13745 Fort St. George — October 1851.

Diary.

17th October. Received the following letter.

No. 99.

To,

W. H. Bayley Esqr &c

Secretary to the

Board of Revenue

(1)

Bd No. 2511.

Sir,

From the Collector of Madras —

It is with great regret that I have to announce the death of Mr. I D'Vaz — who for many years very ably filled the Office — of Head Writer and Record-keeper in my — Cutcherry —

His experience, talents and — great industry make it a matter of difficulty to supply his place. I would suggest that — Mr. Wilson Appeal Translator to the Revenue Board Office who for six Months acted for the late Mr. D'Vaz should be appointed in his stead.

During

Fort St. George 17th October 1857.

During the time Mr. Wilson was in my Office. I had every reason to be satisfied with the manner in which he conducted the business of his Department.-

Madras, 17th October, 1857. } (Signed) J. A. Hudleston.
Collector.

17th October.

Sent the following letter.-

(1-2)

Bd. No. 2019.

To,

The Collector of

Madras.

To the Collector of Madras.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 17th October 1857, and to inform you that the services of Mr. Wilson will be placed at your disposal from this date.-

Revenue Board Office, Fort St. George, 17th October 1857. } (Signed) W. H. Bayley.
Secretary.

At

Fort St. George 20th October 1857.

At a Meeting Present.-

J. Goldingham Esqre Second Member.

Monday, 20th October, 1851. } and

T. L. Blane Esqre Third Member.

Walter Elliot Esqre Senior Member.

absent on duty.-

as Commissioner Northern Circars.-

Minutes of the last Meeting read and approved.-

Read the following Statement.-

Statement

13755

Fort St. George 20th October 1857.

3- The particulars of the decrease in the Salt Revenue amounting to Rupees 78,900-3-2 are shewn in the Margin - Although there is in the whole a trifling increase in the Home sales, yet it will be observed that there has been a falling off of Rupees 11,655-4-10 in two Cotaurs, Alloor in Pandery and Valoo-candoo in Tudda Division, which was occasioned by there having been no Salt in store from February and March respectively - In pursuance of the instructions of the Board conveyed in Extract from their Proceedings dated 5th December 1850, due attention will be paid that an adequate supply be always on hand in future -

	Increase	Decrease
Home Sales	72-3-9	" " "
Inland Sales	" " "	40,163-5-"
Ship Sales	" " "	38,525-8-5
Exctra Collections	" " "	283-9-6
	72-3-9	78,972-6-"
Net Decrease		78,900-3-2

4- The decrease in the Inland sales occurred in 5 Divisions, Krista-patam being the only one in which there was an increase amounting to Rupees 2,507-11-2 - The falling off in Pandery Division is accounted for

	Decrease
Pandery	12,236-6-5
Paukalam	2252-14-5
Eshapully	15,319-14-5
Doogaraug patam	95-8-1
Tada	12766-4-10
	42671-"-2

for by certain Brinjaries who resorted in the last year to Canoopurty, a Northern Cotaur in this Division bordering on the Guntoor District, having this year proceeded to the pans at Peda Ganjam and Shena Ganjam in that District- A Statement recvied in reply to a reference made by me to the Acting Collector of Guntoor exhibits an increase of Rupees 2,24,160-15-11- in the sales of Shena Ganjam upto the end of May-

5- The large Decrease in the Eshalully Division is attributable to the extensive manufacture and use of earth Salt in the Districts of Cuddapah, Bellary and Kurnool, in consequence of which it is stated that some Brinjaries have altogether given up the Salt trade and employed their bullocks in conveying grain- The Petty merchants also in this District who used to export Salt to those Districts have during the Fusly under report given up the trade and taken to trading in Salt fish- The large decrease in the Tadak Division is ascribed to the Salt Brinjaries who resorted to the pans in this Division in

Fusly

Fusly 1259 in consequence of an enquiry then in progress into the irregularities practised in the pans of Reddypollem in Chittoor and Soonapagonta in Chingleput Districts, having again resorted as usual to those pans-

6- The falling off in the Shipsales is attributable to the deficiency in the quantity indented for from Chittagong and to the loss of several Vessels lying ready to recvie cargoes of Salt as reported in my letter dated 13th May 1851-

Chittagong- 23,972-12-0
Calcutta- 14,552-12-5
38,525-8-5
Indian Arrands
Fusly 1259- 313,400-
" 1260- 220,200-
Decrease- 93,200-

7- The decrease in the Exctra Collections arises in the two items noted in the Margin, there being an increase in the refunds of Manufacturers' share reduced in reference to the inferior quantity of Salt produced in some Cotaurs- The decrease in the recoveries of advances for the manufacture of Salt is in proportion to the smaller amount advanced for that purpose in Fusly 1259, and that in the refunds of Exctra Charges in the unexpended portion of sums advanced for repairs of Marcals and for huts on Platforms-

Refunds of advances for Salt Manufacture } 293-10-0
Refunds of Exctra Charges } 61-9-7
Refunds of Manufacturers Share } 71-10-1

8- In the accompanying Statement No 1 it will be seen that the net decrease in the

Fort St. George 20th October 1857.

13539-10-9 + The disbursements is Rupees 10774-2-7. The + decrease in the Manufactures' share is in consequence of the smaller quantity of Salt received into store in Fusly 1260. The increase observable in other items of Charges amounting to Rupees 2768-5-2 is detailed in the Margin. The augmentation in the Extra Charges arises from a gross increase of Rupees 5662-7-2 in the Charge for hire for conveying white Salt from the Plat= =forms to the Beach that which was not incurred in the preceding Fusly, no white Salt having been manufactured in Fusly 1258, and from a gross decrease of Rupees 3209-1-9 in shipping Charges in proportion to the reduced exportation of Salt. The increase in servants wages arises chiefly in consequence of there having been no situations vacant for certain periods as was the case in the preced= =ing Fusly. The increase in advances for Salt Manufacture is owing to the necessity which existed for making the same to the Ma= =nufacturers of certain Cotaurs, in reference to their peculiar circumstances.—

	Increase.
* Servants wages &c	124-15-9
Saderwarees and Extra Charges &c	2453-5-5
Advances for Manufacture &c	190-"-"-
	2768-5-2
Deduct decrease in Salt Rowsoons	2-13-"-
Net Increase	2765-8-"-

The

Fort St. George 20th October 1857.

9 The following exhibits the amount outstanding on account of advances for Salt Manufacture which will be recovered when the Manufacturers' share is paid.—

	Amount received for Fusly 1260.	Collections up to 20th September	Balance.
	680-"-"-	3-8-"-	676-8-"-

Sea Customs 10 The decrease observable in State= =ment No 1 is as follows.—

	Fusly 1266	Decrease.
Imports &c	10-2-5.	546-"-10-
Extra Collections	1-"-"-	433-1-6-
	11-2-5.	979-2-4-
* Fusly 1257		
Imports &c	556-3-3.	
Extra Collections	434-1-6-	
	990-4-9.	

The decrease in the Imports occurred by there being no imports of Rice and Paddy from Arracan—

The Extra Collections for Fusly 1260 amounted to Rupees 515-"-"- being the sale proceeds of floated wood which having been brought to account under the Head of Marine receipts, under instructions from the Accountant General, occasioned the decrease under this Head.—

It will be seen from Statement No 1. that the decrease in the Charges amount= =ed to Rupees 839-1-6, owing to the reduced establishment sanctioned by Government having come

Abkarry-

come into operation from the 23rd September 1850-

11- The following is a comparison between Fusly 1259 and 1260 of the Demand, Collection and Balance, under the head of Abkarry-

	Fusly 1259.			Fusly 1260.			Increase.			Decrease.		
Demand-												
Amount of Rent	32,003	4	"	30,000	4	6	"	"	"	2002	15	6
Do Collected during the period Paumoor Division was managed under Amany in Fusly 1260.	"	"	"	153	10	11	153	10	11	"	"	"
Total	32,003	4	"	30,153	15	5	"	"	"	1849	4	7
Current Collections	31,223	2	10	28,266	6	4	"	"	"	2956	12	6
Eextra Do	462	3	1	314	5	3	"	"	"	147	13	10
Total	31,685	5	11	28,580	11	7	"	"	"	3104	10	4
Balance after deducting Current Collections from the Demand	780	1	2	1887	9	1	"	"	"	"	"	"

The decrease in the Demand arises from larger offers not having been received for the Abkarry farms as already reported to the Board*-

Of the Current balance Rupees 1075-5-"- are due by the Renter of the Nellore stations and will be shortly Collected in conformity to the Board's Proceedings dated 11th August 1857.

The

* Vide letters dated 29th June and 1st and 5th July 1857-

The remaining balance Rupees 812-4-1 has been subsequently realized in full- The decrease in the Extra Collections is occasioned by a falling off in the sales of Palmira trees in the Current Fusly-

In Statement No. 1 an increase of Rupees 132-1-"- will be seen under the Head of Abkarry disbursements, which arises from the circumstances of the Paumoor Abkarry station, transferred to this from Chittoor District in the beginning of Fusly 1260, having been retained under Amany management for a short period at the commencement of the Fusly as reported to the Board in my letter dated 6th July 1850-

Motirpha- The increase of Rupees 428-11-1 in the Demand under this Head observable in the Statement annexed to Para

13762 Fort St. George 20th October 1851.

Para 2 arises chiefly from an increase of Furnaces for smelting Iron and of Duit Rent.

In conformity to the instructions of the Board of Revenue a Statement as per Form received shewing a comparision of the general heads of Moturpha Revenue between Fusslies 1259 and 1260, is forwarded.

Of the demand for Fusly 1260 the balance due at the close of the fusly was Rupees 521—8—7 from which the amount subsequently collected up to 20th September Viz. Rupees 423—2—4. being deducted, leaves a remainder of Rupees 98—6—3. of which the amount due by poor Ryots &c. is Rupees 53—10—7. The necessary measures have been taken for the early Collection of the remainder.

Principal Division	78—11—8	
Sub Do.	19—10—7	
	98—6—3	

&c.

In

13763 Fort St. George 20th October 1851.

In regard the arrears under this Head amounting to Rupees 760-2.3 a report will be submitted very shortly.—

Sundry Small Farms and Licenses.

The decrease of Rupees 80-- 8 in the Demand under this Head observable in the Statement annexed to Para 2 arises in consequence of the Tax on Funk Fisheries having been abolished in accordance with the instructions of the Board dated 20th November 1850.—

The balance on account of this demand for Fusly 1260 at the close of the Fusly was Rupees 120-8-- of which a Sum of Rupees 23 -- has been since realized upto 20th September and measures have been taken to ensure the speedy realization of the Remainder Rupees 97-8---

Stamps.

Increase in the sales of Stamp paper	1515-12-	
Deduct decrease in Extra Collections being fines levied on Documents executed on unstamped paper.	93--	
Net Increase	1422 12	

The net augmentation in the Stamp Collections is detailed in the Margin. The Increase in the sales of Stamp paper depends on the number of Civil suits filed. The decrease in the Extra Collections calls for no remark. The Increase in the Charges under this Head as will appear from Statement No 1 amounting to Rupees 599-10-8 arises partly from the Refunds of Stamp duty and partly from Commission in the sales of Stamps.—

Nellore, Collector's Cutcherry, 11th October 1851

(Signed) D. White
Collector

Statement.

13764 | | For the 1st July to 20th October 1851.

Board of Revenue
Fort St. George.

16

B. No. 2365

From the Collr. of Chingleput — Sir,

Para 1 Adverting to the 3d Paragraph of Extract from the Proceedings of the Board of Revenue under date the 28th April last transmitting an Extract from the Minutes of Consultation dated 5th Idem and directing me in communication with the Collector of North Arcot to submit for the sanction of the Board such alteration of Establishments &c. of the two Districts as may appear necessary, consequent on the transfer of the Goonmady poondy Division to this Collectorate, I have the honor to transmit an Extract from a Statement furnished to me by the Acting Collector of North Arcot containing full particulars of the Establishment transferred to me on account of the Superintendence of the Goonmady poondy Division including the Town of Pulicat and it dependencies and the Salt Pans of Poongolum recently attached to this District. —

Submitting for sanction alterations of Establishments rendered necessary consequent on the transfer of the Goonmady poondy Division to his charge. —

A

From

2 From the Statement it will be observed that in accordance with the suggestion of Mr. Bourdillon as contained in the 8th Para of his letter (Copy of which was transmitted with the Board's Proceedings) a Tursdar has been added to my Establishment in lieu of the Peishcar whose services it would appear are required in the Northern Division of the Sutwaid Talook.

3 As I consider the 43 Villages composing the Goommady proondy Division too large a charge for the Tursdar, I have placed some of them under the Superintendence of the Zillahdars of the adjoining Divisions of the Nayer Talook and with a view to render the duties that would additionally devolve on the Tahsildar in some measure less arduous I have deemed it advisable to entrust the Revenue and Police administration of some of the Villages to the Police Ameen at Pulicat, whom in reference to his qualification and the testimonials he possesses I consider competent to assume this Charge.

As.

4 As regards placing the Salt Pans of Poongolum, Choonnamboocolum, and Oossoorelroy under the Superintendence of one Ameen as proposed by Mr. Bourdillon in the 3d Para of his letter, I beg to state that the Peishcar at Choonnamboocolum has under his charge in addition to the Pans of Choonnamboocolum the Subordinate Pans of Opasamoodrum, and Oossoorelroy, which are respectively 1½ and 7 Miles distant from Choonnamboocolum the Cutcherry Station. The Pans at Oossoorelroy were previous to the year 1837 under the Management of a separate Establishment but in December of that year an arrangement was made for including them with those at Choonnamboocolum and a decrease of revenue would appear to have consequently resulted since that period as marginally noted

Average of 5 Fusleis from Fusly 1242 to 1246 previous to the year 1837	8,520	3	5
Do of Do from 1256 to 1260 Subsequent to Do.	5,267	6	5
Decrease	3,257	13	"

J

Fort St. George 20th October 1851.

I am not inclined to think that the Superintendence of the Pans at Coppoonelvoy is as efficient as it should be, and as it is very desirable to ensure due supervision that the Pans should lie as near the Cuskal Station of the Peishkar as practicable the additional charge with which the Peishkar would be entrusted in the Management of the Poongolum Pans situated 5 Miles distant from the Cuskal station would rather tend to weaken the efficiency of the Department I cannot but consider the measure otherwise than inexpedient, and would therefore beg to recommend as a better arrangement that the present Establishments of Peishkar &c. should be retained at both the Pans of Choonambo-
lum and Poongolum with the few
alterations shewn in the accompanying
Statement and that the Coppoonelvoy Pans
be transferred to the charge of
the Peishkar of Poongalum. the
distance between these
places

Fort St. George 20th October 1851.

places being only 7 Miles;

Average Berij of 5 Fusleies of Choonambo-lum exclusive of Coppoonelvoy	2734-9-6
Do. Do. of Poongolum inclusive of Do.	2963-8-5

an arrangement which would further make the charges nearly equal as shewn by the Marginal Memorandum

I beg also to submit an Extract of a Statement furnished to me by the Collector of North arcot regarding the stipends of Pensioners. Nyeomiadars Church Servants &c. and request the Sanction of the Board for their disbursement.—

Chingleput District,
Collector's Cutcherry,
Pullecarney,
19th September 1851.

Signed J. H. Cochrane
Collector.

13793

Fort St. George 20th October 1851.

Ordered that the foregoing letter be submitted with the following address.-

No. 449.

To,

The Chief Secretary to Government.

Sir

(16-17)

Bd. No. 2046
To the Chief Secretary to Govt.

With reference to Extract Minutes of Consultation dated 3d April 1851, I am directed by the Board of Revenue to submit for the Orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Chingleput soliciting the sanction of Government for certain alterations rendered necessary in his Establishment consequent on the transfer of the Goommady poondy division from North Arcot to his Collectorate.

2.

The Statement A accompanying the Collector's letter exhibits the particulars regarding the Establishment transferred to the Chingleput District. Some alterations have been suggested by Mr. Cochrane is of opinion that the Tarjotar who has been added to his Establishment instead of the Pishcar whose services are still required at North Arcot will hardly

Submitting a letter from the Collector of Chingleput soliciting the sanction of Government for certain necessary alterations in his Establishment consequent upon the transfer of Goommady poondy division to his Collectorate and recommending that these arrangements may be sanctioned and that the Collector should be authorized to disburse the stipends of Puchaiors Gromiahdars and others.-

From Collector 11th & 20th October 1851

13794

Fort St. George 20th October 1851.

hardly be able to take charge of all the Villages in the Goomady poondy Division and he therefore proposes that some of them should be placed under the Tillahdars of the adjoining division of the Nagur Talook (in the Chingleput District) and with the view of relieving the Tahsildar of that Talook, he suggests that the Ameen at Pulicat should be entrusted with the Revenue and Police administration of some of those Villages.-

Mr. Cochrane also differs from Mr. Boardillon in regard to the superintendence of the Salt Pans of Soongalum and Oopooneloy. He is of opinion that as the Peishcar of Choonamgoolum, has the Superintendence of other pans which are at some distance from his principal station, it would not be advisable to burden his present charge with the management of the Pans at Soongalum and Oopooneloy especially as it was found on a former occasion that the transfer of one of these pans, Oopooneloy to the Peishcar of Choonamgalum was attended with a loss of Revenue.-

The Collector therefore proposes

4

Fort St. George 20th October 1851

proposes that the present Establishment of Peishcar &c should be retained at the Pans of Choonamgalum and Poongalum, with certain changes indicated in State-ment B and that the Coiproonevoy Pans on account of their proximity to the Pans at Poongalum should be placed under the control of the Peishcar at Poongalum.-

5. The Board see no objec-tion to these arrangements and they would therefore recommend them for the sanction of Government, and propose (with reference to the concluding Para of Mr. Cochrane's letter) that the Collector should be autho--rized to disburse the Stipends of Pensioners Zemindars and others entered at full-length in Statement C.-

20

B. R. No. 2403.

From the Collector of Salem - - - - -

Furnishing additional information respecting the endowment proposed to be made to a Choultry built at Vencatanaickenpolliem. Bd. 12th Novr. 1851.

I have the honor to reply to the requisition of your Board for certain additional information respecting the endowment proposed to be made to a Choultry built at Vencatanaickenpolliem by Kylasagounden.-

2. The Choultry is likely to be of considerable convenience to Native travellers

travellers and so far as I am aware it seems unavoidably necessary that certain servants should be employed to receive charge and take care of it. The pay of such an establishment, together with the probable cost of periodical repairs, cannot be estimated at a less sum than 50 Rupees annually. I therefore beg to suggest the Grant as an endowment to the Choultry of land of which the yearly Teerwah shall not exceed that amount.

