The

Para 1. The lamentable state of the Zemindaries in Guntoor has been repeatedly brought to the notice of Government by the Board of Revenue on their Proceedings on the settlements of the various Fusles since 1242 (A D 1832)

From Mr C. Cotton to Chief Secretary dated 20th February 1840.

From Mr Sullivan to Chief Secretary dated December 24th 1840.

From Collr of Guntoor to C. R. Cotton Esqre dated 13th December 1839.

2. The subject has also been taken up by Mr Cotton in his Report on the causes of the deterioration on the Revenue and followed out by Mr Sullivan with reference to the detailed information afforded by Mr Goldingham the present Collector.

3. The case is one which calls for immediate remedy and as it is also one of great importance as regards the Revenues of the State, the Tenures of the Zemmendars and the welfare of the Ryots, His Lordship in Council

is

is desirous of offering some remarks upon the subject previous to referring it for the final decision of the Honorable Court of Directors.—

4 The Circar of Guntoor was transfered by the Nizam of Hyderabad to the British Government in 1788. The Collections were chiefly obtained by the System of triennial lease till 1801 when the permanent settlement was introduced.

5 In 1802 the adjoining Talook of Palnaud (being a portion of the Carnatic Territory of the Nabob of Arcot) was ceded to the Madras Government and by them incorporated into the Guntoor District. The settlement of this Talook has since that period been Ryotwarry and under the immediate charge of the Government Officers.—

9 In the 11th and following para-
graphs of Mr Goldinghams letter and the
statement thereto annexed the commencement
and progress of this heavy defalcation is
traced out—

10 In consideration of the
difficulties in which most of the Zemmindars
were involved in fusly 1211 (A. D. 1802) it was
arranged that the fixed peishcush of 1,22,458 rs
should not be exacted up to its full amount
till the 9th year yet in Fusly 1227 the Collections
amounted to upwards of 16 lacs in 1228 to 14
lacs and 1229 to 13 lacs Till Fusly 1240 the full
peishcush was collected At the commence-
ment of that fusly, the arrears amounted
to only 2,607 Rupees at the close of 1242 they
were 1,45,397 — In fusly 1247 they had risen to
Vide Appendix A 3,89,391 and in 1248 (the last year on which the
Board of Revenue have reported) they
amounted to 437,332.

Vide letter of Board of Revenue to A Scott Esqr 26th December 1801. 11 The question now arises to
what can this be attributed? certainly not

This

This letter is particularly alluded to in the Fifth Report on the affairs of the E. I. Company 1812

to over assessment, for the Government
were most anxious at the time the settlement
was made that it should be moderate, and
moreover the peishcush as has already been
shewn was collected for a space of 30 years—
The immediate cause of
12 the sudden failure of these Zemmindaries was
without doubt the draught, famine and
pestilence that raged throughout the North-
ern Circars and most especially Guntoor
during the Fusslies 1242-43 and 44—
13. Messrs Goldingham,
Cotton and Sullivan seem to attribute
the cause of their failure in a great
measure to the Maladministration of
the Zemmindars and the ill working of the
system itself—
That the administration of
14 the Zemmindars has been inefficient in
many respects is not to be denied, and
this may account for the difficulty now
experienced by the Zemmindars in
exctracting

extricating themselves from their embarrass-
ments, but His Lordship in Council must
repeat his belief that the immediate
cause of the present heavy defalcation
was beyond their control however gra-
viously the effects may have aggravated
by Mismanagement and improvidence.

15 In proof of this the
attention of the Honorable Court is
solicited to certain papers which were
at the time submitted to them particu-
larly the Proceedings of the Board of
Revenue on the Settlements of Fuslies 1242
and 1243 in Guntoor dated 11th June 1838
also on Fusly 1244 under date 27th October
1838.

16 In the former commun-
cation the Board say (para 2) "In
these 2 Fuslies (1242 and 1243) the Guntoor
District has suffered almost unparalleled
distress from excessive drought and
consequent

"consequent failure of produce causing a
"scarcity which among the poorer classes
"amounted to famine accompanied by a
"general sickness from various diseases"
again (para 4) "The decrease of the popu-
"lation in these 2 Fuslies is estimated by the
"Collector at nearly one half, and that of the
"Cattle at nearly 2/3rds"

Population in
1241 — 612317
42 — 357038
43 — 255511

In the latter communi-
17 cation they say the present Report affords
conclusive evidence of the continued
deterioration of the resources of the
district in Fusly 1244. Epidemic attended
with great mortality prevailed to such
an extent that it is stated a man in
perfect health was hardly to be seen any
where. Precluding the hope of the return
of this part of the country to its former
prosperity or the complete developement
of it's resources for a long series of years
under the most favorable circumstances

Population in
1244 — 224413

which

"which can be looked for" again in para 9
"the prospect of the respective Zemindars
"retrieving their affairs must, it is apprehend
"ed, in many instances be considered
"almost hopeless."

18. That the Honorable Court were at the time fully aware of the misfortunes which this District suffered is shewn in the General Letter to this Government No 13 of 1836, the subject is again thus prominently brought to the notice of the Court only to prove that in this instance the frequently occurring argument of "bad seasons" has but too serious a foundation.

Demand 185902

19 A comparison of the collections from the adjacent Auvrany Taluks of Palnaud (consisting of 152 Villages) with those

those of the Zemindaries would appear much in favor of the former. The collections from this portion of the District in 1802 when it first came into our possession Amounted to 55,028 Rupees, in 5 years the collections were double, in 20 years four-fold. The famine of 1242 reduced them to 67,501, but they have since that period continued to improve slowly though steadily affording in this point a striking contrast to the paralyzed state of the Zemindaries.

Vide app. B

20 Yet the Right Honorable the Governor in Council is of opinion that Mr. Goldingham and Mr. Sullivan have laid more stress upon this contrast in reviewing the administration of the Zemindars than the circumstance of the case seem to warrant.

Firstly

Fort St George 6th May 1841.

21 Fusly 1241 which was the first of the disastrous seasons that affected the Zemindaries was not felt nearly so severely in Palnaud, and Fusly 1244 which by adding an epidemic disease to starvation completed the ruin of the Zemindaries was in Palnaud a tolerably good season. Moreover it must be remembered that nearly the whole of the cultivation in Palnaud consists of dry grain and would suffer less from want of rain than a Country where the proportion of wet Cultivation was greater.

Proceedings Board of Revenue 27th October 1836 - para 10

22. In short the Talook Palnaud is quite distinct in a topographical point of view from Guntoor proper, and it by no means follows that a season ruinous in one must be ruinous in the other.

23 It is not intended in the

the above remarks to assert that the contrast in the Collections between Palnaud and the Zemindaries since Fusly 1242 is owing entirely to local circumstances it is fully admitted that the regular and unincumbered system adopted in this Talook has been of considerable advantage in gradually bringing it up to its former Standard all that His Lordship in Council would wish to point out is that the fact has been relied on too much as if it were a strictly fair comparison which it is not.

In Appendix C it will be seen how often and under what circumstances the Estates have come under the Collector's Management. Each (except Rapelly) has been attached once for arrears, and in 3 Cases out of these only after the year of Famine.

It now remains to

24 discuss the various propositions that have been made for retrieving the affairs of these Zemindaries premising that it is utterly hopeless to expect that the

the arrears can ever be liquidated — and nearly equally hopeless to expect that the full peshcush can be Collected — under the most favorable circumstances for many years.—

25 Mr. Sullivan strongly supports Mr. Goldingham's opinion that the Estates should be resumed by Government and put under Ryotwarry Assessment.—

26. The Board of Revenue offer two propositions, 1st that the Estate should be put up to Public Auction for arrears of Revenue, purchased in on account of Government and an allowance granted to the Zemindars in proportion to the Revenue realized — under Aumany — 2dly that the Estates should be sold and purchased as before, but that they should be reconferred upon the present Proprietors with new sunnuds declaring the Estates not liable

liable to sale for private debts contracted previous to the restoration of the Estate.—

27. The state of affairs in these Zemindaries is reported as so desperate that His Lordship in Council must confess that the measure proposed by Mr. Sullivan appears to be the only one that can save the Country from ruin. Both the Public and Private debts of the Zemindars are accumulating to such an extent as to preclude the possibility of their ever being liquidated, impoverished as the Country now is. To remit Balances would only be to sacrifice the interests of Government to those of the Private Creditors. Even if the Estates were re conferred with a Sunnud such as the Board of Revenue recommended though the Creditors might not have any claim on the land, their opportunity and the natural desire of the Proprietors to liquidate their debts would tend materially to cause a continued

irregularity,

irregularity in the payment of the Peshcush,
and looking back upon the constant pecuni-
ary troubles and endless litigation in which
these Zemindaries have been involved since
their settlement, it is not unreasonable
to conclude that as long as they remain
in the same hands, they will be subject
to the same difficulties, affecting not
only the Revenue and administration
of Government but the welfare of the
Ryots.

28.

The only method by which
these Estates can ever be brought to
recover themselves is by carrying over

the important improvements
in the Irrigation of the
District, some of which
the Honorable Court have
already sanctioned. That
these are to be carried out
solely at the expence of Government
was never contemplated, and very serious
difficulties

difficulties lie in the way of their accom-
plishment owing to the reluctance and
indeed the inability of the Zemindars to
contribute their share of the expence.—

These difficulties would be

29.

entirely removed were the Estates to
revert the Government, and severe as
the measure may appear towards the
Zemindars it would be one by which
the Ryots whose interests Government
are bound to protect would be exceedingly
benefited.—

It is indeed only this latter

30.

consideration which decides the Right
Honorable the Governor in Council in
proposing to the Honorable Court that the
Zemindaries should be brought to sale
for arrears and bought in on account
of Government to be hereafter placed
under Aumany Management.—

The Right Honorable

31.

the

the Governor in Council is aware of the reluctance which the Honorable Court has shewn in several instances to comply with any suggestion for the resumption of Zemindaries but there have been generally some good grounds for this consideration which are wanting in the case under review. For instance, the cases of Shenkerrydroog and Charmahal alluded to in paras 22 and 25 of General Letter of 1835 where both Estates were proved to have been ever-aspected, the same with regard to the Baizwara Zemindary referred to in paras 63 to 65 of General Letter of 1838 again the Cotah and Ramachendrapooram Estates were restored to the Zemindar upon the supposition that the Estate would sell for more than the Balance of arrears which the Guntoor Zemindaries most certainly would not.—

32. Should the power vested in Government

C. P. R.

Government by the Regulations not be exercised in this case (where every less lenient remedy would only serve to protract what must eventually happen) it would at once be recognized as a precident that Zemindaries were never to be sold for arrears.—

The Right Honorable the

33. Governor in Council cannot but lament the necessity that compels him to recommend this measure to the Honorable Court as the only one which can secure the Government from future loss, and the people from utter ruin, but wouls at the same time earnestly urge that a fixed and respectable maintenance should be allowed to these ancient families, such a provision he is inclined to believe would in reality be preferable to the present precarious and embarrassed position in which they are placed, the enjoyment of their Estates being hardly more than nominal.—

To The President and Members of the Board of Revenue.

Communicating observations and orders on the Board's Proceedings relative to the management of the Extra sources of revenue of the Masulipatam District for fasly 1249.

The total demand under the several sources of Extra Revenue of this District for this fasly amounted to Rupees 44,8182-14-2- exceeding that of the preceding fasly in the sum of Rupees 33,871-13-3. the uncollected balance at the close of the fasly under review was 5,618-13-6. The gross collections of the fasly 1249 amounted to Rupees 44,7565-9-11- and the charges to Rupees 53,903-15-10- leaving a surplus net increase over the previous fasly of Rupees 34,838-1-3.

2. The following abstract exhibits a comparison between the net revenues derived from Extra source in this and the preceding fasly.-

3. Viewing the details, the largest increase appears in the Revenue from Salt amounting to the sum of 44,944-6-11- and after deducting charges to the net increase of Rupees 43,119-13-1. This large increase over the previous year has produced by the unusual large number of Lambadies who resorted to this district to supply the demand in the neighbouring district of Rajahmundry the salt pans in that part of the Country having been destroyed or greatly damaged by the severe storms in the preceding year. The season also was particularly favorable to the trade with this class of people owing to the plentiful supply of forage in Masulipatam District.

4. The next item of importance is the sayer the net revenue under this head shews an increase over the previous

year, partly caused by Betel and Tobacco duties having been rented, and the consequent reduction of charges, also by a decrease in the Drawback Disbursements.

5. The exportation of Painted Piece Goods by sea has exceeded the amount of the previous year in a small degree.

6 Under the head of abkarry there has also been an increase for the previous fusly of 1,016-10-11 rupees. The outstanding balance has been recently much reduced.

