To The Collector of
Madura.

Sir,

I have the honor to request you will submit this my application to be permitted to visit the Pulney Hills for one month and to be absent from my duties for that period under the provisions of section XI / amended / of the absentee Rules.

Since my return from the Cape of Good Hope in July 1851. I have not been absent from my station and I solicit the present indulgence on the score of my health, as well as on urgent private affairs.

B. N. 252

To the Commissrs for enquiry and reporting upon the Statements and accounts

I have the honor to submit a Memorandum prepared in this Office on the English Correspondence alluded to in my letter of 29th January 1853.

No 1

Memorandum upon Statement of Periodical Returns No 2.

Annual Returns

Nos.
103 Immovable Property Extra Revenue and Minors Estates Report.

These require no modification as special orders are from time to time issued by the Board to each district regarding their preparation.

4 Salt Report.

This Statement was expressly ordered to be furnished by the Honble Court, and cannot therefore as has been suggested be blended with the other Statements

This

Nos 5 Statement of Salt wastage

This should be furnished as usual as the special sanction of Government must be annually obtained for writing off the Salt wastage of all the Districts at once.

6 Cotton Report

This Report is usually a small one, accompanying a tabular Statement, consisting of 10 columns. no change is necessary in this Report or Statement.

7 Report on Indigo cultivation

Procured by order of Government from Cuddapah, Nellore, North Arcot, South Arcot, Salem, and Chingleput, for the Chamber of Commerce.

849 Statement of Collections and charges.

It has been stated that the utility of these Statements to the Board is not apparent, but if they should be still required, a more simple form has been submitted for the Board's approval by the Collector of North Arcot. The Circular Order of 25th January 1854 page 18 explains why these Statements are wanted. They can hardly be dispensed with as they enable the Board to draw up their Annual Report to Government (see No 4 in Statement No 1)

These

No		
10	Statements A B C. & D of Revenue fluctuations.	These were recently ordered to be furnished to assist the Board in preparing an Annual special Report to Government / vide No 5 in Statement No 1.
11	Statement of Contingent Charges.	This may be done away with as the Board's annual abstract / No 12 in Statement 1/ can be prepared from the Quarterly Contingent Statements.
12 & 19	Audit accounts	Cannot be dispensed with as they are necessary for audit. Columns 3 and 4 in Statements 15 and 17 have been objected to but they were expressly introduced by order of Government, vide Circular order 2d May 1836 p. 205 as to the other audit accounts. Vide Circular order of 13th June 1836 p. 209.
20	Statement of Extra Tent allowance.	A revised form in lieu of the one circulated by the Board in 1849. has been submitted for the Board's approval 3 Columns are saved and more space left for the details of days. It would be better however to have the rates and amounts in the last columns separated by lines so as to form two Columns for convenience of totalling and Checking.

Comes

No		
21	Statement of Tobacco wastage.	Comes only from Canara and Malabar now discontinued in consequence of the abolition of the Tobacco Monopoly.
22	Stationary Indent.	This merely passes through the Board's Office for check on its way to the Military Board.
23	Statement of Ab Karry Offers.	This form was recently modified by the Board and cannot be dispensed with.
24	Moyenzabitah.	This has but recently been ordered to be furnished. Much inconvenience was felt before from the want of it / vide page 489 Circular Order Book and Note/ and it is often referred to. A proposition has been made to discontinue it, or to have it furnished every fifth year. It might be dispensed with if the Duplicate sent to the Civil Auditor were at the Board's disposal when required for reference.
25	Returns of Tahsildars	This return is furnished according to a form prescribed by Government, it might be dispensed with if the details of the service of the Tahsildars are entered in the annual Moyenzabitah.

No

№ 24 which gives at present no account of Services but if that is dispensed with this should come.

№ 26 Return of persons charged with Offences under Regulation IX of 1822

Half yearly

Cannot be dispensed with as a half yearly Return for all the Districts is required by Government / see №s 16 and 17 Statement 1/

Quarterly.

27 Salt account Current

C C Book page 540

This has, with all the other Salt forms been recently modified and will now only be accompanied by 3 Enclosures / not 7 as hitherto furnished /

28 Salt Sales for Home and Inland Consumption

This has been recently modified by the Board as it seems to have been always the wish of Government to have it though since the check by Rowannahs is of so little use, the Statement itself cannot be at all relied upon. It has been ordered to be furnished annually hereafter.

29 Tobacco account Current

Comes only from Malabar and Canara and will be dispensed with as the abolition of the Tobacco monopoly has been notified.

30 & 31 Returns of Revenue Defaulters confined and released from Jail

These two may be blended together the releases of defaulters being noted at the foot of № 30.

Cannot

№s 32 & 33 Return of suspended Public Servants fines &c

Cannot be dispensed with.

31. Return of alterations in the list of Fines and stoppages

This may be dispensed with and all alterations of fines may be noted at the foot of Statement № 33

34 & 36 Arrears List Letters from and to Board

Cannot be dispensed with.

37 & 38 Statement of Sea Custom Export and Import Collections

These Statements are furnished for transmission to the Government of India and cannot be dispensed with they have recently been ordered to be sent annually.

39 Statement of Contingent charges

It has been suggested that this should be furnished half yearly. This might be done if Government would allow the Board to pass charges to the extent of 200 Rupees for the half year, in lieu of 100 Rupees for the quarter and to submit the prescribed Returns to them half yearly instead of Quarterly as at present. See № 19 Statement № 1.

Monthly

40 Statement of Demand Collection and Balance.

This Statement is as has been remarked, unwieldy. A very simple form has been proposed instead of it which however does not exhibit a comparison of the transactions of the two

Nos

two years this would seem to be unnecessary to show at a glance the state of the Revenue in comparison with that of the previous years.

41 Statement of Bazar Prices of Grain and Salt

This should as usual accompany the Demand Collection and Balance Statement.

42 Statement of Salt ready for Export to Bengal

Comes only from three Districts, and cannot be dispensed with. An abstract Statement is published in the Gazette.

43 Statement of Tobacco Salt and arrack Seizures
Salt Regn I of 1805 Sec XIV.
Tobacco VII 1811 — — X.
Arrack I 1820 — — XIV.

This is occasional and is furnished only when there are Seizures. It is required with reference to the Regulations in the margin.

44 & 45 Return of Persons charged and convicted under Regulation IX of 1822.

It has been proposed that these Returns should be blended together, and a form has been suggested which might be adopted it does not however seem advisable to curtail a Statement in the manner suggested, by referring to some other document for particulars which it would be more convenient to repeat, altho it may occupy a little more space.

This

Nos

46 Return of Village Officers suspended or dismissed under Regulation VI of 1851.

This may be sent quarterly in the same manner, as the Return of Publick Servants suspended or dismissed No 32 above.

47 Register of Petitions

This if it came Quarterly would give no relief as the orders passed on all Petitions will have to be entered A Quarterly Statement would therefore contain as much matter as three Monthly Statements and be very bulky.

48 & 49 Statement of Exports and Imports of Bullion and Specie

It has been proposed that these should be abridged but the forms were prepared by the Government of India. The Government of India were recently asked if these Statements might not be sent quarterly hereafter, but they ordered them to be sent monthly as heretofore.

50 Comparative Statement of Extra Revenue Madras.

This is a small Statement required chiefly to keep the Board informed as to the state of the Salt Sales. Weekly.

51 Statement of Salt ready for exportation to Chittagong

This comes weekly from Nellore but it may be changed into a Monthly Return.

These

Vide Statement 3 — Immaleundy Enclosures; Extra Revenue Enclosures; Minor Estate Enclosures — These are connected with the Native Cutcherry and are under modification.

Vide Statement 3. — Enclosures to Statements of Charges 15. 16. and 17.

It appears that duplicates of all these Accounts Particulars are sent to the Civil Auditor. This can hardly be necessary as the charges are audited by the Board of Revenue, and sanctioned by Government and the Civil Auditor admits the sums so sanctioned if however he wishes at any time to refer to the original Accounts Particular he can have them for reference from the Board's Office in the usual way Perhaps the Civil Auditor would under this explanation dispense with the duplicates now furnished to him.

