1. I am directed by the Board
of Revenue to request that you will lay
before the Most Noble the Governor in Council
the accompanying letter from the Sub Collector
in charge of the District of Salem submit-
ting an application from an individual
named J. D. Manuel for a grant of waste
land measuring 4 Acres on the Shevaroy
Hills to be held by him rent free for a period
of 5 years for the purpose of cultivating Coffee.

2. As the application in question is in accor-
dance with the conditions specified in the
Extract Minutes of Consultation 19th May 1842
and as there appears to be no objection
raised by the Native Inhabitants to the
occupation of the land required by J. D.
Manuel the Board beg to recommend
that it may be made over to him on the
terms and for the period above specified
provided that it is used for a coffee
plantation only.

C.S. 1

Draft of an Appeal Petition

The Original suit was instituted for the recovery of Rupees 45-5-5 with interest being the alleged value of 2 Cows, and, calves which had been disposed of at public auction to satisfy a demand on account of arrears of revenue due by Lutchmanien the undivided brother of the Plaintiff against:-

- 1st The Collector of Trichinopoly
- 2nd Venkatas the late Tahsildar
- 3rd Panchanadum Moodly the Peon
- 4th 5th Two Revenue peons.

The 1st Defendant under the permission of Government stated the 25th Sept 1843. defendant the suit, taking upon himself all responsibility in regard to the transactions complained of and requesting the Court to exonerate the other Defendants from liability on the grounds that they had acted under his authority - The Principal Sudder Ameen has without examining any witnesses decreed in his favor, and adjudged that the 2nd and 3rd Defendants shall pay the proved value of the cattle which were sold viz Rupees 29-5-5 and

Fort St. George 3rd March 1845

and the costs of the suit. as regards themselves the Plaintiff bearing the cost, as regards the 1st Defendant:-

From this decision the 2nd and 3rd Defendants appeal on the following grounds:-
 1st The 1st Defendant admits his liability and denies the responsibility of the 2nd and 3rd Defendants, and the notice under which the property which was eventually sold was attached bears his signature, and has thus incontrovertibly his authority and the money obtained from the sale has been appropriated by him not for the benefit of the 2nd and 3rd Defendants but for the use of the state, on whose behalf he the 1st Defendant is the agent - Under what plea his responsibility or has been set aside is not clear for he the 1st Defendant does not in any way impugn the conduct of the 2nd and 3rd Defendants who have been guilty of no deceit in the transaction and the argument of the Principal Sudder Ameen that the 1st Defendant cannot be held responsible because the notice was affixed to the house of another person instead of the person in whose name it was issued rests entirely upon the assumption that the Plaintiff and Lutchmanien had divided their

Fort St. George 3rd March 1845.

their property which it is quite clear they have not done. If they were a divided family the argument would, it is admitted, hold good. but this is not the case. The argument of the original Plaintiff, therefore that the name of the Defaulter is not entered in the pottah is worth nothing in as much as the property of an undivided family is of course liable for all claims against any of the members of such family, all and several.

2nd It is argued in the decree that the Plaintiff and the Revenue Defaulter Lutchmanien are proved by witnesses to hold their property severally and distinctly and to live in separate houses. This the appellants contend is no proof that they are a divided family according to Hindoo law; and it is beyond question that they never have formally divided their property whatever arrangement they have made for their convenience as to the management of their property - and this fact the deposition taken from the Plaintiff verifies for notwithstanding the allegations of the Plaintiff that it was given upon compulsion the fact stated in it is true.

Fort St. George 3rd March 1845.

and the truth cannot be affected by the question of compulsion having been resorted to. and moreover the 2nd Defendant contends that the evidence adduced is not sufficient to support the assertions that compulsion was exercised.

As regards the disposal of the case exparte the 2nd and 3rd Defendants contend that having offered to defend themselves, then the means of the 1st Defendant they are not liable to pay the penalties to which parties neglecting to defend cases are subject and that they did in fact offer a defence which was refused.

As regards the merits of the case it is clear that whereas the whole question hinges upon the fact of the Plaintiff and the Defaulter Lutchmanien being a divided or undivided family and it has been shewn that they are undivided family the decision has been made on untenable grounds. They moreover allege as grounds of appeal that they tendered a reasonable defence which was not listened to.

They pray therefore that the decision of the Principal Sudder Ameen, as regards them may be reversed.

Signed / A. P. Andlow,
Collector.

Fort St. George, 3rd March 1845

Defendants persons have on the 8th December 1841 attached the Plaintiffs 3 Cows and their calves with one Heifer and its young one all of 60 Rupees value after setting a value thereof only Rupees 24½ which the 2nd Defendant Tahsildar has caused to be brought to his Talook, and put one of the Cows with its calf to sale, which was bid by one Mootien for Rupees 25, but was allowed to go only for Rupees 15, and another Cow and Calf for Rupees 14 and credited the same amount of Rupees 29 on account of arrears due by the said Peshkar - manien, the remaining Cattle and calves was by the 3rd Defendant put to Plaintiffs possession that he the Plaintiff has presented 3 Petitions to the 1st Defendant complaining the act of the 2nd Defendant and others for having attached and put to sale the plaintiffs Cattle instead of recovering the amount of arrear regularly from the defaulter in pursuance of the notice issued by the 1st Defendant, but without any enquiry he therefore prays the Court to recover for him from all Defendants Rupees 39 the value of the said 2 Cows and their calves with interest from 17th February 1842 to 25th June 1843 Rupees 6 in all Rupees 45-5-5. The

Fort St. George 3^d March 1845.

The 1st Defendant in his answer that the notice in the name of the default Lutchmanien that was with his signature forwarded to 2^d Defendant, served through 3^d Defendant, defaulter, but he has disappeared, and the notice stuck on the outer door of the house that is common to both the defaulter, and Plaintiff, the Lutchmanien generally dwelling, which the Plaintiff has through his man caused to be plucked off and thrown away, and he was therefore punished by the 1st Defendant by fine, that the Plaintiff has given a Deposition before the Head of Police, that he, and the Lutchmanien, are living undivided family, the cattle was put to public sale, and allowed to go to the highest bidder, that the said Lutchmanien and Plaintiff, are of undivided family keep land common among themselves and enjoy the produce accordingly, the ploughing cattle belonging to them are kept in the same stall that is common to both the cattle that was sold attached on account of arrears due by Lutchmanien the claim of the Plaintiff is therefore not only liable to be dismissed, but the proceedings was in conformity to his the 1st Defendant's order he is therefore alone responsible to it, and therefore requests that the names of the 2^d, 3^d, 4th and 5th Defendants who acted under his the 1st Defendant's directions be erased and struck off this cause.

2^d Defendant asserts in his answer that said Lutchmanien is the son of the Plaintiff's undivided uncle, that both of them are living undivided in the same family, and keep all the

cultivation in common to both, that in consequence of their defaulting to pay circus balance of Rupees 25 due for Torrine Village, and in consequence of the said Lutchmanien's refusal to receive the notice the attached cattle was sold and allowed to go to the highest bidder, how can therefore those cattle which was put to sale whilst the Plaintiff and Lutchmanien lived united and in the same family be claimed as simply belonging to Plaintiff, that on a trial before the 2^d Defendant of the Plaintiff for having plucked off the said notice he the Plaintiff has given a deposition, stating that the said Lutchmanien is the son of his undivided Uncle, that as the 2^d Defendant has acted merely under the instruction of the Collector he should not, in conformity to the contract of Government dated 4th June 1839, be included as defendant.

3^d Defendant in his answer asserts that in consequence of the default of Lutchmanien and the Plaintiff are living undivided and in the same family.

family, and in consequence of Lutchman's refusal to receive the notice issued in his name, it was stuck upon the house which the Plaintiffs alleges to be his own, that the cattle alluded to in the plaint was attached by 5th Defendant in pursuance of the order of 2nd Defendant, the purport of the 2nd Defendant's answer is here reiterated.

4th and 5th Defendants have failed to appear they were put to ex parte.

In the Plaintiffs reply he avers the fact noted in the answer that Lutchmanian alluded to in the plaint is the son of his, Plaintiffs, uncle and denies the other part, that the landed property acquired by the said Lutchmanian and his father in Conard R and Landgoody Talookes are registered in his own name, who pay annually rent of 1000 Rupees to Conard, and that he lives separately in a tenanted house of 1000 Rupees value in the Pochpally

1st Defendant's rejoinder goes to assert that the deposition alluded to in his answer was executed in the presence of attesting witnesses at the Subildar's Cutcherry.

Decree.

The Court after having perused all the proceedings and considered the matter, is of opinion that the claim of the Plaintiff chiefly rests on two points 1st that the 2nd and 3rd Defendants have attached and sold his property in satisfaction of a balance due by Lutchmanam.

The 2nd that whilst one cow and all calves

Fort St. George 3rd March 1845

calves of the attached property was put to sale and bid for 25 Rupees by the 5th witness, the 2nd Defendant has, instead of allowing it to go to that amount, sold for 15 Rupees, consequently that the value of these cattle 39 Rupees, be recovered for him with interest.

1st The fact of attaching the Plaintiff's property on account of a balance due by Lutchmanam, and of its having been sold for 39 Rupees was not argued in the answers of the 1st 2nd and 3rd Defendants, but averred. It does not only appear from the Proceedings that the 2nd Defendant Tahsildar, has prepared a notice according to Regulation for the recovery of a balance due by Lutchmanam to circar, and forwarded to 1st Defendant for signature, which was accordingly signed and simply returned to the 2nd Defendant, but that no separate order from 1st Defendant directing either to attach Plaintiff's property nor a separate notice in Plaintiff's name was given; this matter also clearly appears to have been averred in the

Fort St. George 3^d March 1845

the 2nd Defendant's answer, filed by the
Vice-Chancellor. In this respect therefore the
Plaintiff states that 1st Defendant be also
held responsible for the loss sustained by
him on account of the act of the 2nd De-
fendant, unauthorized by the 1st Defendant
is wholly illegal and a contravention of the
Regulations and usages, admitting the
argument advanced by 1st Defendant
that the responsibility should rest with
him alone for all such acts of the func-
tionaries under his authority, it would
be just to hold the 1st Defendant re-
sponsible, provided the 2nd Defendant had
been guided under the direction of the 1st
Defendant, but in the present instance,
the notice issued in the name of the
Lutchamanien, was, instead of being
put up in his own house, put upon the
walls of the plaintiff's house, appears a
direct opposition of 1st Defendant's order.
Consequently that 1st Defendant cannot
under any shape, be held responsible in this
suit.

2nd

It is a reason not only jointly
assigned

Fort St. George 3^d March 1845

assigned by the 2nd and 3rd Defendants that
the defendant Lutchamanien and Plaintiff
are undivided and their husbandry affairs
are kept under common management,
and that they are living united in the
same family, the property of the Plain-
tiff was attached and put to sale, but
the 2nd Defendant separately asserts that
in consequence of defalcation to pay the
balance due on lands belonging to them
he has acted upon the principle of the
deposition given by the Plaintiff, and
of the order of the 1st Defendant, the
3rd Defendant further states that the
notice issued in the name of Lutchamanien
was put up on the house of Plaintiff be-
cause the Lutchamanien has refused to
receive it. The Plaintiff in his reply
states that he and Lutchamanien never
lived together but that their landed
property are separate, one of them possess
not any right to another land, that each

Fort St. George 3rd March 1845

of them pay circar rent of their respective land separately and that a deposition was forcibly taken from him 2nd Defendant.

Points were however proposed to 2nd Defendant to prove the Voluntary execution of the Plaintiff of the deposition and the 2nd and 3rd Defendants to prove the Plaintiff and Lutchamanien are enjoying all their landed properties in common, and living jointly in the same family whilst therefore it was the main object to both defendants to prove

the

Fort St. George 3rd March 1845

the matter, the 3rd Defendant has informed through his Vakeel that no witness is necessary for him - and the Vakeel of the 2nd Defendant has nevertheless obtained time failed to file a list of witnesses, and moreover upon his (the Vakeel's) requisition a notice was served on the 2nd Defendant he has not filed a list of his witness; upon all these grounds these Defendants have failed to establish the arguments set forth by them.

3rd - Plaintiffs 1st - 2nd - 3rd - 4th - and 5th witnesses have clearly deposed that the Plaintiff and Lutchamanien have separate houses, that they possess separate Villages and lands and the Registers thereof are entered separately in their names, neither the Plaintiff nor Lutchamanien has ever enjoyed those lands of each other that Plaintiff pay Circar rent of his own land as also the Lutchamanien does the same, that they never at any time paid any rent of each others land.

By the evidence of 1st witness the Curram of Serommoorthare Village wherein the Plaintiff resides, and by the evidence of 7th witness the

Fort St. George 3^d March 1845

the Gurnom of Vengadattan Torriore Village from which the balance due and for which purpose the Plaintiffs property was attached justifies the Court to believe that the Statement of the Plaintiff of the injustice done to him by the 2^d Defendant is credible. The 7th witness the Gurnom of Vengadattan Torriore has deposed that Plaintiff possessed no land in that Village nor the Plaintiff has at any time paid any sums on account of a balance of that Village while the matter rests on this stage, under what shape it can be inferred that the unjust act of attaching the Plaintiffs property which is not in any way liable to be sold on account of the balance and of crediting the proceeds thereof in liquidation of a balance due by Lutchamannan would correspond with any Regulation or equity of justice. By evidence of the witnesses it appears that Lutchamannan is wealthy and an esteemed person possesses houses of high value in the Fort of Trichinopoly and holding a pecuniary transaction it does not appear that he was unforgotten to pay a balance due by him and moreover this Plaintiff shall not at all event be responsible to pay that balance.

