Sir

From the Collector of Chinglepat

Reporting on the Settlement of the Minor Shotriem of Ottoocandoo for Fusly 1262.

Parat I have the honor to forward the usual Statements explanatory of the Settlement of the Minor Shotriem of Ottoocandoo for Fusly 1262—

The particulars of the Settlement are exhibited in the margin and differ but little in comparison with those of Fusly 1261. The demand of the Fusly under report has been fully realized with the exception of a small sum of Rupees 3—15—0 due on account of Crops partially destroyed which being considered irrecoverable I beg to request sanction for writing it off the accounts. The Peishcush due to Government on the Estate has likewise been discharged

From the Collr. of Tanjore. Reporting upon the Settlement of the Gundracottah Estate in Fusly 1262.

Sir,

I have the honor to report upon the Settlement of the Gundracottah Estate in July 1262. The Statement that follows shews that the result of the settlement was an increase of Rupees 1206 over that for the previous Year. ...

Extra Sources -

The

Fort St. George 5th January 1854.-

The Village of Nyppogay which had been rented up to the close of Fusly 1261 came then under Amany, and in concluding a new rent it was found necessary to reduce the amount by Rupees 103 the late renter had suffered losses, and the circumstances of the Village were not such as to induce better offers than were actually obtained.-

The decrease in the putcut Villages was very slight, and calls for no particular remark.-

Of the 15 Villages which reverted to Amaunee at the commencement of the year one has been above accounted for, and the remaining 14 were rented to one individual for five years on the terms following for.-

Fusly 1262	Rupees	3544.
1263	"	3544.
1264	"	3632
1265	"	3721
1266	"	3810

The Ryots declined to rent their own Villages and the arrangement of giving the whole to one person was considered at the time the best that could be entered into.-

On

Fort St. George 5th January 1854.-

On the conclusion of this rent there remained no Amaunny Village in the Estate.-

The total demand on account of the current revenue was Rupees 20230, of which Rupees 18280 were collected within the year, and the subsequent collection of Rupees 551, left a balance of Rupees 1399. of this it is expected that Rupees 947 will be collected, and that the remaining Rupees 452 are irrecoverable, the latter sum is chiefly made up of items added to the demand by the late zemindar which were never collected under his own management and have never been prefsed since.-

On account of arrears Rupees 2474 were collected as the balance of former years, and Rupees 12218 as that of Fusly 1261, thus raising the total collections on account of current and arrears to Rupees 32,972.

The following is a Statement of the charges Amounting to Rupees 23837.-

The

The death of the Mother of the late proprietor on the 2d of January last caused a diminution in the Monthly charges to the extent of Rupees 11-4-. and an annual deduction of Rupees 135 will hereafter appear in the charges. of Rupees 1890 sanctioned for the cost of erecting a house for the Minor, Rupees 1689 only were expended and the balance of Rupees 201 remains at the credit of the Estate.-

The sum of Rupees 40 only appears as the charge for the temporary Establishment on account of the Amauny Villages, it was required only up to the Month of November, and the charges on account of it shew accordingly a decrease of Rupees 71.

The Storm of last March damaged the irrigation works considerably and I felt called upon to sanction an outlay of Rupees 1871 for their repair. the actual expenditure has been Rupees 1443.-

A Sum of Rupees 122 has been given for the further conduct of the suit which the Court are aware has been brought against the Minor.-

The sum of Rupees 350 sanctioned on the 25th of May 1852 for expences to be incurred

incurred on the occasion of the proprietors entering his new house, was duly spent, and Rupees 150 were given for the funeral expences of the late proprietor's Mother.-

The small Sum of 3 Rupees was found to have been owing since 1846, when it was advanced by the Police Ameen of Lengipuddy for the Keep of some horses belonging to the late proprietor, which were sent to Vellum to be sold, and this sum has been now paid from the Assets of the Estate.-

The Net receipts for the fusly under report were Rupees 9135 which added to Rupees 24000 already invested in Government Securities, gives a total credit to the estate of Rupees 33,135.-

It was made over to one Marooda Mootoo Pillay who has obtained a Rent of the same for 13 years, under the orders of Government dated the 27th May 1853 No. 573 conveyed by the Board's Proceedings of the 9th June 1853. Sufficient time to form an opinion of the management of the Renter has not yet elapsed.-

Vailoor Moottah 4. The Proprietor of this Estate, also a Minor by name Peroomal Naick and aged 17 years. The Estate was made over to his Brother-in-law Booma Naicken till he should come of age, under the order of Government dated the 16th August 1852. communicated by the Proceedings of the Board dated 23d Idem. No complaints of mismanagement have come to my Notice.-

will doubtless spring up and a Suit by one Sevasawmy Tavew for present possession is pleady before the Courts as reported to the Board on the 18th October 1853. Under their permission I have directed the Government Vakeel to file a Petition requesting that the Collector may be admitted as a Supplemental Deft. in order that the reversionary claim of Government may receive due attention. No order thereon has yet been passed.

6. The great defects of the Manager's administration are neglect of the sources of irrigation and irregularity in payment of the Salaries of Servants. It is also alleged but denied that large loans have been contracted and it is admitted that certain Maghanoms have been rented to Nuttoocotay Chetties for 10 years. From the subjoined Statement however these rents, if their amounts are truly stated would not seem disadvantageous.

7. The Manager is further accused of depriving parties of the Canal &c. and Umbalem Meraseis, of obliging them to sell and Mortgage them to him, of levying fine from Ryots and violently taking from them their lands. On these charges it is to be observed that the Magistrate and the Courts are open to complaints for any such acts of oppression and that some which have been brought and investigated have not been proved.-

8. The main point for the consideration of the Board is the neglect of the sources of irrigation. From this cause I have

It may be necessary to mention that since the date of my Report on the Jummabundy of Fusly 1261 Paras 53. and 54. The Agency† Zemindary has been taken under the Court of Wards, and the Errachekanaick Knoor Zemindary assumed as an Escheat to Government after the correspondence noted in the Margin.

Bd No. 3199
From the Collector of Tinnevelly
Reporting on Petition No. 40 of 1853 (or No. 1151 of 1853)

Sir,

Para 1. I have the honor to return Petition No. 40 of 1853 (or No. 1151 of 1853) bearing Endorsement of the Board dated 5th August and of Government dated 19th July last, and with reference to the latter to submit the following report.-

2. The allegations requiring notice on the present occasion in this Petition from me seem to be the following.-

That the Petitioner who was Head Shroff of Brummadasum Talook was unjustly held responsible for the loss of a bag of 500 Rupees out of a box of money despatched under his care and responsibility to the Talook from the District Treasury notwithstanding 1st that Petitioner on his arrival at the Talook examined the contents of the box in the presence of the Sepoy and Peons and having found them correct reported the circumstance to the Tahsildar

2nd

piece of Cloth attached to the lock of the box; and this is shown to have been the case in the instance in question and it is proved that the proper seals were found unbroken when examined previous to the opening of the box. Moreover had the Sepoys been witnesses to the Head Shroff's examination of the Contents of the box on arrival at the Talook they would not as they did have sought to turn the suspicion of stealing the bag of 500 Rupees upon the servants of the District Treasury.

4. Although it is true that neither the Tahsildar nor Shrozoondar were in the Talook Cutcherry when the Deputy Shroff examined the contents of the box, it is proved that a Tamil Gomastah, two Village Curnoms and the Sepoy on duty were near, and testified to the deficit of the bag of Rupees.

5. With respect to the punishment inflicted on the Tahsildar. It was the most severe I had in my power to award without referring the case before higher authority, a course which I consider it inexpedient to

to take excepting where I have reason to think misconduct has resulted from a premeditated intention to injure Government or the people. In this instance it appeared to me likely that the Tahsildar's neglect to examine the box of money on Monday morning arose from the absence of the responsible Shroff and his not feeling that it was worth while to send for him to his house two Miles distant for the purpose, nor have I seen reason to consider that the irregularity of allowing the box to be opened by the Deputy Shroff on the following morning and without himself remaining in the room arose from any more culpable motive.

6. The above explanation together with what is contained in my report to the Board of Revenue dated 25th October 1852 and the accompanying translations* of all the important documents connected with the case will I hope satisfy Government that the Petitioner having very grossly betrayed his trust in not having

bassing properly secured the box when it was delivered to him at the District Treasury by so protecting the lock with a cloth or bag as to render the use of a false key impossible, without certain detection by not accompanying it, and seeing from time to time that it had not been tampered with, and by not giving his attendance at the Taluk Cutcherry at least on the Morning following the arrival of the box to make over charge of it to the Tahsildar, was justly held responsible for the loss of the bag of 500 Rupees and considered undeserving of future confidence.-

7. With respect to the Tahsildar I have only further to notice that he has just been degraded by permission of the Board to a lower place on account of general inattention error and negligence in the performance of his duty.-

Fort St. George, 5th January 1854.

Silamanny came to me, at 8 Oclock P.M. on Sunday the 29th idem, the time at which I returned to the Cusbah from Cuddalacoor chy and reported the arrival of the Cash Chests, as it was then night I ordered them to place the chests as usual in the Sa: look guard- On the following day Mon: day the 1st Instant I having been engaged in holding an inquest on the Corpse of a woman who had met her death by falling into a well at Solapurum in Ambasamoo: drum, attended Office only this day and on ex: amination of the Money ingression found 1 bag out of the 13 bags entered in the list received from the Puzzoor treasury, containing 500 Rupees missing. I made enquiries from the Shroff Sepoy, and others on the subject. The Shroff states that on the 28th February he delivered at the Poozzoor Treasury to the care of the said Sepoy and peon the 13 bags in question and sent them in with the bags deposited and locked up in Chests. The Sepoy admits that he accordingly saw the 13 bags of money to be then right and took them in a Bandy after they were deposited in Chests and locked

locked up, to the Nellaumbalum Salook guard that day and carried them on the next day. The peon and Cavilgar who accompanied the Sepoy being now absent, orders have been given for their attendance.-

The padlocks of the chests ought to have been entirely covered with cloth and then the Seal of the Treasury affixed to it, whereas a piece of cloth has been only fastened over the key hole of the padlocks and the seal applied to it, consequently, the cloth fastened over the key hole could have been removed and the lock opened.

These circumstances lead me to the conclusion that the locks of the padlocks have been opened with a false key and locked up again after the bag in question had been made away with, and the cloth bearing the Seal replaced either at the Nellumbalum Salook, where the Cash Chests were kept, or in the way, or at this Salook Treasury. The other bags were opened and the Coins found on examination to be all right with the exception of the 500 Rupees in question. The money has been accordingly brought

brought to account in the Chittah. I am making enquiries from the Sepoys Vau of this Talook and using every endeavour to discover the lost money - I request that orders may be sent to the Nellimbalum Tahsildar directing him to make enquiries about the missing money from the Sepoys Vau on guard over this Talook Treasury. I have also made a communication to that Tahsildar on the subject - I beg instructions whether I am to disburse the sum, shroffed and entered in the Chittah as above, on account of Maramut works or to post it pone doing so.—

Enclosure No. 2

Translation of an Orders No. 95 issued by the Sub Collector of Tinnevelly to T. Soobba Row Tahsildar of Peermadasum Talook under date the 3rd March 1853.

