Bo No 2905
From the Agent to the Governor Vizagapatam

Submits his opinion as to the expediency of a legislative Enactment prohibiting inoculation

Sir,

In accordance with the instructions contained in Extract from the Proceedings of the Board of Revenue under date the 12th June last, No 479, I have the honor to submit my opinion on the proposition for a legislative enactment prohibiting inoculation in India made by a Committee appointed by the Deputy Governor of Bengal to enquire by what means the extension of Small Pox could be prevented or rendered less destructive.

In this District it has

2

been customary for Oorigya inoculators from the Ganjam District to pay periodical visits this is invariably during the dry season and more particularly during the hotter months at which time small Pox seems to break out naturally or at all events to spread more extensively

During

Fort St. George 1st. December 1851

During the rains and colder months the inhabitants are little apprehensive of the spread of Small Pox. and seem then regardless of precaution against its ravages, being heedless in the agricultural tracts unwilling during the rains to do any thing which might keep them from the labors of the field.

3 Until of late the Oorriya Inoculators received no check by being personally discountenanced and their practice in many places was little interfered with by the presence of Vaccinators, indeed in consequence of portions of the District being subject to fever and considered otherwise unhealthy the range within which Vaccinators were formerly employed was rather limited, but a new arrangement has been made and it is hoped that by a more extended distribution of their labors a more satisfactory result may be obtained.

4. The enquiries which I have made in every division clearly establish the fact that in this District there exists

Fort St. George 1st. December 1851

religious prejudice against vaccination, though long habit and ignorance of the value of the substitute will make the inhabitants especially in the more distant villages incline to the practice of inoculation which is looked on by many as of greater efficacy as a safe guard for the future than vaccination. Even if a prohibatory law were enacted, I have little doubt that inoculation would still be secretly practiced in many localities the prejudice in its favor being fostered by interested individuals. So much of the District being under Jemindary management would make it difficult to stop the practice of inoculation generally unless the Jemindars could be induced to take an active interest in the matter this I shall endeavour to get them to do in the course of a tour of visits which I shall make to them in a few weeks hence.

In this District whatever

5 effect a legislative enactment prohibiting inoculation would have would be only nominal, though for a time it

15733 Fort St George 1st December 1851

would not in some hanger be effectual there however to which Canoes frantically allude are tracks within which it is considered feasible that the Police should interfere as little as possible conveniently with the general peace of the District.

Proceedings thereon—

12-13

In para 3 of the foregoing letter, the Collector recommends the remission of an irrecoverable arrears of Rupees 1366-8-10 charged in the Summa-bundy in Fusly 1259 under the head of Vysak Bunjer. Of this amount, the sum of Rupees 59-1-2 is entered as attain-taining to the Talook of Anantapoor, but on reference to the Summabundy State-ment No. 5 of Fusly 1259, it is observed that the sum charged against this said Talook is only Rupees 15-5-. The discre-pancy should be explained.—

Para 19.

2 Referring to the Sub Collectors Summabundy Report of Fusly 1259 it is observed that in his five Talooks, Rupees 22346 were brought to account in the Summabundy of that year for Vysack Bunjer, of which the amount of land actually sown after the Summa-bundy was Rupees 17562 and out of the remainder Rupees 4784 a sum of Rupees 4128 was realized from individuals who left their lands waste without sufficient cause. The residue

Therefore

Therefore, should only be Rupees 656- But from the Statement now sub-mitted, it is observed that Rupees 713-5- is outstanding in the Sub division. This discrepancy also requires explanation.—

From the Coll. of Chingleput.

Re portion Petition No. 99 of 1850 from Veera-sawmy and Inha-bitants of Chingle-put accusing certain Government Servants of enjoying the produce of 2½ Cawnies of Maun--ram land alluded to in the Petition.

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George.

Sir,

Para 1.— With reference to the Endorsement of Government dated 20th June 1850 on the accompanying Petition No. 919 of 1850 referred to this Office by the Board of Revenue in their order dated 4th July 1850 from Veerasawmy representing that he is an Inhabitant of Chingleput, and accusing certain Government Servants of enjoying the produce of 2½ Cawnies of Maunam land alluded to in the Petition, I have the honor to state that an investigation having

having been held on the subject matter of the said Petition it appeared that the Petitioner could not be traced as residents at Chinglepute bearing the name as subscribed to the Petition in question having denied all knowledge of its contents and of its authorship.—

2. In the Register of Enams however prepared in this Office in 1810, 2 Cawnies of Summed Enam Nunjah land situated in the Village of Nuttum in the Chinglepute, and one Cawny situated in that of Olavoor in the Mane-mungalum Talooke appear to have been originally granted by the late Nabob Sadatoolla Khan to one Narsima Charry and the lands in question are therein entered as in the enjoyment of Banee Kistnama Charry, his Grandson in the male line, but the Purwanah being stated to have been lost during one of the late Invasions, there is no means of ascertaining the purpose for which it was granted. These lands are also entered in the Pymash Accounts as being Summed Enam, and in the name of Narasima Charry

Charry. From the investigation held before the Tahsildar of the Conjeveram Talook, it appears that the said Kistnama Charry, the Grandson of the original Grantee, had a son named Anunta Charry, who died about 15 years ago, seven years antecedent to the demise of his father the said Kistnama Charry, and that the wife of the latter died before her Husband. Anunta Charry's Widow Narasummah succeeded on the demise of her Father-in-law to the Manium land in question situated at Olavoor, and has since been in the enjoyment of the same, the Enam lands at Nuttum having been Mortgaged on the 2d February 1824 for Rupees 87½ as would appear from a document said to have been executed by Kistnama Charry in favor of one Iyasawmy Moodely. The land was accordingly in the enjoyment of the Mortgagee up to the period of his demise which occurred about 2 years ago, and his son Balasoobaroya Moodely then succeeded thereto, and is the present Incumbent

Incumbent. The widow Nurrasimmah was recently directed to redeem the Maniem land at Nattum forthwith, and it has accordingly been registered on the 27th September 1851 in her name. On her demise the maniem will revert to Government.-

3. Under the above circumstances the Board will perceive that the statements advanced by the Petitioner are altogether unworthy of credit.-

* No. 102 of 1850

Adverting to the Correspondence marginally noted I have the honor to transmit for your Board's information a copy of an Extract from the Proceedings of the Sudr. Adalut, dated the 24th March last, recording the grounds on which they have resolved to admit a special appeal against the decision in favor of the Government and others, which was passed by the Civil Court at Salem in the Appeal Suit No. 4 of 1849 Confirming the Judgment to a similar effect previously given by the Subordinate Judge of the Zillah. —

2. Together with this transcript I beg also to forward a Copy of the Special Appellants' Petition* and the Draft of an answer thereto which I propose to submit to the Sudr Adalut, the

the time, allowed for my so doing being limited to the 18th. proximo.

3. The two grounds, on which the Sudr Adalut have admitted the Special appeal, would, I submit, be difficult of refutation, and in the event of the record of the Suit not being calculated to support the averment, which however much it may be out of place, I have made in the Draft answer now forwarded, I should have felt it to be my duty to solicit authority for proposing a compromise by paying to Special Appellant the Specific amount of damages sought to be recovered and the Costs of action, provided he would withdraw his claim to the sole use of the Anicut.—

4. The case, however, is as I have now put it in the Special appeal answer which I transmit for approval and it occurs to me that the present embarrassment might perhaps have been avoided if para 4 of the original answer had clearly shown the circumstances

under which Mr. Gleig in 1845 went counter to the permission alleged to have been given to the Special Appeal - lant by Mr. Lockhart in the previous year.—

Plaintiff not satisfied with the annexed

annexed decision of the Subordinate Judge, appeals, and after declaring that his documents Nos. 4 and 10 and the witnesses examined on his behalf prove that he had exclusive right to the water of the Dam, and that he had sustained loss in consequence of the Defendants having irrigated their lands from the water in dispute; states, that the 1st. Defendant had failed to prove that Chinnarasagarriah was authorized to sign the 1st. Defendants 4th. document; and that Plaintiff was merely entitled to a 3 3/16th. share of the water - and no more; that the 1st. Defendants witnesses have given contradictory evidence; that the 1st. Defendants documents and his witnesses will not refute Plaintiffs right to the water; that the 1st. Defendants witnesses, and documents 4. & 12 do not as is asserted in the Decree prove that Plaintiff had on certain occasions admitted the right of the Government Ryots to take the

water, that when the 1st. Defendants 12th. document was passed, the Mootah of Tandavelly had not been registered in Plaintiffs name; that matters mentioned by Plaintiffs Grand father who had required the Government to rebuild the Dam with stones as usual, are specified in 1st. Defendants document No. 12; but, no allusion is therein made about Plaintiff; that the 1st. Defendants 4th. document was not executed by Plaintiff or passed with his consent and the 1st. Defendants 5th. document does not relate to the Dam which Plaintiff is building with earth but refers to the Dam which Government is erecting with stones; that Plaintiffs 1st. document and the 1st. Defendants 5th. Voucher show that he Plaintiff would not permit the Government Ryots to irrigate their lands from the water of the disputed Dam and the circumstances mentioned in the latter are inapplicable to the question at issue, that the Sirkar had conferred on

on Plaintiffs Graid Father and himself the sole right to the Dam, that Plaintiff had not authorized Chendrasagarian to sign the 1st Defendants 4th Document, and if he had Plaintiff would not have given a deposition before the Tahsildar previous to the said document having been passed, representing that the Government Ryots should not water their lands from the disputed Dam; that if the exclusive right to the Dam in question had not been conferred upon Plaintiff, it was useless for the 1st Defendant to give him the Endorsement No. 3 authorizing him to carry water from the Dam after improving it, and the said Endorsement, which was given regarding building the Dam with stone should not be made use of with respect to the channel since the said Endorsement does not allude thereto, that if the Court will peruse the special Appeal Decree marked No. 4 it will

manifest that Plaintiffs Grandfather had enjoyed the disputed Dam for a considerable time after getting complaints raised by others regarding right thereto settled through Government, that the documents 6 and 7 which the 1st Defendant has produced, show that Plaintiff enjoys the water of the Dam; that the Provincial Court had declared in the document No. 4 that the 5th Defendant had no right to carry water to his Villages from the Dam in question; that the Subordinate Judge has stated in the Decree that the 5th Defendant is not bound

bound to Conform to the terms of an agreement executed by his 5th Defendants, Grandfather, for Plaintiff had not produced it in the suit pending before the Provincial Court on the present one, but this is opposed to the aforesaid observations, that although the 5th Defendant was not included as a party in the Suit before the Provincial

