/Here enter 17th January 1853 No 18/

The Right Honorable the Governor in Council confirms the purchase on account of Government, of the Sainoodrum Mootah in the District of Salem for the sum of Rupees (4,550) four thousand five hundred and fifty and under the circumstances

circumstances stated by the Board of Revenue grants authority for the remission of the balance still due by the late proprietors, amounting, as shewn in para 1, to Rs. (5,108-14-0) Five thousand one hundred and Eight and annas fourteen. The ex Mottahdars will, as usual, be required to execute a formal document assigning to Government all the arrears due to the Estate by the Ryots.

2. The Governor in Council approves the orders issued by the Board in paras 5 and 6 regarding the measures to be taken for the improvement of the Samoodrum Mottah, and the views expressed in paras 7-8 and 9 relative to the Sub-division of Mottahs generally, and observes that the Regulations should be strictly adhered to whenever practicable.

Bd No 537

From the Secretary to Government } Extract from the Minutes of Consultation Revenue Department Under date the 18th February 1853.

Read the following

letter from the Under Secretary to the Government of India.

To

No 1172.

To J. P. Grant Esqre

Secretary to the Government

of India.

Sir,

Para 1. I am directed by the Right Honorable the Governor in Council to forward for submission to the Government of India, an Extract from the Proceedings of the Board of Revenue, and the reports therein referred to, together with an application in the prescribed form relative to certain alterations proposed to be made in the Revenue and Police Establishments of the Ankola Talook in the District of Canara, involving an increase of expenditure of Rupees 190-2- per mensem.

11th October 1852 No 429
From Collr of Canara
11th August.
From Dr 20th Septr 52.

2. The circumstances under which this application is made are explained by the Board in the 2d and 3d Paras of their Proceedings. The large trade in Timber and firewood &c which has sprung up between Ankola and Bombay the facilities afforded to Coasting Vessels

Vessels, Pattimars &c to put in for food and water into the many bays formed by the head lands, on the coast and its proximity to the frontier of Goa, have tended to produce an extensive System of smuggling and lawless habits among the lower classes. In the Jungly Ports of the Talook constant and bitter feuds have been caused, by real or alleged claims, and usurpations of land which have been carried on among the influential classes, and in one case alluded to by the Collector have ended in the murder of one of the parties, the Collector points out that the influence of Government is little felt and that these feuds are aggravated and increased in number by the delay in bringing them to a settlement. All practicable measures have been taken with the present Establishment, to prevent the continuance of such mischievous proceedings, and to regulate the Trade in Timber and wood, as well as to adjust the mass of arrears of cases on the files of the Tahsildar and Peishcar of Ankola arising of

of which have been pending for years, but without avail. The strength of the existing Establishment attached to those offices is altogether inadequate to fulfil duly the heavy duties required of it, and the arrears of cases chiefly revenue disputes, are stated (para 24) to be no less than 920.

3 For the prevention of these evils, the Collector in the first instance proposed the arrangements contained in the 27th para of his letter of the 11th August 1852, but on the Board expressing their doubts as to the expediency of the proposed transfer of the Cutcherie of the Anikola Taloork to Dadashegur, the Collector subsequently submitted the arrangements now recommended for sanction. These consist of the abolition of the office of Peishcar at Dedashegur, and the appointment of a Deputy Tahsildar at that station with an increased establishment with some further arrangements for strengthening the Tahsildars own Establishment the whole involving an additional expenditure of Rupees

Rupees 190-4 per mensem.

4. The present Establishment was organized so far back as 1835, since which there has been a considerable increase in the revenue and population of the District as shewn in the 26th para of the Collectors letter of the 11th

	Population	Revenues		
		Land	Extra Sources	Total
		Rupees	Rupees	Rupees
1835/36 —	56,103	116,200	44,028	160,228
1850/51 —	78,694	122,604	117,620	240,224
Increase —	22,593	6,404	73,592	79996

august last and noted in the margin.

5 The Right Honorable the Governor in Council considers that it has been fully shewn that the present establishment of the Anikola Taloork is unequal to the effective discharge of the duties devolving upon it and that an addition to its strength to the extent suggested by the Board of Revenue is eminently necessary. It has however occurred to him that in lieu of stationing a Deputy Tahsildar at Dedashegur, it might be the preferable arrangement

arrangement to divide the Ankola Taluk into two Talukdaries each with its own Talukdar and distinct establishment. In forwarding therefore for the favorable regard of the Government of India the accompanying correspondence and tabular form he has directed me to solicit discretionary authority either to carry out the plan recommended by the Board or the modification of it above noted as on further consideration may seem most advisable provided that the increased expence to be incurred do not in either case exceed the sum mentioned by the Board or Rupees 190- 4- Monthly.

Fort St George

Sect. to Government

No. 235

Extract from the Proceedings of the most Noble the Governor General of India in Council in the Financial Department under date the 12th January 1853.

Read the Extract from the Home

Home Department No. 1063 dated the 24th Ultimo, forwarding for orders a despatch from the Government of Fort Saint George No. 1172 of the 7th Idem, with enclosures and Tabular Statement, soliciting sanction to a revision of the Revenue and Police Establishments of the Ankola Taluk in the District of Canara attended with an increase of charge.

Observations

The Government of Fort Saint George reports, "The circumstances "under which this application is made "are explained by the Board in the "2d and 3d Paras of their Proceedings. The "large trade in Timber and Firewood "&c which has sprung up between Ankola "and Bombay, the facilities afforded "to Coasting Vessels Pattimars &c to put "in for food and water into the many "bays formed by the head lands on the "coast, and its proximity to the frontier "of Goa, have tended to produce an extensive "system of Smuggling and lawless habits among

"among the lower Classes. In the Jungly
"parts of the Talook, constant and bitter
"feuds have been caused by real or alleged
"claims and usurpations of land which
"have been carried on among the influ-
"ential classes, and in one case alluded
"to by the Collector have ended in the mur
"der of one of the parties, the Collector
"points out that the influence of Govern
"ment is little felt, and these feuds are
"aggravated and increased in number
"by the delay in bringing them to a Settle
"ment. All practicable measures have
"been taken with the present establishment
"to prevent the continuance of such
"mischievous proceedings, and to regulate
"the Trade in Timber and Wood, as
"well as to adjust the mass of arrears
"of cases on the Files of the Tahsildar
"and Peishcar of Arnkola many
"of which have been pending for years
"but without avail. The strength of
"the existing establishment attached
"to those Officers is altogether inadequate

to

"to fulfil duly the heavy duties required
"of it, and the arrears of cases chiefly
"revenue disputes are stated / para 24 /
"to be no less than 920."

The Government considers that it has been fully shewn that the present establishment of the Arnkola Talook is unequal to the effective discharge of the duties devolving upon it, and that an addition to its strength to the extent suggested by the Board of Revenue is eminently necessary. It has however occurred to the Government that in lieu of stationing a Deputy Tahsildar at Sedasheguer it might be the preferable arrangement to divide the Arnkola Talook into two Tahsildaries each with its own Tahsildar and distinct establishment, and solicits discretionary authority either to carry out the plan recommended by the Board or the modification of it above noted, as on further consideration may seem most advisable provided that the increased expense to

be

Fort St. George 3d March 1853

be incurred, do not in either case exceed the sum mentioned by the Board of Rupees 190-4- Monthly.

Resolution

Under the explanations submitted, and on the recommendation of the Government of Fort St. George, the Most Noble the Governor General in Council is pleased to sanction the revision of the Revenue and Police establishments of the Ankola Taluk in the District of Canara attended with an increase of charge to the extent of Rupees 190-4- per mensem, and to invest the Government Fort St. George with the discretionary authority solicited, provided the increased expenditure does not exceed the above sum.

the course now pointed out in his future Demand Collection and Balance Sheets.

Read the following letter

No. 2

To W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George

(17)

B. No. 3096

From the Agent to the Governor at Hurnool

With reference to the Board's Circular dated as per margin I have the honor to forward a Statement, in the prescribed Form, shewing the cubical contents of the several measures or Puddies in use in this District.

Furnishing information called for regarding the Standard weights and measures in use in the Hurnool District together with a Statement in the prescribed form.

Dt. 2d May 1851

2 With the exception of the Puddies in use in the Town of Hurnool which are uniform and made of metal the measures generally in use in the District are of rude construction, generally made of a Bamboo hollowed out and varying in Form as they do in their contents.

3 When the Standard measures were supplied to this Office in reference to the circular of the 2d May 1842 counterparts were sent to the Talook authorities with instructions to encourage the

Fort St. George 3d March 1853

the use of a uniform Standard, and the measures generally in use are supposed to correspond with the Madras Standard but the local usage of heaping in lieu of striking has been retained as well in the Town of Hurnool as in the Talooks.

4 It will be observed by reference to the Statement, that the contents of the metal measures in use in Hurnool, when heaped, corresponds very closely with the Madras Standard; but that the measures in use in other parts of the District, contain, when heaped some more and some less than the same Standard.

5 The price Lists are framed in each Talook, by taking the puddee in use as equivalent to the Madras Standard, but the results differ considerably for instance in Goodoor, where the Puddee only contains 112 Rupees weight of Rice, there is a deficiency of about 56 measures in a Gorce, and in Nundial and Panium where the Puddee contains 118 ½ Rupees weight of price there is an excess of 126 measures.

6 I attribute these variations principally to the variety of shapes and to the

the rude materials of which these measures are manufactured by which accuracy or approximation even to accuracy cannot be secured, and I think that metal cylendrical vessels only should be permitted to be used.

7 I find that one or two merchants here, have a supply of about 200 and odd Madras Grain measures, which they can sell at 2 annas each, and I believe any quantity could be obtained if required. The sum for which they can be procured is so moderate that it is within the means of the poorest class of merchants and dealers to procure them.

