N^o 280.

From the Secretary to Government. Extract from the Minutes of Consultation in the Revenue Department under dates the 18th March 1851

Authorizing payment from the 126th of the remissions - alluded to the ancient zamindars in the District of Masulipatam on account of Matanghat. Collected by Government amounting as per statement to Rs 245412 and desiring that this statement be furnished to the

Read the following Extracts from the Proceedings of the Board of Revenue.

(Here enter 10th and 17th February 1851. Nos 3 and 80.)

Para 1. The explanation furnished by the Collector of Masulipatam on the points noticed in para 4 to 6 of the Extract. Minutes of Consultation dated 13th November last N^o 1127, is considered satisfactory - and the Right Hon^{ble} the Comm^r in Council now grants authority for the payment

4455

Fort St. George 27 March 1851

payment from Fusly 1260 of the remissions allowed to the ancient Zemindars in that District on account of Maturpha Collected by Government, amounting, as per Statement N^o 1 submitted by the Collector on the 16th January 1851, to Rupees (2457-12-0) Two thousand four hundred and fifty one and Annas twelve, per Annum; and directs that this statement be furnished to the Civil Auditor for his information and guidance in paying the Charges on the above account from Fusly 1258.

2. It is observed that in addition to the amount now sanctioned there was a sum of Rupees 2463 per annum lately authorized to be paid to the Proprietors of the 4 Subdivisions of the Madadawle Zemindary making the total charge on account of Maturpha remission Rupees 4920-12-0 per annum. To this extent the Civil Auditor will admit the payments by the Collector of Masulipatam, and to obviate a reference to Government for special sanction on every occasion of a change in the succession to the Estates the Collector will be instructed to report all such charges to the audit Office through the Board of Revenue, specifying the name of the successor and the relationship in which he stands to the last holder. The Civil Auditor

Civil auditor for his information directing the Civil Auditor to admit the payments made by the Collector to the Proprietors of the 4 Subdivisions of the Madadawle Zemindary, and instructing that the Collector's report to the Audit Office this the Board any changes in service from the Estates Sanctioning certain payments made to the Esq. Zemindars of Goodewadah and the other members of the family from Fusly 1254.

Extract Minutes of Consultation 22nd January 51. N^o 68.

4456

Fort St. George 27 March 1851.

Auditor will however distinctly understand that the remission is not in any case to be continued, when the Estates on which it is now payable, may pass out of the family of its present holders.

3. The Governor in Council sanctions the payments made to C. Parupah Rao, Esq. Zemindar of Tennacottah and Goodewadah, and to the other members of the family from Fusly 1254 to the date on which the Zemindar received the increased pension of (12000) Twelve thousand Rupees per annum sanctioned by the Honorable Court amounting, as per account particular N^o 2 furnished by the Collector to Rupees (31,500) Thirty one thousand and five hundred; and directs that this statement be forwarded to the audit Office to enable it to admit the said charges in the Collector's Accounts.

N^o 279

From the Secy } Extract from the Minutes of Consultation in the
to Government } Revenue Department under date the 18 March

Relative
to the report of
the Extra Sources
of Revenue in
the District of
Chingleput
for Fusly 1259.

Read the following Extract
from the Proceedings of the Board of Revenue
Relative to the Management
of the Extra Sources of Revenue in (Here entered 13 February
the District of Chingleput 1851 N^o 78.)
for Fusly 1259
1849-50.

Para 1.

The demands on account of
the Extra Sources of Revenue in the District of
Chingleput amounted for fusly 1259 to Rupees
4,37,028-7-11 of which Rupees 4,21,379-9-4 were
collected within the Fusly, and the balance of
15,648-14-7 at its close was reduced by subsequent
Collections to Rupees 3,108-13-8 outstanding under
the heads of small farms and Mohitupha, the
greatest part of which, it was reported, would be
shortly realized. Including Extra items and
arrears, the gross Collections amounted to Rupees
4,53,415-3-11 from which deducting charges Rupees
6,825-1-3, the net Revenue Rupees 3,91,590-2-8 was
above that of fusly 1258 in Rupees 60,953-9-8.

Comparing the demands of fusly 1259
with that of the preceding year there was an
increase

4458

Fort St. George 27 March 1851.

increase of Rupees 63,575-8-4. The entire improve-
ment was under the head of salt the sales of
which exceeded those of fusly 1258 in Rupees
71,501-5-5 attributed to the exhaustion of the
stock in one of the Madras Cotours during the
months of February and March, and to the cir-
cumstance of some of the cultivators thrown out
of employ by the drought having temporarily em-
ployed their laborers and Cattle in the Salt
trade. The chief portion of the increase as in
the Salt sold for Inland trade is shown below.

	Fusly 1258	1259	Increase
Inland Sales	211,084-8-7	2,29,508-8-4	61866- "
Home Consumption	22,044-15-1	31,745-5-5	9,695-6-5
	233,129-7-7	2,61,254-3-9	71,501-5-5

3. It is observed from Statement
N^o 8 that the transport of Salt for the inland
traffic was chiefly to Salem and Mysore.

	Fusly 1258	1259
	G. M.	G. M.
Salem	193-330	325-145
Mysore	1150-115	1505-390

4. It is satisfactory to perceive that
the increase in the Chingleput Salt Sales does
not seem to have affected the transactions at the
adjacent ports in South Arcot and Madras which

Fort St. George 27 March 1851.

which also exhibit an improvement above the outturn of the preceding year.

5 The balance remaining uncollected at the close of the Fyuly under the Head of Small Farms and Licences was large, Rupees 5,425 out of a demand of Rupees 13,785, exceeding the balance at the same period of the preceding year by Rupees 2,037, the demand being less by Rupees 3,761 and the amount realized being short by Rupees 5,802. The decrease in the Demand is accounted for, but more reason is assigned for the large Balance nearly 40 per Cent of that demand, nor for the sum which remained uncollected on the 10th October 1850 viz. Rupees 2,280, being about one sixth of the demand. The balance of Mohitpurpha was also considerable Rupees 6,622, out of a demand of Rupees 3,0048, exceeding the balance of the preceding year by Rupees 2,259. The Board of Revenue will call the attention of the Collector to these points.

6 Under the head of Abkharry the Collector refers to the defective states of the law (which he had previously brought to the notice of the Board) in respect to the enforcement of the penalties to which Abkharry Shopkeepers may have rendered themselves liable by selling spirits to the European Soldiering in breach of their Monachuk.

Fort St. George 27 March 1851.

as the offence is not one of those which under Section VI Regulation 1-1820 are cognizable to the Magistrate such penalties can now here covered only by Civil process. The Collector suggests that for the future the Abkharry renters should be required to deposit a sum of money liable to forfeiture in specified portions for each breach of the stipulations entered in their Covenants. The Governor in Council apprehends that it would be difficult to induce the Renters to agree to these terms but as regards the point more immediately at issue, it might, if thought of sufficient importance, be made a condition of the Monachuk, that on proof to the satisfaction of the Collector that liquor had been sold to European Soldiers, the shop in which the sale took place, should be liable to be closed and should remain shut at the risk and loss of the Renter for such period as the Collector might determine, or should be disposed of to some other party.

7 The Right Honorable the Governor in Council grants authority for writing off in the accounts of the Chingleput District the irrecoverable arrears of Extra Revenue for Fushies.

4461

Fort St George 27th March 1851.

1250-57 and 58 amounting to Rupees 173-

at 1/4
Negapatam 586
Combasorum 224 1/2
Total Rupees 800-13-1

The Right Honourable the
Governor in Council grants sanction for
the actual charge of Rupees (800-13-1)
Eight hundred, Annas Thirteen and Pie one
incurred in 1850 on account of the Linger Khanas at
Negapatam.

4462

Fort St George 27th March 1851.

Negapatam and Combasorum being defrayed
from the surplus Pagoda Funds of the
Tanjore District.

2 It is desirable that the
Government should have before them
similar Returns of the actual expenditure
on account of Linger Khanas es-
tablished in other Districts and
maintained by grants either from the
former Native Governments or from
the British Governments. The Board
of Revenue will therefore require
Collectors to furnish these Returns
from the current year and will
lay before Government a general
report including the Tanjore Linger
Khanas after the close of each year with
an abstract of the expenditure and with
such

1463

(Here enter 6th - d. d. d. 66.)

Para 1. Owing to the plentiful freshet
in the Cauveri and Coleroon those lands in
the four wet Talooks of Trichinopoly which
are dependent on river irrigation were well
supplied with water. For the 4 dry Talooks
the dry lands in the wet Talooks and
the Garden cultivation the season was very
unfavorable in consequence of the light and partial
character of the early rains and the failure of the North
East Monsoon. On the whole the extent of land cultivated
was below that of the preceding year by 18,619 Annas the
decrease being thus composed.

Decrease.

	Munjah.	Boonjah.	Garden.	Total.
Wet Talooks	1037	5843	23	6903
Dry Talooks	1194	10453	98	11745
	2231	16296	122	18649

4467

Fort St. George 27 March 1851

this sum Rupees (171-1-5) One hundred and seventy one, and pice five is shown from a subsequent communication from the Collector to be either irrecoverable or not properly chargeable and the Government sanction its remission. They also sanction the relinquishment of the arrears of former Tualis Rupees (634-9-10) Six hundred and thirty four, Annas nine and Pice ten, which the Board recommended to be written off.

Proceedings
in
Para 12.

8. In Para 16 of their Proceedings the Board advert to the revision of the assessment in those parts of the Trichinopoly District in which the public demand is at present regulated by the description of the crop raised and not by the quality of the soil. This subject has already engaged the attention of Government and the practice of taxing the crop and not the land has been condemned by the Honorable the Court of Directors who in their Despatch of 17th August 1838 Para

4468

Fort St. George 27 March 1851

Para 42 have desired that, wherever such an usage may be found to exist it should be immediately discontinued. It was proposed by the Board in their Proceedings of 10th September 1846 and 25th March 1847 Para 6, that the existing practice should continue until a general system of survey and assessment applicable in its main features to all Districts should have been finally determined; but to this the Government objected in Extract Minutes of Consultation 22^d May 1847 Para 11 as likely to defer the measure to an indefinite period. Some correspondence appear to have since taken place between the Board and the late Acting Collector but without any result. The Board now recur to the subject and express their readiness to take into consideration any proposition for effecting the desired revision which the Collector may deem expedient. The Right Honorable the Governor in Council will be glad to learn the views of the Collector upon

From Acty. Collector 29th July 1848.
Bd's Proceedings 23rd Nov^r 1848.

4469

Fort St. George 27 March 1851

Para 18.

Para 12.

See also from
Coll^r to Board
of Rev^y 1st June
1846 Para 4.

upon this important question. On referring
moreover to the report of the Acting Collector
of the 27th February 1848 he finds it stated that
the assessment does not 'in general bear
'heavily upon the cultivators, whilst in some
'places it is particularly light; but that the
chief grievance of which they have to complain
is, that when a ryot cultivates his field with
a superior crop the highest rate of Teerwah
'livable on that crop is brought to account;
'but should he again revert to his ordinary
'or inferior kind, no deduction is
'allowed, the high rate still continues
'to be levied'. The Government are of
opinion that if difficulties should occur
to impede for a time the Settlement
of the general question in respect
to the assessment of these lands,
the custom here described of maintain-
ing the high teerwah once levied, whatever
may be the description of produce subsequently
raised

4470

Fort St. George 27 March 1851

raised, should at least receive immediate
attention, and the Collector should
be required to report upon the
reasons of the practice and upon the
propriety of continuing it.

9. The total demand on
account of the revenue of the year
under report both from land and
extra sources was Rupees 14,51,555-7-8,
or below the Settlement of July 1258
in the sum of Rupees 7,255-5-4. The
Balance of land revenue has been
above noticed. Under the other sources
there was no balance at the date of the Board's
Proceedings.

N^o 295

Extract from the Minutes of Con-
sultation, under date the 25th March, 1851.
Read the following letter
from the Secretary to the Board of
Revenue.