No. 101

Extract from the Minutes of Consultation Revenue Department Under date the 28th January 1853.

Read the following Extract from the Proceedings of the Board of Revenue.

/ Here enter 6th January 1853 No. 8 /

Para 1. The season of Fusly 1260 in Kurnool is represented as having on the whole been very favorable. Though the rains in some localities were somewhat scanty for the wet cultivation and fell at unseasonable times.

2 The crops were larger than in the preceding year. The prices of Paddy fell. but those of dry produce were equal to, and in the case of Cotton, pulse and oil seeds higher than the averages of the three preceding years.

3 The net settlement of the year was in excess of that of the preceding Fusly in the sum of Rupees 27388 It was thus formed:-

Villawarees

	Rupees	Increase or Decrease compared with Fusly 1259
Villaweree or Ryotts engagements	662,693	993
Remissions — Temporary — 6733		
Permanent — 6218	12,982	29,140
Remainder	649,711	28,147
Add Jodi Cuamaite and Quit rent	73,171	758
Net Settlement	722,882	27,389

The aggregate of the Ryotts engagement is thus seen to have been nearly the same as in the year before. the increase in the net demand has been caused by the smaller Amount of remissions granted the consequence of a more propitious season. There has been an improvement in every Talook except Chagulmurry That Talook, it is observed, has long been in a depressed condition and it did not participate in the remissions allowed in the preceding unfavorable season of Fusly 1259. It will require the particular attention of the Agent.

4 Of the entire land revenue settlement Rupees 722,882 the collections within the Fusly were Rupees 695,234. The amount subsequently realized to the close of the following Fusly 1261. was Rupees 16,290 leaving

leaving a balance yet unsatisfied of Rupees 11357. Of this sum Rupees [8932-4-2] eight thousand nine hundred and thirty two annas four and pice two are shewn to be irrecoverable, and the Right Honorable the Governor in Council grants authority for their being written off to profit and loss. He also sanctions the remission of Rupees [866-3-11] eight hundred and sixty six and Annas three the irrecoverable arrears of the former Fuslies 1258 and 1259.

Report Para 66

5 The Settlement of the land revenue and of that derivable from extra sources for the year reported on were Rupees 722,882 and Rupees 141,190 respectively. the former being in excess of the demand of Fusly 1259 by Rupees 27,389. the latter showing a falling off to the extent of Rupees 1228. On the whole, the Settlement of the year under all heads is better than that of the year before in the sum of Rupees 15,160.

6 From the Table given in para 74 of the Agents report, it would appear that the quantity of Cranie land cultivated in Fusly 1260 was 22,540 Acres. that of Esava lands or lands held

1258 and 1259.

5 The Settlement of the land revenue and of that derivable from extra sources for the year reported on were Rupees 722,882 and Rupees 1,11,490 respectively. the former being in excess of the demand of Fusly 1259 by Rupees 27,389. the latter showing a falling off to the extent of Rupees 1228. On the whole, the Settlement of the year under all heads is better than that of the year before in the sum of Rupees 15,160.

rent free professedly as being attached as compensation to highly assessed lands 1856 acres - Total 2,21,096 acres - The total Circar land taken up for cultivation was 1,87,619 - the cultivation of Cranam thus bearing to that of Government land the proportion of about 1 to 2.

* including 34,063 Acres Cabooliati Bunjer Statement No 2 Column 24.

The Summalundi is said to have been completed on the 27th June 1851 or within the Fusly Mr Conway joined the District on the 5th September 1851 but his report bears date the 18th August 1852 or after the entire fusly succeeding that under report had expired. The cause of the delay is not explained and it is evident that any review of proceedings so long after they have occurred must be made to little purpose. The Board have nevertheless gone thro the report with much care and minuteness and the Government concurs in their remarks, which should receive the particular attention of the Agent more especially those contained in Paras 11 - 12 - of their proceedings relative

relative to the Cabooliati Bunjer charged by the Assistant Agent -

From the Coll. of Chingleput...

Sir,

Para 1. I have the honor to

Submitting for the consideration of the Board of Revenue a report on the System of renting out the

Submit for the consideration of the Board of Revenue a few observations on the system of renting out the privilege of cutting Jungle and of levying rent on Palmyras as at present in

the privilege of cutting Jungle and of levying rent on Palmyra trees &c in the District of Chingleput.

in force in this District.

2 In regard to the former source of Revenue the Hookoommanah of the District provides that it should be rented to the best advantage under such conditions as may be considered necessary for the security of the Jungles. This practice however it would appear has been seldom resorted to. Throughout the District generally, the Jungles have been held by the Merasidars or the Villagers themselves at rents once fixed without any rule or fixed principle, and these rents have only been altered when higher offers were voluntarily made by other Parties, or when the Merasidars complained of any actual declension on the state of the Jungles. It must naturally be inferred that the influence exercised by the Merasidars to preclude competition has operated prejudicially to the due Interests of Government. As the necessary consequence the amount of the rent so collected without any system of supervision, is, in many cases, too inconsiderable in reference to the extent of the Jungle. In such instances in which this appeared to me obviously the case on the best

best information I could obtain during the Settlement for Fasilies 1260 and 1261. I have adopted the prescribed method of putting the Jungles upto public competition, and the arrangement has been attended with an Increase; but the dissatisfaction which a general introduction which a general introduction of the System as prescribed in the Hookoommanah, notwithstanding what appears to have been the actual practice of the District, is likely to create amongst the Merasidars after it has been allowed to remain a dead letter for so long a period induces me to solicit the sentiments of the Board in regard to the expediency of the measure.

3 The agricultural community are dependent on the Products of the Jungles in various ways, and it seems very desirable that their interests should meet with every consistent consideration. They not only graze their cattle, cut down thorny shrubs for enclosing their fields backyards &c make use of leaves as green manure for their lands, but obtain firewood, and other perquisites not immediately affecting the cultivation. The Right-

Right of the cultivators to the first three advantages should be secured to them by the necessary stipulations being entered in the Moochulkas of the Jungle Renters, but it does not appear a matter of hardship towards them that all the other privileges should be put up to public competition. An objection however presents itself to this arrangements which must be met by Rules applicable to the exigency of the case. The objection arises from the natural anxiety on the part of the Renters to secure to themselves the greatest profit available, inducing them to cut down the Jungle entirely a process by which they are rendered unprofitable for some years following the expiration of their leases, and one which is seriously detrimental to the luxuriant growth of pasture. No stipulations or restrictions entered in the Moochulkas can sufficiently provide against this evil. These and other considerations would seem to require that the Villagers who are immediately interested in the protection and vegetation of the Jungles should be allowed

be allowed a fair opportunity of securing to themselves the rents on fairly remunerative rates, the more particularly as the Jungles in this District are not extensive and yield but a small Revenue. With this view I would suggest, as a measure by which the interest of Government and the convenience of the cultivators might perhaps be best consulted, that on correct information being obtained, at the commencement of each Fusly in regard to the State and extent of the Jungles within the limits of each Villages, such rates of rent as are considered fair and reasonable should be proposed to the Merasidars or the Body of the cultivators for a Specified period within 5 years, at the termination of which the rents may be revised in reference to the then existing circumstances, and that in such instances in which the Merasidars do not agree to the proposed rents the system of public competition should be enforced.

2. Should however the latter plan be considered preferable for general adoption, it seems advisable that preference should be

be given to long leases at an annual proportionate rate, as no arrangement can provide against Parties deriving the greatest available profit before the expiration of their leases, and as the system of long leases will guard against repeated injudicious lopping of the Jungle which would otherwise occur.

