From the Actg Collector of North arcot ____

Sir,

Para 1.

With reference to an Extract from the Proceedings of the Board of Revenue dated 21st Ultimo. requesting me to submit with as little delay as possible, a report on the practical operation of Para II of the rules respecting the personal appearance of all female pensioners above the age of 50 years, which were circulated with the Boards letter of the 1st July 1850 and a numerical Statement of the female pensioners reported to

Reports on the practical operation of the rule requiring the personal appearance of all female Yeomiahdars above the age of 50 years, and submits a numerical Statement of the Yeomiahdars as required in Extract Proceedings dated 21st Ultimo.-

Fort St George 11th April 1853.

to be living at each age above that of fifty. I have the honor to submit the Statement required and to state that none of the female Feomeahdars in this District whose Feomials were stopped in consequence of their non compliance with the aforementioned rules have since appeared.-

2. Reports on this subject have been submitted from time to time to the Board.- The dates of the correspondence are given in the margin.-

To Board 8th December 1852
From Do 16th March - - 1851
To - - Do 17th January - 1852
From Do 22nd April - - -

3. I am of opinion that the rule in question offends the feelings of the Mohomedan population. I do not believe that any motive less powerful than a fear of personal degradation of some kind would have induced so large a number of entitled persons to abandon their livelihood for the long period of 3 years.-

4. The total number of female Feomeahdars above 50 years who were said to be still living at the date of the Board's Commissioner's letter of the 25th December 1851

Para 3.

was 120. The persons whose deaths have been since reported amounting to 35 are excluded from the present Statement. Some of the persons whose names are entered in it as living may have died either before or after the rule came into operation, but it is probable that a large Majority are still alives.-

No 1

Remarks of the Acting Collector of North Arcot on the proposed Cultivation and Settlement Rules which were circulated with the Board's letter dated 10th January 1850.—

Rules	Remarks.
Fields	
5 Where a field is large, Sub Division will be permitted if the separated portions will form convenient Holdings but not otherwise. In Cases of relinquishment a Razeenamah to that effect will be required without this document the party will not be relieved from liability for the rent.	Resp. It has been explained that the power of sub dividing is permitted in order that large fields may be broken up into convenient holdings for the convenience of cultivators and not to enable a single occupant to appropriate every case to be referred to the Collector should [illegible] that the power should not be [illegible]
7 A Separate number or Field is the Minimum extent allowed for a holding. If the Field is of such extent as may readily admit of	

of Sub Division or though small if the sepa-rated portions will form convenient holdings as Gardens for instance Sub Division may be made but the previous consent of the Collector is necessary in every case.-

6. Land when re-linquished shall be in proportions of what is usually termed good and bad land, so that the Field, or Fields given up may form an eligible holding for another occupant. But a deteriorated Field or Garden or a Field altogether unprofitable may be given up without restriction.

12. Transfer of land by sale Gift or Mort-gage shall be duly recorded in the Village Register - Transferees become responsible for the Assessment of the land thus conveyed.

13. Land transferred shall be in entire Fields and

and shall consist of
proportions of good and
bad according to the
Construction of those
terms in Para 6 above.

Assessment

20. Some irrigated lands are assessed with a consolidated rent without distinction of one and two crops. This rule prevails where the certainty of water will allow. In such cases the consolidated amount will be levied without reference to the number or nature of the crops raised.

24. Dry land commuted into wet by means of irrigation provided by Government will be

be liable to the assessment fixed for irrigated land of a similar quality in the same or neighbouring Villages.—

proportionately to the time for which it is said to have been used. In these cases the wet crop is assessed partly by means of a fourth rent and partly by means of Canal rates. No provision

25. The same rule applies to Garden land commuted into Wet under irrigation provided by Government.

is liable. An exception might be made to this rule when it can be proved

Remissions

33 Secondly.

For Wet Crops which have entirely perished from draught or inundation where losses are sustained from these causes such portion of the assessment will be deducted as may appear proper under the circumstances of the case with reference to the outturn of the whole cultivation belonging to the party claiming remission, and to the advantages arising

arising from the prices of the year. A crop will be considered to have perished if it does not come into ear.

No claims for remission on account of loss of crops will be admitted if it has not been verified by the Tahsildar or by one of his subordinates under special orders from him.

Thirdly Deduction for Fallow (Podoo Kaul) for a limited period according to the usage of each District will be allowed and the party will be at liberty to retain the land in his Patent for such period free of assessment.

Rules
No. 2

4421

Fort St. George 11th April 1853.-

No. 2.

Rules for the Annual Settlement of the Land Revenue with explanations shewing the present application of these rules to North Arcot.-

Rules.

Present practice in North Arcot.

1. Dittums on these principles have been made in North Arcot from Fusly 1255.-

2. This part of the rule is observed in this District as regards the Nunjah cultivation, but not so the Poonjah lands, as the revenue Servants, at the commencement of the Season for dry cultivation are fully occupied in collecting the revenue and preparing the various Summabundy accounts. The dittum abstract is forwarded by the Tahsildar once every 10 days.-

3. This is the rule in this District.

4. Occupants are permitted to relinquish any portion of a field at their own discretion.-

5. Sub divisions are permitted to an unlimited extent. Occupants who relinquish portions of a field are expected

Fort St. George 11th April 1853.-

expected to resign the same by Ra-
:yeenamah.-

6. The rule requiring good and bad land to be relinquished together is not observed in this District.

7. There is no rule prescrib-
:ing the Minimum extent of a holding in North Arcot.-

8. Joint occupants are allowed to divide a field as they please. Portions thus divided are entered separately in the respective Puttahs under the number of the field to which they belong. A sepa-
:rate number is not given to each portion.-

9. Remeasurement without the Consent of the Collector, is not prohibited, but it is not usual to remeasure unless there be some special cause for so doing.- Sub-division of fields are measured annually.-

10. Owing to the present im-
:perfect state of the Survey Accounts, it is impossible to ascertain in most Villages in this District whether the original boundaries have been preserved or not.-

This

Fort St. George 11th April 1853.-

11. This rule is observed in this District.-

12. The transfer of Puttahs is recorded in the Village accounts, and the transferrer is held responsible for the rent, no record is kept of Mortgages when unaccompanied by the transfer of the Puttah.-

13. This rule is not observed in this District Vide remark to Para 6.-

14. For land left uncultivated in consequence of the neglect or absence of the owner a temporary occupant is occasionally found but no rules prescrib-
:ing the period for which the original holder should retain his right to re-occupy has been strictly adhered to. Two years is the limit prescribed by Section 8 of the Culti-
:vation Hoobroommamah, dated the 8th December 1836. In Section 8 of the Board's instructions for making the Dittum dated 2d August 1849. it is provided that "the land cultivated by each Ryot within the last 5 years unless sub-
:sequently given up shall be taken as his Ryoot or usual holding" and these instructions

Fort St. George 11th April 1853.

instructions were sanctioned by the Board in Extract from Proceedings dated 30th August 1849.

15. Lands are so distinguished and assessed in this District.-

16. It was formerly the practice in this District when tanks or channels were made at the Ryots own expence to give a remission of one fourth from the full assessment in the one case and one fifth in the other; but this practice was discontinued after the receipt of the Government orders dated January 13th 1844.

Cultivation by means of private wells is liable to no extra assessment.-

17. The account here given of the principle on which the assessment has been generally fixed is applicable to North Arcot. Exceptions as to particular products are also found to exist in this District and in one Talook an additional Tax is levied on Punjah crops raised by means of the falling rain.-

18. Four rates of assessment for the 2d crop lands obtain in North Arcot Viz. 7/8 3/4 5/8 and 1/2 of that fixed for the 1 10/

Fort St. George 11th April 1853.-

1st crop. When one crop only is raised at whatever time this may be the 1st crop Teerwah is invariably charged.

19. The practice hereinmentioned is observed in this District.-

20. This rule is in force in the 5 Talooks South of the Palaur District.-

21. This rule is in force in this District.-

22. If an additional Poonjah crop is raised on dry lands by the falling rains alone no additional demand is made in this District with the exception of a few Villages transferred from Chingleput in which the practice of demanding half of the Original Teerwah for such additional crop, as observed in that District, is followed.-

23. Requires no remark.

24. This rule is in force in this District.-

25 The above rule applies only to the land designated "Kal Bagayet" in the Satghur Talook of this District where the Total Teerwah is comparatively light. in all the other Talooks the Total Teerwah is levied on Garden & land

Land, whether it be converted into Poonjah or Nunjah.—

26. When a second crop of whatever kind is raised on Dry land without extra water an extra Cess is levied in this District. When an additional Poonjah Crop is raised by this means on Poonjah lands, the Exctra rate fixed for the same is entered in the accounts as "Poonjah". When Nunjah or Totacal is raised it is entered as "Teeruah Jastee".—

27. This rule appears in the Cultivation Rool Roomnamah but it is not strictly enforced.—

28. In this District if a ryot raise only the 2d crop in two crop land the Teeruah of the 1st Crop only is levied, provided it be proved that the 1st crop was given up from failure of water or from other reasonable circumstances.—

29. This system is not observed in this District.

30. There is no pasture assessment in North Arcot.—

31. Not applicable to North Arcot.—

Applicable

32. Applicable to this District.

33. The entire assessment is remitted in such cases under the head "Dittum Bunjer" and "chucker Poldy". The rule obtains that remission should not be granted if land is left uncultivated in consequence of neglect, but it is difficult of strict enforcement in a District so highly assessed as North Arcot.—

Secondly. Remission is regulated by this principle, when crops perish from drought. When crops are entirely lost from inundation the whole assessment of the land is remitted. The Tahseldar or one of his subordinates is required to verify the fact.—

Thirdly. This liberty of leaving a portion land fallow for the benefit of the land is not recognized in this District.—

34 This rule obtains in North Arcot.—

35. Remission is allowed for garden land if the land is left waste for want of water.—

36. This is enforced as far as practicable in so highly assessed a District as North Arcot.— Proportionate

Fort St. George 11th April 1853.-

37. Proportionate Remission is allowed in this District when any portion in excess of 1/4th is left waste from sufficient cause..

40. Ditto.

41. No Extra Assessment for Lands irrigated by means of private wells.-

42 Lands waste for less than 3 years are not entitled to favorable terms. Land 3 years waste, and within 5 is charged with half Teerwah the 1st year, and full Teerwah the Succeeding year Land 6 years waste and under 10 with one fourth of the Teerwah the first year, one half the Second, three fourths the third and full Teerwah the fourth year Land 10 years waste is assessed with one eighth the first, one fourth the Second, one half the third, three fourths the fourth and full Teerwah the fifth year.-

B. No. 676.

From the Collector of Salem

Reports the arrangement made by him in regard to the disposal of a certain sum of money from the Treasury of Salem consequent on the indisposition of the Sub Assistant Collector.

