BOARD OF REVENUE

VOL. NO 2391

Fort St. George 2d May 1842.

of enquiry.-

2. The various Sums which the Defendant is proved to have corruptly received during the time that he has had charge of the Poobbacondah Saltpetre Rt. amount, it appears to no less than £170.12. and the systematic manner in which he appears to have levied his contributions from the Villagers, renders it more probable this Sum by no means comprizes the whole amount which he has realized by his illegal practices.-

3. Under these circumstances the Board think it highly proper that Annajee Row should be subject to a fine exceeding in amount the Sums which he has been proved to have actually collected and appropriated to his own use, and the Board accordingly resolve to authorize the levy of the full amount of fine adjudged by the Collector under the provisions of Section VI Regulation IX of 1822. Viz. eight thousand Rupees, or £1,170-12-0 to be returned agreeably to Section XII Regulation IX of 1822, to the parties from whom it was exacted, and Rs. 2,92,500 to be carried to the credit of Government as a Fine.-

4. The Board also approve of the suggestion offered in the concluding Para of the foregoing letter for the punishment of the three hereditary Officers proved to have been implicated in the corrupt practices of Annajee Row.-

Submitting a Report on the number of Roman Catholics, and Churches, in Canara.

1 I have the honor to acknowledge the receipt of an Extract from the Board's Proceedings, under date the 13th January last, calling upon me to furnish the information required by Government relative to the Number of Roman Catholic Churches, population, &c= in this District.

2 I have now the honor to forward a Statement containing all the information, I have been able to obtain on the several points on which reports are required from Collectors and Magistrates.

3 The Statement shews the Number of Churches, and Chapels, still served by Priests acting under the Eccles= astical Jurisdiction of Goa, and those which have since 1838, become subject to

to the Jurisdiction of the Bishop of Verapoly.

4 The Change in the Eccle= siastical Government took place in the beginning of 1838, and was generally effected peaceably, there having been only two instances in which the agreement among the con= =gregation to the change, being only partial, gave occasion to some affrays between the opposing parties in those Churches.

5 In no instance has the profession of any Church or property in this District, been as yet claimed or obtain= =ed through the means of the Magistracy, by any of the Priests acting under the Vicar Apostolic.

6 Among the Priests at pre= =sent serving the Churches in Canara, one only in the Church of Sankery N= 35 is an Italian Carmelite, the others being all Natives of this Coast, and educated at Goa.

To The Acting Secretary to the
Board of Revenue
Fort St George

Sir,

I have the honor to report for the information of the Board, that Dawerstoo Lutchmenarrina pauk has resigned his situation as Zufty Aumeen of Checalloorpaud - since my coming here, he has done nothing but write Arzees full of trifling objections, and intended to throw obstacles in the way of business -

He has also been most remiss in his Collections; and lastly, in replying to an order commenting on his carelessness in that matter, he has written a most impertinent Arzee, and tendered his resignation. As the Public business will be much benefitted by his removal from office, I have accepted it from the 15th instant -

Resolution

Resolution thereon

(11 · 12)

For the reasons stated in the above communication, the Board of Revenue approve of the Acting Collector's acceptance of the resignation of Davierso Lutchmenarrainapah Zuffy Amen of Chilkaloorpaud from the 15th ultimo—

(13)

From the Act. Coll. of Guntoor — Letter from the Acting Collector of Guntoor submitting for the further consideration of the Board his claim for Extra Tent allowance during the period he actually resided at Nellore while in charge of the District

To The Acting Secretary to the Board of Revenue Fort St. George.

Sir,

Para 1. I have the honor to acknowledge the receipt of an Extract from the Board's Proceedings under date 10th ultimo and in reference to which, I have since received a communication from Mr. Stonhouse calling upon me to repay the amount of Extra Tent allowance drawn by me while in charge of the Nellore District, and residing at the Huzzor station; but as from being ignorant that the matter had been brought before the Board, I had no opportunity of bringing to their notice the circumstances under which it was drawn, I venture to make a further reference to them before complying with his demand—

2 In the Board's letter to the Principal

Principal Collector of Nellore under date 24th January 1831, it is clearly allowed that a Sub Collector attending at the Huzzoor Station on Public business is entitled to Extra Tent allowance; and as I attended at Nellore in consequence of an Official requisition from the Principal Collector, and solely on Public duty, I would respectfully submit that on this ground alone, and in accordance with the tenor and spirit of the above letter, I am entitled to Extra Tent allowance during the period I was detained at Nellore. I was detained there as Sub Collector on Public duty, and received no emolument whatever which could in any way connect me with the higher situation, and render Nellore my proper station—

3. I had all the expense of removing and keeping up my Tent Establishment, and having no house at Nellore, I actually resided in Tents for many days, and though I afterwards availed myself of an offer made by a friend to occupy his house while he was out in the District I was still prepared in the event of his returning to

to reside at Nellore to move into my tents again immediately. At this season had I been in the Sub Division I should certainly have drawn Extra tent allowances the whole time and as my tents were always with me at Nellore, I shall in the event of my being deprived of the Extra Tent allowances for the time I was there actually suffer a Loss of Emolu= ments, in addition to the extra trou= ble and responsibility, entailed on me by removing in charge of the District—

4. I trust therefore that in virtue of the Board's Letter above referred to, as well as in consider= =tion of the foregoing circumstances the Board will not insist upon my refunding the amount of Extra Tent allowances drawn by me while in charge of the District and resid= =ing at Nellore—

Guntoor Collector's Cutcherry 16th April 1842. } (Signed) A. S. Mathison Acting Collector.

(13 - 14)

Resolution thereon, Under the Board's Letter of the 24th January 1831. referred to Mr. Mathison as the Collector is entitled to

to Extra tent allowance on attending at the Buzzoor Cutcherry on public business, when not furnished with public accommodation for the use of his Cutcherry. But in the instances under notice Mr. Mathison was in charge of the District and as during the time he resided at Nellore he had the Principal Collector's Cutcher= =ry for the accommodation of his Establishment, the Board regret that under the existing rules they cannot make an exception in his favor.

From the Actg. Collr.

Sir

I have the honor to report for the information of the Board my having this day taken charge of this Collectorate—

Trichinopoly,

Signed J. Bird
Actg. Collector

Proceedings.

Relative to the Settlement of the Land Revenue in the District of Coimbatore for Fusly 1253

Received 27th October 1841

32

Read again the report of the Principal Collector of Coimbatore on the Settlement of that District for Fusly 1250—

Para 1— The early part of the season although inadequate for the ordinary cultivation of the lands under the influence of the South west monsoon, is represented as being more favorable than in Fusly 1249. From the months of July to October inclusive, showers fell partially with good effect both in the Dry Grain and Garden Cultivation. The wet lands dependent on the river irrigation were extensively cultivated. a failure

5450 Fort St. George 2nd May 1842

| | | |

failure of the rains in November was injurious to the standing Crops - and in the wet lands irrigated from Tanks was in some instances the Cause of entire destruction to the Crops. On the whole the season may be considered one of rather more than ordinary advantage to the District. Whilst the average price of Grain of every description fell below that of the preceding year this is to be attributed to the plentiful supply which the produce after the harvest was gathered in, there was no fall in the price of Cotton.

Para 7 2 The Abstract Statement of the Report under review exhibits a net increase in the Settlement of the Revenue of Fusly 1250 Compared with the preceding Fusly on the whole of Rupees 59,114-11-5, being the result of the Gross increase of Rupees 154419-1-5 and Gross decrease of Rupees 95,305-1-11

Fusly 1249	—	1967,213-4-5
1250	—	2026,327-4-10
Increase		59,114-11-5

3 Under the head of Lands of every description paying full rent, there is an increase of Rupees 68,810-7-10 the chief items of increase under the head of Dry or Punjah lands arose from the Assessment to the Revenue of waste and perambokelands and of Lands not included in the Survey accounts but now reclaimed amounting together to Rupees 32,378-12-11, and Rupees 30,517-10-3 on

Para 9

being the full rent charged on lands held on Cowle and Gross rent in the preceding year -

Para 9 4. In explanation of the item of Rupees 689-3-6 being the amount of full assessment charged on certain lands in two Villages of the Coimbatore Talook, which in 1832, were brought to account at half of the original survey rates, the Principal Collector does not appear to think that there were grounds for making a reduction in the original assessment. It is not stated how much land the individual, named Curappah Gounden had in the first instance engaged to cultivate at half rent, and how much of the Cultivation this year is charged to his account - The total increase in the Villages of Ettemedday and Poolloor according to the Hindooee Statement transmitted to the Board, amount to Rupees 11,01-1-5, and the Board request that the particulars of

Ettemedday Poolloor Dated 22d July 1842

of the Settlement of these two Villages may be furnished, shewing their total Ayacut and Cultivation, distinguishing the Lands Cultivated by Corappah Gounden and other Ryots;— Care being taken to correct any errors in the measurement of these lands and to adjust them, as proposed, in the account of the ensuing Year—

Para 8

5— Deducting the Gross decrease on Dry lands paying full rent, being Rupees 1,050—12—6 from the Gross increase of Rupees 63,685—4—3, the Net Increase in the Settlement amounted to Rupees 31,998—7—9

Gardens Para 13

6— In the full demand on the Garden lands there was a Net increase of Rupees 8,794—8—10 arising from a gross increase of Rupees 18,972—4—1 and a gross decrease of Rupees 10,178—11—3—

Punjah Para 15

The Settlement of the Wet Lands paying full rent, gave a Net increase of Rupees 28,017—7—3, resulting from a gross increase of Rupees 39,032—6—9 and a gross decrease of Rupees 11,014—15—6 These results in the Settlement of every

every description of Cultivation, afford a satisfactory assurance of a progressive improvement in the resources of the District—

Para 11

7— One item of decrease requires notice, as stated in Para 11, Amounting to Rupees 7878—13—7 on Lands carried to the head of Gross in exchange of Gross Lands "Cultivated with Garden produce"— The Board desire that it may be explained, how Lands paying full rent in last year, to the extent of 250 Bullahs bearing the See Statement No 5 Col 7—8—9 Survey assessment of Rupees 7,878—13—7 have been carried to the head of Gross, paying Rupees 1,971—2—9, or only one fourth of the fixed rate Lands paying full rent can neither be given on Cowle or Gross. The increase of rent on Lands carried from the head of Gross to full rent in Gardens amounts only to Rupees 1,658 on 108—1/2 Bullahs, the transfer above noticed would therefore seem to have been entirely to the disadvantage of the Government—

† Gross Decrease — 18,684 — 3 —
Gross Increase — 13,287 — 4 — 4
Net Decrease — 5,397 — 2 — 8

† Rs 1037-9-6

8 Under the head of Cowle lands it is satisfactory to observe that the † decrease is occasioned mainly by the Amount of Rupees 17,316 — 4 — on lands carried to the head of full remb. There is however a † decrease on Cowle lands, relinquished, in consequence of the death, desertion or insolvency of the holders. Cowles ought never to be granted to parties who are incapable of paying for them, and should be restricted to such Ryots, who, having cultivated the lands on their ordinary holding, are desirous of extending their farms. In such cases the risk of casualties will always be avoided, while the prosperity of the Village community will be promoted.

9 In like manner the Board consider it objectionable to remit the progressive rate of the Cowle when the lands are fallow, or from other causes are left uncultivated.

Statement No 7
Col. 6-7-8
42-43-44

Remission cannot be justly claimed, unless, from natural causes, the Ryots were prevented from cultivating them, and even then the period of the Cowle should not be extended. The Board request the attention of the Principal Collector to these subjects, with a view to prevent the loss of Revenue which they involve.

Para 20

10 The transfer of Garden and Punjah lands held on Kaim Cowles and rated at Rupees 210 — 10 — 3, to other heads of settlement, in consequence of their being cultivated with Punjah produce from a scarcity of water, need not have been made, if, in consequence of the impracticability of irrigating such lands, they could only be cultivated with common Dry grains, the proper course would have been to assess such lands according to the survey rates of Punjah lands of similar description and capability: the Board therefore request that the Accounts may be adjusted in

on this manner and these kaim Cowles be altogether discontinued.

Para 22

11 The Board have attentively examined the Statement No 8 in the Enclosure A which the Principal Collector has submitted, in explanation of the mode in which their instructions have been carried out in the settlement of lands held, for various reasons, on a permanent reduction of the survey assessment.

Year. The Board are sensible of the difficulty attendant on the immediate abrogation of Cowles which involve the interests of Ryots who have been encouraged by them to employ their labour in unhealthy, and in other respects exceptionable localities, and they trust Mr. Broughton will soon be able to submit the Statement he proposes, with a view to the final disposal of this objectionable head of Settlement. In those lands situated near the Conoor and Guzzlehutte Ghauts in the Talook of Danaikencottah, in which a considerable outlay has been made on the faith of these Cowles, the Principal Collector will satisfy himself whether the difficulties of cultivating these lands are increased or diminished since the period they were granted, and in every case the Board would desire to know the number of Crops raised annually under each Cowle.

14 The lands in the Village

of

Statement No 8 Enclosure A

of Nercor of the Carcor Salook were apparently given on a Permanent Cowle on the condition that the difference of assessment should be made good to the Government by the Cultivation of other lands and that the Lands were to be subject to rent whether they were cultivated or not. The Board are desirous of knowing if these conditions have been strictly fulfilled. In the Register sent to the Board in Fusly 1248 Seven Cowles are entered of this description. In the Statement now received, there appear to be only 4 Cowles an explanation of this discrepancy is required.

Sub Collectors Letter Para 7

15 The Sub Collector observes that "Government are secured from loss "by the lands taken in exchange" a "Making "up the difference of revenue abandoned." but it is not stated whether the Ryots gather two Crops from these (Erra + saamaidoo) lands or whether they are exchanged for others and the difference of Revenue paid, or if the difference is made good from

Munjah or Punjah lands. If the Erra saamaidoo lands are changed at any time, the Cowle should be considered forfeited.

16 Under the heads of Settlement entered as Baghayet turn Punjah and Munjah turn Punjah, there was a Net increase in the former of Rupees 11,07-9-6 chiefly attributable to the Cultivation of waste Garden lands with common Punjah Grains to the amount of Rupees 1,092-12-7 and in the latter there was a Net decrease of Rupees 2,373-12-2 which the Board observe to have been occasioned by the amount charged on lands carried to the head of full rent.