On reference to your Purzee No. 880 of 2nd Instant stating that out of 13 bags containing Money to the extent of Rupees 4100 transmitted on account of the Maramut works of the Talook one bag contaning 500 Rupees was missing it appears that some missing it appears that some is wanting you are therefore directed to explain the following points Viz.— Whether did the Shroff after packing the Money received from the Treasury, count them /bags/ to the Sepoy before depositing them in chests or after doing so? Whether did the Shroff, Peon, and Sepoy yea accompany the Money or go before or after it. Who carried the Key of the box? was the Seal to the Cash Chests broken and the Money examined in your presence or in that of the Moozoomdar? or did the Shroff himself open and examine the Money? if so, which Shroff did so? was the Seal right when so examined or was there room for suspicion? was the seal broken and Money examined in the presence of the Sepoy and Peon yea that brought the Money from the Treasury?

As your Purzee under reply does not contain

Contain the above particulars, you are not only required to report on them by return of post but are also yourself responsible for it. Hereby you are directed to use your best endeavours towards the speedy detection of the lost Money and to report on the discovery accompanied by documents. You are further required to report immediately whether the Sepoy Yea of your Talook who escorted the Cash Chests were jointly on duty over the Chests with the Sepoys of Nelliambalum Talook when the boxes were placed under the Cattle's charge or first delivered the Chests to the Charge of the Nelliambalum Sepoys and then took them back from them when they set forward therefrom. Besides this you are further to inform this Office chiefly whether, in the event of any false Key appearing to have been made use of there is any mark on the outside of the lock left by the false Key not fitting the Key hole of the lock.

Translate of a Tahreed issued by the Collector of Tinnevelly to Soobba Row Tahsildar of Sherumadavanum Talook under date the 5th March 1852.-

Your Urzee No. 88 to the address of the Sub Collector stating that out of Rupees 4100 transmitted in bags on account of Maramut works, one full bag containing 500 Rupees, has been on examination at the Talook found missing/ was received at this Office enclosed in a Yadast from the Sub Collector - From which latter it appears that an order has been also issued to you from that Office on the subject - Therefore you are not only directed to give without loss of time your answers to the Questions proposed therein, but also to explain the cause of your not having immediately reported to me the case which is a matter of great importance relating to the Circar Money - You have however stated in your Urzee that on your return from Culladeroody to the Cusbah at 8 O'Clock P. M. on Sunday the 29th February the Peon and others came and reported to you the arrival of the Cash Chests from the Hoozzoor Treasury that as it was then night, you ordered the Chests to be placed as usual in the Talook Guard and that on the following day the 1st Instant you were engaged in holding an inquest on the Corpse of a woman who met her death by falling into a Well at Soolipooram in Ambasamooderum and when you attended Office on the 2nd and examined the

the Money you found the said deficiency - Either you or the Moozoondar ought to have examined the Money and entered it in the Chittah immediately on the receipt of the same from the Hoozzoor Treasury. But on the contrary you have been careless and gnew the vain excuses stated above. From which it appears that what has happened is solely attributable to your negligence. Therefore you will have to become personally responsible for the Money. Possibly the Money might have been made away with while in charge of the Talook Guard. You are therefore directed to institute proper enquiries on the subject from those Talook Sepoys &c who were on duty over the Cash Chests and to bring the matter to light by all means and to report to Hoozzoor the result of your enquiry together with the records of the case.

Further you have stated in your Unjee that on enquiry from the Shroff and others who had been to the Hoozzoor Treasury, the Shroff states that on the 28th February he delivered at the Hoozzoor Treasury to the care of the Sepoy and Peon the 13 bags in question deposited and locked up in Chests and their sent them on. From this it is clear that the said Shroff did not accompany the Cash Chests. As the Shroff is responsible for the Money from the time he received it at the Treasury he ought to have

accompanied

accompanied it to the Talook and given over due charge of it - Such neglect of duty on his part renders him to be considered to be the Author of the fraud in question. He will therefore have to become chiefly responsible for the amount lost. You are directed to inform this to the Shroff, make minute enquiries on the subject and report the result soon to the Hoozzoor

Translation of an Unjee addressed to C. J. Bird Esqre Collector of Tinnevelly by S. Soobba Row the Tahsildar of the Ettayapooram Talook under date the 2nd March 1853.

Agreeably to your honor's orders Nos 5 and 6 in the Manamut Department directing me to send for from the Hoozzoor Treasury the sum of Company's Rupees 1100 on account of the estimate framed by the Talook Servants for the ordinary Manamut of this Talook and Rupees 3000 on account of the works estimated for by the Assistant Civil Engineer, I prepared a receipt for

for the total sum of Rupees 4,100 and a Yadast to the Treasurer giving cover to it and delivered them on the 25th February to the joint charge of the Head Shroff by name Rama Kristna Chetty, Sepoy Nullapennal and Mahomed Gows revenue peon No. 12 with directions to proceed to the Huzzoor Treasury and draw the Money above referred to there from. The aforesaid peon and Sepoy accompanied by the Guard Naigue by name Syed Silamun came to me at 8 Oclock P. M on the 29th I drew the time at which I returned to the Cutcherie from Culladeroorchy and reported the arrival of the loaded Chests. As it was then night I ordered them to place the Chests as usual in the Talook guard. On the following day Monday the 1st Instant I having been engaged in holding an inquest on the corpse of a woman who had met her death by Falling into a well at Solapooram in Ambasamooram Drum attended Office only this day and on examination of the money in question found one bag out of the 13 bags entered in the list received from the Huzzoor Treasury

containing 500 Rupees to be missing. I made enquiries from the Shroff, Sepoy, and others on the subject. The Shroff states that on the 28th February he delivered at the Huzzoor Treasury to the care of the said Sepoy and peon 13 bags in question and sent them on with the bags, deposited and locked up in Chests. The Sepoy admits that he accordingly saw the 13 bags of money to be there right and took them in a bandy after they were deposited and locked up in chests to the Nelliambalum Talook guard that day, and carried them on the next day. The peon and Cavilgar who accompanied the Sepoy being now absent orders have been given for their attendance.

The padlocks of the chests ought to have been entirely covered with cloth and then the Seal of the Treasury affixed to it, whereas a piece of cloth has been only fastened over the Key hole of the padlocks and the Seal applied to it. Consequently the cloth fastened over the Key hole could be removed and the lock opened. These circumstances lead me to the conclusion that the locks of the padlocks have been opened with a false Key and locked up again after the bag in question had been made away with and the cloth bearing the Seal replaced either at the Nelliambalum Talook where the

the Cash Chests were kept, or in the way, or at the Talook Treasury. The other bags were opened and the coins found on examination to be all right with the exception of the 500 Rupees in question The Money has been accordingly brought to account in the Chittah.

I am making enquiries from the Sepoys &c. of this Talook and using every endeavours to discover the lost Money I have made a Communication to the Nelliambalum Tahsildar desiring him to institute an enquiry on the subject from the Sepoys &c. composing the Treasury guard of his Talook. I have also addressed an Anzee to the Sub Collector requesting him to have orders sent to the Nelliambalum Talook on the subject and soliciting instructions as to the disposal of the Money credited in the Chittah as aforesaid i.e. whether I am to disburse the Sum on account of Manamut works or to postpone doing so.

On the receipt of your Anzee regarding the loss of a bag containing Rupees 500 being a portion of Rupees 4,100 sent from the Auzzoor Treasury on account of the Manamut works of your Talook to be performed in the Current year, Orders were sent under date the 3rd Instant to yourself, to the Tahsildar of the Nelliumbalam Talook and to the Auzzoor Treasury directing each to make a proper enquiry into the case and report the result to the Auzzoor Accordingly their reports on the Subject have this day been received But you have not in obedience of that order made an enquiry into the case and reported the result while so you have repeated your request in your Manamut Anzee No. 10 dated

dated the 5th Instant that orders may be given you as to the disposal of the remaining Sum. As you are thus addressing useless Urzees without replying to the orders issued to you on the subject suspicion attaches to you. Besides no harm is to be apprehended by the delay of 2 or 3 days in distributing the money for the works that are to be executed in about 3 Months. You are therefore directed to postpone the distribution of the money until further orders - You are further directed to furnish proper answers to the orders sent to you under date the 3rd Instant immediately on the receipt of this orders.

Encl. No 6

Translation of a Yadast addressed by the Sub Collector to the Collector of Tinnevelly under date the 8th March 1852

The Sub Collector begs with reference to his yadasts Nos 43 and 45 dated 3 and 6 Instant respectively on the subject of a report from the Bremmadasum & Tahsildar stating that a full bag containing 500 Rupees was found missing from the money received from the Kuzzoor Treasury on account of the Maramut works of his Taluk for the current year to forward the Bremmadasum Tahsildars Urzee No 93 together with 20 documents received therewith shewing the result of the enquiry instituted into the matter in question by the Tahsildar, as also 10 depositions taken before the Sub Collector at Ambasamoodrum whither he went to enquire into the matter and to state that the persons in fault may be known by a reference to the documents. The Tahsildar requests that the Nellum-balum Taluk Sepoys and the Treasury Mapalgee Punakken &c. should be examined in the case but the Sub Collector begs to leave that point to be decided at the Collectors discretion. The

Fort St. Georges 5th January 1854

The Sub Collector showed the boxes in which the money in question was brought to the Veyzoor Treasury Deputy Shroff Ramalingum Chetty and Gollah Peon Sunkaralingum who were sent for examination and questioned them to describe the manner in which they were sealed. From their replies it appears that no cloth extending from the lid to the box were fastened to the box on both sides of the Padlocks which were also not put in a leathern bag or covered completely with cloth a piece of cloth only having been fastened over the Keyholes of the Padlocks and then sealed. The Sub Collector on inspection of the Padlocks found that several keys may fit them. Therefore he is of opinion that unless the Boxes were sealed as above described the boxes are no better than open boxes though they were locked. Besides this the cloth fastened over the Key holes appears on examination to be susceptible of removal without injury to the seal applied to it and the locks to be easily opened and locked again. Therefore the Collector is requested to punish those, who are guilty of negligence in this respect as he thinks proper, and to inform the same to the Sub Coll.r

Fort St. Georges 5th January 1854.

Moreover the Sub Collector begs to state that as the Treasury Seal over the Cloth which contained the Keys of the said boxes was right when the Tolook Deputy Shroff saw the same on the 2d March it appears that he who played the trick might have opened the boxes with a false Key.

Translation of an Arzee addressed to C. Whittingham Esq.re Sub Collector of Tinnevelly by S. Sooba Row Tahsildar of Dremmadasum Talook under date the 7th March 1853.

I beg to acknowledge the receipt of your Dated 3d Instant honor's order No. 95 directing me to furnish certain information on the subject of one bag containing 500 Rupees found missing at the Talook out of Rupees 4100. 13 sent from the Veyzoor Treasury packed in bags and accompanied by a Statement of Coins and to state that the information required is as follows, Viz.t,—

Questions	Replies

goes and the Shroff Ramakristnen Chetty it appear that the Shroff first placed 8 bags in one box and 5 in another at the Treasury and counted them to the said Sepoy and Peon by taking in hand 4 of the 8 bags in the one box and then placing them upon the other 4 bags already deposited in that chest, and the other 5 bags as they were kept in the Chest but the Shroff appear to have neglected to apply the Seal carefully himself as he ought to have done having employed a Sweeper of the Treasury to do so.

It appears from depositions taken in the case that the Peon Sepoy and Cavulgar as well as the driver of the Cart accompanied the money but that the Shroff was coming behinds instead of bearing them company that they stopped at the bandy on the road near Cullaut and Mahomed goes the Peon with whom were 2 Cavulgars went in the Cart whilst the Sepoy and the other two Cavulgars went to the Channel to take their

meals and that on their return they set forward again on their journey. The Keys of the Boxes were fastened with a Cloth sealed and given by the Shroff to the Peon, who have produced at here.—

3. When the boxes arrived at the Talook was the Seal broken and Money examined in the presence of the Tahsildar or Moozoomdar or did the Shroff himself do all that. Was the Seal then right or suspicious and was the Seal opened in the presence of the Peon and Sepoy who brought the Money?