7. The falling off in the stamp Collections amounts to the sum of 12,000 Rupees owing to the small demand for stamps of a high value. In the Motupha collections there is also a slight deficiency. The general result of the

In reply to your two Communications noted in the margin received this day, I have the honor to forward Copies of Correspondence Nos. 1 to 4 which has already taken place between the other public authorities and myself, relative to the point in question and I have now to state for the information of the Brigadier General Commanding the Division that up to the present period I have heard nothing more upon the subject nor am I aware that any additional police has ever been entertained, as the same facility exists now as formerly to enable the soldiers obtaining Food and Arrack from the Town and its suburbs.—

No. 3

To, The Adjutant General
of the army
Fort St. George

Sir,

Para 1. I have now the honor to transmit the information called for by your letter of the 25th Ultimo No. 1273.—

2 It will be seen by the minute of Consultation (Copy of which is attached No 1) that His Lordship in Council directed that the letters recorded in the Minute be referred to the Revenue Department with a view to the increase of 1 Duffadar and 20 to the Police of Vizagapatam to be expressly employed, under me, to aid Military Police in the prevention of intoxication among the Troops.

3 I therefore concluded that a further communication from Government in the Revenue Department or from the Revenue Board transmitting the necessary authority would be forwarded, but none arriving, on the 2nd of July 1839 I addressed the Revenue Board on the subject (vide Copy of my letter) they replied on the 22nd of August 1839 No 3 to

Fort St. George 6th May 1841

that they presume I should wait for specific orders either direct from Government or through the Board and Magistrate before entertaining the Establishment in question. From that date up to the end of December 1839 the period at which I delivered over the Police of the Town of Vizagapatam to the Magistrate of the District, I received no final or specific orders on the subject.—

4 I very much regretted the non arrival of the authority for carrying the measure into execution, as it would have placed in my hands very ample means for entirely suppressing all the unlicensed Toddy and arrack Shops which abounded, and doubtless do still abound in the Town and vicinity of the lines of the 6th E. Veteran Battalion and thereby in a far greater measure prevented intoxication among the Troops than I had previously been able to effect.—

5 As it may be the wish of Government to carry out its former intentions for the prevention of intoxication among the Troops and the necessity for the measure,

I

Fort St. George 6th May 1841

I feel convinced still continues: Beg to be permitted to remark that the same plan would not now effect the object if applied, it would in fact but be placing the Government to a very useless expense, and give greater security to the Arrack and Toddy Contractors.

6 In stating this I do so from a perfect knowledge of the illicit system in practice, and the present state of the Police in the Town. To write more on the latter point would be but to praise my own management when in charge, and to depreciate the present Police arrangements.

7 I have said that the measure if now adopted would give security to the Arrack and Toddy Contractors. By this I mean that such a body of Peons being solely employed in this Department of the Police would enable the Contractors, by seeing the Peons to feel more secure than heretofore that no unlicensed shops but their own, would be permitted to exist for in fact they are the persons who are principally concerned in this illicit system

Fort St. George 6th May 1841

though there are other persons who carry on the same traffic.—

8 I have but to refer to one fact to prove this assertion. In consequence of the measures I adopted to suppress unlicensed shops, when the Contracts for Arrack and Toddy for the years 1838 and 1839 were put up for sale, they were sold for several thousand Rupees lower than any preceding year and the Contractors openly stated that my measures were the cause.—

9 That the Contractors purchase the forbearance of such of the Police who have power of them is a fact with which I was well acquainted I was also aware of the exact sum paid, this circumstance I communicated to the Officer Commanding Vizagapatam as a sufficient reason why unlicensed shops were not put down and intemperance amongst the Troops checked.—

10 A vigilant supervision of the Police could alone break the neck of such a system as it was next to an impossibility to bring home such acts to the parties concerned, for although my information came direct from the Contractor

Contractor. I was as far as convicting the parties went, as helpless as if I had never known the circumstance.—

11 I am convinced that no Police measure would effectually suppress the unlicensed Shops if now adopted, and as under the present restricted Contract Government is the loser the Contractors selling equally as much as before the restriction was put on; and as there are very many shops kept by other parties by whom most vile and pernicious stuff is sold I beg to recommend that all restrictions be taken off and the Contractors be permitted to establish in the Town as many Shops as they please, but that each Shop be registered and a copy of the Register furnished to the Police Authorities who should require some of their trustiest subordinates to make themselves acquainted with the position of each shop. The Contractors doubtless will take especial care that no unlicensed shops are kept up to their detriment.—

12 There were in the immediate neighbourhood

neighbourhood of the lines of the Battalion, places at which the men congregated after nightfall and continued there drinking until past midnight. This may still be practised my Police Sergeants repeatedly when going their rounds broke up such assemblies. A nightly patrole from the Battalion under a steady and trustworthy non Commissioned Officer might visit these haunts and a very little energy on the part of the Staff Officer of the Battalion would soon effectually put a stop to this irregularity.—

The Right Honorable the Governor in Council is of opinion that under all the circumstances of the case, it is not advisable to establish a separate Military Police within the Town of Vizagapatam but in order to restrain as far as possible the undue sale of intoxicating liquors to the Troops, His Lordship in Council is pleased to direct that the letter above recorded be referred to the Revenue Department with a view to the increase of 1 Duffadar and 10 Peons, to the Police Establishment detailed in the 4th para of Mr Arbuthnot's letter to be expressly employed under the superintendence of Captain Vallancey, in the suppression of unlicensed Toddy and Arrack Shops, in the Town and vicinity of Vizagapatam, and to aid the Military Police in the prevention of intoxication among the Troops.

cover to an Extract from the Minutes of Consultation directing you, in communication with me, to suggest the best means of reducing the number of private Arrack and Toddy Shops within the Town, and to report upon the Establishment that would be adequate to carry into full effect the views of Government.

2 As the proposed Establishment is to be employed under your immediate orders, it is unnecessary that I should enter into any details on that subject. I fully agree with you however that it ought to be an efficient one in every respect.

3 The Town of Vizagapatam itself contains upwards of 40,000 Inhabitants, and there are numerous and very populous Villages in its immediate vicinity.

4 The subjoined is the Establishment kept up by Government for the performance of all Police duties.

The

5 The Police Establishment has been found so inadequate for the protection of the Town, that the Inhabitants subscribe monthly a considerable sum for the employment of additional Peons who act in support of the Police. The whole being under the immediate superintendence of Captain Wallace.

6. It has been customary to rent out the Abkarry farm of the whole of the district to one individual, and the amount produced is about 45000 Rupees. of this amount the Town and vicinity of Vizagapatam produces about Rupees 1500 the Toddy farm of Vizagapatam and Waltair yields about Rupees 5000. so that the total Abkarry Revenue derived for the Town and neighbourhood of Vizagapatam is certainly not less than Rupees 20000. Ten stations have been fixed for the sale of Toddy and Arrack, besides which the renters are allowed to establish as many Shops as they please within a space of 100 square yards in the vicinity of the store (which is outside the limits of the Town) or I should rather say to employ as many people as they think proper for the sale of Arrack and Toddy, the whole being one

shop

shop in their own hands.

7 I do not think there are many unlicensed Shops in the Town. The renter I make no doubt frequently sells at unauthorized places, but he and his Peons are sufficiently watchful to prevent their privilege being encroached upon by unlicensed persons.

8 In my opinion there will be no great difficulty in reducing the number of shops to any extent that may be thought proper, but this will have little effect in putting a stop to illicitly on the part of the European Soldiers. They generally proceed in parties to the Topes outside the Town, and send natives to procure supplies of Toddy, which combined with the heat of the sun very soon intoxicates them, any Establishment that may be entertained will therefore have principally to watch the soldiers and prevent their wandering about the country in search of Toddy.

9 In the event of Government sanctioning any Establishment, I think it should be proclaimed previous to the 1st of June the period at

at which the Toddy and Arrack farms are usually put up for sale, and that the Establishment should be entertained from the 15th July. It should be at the same time publickly notified that the decisions of the Fort Adjutant are final, otherwise there will be constant appeals to me on the part of the renter that his shops are interfered with.

10 It is proper that I should state that the effects of this Arrangement will undoubtedly be a considerable falling off in the Abkary Revenue, at any rate for some time. This will however be considered of little consequence compared with the effect which is expected to be derived from it.

Explaining the cause of the omission to carry into effect the increase to the Police Establishment of the Town of Vizagapatam sanctioned in the minutes of Consn of the 19th April 1839.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the minutes of consultation of the 19th Ultimo with its enclosures, and requiring explanation why the increase to the Police Establishment in Vizagapatam ordered in Consultation on the 19th April 1839 had not been carried into effect.

2. In reply, I am directed to explain that it was supposed in this Department that some answer would have been made to the communication from the Board's office of the 16th May 1839, and that in anticipation thereof the order for the entertainment of the additional Police force was not furnished to the Collector of

of Vizagapatam - A reference to the correspondence that has passed would not seem to warrant the Omission as the sanction of Government was unconditional, and the Board regret that the mistake should have occurred -

3. A reference will now be made to Mr. Arbuthnot as directed in the Extract from the minutes of consultation in the Military Department of the 13th April to devise means for the more effectual suppression of unlicensed arrack and Toddy shops within the Town of Vizagapatam, and the result will be reported for the Orders of Government at the earliest practicable period -

But you are requested to give your attention to the several propositions submitted with the letter now forwarded, and to state your Opinion whether these are eligible or whether any other means suggest themselves, and can readily be adapted for suppressing the unlicenced arrack and toddy shops that are stated to abound within the Town and in the vicinity of Vizagapatam -

Relative to the Settlement of the land revenue of the District of Trichinopoly for Fusly 1249-

(Were entered March 29th 1841-)

1- The season in the Trichinopoly District, though unusually favorable at the commencement, was not equally propetious towards the conclusion, when there was almost an entire failure of the North East monsoon, rendering it necessary to grant remissions for losses sustained by the Ryots in some Villages where the wet cultivation suffered chiefly from the absence of the usual rains-

2- The net Settlement of the land Revenue amounted to Rupees 14,38,783-2-4. exhibiting, as compared with the preceding fusly, an increase in the sum of Rupees 28,470-9-5- This increase is stated to have arisen chiefly from

Fort St. George 6th May 1841.

land newly brought into cultivation to the extent of about 7836 Cawnies assessed at Rupees 16,965-8-3. which is attributed by the Collector to the favorable character of the season- notwithstanding this statement however on the part of Mr. Onslow, it appears that so large an extent of land as 9,965 Cawnies assessed at Rupees 25,800 was relinquished by the Ryots who from poverty were unable to continue its cultivation- His Lordship in Council approves of the Board of Revenue having called for farther information upon this point, from the Collector, whose explanation as at present submitted, is deemed Defective-

Remissions Fusly 1248 - 9,421-11-11

" " 1249 - 4,761-2-4½

4,660-9-6½

3- The amount of remissions from the Settlement in the fusly under review was Rupees 4,761-2-4½ being considerably less than the sum written off the previous year, which amounted to Rupees 9,421-11-11- The explanation afforded upon this point in paras 4 and 5 of the Board's Proceedings do not appear to call for any particular observation

observation-

4 The collections made within the year amounted to Rupees 14,26,557-9-10- in addition to which the sum of Rupees 50,74-6-3/2 was subsequently realized- From the indigent circumstances of the Ryots, fears were entertained by the Collector that the balance of 7,106-2-2/2 would be found irrecoverable- The Governor in Council will be prepared to take into consideration the reports called for by the Board of Revenue on the outstanding balances, and would merely allude to the often expressed opinions of Government against recourse being had to the severe measure of selling the lands of defaulters.

5. His Lordship in Council has noticed with satisfaction that in 2 out of the 8 Talooks, which comprise

comprise the Collectorate of the Trichinopoly District, no balances were outstanding at the close of the fusly under review, and that in most of the other Talooks the revenue had been realized with creditable punctuality, and has much pleasure in recording his approbation of Mr. Onslow's management of this District-

3. And it is hereby provided and declared that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto to claim by written petition to be presented to the Magistrate within the period of one day from the receipt of such injunction or of three days from the publication of such notice that a Jury or Punchayet may be appointed to try and decide the question, and the Magistrate shall on receiving such petition pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the

no

no decision be made by a Jury or Punchayet the Magistrates' order shall take effect as if not opposed.

4. And it is hereby provided that all the proceedings of Magistrates under the authority of this act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies.

the purpose of cultivation, and acting accord-

I placed the land in their possession -

Sir,

I have the honor to report that this day on assembling the people of the Talook of Chailput to receive their Puttas, they were not only unwilling to receive them, but on the first commencement of an attempt to distribute them, the whole assembled in a tumultuous manner, crying out, and throwing handfuls of dust,

any inspection or obtain a hearing either by myself or Native Officers I withdrew and the tumult continued for several hours but was finally put a stop to without any accident.

3. The Occasion of this disturbance I shall report upon more fully, it was the levy or demand of Teervah upon all lands Occupied for houses and backyards which were not exempted - The lightness of the cause, which as bearing upon the revenue is of no consequence and the improbability of maintaining my authority against the excited people determined me to issue a Proclamation, promising that the new demand should not be enforced, with which the people were satisfied and returned to their Villages.

Sir, I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation of the 23d. Ultimo forwarding for consideration and report a letter from Mr. Ashton Principal Collector of South Arcot bearing date the 13th. April last.

