Public Department

Sir,

The Period of Services of Vejiay Ram Rao, late Translator on the Establishment of the Board of Revenue, reported in my letter of the 15th Instant, having been taken from the Annual lists of Establishments received from that Department was in that letter stated as appearing "to be 19 years and 8 Months Viz. from the Month of November 1821 to 20th June 1841." an Error in those annual lists of Establishment under the head of

Fort St. George 12th August 1841

of "Date of Employment" fixing that of Vijeay Ram Row from "November 1821" led to the above Statement.- I now find by a reference to the monthly lists of that Establishment for the year 1821 that Vijeay Ram Row was entained on it from the Month of June inclusive and not from November which consequently renders the actual period of his service twenty years and one month Viz.th from June 1821 to June 1841. both Months inclusive.-

Submitting for approval and confirmation of the Board an advertisement for the sale of different Zemindary & Proprietary Estates in the District and proposing to sell for the Government arrears due up to fusly 1250 such as may not have fulfilled their engagements by the 31st August next—

Mem/Cd 4

To the Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to submit my report on the Zemindaries and Estates in this District, which were in the possession of their Proprietors at the commencement of fusly 1250, along with an advertisement for the sale of such as may not have fulfilled their engagements by the 31st August next—

Arrears —	438849-15-2.

2. The total Demand on this account is Rupees 1391177-2-10- of which Rupees 647626-7-11- have been realized and Rupees 743550-10-11- remain to be collected hereafter—

3. After two such bad seasons as fuslies 1248 and 1249 it was to have been hoped that this District would

Fort St George 12th August 1841-

would have been spared another so dis=tressing a calamity, but the past fasly 1250 have been in many respects as bad as the preceding ones, and indeed in some worse- The features of the season were, a total failure of the early rains and the inability to sow the Poonasah or early crop, in consequence of which the Ryots had whilst spar=ing for the cultivation of the principal Crop, to live on imported rice the most expensive of food- The South West Monsoon was decidedly favorable, and I had hoped would have put an end to the distresses of the Dis=trict but the utter failure of the N. E. Mon=soon prevented the principal Crop from reaching maturity in the places where there was no sufficient Artifi=cial supply of water and generally deteriorated the quality of the grain which always requires a little rain to fill it out before ripening, and also destroyed the prospects of a Cyrah Crop in

Vide Enclosed Statement Marked B.

Fort St George 12th August 1841-

many parts of the District. Besides the other distresses of the season, the ravages of the small pox were very great-

4 These features of the sea=son were explained in my several Successive Demand Collection and Balance accounts but I considered it desirable to avoid any very strong expression of my own feelings but rather to endea=vour to encourage the people and take advantage of such points in the season as were tolerably favorable-

5. Having thus explained the motives by which I have been acte=ated in avoiding to bring the circum=stances of the season to the notice of the Board so forcibly as perhaps its actual unfavorableness warranted- I shall proceed to state the measures proposed by me, with reference to the six classes into which I have divided the fifty four Estates-

6. The first class contains three estates which have paid their revenue in full

full within the first.

7. The second class contains fourteen Estates which have paid 145978-6-2. out of Rupees 166349-4-11. and which will undoubtedly discharge the remaining Rupees 20370-10-9. before the thirty first of August the day proposed for the general sale of Estates.

8. The third class contains seven Estates which have nearly paid the current Revenue and part of their arrears agreed on but which require some little additional indulgence, with respect to the remainder, and I accordingly beg leave to recommend that the indulgence formerly shewn should be extended as shewn in the Statement.

Vide Board's Proceedings 13th Aug.t 1840 in reply to my Report of 13th July 1840-

9. The fourth class contains seventeen Estates which have failed in their engagements to a considerable extent but with respect to which, I have abstained from extreme measures, as such

such would undoubtedly have involved their Proprietors in utter ruin and placed Government in a worse position for recovering these arrears than they are at present. Considering it therefore desirable that the Proprietors of these Estates should have another opportunity of saving them I have proposed that they shall be required to pay by the 31st of August such sums as will make up the payments to one years' current revenue in every case, and on these conditions I beg leave to recommend that the indulgence granted in the last two years be extended, as shewn in the Statement.

Vide Col.n 12 of Statement B.

10. The fifth class contains three Estates. Of the Cotah one, the subdivisions are still before the Board, and it could not, therefore, be sold; were such a measure desirable even, but I have warned the Proprietor that, if such an amount is not paid into my Treasury before the 31st August, as will make up his payments to the amount of

of one years' Current Revenue, the Estates will be immediately attached and I have follow=ed the same course with regard to the Tallay Vadesalaroo Pur= Estates the Pro=prietor of which, as well as his Heir died in the course of the fusly and the two Widows have since come to an arrangement to inherit the said property jointly - The Vencatagiapole=lum case was specially reported on by me on the 1st of June -

Vide Correspondence
No 15 Dated 1840.
No 25 Do Do
From 19th Nov Do

11. The sixth class contains ten Estates the foremost of which is the Zemindary of Peddapoor, the Proprietor of which has, I regret to say, by his conduct during the past fusly forfeited every claim to indulgence and fully confirmed the remarks made by Government in the Minutes of Consultation of 13th November 1840 - With respect to the Petition presented to the Board by this Individual, I do not consider that I am in a position

to make any recommendations in his favor, every thing possible has been done by Government on my recommendation, and had he been commonly honest in his behaviour he would now have been in a very different position. As matters stand now out of Rupees 1,71,332-6-6 received by him in fusly 1249, only Rupees 10,1234 a-a-were paid to Government and in fusly 1250 only Rupees 75,845=a-1: out of Rupees 1,56,911-14-5 - The Vellumpolliem Zemindar also owes his present positi entirely to his own misconduct - With respect to this Estate as well as the seven following I have propos that if they still fulfil their existi engagements by the 31st August that then the indulgence formerly allowed them for the payment of the rest of their arrears shall stand good if not that they be brought to sale in consequence of the destruction of

From the Collector of Rajahmundry

Sir,

With reference to your letter of 15th ultimo requesting me to report whether it has been found practicable and without risk of success, to carry into effect the rules devised by the Judges of the Sudder Adalut, for preventing forgeries by means of stamped papers, I beg leave to state that no difficulty has been experienced in

Fort St. George 12th August 1841

giving effect to the rules in question, but no case having come under my cognizance, I am not prepared to give a decided opinion on their success, though I believe, as there are one or two positions of cases, to which it may be difficult to apply a successful remedy. One of these is the instance of a person not willing himself to attend for the purchase of a stamped paper, and another is the instance of a large Family engaged in disputes, when though a paper may be apparently correctly purchased and applied, it may still be made subservient to the interests of one Member of the Family over another

From the Coll.r of Masulipatam

Submitting a Report on Petition No. 842 of 1839 presented by Rajah Maharaduge Lutchmiah praying that the Debt due to her by the Zemindar of Davercotah may be paid to her.—

Sir

Para 1 With reference to your letter under date the 23d September 1839 forwarding the accompanying Petition from Maharaduge Lutchmiah Zemindar of Bellumcondah &c. Purganahs in the District of Guntoor praying that the amount of a Bond executed in her favor by the adoptive Mothers and Guardians of the late Doorga Prasada Naidoo Zemindar of Davercotah during his minority may be paid to her with interest from the date of the Bond, I have the honor to submit the result of

Fort St. George 12th August 1841

of my enquiries into the circumstances which have hitherto prevented the liquidation of the amount due to her.—

2 The Board will observe from Mr. Dent's letter dated 23rd December 1827 that the Petitioner had agreed to abate Rupees 29,025 in the total amount of Rupees 69,100 which was due to her and to accept of the sum of Rupees 40,075 on condition of that sum being paid to her within a month from the date of the promise of the manager to do so and that Mr. Dent being unable to comply strictly with the terms of the compromise had proposed to the Court of Wards to discharge the amount as far as possible from the surplus funds of the Estate of Davercotah then at his disposal amounting to Rupees 30,845-8-9 as to and to defray the remaining sum of Rupees 10,012-7-3 as to from the surplus revenue of the year of Fusly 1237 which it was hoped would be sufficient to cover the demand inclusive of Costs

Deduct Paid from the Surplus of Fusly 1236	30,845-8-9	
Remainder	10,012-7-3	

Fort St. George 12th August 1841

3 To this proposition the Court of Wards assented, as will be seen on referring to Para 2 of Mr. Secretary Cleiotts letter dated 28th February 1828 and the sum of Rupees 30,845-8-9 as to was paid accordingly, a fresh Bond having been executed for the remainder on which Interest was to run from the date of execution and a formal deed of acquittal having been at the same time presented in the Provincial Court for the whole amount of her claim.—

4 At the close of Fusly 1237 as it appears that the available surplus did no exceed Rupees 3,572-4-7 as to Mr. Dent in Para 3rd of his letter dated 25th November 1829

Fort St. George 12th August 1841

1829 made another proposition recommending that the last mentioned sum should be paid over to the Guardians of the Minor who declared that Mulrauze Lutchmiah had agreed to accept of that amount then available and the balance from the surplus in fusly 1238.—

5 The payment of the sum of Rupees 5,574-4-7 received the sanction of Government on the 12th March 1830, but it appears that up to 31st October 1831, the date of the delivery of the Estate into the hands of the Zemindar, so far from there being any available surplus by which the balance could be paid, there remained a balance of Peishcush

Fort St. George 12th August 1841

amounting to Rupees 46,222-9-2 a.p. which could only be discharged by borrowing money on the mortgage of the Estate and during the long period it has subsequently been under Management the balance of Peshcush has continued to accumulate from the increase of the permanent Assessment, so that no part of the balance due to the Petitioner could be discharged.—

6 Under these circumstances as it appears that a fresh Bond was executed for the sum of Rs. 10,012-7-3 a.p. and as the non payment of the whole Amount has been caused by circumstances over which the Zemindar of Davercotah had no control, I see no way by which the Petitioner— can

Fort St. George 12th August 1841

can recover the amount of her claim except by Civil process in the Courts, or by postponing her claim till an available surplus may arise from the funds of the Estate.—

The Petition is herewith returned.

As there are no available funds belonging to the Davercotah Estate from which the claims of Rajah Mulraujee Putchaiah can be liquidated, it seems unnecessary at present to take them into consideration.—

From the P.d Coll.r of Nellore—

Submitting his opinion in regard to the measure to be adopted to ensure the exportation of Salt now required for Bengal.

Sir,

I have the honor to acknowledge the receipt of your letter of the 12th Ultimo upon the subject of the exportation of the 150,000 Maunds of Salt which are required for Bengal.—

2 The Merchants in this District have never engaged in the Salt trade to Calcutta and they are rather apprehensive of undertaking such a Voyage. Moreover they are under an impression that the Port Dues in the river are very heavy. They aver that the present prices do not yield a sufficient profit, but that if the old rates of 25 Rupees per 100 Bengal Maunds payable for the Salt on the coast and 72 Rs. receivable by the Importer on import at Calcutta be again adopted, they will engage to procure Shipping to export from this District between this and the 12th March Next 134,500 B. Maunds in two trips. Nothing stimulates them to make even this offer but the large profit which those prices ensure to them, and which they say affords them the only sufficient inducement to engage tonnage, or employ the few Vessels they have of their own out of their regular channel of trade. They require however a final answer

to

Fort St. George 12th August 1841.

to their proposal by the 10th Instant.-

3. I suggested in my letter of the 22nd May last that the price paid for the Salt on the coast should be reduced for the present season to 25 Rupees, as an inducement to shippers to convey the salt to Bengal.- There is no measure that I am aware of, excepting a reduction of price that will be effectual for ensuring the export of the salt to Bengal at this late period of the year. As the season advances, the risk increases and prices which would have satisfied shipowners two or three months ago may not improbably be now or a month or two hence deemed insufficient.- As a supply of salt is so urgently required by the Bengal Government, I think no half measures should be adopted and I would recommend the rates of 25 Rupees and 72 Rupees being at once adopted for the present year's supply.- The total loss on the 150000 Maunds to be sent from this District would be 25500 Rupees of which that which would fall upon the Madras Government would amount to 15000 Rupees.- The loss I conceive would be trifling compared with what would be occasioned by there being no Government salt of this description in the Calcutta Market.-

Sir,

With reference to the correspondence furnished from your department under date the 28th June last, I am directed by the Board of Revenue to state that very little progress has yet been made in supplying the indent of the Bengal Government for salt the produce of the Coromandel coast.-

their replies, the Board learn that a very general disinclination exists amongst the owners of native Vessels to engage in the Salt trade, and that the exportation of the quantity required for Bengal is only likely to be effected by the enhancement of the price so as to induce English Merchant Vessels to engage in the traffic.