5 The levying of rents on Palmira Trees which is without a fixed Rule either laid down in the Hookoomnamah or by the practice of the District, also requires to be noticed - Independent of a Tax on the privilege of selling Toddy drawn from these Trees which is of course included in the Abkarry Farm a Tax is also imposed on the Drawers of Toddy which being a Tax on Profession is carried to account under the Head of Motorpha as "Ladder Tax" and a rent is likewise additionally levied on the Trees themselves whether yielding Toddy or otherwise productive which latter may be fairly considered a rent on the lands on which the Trees are situated, and is carried to account under the

the Head of Small Farms. In some Villages both the last descriptions of rent are realized in others one or the other of them is only enforced - while in others again neither rent is borne by the Trees although they are equally numerous and productive - In reference to the above remarks it will be observed from Column 2 Statement No 3. herewith submitted that hardly any rent is realized on the Trees under the Head of Small Farms in the Carangoly and Cotramaloor and Chinglepet Talooks

If a Tax on Profession is recognized, the propriety of levying both descriptions of rent throughout the District must be admitted, similar rents are also realized on Cocoanut Trees, and there seems no grounds why a partial exception should be permitted in respect of Palmira Trees

6 These trees are mostly originally planted by the Villagers principally on Poromboke and waste lands and on Bunds of Tanks and on this score they

are

are allowed to appropriate such portion of the leases and fibres as may be required for their own purposes and they are further allowed a fair number of unproductive trees when required for building purposes.

7 I beg under the circumstances detailed to recommend the introduction of a General Rule throughout the District providing that such Palmira Trees as are situated on waste and Poromboke lands whether yielding Toddy or fruit should in the first instance be offered to the Villagers at a rent of 6 fuce per productive tree, a rate which is considered reasonable in reference to those which prevail as prescribed in the Hookumnamah for other and more valuable descriptions of trees, and on their declining to undertake the rent of the trees that it may be put up to public competition. No cess will of course

course be levied on trees on cultivated lands which pay a land rent and the ladder tax will only be enforced on parties drawing toddy - If I be permitted to carry the measure into effect to which I am assured no objection exists on the part of the Merasidars, the revenue derived under this head will be materially increased.

2. The past year was a particularly favorable one, and has yielded a higher Revenue than any year subsequent to Fusly 1249. The early rains in May and June for Poonjah afford=ed a good supply. In July, and in August the rains were favorable for the commencement of Nunjah Kar, in

Fort St. George 3d February 1853.

in September and October for Sumbah and in November for Navaray. There were a few falls of rain in December and March, but none in January, February and April. The rains of the N. E. Monsoon were abundant in all parts of the District, excepting some portions of the Polour and Sutvaid Talooks, in which the Navaray suffered from want of water to a small extent.—

3. The Cholera prevailed in certain parts of the District at the close of the Monsoon. The number of deaths reported from this cause was 454, which is a little less than 3/4ths of the number reported in the previous year also an epedemic termed "Comaree" pre=vailed among the Cattle and destroyed 9,311, as exhibited in the annexed State=ment. The loss in this respect was much greater in this fusly than in Fusly 1260. particularly in the Trivuttoor and Van=diwash Talooks of the Sub Division.

There was likewise a great loss in Sheep and Goats. So extensive a destruction among the Cattle of all kinds has been severely felt by the Ryots.

4 In the Fusly under Report 44 Villages of the Sutwaid Talook were transferred to the Chingleput District pursuant to the Orders of Government dated 5th. April 1851; and of 359 Villages, which composed the late Penmerry Talook, 78 were transferred to the Chittoor Talook, and the rest incorporated with the late Triputty Talook, under the name of the Chendraghierry Talook, agreeably to Minutes of Consultation dated 28th. June 1851. In consequence of these arrangements additional

additional Columns have been opened in some of the Statements, that the Beriz of the Villages transferred to Chingleput might be deducted from the Beriz of the District for Fusly 1260, to facilitate a Comparison between the Fusly under report and that which preceded it.—

5. The following abstract Statement shews the average prices of Paddy in Fuslies 1260 and 1261. The Talook variations are given in the enclosure No. 10. Pending the Board's final instructions on this subject of the Price Lists, with reference to para 2 of Extract Minutes of Consultation dated 24th. August 1852 these Statements have been prepared on the basis of a measure of 120 Rupees weight of Grain.—

The only instances in which the order of Government, dated 12th November 1849, was not strictly adhered to, were the settlement of the Vencatagherry Cottah Villages at Palmanair, and the settlement of a few Villages belonging to Chendragherry at Chittoor. Vencatagherry Cottah was settled at Palmanair as it is only a division of the Palmanair Talook. In the other instance, Punapack and 20 other Villages of the late Penneery Talook, now forming a portion of the Chendragherry Talook and settled at the adjoining Talook of Chittoor in consequence of certain errors discovered in the accounts of these Villages, and the difficulty of revising these accounts at the time the rest of the Talook was settled.

The following Statement comprizes the extent of land taken up at, and after the "Dittum," in Fuslies 1260 and 1261. The latter is inclusive of Bogajasty, as required in the Proceedings of the Board dated 8th April 1850.

14. The increase in the Demand above the previous year is Rupees 1,32,205-6-11. The first item in the Statement shows the total gross demand on account of the Dittum, Cultivation after Dittum, and Bogajasty. The amount of Dittums Bunjer in Fusly 1261 was rather more than half of the Bunjer of the preceding Fusly and about a quarter of the amount in Fusly 1259. The annexed Statement shows how much of it was brought to account, and how much remitted.—

Fort St. George 3d February 1853.

15- The Gross Dittum Bunjer amounted to Rupees 93,192-15-2- Of this Rupees 90,729-1-8 were remitted and Rupees 2,463-13-6 together with Fasulgisty Bunjer brought to account- Besides this a sum of Rupees 2,764-12-3 was levied in conformity with the rule laid down in Para 5 of the Jummabundy Hoo Koonnamah from those ryots who left their Dittum lands waste and cultivated Poonjah Poonasee or converted into Nunjah and totaich respectively by means of private Wells- The total sum brought to account under the Head of Dittum Bunjer was Rupees 5,228-9-9-

16- In every case in which Dittum land was left waste full enquiry was made at the Jummabundy before remission was granted- Remissions were only allowed in those items in which it is usual to grant it- In the items of Chickerpoldy Stullacummy and Boganasty the remission was less than in the preceding Fusly- Under Boganasty the total Amount remitted was Rupees 2,575-15- Of this

Fort St. George 3d February 1853.

this Rupees 181-1-3 was made from the consolidated teeruah on lands in the Village of Chedapary in the Vellore Talook which were cultivated previous to the receipt of the Board's orders in reply to Mr. Ward's letter dated 11th December 1851 in which he reported that Mr. Bourdillon had permitted certain lands in this and two other Villages, which had been lying waste from 10 to 20 years and upwards to be cultivated at 1/8th of the teeruah rate, if it should be found that the supply of water was sufficient only for one Crop, and requested the Board's permission to continue that arrangement- All applications for Boganasty & Chickerpoldy remissions were carefully required into, as in the case of Dittum Bunjer before they were complied with- In the case of Stullacummy waste, when less than a fourth of the Stullum was left uncultivated it was brought to account according to the provisions of the standing Hoo Koonnamah. The remissions and Sums brought to account under each head, is shewn in the subjoined Statement-

17— The assessment on the whole extent of land used as seed beds of Puthumgaul in Fusly 1261 Amounts to Rupees 8933-4-10 Of this Rupees 74-3-9 were brought to account, and Rupees 8858-12-1 remitted The remission under this head in 1261 falls short of that in 1260 by Rupees 170-2-8.

18— Owing to the more favorable nature of the season there was a decrease of Rupees 4160-6-7 under the head of "Sharee remission" The only Talooks in which any remission on this account was granted were Poloor in the Sub Division, and Sutvaid in mine. In the former it amounted to Rupees 122-14-1, and in the latter to Rupees 81-14-6, making a total of Rupees 214-12-7 of which Rupees 72-3- were brought to account at 10 per Cent on the productive Cultivation of the Ryots and the rest Rupees 132-9-7 remitted

19— In the remission under the items of "Pannibooddy" and "Payamally" there

there was a decrease of Rupees 684-10-8. The remission on account of the former was Rupees 961-7-4 and on account of the latter Rupees 69-9- as the Crops were generally cut before the Tanks received their supply of water in November the demand for remission under this head was less in Fusly 1261 than in "1260-

20— Under the head "Bilmueta" — "Reyaet" there was a Decrease of Rupees 14-2-4. The slight variation in favor of Fusly 1261 is owing to extended Cultivation in these Villages of the Shimdragherry Talook in which it is usual to grant this Kind of remission.