2. The facts to which Mr. Ashton adverts in this communication are simply these - Attached to the Village of Tindavanam-nellore in the Talook of Chellumbrum was a Spot of Ground used by the Resident Ryots as a Seed Bed for their Cultivation, but which was not assessed to the Revenue because no Crop was grown thereon. In November 1838 Mr. Ashton without reference to the Resident Cultivators in whose enjoyment this Spot of Land was, and who besides were willing to pay the Survey assessment if such were properly demandable from them, accepted the proposal of some Strange Ryots and

places

their Tullahs in consequence of an attempt to demand Seerwah on Land recu= =pied by their houses; with the Board's sentiments on the subject.

placed the land at their disposal. The an= =cient occupants thereupon brought an action against him in the Auxiliary Court of Cuddalore which was submitted to Government in the letter from this department of the 24th September last, & the Conduct of the Suit at the Cost of Gov= =ernment was disallowed.-

3. Intermediately the parties interested had brought their Case on this =tion before the Board of Revenue when the Proceedings and correspondence noted in the Margin passed with the Revenue Authorities in the District to which the attention of Government is so particularly requested. It appears to the Board that the Principal Collector in accepting the proposal of Payacary Ryots of a different Village for the land in dispute while the Coleondy Ryots of Tandavaranellore was willing to occupy and pay the assessment had in a measure set aside the provisions of the Jummabundy Hookumnamah of the Dis= District. They desired accordingly that unless

Fort St. George 6th May 1841.

unless the latter had voluntarily resigned their claim to the land, it should be restored to their possession at the earliest convenient opportunity, and the Petition of the parties was endorsed accordingly.-

4. Mr. Ashton has declined com= =pliance with these instructions on the ground that having once given possession by accept= =ing the Payacaries proposals, he is bound as a magistrate to maintain them in un= peaceable enjoyment of the ground until they are ousted by a competent tribunal, meaning the Board presume, a Court of Law. In other words that an order once given in the Revenue Department cannot be revoked however unjust or on whatever erroneous grounds it is founded, by the Board or Government or in fact by any power but a Court of Udalat.-

5. The Board of Revenue entirely dissent from such doctrines which they can hardly suppose Mr. Ashton can seriously wish to maintain. On the contrary they think that it is the express duty of the Principal Collector to conform to the instructions he may from time to time receive from the Board

Board on all subjects relating to the Revenue management of the district committed to his charge and to none more than the Rules and Regulations for the distribution and the management of waste or unoccupied land.- The Rates of assessment and the rights of Government in districts not permanently settled are founded on usage and custom and not on law. By the Provision of Regulation II of 1803, the controul of the Revenue authority in the Provinces on all Points connected with the Revenue administration is specially vested in the Board of Revenue subject to the supervision and sanction of Government and by them alone can it be properly or beneficially exercised.

6. The Board of Revenue anticipate great mischief will unavoidably arise from Contradictory decisions of Courts of law in reference to what is or what is not the Custom and usage of a district as regards the right of occupancy and Cultivation of waste lands. Where the acts of a Collector are disapproved of the only prudent course is to require that this functionary should retrace his

6570 Fort St. George 6th May 1841.

his Steps and restore the spots of Ground to the Parties claiming them. The usage of the district and the practice to be observed should be determined by the Board and by the Government and Parties aggrieved by acts of the Collector in Contravention thereof only should be left to seek the remedy in Court for personal damage. But the act itself should be reversed by the Controlling authority and the Revenue practice should not be left to be defined by the Courts of law in the provinces as exposed to the possibly conflicting opinions of the several officers presiding therein.-

7. In Connexion with this subject I am further directed to forward for submission to Government the accompanying letter of date the 5th Instant from the Principal Collector announcing the occurrence of a serious disturbance on the occasion of assembling the Ryots of Chaithut Talook for the compilation of the Settlement. The tumult which presented a serious appearance has its origin in an attempt by Mr. Ashton to enforce a tax on Nuttum lands occupied by Houses set aside at the Survey

Survey as Pormupoke for public purpose and not hitherto taxed to the Revenue.

8. The Board have at all times expressed their commendation of the activity and attention displayed by Mr. Ashton in the performance of his public duties, and it is therefore with much regret that they observe the measures he has taken on his own responsibility have raised feelings of discontent and dissatisfaction in the District under his charge.

To The Secretary to the
Board of Revenue
Fort St. George.

Sir,

From the Collector of Rajahmundry
Dated 30th Ultimo
Received 4th instant

Submitting the further transactions passed between the Adalut Court at Rajahmundry and his office regarding the Island of Coollah attached to the Ramachendrapooram Zemindary with reference to his letter of 30th Ultimo.

With reference to my letter of 30th Ultimo I now have the honor to submit Copy of a letter received from the acting Judge at Rajahmundry in reply to my letter of 30th Ultimo, and Copies and translations of the different reports received from my Servant on the Spot, the Ameen of Ramachendrapooram, and one from a person deputed to enquire as to whether the reports sent to me had been exaggerated.—

24

From No. 2 to 4 together with those of the Court's Warrant and my last order to the Ameen Nos. 5 and 6. Nos. 7 dated 24th instant.

The Ranzeenamah filed in the Provincial Court on the 20th August 1824 and which has now been required to be executed, ought to have been sent to me, under the Regulations when the position of the Case would have been reported to the Board and such a return made as would have enabled the Provincial

Provincial Court to judge how far the terms of a Pauzeramanah, executed sixteen years ago by two persons since deceased could be carried into effect with reference to the changes which have taken place in the Godavery since that period.

3 This Pauzeramah was settled between Row Venecatarow Proprietor of Veeravellypollem and Woopparaw Lacshmy Pauty Ramarauze Proprietor of Tatley and Venkatappah Estates, and of course only referred to what was in the actual possession of each. Instead of this, now Eight Pottahs of land belonging to the Village of Coollak in the Ramachendrapooram Zemindary and which is included in the Subdivision Accounts lately submitted have been delivered over to the Veeravellypollem Proprietor without any Proceedings having ever been instituted against the party in possession, and what is still worse, the produce of the land principally Tobacco which just before was Calculated to yield upwards of Eleven hundred Rupees,

Seriously

seriously deteriorated, for after a part of it has been removed out of the hands of the Cultivators and deprived of the Care necessary for its preservation, its full former Value can hardly be hoped to be recovered.

*Orig. Copy and Translation Dated 4th instant.

4 The accompanying letter* has also been received from the Zemindar on this same subject. The Zemindar seems to think that the Villagers of Coollak and my Servants rather favored the removal of the produce by the Court Servants as a means of defeating the measures I had taken to ascertain the true State of this Village, regarding which some false Statements had been made, but that does not appear to affect the merits of the Case as after my remonstrance had failed and the opinion expressed by the acting Judge that it was absolutely necessary to carry into effect the orders of the Provincial Court according to the View taken by him, I do not think my Servants could have had much influence in the Case. The other

point

point noticed by the Zemindar is more worthy of remark, Viz.t that the original Proprietor of the Takey and Venkatapah Estates is not only dead, but the Estate has passed out of the hands of his heirs even, and now belongs to Dantlu Pada Soondariah and Co. China Soondariah the Heiress of the Estate of the late Dantlu Venkatapaty Pauze.

I regret accordingly that a Collision should thus have taken place between my office and that of the Court, but after I had explained in my letter of the 18th Ultimo that the Village was under my charge, it certainly would not appear to have been necessary for the ends of justice that the peremptory measures which have been adopted should have been had recourse to. I am a Servant of the Government equally res= =ponsible with the Judge, the land could not possibly have been made away with, and the Revenue realized

realized from the land could always have been ascertained from any Of= =fice=

To The Collector of Rajahmundry.

Sir I have the honor to acknow= =ledge the receipt of your letter of 30th March, and in answer to state, that the order to put the land in possession of the proprietors of Veeravelly pallem does not originate with me, but is one which was sent by the Provincial Court to be executed. I have ordered the Naib not to Kyfit the produce as you state it belongs to Government, but to put the land alone, into his possession. I have not the power to put a stop to the Provincial Court's order, but if you consider it necessary you can do so being yourself responsible.

To G. A. Smith Esqre
Collector in the Zillah of
Rajahmundry.

An Arzee from Pocheranze Venkiah
Ameen of Ramachandrapooram Talook.

I had reported to you, by my Arzee dated 16th Instant No. 208 that in=
=consequence of the Court Nail Vo. having prevented the Coollah Ryots from reaping the Tobacco and Varaga Vo. crop produced on the Island, attached to Coollah Mullavaram, I went to that Village and upon enquiry gave instructions to the Villagers and Mahassoldar Vo. that the said Tobacco Vo. should be reaped and kept under attachment.

I received Yesterday at 2 O'Clock a letter of 17th instant from Chellaya-

Chellaya Antanah, who was deputed to survey that Island as well as a Bahker from the Village Moonsiff and Curnum, stating that after my return on the 17th when the Coollah Villagers were going to cut the Tobacco Vo. on that Island, the Villagers of Veeravilly=
=pollem as well as the Court Peons came thither and prevented them from cutting the Tobacco and from storing the quantity they had already cut down, and that they were likewise using Compulsory measures against the Ryots, who Carried on the Agricultural Labours of that Island, to force them to go away. I immediately set out and arrived at Coollah by the evening. This day I proceeded to the Island and sent a Message to the Head that "when I the day before Yesterday informed "you that your preventing the Cutting of "the Tobacco Vo. would tend to great loss, "and that if it is cut, and kept under "Guard, it Can be disposed of according "to the orders of the higher authorities. You "promised that you would not offer

any

"any obstacles on that account, on the
"the Contrary. however after my departure,
"you prevented the Cutting of the Tobacco
"&c. and caused much Confusion, and
"that you ought not do so, through the
"persuasion of the Veeravilly pollem
"people on account of a Pauzenanna Bo.
"said to have been executed between
"the Coromilly and Veeravilly pollem,
"people, because the Island in question
"was under the enjoyment of the Coollab
"Village from a long time" and that hews
gave instructions to the Coollab Village
Inconsiff and Carnums to get the Tobacco
&c. Cut and kept Carefully under
Zuft, and to that effect, I also deputed
a Peticè Peon jumpa Ramalinguem.
But I am given to understand that
the Tasildar made a report to the Court
that I threw obstacles in the way
of his discharging his duty and it
appears that the Court Peon Barah
Hanmuntoo is inclined to create a
great Confusion, previous to the receipt
of the Courts order thereon - On a
reference

reference to the former Pauzenanah
filed by the both Proprietors, and the
warrant now issued from the Court, it
appears that the Proprietor of Veeravilly
pollem presented a Petition to the
Provincial Court, Complaining that the
land according to the limits enumerated
in the said Pauzenanah was not
put in his possession, and that thereupon
the Provincial Court having issued a
Precept to that effect, the Gillah Court
passed this warrant directing to put
the land according to the limits of
Pauzeenanah in his possession, but it
is not mentioned that the Island, which
was under Coollab from long time, should
be taken under Veeravilly pollem.
I therefore asked the Vakil to give me
Copies of the Warrant and Pauzeenanah,
but he did not as yet Comply with
my request. I in consequence now herewith
enclose the letter from the Masaldar
Chittaga Antanah and the Bakeer
from the Coollab Villagers on the
subject of the improper Conduct of the Vakil

&c.

&c and request your orders for my
future guidance on the occasion.

Yesterday evening so soon as
I arrived at this Village I wrote to
the Nair saying that I shall go
to the Island to inspect the irregula-
rities which have occurred there, and
that he may also come for that pur-
pose, but he neither came according-
ly nor answered to my letter - and
moreover since this morning to morning
he is sending a court Peon to the
Island and causing great injury to
the Tobacco in reaping and getting
it sealed - If the Tobacco is not properly
supported and secured in due time,
it will be soon spoiled, I therefore
just now wrote another letter to the
Nair pointing out his refusal to
follow me to the Island, according
to my first letter, and stating that
his making such confusion will
be very detrimental to the Tobacco,
and that pending the orders of the
higher authorities it may be reaped

and

and kept under Nyft - and that if he wish
he may also keep the Court Peon, but
that it is not proper to allow the Crop
to be injured. I herein enclose Copies
of my above two letters to the Nair for
your inspection.

It plainly appears that
the Nair, being badly persuaded by
the Vexatiously pollow people is now ready
to act contrary to reason, although it is
mentioned in the Warrant that according
to the limits inserted in the Runyeeas
-nah it should be put into execution.
Yet contrary to the authority given by
the Warrant, the Nair with the view
playing some tricks regarding the Collak
Island, is creating various unnecessary
disputes, and endeavouring to misinterpret
my Conduct to the higher authorities.
I therefore request your orders on the
occasion - Please to bring this into
Consideration.

Sol. J. Smith Esqr.

Rajahmundry.

An arzee from Boocherauze Venkiah Ameen of Ramachendrapooram Talook.

