21

Bd No. 1252

From the Collector of Ganjam. } Para 1

Sir,

I have the honor to acknowledge the receipt of the Board's Circular letter of the 14th Ultimo, desiring me to report whether it has been the practice of the Collector in this District occasionally to make the Summabundy settlement of the Talooks in the Sub Collector and Head Assistants divisions and to specify the last occasion on which this was done by myself or my predecessors.—

2. In reply I beg to state that I have never myself made the Summabundy in the Talooks of the Sub division but that they were settled by my predecessor in person in fusly 1258 A.D. 1848 and the Head Assistant having at that time charge of the Sub division.—

3. The Talook of which the Head Assistant now has charge, Poobacondah, was settled by me in fusly 1260 and I am now engaged in completing the settlement of it for fusly 1262 in consequence of the absence of the Head Assistant Collector another duty.—

No. 17

To

W. H. Bayley Esqre

Secretary to the,

Board of Revenue,

Fort St. George.

23

Bd No. 571.

From the Collector of Nellore. } Para 1

Sir,

In submitting my report on the Land Revenue Settlement of this District for Fusly 1261 A.D. 1851/52 I have the honor to submit as per List, the usual Summabundy and Kistbundy accounts.—

Reporting on the Settlement of the District for Fusly 1261 A.D. 1851/52 and forwarding several Statements connected therewith.

No. 21.

2. A separate Statement is added to the enclosures showing the stations at which and the Officer by whom, each Talook was settled. It will be observed from this that Sydapoor was settled by the Acting Head Assistant Collector in addition to the 2 Talooks forming his permanent charge.— This was because I was prevented by indisposition from personally making the Summabundy of that Talook and was obliged to depute Mr. Pauncefote; but Sydapoor was under my own management during the whole year.—

Season and its effects

3. Unlike that of the Fusly 1260, the

the season of the year under report may be said to have been generally favorable more so in the Talooks composing the Principal Division than in the Sub Collectorate. In April there was no rain In May but partial falls accompanied by strong winds from the North East, but there were freshes in the Pennar in that month as the Board are aware which rose to a height almost never known before. The consequence was the loss in many cases of the produce of the preceding Fusly still left in the Fields, and the bursting of several Tanks fed by River Channels the Cauv lands in the beds of which were of course submerged and their cultivation precluded. Altho the season for the early cultivation commenced thus unpropitiously the absence of any heavy freshes in the River added to light timely showers in June, afforded the Ryots the opportunity of carrying it on ecstensively in that Month and it accordingly

† Those in which the early Wet Crops are grown.

Fusly 1260 – 759
" — 1261 – 1214
Increase — 455
1 Goortoo 7/8 acres

esceeds the similar cultivation of the previous Fusly by Goortoos 455. In the succeeding Months of July, August and September there was rain though it was not general throughout the District, and the River likewise received freshes, the depth of water varying from 8 to 12 feet. The only drawback was the inefficient state of the River Channels, in which the deposits of sand washed in by the May floods impeded the

† Village unpaid labour. —

free flow of water. By the employment of Unjee labour however this cause of obstruction was in a great measure overcome, and the cultivation of the 2d series of Wet Crops comprising the Guddavery and Peshamum, accordingly exhibited a net increase of Goortoos 1472 resulting from a gross increase of Goortoos 1800 in the Principal Division and a gross decrease of Goortoos 328 in the Sub Collectors Talooks, where, as already stated, the season was less favorable. The cultivation under Rain Tanks was comparatively limited, the Poonasa and 2d series of Dry Crops in places where the rains were deficient, suffering likewise in some degree from want of sufficient moisture to mature the already full-grown Crops. The season for the Coda cultivation or 3d series of Crops, however, was even more favorable than for the two preceding, for there was rain in October November and December, besides freshes again in the River. The fall was heavy and general throughout the District in November and the Tanks received from one fourth to a full supply. The result is accordingly an increase of Goortoos 1343 in the Coda cultivation. But the November rains which in the Sub Division were accompanied by a Brisk gale proved injurious

Increase 1343

to

Fort St. George 12th May 1853.

to the Jamma- On the whole however the season may be said to have been propitious and above an average one.—

4. It had of course a favorable influence on the sanatory condition of the District, small pox, fever and cholera did prevail to some extent, but the latter only from March, and the mortality from it was small compared with Fasly 1260, the directions of the Board conveyed in their Circular Order of the 29th April 1852 have been attended to and the Return comprises accordingly three Divisions "Hindoos" "Mahomedans" and others neither Hindoos nor Mahomedans" the grand total being distributed into the two classes "agricultural" and "non agricultural"

Population

5. In the population Statement now forwarded which is a copy of the census taken in Fasly 1260, the directions of the Board conveyed in their Circular Order of the 29th April 1852 have been attended to and the Return comprises accordingly three Divisions "Hindoos" "Mahomedans" and others neither Hindoos nor Mahomedans" the grand total being distributed into the two classes "agricultural" and "non agricultural"

6. The number of cattle and Sheep as contrasted with last year exhibits an increase of 1618. The greater portion of the decrease under the head of the buffaloes is but nominal about 700 Sheep having hitherto been erroneously entered under that head and the mistake rectified in the present report.

The

Fort St. George 12th May 1853.

7. The number of Villages and Hamlets composing the District is entered in the margin and there is an increase of 8 in the latter. These form part of the Villages of Innasoomoodrum and Cheranamah formerly belonging to the Woodiagherry Jaghire and now attached to the Calagherry Talook and they are held on Surva Enam tenure by a Mahomedan Priest- They were granted by the late Jaghiredar but were not considered, when the Estate was Surveyed in the light of Hamlets, being only allotments of land within the limits of the Villages named and were therefore apparently omitted in the Lists of the Woodiagherry Villages submitted with Mr. Stonhouse's Report of the 24th August 1840. As however they have gradually improved and have now risen to the position of Hamlets, I have deemed it proper to enter them

them under that denomination in the accounts.—

Produce— 8. The 1st and 2d series of Wet Crops yielded a full return and the 3d 3/4 th except in certain parts of the District where a hail shower in March proved very injurious to the latter. The early Poonassa and the 2d series of Dry Crops yielded still less the former suffering from want of rain to bring them to maturity and the latter, which comprises Jamabundy Inregavu from the strong winds in the 1st Division in November. The outturn of these Crops therefore varied from 1/4 to 1/2 of a full return as did also the 3d series of Dry Crops which could not be sown in season in consequence of the heavy rains in November and which afterwards suffered from the failure of the light showers necessary to impart vigour to their growth, as also from the hail in March already adverted to. The Tobacco crop was, in the Western Talooks an entire failure from the last cause.—

9. The grain market continued during the year under review depressed as before compared with Fusly 1260 there was no improvement in the prices. On the contrary the average rate for wet

wet grains was less- that for Dry produce being nearly on a par but they were respectively 22 1/2 and 40 % below the commutation standard.—

10. The distribution under their different modes of Settlement of the several Villages composing the District is shown as usual in Statement No. 1, the only change compared with Fusly 1260 being the transfer of 4 Villages held under Amany in the former year to the head of 1 and 3 years rents.—

11. The Dittum or cultivation engagements for the year amounted to Rupees 11,31,691 exceeding that of the preceding Fusly by Rupees 5889. The fluctuations in the holdings which have conduced to this result are exhibited in the subjoined Tables.—

Average — 41,232.
Fusly 1261 — 38,233.
Decrease — 2,999.

13 Thus the actual cultivation was Rupees 11,64,327 and exceeded that of the preceding year by Rupees 60,871 and the average of the last 10 years by Rupees 41,273. It is likewise above that of each year of the series with the exception of Fuslies 1251. 56 and 57.—

14 38,233 Rupees were brought to account upon Waste neglected in the year under report. The amount is below the Cussoory of Fuslies 1251-52-53-54 and 59. and also below the average of the last 10 years. But it exceeds that of the year immediately preceding by Rupees 8629, the increase being entirely in the Principal Division.—

This

Fort St. George 12th May 1853.

This was assessed on Wet lands neglected without sufficient cause and with the advantage of a more than ordinarily good season chiefly in the Nellore and Talamunchy Talooks, but this subject has already been so fully discussed in the correspondence noted in the Margin that it is unnecessary to enter upon it again at length. In levying the impost there was not the least intention of pressing with any undue severity upon the Ryots but the only object was to deter the misappropriation of the lands and the waters reserved at the Government

Government expense from their legitimate uses. In reference to the damage however occasioned by the recent floods in October last and the losses sustained by the Ryots in consequence, the Board are aware that I recommended and they have sanctioned the remission of Rupees 4,554 out of the Cuffory in question leaving the collectable amount at Rupees 6,188.

*Apeshment remitted when only one Crop is grown on two Crop lands.—
*Do.— on inferior Crops raised on lands apeshment for superior ones.

Shamilat Bunjer Decrease 1429 Rs.

7. The first and largest item is shamilat Bunjer or portions of Fields left Waste from unfavorable situation at the extreme point of irrigation and other causes and amounted to Rupees 20107 or 1429 Rupees below the corresponding remission in the previous year.—

Sooktee or perished crops Decrease 7529 Rs.

18. The remission under this head was of course trifling compared with that of the previous year being 1653 Rupees. Even this is not wholly remission for Sooktee / properly so called / for this head in the accounts includes what are called "Chavara" and "vittoo nushtum" denoting respectively failure of cultivation from

from the soil being Sattish and from the seed rotting in the ground— The amount of each of these items is marginally noted from which it will be seen that the Shavy remission was only 756 Rupees, 443 Rupees of it appertaining to the Principal and 313 Rupees to the Sub Division and it was granted of course only in bonafide cases of failure.—

	Rs.
Sooktee	756
Chavara	871
Vittoo nushtum	25
	1652

Inundation or Decrees Rs. 2288

19. The next item of deduction to be noticed is on account of cultivation destroyed by inundation. The amount remitted under this head was Rupees 188 being Rupees 2,288 less than the similar remission in Fusly 1260— This might at first sight appear strange in reference to the character of the seasons of the two Fusles but the Pennar freshes which occurred in the midst of the cultivation season of Fusly 1260 that is in the Months of August September and October submerged a considerable extent of cultivated land of that Fusly, whilst the Cair Cultivation of Fusly 1261 having been commenced chiefly after the flood in May 1851 and the absence of any heavy freshes afterwards account for the little cultivation inundated in the year under report— The real extent

extent of land submerged exceeds indeed that of the previous Fusly, but the greater portion of it having been land as yet untilled, almost the whole of it is merged in the Caboolaty Bunjer deducted as will be seen from the marginal Statement appended to Para 12 of this Report.

1st item Poyamalı

20. The next item in the Statement is the small sum of 18 Rupees which is the assessment on some land lost under a new supplying channel.—

Vundra or Cowle remission Increase 161

21. The extent of lands held in cowle at the end of Fusly 1261 exceeded that of the preceding Fusly, and the remission granted was of course proportionately greater. The details are shown in the usual Cowle Statement No. 4.—

Fusl Cummy Decrease Rs. 100
Teerwah Cummy Decrease Rs. 186.

22. The increased means of irrigation as compared with Fusly 1260 necessarily reduced the remissions under these heads and the particulars of the two items are exhibited separately in Statement No. 2 agreeably to the Board's requisition.—

Proceedings 23d Augt 1852 Para 11

Palavoy favorable shares Rs. Decrease 759.

23. As there was not the same necessity as in the previous year to have recourse to manual labour for irrigation the amount of remission on this account in the year under report

× Fusly 1260 Rs. 1982
" 1261 — 1212
Decrease — 770

Fusly 1260 — 172
" 1261 — 183
Increase — 11

report is Rupees 770 less. That granted to Paracoody or non resident Cultivators is a trifle in excess of Fusly 1260 and calls for no remark.—

Moonas ul Cummy / Discretionary remission / — / Increase 578 Rs.

