the head doubtful Rupees 199-9-1- have not been Collected pending an enquiry into the complaint preferred by certain Ryots who Cultivated the Duswendum Enam which was attached in consequence of the Duswendum and having failed to repair a Tank at Pooroomanillah, and Rupees 135 are due by certain Villagers on account of fine imposed on them for Concealment of land—

Of the amount entered

46.

under the head Fusle Enams Rupees 836-12-0- are outstanding against the Village of Budwail of which Rupees 303-3-11- has been Collected, but placed at the Credit of the balance of Revenue and Moturpha due for Fusles 1256-57 and 58 which has since been ordered to be Collected from the Ryots from whom it is actually due and Credited to Fusle Enam- Rupees 65-13-5- being due from persons deceased, emigrated and Empoverished Vca they are added to Rupees 313-12-10- entered under the head irrecoverable, and the remaining Rupees 237-6-3- included in Rupees 656-14-1- under the head recoverable—

For

47 For the total amount of the irrecoverable balance Viz^t. Rupees 13858 – 1 – 3; an account particulars has been transmitted –

48. The following Statement will exhibit the balance of Maramut Tuffrick due on Enam lands together with the amount recoverable and irrecoverable –

49. The above Statement shews a large balance of Tufferic, or the Share due by the Enamdars for repairs executed to the Tanks in the Sub Division particularly in the Talook of Budwail. This is principally owing to the high fixed Quit Rent on Layem Jodi Enams

8782 Fort St. George 26th June 1851.

the Amount of which is Collected, whether the land is left waste either thro' neglect or want of water, or other unfavorable circumstances. The Quit rent is so high as hardly to remunerate the holders of the Enam. The former Sub Collectors since Fasly 1231 considered that the Collection of it was oppressive to the Enamdars, and ordered the discontinuance of the Collection. Persons holding both Sunna and Layem Jodi Enam lands have been compelled to pay the Tufferic of the latter from the produce of the former. On certain Sunna Enams the Tufferic has not been levied on account of one portion being left waste and another flooded &c^a. It is requested that orders be issued for writing off the Amount of Rupees 13,100 – 15 – as irrecoverable and that

that in future the Kayem Jodi Enam-
dars may be exempted from Manamut
Tufferic in the Badwail Talook—

50 The season may be
considered unhealthy, small Pox and
ague prevailed to a considerable ex-
extent and many persons fell vic
tims to Cholera throughout the
Sub Division particularly at the
commencement of the Fasly—

51 For Cattle and
Sheep the pasture being insufficient
many have died from the di-
diseases incedental to them—

52 In conclusion I beg
to bring to the notice of the
Board of Revenue the Conduct
of my Sheristadar Kunchana-
pully Kristnarow, who conti-
nues to support the high
character

character bestowed upon him by
his former Employers, prior to
his joining the Sub Division
since which time there has been
a gradual increase in the Revenues
of the three Talooks owing to the
strict manner the Accounts have
been inspected and I have not
met with a person who studied
the interests of the Ryots without
losing sight of the interest of
Government

Proceedings thereon.-1

Ordered to be recorded-

Read again return of suspensions &c. from the Collector of Salem dated 13th and entered in Consultation 19th June 1851.-

33.

The only instance of suspensions recorded in the foregoing Return is that of Nullya gounden, Palanyaala gounden and Coman gounden Joint Monigars and Moonsiffs of Mootoor &c. Four Villages in the Sankerry Droog Taluk who were all removed from Office in consequence "of continual feuds between the "1st and 2d who are brothers, and the aid given "by the 3d to the 1st by which their duties are "neglected and party quarrels occasioned amongst "the rest of the Villagers," and it is stated that a person unconnected with the Village has been appointed to carry on their duties for a while.-

2- It does not appear whether this person is now resident in the Village, but if not, the Board observe that the appointment of a non resident is contrary to the provisions of Section III Regulation IV of 1816, and they therefore request that the Collector will make some other arrangements for the

Management of the duties in those Villages.-

Bd. No. 1367.

From the Register to the Court of Sudr Udalut.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 17th April 1851, requesting to be informed whether any Judicial arrangements are necessary in consequence of the transfer of the Pattoor Estate from the District of Salem to that of Trichinopoly, I am directed by the Judges of the Sudr Udalut to intimate that they have resolved to transfer the said Estate from the Jurisdiction of the District Moonsiff of Namcul in the Zillah of Salem to that of the District Moonsiff of Torriore in the Zillah of Trichinopoly.-

2- I am desired to add that with reference to the concluding part of para 1 of the Extract from the Minutes of Consultation

under date the 17th April 1851 No. 382. the Judges have this day forwarded to Government a Notification of the transfer for publication in the Official Gazette, and that the necessary instructions have been issued to the Civil and Session Judges of Salem and Trichinopoly.—

From the Collector of Tanjore,

Sir,

1. In reply to

Proceedings of the Board of Revenue under date the 20th February 1851 No. 140. together with Extract from the Minutes of Consultation of the 11th I have the honor to report that the Maniendar alluded to therein, has this day been interrogated as to the cause of his not claiming the payment of his allowance for 5 years, and from his replies it appears, that Four years ago he left this part of the Country for Mysore where after Two years residence he fell sick, and was compelled to remain at Bangalore for upwards of a year longer, after which time he reached Seerungum / where he resides / in bad health and was unable from this cause to appear and claim his allowance, besides the account given of himself by the party, there is no evidence to prove its correctness. but from his present delicate and emaciated appearance there seems good ground for crediting his Statement.—

Proceedings. - 1.

The Settlement was conducted by the Managers upon the usual principles ruling in this Estate and was exclusive of the Cuttanoor Division, which was made over to its former Proprietor agreeably to the decree of the Sudr Udalut. The date of the transfer is not stated nor has an account been furnished shewing the particulars of adjustment with the sub Division, which information the Collector will be pleased to supply. -

2. In a Statement submitted by the Collector under date 23d April 1822

In Cons: 2d May 1822. the Villages comprising the

were estimated, according to the accounts then sent in by the Curnums at about half their present revenue, and the proportion of Peshcush calculated accordingly. -

10,335 Rupees -

20,657 Rupees -

The Collector at that time did

3. not participate in the objections raised against the correctness of these accounts, but those suspicions would now appear, as the Collector remarks, "not to be without foundation." -

Para 8.

The year was again unfavorable

Para 4. 4. for Punjah from the same causes which operated in Fusly 1258 Viz. the failure of the Monsoon and insufficient supply of water in the Vyghy, together with the additional drawback of a low average outturn on the crops which came to maturity, whereas in the previous year, the yield had been abundant. Prices were also lower occasioned by the

Para 5. surplus on hand of the former year, and a plentiful harvest in Tanjore. -

A comparison of the Cultivation

The

6. The decrease in Nunjah was 1858 chays and the increase in Poonjah 1868 Kooroomms. It is requested that the local measurements be always converted into Cawnies.

7. The Statement in Para 6 gives the Money results of the Settlement, shewing a net decrease of 64983 Rupees, or deducting the revenue /20651/ of Cuttanoor 44,331 as compared with the beriz of Fusly 1258, and occurred all under the receipts from Nunjah.

Fusly 1258- 409215.
Fusly 1259- 344883.
Rupees 44332.

Para 7.

8. In this Para the decrease in Nunjah in the Villages common to both Fusleis is estimated at 53687 but this is an error, arising from the real amount 229648 Rupees plus the Nunjah Beriz of the assumed Villages /229648 + 13148 = 242796./ instead of being taken at the first mentioned sum. The actual decrease is 40539 Rupees.

1258- 229648.
1259- 189108.
Decrease. 440540.

9. It is stated in Para 9 that the 37¼ Villages alienated by the late Zemindar have been this year carried to the Ayen account with the exception of two which are named. In the

to have been restored to the Cowldars, and the Court of Wards would wish explanation on this discrepancy.

It is remarked that of the

10. Demand /364883/ the Collections within the Fusly amounted to only 137372 Rupees and subsequently 11271 leaving a balance at the end of January 1857 of 114939 Rupees. The Court observe that of the revenues received in kind but about 1 per % was realized within the Fusly, and even that small proportion confined to 6 out of the 14 Talooks.

Enclosure 4.

B dy Rs. 22 c.
July 1850.
Para 8.

To the System before detailed

11. obtaining in this Estate for the disposal of produce is doubtless to be attributed this tardy realization of its resources.

The application of a remedy

12. does not appear immediate, or until the future possession of this Estate is finally decided. This question is now before the Sudr Udalut on appeal and if adjudicated in favor of the present holder the Collector will propose

on Fusly 1258- In the meantime he has judiciously brought before the ryots the probability of a more regular Settlement being adopted.-

13- The amount of Peishcush is 2,67,500 of which 1,53,880 Rupees were collected upto 31st January 1857 leaving 1,08,619 still due.-

14- The arrears of the previous Enclosure 10. Fuslys are detailed in Para 14 and amount to 24,309 Rupees.-

15- An account particular of former Fuslies should have been furnished as also the In Corr: 21st March 1850 promised report on the 13-16 Villages resumed in Para 20. Fusly 1258.-

16- The progress as reported made by the Young Zemindar in his education is satisfactory and will it may be presumed, be further assisted by the vicinity of his future residence to that of the Collector.-

Translate of a Plaint in O. S. No. 50 of 1857 on the file of the Subordinate Court at Madura dated 15th February 1857 instituted by Sooba Sara=sier Vakeel on behalf of

Plaintiff	Versus.	Defendants.
1. Nachear Ammal widow of the late Teroomala Rumbee a Stanee gunn of the Allagherry Deewa=stanum and residing at Vanidoo Murdoon in Moyloor aged 25 years.		1. R. D. Parker Esqre Collector of Madura.
2. Shadagopa Butter her Manager and guardian son of Kalamaiya Butter at Tiroomagoor and aged 35 years.		2. Vencut Row Son of Soobah Row residing at Madura.

This is an action for a

Fort St. George 26th June 1851.

Decree for incorporation as heretofore of 61 2/16 Goolies of Malagazary Nunjah land of the aggregate value of 122 Rupees together with a Tank situated in it, valued at 50 Rupees, with the Village of Punnagoody for enjoyment by the Plaintiffs of its Teerwah, amounting to Rupees 47-10-9 to exclusion of any concern on the part of Government, for recovery from Government of Rupees 27-14-- realized from the Plaintiffs and for prohibition from the 1st Defendant enforcing the intended Collection of Rupees 47-13-2 from the Plaintiffs. Total amount of Suit being Rupees 247-11-2.-

+ an apparent Error for Rupees 47-13-9.

1- The Village of Punnagoody bounded east by the Pettampully Tank appertaining to the Village of Carovanoor and Pereacolum in the said Talook, north by the limits of Vanvida Murdoor and Poolengolum, east by the limits of Achenpully and South by the limits of Colamangalum and Rayampully which belongs to the Stanieguan Meerassee of the Plaintiff

Fort St. George 26th June 1851.

husband in the above Devastanum called Tiroomala Numbee, consits of 36 10/16 cawnies of Nunjah and 646 11½/16 Goolies of Poonjah land as per ayacut account of Fusly 1215/1805 16 and is taxed with a quit rent of Rupees 24-8-4 per annum. The teerwa of the land calculated according to the cultivation of each year, was, like those of other Devastanum endowments, enjoyed through Government not only by the ancestors of the 1st Plaintiffs husband from Fusly 1212/1802 to Fusly 1229/1819 during which period it was under sequestration, and after them direct by the Plaintiffs husband from Fusly 1230 when it was made over to him, till his death without issue in 1836, but it has likewise been under Plaintiffs enjoyment till now.

2. During the time the above Village was under attachment as stated above, the then Collector in 1810 and 1816, granted in Cowle to the late Tarjhee Sheristadar Vencut Row, 5 63¾/16 Cawnies of land equal to 12½ Goolies out of the abovementioned 16 11/16 Goolies of the disputed land situated in the minor boundaries discribed below together with

with certain undisputed land, Describ-
-ing them to belong to the Punnagoody
Village. Moreover in 1826, 13 12 3/4/15 Goolies
of land were also granted in Cowle
to Palatey Gownden of Achenpatty
by Moottoosawmy Numbee adoptive
father of the 1st Plaintiffs husband
for Nunjah cultivation. From that
time forward the above named per-
-sons formed tanks and brought the
land under nunjah cultivation.
On the death of Vencut Row, his
heirs and the said Gownden were in enjoy-
-ment of their respective holdings
till last fusly, praying the tax to
Government in years during which
the Estate had been under sequestra-
-tion, and to the 1st Plaintiffs hus-
-band and others during Jary manage-
-ment, and receiving puttahs from
them respectively.

3.

