Read the following Extract Revenue Department

P. No. 2104

No. 902.

From the Secy. to Government communicating a letter from the Offg. under Secretary to the Govt. of Bengal on the subject of the Management of the Abkarry and Salt Department in that Presidency—

Extract from the Minutes of Consultation under date the 5th August 1853.—

Read the following letter

No. 209.

To J. Pycroft Esqre.
Secretary to the Government
Fort St. George.

Sir,

Inis Revenue / Salt & Abkarry. /

I am directed by the Most Noble the Governor of Bengal to acknowledge the receipt of your letter No. 151 / dated the 8th February last with enclosures applying for certain information connected with the

the management of the Abkary and Salt Departments in this Presidency and with reference thereto, to transmit for the information of the Right Honorable the Governor in Council the accompanying copy of a letter from the Officiating Junior Secretary to the Board of Revenue dated the 23d Ultimo with its enclosures—

No. 5464

Dated Fort William the 4th June 1853.

(Signed) W. Gordon Young
Officiating under Secretary to the Government of Bengal.

No. 1
No. 5465

To, The Secretary to the Government of Bengal

Salt and Abkary
E Currie Esqre

Sir,

I am directed to acknowledge the receipt of Mr. Officiating under Secretary Young's letter No. 98 dated the 4th March last, with its enclosure, calling for certain information required by the Government of Madras connected with the management of the Abkary and Salt Departments in this Presidency.—

2 "The accompanying Statements No. 1 to 6 will be found it is believed to contain full particulars upon all heads on which with reference to the difference of

of systems prevalent in the two Presidencies any information procurable here is likely to be of use to the authorities in Madras.—

3 In regard to the Abkary I am directed to point out that previously to 1841 that Mehal was let out in farm in all the Districts of the Lower Provinces Statement No. 1 exhibits the Collections and charges for the year preceding that in which Khas management was substituted in a portion of the Bengal Districts for the Farming system, and has been prepared in order that the results shewn in it may be compared with those in Statement No. 2 in which are entered the collections and charges for 1851/52 under the Khass system. The Districts of the Province of Behar except Patna and some others marked thus + in Red Ink are still farmed, and it will be observed that in some of them the Revenue is higher than that of any held Khass but this is owing to a difference in the habits of the people and not to any defect in the Khass administration. That system was introduced into the parts of the Country where the Revenue was lowest but the expectation

Except only the 24 Pargannahs which include the very populous suburbs of Calcutta and Patna which is surrounded by Districts let in farm.

than entertained have not been realized and it has been found that the disproportionately low state of the Revenue was mainly due to other causes than the supposed effects of combination amongst the Farmers.

4 In the last column of the Statement No. 2 are entered the Salary and cost of Establishment of the Office of abkary Commissioners and also the detail of the Establishment of one District as a Specimen of the Agency entertained in each. In reference however to the abkary Commissioner I am directed to state that only one Officer of this grade now remains and that his appointment is also about to be abolished. For the introduction of the new System separate Supervising Officers were necessary but the Khas System having been fairly established it has been deemed advisable to revert in a great measure to the old plan of Superintendence by the Ordinary Revenue Officers. In each Khas District however the abkary Mehal remains under the immediate charge of an uncovenanted Officer of the grade of Deputy Collector & who administers the Department in subordination to the District Collector.

The

The Board do not anticipate that

5 their Salt returns will afford much useful information as applicable to a System so entirely different as that of Madras is from the Bengal System. Statement No. 3 shews the quality and proceeds of Salt sold wholesale from the Government Depots No. 4 the quantity of Salt imported and the duty realized upon it. No. 5 the quantity and proceeds of Salt sold retail at reduced prices for local consumption and No. 6 exhibits an abstract of the cost of the Establishments of the General Agencies and the detail of one of the large Agencies.

6 Owing to the great increase of the Foreign Salt Trade the number of the Bengal Salt Agencies has been reduced. There are now only three Special Agencies for superintending the manufacture and storing of Salt Kidgellee Tumlook and Chittagong which produce annually from 6 to 9 lacs of maunds each.

7 In the Province of Cuttack the System is different. There the manufacture is under the ordinary Revenue Officers viz. the Collector and Commissioner of Land Revenue who are however allowed separate Establishments

Establishments in the Salt Department.—

8 The Salt Revenue is realized for the most part at the Presidency, the money for wholesale purchases being paid into the General Treasury at Calcutta. It is only in particular localities where Salt is supplied by retail at reduced rates and in the Province of Cuttack where it is sold also at reduced rates for general consumption that any local collections are made. The Retail sales are confined to the neighbourhood of the Salt producing tracts. The object is to check smuggling by offering to the people a ready and Comparatively cheap supply.

9 Though paid for at the Presidency the Salt of Chittagong and ordinarily that of Tamlook and Hijellee is delivered under Assignments for the local Depots. But the Government has extensive Warehouses at Sulkea, opposite Calcutta, to which a large portion of the produce of the Cuttack Agencies is annually brought for sale and to which also the surplus stocks of Hijellee and Tamlook are transported in case of any accumulation of unsold Salt in the Golahs of those Agencies.—

The

10 The Madras Government is probably aware that the sale price of Bengal Salt is regulated by adding the actual Cost of Manufacture and transport to the sum charged as duty on imported Salt.—

1 In addition to the Establishments described in Statement No 6 a Preventive Establishment is kept up for the repression of Smuggling. In the Cuttack Agencies and also those of Hidgellee and Tumlook the Preventive Establishments are under the orders of the Agents themselves but in the rest of the tract of Country described in section 33 act No XXIX of 1838 a separate force is maintained under an Officer styled controller of Salt chokies He has under him 10 Superintendents, uncovenanted Officers with salaries varying from 3 to 700 Rupees a month, who are stationed at out posts commanding the several routes by which the Salt might be conveyed from the producing to other Districts. The entire cost of the Preventive Establishments is about Rupees 6800 per mensem.—

Extract from the Proceedings of the Board of Revenue

/ Here enter 4th & 11th August 1853 No. 3568/363 /

The Right Honorable the Governor in Council having taken into his consideration the Extracts from the Proceedings of the Board of Revenue above recorded and the papers submitted with them agrees with the Board that the Salt received from Bombay

Bombay by the Collectors of Canara and Malabar for the service of the Monopoly should be measured on its receipt by the Bombay standard Maund box of 792—4—1 Cubic inches and that the allowance of 10 per Cent which the Bombay Government have authorized will be sufficient to cover the loss to which the importers are subjected on the remeasurements of their Salt at the Canara and Malabar Depôts. He has resolved to intimate this opinion to the Bombay Government in continuation of the letter to that Government under date 31st August 1852, and at the same time to forward to them the Extracts from the Board's Proceedings 4th and 11th August with Copy of the letter of the Collector of Malabar 11th July 1853, and of that from the Collector of Canara P. 1—4 22d September and of its enclosure—

No. 25

To The Collectors of Customs
Columbo.

Sir,

With reference to your letter No. 19 of the 12th May last forwarding Copy of a letter from the Colonial Secretary and that of the correspondence therein referred to regarding a decrease in the Sea Customs Exports collections at Tanjore I have the honor to enclose a Statement shewing the places on the Continent of India from which the Markets in this Province had been supplied with grain during the last 3 years and the quantity imported from each place in each year.—

You are already aware from the Accounts rendered by me that the total quantity of grain imported in 1852 shewed a large decrease as compared with 1851 and the reason of this was explained in my monthly comparative Statements.—

From the enclosed Statement it will be seen that the decrease in the quantity imported from Tanjore was very considerable whilst the importation from Arracan, Madras and the Ports in South Arcot, exhibits notwithstanding the falling off in the Total quantity of grain imported in 1852 an increase as compared with the quantity imported from those places in the two former years.—

No. 1020.

B. No. 2422.
From the Secretary to Government
Reviewing the Settlement Report of the District of Nellore for Fusly 1261.

Extract from the Minutes of Consultation, in the Revenue Department, under date the 6th September 1853.

Read the following Extract from the Proceedings of the Board of Revenue:-

(Here enter 22nd August 1853 No. 378.)

Report P.3.

Para 1. The season of Fusly 1261 in the District of Nellore though more favorable in the Principal than in the Sub Division, is reported to have been "on the whole propitious and above an average one". It was also decidedly more healthy than that of Fusly 1260.

2. The depression in the grain market continues. Prices were in a slight degree lower than in the preceding Fusly and were below the commutation rates, to the extent of 22½% in Paddy and 40% in the dry grains.

3. Four Amanie Villages and twenty one previously held on Trimmiahrent have during the year under report been Settled on annual rent no other changes have occurred in the mode of Settlement followed in the District.

4. The following Abstract shews the manner in which the Settlement was formed and its variations as compared with that of the year preceding.

	Fusly 1261. Rupees.	Increase or Decrease compared with 1260.
Ditums	14,81,961	+ 5,889
Deduct Caboolats Bunjer	176,098	— 64,574
	12,55,863	+ 70,463
Deduct Remission on Cultivated land	29,194	— 12,628
Remainder	12,26,669	+ 83,091
Add Ready Money Collections, grazing Taxe, Rents &c.	245,302	+ 8,114
Sarotriums, Amaniums &c.	104,621	+ 720
Peishcush	417,815	—
Grand Total	19,94,426	+ 91,781

5. There is an increase on the whole of the Rupees 21,731- which is to be attributed to the more favorable character of the season- The Board, Paras 8—16, have noticed the chief heads of increase or decrease which are of an ordinary description, and do not need any particular comment- The Cafsoori or assessment on uncultivated land charged to the Ryot, on the score of the land having been left waste without good cause, amounted to Rupees 38,233, and was in excess of that item for the previous Fasly by Rupees 8,629- The Collector has assured the Board that "in levying the impost, there "was not the least intention of pressing with any "undue severity upon the Ryots, but the only object "was to deter the misappropriation of the lands "and the water secured at the Government escpence"- It seems however that in consequence of the injury occasioned by the inundations in October last, he was under the necessity of requesting that he might be allowed to suspend the collection of Rupees 1,554 and that deducting that sum, there still remained a balance for realization of Rupees 15,188. so that not half the amount originally charged had been paid- The Government desire that such proportion as may be still outstanding

Paras 14.

outstanding be not enforced in any case, unless it be clearly shewn that the payment will not bear hardly on the Ryot-

6. The total demand being Rupees 1994,426 the Collections within the year were Rupees 1879,369. The Balance at the date of the Report, 18th February 1853, was Rupees 34,044 Viz.t.—

Amauny Ryotwar	26,784.
Shrotriem	6,440.
Stullah Curnums Rufsooms	700.
Zemindary	120.

The first and third of these balances are stated to be owing to the destructive effects of the inundations last year, and very little of them is likely to be recovered- The Shrotriem balance is for the most part nominal, being the difference between the fixed Quit rent of the sequestered Villages and their net Settlement. The Zemindary balance will be collected.

7. The balances outstanding on account of Fasly 1260 have still to be reported on- For the report on the old Shrotriem balances a period of Six months has been allowed to the present Collector, which will expire in October next-

8. The demand on account of land

11077.