Provincial Court, yet as he has admitted the said agreement in the present action Plaintiff had not filed it, but he is prepared to produce it from the Collectors Office if required to do so, that Plaintiff had requested the 1st. Defendant to cause the disputed Dam to be built with Stones and to get another dam belonging to Chaloovien, which had proved detrimental to the one in question removed, but the 1st. Defendant instead of so doing, had allowed the disputed Dam to remain in the state in which it now is, and in Consequence of this the water has diminished, and the 1st. Defendant, had moreover permitted the 2d. Defendant and others to Convey water therefrom and by this Plaintiff had sustained loss of produce. In Conclusion Plaintiff begs that a decision may be given in his favor.—

The 1st. Respondent, the Collector, in reply to the Appellants assertion in the Appeal that the evidence of the witnesses on the part of the 1st. Defendant in the original Suit does not Correspond with

with each other, submits, that the Court on examining the proceedings will find that they have fully shown the extent of Plaintiff's right to the water in dispute, and that there is nothing on the records to invalidate the correctness of their evidence; that Appellant has stated he does not recognise the Voucher granted by his Grand father on the subject of the annicut in dispute, that at the period in which the Voucher was granted the estate was not registered in his name, but Plaintiff is the successor of the party who executed the document and whose Estate descended to him, but he does not wish to admit the document executed by the Original Proprietor; this itself Respondent trusts will show to the Court the real Character of the Appellant.—

With reference to Appellant's argument that the whole right of the Circar to the water of the annicut was resigned to him, Respondent observes, that he does not conceive on what voucher he rests his claim, but on examining the original proceedings of the case, the Decree of the Subordinate Court and the 8th para: of the original

answer

answer, the Court will find the right to the whole quantity of water in the Annicut was not Conferred on Appellant; that Appellant's assertion that he never authorized Chendrasagarriah to sign the document, shown in the proceedings, for him, cannot be admitted, for if he had not been permitted to sign the Voucher for him, he would not have done so: that the said individual had not only signed the paper in question for Appellant, but he had likewise joined the whole of the parties Concerned in excavating the Channel and Carried on the work, and had Appellant been dissatisfied with his Conduct he would there and then have objected to it.—

In explanation of Appellant's assertion that the subject of the Channel is not mentioned either in the Endorsement granted to him or in the Petition on which it was given, Respondent represents, that the annicut and the Channel which, conveys the water from it are one and the same thing, but the main object is the annicut,

and

and any thing mentioned regarding it, embraces the Channel also, for it is a portion of the said work, although Appellant for his own advantage has described the annicut and the Channel as two different objects.-

Respondent after declaring that the Decree of the Provincial Court which Appellant has referred to, in no way applies to the present action and referring the Court to the original answer as regards the asserted loss of Crops, states that Appellant had been subjected to no loss but had occasioned some to Government and concludes by begging that the Decree of the Subordinate Judge may be confirmed after due Consideration of the record.-

The 2d. 3d. 4th. and 5th. Respondents were declared exparate.-

Judgment.-

The Appellants' document No. 4 Viz. the decision of the late Provincial Court in Special Appeal Suit No. 6 of 1836, does not, as asserted by him, show his exclusive right to the water in question to the

DG.

prejudice of the present Defendants who were not parties to the action but merely declares, that one Ummia, gounden, who Plaintiff had therein alone sued for loss of produce, sustained by his having in Company with others broken a dam in the River now also referred to, had no right so to do; nor does Appellants' document No. 10 the endorsement made on the Complaint preferred by him to the Collector, prove such title; but on the Contrary it particularly specifies, that Plaintiff was to carry the water to his Village as he had hitherto done, which from numerous documents and witnesses it has been proved he had been in the habit of taking in Common with others: It has been moreover proved by witnesses examined on the

the 1st Defendants behalf, that Plaintiff as examined in the Collectors answer, is only entitled to 1/2 of the eight shares of the water, and that Chundrasagariah, near relative of Plaintiff and the party who transacted his affairs signed the Moochelkah, Vizt. the 1st Defendants document No. 4 whereby it is agreed that the water was to be Conveyed as usual. Consequently and as this Moochelkah shows that the said individual had signed it with Plaintiffs Consent, the Court for these reasons and those fully recorded by the Subordinate Judge, finds no grounds for disturbing the Decree appealed from and dismisses Appellants with Costs.—

Extract from the Proceedings of the Court of Sudr Udalut under date the 24th March 1851.

Present:-

E. P. Thompson Esqre.
W. Morehead Esqre.

Read Special appeal Petition presented on the 1st July 1850 by A. M. Ritchie Esqre. Vakeel on behalf of Vencatarammiah Zillah Salem

(Here enter S.A.P. No. 103 of 1850.)

1. This is an application for the admission of a Special appeal from the Decree of the Civil Judge of Salem in appeal Suit No. 4 of 1849.-

2. The Original Suit No. 49 of 1845 was instituted by the Special appellant against 5 Defendants for the recovery of Rupees 147-12-0 being alleged value of certain Crops damaged and destroyed in consequence of the interference by the 2d. and following Defendants with Plaintiffs right of irrigation from a channel leading from the Paumbaur River, which interference was exercised pursuant to an order issued by the 1st. Defendant as Collector of the District - It was further sought to obtain the Cancellation of that Order.-

The

Fort St.e George 1.st December 1851.

3 The Plaint set forth that a Dam on the above River was Constructed by Colonel Reid, by means of which the Lands of Plaintiffs Estate are watered, that the said dam having in the year Vigodamiah 1818 become broken, Plaintiffs Grand father named Shashiru, requested that it might be repaired, that on the different parties entitled to the water being questioned whether they would agree to defray their shares of the expense of repairing the dam, the 5.th Defendants Grand Father, Amy Chetty executed a document on Stamp paper as Mottadar of Salendumpully, declining to bear any part of the expense, and relinquishing his right to a share in the water, that the said Shashiru agreed to defray his portion of the expense, but that in consequence of the work not being Considered profitable to Govern.ment and to the Amany Villages of the 2.d and other Defendants it was not executed, that Subsequently, Plaintiff with the permission of the Collector, repaired the dam annually at his own expense, and became consequently, entitled to the exclusive right of the water.—

The

Fort St.e George 1.er December 1851.

4. The first defendant in his answer stated that the water from the dam in question was divided by Colonel Reid into 8 shares, of which Plaintiff is only entitled to one and a half— One to the estate of the Mottadar of Salendumpully 5.th Defendant / and the remaining five and an half shares to the Villages of the 2.d and other Defendants; that the annicut is the property of Government, but it has not been repaired in Consequence of the different parties interested therein not agreeing to defray their respective shares of the expense.—

5. The Subordinate Judge decreed in favor of the Defendants, being of opinion that it was clearly proved by the evidence especially by the 4.th — 5.th and 12.th Documents of first Defendant, the former of which was a Moochilka alleged to have been executed by one Chendrasagaria on behalf, and with the Consent of Plaintiff, that it has been at all times customary for the ryots of the Government Villages to take a share in the water from the Dam in question, and that the Plaintiff has

on

Fort St. George 1st. December 1851.

on former occasions admitted this right which does not appear at any time to have been formally relinquished by the Government to ryots and that even if they had done so, their resignation would have been invalid as regards the rights of their Villages without the sanction of Government.-

6. And in respect to the case between the Plaintiff and the 5th Defendant the Subordinate Judge observed that although the Judges of the late Provincial Court in their Decree in Special Appeal Suit No. 6 of 1836, appear to have acknowledged it to be proved on the part of the Plaintiff that 5th Defendants Grandfather, the then Mootadar of Salendumpully, executed an agreement resigning all right to water from the Dam in question, yet as that agreement had not been filed either in that suit or in the present record, he the Subordinate Judge could in no way pronounce the Condition thereof to be binding against the successors of the party by whom it was executed.-

The

Fort St. George 1st. December 1851.

The Civil Judge, who heard the Cause in appeal, likewise, considered Plaintiff to have failed in his endeavour to prove an exclusive right to the water from the Dam in question, and on nearly the same grounds as those recorded by the Subordinate Judge, he confirmed that Officer's decision.-

8. The Petitioner dissatisfied with the Judgment of the Lower Courts urges the following grounds in support of his application for the admission of a Special Appeal.-

Firstly. that the Defendants claim to the water in dispute is barred by the Statute of Limitations, he the Special Appellant and his ancestors having been in undisputed possession, of the Dam, and exercising exclusive Control over the water for a period of 20 years without molestation on the part of the Defendants.-

Secondly.- that the 1st Defendant has failed to prove one of the points recorded for him to prove in the original suit namely that Chruthasa Carayen had obtained authority from the Plaintiff in due form to Conduct any

any Proceedings on his behalf during the investigation of his affair," although both the Lower Courts have assumed that point to be proved, their Decrees in fact, mainly resting upon it.

Thirdly. That the Special Appellant having with Collector's Consent and at his own expense erected a new dam or repaired the old one, the other parties interested having refused to assist and thus abandoned their claim, he the Special Appellant is equitably and legally entitled exclusively to the water so raised by his individual industry and personal expense.

Fourthly. That 5th Defendant's claim, if not barred on the above grounds, is clearly so by the Provincial Courts Decree, by which it is declared to be proved that he executed

executed a deed resigning all right to the water.-

Fifthly That it has been proved and is admitted in the Subordinate Judge's Decree that he the Special Appellant incurred damages from deficiency of water, if therefore, it should be held that he has the Exclusive right to the water his right to recover such damages is, he Contends too clear for argument, the first Defendant being held responsible for the same.-

The Court of Sudr Udalut resolve to admit a Special Appeal in this Case.

1st To determine whether or not admitting that the annicany Villagers and other Defendants had a right in Common to the water raised by the Dam built by Colonel Reid, and which was destroyed, they had any right to the water raised by the mud Dam erected yearly

15776 Fort St. George 1st December 1851.

yearly by Plaintiffs Father, and the Plaintiff at their own personal expense, and with the sanction of the Collector.-

2nd To determine whether, or not the Collector had any right to issue the order of the 11th January 1845, in consequence of which the damages sought to be recovered in this action were occasioned.-

March 4th 1851.

Ordered that the Petitioner do, on or before the 5th May next produce competent security.-

Ordered also that Extract from these Proceedings be forwarded to the Civil Judge of Salem by precept Commanding him to call upon the Petitioner for the security and deposit above mentioned.