24. The particulars of the Moonas ul Cummy are contained in Statement No. 19 and comprise remission for the construction of new and repair of old wells, for loss of produce and cases of extreme poverty calling for special indulgence. The aggregate amount remitted was Rupees 4,002 and exceeds the similar item in Fusly 1260 by Rupees 578 almost the whole of which increase is on account of Well remission.—

× No. 3309 construction and repair of Wells 693 Loss of Produce 4th 4002

25 The total deductions as above noticed amounting to Rupees 29,158 being deducted from the gross settlement the net Ryotwar demand is left at Rupees 122,705. This is exclusive of Nagady at or ready money. Collections which amounted in the Fusly under report to Rupees 223,242 exceeding those of Fusly 1260 by Rupees 4,359. They consist of the following items.—

× Statement No. 2 Columns 151 to 153.

Cundregaddy Bilaunctahs Fixed Rs. 27,770 Rate Rs. 4,379.

26. The demand upon these being the same as in the previous year calls for no remark.—

The

Enam Badigas or Quit Rent
Fusly 1260 — 24615
" 1261 — 26277
Increase — 1662

27. The increase under this head arises from the more extended cultivation of Jodi Enams.-

Cuttoobadies or service tenures &c.
Fusly 1260 — 1417
" 1261 — 1396
Decrease — 21

28. Some of this service lands not having been cultivated for want of rain in Choondy there is a slight falling off in this item.-

Dasabundum Enam held for repair of Tanks &c.
Fusly 1260 — 9
" 1261 — 12
Increase 3

29. The conversion at the current selling prices of the grain payment with which this maniem is charged has occasioned the small increase in this item.-

Ushtabagum and Chatoorbagum lands charged with ½ & ¼ of the full assessment &c.
Fusly 1260 — 818
" 1261 — 659
Increase 141

30 The increased cultivation of maniems of this decription in the year under report accounts for the increase under this head.-

Poollery
Fusly 1260 15707
" 1261 15854
Increase 939

31 In the Poollery or Grofs tax comprising the usual items as shown in the margin there is a net increase of Rupees 939 resulting from a grofs increase of Rupees 1065 and a grofs

	Fusly 1260	Fusly 1261	Increase	Decrease
Poollery on cattle Fusly 1260	13705			
Deduct Do in Villages rendered in Fusly 1261	1868	13837	13747	710	"
Sale of Cunchas or pastures Fusly 1260	11175

Total		15707	15854	1065	126
		Nett Increase		939	

grofs decrease of Rupees 127- The former occurred chiefly in Villages which reverted from Rent in Fusly 1260 to Aumany in the year under report and in which therefore the tax has been levied on captation- The increased cultivation in the Fusly under review reduced the levy on amanut or arable waste and accounts for the decrease in that item.-

Chayroot
Fusly 1260 — 3269
" 1261 — 4974
Increase — 1705

Increase	72731

35. To this must be added the Revenue from Shrotriems Amarums Cuttoobadies &c.a which likewise exhibits an increase of Rupees 526 arising from a decrease of 193 Rupees in the demand on Shrotriems occasioned by the reduction under the orders of Government of the permanent Jodi on three of them in compensation for their lands excavated for River channels and from an increase of Rupees 719 in Stulla Curnums Poossoms which of course vary with the Cultivation and the total Land Revenue exclusive of Zemindary Peishcush is raised to Rupees 1576611 and is Rupees 91731 above that of Fusly 1260 and Rupees 72731 over the average of the last ten Fusles.-

of

31 Of the 33924 Rupees of balance now outstanding as above shown 27484 Rupees is on account of Amany Pyotwar including Stulla Curnums. From the destruction produced by the late inundations there is I fear little hope of any large portion of these balances being hereafter realized. The particulars will be inquired into during the approaching Jummahbundy

These in the possession of the Proprietors.

and reported hereafter.-

38 The residue 6440 is a Shrotriem balance, 330 Rupees being due on Jaurea and Rupees 6110 on 7 ufted Shrotriems. The former will be collected hereafter, and the latter is outstanding on 38 Villages, 17 of which were rented and 21 under Aumany. The balance in the Rented Beriz remaining to be recovered is 24 Rupees and that in the Aumany Villages Rupees 927 making a total

of

of Rupees 951 which will be shortly collected, and the balance on the fixed Jodi of all the 38 Villages will then be Rupees 5,521 which is irrecoverable and will be disposed of with the old Shrotriem Balance.-

39 The Board will have observed that 17 Yufted Shrotriems were rented in the year under report whilst only 6 were so disposed of in the previous Fusly. In reference to the reason assigned by me in my last Jummabundy Report Viz. the unfavorable season for the small number of Villages rented out in Fusly 1260 the Board have remarked in their Proceedings dated 23rd August last that "it does not appear clear how "a bad season could have been anticipated at "the commencement of the Fusly when the "offers for renting the Villages would have been received" offers are invited from the beginning of the Fusly but they are never received or rather the Durkhastdars never come to any settlement until the season is sufficiently advanced to enable them to judge of the probable profits of their Rents and it cannot, I think, be expected otherwise considering that the failure of the season afterwards and consequent deficient harvest, are not ordinarily considered to entitle

Para 15

Note
The outturn of one of the Aumaby Shotriems exceeds its Jody by 362 Rs. which when collected will be carried in liquidation of the bold balance upon it and there will then be only 589 Rs. out of the 951 Rs. referred to in the text, to be credited in reduction of the balance on the fixed Jodi of the Shrotriems.

entitled the Renter to any reduction of the settled demand. The Board likewise advert to the unsatisfactory state of the Shrotriem Balances as exemplifying the defective system of management adopted in respect to the Yufted Shrotriems. That the Aumany mode of settlement is open to abuse does not admit of a question, but the introduction of an individual settlement as suggested by the Board founded. I presume, on a money assessment / setting aside the propriety of such a measure so long as the interest of the Proprietors in their Villages does not finally close / appears to be impracticable, where there are no trust-worthy if indeed there are at all any data for forming a new assessment and where the duration of Circar management is uncertain and variable, depending of course on the discharge of the arrears by the Proprietors. The system of Joint Village Rents, however tho' a novelty and little understood in this District will if possible, be resorted to hereafter, whenever it may not be practicable to dispose of the Villages on simple Rents.-

40. The Demand Collection and Balance

Fort St. George 12th May 1853.

Balance on account of Zemindary Peishcush are exhibited below.-

from which it will be seen that the only balance outstanding on the 31st January last was 120 Rupees due by the Chittaty-war Poligar which must be collected hereafter from his Roofsooms.-

41. The receipts and disbursements on account of the Woortavaur and Chittaty-war Roofsooms are shown in a separate Statement.-

42. The balance of Fusly 1260 outstanding

Fort St. George 12th May 1853.

outstanding on the 15th October 1851 was.-

Ryotwar	21239
Shrotriems	8340
Stalla Curnums	419
Peishcush / Chittatywar	653

of the 1st of these items I stated in the 37th para of my last Jummabundy Report that "3000 Rupees may hereafter be collected" Rupees 5,631 have accordingly been recovered to the 15th of January last and the nature of the remaining balance as well as of the Ryotwar portion of the balances of former years has been inquired into and the report on the subject which is under preparation will be shortly submitted.-

43. Out of the Shrotrium balance Rupees 643 have been realized to the 15th January last and Rupees 282-5-8 having been written off under the orders of Government dated 11th Dec. 51 on account of certain Shrotrium lands lost under River channels, there remains Rupees 715 which being due on Gufted Shrotriums is irrecoverable and must be added to the balance of former years.- In pursuance of the recent orders of Government, I have commenced an investigation

Ex: M. of Cons: 25th Feb. 52 Parag-

investigation into these and no time will be lost in bringing it to a close.-

44 Out of the balance of stulla Curnums Roofsooms and Chittaty-war Peishcush only 72 and 26 Rupees respectively have been recovered and the particulars of the rest will be embodied in the Balance Report to be submitted.-

45 The aggregate demand under the different heads of Revenue both Land and Extra sources for the year under report as compared with the antecedent Fusly is exhibited in one view in the following tabular Statement shewing a net increase of 21,284 Rupees.-

	Fusly 1260	Fusly 1261	Increase	Decrease
	Rs.	Rs.	Rs.	Rs.
Zemindary Peishcush	41,814	41,814		
Ryotwar Settlement	1,364,745	1,449,911	83,166	
Rents for 1 and 3 years	18,021	22,060	11,657	5,618
Shrotriums	80,362	80,169		193
Amarums	2,637	2,637		
Cuttoobadies	327	327		
Nuzzer Roofsooms	8,206	8,206		
Stala Curnums	12,383	13,102	719	
Quit Rent	200	200		
Total land Revenue	1,902,695	1,994,425	97,542	5,811
Salt	460,733	584,851	124,118	
Sea Customs	10	184	174	
Abkarry	30,154	29,279		875
Moturpha	17,651	17,497		154
Sundry small farms and Licenses	688	639		49
Stamps	13,785	16,124	2,339	
Total	523,021	648,374	126,631	1,078
Grand Total	2,425,716	2,643,000	224,173	6,889

and the total collections, charges and net Revenue.-

	Collections			Charges			Centage		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
Fusly 1260	2,397,781	1	8	343,035	13	7	14	4	11
" 1261	2,597,707	4	11	367,870	6	5	14	1	9
Increase	199,926	3	3	24,834	8	10	"	"	"
Decrease	"	"	"	"	"	"	"	3	2

46. Altho the percentage of the total charges on the total collections in the year under report was thus less than in Fusly 1260 the increase of 24,834 Rupees in the disbursements arises from an augmentation of expenditure on irrigation works from the more extended manufacture of Salt and from an increase in the Collectors Salary and deputation allowances. The particulars are shown in Statement No. 5 prepared agreeably to the instructions of the Board conveyed in their communications noted in the margin.-

6th May 1852
26th August 1852

47. A Statement of the Cotton Cultivation in Fusly 1261 accompanies this report.- *No. 24

48. The report of the Acting Sub Collector on the Settlement of the Talooks under his charge is herewith submitted.-

A

Fort St. George 12th May 1852.

Proceedings 23d August 1852

49. A few observations seem called for in reply to the remarks made by the Board in their review of my last Jummahbundy Report.

P. 4 of Do.

50. The further information I have &c been able to obtain regarding the Surva Enam Village of Caumineny pollium has already been embodied in a separate communication.

Para 11.

51. The discrepancy pointed out by the Board between the entries in para 18 of my last &c Report and Statement No. 10 which accompanied it regarding the amounts claimed and disallowed on account of Sookhtee or perished Crops in Fusly 1260 having led to an attentive examination of the Shavy Statement, it appears to have heretofore been prepared under a misconception of the meaning and intention of the Form of account circulated with the Board's orders dated 20th August 1829, and in accordance with which it is supposed to have been hitherto drawn up. The practice here has been to enter in Column 2 of the Statement the assessment of entire numbers or Fields on portions of which only Crops may have perished thus including also &c the Seerwah on parts which may have yielded produce, and in the next Column [3] to insert the amount disallowed for various reasons out

of

Fort St. George 12th May 1853.

of the Shavy included under the preceding head, leaving to be entered in Column 4 the difference which of necessity carries with it the assessment on fractional productive portions merged in the 2d Column and which ought not I presume to find a place in a Shavy account. In like manner the object of the first column seems also to have been mistaken. The entries "within 1/16 produce" "from 1/16 to 1/4" &c. in this column have been taken to refer to the ratio borne by the part of a Field which yielded return to the entire Field, as for instance if in a Field of 20 Rupees, the Crops on an extent assessed at 15 Rupees that is 75% have failed the remaining [5 Rupees] extent or 25% being the part which was productive is entered opposite the entry "from 1/16 to 1/4 of a full yield" and so on whereas these seem intended to refer to the different gradations as it were, of failure whilst the 2d 3d 4th & 5th Columns are to show the assessment on the total Amount of Shavy, the portion of it disallowed, the remainder and the actual remission accorded. If these views are correct and meet with the approval of the Board, the Statement will accordingly be modified hereafter, that transmitted with the present Report being drawn up in the usual manner.