To Sub Coll.
21st May 1851
To O. O. 30 June

3. I had expected to receive from the late Sub Collector, the needful information in regard to the substantialness of the building in question but being disappointed, I have ascertained through the Assistant Collector Mr. Grame who has made a personal

27th Sept. 1851 inspection of the Choultry and its out houses, but they have been very substantially constructed.

4. The Board having directed my attention to the rule marginally quoted

quoted I beg to mention that the land to be selected as the Endowment for the Choultry under observation, cannot be selected in the Village in which the buildings now in question are situated, because Venkatanackumpolliem is a Village in a jaree Mootah I propose however unless otherwise instructed, to require the proprietor to make the selection from lands of the prescribed class in the Atmany Village nearest to the Choultry.

Salem District. - - -
Office Collectors Cutcherry,
30th September 1851 - - -

(Signed) H. D Phillips
Collector

Ordered that the foregoing letter and the previous correspondence on the subject, be submitted with the following address.

No. 445

To,
The Chief Secretary to
Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council

20-21

B. No. 2038

To the Chief Sect. to Government.

Submitting a correspondence with the Collector Salem respecting the

the grant of an Endowment for the support of a Choultry at Venkatanackenpollicm, and recommending that it be endowed with waste land of the value of Rs. 50 per annum as proposed by the Collector.

From Coll.r 22nd June in Cons. 3rd July 1848.
Proceedings 3rd July 1848
From Coll.r 30th April in Cons. 12th May 1851
Proceedings 12th May 1851
From Coll.r 30th Sept.r in Cons. 20th October 1851.

Council, the correspondence noted in the Margin, respecting the grant of an Endowment for the support of a Choultry for the accommodation of travellers, built by Hylas a Gownden at Venkatanackenpollicm, in the Talook of Senkerry droog in the District of Salem.

2 The Choultry in question is situated on the high road from Salem to Coimbatore, and is likely to be of great convenience to the numerous travellers frequenting that road. the nearest Choultrams to it are those of Mr. Donalos and Comarapollicm the former being 11 Miles North and the latter 12 Miles South.

3 The Choultry with the out houses have been inspected by the assistant Collector and are reported to be very substantially constructed, and the total expenditure incurred is according to the valuation made by the Talook Mastry and Maramat Goomastah Rupees 4,966-11-3.

4 The annual outlay on account

account of an Establishment to take care of the building and for periodical repairs is estimated at Rupees 50. and Mr. Phillips suggests the grant of an Endowment of land the yearly Jeerwah of which shall not exceed that amount.

5. By an order of Government dated 25th February 1837 it is directed that endowments be given from contiguous waste land, but it will be seen from para 4 of Mr. Phillips letter of 30th September 1851 that the selection cannot be made from the Village in which the Choultry is situated, as Venkatanackampollicm is a Jahry Mootah Village. It is therefore proposed to grant the endowment from the nearest aumany land.

Note I C. O. Books page 100.

6. As the Choultry is a Superior description of building, and provides accommodation for all classes of the native Community, the Board beg to recommend that it be endowed with waste land of the value of 50 Rupees per

per annum, as proposed by the Collector.

B. No. 2231

From the Collector of Tinnevelly } Para 1.

Forwarding 2 Appeal Petitions addressed to the Board of Revenue by the within-mentioned persons from the decisions against them under the Provisions of Regulation IX of 1822.

I have the honour to forward 2 Appeal Petitions addressed to the Board of Revenue by Anyappa Moodely Numberdar of Nambeetalavenputty in the Cullyoor Talook and Letchmana Row Moozoomdar of that Talook under dates the 25th and 30th Ultimo respectively from my decisions against them under the provisions of Regulation IX of 1822, on charges of making, for corrupt consideration, fraudulent entries in the public accounts, and to transmit the Original Proceedings

Copies Enclosed

Fort St. George 20th October 1851

As per list accompanying.

Proceedings connected therewith.—

2. The proceedings in these cases I regret to state have the same radical defect as was animadverted upon in para 3 of Board's Proceedings dated 1st Instant in disposing of two other Appeal Petitions inasmuch as the Evidence was not taken on Solemn affirmation and the fines will necessarily be remitted; but as the Board will I believe see reason from the accompanying papers to consider the parties were guilty of the charges laid at their door, I trust their removal from the public Service will be approved of.

3. With reference to the remarks in para 2 of the Board's Proceedings upon my letter of 29th July last, I beg to state that in the present as well as in the cases to which these Proceedings advert the accused were present during the enquiries and had every facility afforded them to rebut every part of the evidence and some exercised the privilege of cross examining the witnesses very freely.—

2.— The first portion of the enquiry

enquiry in the case in which the late Tahsildar of Nanghancherry was concerned was conducted by the Salt Peshcar a Superior Officer of good Character drawing a Salary of 100 Rupees a Month. He did not call upon the accused to reply to the charges but none of his Proceedings were secret. Afterwards I thought proper before taking up the inquiry myself to desire the Head Sheristadar to look over the papers, in the presence of the accused and to take Depositions from them so that if it should appear the charges could not be sustained I might not expose them to the disgrace of a formal trial.

5. The business of the Jummah bandy and the Settling of the Abkarry Vsa rents were going on when these enquiries were in hand and I was much prefsed with public affairs which I hope may be some excuse for my not turning to the Regulations and correctly informing myself of their provision with respect to the mode of procedure. I acted however under what seemed a clear recollection

that

that Regulation VII of 1828 exempted from the necessity of Examining on Solemn affirmation cases not thought to require severer penalty than a fine of 50 Rupees.

6. With reference to Boards + Proceedings upon my letter of 15th dated 1st September 1857. August last, I beg to say that it does not appear to me requisite to make fresh enquiries in any of these cases with a view to inflicting punishments upon the delinquinments by way of fine, their dismission from the Service will answer in my opinion every important public purpose

Bd. No. 2331.

From the Coll. of Tinnevelly } Submits the report promised in his letter of 21st July last and suggests certain arrangements for the Management of the property of the late zemindar of Sapton and the maintenance of the young zemindar.—

Sir

Para 1 I have already reported the death of the Sapton zemindar Nagagasawmy Camaya Naicker on the 21st July 1851. The annual Peshcush of this zemindary amounts to Rupees 9037. Of this sum the balance outstanding on account of Fasly 1260 at its close amounted to Rupees 1337 which having been since collected there is no demand in this Office against the Estate.—

2 From an Arzee received from the Tahsildar of Sheevelly Pootoor in reply to an order issued to him on the subject it appears that the family of the deceased consists of 14 Souls of whom 13 are females including the 7 widows left by the deceased, that the 6th widow has a son born on 30th October 1849 and called after his Father's name and that she is again now pregnant.—

The Minor alluded to will attain his majority (or 18th year) on the 29th October 1867.

+ Vellie Pommanche animal.—

A

Fort St. George 20th October 1837.

A List No. 1 showing the Members of the family left by the deceased (with the exception of his 1st widow) together with their names and ages and the proposed amount for their Maintenance is herewith forwarded.—

3 The 1st Widow Gopala Krishnamma-mall has been omitted in this List in consequence of the deceased Zemindar having during his life time in 1836 executed to her a deed whereby she should enjoy after his death half of a Village named Vandapullie paying only to the Zemindary a fixed favorable tax of 42 Pons. and 5 fanams per Annum. The original (to be returned) and translation of the instrument are herewith submitted.—

4 In accordance with the wishes of the Minors Mother and the order of Government prefixed to the Board's Proceedings of 17th June 1834 respecting the Gailoma-day Zemindary I beg to recommend the Mother of the Minor being appointed as the Guardian of the latter.—

The

Fort St. George 20th October 1837.

5 The Gold and silver Jewels and other personal property left by the deceased Zemindar are valued by the Tahsildar at Rupees 6550 15 3 I beg to enclose a List No. 2 containing the above particulars with remarks showing what it is considered should be put up to Auction what deposited in the Huzzoor Treasury and what allowed for the use of the proposed Guardians It will be seen from this list that the ready Money amounts to no more than Rupees 48 13 . The Tahsildar has been directed to send the Istimrar Puttah of this Estate to the Huzzoor for the purpose of being deposited in the Treasury.—

6 Statement No. 3 accompanying will show the debts due to the late Zemindar to be Rupees 115 5 . For the recovery of which the necessary Orders have been sent to the Tahsildar.—

7 Statement No. 4 exhibits the private debts claimed from the Estate of the late Zemindar by different creditors amounting to Rs 28382 as 6. Of this sum Rupees 27811 13 6 are proved on investigation to be owing to 6 persons

persons on bonds executed by the late Zemindar and by the admission of the Minors Mother. The bonds produced by 5 other creditors to the amount of Rupees 570 — 8 — 6 being disputed by the Minors Mother, further inquiry will be made regarding the justice of their claims. The other debts with the Board's permission may be put in a train of liquidation.—

8 The late Zemindar during his life time rented out the Zemindary for 10 years from Fusly 1254 to 1263 and the Renter Ramasawmya Pillay has been in the enjoyment of the property up to Fusly 1260 paying to the Zemindar annually Rupees 16130 — 6 — The renter has produced 3 stamped documents executed to him by the Zemindar on the 29th and 31st July 1814 originals (to be returned) and Translations of which are herein enclosed. From these it will be seen that the whole Zemindary including the private farm was in the first instance rented out for Rupees 17,500 per Annum and afterwards a reduction of Rupees 1,369 10 — was made in the amount of rent in consequence of the Zemindar having resumed the private farm under his own management

It will also appear that the renter undertook to execute all Earth works to the Tanks &c. at his private charge leaving the Cost of Masonry works to be borne equally by himself and the Zemindar.—

9 It is ascertained by inquiry and the renter admits that he owed to the Zemindar on account of Fusly 1260 Rupees 3,137 — 6 — 8 but of this sum he has since paid to Government Rupees 1,349 — 9 — in satisfaction of the Kist (including Interest) due by the Estate for the Month of June of Fusly 1260 For the Collection of the remaining sum of rent amounting to Rupees 1787 — 13 — 8 orders have been sent to the Tahsildar Statement No. 5 explaining these particulars is herewith forwarded for the information of the Board.—

10 The Minors Mother has requested by an Arzee that the private farm may be left in her possession on the terms of the late Zemindar's 2d agreement with the renter but as the Zemindary is involved in debt to a large amount and as the Renter is desirous of taking the whole Estate for the remainder of his lease on the terms of the first agreement paying 17,500 Rupees per Annum

Fort St. George 20th October 1851.

it seems to me more advisable to make over the private farm to him than to continue the deduction of 1369 10 which must be made whether those lands are under cultivation or not.

11 The gross income of the Zemindary per Annum and the amount required therefrom on account of Peshcush and maintenance of the Minor and the Family are shown in the Margin. From which it will be seen that the nett Surplus amounts to Rupees 7206 1 4 which may be applied for the liquidation of

of the debts due by the late Zemindar.

12. The Renter Ramasawmya Pillay has given satisfaction to all parties in his administration of the affairs of the Zemindary hitherto from the time he entered upon his lease and there is no reason to suppose that his conduct will be different in future I beg therefore to recommend that he may be considered as Manager of the Estate

No. 456.

31.32.

To

The Chief Secretary to

Sir,

Government.

Bd. No. 2073.

To the Chief Secretary to Government

Submitting a correspondence from the Collector of Tinnevelly, proposing certain arrangements for taking the Zemindary of Saptoor under the management of the Court of Wards on behalf of the Minor Zemindar and recommending that sanction may be granted for the same.—

21st August 1851. Letter from Court of Wards to Chief Secy. to Govt.
23rd September 1851. Letter from Collector of Tinnevelly to Court of Wards.

I am directed by the Court of Wards to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying letters from the Collector of Tinnevelly with Enclosures reporting the death on the 2nd July 1851, of Nagiasawmy Ramia Naiker Zemindar of Saptoor, and proposing arrangements for taking the Estate under management of the Court of Wards on behalf of the Minor a boy of about two years of age, and of the same name as the deceased.—

2. The Zemindary of Saptoor pays an annual Peshcush to Government of Rupees 9037 and has for Six years been in the hands of a renter named Ramasawmy Pillay. The family of the deceased consists of Seven Wives and Six daughters and of one son, (the Minor above adverted to,) by the 6th Wife, who is again pregnant.—

DG

The

13837. Fort St. George 20th October 1851.

3. The measures taken by the Collector for the security of the property, and his suggestions for the support and charge of the Minor, as specified in his last letter, seem to the Court of Wards to be just and proper but they do not think that the renter Ramaswamy Pillay can duly exercise the duties of Manager also.

4. In making provision for the family the Collector has excluded the Widow of the deceased, as some years before his death, he had executed a deed in her favor by which she should receive at his death, the proceeds of half of the Village of Vandapullie on payment of a light tax by that list the total expenses for the support and maintenance of the Minor, and all the other Members of the family, is estimated at Rupees 1288—8. per Annum including an item of Rupees 12 per Annum for a Teloogoo and Tamil Tutor, a charge which the Court of Wards think should not be incurred for some time

Encl. 1.

5. By the late Zemindars Accounts, there was a balance of Rupees 3137—6—8. due to him by the renter

Ramasawmy

Ramasawmy Pillay for Fusly 1260 of, which Rupees 1,349-9 was realized in satisfaction of the arrears of Peishcush leaving Rupees 1787-13-8 in course of recovery from the Renter. The Court of Wards concur in the Collectors opinion for the reason assigned that the entire Estate including the private farms, should continue in the hands of the Renter until the end of Fusly 1263, when his lease will expire - at the close of that Fusly the views conveyed in their Circular Boards L.O. Book page 5. orders of the 15th May 1820 for an individual Ryotwar settlement will be carried out.

6. If to the Annual rent of Rupees 7,500-0-0 added Rupees 31-7-4, the produce of certain Topes not included in the rent, the gross income from the Estate will be Rupees 17,531-9-4, and deducting therefrom, the Annual Peishcush Rupees 9037-0-0 and the Estimated allowance for the subsistence of the Minor and the remaining Members of the family, Rupees 1288-8-0 there will remain surplus of Rs. 7206-1-4 per

per Annum, which the Collector proposes to apply to the liquidation of the private debts of the late Zemindar. These amount to Rupees 28389-6-0 of this sum claims aggregating Rupees 27811-13-0 are supported by bonds executed by the deceased to six parties and by the admission of the Mother of the Minor, the bonds of 5 other Creditors amounting to Rupees 570-8-6. being disputed by her. The Court of Wards consider that some further enquiry should be made to show that all the claims first mentioned are good and that fraudulent calculations of principal and interest should be reported with the periods when the debts were first contracted, and what sum each creditor would be willing to receive of all demand.

7. The Court of Wards now recommend that sanction be granted for the Saptoor Zemindary being placed under their charge on behalf of the Minor Zemindar Nagiasawmy Kanniah Naiker, and that the Collector be directed to select some other person than

Fort St. George 20th. October 1851

than Ramasawmy Pillay as Manager of the Estate if such an Office be supposed indispensable, the Court think that it would be sufficient if the Renter furnished his accounts to the Collector

No. 93

To W. H. Bayley
Secretary to the Board of Revenue
Fort St. George

Sir,

I beg the Board's opinion in

Fort St. George 20th. October 1851

the Board's opinion, with reference to the right and power of the Burgher Ryots without reference to the Revenue Authorities, to sell any land which they hold and pay tax for—

in a point of some present and more future importance, especially on the Neilgherries, and with reference to the new Barracks and location of European Troops near Coonoor—

2. The point is whether a Ryot has the right and power, without reference to the local Revenue Authorities, to sell any land which he holds and pays tax for. He sells of course only the right of occupancy the proprietary right being held to rest in the Circar—

3. Some parties, both European and Native, have lately been in treaty with the Burghers, to buy small pieces of their land without the limits, but in the immediate vicinity of the European Barracks, with a view to establish Arrack Shops, and for other undesirable purposes. This was represented to me by Captain Allan, when here lately on the duty of laying out the Barrack with Captain Francis, and Captain Allan forcibly and anxiously deprecated such a contingency and the evils likely to ensue from it

to

Fort St. George 20th October 1851

to the European Soldiery—

4.

The Burghers have not hitherto sold lands without the cognizance and permission of the Revenue Authorities but there are many interested parties on the Hills both ready and willing to suggest to the Burghers a more independant and less desirable course and I am desirous of the Board's opinion to aid me in future probable cases—

5.

I have met the present contingency by persuading the Burghers and Jackatulla to give me a written promise that they will not sell any of their cultivated lands without previous permission, which would prevent any immediate sale or invalidate it if brought into any Court which it is possible it may be to try the question—

6.

On the waste lands held by the Burghers in the neighbourhood of the Barracks, for grazing, I have withdrawn the grass Puttahs, and remitted the tax by which arrangement, the lands falls back into "Sirkar waste"

and

Fort St. George 20th October 1851.

and under full Revenue Controul, allowing the Burghers still to graze their cattle over the lands free the loss to Government by the grass Puttahs, is very trifling and the object secured important - but as the Burghers would not willingly give up their Puttahs on cultivation, the question is there more difficult.—

Proceedings submitting a letter from the Collector of Coimbatore requesting instructions with reference to the rights and powers of the Burghers on the Neilgherry Hills to sell any land for which they pay Assessment and recommending that the Collector may be authorized to purchase, as opportunities may arise, all the rights of occupancy in

No. 1446.

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council—

The Neilgherry Manual

2.

containing the sentiments of the Honble Court on the rights of the Burghers—

Section XXI limits their rights to that of occupancy, and declares that "no purchase "concluded with a Burgher can confer "a title to any land, unless / as in the "low country / the land sold be Sheycal—"land, that is land immediately in the "occupation of, and under Cultivation, "by the latter, and that subject to the

limitations

in the lands of the Jackatallah Burghers

"limitations and conditions of each description of land".

3. In the letter above recorded, Mr Thomas represents that altho' the Burghers have hitherto not sold lands without the cognizance and permission of the revenue authorities, yet that there are persons both ready and willing to suggest to them a more independant course that both Europeans and Natives have lately been in treaty with the Burghers to buy small pieces of land beyond the limits of the cantonment but in its immediate vicinity, for the purpose of establishing Arrack shops and for other undesirable objects.

4. He has withdrawn the Grass Puttahs from the Jackatallah Burghers and remitted the tax which is trifling thereby bringing those lands back into Circar waste, and he has persuaded those persons to give a written promise not to sell any portion of their cultivated lands without previous permission in order to prevent their sale or to invalidate

invalidate the title if investigated before a Civil Court. Meanwhile he requests instructions as to the right and power of Burghers generally to sell and transfer the land on which they pay assessment.