In the Fusly 1254 / 1844 one Sun-
-ma Row of Velicheymattum presented
a petition to the Circar complaining
that the lands under litigation ap-
-pertain to the Ain Village of Thi-
-Roopettampatty

Talook and that the particulars thereof
are withheld from the accounts of that
Village. In pursuance of an order of the
Tahsildar to place in deposit in the Ta-
-look Treasury the Kist on the Disputed
lands for the above Fusly 1254 Viz. Rupees
27-14-0 Collected by the 1st Plaintiff
pending the result of enquiry into the
complaint in question, the sum was paid
accordingly by an Agent of the Plaintiffs.

Thereupon the Tahsildar

4.

enquired into the matter of the complaint,
measured the lands of both Villages and
clearly found that the Moogoo accounts
framed by the Circar on measurement
of the Punnagoody Village in Fusslies 1212.
and 1215 included the disputed land
also and that notwithstanding such
inclusion his measurement elicited
its extent to be a little below the
ayacut of Fusly 1215, but the 1st Defend-
-ant on the Turjee of the Thasildar
(the contents of which are not known)
issued an order to him under date
the 23d July 1850 without specification
in which of the accounts of the
two Villages the lands under litigation

were

were included in Fusly 1212. admitting their inclusion in the Aloogoo account of Fusly 1215 framed by the Circar on measurement of the Punnagoody Village under date the 13th July 1806 as well as their long and continued incorporation with Punnagoody and enjoyment by that Villagers to exclusion of any such occupancy on the part of the Ayin Villagers of Therkoopettampully and adding in defiance of his above admission and contrary to Justice that the lands under litigation are also included in the Aloogoo accounts of Therkoo pettampully for Fusly 1215 framed on measurements on the above mentioned 12th July 1806 and that inconsequence they should be incorporated with the latter Village and boundary marks fixed. In pursuance of this Order the Tasildar has in the current Fusly amalgamated the land in dispute and the tank under it with Thavoo Kumpully hamlet of Therkoopettampully which is under the enjoyment of the 2nd

and fixed boundary stones newly.

5. Moreover the 1st Defendant issued an order to the Tahsildar under date the 3rd January of the current year stating that the Circar has a right to the tax on the disputed land from the date of the Complaint alluded to above, and that with exception of Fusly 1254 for which Kist was paid by the 1st Plaintiff in the Talook as referred to in para 3 as well as Fusly 1259 in which the lands under litigation were left waste, the tax, Viz.t Rupees 47 13 2 from Fusly 1255 to 1258 levied by the 1st Plaintiff on the cultivated land inclusive of tax remitted by her on withered crops should be exacted from the 2d Plaintiff the manager of the 1st and from the Ryots who cultivated the lands in question. As in pursuance of this order the Tahsildar is endeavouring to levy the sum, the 1st Plaintiff the Duckdar of the Village and the 2d her manager instituted this suit for incorporation of the land under litigation and the tank under them with the Village of Punnagoody and for an injunction that

the

the tax thereon should be enjoyed by the Plaintiff to exclusion of any concern on the part of the Government.

6.- Particulars to be recovered: to the Plaintiffs from Defendants 23. 4½/16 Goolies of Nunjah land out of 61.11/16 Goolies bounded on the South by the Nunjah lands under Aumacolums in the Punnagoody Village of the Meyloor Talook and by the Punjah cultivation of Adaken on the west by the limits of Thavoothanpully hamlet of Therkoopettampully on the Northern extremity Pereacummay Tank of Caroovanoor on the north by the water spread of the above Tank and the Nunjah and some waste portion of Solamalayen in the limits of Punnagoody and on the east by the Punjah cultivation of Pereacurpatanen and Mootoocurpatanen which forms part of the Cowle lands of the abovementioned Vencut Row and by the limits of Achenpully Forty /40/ Cullums of Paddy annually derivable from the above 23 4½/16 Goolies, if cultivated by the mercal of the Village which

Draft of proposed Answer to the Plaint in O. S. No 50 of 1857 on behalf of R. D. Parker Esqre 1st Defendant and Collector of Madura.

The claim preferred in the Plaint is groundless for the following reasons.

The late Principal Collector in 1846 having received information that the Ryots of the Paroopoo Eanam Village of Punnagoody had encroached on the Government Village of Therkoopettampatty in the Meyloor Talook with the connivance of the Curnum of the latter, an examination was under his order made by the Tahsildar with reference to the Aloogoo or Survey account of Fusly 1215 / 1806-1806 From his report it appeared that the land in dispute is included in two Tracts of Poonjah waste consisting of 298½ Goolies, with well defined

Fort St George 26th June 1857.

boundaries which are entered under the abovementioned Iyen Village in accounts bearing date the 12th July 1806, and that the whole of the said two tracts, with exception of the land in dispute is in the enjoyment of Government Ryots. It is true that the land in dispute would also appear included in the Ayacut of Punnagoody Village, but it is remarkable that the date of the account of that Village is the 13th July 1806 a day later than that of the Ayen Village and it is evident that the latter entry arose either from mistake or /as is more probable/ from fraud and it includes other land belonging to the said 2 Tracts which have always paid tax to Government. It is submitted that the survey account of the ealiest date is that to be followed.

An inspection of the Survey accounts when produced in evidence and examination of the Village officers will satisfy the Court of the soundness of the Government claim. The fact of the land in dispute being included in the survey accounts of the Government Village of Therkoopettampatty is also admitted

2.

by

by the Nattamgar and Curnum of the Punnagoody Village.

3. It is true as stated in Para 2. that 53 3/16 Cawnies equal to 12½ Goolies, out of the land in dispute is included in Cowle for 23 6¾/16 in the Village of Punnagoody granted in 1810 by the Collector when incharge thereof to Vencut Row. But this only shews that the Collector was not then aware of the fraud which had been practised with the collusion of the Curnum of the Ayen Village.

4. The Plaintiff has not shewn how the Cowle alleged to have been granted to Palatia Gounden of Stelay enputty affects the case or whether it is included or not in the land under dispute.

Under the circumstances shewn above the 1st Defendant requests the Court to dismiss the Plaintiffs suit with costs.

B. No. 1232.

Proceedings thereon.

No. 263

Submitting a letter from the

The Suit is brought against the Collector and one Vencatrow by the widow of the late

the Collector of Madura reporting the institution of a Suit against himself and another for the recovery of certain Malagazary Nunjah land with a Tank situated in it & recommending that the Collector be authorized to put in the proposed answer which appears to constitute a sufficient defence and conduct the Suit at the public cost.

Acres
*1 Cawnies = 1-32
1 Goolies = about 5⅞ acres

Alagherry Devastanum jointly with her Manager and Guardian.

2. She avers that 61 11/16 Goolies of Nunjah land belonging to the Enam Village of Punnagoody the said Village being the Stanigum Meerassee of her husband has been unlawfully incorporated by the Collector in the ayen or Government Village of Sherkoopettam-putty. The entire Village of Punnagoody is stated to be 36 10/16 *Cawnies of Nunjah and 646 11/16 Goolies of Poonjah, paying a yearly Quit Rent of Rupees 24-84 to Government.

3. She states that with regard to the 61 11/16 Goolies in dispute it has been enjoyed by her husband's ancestors since 1802 and by him till his death in 1836, and since by herself. That whilst the Village was under sequestration from 1810 to 1816 the then Collector gave to the late Sar Jee Sheristadar Vencut row a Cowle for 12½ Goolies being a portion of the 61 11/16 now in dispute, and that the land was then described

discribed as "belonging to Punna
goody." That in 1820 Cowle was given
to one Palaien Gownden to the extent
of 13 12 3/4 16 Goolies by her husband's e--
father. The Board conclude that
she intends to shew that this land
was part of the 61/16 Cawnies and that
her husbands fathers right to give it on
Cowle was acknowledged.

4 In 1844 the land now under
litigation was claimed as belonging to
the Ayen Village of Therkoopettam
-putty, and Plaintiff was called
upon by the Collector to pay as a
Deposit into the Treasury the sum
of 27 14 - first collected by her
which money she now demands c--
back.

5. She states that on the
Tahsildar by order of the Collector
measuring the lands, and comparing
the Dolooqoo Accounts of her Village for
Fusslies 1212 and 1215/1803 and 1806/ the
land was found to belong to Punna-
goody - yet still the Collector in 1850
directed it to be incorporated into the

ayen Village on the ground that the land
was found to be entered in the Dolooqoo
accounts of that Village for Fusly 1215 and
moreover he now proposes her to pay the teerma
of 47—13—2 on the said land.

6. She sues for the recovery of the
land producing 122 Rupees yearly - for the
Value /50 Rupees/ of a Tank built by those who
took Cowle for the 27- 14 she was made to pay
in Deposit and for the annual teerma
47—13—2. Total 247 3/4 Rupees.

7. The Collector proposes in
his answer to shew that the late Collector
hearing in 1846 that the Punnagoody Ryots
had encroached on the lands of the Ayen Village
of Therkoopettampetty instituted an examin-
ination through the Tahsildar from whose
Report it appeared that the land is actually
part of 2 Tracts of Poonjah Wade entered as
298/p Goolies in the Dolooqoo accounts of the Ayen
Village dated 12th July 1806 and that the
whole of these 2 Tracts except the portion
encroached upon is in the enjoyment of

Government

Fort St George 26th June 1857

Government Ryots—Flee is ready to acknowledge that the disputed land is also entered in the ayacut account of Cunnagoody but the date of that account is 13th July 1806 or one day later than the account of the Ayen Village whence the Collector infers error or fraud especially as that account also includes the portions of the above mentioned two Poonjah Tracts which have always paid taxe to Government.

8. He proposes to submit the ayacut accounts in evidence as proof of the Government claim.

9. Flee acknowledges that the Collector did in 1810 when Pennagoody was under Zuft give Cowle to Vencut Row and described the land now part of that in dispute as Pennagoody land but this was because the Collector was then not aware of the fraud in which the Karnum of the Ayen Village had a share.

10. As the proposed answer appears to the Board to constitute a sufficient Defence, they recommend that the Collector be authorized to put in the answer and conduct the Defence at the Public cost.

Resolved that the letter above recorded be submitted for the orders of the Right Honorable the Governor in Council with the Board's recommendation that the Civil Auditor be authorized to admit the charge Amounting to Rupees 183-6-2 paid to certain informers of concealed cultivation under their authority dated 19th October 1848.

2. It would appear that the whole amount recovered was in this instance carried to the Credit of Government which therefore renders it necessary that their sanction should be obtained for the disbursement but it will be seen that by a subsequent order of the Board all such recoveries are directed to be held in deposit pending their orders.

Bd No. 1394

From the Sub Collr in charge of Coimbatore

I have the honor to acknowledge the

Affords explanation

explanation called for by the Board with reference to deposits and to the practice observed in the payment of Accountant General's Bills

the receipt of the Board's Circular of the 9th Instant requiring information whether any sums entered in the accounts as having been disbursed are kept in deposit in the District in separate chests under the responsibility of the Cash keeper and what practice is observed relative to Bills from the Office of the Accountant General.

2. The practice admitted to by the Board in paras 1 to 5 does not prevail in this District either with reference to the Huzzoor or Talook Treasuries and no money but what is entered in the accounts is permitted to be kept therein. The pay of the Talook Establishment however forms an exception. This in order to simplify the accounts is always debited in the next Month and forwarded to the Talookes in charge of the return sent bringing the remittances. In the case of those Talooks of which the

remittances do not reach the Huzzoor in time the amount of pay entered in the Books as having been disbursed is necessarily held in deposit for a few days being so entered in all the local accounts but not in those transmitted to the authorities at the Presidency such instances however are so few that they do not appear to have been productive of inconvenience or confusion in the Public Accounts.

3. Adverting to Bills from the Office of the Accountant General I would observe that the calculation of their period of maturity commences from the day of their presentation at the Treasury should the Collector happen to be out in the District the date on which such Bills were produced is noted on the face of them and they are forwarded to the Collector for acceptance they are then signed and returned to the Treasury accompanied by

by a written order from the Collector for their payment when at maturity. If the Collector is at a great distance from the Head Quarters so as to preclude the possibility of obtaining his Order for payment within the period at which the bill becomes due the payment is made when due by the Cash keeper and the same reported to the Collector for his information with a Takeed bearing the date of payment which is signed and recorded in evidence of the disbursement. These cases however have occurred very rarely certainly not more than twice during the year.

4. All sums not required for Current expenses are placed in separate Chests under lock and Seal, the Keys of which are kept by the Collector. The amount retained in the "Current Chests" under the responsibility of the Cash Keeper does not exceed 50,000 Rupees during the Months in which the Land Revenue Collections are received into the Treasury but in the other portion of

of the year viz. from July to October, it amounts to as much as a lac of Rupees. This compared with the extent of the responsibility of the Cash keeper may perhaps be considered large but the frequent drafts on this Treasury render such an arrangement necessary the Monthly remittances to the Neilgherries on account of the pay of the Civil and Military Officers alone amounting to between 30 and 40,000 Rupees besides various Ordinary demands for Bill &c.