52. In the 17th para of their Proceedings under reply the Board observe that the net amount in deposit on behalf of Woortavaur is Rupees 128 15-3 but that no sum has been credited under the head of

Charges

charges in liquidation of the advance of 2,900 Rupees made in excess by the Circar, and that also 72-14-5 out of the collections of Fusly 1260 has been charged in that years account as a disbursement for the Peishcush of Fusly 1261. In reply I beg to explain that the whole of the surplus in deposit Viz. 1288 was not Woorta Paupunnahs to whom the advance referred to by the Board was made. Rupees 327-5-9 only belonged to him and it has accordingly been credited to the advance in question. The remainder /Rupees 960-9-6/ appertained to Woorta Paupiah and has been disbursed to him. In respect to the second point noticed it appears that as no Woortavaur & Roofsooms were collected up to October in Fusly 1261 the sum of Rupees 72-14-2 out of the Surplus Funds of Fusly 1260 in deposit on their account was credeted as usual to that months kist of their Peishcush.-

Para 19. 53 The Board point out a difference of Rupees 3,661 between the total of Ryotwar and other balances of former years as given in Para 55 of my last report and Column 12 of Statement No. 16 which accompanied it. The sum entered in the Report comprises balances of all descriptions Land and Extra Sources and they amount to Rupees 192035 as shown in the last Column /25/ of the Statement referred to, whereas the entry in the 12th Column is the sum total of the Land

Note. The entry of Rupees 1800248 in the Hindivi Report is a clerical error. It ought to be 166248 Rupees.

Land Revenue balances only, & does not include those on account of Extra Sources which Amount to

Columns 16-20 & 24 Rupees 5661 being the difference pointed out.—

Para 22 54 The further information required by the Board regarding the assessment of Seripoorum will be furnished in a separate report.—

Mutta Surra Enam Not known acquired by from the field. The Enam consists of
-wan accounts 2 Cowtoos of which he

Fort St George 12th May 1853.

Chellarah Seshayah	Venkoo Seshacar of Sooroor	Magany Manieam in Gungapatam in the Talook of Nellore 1/8 Gortoo	1	2 6	Not known prior to Employment in the Public Service.	Acquired by his ancestors on condition of paying one fourth of the assessment.	From the Manieam Jaree Book & fieldwar accounts it appears to be a Chatoora Begum hereditary Manieam.	The original grantee Calappa held 1 6/32 Gortoos and Seshaya enjoys from this 1/8 Gortoo but it is not registered in his name in the Jaree Books.
		Magany land in Coorakelly pollium in the Talook of Talamunchey Gortoo 8	2	8	Do	Acquired by his ancestors being a share in a Curnum Meerassey.	"	He enjoys this share in the Manieam but it is not registered in his name in the Jaree Books.
Attavanum Ramachendra row.	Mazoomdar Goomastah	Candrega in Pottem-paadoo in Sarva-pally in the Talook of Surrapally Gortoo 200	30	13	On the 25th October 1808 prior to employment in the public service.	Acquired by his ancestors.	As long as he continues paying the Government assessment.	This Land was given on condition of the Jungle which was infested with robbers and tigers being removed and of a Village being built. From the Sarkeed of Mr Travers dated 25th October 1808 the continuance of the Candrega or otherwise is to depend on the orders of the Board of Revenue.
		Bilmacta land in Nellore 38 1/2 64	2	- -	On the 8th September 1818 Prior to employment in the public Service.	By his ancestors by Puttah subject to Shist.	Do	
Causoocala Ragoopatty Row.	Mazoomdar	Magany manyem in Coroor in the Talook of Nellore sowable with 4 Tooms of seed.	-	- -	Not known & Prior to Employment in the public Services.	Purchased by his father.	As long as the Stala Curnums Manieams are continued.	This Magam of 3 3/8 Goortoos is registered in the Saree Book in the name of Seevaramapah of which land sowable with 4 Tooms of seed was granted to Stala Curnums and of this the land sowable with 4 Tooms of seed does not appear registered in this office purchased by the holders father. The Enamdars state that the sale was registered in the Court. C. Ragoopatty Row and Settapatty Row his brother enjoy one half and his uncle Causoocala Soondra ramiah the other half.
		Motta Sarva Enam in Yawkapanty in the Talook of Ongole	-	- -	Not known Prior to employment in the public service and during the Nabob's Government.	Procured by his ancestors.	From the fieldwar accounts of Fusly 1217 it appears to be an hereditary Enam.	He and his brother Seetapaty Row enjoy one share and his 3 Uncles the other 3 shares.
Causoocala Soondara-ramiah.	Head of Police of Dursa Chendalaoor	- - -

Nellore Co

6010 - Fort St George. 12th May 1853 -

To D. White Esqre
Collector of Nellore -

Sir.

1. I have the honor to forward herewith the usual Jummabundy, Kistbundy and other Statements connected with the Settlement of the Sub Division for fusly 1261 A.D. 1851/52.

Nos 1 to 5 - Places at which Settlement was made -

2. The names of the places in which the Settlement of the 5 Talooks forming the Sub Division was made are given below - All the Villages of Davagoodoor were settled at Sonarauzpully, a Village of that Talook, with the exception of one called Ponnaloor the Settlement of which was made in Ramapatam, in the Talook of Buddapoody -

Names of the Talooks	Names of Villages in which the several Talooks were settled -
Chendaloor	Addanky -
Enamanamallore	Enamanamallore -
Ongole	Cottapatam a hamlet of Nellore -
Davagoodoor	Sonarauzpully -
Buddapoody	Ramiapatam -

From

Fort St. George. 12th May 1853.

Number of Villages and Hamlets.

3- From the subjoined Statements it will appear that the number of Villages and Hamlets in the several Talooks comprising the Sub Division is the same in this as in the preceding Fusly-

Talooks-	In last year- Villages	Hamlets	In this year- Villages	Hamlets
Buddapoody-	40	29	40	29
Davagoodoor	76	62	76	62
Ongole	37	42	37	42
Cumamamellore	39	38	39	38
Chendaloor	38	25	38	25
Total	230.	196.	230	196

Season Cultivation of Dry Crops.

4- In the Fusly under review the season for the Cultivation of the 1st Series of Dry Crops was characterized by the fall of timely rains which contributed to an increased Cultivation of the Sujja and other crops more than in the preceding year; except in some of the Villages of the Chendaloor Talook where the fall of a few light showers rendered the crops grown in time tolerably heavy while those Cultivated afterwards yielded only from 1/4 to 1/2 of their full outturn in consequence of

Fort St. George. 12th May 1853-

of the rains having been scanty up to the end of October- The rains were partial in the months of July and August the season for the Cultivation of the 2d Series of dry Crops when Aurega and Cotton were Cultivated to a certain extent and the Ryots availed themselves of the opportunity of the ground being moist to sow the Madura Jonna- The Cultivation of these Crops depending as they do on the rain is less than in last year- In the Buddapoody and Ongole Talooks the crops yielded a fair return- The Crops in other parts of the Sub Division were less productive owing to the injurious effects of the storm in November, but the weather being less severe in the Buddapoody and Davagoodoor Talooks Aurega and other Madura Crops yielded a fair return- In October the season for the Cultivation of the 3d Series of Dry Crops the Ryots apprehended a failure of the rains and Cultivated Pyra, Jonna Varga in the previous months- But the Crops no sooner appeared above ground than they were destroyed by the gale, they were therefore renewed and yielded a fair return with the exception

Fort St. George, 12th May 1853.

exception of the Varigu and horse grams and green grain which having been attacked by insects yielded but ½ or ¾ of the expected outturn. In March abundant rain accompanied by wind and hail in some of the Villages of Buddapoody and Davagoodoor washed away the heaps of Pyrah Jonna and Lamp Oil seed left in the fields, thus occasioning loss to the Ryots. On the whole, however, the Cultivation of the Dry Crops may be described as more favorable in the Current than in last Fusly and had it not been for the excessive rain and storm the crops would have yielded their full outturn. The inundation caused by the overflow of the Goondlacummah, Palair and Innamacoo rivers swept away the produce left in the fields adjoining them.

Cultivation of Wet Crops.

5. The supply in the Carudoor Tank in the Buddapoody Talook having been insufficient for the irrigation of the Cauvi crops Cultivated in the bed of the Tank in the last Fusly, the Ryots were obliged in consequence of the low state of the River to put a dam across it for the purpose of raising the water for

Fort St. George. 12th May 1853.

for irrigation but the water having become brackish deteriorated the soil and rendered the land unfit for cultivation in this year. In Ongole Buddapoody and Davagoodoor Talooks the rains being light in the current year the Tanks for the most part were ill supplied. Added to this the bursting of the bunds of a few of them in the Enamanamellore and Chendaloor Talooks occasioned by the heavy rains and gale impeded the carrying on of the Cultivation of the 3d Series of wet Crops as extensively as in the antecedent Fusly. The crops in some of the Villages of the Buddapoody and Ongole Talooks dried up from want of water.

Garden Cultivation.

6. All this the Cultivation of Mooloom crops irrigated by Tank water was reduced in consequence of the supplies being scanty, the Crops under wells were prosperously productive and the species was more favorable than in last fusly.

Sanatory Condition of the people.

7. From the commencement of the Fusly under report and up to the end of May Cholera, Fever and small pox prevailed in some of the Villages of Davagoodoor, Enamanamellore and

and Ongole Talooks, and some deaths occurred. These diseases however ceased to exist towards the end of May and the state of the population has since been generally healthy.

Cattle. 8- In some parts of the Talooks in the Sub Division the Cattle were infected by an epidemic by which a small number perished and the November gale added to the Mortality. The Cattle generally however may be said to have thriven well owing to the extensive pasture available for them.

9- From the Statement in the margin of the prices of Grain it will appear that the prices of all descriptions have come somewhat

Grain-	Commutation rate-	Price of Grain- Fusly 1257-	Fusly 1258-	Fusly 1259-	Fusly 1260-	Fusly 1261-
Jonnah-	30 " "	20 32	20 10 "	19 10 "	23 12 10	22 11 2
Sullos-	30 " "	15 7 8	13 4 10	12 10 5	14 12 5	15 " "
Vanga-	30 " "	21 9 11	17 7 2	15 12 5	19 1 7	19 4 "
Raggy-	30 " "	22 " 4	18 11 2	16 3 2	18 3 2	20 " "
Total-	120 " "	85 6 1	70 3 2	64 4 "	75 4 "	76 15 2
Average of the 4 descriptions of Grain-	30 " "	21 5 3	17 8½	16 1 "	18 13 "	19 3½

what higher in the Current than in Fusly 1260 A.D. 1850/51 with the exception of Jonna and that the value of the Dry grain on an average of the last five Fusles inclusive of the one under review is below the Government commutation price-

Cultivation Engagements. 10- The Dittums for the Current Fusly were made as usual by the Thasildars-

11. The annexed Statement exhibits the Comparison of the extent of land occupied for cultivation in Fusles 1260 A.D. 1850/51- and 1261 A.D. 1851/52-

Fort St. George, 12th May 1853-

13- The extent of dry lands actually cultivated in the Current year is in excess of the last by Gortoos 623- Remissions were granted during the time of Settlement to the extent of Rupees 786-4-8 on Gortoos 134 only in such cases where the indulgence was urgently called for, and the remainder Rupees 1557-4-7 was included in the Demand- This is below the amount of Cafsoory assessed in last year by Rupees 1113-1-3- In levying Cafsoory due attention was paid to the injunctions of the Board and of Government and it was imposed only in those instances where wilful neglect was established and where Lands were not cultivated with a view of securing pasture for cattle-

The subjoined Statement exhibits a Comparison of the extent of Cultivation in each of the Talooks of the Sub-Division in Fusley 1260 (A.D. 1850/51) and 1261 (1851/52) to which is also added another Statement shewing the engagement and

Fort St. George, 12th May 1853-

and Cultivation during the five years inclusive of the Fusly under report-

Wet Cultivation

14- In the Current Fusly the extent of wet lands left waste is Gortoos 1756 assessed at Rupees 43920-5-3 which is more than the antecedent Fusly by Rupees 9667-4-7 on Gortoos 350- The character of the season already described to have been unfavorable

accounts

Fort St. George. 12th May 1853.

accounts for the falling off in the cultivation of wet lands. The remission sought for on account of the lands left waste were only enquired into and it was only in those cases in which the Cultivation was impracticable from causes beyond the control of the Ryots that the Shist was remitted. The deductions thus made amount to Rupees 43293–1–1 which gives an increase above the preceding Fusly of Rupees 9773–8–8. The remaining Rupees 527–4–2 was included in the demand being the Shist on Gortoos 27 the cultivation of which was not carried on in proportion to the means of irrigation available.