The Board do not think that restrictions can legally be placed on the rights of Burghers or others to sell and transfer their occupancy in Cultivated lands, still they consider that the establishment of the Cantonment will induce many parties to engage in the clandestine sale of Spirits and in other pernicious indulgences. They

6. They accordingly recommend that the Collector be authorized to purchase as opportunities may arise, all the rights of occupancy in the lands of the Jackatallah Burghers, as there can be no eventual loss to Government in doing so, for the lands will afterwards acquire additional value and may be sold by Government or otherwise given for occupation under proper conditions, or at prices which will reimburse them for the outlay in the proposed purchase.

Sir,

36

B. No. 2380
From the Clr. of Coimbatore
Requests sanction for 150 Rupees more as compensation 015 annually for the additional piece of land included to the Jackatalla Barracks subsequent to the first settlement to be given to the Burghers

C. of St. + 58 20 19 05

In my letter of 8th April 1850 No. I reported that the sum of 850 Rupees was supposed to be given for the 600 Cawnies originally asked and treated for as Bazar ground after the first Settlement and my absence. Captain Ouchterlony and on Excellency Sir G. Berkeley, were on the ground, and the Commander in Chief pointed out an additional spot near "old Conoor" as desirable to be part of the Barrack land. It was accordingly included in Captain Ouchterlonys' Map but I was not aware of it, nor were the Berghers till lately, when Captain Ouchterlony at my request perambulated the land, and verified the Map.

2 This last addition the Burghers especially object to, as coming nearer the other to their Village of "old Conoor" It is at the same time a spot necessary for

+ See W. H. Bayley's Minute of 10th Sept. 1850 last para.

13848
13840

Fort St. George 20th. October 1851.

the completeness and integrity of the Barrack ground. I have persuaded the Berghers to give it up this with some difficulty but they ask (which is fair and moderate considering the relative value of the ground) 150 Rupees more as compensation and 15 annually for this sum I request sanction.—

3 There are also a few other points not before foreseen, but advisable to be at once fairly considered and provided for especially as the orders from Government were to deal liberally with the Berghers, and obtain where possible their willing assent to the arrangements to which they undoubtedly were greatly and still are considerably opposed.— The sum of 850 Rupees ready money and 150 Rupees annual allowance were supposed and considered to be given for the area within the Barrack ground. The Engineer, Captain Francis, now finds it necessary to occupy spots, and appropriate land without those limits for instance a dam and tank (highly desirable and advantageous to the Barrack and the numerous followers) is proposed, this when executed,

will

13849

Fort St. George 20th October 185.

will swamp several acres of Berghers land beyond the Barrack limits in work it nevertheless begins the water will undoubted acquisition to the Barrac but the Berghers will be fairly entitled compensation Again, better Brick earth essential to the Buildings has been found in a spot a little out of the and on Berghers arable land, the Engi is bound to use the best materials he ca find on careful search but compens is also due to the Berghers, again Cap Francis has by careful surveying fou he can bring down a running stream close to the Barracks themselves - a essential and desirable thing but cut will run thro some Berghers and a small compensation is fair. New Roads and approaches, are also in contemplation. where these run near villages or thro valuable and cultivat land, some thing will be again due to the Berghers no difficulty will be made to whatever the Engineer proposes or finds nece but good faith to the Berghe

&c

and liberality towards their claims, & requires some small compensation in each of such cases, and I have ventured to assure them on behalf of Government that they will not be disappointed.—

4 The 150 Rupees is all that immediately requires sanction. The other points shall be duly reported on when the Tank is made the Roads and water course traced. the Brick fields and so forth. The Berghers have yielded so much of their land in a favoured locality as Government desire that I feel assured Government would desire to treat them with all fair and reasonable consideration.—

5 The Engineers duty is solely to complete the Barrack in the most satisfactory and efficient manner, in all points; mine, to see that the Berghers' claims are fairly heard and advocated. on which point they look to me and I am confident I am only meeting the

the wishes of Government, in noticing their representations.—

6 I would add that I w this from the spot and after going carefully over all the ground and points adverted to, with the Engineer and the Berghers.

7 I also beg to enclose for the information of the Board and Government Copy of a Memorandum. I have addressed to the Officer in Command at Pac la "for the time being" the few stipulations made by the Berghers, are necessary for them and not prejudicial to the Barrack ground. I would beg to repeat an opinion I before expressed that Comfort and welfare of the neighbouring Bergher Villages will depend greatly on the Officers on the spot and on the discipline maintained. and I would venture to request that Government would impress this on the Military local authorities thro' His Excellency the Commander in Chief.—

Conor. 20th September 1851

Memrandum.

1 There is a small granite stone at the north end of the Valley and near "Jackattala" on which the Berghers annually sacrifice; at their harvest time. They request to continue this immolested (as the spot is near the end of the valley and far from the Barracks no possible inconvenience is likely to ensue - the fact is noticed at the Berghers request)

2 There is also a "Kraal" near the same spot but just within the Barrack extreme limits, where several Villages have long folded their herds they have no other equally safe place (stone built) they request still to use it (as it is nearly a mile from the Barracks there can be no valid objections the use has therefore been promised to them as they stipulated from the first.

To The Chief Secretary to Government

Sir,

B. No. 2047
To the Chief Secy to Government

Submitting a letter from the Collr of Coimbatore requesting sanction for Rs. 150 as compensation and for an annual payment of Rs. 15 to the Burghers for an additional piece of land near old Coonoor included in the Jackattalah Barracks, and recommending the sanction of the arrangement made by the Collr with the Burghers, and supporting his proposition that the Military authorities should be made aware how much of the welfare of the Burghers will depend on the discipline maintained at the Barracks.

To Govt 15th April 1850.
From 2d 4th in
Cons 15th May 1850

20th Sept 1851 in Cons 20th Oct 1851

With reference to the papers noted in the Margin, I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Coimbatore requesting sanction for Rupees 150 as compensation and for an annual payment of Rupees 15 to the Berghers for an additional piece of land near "Old Coonoor" included in the Jackattalah Barracks.

2 The land in question was pointed out by His Excellency the late Commander in Chief as very desirable to be included in the extent to be appropriated for the Military Cantonment and the Board therefore recommend that the arrangement effected by the Collector with the Berghers for this additional portion may receive the sanction of Government.

Mr.

Fort St. George 20th October 1851

3 Mr. Thomas also represents that the Engineer Captain Francis has pointed out that certain land will be swamped in consequence of the proposed Dam and Sank, for which it will be necessary to give compensation. that other land will be taken up for a Brick field. and some more for a Road and Water Course. These matters are not definitively decided upon, but as soon as they are the Collector will lose no time in submitting a Report as to the compensation required.

4 In the mean time the Board would recommend to the notice of Government Mr. Thomas's proposition that the Military authorities should be made aware how much the welfare of the Burghers will depend on the discipline maintained at the Barracks.

Bd. No. 2501
From the Collr. of Malabar

Sir,

With reference to para 2 of an Extract from Minutes of Consultation of Government dated 27th May and received with an Extract from the Board's Proceedings of the 12th June last, I have the honor to state that such inoculation has never been known or practised in this District, and so far as Malabar is concerned therefore, a Legislative enactment prohibiting inoculation seems unnecessary.

B. of R. 7041.

No. 448.

Proceedings thereon.

Submitting letters from the Collector of Madras requesting sanction for re-employing the Establishment of Peons in the Ab Karry Department such was discontinued in 1845 and recommending that this Establishment should be granted for 3 years in order that it may be seen whether it answers the purpose expected.

(44-45)

Without following the Collector through all the details of his letter which it is resolved to forward for the consideration of the Right Honorable the Governor in Council, the Board will observe in the first place that the price of Puttay Arrack in the neighbouring district of Chingleput is 5 annas a Gallon whereas the Rate fixed under sanction of Government in Madras for the Collectors sales to the Retail Dealers is 3½ Rupees a Gallon within the limits of the Supreme Court 1-7-" without those limits.

2. There can be no doubt therefore considering the very large consumption of Arrack in Madras and that there is an inducement to smuggling so great that most effective measures are necessary to prevent it.

3. The Ab Karry limits of the Madras Collectorate extends to a distance of 8 Miles beyond the limits of the Supreme Court including an Area according to Mr. Hudleston's calculation

of

Fort St. George 20th October 1851.

of 200 square Miles to say nothing of the Cantonment of St. Thomas Mount.

4. The number of Peons employed in the Arrack Department is 19 only, and it is difficult to suppose that this number can be the watch that this number can be the watch the Venders in Black Town or protect the boundaries from the inroads of smugglers.

5. When the Sayer system was in force the Establishment connected with that Department being located at the different entrances into the Town of Madras, co-operated with the Ab Karry Establishment and thus a sufficient check was obtained. When the Sayer was abolished and the Mettoo Peons discharged in 1844 the Government at the recommendation of the Board sanctioned what was termed an Extra Jodah Establishment of 1 Daffadar and 24 Peons to meet the increased facilities for smuggling both Salt and Arrack and the Revenue was secured.

From B. of R. 18th April 1844
From Govt. 16th instant 16th May 1844.

6. In 1845 the Board in a letter to Government relative to the Revenue of the Madras Collectorate came

7th July 1845.

Fort St. George 20th October 1851.

came to the conclusion that the indue-
ments to smuggling both of Salt
and Arrack were no greater in
Madras than in other Districts
and that as this Extra Establish-
ment had not made any Seizure
it was probable the interests
of Government might be quite
sufficiently protected without
it. if the "Permanent" Establish-
ment were actively controlled.

From Govt 26th in Cons 18th July 1846.

7- On this being repre-
sented to Government the Jodah
Establishment was disbanded.

8- The Collector now urges
that though he has made every
possible arrangement the means
of smuggling are beyond his power
to prevent and after a 6 years trial
he is convinced the Jodah Establish-
ment should be reemployed.

9- With reference to
the reasons given by the
Boards in 1845 for discon-
tinuing it he observes that
this inducement to and op-
portunities of smuggling
Arrack in Madras are far
greater than those existing
in

Fort St. George 20th October 1851.

in other Towns and that the Abkarry
Revenue of Madras is as high as 5 3/4
lacs requiring much personal su-
pervision as it is all under Amany
while in other Districts it is in the
hands of Renters. The whole Ab-
karry Revenue in this Presidency
is about 21 3/4 lacs per Annum. He
also observes that the fact of no Sei-
zures being made during the year
that the Jodah Establishment
was employed is not a fair proof
of their inefficiency.

10- The Board as at present con-
stituted admit that these observations
have considerable weight.

11- Mr. Budleston further notices
that they Puttay Arrack Revenue which
during the Fuslies 1252-53 and 54 (or A.D.
1843-44-45) had averaged upwards of
185,000 Rupees a year fell in Fusly 1255 to
169,000. owing in his opinion, to the with-
drawal of the Extra Establishment and
in the next Fusly to 162000 Rupees though
it has since slightly+ improved.

+ in the past Fusly 1260 it was 166320 Rs.

12- As to the active control exer-
cised over the present Permanent
Establishment

Fort St. George 20th October 1851.

Establishment the Collector refers in para 11 to the seizures that have lately been made at different times and the Board see no reason to doubt the general activity of that Establishment

13- The discoveries just referred to have moreover shewn that the Licensed Venders so far from exerting themselves to prevent illicit traffic find it their interest to connive at the introduction of liquor from outside and to purchase it at the cheap rates. Their offers to Government therefore are in the same proportion limited and a decrease in the Revenue is the consequence.

14- The Collector has submitted his application in the prescribed Tabular form. The Collections in the Madras Collectorate average roughly as follows

Sayer	Rs 66,000
Abkarry	200
Small farms	53,000
Salt	11,000
Cochrane's Canal	460,000
Stamps	32,000
	9,000
	112,0000

Under

Fort St. George 20th October 1851.

15- Under all the circumstances that have come to the knowledge of the Board, they beg to recommend that sanction be granted for the extra Judah Establishment as before, at a Monthly expenditure of 184 Rupees a Month, the duties of which may be found available for the protection of the Salt as well as the Abkarry Revenue.

16- The Board consider that the Establishment should be granted for a term say of 3 years in order that it may be seen if it answers the purpose expected. Mr. Budleston is confident that it will be the cause of an increase in the Abkarry Revenue to the amount of 30,000 Rupees a year.

Read the following letters.

No. 96.

To W. H. Bayley Esqre Secretary to the Board of Revenue

48

Bd. No. 2452

Sir.

From the Coll. of Madras — Submitting the necessary explanation relative to Salt Compensation Certificates Nos 8 and 48.

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 6th Instant, and to report that Certificate No 48 in the name of Cavaraipa Nowdelly was issued on the 4th August 1828 for part of the Salt Compensation comprized in entry No 7 of Mr Ellis' list of 1st April 1813 in the name of his Uncle the late Gmanapa Nowdelly.

The entry No 7 is for 3 parahs 2 and a Certificate No 23 was issued to the original propriator Gmanapa Nowdelly on the 14th April 1847 for the Compensation payable thereon. After his death, a fresh Certificate No 47 was, with the consent of all parties concerned granted to his Grandson Sedumbara Nowdelly for

13871. Fort St. George 20th October 1851.

for 2 pans and another, No. 18 to Mr. Nephew & Nuro to Comanapa Proudly for 1 pan as stated in Para 2 of my letter dated 11th September 1851 No. 69. It appears that in consequence of these parties being the personal representatives of the original proprietor Special Sanction was not considered requisite for the issue of the Certificates now sent in their respective names.

Para 2. 3. Arnachellum Proudly being the original proprietor of the allowances comprized in entry No. 8 of Mr. Ellis' list alluded to above it appears to me that it was not necessary to procure any authority for the issue of the Certificate No. 3 to him on the 7th Dec. 1815. Such authority having been communicated to this Office in the Board's letter of 29th July 1813

Para 3. 4. It will thus be seen that of the two Certificates referred to by the Board No. 3 was alone an original one.

Madras 11th October 1851. } I Signed J. A. Huddleston Collector

N° 963.

Extract from the Minutes of Consultation in the Public Department, Dated 17th October, 1851 -

Read the following letter -

N° 285

To,

Sir H. C. Montgomery Bart

Chief Secretary to Government, -

Sir,

With reference to the Extract from Minutes of Consultation, Public Department N° 801 of date 23rd August last, relative to the subject of Vaccination at Cannanore as reported upon by Surgeon J. White in his letter to the Collector of Malabar under date 5th July, I have the honor under instruction from the Medical Board to submit that Officer's reply in explanation of the incongruity of the returns of Vaccination in the districts under his Superintendance compared with the Statements advanced by Surgeon White in the letter alluded to, addressed to the Collector of Malabar -

2 -

Government will observe that the explanation given by Surgeon White is unsatisfactory; such as it is, however, it would appear to embody all that

13890.

Fort St. George, 23rd October 1851 -

that he has to offer and only obtained on a second representation from the Board -

As Superintendent of Vaccination Mr. White has been informed that he is responsible for the verity of all returns and reports relative thereto, and the Board though aware of the apathy of the people in many parts of the province of Malabar to receive Vaccination, do not consider that it is greater than in many other parts of the Presidency, and where it can easily and readily be overcome by energetic zeal and attention of the local civil authorities, as without the adventitious aid of the grant of rice -

It is well known that during the South West Monsoon vaccination on the Western Coast frequently fails, and hence a temporary difficulty is often experienced in obtaining lymph, and also in diffusing the virus at this period, this fact is well known to Mr. White, for in a paper received lately from that Officer, he recommends that Vaccination be restricted to a period of three months, or from the middle of November to the middle of the following February -

Had this circumstance been

5

13891. Fort St. George. 23d October 1857.

been borne in mind, the Statement advanced by Mr. White would undoubtedly have been greatly modified, for although errors may exist in the returns, they could never reach the extent that appears to be indicated by Mr. White, unless through culpable negligence on the part of the Superintendent of Vaccination.

Fort St. George,
2nd October, 1857.

/Signed/ Alex. Lorimer.
Secretary Medical Board.

To, The Superintending Surgeon
Mr.
Cannanore.

Having been called upon by the Medical Board to enter more into detail in explanation of the incongruity of the returns of Vaccination in the districts under my Superintendence, compared with the Statement made in my letter of date 5th July last to the Collector of Malabar I beg most respectfully to state, I can only do so by shewing that my returns are prepared by similar ones from the Native Vaccinators attested by the Village authorities, duplicates of which with the Native Reports, are forwarded

13892. Fort St. George. 23rd October 1857.

forwarded to the Collector of Malabar for inspection, therefore I humbly conceive I am not responsible for their verity.

My letter to the Collector of the District was to solicit his aid in the encouragement of Vaccination under my personal superintendence, as I considered my powers restrained as regarded Vaccination in the districts being there entirely dependent on the Native Vaccinators and their reports; the correctness of which I had reasonable cause for questioning owing to their inability or unwillingness to bring as proofs of success in Vaccination, when their returns exhibited so large a number.

/Signed/ T. White, Surgeon
Local Supt. of Vaccination
at Cannanore.

To W. H. Bayley Esqr
Secretary to the
Board of Revenue
Fort St George

20

Sir,

Bd No. 2329.
From the Coll.r of Cuddapah — 8 Paras. 1

Brings to notice the fraudulent acts of Ramachundrarao the Tahsildar of Chennoor and Head Maistry in taking from the Carpenter a contract of Rupees 49-4 being Rupees 26 less than the Estimate of the Engineer for the performance of certain works required to the Record Office of the Collectors Cutcherry and requests the Boards sanction for the removal of Ramachundra rao from Office.

In April 1850, the following Estimate was prepared by the 1st Assistant Civil Engineer for certain works required to the Record Office of this Cutcherry.

1	Door half pannelled and half railed with hinges padlocks and locks &ca	Rs	25 — 0 —
1	Door batoned with frames hinges bolts and Padlocks complete		25 — 0 —
	Railing the record room with cross beams sticks, and nails &ca		29 — 4 —
	Total		79 — 4 —

The second item was for a door to a separate record room the third for a cross railing to an open hall where other records are kept the first for a door to the center part of this cross railing — On inspection of the work performed, Lieutenant Henery in his diary of the 29th August 1851, expressed his dissatisfaction with it, and I was induced in consequence to

Fort St George 23d October 1851.

to make enquiries about it. I called to my office the Carpenter by whom the work had been executed, and learnt from him, that the Tahsildar of Chennoor had taken from him a contract for its performance for Rupees 49-4-. Upon this I immediately procured from the Taluk Cutcherry the Mazamut Goomastah's duftur, and in it I found the contract drawn out in the terms stated by the Carpenter, namely for Rupees 26, less than the estimate of the Engineer, the first item being omitted altogether, and intended evidently to be understood as included in the third, of which it formed a part. I examined the Goomastah, but elicited nothing more than his statement that the contract was drawn out by order of the Tahsildar. That Officer was absent from the Cutcherry but was immediately called to explain the circumstances of the case, and I regret to inform the Board that the only explanation he afforded was, that he had never looked at the Estimate sent him by the Collector, that the Head Maistry had read out from it only two of the items it contained, and that conceiving those two included the whole work he had taken a contract accordingly for

Fort St George 23d October 1851.

for one Rupee less than the Estimate. The Head Maistry in his examination denied this, and stated that the Tahsildar had directed that two works only should be contracted for at first, and the third left for future consideration.