Fort St. George 3^d March 1845

balance the argument advanced by 2^d and 3^d Defendants that the Plaintiff is responsible for that amount appears groundless and illegal nevertheless the Plaintiff and Lutchamannan are both living undivided as alleged by 2^d and 3^d Defendants either of them should be responsible to pay the arrears due on land under his own enjoyment but to contrary whilst one of them is afforded to pay the Balance due on land of his own enjoyment to what Regulation the act of demanding such balance from another who has not at all ever enjoyed such land, nor ever paid clear rent thereof but in living in a different Village and enjoying his own land and in of sticking the notice in his house in exclusion that if the defaulter will correspond? and how could such illegal proceedings be considered as regular one? The 2^d Defendant lays much stress on the alleged deposition of the Plaintiff but whilst there existing

Fort St. George 3^d March 1845

a regular course to recover the balance from the defaulter remains as pointed out above by the Court what ground had the 3^d Defendant to stick a notice on the house of the Plaintiff previous to the execution of the same deposition by him? and could it be asserted that the notice was stuck up on the Plaintiff's house as if it is founded on the principal of the deposition previous to its being given? It therefore appears that the illegal act has been proceeded by the 3^d Defendant.

As the assertion of the Plaintiff that 2^d Defendant has forcibly taken deposition from him was clearly substantiated by evidence of 2^d, 4th and 8th witnesses - but notwithstanding a point was proposed to the 2^d Defendant to prove the fact of Plaintiff's voluntary execution of it, he has failed either to file a list of witnesses or to bring the matter to proof it does not appear that Plaintiff should have voluntarily given the deposition while he has separate dwelling and

Fort St. George 3^d March 1845

and a distinct family affair consequently the purport contained in that deposition is unworthy of credit.

Nevertheless allusion made of the Plaintiff in his plaint that one of his cows of calf was sold for 15 Rupees while it has been bid for 25 Rupees at the time of sale was proved by the evidence of 5th and 6th witnesses it is improbable because the allegation of having sold at the reduced rate in preference to an offer made for an increased rate is not worthy of credit. 5th witness has deposed that he has at first bid it for 25 Rupees which was overvalued by the 2^d Defendant and again was put up that he has purchased the Cow and calf for 15 Rupees which was seconded and corroborated by the 6th witness - If the matter alleged is to that the 2^d Defendant has at the time of the sale has learnt that the 1st bidder (the 5th witness) is unequal to make such a purchase and therefore objected and cancelled his 1st offer was true how could it be

allowed

3073

Fort St. George 3^d March 1845

allowed to go to the same person at a second instance of its sale, it is therefore improbable - 5th witness is cultivating Inhabitant belonging Plaintiff and 6th - is a Nattian of the Village to which the Plaintiff is allowing their evidence does not therefore appear credible and 5th Defendants are to look acted under directions of 2^d and 3^d Defendants they cannot in any held responsible to the Plaintiff claim.

Upon all the above it is decreed that 2^d and 3^d Defendants do make good to Plaintiff the amount of Rupees 25 - 8 - of the amount of 29 Rupees the proceeds of sale of cattle which has been carried to Curren account, and the residue Rupees 5 - 15 - which must have been deposited in the Treasury be ordered by 1st Defendant to be refunded to Plaintiff - the interest claimed by Plaintiff Rupees 6 - 15 - does not appear just to be paid the Plaintiff is not entitled to recover it, the costs are to be borne

3074

Fort St. George 3^d March 1845

by 2^d and 3^d Defendants and Plaintiff is to pay the costs incurred to 1st Defendant.

All or any adjustment between the parties of this decree which is entered into, but before the Court, shall not be admissible if represented at the time of execution of the decree - costs incurred by the Plaintiff.

the Village Officers in the resumed Jaghere of Sun-
 kurapooram was first pointed out by the Collector
 so far back as August 1839 on the ground of their
 duties being more laborious and intricate than
 in the Government Villages while their em-
 oluments were small and irregular. In February
 1841 the Collector submitted Statements shewing
 the amount of allowance he proposed to grant
 to the Curmums and Patagars respectively in
 commutation of the allowances from land and
 other sources they had hitherto enjoyed. The Board
 of Revenue approved of the proposed rates and
 recommended that the sanction of Government
 might be accorded for adopting them. The
 actual annual expense attending the arrange-
 ment was Rupees 3039-10-5. though a portion
 of this sum Viz. 703-13-1 was to be made
 good which had under the old system formed
 a deduction from the Surmahbundy. Further
 information was called for by Government
 in 1841 which has only now been furnished.

Resolution thereon.

Fort St. George 6th March 1845.

These latter immediately destroyed in his
presence.

3. His Lordship in Council is led
to suppose that the custody and preservation of
stamp papers and Cadjans by the Collector of
Masulipatam must be defective, for he
observes from Statements No 1 & 2 that the
paper and Cadjans returned from his
stock as damaged is far in excess
of other Districts as exhibited in the
Margin, and it seems necessary that the
Board should call his attention to the
Subject.

1845.

Read letter from the Acting Agent to the Governor of Fort St. George in G. under date the 31st January 1845 reporting on employment of the Assistants to the Government Agent in Gajans and on the debts due by Podagadah Zemindar.

(The interest is 15.)

Proceedings thereon - Para 1.

In the Extract from the Minutes of Consultation 12th December 1844 the Government remarking upon the time which had elapsed since the death of the late Zemindar of Podagadah in 1840 without the Estate having been regularly placed under the Court of Wards requested to be informed in what manner the Assistants to the Collector and Agent are employed and whether their means measures could not have been taken to obtain the information requisite to enable the Board of Revenue to make in the case of the Estate the report required by Section III. Regulation V 1804. Copy of this extract was furnished to the Acting Agent who was directed to supply the information, and at the same time, in reference to the previous correspondence on the subject, to submit statement of the claims against the late Zemindar.

Recording observations on a letter from the Agent to the Governor of Fort St. George in Gajans in relation with reference to the Extract from the Minutes of Consultation dated 12th Dec 1844 that it is now in his power to explain how Mr. Bannerman employed his assistants in the years 1841-42-43, and the reason he would ascribe to the omission in supplying such information in regard to the Podagadah Zemindary. As would be enabled the Board to submit to Government the report required by Section III. Regulation V 1804, also authorizing the discharge of the private debts

Fort St. George 6th March 1845.

of the vouchers in substantiation of them.

In the letter now before the Board Mr. Smollett states that it is not now in his power to explain how Mr. Bannerman employed his assistants in the years 1841-42 and 43, but that that Gentleman was much indisposed before proceeding on leave to the Cape of Good Hope, that in his Political capacity of agent he considered himself competent to act at his discretion within the tracts withdrawn from the ordinary Regulations with more freedom than in his Fiscal duties as a Revenue Officer in the Collectorate, that the provisions of Regulation V 1804 are declared not specially applicable to Podagadah and that to these reasons may probably be ascribed his omission to supply such information in regard to the Estate as would enable the Board to submit the required report to Government. Mr. Smollett further adds that he can testify to the good management of the Zemindary and the economical administration of the minors affairs on the part of Mr. Bannerman.

In regard to the private debts due

Fort St. George 6th March 1845 3104

due by the late Proprietor the acting agent has forwarded a Statement of these liabilities as determined by Mr. Bannerman in his individual capacity on the spot after a searching enquiry and with the concurrence of all parties interested. These debts, it will be seen from schedule amount principal and interest, Rs. Rupees 8087-3-10. The Creditors, Mr. Smith states have been clamorously pressing for payment, and he therefore considers it his duty to discharge them, taking a receipt in from the creditors and thus saving, ^{from the} further interest. (i.e. from the date of Mr. Bannerman's Settlement) to the Zemindars' fund.

The Board do not clearly gather from this that the acting agent has already discharged the debts without waiting for their sanction, if they would point out to him that such practice is irregular and contrary to the provisions of Section XVII Regulation V 1804 which direct that the permission of the Court of Mards in writing shall be had and obtained in every instance, ^{from the} to the payment of any private debt. Mr. Smith

Fort St. George 6th March 1845

would also appear to have overlooked the instructions contained in the Board's letter of 28th November last in which they deferred passing orders respecting these debts until they should have received instructions from Government regarding the Zemindar. If however the debts in question have not actually been paid the acting agent will be pleased to discharge them immediately.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be transmitted to the Acting Agent to the Governor of Fort St. George at Ganjam for his information and guidance.

Agent to the Governor at Vizagapatam. Read letter submitting an application from his assistant, Captain W. J. Wilson requesting an extension of leave for the period of one month under Section XII of the amended Rules preparatory to applying for permission to resign his appointment and to proceed to Europe on furlough.

Ordered to be submitted through the channel of the Civil Auditor for the favorable consideration of Government.

in them respectively of misappropriation
public money and of falsifying accounts.

2- The appeal Petitions contain
that I perceive requiring explanation, and
have only to observe that should the Board
Revenue find that the parties thought only
of making personal profit of their situation
have really committed the irregularities
to their charge. I trust they will not suffer
the effect of the example now made. Cases
of administration of the descriptions
exposed, I fear, have been common in the District
and give great opening for absolute dishonesty.

To. 4th Collector

The Board of Revenue

Fort St. George
An appeal Petition from Goodemettah Venkatarow
doo, 3rd Defendant and late Shroff of the
Talook.

When the said Talook was placed
under attachment for arrears of Revenue in the
Month of January of 1781 I was appointed
among the Establishment thereof as
on a salary of 12 Rupees per month.

ever since that period up to the month of March
1843 the affairs conducted by Soocooroo Venkata-
narsoo Puntloo Gifty. Ameen of that Talook
were consistently with the rules established by
the Circar. The joint zemindars of the said
Estate thereupon having addressed Arzies to the
then Collectors that the management of the Circar
servants proved loss to them and that the Estate
would be placed in a proper order should Dainara-
marah Venkatarow be appointed as manager
-ger on their behalf the said Collector accord-
ingly employed Dainarah Venkatarow as
manager in the said Month with an order
allowing him discretionary authority to employ
all his subordinates as he liked.

Since the said Venkatarow had
arrived in the Talook, he conducted the affairs
thereof by assuming all the powers upon
himself that is to say before he had receiv-
ed money from the Circar for Tuccary and
repairs he used to get loans from the principal
Ryots for those purposes upon his own
security and send accounts (of Tuccary and
Maramut) to the Huzzoor, and when he
received money from the Huzzoor, he
was accustomed to appropriate
it in the discharge of the loans in question
and cause another account to be kept
for it. In the mean time, I as well as the other
Mutsuddies under him, told him occasionally that

Fort St. George 6th March 1845

it was quite contrary to the rules of the law
 hold two separate accounts, but as he par-
 ticularly said that he would hold himself
 answerable for all his acts and that he
 dismiss those who would offer unnecessary
 objections to them and employ some proper
 persons and as the Circar vested in him
 the same authority I only used to shuff
 money received into my charge and to keep
 Junnah Kurch account for whatever money
 expended by order of the manager, but
 not held responsible on any other business.
 The Peishcar & Superior Servants gave
 their consent to the acts of the said Venk-
 raydoo without offering any obstacles I
 am an inferior servant, and not become
 liable to the affairs in question. have in consequence
 not offered impediments to the orders of
 said Venkaydoo for fear of being deprived
 of the means of livelihood but discharged
 the duties of my situation without any delay
 on my part.

At last the authorities have
 suspected the conduct of the said Venkaydoo
 the time of settlement in the month of April
 of July 1253. I was directed to attend to
 Huzzoor of the Collector along with my Daftardar
 accordingly made my appearance declared

Fort St. George 6th March 1845

I knew regarding the acts of the said Venkaydoo
 and produced along with my deposition whatever accounts I had.

Mr. Prendergast Collector thereupon
 suspended the manager myself and the Head
 Muddutgar and regularly held the record, and
 four months afterwards, that is, on 8th November
 1844, the Acting Collector pronounced a sentence
 through oversight imposing upon me a fine of 50
 Rupees under clause IV Section V Regulation IX of
 1822 saying that I kept two sorts of accounts and further
 dismissing me from my situation. I have therefore
 experienced much injustice. I deny having
 intentionally falsified the accounts as set forth
 in the said clause, but have written true accounts
 as required by the manager, who is vested with
 discretionary power regarding the above Talook. Con-
 sequently it is trusted your Board will find that
 it was quite injustice to impose the said fine
 upon me who am an innocent servant, receiving
 small salary. The Manager was not only
 vested with power under Orders from Huzzoor
 dated 22^d December 1842 and 11th March
 1843 to employ the Establishment at his
 option but was held answerable for all the
 official acts. While it was thus, it is not just to
 impose a fine upon me under a separate
 offence, since I accurately discharged my
 duties.

Fort St. George 6th March 1845 3110.

duties according to the orders of the said Manager.

With regard to the accusation I had kept two sorts of accounts, I beg to state that I held them so under order of the Manager who was concerned with the Idars and who carried on the management of the Estate at his discretion and produced to the Cicar when required without any fraud on my part, but I have not prepared for accounts by deriving any kind of advantage from them, and when it is apparent by decision of the Acting Collector that the Manager had not obtained self advantage it may be presumed that I who acted under his orders am not liable to accusation.

The order relative to my discharges states that I have been guilty of debiting which was not paid to the Ryots and crediting which was not levied. I now in submitting herewith the said Original order beg to state regarding said two points that as the Manager being in the affairs of the Estate like the Zemindar in his own transaction, he advanced money to the poor Ryots for Tussany and repairs through the means of moolhans and out of his own funds before receipt of the amount from the Ryots as above stated, and when he received

Fort St. George 6th March 1845.

amount from the Ryots he credited it under the credit of the said moolhans. By these adjustments it appeared that what had not been paid was debited & what had not been collected was credited. But these irregularities were not committed by me. It will also be very clear by the said order issued to my address as well as by the decision itself that I have not embezzled Cicar's money by any means.

I therefore pray the Lawful and Charitable Company (meaning the Board of Revenue) will be pleased to take my innocent case into deliberate consideration and order the Collector of this District to repay me the fine of 50 Rupees imposed upon me through oversight reinstating me at the same time in the said situation of Shroff together with the amount of salary due to me. Please to peruse. Dated the 26th January 1845.

[Signed] Goademettah Venkataroydoo - late Shroff

To Goademettah Venkataroydoo - late Shroff of Cotah Mootah.

As you are fully convicted of falsifying the accounts (when in the said situation) in debiting money which was not paid to the Ryots on account of Tussany and repairs and crediting what was not collected, you are

sentenced.

Fort St. George.

