Diary

Sent the following letter. –

To

(1)

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Bd. No. 1264

From the Supt. Neilgy. and Coimbatore Survey

Sir,

I have the honor to submit herewith for the information of the Board Copies of Correspondence with Sub Assistant Surveyor C. R. Mc. Mahon upon the Subject of his employment in South Arcot. – I also beg leave to forward the letter to which Mr. Mc. Mahon alludes (& dated 8th February last) a Copy of which was despatched to the Surveyor General whose Sentiments the Board will have become acquainted with by the perusal of Correspondence forwarded to the Department Public Works 24th Ultimo. .

2. I think Mr. Mc. Mahon mis-apprehends the nature of the duties he will be called upon to perform while attached to the South Arcot Survey as they will, I anticipate, be far easier than those which would have been imposed upon him during the next two years, had my projected Survey of the wild and rugged tract of Country Comprising North Coimbatore been persevered in. –

Under

3. Under the view I take of the case and its exegencies I have not thought it right to Cancel my instructions to Mr. McMahon to close his Field work in Coimbatore and prepare for his jurney to South Arcot.—

4. I shall feel obliged if you will be so good as to specify in Communicating final Orders upon this Subject, the date from which the transfer of Mr. McMahon to the Revenue Service of Fort Saint George is to have effect in order that I may Communicate the same to the Surveyor General as directed in his dispatch No. 31 date 19th March 1853 Para 5.

Survey Office
Ootacamand
7th May 1853

(Signed) J. Ouchterlony
Supt. Neilgy. and Comb: Survey.

No. 1.

To

1st Class Sub Assist. Surveyor Mr. C B McMahon

Sir,

Enclosed I have the pleasure to forward Correspondence with the Secretary to the Board of Revenue on the Subject of your proposed employment in South Arcot and request you will be so good as to return the Documents after perusal.—

Adverting

2. Adverting to Para 7 of my letter to Mr Bayley I beg you will consider yourself warned for duty in that District pending the receipt of final Orders from Government on the subject I request you will be so good as to send to the Office with as little delay as possible the.

Telescope.

and 2 Ebony Parallel Rulers.—

which are in your possession that they may be transmitted to Bangalore with the other Instruments. Your Plane Table, sight rules, and Compass, had better be retained, as it will doubtless be necessary for you to take them with you to South Arcot; and as I entertain no doubt early Orders will be issued by Government for you to proceed there it will be unnecessary for you (as I find you have come in to Head Quarters for Pay and Supplies) to resume your portion of Field work I accordingly recommend you to employ the intervening time in making preparations for your March.—

To

Captain J. Ouchterlony

Assistant Surveyor General

&ca &ca &ca

Sir,

In reply to your letter of the 4th Instant enclosing an Extract from the Proceedings of the Board of Revenue dated 25th April 1853, and your reply thereto for my information. I beg leave to represent that I feel myself disqualified in a great Measure to undertake the work alluded to, which from the nature of its requirements must be an active and most important one, considered not only in reference to the difference that exists between a Revenue and that of a Trigonometrical Survey to the latter of which only my practice extends but also in regard to my advanced age of which some knowledge might be formed, when I submit that my services extend to a period of 45 years. that it was this last consideration that induced me to apply through you in February last, when I was directed to take charge of the Survey party by the Surveyor General from hence to Cuttack to be transferred to the Government

of Fort Saint George for employment under the Collector of the Province of Coimbatore as Surveyor. I further beg leave to submit that when the Collector of Coimbatore applied for my services at a previous date, to have them placed at his disposal, they could not then be spared; but as the Survey has since been abolished, I had hoped that I would have been appointed to the Coimbatore District as you were pleased once to recommend me, and which I trust I may yet claim your kind consideration to further. By this opportunity I take the liberty to express my humble acknowledgment for the high character you have been pleased to give me and the Boards impression thereby of my merits.

Ootacamund }
6th May 1853 }

(Signed) Charles R. McMahon,
Sub Asstt. Surveyor 1st Class.

Survey

No. 2

Captain J. Ouchterlony
Assistant Survey General
&ca &ca &ca

Sir

I beg leave to acknowledge the receipt of your letter of the 3rd instant communicating for my information the Orders of the Surveyor General relative to my proceeding to join the Cuttack Survey with the party at present under your direction on being placed in charge..

In reply I beg leave to submit that from the circumstance of my services extending to upwards of 35 years in the department together with my declining years not well permitting me to enter upon a field Survey the duties of which must require the same usual untiring zeal and energy on my part to perform, and feeling

Confident

Confident that I am unable to execute them now with the same efficiency as before, I beg leave under this impression with deference to State, that I do not feel fully equal to undertake this Service though at the same time, I beg to be permitted to express my ready willingness to attend to any orders which the Surveyor General may be pleased to command me, having for its object duties of a more comparative easy nature than the arduous field work that must necessarily be expected of me to accomplish in common with the other junior ranks of the Survey.

Confident, therefore that you will be pleased to take the same view as I do of the reasonableness of my Case and with a full assurance that a paternal and liberal Government are ever willing to bestow a favorable consideration towards their tried and faithful Servants I humbly beg to solicit the Surveyor General will be pleased to recommend the transfer of my Services to the Government of Fort St. George for employment under the Collector of Coimbatore with such support you may be pleased to consider my conduct under your immediate authority during the last 8 years.—

Camp Wundoor

9

Bd. No. 1289.
From the Acting Collector
of Guntoor...

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 20th March last calling on me to report on the practical operation of the rule rendering the personal appearance of female Pensioners upwards of 50 years of age imperative.

2. In reply I beg to submit a list of all the female pensioners now drawing stipends from the Treasury with their ages - A Memorandum Shewing the Number living at each age above that of 50 is also appended.

3. It will be observed that the greater number of pensioners are connected with the Ex-Zemindars. It has never been usual to require those parties to appear in person for examination, nor were they brought under operation of the orders of the 1st July 1850. since I have been in charge of this District I have from time to time instituted such enquiries as appeared to me to be necessary to assure myself to the existence and identity of the parties but their personal attendance has never been called for and such a requisition would be most distasteful to the pensioners themselves and their relatives.

4. The remaining Pensioners have for some time attended in person and are periodically examined either in the Cutcherry or any other convenient place.

Guntoor District,
Collectors' Office, Dindy,
9th May, 1853.

(Signed) A. Purvis
Acting Collector.

To
W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George

Bd. No. 690.
From the Agent to the Governor at Kurnool.—

Recommending under circumstances stated that 70 Rupees may be allowed to Shah Ahmed Shah for the maintenance of himself and the Family of late Shakamaul a Yeomiahdar in the Kurnool District.—

Sir,

In my letter of the 1st. November 1852. I reported the demise of one Shakamal who was in the receipt of a Yeomiah allowance of 97 Rs. 8 a. — p. per mensem, but I inadvertently omitted to mention that he also enjoyed the revenues of the Village of Khaderabad in the Nundicootcoor Talook, in virtue of an authenticated Sunnud bearing the seal of Nawab Munwar Khan, I have now the honor to submit the required report on the lapse in question, and to state that I have received an application from the heirs of the deceased, soliciting a continuance of both grants.—

2. The deceased was a Fakeer, originally from Hindoostan, and the Yeomiah which was granted to him for subsistence, by Nawab Alif Khan, was respected in the reigns of Nawab Munwar Khan, and Nawab Ghoolam Russolkhan, and after the assumption of the Province it was continued as a life grant, under

+ Ex: M: of con: dated 28th March 1843.

+ Govt. 10th in(cons 20th April 43 No. 864)

under the Sanction+ of Government dated as per margin.-

3. The Village of Khaderabad is one of the 18 Jagheer Villages reported on by Mr. Commissioner Bayley in his letter to Government dated 16th September 1842. It was in the possession of the deceased when we took the province, but like other Jagheer Villages, was at once assumed by us, the Revenues being paid to the deceased, under the authority× quoted in the margin.-

+ Ex: M: of Con: dated 7th January 1843.

4. The value of the Jagheer as entered in the Sunnud, was computed at 500 Gundwal Rupees or Company's Rupees 468 — „ — but it will be seen by the annexed Statement, that although the Revenues have improved during the last five years, that the annual payments made to the Jagheerdar have averaged only about 250 Company's Rupees during that period, which together with the Yeomiah, yielded a yearly income of Rupees 1,420 to the deceased.-

5. There are a large number of claimants to a participation in any grant, which

which may be continued to the Family consisting of the members specified in the margin.-

		How related.	Age years
1	Lateef Buksh	Nicka wife	50.
2	Abbasali shah	son	45
3	Ahmed Hossein	Do.	35.
4	Ali Hussen	Do.	25
5	Syed mohomed ali	Do.	24.
6	Hoossein Bee	Daughter unmarried	19.
7	Ashruf Bee	Do. Do.	17
8	Vajee ooddeen Hydersyed	grandson	1
9	Noor Bee	grand daughter unmarried	15
10	Ajmut Bee	Do. Do.	10
11	Ahmed Bee	Do. Do.	10
12	Ameer Bee	Do. Do.	7
13	Gaies Bee	Daughterinlaw	20
14	Syed Hussein Saib	Brother inlaw	68
15	Mohideen Bee	sister in law	50
16	chembalee	slave	22
17	Ameenmah	Daughter of chembalee	4

6. The Yeomiah not being strictly hereditary is liable to reduction under the rule of the 29th August 1842.- The revenues of the Jagheer Villages were enjoyed by the deceased for upwards of 30 years and the title is sufficiently valid to justify a recommendation for the continuance of this grant but there is recorded misconduct on the part of the deceased, after our taking possession of the country, which appears should now have due consideration in determining whether this grant should be continued, or otherwise:-

The

Dated 16th September 1842.

Para 21. The next case is that of Shakamal an old Fakeer originally from Hindoostan. He is a man whose character does not appear deserving of favour he certainly attempted to deceive the Commissioners when they first came here by false evidence against the Nawab. In his debt claim against the late Nawab. I found that he had already been paid every rupee, and it is clear to me that the sunnud now produced has been in one part fraudulently erased. It is dated Hizree 1235 (A. D. 1819) and bears the seal of Munwar Khan, it is for the Village of Khaderabad valued at 500 Gudwal Rupees and is in the form of "attamgha" with the expression often found in the old Carnatic grants "Buttnum bad Butnum," generation to generation. But still I would recommend its entire resumption on 2 grounds, first because this man already enjoys a yeomiah of 3 Rs. per diem and 2ndly because he has attempted to alter the Sunnud which originally was written the Doganee Enamuty extra taxes / Russooms &c. shall be paid to the Cirkar and by an artful application of the knife it has been made to read shall not be paid. The erasure is visible both in the Persian and Mahratta in both which languages the Sunnud is transcribed. It is usual in all these kinds of Sunnuds to reserve to the Cirkar certain Extra Russooms and cesses and I have no doubt the erasure was with a fraudulent intention.—

7— The marginal Extract from a Report made by Mr. Bayley on the subject shows the dishonest conduct of the deceased in regard to certain debt claims against the late Nawab and that he also fraudulently endeavoured by tampering with the Inglees Sunnud, to obtain

obtain certain advantages, which were expressly reserved to the state. Mr. Bayley has pointed out the grounds on which he considered the sunnud to have been tampered with,— and the fraud will be apparent to the Board by a reference to the document itself which is herewith forwarded.

8. At the end of the first lines after the words "nazur× Janab" where it is usual to enter certain formal expressions, a space appears to have been originally left and the formal terms are entered as is often the case at the top× of the Page. In the vacant space referred to the words "Mi× sayer" have been subsequently inserted, which is presumed from the circumstance of the corresponding term in the Hindovi being an interlineation, and from the word itself as I am informed, ungramatically used, at the beginning, instead of in the body or end of the sentence.—

× [illegible]

× vide dotted line in the Sunnud.

× [illegible] inclusive of Sayer.

9. At the end of the fifth line also the word Muphee× appears to have been added, for there is no corresponding term to it in the Hindovi, and the use of the word at all is

× [illegible] relinquished.

I am told inappropriate, to the language of the sentence, with which it is connected.-

10. In the 7th line as noticed by Mr. Bayley, the sentence has been altered to read negatively. That the negative term has been added, is shown by the Hindoo words being inapplicable as I have attempted to show in the Margin, but the Board will have the means of satisfying themselves upon this and the other points noticed above.-

Nor paunchason
duta zanay
with the negative
the "desta zanay"
is inapplicable.-

11. The deceased having been the original grantee and the party who could alone profit by the fraud, leaves no doubt that it was committed with his knowledge altho Mr. Bayley's recommendation for the resumption of the Villages at that period on the score of the fraud was not confirmed yet it appears to have been contemplated that all subjects noticed by him in reference to these Jagheer Villages should be taken into special consideration on the death of any of the then holders.-

12. This is not an isolated case of a Sunnud being tampered with and I certainly think for purposes of example that

ob

---

the favor of Government should be withheld when frauds of this nature are detected to have been practised by recipients of their bounty. The observations contained in the marginal Extract from the report made by Mr. Bayley's above adverted to

Dated 16th September 1842.

Para 7. In the first place an Enam (Gift) of land is universally acknowledged to be the assignment of the revenue, but not conferring any proprietary right to the soil. The native Rulers of Hyderabad Mysore and the Carnatic have ever exercised the right of resuming these Enams particularly those held on, Jagheer or on condition of performing some particular duty and of this nature are most of these now under consideration. Should the conditional duty not be performed or required, should there be a failure of heirs, should the Enamdars commit any offence should the Grant be of a temporary nature, the resumption of the above kind or any other Enams is no injustice. But the particular origin tenures and distinctions of other kind of Enams will not now be entered upon; merely observing that the 18 Villages at present claimed were given by the Mahomedans of the late dynasty that they are not in all cases the same as those entered in the Sunnuds having been often arbitrarily exchanged by the Nawabs and also that in the early part of 1839 these with many other Villages of the kind were temporarily resumed by the late Nawab who again sent Takeeds to the Tahsildars to renew some of them; these Takeeds are not all to be found in the Dufter but the 18 Villages now under discussion were in the actual possession of the Enamdars when we assumed Kurnool and no doubt there were Takeeds in all these cases.

to appear very pertinent to the case, and I would recommend the entire resumption of the Revenues of this Village if the Boards are satisfied that a fraud was

was attempted.—

13. In consideration however of the long period which the Yeomiah has been enjoyed in the family and the large number of persons who are entirely dependant on it, as a means of support, I beg to recommend that three-fourths of the amount or say Rupees 70 per Mensem be continued in the name of Shah ahmedshah the recognized head of the family as a life grant, for the support of himself and the Family, and that payment be authorized from the date of the decease of Shakamal.—

Agent to the Governor

6150.

Fort St. George 10th May 1853
No. 209

15th N. 1049
15-17

Proceedings thereon,

Submitting a Tabular Report of a lapsed yeomiah together with a letter from the agent at Kurnool reporting on the frauds committed by the late yeomiahdar on the Sunnud on which he enjoyed the revenues of the Village of Khaderabad, and recommending in consequence that the said Village be resumed and that a yeomiah of 70 Rs. per mensem be allowed to Shah Ahmed the recognized head of the family.

From Commissioner to Government 16th September 1842 Page 21.

[illegible]: 11th Octr. 1842

16th Septr. 1842

1. Resolved that the foregoing report and letter be submitted for the information and orders of the Right Honorable the Governor in Council.

2. The deceased yeomiahdar Shah Kamal was a Fakeer originally from Hindoostan, and enjoyed a yeomiah of 97½ Rupees per mensem, besides the revenues of the Village of Khaderabad which he held under a Sunnud granted by Nawab Munuwar Khan, and renewed by his Successors - on the assumption of the Kurnool Province, certain enquiries were instituted regarding the debts of the late Nawaub — during which it is reported, he attempted to deceive the Commissioners by false evidence. It appears also he tampered with the Jagheer Sunnud with the view, of obtaining certain advantages which were expressly reserved to the State. The explanation afforded on this point by the present agent in paras 8 @ 11 of his letter under consideration, and by the late Commissioner in his reports to Government, seem in the opinion of the Board to leave no room for doubt that the alleged erasures, and alterations in the Sunnud, were

actually made by the deceased Yeomiahdar and with fradulent intent Under these circumstances, they concur with Mr. Conway in thinking that as it is not an isolated case of its Kind, the favor of Government should be with held for purposes of example and would therefore recommend that the Jagheer be resumed.