I do not place the least confidence in the truth of either of these Statements. The Estimate was sent to the Tahsildar in the month of February and has been in progress within 200 Yards of his own Cutcherry ever since. The Head Maistry was directed by a particular order to attend to the work, and cannot explain to the Collector the alleged fact that for two only out of three works had any arrangements been made by the Tahsildar from February to September, and both statements are completely at variance with the Carpenters acknowledgement that he contracted to execute all the works for the smaller sum, and with the fact that half of the third work of which the Tahsildar professes ignorance, and which the Head Maistry denies having been ordered, has actually been performed.

M

13901 Fort St George 23d October 1851.

3. It is my opinion that the Tahsildar and Head Maistry were intending to defraud the government, and to appropriate the unexpended amount of the Estimate as soon as the Civil Engineer had passed the work. The sum is small in itself, but the act is equally a fraud whether for a larger or a less amount. and neither the characters nor qualifications of the Tahsildar or the head Maistry are such as to induce me to treat their case with leniency.

4. Ramachendraraos who has been in his present Office for four years has already on one occasion been recommended to the Board for dismissal. the ordinary estimates for this years Maramut in his Taluk amount to Rupees 647 of which Rupees 181 — — only have hitherto been expended, as an Officer of Police I have reason to say that I have no confidence in him whatever and so inattentive is he to his ordinary duties that although his is the Cusbah taluk and I have repeatedly reproved him for the negligence I have not been able to induce him to make his Monthly remittance to the Treasury in any Month at an earlier date than the 9th.

5. I have therefore to request that the Board will sanction the removal of Ramachendraraos from Office for a barefaced attempt at fraud, and on receiving instructions on the subject, I shall proceed to deal with the case of the head Maistry.

Cuddapah. Coll.rs Office, 25th September 1851.

Signed J. H. Forbes
Collector

J.H.F.

* Letter from the Collector of Cuddapah to the Board of Revenue dated 27 June 1849.

13902 Fort St. George 23d October 1851.

No 104.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

21

B. N. 2330.

From the Collector of Cuddapah.

Sir,

Forwards with reference to his letter of yesterdays date the extract from the Proceedings of the Sessions Court of Cuddapah together with the extract from the remarks in case No 24 of the Cuddapah Calendar for 1851, which convey observations upon the improper conduct of the Head of Police of Chennoor.

Para 1 I had yesterday the honor to address the Board on the conduct of Ramachendraraos the Tahsildar of Chennoor and to request permission to remove him from Office.

2 In that letter I stated that I had reason for saying that I had no confidence whatever in Ramachendraraos as a Police Officer, and some proceedings which I have since received from the Court of Session tend so materially to confirm my opinion that I now forward a Copy of them to the Board.

3 In 1850 an extensive gang of robbery was committed at Chennoor, the leader of the gang being the notorious Avaolagoorevegadoo. this man was apprehended by the Taluk police, and brought to the Head Police Officer, by whom he was immediately released and made use of nominally to trace out and apprehend the robbers, but really to bring false charges of robbery against innocent persons adducing proofs against them by producing the stolen property which was all in his own possession, and which he represented as delivered

up

up by the parties charged with crime.

4. Among the persons thus accused was one Aswertham, against whom a charge of receiving stolen property was brought by one of the creatures of Avoolagooranegadoo, who confessed to have been in the Chennoor robbery and alleged that he had given part of the booty to Aswertham. The house of the latter was searched, nothing whatever was found, and he at once proceded to the Magistrate's Office to lodge a complaint. The real cause of this charge and search was that Aswertham was a creditor of a near relation of the Apistant Police Jawabneveess of the Chennoor Taloob Cutcherry and in hope of inducing him to obtain his liberty by relinquishing his claim, the charge was got up, and sanctioned by the Head of Police

5. Aswertham was in the Magistrate's Office for several weeks including the time of the Settlmeat when the Tahsildar and all his establishmeat were of necessity in almost constant attendance at the Cutcherry, where his presence could not have been unknown - no attempt was made to apprehend him then, but no sooner had the late acting Magistrate, to whom the case was fully known left the Office, than a charge of escape from Custody, founded solely on his going to Complain

of

of his house having been unjustly searched was brought against the man, and he was committed to Court by the Police Officer Ramachandraraos.

6. His acquittal and release have given rise to the proceedings which I now enclose, and which will I believe justify me with the Board for asserting, that I have no Confidence in Ramachendraraos.

Cuddapah,
Collector's Office,
26th September, 1851.

Signed/ H. Forbes
Collector.

No. 1

Extract from the Proceedings of the Sessions Court of Cuddapah, under date the 24th September 1851.

Read again Report from No. 206 on the file of the Subordinate Criminial Court for 1851. wherein M. Aswerthum is Prisoner on a Charge of escape.

1 The "reasons for release" in this case give in detail certain information which seems to call for the special notice of the Magistrate.

2. The Sessions Judge observes that the Head of Police states as a reason for not sending up the Case on the 27th August that he went to Bhaharapet on the 28th. There could be no necessity for the detaining the Prisoner till 3 more witnesses had been examined on the 2d. and 3d. of September -

If

3

It appears that the charge of purchasing stolen property was preferred by or through the instrumentality of Avoola Goorivigadoo who acted the suspicious part of Puttadar in Cases Nos. 27 and 64 on the Sessions Court Calendar for 1849 and No. 41 of 1850 in which case as well as in No. 24 of 1851 the 1st Prisoner and now in Jail on requisition of Security to the amount of 1000 Rupees.

Read again the record and remarks in Case No. 24 on the Calendar of the Sessions Court for 1851.

This Case tends seriously to connect the proceedings of the Head of Police of Chennoor with the 1st Prisoner, the above said Avoola Goorivigadoo. The 3d Prisoner before the Acting Magistrate stated that when he suggested to the said 1st Prisoner the chance and danger of detection if he joined in that robbery A. Goorivigadoo assured him he had nothing to fear as he would arrange with the Amildar.

4 But the 1st Witness gives a more serious account of the connection of this notorious vagabond with the Chennoor Head of Police for he shews that after the purchase and himself had obtained a warrant against the said Avoola Goorivigadoo and certain parties, the Head of

of Police having some private conversation with that individual gave him, Avoola Goorivigadoo and a Duffadar, a warrant to execute and put the 1st Witness in custody, evidently to get him out of the way, but he made a complaint to the Acting Magistrate on which Avoola Goorivigadoo was seized and soon after his brother Narigadoo the escaped convict was reapprehended and there is every reason to believe that the Head of Police was perfectly aware of that convicts place of residence, and it is not the first time that there have been grounds of suspicion of connivance against the same Officer.

6 No explanation of the conduct of the Chennoor Head of Police in this matter having been seen by the Court, the Sessions Judge resolves to forward an Extract from these proceedings to the Magistrate of Cuddapah with Copies of paras 5-6-11 & 14 of the remarks on the Calendar in Case No. 24, and to request that a Copy of any explanation the said Head of Police may have to offer may be furnished to this Court as early as practicable.-

Collector Extract

Fort St. George 23d. October 1851.

No 2.

Extract from the Remarks in Case No 2 of the Cuddapah Calendar for 1851.

Para 5. It appears from the evidence of the 1st Witness that whilst in his Village Gothamar=alapully the 1st Prisoner and his brother residents of the same place, with others came to demand some batta or subsistence for their gang whilst on the hills, but the 1st Witness in reply stated that he had nothing whatever to give; on which they wounded him, the 1st Prisoner by a stone on the back, the 3th by a spear on the forehead, and one of his 4th the 6th Prisoners struck him with a stick, the 5th on the neck with a bill hook, and his (5th Prisoners) eldest brother not apprehended cut him on the arm. On receiving which treatment he (1st Witness) petitioned the Head of Police of Chennoor having heard that 1st Prisoner was in that Talook. The Head of Police then gave a warrant for the parties to the Surcashum, but before they set off the 1st Prisoner Soola Goorugadoo whose name must have been in that warrant spoke something to the Head of Police who forthwith cancelled that warrant saying that 1st Prisoner would do the needful, and therefore sent him with the

Fort St. George 23d October 1851.

the Duffadar to seize the supposed thieves and placed the Prisoner in Custody for 3 days. Respecting these proceedings the said Petitioner (1st Witness) complained to the Acting Magistrate who immediately issued a warrant for Soodoo Goorivegadoo and others and those apprehended have been forwarded to Court. To the highly improper proceedings on the part of the Head of Police of Chennoor must be chiefly attributed the very small amount of property discovered, by allowing the instigator of the robbery or leader of the Gang to be at large and even entrusting him with a warrant, which power the 1st Witness that it was immediately abused, by seizing respectable travellers, and extorting money from them whilst all connected with the robbery were free.

The 1st Witness assisted the 6. Duffadar to apprehend the 1st 2d 3d and 5th Prisoners, and stated that Baligadoo, a convict escaped from Chingleput with a brother, of Soola Goorivegadoo (the 1st Prisoner) were the ostensible leaders of the present Gang, which was now amongst the hills with reinforcements from Bellary, and that he was present when the 3d Prisoner pointed out the property concealed in

Fort St. George 23d. October 1851.

No 2.

Extract from the Remarks in Case No 24 of the Cuddapah Calendar for 1851.

Para 5. It appears from the evidence of the 1st Witness that whilst in his Village Gothamalapully the 1st Prisoner and his brother residents of the same place, with others came to demand some batta or subsistence for their gang whilst on the hills, but the 1st Witness in reply stated that he had nothing, whereupon the 1st Prisoner lay a stone on the back, the 3d by a spear on the forehead, one of his fingers, the 4th Prisoner struck him with a stick, the 5th on the neck with a bill hook, and his (5th Prisoners) eldest brother not apprehended cut him on the arm. On recovering which treatment he (1st Witness) petitioned the Head of Police of Chennoor saying he heard that 1st Prisoner was in that Taluk. The Head of Police there gave a warrant for the parties to the Surrashum, but before they set off the 1st Prisoner Swoola Goorivegadoo whose name must have been in that warrant spoke something to the Head of Police who forthwith cancelled that warrant saying that 1st Prisoner would do the needful, and therefore sent him with the

Fort St. George 23d. October 1851.

the Duffadar to seize the supposed thieves and placed the Prisoner in Custody for 3 days. Respecting these proceedings the said Petitioner (1st Witness) complained to the Acting Magistrate who immediately issued a warrant for Swoola Goorivegadoo and others and those apprehended have been forwarded to Court. To the highly improper proceedings on the part of the Head of Police of Chennoor must be chiefly attributed the very small amount of property discovered, by allowing the instigator of the robbery or leader of the Gang to be at large and even entrusting him with a warrant, which power the 1st Witness states (what was done to be expected) that it was immediately abused, by seizing on travellers, and respectable persons to extort money from them whilst all connected with the robbery were free.-

The 1st Witness assisted the 6. Duffadar to apprehend the 1st 2d. 3d and 5th Prisoners, and stated that Baligadoo a convict escaped from Chingleput with a brother of Swoola Goorivegadoo (the 1st Prisoner) were the ostensible leaders of the present Gang- which was now amongst the hills with reinforcements from Bellary- and that he was present when the 3d Prisoner pointed out the property concealed in

Fort St. George 23d. October 1851.

in the Cave or Hole in the Hills.

The 1st. Prisoner in his defence acknowledged the correctness of that part of the Witness's deposition respecting his appearing before the Chemnoor Head of Police, but had no questions to put either to him or the 2d. Witness on their respective Statements concerning his instigation of the robbery, or being dealt with part of the Plunder.-

A Mahazurnamah was signed by about 90 persons detailing the bad deeds of the 1st. Prisoner as leader or Manager of a gang of robbers and professed plunderers for the Circar & his servants; and who it will be seen by the Magistrate's Proceedings in this case was as a suspicious character directed in 1844 to furnish security to the Amount of 140 Rupees and was released during the same month.- In July of last year he was ordered by this Court to find security in 200 Rupees for 3 years and found it forthwith although it was exceptionable receiving such guarantee from his relatives who were as par-takers of his plunder personally interested in his being at large. The Mahazurnamah states that many persons dreading his being employed as a thief catcher, when he would seize on all innocent persons, had left the Village and

that

Fort St. George 23d. October 1851.

that 1st. Prisoner's brother Adiniarigadoo an escaped convict from Chingleput was head of the present Gang.- Nine chief inhabitants of 1st. Prisoner's Village including Curnums and Reddies state that the 1st. 2d. 5th. 6th. and 8th. Prisoners are very bad characters- Similar Mahazurnamahs were given in by other Villagers against the 3d. 4th. and 7th.

Proceedings thereon

Authorizing the removal of Ramachundra Row from the Tahsildaree of Chemnoor

The Board of Revenue have given careful consideration to the papers above recorded and in reference to the Collector's letter of the 25th. September 1851, in which the Tahsildar Ramachundra Row is alleged to have attempted fraud in the execution of certain public Works in the Cutcherry buildings, they do not find sufficient proof to warrant his dismissal on that charge.-

2. But the Police case detailed in the Collector's letter of the 26th. September 1851 certainly places his conduct in the most suspicious light, and, if his motives in the transaction could be clearly proved, his conduct would be deserving of greater punishment than dismissal from Office.-

Petitions Nos 2218 2247 & 2278 of 1851.

3 In his defence the Tahsildar has endeavoured.-

endeavoured to explain away the part he took in the matter but the Board observe that the Collector distinctly states that he has lost all confidence in Ramachendra Row, and points out that he has been very inattentive in his ordinary duties notwithstanding that he has been repeatedly reproved.

4. The opinion entertained by the late Collector Mr. Cochrane, in para 24 of his letter of the 13th October 1849, was that the trial given Ramachendra Row in his promotion as Tahsildar from the post of Talook Sheristadar had far from met their Officer's expectations, and in para 27 allusion is made to Ramachendra Row's insolent behaviour and insubordination: On that instance, there were strong grounds of suspicion against him, yet, as the facts were obscure, the Board limited his punishment to Five months suspension.

In Cons 19th No. 1849.

5 Ramachendra Row having again fallen under strong suspicion and lost the confidence of another Collector the Board authorize his removal from the Office of Tahsildar of Chennoor leaving it optional with the Collector to give him employment in future if he thinks proper.

Ordered that the following endorsement be passed on Petitions Nos. 2218. 2247 and 2278 of 1851.

"The Board of Revenue are not satisfied with the explanation afforded by Ramachendra Row and have confirmed the orders of the Collector for his removal from the Office of Tahsildar of Chennoor. It will rest with the Collector to give him employment in future if he thinks proper."

13d No. 2035

From the Coll.r of Chingleput

Sir,

Para 1 Submits the information called for in the Extract from the Proceedings of the Board of Revenue under date the 20th March last regarding the Shotriem Village of Ootacandos in his District.

I have the honor to submit the following report regarding the Shotriem Village of Ootocand in this District, called for in the Extract from the Proceedings of the Board of Revenue under date the 20th March last in reference to the observation of Government in Para 19 of a letter from the Honorable the Court of Directors dated 2nd October 1850.

2. The Village of Ootocand was originally conferred under the orders of Government dated 30th September 1817 on Dr. Sawmy Nauk on Shotriem tenure in consideration of his past services, to be enjoyed by him, and by his two next heirs in succession, the Annual Peishcush being fixed at Rupees 1,750 Dr. Sawmy Naik seems to have enjoyed possession of the Village in question until 17th February 1842, when he died leaving 3 Sons Viz.t Seetarama Naik, Jagunnadasamy Naik, and Cothunda Ramasawmy Naik, the former by his first Wife Latchmy Ummall and the two latter by his second wife Moorty Ummall. On the 14th March 1842 the Shotriem was registered in the name of Seetarama Naik as the Eldest member of the family under the authority of the Board of Revenue dated 28th February 1842. This individual having no issue

ipose adopted his nephew Venkataramanjoolo the
Second Son of his younger brother Jagunnadasaw
-my Naik, then a boy of 2½ years of age and
requested on the 10th July 1842 that the Shotriem
may on his demise (which occurred on the 9th Sep-
tember 1842) be registered in the name of his said
adopted Son. But doubts having arisen as to
the right of succession by adoption, the case
was referred to the Board of Revenue on the
20th July 1842, to which a reply was received
on the 19th January 1843, stating that the
matter was referred for the decision of the Honble
the Court of Directors. That Court decided
that the adopted son was entitled to succeed,
provided the circumstances of the adoption were
such as to render it valid in point of law, upon
which the late Collector was called upon to report. His
report thereon was submitted on the 21st October 1843, &
and the Government were pleased under date the 19th
December 1843 to authorize the Shotriem in question
to be registered in the name of Venkataramanjoolo,
the adopted son as the 3d. life, placing the manage-
ment of the Estate in the hands of Shoorty Um-
mall, the Minor's grand Mother. In consequence,
however of dissentions amongst the Members
of

30th May 1843.

of the family, the Collector on the 7th February 1844
suggested the expediency of placing the Shotriem
in question under the management of the Court of
Wards in arrangement which was accordingly
permitted on the 18th April 1844.

3. From the annual settlement report
and the Statement D forming one of the enclosures
of this Estate for Fusly 1260, ready submitted,
the Board will observe that in addition to the
Sum of Rupees 1,225 laid out in the purchase
of a house at Ootacaud for the benefit of the
minor Shotriemdar out of the surplus of Rupees
11,188—7—2 accrued during the period the Shotriem
was held under the Mangement of the Court of
Wards, Rupees 9,853—3—3 have been invested in
Company's Security, while Rupees 110—3—11 are held
in deposit with the Accountant General.