3. Under these circumstances and adverting to the advanced state of the season and the enquiry of the Board of Customs Salt and Opium at Calcutta to facilitate the exportation of Kurkatah salt from the Coast on such conditions as may be found necessary, the Board of Revenue would beg to recommend that the price to be paid on delivery at the Sulkeah Golahs be raised from 65 to 70 Rupees. It is suggested that an Advertisement to that effect be published accordingly in the Fort St. George Gazette

× Sent herewith

4. A Portion of the quantity expected to have been supplied by the Madras

Madras Presidency has been found unfit for exportation from inattention of the manufacturers, and the disadvantages of season, but the Board hope to be enabled to furnish a supply from Rajahmundry in lieu of that damaged in the Madras Presidency. This will form the subject of a future communication.

5. In the event of the Bengal Government requiring a farther supply of Salt next season, the Board of Revenue beg to suggest the necessity of early information as to the Extent of their wants. For no salt is kept in store in the Pans on the Coast, and the quantity capable of being manufactured is limited and controlled by accidents of season.—

From the Collr of Nellore — Sir,

Forwarding Jamabundy and Kistbundy Statement &c of the Zemindary of Choondy for Fusly 1249.

I have the honor to forward herewith the Jamabundy and Kistbundy State=ment of the Zemindary of Choondy for Fusly 1249 with a Comparative Statement between Fuslies 1248 and 1249 both in English and Mahratta.

2. The number of Coroo Villages of the Zemindary was 44 and that of Shrotri=ums the same as in Fusly 1248. The ham=lets dependant on the Coroo Villages were only 34 in Fusly 1249, while those in the preceding Fusly were 35, thus causing a decrease of one hamlet named Gollapalem depending on Polenanepolem which con=sisted of only one or two houses, the owners of which for some cause or other gave up their residence in the hamlet and settled themselves in the large Village of Pole=nanepolem.

The season may be considered

3 — to

Fort St. George 12th. August 1841.

to have been more favorable than in Fusly 1248, but though there was a fair quantum of rain it fell unseasonably, and from the want of rain in the latter period of the Monsoon, the Wet Crops to some extent perished from drought.

4. The following is a Comparison of the Cultivation between fusliers 1248 and 1249.

Description of Land	Fusly 1248. Gortoos	Fusly 1249. Gortoos	Increase Gortoos	Decrease Gortoos

Total	3196 57/64	3428 11/64	231 7/16	"

5. It will be seen from the above that there is an increase in the Cultivation of all descriptions of land in Fusly 1249 which is occasioned from the more favorable nature of the season.

6. All the 44 Coras Villages composing the Zemindary were as usual settled in Fusly 1249 for an annual Village Rent and none were managed under Aumany as was the case with 2 Villages in Fusly 1248.

8. It will be seen from the above that the net Beriz of Fusly 1249 including Shrotriums and Maturpha exceeded that of the preceding fusly by Rupees 1169-9-9. There was a decrease of Rupees 1421-8-9. in the deduction for Magany waste which is attributable to the favorable Nature of the season but at the same time it must be observed that the deduction for Sooktee on Crops dried up is above that of Fusly 1248 by Rupees 70-12-1 which is owing to the insufficiency of Water in the Tanks of 4 Villages to bring the Crops to maturity as already explained. It would appear that there has been a large decrease of Rupees 227-8-" in the Maturpha taxes which is owing to the Collections under this head which have hitherto been

been credited to the Zemindary having since November 1839 been carried to the credit of Government pursuant to the orders of the Board and Government. The increase in the Dowle Czapha and Shrotriums being trifling, requires no particular remark.

to the Board on account of the refusal of the Members of the Family to accede to certain terms proffered to them for their future maintenance, with the particulars of which I shall hereafter acquaint the Board. Two Widows of the late Humparasiah appear to have, subsequent to the attachment of the Jagheer Villages, attended at the Hoozoor Cutcherry. One of them is since dead. The name of the surviving widow is Gungarah and she has since my arrival in the District represented to me the distressing circumstances under which she and the family have been left by the assumption of the Jagheer which is their only means of maintenance. No puttahs have been issued in the Villages, the Amuldar has had the sole Management and Collection of the Revenue, and the Ryots do not enjoy the 25 p.r Cent remission accorded to the subjects of the Circar.-

3 On referring to the record of this Office it appears that this Jagheer was granted to the late Humparasiah under the orders of Government dated

Fort St. George 12th August 1841.

1st November 1806, it forms part of the Jaghire Villages granted to the Poligar of Hurpunhully, and was at the recommendation of Colonel Munro separated inconsequence of the "most violent hatred" existing between the late Poligar and Humparasiah. The Revenue of the Villages granted to Humparasiah and his heirs as entered in the Summud bearing date the 31st October 1806. is estimated at 1,288 Canteray Pagodas. The Ayacut of the Villages, as the same stands at present, is given in the subjoined Abstract.—

This

Fort St. George 12th August 1821.

This Sagheer was enjoyed by Hurnparasiah and after his death devolved to his adopted son and heir Veroopantchee appah, whose death I have now the honor to report.—

4. The deceased is stated to have gone to Madras on his own private affairs to have been taken ill there, and to have died the fourth day after his return to his Sagheer. This man having no issue by either of his wives is reported to have adopted soon after his return from Madras, a boy of six years age in the presence of his Wives, relations, and others of the Village as ordained by Hindoo Law, and to have given to this boy the name of "Hurnparasiah" on his behalf, the family claim the Sagheer.—

5. It is reported that Mr. Robertson doubted the right of this Boy to the succession of the Sagheer, in consequence of his having been adopted only two days previous to the death of Veroopantchee appah

Fort St. George 12th August 1821.

appah, that the granting to this Sagheer to the Widows of either Hurnparasiah or Veroopantchee appah, was not congenial with the wishes of Government in the case of Widows of the late Polygar of Hurpunhully, as expressed in their Secretary's letter of the 4th February 1825, that "none of the Widows have any claim to the succession," and that it was the intention of the late Principal Collector to recommend the assumption of the Sagheer, and to procure sanction for paying the Widows and other Members of the Family a Pension out of the Revenue of the resumed Villages in money.

Vide the letter from the Secty. to the Board of Revenue to the Collr. of Salem 4th February 1825

A Petition was received from Gungavah on the 30th January 1840, to the effect that the Sagheer should in the event of it's not being granted to the adopted son of Veroopantchee appah, either continue in the joint names of herself, and the two Widows of Veroopantchee appah, or that the whole revenue of the Sagheer should be paid to the Family in money.—

The

Fort St. George 12th August 1821.

6. The case of this Family appears to me exactly similar to the case of the Poligar of Burpunhully. An Enquiry was made by the Tahsildar of the Taluk regarding this adoption. I have not submitted this enquiry. The claim was considered by Mr. Robertson preposterous. The Boy pretended to have been adopted is the son of a Poojaric Bramin or dweller in Rumparasiah's House, but no relation. The Widow has represented that the Family are involved in Debt to the extent of 50,000 Rupees, but no creditors have appeared before me. The assumption of the Soubeer has no doubt compelled them to borrow, and I am of opinion that this Statement should receive consideration.

7. With reference to the foregoing details, I have the honor to observe, that no report of the adoption was made to the Collector, nor am I of opinion that the usual measures regarding adoption as prescribed by Hindoo Law, could have been taken,

Fort St. George 12th August 1821.

as the death of Veroopantchee appah was sudden and unexpected. Veroopantchee appah was himself the adopted son of Rumparasiah and had succeeded him without dispute. The Sunnud granted by Government to Rumparasiah on the 31st of October 1806 declares that the Grant is made to the "Holder and his heirs," and shall continue in full force and effect, "provided however that if the Family "of the said Rumparasiah shall at any time "fail and become extinct, the Villages shall "then revert to the Honorable Company." The matter now to be considered is whether this event has not occurred, Government having in the case of the Burpunhully Widows decided "that the Widows have no claim to the succession," and the adoption of the Boy being attended by the doubtful circumstances above stated. It will not be necessary for me to trouble the Board with the particulars of the faithful services of Rumparasiah

Fort St. George 12th August 1841.

Humparasiah to the Honorable Company, as they are on record.—

8. The Amount remaining out of the revenue derived from these Jagheer Villages since their Assumption, and held in deposit in the Auzoor Treasury from Fusly 1243 to the end of Fusly 1250. is Company's Rupees 20,663-9-2; as specified in the annexed Memorandum.—

Humparasiah

Fort St. George 12th August 1841.

1- Humparasiah, the adopted son of Veroo=pautchee appah.—

2. Gungawah, the Widow of the late Humpara=siah.—

3. Oomah Boyee and

4 Bagheerady Boyee, the Widows of the late Veroopautchee appah, and about 20 other Persons connected with the family and depending upon them for maintenance.—

10. No instructions on this important subject are to be found on the records of this office, and the affair has remained in this state nearly six years. I have not entered at length into the arrangements that will be ultimately necessary, because it appears advisable that in the first instance I should receive the sentiments of the Board on this subject, when a final settlement agreeably to the instructions received, can be proceeded. It must be clear that the money remaining in Deposit should either be carried to account, or repaid to the right=

=ful owners.—

11- I have made no minute investigation into the matter of the adoption - On the face of it there is an appearance of improbability - I am also informed that for an adopted son to adopt is not usual or legal - The right of the Widows to succeed appears decided for, if the Widows of the Burpunhully Poligar from whose Estates these Villages were alienated had no right, the widows of the adopted son of the Minister appear to have still less claim. But the Creditors of the Family will I imagine be considered as having a claim - On all these points I request the instructions of the Board. It would be convenient to receive them while I am in the immediate vicinity, as it will be necessary to make arrangements with Ryots for the ensuing Summahundy.—

The Board are clearly of opinion that the Villages alluded to in the foregoing letter must be considered as having reverted to Government, under the terms of the Sunnud originally granted to the Dewan, Bumparasiah. in 1806. (Para 7). and they will be prepared to recommend their resumption forthwith. upon receiving from the Collector a report of the arrangement which he would propose for the maintenance of the widows of Bumparasiah. the original grantee, and Veeraputchee appah. the last incumbent, and the settlement he would suggest for the payment of the debts of the family.—

Gentleman in his capacity of Principal Collector of South Arcot.—

2. The suit appears to have been defended in the first instance at the public Expence, and Judgment having gone against the Plaintiff, the action has been carried in appeal to the superior Court.—

3. Similar suits in principle and one or more embracing the same facts have since come before the Board and on further Consideration have been refused to be recommended for defence at the Public charge. This suit however having been defended heretofore on its merits must, it is supposed, be supported in appeal, unless a Compromise can be effected in the Matter.—

4- You are requested accordingly to take any necessary measure for this purpose, reporting what you have done for submission, if necessary, to Government.—

To, The Sheriff of
Madras.-

Sir,

It has been represented to me by Neroomboor Vadachella Moodelly that under and by virtue of a certain writ of execution issued in the above mentioned cause against the above named Defendant, Ullavoor Moodookistna Moodelly

Fort St. George 12th August 1841-

Moodelly, you have amongst other things seized the whole of the household Furniture and move=
=able property contained in a certain dwelling house situate and being in Salay street in the Black Town of Madras.-

Now I hereby give you notice that all such Household Furniture and moveable property, so being in the said House in Salay street aforesaid, and so seized by you under such execution as aforesaid is the bonafide property of the above named Neroomboor Vada=
=chella Moodelly, who is the Tenant for the time being of such before mentioned &c House, and that the same does not form any part of the property of the Defendant in this action, nor has the said Defendant any right whatever thereto or any in=
=terest whatever therein.-

Under these Circum=
=stances I have therefore to request that you will immediately remove

Your

Fort St. George 12th. August 1841-

your seals from the aforesaid household furniture and moveable property, and restore the same to my Client (the said Seroomboor Vadachella Moodely) who is legally entitled thereto, and I beg to apprize you that in the event of your neglecting forthwith so to do. my client will hold you responsible for the value of all such household furniture and moveable property and for all loss, costs, charges, damages, and expences, which he may sustain or be put to by reason of such illegal seizure by you, as such Sheriff as aforesaid, and will take such proceedings for recovering compensation or damages as he may be advised.-

31-33

Order on the 2 foregoing Statements.—Ordered to be recorded.—

To The Secretary to the

Board of Revenue

Fort St. George

Sir,

34

From the Actg Coll.r of the Gn.r Bd.r

Submitting observations in reference to the proposed revision of the Emoluments of the Village Officers in the resumed Jaghire of Duncarapoorum in his District.—

1 With reference to the Board's Proceedings dated 31st May last on the subject of revising the Emoluments of the Village Officers in the resumed Jaghire of Duncarapoorum, I have the honor to make a few remarks.—

2 In Mr. Ashton's letter of the 14th August 1839 he recommends that the "extremely objectionable" mode of payment, Viz.t by unauthorized fees of money and grain "be put a stop to" and that a similar practice to that prevailing in the Soobah be put in force.—

3 It now appears that Sanction is granted for a revision of the mode of payment only in as much as that these irregular money and grain fees are to be paid to the Circar and the Circar is to give the Soobah manual rates to the Curnums and Ryotgars at a.