Precept returnable on or before the 12th May next.-

No 3

To The Judges of the Court of Sudr Adalut at Madras.-

The humble Special Appeal Petition of Vencataramien, Appellant in A.S. No 4 of 1849 on the file of the Civil Court of Salem, by his duly Constituted Pleader A.M. Ritchie Esqre

Sheweth- That the Petitioner (the original Plaintiff) states that there was a Dam in Paumbaur River in Tripatoor Talook which was constructed by Colonel Reid, from which the lands situated in the three Villages attached to the Petitioner's Melak, as well as those attached to the 4 Amany Villages belonging to the 1st Defendant, and also to the 2 Villages of the 3rd Defendant were irrigated according to the shares allotted by that officer, that the said Dam was broken in the year Bahoodaneg 1818 when the Petitioners Grand Father Sashier presented a petition to then Collector praying that the same might be repaired, as he had no other means of irrigation, that upon this representation an estimate was framed for its construction at Rs 3901, which money was remitted to the Tahsildars Cutcherry for that purpose, that during this interval the

the Grand Father of the 3d. Defendant executed a Kararnamah on Stamp paper, refusing to Contribute his quota towards the repair of the said Dam and relinquishing his right to the Water by which he used to irrigate the lands of his Melah, that the Tahsildar having submitted a report to the Collector, founded on the Mahazurnamah given by the ryots of the Amany Villages stating that they were not in need of any water from the disputed dam, in as much as they had another supply to their River from other sources, that officer sent a Takeed to the Tahsildar directing him to refund the said Sum of Rs. 390 on the ground that the construction of the dam did not appear to be profitable to Government, that after the money was returned, the Petitioner's Grand Father (the said Sashier) again made a representation to the Collector on the Subject, who told him to repair it if he chose, as the Circar would not undertake the same for the above reason; that in accordance with this order the petitioner's Grand Father cleared the Channel of the dam which was blocked up for 5 years, from the time of the destruction of the dam up to the issue of the said order, at an expense of 400 Rupees, and Constructed a dam with earth being unable to erect it with stone from which he continued to irrigate his Land by repairing it annually, and that after the registry of the Mettah in the Petitioners

Petitioners name he repaired it in like manner and watered his Lands—

That the Petitioner having sustained a loss by the interference of one Ammyappa Gounden, who sub rented from Aury Chetty the Grand Father of the 3d. Defendant, certain Villages attached to his Melah with the dam in question contrary to the express Conditions of the Kararnamah executed by the said Aury Chetty, the Petitioner instituted a Suit against him in the Moosty Sudr Ameen's Court in the year 1834 for the recovery of the loss Complained of who being satisfied of the Petitioner's exclusive right to the disputed Dam passed a Decree in his favor.— From this decision, the said Ammyappa Gounden preferred an appeal to the Zillah Judge, who reversed the Sudr Ameens Decree, and gave judgment in favor of the Defendants.— That dissatisfied with such Decree, the Petitioner presented a Special Appeal Petition to the late Provincial Court of the Southern Division, which was admitted and a final Decree passed on the 27th. September 1837 in No. 6 of 1836 in favor of the Petitioner. That in accordance with this Decree the Petitioner continued to enjoy the Water by repairing the Dam annually with mud up to the year Vekoundy 1839 without any interruption whatever, when the 2d. Defendant of the Amany Villages and his ryots forcibly carried away Water to their Lands from the said dam, in Consequence of which the Petitioner preferred a Complaint before the Collector, who took no notice of it, that the 3d. Defendant having like wise carried away water to his Lands in the year Sarvary 1842 the Petitioner presented.

15780 Fort St. George 1st December 1851.

presented a Petition to the Board of Revenue who referred him to the Collector for enquiry and disposal; that the Collector thereupon made an investigation in the Case and passed an order stating that no water was required for the Lands of the Amany Villages though the Lands yielding an annual produce of 200. Rupees should be irrigated from the dam, for which the Circar would pay a proportionate expense for its repair, and that Moochaleka should be taken from the Petitioner and the Father of the 5th Defendant for the payment of the remainning expense, when the Petitioner objected to the Moochaleka being taken from the latter on the score that he had forfeited his right to irrigate his Lands in accordance with the Kararnamah executed by him to the Circar in 1824 and the Decree of the Provincial Court aforesaid, that whereupon the Collector furnished the Petitioner with an endorsement, intimating that the dam would be Constructed and the arrangement made by Colonel Reid carried out that aggrieved at this order the Petitioner presented a Petition to the Collector objecting to the above measure, on the ground that he had an exclusive right to the dam as Established not only by the decree of the Provincial Court but by his exclusive enjoyment and possession of it for 20 years that the Collector thereupon furnished him with an Endorsement

on

15781 Fort St. George 1st December 1851.

on the 4th May 1844, authorizing him to irrigate his Lands as usual. That notwithstanding this order, the Collector at the request of the 2d 3d Defendants issued orders allowing them to irrigate the Amany Lands, and encouraged by this order the 4th 5th Defendants likewise did the same. That the Petitioner having sustained great loss in consequence of the Crops which were Cultivated in that year having been damaged and destroyed instituted a suit in the Subordinate Court against the Defendants for the recovery of such damages and to restrain Defendants from again interfering with the disputed dam. The Sub Judge who heard the case passed a decision against the Petitioner from which he appealed to the Civil Judge who simply confirmed it. That aggrieved thereat the Petitioner submits this his special Appeal Petition on the following grounds.

1st It is submitted that the Defendants claim to the water in dispute in this case is clearly barred by the Regulation of limitations, Section 18, Regulation 2, of 1802.

It is admitted on all sides that the dam originally

originally constructed by Colonel Reid was destroyed in 1817 or 1818, upon which occasion both the Collector on behalf of the Government Villages and the 5th Defendant for himself declined to pay their quota towards the repair of the dam, which it would appear remained unrepaired until 1824, when the Petitioner's Grand Father, at his own expense and with the Collector's permission rebuilt the dam which had been originally built by Colonel Reid, and he and the Original Plaintiff up to 1845, at their own expense and without interruption kept the same in repair, and during the whole of that time enjoyed the exclusive right to the water bowed up by the said dam, thus it is clear that this Appellant and his ancestors have been in undisputed possession of the dam, exercising exclusive control over the water for a period of 20 years before the carrying off the water by the 2d and 5th Defendants as complained of in their suit on the date of the Collector's order of the 5th June 1845, which possession and enjoyment is it is submitted, a bar to any right

or privileges they may have had or enjoyed prior to the commencement of such possession, and therefore the defence set up of a common right to the water upwards of 20 years ago should have been rejected and Petitioner's exclusive right admitted.

2dly The 1st Defendant has failed to prove the points recorded for him to prove in the original Suit, and the lower Courts have assumed a point (one on which both Decrees mainly rest) to be proved, when it does not appear that any evidence whatever was adduced in support of it. Therefore it is submitted that the Proceedings in this case are irregular and contrary to the practice of the Court. The point above referred to is in these words: the 1st Defendant is to prove that Ramasawmy Mooyen had obtained authority from the Plaintiff in due form to "conduct any Proceedings" on his behalf during the investigation of this affair, and all that is to be found in support of this point on the face of these proceedings is the following argument in the 1st Defendant's answer in the Civil Court "if he had not been permitted

... to

to sign the Voucher for him, he would not have done it" the fact of his joining the others in excavating the channel and carrying away the mud can have nothing whatever to do with the authority to execute the deed, which was the point to be proved, and evidence in support of any other point ought to have been rejected under clause 4, Section X, Regulation XV of 1816 - This it appears that this "point" which is assumed to be proved by both the Lower Courts, has not been proved at all, and that no evidence has been adduced in support of it, it is humbly submitted that this Court will declare it not proved, for if "points" are to be declared proved without evidence, no evidence will be required at all, and as this is a point on which the whole case rests the clearest possible proof should be required -

3rdly It is submitted that the Appellant having with the Collector's consent and at his own expense erected a new dam, or repaired the old one, the other parties interested having refused to assist and thus abandoned their claim, the Appellant is equitably and legally entitled exclusively to the waters so raised by his individual

individual industry and personal expence, and that on this ground a Special Appeal should be admitted, the Decrees appealed against being clearly contrary to law. Admitting that the Channel and annicut and the dam erected by Colonel Reid and the water raised thereby were common property it is submitted that, when that dam was destroyed and the water raised thereby gone the common interest in that dam and that water ceased, for it was a common interest in nothing but the right to repair that dam or erect a new one continued, and in as much as it was a common interest the whole, or none or one of the parties interested might exercise that right, and those parties refusing after notice must be taken to have abandoned their claim more particularly when it is clear that those parties have allowed their claim, if they had one, to rest for so long a period as 20 years.

4thly The Defendants' claim, if not barred on the above grounds, is clearly so from the Provincial Court's decree by which it is declared to be proved that he executed a deed resigning all rights to

to

Fort St. George 1st December 1851.

to the water, and the holding of the Lower Courts is clearly erroneous, declaring such deed and decree not binding on his heirs, for on the same principle no act of any ancestor would be binding on his heirs. Therefore it is submitted that so much of the decree as has reference to the 5th Defendant's claim is erroneous and should be reversed.

5th 5. It has been proved and is admitted in the Sub: Judge's decree that Appellant incurred damages from deficiency of water, if therefore on the foregoing grounds it should be held that the exclusive right to the water is vested in this Appellant, his right to recover such damages is, it is submitted, too clear for argument, and the Sub: Judge's remark that others suffered in the same way can have no bearing on the case, for those parties bore none of the expense of repairing the dam and thereby raising the water. And the 1st Defendant having by his order sanctioned such proceedings must it is submitted be held responsible.

No. 4.

Draft of Answer proposed to be filed by H. D. Phillips Esqre Collector of Salem, 1st Respondent in Special Appeal Suit No. 102 of 1850 instituted by Venkataramaniem in the Court of Sudr Udalut.

Sec V. VIII Act III of 1843.

1. Adverting to the provisions of the law by which the admission and determination of Special Appeals are now regulated, the 1st Special Respondent believes it necessary to submit an answer only in respect of the two specific grounds on which the Court of Sudr Udalut have admitted a Special Appeal against the decision of the Salem Civil Court in A. S. No. 4 of 1849 on its file.

Pro 8th March 25th 51.

2. The ground first recorded by the Sudr Udalut is "to determine whether, or not, admitting that the Aumany Villagers and other Defendants had a right in common to the water raised by the Dam built by Colonel Reid, and which was destroyed, they had any right to the water raised by the mud dam erected yearly by Plaintiffs Father, and the Plaintiff, at their own personal expense and with the sanction of the Collector."

3. The 1st Special Respondent avers that the facts of the case, as they will appear on a consideration of the entire record, do not, whatever may appear to the contrary in the Decrees of the two lower Courts or the Special Appeal Petition, admit of the above point being laid down; the consequence -

Fort St. George 1st December 183-

consequence being that it's determination, as a point of Special Appeal, is neither called for nor legally practicable.

4- The main point of the litigation is simple and is mainly apparent from a reference to the documents Nos. VII VIII and IX filed by the 1st Special Respondent in the Original Suit.-

5- It is seen by those documents, that at the close of 1814, the Local Collector, on the requisition of the Ryots of certain Government Villages, took measures to furnish their tanks with a supply of water rendered necessary by the partial failure of the usual rains, and that to this end, the Local Tasildar was instructed to cause the Ryots of the Villages concerned, temporarily to render efficient a Dam in the Paumbar River, the effect of which temporary repairs would be to divert the river water into certain reservoirs, including the tanks of the Ryots in question, the said diversion of river water by the aid of the said dam, being an undoubted, and prescriptive privilege of many years standing and one which belonged as well to those Ryots, as to the Special Appellant. It is this dam- which for some years previously the Special Appellant had at his own cost and for

Fort St. George 1st December 1831.

his own private advantage periodically repaired in a temporary manner with earth and mud-

Nos. VIII VIII & IX.