A person reported to me that the Varaimut Money has arrived at the Talook on the night of the 29th On the following day the 1st March I was engaged in holding an inquest over the corpse of a Women who came by her death by falling into a well at the cucheri and the Shroff who went to bring the Money did not present himself that day I was therefore unable to examine the Money that day I attended Office on the 2d the next day but as the Shroff did not attend that day also I sent a Peon for him and ordered the Deputy Shroff to examine the Money after satisfying myself as usual of the correctness of the Seal On examination one bag was found missing. Immediately the Seals

seals applied to the boxes and the key were inspected, but no difference was discovered If there had been any thing unusual about the seal the examination would have taken place in the presence of the Peon and Sepoy who brought the money, but as such was not the case and as the Peon and Sepoy were then absent the seals were broken without their presence.—

4 Were the Sepoy and others of the Brammadasum Talook jointly on duty with those of Nellumbu lum Talook over the Cash Chests in question when they were placed in the guard of the latter Talook.—

It appears that of the two servants of this Talook, Viz:- a Peon and a Sepoy the Sepoy Nulla permal went off to his house at Tinnevelly in consequence of belly ache with the permission of the Nellumbalum Havildar and the Peon also after having kept watch till 9 O'clock that night lay down in the Nellumbalum Talook Cutcherry and thus both were not on duty with the Nellumbalum Sepoys On the morning of the next day they took the chests from the Nellumbalum Talook guard and carried them on

5 Had the Padlocks been opened with a false Key is any mark of the false key not having fitted the lock visible about the key hole.—

No such marks are visible As soon as I was informed of the missing of the money I procured the attendance of the Shroff his Goomastah, the Peon Sepoy Cavulgars and the Driver who came with the money and asked them to speak the truth by promises and intimidations, but they laid great stress upon the state of the Seal and declared that they know nothing of the matter The houses of the Sepoys We were examined under a warrant issued according to Regulations but nothing was found Thinking it possible that the bag of money might have been concealed by somebody I ordered a search to be made in the Channel wells Ponds thicket of Palee Trees and in similar likely places outside the Cutcherry but in vain nothing having been discovered.

I am given to understand by the Peon that took a communication from me to the Nellumbalum Tahsildar that the Sepoys of that Talook have deposed before the Tahsildar that the Cash Chests

Chests in question were placed on their guard after the Seals were first shown to them and taken back on examination of the Seal Had there been any suspicion in the Seal the Peon and Sepoy of this Talook would not have quietly resumed charge of the boxes and a dispute might have ensued there As the bag has been stolen so artfully that no suspecion of fraud might be detected from the Seal or other outward appearances the Sepoy and Peon of this Talook may have received back charge of the boxes and brought them on without knowing what might have happened & consequently there is room for those Sepoys to speak in exculpation of themselves & Those Sepoys and the Sepoys here state what they like in their respective Talooks This is not right. Therefore the Sepoys of the Nellore Palum Talook and the Sepoys and Peons of this Talook should I think be confronted and examined to bring the theft to light I therefore request that those Sepoys be ordered to present themselves before me Moreover I am of opinion that the Keys of hand cuffs for prisoners and other Keys in the custody of that Talook guard should be examined to see whether they will fit the lock of the box

box from which the Money in question has been Stolen I therefore request that those Keys also may be ordered to be sent to me.

It has further been discovered that the Shroff employed a Sweeper of the Huzoor Treasury by name Ponnen in Sealing the treasure boxes I beg that the Sweeper also be sent to me for examination Had the head Shroff covered the padlocks of the Boxes completely with cloth as was his duty and Sealed them carefully there would have been no opportunity for the commission of the theft On the contrary as he has only fastened a cloth over the Key hole of the Padlocks and Sealed them in a careless manner and further has not as usual accompanied the Chests it gave room for the removal of the Cloth with the Seal over it and to open the Boxes Besides this the Keys of all Cash Chests are of one and the same description & consequently all the Treasure boxes can be opened with a single Key This therefore afforded a facility for opening the boxes in question with another Key.

As

Fort St. George 5th January 1854

As the Shroff who received the Money at the Treasury is answerable for it till he brings and delivers over Regular Charge of it to me as he has failed to & apply the Seal carefully and to & accompany the Money and & as he further went away on the day succeeding that on which the Money arrived without coming to me to have the Money examined he must primarily be held responsible for the Money I therefore request & permission to collect the Money from him and & in view to the & discovery of the theft to order the transmission of the before mentioned persons to me.—

I am extremely anxious for the discovery of the Money and I am & using all the requisite endeavours for the same having been chiefly engaged in this Town not able to answer the order under reply without delay.—

On examining the Sepoys of this Tulook Shaik Mahomed who was

Fort St. George 5th January 1854

were on guard over the Talook Treasury on the night of Sunday the 29th February has stated that the Sepoy whom he relieved went away without telling him what hour should then he struck that he immediately went to his lodging in the Mattum & near the Cutcherry on the east side but could not find him there But that Sepoy Mohomed Khander states in his deposition that he did sleep there Hence suspicion attaches to the latter.—

The Peon entrusted with a warrant to search the Sepoys houses has made a return stating that 3 whole Rupees were found in the house of Nullapermal and that the Money is stated by his wife to have been the sale proceeds of threads spun by her and accordingly produced the Rupees As the Amount is trifling it may perhaps be as stated by the woman

Fort St George 5th January 1854

woman. However I have secured the 3 Rupees in a Cloth and kept it in deposit in the Talook guard.—

The record connected with the case as well as the Padlock Keys, Cloths bearing the Seals and 4 Keys of Padlocks of hand cuffs to try whether they fit the Padlocks of the Cash Chests are herewith forwarded with a list The documents are sent inclosed with the Anzee and the Padlock Keys Vizt in a separate parcel Sealed.—

Translate of a Deposition given on the 1st March 1852 before S. Soobba Row Shaildar of Bremmadavem Talook by Ramakristnen Chetty the Head Shroff of that Talook.—

Q In the amount of Marahmut money now received from the Huzzoor Treasury one bag containing Rupees 500 is missing? What say you to this?

A As soon as I received your orders with a receipt for the Marahmut amount I proceeded to the Huzzoor Treasury gave your Yadoost and receipt and accordingly received charge of Rupees 4100 on Saturday the 28th February last in the following Coins Vizt:—

Particulars of Coins

Whole Rupees	2450
Double annas 800 equal to	100
½ Rupees — 2000 — Do	1000
¼ — Do — 2000 — Do	500
½ anna — 1600 — Do	50
	4100

The above sum of Rupees 4100 was packed in bags as follows 5 Bags containing

containing 2550 were deposited in one chest
of which 4 bags contained whole Rupees
2000 and in the remaining one bag 800
Double annas equal to Rupees 100 and
450 whole Rupees were packed In
the other Chest 8 bags containing
the remaining sum of Rupees 1550 were
deposited as follows Viz.t —

2 Bags containing 2000 ½ Half Rupees equal to Rs. 1000
1 Do. — Do. — 2000 ¼ Quarter Rs. equal to Rs. 500
5 Do. each containing 320 half annas pieces
equal to 10 Rupees & amounting in
the aggregate to Rupees — 50
Total 8 Bags — 1,550

Thus the whole amount of Rs.
4100 was packed in 13 bags deposited
in 2 Chests at 5 bags in one & 8 in the
other and delivered over counted to
the Sepoy Nullapermahl and Poon Mohammed
gonee I then sealed the Keys of the chests
and gave them to the charge of the
said Poon On the following day the Sepoy
and Poon took the Chests as usual to the
Nellaimbalum Talook Guard and brought
them on to this Talook on the 3d day &
yesterday the 1st Instant the Tahsildar
having been engaged in making a
Police enquiry at the Cutcherry the
Chests were not opened This day the
Deputy

Deputy Shroff opened the chests by order
of the Tahsildar and told me on
my attending the Office that a
deficiency of one bag has been found
in tale there having been only 4 bags
in a Chest in which 5 bags are said
to have been deposited whilst the
8 bags deposited in the other Chest
are right On examination I found
also the same deficiency of one bag
and immediately informed it to the
Tahsildar as well as the fact of my
having delivered over the 13 bags to
the Care of the said Sepoy and Poon at the Huzzoor Treasury The
Tahsildar also Counted the bags
and having found one bag missing
sent for the Sepoy who received Ch
charge of the 13 bags at the Huzzoor Trea-
sury and asked him about the missing
of 1 bag He said that there are only 12 bags
now and one bag is missing This is all. —

2 Might any bags have been mislaid by
over sight while receiving charge of the money at
the Huzzoor Treasury Had the whole Amount been
received and sent packed in bags what would
have been the Cause of the loss of one bag. — 2

A No bag has been missed by oversight
at

at the Huzzoor Treasury and had that co
been the case the Sepoy and Peon co
would not have taken charge of
13 bags

2 When the money in question
was disbursed at the Huzzoor Trea
sury was money issued to any other
Talooks also if so may the begin
question have been included with
it through oversight.—

A On the 28 February the date
on which the money was issued
to this Talook money was disbursed
also to Streeveyoontum Talook an co
account of Imarahmut works This money
was not taken away mixed up co
with what was sent to that Talook

2 You ought to have wrapped
the padlocks of the Cash Chests
a cloth and then applied a co
seal to it but you have on the contrary
fastened a piece of cloth only over their Key
holes and sealed it state what made you
to do so.?—

A I asked for cloth in the Treasury
but could not get it there I therefore fastened
a piece of cloth I had over the Key hole
as

as stated above and applied the seal
to it This has been the Custom observed
when there were no Cloth.—

2 Whose duty is it to apply
the Seal.—

A To apply the seal carefully
is my duty.—

2 If so why did you not
Carefully Cover the padlocks with
a Cloth and then Seal and send them.—

A As I could not get Cloth co
I carefully fastened a piece of Cloth over
the Key-hole and Sealed it.—

2 After you received the Money
at the Treasury Counted and packed it
in bags did you Count the bags to
the Sepoy and Peon as you placed them
in the Chests or before placing them?—

A I counted the bags to the Peon

they received charge of them accordingly As
8 bags were deposited in one Chest I took Cont
4 of them and on Counting the other 4 bags co

Translation of a Deposition given before C. Whittingham Esqre. Joint Magistrate of Tinnevelly under date the 8 March 1852 by Ramalingum Chitty Deputy Shroff of the Kuzzoot Treasury.—

State particularly what has occurred in the Case of Maramut Money joined to Brammadasum Talook in the current year.—

On the 28th February last at 1 Oclock P. M. the Head Shroff Ramakistnen Chitty one Sepoy and one Peon whose names are not known / of the Brammadasum Talook came to the Kuzzoot Treasury and asked for the Maramut Money The Kuzzoot Treasurer addressing the Goomastah Narayana Row ordered the disbursement of the Maramut Money to the Brammadasum Talook after deleting the same in his accounts Accordingly the said Goomastah having entered the amount in the Chittah dictated the particulars of Coins to the Golleh Peon Sungalingum who wrote them on a Cadjan leaf and informed the same to the Head shroff Balasawmy Chitty and

and myself Immediately we received the Cadjan note and referring to the amount Viz. 4100 entered in it sent for the Talook shroff Ramakistnen Chetty and disbursed to him the amount as follows.—

2000 — " — New Company whole Rupees in 4 full bags

450 — " — Do. in a separate bag

1000 — " — Do. of 2000 half Rupees in 2 bags

500 — " — New Company 2000½ Rupees in 1 bag

100 — " — Do. of 800 double annas.