8 The contents of the measures entered in the Statement, were tested by myself aided by Lieutenant Boileau the assistant Civil Engineer, but I was unable to test the measures with water, as I had no suitable scales

9 With reference to the information required as to the means of encouraging the more extensive adoption of the standard &c measures enjoined by Government, I beg to observe that the merchants and Dealers who I have conversed with, on the subject express no objection to the adoption of a &c

Uniform

2615 Fort George 3d March 1853

uniform Standard, but they object to the Puddies being Struck instead of being heaped, as they say the former mode is extremely inconvenient when measuring any quantity of any article. They also urge that they would be exposed to many annoyances from the ignorance of purchasers, who believe if the measure is struck that they are defrauded the fact of the measure being so constructed as to hold a given quantity without being heaped being unintelligible to them.

10 I certainly myself think that this point might be ceded, but my experience convinces me that no practical results will ensue by placing dependence on the expressed willingness of Merchants and Dealers to fulfil the wishes of Government. If the Government are satisfied that the introduction of a uniform standard is politic and just it is in my opinion best to enforce it by law, and I would suggest that after a given time to enable parties to supply themselves the penalty prescribed by Section 54 Regulation XI of 1816 should be enforced against parties using other than the authorized description of measures.

No. 24.

To W. H. Bayley Esqre.

Secretary to the

Board of Revenue.

Fort St. George

(19)

Bs. No. 418.

From the Collector of Chingleput ... } Sir, Para 1.

Reporting on the Shotriems the balances against which have been left unliquidated by the Proprietors notwithstanding the notification issued to them on the subject and soliciting sanction for their resumption.

Adverting to Extract from the Proceedings of the Board of Revenue under date the 13th September 1853 authorizing the issue of a notification to the several Shotriendars in arrears intimating to them that if their balances are not discharged, the estates will be resumed, I have the honor to submit a list of Shotriems against which balances are outstanding, altho' the period of one month allowed in the notification for payment has expired.—

2. Against three estates alone the arrears are so considerable as to render it necessary to have recourse to extreme measures, the balances against the other Shotriems are unimportant and will be hereafter recovered without difficulty.—

3. Of the former the first is a Vadacadoombady in the Chingleput Talook held by certain Takeers for performance

of

of worship & the services at a Mussjeed at Covelong which appears to be in an efficient state. The estate is a very profitable one the average proceeds of the last 10 years and the Beriz of Fusly 1261. exceeding the amount of Peishcush by Rupees 139–13–7 and Rupees 197–5–1 respectively. Being however held in 4 shares the profit to each of the proprietors is but small. They have appropriated to themselves the proceeds of the Fusly under report without making any arrangements for the liquidation of the amount of their Peishcush.

* Rs. 221–3–11.
x Rs. 273–11–5.

4. The Second is Pondavankum a Kuttavar Shotriem in the Nayer Taluk; The proprietor having contracted debts from one Casava Naick of Madras has leased the Shotriem to the creditor for a period of 21 years commencing from Fusly 1244, at an annual sum of Rupees 612½ from which the Peishcush being, in the first instance, discharged the remainder was to be appropriated by the Shotriemdar, and the Lessee. The actual proceeds of the Village in Fusly 1261 amounted however to only Rupees 395–10–4 attributable, in a great measure, to the depressed state of the

the grain market; neither the Shotriemdar nor the Lessee has adopted measures for the liquidation of the balance Rupees 131–4–4. still due on the estate.

5. The third estate is Cadapaukum, also a Kattavar Shotriem in the Nayer Taluk which appears to have always been an unprofitable Village the average proceeds of the last 10 years and the Beriz of Fusly 1261. falling short of the Peishcush by Rupees 5–2–5 and Rupees 197–4–5. respectively. The three proprietors of this Shotriem, it will be observed, have kept in arrear the entire amount of Peishcush. Two of them have since proceeded to Tanjore and the third also has left the Village.

x Rs. 562–9–2.

6. It has hitherto been the practice of this District to consider favorably assessed estates themselves answerable for the entire Peishcush so that attachment has never been resorted to in default of the payment of any of the kists, the eventual resumption of the Shotriem at the end of the Fusly being deemed a sufficient penalty for the failure and a fair equivalent for the Peishcush although generally it may not

be

Fort St. George 3d. March 1853

be desirable to enforce the realization of balances which may be outstanding by the attachment of personal property in addition to the resumption of the Shotriem yet in the instance of Cadapaukum the fraudulent conduct of the Shotriendars who have appropriated to themselves the entire proceeds with the intention of throwing up the Village, would render such a course justifiable, while on the other hand the extremely unprofitable nature of the Village for years past altho' granted with the view of conferring some special benefit to the holder, will plead somewhat in extenuation of their conduct.

7. I propose therefore as a check to fraudulent acts of this nature to attach their estates in default of payment of the 2d. Kist, as in the case of Sawry Moo-tahs.

8. I request sanction for the resumption of the three Shotriem Villages above adverted

Fort St. George 3d. March 1853.

adverted to and for the remission of the balances outstanding against two of them amounting to Rupees 165-3-8 and further solicit instructions in respect of the disposal of the balance against the third estate Cadapaukum.-

Chingleput District,
Collector's Cutcherry,
Pullecarney, 10th February 1853.

E. E. P.s Signed J. H. Cochrane
Collector

Fort St. George 3d. March 1853.

Ordered that the foregoing letter be submitted with the following address.

No. 94.

(19-20)

To,

The Chief Secretary to

Government.

B. No. 480.

To the Chief Sec.y to Government.....

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Chingleput dated 10th February 1853, requesting sanction for the resumption of certain shotriems in his District.

Submitting a letter from the Collector of Chingleput requesting sanction for the resumption of certain shotriems for arrears of Revenue, and recommending that it be granted and that the balances still due against them, be written off to Profit and Loss; approving of Collector's proposition to attach Estates in future, on failure of the payment of the 2 Kist.

In Cons.n 30 March 1853

2. Under the authority of the Board, a notice was issued by the Collector to several defaulting Shotriendars, intimating that if the balances outstanding against them were not discharged within one month after the publication of the notice, their shotriems would be resumed, and from Mr. Cochrane's letter now under submission it appears that most of them have paid up their arrears.

3. The three Estates recommended for resumption are Vadacadoombandy Pondavaukum, and Cadambaukum, the balance against the remainder as particularized

J. G. B.

Fort St. George 3d. March 1853.

particularized in the Statement being unimportant, and will, it is stated, be hereafter recovered without difficulty.

4. It will be perceived that the proprietors of the 1st and 2d Estates, have discharged a part of their Arrears, but have failed to make any arrangements for the liquidation of the balances due the 3d Estate, Cadombaukum, is stated to have been always an unprofitable one, the average proceeds for several years being below the Peishcush, and the proprietors have kept back the Entire Amount for Fusly 1261, and have left the Village. In Extract Minutes of Consultation dated 18th October 1843, the Government directed that Cadombaukum should be resumed on the death of the present incumbents

5. The Board recommend that the three Estates be resumed, and sanction granted for writing off the balances of Vadacadoombady and Pondavaukum Amounting respectively to Rupees 33-15-2 and Rupees 131-4-4- they would also recommend that in the event of there being no property in

Fort St. George 3d. March 1853.

in the District belonging to the three de-
faulters in the 3d. Estate, the Amount against
this Shrotriem be also written off to Profit
and Loss.—

6. The proposition of the Collector to attach the Estates in future, on failure of the payment of the 2d. Kist, is approved by the Board.

Revenue Board Office
Fort St. George,

Secretary

Read the following letter

No. 29.

To

W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St. George

21

Rd. No. 426.

From the Collr. of Chingleput. —

Sir,

I have the honor to transmit herewith the prescribed Statements connected with the Settlement for Fusly 1261 of the Villages attached and placed under my management by the Civil Court of the District, which remain the same in number as those in the preceding year.—

Rec'd 2 & 3

2. The Settlement of the 1/4 Share of

Fort St. George 3d. March 1853.

of the Parattoor &ca four Villages which were rented on Dowle Ejarah exhibits a decrease of Rupees 43-4-4. notwithstanding the more favorable yield from the lands under cultivation, which is attributable to the depressed state of the grain market in the Fusly under review. The fluctuations in the proceeds of the other Villages, one of which is under Ryotwary field Settlement, and the other under Amany, are too unimportant to call for any remark, the net result of all the Villages showing a falling off below the outturn of the preceding year in the sum of Rupees 48-9-5 a/ps.

3. The demand in all the Villages has been fully realized. With the exception of Toranellore, the Collections have been barely sufficient to meet the Peshcush and other charges for the management of the different Villages, while in that Village there is a Surplus of Rupees 8-15-7 a/ps which has been duly remitted to the Court.—

4. Adverting to Para 1 of Extract from the Proceedings of the Board of Revenue dated 19th. February 1852, I beg to forward herewith Copy of the instructions issued by the Civil Court for collecting the Tank Meraks in the 1/4th. Share of Parattoor &ca Villages.

No. 4.

Extract from the Proceedings of the Civil Court of Chingleput, under date the 21st March, 1850.

Read Miscellaneous Petition No. 80 of 1850 presented by Vakeel Tondavaroya Moodelly on behalf of Lutcheme Ammal Plaintiffs heiress in Cause No. 43 of 1822 on the file of the late Zillah Court of Chingleput requesting that the Court will issue a Precept to the Collector requiring him to collect the amount of Varee Maray &c. due by one of the Shrotriemdars and the Ryots of the Village of Parattoor, and to remit the same to the Court for payment to her, in satisfaction of the balance due in the above Number after deducting Rupees 144-"-" being the amount of maintenance payable by her to the Defendants heirs for Fusly 1258 in virtue of the Ezarah of the Shrotriem portion obtained by her from the Collector.

Ordered that Copy of this Petition be sent to the Collector requesting him to dispose of it by passing such orders

Fort St. George 3d March 1853.

orders as may appear to him necessary and proper in the matter.

(24)

B. No. 520.
From the Collector of Chingleput. } Sir,

Supplying the information called for relative to the Choultry Endowed by Collah Singunna Chetty.