3 With reference to the yeomiah enjoyed by the deceased as he has left a large family unprovided with other means of Subsistence the Board are of opinion that in accordance with the agents suggestion, 3/4ths of the yeomiah or about 70 Rupees per mensem may be continued as a life grant to Shah ahmed Shah, the recognized head of the Family for the support of himself and others dependent on him. and that payment be authorized from the date of the decease of the late Yeomiahdar.

The Plaintiff now Special Respondent sued the Secial Appellant who was 6th Defendant in

Original Suit and 17 others.

In his Plaint he states that on the
6th October 1824 - 1st Defendant Moottiah Moodily
borrowed Rupees 35 from Plaintiffs brother
Comarasamy Moodely for which sum
1st Defendant mortgaged his one share
of Nunjah, and Poonjah Warraput land
situated in the Village of Tolavoor the
bond bore interest, at the rate of 12 per
cent per annum and was to be paid
on the 12th July 1827 if not then paid
the mortgage was to take possession
of the land 1st Defendant did not pay
the money and refused to give up the
land, the 1st and 2d Defendants are brothers:
in the Month of Audy year Surwajetoo while
Plaintiff was cultivating the land the
1st and 2d Defendants together with all the other
Defendants prevented him from doing so,
Plaintiff therefore sues all the Defendants
for the recovery of 14 Cawnies of Nunjah
and Poonjah warraput land yielding
Rupees 87 - 8 - ..

The 1st and 2d Defendants in their
answer state that they did give up the land to
Plaintiff, according to the terms of the Mortgage
bond, that the other Defendants prevented
Plaintiff from cultivating the land which is
now in the possession of the 7th 8th & 9th Defendants

The

The 4th 6th and 8th Defendants in
their answer state that the Village is Agraharum
and the 1st and 2d Defendants are Payakarees
and therefore 1st Defendant had no right to
mortgage the land to Plaintiff; that 1st
and 2d Defendants father received some land
for cultivation from the Merassidars and gave them
Merassee share, and Soodumtrums, that on the
7th May 1826 the 1st and 2d Defendants being
unable to cultivate it returned it to the Merassy
-dars; that when 6th Defendant was cultivating this
land the Plaintiffs brother prevented him he made
his complaint to the Collector who directed the
Pareyapolliem Tahsildar to investigate the case
the 1st Defendant stated before the Tahsildar
that he was only a Pyakarry and the Bond
given to Plaintiffs brother had been extorted
from him.

The Sudr ameen moofti in his
decree states that the evidence, adduced proves
that the Villages is Agraharum; that the
1st & 2d Defendants are only PyKaries and
therefore had no right to mortgage the
land to Plaintiffs brother he therefore non
suited the Plaintiffs with costs and that
Plaintiff should recover Rupees 51 being
principal

principal and interest of the mortgage bond from 1st Defendant.

The Plaintiff being diſsatisfied with this decree appealed therefrom.

The Acting Register in his decree states that on referring to the decree of the Zillah Court No 2 of 1816 which was appealed from and confirmed by the Provincial Court in appeal Suit No 2 of 1817 (this should be No 4 of 1817) which appeal was decided by a Razeenamah of the parties it is proved that 1st Defendant had a right to mortgage or sell the land in question consequently he reverses the decree of the Sudr Ameen Mooftee and decrees the land to the Plaintiff the Costs of Suit to be paid by 1st and 2nd Defendants both in Original and appeal suits.

The 6th Defendant being diſsatisfied with this decree has appealed therefrom.

The Judge having taken into consideration the proceedings in this case paſsed Judgement thereon.

There can be no doubt that the land Special Respondent sued to recover is warraput, that the Bramins are the Meeraſsidars of the Village and that 1st and 2nd Defendants

Defendants in original suit, are only Pykaries. The Acting Register has mistaken the purport of the decrees original Suit No 2 of 1816 and the appeal No 4 of 1817. The Plaintiff in No 2 of 1816, the 1st Defendant in this cause, states he had ½ a share in 10 Cultivation Shares in the Village; Streenevaſsa Ragavah Charry rented the Village, the renter desired him to sign a Cultivation Moochelka for more land than belonged to Plaintiffs share and in fact more land than he had ever cultivated, this Plaintiff refused to do, and the renter gave the lands to other persons to cultivate; he therefore sued the renter for the land and the Coodywarum, the Defendant stated that as Plaintiff refused to sign the Moochelka therefore he had given the lands to other persons to cultivate. By the decree the Defendant is ordered to restore the land to Plaintiff because the agreement the Defendant wished Plaintiff to execute was for more land than Plaintiff poſseſsed and therefore Plaintiff was fully justified in refusing to execute it. The parties settled the case in appeal by filing a Razeenamah in which the appellant original Defendant agreed to give up the land to Respondent original

Plaintiff. The land so far belongs to 1st Defendant and his brother 2d Defendant that they can cultivate it, and no one can prevent their doing so but they have not that proprietory right in the land which enables them to sell or mortgage it, this rests entirely with the Meerassedars, that 1st Defendant was not the Meerasseedar is evident from the suit No 2 of 1816 in which he sues as a Payakary., on the above grounds the Judge reverses the decree of the Acting Register, and confirms that of the Sudr Ameen Mooftee as far as that awarded that Plaintiff has no right to the land, the Sudr Ameen Mooftee however decrees that Plaintiff should recover the principal and interest from 1st Defendant Plaintiff now Special Respondent is certainly entitled to recover principal and interest from 1st and 2d Defendants but he must do so by filing a suit against them, on his bond. The Judge also decrees that Special Respondent pay all costs in original appeal and special Appeal suits hereunder specified.

Statement of the Costs of suit payable by Special Respondent

Costs

Costs incurred by Special appellant

Stamp duty on institution under section XIII Regulation XIII of 1816	8 . .

Shewing that the Village consists of 12 Merassy shares all belonging to Bramin proprietors. The share mortgaged has been repurchased by the Bramins leaving no Merassy shares to the Petitioners..

H.B.

2178 of 1852-

Read Petition from Mooneappiah Moodelly and others residents of Toolowoor in Perryapollum Talook in the District of Chingleput-

Appealing against the decision of the Collector by which they are not permitted to participate as Meerassidars in the Samadayem lands of the Village-

In Dy Cons 31st March 1853-

Read letter From Collector of Chingleput 19th February 1853-

Reporting upon the above petition and stating his reasons for disallowing the claims of Petitioners to be recognized as Meerassidars-

(18-19)

Bd No 1030-

Proceedings thereon-

Directing the Collector to allow Petitioners in Petition Nos 2178 & 520 of 1852 & 326 of 1853 to participate 2½ out of the 10 Shares of the Village Merass-

The Petitioners complain that on a partition of the Samoodayem lands of their Village such lands have been divided among the Bramin Meerassidars only the proprietors of 7½ out of 10 Shares and that they Petitioners were not allowed to participate in the said waste lands as they ought to have been as Meerassidars of 2½ out of 10 original Shares-

2- The Collector explains that for various stated reasons he judged that Petitioners were not holding lands in the Village in the proportion of 2½ in 10 exempt from all payment of Meeraſsi fees were not Meeraſsidars but held an intermediate place between them and Pykaries and had therefore no right to share as Meeraſsidars in the waste lands of the Village -

3. The Board do not think it neceſsary to enter into discuſsion regarding the Number of Meeraſsy shares in the Village or on the other points alluded to by the Collector - In the case under reference the main question of Petitioners being Meeraſsidars on the contrary has been decided by the Civil Tribunal, their opponent the Bramins having on several occasions sued them for the recovery of Meeraſsi fees -

Vide Decree in A.S. 39 of 1847 Encle C in Petition No. 2178 of 1852 -

4 - In Appeal Suit No. 107 of 1813 & in O.S. 1822 of 1815 & 1 of 1846 Petitioners are affirmed to be Meeraſsidars -

Enc: 1 in From Collr. 10 April in Cons 16 May /53

5 - In appeal Suit 64 of 1834 they are styled Pykaries tho this Decree did not enable their opponent to levy Swaitentrums from them and is in opposition to a former Decree of the Court No. 107 of 1813 -

Enc: B in Petition No. 2178 of 1852 -

6 - In Original Suit 75 of 1845 they are declared to be Meeraſsidars and this

this judgment is confirmed in A.S. 39 of 1847 and an appeal Petition having been presented to the Sudr Court for a new admiſsion of the case to a third hearing that Court saw no good or legal grounds for a compliance with the request -

Enc: D in Petition No. 2178 of 1852 -

7 - It is on record moreover that on a Decree being paſsed against a Bramin proprietor in a S. 1 of 1840 by which one share out of 12 was adjudged to one Devuraja Pillay the lands of the Moodeliars were not interfered with but 1 out of the 12 Shares held by the Braminies made over in satisfaction of the Decree -

Enc: 3 in From Collr. 16 April in Cons 16 May 1853 -

8 - In carrying out also the award in O.S. 75 of 1845 in which the Bramins were cast with costs the lands of the Moodeliars were first attached, but on complaint being made were released and orders iſsued for the attachment of 2¼ out of the 12 Shares poſseſsed by the Bramin Meeraſsidars thus shewing that the Moodelliars held their lands as Meeraſsidars, and not as tenants as on the latter tenure their lands would have been liable in satisfaction of judgments paſsed

against the Village proprietors

9 - The above decision in the opinion of the Board are ample and sufficient to establish the claim of Petitioners to participate in the Village Meerass Their share appears to be in proportion of 2½ in 10 as declared in the order of the P.S. Ameen to the Nazier under date 7th February 1848 - E in Petition 2178 -

10 - The Board cannot concur in the Collectors supposition that the Village is held in 12 Shares by Bramin proprietors for it is clear from the award is Act 1 of 1840 that these shares were apart from the portion enjoyed by the Moodelliars and appear to the Board to be a subdivision of the 7½ shares held by the Bramins. The Collector will therefore direct that the Petitioners participate in the Village Meerass in the proportion above stated -

Ordered that the following Endorsement be passed on Petitions 2175 N. 2520 of 1852 & 326 of 1853 -

"The Board have declared the Petitioners to be entitled to 2½ in 10 shares of the Village Meerass and have instructed the Collector to this effect."

From the Ag. Collr. of North Arcot
Reports the death of Streenevassarow Saib the Jaghiredar of Arnee.

Sir,

Para 1. I have the honor to report to the Board the death on the night of the 16th Ultimo of Streenevassa row Saib Jaghiredar of Arnee and that the deceased has left three sons the eldest of whom Teroomal row Saib is 15 years of age.

2. The next nearest relatives are the deceased's widow who is about 20 years of age and his brother Vencat Row Saib. The widow who was the deceased's 3rd wife is the mother of the youngest son. The 2nd wife who was the Mother of the two eldest sons and the 1st wife are both deceased.

3. On the 19th ultimo, I forwarded at the request of the late Streenevassa row Saib a letter dated the 15th idem addressed to the Right Honorable the Governor in Council in which Streenevassa Row Saib informed the Government of his dangerous illness and requested in the event of his death that his eldest

son

son might succeed to the Jaghire

4. As soon as I received authentic information of the death of the late Jaghiredar I wrote to ascertain in what way the nearest relatives desired that the interests of the heir should be protected during his Minority.

5. From the report made to me in reply I find that the present Jaghiredar desires to see me on this subject and that the family are not willing to express their views in regard to it till he has met me. I have therefore informed Teroomul row Saib that I shall be able to receive him at Raneepett some day during the ensuing week and I propose to make a further report to the Board as soon as the interview has taken place. In the mean time there is no reason to believe that any direct interference is required.

1 The original Suit was instituted

by the special Appellant against 5 Defendants for the recovery of Rupees 147-12-,, being the alleged value of certain crops damaged and destroyed in consequence of the interference by the 2d and following Defendants with Plaintiff's right of irrigation from a channel leading from the Paumbaur River, which interference was exercised pursuant to an order issued by the 1st Defendant as Collector of the District. It was further sought to obtain the cancellation of that order.

2. The Plaint set forth that a Dam on the above river was constructed by Colonel Reid, by means of which the lands of Plaintiff's Estate are watered; that the said Dam having, in the year Vigodaniah 1818 become broken, Plaintiff's Grand father, named Shaishien requested that it might be repaired; that on the different parties entitled to the water being questioned whether they would agree to defray their shares of the expense of repairing the Dam, the 5th Defendant's Grand father, Aury Chetty, executed a document on Stamp Paper as Moottadar of Salemdumpully declining to bear any part of the expense, and relinquishing his right to a share in the water; that the said Shashien agreed to defray his portion (of the expense) but that in consequence

of

of the work not being considered profitable to Government and to the Aumany Villages of the 2d and other Defendants, it was not executed; that subsequently, Plaintiff with the permission of the Collector, repaired the Dam annually at his own expense, and became, consequently, entitled to the exclusive right of the water.-

3. The 1st Defendant in his answer stated that the water from the Dam in question was divided by Colonel Reid into 8 shares, of which Plaintiff is only entitled to one and an half; one to the Estate of the Moottadar of Salemdumpully (5th Defendant) and the remaining five and an half shares to the Villages of the 2d and other Defendants; that the Annicut is the property of Government; but that it has not been repaired in consequence of the different parties interested therein not agreeing to defray their respective shares of the expense.-

4. The subordinate Judge decreed in favor of the Defendants, being of opinion that it was clearly proved by the evidence especially by the 4th 5th and 12th documents of 1st Defendant, the former of which was a Mochilka alleged to have been executed by one Chendrasakariah on behalf, and with the consent of Plaintiff, "that it has been "at all times customary for "the Ryots "of the Government Villages to take a share in "the water from the Dam in question, and that the "Plaintiff has on former occasions admitted

"this right, which does not appear at any "time to have been formally relinquished by "the Government ryots and that even if they had "done so, their resignation would have been "invalid as regards the rights of their Villages "without the sanction of the Government".-

5. And in respect to the case between the Plaintiff and the 5th Defendant the subordinate Judge observed that although the Judges of the late Provincial Court in their decree in special Appeal suit No. 6 of 1836, appear to have acknowledged it to be proved on the part of the Plaintiff that 5th Defendant's Grand Father, the then Moottadar of Salemdempully executed an agreement resigning all right to water from the Dam in question yet as that agreement had not been filed either in that Suit, or in the present record, he the Subordinate Judge, could in no way pronounced the condition thereof to be binding against the Successors of the party by whom it was executed.-

6. The Civil Judge who heard the case in appeal likewise considers Plaintiff to have failed in his endeavour to prove an exclusive right to the water from the Dam in question, and on nearly the same grounds as those recorded by the Sub: Judge he confirmed that Officer's decision-

7. The Special Appellant dissatisfied with the Judgment of the lower Courts urges the following grounds in support of his application for

the

admission of a special appeal.-

Firstly. That the Defendant's claim to the water in dispute is barred by the statute of limitations, he the special appellant and his Ancestors having been in undisturbed possession of the Dam, and exercising exclusive control over the water for a period of 20 years without molestation on the part of the Defendants.-

Secondly- That the 1st Defendant failed to prove one of the points recorded for him to prove in the Original suit namely "that "Chenthosacaroyen had obtained Authority "from the Plaintiffs in due form to conduct "any proceeding on his behalf during "the investigation of his affair"; although both the lower Courts have assumed that point to be proved, their Decrees in fact mainly resting upon it.-

Thirdly. That he, the special Appellant having with the Collector's consent, and at his own expense erected a New Dam or repaired the old one the other parties interested having refused to assist and thus abandoned their claim, he the special Appellant, is equally and legally entitled exclusively to the water so raised by his individual industry and personal expense.-

Fourthly- That 5th Defendant's claim if not barred on the above grounds, is clearly so by the Provincial Court's Decree by which it is declared to be proved that he executed

a

a deed resigning all right to the water-

Fifthly- That it has been proved and is admitted in the subordinate Judge's Decree that he the special Appallant, incurred damages from deficiency of water; if therefore it shoud be held that he has the exclusive right to the water, his right to recover such damages is, he contends, too clear for argument- the 1st Defendant being held responsible for the same.-

8. The Court of Sudr Udalut admitted a Special Appeal in this case. 1st To determine whether or not admitting that the Aumany Villagers and other Defendants had a right in common to the water raised by the Dam built by Colonel Reid and which was destroyed, they had any right to the water raised by the Mud Dam erected yearly by Plaintiff's father and the Plaintiff at their own personal expense and with the sanction of the Collector 2nd To determine whether or not the Collector had any right to issue the order of the 11th January 1845 in consequence of which the damages sought to be recovered in this action were occasioned..