50 — " — Do. of 1600 half anna pieces in 5 bags

4100 — " — Total Rupees in 13 bags.—

The double annas were put in the bag containing 450 Rupees I delivered the Coins as above to the shroff Rama Kistna Chitty who after Counting and seeing that the money was all Correct put into each bag a small note and with Copies of those Notes in his hand kept for Compansen with the account of the Hindoony Goomastah informed the Head shroff Balasawmy Chitty that he examined the particulars of Coins and wanted seal and sealing wax Immediately the latter sent word to the Treasurer by a Golleh Peon and got

got him the Seal together with the Sealing wax Whereupon the said Rama Kistnen Chetty having Sealed the 13 bags desired the Peon and Sepoy who came with him to inspect the Seal applied by him to the 13 bags and then went to the Hindoovy Goomastah Narayana Row and Compared with his accounts the description of Coins received by him subsequently the shroff of the said Talook desired me and the Head Shroff Chettyar to count the number of bags and see if they were right before he deposited them in the 2 Chests Immediately I told the Gollah Peon Sungaralingum to see if the number of bags and the Statement of Coins were right afterwards the said Rama Kistnen Chetty counted down the bags in our presence to the Talook Sepoy and Peon and then deposited them in the 2 boxes and after locking and Sealing them went again to the Hindoovy Goomastah Narayna Row and affixed his signature to the Ramanaputty

The

The Sepoy and Peon also signed the paper in question subsequent to this the Talook shroff received the State ment of Coins to be taken to the Talook and produced it to the Head shroff Chetty who signed it He then took it to the Treasurer and said that he had received the Varaunt money in different Coins to the amount of Rupees 4100 packed them in bags and deposited in boxes and sealed both the bags and boxes and therefore that order should be given to allow the boxes to be taken away accordingly the Treasurer having given orders to the guard Sepoys to that effect the Cavilgaro who came with the shroff Peon and Sepoy carried away the boxes escorted by them at the time I gave the money to the said shroff that day it was about 3 oClock P. M. and when they conveyed the money boxes out of the office it was about 4 in the evening.

2 Before the said description of Coins were delivered to the care of the said Rama Kistnen Chitty did

did you count them yourself.—

A Yes we did so

2 Before disbursing money to the Talook shroffs &c. is it customary for you all to take money from your boxes and count them down?—

A It is our custom to count down only small Coins and not the whole Rupees which we give by bags. The bags Containing the whole Rupees are usually weighed before they are disbursed.—

2 In what part of the Treasury were the boxes in question before they took them away?—

A They were by the side of the black Cumlies we sit upon.—

2 Did you see with your own eyes when the 13 bags in question were deposited in the boxes by the said Rama Rastnen Chitty.—

A Yes I have seen.—

2 Did you see the boxes sealed after the bags were deposited in them?—

A I saw the said shroff sealing those boxes with my own eyes

I.

2. I came this morning to the Premiendasum Talook Treasury shewed you the boxes in which the money is said to have been brought and asked you to describe the way in which they boxes were sealed To which you replied that after the boxes were closed no cloth extending from the lid to the box were fastened over each side of the Padlocks and sealed and that after the padlocks were locked they were not covered with bags but that a piece of cloth was only fastened over the keyholes of the padlocks and sealed in the manner now described and shewn by you State what is the Cause of the boxes not having been sealed so as to make them secure by fastening a piece of cloth extending from the lid of the box, or by securing the padlocks in a bag?—

A In some Talooks the padlocks are enclosed in a bag and sealed in some they are

wrapped up in a piece of Cloth and sealed and in others a piece of cloth is fastened over the Key hole of the padlocks and Seals applied to it Besides my duty is only to count down the money to the Care of the Talook shroff Vs. whose duty is to apply to the Treasury Head shroff Vs. and obtain all every thing necessary for the Security of the boxes The said Ramakistnen Chitty neither asked for a bag Vs. nor was any thing of the kind given to him.—

2. State particularly what has taken place in the issue of Maramut money to the Brammadasem Talook in the current year:-

A. On the 28th February last Ramakistnen Chetty the Head shroff of the Brammadasem Talook came with a Peon & Sepoy whose names I do not know & asked the Huzzoor Treasurer about the Maramut money. The Treasurer called Narayana row who keeps the Account of disbursements & told him to enter the Maramut money asked for in the Accounts as issued and then pay it accordingly the goomastah debited the sum in the Account and dictated to me the particulars of coins which I entered in a Cadjan & gave to the Head Shroff Balasawmy chettyar & Deputy shroff Ramalingum Chettyar. They Ordered me to bring the bags accordingly which I did. The two Huzzoor Shroffs in question examined the Money then called the Head shroff of the Brammadasem Talook read over to him the entries in my Cadjan

not and then delivered to him the bags accordingly. These bags Amounted to 13 in Number. The Taloor shroff after examining and weighing the money asked the Huzzoor Treasury shroffs to give him for the purpose of sealing the bags, sealing wax, & the seal. Immediately they gave the Treasury seal & wax & told me to see if the bags were all right. I did so - afterwards the Taloor shroff affixed the seal to the bags, counted them to the Peon & Sepoy who came with him & then placed the bags in 2 Chests locked them & applied the seal over the locks also afterwards he / the Taloor shroff / compared his Cadjan Statement of Coins as received by him with the entries in the Chittah made by the Treasury Hindoovy Goomastah Narayana row & then signed the chittah himself, as well as the Sepoy & peon who accompanied him & afterwards took the signature of the head shroff to the Hindoovy list & then he / the shroff & the Peon, & Sepoy took the 2 Chests and went off. - Particulars of Coins Composing the 4,100 Rupees are as follows; Viz^t. -

2. I came this morning to the Bremmadasem Taloor Treasury, shewed you the 2 boxes in which the money is said to have been brought & Desired you to describe the way in which they / the boxes / were sealed; To which you replied that after the boxes were closed no cloths extending from the lid to the box were fastened on each side of the padlocks & sealed. & that after the padlocks were locked they were not covered with bags but that a piece of cloth was only fastened over the Key holes of the padlocks & sealed. state why the boxes were not sealed so as to make them securely by fastening a piece of cloth extending from the lid to the box or by securing the padlocks in a bag.

A.

Fort St. George 5th January 1854.-

A. The Talook shroff ought to have made the necessary bundobast.

2. Is it not usual to apply the Treasury seal to the boxes if so, how can you say that it is the business of the shroff to do so..

A. It is customary for the Talook servants to bring leathern bags from the Talook & to secure the padlocks in them & them to seal them. In the present instance the Brenmadasem Talook shroff did not bring those bags consequently he fastened a cloth over the Key holes & sealed it.

2. Did you see with your own eyes the Brenmadasem Talook shroff putting those 13 bags in the said boxes & locking them & then fastening a piece of cloth over the key holes & sealing them.-

A. Yes, I did.

2. Is it usual for the people coming from the Talooks to apply the Treasury seal to remittances going to Talooks. & do the servants of the Treasury do that?

A. If shroffs come from the Talooks they apply the seal, if Peons & Sepoys alone come, the Servants of the Treasury do that

A. He was also with us.
Q. You have heard read over to you the deposition given by you before the Tahsildar. Is it right?-
A. Yes it is right.-
Q. When the said Money boxes were brought down to the Talook Treasury at 6 Oclock in the evening of the 29th February last did the Peon Mohomed Gause deliver the Keys of the boxes to you.-
A. Yes he delivered the Keys to me at the same time he gave charge of the boxes.-
Q. From 6 Oclock in the evening abovementioned to 2d of March the date on which the Tahsildar investigated the case ingquestion who had the charge of the Keys?-
A. The Keys were secured in a little box containing other Keys of the ayen boxes and that little box placed in the Treasury room the Key of which room was in the keeping of the Sepoys, who were on guard out side.

2

Q. When you informed the Tahsildar of the circumstance at 7 oclock on the night of the 29th February last did you deliver the Key to him.-
A. I did not so give it, but informed the Tahsildar that the Key has been kept in the box containing the Keys of the Ayen boxes &ca and that that box placed in the Treasury room.-
Q. When you informed the circumstance to the Tahsildar, what did he say to you.-
A. He said very well and ordered me to inspect the seal and keep the boxes carefully.

(Signed) Syed Selaman.

Q. State when and who saw the said boxes which came at 6 Oclock on the evening of the 29th February last?
A. On Monday no one came and saw them but on Tuesday the Tahsildar Deputy Shroff &ca came and inspected them.-
Q. When the said boxes were removed from the Treasury room to the out side was the Tahsildar present then and there and did he inspect the seals?-
A. Then I was not present, having

been

been to take my meal. The sepoy Shaick Named who was on guard at the time told me that the Tahsildar inspected the Seal.-

boxes on both sides of the padlocks extending from the lid to the bottom and the padlocks not having been covered entirely in a bag and sealed.

A. The custom of fastening cloth extending from the lid to the bottom on the boxes containing remittances to and from the Huzzoor Treasury does not prevail in this Talook, when the boxes in question were sent from this Talook, the bags in which the padlocks are usually secured were not sent. After I went to the Treasury perceiving that their were no such bags, I fastened a piece of cloth over the Key holes of the padlocks and sealed them.

A. We three were present.

2. Were the Deputy shroff Rama-lingum Chetty and Gollah Peon Soobien Karlingum present then, and there? and did they see the seal affixed by the said Jadmaley.

A. They both were there engaged in their business, and I do not know whether or not they observed the said Jadmaley applying the seal.

2. Did the Servants of the Huzzoor Treasury see the boxes when they were taken from there and put on the handy-

A.

A. They did not.

2. As soon as you returned to this place at about ½ past 7 Oclock on the night of Sunday in question, did you not go to the Talook Cutcherry.

A. As it was then Sunday, and as I was told by the people in the Street that there was no one in the Cutcherry I did not go into it, but went directly to my house.

2. At what time did you attend the Cutcherry on the following day.

A. I attended on the following day at 2 Oclock P. M.

2. You have stated above that the boxes were not taken the next day state where were they kept them.

A. They were kept in the Treasury room, which was not under the strict guard of lock, seal, &c. the key of the room in question having remained with the Sepoys who used to open and lock it at their pleasure.

2. Where was the Deputy shroff seated when he told you that a bag containing 500 whole Rupees was missing.

If so, why have you not reported the circumstance of your arrival with money to the Tahsildar.?