Garden Cultivation.

15 Of the Mooloom lands the extent left waste is assessed at Rupees 750–2–1 out of which the sum of Rupees 534–4–8 was included in the demand, it having been proved to have been left uncultivated through wilful neglect, and the remainder Rupees 215–13–7 was deducted from the accounts.

16. The total extent of Jareed lands not brought under cultivation was assessed at Rupees 552–1–3 of which sum Rupees 99–4–8 was remitted land to that amount having been left uncultivated from causes beyond the control of the Ryots and the remainder Rupees 452–12–7 included in the Demand.

Result.

18. The annexed Statement shews the demand for the Current Fusly compared with the Fusly immediately preceding and the deductions made during the two years.—

Statement.

Estate of George 12th Duke. Anno 1873.

Statement shewing the Yield and Annual Value of the Estate for Twenty

12 Geo. 4th and 1260 / 1834. 1260 / 1850.

Total

| | | |

Fort St. George 12th May 1853.

19.

From the above Statement it will appear that the demand in Fusly 1261 or A.D. 1851/52 on all descriptions of lands occupied for cultivation inclusive of assessment on wet lands cultivated with two crops and Fussulgastee or additional assessment amounts to Rupees 4,27,322-8-. exhibiting an increase above the last Fusly of Rupees 2,493-11-5. Deducting from this the several remissions Rupees 45,502-13-. on account of the lands left Bunjer &c. the Net Demand amounts to Rupees 381819-11. shewing a decrease of Rupees 6,791-6-1 below the antecedent Fusly. To this the ready money collections on account of Toollary and other items Rupees 73752-4-11 which is Rupees 639-8-2- above the preceding Fusly being added the total Demand amounts to Rupees 4,55571-15-11 which is below that of the antecedent Fusly by Rupees 6,151-13-11.-

20 The cause of an increase in the lands occupied for cultivation in the current year over that in the last has already been shewn. Owing to the somewhat unfavorable season there has been a falling off of Rupees 1009-6-3 on account of land found in excess of the usual holdings of the Ryots and other items and of Rupees 522-13-10 on account of land cultivated with a second Crop owing to the scanty supplies received in some of the Tanks exhibiting a net decrease

Fort St. George 12th May 1853.

of Rupees 1532-4-1 below the antecedent Fusly.-

Deductions Dry. Waste.

21. The following deductions on account of Dry waste amounting to Rupees 786-4-8 were made after a full examination of the several items Viz.t.-

Dry waste left by Ryots who from poverty were unable to carry on Cultivation Rs.	524-6-11	
Lands unfit for cultivation in consequence of being cut by natural channels including decrease of the extent of land as per measurement Rs.	21-8-8	
Occupied land become unfit for cultivation the soil being washed away by floods Rs.	72-4-11	
Lands in the beds of tanks rendred unfit for cultivation by inundations.	168-4-2	
	786-4-8	
This amount is below the preceding year by Rupees	151-15-6	

Wet Waste. The Deductions under this head amount to Rupees 43293-1-1- This is on account of the limited irrigation available for the Crops and owing to the bursting of some of the Tanks and to the deficiency of supplies the Tanks generally. In granting this remission every enquiry was made to ascertain the truth, and where the claims of the Ryots.

Fort St. George 12th May 1853.

Ryots appeared reasonable, due consideration was given, but in those cases where they had not exerted themselves, Cassoory was imposed. The deductions allowed include those lands which were cultivated in the preceding year but were rendered unfit for cultivation in this year owing to their having become Sowdoo.—

Garden Waste

23. Remission under this head amounting to Rupees 315-2-3 was allowed on account of the poverty of the Ryots, and the inadequate supplies in the Tanks also on account of the injury occasioned to some lands by natural Channels.—

Sookitee or withered Crops.

24. The deductions on account of Crops dried or withered amount to Rs. 313-9-2 which is the above the preceding year by Rupees 19-14-11 After enquiry into the circumstances of each individual Ryot these remissions were allowed where the representations proved true.—

25. Deductions on account of Crops distroyed by inundations amount to Rupees 9-1-11 This occurred in a Village of Davagoodoor Talook and in one of Chendaloor.

Fusul Cummy.

26. The remission under this head amounts to Rupees 134-3-5 and is below the last Fusly by Rupees 313-3-11 This is partly on account of dry crops raised on Magaunny lands.

Fort St. George 12th May 1853.

lands for want of Water in Buddapoody Village in the Talook of that name and also in Vennoorpaud in Davagoodoor having been assessed with the highest rate of dry Thistu partly on account of one Crop having been raised on two Crop Mooloom land in the Village of Covoor in Davagoodoor Talook and in Durmavarum and other villages in the Talook of Chendaloor.—

Vundra or Cowle remission.

27. A Deduction of Rupees 8-10-3 was allowed in the Current year on account of land under Cowle.—

Paulevansy or favorable share

28. As it was not practicable in the year under report to cultivate the Caur Crops in the bed of the Tank in the Village of Caraidoo of the Buddapoody Talook there is no deduction under this item.—

Discretionary remissions.

29. The amount remitted under this head amounts to Rs. 606. 13. 2. which is less than the antecedent Fusly by Rs. 90-1-. This is partly to reimburse the Ryots for expenses incurred in the sinking of Wells and partly to save from ruin poor Ryots whose crops from causes beyond their control had been damaged or yielded little.—

Ready Money Collections Quit Rent or Cnams.

30. The decrease of Rs. 34-9-3 observable.

Fort St. George 12th May 1853.

observable under this head arises from 3 items 1st the decrease of Rupees 18-4-9 from the Maniems of Balaky in the Talooks of Ongole and Enamanamellore resumed under the orders of the Board dated 23d April 1851 having been incorporated with the Coroo lands 2nd The decrease of Rs. 1-15-4 from the share of Paupummah in the Poorohitum Maniem in the Ongole Talook having been incorporated with the Coroo lands under the orders of the Board dated 24th November 1851 and Rupees 14-9-6 from the non cultivation of certain Wet Maniems.—

Poollary or Cattle Tax: 31 The Mucta Poollary was assessed in the Current Fusly in the same manner as it had been from Fusly 1253 A.D. 1843/44 and altho' there is a decrease of Rupees 5-12-3 in the Village of Vellapully in the Chendaloor Talook where the counting system is in force there is an increase in the Ongole Cushah of Rs. 103-5-10 which upon the whole gives a Net increase of Rs. 97-9-7 above the preceding Fusly.

32. Larger offers having been received for the Cunchas Amanut lands and spontaneous Chayroot there is thereby an increase in the Current Fusly.

Fruit Trees 33 There is a decrease of Rs. 4-8-4 in

Fort St. George 12th May 1853.

in this item owing to the destruction by the Storm of the Tamarind trees in Boddovanie-pollium a hamlet of Tummaveram in the Chendaloor Talook and a decrease in the item of Date and Palm trees of Rupees 5-4-4 owing to no offers having been received for them in the Talook of Buddapoody.—

Date & Palm trees. Firewood. 34 The increase of Rupees 100-3-1 in this item arises from the increased exportation of this article from Ramapatam.—

Chatoorbagum. 35. There is an increase in this item of Rupees 8-9-8. in consequence of an increase in the produce of a Maniem at Caraidoo a Village in the Buddapoody Talook which was settled on a division of produce. There is also an increase in this item of Rupees 73-11-4 being a cess levied for having used Tanki water for the Jareeb land in the Village of Pulicoor and other Village in the Davayoodoor Talook.—

Tax on Water

Revenue. 36. The following Statement exhibits a comparison of the Beriz in the several Talooks of the Sub Division in Fusties A.D. 1260 1850/51 & 1261 1851/52.—

No

6032 Fort St. George 12th May 1853.

No.	Names of the Talooks	Revenue for Fusly 1260. Rs	As	Ps	Revenue for Fusly 1261. Rs	As	Ps	Increase Rs	As	Ps	Decrease Rs	As	Ps
1	Buddapoody	73,965	10	4	69,912	15	2	"	"	4	4,052	11	2
2	Davagoodoor	130,247	13	5	127,943	7	4	"	"	4	2,304	6	1
3	Orgole	110,340	5	9	109,534	15	1	"	"	"	805	6	8
4	Eramanamellore	84,386	12	1	84,750	7	4	363	11	3	"	"	4
5	Chendaloor	62,783	4	3	63,430	3	"	646	14	9	"	"	"
	Total	461,723	13	10	455,571	15	11	1,010	10	"	7,162	7	11
								Net Decrease			6,151	13	11

From the above Statement it will appear that there is a falling off in the Beriz of the current year which arises chiefly from a comparative decrease in the cultivation of wet Crops. The causes occasioning the deficiency having already been explained a recapitulation here is need less.

Collection & Balance.

The subjoined Statement exhibits the collections and Balance of the Beriz of the Current Fusly upto the 15th November 1852. Of the balance however Rupees 300 are expected to be realized and the remaining Sum being principally due by poor Ryots and by parties who have absconded or died is probably irrecoverable.—

No 4

4	Eramanamellore	84,750	7	4	84,216	5	4	99	84,216	5	4	533	2	"	1
5	Chendaloor	63,430	3	"	63,130	11	11	99	63,130	11	11	299	4	1	"
	Total	455,571	15	11	442,699	15	9	97	442,699	15	9	12,872	2	"	2

Of the Beriz amount for Fusly 1261. Rs. 4,55,571-15-11 the Collections up to 15th November 1852 amount to Rupees 4,54,199-15-9 and the balance to Rupees 1372-2, which is less than the balance out-standing up to that date in the preceding fusly.-

Balance for Fusly 1260. A.D. 1850/51

38. Of the Beriz amounting to Rupees 4,61,723-13-10 for Fusly 1260 the collections up to 15th November 1851. amounts to Rupees 4,60,188-6-1 and the balance to Rupees 1535-7-9. Of this amount a sum of about Rs. 500 having been stated by me in the 31st Para of my last report to be realizeable, Rupees 374-4-1 were collected up to 15th November 1852. Of the remaining balance the amount recoverable, and otherwise have been entered in the detailed Statement of old balances forwarded by me.—

Shrotriem.

39. Of the 8 Shrotriems in the Sub Division 7 were under attachment and the remaining 73 in possession of the Shrotriemdars as in the preceding Fusly. Of the Beriz due on the 73 Jaree Shrotriems Viz. Rupees 13,802-3-6 the sum of Rupees 13,630-1-6 having been collected up to 15th November 1852 there remains a balance of Rupees 172-2-- for the realization of which measures have been adopted. The Collections on account of the Zufted Shrotriems amount to Rs. 1604-1-6 which

J. B.

which is Rupees 139-1-7 less than the Amount of their Beriz. The decrease in the rental amount is ascribed partly to the offens received on account of the Moppalleca senum Cundaga in the Talook of Dava goodoor which is Rupees 9-14-11 less than the Beriz and partly to the retention under Amance of the Village of Somavenapad in the Enamana mellore Talook owing to the poverty alike of the Soil and of the inhabitants no offens having been received to rent it by which the Beriz has fallen short by Rupees 129-2-8.

Total result of all items of Revenue.