21— There was an increase in the remission on account of "Teaggary" Dasawundum Remission" the "general remission of 12½ per Cent and Shatoot Baugum" which (as all of them vary with the quantity of land brought under Cultivation or left waste) was owing to the more favorable nature of the Season.

22— The decrease in the Amounts of

of Coule remission was Rupees 22-14-3. This is owing to the full amount of Teer-wah having been levied in Fusly 1261 on certain lands in a Village of the Arcot Talook on which, as was stated in para 25 of the last Report 3/4ths of the Assessment was levied in Fusly 1260, and 6/8ths of the Teerwah having been remitted to a Ryot of the Chittoor Talook in Fusly 1261 instead of 7/8ths the allowance made to him in the preceding Fusly for having taken up certain lands pursuant to para 23 of the Cultivation Hookumnamah. The total sum remitted under this head in 1261 was Rupees 3-13-3-23- Under the head of "Shrotriem Remission" there is an increase of Rupees 212-8-4- Of this Rupees 60 is the remission allowed to the Enamdar of Goodamumpully pursuant to the orders of Government conveyed in para 4 of Extract from the Minutes of Consultation dated 31st August 1849, and the remainder Rupees 152-8-4, is the half of the Revenue of the Village of Semianellore enjoyed

enjoyed by Venkatachelliah under the orders of Government dated 12th April 1851 No. 359. Both these items are new to Fusly 1261 and consequently appear in the increase, the first because the remission, though sanctioned in 1849, was not made either in Fusly 1259 or in Fusly 1260 thro' the inadvertence of the Talook authorities as reported in Mr. Ward's letter to the Board of Revenue dated 13th November 1851 No. 79 while the remission made to Venkatachelliah commenced with the Fusly under Report. The above Village of Semianellore in the Triuttoor Talook of the Sub Division has been newly surveyed and assessed in the Fusly under Report under the superintendence of the Sub Collector, and by competent Public Servants.

25 Under the head of "Amanee Villages" in Mamandoor Pollium there is a decrease of Rupees 68-11-7. The chief portion of this Rupees 66-7-3) had arisen in the Village of Mamandoor where the Cultivation fell to a certain extent in consequence of Sickness among the people.

26 In Para 12 of their Proceedings of the 22d July last the Board have observed that Mr. Ward's remarks in para 29 of the last Report to the effect that the object for which the Cowles were granted for the three Villages of Cummapully, Mamundoor and Baulapully, was defeated by the prevalence of fever in those places appeared to apply to Cummapully only as there was an increase in Mamundoor and Baulpully But Mr. Ward's remarks applied to

the Cowle lands in all the three Villages though Cummapully suffered the most. The increase alluded to by the Board was in the lands usually cultivated in those Villages, and not from the lands given on Cowle. The Cultivators of the Cowle lands were chiefly strangers. The subjoined Statement shows what portions of the Cowle lands have been brought into cultivation in Fusles 1260 and 1261.

27 There is an increase of Rupees 949-7-2 in the five kinds of Enam jodee under the head "Soornadayam" This is owing to the favorable nature of the season and the consequent increased extent of land brought under Cultivation in the year under Report.

In para 15 of their Proceedings of the 22d July last the Board of Revenue require that the falling off in the cultivation of Indigo in Fusly 1260 in the Vellore Talook should be explained in this Report. The large apparent difference between the Cultivation in fusly 1260, compared with that of Fusly 1258, is to be ascribed to the Poovashee Cultivation having by mistake been included in the accounts of that Talook for Fusly 1258; as exhibited in the subjoined Statement. The slight fall below the cultivation of Fusly 1259

can

can only be accounted for by an apparent decrease in the demand for Indigo in Fusly 1260.

The Net increase in Nunjah is Rupees 1143-10-3 This is owing to the more favorable nature of the season. The extent of Cultivation under this Tank in the Fusly under Report was greater than in any year subsequent to Fusly 1257.

For Ft. St. George 3d. February 1853.

Though there is a decrease of Cawnies 146-3-6 under "Total Enam," there is an increase of Cawnies 358-6 3/4 bearing an assessment of Rupees 4610-12-10 under "Total Circar." The chief portion of this increase has arisen in the Collector's Division.—

33. As exhibited in the subjoined Statement, there is a great decrease in the quantity of Sugar for which Certificates for exportation were granted in the Fusly under Report.—

+Para 14 of Bd's Proceedings dated 22d July 1852.

The increase in Fusly 1260 amounted to 6,74,611 Maunds. This increase was ascribed chiefly to parties in Cuddapah having applied for Certificates in this District, and to the produce of Cuddapah not having been freely exported in Fusly 1259.

The

For Ft. St. George 3d. February 1853.

The present falling off is nearly equal to the former increase, and may be accounted for, in part by the discontinuance of the practice above alluded to, and in part to a considerable fall in price, in consequence of which a large proportion of the year's produce has been kept back.

Of the sum still under enquiry Rupees 126 — 15 — 9 is the amount which certain Ryots have objected to pay on the ground that they are charged in excess of the proper Assessment; and Rupees 65 — 11 — 7 is a sum unrealized in consequence of certain boundary disputes existing between the Circar Villages of Sulvaid and Boodoor, and the Calastry Zemindary Village of Mathanumbadoo. Both these items have to be enquired into, and settled hereafter. Of the sum mentioned as irrecoverable Rupees 119 — 15 — 2 are due by deceased, emigrant, and indigent ryots. Rupees 26 — 1 — 4 is the amount of an item termed "Abiumi", which certain parties in the Chittoor Talook refuse to pay and which as in former years, must be remitted. Rupees 3 — 6 — 3 is the Jodee on the Enam land required for building ground, and added to the Town of Chittoor, as sanctioned by Government in Minutes of Consultation 8th. April 1851 No. 341. As the land in question was appropriated before the

Commencement

commencement of the Fusly, and land in exchange was not assigned to the Enamdars till after the expiration of the season for cultivation, the said sum of Rupees 3 — 6 — 3 should be remitted.

Rupees 20 — 4 — 3 is the allowance to be made to 6 Ryots of the Sholinghur Talook, who sowed Jawaree on certain Poonjah land in the bed of a Tank, but which did not come up from want of rain,

Rupees 4 — 4 — 3 is the Teerwah on certain premises recently purchased on account of Government within the Vellore Fort, Rupees 5 — 11 — 10 is half of the Teerwah of 4 Cawnies of land, which was left waste by a Ryot out of a stullum of 20 Cawnies — as the uncultivated portion was less than 1/4th the Teerwah for it was brought to account under the Head of Stullcummy, as required by the Rookoomnamah; but inconsequence of the large size of the Stullum, and the poor circumstances of this ryot, it is recommended that half or Rs. 5 — 11 — 10,

should

should be remitted - Rupees 2 - 8 - 2 is the amount of the Teerwah fixed by the Sub Collector, in excess of that formerly determined, upon certain poorumpoke Punjah land in a Village of the Trinuttoor Talook; but on an appeal, it appeared that the assessment first fixed was the proper demand. The Sub Collector's order was therefore reversed, and this sum should be remitted - Rupees 7 - 8 - . the last item, is the Teerwah brought to account as Tasuljasty raised on certain Poonjah land in the Poloor Talook of the Sub Division by means of private Wells held under Mortgage. As the order of the Sub Collector directing this Tasuljasty to be levied was overruled on the ground that the owner's interest in the Well might fairly be transferred to the Mortgagee, this sum should be remitted. Under the circumstances above detailed, I request that sanction may be given for writing off as irrecoverable

irrecoverable, the sum of Rupees 189 - 7 - 3.

36. The balance of Rupees 94 - 10 - 10 of Fusly 1259, alluded to in the latter part of para 34 of the last Report, remains to be settled hereafter. Of this, the sum of Rupees 90 - 4 - 10, which is outstanding on account of a boundary dispute in which no less than 5 places in three different Talooks are concerned, will be settled in this Fusly as soon as I can conveniently proceed to the spot myself. The remainder Rupees 4 - 6 - . is the amount of Teerwah objected to by a pyot of the Sutwaid Talook, and awaits the receipt of further information from the Talook.