A. I did not do so because it was too late.

2. It appears from the deposition of the guard Naigue and Peon Mohomedgouse that they reported to you on your return to the Talook Cutcherry at about 7 Oclock at Night of Sunday the 29th February last the arrival of the Maramut Money from the Huzzoor Treasury at 6 Oclock in the Evening of that date. While so, it does not appear that you opened the boxes either that day or on the 1st March the day following; nor did you examine the seal before you ordered the Deputy Shroff to open the boxes after 12 Oclock in the Noon of the 2d Idem. It also appears from the deposition of the Deputy Shroff that it was not possible for you to command a view over the boxes in the Treasury from the pyal in which you were sitting. What do you say for your

negligence

negligence in delaying the opening of the boxes in question and not personally inspecting the seal to ensure security.-

A While returning from Cuddalore early after 8 Oclock at night of the 29th February last, the Peon Mohomed Gouse and the on Guard Naigue came and informed me that the Money had arrived. When I asked them where the Treasure boxes were kept the guard Naigue said that he inspected the seal of the boxes and kept them under the guard. The Shroff who went for the Money to the Huzzoor Treasury did not then present himself. The Deputy Shroff who was in the Talook was also absent at the time. As it was then late at night, and as the Havildar of the guard had examined the seal of the boxes and taken them into the Treasury guard I did not think it proper to send for them at that night for examination of the boxes. The Head Shroff did not present himself on the following day also to have the Money examined. Neither is it Customary to examine money immediately

immediately on its receipt, nor is there any order to that effect. But if there were any suspicion, then the Money is usually examined soon after its receipt. As such was not the case in the present instance the Money was not so examined.- In the mean time a suspicious police case of some magnitude having occurred I went to investigate it which took me up till 8 or 9 Oclock at Night. After this I returned to the Cutcherry then as the Shroff was not present, the Money remained unexamined. On the 3d day I went to the Cutcherry but as there was no room to hold Office inside, I took my seat at the Pyal outside the Cutcherry and was doing business there when I ordered the Deputy Shroff who then came to see if the Seal was right, and then to break it, I did so because people had come to receive advances for Maramut expenditure according to the custom of shewing the sealed Keys, a Sepoy brought and shewed me the Keys with the seal on them at the time I ordered the Shroff to the above effect and I inspected them.-

On

Fort St. George 5th January 1854.-

Q. On what date and at what time did you go to inquire into the Police case above referred to?

A. On Monday at 2 O'Clock P. M.

Q. If the Head Shroff had not attended Office from 6 O'Clock in the evening of Sunday to 12 in the noon of Tuesday; why did you not send for him?

A. I sent a man for him on Sunday Night, and not on Monday, but the man returned from Tinnevelly. On Monday Morning having sent a Man again for the Shroff, I went to inquire into the Police case. The Shroff came to the Taloke remained at the Cutcherry and went away to his house without coming to me..

Q. You have stated that the man whom you sent to call the Shroff Ramakristnen Chetty told you on his return that he / the Shroff / had not returned from Tinnevelly till Sunday Night, but the said Ramakristnen Chetty in his deposition states that he returned at 8 O'Clock on the night of Sunday how do you account

No. 16.

Translation of a Arzee addressed to the Collector of Tinnevelly by the Tahsildar of the Brammadesam Taloke Under date the 9th March 1852..

I beg to acknowledge the receipt of your honor's Order No. 8 of 5th Instant directing me to account for my not having immediately reported to your honor on the subject of one bag containing 500 whole Rupees having been found missing on examination at the Taloke of the 4,100 Rupees despatched from the Huzzoor Treasury packed in bags on account of the Maramut of this Taloke and to send my reply to the order issued by the Sub Collector on the subject.-

As soon as I came to know that a bag containing 500 Rupees has been stolen, I have addressed an Arzee on

Fort St. George 5th January 1854.

on the subject both to your honor and the Sub Collector under date the 2nd Instant. As that day's Tappal was as usual despatched to the Post Office at 5 O'Clock P.M. I sent the Arzee written to your honor's address by the Tappal of the 3d Instant.-

In reply to the order received from the Sub Collector's Office requiring information on certain points in the case, I have addressed an Arzee in detail accompanied by documents taken in the case under date the 7 Instant. I beg to enclose herein a copy of that Arzee for your honor's information.-

In your honor's order No. 8 it is stated that either I or the Moozoomdar ought to have examined the Money and credited it in the Chittah so soon as it was received from the Huzzoor Treasury. In reply I beg to state that the Moozoomdar and the Head Shroff have long resided respectively at Cullada coorchy and Brenmadasem 1 and 2 Miles off the Cutcherry. Besides this, the Moozoomdar was absent on the day in question at Allumcolum and I at Varcolum for the purpose of marking Pyredoo poo examination of Cocoanut trees

Fort St. George 5th January 1854.

trees in both the Villages and for inspecting a small extent of short produce reported to have occurred in the latter Village. The Head Goomastah had repaired to Tinnevelly to see his daughter who was dangerously ill there. The practice hitherto observed in this Talook has been to examine the Money immediately on its receipt from the Huzzoor Treasury, or to delay doing so for some days as occasion required. and this practice has not hitherto been attended by any fraud.-

As the Havildar and Sepoys on guard over the Talook received into their Custody the Money i.e. the Cash Chests after examining the Seal affixed thereto, as the Shroff who was deputed to draw the Money did not accompany it and as it was ascertained by means of a person sent to his Village on the night of the Sunday on which the Money in question was received that he had not returned to his Village till then and as the (the shroff) who attended Office after 2 O'Clock on the following day, went off to his Village without waiting till my return at 8 O'Clock P.M. from a place whither I had been to make an enquiry into an important

and

and suspicious Police Case, I was obliged to make the examination of the Money on the following day the 2d Instant.-

But if I had received any information of a suspicious nature on the receipt of the Money, I would have immediately made the examination. But it was only on examination of the Money in the Chests as usual that it was found that one bag was missing. Trusting that no fraud would have been committed in the present instance also, as has been the case hitherto and from the foregoing reasons, the examination of the Money was not immediately made. Moreover it appears to me that the loss of the Money was owing to the following Causes Viz. The Head Shroff who received the Money at the Treasury and deposited it in the Boxes, omitted to cover the padlocks in full carefully with Cloth and to seal it, fastening only a piece of Cloth over the Keyhole and applying the Seal to it. He did not accompany the Money nor did he present himself immediately after the arrival of the Money.

The

The most unsecure way in which remittances were formerly sent from Talooks to the Huzzoor Treasury and Money received therefrom having led to the Commission of frauds similar to the one in question several checks have been introduced against such frauds.-

Notwithstanding the introduction of those checks, a thing unknown up to this time has now occurred. The treasure here and the remittance made hence to the Hoozzoor and received therefrom were hitherto secure solely by a sentiment of fear to the Circar Authority, while so, as such a thing has occurred, the future security of Government property will much depend upon the discovery of the theft in question. Suspicion attaches only to the Sepoys of the Nelliambalum and this Talook, and to the Peon Sepoy and Cavulgars who escorted the Money and there is no room to suspect that the theft has been committed by any other thieves. While so, the Nelliambalum Sepoys state there in exculpation of themselves as might have been expected, and the

Sepoys.

Fort St. George 5th January 1854.-

Sepoys here do the same thing. therefore it is necessary that all the persons should be examined in one place and the theft brought to light by means of promises and intimations accompanied by the use of severe measures.-

As the Keys of the padlocks attached to hand Cuffs received from the Huzzoor for the security of prisoners are all of one and the same description and each Key able to open all the locks, so it appears that the padlocks of the chests in question are such as to be capable of being opened with another Key in possession of the guard of either of the two Talooks while the proper Keys of the padlocks of the Chests were covered and sealed with the Huzzoor Treasury seal. Besides this, bags of Money have been, on former occasions, stolen at Nellumbalum when Monies belonging to other Talooks were placed in charge of the guard of that Talook, and afterwards discovered by Circar exertions.-

One or two among all the said persons might have committed the

Fort St. George 5th January 1854.-

the theft. but it appears to me that if all were dismissed from their several offices pending the discovery of the real Offender the theft will be brought to light by ill feelings towards one another.-

I communicated to the Shroff the purport of your Honor's Order No. 8 Viz that he is chiefly responsible for the Money missing and he is willing to become responsible for the loss. But from a fear that if he admits his responsibility and pays the Money lost from his own pocket he will be suspected of having first embezzled public Money and then repaid it, and perhaps committed to Court on that account and from disinclination to discharge the responsibility if he were about to be dismissed from Office, he is considering to suit his conduct to the tenor of the decisive order that may be passed in the case. The Shroff is a man of respectability. He has conducted himself during the past 25 years to the satisfaction of the Circar and in the present case also, there is no suspicion of

of

Fort St. George 5th January 1854.

of his having embezzled the Money: but he has been grosly negligent in not having fastened Cloth over the locks of the Boxes and sealed them properly and in not having accompanied the Money. For which neglect of duty on the part of the Shroff if order be given me to collect from him the Money lost on condition of the amount being repaid to him if discovered by the exertions of the Circar, I will realize the Amount from him.-

Translation of a Deposition given on the 12th March 1852 before S. Sooboo-row Taksildar of Bremmadasem-Taloork by Ponnappen Son of Nulla-caruvo Pillay residing at the east Street in Tinnevelly of Vellaul Caste, Siva Sect, a Mashaljee of the Huzzoor Treasury and aged 59 years.

2. Were you present at the time the Maramut Money was paid from the Huzzoor Treasury for this Taloork and did you Seal the box?

A. I do not recollect the day and date of the month. On a Certain day about 10 or 13 days ago the Head Sheriff of this Taloork was receiving money from the Huzzoor Treasury. I do not know whether the boxes were sealed nor did I seal them.

2 The Peon Mahomed Gows and the Sepoy Nullaperoomaul who went to bring the Money state in their depositions that you Sealed the boxes. What say you to this?

A. I did not seal. I had gone to

dinner when they were receiving Money and when I returned afterwards I remained in the outer Verandah. Then the said persons were removing the boxes and I know not why the peon and the Sepoy say so.

/ Signed / Ponnappen.

2. Who brought light to Seal the boxes?

A. A light is always kept in the place where money is counted.

2. Were the boxes sealed at the place where the lighted lamp was?

A. It was sealed where the lamp was.

2. Were you present at the time the boxes were Sealed?

A. They were Sealing the boxes when I returned from my dinner.

2. In your answer to the above question you have stated that you were outside when they came out with the boxes and now you say that they were sealing when you returned from your dinner. Why did you say so?

A. On my way to the Office after dinner

dinner a person came and told me, that the Treasurer wanted me and as I was entering into the Treasury I saw the said persons sealing the boxes afterwards I came out when they also came out with the boxes.-

Translation of an Urzee No. 120 addressed to the Sub Collector of Tinnevelly by S. Soobarow Tahsildar of Bremmadasum Talook under date the 17th March 1852.

I beg to forward herewith a Petition presented to me by Mahomed Khan and others, Sepoys of Nelliambalum and this Talook suspended, pending the examination of the case in which a bag of 500 Rupees was lost from the Money sent from the Ruzzoor Treasury.

It is stated in the Petition that the Petitioners have heard that after the Money was received from the Ruzzoor Treasury and taken away an intimation given

Fort St. George 5th January 1854

given thereof to the Buzzoor Sibbendy Guard, a Deloyet of the Treasury came and asked at the said Guard whether the Bremmadasum Talook money was kept at the Guard or carried away, that in reply the Lance Naigue and Sepoy then on guard said that the Money was carried away. Shortly after that two Gollah Peons of the Treasury came there and asked the same question and were answered that it is not customary for them to receive and keep the Money in their Guard and it has been carried away to the Nelliambalum Talook, that the said Gollah Peons again questioned them as to the Number of bags mentioned by those who escorted the Money, and the Sepoy on guard replied that the Number of bags mentioned by them was 13. The Petitioners further beg that the subject matter of their Petition may be ascertained by enquiry from the Naigue and Sepoy of the said Guard.

Therefore I request that an order may be sent to the Nelliambalum Tahsildar

Translation of an Urzee No. 5. addressed to the Sub Collector of Tinnevelly by Conary Row, Tahsildar of Nelliambalum Taloote, under date the 29th March 1852.

I beg to acknowledge the receipt of the order No. 43 dated 18th Instant giving cover to a Petition presented to the Bremmadasem Tahsildar by Mohomed Khan and others, Sepoys who are under examination before the said Tahsildar on account of the loss of a bag containing 500 Rupees of the Maramut money sent from the Auzzoor Treasury to the said Taloo

Taloot in the current year and directing me to peruse it and ascertain from the Adjutant Jamadar, who the Sepoys and Taigue were that were on duty at the Auzzoor Sibbendy guard on the night in question and to send for examination those persons and to report the result.