9. The 1st Special Respondent filed his answer..-

10. The Court of Sudr Udalut having carefully considered the points at issue in this Special Appeal are of opinion that the decrees of the lower Courts are correct and should be affirmed with all costs to be paid by the

Special

Special Appellant..

11. The original Dam or Annicut, which was of stone was not entirely destroyed nor rendered altogether useless and the Plaintiff (Special Appellant) did not construct a new or different one, but only temporarily restored the old one, and the fact of the Collector (1st Special Respondent) not having seen fit on the part of Government to rebuild it in a substantial and permanent Manner or of the Amany Ryots not agreeing to contribute their quota for that purpose cannot be deemed to constitute any relinquishment of their respective rights, which therefore remained only in abeyance, nor can the mere partial or periodical repair of the same at a trifling expense by the Special Appellant with the Collector's permission, give him an exclusive right to the Dam itself or to the water flowing therefrom..

12. Moreover the Special Appellant has from time to time, as clearly proved by the Documents produced by the first Special Respondent, admitted the claim of the Amany Ryots to a certain portion, Vizt. 9 shares of the water in dispute according to Mamool and disavowed any intention to prevent their enjoyment of those rights. It further appears that the said Dam was repaired by the Tahsildar in 1839 with the assistance of the Ryots of the Amany and other Villages and that the Government lands were irrigated thereby.-

13. The plea of the Special Appellant that the Special Respondent's claim is barred

by the statute of limitations cannot therefore, in any point of view, hold good and the order of the Collector (1st Special Respondent) upon which the suit is based must be held to be conformable to Mamool and in all respects legal and justifiable.

In the Sudr Udalut.

1st Special Respondents Costs.

Vakeel fee	7..5..10
4 Rolls for answer	16.. .. ..

(30)

Bd. No. 1122

From the Acting Collector of Tanjore

Reporting in the progress made by the Curnums in Copying Pymaish accounts

Sir,

I have the honor to reply to your letter of the 12th Ultimo.

The Survey accounts which are now being copied consist of measurements only and not of assessment some Specimens from the Shealley and Keevalore Talooks are herewith submitted as required by the Board. From these it will be seen that the details of the Holapramanum are entered both according to the Survey and to former accounts, that the different kinds of trees in all Topes are specified and that each days measurement is separately entered and daily added to the last days total. The Board will also notice a difference between the Survey accounts of Tanjore and of other Districts arising from the great proportion of the lands in the former being under river irrigation. the holders of these valuable lands are very numerous, a single number being frequently held by more than one person, and each holding is so irregular in its shape as to occasion more than ordinary detail in the entry of it's boundaries, and minute secondary or takkur measurements. The names not only of all the Merassidars but also of their poracoodies are entered, and a note is made of all disputes that have occurred as to right of occupancy. Further the Board will observe that the original accounts are written on Cadjans from which more time is occupied in copying than from paper, as each leaf must be held up and be placed in a strong light before its writing can be readily decyphered.

The Estimate which Mr Bishop submitted in his letter of the 12th of February last was founded on a calculation of 30 and not of 26 days to the month, according to which at the rate of 40 numbers copied in each day, the cost of copying would be 9-1- per 100 numbers or the same as the Board have remarked was the cost of a similar

work

work in Bellary. The Copyists have hitherto had to go two miles from their house to the Cutchery, as there is no accommodation for them nearer to the Fort than the Village of Poryaur, and hitherto the work has not exceeded 12 sides per diem, at an average of 2 1/4 numbers per side for Sheally and 2 1/8 for the Heevalore talook, or 27 and 25 numbers a day. Mr Bishop however intended hereafter to allow them the use of the Government house at Poryaur, and as this would have saved the time they have hitherto spent in proceeding to their duty, he was in hopes that their work would have been facilitated so as to have enabled them to copy 18 sides or 40 numbers a day but I am not sanguine that this extent of work can be obtained. The Statement which is in the margin will shew the Board the average result of the work hitherto

Statement shewing the number of Copies of Pymash accounts completed in Sheally Talook.

Classification of Copying Pymash accounts per Side	Villages	Survey numbers	Copied Sides	Average numbers for Sides	Numbers calculated according to present copying rate 12 sides each day
1	2	3	4	5	6
@ 2 1/4 Nos per side	23	6,159	2,769	2 1/4	27
above 2 1/4 Nos Do	167	63,782	21,848	2 15/16	35
within 2 1/4 Do	231	45,283	26,079	1 3/4	21
	421	115,224	50,696	2 1/4	27
Hevalore Talook (incomplete)					
@ 2 1/4 Nos Do	2	630	279	2 1/4	27
Above 2 1/4 Nos Do	24	17,995	6,707	2 1/16	32
within 2 1/4 Do	46	21,047	11,459	1 13/16	22
	72	39,672	18,445	2 1/8	25

hitherto performed for the Shealy and Keevalore Talooks, that for the former an average of only 27 numbers has been copied in a day and for latter an average of only 25 I have therefore to express my regret that I am not only unable to recommend any reduction in the Estimates submitted by Mr Bishop but I am not without apprehension that the actual cost both of the Salaries of Copyists and of Sader-wared may exceed Mr Bishop's Estimate.

Tanjore

(32)

Bd No 1203
From the Collector of
Trichinopoly } Para 1.

Submitting explanation with reference to the Board's Proceedings of 22d January and 29th April last.

Sir,

I have the honor to acknowledge receipt of your Board's Proceedings dated respectively 22d January and the 29th April last directing my attention to several points of deficient information in my report on the Settlement of the District for Fusly $\frac{1260}{\text{AD } 1850/51}$ and requiring me to submit explanation which I now beg to furnish.

Para 1st
2. Adverting to the increase above last year to the extent of 41 per cent in

in the censes for the Torriore Talook I find from a reference to the account that in Fusly $\underset{\text{A.D. 1849/50}}{\underline{1259}}$ the population returns for that Talook was rendered for the Iyen Villages only to the exclusion of the Istimrar and Davistanum Villages This Omission was rectified and my census gives the entire Talook population Hence this apparent large, and as it was sudden increase.

Para 2 3 The same reasons and causes is applicable to the increase of Cattle in Torriore while the decrease in Arcaloor is occasioned by the neglect of the Zemindar in not furnishing his return.

Para 9 4. Here your Board require to be informed why the remissions for Shavie were so large in the Talook of Corrand and woodiarpolliam I beg to explain that the loss of crop in Corrand was found in the Elloopoor Division of the Talook situated in the middle of the Toudimans Country twenty miles due South of Trichinopoly where the rains were scanty and of consequence the Tanks of irrigation did not receive their full supply of water. These reservoirs

Vide para 2 of my Report for Fusly 1260

are

are for the most part small and require to be filled two or three times to ensure a full and certain Crop. Hence this loss by perished Crops.

The same cause militated against the Paddy Culture in woodiarpolliam Here the Ryots are in the habit of sowing coarse rice grain in their Poonjay lands dependent on the falling rains / Manavary / and when these fail Shavie occurs, and Remission is called for.

Para 10 5 The deduction of Rupees 3,433 in the Talook of Conad for one crop of two Crop lands was both necessary and just. These Talook derives its means of irrigation in the main from the great Wyacondan Canal, and this channel being under extensive repair during 1850 there was some delay occasioned before the water could be let in and when the Caverry was turned in the season for the first Crop had gone by. This was a contingency the Cultivators could not control and deduction was granted. I purpose hereafter submitting my views in the arbitrary classification of two crop lands which obtain in this

District to the ruin both of the Ryot and the interest of Government.

Para 2. 6 The entry of Teerwah jastee and Fazul jastee with reference to the Sugar cane cultivation in the English Statement is a clerical error, and was not so entered in the Maharatta account Statement - no extra tax is levied on cane grown upon two Crop land whether wet or Garden. But if it be single crop land then an addition of one half of the fixed tax is brought under the head of Teerwah Jastee.

Minutes of Cons: dated 9th March 1852. Para 2. 7. The preponderance of adult Females over males arises from the former being taken as arrived at puberty at an earlier age than the latter. Hence the proportion of male Children to adults is much larger than of females.

B. No. 15
From the Collector of Trichinopoly
Submits information relative to the bearing of the Commutation rates on the condition of the people when compared with the present prices of produce called for by the Board in their Circular dated 8th November 1852.

Sir.

Parat. In accordance with the requisition contained in your Circular letter dated the 8th Ultimo, I have the honor to submit all the information in my power relative to the bearing of the Commutation rates on the condition of the people: when compared with the present prices of Produce. And in placing this information before your Board I shall follow seriatim the several points to which attention is drawn.

I. What, are the commutation prices of your District for Dry Wet and Garden lands?

2. From the Old Records of the Office, and and the first reports on the Fiscal arrangements of this Province it appears that the Punjay and Garden lands of the District have, even prior to the Cession of the Country by the Nawab, always paid in money a fixed rate of assessment, varying with the Crop grown, and the description of Soil upon which the product was raised. And these rates

diversified in the different divisions of the Province throughout the high lands and the dry Talooks and upon which the commutation prices were never brought to bear - These were confined solely to the Wet Talooks and the lands irrigated under tanks -

The commutation prices of the District for the Wet or Nunjay lands have varied considerably at different epochs from the first assumption of the Country by the British up to the final adjustment in Fusly 1231 AD 1821/22 by Mr. Lushington under the authority accorded him by the Government and the Board of Revenue on the 6th and 12th of March 1821 -

As explained by Mr. J. Wallace in his most lucid report of the 22d January 1802 upon the State and Settlement of Trichinopoly for Fusly 1211 AD 1801/2 the British Government found that, the notorious Arnachellum Pillay, for so long a period the Agent of the Nawaub's Administration, had fixed the selling prices for Paddy grain (by the monopoly sale of which the revenue was obtained) at the following rates -

For Vallan Paddy - 9 Fanams per Cullum -
For Caur Do. --- 12 - Do. - Do.
For Peshanum Do. -- 13 - Do. - Do.

But

But Mr. Wallace for the reasons explained in paras 173 to 181 and para 191 of his report in Fusly 1211 / 1801/2, the first year of the Company's management, fixed the price at which the Government share of the Grain or Mailwarum should be taken by the Village ryots collectively, and rendered in Money at these rates namely -

	Price for Car Paddy Per Cullum -		Price for Peshanum Paddy per Cullum -	
	Gopally Fanams	Cash -	Gopally Fanams	Cash -
Conaud ———	8	16	9	16
Vittoocutty ———	8	"	9	"
Moosery ———	8	"	9	"
Laulgoody ———	8	16.	9	16.

While the average for the Division was -

	Fanams	Cash -
For Vallan Paddy - - - - - - - - - -	6	2 1/3
For Caur - - - - - - - - - - - - - - -	7	9 7/16
For Peshanum - - - - - - - - - - -	8	2 15/16

Again in Fusly 1213 AD 1803/4 this system of sharing the produce, and giving the grain

Vide Settlement Report of 12th March 1804 Paras 12 to 15 -

grain over to the Landholders on the Commutation principal was abandoned by Mr Wallace; and a fixed land tax substituted; but based on the prices fixed at the Settlement of the Country in Fusly $\frac{1211}{1801/2}$. and the assessment was arranged by applying to each Nungay field in the Wet talooks of the District. the standard Grain Assessment and the Commutation prices. to find the due rent to be borne by each. The demand was thus settled accordingly. and the Teerwas in a measure attached to the land; but liable to variation and to fluctuate with the description of Paddy Crop grown whether Caur. Peshanum or Vallan-

These rates continued in force up to Fusly $\frac{1218}{\text{A.D. } 1808/9}$ when it was found necessary in the following year to make a reduction of the Commutation prices to the extent of ½ fanam in favor of the Laulgoody Talook. where the rates fixed by Mr Wallace were found to operate oppressively- Mr Travers brought the subject to notice in his report* upon the Settlement of Fusly 1218. and the Board according lent their sanction on the 15th February following 1810.

Caur G.F. 8—16- Cash

he

Vide Report Dated 20th June 1810 - Para 15

he carried the remission and in his Settlement of Fusly $\frac{1219}{1809/10}$-

In Fuslies $\frac{1223}{\text{A.D. } 1813/14}$ and $\frac{1224}{1814/15}$ the decennial lease was established in the Wet division of the District on data in every respect too high, whether in reference to the productive Capabilities of the lands or in regard to the average Collections of former years. and the result of subsequent years proved that the estimate and accounts of produce were greater than the lands would yield; and likewise that the Commutation price was far too high, and exceeded considerably the Market selling price, for a series of years during the lease, namely from Fuslies A.D. $\frac{1225}{1815/16}$ to $\frac{1229}{\text{A.D. } 1819/20}$. In consequence the decennial arrangement was abandoned and a permanent reduction of the teerwah fixed on each Cawney permitted, that averaged from 20 to 25 per Cent; although in some instances and localities Mr Lushington allowed an abatement of 40 per Cent-

The rates finally fixed as the average Commutation price were-

		Pie		
For Vallan	Annas 10-	11½	per	Cullum
For Caur	Annas 12-	8½	per	Do.
For Peshanum	" 14-	3.	per	Do.

And this has been considered as the mode of Settlement ever since-

Statement Shewing the Commutation prices Fixed by Mr Wallace in Fusly $\frac{1211}{1801/2}$

	Price per Cullum. F. C.	Equivalent in Madras Measures per Rupee-
Vallan Paddy	6 — 2 1/3	54 7/8
Caur Do	7 — 9 7/16	47 1/8
Shumbah Do	8 — 2 15/16	41 1/8

Rate according to Mr Lushington's reduction of Assessment-

	Price per Cullum- A. Pice-	Equivalent in Madras Measures per Rupee-
Vallan	10 — 11 1/2	57-
Caur	12 — 8 1/2	48 3/8
Peshanum	14 — 3-	44-

II- On what principles were those rates fixed? What were the different descriptions of produce taken in that calculation; and what circumstances regulated their Selection?

Mr Wallace took the actual Cultivation and produce for the five years preceding Fusly $\frac{1211}{1801/2}$, with the outturn of that year as the ground work of the rent; Formed an average standard of grain for each Village out of that account, then took the Mailwarum of 50 per Cent as the Government share, and valued it

by

by the usual selling price of the time and such prices as were usual in productive years, and thus framed his Commutation rates- Speaking[*] of his principles he says, "I informed them[+] that "an average of the produce of five years, "where such average could be made, and "in addition to the general result thereof "of the difference between the large "Mercal[×] hitherto in use in the District, "and the Standard Mercal as now established would form the basis of the "rent as to the Mailwarem or Government "share which would be given up to them, "and for which they were to pay by "instalments in Money- and that the "prices at which they were to settle for "this amount in each Village, should be "on average for Caur $\overset{F}{7}$ — $\overset{C}{9\tfrac{7}{16}}$ Peshanum "$\overset{F}{8}$ — $\overset{C}{2\tfrac{15}{16}}$ Vallan $\overset{F}{6}$ — $\overset{C}{2\tfrac{1}{3}}$, that the distance "from the Chief Market would in "my Settlement with each Village "regulate the exact price-"

Mr Lushington's reductions were based on a plan for equalizing and lowering the Teerwah in each Village according to it's condition. By examining

separately

[*] Para: 121 Report on Fusly 1211-

[+] The principal land holders-

[×] This difference on an average amounted to 8 1/3 per Cent- The regulated Mercal of Trichinopoly contained of horse gram one year old 312 Arcot Doodies weight, while the large one used by the Nawabs Government was 8 1/3 per Cent larger-separately the accounts of each Village ascertaining it's produce, it's cultivation and it's means, reduced the Teerwah more or less as the exigency required. A system apparently without defined principle, and certainly arbitrary in it's mode-

The usual Rice Grains Inferior and Superior, Caur or Shoombah were the descriptions of produce taken in the calculation-

The dry grains were not considered, because a fixed money rent or tax had been established by the Native Government amongst the High or Pungay districts, and the Warrum system did not obtain-

III. Were the rates prevailing in the different Talooks considered in fixing the average, or was that average determined with reference to the prices of Grain in certain towns only?