The present Proprietor of Veeravilly pollem, having presented an petition to the Provincial Court that the land according to the limits inserted in the Rangeenamah formerly filed by the Proprietors of Cevonilly and Veeravilly pollem, not being under his enjoyment he should be put in professions thereof a Precept was issued to the Zillah Court directing to carry the motion into execution, and therefore the naib and Borrah Hummuntee &c. Court Peons as who brought a Warrant to settle the disputes between those two Villagers instead of doing their duty, put a stop to the reaping and Cultivating the lands attached to the Island which has been since its existence, under Coollah Village, agreeable to the persuasion of the Proprietor. I called upon the

the Naib to look at the loss sustained by their improper proceeding, but as he refused to stopping there a Police Peon called Juneya Ramalingum in order to take care without preventing the reaping of the Tobacco returned to my station and reported the whole Circumstance to your Honour on 19th Instant in No 209.

Hearing this I taken care, I went to Gadeda &c. Villages for Collection on 26th instant at 3 o'clock in the evening

Received 2 reports dated 25th one from the said Police Peon Juneya Ramalingum and the other from the Village Monsiff and Curnum of Coollah, stating that on 25th and 26th the Veeravilly pollem Proprietor himself and thro' his persuasion the Naib accompanied by a gang of 2023 hundred men, came to the Island, and Caused to be tied up into bundles, about 8 Pottries of Tobacco, wheres, partly formerly reaped and Kept in the Sheds there,

and

and partly then reaped, with the view
of taking it away to Veeravillypolliem, and
that when they tried to prevent it, they having
beaten the former and driven away the latter
had taken away 30 or 40 Bottles of Tobacco &
Menonoodee &c to that Village. Whereupon
immediately set out and arrived at Coollak
at 9 O'Clock P.M. when the said Police
Peon, and Village Moonsiff and Curnums
reported to me verbally and in writing,
that they again came that day in the
same manner as abovementioned and took
away Tobacco &c produce worth about
4 or 5 hundred Pagodas. on my proceeding
to the Island yesterday at 10 o'clock,
I also found that a certain quantity of
Tobacco &c was taken away to Veeravilly-
-pollem and as there are three men called
Tota Ramasawmy &c in behalf of the
Proprietor. I commenced to take depositions
from them, in the mean time the Court
Nail Vannagunty Narsinha Row Pantulo
having come there I informed him, that
it is very improper to act contrary to
reason, and the Court's order, and that

as

as the whole produce yielded in the Islands
ought to be kept there, according to the order
of every Master, in case of his Carrying it, to
be taken away he should get it back and
place it in the same position as before.
or if the Proprietor of Veeravillypollem had
taken it away at his own discretion I shall
take necessary measures to recover it, and
that therefore he should say whether the said
produce was taken away under his order
or that of the Proprietor. I herewith enclose
for your inspection Copy of a letter addressed
by me, to the Nail, pointing out the whole
irregularity practised in the Island from
the beginning! his original answer
thereto. 4 Copies of my letters thereon, 4 origin-
-al Bakers addressed to me, by the afore-
-said Police Peon and the Moonsiff
and Curnums of Coollak Village. 4 Depos-
-itions taken by me from the Proprietor's
Servants Totah Ramaswamy &c. 4 Copies
of Parwannahs issued by me to the Police, and
Moonsiff and Curnums. and 2 Copies of
an order given to the Nazeer by the
Court and of his letter to the Nail, altogether

I thereupon immediately set out and arrived at Coollab at 9 O'Clock P.M. when the said Police Peon, and Village Monniff and Curnums reported to me Verbally and in writing, that they again came that day in the same manner as abovementioned and took away Tobacco &c produce worth about 400 Rupees. on my proceeding to the Island yesterday at day break, I also found that a certain quantity of Tobacco &c was taken away to Veeravilly-pollem and as there are three men called Tota Ramasawmy &c on behalf of the Proprietor. 18 Papers, whereby you will plainly
Know from the beginning the improper
Conduct of the Naib and the Proprietor
of Veeravillypolem.

When I had been to Coallah
Island the Naib plainly told me that
he shall not in any way behave ill as
Regarding the Circumstances of the said
Island, and when I am going to other Villages
on Public affairs, I gave proper instruc-
tions to the Police Peon, Tumpa Reddy
-linguem prior to and after the receipt of
your order, to take care of the produce
yielding in that Island, that any portion of
it might not be taken any where but the
Naib and the Proprietor of Veeravillypolem
together with 2 or 3 hundred men, proceeded
to the Island with which they had no
any Concern, whatever, and when they
were forcibly taking away the Tobacco
&c. produce therefrom to Veeravillypolem
the said Peon tried to prevent them
but in vain, and he was also beaten
during the quarrel regarding this
transgression

transgression I ought to pursue the Police authority,
but am doubtful to follow this course without
your permission, in consequence of the Naib who
came to settle the dispute between Coovanilly
and Veeravilly pollem Villagers under the orders
of the Court, taking part in it - however I issued
a warrant and sent my Duffadar and Peons
to get back the Tobacco, which was taken away
from the Coallah Island, and placed near the
house of Veeravillypollem Proprietor, thro' the
friendship of the Naib and to replace the same
in its former position, as also to bring down
the offenders for trial - But in the event
of the proprietor resting the warrant and
not giving up the Tobacco, under the Plea
that it was put in his possession by order
of the Naib, you will please to give me order
whether the Proprietor &c. may be apprehended
and sent up for trial before your honor, or
may I proceed according to the
Regulations and submit the records
of my enquiry into the case for
Your

your inspection.—

By the deposition given by Jumpa Ramalingum, Police Peon, who was deputed to watch the produce yielded in the above Island - it appears that the Villag Moonsiff and Curnums did not evince their zeal agreeable to the Takeed given by me, in protecting the produce, when the Proprietor few together with a large assembly were attempting to take it away, and that their (Moonsiff and Curnum,) negligence in doing their duty is attributable to their irregular desire, to evade paying the full Cist, this years according to survey made by the circar.- I shall therefore enquire into this conduct and report hereafter- Please to bring this into consideration.—

An Arzee from Pocheruzu Venkiah, Ameen, of Ramachendrapooram, Talook.

The reports addressed to me by the Police Peon, Jumpa Ramalingum, who is agreeable to your orders watching the crops at coollah Island attached to the above Talook and the Moonsiff and Curnum of that Village, stating that on 25th and 26th Instant the Court Naib, and the Proprietor of Veeravilly polem, accompanied by 2 or 3 hundred men, came to the said Island and having beaten the former and pushed out the latter, took away to Veeravilly polem, some Tobacco, Menasmoloon few produce there; having reached me at yesterday. I immediately proceeded to the spot, and not only informed them, that their proceeding in disturbing the Peace

peace in this manner, and taking away forcibly the produce / under zuft. / which is yielded in the Island connected with Coollah Village, during my absence, is very inconsistent with the orders of my Masters, but also under date the 28th Instant submitted my report to your Honour on the subject, together with the correspondence held between me and those parties, by which you will perceive that although this matter is to be proceeded upon under the Police authority; yet as the Court Naik took part in it, I am expecting for your orders, as to how I should proceed in case of his throwing obstacles in the way of my Duffadar and Peons discharging their duty according to the warrant issued by me, for the apprehension of the Proprietor Rama Row &c. who committed the above disturbance together with the produce taken away by them from the said Island.

This day being until noon

noon, to Coollah I then came to Anjoor, which is very near to the former, for the purpose of collecting the Revenue, and in the mean time understood that besides the Tobacco and Menamooloo &c. produce, which was hitherto taken away to Veeravillypolem, through the means of the Naik during my absence, with the view of putting the remaining part of the Tobacco &c. in possession of the Proprietor, two Peons came with the Court order to that effect, and that under this plea, the Naik and the Proprietor are about to proceed to the Island in question, together with 4 or 5 hundred men, in order to disturb the peace and take away the produce. I explained them both in person and writing, the contents of your orders, at 4 or 5 different periods, but it appears, that they do not like to settle the Matter amicably. It further appears that in case of adopting measures to prevent their improper

Zameen of
Ramachendrapoor Talook.

I have received your two reports, one of the 28th instant stating that as with reference to a Motion from the present Proprietor of Veeravillipollem to the Provincial Court, praying that he may be put in possession of the Land according to the limits fixed in the Razenamah in the case of a dispute formerly raised between the Proprietor of Caroomilly and the then Proprietor of Veeravillipollem, the said Court issued a Precept to the Zillah Court directing compliance with the said request that the Nail and Peons who came from the Zillah Court with a warrant for the said purpose assisted the Proprietor of Veeravillipollem in his taking away and possessing a quantity of Tobacco &c. which was produced in the Current Fasly by the Sunkah Land of Coollah Mullavarum, attached

to

to Ramachendrapooram Talook; and the other report of the 29th Instant: stating that as you were informed that two Peons were come with an order from the Court to make over to the said Proprietor the remaining Tobacco &c. produce of the said Land, and the said Proprietor accompanied by a number of his people as well as the said Sair are inconsequence intending to take away the said produce, you are inclined to prevent that act, but they would be likely to refuse to attend to your injunctions.

In consequence of the above you are informed that as it appears that the servants of the Court have made over to the Proprietor of Veeravilli Pollem the produce of the Lunkah Land of the said Coollah and refused the request made by you by my order not to do so without giving me previous notice as required in similar cases according to the Provisions of the Regulations, they are themselves responsible for this act, your are therefore not to

to do any thing in this Matter. But as it is expedient that I should report to the higher authorities the circumstance of the Lunkah Land of Coollah (which is Jeroyty and the Cist of which is payable to the Circar) attached to Ramachendrapooram Talook under your Jurisdiction having been made over to another Proprietor together with its produce, you will particularly ascertain and inform me without loss of time what portion of the said Lunkah Land (together with the amount of the Cist thereof) was made over to the proprietor of Veeravillipollem by the Court servants whether the whole or a part of the produce of the said Land was taken away, what is the actual value thereof and what quantity of each kind of produce was thus made over to the said Proprietor. You are particularly desired to collect the information above required without raising any disputes in this case, and report the same. Zillah Rajah Sheristadar, Collectors Circuit Cutcherry at

An arzee from Ghuntah Venkatarawmy Huzzoor Deloyt

In obedience to your order of 30th Ultimo. directing me to find out really and report to your Huzzoor what was the extent of land which was cultivated by the Ryots of Coollah Mullavaram in the Saland adjoining to that village in Ramachendrapooram Talook, put in possession of the Veeravilly pallem Proprietor by the Zillah Court Servants, with reference to the Razeenamah said to have been executed in the Provincial Court regarding that Saland, between the Proprietors of Veeravilly pallem and Takey, and

and Vakatippah Estates, as well as the cist thereof and whether the said Proprietor took away the whole or any part of the crop produced therein, in which case to what value as also the extent of the whole produce now remaining in that Saland together with its value. I arrived at Coollah on 31st and went to the Saland on 1st April and upon my enquiry I found as follows: Chittoory Boosiahgarey Sooboiah Vca Ryot of Coollah cultivated that Saland partly themselves and partly giving to the Ryots of Veeravilly pallem and Coroomilly and the whole produce yielded in the Saland as Vca estimate is 42 Poothies of Tobacco, both reaped and in the field. 3½ Poothies of Varagoloo in heap. 2 & 3/4 Toomo of Menamoolo Crop unthrashed. 4½ Poothies of Lampail seeds in field. and 1/2 Poothy of Dalanah Crop. altogether 53 Vca and 13½ Toomo. Besides this the produce fraudulently taken away by the Proprietor of Veeravilly pallem under pretence of the Courts order is 12 Poothies of Tobacco yielded in 1 Candy of land valued at 350 Rupees partly stored in the sheds and partly loose

loose as well as 2 Pootties produced in two Tooms of land on account of the Cultivation of Boosiahgaury doobiah, which was ready to be reaped worth 50 Rupees. 3 Tooms of Nutchney or choda crop in heap of 1/2 Rs. value at 10 Rupees per Pootty. and 6 Tooms of Minorinaloo crop of 8/p Rupees value at the rate of 28/p per Malca Pootty. Total 15 Pootties & 3 Tooms of 410 Rupees value. The Proprietor bringing the Court Naib Vcar to the Island took away forcibly most part of the above produce to Veeravilly pollem thro' the means of his Villagers, and the Pariahs Vcar of Chintalunka destroyed the rest. It does not appear that any portion of the Island was left under Coollah but the whole put in possession of the Proprietor of Veeravilly pollem on the ground that it was according to the limits inserted in the Rajeenamah. Therefore the Proprietor Misappropriated a portion of the produce therein yielded, and as for the rest he took charge of it and kept his Peons over it. Herewith submit an account shewing the produce

produce taken away by the Veeravilly pollem Proprietor as well as that now remaining in the Island. To ascertain the Cist of the land which yielded the produce taken away by the Proprietor under the Court's order it is impossible, because it appears that the whole Island was given up to him and that part of the produce was taken away by him, while the rest is kept under his care. I therefore report this for your information. Dated 4th April 1841.

An arzoodast from Shree Rajah Cankerlapoody Rama-
-Chendraranze Bahader Zemindar of Ramachendra-
-pooram Talook.