6- It is also seen by those documents that the said dam had at the time of the issue of the Collector's orders been washed away- When therefore the Ryots interested in the repair of the dam and purposing an undoubted right in it were required by the local authorities thus to undertake it's repairs, and it was officially intimated to the Special Appellant through the Tasildar, that for that year [1814/15], they would be so undertaken, it obviously became unnecessary for him Special Appellant of his own accord, again to add any thing whatever in the matter of temporary repairs, or if he did it is equally obvious that the consequences, if injurious to him, would be on his own head-

Exhibit Nos. II filed by 1st Special Respondent in Original Suit.

7- It should be borne in mind that the said dam had not been wholly ineffective during the period that Special Appellant had periodically repaired it for his own advantage, and, as is the case with the almost all injured anacuts, that a certain extent of cultivation could always be secured under it- It is also to be remembered that when in 1839 a necessity arose for raising the dam in question at a time when the repairs made to its ancient breach by Special Appellant had been washed away, the

15790- Fort St. George 1st December 1851.

the 1st Special Respondent caused it to be repaired and therefrom supplied a source of irrigation to the Amany Villages under his charge - This circumstance is apparent from exhibit No. VI filed by 1st Special Respondent in the Original Suit and is also distinctly set forth in para 5 of his original answer -

8- The 2nd point recorded for determination is "whether or not the Collector had any right to issue the order of the 11th January 1845, in consequence of which the damages sought to be recovered in this action were occasioned".

Sec. II Regn V of 1822 - Regn XII of 1816.

9- It is submitted that the Collector is empowered and required to enquire into and decide on disputes regarding water which may be brought forward before him, and that it is a duty inherent in his Office to superintend the established reservoirs of the Amany Villages, to construct new and repair old ones, and to see that the lands under them are irrigated - It is also submitted that under the circumstances shewn, the order of the Collector was most completely justifiable -

Proceedings thereon - Submitting a letter from the Collector of Salem reporting the institution of a special appeal suit by Venkataramien against the Decree of the Civil Court and forwarding the Draft of an answer proposed to be filed with Copies of other papers.

Pro. to Dr.	4th Jany 1849

From Dr.	24th April
Jn Cons	3rd May 1849

1- The Original Suit was instituted in the Sub Court by Venkataramien, for the recovery of the value of crops damaged and destroyed, in consequence of certain parties having been allowed, by the former Principal Collector, to take water from a mud Anicut, to which he alleged he was alone entitled, and for the purpose of establishing his right to the exclusive use of the said Anicut -

2- The Suit was decided by the Sub Court in favor of Government but Plaintiff appealed against the decision in a Suit No. 4 of 1849 -

3- The Collector now submits Copies of the Civil Court's Decree confirming the decision of the Sub Court of a special appeal made by Venkataramien to the Sudr.

Sudr Court on 5 separate pleas and of Proceedings of that Court admitting the Special Appeal on the following points, 1st To determine whether or not there was a common right to the water raised by the Mud Anicut, erected yearly by Special Appellant & father and himself at their own personal expence, and with the sanction of the Collector- 2d To determine whether or not the Collector had any right to issue the order of 11th January 1845, in consequence of which the damages, sought to be recovered in this action, were occasioned -

5- In responding to the Special Appeal the Collector in the Draft Answer which he submits confines his defence to the Two specific points on which the Sudr Court admit the Special Appeal. He states that a consideration of the entire record will show that the determination of the 1st of these points, as one of Special Appeal, is neither called for nor legally practicable- the main point being chiefly apparent from a reference to Exhibits VII, VIII and IX filed by him in the Original Suit

6- From these it is urged that at the close of 1844, on the requisition of

the ryots of certain Government Villages to furnish their Tanks with a supply of Water, rendered necessary by partial failure of rain, the Tahsildar was instructed to cause the ryots temporarily to render the dam efficient, by which the water was diverted into certain reservoirs, including the Tanks of the ryots, the supply by the aid of the dam being a previlege of long standing and belonging, as well to the ryots, as to Special Appellant who, for some years previous periodically repaired the dam with Earth and mud for his own private advantage, but which repairs had been washed away at the time of the Collector's order- It is also urged that Special Appellant had official intimation that for the year 1844/45 the repairs of the dam would be completed by the ryots, and that it obviously became unnecessary for him individually to undertake the repairs, moreover that Exhibit VI filed by Special Respondent in Original Suit 49 of 1845, shows that though Special Appellant periodically repaired the dam, yet that without this, a certain extent

-estent of cultivation could always be secured under it-

7- In reference to the 2d point on which the Special appeal is admitted, the Special Respondent quotes Section II Regulation V of 1822. and Regulation XII of 1816, as empowering Collectors to enquire into and decide disputes regarding Waters, which may be brought before him, and urges that it his duty to superintend established reservoirs of Amany Villages, and to construct new, and repairs old ones also to see that the lands are irrigated under them-

8- The Board consider that the Draft Answer constitutes a good and sufficient Defence and they recommend that the Collector may be authorized to dispute it, and to conduct the Defence at the public cost. The time allowed for doing so expiring on the 18th December 1851-

Bd. No. 2890.

From the Collector of Salem, 1.

Transmitting a Statement and an advertisement for the sale of lands belonging to certain revenue defaulters and requesting timely sanction for the publication of the advertisement in the Talook-

Sir,

I have the honor to forward for publication in your Board's Office an Advertisement regarding the proposed sale for arrears of Revenue of certain lands situated in the Shrotriem Village of Jagatabe, Talook Kistnagherry.

2- This Village has hitherto been held under a single Puttah on the same tenure as the Amany lands of the District, one fifth of its annual revenue being payable as an hereditary grant, termed Punchama Hissa allowance, to its Proprietors, who at the present time are two cousins Coopia Punditer and Kistna Punditer. These individuals enter into annual engagements for the extent of land they undertake to cultivate, and generally let them out to undertenants, but there is nothing in the tenure of the Village to oppose the transfer of its lands to other parties by sale when such is rendered necessary, the allowance abovementioned being alone inalienable from the family of the

the

Fort St. George 1st December 1857.

the proprietors-

3. As is the almost invariable consequence of a joint tenure of the kind in question, a misunderstanding has excisted for some years past between the Joint Proprietors- This has led to their appropriating the proceeds of the Village to their own purposes, without making any sufficient arrangements for the liquidation of the public demand- Their moveable property has been sold to the extent to which it has been available; there is nevertheless a balance of Rupees 487-4-5. outstanding against them for the three fuslies 1258, 59 and 60.-

4. Although they are men of substance, and as I understand, are well able to discharge this balance, they appear to have concealed their property, each in the hope and intention of rendering his copartner liable for it- Under these circumstances, as the only means of realizing the public dues, I beg to recommend the sale of the lands, the particulars of which are exhibited in the accompanying Statement, and request that the sanction of your Board may be communicated to me in sufficient time

Fort St. George 1st December 1857.

for the publication of the Advertisement in the Taluk.-

5. It is proper here to state that one of the Proprietors addressed me some time back requesting me to direct and arrange for a division of the lands and the issue of separate Puttahs to him and his Cousin- In reply it was intimated to him that to carry out the desired measure, it was necessary both of the individuals holding the joint Puttah should apply to me and present a Razeenamah to that effect.- This however they have not done.-

Sir,

1. In reply to your letters of the 10th July and 20th Instant I have the honor to inform you that I am unable to recommend any reduction in the land Custom Establishment in consequence of the late orders exempting certain articles from frontier duties upon import to or export from the French territory.-

2. These orders do not lessen the labours of the Establishment which has still to examine all goods passing the Customs to ascertain whether any decrease of Revenue has occurred

occurred since their promulgation. Moreover as Pondicherry is a free port at which no Sea Customs are levied, the late commercial enactments have given an additional temptation to smuggle thither for shipment the produce of the adjoining districts, and the interests of Government therefore require, in my opinion, that the strength and efficiency of the Frontier Establishment should be increased rather than diminished.

Bd. No. 2821

From the Actg. Collr. of Coimbatore

Sir

I have the honor to transmit enclosed to be laid before the Board of Revenue for their decision the confiscation of Spirituous liquors under Section XIV Regulation I of 1820 being valid unless sanctioned by their approval.—

From

2 From information given to me by Mr. Thomas. I learn that the illicit sale of spirits has been carried on for a considerable period and to some extent. I accordingly take the liberty of recommending that an example may be made of the parties in this case as they are notories smugglers and have carried on an illicit traffic successfully, evading detection. On this ground as well as for a protection of the Revenue I am of opinion that an example should be made of parties who have so long and successfully carried on an illicit Trade in Spirituous liquors.—

3 As the renters are the informers and seizers and the principal sufferers from the nefarious proceedings of these and other parties, if the Board have no objection, I would recommend in the event of the liquor being condemned to confiscation, that they may receive 2/3rds of the amount for which the spirits may be sold.—

Coimbatore 13th November 1831.

Signed W. E. Underwood
Acting Collector

No. 1

1 The subject brought before me and upon which a decision is solicited in the letter of the Joint Magistrate dated 6th Instant,

Has

15809 Fort St. George 1st December 1857.

has reference to the importation of liquor into the District contrary to the provisions of Regulation I of 1820.—

2 The Collector, under date 10th October 1857, deserves of arranging this matter without enforcing the provisions of the Law, resolved to permit the Contractor to take the liquor from Dobell and Co. The letter from the Joint Magistrate dated 6th Instant informs this Department that the Contractors refuse to purchase the liquor and Mr. Thomas desires for an amicable adjustment being frustrated, the matter is left for decision.—

3 I would observe that this is not the only recent instance of infraction of the law. Recently it was discovered that spirits were imported into Ootacammund for illicit sale, a false name being entered in the permit from Malabar with a view to exhibit that the brandy was for the private use of a gentleman on the Hills. Also that spirits have been imported into the District from Cochin Viz.t into the town of Coimbatore the greater portion of which found its way to Ootacammund and were sold clandestinely.

Dobell

+ 10th Oct.r 1857.

15810 Fort St. George 1st December 1857.

4 Dobell and Co. appear to be parties well versed in this illicit traffic. On the 13th September, Mr. Thomas having information upon which he could rely that Dobell and Co. were carrying on an illicit trade in spirits, called upon them to know what authority they had for the sale. They stated on the 17th September in reply that for the year ending 11th July 1857, they had sold spirits under cover of a permit from the Contractor, and added "since which time no liquors have been sold by us". On the 18th the Collector cautioned Messrs. Dobell and Co. "as he heard liquor is drunk in large quantities on his premises."—

5 On the 20th of the same month the Contractors seized the undermentioned quantities of spirits imported into Ootacammund by Dobell and Co.—

Brandy	12	Dozens.
Old Tom	6	Do.
Gin.	60	Flasks.

and in reporting the seizure observed were it only a few bottles or a small supply, we might reasonably conclude that it was for their own consumption but this quantity at once shows with what view it has been sent for, and we trust you will take proper notice of this matter."—

The Collector observes on this letter "all this is true—Dobell, I have heard constantly sells clandestinely" and further in his Official letter to the Joint Magistrate states "Mr. Dobell was lately cautioned from this Office on

Fort St. George 1st December 1851.