I have caused a most deligent search to be made in the Records for accounts or price lists to throw light upon this subject, and enable me to reply accurately- But to no purpose- It is to be feared that all these accounts were destroyed and burnt in the

year-

year +1844 when a discretion was granted to the Collector to destroy useless accounts and Statements-

+ Order of Board dated 2d March 1844-

Mr. Wallace seems to have considered the Fort of Trichinopoly as the Chief Market, "nay the only" of the Country and all his calculations were made with reference to it's ruling prices and it's distance from the several Talooks and Villages- So that the prices prevailing in the several Talooks do not appear to have been considered. There were no large trading towns in the Wet Talooks at that period-

Para 191 of report dated 22d January 1802-

IV. What proportion of the gross Produce was taken for the assessment of Government-

The general average was half of the produce or 10 per Cent- tho' in some Villages as much as 60 or 55 per Cent was taken for the Government share- The expenses attending the cultivation and production being borne in every instance by the Ryots themselves-

V. What was the extent of Cultivation as far as can be ascertained of

the

It is not possible at this period to ascertain the different descriptions of Grains at the time the commutation rates were fixed?

the extent of Caur Paddy and Peshanum Paddy in cultivation in Fusly 1211 / AD 1801/2

22nd January 1802. The several Statements and accounts furnished by Mr. Wallace with his first report are not in this Office —

The Subjoined Statement exhibits the gross Cultivation at that time and in Fusly 1212 — AD 1802/3 —

Fusly	Extent of nunjay land in Cheys used in Fusly 1211 —	Extent of Nunjay land in Cawnies & Goolies —			Extent of Punjay land —			Total —		
		Cs.	Gs.	as.	Cs.	Gs.	as.	Cs.	Gs.	as.
1211	63,300 7/8	"	"	"	"	"	"	"	"	"
1212	"	115,981	1	4½	137,791	3	14½	2,55,772	5	2¾

The Number of Cawnies for a Chey and the extent of Punjay land Cultivated in Fusly 1211 not being ascertainable by the accounts, the extent of Fusly 1212 is given —

VI. And what is it now? If other products have been introduced since the Commutation rates were fixed, State what they are, and whether by their having a higher value in the Market the Ryot has been pro tanto benefited —

A Statement of the Cultivation of Nunjay and Punjay and Garden for Fusly 1261 / AD 1851/52 is hereunder annexed. I am not aware of any new description of product or grain having been introduced into this Province since its cession to the British. The same crops are raised now, as were produced then in every part of the Country. Rice of kinds

kinds on the Wet lands, and dry grain proper to tropical climes on the Punjay or high grounds. It is always difficult to introduce an exotic into this Country, and the Ryots will only grow those products for which there is an immediate and apparent market —

There

VII. State what descriptions of Produce were generally grown formerly by the poorer Claſses of Ryots, and what kinds at the present time, and the bearing of the settlement rates on these Claſses with reference to these products.

There is no difference whatever in the agricultural arrangements with regard to Crops between the substantial and the poorer Claſs of Ryots or Meeraſsidars. All grow the same products, and all pay alike. It seems unneceſsary to enumerate the various kinds of grain for their description and nomenclature are well known to the Board.

The Poorer Ryots is placed in some strait and disadvantage by the bearing of the Settlement upon him in Comparison with his more wealthy Neighbour. In-as-much as he cannot withhold his produce after the harvest, and wait for a favorable turn in the Market prices. He must sell to meet his engagements with the Government, and thus his neceſsities Compel a sacrifice of probable profits, which his richer Neighbour avoids by keeping his grain until there is a rise in the Market.

There is no remedy however for this, and it must always be the case let the aſseſsment be high or low.

D.J.

The

VIII. A Statement of the Prices of the Grains on the value of which the commutation rates were fixed for 10 years succeeding the period when those rates were determined and for the last 10 years commencing with Fusly 1251 A.D. 1841/42 and ending with Fusly 1260 1850/51. These Statements to be prepared on the same principles as those in which the commutation rates were aſsumed. Where this cannot be done the price Lists may be forwarded as submitted with the Settlement Reports in each year, with explanation of the manner in which they were drawn up and what value is to be attached to them in a comparison with the commutation rates.

The required statements are herewith submitted marked A and B. They are prepared according to the price Lists submitted with the Settlement Reports in each year. Those accounts on which Mr Wallace based his rates are not forthcoming in this Office.

I have no reason to question the validity of these price Lists, which are framed according to the ruling Market prices in the Trichinopoly Bazar during the harvest Months.

The Board will observe from these returns that the existing commutation prices do not appear to be oppressive but on the contrary that the percentage of profit obtained by the market prices is considerably in favor of the Agriculturist. In Shumbah it is 15 per Cent and on Cuur Paddy it is 7 per Cent.-

IX Explanation should be afforded as to the extent the Ryots may have benefited by the Prices they obtained for articles which were not included in the Lists according to which the commutation rates were fixed.-	This is inapplicable to the District. No new products are grown. The commutation rates were fixed on the usual Rice grains. The Dry lands have always paid a fixed tax on the land according to crop raised.-
X. In Districts where there are no commutation Prices the selling prices for the ten years succeeding the Settlement of the Land Revenue as well as for the last 10 years commencing with Fusly $\frac{1251}{1841/42}$ should be given.-	Inapplicable.

3. By para two of your letter now under reply, I am directed to ascertain with precision how far the condition of the people has been affected by the prices of Grain during the last few years, and my opinion to be stated whether their circumstances are such as to require relief.-

3

I have given the subject may anxious attention, and I am at length constrained to admit that I do not consider the Meerassidars and Land holders of the Wet Division of Trichinopoly are either over-assessed or irretrievably depressed by the present rates of Commutation or by the present price of Grain in the market. And of consequence that their condition is not so bad or ruinous as they would lead the Government to suppose or as I was once disposed to consider.-

I do not here refer to the Dry Talooks of the Province, because of their condition and taxation I have recently submitted my views.-

4. The assessment as it now exists since the reductions made by Mr. Lushington cannot be pronounced excessive; its average on the double crop land per Cawnie (Trichinopoly) of 44,100 square feet does not exceed Rupees 12 and that on single crop may be set down at 6½ Rupees.- The

Number.	Talookwar-	Per each Nunjay Cawny.		Poonjah.		Bagayet	
		Double Crop.	Single Crop.	Per each Putcut Cawney.	Per each Jeerwah Jut Cawney	Per each Cawny of Putcuts.	Per each Cawney of Jeerwah Jut.
1	Conand	12 1 6½	6 ‥ 9¼	„ 8 6½	1 ‥ ¾	1 1 6	2 6 4½
2	Vettoocutty	12 4 9	6 7 11½	„ 6 6½	„ 13 7	1 7 ¼	2 13 1
3	Moosery	11 11 2½	7 3 1	„ 6 8¼	1 1 5	3 1 7½	3 10 ¼
4	Laulgoody	10 8 7½	6 ‥ ½	„ 14 4¼	2 ‥ 9	1 10 3½	5 14 5¾
5	Toriore	10 3 4	5 2 5½	„ „ „	2 5 2	„ „ „	10 6 11
6	Oodiarpolleem	9 14 „	6 13 5¾	2 1 10½	5 12 10½	„ „ „	10 3 ¼
7	Arrealore	15 12 11½	8 6 3	„ „ „	5 15 8¼	„ „ „	10 7 4
8	Volicondapoorum	16 13 7¾	9 1 5	„ „ „	3 9 5¾	„ „ „	9 8 11

The marginal Statement shews the average of tax for the whole District Wet Garden and Dry. There are however Villages and localities where this average is far exceeded and the assessment runs up high.-

5. As regards prices there can be no question but that price has been materially depreciating and that there is a downward tendency since the Fusly year of 1258 A.D. 1848/49. But these fluctuations are common and are not of long duration. We see the Markets adjusting itself after a certain period and prices rising for a Series of years and then falling. Alternating in fact yet giving the Ryots a remunerative profit. Small in some years, and more advantageous in others. I have been led to this opinion

and conclusion by the results obtained in the comparison of the average of prices taken at different epochs from the first year of our management up to Fusly 1260 A.D. 1850/51. And I would beg your Boards attention to the accompanying statement marked C. It exemplifies my conclusions and exhibits the price of Paddy from Fusly 1211 A.D. 1801/2 to Fusly 1260 A.D. 1850/51, a period of half a Century.

6. In this vista of years I have taken three periods to strike an average, and yet prices shew a most extraordinary uniformity and steadiness. The first series is for ten years at the commencement of our rule namely from Fuslies 1211 A.D. 1801/2 to 1220 1810/11 and the average gives for Shumbah per Cullem Rupees 1-2-4½ for Caur Rupees -15-4¾ and for Vallam Rs. „-10-8½.-

The second Series is for thirty years a long period including Seasons adverse as well as prosperous, from 1221 A.D. 1811/12 to 1250 A.D. 1840/41, and the average shews for Shumbah Rs 1-1-5¾ for Caur annas 15-2¼ and

6217

Fort St. George 16th. May 1853

and for Vallum Annas 11–5 per Cullum.–

The third series for the past ten years or from $\frac{1251}{1841/42}$ to $\frac{1260}{1850/51}$ and the average is for Shum[bah] Rs. 1–6 the Cullum, for Caur Annas 13–7½ and Vallan Annas 9–6. While the average for the 35 years gives for Shumbah Rupees 1–1–5½, for Caur Annas 15–1¼ and Vallan Annas 11–7½. The ruling commutation prices being Shumbah per Cullum Annas 14.3, Caur Annas 12–8½ and Vallan Annas 10–11½.–

7. Prices during the last season of Fusly $\frac{1261}{A.D. 1851/52}$ were very low falling below that of the commutation rate on an average of 9 1/8 per Cent. on Shumbah and 13 7/16 per Cent. on Caur as shown in the Marg[in] And yet the[re] have been ... years ... Fusly 1237 which ... by years of prices ag...

6218

Fort St. George 16th. May 1853

8. It is very difficult to come to a right understanding on the subject of produce and price with the Inhabitants, it is a question which seems almost impossible to settle satisfactorily.

I have lately conversed with many ryots on their present condition. They will not acknowledge that they are better off now than formerly or that their social condition is in any way raised. Their chief complaint in these wet Talooks is not so much against the assessment, as the extraordinary deficiency in the fertility of the soil and the actual scanty outturn of produce compared with former years. And the inaccuracy as well as inequality of the measurements of their fields, some containing much less than the quantity entered in the accounts of Fusly $\frac{1213}{A.D. 1803/4}$ and others more.

9. These complaints I believe to be reasonable, and no doubt there is much to contend with. yet on the other hand vast improvements in the means of

irrigation have been carried out on a Maramut works, and great attention paid to the communications of the country, in the building of bridges and construction of roads. People every where are benefitted, provisions, firewood and clothing are cheap while luxuries are more universally disseminated. The wet lands under the Rivers are saleable here, and fetch as much as Rupees 100 the Cawney - 70 the avery. and Rupees 20 the lowest. Most assuredly the Revenues too of the country are realiz easier, and paid with greater punctuality than they were fifteen or 10 years ago.

10. I cannot think that the present exigency requires a reduction of the assessment. But I would urge the justice of keeping up the Military Force at Trichinopoly to its former strength. Let there be no withdrawal of a portion of the European Regiment, and let the Cor return. For there cannot be a question but that the presence of a large Military force

force stationed in a District must have an influence upon the demand for grain, and affect the market price.

I would also suggest that, when the survey and revision of the assessment on the four Dry Talooks is ordered, a remeasurement and adjustment of all the Nunjay fields in the west division of the district be likewise sanctioned.

Trichinopoly District,
Vortalaygoodalore,

Order on the 3 foregoing letters.
(Vide Pro. to Govt. 19th May 1853)

Ordered to be brought forward at a future meeting.

Read

Fort St. George 16th May 1853.

Read the following letter.

No. 108

To,
W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

(36)

Bd. No. 35
From the Collector of Trichinopoly.

Sir,

Para 1. The sentiments of your Board as recorded in your letter of the 2d. Instant were by me made known without loss of time to the Petitioner in Petition No. 58 of 1852 transmitted to me with the letter under acknowledgment.

2. In October last this individual made a similar request to me of endowing a Choultry with all his landed property, and with a view to secure the due payment of the Government tax on such land he was desirous of depositing Rupees 10,000 in my hands.

3. I apprized him that such a step was inadmissible, and advised him to purchase into the Public Loans. He took time to consider, and on the 6th of November last subscribed through me in the name of his daughter Vathanaiegum

Ummal ten thousand Rupees to the 4 per Cent Loan now open. And the Promissory note has been already obtained direct from Fort William and given to him.-

4. He has requested time to consider over your Board's suggestion, and I am now given to understand the man is in a dangerous state from a huge abscess or Rajah boil on the back.-

The original Petition is returned.-

Trichinopoly District,
Voitalaygoodalore,
Collectors' Circuit Cutcherry,

Bd. No. 1247

From the Collector of Coimbatore...

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue dated 7th Instant, and the Minutes of Consultation of the 19th March 1853, I beg to inform the Board that the arrangements suggested, are exactly what have been followed in this District for several years. The several vaccinators in the various parts of the District, always Join my Camp whenever on Circuit, and report to me, (with Dr. Porteous' full concurrence,) their weekly work and proceedings- and both my own Dreſser and the Sub Collector's vaccinate and attend gratuitously, all who will receive Medicine, in and near the Villages paſsed through.-

Conoor,
30th September 1853.

(Signed) E. B. Thomas

No. 69.

To,
W. H. Bayley Esqre.
Secretary to the
Board of Revenue.

(44.)

Bd. No. 1292.

From the Acting Collector of Madras

Sir,

I have the honor to request the authority of the Board to publish the usual Notification in the enclosed form which was sanctioned last year for renting the Arrack Shops of this Collectorate for the ensuing Fusly 1263 (1853/54).

2. At the same time I would venture to suggest to the Board that it seems extremely desirable that the Abkarry system should be carefully examined, not simply as a question of Revenue but on its bearing on the welfare of the people. The fearful facilities for drunkenness now offered by the almost unlimitted sale of imported Spirits, Wine and Beer, in addition to the Arrack and Toddy, which is under some degree of control, urgently call for a remedy.

Madras,
13th. May 1853,

(Signed) H. Stokes
Acting Collector.

No. 1.

Notice is hereby given that the right of retailing Colombo and Putta arrack in

in the established number of Shops within the Abkarry limits of the Collectorate of Madras, and of retailing only Putta Arrack within the Cantonments of St. Thomas' Mount and Palaveram respectively for Fusly 1263, or from 12th. July 1853 to 11th. July 1854 both days inclusive, will be put up by public auction in the Office of the Collector of Madras from Monday the 27th. June 1853 at 11 O'Clock A. M. and will be given to the highest bidders.-

2. Tenders for Arrack Shops on rent should state the numbers of the Shops and the dowle at which it is proposed to take each Shop. These tenders should be delivered at the Madras Collector's Cutcherry either personally or through the Post Office, post paid, on or before the 27th. proximo.-

3. The successful bidders will have to make the customary deposit of 10 days dowle.-

4. All Venders of Arrack and Toddy within the limits of the Supreme Court will have to take out the licenses provided for by Act XIX of 1852, to adhere

to the rules therein prescribed for their guidance, as well as those contained in the Police Regulations.-

5. The arrangements made at auction will be subject to the confirmation of the Board of Revenue.-

By order of the Board of Revenue.-

Madras, 13th May 1853. } (Signed) H. Stokes
Acting Collector.

Bd. No. 1047
Proceedings thereon.- The Board of Revenue authorize the Collector of Madras to make arrangements for renting the Abkarry and Toddy Farms under his management for the ensuing Fusly 1263, and approve of the notification proposed to be published in the Fort St. George Gazette.-

(44-45)

2. With reference to para 2 of the foregoing letter, the Board will be prepared to take into consideration any suggestions which the Collector may be able to offer with a view to remedy the evils adverted to.-

(46)

No. 70.

To, W. H. Bayley Esqre.
Secretary to the Board of Revenue,

Bd. No. 1203
From the Ag. Collector of Madras } 1

Sir,

I have the honor to acknowledge the

28th October 1852

the receipt of the Extract from the Boards' Proceedings calling for a report on the expediency of extending to this Presidency certain laws relative to the appointment of Uncovenanted Deputy Collectors and Magistrates with reference to the Minutes of Consultation of Government therewith transmitted.-

2. The Board are aware that the wants of this Collectorate have been provided for without a change of the law by the appointment of an uncovenanted Superintendent of Salt.-

3. As regards the general question, I am of opinion, that the example which has been set in Bengal and Bombay should be followed in this Presidency. The Chief difficulty in the internal administration of the Indian territories arises from the lamentable absence of truth, honesty and moral principle; first, among the people, and second among our Native Officials. I conceive that the employment of such an agency as is contemplated in the order of Government now acknowledged, may to some extent meet the difficulty as regards the defects in the higher departments of the

present Native agency.-

Madras, }

Resolved.