Gross Lands

17 The Board are glad to observe the progress which has been made in Reducing the remissions on account of grass lands to the amount of Rupees 6618-13-9 below that of the preceding Fusly. In Para 32 the Principal Collector explains the decrease of Rupees 863-8-11 to be "the amount

If this decrease amounted to such a

the Sub Collectors' division, the
Board would wish to be informed
how a decrease of only Rupees 863-8-11

is exhibited under the same head for the

cannot trace in the Accounts of
the Settlement -

18 In the explanation quoted
in the preceding para from a Memoran-
dum in para 9 of the Sub Collectors'
report of the reduction on lands granted
for pasturage, it is not explained whether
the Ryots who paid half rent last
year are permitted to hold the same
lands this year at one fourth, or
whether the lands were given as Grass
at one fifth of their Putcut to them,
or to other Ryots. The same lands,
which were charged with half rent
in the last year, ought not, in the
opinion of the Board, to have been
granted at the rate of one fourth
of the assessment in the year under
review. In future, they request that
a Statement may be furnished -
to show the manner in which all

Grass lands, in excess of one fifth, are carried to account, distinguishing the two divisions of the District.

Para 35. 19. In the fixed Sourmadayem, or ready money Collections, there is a nett increase of Rupees 4,321 of which the sum of Rupees 4,219 is the increase under the head of "Pillawarree" or Grass rents and in the Talook of Cheyoor alone the increase of Grass rents amounts to Rupees 1177. The Board are desirous of knowing the causes which have led to the sudden rise in these Rents: it would seem that the increase has arisen from the Grass lands held by the Ryots at half rent up to Fusly 1249. having now been rented and included in this head of Revenue by appropriating them for the pasturage of cattle belonging to the inhabitants

Para 37 20. Of the total Demands amounting to Rupees 20,26,327–4–10 the sum of Rupees 20,12,256–7–5 was collected within the Fusly, leaving a balance of Rupees 14,070–13–5: subsequent collections to the end of February, of Rupees 7,758–8–2, leave an arrear of Rupees 6313–5–3.

Para 38 21. The arrears outstanding at the end of Fusly 1249 on account of previous Fuslies, from Fusly 1215 to Fusly 1249 inclusive, amounting to Rupees 72,041–6–4 have been reduced to the sum of Rupees 53,832–10–8, of which Rupees 4,096–3–9 are deemed recoverable. 4. Agreeably to the orders conveyed in the Board's Proceedings dated 15th March 1841, the amount of fines levied from Servants in the Salt Department have been excluded from the demand under this head and carried to the Credit of Extra Revenue.

5. In the Pondicca Cotaur, there was a decrease in the Amount of Sales for Home Consumption to the extent of 64-150-0-0. and Rupees 6759-6-0- owing to there being no demand for this article in the Rajahmundry District, as was the case in the corresponding year. There was also a decrease in the Inland Sales to the amount of G. 271-285-0-0- and of Rupees 28529-13-0- The cause of this decrease is attributable to the dryness of the Season, and the want of Water and forage for cattle which deterred the Lumbadies from resorting to the Cotaurs in such numbers as

as usual. In the said Cotaurs the total decrease amounted to G. 336-35-0-0- and Rupees 35289-3-0-

6. In Innegoodooroo Cotaur there was an increase in the Sales for Home Consumption amounting to G. 44-67-7-1¼, and Rupees 4637-13-6, while in the Sales for Inland Consumption there was also an increase of G. 32-25-0-0- and Rupees 3366-9-0, making a total increase in the amount of Sales of G. 76-92-7-1¼ and Rupees 8004-6-6- The total increase of Rupees 8004-6-6- being deducted from the total decrease of Rupees 35289-3-0- left the net decrease in the Salt Collections at Rupees 27284-12-6, but it will be observed on referring to the Marginal Statement, that the Collections under this head for Fuslies 1250 are greater than those of any year for the last 25 years, except Fuslies 1244, 1246 and 1249.

To,

The Acting Secretary to the

Board of Revenue

Fort St. George

25

Sir,

From the Collr. of Guntoor stating the circumstances which led to the suspension of R. Kistniah from the situation of Ameen and Head of Police of Guntoor Tanah and soliciting the Board's sanction on the grounds alluded to for his permanent dismissal.

Para 1. I have the honor to report for the information of the Board, the circumstances under which I have found it necessary to suspend Kumboory Kistniah Ameen and Head of Police of Guntoor, and officiating Ameen and Head of Police of Pruttipaud.

2. An order having been issued to him to report immediately what had already passed in regard to an Endorsement sent to the former Head of Police by the late Magistrate, directing him to report on a charge preferred against him and his Muddutgar, for oppression and maltreatment, he very improperly took upon himself to examine the witnesses evidently with a view to save, if possible, the late Head of Police and his relation, the Muddutgar, from a balance and

and to quash the case. For this outward reason and from my suspecting him also to be the prime mover in all sorts of intrigues then going on, I deemed it advisable to issue an order on the 19th Ultimo, removing him to Pruttipaud to carry on the duties of Ameen there, but on the Pay of the Guntoor Tanah - and at the same time, it was very advisable that he should leave immediately and not have opportunity for communicating with certain intriguing parties, I sent two Peloyets to remain with him until his departure, and to act as a check upon any attempt at improper intrigue, as well as to prevent the chance of the fabrication of reports of such having taken place, which must injure him as well as others. I then expected that he would obey my orders, and leave the same evening. but to this order I received a very improper reply late on the same day, written very impertinently and endeavouring by false argument and a long string of sentences not fully put together, to pervert the meaning of the order so as to shew that in acting as he had done, and making an examination of witnesses, he was borne out by its contents

* See Enclosure No. 2 dated 19th March 1842.

† See Enclosure No. 3 dated 19th March 1842.

contents - He, moreover, represented that, as the Pay of Pruttepaud was less than that of Guntoor, he was unwilling to go there, and therefore tendered his resignation. To this, on the next day the 20th an answer was sent, explaining that his Pay had not been reduced as he was to receive all the emoluments of the Guntoor Aumeen, while Officiating at Pruttepaud, and stating that his resignation could not be accepted, as I might have to question him on certain matters. He was ordered again to proceed immediately to Pruttepaud. He did not then even do so, but wrote a long regimarole arzee asking for leave or other employment so as to be allowed to remain at Guntoor. Previous to receiving an answer to this, and on the same day, he wrote an English note, which speaks for itself, requesting the removal of the Peons and on the next day, he wrote a still more impertinent and most insubordinate arzee making most frivolous complaint against the Peons and ending by threatening a suit in the Civil Court and demanding their removal

3. Wishing to see if he might perchance have been in any way annoyed by the Peons, I sent for him and them to make the necessary enquiry, but as it was also necessary that I should ascertain whether he intended finally to refuse to obey my orders and go to Pruttepaud, an order was sent putting that question to him and requiring a direct answer. In the meantime, I sent for him and took a deposition from him to find out what cause he had to complain of the Peons conduct and to ascertain the particulars. The charges he makes therein are most slight and frivolous and their vexatious nature can be plainly perceived from his own Statement even. He stated he had no witnesses but the Peons, and I accordingly took a deposition from one of the Peons, and as from this it appeared evident they had merely performed their duty, and that he had evidently tried to annoy and insult them in every way, and that they were the sufferers as they had been forced to remain out in the rain in consequence of the system of annoyance pursued by him, as had been previously reported to me by the Sirdar and the Jamadar of Peons. I deemed it unnecessary to

to proceed further on the matter, especially as at the close of the examination, Hosseinah, on being pressed for an immediate answer as to whether he intended to obey my orders or not, forsook the high tone and unbecoming manner, which he had assumed, declared his willingness to proceed to Bushire and expressing himself in a contrite manner, requested that I would pardon him and pass the matter over this time.

4. Having known him formerly in this Cutcherry and thinking that he had become sensible of his bad conduct I passed over it for the time, intimating that his future conduct at Bushire would show how far he was deserving of pardon, as he promised to proceed immediately to Bushire, and at his urgent request I recalled the Dubyte who had been sent to hasten his departure. He went there, and took charge, and on the day after his arrival, he wrote if possible a more impertinent and contumacious Arzee than ever, impugning my proceedings and insulting me partly directly, and partly under the veil of attributing all my acts to the

influence of the Shirestadar, availing himself of the opportunity to throw abuse on that Officer, and concluded by the following open declaration of disobedience. "As this Arzee will be read to you "tomorrow at 10 O'Clock A.M. I beg you will "give an order immediately to inform me "to whom I should deliver over my charge. I "shall remain here in expectation of your orders "and transact business tomorrow only, but from "the morning of the day after tomorrow, I am "no longer responsible for this Tanah – I, there- "fore address this before hand for your infor- "mation." To this, I merely replied by peremp- torily ordering him to remain there until fur- ther orders, for as whom thus dictated to, I could not act otherwise, but on the next day I suspend- ed him and desired him to attend at Guntoor.

5. I send herewith Copies and transla- tions of the different Papers referred to above, as it is the only way in which I can hope to give the Board any idea of the exposure insolence and con- tumacy displayed by this individual, much of which however, is lost and cannot be con- veyed even in the translations. They are full of gross and wilful attempts to pervert the meaning of my orders, false and unprovok- ed attacks upon the Head Shirestadar

and

and more excessive insolence and contumacy towards myself as well as determined disrespect of my authority.

6. Under these circumstances, it only remains for me to request the Boards sanction for the permanent dismissal of N. Ristnaiah from his situation; and though a case connected with a worthless person of this description deserves but little attention still for the sake of example, and to deter others from similar acts, the Board might perhaps think it advisable to put a restriction on his future employment especially as from his being so ready to resign his situation it is evident that dismissal will not be considered by him in the light of punishment.

7. I make this latter suggestion both with reference to this case, as also with reference to the circumstance of my having received several similarly improper Arzees, which render it necessary that the spirit of insubordination and insolence should be at once checked. This individual, Ristnaiah, was one of the principal movers in every intrigue under Subbarus Venkatarow, when he was Deputy Sheristadar, and the other Arzees referred to are also written by some of his dependents, and proceed, I have no doubt, from an organized system of opposition on

on their part. It seems to be their plan to cause as many resignations and to force me to punish and remove as many of them as possible, so as to give themselves the appearance of an aggrieved party, and then by attributing all my acts to the influence of the present Head Sheristadar, to form a foundation for groundless attacks upon him, and for further intrigues to oust him from his situation. The impertinence and contumacy exhibited in all these arzees is entirely sui generis, and from my knowledge of what passed in the Nd. Arcot District, I have no difficulty in recognizing the style and declaring that it emanates from Mongamory Lutchmeenarsoo, the individual whose ill conduct in this respect was so strongly represented to the Board by Mr. Stonehouse, and which opinion is confirmed by the information I received since he came to this district, he has acted as the mere tool of Venkatakistnarow, and though now holding no appointment in this district, is still remaining here for the sole purpose of promoting intrigue and disturbance, and thereby attaining the situation of Head Sheristadar, and in which he has

been

been lately disappointed - I may mention that the suit in the Civil Court threatened by Numbory Kistniah has been preferred against me, dismissed as frivolous and vexatious by the Acting Assistant Judge and the plaintiff fined.

An order No. 116 having been issued to you on the 11th instant directing you to report quickly what had passed with reference to the Endorsement dated 29th October 1841, for which no answer has yet been received, in the case wherein the late Head of Police was charged with having caused a stone to be placed over the neck of Peddareddy Damaya, and ill-treated him, you have instead of reporting what had occurred up to that time, now merely taken depositions from 3 persons, and forwarded the same-

From

Fort St. George 5th. May 1842.

From your newly taking and sending the Deposition contrary to the order issued, it appears that you have ventured to act in that way with reference to the bias you have in relation to the above case, but it does not seem that you have paid attention to my order or the rules. In consequence of which you are for this time removed to carry on the duties of Amaun and Head of Police of Pruttepaud Yanah - you are, therefore immediately on receipt of this order to deliver over to the Poishcar the charge of all branches of Revenue attached to the Yanah and to proceed this very day to Puttepaud - you are further directed to report your arrival there immediately and carry on the Circar business with propriety.

No. 3.

To, The Acting Collector in the Zillah of Guntoor

Arzee addressed by your servant Numboory Croostnah Aumeen of the Thanah of Guntoor.

In the Hookoom No. 304, issued by your Honor on this date, it is stated that, altho' an order was issued dated 14th. Instant, directing me to report immediately the cause why no report had been made as per Endorsement dated 29th. October 1841 on the Case of the late Head of Police having used violence towards Peddy Reddy Dasarah by suspending a stone to his neck, and to state what had then occurred, that I did not do so, but that I have newly taken depositions from three persons, and sent them to you contrary to the above Hookoom; that upon considering the circumstance of my having newly taken and sent depositions to you when I was not instructed in the said Hookoom to do so; it appears that I have acted thus with reference to the bias I have in that case, but it does not appear that I have drawn my attention to your order and Instruction

Instruction, that in consequence of this I have been removed as Ameen and Head of Police to to the Prattapaud Thanah: and that immediately after the receipt of the Hookoom, I should intrust the charge of all sources of the Guntoor Thanah to the Peishcar, and on this very day go to Prettapaud. I have accordingly given the charge of all sources Viz.th Revenue, Police Sayer Money Papers &.ca. of the Guntoor Thanah to the care of Peishcar, and I humbly beg to represent as follows.—

In the Hookoom Wuqq[illegible] to me by the Assistant Magistrate under date the 14.th Instant, it is stated, "You should report in detail on the case of the Endorsed Arzee." From that Hookoom, it does not at all appear that the meaning of the said wording is that, Examination should not be held, but on the contrary, it gives the meaning that Examination should be made. because it is mentioned "You should report in detail on the case of the said Endorsed Arzee." now what is the meaning of the words "reporting in detail," is it that I should report whether the circumstance mentioned in that charge

charge is true or not?, or is it that I should report what Examination has already taken place up to this time relative to that charge or is it that I should inform why the late Head of Police had not answered (to the Hookoom in question.