An Appeal Petition from Kunchy Amundarow
at present inhabitant of Piddapoor late Madras
Maddutgar of Cotaah Talook in the District of
Rajahmundry. When Cotaah Estate was placed
under attachment for arrears of revenue outstand-
ing at the end of January 1842 of fusly 1257. I was
employed as Head Maddutgar on a salary of 12
Rupees and discharged the duties of my situation
with great care and integrity. But the Joint
Zemindars of the Estate having presented Arges
to Mr. Smith the then collector that they had
sustained loss from the management of the
Amundarow servants and that if their people were
employed, the arrears of revenue would be fur-
tunately discharged, the said Gentleman accepted
it and appointed Damarah Venkatarow as Ma-
nagar after receiving from him a money security
for ten thousand Rupees by an order of 16th March
1843. vesting in him the power of selecting the
servants of his Establishment and directing him
to state the names of the persons so to be
employed.

The said Venkatarow received in
the Talook with the principal power in ques-
tion and conducted the affairs thereof in
the mean time he used to obtain loans from
the Mother Ryots on his own responsibility
and

and pay the same to the Madras as advance for the repairs, before he received money from the Circar. and to send accounts to the Mizoor showing the amount paid to each for the works. and when he received money from the Mizoor he caused the amount of loan he had received from the Madras to be allowed in their Cist. I occasionally informed him that this mode of transactions was not observed by the Zemindars but was not followed by the Circar. but he used to answer me that he had been appointed to the said duties because it appeared that the Estate was suffering for want of repairs in due time if the Circar's rules were observed, that the Circar bestowed on him the discretionary power on the subject and that in such cases if his subordinate would not consent to his acts, he would employ some other persons, agreeably to the orders he had from the Circar.

As the said Manager is a near relation to Gundammallan the joint owners of the said Estate and undertook the duty for preserving their property, he discovered the original Zemindar, Rajah Canford, Jagannadharan had been clandestinely enjoying the produce of the lands bearing

Fort St. George, 6th March 1845.

the Cist of upwards of ten thousand Rupees in order to relieve the Estate from the difficulty of buying even the Circar's freshen. he reported the said circumstance to the Mizoor and gradually resumed the said lands under Jerogetta. The said Rajah Jagannadharan has in consequence bearing much enmity towards the Manager, as well as me (who acted at the desire of the Manager) made some false representations against us through the means of certain individuals connected with him. Sir M. Montgomery Bart after due enquiry into those circumstances considered them to be false occasions brought at the instigation of the said Zemindar, and appointed Taidravoo Theerana (the Dewan of the said Zemindar) in December 1843 as Peshcar, under the said Manager with instructions that he should not only keep the accounts attached to his duty but should join him in attending to the revenue affairs also, but the enmity that existed between the Manager and the said Zemindar not having ceased the said Taidravoo Theerana made some misrepresentations against the Manager and myself during the Jummahandy settlement of July 1253, and although no charges were brought against us on the subject the Collector through mere suspicion sent for the Sheriff with

Fork St. George, 6th March, 1845.

with his accounts, framed, & different charges from those accounts and suspended the Manager on the 15th June 1844 and me on the 20th of the same month. after holding an enquiry for a period of two months also kept us with his butchery for a further period of 4 months and lastly Mr. Bird, the Acting Collector pronounced a sentence on 8th November last imposing on me a fine of 50 Rupees. on the ground that I had not proved the accounts to be correct and ordering that I should be dismissed from my situation from the day of my suspension. I accordingly paid the amount of fine and beg leave to submit the present Appeal Petition regarding the injustice I have experienced in this case.

Your Board will perceive by the said decision that neither the Manager nor I had derived advantage nor embezzled the Company's money.

As the responsibility of the Revenue Management rests with the superior servants, it is not just to impose punishment upon the subordinates for the defects in such a case. Though the money was not embezzled yet as the accounts were framed not according to the manner in which the transactions

Fork St. George, 6th March, 1845.

had actually taken place, but according to the rules of the Company your Board will perceive that the Paishear, who was not only held answerable for the accounts but directed to assist in the Revenue management also should be responsible for this fault; that at the instigation of the Paishear the said punishment was inflicted on me without any blame being attached to him notwithstanding I was his subordinate; that the Manager should be held answerable for the revenue affairs and the Paishear for the accounts and that the Acting Collector imposed punishment upon me through oversight.

As I was 3rd Member in the Establishment, my duty was only to submit to the orders of my superiors. The accounts to the orders of my superiors. The accounts objected to by the Acting Collector were attested by the Manager and Paishear without my interference. I informed him of this during the investigation of the case, and the signature of the Paishear on the said accounts was compared with that subscribed on the accounts, which were submitted to the Muzgoor, but the Acting Collector inflicted punishment upon me (owing only to my misfortune) for the defects

3117

Fort St. George 8th March, 1845.

defects in the accounts notwithstanding
there were no complaints against me.

With regard to the account
of July 1844 said to have been falsified
I beg to observe that those accounts (not
in the butchery) were written on the re-
sponsibility of the Manager, but not
according to the rules of the Service
and this was admitted by the Manager
himself as well as by me, and by any one
else, consequently it is not just to per-
-sue me, since I have not conducted
the Revenue affairs nor falsified the
accounts nor embezzled the money, nor
has any one made a complaint against
me. The collector also did not suspect
me of having embezzled the money.

Under the foregoing circum-
stances, as it is not just to impose
upon me a fine of 50 Rupees and remove
me from my situation I pray your Board
will be pleased to take the above into
full consideration, and pass a judgment
directing the restoration of my employ-
-ment and the fine of 50 Rupees
received from me, together with the
interest due thereon. Please

To J. Pycroft Esq^r
Secretary to the
Board of Revenue
Fort St. George,
Sir,

From the Coll. of Bellary. } I have the honor to forward for the consideration and decision of the Board, transcript of a letter from the Superintendent of Nuggur Division bearing date the 6th Instant.

Bellary submitting copy of a letter from the Superintendent of Nuggur Division, stating a question as to whether any Petal Nut which has paid the Frontier duty on being passed into Canara is liable to any further charge on reaching the Frontier of Bellary and requesting the decision of the Board as also on a letter addressed to the Asst. Commr. of Bellary which is enclosed with the same. This letter has been returned.

2. The Question mooted by Captain L. Hardy, is whether any Petal Nut which has paid the frontier duty on being passed into Canara is liable to any further charge on reaching the frontier of Bellary. Though not clearly expressed, I should infer the question refers to Petal Nut the produce of the Nuggur or Mysore Country (a Frontier Territory) which having once paid the Frontier duty at a Frontier Check of Canara on entering that District, re-returns back from that District into the Mysore Country and from thence is conveyed to the Bellary Frontier, so where the question is whether it is liable to the payment of another Frontier duty before being allowed to

Fort St. George 5th March 1845.

to enter into the latter District.

3. The Board's advertisement in the Gazette dated 13th August 1844 Page 633 alludes to Articles imported by Sea, as it is therein declared, that Goods and Merchandise imported by Sea on which Import duty has been paid in any part of this Presidency will on the production of a Certificate to that effect be permitted to pass across the frontier into the Territories of Native Powers without further demand. I am not aware of any order providing for Articles imported by land and bearing reference to cases precisely of the same nature as that now submitted, except the remarks of the Board in the latter part of the 2nd Para of Mr. Lovell's letter dated 17th June 1844 which run thus, "If on the other hand such goods pass from one District to the other via the Hyderabad Territories, they must, whatever their place of production or destination, be treated as Foreign and duty be levied accordingly." So far as this order goes it is clear that the Betel Nut in the present case or any other foreign Articles should pay duty at the frontier it enters without reference to the place of production or destination. This settles the question as far as each Frontier District is

Fort St. George 5th March 1845

is concerned; but considering the equal benefit of the demand of Frontier Duty in both Canara and Bellary on the same Article it appears doubtful to me whether it does not involve some hardship on the Merchant solely because he avails of the road through the Mysore country (from which he first proceeded) to enter this District. Again if it is considered not fair to charge the Article twice with frontier duty it is at the same time necessary to consider what check will be required to prevent Fraud on the part of the Merchants and by what means we may recognize any Article as the identical one which has once paid duty at the Canara Frontier and whether the production of a Certificate by the Canara Chowkedar of duty having been levied in that District would not be sufficient to exonerate it from further demand on its entering the Bellary Frontier. Now the Mysore Territories where it was originally produced.

4. As transactions of this nature frequently occur, I request to be favored with the sentiments of the Board at an early period, as the point under reference is one on which I am not in possession of their specific instructions for my guidance.

3127

be returned

5. No connected with the subject I have also the honor to forward copy of a letter which I this day addressed to the Acting Principal Collector of Canara, together with a Review of the nature therein specified in further elucidation of my meaning, that the Board may have before them full information on which to pass their decisions.

b. I have alluded in my letter to the Acting Principal Collector of Canara to Section II of the Act. There is however no specific period allowed for a Rowanah or Certificate to run but as it states that it cannot be received older than 30 days it follows as a matter of course that this must be the limit for all Rowanahs whatever the distance.

To The Principal Collector of Bellary

Sir,
Some doubts being entertained here regarding the duty levied on Nuggur Betel nut at Honchoor Cuttay on the frontier of your District, I shall feel very much obliged by your having the kindness to inform me for the satisfaction of parties concerned

To E. J. Thompson Esq^r
Acting Principal Collector of Canara

Sir,

It appears by the enclosed ^{Para 1.} Rowanah issued from your District that security has been taken, according to former practice, for the duty on Betelnut exported from Canara as for this District. The practice in question it is inferred is no longer allowable under the operation of the New Lager Act and is not therefore observed at present in this District in regard to articles exported from hence to any Company's Territory via Hyderabad and Mysore.

In reply to a question submitted on this point as to whether the course always observed of allowing Merchants to await themselves

of the nearest Road to Canara on furnishing security or whether the duty is to be collected at our Frontier and refunded on production of certificate of the local authority of Canara to satisfy us that the whole quantity conveyed has been sold or otherwise disposed of in the Company's Territory. The Board state that all commodities exported from Districts viz. Hyderabad or Mysore must pay export Duty in full whatever be their ultimate destination and that such export duty can under no circumstances be returned.

The system now observed (as per enclosed Rowannah) appears to be at variance with the instructions of the Board above cited, and as your Chowkeedar refers in the Entry regarding security to some order I have the honor to request you will furnish me with copy of any instructions you may have received from the Board on the subject, as it is doubtless intended that the same system should prevail throughout the whole of the Company's Territories under the Madras Presidency.

1. I have the honor to reply to the letter from the late Acting Secy of the 11th November last requiring a Report on the subject of the Petition 1280 of 1844 that accompanied it.

2. The Petitioner a Person of Poligar of Eravarepolliam in Goorurcondah, in consequence of ill health resigned his Office of Moonsiffship in July 1248 and others. Ramanah and Venentreddy were appointed for the performance of the Village Duties both of whom having been dismissed for sundry abuses of authority the present incumbent Mullala Venatappa Naidoo, also a Person of Poligar of a neighbouring resumption was nominated Moonsiff and Reddy in their stead.

It appears that the dignity of the Petitioner is offended at and somewhat

circumstanced in life and performing the duties of the Village, in which he himself resides, and on remonstrating to the late Collector Muskhon, the Enam being Cumbrity and not hereditary, his services were dispensed with on the representation of the Tahsildar that he had misused his influence in obstructing the performance of the duties required on the part of his successor.

There can be no objection to the Petitioner being reinstated in Office, as he appears to have regained his health and is willing to undertake the same and in the event of incapacity on his part in future to attend to his duties, it will remain with the local authorities to adopt the necessary measures for ensuring the due performance of such public services, for which the Emolument as Cumbrity Enam has been annexed by the state.

Orders have been issued for the reinstatement of the Petitioner in the office of Reddyship and Moonsiffship of the Village, for although the Enam is not strictly hereditary a preference should

P.S. 5

35-36

From the letter of the Acting Collector it appears that orders have been issued for the reinstatement of the Petitioner in the Mipsah Reddyship and Moonsiffship of his Village and under these circumstances no further orders seem called for.

Ordered that the following Endorsement be made upon Petition No. 1280/45.
From the report of the Acting Collector of Cuddapah upon this Petition it appears that Petitioner has been reinstated in the Office to which he requested to be reappointed. No further notice of this Petition is therefore required.

a superannuation
pension.

I have the honor to forward a Translation of an Urree from Periapatam Ramiach Native Assistant Collector of the District which he has submitted on the subject of the Board's letter dated 6th July having reference to their Proceedings of the 27th May and 17th June 1844 having been communicated to him, and in which he expresses his willingness to apply for a superannuation Pension if his wishes as regards obtaining leave of absence for the recovery of his health (which he states in his chief consideration) are not complied with urging at the same time his claims as in former communications to an hereditary Jaghire or Shotriem. After all that had hoped on the subject, I did not consider myself authorized to forward his application for sick leave supported by a certificate from the Zillah Surgeon, which was submitted subsequently to the receipt of the Board's letter of the 6th Instant.

The period of his service up to

3135

Fort St. George 6th March 1845

to the date of his application now falls short by 2 months and 17 days of that of 30 years, the Period entitling him to one half of his salary and allowances by the prescribed Rules for Superannuation Pension published under date 22^d December 1835 and it appears to me that failing in the requisition of the long cherished Shrotrium or Jaghbir, the object of his soliciting leave of absence is to complete his service of 30 years - as otherwise the amount of Pension to which he would be entitled would not exceed one third of his salary. -

3. The peculiar distinction conferred on this officer doubtless owing to his merits and to the high estimation in which his services were held, will render it unnecessary for me to report on his character, conduct and past services the highest Testimonials on these points have already been placed on the records of the Board as he is incapacitated for further employment by old age and bodily infirmities, I would beg to recommend for the sanction of Government in his, as a Special case deserving favorable consideration, that the very short period wanting to complete his 30 years service may be

3135

overlooked and that a Superannuation Pension may be granted to him under clause second & Para 5th of Rules above quoted, vizt, one half of his salary and allowances calculated on an average of 5 years previous to the date of his application. -

Translation of an Urzee from the late Native Officer Joint Collector P. Parniah to the address of the Acting Collector dated 20th February 1845.