6240

Fort St. George 16th May 1853

Resolved that the following letters be despatched.—

(52)

To, The Acting Collector of
Cuddapah.—

Bd. No. 1052.
To the Actg. Collector of Cuddapah....

Sir,

As it appears from your Endorsement on Petition No. 2518 of 1852 that Petitioner has never paid since his taking up the land in Fusly 1252, any teerwa jasty under which a head one Pagoda per acre was ordered to be levied in Fusly 1261. the Board are of opinion that he should not be called upon for any extra tax; but retain the land on the assessment hitherto levied from him.—

Endorsement on Petition No. 2518 of 1852.—

"The Board have directed that teerwa jasty shall not be levied upon Petitioner's Garden land. He appears to enjoy his just share of water.

Revenue Board Office,
Fort St. George,
16th May 1853....

(Signed) W. H. Bayley
Secretary

(53)

To The Collector of
Tinnevelly

Bd. No. 1031.
To the Collr. of Tinnevelly

Sir,

Your Endorsement of the 9th December 1852.

1852 on the Petition accompanying No. 1974 of 1851, explains the circumstances under which you deemed it right to rent the Tope formerly held by the Petitioner. He states that his family had rented it since Fusly 1240, with the exception of one year, when it was rented for 30 Rupees, and afterwards reverted to him on the old quit rent of 7 Pons, and that he has planted several trees in it. After so long an enjoyment by the Petitioner the Board are averse to take it from him, and desire me to ask whether 7 Pons is a fair rent for the land, and if not whether a just rate might not be fixed, and the garden restored to Petitioner.—

Revenue Board Office
Fort St. George, —
16th May 1853....

(Signed) Wm. H. Bayley
Secretary

⑦

Bd No. 1200. From the Secy. to Government. } Reviewing the report on the Extra Sources of Revenue in the district of Chingleput for Fusly 1261, and granting authority for writing off in the accounts certain irrecoverable balances ....

No. 483.

Extract from the Minutes of Consultation Revenue Department Under date the 2d May 1853.

Read the following

Extract from the Proceedings of the Board of Revenue.—

(Here enter 31st March 1853, No. 131/

Para 1. The demand on account of the Extra sources of Revenue in Chingleput for Fusly 1261 including the Sutwaid Division recently annexed to that District, amounted to Rupees 4,08,947— and was Rupees 23,491 above that of the preceding Fusly. The demand however of the previous fusly does not include the revenue of the Sutwaid Division— and if this be taken into account, the result will be a decrease in Fusly 1261 of Rupees 3,209— The two heads under which the decrease occurred, were Salt Rupees 7,751 and
Stamps — " — 764..

2. The falling off in the Sales of Salt is attributed by the Collector to the diminished supply in store at the Southern pans of Chunambut and Cheyoor at the beginning of the Fusly the Board of Revenue have however noticed that this reason is not borne out by the Statements transmitted with the report and have called for further information the Subject.—

3. The revenue from abkarry was the same as in the previous year. In Moturpha and small Farms, there was an increase of Rupees 1,010 and 4,300 respectively.—

4. Of the entire demand Rupees 41,672 remained uncollected at the close of the fusly under the heads of small Farms abkarry and Moturpha; and this Sum was reduced on the 30th November last to Rupees 25,578— The gross Collections including current, Extra and arrears, amounted to Rupees 4,16,776, from which charges Rupees 65,900 being deducted there remained a net revenue of Rupees 3,50,876.—

Small Farms	Rs.	6,199
Abkarry ——	" —	28,848
Moturpha ——	" —	6,624.

5. The balance outstanding at the close of the Fusly Rupees 41,672, though subsequently reduced to Rupees 25,578, was still very large and exceeded that which remained at the same period of the previous years in the Sum of Rupees 13,653— The Government agree with the Board of Revenue that the reasons assigned

Balance at the close of Fusly 1261 —	41,672
Do. — Do. 1260 —	28,019
	13,653

aſsigned by the Collector for the delay in the Collection of the Moturpha revenue and that derived from small farms are insufficient and they expect a more punctual realization of the public dues for the future.

6. The Board of Revenue have called upon the Collector for information on certain points connected with the Moturpha tax, in reference to the reply of the Collector to the enquiry of Government whether it preſses heavily on the lower Claſses. The information called for should be furniſhed by the Collector and sent up to Government as early as poſsible.

Extract Minutes of Consultation 25th May 1852.

7. In regard to the heavy balance
of Rupees 22,454 outstanding under the
head of abkarry, the Collector requests the instruc-
tions of the Board as to the forfeiture of the
21st April 1852. Security deposited by the renters, referring to a
previous communication in which he had advo-
cated their claim to remiſsion. This communica-
tion the Board now submit for the orders of
20th May 1852. Government with a copy of their Proceedings
in which they had declined to support his
recommendation. The Governor in Council
regrets

regrets that he finds himself unable to remit any part of the public demand outstanding against the renters. He desires that the balance be realized in full and the transaction closed immediately.

8. Under the circumstances represented the Right Honorable the Governor in Council grants authority for writing off in the accounts of the Chingleput District, the Moturpha and Small Farms balances of previous fuslies reported to be irrecoverable, amounting to Rupees (797 – 5) Seven hundred and ninety seven and pice five.

(Signed) T. Pycroft.
Secty. to Government.

(7-8)

Bo. No. 1059.
Order thereon,

Ordered to be communicated to the Collector of Chingleput, with reference to the Board's Proceedings dated 31st March 1853. Mr. Cochrane's attention is called to the observations of Government in para 6.

Bd. No. 1203.

From the Secretary to Government

Reviewing the report on the Extra Sources of Revenue in the District of Malabar for Fusly 1261 and granting authority for writing off in the accounts certain irrecoverable balances.-

Revenue Department
No. 496.

Extract from the Minutes of Consultation, Under date the 3rd May, 1853.

Read the following Extract from the Proceedings of the Board of Revenue.-

(Here enter 4th April 1853 No. 139)

1 The demand on account of the Extra Sources of Revenue in the District of Malabar for Fusly 1261 amounted to Rupees 12,18,352 and was Rupees 33814 above that of the preceding year. This result is mainly due to an increase of Rupees 49,880 in the revenue from Tobacco partially counterbalanced by a decrease of Rupees 20119 in that from Salt. The augmentation under the former head is ascribed to the improved quality of the article; and the more vigorous preventive measures adopted for the repression of the contraband trade. Of the falling off in the receipts from Salt Rupees 5595 is attributed to the reduction in the sale price at the Coast and Inland depôts adjoining the Cochin Territory, which was introduced on the 1st April 1852 with a view to assimilate the rates

to

Report para. 5.

to those obtaining at the neighbouring Cochin depôts. This sum is the amount by which the proceeds of the Salt sold at the new rates, fall short of the value of the same quantity at the former standard. On the other hand it is to be observed the sales at the depôts in question during Fusly 1261 have largely exceeded those of the previous year and the increase seems likely to Continue. Looking however to the general results of this branch of Revenue the Government find that the aggregate quantity sold at all the depôts during the Fusly reported on has been leſs than that sold in Fusly 1260 by 120 Garce and the only cause assigned for this falling off is the illicit import of Salt from Cochin prior to the aſsimilation of the rates on 1st April 1852. A Statement should have been furnished to exhibit this and the effect of the reduction more clearly giving the sale month by Month at each Gollah comparatively for

for the 2 Fuslies distinguishing the price before and after the reduction. The Collector should vigilantly watch the effect of the reduction at these Gollahs upon the sales at those nearest to them.—

2. The fluctuations in the other branches of revenue are sufficiently explained and call for no remark.—

3. Of the entire demand Rupees 12,13,407 were collected within the Fusly leaving a balance of Rupees 4,945 under the heads of Abkarry, small Farms and Moturpha to be recovered hereafter. The groſs Collections including Current Extra and arrears amounted to Rupees 12,14,612 from which deducting Charges Rupees 270,092 which were in exceſs of those of the previous year in the sum of Rupees 57,119 owing to the higher rates paid for the Salt and Tobacco and the larger supplies received of the latter article, there remained a net revenue of Rupees 944,520 being Rupees 28,188 below that of the Fusly 1260.

4. The Right Honorable the Governor in Council grants authority for

writing off in the accounts of the Malabar District the balances of past Fuslies outstanding under the heads of Abkarry, small Farms and Moturpha reported to be irrecoverable, amounting to Rupees (320—13—1—) three hundred and twenty, annas thirteen and Pice one.—

From the Collector of Ganjam
Reporting on the practical operation of the rule requiring the personal attendance of female Pensioners above the age of 50 years.

To W. H. Bayley Esqre.
Secretary to the Board of Revenue,
Fort St. George

Sir,

I have the honor to acknowledge the receipt of the Extract from the proceedings of the Board of Revenue dated the 21st March 1853 calling for a report on the practical operation of the rule requiring the personal

attendance

attendance of female pensioners above the age of 50 years with reference to the point whether it interferes with or offends the feelings of the natives.—

2. I beg accordingly to report that the rule is greatly complained of by the five individuals to whom alone it is immediately applicable in the District of Ganjam and that generally the measure is unpopular.—

3. I feel bound however to state my opinion that if care is taken to avoid unneceſsary harshneſs in giving effect to the rule the objections are not of such a nature as to call for it's abolition.—

4. The objections to the rule consist mainly in the reluctance entertained by all Native woman of respectability to appear before a public Office. It has been the practice of myself and my aſsistants to conduct our examinations of the pensioners in question at our own or some other private houses— and although considerable dissatisfaction has been expreſsed even at this mode of examination the main cause of annoyance

has thus been prevented.—

5.— It seems to me that the rule contains a very salutary precaution against fraud and that it should be insisted on except in particular cases in which it may be proper to grant exemption from its operations.—

6.— A list of the female Pensioners above the age of fifty whose stipends are paid by the Collector of Ganjam is annexed to this.— It does not of course include any who are paid by the Zillah Court.—

19

Bd. No. 1304
From the Collector of Vizagapatam.

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue under date the 21st March last I have the honor to submit a numerical Statement of the female pensioners in this District above the age of fifty.—

Of the females included in this list there are only five who have offered objections to appear in the same manner as male pensioners at the public Cutcherry, the others are of a class who have no objections to appear in public. To some female pensioners the objections to attend at a public Office is so disagreeable and offensive that I am of opinion that it is advisable to leave to the local authority to require the personal attendance of those of great respectability above 50 only when there may be good grounds to suspect imposition.—

Vizagapatam,
Collectors' Office,
9th May, 1853.

21

B. No. 1134.
From the Collector of Rajahmundry
Dated 29th March 1853.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue calling for an explanation of the cause of the large falling off in the Collections of Land Revenue as exhibited in Column 23 of the Statement of the Demand Collection and Balance for the month of January last, I have the honor to state that in consequence of the loss which occurred to the Crops by unusually heavy rains and high freshes of the Godavery in the month of August last, it was found necessary to alter and postpone the Kists in many Villages in the Government Estates. The Zemindars and Proprietors also were for the same reasons unable to pay up their Kists punctually. Hence the deficiency in the Collection pointed out by the Board as noted in the Margin for the months of January and February last. but a great part of the deficiency will be made good before the end of the Current fusly.-

	Decrease in the Zemindary Estate.	Decrease in the Government Estate.	Total.
As per Statement for January 1853.	18562-8-8-	117622-3-1.	136184-11-9.
Do. for February	32698-10-2	10913-12-7.	141830-6-9.

2.- The Statement of Cultivation will in future be entered in the blank space at the end of the Demand Collection and Balance sheet as directed by the Board.-

B. No. 1270-
From the Collector of Masulipatam
Submitting the further information called for by the Board regarding the Measures in use in his Districts

Sir,

Para 1. With reference to your letter of the 17th January last, I have the honor to state that in reporting the price of Grain per Madras Garce heretofore, I have had reference solely to the price per Candy of 960 Seers or 480 Manikas in the Town of Masulipatam the Madras Garce being equal to 5 such Candies or 400 Mercals, and the Manikas and seers representing heaped and struck measures.-

2- With a view to test the accuracy of the weighings of grain and water as reported by my Head Assistant Collector in the Statement which accompanied his letter to my address of the 13th October last, I called upon the Assistant Collector at Masulipatam to make the same investigation, Mr. Tweedie had already completed, and report the result to me. His reply with the Statement called for shewing the comparative results, is enclosed.-

3- Copy of Mr. Tweedie's reply to my letter calling upon him for explanation in reference to the discrepancies pointed out in your letter now under report, is also enclosed - You will observe that the original weighings were

made

made under Mr. Tweedie's personal superintendence and that he was assisted by the Head Accountant of the Collectors Cutcherry.—

4 In forwarding the results of Mr. Chase's weighings I am aware that discrepancies may be pointed out in this Statement exactly similar to that noticed in your letter in regard to Mr. Tweedie's - I feel sure however that Mr. Chase has by personal superintendence endeavoured to obtain the accurate weights of the Rice Grain and waste in each instance - That the discrepancies observable in the proportions are attributable to defects and lateral cavities in same of the measures (which admitting full weight of water did not equally contain Grain) is I believe the true explanation of the facts should the Board however, be of opinion that further accurate investigation will be necessary, I shall in receiving your instructions on the subject take the first opportunity of my return to Masulipatam to institute a personal enquiry on the subject, reporting the causes of the discrepancies which certainly exist in these Statements for the information

of the Board.—

No. 2.

To, T. D. Lushington Esqre.
Collector of
Masulipatam

Sir,

I have the honor to acknowledge the receipt of your letter of the 24th ultimo No.

21 forwarding to me Extract from a letter from the Secretary to the Board of Revenue under date 17th idem and requesting that I would furnish you with the explanation therein called for.—

2. In reply I have to express my regret at the discrepancies pointed out, as the weighings were made in my presence by Mr. Marjoribanks, the Head Accountant assisted by a Gomastah of my own Office. To arrive now at a more correct result, a second series of experiments should be made, and the results carefully tested, but as the measures which were used on the first occasion are still in the Cutcherry at Masulipatam, I am unable at this distance, to try these myself but would suggest that a re-examination of all the measures be made by Mr. Chase who is at present I believe at Masulipatam with a view of ascertaining the inaccuracies, which exist in the statement already submitted to the Board.—

Bd. No. 1308

From the Acting Collector of Guntoor

Sir,

I have the honor to acknowledge the receipt of your Circular of the 24th March last, with its enclosure and in reply to forward a Memorandum showing the extent of the native land measure denominated a Cootchel as known among the Ryots of this District and used in the old accounts. It will be observed that there are no less than twenty two different varities. I am unable to prepare the memorandum by Talooks as the extent of the Cootchel varies in different Villages of the same Talook; the measure most generally in use are marked with a Cross. Since Fusly 1256 the Village Goorcunt accounts and of Course all others referring to the extent and measurement of land have been kept in Acres and Cents. Where the lands have not been measured with the chain of 33 feet the native measure of the Cootchela has been Converted into acres according to the table now submitted.

Guntoor District,
Collector's Office,
Dendy, 10th May, 1853.

(Signed) A. Purvis
Acting Collector —

Bd. No. 1328.
From the Agent
at Kurnool

To
T. B. A. Conway Esqre.
Agent to the Governor of
Fort St. George at Kurnool.

Sir,
I have the honor to Request you will submit my application for leave of absence under Section V of the Absentee Rules.-

My Medical Attendant having recommended me to proceed to Sea for 18 Months for the benefit of my health the Medical Certificate has been forwarded direct to the Medical Board my case requiring that I should leave the Station without delay I propose starting on the 13th Instt

Kurnool,
Assistant Agents Office,
11th May, 1853 -

(Signed) John G. Russell
Assistant Agent to the
Governor

No. 1.

To
T. B. A. Conway Esquire
Agent to the Governor of
Fort St. George Kurnool
Territory

Sir,
I have the honor to inform you that I consider it would be injurious to Mr. Russell's health were he to remain here until his leave of absence orders, I have therefore to Request that you will be so good as to grant him leave to proceed to the Presidency forthwith

---

6280 Fort St. George 19th May 1853.

forthwith in anticipation of the sick Certificate which I have granted him being Confirmed.-

This Certificate is for Twenty one Months within the limits of the Honorable East India Company's Charter and Sea.-

Kurnool,
7th May, 1853-

(Signed) C. J. Rogers
In Medical charge of
Civil Establishment-

(True Copy)

Agent to the Governor-

(Signed) A. W. Sherman
Physician General

No. 2.