Fort St. George 19th September 1853.

land revenue and on account of Exctra sources for the year under review and that which preceded it was:—

	Land Revenue.	Exctra Revenue.	Total.
Fusly 1260	19,02,695	₹23,021	24,25,716
" 1261	19,94,426	6,48,574	26,43,000
Increase	91,731	12,5,553	2,17,284

Shewing an increase in the aggregate in favor of Fusly 1261 of Rupees 2,17,284 — The increase in the Exctra Revenue proceeds from augmented sales of Salt—

23-24

Order thereon.

Ordered to be recorded.

11082

Fort St. George 19th September 1853.

Read the following letters.

No. 65.

To,
W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

25

Br. No. 2308

From the Acting Collector, of Cuddapah,

Forwards Copy of Correspondence held between the Superintendent of Stamps and the late Collector on the subject of a deficiency of 252 Rolls of Sayer Rewanahs of the value Rs. 35-8-. and requesting the Board of Revenue to obtain the Sanction of Government for writing off this sum for reasons within stated.

Sir, I have the Honor to bring to the notice of the Board of Revenue that there appears to be a deficiency of 252 rolls of Sayer Rewannahs of the value of Rupees 35-8-. in the Statement for the 3d. Quarter of Fasly 1258 which cannot be accounted for, as shown in the late Collector Mr. Cochrane's letter to the Superintendent of Stamps, dated the 7th June 1849, Copy of which, as well as other Correspondence bearing on the Subject, is herewith forwarded.

2 From the information I have received in the Cutcherry these papers or many of them at least, were destroyed by white ants and insects; they were placed in a box in the Treasury after the abolition of the Sayer in 1844, and being considered useless little attention was paid to them, until it was communicated by the Superintendent of Stamps in his Letter of the 15th August 1848, that they

Should

Fort St. George 19th September 1853.

should be forwarded to this Office. This communication was in reply to a Letter from the late Collector dated 12th August 1848 requesting that the Balance of Rowannahs on hand might be made over to the Sub: Judge for the purpose of being manufactured into Mats on account of Government. This would show that the late Collector considered them only as waste paper, and would in a measure account for them not being more carefully examined and looked after.—

3. These Rowannahs as the Superintendent of Stamps declined to give credit in his accounts without the Special Sanction of Government, have been carried as balances in the accounts from that period to the present. I request the Board of Revenue will obtain the sanction of Government for the writing off the sum of Rupees 35-8-0 the value of 252 Rolls of Sayer Rowannahs from the accounts of this district.—

The present Superintendent of Stamps having again urged upon me in his Letter of the 20th July 1853, the necessity of

Fort St. George 19th September 1853.

of adopting speedy steps to have the accounts early adjusted, I take the present opportunity of requesting the Board, should they deem it proper, to apply to Government for the necessary Sanction, or should it be their opinion that the deficiency is attributable to any negligence on the part of the Darogah and that he is answerable for the amount as stated by the late Collector Mr. Cochrane, measures will be adopted for the recovery of the same. As a long period has elapsed since this took place, and as the Rowannahs were considered to be waste paper and of no value, I would beg to recommend that the sum be written off to the account of profit and loss.—

Cuddapah, — — —
Collector's Cutcherry,
25th August, 1853.

Signed / A. F. Bruce
Superintendent of Stamps

No. 214.

To,
The Superintendent of
Stamps,
Fort St. George.

Sir,

In reply to your letter of the 21st April last requiring me to ascertain and inform you of the cause of deficiency of 240 Rolls of Sayer Rowannahs to the value of Company's Rupees 32-12-0 which is shown to have arisen on an examination of the quantity returned with reference to the letter dated 6th Ultimo from the Sub Collector in charge and to what is exhibited as being in hand as per Statement of the 3d Quarter of this Fasly. I have the honor to state that the Stamp Darogah having been called up for an explanation can give no satisfactory account in the matter.

On

11090

Fort St. George 19th September 1853

On the abolition of the Sayer in the year 1844 a Statement of the Rolls remaining on hand was taken and it appears that the Darogah has in all subsequent Returns entered the same quantity on the supposition formed of the Correctness of such Statement / a point on which however doubt exists from the Circumstance of their being an excess also / without ascertaining from time to time that the Rowannahs were in proper state of preservation, a precaution apparently Considered unnecessary, in Consequence of the same being useless and of no value in themselves, the Consequence of such Carelessness has been that the missing Rolls have been more or less destroyed by insects.

The Quarterly Returns on the absence of all further expenditure having been signed by myself agreeably to the statement prepared by my predecessor on the abolition of the Inland transit duties, the Darogah must be Considered answerable for the preservation of the Rowannahs entrusted to his care and for their value with

11091

Fort St. George 19th September 1853.

with that entered in the Statement at the time he has received charge.

Muddenpully,
1st June, 1849.

/Signed/ J. M. Cochrane
Collector.

To, The Collector of
Cuddapah.

Sir,

I have the honor to call your attention to my letter of the 21st Ultimo and request that you will be good enough to inform me, how the deficiency of 252 Rolls of Sayer Rowannahs amounting to the aggregate value of Company's Rupees 35-8-0 has arisen from the number returned and to what is made to appear as being on hand as per Statement of 2d Quarter of this Fasly.

Fort St. George,
General Stamp Office,
18th May, 1849.

/Signed/ A. F. Bruce
Superintendent of Stamps.

To, The Collector of
Cuddapah.

Sir,

With reference to your letter of the 7th Instant, I regret to inform you that the 240 Rolls of Sayer Rowannahs to the aggregate value of Company's Rupees 32-12-0 entered

11092

Fort St. George 19th September 1853.

entered in my letter of 21st April last as being the difference between the number received and to what is made to appear as being on hand as per Statement for the second Quarter, has been erroneously stated, this difference it will be observed is between the last which accompanied Mr. Murray's letter of the 6th March last, and the Statement for the second Quarter.

The actual difference has been correctly entered in my letter of the 18th Ultimo Viz. Rolls 252 to the aggregate value of Company's Rupees 35-8-0 as particularized in the Margin, and

Sayer Rowannahs on hand as per Statement for Second Quarter of this Fasly Rolls 36,255 value	18,059	3	0
Add excess	4	42	0
	36,259	18,101	3
Deduct Quantity and value as per Statement of 6th March 1849	36,019	18,068	7
	240	32	12

Sayer Rowannahs on hand as per Statement for Second Quarter of this Fasly	Rolls 36,255	18,059	3
Add excess found on the Quantity returned		4	42
		36,259	18101-3
Deduct Quantity and value actually received instead of the Quantity and value mentioned in Statement which accompanied the letter of 6th March 1849		36,007	18065-11
Difference to be accounted for		252	35-8-0

11093

Fort St. George 19th September 1853

And as the Stamp Paroga attached to your Office can give no satisfactory account of this discrepancy, and as it is necessary that this difference should be adjusted by obtaining the sanction of Government I request that you will be good enough to take such steps as may appear to you to be proper.-

Fort St. George,
General Stamp Office,
13th June, 1849

/Signed/ A. F. Bruce
Superintendent of Stamps.

To The Collector of Cuddapah.

Sir,

On a reference to the Statement for the third Quarter I find that the Sayer Rawannahs although returned during the second Quarter is still carried as balance on hand to the Statement of the Fourth Quarter. The sanction of Government having been obtained on the 8th May last copy of which is herewith annexed for writing off the Quantity received as hereinbefore mentioned in

Secretary.

(A true Copy)
/Signed/ A. F. Bruce
Superintendent of Stamps.

To. The Acting Collector of Cuddapah.

Sir, I have the honor to inform you that two Hundred and fifty two Rolls of Paper Rowiannahs to the aggregate value of Company's Rupees 35—8—0 continue to be borne on your accounts as

11097

Fort St. Georg e. 19th. September 1853.

as being in hand in your district ever since the year 1849, this item would appear to be a nominal balance, as the Stamp. Darogah of your Office can as give no satisfactory account of the Rowannahs, as stated in the letter from your Department dated 7th June 1849.-

In a letter from this Office on the 13th June 1849, the Collector was asked to have the balance in question adjusted whether any steps have been taken in the matter this Department is not aware, and as it is necessary that this item should not any longer remain unadjusted, I request you will take such steps as may appear to you to the proper to adjust the same.-

Fort St. George, ---
General Stamp Office
20th July, 1853 ---

(True Copies)
(Signed) H. Murray
Acting Collector.-

11098

Fort St. George 19th September 1853.

No. 220

Bd. No. 1971

Proceedings thereon.

Submitting correspondence with the Collector of Cuddapah on the subject of a deficiency of 252 rolls of Stamp paper of the value of Rupees 35-3-- and recommending that sanction be granted for writing off the amount.

(25-26)

Resolved that the foregoing letter with its enclosures be submitted for the orders of the Right Honorable the Governor in Council.

2 From the above letter it will be seen that upon a requisition from the Collector in 1828 to the Superintendent of Stamps to make over the Sayer Rowannahs to the Subordinate Court, with a view to fresh papers being manufactured for Government. Mr. Cochrane was directed to forward them to the Stamp Office, on their receipt there, and on comparing the quantity received with what should have been on hand according to the Quarterly Statement, it was discovered that 252 rolls were deficient. In explanation of this Mr Cochrane stated that the Rowannahs, on the abolition of the Sayer duty in 1844, were placed in a loose in the Treasury and owing to the omission on the part of the Darogah, to see that they were in a proper state of preservation apparently from their being considered useless and of no value the missing rolls

11099

Fort St. George 19th September 1853

Rolls were destroyed by white ants and insects.

3 As a long period has elapsed since the above occurrence took place and as it does not appear to the Board that any fraud was practiced, they beg, in compliance with the request of the acting Collector, to recommend that sanction be granted for writing off the value of the 252 missing rolls. Viz. Rupees 135-8-0 thirty five and annas eight.

4 It will be observed that in Contract Minute Consultation dated 5th May 1829, authority was granted for destroying and selling as refuse papers the unserviceable Stamp papers returned from Cuddapah, and for writing off the value amounting to Rupees 18065-11-0.

In Cons: 10th May 1829

Sir.

From the acting Collr. of Cuddapah

I have the honor to acknowledge the receipt of a Circular letter from the Board of Revenue dated the 27th June last, and in reply beg to state

11100

Fort St. George 19th September 1853

State, that no famos are derived in this District for the privilege of grazing cattle and cutting grass.

Cuddapah Collector's Office 30th August 1853 Order thereon.

/ Signed / H. Murray
Acting Collector.

Ordered to be recorded.

27-28

Read the following letter.

29

B. No 2211

From the Collr. of Chingleput

To T. B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue
Fort St. George.

Sir.

Para 1. I have the honor to submit the accompanying Statement of famos attached for arrears of Revenue of Fusklies 1258-59-60-61- and 1262 amounting to Rupees 2,779-10-3, and request the sanction of the Board for the sale of the property in question.

2- The balances of Fusklies 1258 and 1259 occur only in three Villages in which the prior attachment of the famos by the Civil Court precluded the adoption of ultimate measures for their realization. On due representation made by this Department the Civil Judge has recognized the propriety of giving precedence to the Revenue Demands, and permitted the sale of the famos in liquidation of arrears due requiring that the surplus proceeds may be remitted to his Court.

3 The arrears of Fusly 1262 entered in the Statement consist of those due by the parties whose lands have been attached for the balances of the preceding years.

Chingleput District. Collector's Cutcherry Pullecarney, 6th September 1853

B.d No. 1978.

Proceedings thereon.

29-30

Fort St. George 19th September 1853.