Adverting to Extract from the Proceedings of the Board of Revenue under date the 30th September last requiring information on the subject of Choultries Established by Colla Singana Chetty, I have the honor to state that the one endowed by him in this District is situated at Seeva Conchee (Conjeeveram) It was originally a private dwelling house and was purchased by Singanah Chetty who subsequently added and otherwise effected improvements to it - A rough plan of the building as it now stands is enclosed - It is reported to be in good

Fort St. George 3d March 1853.

good repair and affords accommodation to all classes of Native Travellers with the exception of Christians and Pariahs. The Choultry being situated on the branch Road connecting the High Western and Southern lines and being by no means conveniently situated in respect of its distance from the Choultries and Towns on either side of it the Travellers who avail themselves of its accommodation consist chiefly of Pilgrams and others visiting the great Conjeeveram Pagodas and of those who may proceed thither on Mercantile Affairs.

2. The affairs of the Choultry are managed by an agent named Shashathriem-gar under the Superintendence of Cunniah Chettyar grandson and successor to the Founder of the Institution. The Tahsildar in his Urzee has stated that a Copy of the Mooktarnamah probably containing the instructions given by Singana Chetty to his agent was furnished to this Department this document however is not to be found among the records of this Office neither is it entered in the Register of the Records and most probably it has been destroyed with other Papers as useless by Mr. McLean in Fusly 1245 when Collector of the District, little superintendence on the part of Government has hitherto been

Fort St. George 3d March 1853

been exercised over the affairs of the Choultry as originally contemplated the orders of the Board on the subject not being known to any servant on the establishment until I had occasion to refer to them now. I beg however to enclose copy of an account furnished to me by Cunniah Chetty ar showing the manner in which the monthly sum of Rupees as P 52—2—8 disbursed from the Government Treasury is expended which from enquiry appears to be generally correct. The several items of expenditure consisting as they do of a religious as well as secular nature are essential in the idea of a Hindoo to constitute a Charitable Choultry and they will be observed to be the same in almost all Choultries endowed by Hindoos. I am therefore strongly

inclined

For Ft. St. George 3d. March 1853.

inclined to think that they have not undergone any change since the foundation of the Choultry by Singanah Chetty. The 8 Travellers that are fed gratis and the 6 boys that are instructed in the Vedas have generally been Brahmins. The Board can readily ascertain through the Collector of Madras the wishes of Cunniah Chetty / a respectable Individual residing at Madras / as regards any modifications in the establishment and expenditure of this as well as the other choultries endowed by his grand Father Singanah Chetty.

A

Fort St. George 3rd March 1853

Agros increase of 46 Amany Villages results as well from the purchase of Mootah Pennagarum with its 41 Agen and 2 Enamty Villages as from the resumption of Damalairy Mootoor a Jaghire and Pandaramungalum and Davanoysamoodrum Jodigy Villages in Talook Paramutty deducting from which a decrease of 2 in the 3rd item under the Amany heading, consequent on the inclusion of the said Agraharums with the Circar lands, the remaining increase is 44 Villages The decrease of 57 in Jaury Villages is attributable to the circumstance of the Pennagarum Mootah having come into the possession of Government whereby its 41 Agen and 2 Enamaty Villages disappear from the Jaury accounts, & the transfer to the Trichinopoly District of the Catoopootoor Mootah consisting of 13 Villages and to the resumption of Damalairy Mootoor a Jagheer Village. Thus against a gross increase of 44 Villages is a gross decrease

+ From Govt. 13th Sept. 1854

of

Fort St. George 3rd March 1853

of 57, yielding a Net decrease of 13 or the number of Villages which recently have been incorporated with the Trichinopoly Collectorate.

Population Houses and Cattle Statt No. 6

6. The annexed Abstract supplies in a Comparative form the particulars for the present and past years, of the Houses and Cattle of the District the Census (excepting of course that of the Catoopootoor Estate) being entered at the numbers given in the Report for Fusly 1260.

The

2049.

Fort St. George 3rd March 1853

The increase under the first and third items of the Statement is I apprehend mainly attributable to the greater care and diligence observed in preparing the Village Accounts, though some part of it is caused it would seem, by fresh importations and the ordinary course of productiveness. The smaller number of Buffaloes may be accounted for by the transfer to Suchi. nopoly of the Catoopootoor Estate and to a slight extent by disease among this description of animal. The transfer in question has created a reduction in the aggregate amount of the Popu: lation of the District as well as in the number of its Houses Statement No. 25 exhibits the particulars relative to the Census which have been required by the Boards instructions of the 29th April last.

Sources of Irri: gation
Vide Statt No. 6

7. The number of Tanks Wells Nullahs and other sources of Irrigation available in the District is shewn below.

Fee

The restoration during the Current year of certain Tanks previously out of repair and ineffective, has removed twelve from the aggregate of useless reservoirs shown in the last account to which extent an increase has been made to the total of those which are in good order By the transfer of the Cateopootoor Moolah to another District there has been occasioned a gross decrease of 116 under the heads of Tanks, Cauvery Channels and Wells deducting from which a gross increase of 94, it will be found that a net diminution of 22 remains, as observable from the foregoing Statement. Of the gross increase in question a Small Tank which was newly excavated on the holding of a ryot in Talook Kistnagherry at an outlay of Rupees 150-"-" has not been relieved from increased assessment for the more or less two Acres of cultivation under it both because it was dug without authority from

Tanks	6
Cauvery channels	5
Wells	105
	116

from the local authorities, and because its principal use to supply cattle with water The other 93 are Wells recently constructed by private individuals at their own cost. Of these 21 were excavated at an outlay below twenty Rupees without permission from the proper Officer and close to Government sources of irrigation under which circumstances they have not been deemed to deserve the usual indulgence of exemption from enhanced assessment for the superior description of crops grown under them Ten which have been dug at a considerable outlay and to which it could only be objected that the work was carried out without previous permission from the revenue authorities have been taxed under the discretionary authority now vested in the Collector with the higher rate of teerwah for only the Current year in so far as concerns the four of the ten in the principal

principal division of the Distinct. The six in the Talooks of the Sub Division have been saddled with the higher rate for the full period of three years fixed as the Maximum period for such Assessment in the Minutes of Consultation dated the 16th May 1851. As the remaining 62 Wells were sunk after permission to commence work had formally been obtained I have deemed it just and proper not to impose on the land cultivated under them, any higher demand than the fairsul Assessment to which it originally became liable.-

Season - 8 The cultivation season opened auspeciously owing to a timely and sufficient fall of rain which afforded a fair prospect of an abundant harvest in the unirrigated lands of the Distinct About August however these pleasing expectations were somewhat diminished by a threatened deficiency of the moisture necessary for bringing the dry

dry crops to a healthy maturity. In the following three Months the periodical rains were as ample as desired and so opportune that the drooping produce revived under their influence and eventually supplied a satisfactory yield.

9 Generally the Wet cultivation did not afford so favorable a return as could have been wished. The deficiency in lands under tanks resulted from certain of these reservoirs not having received their full supply of water, but in Talooks Coimbatoor and Dindigul so many of them were almost entirely or altogether deprived of the usual quantity that the Rice cultivation under them could not be carried out. In these same divisions too the wet crops were somewhat injured by drought but not to the extent of requiring any special remission for produce destroyed by want of water. The wet lands irrigated by Channels from the river Cauvery appear to

"Shavee"

Fort St. George 3rd March 1853

to have afforded a very fair harvest. On the whole the outturn of the Season may I consider be taken as a moderately good one.

Cultivation

10. The quantity of Land brought under the plough in this and last Fusly as Poonjah and Nunjah appears. Talookwar in a comparative form in the Statement below entered.:

* Of this net increase of Jummahbundy Rs 9,947-2-4 appertains to Pennagarum Mootah &ca incorporated in the Government lands-

* Of the amount entered in Col: 13, deducting the Cowle and Pasture remissions, the remainder will correspond with this amount -

Poonjah
* Fallow newly cultivated
Waste taken up
Relinquished just out occupied by other Ryots
Transfer of cultivation to a different class—
Rise in Cowle rates.
Cowle reaching the full teerwa amount—

12. The circumstances which ordinarily affect the aggregate value of this class of cultivation, have contributed in the current fasly to a gross increase of demand amounting to Rupees 87,258—1—6, but to those usual causes should be added the special one of the inclusion with the Amany of the Villages comprised in the Pennagarum Mootah and the Jagheer Village of Damalairy Mootoor from which arrangement an addition has been drawn of Rupees *5,819—14—8. On the other hand the relinquishment of their fields by ryots on various grounds, and the transfer of cultivation to other heads has created a diminution of demand extending to Rupees 69,117—10—9.— The net increase is thus Rupees 18,140—9—9.—

Statement No 8 allowing for the omission of the Pennagarum Mootah &c. Col: 3.

* Col: 25 Statt. No: 12.

Poonjah Bagayet

13. The Bering for the year on this description of cultivation exhibits a Net decrease of Rupees 1674—11—4. The gross increase and decrease

decrease of the item appear, respectively as Rupees 4,557—1—5 and Rupees 6231—12—9. In the former the small sum of Rupees 35 10 10 is attributable to the acquisition by Government of the Pennagarum Estate—

Col: 27 Statt. No: 12

Nunjah

14. A diminished demand of this class of culture has been occasioned through the abandonment of their lands by Ryots in impoverished circumstances and by actual failure of water. The clear decrease, it will be found, is Rupees 3214—1—2, drawn from a gross increase and decrease standing respectively at Rupees 25110—11—7 and 28334—12 9. In the former of these two sums are Rupees 3747—14—10 appertaining to the Pennagarum Estate and the three Villages previously referred to

Col: 55 Statt. No: 12

Nunjah Bagayet

15 The rise in the Bering under this head partly results from the imposition of double teerwah, or of the faisul rate for first class wet land

land, as the case may be, on that portion of holdings whose Cocoa or betel nut trees have recently became productive. The fresh occupation of land thrown up, and the new acquisitions mentioned in paragraph 14, have also contributed to an increase of demand, of which the Net amount is Rupees 1077—1—4. The gross decreases is Rupees 176—7—5 against a gross increase of Rupees 1253—8—9, whereof Rupees

* Col: 37 Stat. No 12

343—10—0 are due to the incorporations with the Amany of Pennagarum and the other Villages above adverted to.—

16. Referring to the several items of increase and decrease shown in the preceding paras, it will be observed that deducting the aggregate of the one from that of the other, there remains a clear augmentation of demand amounting to Rupees 11328—14—7. The portion of this sum derived from the recent incorporation of Pennagarum

9 Co.

Para 15 Col: to Stat. No 12 Prices

* 9 Co. = Rupees 9947—2—4.