9899

Fort St. George 12th August 1841.—

a loss to Government of 1,143-3-4 as follows.—

Amount of former payments to the Village Servants of all Kinds 2,426-7-1

Proposed rate as in the Soobah 3,569-10-5

1,143-3-4

At this loss to Government all the trouble, vexation and objections to the old system remain. The Ryots only gaining the advantage of paying to the Circar instead of to other parties.—

4 Out of the 2,426-7-1 763-13-1 is paid by a deduction from the Jummah.—This of course would be carried to account of Government, and the remainder of the 3,569-10-5 Viz.t 2,801-1-4 should, I think, to complete a really good measure, be entirely disbursed by the Circar.—

5 If this view be not adopted, I cannot but remark that I consider it very questionable if it would not be better, to let matters remain as before, than to cast upon the Circar the invidious office of Collecting

9900

Fort St. George 12 August 1841

Collecting these fees which have been pro-
-nounced "unauthorized".—

6 In round numbers the Collections
from the Jaghire may be just at 90,000
The allowances, Charges &c. about 85,000
but there is reason to believe that the
Jaghire is improving.—

as shewn in the statement which ac-
accompanied Mr. Ashton's letter of the
In Con.n 11th March 1841 24th February last was Rupees 3,569-10-5
being Rupees 1,143-3-4 in excess of the
estimated emoluments of the Village
Officers under the Jaghiredar which
amounted to Rupees 2,426-7-1 and
it is for the actual disbursement
of the above sum of Rupees 3,569-10-5
that the sanction of Government is
required.— It will be seen from
the 4th Para of the letter now sub-
-mitted that a portion of the emoluments
formerly enjoyed amounting to

Sir,

From the Agt Coll. of the Chingleput Dist. of Arcot

Reporting the principles upon which certain Kyuitta land cultivated by Petitioners in Fasly 1245 of 1841 was assessed & which they complain -

1 - I have the honor to acknowledge your letter of 14th June - It will be necessary to reply somewhat at length -

2 In this district I find that there is a considerable quantity of Kyuitta land that is land which was originally omitted accidentally in the Pymash accounts, and is not to be found under any head or class -

3 It has been the custom to assess such land when taken into Cultivation at the average rate of Assessment of the adjoining lands thus making a distinction from Carnambole land which is assessed at the average rate of the whole village lands - If

9905 Fort St. George 12th August 1841

This Kyuitta land as may be

4 supposed is generally in small spots -

The Petitioners in the present

5 instance took up Fourteen Cawnies of land of this description, which became valuable in consequence of the Govern-ment having expended a considerable sum in repairing some tank works - The old rule being carried out, the rate was fixed at 7 per Cawny for-med on an average of Poonjee land on three sides, and Punjee on the fourth - Five Fusslees they paid for

2 years -

6 By taking this up as Punjee land it will be observed, that as the average was formed on three parts Poonjee rates and one part Punjee a very easy tax was fixed especi-ally with reference to the recent ad-vantage from the Circar maramut expenditure -

If it had been taken up as

7 Poonjee, and then Cultivated as Punjee in consequence of the supply of water, it would have been

Fort St. George 12th August 1841.

been rated at 5-4 as Poonjee, with an additional 6 Rupees per Cawny for any Kuyer or teeva Iyattee in all 11-4 a.

8 Lastly it appears that the Principal Collector, considering the unusual extent of the piece of land, ordered that it should be set down as Punjee per umbuke, and thus it became liable to an assessment of 14-11-5 a instead of 7 per Cawney as now complained of. —

9 It seems extraordinary how so large a piece could have been Kyuit- it is also worthy of remark, that recent Circar outlay had increased the value and that three sides adjoining were poonjee under such circumstances I conceive it to have been a case coming quite within the discretionary authority of the Collector, and the assessment ordered does not appear to be excessive. —

10 Had the cause come before me I think I should have held that as

Fort St. George 12th August 1841.

as on 3 adjoining sides the land was poonjee the average should have been formed on those rates only and the land entered as poonjee and then the usual Kuyer charged on its being Cultivated as Punjee. —

11 I believe the subject of such Kyuitta lands is under consideration by the late Commissioner of South Arcot in a Bookrumnamah under preparation on this account I have entered very fully into this complaint and given my opinion in the last para as to what I conceive would be a fair principle in taxing this description of land. In such irregular matters at the same time it cannot but strike that much should rest on the discretion and local knowledge of the Revenue Authority. —

I beg to recommend that the additions detailed in the accompanying enclosure may be made in the land Tariff of Malabar.

2 They have been prepared by my Head Sheristadar, during a late tour in Palghaut in conjunction with the Principal Merchants. The modifications proposed are not, it will be seen, very important, but they will give, I believe, considerable satisfaction. Their necessity has been more particularly caused by the orders of the Board of the 15th November 1840 regulating the drawback administration of the land Custom duties.-

Remarks

The value of Table Cloths in the Tariff is from Rupees 15 to 2½ per each, and of Towels Rs 3½ and 1 Rupee per dozen. Of the former there are some imported of less value than 2½ Rs each, and of the latter some above the value of 1 Rupee per dozen consequently these 3 additional sorts should be included in the Tariff.

In the present Tariff, this cloth is divided into 9 sorts only, varying from 3¾ Rs to 2 Annas each. There are cloths of the same description but with the gold borders worth 8 or 10 Rs each and two additional superior sorts should be introduced for them. As also three inferior sorts for Moorsuma of the value of Rupees 1¾ of 1 Rupee and of 6 Annas each.

Proceedings thereon

(45-46)

As the insertion in the Tariff of the articles enumerated in the Statement forwarded with the foregoing letter and the rates of valuation are stated to have been prepared in communication and with the approval of the principal Native Merchants interested in the trade the Board of Revenue sanction Mr. Conolly's suggestion.—

Resolved that the following letter be despatched.—

(47)

To The Collector of Guntoor.

To the Collr of Guntoor } Sir Para 1

The attention of the Board of Revenue has been drawn to the Amount of balance remaining against the Sultana Estate for July 1250 as shewn in the Demand Collection and Balance Statement for the Month of June: the arrear of Current Revenue amounting, it is seen to Rupees 8,466 reduced to Rupees 6,700 up to the 26th July.—

2 In the Chelkalorpaud Estate on the other hand the arrear is only Rupees 3,682 and as this is an exact moiety of the Sultana Zemindary, the most desparity in the sums brought to account in each merits notice and requires explanation

Sir

Fort St. George 12th August 1841.—

The Board are not aware whether from the gross collections of the Chilkalorpaud Zemindary the allowances proposed to be allotted to the family for their maintenance remain to be deducted or whether these have been paid from the Collections of the year. But whether they have or whether they have not, the discrepancy between the sum brought to account in comparison with what the Settlement Proprietor has discharged is very large.—

Under these circumstances the Board are of opinion that the Zemindar should be required after making a suitable allowance for his expenses to pay up an Amount equal to the receipts accruing from the Chilkalorpaud Division and in the event of his non compliance that the Estate should be planned and managed under the immediate superintendence of the Government Servants.—

5 The Balance on the Vaseyendy Estate amounting to Rupees 30,000 and upwards

Fort St. George 12th August 1841.-

exceeding that of the preceding season by nearly one lac of Rupees also merits your immediate attention and report.-

6. In connexion with this subject the accompanying Petitions from Branavar Venkata Ramanayanah Proprietor of a moiety of the Chilkalooripad Estate is herewith forwarded for your consideration and report.-

7 You will be pleased to state whether this Cutcherry is competent to undertake the responsibility of the management of her division of the Zamindary and to furnish security for payment of the Peishcush to the extent offered in her address.-

From the Chief Secy to Government - Communicating observations and orders on the Board's Proceedings relative to the settlement of the land revenue of Malabar for Fasly 1249 -

Extract from the Minutes of Consultation under date the 4th August 1841 -

Read the following Extract from the Proceedings of the Board of Revenue (Head Quarters 12th July 1841)

Para 1 His Lordship in Council is happy to observe that the state of the District of Malabar in the Fasly under review continues in the

the opinion of the Acting Principal Collector to present the same mark of prosperity which it has done for some years past.

2 The settlement of the Land Revenue for Fasly 1219 exhibits an improvement in the general out-turns of every item coming under this head as compared with the preceding Fasly, the aggregate giving an increase of Rupees 9518-12-7-

Fasly 1219	10,35,588-5-5.
1218	10,26,069-8-10.
Increase	9518-12-7

3 In paras 5 & 15 of Mr Conolly's letter to the Board, the various causes which contributed to produce the above favorable result are fully explained.

4 With reference to the increase noted under the head of Gardens which tho' small in amount is looked upon as an important and satisfactory result from the apprehension that existed that the introduction of the Garden Survey instead of being attended with advantage to the Revenue would on the contrary entail a heavy loss of 10000 or 12000 Rupees so far however from such being the effect this general

x Rs 791-10-3

general introduction of the measure has been followed by an increase of Revenue derived from these Lands, of Rupees 20,325 since Fasly 1243 which as stated by Mr Conolly is the more satisfactory when it is remembered that the system without unfairly pressing upon any has had the effect of relieving a good many poor Ryots from an undue share of taxation.

5 The completion of this Survey it is stated would take place within the current Fasly, there remaining at the close of Fasly 1219 about 6,000 Gardens only to be inspected out of a total of 285895 included within the several Talooks of the Districts

6 The remaining items do not call for any particular remarks but are considered satisfactory and indicative of the increasing prosperity of the Districts.

7 The Gross Demand for the year as already stated Amounted to Rupees 10,35,588-5-5 the Collections made within the Fasly are observed to have

have been Rupees 16,31,389-1-3, leaving at its close an outstanding balance of Rupees 1,199-4-2 at the commencement of the current fasly. this arrear was reduced to Rupees 1,223-11-10 and measures were stated to be in progress for the realization of the remainder.—

8 The balance of arrears of land revenue for fasleis anterior to that under review amounted to Rupees 1590-11-5 of which 1,121-13-9 were made good, leaving a small balance, the realization of which was considered doubtful.

9 Inclusive of the Revenue derived from Cabia sources, the total Collections made within the fasly amounted to Rupees 32,31,011-2-9 and exhibits a net increase of Rupees 91,959-9-9 as contrasted with the corresponding Collections during the preceding year. A result which His Lordship in Council concurs with the Board of Revenue in considering indicative of the increasing prosperity of the District and highly creditable to Mr. Conolly's management and to the exertions of those under him.

His

10 His Lordship in Council is happy to observe that the acting Principal Collector contemplates great local benefit as likely to result from the commercial operations stated to be in progress in the impoverished Taluk of Wynaad and will be highly gratified to learn that these operations are successfully prosecuted.—

11 It is also gratifying to His Lordship in Council to note the high terms of commendation bestowed by the acting Principal Collector upon the Sub Collector Mr. Goodwyn and the Assistant Collectors Messrs. Silver, Ironeketon and Platel as well as the satisfaction expressed with the services of the Sheristadars Krishna Row and Devasagoonay Pilly.—

Sir,

(10)

I have the honor to enclose for your circular letter dated the 15th Instant and to state that the Rule relative to the sale of stamps are conformed to in the District.

I am not enabled to say what amount of revenue, on regard the prevention of forgery has practically to attend the introduction of the rule in question, which however appears to me to be calculated to obtain the object in view.