37. Of the balance Rs. 68 - 1 - 6. of Fusly 1258, alluded to in para 36 of the last Report, Rupees 22 - 15 - 6 were written off under the Sanction conveyed in para 6 of Extract from Minutes of Consultation dated 24.th August 1852. Rupees 2 - 8 - . had since been collected. The remaining balance Rupees 25 - 15 - 9 is outstanding

on account of some of the boundary disputes alluded to in the foregoing paragraph, and therefore remains to be adjusted hereafter - Rupees 16 10 3 is the amount due by two Ryots of the Trivullum Talook. The real and personal property of one of these Ryots has been sold, but the proceeds were insufficient to discharge the entire balance. The land of the other Ryots was advertised for sale but no offer was received. As these Ryots are poor, I request that sanction may be given for writing off the said sum of Rupees 16 10 3.

The necessary measures have been taken for recovering the sum of Rupees 44-12-6. Of the portion irrecoverable, Rupees 138-11-8 are due by deceased, and indigent ryots. The sum of Rupees 70-7-11 is the allowance of the Monigars of four Villages in the Triviellum Talook, who were suspended for having failed to Collect and pay within the end of the Fusly year the revenue of the Villages in question for Fusly 1259; but as they paid the sums shortly afterwards, the penalty was not enforced. Rupees 22-8-11 is the allowance of one of the Monigars of a Village in the Triviellum Talook for the period the Office remained vacant after his death. As another Monigar of the same Village transacted the duties attached to the vacant Office, it is right that he should have the allowance. Rupees 4-3-3 is the excess brought to account by mistake, by entering the full assessment on a Cuttady Manirm instead of half, as the jody payable on the Manirm Rupees 11-8-.. is due from a person who purchased at

Boards Proceedings 17th May 1849.

The recovery of the first item Rupees 68,540 — 4 — 11, is suspended agreeably to the Minutes of Consultation dated 24th April 1849 No. 405. The second item, Rupees 1152 — 13 — 7 is the amount of interest due on a portion of the 3d Kist of Fusly 1259 and should be written off, with reference to the Proceedings of the Board of Revenue dated 15th July 1850, as the condition therein stipulated was fulfilled by the payment of the Kist in question with the first Kist of Fusly 1260. The 3d item, Rupees 1,800 is the amount of interest due by the Zemmindar on a portion

portion of the 3d Kist of Fusly 1260. The late Zemindar requested permission to pay 30,000 Rupees of this Kist with the first and second Kists of Fusly 1264 representing the extensive loss sustained by him from the serious damage caused to upwards of 100 Tanks in his Zemindary by the heavy rains that fell in May 1857, and the general low prices of Grain. In Conveyance of this request Mr. Ward called upon the Zemindar to furnish accounts of the Peria Collection Charges Vea of his Zemindary for that Fusly. The Zemindar did not furnish these accounts, but subsequently paid the entire balance Rupees 30,000, with the 1st Kist of the following Fusly and at the same time requested that the interest (Rupees 1,800) due thereon might be remitted for the reasons already stated - as the rains in May 1857. are known to have done much damage in the Cavatamgy and Calastry Zemindaries, I recommend this request to the favorable Consideration of the Board and the Government. Measures have been taken for Collecting Rupees

Pursuant to the orders of the Board as conveyed in their Proceedings of the 15th July 1850 the Zemmidar was permitted to pay the sum of 23,000 Rupees of the 3d Kist of Fusly 1259 with the first Kist of Fusly 1260 which fell due on the 15th of December 1850, on the understanding that the amount of interest thereon should be remitted provided the principal were paid by the time specified. This amount was paid into the Treasury

in two portions on the dates noted in the Margin as the time allowed was exceeded by only a few days. I recommend that the interest up to the 15th. December amounting to Rupees 265. be remitted. The interest due on the amount subsequent to the 15th. has been brought to account, and will be duly collected. The second item, amounting to Rs. 2,582-11-8 is the interest due on 25,000 Rupees of the 3rd. Kist of Fusly 1260 which was paid into the Treasury on different dates after the same was due. In respect to this Kist, the Zemindar requested permission in June 1851 to pay 5/9 ths Rupees of the third kist of Fusly 1260 in 6 instalments with the Kists of the following Two Fusles in Consequence of the damages sustained in his Zemmindary by the unusual rains of May 1851. Mr. Ward the late Acting Collector, objected to the number of proposed instalments and advised the Zemmindar to pay Rupees 35,000 at once, and then apply for

for permission to pay the rest in 3 instalments when he promised to Consider the propriety of Submitting the application to the Board. The Zemmindar having paid in 25,000 Rupees in September Mr. Ward requested him to furnish further particulars respecting the actual damage sustained in May with certain accounts. Such additional information was not furnished, but the Zemmindar paid the arrears amounting to Rupees 25,000 on the dates noted in the Margin. The Sum of Rupees 2,582 above alluded to is the amount brought to account as interest on the Sum that was thus paid after the lapse of the proper time. As the entire balance was paid within the ensuing Fusly, and the damage already adverted to extended equally to both Zemmindaries, I recommend this item as in the other case for remission. The proper measures will be adopted to recover the rest of the balance, amounting to Rupees 149-9-2.

is Rupees 400 – 4 – 5. This sum was charged against the estate while the property was under attachment, pending the Orders of Government regarding the succession after the death of the late Polygar and is referred to in para 7 of Mr. Bourdillon's letter dated 16th. August 1843. As the Board in para 4 of their Proceedings dated 7th. September 1848 have ruled that interest should not be levied on arrears accruing during this period this sum should be written off.—

43.

The balance of interest against the resumed Avelcondah Jaghire is Rupees 134 – " – " as per particulars given in the Margin. This amount was due from the late Jaghiredar at the time of his death but as the Government have decided in consideration of the resumption of the Jaghire, and for the reasons

set forth in para 6 of Mr. Bourdillon's letter to the Chief Secretary dated 16th. August 1848, that the balance of Peishcush, amounting to Rupees 968 – 7 – 3 should be written off from the accounts of this Collectorate, I recommend upon the same principle that the balance of interest against the same Jaghire be remitted.

44. The balance of interest against Toongoondrum and two other Villages held by the late Jaghiredar of Avilcondah on a fixed rent of Rupees 3300 is Rs. 119 – 13 – 2. This amount includes the interest on the arrears due from the Jaghiredar previous to his death, and the arrears subsequently due from his son, up to the date of the receipt of the Minutes of Consultation dated 25th. March 1848, in which the Government ordered these three Villages to be given to the latter, on the Nominal Peishcush of 100 Rs. As the grounds on which the other claims against the late Jaghiredar have been authorized to be written off apply equally to this Demand and as the Villages in question were granted to Hoossain Dost Khan retrospectively from the date of his father's death I recommend, that this claim also be remitted.—

45. The balance against the Toombah Pollium on account of interest is Rs. 14 – 8 – 2. on account of Fusly 1261. The necessary measures have

have been adopted to recover the sum.—

46. With reference to the explanations above given, I request sanction to write off from the interest account the sums hereunder specified amounting in all to Rupees 7,456 — 0 — 10.—

47. The last item in the Sooy Jumma Statement, is the balance of Rs. 1,748 — 3 — 3 on account of Commission due from the Cavateenuggur Estate for the period it was under attachment for Arrears of Pishcush, from the end of Fusly 1231 to Fusly 1234. The Collection of this amount is suspended pursuant to the orders of Government dated 24th April 1849.—

48. With reference to para 11 of the Proceedings of the Board of Revenue dated 22nd July 1852, I beg to state that the Cayampuddahs granted by the late Poligars of Maunmundoor have been enquired into, and were annulled in the year under Report.—

49. Denless Copy of a Report received from the Sub Collector of the settlement of the four Talooks under his charge; which calls for no special remarks.—

50. Mr. A. W. Sullivan, the Head Assistant settled the Talooks of Vellore and Satyhur in Fusly 1261. In addition to his Revenue & Police charge, he has recently undertaken the Manuel Department in the Talooks of Vellore Satyhur and Trivellum. All the duties entrusted to this Officer are performed with much zeal and ability. Messrs. Lawrie & Smyth are

are likewise Zealous and efficient in the discharge of their duties. Mr. Smyth who joined this District, as his first appointment, in December last has been recently reported to register the Enams of the Congoondy Poliem. This Gentleman's talents, combined with great application to business, have already rendered him a valuable public Servant.

