kuffur on hand and submits his views for its appropriation. He explains the supposed origin and nature of the Grant, the obvious inutility of so large an Establishment and the unnecessary amount of charges under the head of food for Travellers.-

3 It would appear that the Toopoor Choultry is situated in the middle of the Village of that name which is described as crowded and thriving tho' small, that the object of the Original Grant of certain Villages bestowed in endowment of the Chuttrum was for employing Servants to provide victuals and Water to all Pilgrims and that the Villages so granted were taken under Amanie by Colo. Macleod and a money allowance granted instead, the only proof of the resumption of the Villages being a verbal assertion of a Curnum before a Tahsildar.-

43-4.

4 If dependance can be placed on the Sunnud, translate of which is enclosed by the Collector, it seems to the Board that the endowment partakes of a charitable nature and is not one for Native religious purposes.-

5. It is observed that out of the Annual estimated disbursement of Rs. 1750 - " - " the sum of Rupees 303 - 12 - " is for the pay of a Duffadar and 5 Peons available for the General Police duties of the Ghaut and the Village of Toopoor and for protecting travellers at the pass and the sum of Rupees 404 - 4 - " is the pay of 12 Servants named in the margin attached to the Choultry, the remaining sum of Rupees 1,042 - " - " is stated to be

1 Moniagar
2 Curnum
3. Oogramum or Steward
4. Cook.
5 Watercarrier
6. Priest
7 Reader of Puranas
8 Venayaka Priest
9 Waterpundal Bramin
10 Under Steward
11 Sweeper
12. Shepherd.

be laid out in gratuitous provisions for travellers, and it is the duty of these 12 Servants to keep accounts of the minor disbursements (which however it is not poſsible to check) to distribute meals to indigent Bramins halting at the Choultry, to cook for them, but not for persons of inferior caste (who occasionally receive food at the will of the Choultry Servants but in no case is any allowed for East Indians or parahs) to keep the Choultry clean to tend Cows kept for milk &c for Bramin travellers, and to keep a vegetable and flower Garden.—

6. The Collector points out that under the present arrangement the charity of providing gratuitous food for travellers in general is lost sight of, for the benefit of a few individuals who do not need help and are not therefore proper objects of charity at all and that there is not the same necessity for retaining the entire number of Servants that existed 24 years ago. He therefore proposes to reduce the number of Choultry servants to the limit as per Margin and to dispense with the services of the remainder also to discontinue

Proposed revised List	Per mensem
Cook	4 – " – "
Watercarrier	4 – " – "
Do	3 – " – "
Water pundal Bramin	3 – " – "
Sweeper	2 – 8 "
	16 – 8 – "

discontinue the allowance for the gratuitous distribution of food. In regard to the surplus or Kuſser which, after deducting Rupees 108–4– for repairs to the Choultry, remained in hand on the 31st January 1851 Rupees 1247–11–9 he suggests that Rupees 1000–"– be laid out by him in communication with the Civil Engineer in removing very serious obstacles at three parts of the Ghat on the Darumpoory side, and which are more particularly described in paras 17 and 18 of his letter.—

7. The Board approve of the suggestions of the Collector and recommend that he may be authorized to carry the arrangement into effect.

8. The Board also approve of that Officers proposal for appropriating 1000 Rupees, out of the existing surplus fund in the public work mentioned by him, and will direct him to submit the usual Estimate thro' the Department of Public Works.—

Ordered that the following letter be sent in reply.

45-6.

Bo. No. 493.
To the Sub Collector in Charge of South Arcot.

Returning certain documents connected with the Tolar case in the Verdachellum Talook and stating from certain causes that the Board see no reasons to doubt that the cultivation was concealed. Passing Endt. on Petition No. 270 and 510 of 1851.

Cons 10th March 1851

To,
The Sub Collector in charge of
South Arcot.

Sir,

I am desired to return the documents received with your letter of the 18th February 1851 bearing on the Tolar case in the Verdachellum Talook.

2. The Board see no reason to doubt that the cultivation was concealed as detailed in the several documents transmitted, though they do not entertain the same conviction as to the teerwah due, having been collected from the Ryots and appropriated by the Petitioners. No mention is made of such appropriation before the Sub Collector's

yadast

Yadast of the 31st August, and then the declaration is based upon documents which the Board are unable to recognise as receipts for money received as payment for Circar dues. One appears to be of this nature held by Narida Govinden as an acknowledgment for 4½ Rupees received, the others seem to be receipts on loan transactions.—

3. Under these circumstances the Board will not disturb the sentence passed upon Petitioners.—

Resolved to pass the following Endorsement on Petitions 270 and 501 of 1851.—

"Petitioners are referred to the Board's Endorsement on Petition 1996 of 1849 which they must consider final.—

To.
The Chief Secretary to
Government.