By my urzee to your address dated 26th instant, the injury that has been done to the Island adjoining to the Coollah Mallaca-
-ram village pertaining to the above Talook may have been brought to your notice - In order to ascertain the opinion of the Court to order on the subject to the Razenamah obtained a copy thereof and herewith submit for your inspection - In No. 80 of 1823 a Razenamah was filed by the Plaintiff Row Vencatrow Proprietor of Veeravillypolem and the Defendant Woopalapaty Ramranze Proprietor of Taky and Vakalutpa Mootahs in Provincial Court, regarding a dispute on account of an Island. Plaintiffs son and heir Row Ramarow having filed a motion to the Provincial Court requesting to enforce the Defendants done Woopalapaty Sugee Juggannadranze and Venkatakrishnamranze

to

to put the conditions of the said Rajeenamah into execution, that Court issued a Precept to the Villah Court and sent a copy of the Rajeenamah with directions to put it into execution - The latter Court thereupon issued a warrant in the name of the Nazer enjoining him to cause the heirs of the Defendant to put in possession of the heirs of the Plaintiff the land agreeable to the limits inserted in the Rajeenamah - The land as therein alluded to was heretofore under the enjoyment of the Veeravilly pollem people But the Plaintiffs son Row Ramarow, with a covetous design to encroach upon the Coollah Island at this juncture, paid some thing to the Naib who came from the Villah Court, who thereupon put the above Island, which was under Coollah from a long time, in possession of the Veeravilly pollem people. This kind of demeanour of public servant the Court Naib, without any authority whatever and by means of the misrepresentations of Veeravilly pollem Proprietor will I trust appear to you to be totally unjust

unjust and irregular - If the Coollah Village Moonsiff and Curnums and the Ameen and Head of Police, Pacherauze Venkiah of the said Talook would have positively explained to the Court Naib Veera that as contrary to the Court's Order they ought not to enter the Island, and that in case of his producing any order of the Court directing to put the Coollah Island under Veeravillypollem, it should be obeyed, and accordingly the Island together with its produce given up, and that if necessary we shall have recourse to the Court, they would not have interfered with it nor would the produce yielded therein have been misappropriated - Thro' their negligence a great quantity of produce which yields Revenue to Circar was taken away by the Proprietor of Veeravillypollem - The Coollah Village Moonsiff Chittoory Canakeramdoss and his uncle Rungiah's son Rayanacloo who for the current year wished to occupy the said Island for Rs 600 having with a fraudulent view to withhold the discovery of the great

great profit they could derive in this undertaking, in conjunction with the Proprie=tor of Veeravilly polem, neglected to do their duty, the said Proprietor without any concern whatever took an opportunity of ruining a part of the Island and taking away Tobacco to a considerable value. There is a proof that Chittoory Lane Karandoo, Munniff of Coollah, and Rajonaikloo Vena had connection with the Proprietor as follows: Chittoory Laniahs' Son Soobiah and Palaiyan =la Soobiah Patanadaro, and Cumum Vadiaven Soobiah of Coollah without having any connection with the Moonniff having strictly said that it is very improper to Commit irregularities regarding the Island in question the Moonniff Lanakeramadoo and the Proprietor of Veeravilly polem in Conspiracy communicated with the Naib and made him make a false report to the Court stating that the above three Persons persisted in putting the Island in dispute in possession of the Plaintiffs' heirs, and consequently a warrant was issued from the Court to secure their presence before them

them, and the Persons who brought it are putting them to the greatest inconvenience. By issuing only warrant to the three persons aforesaid leaving out the Moonniff it is generally evedent that he is in favor of the opposite party. In the Counteraider it is merely directed that agreeable to the limits inserted in the Rajeenamah the land should be caused to be put in possession of the Plaintiffs' heirs, but it does not appear that the Island of Coollah attached to my Zemindary and now under Circar Tuff is ordered to be put in possession of the Proprietor of Veeravilly polem. The Court finds this misrepresentation of the said Proprietor wrote false reports to the Court that this is the Island on account of which the Plaintiff Row Venkatarow and Defendant Wooppalapaty Ramarauze lately filed the Rajeenamah, and that in putting the same in possession of the Plaintiffs' heirs the Coollah= Rajahs Vena threw obstacles but he did not mention therein that the Island in question is belonging

belonging to Coollah Mullavaram appended to my Pymindary Ramachendrapooram Talook and the Court thereupon joined Takeeds as believing those false reports, but the real fact was not brought to their notice. Accord=ing to the condition of the Rajeenamah as executed between the Defendant and Plaintiff, their respective portions of land were under their enjoyment. The present Courts order directs the whole land consisting of sand and tufts which is situated on the north side out of the boundary posts placed along the north extremity from east & west in this case and which land is now in possession of the Proprietor on the south side of this very land. There is a stream even in this dry season affected by the sea tide below which the Coollah as Island is situated, and it has been from a long period under the village of as Coollah Mullavaram. Formerly during the time the Talook was under the Circar manage=ment the Puttahs and Muchilcahs which were executed regarding the Cist of the said Island were the former in possession of

of the Ryots, and the latter in the Public records. and those exchanged after the Talook was put in my possession between me and the Coollah and coronnilly Ryots were with me. For the Current year that Island was given in occupation by the Circar. Notwithstanding which the Court Naib being a Public Servant with the view of placing the Island in quest=ion under deceavilly false has been writing falsehoods to the Court on the subject. This illegal transaction tends to cause great confusion, on your inspection you should yourself be convinced of this injustice. but it is beyond my expression. You will therefore consider what is best to avoid this injury. Besides this, under the following circumstances the Rajeenamah must be considered as invalid. It is directed by the Court that the Rajeenamah is to be inforced upon the heirs of the Defendant and to cause them to make over the land in dispute to the heirs of Plaintiff. The heirs of the Defendant are called Woopalapaty Jaggee Inguvvaradrauze and Venkatakistna=rauze. who formerly held the Proprietary right of

of Coromilly and Catatippa Vcas Villages. but
in consequence of their incapability to discharge
the Kists, the said Proprietary right was
transferred to Dantla Venkatapaty Ranze,
who being deceased, his heirs Pada Obondaiah
and China Boondaiah inherited that right,
and they are therefore now Proprietors of those
villages. Under these circumstances the heirs
of the Defendant have no right to the above
villages, and in which case how can it be poss-
-ible to cause them to make over to the heirs
of the Plaintiff the land in question as directed by
the Court. Consequently the Rajeenamah is proved
invalid as the heirs of the Defendant have no right
to the Villages. they did not give any answer to the Court
on their being called upon by a Notice - when the heir
of the Plaintiff filed a Motion for the enforcement of
the said Rajeenamah upon them. The above being the
fact what I knew I represent for your information
and request that you will adopt such measures
as you may deem best calculated to prevent the
interference of the Proprietor of Accaravilly polem with
the said Island, and to recover the Tobacco Vcas
forcibly taken away by him therefrom. Please to
take this into consideration.

Forwarding with reference to the Board's Proceedings dated 1st April 1841, the usual advertisement for the sale of the Bhoja=balapatam Mootah.—

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board under date the 1st Instant, directing the sale of the Mootah of Bhoojabalapatam entire, and desiring me, in forwarding the accompanying advertisement for its sale, to consider and report on the propriety of purchasing it on account of Government or of letting it be sold to the highest bidder.—

2. The balance of Peishcush due to Government amounts to Rupees 37189-9-9 as per including interest as will appear by the advertisement now forward-ed, and as these large arrears have been caused by adversity of seasons, I am of opinion that the interest which accrued on the principal sum of Rupees 30817-15-4 should be remitted in like manner as a remission of interest

interest was granted on the occasion of the Estates of Calagara, Tiruvoor and Comera having been advertised for sale on the 11th June, 8th July & 9th September last.

3. The accounts of the vatturu of the Estate while under the Zemindar's management as noted in the Margin will shew that it yielded on an average the large sum of Rupees 24762 - 11 - 9 and making due allowance for the depreciation in the Value of landed property consequent on the lowness of prices as compared with former periods, the Estate under good management and with favorable seasons should yield a gross Revenue of Rupees 30000 per annum.

4. Under these circumstances, I am of opinion that the purchase of the Estate on account of Government, will be a very desirable acquisition, and I shall, therefore, with the Board's permission bid for it to the extent of Rupees 30817 - 15 - 11 so as to cover the balance of Peishcush after deducting

The offences in question should apparently be brought under the Heads of Charges disposed of under the provisions of Regulation IX of 1822 whence an appeal, if necessary, can be made through the Collector to the Board of Revenue pending final orders. It will of course be competent for the Collector on such occasions to nominate successors to officiate for the Curnums removed

removed. The cases should likewise be included in the statement of Village officers suspended and removed under the provisions of Regulation VI of 1831 as required in the Circular orders from this department under date the 25th August, 1831 and 25th June 1840.—

From the Coll.r of Guntoor.

Sir,

With reference to Para 2 of Extract from the Proceedings of the Board of Revenue dated 15th Instant, I have the honor to state that the Minister at Hyderabad has a Goomastah in his own pay to make his disbursements at the Mungalagherry Pagoda. Subbaraya Veeraka Rastra Row has been requested by the Minister to Exercise a supervision to check misappropriation, but this supervision will be discontinued in future in Conformity with the Orders of the Board.—

Read again letter from the Principal Collector of Nellore, submitting observations in regard to the resumed Villages in the Wondiaghery Jaghire, entered in the last which accompanied his report dated the 24th August last, and soliciting final orders regarding certain of them.—

(Here enter 27th February in Cons. 18th March 1841)

Proceedings Submitting a letter from the Dpl. Coll.r of Nellore offering suggestions regarding the disposal of certain resumed Surroah Enam and Shrotriem Villages in the late Wondiaghery Jaghire with the Board's sentiments on the subject.

Para 3.

Para 1. The Principal Collector explains that the Villages adverted to in the 2d Para of the Board's proceedings of the 29th October last were not granted, as the Board had been led to imagine, chiefly to the relatives and dependants of the Jaghiredar's family, but were "rents in the ordinary acceptation of the term, some of them given for the discharge of pecuniary obligations." The proceedings of the Principal Collector in regard to the resumption of these rents having received the sanction both of the local and Supreme Governments, it does not appear that any further remarks upon the subject are requisite.—

Under

Paras 4 to 7.

2. Under the explanation given in these paras of the view taken by the Principal Collector of the inapplicability of the provisions of Regulation XXXI of 1802 to the Surwa Enam and Shotrium Villages alienated from the Woodeagherry Jaghire, the Board entirely approve of the course which he pursued, in resuming them, subject to eventual orders from Government, and they are of opinion that independently of any consideration of the applicability or otherwise of the Regulation alluded to, the peculiar circumstances under which the resumption of this Jaghire took place would fully warrant the disposal of these Villages in any way that the Government, taking into consideration the character and circumstances of the individual incumbents, may deem expedient. The Board accordingly proceed to consider the suggestions contained in the letter now before them, regarding the disposal

disposal of the Surwa Enam and Shotrium Villages entered in the Statements No. 2. and 3. which accompanied the Principal Collector's report of the 24th August last.

Para 7.

Answer to full the Kistaporam.

From the Pl. Coll. 22d Jany. in Cons. 19th February 1841. To Govt. 19th Feby.

3. Upon the subject of the two first Villages in the list of Surwa Enams, Arawgetepully and Kistaporam, the Principal Collector submitted an application, which has been already before Government in behalf of the present incumbents Syed Khajah Ahmed Sahib, Hoofsaing, and his brother, in whose profession he represented that the Village had remained for the last 44 years on an annual rent of 200 Pagodas, and to whom he recommended that they should be continued on the same terms. It appears however from the present report that the Principal Collector had been misinformed in regard to the terms under which the Villages had been granted to Khajah Ahmed Sahib, and that the sum of 200 Pagodas, instead of being the rent or payment of

of which they were granted, was merely the sum
mentioned in the summud as the value of the
Para 8. Villages which had been enjoyed all along
by the present incumbento rent free - The Principal
Collector observes that he does not consider the
continuance of the Villages on such terms to be
called for, but suggests in modification of
his former recommendation that they may be
restored to Khajah Ahmed Hoosainy for his
own life on the annual heriy of 1/3rd of their
value entered in the Jaghiredars' summud (Vizt.