"on information the truth of which this supply fully confirms I would only further remark that while on the 17th September in their letter Dobell and Co. profess to have given up the sale of liquor. the supply now seized was on the road and actually arrived into the Cantonment 9 days subsequently

6 The facts above recited clearly prove to my mind that Dobell and Co. are professed smugglers and imported the liquor now in the Custody of the Joint Magistrate with the intention to carry on their illicit trade, and that this is a case which admits of no palliation. but on the contrary requires that an example should be made of these parties when detected. who have so long carried on an illicit traffic so carefully veiled as to elude detection—

7 The character and intentions of the parties being evident, it only remains for me to proceed to a decision according to the law—

8 The permit granted by a Commissariat Officer holding authority merely within the bounds of a Military Cantonment. is not in accordance with or contemplated by Clause 2 & 3 Section XI Regulation I of 1820—

Permit of 5th Sept. 9 The permit issued does not come
of Police of within the provisions of Section XII of the same
Bangalore law and is not a valid permit—
dated 6th Sept. 1851

10 That Dobell and Co. imported the liquor for sale is clear while

Fort St. George 1st December 1851.

at the same time it is equally evident they were fully cognizant of the fact that the sale thereof was contrary to the law—

I therefore under Section XIV

11 Regulation I of 1820 (subject to the orders of the Board of Revenue) condemn the liquor to confiscation—

Salt. 2. The Revenue derived from Salt amounted to Rupees 4,67,429-1-8 or Rupees 8,253-15-2 above that of the preceding year and Rupees 9,543-15-9 above the average of the past 5 fusolies-

3. Both in the Inland trade and Home Consumption there was an increase of sales- The largest sales in the former were effected in the Burmah by Guers-assals and opium: Purchases Ports, and in the latter in those of Mangalore and Codejy- The increase would have been augmented under both these heads had there not been a diminished demand in certain Talooks, which is attributed to the imports from Goa- The total quantity of Salt imported from this place during the Fusly amounted to G 331-152-3 of which about 263 Garces were carried out of the District-

Land Customs. 4. The demand under this branch of Revenue was Rupees 35,021-11-3 or an increase of Rupees 11,136-12-11 above that of the previous year, arising Chiefly from the duty on Goa Salt, exceeding this

item a decreave of Rupees 857-7-6 would appear.

Sea Customs. 5. In Sea Customs there was a net decreave of Rupees 4,968-6-3 Chiefly under the head of Rice although the Exports of this Staple during the year were 135 Corges above those of the previous one, there is a decline in the amount of duties Collected which the Collector states is entirely owing to frauds to evade the duties payable on Goods shipped to Goa, to which the system in force afforded no efficient Check.

Proceedings to Govt 30th January 1857
Ditto Govt 22nd March
in Dy Govt 3rd April 1857-

6. There was a decreave in the quantity of Cotton exported in Fusly 1260 which is accounted for by the Crops of nearly two years having been shipped in the previous fusly- taking however the average exports for the past 5 years the increase in Fusly 1260 was 12,992 Candies-

Abkarry. 7. The abkarry was Rented for Rupees 74,829-12-11 or Rupees 2,315-2-11 above that of Fusly 1259- Four of the Talooks were given out in petty Contracts, and appear on the whole not to have realized the same rent as the previous year, the decrease in the petty Contracts was

was Rupees 284-11-11

Ferry Farms Small Farms & Motunpha.

8. The increase under these several branches of Revenue amounted respectively to Rupees 1,184, Rupees 84-9-10-10 and Rupees 868-11-11, and call for no Remarks.

Tobacco.

9 In Tobacco the decrease was Rupees 10,026-5-1 which Mr. Maltby attributes partly to the inferior quality of the stocks, and to the low price of rice which prevailed throughout the year but chiefly to the increase of smuggling-The fear of detection, he observes, is fast dying out, and with a profit of Rupees 11 per Cooly load the temptation irresistible. He offers some further observations, also on the difficulty of maintaining the Monopoly, and the evils to which it gives rise, which the Board consider worthy of notice in Connection with what has been recently urged on that head.

10. The large increase of Rupees 22,917 under the head of Excise Revenue arises from Recovery of advances made for the purchase of Tobacco.

Stamps.

11. The sales of Stamps for the Fasly amounted to Rupees 49,414-8-11 and shew a falling off of Rupees 1,962-8-6 as

as compared with the preceding year.

Amendeni Islands.

12. The Revenues from the Amendeni Isles amounted to Rupees 4,4463-9-3 an increase of Rupees 3,399-11-9 attributed to the price realized for a quantity of Coir in Store sold by public auction.

13. Of the total demand Rupees 10,27,927 11-9 were Collected within the Fasly, and Rupees 3,387-11-8 subsequently, leaving a balance of Rupees 1,951-12-6 due on the 15th September 1851.

14. Of the arrears Rupees 2,590-5-11 outstanding at the beginning of the Fasly the whole amount has been Collected, with the exception of the trifling sum of one Rupee which being Represented irrecoverable, the Board request authority for writing it off the accounts.

15. The whole of the Collections including Current, Exctra and arrears, in the Fasly amounted to Rupees 10,69,885-2-3 from which the Charges Viz. Rs. 2,56,708-12-7 being deducted there remained as Net Revenue of Rs. 8,13,176-6-8 as

Fasly 1259	3,01,032-14-6	from which the Charges Viz. Rs. 2,56,708-12-7 being deducted there remained as Net Revenue of Rs. 8,13,176-6-8 as
1260	2,56,708-12-7	
Decrease	44,374-1-11	

Rupees 10,4,987-13-1 above that of Fasly 1259.

Ordered that a Copy of the foregoing Extract with the annexed Comparative Statement of the Collections, Charges and Net Revenue, be submitted to Government, and a transcript of the same be furnished to the Collector of Canara.

B.R. No. 2817.

From the Collector of Canara - - -

Requests the confirmation of the Board of Revenue for the sale of the land Rs. 4.

Sir,

I have the honor to Request the Confirmation of the Board of Revenue for the sale of the land No. 4 on the List - which accompanied my letter of the 19th April last, and the sale of which was Sanctioned by the Board on the 8th May - the usual Statement Recommending the Confirmation is herewith submitted -

2. On the 23d June last the date fixed by the Board for sale an offer only of Rupees 28-4-0 was Received, but as this sum was Considered to be too low with reference to the estimated produce and it was scarcely sufficient for the realization of the arrears both of the past and previous Fasly, the land with the Defaulter's house standing on it was again put up to sale when the present offer of Rupees

+ Fasly 1259 - 25-11-7
" 1260 - 11-15-9
37-11-4

Rupees 45 was received on the 19th September and the sale Concluded -

3. The amount offered for the purchase of this land would appear to be too low with reference to the estimated value of the capabilities of the land, but looking to the actual returns now yielded by it the present offer is as favorable as can be reasonably expected for the land, a portion of which is now lying fallow - The estimated produce is stated to be Rupees 40-12-0 while the heriz is Rupees 30 12-10, and under these Circumstances I Request that the sale of the land may be Confirmed -

Sir,

In Para 4 of Extract from the

15868. Fort St. George, 4th December 1857.

the Minutes of Consultation dated 31st August 1849, No. 823, the Right Honorable the Governor in Council resolved that the Enam Village of Gooddavapully be fully assessed and that an annual remission of 60 Rupees in favor of Kistnamma Naid be allowed for his life, but thro' the inadvertence of the Talook authorities the remission has not been allowed for Fusslies 1259 and 1260. I have the honor therefore to request that the Board of Revenue will be pleased to obtain the sanction of Government for the payment to Kistnamma Naid of Rupees (120) One hundred and twenty, on account of the two Fusslies above alluded to.

B. No. 2840.

From the Actg. Collector of North arcot.

Sir,

I have the honor to submit herewith an application on the part of Mr. Morison to have the Abkarry Contract of North arcot continued to him for a period of five years from the expiration of the present Fusly 1267.

Forwards an application from Mr. Morison to have the Abkarry Contract continued to him for a further period of five years from the expiration of the present lease and recommends his request to the favorable consideration of the Board.—

2 The Rent Mr. Morison proposes to pay is Rupees 104,000. which he states to be Rs. as. 8735—9—4 above what would have been the average of the 20 years preceding that in which he took the contract had Palmer and Pollicat not been within the limits of the Farm, and had there been as now, no Troops at Ranneput during that time.—

3 His object is, he states, the retrieval of the heavy losses which he has sustained during the time he has held the contract owing to the high Rent he pays for the Farm and in consequence has to charge his subrenters, to the absence of Troops from Ranneput and

with

with them of a Number of Spirit consumers who used to be dependant on the Military for support, and to the "miserable state of the District" which besides the direct effect it has had on his own fortunes has so impoverished his customers as to render impossible the recovery from them of their outstanding balances without entailing on them utter ruin. And this he thinks two or three favorable years at the rent he proposes would enable him to effect.—

4 The average of 20 years to which Mr. Morrison appeals is a fair criterion of the value of the Farm especially as within that period there has been much active competition. But I do not see why on this comparison the three high priced years of the present contract should be excluded when the Matter to be considered is not (as it was last year) whether remission ought to be granted to the Renter, but whether it would be to the advantage of Government to renew Mr. Morrison's lease at the beginning of July 1202 at a reduced rate and for an extended period, or again to invite public competition. Neither am I prepared to allow the deduction made

by

by Mr. Morrison for absence of Troops for the

Amount of Remission made on account of removal of Regiments from Paneeputand Arnee from July 1242 to 1261.—

July	Amount of Remission			From what place removed—
1242	4954	12	6	Arnee.
1243	1084	14	10	
1246	5863	"	"	Paneeputand Arnee.
1247	671	3	8	
1249	887	15	8	Paneeputt.—
1250	4328	12	2	Paneeputand Arnee
1253	2773	3	8	Paneeputt.