(Here enter 24th February 1851 N^o 292)

The Right Honorable the
Governor in Council is of opinion that
the answer which the Collector of
Trichinopoly proposes to put in, con-
-tains the essential ground of defence
viz^t that the decision of his predecessor
in the matter of the land in
dispute between the Talagoody and
Esanay Caray Villages was given
judicially under Section XI Regulation
V 1822 and therefore was subject only
to the appeal provided in Section XVI
of the same Regulation. The plea in
respect to the law of limitation
C. IV Section XVIII Regulation II of 1802
seems more questionable considering
the subsequent proceedings before the
District Munsiff and Privi-
-cupal Sudr Ameen, but the decision
of

4475

Fort St. George 27th March 1851.

of the former functionary and the issue of the appeal preferred to the latter would seem to bar the institution of a fresh suit upon the same matter. The Governor in Council grants authority for the defence of the action, which as the present Collector is in no way personally responsible will be conducted at the public cost. It appears however to the Government that the proposed answer should be revised so as to set forth more fully and strongly the main ground of defence namely the non-liability of the Collector under Section XVI Regulation V. 1822.

To The President and Members
of the
Board of Revenue.

B. No. 654.

Resolution thereon

(13-14)

(Signed) T. Pyroft
Secretary to Government.

Resolved that copy of the foregoing Extract from the Minutes of Consultation and of the Board's Proceedings to which it is a reply be communicated for the information and guidance of the Collector of Trichinopoly, with reference

4476

Fort St. George 27th March 1851.

reference to Mr. Maltby's letter dated 6th February 1851

2.

Submitted 24th Feb
1851.

The Board have revised the Draft answer in accordance with the instructions of Government and forward herewith a copy to the Collector, which he will be so good, as to file and conduct the defence at the Government expense

A

Draft of an answer

In answer to the

Plaint the Collector first observes that the decision passed in the Revenue Department regarding the Padoogay land, the subject of this suit, was the official act of the Collector Mr. Blair. There is consequently no reason for the Plaintiff to include the Nail Sheristadar and Gurnum of Talacooday in his action, and the Collector requests that their names may be struck out of the Plaint.

The Collector deems it unnecessary to enter upon the general merits

Fort St. George 27th March 1851

merits of the case until the Court has weighed the following reasons, which he adduces to shew that the suit is not admissible and ought to be at once struck off the file. -

I. The decision given regarding the disputed ground by Mr. Blair was passed on the 6th May 1836, and the Collector urges that as the Cause of action thus arose more than 12 years ago, the suit is not admissible under clause 4 Sec. XVIII Regulation II of 1802. It is true that during this period the Plaintiffs preferred an action for the land which was dismissed upon its merits by the District Moonsiff and afterwards upon a technical point in appeal by the Pundit Sudr ameen, who observed that, as the Collector had passed an order regarding the land, it was improper to bring an action solely against the parties in possession. But this decree was passed in 1839, and the Plaintiff had therefore ample time viz. a period of 9 years for filing a new suit within the legal period.

Fort St. George 27th March 1851.

It was their duty to have proceeded with the prosecution of their claim without delay, and the Collector urges that it is illegal and contrary to the spirit as well as the letter of the Regulations for him to be called on now to defend an official act of his predecessor in the fifteenth year after the alleged cause of action.

II. The Collector objects that the act of his predecessor was done in the exercise of his judicial powers under Regulation V of 1822, and that the only course open for Plaintiffs, if dissatisfied, was to proceed by appeal within 30 days under Section XVI of that Enactment. Failing in this, that the award was complete and regular, that no suit can lie against Defendant, for an act done by his predecessor in the regular exercise of judicial powers vested in him by Law, and that the Defendant, is consequently not liable, the present action being both informal & illegal.

III. The Collector would refer to act XVIII of 1850 which gives the sanction of express law to the practice which has been followed in cases like the present. The Collector further objects that as the claims now set forth have been rejected by a decree of the Moonsiff's Court in S^o 245 of 1836 and as the appeal to the Pundit Sudr ameen

+ See Sec^{ns} XIV & XVI of that Regulation.

against

4477

Fort St. George 27 March 1851

4480

against that decision was thrown out, a fresh suit upon the same matter cannot be instituted.

The Collector accordingly solicits that this suit may be dismissed with costs.

Until the decision of the Court is given upon the above points, the Collector deems it unnecessary to enter into the general merits of the case further than to observe that the evidence and accounts upon which Mr. Blair's decision was passed can be brought forward in its support, and that the land has now been held under that decision for 15 years by the Ryots of Talagooddy to which Village it is contiguous, while it is remote from Esanacoray where the Plaintiffs dwell.

B. N. 695

From the collector
of Masulipatam }

Sir,

With reference to an Extract
from the Proceedings of the Board of
Revenue dated 18th November last, I have
the honor to forward herewith the three
printed statements filled up accord-
ing to the Summabundy Accounts of
Cultivation in aumany lands. A revised
Statement shewing Comparison between
the Summabundy and the Demand
Collection and Balance sheets for funds
1754 is also submitted, omitting therein
the item of fines and forfeitures and
including in its stead that of Marcumut
Mesf. The number of inches to the Cubit
measure employed in the four different
measurements is 20 $\frac{3}{4}$ inches.

(17-18)

Order thereon

Fort St. George 27th March 1851.

The statements received with the foregoing letter having been examined and found correct will be forwarded to Government together with those from other Districts—

Read the following
N^o 12

To W. H. Bayley Esq^r
Secretary to the
Board of Revenue

From the collector
of Masulipatam

Sir,
With reference to your letter of the 30th January last, and the Board's Proceedings dated 23rd July 1849, I have the honor to inform you that attempts have been made at different periods and in different quarters to collect information respecting the existing branches of the Rajapoot tribe, but no satisfactory explanation corresponding with the particulars given in the Correspondence has been obtained as to the periods of the separation of the several Hurras or subdivisions of the Rajapoot Dynasty from the main stock of the family—

connected therewith

Sir

Paras

I have the honor in for-

warding as per List the usual Summah:

bund and Kistbund accounts both in

English and in Mahrattah to sub-

mit my report on the Settlement of

this District for July 1259.

The following Statement

Shews the Stations at which the

Settlement of each Talook was conducted

and by whom—

State of Season
and
of Cultivation
1st Series of crops
*
Fishes 1258 - Gootoor 1176
1259 - 939
Decrease - 237

Fort St George 27th March 1857.

In the months of April May and June the principal Season for Cane Cultivation the rains were partial and scanty and the freshes in the Pennar varied from 1 to 3 or 4 feet. The cultivation of the 1st Series of wet crops was in consequence limited as compared with the year preceding and the same has been the result of the 1st Series of Dry Cultivation commonly called Poonasah. In July, August and September the rains were also partial in the Talooks comprising the Principal Division while they were regular and plentiful in the sub Division but the freshes in the Pennar having been favorable from the 17th July to the month of September the water flowing in the river varying from 15 to 3 feet the cultivation of the 2nd Series of wet crops was carried on extensively under river. Channel irrigation in the Principal Division. The Talooks comprised in the sub Division were also cultivated under river banks. The same circumstances tended

Summary

4492

* Moodoo Lonna
Lamp Oil
Redjam
Aurooga

July 1258 - 14,228
1259 - 10,292
Decrease 3,936

Fort St. George 27th March 1851

tended to the increased cultivation of the Second Series of Dry crops - In October November and December the rains were not so plentiful as might have been desired and none of the large Tanks received their full supplies - In January the rains totally failed but in the following two months there were a few showers - There was consequently a considerable falling off in the Cultivation of the 3^d Series of wet crops, and the water already in the Tanks not being sufficient to bring all the crops on the ground to maturity, the 2^d and 3^d Series were to some extent dried up - The Cultivation of the 3^d Series of Dry crops was carried on to about the same extent as in the preceding July.

The subjoined Statement exhibits the Cultivation of the dry wet Mooroom and Jarreb lands of Fuelies 1258 and 1259.

	Wet or Dry	Mooroom or wet	Mooroom	Jarreb	Total
July 1258	77,793	28,170	5781	685	107,329
Deduct Village of Buddavolarent	31	28	1	2	62

Remainder	6,682	27,665	5886	667	40,900
Decrease	1300	477	94	16	1887

4493

Fort St. George 27th March 1851.

4 The 1st & 2^d series of wet crops yielded on the whole a fair return - The 3^d wet crops yielded about $\frac{1}{2}$ of a full return - The 1st Dry crops gave a fair return - Of the 2^d Dry crops Moodoo Lonna the chief cultivation in some of the Northern Talooks sustained in some places injury from the monsoon rains, while in others it was affected by insects. The same remarks applies to Lamp Oil seed, and red gram and Aurooga in some instances - With these exceptions the 2^d Dry crops yielded an average return - Of the 3^d dry crops - Vurega the principal crop in the sub Division from an insufficiency of rain in the growing season yielded little more than $\frac{1}{2}$ return - Bengal Gram was injured by insects, but all the other crops forming the 3^d Series yielded a fair return - The Mooroom and Jarreb crops so far as they were cultivated yielded a fair return excepting Tobacco in Jarreb lands which suffered a little from hail.

5. On the whole the season may be said to have commenced and terminated unfavorably though it was favorable about the middle of the year being beneficial for the cultivation of the 2^d Series of wet crops.

6. Small pox prevailed to some extent during the year, with exception of the months of

State of Population

Fort St George 27 March 1851

of November December and January Cholera committed great ravages, particularly in the Sub Division in the months of June and July.

The annexed statement shows an increase in Cows and in Hs and the Buff: - faloos. but a large decrease in sheep and

	Good 1850	July 1851	Dec 1850	Dec 1851
Cows	19281	19572	2556	
Bullocks	76144	76273	"	111
The Buffaloes	88297	87201	904	"

By Decree				23,530

Goats, attributed by the Tahsildar to an epidemic having prevailed amongst them. The returns of Cattle however, cannot I fear be much relied upon. The Capitation system of tax having been almost wholly discontinued the

Village Officers have only the Ryots and for the number of his Cattle & he has no inducement to do otherwise, from fear of extra assessment / they conceal any increase that may have occurred.

The following statement exhibits the for during the preceding 10 months and in July 1259 of the grain mostly in use in this District.

* Actual Cultivation exclusive of Fusly notes

Fuslies	Assessment
1252	1023079 - 15-10
1253	1142357 - 7-7
1254	1032001 - 6-7
1255	1008736 - 5-7
1256	1190677 - 11-5
1257	1249577 - 15-11
1258	1139996 - 1-11
Total	7736127 - 1-10
Average	1112303 - 13-10
Fusly 1259	1107138 - 7-3

The Marginal Statement shows that the actual cultivation of Fusly 1259 exceeds that of Fuslies 1252-1254 and 1255 and with a small decrease comes up to the average cultivation in the seven preceding Fuslies.

Pyots Casoooy 17 -
Land left waste without sufficient cause -

The Board will observe by the Marginal Statement that in the Casoooy Bunder assessed in the Pyots there is an increase of Rs 6515-15-6 over the preceding Fusly. The amount is however below the average of the preceding 8 years and in accordance with the Board's instructions contained in their Proceedings dated 27th May 1850. my best endeavours will in the ensuing settlement be exerted to effect to such a further reduction of this impost as may be consistent with the just claims of Government. The amount was assessed in cases of ascertained wilful neglect to cultivate, although the Casoooy on dry lands may appear considerable the Pyots having grazed the cattle in the land left waste do not generally offer any objection to the tax fairly imposed upon them.

Society.

21. The deductions on account of Crops dried up Amounted to Rupees 5725-2-4 in the year under review while those of the year preceding were Rupees 13375-3-0 Exhibiting a decrease in Fusly 1259 of Rupees 7849-13-11. The remission under this head in Fusly 1259 might have been expected to have been more than in the preceding Fusly owing to the unfavorable nature of the season - but the contrary there is a decrease which is chiefly attributable to the limited cultivation of the 3^d Series of Crops in proportion to the Water available for that purpose.

22. There is a decrease of Rupees 1463-10-7 under the head of Inundation as exhibited in the following Statement.

Inundation

Dry

Wet

Fusly 1258		Fusly 1259		Increase		Decrease

Bundregas 28

The Bundregas of Denepollum and Pimobury in Survapully Talook Papees 192 8-0 and the latter at Papees 77 having been resumed in conformity

to the order of the Board dated 11th June 1849 there is a decrease under this head—

Palmachion or
Said Ponds 29

Of the two Bundregas brought under attachment the Villages of Denepollum having been rented in July 1259 for Papees 400 the amount has been brought to account under this head and consequently there is an increase in the current year of Papees 400.