Sirs,

Para 1. The Settlement of the Sub Division having been interrupted by the indisposition of the Sub Collector Mr. W. E. Cochrane, and the arrangement Shad contemplated for that of the Single Taloob under charge of the Head Assistant Collector, Mr. W. Hodgson, having undergone modification consequent on an intimation made to me demi-officially by the latter Officer, that he wished an extension for fifteen days, of the leave of absence recently granted to him, which, however, he seems to have required only to the extent of the three days obtained by direct communication with your Board-

2. I have the honor to report that I have been under the necessity of adopting in

in respect of the Treasury at Salem, from the 3d. instant, the measure directed in the late orders of the Government and your Board, that is, I have placed the sum of Rupees 55,000 in charge of the Treasurer to meet the probable expenditure of the next twenty days.-

3. This measure would have been unnecessary had the Head Assistant Collector not been promoted to the Bench of the Subordinate Court at the time when the Assistant Collector Mr. Innes, was settling the Talook of Attoor of which he has had revenue charge for some months past, and I cannot with justice to the interests of the people of the Sub Division, and those of the Government, now request Mr. Innes to accept the Treasury in charge, because, I find it advisable at once to avail myself of his services for bringing such part of the Sub Division Jummabundy to a close as can be done within the period of the District being supplied with a new Sub Collector.

4. I should add that the steps taken for the prosecution of the settlement of my own Division, rendered it inexpedient I should myself take charge of the Treasury and

and that I believe that under the intention of the Government in this respect, I should not just now have been justified in transferring it to Mr. Dalyell, Assistant Collector who joined the District only a few days ago.-

Proceedings 7th April 1853.

Sir,

1. In reply to your Board's order requiring me to explain the consideration which induced my recommendation of the sale of certain lands and to report particulars as to the cause of the arrears; I have the honor to state that the defaulting owner of the lands referred to had wholly appropriated the produce of the holdings to his own use, or had otherwise disposed of it; added to which, he was found to have concealed his personal Estate in such wise as it appeared to avoid payment of the revenue liability attaching to him.

2. The lands being deemed to be saleable, I have thought it advisable that

that under the above circumstances the contumacy of the owner of the lands should be met in the only manner likely to realize the just dues of the State and have recommended accordingly.

Sir

From the Collector of Madura ... }

Stating the circumstances under which the Village of Tavanyel in the Tmanmaly Talook is shewn by a Deed to have been granted before the Permanent Settlement to one Chinnanen Shenagaw and requesting the instructions of the Court of Wards in the undermentioned suggestions.

I have the honor to request the instructions of the Court of Wards in the following case.

2. The Village of Tavanyel in the Tmanmaly Talook of Shevagungah is shewn by a Deed to have been granted by Tongum Pera Oodia Tamen who was the husband of Rolundo Rachaw the Minor who held the Zemindary and Mundao Shenagaw as a Minister before the Permanent Settlement to one Chinnanen Shenagaw in the year Fengalah for support of a Mullum Agrahaaram Sami Water Pundal and Nandanam of Garden constructed by him in Village of Vaillaumpully.

3. Notwithstanding this Gift the Village is entered in the Jelumaw Accounts which the Court will remember were obtained from the Zemindar in July 1826 as Appendix

Sir

Fort St. George 11th April 1853

4. In the Account of Manaamy prepared in July 1813 it is entered as Madapooram or belonging to a Mutt.

5. And under the same Head in the account of Manaamy forwarded to the Board of Revenue on the 3rd January 1815.

6. Also in the Account submitted to the Board of Revenue on the 17th February 1838 it was termed an Endowment of the Mutt in the Village of Vaillaumpully.

7. This Village of Tavanyel appears from Documents the authenticity of which there is no reason to doubt to have been obtained by the Pundarum of the Pramullay Denota-rum as follows.-

1/4th By purchase from Streenevas Iyengar and his son in Vegoodaniah 1818-19.

1/4th by Do. from Mayandy Shenagaw son of Munny Shenagaw in Vejiah 1833-34.

1/8th by Do. from Vyapoory Tarway son of Munny Tarway in Doommookey 1836-37.

1/4th by Do. for Do. in Yavelumbee 1837-38.

1/8th is said to have been procured on Mortgage but the Deeds have not been produced in my Office.

Thos

Fort St. George 11th April 1853

for ⅔ of the Village

8 These Deeds describe the Village as belonging ¼th to the Mudum ¼ to Brahmins who had obtained it in Gift from the Grantee or his heirs and ½ as the property of the Aetlans. The Nunny Shenaygar mentioned in them I believe to be the same with Chinnanen Shenaygar the Original Grantee.

9. In 1838 the Pundarum procured regidry of 11/16 of the Village in his name from Mr Blackburne then in charge of the Zemindary and he continued to hold the Village without interruption till 1847 when the late Zemindar sequestered it on the ground that the Charities for which it was granted were not maintained and that Charitable Endowments could not be alienated.

10. Since the Zemindary has come under the Court of Wards the Pundarum has petitioned for restoration asserting that the only was an Endowment of the Water Channel and the remainder the personal property of the persons who made the Gift to him.

11. This allegation is supported by the

Fort St. George 11th April 1853.

the Deeds of Sale professed by the Pundarum and long professions, but is contradicted by the Deed of Gift in Singalah 1797-98 and the Entries in the Public Accounts. If to the Deed of Gift it be objected that it appears from the entry in the Istimrar Accounts that it has been resumed & must therefore have been regranted, still the evidence of the Public Registers remain to shew that the terms of the regrant, if any, were the same as that of the Original one.

12. The Documents appear to me to prove that the whole Village was an Endowment but that at an early period the family of the Grantee used the greater portion as their own property without opposition.

13. The question is whether the Endowment could legally be alienated and if not whether on Account of alienation and failure in appropriation to the object of the Grant the Zemindar could sequestrate.

14. The first question, I think may be answered in the negative on the

Fort St. George 11th April 1853.

the strength of Regulation VIII of 1817 and the 2d on the affirmative because the Court of Sudr Adalut have declared Devastanams & Choultrums to be an appendage of the Zemindary.

15 A further question then arises whether the Zemindar could appropriate the income to his own purposes, as he did. In favor of such a right it may be alleged that the Village formed part of the assets on which the permanent Settlements was fixed, and I think that such was the case, though the authority of the Jedimuram account furnished by the Zemindar in Fasly 1258 has been questioned. But after so long alienation and in the face of the Deed of Pungalah I think the ground insufficient, and that the Charity should be maintained. On consideration too of the long profession & bona fide purchase on the part of the Zemindar I would suggest that the Village may be restored to him if he will give a written agreement to expend the entire Income in the manner originally intended

Fort St. George 11th April 1853.

intended

16 At Vettaramputty there are 2 Mutturms in good order at which a Chetty at present supports a Water Pandal. As the Village however is no longer on a high road, the Shevagungah Manager proposes to have a fresh one built at Pooducottah on the important Road No. 13, only one Mile distant, from the Accumulated Funds; and approving of the suggestion I would recommend that it should be made Condition of the restoration.

17. The Village bears a Pooroopoo or Quit Rent to the Zemindary of Rs. 122 — a. 14 — p. —

The following is an Account of the accumulated Income after deduction of Quit Rent.—

The Board of Revenue are not prepared to authorize the restoration of the Village of Tanavayal to the Pundaram of the Cranmullay Dandatanum. The Village is shewn to have been included in the assets upon which the permanent Peishcush was fixed - it should therefore remain under Sumany during the minority of the Zemindar, leaving it to him to restore it if he think proper, after he has assumed the management of his property —

From the Collector of Canara

Forwards 4 Tabular Statements shewing additions proposed in the Establishment of servants consequent on the abolition of the Tobacco Monopoly and another shewing the arrangements which are considered necessary for the discharge of servants of Tobacco after the 1st of February next.

Para 1. I have the honor to lay before the Board the accompanying Statements exhibiting the Strength of the Tobacco Establishment of this District and the arrangements which I consider necessary for the discharge of the service of Government on the discontinuance of the Monopoly.

2. The Board are fully aware that the Establishments of this District are on a scale in many instances very disproportionate to the duties required from them and many cases the work of one department has been carried on by the assistance derived from servants receiving salaries in another. By the tobacco establishment much duty has been performed on the Police Revenue Sall and Cowl departments —

On

3. On closing the Monopoly there: fore I have finally to report to the Board the arrangements which I consider indispens: able for carrying on the Service of Government by Strengthening the other departments and recomd to lay before them a list of the Servants to be discharged with such recommendation in their behalf as the circumstances of the case appear to call for.--

4. Since I had reason to anticipate the abolition of the Monopoly I have employed many of the older servants into other departments and I have now endeavoured to retain the exp: penditure to the lowest scale that I think might could be consistent with the efficiency of the est: blishments of the district.

5. The Table A gives the names of all the servants of the Tobacco Department with their length of service. It will be seen that they amount to 213 in number and that many of them are of very long service.

6 I have entered for brevity of reference in the Table those whose services cannot be dispensed with. The rest into those

I Sall

those who have been provided for on other establishments and in black ink those who will be discharged at the close of the present Month This does not include many transferred before the Monopoly was abolished..

7. I have in separate Tabular Statements shewn the augmentations which I consider necessary under the several heads of Salt Coin, Revenue and Police..

8. The Tobacco Darogah Runga Row has had charge of the Salt and Coin De: partments of Mangalore as well as the To bacco. His duties will still be extensive and highly responsible. He has to receive the Salt both for the Stores of Mangalore and Bantwal and to superintend the despatch of that for Bantwal and the sale of that re: quired at Mangalore. He has also the duties of Managing the Revenue of the Amendevi islands the receipt of the Coir the charge of it the payment of the commutation price and eventually the shipment of it for Bengal or its sale by auction. The property passing through his hands is not less than Rupees 2,34,000 per Annum. The Board will I am sure consider that the

the pay of Rupees 40 a Month is not more than adequate remuneration for these services.

9. A Duffadar of the Tobacco Establishment has been employed in the Salt department at Bantwal and his services are indispensable.

10. At the Melekhuran Tannah Behut Jaboke, the duties of Shanbogue have been performed by a servant of the Tobacco department and I am therefore obliged to recommend that he may be transferred to that of Salt.

II Coir

11 The Aukola Tannah is entirely dependent upon the Tobacco Amanie, and I have to request that they may continue to be available by their transfer to the head of Salt.

12. The whole of the duties connected with the Coir department have been performed by the Tobacco and Salt servants a small Establishment is now indispensable for receiving and weighing the Coir for guarding the Godowns during the Coir and Shipping it.

	Rs
1 Goomastah	10-0-0
1 Weigher	7-0-0
1 Hark	6-0-0
6 Peons	27-0-0
9	Rs 50-0-0

13. I have therefore recommended the Transfer to this head of the servants noted in the Margin.

14 The Salt and Coir Establishments of Mangalore combined will then stand as follows.

Salt Department.

	Per Month Rs a P
1 Darogah	40-0-0
1 Goomastah	14-0-0
1 Shanbogue	8-0-0
1 Shroff	7-0-0
1 Duffadar	7-8-0
2 Measurers	12-0-0
9 Peons and Holkars	43-0-0
1 Sweeper	3-8-0
17	135-0-0

Coir Department.

1 Goomastah	10-0-0
1 Weigher	7-0-0
1 Hark	6-0-0
6 Peons	27-0-0
9	50-0-0
26.	Rupees 185-0-0

15. I believe that reduction has been carried as far as possible. The Store houses to be guarded are extensive and detached, and the mark of receiving the Salt for Bantwal is very laborious and responsible.

Under

III. Revenue

16. Under the head of Revenue I have placed those Servants who while borne on the Tobacco Establishment have carried on Revenue duties and whose services are absolutely necessary Indeed I do not know how business can go on without this arrangement.