51. Looba Row, the Head Seristadar, an Officer of great esperience in this District, and Soondarapilly, the Nazir Seristadar who was promoted in January last from the Tasildarship of Chittoor to his present Office, have also aided me to the best of their ability in their respective Departments.—

No. 45

To H. A. Brett Esqre
Acting Collector of
North Arcot.

Sir,

Para 1. I have the honor to submit the customary annual Report explanatory of the particulars of the Jummahbundy or Land Revenue Settlement of the Subdivision of the District of North Arcot for Fusly 1261 / A. D. 1851/2 / together with the necessary accounts, noted in the Margin.

I Comparison of Revenue & remissions between Fuslies 1260 & 1261 1850/51 1851/2
II Do. of the Malai-golum or Hill Villages
III Do. of Melurpha
IV Statement of Lands cultivated with Sugar cane.

2. The Jummahbundy was conducted at first by Mr. Goldie, Acting Sub-Collector, who commenced the Settlement in the Talook of Poloor on the 16th of March and completed the distribution of Puttahs in that, and in the talook of Trivatoor, besides settling some portion of the Talook of Arcot. On my resuming charge of the Office of Sub Collector on the 5th of June it remained for me to finish the Settlement of Arcot Talook and next to proceed to Wandiwash, where the distribution

of

of puttahs was concluded on the 7th. of July The entire number of Puttahs distributed to the Ryots of the Sub division amounts to 38,551 of which number 210 were at the time of settlement refused by certain ryots, on various slight grounds and were subsequently left with the Tahsildars for distribution after the several trifling grievances complained of, had been duly inquired into and reported. The following Statement shews the names of the places at which the puttahs were distributed in each Talook.

3 In point of health the season of Fusly 1261 appears to have been upon the whole, not unfavorable. Cholera prevailed to some extent in the talooks of Poloor Wundawash and Arcot and the Jagheer of Arnee, while the talook of Trivatoor seems to have escaped the disease entirely. The number of death from cholera, in the talooks of Poloor and Wundiwash is somewhat less than in the preceding Fusly while the Talook of Arcot and the Jagheer of Arnee exhibit a comparative increase of mortality from this Cause. The Subjoined Statement exhibits the number of deaths reported as having resulted from cholera during Fusly 1261.

No other disease of a serious nature, epidemic or sporadic appears to have prevailed in any part of the Subdivision

4. The season of Fusly 1261, in comparison with Fusly 1260, has been decidedly favorable. On the 2nd. of the month of May, a hurricane, accompanied by heavy rain occurred and lasted during most part of three days. Its violence was experienced principally in the South Eastern portion of the Subdivision, but fortunately no material damage was done to any of the tanks. Copious rains fell at this time in the talooks of Wundiwash and Trivatoor, enabling the ryots to cultivate their Poonjah or dry lands with every prospect of success. The quantity of rain that fell in Arcot Talook on this occasion was considerably less than in the two above mentioned talooks, while in Poloor it was still less. The usual rains in June were in the talooks of Arcot, Trivatoor and Wundiwah / with the exception of a few Villages in each talook / considered sufficient for

for the purposes of cultivation, and were in excess of the quantity that fell, at the corresponding time, in the preceding Fusly. In Poloor during this month, but a small quantity of rain fell, and in some parts of that talook not a single shower occurred. During July, August and September, there was partial rain throughout all four Talooks, in some places slightly in excess of, and in others less than the quantity fallen in the previous fusly. The North East Monsoon in October brought a copies supply of rain to Trivatoor Arcot and Wundiwash but in Poloor the fall of rain was considerably less, but nevertheless sufficient for cultivation. The Poonjah or dry crops proved abundant in all four talo excelling the produce of Fushes 1251 and 1257 which have been considered the most favorable seasons during the last ten years. In the month of November the rain in all four talooks exceeded that of the previous Fusly in the same month but in December very little rain

fell

fell in a few places. The tanks in Arcot and Trivatoor supplied from the Palar river and those in Trivatoor and Poloor supplied from the Cheyar river were nearly filled about the close of October, and all the other tanks not supplied by the rivers throughout the sub division / with a very few exceptions / were well filled by the rains, by the end of November. The entire fall of rain during the Fusly under report may be considered to have been about one third in excess of the quantity that fell in the preceding Fusly. The Cultivation of Nunjah or wet Crops has on this account, been carried on in all the talooks to a greater extent than in the former season, but the talook of Poloor exhibits a small decrease of Revenue for reasons which will presently be explained. The Cultivation of Totakaul or garden produce, which is pursued in lands lying under tanks and wells, has on a similar principle increased every where save in Poloor where there has been a slight diminution in Cultivation of this kind.

Orders.

5. Orders had been issued to the several Tahsildars directing them to warn the ryots against taking up at the time of executing the Dittum or Cultivation engagement more lands than they were able to bring under cultivation; a practice common to them, in order to secure a large quantity of land for themselves and prevent others whose means are adequate to cultivate these lands, from possessing them and at the same time to let the Ryots know that they will be expected to cultivate the whole extent of the land taken up by them at the dittums in every case where a sufficient supply of water exists. In most instances these directions have been properly observed but some Ryots in every Talook have neglected to cultivate their lands; though not compelled to leave them waste through want of means or scarcity of water and have in consequence been obliged to pay a part in proportion to their means,

I. the Sheristadar have the honor to report for the information of the Board of Revenue that the Statement hereunto annexed shews the Extent of Lands left waste out of the Lands taken up for Cultivation during the Fusly 1261 under the several Talooks in the Zillah of Salem, and that the Statement hereunto annexed shews the Extent of Lands brought to Summah during the same Fusly, with the Amount of Remission thereon, according to the Returns received from the Tahsildars of the several Talooks.

I have the honor to be Sir Your most obedient Servant

6. The entire cultivation of Poonjah or dry Crops in the Subdivision, in Fusly 1261. amounted to Cawnies 53,510-6 3/8 as. yielding Rupees 14,6,116-1-6 exhibiting an increase of Cawnies 2,672-3/4 as. Rupees 7,445-6 as. 5 p. as compared with the preceding Fusly namely

Poloor " "	802	9 3/4	1,914	14	11

This increase is attributable to the more plentiful supply of rain at the time when dry crops are principally cultivated.-

7. On Punjah or wet lands the entire number of Cawnies cultivated during this Fusly amounted to 42,345-2 5/8 as. equivalent to a Teerwah of Rupees 4,65,523-9 as.-11 p. shewing an excess to the extent of Cawnies 4,579-6 7/8 as. or a net increase of teerwahs, to the amount of Rupees 51,180-12 as.-7 p. over the previous Fusly namely,-

the extent of land brought under cultivation in this Fusly, exceeded that of the last Fusly by Cawnies 64-1/2 as. it consisted for the most part of land bearing a lower rate of assessment and in consequence the Punjah teerwah of this talook exhibits a decrease amounting to Rupees 406-5 as. 0 p. The Net increase of Revenue as stated above may be attributed to the abundant rains in the proper season.-

8. In Totakaul or Garden lands Cawnies 392-10 5/8 as. have been brought under cultivation in the four talooks, giving a teerwah of Rupees 8,203-7 as.-7 p. and shewing a net increase of Cawnies 31-1/8 as. Rupees 480-4-2. over the last Fusly as follows.-

In Poloor talook there was a decrease in cultivation of this description to the extent of Cawnies 10-13 as. Rupees 263-9-2. The increase in the first three Talooks has

has been owing to the same cause as already stated in reference to other crops, namely abundant rain while in Poloor the falling off is to be ascribed to the scarcity of rain in the winter months.

9 The following Statement exhibits the cultivation of every description of land in the Fusly under report compared with the preceding Fusly / with the exception of such lands as have been assessed as Fuzzuljasty or Extra Crops / and shews a net increase of Cawnies 7,280 — 7 3/4 as or Rupees 59,106 — 7 — 8 as over Fusly 1260. The principal increase it will be observed occurs in the Punjah or wet land and is to be imputed to reasons already mentioned.