The petitioner states from hearsay in the above petition that a short time after the Sepoy, Peon, and Shroff who received the money from the Auzzoor Treasury went away after giving intimation of the receipt of the money to the Auzzoor Sibbendy Guard, a Deloyet attached to the Auzzoor Treasury came to the said Guard and inquired from the Sepoy then on Guard and the Lance Taigue whether the Bremmadasem Sepoy and peon Kept the Money there or carried it away, to which they answered that the Money had been taken away and not Kept there, and that shortly after this the Gollah peons came and asked how did the Sepoys &c. report the number of bags so quickly and leave the

place

place and were answered by the Sepoy on guard that the number of bags reported by them was 13. The Petitioners further request that the Sepoys and Naigue who mounted Guard on the 28th of February should be examined. With reference to this petition I wrote a Yadast to Shaik Tippoo Jamador to send the Naigue and Sepoy who were on duty at the time when the money in question were reported for Memorandum there, Accordingly the said Jemadar sent one Ryder Khan who acted that day for the Naigue and the Sepoy Peroomall who was on duty at the time, as well as Syed Ismall who relieved the said Sepoy

In examining them, Sepoy Ryder Khan, deposed as follows - "On the 28th of February last at about 5 O'clock P. M. the Bremmadasem Talook Sepoy Nulla peroomal came to me at the Buzzar guard and said that they have received 13 bags of Money and are going to keep them at the Nelliambalum Talook Sepoy and wanted to take his musket which he had left there and accordingly he took

took it away - this fact is known to Peroomal also kept the 6th watch of that day - After 6 O'clock P. M. Ramalingum Chetty the Treasury Shroff, Gollah Peon Sungerlingum, and Deloyet Sodala Moottoo came together to the Buzzoor Guard and standing at the west gate thereof asked me who was then sitting by the door of the said gate whether the Bremmadasem Sepoy and peon had brought and kept the Money there, to which I said they carried it away to the Nelliambalum Talook Treasury - Upon this they the said 3 persons went away, they asked me neither any thing particularly about this, nor about the Streevygoontum money which was kept under the guard that day, Then the Sepoy Syed Ismal who kept the first watch that night was present - I do not suspect the Shroffs and others from their having asked as above of having been concerned in the loss of one bag of the Bremmadasem Money, because it is customary for the Shroff, Gollah peons and the Deloyet to ask occasionally

occasionally if any Taloo's money was placed under the guard and for us to answer them - In like manner they might have asked on the day in question also I do not know any thing about the missing bag of Money - nor do I recollect the Shroff &c. three persons having came together at any time before and inquired about such things but I remember a Deloyet or follo peon coming and asking similar questions. On the day in question the Shroff &c. three peons came together after the close of Offic and on their return to their homes asked me about this. I was then temporarily doing duty of Lance Naigue."

The other 2 Sepoys have in support of the above deposition stated that the Bremmadasem Taloo's Sepoy gave intimation to the Sibbendy Guard of their having received money from the Treasury and that the Treasury Shroff &c. 3 persons came and asked if the said money was Kept there.

On examining the said three persons of the Treasury Shroff Ramalingum

Ramalingum Chitty and Gollah peon Sungerlinga Naick deposed that they neither asked about the Bremmadasem Money in question, nor is it customary for them to enquire there about remittances to the Taloo's and that they do not know why the Sepoy Byder Khan &c. have deposed that they so asked.

The Deloyet Sadalamoodtoo in corroborating the Statement of the above said persons deposed as follows - "About 4 Months back when the Cutcherry was on Circuit at Courtalum the Treasurer ordered me and two Sepoys to escort the Salary of the Ruzzoor Sibbendy - Accordingly I and one Sepoy went with the Money but the other followed the next day, on my informing this circumstance to the Treasurer he inquired into the matter and reported the circumstance by an Urzee and got the Sepoy fined 3 Rupees which was also realized from him - This Sepoy is now in the Ruzzoor Sibbendy guard, but the other was transferred

to

Fort St. George 5th January 1854.

to the Punjamall Talook - I do not know his name - The Sepoy Ryder Khan and other Sepoys requested me not to mention the above fact to the Treasurer and this is known to the Sepoys who were present at the time but they will not confess it. I have no other evidence. Notwithstanding the request of Ryder Khan & the Sepoys I informed the above circumstance to the Treasurer, they by way of resenting this stated in their depositions that such enquiries had been made whereas they never were.

Under the foregoing circumstances it is impossible to arrive at the truth or say any thing with certainty, as there is no other evidence but that of the 3 Sepoys who say that the Deputy Shroff of the Treasury, Gollah Peon, and Deloyet Sodalamoottoo came and enquired at the Guard about the Bremmadasum Money, but which is denied by the latter mentioned 3 persons Viz.t the Shroff &c. All my enquiries up to this time about the lost bag have proved unsuccessful and I am still using my

Translation of a Petition addressed by the undersigned Sepoys to S. Soobba Row Tahsildar of the Bremmadasum Talook under date the 17th March 1852.

We are now given to understand that some time after the Bremmadasem Talook Sepoy, Peon and Shroff received Money from the Huzzoor Treasury came out of it, reported the circumstance to the Adjutant Jemadar's Guard, and went away; a Deloyet of the Huzzoor Treasury came to the Jemadar's Guard in question, and asked the Sepoy on Guard and Lance Naigue whether the Sepoy and Peon of the Bremmadasem

Talook

Fort St. George 5th January 1854

Talook Kept the money under their Guard or took it away that that Sepoy then on Guard and Lance Naigue said in reply that they did not keep their money in their guard but have carried it away, that some time after this 2 Gollah Peons of the Buzzoor Treasury came to the Jemadar's Guard and made enquiries to the above effect; and that the Guard Sepoy and Lance Naigue answered that it is not customary to Keep money under their guard and that they have taken it to the Nelliambalum Talook Re- thereupon that the above Gollah Peons asked the Guard Sepoy "have the escort taken away the money so soon after reporting the same for entry in the Guard as usual," and were answered that the number of bags report- -ed by them were 13. If the Sepoys and Naigue who mounted Guard on the 28th February be examined the truth can

Translation of a Yadast addressed to the Tahsildar of Nelliambalum Talook by Shaik Teep the Sibbendy Jemadar of the Buzzoor Cutcherry under date the 20th March 1852.

I acknowledge the receipt of your Yadast to my address dated 19th Instant stating that in the matter of the Missing money bag which was taken from

Fort St. George 5th January 1854

from the Buzzoor Treasury to the Talook of Brenimadasum / you have received an order No. 43 from the Sub Collector directing you to ascertain from the Sepoy and Naigue who were on guard on the 28th February last, the date on which the Sepoys of the Brem-madasum Talook brought the money bags and reported them for entry there and to report the result of enquiry and that I should therefore send to the Talook for enquiry the Sepoy and Naigue who were on guard on the said date / 28th February / when the Money bags were registered.

Accordingly I have herewith sent to you for examination 3 persons Viz.t Ayder Khan the acting Naigue, Ram-mahl, the Sepoy who was on guard and Syed Ismal the Sepoy who relieved him and kept the first watch at the Buzzoor guard where the said money bags were brought and taken away after Memorandum taken of them.

No. 33.

Translation of a Deposition given on the 26th March 1852, before the Tahsildar of the Nelliambalum Talook by Ramalingum Chettyar the Deputy Shroff of the Buzzoor Treasury.

2 After the amount on account of the Maramut expenditure of the Brem-madasem Talook was packed at the Buz-zoor Treasury, and delivered to the charge of the Shroff, Sepoy, and peon of the said Talook on the 28th February and they had gone with the permission of the Buzzoor guard, where the Shaik Tippoo Jemadar is employed, it appears that you and the Gollah Peon Vea enquired from the Sepoy Vea in the said guard, at 6 O'Clock in the evening of that date, if the money in question was kept under their guard. State what made you to make this enquiry?

A. I neither went alone nor in company with the Gollah peon Vea to the Buzzoor guard and enquired whether

Fort St. George 5th January 1854.

whether the above money of the Bremma-dasum Talook was kept there, nor is it customary for us to make such enquiry.

2. What made the Sepoy Ryder Khan and others say that you and others made the said enquiry.

A. I do not know the cause of it.

2. At what O'clock was the said Money of the Bremmadasum Talook packed up and delivered?

A. I paid the money at 3 O'clock and the Shroff Ramakristnen Chettiar examined and packed it in 13 bags, sealed and carried them away at about 4 or ¼ past 4 O'clock P.M. The Sepoy and Peon /whose names are unknown/ also accom-panied them.

2. To what other Talooks money was issued on the above date.

A. The money received from Streevygoontum Talook that day was shroffed at noon, and the money payable to that Talook counted down between 5

and

Fort St. George 5th January 1854.

and ¾ past 5 O'clock in the evening to Siva Soobramanien Chettyar the Shroff of that Talook, and to the Sepoy and Peon /whose names I do not know/ and they carried away the money. The Money given at 5 P.M. was examined, sealed and taken away by the said Shroff within ¾ of an hour. The money received from the Talook was shroffed from 12 noon to 5 P.M. Money was only disbursed to the above 2 Talooks; but I do not recollect the num-ber of the bags given for the Streevygoon-dum Talook or the number of the Sepoy and Peon of that Talook.

In the case of one Bag containing 500 Rupees lost out of Rupees 4,100 sent from the Huzzoor Treasury being the Amount of the Ordinary Mouramut works of your Taluk for the current year a Yadast No 73 dated 5th Instant has been received from the Collectors Office stating

that it appears from the records of the enquiry connected with the case that the Taluk Head Shroff Rama Kristnen Chetty, who went to the Huzzoor Treasury and received the Money did not secure the padlocks of the Boxes, as is customary in some other Taluks, in a leathern or cloth bag, but fastened only a piece of cloth, got from the Huzzoor Treasury over the Keyholes of the padlocks and got them sealed by the Treasury Sandmally instead of doing it himself, that he did not accompany the Boxes when they were removed to the Nellvambalum Taluk Guard on the day he received the Money from the Huzzoor Treasury and thence to the Bremmadavem Taluk that he did not immediately report to the Tahsildar the arrival of the Treasure on the night of the 29th February and further, did not appear before him / Tahsildar / till after he got the money examined by the Deputy Shroff at noon on the 2nd March, and that in consequence of

of such neglect of duty on the part of the Head Shroff the money in question appears to have been lost, and consequently it has been determined to collect the above sum from him / the Head Shroff / who is chiefly responsible for the Amount You are therefore directed to collect the sum accordingly, and holding it in deposit to make a report on the subject to the Huzzoor within 3 days As it is requested in the Yadast above referred to that a reply should be sent within the time above prescribed You are required to send your answer within that time without fail.