Lieutenant John Gustavus Russell 29th Regiment N. I. Assistant to the Agent to the Governor of Fort St. George at Kurnool having applied to me for a Certificate on which to ground an application for leave of absence I do hereby Certify from personal observation that he is suffering from Chronic Dyspepsia at-tended by depression and general want of nervous power which he has been subject to, in a greater or less degree since my arrival at this station and in Conse-quence I consider a removal necessary for the benefit of his health and that he should be permitted to be absent from his duty for the Space of Twenty one Months to proceed to Sea and within the limits of the Charter.-

Kurnool,
7th May, 1853-

(Signed) C. J. Rogers
Assistant Surgeon
Govr. Agents Departt.

(Signed) W. G. Maxwell M.D.
Superintending Surgeon C.D.

This

6281 Fort St. George 19th. May 1853:

No. 3.-

This is to Certify that Lieutenant J. G. Russell Assistant Agent to the Governor of Fort St. George at Kurnool is in a very bad state of health, and I Consider he should be permitted to proceed to the Presidency forthwith for the benefit of Change of air..

(Signed) J. W. Sherman
Physician General

Kurnool, 7th. May, 1853.

(Signed) C. J. Rogers
Assistant Surgeon

Government Agent's Department

The Agent has the honor to forward an original application from the Assistant Agent Lieutenant Russell for leave of absence under Section V of the Absentee Rules and to observe that the State of that Officer's health requiring that he should leave the Station immediately as shown in the accompanying Copy of a letter from Assistant Surgeon Rogers, the prescribed Medical certificate has been transmitted direct to the Medical Board..

Kurnool Government Agent's Office, 12th. May, 1853

(Signed) J. B. A. Conway
Agent to the Government.

Bd. No. 1054.
Proceedings thereon.
(33-34)

Submitted through the Office of the Civil Auditor for the favorable consideration of Government.-

It will be observed that the period specified in the Medical Certificate is 21 Months whereas it would appear from Lieutenant Russell's application that he only requires 18 Months leave..

(37)

Bo. No. 1297
From the Collr. of Salem }

Sir,

I have the honor to state that the recent changes in the Covenanted agency of the Salem District, and the present distribution of the Officers who are subordinate to me render it inconvenient, unless at an outlay exceeding the balance to be realized, to detach a proper Officer to Superintend at Darampoory, the sale of lands authorized to be held there on the 10th instant, I therefore beg to request your Board's permission to defer the sale in question until Wednesday the 25th instant.

Read the following letter.

To
W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George.

(39)

Bo. No. 1229
From the Collr. of South Arcot
Submitting an }

Sir,

I have the honor to bring to the favorable an offer made by Devisagamany Pillay the present abkarry Contractor to continue the rent for 3 years at 80000 Rupees per annum explaining the disadvantages under which the renter labours and recommending that his offer be accepted.

favorable notice of the Board an offer made by Dewasigamony Pillay the present abkarry renter to take the abkarry farm of this District for the next three fusly years at a rent of Rupees 80,000 per annum. as the form, at Page 33 of the Circular order book appears intended only for offers taken by public competition for a single year I have been led to address the Board on this occasion by letter.

2. In my letter of the 19th June last I pointed out the circumstances under which the Offers for the farm for the Current fusly, reached the unprecedented height of Rupees 85,000. The same causes would be likely again to have force if the farm was put up to public competition, a step which it appears advisable to avoid as the angry feelings which are then excited lead parties to bid against each other often more out of personal rivalry than in reference to the ordinary profits of the farm and the consequence is that the contractor finds it necessary to make unusual exertions to increase the sale of liquor, in other words to promote drunkenness in the Country in order that his receipts may be sufficiently large to enable him to meet his engagements.

3 The present Contractor whose offer I am now submitting for the consideration of the Board belongs to a respectable family who have had experience in the management of the farm for some years past. His offer exceeds the average of the last 5 years when the farm has been at it's greatest height, and

+
Rs: 78932

and as the object of Government is to put a check on drunkenness by regulating the sale of liquors as much as to raise a revenue, I beg to recommend that Dewasigamony Pillays offer may be accepted and that I may be authorized to place him in possession of the farm for the next 3 fuslies 1263 - 1264 and 1265 on his giving the usual security to discharge the offered rent of Rupees 80,000 per annum.

4 The accompanying table exhibits the amount of the abkarry revenue in preceding years from fusly 1231.

5 I have already explained the circumstances under which the farm was raised to Rupees 85,000 on the last occasion when it was put up to public competition and, as the Contractor in addition to his other difficulties has suffered by the late Storm, I shall consider it necessary to recommend some abatement in the rent, but this subject will more properly come under notice when I am reporting on the revenues and their collection at the close of the present fusly.

The Board are of opinion that the usual rule of Public auction had better be adhered to as leſs likely to give grounds of complaint to other parties, though they would not oblige the Collector to accept the highest offer if the bidder is a person of doubtfull character or of such contracted means as to render it probable that he could not make good the demand.

Read the following letters.

No 50.

41

Bd No 1167
From the Acting Collr.
of Tanjore

To. W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St George.

Sir,

I have the honor to submit the report called for by the Board in their Endorsement on Petition No 284 of 1853.

The Petitioner was a Jawabneviſs in Valengaman, having been transferred to that Talook from Coottalum and to Cottalum from Shealy for misconduct. He habitually absented himself from his duty and resided at Combaconum where he was found by the Acting Sub Collector, and where he was proved by satisfactory evidence to have been living without leave for a length of time. It further appeared from the evidence of the Talook servants that he had done no duty whatever for the past four months.

Having

Having already been punished for tampering with public papers by a former Sub Collector, and as stated above, moved from two Talooks for misconduct, I am of opinion that his final removal from office was a just and neceſsary measure.

From the Ag Collr
of Tanjore

Sir,

I have the honor to reply to your letter of the 12th Ultimo.

It does not appear that the Settlement of any of the Talooks in the Sub Division have ever been made by the Collector but of the Talooks under the Assistant the settlement of Keevaloor was made by Mr Bishop in Fuslies 1253 and 1255 that of Nan-nillum by Mr Bishop in Fusly 1256 and that of Puttoocottah by Mr Bird in Fusly 1258.

(47)
Bd No 1084
Proceedings
Relative to the Settlement of the Trichinopoly District for Fusly 1261

The early rains were scanty and partial and in some places as in the Torriore and Volcondapooram Talooks and in the immediate neighbourhood of the Putchymullay Hills they almost entirely failed - This deficiency continued till the middle of November when a general rain occurred for three days - After this there was little rain till March when an opportune supply was received. The usual freshes of the Cavery and Colleroon furnished to the extent required the means of irrigation till the end of December. On the whole the season was not very favorable and notwithstanding the steady supplies furnished by the Rivers, the wet crops would have sustained very considerable damage but for the rain in March. The Harvest is stated to have been below the average—

2 Cholera prevailed in January and February in Trichinopoly and in the Vittoocutty Talook. With this exception the District was healthy—

Paras 5 and 6 3. The Collector notices the depressed state of the grain Market and the want of a sufficient demand for the produce of the District. The withdrawal of Troops and the vicinity of the rice-growing District of Tanjore act alike unfavorably on the interests of the Ryots. The rate for the superior kinds of Rice (Shumbah) was 3¾ per Cent

Per Garce	Sumbah	Caur
Fusly 1260	70-2-5	52-1-4
1261	67-7-2	57-4-8
Per Cent	3¾	10
Commutation rates	74-3-6	66-3-10
per Centage	9-2-.	13-7-.

cent below the previous Fusly while in the inferior description (Caur) there was a rise of 10 per Cent. Compared with the rates when the land Assessment was formed the difference against the Ryot is Rs 13-7 per Cent for Caur and Rupees 9-2 per Cent for Shumbah. In a separate letter dated 14th December 1852 it is shewn that in Fusly $\frac{1260}{1850/51}$ out of a Cultivation of 189433 Cawnies, the land occupied with Paddy, Natcheny, Cumboo, and Waragoo, is as much as 175081 Cawnies. But the commutation rates having reference to Paddy only the cultivation of which is below 80000 Cawnies the Statement is not conclusive as to the effects of Current Prices generally on the Ryots—

4. The foregoing results are confined to Fuslies $\frac{1260}{1850/51}$ and $\frac{1261}{1851/52}$ in comparison with the rates fixed at the Assessment of the District. In a fuller report on the subject, to be noticed separately, together with the general question of Prices, Mr Bird has come to the conclusion that the Land holders in the Wet Talooks are not over assessed and that they are in a better condition than

27th December 1852 in Cons: 16th May 1853

than he had supposed before the subject
came so fully under his consideration.
The Ryot also it is stated does not com-
plain of loſs from depreciation of the
Produce, though he will not admit that
he is better off now than formerly. State-
ment C shewing the Prices of Paddy
since the year 1801 to the present period
in comparison with the commutation rates,
27th December 1852 which accompanied Mr. Bird's letter
above mentioned, may be usefully referred
to on the present occasion and it is resolved
therefore to submit copy of the same,
together with these Proceedings for the
information of Government. It is
neceſsary to bear in mind that the com-
mution rates are for Paddy alone and do
not embrace the Dry Grains and Garden
Products, as no settlement prices were
fixed for these, the land on which they
are grown having borne from the earliest
period a money rate, varying with refer-
ence to the product grown, but irrespective
of the Market rate for the same.

Paras 7 @ 10 5. Each Talook was settled
within its own limits. It has always
been customary in Trichinopoly to fix
the

the demand on dry lands with reference to
the Product grown, but the aſseſsment having
been once raised in consequence of the
cultivation of a superior article, it was
not permitted to be lowered again. This
injurious rule has been recently abrogated
and the lower Aſseſsment is now
reverted to when the Superior product
ceases to be grown. The relief to the
Ryots is great and though the loſs of
Revenue entailed by it is stated to be
Rupees 6651-7-8 in the year under
report, the Collector is confident that it
will be replaced immediately by an exten-
sion of the cultivation. The further step
of converting a fluctuating demand with
reference to the produce into a fixed
Aſseſsment on the land, regulated with
reference to its capability, has been
ordered to be carried into effect. It
is only delayed as the Government are
aware till the revision of the Aſseſsment
in South Arcot is sufficiently advanced
to admit of an agency being instructed
and organized for the duty required.
In Trichinopoly as in South Arcot a
complete revision of the land Registers
will

will be neceſsary —

6. In the number of Villages there is an increase of 3. One Shembaknoor held by the Boatmen of the Cavery and Coleroon ferries is included in Ayan in consequence of certain shares of the village having lapsed to Government on the death of the holders, The second is Elangachary a Men Cavil Village; and the third Verabaloor, was recovered from Waste and entered as a separate Village owing to the difficulty of adjusting its boundaries between two contending Villages —

7. The aſseſsment of the land taken up for cultivation was Rupees 1462158 while in the preceding year it amounted to Rupees 14,60,932 - The extent of land left uncultivated almost entirely Dry land, was greater than in Fusly $\frac{1260}{1850/51}$ arising from deficiency in the falling rains - such land bore an aſseſsment of Rupees 1,06,232 and exceeded that of the preceding year by Rupees 16,091 - Deducting this item the Groſs settlement of the two years respectively stood at

Fusly

Fusly 1260 - Rupees 14,48,260.
Fusly 1261. Rupees 14,33,943.

8. Remiſsions were given according to the practice of the District - They amounted to Rupees 36904 being Rupees 8735 above the preceding year - The steady supply of water afforded by the River freshes, and the fall of rain in March rendered it unneceſsary to remit more than Rupees 3673 for withered Crops, about half the Amount of the preceding year, but no leſs than Rupees 24,640 appear in the Accounts as Remiſsions on account of second crop not cultivated and land formerly two Crop, but now cultivated with single Crop, exceeding the corresponding items of Fusly $\frac{1260}{1850/51}$ by Rupees 11,551 The causes of the increased remiſsions under this Para 12 head are not fully explained, but appear to be owing in part to the inundation of the lands of the Kistnarayapoorum Maganum in the Vitticutty Talook, a defect to which a remedy has been

Remiſsions -	Rs
2d Crop not Cultivated	15,887
Two Crop land Cultivated with a Single Crop	8753
Total	24,640

been applied by the Engineer Department, and partly to the water being kept out of the Weycondan Channel which was under repair- The last mentioned cause operated in the preceding Fusly as explained in para 5 of Mr. Bird's letter dated 19th May 1852 recorded at the head of these Proceedings.—

Paras 14-15

9. The several items of Increase and decrease are enumerated in detail in these Paras- They do not present any new features- The levy of half Teerwah, on the lands under the Veeraiken Tank in the Vittoocutty Talook, in consequence of the failure of water is approved. The indulgence was given for the occasion only after personal inspection. Land not cultivated, but brought to account, bore an Assessment of Rupees 10928 or Rupees 1797 above the preceding year The bulk of it Viz Rupees 7441 is for two Crop land left waste, the remainder is inconsiderable and was demanded chiefly in consequence of neglect to cultivate, or omission to give up the land in the case of parties who are acquainted with the standing rules-

Statement No. 12

	Rs.
Neglect to cultivate	1394
Omission to notify relinquishment	1152
Land occupied for sites of Houses without permission	48

No. 37.

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St. George

48

Bd. No. 1175.

From the Collr. of Trichinopoly ——— Submitting more detailed information of the losses sustained by the people, during the late violent Hurricane.—

Sir,

Para 1. In furtherance of my letters of the 29th Ultimo reporting the violent Hurricane which swept over this District on the night of the 27th March, I have now the honor to submit more detailed informations of the losses sustained by the people.—

2. In my first report I was led to suppose that, but little grain had been destroyed because most of the Paddy in the wet Talooks was off the ground subsequent enquiry has proved to me that I was in error, for although the grain was for the most part cut, yet it was left on the thrashing floors exposed to the fury of the Gale, and from off which thousands of Culloms of Paddy and also of Seed grain have been clean washed away or otherwise damaged.—

damaged.—

3. Loſs of produce of every description, wet and dry, of Cattle, of sheep, of Cocoanut and other fruit trees, and of native dwelling houses has been great throughout the whole district. Though in my present tour in the remote parts of the Province, I observe a marked difference of the effects of the Gale. Some tracts appearing almost exempt from injury while others have suffered severely.—

4. The wet Talooks have naturally suffered the most, being exposed to such immediate inundation from the river Channels and Jungle Streams.—

5 The Dry talooks though exempt from flood have lost much by the death of Sheep, and the deteriorating effects of the heavy rain on their standing crops of tobacco and Chillies.—

6. The enclosed abstracts of the loſses reported in Seven of the Talooks will give your Board an approximate estimate of the injuries sustained These

Note. Torrcore talook not received the loſs must be pretty much in the same ratio—

These returns are, I am inclined to think, petty accurate, and if any thing slightly overdrawn and exaggerated.—

7. Your Board must observe that the loſses have been and are very severe to the people throughout the District and in a measure almost sufficient to Cripple their future means of livelihood and prosperity, unleſs immediate relief be held out. I have consequently iſsued Circular orders to all the talooks for speedy examination and returns of all standing Crops damaged by the Gale and floods, with a view to granting a remiſsion of tax thereon. These Crops are for the most part the second or Cooday baur produce with this relief, and that already accorded by the Board for the Vampire I believe the people will be satisfied, as far as the standing Crops are concerned. But there is the more serious question of the actual grain, seed grain, straw and other produce washed off from the thrashing floors

Extract Boards' Proceedings 5th April 1853.

thrashingfloors. and in which the Ryot depended for making good his kists and providing for the future.—

8. Under the Ryotwar system it is not poſsible for the Government to grant any direct remiſsion for grain destroyed after harvest and housing and therefore I have not held out to the people any hope of a reduction of the demand justly due; But I trust I may be permitted to exercise a full latitude and discretion in not preſsing with rigour the payment of the next two remaining kists.—

I must also solicit permiſsion for sending in an Estimate for a general distribution of Tuccavie to aſsist the poorer Cultivators.—

9. It is right to inform your Board of how serious is the loſs of the Cocoanut trees in a pecuniary point to all the inhabitants of the wet Talooks- These trees are planted most extensively on the Putcut lands and Puddoogays, paying a trifling land tax of 6-8- or 10 annas per Cawnie, and to this prolific tree the

ryot

ryot looked with Confidence to meet all his liabilities.—

10. The breaches of the banks of the Wyacondan, Purravellay and other Channels are numerous, as also of tanks in Conand Vittoocutty and Moosery talooks.—

For the repairs of which immediate attention has been given. I may say that none of the breaches are very serious- And but little masonry works of irrigation have sustained damage.—

Fort St. George.
Sir,

With reference to my letter of the 9th August last and to Extract from Proceedings of the Board of Revenue dated the 26th Idem

I have the honor to inform you that the quantity of Stamp papers sold by the Goomastah of the Brummadasem District Moonsiff's Court from April last to the 11th Instant amounts to 998. Papers of the value of 2471 3/4 Rupees, the Commission on which is Rupees 74- averaging 6 Rupees per Mensem which being an addition to the fixed pay of the Goomastah in question is I think a sufficient remuneration for the additional duty required of him and I am of opinion that the present arrangement may remain unaltered.—

Tinnevelly...
Trichendoor 29th
April 1853...} (Signed) C. J. Bird.
Collector.