1 Writer
2 Coommolahs
3

17. Three of these are employed in the Huzoor. It may at first seem extraordinary that when an exclusive department of Account is discontinued I have not been able to state that the services of the servants borne on that department are indispensable but this will require little explanation to those familiar with the expedients by which the Offices of the provinces keep pace with the increased and increasing business. In this Office Servants who receive pay for 5 Months as Hungamy are appointed on the understanding that they really give their services through the whole year or rather I should say that out of a large number of Commolahs who remain for the whole year a few become remunerative by being named as Hungamy for 5 Months.

18. Seven of these the Board find

these servants cannot be spared from the Office.

19. With regard to the remaining Servants in the Talooks, the notes appended will I believe explain the necessity for these services.

IV. Police.

20. Precisely the same remarks apply to the department of Police.

21. The entry under this head chiefly calling for explanation is the proposed transfer of a Duffadar and 4 Peons to the Police Department in the Talook of Cumbapoor. The reason is that in fact a great deal of the Police Management of the Talook has been carried on through the Tobacco Peons appointed to prevent the smuggling of Tobacco on the frontier and it is now necessary that a Police Tannah should be established on the line of road by the Aosangady Ghaut. In the Margin is shewn the Population of the Cumbapoor Talook and the Police Establishment as it will stand after this augmentation. There is a large and increasing trade through this Talook the Country is jungly and it borders on a part of Mysore where robberies are frequent.

21. Should this arrangement meet the Sanction of Government out of 213 Servants after deducting eleven already provided for and to be transferred as above there remains 152 whose services are to be dispensed with. Of these 18 are under one years service and 134 of several varying from one to 42 years.

22. For these servants who now lose their means of subsistence I have to solicit the consideration of Government.

23. By the rules published in the Fort St. George Gazette they are entitled to one Months pay for each year of service upto 6 Months Beyond this no gratuity is provided except in the case of servants discharged on night for

+ Para 1. III. 22d December 1835 republished 15th May 1851.

Fort St. George 11th April 1853.

for further work - This rule does not here apply - But in the present instance - where servants of very long standing have suddenly lost their means of subsistence without fault on their part, and in numbers which render their chance of re-employment very doubtful, I trust that the Government will see fit to sanction some further gratuity. I beg to suggest that to each servant of more than 6 years an additional Months salary be allowed for every two years of service upto 20 years -

24 - The amount of gratuity upon this scale would be Rs 10866 from which a deduction being made of 4881 payable to servants otherwise employed, the balance is Rupees 5985 - This sum I trust I may be allowed to debit to the Government in closing the accounts of the Monopoly -

25 - The servants of the Monopoly will be discharged from the close of the present Month, except those whom I have requested permission to retain for the service of others departments, whom it is necessary that I should continue to employ till further orders -

26 - I would beg the early instructions of the Board on this subject -

III Revenue

Fort St. George 11th April 1853

16. Under the head of Revenue I have placed those Servants who were borne on the Tobacco Establishment have carried on Revenue duties and whose services are absolutely necessary. Indeed I do not know how business can go on without this arrangement.

No. 6.

From W. H. Bayley Esqre

Bd. No. 318.

From the Collector of Canara

Sir,

Paral. I have the honor to forward the Statement of Salt wastage for 1251 Fusly.

Forwards the Statement of Salt wastage for Fusly 1251 and a Tabular Statement for additions recommended in the Establishment of two Salt Tannahs in the ambola Salt Sk.

2. I have during the past year endeavoured to ascertain as correctly as I could the allowance proper to be made for wastage, but I find that I cannot adjust it more accurately, than has been already done and generally speaking, the per centage allowed has proved nearly correct.

3. There is however one exception of a very marked nature in the Ruggunbyle Tannah where the per centage of loss is extremely high. Strict enquiry has been instituted on this subject by the acting additional Sub Collector, but without any decisive result. The accounts are not to be depended disturbed by the changes of Moonshee for which it was difficult to ensure accurate

allowance. It is difficult to compare the accounts with those of previous years because the practice before permitted of heaping the measure in receiving the Salt has been strictly prohibited and the prohibition has been enforced and some new Gotays are said to be extremely damp. But after making due allowance for all this I am satisfied that much of the loss must have arisen from want of efficient control and I have been obliged to remove the Daroga to another situation placing the most active Servant I can find at Ruggunbyle.

4. I am now desirous of calling the attention of the Board to the duties which devolve upon the Mootuddy whose pay is only 21 Rupees. He has to receive from the manufacturers 1,500 Garces of Salt, and to deliver from the Gottays the Stock of the previous year — So that property of the value of 3,00,000 of Rupees is under his charge and received or distributed by him in the course of the year,

The

The value of the Salt now to be written off as wastage is at the selling is price Rupees 72,091—15.

5. I cannot I think take a more favorable opportunity of laying before the Board my urgent request that the Establishments at this depot and that of Categul may be placed on a proper footing. I beg to remind the Board that lately the production of Salt, at Ruggunbyle was increased by 500 Garce while no corresponding increase was made in the Establishment and in fact the Establishments both there, and at Categul remains as they were fixed when the Salt

Salt trade was on a very different scale from that which it has now reached.—

6. Thus at Categul / late Cofinputtam / the Establishment is one Monegar on 8 Rupees, a Shanboque on 6, and a Shroff on 5, with 2 Measures and 3 Rolkars. The price of the Salt sold in 1850/51. was 77,800 Rupees. To carry on the work it has been necessary to employ a person borne on the Establishment of the frontier Customs on a Salary of Rupees 20 a Month, but the increasing imports from Goa render it necessary that he should be employed on his proper duties.—

7. When the depot was formed and the Establishment fixed at its present scale, the sales / on the average of the first five years / amounted to only 259 Garce, instead of 649 to the above value of Rupees 77,800.—

8. The Government have lately been pleased to devide the Buntwal Cotay into two and to give me an increased Establishment to the great benifit of the trade, and I feel sure that it will appear that the augmentation which I solicit for those of the North of the district is absolutely necessary.—

9. I beg to annex a Statement in the required form.—

Grounds of proposition

The additions proposed in the Establishment of this Town are necessary to render the department in any degree equal to the responsibility devolving upon it; this is the principal manufacturing place in the District, and the produce extends to 1500 Parcels. The Constable has to receive about that quantity from the Penmanufacturers and to deliver on from the Lottages the Stock of the previous year, so that property of the Colony Rupees 300000 is under his charge. It is therefore recommended that his pay be raised to 40 Rd and that the additions proposed be made to the pay of the other servants under him an addition of 500 Parcels all the prices of which is 69000 Rd was lately made to the production without any increase to the Establishment.—

The Establishment at this Town which originally consisted of 5 persons was organized in 1837 and the sales of salt for the first 5 years averaged to 259 parcels annually at the present selling prices to Rd 31080. The sales in 12 bolsa-beer at high as 649 Parcels or 77,200 Rd being Rd 46120 above that average. This remarkable increase of business rendered it necessary to employ a servant of some importance at the place and Atkins was chosen by reason of his long service to the Land Customs department. The increasing importance of Stiffy Creek Salt now requires his presence at his proper duties. The other additions proposed the office of a Dewtaddy on a salary of 30 Rd and the other additions in the number & pay of the under servants are absolutely necessary to render the department equal to the duties & responsibility devolving upon them.—

in the Talook but the Establishment of Sancoutta or Nugarby la distributed to other parts of the District (see letter accompanying) the only accidental and temporary.—

Grounds of proposition.

The additions proposed in the Establishment of this Tannah are necessary to render the department in any degree equal to the responsible duty devolving upon it, this is the principal Manufacturing place in the District, and the produce extends to 1500 Garces. The Gomasty has to receive about from the Kottays the Stock of the previous year, so that property of the Value of Rupees 300000 is under his charge. It is therefore recommended that his pay be raised to 40 Rs and that the additions proposed be made to the pay of the other Servants under him an addition of 300 Garces of Salt the price of which is 60000 Rs was lately made to the production without any increase to the Establishment.—

The Establishment at this Tannah Originally consisted of 5 Peons was organized in 1837 and the sales of Salt for the first 5 years amounted to 229 Garces on Land at the present selling prices to Rs 31088. The sales in 12 following years as high as 649 Garces or 77,200 Rs being Rs 46720 above that average. This remarkable increase of business rendered it necessary to employ a servant of some importance at the place and this was done by removing to one on 200 Rs belonging to the Land Customs department. The increasing imports from your District now requires his presence at this proper duties. I am therefore proposed the Office of a Daroga and you a salary of 30 Rs and the other additions in the number & pay of the under servants are absolutely necessary to render the department equal to the duties & responsibility devolving upon them.—

To

Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to forward for the information of the Board of Revenue - Copy of a Letter from the Joint Magistrate in charge of the Badagherie requesting the appointment of a Cutwal on Rupees 17-8-0 per Mensem and 6 Peons on 5 Rupees each for the Town of Chicacole -

2 Mr Hall points out the great increase that has taken place in the Town of Chicacole, which now comprises a population of more than 4,000 besides the Camp followers of the Military Detachment. This increase in the Town is hardly commensurate with the great increase in the floating population which accompanies the trade which now passes through the Town this

Board's Letter Nº 317 dated 30th March 1853 with the Enclosures -

Subject
Petition of Inhabitants of Chicacole requesting the Establishment of a Cutwal

3. The increase of population and trade is not confined to Chicacole, but is common to the whole Taluk where several new roads have been opened out, and where extended cultivation gives increased occupation to the Tahsildar and all the peons at his disposal, so that while the increase of the Cusbah calls for more of the time & attention of the Tahsildar and his Police, the Tahsildar's increasing duties in every direction render him less able to attend to the Police of the Town -

4. I therefore beg very strongly to recommend Mr Hall's request to the favorable consideration of the Board, as I consider the increase absolutely necessary

loss of those, who, though borne on the Tobacco
Subsidy, have performed Police duties. I cannot
say whether it will be convenient to the
Board that the whole augmentations now
required should be entered in one Table or whether
it will be better that the two subjects should
be kept distinct. I therefore beg to annex a
table comprising the whole augmentations
solicited at the same time that I send the sepa=

I find that on the occasion
of establishing a Cutwah with peons at

passed through the channels of the Courts but
in the present instance, while I am propos=

the loss of the Tobacco Servants, I have thought
it better to combine with it the present
recommendations, so that the whole may
go to Bengal at once; but should the Board
think otherwise, the papers can be separated

To

Magistrate of Cuddapah.

Sir,

I have the honor to bring to your notice the inadequacy of the present Police arrangements for the Town of Sriyp and to suggest that an Cadastre should be appointed with an suitable Establishment and be invested with the powers specified in Sections X. XI and XXIII — Regulation X of 1816.

2 In 1851, when the Census was taken the Town contained a population exclusive of the detachment of the Company of Sepoys and their camp followers amounting to four thousand four hundred and eleven souls and at the present time there are four hundred and twenty four substantial buildings and eight hundred and eighty dwellings of the poorer description in it. Its limits have for some years past been gradually extending by the erection of Suburban houses and the work of enlargement seems likely to go on while the population

population is also rapidly increasing. —

Besides this the traffic

3 which passes through the Town and the trades carried on in it causes a constant influx of strangers during the fair season, who are continually requiring Police aid. —

At present the Tahsildar

4 is charged with the Police duties, being appointed by the Talook Sheristadar under the provisions of Section XI Regulation XI of 1816. —

This arrangement is

5 by no means sufficient under present circumstances, to ensure due attention being paid to the numerous Minor cases which daily occur, or to secure prompt steps in preliminary enquiries or that vigilant supervision which a Town Police ought to have —

The Tahsildar is

6 necessarily often absent in the Talook and even when present he has not time

Fort St. George 11th April 1853.