The Board of Revenue authorize the sale for arrears of Revenue of the Lands referred to in the Statement which accompanies the foregoing letter and request the Collector will forward the usual advertisement in English and Tamil for publication in this Office fixing the day of sale so as to admit of its being published for the full period of thirty days.

2. In requesting sanction in future for the sale of lands Mr. Cochrane will be good enough at the same time to transmit the advertisement.—

B.d No. 2294.

From the Actg. Coll.r of North Arcot.

Requests to obtain the authority of Government for continuing for three more months the Extra Establishment sanctioned on account of registering the Congoondy Enams.—

+ B.d Progs. dated 4th March 1852.

No. 70.

To, B. Cunliffe Esq.re
Sub Secretary to the
Board of Revenue,
Fort St. George.

Sir,

Having been informed by Mr. Carmichael who is engaged in the Registration of the Congoondy Enams, that a further period of three Months will be required to complete the work, I have the honor to request that the Board of Revenue will be pleased with reference to the Minutes Consultation dated 10th February 1852 to obtain the authority of Government for my continuing the Extra Establishment ~~[illegible]~~ therein sanctioned for one year, for three more Months from the 6th Proximo the Establishment having been first entertained from 6th September 1852.

2 That the Board may understand what progress has been made up to the present time a Memorandum showing the number of Enams

and

Fort St. George 19th September 1853.

Number of Enams as per accounts of the Zemindary Curnums.—

	Miscellaneous Gentlemen	Enam Villages
Number registered or in immediate course of Registry and Survey so far as the Tenements may be, grants of date subsequent to the last general Survey Fasly (31) or as survey may have been called for from partial alienations having been made or other causes.	3390	143.
	3327	132
Remainder	169	11

and of Enam Villages which have been already registered including those that are in immediate course of registration, and the number of those remaining to be registered, is given in the Margin.—

3. From what Mr. Carmichael has stated I am satisfied that he has exerted himself to the utmost to prepare the accounts within the shortest possible time. And with regard to the work yet to be done, I believe that it cannot be completed within a shorter period than what I have named.—

North Arcot.—
Coll.rs Cutcherry.—
Chittoor, 27th August 1853.
Bd's No. 1985.
Proceedings thereon
31-32

(Signed) H. A. Brett
Acting Collector.
No. 430.

Resolved that the foregoing letter be submitted to Government with reference to Extract Minutes of Consultation dated

Fort St. George 19th September 1853.

In Cons.n 4th March 1852 dated 20th February 1852.

2. The Board recommend that the Extra Establishment authorized in the above Minutes of Consultation for the registeration of the Congoondy Enams be continued for a further period of three Months, from 6th September 1853 to enable Mr. Carmichael to Complete the work. The Establishment altho' sanctioned to be employed from July 1852 was not, it is stated by Mr. Brett, entertained before the 6th September.—

3. It will be observed that the number of Enams & Enam Villages already registered, including those in immediate Course of Registeration amounts to 3459, leaving 180 to be still registered.—

Secretary to the
Board of Revenue,
Fort St. George.

Bd No 2378

From the Collector, Salem. — 31
Forwarding
Copy

Sir,

I have the honor to transmit a

Fort St. George 19th September 1853.

Copy of a letter from this Head Assistt to Mr. W. Hodgson relative to the Board's Proceedings of the 20th ultimo and submitting reasons for declining to furnish that Officer with Copies of certain Communications for which he had applied.-

30th August 1853.-

a Copy of a letter to my address from my Head Assistant Mr. W. Hodgson, which as relating to the Board's proceedings of the 20th ultimo, I do not feel at liberty to withhold.-

2. Shortly after I had sent in the usual Course a transcript of the abovementioned proceedings to Mr. Hodgson he called on me to supply to him a Copy of each of my Communications to your Board on the Subject of his late appeal and also to furnish him with a Copy of their proceedings of the 18th ultimo. Intimating that I was not aware of the necessity of giving such Copies, I declined doing so and my Official Experience leads me to consider that Mr. Hodgson's request was not warranted; for such explanations of my acts as your Board call for and I submit, are for the Board's Consideration not for my subordinates to receive and comment on. Also, a Compliance with Mr. Hodgson's requisition would have been to supply him after my acts had received your Board's approval, with what when confident of

of my own right to exercise my own discretion as Collector. I had twice refused to furnish him with, viz.t a statement of my reasons for not assigning to him a separate revenue charge. It would be, in fact, to place a premium on that pertenacious adherence to his own opinion which has already created much inconvenience in my Cutchery from taking my attention and time from the real business of the District which Mr. Hodgson's Correspondence has hitherto greatly obstructed.-

3. When the Head Assistant Collector refers to a "misunderstanding between us" about an English Writer I must confess my total inability to comprehend what he means. I am equally at a loss to appreciate his remark about "private feelings" and I distinctly repudiate the apparent insinuation on this score, which Mr. Hodgson has permitted himself to make, and from which, were it worth while, I would almost ask your Board to relieve me.-

4. On his return to his duty

after an absence at Madras of 33 days, Mr. Hodgson in the presence of the Assistant Collector, Mr. Dalyell, asked me if I had considered his request to have an English Writer attached to his Cutchery, a request made before he went to Madras. I replied that I had and that I could not let him have one.- He seemed annoyed and if I recollect correctly was disposed to argue the point.- However I saw no reason to yield and there the matter has rested. Mr. Hodgson has since been at my house, at my table, and was in such intercourse with me as generally occurs at an up Country station like Salem. And although I have not met him since I commenced in April the settlement of the upper Talooks, I certainly know of no misunderstanding about an English Writer, further than that I took a view different to his of what he misunderstood himself to require.

5. I am quite ready to place at Mr. Hodgson's disposal all I have stated regarding his appeal to your Board; but, as a rule of official practice.

Fort St. George 19th September 1853.

practice, I deem him not entitled to receive Copies of the explanations of the Head of this Office to the Superior authority, and on that ground I have not met his demand for them.-

Salem Collector's Office,
Office, ---------
2d September 1853.--

(Signed) H. D. Phillips
No. 1- Collector-

To, H. D. Phillips Esqre
Collector of Salem.

Sir,

1. I do myself the honor to acknowledge an Extract from the Proceedings of the Board of Revenue under date the 20th instant.-

2. The whole terms of these Proceedings are adverse to my position and convey to me the depressing idea that, having on one occasion, and that for a very short period been deemed by you deficient in capacity for Revenue work, I am not again to be tried.-

3. I never disputed your right to withhold from me Revenue duties, but your power to do so without assigning your reasons; all I have sought for is a fair trial without the prejudice of personal feelings on your part

Fort St. George 19th September 1853.-

part and unless that be given me, I again submit to yourself and through you respectfully to the Board, how I am ever to be qualified.-

4. I had hoped the Board would have reviewed my appeal, not in the light of opposition, but simply as an earnest of my anxiety further to qualify for those duties which as I rise in the service will necessarily be expected from me.-

5. If as you have apparently reported, I am incompetent and unable to give you satisfaction in the discharge of Revenue work, I may be allowed to ask why you entrusted me with the Jummabundy of Tengareecottah Taloke after you had relieved me of that charge and have since allotted me Revenue duties, at various times, to perform.- In the absence of your reports and not being aware of the representations you have made to the Board, I am at a loss to know on what statements you are deemed "fully justified" by the Board in relieving me of a Revenue charge, not only as it would appear in virtue of your Superior and controlling

authority

Fort St. George 19th September 1853.

authority but by actual demonstration of my incompetency; for the records of my Office do not supply up to the 28th March the date of my relief, either Vernacular or English reprimands from you which in any way evince your want of Confidence or disapprobation; unless the levy of a fine from a Shasildar which you disapproved of, may be sufficient to stamp my efficiency or otherwise for Magisterial and Revenue duties.

6. I submit that anything which has occurred since You relieved me of my Revenue Charge on the 28th March, and a misunderstanding has existed between us, respecting my Claim to an English writer, has no connection whatever with your opinion formed prior to the occurrence of my faults, as inferable from my records, but just subsequently to our misunderstanding in respect of the necessity of an English writer in my Office. Until I am favored with your letters to the Revenue Board, I trust it is not unbecoming in

Fort St. George 19th September 1853.

in me to notice the matters of my appeal; as they stand undisturbed by the Board's decision in your favor, upon your own representations and supported as to facts by my records; if you were dissatisfied with my conduct before our misunderstanding, my records should supply the instances of your dissatisfaction which I believe they do not.

7. All I ask of you or of the Board is that I may have a fair trial to be reported on to the Board, when if found wanting my errors being pointed out to me, I can have nothing to say, but it is galling to an Officer of my standing to find himself deprived of those duties which ordinarily devolve on a Head Assistant and in which I fancy, I had given satisfaction to a former superior, and this without any Cause being Assigned for the withdrawal, or any opportunity of reaching your Standard being afforded to me.

8. If I am not altogether independent of an interpreter, it is not a circumstance of extraordinary blame, since

Fort St. George 19th. September 1853.

since the whole work of the District is done in Tamil and I never learnt that language in College - I merely represented to you that I should have greater confidence in doing Tamil work with a man who could speak English than if I attempted to do it in either Hindoostanee or Teloogoo, the two languages which I learnt in College and both of which I can speak, though not fluently, or sufficiently well to say that I should feel the same confidence as if I were to express my thoughts and give my orders in English; from practice I am able to understand all ordinary papers read to me in Tamil which I am learning to read write and speak. -

9. I am willing to learn my Official duties and am not above being taught, but if I am denied the opportunity of learning as well as the benefit of a teacher, in what way can I qualify for the duties to be expected of me when I rise to a higher grade. -

10. Earnestly put forth these questions.

Fort St. George 19th. September 1853. -

questions for your consideration and request this letter may be submitted to the Board, whose present judgment places me in a most invidious position, from which I see not how I am to extricate myself. I wish to learn, and be taught, but the means of both are denied me. -

11. Trusting my object will not be misunderstood either by yourself or the Board of Revenue. -

Salem Head Assistant Coll.r's Office,
Daramporey - - -

To W. H. Bayley Esqr.
Secretary to the
Board of Revenue
Fort St. George.

Sir,

Bd. No. 2379
From the Coll.r of
Salem.
31st. August 1853.

Adverting to my letter of yesterday's date I have the honor to transmit a Copy of a further Communication to my address from Head Assistant

Fort St. George 19th September 1853.-

Assistant Collector, Mr. W. Hodgson on the subject of your Board's disposal of his late appeal against my official act in not assigning to him a separate revenue charge.-

2. Although in the present instance I have no desire to withhold from Mr. Hodgson my letters to the Board except for the establishment of the principle for which I contend, I apprehend it should rest with the Head of a District to consider and treat certain Communications to the higher authorities as privileged and confidential and abstain from placing them at once in the public records. Thus in the case of Mr. Hodgson's letters for separate revenue management I infer it would be optional with me so to act.-

Salem Collector's Office,
Ootacamund,
3rd September 1853.

(Signed) H. D. Phillips

B. No. 2491.
From the Acting Collector of Salem

Sir,

With reference to Mr. Phillips's letter dated the 2d Instant, forwarding Copy of a letter from Mr. Hodgson, the Head Assistant & Collector of the 30th Ultimo, I have the honor to transmit Copy of a letter from Mr. Hodgson of to days date, requesting that he may be permitted to withdraw his application for Copies of Mr. Phillips's communications to the Board, and to recommend that the wish which Mr. Hodgson has now expressed to submit without further discussion, to the Judgment already passed by the Board on the subject to which those communications relate, may be complied with. —

Salem District,
Collector's Office,
Darampoory, 16th September, 1853.