Explained in statement
to Board 27.

Bram Badegam
Battoobudies
Wohlabangums
and
Chalombangums 30

As there was a decrease in the Cultivation in the year under review in consequence of the failure of rains there has been a proportionate decrease in the items amounting to Papees 590 5-9.

Dasabundum 31

As the Dasabundum Munctah gram was sold at the prevailing price at the time there is a small increase under this head.

The

4520

Fort St. George 27 March 1851.

Pollary or
Grazing Tax 32

The following statement shows the manner in which the Pollary is collected.

	July 1258	July 1259	Increase	Decrease
	Rs 100	Rs 100	Rs 100	Rs 100
1 Pollary on cattle				
In last year—	1357 1-2-0

37 As the Isthmian Villages of
Cankalon and Dasavandadonna in Killore Talook
were as alluded to in Para 9 attached under in-
structions from the Board there is a decrease
under this head of Rs 647-9-1

38 There is a decrease of 297-75
in the Itala Cursum Profecum in proportion
to the decrease in the Cultivation of Corolands.

39 The following Statement exhibits
the Collections up to the end of the Year of the
Land Revenue of July 1259 compared
with July 1258.

rear is owing to the failure of the rains in the year under review and the consequent deficiency of produce. These Villages have been brought under attach-

ment for July 1200. of the remainder measures have been taken for the recovery of Rupees 211-8-9 and the rest amounting to Rupees 282-5-8 is due by the Shrotrums of Sujjapooram, Immipolem and Cheruvella Andriga the lands of which are rendered unfit for cultivation in consequence of the excavation of river channels through them as alluded to in the Immabundy report for July 1258. The necessary enquiries required for the purpose of laying before the Board the Circumstances of each Shrotrum with a recommendation for the permanent remission of a portion of the Iddee have been made and a report will be shortly submitted.

The following Statement exhibits the sums due on the Rented and the annam Villages.

Village

4529

Disbursements

[illegible]

4538

Fort St George 27th March 1857.

Of the balance outstanding on the
rent amounting to Rupees 943-4-7 Rupees 155-
4-2 are due from the Shrotrims of Boda-
goodepand for the recovery of which steps
have been taken and the remainder Rupees
788- is due from the Shrotrims of Casor-
more in Survapully Talook. This Village
was brought under attachment on account
of balance due for July 1258 which together
with the amount of Bary for July 1259,
has been paid in full. There is no arrear on
account of former fuelies outstanding against
it. The balance now due on account of rent
is in Excess of the Jodee of the Shrotrims
payable to the Shrotrims by the renter
of the Village. This is stated by the renter
to have been paid to the Shrotrims and
which while the Shrotrims was under
attachment was irregular as however there
is no balance due to the clerk on account
either of Current demands or of arrears the
same cannot be collected but is merely
a nominal balance. The Current balance
on the 21 Amang Shrotrims &
Villages is Rupees 5,001-13-9 of
which the balance due on the
Villages settled on a division
of the produce is Rupees 372-
for the recovery of which at
an early date measures have
been

Fort St. George 27th March 1851.

been taken. The Balance Rupees 4691-11-9 outstanding on the permanent Berig of the Shrotrums has accrued in consequence of the very unfavorable nature of the season and there is no practicability of Collecting the amount as the parties have no resources left them.

44. Endeavours were made to obtain offers for renting the attached Shrotrum Villages which are under Government management but without avail in consequence of the most favorable state of the Season of July 1259.

45. The Current balance outstanding on the ⁺amarnas, is Rupees 42-8-3 and this amount is due by the Jaghepallay amarn which has been attached. Measures have been taken to collect the same and the balance of Rupees 810-10-5 outstanding on account of Stalla Curumms Roofrooms as far as practicable.

46. The Tuccary advanced to the ryots in July 1259 has been fully collected.

47. The following statement exhibits the Pishnah & the Collections & balance in the annual Zemindaries in the District.

Fort St. George 27th March 1851.

Zemindaries - Pishnah	Collected -		Total -		Balance	
	Up to the end of July 1850	Up to the end of October 1850	Up to the end of July 1850	Up to the end of October 1850	Up to the end of July 1850	Up to the end of October 1850

The

1512

Fort St. George. 27th March 1851.

The Shrotriamdars being liable for the balance it cannot be struck out of the account and has been entered under the Head, "Doubtful."

56. Of the balance on account of Stala Lurnums Roosooms Rupees 272-0-0 is classed as doubtful and due on Shrotriams and attached Cundregas &c. Measures have been taken to collect as much as possible of these sums. The remaining balance Rupees 132-3-2 is entered as Irrecoverable. This amount is due on account of Sookty and by Ryots who have become poor or have died or absconded. It is not expected that any portion of this amount can be collected and sanction is therefore requested for striking it out of the amount.

57. So much as could be collected on account of the Chittatywar Roosooms from the ryots has been already realized and there are no means of collecting the Pishnah balance. The subject will be signified into and the result reported in the next year's report.

58.

The following statement exhibits the balance due on account of

1513.

Fort St. George. 27th March 1851.

of Wootawar and Chittatywar Roosooms for Fusly 1258.

	Balance outstanding up to October.	Recoverable.	Doubtful.	Irrecoverable.				Total.
				Died.	Absconded.	Poor.		
	CRP	aPCP	aPCP	aPCP	aPCP	aPCP	aPCP	aPCP
Wootawar—	129 15 11	"	"	20 13 "	5 "	5 13 11	92 5 "	103 2 11

	329 11 4	"	"	33 10 4	5 "	5 13 11	285 3 1	296 1 "

Of the Irrecoverable balance Rupees 192-14-1 due on account of Chittatywar Poligar Roosooms Rupees 177-10-2 are due as shewn in the margin on three Villages where the Roosooms were originally settled at a fixed sum, but subsequently some of the Ryots thereof having become impoverished from various causes gave up their cultivation in consequence of which the remaining Ryots repeatedly complained of the hardship of paying Roosooms on

* Total— 101-8-7.
 Poondravaram— 7-1-7.
 Campoorloor— 9-11-11.
 177-10-2.

Fort St George, 27th March 1851.

on that portion also of the lands the cultivation of which had been given up and although no specific orders were issued on the subject a balance remained unrealized from Fusly 1236. In Fusly 1244 the Ryots of these Villages having reiterated their complaints Mr. Monhouse after enquiring directed that instead of collecting the amount of Poosooms at a fixed rate - it should be collected in proportion to the actual cultivation of the year and the difference between that and the fixed sum was allowed to remain uncollected ever since which period a certain amount has been annually outstanding. The balance due on this account for Fusly 1258 is Rupees 177-10-2. The remainder Rupees 15-3-11. due on account of Chittatwar and Rupees 103-2-11 on account of Wootawar is due by Ryots who have no resources and by Ryots who have died or absconded, consequently sanction is requested for striking out of the account Rupees 296-1-59.

In conformity to the instructions of the Board dated 13th June 1850 and Account No 19 shewing the extent of Sugarcane Cultivation in this District is forwarded.

In conformity to the Board's orders dated 28th August 1849. an account

Fort St George 27th March 1851.

Account No 22 shewing the particulars of lands held by the Revenue and Police servants upon the Huzoor and Talook Establishments is submitted. The time allowed the servants for producing their lists of property (Vizt 12 Months) has not however yet expired & the truth of the list remains to be verified.

11. The instructions of the Board contained in the 4th Para of their Proceedings dated 27th May 1850 on the Jumabundy report for Fusly 1258 that the rule prescribed by Mr. Bishop that lands not brought under Cultivation during the preceding five years should be deducted from the ditto of the Ryots, ought to be set aside, have been duly attended to.

12. In the 12th para of the same Proceedings the Board observe that from the demand Collection and Balance settlement for March Rupees 20916-2-5 on account of the balance for Fusly 1258 appears outstanding and call for an Explanation why such a large amount has been allowed to remain

1545

Fort St George 27th March 1851

remain due and that they cannot understand how Rupees 12,000 out the Land Revenue demand are due Poor Ryots or by Ryots who have died or absconded. The following statement exhibits the same Particulars thereof.

1545

Fort St George 27th March 1851.

Of the balance outstanding for July 1258 at the date of the Demand Collection and Balance Statement for March 1850, the sum of Rupees 14,362 - 1 - 2 was due on account of Land Revenue Ryotwar, which was reduced on the 15th October 1850 to Rupees 13,236 - 1 - 3 of which it will be seen from the statement in Para 51 that Rupees 865 - 10 - 4 are still classed as recoverable, Rupees 4,016 - 4 - 10 doubtful, and Rupees 8,354 - 2 - 5 Irrecoverable.

It appears to have been considered unnecessary to enter into any detail of the balance for July 1258, outstanding at the date of the Jamabundy Report for that July in consequence of which it was stated in general terms that Rupees 12000 were due on account of poor Ryots &c but by subsequent enquiries it is found that Rupees 8,354 - 2 - 5 is utterly irrecoverable, not only on account of poor

151.0

Fort St George 27th March 1851.

poor, absconded and Dead Ryots but for several other causes as detailed in the Statement annexed to Para⁴ 54. The remaining balance noticed in the Board's Proceedings is classed under the proper heads in Statement under Para 51. and explained in the subsequent Para^s.

63. The requisition of the Board alluded to in para 16 of the same Proceedings at present engage my attention and the subjects will be reported upon so soon as I can possibly do so.

64. The Board in the 25th Para of the same Proceedings observe that the balance on account of Stalle Curnum's Roofrooms is stated in the report to be Rupees 266-9-7 and in the account No 21. Rupees 186-14-5. Showing a difference of Rupees 79-11-2. and call for an explanation as to the cause of the difference. In the account No 21 a remission of Rupees 186-14-5 is recommended for

Fort St George 27th March 1851.

for the Coroo Villages in July 1257. In the Report the Stalle Curnum's Roofrooms of the Shrotri-um Villages Rupees 79-11-2 are included and the amount entered as Rupees 266-9-7 as it did not appear necessary to remit the Rupees 79-11-2. the Balance due on the Shrotri-um, the amount was not entered in the Account No 21.

Nellore,
Collector's Cutcherry,

A page from a notebook with a grid of dots. The dots are arranged in approximately 10 rows and 10 columns. Handwritten numbers are placed next to many of the dots, starting from 1 in the top left and continuing in a sequence. The numbers are written in a simple, cursive-like script. The page is slightly aged and has some faint lines visible.

[illegible]A black and white photograph showing a large, curved, segmented structure, likely a piece of industrial machinery or a large pipe. The surface of the structure is covered with a grid of small, dark, rectangular components, possibly sensors or fasteners, arranged in a regular pattern. The structure is curved, and the components are distributed across its length and width. The background is dark and indistinct.

27th March 1857.

Kellore held by Revenue and Police servants upon the Hoogoor
subsequent of their entering into the service of Government.

When acquired
and whether in
prior or sub-
sequent to the
employment
in the public
service.

By what means
acquired.

Nature of interest
possessed by such
servant in such
Landed property.

Remarks.

Subsequent to
employment
in the Public
service.

Purchased by his father
Lutchman Row from
C. Sannitrammah on 12th
August 1840 for Rupees 125.

D^o

By a Puttah paying
= run Thist to Government

As long as he
continues paying the
Government appor-
ment.

D^o

By purchase from Hunjasha
and Syed Mohoddeen Moos.
= salmen on the 14th February 1834
by his father Venkataram.

The Deeds of sale
having been burned
it appears that the
late Venkatagerry
Gemindar issued
an order to his
servant Goundala
= poody Soobanah
directing the land to
be continued as
hereditarily.

Prior
to D^o

By purchase from Noopar
= drusta Chuma Ramabutto
Great Grand son of Cau-
= macher Butto by his
father 31 years ago.

D^o to D^o

By purchase from Mr.
Viswanadiah and Ab-
= chesashoo by his father
about 42 years ago.

C. C. F. / Signed / D. White.
 Collector.

400j.

Fort St. George 27th March 1857.

To, D. White Esq^r
 Collector of Kelloen.

Sir, I have the honor to forward the usual Summabunddy, Kistbunddy, and other Statements connected with the Settlement of the 5 Talooks composing the Sub Division for the past Fushy.

* N^o. 5.

Places at which
 Settlement made.