I think the pay of the Cutwalls should be 17½ Rupees a month and that he should have the aid of six extra Peons on 5 Rupees a Month each—

time to give his personal attention to the petty matters so continually referred to him. The consequence is that many matters are carelessly disposed of or else altogether neglected, or he takes them out of the proper routine for the commissioner is left by there being no Police Officer ready, whose sole duty it is to take immediate steps to search for stolen goods or be do promptly what is necessary to secure the ends of justice.

The Petals of the Farmers soldiers or watchmen to take from him Police duties expecting when called upon by the Head of Police.

6. I consider it therefore highly expedient that no case effecting Police arrangements should be made and trust that you will see reasons to give my proposition a favorable consideration, and submit it to higher authority with your recommendation.

Ordered that the foregoing

Letter be submitted with the following minute of—

Mr Hd.

To The Chief Secretary to

Government—

65-71

Sir,

To the Chief Secretary to Government.

Submitting with the Board's observations letters from the Collector of Cumamundalay soliciting sanction to the proposal to abolish the establishment of the district consequent on the abolition of the Tobacco Monopoly and other concerns recommending that a gratuity of [illegible] be granted to the Tobacco Establishment who have been rendered unnecessary by the removal of Monopoly—

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council

From Coll. Cumb. 11th April 1853

Enclo. 24th January in Cons. 11th April 1853

From Coll. 24th Jany. in Cons. 11th April 1853.—

the letters from the Collector of Cumamundalay on the subject of additional

Margin on the subject of additional

required to the present Establishments of that District consequent on the abolition of the Tobacco Monopoly and for some other causes explained in the two last of the letters here quoted.

2. This is partly owing to the fact that many of the Servants in the Tobacco department who appearing in the Triangulation as belonging exclusively to that branch of Revenue have been obliged in addition to their own duties to assist in those of other branches of Revenue such as the Salt and Cus which also remain and partly to the very great increase of business in almost every department of the Public Service which

Fort St. George 11th April 1853.

which has gradually taken places without any adequate provision to meet it. This has been more or less the case in every district but is especially remarkable in Canara which, has made such rapid progress in Population, Wealth and Revenue. The Population has all but doubled since the Establishments were first fixed and this circumstance alone would be sufficient to account for the great increase of business which has taken place, and the difficulty experienced in meeting it without a corresponding increase in the number of those by whom it has to be performed.—

3. The necessity has hence arisen for resorting to such expedients as are referred to by the Collector for meeting the inconvenience without applying for an increase of expenditure and for adopting the plan of not confining each servant to the special duties of his own office but where it appeared that they had temporary leisure, or their services could by any other arrangement be spared in their own department to make them render assistance where it was most required. The separate departments have thus been more or less blended together, so far as the conduct of the public business is concerned, and hence it is that an entire reduction of one Department like that which has now taken place in the Tobacco creates no difficulty

Fort St. George 11th April 1853.

difficulty in carrying on the business of offices, which would not be experienced if each department were kept up in a state of efficiency adequate to its immediate requirements. This measure was much felt when the whole of the larger Establishments were reduced and now that another large Department is also about to be done away with the Board are fully understood and appreciate the embarrassment which the sudden withdrawal of upwards of 200 Servants will occasion to the Collector and Magistrate in carrying on the general duties of his District, and do not observation that he does not know how business can go on without the retention of those he points out.

6. The Board would add that the inadequacy of the present Establishments to meet the greatly increased duties to be performed was much dwelt upon in the late Collectors Report dated 22nd September 1848, and in supporting Mr Maltby's application for an increase of aid to meet the reduction now to take place, they would wish to see recognized the necessity for occasional revisions of Establishments in an embarrassed district like Canara where so many of the Elements which combine to increase

Fort St. George 11th April 1853.

Public business are at work.-

17th January in Cons. 11th April 1853

5. The necessity for retaining the Servants enumerated in the Tabular Statement No 1. appears to the Board to be sufficiently demonstrated in the Column of remarks and by the circumstance pointed out in Paras 8 and 12 of his letter, the person who stands appointed as Tobacco Darogah would still have property in Salt and Coir amounting to Rupees 2,34,000 to superintend, a sum larger than the Revenue of most Talooks. At the Salt Tannahs of Neeleshwah and Ankola the duties have hitherto been performed by Servants borne on the Tobacco Establishment and now that these are to be reduced the necessity for replacing them appears equally unavoidable. Mr Maltby adds on this subject that "reduction has been carried as far as possible and that the Storehouses (for Salt and Coir) are extensive and detached and the work of receiving the Salt from Bombay very laborious and responsible as is that of Receiving, Sorting, and retaining in proper preservation the Stock of Coir for which it is necessary now to provide a small separate Establishment, The Board observe that" the "Establishments maintained on the Islands" to which reference is made in the Tabular Statement.

Para 6

Ind. Cons. 18th August 1848 Finance Dept.

Establishment No 2 is incorrectly included in the Cost Department. It is not specially retained for that purpose, but comprises the whole of the Establishment borne on the Establishment for Peons and every other purpose.

6. In the tabular Establishment No 3 the Collector has enumerated the servants whom he proposes to retain or re-employ in the Revenue Department. They are 214 in number, being employed over different parts of the district, and are all required to muster up for the assistance and perform the duties hitherto executed by those in the Tobacco Department. The special reasons given specify each name, and the general remarks in the Collector's letter satisfy the Board that their services are essentially necessary.

Paras 5. 6. 10

7. Similar observations are applicable to the increase of 10 persons in the Public Department at a charge of 56 Rupees per mensem. 8 of these are petty Police Peons on Rupees 7 Rupees a Month required on the several talooks enumerated to perform the Headman's duties

duties of Copying Police Records &c. for which the provision has hitherto been very inadequate and which have been hitherto executed by the aid of servants in the Tobacco Department; the small increase of 1 Duffadar and 4 Peons in the Cundapoor talook is required to replace the same number of peons employed for the prevention of Tobacco smuggling, but who equally served as guards on the frontier and Ghauts leading into Mysore.

8. The above are the changes which the Collector has found it necessary to request with direct reference to the abolition of the Tobacco Establishment. The Board will now proceed to notice the additions in the Salt Department requested by him in his two letters dated 24th January 1853.-

No 3647

9. The subject of salt wastage referred to in the first part of his letter No 6 will be disposed of together with the reports of the other Districts when these are brought under Consideration. At present the Board's observations will be confined to the increase required by him in the Establishments of the two Salt Tannahs at Nagerkyle and Kuttigul, in the former to the extent of Rupees 111 per mensem and in the latter of

of Rupees 82-8 — making a total Increase of Rupees 193-8 — Nagercoyle is the principal place for the Manufacture of Salt in the Canara district, and the quantity produced has lately been increased by 500 Garce — or 1,000 Maunds Lagre. The total Manufacture amounts to 1,500 Garce or 3,000 Maunds which with the Stock of the preceding year is valued by the Collector at Rupees 30,000. The Establishment at present attached to the Receipt, Custody, and distribution of this large amount of property amounts to Rupees 800 per Annum which Mr Maltby considers unfit for the Duties in the Board's opinion, as quite inadequate to the Labour and responsibility attending on them, and he is satisfied that most of the Evils he alledges must have arisen from the want of efficient control. He therefore proposes to make an increase of Rupees 111-8 to the Nagercoyle Establishment which will raise it to Rupees 219 per Annum or 1-2 per Cent on the value of the Salt. At the Farmaut Lannah it will be observed that the sales of Salt have increased from 39 to 84 Garces or little short of 3 fold. The Salaries amount to Rupees 77,800 for Conducting and taking charge of which the highest amount allotted

to the Tannah is a Monegar on Rupees 8 per Mensem. Mr Maltby explains that for some time past a Servant of a higher grade has been detached from the Frontier Customs Establishment to take charge of this Tannah but this person can no longer be spared, and he proposes to increase the Establishment from Rs. 39-8 to 82 per Mensem. The Establishments at both the above Tannahs were framed at a time when the Salt trade was on a much more limited scale that it has now attained. There is no more laborious or responsible duty than that of the Sale and Custody of Salt and the Responsibility is so much increased, by increased sales, that the Board are of opinion that provision ought to be made both in this and similar cases for remunerating the Servants somewhat in proportion to these conditions both as an act of justice and as an inducement to exertion and the honest performance of their increased duties. They therefore recommend that the increase sought for should be allowed.

24th January 1833.

The 3rd letter from Mr Maltby is dated contains an application to be permitted to entertain a Cutwal and 6 additional Peons, at a Cost of Rupees 47-8-. for the town of Shrivy.

of Rupees 82-8- a month & that the Servants of Rupees 173-8- Rangabyle is the principal place for the Manufacture of Salt in the Canara district, and the quantity formed for Calby has increased by 300 Garce on the Mannadu Gasse. The total Manufacture amounts to 500 Garce or 1000 Maunds which with the Stock of the preceding year is valued by the Collector at Rupees 1,20,000. The Establishment at present allowed for Receipt, Custody and distribution of the large amount of property amounts to Rupees 173 per Mensem which Mr Malby considers quite inadequate to the Labour and responsibility attending on them, and he is satisfied that much of the Cost of the wastage must have arisen from the want of efficient Control. He therefore proposes to make an increase of Rupees 111-8 to the Rangabyle Establishment which will make it to Rupees 219 per Mensem or 1-1-2 per Cent on the value of the Salt. At the Tuticorin Tannah it will be observed that the value of Salt have increased from 39 to 69 Garce or little short of 3 fold. to the Tannah is a Mongar on Rupees 8 per Mensem. Mr Malby explains that for some time past a Servant of a higher grade has been detached from the Frontier Customs Establishment to take charge of this Tannah but this person can no longer be spared, and he proposes to increase the Establishment from Rs 39-8 to 82 per Mensem. The Establishments at both the above Tannahs were framed at a time when the Salt trade was on a much more limited scale that it has now attained. They therefore recommend that the increase sought for should be allowed.-

The 3d letter from Mr Malby No 10. contains an application to be permitted to enter into a Cutcha and 6 additional Pons, at a Cost of Rupees 47-8-. for the town of Sirkey.

The necessity for Establishment is fully explained in the Collector's letter noticed in the Margin from this Acting Collector Mr. Hall. The Town of Trichy has increased within the last few years from a small Village to a Town of very considerable importance owing to an opening of the great High road from Darwar to Coompetah. by which nearly the whole of the Cotton trade is carried on to the East. The population now amounts to 44000 besides the constant influx of Strangers. The Police duties therefore have increased beyond the means of the present establishment to perform them and require an Officer whose duties do not require him to move about the District as the case with the Tasildar who has the Revenue and Police of a very important Taluk to attend to

12. The Board also recommend for the favorable Consideration of Government the Cases of the Servants belonging to the Tobacco Establishment suddenly thrown out of employment without any fault of their own. The total number of individuals thus circumstanced is 152 exclusive of those whose retention in the various departments has been already recommended in this letter. To these the Collector proposes that a gratuity should be paid in accordance with the scale authorized by the Rules to Servants discharged for incapacity

For further Service. This Scale is not strictly applicable to the Servants in question, yet under the precarious chance which they have of being again employed in Consequence of the great number discharged, the Board would recommend their Case to special and indulgent Consideration. The amount of gratuity to the above individuals according to this scale would amount to Pagodas 59 5 5 and would be debited to the accounts of the Monopoly.