After usual Compliments

On my having distinctly represented to Mr. Inglis on the 1st January last that I was in need of leave of absence for 6 months to proceed to Combatore for the recovery of my health and that in the event of there being any obstacle to granting me leave I might be recommended for the endowment of Shrotrium or Jaghbir, that Gentleman reported my case to the Board, in whose order, in reply thereto, dated 6th Instant (translation of which I was furnished with on the 11th Instant.) it is stated that they are precluded from submitting my application for leave for the

Consideration

consideration of Government and as it appears that I am unable to perform the public duty I may be recommended for a Superannuation Pension. As I am in a debilitated state I have applied for leave with a view to recover my health and to return (to my duty) but if the Board do not wish to comply with my request I am willing to apply for pension because my principal object is to enjoy the benefit of my health. I therefore beg your goodness will according to my former request be pleased to recommend to the Honorable Company to be so merciful as to grant me and my posterity either an hereditary Jagire or Phostrium in the similar manner as it was bestowed upon several Head Sheristadars who had rendered their services in that capacity for a long time. I had held the office of Tahsildar from the commencement for a period of 14 years and 9 months and that of the Head Sheristadar for 6 years and 9 months and now I hold the office of the Assistant Collector which is in a higher capacity than that of a Head Sheristadarship from upwards of 8 years making in all up to the 15th Instant 29 years 9 months and 6 days and there remains only 2 months and 22 days to make up the total of 30 years as required in the Pension rules

rules. at the time I was without cause removed from the Office of the Head Sheristadar at Coimbatore. I preferred an appeal to Government when although orders were issued for my reinstatement, yet 4 years were lost to me in consequence of my not having been restored to my situation in conformity with the above order. Had the Government restored me immediately I would have rendered my services during the aforementioned four years also. Under these circumstances and in consideration of the honor or esteem I acquired in consequence of my being honored by Government with an appointment which the Natives in general consider to be of a higher grade than those held by them in the Revenue Department. I beg you will be pleased to recommend me for the endowment of a Jaghire or Phostrium in the Talook of Pareapatnam in the Mysore Territory equivalent to a full Pension of 500 Rupees at the average rate recommended by Mr. Ashton.

Proceedings thereon, Para 1

Recording of observations on a letter from the Collector of North Arcot reporting the result of his enquiry regarding the debts due by the Zemindar of Covetnugger

In June 11th March 1845

The enquiry into the amount of the private debts of the Zemindar of Covetnugger and into the mode in which they might be most favorably adjusted, was commenced, under the orders of Government 4th March 1844, by the late Acting

Collector

3140

Fort St. George 6th March 1845

Collector of North Arcot Mr. Babington, but in consequence of the difficulties and delay interposed, partly by the Zemindar and partly by the creditors the negotiation had made but little progress when that Gentleman was relieved from the charge of the District. The investigation was then proceeded with by the Collector Mr. Goldingham who has recently submitted to the Board a full report upon the subject.

From this it will be perceived that the private claims against the Zemindar as far as they are at present ascertainable amount to Rupees 7,61,673-10-2 or little less than ten Lacks of Rupees and that the reductions to which the creditors are willing to assent are inconsiderable. They would indeed, the Collector doubts not, be prepared to forego much larger portion if arrangements could be definitely made - but until something positive be determined they will not come forward with any specific proposals, lest such declarations on their part should hereafter prejudice their claims, if eventually on the failure of the present negotiations, they should be compelled to have recourse to a Court of Law.

The amount of these debts as now reported to the Board is greatly in excess of

ber 1845. Para 10

that which they had been led to anticipate these liabilities in Statement No. 4 of the Report on the Cavettugger settlement for July 1251 having been computed according to the accounts furnished by the Zemindar at only 5,12,62⁶/₁₀ Rupees. It is indeed probable that the Creditors might eventually be induced to make considerable reductions in their present Demands, but it is not to be expected that they would make such abatements, on the faith of any engagement which might be entered into by the Zemindar himself, nor except upon condition of their debts at the reduced amount being discharged through the intervention of Government. The Government would therefore be called upon to provide for the liquidation of these claims either gradually from the profits of the Zemindari whilst under Cirkar management or immediately by a disbursement of Cash from the Public Treasury - the Estate being taken on Mortgage and retained under Gift until the sum advanced by Government had been recovered from its surplus revenues - either of which courses, considering the extent of the Zemindar's liabilities, and the heavy amount.

3142

Fort St. George 6th March 1845

amount which would be payable to the creditors under the most favorable composition would involve the retention of the Estate under a manager's administration for several years to come. This however is not the most disagreeable feature in the case. From the Collector's report it will be perceived that the debts hitherto ascertained, large as they are, do not comprise the entire amount of the liabilities due by the Zemindar and the production of any further demands at a future date - would it is evident, seriously embarrass the Government and might indeed altogether nullify any arrangements which might now be entered into. It further seems in a high degree doubtful, how far the Proprietor would be content to restrict himself to the moderate allowance which would be set apart for his maintenance, whilst his Estate is under management and whether he would not, as indeed it is surmised, that he is now doing, continue to contract fresh liabilities and thus when his Estate shall have been released and his present debts discharged whether he would not be found to be involved in

Para 2-3

Report Para 4

Fort St. George 6th March 1845

in new embarrassments, no less serious than those from which it is now sought to extricate him-

Under the considerations above explained the Board cannot but concur in opinion with the Collector that it would not be advisable that further measures be taken by the officers of Government for the settlement of these debts. They observe that of the arrears on account of which the property was attached in *Fusly* 1251 *Viz.*, Rupees 2,26,171, only ^{Rs.} 95,000 are now outstanding and this it is anticipated will be fully discharged in the course of the next two years. The Estate will then be given up to the Proprietor and it will remain for him to effect such composition with his creditors as he may be able to arrange.

5. Whilst the papers above recorded have been under consideration the Board have received two Petitions from the *Covetnuggur* Proprietor, one praying that he may be re-invested with the administration of the Police affairs of his *Zemindary*, a demand which is obviously inadmissible, and the other that it may be released from attachment on his entering into engagements

Fort St. George 6th March 1845

to pay up the arrears due by instalments. In regard to this second request although the disadvantages inseparable from temporary *Surma* management render the Board adverse to the retention of Estates under *Zafy* administration for a longer period than can be avoided, in the present case, adverting to the state of the arrears against *Covetnuggur* and to the doubts expressed by the Collector whether the *Zemindar* would be likely to adhere to any engagements which he might contract, the Board could not recommend that the Estate be now made over to him. If at the expiration of the current *Fusly* or at any later period, the balance of *Peshush* should be found to be very materially reduced his request may again be taken into consideration.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Acting Collector of North Arcot for his information and guidance.

Ordered

Fort St. George 6th March 1845

Ordered also that the following endorsements be given upon Petitions Nos 34 and 35 respectively:-

On No 34

The prayer of the Petitioner for the release of his zemindary from attachment cannot be entertained by the Board in the present state of the public arrears against the Estate. When these have been materially reduced the Board will be prepared to take his applications into consideration.

On No 35

The request of the Petitioner that he may be re-invested with the administration of the Police within his Zemindary cannot be complied with.

Forwarding Statement of ground taken by the great Western road together with claim for compensation on account of loss of produce

I have the honor to forward a statement of ground taken up by the Great Western road together with claims on account of loss of produce in consequence of the operations carried on for the information of the Board and sanction of Government.

The amount entered in Columns 3 and 4 amounting to Rupees 12-8- is on account of terrace of lands where the crops was destroyed, the spot requiring no further compensation.

The sum entered in Columns 5 and 6 is an account of land taken up by the road and is therefore a permanent annual charge of Rupees 48-12-3. Of this sum Rupees 33-10-11 belongs to the Amboor Mootah as per margin and Rupees 15-1-4 to the Villiam. but Sagheer belonging to Bona meboe. For these lands the Mootahdar claims remission in his yearly payment for putacut lands and yearly payment for the denam dars of the amount taken.

The Sagheendar claims yearly payment for himself and emendars. The parties would be willing to take other lands in exchange but there is no Circular lands nearer than about 10 miles distant which prevents this arrangement.

Col. 11 contains the sum claimed by ryots as part of the amount price which they paid for the lands held by them in proportion to the extent taken by Government; this is just and ought to be given, the amount is Rupees 25-7-4.

In Col. 16 is the amount claimed by the proprietors for the ground occupied by the Soil, brick kilns &c for Sushies 53 and 54 amounting to Rupees 31-9-4. this also ought to be paid.

paid; these sums have been fixed by the Sahildar, assisted by assessors, and the people consent to the arrangement.

I would therefore request the sanction of Government for the disbursement.

The road is not yet brought up to Vanembady and if further operations are carried on further demands will be made, though not to any great extent all the ground in this neighbourhood being under permanent.

Proceedings thereon. Para 1. The former of these papers is no more than a formal letter forwarding the report on the Revenues of the District for Fusly 1252; drawn up by the Sub collector Mr. Elliott. agreeably to the permission of the Board of Revenue as that gentleman had conducted the Settlement of the year. Having been prevented by other demands on their attention from reviewing this report at an earlier date the Board resolve now to consider it in conjunction with the report for Fusly 1253, which is the second of the two papers recorded above for the sake both of expedition and of more immediate comparison.

In both the years under review the season is stated to have been unfavorable to the cultivation of the dry lands. In Fusly 1252 the rains were very late, though the time of their commencement is not specified. In 1253 there was no rain till the end of September; and this was too late to be seasonable for dry cultivation; the proper time for which is the month of August. In consequence of this

this failure of timely rains, the Poonjah Cultivation of Fussy 1252 was 24,267 Rupees below that of 1251, and in 1253 there was a further falling off to the amount of 45,437 Rupees.

3. For Kunjah or wet cultivation the season was favorable in both years.

Sub. Coll^r's Report. In Fussy 1252 the rains were abundant and

of the preceding Fussy, which is stated to have been better than an average year. In Fussy 1253 the rains were abundant from the latter end of September to the middle of October; and again in the early part of December there was very heavy rain, so as to produce damage both to tanks and roads and the rivers also were extremely well filled. But in consequence of the intermediate failure of rain in November, the Kunjah cultivation was less by the sum of 23,545 Rupees than that of Fussy 1252. Both years appear to have been against Kunjah & Garden cultivation, which was lower in 1252 than in 1251, and lower still in 1253.

4. The Sub. Collector is totally silent on the important subject of the Price of Grain during the year on which he reports, and the Principal collector merely says that Prices were lower in 1253 than in 1252 without stating

3162

Fort St George 6th March 1845.

stating how they stood in either year. The welfare of the Ryot, and his means to satisfy the demands of Government, depend in a great measure on the price that he can get for his produce, and a detail of the state of the grain market should form a part of every Land Revenue Report. Mr. Blackburne is requested to attend to this in future years.

5. Subjoined is a statement shewing in comparison the Settlement of the Revenue for Fusses 1251, 1252, and 1253, the different species of cultivation, and the ready money collections, being severally compared, as well as the various items of deduction. Both the Reports under review contain similar comparative statements, but as the two have been drawn up on different plans it is not easy to compare them. It is desirable that the forms of such statements should be the same every year, unless some decided improvement may be effected by a change. In the annexed statement the Revenue of Cunnervandy has been omitted in Fussy 1252 for the sake of comparison with Fussy 1253, in the early part of which year that Mootah was given up to the Proprietor, the Board have no account of the separate outturn of the Estate for Fussy 1251. The same omission is properly made in the statement given in Para 6 of the Principal Collector's Report for Fussy 1253; but Statement 5 which accompanies that Report is erroneous throughout, from the neglect to omit the Cunnervandy Revenue in the same manner.

Fort St George 6th March 1845.

In the 2^d Section of Para 19 of the report on Fusly 1252, Mr. Elliott notices the diversity of the practice existing in the two divisions of the District with respect to the conversion of Poonjah land into Garden. In Dindigul such conversion is only made by means of water provided by the Ryot himself, and the land is thenceforth classed as Ba. ghayet. In Madura Division, water from Government sources or from private sources, is indifferently used, and as the land still remains in the Poonjah class, the Ryot may at his pleasure revert to Poonjah cultivation, and so avoid the "Seervahjastee," without, as it appears, any adequate check on his still availing himself of the means of irrigation. The exaction of the same tax on improved cultivation effected at the cost of Government, and at individual cost, is certainly objectionable, as being a strong discouragement to improvement. But as the Board have recently laid before Government their views as to the participation of Government in the profits procured by the outlay of private Capital on land, as a general question, they will express no opinion on this subject at present, pending the receipt of the orders of

3165

Fort St George 6th March 1845.

Government. They desire however to direct the attention of the Principal Collector to the subject, and will be glad to have from him more detailed information as to the present practice and its effects in each division of his District. It is observed too in statement 1 for Fusly 1253 Columns 109 and 110, that some wells dug at the expense of Ryots in the Madura Division were charged with additional tax, while some were not; the reason of this should be explained. Mr. Blackburne is also requested to afford the some detailed information regarding the practice noticed in Section 3 of the same Para. vizt. that in the Madura Division the Ryots are allowed at pleasure to convert kunnah into Poonjah, paying a medium tax.

See 12 Para 19

With reference to Mr. Elliott's remarks on "Dittum Luroe," the Board observe that they regard it as a just and proper rule, that a ryot may relinquish land at pleasure, provided he gives up good and bad together. The object of the Dittum or Habooliant is not to compel Ryots to take or retain more land than they

3166

Fort St. George 8th March 1845.

they want, but to give the Revenue servants an opportunity of taking care that land is not idly kept waste by one Ryot, when others are able and willing to cultivate it. This has been more fully explained in the Board's Proceedings on the settlement of July 1251. It is by no means the wish of the Board to encourage the practice apparently referred to by Mr. Elliott when speaking of "Potapote Turse." That system of encouraging Ryots to offer for land in the possession of each other, is one of very evil tendency. It causes much jealousy and ill feeling between neighbours, and is often indeed resorted to as a means of injury or annoyance where enmity exists; while it is productive of little gain to Government because land so tendered for is often uncultivated, and is remitted at the Sumrahundy. The Cabooliat system does not encourage these "Potapote" dealings but tends to check them. For lands tendered for and included in the Dittum should, as a general rule, be brought to the Sumrah, although waste, unless some circumstances of season or other be stated.