If it is meant, that I should report whether the circumstance mentioned in that charge, is true or not, I beg to state that the truth or untruth can be known only to the Head of Police, against whom that charge was preferred, or to others who were then present and saw the Act, but how could I, who came to that situation a long time afterwards know the particulars thereof without investigation. How could I know that your honor, who are acquainted with the circumstance of my having subsequently come would consider that I have other means to understand the truth or untruth without Examining those who were then present. When it is necessary that I should discover the truth or untruth by Examining those who were then present, how can I report on the truth or untruth without Examining those who were mentioned

Mentioned in the charge as being then present? If the Meaning of it is, that I should inform of what examination has been hitherto held, I beg to state that authority was first given to the late Head of the Police to make investigation into the case. was it not? well then, If authority was then so given, I beg to say that no mention is made in the Hookoom that that Authority is now repeated, consequently the meaning of the Hookoom is clear that an Examination should be made.—

If it is the meaning that I should inform, why the late Head of Police has not sent an Answer, I beg to state that as the reasons of every Endorsed Arzee, and every Hookoom not being answered, are assigned in the Account Current of Hookooms and endorsements for every month, and as I who came newly have no other means to obtain further information than these afforded it is not proper to make such meaning from the insertion that, Reports should be made in detail.—

Under these circumstances it does not at all appear that the Hookoom gives the meaning that Examinations should not

not be made.—

Therefore, if you will again perruse the contents of that Hookoom quietly, and consider it maturely, you will understand yourself that I made no more examination than was necessary to enable me to report in detail as ordered, and that my having Examined the witnesses mentioned in the charge, who were present, cannot be considered as taking new depositions from three persons as mentioned in your Hookoom.—

In your Hookoom, it is stated that I have acted with reference to the bias I have in that case. I can solemnly represent that, I have no wish to manage affairs otherwise than exactly according to your Orders.—

While I was in the situation of Deputy Aumeen of 60 Rupees Salary a Month in the Chabrole Thanah, Mr. Goldingham removed me to this situation on the 12th February, Mentioning (in the Hookoom) that the salary of 40 Rupees attached to the Police, the Rupees 10 attached to the Revenue and the stamp Commission being about Rupees 10 would make up

Translation of the Order No. 278. dated 20th March 1842 issued to Numboor Kreistnah

Your Arzee of the 19th instant has been received. You state that you had been removed from the situation of Aumeen and Head of Police of Gyuntoor Tanah, of which the Emoluments are Rupees 60, including about 10 Rupees of Stamp Commission, to that of Aumeen and Head of Police of Pruttapaud Tanah

Fort St. George 5th May 1842.

Tanah the pay of which is 20 Rupees below the above Amount. Your removal to Pruttapaud Tanah to carry on the business there without allowing you to remain at Gyuntoor being considered essentially necessary with reference to the present state of affairs, you have been accordingly only removed to perform the duties attached to Pruttapaud Tanah. also in the order issued to you, it is particularly stated that you had been removed to carry on the duties of the Aumeen and Head of Police of Pruttapaud Tanah but you have neither been fully appointed Aumeen and Head of Police of Pruttapaud Tanah with the salary of the same Pruttapaud Tanah, which is 20 Rupees below that of Gyuntoor Tanah, which you are now receiving, nor is mention made in the order that you should receive the salary of Pruttapaud Tanah. Again moreover, as on the completion of the Arrangements now under consideration regarding different servants, you will be appointed to such situation bearing such Amount of Salary as circumstances will permit and informed of it hereafter, and as no mention

mention of the Amount of Salary that you are to receive is made at all in the order issued to you Yesterday, you have no occasion to write on that point now, and accordingly you are to carry on the duties of Pruttapaud Tanah until further orders, considering at the same time that the salary of the Guntoor Tanah is yours. That is, you are to conduct the business as Officiating Aumeen and Head of Police of that Tanah.

You have requested that your resignation might be accepted and leave granted to you. You are to understand that your resignation cannot be accepted until your Answers are obtained to such questions as I may have to put to you hereafter, regarding matters which may have already occurred, or until they are disposed of, and that you should proceed quickly to Pruttapaud as directed in the order issued to you yesterday, and so carry on the business of that Tanah as above directed.

Arzee addressed by your servant Numboory Kristniah Officiating Aumeen of Prattapaud Tanah.

In the order No. 279 issued by you on this date, it is directed that I was only removed for carrying on the business in the Pruttapaud Tanah, but that I would receive the pay of the Guntoor Tanah, that, with reference to the present state of affairs it is considered essentially necessary that I should not remain at Guntoor, and that my resignation cannot be accepted until my answers are obtained to such questions as you may have to put to me hereafter, regarding matters which might have already occurred, or until they are disposed of.

Your honor (who had formerly taken my services for three or four years while you were Head Assistant Collector of this Zillah and treated me favorably in every respect promoting me

me at the same time at two different times, and who knows well with what propriety, and with what attention I acted under Yanagam Seeta: rampantooloo, the then Head Sherishtadar during the above period, and with what kind of belief and regard the latter had treated me, and who had since favored me through Kindness with a letter thro' Kunchanapully Lutchmeecauntarow Pantooloo Sherishtadar at Ramapadam, that I should come thither to be employed in (your) presence, and who, it is firmly expected, would support me by making promotion in the event of my having an opportunity of again serving under him, and who is my principal protector and Master) have arrived as Acting Collector to this Zillah. Being conscious of my misfortune, which has without cause procured me the displeasure in contravention to my expectations as abovementioned, and being confident that in the event of passing my time by invoking the God, without remaining in the service during this time of my misfortune, the favor of the

masters would successfully remain on my being exculpated from the Misfortune I mentioned in my Petition which was addressed last night, that I am unable to serve, and that my resignation should be accepted Whenever you (who are master) may have occasion to examine me in regard to any matters, it is to be surely trusted that as far as I know, I would represent the true circumstances as in the presence of the God, and that not at all on the contrary.

Even now, as I am very fear: ful that it would be difficult to keep up my word owing to my misfortune, and as I would entirely be far from your (who, it is trusted, will support me during the whole of my life time) protection in the event of your (who are princi: pal protector) mind being greatly subjected to uncleanliness towards me. I pray that you would grant me leave for one month, should you consider it inadvisable to accept my resignation; but, if it is your meaning by the word "that I ought not remain at Gunloor," that I should not remain

In this Case I will live in some place out of this Town, and thus, pass my time by praying the God: on the other hand, if it is still your intention that I would remain in the Circar employment, be pleased to permit me to perform any busines in your presence, and I will accordingly transact it by remaining in your presence. Most Honored Sir,

To, The Acting Collector in the Zillah of Guntoor

Arzee addressed by your Servant Kumboory Crooch: nieh Officiating Auneen of Prutteepand..

Yesterday at 12 o/c A. M, I wrote you an English Perunee or Note that, 2 of the Dalayets attached to your Huzzoor came to my House, and since the night of day before yesterday were putting me: and my people to trouble by preventing us from

from going out of and coming into the House, and that as you were aware of its being an unjust matter, you should order them to withdraw themselves immediately &c You have not as yet favored me with your answer thereto. nor have you recalled those Deloyals.

The day before yesterday, you favored me with your Hookoom stating that, I have been removed to conduct the business of the Ameen of Dutteepand. The said two Daloyals came to me in the evening of day before yesterday, and told me that they were instructed to prevent me from speaking with any one, or from going out of the gate and to prevent others from coming into my House until I left the Town, and that after sending me as far as Yatookoor Chouky, they were to report on the same to you, and that they would act accordingly. Altho' I told them to remain outside of the Gate, yet they did not remain there, but forcibly entered the House, where women lodge &c They having told me that these were your orders I said nothing to them, but suffered all the trouble they put me to, and sent you

resignation

resignation arzee immediately. Even upon this, you did not order them to come back. Telling me that your orders were that I should lie down during the whole night in their presence and that they should not lose sight of me, they prevented me from lying down inside since that time, up to this period they have prevented my own people and my relations who have &c important business with me from coming into my House and thus keeping only us, who are feeble people and the &c women in the house, they have been committing every kind of disturbance &c I do not see any reason for your issuing an order of this kind.-

When persons are changed to any situation whatever, they will go if they like, otherwise, they will not go; but, it is not prescribed by any Regulation that Peons should be deputed to send them removed persons / by force, or that they should be &c confined until they departed. neither has any Gentleman acted thus up to this time.-

In the event of its being concluded

that

that you have thus passed orders as charging me with some offence, I beg to state that, if there is any charge preferred against me you should make an examination regularly in my presence into that charge, and on the charge being proved you should give any orders. but you have not yet given me notice that a charge has been preferred against me and there is no occasion to fix an accusation on me without cause. Even in the cases where a charge is brought forward against any servant and regular examination is held, if it is thought that, that servant would decamp, an adequate personal security should be taken, and if it is thought that he would conceal his property to evade the execution of the decision which may be eventually passed against him an adequate money security should be taken which is regular, but, even in the case where charges are preferred, there is no necessity to place peons upon people and put them to unreasonable embarrassment in this manner while therefore there is no any charge against me you may yourself perceive that the placing of the peons

peons upon my House and causing them to put me to trouble thus, is excessively unjust and almost contrary to the Regulations of the British Government.-

I cannot believe at all that, you who are a just Gentleman, would give instructions contrary to the Regulations &c. Though I do not know by whose ill advice it has occurred, still the said Dalgetts have forcibly entered my House and been committing disturbances, and altho I represented this circumstance at 12 o'C A.M. yesterday to your honor, you did not prevent it, and as by the above disturbances hitherto improperly committed, I have been subjected to "Manamustom" or the loss of character, and as from the manner of their acts it appears that if they are allowed to remain in this manner any longer, they will injure my character and life at any time, and also plunder my House. I am going to institute a suit in the Civil Court and seek redress on account of the loss of character which I have hitherto sustained - under these circumstances I beg that you will even now

now be pleased immediately to recall the Daloyets in question - Please to perusse -

Q. In what language will you dictate your deposition.

A. In the Gentoo language

Q. The day before yesterday a Hookoom was issued to you directing you to carry on the business in the Puttepaud Thanah, receiving the Salary of the Ameen and Head of Police of Guntoor Thanah, and as I entertained suspicion that the cir- -cumstance of the destruction of the record

in

in the case of the Solemn Declaration, was drawn up in the hand writing of cauvekala Raghoopatty Row, who was employed in the Moonshee Department in the Hoozoor Cutcherry, and in which you were concerned, took place according to your instigation, I deputed two Peons to take care that until you started for Bruttepand, no evil disposed people should come to your House, with a view to prevent any blame being thus cast either upon you, who are a Circar Servant, or upon others, and to report to me the circumstance of your departure while this is the case, in the Arzee addressed by you this day, you have stated that those Peons have been committing every disturbance in your House, that thereby you have sustained the loss of your Character and that you would therefore institute a Suit in the Civil Court. What disturbances did they commit? what proof is there that they have committed disturbances?

A I told the Peons that they should remain out of the gate that they must not come into the inner Hall in which the

the women and ourselves sleep that if they had to take care that I should not speak to any one according to the Gentlemans orders, they should remain out of the gate itself and be careful that such persons might not come into my House, and that I might not go out of the same, and that their coming inside the House was irregular. to which they answered that they would not remain out of the gate in that manner, and that they had Gentlemans orders to watch at the same place where I should sleep. I told them again that they should represent to your Honor what I have said to them, and act according to your orders thereon, they replied that Gentleman had at once ordered them to take care that I should not speak to any one, to remain with me until I pass the Yatoocoor Chonky in that manner, and upwards to report the circumstance and that they would not return in the mean time, and while myself, my mother, my sisters &c. were sleeping in the Hall, they slept themselves in the Verandah near

near to the place whenever I went to the Privy, or to make water, they ac=
=companied me like a Prisoner - They having sat down within and without the Gate prevented my relations and Servants from coming inside - They used to say to every one, who might pass by the street, whether they asked them or not, that I was kept confined consequently, there is a defamatory report against me throughout the Town. the Hall having become moist from the rain that fell last night and in the day time, and from the cold wind, I could not get sleep there consequently I slept in the inner apartment. while I was sleeping there one of the Peons, who were watching me named Mahomed Yakoob, after about 11 oClock in the night, waked my mother, who was sleeping in the Hall, and asked her where I was she replied that I was sleeping in the inner apartment. then he said that going inside without sleeping in the Hall was as if I had escaped from custody and

and that he would enter the inner apartment and seize me and he then attempted to do the same my women prevented him but he resisting them entered inside at that time hearing the noise I came out, and upon enquiry I understood the above circumstance. at that time, he alone was present, and did this act. I saw that the other persons were sleeping. afterwards, I appeared to them and having Sa=
=tisfied them by disclosing the in=
=conveniences which existed in seve=
=ral ways for my sleeping in the Hall, went again into inside and slept there - This day since sun rise they have prevented the inside man from going out and the outside man from coming inside the House in the said manner - These are the disturbances committed by them - as these Peons have prevented my relations and servants &c. from coming inside the House from outside since these 3 days past and as we and the females are the only persons in the House there

there are no persons in the House who could give evidence. The circumstance of the Peons having prevented persons from coming inside is known to every one, who was so prevented. To tell who are they. I did not then go out. Unless I enquire their names I cannot say who they are.

Q. You have been deputed to take care that no ill advisers or ill disposed people should come to Nunbooray Croostniah until he might depart for Pruttypaud and directed to report to me the circumstance of his departure. Croostniah has complained that several disturbances were committed by you. His deposition will be read to you, hear it. What do you state in reply to it?

A. I did not commit disturbance at all as stated by the complainant in his deposition. The circumstances that took place are as follows.

By the time, I, and Dhoolepaud la Seetaram-doo both went to the house of the Complainant according to the instructions of the Tamadar, who said that Gentleman had ordered him; accordingly he, the Complainant, was sitting down in the outer Devaum-=Sthana. He asked us "why do you come here" we replied, until you shall have departed for Pruttypaud, we will remain here, and after your departure, we will report

to

"to the Gentleman on that Circumstance- He said "very "well" on that night at about 10 o'clock, what we asked him is that "you said that you would depart this night- why did you not yet depart." He contemptuously replied "I addressed and arzee to Gentleman- I do not go, I will see in the Morning" we intended to lie down there with a view that, however we ought to remain until his departure- as the complainant, his brother and their women formed their beds and laid down in the Dewankhana, and as one of the Police Peons watching over Poorniah, who is the Moonshy Muddutgaur and who is the younger brother of Croostniah, laid down in the Verandah of the Dewankhana, the other Peon and we (two persons) making three in number, laid down in the entrance between the Verandah and the gate at the Street- after day break, we sat down for some time out of the gate, and for some time, when there was sund, under the roof over the gate- At 2 o'clock P. M, leaving Seetaramdoo, I went to take any meal- after I returned Seetaramdoo told me that, when rain fell he was in the Bandy Stable situated in the Street in front of the gate- when I returned after

after the rain ceased, I sat down out of the gate under the roof over it- at 3 o'clock he (complainant) said "I addressed a further arzee- I do not go to Pruttypaid" but did not state it clearly, and he said it contemptuously- the open area in which we laid down on the preceding night became Muddy- In the evening, I went to take my meal, and by the time I returned, my Companion, the other Peon, and the 2 Peons watching over Croostniah's Brother, making 3 in Total were in the Muddy open area- I asked them why did they remain in the Mud- they replied, that they (three persons) had asked for place to lie down in the Verandah of the Dewankhanah, that Croostniah did not permit them to lie down there, and that they consequently remained in the open area- concluding myself that he would permit me, even tho' I asked for the place, I as well as the other 3 persons, after sitting down for some time in the open area, formed our beds on some high ground in it, and laid down there- At 10 o'clock in the night, I saw when Croostniah was not to be found in the Dewankhanah- He went inside to take his meal, but he did not return- On the preceding night, as he laid down on a Cot in the Dewankhana itself, and as he did not lie down last night in the Dewankhana, I asked the people belonging to him who were laying down in the Dewankhanah, where

Croostniah is

Croostniah was one of them then replied "He lies down" in some place or other in the inner house, what do you "care about it," saying these words he went into the inner house, and told to Croostniah the circumstance of my having asked about him upon which he came into the Dewankhana and making angry said, "why do you" ask, what reason have you to ask," then, it was 11 o'Clock in the night - what I said is that "last night "you laid down in the Dewankhana, this night "you were not to be seen there - Consequently I asked "for you - as I came on the part of Cirkar - I asked "as soon as you have departed for Pruttypaud we "shall go and report to Gentleman and we will "not remain here" - The other Peons also said in the same manner - after this he again went into the inner house - we remained only in the open area till day break - Since sun rise like yesterday we sat down without and within the gate under the shadow, as it changed - after 10 o'Clock in the forenoon, I went to take my meal, and by the time I returned, Gentleman has sent for the Complainant - Seetaramdoo also came to Gentleman - as I understood this Circumstance as soon as I went to Croostniahs House, I also came down here - This is all the circumstance which took place - The families did not lie down in the inner apartment as the two

two preceding nights, but they laid down in the outer Dewankhanah itself - Last night only Croostniah laid down in the inner house, but the females laid down in the Dewankhana - The females are old persons - I don't know how they are related to him - A Soodra woman, who has Rheumatic child, laid down in the Verandah of the Dewankhana - another woman likewise laid down there -

2o While it was the direction that you should watch against the coming of ill advisers until Croostniah's departure to Pruttypaud, it is said that you have prevented also his servants from coming into, and going out of the house, what is it? what is the circumstance of your having prevented his relations from coming into his house?