The Governor in Council observes it

Fort St. George 14th April 1853

it stated by the Collector that on the death of the Original incumbent his 4 Sons divided the Manniums and lived apart. The Collector however subsequently states that the Manniums now in dispute were "inherited jointly" by two of the sons - As the Manniums are said to have been enjoyed by these two in equal shares, it seems doubtful whether by this joint inheritance it is meant that these two continued undivided, but if such was the fact the whole of these lands should now pass to Petitioner, their direct representative.-

The Governor in Council also observes that the Bhutawuty Enam though enjoyed by the deceased Vencatanah is entered in the Register of Fusly 1212 only in the name of Petitioner had it been entered in the name of the deceased it would have been resumed on that ground alone and as the registry would have been acted on had it made against the Petitioner it seems but equitable that it should be upheld now that it makes in his favor.-

On

Fort St. George 14th April 1853

On the whole the Governor in Council thinks that the Bhutawuty Enam with its proceeds should be given up to the Petitioner subject to report on lapse and he directs that this be done unless the Board see grounds for a further reference to Government on the subject.

Official Memorandum-

Adverting to an Official Memorandum received from the Secretary to the Board of Revenue dated 31st Ultimo the Collector of Masulipatam has the honor to forward herewith a List of each Talook in this District with it's Cusbah or principal Station &c.a as therein requested-

2- In entering the distribution of them, the Collector would not wish the Board of Revenue to suppose that present arrangements are permanant- The Collector is of opinion that hereafter a better division of the District into Talooks may be effected, that they may be made more compact instead of being altogether straggling and irregular as at present the work in some Talooks being more than can be efficiently discharged by one Talookdar, while the work in others is comparatively light- The present station of the Head Assistant Collector being Bezowrah under the orders of Government and the Board of Revenue, Department Public Works, the 3 Talooks in the vicinity have been at present assigned to him, while the Special Assistant Collector is giving to the Collector effective assistance in every Department of business- The Assistant Collector has not the Revenue of any Talook under his charge, but looks after the Salt, the Post-Office and has the Police charge of some of the smaller Talooks- The Collector hopes to take an early opportunity of pointing out how much, under existing circumstances, this District stands in need of an officer holding the permanent appointment of Sub-Collector-

From the Collector of Chingleput.

Soliciting instructions in regard to the terms on which the extent of land directed to be withdrawn from the limits of the Cantonment of Pallaveram may be offered for cultivation and submitting a Proposition for their sale by Public Auction.

Sir,

Adverting to Extract from the Proceedings of the Board of Revenue under date the 23d December 1852 communicating the orders of Government for the withdrawal of about 400 C. of Poonjah and Nunjah land from the limits of the Cantonment of Pallaveram in view to rendering them available for cultivation I have the honor to request the instructions of the Board in regard to the terms on which the lands in question may be offered for that purpose -

2. As at Wallajahad these lands may be retained as Government property and offered to cultivators on the condition of their surrendering them whenever required for Government purposes such precarious tenure however is obviously open to objection having a tendency of deterring the tenants from applying their capital to the improvement of the lands there does not besides appear any necessity

4549 Fort St. George 14th April 1853.

necessity in the present instance for imposing such restrictions

3. The proximity of the lands to the towns of Palaveram and St. Thomas Mount renders them valuable and desirable who may become Proprietors will have naturally an inducement to plant out gardens of Cocoanut trees and Orchards at some considerable outlay. This could be attained only by the permanent and unrestricted disposal of the lands to the Proprietors who should only be required to pay the assessment. It is however, to secure the interest of Government in any such arrangement that may be made, I beg to propose, that the lands most of which were originally purchased by the State from the Meerasidars should be sold by public auction to the highest bidder should the Board approve this measure, the usual Advertisement will be published for the information of all persons who may wish to become Proprietors.

4. It will of course be specified in the Advertisement that the lands contiguous to the Cantonment Hospital shall be restricted to dry cultivation, and the limits

limits thereof will be clearly defined

Proceedings thereon - The Board are of opinion that it would be undesirable that the land recently ordered to be excluded from the limits of the Military Cantonment of Palaveram should be sold by public auction - The proper course appears to be that which is stated to have been adopted at Wallajabad, Vizt to retain the lands as Government property and allow them to be cultivated on condition of their being surrendered whenever required for Government purposes.

2. With reference to what the Collector considers one of the principal advantages which would attend the absolute sale of the land, viz an inducement to plant out Gardens of Cocoanut trees and Orchards &c. the Board observe that it is not at all desirable that a Military Cantonment should be closed in by high trees and that there are instances in which this has been found to be a serious inconvenience both from the

the obstruction which it creates to the Circulation of Air and from the facility it affords to Drain Rain off running to the Sea, except where there are Covered Drains to carry it off.

3. He may shew Sword of the Contonment cannot in the opinion of the Board be two open, and they are inclined to restrict the cultivation in its vicinity to dry Crops.

4. The Board also think that some attention is due to the opinion expressed by the Brigadier Commanding Straits Mount in his Letter of 3d June 1852, that some open space is required for Camp followers, and for their Cattle, Cultivation to be picketted and grazed. This is more especially the case when Regiments are relieving each other.

5. It is also to be remarked that much of the land lately transferred lies between the Contonment and the River and that if sold outright to inclosed, the Sepoys and Camp followers might be cut off from direct access to that River. The Lands for this Contonment was procured at great trouble and expense and a little the

In the proceedings dated 17th June 1852, the Civil Court required me to collect the Sum of Rupees 89,312-10a-9p on behalf of the Plaintiff in Suit No. 23 of 1835 on the file of the late Provincial Court by the sale of 30 Villages which the late Zemindar mortgaged to the Plaintiff in a Razeenamah filed in that Suit. But the probable value of these Villages being insufficient to realize this Amount, I applied to the Court for further instructions, and was then requested to sell such further portion of the Estate as might suffice to cover the demand.

3. For this purpose I have selected the 26 Villages entered in Statement 3 Including these Villages the total number of Villages to be sold is 56. Of this number 44 Villages can be conveniently included in one Division, and 12 in another. The Villages included in the larger Division of the two are all within a limit of 15 Miles from Nagalapooram three

The 12 Villages in the Small Cut Division
are in the immediate Neighbourhood
of Canacanmadu Chuultry on the
Cuddalore road, and are distant from
Nagalapooram about 15 Miles.

4- It would practicable to form all
these Villages in to one Division, as
the 12 Mortgaged Villages agreeable
to Canacanmadu Chuultry are not con-
tiguous to the other Mortgaged Villages
and lie in another direction.

5- The additional Villages have
been so selected as to make the larger
Division as compact as circumstan-
ces will allow. I summarize that the
whole 44 Villages are completely
united one with the other for with
them are intermixed a few Villages
which I could not include on the
ground that they are mortgaged
to parties unconnected with
the present Proceedings but whe-

managed.

6- In regard to the other Decree

ings dated the 24th December 1852.
required me to collect Rupees 18,690.
8-8 on behalf of the Plaintiff in
Original Suit No. 34 of 1848 on the
file of the Civil Court, by the sale
of 3 Villages which are mortgaged
to the Plaintiff and subsequently
as in the former case requested me
to sell so much more of the Estate
as would cover the whole demand.

7- The 3 Mortgaged Villages are
about 7 Miles distant from Shalem.

I have selected 6 other Villages, which lie
in the immediate Neighbourhood of
Sholinghurr I propose to make these
Villages a Separate Division as they
are not contiguous with the other three
but as they are not more than 3 or 4
Miles apart, the whole number might
be sold together, if the Board think
that the better plan.

8- In estimating the value of

Fort St. George 14th April 1853.

of the Mortgaged and the other Villages I have assumed the saleable sale price at 10 years purchase of the Net profits the Peishcush and expenses of collection being deducted.

9- In preparing the accounts to ascertain the proportionate Peishcush to be assigned on each Village all alienations of Revenue made subsequent to Mr. Stratton's report have been included in the Zemindary's assets. But in regard to the Enams granted previous to that date those only that are still in the enjoyment of the grantees (excepting charitable endowments) have been included. This principle has been adopted on the ground that "in the Western Zemindaries the rights of Lord Paramount over the Enams are vested "not in the Government, but in "the Zemindars". Whenever it was found that a charitable endowment had been resumed, it was, notwithstanding excluded from the assets, as the Boards in the Proceedings just quoted, have expressed

expressed their opinion that the above principle does not apply to that class of Enams.

10. In regard to the Advertisements I beg to explain that the Government Demand against the Villages to be sold, Consists of their proportion of the arrears that are now outstanding against the Estate, under the Heads of "Interest" and "Charges". The entire charge on against the Villages under the latter head, and the larger portion of the sum under the former Head, belonging to the sum of Rupees 80,229-2-2 as per which is retained in the accounts pursuant to the instructions Conveyed in Extract from Minutes of Consultation dated 24th April 1849. No. 405 with the understanding that Government would assert their rights to the amount in the event of the Zemmindar failing to settle with his Creditors and forcing the sale of the estate, the remainder of the

11. If the Board approve, I propose for the Monday the 16th May as the date of Sale, and to name Ramanpet as the place to hold it at. This place will be more convenient for purposes of the Collection, and probably more convenient for the public as space for the date and place have been left in the Accounts-ments now transmitted.

12. In respect to the attachments of the Villages, I have not taken this step as yet, as it rests with the Board to determine whether the Villages I propose to sell in addition to the Mortgaged Villages have been properly selected

selected and to submit the accounts &c. in the first instance is in accordance with the instructions conveyed in a letter from the Board to the Collector of North Arcot dated 28th September 1810 para 5. I now recommend that the attachment should be confined to giving due notice of the sale in the Villages and at the other usual places. There does not appear to be any necessity for the appointment of an Establishment to Collect the rents in the interim.

13. The accounts now transmitted were commenced under the orders of the Board dated 16th February 1852 preparatory to the execution of the Decree in appeal suit No. 16 of 1847 on the file of the Court of Sudr Adalut, but further proceedings were subsequently stayed in that case on the parties filing a Razeenamah. That as long a time has been taken to prepare the accounts, is owing chiefly to the late Zemindar having failed to make the Annual Settlement of his Zemindary for the last of the 3 Fusslies taken for the average.

14. A Copy of the Statements No. 4 and 7 have been furnished to the Zemindar as

Fort St. George 14th. April 1853.

as required by Section XVIII Regulation II of 1803.

15. Irgnest the Board will inform one whether, with reference to Circular Order dated 11th. October 1821 I am at liberty to purchase the property at a reasonable price for the Government.