Collector's report.

at the date of the Dittum, prevented their cultivation. The observance of this rule would effectually prevent such evasions as that detailed in Para 6 of the sub collector's letter to the Principal Collector dated October 28th 1844. It is not on the other hand the desire of the Board to require a rigid enforcement of the Cabooliat Principle above stated, so as to prevent a Ryot from laying a field fallow for a year; they aim only at preventing a practice of which Ryots generally are very fond, viz^t of retaining a large extent of land in their nominal holding or "Khepud," of which they have means to cultivate no more than a small part.

8. The instructions of the Board as to the levy of grass tax on the land occupied for grazing purposes in the Rangherry Zemindary in Maroongapoor, Talook, were acted on in the two years under review. The aggregate tax amounted in July 1252 to 460-2-8, and in 1253 to 465-12-5. This is far less than the amount which the Principal Collector's report held out reason to expect. Mr. Blackburne there stated the extent of land enclosed and privately occupied by

by the principal inhabitants for pasturage and for hay, to be 24,012 Cawnies, and that of the land occupied in common by the Ryots at large for the same objects to be 20,818 Cawnies, and he stated that at $\frac{1}{4}$ of the Surum Assessment the tax would amount to 10,221 Rupees. The Board empowered him to levy a tax at that rate on all the land privately occupied, and on that used in common from all such common occupiers, except those belonging to the Villages respectively in which the land was situated.

9. Considering the large profits realized by the Ryots on those lands especially on those privately occupied, the tax is extremely light, and it is impossible that the imposition of it should have made the lands unprofitable. The reason, then, why the revenue derived is so small, must be either that the lands are abandoned for a time in the hope thus to obtain a remission of the tax; or that only a small part of the land occupied is brought to account by the Curmums. The Board think there is reason to suspect that this latter is the chief cause, and they resolve

Fort St. George 6th March 1845.

to request Mr. Blackburne's attention to the subject with the view of securing more accurate accounts in future years. It may perhaps be expedient for Mr. Blackburne to carry into effect his former proposal so far as to remove temporarily the most contumacious Rattangars, and nominate Monigars in their room. The Board are not informed whether the levy of grops tax has been extended also to Veeramalay, Shogamalay and Cunnavaudy, as was authorized by them.

The items of deductions from the jumma of demand are generally such as are customary, and there are only a few which need remark here.

11. The remission for Kunjab crops destroyed by deficiency of water in July 1252 was much larger than the Board would have anticipated from the character given of the season and on examination of Mr. Elliott's report and statement shows that the largeness of the amount was owing to the admission of claims to remission which are not properly allowable. Mr. Elliott gave remission on

on shawy actually present when examined by the Officers deputed for the scrutiny under the limitation that where the Shawy was under 10 per Cent. of the Ryots Puttah no remission was allowed, the Board would not object to these remission though the 4th of the items as shown in the Statement is not shawy or properly remitted in ordinary years Mr. Elliott's remissions amounted to the sum of Rupees 7300-2-". In addition to the foregoing Mr. Blackburne allowed further remissions after his restoration to Office on some other items viz^t:-

1. Shawy fed away by cattle.
2. D^r reaped for the sake of the straw.
3. D^r not present for examination.

4. Crops destroyed, not by want of water, but from the unhealthiness of the soil.

The admission of the first three of these species has been found productive of so much fraud and imposition, that it has been made a universal rule, with the Board's sanction, that no remission shall be allowed on shawy not actually present for examination, and this is no hardship

on the Ryot, for where there really is shawy it is not matter of difficulty to preserve it till the Government Officer comes to inspect it. The fourth item is the same that the Board have noticed above as not justly to be considered Shawy, but it appears that what was remitted by Mr. Blackburne under this head was also not present for examination.

The remission of Shawy on two Crop land where one Crop has been reaped, and one perished, has repeatedly been condemned by the Board, it does not appear from Mr. Elliott's report whether this item was allowed by himself or

by the Principal Collector. The subject of Shawy in Madura has been often under the consideration of the Board and Government and Mr. Blackburne has been repeatedly informed, in reply to his frequent recommendations for more liberal treatment of claims to

such remission that the Government adhered to the Principles laid down by them in 1825.

Notwithstanding the reiterated instructions.

Mr. Blackburne appears to have disregarded the rules especially pointed out for his guidance. His total silence as to the particulars of his Shawy remissions in July 1825 leave the Board in

in darkness as to the rules which he is followed. The rule as to the non allowance of remissions for Shaury under 10 per Cent of the Ryots Beriz does not appear to be properly acted on in Madura, for it is stated to be the custom to remit the whole Shaury where it exceeds 10 per Cent. of the Beriz, instead of only remitting all above 10 per Cent. Referring to an observation of Mr. Elliott, the Board observe that, in calculating the Centage in such Cases, the total holding of the Ryot should be taken, and not merely his Puttah in the Village where the Shaury exists.

12. It has been ordered by the Board in giving effect to the directions of the Honorable the Court of Directors that single Crop Kunyah land when planted with Sugar cane should be charged with an additional 80 per Cent on its single Crop assessment, and in their Proceedings on the report of Fusly 1251, the Board noticed that this additional tax had not been imposed and called for explanation on the subject. This explanation has not yet

yet been afforded, and it appears that the Board's orders are still disregarded, and no more than the single Crop Teervah levied. The Board resolve therefore to call on Mr. Blackburne a second time to explain his apparent neglect of the orders he has received. If the Principal Collector has still any thing to offer regarding the proportion of the additional assessment to the single Crop teervah, he is requested to state it for the Board's consideration.

13.

The Board resolve also to request Mr. Blackburne's attention to Mr. Elliott's remarks in Sec. 11 of the 20th Paragraph of his report on Fusly 1252. From what is there said it appears that the unauthorized remission styled "Tum Kummy" exists in other instances besides those on which the final orders of the Board for its abolition have been passed. It is further stated that this remission is in some Cases allowed on the Quit rent or Porospoor leviable on Enam lands, and this is corroborated by a Comparison of Columns 40 and 50 of Statement No. 16 as well as Columns from 12 to 16 in Statement 9 for Fusly 1252. This latter Statement for Fusly 1253 is

is altered so as not to show this Circumstance, a change which ought not to have been made. The remission having been commended in the case of Ajen lands, there cannot certainly be any reason for allowing it on Enam lands, the Principal Collector is requested to ascertain in what instances a remission of this nature made by Mr. Peter still exists, and unless peculiar Circumstances should be found, appearing to him to entitle such cases to exemption from the orders passed by the Board in the Cases formerly brought to their notice, he will be pleased to disallow the remission in the Current year and henceforward. If in any instances such peculiar Circumstances exist, he will make such cases the subject of a special report.

Of the Settlement of Fushy 1252, the sum of 17,19,483-1-11. was collected by the end of July 1843, leaving a balance of 80,282-15-4. This was reduced at the date of the Report to 13,537-11-11. of which 2,082-11-6. was due by the Ryots of the Palany Hills. This latter arrear appears to be still outstanding, the other balance on the Land Revenue of Fushy 1252 amounted at the date of the Report on Fushy 1253. to 1038-13-1. The whole of this, with the exception of one piee is due on the lands alluded to in the foregoing Para. the assessment on which having been improperly reduced by Mr. Peter has been restored under the Board's orders to its original Standard. The amount was contumaciously withheld and the Board were ultimately obliged to authorize the sale of land for the arrear which has probably been realized before this. It is not known why the one Piee balance in Todicumboo Talook is shown in the Accounts.

15. Out of the Settlement of Fushy 1253, 16,880 82-3-1. was realized within the Fushy year leaving a balance of 81,219-8-1. this was reduced by the 31st October to 34,464-8-3.

At the date of the last Collection and balance report dated December 31st 1844, this balance was

Fort St. George 6th March 1845.

was diminished to 7,182-6-10. It does not appear whether any portion of this sum is due for the reimposed "Torm kummy". If it is, the Principal Collector should take measures for the immediate realization of that part of the Arrear, proceeding, if necessary, even to the sale of property; for, there is no reason to believe that the withholding of payment is any thing but a Contumacious.

16. The arrear due by the Hill Riots demands more extended notice. The Villages on the Palany Hills were formerly rented, usually, of late years, each to its Manaudy or Headman. The renter collected certain taxes from the Riots which are fixed by long custom as in most other Hill tracts, but he paid to the State only the amount of his rent which was probably always very moderate from the absence of competition. In 1842, Mr.

Blackburne signified his intention to abandon this system and introduce a Ryotwar Settlement, and this proposition was noticed with approval by Government.

17. The formation of a Ryotwar Settlement was entrusted by the Principal Collector to his Sub Collector, in which charge the Palany Hills

are comprised. And Mr. Elliott effected that object as it appears by measuring the land under cultivation and assessing upon it at so much per Goontah the amount of the taxes payable under the old system and he expressly states that the old rates of payment have not been exceeded in the conversion. The assessment is not fixed permanently on the land, but made to vary from year to year with the species of Produce grown on it. The new Settlement was carried into effect in Fusly 1252, and continued in Fusly 1253. The net amount in each year, deducting the charges of Collection (which consist of a Commission on the Beriz paid to the Village Officers) is shown in

the Margin in conjunction with the Rented amount for the preceding five Fuslies. Of the Settlement for Fusly 1252 only

3471-12-1 was realized, and of that for Fusly 1253 no more than 370-15-4, leaving a balance of 2082-11-6 on the former year and 5506-5- on the latter.

18. The Board regret that the new Settlement made by Mr. Elliott was put in force without being previously submitted for their approval. In authorizing the introduction of

3178

Fort St. George 6th March 1845.

of a Ryotwar System it was not their intention that any charge should be made in the form of the tasses demandable by Custom from the Ryots, but only that they should pay those tasses directly to the Officers of Government instead of to a Renter. They would have thought it injudicious at the first change of the system before the Ryots had become somewhat habituated to transacting business immediately with the Officers of Government, and while those Officers had but little acquaintance with the usages and prejudices of the Hill people to introduce at once so radical a change as Mr. Elliott has made.

19. The Board have no hesitation as to the Superiority of the Ryotwar over the Renting System in such cases as the present. They have known good effects to follow the change from Rent to Ryotwar in the management of Hill tracts in other Districts, and they think it desirable in all such cases to remove the Renter from the intermediate position which he holds as a change which both improves the Revenue of the State and elevates the Condition of the people. Now on the other hand, do they mean to say that the rates of assessment introduced

3179

Fort St. George 6th March 1845.

introduced by Mr. Elliott are too high. He himself declares that the Commutation made no increase in the demand, and the Principles on which it was based appear to have been approved by the Principal Collector. But they consider the conversion of the old tasses into a land tax to be injudicious at least at present, and they could not sanction a settlement or direct the realization of tasses impossible under it without having previously had an opportunity of testing its justice by an examination of the Accounts and calculations on which it was based.

20. Had the tasses fixed by Mr. Elliott's Settlement been paid without demur by the Ryots for the two years when it was in force it would not have been necessary to look to the past but only to the future, and it would have been sufficient to suspend the operation of the Settlement pending its examination and Confirmation. But as a large arrear exists for those years, and the Board, for the reason stated above, are precluded from directing its realization, it becomes necessary to adopt another course, and the best course

Course seems to be to revert, in the case of the defaulters, to the Customary tases. To do this it will be necessary to calculate the amount payable by each defaulter according to the old system of tascation, and thus deducting from such demand the sums already paid by the individual to exhibit the remainder as a balance. Mr. Elliott should immediately summon the Curums and Notagars to his Cutcherry, in the same way as for the Sum-mabundy, and if necessary the Ryots and Manaudies also, and the individual balances may then be determined in the mode above prescribed without difficulty or any great delay.

21. Having thus ascertained the amount due by each Ryot, Mr. Elliott should proceed at once to realize it by the means provided by the Regulations, and in particular if he should find on examination that any sums have been received from the Ryots by the Manaudies, and withheld by them, as he supposes to be the case to a large amount, he should rigidly exact these sums from the latter. It may also be found necessary to proceed as recommended by Mr. Elliott, to remove the Manaudies or the most Contumacious of them and

and nominate Monigars in their room.

22. After the foregoing expressions of the Board's opinion, it is perhaps hardly necessary to direct that for the current Fusly, and henceforward until orders to the contrary, the revenue of the Palang Hills shall be settled Ryotwar, according to the ancient Customary tases. The Village Officers should be paid by a Commission on the Revenue of their Village respectively, at rates to be settled for the time by the Principal Collector. His annual Report for Fusly 1254, should contain an explanation of the various items of Revenue in these Villages, and a detail of the Arrangements made for its Collection. Should Mr. Blackburne be disposed to recommend any change of system either of the nature of that introduced by Mr. Elliott or any other, the Board will be prepared to give due consideration to whatever information and suggestion he may have to offer with that view.

23. The Board cannot quit the subject of the Hill Settlement and balance without noticing the Course pursued by Mr. Blackburne as connected with it. The new.

new Settlement, as already noticed, was formed by Mr. Elliot on principles which appear to have been approved by the Principal Collector and was carried into effect by him during Mr. Blackburne's suspension. Mr. Elliott experienced difficulty realizing the demand and Mr. Blackburne gave him no assistance but rather increased his difficulties. For he neither left Mr. Elliott to act on his own responsibility in collecting the Revenue, nor took any decided measures to test the justice of the new Settlement, regarding which he expressed doubts, and on

examination of the small part before them, of the very voluminous Correspondence Tamil and English which appears to have passed between the Principal Collector and his subordinate on this subject induces the Board to believe that the heavy balance due on the Hill Settlement for July 1253 is in some degree ascribable to Mr. Blackburne's proceedings. In submitting to Government the papers now under review, the Board desires particularly to request the attention of His Lordship in Council to

3183.