40. The following Statement exhibits the demand on account of the several heads of Revenue in the Sub Division for the Current Fusly as Compared with Fusly 1260 A.D. 1850/51

Items	Fusly 1260	Fusly 1261.	Increase	Decrease

The

Motumpha

The causes of Decrease in the Land Revenue and Rooftoons have already been noticed. The demand on Motumpha was assessed with reference to the circumstances of each individual liable to the tax and altho' there has been an increase in the several trades on which this tax is levied still many of the parties paying it having either died or absconded there is a Net decrease of Rupees 47-4-3

Sundry Small Farms & Items

The decrease of Rupees 11 under this head arises from the non arrival of fishing boats

boats as in last year.—

Alkanny Arrears

41 The Deficit on account of this head is below that in the antecedent Fusly by Rupees 38—14—5 which is attributable to the smallness of the offers received for some of the Alkanny Makams in the Sub Division.

12. The Statement given below exhibits the arrears outstanding on the Talooks in the Sub Division for Fusly 1260 A.D. 1850/51.—

From the Collector of Bellary.

Sir,

In retransmitting the Treasury examination Certificate which accompanied your letter of the 21st Ultimo, I have the honor to inform you that a clerical error has occurred in entering the Amount of Charges at Rupees 10,225-5-u instead of Rupees 10,245-5-u which latter is the correct Amount from 21st to 24th of January. I have corrected the Certificate accordingly and it will be seen that the Balance remaining Viz. 7,35,384-10-6 is the correct balance as entered before.—

B. No. 1015.
To the Civil Auditor—
Encl. 1 in North Arcot 12. April in cons:
12. May 1853.

In cons: 27 Feb/53

Ordered that the following letter be sent in consequence.—

To The Civil Auditor.

Sir,

With reference to item No. 32 in the accompanying Extract from the retrenchments of the Accounts of the Distr. of North Arcot for Fusly 1260 and to para 2 of Extract from the Minutes of Consultation dated 18th Febry 1853, I am directed by the Board of Revenue to request that you will be good enough to forward to this Office, a Copy of the Correspondence with the Special Agent for Foreign Settlements respecting the pension of Rupees 2 per in Mensem to Chouriana, to enable them to obtain the Orders of Government on the Amount now retrenched.—

P. Revenue Board Office
Fort St. George.—

To
W. H. Bayley Esqre.
Secretary to the Board of Revenue

Fort St. George

Sir,

31

B. No. 1050.
From the A.C. Collr. of North Arcot submits the Report required by the Board regarding highly assessed Lands.

* 7th Decr. 1850. No. 1149.

* Letter to Govt. of Fort St. George dated 19th Novr. 1851 No. 29.

Para 1. With reference to the Proceedings of the Board of Revenue dated the 23d January 1851, and 19th February 1852, communicating, for such observations as I may have to offer, certain orders of the Government and of the Honorable the Court of Directors, having reference to the principle on which the wet lands in the Talooks situated to the South of the Palaur are assessed, and to the injury inflicted both on the Government and the Cultivators by imposing the same unvarying assessment on those lands whether one or two crops be cultivated, I have the honor to refer the Board to the correspondence noted in the Margin, in which the subject was formerly discussed by certain Revenue Officers of this District, and was finally left to the Board to be disposed of—

Sub Collr. Summabundy Report for Fusly 1247 paras 29 to 39.
From B. 25th February 1839 para 9
From Dr. 22d April — para 7 & 8 of the M. C.
To Dr. 25th May 1839 from para 4 Summabundy Report for Fusly 1248 para 31—
From B. 18th May 1840 paras 11 & 15.
From Dr. 10th Septr. paras 6 to 8 of M. C.
To Dr. 3d Septr. 1842 paras 1 to 3.
From Dr. 31st October para 1
To Dr. 6th January 1843.

2 In paras 29 to 39 of his Summabundy Report for

Fort St. George 12th May 1853.

for Fusly 1247, dated the 5th September 1838, Mr. Bourdillon, the then Sub Collector of the District, first brought the question to notice. He referred to the accounts of previous years to shew that there had been a gradual falling off of Revenue in the Sub Division, and he expressed an opinion that this deterioration was in part to be ascribed to the circumstance that the teerwah on the Nunjah lands was not divided, so as to proportion the demand to the number of the Crops actually cultivated in each Season, in consequence of which the Ryot who could not be certain at the beginning of the year that the supply of water would be sufficient for two Crops, was discouraged from cultivating the land at all. To support this opinion he submitted a Statement shewing the quantity of land available for cultivation, with the proportion between the cultivated and uncultivated lands under certain rates of Assessment; and to remedy the evil adverted to, he suggested that the Assessment should be divided into two portions, assigning two thirds of it to the first Crop, and one third to the second.

3. Mr. Ogilvie, the Principal Collector, in his letter to the Board dated the 25th May 1839, concurred with Mr. Bourdillon in

Fort St. George 17th May 1853

in some of the observations made by him, but did not consider it practicable to divide the present Assessment, as Mr. Bourdillon had proposed, on the ground that the Survey accounts do not distinguish between the lands on which the Assessment was intended to apply to two Crops, and those lands on which the Assessment was for one Crop only.

4. He also pointed out the chief defects in the Survey of Fusly 1213, and recommended the completion of the new Survey which Mr. Cook commenced in Fusly 1233, and Mr. Nisbett continued, but which was ultimately abandoned by Mr. Roberts. Mr. Ogilvie supported at the same time the proposition made by Mr. Roberts, to allow a remission of 10 per Cent on the Survey rates. Mr. Goldingham also recommended the completion of the Survey in his letter to the Board dated 3d September 1842, and added that it would be advisable, when adopting that measure, to make the Assessment on the two Crops distinct. Mr. Ogilvie has likewise explained in the letter above adverted to, what additional establishment would, in his opinion, be necessary to complete the Survey should the Government be disposed to sanction that measure.

5. With reference to these reports, the Board in their Proceedings dated 18 May 1840.

Para 15

expressed

Fort St. George 12th May 1853

expressed their intention to submit their matured Sentiments at an early period for the orders of the Government, and in their Proceedings, dated the 31st October 1849, they observed that the "best mode of making Surveys in general" was then under discussion, and that they hoped at an early period to furnish the Collector with final instructions for resuming the work. It therefore now rests with the Board to recommend those measures that they may deem most expedient.

Para 1.

I am not aware that I can add any thing of importance to what has been already said on the subject, Mr. Bourdillon did not state that the falling off of the Revenue waste be traced entirely to one cause, nor does it appear that the Revenue of the 4 Talooks comprising the Sub Division has continued in a progressively declining state to the present time.

Fasly

	Amount Rs as ps
1247	395837-11-1
57	469080 10-3
58	453562.5 7
59	340764.8 8
60	114342.13-4
61	465523.9 11

He remarked in para 32 of his Summabundy Report for 1247 "that "while the proportion of cultivation on the "whole to the cultivable land is 61 per Cent, "that of the higher rate is only 15 per cent" but this fact alone may not be sufficient to

Fort St. George 12th May 1853.

to call for a new Survey thro' the whole Division. It should also appear that the 8 per Cent of waste under this high rate forms a large proportion of the entire waste throughout the four Talooks, Instead of this being the case, it appears by the Statement that this rate, ranging from 9 to 12 Pagodas, comprises only 192 Cawnies, cultivated and waste included, and that under the next rate, ranging from 6 to 9, the cultivated portion rises at once to 44 per Cent. The entire quantity within the last mentioned rate (Cawnies 3596) is also small, compared with the quantity comprised under the remaining rates, Viz from Pagodas 3 to 6 (Cawnies 25796) and from Below Pagodas 3/28176-8.

Other causes, irrespective of the one adverted by Mr. Bourdillon, may operate to throw the higher assessed lands out of cultivation; as, for instance, an assessment on these lands disproportionate to the real quality of the land, though the supply of water may be fully adequate for two crops; or, an assessment disproportionate relatively with the assessment on the other lands in the Village. such inequalities may arise either from fraud, or from errors, during the Survey. If they exist in the Sub Division, it is apparent from the Statement that a sufficient

quantity

quantity of waste land is still to be had under the lower rates, to save the ryot from the necessity of resorting, at least for some time to come, to those lands that relatively considering the assessment, would be less remunerative.

9. I have no doubt that these remarks are applicable to the Sub Division, for it is admitted on all sides that no reliance can be placed on the settlement of Fusly 1213. It secured the Revenue for the time being by fixing the Gross demand on each Village on an average of years, but the very important duty of distributing this assessment on the lands, and for that purpose dividing the land into classes, was left entirely to the Village officers, In fact the Settlement in that year was a temporary measure, intended to serve only till time could be found for making a regular Survey field assessment, tho' no steps were taken to carry out this intention till Fusly 1233, In support of this view I refer to Mr. A. D. Campbell's report to Sir Thomas Munro, dated 6th November 1826, para 27 and 233.

When B. Member of the B. of Rev.

10. It is probable therefore that unequal assessment has had a greater effect

effect in throwing the highest assessed lands out of cultivation, than that single false principle in making a assessment, to which the attention of the Court of Directors has been drawn. As to the latter point I refer to the direct effect of an unvarying assessment on land classed as two crop, when water fails. as it has not been the practice to levy an Extra assessment on the lands yielding two crops now, but originally assessed as one crop, the effect of an unvarying assessment, as applied to land of this class, has probably been very detrimental to the Revenue; but, on the other hand, to the people themselves, the unvarying assessment must have been a source of considerable profit. such a principle acts as a premium to the transferring of cultivation from the lands best situated in respect to the means of irrigation to the worst situated.

11. To suppose that a large quantity of land has been abandoned merely because it bears a two crop consolidated teerwah, implies either that there is considerable difficulty during a Revenue Settlement in determining whether one or two crops are likely to be grown,

with

with reference to the means of irrigation;
or it implies that the Sources of irrigation
generally are in a worse state of repair at
this period, than they were when the Settle-
ment was made 50 years ago I do not think
either of these views is correct.—

12. On general grounds therefore
involving the whole character of the present
settlement, I concur with those who have
written before on the subject in recom-
mending that the Survey of the Sub Division,
and the Talook of Vellore, should be resumed
and completed— I have explained on what
grounds I concur, but it may be remarked
that the same reasons which have already
led the Government to Sanction the Survey
now commenced in South Arcot, must apply
equally to these Talooks, which Originally
formed a part of that District.—

13. Readjustment of the assess-
ment generally, must be a chief object
in making a regular Survey— It is not re-
quired merely to lower rates where they
are found to be too high, but to raise
them where they are too low; at least, this
measure is called for in justice to the
Government in respect to those lands,
which

which yielding two crops now, may appear
to have been assessed originally for one On this
latter point, however desirous the Board
may be to act in a liberal Spirit, they
must be prepared for considerable opposition.
The best mode of Reconciling the people
to the necessity is to make great Reductions
in the present unreasonable rates on the
higher class land.—

14. I trust, when the duty is to
be undertaken, that adequate aid will be
given, for without extra assistance, in the
shape of additional European Officers, and
an instructed native Staff, it is hopeless to
expect that the Collector can undertake
such work, and pay proper attention to his
daily duties besides.—

15. A Copy of a Statement to
which frequent reference has been made
in this letter is enclosed.—

Bd. No. 1224.

From the Government Pleader, Sudr Udalut

Sir,

I have the honor of forwarding for the information of the Board of Revenue Copy of the Petition which I filed on the Sudr Court in the matter of the Caruetenugger Minor Zemindar and of the order passed by the Judges on that Petition—

By this it will be perceived that the Court has over-ruled its former decision and laid down a doctrine by which for the future the property of Minors of whatever description may be protected either under the authority of the Court of Wards or the Civil Judge of a Zillah—

Madras 6th May, 1853.

(Signed) J. B. Norton.
Government Pleader.

Extract from the Proceedings of the Sudr Udalut, under date the 30th April, 1853.

Read Miscellaneous Petition presented on the 7th April 1853 by J. B. Norton Esqre Government Vakeel on behalf H. A. Brett Esqre

Acting

Acting Collector of North Arcot.

Here enter L. M. P. No. 129 of 1853.