I am Sir

of 1st ultimo, they leave to state that of the 3486-243-0-0 Garces of Salt manufactured at Mogultoor in the year 1836, Eight hundred and Ninety Nine Garces still remain on hand —

2. The last three unfavorable years have interfered most materially with the sales of Salt in this District first in the diminished means of the lower classes to purchase it, and second in the increased production of spontaneous Salt owing to the great drought of the season but as the swamps have now been thoroughly soaked, and the present season promises favourably, it is hoped that the sales will reach their proper standard, and the greater portion of the Salt at Mogultoor be disposed of before the close of the manufacture of the ensuing year —

To the Secretary to the
Board of Revenue
Fort St George

Sir,

(14)

From the Collr of Bellary — 1. An application having been made for a grant of land for the support of a Choultry erected by Ambalavand Modelliar, which was published in the Supplement to the Fort St George Gazette of the 12th February last Page 2 — I have the honor to submit the following particulars connected therewith for the consideration and orders of the Board of Revenue —

Requesting the sanction of the Board for granting Lands for the support of a Choultry erected between Bellary and Cooltany in the name of T. Chocalingah Modeliar & his heirs —

2. The want of a Choultry for the accommodation of Native Travellers on the high Western Road from Bellary to the Principal places noted in the Margin, having been seriously felt, particularly between Bellary and Cooltany, a distance of about 12 Miles there being neither Tank nor Well within this space a respectable Inhabitant of Bellary by name Ambalavand Modelliar erected in the

Fort St George 16th August 1841.—

the year 1819, at his private expence a Choul=
=try with a Pagoda and Well between the
above two places - The site selected for
this chaultry is centrical and good, lying
by the road side within the limits of
the Mazara of Kolagull and the
building is considered a work of much
public utility - It appears from the
Statement of the applicant, that
the late Principal Collector Mr
Robertson personally inspected the
Chaultry, and recommended certain
improvements thereto promising
at the same time, that he would
obtain for him a grant of land for
its support as soon as the proposed im=
=provements were finished - Accordingly
=ly the work was commenced, but
not completed earlier than the Month
of June 1839 - The improvements to
above referred to chiefly consist of an
additional stone Chaultry with the
Garden Wall &c as will be perceived by the
Enclosed Sketch Plan - The arrangements are good.

The

Fort St George 16th August 1841.—

The institution affords an asylum to the
Traveller, at the Chaultry, he is fed,
and every alteration shewn to him -
An Establishment of Servants is also
maintained for this purpose —

3. It further appears that
the abovementioned Individuals applied
for the promised Enam lands about
the time Sir Henry Montgomery
quitted the District, but nothing was
then done, I deferred making a
report, until I had seen the Chaultry
myself which I had an opportunity
of doing during my late tour through
the Talooks - It is in good repair and
conducive to the comfort and con=
=venience of Native Travellers -
The applicant has chosen for the
Enam a tract of immemorial Waste
land in the vicinity of the Chaultry
and within the limits of Allapoor, he
also wishes to include a small parcel of
Dry land converted into Garden land at Cuslak

Bellary

Fort St George 16th August 1841-

Bellary and now in his own occupancy as specified in the accompanying State= =ment but as this land is not near the Choultry but entirely unconnected with it, I cannot recommend it; Regard= =ing the remainder, he states, that if his prayer is granted, he will break the Waste and cultivate it by means of new Ryots-

4. The number of Choultries built by Private individuals in this District is small compared with other Districts- There are many situations in this extensive Province where the want of such institutions is much felt, but there are very few People who can afford or possess inclination and spirit to do acts of benevolence of this kind for the good of the Public- The extreme difficul= =ty of procuring wood forms a material obstacle to undertakings of this nature-

5. It will however be observed that the Choultry now reported on does not come under the restrictions of the General Rules dated 19th June 1829 it having been erected ten years prior to the promulgation of the rules in question- An objection presents itself in this case as regards the distance between Bellary and the place the Choultry above referred to is built

Fort St George 16th August 1841-

built being less than the distance fixed in the General Rules for the construc= =tion of Choultries- It is for the Board to consider whether this objection is sufficient or not, to set aside the application for lands for the sup= =port of the institution. There is also the objection of the time that has elapsed since the commencement of the Choultry-

6. Under these circumstan= =ces, I have the honor to request that you will obtain, in the event of the above objections being considered immaterial, the sanction of the Board for my granting the lands applied for on Enam tenure, amounting to an annual assessment of Company's Rupees 47-11-10 which is within the sum fixed by the General Rules, in the name of T. Thocalinga Modeliar the son of the founder and his heirs not for their own per= =sonal advantage but exclusively for the support of the Choultry-

Sir,

Para 1.

With reference to the direction conveyed in your letter of the 17th June last

9965 Fort St George 16th August 1841.

last I have the honor to report that the sum realized by the sale of the Porto Novo Ploughs amounts to Rupees Twenty five /25/.

2 I advertised those implements in every possible manner and after being exposed to view not a Native could be found willing to purchase even one on any terms. I could not realize one Rupee on any Plough, the Sub Collector was more fortunate and sold one, to I accepted an offer of 25 Rupees for the whole lot, from a Gentleman farmer at Chittoor, who purchased them supposing the few Iron bolts might turn to some use.

To the Secretary to the

Fort St George

Sir,

24

From the Pt Coll= in the Nn Dn of Arcot — Reporting that Goorapa Naik and Narrain Modely have not yet been put in possession of the Betel and Tobacco Farms and that the Puttah will be withheld pending the Board's in=structions —

Para 1. I have the honor to acknow=ledge the Extract from the Board's Proceed=ings dated the 2d Instant transmitting a letter from Mr Turner conveying an offer of Rupees 1000 additional for the Beetle and Tobacco rents of North Arcot, and with reference to the decrease of Revenue in these farms for the pre=sent year, the Board are of opinion that they should be again offered to pu blic competition if Goorapa Naik and Narrain Modely have not been put in possession —

2. Goorapa Naik and Narrain Modely have not been put in possession inasmuch as the Puttas and Mochel=kas have not been exchanged, there being always a few weeks delay in effecting this and the sanction of the Board of Revenue also being necessary previously to the parties being put in possession. still I am of opinion to esta=blish the precedent of setting aside their

9967

Fort St George 16th August 1841-

their right to this rent when put up to competition, by authority, might shake their confidence in any future public sale legally proclaimed —

3. It would have been of advantage to Mr Turner in his manage=ment of the Arbkarry Farm had he obtained the rent of the Beetle and Tobacco at the same time, and it is desirable that they should be taken together if possible. Mr Turner being well aware of this, but nothing at the time of sale could persuade him to come forward with a higher offer —

4. One thousand Rupees in addition will not put Goorapa Naik and Narrain Modely out of the rent, and it would be scarcely fair now to fine them in more than this sum when Mr Turner had every opportunity at the proper time and places of making good his own right to it —

5. Although there is an de=crease in the Farm for the present fusly it will not tend to lower the rent in future years. Goorapa Naik & Narrain Modely

Fort St George 16th August 1841-

Modely will always contest the sale, and had they been opposed on the late occasion they would have been prepared to have bid higher for it-

6. The parties are so far in possession of the Farm at present as their own sibbendy having charge of it, but I shall withhold the Puttah until I receive further instructions-

Proceedings thereon, 1. Pt Coll

(24-25)

Under circumstances stated in the foregoing letter the Board of Revenue will not refuse to authorize the acceptance of the offer of Goorapa Naick and Narrain Modely for the Betel and Tobacco farm of North Arcot for fusly 1251 being Rupees 20320- notwithstanding the large decrease in the Rents in comparison with that of the preceding fusly-

2. With reference to the observations of the Principal Collector in Para 2. of his letter, the Board desire it may be distinctly understood, that

Fort St George 16th August 1841-

that no rents are valid until confirmed by the Board of Revenue- To withhold their confirmation from insufficiency or otherwise would not therefore necessarily tend to shake confidence in future sales-

3. Mr Ogilvie is requested to intimate to Mr Turner or to his agent that the Board having ascertained that ample opportunity had been afforded him in the first instance to bid for the Betel and Tobacco Rents do not now see occasion to open the farm for further competition-

Sir,

In reply to your letter of 1st June last I have the honor to state that to the best of my belief there is no such a person as Soobrayen Vakeel for the Moonsiffs in this District. I believe the whole to be a fiction but if any one should again present petition in person the Board or Government on this subject or if the party who gave in the petition now returned can be found in Madras,

Para 1- The sum which I would propose to be paid to the Deputy Sherestadar and to the Tahsildar of Trivady by whom in the absence of a Head Sherestadar the Settlement of this year was conducted, is equal to the pay of a Head Sherestadar on the lowest grade of allowances, for 5 Months or Rupees 1,400-

2 During the absence, on duty as Deputy, of the Tahsildar of Trivady: an acting Tahsildar was appointed on the full allowances of the Office and therefore none of the pay of Tahsildar will be available for the acting Deputy Sheristadar, the importance of that Talook rendering it necessary that an efficient Man should have charge of it during the season of the year when the duty was most arduous- —

To The Chief Secretary to Government.

Recommending for sanction an arrangement proposed by the Acting Pr. Coll.r of Tanjore for remunerating the Deputy Serishtadar and others for duties performed by them while the office of Head Serishtadar in Tanjore was vacant.

Sir,

Para 1. The demise of the late Head Sheristadar of Tanjore was reported to the Board of Revenue on the 14th December last, and on the recommendation of the Acting Principal Collector, Goondapah, Head Sheristadar of Bellary was nominated his successor to have effect from the 1st inst. last.—

2- During the intervals noted in the preceding Para, Streenevasa Row the Deputy Sheristadar performed the duties of the superior office; the Tahsildar of Trivady Taluk having been nominated to officiate for Streenevasa Row an acting Tahsildar was appointed to Trivady on the fixed pay of that situation; the importance of the Taluk Sir H. Montgomery reports rendered this arrangement necessary.—

Fort St. George 16th August 1841.

3. Under these circumstances the Acting Principal Collector has proposed to remunerate the Deputy Sheristadar, Streenevasa Row from the undrawn emoluments of the Head situation at the rate of Rupees 280 per mensem, the lowest grade of allowances attached to the Principal appointment - The Tahsildar of Trivady receiving the Nath Sheristadar's Authorized emoluments; and the Party

From the Collr of Trichinopoly - submitting further explanations in the several points as called for in the Bd's proceedings of the 26th October 1840-

Sir,

I have the honor to submit for the consideration of the Board the following remarks on the several points upon which in their proceedings of the 26th October 1840, Commenting on my report on the land Settlement of the District of Trichinopoly for fusly 1248. explanation is called for. —

2. In para 11 of the above proceedings I am required to explain why instead of Rupees 1925-11-6. the full amount of assessment on the extent of lands found deficient in certain Dunjay Villages resurveyed by the Board's orders only Rupees 1772-3-4. were remitted - The explanation is this, in the sum of Rupees 1925 — 11 — 6 - is included the assessment of the deficiency of the Sporta of land

Fort St. George 16th August 1841.

land which were actually cultivated and of the Sheigal Sursee. The sum of Rupees 1772 - 3 - 4 - is assessment of the extent found to be deficient in the measurement of the former - the remaining sum of Rupees 153 - 8 - 2 - being the assessment of the deficiency found in the measurement of the lands left waste and not assessed to the Revenue in that year consequently the former sum is the amount of actual remission made. —

3. From the accompanying detailed statement, it will be perceived that out of the total increase in the extent of lands according to the measurement of fusly 1248. as compared with the accounts of fusly 1234. Vizt Cawnies 32 - 25 - 7 - bearing an assessment of Rupees 218 - 4 — 11. Cawnies - 6 - 66 - 7 - assessed at Rupees - 40 — 6 - 10 - were in fusly 1248 waste. Consequently the

Total Cultivat. & Waste 218 - 4 - 11 -

Remainder 177 - 10 - 0 -

the amount of actual increase under this head was only Rupees 177 - 10 - 0 -

4. In para 12 the Board observe that the accounts do not shew whether the general rule that no differences in measurements less than 10% in dry lands and 7½ in wet lands are to be taken into consideration, has been attended to in this instance - I beg to state for the Consideration of the Board that neither the rule alluded to, nor any other rule in respect of differences of measurements has been in force in this District. The practice however has been in general to bring to account all increase and to take no notice of any decrease. —

5. The reason of this custom is ascribed to the circumstance of it's being hardly possible in any instance to place reliance on

Fort St George 16th August 1841-

on the Pymash accounts which are at present to be had- for where they exsist- and in many villages there are none. they do not include all descriptions of land- Poramboke- and a Bunjer and so forth having no place in them- It has therefore, I presume, been concluded that where such facilities exist of adding to a farm, it is not likely that a deficiency will be found- and as to Boundaries- whenever they are pretended to be described they are utterly inapplicable to the actual state of the lands- The accompanying Statement however shews the per centage of Increase and decrease in the lands in question according to the settlement now made-—

6- The Form of Statement sent with the proceedings under reply requires that specified Fieldwar information should be

Fort St George 16th August 1841-

given of the increase and decrease between the measurements of Fuslies 1213 and 1248- This I have not the means of doing, for altho' the accounts of Fusly 1213. pretend to exhibit the particular holding of each individual at the time they were prepared, all notice of the Chuckbandy or Boundaries of the holding is omitted and during many years subsequent to fusly 1213 no attempt has been made to keep a fieldwar account- In fusly 1233 however new Pymash accounts were prepared by the Village Officers which are in the possession of the Curnams, a comparison therefore has been made between these accounts

and

Fort St George 16th August 1841-

and the recent measurement, and is submitted for the consideration of the Board in lieu of a Comparison with the survey of Fusly 1213.—

7- This comparison however is practically of no use, for the Pymash of Fusly 1233 is not the result of actual measurement, but a mere adjustment of the increase and decrease brought to account from time to time in preceding years, nor is any benefit to be obtained from a comparison of the accounts of Fusly 1233 with the original accounts for as has been often explained to the Board; no correct measurement ever was made- In the original survey the lands are distinguished into

Fort St George 16th August 1842

into Cuttays - the boundaries of which, as before mentioned, are not now to be discovered - a Statement as nearly as possible in accordance with the Form which accompanied the Board's proceedings is herewith transmitted.—

Para 14.