The orders of Government transmitted with the Extract from the proceedings of the Board of Revenue under date the 12th of November last were duly conformed to, and the subjoined Statement shows the places at which the Settlement of each Talook was made. The Summabunddy of 21 Villages of the Bud-dapooddy Talook was made at Curraido in that Talook, and that of the remaining 19 at Pameapatam also in the same Talook.

Names.

4068

Fort St. George 27th March 1851.

| Names of Talooks. | Place in Talook? at which settlement made. |
|---------------------|--|
| Chendaloor..... | Addanky..... |

| Angole..... | Alloor..... |
| Davagoodoor..... | Somarazfully..... |
| Buddapooddy..... | Curraidoo..... |
| | Ramiapatam..... |

Number of Villages.

3. There was no change in the number of Villages or hamlets, the number of the former being 230 and of the latter 189.

Season and Crops Dry.

4. The season for the Cultivation of the 1st Series of dry crops was not very favorable, the early rains having been scanty and partial consequently the extent of lands brought under cultivation was less than in the previous July. The crops, except in some parts where they were injured by the drought yielded a fair return.

4069

Fort St. George 27th March 1851.

far return. In July and August, the time for sowing the 2nd Series of dry crops, the rains were seasonable and the cultivation was carried on throughout the Division to the full extent. The Sonna was in some parts of the Country damaged from heavy rains later in the year, and in other parts injured by insects. On the whole the outturn of this crop was below the average, with the exception of Lamp Oil and Red Pulse, the crops of which also suffered from the ravages of insects, the other crops of this series yielded a fair return. The 3rd Series of dry crops were cultivated to about the same extent as in the previous year. Of these the Vanga, the principal crop of the Series, from a want of a few showers during the growing season yielded on the whole little more than the half of a full return. The crops of Bengal Gram were, as is almost invariably the

4070

Fort St. George 27th March 1857.

the cases, injured by insects but the remaining crops of the series, especially the Pyra. Sonna a very important dry crop in the eastern parts of the Danagoodoor and the whole of the Buddapooddy Talook, yielded a good return.

Mt.

5. The season did not admit of the early wet Cultivation (Caur) being carried on even to the limited extent usual in the Talooks under report. The few fields sown however yielded a fair return. The rains already adverted to, as having fallen in the months of July and August enabled the Ryots to carry on the Cultivation of the 2^d Series of wet crops to an extent considerably greater than in the previous year and the yield was remunerative. The Monsoon rains however were deficient and none of the larger Tanks in the Buddapooddy Talook received a full supply, the result was of course a considerable falling off

4071

Fort St. George 27th March 1857.

off in the extent of land Cultivated with the last series of wet crops. This was the case also though in a lesser degree, in the Angole and Danagoodoor Talooks in neither of which could the wet Cultivation be carried to so great an extent as in the previous Tusly. Except in some cases where from a deficiency in the supply of water the crops were checked in their growth, the outturn of the crop under remark was satisfactory.

Garden.

6. The Garden Cultivation was carried to about the usual extent and the different crops yielded at the proper seasons a full return.

Sanatory
Condition of
the people.

7. Small Pox and Cholera prevailed in a very few Villages early in the Tusly. The latter Epidemic soon subsided and with these exceptions the Division was generally free from disease till the middle of May, when the Cholera broke out in the western portions of the Danagoodoor and Buddapooddy Talooks and ultimately extended to the

three

402

Fort St George 27th March 1857.

three Northern Talooks, continuing its ravages till the end of the Fusly. In the large Village of Tungalla and indeed in many parts of the Savagoodoor Talook the disease raged with considerable violence.

Cattle.

In a few Villages principally in the Chendaloor and Enamenamellore Talooks disease was reported among the Cattle from time to time during the year under report, but the mortality

was not very great and the season as regards the Cattle is generally may be considered as a fair one. Price of Grain. } 9. You will observe from the Statement* now transmitted that the price of grain continued still further to fall during the Fusly under review, and it will be seen from the Marginal Statements shewing the average price for the last five

403

Fort St George 27th March 1857.

five years of the principal dry grains grown in the four Northern Talooks, how much below the rate at which the Government share of the produce was commuted to a Money rate, the prices have ranged for the last few years, and how considerable the fall has been within the same period.

Cultivation engagements.

10. The cultivation engagements for the Fusly under report were as usual made by the Sasib-dars and the annexed Statements marked A shows the extent of land of all descriptions occupied for Cultivation compared with the extent taken up for the same purpose in the preceding year.

From

4035

Fort St George 27th March 1857.

Note.
One goortoo is
equal to
Acres. Contas
3 - 5.

11. From the above Statement it will be seen that there was a net increase of $35\frac{40\frac{3}{4}}{64}$ goortoos in the extent of dry lands taken up for Cultivation and $19\frac{43\frac{3}{4}}{64}$ goortoos in wet, while there was a trifling decrease in the aggregate quantity of garden land occupied for the same purpose, in the year under review. The decrease of $7\frac{57\frac{1}{4}}{64}$ goortoos in the Talook of Ongole is mainly occasioned by a deficiency in the Cultivation of the Sandy tracts near the sea in the Villages of Alloor and Pandurty and which is annually entered

4036

Fort St George 27th March 1857.

entered according to the extent actually Cultivated and is constantly fluctuating being carried on by the poorer class of the population who hold no other land.

Cultivation
and
waste.

12. In the next Statement marked B the extent of lands of each description actually cultivated and left waste is shown.

Dry
CultivationFort St. George 27th March 1851.

13. The total extent of dry land cultivated exceeded by $112 \frac{31}{64}$ gortooos that brought under the ¹³ plough in the Fusly immediately preceding. Of the wastes the assessment on $171 \frac{12}{64}$ gortooos, amounting to Rupees 940-3-6, was for reasons subsequently to be detailed deducted from the settlements and that on the remainder $3795 \frac{38}{64}$ gortooos bearing an assessment of Rupees 16,597-8-5 included in the demands. This sum may appear at first sight large but is much less than the amount included in the settlements on the same account in several previous years. I am aware how anxious the Board of Revenue and Government are that the item in question should fall as lightly on the Ryots as possible and in cases where from circumstances beyond the Ryots' control or the inability to cultivate

all

4079

Fort St. George 27th March 1851.

all the land engaged for was satisfactorily shown. I have been ready to grant remission, but in a cattle rearing district like this portion of Nellore the deducting the assessment of dry land engaged for, occupied, and left waste, must continue the exception and not the rule. No inconsiderable portion of this waste, I ought rather to say uncultivated land is planted with the thorn tree, the pods of which are so highly prized as food for cattle. To deduct the assessment on such land or indeed any land left waste for grazing would I submit be an unnecessary sacrifice of revenue. It will be seen from the statement given below showing the total extent of dry land taken up for cultivation and actually cultivated, during the last five years, that the levying the assessment on the waste does not disadvantageously affect the occupation or cultivation of lands.

Fusly

4680

Fort St. George 27th March 1857.

| Tuslies | Dry land taken up for cultivation. | Actually cultivated. |
|---------|------------------------------------|-----------------------------------|
| | Gortoo | Gortoo |
| 1255 | 45,148. $\frac{40\frac{1}{4}}{64}$ | 40,511 $\frac{6\frac{1}{2}}{64}$ |
| 1256 | 46,710 $\frac{30\frac{1}{4}}{64}$ | 42,766 $\frac{1}{8}$ |
| 1257 | 47,610 $\frac{27\frac{1}{2}}{64}$ | 43,799 $\frac{24\frac{1}{4}}{64}$ |
| 1258 | 48,567 $\frac{42\frac{3}{4}}{64}$ | 44,813 $\frac{3\frac{3}{4}}{64}$ |
| 1259 | 48,922 $\frac{19\frac{1}{2}}{64}$ | 44,955 $\frac{33}{64}$ |

Wet Cultivation.

14. The wet land left waste amounted to gortoo 1757 $\frac{58\frac{1}{4}}{64}$ assessed at Rupees 4,356 $\frac{1}{4}$ - 9 - 1 - or 556 $\frac{10\frac{1}{4}}{64}$ gortoo in excess of the extent left uncultivated in the Tusly immediately preceding. The cause I have already explained in my remarks on the state of the Season. Every care was taken to secure the cultivation being carried on throughout the season to the full extent the supply of water in the tanks admitted, and the decrease is entirely owing to circumstances over which it was impossible to exercise any control of the waste, the assessment

4687

Fort St. George 27th March 1857.

assessment on gortoo 1728 $\frac{61\frac{1}{2}}{64}$ amounting to Rupees 42,848 - 8 - 8 was deducted, and that on gortoo 29 $\frac{63}{64}$ or Rupees 718 - 5 the land having been left waste although there was no want of water or other just cause, included in the Summa bundy.

Garden Cultivation.

15. Of the Mooloom garden land left waste the assessment on gortoo 42 $\frac{38\frac{1}{2}}{64}$ amounting to Rupees 738 - 9 - 8 was, the land having been left waste through neglect, included in the demand and the assessment on the remaining 3 $\frac{59}{64}$ gortoo remitted.

*Pg. 95-12-11.

16. The Sareb garden land left uncultivated amounted to 10 $\frac{26\frac{1}{4}}{64}$ gortoo. The assessment on 9 $\frac{63}{64}$ gortoo amounting to R. 496 - 7 was under the same circumstances as in the last mentioned item retained in the demand, and the assessment on the remaining trifling extent relinquished.

*gortoo
30 $\frac{2}{64}$

Mode of Settlement.

17. The mode of settlement was the same as usual. Seventy seven Villages were settled according to the rates fixed by Mr. Trauers. The remaining 153 being classed as one year mucta Villages.

Result.

18. The subjoining statement shows the result of the settlement as compared with that of the previous Tusly. The deductions made in the two Tuslies are also exhibited in the same Table.

4083

Fort St. George 27th March 1851.

* Dofussub

° Fussul Saster

19. From the foregoing Statement it will be observed that the gross demands on all lands occupied for cultivation in the Fusly under report amounted including the additional half assessment imposed for wet lands cultivated with a second crop^x and that added on account of lands cultivated with a superior crop to Rupees 4,20,490-9-3. From this sum deductions to the extent of Rupees 4,51,147-4-11 were found necessary, leaving a net land Revenue of Rupees 3,73,343-4-4 or 12,637-13-10 below the demand for the previous Fusly. The total Settlement including the cattle tax, Shotriums, Dist rent on Enams and other smaller items amounting to Rupees 4,69,582-11-4 or Rupees 13,14,3-11-4 below the revenue of Fusly 1258.

20. I have already shown that there was an increase in the extent of land taken up for cultivation during the year under report, but the season not turning out quite so favorable as in the previous Fusly the

4084

Fort St. George 27th March 1851.

was a falling off under the head of assessment on land cultivated after the agreements for the years were entered into, and on account of excess found by measurement. In consequence of certain Tanks in the Ongole Talook not having received so abundant a supply of water as in the previous year the Ryots were unable to raise a second wet crop, hence the decrease observable under the head of Dofussub-21.

R. A. P.

846-2-7.

Deductions
Dry waste.

The deductions on account of dry land left waste is the assessment on land which it was clear the Ryots had from poverty or other circumstances beyond his control, been unable to cultivate, or where other lands had, through mistake or for some satisfactory reason, been cultivated instead of the land entered in the Dittum accounts. Land also bearing an assessment of Rupees 88-4-3 was deducted having been under inundation at the season of cultivation, and Rupees 80-13-2 the assessment on land taken up, but not cultivated by

4085

Fort St. George 27th March 1851.

by Ryots who had subsequently absconded.

Wet waste.

22. The deductions on account of wet land engaged for but not cultivated amount to Rupees 2,848-8-8. I have in a former part of this report given the reasons which prevented this branch of the Cultivation being carried on to an extent equal to the previous years, and it is only necessary to observe here that no remissions were granted till I was fully satisfied of the justice of the claim put forward. In a few instances where there were grounds for believing the cultivation had not been carried on to the full extent practicable, a portion of the assessment on the waste was included in the demands.

Vide Para 14.

Garden waste.

23. The deductions on account of garden land left waste are too inconsiderable to call for detail and remark.

Withered Crops.

24. The deductions on account of withered crops are less than in the previous year and were made after due

4080

Fort St. George 27th March 1851.

due enquiry and in accordance with the orders in force regulating remissions of this description.

Palavasee.