1259	2273	15	6	Do.
1260	5000	"	"	Do.
1261	5000	"	"	Do.

remissions noted in my accounts shew clearly that for a considerable portion of the period over which the comparison ranges, there could not have been two full Regiments at Paneeputt. It seems to me that a Regiment and a half for the whole 20 years would be a fairer calculation. On the other hand it might certainly be urged that Mr. Morrison has overlooked Arnee where there were Troops for some part at least of that time and that the host of hangers on and dependants which is always to be found in the purlieus of a Military Station but which now that its occupation is gone has left the District, may be fairly considered to have consumed quite as much liquor as the half Regiment against which I have excepted, and its immediate followers.— I shall therefore take the 20 years immediately preceding that with which the new lease is to commence and

and calculate from Fusly 1242. to Fusly 1261 as
Annual Beriz of Abkarry of North Arcot from. deducting first
Fusly 1242 to Fusly 1261. for a Regiment
and a half at the
rate of 5000 Rupees
a Regiment) and
then the whole 10,000
Rupees claimed by
Mr. Morison; and
leave it to there
Board to adopt
which-ever calculation
they may think
the fairest of a King
thro' the average
is in the one
case 99,045 11—11 and
in the other 99,545—
4—1. Both of which
the greater by 1781-5-3
and 4281—5-3 respect-
ively than that quoted
by Mr. Morison are yet
above 69,954—4—1 and
the other 44,454—4—1
below the rent he
has proposed
to pay.

5. Upon the
whole I think
Mr. Morison's offer
worthy of attention
considering

considering the circumstances in which the
District will be placed at the beginning of

either in Ramepet or Arnee. The Rent he
proposes is indeed lower than that of 11 out

falls short by no less a sum than 2199 to
Rupees of that
Mr. Morison himself
will have to pay this
year (Fusly 1261) but
at the same time it
is. I am inclined to
think more than
could be got

I very much doubt if Mr. Morison was to
with-draw (and he says he will not bid

be kept up and how low the Rent

the altered state of the District may be seen by a reference to the leases granted in the Margin.

Under this view of the case therefore I venture to recommend Mr. Morison's offer to the consideration of the Board; but at the same time I wish it to be understood that I do so in ignorance as to what may be the intentions of Government regarding Kanceput and doubting somewhat whether I may not be offending against the Board's Circular Order of the 2nd Septr 1847.

As regards the claims to consideration preferred by Mr. Morison on the plea of loss I shall merely observe that the untenable as grounds on which to ask remission the Board may yet feel inclined to allow them some small weight when the object sought is merely an extension of lease at a fair tho' reduced rent. If so I would beg leave to refer to Mr. Bourdillon's letter to your address of the 28th December 1850 where they will find them spoken of at large. I would also observe in justice to Mr. Morison that during the time he has held the contract there have not (as far as I am aware) been any complaints made against him by his Subrenters or by the Ryots, that considering the adverse circumstances against which he has had to

to contend he has been punctual in the payment of his Kists and that (as Mr. Bourdillon has already borne witness) he has largely benefitted the District by his extensive sugar operations.

S. N. Ward Esqre
Acting Collector of
North Arcot,
Chittoor.

Sir,

I had the honor of addressing Mr. Bourdillon on the 9th of November last stating my reasons for having taken the Abkarry contract of Arcot at such a high Rent, and soliciting at the same time in consequence of the heavy loss I sustained in Fasly 1259, that he would submit my case for the consideration of the Board of Revenue and Government in order to obtain for me a remission of Rent. This Mr. Bourdillon did and your Letter of the 11th March last forwarded me copy of the order of Government declining to comply with my application.

Another

Fort St.a George 4.th December 1857.

Another Fusly having since expired I now beg leave to bring to your notice that although my loss in Fusly 1259. was great it was still more severe in 1260 for since the removal of the 1.st Light Cavalry from Arcot the sales of Arrack made at Ranepett, Arcot, Wallajapett, Cawery Pauk aride the Villages around those Towns have been diminishing every Month, this is caused by the very great number of People who have left that part of the country, to seek a livelihood elsewhere no longer to be obtained there since the departure of the Cavalry, some idea may be formed of its extent, when I state that the sales of Arrack in the above named Sheares alone was Fourteen Thousand Rupees less in Fusly 1260 than in 1259.

In consequence of the high Rent I pay to Government, my Sub Renters were obliged to Rent from me at a proportionate high rate rather than be thrown out of employment: for they are in general men who from their earliest youth know no other business, the result is I must only suffer a heavy loss from that portion of the Arrary I am compelled to Keep in Arrance myself from the causes before mentioned, but these Sub Renters from the miserable state of the District during Fusilies 1259 and 1260 are perfectly unable to pay up their balance of Kists and are at the present time indebted to me about Twenty four Thousand Rupees.—

To.

Fort St.a George 4.th December 1857.

To collect this large amount without entailing utter Ruin on most part of the Sub Renters, time is necessary and two or three prosperous seasons in the District would get them over their difficulties my object therefore in addressing you at this time is to beg you will have the goodness to recommend to the Board of Revenue to continue to me the Arrary contract of North Arcot for a further period of Five years from the expiration of the present Fusly for the Sum of one Lac and four thousand Rupees per annum, which amount is Rupees 3935, 4 more than the average amount paid to Government for Twenty years previous to my holding it; Viz.t, from Fusly 1239 to Fusly 1258 both inclusive—

The Total of these 20 years was — 22,25,488 — 6 — 4

or an average per Annum of Rupees — 1,11,274 — 6 — 8

During the greater part of these 20 years Two Cavalry Regiments were stationed at Arcot and for a portion of them one Regiment of Cavalry and one European Regiment, it will therefore be easily imagined how much more valuable the Arrary Rent was in those years with so many Troops and their numerous followers, to what it is at present with no Troops and its deserted Bazars—

From

Rupees A. P.

From the above average of 20 years ——— 11,274 — 6 — 8

Should therefore be deducted the sum that would have been permitted from the Assistant had no Regiment been there Viz.t for 2 Regiments @ 5,000 Rs. for each 10,000 — 0 — 0

Balance ——— Rs. 1,01,274 — 6 — 8

This balance shews the actual value of the Rent for the past twenty years had no troops been in arrest as at present.

From that sum again Viz.t Rs. 1,01,274 — 6 — 8

has to be deducted for districts lately transferred to other Collectorates as follows —

The Palmoor Talook transfered to the Nellore Collectorate ——— Rupees 1100

The Onlicat District transfered to the Chingleput Collectorate ——— 4,910 — 6,010 — —

Leaving the value of the Rent ——— Rupees 95,264 — 6 — 8

at the present time, on the average of the past Twenty years which my present offer of Rupees 104,000 per annum is as I have before stated Rupees 8,735 — 4 in excess of —

I have tittle doubt you will find the foregoing Statements correct, I therefore beg you will have the goodness to submit my application to the Board of Revenue with such recommendation in it's favor as you may deem most proper —

B.R. N.o 2778

From the Collector of Salem ——

Soliciting authority for the sale of a building in the Town of Salem called "Macleod's Choultry."

Sir,

In the Town of Salem is a building called Macleod's Choultry which has been periodically repaired under orders from the Collector of this District, and is only used as a halting-place by the highest castes of natives, the right of entrée even for these, as it seems to me, being somewhat exclusive, as the building is contiguous to and immediately between the private residences of two of the principal Bramin inhabitants of the District, the neighbouring houses on all sides being also tenanted by Bramins.

My attention was particularly drawn to this building at the close of last year, by an application on the part of the local Tahsildar to have it's flooring &c.a put in good repair at an expense of about 90 Rupees. The application reached me

me at a time when my Cutcherry Establishment was about to be located in Cusbah Salem for the annual Jummahbundy, and I ascertained on enquiry that some of the Cutcherry Servants would as usual make it their temporary abode; thereby, in all probability, if not wholly nentralizing the advantages of the place as a public "Choultry."-

3 On investigation I find that the Choultry, which is now in very fair re-pair and has in all respects the appearance of a comfortable private abode, was construct-ed when Captain Macleod was employed in this District, about 48 years ago. It's original cost cannot now be ascertained, but the amount of repairs executed to it is shewn below.-

In Fusly	1232	Rupees 900-6-9
	1245	" 130--
	1250	" 24-3-6
	1252	" 104-6-6
	1254	" 4-6--
	1256	" 17-6--

Total Rs.

With the exception of that for Fusly 1256- which was paid for, being under 20 Rupees, from the discretionary outlay at the Collector's disposal, these disbursements appear to have been made from surplus Dawastanum funds. A Monigar is employed to take charge of the building, who receives a Monthly salary of 4 Rupees from the allowance permanently fixed for the Permal temple, this amount having been entered in the list of disbursements periodically required for Dawastanum Jus-deek which was prepared in Fusly 1208. The Monigar in question is an established occupant of the Choultry, but it does not seem that besides himself any one else lives there.-

4 It is observed that such parties as occupy from time to time the Macleod Choultry, prefer going there, & taking up their quarters, as it is more convenient & larger than is available at present

5 of the Circular Orders, they therefore return the same. I request the Collector will be good enough to enter in it the period of confinement in default of the fines imposed.- Read the following Statement.-

Bd No 2884.

From the Collr of Tinnevelly

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George.

Sir,

Para 1. I have the honor to report upon the result of the Settlement of Land Revenue of the Tinnevelly District for Fusly 1260 Fa D 1850/51, and to forward the several usual Statements marked A to D, and numbered 1 to 20.-

Reporting upon the Settlement of Land Revenue of the Tinnevelly District for Fusly 1260 and forwarding the usual accounts connected therewith.

2 The Carr Season of Fusly 1260 was upon the whole not so favorable as that of the previous year. The rains from May to September 1850 both on the Hills, and in all parts of the District were so light and partial that the River Tambrapoorny received but a scanty supply. consequently the Carr cultivation under the Head of both Agapurt and Ponnacolums including that in certain Chockumpitty Villages which reverted from one years rent to Dumany in the year under report fell off to the extent of Seed Cottahs 1085. This deficiency in cultivation has chiefly occurred in certain Villages in the Nellcambalum Talook watered by

the Southern and Western Talooks with the exception of Sencauvey, where as in the remaining Talooks the Cultivation was greater in Fusly 1260 than in the previous year. The Season was also favorable for the cultivation of Cotton which yielded good produce.

8. The increase of 4 Villages under the Head of Nunjah Aloongoo was caused by 1 Pottom Village having been at the request of the Pottomdars brought to full assessment, by 2 others having reverted to Ayen on the death of their respective holders and lastly by one other which hitherto was entered under the head of Poonjah from its containing only Poonjah Cultivation having been now brought under the head of Nunjah in consequence of some Nunjah cultivation having been made in Fusly 1260.

9 The increase of 13 Villages under the Head of Aumany was occasioned by the refusal of the Ryots to take joint rents in consequence of factions disagreements among themselves

10- The cause of the decrease in the Nunjah Cultivation in all descriptions of Villages amounting to Seed Cottahs 2609, and that of the increase in the Nunjah mail Poonjah and Poonjah Cultivation amounting to Seed Cottahs 66 and Chains 3,147 respectively as shown in the annexed Statement No 2 will be found explained in the remarks on the Statements regarding each item.