8- In reference to the remarks of the Board relative to certain lands being cultivated under the management of the Circar, I beg to state that it was found impossible to let them at any thing like the full amount of the assessment fixed on them - I am quite aware of the objections to the measure of which the Board disapprove - and I will in the course of a short time submit

9988. Fort St. George 16th August 1841.

submit a further report on the subject of the lands in question which I am not yet prepared to do, so fully as I could wish.—

Paras 18-19. 9. In reference to the Board's objections to the formation of a new Village, I beg to observe that as the lands of which it is composed belong to two separate Villages, the formation of a hamlet would in fact be liable to the same objections: and as there are no very particular reasons for keeping the tract of land in question distinct, I have thought it best that it should remain annexed to the two Villages to which it respectively belongs; a measure which at once obviates all objections.—

9989. Fort St. George 16th August 1841.

10. The instructions of the Board in regard to the assessment of land cultivated with sugar-cane in the Talooks of Oodeairpollaiam have been duly attended to.—

Proceedings. Extract from the Proceedings of the Board of Revenue dated 16th August 1841.-

Relative to the settlement of the Shevagungah Estate in the Madura District for Fasly 1249.

Read the following letter from the Principal Collector of Madura, containing his report upon the settlement of the Shevagunga Estate for Fasly 1249.-

/Here enter No. 101./

Board's Proceedings 23rd Novr. 1840. Para 8.

1 The arrears of Peishcush on account of which the Shevagunga Estate had been held under attachment prior to Fasly 1249. having been cleared off in the course of that year, the property continues under the Principal Collector's superintendence pursuant to an order of the Sudr adawlut, and pending the decision of her Majesty in Council in the appeal by Bodagaroo Sawmy Raja Woodia Taver against the decree of that Court in favor of the Ranee Unganoostoo Natchyar.-

Season. 2 The season appears upon the whole to have been tolerably favorable altho' the super abundance of Rain at its Commencement is stated to have caused the breaching of a considerable Number of Tanks, the greater portion of which however

Fort St. George 10th August 1841.

Para 2. however were made available for purposes of cultivation by the early and strenuous exertions of the ryots, at but little expence to the Estate.-

3 In forming the Settlement of the Fusly under review the Principal Collector, under authority from the Board put a stop to the practice which had obtained under the management of the Zemindar of exacting from the Ryot under the designation of "Pallai Choondoo" the difference between the estimate of the proprietors share of grain and the actual produce- From the increase of 4979- in the number of Patnie Ryots noticed in Para 8 of the report, it may be inferred that this boon has been duly appreciated by the parties for whose benefit it was intended, and this in conjunction with the other judicious arrangements made by the Principal Collector for the speedy Division of produce and disposal of the proprietors shares to the Merchants appears to have been attended with the most beneficial results both to the Ryots and the Estate.-

with

Fort St. George 10th August 1841.

4 With the view of more effectually protecting the interests, both of the ryot and the Zemindar, by preventing the recurrence of the system of obliging the former to match the produce and be responsible for its deficiency and the loss to which the latter might be subjected from being obliged to dispose of his share at once without reference to the state of the market, the Principal Collector proposes the erection of granaries for storing Grain in different parts of the Zemindary to the number of 272- at an expence varying from 70 to 300 Rupees each, and half to be commenced upon immediately and another quarter to be sanctioned afterwards. Under the uncertainty which at present exists as to the length of time which may elapse before the decision of the question of proprietorship by his Majesty in Council which will determine the duration of the Principal Collectors Management, the Board do not consider it expedient to sanction so large an outlay from the proceeds of the estate as

Para 6.

as the erection of the proposed Granaries would involve, and they consider that the interests of the estate will be sufficiently consulted by adherence to the system already introduced by the Principal Collector as explained in Para 6. the Grain when disposed of being at the risk of the purchaser alone,

Para 6.

"who was repeatedly warned of the folly of procrastination" "in taking charge of it" "and "by whom it was understood that the Ryot was "not to bear any responsibility for wastage or "deterioration, he having it fully in his power "to provide against it."

5.

The following statement shews the particulars of the settlement for Fusly 1249 as compared with that of the preceding year and exhibits a net increase of Rupees 4,1452-9-7- the amount for Fusly 1248. being Rupees 4,36,26-4-5- whilst that for the year under review was Rupees 4,77,713-8- as compared with the average settlement of the last 5 years that of Fusly 1249- shews an increase of no less than 114749-11-2- or 31-9-10- per cent.-

Runjah. 6.

Para 11. The extent of Runjah Land paying in Kind which was included in the Settlement of Fusly 1249. exceeded that of the preceding year by 4,142 Cheys. and in the proprietors share of the Gross produce there was an increase to the extent of 8,774 Cullums. The produce is stated to have been greater than in any previous year of the Assumption, but owing to a falling off in price, the money increase was not so great as it otherwise would have been, the Statement annexed to Para 13. shews the increase by extent of cultivation or excess of produce to have amounted to Rupees 94,572-4-" and the decrease by price to have been Rupees 60,008-7-7. thus reducing the net increase in money to Rupees 34,563-12-5.

7 The causes of increase and decrease in the other items comprized in the Settlement, the explanation of which is contained in the paras noted in the margin, do not appear to call for any particular remark.

9 The arrears due by the Ryots for Fusly 1248 amount to Rupees 2,195-4-6. The particulars of which are detailed in Para 24 of the Principal Collectors report, and under the explanation there given, the Board resolve to recommend that Rupees 2,046-5. of the above sum may be written off, leaving Rupees 149-4-1. to be recovered if possible hereafter.-

Sungumeialis Chettrom at Sholavandan	Repairs of Cook room	117 6 5.		When this branch of Road No. 15 became broken up and no longer frequented, this highly endowed and valuable chettrom was allowed to fall into exceeding disrepair, and that of Dhademputty in the other Branch was built from it's funds, that the charity might continue of it's pristine importance. For five years gradual repairs have been making to this branch and in last year to a very considerable extent so that only one more bridge of 240 Rs. estimate is wanting to put it in efficient repair, and it has already regained one third of it's former traffic - For the first 6 items there ought to be no hesitation in granting sanction. I beg sanction for the 7th though there is not money sufficient in hand, but because the work is essentially necessary - and before seasoned wood, for which there is already a sufficiency of funds, can be procured, there will be a sufficiency to complete the work - The works were estimated by Chokakotten the Devastanom sircaistry, and both before and since have been directed and compared personally by the Sheristadar, Tahsildar and myself. -

From the Asst Collr of Tinnevelly. } Para 1.

To The Secretary to the Board of Revenue Fort St. George

Sir,

I have the honor to report on the disposal of the different Rents of this District for Fusly 1251, as detailed in the accompanying Statements No. 1 to 5.

From Statement No. 1 it will be seen that the Betel rent has been put up in lots / such being considered most convenient to all Parties / and were thus disposed of to the highest bidder for Rupees 37,665, exhibiting a decrease on the whole of Rupees 2,285 below last year. The requisite Securities have been taken from the purchasers, in addition to the usual deposit of One month's kist for the due performance of their respective Contracts.

2

The competition for the 3. rent of the duty on Tobacco for the whole District has produced Rupees 27,600 which exceeds the amount obtained in the past Fusly by Rupees 250. The purchaser

purchaser has deposited one month's kist to the amount of Rupees 2,300 and has also furnished collateral security for the fulfilment of his engagement, as exhibited in the Statement No 2. The rent for the Frontier duty on the same article was, as usual, put up to auction, and a proposal for Rupees 5,650 only was made by one person, named Sandee Abdulcauder Lubbay. This sum on reference to the Accounts from Fusly 1229 down to Fusly 1250 as shewn in the marginal Statement, is far short of the amount obtained in any of the years either under the renting system or aumanie Management. Under these circumstances, I beg to recommend that the duty on the Frontier Tobacco for the current Fusly may be collected under Aumanie in preference to its being rented for the low sum that has been offered, more particularly as no extra expenditure in the way of establishment will be incurred by its retention under Aumanie.

4. The farming of arrack and Toddy for the District and for the Fowrie of Palamcottah and Tuticorin have been as usual put up separately, and disposed of to the highest bidder. From Statement No 3 it will be observed that each kist

than last year, with the exception of the Toddy Rent for the whole District (exclusive of Palamcottah and Tuticorin) in which there is a trifling decrease; the whole amounts to Rupees 24,575, which being set against

the amount obtained in the past year, the result shews a surplus of Rupees 1,685 for the year under report. The several renters have furnished the required Security and a deposit of one month's Kist in addition.

5 The Chayroot Revenue and the duty thereon were put up separately, but have been taken by one individual, as noted in Statement No 4. The best offer received for both items is Rupees 9,720, which is equal to the sum obtained for the preceding year. A deposit of one month's Kist with the necessary Security has been furnished by the renter and approved of.

6. The several Hillrents in the District have been disposed of to advantage, the proposals received for the same amount to Rupees 4,060, exhibiting an increase of Rupees 785 in favor of the present year as particularized in Statement No 5. The usual deposit and Collateral Security have been produced by the renters and admitted.

7. As the result of a comparison of the amount of the rents as enumerated above, with that of the past period, shews an increase of Rs 435 in the current Fusly, I beg to recommend that the several proposals may be accepted.

Fort St. George 16th August 1841

Proceedings thereon The offers for the Rent of the Betel and Tobacco duties in Tinnevelly for Fusly 1251 as shewn in the Statements that accompany the foregoing letter are sanctioned by the Board of Revenue, with the single exception of the Rent for the Frontier duty which will be kept under summary as proposed, on the distinct understanding that no additional Establishment will be required for the Collection of these duties.

The Board are also pleased to sanction the acceptance of the offers for the Arrack and Toddy Rents, for the Chayroot Revenue, and for the several Hill Rents. It is presumed Mr. Ogilvie has satisfied himself of the competency of the intending Renters and their Several Sureties.

From the Dy. Coll.r of Canara } Sir, Para 1.

In reference to the Petitions Nos. 1395 and 1396 of 1840. I have the honor to submit the following report on the subject to which they relate.-

2 One Vurdaya Bullal of Soolloor in the Mangalore Taluk, having died, his estate was claimed by the Petitioner and by the Wegade of Dhurmastalla- each party advancing his right to its profession; the latter being a distant relation and the former the son of the deceased Bullal- The dispute was inquired into by the Tahsildar and referred to the Assistant Collector Mr. Young for final orders, who passed a decision on the case in favor of Dhurmastalla Wegade- The Petitioner however appealed to Mr. Maltby the Sub-Collector in charge in April 1838 against Mr. Young's decision.-

3 The original proceedings having

10078 Fort St. George 10th August 1841.

been sent for and reviewed, it appeared that the case was not properly cognizable either by the Collector or Magistrate- The decision of the Assistant Collector has been accordingly reversed, and the whole of the estate ordered to be restored to the Petitioner as being the person in charge of it on the death of the late Vurdiah Bullal- The Petitioner's case has thus been redressed and he has no further cause of complaint.-

The original Petitions are herewith returned.-

From the Collr of Canara

Reporting on the subject of remitting the tax on the salt used in Curing Fish in Canara.

Para 1. In reference to your letter of the 11th February 1841 calling for a report on the subject of the Fisheries in this District. I have the honor to submit a statement furnished from the General Taloke, of the quantity of Fish Cured during the season of 1840/41. by means of Government salt and by the application of Sea water and salt earth. This Table however Cannot be considered correct as there are no means of accurately ascertaining the quantity of fish cured either for home consumption or exportation. I have no doubt that the quantity exhibited is much below the mark.

2 With respect to the question in the latter part of your letter under reply, I am not inclined to think that there would be any considerable extension of the Fisheries by the remission of the tax wherever the fishermen had

Fort St. George 16th August 1841.

the means of using Sea earth, salt or other modes now in use of drying and Curing their fish. It would be only in the immediate neighbourhood of the salt Factories that there would be any increased consumption of the article for the purposes mentioned were the tax remitted to the fisheries. for as in the Curing of fish with salt earth or by the other processes in which salt is not used, the fishermen are put to no expense beyond the labor necessary for the purpose which is generally performed by their own families, it cannot be expected that they would be at the trouble of going to any distance for salt to be employed in Curing their fish, where they had the means of preparing them for market equally well on the spot. In places where there are few facilities for procuring earth salt as is the case in Cundapoor in this District, the allowing salt duty free would no doubt prove of great service to the fisheries.