A We did not prevent at all his servants, or his own people, or his relations from coming into or going out of his house - Nor did we prevent the inmates of his house from going out - I said to myself that if any persons connected with Management or Service would come to Croostniahs House from the Street in which Subnevis Croostnarow Puntoolu lives - they were the ill advisers - and that I should prevent them - Since we went to his House the persons of that Street, that is, such persons have never come nor did we prevent them

them - we had no occasion to prevent other per-
-sons. Nor did we prevent them in that manner.
When a Vellyman brought a letter from Mungala-
-gherry, I informed Croostniah of that circum-
-stance, who sent his brother with me. I have
reported to the Gentleman thro the Jamadar
the circumstance of that letter having come,
and delivered over that letter to his brother
according to your order. Nothing more
passed than this.

2 Q. What is the circumstance of your having said to the persons passing and repassing in the Street, that the complainant was kept in confinement, without remaining quiet at the gate;

A I did not say so to any one passing and repassing by the Street, nor did any of them ask me, "why you sit down here" nor did we say any thing.

2. Q. What is the Circumstance of your having accompanied the Complainant whene-
-ever he went to privy or to make water in the System of a Prisoner.

A The privy &c. are perhaps situated within his Compound: the Complainant did not come out of the gate to go to privy &c, nor did we accompany him in the above manner. we thought

thought that he might have went to Privy &c in the inside.

Questions put by the Complainant,

2 Q. Did you not prevent day before yesterday night my brotherinlaw Pottoory Sayanah, and his brother Ramiah, yesterday morning, my second brotherinlaw Vuk Ranapragado Putchmiah and this morning, my Maternal aunts Son Yakab Putchmiah from coming into my house.

A Day before yesterday night, at 11 o'Clock two persons came, at that time, the door was shut up, when every one was lying down. the said two persons called out from outside, and knocked the door. The Police Peon then opened the door.

door. A person came inside, saying that he was Pottoory Sayanah. I said I do not Know "who you are, this is very late in the Night. "If you want, you may come and speak "early in the Morning." as soon as I said these words, they returned away. I do not Know the name of the second person. I do not Know that Pottoory Sayanah is their re= =lation. with the exception of that circumstance no one came saying that he is their re= =lation at any time I was present. nor did I prevent him.

Arzee addressed by your servant Numboory Croostniah, officiating Aumeen of the Tanah of Pruttepaud...

Your honor having unreasonably entertained "Caloosheem" or malice against me, I resigned my situation on the 19th Instant. In the Hookoom with which I was favored on the 21st Instant, it is stated that, according to your instructions I should go to Prutty paud and take charge, and afterwards make my = representations, and as on the same day when you sent for me into your presence, you verbally ordered me in the above manner. Consequently, I came to Prutty paud and took charge accordingly, which circumstance, I reported on yesterday by an Arzee. which you might have = perused. On my having addressed an Arzee in Teloogoo on the 21st Instant, relative to the trouble and the loss of Character suffered by me from the Deloyets, who were placed by you on my house from the evening = of

of the 19th Instant, you sent for me to your Bungalow in the evening of that day, and in taking a deposition from me, you put me a question that, "The case or Record connected with the Solemn "declaration, in which you have concern, and "which was drawn up by Conakala Ragoopatty row, "having been lost in the Cutcherry, you had suspicion "against me in respect to it that consequently — "Deloyets were deputed to prevent ill advisers "from coming to me, and "that I should state — "what disturbances were committed by them in "my house"—

In my reply, when I stated the circumstances of my having ever kept Company with respectable persons, and of my never having mixed with ill advisers, and that there was no reason to entertain suspicion against me in the case of Solemn declaration, which was lost, and that the circumstance was neither mentioned to me either by yourself, or the Deloyets, as also other Circumstances Connected with it, the Head Sheristadar Nupitty Sashagherry row Puntoolo, who was sitting near you, prevented me from dictating those circumstances, and having caused a Dash to be drawn over certain words which were already dictated by me at the beginning of the Deposition, said, that I should only state the

disturbances

disturbances which were committed by the Deloyets. If my reply was to be confined to the detail of the disturbances committed by them, you should in the Question put on the Subject have only mentioned as follows—

"What disturbances did the Deloyets, who were "deputed by me to your house, commit in your house". The not doing this, but only mentioning in the Question false accusations against me, and refusing to allow the insertion of the real facts which I intended to state in refutation of those accusations, is entirely contrary to Justice. Although I represented the same again two or three times, yet you also did not permit me to dictate what I intended to state. It is probable, that your mention of my having Connection with the said Solemn declaration, would have been originated from the words represented to you by some body or other. Then, If you had ascertained what kind of Connection that was, you could have no occasion to entertain Suspicion against me about the same paper.

One day in the Month of November 1841, Canakala Ragoopatty row, who was then in the situation of Sarbnevis attached to the Mulrajewar Estate, and who was learning

English

English with me, came to me in the night, and told me that, in order to injure Subneviss Venkatakistna row Puntooloo, who was then Deputy Sheristadar, according to the advice of Narputty Sashagerry row Puntooloo Head Sheristadar, and his Sonindaw Ambarookhanah Poorooshottum, his brother Tirmulrow, their relation Surbadah Sanakeramdoo, and others, and himself met, and drew out a "Pramapatreka" or Solemn declaration, that if I also consent to it, sign on the paper, and Join in the intrigive, I could also enjoy good from Sashagerry row Puntoolo and that he would get the same paper signed by all of them and bring it - on which, considering that it was not proper for me, who am a public Officer, to remain without bringing the irregularity which they intended to commit, to the notice of the authorities, I immediately informed the Deputy Sheristadar of the same - who reported the same to Mr Goldingham - afterwards according to his instructions, Streerungaroy Sunjeevarow Puntoolo, then Head of Police of the Town, and the Head Accountant Mahomed Gaulub Saib watched and Seized him (Ragooputty row) with the solemn declaration, which was drawn out in the hand writing of the said Cauzekala -

Ragooputty

Ragooputtyrow - In this Paper, it was stated that, according to the advice of Naiputty Sashagerry row Puntooloo, they had all conspired and drawn up that paper, that they were all ready to act together, and pay all expences that might be necessary to enable them to injure Subneviss Venkatakistna row Puntooloo, addingother similar irregular circumstances - At that time Mr Goldingham sent for the said Ragooputty Row, Poorshottum, Tirmulrow, Sanakeramdoo &c and examined them - In that examination, the circumstance of their all having been concerned in that intrigue was proved - On that account, they were punished by dismissals, reducement, &c -

Now, if that paper is not to be found in the Cutcherry, it should be supposed that any of the persons who are friends to be relations of Sashagerry Row Puntooloo, named Tirmulrow, Sanakeramdoo and others, whose intrigue would be apparent by the discovery of that paper, and to whom it would occasion injury, and to whose advancement the existence of that paper would in future prove an obstacle would have made away with it, but what Reason can be there to entertain suspicion against me, who brought that intrigue into

into publick notice, and who can prove the property of my conduct from the existence of that paper itself - how the uprightness of myself who detected together with the documents; the irregularity committed by others to the prejudice of public peace, has not come into your notice but, on the contrary, from your entertaining an extraordinary opinion that the loss of the paper alluded to has brought suspicion against me, thro whom it was seized, it is clearly evident that Sashagerry row Puntoloo, who has enmity against me for having brought the paper into light has represented (some thing) with your honor against me. From the said Sashagherry row Puntooloo having caused you only to mention in your Question, that there is suspicion against me, in consequence of the solemn declaration having been lost, and having prevented the reply which I intended to give from being written, I am fully confident that he has determined to bring me into "risk," by any means whatever. after I had resigned my situation, you have not only issued 2 Hookoms that I should go to Pruttypaud and take charge but moreover, you sent for me and ordered me in your presence to the same effect consequently I came here on the 22d Instant. according

according to your order of the 21st Instant, with the intention of taking charge and again addressing you on the subject of my resignation a Hookoom under date the 2d Instant, was issued (that is 24 days ago) stating that a large Corps would come to this station on the 25th Instant - hitherto 22 days have passed only 2 days remain. Certain Carauvanahs only have hitherto been obtained from the Villagers of this Tanah for bringing supplies to the two stations, Vizt, Pruttypaud & Nundepaud, at which they will be required, but none of the articles have arrived at all. From this, it appears that, this is a contrivance formed by Someyajoola Soobbiah the Aumeen of this Tanah, who is a friend to the said Sashagerry row Puntooloo, with a view of deceiving me knowing before hand that I would be removed to this Tanah. Under these circumstances, as I have a firm suspicion that if I remain in the service at this time, when you have a unfavorable opinion against me, it would be prejudicial to my future prosperity - I have resigned my situation for the present - As however in the Hookoom Nr 278 issued by your honor, it is stated that, my resignation could not be accepted until I have given

replies to the questions that might be asked relative to the circumstances hitherto passed. I will remain in the limits of the Zillah until I obtain your leave. I therefore address this for your information - as this arzee will be read to you tomorrow at 10 O'C. A.M. I beg you will issue an order immediately to inform me to whom I should deliver over my charge. I shall remain here in expectation of your orders, and transact business tomorrow only, but from the Morning of the day after tomorrow I am no longer responsible for this Tanah. Your arzee No 175 dated 23d Instant, has been received.

As from the present state of affairs, it is considered improper to allow you to remain at Guntoor, an order was first issued with directions to go to Pruttepaud, and carry on the business as Officiating Ameen and Head of Police of Pruttepaud Tanah, receiving at the same time the pay of Ameen and Head of Police of that Tanah (Guntoor) you have not only not proceeded according to my order, but also addressed to me an Arzee stating that you have resigned your situation - as from the present circumstances, it is not proper to accept your resignation until your answers are obtained to the questions I may have occasion to ask you hereafter, the same has been communicated to you in this order - Again, you have mentioned in your arzee many words which are quite irregular, and which plainly shew your disobedience - therefore, on bringing the said Arzee into consideration, it is evident that you

The conduct of the Police Ameen Nistniah as detailed in the foregoing letter, and the tenor of his communications to the Acting Collector, are in the opinion of the Board extremely offensive, and improper, and such as to justify his summary dismissal from the public service - at the same time it is to be regretted that the Acting Collector should have adopted the extreme measure to which he resorted, for the purpose of enforcing his order to Nr Kistniah to proceed to Pulle: paud inasmuch as their appears to be nothing in the ameens conduct upon the receipt of the first order from the Acting Collector - which on a primafacie view, admits of the inference drawn by Mr Mathison, that he was actuated by improper motives - His proceedings to take additional evidence in the case in question might as represented by him, have arisen from a misconception of the orders which he received - but his subsequent conduct was, as before observed, quite indefensible and evinces a spirit of contumacy & insubordination which admits of no excuse -

Under all the circumstances of the case however the Board resolve to defer passing any final orders until they shall have been furnished with the opinion of the present Acting Collector Mr Stokes, who has lately relieved Mr Mathison in charge of the District, & who is accordingly requested to submit his sentiments upon the case, at his earliest convenience -

Reporting the suspension of Subreenjs Venca tah Kistna Row Ameen of Ranchoor, pending an enquiry into the several charges preferred against him -

I have the honor to report for the information of the Board the suspension of Subreenjs Venkata Kistna Row Ameen of Ranchoor on the 13th Instant, pending an enquiry into several charges of corruption and misconduct preferred against him, and which occurred both while he was holding the appointment of Deputy Sheristadar, and latterly while employed as Ameen -

2. On my taking charge of the District I found him Stationary at Guntoor with his Cutcherry, whom I immediately sent him into his Talook in the hope that he might be induced to attend to his legitimate duties and exert himself in carrying on the business of his Talook which required great attention - But on this I have been disappointed

you are unfit for the Circar Employment, and accordingly you ought to have been dismissed immediately, but, on your being sent for before me and examined regarding certain matters complained of in your arzee, you had been desired to make out at the same time an answer to my order, to shew whether you would obey and proceed to Pruttapaud or not - on your representing that you would go to Pruttapaud, and regularly perform the duties as directed in my order, and that as you have become sensible, you should be pardoned; I had compassion on you, and accordingly refrained from further proceedings - It is also reported to me that you had at the day break of the same day proceeded to Pruttepaud, as was previously represented by you before me - you (who represented to me as above mentioned and so proceeded) have after arriving at Puttepaud, forwarded an arzee mentioning therein certain most disrespectful words and false circumstances more than those lately

lately mentioned; and most disobediently stated at the same time, that you having resigned your situation, any other individual should be appointed immediately on the receipt of your arzee, to assume charge from you, that you would remain today in expectation of my order, and that from the next morning, you are no longer responsible for the affairs of that Tanah - As you have been already informed the circumstances under which your resignation cannot be accepted, and as on perusing your present arzee, it is evident that it has never been addressed in that way, which is incumbent on a Servant to observe in addressing to his superior, and as it is improper to continue you in the Circar Employment in consideration of your said irregular arzee, you are from this date suspended from your Office, and Vulloor Casavarow has been appointed as Acting Ameen and Head of Police of Pruttepaud Tanah. You are therefore immediately on the receipt of this order, to deliver over to him the whole charge of the Revenue and Police and attend immediately at my Huzoor -

disappointed as from his attention being given to the keeping up his intrigues in this place the business of the Talook has been completely neglected and the Collections have materially decreased. He has moreover evinced throughout a spirit of impertinent opposition to my orders, which could not be tolerated and would of itself have forced me to remove him even had these charges not been preferred

3 I believe this individual to have been guilty of the most grossmalversation and that very serious malpractices have been carried on by him in every department of the Public business which call for strict enquiry. I beg to subjoin a Statement of the different charges which have as yet been preferred against him.—

1 For having, when Deputy Sheristadar received a bribe of 800 Rupees from Rajah Mamoor Vencannarow the late Zemindar of Chilcaloorpaud for obtaining an order for breaking through a portion of the Bank of Coonnumaroo Tank in the

the Mulrauze Estate whereby some of the lands of his Zemindary were saved from being inundated.