Bd. No. 516
To the Chief Secy.
to Government }

Sir,

I am directed by the Board of Revenue to state for the information of the

the Right Honorable the Governor in Council, that one of the Boxes of Seed Wheat received with Extract from Minutes of Consultation dated 23d April 1850, was forwarded to the acting Principal Collector of Coimbatore, and the other to the Collector of Madura, for experimental Cultivation in their respective Districts.— In Dy Cons 25th April 1850.

2. From the accompanying letter from the Collector of Madura dated 3d March 1851 it will be seen that some of the English seed has come up on the Seroomalay Hills very well and Mr Parker thinks that if sown during the South West Monsoon, Wheat will probably succeed in the Western part of his District) he therefore requests that a supply of Two hundred Mercalls In Cons. 10th March 1851.

Mercal of Seed may be obtained from Calcutta as soon as possible for distribution by him.

3. The Board recommend that his application be complied with, and perhaps it would be advisable to obtain ½ in Pissee Wheat and the other in Julalya, the two recommended in Dr. Royle's letter enclosed in Extract Minutes of Consultation 23rd April 1850. No. 403, Revenue Department.

4. The result of the Coimbatore Experiments have not yet been reported to this Office.

Fort St. George

No. 1.

10th March

Description of Ground the proprietor of which has applied for a Permission Certificate from the Honorable Company.

Name of the Proprietor.	Situation of the Ground.	Since when enclosed.	Title under which it is held.	Extent of the Ground.		Nature of the Soil.	How laid out whether any building upon it.	Quit Rent proposed per Cawny.	Remarks of the Collector of Madras.	Remarks of the Board of Revenue.	Decision of Government.
				Gs.	Sq. feet.						
J. B. Prendergast Esquire of the M. C. S.	In the North West of the town of Cocanada adjoining the Collectors Cutcherry and in the Collectorate of Rajahmundry.	In the year 1849.	The Ground having never been in my own occupation the Collector of the District states that there are no documents of any kind connected with it but the Ryots who cultivated it have given Razeenamahs in favor of Mr. Prendergast.	2623	249.	Sandy.	When Mr. Prendergast took possession of the Ground, there were no buildings upon it. He has since built a house and enclosed a Compound.	When under Cultivation, the Ryots paid Rupees 48 Shist. The Collector of Rajahmundry suggests that a Quit Rent may be fixed at the same rate, to be levied from the commencement of Fusly 1259.	It is recommended that the sanction of Government may be procured for the issue of a Permission Certificate to the Applicant, Mr. Prendergast, in the form A. Submitted to the Board in a letter from this Office dated 17th October 1834 providing for payment of the Quit rent specified in Column 9.

Proceedings

57

Read the following letters on the subject of the Tope Rules circulated under date the 6th April 1848.

From Ganjam 29th Augt. in Cons. 9th September 1850.
From Vizagapatam 21st Septr. in C. 30th September
From Rajahmundry 31st Octr. in Cons. 13th November 1848.
From Masulipatam 28th Augt. in Cons. 5th September 1850.
From Guntoor 17th in Cons. 23 September 1850.
From Nellore 21st in Cons. 26th September
From Cuddapah 7th in Cons. 17th February 1851.
From Kurnool 27th August in Cons. 5th September 1850
From Chingleput 31st Augt. in Cons. 15th October 1849.
From North Arcot 9th in Cons. 19th November 1849.
From Salem 5th in Cons. 28th September 1848.
From South Arcot 3d in Cons. 22d June
From Tanjore 9th in Cons. 12 September 1850.
From Trichinopoly 27th Augt. in Cons. 2d Septr.
From Madura 27th Do. in Cons. 2d Do.
From Tinnevelly 8th Novr. 1849 in Cons. 17th January 1850.
From Coimbatore 3d in Cons. 14th Octr. 1850
From Canara 27th Augt. in Cons. 30th September 1850.
From Malabar 31st Augt. in Cons. 9th Do.
From Madras 23d Jany. in Cons. 4th February

The points that present themselves for consideration in the foregoing papers are first the operation of the

the rules since the date of their promulgation, and secondly the modifications it may be necessary to make in them.

Ganjam
Vizagapatam
Masulipatam
Rajahmundry
Canara
Malabar
Madras

2. On the first question the Collectors noted in the Margin state, that altho' due publicity had been given to the tope rules in their respective districts, no one has, as yet, taken advantage of the benefit offered by them.