4- In reply to the inform-
=ation required by Government in the
Minutes of Consultation dated 13th March
From Govt. 13th inCons. 25th March 1841- 1841- as to whether or not Syed Ahmed,
and his brother were in any way connected
with the intrigues of the Ex. Jaghiredar, the
Principal Collector has reported that as far
13th inCons. 29th April 1841- as his knowledge extends: there is nothing
to lead to the belief that they were engaged
actively

actively in the schemes of the late Jaghiredar,
tho' they were fully aware of them. "But
this," he observes, "may be said of almost
every native, and certainly every Mussulman
in Wandiaghery and of many likewise in the
town of Vellore." Under these circumstances
and considering the antiquity of the grant in
question, as shewn in Mr. Stonhouses' letter
of the 22d January last, the Board resolve
to record the Modified recommendation now
made, that the Villages of Avayetepully and
Kotaporam may be continued in the name
of Syed Khaja Ahmed, for his life, on
Payment of a rent of Rupees 264 per Annum. —

Para 9- 5- The Board concur
with the Principal Collector in opinion
that the Village of Ruganaidepulla
granted by Abbas ally Khan to a set
of dancing girls on account of one of them
having been taken as his Nieka wife,
should be resumed. —

and Survarabad, were granted originally to two sisters of Abbas ally khan for their subsistence, and at the time of their resumption were in the profession of his Niece, and Grand Nephew respectively - For the support of these individuals, a Money allowance has been sanctioned, which the Principal Collector observes there is little doubt that they would prefer, to having the Villages continued in their profession - Such being the case, the Board are of opinion that the final resumption of these Villages should be sanctioned -

Stat.ts in Proceedings. 29th Oct.r 1840 Para 19.

Paras 12.

The sanction of the Supreme Government for continuing the remaining two Survar. Enam Villages in profession of Syed Moostafa Ally khan, was conveyed in the letter received from this Government bearing date the 4th February last -

Encls. 4th Feby 1841

Of the Shotrium Villages entered in the Statement No. 3 which accompanied the report of the 24th August, the first two, Rajahvole and Vengumpully, are represented as being

being held by Survar Masahiba, the eldest daughter of Abbas Ally khan, who derives from them a Monthly income of about 185 Rupees, which the Principal Collector observes "is within a third of the sum allowed to Abbas ally khan, and nearly 8 times as much as that allowed to the Jaghiredars legally married wife Fatima Sahiba." It appears that only one of these Villages, Rajavole, was originally granted to Survar Masahiba, the other, having descended to her from her Grandmother, with reference to the observations contained in the 14th and 15th Paras of the letter before them - the Board conceive that it is neither necessary nor politic that Survar Masahiba should be allowed to retain the full income derived from these Villages, and they resolve to recommend that the collector may be authorized to retain possession of Vengumpully, but to bestow the Village of Rajavole, allowing it to remain in possession of the present incumbent for the term of her natural life on payment of an annual rent of Rupees 600 which

which is calculated to be about 1/3 d. of the average revenue of the Village for 10 years previous to Fusly 1248. The same course the Board recommend to be adopted as regards the Shrotriem Village of Coukatoor which is stated to have been held by Syed Abdul Khadar Hoosainy, a grandson of Abbas ally Khan since 1811, and from which he has derived an average income of Rupees 1,266 per annum — agreeably to the Principal Collector's suggestion, the Board resolve to recommend that this Village be continued to Syed Abdul Khadar for his life on payment of a rent of Rupees 500 per annum. these indulgences are recommend=ed by the Principal Collector in consideration of the antiquity of the grants — of course if they are sanctioned, the money allowance granted to Surwar Saheb will be withheld. —

Para 15.

8. The only remaining Village in the list of Shrotriems, with the exception of Comchery, regarding which orders have already been

been passed, is Soomavarapaud, the incumbent on which Masahibathee is the wife of Syed Khajah Ahmed Saib, to whom it was recommend=ed that the Villages of Aravaytepaly and Kistapooram should be given over, on the terms mentioned in the foregoing part of these proceedings. The Board agree with the Principal Collector that if the grant to Syed Khajah Ahmed is sanctioned, there appears no necessity for restoring the Village of Soomavarapaud for the subsistence of his wife; and they accordingly recommend that it be permanently resumed as suggested. —

9. The concluding Paras of the letter under consideration contain an acknowledgment of the receipt of the orders of the Supreme Government communicated in the Board's Proceedings of the 18th February 1841, and a detail of the steps which had been taken with a view of effecting, as far as practicable, the objects contemplated by the Supreme Government in suggesting the expediency of an immediate survey of

Resolved that a copy of the foregoing proceedings, with the letter and list of Villages therein referred to, be submitted for the consideration and orders of the Right Honorable the Governor in Council.

Proposing a modification of the Rule regarding Yeomiahdars which requires that persons acting as Vakeels for Yeomiahdars who do not appear in public should themselves be Yeomiahdars

Read the following letter.

The difficulty of conforming to the provisions of Rule 4 of the Rules regarding Yeomiahs received with your letter of the 18th January last which directs that no person shall be allowed to act as the Vakeel of such Yeomiahdars as are prohibited from appearing in public, unless he be himself a Yeomiahdar is so great, that I am induced to bring the circumstance to the notice of the Board of Revenue with the view to their, should they see fit, sanctioning some modification of the same.

2. Since the Rules have been made known to the parties concerned, I have received Addresses from certain of the Female Yeomiahdars representing the exceeding difficulty, in some instances impossibility of their finding a Yeomiahdar willing to act as their Vakeel and praying that their Yeomiahs may as heretofore be paid to their usual Vakeels on their producing in conformity with the latter part of Rule 4, two Male Yeomiahdars to certify to the existence and identity of the party since the receipt of the Boards Letter

no

no Vakalatnamahs have been executed and conse-
quently the allowances payable to Gosha Yes-
micahdars are three months in arrear. I am
fully impressed with the truth of the state-
ment in most instances made by the Yes-
micahdars. The two securities can generally be pro-
cured without any very great difficulty but few
can find a Yemiahdar in whom they have the
necessary confidence and who is willing gratuitous-
ly to take upon himself the trouble attendant
on the duty of a Vakeel. The Vakeels of the Female
Yemiahdars have hitherto been generally either
one of their near male relations, Sons, husbands, or
brothers, who have seldom I may say never another
Yemiah of their own or others who from having
long acted in the same capacity are worthy of
trust.

3. Under these circumstances I am induced
to suggest that the rule above referred to, may be
so modified as to allow of the payment of Yemiahs
enjoyed

enjoyed by Gosha Women who have provided al-
though not themselves Yemiahdars, they are other-
wise unexceptionable. As the parties are put to
great inconvenience by the non-payment of their
Yemiahs I shall feel obliged by the Board trans-
mitting orders on this reference with as little delay as
practicable.

Translation of a Tamil Plaint addressed to the Judge of the Auxiliary Court in the Zillah of Chingleput by Narasing Row Court Vakeel on behalf of Ramasawmy Nynar of Jayney &c. Cast a Ryot of Paroompoogy in the Talook of Cheilput and his son Pawyana Nynar complaining against Chinnalumby Nynar of the said Caste and profession of the said place and his eldest brother Appanda Nynar for the recovery of 1anna of a Cawny of Land appropriated for building Cotty and 1/2 anna of the Garden attached thereto, amounting in all to 2/2 annas of a Cawney of Village Puttum land situated within the undermentioned boundaries, and belonging to the Plaintiffs

together

together with the Stone wall, well, trees and other things, all valued at 60 Rupees.-

1st That Connappah Nynar and Goonapala Nynar the grand fathers of the 1st Plaintiff by his Mother side having had no male issue, and the 1st Plaintiff alone being according to the Hindoo law the right man to perform their funerals and to be possessed with the assets and Debts, he accordingly performed their funeral &c. and continued to enjoy as his own their immovable, immovable and all other Proper-ties.-

2nd That the land of 2/2 annas of a Cawney situated on the west of the House of Permal Nynar, and Annanthappah Nynar of the said place on the North of the Street called Sunnuddoo Veethy, on the East of Sow-mayappah Nynar's house, and on the South of the Tamarind Tree of the said ground is a piece appropriated for Cotty, attached to the Village Puttum, entered in the Pymash account in the name of the said Goonapala Nynar and

is

is in the enjoyment of the 1st Plaintiff. In order to build on this piece of Ground a House and Cottoye for the use of the 2nd Plaintiff, the 1st Plaintiff raised up round about it, a strong stone wall, repaired the stone work of the well built with stones, and addressed an arzee to the Collector in the Month of Hartyga in the year Velumby informing him that the 2nd Plaintiff was engaged in building the house in that manner and requesting him to favor him with an order for Palmira Trees and other things required for the roof thereof saying that he is a Puttahdar of 56 Rupees and odd accordingly not only was the order issued, but the Tahsildar was also directed thro' an Endorsement to deduct as Munnay Mauf for the 2d Plaintiff the remaining 1½ anna composed of the Garden which is included in the Circar Teervaput Land in his name, and for which a Puttah also has been issued to him, and the Tahsildar has promised to deduct it accordingly as Monay Mauf Garden, after the materials required were ready and the House built.

That

That the Defendants and their mother requested to sell them the said one anna of a Cawny of Land appropriated for Cottoy, and also the ½ anna of the Garden attached thereto, which the Plaintiffs have thus enjoyed up to the present day by building Cottoy and placing Straw and other things, and as their paternal and own Property, since a considerable time but the Plaintiff did not consent to do so, whereupon the Defendants entertaining Malice and wishing to deprive them the Plaintiff of the said Land thro any means whatever, the 1st of them presented fraudulently a Durkast to the Collector applying for the same for building a house for his use, stating that it had been lying waste for a long time. The Tahsildar was ordered thro' an endorsement to enquire and dispose it of. The Tahsildar having inspected in person the Land under dispute and having enquired into the enjoyment of it by the Plaintiff as aforementioned, questioned the 1st Defendant for having fraudulently presented a Durkast for Land as that was included in the Village Puttam without

without ever being entered as Seervaput, and enjoyed by the Plaintiffs as their own by building House and Cottoy therein, to which the 1st. Defendant replied that he thro' ignorance presented the Durkast at the instigation of others, a Razeenamah was given before the Tahseldar in which he relinquished his Durkast saying that he would have his House built in an empty piece of Ground in that Village.

4th. This being the Case, the 1st. Defendant during the Summahbundy Settlement of the said year and after the Puttah was duly issued to the 2d. Plaintiff, represented it again to the Collector thro' the aid of some persons. No enquiry whatever was made into the Case, nor is it known what kind deceit was exercised, but the Defendants have been deprived of the said piece of Cottoy land and the Garden attached thereto together with the said stone wall and Trees worth 60 Rupees.

5th. The Plaintiffs therefore pray that the Court will do them the favor of enquiring properly

properly into their Claim and enjoyment, and of releasing from the possession of the Defendants the said Cottoy Land &c. measuring 2½ annas of a Cawny, annulling the said unlawful Durkast.

The Assistant Judge in the Auxiliary Court

Cuddalore.

Answer to Suit No. 249 of 1839.-

The Principal Collector of South Arcot the supplemental Defendant in the above Suit has the honor to submit to the Court the following Answer.-

The land Sued for is not correctly described in the plaint, as it is there said to be Nuttum land. The true description is Totacal Teervaput Kait No. 336 of the 9th Turrum measuring 1/2 anna. and of Nuttum land 1 anna only liable to the usual turwah on such land. These two portions of land were waste and unoccupied for many years previous to Fusly 1248, and in that year a proposal was made on the 20th of December by the 1st Defendant offering to rent the land on payment of the full Teervah. an Endorsement was made directing the Tahsildar, if the land was waste and otherwise free from objection to

to make it over to the proposer an objection was however made by the Plaintiff who claimed the ground, and the Tahsildar instead of putting the 1st Defendant in possession obtained his signature to a Razenamah waiving his Dircast Claim. The 1st Defendant at the Summahbundy Settlement Complained that he had been obliged to withdraw his Dircast but that he still claimed the ground, and on investigation of the Case, I found reason to annul the proceedings of the Tahsildar and Caused the land to be entered in the 1st Defendants Puttah, at the same time directing the Village Officers to put him in possession according to the request of his original dircast.—

The Plaintiff claims the ground on four distinct pleas.—

1st As Ancestral property.—

2d As granted to him by an Endorsement by the Principal Collector.—

as

3d As relinquished by the 1st Defendant under a Razenamah.—

4th By the Puttah for the said land having been made in the name of the 2d Plaintiff.—

1st The Principal Collector is unable to admit any right to be vested in the Plaintiffs who under the tenure of the lands of this district were not possessed any legal title. They neither held the land upon payment of the Teerwah or as exempted from teerwah in their names. The land was waste and unoccupied up to the time of the proposal by the 1st Defendant, and as such was at the disposal of the Revenue authorities.—

2nd The Endorsement given by the Principal Collector was general to give the 2d Plaintiff Puttah land that might be available to be in proportion to the amount of his Puttah. The case the land in question was not so given previously to the proposal of the 1st Defendant and this plea is also further invalidated by the statement of the Plaintiff that the lands were included in the 2d Plaintiffs Puttah, which they would

would not have been if granted to him as "exempted".
5th. The Tahsildar had no authority to receive the Rezenamah at all on the pretext therein entered. if there was a valid objection, the proposal should have been rejected by him, if not the 1st defendant should have been put in posession. The latter afterwards Complained that he had been unjustly deprived of the land, and did not agree to have his proposal cancelled, and as he would have been at first put in posession if the Tahsildar had obeyed the orders given to him, the Principal Collector caused the land to be entered in his Puttah
4th. The Entry of the land in the Putta of the 2d. Plaintiff is merely the unauthorised act of the Village Curnum, and it was cancelled when brought to the notice of the Principal Collector.-