(Signed) H. A. Brett.
Acting Collector.

No. 1.

To H. A. Brett Esqre
Acting Collector of Salem.

Sir,

Para 1. On the 30th Ultimo, I addressed Mr.

Fort St. George 19th. September 1853.

Mr. Phillips requesting that application might be made to the Board of Revenue for Copies of that Gentlemans' letters of the 15th. 20th. and 24th. Inst. connected with my late appeal to that authority.—

2. I have now the honor to solicit that that letter may be withdrawn as on reconsideration I feel that no good is likely to result from my further pressing my case on the Board's notice or appealing to the Government, and as I am informed that if allowed access to the Records I should not be at liberty to avail myself of Mr. Phillips' Reports for my own purposes without express permission to do so.—

3. It is my wish to drop the subject also in the hope that, adverting to my desire to qualify myself and to discharge those duties which usually devolve upon an Officer in my position, as throughout has been my sole aim, you will kindly accord me the opportunity of further acquainting myself with Revenue work, and thus enable me to render you that aid and service in the District which as

Fort St. George 19th. September 1853.

as your Head Assistant, I naturally feel you have a right to expect at my hands.—

Salem, Head Assistant Collrs. Office,

No. 2.

To H. D. Phillips Esqre
Collector of Salem.-

Sir,

With reference to your vernacular correspondence dated 24th Ultimo, No. 30, I have the honor to state that I personally examined and marked out the boundaries of the land which Captain Short applied for together with Mr. O'Hara the then assistant Surveyor and the said boundaries are distinctly laid down in Mr. O'Hara's Book, duly signed by Captain Short, Mr. O'Hara, and myself- I take this opportunity of suggesting that application should be made to the Board of Revenue, that Mr. O'Hara's book should be forwarded (as I infer it is with the Board) to your Cutcherry in Salem, to be retained as a public record of the several lands designated therein, as great inconvenience arises from want of a reference to the above mentioned book.-

Salem, Sub Collectors Office, 1st August, 1853.

(Signed) W. E. Cochrane-
Sub Collector.

To

Fort St. George 19th September 1853.-

To W. E. Cochrane Esqre
Sub Collector of
Salem.-

Sir,

1. Adverting to your letter of the 1st instant relative to certain land applied for by Captain Shortt.-

2. I have the honor to observe for your future guidance, that until the usual application had been submitted to and sanctioned by the Board of Revenue, the lands in question could not be regarded as belonging to Captain Shortt and consequently should not have been formally and officially entered in the Book of survey of the Coffee estates on the Shevaroys.-

Salem Collectors Office, 4th August, 1853.

(Signed) H. D. Phillips-
Collector.

To H. D. Phillips Esqre
Collector of Salem.-

Sir, I have the honor to acknowledge the receipt of your letter dated 4th Instant and in reply beg to offer in explanation that the ground applied for

Fort St. George 19th September 1853

for by Captain Shortt has been entered in Mr. O'Hara's book only as far as the several marks of his boundary is concerned as has hitherto been the custom, and not officially.—

Bd. No. 2384
From the Collector of South Arcot
Requesting the

Fort St. George 19th September 1853.

The Board's permission not to press upon the Ahkarry Renter for the payment of Interest due for arrears in which they have temporarily fallen—

letter of the 3rd May last I had occasion to notice the complaint made by the Ahkarry Renters of the past fusly that they had sustained loss by the storm of March last— On enquiry however into the details I found that though injury was done to the Coaconut and Palmyrah trees in the Southern Talooks, yet it was difficult to ascertain how far the loss fell on the Ahkarry Contractors and how far on their Sub Renters. It has therefore appeared to me advisable to refrain from making any recommendation for remission, and the full amount of their engagement, Rupees 85,000, has been realised— But as the circumstances of the year made it difficult for the contractors to collect the kists from their Sub Renters with regularity and some delay therefore occurred in their payments to the Sircar, I have the honor to request

B. No. 2260

From the Collr of South Arcot

Sir,

I have the honor to acknowledge Extract from the Proceedings of the Board dated the 18th Ultimo and to enclose Copy of a letter addressed to me by Captain Priestley in which that Officer gives the desired information regarding the manner in which he is conducting the Survey.

2- Captain Priestley has been hitherto following the improved Pharsnah plan which was adopted with success in the N.W. Provinces and as the comprehensive explanation given in his letter will enable the Board to judge whether it is advisable to continue that process or carry out a more elaborate Survey, I shall limit myself to a few remarks explaining the reasons which led me to concur with Captain Priestley in following the Pharsnah System.

3- Rapidity of execution and its attendant economy appeared to me of special importance when the Villages to be surveyed contain little or no enclosed lands, and the shapes and Sizes of the fields are continually liable

Forwards Copy of report from Captain Priestley explaining the System adopted by him in commencing Survey operations

South Arcot Collector's Cutcherry, Cuddalore 2nd September 1853.
B. No. 1975.
Proceedings thereon.
(41-42)

(Signed) E. M. Maltby.
Collector.

Under the circumstances stated in the foregoing letter, the Board of Revenue authorize the remission of the Interest on account of arrears, due by the abkarry Renter of the District, for Fusly 1262.-

liable to change at the same time the Phasrak System ensures a high degree of accuracy as the boundaries of the Village and of unoccupied Poramboke tracts are taken by traverse under the Superintendents inspection - The extent of the cultivable area is thus fixed with accuracy and the dimensions of the fields into which it is divided are ascertained by measurements which the Villagers understand and are ready to aid in, and with which they are quite satisfied as the variation from perfect accuracy which occasionally occurs when the boundary of a field runs in a carved or waving line, is very slight -

4 - It thus appeared to me that the Phasrak plan with its Map and detailed register exhibiting the position and dimensions of all the Village lands would answer the end in view, but if the Board desire a more elaborate survey showing the exact shape as well as the size of every field Captain Priestley is prepared to act accordingly on receiving their instructions Such a survey would necessarily be longer and therefore more expensive and if the Board instead of deciding the question at once would wish a trial to be made - Captain Priestley will

will survey a small Village according to both methods and report the comparative results -

5 - The difference in the Survey areas of Vennarpullium as calculated on the traverse method and the Sum of the fields on the Register to which allusion is made in the 19th Para of the Board's Proceedings consists, as presumed of the unnumbered Poramboke land -

6 - Attention will be paid to the points upon which instructions are given in the 21 - 22 - 23d. 27th and 28th Paras of their Proceedings -

South Arcot Collectorate

(Signed) E. Maltby
Collector.

No. 1.

To E. Maltby Esqre
Collector of South Arcot -

Sir,

I have the honour to acknowledge the receipt of your communication of the 24th Instant conveying the desire of the Board of Revenue that I should make a report of the mode adopted for the Survey on which I am employed in reply I beg to state that the System on which I have commenced working is as was supposed that of the improved Phasrak measurement of the N.W. Provinces my reasons for adopting it having had of course

no.

no experience of its advantages myself) were first from the high terms in which it is spoken of in the "Manual of Surveying for India," written by Officers employed in the Revenue Survey and published by the authority of Government and the fact that it had been adopted and found to answer the N.W. Provinces for similar purposes to those for which it is required here, Secondly that I thought it would be a more expeditious and less expensive mode of getting sufficiently correct results checked as it is by the Village boundaries being taken by Traverse and the Area calculated from that than if a regular Survey was made the Ferash method also admits of the Village Servants being employed as measurers and according greatly with the native way of measuring is understood and appreciated by them—

In the above mentioned System each field is supposed to be quadrilateral and rectangular, in general fields are the former and in most cases the deviation from the latter form is not great when a field is very irregular two / or as many as are needs any quadrilateral divisions are made measured and

and the content of each taken separately.

The Topographical plan of Vernacular villages and the result of teaching the people the use of the prismatic compass, chain and cross staff, leads to finding that much time would be required to Survey for contents and also for the purpose of plotting the work regularly I abandoned that plan after laying down the Topography by the Village and entering the content of about forty fields the register of which I sent for comparison with the results of the Ferash mode.

If great accuracy is wished for it is impossible that it can be obtained without commensurate expense, if an close approximation would answer (as in the N.W. Provinces) with at the same time the Village boundaries and area correctly taken it appears to me that the Ferash System would answer. I must however state that as yet I can hardly judge fairly of it my people not being yet practiced hands making many mistakes which require time to correct. I must also confess that with one exception / and he is the only first class Canaroon who does not understand English / the Canaroons have not succeeded quite so well as I anticipated from the simplicity

of

of the Method. Another thing to be considered is the different way in which they are paid here they have Monthly wages a great bar to getting much work from natives, without incessant supervision which costs nearly as much as they do in Bengal on the contrary they are paid by the Amount of work they do and not till that work is pronued correct.

Understanding that it was much wished that the Survey should occupy as little time as possible I have forbidden the Canoonos to measure any large pieces of jungle or immemorial waste taking it myself (or making a W. Star used by travers) They only measure the Village lands under cultivation or that has been cultivated within about ten years the Village site itself and any small patches of jungle or waste lands and roads &c amidst the cultivation, as will be understood by referring to the numbered plan of Cannanpulliem. The River waste and Salt water creek waste and having been measured by the Canoonos, the contents of the several portions was entered by me at the end of the Register. With regards to that plan I have to observe that its objects

objects was facility of reference enabling the Sepoy position and description of land of each field to be ascertained by inspection, but that the System itself forbids the exact shape being given except when rectilinear = by comparison however with some of the fields in the Southern part of the Topographical plan of Cannanpulliem which were measured by Chain and Cross-staff, the difference of shape may be discovered I may also mention that the numbered plan forwarded was pricked off the Original which was too much soiled for use, this and the difficulty in plotting such a number of bearings and distances so as to make them close correctly may account for any slight difference in bearing and measurement from that recorded, added to which I have had not only to teach the people under me their field work but also the draughtsman who made the numbered plan.

The absence of walls hedges or almost any visible division between fields in most cases except a small ridge (and even that is in many instances wanting) renders it a work of difficulty to recognise a field without the assistance of a plan

of

Fort St. George 19th September 1853.

of some kind. If the people could be induced to put up any sort of obvious land mark between fields it would prove of immense assistance in the Survey but of fields in the sense generally used, there are but few, the boundary of each little patch of land held for the year by Puttah is always known and readily pointed out, but it always a matter of great difficulty to get the Curnum or any one else to recognize any other division of land, there being few permanent fields in any Village except "Manjem" or "Enam" I have directed the Carvons to measure the land in the same divisions as was done by the former Pymash when practicable, as the records of Puttahs which may be changed each year did not seem to me to be admissable as a permanent register besides by subdividing the Village greatly more time is required for doing so.

The reason that the content was given in Cawnies, is that the Chains in use are those of Ft 100, and not Gunters chains which give the Area in Acres and tenths.

The Scale on which the plans

Fort St. George 19th September 1853.

plans of the Villages of the Palicmettah Jaghire are being prepared is 1 foot to 1 Mile which I thought be large enough to show the numbers of even a small field on the Russrah plan.