Fort St. George 6th March 1845.

to this correspondence. As they are of opinion that the interests of Government must suffer in a district where in place of the cordiality and confidence which ought to be maintained between the Head of a Department and his immediate subordinate, the state of feelings is such as appears from the tone and Character of these letters, to exist between the Principal Collector and Sub Collector of Madura. The Board would especially point the attention of the Most Noble the Governor in Council to Mr. Blackburne's letter of September 28th.

24.

The Board have reserved for this part of their Proceedings some remarks which they have to make on the Accounts and Statements received with the reports under notice, and as the object of these remarks is the avoidance in future years of the mistakes noticed in the mode of preparing them, these observations will be restricted chiefly to the Accounts of July 1253.

25.

Statement N^o 1 is the Statistical Return of population &c. In their Proceedings on this Report of July 1251. the Board desired that persons of all ages should be included. The

The Sub Collector however states that he has omitted all children under three years of age, the Board request that hereafter their orders may be literally obeyed, and that all ages may be included.

26. Statements 2, 3, 4, and 6 contains the same errors that were pointed out in those of Fusly 1251, arising from the various descriptions being entered, not according to their entry in the Survey Accounts, but as they are found at present after transfer from dry to wet or Garden &c. With regard to these errors it is only necessary to request the Principal Collector's attention to the Board's remarks in their Proceedings on Fusly 1251. In No 8 for Fusly 1252 Mr. Elliot enters long remarks as to the difficulty of preparing these Statements in the manner required by the Board. His Chief objection is that it would involve the labour of examining the Annual Accounts for forty years back. This is not the case it is only necessary to refer to the Survey Accounts and ascertain the class in which the land is there entered and compare that with its present class. Mr. Blackburne

subsequently

3185

Fort St. George 6th March 1845.

subsequently made a special application to know how the Accounts for Fusly 1253 were to be drawn up, he was informed that the Board's instruction above referred to were to be acted on. The reason that this was not done in Fusly 1253 may be that the Board's reply to this effect was received too late but they hope that the Statements will be correctly drawn up for the Current Fusly 1254. If in any Villages the Survey Accounts are lost and cannot be found after every endeavour, the lands of such Villages must be entered according to the present system, and that fact should be stated in the Column of "Remarks".

27. It is further observed in Statement 2 that the Ayacut entries do not correspond in Fuslies 1252 and 1253. Such error in the particulars is owing in part to the transfer of land from one description to another as pointed out in the foregoing Paragraph, but the coincidence of the totals requires explanation. In Dondugil division this may perhaps be ascribable to the transfer of Cunnemady Noottah to the Zamindary Hoard, but no cause is apparent for the discrepancy observable

30th May 1846

Fort St George 6th March 1845.

observable in the Madura Division. The Board will be glad also to learn whether the Village Revenue Statement corresponding to No 2 and Cutchery, is regularly prepared.

In Statements 3 and 4 the entry of the Dittum or Cabulant is not correctly made. The proper way to obtain the amount to be entered in the Dittum Column is to add to the land agreed for by the Ryots at the time of the dittum, the other land cultivated besides that so agreed for. It can then be seen at a glance by comparison with other Columns, whether the whole of the dittum land has been cultivated, or how much of it remains.

In Statement 4 it is observed that the total of Columns 300 and 325 does not coincide as it ought with Column 296. This should be explained and corrected in future years.

Mr Blackburne has omitted to forward a Statement according to No 15 of the forms sent him on the ground that as the Palang Hills have been brought under a Ryotwar Settlement it has ceased to be necessary. The particulars of the Settlement however are not shown in any other of

Fort St George 6th March 1845.

of the returns, and this therefore should still continue to be furnished, other Columns being added to the form to shew the different items of the Revenue.

30. With the report for July 1253 Mr Blackburne forwarded a Village Chittah from the Dindigul division but none from the Madura division; in future one should be sent from each division as was previously done. The Board request to observe that some important particulars have been omitted in the Sub division Chittah for July 1253.

The various particulars of the deductions from the assessment are not shown, nor does the total extent appear of fields only partially cultivated. The Board request that hereafter no omissions may be made of any of the particulars included in the Bellary form, so far as they are applicable to Madura.

31. The Board regret that Mr Blackburne was unable to introduce the new form in the division under his own immediate charge except in the Talook of Maroongapoor and some small Villages in the other Talooks. No reason is stated, nor are the Board aware of any, why the same orders under which the new accounts were introduced in Maroongapoor, should not have sufficed for their general adoption in every

Talook.

Fort St. George 6th March 1845.

Para 5 Sec 10.

Talook and the Board are disposed to adopt Mr. Elliott's solution, that the Commisars were influenced by other mistakes than the mere alleged difficulty of preparing the Accounts required. The Board trust that Mr. Blackburne will be able to introduce the new forms universally in the Current Fussy. The circumstances to which he refers in his report for Fussy 1253, as likely to prevent this in some Villages, do not appear valid. Neither the large number of fields nor the heaviness of the assessment appears to offer any obstacle. Nor would the absence of the Survey Accounts, prevent the preparation of the New Accounts for the Current Year, though that want would certainly preclude a comparison with the Survey Settlement. In the concluding para of their letter of July 29th 1844, the Board stated that the defects in the Revenue management of Madras had been rectified under their orders. They regret to be now constrained to remark that Mr. Blackburne's efforts to carry those reforms into effect have not been such as the Board had a right to expect. With reference to Section 5 of the 5th Para of the Report for Fussy 1253, the Board observe that in their opinion Mr. Blackburne's own statements bear out that part of the Commissioner's report which he impugns - a circular order directing the preparation of the new Accounts.

and.

and forms for those Accounts were issued by the Commissioner in charge. Mr. Elliott's having shortly after been put in charge of the Settlement, the further carrying out of the Board's orders devolved on that Gentleman and the Board are satisfied with his exertions to acquit himself of their duty.

32.

With regard to the presence of the Ryots at the Settlement, and to the distribution of Puttahs, the Board desire to call the attention of the Principal Collector to their Proceedings on Fussy 1251. They consider it of great importance that the Ryot should be made fully acquainted with the particulars of the demand against him while the Settlement is in progress, and should have ample opportunity of objecting, before affixing his signature to the Chittah. If, as Mr. Blackburne supposes, few only of the Ryots understood the particulars of the total of what they signed, the Board must ascribe the circumstance partly to the novelty of the practice in Madras, and partly to the insufficiency of the explanations given. Men are not usually indifferent or uninterested in matters so nearly concerning their own well being, nor has it been found in other Districts that the Ryots are slow in comprehending.

3190

the particulars of their Settlement Accounts or backward to object to it, if in their judgement, incorrect.

Para 13.

33. With reference to Mr. Elliott's observations in reporting on the Settlement of Fusly 1252 the Board remark that it will often be practicable to prepare the Puttaks immediately after the signature of the Ryots to the Chittah, so as to be ready for distribution the same day. In other cases, where the Village is large or the Chittah signed late in the day, it will be necessary to let the Ryots return home before receiving their Puttaks. It does not appear whether the Ryots were present in Fusly 1252 at the Settlement, or had the particulars of their Accounts explained to them in detail before being asked to sign the Chittah.

Para 14.

34. The Puttak is a document given by the Collector to the Ryot, and in order to make this clearly evident to the recipients, Puttaks should be given in the actual presence of the superintending European Officer and always by the Sanishtadar, or other principal Officer of his Cutcherry. They should never be distributed by the hands of the Village Officers, either curium or Kattangar. For the same reason

Para 16.

reason the Puttaks of absent Ryots should not be given for delivery to the Village Officers but to the Tahsildar.

35.

In their Proceedings on Fusly 1251 the Board called for information and explanation on certain points, but they have yet received no reply. It appears that Mr. Elliott has answered the Board's requisition as far as his own Talooks were referred to, but his letter to the Principal Collector has not been laid before the Board. Mr. Blackburne should forward that paper, together with his own replies to the Board's observations, so far as subsequent correspondence may not have rendered such replies no longer necessary.

Report on Fusly

36.

The Board takes this opportunity to notice that the mode adopted by Mr. Blackburne in dividing his letters is inconvenient. They request that in future he will prefix a number to each paragraph instead of placing many paragraphs or sections under one number. Mr. Elliott also is required to attend to this remark.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded for the Principal Collector of Madras for his information & guidance.

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Principal Collector of Madura reporting the balance due by a Tote renter in his District and recommending for certain reasons that it be remitted.

2. From this it will be seen that the arrears in question amount to Rupees 185-11-6 and are due on account of ~~July 1752~~ in the Zeministry of Cunnemady, at that time under management, but since restored to the Proprietors. The renter appears to have let the rent referred to for 16 years previous to that on which he fell into arrear. his entire property has been sold in satisfaction of the Government demand as has the personal property of his securities and their lands are now under sequestration. Under these circumstances the Board beg to support the recommendation of the Principal Collector that considering the indigence to which this defaulter has been reduced and the sale of his whole property and of the personal effects of his securities further proceedings may be foregone the lands of the securities released and the balance written off in the Accounts.

Sir,
 With reference to your letter of the
 6th Instant, I have the honor to forward the statement
 showing the Establishment to be maintained at the
 Chokies which are to be kept up for the frontier duty
 only, compared with the establishment at those Chokies
 as it stood on the 31st March last.

The Board is aware that some years
 ago all the inland Chokies in this District were done
 away with, and only those on the frontier retained, so
 that by the new arrangement there are only ten on
 the Southern Malabar Country which are now to be
 abolished, leaving all the others on the Conferences
 of the Poms and Mysore territories undisturbed. The
 reductions, therefore, although amounting to more than
 3000 Rupees a year, are not so large probably as in
 other districts, where there were Custom Houses in every
 large Town and also on the Frontier, which are now all
 swept away.

Very large reductions have been made in

3190

Fort St. George 6th March 1845.

in the number and pay of many of the servants in
 where the Collections are likely to fall off, but in those
 where the operations of Act IV of 1844 has considerably
 increased the revenue and more able and better
 servants are necessarily required, a slight increase
 has been made. But was, as the Board is now
 liable to its duty on importation before the passing of
 the Act in question, but since that time it is subject
 to a heavy impost, and this added to other articles
 now taxable, will of course make very considerable
 difference in the Collections at the Customs bordering
 in Mysore, and increase the responsibility and
 duties of the Custom house Officers. It
 has therefore been necessary to make a
 small addition to their pay and number
 while in the same Salaries some situations
 have been entirely abolished. The net
 decrease on the Establishment amount-
 ing to Rupees 300-12-0 a month
 or Rupees 3600-0-0 a year, has been
 carried into effect, and I now solicit
 sanction for the proposed establishment
 for the Land Customs amounting to
 Rupees

Order thereon.

(54-55)

Ordered to lie on the table.

Read again letter from the Collector of Malabar dated 5th and entered in Consultation 27th ultimo.

Ordered that the above-mentioned letter be submitted with the following address.

To The Chief Secretary to Government

To the Chief Secretary to Government

Para 1.

Submitting with reference to the Extract from the Minutes of Council dated 21st Decr: 1844 authorizing the grant of a tract of forest land in Wynnaad on lease to Mr Cowley a letter from the Collector of Malabar giving cover to a communication from that gentleman soliciting certain modification in the terms on which it is proposed that the land in question should be granted to him with the Board's observations on the subject.

With reference to Extract from the Minutes of Consultation under date 21st Decr: 1844 authorizing the grant of a tract of Forest land in Wynnaad on lease to Mr Cowley on certain conditions, I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar giving cover to a communication from Mr Cowley in which that gentleman solicits certain modifications in the terms on which it is proposed that the land in question shall be granted to him.

The first point adverted to by Mr Cowley is that it was recommended by this Office, that the land should be made over to him for a lease of 21 years

Fort St. George 6th March 1845

years renewable for a further period of 21 years and that in the terms now granted by Government this second period of the lease has been reduced from 21 to 14 years considering therefore that the expenses and difficulties of the undertaking are very great he expresses his hope that the original proposal of the Board may be acceded to. It does not appear to the Board necessary to offer remark on this part of Mr Cowley's application. The period for which the land has recently been granted to him is considerable. It will be for the judgment of Government whether further indulgence in this respect be required.

21 years
14 years
35 years

In regard to the second point brought to notice by Mr Cowley the Board have, with Mr Cowley understood the terms of the Government orders, as requiring only one payment of Rupees 3,000 the renewal of the lease on the same terms being merely a renewal at the same Rent i.e. a Pepper corn but on this particular they beg to request the instructions of Government.

The objection taken by Mr Cowley to the condition whereby one third of the land is to be cleared within five years and the whole to be cleared and cultivated within

Fort St. George 6th March 1845.

within ten years is in the opinion of the Board deserving of consideration. Admitting the difficulty of procuring laborers and other causes beyond the control of the Sefoes may prevent them in despite of their most anxious endeavors from clearing the land within the stipulated periods. For such impediments it cannot be the intention of Government that they should be made answerable. The Board would therefore try to submit that to the clause in question may be added a proviso unless the omission to bring such lands under culture shall be proved to the satisfaction of Government, to whom such occurrences shall be specially reported by the collectors to have proceeded from causes over which the said Sefoes had no control and from accidents which it was not in their power to have remedied.

5 The Boundaries of the Tract to be leased should, the Board are of opinion be carefully pointed out by some Government Officer appointed for the purpose as suggested by Mr. Girdle. The expediency of such a measure seems too obvious to need being insisted on.

6 The last point remarked on by Mr. Bowley is the condition that no

Fort St. George 6th March 1845.

part of the land not brought under actual cultivation shall be subject to sale or transfer. He explains that he is the representative of a few Gentlemen who have formed themselves into a private company with a view to the cultivation of Coffee on a large scale. that it is their wish that the whole land should be held by Lieutenant Colonel Dew Bengal Artillery as Trustee or if preferred that the lease should run in his own name solely. The stipulation now under notice will, Mr. Bowley urges, seriously embarrass them inasmuch as in the Deeds of Partnership it is strictly agreed that the share of a Partner deceased is to be purchased by one or more of the other partners but that this of course cannot be done nor indeed can the lands be assigned or apportioned among the proprietors themselves if sale and transfer be altogether prohibited. The Board observe that the prohibition of sale or transfer applies only to such lands as have not been brought under cultivation. They are aware of the objections which exist to the transfer or sale of waste land held under bowle from the abuses to which these practices are found to have given rise. The difficulty would however, they would submit, in the peculiar circumstances of

if the present case, he stated if Mr. Cowley were to specify the parties engaged in the Partnership and if the clause under remark were so modified as to allow waste land being sold or transferred by the person in whose name the leases made to any of the declared Partners or their representatives or by the Partners among themselves but to prohibit its alienation under any terms and circumstances to individuals not included in the Partnership. The only other course which occurs to the Board is that the lease should be made out in the names of all the partners leaving them to arrange their several shares among themselves as they may think fit the prohibition against the holding of such portion of the land as may not have been brought into cultivation by parties other than the Lessees being still continued.