Read again letter under date the 27th Ultimo from the Acting Collector of North Arcot, stating, that the estimated value of the mortgaged Villages in Original Suit No. 23 of 1835 on the file of the late Centre Provincial Court is not sufficient to realize the sum of Rupees 8,9312-10-7 being the amount of balance due to the Plaintiffs heir by the Defendants heir and requesting the Court to inform him whether the Court require him to sell as much more of the estate as may be necessary to satisfy the Rayeenamah in full.-

It appears that the Petition presented by the Court Vakeel C. Rayavacharry in behalf of the Plaintiffs heir contains a request that

Persons

4638. Fort St. George 14th April 1853.—

2. Persons desirous of becoming purchasers may depute authorized Agents or Vakeels for that purpose and all purchases made by such authorized Vakeels, shall be held to be valid in the same manner as if the purchases had been made by their Principals.

3. But it is required that such authorized Vakeels shall state at the time of purchase the names of their constituents, on behalf of whom such purchases may be made and produce their powers.—

4. The intention of the condition being to prevent fraudulent collusion, notice is further given, that in the event of any purchase being made under a fictitious name, the deposit Money made on account of such purchase will be liable to be forfeited to the Government and the Villages to be resold at the risk of the first purchasers.—

5. A Summud i Milkut Istumrar or Deed of permanent rights, has been lodged at the Cutcherry of the Collector and at the Office of the Board of Revenue, describing the obligations to be incurred, and the rights to be obtained by purchasers of land, under this advertisement all persons are therefore referred to that instrument for particular explanation.

6. The purchasers of these Villages will not be put in possession till the sale has been sanctioned by the Board of Revenue but in the meantime 15 per Cent of the purchase money will be required to be deposited immediately, and security given for the payment of the remainder on the receipt of the Board's sanction, or within one month from the day of sale; in default whereof the Estate will be resold at the risk of the first purchaser.—

7. In case of the sale not being sanctioned by the Board of Revenue, the deposit Money will be returned, and the person depositing it released from all responsibilty with regard to the Villages.

8. For further particulars enquire at the Office of the Board of Revenue or at the Collectors Cutcherry at between 10 and 5 O'Clock, sundays excepted.

4.2.43

To the Collector Fort St. George 14th April 1853.

Before authorizing the sale of the Villages in the Cauntingyar Zemindary, as alluded to in the foregoing letter the Board request the Acting Collector will afford an explanation on the following points.—

1. From the accounts now forwarded, it is observed that the Sawcawk has been calculated on the average demand for three years Viz.t Fuslee 1258.–59 and 60, while no account has been furnished in the form enclosed in the Boards Proceedings of 28th September 1878. It does not also appear whether the whole of the demand for this three years has been realized, as where there is any balance still outstanding.—

2. A Statement of the former Produce of the Villages now proposed for sale should likewise be submitted, together with a separate account, specifying the remaining Villages of the Zemindary.

On

Fort St. George 14 April 1853.

4- In para 8 of the acting Col: = lectors letter it is stated that in estimating the value of the mortgaged and other Villages he has assumed the probable sale price at 10 years purchase of the net profits. The Board do not understand why ten years have been selected as this amount, as according to the accounts furnished, would appear to be in excess of that specified in the Proclamation (Enclo: = sures 9 and 10 in the Collectors letter) by Rupees 4,881 as shewn in the Margin.

5- On a reference to Statement No. 2 it is observed that a sum of Rupees +42,915 is added as "Enams granted by the zemindar subsequent to Mr. Stratton's report" while a reduction of Rupees ++23,599 is made as "Enams granted prior to the Permanent

6- Mr. Brett will also be good enough to explain the cause of the difference which exists in the items of the Zemindary for Fusly 1260 as per account No. 2 compared with those in the Jummah-bundy accounts for Fusly 1252, furnished to the Board while the Estate was under the Management of the Court of wards.—

B. No. 734

"From the Collector of Salem No. 132 of 1853. From Pauspadoo son of Mooneapsum the Barber meerasidar of certain Villages in the Thistnaghurry Talook in the Zillah of Salem. Submitting Collector's Endorsement with respect to his hereditary claim to the Barber meerasy of 5 Villages which his Uncle has usurped: praying for enquiry and the restoration of his meerasy:-"

Board's Endorsement

With reference to his Endorsement which is not very intelligible dated 16th November 1852 the Collector is requested to report briefly on the subject of this Petition 18th February 1853.

1. I have the honor to submit the Report called for in the Endorsement by your Board on the Petition Marginal-ly noted.-

2- About two years ago a com-plaint was perferred in the Magisterial Department by one Shundee Mooneegan that Pauspadoo, the Petitioner to your Board, had illegally interfered with the barber Meerasy privileges of a Village, of which Shundeemooneegan had been in the previous undisturbed enjoyment. Pauspadoo was fined three Rupees, and in default payment, under-went the period of commuted imprisonment.-

3- The matter subsequently coming before the late Head Assistant Magistrate, that Officer referred it, as being connected with Meerasy rights, to Assessors, for their opinion.

4. The latter took a view of the question which when the subject happened to fall

Fort St. George 14th April 1853.

fall under my cognizance for determination, I could not adopt- I saw reasons for rejecting the claim of Pauspadoo and rejected it accordingly, confirming Shundee Mooneegan in his possession of what from the papers, it was clear he and his adoptive father had held in succession since the period of the introduction of the permanent Settlement.-

5. I cannot put the case before your Board briefly, unless I am allowed to introduce Meranially a genealogical tree which in elucidation, I beg to refer-

Pauspan

Karpan

Pauspadoo. or Pauspanan

Mooneegan.

Podda Mooneegan

Shundee Mooneegan

Sunna Pauspadoo.

6. The Meerasy Enam I found to stand in the accounts in favor of one Mooneegan- A person of that name adopted Shundee Moone-gan who was the opponent in this Office of the Petitioner

Fort St. George 14th April 1853.

Petitioner to your Board— The adoptive father and the adopted son were shewn, to my Satisfaction, to have been the holders of the Enam and its attendant privileges for a long series of years; and the allegation of the Petitioner before your Board, that originally it had been fraudulently taken possession of by Moonegan, seemed to me to be sufficiently controverted by the fact that Moonegan was in the enjoyment of the Meerassy during the life time of Chinna Paupadoo grand father.—

7- Such being the state of affairs it appears unnecessary I should now detail the several reasons which were assigned by the assessors for their view of Chinna Paupadoo's claim such necessity did however, to my mind, exist, when I was rejecting Chinna Paupa: doo's address to myself; for I felt from what had taken place, that there would be an appeal, and it was expressly with a wish to enable your Board at once to appreciate the merits of the dispute that my endorsement was prepared in a detailed form. the grounds of

Fort St. George 14th April 1853.

taken by the assessors being met seriatim:—

The Petitioner Chinna Paupadoo

8- has however neutralized the intended effect of my Endorsement by submitting to your Board only that paper, and not his address to me on which the Endorsement was made, a reference to which would have rendered clear the several parts of the endorsement that your Board have declared to be not very intelligible.—

9- In complicated cases such as this was, before its real and main points were extracted and laid bare for decision, it is very difficult, within the usual limits of an endorsement, to specify what shall readily be comprehended by a person who, not having worked them out, is unacquainted with the merits of the claim: and there is so vast a quantity of miscellaneous business daily devolving on the Collector of this District, that I may be excused I hope if in the endorsement in question, there has been a slight want of perspicuity. I would nevertheless

4649. Fort St. George 14th April 1853.

nevertheless with much respect submit a doubt whether if the Petitioner had been required to complete the papers relating to his case my endorsement would not have sufficed for the rejection of his appeal.—

10— The Petitioner I may add persisted the enforcement of my award— For this he was warned, but persisted: he was then cited to my Cutcherry at Salem, where I had personal communication with him about 10 days ago. The result of this communication was, that the weak points of his case were made apparent to him and that he acknowledged that he was bound to yield and would yield, obedience to what he seemed to admit was after all, an unfounded claim.—

Sir,

I do myself the honor to submit a Copy of a letter to my address from Major Lawford, Civil Engineer of this division, and to solicit your Board's orders upon the proposition therein Contained of levying a Cess of one anna per Cawny from the Meerasdars holding irrigated land under the Tolteyum Shrima Voikal in Moosery taloork.-

2. I do not Consider that I have authority to make any such levy at my own discretion and I feel very sure that were I to attempt it I should be resisted by the people.-

3. The Tolteyum Shrima Voikal irrigates Nine Villages Containing 1610 Cawnies assessed at Rs. 11,850

and

A°1.

Translate of an address from Moottoveeja Ragoonada Namiaseevoya Perea Oodiam Taver undivided brother of the late Zemindar of Shevagungah, to the Collector of Madura dated 8th February, 1853.

1st I had presented addresses to the Hoozoor and other offices impugning the character of Pichenna Nachear as not being the Puttum wife, and the Minors born of her as not entitled to Puttum, but in consequence of my personal enquiries and the information of my own relatives I beg to acknowledge that the said Pichenna Nachear

Nachear was the Puttom wife and that the Minors born of her are the Sons duly entitled to the Zemmindary Puttumy, and therefore relinquish my claims to it.

2. A. I am an undivided paternal uncle of the Minor Zemindar and entitled to live in pomp as a Zemindar I beg that a monthly allowance of 1000 Rupees suitable to my dignity may be ordered for the present and that from the funds of the Estate the debt I have contracted to the amount of upwards of 20000 Rupees for my support may be liquidated as for the period of 9 years from 1844 / when the Zemmindary was restored to my Elder brother the late Zemmindar / to the present time I have received nothing towards it.-

3. I entreat you that upon the restoration of the Zemmindary to the management of the Minor when he attains the proper age you will treat me according to the custom in the Poodoocottay and other Samastanums of protecting undivided brothers.-

As it appears by the address of Namasevaya Tavei to the Collector of Madura dated 25th February 1853, and by the deposition given by him before witnesses, that he has acknowledged the title of the present Minor Zemindar of the Shevagunga Estate, and has formally relinquished his own claims to it the Court are of opinion that he is entitled to maintenance as a Member of the Zemindar's family and accordingly authorize the allowance of 150 Rupees per Mensem recommended by the Collector. They do not however concur with the opinion

From the Collector of Canara—8—

Forwards Copy of letter from Sub Collector Mr. Hall with result of sales estate referred to in the Board's proceedings dated 2nd February 1852.—

Sir

With reference to my letter of the 19 December 1851, and the Board's Proceedings of the 2nd February 1852, I have the honor to submit to the Board the annexed letter from Mr. Hall detailing the result of the sale of the estate therein referred to.—

2 The estate in question is obliged to remind the Board of Rupees 607—6—as Tharao Hoons 151—8—7a assessment from which a deduction of Rs. 30—3—7a was made as Board's Sifarish, leaving a realizable assessment of Rupees 486—as—P. Hoons 121—6—a.

3 An arrear had accumulated of Rupees 179—1—10a and a yearly loss accrued from the desertion of the responsible land-lord.—

4 As the estate in it present form was not saleable I recommended that it should be divided and sold. The Board considered it better that it should be sold and bought in by Government and then divided. This course has been pursued.—

The

Fort St. George 11th April 1853.

5 The state was put up at the fair assessment, and 5 Rupees bid by the Government and as no higher Officer was made, that is the Government property on the sale being confirmed by the Board.—

6 It was then offered for sale at the assessment, minus the Board's fairish, but no bid was made, clearly shewing that there were no parties capable of managing the estate on those terms.—

7 Lastly it was divided, as I had proposed, into small lots, fourteen in number; a survey assessment being affixed to each lot, when it realised the sum of Rupees 704—4—0 at the same time that the assessment payable to Government is Rs 2—0—11 higher than the revised assessment after deducting the Board's fairish.—

8 As this arrangement will lead to the settled improvement of the Village at the same time that it secures the Government assessment, I trust that it will be confirmed by the Board, and I have to request their orders as follows.