If the System on which I have commenced working is found to be not sufficiently accurate for the purpose for which it is required, I beg strongly to recommend that the details of each village be filled in regularly by chain and compass as was partly done in Vernar pollium making a complete and perfect plan of the whole and showing the exact shape of every field. This will of course prove a more expensive and slower process than what the Russrah of the N. W. Provinces seems to have proved there here however on account of the reasons mentioned before. I fear I could not commete with it in economy or which Amounts to the same thing rapidity, besides which the details registered here are much more Voluminous. I need hardly say that as far as I am myself concerned, I should decline for more satisfactory from having the charge of

a

Fort St. George 19th September 1853.

a regular Survey Team of ones on the Ryot-
wary System but deeming it suited to
what was required Viz the measurement
of each field giving at the same time
a Plan of each Village with the fields
shown separately, in as short a time
and with as little expense as possible
I felt bound to try it giving at the same
time data for testing its accuracy by
taking the correct area of the Village
by traverse and forwarding with the
Thousand Plan another the details
of which had been regularly laid
down, and a register of the contents by
Chain and cross staff of about forty
fields-

If you see no objection to my
doing so I will have a small Village
surveyed according to the Method
and let you know the comparative
results-

Sir,

From the Collector of Trichinopoly

Para. 1 I do myself the honor of submitting an Explanation called for in your letter of the 25th Ultimo on an endorsement given by me dated the 25th December 1852 on the Petition of one Sun Karaling a Pillay why he should not be permitted to hold certain lands in the Village of Iyempolliem on Pooracovdy teerwah -

No. 1530/53.

2 The land tendered for by Petitioner is "Shaikal Poodakal Waste" not of long standing and is liable like all other lands of this Village to a low rate of assessment - The tax being for Nanjah crops Rupees 2 - 9 - 2½ per Cawnie and for Caumum Annas 14 - 7½ the Cawnee

No Pooracovdy teerwah has ever obtained in the Village and to grant the indulgence now would be supervised to established practice and the provisions of Paras 11 and 20 of the District Rookwonimamah -

Again

3.— Again in a part of the Country so densely populous as Seedanemunagalum and Iyempulliam and where the Villages are so adjacent it would be impolitic to accord the Poraccordy Assessment. The ryots need only remove their dwelling houses a short distance into the neighbouring Village limits to claim the lower rated of Assessment as Poraccordy on lands heretofore paying the full tax.

4.— Petitioner is right when he avers that some portion of the land was given to others on a decreased rent last season compared with the season previous. Because by the recent orders every ryot is now charged according to the Crop actually grown and not according to that which might have been raised years ago. If inferior products the lower tax is fixed. If superior their the higher rate. But no Poraccordy Assessment was ever allowed in Iyempulliam.

5.— The Original petition is herewith returned.

Fort St. George 19th September 1853.

Read the following Report.

No. 89.

To
W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

Para 1. I have the honor to submit my Report on the Annual Settlement of the land Revenue of this Collectorate for the past Fusly of 1262 A.D. 1852/53 and at the same time to transmit the several Accounts and Statements connected therewith drawn up according to the formulas which accompanied your Circular of the 15th June 1853.—

2.— The Season of Fusly 1262 A.D. 1852/53 in this portion of the Madras territory cannot be considered to have been favorable for Agricultural operations.— It was capricious and irregular in its course, holding out to the Ryot at one period fair prospects, which subsequent changes never permitted to be realized.— Consequently the season did not prove above an average one.— The early rains during the months of July, August and part of September were partial, falling plentifully in some parts of the District, while other localities were almost exempt.— To the South and East of the Province that is, those Villages

Submits Report on the annual Settlement of the Land Revenue of his Collectorate for the past Fusly 1262/1852/53 and transmits the several accounts and Statements connected therewith.

Season.

B. of Rev. 22 June 1862.

47-48

Villages situated in the Maghanums of Elloopoor in the Talooks of Conaud, and those in the Arrea=lore and Woodiarpolliam divisions were singularly deficient in their supply of the early rain. While in Torriore and Volcondapoorum Talooks towards the Northern boundary of the District, and in the immediate neighbourhood of the Putchey Mullay till the rains were abundant and amply sufficient for an estended cultivation of the usual dry grains of the Country. But these very Crops were subsequently in great peril of perishing from the Extraordinary keeping off of the North East Monsoon rain until the very end of the month of November or the commencement of December - In consequence, the Cumboo Crop of the year was neither so fully cultivated as it might have been, nor so productive as formerly, where grown in the Season under review.-

Part of the Month of September and the whole of October were nearly dry, with perhaps an occasional shower - And the North East Monsoon held off until quite the ends of November as noticed above, when the whole District was abundantly supplied with rain, which continued with occasional intervals as late into the season as the end of January

The

The rivers Cavery and Coleroon had the usual freshes commencing in June, and continuing steady up to the Middle of January or even later - These streams were never known to have had such late and continued supplies of water for many years previous. No mischievous or heavy flood occurred during the year, and when the rivers were at their highest the several Talook. authorities exhibited their usual energy and care for the banks within their immediate ranges.-

3. The Harvest seems to have been an average one, and the Meerasidar might have been able to make it prove not an unfavorable year to him, had not the violent hurricane which swept over this District on the night of the 27th March, put all such expectations beyond the pale of possibility. By this calamity the people suffered greatly every where - And the Board are already informed by my reports of the 28th March and 28th April last that loss of produce of every description - Wet and dry, of Cattle, of Sheep, of Cocoa=nut and other fruit trees, has been great. It appears needless now to recapitulate the disasters of that storm, for which prompt relief has been granted to the people in accordance with the instructions conveyed by the Board's Proceedings of the 5th April and 19th May 1853 —

And

And I have every reason to believe the farmers of the Province to be satisfied with the indulgence and forbearance shewn them.—

4. Cholera I regret to say prevailed very considerably during the months of January, February, and a part of March, in most of the Talooks of the Collectorate. It was very virulent to the Westward in the talooks of Moosery and Vittoocutty, as also throughout Laulgoody. It was not severe in Trichinopoly town and Suburbs, but the agricultural Villages certainly suffered this season more than the towns. With this exception the Province was healthy throughout the year.—

Prices. 5. The grain Market has worn an improved aspect during the past year, and prices had an upward tendency compared with the previous Fusly 1261 A.D. 1851/52. In that year Shumbah was quoted at Rupees 67-7-2 per Garce, while Caut was at Rupees 57-4-8. The quotations during the period under report were for Shumbah Rupees 71-11-8 and Caut Rupees 65-2-0. exhibiting a rise in both descriptions of 6 7/16 and 13 5/8 respectively—

Statement No. 6.

Grain.	Commutation price in the Terms originally fixed.		Price in Fusly 1261.		Price in Fusly 1262.		Decrease between the Commutation and the price of Fusly 1262.		Comparison between the prices of Fusly 1261 and 1262.		Per Centage.
	Rs	A P	Rs	A P	Rs	A P	Rs	A P	Rs	A P	
Shumbah	74	3 6	67	7 2	71	11 8	1	7 10	4	4 6	6 7/16
Caut	66	3 8	57	4 8	65	2 0	1	1 8	7	13 4	13 5/8

The Marginal Statement shews the respective prices of the two Seasons

Seasons, together with a Comparison of the prices of this year, and the rates on which the commutation was determined for the land Assessment. The result is that the present Current prices are a trifle below the commutation.—

Settlement. 6. The Settlement of the Fusly year was commenced early in February and brought to a termination by the middle of May. The distribution of the Puttahs of the eight Talooks of the District was undertaken by myself, and the entire Settlement made by me, for the reason that I was anxious to go through the whole Province with the Head Sheristadar Babajee Rao, who had then only recently joined the Cutcherry, and being his first year it was necessary for me to shew him the whole District. Independently of this reason, Mr. Smith my Head Assistant had been absent on other duty at Cumbaconum for three months, and only rejoined on the 19th of March. The several places where the puttahs were given out to the assembled Ryots are indicated in Statement No. 4. to which I beg to refer.

7. The Summa Settlement was made on the same principles as have ruled former years, and in accordance with para 20 of the Board's Proceedings of the 22d January 1852.

All

Fort St. George 19th September 1853.

All remissions also were clearly specified in the Pottahs of the several Ryots.-

8. The number of Villages of the District has been augmented by two, while the hamlets* remain the same as last Fusly- The Marginal Statement shews the numbers- The augmentation is derived from a portion of the Village of Temore in the Conaud Talook, heretofore held on Enam tenure by one Asha Beebee, having been resumed, and now brought to account as Ayen under the orders of the Board bearing date the 7th June 1852, making one Village additional, while the second is obtained under the same orders from the Shrotriem of Avattoor in Volcondah: poorum being taken as a Government Village, by reason of the late Shrotriemdar having died without legal heirs.-

There has been a transfer of four Villages from the Talook of Tornore to that

10.

From the foregoing your Board will observe that, with the exception of the Dry Villages in the Moosery and Laulgoody Taloks, there is a falling off in the irrigated Cultivation of the four Wet Taloks. The cause of the decrease in the Wet Villages of the first of the 4 irrigated Taloks, Conaud, is owing in part to the want of water in the Cavery at the proper Cultivating season and in part to the emigration of the Pullers to the Mauritius; and the Hurricane of the 27th March 1853. With the exception of the emigration of the Pullers, the same cause may be ascribed for the other three Taloks of Vittoocutty Moosery and Laulgoody.—

Rupees 3,708–3–8.

Rs. 575–15–5-
" 2,361–7–1-
" 5,683–9–--

Rs. 8,616–10–7.

The decrease in the dry Villages of Conaud is owing to the want of rain in the Elloor: -poor Maghaunum, as already noticed in the early part of this report, a great extent of land was left waste, and the little that was cultivated became Shavy. The decrease in those of Vittoocutty is to be attributed to the want of rain and deficiency of water in the Tanks.—

Rs. 976–6–7-

Rs. 2,758–5–5.
" —822–3–6.

11.

The increase in the dry Villages of Moosery and Laulgoody is accounted for by the season and rain being more favorable and abundant, thus

thus enabling the Ryot to extend his Agriculture.—

12. In the dry Grain Cultivation throughout the upland Taloks your Board will observe that the aggregate increase amounts to only Rupees 2,667–6–2. which results from a Gross increase of Rupees 4,966–14–8 and a Gross decrease of Rupees 2,299–8–6. The former is found in Torriore, Woodiarpolleim and Arealore. While the decrease is in Volcondahpoorum.—

Rs. 833–15–1.
" —602–9–2.
" —3,530–6–5.

13. The following are the particulars of the Increase and Decrease in all branches of the Land Revenue Settlement under their proper heads.—

Fort St. George 19th September 1853.