Sir,

I have the honor to submit for the approval of the Board of Revenue the tenders of the Rent of the Ale Karry farm of this District for the ensuing fusly 1261 1851/52 the Net Increase being Rupees 4586-8-— The rent of the Mangalore Salook has been confirmed to the Soddy drawers as in the previous fusles with reference to the recommendation of Mr. Blane in their favor in his letter dated the 24th June 1848 and the Contract from the Proceedings of the Board dated the 3rd July of the same year.

2 The contract was put up to auction among the Soddy drawers only, but as they failed to bid up to the amount of last year's contract, I refused to propose to the Board that their offers should be accepted, as there was no reason why the revenues of the Cusbah should decline at the same time that those of the district generally were advancing. They have subsequently offered the amount of the Revenue of last year upon the four divisions of the Salook in proportion to their productiveness during last year, and their proposal to farm the contract upon those terms will I trust be accepted by the Board.

3 As it is necessary that the rents should be put in possession of the several Renters at the close of the current fusly I request that early sanction may be granted.

From the Sect. to Government observations respecting the settlement of the Land Revenue of the District of Kurnool for Fusly 1259.

Read the following Extracts

No 593.

Extract from the Minutes of Consultation Revenue Department under date the 17th June 1851.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 1st May 1851 No 190)

Para 1 Owing to the heavy and continuous rains during the opening months of Fusly 1259 1849/50 to the great threat which followed, and to the ravages of insects, the cultivating season in Kurnool was very unfavorable. Hence although the Villavarae or cultivation engagements exceeded those of the previous year

year by 20,718 Acres assessed at Rupees 11,604 the actual Settlement of Fusly 1259 fell below that of Fusly $\frac{1258}{1848/49}$ in the sum of Rupees 19,361. It is however to be noted that Fusly 1258 was the best year on record and that the outturn of Fusly $\frac{1259}{1849/50}$ was considerably above the average.

2. The prices of the different sorts of paddy were lower than in Fusly 1258. The prices of the dry grains show an improvement, but do not vary much from the average rates of the three last years.

3 The net settlement of the land revenue in Kurnool for Fusly 1259 amounted to Rupees 6,95,492-11-4 and was composed of the following heads.

	Rs	a	p
Villavaree or Cultivation Engagements	6,63,686	8	4
Deduct Cabooleaty Bunjer	11,742	13	11
Gross Settlement	6,51,943	11	5

Bd's Pro. Para 7.

The assessment on the land engaged for but left waste amounted to Rupees 27,411, of which Rupees 13,668 were charged and the remainder, Rupees 14,743, remitted. Of the entire amount of the waste Rupees 24,517 was on account of dry lands which was more than double that of any of the preceding four years. The proportion of this sum which the ryots were required to pay was Rupees 12,189 or considerably above that levied in the preceding and more favorable Fusly 1258. Looking to the very unpropitious character of the season, and to the fact that the land had been left uncultivated from causes beyond the control of the ryots the Board state that they would not have objected if a further extent of this waste land had been struck out of the account. This mere passing notice of the overcharge after it had been enforced appears to the Government to be below what the emergency called for. It seems that the Board gave a wide discretion to the Agent and that he might have made much more liberal allowance under it. The Government are

Fort St George 30th June 1851

are of opinion that the Board should have required information from time to time of the manner in which he was proceeding under their instructions, in order that if he appeared to be acting more stringently than they approved, he might have been checked before it was too late. The Government think also that when the Board saw occasion in reviewing the settlement ultimately to make the remark quoted above they should have stated for the instruction of the present agent, the extent to which they would have carried the remission of waste under the circumstances of the season. whether they would have altogether laid aside for the time the Rules for charging waste, or how far they would have restricted their application. The Board should also have considered and given their opinion whether the over stringency of which they disapproved could still be in any way and in any degree remedied.

Rs 2,1331.

5 Nearly the whole of the remissions on the cultivated land

Fort St George 30th June 1851

were given on account of the failure of dry crops. an indulgence allowed by the Board of Revenue in consequence of the peculiarly disastrous nature of the season for that description of cultivation. The first Estimate of loss was Rupees 35,690. but it was subsequently reduced to Rupees 26,791 of which Rupees 20,277 was remitted and the rest 6,514 charged. The remission however would seem to have been given upon the Rubbee or 2d crop only. altho the first crop must also have suffered severely. In their Proceedings of 14th January 1850 the Board when authorizing the late Agent to grant remissions for the failure of Poonjah cultivation did not as already remarked prescribe any specific instructions for his guidance. The true principle on which such remissions should be regulated has frequently been laid down by Government viz, that they should not be determined on the outturn of any particular field or fields or even of any particular description of cultivation. but upon the yield of the ryots entire holding and on consideration of produce and price

Fort St George 30th June 1851.

price. It would seem from what is stated in Para 13 of the Report that the principle was not acted on by the late Agent. Reference is made in the conclusion of that Para to "the means of the ryot, the extent of Cranam land held by him and other considerations being kept in view" but this is not borne out by Statement 18 appended to the report and meant to exhibit the mode in which the remissions were calculated. The course which would appear to have been followed was to charge full tax on all fields in which the value of the crop was estimated to be equal to half the assessment and when it was less to carry the whole value of the produce to account and give up the remaining balance.

6 The remissions appear to have been very unequally distributed and to have borne different proportions to the extent of ascertained loss in different Saloks More than half of the whole sum remitted was in the Goodoor Salook where the remission was above 4/5th of the loss. Of the remainder half was granted in Nundicootoor where the rates of remission to loss was nearly

+ Rs 12,545

Fort St George 30th June 1851

the same as in Goodoor. But in Ateoor out of a loss of Rupees 1805 only Rupees 253 or somewhat above a seventh was allowed and in chagulmoory no remissions were granted nor apparently accounts of loss taken, though this Salook must have suffered at least as much as the others, and had for some years been in a depressed condition. The settlement of it is stated to have been made with much rapidity. The reasons for this is not apparent as Mr Phillips was left to make his own arrangements for giving over charge of the District, and did not quit it until the 24th June. A copy of those parts of the present Agents report, and of their own review of it which relate to his proceedings in connection with the settlement of Fusly 1259 have, it is observed, been communicated to Mr Phillips who will doubtless feel it incumbent upon him to afford explanation which the Board will lay before Government with their own remarks

7. The present Agent appears to be of opinion that it would have been well had a larger measure of relief been afforded to the ryots in the Fusly on which he expresses his apprehensions that the effect

Para 16. effect of the season will long be severely felt especially in the dragulmurry Talook. The Government will much regret if the public demand for Fusly 1259 has been prefsed with undue stringency. It appears advisable to remit the whole of the balance of Fusly 1259 except what is due by wilful defaulters particularly in the dragulmurry Talook, and the Government direct that this course be followed and the total remission be at once sanctioned unless the late Agent shall in the opinion of the Board show sufficient grounds for his proceeding in the explanation which he has been called upon to furnish.

8 Of the whole demand Rupees 6,95,492 Rupees 6,61,059 were collected within the Fusly and Rupees 12,052 subsequently to the end of October leaving a current balance of Rupees 22,379. There are also arrears amounting to Rupees 9,285 outstanding for previous years 1255-6-7-8. The whole should be inquired into and reported for final adjustment at an early date.

9 In Para 21 of the Board's Proceedings allusion is made to the practice stated to prevail in some districts of

carrying on cultivation in the beds of Tanks. The custom is objected to by the Agent in whose views the Board do not concur. The Right Honorable the Governor in Council desires that the usage now obtaining in Kurnool may be continued. But if a contrary course is, as stated by Mr Ludlington, pursued in Salem, the Government would not wish the custom which prevails in that District to be disturbed without further information.

The Board of Revenue have properly noticed the high rate of assessment charged on Sugar cane cultivation and have called for further information. The Right Honorable the Governor in Council will be glad to learn the result of that reference and the views of the Board upon the question.

I regret to state that the offer for the Nellore, Sungam, Suravapully and Talamunchee Taloks has fallen short considerably of that obtained last fusly but as I have reason to think the holders of the rent of these Taloks experienced a considerable loss last year, I do not expect that any more favorable offers are likely to be received for the ensuing Fusly.

3.

The earlier transmission of this Statement has been prevented by the extraordinary tardiness manifested by the parties who usually bid, in coming forward to make offers for the rents.

4. The Board will perceive that the Statement now submitted exhibits a net decrease of Rupees 558-4 on the entire amount of the Offers at present forwarded compared with those received for the present Fusly. A Comparison of the present, with the average rents of the preceding 5 fuslies cannot now be forwarded as offers for some of the stations in the Sub-Division have not as yet been received. Pedda Mohadeen Padshaw	41 15 1	Not forthcoming in the Records but the late Principal Collector Mr. Ross appears to have divided the amount of Rupees 167-12-6 between the four brothers Viz.ts Syed Shabamd Saib, Syed Bram Saib, Pedda Mohadeen Pandshaw and Chinna Mohadeen Pandshaw and a Tahsildar issued by him to the Tahsildar to that effect on the 27th January 1816.	Granted as Charity.	From June 1846 the end of May 1851 Yrs Mos 2 — 11.	83 14 2	An annual allowance of Rupees 167-12-6 was originally granted to Syed Hoossein Saiband on his demise it was continued to his eldest nephew Syed Shabaum Saib who also having died his son Syed Peer Pandshaw succeeded to it. During the life time of the Syed Shabaum Saib, a complaint having been preferred by his 3 other Brothers Viz.ts Syed Beram Saib Pedda Mohadeen Pandshaw and Chinna Mohadeen Pandshaw before the late Principal Collector Mr. Ross to the effect that he refused to grant them share in the amount of allowance. An order dated 27th January 1816 was issued to the Tahsildar, directing him to divide the amount of allowance in four equal shares at Rupees 41-15-1 per annum, and to disburse each share to its respective holder. Of these, Syed Peer Pandshaw and Syed Beram Saib having died, their shares of allowance were resumed Pedda Mohadeen Pandshaw in June 1849 obtained leave of absence from the late Collector for a year and a half to proceed to Nagapoor and made his reappearance in December 1850 according to the leave granted him. The identity of this person being fully ascertained, the Acting Collector recommends that the arrears of his allowance amounting to Rupees 83-14-2 from June 1849 to May 1851, being two years, at Rupees 41-15-1 per annum be liquidated, and that the same be continued to him from the succeeding Month.

Sir,

I have the honor to acknowledge
the receipt of the Extract from the Proceedings of the Board
of Revenue under date the 14th April 1831, and in reply
beg to state that the delay in carrying out the sale of the
property of the Defaulter in satisfaction of the amount adjudged
against him was occasioned from the same having been
previously attached in satisfaction of a Decree of
awarded against him by the Judicial Authorities. A
Motion was forwarded through the Government of

the 16th November 1830 the Court passed a Decree order
to the effect that the amount awarded against the
Defaulter should be paid out of the sale proceeds of
the same, but subsequently in consequence of the low
price offered, the Court made over the said property
to the Tahsildar of Poolevandala Taluk who for the
same cause experienced difficulty in recovering
the amount due by the party, and at last finding
that the amount is not recoverable by distraint of his

Sir,

I have the honor to acknowledge

date the 22d May 1831, and in reply beg to state

that the assistants attached to this District shall be encouraged by every means to scrutinize the Treasury accounts in order to act as a Check upon the Native servants.-

Since the Cession of the Country in 1801 it has been the practice in Cuddapah to keep the Treasury accounts in Maratah, a language foreign to the Inhabitants of the District and known to few of the Officers of the Civil Service. Why this language has been preferred and continued to be in use I am unable to state, but if a foreign language is necessary I see no objection why that should not be English, as there are abundance of intelligent Natives who have sufficiently qualified themselves to keep accounts in that Language as long as Maratah is in use, the Collectors and their Assistants will be unable to carry out the views of Government as expressed in Para 23, I would therefore beg to recommend, should the Board see no serious objections, that English be substituted for Maratah.

From Para 24 it appears to me that it is the impression of the Right Honorable the Governor in Council that the Sheristadar of this District has not had full access to and general control over the Treasury accounts should such be the case I beg to point out that a report shewing the daily receipts and disbursements are every morning laid

laid before the Sheristadar for his examination and scrutiny, and that there is no check of any kind to prevent his Examining not only the cash in hand but all accounts and Vouchers relating thereto- as well as every other branch connected with the Revenue Department. It has already been stated that the accounts are kept in a foreign language, it therefore devolves upon the Sheristadar to examine daily whether there are any discrepancies between the accounts of the Head Shroff and Cash Keeper should there be, it is his duty to bring it to the immediate notice of the Collector. Had the supervision of the Shroffs and Cash keepers accounts been duly effected, it would have been impossible that the frauds lately discovered could have gone on for any length of time- as the discrepancies between the accounts of the abovementioned two Individuals would have immediately shewn that irregularities were then in practice in the Treasury which would have been investigated without delay. I am perfectly satisfied that had the Head Sheristadar examined with becoming scrutiny the accounts of the Head Shroff and the Cash keeper no defalcation could have taken place in the Treasury and all the correspondence relative to the irregular making use of Circar Money would have been thereby avoided

From the Agent to the Governor at Kurnool ---

Furnishing certain information regarding a report called for about the suspension of Streenevasa Row Tahsildar of Nundicootoor.