First the purchase of the estate for Rs

Secondly for carrying this 5 Rupees to credit

on

Fort St. George 14 April 1853

on account of the arrear which still leaves a balance of Rupees 174—1—10.

Thirdly for striking this balance from the account.—

Fourthly for confirming the plots to the respective purchasers and.—

Fifthly for carrying to the credit of Government the sum of Rupees as P. 704—4—0.

9 There is a party who has a mortgage on the estate and Mr. Hall appears to consider that he has some claim to the purchase money of these plots, but it seems clear to me that he has no right whatever. He had the option of bidding for the whole estate, but did not, and the enhanced value of the estate arises from the fact of its having become Government property and the purchasers obtaining a title direct from the Government.—

To F. N. Maltby Esquire
Collector of Canara

Sir

With reference to my letter to you dated

No. 60

Fort St. George 14th April 1853.

dated 31st March last and my subsequent Canarese Yadast of the 8th April 1853, I have the honor to report that I have sold the estate in question just now again to public auction in my presence, with the full Turrow Beriz of 151 — 8 — 7 attached to it and that, as I could obtain no offer for it, I bid 5 Rupees on account of Government.—

2 I then had the survey just now with the Board Sefarish, amounting to Rs. Fs. as 30 — 5 — 7 deducted from the Turrow Beriz (leaving Rs. Fs. 121 — 5 —) but no one would bid for it.—

3 Lastly I had the property offered for sale in fourteen lots, with an equal distribution over them of the survey Beriz, agreeably to your Yadast of the 9th July last, No. 271.—

4 There were bidders for each lot and the accompanying Statement shows the several amounts offered forming a total of Rupees 704-4-0 as

5 The Survey Beriz assessed at the ordinary rates, amounted on the whole estate to Rs. Fs. as 123 — 6 — 11 being Rs. Fs. as 2 — " — 11 more than the Turrow Beriz, left the Board Sefarish.—

6 It now remains for you to confirm if you see fit, the purchase on account of Government, and the subsequent sale. I shall have however, to bring to your notice that there was originally

Fort St. George 14th April 1853.

originally a mortgage on this estate held by Caroor Subaya residing at Siri who obtained in the Civil Court at Honore a decree in his favor for the sum of Rs. as 817 — 7 — 3.—

7 The property was at one time attached by the Court in satisfaction of this decree, but was afterwards tacitly allowed to be sold by this Department for the realization of arrears of Revenue due from it.—

8 Application was however recently made by the said Court for any surplus proceeds which might result from it's sale above the sum claimed by us arrears of Revenue

9 If the bid of 5 Rupees made by me on account of Government is confirmed, the mortgage will cease to have any legal claim upon the property but it would I think be, but equitable if after adjusting the demand for arrears of revenue, the balance of the proceeds of the sale were handed over to the Court at Honore, to be applied to the satisfaction of its decree.—

10 I am transmitting to you, with a Yadast, all the Canarese documents connected with this matter.—

To

The Chief Secretary to

Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the correspondence noted on the Margin, respecting the sale of an Estate in the District of Canara.

From Collr 19th Dec. 1851 in para 2 July 1852
Proceedings 2d February 1852
From Collr 3 March in para 14 April 1853

2 The property as will be seen from para 15 of the Collector's Letter dated 19th December 1851, consists of 214 Acres 71 of which are waste, and the remainder 143 under Actual Cultivation. The Thasva Peiz is Rupees 607 but of this Rupees 171-6 " was suspended and transferred to the Sist of "Board Sifarish".

3 Up to Fasly 1245 the Estate comprising 15 Meirgis was held by different parties, when they were made over to one individual who engaged to hold it under certain conditions. From Fasly 1246 to 1258 the demand was realized, after which from the

the owner having left for Bombay in Fasly 1256 and several of the tenants abandoning their holdings the Estate fell into arrears.

4. Mr Maltby in recommending the sale of the land proposed to divide the Estate into convenient lots, and after affixing to each a suitable proportion of the reduced assessment to sell them in separate lots, but the Board doubting the propriety of dividing the Estate, and readjusting the Peiz previous to the sale, instructed the Collector to sell it entire, and to purchase it at a nominal price for Government, which would thus enable him to make the distribution proposed, after the full title to it had thus been required.

Pro. 2d Feb. 1852.

5. From Mr Maltby's letter of 3d March 1853, it will be seen that this course has been adopted, and the Estate purchased on account of Government for Rupees 5. It was afterwards divided into 14 small lots, and resold for Rupees 704-4-" thus raising the assessment payable to Government to Rs. ½ " 11 above the revised assessment, i.e. minus the "Board Sifarish"

6. The Board recommend that, in accordance with the request of the Collector Sanction be granted for the purchase of the Estate on account of Government for Rupees 5. the same being carried to the credit of the arrear and the balance against the late proprietor amounting to Rupees 174 1–10 be written off the accounts. They also recommend that the sale of the small plots be confirmed, and that Mr. Mallby be authorized to carry to the credit of Government the sum of Rupees 704. 4. "

7. I am also instructed to state:— that the Board concur in the opinion of the Collector that the party who has a mortgage upon the Estate has no legal claim to the purchase money of the plots, nor can he be allowed the benefit arising as stated by the Collector, from an indisputable title having been created in consequence of the purchase by Government in the first instance. The Board would however be inclined to attribute the enhanced value of the Estate fully as much to

Fort St. George 14th April 1853

to the reduction made in the Demand by striking off the Board's Sepoy which cannot now be considered as otherwise than a permanent reduction.

1. My attention having been attracted to the inconvenience entailed on the Community by the existing orders which require the examination in this Office of all Bangly Parcels received from Foreign Territories, I have had a Statement prepared to show the operation of the rule from the 1st August, Fusly 1254, to the close of the last Fusly which I have now the honor to submit for the consideration of the Board.-

2. It will be seen, that during 7 years 2184 Parcels have been opened, on the Contents of about one third of which, 745, duty has been levied to the amount of 1909-6-10 or averaging 272-12-5 annually The particulars of the Goods on which duty was levied in Fusly 1261 are shown in the Statement.-

3. I would venture to suggest that the advantage to Government from this inquisitorial practice is altogether in commensurate with the annoyance it occasions to the owners of Parcels, to say nothing of the labour entailed on the Servants of the two Offices.- The present rates of Bangly Postage sufficiently prevent the introduction of Foreign Goods on any scale worth noticing. Indeed with the exception of the Foreign European Settlements it would seem desirable to give up Frontier Duty altogether as a matter of finance.-

Sir,

Submitting a letter from the Actg Collector of Madras detailing the inconvenience of the present practice of examining all Bangly Parcels received from Foreign Countries.-

I am directed by the Board of Revenue to submit herewith for the information of Government the accompanying letter from the Acting Collector of Madras dated 7th March 1853, pointing out the inconvenience of the present practice of examining in his Office all Bangly Parcels received from Foreign Countries.-

2. Mr. Stokes submits a Statement shewing the operation of the system for the last seven years, from which it will be seen that during this period 2184 parcels were opened and examined. Of these 1439 were passed free, and 745 assessed with duty, the gross amount of Revenue being Rupees 1909-6-10 or an average of Rupees 272-12-5. per annum.

3. Mr. Stokes suggests that the advantage to Government from this inquisitorial practice is altogether incommensurate with the annoyance it occasions to the owners

4. The Board are inclined to agree with Mr. Stokes, but before submitting to Government their opinion are desirous of ascertaining what the practice is at the other Presidencies in respect to Bangly Parcels received from Foreign places, and they desire me to request that the Government will be pleased to make a reference to Bengal and Bombay with a view of obtaining the necessary information on the subject.-

Extract from the Proceedings of the Board of Revenue in the Department of Public Works, under date the 23d December, 1852.

Read the following letter from the Superintendent of Neilgherry Survey.—

No 2319

To Captain J. H. Bell
Secretary to the Board of Revenue
Department Public Works.

Sir,

I have the honor to forward herewith for the purpose of being submitted to the Board a skeleton Plan extracted from the Survey of the Northern part of Coimbatore which is now in progress and also Copies of Correspondence with Mr. Thomas the Collector referring to a proposal for making some trifling alterations in the existing boundaries of the Northern Talooks which I am desirous of bringing under the consideration of the Board.—

2. The example given in the Plan is that of the present tortuous limit established in Common between "Sultaneimungalum" and "Cheyoor" Talooks, and which, as will be seen by the appended Extract (enlarged) from the Printed Atlas

Fort St. George 14th. April 1853

Atlas, differs very considerably from that laid down on the old Survey of 1807.-

This boundary line I propose to alter in the direction of the ribbon coloured blue in order to make it more regular and to give the division of Talooks a more harmonious appearance on the new Atlas, and as this measure would involve the transfer of but few Villages I confess am not able to estimate the amount of "serious practical difficulty" which Mr. Thomas refers to as likely to attend the "alteration of Talook limits."-

3. The Board will of course be the best Judges regarding this, and as while the Survey is proceeding it will in regard to Topographical delineations be easy to make any alterations which they may approve of, I have thought it advisable to submit the Talook boundary lines on a Map of the completed portion of the District which I am now forwarding for despatch to the Honorable Court of Directors as they cannot be exhibited hereafter for the guidance of the Engraver on a skeleton Map

Collector of Coimbatore

Sir,

1 I beg leave to address you regarding the Talook boundary of the North part of this Zillah which the Board of Revenue appears to be desirous to have correctly defined and which it is of course of importance should be exhibited on the Map of the survey now in progress.-

2. Comparing what has already been done in this respect with the Talook limits marked by dotted lines on the old engraved Atlas, an entire dissimilarity is apparent between the respective works, and as it seems to me that the present assigned boundaries are in several instances inconveniently complicated and tortuous, I have it in contemplation to submit a skeleton sketch of a portion of the Survey to the Board

4700.

Fort St. George 11th April 1853.

Board with a view to their taking into consideration the advisability of sanctioning some alterations in the existing divisions of Taloks.—

3. Before doing so however, it appears to me to be a proper step to take to refer the question to you, as there may be possibility be reasons of a local character which in your estimation render alterations inexpedient and with this view I should be glad to lay before you a sketch of the Survey and should you feel disposed to enter into the matter.—

4. It will doubtless be of interest to you to learn that so far as the present Survey has proceeded a vast increase in the prosperity of the District has been apparent, as evidenced by the creation of additional Villages. High Avenues roads and internal lines of communication for example in the small Triangle

Pollieputtty — Shittamully — Avanashy

I find now existing 144 Villages while on the printed Atlas only 47 are exhibited

*On numbering the Villages more carefully there were found to be 1154.

Supt. of the Neilgherry Survey.

Sir,

I have the honor to acknowledge your letter of the 6th Instant from Caroonuttumputty as I have no instructions of any kind from the Board or Government regarding a new Survey of this District I do not feel competent to offer any opinions on the Skeleton Map or Survey in question.—

2. As regards the alterations of Taluk limits, there would be serious practical difficulties, but I shall be happy to submit your letter to the Board and to take their orders upon it.—

3. As regards the 100 new Villages which you suppose lately created in one small Triangle, I believe you will find, on more accurate enquiry, that there are few new ones in that locality, and very few in the District, as new Villages cannot easily arise without the local authorities being aware of it, these may very possibly be small ones, hardly

4702 Fort St. George 16th April 1853

hardly worth entering in a general Map; but they have always been in existence.