3 As salt in Canara is a Government

Fort St. George 10th August 1841.

government monopoly, the only mode of lowering the Cost to the fisheries would be by the reduction of the monopoly sale price which is now about 525 per cent on the first cost. But in order to prevent the Revenue from being defrauded by the abuse of this privilege, some strict Regulations must necessarily be enacted, and it is worthy of consideration, I think, whether in lieu of a remission of tax as reduction in the sale price of salt to be used in the fisheries, it might not be advisable to give a drawback on the fish cured with salt either for home consumption or for export.-

4 In order to protect the salt Monopoly in this District, former Collectors have prohibited the fishermen from using salt earth called "Vagarao. Mummos" in curing their fish, and they have been liable when discovered using it to be brought before the District authorities for examination, although this prohibition has been greatly

Fort St. George 10th August 1841.

greatly evaded as shown by the return now sent, yet it has always been felt as a grievance by the fishermen & and it has no doubt operated to a certain extent as a check on the extension of the fisheries.-

5 From the imperfect state of my Records I am not aware whether the above prohibition has ever been communicated and received the sanction of the Board, but as it seems to be the desire of Government to remove all impediments to the extension of the fisheries, I would beg to recommend that full permission may be given to the fishermen on this Coast to use the sea earth salt above mentioned in curing their fish.-

submitting opinion as to the effect which the substitution of the Indian Maund for the Garce measure would have upon the Salt trade.—

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings under date the 17th Ultimo, desiring me to submit my opinion as to the probable effect which the proposed substitution of the Indian Maund for the Garce measure would have upon the Salt Traide.—

2 I have already by my letter dated the 22d January last brought to the notice of the Board the Objections which presented themselves against the introduction of the System of receiving and issuing Salt by weight, and the Board were pleased to concur in the view I had taken of the case—it only remains

Proceedings 18th February 1841—

Fort St. George 10th August 1841.

remains for me, therefore, to submit that the substitution of the Indian Maund for Garce may be a matter of account and that the receiving and issuing of Salt may continue by measurement.—

1 Parrah of Salt. 110 Lbs
120 Parrahs being one Garce.
1 Garce = to 12000 Lbs which @ 38½ Rs per 39 Rs per Candy is equal to 4,68,000 Rupees 3200 Rupees being an Indian Maund 1 Garce of Salt is equal to 146¼ Indian Maunds—

3 According to a trial made in this District, it appears that a Garce is equal to 146½ Indian Maunds, I would therefore beg to propose, that with the view of giving effect to the orders of the Honorable the Court of Directors this rate of conversation may be adopted in bringing to account all Salt received and sold by measurement and such other rate as the Board may determine after receiving the reports of other Salt Districts as I conceive, it is of moment, that one uniform rate should be observed by all the Collectors.—

furnished to you for those periods respectively.

I beg to explain that there has been no actual increase in the number and expense of this Establishment, the additional Servants in the two Returns already sent to you, having been inserted therein since the receipt of your Circular dated 13th January last, as the wordings in the former Returns which accompanied it appeared to require their insertion in those Returns. These Extra Servants have hitherto been charged under the head of "Extra Revenue Charges", and it will probably be more correct to continue them under that head.

Sir.

I have the honor to forward an advertisement for the sale of several Estates which have fallen in arrears during the past fasly which I request may be published in the office of the Board of Revenue, I trust that it will not be found necessary to bring any or at any rate very few of these Estates to sale but the publication of an advertisement is

Rajahmundry
for July 1841—

Para 1

The season is stated to have
been favorable at the commencement both
for the dry and wet cultivation, but a
subsequent failure of rain to return with
the storm which happened in November 1839
caused a considerable falling off in
the crops, which the Collector reports

to have been on an average, not
more than half as abundant as
usual— The Palaks is stated to
have suffered also from the disturbed
state of the Rumpah Country.—

in the Estate the Collector has
succeeded in obtaining rents for
23 the remaining 9 being settled
under Runnamee— In the preceding
year 14 only were rented and 18
settled Veefasabady.—

3.— The Pimarcum bists
of the Veefasabady
Villages amounted
to Rupees 6,346—6—
the particulars of
which are shewn in the margin.—
From this the usual remissions
were made on account of Village
charges amounting to Rupees 302

settlements of Jagapaty Nagrum on account of the damage sustained by this Village from the storm, which the Collector observes "was "too real to admit of a doubt of "the necessity of great remission" The total deductions thus amounted to Rupees 1775 leaving the net settlements of the Annamie portion of the estate Rupees 4,571-6- The addition of the extra items enumerated in Para 6 amounting to Rupees 1337-13- raised the total demand on the Annamie Village to Rupees 5909-3- being 865 by Rupees 8744-2- than the demands on the same portion of the estate for Fusly 1248 the decrease having occurred almost entirely in the Village of Jagapaty Nagrum, which the Collector was unable to realize and the settlements of which owing to the causes above noticed fell below the sums for

7.- The totals amounts brought to accounts as receipts within the year (including a small sum of 4556-3-5 advanced to meet incidental charges, which has since been adjusted) was Rupees 15,102-7-10. of this, after the disbursements of the various sums enumerated in Statements No 3 under the head of "charges management," a sum of Rupees 10,508-15-3 was credited to Government on account of Pesh-cush of which there remained a balance due at the date of the Collector's report amounting to Rupees 29,262-13-1 the annual decrease being Rupees 12,789-

8.- With reference to Para 10 of the Board's Proceedings upon the management of this estate for Fusly 1248 the Collector reports that the claim of Vittoba may be arranged to the Board's satisfaction

10118. Fort St. George 19th August 1841.-

Petition No 1421 of 1839 cannot be maintained; and as it appears that no suit has been filed in Court on account of the estate, the Board recommend with reference to the opinion expressed in the Minutes of Consultation dated the 14th December last that the Collector may be authorized to proceed immediately to dispose of the estate for the realization of the arrears of Peishcush due upon it to Government at the time it came under his management amounting to Rupees 14821-4-7.

No. 1

To The Provincial Court of Appeal
Masulipatam.

A separate Pleading filed by 1 Condah Seroobhoo and 2 his Uncles' son Soobiah Appellants in Case No. 27 of 1840 on the file of your Court.

As your Court will perceive all

all the circumstances by the Record of the said Case, we beg leave to offer explanation only to the objections specified in the Decree of the Lower Court in regarding our land in dispute as follows 1st. The lower Court stated in the Decree that the Bill of sale specifies only Laukerauze land, but was it true, the value thereof would have been ten times greater. To this we beg to observe that as we personally filed the said Complaint, we have only claimed the land together with the past produce forwant of the knowledge that we might claim ten times as much the value for Laukerauzee Land. Consequently your Court will perceive that it is not just for the lower Court to state (as an irregularity on our part) that the value would have been ten times greater had it been a Laukerauze land instead of causing us to file the Complaint to that extent in the same manner as your Court now directed us. We have stated in our Complaint that the land in question is Laukeerauze and the Respondent (the Collector in the Zillah of Rajahmundry) admitted in his Original answer that it has been held as Inaunium land by the father of the Defendant in Case No. 772 of 1809, when it was sold to us by the Court in satisfaction of the amount of the Decree in that Case. It

It will also be proved by the Bill of sale we obtained as well as by the Tuffy report and List of the sale (by auction) filed in the Record of the said case No. 772 that the said land was purchased by us for Rupees 232 at the rate of Rupees 928 per Pootty which is a great deal higher than what should be paid for the common Laukerauzee lands. While the matter was thus, it will be very clear that the Decree specifies erroneously that the Land in question was not proved to be Inaunium, and that it was stated only in the bill of sale as Laukeerauzee land. Besides this, your Court will perceive that since the land was put up to sale by the Court as Laukeerauzee & sam and made over to us on payment of a high price to the Government, it is not just for the lower Court to deny its being Inaunium land, also for the respondent (the Collector) to claim it as Jeroyettie, when it was so purchased in the Public sale of the Court. 2ndly as the Decree of the lower Court further remarks that our assertions were in no way supported by Witnesses, we beg to observe that the declaration of our Witnesses, as quoted in the same Decree is that the land in question was granted in gift as Inaunium to the father of the Defendant in Case No. 772 of 1809, and it was purchased by us in sale by the Court as Inaunium Land, but no Cuttoobady was ever

ever levied thereon. This Statement we trust will substantiate our claim fully. Though the Witnesses of the Respondent / the Collector / have given Contradictory evidence with a view of obtaining his favor in consequence of his being a great authority, yet it is trusted that the Jufty Jabitahs obtained by the Court for the sale of the Land by public auction, as well as the statement of the Respondents 1st and 2d Witnesses, the former declaring that the Land was stated to be Maunium at the time of sale, and the latter setting forth at first that it was sold as a Lankeerauzee Land, will Convince your Court that the lower Court's remark in the Decree that our assertions were not supported by witnesses is Contrary to justice, since it is very plain that the Land in question was sold to us as Lankeerauzee, and we should therefore be permitted to enjoy it by Law. 3rdly The accounts submitted by the Collector regarding the land in question marked **A.B.C.D.E.F.** and **G** not being attested by the former authorities, it is trusted are not applicable in the present Case. 4thly Our witnesses named Pary Ramanah stated in his deposition that he has an Enam land lying on the East of our said disputed land, and another Enam land of Iyagary Akapah and sevarandos / which is situated on the west side

of our Land / which were obtained subsequent to the Permanent accounts. To this we beg to observe to your Court that in fusly 1228 or year Bahoodhaniah the then Collector Mr. Robertson caused the accounts to be prepared regarding all surva Agraharams and Doombalah Enams and those charged with Cuttoobady in the Circar of Cocanada, showing the portions thereof issued previous and subsequent to the Permanent accounts respectively, and held in deposit the amount levied upon the latter Class by placing them also under attachment. And then Mr. Collector Hanbury assessed the Cuttoobady tax upon those attached Agraharams and Enams under sanction of Government, but although he had assessed the Cuttoobady tax at the rate of 16 and 20 Rupees per Pootty for the darimilah Enams / or Lands issued subsequently to the Permanent assessment / which are lying on the East and west of the said disputed land, Viz. 5 Tooms, yet he charged for the latter only, the dairy or Jeroyettee Cist at the rate of 64 Rupees per Pootty since it has been enjoyed by ourselves for a period of 16 years from 1810 to 1826 as Lankerayjee Land / upon

Fort St. George 19th August 1841.

(upon its purchase in the public sale of the lower Court by one of us the 1st Plaintiffs for a sum of Rupees 232) besides its being previously enjoyed by the Defendant in Cause No. 772 of 1809 from 1803 to 1809. Consequently we trust your Court will perceive that the lower Court erroneously passed the Decree which is contrary to the Law without enquiring into the said irregularity..

Under the foregoing circumstances we pray your Court will be pleased to reverse the Decree of the lower Court and adjudge the Respondent (the Collector) to make over to us the Laukeerauzee Land which was purchased by us in the public sale of the Court in satisfaction of a Decree in Cause No. 772 of 1809 above alluded to together with the past produce of Rupees 192 and all Costs of suits in the two Courts. Please to peruse. Dated 22d February 1841.

No. 2.

To The Provincial Court of Appeal
Northern Division.
Masulipatam.

Proposed Answer by the Respondent G. A. Smith Esqr. Collector in the Zillah of Rajahmundry, to the separate pleading filed by 1st Condah Sarboo and 2nd His uncle's son Soobiah Appellants in Case No. 27 of 1840 on the file of your Court.

The appellants state in their separate pleading that the lower Court stated in their Decree that the Bill of sale specifies only Lakerawzee Land, and was this true, the value thereof would have been ten times greater, but as they (appellants) personally filed the Complaint, they did not know that they ought to claim to that extent, that the Collector admitted in his original answer that the Land in question has been held as Maniem by the father of the Defendant in Case No. 772 of 1809 when it was sold to them (appellants) by the Court in satisfaction of the Decree

in

in that case, that though the Decree of the lower Court remarks that their assertions were in no way supported by witnesses, yet the declaration of their witnesses quoted in the same Decree will substantiate their claim fully, that it will be proved by certain Sufty. Zabitahs viz. obtained by the Court in case No. 772 of 1809. as well as by the statement of certain witnesses on behalf of the Collector, that the Land in question was sold to them as Lakerajee, that the accounts submitted by the Collector marked from A to G are not applicable in the present case as not being attested by the former authorities- that Mr. Collector Hanbury in assessing a Cuttobady tax of 16 20 Rupees pr. Potty for Darmulah Enams which are lying on the east and west of their said disputed Land, Charged for the latter only the Zeroyty Cist at the rate of 6¼ Rupees pr. Potty, that since it has been enjoyed by them for a period of 16 years, from 1810 to 1826 as Lakerajee Enam, besides it's

previously

previously being under the enjoyment of the Defendant in Cause No. 772 of 1809. from 1803 to 1809, they trust the Court will adjudge the land to be made over to them, together with the past produce of Rupees 192 and all Costs of Suit.