Board's letter
dated 29th Janu-

Magistrates
of Cambatore

were desired to
be careful to
prevent collisions.

Fort St. George 6th March 1845.

Remitted again, without the knowledge - and concurrence of Mr. Wroughton, any of the privileges of which he has been debarred by that Gentleman's measures during the course of the long enquiry into his case. Had I been certain that the Board's orders had been made known to Mr. Wroughton as well as myself, my communication would not have been made. Mr. Wroughton's reply being to the effect that he had made a further reference against the carrying out the Board's orders it seemed to me absolutely necessary to request final instructions I will now make the Remitted acquainted with all that has taken place, confining myself for fear of misapprehension as far as possible to the Board's own words. I will further desire him, should any cause of complaint occur, to prefer it to the Board or Government direct in conformity with the Board's present instructions.

From the Secy to Agric. and Horticultural Society, Madras.—

Shewing with reference to the Board's letter of the 20th Instant that the Society's garden cannot supply more than 2000 Mauritius Sugar Canes this year of which 500 have already been bespoken & transmitting copy of a paper drawn up by the Head Gardener describing the proper mode of treating the Canes before and after planting them.—

Read the following letter—
To J. Pycroft Esq^r
Secy. to the Board of Revenue
Fort St. George.

I have the honor by desire of the General Committee of the Agric. Horticultural Society to acknowledge the receipt of your letter of the 20th Instant, to the address of Captain Sanson, enquiring to what extent the Society can supply cuttings of the Mauritius Sugar Cane to forward to the Provinces.—

2. In reply I am to acquaint you that the Society's garden cannot supply more than 2000 Canes this year, of which 500 have already been bespoken.— In the Village of Chinnimbaidoo however in the Chingleput District the Mauritius Sugar Cane has been cultivated to a great extent, and the Collector at the requisition of the Board can forward as many cuttings as are required, to the Authorities in the interior.—

3. It was from this source that the requisitions of the Board for the last 3 years have been chiefly complied with, and the ryots of that Village have only very lately been enquiring at the Garden how many Canes the Society wished to

Fort St. George 6th March 1845.

to purchase, stating that they had now upwards of 20,000 feet for cutting.

4. With respect to Para 3 of your letter I have made enquiries of the Society's Head Gardener, and he assures me that every care was taken in packing the Canes forwarded upcountry and he attributes the destruction of the vital principle to the neglect of the Bandymen in not sprinkling the Canes with water daily as desired. He has at my desire drawn up a paper describing the proper mode of treating the Canes before and after planting them, a copy of which I have the honor to enclose.

5. Your suggestion respecting the despatch of Canes by sea, the General Committee desire me to say shall be attended to whenever opportunities are available.

Agri Hort. Society's Office,
Madras, 25th February 1845.

Directions for Planting Sugar Cane.

The Canes must be cut in length of 3 joints, after which get a Tub or some other Vessel, put a good quantity of Cow dung droppings mix it with water so as it may be pretty thick, dip all the pieces of Cane into it so as the Cow dung may adhere.

Fort St. George 6th March 1845.

adhere to them and pile the Canes up in a heap in a shady place, cover them all over with straw and allow them to remain in that state for 3-4 or 5 days until you see the roots shooting out at the joints after which they should be planted in the trenches.

We dig the trenches about 5 feet asunder and 18 inches deep but fill up to 6 or 7 inches. We always flood the trenches and directly after set the Canes, that is we lay the sets flat in a line in the centre of the trench and press them down in the mud just sufficient to cover them, but care must be taken that the eyes are on each side. If there was any sort of rubbish such as straw leaves &c. thrown over the rows, the Canes would sprout the better for it especially if the weather is very hot. by treating them as above stated, the Canes will sprout before the white ants can do them any harm.

2. The Board observe that the experi-
ment has hitherto not been attended with any
satisfactory results in your district and which
would appear to be owing to the injury sustained
by the Cuttings on their way from Madras and
consequent loss of the power of vegetation rather than
to any unfitness in the climate and soil of the district
generally to bring the plants to maturity.

3. Government having signified their
wish that a further distribution of the Cane

from the Officiating Secretary to the Board of Revenue.

Submitting a letter from the Acting Col^l of

Gangam reporting his having preferred an

appeal to the Civil Court of Chicacole

against a decision passed by the Principal

Sudder Ameen in a suit brought by the Proprietor

of the Sheer Mahomed Poor Mostahid Vizagapa-

stars against certain Rights of the Gangam Div. (See entry 6th Feb^{ry} 45/1845)

relative to an Island recently formed by

freshes in the River Mangalich which separates

these Districts, and in which the late Act^g Col^l of

Gangam was made a supplemental Defendant and

recommending that the present Act^g Col^l may be

allowed to conduct the appeal at the public expense.

Adverting to the grounds on

which the decisions of the Principal Sudder

Ammeen has been passed in favor of the

Plaintiff it does not appear to the Most

Noble the Governor in Council that there was

such prima facie evidence of error of judgment

as to warrant the present Acting

Collector in preferring an appeal therefrom

without a previous reference to the Board of

Revenue.

Ten witnesses were examined

in support of the Plaint^{iff}, from whose

testimony, as also from the report of

the Ameen deputed by the Court to

repair to the place and enquire fully into the

matter, and whose report is grounded strictly on the

information

St. George 10th March 1845

information gained from the Majority of the inhabitants of that and of the neighbouring villages from the records pertaining to a similar subject of dispute which had taken place formerly between the Collector of Gajyam and Vizagapatam, which land was decided to belong to the Plaintiff it clearly appears, says the Principal Sudr Ameer, that the land, the subject of the present suit, is situated within the boundaries of Plaintiff's village.

3. The grounds on which an appeal has been made by the present acting collector is the conviction arrived at by the late acting collector Mr. Anstruther from personal inspection of the land that it belonged to the Gajyam District and not to the Plaintiff and that an examination of the spot and report thereon by a surveyor or Assistant Engineer would afford just reason to reverse the decision of the Principal Sudr Ameer and the acting collector requests to be allowed by the Court to produce evidence to substantiate the fact of the land belonging to the Gajyam and not the Vizagapatam District. The nature of this evidence is not stated, and had any been forthcoming it is surprising that the late Acting Collector should have neglected the interests of Government as to omit to produce it before

St. George 10th March 1845

before the Court and allow the suit to be adjudged ex parte against his own moral convictions that the land did not belong of right to the party claiming it. His Lordship in Council resolves therefore that that Officer be required to furnish without delay an explanation of his conduct in this respect, and adverting to the style and language of his motion to the Court, His Lordship in Council cannot refrain from observing that it is as unbecoming the character and station of an Officer, the representative of the Govt. in the matter as it is to the Judicial authority to whom it was addressed.

4. His Lordship in Council desires that Mr. Smollett will explain more fully the nature of the evidence on the production of which he feels satisfied that he can obtain a reversal of the decision of the lower Court, and the Board of Revs. will be pleased to submit the information to Govt. as early as practicable when the question of the costs of suit being borne or not by the Government will be taken into further consideration.

Relative to
the Management
of the Minor Estates
of Maringhy Sun-
gumvulsah and
Coorpraum in
the District of
Vizagapatam
for Fusly 1252.

25th Jan 1843

(Here enter N^o 551)
The zemindar of Maringhy
having attained his majority the Estate was placed
in his charge in August 1843. The report on the
Settlement of Fusly 1252 was submitted in December
following and in reviewing the Accounts of this Estate
as well as those of Sungumvulsah and Coorpraum
in the District of Vizagapatam for that year. The
Court of Wards will first briefly notice the con-
dition in which the Maringhy property was
received by its Proprietors.

In the comparative Settlement
inclusive of Current Demand and arrears a net
increase

3236

Fort St George 10th March 1845.

increase is exhibited in Para 3 at Rupees 545-2-9 but compared with the current demand there is a decrease of Rupees 1548--2 below the previous year. The Acting Collector adverts to the demand shewing as usual little fluctuation but the Court observe that no distinction has been made between Khaim Dowe or the estimated Revenue and the settled demand. In his report on the Settlement of Fushy 1251 the Estimated Revenue was entered at Rupees 36252-7-5 and the settled demand at Rupees 35546-2-7 shewing a difference of Rupees 706-4-10. In the year under review the Revenue is set down at Rupees 34704-7-3 but whether estimated or settled is not explained. It would appear that the comparison is made with the estimated Revenue of Fushy 1251 thus leading to the conclusion that the Settlement has been determined in Fushy 1252 upon the Khaim Dowe alone. If this view is correct the Collector will be pleased to explain the causes which gave rise to this Arrangement.

As Coll^r letter
30th Dec^r 1842
in Cont^d 12th Jan^y
1843
Para 2.

3	00
Demand —	34,704 - 7 - 3
	33,141 - 14 - 10
	1563 - 8 - 5

Nearly the whole of the Demand was collected within the fushy and with arrears the net Collections amounted to Rupees 33757--6.

The

3237

Fort St George 10th March 184530th Dec^r 1842.

The Acting Collector states "that he had intimated that the Minor Zemindar would attain his Majority in August (1843) before which time it would be proper to write off whatever amount of arrears seemed irrecoverable" and he reports that all arrears prior to Fushy 1251 were struck out of the accounts and a notification thereof made to the Ryots. This decision is questionable for two reasons. first that it required the sanction of Government for its confirmation and secondly that unless there had been an arrear of Peishkash outstanding against the Estate and a remission made on that account the Ryots could have no claim to entire exemption from these arrears previous to Fushy 1251 nor could an enquiry the result of which had not been communicated to the Court of Wards justify any steps being taken to write them off without due authority. The Court trust that the notification will have secured the Ryots from further importunity and in the belief that the balances could never be realized they have no hesitation in soliciting the Government to confirm the proceedings of the Acting Collector.

After defraying all charges, including Rupees 18,500 on account of Peishkash and Rupees 10,000 paid into the Government loan, there remained

3238

Fort St George 10th March 1845

remained a surplus at the close of Fussy 1252 of Rupees 9492-6-6 which added to the surplus of former years vested in Company's Securities and amounting to Rupees 39,800 was paid over to the Zemindar who it is satisfactory to the Court to learn possesses the necessary qualifications for the Management of his property.

The outstanding arrears from Fussy 1246 to Fussy 1252 inclusive have accumulated to Rupees 1769-7-2 but whether they are entirely desperate or may be in part recovered the Court have received no information and they request the Collector will submit his opinion as to the measures he would suggest for their realization or remission deducting from the Gross Receipts or Rupees 19,571-4-9 the Charges of the year under considerations amounting to Rupees 16,248-10-5, in which provision was.

was made for the payment of the Peishcush and for an expenditure of Rupees 1000 on account of the ceremonial noticed in Para 13 of the Acting Collector's report there remained a surplus of Rupees 3322-10-4. The Court confirm these Charges but observe that their permission was not previously obtained for the appropriation of the sum required for the ceremonial referred to. The investment of a further sum of Rupees 3000 in the 4 per Cent loan thus increasing the amount of the surplus funds of the Estate already employed in the purchase of public Securities to Rupees 25,500, is satisfactory. The Court trust that the Collector will not lose sight of the education of the Minor and they will be prepared to support any suitable means of improving it which he may consider conducive to that end.

The Settlement of the Court.

7. The Estate in Fussy 1252 amounted to Rupees 24,970-14-5 fell short of that of Fussy 1251 by Rupees 5,026-2-5 from the causes noted in the Margin. As in the Settlement of the Maringhy Estate the Court observe that the comparison is made between the settled demands of

3240

Fort St George 10th March 1845

of Fusly 1252 and the Ilhaem Dowle of Fusly 1251 and they infer from this that the Current Settlement has been formed upon the Estimate only. This requires explanation.

8. Of the total Demand of the year inclusive of arrears of previous Fuslies and Tuccary amounting to Rupees 35,731.11.3 the sum of Rupees 23,631-13-1 was collected leaving a balance of Rupees 12,099-11-2 with reference to the demand for arrears of other years it is stated to be in a great measure fictitious and to the extent of Rupees 4,080-12-7 to be a nominal demand for Villages held in Mortgage by creditors and others for which credit is given to the Estate. The Court desire to know how many Villages are thus held under mortgage the titles under which they are so held and the amount of the Revenue derived from each. The Collector will be pleased to furnish this information shewing also in what manner the Settlement has been made in these Villages.

9. The Court of Wards had expected to receive with the Report on the Settlement of this Estate for the fusly under review some information respecting the rates of the sists which are complained of as too high. The Acting Collector has explained that it was impracticable for him to make those enquiries in person which could enable him to judge of the corrections required adding however that enquiries have been pursued to rectify the evil and the Court trust they may receive full details on this subject from Mr. Arbuthnot.

10. After defraying all charges as exhibited in the account (Current of this Estate Current Peishcash subsistence and charges of Management included) which the Court resolve to sanction there was a surplus of Rupees 18,637---2 in favor of the Minor. The disbursement on account of the debts of the family will be considered when the report thereon which the Acting Collector had promised to furnish is received.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Vizagapatam for his information and guidance.