Fusly under report than the past one by Rupees 2,743 — 9 — " and this indulgence was not granted until after Searching enquiry.—

The loss occurred chiefly in the Talooks noted in the Margin.—

The Remissions on account of × Second Crop not cultivated, and land formerly two Crop but now yielding a single Crop, amounted in the aggregate to Rupees 21,706 14 — " a large sum, but below the remission of last year by Rupees 2,934 - for the corresponding items. The causes of this falling off were in part the lateness of the freshes in the rivers, and the insufficiency of water during May and June, and in part the reluctance of the Meerasidars themselves to raise the double Crops, from a consideration of the return of produce not being so good or heavy, as when one Superior Crop of Rice is raised. — These remissions have been brought to the head of Fussel Cummee.—

Of the Total Demand for the year 15 on account of Land Revenue Rs. 138,364 — 11 — 11 the Collections within the fusly or up to the 11th July 1853 were Rupees 130,9828 — 7 — 10 leaving a balance of Rupees 7,536 — 4 — 1. And this sum has since been reduced by subsequent × Collections to Rupees 15,383 — 5 — 10 the present outstanding

balance. The greater portion of which I confidently expect will be realized in the course of a few months.—

The Board will observe that the balance at the end of the Fusly was heavy. But not so great as I had expected considering the losses sustained by the Hurricane of March and I purposely refrained from pressing punctuality in the payment of the revenue due.—

16. The demand on account of the Peshcush for the Mosttah of Kauttoopoottoor is Rupees 16,101—3—10 of this sum Rupees 12,289—10—0 were realized within the fusly leaving a balance of Rupees 3,811—9—10. which sum has since been reduced by subsequent Collections to Rupees 788—9—10. This amount will be paid up in the course of the present month.—

17. The outstanding balances of the lies 1260 and 1261 amount to Rupees 3,648—8—1. These should now be reported upon, but not being in a condition to do so from want of explicit information from the Palooks, I crave your Board's permission to submit a separate report in a few days.—

25th August "

A. & B.

21. Conformably to the orders noted in the Margin two Statements are sent exhibiting the Collections and Charges together with the other assignments out of the Revenue with remarks explanatory of the variations under each head, with also the proportion borne on the gross revenue. The total Charges and assignments amount to Rupees 3,15,540. 7—7 or 21 15/16 per Cent on the revenue.

22. I have much satisfaction in bringing to notice the ready and cheerful aid at all times rendered me by my Assistants Mr. Smith who has been detached and located at Moosery

Fort St. George 19th September 1853.

*Orders dt. 21st Oct. 1839.

Mosery to superintend the formation and construction of the New Road* from Trichinopoly to Salem along the left bank of the Cavery river, and through his exertions the greater portion of the line is already completed.

To Mr. H. E. Sullivan I have intrusted the Magistracy of this great Town of Trichinopoly with three other Talooks, and I have ever found him not only attentive to his duties, but apt and qualified in the discharge of them.—

H. E. R.

The Trichinopoly Province has not been regularly or definitely surveyed but that throughout the Ayacut of the Lands in the several Villages has been laid down no regular Land Tax or Assessments was fixed upon the whole - The Cultivated Land at the time alone was assessed, and that not according to its productive Capabilities - but according to the description of Crops raised on certain distinctions of Soil the Ayacut has therefore been given without the Assessment for the reason that the Assessment was not fixed at the time of Settlement as the demand constantly fluctuates according to the description of grain Grown Consequently the Cols of Assessments and Rents from 9 to 28 have been Omitted

Writ Nº 1

49-50

87

Dated the 21st September 1853

From the Sheristadar

of Madura

Requesting to be furnished with a Statement of the Jummabundy Settlement for Fasly 1263 Basic in conformity to the Rules published in the Government Gazette of the 11th March 1851 and transmitted to the Collectors for their information with the Board's Proceedings of the 14th April following

Dated Fort St George 19th September 1853

Ordered

That the Collector of Trichinopoly be furnished with the information called for in the Sheristadar's Letter above noted

By Order

W. B. Bayley Esqr

Secretary to the Board of Revenue

Fort St George

Sir

I have the honor to acknowledge the receipt of your Letter of the 21st ult. and to request you will furnish for the information of the Board of Revenue the Statement called for in the Sheristadar's Letter noted in the margin

2. In reply I am directed to state that no Statement of the nature of the one under reference is now required, the Board of Revenue having dispensed with the Statements called for in the Circular Orders of the 11th March 1851 and substituted in lieu thereof the Statements called for in the Circular Orders of the 20th June 1850 the Statements furnished with Mr Pollard's letter of the 9th ultimo

3. In reply to Mr Pollard's letter of the 21st ult. I am directed to state that the Statements called for in the Circular Orders of the 11th March 1851 and 20th June 1850 are not required from the Collectors of Districts in which the Ryotwar System is established

4. I am directed to request that you will call upon the Collector of Trichinopoly to furnish the Statements called for in the Circular Orders of the 20th June 1850 in the manner prescribed in the Board's Proceedings of the 14th April 1851

I have &c

(Signed) A. Bird

Collector

Trichinopoly 10th September 1853

Received 19th September 1853

Ordered to be transmitted for future Inquiry

By the following Letter

Fort St George

of the Supreme Government.—

Madura
6th August 1853
Dt. No. 1976.
Proceedings thereon.
51-52

(Signed) T. Clarke
Acting Collector

Under the difficulties reported to exist in the preparation of the Statements adverted to in the foregoing letter, the Board will have no objection to forward for the sanction of Government those which accompanied Mr. Parker's letter of the 9th March 1853, for which purpose the Acting Collector is requested to retransmit the Statements to this Office.—

Sn. Cons 21st April 1853

No. 93

To

W. H. Bayley Esqr.
Secretary to the Board of Revenue
Fort St.e George

Sir

53

Dt. No. 2371
From the Acting Collector of Madura
Regarding Grants of Lands on the Pulney Hills and the time from which Rent is to commence.—

With reference to the Extract from the Minutes of Consultation of the 24th January 1853 No. 81 conveyed to the Collector of Madura by an Extract from the Proceedings of the Board of Revenue of the 31st January 1853 No. 319, I have the honor to submit the Correspondence noted in the Margin for the information and orders of the Board

Board of Revenue. The question raised in the Reverend Mr. Muzzy's letter has reference to the date from which the American Mission located in the Madura District is chargeable with Rent for the Lands occupied by them on the Pulney Hills. Before applying myself to the question under reference, perhaps it may be desirable for facility of reference, though greatly extending my letter, to review the correspondance which has passed on the subject of grants of Lands to the parties not Natives who commenced building on the Pulney Hills before the issue of the Boards Journal communicated in the Boards Proceedings of 7th January 1850.—

2 On 21st June 1849 Mr. Parker reported that previous to his appointment to this District two Houses had been erected by the American Missionaries on these Hills, but that their Sites had never, that he was aware of, been measured or made over to them in a formal manner, that within the year 1848 the Sub Collector Mr. Clarke, and Mr. Baynes the Sessions Judge had commenced building Houses which were nearly completed at the date of his Report, that he himself, Mr. Parker, had also commenced laying the foundation of a building and suggested that before the Lots of Land

in the immediate neighbourhood of the houses mentioned are left for public competition the owners should be allowed the opportunity of securing moderate sized Compounds on the payment of a fixed Sum Pr. Cawney as premium, for 15 years Rent together with the Annual Assessment.—

3 The Board under date the 11th July, 1849 intimated their approval of Mr. Ouchterlony's Suggestion and directed him to take measures accordingly, and to report the results of his arrangement.

1 On the 12th September 1850 Mr. Parker in Submitting a Statement of applications

Names of Applicants	Whole extent of Lands applied for		
	Cawnies	Gds 12	feet
Mr. Parker Collector	9		900
Mr. Baynes Sessions Judge	6	20	1500
Mr. Clarke Sub Collector	10	1	300
The Revd. American Missionaries	2	7	2100
Total	28	18	.
Captain Horsley Civil Engineer	6	15	668
Grand Total	35	9	668

for lands from Mr. Parker and Mr. Baynes Captain Horsley and the Reverend the American Missionaries to the extent specified in the Margin, requested that he was not sufficiently informed of the wishes of Mr. Clarke as to a boundary to enable him to Submit an application for a Compound for him in his absence.—

5 He further for Reasons given by him recommended that the premiums should

should be fixed at 8 instead of at the 15 years purchase of the Assessment suggested in his letter of the 21st June 1849.—

6 In reply he was informed that the Board would authorize the sale of lands indicated to the parties in question at a price of 8 years Assessment so soon as some defined plan of the land was forwarded to them.—

7 On 13th December 1851 the Collector forwarded a Copy of a Sketch plan of the lands required and of a Statement shewing their extent, together with a report from the Sub Collector.

8 This Statement embraced the lands entered in the Statement furnished with Mr. Parker's letter of the 12th September 1850 with the lands since applied for by the Sub Collector Mr. Clarke.—

9 In his letter Mr. Parker supported recommendations made by the Sub Collector that all the lands in each Compound beyond one Cawney should be assessed at a uniform Rate of 1 Fanam per Cooly and that the lands applied for by the American Missionaries might be granted to them in one lot instead of two by conferring on them the Ground which intervened between the two houses.—

In

Fort St. Georgo 19th September 1853

10 In their Proceedings of the 1st March 1852 the Board of Revenue, as a temporary measure until the introduction of a regular Revenue Survey, authorized the Collector to assess at a uniform rate of 1 fanam per Cooly all the lands taken up as compounds for building in excess of the one Cawney chargeable at Rupees 2-4- a permitted or consolidated grant being made to the American Missionaries as recommended, and directed that the annual

Application	Lands applied for		Upset price

Total	35	9	668	325	14 .

rent of the several spots of land applied for as noted in the margin but more particularly described in the Statement which accompanied Mr. Parkers letter of the 13th December 1851 should be put up to Auction at the upset-price set opposite to each.—

11 In reply the Collector drew the attention of the Board to the approval of his Suggestion that the owners of houses on the Pudiney should be allowed to secure Compounds

Fort St. Georgo 19th September 1853

compounds without competition and arguing on the possibility of the proprietors of the houses being outbid at Auction, urged that as those houses had been built or commenced before there was any idea that such Rules as are entered in the Boards Manual would be framed, regard to equity would justify the Board in adhering to their former concession in regard to them.—

12 The Board explained the grounds on which they had issued their orders of the 1st March 1852 to put up to Auction the lands included in the Statement forwarded with Mr. Parkers letter of 13th December 1851 and called on Mr. Parker to point out the spots on which the Applicants would prefer paying the 15 years rent as purchase money to hazarding a public Auction.—

13 On the 10th April 1852 Mr. Parker drew the attention of the Board to the proceedings of the 11th November 1850 and adverted to the embarrassments to which he would be exposed if after having intimated to

to the parties the proposals contained in their proceedings he was obliged to draw back and offer them less advantageous terms.