25. In consequence of the season not admitting of the early wet cultivation being carried on in the bed of the tank at the Village of Curaidoo in the Budda-pooddy Talook, on which description of Cultivation only is Palavasee granted in this Division. no remission was necessary under this head.

Discretionary.

26. There was a small increase under the head of Discretionary remissions. I found it necessary in a few instances where the crops of poorer Ryots had partially failed, to grant some indulgences in the year under review; and in one Village where some of the land was proved to have been improperly held under a lower rate of assessment and was restored to its proper assessment in the accounts, I thought it right to grant remission: but, for the

R. A. P.
18-2-8.

1887

Fort St George 27th March 1851

Ready Money
Collections
Dut Rent
on Enams.

the current year only -
27. The decrease in the
item of Dut Rent on Enams is owing
to the supply of water not admitting
of the wet land Enams being
cultivated to so great an extent
as in the previous year.

Cattle tax.

28. The cattle tax was
assessed in the mode that has obtained
since July 1253. The small increase
observable is consequent on a larger
number of Cattle having been brought
to account in the town of Ongole
and the small Village of Tallapally
in the Chendaloor Talook, where
this tax is still levied by
capitation.

Chayroot
Rent.

29. The outturn of the
spontaneous Chayroot diggings did
not promise to be so profitable
on some parts of the coast in the
season under report; hence the
decrease to be observed in the amount
of proposals for renting the same.

Fire wood
Tax.

30. The demand for fire
wood reported from Ramapatnam
for

1888

Fort St George 27th March 1851

for the Madras Market not having
been so great in the year under
review the quantity cut and ex-
ported was less than in July
1258.

Chatoor bagam.

31. The decrease under the
head of Chatoor bagam is partly from
the same cause as that in the Dut
Rent on Enams, and partly from the
dry land held under this tenure having
in the year in question yielded a very
poor return.

Tax on Boats.

32. The small sum levied as
Boat Tax has been, under the orders
of the Board of Revenue of 27th
November 1848, transferred to the
Extra Revenue head of small Farms
and Licenses.

Settlement
and
Revenue.

33. The two Statements
given below show the amount
of the Settlement of each
Talook for the July under
review and the Revenue as
compared with that of the
year immediately pre-
ceding.

Fort St. George 27th March 1857.

The causes which have led to the decrease in the three Talooks first in the list have already been detailed. In the two remaining Talooks the extent of wet land is very limited.

Collections
and
Balances.

The next statement exhibits the Collections for the year under report within the Fusly - the sums brought to account up to the 15th instant, and the balance still outstanding. The amount outstanding in the Davagoodoor Talook is more than I could have wished but the realization of the late Rists was much impeded by the virulence with which, as I have already stated the Cholera raged in a considerable portion of this Talook. Of the balance still due in the Division I hope about 1200 Rupees will be shortly brought to account. The remainder being due principally by poor absconded, and deceased Ryots it will I fear be eventually as necessary to chase as irrecoverable.

Fort St. George 27th March 1857.

4693

Fort George 27th March 1851.

Shrotriums

35.

The total number of Shrotriums in the Division is 80, of which 75 were at the commencement of the Fusly in possession of the Shrotriumdars and five under attachment for arrears. Of the latter one Kristnapoorum in the Buddapoody Talook was released from attachment, the owners having entered into engagements to pay the old arrears due on it by instalments. In the course of the year I found it necessary to bring under attachment the two Shrotriums noted in the Margin, the holders having failed after due notice to discharge the demand against them. The number of Shrotriums under attachment at the close of the Fusly was therefore, was six. The balance for the Fusly under report on account of Shrotriums in possession of the Shrotriumdars was up to the 15th of this month but Rupees 16-13-1 which will be collected without further delay, that outstanding on account of attached Shrotriums was up to the same date Rupees 151-12-7 of

Gopalpoorum
in the
Chendaloor
Talook
Madanago-
palpoorum
in the
Buddapoody
Talook.

4694

Fort George 27th March 1851.

Of this sum Rupees 107-13-6 being due on one of the Villages newly brought under Management must be recovered if possible from the surplus assets of the Current year. The remainder is due on one of the Shrotriums under Management, for which no renter was forthcoming and the produce in which was insufficient to discharge the Quit rent and Cost of Management.

Balance
Fusly 1258
R. A. P.
1744-1-

36. In Para 32 of my report on Fusly 1258. I mentioned that of the balance of land Revenue for that year outstanding up to the 15th October last I hoped about Rupees 600- would be subsequently be collected, the sum actually brought to account up to the 15th September 1850 is Rupees 913-13-4.

37. In conclusion I beg to append a Statement showing the total result for the year under report of all branches of Revenue under the Sub Collector.

I am

1855

Fort George 27th March 1857.

The decrease in the Moturpha is owing partly to the transfer of certain items hitherto entered under this head to that of small Farms and Licenses and partly to the striking off certain other items under the opinion recorded by the late Collector and alluded to in my letter of the 22nd July last.

fail to forward any appeal I may receive
from him with such comments as I may
think proper to make, and I have the
honor to request that should Histrnama-
chetty address the Board direct that his appeal
Petition may be referred to me previous to any
orders being passed upon it

3 I have also to report that the whole
amounts

4701

Fort St. George 27th March 1851

amount of the defalcation has been made good, the property of Ramchetty and his father - Histrnama Chetty given up by the latter has by sale conducted with great care realized - about 14,000 Rupees and the balance about 9000 Rupees has been made good by the sale of the confiscated goods of the Securities.

4. I considered the securities to be responsible for that amount only that could not be recovered from Histrnama Chetty for the reasons already stated in my letter of 1st February; and to that opinion I adhere. To have released Histrnama and to have called upon the securities to make good the whole amount after what had happened could not - I think have been justified in equity but it is still a question of Law, the merits of which the Board may yet be called upon to determine. I have only been able to get possession of 16,000 Rupees the full value of the property found on the deceased's premises. But there can be no doubt but that about 30,000 to 40,000 Rupees value has

4701

Fort St. George 27th March 1851

has escaped out my hands for Ramchetty and the family were not dissolute and extravagant spendthrifts, but the contrary. And it is known that they lately received a prize of 20,000 Rupees in the lottery which added to Ramchetty's embezzlement of 25,000 Rupees would alone amount to 45,000 Rupees.

5. I have communicated these two facts viz, the ill success of the party in attempting to bring an action against me in the Civil Courts - and the fact of the realization of the full amount of the defalcation for the immediate information of the Board. Each will be discussed in full when the proper time comes and I am called upon for further explanation by the Board.

Extract

4702

Fort St. George 27th March 1831

Enclosure No. 1

Extract from the Proceedings of the Civil Court of Bellary under date the 10th March 1831

Read again the Petition of plaintiff presented on the 1st February 1831 by Va. Keel - Tarrainappah on behalf of Kristnum Chetty seeking to recover from the Collector of Bellary and two others property of the value of Rupees 14,579-15-0 which has been attached by the Collector.

The Takeel Tarrainappah who has presented this petition of plaint on being questioned states that the Proceedings of the Collector which form the ground thereof were instituted under Regulation IX of 1822.

2 As the petition of plaint is not accompanied by any order from the Board of Revenue referring the Takeels client for redress to the Civil Courts the Court is precluded by section XVI of the said Regulation from receiving it upon its file —

Fort St. George

25.

B3^d No. 606

From the Collect^r of Salem

Submitting his opinion and report on the proposition of the Collector of Trichinopoly to include in that District the Mootla of Katoopootoor belonging to the Salem Collectorate.

Sir,

I have the honor to reply to your Board's requisition for my opinion and report on a proposition made by Mr. Matthy, Collector of Trichinopoly, to include in that District, the Mootla of Katoopootoor now belonging to this Collectorate.

The arrangement suggested by Mr. Matthy appears to me beyond any doubt, to be deserving of adoption, both with reference to the isolated and peculiar position of the Mootla and the obvious necessity of allowing to the Revenue Officers most interested in the wet cultivation affected by channels passing through Katoopootoor, the best possible opportunity for the Superintendence and preservation of those channels.

3. The present embarrassing state of affairs in the Mootla is in no wise caused by any dereliction of duty on

4704

Fort St. George 27th March 1831.To B. to B. Aug. 30. 1830.
To D. 22nd Feb. 31. 1831.

on the part of the Revenue Authorities of the Salem Collectorate. It is referred to in my letters noted marginally; and I cannot but doubt whether a mere change of jurisdiction will create results hitherto impossible of attainment, though on the other grounds so clearly shown in Mr. Maltby's communication, I feel satisfied that it is desirable the transfer should be made. The records of my Office show that the affairs of the Katoopootoor Mootah have had much attention and anxiety bestowed on them by my predecessors and myself; but it has been obvious to me for some months past that no permanent or marked improvement will be effected unless a change of proprietorship could be brought about.

Para 5

As regards the erroneous impression which Mr. Maltby believes me to have received, I would remark that in the absence of any objection by Mr. Maltby to the information on which that impression was founded, I was induced to consider that Mr. Maltby had himself concurred in its propriety and correctness. Had I learnt that my Thasildars report was in Mr.

4705

Fort St. George 27th March 1831.From Talook
Kamamul
12th Sept. 1830.

Mr. Maltby's opinion in any degree liable to doubt or suspicion, I should not have allowed the matter to rest. That your Board may be aware of the nature of the detailed information laid before me, I beg to enclose translation of my Thasildars' Arzee on the subject, the circumstances stated in which were considered to be substantially correct and true by the then Kaib Sheristadar of my Butcherry who has long served in the Talooks of the Salem Sub division. An abstract translation of this Arzee was sent to Mr. Maltby on the 14th October last with a letter, of which transcript accompanies.

para 6

5. The distance of the Mootah from the Officer in charge of this Collectorate, to which Mr. Maltby alludes, does not, I submit, materially, if at all, affect the question under notice, as Katoopootoor lies within the Salem Sub collector's Talooks and is consequently more easily accessible to that functionary than it will be to the collector of Trichinopoly when included in his limits, but, as before observed, the peculiar situation of the Estate and the superintendence of the important Channels in Katoopootoor, form, it appears to me, sufficient

4706

Fort St. George 27th March 1831.

sufficient grounds for making over the estate to the collector of Trichinopoly.

6. Advantage is at present taken by the Ratoopootoor inhabitants to raise novel and perplexing questions of right and custom in respect of clearing the channels in question. In these they act, I am persuaded, under the evil suggestions of the Mootadars on whose side they have respectively ranged themselves, and by this system of indirect, passive opposition, all wholesome official interference has of late been effectually impeded. It was of course open to the authorities in this District to do on their own responsibility what heretofore has been done by the people themselves, and will, I infer, require again to be done by them should the Mootah change proprietors; but any active interference on the part of the collector would have been the signal for litigation, and it did not therefore seem to me desirable or safe to act otherwise than by requiring the local Thasildar to enforce to the best of his ability and means such existing "mamools" as could

4707

Fort St. George 27th March 1831.

be enforced. I was the more induced to adopt that course, as the Mootadars will ultimately be responsible for any loss sustained in the Government lands, if it be possible to prove that that loss has been created by their wilful neglect of channels which by prescription they are bound to clear, or by their instigating their Ryots to relinquish duties which the Ryots are required to perform.

7. In regard to the interference with a new temporary irrigation channel, to which Mr. Matthey adverts at the close of para 8 of his letter, I beg to submit copy of a communication to my address from the Sub collector of Salem and its enclosures, from which it will be observed that such measures were at once adopted in this District as seemed to be necessary, and that the Sub collector will personally visit the spot and if possible, settle the dispute.

8. The plan drawing which accompanied your Board's proceedings is herewith returned.

Salem District, Admanicottah, --- } / Signed / H. D. Phillips
Collector's butcherry 8th March 1831 } Collector

No. 1

4708

Fort St. George 27th March 1851.

No. 1.

Translation of an Urzee dated 12th September 1850 addressed to the Collector of Salem by the Tasildar of Talook. Nameul.