I beg to forward as per list accompanying, the depositions taken on the subject from the Deputy Shroff and Goomastahs who were then present at the Cutcherry. From which it appears that the Tahsildar was sitting on the east pyal outside the Cutcherry when he gave orders to the Deputy Shroff on the 2d March to open the said Boxes in order to disburse funds on account of Marahmut, that the Deputy Shroff immediately directed the Sepoy then on duty to bring the Key and the

the Bosses, that the Sepoy with the permission of the Tahsildar, outside brought the Bosses from the Treasury to the Deputy Shroff who was sitting at the northern extremity of the west side of the Cutcherry, and give them the Key after shewing it with the seal to the Tahsildar at the outside. A. on

on the 2d March in question I was sitting down in the North west corner inside the Cutcherry where Shroffs usually examine money. The Sahseldar who was then sitting down at the eastern end of the east Pyal of the Cutcherry outside called me and ordered to examine the money received from the Woogoot Treasury saying that Maramut money is wanted for distribution. When I told the Sepoy Shaik Mahomed who was then on guard that the Sahseldar has ordered me to take the Chests and examine the money. He came out and asked the Sahseldar about it who ordered him to take and give the Chests. Immediately Peon Veera-vagoo and Sweeper Mootoo removed the said 2 Chests containing Maramut money from the Treasury to the usual place for Shroffing Coins in the North west corner inside the Cutcherry where I was sitting. The said Sepoy also accompanied them with the Keys of the Chests tied up in a piece of Cloth which he showed to the Sahseldar who was outside to see if the Seal applied to it at the Woogoot was right and then brought

brought and gave it to me I also compared the Seal fixed on the Knot with that on the boxes and finding it to be right ordered the Sweeper Mootoo to open the boxes. He first opened one Chest and said that there were 4 Bags in it. I also seen 4 Bags I then required him to open the other Chest which he did. This box contained 8 bags As there were only 12 bags in all, whilst 13 bags were entered in the list received from the Woogoot. I referred to the list again at this time Rama Kristnen Chettyar attended Office. I told him that there are only 12 bags whilst the entry in the list in question exhibits 13 He also examined the boxes and found only 12 bags, 4 in one Chest, and 8 in the other. He immediately desired the Sepoy Nullaperumal who had accompanied him to be sent for. At this juncture, the Sahseldar who was sitting out side came in, seated himself in the place where the said Chests in question were opened examined and found only 12 bags as stated above. A. On Tuesday the 2d March at about 3 oClock P. M. I was as usual sitting down at the foot of the 2d Window placed on the west side inside the Cutcherry, and the Deputy Shroff Moottoocoomara Chetty who was sitting next to me on the North side, and by the window near the wall, ordered the Jandimally Moottoo to bring the Treasure boxes in question

telling him that the Tahsildar had given him orders to open the boxes and distribute advances on account of Government to the Village people. He immediately went and with the consent of the Sepoy brought the boxes out of the Treasury assisted by a Peon named Veeraragoo, and a Sepoy whose name has now escaped my memory accompanied them. After this, the above Mottoocoomara Chetty gave the Keys to the Jandamally and told him to open the boxes, who first opened a box and said that there were 4 bags and then opened the other box and said that there were 8 Bags, upon which the Deputy Shroff himself counted the bags, and was saying that there are only 12 bags instead of 13 the correct number. at this juncture the Head Shroff Ramakistnen Chetty arrived whom he informed of the same and he / the Head Shroff / counted the bags and found the same number Viz. 12 bags. In the meantime this news having reached the Tahsildar who was holding Office on the east side

of

of the east Gyal outside the Cutcherry, he came in, and examined the boxes & found only 12 bags. He consequently ordered the above persons to lock up the boxes and attend for trial and then returned to the place where he was holding Office. The place where the Deputy Shroff and the Treasure boxes were Kept lies close to the place where the Tahsildar was, but as there is a wall across, it is out of sight, & neither is the place where the Chetty usually is, is invisible from where you sit in the Cutcherry. Number Curnum of Pauspencolum of the Vellala Caste, Siva Sect, and aged 44 years.

2 It appears that you were present at the time the chests containing Swaramut money were opened on the 2d March last. State by whom, and at what time the Bosses were opened, and who were all then present? where was the Tahsildar then, and could he/the Tahsildar/ see from where he was sitting the place at which the Cash Chests were opened.

A. When the Chests in question were opened that day it was about 3 O'Clock P. M. The Tahsildar was then holding Office at the East Pyal outside the Cutcherry The Deputy Shroff Mootoscoomara Sammyah Pillay opened the chests at the North west Corner inside the Cutcherry and said that there were only 12 in place of 13 Bags, and one Bag missing. At this juncture, the Head Shroff Rama Kristnen Chetty also arrived there, and examined the bosses when the Tahsildar who was outside the Cutcherry also came in, and found the deficit of one Bag. At this time I and Sooreyathava Pillay Number Curnum of Nunnarcoil, and Sumpredy Ramyen were sitting down on the South side 2 or 3 Carpenters yards off the spot where the Chests were placed. There were

also

also some others present whose names I do not Know, all I Know is this. The place at which the Chests were opened could not be seen from the place where the Tahsildar was sitting.

No. 46.

Translation of a Yadast No 89 addressed by the Collector of Tinnevelly to the Sub Collector under date the 16th April 1852.

From the Documents which accompanied the Sub Collectors Yadast No. 46 on the subject of the loss

loss of one bag containing Rupees 500 forming part of the sum remitted from the Huzzoor Treasury in the month of February last on account of Maramut works of the current year to be executed in the Bremmadasum Talook in the Sub Division, it is fully proved that the whole amount paid from the Huzzoor Treasury was packed in bags deposited in Chests and then carried to the Bremmadasum Talook locked and sealed where, on opening the Chests, one bag containing Rupees 500 was found missing. From the above suspicion of the Sepoys of the guards, in which the boxes were Kept, having removed the cloth with the seal fastened, over the Key hole of the padlocks of the chests opened the locks with a false Key and taken out one bag containing 500 Rupees attached to the Havildars, Naigues, and Sepoys of both the Nellcambalum and Bremmadasum Talooks moreover, it appears that of the Sepoy and Peon of the Bremmadasum Talook who escorted the Chests, the former notwithstanding it was his duty to watch the Chests while at Nellcambalum Talook went away on pretence of having the Bellache with the permission

permission of the Havildar of that guard and that the latter also went to Sleep after Keeping awake until 9 o'clock at night and was not on duty over the Chests. The Sub Collector is therefore requested to dismiss all the Sepoys and Peons of the Bremmadasum Talook as well as the Peon Mahomed Ghouse who accompanied the said money pending the discovery of the theft and send an order to the Talsildar appointing others in their stead.

Translation of a Yadast addressed by the Collector of Tinnevelly to the Sub Collector under date the 10th April 1852.

From the Sub Collector's Yadast No. 40 of 1852 and its enclosures Viz.th the Records of his enquiry on the subject of the loss of 500 Rupees forming part of Rupees 2,100 issued from the Woodiore Treasury on account of the Varaumut works to be

be performed for the current year in the Bremmadasum Talook in the Sub Division, it appears that Rama Kristnen Chetty the Head Shroff of the said Talook who went to the Woodiore Treasury and received the whole amount in Sale and who packed it in bags, and deposited in Chests has without covering the Padlocks of the Chests with a bag made of leather or cloth taken only a piece of cloth from the Treasury and fastened it over the Key hole of the Padlocks. It appears further that he has instead of applying to it the Seal with his own hands employed the Sweeper of the Treasury to do so, and that the cloth fastened over the Key hole of the Padlocks was further in such a state that it might be removed with the Seal over it, and replaced after opening the Padlocks with a false Key. Moreover it is clear that the said Shroff not only omitted to accompany the Cash Chests the day on which they were taken from the Woodiore Treasury to the Bremmadasum Talook, and on the following day on which they were carried on to the Bremmadasum Talook but, also

also did not report the arrival of the Chests to the Tahsildar even on the night of the 29th February on which they reached the Talook and he was further absent until the examination of the money made according to the Tahsildars order by the Deputy Shroff on the 2d March after 12 o'clock P. M. Such negligence on the part of the said Head Shroff has been the cause of the loss of the said amount. The Sub Collector has already been requested by Yadast No 79 from this Office to collect the amount lost from the Shroff as he is responsible for the whole amount he received at the Buxgoor Treasury until the due delivery of the same at the Talook. As such a careless person cannot be allowed to be any longer employed in business connected with the Treasury and for the sake of stimulating other Shroffs to a vigilant discharge of their duties, the Sub Collector is requested to dismiss the said Shroff from his Office and send an order to the Tahsildar appointing another person in his room.

Translation of a Tahkeed No 179 issued by the Sub Collector of Tinnevelly to S. Soobba Row Tahsildar of the Bremmadasum Talook under date the 21st April 1852.

In the Yadast No 89 received from the Collector's Office in reply to one from this Office giving cover to your Urzee and its enclosures, Viz. the records of your enquiry into the matter of the loss of a Bag containing Rupees 500 forming part of the sum remitted from the Buxgoor Treasury to your Talook on account of Varaumut works to be executed there in the current year, it is stated that it is fully proved that the whole amount was received from the Buxgoor Treasury, packed in bags, deposited in Chests which were then carried on to the Talook under lock, and Seal, and on opening the

the Boxes at the Talook a bag of Rupees 500 was found missing, and that consequently suspicion of having made away with the said one bag containing Rupees 500 by removing the cloth, with the seal fastened over the Key hole of the padlocks of the Chests, and opening them with a false Key strongly attached to the Havildars, Naigues, and Sepoys of both the Nellumbalum and Brammadasum Talooks under whose charge the chests had remained at different times. It is further stated in the above Gudast that it appears that of the Sepoys Nulla permaul and peon Mohomedgouse of the Brammadasum Talook who escorted the Chests, the former notwithstanding it was his duty to keep guard over the Chests while at Nellumbalum Talook went away on pretence of having the bellyache with the permission of the Havildar of that Guard, and that the latter also laid himself down to sleep after keeping watch till 9 Oclock P. Translation of a Tahseed No. 181 issued by the Sub Collector of Tinnevelly to S. Soobba Row Tahsildar of the Brennadasum Talook, under date the 23rd April 1852.—

In the yadast No. 88 now received from the Collectors Office on the subject of the loss of a bag containing Rupees 500 forming part of the Rupees 4,100 remitted from the Huzzoor Treasury on account of the Maramut works of your Talook to be executed in the current year, it is stated as follows; Vizt. It appears that the Talook Head Shroff Ramakristen Chetty, who went to the Huzzoor Treasury and received charge of the whole amount in question, and who packed it in bags and deposited them in the Chests, failed to secure the padlocks of the Chests in question in a bag made of leather or cloth, but took a piece of cloth at the Huzzoor Treasury and fastened it over the key hole of the padlocks, and further instead of applying the Seal to it himself, employed the Sweeper of the Treasury to do so, and that the cloth fastened over the key hole of the padlocks was in such a state that it could be removed with the Seal over it and the lock opened with a false key. Further it is also clear, says the Yadast, that the said Head Shroff has not only omitted to accompany the Chests

Chests either on the day on which the Money was received at the Huzzoor Treasury, and carried to the Nettiamba-lum Talook, or on the following day on which it was taken therefrom to the Bremmadasem Talook, but also has not even reported to you immediately the arrival of the Money in question at the Talook on the night of the 29th February last, and that he was further absent till the examination of the Money by the Deputy Shroff after 12 O'Clock Mr. on the 2d March, and that such negligence on his part was the cause of the loss of the said Money. It is also stated in the said Yadast that a Yadast No. 73 has already been addressed to me requesting me to collect the amount lost from the Shroff as he is responsible for the whole sum received by him in late from the Huzzoor Treasury until the due delivery of the same at the Talook, and that as such careless person cannot be allowed to be any longer retained in the Situation connected with the Treasury until the discovery of the perpetrator of the theft, and as a stimulus to the other shroffs to awaken them to a sense of their duties and an efficient discharge thereof he (the Head Shroff) should be dismissed from his situation.—

You are therefore directed to have his name struck out of the Baravart. Theravegem Chetty

Chetty of Tinnevelly has been appointed to succeed him whose name you are to enter in the accounts and take Security from him immediately according to rule and report it to Huzzoor and also to remove the person who has been temporarily appointed to do the duties of the Head Shroff.—

Translation of an Order No. 17 issued by the Collector of Tinnevelly to Soobba Row Tahsildar of the Brem-madasem Talook, under date the 12th May 1852.