17. The Average Sale Prices of the Grains which constitute the standard Produce of the District, fell without exception below the rates which prevailed in the preceding fasly, and doubtless much inconvenience would, under such circumstances, have been experienced by the cultivating class, had not the Dry crop, and in several localities, the Wet Crop also yielded a more than usually abundant harvest. This depression in prices seems to have been enhanced by the extent of importations from the Mysore territory of the four kinds of produce marginally specified. In regard of Salt only the selling rate is ascertained to have risen. In the Statement entered beneath. I submit particulars of the rates above adverted to, and further on for convenient reference, I subjoin a table in which the average prices of the past few years are exhibited in a concise form.

Enam Jodigy Col: 23 Statt No: 8 22 The unimportant decrease of Rupees 10-12-9 in the item of Enam Jodigy is below explained. —

+ An increase of Rupees 1-1-9 resulted from the transfer to this head of Exctent Assessment Jodigy } Sundry Enams which for " " " " " " 1-1-9 } years past had inadvertently been incorporated with Gooddoor a Jodigy Enam Village in Talook Dunampoory. —

Gross

Gross Decrease

Exctent. Assessment Godigy } A part of an Enam granted to
"-29-6- 3-8-11 1-8-5 } a Hereent in Sommunpully, Talook
Trichengode, liable proportionately to a Godigy
of Rupees 1-8-5, was deducted and written
off the account, in consequence of its being
rendered unfit for cultivation by the occasional
inundations of the Tenoomany river and
by the surplus water of the adjacent tanks.
The entire Enam was Acres 2-39-5 -
Teermah Godigy.
18-10-8: 8-"-"

*Exctent. Assessment. Godigy } A Sixth of an *Enam
1-35-2. 10-6-9 3-6-4. } held by Kwrasimmah Jacy
From Govt 30th Oct 1851. as a Sinchingum Menapy, in Talook
Danampoory, and yielding a Godigy of
Rupees 3-6-4 has been resumed.

*Exctent. Assessment. Godigy } A Bullawanty *Enam in the
7-24-11. 8-"-" 1-"-" } Village Yalagheny, Talook
Danampoory, was relinquished by Nunangen
its Enamdar, on the plea that his deficient
means rendered him unable to liquidate the Godigy

*Exctent. Assessment. Godigy } An *Enam in Talook
2-8-1-7. 60-15-" "-15-" } Denkencottah, originally
From Govt 14th Nov 1851 assigned
AR

assigned for the support of a Choultry
at Royacottah, was resumed in conse-
quence of the object of the grant having been
lost sight of and the building itself hav-
ing been allowed to become a ruins-

Exctent Assessment Godigy } A Carpenters' Enam in
2-30-12-20 4-9-5-9 } Augunnputty Talook Ahtoor reverted to the
Government on the Enamdars Soobbun
and others becoming from poverty unable
to pay its quit rent.

23. The Fusul Jasty levied on
Enams is less than what was brought to
account in the past year under that head
by Rupees 120-2-2. Its gross decrease
Col: 25 Statt. No: 8. by Rupees 178-5-5. has been caused
by certain lands charged with Fusul
Jasty in the preceding fusly, being in the pre-
sent one, exempted from that liability. A
gross increase of Rupees 58-3-3 arises
from a larger quantity of Enam having been
converted into Nunjah and Bagayet through
the aid of Government water.

Neercooly 24. The gross increase under the head
Col: 26 Statt No: 8 "Neercooly" or value of water belonging to Government
Villages, is Rupees 42-8-11, which has arisen
from the appropriation of such water to
dry

Fort St. George 3d March 1853.

By Land. Do. Sundry Items from this Account as per Account of Rupees 3 15 19 Cash remain a Clear increase of Rupees 38 9

1. The profe decrease in Quantities in Cultivation by certain Lands having this year been allowed exemption from Assessment.

Sill Revenue 25.

The Sill Demand on account of the Sill Revenue of the Fasly as per Account No. 2 Rupees 30425 3 on Rupees 599 1 beyond that of the preceding year. Below I have exhibited it Particulars in a Statement.

Total		Total	29826	"	8	30425	1	3	756	2	1	157	1	6
								Net	599	"	1			

26 The gross increase in the Fusly is Rupees 756—2—1 of which sum Rupees 324—14—11 belong to an actual increase of cultivation in the hilly tracts. Besides this, an amount of Rupees 23—12—3 has been realized, owing to certain Cowles having reached the higher rate of teerwa, whilst Rupees 407—7— from the assessment levied on the extent of land ascertained by the Survey operations now in progress on the Sheveroy's, to have been included in the Coffee Plantations there, without hitherto being subjected to payment of teerwa. Deducting a gross decrease of Rupees 157—1—6 caused by the demise desertion and indigence of the occupants of some lands on the Collymally Hills Talook Namcul, there remains a Net increase of Hill Revenue amounting to Rupees 599—7—.

Remission at Immahlundy.

27 Inclusive of Hill Revenue the Total Land Revenue Demand for the year is Rupees 13,79,923—10—9 from which there were certain Remissions allowed at the Settlement, as hereunder particularized.

The detailed particulars of this increase are represented in Statement No. 12.

Amany Demand.

31. The entire Demand of the year on the Amany lands, inclusive of the sums specified in paragraphs 29. and 30, is Rupees 13,18,321 7 7 as shewn in Column 3 of the Statement entered in paragraph 18 of this Report, or Rupees 11,497 1 3. in excess of the outturn of the previous fusly.

Col 103 Statt. No. 2.

Peishcush of Mootahs.

32. The total of the permanent

demand.

Fort St. George 3d. March 1853.

demand of the year on the Estates in the hands of their own proprietors is Rupees 4,45,863—7—8, or Rupees 22,866—11—10 below the same item of Revenue of the past fusly. The reduction is attributable to the transfer of the Catoopootoor Mootah to another Collectorate, and to the incorporation of the Pennagarum Estate with the Amany by which measures there have been changes in account, amounting respectively to Rupees 16,101—3—10, and 6,765—8—. Adding together the Bariz of the Amany and Saury Mootahs, the aggregate Land Revenue Demand on the entire District for the current year, amounts to Rupees 17,63,984—15—3. which sum falls short of the Demand of the past year by Rupees 11,369—10—7. This result is to be traced to the withdrawal of the Catoopootoor Mootah from the limits of this District.

Cl 27 Stat. No. 11

Cowle Lands

33. The details of Statements No. 10. are concisely exhibited in the following table, which shows a net increase of,

Fort St. George 3d. March 1853.

of Rupees 22—2 on the Settlement of the Lands occupied under progressive Cowle. The decrease of the year has resulted from the advance of the lands formerly held on Cowle towards the higher rate of assessment, and from deaths, desertions, &c. The further occupancy of land entitled to the ordinary exemption rates, and the entire exemption from assessment for five years of land taken upon the tanks of the river Cauvery, in order to the eventual protection of the inhabitants of those parts from the attacks of tigers, has created the increase. The annexation of the Pennagarum Estate to the Amany, and the consequent continuance for one year of the Cowles which originated with the late Mootahdar has been an additional cause of the increases in the aggregate quantity of land held under that tenure. In the item of lands occupied under Cowles granted by Mr. Cockburn, there is a decrease of Rupees 342—3—, owing to deaths and changes or transfers of puttahs.

From Bd. 19th June 1851

Particulars

Fort St. George 3d. March 1853.

demand of the year on the Estates in the hands of their own proprietors is Rupees 4,43,663—7—8, or Rupees 22,866—11—10 below the same item of Revenue of the past fusly. The reduction is attributable to the transfer of the Catoopootoor Mootah to another Collectorate, and to the incorporation of the Pennagarum Estate with the Amany by which measures there have been changes in account, amounting respectively to Rupees 16,101—3—10, and 6,763—8—. Adding together the Banjy of the Amany and Jaury Mootahs, the aggregate Land Revenue Demand on the entire District for the current year, amounts to Rupees

Cl 2 Statt No 11 — 17,63,984—15—3. which sum falls short of the Demand of the past year by Rupees 11,369—10—7. This result is to be traced to the withdrawal of the Cautoopootoor Mootah from the limits of this District.

Cowle Lands — 33. The details of Statement No 10. are concisely exhibited in the following table, which shows a net increase of

of Rupees 22—2—. on the Settlement of the Lands occupied under progressive Cowles. The decrease of the year ensues has resulted from the advance of the lands formerly held on Cowle towards the higher rate of assessment, and from deaths, desertions, &c. The further occupancy of land entitled to the ordinary exemption rates, and the entire exemption from assessment for five years of land taken upon the tanks of the river Cauvery, in order to the eventual protection of the inhabitants of those parts from the attacks of tigers, has created the increase. The annexation of the Pennagarum Estate to the Amany, and the consequent continuance for one year of the Cowles which originated with the late Mootahdar has been an additional cause of the increases in the aggregate quantity of land held under that tenure. In the item of lands occupied under Cowles granted by Mr. Cockburn, there is a decrease of Rupees 342—3—, owing to deaths and changes or transfers of puttahs.

Ryots.
Puttahs.
Ploughs.

34. There has been considerable increase in each of these three items, as will be observed on reference to the Statement written below, the causes of which may be traced to individuals not formerly engaged as cultivators having newly taken up land; to the division among several, either heirs or otherwise, of what had been the puttahs of a single individual, to the separation of joint holdings and to the incorporation with the Government lands of the Villages mentioned in paragraph 5.