I beg to acknowledge the receipt of your Tahed dated 31st August 1850, pointing out the varying deposition given by Streenevasser and Pauporeddy the joint Proprietors of the Katoopothoor. Mootah now under attachment, the former to the effect that it was customary to allow the surplus water of the kunjah lands of the Mootah to the Villages of the Moosery Talook in the Trichinopoly District, but that owing to the disturbance of the other proprietor Pauporeddy, the Kullah did not receive a free supply of water, while the latter declared that no such Maamool existed altho the ground where the Corumboo was usually erected having been gullied and washed away by flood in the present year, no water ran into the Kullah. I was further directed in the Tahed to examine and report on the state of the Corumboo & Channel in question and the Maamool in regard to the surplus water as also to take the

4709

Fort St. George 27th March 1851.

the necessary steps to keep up the Kunjah cultivation of Katoopothoor in the present year.

2. In reply I beg to submit the depositions taken from the ryots on my examination of the Corumboo and Channel together with an account of my measurements of the extent of the channel on which sand has accumulated. From these depositions it will appear that three channels are cut water being introduced into them by means of different Corumboos for the irrigation of the Kunjah lands respectively of Katoopothoor, and Agaloor and Tiplapothoor of the Trichinopoly District. The surplus waters of the above Kunjah lands fall into a surplus channel situated between Katoopothoor on one side and Agaloor and Tiplapothoor on the other, which channel eventually unites with a river called Keroompottur. By means of an Anicut in this river a channel is carried, and it is the water of this channel which irrigates Kuttum &c Villages in the Moosery Talook. But the surplus water of Katoopothoor has not been carried only to those Villages

4710

Fort St. George 27th March 1831

Villages nor has it been the custom of the Katoopoothoor ryots to preserve that surplus water to be used for such a purpose.

3. On examining the Corumbos and channel of Katoopoothoor, I find that in consequence of the neglect of the Corumbos ^{8th} owing to the dissensions between the Mootadars, sand has accumulated in the channel to the height of $1\frac{3}{4}$ and $\frac{1}{2}$ of a yard over a length of 892 yards from the Thalay Corumboo / head dam. All this sand has to be cleared out and the Corumbos repaired for the introduction of water into the channel. The Corumbos Manegar who was directed to collect the Corumbos men for the work stated that owing to the neglect of the Corumbos or arising from the disputes of the Mootadars the water in the channel failed to the prejudice of the cultivation of the Village and that the Villagers have also refused to send their servants for the work on account of the Mootadars disputes, I thereupon summoned the Villagers and enquired of them, when they stated that it was not customary for them to pay themselves hire to the Corumbos men, but that a

4711

Fort St. George 27th March 1831.

a share of 72 Vullams per Annum is fixed on each sae of Kunjah land for Corumbos hire and the Swatuntrums of Curnum Monigar ^{8th} half of which is collected from the first Crop and the other half from the 2nd Crop by the Mootadars who pay hire to the Corumbos men and get the works executed. They further stated, that in the last year / fusly 1259 / they paid the half of the Swatuntrums due on the harvest of the first Crop, as also the half on the 2nd Crop with the exception of the lands that were left uncultivated or on which the Crops failed, but in the present fusly 1260 cultivation has been relinquished owing to the failure of water in the Kullah, and the Corumbos men having emigrated or from want of subsistence, they / Villagers / are now unable to pay the hire and get the works executed. The Villagers likewise declared that the stakes ^{8th} extensively required for the Corumbos were generally cut in the jungles of Camarapollicim and Areyar, not being procurable in the Katoopoothoor Mootah, but in consequence of certain disputes since the last two or three years between the

4712

Fort St. George 27th March 1851

the Mootadars and those Villagers now pending before the Zillah Court the Mootadars purchased the stakes in Cuttaly ^{8th} Villages of the Trichinopoly District, but that they / Villagers / are unable to purchase them in the same manner, and should the Bircar undertake the repairs of the Nullah ^{8th} they should pay the cost themselves.

4. The gist of the whole is this, that the Villagers start objections as aforesaid to send their servants for the work and to pay hire to the Corumboo men; while the circumstance of the suit instituted in the Zillah Court by the Ryots of Commarapollum bars the cutting of stakes in their Jungles, should the Bircar under these circumstances undertake the repairs the Corumboo, clear the channel, and turn water into it, they shall have to pay the necessary expenses themselves. They therefore to be favored with your orders on the subject.

5. On a former occasion the ryots having been required to pay the demand against them, they preferred a petition representing that in consequence of the neglect of the sources of

4713

Fort St. George 27th March 1851

of irrigation arising from the disputes of the Mootadars their cultivation failed and they are unable to pay the demands. On this Petition as well as on the disturbances occasioned by the Mootadars to the Collection of Revenue I addressed the Sub Collector on the 14th and 15th June 1850 to which I was informed by a Fakied dated 20th July that the necessary instructions had been issued to the Mootadars to offer no obstacles to the Collection of revenue, but no orders were received on the subject of the Corumboo ^{8th}. All these circumstances have resulted solely from the disputes of the Mootadars. What I reported on the receipt of orders from the Hoogoor was only what I had seen of the Corumboo ^{8th} on a former occasion.

8. I called on the Mootadars to attend for investigation, when Streenevasiew and Gopinathew being absent to Salem on private affairs, the remaining Mootahdar Pampoorreddy alone appeared, He stated that since the last 2 or 3 years in consequence of the disputes between themselves / Mootadars / and the ryots of Commarapollum

4714

Fort St George 27th March 1851

Comarapolheim regarding the cutting of stakes they had to purchase them from Cuttalay & Villages of the Trichinopoly District and that in the absence of the other proprietors he is unable to purchase stakes or to engage Corumbor men for the work.

1. From what I saw I consider that by repairing the Corumbor and cleaning the channel water can be introduced into it.

Signed / Soonthralinga Moodelly

N^o 2.

To E. Maltby Esq^r
Collector of Trichinopoly

Sir
Adverting to my Communication dated 9th Ultimo on the subject of the Kata: spootoor, river Channel, I have the honor to transmit for your information an Abstract dated 12th Sept^r 1850 translation of an Urgee to my address from the Sahsildar of Namcul.

I beg also to state that the

4715

Fort St George 27th March 1851

Mootadars recently discharged the public demand standing in arrear against their Estate which has accordingly been restored to their own Management.

Salem Zillah.
Assessors Coll^r Office.
14th October 1850.

Signed / H. D. Phillips
Collector

N^o 3.

To H. D. Phillips Esq^r
Collector of Salem.

Sir,

I have the honor to forward for your information the annexed copy of correspondence between the Collector of Trichinopoly and myself on the subject alluded to in your letter of the 3rd Instant.

2.

At the same time, that I received the first letter from that Officer, I received an Urgee from the Sahsildar of Namcul reporting that a counter complaint is invariably made in cases of this nature, had been preferred to him, by certain Kata spootoor Ryots charging the Mowery public servants with having assaulted them, and forcibly destroyed a

4716

Fort St George 27 March 1851

a Dam in their channel, and carried away their water Buckets &c.

3. It appeared from the statement of those parties, that the usual supply of water for their channel, was obtained from another source, which had failed in consequence of the neglect of the Proprietors to make the requisite repairs. They allowed that the water in dispute was supplied from the channel adverted to in the letter of the Collector of Trichinopoly, but that in order to carry it to the Moosery lands it had to pass into their Channel, where finding water they considered themselves entitled to use it. —

4. It was quite clear to me from these admissions that the creation of the dam which they alleged had been destroyed, was unjustifiable and I ordered that pending a final decision the water should be allowed to flow without interruption into the Moosery limits. You will observe that I informed the Collector of Trichinopoly that I would postpone the final decision of the case, until I could personally

4717

Fort St George 27 March 1851.

personally visit the spot which I shall do in a few days and that he has intimated that the Acting Head Assistant of that District will be prepared to meet me there.

Salem District Namcul, } Signed / J. Conway
Collectors Office 3rd March 1851. } Sub Collector.

To
J. B. A. Conway Esq^r
Joint Magistrate of Salem

Sir,

I have the honor to forward copy of a report from the Moosery Tahsildar, and request that you will be good enough to take immediate steps for punishing the parties who have interfered with the new Channel dug for the irrigation of this District in consequence of the loss which had been already experienced to the extent of Rupees 3,000 from the dissensions between the proprietors of the Katpotoor Mootah.

I also request you will take notice of the conduct of the Namcul Police in taking away persons including some native Palook servants from the

4718

Fort St. George 27th March 1851.

the District without first producing them before the Authorities here, and carrying them away with their cognizance and sanction as was their duty. —

Trichinopoly Magistrates, }
Office, 10th February 1851 } Signed / E. Maltby
Magistrate

To
E. Maltby Esq^r
Magistrate of Trichinopoly.
Sir,

I have to apologize for not having replied earlier to your letter of the 10th Instant, which has been occasioned, by recent indisposition. I however issued orders immediately on receipt thereof to prevent any further interference with the new channel adverted to, and as I expect to be in the neighbourhood or at Katoopootoor itself in a few days I propose to enquire personally into the Charge against the parties referred to. I

4719

Fort St. George 27th March 1851.

I may make for the attendance of persons who may be cognizant of the matter at issue. —

2. In regard to the 2nd Para of your letter I beg to observe that although the Namul Sahsildar has been guilty of irregularity which will be duly noticed, in serving process in your Jurisdiction without the cognizance and intervention of the local Officer it would appear from the report of the Mossery Tahsildar and from the proceedings in the case forwarded by the Namul Sahsildar that the parties did not attend, owing to the former authority having instructed them not to do so pending the receipt of your Orders on the subject. —

Salem Joint Magistrates }
Office, 23rd February 1851. } Signed / J. B. Conway
Joint Magistrate
To J. B. Conway Esq^r
Joint Magistrate of Salem.

Sir,

In reply to your letter of the 23rd Instant, I have the honor to inform you that I have directed the Mossery Tahsildar to attend to any requisitions from you for the

4720

Fort St. George 27th March 1851.

the attendance of parties whom you may wish to examine regarding the irrigation dispute at Katakootoor. Take this opportunity of mentioning that the Acting Head Assistant Collector M. Smith, will be at Moosery from the 5th Prox. to the middle of the month for the Jummahundi settlement and would be happy to meet you at the place of dispute on carrying from you the time of your arrival.

2. In reference to the latter part of your letter, I beg to observe that it was a misconception on my part that the Peons of the Namul Tahildar had actually taken away persons from this District on the summonses which they were sent to execute. On any emergency the Namul Tahildar would be perfectly justified in apprehending persons within this District provided they were afterwards taken before the local authorities and removed with their permission. But as the present was merely an irrigation dispute and many of the parties were public servants I consider that the Namul Tahildar would have acted more correctly and conscientiously in writing to the Tahildar of Moosery to obtain their attendance.

Trichinopoly Magistrate,
Office, 26th February 1851.

Magistrate
True Copies /

Signed / W. D. Phillips
Collector

4721

Fort St. George 27th March 1851.

(25-26)

Ordered that the foregoing letter and the previous correspondence on the subject be submitted with the following address.

No. 151

To the Chief Secretary to Government.

Sir, I am directed by the Board of Revenue to submit for the orders

of Government the accompanying papers on the subject of the sale of the Kootootoor

Mootah in the Salem Collectorate, and its annexation to the district of Trichinopoly.

2. This Estate is at present held by two Brahmin and two Sudra proprietors, whose long standing dissensions, and the spirit of rivalry existing between them, have led to the neglect of the works of irrigation, and to serious obstacles in the efficient administration of the affairs of the Mootah. The property has in consequence been more than once placed under attachment, although its resources are represented

B. No. 674
To the Chief Secretary to Govt.
Submitting a correspondence with the Collectors of Trichinopoly and Salem on the subject of the sale of the Kootootoor Mootah in the latter district and its annexation to the former and recommending for reasons stated that the estate be not purchased on account of Govt. but that it be simply transferred to the Trichinopoly District.

From the Collr of Trichinopoly
11th in Cons: 27th Feb'y 1851.

From D. 8th in Cons: 27th March 51.

4722

Fort St. George 27th March 1851

represented to be always more than sufficient to meet the Government demand. In the present year, notwithstanding the favorable nature of the season, the proprietors have not made any payment towards the satisfaction of the public dues, and the result has been the assumption of the property by the Government Officers, on account of the arrears of the current year's Revenue amounting to Rupees 1444. Altho' this sum is inconsiderable in comparison with the actual value of the Estate, the circumstances under which its present management is conducted render unlikely any adjustment of arrears and make it expedient to effect a change in the proprietorship.