No. 21.

To
W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

Para 1. In acknowledging the Extract from the proceedings of the Board of Revenue under date 15th May 1831 I beg to offer the following observations.

2. In reference to the Board's remark that I had not reported the suspension of Streenevasa Row the Tahsildar of Nundicootoor, I beg to state that I was not aware until the receipt of the printed Copy of the Circular orders of the Board of Revenue that a report of the suspension of a Tahsildar within 14 days from the date of suspension was required or I should not have failed to submit it.

3 In regard to a full report on the charges under which the Tahsildar is arraigned I beg to assure the Board that I am most anxious to get rid of the case, in proof of which I need only state that with one difficult Talook still unsettled, in which there are 7000 Rupees of Caboolee Bunger, and heavy balances I have been engaged for a whole week for 6 Consecutive days, 5 days for 8 hours each and on the 6th for 11 hours in the trial of this Officer on a charge of Culpable Homicide, arising out

out of his having flogged a Ryot so severely in pursuance of his tyrannical system that he died from the effects. Every other business has been at a stand still at a time when many very pressing matters were demanding my attention

4. My views on his trial will be submitted to the Fouzdaree Adalut at the earliest possible date. Numerous other charges of gross and Criminal abuses of authority are pending against the Prisoner, irrespective of the charge of having caused illegal cesses to be made for his own benefit to the extent of about 9,000 Rupees from about 50 Villages of his Talook

5. Anxious to meet the wishes of the Board, I would now place before them, could I command leisure, a full report upon the case but apart from my having at this moment to report to the Judges of the Fouzdaree Adalut on several distinct cases tried by me as Agent to the Governor, including two of Murder, to my having 3 referrible cases under trial at this moment (the Criminal work of the Agency having been for several Months unusually heavy). I have so much business on hand that were I at this moment to neglect other pressing matters to draw up a report on the

the misdeeds of this great public delinquent much future confusion and difficulty might be the consequence; but in order that the Board may have some idea of the nature of the enquiry on which my Assistant Lieutenant Russell was engaged for 3 Months, I beg to annex an Extract from one of his reports to me.

Extract from a Letter addressed by the Assistant Agent to the Governor to the Agent to the Governor of Fort St. George at Kurnool, under date the 13th May, 1851. No. 28

Para 1. I have, as directed by you, enquired in every Village and into every Complaint preferred against the suspended Tahsildar of Nundecotcoor rejecting all such as could not be substantiated by sufficient evidence. To prove a bribe is of course difficult, as the receiver is not likely to confess nor to have granted receipts for the same; but security had emboldened the Collectors of these bribes to such a degree that I found after a good deal

Fort St. George 30th June 1851.

deal of trouble some most perfect accounts kept of such extra Collections, and these accounts I verified by the evidence Vva of upwards of 800 Ryots who had subscribed to this extra tax and the evidence on oath of the parties who paid the suspended Tahsildar. In some accounts the sums are entered as paid to "the ex Tahsildar," in others he is entered under various appellations. In † some Villages the Ryots declared they had not paid any thing. In some there were no accounts, the Tahsildar having sent word † and in some ordered himself such accounts to be destroyed for fear they should as in the Panam Talook fall into your hands or mine. In Puggdial, Gadadamadagar, Nundicotcoor and Parmansal, the accounts are very complete, and in the two first correspond exactly with similar accounts kept by the Village Shroffs the Cummums of these Villages being particularly devoted to the suspended Tahsildar he did not think it necessary to warn them to do away with these accounts and I gave them no time to do so after the first outbreak. As the fact of their intimacy would remove any doubt which the usual defence on such charges might possibly give rise to, and as these Cummums have deposed before me on oath that the sums thus entered were paid

paid by them into the hands of either the Tahsildar, his brother Cayyava Row or his agent Cheturumbia, there is every reason to infer that similar accounts found in other Villages and the sums which the parties who were said to have paid to the Tahsildar or his Agents likewise declared to on oath before me, are equally correct. The actual amount collected by him for his own use since he had been in charge of the Talooky amounts, I believe, to a great deal more than Company's Rupees 9184 which is the amount I have entered into my abstract; but I have carefully restricted myself to put down only that amount which I considered was clearly proved. In the Village of Jelkinoor the accounts were found in the house of a Cummum who died some months ago. The sums collected out of the Tukkavee and last years remission I have included in this Amount

The charges of different kinds brought against him by all castes in how it was known I had come to enquire into his conduct, are as numerous as various. The practice of flogging respectable men and others had created such fear in the minds of ryots, only lately brought under our Government Rules, who accustomed during the Mogalayee to consider whoever was immediately in authority over them as all powerful against whose

whose acts there was no appeal, and who on several occasions when they had attempted to speak out had been pursued and hunted down, that an idea existed that it was no use — complaining and they hailed with delight the signal of their deliverance when the Bunnoor ryots first complained before you. Some respectable ryots who had fled from their houses have returned since. In the Village of Bunnoor the Suspended Tahsildar acknowledges the practice of flogging Reddies, and this under a civilized Government, in defiance of every law human and divine!

To enter into every detail of an enquiry which has taken me upwards of 4. three months of hard work in the midst of Summabundy besides would be useless, and only occupy time which you have no leisure to waste on such a profitless subject, the total unworthiness of the suspended Tahsildar has been sufficiently established. I have throughout the enquiry had but one object, that of eliciting the truth, secure the welfare of the ryots and the interests of Government, to vindicate its fair name and good

good intentions and publish its desire and
power to protect its subjects. His motive as a
Revenue Officer, the accounts of the Talook will
shew; in which, notwithstanding high remissions,
last year, a heavy balance is still outstanding.
I have recovered 8000 acres of false Enams of which
he could not have been ignorant, but which
were a source of continual profit to him. In
one Village he continued a false Enam in
spite of orders to the contrary and without having
acted up to those orders of confiscating it he
struck off the order he had received from the
list of unanswered Petitions. This should if it
was not, have been noticed by the Hoozoor Moonshee.
In another Village he sold a Cummee Enam to the
highest bidder and in most Villages he exacted
money by threats of confiscating the false Enams
they enjoyed. The most respectable and wealthy
Reddies who have deposed before me on oath
to that effect are Soonkareddy of Bapareedoor and

Agreeably to orders conveyed in Extract from the Proceedings of the Board of Revenue dated 13th January 1851 calling upon me in reference to Extract from the Minutes of Consultation under date 7th Idem, for a full report upon the Grant of the Shrotriem adverted to in the accompanying Petitions + and upon the rights of the Parties now in pos=sefsion, I have the honor to report the result of the Investigation which I have held in the case touching the Petitioner's Statements in impeachment of the title of the present holders of the Village in question.

2. In the absence of the original Purwanah which is stated by the Parties in possession to have been lost during one of the invasions under the former Govern=ment, it is not posible to ascertain the period and the purpose for which the

Shrotriem

Fort St. George 30th. June 1851.-

Shrotriem was granted. On referring to Mr. Bernard's Zarapady accounts prepared in 1772. it appears that the Village was originally founded by one Pothooreddyarroo or some of his descendants (who were Poligars at that time) and was subsequently bestowed on Shrotriem tenure on Sidda Pundarum fixing the Annual Peishcush at 3 5/8 Pagodas as would appear from the list shewing the names of the shrotriem Villages and their Proprietors submitted to the Board on the 19th November 1785 by Mr. Dighton, the then Collector of this District, in which the said Sidda Pundarum is entered as the holder of the shrotriem, though it is not stated by whom the grant was made. Among the Records of the Office is a Sakeed dated 10th July 1792 permitting Kalastry Pundarum and Sawmy 63 Pundarum to enjoy the Village in question, which was issued by Mr. Balfour the then Collector of this District.-

3. In the Kyfeut account taken in

Fort St. George 30th. June 1851.-

in 1814 from one Veera Pundarum, it is stated that this Village was during the reign of Royer granted to his Great Great Great Grand Father Angody Veera Pundarum, and that the Purwanahs were said to have been granted by the late Nabobs Sadutoolla Khan &c. were lost during some invasion. But the Shrotriem in question appears also to have been registered in 1815 in the name of the aforesaid Veera Pundarum from whom the Kyfeut account was taken, and this registry seems to have been embodied in a list of Shrotriems submitted to the Board of Revenue on the 28th June 1815.-

4. The present holders of the shrotriem having been called upon to produce any documents in support of their title, 5 of them Viz. Veerabadra Pundarum, Chenga 21 Pundarum, Gunga 38 Pundarum, Munnaroo 49 Pundarum, and Pillare 70 Pundarum appeared on behalf of the whole, and stated that they are not in possession of any document except the Sakeed of Mr. Balfour, and the Kyfeut above alluded to.-

Fort St.e George 30.th June 1851.-

Shrotriem was granted. On referring to Mr.r Bernard's Tarapady Accounts prepared in 1772. it appears that the Village was originally founded by one Pothooreddyarroo or some of his des= =cendants (who were Poligars at that time) and was subsequently bestowed on Shrotriem tenure on Sidda Pundarum fiseing the Annual Peishcush at 3 Pagodas 5/8, as would appear from the list shewing the names of the Shro= =triem Villages and their Proprietors submitted to the Board on the 19.th November 1785 by Mr.r Dighton, the then Collector of this District, in which the said Sidda Pundarum is entered as the holder of the Shrotriem, though it is not stated by whom the grant was made. Among the Records of the Office is a Sarkeed dated 10.th July 1792 permitting Kalastry Pundarum and Sawny Pundarum to enjoy the Village in question, which was issued by Mr.r Balfour the then Collector of this District.-

3. In the Kyfeut account taken in

Fort St.e George 30.th June 1851.-

in 1814 from one Veera Pundarum, it is stated that this Village was during the reign of Royer granted to his Great Great Great Grand Father Angody Veera Pundarum, and that the Purwanahs were said to have been granted by the late Nabobs Sadutoolla Khan &c.a were lost during some invasion. But the Shrotriem in question appears also to have been registered in 1815 in the name of the aforesaid Veera Pundarum from whom the Kyfeut account was taken, and this registry seems to have been embodied in a list of Shrotriems sub= =mitted to the Board of Revenue on the 28.th June 1815.-

4. The present holders of the shro= =triem having been called upon to produce any documents in support of their title, 5 of them Viz.t Veerabadra Pundarum, Chenga 21 Pundarum, Gunga 38 Pundarum, Munnaroo 49 Pundarum, and Pillare 70 Pundarum appeared on behalf of the whole, and stated that they are not in possession of any document except the Sarkeed of Mr.r Balfour, and the Kyfeut above alluded to.-

5. A genealogical Table which the

Defendants

Defendants have furnished is herewith submitted.- To the correctness of this Table two of their relatives have spoken, but at this lapse of period evidence is not forthcoming in further proof of its authenticity, which however must in a great manner be considered to have been substantiated by the Records. From this Table it will be observed that the Original Shrotriemdar was Angady Veera Pundarum, Kalastry[9] Pundarum and Sawmy[63] Pundarum (2d. Cousins once removed) are the Parties in whose names the Sanny Sanad of Mr. Balfour had been issued, and Veera[10] Pundarum in whose name it was registered in 1815 was the son of the said Kalastry[9] Pundarum. On the demise of the last mentioned Individual, the Shrotriem in question was partitioned in the following shares, Viz.t.