Emigration
Vide Statt. No. 14.

37. The number of Ryots who emigrated from the District during the present year, is 48, or 6 below that of the previous year, as will be observed from the following Abstract Table—

Fusly	Number of Ryots	Lands left waste by them	Summah =bundy
		Acres g a s	Rs a p
1260	54	232 4 .	317 5 5
1261	48	159 27 9	211 9 5
Net Decrease	6	72 16 7	105 12 0

Of these 48 individuals 11 are reported to have proceeded to Ceylon to improve their condition. The remaining 37, who had only temporarily settled within the Salem limits, appear to have retraced their steps to the localities whence they came—

Vide Statt. No. 15.

38 Same new comers 5 from the Trichinopoly and 15 from the South Arcot Districts, have arrived and taken up Poonjah land to the extent of Acres 16 4 5, yielding an assessment of Rupees 50 10 9 in the Attoor Talook, which is contiguous to those Collectorates. It does not however, seem probable that they will remain permanently

permanently settled here—

Private Wells. 39. The under written Table shows in a comparative from the particulars of Private Wells on which Fusul Jastee has not been levied during the fusly under review—

Fusly	No. of Wells	Cost of the Wells	Poonjah lands irrigated from them	Fasuul Assessment	Fasuul Jastee remitted

Fort St. George 3d March 1853.

To

The Collector of Rajahmundry

Sir,

In obedience to Standing Order 1288 I have the honor to forward herewith a Statement of the Balance of Fusly 1260 due at the close of Fusly 1261 in the Zemindary Villages for Fasly Years, Recoverable and Irrecoverable.

2. The Balance of Rupees 333 6 3 has been brought to account under the head of Deferred Items, and the Remainder Rupees 13,225 - 11 Have been carried to the Credit of Suspense Account before the ends of Selected Years, both of which are to be cleared off as directed in Section 2 Para 2 of Standing Order 1288.

3. I beg to subjoin a Table shewing the Balances according to Fusly Years and describing each Head of Collection as directed in Section 1 Para 2 of Standing Order 1288.

I have &c.

(Signed)

Collector.

2696

Fort St. George 3d March 1853.-

Old Balance up to Fusly 1259.-

The

47. The sum thus thought to be irrecoverable is Rupees 17,115-2-9. but of this amount Rupees 13,481-6-10. or the balance due up to fusly 1259 will hereafter be remitted under the sanction of Government dated the 4th. October 1852. In regard to the then remaining balance of Rupees 3,633-11-11- as due for fusly 1260 I am under the necessity of soliciting permission to remove it from my accounts as irrecoverable. The reasons for this measure are marginally indicated.-

Savoy Jumma From Bd. 19th July 1852. To Do. 8th Sept. u. From Do. 13th u - u From Do. 4th Oct. u Para 18.

49. Prepared in the form which I believe to have been prescribed by the orders of the Board contained in the Communications

marginally noted, Statement No. 28 will be found to exhibit the particulars of the Sevoy Jumma balances outstanding up to the close of fusly 1260, together with the Demand and Collections of that item of revenue for the fusly under review. The total Bariz of this head including the arrears of past fuslies, is Rupees 46,615-12-11 from which, deducting Rupees 13,066-3-9 the aggregate collections of the year, there remains a balance of Rupees 33,549-9-2. The Collections in question consist of Rupees 12,648-7-5 realized during the year, and a sum of Rupees 417-12-4 brought to account within the end of September. The items which compose the balance abovementioned are explained below.-

50. The Sevoy Jumma demand for the period under notice is Rupees 12,886-11-3. This amount was diminished during the fusly by Collections extending to Rupees 11,445-12-11. It was further deminished by Rupees 414-2-4. the sum realized up to the end of September. The balance thus left is Rupees 1,026-12-u of which Rupees 100-u-u are regarded as hopeless of realization owing to the poverty death or departure from the District of certain ryots. The net balance will

will I hope eventually be brought to account.-

51. The Sewoy Jumma arrears due for the fuslies from 1219 to 1259 or Rs. 32,543-4-8, on account of which Rupees 49-10-6 were recovered within and after the close of the present fusly. Of the balance thus remaining viz. Rupees 32,493-10-2, the Sum of Rupees 421-9-1 is looked upon as capable of realization, while that which under various circumstances, is deemed impossible of recovery is Rupees 32,072-1-1. There appears no alternative but that of soliciting your Board's authority to remit this amount. I therefore beg to request it may be accorded. Of the portion believed to be recoverable as above mentioned, Rupees 398-12-7 were recommended for remission in paragraph 6 of my report dated the 29th. July 1851. on the ground of it's being a balance which had accrued so long back as prior to fusly 1251. On account of this arrear, however Rupees 3-13-3 have since been realized, leaving a balance of Rupees 392-15-4. The aggregate of the latter Sum and the desperate

Total	32072	1	1

desperate arrear abovementioned is the amount which I beg to request I may be allowed to strike out of the public accounts. The unimportant Sum to be treated as recoverable, viz. Rupees 28-9-9. will hereafter be realized.-

* Rs. 392-15-4.
32072-1-1
32465-0-5.

52. The Sewoy Jumma balance for fusly 1260 as it appeared at the end of that year, is Rupees 1185-13-0. Of this Amount Rupees 1155-10-0 were collected in fusly 1261 as well as Rupee 1-0-0 recovered within the close of September of fusly 1262, making a total of Rupees 1156-10-0. From the remaining Sum of Rupees 29-3-0 of Rs. 8-5-8 due by deceased and absconded cultivators, be deducted, and here I beg permission to remit that sum, there remains for future realization a balance of Rupees 20-13-4.

Deceased Ryots 1-15-6
Absconded 6-6-2
+ 8-5-8

29th April 1852. Difference between Prices and rates of Assessment.

57. In their Circular of the date marginally entered, the Board have directed that the difference between the prices of the year and the rates on which the land assessment was determined, should be stated in the annual reports on the Settlement of the Land Revenue; and subsequently by the Circular of the 8th November 1852, a more detailed report on the same and other matters has been required. The ascer: =tainment of the particulars involved

JF

in

Fort St. George 3rd March 1853.

in carrying out the first of the above mentioned instructions, will be a work of excessive diffi: =ficiently considering the indefinite and unsatisfactory nature of the materials on which it has to be based and I regret that so far as my endeavours have yet gone, nothing at all safe or conclusive, has been arrived at. The later and more important Requisition will necessarily demand further researches and the elaborate examination of accounts and papers, all which are more than 50 years old. By the data thus to be acquired, I trust I may eventually be enabled to supply what the Board desire; but at the present writing, I must regret my inability to do so, notwith: =standing that my attention has been given to the matter.

Coramundoor Shaver 7th Octr 1852

58 In paragraphs from 38 to 41 of his Report for the fasly under review, the Sub Collector intimates that he will have to request the indulgence of the Board for the remission of a sum of Rs. 211-7-1, the assessment due for the 2d Crop on land measuring Acres 46-23-13 in Coramundoor, a Village transferred to this, from the Trichinopoly District, on which the 1st Crop of

of the year had been raised, which the 2d Crop had become "Shaunee" from a deficient supply of water. The Sub Collector has further observed that after the receipt of the Board's Proceedings of the marginal date, similar Remissions were made by the late Sub Collectors Messrs Maltby and Conway.

14th June 1849

59 In respect of this matter, I would Remark that an application for an indulgence which may be in contemplation by the Sub Collector, need not, I apprehend, have been introduced in a Report relating to the Settlement of the year in which was brought to account the sums from which that Remission may seem necessary. On the present occasion, too, its introduction would appear the less necessary that the Remission in question has been a subject of Correspondence between the Sub Collector and myself, as will be seen on Reference to the Correspondence of which I believe it to consist with my duty, to trouble the Board with a Copy.

Enclos. No. 24.
From Sub Collector 24th Augt. 1852.
To — Do. 2nd Sept. —"
From Do. 8th — " —"
To — Do. 4th Nov. —"

60 Your Board will perceive on Reference to this Correspondence that I have not felt myself justified in accepting the view of the Sub Collector that an indiscriminate Remission

Remission of Shaunee should be made.

61 Adverting to the Remarks of the Sub Collector Mr. Cochrane, that the late Sub Collectors made Remissions of the kind under notice in years subsequent to the Receipt of your Board's instructions dated 14th June 1849, I would mention that the public accounts available, in no wise support the belief of Mr. Cochrane that such Remissions were granted by his predecessors, whilst they do shew that an ordinary Remission was conceded to certain holdings which from want of water for the 2d Crop, had remained entirely unjer, after only the 1st Crop had been raised.

Reply to the Proceedings of the Board of Revenue dated the 13th September 1852.

Ro. para. 13. Statement of Dittum and Summahbundy

62 Referring to the observation by the Board that the Statement No. 6 is so ill arranged as to make it difficult to Reconcile it with the Abstract appended to paragraphs 11 and 18 of the Summahbundy Report, I beg permission to remark that excepting the Dittum particulars which were inserted in Statement No. 6, Consequent on the instructions of your Board, the remaining portion of that account is prepared agreeably to the form originally

Ro. 13th May 1850. para 16.

received

received from the Board the grand totals of Poonjah, Poonjah Bagayet, Nunjah, and Nunjah Bagayet of the lands shown in Columns 2 and 8, and of the Pymash assessment inclusive of Fusul Jaotee entered in Columns 7 and 13 which are given just before the Commencement of the several items of Remissions in the Statement in question, will be found respectively to correspond with the total of land entered in Column 2 & 5, and to the total of assessment in Columns 3 & 6 of the table exhibited at paragraphs 11 of the Summahkundy Report &c, however, owing to there being no heading given in Statement No. 6 to shew the Summahkundy, that is the total of the Pymash assessment inclusive of Fusul Jaotee, but less the aggregate amount of Remissions for Coules and pasture lands, no information of that description is there found as is entered in the table annexed to paragraph XI of the report, yet, if from the items of Remission detailed in Statement No. 6, those for Coules and pasture lands be removed from the grand total of Poonjah, Poonjah Bagayet, Nunjah and Nunjah Bagayet, as given in Columns 7 & 13 of

No. 6

of the said Statement the remainder will be ascertained to correspond with the total of the Summahkundy exhibited in Columns 4 and 7 of the table at paragraphs 11 before mentioned, as well as with the amount of Settlement of the four descriptions of land first shown in the Abstract added to paragraph 18 of the Report. I would add that the total of the Ain Bariz shown towards the Conclusion of Statement No. 6 as remaining according to the Demand, Collection and Balance Statement, will be seen to agree with the total land Revenue exhibited at the end of the table entered in paragraph 18 of the Report, but, if a reference be made to particulars, the three sums shown in the two accounts as Aggraharum Shares, one third Collection of Agraharum Villages granted to Agraharumdars and Village Sibbendy, will not be found to agree, for the reason that in the one they are calculated inclusive of Moturpha, whilst in the other inadvertence is had merely to Land Revenue.