4. I beg to state for the information of
the Board that a balance of Rupees 307—14—10, and
of Rupees 82—12—9 is outstanding against the
Estate, the former being the Amount advanced on
account of Sibbendy Vizt. Charges, and the latter of
Peishcush due for Fusly 1260, thus making an
aggregate of Rupees 390—11—7. Steps will be
taken

taken however to recover the amount in the manner suggested in the Para 6 of the settlement report.-

5.- In accordance with the views of the Honorable the Court of Directors as expressed in the 19th Para of their letter dated 2d. October 1850, the Shotriem in question should now be registered in the joint names of Jagunnadasamy Naik and Cothundaramasawmy Naik the surviving Sons of the late Dr. Sawmy Naik as being the first heirs in succession, and the former of them as the Elder Member of the family should be put in possession of the Shotriem and of all the effects of the Estate; and be requested to maintain the other members of his late father's family.-

6. A Genealogical Table furnished by them is herewith submitted.- †Vide Enclosure No.1.

7. I also beg to forward for the information and orders of the Board of Revenue two original Petitions† addressed to me by Moorthammall, widow of the late Dr. Sawmy Naik and Janakummah and Soondraumma, mothers of the adopted Son Venkataramanjooloo Minor †Vide Enclosures No.2 & 3.

/Minor Shotriemdar/ claiming separate provision for their maintenance, as also Copy of a letter† received from the Official Assignee at Madras, requesting that the surplus money of the Ootacaud Estate may be remitted to him for the benefit of the creditors of M. S. Jugganathasawmy Naidoo and M. S. Cothundaramasawmy Naidoo, the surviving Sons of the late Dr. Sawmy Naik, who appears to have taken the benefit of the insolvent Act.- †Vide Enclosure No.4.

No. 2

To I. W. Cochrane Esqre
Collector of Chingleput.

The humble Petition of Janakiammah and Soondrummah mothers of adopted Son of Venkata Ramanjooloo Minor Shotriendar of the Village Woothoocandoo and Widows of late Shotriendar W.S. Seetaramasawmy Naidoo

Humbly Sheweth,

That on the 1st December 1849, W.S. Jaganathasawmy Naidoo, and W.S. Seethundrumasawmy Naidoo, now living, Sons of late W.S. Dr. Sawmy Naidoo, original Shotriendar, have memorialized to the Honorable the Court of Directors, that the recognization of the Petitioners adopted Son Venkata Ramanjooloo, as minor Shotriendars of the aforesaid Village for 3d generation, is unjust and informal, and that they should be acknowledged as Shotriendars for 2nd generation, in succession according to the Indian Law of inheritance.

2. Your Petitioners having now understood that the Honorable the Court of Directors, having dispatched their orders to this Government, in compliance with the Memorialists request, and it is now pending under the decision of the Board of Revenue, in communication with your authority

Your

3. Your Petitioners having further understood that the Board of Revenue is about to issue their final orders to your honor to make over the remaining funds and Village in the hands of the first Memorialist.

4. Your Petitioners have no objection whatsoever for putting the funds and Village in the hands of the Memorialists, but Petitioners, beg to bring to your honor's consideration, that after the demise of Dr. Sawmy Naik original Shotrumdar, his eldest Son Seethar amasawmy Naik (Petitioners husband) was recognized as Shotrumdar for 2d. generation, who having shortly died, and his adopted Son Venkata Ramanjoolo, was acknowledged as Minor Shotrumdar for 3d. generation, under the orders of the Board of Revenue.

5. Here your Petitioners begs to observe, that at this time, Mr. A. Freese, the then Collector, fully persuading of the above said two Memorialists conducts and their incompetency, of supporting the Petitioners and their adopted Son, made several reports to the Board of Revenue in the end of year 1843, and in the commencement of the ensuing year, and placed the management of the Village under the control of the Court of Wards according to the provisions of Regulation V of 1804 and Regulation X of 1831, allowing, a monthly payment of 50 Rupees from the Revenues of the Village, for the support of the family, and that the remaining funds and Village

to

to make over to the minor, after he has attained lawful age. A review of the retrospective dates of proceedings, passed on this subject, between Mr. A. Freese and the Board of Revenue will fully convince your honor that Memorialists departure from rectitude are too numerous, and the whole of these proceedings are now on the records of your honor's Cutcherry.

6. That in the event of the Board of Revenue ordering the delivery of the remaining funds and Village in the hands of the first Memorialist, your Petitioners are ignorant of the means for their future livelihood, because, they were hitherto protected by the orders of the Court of Wards, undisturbed by other, under your immediate Control.

7. Under this impression and under Regulation IV of 1831 and other subsequent enactments, your Petitioners respectfully beg that after taking into consideration of all the proceedings held in this case, between your honors predecessor and Board regarding the conducts of the Memorialists, your honor will be pleased to submit their Petition to the Board of Revenue, with your honor's kind recommendation as may appear most favorable to the Petitioners, that the Board may issue their final orders to your honor to pay to the Petitioners, the amount of their respective share from the remaining funds that may fall due to them, according to the Hindoo Law of inheritance, and further that one third share of the revenue annually collected from the Memorialists, together with the Circar's kisty to be paid

to

Fort St. George 23d. October 1851

to them by monthly payments for their maintenance and their adopted Son, as the minor being fully entitled to hold the Village on his name for third generation after the expiration of the lives of the two Memorialists.—

8

Should your honor require any further communication on this subject, Petitioners beg that a Circar's Servant may be deputed on the occasion, and your Petitioners as in duty bound

Shall ever pray.

Mothers of Shotriemdar
Venkata Ramanjoolu of Wootoocandoor

No. 3.

To,
J. W. Cochrane Esqre.
Collector of Chingleput

The humble Petition of Moor-theemmaul Widow of the late W.D. Sawmy Nack original Shotriem-dar of Wootoocandoor

Humbly Sheweth,

1

That in consideration of the many important and meed services, rendered by her late husband D. Sawmy Nack, to the Honorable Company, the Government was pleased to grant to him the aforesaid Village on Shotriem tenure for three generations for the

Fort St. George 23d. October 1851.

for the support of his surviving family. That Sawmy Naick has been departed this life on the 17th. February 1842. and his eldest Son Seetharamasawmy Naick has succeeded to the Shotriem Village for second generation, as per order of the Board of Revenue dated 28th. February 1842, but this individual unfortunately died on or about the month of August of the same year, that after him, his adopted Son Venkataramanjoolu was acknowledged as minor Shotriemdar, under a supposition for 3d. generation, and placed the management of the Village under the Control of the Collector, according to the provisions of Regulations V of 1804 and X of 1831 appointing Court of Wards on such occasions.—

Your Petitioner will not venture to detail the whole correspondence took place to occupy much of your honor's time, but respectfully begs, to state briefly that Mr. A. Freese being perfectly aware of the conducts of the Petitioners, now having two Sons, placed the minor management of the Shotriem under his Control agreeably to the orders of the Board of Revenue, and in conformity to the Regulations aforesaid, allowing a monthly payment of 50 Rs. from the Revenue derivable therefrom, for the support of the Mothers of the adopted Son, and other surviving family of her late husband, and appointed the Petitioner, to act as guardian for the minor Shotriemdar as per Sakeed dated 27th. April 1844, since then

Fort St. George 23d October 1851

them, Petitioner has drawn the amount monthly and expended for the support of the family, though the sum being quite inadequate.

3 There is also now living with the Petitioner, a female named Seethummal Widow of one deceased Narrainsawmy, the 4th Son of the Petitioner.

4. That on the 1st December 1849 Petitioner's sons W. S. Jaganathasawmy Naick and W. S. Esthuradaramasawmy Naick, have transmitted a Memorial to the Honorable the Court of Directors, requesting that former decision of this Government, which gave effect for establishing Vencataramanjoolu to the Shotrieum Village may be reversed and that they should be recognized as Shotriemdar in succession for second generation, according to the Hindoo Law of inheritance, and usage of the Country, where the English nation carried on administration protected of their laws.

5. Your Petitioner has now been informed that the Honorable the Court of Directors have munificently sanctioned the Memorialists views and forwarded their final order to the Government, and it is now pending under the consideration of the Board of Revenue in communication with your authority.

6. Your Petitioner has also been informed that the Board of Revenue is about to issue their final orders to your honor, for putting the remaining funds and

Village

Fort St. George 23d October 1851

Village in the profession of Memorialists her sons. altho' they were her sons, and born in her womb yet she place no least reliance on them for the future support of herself and her daughterinlaw above named, a kind perusal of the correspondences passed on this head, between your honor's predecessor, and Board will fully convince your honor the fact of her Statement.

Your Petitioner being a Widow of the

7. Original Shotriemdar, respectfully begs your honor will be pleased to forwand her Petition for the consideration of the Board of Revenue, with such recommendation as may appear to you most of conducive, that the Board may be pleased to allow her monthly a separate provision from the revenues of the Village collected with the Circars kisty, from the intended Shotriemdar, and paid to her every month for the support of herself and her daughterinlaws, during their respective lives, suitable to their dignity and condition in life as the Board and Government actually delegated with ample powers to decide the case of the Petitioner conformably to the Regulation V of 1831 and other subsequent enactments that in the event of your honor's declining compliance, Petitioner will be completely starved and oppressed.

In doing this act of kindness Petitioner as in duty bound

shall ever Pray

Bd. No. 2011

Sir,

From the Collector of Chingleput ——— }

Forwarding the annual Statements regarding the Management of the Minor Shotriem of Oottoocandoo for Fusly 1260.—

I have the honor to submit the usual Statements regarding the Management of the Minor Shotriem of Oottoocandoo for Fusly 1260.—

From the Comparative

2. Statement A the Court will observe that there is a net decrease of Rupees 279-11-8 in the Beriz of the Fusly under Review as Compared with the preceding one.—

	Fusly 1259			Fusly 1260		
Shamilaut Burjar	115	12	10	158	12	3
Cheekadoo	7	7	10	31	8	9
Pooledeer	1	9	4	29	3	5
Boga Cummy	194	14	6	173	10	1
Included in Madoogoo	7	"	11	"	"	"
Shavy	171	7	10	543	"	4
Panee Bodettie	"	"	"	21	14	"
Total	498	5	3	958	"	10
Net Increase				459	11	7

3 The amount of remissions granted under each head in the year under review are noted in the marginal Statement shewing in the total an excess over the preceding Fusly of Rupees 459-11-7. which increased remission the unpropitious nature of the season rendered it necessary to make.—

From

Fort St. George 23d October 1851.

4 From the statement B the Court will observe that a Balance of Rupees 246-13-2 is outstanding against the Ryots on account of Fusly 1260 to collect which however steps have been taken.—

5. The Gross Collections of this Shrotrium since it came under the Management of the Court of Wards amounted (Column 4. Statement D to Rupees 28,575. 3-6 and the disbursements (Col 12) to Rupees 20,304 5-11- in which latter sum is included the amounts of Rupees 10-11-5 and 689-8-11 being the excess of Charges incurred over receipts in Fusles 1258 and 59 respectively— The remainder amounts to Rupees 8,270-13-7 to which is to be added the sums of Rupees 307-14-10 paid on account of Sibbendy & Peishcush Charges of the Estate, and Rupees 1,384-10-9 being the Interest of Funds invested in Company's Security, making in the aggregate Rupees 9963-7-2— Of this sum Rupees 9,853-3-3 have been invested in Company's Security, and Rupees 110-3-11 are deposited with the Government Agents.—

6. There is a balance of Rupees 307-14-10 and of Rupees 82-12-9 the former being the amount advanced as noticed in Para 5 and the latter on account of Peishcush for Fusly 1260 as will be

Fort St. George 23d October 1851.

be observed from Statement C making in the total Rupees 390-11-7 Deducting from this Rupees 110-3-11 being the amount held in deposit with the Accountant General, there remains a balance of Rupees 280-7-8 which shall be recovered on the Collection of the Balance of Rupees 246-13-2 outstanding against the Ryots for Fusly 1260 as mentioned in Para 4, as well as from the amount of Interest that may have accrued on Money invested in the Government Loan thro' the intervention of the Accountant General.—

Estate is capable of improvements, and as the revenue will not fall short of the amount of the Permanent Beriz. I feel satisfied that the purchase will prove an advantageous one.- A balance of Rupees 676-4-6 is still outstanding against the former Zemindar of the Estate, for the realization of which steps will be taken.-

3. It will also be observed from the above Statement that the highest bid for the Estate of Ponnary considerably exceeds the Permanent Beriz as shewn in the Margin. On referring however to the average Beriz of the Estate for the last 7 Fusles from Fusly 1249 to 1255, it amounts to Rupees 395-14-3. Taking also into consideration the Ayacut Beriz of this Village, Viz.t. Rupees 415-3-4, the purchase I have every reason to think will prove a profitable outlay.-

Permanent Beriz 278.-

Fort St. George 23d October 1851.

Bd. No. 2065.

No. 454.

Proceedings thereon.

Submitting a letter from the Collector of Chingleput reporting the purchase on account of Government of certain Moottahs sold by publication in satisfaction of arrears of Revenue. Resolving to Confirm the sale and soliciting that the Collector may be authorized to take credit in his account for the purchase money in each case, & to pay a certain surplus resulting from the sale of Ponnary Moottah to its late proprietor.

In Cons. 23d August 1851.

26-27

Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council.-

2. From the above communication it appears that the proprietors of the several Moottahs, entered in the statement which accompanied the Collector's letter of 18th August 1851, with the exception of Parumpauk, Ponnary, Tripasoor, Veccattoor & Madooravayel, have discharged their arrears.-

3. Of the latter, the two first were sold by auction, and bought by the Collector on account of Government for Rupees 900 and 400 respectively, the sales of the remaining three have been postponed M. Adeth Saw having, on behalf of the proprietors, executed Promissory Notes payable in 15 & 26 days.-

4. The amount realized for the Parumpauk Moottah is Rupees 676-- 6 less than the arrears for which it was sold, and the Collector will take steps for the recovery of the balance from the late Zemindar. This Estate bears a permanent assessment Beriz of Rupees 2,988- 5- 3, and appears not to have realized more than

Rupees.

13940

Fort St. George 23d October 1851.-

Rupees 900 from its having been neglected. M. Cochrane states that it is capable of improvement, and that as the revenue will not fall short of the Beriz, the purchase will prove an advantageous one.-

5. The Ponnary Moottah was knocked down to Government for Rupees 400, which was Rupees 123- 13- 4 above the permanent Beriz of Rupees 276- 3- 4 the average Beriz of this Estate from Fusly 1249 to 1255 amounted to Rupees 395- 14- 3. and as the ayacut beriz is Rupees 415- 3- 4 the purchase is likely, as M. Cochrane anticipates, to prove a profitable outlay.-

6.- Since the sale of this Moottah, the proprietor has come forward to pay up the balance due, together with Sibbundy and other charges; but the Board are of opinion that it is inexpedient now to cancel the sale.-

7. The Board therefore resolve to confirm the sale of the two Moottahs, and to solicit that the Collector may be authorized to take credit in his account for the purchase money in each case, the surplus of Rupees 184- 13- 7- resulting from the sale of the Ponnary Moottah being paid to the late proprietor.-

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

28

Bd. No. 2458
From the Collector of North Arcot. - 1.

Sir,

With reference to Para 1 of the Order of Government dated 2d. August last No. 770 received with the Board's Proceedings dated 18th. Idem requiring certain information as to the Nature of the yeomiah enjoyed by the late Gholam Nubbee, I have the honor to explain that "Khadim" the word made use of in the Nobobs' Pharish Means a servant or attendant attached to an institution of the nature of that under discussion. In this case the particular service required is that of sweeping out the building and I therefore (writing in English) used the word Sweeper in Column 7 of my Report of the 24th. June 1851. The mention of the provision of Oil for lighting lamps should have been omitted as Nothing is said about it in the Pharish but in point of fact lights have always been kept up by the holders of

13942 Fort St. George 23d. October 1851.

of the yeomiah and paid for out of the allowance. The use of the simple word Durgah without the prefix Cuddum Rusool was also objectionable. A Cuddum Rusool Durgah (as it is here called) is neither a mere Durgah in the Commonest acceptation of the term, that is it is not the Tomb of a Mahommedan Saint nor yet is it a Mosque. It is, as its name implies, a religious edifice erected in Commemoration of the Footstep (Cuddum) of Mahomed. Prayers are constantly offered up in it by persons living in the neighbourhood and once a year there is a general gathering there, but regular service is not performed for the Mahomedan Community as in a Mosque.

(30)

Bd. No. 2505.
From the Collector of South Arcot - 5

Sir,

In reply to your letter of the 29th Ultimo, I have the honor to state that the Western talooks of this District contain flocks of sheep of the Coimbatore breed, which seem capable of becoming valuable for their wool, though up to this time sheep have been principally kept in this District for sale to Merchant butchers and for the sake of their Milk and manure. There might be some dif-=ficulty in inducing the ryots to take due care of valuable sheep, and they might also feel hesitation

in

13945 Fort St. George 23d. October 1851.

in receiving charge of them from a fear of being called to account in the event of their loss, but if 12 rams and 12 ewes of the half Merino breed were sent me I would place them in the hands of such respectable parties as appeared most likely to endeavour to carry out the object in view.

In naming the above number I have not considered merely the number of sheep in the District which may be taken at 3½ lacks, but the probable extent to which the half Merino breed could be supplied without inconvenience and the advisability of trying the experiment at first on a moderate scale.-

Reporting on the Settlement of the Extra Sources of Revenue of his District for Fusly 1260.

× As per List.

Sir.

I have the honor to make my report on the settlement of the Extra Sources of Revenue in this District for the past Fusly 1260 and to forward the usual explanatory statements for× each branch of Revenue, as also the several returns of the Salt Department required by the Board in their Circular order of the 23d. December 1850.

2. The subjoined abstract statement exhibits the amount of each head of Revenue for 1260 in Comparison with the preceding year and shows a net increase, excluding extra items, of Rupees 67,469-13-5. If these extra items are included the net increase in the year under review amounts to Rupees 66391-10-6.

Salt

For St. George 23d October 1851.

3. The Salt is the first branch of Revenue regarding which I shall proceed to offer explanatory details, and the Board will observe that the increase in the year under report amounts to Rupees 48,346-12-11. The total quantity of Salt disposed of was 2,617 Mar Mea 85 7 yielding a revenue of Revenue 27,862-9-11, a higher result than has been obtained in any preceding year. The various heads under which the Salt was desposed of are shown in the Marginal abstract, and I proceed to offer some remarks on the different Items, omitting

mention of the Salt delivered to the French Government, which is nearly the same in quantity as in the preceding year and calls for no observation.

The

Exports by Sea. 4. The exports by sea are both inconsiderable and uncertain in extent, consisting of Salt which is taken as ballast by the merchants trading to the Eastern Coast when their Vessels have not a sufficient cargo. In the late Season the value of the Salt thus exported was Rupees 5544 being increase of Rupees 4494 over the preceding fusly. The principal increase of the year occurred in the sales for inland and home consumption and amounts to Rupees 43,898 — 14 — 5.