1/10th by his sons Veerabadra[11] Pundarum, Gunga Pundarum[12], and Kalastry[13] Pundarum; and 3/4 of one share by Chenga[64] Pundarum, Munnaroo[66] Pundarum, and Mootteloo Pundarum, the Sons of Sawmy[63] Pundarum, whilst their Cousins 28 in number as shewn in the Margin enjoy

6. The beriz derived from this Village is about Rupees 76-2-10 per Annum, deducting from this Rupees 27-10-1. being the present Peishcush inclusive of Summah Merah which was resumed in Fusly 1210, there remains a profit of Rupees 48-8-9. for the Shrotriemdars.-

7. Petitioner Vencataram Pundarum in his deposition before me has nothing further to allege in support of his statement in impeachment of the title of the present Incumbents, than that he was told by his Father that the Shrotriem in question had been illegally registered in the name of Veera Pundarum, and that the Village had not been granted on Shrotriem tenure to any Party whatever.- Among the three witnesses cited by him to disprove the claims of the present holders, the 1st. states that he does not know by whom the Shrotriem in question was originally acquired, but that one Veera Pundarum after enjoying the Village for sometime died without issue about 40 years ago; and that the present Incumbents are not his descendants.- The 2d. deposed that he heard his forefathers and Veera[10] Pundarum father of Veerabadra[11] Pundarum

one of the present Incumbents / say that one Veera Pundarum, meaning the Original grantee, acquired the Village, and after enjoying it for some time died without issue, and that the present Incumbents are in no way related to him. The 3d. witness avers that he does not know who originally acquired the Village, but that he heard his fore-fathers say that one Veera Pundarum obtained the shrotriem in question through illegal means, and after enjoying it for some time died without issue, and that he heard moreover Mootteialoo 2d. Pundarum and some others of the present Incumbents speak to the same effect. This evidence is not only vague and unsatisfactory but at variance with the Petitioner's own statement recorded in a decree passed by the Moosify Sudr Ameen at Chinglepat in Suit No. 7 of 1840 which the present Incumbents have produced. The production of this document led to an application for the depositions given by the Parties before that Tribunal. On a perusal of which, Petitioners seem to have acknowledged that Veera Pundarum in whose name the Village in question is registered was the descendant of the Original Grantee, and that he died about 18 years before, and that his son Veerabudra Pundarum alias Badra Pundarum was the 18th. defendant in that Suit and that out of the 12 shares of the Village in question the said Veerabadra Pundarum

Fort St. George 30th June 1851.-

Pundarum and his cousins have been in the enjoyment of 10 shares, whilst the remaining two were exclusively held by them / the Petitioners / and that the 2 first witnesses above mentioned who likewise deposed in the said case confirmed the Petitioner's statement so far as concerns the enjoyment of the shares by the parties alluded to. In the disposal of the case before the above Tribunal, the Petitioners claims were thrown out and they were recognized as being merely Poyal Ryots cultivating about 4-12-3/4 Cs. as of land. This decision was confirmed in appeal both by the Zillah Judge, and by the Provincial Court, Centre Division. It does not however appear when the Petitioners gave up their Cultivation.-

8. The present Petition has been doubtlessly urged for the gratification of private pique, and vindictiveness in reference to Proceedings in a former case in which Petitioner acknowledged the general claims of the present Incumbents when a claimant himself, to a small share of the Shrotriem.-

9. Under all the circumstances of this case Petitioners have failed in vitiating the claims of the present incumbents as rightful holders of the shotriem of which they have been in enjoyment for years. I beg therefore to recommend that the Petition be rejected.-

Proceedings submitting a letter from the Collector of Chingleput, furnishing the information called for on the subject of the grant and the rights of the parties in possession of the Shotriem village of Cushapooram in the Sydapet Talook and stating that the Board would not at this late period question the validity of their claim to hold the Shotriem in question.-

In Con. of 19th June 1851.

28th June 1815.

(26.27)

Resolved that the letter above recorded together with its enclosure be submitted for the consideration of the Right Honorable the Governor in Council with reference to Extract Minutes of Consultation 7th June 1851.-

2. The entry No. 30 of Mr. Dighton's list of Enams and Shotriems of the Honorable Company's Jagier shews Cushapooram was in the enjoyment of Sidda Pandarum, although the Collector uses the name Sidda Pundarum (para 2) as that of an individual, there is no doubt from inspection of the Register of 1785 that it was given to the whole body of Pundarums of Cushapooram. No. 77 in Mr. I. Sullivan's list of alienated land of Chingleput shews that Cushapooram was held by Veezapundarum, having been granted by Nawab Sadutoollah Khan on hereditary tenure on a rent of St. Pag. 17-40-20. that altho' the original Purvannah was lost during the war yet that the grant was confirmed by Mr. Balfour and his Sunnud was in the possession of the incumbent.-

3. The five individuals who appeared before the Collector in behalf of the present holders having produced that Sunnud or Sakeed, besides a Kyfeat

Account

Fort St. George 30th June 1851.

Account of 1814 and a Genealogical table shewing their descent from Veerapandarum, the Board would not at this late period question the validity of their claims to hold the Shotriem in question, especially as it is shewn that little or no dependance can be placed on the allegations of Petitioner Venkataram Pundarum, his recent deposition before the Collector and the evidence produced by him in the endeavour to vitiate the title of the present incumbent having been found to be at variance with depositions given (in which they admitted the defendant to be the descendant of the original Grantee) before the Moofty Sudr Ameen who by his Decree in suit No. 7 of 1840, threw out the claims of Petitioners and recognized them merely as Payeatries, which decision was confirmed in appeal both by the Zillah Judge and by the Provincial Court Centre Division.-

(28.29)

B.R. 1249.

To the Chief Secy. to Government

Fort St. George 30th June 1851.

Ordered that the foregoing letter be submitted with the following address—

No. 265.

To, The Chief Secretary to Government.

Sir,

1 I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Salem dated 13th May 1851. forwarding an application for maniems to certain Village officers of his District—

2. The Toties of the Village of Gazzelmaikinpully the Collector states, have tendered their resignation, and no other person is willing to accept the Office at its present low rate of emolument. The Value of the land allotted for the toty maniem is stated to be Rupees 7—14—2 and it is proposed to grant an additional quantity of waste land, so as to increase the pay of the Office to Rupees 18—

3 Under these circumstances, and, considering the Value of the Inams held by the Toties of the adjoining Villages, the Board recommend that sanction be granted for the proposed increase as exhibited in the Statement—

4 In the second case it will be observed that hitherto no remuneration was fixed and assigned to the Toty of Thoculfully owing to the place being uninhabited at the time of the Survey in 1802.— In Fusly 1251. some few ryots undertook to settle and cultivate a small extent of land which has been gradually increasing, and the Beriz of the Village for Fusly 1260 amounted to Rupees 144—8—10. as the Collector is of opinion that the business of making Collections will suffer materially from the absence of a toty, the Board recommend the entertainment of a Servant of this class on a yearly Salary of Rupees 12 payable by rent free assignment of waste land—

5. The present application is made in the prescribed Form, but for the reasons stated in my letter dated 12th May 1851. the information therein contained is defective. In future the Form will not be used—

Grounds of Proposition.

A Statement of the remuneration allowed to the Toties of the Village apportioned on the Subjoined Table of certain Villages adjoining Villages, and the Value of Inams enjoyed by the Toties of the Thummanaickenputty and Gazzelmaikenputty Villages.

Beriz of Fusly 1259	Value of Inam

733 — 14 — 7	34 — 12 — "

The Toties have tendered their resignation of the Office as no other person is willing to accept it at its present low rate of emolument, sanction is requested for allotting an additional extent of rent free land, thereby accordingly raising the pay of the Office to Rupees 18 — " — "

B. Of the Toties in the Village of Gazzelmaikenputty it is stated that no remuneration was originally fixed and assigned to the Toty in this Village, as it was uninhabited at the time of the Survey in 1802. In Fusly 1251. a few Ryots came and settled in it and undertook to cultivate a small Extent of land. The quantity of cultivation having since increased, the Beriz of the Village in the Current Fusly 1260 amounted to Rupees 144 — 8 — 10 there is not however even a Tundelkaranam to the Village and as some of its cultivators are non residents, the business of making Collections will suffer materially from the absence of a Toty, sanction is therefore requested for the entertainment of a Toty on a yearly Salary of Rupees 12 — " — " payable by rent free assignment of waste land.

C. The Toties of the Village of Thummanaickenputty and Gazzelmaikenputty have tendered their resignation of the Office as no other person is willing to accept it at its present low rate of emolument, sanction is requested for allotting an additional extent of rent free land, thereby accordingly raising the pay of the Toties to Rupees 18 — " — "

	3 As regards the Village Enam, as much as Colonel Read would seem to have considered it, by his letter to the documents on which the late Enamdar's right was founded, I beg to mention that I do not understand from the Tahsildar's report that any such documents were ever produced —			Tabled of the Chingleput Annual Statement dated 17th February 1847 No 1	Service	Syed Shah Mahommed Cuddeer	Syed Shah Mahommed Cuddeer, Collector of Pulicat, dated 25th October 1848, Grand Son of the Original Grantee. Bd. No. 1415.

From the Collector of Salem. - Reporting that of certain defaulters lands which were attached some were redeemed and the others sold and requesting authority for making over the latter to the present proprietors. -

Sir,

Para 1. I have the honor to report that of the lands advertised for sale in pursuance of the authority conveyed in your Board's Proceedings dated 22d April last, some were redeemed by the Proprietors who paid up the balances due by them on the day of sale. -

2. The holdings of the other defaulters were, however, duly sold, as particularized in the accompanying Statement and I beg now to request the Authority of the Board for making them over to their respective proprietors from the ensuing Fusly. -

3. As the lands in question were sold for the arrears of Fuslies 1258 and 1259, I further beg to state that in the four Cases in which they realized sums greater than the balances due, I propose to carry the surplus remaining to the credit of the Assessment due by the Original proprietors on the said lands for the current Fusly

B. of R. 1315.

From the Collector of South Arcot. Sir,

Bringing to notice the irregular conduct of Streenevasa Row Tahsildar of Munnargoody and requesting permission to dismiss him from Office.- § Para 1. I have the honor to inform the Board that I have found it necessary to suspend Streenevasa Row, Tahsildar, Manargoody and request their authority for dismissing him from his appointment in consequence of his having discharged his duties in a most unsatisfactory manner and

Fort St. George 30th June 1851.-

rendered himself unworthy of confidence.-

2. The Petitions which were sent against the Tahsildar showed that his conduct had excited great discontent, and on proceeding to the Taluk to make the Summahbundy I found that there was much cause for the prevailing dissatisfaction. In that Taluk considerable sums are yearly expended in cleaning and improving the irrigation channels, and it has been usual to give the work to the inhabitants of the Villages through which the channels run. It is a description of work which the ryots are both anxious to obtain and well able to perform, and by giving the different Villagers the option of undertaking the contracts within their respective limits jealousies and difficulties are avoided.-

3. The present Tahsildar chose however to depart from this course and make over the contracts to various parties according to his own pleasure. Much ill spirit has thus been created, and the consequences are that the Tahsildar is generally accused of corruption in the disposal of the contracts and that the progress of the Movament Works has been most unsatisfactory.-

4. It is always difficult to obtain clear proof of acts of bribery and in the present instance the difficulty is increased by

Fort St. George 30th June 1851.-

by it being the interest of any person who gave bribes to be silent, while the witnesses cited to prove the charge are under suspicion from being disappointed parties. I wish therefore to bring the Tahsildar's conduct to the notice of the Board on the general grounds that his proceedings give rise to a strong presumption of corruption, and that his mismanagement has led to serious delay in the progress of the public Works.-

5. It does not seem an unfair inference that the Tahsildar had some motive which induced him to depart from the straight forward Course, heretofore followed, especially when it appears that the public interests were not thereby advanced. To exemplify the result of his mismanagement I beg to observe that the Maramut Progress Report up to the end of April shows only Rupees 133-12-4 as the Value of the Work performed out of ordinary estimates amounting to Rupees 11753-12-4 although it is essential in that Taloote to avoid delay as the Coleroon river, which supplies the channel receives it first freshes in May and June. For example, orders were sent

from

Fort St. George 30th June 1851.-

from the Hoozoor in January last to execute an estimate of Rupees 2,417-3-4 widening and clearing out the Wadawaur Channel. The parties who were favored by the Tahsildar with the contract contrary to the practice of giving it to the neighbouring Villagers, received immediate advances, but the Work was not commenced for many weeks and when the 1st Assistant Civil Engineer Captain Ludlow visited the spot in May he found the work still unfinished and further progress impossible from the freshes having commenced.-

6. The Tahsildar also gives me much cause for dissatisfaction by neglecting the enquiries which ought to precede the Settlement of the land revenue. Neither the Tahsildar, the Taloote Sheristadar nor Peishcar examined a single Village either during the cultivation Months or after the Udungul accounts were closed, so that the Curnums and Carkoons had no check or supervision over their proceedings. The only person sent from the Taloote Cutcherry for the duty was a junior Royson named Succaiow, a dependent of the Tahsildar, who examined 5 Villages but as it was averred that this person was deputed by the

Fort St. George 30th June 1851:-

the Tahsildar in preference to the older servants with a view to screen concealed Cultivation in those Villages, I have sent some Hoozoor Servants to hold an investigation. It is possible however that my object may be defeated as the Ryots may take advantage of some recent showers to plough up the lands and conceal the traces of last years cultivation before the examination can be made.-