1 Do Do of 1,000 Rupees from the same Zemindar in another subject.—

1 Do Do of 100 Rupees from Dawoloor Jagunnaickloo the renter of Cavoocoroo in the Chilkaloorpaud Estate, for relieving him from the responsibility of the rent of the said Village.—

1 Do Do of 40 Pagodas and two Bullocks valued at about 100 Rupees from the Ab Karry renter of Gumtoor Town R. Nagayah, for obtaining him a favorable rent.

1 Do Do of 300 Rupees from some individuals of Chinna Ganjam.

1 Do Do of 100 Rupees from Alla Venkatareddy of Canagala for granting him the Village Moonsiffship held by his father.

1 Do Do of 100 Rupees from the Curnums of the same village for the same purpose.

1 A Charge in the Magistrates Department for causing a Tobacco Shop keeper R. Chintaloo of Gumtoor, to be cruelly beaten by some Chucklers and thereby perverting

perverting his authority by ordering his committal thro' the Head of Police to the Criminal Court on a false counter-Charge caused to be preferred against him by the same Chucklers, and when the form was ready suspending the committal after having received a promise of a bribe of 100 Rupees from said Chintalor whom he had caused to be beaten.

Forwarding a copy of the decision of

Sir.

With reference to my letter of the 2d October 1840 and the Board's reply

of the Sudr Adalut on the special appeal of Rawoor Kristniah

reply of 19th of the same Month, I have the honor to transmit copy of the Decision of the Sudr Adawlut on the Special Appeal of Rawoor Kristniah.

2. The Court appear to consider the misappropriation to have been established but that as he subsequently made good the sum misappropriated viz. Rupees 189-2-6, Mr. Goldingham was in error in again collecting from him that sum in addition to the fine of 71 Rupees. They accordingly decree that the said sum of Rupees 189-2-6 be repaid to him by Government with interest at 5 per % from the 20th November 1823 the Costs in all the suits to be borne proportionally by the parties.

3. This decision was passed in December 1840 but the Court have not intimated the amount of interest payable under their decree and on the 30th June Rawoor Kristniah petitioned for a review of a judgment, which petition was rejected. I understand he has since repeated his applications but with what

Success

success I am not informed.-

4 I think an error (and on the proceedings in the Sudr Court on the special Appeal I took occasion to point it out, but the Court were of opinion that at that stage any demur to the suit was inadmissible) was committed both by the Zillah Court and the Collector on the first institution of the suit in 1831. The error consisted in treating it as an original instead of an Appeal Suit-viz original Suit can only be brought against a Collector for proceedings under Regulation IX 1822 - where it involves a supposed injustice in conducting the proceedings. The Plaint clearly shews it to have been no such suit but to have been simply an - appeal from the Collector's judgment made under Section XVI Regulation IX 1822. The original plaint requests - the Court "after perusing the record to annul "the unjust decision passed contrary to the "Hindoo Law and the Regulations "and cause Defendant to repay to him "the said sum of Rupees 280-15-9 together with

"with Costs of Suit."

5 Had it been an original Suit the evidence must have been taken afresh by the Court but it is proved conclusively to have been an Appeal Suit from this not having been done but the decree passed on the record of the evidence taken before the Collector and without a tittle of new matter or evidence called for or adduced before the - Court. It was an appeal suit in spirit and in fact, and should have been so treated by the Court and the Collector and not as an original Suit. Had it been so the special Appeal to the Sudr Adalut could not legally have been - admitted. A special appeal only would have been admissible from the Zillah - Judge's decree to the Provincial Court - which would have been final and - as on the regular appeal the Provincial Court affirmed the decree of the - Zillah Court, it is but reasonable to - suppose that the result would have been the same had the appeal been special. The decision of the Provincial Court was communicated to the Board

in my letter of the 11th. December 1838.

I am unable to apply for sanction for the sum payable under the said Court's decree as it is their province to state the amount of interest, and I am uncertain up to what date they may allow it whether only to the date of their decree, or for any further period between that and issuing the warrant for execution, a point it seems left solely to their discretion. It is with reference to your Circular of the 21st Ultimo that I have thought it advisable to report for the information of the Board & Government the result of the proceedings in this suit though unable to make the report so complete as it would have been, had the Sudr Court intimated the exact sum the Government have to refund to Ravoor Kristniah which will be reported hereafter.

Versus

The Principal Collector of Nellore

Government Vakeel Goolam Mustoozah

Mr. Goldingham formerly Assistant Collector at

at Nellore passed against the special appellant in this case a decision in the following words.

"In the depositions of ——
"Adaparaddy and the Grama Shroff established

"and as nothing has been urged by the Defendant

	71 — — —
Rs.	280 — 15 — 9

For the recovery of this Amount, and to qualify himself thereby for re-employment in the public Service, from which he alleged he had been unjustly dismissed, the special appellant, who had been referred by Government for the redress to the Courts, filed a Suit No 192 of 1831 in the Zillah Court against the Principal Collector of Nellore, which

which was decided on the 28th October 1834. by the Acting Zillah Judge Mr J. M. Lewin who being of opinion that there was no just cause of complaint against such sentence by Mr Goldingham dismissed the suit with Costs.-

Dissatisfied with this Decree, the special appellant appealed from it, to the Provincial Court of appeal in the Northern Division, who on the 30th November 1838, confirmed the Decree of the lower Court with Costs.-

In the body of their decree, the Provincial Court observed that "from the enactment of Regulation "III of 1832, it is evident that it must have been the "intention of the Legislature that all appeals of this "nature should be preferred within the usual period "allowed for appealing in similar cases, from the "orders of the lower Courts for redress and the "reasons assigned by appellant, for the — "extraordinary delay which has occurred in bringing "his appeal are idle and inadmissable."

On the ground that, in the last cited paragraph, the Provincial Court had given an erroneous construction of — Regulation III of 1832, prior to which there was no limitation as to the time of prefer- -ring the appeal in question, except that provided

provided in — Section XXVIII Regulation II of 1802 the Sudr Udalut on the 6th July 1839 admitted a special appeal from the decree of the — Provincial Court.-

The special appeal was presented on the 25th March 1839 and the Government having directed that the Suit be defended at the public expense the Principal Collector of Nellore, on the 26th October last — filed his answer thereto.-

With respect to the point upon which this special appeal was admitted, the Court of Sudr Udalut fully join in the doctrine set forth in the Proceedings of this Court of the 6th July 1839 namely that prior to Regulation III of 1832 there was no limitation as to the time of preferring this Suit except that provided in Section XXVIII Regulation II of 1802.-

But though this special — appeal was admitted on this single ground, yet it has been ruled that once a special — appeal is admitted, it is competent to the Court passing their judgment, to go fully into the merits of the Suit.

Assuming the Accounts from No 1 to No 4 inclusive all to be in the hand writing of the special appellant, as appears

appears to be the fact, it appears from the evidence of the Shroff 110 and by the Account No 2 - that the Collections which reached his hands Amounted to Rupees --- 1013-15-11

That according to the account No 3 he had duly appended Rs 13 - " - "

and Rupees - - 44 - - " 1026 - 15 - 11

409-1-2

leaving a balance in his hands of Rupees - 617-14-9

That of this sum he at once paid as per Account No 2 Rupees 427-15-"

paid at 3 Oclock same day - 37 - - - " 464-15-"

leaving due by him ---- 152-15-9

Add advance of pay for October ---- 24-8-"

Given to him by Government Shroff - 9 - - - "

due by him as per No 4 ---- 186-7-9

2x he gave his Salary for October

Rupees 35 - - -

3x Salary of the Peishcar of Alwar 73-9-6 108-8-6

leaving due the sum for which on the 3d of November he gave a bond as per No 4 77-15-3

4x and he subsequently took back this bond when he paid with his own hands ---- Rup 60 - -

5x and by B. Shashiah ---- 17 - - - " 77 - - "

leaving only a deficiency of ---- 15-3

So far as the Court of Sudr Udalut can perceive Mr Goldingham has taken the sum due by him of Rupees - 617-14-9 and deducted from it merely his first payement of ---- Rupees 427-15-"

Assuming that the balance of Rupees - 189-15-9 was

misappropriated. But without giving the accused credit for any of his subsequent five payments above specified and marked thus x.

Now it appears to the Court of Sudr Udalut that the very accounts which proved the Talook misappropriation, proved also that with the exception of the said Amount of Rupees - - 15-3 it had all been recovered, and as in addition to the misappropriations Mr Goldingham expressly limitted his decree to a fine of Rupees 71 only, all that should have been levied from the special appellant was the Village malappropriation of Rupees - 20 ---- " ---- "

the said sum of Rupees ---- " ---- 13 ---- 3

and the fine of Rupees ---- 71 ---- " ---- "

without the sum of Rupees ---- 189 ---- 2 ---- 6

all of which to the value of Rupees 280 - 15 ---- 9

was Collected from him on the 28th November 1823 as per last document.

The Sudr Udalut accordingly decree that the Principal Collector of Nellore on the part of Government, do repay to the special appellant the said sum of Rupees 189 - 2 - 6 with interest thereon at 8 per Cent per Annum, from the 20th November 1823

but

but they otherwise affirm the Decrees of the lower Tribunals against him; and on account of his misappropriations, deem him to have been rightly dismissed from the public Service.

The costs in all the Courts to be borne proportionally, by the parties as per the following Statement.

1st Case No 74 of Mr. Ross's Register X

2 A pension of Rupees 322-4-8 was originally granted by Colonel Munro at the commencement of the Company's Government on the 12th July 1801 to Cristnum Naidoo in lieu of resumed Offices and privileges enjoyed by him in the Village of Evvogondapalem in the Goorramconda Talook.

On his death it was continued to his cousin whom this circumstance was brought to the notice of the Board of Revenue by the 8th Novr. 1830 expressed themselves as follows.

"The continuance of this pension was irregular, as however the party has been allowed to draw it so long and the stopping of it might occasion great distress

distress the Board recommend that it may receive the Sanction of Government" which was accordingly granted on the 23d November 1830. The Board of Revenue do not appear to have been informed that the original Grantee at the time of his death left 3 Sons all Minors and the pension seems to have been continued to Veeruppa Naidoo lately deceased as being then the Head of the family and as he had enjoyed a half share even during the life of the Original Grantee The amount has always been equally divided between himself and his nephews.

Veeruppa Naidoo the last incumbent has left two sons, Viz.ts.

1 Mulluppa Naidoo — 8 years old
2 Crestnuppa Naidoo 2 Do. — "

and 3 Widows, one Daughter and 25 other near relations.

Timmuppa Naidoo the elder son of Crestnuppa Naidoo the original Grantee is now 35 years of age he has been enjoying the half share of the pension and his family consists of the following Members.

2 His Wife & son Nagappa Naidoo
2 Unmarried Daughters
2 Half Brothers and 8 other relations

3. All the Members of the family pray

that the pension may be continued in the joint names of Mulluppa Naidoo the elder son of the last incumbent and Timmuppa Naidoo the eldest son of the original grantee each party to receive half—

They allege that if the whole pen-

4 sion is granted to either of the above persons disputes may probably arise, as they have done during the life of the last holder.

On a consideration of the

5. circumstances of the Case, and with reference to the prevailing rules that the pension should be continued to lineal descendants, so long as their conduct is unexceptionable I beg leave to recommend that the prayer of the family may be complied with, and the pension continued in equal shares, or at Rupees 61. 2. 2½ in the name of Mulluppa Naidoo and the same sum in the name of Timmuppa Naidoo from the 9th April 1841 the date of the decease of Veeruppa Naidoo the last holder of the pension.—

2d Case No. 75 of Mr. Ross' Register X—

6. An Annual pension of Rupees

1,166. 10. 8. was originally granted by Colonel Munro

at

at the commencement of the Company's Government on the 12th. July 1801, to Crestnama Naidoo in lieu of resumed Offices and privileges enjoyed by him in the Village of Rampetcherla in the Yeerrumconda Talook and on his death on the 6th. September 1801 it was continued to his son Crestnama Naidoo which Arrangement received the Sanction of Government on the 23d. November 1830 That individual died on the 9th. August 1841 and his family consists of the following persons.

1 Widow

1 Son Chinna Crestnama Naidoo aged Years. 22.

1 Do. Chinnuppa Naidoo ——— Do. ——— 12.

1 Do. Ramuppa Naidoo ——— Do. ——— 1.

4 Daughters Viz. 3 Married and one single

4 Other relations.

7 All the members of the family pray that the pension may be continued in the name of Chinna Crestnama Naidoo the eldest son of the deceased, and His arrangement is consistent with the rules in force I beg to recommend that the full pension of Rupees 1166 — 10 — 8 may be

be renewed in the name of the said Chenna Crestnama Naidoo from the date of his father's death — Viz. the 9th. August 1841. 3d. No. 76 of Mr. Ross's Register X-

8. An Annual pension of Rupees 2625 was originally granted by Colonel Munro at the commencement of the Company's Government on the 12th. July 1801, to Vencata Cadreputy Naidoo in lieu of resumed Offices and privileges enjoyed by him in Mullala and 3 other Villages. This individual died on the 12th. November 1841, and his family consists of the following persons.—

1st. Widow.

2d. Widow.

Issue by the 1st. Widow

	Years
1 Vencatuppa Naidoo 1st. Son	32.
2 Vencatadrew Naidoo 2d. Son	28
3 Timma Naidoo ... 3d. Son	24
4 Cullucka (married)	20
5 Yerrumma (not married)	12

Issue by the 2d. Widow.

1 Narasimma Naidoo ... Son	10
2 Rama Naidoo ..... Do.	5
3 Ramucka Daughter	11
4 Cundumma ... Do.	9
5. Mullumma .. Do.	4
6. Vencatamma .. Do.	3

Vencatoppa

Vencatoppa Naidoo the eldest son of the 1st Widow has a wife and 2 sons.