For these reasons the Principal Collector requests the suit may be dismissed with Costs.-

Proceedings

Proceedings thereon. Para 1 The Board of Revenue feel themselves precluded from Submitting to Government with their favorable recommendation. Mr. Ashton's suggestion to conduct the defence so far as regards the Principal Collector in suit No. 249 of 1839 at the Public cost. On the Contrary, they are of opinion that the Spot of ground has been improperly taken from Plaintiff's Ramasawmy Nynar, and they are pleased to direct accordingly that the Durkast of Chinnatumbee Nynar be cancelled.-

(39-40)

2. As regards the observation in Para 2 of the letter now recorded, the Board have only to recall the Principal Collector's attention to the opinion conveyed in the Extract from their Proceedings of the 25th January last, and to express their regret that Mr. Ashton continues to persist in adherence to a Course of proceeding which has met with the decided condemnation, both of

the

the Board and of Government, admitting that it could be shewn that the ex practice now pursued is in conformity with former usage / an admission directly at variance with the Board's impressions / it would have been more becoming Mr. Ashton's position if he had re-traced his steps and abandoned a System obnoxious to the people, and disapproved of by the controlling Authority, instead of endeavouring to extend and uphold it, wasting his own and the Board's time in unprofitable and useless controversy.-

Sir,

Para 1. I have the honor to acknowledge the receipt of Petition No. 54 of 1841 bearing the endorsement of the Board of Revenue dated 28th January last.-

2. The Petitioner complains that he and the wudders of his party, 153 in number, were paid at the rate of 1 anna 6 pice Pr. diem for a period of 10 days, while they were entitled to receive their hire at the rate of 4 annas, and 2 annas respectively for 18 days, for an Elephant Hunt which took place at Bolamambatty in the Coimbatore Talook, in the year Haiwel: cumbee corresponding with Fusly 1247; also, that a reward of 100 Rupees is due to Petitioner for the repair of the Conoor road, for the execution of which, he was appointed maistry on

on a salary of 5 Pagodas a month; and that also in the construction of the new Road from Metapolliam to the foot of the Retiyphirry Ghaut, in which himself and 66 of his men were engaged for a period of 70 days, they were paid with reference to the measurement of the work, and not at 2 annas per diem to which they were entitled.-

To the first point, no

3. Elephant Hunt occurred in the Village of Bolamambatty in any part of Fusly 1247 as stated by the Petitioner. A reference to the records of this Office shows that during the hunt at that place in Fusly 1244, the Petitioner and 14 of his Wudders were engaged in the work for a period of 11 days, and that they received their full hire, Viz.
Rupees 15 — 13 — " —

With regard to the

4. Conoor Road, the Petitioner and the Wudders of his party have severally received the

the hire and Batta due to them like other workmen, and the assertion of the Petitioner that a reward of 100 Rupees has not been paid and that he was appointed as Maistry on a pay of 5 co Pagodas a Month is altogether untrue.-

5. The workmen engaged in the construction of the road from Metapolliam to the foot of the Kotagherry Ghaut were not paid daily. the total quantity of work performed was measured as usual, and the accounts were adjusted and the Petitioner with his men received Rs. as 88-9 6. the value of their share.-

6. It was under these circumstances that the Petition met with no attention from the late Principal Collector.-

claims of Vasuns and Soobo Putter to certain lands in the Pemalpooram Taloork.-

2. The nature and grounds of the claims advanced by the Petitioners were fully set forth in a letter from the late Principal Collector of Malabar dated the 3d September 1836, which was submitted to Government on the 22d of the same Month. From the additional information upon the subject now supplied by Mr Conolly the Board are of opinion that there is no reason to entertain any doubt, either of the identity of the petitioners as rightful proprietors of the property in question, or of the genuineness of the documents on which their claims are founded. and as regards the (apparent) delay which has occurred in urging their claim, it would appear that their case had been several times, at different intervals represented to the local authorities, but without obtaining

Sir

From the Coll.r of Malabar — Soliciting the further orders of the Board of Revenue before carrying out their instructions to amend the survey of certain Escheated Lands in Eranad and Pemalpooram made under the orders of Mr Clementson

1. In the 14th Para of the Board's Proceedings under date the 9th November last, they are pleased to direct that the survey of certain Escheated lands in Eranad and Pemalpooram made under the orders of Mr Clementson be not acted upon and in Para 8 of the Minutes of Consultation dated the 15th December, the Right Honorable the Governor in Council expresses his approval of these directions -

2. No objection to the adoption of the survey

survey according to which the Escheat in question have been effected since the commencement of fusly 1249 is stated to be "that no partial survey should be undertaken without the previous assent of the Board and without their being made acquainted with the principles on which it is proposed that it shall be undertaken more particularly, when a general survey of the whole Rice land of the District is under contemplation-" and it is observed also that the information regarding the survey afforded in Para 11 to 14 of Mr Underwoods' Report and the two Statements therein adverted to, is defective in many points-

Para 12

3. With respect to this objection I beg to state that, in directing (without the previous sanction of the Board) these Escheated lands to be surveyed, preparatory to their being leased out on the termination of the several Leases which were to expire with fusly 1248 Mr Cle-mentson appears to have considered that he had some authority for the step he was taking, though I have no doubt, he fully intended that the Settlement he proposed making should

6675 Fort St George 6th May 1841-

should be subject to the Boards' confirmation-

4. The lands in question appear to have been rented from the time they came into our possession for periods varying from 1 to 2 or 3 years. In fusly 1239 Mr Sheffield seems to have made a partial survey of, and then to have leased them on a term of 5 years to the highest bidders and a similar lease, to terminate in fusly 1248 was renewed at the lapse of this period- The result of this leasing system was not however satisfactory- As observed by the Government it was found to be "equally opposed to the interests of Government and the Ryots-" for, in some instances, the rent thro' competition or ill will amongst the Parties rose, at public sale, to an undue degree- & much above the resources of the lands themselves, in others the limited tenure on which the lands were held did not operate as a sufficient inducement for the tenants to pay that care and attention towards their improvement which was desirable and necessary and the consequence in both cases was a difficulty in realizing the amount of the Rent when

Para 8 of the Minutes of Cons dated 15th Dec 1840.

when it became due- These circumstances in-
duced Mr Clementson to take similar
measures with respect to these lands to
what he had done, in July 1245, with the
Government lands situated in Passpeni-
watton, an Umshom of the Chowghaut
Taluck- The Board not having disapproved
of that survey which was reported to them
at length in a letter dated the 18th March
1836 Mr Clementson seems to have thought
that he might act in the same way on
this occasion and he accordingly ordered
a survey to be made having for its object
the development of the capabilities of
several lands [illegible] The survey was made by
the Taluck officers while Mr Clementson was
in the District, and the counter survey
was conducted by the Nuib Sheristadar
after that Gentlemans departure early
in 1839-

5.

The principles that guided
the survey in Ermad and Temal Pooram
as shewn in the Statement forwarded
with Mr Underwoods report were some-
what different it will be seen on a
reference to Mr Clementsons letter
of the 18th March 1836, to those which
obtained in Passpenawatton &
This is to be accounted for from the dif-
ference which existed in the nature of the

† See Para 11 of Mr Clementsons Report for 1244-

* See Para 4 of the Bd Pro: Dated 10th March 1836-

In their Proc of the 29th May 1839 Para 1 & 7 March 1839. Para 45 the Bd expressed their intention of taking up the subject of this letter but nothing appears to have been written since that time-

the tenures on which the lands in these
respective places were held- Those in
Passpenawatton were the absolute pro-
perty of the Government having been
received as such from the Dutch Govern-
ment and there was no objection there-
fore to introducing any description of
assessment however novel that might
seem desirable- Those in Ermad and
Temal Pooram were in somewhat
dissimilar circumstances- altho Go-
vernment have only a
mortgage on them as were enjoyed
by the parties from whom they were
taken, and that right is with but few
exceptions merely a mortgage one- In
case of the Proprietors establishing
their proprietary right and returning
the mortgage money due on the lands,
it will be necessary to give them up
receiving the Government assessment
alone as on other private lands- Here
therefore it was thought necessary
to make such a survey as should
correspond as far as possible with that
originally made on the neighbouring
Estates and which original survey as will be
observed by a reference to Mr Commissioner Grams
report varies in different Taluks-

6. It was in following out this view of conforming to the long established customs of the Country, that those princi=ples were adopted to which the Board have excepted in the 13th Para of their Proceedings now alluded to. They with all respect to make a few observations on this subject-

7 The objections of the Board to the survey are-

Firstly that in the accounts no allu=sion is made to the Original Sheet or assessment on the lands-

Secondly- that the estimated produce is calculated on the quantity of seed re=quired instead of being fixed with refer=ence to the peculiarities of soil and local advantages-

Thirdly, that the commutation price of the Government share is fixed at 17-2-3/p=r 100 Parahs of Grain whilst that of the Jenmi or Landlord is 19-0-9-

Fourthly- that 10 per Cent for charges of Collection is added to the Govern=ment assessment-

8 With regard to the 1st point the want of a Comparative Statement shewing the

assessment of each land and that fixed by the survey- I regret to say that the want of correct accounts as noticed in Para 1386 of Mr Commissioner Grames' report 7th Jan'y 1822- renders it impracticable to submit any such statement- The 1064 Lands entered in Statement No 7. transmitted with Mr Underwoods' report from 156 Kullums or separate Estates- It was each of the latter and not each land that was former=ly separately rented-

9. With regard to the 2d point the mode of estimating the produce, I need only refer the Board to Mr Grames report Para 1181, and as a later authority to Mr Ble=mentons' letter of the 18th March 1836 Para 12 and following to shew that the principle observed in this survey is that on which assessments on lands in Malabar have always been based-

10. With regard to the 3d point that the commutation price of the Govern=ment is fixed at 17-2-3/4 per 100 Parahs whilst that of the Landlord is 19-0-9. I would observe that the first is the established Government rate i.e. the

the

Fort St George 6th May 1841–

the rate fixed at the original assessment the second the rate usually observed in the Ernaad Taluk between Proprietor & and Tenant –

11. With respect to the 4th point the addition of 10 per Cent to the assessment for charges of Collection, I beg to state that this addition originally fixed in Tippoo's time has ever since been levied not only in Ernaad but in all the Southern Talooks of Malabar – Tho' nominally separated it is in fact incorporated with the Government assessment –

12. Although the survey has been the means of equalizing the assessment upon several of the lands, the difference between the results thereof & and the amount derived under the renting System is not, it will be observed,

From the Collr. of Madras — Requesting the necessary authority to make over to the Venerable the Archdeacon a piece of Ground at St. Thomé G.O. 2-1920 the property of Government in lieu of which he will have to give up G.O. 11-1426 of the Chingleput property being 1 Des. 39 feet 617 be belonging to a private individual required for a new Canal road.

Para 1.

I have now the honor to acknowledge the receipt of Mr. Parker's letter under date the 12th December 1839, transmitting an Extract from the Minutes of Consultation in the Public Department dated the 26th of the preceding Month, and desiring me to place myself again in communication with the Venerable the Archdeacon with the view of effecting a fair and reasonable exchange for the land at St. Thomé in his charge and to report for the information of the Board of Revenue, that I lost no time in applying to Mr. Parker to state whether he had any proposition to make relative to the land in question.

2. It was only in February last

last that the Superintendent of Government Roads informed me that the Archdeacon was prepared to enter into an arrange= =ment for transferring to Government a portion of Ground at his disposal for the purpose of enabling him to lay down a more desirable line of road through a part of St Thomé. This led to my addressing the Archdeacon again in order that he might state what proposition he wished to make, or that he might depute some person on his behalf to explain to me the terms on which he was willing to make over the property to Government.

10th Feb/y 1841-

3 The Archdeacon having intimated to me that a Committee com= =posed of the Revd T. Spring, Mr T. Clarke and Captain G. A. Underwood was formed by him previously to his departure to the Neilgherries and that they would communicate with me on his behalf I met two of those Gentlemen on the spot. A plan was afterwards prepared shewing

shewing the different spots of Ground as pointed out by the Superintendent of Government Roads as those required for the line and the Ground which the Archdeacon was desirous to obtain in exchange for them -

4. An alteration having been subsequently suggested by the Committee I submit herewith a fresh plan exhi= =biting all necessary particulars - It will be observed that part of the Ground required for the new road belongs to a private individual (N° 617 which he holds under a Certificate N° 4357- and which is Colored blue. but to obviate the necessity of interfering with private property, to reduce the expense of the proposed improvements and to avoid, at the same time, injury as much as possible, the church Ground, the Committee suggest that the road adverted to should be taken in a serpentine form across its South East Corner as it is now laid down in the plan, whereby the communication to the Beach, to Mr Bowers House and to the Houses belonging to the Church property on that side would, they observe, be rendered handsome and convenient-

6.