7. In police matters also I found that the Tahsildar's proceedings were open to much animadversion in some cases brought to my notice. On one occasion a man was accused of giving his wife a dangerous wound in the head with a bill hook and it appears clear that the woman died of the injury, but the Tahsildar merely recorded in his diary that he found her ill from the effects of cold and childbirth, and made no report of the case to the Magistrate as was his bounden duty. Unfortunately the son of the woman who alone saw the assault has since died of cholera so that the homicide cannot now

be

Fort St. George 30th June 1851.-

be fully proved. In the Village of Tennoor also the Tahsildar released without any report a man who was charged with stealing grain and wounding the Taliary who tried to apprehend him.-

8. Another complainant alleged before me that the Tahsildar had taken a bribe to hush up a charge of assault, and snatching which, he brought on the 24th April last against Vencatachella Pudiachee Puttahmonegar of the Village of Sadeyare. On referring to the Taloor records I found that the case was dismissed without enquiry because the complainant was alleged to have stated that his witnesses were not forthcoming and would not be willing to give evidence if found. This allegation however is evidently a fabrication as the complainant persisted in his charge and on my summoning the Witnesses they at once appeared before me and proved the assault. The Tahsildar's conduct in suppressing the case appears attributable clearly to corruption as it happened that the Defendant brought the Village remittance to the Taloor Cutcherry while the charge was pending against him, and the sum brought to

to

Fort St. George 30th June 1851.

to account by the Tahsildar is less by Rupees 18 than the amount which the accounts show to have been remitted from the Village. An attempt is made to explain that the Defendant entered these Rupees 18 in the Village Collections on account of his Establishment he expected to realise the amount from a Creditor but failed in doing so, and that the money was never therefore taken to the Taloor Cutcherry. I see however no reason to doubt that an arrangement was made for the Tahsildar to deduct the Rupees 18 from the remittance as a bribe for relieving the Defendant from the charge then pending against him, which charge was immediately afterwards dismissed in the improper manner above mentioned.—

9. Under these circumstances and in consequence of the dislike and disrespect which the Tahsildar's conduct has excited on the Taloor I trust that the Board will sanction his dismissal from his situation.—

Proceedings thereon.—

(36.37)

The Board of Revenue are unwilling to sanction the dismissal of a Public Servant of 30 years standing except for proved delinquency. The evasion now appears however to have been recently promoted to the situation of Tahsildar; and as from the Collector's report he seems to have been found grossly remiss in his duties, the Board authorize his reduction to a lower situation.— To

Bd No 140
From the Collr of Tanjore

Informing that the practice of inoculation has not been carried on to a large extent in his District

With reference to para 2 of Extract from the Proceedings of the Board of Revenue of the 12th Instant No 479 accompanied by Extract from Minutes of Consultation under date the 27th May I have the honor to state that as far as my enquiries have enabled me to judge the practice of inoculation has not been carried on to a large extent in this District tho it still exists in spite of the prohibitory

prohibitory orders against it, and my attention was called to the subject only 2 days prior to the receipt of the proceedings under reply, it having been rumoured that the spread of small pox was being caused by inoculation in the Talook of Pattoocottah, and orders having been issued to ascertain who the parties are, thus erroneously acting - It appears highly necessary that the practice should be peremptorily checked as a means of staying the spread of the disease in two ways, by actually decreasing the number of cases and by infusing confidence in applicants for vaccination who in their ignorance know no difference, between the two applications, and while seeking freedam from disease experience just the contrary result - After due notice given I am of opinion that any one inoculating should be liable to punishment, and unless the penalty can be classed under the head of misdemeanor, an Act should be passed authorizing the imposition of fine and imprisonment.

Bd. No. 1311
From the Collr. of Canara
Forwards a Statement required by the Bombay Government of the Salt imported from Goa previous and after the reduction of duty (2 12 annas per maund)

Sir,

Para 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue of the 5th ultimo and to furnish, as far as is in my power, the information required by the Government of Bombay as to the effects on the importation of Salt from Goa, of the reduction of duty on the Canara frontier with a view to comparison with the influence of that reduction on the frontier Revenues of Bombay—

2. The annexed table affords the information called for—

3. For the year 1259 I can only give the amount imported generally at the commencement of the present season— I directed that our accounts should distinguish that imported for home consumption from that imported for transport to Dharwar and Belgaum and

Fort St. George 30th June 1851

and this enables me to be somewhat more precise in the information given for this year—

4 From this table it appears that the importation of Goa salt under the former rate of duty had altogether ceased the quantity shown in the table for the five years previous to the reduction being, as formerly explained, merely detected contraband—

5. The new rate of duty at 90 Rupees per Garce came into operation at the beginning of January 1850, and from that period to the end of the Fusly year the importation amounted to 23735 — 35 15, the duty being Rupees 17831 — 5 5—

6. In the present Fusly up to the close of April the importation amounts to 32681 — 10 — 30 bearing a duty of Rupees 24511 — 12 — 2 of which 7175 — 13 — 20 was for consumption in Canara, and 25505 — 37 — 30 for the Bombay provinces—

7. Any decrease in the imports on the Bombay frontier contrasted with this increase will form a partial Standard of comparison, but by no means a complete one, because much of the

Fort St. George 30th June 1851

importation from Goa is in supercession not of Bombay importations but of the sales of Canara salt, and the Amount of this it is very difficult to determine—

8. The nearest conjecture I can make is founded upon the following table—

Average Sales at the Cutcherys of Canara likely to be affected by Goa imports for five years previous to the reduction of the duty	Imds 144960 add imports 68 Total 145028 Imds Rs Maundo.
Sales of 1259	Imds 153698 add imports 23735 Total 177433
Sales of 1260 to 30th April	" 124110 add imports 32681 Total 156791

9. At the close of the Fusly year I shall forward to the Board of Revenue for the information of the Bombay Government a Statement for the complete year, and I shall be much obliged if it be made a request that I may be furnished from Bombay with a Statement for the same period showing how far the Revenue received in this district may have affected that on the Bombay frontier. This information will be exceedingly valuable to me—

10 I beg to add a Sketch map showing the position of the several frontier Custom houses—

From Mr. Hudlestons letter

system of Contract for 8 years, taking the quantity ordered to be manufactured for the present year as an Average will be Rupees 55217, while those for the cost of 25 Boats and the wages of their Crew with other contingent expences for the same period (which is supposed to be about the time the Boats will continue in a serviceable state) on the plan now proposed, will only amount to Rupees 30,810- Deducting therefore this latter sum together with the Salary of an Overseer at Rupees 14 per mensem, or say Rupees 1344 for 8 years, the saving to Government will be Rupees 23063 for 8 years or about Rupees 2882 per annum-

The Board beg to support the proposition of the Collector, so much difficulty with regard to the Boat Contractors has occurred, that they are of opinion that even though the saving to Government may not be so much as Mr. Hudleston anticipates, the advantage of having the transport of salt made by Government Officers in Government Boats will be great.

To the Chief Sec. to Government

Reporting on the Gross collections charges and net Revenues of the Provinces under the Madras Presidency for Fusly 1259.

13 enclosures 17th March 1851.

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to forward for the information of the Right Honble the Governor in Council and for transmission to the Honble the Court of Directors, the accompanying letter from the Accountant General enclosing a General Statement of the Gross Collections, charges, and Net Revenue of the Provinces under the Madras Presidency for Fusly 1259 - 1849/50.

2 The Gross Collections during the above period amounted in the aggregate to Rupees 4,63,86,022-14-11 and the disbursements to Rupees 92,55,568-3-9 leaving a net revenue of Rupees 37,130,454-11-2.

3 The Gross Collections of Fusly 1259 fell short of those of the preceding Fusly by Rupees 4,12,577-8-3, but an increase in the expenditure of Rupees 2,34,265-13-7 raises this difference to Rupees 6,46,843-5-10 as shewn in the subjoined figured Abstract.

7. The increase in the Collection of Arrears occurred in the Districts noted in the margin, In Madura owing to the large arrears against the Sheevagungah Zemindary at the commencement of the Fusly having been realized. In Guntoor owing to the sale proceeds of the Promissory Notes of the Vujsaveddy Estates with interest due on the same having been credited in the Accounts of Fusly 1259. In South Arcot Chingleput, Nellore, Cuddapah, Tinnevelly Rajahmundry, Trichinopoly Karnool and Bellary the increase is ascribed to the balance outstanding at the commencement of the Fusly having been greater than that of the preceding year, and in Madras the increase is attributed to the collection of certain old balances of ground rent.

The Decrease in the collections of Arrears occurred in the Districts noted in the margin. In Masulipatam owing to the large arrears on account of the Nedadavole Zemindary having been credited in the preceding year, whereas in Fasly 1259 there was no such result. In North Arcot, Salem, Vizagapatam, Ganjam, Malabar, Tanjore and Canara owing to the smaller amount of arrear remaining to be recovered at the commencement of the Fasly, and in Coimbatore in consequence of the forbearance necessarily exercised in the realization of old arrears in the the view of not too harshly encroaching on the ryots resources.

Current.

9 In the Demand of the current Land Revenue there was a decrease compared with that of the previous Fasly of Rupees 11,06,880-8-5 and

Fort St George 30th June 1851

and in the Collections of Rupees 11,09,662-1-11. The Balance outstanding at the close of the Fasly namely Rupees 18,79,286-8-7- was reduced by subsequent collections up to the end of April 1851 to Rupees 4,55,043-3-8- as per Statement of Demand Collection and Balance for April 1851.

Collections.

10 In the collections on account of current Land Revenue there was a net decrease of Rupees 11,09,662-1-11- arising out of a gross increase of Rupees 2,54,589-13-7- and a gross decrease of Rupees 13,64,251-15-6-

11- The Increase in the collections of current Land Revenues occurred in the Districts noted in the margin. In Tanjore mainly from an enhanced price of Grain but partly from a more regular realization of revenue from the Olungoo Villages. In Bellary and Cuddapah from larger cultivation of Wet Lands owing to the rain fed Tanks

Tanks having a larger supply of water in Tinnevelly, Canara and Maivaram from an increased Settlement & in Nellore to a larger extent of Peddavary (or 2d Series of Wet cultivation) having been brought under the plough. In Vizagapatam from better crops in Amanie Talooks

12- The Decrease occurred in the Districts noted in the margin. In North Arcot chiefly in consequence of an unfavorable season and partly from the 3d instalment of Peshcush of the Calastry and Cavetnugger Zemindaries having been allowed to stand over for liquidation in Fusly 1260. In Chingleput South Arcot, Salem, Trichinopoly, Kurnool Coimbatore from reduced Beriz owing to an unfavorable season. In Rajahmundry by both Ryots and Zemindars having been unable to meet payment of the

J.C.B.

demand in consequence of the destruction of their crops by the inundation or overflow of the Godavery. In Masulipatam owing to the sale proceeds of the Nundigamah Zemindary having been credited in the Accounts of the preceding year and to no similar result in Fusly 1259, also because of the injury done to Crops by excessive rains and by the heavy freshes of the Kistna and Godavery. In Ganjam and Guntoor in consequence of the destruction of Crops by excessive rain and inundation. In Madura owing to the Peshcush of the Sheavagunga Zemindary under the Court of Wards not having been regularly realized, as there was difficulty in recovering the value of the Zemindar's share of Grain, also owing to the Peshcush of other Zemindaries not having been regularly obtained and to a reduced Settlement of Iyen land caused by an adverse season. In Malabar owing to the Beebee of Cannanore not having discharged the Two last instalments of Peshcush within the Fusly.

was a net Decrease of Rupees 97923-4-3 resulting from a gross increase of Rupees 11371-7-9 and a gross decrease of Rupees 109294-12-11. The Increase occurred in the Districts noted in the Margin. In Masulipatam in consequence of the large surplus collections of the Chamoolum-dah Estate reverted to Government having been credited under this head and of larger collections in Sewaye Jumma. In Canara from a larger extent of Hoseagany or new cultivation in the Talooks of Soopa Soonda, and Ankola and from the sale proceeds of Cardamoms obtained from the public jungles credited under this head. In South Arcot chiefly from the fuel rent levied from the Porto Novo Iron and Steel Company. In Madura, Trichinopoly and Madras from the usual fluctuations to which this head is liable.