10 The subjoined Statement shews the extent of land cultivated with sugar Cane in the Subdivision exhibiting an excess of cultivation to the extent of Cawnies 53. 13 1/2 as and of Teerwah to the amount of Rupees 134 — 8 as — 7 p over the previous Fusly.

The sums derivable from Manium and Shrotriem lands are not included as these lands pay no revenue to Government, on account of cultivation. No certificates for transmission of Sugar to Madras, have been granted during the Fusly in question. It would appear that there is little or no demand for this article in the markets of the Presidency.

The

Fort St. George 3d February 1853.

The usual remissions granted / including all of the above mentioned items: Shawee Dittum Bunjer and the Shastriem Village excepted / amounted in the aggregate, to Rupees 29,227-5. 5. being as p a less sum than in the former Fusly by Rupees 5925. 10. 9. as p

The remission allowed on account of Shawee lefs of Crops / was Rupees 93. 12. 7 as p which is below that of the last Fusly by Rupees 600. 1. 3 as p while that granted for Dittum Bunjer / land taken up at the Dittum, but subsequently left waste / amounted to Rupees 7,916. 7. 4 as p which is less than the remissions of the last Fusly by Rupees 5,791. 4 as p -5. The entire amount of Remission allowed on all of the above three items / Namely usual Shawee and Dittum bunjer / comprises Rupees 37,237-9. 4 being Rupees 58. 317. as p 5. less than in the former Fusly. On account of the Shastriem Village of Sainnemellore in the talook of Trivatoor, a Remission of Rupees 152. 8. 4 as p has been granted / being one half of the entire Beriz of that Village. Viz. Rupees 305. as p 9 / to the surviving Shastriemdar. Of the two Shastriemdars formerly possessing this village, one died in 1849 without heirs, and his portion Consequently reverted

reverted to Government. The total amount of remission granted during the Fusly under report exhibited in contrast with Fusly 1260 a Net decrease of Rupees 58.164 - 8. as 1 p.

15 Remission on account of shavee has been allowed only in the Talooks of Poloor. The entire extents of shavee Amounted to Cawnies 16. 14 1/2 = Rupees 122. as 14. 1 p. inclusive of Cawnies 3. 7 1/2 = Rupees 17. as 15. 10 p. of Vittos paul of loss of cultivation on account of the grain sowed never having come up; on Porumboke or land previously waste, and newly brought under cultivation in this Fusly. Of the abovementioned land, Cawnies 12 - as 8 1/2 p. Rupees 29. 1. 6 have been brought to Jummah, and the remainder, Viz. Cawnies 12 6 1/2 = Rupees 93. as 12. 7 p. has been remitted to the Cultivators. In regard to shavee remission the usual practice has been to ascertain the real loss incurred by the Ryot and to allow remission only when his total loss exceeds 10 per cent of his total cultivation; should the loss be less than at the above rate no remission is granted, and when in excess the excess above 10 per Cent only is deducted.-

16. It would appear that in the preceding Fusly (1260) the entire amount

of Revenue derivable from lands formerly waste, held on Cowle, was Rupees 72. as 13 - 4 p. and this sum is now augmented by the extra demand on these lands incurred in the Fusly now under report in conformity with the terms of the Cowlenamah, namely Rupees 24. as 3. 7 p. making a total of Rupees 97. as 1. 1 p. All the lands formerly given on Cowle throughout the Subdivision, has now reached the period of paying full teerwah.-

17 As regards the preparation of Price lists with reference to the size &c. of measure (Vide Para 2 of Extract from Minutes of Consultation under date August 24. 1852) no fresh orders have been passed, and the price lists have in consequence, been prepared as heretofore. From these lists, it would appear that however previous in respect to climate, this Fusly may have been in Comparison with the last, the season has proved, I regret to observe in no way more favorable to the interests of the cultivators of the soil.- The annexed table exhibiting the average prices of rice in the cutcha stations in the Sub division will shew that the prospects of the Ryots have suffered greatly from the general Cheapness of grain in the Market

market. The average fall in the price of Kar and Sumbalum the better kinds of rice per Garce has been Rupees 18. 1. 9 as p below that of the preceding Fusly equivalent to not less than 25 - 12 - 3 Rs as p per cent below the Commutation rate.-

20 The tank fisheries have yielded as B
an amount of Rupees 2393. 12. 6 being in excess
of the last Fusly by not more than 1/4 anna as
derived from a tank at the Village of Vala
chairy in Wundivash Talook, rented by certain
persons of that Village.—

21. The acting Collector has stated
in his Tamil Memorandums / 1st 14 and 3937
the 7th January and 29th July 1852 / that one half
of the Shrotrium of the Village of Sainnemellor
in the talook of Trivatoor, has been registered
in the name of Venkatachelliah an adopted
son of the late registered shrotriemdar Soobbiah
and that the remaining half formerly belonging
to one Murugunnah, who died in 1849 without
heirs has been resumed, and in consequence
he has requested the Sub Collector to conduct
the Pymash or Survey of that Village and to
fix the Turrum or classification of the lands
thereof, while one half of the beriz of Fusly
12.61 is to be deducted in behalf of the regis-
tered Shrotriemdar and the remaining half
to be entered on the Circar or Sircar accounts
and

and at the same time to transmit the necessary
explanatory accounts on this subject to the
Collector's Office.— The Pymaish or Survey was
accordingly conducted by the talook authori-
ties, and the Turrum teerwah having been fixed
in my Office, the matter was duly reported to the
acting Collector, and the necessary accounts connect-
ed therewith forwarded, the above item therefore
does not now call in for any particular explan-
ation from me.— The Pymaish and Turrum
accounts of this Village shew a very small quantity
of Poonjah land Cultivated in Fusly 1261, to the
extent of not more than 1/8 " Cawny: which is
assessed at Rupees — 2 : 8 at the rate of 1 — 5 " per
per Cawny of 2nd " class land No Totakaul or garden
land appears to exist in the Village. The annexed
statement exhibits the particulars of the settle-
ment on punjah lands cultivated in Fusly
1261 and the average extent of land Cultivated
during 10 previous years; namely from Fusly
1249 to 1260, exclusive of 1850 and 1851: the accounts
of which latter fusles are not forthcoming and
are supposed to have been destroyed: together with
the amount of teerwah and some other particulars.—

Extract from the Proceedings of the Board of Revenue, in the Department of Public Works.

Under date the 18th November, 1852.

Read the following letter from the Collector of Trichinopoly.

No. 112.

To, Captain J. H. Bell.

Secretary to the Board of Revenue in the Department of Public Works.

Fort St. George

Sir,

1. I do myself the honor to acknowledge the receipt of your Board's Extract from Proceedings under date the 11th Instant No. 602, and I beg to submit the information called for in reference to the subject brought to notice by the Civil Engineer 6th Division in his communications to your Board of the 11th May and 15th September last touching the taxation of Bamboo bushes or Clumps in this District.

+ herewith returned.

2. The taxation of the Bamboo plantation in this District did not obtain generally until the Fusly year of 1260, when it was introduced and Established by an order of Mr. Maltby's dated 22d February 1851, in which it is laid down that all Bamboo Clumps

Clumps grown by the Ryot for his own profit and advantage upon Government land should bear an assessment of four Annas a Clump. And I believe Mr. Maltby's motive for ordering this impost to have been that, the State had a right to a demand upon a product, by the culture of which the Ryot derived considerable profit, in selling the Bamboo for building and other purposes to the inhabitants of Trichinopoly Fort, Cantonment and Suburbs.

3. There can be no question that the impost is a most unpopular one with the people, partly on account of the demand per Shrub, and chiefly in reference to its innovation and novelty. and I should be glad were your Board to accord me authority to relinquish a tax which, as a means of revenue is insignificant, while to the people it is most distasteful.

4. The amount realized in Fusly 1260 by the Bamboo was Rupees 1,341-6-6 and in the next fusly year it amounted to Rupees 1,325-1-10.