This is an appeal from an order passed by the Civil Judge of Chittoor under date the 2d December 1852 declining to comply with an application made by the acting Collector of North Arcot for the nomination by the Civil Court of a Guardian to the Minor zemindar of Carvetnugger under the provision of Section III Regulation X of 1831.

The order of the Civil Judge is based upon an exposition of the law conveyed to him in an Extract from the proceedings of this Court under date the 29th October last in reply to a reference made by him for instruction as to the competency of the Civil Court to appoint a Guardian to the Minor proprietor of an Estate paying revenue direct to Government and therefore subject to the jurisdiction of the Court of Wards under Section II Regulation V of 1804, the opinion given by the Court of Sudr Udalut being to the effect that the terms of Section III Regulation X of 1831 preclude the interference of the Zillah Courts with Estates subject to the Jurisdiction of the Court of Wards, it

it being declared therein that the provision of Sections XX XXI and XXII Regulation V of 1804 which authorize the nomination by the Zillah Courts of Guardian to the disqualified heir of estates held by joint possessor and subject to an undivided assessment of the public revenue shall be extended to property of every description not subject to the jurisdiction of the Court of Wards, and to the heirs of single as well as joint possessor of Estates both real and personal from which it is to be inferred in the absence of any enactment conferring further powers in the Zillah Courts in this respect that in the Case of an Estate the property of a single proprietor paying revenue direct to Government and therefore subject to the jurisdiction of the Court of Wards it is not competent to the Zillah Court to interfere.

The Petitioner contends that had this been the case of an heir of one of several joint proprietors the Civil Court would clearly have been bound under Section XX Regulation V of 1804 to appoint a guardian upon the Report of the Collector, and that the provisions of that Section being by Section III Regulation X of 1831 extended to the Case of single as well as joint possessor

possessor of estates real and personal and the minor zemindar referred to being the heir of a single proprietor of an estate paying assessment direct to Government and the Collector having reported the same to the Court, all those circumstances are shewn to exist which raise the jurisdiction of the Court.—

He prays therefore that the order of the Civil Judge may be revised and that Officer directed to nominate a Guardian to the estate in question in accordance with the provision of Regulation X of 1831.—

On an attentive consideration of the several provisions of the Law above referred to and of the arguments advanced by the Petitioner the Court of Sudr Udalut as at present composed, see reason to dissent from the opinion recorded in this Court's Proceedings of the 29th October last.

The Court of Sudr Udalut observe that Section III Regulation X of 1831 contains two distinct provisions, by the first of which sections XX, XXI and XXII Regulation V of 1804 are made applicable to estates not paying revenue direct to Government, and which class of estates are not subject or liable to the jurisdiction of the Court

Court of Wards; and thus a state of things was provided for which previously no remedy existed save the very insufficient one laid down in Section XVI Regulation III of 1802.—

In the latter number of the Section the abovementioned provisions of Regulation V of 1804 which already provided for the care and management of the estates of joint possessors are extended to the heir of single possessors and it is this portion of the Section quoted which applies to the case under consideration, and the applicability of which as it appears to the present Judges of the Court of Sudr Udalut is in no way affected by the question of whether the state be liable or not liable to the jurisdiction of the Court of Wards.—

It was evidently the intention of the Legislature in framing Section III Regulation X of 1831. to provide for the protection of the estates of disqualified proprietors which may not be taken under the superintendence of the Court of Wards, whether in consequence of the estate not being subject to the jurisdiction of the Court or owing to the Court of Wards not having thought proper to take it under their charge.

The Court of Sudder Udalut accordingly resolve

resolve to reverse the order passed by the Civil Judge under date the 2d November last.—

Ordered that an Extract from these proceedings be given to the Government Vakeel on his application.—

/True Copy/

Government Pleader.

To, The Honorable Judges of the Sudr Udalut.

Miscellaneous Petition against the order of the Civil Court of the zillah of Chittoor, dated 2d November, 1852 presented by John Bruce Norton Esqre Government Pleader on behalf of H. A. Brett Esqre Acting Collector of the zillah of Chittoor.—

Respectfully Sheweth,

That as appears by the said order certified Copy whereof accompanies, the Civil Judge under the circumstances therein set forth held and determined that it was not competent for him to appoint a Guardian (under the terms of section III of Regulation X of 1831) to the Minor Zemindar of Carvettenuggur on the request of the Acting Collector of Chittoor.—

That

That such decision appears to have been based upon an argument that Section III Regulation X of 1831 applied only to property "not subject to the jurisdiction of the Court of Wards" and that as the property in question was "subject to such jurisdiction," the zillah Court was not empowered to interfere.—

That if this ruling be law very great evils must follow, in-as-much as in many instances in which the Court of Wards may decline to interfere the estates of Minor will be left totally unprotected and without any guardian being appointed.—

That had this been the case of an heir of one of several joint possessors, the Civil Court would have clearly been bound under Section XX of Regulation V of 1804 to have appointed a guardian upon the report of the Collector.—

That the provisions of that section are by section III of Regulation X of 1831 extended to the Case of "Single" as well as joint

joint possessors of estates real and personal.

That the Minor Zemindar of Carvettenuggur's estate paying assessment to Government, he himself being heir to a single proprietor and the Collector report-ing these matters to the Court, all those circumstances were shewn to exist which raise the jurisdiction of the Court.-

Your Petitioner therefore humbly prays that the order appealed against may be reversed, and that the Zillah Court may be directed to nominate a guardian forth-with in accordance with the provisions of Regulation X of 1831 and your Petitioner prays to be heard orally if necessary.-

Bs No 919.

From the Collector of Salem - - - -

Reporting the demise of one Goolam Mahomed the Sole Proprietor of Mootah Balarapally and Joint Proprietor of Mootah Bomeycoopam and submitting the arrangements that have been made thereon.-

Permanent Bery 5866-4--
Do 5522-6-3-

Sir,

For the information of your Board I have the honor to report the demise, on the 12th February last, of Goolam Mahomed sole Proprietor of Mootah Balarapally, Jalook Kistnagherry, and a joint Proprietor of Mootah Bomayacoopam, Jalook Tripatoor, of this District. The latter estate is likewise registered in the name of Hussain Saib a brother-in-law of the deceased.-

2. The deceased left two Sons named Shaik Madar Sahib and Mohomed Hoossain Sahib aged 13 and 6 years respectively, and a widow. The entire Balarapally Estate and the Share of Bomayacoopam enjoyed by the deceased have been registered by me in favor of his Sons.-

3. Fatima Beebee the widow and Suckina Beebee mother of the late Mootadar, have addressed me in writing expressing their desire to have the before Mohomed Hoossain Sahib recognized as

as the manager of the entire Estate during the minority of the two lads.-

4- In the absence of Members of the deceased's family competent to manage the property and adverting to the prejudices of caste which prohibit respectable Mohomedan females from appearing in public, I deem it advisable to meet the wish of the two ladies in question, particularly, as it appears that the deceased proprietor's family will remain under the protection of Hussain Sahib and beg therefore to recommend accordingly. as the matter of nominating a guardian for the newly registered minor owners of the Bomayacoopum Mootah concerns the Judicial authorities, I have communicated with the Civil Court at Salem.-

Sec: XX Regn V of 1804.-

To The Chief Secretary to Government

Sir

Bc. No 1005.

To the Chief Secretary to Government - - } I am directed by the Board of Revenue to submit for the information and orders of the Right Honorable

Submitting a letter from the Collector of Salem reporting the demise

demise of the Proprietor of Badarapully Mootah and Joint Proprietor of Bomayacoopum Mootah and recommending that permission be granted to recognize the brother in law of the deceased as manager of the entire Estates during the minority of the heirs showing that the Collector has addressed the Civil Court respecting the nomination of a Guardian.-

See Board's Proc. 12th May 1853.

Honorable the Governor in Council, the accompanying letter from the Collector of Salem is dated 5th April 1853, reporting the demise of one Goolam Mohomed, the sole Proprietor of the Balarapally Mootah, and Joint proprietor of the Bomayacoopum Mootah.-

2- The permanent beriz of the former Mootah is Rupees 5,866-4-- and that of the latter Rupees 5,522-6-3.-

3- The deceased left two sons both Minors and a Widow and the entire Estate, as well as the Share in the other, have been registered in favor of the two sons.-

4 As none of the members of the family are competent to manage the property, the Collector in accordance with the request of the widow and mother of the late Mootahdar recommends that one Hussain Saheb, a brother in Law of the deceased, be recognized as the manager of the entire Estate during the monority of the heirs and the Board beg accordingly to support Mr Phillips recommendation.-

5. It will be observed that Mr Phillips has addressed the Civil Court at Salem respecting the nomination of a Guardian.-

41

Bd No 884

Sir,

From the Collector of South Arcot - - - } In acknowledging Extract from the Proceedings of the Board of Revenue dated 14th Instant, I have the honor to explain that the Heads under which I have latterly shewn the Sevoy Jummah, were adopted by me for the purpose of carrying out the instructions which

which have been given at various times by the Board. Thus in their orders of 26th January 1824 a form No 1 was given to make the revenue accounts agree with the Statement transmitted annually to the Accountant General. the interest connected with Land Revenue is there entered under the head of extraordinary, while the extra revenue belonging to each extra source is shewn separately under the branch to which it belongs. a similar course being followed in the printed forms of account furnished by the Accountant General.

2. I beg further to observe that in the form of Statement A enclosed in the Boards letter of 27th October 1828 the extra Collections under each extra branch of Revenue are directed to be distinctly shown and that the Board's Proceedings of 1st November last seemed to me to direct that the Servy Summary of the 'Extra sources' should continue to be separately exhibited.—

3. Having thus explained that the course adopted by me was followed in an endeavour to carry out what appeared to me the instructions of the Board, I now send a Statement prepared in the manner directed in the Board's Proceedings under acknowledgment. although the alteration brings such items as

as "rent of a late Sayer Cutcherry" and "proceeds of the old triangle of the Sayer Department" under the head of Land Revenue and the instructions now given by the Board will be followed in the preparation of my future returns.—

South Circuit Collector's Cutcherry Cuddalore 31st March 1853.

(Signed) E Maltby
Collector

The

Bd No 1022
Proceedings
(41-42)

thereon. The total Sevoy Summah Current Demand for the 1st interval noted in the Enclosure to the above letter viz. from 1st to 11th July 1852. Fusly 1264 is correctly entered as Rupees 15308-11-3 but the value of its components is not correctly represented by the entries.-

		Rs	a	p
Sevoy Summah	Land Revenue	10743	9	5
	Extras Revenue	4565	1	10

The former item should be increased by Rupees 2731-8-11 and the latter decreased to the same extent for the following reasons.-

2. It appears from Enclosure 3 in the acting Collector's letter of 5th November 1852 that the sum of Rupees 2731-8-11 is composed of 7 items which he there calls (and properly) Extra Revenue on land. It ought therefore to come under the head of Land Revenue Sevoy Summa. and Extra Revenue Sevoy Summa. The entire should be

In Cons. 14th March 1853.

Land Revenue	13475-2-4
Extra Revenue	1833-8-11
	15308-11-3

and the Collector will be good enough to alter the Demand Collection and Balance for that period 1st to 11th July 1852 Fusly 1261 accordingly, and to be guided by this explanation in the preparation of his Demand Collection and Balance Returns.-

I &c

3. If Mr Maltby will refer to the Board's letter of 14th March 1853 he will find that he was instructed that "the whole of the items entered in the two first of the 3 Heads into which the Sevoy Summah has been divided" (in Enclosure 3 of his letter of 5th November 1852) "belong to the Land Revenue Sevoy Summah;" and he will observe that the sum of Rupees 2731-8-11 now misplaced is the second of those two heads.-

4. It is observed that under the head of Extraordinary in all the Demand Collection and Balance Statements of this district from August 1852. the sum of Rupees 87-8-. is exhibited every month as the rent of Government house. Under what head this amount was included previously is a point to be explained by the Collector. It seems to be an item that should fall under the head of Land Revenue Sevoy Summa.-

Thes

5 The particulars of the item "Sundries" ought to have been shewn in the Demand Collection and Balance Sheets.

6. From the observations of the Collector in the letter now under notice he seems to regard "the rent of the late Sayer Cutcherry" and "Proceeds of the old Triangle of the Sayer Department" as items belonging to Extra Revenue Sevoy Summa, but as the Sayer does not now exist his course is to carry them to the head of Land Revenue Sevoy Summa and he will alter the account accordingly.