15. The Decrease occurred in the Districts marginally indicated. In Vizagapatam to Commission on the collections from the Vizeanagrum Jemindary for a number of years having been credited in the Accounts of the preceding year and to their not having been a similar occurrence in Fusly 1259. In Tanjore to the Collections of Village and Nautcum Cumums remuneration credited for a shorter period in Fusly 1259 than in the preceding year the Collections of which embraced a surplus of 14 years. In Tinnevelly owing to the less number of Maniems under Kuft in Fusly 1259. In Ganjam owing to the large fine of Rupees 8000 imposed on the Tahsildar of Poobacondah for certain embezzlements credited in the preceding year, and to no similar occurrence in Fusly 1259. In Coimbatore owing to diminished sales of Sandalwood and

Fort St. George 30th June 1851.

and less fines. In Guntoor owing to the adjustment in account in the preceding year of Collections from disputed lands while in Fusly 1259 there was no such result. In Bellary owing to a less extent of Enam land having lapsed to the State. In North Arcot owing to less cultivation on lands taken up after the Jummabundy. In Chingleput, chiefly from smaller collections from Zemindars and Shotriumdars for their share in the repair of Tanks and

and Watercourses as well as in consequence of less fines. In Cuddapah and Rajahmundry from the latter cause. In Malabar from less penalties on unstampt deeds and sale proceeds of trees felled in Government forests. In Kurnool from discoveries of concealed cultivation having been included in the Jummabundy in Fusly 1259. In Salem and Vellore from usual fluctuations.

Extraordinary Revenue.

Recoveries of Advances for Cultivation

17. The Increase under this head amounting to Rupees 35724-3-3 occurred chiefly in the Districts of Tanjore, Rajahmundry, Bellary South, Great Kurnool, Ganjam and Masulipatam and is attributable to larger Advances in Fusly 1259.

Interest on account of arrears unpaid.

18. The decrease in this item Rupees 3848-12-6 being trifling does not call for particular Remark.

Receipts on account of Government Plantations Sales of Land and Batta or Gain by Exchange.

19. The Increase Rupees 2466-12-1 proceeded chiefly from the larger sale of produce of the Spice Gardens in Travancore generally for which there was greater demand.

Refunds of Revenue Charges.

20. This Decrease Rupees 24254-15-9 arose chiefly in the Districts of Coimbatore and Nellore from smaller sums credited under this head in Fusly 1259.

Recoveries of Charges Collection of Sequestered Zemindaries

21 Under this head there is an increase of Rupees 25401-13-6 chiefly from the recoveries of Advances to Sivagunga of the Minor Zemindary of Shevagungah in Madura under the Court of Wards.

increase of Rupees 43,568-2-2. In
Salem, the decrease is ascribed to
the Salary of one Assistant only
having been charged and to the Salary
of the deceased Collector (Mr. Lockhart)

undrawn and from Mr. Pelly having
drawn Deputation allowance as Acting
Collector. In Chingleput from Mr.
R. R. Cotton's Salary of Head-
Assistant having been charged for
only 1/2 Month whereas in the pre-
ceding year the Salary of that
Office was drawn by Mr. A. W. Phillips
for a full year. In North Arcot

decrease. In Kurnool, the decrease is ascribed to Mr. Maltby having drawn his Salary as Collector during the period he remained at Salem.

Increase

25. The Increase in Coimbatore was owing to Mr. Wroughton's Salary as Principal Collector having been charged for 11 Months whereas in the preceding year it was charged for only 10, and from the increased rate of Salary to Messrs. Walhouse and Shamier also from Mr. Gordon's Salary as Assistant having been charged for 12 Months which was not the case in the previous fusly. In Cuddapah the increase was caused by a Months pay of Fusly 1258 of Mr. Cochrane Collector having been brought to account in Fusly 1259 and by his having drawn the increased rate of pay allowed on completing his 6 years residence. In Guntoor in consequence of Mr. Stokes having drawn an increased rate allowed on the same ground. In Malabar in consequence of the employ of an additional Assistant Mr. Chester. In Vizagapatam from Mr. Fane having drawn his Salary a

short period in arrears. In Ganjam from the Salary of the Collector and Agent in the preceding year not having been paid in full but disbursed in Fusly 1259 for 14 Months. In Tinnevelly, from the Collector Sub Collector and Assistants having drawn Salary for a greater period in Arrears in Fusly 1259 than in the preceding year.

26 The Increase under this head occurred chiefly in Rajahmundry in consequence of the Estab-

Huzzoor District Establishments.

30 The increase in the Board of Revenue is owing to the Deputation allowance drawn by the first Member as Commissioner for Soldiers

Northern Circars and to the pay and batta of the Establishment employed under him in Fusly 1259. In Coimbatore the increase is ascribed to the larger amount of rewards for Killing Tygers and a greater Establishment of Servants employed in the Neelgherry Survey than in the preceding year. In Bellary the increase occurred in Batta to Servants when on Circuit, in Carriage hire of Amounts and remittances of Money to the Huzzoor Treasury, also in rewards for the destruction of Wild Beasts. In Masulipatam, the Increase is ascribed to the disbursement charged under this head on account of repairs of the Pettah Canal during the Fusly

The Decrease in Canara is attributed to the diminished exports of Rice to Arabia- In Guntoor to the operation of Act VI of 1848 equalizing the duties on Goods conveyed in British and Foreign Bottoms and abolishing the duties on Goods conveyed from Port to Port in the territories subject to the East India Company- In Vizagapatam to less import of Paddy from Arracan- In Madras chiefly to a depressed state of Trade-

67- In Vellore to Grain not having been imported from Arracan- In Madura from less exports of Piece goods to Ceylon- In Chingleput Rajahmundry and South Arcot the items of decrease are small and call for no explanation-

49- The Increase in Madras is ascribed to larger payments of Drawback on Sundry goods and in Malabar to larger payments of Drawback on the re-export of Columbo Arrack from British Cochin to a Port in the Rajah of Cochin Territory.

70- The Decrease is chiefly confined to the District of Canara and is ascribed to the reductions which have taken place in the Sea Customs Establishment.

Under this head there was a Net increase of Rupees 150324-9-6 resulting from a gross increase of Rupees 244432-11-11 and a gross decrease of Rupees 94108-2-5. The Increase arose in the Districts noted in the Margin In Singleputt from augmented sales for Inland consumption in consequence of the stores at some of the Madras Cotaurs having been exhausted. In North and South Arcot, Tanjore Canara and Madras from enhanced sales for Inland consumption. In Vizagapatam from the tranquil state of Golgonda and low prices of Grain having induced the Traders to purchase salt largely. In Nellore from greater sales of Salt for export by sea. In Rajahmundry from an increased demand for Salt in consequence of a great number of Pilgrims and Brinjaries attending the feast called

called Poosh nowrum which takes place every 12th year. In Ganjam — from Augmented demand for Salt. In Tinnevelly from greater sales of Salt for in land consumption taken through Madura and Coimbatore.—

73. The decrease occurred in the Districts noted in the Margin In Masulipatam owing to the small number of Lumbadies who resorted to the Cotaurs to purchase Salt In Malabar to diminished sales both for Home and Inland consumption. In Guntoor from the sales in the previous fusly being unusually high. In Madura from collections in full on account of Inland Sales not having reached the Boorgoor until after the expiration of the fusly.

The increase occurred chiefly in the Salt Manufacturers Share. In Guntoor from Salt the produce of Fusly 1259 having been partly stored within the Fusly In South Arcot, Madras, Tanjore and Ganjam from extensive Manufacture. In Malabar and Canara from larger purchases. In Masulipatam, partly from gathering swamp Salt but chiefly in the Extra charges for repairs of Canal and Channels &c.

75. The decrease in Nellore and Chingleput is in the Salt manufacture share owing to the smaller quantity of Salt received in to store within the year. In Rajahmundry to the cost of the quantity stored in Fusly 1259 not having been adjusted until the fusly had expired In Madura the decrease is ascribed to no Advances having been made as in Fusly 1258. husband in the above Devastanum called Tiroomala Numbee, consits of 36 10/16 cawnies of Nunjah and 646 11½/16 Goolies of Poonjah land as per ayacut account of Fusly 1215/1805 16 and is taxed with a quit rent of Rupees 24-8-4 per annum. The teerwa of the land calculated according to the cultivation of each year, was, like those of other Devastanum endowments, enjoyed through Government not only by the ancestors of the 1st Plaintiffs husband from Fusly 1212/1802 to Fusly 1229/1819 during which period it was under sequestration, and after them direct by the Plaintiffs husband from Fusly 1230 when it was made over to him, till his death without issue in 1836, but it has likewise been under Plaintiffs enjoyment till now.

2. During the time the above Village was under attachment as stated above, the then Collector in 1810 and 1816, granted in Cowle to the late Tarjhee Sheristadar Vencut Row, 5 63¾/16 Cawnies of land equal to 12½ Goolies out of the abovementioned 16 11/16 Goolies of the disputed land situated in the minor boundaries discribed below together with

with certain undisputed land, Describ-
-ing them to belong to the Punnagoody
Village. Moreover in 1826, 13 12 3/4/15 Goolies
of land were also granted in Cowle
to Palatey Gownden of Achenpatty
by Moottoosawmy Numbee adoptive
father of the 1st Plaintiffs husband
for Nunjah cultivation. From that
time forward the above named per-
-sons formed tanks and brought the
land under nunjah cultivation.
On the death of Vencut Row, his
heirs and the said Gownden were in enjoy-
-ment of their respective holdings
till last fusly, praying the tax to
Government in years during which
the Estate had been under sequestra-
-tion, and to the 1st Plaintiffs hus-
-band and others during Jary manage-
-ment, and receiving puttahs from
them respectively.

measured the lands of both Villages and
clearly found that the Moogoo accounts

also and that notwithstanding such
inclusion his measurement elicited
its extent to be a little below the
ayacut of Fusly 1215, but the 1st Defend-

In pursuance of this Order the Tasildar has in the current Fusly amalgamated the land in dispute and the tank under it with Thavoo Kumpully hamlet of Therkoopettampully which is under the enjoyment of the 2nd

and fixed boundary stones newly.

5. Moreover the 1st Defendant issued an order to the Tahsildar under date the 3rd January of the current year stating that the Circar has a right to the tax on the disputed land from the date of the Complaint alluded to above, and that with exception of Fusly 1254 for which Kist was paid by the 1st Plaintiff in the Talook as referred to in para 3 as well as Fusly 1259 in which the lands under litigation were left waste, the tax, Viz.t Rupees 47 13 2 from Fusly 1255 to 1258 levied by the 1st Plaintiff on the cultivated land inclusive of tax remitted by her on withered crops should be exacted from the 2d Plaintiff the manager of the 1st and from the Ryots who cultivated the lands in question. As in pursuance of this order the Tahsildar is endeavouring to levy the sum, the 1st Plaintiff the Duckdar of the Village and the 2d her manager instituted this suit for incorporation of the land under litigation and the tank under them with the Village of Punnagoody and for an injunction that

Draft of proposed Answer to the Plaint in O. S. No 50 of 1857 on behalf of R. D. Parker Esqre 1st Defendant and Collector of Madura.

The claim preferred in the Plaint is groundless for the following reasons.

The late Principal Collector in 1846 having received information that the Ryots of the Paroopoo Eanam Village of Punnagoody had encroached on the Government Village of Therkoopettampatty in the Meyloor Talook with the connivance of the Curnum of the latter, an examination was under his order made by the Tahsildar with reference to the Aloogoo or Survey account of Fusly 1215 / 1806-1806 From his report it appeared that the land in dispute is included in two Tracts of Poonjah waste consisting of 298½ Goolies, with well defined

Fort St George 26th June 1857.

boundaries which are entered under the abovementioned Iyen Village in accounts bearing date the 12th July 1806, and that the whole of the said two tracts, with exception of the land in dispute is in the enjoyment of Government Ryots. It is true that the land in dispute would also appear included in the Ayacut of Punnagoody Village, but it is remarkable that the date of the account of that Village is the 13th July 1806 a day later than that of the Ayen Village and it is evident that the latter entry arose either from mistake or /as is more probable/ from fraud and it includes other land belonging to the said 2 Tracts which have always paid tax to Government. It is submitted that the survey account of the ealiest date is that to be followed.

An inspection of the Survey accounts when produced in evidence and examination of the Village officers will satisfy the Court of the soundness of the Government claim. The fact of the land in dispute being included in the survey accounts of the Government Village of Therkoopettampatty is also admitted

2.

by

by the Nattamgar and Curnum of the Punnagoody Village.

3. It is true as stated in Para 2. that 53 3/16 Cawnies equal to 12½ Goolies, out of the land in dispute is included in Cowle for 23 6¾/16 in the Village of Punnagoody granted in 1810 by the Collector when incharge thereof to Vencut Row. But this only shews that the Collector was not then aware of the fraud which had been practised with the collusion of the Curnum of the Ayen Village.

4. The Plaintiff has not shewn how the Cowle alleged to have been granted to Palatia Gounden of Stelay enputty affects the case or whether it is included or not in the land under dispute.

Under the circumstances shewn above the 1st Defendant requests the Court to dismiss the Plaintiffs suit with costs.

No. 263

Submitting a letter from the

The Suit is brought against the Collector and one Vencatrow by the widow of the late

the Collector of Madura reporting the institution of a Suit against himself and another for the recovery of certain Malagazary Nunjah land with a Tank situated in it & recommending that the Collector be authorized to put in the proposed answer which appears to constitute a sufficient defence and conduct the Suit at the public cost.