14. On the 17th June 1852 the Board communicated to the Collector Col. Hamilton of Consultation of the 3rd June 1852 permitting the sale without prior competition of eighteen of the several spots of lands in question.—

15. In the 2nd Para of his letter of the 1st December 1852 the Collector in reporting the result of the auction sale of the lands applied for by Doctor Shotton solicited instruction as to the time when the demand of quit rent should commence on account of this and other holdings of which though in possession of the applicants no lands have yet been given owing to no plans being ready to attach to them and remarked, that the parties having taken possession it seemed that payment of quit rent should begin from the commencement of the Fusly next succeeding the time of the Boards acceptance of the offer being intimated to them.—

16. In submitting Mr. Parker's

letter to Government the Board expressed their opinion that the demands for quit rent should commence from the date parties were put in possession of the lands and not from the commencement of the Fusly next succeeding the time of the acceptance of the offer as intimated to them, and in this view the Government expressed their concurrence.—

17. On the receipt of their decision conveyed in the Proceedings of the 31st January 1853 Mr. Parker addressed a letter to each of the parties named in the margin and called on them to inform him when they first obtained possession, as the Records did not enable him to determine this point.—

18. The Reverend Mr. Muzzy in behalf of the American Board of Missions represents that Mr. Parker's letter of the 1st April 1853 is the first formal Official information they have received of the lands having been granted to them by the Government and

and states that the Professor Commenced building on the Hills in April 1848 under the assurance that under they Received a Grant, no Rent would in all probability be demanded of them for the land occupied by their houses, and he argues with much force that it does not seem equitable that they should be called to pay for the lands occupied by them on the terms laid down in the Manual from a date previous to the promulgation of that Manual; he further claims some indulgence towards the Professionaries for their having been the first to build on the Hills.—

19. It does not appear to me that the Boards decision of the 23d December 1852 had reference to or contemplated the cases of the parties reported on in Mr Parkin's letter of the 2d June 1849 but was rather a prospective Rule intended to apply to all future Applicants or occupants of lands; but I believe that Mr Parkin intended to refer the cases of the former in the words and other holdings for which though in possession of the Applicants no Leases had yet been given

Though

20 Though the houses of the Reverend the American Missionaries were erected so far back as 1845, and those of Mr. Baynes and Mr. Clarke in 1848 and that of Mr. Parker in 1849 yet the Compounds of Mr. Baynes and Mr. Parker were not measured out to them till September 1850, those of Mr. Clarke and the Reverend American Missionaries till November 1851. The Resolution of the Board to grant them the lands applied for was not recorded till the 1st March 1852 and that of Government was not recorded till the 3d June following.—

21. The Rules under which the lands are now held were not submitted to Government until the 26th November 1849 and were not communicated to the Collector of Madura till the 7th January 1850.—

22. Under these circumstances it does not appear to me that the date from which the Missionaries should be called on to pay for their Compounds should be earlier than the 12th July 1852 or from the Commencement of Fusly 1262

a

Fort St. George 19th September 1853.

exd mr. Conolly's letter dated 6th June 1853 & Govt. Proc. 23rd June 1853 No. 1661 & 1662 & mr. Cs. letter dated 3 Sept. 1853

a few days after the date on which the Sanction of Government authorizing their being put in possession of the lands applied for was communicated to them. I deem it proper here to observe that the Reverend Mr. Muzzy is in error in stating that Mr. Parkers letter of the 1st April 1853 was the first formal information the Missionaries had received of the lands having been granted to them by the Government as stated above. A Notice was duly given to all applicant residents at Madura on the 30th June 1852 by a Circular and a letter written to those more distant.—

Rec'd 11th Sept. 1853

23. Should however the Board consider that the Missionaries are duly chargeable with rent from the time they commenced building on the Hill, I would solicit their instructions as to the period from which such charge is to commence; and the rate at which it is to be fixed.—

Can this be done?

24. Until the application to the Pulney Hills of the Rules contained in the Board's Proceedings of 9th January 1850 the land at Kodicanel had never been

Fort St. George 19th September 1853.

been taxed and the highest Rated were Ponjah cultivation on the upper range of the Hills was only paying a tax of 2 fanams per Coly such lands as that held by the Missionaries could only realize 1 fanam per Coly.—

25. As the Missionaries up to the 30th June 1852. could not be considered in real possession of any larger extent of land than that on which their houses actually stood, it does not seem equitable they should be chargeable for any larger quantity till that date, or that before the end of January 1850, the time by which the Rules of the Manual were calculated at Madura they should pay a higher rate for their land than would have been paid by any Native occupiers of it. From February 1850. it may perhaps be ruled they should pay at the rate of 5 Rupees per annum for the land on which their buildings stood, which it has been shewn was less than one Cawney.—

26. If any date anterior to the 12th July 1853. is to be fixed on for the payment of the land, not included in the first or building plot I would submit whether any date earlier than the 1st March 1852. on which the Board declare themselves prepared to order the land to be sold can with justice be selected, but the difference between these dates is so very trifling that.

that I question whether the Board would be disposed on account of the small amount of Revenue involved to press the point.—

27. Should the Board however consider the Missionaries chargeable with simple land tax from April 1845 to January 1850, and from February 1850 with 5 Rupees per annum for the land occupied by them on the principle laid in the 4th para of the Manual and with the whole tax from the 12th July 1853. I presume that Mr. Baynes, Mr. Parker, and myself would alike be chargeable with 5 Rupees annually for the ground occupied by our houses from February and for the whole amount of quit rent from the 12th July 1853.

28. Mr. Baynes and Mr. Parker certainly had their Compounds measured out to, and partly enclosed by them before Mr. Parker submitted his first Statement of application, but as the whole contents of the land actually enclosed and built on did not exceed one Cawney, it would seem desirable not to make any exception on their cases.—

29. Captain Horsley not having occupied his land, I presume his payment will only commence from the 12th July 1853.—

30. I take this opportunity of bri-

bringing to the notice of the Board that the measurement of the land made by Assistant Surveyor Bywater as laid down in his plan (copy of which is now submitted) differs greatly from the measurement made by the Surnums.— In one or two instances these differences are to be accounted for, in others I can only attribute them to the carelessness with which the first measurement must be presumed to have been made.—

31. In case of my Ground, a small slip of ground remained unoccupied between my boundary and Mr. Baynes' and between it and the road shewn by the dotted lines in the plan, these are now included in my property, and if the Board see no objection to the proposal, I solicit their Sanction for the difference being conferred on me.—

32. The difference in the amounts of Mr. Baynes' and Captain Horsley's land as shewn in the plan and as originally applied for is wholly one of measurement, the boundary marks are fixed and clearly defined and have never been altered, There is a great decrease in the amount of land granted by Government to Major Partridge and that shewn in the plan, this arises entirely from a difference in the measurement the extent of land had not been

Fort St. George 19th September 1853.

been altered, the boundaries were marked out and hedged in before the first measurements were made by the Village Curnum in 1852.—

See Mr. Parker's letter to Collector 24th June 1853.

33. Mr. Parker has submitted in application for a small addition of ground to complete his compound, and if the Board see no objection to the concession of this indulgence I beg leave to recommend it to their favorable consideration.—

34. There has been some great mistake in the extent of the land granted to the American Missionaries, and I have issued orders, to have the error corrected.—

Madura, 27th August 1853.

I have the honor to be Sir Your most obedient Servant

(Signed) T. Clarke
Acting Collector.—

No. 1.

No. 278.

2. The Lease will be delivered to you as soon as a plan of the ground has been prepared by an Assistant Overseer who has been sent to the Hill for that purpose.—

3. The Right Honorable the Governor in Council has directed that the demand for Quit rent should commence from the date on which the parties may be put into possession. I shall therefore be obliged by your informing me when you first obtained possession a circumstance of which there is nothing on the Records

Fort St. George 19th September 1853.

T. Clarke Esqre

Acting Collector

My Dear Sir,

I am sorry to say that I can find no copy of my reply, to your favor of the 1st of April No. 278 respecting the land on the Pulangy occupied by the American Mission, I will however, attempt to give the information required as fully as circumstances will permit.—

As to the time in which the Missionaries were put in possession of said land the letter to which, I am now replying contains, I think the only formal announcement, that the Government had granted their Petition for it. of course, it constitutes the authority for possession.—

By permission of the Collector and Sub Collector, they commenced their buildings there, in April 1845, and have occupied them at intervals since. They were then assured that until Government should pass some rules by which those lands could be held for the purpose of building and should give a Grant for them, no rent, in all probability, would be required for them.—

If however in consequence of this partial occupation it should be thought best to

Fort St. George 19th September 1853.

to fix the time of possession at an earlier date, we would suggest that it be not earlier than the publication of the Government rules, relating to the renting of this land. As regular possession could not well be given before the rules which form the conditions, upon which, that possession is obtained were passed and made known. Till that time not having possion of the land any further than was absolutely necessary to the occupancy of the buildings, the Mission made scarcely no improvements either in the land or houses consequently they did not enjoy the full benefit of either.—

Moreover they were also informed by the Collector at the time he granted the permission above referred to, that, as they were the first to commence buildings, in a place so difficultly of access, and so far from any inhabitants in all probability the benefit allowed to those who bring waste land under cultivation would be afforded to them.—

No. 2.

To,

The Acting Collector of

Madura

Sir,

By the Collector's letter of the 1st April last, I was informed that Government had been pleased to permit the sale to me of 9-12-900 Cawnies Grds Sq. Fts. of land on the Pulney Hills.-

You are aware that the greater portion of this extent consists of the side of a steep hill traversed by the public path to Oosambaray and that I cannot erect houses on this, without annoyance to the Public as well as to myself.-

I am therefore desirous of adding to my compound 8 Cawnies 21 Grounds 288 Sq. Fts. on the other side of the Hill and shall be obliged by your submitting the Application to Superior Authority. The addition may appear larger but the Hilly nature of the land does not admit of an annexation precisely equal to my wants.-

W. H. Bayley Esqre
Secretary to the Board of Revenue

Bd No. 2367.

From the Collector of Coimbatore

Sir,

In reply to the Board's Circular of the 27th June 1853, I have the honor to state for their information that the Hill rents, and other petty rents of that character, have been discontinued in this District, under the orders of Government. The only funds available for purposes of the nature referred to, are the Cart tax, Ferry Farms, and Fish rents, Amounting to Rupees 4494-13-3. in 1261. They are liable of course to fluctuation yearly and not permanent. their appropriation to the improvement of Roads, would be a great public benefit. they might be expended Judiciously, and half yearly Accounts of expenditure furnished to the Board, through the Civil Engineer, should this proposition be acceded to, and sanctioned by Government.

Fort St. George 19th September 1853

Read the following letter

No. 68.

59

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.

2d No. 2108.

From the Collector of Canara

Forwards for approval Immaleundy accounts prepared in New forms.

Sir,

I have the honor to acknowledge the Circular of the Board dated the 13th June forwarding new forms for the preparation of the annual Immaleundy accounts in supercession of those in which they have been hitherto furnished.

2. I have examined the several forms Received. They are generally applicable to districts in which the extent & of lands has been ascertained by an actual Survey and the assessment regulated upon it. This district has never yet been surveyed & it will therefore be impossible to furnish the several accounts required with strict Conformity to the forms Received.

3. I have however endeavoured to adhere to them wherever this is possible. I have had some of the accounts prepared according to the forms Received. A few have been drawn out in a modified form to suit the circumstances of this district. How ever it will be necessary to Continue in the forms hitherto used. I have prepared 26 accounts filling up a Line in

11251 Fort St. George 19th September 1853

in each and beg to send them for the approval of the Board - Any modification which the Board may wish to order suiting the circumstances of this district will be attended to in the preparation of these accounts -

4 The accounts for Fasly 1262 had been already commenced in my Office before the receipt of the Board's Circular now under acknowledgment - & as some time will be lost before these Revised forms are examined in the Board's office and their instructions are received, I think it will be advisable in order to avoid delay in the submission of my Summary Report that the accounts for Fasly 1262 should be sent up in the forms hitherto in use the new forms now proposed being introduced in the next Fasly. If however the Board are desirous that the new forms should be used immediately I shall endeavor to have the accounts prepared accordingly on receiving their instructions -

5- Five Inaganies of the Sondra Talooks being surveyed and a Ratewalle Berij fixed upon them with reference to the Survey

11252 Fort St. George 19th September 1853

*No 2

a separate account has been hitherto sent for this portion of the Sondra Talooks from Fasly 1257 This Conveys information of the Result of the annual Settlement Regulated upon that Survey & I think it will not be advisable to discontinue this Statement I therefore propose with the Board's Consent to send this in addition to the 26 accounts above referred to -

6. An account of Charges of all Sources of Revenue referred to in the Board's Circulars dated the 6th May & 26th August 1852 has been hitherto sent - No new forms for this has been received nor is any mention made of it in the letter, I therefore request that you will inform me whether this Returns should be continued as hitherto -

7 I beg to annex a list of accounts distinguishing such as can be furnished in the forms received, those which cannot be prepared & such as are proposed for submission in a modified form or in the forms hitherto in use -

Collectors Cutcherry
Mangalore,
4th August 6, 1853.