5. It is right to inform the Board that the practice of taxing the Bamboo was not entirely unknown to the Province prior to Mr. Maltby's order, for I find by the Records that it existed in three Villages of the Conaud Taluck and one of Torriore for many years, and appears to have been established, and to have had

had its origin in the unsanctioned and arbitrary act of Cumnums and Cutcherry servants.—

Conaud Talook	
Allatoor Village	from the first Cession of the Country.
Coapoo	From fusly 1245.
Yellamallay putty	from fusly 1256.
Torriore Talook.	
Bommanapandy	from Fusly 1259.—

The Villages where this tax was first imposed are noted in the Margin.—

The continuance of this tax must, as Major Lawford observes, impede the Cultivation of the Bamboo, and I am aware both from petitions received and personal intercourse that the people are inclined to destroy their bamboo Clumps, rather than pay the tax.—

Proceedings thereon.—

The Board of Revenue are of opinion that no tax should be levied on Bamboo bushes grown on the banks of Rivers or bunds of Tanks as in the opinion of the Civil Engineer they afford a protection to these Works and, with reference to the opinion expressed by the Collector in Para. 3 of his letter dated 29th October, they authorize him to relinquish it.—

From the Collector of Tinnevelly.

Sir,

1. With reference to para. 23 of the Proceedings of the Board of Revenue dated 6th February 1845 and to para. 9 of Proceedings dated 28th June last, as well as to the late orders of the Court of Directors communicated in the Proceedings of the Board of Revenue dated 25th Ultimo, I have the honor to request permission to publish a Proclamation throughout this District of the tenor of the accompanying Draft declaring the occupation of lands known by the name of Peroombhut to be alienable by sale, Mortgage &c. but without the creation of a Merasy right.—

2. The Board are aware from Mr. Eden's letter of 26th July 1836 para. 4 and the early correspondence referred to therein, that hitherto not even the privilege of occupying Peroombhut lands has been allowed to be transferred in exchange for a pecuniary consideration, though it has been the practice to allow occupants to resign such lands freely to other persons, a system which necessarily led to collusion

and

and dishonesty without the least benefit arising to Government.—

Tinnevelly, 30th. December, 1853.— /Signed/ C. J. Bird. Collector.

No. 1.

Draft of Proclamation.

Whereas it has hitherto been prohibited for occupants of lands called Peroombhut to dispose of their ~~occupation~~ to others by sale or mortgage, it is hereby notified that hence forth the parties occupying Peroombhut lands will be at liberty to dispose of their occupation to others by sale or Mortgage at their pleasure, nevertheless the Meerasy right to such lands as it has always belonged to Government will continue to belong to Government alone, and whenever Peroombhut lands are left, if cultivable, uncultivated, or if sites for dwelling houses &c. unemployed for more than one year, they will be considered as at the disposal of Government to be assigned to any new applicant for occupation.—

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 13th. Instant, I have the honor to forward 5 Memoranda shewing the Demand Collection and Balance of Sevoy Jumma distinguished into Land and Extra Revenue from 1st. to 11th. and from 12th. to 31st. July, August, September and October 1852 as directed.—

2. In the Demand Collection and Balance for November 1852. the item of Sevoy Jummah is divided into land and Extra Revenue as directed by the Board.

3. The several items noted in the Margin form separate proper heads in the Journal of the Office. Under these circumstances it appeared that all those items should be distinct, but as this mode of entry has not been

information with reference to the progress of Sale on the abolition of the Tobacco Monopolly in his District.

+ 10,315 by Bundles equivalent to about Candies 5150.

this occasion to keep the Board informed of the progress in the abolition of the Tobacco Monopolly though a date was fixed for its "abolition," (as a Monopoly,) from which the sale and growth is of course perfectly free, it was not to be expected that the necessarily large stock in the Government stores could be at once disposed of.

2. On the 1st Instant as duly notified by proclamation and otherwise I held personally the 1st public sale, at the Tobacco Godowns. I soon found, from there being no bidders / though a large crowd probably 1000 persons were present / that an extensive combination had been entered into by both Malabar and Coimbatore Merchants, to impede the smaller Merchants, prevent all competition, and reduce the price of the Tobacco unfairly; a few Candies for 710 — 8 — P$ a P " only were sold to some Paulghaut Moplas. I therefore, rather than yield to such an unfair

and improper combination, closed the sale, late in the evening of necessity; announcing it again for the 6th thus giving time for the small quantity sold, to reach Malabar, and realize a profit, and tempt other Merchants to break through the confederacy.

3. On the 6th I again attended with the Head and Asst Sheristadars at the Tobacco Godowns, and found the combination somewhat weakened and a few more bidders, / from the late profits / from Paulghaut; about Rupees 12,748-13-9- worth, were again sold, but from the large quantity still on hand, the Board will perceive the difficulty of immediately diminishing the Establishment; to sell all the Tobacco off hand, at one or even several auctions would be to sacrafice a large amount of Government Revenue. It will take some little time to dispose of the whole, but I shall use my best efforts to do so with as

little delay as possible. one Merchant offered 30,000 Rupees for what is worth nearly 89,968-6-3 and which will I trust eventually sell for nearly that sum.

Proceedings thereon. The Board observe that in Column 7 Ghoolam Rubi is entered as the "Original Grantee" whereas there is reason to believe from Column 4 that he is but a descendant of the Original Grantee. On this depends the continuation of the Yeomiah according to the Rules laid down in note to page 273 C. A Book.

2. The defination "Charity" under Column 6 is also insufficient, and where the Collector proposed to continue a Yeomiah in shares, the Amount of each share should be stated.

Read Miscellaneous Petition presented on the 23d February 1852 by I. Ouchterloney Esqre, Vakeel on behalf of G. F. Fischer Esqre Special Respondent in Special appeal Suit No. 44 of 1850, on the File of the Sudder Udalut

Here enter I. M. P. No 84 of 1852.

The Petitioner prays the Court of Sudder Udalut to review the judgment passed by them in the above special appeal Suit urging the following grounds in support of his application.-

1st. That it has not been shewn that there was a real occupancy of the ground in dispute by the special appellant.

2nd. That it is not competent to the Court of Sudder Udalut to raise a plea which not only was not raised by the special Respondent in the Original and appeal Suits, but was constructively abandoned by him after

For't St. George 3d February 1853.

after the Judge had mooted it in his Decree.—

3d That while that it is an admitted principle that to bring a case within the operation of the statute of limitation the posseſsion must be an adverse one, the Court of Sudder Udalut has stated such adverse posseſsion to exist in this case upon a presumption which is not borne out by the circumstances in evidence.—

The points which are raised in this application were before the Court when the Suit was under hearing and received from them due attention when disposing of the case.—

The Petitioners' application for review of the Judgment in the Suit is not grounded upon any consideration that can make it tenable under Section VI Regulation XV of 1816, and it is therefore rejected.—

Ordered that Extract from those Proceedings be furnished to the Petitioners' Vakeel on his application.—

No. 2.

Extract from the Proceedings of the Court of Sudder Udalut, under date the 31st December 1852.—

Read Miscellaneous Petition presented on the 23d February 1852, by J. Ouchterlony Esqre, Vakeel on behalf of G. F. Fischer Esqre Special Appellant in appeal Suit No. 6 of 1851 on the file of the Sudder Udalut.—

Here enter S. M. P. No. 85 of 1852.—

This is an application for a review of Judgment passed by the Court of Sudder Udalut in the above special appeal Suit.—

The Petitioner contends that the Court of Sudder Udalut were not justified in introducing into the special appeal Suit, the question of the operation of the statute of Limitation with reference to which the Petitioner's claim was rejected, in-as-much as this point had not been stated in the Certificate issued for the admission of the special appeal and that its introduction as a new point at the hearing of the special

appeal

appeal Suit was opposed to the provisions of Section VIII Act III of 1843.—

2. That it is not competent to the Court of last resort to raise a plea not raised by the Special Respondent in the original or appeal Suits and.

3d That the Court has decided an adverse possession to have existed in favor of the Special Appellant which is not borne out by the circumstances or the evidence.—

The points which are raised in the application were before the Court when the Suit was under hearing and received from them due attention when disposing of the case.

The Petitioners' application for a review of Judgment in the Suit is not grounded upon any consideration that can make it tenable under Section VI Regulation XV of 1816 and it is therefore rejected.—

Ordered that Extract from these Proceedings be furnished to the Petitioners Vakeel on his application.—