3. In some districts this may have arisen from the fact that hardly sufficient time has elapsed to enable the inhabitants to avail themselves of the liberal terms extended by the rules. In Canara and Malabar the physical features are peculiar and the new rules confer no advantages which the Ryots do not already enjoy. In the case of Avenues however they may be found useful.—

Guntoor 25 Application 60 acres
Nellore one Application
Cuddapah 31 Applications about 73 acres
North Arcot 14 Applications 34 Cawnies
Chingleput 3 Applications 28 Cawnies
Trichinopoly 12 Applications 31 Cawnies
Salem 16 Applications 70 Acres
Tanjore 23 Applications 90 Acres
Madura 8 Applications
Coimbatore 16 Applications & 10 Bullahs

4. In the Majority of instances the benefits afforded by the rules have been fully recognized. The Board regret that from a want of

uniformity in the returns received from the provinces they are unable to state the total extent of land taken up for the purpose; they observe that the largest plantations occur in the districts noted in the Margin.+

+Guntoor 60 Acres
Cuddapah 73 Do
N. Arcot 31 Cawnies
Salem 70 Acres
Tanjore 98 Acres

+Ganjam
Vizagapatam
Rajahmundry
Masulipatam
Guntoor
Cuddapah
Kurnool
N. Arcot
Chingleput
Madura
Coimbatore

5. On the Second question that was urged on the attention of the local Officers. Viz.: the modification it may be found necessary to make in the rules, several of the Collectors+ have expressed an opinion that no alteration appeared to be requisite, others again have, in the practical working of the rules in question found that peculiarities of their districts rendered some Modifications necessary.

+Nellore
Tanjore
Trichinopoly

6. Some objections have already received the consideration of the Board, and been separately× disposed of, and of the remainder those brought forward by the Collectors of the districts given in the Margin+ appear to deserve special notice.

7. The Collector of Nellore is of opinion that the last part of para 2 of the Rules providing for the appropriation of the produce of a tope, to the public

purpose

purpose for which it is planted is likely to deter parties in his District from taking advantage of the benefits intended, it is therefore neceſsary to explain that the intention of the rule referred to was merely to provide for the due maintenance of the objects for which the land was granted, and not to exclude the proprietor from participating in the produce. The other suggestion of the Collector, having reference to fixing the aſseſsment on the Waste Land, at the time it is taken up, and giving the holder a Certificate showing what will be demanded from him, after the expiration of 20 years, appears to be proper, and should be carried into practice.

8. The Collector of Trichinopoly has pointed out that the rules do not fix a limit to the extent of ground to be granted on Cowle for topes. In the case of private plantations however, this does not appear to be neceſsary, but as regards land taken up for a public purpose the extent

may

may be limited in Ordinary cases to 10 Cawnies, any larger amount being reported specially to the Board for Sanction.

9. The Collector of Tanjore is apprehensive that the operation of the rules in his district will affect the tope revenue now Collected, he has omitted however to submit the Statement he refers to in the 3rd para of his letter without which the Board are not in a position to determine how far this may probably be the case. It would seem advisable to the Board to permit vacant spaces in existing topes to be filled up with new trees as proposed by the Collector.

Fr. Collr. Bellary
17th June 1850.

10. The Board have received a detailed report from the Collector of Bellary but as the circumstances of his district are peculiar the subject of his letter will received consideration in a separate Proceeding.

Resolved that the following Memorandum be dispatched.

Order thereon.
(67-8.)
Ordered to be supplied accordingly.

From

of balances realised by the sale of stock remaining in exceſs of the years expenditure; from the stoppages for various causes, of the salary of the Choultry servants; and from items of pay drawn and not disbursed on the occasion of vacancies.

The Collector has exercised his own discretion in the matter of making disbursements of the above description, and generally in regard to all such as would in his opinion tend to the well being and comfort of travellers paſsing through Topoor. The bridge over a very difficult nullah close to the choultry was some years ago constructed out of the Huſser funds.-

17. The sum remaining in hand is larger than will be required for any ordinary purpose, and I would therefore take this opportunity of respectfully, but earnestly submitting for consideration, that it would be a fair and judicious application of the "Huſser" to permit me in communication

with

with the Civil Engineer of the District and the Superintendent of Roads, to lay out, say not more than 1,000 Rs in removing the very serious obstacles which are at present experienced at three parts of the Ghaut on the Darampoory side of Topoor by bandies going towards Madras and Bangalore from districts in the Southern part of this Presidency.-

18. The three points of extreme difficulty are such that a laden Cart cannot ascend the ghaut at those parts unleſs several pairs of bullocks are yoked to it, and a laden cart descending cannot be brought down (unleſs every thing be taken off it) without the aſsistance of drag ropes in the hands of several coolies. Excepting these three spots in the ghaut, the road is excellent and easily paſsed, even by spring carriages. It seems to me, therefore, to be a great pity and not a creditable drawback to so good and so important a line communication, that these three obstacles should any longer remain in existence.-