With a view to the final adoption of the proposed arrangement it will be requisite to make over to the Archdeacon the spot colored Orange Grounds 2. 1920. the property of Government in lieu of which Mr Harper will have to give up the two spots Colored Yellow, G. 1. 1424/2 of the Church property, besides the 617 S.ft. which he belongs

(Here enter 4th February 1841 No. 39)

After a perusal of the correspondence which has taken place

Fort St. George 10th May 1841

between the Revenue Officers of Coimbatore and Mr. Haylett and Mr. Norfor respecting the Sandalwood purchased by the former in that District, the Right Honorable the Governor in Council is not of opinion that Mr. Haylett has any just claim to the refund of Rupees 10,071—1—3 demanded in his letter of the 30th December 1840 and he resolves to inform him accordingly.

His Lordship in Council does not however find any notice taken of the assertion contained in Mr. Haylett's communication that both the Tahsildar and Serishtadar were dismissed for fraudulent conduct in this transaction and requests to be further informed on this subject.

the preceding fusly of 1248 when however the Revenue in this Department was greatly in excess of the year immediately preceding, still the average of the last 5 Years in Rupees — in the fusly under review fell short of the average 40,688. The reasons alledged by the collector would appear sufficient to account for this loss, Viz.th The stoppage of the Cheira Trade and the diminution of the Amount of Export duty levied upon rice and pepper resulting from a deficiency in both these crops.—

5. Under the items of Small Farms and Licenses the falling off is sufficiently explained by the Statement that the usual revenue derived from the sale of the Coir from the Ameenderi Islands was not brought to account in the Fusly — under review, the stock disposed of being part of the previous years supply remaining in excess of the demand, and, in adjusting the accounts, the amount produced was carried back to Fusly 1248 according to established rule.

The

6. The items of Revenue derived from Abkary, Moturpha and Stamps are observed to be in excess of the preceding Fusly. It is desirable that early information should be supplied by the Principal Collector respecting the remissions to the Abkary Renters alluded to in Para 4 of the Extract of the Board's Proceedings.—

7 The unusually large excess in the Total Collections derived from Salt is highly satisfactory, springing as it does from the two important causes, the flourishing condition of the Ryots who had obtained high prices for their crops the two previous years and from the increased facilities offered for trade by the improvement in the inland communication effected by making new roads and opening the passes of the Country. The new Depot of Dooripatam owes its increased Collections chiefly to

to the extension of traffic in its neighbourhood produced by the latter cause. The charges in this Department exceed the preceding fusly by Rupees 22777-10-8 owing to the larger quantity manufactured. The Net Increase however upon the whole year amounted to 4349-6-9 Rupees

8. The Net Revenue resulting from Sayer exhibits an increase of Rupees 38,888-14-2 as contrasted with the returns for the previous Fusly of 1248. The punctuality with which the whole of these items were realized within the year is highly satisfactory. It should be noticed that the duties levied on betel nut and Goa salt present a considerable increase as contrasted with fusly 1248.

12. The absence of a vast number of laborers engaged in the roads in Mercara in the year 1839 and the temporary fluctuation in the price of rice are stated by the Collector to have been the chief cause of reduction in the price of Tobacco—

The small Amount of

Arrears outstanding as exhibited in Para 13 of these Proceedings is highly satisfactory and reflects great credit on the exertions of the Officers in charge of this Collectorate.—

Net

2 Viewing this Statement it is satisfactory to observe a Net increase under each head as contrasted with the results of the previous year with the exception only of a trifling decrease in the Revenue derived from Stamps. The total demand in all the branches of extra revenue exhibits an increase over the preceding Fusly and the Amount of charges was also greater in Fusly 1249 as shewn in the Margin.

3 The increase from Salt is stated to arise from the unusually extensive purchases made by merchants as a return investment for the inland consumption. Fears however are expressed by the acting Collector that this traffic so desirable to encourage would fall off considerably owing to a notification stated to have been issued by the Collector of the neighbouring District of Chingleput "prohibiting the removal of any Salt beyond the quantity required for immediate

His Lordship in Council regrets to observe that the Collectorate establishment has not been found capable of entirely repressing the extensive system of smuggling so seriously affecting the Betel

Betel Revenue - and observes with reference to the Minutes of Consultation dated 4th July 1840, that the enactment alluded to in para 3 of this Report is still under the consideration of the Supreme Government. His Lordship however trusts that the most energetic measures will be adopted by the Collector to repress the continuance of this illegal traffic. The arrangements made by the Acting Collector to prevent irregularities in the storing of Tobacco are well suited to accomplish that important object.

5 Adverting to the proposition submitted by the Acting Collector in Para 4. of the Proceedings respecting the disposal of confiscated Ganjah and Bang His Lordship in Council fully coincides with the view of the question taken by the Board of Revenue in considering such a measure open to objection, but is content to leave the disposal of this point in the hands of

of the Board.-

6. The continued progressive increase in the Revenue arising from Piece and Graff Goods advertd to in Para 5 of these proceedings is highly satisfactory.-

The results from the Sale of Toddy exceeded those of the previous year in Rupees 1912-7-1. In the Revenue derived from Arrack there is a slight decrease noted in this report, and the charges incurred for the manufacture of Cuttah Arrack Amounted to Rupees 4062-3-5. in excess of the last returns.-

2.— In explanation of my conduct in the Zufting of Estates in this District during the current Fusly, they leave to offer the following remarks.—

Vide my letter of 7th Novr. 1840.

3. The Estates of Rauley and Moongendah were attached by me at a very early period, respecting which, the Board observed that they were satisfied it was not done without some cause. The Rauley Proprietor's conduct had been so bad in past years, and she so evidently was commencing the same line of conduct in this year, that it appeared necessary to stop it at once. The result was most satisfactory, as this Proprietor

immediately released her Estate, thus shewing that the previous course keeping back of her Rents was unnecessary, and has paid very regularly since. In the case of the Moongendah Estate though the attachment was so early, the Proprietor had actually made away with more than ten thousand Rupees, and left his Estate so totally unable to fulfil his Engagements for the year. The Joint Proprietors of the Ingeram Estate were quarrelling to an Extent to render the receipt of the Revenue from them hopeless. The Mookaïmatah Zemindary has since been released. as was in the case of the Ingeram Estate, there are serious differences between the Joint Proprietors of the Tanalankah

one, and when I attached the Cauzeh and Government Estates, no hope remained of their fulfilling their engagements. If I have rather delayed in attaching the Poddapoor and Vellumpollem Zemindaries, it has been from a knowledge, that the measure would be of little real advantage to Government, while it would put an end to all hope of these persons saveing their Zemindaries, as however they have not been willing to secure by their own exertions, the consideration which has been shewn towards them, there is nothing left consistent but to let the Regulations take their course. I am still in hopes, that the Zemindar of

of Contah and the Proprietors of Vadesalaroo, will exert themselves to prevent the necessity of attaching those Estates also, on which the balances are, I regret to say heavy.-

Season

5 This result is mainly attributable to the goodness of the season for the cultivation of both the wet and the dry lands which yielded an abundant harvest.

6 The increase would have been much greater had not a considerable fall taken place in the prices of Grain as compared with those of the preceding year. In the dry grain prices fell to the amount of Rupees 5-6-4 and in the produce of the wet lands or Pad-dy crops to the amount of Rupees 12-3- Candy below those of Fasly 1248. as shewn in Columns 7 and 12 Statement No 3.

7 It will be observed from the following statement, that there was a considerable increase in both wet and dry-land cultivation, in all the Estates and Villages except in the Village of Kyta where there was a decrease of 10 Cuttie in the The

The

8 The reasons of the decrease in the cultivation of Dry land in that Village are 1st that the soil from the quantity of alluvial deposit which it contains is not at all adapted in a wet season such as Fusly 1249 to the raising of Dry grain produce and 2d that the Ryots had considered it to be more profitable to apply themselves to the Cultivation of the wet lands, which shewed an increase of about 40 Cuttics beyond that of the preceding year. In wet and dry land, there was a net increase of

of 119 Cuttics in the Cultivation generally as compared with that of the year preceding.

9 The following Abstract will exhibit the quantity of the produce of wet and Dry lands settled on a division of produce, the quantity of the Circar share and the value thereof as fixed by the Jummabundy of Fusly 1249 in comparison with those for Fusly 1248.

12. There was an increase under these heads partly from an increased cultivation of the money rented lands and partly from rais-ing in the Garden lands more valu-able articles of produce such as Chayroot which from the highness of its rent compensated for the diminished cultivation of the latter description of lands as will be found on referring to Col. 14 Statement No. 3-

13. The Rockdayam or ready Money Collections amounted to Rs. 2167-10-9 for fusly 1249 shewing a net increase of Rupees 837-13-2 above those of fusly 1248 as shewn in

in the Margin. The items in which the increase arose will be found detailed in Statement No. 3 an increase depends on the goodness of the season and it will be found that the same arose under the heads of Durbary etc Church fines and forfeitures which are levied according to the custom of the Country and are affected by the quantity of the produce —

14. The following Abstract will shew the settlement after deducting usual remissions the collections and balances on the said Estates for fusly 1249 compared with those of the fusly preceding —

15. The collections within the fusly 1249 shew an increase of Rupees 6373-14-3 beyond those of fusly 1248 and of Rupees 9759-11-5 including the collections after the close of the fusly. The small balances of fusslies 1248 and 1249 Viz. Rupees 150-14-11 and Rupees 164-5-9 are in progress of realization.

16. It affords me much gratification to be able to shew by the subjoined Statement that the settlement of the estates of Padawah and Palapatam and of the Village of Cumpa-paludoddy for fusly 1249 exceeds the fixed Peishcush by Rupees 1,964-15-7. In the Ryotpully it will be observed that the total settlement for fusly 1249 shewed an increase of Rupees 673-12-2 above the average Collections of 10 years previous to the famine in fusly 1242 but that in Madacca and Rosdraveram there was a decrease of Rupees 150-2-11. Notwithstanding the goodness of the settlement as compared with fusly 1248-

17 On reference to the Account current No 4, it will appear, that the Collections of the said Estates for fasly 1249 together with the Extra items amounts to Rupees 13104-15-8. from which, deducting Rupees 2881-5-3. on account of sibbendy charges advance for cultivation and repairs &c the net Collections amount to Rupees 10223-10-5. which sum has been carried to the credit of Government.

18. I am exceedingly happy to observe with reference to Para 12 of their Proceedings dated 2d November last that the Board have concurred in my observations as to the evils arising from the want of a regular survey classification and assessment of the lands in the Government Estates I never proposed Cowles as a remedy for these evils but urged the expediency of granting them as a temporary expedient pending the

the settlement of a fixed and equitable assessment on the lands and whether the lands be regularly assessed or otherwise, I conceive that it will be at all times necessary to stimulate the exertions of the Ryots by the grant of Cowles for the cultivation of waste lands similar to those which are accorded in those Districts where a regular Ryotwar system prevails.

19. On the receipt of the Boards orders directing the commencement of the survey and assessment of the Village of Kytapully, according to the principles which regulated the assessment in South Arcot. I shall not hesitate in applying to the Principal Collector of that District for Copies of Mr Ravenshaw's instructions to his Surveyors and Assistants and such other accounts as would enable those

those acting under my orders to introduce a similar System into this District.

20. These papers were written in the Hindoostan English and Tamil dialects and could not be rendered available or intelligible to the Servants of my Establishment until they were translated into Telingoo the language of the country. This necessary work occupied some time and as soon as it was accomplished, I caused a fresh Hoo Koommamah to be prepared containing such additions and alterations as were deemed necessary to accommodate it to the local peculiarities of this District.

21. The Village contains in superficial extent including Porumboke Cuthes 418-15-12 or 6389 7/10 Acres. Of these the quantity cultivated and fit for cultivation is estimated at Cuthes 381-4-10 or 5814-10/10 Acres and though the Village on an average of the last 10 fuslies did not yield a greater Revenue than Rupees 2853-4-7, yet in fusly 1210 it produced the large sum of Rupees 17,335-6-3.

In

Capt. J. R.

22. In consequence of the inexperience of the Servants of the District, and the difficulties against which I and my Head Sheristadar Ramakrishna Punditt had to contend in explaining the principles of the Survey and dispersing to those who were to carry it into practical operation and also in reconciling the Ryots to a change of System, I regret to be obliged to state, that notwithstanding my utmost exertions the Survey could not be commenced upon till about the 2d of March last, but though great delay has necessarily taken place in carrying the Boards orders into effect, I trust that the execution of the work which has been confided to me, will not disappoint their expectations, when the detailed accounts shall have been laid before them.

								Magaroum Maniagar and Sumpurdy in Ramnad Zemindary from fusly 1224 to 1237 — 14 — " — "		My opinion of this man is unchanged. I look upon him as a valuable Public Servant. He is of despotic character but it is perhaps necessary to support a due respect which would not be willingly conceded to his caste. The dislike of the other Servants of this talook and I fear of the Sub Collectors Office Servants, have made it necessary to remove the Choukey dar of Aylney and to suspend the Moozoomdar no renewal of their intrigues and quarrels is anticipated.