63 It is further pointed out by the Board that Statement No. 6 does not exhibit as it ought, the quantity of each description of land after the Coolooty

Buriyer

Bunjers has been struck off. In regard of this observation, I beg to explain that it has not been the practice of this District to allow Ready money Remissions for any Bunjer, except for Nunjah Coonle Bunjer. In all other cases of Bunjer, the areas left uncultivated, as well as the Peeruah due on them, are deducted from the accounts.

64 According to the system which has thus prevailed, under the total of the Tahsildar's Dittum, the several items of deductions made at the Summahlundy are detailed; and these deductions are made only subsequent to careful investigation as to the Circumstances which seem to require the indulgence. The aggregate of such deductions is also shown as well as what remains of the Tahsildar's Dittum under each item of land.

65 Adverting to the further Remarks of the Board that it would appear that a Tahsildar's Dittum is first made and then modified into a kind of Revised Dittum before striking off the Sealoobaty Bunjer, that such is not the intention of the Board, and that

that the Dittum should stand as first made before the Summahlundy has Commenced, I beg to Represent that at the time of the Summahlundy the accounts of the entire Tahsildar's Dittums are produced, and that the engagements for Cultivation entered into with those Officers, undergo no subsequent Change whatever; but that at the settlement, whenever further information is obtained from the different Curnums which tends to show that Bunjer lands have been taken up for Cultivation during the period which may have intervened between the Tahsildar's Dittum and the Commencement of the Summahlundy such lands are entered as Summahlundy additions. If it be the intention of the Board that these also should be included in the Tahsildar's Dittum I would, with Respect, Remark, that inconvenience must arise as under the operation of that system, there will be no definite termination to the Dittums of the Tahsildars, whereby which frequent alterations in the accounts will be the inevitable Consequence. For these Reasons, I would beg to submit that, as affects these additions, the system now observed should not be modified.

To

Pro-para-38.

66. To the remarks by the Board that variations occur between Statements Nos 6 and 8 in regard to the gross increase and decrease in the settlement of the year, I beg to state that the variations arose from the circumstance of the details of the Dittums being omitted in the latter, whilst they were given in the former, as may be seen from the following explanation. The whole of the waste and other lands newly engaged for Cultivation and entered in the Dittums, were not included in the Summakhundy, owing to certain portions of them having been struck out of the accounts as hungur and for other reasons. The particulars of these deductions were detailed in statement No 6, and beneath them their aggregate amount was exhibited as two items, viz. the deductions "from the Patent lands of the last Fusly" and "those made from lands newly taken up during the Dittums of the Fusly reported on". of these two, the latter item of deduction was not included in statement No 8, as that statement shows throughout only those items which had been actually included in the Summakhundy. It is

under

Remove deductions made from Lands newly taken up during the Dittums of the present Fusly

Differences

under these circumstances that, on reference to the two Statements under notice, a variation of acres 503-28-5, liable to a teerwa of Rs. 1303-7-8, is found to have occurred for Fusly 1260. The statement No 8, as it at present stands, does not admit of the inclusion of the omitted item of deduction, and adverting to its intent, the introduction of new headings would also seem impracticable. If from the gross increase and decrease exhibited in Statement No 6, the above mentioned Acres 50-28-5 be deducted, as marginally shown, the Remainder will be found to Correspond respectively to the gross increase and decrease visible in Statement No 8, but as there were only the heads "Extent" and "Summakhundy" and not Fusly assessment in the latter account, no means were available for exhibiting a Comparison between the two Statements

Fort St. George 3rd March 1853.

Statements in regard of that head.—

Pro-para 8- Deceased Proprietors.

67 Referring to the Requisition of the Board for explanation why the names of some deceased proprietors of Estates still appear in the accounts, I beg to state that as it has not been usual for the Revenue authorities of this District to regard themselves at liberty to make any alteration of registry on the death of a Mootahdar, unless his or her heirs jointly apply for the change, or in the event of there being any joint proprietors, unless a joint Request be preferred by such proprietors and the legal Representatives of the deceased, the names of some deceased proprietors are still entered in Statement No 1. However, as the instructions Contained in the papers marginally noted, remove the objections previously believed to exist against the registry of Joint Mootahs in the names of the heirs of a deceased joint proprietor unless on an application from all the proprietors, no delay need in future occur in this matter.—

From Collr 6th Augt 1852.

Edumbunacolum
Peroomalanama-
-samoodrum—
Vadagayatoor

68 In regard of the Villages of Edumbunacolum, Peroomalanamasamoodrum, and Vadagayatoor in which, on the score of its undue severity a reduction of assessment is believed to be required, I shall endeavour to

T. R.

Fort St. George 3rd March 1853.

to prepare the necessary reports with as little delay as practicable, but, judging from the great detail and labor which it is most evident have attended the preparation of the reports laid before the Board in respect only of Edumbuncolum, I fear that the ordinary duties of this large District will leave me little or no leisure for so important a task, within a moderately brief period.—

Salem Collector's Cutcherry
Oobsoor ----------
24th December 1852 ----

(Signed) H. D. Phillips
Collector

Kistbundy.

For Fort St. George

Moottahs in the Zillah of Salem for Fusly 1261.

Salem, Collector's Cutcherry, Opoor, ---------- 24th December, 1852 ---

} C. E. Gr.

The proceedings of the Board of Revenue dated the 2d August 1852, which contained the authority of Government for making the permanent deduction from the Peishcash of the Yalagherry Mootah of Rupees 106-6-4. the Jodigy amount specified in Column 52 having been received subsequent to the adjustment of the accounts connected with the above Mootah, the Board's instructions have not been conformed to for this Fusly, but the amount has been credited in the Treasury to the permanent Beriz of the Mootah, the Jodigy having been deducted from it by the Mootahdar.—

The arrears of the past fusly having been greater than those of the present one has caused the decrease From the transfer to the District of Trichinopoly of the Mootah of Katoopootoor and the purchase on account of Government of the Mootah of Pennagarum.

This increase has arisen partly from the increased cultivation and partly from the transfer to Amany of the Mootah of Pennagarum.—

From the arrears against Mootahs having been greater in the present than in the preceding fusly.—

F The cause of this increase is attributable to the inclusion of certain other items under this head as per instructions of the Board of Revenue dated the 4th October 1852.

G Depends on circumstances.

H The recoveries under this head being less in this fusly than in the past one, has caused this decrease.

I From fewer Mootahs having come under attachment for a short period during the present Fusly.

J There being no recoveries made under this head during the present year.

Fort St. George 3d. March 1853.

To,

H. D. Phillips Esqre

Collector of Salem.

Sir,

I have the honour to state that in the village Caravundoor which is transferred to the Nannaut Talook from the District of Trichinopoly the 2d. crop of certain Nunjah lands assessed at Rupees 211-7-1. has become Shavy for want of water after the close of the Summa bundy Settlement of fusly 1261. On examining the accounts furnished by the Tahsildar, it is evident that the loss of the crop was unavoidable. In this village the assessment is fixed on the number of crops raised on lands, in accordance with the practice of the District from which it was transferred.+ In fusly 1253 Mr. Brett ordered the suspension of collection of Theerwah of certain Nunjah lands included in the settlement the crops of which failed. I think

+ Vide para 287 Mr. Brett's Report on the settlement of the sub Division for fusly 1253 dated 25th October 1844.

2837

Fort St. George 3d. March 1853.

As per Margin

| | | |

think it but due to this village to show a similar indulgence on the present occasion. Copy of the Tahsildar's account is herewith sent.—

Salem, Sub Collector's Office, 24th August, 1852.

/ Signed / W. E. Cochrane
Sub Collector.—

To

W. E. Cochrane Esqre
Sub Collector of Salem.—

Sir,

1 I have had the honor to receive your letter dated the 24th ultimo relative to certain Nunja lands in the village Oosravundoor which became "Shavee" after the close of the Settlement for fusly 1261, and for which you consider that an indulgence should be shown similar to that granted in fusly 1253.—

2 Adverting to the precedent on which you found the above mentioned opinion, it occurs to me that you have overlooked the proceedings of the Board of Revenue held in respect to certain remissions made in the village in question for fusly 1257.

In

16th June 1849 para 6.

3 In these proceedings the Board have inculcated a principle for observance, which, if applied to certain of the persons specified in the Mahratta Statement accompanying your letter under reply would, I think scarcely justify the view you have taken, but it would be premature in me to offer any decided opinion regarding the matter until I am aware that you have given the subject and the respective claims of the rejots concerned, the benefit of the further deliberation required, should the proceedings of the Board have been overlooked.

4 In a note at the bottom of the Mahratta Statement, I find that reference is made to the remissions given in fusly 1257, but not to the Board's approbation and comments which those remissions subsequently elicited.—

Salem, Collector's Office
Oosoor,
2d September, 1852.

/ Signed / H. D. Phillips.
Collector—

To

Fort St. George 3d March 1853.

To,

H. D. Phillips Esqre

Collector of Salem.