To, E. B. Thomas Esqre
Collector of Coimbatore.

Sir,

I have the honor to acknowledge the receipt of your letter of 25th Ultimo. On reference to the Copy of mine to you of 16th idem, I find I made use of no such expression as that you attribute to me; Viz^t that "100 new Villages had lately been created in one small Triangle."

My remarks quoted the excess in the number of Villages as evidence of the increase of the prosperity of the District since the old Atlas Survey was made, Viz^t 1807 an increase which their tranquillity and good Government it had enjoyed since that period appeared to me sufficiently to account for.

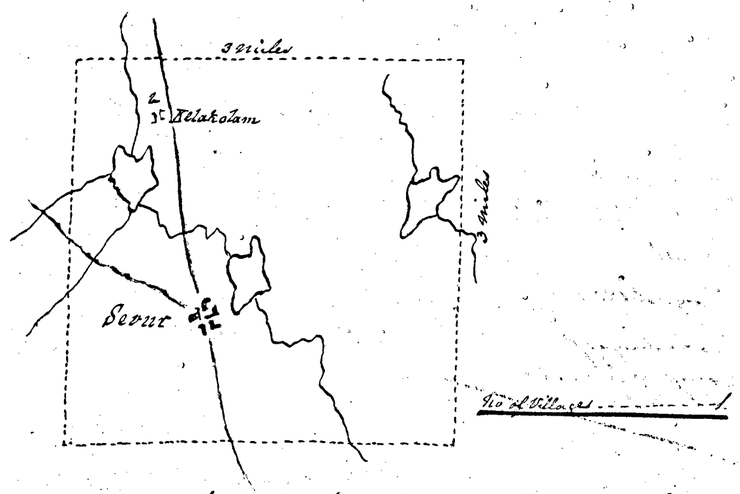

2. Your remarks that these Villages "may very possibly be small ones, hardly worth

4703 Fort St. George 16th April 1853

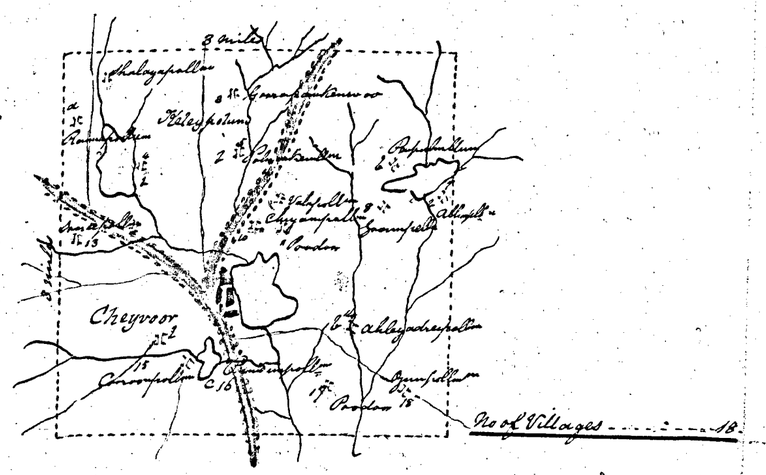

worth entering in a general Map" surprises me, less because of the obvious fact that no Villages however small can be omitted in a Survey whether for Geographical or Revenue purposes than because of the misapprehension apparent as to the magnitude of those which you cannot but be aware exist in the Northern Talooks altho' they have no place in the printed Atlas. The better to illustrate this I append as an example a sketch of 9 Square Miles of country surrounding the Cushah town "Cheyroor" enlarged from the Atlas, and another extracted from the Survey now in progress on the former of which you will perceive there is only one Village marked, while on the latter no less than 18 eighteen are exhibited. Now of these 18 Villages one marked a/ is of a much larger class than the solitary "Kelakoluru" which was thought worth entering on the old atlas, being as large as "Karavelloor", "Ramanadpooram" you

Vce of the Atlas/ on the road between Cannoor and Arcanauth/ & marked B/ are of the same class as "Kolakolam" & as "Tannipandalpollam" in "Pethanapollium" of Atlas and B/ marked C/ the somewhat smaller than A are as large as "Rayenpolyem" "Pallumkonum" &c. of Atlas near Arcanauth/

3- Hence it appears to me clear either that the Survey of 1807 was a very imperfect work or that additional Villages/ and highroads/ have sprung into existence since it's completion: for while Coimbatore South of the Noyel river/ Atlas sheet No. 61/ which was resurveyed by Major Ward about 1822, Shelvey, appears crowded with names, that portion of the District which lies North of the Noyel and which has not been explored since the Survey of Sub Assistant Surveyor Rogers 1807/ is exhibited comparatively bare of Villages.

to Scale of 1 Mile to 1 Inch.

Fort St. George 11th April 1853.

4. Adverting to the remarks containing in Para 1 of your letter under acknowledgment I have to observe that in extending my Survey operations North of the Noyyel I act under an authority from the Surveyor General at whose "disposal" as you are aware I was ordered by the Madras Government to consider "myself and party entirely placed" and in connection with this subject I beg leave to ask whether the request which I ventured to prefer in my letter of 29th July last has been granted. In your reply 3d August 1852 to that letter you desired to be informed regarding the nature of the aid required and of the operations contemplated and I gave the information sought in a letter dated 11th August last since which I have not been favored with any communication from you on the subject.

Minutes Govt Revenue Department No 816. 13th August 1857 Proceedings of Board of Revenue No 626 4th August 1857

5. The statistical details collected in the course of a Survey ought to be of value to the Revenue Officers of a District in enabling them

Fort St. George 11th April 1853

them to check the returns of the Talook authorities both as to the extent of wet and dry cultivation assessed and to the number of cattle on which tax is levied but to ensure their usefulness it is indispensible that they be correct and they can scarcely be rendered so without the cordial cooperation of the Civil Department.

It was my intention to have taken an opportunity of bringing to your notice that in the Talook of Serroor many impediments appear to be thrown in the way of the collection of statistical information even to the extent of prohibition by the Native writer employed by me to frame the Village returns. It would appear also by his statements that bribes have been upon more than one occasion offered to him by the Villagers to induce him to make his returns of the number of Cattle agree with those of the Circuit; and as this is found of no avail the people now refuse to let their Cattle be counted at all. As a portion of the District lying

Fort St. George 14th April 1853

West of the Meridian of "Shavaniumpatty" has already been surveyed under the orders of the Superintendent and the authority of the Madras Government, and the Map sent in for transmission to the Honorable Court. I trust you do not consider it necessary that special instructions should be issued to warrant your aiding in the compilation of the Statistical details of at least the tract referred to, and which the regulations of the Survey Department require all Surveyors to submit in conjunction with their Surveys.

6. I shall address the Surveyor General and request the necessary official communication may be made regarding the extension of survey operations over North Coimbatore.

7. I shall feel much obliged if you will be so good however as to cause instructions to be sent to the Tahsildar of Pulladuny with a view to his rendering me assistance in erecting a station at a place called "Kartanicado" in the limits of

instructed as to the rate of Assessment to be fixed on the soil whether an average rate as proposed by the Civil Engineer or that now prevailing in the Taluk and Villages is to be adhered to.

Nagyanellore	At 6-4	At 12-2	At 4-11	At 1-10½ Do.

With such favorable rates as these it is not to be supposed that the landed proprietors will accede to any average such as Major Lawford's and thereby sinking wells will be to their own advantage, and not to that of the Government.

Sir,

I have the honor to inform you that I have inspected the Tanks of Covacolum and

and Nagyamelloor in the Villicutty Talook which were breached last Month and I do not consider it expedient to recommend that either of them should be repaired.

2. The following is a Statement of the value of Cowracolum Tanks.

	Cawnies	Goolies	Rs a P
Ayacut	73	86 11/16	223-2-4

Cultivation

	Cawnies	Goolies	Revenue Rs a P	Repairs Rs a P
1847	28	64 5/9	100-6-4	225-4-2
1848	39	24 5/16	133-15-3	221-3-7
1849	39	12 1/3	133-3-4	-4-7
1850	30	2 3/8	106-7-4	50-12-4
1851	10	10 3/8	35-13-6	4
Total	147	13 13/16	509-10-4	497-4-7

3. The Tank has thus produced only Rs a P 12-10-3 net profit to Government for the last five years and to place it now in an efficient condition would Cost at least 800 Rupees after which its returns would be very precarious.

4. But the land in the bed of the Tank Measures 288 Cawnies assessed at only 120 Rupees, and if this extent together with the land below were given up for dry cultivation with the liberty of digging Wells the returns would be as follows free of all expense

expense to Government.

	Cawnies	Goolies	Rs a P
Land below Tank	73	86	239-14-10
Land in the Bed	288	120	4
Total	361	86	359-14-10

4. It would be necessary to fix an equal assessment on the whole extent otherwise the rich soil inside bearing a tax of only 4-6-8 per Cawny would be taken up and the former Nunjay land which is not good would be neglected. The average however does not amount to one Rupee per Cawny.

5. The Nagyamellor Tank has an Ayacut of 30 — 23 1/16 C G — Rs a P 129-2-4 It was repaired in 1847 and 1848 at an aggregate Cost of Rs a P 263-4-9 and has yielded only Rs a P 34-12-3 in the last five years, involving a loss of Rs a P 218-8-6. The land within and below the bund is as follows.

	C	G	Rs a P
Land inside	120	25	47-2-1
" Below	30	23 1/16	120-2-4
Total	150	48 1/16	167-4-1

6. With a Punjah tax of about Rs a P 1-2-4 per Cawny this land would produce the full amount of its Ayacut without cost to Government, while the Tank could not be repaired for less than 300 Rupees.

It

4718

Fort St. George 14th April 1853.

7. It is very remarkable that the Veera Ricim Tank situated in the same Taluk and not far distant from the foregoing and fed by a Stream draining 70 Square Miles is perfectly empty and the Punjah lands are now covered with the finest Crop of Cotton I have ever seen in the District, and the only one I have noticed growing unmixed.

8. The Punjah Account of this Tank is 155 Cawnies with a Assessment of 476 Rupees but the average return has been only 78 Cawnies yielding 277 Rupees. The land inside the bund measures 100 Cawnies assessed at 25 Rupees or thereabouts. If therefore the whole were converted into Punjah the result would be as follows.

Outside — 155 Cawnies 476 Rupees.
Inside — 100 — " — 25 — "
255. — 501.

Average about 2 Rupees per Cawny.

9. Under the new rule respecting improvements at present levied I feel perhaps that some arrangement on the above plan for abandoning unprofitable tanks and giving up their beds for Cultivation would be most advantageous to Government as well as the people and I strongly recommend the subject to your consideration.

10. Many ancient tanks are so much filled with deposit as to be no longer capable of retaining the original supply of water while their beds by successive elevations of the Caling gulahs and bunds are very much larger area now covered with the finest soil. Under these circumstances the privilege of Cultivating gardens privately irrigated from wells without extra Tax renders more than doubtful the policy of maintaining such reservoirs.