9 It appears that the deceased has been in the habit of paying out of his pension 100 Pagodas to Narasimma Naidoo, and 90 Pagodas to Vasunta Naidoo who are his brother's sons. The former drew the Amount directly from the Circar, agreeably to the orders of the Principal Collector dated 3d June 1815. The latter received his share from the pensioner himself.

10. All the Members of the family concur in praying that the pension may be continued to Vencatoppa Naidoo, the eldest Son of the original grantee, but that it may continue subject to the burdens above mentioned. This prayer is consistent with the pension rules and I beg leave to recommend that the full pension of Rupees 2,625 may be continued to Vencatoppa Naidoo from the date of his father's death viz. the 12th November 1841 on the condition that he continues the payments of 100, and 90 Pagodas respectively

respectively, to his nephews Narasimma Naidoo and Vasunta Naidoo.

4th Case No. 13 of Mr. Ross's Register X.

11. An Annual pension of Rupees 179—15—11 was originally granted by Colonel Munro at the Commencement of the Company's Government on the 12th July 1801 to Abdul Summud Khan in lieu of resumed Offices and previleges, in Tulpool and 27 other Villages. This person died on the 9th March 1841. The family consists of the following persons.—

	Years
1 Son Abdool Raheem Khan	26.
1 Do. Abdool Azeem Khan	19.
1 Widow and three other relations	

As the elder son is married and lives separate from the rest of the family, they are desirous that the pension should be renewed in the joint names of the two sons of the last holder. This however will probably be considered objectionable, but as the whole family are almost entirely dependent on this pension for subsistence, I beg to recommend that the full pension of Rupees 179—15—11, may be continued in the name of Abdool Raheem Khan the elder son

one

on the condition that he support the rest of the family.

5 Case No. 1 of Mr. Ross's Register V.

12 An Annual Yeomiah pension of Rupees 38 — 1. was originally granted to Munna Bebee a relation of the former Nabob of Cuddapah by Colonel Munro on the 1st. January 1801. On her death which occurred previous to the preparation of the Register in the year 1813 it was continued to her Daughter in law Scottan Bee. This latter person died on the 25th. January 1842, leaving a family as follows.

1 Son Hussain Saheb. . . . . 40.
1 Wife of the above
2 Children of Do.

6. Case No. 2 of Mr. Ross's Register V.

13 An Annual Yeomiah pension of Rupees 19 — 5 was originally granted by Colonel Munro on the 1st. January 1801 to one Coolsoom Bee a relation of the former Nabob of Cuddapah, and on her death which occurred on the 19th. February 1830, it was continued in the name of her Daughter in law Gufsoo Bee, she also has now died on the 20th. November 1841 leaving

1 Husband

1. Husband Dada Saheb . . . . . 60.
1 Son Hoocha Saheb . . . . . 14.
and 4 other relations

Her husband states that the pension was renewed in the name of his wife instead of his own, in consequence of his absence from the Country at the time of his mothers death, and he prays that it may now be continued to him.

14 It appears from Mr. Ross's letter dated the 2d. October 1813 that the two last named Yeomiadars are the relations of the Mayana family, and that all the pensions have been granted in consequence of the Assumption of the Country of that family by the Honorable Company, but he at the same time remarks "it cannot by "any means be looked on in the light of indem: "nification for the loss of it" and the pensions entered in the Register V are therein expressly stated not to be hereditary. Notwithstanding this, frequent renewals seem to have taken place, and I therefore think it right to lay these two Cases before the Board of Revenue for their disposal.

31 – 32 Submitting a letter from the Acting P.l Coll.r of Cuddapah reporting the death of certain Poligars & Yeomiah pensioners in his District, with the Boards recommendation regarding the Yeomiahs and pensions proposed to be continued

Order thereon.

Ordered that the foregoing communication from the Acting Principal Collector of Cuddapah reporting the death of certain Poligars and Yeomiah Pensioners in his District be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2. The Board observe with reference to the 1st Case No. 74 that the continuance of the Pension conferred on the original grantee to the incumbent was irregular, he being the Cousin in the 5th degree, and not the son of the late Poligar, thus holding a share of the pension. The fact as stated by Mr. Arbuthnot (para 2.) that Crestnupiah Naidoo the original grantee, left sons does not appear however to have been communicated to

to the Board or Government; or it is presumed that sanction would not have been granted for continuing the pension in the name of Verupapa Naidoo the last incumbent, to the exclusion of Timmappah Naidoo the representative of the family, on his attaining his full age. This individual being the right full heir to the whole amount of the pension granted to his late father, in lieu of resumed Offices and privileges, according to the strict letter of the Pension rules, the Pension cannot be entered in the joint names of himself and Nullapah Naidoo the Elder son of the last incumbent, but as the Acting Principal Collector recommends this course being followed in compliance with the prayer of the family, the Board submit the question for the favorable consideration of Government.—

3. The Board concur in opinion with the Acting Principal Collector and recommend the continuance of pensions in the cases noted in the Margin in the Manner, and on the conditions specified by Mr. Arbuthnot.

5th Case No. 1 Regr. 4

With regard to the claims of the parties in the Cases noted in the Margin for a continuance of the Yeomiahs enjoyed by the late incumbents, it appears that the respective sums were granted as a subsistence during life, in consideration of the parties being relatives of the Mayuna family, who formerly possessed the Country, but as renewals have taken place, and the provision for the maintenance of the original grantee continued from the cession of these Districts to the Company, up to the death of the late incumbents, the Board beg to recommend their continuance to the respective parties as it is presumed not to have been the intention of Government that they should be discontinued.

The Board concur with the Principal Collector in thinking that the returns of Tanks, Wells, &c. should not include those constructed for purposes of private convenience or domestic economy, or at least that they should distinguish such from those available for purposes of irrigation. It would have been interesting to have shewn whether those noted as having been completed during the past year were at the expense of Government or of individuals and what extent of Cultivation was dependent on them.-

This is made more apparent by examining the particulars of the new Cultivation.

b. Mr. Gleig reverts to this subject in noticing the decrease in the Amount of new Cowles, as compared

compared with those of the preceding year, which he attributes to the limitation of the period entitling fallow lands to Cowle, fixed in conformity with the instructions of Government, at 5 years instead of 3, and he adds that an adherence to this rule as well as the attempt to introduce more generally the provisions of the Cowlenamah of Coimbatore will occasion a considerable reduction of the revenue. Some unwillingness may very probably be exhibited by the people at first, in taking up land on less favorable terms than they have been accustomed to, but the Board do not anticipate any permanent diminution of the Collections. It is not necessary that the change should be a "hasty" one, but rather that the modifications of the existing practice already begun should be gradually continued till a more wholesome System is established.

That the present Cowlenamah of the Salem District is faulty and requires amelioration has been admitted after a careful examination of its provisions and the co-

further explanation of particular parts of it now offered by Mr. Gleig have not contributed to produce a change in the Board's opinions. He observes that the Board were mistaken in supposing that a Ryot could retain his Cowle after giving up his putcut or usual cultivation. But the practice now described is exactly in accordance with the case given in the Marginal Statement of Para. 15 of the Proceedings above quoted. the Mamool holding was thrown up and the Cowle only retained, tho' subject to the full assessment, which he remarked was on the lowest scale. Now, what the Board meant to state was, that such a proceeding was contrary to the object and intention of Cowle tenures, and likewise to the practice of all other Districts. Cowles are supposed to be granted as an aid and support to Ryots who have fully cultivated all their usual lands, to be held on easy terms for a certain number of years, and to be then relinquishable at the option of the Ryot having become liable to the full demand. In Salem the practice as explained by Mr. Gleig is exactly the reverse. It is added that the present practice does not affect the averages

average but the particular instances from the Village of Woolnoor already quoted show how much the average assessment on an individual's cowle holding, is reduced by its operation while the cowle

Statement of lands relinquished and taken up in the Season under review, shows the same result on a more general average.

Para. 58. 7. Mr. Gleig attributes the extension of Cowle tenures in Salem to the difficulty experienced by the Tahsildars in issuing so large a number of Pooloo Chittas, until the cultivation has been actually commenced, when it would be too late to refuse them. The rule now laid down, of requiring land to lie fallow for five years, will in some respects restrict such indiscriminate occupation and if, in addition to this, the local native Servants are strictly enjoined to observe the usual precaution of never giving a Cowle Chitta until the whole putcut is fully cultivated, and the Ryot can show that he possesses stock and capital to undertake more, it is believed that the inconvenience now felt would be materially abated.

As.

Fort St. George 5th May 1842.

As Mr. Gleig intends to make these points the subject of a separate communication in forwarding a revised Hoorkoonamah, it is unnecessary to discuss them in more detail at present. The Board will only remark generally, that their object in the proceedings already quoted was, to point out the great increase of Cowle cultivation in Salem, and its tendency aided by the unrestricted freedom of cultivation to leave the best and most productive (which at the same time are the most highly assessed) lands out of permanent cultivation, while the same absence of control and short periods of fallow, afforded facilities for retaining possession of them on Cowle tenures. That this state of things had actually come to pass, was admitted by Mr. Gleig himself in his Settlement report of 1248 Fusly and the cause to which it was attributed by the Board was recognized by Government although it was considered to have been promoted likewise by the progressive amelioration of the condition of inferior Soils. The remedy suggested and approved by Government was the assimilation of the Cowlenamah to that in force elsewhere and the adoption of the universal rule observed in

Para 58.

+ Para 19.

Fort St. George 5th May 1842.

in the relinquishment of putcut or mamool fields of throwing up good and bad lands in equal proportions, these terms being understood in their relative sense of high and low assessed lands. In mentioning the Bellary Cowlenamah as a model, it was merely desired to refer to the principles of that document and not to imply that the Principal Collector should adopt its details without reference to their applicability. The Board have always advocated the withdrawal of needless restrictions on freedom of cultivation, in the belief that individuals are the most correct Judges of their own interests and that in consulting them the public advantage is best secured. But unlimitted freedom in the choice of land would not, in the Board's view, conduce to this end. They consider that such license would not only be inconsistent with the maintenance of the public revenue, but likewise inimical to the interests of individuals. Instead of protecting and relieving the great body of cultivators, it would enable the substantial and influential few to select and retain the best locations to the prejudice of the other Members of

Para 63.

of the Village community.

Para 62. 8. In reply to the Board's enquiry regarding the former usage of the District, Mr. Gleig states that the freedom of choice was originally much greater than at present, and that Mr. Cockburn's Cowlenamah accorded the privilege of holding Cowle, and of throwing up Putcut entirely. The Board are desirous of obtaining information of the usage subsisting anterior to that of Mr. Cockburn's time. That now described could not have existed under any native Government, and is not likely to have been introduced under the administration of Colonel Reid. If it should prove to be a peculiar usage of ancient origin, it will probably be found also in force in the Saree Mootahs.

Para 63. 9. The argument in favor of the present System derived from the progressive increase of the revenue since 1242 Fusly is not altogether applicable, because the same improvement is observable in every District. A Succession of Calamitous Seasons ending with 1242 Fusly deeply impaired the resources of the whole of Southern India from the effects of which it has been gradually and steadily recovering.

In

Paras 64-75 10. In these Paras the Principal Collector explains the causes which he considers to have occasioned the difference between the present demand on the lapsed Mootahs and that which they were calculated to bear at the Permanent settlement. These are 1st the cheapness of produce consequent on decreased consumption 2nd the fraudulent valuation of alienations procured by the Mootadars in arranging subdivisions of their Estates 3d the general injury sustained by the District from the famine of 1242 Fusly 4th the reduction by Mr. Bargrave in the original assessment

Para 73 inferior Mootahs.

11. The Board are not disposed to attach material importance to the first cause because the average price of Grain with reference to which the survey assessment was fixed has rarely exceeded and has generally been less than the average market price. A more probable explanation is afforded by the 2nd Cause of the existence of which the Board have

have lately had evidence in the Accounts submitted to them for the subdivision of Cotton and Juggadeva Mootah. But altho' this and the circumstances of the local Establishments alluded to in the 7th and 73d Paras may have had a partial effect on the resources of the Estate more particularly affected by them the Board are inclined to attach more weight to the influence of the general depression under which the agricultural interests have been labouring for some years past. It is satisfactory to observe however from the figured Statement given in para 65 of Mr Elliot's report that they are steadily recovering their former value in common with the rest of the District.

12 Of the total demand of Land Revenue Amounting to 17,25,617–4–8 the Sum of 17,31,766–0–1 was received within the Fasly leaving a balance of 8551–8–2 only on account of the Amanay lands the remainder being due by Mootahdars. The latter Item has since been entirely recovered and the Amount of balance is now reduced to 4405–6–10 all Amanie of which Mr Elliot considers Rupees 2366–3–11 to be irrecoverable for the reasons Stated and these appearing to be satisfactory, the Board resolve to write them off to profit and Loss after the further position of the small items standing against absconded Accountants in Imposition Rolls proposed by the Principal Collector.

The next will be arranged on receipt of a reply to the Board's Proceedings noted in the Margin and the last item which is withheld by the renter of a portion of the Sheravoy Hills on account of certain lands in the occupation of Mr Cockburn has formed the subject of the subjoined correspondence. In conformity with the decision passed by Government the Amount due by Mr Cockburn will be recovered from him and the difference between that sum and the balance withheld by the renter must be made good by the latter both for this and former years.

I find from the records of the Office that during the last 10 years it has only been visited on six separate occasions by the European Officers of

of the Collectorate and I would leave it for consideration how much benefit can be expected to accrue from visits so few and far between. Past experience has shewn that a Collector cannot make a sufficient long stay at Collegal to be productive of any decided benefit without prejudice to the other parts of the District, and without the most certain prospect of seriously impairing the efficiency of his Native Establishment by sickness. It is a singular fact that the climate of Coimbatore is equally unpropitious to the people of that portion of the District as it is to the Residents of Coimbatore. Under these circumstances the visits of the Collector on the score of utility cannot be hoped for, and it is expedient as a measure of humanity on the other hand that the attendance of the inhabitants at the Bazaar should be superseded as far as possible. With this view I would obtain the services of Ramiah, leaving it for consideration to how great an extent the duties of a Native Assistant

Assistant may be made useful in furtherance of the object contemplated.

I would wish it to be understood that in recommending this individual I have done so with due consideration; having fully enquired into his character and fitness for the charge and from what I have elicited regarding him I am satisfied that his honesty is unimpeachable, and of his abilities and experience this District furnishes ample assurance.

From the A/Sec. to Government. } Extract from the Minutes of Consultation under date the 4th May 1842.

Read the following letter from the Acting Secretary to the Board of Revenue.