Read

+ Vide the last item under the head of Extraordinary in the returns for February 1853.

(45)

Bd. No. 1748.

From the Collector of Coimbatore } 1.

Sir,

I have the honor to acknowledge the Board's Circular of the 24th. March last with the Memorandum which accompanied it.-

States with reference to the Board's order the particulars of the measurements used in his District for Wet and dry lands &ca.

2. The Dry lands, as well as gardens artificially irrigated, have been measured at the time of Survey with a chain of (16 Baums) 34 Yards this is 1/4 of the standard chain which in length is 136 Yards = one square chain being 18496 square yards or 166464 square feet is considered equivalent to a Bullah which is the general terme made use of throughout the District, either in Public Accounts or amongst the Ryots, with reference to the two descriptions of land above adverted to.-

Acres 3 R. 39 P. = 5 Cawnies 2 M. 864

3. Wet lands are distinguished by

6086

Fort St. George 12th. May 1853.

by Cawnies they were measured with a rod 24 feet long. One square rod or 576 square feet make a Goolie or Coollie or Goontah; and 100 of these, or 57600 square feet a Cawnie: This is used in Public accounts and is also the local land measure known among the Ryots. In Suttimungalum the Ryots generally refer to Coollies and in all other Talooks they Estimate their lands as Containing so many "mows" each "mow" being equal to 240 Coollies; with reference to the Collection of

1. Cawnie
2. Tamil
3. Telugu

grain for the payment of Peeranie Sibbendy, Nunjah lands are divided into "Shey" each Shey amounting to 120 "Coolies" this practice prevails only in Suttimungalum and Erode not in other Talooks. The measurement of Wet lands applys equally to "Dhruspire" or Nunjah Gardens.

Enclosure No. 1.

To H. V. Conolly Esqre.
Collector of
Malabar

Sir, With reference to your letter of the 23d instant accompanied by a Copy of an Extract from the Proceedings of the Board of Revenue dated 17th idem I have the honor to inform you that a practice has long prevailed in this District, the Origin of which I cannot now ascertain from the loss of the old Records, by which the Roman Catholic Priests are allowed to receive duty free the wine procured for Sacramental use.

This privilege has been limited to 1½ dozen Bottles for each Individual for a Year.

Collector's Cutcherry,
On Circuit Agumba,
31st March, 1853.

(Signed) F. A. Malthby
Collector.

To H. V. Conolly Esqre.
Collector of Malabar
Calicut.

Sir, In reference to your letter of the 6th instant I have the honor to

to state that it is a matter of some difficulty to say as to the exact quantity of Wine required for the Catholic Church here for any specific period.—

Independent of the Ordinary demands of this parish, which unlike others in Malabar and Canara has an European Corps for whose Catholic Members a separate Divine Service is always performed, the Priests at the neighbouring places, such as Cannanore, Tellicherry &c. generally apply for Wine at this Church; and besides from the central position of this Station to the Catholic Missions of these Provinces, Clergymen travelling frequently visit this Church, where in the generality of cases their stay is far from being short.—

The Consumption of Wine is consequently fluctuant and cannot, therefore be correctly estimated

It is moreover difficult to obtain Wine from Goa wheresoever it may be required and it is equally so

as to procure it locally of that pure and genuine quality which is necessary for sacramental purposes by having med with a favorable opportunity

I at once ordered out the two Barrels of Wine which I should think will last for a Considerable time

Each of the Barrels is calculated to Contain 9/ nine dozens.—

Cannanore, 9th April 1853. } (Signed) F. X. Saldanha
Roman Catholic Chaplain

Sir,

With reference to my letter of the 11th
April 1853 reporting the loss of Stamps, I have the
honor to forward for the information of the Board
the accompanying Copy of a letter from Mr.
Hudleston, who has since returned to the Pre-
sidency, containing his remarks thereon, also
a further explanation from the Sheristadar
in Regard to his own responsibility.-

I am still of opinion that
2.
as regards the first loss of Stamps nothing has
been elicited to disturb the decision passed
at the time; and that on the last occasion
though there is no proof whatever of Casava
naidas having been a party of the fraud, he
cannot be exonerated from neglect of duty
in a matter attention to which would, in all
likelihood effectually, have prevented its ac-
complishment.-

(Signed) H. Stokes
Acting Collector

To.

Fort St. George 12th May 1853.

To

H. Stokes Esqre.

Acting Collector of

Madras.

Sir

I have the honor to acknowledge the receipt of your letter dated the 22d. Instant requesting me to furnish you with any remarks that may occur to me on the subject of the loss of Stamps in my Office in 1846 & 1852 & especially my opinion as to the defence made by the present Sheristadar in regard to his own responsibility on the last occasion. In Reply I beg to state that as regards the deficiency in the Stamp Department in 1846 I have to observe that after personally inspecting the Almirah that had been entered by White ants & immediately instituting a full enquiry about the unfortunate destruction of the papers that had been secured in it, it did not appear to me that there was any reason to believe that either the Vendor or any other person could have purposely introduced these ants to cover the perpetration of any fraud that they may be supposed to have committed. On the Contrary, seeing that the papers were secured in the public treasury & that those

of

Fort St. George 12th May 1853.

of high value, especially those that had been wholly destroyed, were unsigned papers, and under the immediate custody of the Sheristadar whose recent appointment to the Acting Sheristadarship would prevent the belief that he would have Compromised his character, expecting promotion as he did, in any participation with the Stamp Darogah, to defraud the Government; these Circumstances I say, on a Consideration of all the facts of the case, induced me to attribute the destruction of the Stamps by white ants to accidental Causes beyond the Control of the establishment and such having been my impression, I reported the whole Case to the Superintendent of Stamps who with the Board and Government Concurred in viewing the matter in the same light.

2. I find it difficult to pronounce any opinion on the loss that took place in the Stamp Department & which was discovered towards the end of last year. At the time when that fraud was brought to light and the

enquiry

Fort St. George 12th. May 1853.

inquiry was going on I was absent from office & confined to my house from severe illness which rendered it indispensable for me to proceed to sea. It appears indeed quite unaccountable to me how the Stamp Darogah should at once have committed himself by the Confession of the Fraud imputed to him when he must have been fully aware that he would thereby render himself liable to a prosecution in the Supreme Court. Taking also into Consideration the Vendors highly respectable Connexions, the large Security he had given / larger indeed than the amount embezzled / the good Character he had held for many years and the fact that the Stamps in his charge had been examined and found Correct only a few months previously and lastly the Contradictory statement made by him as to the whole transaction all those facts render it difficult for me to come to any decided Conclusion as to whether he was solely guilty or has been made the dupe or victim of more designing persons.—

3. However the loss may have originated I cannot but express my surprize that the Sheristadar

Fort St. George 12th. May 1853

Sheristadar should have adopted a line of defence so Condemnatory of his official Conduct that it is only necessary for me to make one or two observations thereon. I Cannot Conceive how the Sheristadar could have imagined that the Control vested in him by the Circular orders of the Board Consisted merely in his being present at or taking a personal share in the half yearly examinations by the Collector or his Deputy of the Stamp Paper in the Venders charge, for it is quite evident that there object was to place the Sheristadar in the same position as regards the Stamp Department that he holds as regards the other Depart-ments of a revenue Cutcherry, the routine of duties in every Department being carefully tasked into in order to check any abuses not half yearly of Course, but Constantly, every day if possible that he should have free access to accounts and other documents Connected with the working of all Departments, and that he should exercise a general Supervision over the Official Conduct of the Servants of the establishment in order to prevent abuses. This I believe was cer-tainly done by his predecessor and I was therefore quite

Vide CO 22d Fe-bruary 1837 Para 4 Page 223.-

Fort St. George 12th May 1853.

quite unprepared to find that he should have stated that he was not aware of what were the duties incumbent upon him to perform, particularly when I find that a Copy of the Board's Circular order of the 12th June 1851 was forwarded to the Sheristadar in which he was distinctly informed of the Responsibilities attached to the Office in every Department of the Cutcherry.-

The Sheristadar I observe pleads "further" a want of Confidence on the part of the Collector, but I need hardly remark that this plea as an excuse for neglect of duty must utterly fail.- I am not aware either verbally or by Tatteed of my ever having relieved the Sheristadar from the responsibilities incidental to his Office or of having interfered with his having access to and exercising a Control over several Departments he was put in charge of on his taking up his appointments of Sheristadar in June 1851.-

5.

I regret to observe further that the answers given by the late Sheristadar that the present one did not deem it of any importance to take charge of the Stamps in the accounts of the Treasury, obtaining apparently, but most erroneously, that the whole responsibility rested solely in the heads of each Department and not on himself.-

Madras.
29th April 1853.

(True Copy) (Signed) J.A. Hudleston
Collector.

(Signed) H. Stokes
Acting Collector.

To H. Stokes Esqre
Acting Collector
of Madras.-

Sir,

With reference to your Memorandum dated 30th Ultimo requiring me to state what I have got to say further in my defence on the points dwelt upon in Mr. Hudleston's letter of the 29th Idem about the defalcation in the Stamps discovered in December last, and more especially with regard to the Board's Circular Order of the 12th June 1851 I beg respectfully to submit the following Statement for your Consideration.-

2. I have always felt my responsibility as Sheristadar and have endeavoured to the best of my ability to discharge the various duties of that Office with zeal fidelity and due regard to the interests of Government.-

3. Mr. Ellis assistant Collector in charge of

Fort St. George 12th May 1853.

of Madras Collector's Cutchery Calls my atten
to the Circular Orders of the Board of Reve
of 22d. February 1836 and 23d. February 37 wh
I had not before seen, and I replied that I was
not aware of them but at the same time ad
-mitted that I knew as Sheristadar that th
-ise a general Control over the Office this Offi
my position is somewhat different from
that of an Head Sheristadar in the Provinc
This Mr. Ellis himself admitted in para 4
his letter to the Board of Revenue dated
December 1852. Thus far my statement is bor
out by that Officers knowledge and supe
-rise in this Office.

4. With regard to the Board's Circula
Order dated 12th June 1837 Mr. Hudleston is per
-fectly correct in stating that the order was
duly Communicated to me, but it did not tend
to alter my position in the Cutchery as explai
-ed in my deposition and Confirmed
by Mr. Ellis in his letter to the Board.

5. I would further respectfully observe
that the Circular Order alone referred to requir
that

23d. February 1837
Para 4.

Fort St. George 12th May 1853.

that the Stamps in the Collectors Office should
be examined periodically at least twice a
year either by the Collector himself or by one
of his European assistants acting under this
special orders who should be held respon=
-sible for the Correctness of the examination
but it does not appear that they contemplate
that the Sheristadar is to be present at such
examination nor would I have been present
at the examination at which the defalca=
-tion was discovered, if I had not been
directed by Mr. Ellis to examine Stamps
and Cadjans as more fully stated in the
accompanying letter addressed to that
Gentleman on the 15th December 1852 which
bears his endorsement. The fraud was
detected only upon examination of the
Stamps and I did not think that the
Sheristadar was free to adopt that Course
himself whenever he thought it necessary.

6. I would also beg to explain that
I never entertained the slightest sus=
-picion respecting the Correctness of the late

Daroga's

Fort St. George 12th May 1853.

Darogah as from his highly respectable Connections, the large Security he has given and the good Character he had always borne it would hardly be supposed that he would have been guilty of a Systematic Course of embezzlement.

7. I would in Conclusion express my earnest hope that nothing which I have stated in justice to myself in the unfortunate transaction will be Considered to Convey the slightest imputation against my respectable employer Mr. Hudleston, to whose satisfaction it was my bounden duty to behave with all reverence and gratitude.