Sir,

1 I have the honor to reply to your letter of the 2d instant pointing out to me the proceedings of the Board of Revenue held in respect to certain remissions made in the village of Ooravundoor for fusly 1257, which you seem to think I have overlooked in considering that a similar indulgence is due to this village on account of failure of the 2d Crop of certain Punjah lands for want of water for fusly 1261.

14th June 1849 para 6.

2 The circumstance to which the Board allude is with reference to the indulgence shown to one single individual ryot, the amount of remission being only Rupees 1-1-2 and not, I consider, applicable to that of the whole village or to larger amounts.

14th June 1849 para 6

3 Before writing to you on the matter I not only referred to the former Sub Collector Mr Bretts report for fusly 1253, and to the proceedings of the Board recommending for the sanction of Government for the grant of such a remission, but also made a reference to the proceedings of the Board which you have quoted

Fort St. George 3d March 1853.

quoted, as well as the Jummabundy reports of my predecessors for the subsequent fusles and the Board's proceedings passed thereon, and formed my opinion upon them in regard to the grant of the remissions, which I proposed recommending for the consideration of higher authorities.

1258-59-60

4 In fusly 1258 Mr. Maltby remitted a sum of Rupees 101-6-8 on account of certain two crop lands of this village being cultivated with one crop and in explaining the reasons for the remissions, mentioned that the case of Ooravundoor was peculiar and seemed to him that it was not one to which the proceedings quoted by the Board applied. The Board in approving of the said remission remarked that the sum remitted for the failure of the second crop should be 1/3 of the full assessment of the land.

Vide Mr. M's report dated 19th October 1849 para 33.

Dº Dº para 34

15th June 1849 para 6

Vide para 6 of the Board's proc. dated 13th May 1850.

5 A similar remission was granted for fusly 1259 Mr. Conway in his report for that fusly explained with reference to the Board's remarks "that remissions on these lands "are not made on the principles as those on "other lands of the District but in accordance with

10th October 1850 para 26

the

"the practice of the District from which they
"have been transferred, which regulates the
"remissions not by a deduction of 1/3 of the con-
"solidated assessment, but according to the rates
"at which the 1st and 2d crops are respectively
"assessed." The Board do not appear to have
made any remark on the grant of this remission.

6 The Remission of Rupees 20.7.7
7/4+1/4 was granted also in fusly 1260 for en-
failure of the 2d crop of certain lands of
the village.—

7 On a reference to the records
above shown, connected with the remission granted
to this village, I do not think that the Board
would object to the proposed grant of remission,
and I trust you will on a further consider-
ation of the matter concur with me as to the
propriety of granting the same.—

Salem . . . . . .
Sub Collector's Office,
8th September, 1852.

/ Signed / W. E. Cochrane
Sub Collector.

To,

W. E. Cochrane Esqre
Sub Collector

Sir,

I have the honor to ma[illegible] the

+ Vide Pros. of the Board dated 7th April 1851.

* Mr. Conway's report dated 18th August 1851 Para 25.

the following observations relative to your letter
of date the 8th September last.—

+ 25th August 1852

2 . . . The first communication from
your Office on the subject of the letter now under
reply related to "the 2d Crop of certain Punjah lands
assessed at Rupees 211.7—1" which you stated
"has become shavy for want of water after the close of
"the Jummabundy Settlement of Fusly 1261."

3 . . . You added that by an ex-
examination of the accounts furnished by the Tahsildar, it
is evident "that the loss of the crop was unavoidable."—

4 You address having thus distinct
reference to the "Shavy", or loss of crops by drought of
the second crop, I suggested that you might have over-
looked the proceedings of the Board of Revenue
marginally noted, regarding a remission by the
Sub Collector in Fusly 1257 of a sum of Rupees 230-
4— "for loss of Crops by drought, in which, taking
as an example the case of a Ryot whose holding
the Board exhibited in detail, it was intimated
that "with due consideration of the circumstances
"of the season, the condition of the Ryot, and the small
"extent of land which did not yield a second
"or full crop, his claim for an abatement of rent
ought not to have been allowed." The Board added
that

14th June 1849 para 6.

Fort St. George 3d March 1853.-

that although the amount of remission was inconsiderable, yet that it was "deserving of Notice "as being opposed to the principles laid down by "Government and circulated by the Board on the "13th June 1831."-

C.O. Book page 114 Para 2.

5. Your present remark that the opinion of the Board, as above shown, is applicable only to a single ryot, and therefore cannot be rendered applicable to a "whole Village or to larger "amounts," is as I view the Board's proceedings clearly incorrect.-

6. The proceedings of the Board and the Settlement reports of the Sub Collectors of dates subsequent to the 11th June 1849 which you quote in your letter under observation, have reference throughout, to lands bearing a consolidated assessment for two wet crops, on which, however, only the first crop has been grown. These lands, you will find, have not had their first crop affected by drought, or the seed of their second crop sown and destroyed, as was the case with the lands entered in the Statement to which the Board's proceedings of June 1849 advert.-

The

Fort St. George 3d March 1853.-

7. The Statement of the holdings of individuals in the Village Coravundoor to whom you recommend the grant of indulgence for the "Shavy" of the second crop, shows, beyond doubt, that the error on which the Board commented in June 1849 will be repeated on the occasion under remark.-

8. If there had been a failure also of the first crop to which the denomination "Shavy" could be applied, the measure you desire to take would be justified. As matters stand you appear to me to have overlooked the fact of the first crop having produced a satisfactory yield.-

9 That you may be in a position at once to perceive to what extent the observations of the Board made in June 1849 apply to the cases of the ryots embraced in the statement above mentioned, I enter below in a brief form their names, the assessment of their holdings and the sum which you would respectively relieve them from, as "Shavy" remission for their second crop, and beg that if on a mature consideration of the orders in force and the Board's observations, you are of opinion that remission is called for, you will be so good as to grant it, not comprehensively, in a lump, according to the

Fort St. George 3d March 1853.

the alleged "Shavy" of each cultivator, but on a "moorasib" scale, suited to the present condition of the party seeking the indulgence and the necessity of not impairing his means of future cultivation.—

Fort St. George 3d March 1853.

10. Adverting to para 4 of your letter under reply, I would point out that in his explanation of the remission therein mentioned, which had been made in contravention of the principle inculcated by the Board in their instructions of the 14th June 1849: Mr. Maltby stated that the indulgence was for no Ordinary failure of cultivation but owing to repairs—

To

Fort St. George 3d March 1853.

to the channel having interfered with the supply of water, that the irrigation channel was then "in an efficient state" and that he trusted "no further remission on this head would be found necessary."

Salem Collector's Office,
Opsoor,
4th November, 1852.

(Signed) H. D. Phillips
Collector.

Fort St. George 3d March 1853.

No. 51

To,
H. D. Phillips Esqre
Collector of Salem.

Sir,

I have the honor to report upon the Settlement of the Land Revenue for Fusly 1262 of the four Taloks which form the Sub Division of this District.-

+ Kameub.
Paramutty.
Tuckengode.
Senkerrydroog.

2 The following accounts have been prepared in the usual forms.-

No. 1. Revenue from Estates.-
" 2. Statement of Government Lands.
" 3. Statement Comparative of the Revenue of the present and previous year.-
" 4. Detailed Statement of Cultivation with explanation of the causes of Increase and Decrease.-
" 5. Statement of waste lands included in the Settlement.-
" 6. Abstract Statement of lands held on Cowle.-
" 7. Statement of the Average price of Grain.-

Settlement. 3 The Ryots were assembled in

in the Namcul and Senkerrydroog Talooks at the Cusbah Stations. In the Trichengode Talook the Settlement was conducted at M.Donald's Choultry and at the Cusbahs and in Paramutty at Vaylooor on the banks of the river Cavery.-

Season.- 4 The Season of the present fusly was a little more favorable than the preceding one. Altho' in the Months of May and June the fall of rain was partial in some parts of the Division for the Dry and Dry Garden cultivation, yet it proved beneficial to Poonjah and the produce reaped has been reckoned to be 3/4 of the full crop. The supply of water to the Wells was inadequate and consequently a decrease occurred in the cultivation of Dry Gardens. The fall of rain from July to November was also somewhat insufficient for Nunjah cultivation. To the lands irrigated by the Cavary channels the supply of water was not deficient. It however was not the case with the lands of the

the Moganoor and Oravandoor Villages, which failed to yield a fair second crop, owing chiefly to the head of the Maganoor Channel being in an impaired state.-

Prices of Grain- 5. The subjoined Abstract shows the prices of Cumboo and Cholum which are the chief products of the Division and on which the working population mainly subsist, which in comparison with the prices of the previous year exhibits a very trifling decline.-

Names of the Grains.-	Rate of price at the time of the Survey.-	Average price of 10 years from 1248 to July 1258	July 1259	July 1260	July 1261	Comparison between Cols. 3 & 6. Decrease. Villages and Hamlets. 6 In the next table the number of Villages and Hamlets under Government and the Landed Proprietors are shown

2853

Fort St George. 3d March 1853.

shown; under the latter head there is a decrease of 5 Villages and 8 Hamlets, this has been occasioned by the transfer in this year of the Kattpoottoor Moottah to the Trichinopoly District under the orders conveyed in the Minutes of Consultation dated the 17th April 1851. Under the head of Annary or Government there is an increase of 2 Villages caused by the resumption by Circar of the two Indigy Agraharums Villages of Pan=dagannungalum and Davaroyu=samoodrum in the Talook of Paramutty under the Orders of Government dated 13th September 1851.-

Here

2857

Fort St. George 3d March 1853.