3. The Mootah has accordingly been advertised for sale on the 15th Proxims and the Collector anticipated much competition on the part of the Sudra proprietors, who are alleged to be men of substance, desirous of becoming purchasers of the entire Mootah and able to outbid the Brahmin share holders. It becomes a question of some importance whether

*Note The sale was originally fixed for the 5th of April but the period has been prolonged to the date mentioned in this para.

4723

Fort St. George 27th March 1851

whether the Collector should take part in the competition, and to what extent he should be authorized to bid with the view of securing the property on behalf of Government.

4. Mr Phillips estimates the value of the Estate at something between 42000 or 56000 Rupees which sums are six or eight years purchase of the annual profit supposed to be derived from it, but considering the small balance due to Government and the probability of the Sudra Proprietors to bid up to a lakh of Rupees, it does not appear desirable for the Government to interfere with the sale merely to acquire a valuable property.

5. There are however other considerations connected with the acquisition of the Mootah, which it is proper to notice.

6. The Mootah is situated on the outskirts of the Salem Collectorate with a tongue of land stretching to the banks of the Cauvery interposing between the Trichinopoly Villages and preventing the authorities of that District from having full

4724

Fort St. George 27th March 1851

full command of the important river channels on which the irrigation of the wet land of the Moolahy Tract in Trichinopoly depends.

7. Taking advantage of their position and their exemption from the jurisdiction of the Collector of Trichinopoly, the proprietors of Kootakootan have always interfered with the efficient cultivation of the adjoining villages. In the letter now under submission, Mr Maltby states that owing to the neglect of the works of irrigation on the part of the proprietors of this Estate, a fine tract of Moolahy land has been thrown out of cultivation occasioning an annual loss of Revenue to the extent of Rupees 2788 and on these grounds urges the annexation of the Mootah to his district. In this arrangement the Collector of Salem also concurs.

8. The principle on which the transfer is recommended vizt "that tracts of land dependant on the same irrigation should, if possible, be under the same jurisdiction, both for the easier settlement of disputes when they arise, and to

4725

Fort St. George 27th March 1851

"to prevent the encouragement which is otherwise given to their occurrence," appears to be just, and as the Collector of Salem is also of opinion that the Mootah should for the protection of the interests of Government be placed under the Collector of Trichinopoly it would be preferable the Board conceive simply to transfer the Estate to that authority, than to make it the property of Government by purchase; and should the Right Honorable the Governor in Council concur in this view of the subject, the necessary order will be communicated to the Collectors of Salem and Trichinopoly.

Revenue Board Officer,
Fort St. George,
27th March, 1851. —

(Signed) B. Cunliffe
Sub Secretary

Proceedings thereon

Respecting
certain orders
of allowances
to Yamiakdars
from the
District of
Tennessee

In Reply: 2^d
March 1851

See Fort note
to B's Circular
orders page 416.

Fort St. George 27th March 1851

The first item entered in the enclosure to the foregoing letter is a Mosque allowance included in the Demastanum Tussek sanctioned by Government 21st February 1846. The Collector is informed that the rule restricting the payment of arrears of Yamiak does not extend to Pagoda and Mosque allowances.

In the second and third entries of that enclosure the arrears claimed are from April 1850 to January 1851. The necessity for making a reference to Government before disbursing these arrears is not apparent, as Collectors are authorized to disburse arrears due for any particular six months within the six months following the expiration of that period. The arrears for the 1st half year commencing 12th April 1850 are accordingly payable within the 13th April 1851 without fresh sanction being obtained. The Board would suggest that the respective

See B's Circular
orders 15th
Feb'y 1847.
page 416.

4732.

Fort St. George 27th March 1851

respective ages of the Yamiakdars and their identity be first fully established.

3. In regard to the last entry in the Statement and search has been made in this Office for the order of Government 26th March 1813 without success - and the Register of allowances in lieu of resumed lands, of offices and privileges, from Mr. Repburn dated 31st August 1813 does not give particulars

4733

Fort St. George 27th March 1851.

Read the following letter.
 N^o 4.

To, W. A. Bayley Esq
 Secretary to the
 Board of Revenue,
 Fort St. George.

Sir,

35
 B^o N^o 200
 From the Collector
 of Canara

Submits a
 list of the pe-
 riodical ac-
 counts State-
 ments or Re-
 turns of every
 description
 furnished from
 the Collector
 of Canara
 to the several
 authorities
 at the Presidency
 as also with
 such sug-
 gestions that
 he may have
 to offer, as
 called for
 in the Board's
 letter of the
 16th ultimo.

I have the honor to acknow-
 ledge your letter of the 16th ultimo request-
 ing that I will submit a list showing
 the accounts, Statements or Returns of
 every description, furnished periodically
 from this Collectorate to the several
 controlling Boards or Offices at the
 Presidency either in the Revenue, Account
 Audit, Sea Customs, Post Office, Marine
 or any other Departments, and submit
 any suggestions that I may have to
 offer as to the simplification or
 reduction of these accounts.

2. In reply I have the honor
 to submit the annexed list showing
 that 181 periodical reports are so
 forwarded from my Office accom-
 panied by 92 Subordinate Statements
 and that nine occasional reports
 are also sent in.

3. Of the Periodical reports

4735

Fort St. George 27th March 1851.

reports four are weekly - Thirty are monthly - Thirteen are quarterly Six are half yearly - One hundred and twenty seven are yearly; and one is Quinquennial.

4. Of the Subordinate accounts thirty six are Monthly, and fifty six are yearly.

5. Voluminous as these accounts are it is with great diffidence that I offer any suggestions as to their simplification, not only because I have not yet had a years experience in charge of a district; but also, because, the advantage derived from these accounts and from the great detail with which they are prepared as well as the necessity for duplicates of so many of them, can only be judged of by one familiarly acquainted with more than one Office at the Presidency of which I have not had any experience.

6. I am aware that the very preparation and submission of detailed accounts, independent of the amount of supervision they may undergo in the Office to which they

4736.

Fort St. George 27th March 1851

they are submitted, is highly beneficial in causing minute local inspection, and I do not think that many present accounts could be advantageously dispensed with, but some which are monthly might be made half yearly and in other cases I think that duplicates might be dispensed with.

7. I believe that it would not be practicable that the accounts submitted to the Accountant General should be transferred to the Civil Auditor, but I think that many of the accounts submitted to the Board of Revenue might after they have passed through that Office and sanction has been obtained be transferred to the Office of the Civil Auditor.

8. The following list details the accounts now prepared in duplicate.

To the Civil Auditor and Accountant General

Journal and the following accounts particular

1 Account of advances Repayable and advances on account of the Service of Government.

Accounts

4737

Fort St. George 27th March 1851

Monthly

2. Account of Deposits of Revenue Department.
3. Ditto of Remittances and Transfers between Collectors.
4. Ditto of Receipts and Charges on account of General Treasury.
5. Ditto of Bills drawn and discharged.
6. Ditto of Military Books.
7. Account Current of advances made to the Pay Master for the payment of Troops.
8. Accounts of Subscriptions to the Civil Fund received and repaid.
9. Fusly General Abstract of Receipts and Disbursements.
10. To the Revenue Board and Civil Auditor.
11. Detailed Lists of Servants as they stood on the 30th April.
12. Annual Fusly account of Sadarward Charges.
13. Ditto of Charges of each source of Revenue.
14. Ditto of Extra Libbendy.
15. Ditto of Rewards for killing Beasts of Prey.
16. Ditto of Travelling Batta.
17. Ditto of Dufter Hire.
18. Ditto of Charges Remittances.
19. Ditto of Petty charges under the head of Extra Revenue Charges.

Annual

4738

Fort St. George 27th March 1851

Annual Fusly Account of Extra Tent Allowance.

Ditto of Rewards for killing Dogs.

Ditto of Medicine Charges.

Ditto of Magisterial Sadarward.

Ditto of Magisterial Contingent Charges.

Ditto of Batta to Prisoners.

9. It appears to me that the accounts last mentioned might all be passed from the Office of the Board of Revenue to that of the Civil Auditor and this would very greatly lighten the work in my Office.

10. The following Statements now sent in monthly might I think be made quarterly.

N^o 17. Return of persons convicted and in confinement under Regulation ~~the~~ of 1822.

N^o 18. Ditto of Ditto charged under Ditto and the following also sent in monthly be made half yearly.

N^o 20. Return of the suspension and dismissal of Village Libbendy.

11. It may be worthy of consideration how far the mechanical means of copying now in such common use in Merchants Offices may be advantageously adopted in the Offices of Government. In my own Office however I do not at present think that such an attempt is necessary. The labour of Copyists can be obtained at a cheap rate, and a Lithographic Press at the Missionary Establishment can be occasionally resorted to. There are however such advantages in the accuracy which is ensured in copying long figured Statements by means of a manifold writer that I think it may be very desirable to try the experiment in one or two offices.

Collector's Butchery, Mangalore, 15th January, 1851.

Signed J. N. Maltby
Collector.

4739

Fort St. George 27th March 1831.

The Collector and Magistrate will take the necessary measures for the due care and management of the property referred to in the foregoing letter, and at the expiration of Six Months from the date of attachment if not previously removed, he will report the case for the orders of the Right Honorable the Governor in Council in conformity with clause 5 Section XVII Regulation IX of 1816.

Read the following letters.
 No. 28.

To W. R. Bayley Esq.
 Secretary to the
 Board of Revenue.

41
 B. No. 654
 From the Collector, Sir,
 of Madras -

With reference to Paras 1 and 2 of Extract from the Proceedings of the Board of Revenue dated 13th instant I have the honor to report that, since the 10th, Salt for Inland Consumption is being supplied to the full extent of the demand for it.

As it is known to the Board that, from the limited space at our the Cothairs it has been customary for some years past to store the Salt in heaps

4750

Fort St. George 27th March 1831.

heaps of 20 G. and as it is of importance that a sufficiently large stock should be secured in time, I have given orders that the former usage, in regard to the size of the heaps be adhered to in the present year also.

3. Under the circumstances of the case, I request that, adverting to Para 8 of the Salt Rules, the Board will be pleased to confirm the arrangement referred to above.

Madras }
18th March 1831 } (Signed) J. A. Hudleston
N:663 Collector

Proceedings thereon.

The Board of Revenue sanction the storing of Salt at the Madras Cotours in 20 Garce heaps for the present year, instead of in 10 Garce heaps as prescribed by para 8th of the Salt Rules.

To }
N:29 }
W. H. Bayley Esq^r }
Secretary to the }
Board of Revenue }

From the Collector, Secy,
of Madras }

Affording
the necessary explanation
as to the
grounds

I have the honor to acknowledge the receipt of your letter under date the 27th Ultimo, and to report, for the information of the Board

4757

Fort St. George 27th March 1831.

grounds upon
which a prosecution
of the parties who
have subjected
themselves to a
penalty for selling
European spirits
by retail has been
recommended.

Board of Revenue, that I have not, in any instance, discontinued the issue of passes to Wholesale dealers, on the ground of their having sold Spirits by retail, and that I therefore gave orders on the opinion of the Advocate General now under discussion reaching me, to issue the passes again, as usual to the parties therein alluded to.

2. The grounds upon which I recommended a prosecution of the parties who have subjected themselves to the penalty laid down in their Bonds are the facilities with which European Spirits of inferior quality, and at reduced prices, have, for some time past, been retailed, by both the licensed and unlicensed vendors, and the loss of revenue which has arisen therefrom consequent on the Laws affecting the Sale of those Spirits owing to the defects in them being almost inoperative.

3. Without entering largely on the difficulties which militated against the due realization of the revenue in former years, it is sufficient, in illustration of the fact stated above to bring to the notice of the Board that, on a charge of fraudulent sales having recently been brought home to the proprietors of some Tiffin Houses, only one of them was punished by fine.

Note.
Retail prices of
Brandy, as sold by
unlicensed dealers,
from Rs 2 to 2 1/2
per Gallon.
Rs of Colombo Brandy
as sold by licensed
dealers Rs 3-14-3
per Gallon.
Rs of Putta Brandy as
sold by Rs 3-1-10
per Gallon.

43
B: N:682

From the Collector, Secy,
of Madras }

Affording
the necessary explanation
as to the
grounds

I have the honor to acknowledge the receipt of your letter under date the 27th Ultimo, and to report, for the information of the Board

4758

Fort St. George 27th March 1851.