Madras

Sheristadar

(True Copy)
(Signed) H. Stokes
Acting Collector

Sir.

During the short period of my having been appointed Sheristadar in the Madras Cutcherry it appears that two half yearly examinations have been made by the Collector of the Stamp Paper and Cadjans. I was not called upon

Fort St. George 12th May 1853.

upon to be present at them nor am I acquainted with their result. Thus fraud would have been brought to light a year ago as soon as I entered into the Cutcherry if I was ordered to be present at the examination or do the work myself.—

However upon your orders when I had examined the Stamp Papers and Cadjans on the evening of the 13th Instant I have found out the facts and lose not a moment to bring to your notice the whole of the Circumstances Connected with the nefarious transaction which was Continued to be practised by the Stamp Darogah with great precaution for some years and used some Skilful Contrivance and my utmost endeavours which you are aware

6103. Fort St. George 12th May 1853.

aw-are of to recover the full
amount embezzled by the
Daroga-ah.-

I humbly therefore beg
you will be good enough to
bring the above Circumstances
also to the notice of the Board
of Revenue that they may not
consider me as neglectful in
the performances of my duties.

Bd. No. 1027.

Resolution thereon.- Resolved that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council, with reference to the Board's Proceedings dated 9th May 1853.-

53-54

2. The Board see no reason to alter the view taken by them in their Proceedings quoted above. They are inclined to believe that the Serishtadar did not hold that position in the Office which he should have done and that there were grounds for his supposing that his duties had been in some measure transferred to another.-

Resolved that the following letter be despatched.

No. 200.

To, The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to report for the information of the Right Honorable the Governor in Council that the Manager of their Office Mr. I. Maskell has completed his first 5 years of Service and is entitled to the increase

55

Bd. No. 1007.

To the Chief Secy. to Govt.

Reporting that Mr. Maskell has completed his first 5 years service as Manager of the Revenue Board Office & recommending that he may receive his first increase of allowance of 35 Rs. per mensem & a special allowance of 55 Rs. in order that his salary may be increased to 300 Rs. per mensem for reasons stated within.

x Circular Order Book page 4 Note 1 and Extract Mins. Cons. 18th in Cons 28th Sept. 1835.

increase of salary on the same scale as Sheristadars of Settled Districts.x

2.

The Managers present sal is 210 Rupees. The 2d gradation of Sheris allowances being 245 Rupees.

3

But the Board are fur of opinion that Mr. Maskell has a cla beyond this, and they desire me to bring to the notice of Government the peculiar position which he stands, with reference to the last para of the Board's proceedings of 15th Febry 1849 copy of which is herewith submit wherein it is stated that when a proper time for recurring to the subject should ari they hoped to be able to shew sufficient rea son why the principle upon which the salary of the Manager was regulated in 1835 shou not be departed from.

4.

In the year 1823 the salary of the Manager of the Board of Revenue was raised to 250 Rupees.

5.

In 1835 the Office was placed on the same footing as that of a Head Sheristadar in a Settled District and the then Manager who had been in that situation upwards of 15 years received the

Extract Mins. Cons. 11th in Cons 14th July 1823.

* Extract Mins Cons. 18th in Cons 28th Sept. 1835.

x CO Book page 4 Note 1.

4th Scale of allowance at once, Viz 350 Rupees

6 On the death of that individual, the Board had considerable difficulty in finding a person qualified for so important a post, and were obliged to make a demand on the services of their 1st Uncovenanted Assistant Mr. Rencontre who was already receiving 300 Rupees. He was appointed Manager with an increase of 110 Rupees to his salary "in consideration of the increased labour and responsibility." * The remaining 100 Rupees of the Manager's pay / taking at 210 the lowest Serishtadar scale / was expended in the employment of an Examiner. The Government approved of this arrangement.x

* From Bd 26th July 1847

x Ext. Mins Cons. 16th in Cons 18th Augt 1842.

7. At the time Mr. Rencontre retired from Public employ in 1849, the present Manager Mr. Maskell was an Uncovenanted Assistant in the Office on 220 Rupees per mensem and was appointed to succeed Mr. Rencontre as First Assistant. The salary of this situation was 300 Rupees per mensem, but in consequence of the 100 Rupees above referred to being given to other Servants in the Office, it was decided that the Manager's pay could not be decreased, but that it must be so much lost to the First Assistant, till an opportunity occurred

occurred of recovering it.

8. Mean while Mr. Maskell accepted the Office of Manager at the request of the Board,* by which he at once lost 10 Rupees per mensem, it will be seen that an opportunity did occur by the death of an Examiner, of restoring the First Assistant's pay to its authorized amount, but Mr. Maskell services were required as Manager, and he was induced to take that post in the expectation that the Office of Manager would be maintained on the same footing, at all events, as that sanctioned by Government in 1835.* These circumstances have been fully explained in the Board's Proceedings of 15th February 1849.

* Board's Proceedings 15th February 1849.

Ecc. Mis. Cons: 7th January 1836.

Ext. Mins Cons 18th September 1835.

9. When Mr. Maskell was appointed Manager it was necessary to separate that appointment from that of Uncovenanted Assistant and recur to the system in force before both Offices were combined in the person of Mr. Rencontre and on this occasion the Board addressed Government* proposing to divide the total Salary viz. 510 Rupees as follows. The Manager 210 /to increase with length of service according to the orders of Government of 18th September 1835./ and the Senior Uncovenanted Assistant 200 for the present, and 300 when a vacancy should occur in the Examiners' Department.—

* 15th June 1848.

The

* 6th January 1849 Communicated by Government G.L. Dated in Cons 15th Feb 1849.

10. The Government of India* acceded to this arrangement though they added that "His "Honor in Council was not prepared to authorize "any prospective increase of allowances to either "of the parties concerned. Should such a measure "hereafter be thought desirable it will be consider- "ed specially upon its own merits when brought "to the notice of the Government of India." The Government of India seem to have overlooked the fact that the graduated scale for the Manager's Salary at all events had already received their own sanction.*

* 31st August 1835. Communicated in Ext. Mins Cons: 18th Sept. 1835.

11. The Board however did not consider it necessary to discuss the question as it did not at the time affect the arrangement proposed, but they thought it their duty to place on record a Statement of the case,* with the express view of recurring to it "on a fitting opportunity occurring."

* Board's Proceedings 15th February 1849.

12. The Board think there can be no doubt that as Mr. Maskell has completed his 5 years of Service* he is entitled to the 2d rate of pay, viz. 245 Rupees, but they would also submit for the favorable consideration of Government that Mr. Maskell at

	Y.	M.	D.
Acting Manager from 1st to 31st May 1848 Vide para 4 Note 5 C.O. Book.		1	
Manager from 1st June 1848 to 30th April 1853.	4	11	
	5		

their

Fort St. George 12th May 1853.

their request gave up an appointment [that of Head Uncovenanted Assistant] which had then a sanctioned salary of 300 Rupees a month, to take that of Manager on 210, and that he actually received 10 Rupees per mensem less than he had previously drawn as 2nd Assistant.

13. The Board would also refer to the late orders of the Honorable Court of Directors by which all Sheristadars receive the allowance of those of Unsettled Districts. The same ground that exists for this increase, apply to some degree to the Manager of the Board's Office who was placed on the footing of a Sheristadar of a settled District[x] for as the increase of detailed supervision has taken place in the settled Districts, this necessarily affects the business of the Office of the Board of Revenue.

14. The Board as formerly constituted have already declared their conviction that the Office of Manager is one "which in point of the labour and responsibility which it involves, and the intelligence which it requires not only far exceeds of that of Uncovenanted Assistant in the Board's Establishment, but

[x] Ext: Mins Cons: 24th April in Cons 9th May 1857.

[x] This would be in the present case a Salary of 350 Rs per mensem.

is fully equal to that of any Uncovenanted Officer either in the Presidency or the Provinces." In this view the present Board fully concur, and they would add that as 4 more years have been added since those sentiments were expressed to us Mr. Maskell's experience they are enabled to state that the expectations formed of his Zeal and ability have been fully realized. They think they may assert that their Office is in a state of efficiency never before surpassed. There are no arrears in any Department the entire Proceedings of each month [the Broken Set] prepared for the Honorable Court, are regularly despatched within 3 weeks after its close, and Duplicates of the same [the Office Set] are all transcribed before the Broken set is allowed to leave the Office, and I am permitted by the Board to state, that in my capacity of Secretary, I can give the highest praise to Mr. Maskell for his manner of conducting all the details of the Office.

15. Government will also not be unmindful[x] of the Service Mr. Maskell has rendered to the Revenue branch of the Service in his compilation of the Board's Circular Orders, and though 2 years have elapsed, not a single error.

[x] Bds Pro: 10th June 1850. Ext: Mins Consg 5th in Cons: 11th July 1850. Bds Pro: 17th March 1851 Ext: Mins Cons: 17th in Cons 28th April 1851.

Fort St. George 12th May 1853.

error or omission has, to the Board's knowledge, been discovered.

16 The Board do not consider it necessary to recommend that the Manager's Salary shall be henceforth raised to 300 Rupees per Mensem; but they would respectfully solicit that in consideration of all the above circumstances that in addition to the 245 Rupees to which they believe Mr. Haskell to be now entitled; he may receive a personal special allowance of 55 Rupees in addition, till he shall attain the next grade of 280 Rupees when the special allowance will be reduced to 20 Rupees.

17. The Board believe that in making this request they are acting

Fort St. George 12th May 1853.

acting in accordance with the principles expressed in para 3 of the Proceedings of the Government of India dated 12th November 1847* and they would also refer to the special allowance not long since sanctioned in the case of Mr. De Vaz.†

18. The prescribed form of application is herewith submitted.

Proposed Establishment

Fort St. George 12th May 1853

Meer Mahummed Khan had not the absolute right in the Management and Villages which he appears by this document to have supposed he had, yet under the arrangement by which the succession to the Management of such institutions is now regulated, The Board would have desired to give all due weight to the wishes of the late trustee in the selection of a successor, and would have hesitated before disturbing the arrangements made by him had they been aware of the existence of this document before.-

3 They therefore desire me to request that you will endeavour to ascertain (if necessary by Communication with the authorities in Mysore) Whether the will of Meer Mohummud Ali above referred to be authentic and whether its provisions have in other Matters been respected by the Mysore Authorities as alleged in the Petition. The Board would also wish you to take the same opportunity of enquiring into the character of Meer Raza Ali with the view of enabling them to judge whether Mr. Forbes was correct in supposing that his nomination to the Office would be more for

Fort St. George 12th May 1853

for the benefit of the institution than the confirmation in it of the late Dhunmakurtah's Goomashtah i e his younger son Meer Morad Ali, whom it would appear he had deliberately selected as his Successor.

4 I am also directed to take this opportunity of forwarding the petitions noted in the Margin The Board wish the representations contained in Nos 543-621 and 679 to be briefly noticed in your reply to their letter. The Orders of the Board are Endorsed on Petition No. 680 but in connexion with this subject the Board wish to be informed whether the Minority of Morad Beg has not terminated and if so what necessity exists for the employment of a Goomashtah.-

Nos 540-543-621 679-680+681 of 1853

Endorsement on Petition No. 600 of 1853.

The Board decline to interfere with the orders of the Collector Petitioner should select a Goomashtah who is approved by that authority and by the Manager of the Institution.

On Petition 681 of 1853

as the Collector declines to accept Petitioner as the Goomashtah to Morad Beg the Board will not interfere.-

No. 9.

To, W. H. Bayley Esqre
Secretary to the
Board of Revenue,
Fort St. George.—

(25)

Bd. No. 1028.
From the Collector of Bellary.

Sir,

In retransmitting the Treasury examination Certificate which accompanied your letter of the 21st Ultimo, I have the honor to inform you that a clerical error has occurred in entering the Amount of Charges at Rupees 10,225-5-u instead of Rupees 10,245-5-u which latter is the correct Amount from 21st to 24th of January. I have corrected the Certificate accordingly and it will be seen that the Balance remaining Viz. 7,35,384-10-6 is the correct balance as entered before.—