The Proceedings on the subject of an order by the Queen in Council Dated 10th April 1838 is to the effect that suits within the sum of 10,000 Rupees are not appealable, and one of the aforesaid numbers/18- of 1841 / for only 9,000 and odd Rupees, falling within the tenor of that order Coosahramiah presented a motion to the Court of Sadr Adalat to

Fort George 10th March 1845

to enforce a warrant. Having this I recently presented to your honor certain petitions stating the disabilities I am subjected to, and requested the interference of the authorities which were kindly taken notice of for the Government Vakil in that Court was instructed to present a motion about it, for the favorable orders of that Court with the view of staying execution of the warrant. The 3 other suits Nos 16-17 and 18 are of a different nature being appealable to the Queen in Council and the time given for that purpose will expire on the 17th of March next. The total amount of these 3 suits is Rupees 204,627-13-3 which at 10,000 Rupees for each will require a sum of about 30,000 Rupees as costs there are only 2 months more and it is essential that some definite orders should be given and suitable measures taken as to whether the suits are to be appealed against according to my desire to the Queen in Council or measures resorted to stay execution of such warrants as may be applied to be enforced pending references and other delay. Settlement of
Cons 6th Sept 1842
From Govt.
13th Sept 1842

Read letter from the Acting
Principal Collector of Cuddapah and from the Agent
to the Governor of Fort George in Kurnool contain-
ing their respective reports on the Settlement of
the Revenue of Buriganapully Saghere, for fushy
1251 and 1252, and the quinquennial rent for
fushy 1253.

At the date of the report from
the Acting Principal Collector of Cuddapah recorded
above, the Buriganapully Estate was about to be
made over to the charge of the Commissioner in
Kurnool under instructions from Government and
with a view to afford all the information in his
power on the occasion of the transfer. Mr. Arbutnot
enters into minute details accompanied by figured
statements relative to the Fiscal Management
and the adjustment of the debts of the various
members of the Nawab's family having claims
upon the Estate. It does not appear necessary
to follow the Acting Principal Collector thro'
all the detailed accounts annexed to his
report and the Board will proceed to
notice briefly the leading points in the
system of management adapted during
the period under review and the general
results upon the Settlements of the year.

The extent of land of
every class taken up by the Ryots for
cultivation in the fushy under consideration
was

3250

Fort George 10th March 1845

was Landies 279-16-6 ⁹/₁₆ assessed at Rupees
121072-3-5. which was within 650 Rupees of the
assessment of the land cultivated in the pre-
vious year.

The amount of Remissions under
all heads exceeded the net amount granted
in the last year by Rupees 2719-6-8. this increase
was owing chiefly to the reduction made on a
highly assessed land to the extent of Rupees
1471-8-4. being the difference between the amount
fixed to be leased and the usual assess-
ment. Deducting the remissions from the
amount of Settlement of lands undertaken
to be cultivated within the addition of the items
brought to account for concealed cultivation
and quit rent, the total Beriz of the Saghere
amounted to Rupees 111579-15-3 and exhibited
a net decrease below the Beriz of fushy 1250-
to the extent of Rupees

150-12-9
+ 5787-13-8

Total Settlement
Fushy 1250- 111916-3-4
1251- 111579-15-3
336-3-9

3396-3-9

Of the demands of Land
Revenue on the Estate the sum of Rupees
94300-1-10. was collected within the fushy
leaving a balance due at its close of Rupees
17219-13-5. Subsequent collections however
reduced this amount to Rupees 16537-1-11.
which was the balance remaining outstand-
ing at the date of the Collector's report.
In explanation of this large sum not being
brought

3251

Fort George 10th March 1845

brought to account the Collector states that it is to be attributed to the high "assessment" of the lands the reduced circumstances of the "Ryots" and the low prices of grain in July 1251.

Annexed to para 8 of the report is a figured statement exhibiting the total arrears outstanding in the Saghere from July 1246 to 1250 both inclusive from which it appears that the total balance extending over these several years was Rupees 33,679-4-1. The Collector adds that arrangements were in progress for a rigid investigation into these arrears but that they were put a stop to by the charge of the Saghere being transferred to the authorities in Kurruck.

6. The total settlement of the Saghere including Land Revenue and revenue derived from the Extra sources amounted in the aggregate to Rupees 1,34,905-8-2 which was below the settlement of the preceding year derivable from the corresponding sources by Rupees 3,300-4-1.

7. The total receipts of the year under consideration including the portions of arrears realized within that period are shown in the statement appended to para 17 to have been Rupees 1,21,635-8-4.

3252

Fort George 10th March 1845

the same statement also shows the charge of the Establishment kept up for the management of the Saghere including the allowances of Zemindars to have together amounted to Rupees 8,006-9-4 and the balance remaining for distribution to have been Rupees 11,362-15-4, of this amount the Saghere received 5,106-2-1 and the residue being Rupees 6,256-13-3 was carried to the account of the creditors.

Para 19

8. The assumption of this Saghere by Government took effect in July 1242, and the figured entry in para 19 exhibits the Gross Collections and charges from that date to July 1251 a period of 10 years after deducting the usual disbursement for the whole term the net amount which was available during this period for the liquidation of the debts and payments to the Zemindars amounted in the aggregate to Rupees 7,85,997-4-6 of which no less than Rupees 497,431-3-4 were allotted to the creditors, the relative proportion of the above payments having been fixed since July 1249 when a full "adjustment" was made of all collections "received previous to that year" at the rate of $\frac{1}{4}$ to the Saghere and $\frac{3}{4}$ to

Para 20

to the parties having demands on the Estate.

9 The original liabilities of the Jaghiredars as well as the deductions allowed by part of their creditors from the debts due to them at the time of the general adjustment above alluded to are shown in the 21st para of the report and also the payments made in liquidation of their claims and the balance due up to the close of fushy 1251.

10 From this statement it appears that the creditors were of two classes, vizt, those whose debts had been investigated and who had executed fresh documents and others towards whom no similar steps had been taken. Of the former whose reduced claims amounted to

under review was Ruppes 494/6/8—5—2, leaving the aggregate amount of their claims then due Ruppes 389/5/26—8—7. The total debts of the 2^d description of claimants were 10276—12—6 towards the liquidation of which a proportionate sum was held in deposit pending a final arrangement with them. Including the above the whole sum due to the several creditors at

At that date the Acting Principal Collector states that the balance in the Treasury on account of the Jaghire amounted to Ruppes 113818—6—7. The Board learn however from the account current made up to the date of the report that after deducting the disbursements which included a further payment of Ruppes 43930 10—10 to the creditors, this balance was reduced to Ruppes 23962—6—10 with which sum credited in its favor the Estate was transferred as remarked above from the Buddah District to the Management of the Commissioner in Murrool.

Statement C

The entire land revenue of this Jaghire, including Sodee in Fushy 1252, fell below that of the preceding fushy by Ruppes 3512, 4—4, and including the other items of revenue derived from Maturpha Sayer, Alkharry and Sundry Farms and Licenses the total demand of the year was Ruppes 132230—13—3. of this sum the collections up to the close of the fushy were 113758—2—9 leaving a balance of Ruppes 18472—10—6 subsequently reduced by the realization of Ruppes 775—8—6 to

Remissions

Jusly 1252---19287-13-5

" 1251---15635-3-6

3652-9-11

The remissions granted in Jusly 1252 were greater by Rupees 3652-9-11 than in the Jusly antecedent under the head of Gostah Jumry or a too highly assessed land there was a remission of Rupees 6593-15-5 in excess of the previous year, this and other items of remission are satisfactorily explained in para 5-6-7 of the Commissioner's report and do not call for particular comment.

14.

The Sayer revenue is carried to the account of Government the Nabob receiving a lien the sum of Rupees 7000 per annum the amount derived from this source in Jusly 1252 exceeded the above allowance by Rupees 2949-9-10.

15.

The System adapted for the Settlement of the Lughere for Jusly 1253.

3256

Fort George 10th March 1845

1253. was that of renting the Villages as far as the terms offered would admit of their being accepted and it appears from para 9 of the report that the Collector was enabled to complete a quinquennial rent for 56 out of the 64 Villages comprising the Estate.

The demand in these 56 Villages on the average of the last five years immediately preceding the rent was Rupees 96804. 6-8 the collections however are stated to have averaged during that period only Rupees 86897 10-3 a circumstance which would appear to be explained by the demand being made more with regard to the pecuniary ability of the Ryots to pay than to any actual knowledge of the productive powers of their several holdings or the part of the controlling authorities from the total absence of either survey or assessment on the land within the limits

3257

Fort George 10th March 1845.

limits of the Saghere.

17. The total annual amount for which the above Villages were rented was Rupees 36069 or within 330 Rupees per annum of the actual average receipts obtained under the former mode of settlement a result which the Board consider satisfactory, the remaining eight Villages being in the opinion of the Commissioner capable of yielding a revenue larger than the amount of rent tendered were retained under a new management for the benefit of the creditors.

18. The Commissioner remarks in the concluding para of his report that owing to the Government having no direct interest in the revenue of the Saghere, he has abstained from entering into any lengthened detail "it would however have been satisfactory to the Board had Mr. Scott stated generally what progress had been made in liquidating the amount of debts with which the Zamindar and his family are burdened and what amount of assets had been appropriated for this purpose during the two years under review and it is therefore requested that he will in future supply this information."

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Agent to the Governor of Fort George in Hurrool for his information and guidance.

Stating that the claim presented by the Butte and Tobacco Renters in the account requiring P^{er} 1254 of 1844 for July 1253 for compensation should be admitted and Rupees 2000 granted under the circumstances set forth. Also submit a statement of collections for each year from the 1249 1250 1251 and 1252.

Parish.

I have the honor to acknowledge the receipt of your letter with Petition No. 1254 of 1844 from Narram Moddelly preferring claims to compensation in consequence of the resumption of the Butte and Tobacco Farm before the end of the Fushy.

2. Accompanying is a statement showing the faysa collections for each month in Fushies 1249, 1250, 1251 and 1252 prepared according to the accounts furnished by the Renters themselves. From this it appears that about 4/5 of the Rent are realized within the 10th April. Thus in Fushy 1253 in which year the rent was Rupees 24450, the Renters must be considered to have realized Rupees 19400--- within the 10th April and as they have received a permission of Rent for that Fushy equal to 3 instalments or Rupees 6544-9-5 their Profit has been Rupees 1744-9-5 only to meet all expenses and risks.

But the Renters accounts
except

3259

except as respects Tushy 1252 are useless for the settlement of the present claims as the amount of Collections during the last 3 months of each year are greatly disproportionate to the Collections during the first 9 months. In Tushy 1252 the proportions are about $\frac{3}{4}$ for 9 months and $\frac{1}{4}$ for the last 3 months. This perhaps is an approximation to accuracy. The same individuals rented the Peetle and Thew in Tushies 1252 and 1253 and as the rent of the latter Tushy was settled in June some time before the close of the Tushy, the renters had not the usual inducement to make the largest amount of Collections possible before the termination of the Rent. It must be remembered that the collections will be larger towards the close of the Tushy from the Harvest of the Tobacco taking place at that period.

The Petitioner has stated before me that his loss amounts to Rupees 10,000 but that he is willing to give up Rupees 2,000 of this amount. This Statement of loss is as wanting in accuracy as the accounts noticed above.

5
 Assuming Tushy 1252 as an approach towards accuracy both as regards Profits

1253 would amount to Rupees 5675 of this $\frac{1}{4}$ or Rupees 2270 will belong to the last 3 months. Thus if the claim to compensation which is now made is admitted the amount of compensation should not exceed Rupees 2270. I am inclined to think that the claim to compensation should be admitted and that Rupees 2000 may be granted on this account.

Out of the 10 Bags of Marbles returned for -
July 1253 and sanctioned by Government on
the 9 December 1843, two only were made at
the time, and the rest were not completed in
consequence of an order having been received
from the Board on the 29 April 1844, directing to
receive and sell salt by weight instead of by
measurements and by a subsequent letter
received from the same authority dated 13th
January 1845, the above was not acted upon
until the final orders of Government shall
have been received. Sixteen Bags of Marbles
are now absolutely required for conducting
the sales as well as for receiving the new
salt into Store which will be ready in the pro-
cessing month. I therefore beg to submit this
estimate for the early sanction of Government.

M. C. Ashburn Cllr. do do 8
M. A. Widdowson Cllr. do do 17

Sir. I am directed by the Board of Revenue to acknowledge the receipt of the Statement of Extra Tent allowance submitted by you for July 1853 and to convey sanction for the amount drawn by yourself and assistants for the number of days noted in the margin.

It is observed that the Sub Collector Mr. White resided at Annamangalam the Puzos Station 37 days deducting 57 days during which he was employed in administering his summary bundle accounts with those of the Collector's Station. The Board with reference to their Proceedings dated 30 May 1853 pass the remaining 57 days without explanation of the necessity of his residence there.

2 With this exception the amount drawn by Mr. White is sanctioned as noted in the margin.

From the Principal of Offering of Madras his opinion that the 28 Iron and 25 Stone weights of the Madras Tolum and its subdivisions cannot be made available for the Indian Maund and its subdivisions into Tolas without recasting & cutting.

Sir, Para

In answer to your letter of the 13th received on the 22nd ultimo I beg to offer my opinion the weights formerly used in the Sayer Cutcherries cannot without recasting the Iron and readjusting the stones be made practically useful for the Sea and frontier Custom houses as quotients and multiples of the new weight of 3,200 Tolas to the Indian Maund.

Each Custom house should

I suppose be supplied with the Subjoined weights, the materials of which they are to be made being left for the consideration of the Board, one of each.

Resolution thereon.

(33-34)

If the weights formerly used at the Sayer Chokies are of wrought Iron there would seem to be no difficulty in adjusting them to the new standard of 3200 Tolas to the Indian Maund, but if made of Cast Iron they cannot, the Board believe, be made available. The Stone weights might however be adjusted. The Principal Collector will therefore be pleased to submit an Estimate for adjusting the old weights but if this cannot be effected, the required number of new weights should be made of wrought Iron and an Estimate of the probable cost submitted for sanction. It does not appear to the Board that weights less than 1 Seer will be found necessary.

the open space has his yard divided from it by a wall in which I have sanctioned the insertion of a back yard doorway, with express injunction for its never being opened during the two days of the annual feast. It does not seem clear that the church has any right to this bit of ground, but it was so left to mere prejudices, and I think the complaint entirely vexatious.