Bd. No. 1073.
Resolution thereon.— Resolved that the foregoing letter be submitted for the orders of the Right Honorable the Governor in Council with reference to the Board's Proceedings dated 26th August 1852.—
(54-55)

2. The Collector reports that the sale of Stamp papers by the Goomastah of the Brummadasem District Moonsiff Court from April 1852 to the 11th of the same Month of the current year amounted to 998. papers of the value of Rupees 2471.3/4 and the Commission on the same at 3% 4 Rupees 74 or equal to about Rupees 6 per Mensem.—

3. As this sum is considered a

sufficient remmneration for the additional duty performed by the Goomastahs who besides receives a fixed pay, the Board concur in the opinion expressed by Mr. Bird that the arrangement originally sanctioned should remain unaltered.-

W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George,

Sir,

In reply to your Circular of the 14th Ultimo I have the honor to inform you that the Collector of this District has occasionally made the Immahbundy Settlement of the Talooks in the Head Assistant Collector's Division and also of those of the Sub Collector, but the latter only when from absence or indisposition that Officer has been unable to do so in himself. The last occasions of the kind were in Fuslies 1255 and 1258.- In the former the Acting Collector Mr. Parker made the Immahbundy of 2 of the Sub Collectors Talooks in consequence of Mr. Elton's absence on leave. In the latter the Acting Collector Mr. Elton settled the Head Assistants 2 Talooks in consequence of their having suffered

suffered very severally from drought and unusual indulgence being necessary towards the Ryots.-

From the Collector of Coimbatore

No. 24.
To,
W. H. Bayley Esqre.
Secretary to the
Board of Revenue.
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of your letter of the 17th Ultimo relative to the allowances for Native religious ceremonies discontinued under the orders of Government dated 3d September 1852.

2. So far as my enquiries enable me to judge, it appears that none of the late recipients were chiefly dependent upon those allowances for subsistence, the amount was disbursed according to the Will and pleasure of the Tahsildars or other influential person on the spot - the Bramins and Cazees who are nominated Trustees have all of them other means of livelihood and the latter are further possessed of grants

of land under the designation of "Durgah Enam" "Mosque Enam" &ca. I am therefore of opinion that the discontinuance of the allowances referred to has inflicted no more hardship on the parties concerned, than the loss of any other like perquisite.—

3. I had the honor of submitting the same reply with reference to the Board's Circular of the 23d September 1852.

From the Collector of Malabar...

Sir,

The sum of 490 Rupees per Mensum for 100 Armed Peons for the Police Establishment in the Nothern and Southern division of the Wynaad Talook was sanctioned by Government under date the 21st July 1835, to ensure greater effeciency it was found expedient by my predeceſsor to increase the number of Peons to 105 as per Margin,* but without entailing any additional expence to the state, since Fusly 1259 a Moyenzabitah having to be sent in yearly, the name and disignation of each incumbent had to be distinctly specified and thus the arrangement made as I have remarked by my predeceſsor attracted the notice of the Civil Auditor who will not paſs my accounts for Fuslies 1259 and 1260 without the sanction of Government being obtained on I beg therefore to request the favor of your soliciting the same at your earliest convenience.-

*1 Moopah	at 6¼	Rs.
1 Do.	at 8¼	Rs.
1 Do.	at 5	"
2 Do.	at 4	each
66 Peons	at 5¼	ditto

Read again Petition No. 417 of 1853 from Moideen Begum bearing the Endorsement of the Acting Collector of Madras dated 31st January 1853.

Read also the following letter-
No. 54

(66)

Bd. No. 1001
From the Acting Collr. of Madras
Dated 24th March 1853
herewith returned

To
W. H. Bayley Esqre.
Secretary to the
Board of Revenue

Sir,

1 I have the honor to acknowledge the receipt of the Extract from the Boards Proceedings requesting me to state with reference to my Endorsement of the 31st January in Board's Petition No. 417 of 1853 whether Edayet Bannoo was the 2d or 3d life in the pension first enjoyed by Abdul Wajid.-

2. It appears that on the death of Abdul Wajid in the 1st of April 1828 his Nicka wife Edayet Bannoo Succeeded to two thirds of the pension as the 2d life - Her daughter died before her and Moideem Begum the present claimant, is her Grand daughter - Thus Moideem Begum would be only the 3d incumbent although on the 4 life since the pension originated.-

3 Edayet Bannoo died on the 7th January 1847 and the claim of the Petition has not yet been recommended to the Board as the Collector does not appear to have been satisfied with the ground on which it rests.-

4 The Sanction for the yeomiah will be found in the correspondence noted in the Margin.-

To Board 24th Feby. 1821
From Secretary to Govt. 20th March do.
From Bd. 26th — do.

(Signed) H. Stokes
Acting Collector

Madras
15th April 1853

Bd. No. 1068

Proceedings thereon.

(66-67)

In Cons. 20th March 1821

The question for consideration in the matter of this Petition is whether the Petitioner Moideen Begum is the 2d or 3d life in the pension first enjoyed by Abdul wajid under the Sanction of Government dated 20th March 1821.

2. The Acting Collector states that "on the death of Abdul wajid on the 1st April 1828 his Nicka Wife Edayet Bunnoo Succeeded to two thirds of the pension, as the 2d life that her daughter

died before her, and that Moideen Begum the present claimant is her grand daughter. Hence, he infers that as she is the fourth life, she is not entitled to succeed to the pension.—

3 The terms in which the Original grant was sanctioned are as follows. "At the death of the several incumbents, the shares which they are respectively to receive will be reduced one third, at the death of their successors, two thirds and at their death will entirely cease." The use of the term "successors" without specifying any distinct relationship shows in the opinion of the Board, that Government contemplated the enjoyment of the pension by three successive lives without reference to the 2d. and 3d. being the immediate descendants of the 1st. and 2d. Under this view, it seems clear to them that the Petition is entitled to succeed to the lapsed pension as the 3d. life.—

From Govt. 20th March 1821

4 The Acting Collector is therefore requested to submit a tabular report of the lapse in the usual form for Submission to Government.—

Ordered that the following endorsement be passed on the Petition above recorded.—

"The Petitioner is referred to the Acting Collector of Madras to whom the Board's orders on the subject of her Petition have been communicated."

B. No. 1226.

From the Superintendent of Stamps

Sir,

I have the honor to report for the information of the Board of Revenue and of Government that a supply of Stamp papers to the value of Rupees 13,100—"—"— forwarded to the Collector of Vizagapatam per Brig "Jouni Cornia" was damaged by the wreck of that Brig at Vizagapatam on the 10th. October last.—

The papers being quite unfit for use, have been returned by the Collector to this Office, and I request that the Board will obtain the sanction of Government for their destruction and for my carrying the value of that supply as noted in the Margin, to Profit and Loss in the accounts of this Office.—

Reporting with

Sir,

Para 1

With reference to your Circular letter under date the 19th August 1850 requesting with reference to a Circular letter under date the 19th. August 1850 upon the improvements that can be made in the towns as required by act XXVI of 1850.-

requesting to know whether Act XXVI of 1850 to enable improvements to be made in the towns can be carried into effect throughout this district, in reply I beg to state there seems to be considerable difficulty in obtaining the end sought as from the returns received from the several divisions of this District, it is known that the Merchants and Comaties in some places entirely object to grant any sum which may be formed into a fund for the purpose of cleansing and keeping in order the streets of their respective villages and in others objections are raised to their being compelled to subscribe yearly tho' they throw no obstacles in the way of paying a sum at once, but object to do so annually.-

2. From the returns of various Tahsildars it is shewn that the Merchants residing in the Towns situated in the Talooks of Doopaud and Budwail have no objections to lend their aid by giving contributions should the Government undertake the cleaning and Superintendance of the work. The Merchants &ca. in Jummalmudgoo object to the frequent applications for donations to form the fund alluded to in the abovementioned Act whilst those in Coilcontlah, Doovoor, Camalapoor, Royachoty

Royachetty and Poonganoor allege, they are unable for want of means to grant the necessary supplies for the purpose proposed. In Chennoor and Chitwail the parties agree individually to keep that portion of the Street in front of their own premises clean and swept, but object to grant any fund for the general cleansing of the Village.-

3. From these returns it is shewn that unless the tax is made compulsory, sufficient funds cannot be raised and this compulsion seems to be at variance with the Act itself.-

4. The towns throught this District are not very large, with the exception of a few, which are the Cusba, or the Head Stations of the talooks in which they are situated, and are the Head quarters of the Native revenue authorities who have the jurisdiction over those portions of the district.-

5. The greatest number of the Villages which I have generally found to be the most dirty and the streets in the worst order consist of from 50 houses and under, which are inhabited of cultivators who can hardly be called upon to form any such fund for the purpose under contemplation as their condition in life will not permit of their affording money for such a purpose, tho' their manual labor might be demanded.

I.

6. I have generally observed that the Cattle of almost all denominations of the inhabitants of the villages are kept inside a portion of their houses, close to where, the people themselves reside and the manure collected from the stalls is daily brought out and placed in heaps generally in the street opposite the door of the house in which the people reside to obviate this, a portion of the ground in the neighborhood of the Village either from the Anady bunger, Gramanuttum or cultivated might be allotted for the purpose of placing the manure, filth and ashes, daily collected and thrown out from the houses and cattle stalls of the inhabitants, this ground might be allotted to several individuals who are in poſseſsion of Cattle and Buffaloes, were this done, strict orders might be iſsued to the heads of the different villages to prevent the accumulation of manure, and its being placed in the streets, this however, it must be allowed, would cause a considerable loſs to Government as the quantity of land required for such a purpose for a large number of villages would be very considerable and in many the whole land surrounding and adjacent to the village being generally of a better quality and more convenient for tillage.

is

is eagerly sought after and brought under the plough.

7. From what I have seen in this district. I am not of opinion that the people in general are what may be considered wealthy particularly the cultivators of the tarry, or wet crop. Out of the whole District the ryots who cultivate Jonna &ca crops in the western talooks of Cuddapah are more substantial men than those in the North east, or South, this may be seen from the more substantial materials with which their houses are constructed, the increased size of the dwellings and the superior quality of the Cattle made use for the cultivation of their fields; that there are several wealthy Merchants in the district and others in tolerable circumstances cannot be doubted, and

also a few wealthy ryots, but from them it can hardly be expected such a sum would be collected as would form sufficient funds for the cleansing and keeping in repair the streets of the several towns and Villages. It is to be hoped however from the large demand for export which has taken place for Indigo, and Sugar within the last few years and the capital which has been distributed in consequence, that the Cultivators becoming more wealthy and in more comfortable circumstances will pay a greater attention to cleanliness and be able to form contributions amongst themselves for the cleansing and repairing of their respective villages.—

No. 63.

(22)

Bd. No. 1169.
From the Collector of Salem
Submits a communication from certain Settlers on the Shervaroy Hills for a resident Apothecary and hopes the Board will feel justified in transmitting it for the favorable consideration of higher authority.—

To, W. H. Bayley Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

1. I have the honor to transmit a communication addressed to the Government, by certain Settlers on the Shervaroy Hills, and beg to express a hope, that, on a consideration of the Statements made in it, your Board may feel justified in submitting the paper to higher authority, with their strong recommendation that the Government will favorably entertain the prayer of the applicants that an Apothecary be located on the Shervaroys for the purpose of affording advice and attendance to the settlers there and their families.

2- The applicants admit that the successful issue of their representation is solely dependent on the liberal and humane views in which the Government may regard it. It is however matter for consideration, I submit, whether to accede to their request, will not in the end materially serve the interests of the State, as there can be little or no doubt, I believe, that many more persons would settle on the Shervaroy Hills and occupy land at the rate of one Rupee the Acre for Coffee Cultivation purposes if the aid of an efficient Medical Subordinate were available to them on the table land of the Hills.—

3. Salem, the station of the Zillah Surgeon, is about ten miles from the nearest point of the Coffee producing tract where the settlers mostly reside, but of this distance five miles are over an abrupt, steep, narrow ghaut, extremely fatiguing to a foot passenger and very difficult of ascent even to a horseman.— Thus, assuming even that the European and other cultivating inhabitants of the Hills are at liberty to call on the Medical Officer of the District to afford them aid in cases of severe illness, a requisition of the kind cannot be attended to without excessive inconvenience and much delay.—

4. The late Zillah Surgeon, Doctor W. Scott, being a person of great personal activity, without any dread of exposure either by day or by night, so managed on almost every occasion, that most of the cases of sickness on the Hills had the benefit of his attendance.— But I am aware that he found the

the duty most onerous, and eventually that he suffered from it materially in health.— I am also aware that his absence on such kindly errands, has been taken exception to; and I have reason to know that the late Mr. Davidson of the Civil Service was under the impression that his own wife's life would have been saved, had not the late Zillah Surgeon's services, just before the commencement of her attack, been urgently required by a patient on the Hills.—

5. I would not however, urge upon the Government an expenditure such as the location of an Apothecary on the Shervaroys will involve— Simply because a few cases of embarrassment have occurred.—

6. An arrangement of the kind would seem to have been sanctioned in past years for the benefit of the residents at Koteegherry on the Neilgherries where their aggregate number was not greater, if so great, as that of Shervaroy settlers and their families, and as advantage to the state will, I think, accrue from the measure, I venture to submit it with my opinion in it's favor.—

Salem, Collector's Cutcherry,

To

No. 1.

To,
The Right Honorable
the Governor in Council.

May it please your Excellency.

We the undersigned Planters and Residents in the Sherveroy Hills numbering with our families one hundred and one (101) Souls, respectfully desire to bring to the notice of the Government the isolated position in which we are placed on these Hills, cut off from all the advantages and privileges enjoyed by residents at or near other stations in the low country. We are aware that our position is our own seeking for which we ask no sympathy, conscious of the bleſsing we enjoy in a Climate so much more congenial to our health and constitution than is to be met with in most places in India.

Our Community have so increased and still is daily increasing and many of us have families growing up around us that individually and collectively we feel it incumbent on us to make some effort towards meeting their corresponding wants and neceſsities which are the obvious result of an increasing population. We are also conscious of the duty

duty devolving upon ourselves in this matter, but we would respectfully bring to the notice of Government that with every anxiety to do our part to fulfil this duty to the utmost, the Majority of us have not at our disposal more than sufficient to meet the actual wants of our respective families, and thus with every desire to help ourselves the means are alone wanting to do so.

We have recently made application to the additional Clergy Society in view to secure a resident Clergyman. An object dear to our hearts for reasons which require no comment. We have undertaken to provide a furnished house for his residence, while we are further prepared to supply funds for the Establishment of a School and Master to be placed under his Superintendence. This is a call upon us to aid in which we feel we have no claims upon the Government. Our own welfare and spiritual interests as well as those of our Children render the providing for them almost an imperative duty upon ourselves as the persons alone interested. And the same Argument might be held to apply in the matter for which we are now about to seek the aid of the Government, but the cases are by no means analogous and while in the one it is within our power to supply our necessities in the other we are powerless. It is the want of a resident Medical Practitioner on these Hills to which we would now refer. It has long been felt a very great desideratum and in a Country where private Medical practice is hardly known the Government will readily understand the inability of a Community like ours to secure the services of a competent person. In the first place there is no one to whom we could apply and in the second, we could not adequately remunerate, a really qualified Member of the profession. Even if such were willing to establish themselves here. It is under these difficulties which appear to us insurmountable that we are forced to throw ourselves on the well known beneficence and liberality of the Government under which we live, and all we desire is that your Excellency in Council would appoint a qualified 1st Class Apothecary to be resident on these Hills and to whose services our community may at all times feel themselves entitled.—

The recent establishment of free Civil Dispensaries in various stations for the public benefit, the gratuitous supplies of Medicine and of Medical aid to all

all the servants of Government as well as to all others throughout India, is ample evidence of the generosity, forethought and benevolence of the Government, the East India Company and we are thus assured that it is only needful for the undersigned to submit their peculiar isolated position for the consideration of your Excellency in Council to ensure a favorable compliance with their prayer for the Establishment of a similar privilege.—

And your Petitioners as in duty bound shall ever pray.