Increase		
Inland sales —	10,779 — 14 — 2	
Home — Do. —	33,119 — " — 3	
	43,898 — 14 — 5	

Inland Sales 5. The increase under the first of these two heads occurred principally at the Mercannum pans, the Salt of which is sought for by traders on account of its firmness and good quality. an examination of the Register of permits shows that the Salt

	190281	179500	22203	11323	their origin in the stock

which the Merchants happended to have on hand

hand from their purchases of the preceding year, though I am inclined to attribute it to permits having been taken out for Mysore by traders belonging to Salem and Coimbatore with the view of obtaining a longer period for the Conveyance of the Salt. For the purpose of preventing permits being turned to a wrong user, increased attention has latterly been paid to the periods allowed for the conveyance of Salt to its destined place of Consumption, and foreign traders are enabled to defeat this object by naming fictitious places when making their purchases at the Pans. No change has taken place in the facility of communication between our Salt Depots and the inland District to account for a variation in the Sales on such a ground.

Home Consumption. 6. The sales under the head of home consumption amounted to Rupees 78,682 — 7 — 10 being an excess of Rupees 33119 — " — 3 over the preceding fusly. This improvement appears to me attributable to the following causes, 1st. the discountenance given under the orders of the Board and Government to the illicit manufacture and sale of earth Salt, 2d. The encouragement held out to purchasers by the minimum selling quantity having been

	No. of purchasers.	Quantity	
Sales of Salt between 40 and 20 Mercals	795	69	170
Do. between 20 and 5 Mercals from January till close of Fasly	197	5	196
		74	366

reduced from 40 to 20 Mercals in May 1850, and afterwards from 20 to 5 Merkals in last December.

3d. The attention which is now paid to the preparation of permits or rahdarees, in consequence of which many home traders have been checked in their practice of taking out permits for inland places when the Salt was intended for sale in their own Villages.

Notwithstanding however all the care which can be paid to the correct preparation of rahdarees or permits it is so easy for them to be obtained under false representations, that they cannot be taken with confidence to exhibit accurately the places and districts for which Salt is actually purchased. The Board may therefore be of opinion that it is advisable to combine the two heads of home and inland consumption for the purpose of obtaining an accurate idea of the state of the

Mr. McDonell to observe that the department has been placed in his charge under the superintendence of the Collector, and it appears to me that has had a very beneficial effect. By his frequent visits to the pans, and active check over the Servants, irregularities have been diminished, while purchasers have been encouraged by feeling an additional security against detention or wrong measurement, and I hope that his exertions will meet the approbation of the Board.

8. The only general observation which I feel able at present to offer on the Salt trade, is the advisability of encouraging it by opening a good Cart road to the Western Districts

An

An easy line of communication from Salem by Ahloor to this part would materially advance the prosperity of the Salem, Coimbatore and Mysore Districts and have an important influence on the Salt Sales, as the bandies which brought their produce to the Coast would carry back this article in return and the diminished charge of it's conveyance would doubtlessly lead to an increased consumption. At present the line of road is in a very unsatisfactory state and I have requested the Civil Engineer Captain Smyth to take measures for its inspection and improvement.

9. On the Subject of the stock of Salt remaining in the Government stores I beg to observe that at the commencement of the fusly under report the amount was Garces 2,385 385 and that the Salt manufactured during the year raised the stock to Garces 4,211 238 7 as however the consumption during the year amounted to Garces 2900 267 7 the quantity

	G	M	R

Salt since manufactured	1310	317	"
Salt available for the requirements of 1261	818	176	"
	2129	146	"

quantity on hand at the close of the fusly or on the 12th July last was only Garces 1310 317 To this stock must be added the 818 Garces 176 Marcals since manufactured, which raise the store to Garces 2129 146; but this quantity is insufficient for the wants of the year and as no additional quantity can now be expected I fear that the stock will hardly last until the next season of manufacture.

10. To account for this difficiency in the supply I beg to state, that although active exertions were made to complete the Pittum, the heavy storm in May last which rain offered impediments which the Manufacturers were unable to overcome - a similar interruption to the manufacture occurred in the adjoining District of Chingleput, where the stock of Salt seems equally low, and the consequence is that an increased demand at our Golaurs causes the small store which is on hand for the wants of the year to be consumed with more than usual rapidity. Under these circumstances I propose using exertions to commence the manufacture as early as possible in the approaching season, and am making enquiries whether the Salt required for delivery to the French Government in January next can be obtained from Tanjore, should this arrangement be found

found practicable, I shall hereafter request the Board's sanction for carrying it into effect, as it will be of great consequence to the revenue to defer as long as possible selling new Salt in the approaching season while the manufacture is going on and it is also advisable to protect the community if possible, from the increased monopoly rates which would prevail if our stock of Salt runs so low, previous to the season of manufacture as to encourage speculators to purchase up and hoard it.

11.

The next branch of Revenue to which I shall proceed to advert is the Frontier Customs, which exhibit a Net decrease of Rupees 2678-8-10. Of this amount Rupees 2170-12-8 occurred in the Exports and Rupees 507-12-2 in the imports. The Statement No. 2 which accompanies this report will show the Board that the three considerable articles of export in which a decline took place are Piece Goods, Grain and Tobacco the demand for the first of which seems to have become less active, in consequence of the encouragement given to the manufacture of fine cloth within the French limits where the Weavers have no loom tax or Motursphah to pay. The duty on Grain is levied at

Frontier Export Duties

Grain - 1085-9-0
Tobacco - 304-4-9

at the Port of Pondicherry by the French authorities on account of our Government when it is exported by Sea, and the diminution in the Export appears to have arisen from prices having been higher than in the preceding year. The decline under the head of Tobacco is attributable to a recent modification of Tariff. The export of commodities in European demand shows an increase and though it is not sufficiently large to cover the decline in other items, it is satisfactory that there should be signs of an increasing demand for articles which this district can furnish with much benefit to its prosperity.

Indigo 1st sort 446-5-6
Country Do 315-10-7
Oils 1634-11-11
Hides 566-2-11

12.

Under the head of imports a net decrease of Rupees 507-12-2 occurred and the Statement (No. 2) now submitted shows that it took place principally in the articles noted in the Margin. The falling off under the head of liquors I feel unable to ascribe to any other cause than the fluctuation of trade and with regard to the other articles the diminution of revenue is principally attributable to the effect of the revised tariff published in April 1850. In piece goods the imports show an increase which corroborates the remarks offered by me regarding

Imports

Increase
Piece Goods 442-13-2
Nuts 385-2-3

regarding the decline in the exports under this head — the importation of nuts [Betel] brought from the Eastern Coast was also more extensive than in the preceding year.

13. Having thus alluded to the state of the frontier customs in the past year, it appears proper to observe that as no Sea Custom duties are levied at the Port of Pondicherry there has always been an inducement to smuggle thither the produce of our districts instead of taking it for shipment to one of our own ports. This inducement has been greatly increased by the recent changes in our commercial policy in England under which Differential import duties are abolished, both on articles brought from foreign Countries and imported in Foreign bottoms. There is consequently ground to fear that without an effective and vigelant frontier establishment our Sea Customs may decline in consequence of the produces of our districts being clandestinely conveyed into Pondicherry for shipment to the United Kingdom as well as to our Colonies and Foreign ports, and it appears to me that some smuggling in Indigo and Piece Goods already goes on

on, unfortunately, the great length of the frontier, and the manner in which the French and English Villages are intermixed facilitates these frauds, but my attention will be given to the subject and I shall bring it again to the notice of the Board if the means now at my command should prove insufficient to protect the revenue.

Sea Customs 14. The Sea Customs form the next branch of revenue to which this report extends, and the total Collections of the year on imports and exports, amount to Rupees 31069-15-10, being an increase of Rupees 6322-6-5 over the preceding year.

Fasly 1260 31069 15 10
1259 24747 9 5
Increase 6322 6 5

Imports 15. The import trade at our ports has always been inconsiderable, and unless some new branches of commerce are opened does not appear likely to increase as English fabrics are supplanting in the Markets of the straits and the Eastern Coast the piece goods which the Native Merchants of Cuddalore and Porto Novo have been accustomed to ship there, bringing back in their Vessels the articles enumerated in the margin. It is also to be observed that as no duties are levied at Pondicherry

Benjamum
Camphor
Pepper
Cloves
Nut [areca]
Nut-meg
Mace
Lead
Copper & ca

there

there is a strong temptation for parties to land their cargoes there and bring the articles for sale into our towns and bazaars by smuggling them across the frontier in small quantites. In the year under review the import duties amounted to Rupees 6,397-2-7 being an increase of Rupees 122-3-9 over the preceding fusly.

Exports
Fusly 1260 24,472-12-3
1259 18,272-10-7
Increase 6,200-2-8

16. The export duties exhibit a net increase of Rupees 6,200-2-8 which occurred at the Port of Cuddalore on an extended expat of Indigo and Oil to Europe. The increase in the Collections on the former articles amounted to Rupees 69-80 in consequence of an active home command, and on the latter to Rupees 338-9-9. In consequence however of a diminished export of some other goods, principlly of grain to Ceylon the trade in which was slackened by an increase of price in our bazaars, the net increase in the export duties was reduced to the sum mentioned above.

Sugar Canes
Fusly 1260 4,921
1259 3,917
Increase 1,004

Rum Gallons
Fusly 1260 32,059
1259 13,665
Increase 17,394

17. In accordance with the instructions of the Board a Statement is forwarded /No 4/ in No 3/ showing the quantity of Rum and Sugar exported from the District to

to the United Kingdom in the year under review. It will be observed that both articles exhibit a considerable increase, and there appear indications of the manufacture of Sugar being more extensively undertaken in this District.

Abkarry
Fusly 1260 81,300
1259 68,000
Increase 13,300

18. In the Abkarry Revenue the increase of Rupees 13,300, arose from increased competition for the Arrack and Toddy farms of the District and as a report was made at the time to the Board under whose authority the highest offer was accepted, the subject calls for no further present remark.

Small Farms
Fusly 1260 11,286-5-11
1259 10,855-12-7
Increase 430-9-4

19. The settlement under the head of small farms and licenses exhibits a net increase of Rupees 430-9-4. The details of this item of Revenue are exhibited in the accompanying Statement No 5 and as the variation from the preceding year is so small it seems sufficient to observe that the increase arose from competition for some of the ferries and the Jungle produce rents.

Stamps
Fusly 1260 20,025-15-11
1259 19,273-13-5
Increase 752-1-6

20. The Stamp Revenue in the year under review shows a net increase of Rupees 752-1-6 which is attributable to the operation of Act XVII of 1848 under which stamp paper is required for the plaints in suits

suits before the District Moonsiffs - The details of the sales are given in the accompanying Statement No. 6 and furnish no ground for particular remark.

Moturpha. Fusly 1260-41142-8-3 / 1259-40146-0-2 / Increase 996-8-1

21. In the Moturpha which forms the next branch of revenue, the settlement of the year amounted to Rupees 41142 8 3 being an increase of Rupees 996 8 1. The details of the Moturpha items are given in the Statement No 7 which accompanies my report and it will be observed that five eighths of the Revenue is derived from the tax on Looms - These looms are principally used for the manufacture of coarse country Cloths, and the number in employment is continually varying and fluctuates according to the demand in the bazaars for Cloths. In the present year the number of looms abandoned was 893, against 1169 newly set up, giving a balance in favor of the year of 276 looms paying a teerwah of Rupees 887 6 6. The number of looms in work during the last 6 years is shown in the margin, and it does not appear that more than one tenth

No. of looms at work
Fusly 1255 - 17,664
56 - 12,484
57 - 11,378
58 - 11,160
59 - 11,947
60 - 12,223 D.P.

part are used in the fabrication of the finer cloths suited for exportation. The next considerable head of Moturpha Revenue is the tax on bazars or shops which amounts to Rupees 8746-11-7 being an increase of Rupees 381-9-11 over the preceding year - the variations in the remaining items do not appear to call for remarks.

Exctra Items - Fusly 1259-3517-12-1 / 1260-2438-15-2 / Decrease 1078-12-11

22 In the Exctra items of Revenue a comparison with the preceding year shows a decrease of Rupees 1078-12-11 The receipts under this head are always fluctuating and uncertain and it will be observed from the accompanying detailed statement No 1 in A that the principal decrease occurred under the heads of Recovery of advances for the manufacture of Salt and the Sale proceeds of Confiscated goods.

23 The total Settlement of the Exctra Sources of Revenue thus amounted to Rupees 5,08,974-6-8 being an increase of Rupees 66391-10-6 over the preceding year - Of the entire demand Rupees 4,94,122-3-3 were realized with in the Fusly, leaving at its close an outstanding balance of Rupees 14,852-3-5 of which Rupees 14,353-5-6 have been since Collected - The present arrears is therefore limited to Rupees 498-13-11

which

which are due under the head of Motorpha and Small farms and are now in train of recovery.

2d. With respect to previous arrears it will be observed from the accompanying statement B that at the commencement of the fusly. under review there was an outstanding balance of Rupees 9,183-13-8 of this amount Rupees 8885-13-2 having been since realized while Rupees 257-8-10 have been written off the accounts under the sanction of Government. The present arrear is therefore limited to Rupees 40-7-8 of which sum Rupees 19-8-7 are due by defaulters and I request authority for writing off this amount as irrecouerable.

Motorpha 39-4-10
Small farms 1-2-10
40-7-8

Charges
Fusly 1259-87311-8-2
1260-64161-7-5
Decrease-23150-4-9

3d. In forwarding as usual the printed statements in triplicate showing the gross Collections, Charges and net Revenues of the 2 different heads of Coctroi Revenue I beg to observe that the total charges for the year amount to Rupees 64161-7-5 being a net decrease of Rupees 23150-4-9 in comparison with the preceding fusly. The diminution in the Salt Charges amounted to Rupees 25081-6-4 of which Rupees 16460-3-2 occurred in the Tindevanum division on account of the Manufacturers and was occasioned by

by the diminished quantity of Salt manufactured while the decrease of Rupees 8,621-3-2 under the head of "other Charges" is nominal being owing to the payment of some arrears of indemnification to the French Government in fusly 1259- The diminution in the Charges of the Frontier and Sea Customs was respectively Rupees 161-10-6 and 553-11-4 and makes the gross decrease of the year amount to Rupees 25796-12-2 but the nett decrease is reduced to Rupees 23150-4-9 by an increase of Coots under the head of "Stamps" to the extent of Rupees 2646 11-5- This increase is owing to two Causes, the enhanced amount of Commissions due to the Vendors on extended Sales and the practice of deleting as Coots the value of the Stamped paper refunded under Act XVII of 1848 to Suitors in the District Moonsiffs Courts who adjust or withdraw their Suits before they come on for hearing-

No. 66

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George -

Sir,

(37)

13d. No. 2460.
From the Acting Collector of Tanjore
Reporting on Petition 892 from Sparow Moodely.-
+ Herewith enclosed

With reference to the Board's Cr. Cootrack Proy 8th 1851 calling for information as to the history of the 8 Valies 11 Maws Cs. of Surnamanieur Land referred to in Cs. my endorsement on petition 1592 of 1850, Cs. and also for the reason why Appra Row Cs. laid claim to these lands was not preferred at the same time that he Cs. laid claim to the Shrotriums Villages of Munjacoody and Poolloor, I have the honor to submit the following reply-

2. No information as to the original grantees can be obtained - All that is known is that many years ago Lutchmana Moodely's father Cs. Chinniah Moodely purchased and enjoyed these lands, and that on his death Cs. this property, 6 & odd Valies, Cs. fell to the share of his eldest son who subsequently, about 10 years ago, sold them Cs. Cs. to

The lands in one Village were entered in the Pymash of 1236 in Chinniah Moodely's name, the lands of 4 Villages in his son Purnia Moodely's name & in the other Village in his son Moottoo Sheshaw Moodely's name-

Fort St. George 23d October 1851.

to his brother the late Lutchmana Moodely. The latter enjoyed them till his death in about 1847 and they have since been in the possession of his sister Ammayemmaub-

3 Apparoa Moodely's Vakeel transla-tion of whose deposition is enclosed, possesses no documents or information respecting these 6 & odd Valies in five different Villages. He supposes that they were purchased about 40 to 50 years ago, but, cannot tell whether they were bought from one or more persons or at the same or different times. He says that he has heard that they were purchased with ancest-ral property but admits that he cannot prove it and adduces no better excuse for his employers not preferring this claim at the same time that he petitioned for the 2 Shrotriem Villages than that he thought it best to try to get the larger claim settled first and then to try for the smaller ones.—

4 Under these Circumstances I think that Appa Row Moodely has al-together failed to shew any sufficient

Cause

Fort St. George 23d October 1851

cause for warranting interference in with Ammayemmaubs possession of these lands, and would suggest that he should be furnished with an or-der signed by the Chief or other Secre-tary referring him, if he considers his claims are valid, to seek redress in the established Courts of Adawlut

(Vide Rl. I. II. IV. of 1831)

Tanjore, 8th October, 1851. (Signed) J. W. Goodwyn Acting Collector

En. No. 1.

Deposition of Gooroonarajah, Vakeel of Appa Row Moodelly.

Q. When and how did your Employer Appa Row Moodelly's family obtain the 6 and odd Valies of land in the Collamangoody &c. Villages.

A. Chinniah Moodely bought them with the ancestral property about 50 years ago but I do not know the date or from whom they were purchased or whether the 6 Valies were bought at the same time or on different dates.

Q. Have you any Sunnuds or other documents?

A. No, But Ammayeammaub &c. perhaps

perhaps may have them—

2 were these lands originally granted for any particular Village or other office?

A No.

2 Why were not these 6 and odd Valies included in your employers original Petition—

A As the Munjacoody &c. Villages are large it was deemed best to petition for them first and after seeing how that claim was settled then to claim these lands—

2 Can you not state whether these lands were bought 40 or 50 years ago?

A They were bought within the last 60 years. I suppose between 40 & 50 years ago—

2 Since you do not know whether these 6 Valies were bought at

at the same time or different times or from whom they were bought or can tell the exact time of purchase how can you tell that they were bought by Chinniah Moodely with ancestral property?

A Because I have heard so—

2 If you only heard so how can you prove it?

A I heard Chinniah Moodely and Tumbiappa Moodely speaking about it and say so, but I cannot prove it—

Bd. No. 2372

From the Collector of Tinnevelly

Requesting Pots

Sir,

I have the honor to

enclose

13998 Fort St. George 23d October 1851.

the Board's permission to dismiss Lutchmania Iyer Tahsildar of Satoor Taloork from the public service for reasons within mentioned

enclose Copy of a Sentence I have this day passed under Regulation IX of 1822 against Lutchmana Iyer Tahsildar of Satoor Taloork in this District on a charge of corrupt receipt of money from Coondy men employed on road work in progress in the said Taloork and to request the Board's permission to dismiss him from the public service from the 24th June 1851 on which date he was suspended.