11. The Settled price for the Carr revenue was lower than in Fusly 1259 by Annas 3 & Pice 7 29/32 as shown in Statement No. 3 notwithstanding the less favorable nature of the Season. The cause of this was the overstock:ed State of the Market from a good harvest in the previous Fusly combined with large im:portations of Grain both by Sea and land.

12. The Peshanum Nerruck however was affected by the second harvest being a bad one and exceeded that of the previous year by annas 4 and Pice 3 7/32 and thus the settled prices for the whole year embracing both Carr and Peshanum became 1 Anna and 11/64 Pice in excess of those of the preceding year.

13. The annexed Table No. 4 exhibits in one view the Settle:ment of the Fusly under report under the several branches of Land Revenue in contrast with Fusly 1259.

14. In the Oloongoo Villages of Fusly 1260 there is notwithstanding a decrease in cultivation and Mailwarums, an increase in Revenue of Rupees 25,759-7-6 which arose from 2 Causes, 1st from an augmentation in the prices and rate of Mailwarums amounting to Anna 1 & Rice 11/64 per Grain Cottah and Mercal 1 and Measures 7 15/32 per Seed Cottah respectively as shown in the Subjoined Statement No. 5.

15. The subjoined Statement No. 6 relative to land more than once cropped shows under each of the 3 first items therein mentioned a decrease in Cultivation amounting in the aggregate to Seed Cottahs 4,472-16-7/8 from which deducting the increase in the 4th Crop Cultivation the net decrease stands at Seed Cottahs 4,472-10-13/4 which is owing to the unpropitious nature of the season during the year under Consideration. It will be observed that a small extent of land was in the Fusly under report Cultivated a 4th time. This occurred in the Village of Dalapadivanoodrum in Vellicon Taloks in the holdings of two separate Ryots to the extent of 6-6/8 in the one and 6-3/8 in the other the half Teermah on which amounts to Rupees 2-4-11 and Rupees 2-2-11 respectively. The payment of the former sum was first objected to on the ground that 4th crop Cultivation is not liable

18 There is under the Head of Poroopoo a decrease in Revenue of Rupees 754-5-1 which is owing to a falling off in the extent of Cultivation and in the rate of Assessment as shown in Statement No. 9-

19 It will be observed from Statement No. 10 that under the Head of Ninjahmail Sooryah and Vampyre there is an Increase in the first 2 items both in Cultivation and Bariz amounting in the aggregate to seed Cottahs 117-1-1/16 and Rupees 2,376 4-4 respectively. Deducting therefrom seed Cottahs 30-3-7/8 and Rupees 590-2-6 being the Cultivation and Bariz of certain Villages which reverted to Aumany in Fusly 1260 the net or real increase will be seed Cottahs 86-19-3/8 and Rupees 1786-1-6. notwithstanding a trifling increase in the total of the Cultivation under the 3d & 4th Items arising from the inclusion of seed Cottahs 735-10-5/8 of land which fell under Aumany in Fusly 1260, there is a net Decrease of Rupees 2177-12-8 in the Bariz attributable to a decrease in the rate of Assessment occasioned by lands bearing a higher rate of Teeruah having been Cultivated on a limited Scale in Fusly 1260-

20 The decrease of Rupees 357-13-2 on the total of the Revenue derived from the 5th and 6th Items is attributable to diminished Cultivation caused by the unfavorable nature of the Season.—

21 On reference to statement No. 11 it will be seen that there is a decrease in the extent of land cultivated with one crop in the 4 settled Villages to the amount of Seed Cottahs 120 which has been met to a great extent by an increase in the following Items; Viz:— 21 Seed Cottahs in Poonjahmailmunjah, by Poonjah land having been cultivated with one Crop Munjah, 85 Seed Cottahs in Munjah land cultivated with 2 Crops, 3 Seed Cottahs in Poonjahmailmunjah by Poonjah land having been cultivated for 2 Munjah Crops and 1 Seed Cottah of Munjah land cultivated with Betel, thus making a total increase in Cultivation of Seed Cottahs 110 which being deduct-

Fort St. George 4th December 1851

from the above falling off, the net Decrease stands at Seed Cottah 10, nevertheless there is an increase in the Bariz to the amount of Rupees 265-3-9 which is owing to the extent of one crop land cultivated for additional crop having been greater in Fusly 1260 than in the previous year.

22. The cause of the above increase in the Bariz is attributable to the Tank in the Village of Singasamoodrum having been repaired in Fusly 1259 and made to hold more water than it did formerly.

23. The Decrease under the Head of Bajayet is only Rupees 26-7-7 and therefore needs no explanation.

24. There is an increase in the Poonjah Bariz to the amount of Rupees 286-14-4 which is owing to the favorableness of the season for this description of cultivation. The aggregate of the revenue derived from items of all denominations in the 4 settled Villages for Fusly 1260 being compared with that of the previous year shows a net increase of Rupees 525-10-6 in favor of the year under report.

25. The Marginal Statement will shew the progressive improvement of the 4 experimental Villages under the modified and permanent Settlement reported on under date the 24th October 1843.

The increase in the first two Items of Statement No. 14 amount: ing to Rupees 1451 3 8 and 776-12-3 respectively is only nominal having been caused chiefly by the trees in the 13 Villages which were rented in Fusly 1259 having been brought to account under the head of Amany in the year under report. Notwithstanding an increase in the Number of Trees under the 3d.

Item there is a decrease in Revenue of Rupees 284-11-- owing to a deficiency in the produce which the Tamarind trees under Circar Management yielded during Fusly 1260. The decrease of Rupees 14-13-7 in the last or 4th Item is owing to certain trees held under a Cutgoottah tenure in the Tencautey of Talook having been on the death of the holder thereof resumed and let out on lease to the highest bid: :der for Rupees 30 included in the amount of Revenue entered against the 2d item in the State: :ment No. 14.

The increase in the Revenue derived from the 1/4th and 2/11th Shares under the Head of Palmirah amounting together to Rupees 1,896-2-11- has arisen partly from the Number of Trees brought to account as produce having been greater in Fusly 1260 than in the preceding year, and partly from the inclusion of all Palmirahs in the 13 Choultry Villages which were held under joint title in Fusly 1259 and reverted to Amany in the year under review.

From

31- From Statement No. 17 it will be seen that the number of Trees planted on River banks in fusly 1260 exceed those of the previous year by 17,412 whilst there is no alteration in the number of living Trees standing on the Sand drifts. The effect of the latter Class being considered proper to be noted before further expense is incurred in adding to the extent. An increase in the Teerwah on the under Cultivation raised on the Sand drifts amounting to Annas 8 and Pice 6 observable from the above Statement is owing to an extension in that species of Cultivation of Chains $9\frac{25}{32}$.-

32- The increase under this Head which has occurred chiefly in the Talook of Streeyygountum is consequent on the Mangrushes usually subject to Poonjah assessment having been more extensively grown in Fusly 1260 than in the previous

33- The increase of Rupees 252-6-10- under this Head is the amount of Cutgoottah on certain lands held under a Cutgoottah tenure in one of the 13 Chockumputty Villages which reverted from rent to Aumany in Fusly 1260.

34- The subjoined Statement No. 20 shows in comparison with fusly 1259 the Beriz of the 13 Villages which were for reasons mentioned in para 9 transferred from rent to Aumany in the Fusly under report as well as that of a single Village named Erchanthavoo held under a joint rent both in Fuslies 1259 and 1260- The decrease of Rupees 13,971-10-3 in the 13 Villages above referred to has resulted from the unfavorable character of the season- As directed in para 11 of the Board's Proceedings on the Settlement of fusly 1259, every endeavour is being made to introduce at once a Ryotwar Settlement into the Chockumputty Aumany Villages-

On reference to Statement No. 22 it will be seen that the loss incurred in Fasly 1260 by the grant of remissions to Ryots for withered and Mamuly Crops amounts on the aggregate of their Beriz of Rupees 1,70,239-7-3 to Rupees 100,371-9-1 exceeding that of the previous year by Rupees 93,547-11-2. which is solely attributable to the unfavourable nature of the Cary and Seasonum reasons of Fasly 1260. These remissions were given only in instances in which the Crops were ascertained by Public Servants delegated from the Huzoor and Taloor Establishments to have really and not through any negligence on the part of the Ryots suffered from Drought and short produce and in which the loss of each Ryot exceeded the prescribed per Centage of 30 per Cent on land claim in the Hoobhunmah of the Division.

37. From the foregoing Statement No. 23, it will be seen that entire or partial failure of Crops has occurred on Nunjah land in all the Talooks but most considerably in the Talooks of Saugoonary Vullyoor and Sunkerninarcoil where the effects of the adverse state of the Season were most severely felt. The total remissions granted in these 3 Talooks amounted to Rupees 86,917. being two thirds of the total amount of remissions for the whole District.

41. The demand on account of the several Items enumerated in the

foregoing Statement No. 27 which are added to the Land Revenue amounts to Rupees 390,810–12–4 being in excess of the previous year by Rupees 1,068–13–1 the cause of which is as follows...

42. The increase under the 1st Item is attributable to the biddings for the same having been greater in Fusly 1260. than in the preceding year, that under the 3d Item to an increase in the cultivation of Poonjah lands paying Deshacavil fees in the Talooks of Streevellyputtoor and Sauttoor and that under the 7th Item has been caused chiefly by the sale proceeds of the roofs of houses situated in dangerous proximity to the Arsenal at Palamcottah having been credited under this Head whilst the increase in the 9th Item is principally owing to a rise in the commutation price in the Chuttrums.

Villages.-

43. The total increase under the different heads above spoken of amounts to Rupees 1,076–5–10 from

which deducting Rupees 607–7–11 being the decrease under the Head of Tripany resulting partly from the transfer of a Tripany Village to the Pagoda Trustee and partly from a falling off in the cultivation of Lands contributing to that Head, the net Increase remains at Rupees 1,068–13–11.

44. The foregoing Items being added the Total Net Land Revenue of Fusly 1260 amounts exclusive of Deposits to Rupees 120,29,871–7–7 and inclusive of the same to Rupees 2,052,001–15–9. as shown in the marginal Statement No. 28.

Sugar Cane	Ac	m	m
Fusly 1259	72	18	4 3/8
" 1260	38	11	4 1/8
Decrease....	34	7	1/4.

48. In the extent of land taken up for the cultivation of country Sugar cane in Fusly 1260, there is a decrease of Seed Cottahs 34-7-1/4 below last year as shown in the Margin which is partly owing to the unfavorable character of the Season, and partly to the Ryots not considering it for their interest to keep up this species of cultivation. There was no cultivation of Mauritius Sugar Cane this year- For further particulars Vide Statement No. 11 in the List.-

49. The indifference of the Ryots to raise this kind of cultivation appears to arise chiefly from the absence of an effectual demand for Sugar. Very little is consumed in the District and the Bazars are supplied from other places at a cheaper rate than Sugar Cane be made for here. The little cane that is grown in the District is sufficient only to meet the wants of those who consume it in its natural state.-

50. The foregoing Statement prepared agreeably to the form alluded to in Extract from Board's Proceedings dated 23d April 1849 shows by whom the distribution of Puttahs was superintended in each Salook at the Immabundy of Fusly 1260 and the names of the places within each Salook where the distribution was made.