Read the following Report
No. 52.

(24)

Bd. No. 1061.
From the Collr. of Madura — Report on the Settlement of the Minor Zemindary of Shevagungah for Fusly 1261.

To
W. H. Bayley Esqre.
Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to report the result of the Settlement of the Minor Zemindary of Shevagungah for Fusly 1261 (A.D. 1851 and 1852) and to submit the Statements specified in the accompanying List.

2. In my Report for the Ayn Talooks I described the Season as very unfavorable for Nunjah Cultivation and as particularly marked by a scarcity of water in the Vigay. On this River much land in the Talooks of Teroopavanum Canoor Parthibanoor and Yemanasuram depend for irrigation and it may be easily understood that when the Talook of Madacolum which lies above them with powerful Annicuts and Channels obtained a very insufficient supply the Shevagunga Talooks fared far worse. I passed along the banks of the River soon after the termination of the Rains and personally observed the extent of waste and the indifferent state of such Crops as were raised. In the Northern Talooks

the Season was somewhat more favorable for Nunjah but not materially so.

3. For Poonjah the Season was less impropitious Rain fell at such times as to encourage Cultivation particularly in a year when the Cultivation of a large portion of Nunjah was rendered impracticable.

4. The yield was not large but with the advantage of advanced prices was nevertheless remunerative.

5. Good health both among men and Cattle prevailed in this Zemindary in the year under report.

6. The result was a total Settlement of 360824-15-11 in Fusly 1261 instead of 391,803-7-" in the preceding year. The decrease being 30978-7-1. The particulars I proceed to shew in detail.

7. The appended Abstract exhibits a Comparison between Fuslies 1260 and 1261 as regards Varaput or Lands settled on a Division of Produce and Varisaput or Lands assessed with a Grain rent in the following respects.

-Fusly

Fusly	Extent of land				Malewarrem or Proprietor's Share of produce			Average produce Per Chey			Average produce Per Cawney			Average price per Cullum		Amount		
	Cheys	as	Cawns	as	Culls	M	m	Cull	M	m	Cull	M	m	Rs	as	Rs	as	ps
1260	27,301	"	36,133	6¼	263,408	2	1	9	7	4 10½/16	7	3	2 14/16	"	12 7 11½/16	208,126	3	9
1261	19,647	"	26,062	3¼	161,080	9	2¼	8	2	2 4½/16	6	2	1⅛	1	10 10 14½/16	180,281	2	5
Increase	"	"	"	"	"	"	"	"	"	"	"	"	"	"	5 3 2 15/16	"	"	"
Decrease	7,654	"	10,071	3	102,327	4	4¾	1	5	2 6/16	1	1	1¾	"	"	27,845	1	4

The

8. The Melwarum Paddy was sold by Auction in my presence in that part of Trimul Naicks Palace used as the Session Court. The sale was well attended and the prices obtained are seen to have been in excess of these of the year preceding owing to indifferent harvests in the District generally.

9. The result of the Settlement of the above 2 Classes of land was as follows:

Loss by decreased Cultivation 58348-8-4
" by diminished produce per Cawny 22502-6-10
Total 80850-15-2
Gain by Increase in price 53005-13-10
Net Loss 27845-1-4

10. In Teerwaput or land assessed in Money there was a slight increase as will be seen by the following Abstract shewing the whole Settlement at one view. The decrease in Ready Money Collections followed upon the deficiency of water and falling off in Cultivation as it occurs in the receipts from Straw (Vuc Kuluwary) Small tax in addition to warum on lands Cultivated (Satowary) and fish rent.

The

11- The Demand Collection and Balance of the year was as follows

Total Demand	360822-15-11
Collections within the fusly-	147388-"-6
	213266-15-5
Subsequent Collections to the end of January 1853	147878-4-9
Balance	65388-10-8
Collections to the end of March-	47176-1-4
Remainder	18412-9-4

12- This Balance is composed of Rupees 4214-1-" under the head of Ready Money and Rupees 14198-8-4 under that of Paddy. Of the 1st Item Rupees 723-"-11 is in dispute and the remainder is undisputed but its realization may be retarded by the poverty of the parties- The particulars of the 2d Item are given below-

Amount now in Deposit	1022 " "
Amount of Drafts sent to the Sub Treasurer	100 " "
Value of Paddy & Grain to be received by the Contractors	3992 6 6
Due by Contractors for Paddy already received by them	742 2 1
Value of Paddy appropriated by the Ryots	8341 15 9
	14198-8-4

The

13. The last Item is in process of Realization- The appropriation by the Ryots of the Zemindars share of Grain is owing to there being no public Granaries and the Melwarum therefore remaining stored in heaps on the Village threshing floors.

14- I annex an Abstract Statement of arrears of Fuslies 1258-1259-&60 or during the Management of the Court of Wards as they stood on the 31st January 1853-

Fusly-

9.

6377-

Fort St. George 23rd May 1853-

15- I beg to enclose a separate Statement in detail-

Recoverable Balance
Paddy 10924-6-1
Ready Money 2632-3-6
13558-9-7-

16- The Suit noticed in para 19 of my Report on the Settlement of Fusly 1260 against Moottoosawmy Pillay the Paddy Contractor of Oorovolly Talook for Fusly 1258- for Rupees 2206-9-5 forming part of the Balance on account of Paddy has been decided in favor of the Zemindar and the time for Appeal expired on the 5th January last and process has been issued for execution of the Decree Of Rupees 8,616-12-8 a nominal Balance against Natchyappa Chetty referred to in the same para Rupees 1,906-1-5 have been adjusted in the accounts and he will shortly receive Paddy equal to the rest The remaining Balance on account of Paddy will be realized-

17- Of the Ready Money Balance Rupees 1,659-9-3 will be made good from the proceeds of certain Poroopoo Villages under sequestration and the rest is in the course of realization-

Doubtful Balance
Irrecoverable Balance
Paddy 1,262-10-5
Ready Money 3519-2-3
4781-12-8

18- This is under investigation

19- Rupees 1248-14-1 of the 1st Item in the Margin is the difference between the value of the Zemindars Share

6378

share of Grain as assumed on Estimate in the Jummabundy Account that actually obtained. The sum of Rupees 1-12-6 is a double entry and the remainder Rupees 11-15-10 is the Income of some Maniem lands sequestered on suspicion of being Ayen but after enquiry made over to the incumbent. As regards the ready Money Balance I beg to refer you to the latter part of para 25 of my Report on the Jummabundy of last year.

20. I request sanction for writing off the above irrecoverable Balance 4781-12-8 from the Accounts of the Zemindary.

21. A Statement of old Balances from Fusly 1250 to 1257 previous to the Estate coming under the Court of Wards has been just now prepared in my Cutcherry but as I am on the point of availing myself of leave of absence on Sick Certificate I request to be excused for not submitting it with this report. It is not really of much importance but to render it intelligible is a matter of considerable difficulty owing to the System of the Talook and Village assignments practised in Zemindaries to which there is nothing corresponding in Government lands. If the Acting Collector cannot find time to submit it

6379

it I will do so so immediately after my return from leave.

22. With reference to Para 13 of Board's Proceedings of the 22d July 1850 I beg to state that Commission for Management has been duly credited to Government up to the end of Fusly 1261 and the Amount and periods of recovery are shewn below.

Collection between April 1849 and July 1850	4574-9-7
Do. between February 1850 and January 1851	4735-10-11
Do. between February 1851 and February 1852	5482-"-11
	14432-5-5

Vide Statement No. 8.

23. The Peshcush for Fusly 1261 has been Collected in full.

Proceedings of Sudr Udalut

24. It has been decided by the Sudr Udalut that the Appeal against the Decree of the Civil Court of Madura in favor of the Minor Zemindar has abated in consequence of the death of the Appellant and no fresh Suit has yet been filed.

25. The education of the Minor proceeds satisfactorily under the care of Mr. Fletcher appointed as his Tutor under the Sanction of Government dated the 14th September 1852. His abilities are rather below mediocrity but his disposition and manners

are good and he is fairly deligent in his studies Before Mr. Fletcher commenced tuition I examined the Minor and found that though he could readily read the Elementary books from which he had been taught he could understand but little of any others and was unable to converse in English. With a view to create Emulation and accustom his ear to the sound of English - Mr. Fletcher organized a small Class to study with him — which has been productive of very good effects. Maps and Diagrams have also been used to arouse his attention and with considerable success.

26. I must bear testimony to the great kindness and assiduity shewn by Mr. Fletcher in the discharge of his Office

27. A report on the 13 15/16 Villages has been prepared and will be submitted separately.

28. I beg to enquire if the Court of Wards are disposed to recommend in the present state of litigation that the Police Authority may be exercised by the Revenue Ameens in lieu of as at present the Ameens of Police Two of the latter could then be dispensed with and the efficiency of the Police

Police increased I believe that there is no doubt that a fresh suit will be brought.

Madura,
9th April 1853 }

(Signed) R. D. Parker
Collector.

-	-	-	708	-	5	2132	6	7	-	-	-	-	-	-	2132	6	7	For a long series of years the demand of which this is the Balance has never been Collected though yearly entered in accounts. The Balance up to Fusly 149 was remitted by the orders of the Board of Revenue. This also should be remitted. As regards the Balance of fuslies 1250 to 1257 inclusive a Report will be given hereafter.
-	-	-	13	2		39	6	-	-	-	-	-	-	-	39	6	-	This Village was given on Cowle by the Isteemeray Zemindar to a Brahmin from whom a Mussulman by name Casum Mahomed bought it after keeping it for some time he gave a Razeenamah stating his inability to pay Poroopoo thereon. The Principal Collector therefore under date the 3d November 1840 Sent orders to the Davishanum Manager and the Ameen of Canoor Talook to assume the Village in Ain but this not being done. The Village being waste the Balance should be remitted—
41	4	5	-	-	-	136	-	3	-	-	-	136	-	3	-	-	-	Under enquiry.—
-	-	-	63	6	-	500	7	9	-	-	-	20	10	9	479	13	-	The Cowledars refuse to pay this stating as is true that the lands were left waste by the verbal orders of the late Zemindar for the growth of Jungle for his hunting—
-	-	-	-	-	-	29	12	6	-	-	-	-	-	-	29	12	6	This Village having been Zufted by the orders of the late Zemindar dated 8th October 1846 is entered in Accounts under the Head of Ayen from fusly 1256. The Poroopoo thereon should accordingly have been deducted from account but this was not done. Orders have been sent to that effect under date the 29th July 1850.
-	-	-	-	-	-	9	9	9	-	-	-	-	-	-	9	9	9	This is a demand against some land found in excess by measurement irregularly conducted in absence of the Cowledars. Up to fusly 1253 the proprietor of the Village was paying Poroopoo at 8 fanams per Verayady—
167	2	6	-	-	-	501	7	6	-	-	-	501	7	6	-	-	-	In fusly 1254 the late Zemindar ordered an increase of 7 fanams per verayady the ground that 15 fanams were fixed in the permanent settlement which the proprietor having refused to pay the Collection of it was ordered to be postponed but the same to be entered in accounts under the head of Dispute till necessary Enquiry is made on the subject.
-	-	-	-	-	-	74	9	-	74	9	-	-	-	-	-	-	-	
-	-	-	-	-	-	47	4	6	-	-	-	-	-	-	47	4	6	The Teerwah of the period when the Village was laid waste for Jungle by the orders of the late Zemindar—
-	-	-	-	-	-	15	8	11	-	-	-	-	-	-	15	8	11	This Amount is excess teerwah fixed on trees in Fusly 1258 above its previous fuslies and demands of which was subsequently withdrawn—

Bd. No. 482
From the Collector of Tinnevelly.. Furnishing the information required by the Board in their Proceedings of 13th September 1852 regarding the Katamay Maniem of Mooditamendel.—

No. 29.

To
W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George.

Sir

In furnishing the information required in Extract from the Proceedings of the Board of Revenue dated 13th September 1852 I have the honor to state that no fresh evidence on the subject of the Katamay Maniem of Mooditamendel was put on paper when the allowances were attached by Mr. Thomas in 1845. The only document of that period relating to the subject is the order dated 14th August 1845: Neither was it considered necessary in 1851 when my award was made in favor of Erungole Pillay to record further evidence. The Papers and Cadjans already existing and which are now forwarded as per accompanying list for the information of the Board were consulted and found to contain sufficient ground for the forming of a decision.

2. With reference to Para 4 of the Proceedings under reply the Moozoomdar in charge of Streevygoontum Talook was ordered to inquire again particularly and report upon the actual enjoyment of the proceeds of the Maniem and his report dated 24th November 1852 together with the evidence in the case is herewith submitted.

3 The Board will observe that the evidence is still conflicting and it was not likely to be otherwise but it appears to me that the only safe conclusion to be arrived at is that the Maniem of right belongs to Erungole Pillay and that no portion of it has ever been alienated with his consent or the sanction of authority to any other party.—

4 It is requested that the original documents now submitted may be returned when no longer required by the Board.—

Tinnevelly
9th February 1853

(Signed) C. J. Bird
Collector

Bd. No. 950
From the Collr. of Tinnevelly

To W. H. Bayley Esqre.
Secretary to the Board of Revenue
Fort St. George

Sir,

In forwarding the accompanying Original

Original Takeed of 3rd June 1842 regarding the Meerasy Manium of Anyapooranilloor in the Streevygoontum Talook required by your Official Memo: of the 11th Ultimo, I have the honor to draw the attention of the Board to para 9 of my letter of the 21st April last under the circumstances stated in which the order in question appears to have been issued as shewn in the accompanying Copy of a Hindoovy Kyfeith which was drawn up the Head Sheristadar at the time for the Collectors consideration.

26-28

Bd. No. 1085
Proceedings thereon.

The Board will not disturb the decision of the Collector in favor of Ernagole Pillay's claim to the arrears of the Nattamy allowances of Mooditanundal now in deposit because it appears that at the time when the Petitioners were appointed by the

Tasyldar to aſsist they were distinctly informed that they would not be entitled to receive any share. They cannot however give their approval to the practice now obtaining in the district, by which in certain instances and in the Village more directly in question individuals are appointed to perform all the duties of heads of Villages without a participation in the Emoluments.

2 Wherever remuneration is granted to its Village Officers it seems inconsistent that any party performing under authority the duties of such should not share in the Official allowances.

3 The term Nattamgar is not of uncommon occurrence in Soodra Villages to the Southward and in the opinion of the Board conveys no more exclusive privileges than attach to what is styled under the British Government the Head of the Village.—

4 The proper and they believe the usual Course is to carry on the public duties of the Village through him, in most cases remunerating him for the trouble and responsibility and when it is found that the Village from its extent, amount of Beriz or other circumstances is beyond his ability to manage alone

to

to aſsociate one or more individuals with him giving them a share in the Emoluments.—

5. The Board think that this practice might be extended to Tinnevelly and that any unwillingneſs to accept it which might at first be exhibited would cease when it was known that the views of Superior authority were opposed to the System of duties and responsibility without remuneration when such had been specially provided and were favorable to each Village having one or more head men according to its requirements the Emoluments being shared among the incumbents This Course if carried out with respect to Moodelanen: dul the Beriz of which is Rupees 2745 might involve the appointment of 1 if not 2 additional Monigars but this point is left to the discretion of the Collector.—

6. The Original documents accompanying the several Communications of the Collector are returned.—

Endorsements on Petitions 60-163-695-970-988, 1064, 1089, 1383, 1413, 1552, 1580, 1594, 1725, 1745, 1758, 1808, 1830, and 1949 of 1852 Nos. 392 & 397 of 1853.

On a full consideration of the Collectors report the Board decline to disturb his decision in favor of Erungole Pillay.-

Endorsement also on Petitions No. 1496-1712, 1829 & 2184 of 1852.-

The Board have confirmed the award of the Collector in favor of Erungole Pillay.-

---