2. Lutchmana Iyer was promoted from being Mozoomdar of Shreevelly pootoor Taloork to be Tahsildar of Satoor on the 22d July 1850 in consequence of the high opinion entertained of him as an active public Servant especially in the Marahmut Department both by the Sub Collector and the Civil Engineer.

3. His arrangements for carrying on the works on the two roads in progress in his Taloork (the new Cottow road and the road No. 4) were soon found to be very defective and on my visit to the Satoor Taloork to settle the Revenue in June last

Complaints

13999 Fort St. George 23d. October 1857.

complaints were made by some Bandy
men employed on the works that the
Tahsildar was in the habit of detaining
their Bandies unfairly without giving
=ing those of other ryots to take the
turn and of sending Bandies
from Villages nearest to the works
on one road to those of the more
distant (one for the purpose of enabl=
=ing the owners to pay their money to be
relieved. Some inquiry was made by
myself on the spot and recorded
which although not sufficient to
enable me to institute regular proceedings
under Regulation IX of 1822 convinced
me that an organized system of
Corruption was being practised
by the Tahsildar, and I therefore
suspended him on the 24th June 1857
and deputed Mr. Child to go into
the charges contained in a Petition
which had been presented to me
when I was at Saloor by one Deva
=cunnoo pillay who is in the habit
of conducting peoples causes, as

a

11,000. Fort St. George 23d. October 1857.

a Vakeel and pursuing the occupation
of a common informer. This complaint
contained 24 distinct charges against the
Tahsildar, twelve of which were entered
into by Mr. Child but the enquiries in
some were not managed in strict ac=
=cordance with the rules laid down
for proceedings under Regulation IX of
1822 and the evidence in others was not
conclusive. Enough however has been
elicited to shew that Lutchmana Iyer
is not to be trusted for honesty either in the
Maramut Department or as a Police
Officer and as it is a fact that soon
just after the time when the chief
instances of Corruptions are stated to
have taken place he sent for Jewellers
from Tinnevelly and had a very con=
=siderable quantity of Jewels made
up for the marriage in his Family
for which he states that he borrowed
money from his own Sister. I have no
doubt in my own mind that he has
been dishonest.

4. I should have contented
myself perhaps with representing these
Circumstances

14,001

Fort St. George 23d. October 1851.

circumstances, and soliciting the permission of the Board to dismiss Lutchmana Iyer - if I had not considered his case to come within the scope of the observations contained in the order of 8th. June 1843 printed at Page 339 of the Circular order of the Board of Revenue and to merit not dismissal only but disqualification and disgrace as well - I have therefore selected one charge which appeared the best established out of all that were examined and pass'd Sentence upon it under the Regulation -

6.

There has been some delay in disposing of this matter but the Board are aware that for many months past I have been left without adequate assistance in consequence of the removal of Mr. Vezinge - and the sickness, and subsequent departure of Messrs. Blair and Child, while at the same time I have had to attend to subjects such as the Travancore Boundary Question which could not conveniently be left to Clerks -

Tinnevelly 27th. Sept. 1851.

Signed C. J. Bird

Collector

Copy

14,002

Fort St. George 23d. October 1851.

No. 1

Copy of a Sentence passed by C. J. Bird Esqre. Collector of Tinnevelly &c. under Regulation IX of 1822. -

Prosecutor	Defendant
Circar	Lutchmana Iyer
	Tahsildar of Satoor

Defendant is accused of having received a Corrupt consideration of Rupees 28 from certain Villagers of Amatoor and Natammugalum of Satoor Talook through one Ramiun the Village Moondiff of the abovementioned Villages of the above mentioned Month of March last - dates not known - as an inducement for releasing twelve bandies from the work in the limits of Nuttam on the high road No. 4. -

The Defendant is a Public Servant of the first description contained in Clause third, Section II, Regulation IX of 1822, and the offence laid to his charge is of the first Class specified in Clause second of the same Section. -

In this case information was

Fort St. George 23d. October 1851.

was received in a Petition presented to the Collector by one Devacinnia Pillay Tirtengal in Saboor Taluk early in June last when he was engaged in distributing Puttahs in that Taluk and was not at leisure to proceed with the inquiry. Consequently the acting Head Assistant Collector was deputed afterwards to investigate this and a number of other Charges against the Defendant, contained in the same Petition. These inquiries were held in the month of July but before passing sentence or making a report upon them to the Collector the Acting Head Assistant was compelled to leave the District on Medical Certificate. It devolved therefore upon the Collector to conclude the proceedings.—

The informer was notorially examined as he did not profess to have been a Witness or party in any way in the transactions he sets forth in his Petition. He was however present at the enquiries and occasionally

Fort St. George 23d. October 1851.

occasionally suggested questions. The witnesses were examined on solemn affirmation in the presence of the Defendant who exercised the privilege of cross questioning them whenever he thought fit. His defence was also recorded. He denies the Corrupt receipt of money and states that he released the bandies out of consideration to the owners who wanted them for agricultural purposes — The evidence of the Moonsiff through whom the negociation is said to have been made with the Defendant on behalf of the Villagers is strong and to the purpose and as no bandy of his own was employed at the work it is the more credible. The testimony of the remaining three witnesses is consistent and agrees with that of the Moonsiff. This Charge appears to the Collector to be established as satisfactorily as such a Charge can be. He therefore ~~therefore~~ sentences the Defendant to pay a fine of fifty Rupees under

Clause

11,005. Fort St. George 23d. October 1851.

Clause first, Section V, Regulation IX of 1822.

of Coimbatore.

(45)

Bd. No. 1994

Sir,

1 In reply to the Extract from the Proceedings of the Board of Revenue dated 31st July last I beg to forward the following explanation on the points referred to.

2 The Boundary question at the S.E. angle of the Chittoor Taluk in Cochin, referred to in para 19 of General Cullen's letter of the 20th May 1851 appears to be a long standing one- there was some correspondence on this subject in 1843 but no final settlement was then come to, the Rajahs of Cochin State and those of this District reciprocally asserting their right to the land in dispute, supported as such cases usually are, by the Public Servants of the respective Districts.

No. 182

3 In elucidation of this subject two Sketches are enclosed the one as extracted from the Map of South Coimbatore furnished by Government in 1826 for record in this Office and the other said to have been

Fort St. George 23d October 1851

been taken from Captain Arthurs survey of the Coelair Boundaries, the points of dispute being tinted yellow in both of them, the former corresponds in every respect with the Map in the Office which General Cullen supposes to be incorrect, whilst the latter does not do so but gives the disputed spot to Coelair.

4 Captain Arthurs' Survey is accorded by the President to be the Correct one and several arguments are adduced to corroborate it whilst on a reference to the former correspondence I find that Mr. Sullivan on former occasions considered it in a different light. the question of actual occupancy is a difficult one, the claimants on both sides proving their uninterrupted possession of the land for years together, which of them is right cannot from the nature of the Country be satisfactorily ascertained.

5 Under these circumstances it appears that the whole subject hinges mainly on one point whether the orders of Government conveyed in Extract from Minutes of Consultation of the 9th August 1831 No. 759 are to be Considered

Fort St. George 23d October 1851

Considered as recognizing the claim of the Coelair State to the land shown in the Map of this District as the "Tract of Forests in dispute" should this point be answered in the affirmative, and Captain Arthurs' Survey be taken as the Correct standard of reference the claim of this District yields and many miles of land will be lost thereby.

6. In explanation of the 2d point, Sketch No. 3 is annexed, the decision of the question above adverted to would govern this also, the accompanying Copy of Communication from Mr. Assistant Collector Walhouse, whom I deputed on a former occasion to the spot shows the case in all its bearings.

7. In the absence of more specific information, I am unable to make out clearly to what particular forests General Cullen alludes as being "of more importance on the top of the Annamalli Hills" but from the slight description given in para 20 of the President's letter I conclude that the Forests intended, are those which were adjudged to the Mundidi of Collangode in the Pulaliar District, by the late decision of the Commissioners Messrs. Robinson and Walhouse which was confirmed & by Government in Extract from the Minutes of Consultation dated 18th of September

September 1850 No. 883. No Contract of any sort of any new portion of Bill Land having been granted as disposed by General Cullen to any one, from this Office.

8. These forests are now Rented by Government from the Nambidi for a period of 16 years from 1851 for felling Teak &c. Conditions of the payment of a certain fee for every tree to be cut by the Sirkar. Vide Correspondence noted in the Margin.

9. I refer to a reference to Inspr of Malabar Repts, the Board deem the Cochin Circar has a fair right to the track claimed. They to be favored with orders on the subject. If the Board think the claim about equal as it appears to me, on both sides and no other better settlement occur, I would suggest an equal division of half to each District.

10. I would express a hope that the Tobacco Monopoly adverted to in these papers, may be, ere very long abolished, or at least modified that the smuggling created by it, is a curse both to this District and Malabar, as well as to the Native states of Travancore and Cochin is beyond doubt

doubt, and without any very great Sacrifice of Revenue it would be I think quite possible to levy at least 1/2 or 1/3 of the present Monopoly income on the land to leave the Cultivation and price free and to do away alike with the Monopoly and its evils as well as the large and costly Establishment engaged in the futile attempt to check smuggling not a week passes but large gangs come into Coimbatore from Malabar, Cochin and Travancore to "run" Tobacco, the Consequence is Constant affrays injuries and some times loss of life, on the part of the gangs on the preventive force with endless Corruption of the Native Authorities and when a gang is disappointed of its Tobacco, or loses it in an affray it usually Loots some house or Village, rather than Returns empty handed home a Preventive Peon is at this moment lying at the Cutcherry dangerously brought in with a broken leg by a stone from a gang of Smugglers and frequent similar injuries occur on one side or the other.

Coimbatore, 13th August, 1851.

(Signed) E. B. Thomas
Collector

To

Fort St. George 23d. October 1851

To, E. B. Thomas Esqre.

Acting Principal Collector

Sir, of Coimbatore.

1 I have the honor of reporting that upon the 6th. ultimo, I visited, and personally examined the spot where a boundary dispute has arisen between the Coimbatore and Cochin Circars. The dispute I found to be whether from a Village named Vayloor Tamulum named in the Maps and distant 4 miles South east of Walliaur, the boundary line should run due South as is claimed for Coimbatore, or whether Commencing from a rock in a water course about 80 yards east of Vayloor Tamulum it should run in South easterly direction as is claimed by Cochin, the plot of ground between Vayloor Tamulum and the water course is the scene of the present dispute.

2 Valoor Tamulum is a Village or Puddy of some size, belonging to Cochin Circar, and lying so close to the boundary line that the hedges of the gardens attached to the huts on its eastern side is

Fort St. George 23d. October 1851

is upon and forms the boundary as claimed by Coimbatore. The Village lies upon the Southern banks of a Considerable Stream named in the Maps "Muradan Maraya" which is joined at right angles by a smaller water Course running from South to North, about 80 yards east of Vayloor Tamulum which lies nearly opposite their Confluence. On the bank of this latter water Course a few yards before it joins the first mentioned Stream there is a rock from which the Boundary line is stated by the Cochin People to run in a South easterly direction leaving Vayloor Tamulum on the right whereas on the part of Coimbatore the boundary is asserted to start from the large Stream, the "Muradan Maraya" pass along the eastern side of Vayloor Tamulum, and proceed due South, thus including the space between the village and the smaller water Course, as well as the water Course itself.

3 In Corroboration of this claim the Map of South Coimbatore dated Surveyor Generals Office, Madras 15th. June 1826 and supplied to the Office of this Collectorate for reference and guidance affords clear and decisive evidence, upon referring to it at the spot in question it will be seen that the red line of demarcation Starting from the large Stream Muradan Maraya Runs in a due Southern direction, including the

Fort St. George 23d. October 1851

the disputed Spaces between Vayloor Tanutum and the tributary Watercourse most distinctly in Coimbatore. In fact the limit now claimed by the Cochin People is the sub line of the exclusive Tract shaded off in the map in the dark Purple and inscribed "Tract of Forests in dispute" along this line they led me for some distance, asserting it to be the true boundary but unless the Surveyors and framers of the Map drew the red line which gives the disputed Tract to Coimbatore they doubtless did so on good and sufficient authority. The aforesaid Tract is now and always has formed part of this District.

4 In 1844 a small Choultry was built for the purpose of Collecting Sayer duties by the then Tahsildar of Coimbatore, about 6 paces east of the boundary line asserted by this Circar, and therefore several yards west of, and within that claimed by Cochin, but though Constructed so close to the Cochin Village of Vayloor Tanutum, no opposition was made, or any intimation that it was Considered an encroachment, whereas it may be surmised that then at least the Cochin Circar laid no claim to the Spot now in dispute since the Abolition of Sayer duties that Choultry has fallen into decay

Fort St. George 23d. October 1851

decay and a short time since, a large Choultry has been commenced by the Cochin authorities 8 or 10 paces Eastward from the ruined one, and therefore some 20 paces within the Coimbatore limits, but the erection of this was immediately challenged by this Circar as an intrusion within its borders. It should also be noticed that a small patch of "Raggy" has been sown by a Cochin Cultivator just within the Coimbatore limits and immediately opposite the Confluence of the water Courses, this as well as the building of the Choultry should be checked.

5 Though the spot now more particularly in question be of inconsiderable extent yet as a Concession of it would afford grounds for the Cochin People proceeding to make further claims upon the large Tract marked in the Map as "under dispute" I am of opinion that the present encroachment should at once be stopt, especially when the right of this District is so clearly confirmed by the accredited Government Map and long actual possession.

Coimbatore, September 13th. 1849

Date. 1949.

From the Collector of Malabar — Submitting explanation on the subject of the Smuggling of Jaffna Tobacco into the Cochin Country by the Seaboard and Pepper into British Cochin by the backwaters Communication Complained of by the Resident of those Districts —

Sir,

I have the honor to acknowledge receipt of, and to transmit herewith for the information of the Board of Revenue under date the 31st. ultimo together with the Enclosures, the following Extract from the Proceedings of the Board of Revenue under date the 31st. ultimo together with the Enclosures, the following Extract from a letter from the Resident of Travancore and Cochin dated 28th. May 1851 Paras 5 and 17 to 20. —

Extract from a letter from the Resident of Travancore and Cochin dated 28th. May 1851 Paras 5 and 17 to 20. —

2 The Resident complains of the Smuggling of Jaffna Tobacco into the Cochin Country by the Seaboard and of Travancore pepper into British Cochin

Fort St. George 23d. October 1851.

Cochin by the backwater communication —

3 The first evil is an evil as felt by the Company's Government as much as by that of the Cochin or Travancore —

The Smuggling is carried on very systematically —

Large Boats laden with Tobacco from Mahé Anchor in deep water just out of sight of Cochin and run their Cargoes into the Cochin River by night — The Smugglers use Quick pulling boats well manned and armed — It is a Service of no slight difficulty and danger to encounter them, tho, the attempt is made whenever any certain information can be obtained of the Smugglers movements —

To extinguish this illicit but very profitable trade will be impossible — One mode of Checking it I pointed out in my letter to the

Fort St. George 23d. October 1851.

the Board of the 2d. June last, viz. to by stopping (if possible) the exportation of Tobacco from Ceylon for Malabar.

4 As regards the contraband introduction of Travancore pepper into British Cochin I can merely say that fully admitting the extent of the evil, I see no way in which I can legally help to repress it except by giving as I have done long ago, positive directions to the British Cochin authorities to do all in their power to aid the Cochin Government in preventing the exportation of pepper reaching Cochin, after it has reached and been housed in the Merchants' Warehouses, it would be illegal as I apprehend for me to interfere with it on the presumptions however strong that may be

Fort St. George 23d. October 1851

be that it was smuggled.

On this point I beg to enclose copy of a letter which I wrote to General Cullen on the 6th. May 1850.

5 The Resident alludes to an instance in which, as he thinks, sufficient aid was not given by the Fiscal of Cochin in a case of smuggling in which the Contraband traders run their boats on and sold near Cochin belonging to the Company. The matter was very fully investigated by the Joint Magistrate of Cochin under my instructions, and he was convinced as was I that the Resident had been misinformed and that the Fiscal had not been found wanting in his duty.

6 A strong representation was made by the smuggling merchants urging me to object to the Capture of their property on the ground that the Islet was British Territory but I declined listening to what in the abstract was by no means an untenable argument.

7 I have subsequently offered to give over this Islet on rent to the Cochin Government as an outpost against pepper smuggling

14023 Fort St. George 23d. October 1851.

Consultation dated 19th July 1851 Letters from the Collectors of Coimbatore and Malabar affording certain explanation relative to the Smuggling Carried on through the Company's Town and Port of Cochin and to certain boundary disputes between the Cochin State and the Districts of Coimbatore and Malabar.

Rec'd 31st July 1851

dated 19th July 1851 forwarding certain paragraphs of a Communication from the Resident of Travancore and Cochin relative to the Smuggling carried on through the Company's Town and Port of Cochin to the detriment of the Revenue of both those Sirkars and to certain boundary disputes between the Cochin State and the districts of Coimbatore and Malabar; and directing that the Collectors of those provinces should be called upon for explanation on those points.

2 As regards the Contraband trade in Tobacco the Company's Government suffers equally with the Cochin and Travancore States. The Collector at once admits that Smuggling is carried on systematically and that to exterminate the illicit and very profitable trade would be impossible.

From Malabar 7th Augt. in Cons. 23d. October 1851.

3 The Board concurs in this view, and believing that as long as the Tobacco Monopoly is allowed to continue in operation, the evil can hardly be put down in a track of Country offering so many facilities to the illicit traders. They lately had occasion to address Government on the subject of Smuggling which is carried on by Sea from Malé and they have took an opportunity of referring to the opinions expressed in their Proceedings

Pros. 19th June 1851

J.F.B.

14024 Fort St. George 23d. October 1851

Proceedings of the 27th. June 1848 in regard to the Monopoly.

4 As regards the illicit introduction of Travancore Pepper into British Cochin, the Collector states that he has adopted every measure, consistent with his legal powers, to prevent the Pepper reaching Cochin but that after being once stored it could not be interfered with, on the presumption however strong of its being Contraband.

5 Mr. Conolly states further that a full enquiry had been made by the Joint Magistrate into the circumstances of the case alluded to by General Cullen, and that that Officer must have been misinformed as to the Fiscal not having afforded him sufficient assistance. But as it was found that the small islet referred to in the correspondence was made use of for smuggling Pepper into Cochin the Collector has offered to let it to the Travancore authorities in the hope that this arrangement might operate as a partial Check on the movements of the illicit traders.