(Here enter 24th March 1842 N°125)

For the reasons stated by the Collector of Tinnevelly, in his letter which accompanied the above Communication, The Right Honorable the Governor in Council Concurs with the Board of Revenue, in considering that the arrear of allowance

allowance, due to the Exc. Zemindar, ought not to be paid to him — or his family, but should be retained on account of the arrears of revenue due by — him to Government, which were not liquidated by the sale of the Zemindary. His Lordship in Council regrets that the Board of Revenue had not sufficiently considered the subject, previous — to submitting the recommendation — contained in their Secretary's letter of the 23d. September last No. 537.

To the Chief Secy. to Government. Stating in reference to Extract from the Minutes of Consultation dated 4th Instant, that the recommendation contained in the Board's letter of the 23d Dec. last that the allowance to the Exc. Zemindar of Chokumpatty in Tinnevelly should be calculated from the date of purchase and exemption of the Zemindary by Government, was from the information then before them but just and equitable, and that the altered circumstances, since brought to notice by the Collector, have alone induced them to modify that recommendation. — 2nd May 1842.

To The Chief Secretary to Government.

Sir

Para 1. In the Minutes of Consultation dated 4th Instant the Right Honorable the Governor in Council is pleased to concur with the Board of Revenue in considering that the arrears of allowance due to the Exc. Zemindar of Chokumpatty ought not to be paid to him or his family, but should be retained on account of the Arrears of Revenue due by him to Government which were not liquidated by the sale of the Zemindary. But His Lordship in Council is pleased to add the expression of his "regret that the Board of Revenue had not sufficiently considered the subject, previous to submitting the recommendation contained in their Secretary's letter of the 23d. September last No. 537."

2. The Board conclude that the communication above referred to is their Secretary's letter of the 23d. December, written by mistake 23d. September, as they

they addressed no letter to Government on the subject of the Chockumpatty Estate on this latter date.

3 In that Communication the Board remarked, that the "Original intention appeared to have been to restore the Estate to the family, in the person of the son of the last Proprietor. That intention having been departed from for reasons assigned, and a fifth of the Nett Revenue having been set apart in lieu permanently for the support of the family, the Board were of opinion that this grant should be calculated from the date of the purchase and assumption of the Zemindary by Government." The Board arrived at this Conclusion after a full and careful Consideration of all the circumstances of the Case, as then placed before them; and particularly of this one fact, that if it was considered an act of justice which it professed to be, to grant the family a liberal maintenance, such grant should commence from the date that the family ceased to derive any emoluments from the Estate; this arrangement from the information then before them, appeared to

but

but just and equitable and in this view the Right Honorable the Governor in Council was pleased to Concur.

From Govt. 25th Jany. 1842 to 7th February.

4 Sir Henry Montgomery's letter of the 26th February 1842, submitted to Government under date the 24th March last, appeared to the Board so far to alter the circumstances of the case as to justify a modification of their former recommendation. In the 8th Para he states "that it is certain the payment of these Rupees 4,6,321-3-8 will not in reality benefit the persons for whose use it is intended, for no sooner will it be known that so large a sum is received, than the Creditors of the Ex-Zemindar will assail the son, who will be forced, with the connivance of his father to satisfy such of them as accede to his terms" &c., and in all probability go to pay the Insurers who furnished funds to the Ex-Zemindar in the height of his Wicked Career." This was a Contingency which the Board had not anticipated, as from the tone of Petitions formerly received from the Ex-Zemindar, when it was Contemplated to restore the Estate to the son, it was believed that the bitterest Enmity existed between the father and son; the altered position in which matters were now represented, and the circumstances with

Govt. 24th March 1842.

with which Sir Henry Montgomery urged, that the grant should not take effect in arrear, induced the Board to concur in the re-commendation, that it should have effect only from 30th October 1841, but they beg to represent that their altered circumstances alone induced them, not without a difference of opinion in their body, involving much discussion, to modify the recommendation contained in the letter of 23d December, which they beg to assure His Lordship in Council, was made after mature consideration, and which they respectfully submit was such only, as could in justice have made with the facts then before them.—

My Lord,

It is with the most infinite respect and humble submission I beg leave to bring for the kind consideration of your Lordship in Council, that in reference to the orders issued by Government to the Collector of this Gillah relative to my application forwarded thro' the Right Reverend Doctor Carew the late Vicar Apostolic and Bishop of the Roman Catholics at Madras for a spot of the waste ground in the neighbourhood of the Traveller's Bungalow at Chingleput for the purpose of removing in it the old Church which is situated in a solitary place near the rocks and very far away from the Town for the convenience of those Inhabitants professing that faith residing there the Collector has issued a Yakeed to the Peishcar of Chingleput to ascertain into the situation of the ground.

The Peishcar has accordingly instituted an enquiry of the same, when a plan was drawn out of the present situation of the ground and forwarded to the Collector with a Mahazurnamah obtained from the Grammatars accompanied by his own report. The latter professing a religion quite against the Catholic faith and being unwilling to allow a Church being built in their Neighbourhood, they have objected to such grant on no other material or important grounds but that the spot so applied for is the way to their Cattle to go to their fields, as may be seen from the Mahazur whereas in fact all parts on the side of this spot and many other way leads to their fields without any other hinderance for such passage. The ground was cultivated once about 10 or 15 years ago but never since that, as was ascertained from the Curnums Accounts which may be seen on a reference to the Peishcar's report, and it is now totally unfit for Cultivation. The Principal cause of objection of the Grammatars is beyond doubt.

My Lord,

The Peishcar has accordingly instituted an enquiry of the same, when a plan was drawn out of the present situation of the ground and forwarded to the Collector with a Mahazurnamah obtained from the Grammatars accompanied by his own report. The latter professing a religion quite against the Catholic faith and being unwilling to allow a Church being built in their Neighbourhood, they have objected to such grant on no other material or important grounds but that the spot so applied for is the way to be seen from the Mahazur whereas in fact all parts on the side of this spot and many other way leads to their fields without any other hinderance for such passage. The ground was cultivated once about 100 or 15 years ago but never since that, as was ascertained from the Curnums Accounts which may be seen on a reference to the Peishcar's report, and it is now totally unfit for Cultivation. The Principal cause of objection of the Grammatars is beyond doubt

doubt as your Lordship can also better judge their unwillingness to allow a Church of the Catholic faith being erected in the vicinity of their Town. The tax if even a Cultivable land, would fetch but little. It being so by what the Collector mentioned to me in his Letter that the ground being cultivable it cannot be granted. I am led to believe that the case was misrepresented to him by his servants who are also heathens and interested for the general desire of the Gramatars.

Under the foregoing circumstances of the case I beg leave to entreat that your Lordship in Council will be pleased to take them into serious and favorable consideration and grant this humble Petition. The Catholics at Chingleput are in the most part Peons Sepoys and Drummers, therefore they entirely rely on the bounty of the Government and expect for their place of worship the same support as the government has given in many other places. Moreover a Chapel

built in the Petitioned place would be useful not only to the Christians of that town but also to Travellers who most frequently pass by that road whereas the old little Chapel can be of use neither to the Christians of the Town nor to any other one for reason of its being at too great a distance. The Gramatars would or could certainly never resist should the government be pleased to order the ground being given for the purpose and being [illegible] as there are no other suitable place to be selected within the Town of Chingleput.

Extract from the Minutes of Consultation dated 28th April 1842.

Read the following Extract from the Proceedings of the Sudr Udalut under date the 12th April 1842.

Read Extract from the Minutes of Consultation under date the 17th March 1842 No. 180 communicating a Copy of a letter addressed to the Board of Revenue by the Principal Collector of Salem on the subject of the Rules framed by the Court of Sudr Udawlut for the purpose of checking frauds in the Judicial

Judicial Department by means of stamped documents, and requesting the Judges to state whether some check might not be adopted without an act of the Legislature, to prevent frauds of the nature alluded to by that Officer.

Mr Stonhouse complains, that under the present rules it is in the power of any individual to purchase through a confederate, a Stampt Paper and to have recorded on the paper itself and in the venders Sale Book, that it has been purchased for the very person who is about it is contemplated to defraud and for the very purpose to which it is intended fraudulently to apply it, that the vendor has no means of ascertaining that the actual purchaser has been authorized to buy by the person whose name he gives as requiring the paper; nor is there any thing to prevent the purchaser himself if so inclined, giving a false name.

The fraud however here suggested by the Principal Collector of Salem, tho' possible occurrence, is at present, it would appear

appear an imaginary offence; at least Mr. Stonehouse himself admits that he is not aware that a case of this nature has actually occurred in his own District, and the experience of the Court of Sudr Adalut does not lead them to believe in its existence in any other quarter; certainly no representation has been made to this Court of such System of fraud requiring that further rules should be framed as a check to its practice.

3 The only remedy that could be applied would be to oblige every party who buys Stampt paper to cause to be written on the back of it in the presence of the parties and under their Signature, for what purpose it is to be appropriated; for without such a rule might be open to many and serious objections, and the great annoyance and trouble it would entail on the parties, would, in the opinion of the Sudr Adalut be of itself a sufficient reason against its enactment.

4 Moreover, the whole of the Authorities in the Provinces appear from the

the Revenue Board's letter of the 7th February 1842, to be of opinion that the rules which have already been sanctioned regarding the Sale of Stampt Papers, have been attended with very beneficial results; and the Court of Sudr Adalut are of opinion that as much has been done, without an act of the Legislature, as is compatible by means of Rules.

Sir,

In obedience to the orders of Government under date the 20th April 1841, which directs certain papers to be communicated to the Major General Commanding the Forces, with a request, that a Statement may be prepared with a Table, exhibiting the proper allotment of Carriage for Corps and Detachment marching from one station to another, by which the requisitions,

on

on the Civil Authorities, may be so regulated &c., I have the honor by desire of the Commander of the Forces, to forward the accompanying Statement, prepared from the several Statements, and Tables, received from Officers Commanding Divisions and Forces which in like manner were prepared, from the Statements and Tables, received from the several Officers Commanding Regiments &c and by the Divisional Commandants, much delay has unavoidably occurred, in obtaining this necessary information, Circulars having in the first instance to be addressed, by this Department, to all the Divisions and Forces of the Army, and by the Officers Commanding the Regiments, which of course occupied much time and care; up to the present date, replies from the Officers Commanding Forces are

are still due.-

It appears from the reports of the several Officers Commanding Divisions, &c., more particularly from that of Major General Showers Commanding Southern Division, where the question of the supply of Carriage originated, with the Collector of Trichinopoly, a Copy of the same is herewith forwarded marked A, that it would be almost impossible to lay down any rules, by which a correct allotment, can be fixed, of Carts and Cattle &c., on the march of Corps or Detachments, from one Station to Station, it being obvious that such must necessarily depend on, and be regulated by, the demand at the time,- moreover the description of Carriage, is often of an inferior quality, in one District, to that procurable in others, while the roads, [as observed by Major General Showers Commanding Southern Division,] "in one district may

on the Civil Authorities, may be so regulated &c., I have the honor by desire of the Commander of the Forces, to forward the accompanying Statement, prepared from the several Statements, and Tables, received from Officers Commanding Divisions & and Forces which in like manner were prepared, from the Statements and Tables, received from the Several Officers Commanding Regiments & and by the Divisional Commandants, much delay has unavoidably occurred, in obtaining this necessary information, Circulars having in the first instance to be addressed, by this Department, to all the Divisions and Forces of the Army, and by the Officers Commanding Regiments, which of course occupied much time and care; upto the present date, replies from the Officers Commanding Forces are

may be excellent, and in the very next execrable; for example Madras and Palamcottah" contingencies that must affect the number of Carts that would be required; again the description of Carts differs very much, in some parts of the Country, for instance, in the Northern Circars in parts of which the Small Buffalo Cart only is procurable, the quantity therefore of Carriage that would be deemed ample in one part of the Country would be quite insufficient in another.-

The Collectors of Districts are undoubtedly the authorities to procure Carriage for Troops marching from Station to Station, and it would appear, advisable to leave it entirely to them; their power, particularly in the Southern Division and Northern Circars being nearly paramount; besides having the wide range of their Districts to draw Carriage from; beyond frontiers of course the Commissariat Department

must in like manner be the authority for the Supply of Carriage.

It does not appear from the Several reports received that any difficulty, has been experienced in obtaining Carriage, except in <u>very</u> <u>Emergent cases,</u> and sufficient Carriage has been always procurable, to meet the demands made for it' at the periodical reliefs, when due and timely notice has been given to the Civil Authorities concerned, as will be seen by the following Extracts from Major General Stewart's report on this Subject; "In the course of a "somewhat extended experience, I have "never met with much difficulty in "obtaining a requisite supply of Carriage, for a Corps and unless on "some extraordinary Emergency, re-"quired a Regiment to be put in "immediate movement, the Civil "authorities might, I think, without "inconvenience, meet the demand &c."

"I would however observe, "that what would most facilitate the

"the acquirement of carriage, would be "timely notice of intended movement being given to a Corps".