8th whilst another, although equally culpable, is likely to escape punishment for it would seem that the Police Authorities do not feel authorised to proceed against him from the Regulations not containing any provision which may be considered strictly applicable to his case.

4. In the present state of things the unlicensed sales of Spirits are in many instances carried on with impunity. I have taken measures to arrest the progress of the evil as far as circumstances will admit of my doing so, and as regards the Native Dealers who hold licenses to sell by wholesale, they have been repeatedly warned of late - much of the existing irregularities being traceable to them.

5. In order to give full effect to the arrangements which have thus been made by me, it appears desirable that, at least, some of the parties, whose engagements with this Office render them liable to punishment, should be made an example of, but for the present, it may perhaps be sufficient to inform them of my intention to refuse at the proper time to renew their licenses should the Board be of opinion that the measure would afford nearly the same security to the interests of Government as that which I submitted for their consideration in my letter of the 15th ultimo.

Madras 27th March 1851.N^o 662.

Proceedings thereon.

The Board are of opinion that it will suffice if for the present, the Collector follow the course referred to in the latter part of para 5 of the foregoing letter. The new salt law will, it is expected, remedy many of the evils of the existing system.

4759

Fort St. George 27th March 1851.

Resolved, that the following

letter be despatched.

45

To

N^o 149.

The Chief Secretary to Government.

B² N^o 658.To the Chief Sec^y to Government...

Sir.

With reference to the Re-

solution of Government under date the 27th May 1850, I am directed by the Board of Revenue to submit for the Special Sanction of the Right Honorable the Governor in Council the accompanying account Particular of Actual Charges incurred in conveying Salt Rowannahs 88^{ca} from this Office to different Collectors in the year 1850/51 amounting to Rupees 356.5.11.

2. The Board further request that credit on the General Treasury to the extent of Rupees 250 may be granted to the Secretary to enable him to make the requisite advances for the Current year. The account particulars of the Actual Charges will be submitted at the end of the year.

Revenue Board Officer,

Fort St. George,

27th March 1851.

/Signed/ B. Cunliffe

Sub Secretary.

N^o 21.

To. W. H. Bayley Esq^r:
Secretary to the
Board of Revenue,
Fort St. George.

1
B. N. 723

From the Collector Sir,
of Tanjore - - -

Submitting
remarks on
the Rowannah
enactment
received -

With reference to the instructions contained in Circular from the Board of Revenue under date the 18th January 1850 accompanied by copy of rules for the settlement of the Revenue from lands, I have the honor to submit remarks showing the application of the rules in this

Comp^d Thos. Ritchie.

4769

Fort St. George. 31st March 1851

this District as directed in para 2 of the Circular under acknowledgment.

1. 2. & 3.

The provisions of these rules are in practice in Tanjore, but the land being divided into so large a number of holdings, it is impossible that the exactness required by the rules can be attained though in all practicable cases they are observed.

4. 5. 6. 7. 8 & 9.

These also are in practice generally this with regard to W. & the relinquishment of whole numbers cannot be insisted on, as it often happens that there are many holders in the same number, and with reference to W. & in every practicable instance when land is given up, other cultivation is made in lieu of the difference. This rule applies to Field assessed Villages, while in Chungs and Mattaphusub no deduction is allowed from the Standard extent, which is felt as a great grievance and requires remedy particularly when the lands are waste or other sources.

10.

The observance of this rule

4770

Fort St. George. 31st March 1851

in its full extent cannot be guaranteed in consequence of the present irregularity of the boundary lines and marks though it is obviously a good rule, and is observed as far as possible.

11.

The provisions of this rule are observed, but in cases where an actual transfer has been made and registry is entered in the name of the transferee, there seems some doubt whether the liability of the transferor can be enforced in case of arrears.

12 & 13.

14.

Applied in this District.

The general provisions of this rule are acted on, and the lands of absentees given over to others for a term of years or one year as the case may be, and on the return of the party owning the land some arrangement is entered into by the parties, but in cases where long possession has been with the occupants, it has been maintained, and though several suits have been filed in the Courts no decided result has occurred, the parties generally coming to a settlement. In cases where a ryot reverts his land, leaving

4/7/1

Fort St. George. 31st March 1851.

a balance, the better plan would be to sell it forthwith or at all events after the first year unless he returned to take it up.

Not applied to this district.

The chief irrigation being from large rivers.

With reference to the latter part of this rule, the practice is to add to the assessment on dry lands if cultivated otherwise than with dry grain, for instance, if any of the products usually grown as Bagayat be cultivated, the enhanced rate is demanded in the same manner as where Mungey is grown on Poonjee land. The extension of the indulgence provided in this rule to Tadjore would be a boon to the ryots and but little loss to Circar.

Applicable to this district, but if one crop only be grown on two crop lands $1\frac{1}{2}$ Tervu is levied.

In field assessed Villages, this rule applies, but in Olungoo, once two crop remains two crop forever, and is included in the ditto. This is objectionable as preventing increased cultivation, and the rule observed in the field was a land of

4/7/2

Fort St. George. 31st March 1851.

entering the occasional double crop, as in Survel Sasty might be made applicable to the Olungoo.

Not applicable or required.

Except in Olungoo Villages.

no demand is made on twice cropped Poonjee, and the amount brought to account so small that similar indulgence might be shown to these Villages also.

All applicable to this dis-

trict and in force.

Dry grain grown on wet land under the circumstances mentioned in the rule is assessed at half Mungey, and this seems to require no alteration.

This rule is applied to field near Villages. In the Olungoo, Mattaphoul and Cadarumbum, the outturn of a Ryots holding is ascertained, when remission is applied for and if the loss exceed a fixed percentage on the demand, remission is granted.

Observed.

In field assessed Villages where garden land is left waste in consequence of entire want of water, which often occurs in lands cultivated under small

4/7/5

Fort St. George, 31st March 1854.

By reference to the Statute
Regulator would be held
of the change
of the land at
present for the
purpose of the
land. It is not
the intention of the
Government to
allow the land to
remain in the
hands of the
owner for a
longer period than
the Statute
allows.

Rule 14. Land left uncultivated in consequence of the neglect or absence of the owner may be taken up for the time being by any other person, but the right of the original Holder to re-occupy the land within a given period according to the usage of the District shall not be superseded.

4/7/6

Fort St. George, 31st March 1854.

superceded thereby - As the temporary occupation of land as above described is intended to provide in the best way circumstances will admit for the revenue of the year, the owner will not be exonerated from such balances as may have accrued in consequence of his neglect or absence -

As the temporary occupation of land as above described is intended to provide in the best way circumstances will admit for the revenue of the year, the owner will not be exonerated from such balances as may have accrued in consequence of his neglect or absence -

477

Fort George. 31st March 1851.

Rule 16. Irrigation is provided either by the Government or the Ryot. If by the latter, due allowance is made for the expenses incurred, consisting of original outlay, and other charges according to the nature of the work.

Rule 17. The assessment is fixed for the most part with reference to the productive power of the land and not with reference to the description of product grown, irrigated lands bears a higher assessment than land dependent on the falling rains.

478

Fort St. George. 31st March 1851.

rain alone, in some places the particular products regulated in the assessment, this rule, where it prevails, will continue till superseded by the principle which fixes the assessment in the soil, without reference to the article grown. With this exception, occupants of land are at liberty to grow whatever products they please without restriction, provided the regulated assessment is paid. Thus, occupants of Dry land are not restricted to the ordinary dry grains only if the moisture obtained by the periodical rains will admit of their growing other products.

4/79

Fort St. George. 31st March 1851.

products on the said land, and holders of irrigated land in like manner may apply the water at their command for the raising of not only Paddy but of Cocoanuts, Tobacco, Chillies and any other articles.

Rule 19- In single crop lands if a 2^d Crop is raised the assessment of such crop will be entered in the accounts as such crop as Fuel, Sastry. On the other hand, the assessment of the 2^d Crop in for one year will be 2 Crop lands, when such 2^d Crop is not grown, will be entered as such.

Suzul Commee.

Rule 35. Remissions will not be allowed for garden land left waste or for failures of garden.

4/80.

Fort St. George. 31st March 1851.

garden crops-

which are sown by many poor people in small temporary walls which are not entirely paid for, and which has for its object the crop will be ordered for a full of water on the land is not cultivated for a number of years or more might be allowed at the collector's discretion in all cases of villages. But as a general rule the non-admission of garden waste or failure of crop should stand.

Rule 42- Waste lands

taken up for cultivation shall be liable to the following rules-

Land 5 years - wastes and under - shall not be entitled to favorable terms -

Land

4781

Fort St. George, 31st March 1851.

Land upwards
of 5 years wastes,
shall be entitled
to remission ac-
cording to local
usage.

Rule 50. Enams

will be continued of the same ten-
as usual, but in Enams, on which the crops may be raised by the use of
by means of Circular Enams, water courses
waters, will be liable to a specific demand for the water.

demands would be no more than
fair and in order
of the water
all land in the
commanded from
to the water
or the water
be made as
possible.

4782

Fort St. George, 31st March 1851.

Rule 11. Village

Officers shall in the
grant receipts to for the entry of
Ryots for pay of payments
made by them for the
them on account to the entry on
of their history. The Patthas as
such receipts to the collections
be written on the copies for
back of the Pat: to the distribution

No. 24.

To, W. H. Bayley Esq.

Secretary to the Board of Revenue,
Fort St. George.

Sir,

3

B. N. 530.

From the Collector of
Madura...

I have the honor to bring to the notice

of the Board that owing to the large size of many of the stalls or Fields in this District the entry in the Individual Chittah of the first occupant of the stall / as a deduction / of all portions of that stall occupied by other persons entails very great labour on the Village Curmums and protracts the Jumakundy to an inconveniently late period of the year. To exemplify my meaning I enclose a whole Individual chittah in Marattah with translation of an Extract therefrom - I beg to suggest that as the particulars of the occupation of each stall are each year registered in a Village account called the "Kharar Sagoshady Oologoo" it will be sufficient to enter the occupancy of each Ryot in his Individual Chittah according to the annexed form.

Madura

Madura, 28th February 1854. / R. D. Parker

4786

Fort St. George 31st March 1854.B^d No 672.

Proceedings thereon -

The Board are of opinion that if the Statements of the description referred to are not numerous, it is not advisable to make any alteration in the method now in use for the preparation of the Individual Chittah. If otherwise the Collector will bring the subject under their consideration again.

No 31.

To,

W. H. Bayley Esq^r

Secretary to the Board of Revenue

Fort St. George.

Sir,

B^d No 674.

From the Collector of Madura.

I beg to bring to your notice the omission in Column No 26 of the half yearly Statement under Regulation IX of 1822 forwarded to you on the 27th ultimo of 3 appeals which are undisposed of

Madura, 11th March, 1854.

5-6

Resolution thereon

Signed / R. D. Parker

Collector.

B^d No 673.

Resolved with reference to the foregoing letter that the half yearly Statement be returned to the Collector and that he be requested to cause the necessary alteration to be made -

B.A. 6814

No. 1514.

Remarks of the
Board of Revenue

7-8.

8 May 1837.

In a previous communication to Government it was stated that the Board were not in possession of the circumstances connected with the Original grant of this Pension, which however seems to have originated in the forfeiture of the Polliam and in the banishment of the former Zamin-dar / the father of the deceased / to Penang in consequence of the part taken by him in the Poligar rebellion of 1799 and which Pension was continued to him on his return to Madras and after permission had been granted him by Government 31st August 1821 to reside at Tinnevely.

To Govt 8th May 1837.From D^o 27th D^o in Govt 18th June 1837.To D^o 23rd October 1837.From D^o 22nd in Govt 30th Novr 1837.

With reference to the papers noted in the Margin on the subject of the succession of the last incumbent to the lapsed Pension and under the circumstances represented in Column 12 the Board support the Collector's recommendation for the grant to Chidambaram Amda Bandah Tammam at age of 22 years.

4789

Fort St. George 31st March 1851.

years the eldest son by the first wife of deceased of an allowance of Rupees 110-0-0 per Mensem instead of the lapsed pension of Rupees 110-2-2 per Mensem, the proposed sum to be continued to him for the support of the family and dependants of the deceased consisting in all of 67 persons.

Revenue Board Office,
Fort St. George,
31st March, 1851.