Acres
*1 Cawnies = 1-32
1 Goolies = about 5⅞ acres

Alagherry Devastanum jointly with her Manager and Guardian.

2. She avers that 61 11/16 Goolies of Nunjah land belonging to the Enam Village of Punnagoody the said Village being the Stanigum Meerassee of her husband has been unlawfully incorporated by the Collector in the ayen or Government Village of Sherkoopettam-putty. The entire Village of Punnagoody is stated to be 36 10/16 *Cawnies of Nunjah and 646 11/16 Goolies of Poonjah, paying a yearly Quit Rent of Rupees 24-84 to Government.

3. She states that with regard to the 61 11/16 Goolies in dispute it has been enjoyed by her husband's ancestors since 1802 and by him till his death in 1836, and since by herself. That whilst the Village was under sequestration from 1810 to 1816 the then Collector gave to the late Sar Jee Sheristadar Vencut row a Cowle for 12½ Goolies being a portion of the 61 11/16 now in dispute, and that the land was then described

discribed as "belonging to Punna
-goody." That in 1826 Cowle was given
to one Palaten Gownden to the extent
of 13 12¾/16 Goolies by her husband's e
father. The Board conclude that
she intends to shew that this land
was part of the 61/16 Cawnies and, that
her husband's father's right to give it on
Cowle was acknowledged.

4 In 1844 the land now under
litigation was claimed as belonging to
the Ayen Village of Sherkoopettam
-putty, and Plaintiff was called
upon by the Collector to pay as a
Deposit into the Treasury the sum
of 27 14 - Kist collected by her
which money she now demands c
back.

5. She states that on the
Tahsildar by order of the Collector
measuring the lands, and comparing
the Oologoo accounts of her Village for
Fuslies 1212 and 1215/1803 and 1806/ the
land was found to belong to Punna
-goody - yet still the Collector in 1850
directed it to be incorporated into the

DG

ayen Village on the ground that the land
was found to be entered in the Oologoo
accounts of that Village for Fuely 1215 and
moreover he now presses her to pay the teerua
of 47—13—2 on the said land.

6. She sues for the recovery of the
land producing 122 Rupees yearly - for the
Value /50 Rupees/ of a Tank built by those who
took Cowle for the 27. 14 she was made to pay
in Deposit and for the annual teerua
47—13—2. Total 247 3/4 Rupees.

7. The Collector proposes in
his answer to shew that the late Collector
hearing in 1846 that the Cunnagoody Ryots
had encroached on the lands of the Ayen Village
of Sherkoopettamputty instituted an examin:
-ation through the Tahsildar from whose
Report it appeared that the land is actually
part of 2 Tracts of Poonjah Waste entered as
298/pGoolies in the Oologoo accounts of the Ayen
Village dated 12th July 1806 and that the
whole of these 2 Tracts except the portion
encroached upon is in the enjoyment of

Government

Fort St George 26th June 1857

Government Ryots—He is ready to acknowledge that the disputed land is also entered in the ayaut account of Cunnagoody but the date of that account is 13th July 1806 or one day later than the account of the ayen Village whence the Collector infers error or fraud especially as that account also includes the portions of the above mentioned two Poonjah Tracts which have always paid tax to Government.

8. He proposes to submit the survey accounts in evidence as proof of the Government claims.

9. He acknowledges that the Collector did in 1810 when Cunnagoody was under Zuft give Cowle to Venent Row and described the land now part of that in dispute as Cunnagoody land but this was because the Collector was then not aware of the fraud in which the Cunnum of the ayen Village had a share.

10. As the proposed answer appears to the Board to constitute a sufficient Defence, they recommend that the Collector be authorized to put in his answer and conduct the Defence at the Public cost.

Sir,

B. No. 1394

From the Sub Collr in charge of Coimbatore

I have the honor to acknowledge the

Affords explanation

explanation called for by the Board with reference to deposits and to the practice observed in the payment of Accountant General's Bills

the receipt of the Board's Circular of the 9th Instant requiring information whether any sums entered in the accounts as having been disbursed are kept in deposit in this District in separate chests under the responsibility of the Cash keeper and what practice is observed relative to Bills from the Office of the Accountant General.

2. The practice admitted to by the Board in paras 1 to 5 does not prevail in this District either with reference to the Huzzoor or Talook Treasuries and no money but what is entered in the accounts is permitted to be kept therein. The pay of the Talook Establishment however forms an exception. This in order to simplify the accounts is always debited in the next Month and forwarded to the Talookes in charge of the return sent bringing the remittances. In the case of those Talooks of which the

remittances do not reach the Huzzoor in time the amount of pay entered in the Books as having been disbursed is necessarily held in deposit for a few days being so entered in all the local accounts but not in those transmitted to the authorities at the Presidency such instances however are so few that they do not appear to have been productive of inconvenience or confusion in the Public Accounts.

3. Adverting to Bills from the Office of the Accountant General I would observe that the calculation of their period of maturity commences from the day of their presentation at the Treasury should the Collector happen to be out in the District the date on which such Bills were produced is noted on the face of them and they are forwarded to the Collector for acceptance they are then signed and returned to the Treasury accompanied by

by a written order from the Collector for their payment when at maturity. If the Collector is at a great distance from the Head Quarters so as to preclude the possibility of obtaining his Order for payment within the period at which the bill becomes due the payment is made when due by the Cash keeper and the same reported to the Collector for his information with a Jakeed bearing the date of payment which is signed and recorded in evidence of the disbursement. These cases however have occurred very rarely certainly not more than twice during the year.

4. All sums not required for Current expenses are placed in separate Chests under lock and Seal, the Keys of which are kept by the Collector. The amount retained in the "Current Chests" under the responsibility of the Cash Keeper does not exceed 5,000 Rupees during the Months in which the Land Revenue Collections are received into the Treasury but in the other portion of

of the year viz. from July to October, it amounts to as much as a lac of Rupees. This compared with the extent of the responsibility of the Cash keeper may perhaps be considered large but the frequent drafts on the Treasury render such an arrangement necessary the Monthly remittances to the Neilgherries on account of the pay of the Civil and Military Officers alone amounting to between 30 and 40,000 Rupees besides various Ordinary demands for Bill &c.

B.d of R.s 1437

From the Coll.r of Canara

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

Sir.

I have the honor to submit for the approval of the Board of Revenue, the tenders of the Rent of the Ale Karry farm of this District for the ensuing fusly 1261 (1851/52) the Net Increase being Rupees 1,586-8-0 over the Rent of the Mangalore Salook has been confirmed to the Toddy drawers as in the previous fusles with reference to the recommendation of Mr Blane in their favor in his letter dated the 24th June 1848 and the Contract from the Proceedings of the Board dated the 3d July of the same year.

2 The contract was put up to auction among the Toddy drawers only, but as they failed to bid up to the amount of last years contract, I refused to propose to the Board that their offers should be accepted, as there was no reason why the revenues of the Cusbah should decline at the same time that those of the district generally were advancing. They have subsequently offered the amount of the Revenue of last year upon the four divisions of the Salook in proportion to their productiveness during last year, and their proposal to farm the contract upon those terms will I trust be accepted by the Board.

3 As it is necessary that the rents should be put in possession of the several Renters at the close of the current fusly, I request that early sanction may be granted.

From the Sec^y to Government

Observations respecting the settlement of the Land Revenue of the District of Kurnool for Fusly 1259.

Read the following Extracts

No 593.

Extract from the Minutes of Consultation Revenue Department under date the 17th June 1851.

Read the following Extract from the Proceedings of the Board of Revenue

(Here enter 1st May 1851 N^o 190)

Para 1 Owing to the heavy and continuous rains during the opening months of Fusly 1259 / 1849 50 to the great threat which followed, and to the ravages of insects, the cultivating season in Kurnool was very unfavorable. Hence although the Villavarees or cultivation engagements exceeded those of the previous year

year by 20,718 Acres assessed at Rupees 14,644 the actual Settlement of Fusly 1259 fell below that of Fusly 1258/1848/49 in the sum of Rupees 1936. It is however to be noted that Fusly 1258 was the best year on record and that the outturn of Fusly 1259/1849/50 was considerably above the average.

2. The prices of the different sorts of puddy were lower than in Fusly 1258. The prices of the dry grains show an improvement, but do not vary much from the average rates of the three last years.

3 The net settlement of the land revenue in Kurnool for Fusly 1259 amounted to Rupees 6,95,492-11-4- and was composed of the following heads.

Villavaree or Cultivation Engagements	Rs 6,63,685	8	4
Deduct Caboolaty Buijer	14,742	12	11
Gross Settlement	6,48,943	11	5
Deduct remissions	21,331	2	5
	627,612	9	0
Ready money Collection, Sodee and Enamaty	73,951	6	9

Deduct Payments to petty Jaghiredars	6,071	4	5
Net Settlement	6,95,492	11	4

B[d] Pro. Para 7.

The assessment on the land engaged for but left waste amounted to Rupees 25,411, of which Rupees 13,668 were charged and the remainder, Rupees 11,743, remitted. Of the entire amount of the waste Rupees 24,517 was on account of dry lands which was more than double that of any of the preceding four years. The proportion of this sum which the ryots were required to pay was Rupees 12,189 or considerably above that levied in the preceding and more favorable Fusly 1258. Looking to the very unpropitious character of the season, and to the fact that the land had been left uncultivated from causes beyond the control of the ryots the Board state that they would not have objected if a further extent of this waste land had been struck out of the account. This mere passing notice of the overcharge after it had been enforced appears to the Government to be below what the emergency called for. It seems that the Board gave a wide discretion to the Agent and that he might have made much more liberal allowance under it. The Government are

are of opinion that the Board should have required information from time to time of the manner in which he was proceeding under their instructions, in order that if he appeared to be acting more stringently than they approved, he might have been checked before it was too late. The Government think also that when the Board saw occasion in reviewing the settlement ultimately to make the remark quoted above they should have stated for the instruction of the present agent, the extent to which they would have carried the remission of waste under the circumstances of the season. whether they would have altogether laid aside for the time the Rules for charging waste, or how far they would have restricted their application. The Board should also have considered and given their opinion whether the over stringency of which they disapproved could still be in any way and in any degree remedied.

Rv 2/1931.

5 Nearly the whole of the remissions on the cultivated land

were given on account of the failure of dry crops. an indulgence allowed by the Board of Revenue in consequence of the peculiarly disastrous nature of the season for that description of cultivation. The first Estimate of loss was Rupees 35,690. but it was subsequently reduced to Rupees 26,791 of which Rupees 20,277 was remitted and the rest 6514 charged. The remission however would seem to have been given upon the Rubbee or 2d crop only. altho' the first crop must also have suffered severely. In their Proceedings of 14th January 1850 the Board when authorizing the late Agent to grant remissions for the failure of Poonjah cultivation did not as already remarked prescribe any specific instructions for his guidance. The true principle on which such remissions should be regulated has frequently been laid down by Government viz, that they should not be determined on the outturn of any particular field or fields, or even of any particular description of cultivation. but upon the yield of the ryots entire holding and on consideration of produce and price

price. It would seem from what is stated in Para 13 of the Report that the principle was not acted on by the late Agent. Reference is made in the conclusion of that Para to "the means of the ryot, the extent of Cnam land held by him and other considerations being kept in view" but this is not borne out by Statement 18 appended to the report and meant to exhibit the mode in which the remissions were calculated. The course which would appear to have been followed was to charge full tax on all fields in which the value of the crop was estimated to be equal to half the assessment and when it was less to carry the whole value of the produce to account and give up the remaining balance.

6 The remissions appear to have been very unequally distributed and to have borne different proportions to the extent of ascertained loss in different Talooks More than half of the whole sum remitted was in the Goodoor Talook where the remission was above 4/5th of the loss. Of the remainder half was granted in Nundicootoor where the rates of remission to loss was nearly

+ Rs 125.15

the same as in Goodoor. But in Ateoor out of a loss of Rupees 1805 only Rupees 253 or somewhat above a seventh was allowed and in Chagulmoory no remissions were granted not apparently accounts of loss taken, though this Talook must have suffered at least as much as the others, and had for some years been in a depressed condition. The settlement of it is stated to have been made with much rapidity. The reason for this is not apparent as Mr Phillips was left to make his own arrangements for giving over charge of the District, and did not quit it until the 24th June. Copy of those parts of the present Agents report, and of their own review of it which relate to his proceedings in connection with the settlement of Fusly 1259 have, it is observed, been communicated to Mr Phillips who will doubtless feel it incumbent upon him to afford explanation which the Board will lay before Government with their own remarks

7. The present Agent appears to be of opinion that it would have been well had a larger measure of relief been afforded to the ryots in the Fusly on which he expresses his apprehensions that the effect