In reply to the above the Collector begs leave to state that the land which the appellants claim to enjoy free of tax, is not Lakerajee Enam, but Zeroyty paying a Cist to the Circar, and is not entered in the Permanent accounts under the Head of Enam, either in the name of the Defendant in Case No. 772 of 1809. or his forefathers- As the Estate of Amlapoor which includes the Village Bumdaroolunka reverted to Government in fusly 1228. the then Collector Mr. Robertson on an investigation of the Enams in the Moottah, found that the land in question Viz. 5 tooms which is a part of 1- Ostee 7¼ 17¼ of Zeroyty Land occupied by a ryot named Toolah Rajanah and which paid a Cist of Pags. 4-3-6. or Rupees 16-2-8. at the rate of 385 Rupees pr. Cent was granted by the Villagers in the year Roodhrodgary or fusly 1213 which is 5 years subsequent

to

to Caulayookty or fusly 1208) upto which period the permanent Assessment was formed) with the consent of the then renter Cauderla-poody Jaggernadharauze under the Proprietor to Nundy the father of the Defendant in the said cause No. 772 of 1809 as Enam, and that it was purchased by the appellants in the sale which took place in Prajotputty year or fusly 1221 under the Court's warrant. But as such proceedings were contrary to Sec. 12, Regu-lation 25 of 1802. that lands alienated out of those paying a Cist to the Circar should be allowed to be enjoyed as Enam, the Collector Mr. Hanbury issued an order to the Amuldar of Amlapoor under date 11th March 1813. to Collect the former Cist Rupees 1.6-2-8 upon the said Land, and it has been accordingly Collected from the appellants from that fusly. The fact of appellants having en-joyed the land without paying any tax while it was under the Proprietor, is not a bar to the tax being Collected now when it is needed the Government. The specification of Lake-rauzee Enam in the Bill of Sale as well as in the

Zuftty Zabitaks Vis. of the Court cannot secure the interest of the appellants because it might have been so inserted without due inquiry, as no tax was paid upon it when it was sold under the Court's warrant in Case No. 772, the Estate being under the proprietor, The Collector denies having admitted in his original Answer that the Land in question was Enam as he only stated therein, that the Zeraylty Land was given for Maniem subsequent to the permanent Assessment to the loss of Government. The Court will plainly perceive by the Decree of the Zillah Court that the evidence ad-duced on the part of the appellants is not sufficient for holding the said Land as Lakerauzee Enam, since it is clear it was given in gift as above alluded to, after the permanent Assessment was finished, and all disputes of the kind must be settled by the accounts of the permanent Assessment which accounts Vis. produced by the Collector prove that Zeraylty Cist was levied upon this Land upto the year Doondoobhy or fusly 1212. The Statements of the appel-lants cannot also be approved respecting the

Fort St. George 19th August 1841.

the want of Signatures to the Documents submitted by the Collector, as it is a fact that the majority of the accounts of the Rund formerly lodged in the records of this Cutcherry, shewing the Cist per. of the Lands, not only for the Village in question, but for a great number of the other Villages of the District, do not contain any signatures, but nevertheless all such accounts have been in full force without any objection in the course of the various Proceedings before the Authorities since the time of the Permanent Settlement. The Court will also perceive that the appellants admit themselves for the assessment of Cuttoobady on all the Agraharums and Enams issued subsequent to the permanent assessment, but pleads that their land only was charged with a heavy or Zeroaty Cist, while the neighbouring ones were taxed at lower rates. The answer to this is clear, the land of appellants was not newly assessed, but the Zeroaty Cist which had existed at the time of the Permanent settlement and which was paid

Fort St. George 19th August 1841.

up to fusly 1212 but subsequently temporarily remitted by the Proprietor during his pleasure, was required to be paid.

Under the foregoing circumstances, the Collector trusts that your Court will on the inspection of the original record and decision of the Zillah Court be pleased to confirm the latter and nonsuit the appellants with all Costs.

Sir,

I have the honor to submit, my report on the accompanying Petition presented to the Board of Revenue by

From the Collector of Rajahmundry

Original Petition

Fort St. George 19th August 1841.

by certain Banians of the Town of Rajahmundry in this District, complaining of their Motorpha tax having been lately much increased, and requesting that it may be reduced.

2 In July 1249 there were 173 Banians in the Town of Rajahmundry, who paid the Motorpha tax, at rates varying from eight Rupees to eight Annas, to the extent of Rupees 34-12-0

In July 1250 the number of Banians was increased from 173 to 181 and in the course of the Summah Bundy the following alterations took place in the Assessment of the tax.—

Tax of July 1249		Rs. a. p. 34-12-0
Deduct on account of Banians deceased and departed from the Town	15-12-0	
On account of persons who had abandoned their professions	6-0-0	21-12-0
Remaining		293-0-0
Add		
On new persons	28-8-0	
On former professions increased	18-8-0	47-0-0
Motorpha tax on Banians in		340-0-0

10141 Fort St. George 14th August 1841.

On referring to the Accounts of the Motorpha tax for the last five years as noted in the Margin, it will be seen that this tax has decreased, and though the last three distressing Seasons have been a sufficient excuse for its depression, Still there is no doubt but that attendance must be paid so as to secure its increase where the circumstances of the parties and the actual state of the trade will admit of it.

Sir

I have the honor to acknowledge the receipt of your letter of the 29th Ultimo transmitting a Petition from Soolaiman Ameed Vakeel of His Highness the Nabob Mookhtar, relative to a Bungalow and Garden situated at Allandoor, one of the Villages forming the Cantonment of St. Thomas Mount. Desirous however to taking any steps in the Matter I would respectfully request the Board to reconsider their orders as it would appear on many grounds inexpedient for me to enter upon the investigation of a Matter, in which I could take no steps, whatever might be the result of my enquiries, and which would also expose me as the officer of Government requesting information to the same or even a more stringent answer than the Vakeel has already received from Mr. Arbuthnot &c. The property has from the Statement of the Vakeel been so long in the undisturbed possession of the parties, that it would not be in my power as a Magistrate or Collector whatever might be my opinion of the justness of His Highness' Claims to oust the parties in possession and make the property

From the Collr of Chingleput

Sir

With reference to the Extract from the Proceedings of the Board of Revenue dated the 1st July 1841 I have the honor to state that under the orders lately received from the Court of Directors, I do not consider it would be expedient to continue the allowance hitherto granted to Sheik Tippoo, for the Celebration of the Mahurrum Festivals. I must however request that sanction be obtained for the allowance already disbursed, in accordance with the Correspondence noted in my Communication of the 22d June.—

2. From this it will be seen that on the death of the female Sunbee in fusly 1245 the allowance in question was continued by Mr Maclean then Collector of Chingleput to her son Sheik Tippoo by whom the ceremonies at the Mohorum festival continued to be performed. The continuance of the allowance appears to have been based upon the authority of Mr Secretary Bell's letter of the 16th March 1821, which sanctioned the disbursement for the specific purpose and not as a personal grant to the female

Sir,

Para 1. In returning the inclosed Petition No 466 of 1841. requiring a report upon the matter therein complained of, I have the honor to submit explanation on the several points as follows -

2. The Petitioners claim remission for loss of crop by excess of rain and inundation: this subject was reported on by the late Principal Collector under date the 27th April last, on which the Board of Revenue passed their decision

decision by endorsement on Petition No 654 of 1841. Many parties are still clamorous for remission on this account, and a newly expressed positive refusal by the Board would prove of great benefit -

3. They next complain that the Enam Land of the Woodiapollium Cavilgar was cultivated by them on an equal grain share, and that since the lands have been placed under attachment of the Collector a higher teervai is demanded - Whether this be true or not is immaterial they now only pay the regular assigned pymash rates and are not liable to any arbitrary or irregular tax of any sort -

4. They also request that their Village office salaries should be adjusted, with reference to the sums due on puttah - It is for better that these emoluments should be paid

Sir,

From the Asst Collr of Tanjore Reporting upon Petition from Cooda-lunga Pillay complaining charges brought against certain Public Servants & complaining that he has been called upon to give security by the Head Assistant Magistrate.

Nov 4th 1841.

The Petitioner Coodalinga-pillay is a notorious troublesome character in this Town and his name has long headed the list of Rogues against whose evidence and conduct the Civil and Criminal authorities are warned.

He commences his complaints against the Public servants of the Head Assistants' Cutcherry by stating that they prevented his offer for certain rents in the Salt Department being accepted. It is true that Coodalinga-pillay made a proposal when these rents were put up to Auction before the Head Assistant and that that Gentleman declined accepting it. The character of Coodalinga pillay was well known as was his incompetency to meet the engagements he wished to enter into. He had on a former occasion rented the Abkarry Farm of Kavaloor Taluk and failing in the regular payment

Fort St. George 16th August 1841.

payment of his bills, his house and the
house of his security were attached & sold by
public Auction and the dues of Government
realized thereby. On another occasion Coodu.
=lingum gave for a post at to rent an Abkary
Farm but absconded when the time arrived
for making the required deposit. The Petitioner
complained to me, as he states, against
Mr. Cook's rejection of his offer in the Salt
Department, but I completely approved of Mr
Cook's proceedings & declined to comply with
Coodalingum's demand that they should be
reversed.

Petitioner next complains
that he has been unjustly called upon
to give Security. The grounds of the Head
Assistant Magistrates requiring this
of him are stated in the enclosed
original letter from Mr. Cook and
are in my opinion sufficiently strong
to warrant the course he pursued.
But in the enquiries which I have
now instituted into the former conduct
of Coodalingum, I find that he was
in 1838 & 1839 on three occasions brought before
the Police & Magistracy for assault & violent
conduct & that he was in the beginning of
the latter year called upon by Mr. Cook's predy

Fort St. George 16th August 1841.

for security for maintaining the peace for 6
Months in two securities of 25 Rs. each. But a charge
of a more serious nature now stands recorded
against the Petitioner & has been brought forth
during the investigation into the Assaults for which
he was fined by the Head Assistant Magis=
=trate and though proofs is wanting to bring
home to him the actual contract with certain
convicts in the Jail, the presumption that he
has been employed as a Medium of communica=
=tion between them & their friends with the object
of aiding their escape is fully warranted by
certain Cadjan letters which were found in his
possession.

Petitioner asserts that he
can prove by many respectable Meera=
=dars and others that he bears a good
character and to substantiate his assertion
he has inundated the Authorities
at Madras with addresses bearing the
supposed signatures of Merchants and
others residing at Madras, at Pondi=
=cherry and at Negapatam. How the
inhabitants of Madras can be aware of
the character of so insignificant a person
as Coodalingum unless connection with them would
appear to have commenced with their
favorable

favorable report of him during years which he has wholly resided at a distance of 200 Miles from Madras I leave to the Board to determine; but that the Petition purporting to come from the Merchants of Pondicherry has obtained signatures under false statements of its contents is certain as will be at once seen by reference to the enclosed original letter to my address from the Superintendent of Police at Pondicherry, and that the Petition bearing the names of certain inhabitants residing in this Heavalore Taloork has been got up in a similar mode I have ascertained from personal enquiry from the few who acknowledge to have signed it with thumb being aware of its contents, while the majority are unknown and apparently fictitious signatures. So far therefore from proving his respectability by these documents a totally contrary effect has been produced the report of his former bad character being confirmed by them and by a genuine Mahzzer annexed presented to me by persons of respectability residing in the Town of Nagapatam whom I had assembled for the purpose of giving evidence on certain points in the Petition

referred for my report and who designate the Petitioner as a turbulent character and the fomentor of disturbances.

The Petitioner states that 7 murders have taken place since the appointments of the Police Ameen two years ago and in the Petition he has sent from Pondicherry he gives the particular cases, inculpating the Police Ameen himself in the commission of some of them and in procuring the release of the actual perpetrators of others.

The first case is the accidental death of an insane person whose body was found in a Tank. On investigation in the usual course was made into the circumstances attending his death in presence of a large concourse of people. It was ascertained to have been quite accidental, it was duly reported to the Magistracy and entered in the accounts submitted to the Court of Circuit.