51. With reference to para 5 of the Printed Circular of the Board of Revenue dated the 28th August 1849. I have the honor to state that no entries have been made in the Register of lands acquired by Revenue and Police servants in this District during the year under review an Extract therefrom is not forwarded but as in some parties who in consequence of the absence of their Coparceners or other causes delayed giving in an account of their lands for insertion in the Register previous to its despatch to the Board on the 24th May last have since done so; a supplemental Register is herewith sent to be added to the above.

52. A Statement No. 19 in the list is also submitted of the Population of this District for Fusly 1260 prepared from the census taken in that year in strict conformity with the instructions contained

contained in a letter from the Board of Revenue dated 7th February 1850. A few Villages in four Talooks were personally examined by myself and my subordinates and several in every Talook by the Tahsildars and their Subordinates the results of which examinations tend to give confidence as to the general accuracy of the Village returns.-

53. In conclusion I have the honor to forward the Report of the Sub Collector Mr. Whittingham on the Settlement of the 4 Talooks under his charge and to express my entire satisfaction with his management. The late Head Assistant Mr. Levinge's long and intimate acquaintance with this District, and people and his great popularity among them caused his removal as Acting Sub Collector of Madura in February 1851 to be regretted on all sides and his vigorous discharge of both revenue and Police duties was attended with good and lasting effects in the Talooks and Extra Revenue departments of which he had charge. Mr. Child now Head Assistant in succession to Mr. Levinge only returned from absence on sick certificate in April last, and was put in charge of the Head Assistant's Office and

and of the Revenue and Police details of two other Talooks which had been under his management previous to his going away on leave. His conduct was distinguished by the same Zeal and industry as he has always displayed in the public service. Mr. Blair's charge consisted of the Revenue of one and the Police of 3 Talooks besides the Post Office Department. This Gentleman also acted as Head Assistant Collector between the departure of Mr. Levinge in February and the return of Mr. Child in April. He possesses good judgment and temper and promises to be a valuable public Officer.-

54. Translations in Hindoostanee of this and the Sub Collector's Reports are herewith transmitted in accordance with Board's desire in your Circular letter of the 16th September 1850.-

Tinnevelly 17th November 1851.

2 - Table No. 1 shews the number and description of the villages in this Division as they stood at the close of the Fusly under report.

Talooks -		Villages altered -
Shairmaday -	1	Kundamaury -
Shenker nairnarcoil -	2.	Vadakookonarcottay
	3	Coolasagaramungalum
	4	Vellalancoolum - -
	5.	Tiroovettanulloor -

The discrepancy in the account between Fuslies 1259 and 1260 has been caused by the 5 Villages named in the margin having been entered under other heads in the account of the present Fusly. The two first villages have been hitherto entered as Pattom; but they have now been carried to the Head of money rented or Nunjah - In one instance the individual to whom the village of Kundamaury had been granted under Pattom tenure for bringing waste lands under cultivation, has died, and in the other, the persons who held the village of Vadakookonarcottay finding themselves unable to carry on the cultivation without Government repairs to their Tanks, and consequent loss both to the Ryots and Government having been incurred requested that the village might be included in the Iyen - The 3 last villages which were rented for one year in the last Fusly have now been brought under aumany or Circar management in the Fusly under report; no offers having been received for renting them this year -

3 The Carr season of Fusly 1260 was on the whole a favorable one. The supply of water in the rivers and Channels furnished by the South west monsoon was sufficient to enable the Ryots to extend their agaput cultivation beyond that of last year. This increase in the agaput cultivation amounts to seed Cottahs 683-17-$2\frac{1}{2}$ from this should be deducted seed Cottahs 201-6-$\frac{3}{8}$ being the decrease in Carr Ponacolum cultivation which leaves a net increase of seed Cottahs 482-11-$2\frac{1}{8}$. The decrease in Carr Ponacolum Cultivation has occurred chiefly in the Streevillyputtoor Talook, a Talook which from its situation derives but little benefit from the South west monsoon. Though the season was generally favorable there was nevertheless from particular causes a partial failure of Crops and some lands yielded but short produce, the extent of which is shewn in the Margin. In the Talook of Bramadasum the drought occurred principally in agaput Nunjah lands watered by the Hangeein Channel which derives its supply from the Gettanamuddee river, a lesser important stream than the Tamravarney, by which much the greater part of the Bramadasum Nunjah lands are irrigated. The lands which suffered from drought are situated at the extremity of the Cangeein Channel, and therefore are the first to feel any diminution in the supply of water. The Carr Nunjah lands in Streevillyputtoor and Shenkernunarcoil depend more upon local rains than those of the southern Talooks, and therefore are not during the Carr season so well supplied with water.

The Columbia river was very unfavorable. The rains which commenced falling in the months of October and November were succeeded by very light and fractious winds which were very inconsequential in depositing of water; the consequently a deficiency of water; the Pacific Ocean Vapors received by winds, and even the Sierra Nevada frontally opposed - a Diminution has been the result of the following culminations.

5. The season for Poonjah cultivation was not unfavorable in the northern Talooks of the Sub Division. The rains which fell in the months of August, September and October, though not sufficient for the wet cultivation enabled the Ryots to extend their Poonjah cultivation in the Talooks of Shenkottah and Streevilly-pootoor. There was consequently an increase in these Talooks of Chains 287 29/32. In the Talooks of Shawmadavy and Bramadasum there was as shewn by the periodical rain accounts, an almost total failure of rain, in August and September, and there has resulted in these Talooks a decrease of Chains 1290 57/64 in Poonjah cultivation. There is a net increase of Chains 158 7/64. as will be seen by Table No 4.

6. The cultivation under this head fell short of that of the preceding Fusly by Seed Cottahs 102-14-1/2 in the Talooks of Shawmadavy, Bramadasum and Streevilly pootoor; but in the Talooks of Shenkottah it there was under this head an increase of Seed Cottahs 149-13-1 causing a net increase of 46-20 1/2 as entered in Table No 5. The increase in the Talook of Shenkottah has arisen in consequence of 3 of the Chokumputty Villages which were rented for one year last Fusly having been this year brought under Cumary. The cause of the decrease under this head in the Talooks of Streevilly pootoor and Shenkottah was the preference which the Ryots gave to extending their Poonjah, rather than cultivating Nunjahmail Poonjah; and the Talooks of Shawmadavy and Bramadasum the want of rain.

The cultivation of the Nunjah Warapat or full taxed wet lands inclusive of that of the 2 Pattom Villages which were brought under this Head in the Fusly under review, fell short of that of the preceding Fusly by seed Cottahs 738-7-6¼ which is chiefly ascribable to the want of timely rain in the Pushanum season, while there is an increase of Rupees 10,495-11-" in the Summah Amount caused partly by lands praying a higher Nuiluvarum and partly by a rise in the same. But the failure of Crops in some places consequent on the want of rain rendered necessary a remission of Rupees 2574-11-2 in Fusly 1260 which exceeds the amount of remission in the preceding Fusly by Rupees 23524-6-5. If from this latter sum be deducted Rupees 10,495-11-" being the amount of increase in the Summah Berizi the net decrease will be Rupees 13028-11-5 as exhibited in the foregoing Table No. 9.

Abstract

Fort St. George, 14th December 1857.

Sir

I have the honor to transmit herewith the Collectors annual Statement of the Teerwah Revenue of that Division for Fusly 1259 and 1260, and to request that the Board will be pleased to submit the same for the orders of Government.

The Collector has not yet received the Accounts of the Cultivation of Cocoanut Trees for Fusly 1259, and therefore cannot furnish the Statement of Teerwah levied thereon.

I have the honor to be Sir Your most obedient Servant

Proposed Fusly 1262 A.D. 1852-53. The decrease is entirely owing to the Ayen Land Revenue having been made over to the Inam Department, and partly from the Peishcush Inam having been made over to the Salt Department.

Remarks-

Ayen Land Revenue- The Decrease is owing entirely to the Ayen Revenue having been made over to the Inam Department.

Peishcush- The Total Ayen Revenue including Peishcush amounted to Rupees 1,54,032-5-1 as shown in the Statement No. 25 under cover of this date.

The falling off in the former is ascribable to the usual causes, Viz.t. exemption from the tax on the plea of being cultivating Ryots, emigration, death, discontinuance of Trade, &c.a. Higher offers received for the Fishrent have caused the increase under that head.

29- The arrears of current revenue at the close of the Fusly under report amounted to Rupees 3,124-14-3 as shewn in Table No. 28. Of this sum Rupees 2,062-15-2 were due on waste lands, and lands of which the crops had in part or entirely perished. The sum of Rupees 3,153-8-10 has been since collected and the balance outstanding on the 30th September was Rupees 571-5-5. Of this sum Rupees 91-10-2 have been collected and placed in Deposit, being the amount of revenue derived from land the right to which is in dispute between the Government and certain Zemindars. Of the remaining Rupees 479-11-3 still outstanding Rupees 231-3-5 are due on lands which were left waste by parties who had engaged to cultivate them, and on lands which suffered from drought. Of the remainder, Rupees 70-4-8 are due by an old defaulter, and Rupees 58-9-1 by a person who has lately died. A sum of Rupees is in dispute

between the Government and another for which it is claimed by Government is included in the Hill rent which has been taken in perpetuity by the cultivator of the land in question. The remaining balance consists of small sums outstanding. It is expected that with a trifling exception the total balance of 479-11-3 will be collected in due course.

To the Chief Secretary to Government.

Sir,

In Extract Minutes of Consultation dated 18th September 1857 the Government suggested, that the charges on account of remittances of Treasure

to the General Treasury at Madras, should from the commencement of the current fusly be included in the Statement of "actual charges incurred without Estimate", and directed the Board, if no objection existed to this course, to issue, in communication with the Civil Auditor, the necessary instructions to the several Collectors, and to intimate to Government the fact of their having done so.

From the Civil Engineer 3d Division

Sir,

I have the honor to represent to the Board the extreme inconveniences that must result to this Department from the orders lately issued to the Collector of Bellary prohibiting him from ordering any payments to be made from the Talook treasuries, so that it will infuture be necessary for the pay of myself and Subordinates to be sent from

Fort St. George 4th December 1851

from the Hoozoor treasury at Bellary by peons to the several parts of the District where we may be employed.

2 In all cases much delay in the receipt of our pay will be caused by this new arrangement, and on some occasions when the Collector may be at one end of the District and the members of this Department at the other I do not think it possible that the money can reach till the following Month. I would therefore beg the Board to exempt us from the operation of the order and to allow our pay to be drawn as heretofore from the Taloor treasuries upon the order of the Collector