9- There is a net increase under the head of Dry land of Acres 342 in extent and Rupees 1,273-3-2 in assessment. The Dry Garden shows a decrease of Acres 207-6-1 in extent and Rupees 1,106-4-3 in assessment. This is owing to the scanty supply of water received in Wells in the season for Cultivation There is a slight increase under the heads of Wet and Wet Garden lands.-

Revenue-

11. The Land Revenue of the whole of the Division for the fusly under report, after deducting the charges for the Village Establishment, amounts to Rupees 589,507-6-2, add to which Extra Sources of Revenue Rupees 34,551-1-9 makes a total of Rupees 6,24,058-7-11 and on comparison with the past fusly. shows a net increase of Rupees 2,818-15-9 under the head of Amany and Extra Revenue and a decrease of Rupees 16,101-3-10 under that of Revenue from Estates below that of the preceding fusly. this decrease arises from the transfer of the Kattpoottoor Moottah to the Trichinopoly District as particularized in the subjoined Abstract.-

The

Landsown Cowle-

14. The following Abstract shows the land held on Cowle in the present fasly. exhibiting a decrease to that of the past one to the extent of Acres 190–34–8 or Rupees 392–3–10. In the present fasly lands amounting to acres 465–25–4 and assessed at Rupees 780–15–2 were granted under the provisions of the Cowlenamah free of teerwah for the 1st year. In the Village of Poolumputtu in the Talook of Sen kerry droog acres 31–36–14 of lands covered with Jungles assessed at Rupees 46–8–9 have been granted free of rent for 5 years under the authority of the Board of Revenue dated 19th June 1851.

Table

Fort St. George 3d March 1853.

Soo Kawaty or Remission to Bramins and Muselmen.

Under this head remissions were granted to the extent of Rupees 78–15–7 which on comparing with the previous year shows an increase of 2 Rupees.

Changes of Cultivation from one to two Crops and Vice Versa.

27. In the Village of Oravundoor added to Salem from Trichinopoly District, the two Crop land which was cultivated with a single crop in fusly 1260, on account of which the assessment on the 2nd Crop Rupees 20–7–9 was remitted has been in this year cultivated with two Crops, with the exception of a small portion, Viz.t 1 G. 2 a. 32–9 in extent bearing an assessment on the 2d Crop of Rupees 2–9–4 which has been remitted. Lands amounting to Acres 49–8–2 heretofore cultivated with two Crops have in this year been cultivated with only a single crop, owing from want of water in the channel, the assessment leviable on the 2nd Crop Rupees 223–1–10 has in consequence been remitted in accordance with the practice obtained in the District from which the Village was transferred,

and

Fort St. George 3d March 1853.

28. In the Village of Oravundoor certain lands hitherto cultivated with only a single crop, have in the present year been cultivated with two Crops and yielded a revenue of Rupees 29–4–1 on the 2d Crop.

Extra Revenues 29. From the Abstract noted below, it will be observed, that the revenue derived this year from Extra Sources amounts to Rupees 36,551–1–9 exhibiting a net increase of Rupees 4137–1–3 in comparison with the previous fusly. This increase is chiefly attributable to the higher offer received for the Abkarry farm & to the greater number of Looms engaged during the fusly.

2 The Special report called for by the Board of Revenue in Para 19 of their Proceedings dated 13th May 1850, and alluded to in their Review† of the settlement for the past year, relative to the declined state of the lapsed Mootah of Vadagherry Attoor in Paramuttay Talook

† Dated 13th September 1852 Para 35

Talook, was already forwarded to your Office on the 31st December last.—

Collections. 32. The Ryotwary demand for the year under report is Rupees 31,194—11—6, the Sum of Rupees 32,0143—15—2 was collected within the fusly leaving a balance of Rupees 21797—12—4, the sum of Rupees 8821—5—9 realized up to the end of August, reduced the balance at that period to Rs 12,976—6—7 of which Rupees 1470—14—6 is considered irrecoverable by the accounts furnished by the Talsildars.—

33. The Items of the above sum of Rupees 1470—14—6 are as follows. The sum of Rupees 717—1—1 is due upon the lands of the Village of Tirmulnamas a moodrum, the circumstances of which Village are explained in the 46th Para of Mr. Maltby's report dated 20th October 1849. In conformity with the instructions conveyed in Para 30 of the Proceedings of the Board of Revenue dated 13th September 1852, I shall take an early opportunity of making a special report upon the state of this village with a

views

view to obtain sanction for making a reduction of the overassessment fixed on the lands of the same.

34. The Sum of Rupees 753-13-5 stands against deserted, deceased and indigent Ryots, regarding which enquiry will be made during the ensuing Settlement.

35. The Sum of Rupees 11,505-8-1 is considered as recoverable, the particulars of which are as follows.

36. A Sum of Rupees 4201-15-8 is due by the five Lodegy Agraharum Villages named in the margin which have been attached. It is hoped that the agraharumdars will pay up the balance within the limited period of one year from the date of the attachment, but if they should fail to do so, I shall not hesitate in making a special report recommending the resumption of the Agraharums agreeably to the Orders of Government dated 13th September 1852.

A.

37. A large balance of Rupees 2,896-4- stands against the Ryots holding Nunjah lands under the Moganoor Channel, and Rupees 1389-7-11 is due by the Ryots of Aroor Village in the Namcal Talook, the former object payment under the plea of their having reaped a partial crop owing to the insufficient supply of water received in the Channel, and the latter do the same, representing that they did not raise a Nunjah Crop on their lands in consequence of no supply of water being received in their Tank. However the Tahsildar has been strictly enjoined to enforce payment with all possible rigor, but avoiding measures of unnecessary severity which will hinder the resources of future cultivation of the poorer class of Ryots. I intend visiting myself the localities to make enquiries into the circumstances of individual Ryots regarding which a separate report will be made.

made. I shall in the mean time take measures to attach the personal property and even the lands of those who refuse payment from mere contumacy and with fraudulent intent.

38. The sum of Rupees 211-7-1 is due by the Ryots of Cravundoor added from Trichinopoly District. The amount of Gross Settlement of the Village for Fusly 1261 is Rupees 2,829 5 9 as per particulars shown in the †Margin. Of the two Crop Punjah lands of the Village Acres 46 27 13 bearing an assessment on the 1st Crop of Rupees 325 1- were cultivated and the 1st Crop reaped, a second Crop (the Assessment on which is Rupees 211 7 1) was also raised on the lands but became entirely shavy. The Jummabundy of the Village was closed on the 3d April 1852 after which period this Shavy is said to have occurred. The Ryots presented a petition on the subject

subject on the 24th April last, upon which the local Officer was directed to make out a Statement showing the particulars of the Shavy, from which Account, I consider the petition of the Ryots to be true, and beg to forward herewith a translation of the same.

39. The lands of this Village are generally cultivated from the surplus water of the Moganoor Channel. During fusly 1261 the Cavery river having become deep near the head of the Channel, the course of the river turned to a contrary direction, and the usual quantity of water did not enter the mouth of it. The supply received in the Channel was considered to be but scanty for the Moganoor lands, and by this cause it is said that only a small quantity of surplus reached the Cravundoor lands, a distance of 15 Miles from the head of the Channel and consequently the Shavy of the 2d Crop to the above extent has occasioned. Under the same cause

cause some of the Ryots failed to cultivate their lands with a second crop assessed at Rupees 225–11–2 as shewn in Para 27 of this report.

40. In fusly 1253 a similar description of Shavy† appears to have occurred in the said Village after the close of the Settlement and Rupees 158–8–8 remitted on that account.

† Para 28 of Mr. Bretts report dated 5th Octr 1844

‡ Para 24 of the Boards Proceedings 28th Augt 1845.

41. The Board in their proceedings dated 14th June 1849, objected to the mode of remission made on the lands of this Village in fusly 1257, the late Sub Collector Mr. Maltby in giving explanations in reference to the remissions made in the said fusly and in the following one, stated that no further remissions on this head will be necessary as the Moganoor Channel was then in an efficient state but on the contrary remissions were made to the lands of the Village by himself and Mr. Conway in the succeeding years. Under the

Circumstances

circumstances above stated, I shall have to request the indulgence of the Board of Revenue for making a remission of the above said sum of Rupees 211–7 being the assessment on the 2d Crop of the 46–27–13 acres of land included in the settlement and on which the crops perished.

42. The Tahsildars have been directed to collect the balance outstanding against other Villages, and I hope that before the end of November next the Amount of balance will be reduced much.

Motorpha. 43. The revenue under this head amounts to Rupees 18111–9–.. of which Rupees 17784–4–7 were collected within the fusly leaving a balance of Rupees 327–4–5 The collections made up to the end of August Viz.t Rupees 144–4–11 reduced the balance to Rupees 182–15–6, of which Rupees 22–8–4 is considered irrecoverable, and the remainder recoverable.

Abkarry. 44. The revenue under this head amounted to Rupees 14221–..–.. and has been duly collected within the fusly.

The

Fort St. George 3d March 1853.

Sundry Small farms. 45. The Amount of Revenue under this head is Rupees 4,218 — 8 — 9, and the amount collected within the fusly was Rupees 2,290 — 12 — . leaving a balance of Rupees 1,927 — 12 — 9. The Amount realized up to the end of August Viz.t Rupees 611 — 4 — 9 reduced the balance to Rupees 1,316 — 8 — . of the balances in question Rupees 1,304 — 8 — . is due by the Tamarind Contractor in the Namcul Talook, it is usual to allow him to defer payment till the month of October. The remainder sum of Rupees 12 — — . which is due by the Ferry Renter in Senkerrydroog Talook will also be realized shortly.

Revenue from Estates. 46. The revenue from Estates amounts to Rupees 247,565 — 10 — 8 of which the amount credited on account of Motwpha is Rupees 3878 — — 5. The amount collected within the fusly is Rs. 235,510 — 2 — 5 Total Rupees 239,388 — 2 — 10, The balance which stood at the end of the fusly, is Rupees 8177 — 7 — 10. of which the amount realized up to the end of August was Rupees 4416 — 15 — 7.

Fort St. George 3d. March 1853.

a balance remaining of Rupees 3,760 — 8 — 8. Of this sum Rupees 1367 — 14 — 9 — is due on account of the Samood-rum Estate in Senkerrydroog Talook which is under sequestration and about to be sold. —

47. During the period I have been in this District, I have had every reason to be highly satisfied with the Conduct of my Sheristadar Rustna Row and it affords me much pleasure in adding my testimony to that of my predecessor as to his integrity ability and respectability.