The compulsory System cannot be well avoided, although it may be considerably ameliorated; great hardships are too frequently experienced, from the ill usage the owners of the Carts Vcs. meet with from Officers and their Servants, and the delay which often occurs, in the adjustment of their hire, at the termination of the march, which makes them unwilling to go with Regiments, whatever may be the advantages held out, to obviate this, Commanding Officers of Regiments, should always be held responsible for their protection against ill treatment, and the adjustment of the hire might easily be effected, 3 days after the arrival of a Corps or Detachment, at its destination, by Commanding Officers being authorized on all such occasions, to draw, on their own receipt and responsibility from the Paymaster, a Sum sufficient for the purpose, as suggested by

Major

Major General Showers.-

In conclusion Major General Sir R. Dick K. C. B. and K. C. H. directs me to say that it does not appear to him, after the perusal of the several reports above referred to, either advisable or practicable, to lay down any precise Table, of the allotment of Carriage Vcs. for each Corps or Detachment, marching from Station to Station, and further that the exchange of Carts Vcs. at intermediate Stations, will generally be found altogether impracticable, owing to the men having no money to pay up the balance of hire due, and to make advances for the new Carts, besides being attended, with other inconveniences, which would invariably cause great delay, and are not to be overcome. All that appears necessary to be done, is, that Officers Commanding Regiments should, in all cases, where it may be practicable, give due and timely intimation to the Civil Authority

concerned

concerned / or, if beyond frontier to the Commissariat Department / of the probable quantity of Carriage &c. that will be required, for the Regiment or or Detachment about to march - and there is little doubt, that if a proper understanding was thus established between the Civil and Military authorities, much, if not all, the inconvenience complained of, would be completely removed -

Sir,

With reference to your Circular No. 1120 of the 8th May last and Extract from Minutes of Consultation of Government bearing date the 20th April, relative to the Supply of Carriage to Regiments when marching from one station to another, I have

have the honor to submit the required Statement founded upon the Several opinions of the Officers Commanding Regiments in the Southern Division, and subjoin a Table exhibiting the allotment of Carriage, having taken from the many Tables furnished, the average quantity of Carriage necessary for a Company and for a Regiment - Such calculations can however it must be obvious can never amount to more than an approximation to the real wants at the time which depends so much upon a variety of circumstances, that it is quite impossible to prescribe any rules by which a correct allotment can be fixed - Carts and Cattle of one Station or Province being both frequently of an inferior description to the same articles procurable at others - possibly at the very adjoining Station or Province, while the roads in one District are so excellent the very next execrable, as in the adjoining ones, Madura and Palamcottah, contingencies that must materially affect the number of

Carts

Carts that would be required.-

The allotment can therefore only be determined by one of two provisions- the one calculated upon the Carts and draught Cattle being all equal to the work they are expected to perform, and the other by giving a greater proportion when they are of an inferior description

The Collector is undoubtedly the proper person to procure conveyance for Troops marching and it ought to be left entirely to him- His power, particularly at Trichinopoly is nearly paramount, besides having the wide range of his District.-

I do not see that the present compulsory System can well be avoided, but it may be ameliorated: great hardships are too frequently experienced from the ill usage the owners of Carts meet with from Officers and their Servants, and in overloading the Bandies, and the dilatory manner in which their hire is

is adjusted at the termination of the journey, makes them unwilling to go with Regiments whatever advantage may be held out, protection against the ill treatment should, and I can imagine is, invariably afforded by Commanding Officers, who feel any interest in their Regiments, and respect for its character, and the adjustment of their hire, might easily be effected within three days after the arrival of the Detachment or Regiment at its destination, by Commanding Officers being authorized on all such occasions to draw on <u>his receipt</u> and <u>responsibility</u>, from the Paymaster, a Sum sufficient for the purpose-

The propositions to exchange Carts at intermediate Stations will generally be

be found impracticable ow-
-ing to the Men having
no money to pay up the
balance of hire due and
to make an advance

Sir,

I am directed by the Right Honorable the Governor in Council to forward to you for submission to the Government of India Copy of a letter from the Board of Revenue dated the 24th. 2. His Lordship in Council will observe that the advantages to be derived from the entertainment of the Establishment proposed for the conservancy of these Forests are chiefly prospective, and the Collector of Malabar thinks that moderate experience can alone decide whether they are worth the outlay.

Before submitting for the decision of the Government of India the recommendation conveyed in the foregoing Extract for the renewal of the Yeomiah allowances enjoyed by the late Syed Shaw Azaratoolah Caudry, and Sasha Sastroolo, the Right Honorable the Governor in Council desires that the Board of Revenue will call upon the Collector of Bellary to explain upon what authority, or under what circumstances he entered in the Certificate granted to the late inamedar individual the terms of Yeomiah as "Hereditary". His Lordship in Council observes

observes that in the explanatory Statement submitted to the Board by Mr. Chaplin, the Collector of Bellary, on the 22d of March 1813, the Yeomiah in question was described to be one of those "originally given by "Revenue Officers without authority, or "by Poligars before the resumption of "their Districts," and in his letter of that date, that Officer stated his opinion that, "all the Yeomiahs contained "in the List should be continued to the "present incumbents," and in the event of Lapses, each particular case would be hereafter submitted for decision, whether or not the allowance was to be hereditary.-

Both the Yeomiahs under reference appear to have been renewed but once by the British Government under the Sanction granted on the 27th August 1813, and adverting to the object for which they were nominally granted, Viz. "The Offering up of "prayers for the prosperity of the State," His Lordship in Council is of opinion that they can only be viewed as charitable

charitable grants for the support of the parties, and consequently, although occasionally renewed, always liable to resumption, or subject to gradual reduction at the pleasure of Govern-ment.-

2. As figured Statements so prepared frequently lead to most erroneous conclusions, and are valueless for purposes of comparison without explanation of the causes of increase or diminution of charges, I have entered in a column of remarks the cause of the apparently greatly enhanced charges of Collection in the Vizagapatam District for the last few years.

Submitting the information called for by the Board regarding the Collections of Revenues and the Charges of Establishments in the District of Bellary.

To,

The Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

Para 1. I have the honor to acknowledge the receipt of your Circular letter dated the 21st Instant, and to transmit a Statement No. 1 of the total Collections of Revenues and charges for Native Establishments prepared agreeably to the Forms annexed to the above letter.

2 Under the impression that the Board may possibly wish to have before them the particulars of the sums given in aggregate in the above account, I have also forwarded an Explanatory Statement No. 2 distinguishing therein the Kurnool Peishcush and the wages of the Servants in the Political Department of this Office, kept at Kurnool from those of the District, as they had always formed part of the Revenues and Charges of this Province. The Peishcush ceased to be recovered and credited in my accounts from Fusly 1249 in conformity with the instructions of the Board under date

Fort St. George 9th May 1842

date the 12th March 1840. The salary &c. of European Functionaries are likewise entered under a distinct head in the detailed Statement, that the Board if it was intended to have been included with the charges in Col. 3 of their Forms, may at once be able to add the amount. The Per Centage has however been given separately to render it useful in either case.

3. The reason of the Centage of Fusly 1246 being at C. Rupees 6-5-9 is because no Establishment of Sayer Servants was maintained. the Revenue from this particular source having been rented out in that Fusly.

Sir,

Para 1. As the meaning of the heading to Column 3 in the form sent to be filled up with your letter of the 21st Instant, is not quite clear, I have the honor to forward two Statements, the one shewing the sanctioned Mohunzabitah, the other the actual sums disbursed under the sanctioned Mohun=zabitah.

No 1

No 2

2.

Statement 2. The cause of the increase of expenditure from Fusly 1247 is that in that year commenced the execution of orders previously received for the collection of the Sayer under Amany, and for the charging the wages of Curnums under the Head of Land Revenue - A proportionate increase in the Collections from the same period is being perceptible from the Curnums Pharakd being incorporated with the land Revenue The increase of Charges above the sanctioned Mohunzabitah in Fusly 1247 is caused by the payment in that year of arrears on account of Curnums Wages.

From the Coll.r&c. of Rajahmundry- Submitting Copies of correspondance passed between the collector and his 4th Asst. regarding the punishment of the Sayer Servants of Peddapoor for their Misconduct in having occasioned certain loss of duty to Government, and requesting their orders on the difference of opinion on the subject-

Para 1. I have the honor to submit, for the consideration of the Board of Revenue, Copies of a correspondence with my Head Assistant on the subject of certain punishments proposed to be inflicted by him over three Servants of the Sayer Department as follows, under Regulation IX of 1822.-

2. The crime charged is having allowed a greater portion of goods to pass on Mauger Rowanahs, than Original Rowanahs, of the duty having been paid, had been issued for Regulation I of 1812, Section XVII, containing the different Provisions

Provisions for the guidance of the Sayer Servants in such cases:-

3. Of the loss of Revenue to Government in consequence of the misconduct of these parties, no doubt can be entertained, and their dismissal from their Situations &c. appears necessary, but though it may be inferred that they profited by their over-issue of Maugee Rowa-=nahs, it appears to me that more direct proof of their having re-=ceived the money is necessary to warrant a punishment to the extent proposed by Mr. Knox, though I consider it but just to that Officer's Zeal, in a case in which he is perfectly right, that loss has been sustained by Government, to submit our two opinions for the consideration of the Board:-

Sir,

Para 1- I regret extremely so soon again to have to bring to your notice the conduct of the Peddapoor Sayer Goomastah, his Predecessor and the &c. Madutgar, allowing a large quantity of Sugar, Jaggerry &c., to be passed in excess of the Original Rowanahs, the whole sum which it would appear from the accounts, has been lost to Government by their means, a/c. is Company's Rupees- 221-11-4. Total	221-11-4

2. Nothing could be elicited from the Merchants whom I examined, they denied all Knowledge of the transaction, merely Sending to get the goods passed as they co= required them. They further stated that they have at present no goods remaining by us.

as the Circar Accounts only Show that goods were passed in their names, but do not prove their actual participation in the business. I have allowed them to return Home, tho' there can be no little doubt of their criminality.- I trust however, the punishment lately inflicted on Cauky Rajalingum one of their Members, by the Criminal Court, will have a good effect.-

3. Extra Remarks have also been given on goods brought from other Zillahs as Set forth in Nos 2; and No 4. Contains a List of Rowanahs which have been received from other Zillahs, but are not now forthcoming, and consequently cannot be compared with the Accounts so as to enable us to judge of the Correctness of the entries.-

4 The Defence Set up by the Goomastahs and Madutgar, is, that in the hurry of business they gave wrong remarks on wrong Rowanahs, and they try to Show by the Accounts, that the Actual Amount

amount of goods only has been passed, their Abstract however marked 3, will Shew an excess of 421/2 Maunds Jaggery 164 1/4 Maunds Sugar, and as the Documents on which a deficiency is Shown, have not been taken up, there was nothing to prevent the Merchants using them to the full quantity noted.-

5. The late Goomastah had to pay Rs 28. 9 a. P. for two Similar offences in July and December 1841, and was removed from Peddapoor to Yermagoodem, but now that so large a loss on to Government has been sustained, I must recommend his dismissal, or removal, from the charge of a Cutchery. The present man went to Peddapoor, Knowing the cause of the former man's removal, and yet in December 1841, he runs into the same fault, and though then punished, continues in the same course up to the present time. The same remark applies to the Madutgar, who while in charge

Considering

5748 Fort St. George 9th May 1842.

3 Considering the guilt of the parties established you have proposed that they should be punished by dismissal, and the recovery from them, of the Sum lost to Government by their misconduct. With respect to the first part of this punishment, it appears perfectly correct and necessary, but for carrying the second part into effect, it appears to me requisite that the conviction should take place under the provision of Regulation IX of 1822, and Regulation VII of 1828, before it can be carried into effect; I therefore beg leave to return your Proceedings in order that if you are satisfied of the guilt of the parties, Sentences may be passed by you with reference to the Provisions of the above quoted Regulations, in the form in which such Sentences are required to be transmitted to the Board of Revenue.

I have the honor to acknowledge the receipt of your letter of 19th Instant, forwarding the sentences passed by you in the case of Party, Streenevasarow present Sayer Goomastah of Vernacondem and late Sayer Goomastah of Peddapoor, Vinjamunpaty Soobroidoo present Sayer Goomastah of Peddapoor and Calapatapoo Vejiahramiah Sayer Madelgar of Peddapoor under Regulation IX of 1822, but before passing my opinion on it as required by Regulation VII of 1828 Clause III, Section III, I beg leave to submit to your consideration whether you are satisfied that it has been proved that the parties actually received any money consideration for the excessive issue of Rewauds on certain documents, under which goods were held in store by the Merchants.

2. There is a point worthy of

of remark that though an excessive issue of Rewauds has taken place in some instances to the extent of Rupees 221-11-4, a decreased issue appears to have taken place in others to an extent of Rupees 187-10-11. for which no goods are forthcoming, so that a Moderate fine of ten or twelve Rupees each would cover the Government loss.

Sir

I have the honor to acknowledge the receipt of your letter of the 26th Instant, remarking on the guilt and punishment of the late Servants of the Choultry of Peddapoor.

The first point you bring to my notice is the proof of the parties

Having

having taken money or other consider-
ation for the excessive issue of
Maaffee Rawanahs - For this there
certainly is a want of direct
evidence tho' it is hardly probable
that a system of the sort could
have been pursued for so long
a time by persons who had
been warned of the consequences
had they not been great gainers
by the same - could I have im-
proved any embezzlement I
should undoubtedly have con-
sentenced them to a fine of
double the amount -

In Para 2d you re-
mark that a decreased issue
to the extent of Rupees - 187 - 10 - 11
has taken place in other Rawa-
nahs, but to bring out this
result they have had to check
on Rowanahs given in the con-
tinuance of several petty deal-

by me some time ago to see if the re-
small traders had any goods by them,
but his report has not yet been received -

I regret extremely to differ
from you in the extent of punishment
to be inflicted from the various enquiries
I have of late made I am sure that a re-
gular system of smuggling has been
carried on by these Merchants and con-
nived at by the Circar Servants - Directly
the late Sayer Gomastah was suspended,
Chanky Raja Lingum one of the men mentioned
in the List was seized smuggling a con-
large quantity of Jaggery from Juggumpettah

Darah Rajahmoney their would doubtless have been passed out covered by some of these Rowanahs under which a quantity less than that for which the Rowanah was given appears to have been passed although the Courts fine of 80 Rupees will tend to stop this practice, still I think it most desirable that the Government Servants should also be taught that it is more advantageous to act honestly by their employers than to listen to persons naturally anxious to avoid all payments that lessen their profits, I must also remark that had the late Goomastah entered each Inanfee Rowanah in a book under their respective Numbers as I directed him, he must have observed these malpractices.

From the Acting Coll.r of Guntoor.

Sir,

I have the honor to state of the information of the Board, the Circumstances under which I have deemed it necessary to suspend Bundaur Rajaswerrow Zufty Ameen of Rajahpettah on

on the 1st instant. This person was lately Ameen of Timmerecottah in the Paulnaud District, but as I found that Talook was in a bad state, and that the Ryots were deserting into the Nizam's Territories and other Tanahs and which I believe to be entirely attributable to his oppressive conduct, and gross irregularities I made him a Revenue Ameen in the Wafsered dy Estates, and restored to Timmerecottah an Ameen, under whom the Talook had formerly been much improved, and whose management had much approved when formerly in this district - I was more particularly induced to hurry on this Change in Consequence of my having received most credible information from several independent sources, that a few months ago, and while in Palnaud, Rajaswerrow had been guilty of a highly criminal offence in giving shelter and protection to some people of his Talook, who had Committed an extensive Robbery in the Nizam's Territories and putting off the parties from that side

who

who claimed his assistance as Head of Police, had actually himself received a large portion of the stolen Property - The new Head of Police, a most experienced and correct Officer, was particularly ordered to enquire into the circumstances and measures were taken to shift the matter thoroughly - as from his first report, full suspicion fell on Rajaswerrow. I ordered his suspension and forwarded him to Timmerecottah for examination, as from the distance of the place and the necessity of sending for the people in the Nizams Territories, it was absolutely necessary that a preliminary enquiry should be held on the spot - The Head of Police has now sent in his report and the record, which proves most criminal connivance on the part of Rajaswerrow - The whole Case has been called up for examination before the Magistrate, when the parties will be dealt with according to the Regulations and until these proceedings are completed

Rajaswerrow

Rajaswerrow must continue under suspen-
sion - other Charges have been preferred -
against him and which will be duly -
investigated --