I have the honor to be
Sir
Your most obedient Servant
Signed T. C. Matthey
Collector

Ordered that the following letter be sent in reply.—

To.

The Collector of

Canara.

Bd No. 1970.

To the Collector of Canara.—

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 1st August 1853: and in reply to inform you that they approve, with the following modifications, the proposed forms of Summabundy accounts submitted by you.—

2. In enclosure B of Statement No. 3 the Mooly and Gheny Nurgs are alone shewn, whereas from Statement No. 4 it is observed that Puttahs are distributed to the Coomery and Huckle ryots, these items therefore should be exhibited not only in Enclosure B above referred to but also in Statement No. 5.—

3. Statement No. 3 exhibits in the gross all works of irrigation, both those in good order and those out of repair the former only should be entered in the body of the Statement the latter being exhibited in the Column of Remarks.—

4. Statement No. 7 shews merely the amount of Berij without giving the extent of land. In Column 9 the ready money allowances made at the Summabundy are given in addition to the Jaury Enams, whereas the latter item alone should be exhibited in this Column and the ready money allowances detailed in Statements 9 and 11.—

5. Statements Nos. 14 and 15 need not be prepared at Talookwar but they may be made to shew the number of years the Cowles extend with the rates of instalements.—

6. With reference to the remarks contained in para 6 a new form for the exhibition of Charges is herewith sent.—

7. It is requested that the original numbers marked on the Board's forms may be retained, the District number being noted underneath thus.—

this might be done and they approve of the form of Notice submitted by Mr. Stokes. The Excise on Rum would amount to about Rupees 2 : 14 per Gallon. —

3. Mr. Stokes suggests that an application be made to the Medical Board, and Superintendant of Police respectively, to ascertain whether, if his proposition is approved of its adoption would, in their judgment, be prejudicial either to the health or order of the Town. —

From Govt. 20th in Cons 29th July 1853

4. It is observed that very recently the Medical Board have pronounced Rum to be less prejudicial to the Constitution of Europeans than Arrack, and it is believed that it will not have a contrary effect upon the constitution of Natives. The use of this liquor will not interfere with the good order of the Town any more than Arrack it would therefore seem hardly necessary to make any reference either to the Medical Board or Superintendant of Police : on this subject. —

From Coll. 26th Augt. 1857 No 3. in Cons 25th September

5. The Rum if supplied, will be pale & not less than a year old in wood. —

Secretary to the

Board of Revenue.

Sir,

With reference to the Correspondence noted in the Margin, I have the honor to enclose a Copy and Translation of a Razenamah signed in my Presence by Comarasawmy Moodelly and Carpagammall, and countersigned by Amay, agreeing to the transfer of the Salt compensation Certificate No. 32 to the name of Comarasawmy Moodelly.

2. It will be observed from the former correspondence that the Certificate now stands in the name of Ghereappah Moodelly, Comarasawmy's father Carpagammal is the widow of Cundappa Moodelly and Grand mother and Guardian of Amay under these circumstances I beg the sanction of the Board for altering the registry accordingly and paying to Comarasawmy Moodelly the

No. 1. Tamil

No. 2.

This Razinamah is executed on the 25th August 1853. in the presence of H. Stokes Esq^r by us M. Karpagammall, the Widow of Cundapah Moodelly, and Grand Mother and Guardian of the Minor Ammoi, and Comarasawmy Moodelly son of the late V. Girriappa Moodelly.

V. Girriapah Moodelly mortgaged to Cundapah Moodelly the Compensation Certificate No. 32 standing in his name which was granted for the suppression of the Manufacture of Salt in 1/8 belonging to him.-

Mr. Ellis late Assistant Collector in charge addressed the Board on the subject of the claim preferred in 1833 by Ramanbala Moodelly the son of the late Cundapah Moodelly and recommended that the Certificate should be renewed in the name of Ammoi daughter of the aforesaid Ramanbala Moodelly with payment of arrears.-

The Government having objected to this course, it was decided that pending an amicable

Fort St. George 19th September 1853.

amicable Settlement by the respective claimants or the production of a decree passed by a competent Court the Certificate should not be renewed nor payment of any monies made.-

I Comarasawmy Moodelly Son of Girappa Moodelly hereby declare that I have liquidated the debt due on the Certificate and settled with M Karpaga Ummall the grandmother and guardian of ammoi who is under age and have obtained possession of all the documents.-

We the under signed accordingly declare that the said Compensation Certificate may be renewed in the name of Comara samy Moodelly and the arrears made over to him.-

To this end we do of our own free will and consent execute and give in this Razinamah

/Marked/ Karpagam. Ammall
/Signed/ Comarasawmy Moodelly.
/Signed/ H. Stokes.
Acting Collector.-

As the balance due to me has been discharged as stated in the above writing, I consent to the acts of my Grandmother Karpaga Ammall on my behalf.

From the Acting Collr. of Madras

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue

Sir,

1. I have the honor to request the advice of the Board as to the best way of meeting the great and growing inconveniences I experience

Fort St. George 19th September 1853.

experienced in this Office by the number of Subpoenas from the Supreme Court and Courts of small causes addressed to myself and Subordinates to attend with the records of the Registration Department. It not unfrequently happens as is the case this day, that both the register and Deputy Register are called away on this account and the subpoenas are frequently served only the day before, sometimes the very day the evidence is required, thereby putting a stop to the work in the Registration Department however urgent it may be.—

2. As except in application for Certificates still pending this Office contains for the most part the Copies or registries of documents, the Originals of which are in possession of the parties concerned, I cannot but think that in the majority of cases the references to this Office might be avoided, and to prevent the unnecessary interruption of Public business I would suggest that parties taking out subpoenas be required to refund to this Department the pay of the Servants for each day they are so employed.— If the Board approve of this suggestion a reference may be made the Company's Law Officers to know whether it

Fort St. George 19th September 1853.

it can be carried out. If it cannot now I think that in all cases notice of not less than three days should be allowed in each Summons.—

Madras, 30th August 1853. } /Signed/ B. Stokes
Acting Collector.

Ordered that the foregoing letter be submitted with the following address.

No. 433.

To,
The Chief Secretary to
Government
Sir,

(67-68)

Bd. No. 1988.

To the Chief Secretary to Government.

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council, the accompanying letter from the acting Collector of Madras, pointing out the inconvenience to which his Office is subjected by the number of Subpoenas from the Supreme Court, and Courts of Small Causes, addressed to himself and subordinates, to attend with the Records of the Registration Department.

30 Aug. Subpoenas 19 Sept.

2. Mr. Stokes states that it not unfrequently happens that both the Register and his Deputy are called away on this account and the Subpoenas are frequently served only

Fort St. George 19th September 1853.

only the day before, sometimes the very day the evidence is required; thereby putting a stop to the work in the Registration Department however urgent it may be.—

3. Mr. Stokes suggests that parties taking out subpoenas be required to refund to his Department the pay of the Servants for each day they are so employed. The Board doubt whether the Judges would sanction such a proposition, as the principle would apply to all cases, every witness being more or less engaged in some occupation from which he is withdrawn to give evidence. His second suggestion that notice of not less than three days should be allowed in each Summons is however very reasonable, and the Board would submit for the consideration of Government whether its Law Officers might not be instructed to submit a request in the several Courts that Orders to this effect be issued by the Judges to their ministerial Officers. It might also be requested that both the Register and his Deputy be not withdrawn from the Office on the same day.—

No. 1950

To the Collector of
Madura Pattern-Stamps
Salem, Chittoor
Vizagapatam, Canara
and to the Agent at Ganjam

Sir,

I am directed by the Board
of Revenue to request that Government
be so good as to authorize the dis-

and Balance Musters for the Fasly Year

11th July 1853, and to state from the 12th to the

31st of the same months, both of which are

now in the same line &c.

To The Collector of Cuddalore.

Sir,

It is stated in your Endorsement on Petition No. 1188 of 1853, that Mahumudy the 3d of 5 Sons of the late Shroff of Cuddalore Vn Villayen, Cast to the exclusion of his brothers, been placed by the late Collector in possession of the Putteh Meerassy of Cuddalore, having before obtained from his Father Shares in two other Villages. The Board cannot approve of this decision and request that you will suggest some other arrangement by which a more equitable division of the Family Emoluments may be made without impediment to the duties of the Office.

2. It is not clear to the Board to what Office the Emoluments belonging to the late Shroff's Emoluments, which are now claimed by Mr. Forbes's Endorsement dated 24th August 1853 it is desired should be transferred.

Revenue Board Office, Fort St. George, 19th Sept. 1853.

80

To The Agent to the Governor at Kurnool

Sir,

On receiving the Report for the Settlement of your District for Fasly 1261, which reached this Office two Months after the termination of the subsequent Fasly the Board have remarked with Surprise that you offer no explanation as to the cause of this great delay. I am now desired to request that you will submit the reasons which have retarded the transmission of the Report in question, and that you will state further at what period the Board may expect to receive your Report now due for Fasly 1262.

Madras 26th August 1853

/Signed/ H. Stokes
Acting Collector

No. 1. Tamil
No. 2.

This Razinamah is executed on the 25th August 1853. in the presence of H. Stokes Esqr by us M. Karpagammall, the Widow of Cundapah Moodelly, and Grand Mother and Guardian of the Minor ammoi, and Comarasawmy Moodelly son of the late V. Girriappa Moodelly.

V. Girriapah Moodelly mortgaged to Cundapah Moodelly the Compensation Certificate No. 32 standing in his name which was granted for the suppression of the Manufacture of Salt in 1/8 belonging to him.-

Mr. Ellis late Assistant Collector in charge addressed the Board on the subject of the claim preferred in 1833 by Ponnambala Moodelly the son of the late Cundapah Moodelly and recommended that the Certificate should be renewed in the name of ammoi a daughter of the aforesaid Ponnambala Moodelly with payment of arrears.-

The Government having objected to this course, it was decided that pending an amicable

Fort St. George 19th September 1853.

amicable Settlement by the respective claimants or the production of a decree passed by a competent Court the Certificate should not be renewed nor payment of any monies made.-

I Comarasawmy Moodelly Son of Girappa Moodelly hereby declare that I have liquidated the debt due on the Certificate and settled with M Karpaga Ummall the grandmother and guardian of ammoi who is under age and have obtained possession of all the documents.-

We the under signed accordingly declare that the said Compensation Certificate may be renewed in the name of Comara samy Moodelly and the arrears made over to him.-

To this end we do of our own free will and consent execute and give in this Razinamah

/Marked/ Karpagam. Ummall
/Signed/ Comarasawmy Moodelly.
/Signed/ H. Stokes.
Acting Collector.-

As the balance due to me has been discharged as stated in the above writing, I consent to the acts of my Grandmother Karpaga Ummall on my behalf.