H

Fort St. George 23d. October 1851

6 It would appear that Mr. Conolly has been precluded from replying on the subject of the disputed Boundary as he had not received at the time of despatch-ing his letter, the Maps of that part of the Paras 8-9 country where the boundary lay and which he had requested General Cullen in four several Communications to forward to him-

7 In regard to the disputes on the Coimbatore side of the country, General Cullen first mentions two tri-fling ones "and these the Collector re-presents to depend mainly on one point From Coimbatore 13th augt. 1831 & Con. 11th augt. 1831. whether the orders of Government of the 9th August 1831 were intended to recognize the claims of the Cochin Circar to the land shewn in the Maps of the Coimbatore District, as the Tracts of Forests in dis-pute. If this point be conceded, the claims of the Coimbatore District must yield the two spots in dispute having been adjudged to Cochin by the Commission of 1805.

8 The Board have taken this occasion

Fort St. George 23d. October 1851.

occasion to refer back to the voluminous Correspondence which has taken place regarding these boundary disputes with the Cochin Government as long ago as 1815 a Commission was appointed for their Settlement and a Map carefully drawn up by Captain Arthurs of the Engineers shewing the awards which had been made. In transmitting this 8th June 1816 In Con. 20th Do. Map to the Board, the Government observed that it only waited to be informed whether the Board had any observation to offer on the Subject before it Confirmed the proceedings of the Commissioners in both cases. But various delays occurred principally in Consequence of a reference made by the Board to the Collectors of Coimbatore and Malabar and the Subject was not B. Pro: 18th July 1831 again taken up until 1831 when the Board took under review the whole of the pre-vious proceedings and stated their opinion that the objections which had been raised against the awards of the Commissioners by Mr. Sullivan the Collector of Coimbatore, were not such as to justify the annulment of a decision passed after formal enquiry.

Read

Fort St. George 23d October 1857

Much the same opinion was given respecting the arguments addressed by Mr. Sheffield the Collector of Malabar against the award as relating to the frontier of that District. They observed that great pains appear to have been taken to ascertain the limits of the two States, and the Board thinks that it would not be proper to set aside the decision formerly passed without further enquiry and more conclusive evidence of its incorrectness.

9 The Board did not on that occasion make any distinct recommendation that the awards of the Commissioners,

8th June 1816. should with reference to the previously expressed intention of Government be confirmed,

and in passing its orders on the Board's Proceedings the Government confined itself to concurring generally in their opinion with respect to the objections raised both to the Coimbatore and Malabar frontier. It seems doubtful however whether it was not its intention that the award of the Commissioners should be confirmed,

Encl. in Rev. Cons. 9th Aug. 1831.

or the necessity for doing so in express terms may have been overlooked. No further enquiry was however attempted nor any further evidence sought and

Fort St. George 23d October 1857

and it is indeed difficult to conceive what further measures could have been taken than the appointment of a special Commission for the occasion aided by a professional Engineer, and a survey of the entire frontier.

The Board thinks that it is to be regretted that the proceedings of the Commissioners were not at once confirmed instead of inviting further discussion by referring the question back to the Collectors, whose inability to bring it to a successful issue was the original cause for appointing a Commission. It is owing to this that a delay of thirty five years has already taken place and that disputes on the subject are still presenting themselves from time to time before the Government.

That measure would appear to be still open, should Government think proper to adopt it, for the boundary as laid down in Captain Arthur's survey was agreed to by the persons deputed on behalf of the Rajah of Coohin, and the seal of the Rajah as well as that of the Commissioner Mr. Vaughan was affixed

14029 Fort St. George 23d. October 1851

Affixed to the Statement of the boundary marks-

10 The Board have on their Records an original Map, entitled "A Survey of part of the Boundary of the district belonging to Cochin called Nalladesham as determined by J Vaughan Esqre. and J. Munro Esqre. on the part of the Honorable Company and Nurjapriah Brahmen, and Shenkur Narain Pottio on the part of the Rajah of Cochin by order of Government in the Month of October 1813" which appears to be the same as was transmitted by Government with the Chief Secretary's letter of 8th June 1816-

Hereunto transmitted.

In Cons. 20th June 1816.

11 Should Government think proper to confirm the original award it might perhaps be

14030 Fort St. George 23d. October 1851

be advisable owing to the lapse of time since it was made to make a previous reference to the Collectors of Coimbatore and Malabar, not as respects the merits of the decision arrived at by the Commissioners, but as to whether any circumstances have subsequently arisen, which would offer any obstacle to carrying it into effect at the present time-

12 The Remaining contested line referred to by the Resident consists of certain forests Tracts on the Animalli Hills, west of Animalli Chairy

From

14031

Fort St George 23d October 1851

From the information before him, the Collector concludes that General Cullen alludes to some forests & lands lately adjudged by Govern-ment to the Numbidi of Colum-gode, and upon which the Govern-ment hold from the Numbidies the exclusive privilege of fel-ling timber for a period of 18 years. That Surrender appeared to embrace lands, the right to which lay only between the Govern-ment and the Numbidi.-

Br No 2456.

Sir

From the Collector of Coimbatore - - - } 1. Adverting to the Circular orders of the Board of the 18th January 1849. I have the honor to forward a Statement in the prescribed form of the Cotton cultivation in this District in Fasly 1260. 1850/51.

Forwards the annual Statement of Cotton cultivation in the District of Coimbatore for Fasly 1260.

2. The aggregate quantity of land appropriated to this description of cultivation amounts to 123,807 acres or 10,249 acres above the extent of the past year bearing an assessment of 149,579-1-- and a demand of Rupees 138335-11-- -

3 American Cotton has been grown in only 181-12½ acres in two Talooks, Pulachey and Coimbatore, the produce with seed did not exceed 92 Candies and 8 Maunds all of which were sold to 2d Wight.-

4 The other kinds of Cotton amount to 40270 Candies and 18 Maunds, or 8118 Candies more than the produce of 1259. Of this 13451 Candies are estimated to have been

Fort St. George 23rd October 1851

been consumed by the grower, leaving 16,819 Candies available for market.-

5. The average produce of American seed Cotton in an acre of land is about 254 lbs. that of the other kinds 163 or about 36 per Cent less.-

6 It would appear from the Memorandum in the Margin that 2978½ Candies of wool equivalent to 12,660 Candies of Seed Cotton were exported in the year under review and that the remainder 14,159 Candies have either been consumed within the District or are on stock.-

Cotton wool Candies	
To Bombay	158
" Madras	223
" Salem	685
" Tinnevelly	1176½
" Madura	35½
" Calicut	108½
	2978½

7 The price of a Candy of (Wool Country) was about the same as in 1259 Rupees 50 and 52.-

8. It will be observed that the Cultivation of Cotton increases annually. Fuslies 1256 and 1257 only shew a deficiency from bad seasons. in all the other years there has been a progressive increase.-

Fuslies	Acres
1255	109,196
1256	79240
1257	94,916
1258	111,781
1259	113,503
1260	120,854

9 I take this opportunity of stating with reference to the Boards Circular of

4,500

Fort St. George 23rd October 1851

of the 14th April. last that it has not come under my notice that Cotton when packed for sale has been adulterated with that of an inferior quality. Previous to the Establishment of the Gin Machinery at Coimbatore, the quality of the article was not so good as it has been since it was cleaned with the native Charka, and was inferior in cleanness. but the Thrasher and Gin now in use have conduced to remedy this defect. The Growers, however do not usually bestow much attention in gathering the produce and looking rather to quantity than to the quality of the article, still carelessly mix good and bad. efforts are made to prevent this evil as far as practicable.-

Coimbatore 7th October 1851.

(Signed) E. B. Thomas
Collector

Board's Received,
Ordered to lie over.
E.B.

14041 Fort St. George 23rd October 1851

No. 107.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue.

50

Sir,

Bo. No. 2541 From the Collr. of Coimbatore — Forwarding a Statement of the balance of Sewai Summa called for by the Board, and recommending that the sum of ₹328-10-7 may be struck off the Accounts being considered hopeless —

Adverting to the Board's Circular of the 10th March last, I have the honor to forward a Statement exhibiting the recoverable and irrecoverable balances of Sewai Summa, in this District, extending over a period of 33 years, of which the subjoined Memorandum is an Abstract —

I have &c.
Collector

Plot. of J. E. Goodyear (73) Cedar Isl. 1871

Fort St. George 23d October 1851.

2.

Of the sums considered recoverable 100-15-11 were collected in September 1851 leaving 188-7-4 for the realization of which measures have been taken.—

3.

Of the irrecoverable balances, Rupees 3,535-5-7 are due by deceased, deserted, and insolvent persons, and cannot be collected, the remaining Rs. 3793-5-11 classed as irrecoverables from other causes, consists of various small items due by several Ryots. In many instances, the parties by whom the amount was due, are not in existence, and their heirs are not in a circumstance to meet the demand. In others, the correctness of the demand itself, is

Fort St. George 23d October 1851.

is doubtful. Under any circumstances, as the adoption of stringent measures for the recovery of this long standing balance will press hard upon the Ryots, and as it is inexpedient to allow it to remain hanging over them, I would recommend that the whole sum be considered Lapsed, Viz.n, Rupees 7,328-10-7 and be struck off the accounts.—

Coimbatore, ---
Coll.rs Office - -
14th October 1851. -

(Signed) E.J. B.r Thomas.—
Collector.—

14059

Fort St. George 23d October 1851

this information is correct I have not
at present the means of judging, but
the fact of a great many Patimars
having come down without a grain of
Salt evidently shews that there exists
some obstruction in the Salt trade,
which if not speedily removed, will
occasion serious inconvenience to the
population of Malabar as well as that
of the Eastern Districts, which are supplied
with this necessary of life from hence -

The Balance of Salt in hand will only
suffice to meet the demand for
three months -

Under these Circumstances I beg with
reference to the 4th para of my letter dated the
5th ultimo the Board will have the goodness
to take such measures as will ensure the
District being supplied with Salt from
Bombay as hitherto -

Calicut, 13th October, 1851. } (Signed) A. V. Connell
Collector

Order thereon -

Ordered that the foregoing letter
be submitted with the following address -

the

14060

Sir Cons 18th August 1851

The Report of the Collectors of Canara and Malabar as to the Wastage and Subsidiary arrangements recommended; in consequence of the Measure of Collecting the full duty of 12 annas per Indian Maund on Salt removed from Bombay Colaroe &c &c

Fort St. George 23d October 1851

of Revenue to acknowledge the receipt of Extract Minutes of Consultation under date the 16th August 1851 transmitting for their early report Copy of a Letter from the Government of Bombay and its annexures in which the opinion of the Government of Madras is requested as to the amount of Wastage to be allowed and the Subsidiary arrangements to be made in Consequence of the adoption of a measure suggested by the Government of Bombay and approved by the Government of India for Collecting the full Duty of 12 annas per Indian Maund on all Salt removed from the Bombay Colaroe, but Remitting the duty on every Indian Maund Certified to have been landed at Ports on the Malabar Coast by Crediting the Amount to such Ports, minus the amount of differential Duty hitherto leviable, and with the view to obviate serious inconvenience to the Salt Traders, proposing to take Security for the payment of Duty at 3 or 4 months after the delivery of the Salt -

Ports of Canara Mudras Ports Cannanore Cochin -

2. I am also desired to acknowledge the receipt of Extract Minutes of Consultation of the 7th October 1851 Requesting that the Board will expedite

In Cons 13th October 1851

Expedite the Report previously called for—

3 In reply I am directed to submit the papers noted in the Margin being the answers of the Collectors of Malabar and Canara respectively to the reference from this Office communicating the above papers—

From Malabar 5th inst Cons. 25th September 1851
From Do. 13th inst Cons. 23d October "
From Canara 3d inst Cons. 25th September "

4 In his letter of the 5th September 1851 the Collector of Malabar states that the levy of the full duty at Bombay on the Shipments of Salt for his District will increase the purchase price of Salt from 74 Rupees to Rupees 112-2 — by which the supply of 3,000 Garce for a whole year will amount to Rupees 3,36,375 and deducting therefrom Rupees 2,64,375 to be credited to his District by Bombay there will yet be an outstanding balance against the Salt Monopoly. He advocates a Continuance of the practice of taking a bond from the Exporter rendering him liable to the full amount of Duty if he fail to produce within a specified time, a Certificate of the Salt having reached its destined port, in order to obviate Confusion and delay in the adjustments of

of the Salt transactions in his District. He observes that the Wastage varies greatly in damp and dry weather and that a Committee of the principal Traders would be the best authority to define the Wastage but that none of those who proceeded to Bombay had returned—

5 In his letter of the 13th October 1851 Mr. Conolly reports that since the opening of the Season some Vessels had arrived in Ballast but not one with Bombay Salt, and that the result of his enquiry from such of the Salt Traders as had then arrived leads to the Conclusion that no Bombay Salt will be imported into Malabar, so long as that Government insist on Collecting the full amount of Duty. He states that there is now only 3 Months Consumption of Salt on hand in Malabar and that if this obstruction in the Bombay Salt Trade is not speedily removed, it will occasion serious inconvenience to the population not only of his District but of those that are supplied by it—

The

Fort St. George 23d. October 1851

6. The Collector of Canara in an e-
laborate report dated 3d. September 1851
No. 69 upon the expediency of admitting
Foreign Salt by Sea into his District at
the same rate at which Salt is now
admitted by Land advocates with refer-
=ence to the supposed superseasion of
the Rice Trade of Canara by that of
Bengal aided by the admission of Arabian
Salt at a fixed duty in Bengal, whereas
it is excluded from Canara, the measure
of collecting the full Duty of 12 annas for
Indian Inland or Bombay
for Export to the Malabar Coast &c.
Copy of this report has been furnished
to the Collector of Malabar for his
sentiments and the subject will be
submitted separately as soon as his reply
is received. In his letter of the same date
No. 70 submitted with reference to the papers
under consideration the Maltby reiterates
his opinion given in that report in favor
of levying the full Duty on Bombay Salt
exported for his District, and considers
that Two per Cent would be a fair allow-
=ance for Wastage between Bombay and the Ports
Ports of Canara. He moreover proposes the follow-
=ing Four Subsidiary Rules-

That

Fort St. George 23d. October 1851

"1 That Salt paying a Duty of 90 Rupees per
"Garce or 12 annas per Indian Maund be ad-
"=mitted as an Article of Trade-"

"2d. That the Duty be payable either in Bombay
"or in Canara and that on sufficient security
"4 Months be allowed for payment-"

"3d. That the measure used in receiving
"the Salt be that of Bombay-"

"4th. That parties importing Salt be -
"allowed to land it for such periods as
"the Collectors may see fit to allow with
"reference to the supply in the Market-"

7. The Board are apprehensive
that serious difficulty and inconvenience
will arise if the obstruction in the
Bombay Salt Trade to Malabar is not
speedily removed and they would
suggest that a reference be made to
the Government of Bombay to suspend
at least for the present, the levy of
the full amount of Duty on the Salt
exported to the Malabar Coast until
arrangements have been made for
securing the requisite supply of Salt from
Tuticorin for meeting the demand in Malabar-

8. The Board propose to direct

Mr.

Fort St. George 23d. October 1851.

From Tellicherry 25th. Octr. Civ. Cons. 12th. Novr. 1851.

Mr. Conolly to Communicate on the Subject with the Collector of Tellicherry but they are aware that there can only be a partial supply obtained from Tellicherry and at an enhanced rate for though the cost of Manufacture is estimated at only Rupees 15 per Garce yet the freight would be about 30 Rupees more. The Board understand that much of the Salt brought from Bombay to Malabar and Canara is brought more as ballast by Vessels coming for rice than as a regular cargo which enabled the venders to sell it at a comparatively low rate, as long as they had no duty to pay at Bombay. If it is necessary to obtain a large quantity of salt from Tellicherry for sale in Malabar they consider that early notice must be given to the Collector of that District to extend the manufacture.

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

56

B. Rc. A after No. 334.

From the Collector of Malabar,

I have the honor to attract the Board's attention to my letter &c. of the 2d. June last, regarding the increased and systematic smuggling of Tobacco which goes on from &c. Mahé by sea, and to state that as now the season is open the smuggling has increased with great rigour, I would therefore beg to be favored with the early orders of the Board on the subject of the remedial measures suggested by me.

Acknowledge receipt of Extract from the proceedings of the Board dated 6th. Instant and transmit a fresh application in the prescribed form with the entire strength and Cost of his present Establishment together with the proposed increase -

14068 . Fort St. George 23d. October 1851

Amount retrenched - - } Rs. 240 1209--6

Amount recovered - - } 290-8--

2. With reference to Para 2 of these Proceedings I annex marginally a Memorandum shewing the amount of payments that have been objected to and actually retrenched in the Stamp accounts of Collectors, and the Amount recovered -

3. With reference to Para 2 of Extract from the Proceedings of the Board dated 21st. May 1849 I would observe that with very few exceptions the majority of the Certificates issued for the refund of Stamp duty under the Provisions of Act No. XVIII of 1848 is in the native Language, and that by a Circular issued from this Office on the 18th. June 1849 the General Collectors were required to endorse in English the particulars of payments made by them upon such Certificates, a requisition with which some of the Collectors have partially complied, the endorsements simply representing when and by whom the Certificates were granted, the value of the Stamps duty on which the plaint was filed, and amount paid on the Certificate.

These

Fort St. George 23d October 1851

These again are accompanied by a separate Memorandums shewing whether the suit was dismissed before or after the completion of the pleadings, and some of the Collectors have added the date of the dismissal of the suit, but in all the most essential part of the endorsements has been omitted Viz:- the Circumstances under which the suit was dismissed by which endorsement only this Department is enabled to judge whether the Certificate was granted within the meaning of the Act as propounded by the Court of Sudder Udalut in their Circular order No. 117 dated 30th July 1850 published in the Official Gazette of the 25th October 1850 Page 982-

4 Having already represented in my previous Communication that the endorsements of the Collectors have in many instances been found incorrect on examination, and having also in the present Communication shewn such endorsements to be defective it will be obvious to the Board that the services of a Translator are indispensable

Fort St. George 23d October 1851.

indispensable, more especially as it would obviate the delay that must necessarily be occasioned by returning the Vouchers either for correction or for omissions being supplied, and thus expedite their Audit and the Recovery of over-payments- It must however be observed that under any Circumstance it will be necessary to have a Translator on the Establishment in order to ensure a more efficient Control and Check over the disbursements made under the Certificates, the English endorsements on which must be carefully looked into to ascertain whether they correctly correspond with those in the Vernacular languages- this duty can only be performed by a Translator who should have the sole charge and responsibility of looking to the correctness of the endorsements-