In

10162 Fort St. George 14th August 1841.

In case 2d the Police Ameen is accused of exculpating one man of a charge of murder for which two others suffered death. This case was committed to the Criminal Court by the Police Ameen & by his assertions the murderers were brought to justice so voluminous were his proceedings & so full was his report on this murder that the attention of the Foujdaree Adawlut was attracted by them and I was directed by that Court to inform the Police Officer that such minuteness was not necessary. The Magistracy, the Criminal Court, the Circuit Court and finally the Foujdaree Adawlut have closely examined the details of this case, I have also now gone through it and there are no grounds for the Petitioner's wicked assertion that this 3 persons was in any way concerned in the murder.

In the 3d case the Police Officer received intimation of the death of a child of 2 years old which had not been reported to him in the regular manner. On repairing to the streets where the death occurred, he found the child had been buried. The body was disinterred and the truths of the Statements given by the child's parents and relations

10163 Fort St. George 14th August 1841.

relations of the accidental death by burning was fully confirmed and the proceedings of the Police Ameen approved of by the Magistracy.

The 4th case of Murder was investigated and committed to Criminal Court by the Head Assistant Magistrate. The Police Ameen was absent from Negapatam during the investigation but on a call for further evidence some Months subsequently from the Foujdaree Adawlut to whom the case was referred by the Judge on Circuit, the depositions of four witnesses were taken by the Police Ameen in his Cutcherry in a regular manner and transmitted to Court and from the only part the Police Ameen had to take in the case.

The foundation for the 5th & 7th cases I have been unable to trace, nor part of such events have ever reached the Police & it is next to impossible that in a Town full of iniquities like Negapatam such murders could have occurred and been suppressed for even a time without some intimation reaching the Head Assistant Magistrate usually residing there and almost daily passing the very streets where these are said to have happened. The death of the man said to have been murdered in the 6th charge was

10164 Fort St. George 19th August 1841.

was duly reported to the Magistracy and was clearly shewn to have been purely accidental.

With regard to the charge of the receipt of bribes on the part of the Police Ameen I have made extensive examinations from those placed under his control and have taken depositions from upwards of 80 of the respectable Inhabitants. In some very trifling instances only does there seem any reason to suspect that any irregularities have been practiced by the inferior servants subordinate to him, and in no case is there any in which the Police Ameen himself is implicated. The exaggeration on this subject in the Petition is as palpable as it is on the state of this part of the country in consequence of the supposed oppressive acts of this Officer in whose vigilance and activity have had most beneficial effects in suppressing crime in the two large sea Ports Towns over which his authority extends and who in perhaps a rather regardless execution of his duty has made himself obnoxious to the ill disposed portion of the inhabitants among whom the Petitioner and certain of his associates, who have presented similar complaints to me stands conspicuous.

I have the honor to return the original Petition as well as 4 others on the same subjects which have been forwarded for my reports from the Secretary to Government, to whom I have intimated that the required explanations have been transmitted to the Board.

A

To The Acting Magistrate
of Tanjore

Sir,

With reference to your note of Yesterday, calling upon me to state officially my reasons for taking security from Codalinga Pillay; I have the honor to inform you that he was forwarded to my Cutcherry by the Police Ameen of Negapatam, charged with sixe different cases of Assault. On examining the proceedings, I found three of the Charges proved against him; and fined him 12 Rupees. Accompanying these proceedings was a Mauzramah signed by a considerable number of respectable Inhabitants setting forth Codalinga Pillay as a bad and disorderly character, having no settled or ostensible means of livelihood, extorting money from the Inhabitants under the penalty of bringing

bringing false and vexatious charges against them, in short that he was a Public nuisance to the Inhabitants. Upon reading this Mauzramah I sent for several of the parties who had affixed their Signatures and questioned them regarding the Accuracy of the said Document. They severally deposed before me as to the Character of this Individual and held to the Statements set forth in the Mauzeramah I then read over the Police Ameen's report which was, if possible more strong and giving it as his decided opinion that it would be highly inexpedient to release this man without Security.—

Upon these grounds and from the Depositions given before me by the parties signing the Mauzeramah, I considered it prudent for the due preservation of the Peace of the Town, and as a warning to other disorderly Characters, to demand Security from Codalinga

Codalinga Pillay, and accordingly bound him over to keep the peace for One year in two Securities of 50 Rupees each. After a time he produced the Security demanded and was released.—

I have only to state as a practical proof of the expediency of this measure, that the Police duties of Negapatam have diminished nearly a half since his departure from it, and the consequent dispersion of his Companions in mischief.—

Sir,

From the Pl. Collr. of Canara. — Forwarding a Statement of the Suspension and dismissals of the Village Officers with some observations on the Subject.

1. In reference to the Proceedings of the Board of Revenue under date the 25th June 1840. and of the 14th Ins. January last, I have the honor to forward a Statement of the Suspensions and dismissals of the Village Officers in this District, for a period of Seven Months, from July 1840. to January 1841 in the form prescribed by the Circular order of the 25th August 1831.

I beg to submit at the same time copy of a letter from the Sub Collector. Mr. E. Maltby. on the subject of these returns. It is true as stated by Mr. Maltby that the Village Servants in Canara, originally possessed no hereditary right to their Offices, and since our acquisition of the Province they have been paid, and considered on the

Same

same footing as the other public Servants. In the year 1833, however, Mr. Nicholls the then Principal Collector, issued a Circular order proclaiming that the Officers of Mogany, Shambogue and Potail, should henceforth be considered hereditary, and these Officers be only dismissed for Murder and other heinous Offences. This order however, it would appear, has not become generally known or understood as Mr. Maltby does not seem to have been aware of it.-

3.

I am certainly inclined to believe myself that under the system which has hitherto obtained in Canara with respect to the Municipal Officers, there is a better assurance for their good conduct, than can be expected when the Offices are hereditary. With regard to the Potails it has been very commonly

Fort St. George 19th August 1841.

the case, on the Office becoming vacant, for the principal inhabitants of the Village to recommend a fit person to succeed, and on occasion of any of these Officers misbehaving they generally request his removal. There has been thus a double responsibility, to the Village community and to the Circar, which could not fail to have a salutary effect on the conduct of the Potails. although I am unable myself to perceive any equal advantage likely to result from making the Office of Head of Village, hereditary in this Province, yet as the order of Government on the subject is positive, I shall of course conform to it and unless I should receive any instructions from the Board to the contrary I shall take measures for promulgating Mr. Nicholls' order abovementioned more fully in the District-

No. 2.

To The Principal Collector
of
Canara.

Sir,

In accordance with the instructions received from your office, I have the honor to forward a Statement of Village Servants suspended or dismissed from employ, prepared according to the form which accompanied the Circular letter of the Board of Revenue dated the 25th August last, but as this is the first occasion of the return being made, I beg to point out that the Village Servants in Canara are not of the class alluded to in the letter of the Board, and that it appears to me of much importance that the distinction between them and the servants specified in Regulation 6 of 1831 should be preserved.

2. You are aware that in this District the Potails, Shanbogues and Village Peons hold their appointment precisely on the same

Fort St. George 19th August 1841.

tenure, as the rest of the Public Establishments that they have no hereditary right to their offices, and are remunerated not by fees or privileges but by fixed salaries. This system appears to me to have many advantages, as the parties perceive that they hold office for the public, not for their private benefit and when changes become absolutely necessary either from the misconduct of the parties, or their losing their family lands and property, the requisite arrangements for carrying on the public business are made without difficulty or embarassment.

3. If however these servants continue to be included in the periodical Returns made to the Board of Revenue under the provisions of Regulation 6th of 1831, I fear that an opinion will gradually arise that they have private hereditary rights, and that the advantages of the present system will be lost. I beg therefore to suggest that if Returns of the Changes in the Village establishment are hereafter required from this province the statements should

should be prepared in such a manner as to bear no connection with the abovementioned Regulations.

Proceedings thereon.

(39-40)

Although the Village Officers in Canara may not have heretofore been regarded as Hereditary the Board are of opinion that it is generally advisable to treat them as such, and to fill up vacancies as they occur from the families of the last Incumbents whenever a fit and proper person can be selected therefrom for the discharge of the duties. This should be the rule and the exception should be in the event of there being no competent successor in the family when dismissal is made for misconduct or crime or on the failure of Heirs or when the family has gone to decay. On these or such like occasions a fresh selection should be made on the representation of the principal inhabitants, otherwise the succession should devolve hereditarily.

Fort St. George 19th August 1841.

It seems also very necessary to guard against the removal of these Village Officers capriciously or without adequate cause and the Board would therefore invite that a return from Canara in the form now sent be furnished regularly in each Month.

From the Asst. Pay. of the Centre Division in Vellore. Sir,

In forwarding the accompanying papers, I have the honor to observe that the Petitioner Arroomoogah Moodelliar Head Accountant in this Office hopes his case may be reconsidered by the Board of Revenue additional title to his participation in the exemption granted to Civil and Military Public servants being he trusts established by the Documents I have now the honor to forward, and which Documents go to prove that the Principal Collector of

of North Arcot is mistaken in his supposition
of the existence of general tax or Quit Rent
where Military Public Servants are concerned.

Certificate to be returned.

To,
Captain Leslie
Military Pay Master, Centre Division
Vellore

Sir,

With humble respect I beg
leave to bring to your Notice that the Board
have been pleased to decide my claim as
inadmissible under the remarks made by the
Principal Collector of North Arcot in his
letter dated 29th June 1841.-

I now respectfully soli-
cit again to lay the following explanation
to the Principal Collector's remarks which I doubt not
will meet with your and the Board's approval.-

Fort St. George 19th August 1841.

In reference to the 2d and 3rd
Paras of the Principal Collector's letter I beg
to inclose an Original House Grant
Certificate of a House and extensive
Ground attached to it at Chittoor
granted by Mr. Greame / in the year 1818 /
then Collector to an individual employed
in the Civil Department as Magistrate
writer and afterwards Head Accountant
in the Collector's Cutcherry by the
contents of which the Board will be
pleased to perceive that Mr.
Greame was pleased to state in
the said certificate "that according
"to the usage in this part of the
"Country, the House and the land
"attached to it with Garden to be en-
"joyed free of all rent."

In the Military De-
partment the Principal Collector has
been

been pleased to say that he knows "of one public
"lic servant who pays a very high assess=
"ment for the land attached to his House
"at Vellore. He does not himself reside
"in this House but the land is assessed &
"and the demand always regularly paid"
Honored Sir the house above alluded
to is a Gentleman's House and Garden
containing about 100 Cawnies. It is a
large upstairs house erected by Colonel
/now Major General/ Andrews C. B.
who having obtained several Cawnies &
of already assessed land from Inhabitants
it was since levied by a Government
Grant and subsequently Colonel Stewart
added several more Cawnies of land
and obtained a separate Government Grant
for the same, a large Mango Tope called
Para Bog and Siddy Bog consisting of
about 50 Cawnies of land is also attached
to this House, which is situated from

from Pettah of Vellore, the House rent and
the produce annually derived therefrom
is from 1500 to 1600 Rupees. I am sorry to
find that the Principal Collector thought
proper to compare this to my dwelling
House in the Pettah. the Bills of this
House are sent in the names of Colonels
Andrews C. B. and Stewart which are
discharged by Narasimmooloo the public
Servant spoken of by the Principal
Collector. He, Narasimmooloo, has a
large personal dwelling House with
extensive Ground in the Pettah for
which he pays no rent whatever,
same as all other Government
public Military Servants residing at
Vellore. in proof thereof, I beg to attach a
Document signed by certain Military Public
servants in the Pay Office who enjoy this pri=
=vilege in continuation.

Many

10200 Fort St. George 19th August 1841.

Many Native Officers who purchase Houses from Merchants are freed of Quit rent in many instances on application to the Principal Collector.

My Dwelling House in the Pettah which together with the land attached thereto is only half Anna less than Quarter Cawny so that it is not one Four hundred part of the above Ground. I think the Principal Collector considers my dwelling House to be similarly situated. I am certain had he a sight of my House, He would immediately recommend in my behalf.

I humbly beg to state that my claim being for a personal dwelling House such as is inhabited by the several subscribers, the Board will consider the opinion given by the Principal Collector in the concluding Para of his letter "but if relinquished in one instance, there

"will be many applicants for similar "indulgence" is not applicable to my present solicitation, the contents of the house Grant certificate issued by Mr. Grame and the Statement herein attached from several Govern=ment Military public servants already in the enjoyment of similar indulgence, will move the Board to confirm my Claim to be acknowledged possible and the Board will I trust be pleased from what I have here submitted, to consider me also grounds entitled to exemption from payment of Quit rent as being a Head Military public servant.