In your Arzee No. 93 to the Sub Col-lector addressed in answer to an order sent to you by him regarding the loss of a full bag of Rupees 500 forming part of Rupees 4,100. brought from the Huzzoor Treasury on account of the Ordinary Mara-mut works of your Talook, you have stated that the Chests containing the above Money were opened and the Money counted in your presence, on the con-trary you have in your deposition given before the Sub Collector stated that you were sitting down in the front outer Pyal of the Cutcherry, when you ordered the Chests to be opened by the Deputy Shroff. This discrepancy on your part led to the issue of an order to the Moozoomdar to ascertain the truth of the case and report the result to the Huzzoor. From the Arzee and its enclosures received from the Moozoomdar in answer to the above order it is clear that neither you nor he (the Moozoomdar) nor any other servant connected with the security of the Treasure was present at the time the cash Chests were opened. Although you were unable to examine the Money soon after its arrival at the Talook, Viz. on 8 O'clock P.M. on Sunday the 29th February, yet you ought to

yet you ought to have done so the next day (1st March) before 12 O'clock M. till which time you were at the Cusbah-you have not only failed to do so but also have ordered the examination of the Money on the 3d day or 2d Idem in the absence of the Peons 8 in who accompanied the Cash Chests- Such neglect of duty on your part was a cause of the loss of the Money in question. For which you deserve suspension from Office, but I excuse you from such heavier punish-ment, imposing on you only a fine of 10 Rupees in the present instance; you are therefore directed to conduct yourself in future in strict accordance with the Circular orders formerly issued in respect to the secu-rity of Treasure. Moreover you state in your Arzee that you have secured in a piece of Cloth the 3 Rupees found when examining the Sepoys Houses, in that of Nulla peroomaul and placed the same in the Talook guard, you are directed to return them to the owner on taking a receipt from him for the same-

Two boxes of money transmitted from the Huzzoor Treasury on account of the Maramit works of this Talook under the escort of the Sepoy Nulla= =permaul, Peon Mohomed Gouse, and Cavelgars, as having arrived at the Talook the Sepoy Nullaperoomaul &ca came and told the guard Naigue (one of the Peti= =tioners) at 6 O'block on the evening of the 29th Februaty last that the Tahsildar ordered the seals to be as examined and the boxes to be kept at the guard as usual; and accordingly placed the boxes in the guard when one of us by name Sumashaik ahomed was on duty. afterwards at 3 O'clock P. M. on the 2d March during the watch of Peria shaik ahomed the boxes and their keys were with the Seals on them shewn as according to the Tahsildars Order to him, (Tahsildar) and the Deputy Shroff and the boxes taken charge as of by the latter. After the lapse of an Indian as hour the Shroff said that one bag was missing.— Upon this the Tahsildar took depositions from as

situated at about 30 yards distance from the Treasury
was not examined - The place where the Tahsildar &

the standard bag which was in the scales appears to

Translation of Copy of an Endorsement on District Petition No. 990 presented by Shaik Ahomed &ca. Sepoys of the Bremmadasum Talook Treasury Guard-

The Petitioners state that the loss of one bag containing 500 Rupees out of the Maramut Money belonging to the Bremmadasum Talook might be attributable to the Talook Shroff who received the Money from the Huzzoor Treasury, omitting to take with other bags the standard bag which was in the scales- The Documents connected with the case have been gone into- The Sepoy Nullapermal and Peon Mohomed Gouse who were sent to the Huzzoor Treasury depose that they counted and received the whole amount of Maramut Money in February last, Besides it is proved that after the Money bags were received at the Treasury- They were deposited in the Booces and Sealed, and that the booces were placed that night at the Nelliambalum Talook and conveyed on next Morning to the Bremmadasum Talook where they were kept under your guard for 3 days when the booces were examined and a deficit of one bag found out- consequently there is strong suspicion against you and the Sepoys and Havildar of the Nelliambalum Talook under whose guards the booces had remained at different

Translation of a Petition addressed to C. J. Bird Esqr. Collector of Tinnevelly by the undersigned Sepoy and &c Saigne of the Nellumbalum Talook under date the 30th April 1852 -

Two boxes of Money transmitted from the Huzzoor Treasury on account of the Maramut &c works of the Bremmadasum Talook were brought by the Sepoy and Peon of that Talook named Nulla: =permaul and Mahomed Gouse and by 4 Cavilgars to the

Fort St. George 5th January 1854.

the Treasury of the Nellambalum Talook at about 5 &c O'Clock P. M. on the 28th February of the Current year, &c when Sepoy Narrain Naicken (who is one of us) was on guard over it but the Shroff did not come with them - The boxes were received and kept in the Talook Treasury guard under the orders of the Havildar after the Seals applied to the boxes had been examined - On the Morning of the following day Viz. the 29th I deem the Sepoy who received charge of the Boxes, &c returned them with the permission of the Havildar to the said Sepoy &c who having inspected the Seals carried the boxes on to the Bremmadasum Talook - In like manner if 2 or 4 Boxes of Money were &c brought from the Huzzoor Treasury, we keep them &c carefully during the night and deliver them over next Morning with the Seals to the Sepoys &c of the &c respective Talooks, who also examine the Seals and &c carry the boxes away consequently if any fraud should take place it must be by over sight either at the &c Huzzoor Treasury where the Money is received or at the Talook where the Shroff breaks the Seals and examines the Money and there is no room for any fraud taking &c place at this Talook Treasury - The two boxes of &c Money in question reached the Bremmadasum &c Talook at about 5 O'Clock in the evening of the 29th and the Tahsildar ordered the seals applied to the Boxes to be examined and then kept at the Talook Treasury guard accordingly

Fort St. George 5th January 1854.

accordingly the Naigue and Sepoys of the guard examined the Seals of the Boxes and kept them under their guard until 2d March last when the seals, before being broken, were again seen by the Tahsildar, Shroff and the Sepoys and the Boxes opened, and a bag of Money found Missing. While there was no room for any suspicion against us, the Brammadayum Tahsildar in order to exonerate himself from blame, wrote an Urzee to the effect that the Seals put over the locks of the boxes at the Treasury were capable of being removed to admit keys to open the locks, and that the place at the Nellimbalum Talook where the Treasury guard stands is a suspected place. To test the supposition of the Tahsildar your honor has not ordered the Boxes to be sealed again at the Treasury and examined if the seals were capable of being removed so as the locks might be opened with other keys. On former occasions Money was kept in bags upon bare earth at the gate of the Nellimbalum Pagoda without being secured in Boxes such a place can be called a suspected place, whereas the place in question is not such a one, nor were the present Sepoys those who were then in employ moreover at the place where the Talook Treasure is now kept nothing of a suspicious nature has hitherto occurred. It may be well known

even

Fort St. George 5th January 1854.

even to your honor that the Shroff might have through carelessness left one bag at the Huzzoor Treasury.

Such being the case it is quite unjust to dismiss us upon the Tahsildars false Urzee without enquiring into the above particulars. We therefore humbly request your honor who is just, will be pleased to examine the case well and restore us to our situations and so protect us.

B. No 3221

From the Collr. of Coimbatore

Sir

I have the honor to forward the Statements connected with the Land Revenue Settlement of this District for Fusly 1262 1852-53 prepared in the form received with the Board's Circular of the 13th June 1853.

Forwards the Statements connected with the Land Revenue Settlement of the Coimbatore District for Fusly 1262 &c. -scribes the State of the season &c. affords information with reference to the increase and decrease of each item, and encloses the report of the Sub Collector on the Land Revenue Settlement of this Division for the above Fusly.

Statements &c. 28 in number prepared in duplicate & herewith sent Shortly

2 The season was of an ordinary character and though better than in the preceding year it was not sufficiently favorable to make up the Revenue lost in 1261 1851-52 In the month of March when a large quantity of Dry land is usually prepared for a first Crop there was no rain at all: in May, June and October, it fell copiously but in all the other months it was partial. The Revenue for 1262 1852-53 exceeded that of the past Fusly by Rupees

Fusly 1261	2320683-15-4	21418-0-9 maintaining also an advance of 3571-6-8 above the average demand of the last 5 years.

3 The Cultivation of every description, Punjah, Garden, and Nanjah, was on the increase and yielded an average Crop.

4 The general healthiness of the Province was somewhat affected in the year under review—Cholera prevailed throughout the District, two Taloks excepted, and the number of deaths amounted to 853, or 319 more than the number in last Fasly but the loss of Cattle by disease was lessly 107.

Average prices with the Increase or Decrease in 1262.

7 It would appear that the present price of Paddy falls short of the Commutation rate by 3-3-1 ₱ Cent, while that of the other grains exhibited advances varying from 1-13-6 to 26-11-1 ₱ Cent - a slight difference in favourable to the Commutation prices entered in the Statements of the past and present years, caused by the entry in the former of the Rates which Regulated the price of Grain in 1212 in the several Talooks, while not in the latter the Commutation rate itself is given. The prices of 1262 / 1852-53 as Compared with those of 1261 / 1851-52 would show an excess of from 4-6-2 to 30-8-9 ₱ Cent. Vide Columns 11 of the Abstract which has been occasioned chiefly by deficiency of produce in 1261 / 1851-52 in Consequence of the unfavorable nature of the season; this deficiency having affected the quantity in Stock which would have otherwise been brought to the Market. It must, however be observed that this is not the sole cause for the increase referred to, but a difference in the manner of Calculating the average has also been the cause of Raising it. In the present 6 years the prices

prices of the 14 Talooks were taken into Calculation in striking the average, but from 1218 / 1805-1809 and up to the last 6 Years, the prices of 4 only were taken to account Viz.t Coimbatore, Sattimungalum, Cheekraig herry and Coroor, and the average obtained thereby was entered in the Statements periodically submitted to the Board either with the Demand Collection and Balance Statements or with the Immumalundy accounts. It appears that the prices of the four Talooks just mentioned were Considered sufficiently fair data, inasmuch as Coroor and Coimbatore are large Towns on the East and West, while Chuckraigherry and Sattimungalum are equally so on the South and North. The same principle of calculation cannot be followed this year, as, in the list prepared according to the prescribed form, the prices are required to be given, Talooks wary, instead of, for 2 months, as in the old form, and under these circumstances it became necessary to state specifically the prices in each Talook, without adopting an average for the whole District, which would perhaps be Considered objectionable, the

difference

difference arising between the two modes of calculation pointed out is noted in Columns 12 to 18 for the information of the Board— the principle adopted in this year, will be followed in future if not objected to—

8 In the reply to be submitted to the Board's Circular of the 8th November 1852, with reference to the Commutation rates of this District, further details will be Communicated—

9 The Cultivation of Tobacco in Fusly 1262 (1852-53) was carried on to the usual esctent and the quality of the article was good—The Government Monopoly having been abolished from the 1st January last, it has proved a great relief to the Growers—On enquiry it appears that they now receive from their Customers in Palakole higher prices than those paid by Government in late years, and in addition to this, should the modification solicited in my letter of the 14th May 1853 (now before the Board) in favor of the Garden lands be granted, it would conduce materially to the prosperity of the Ryots, and to its benefit

benefit the interests of the State— I have nothing to add to my letter of 15th October last, regarding the abolition of the Tobacco Monopoly and its effects on the District— The Cultivation promises greatly to increase, and the prices to the Ryots to be considerably enhanced, from 13 to 18 Rupees p.c 100 Bundles or about 38½ Fr. cent— Reported separately, in obedience to Minutes of Consultation 2nd May 3rd June 1848, which directed that only matters of the "actual Settlement" should be treated in the Immmalandy Report, and the rest separately—

10 The Cultivation of Cotton in this Fusly exceeds that of 1261, in 9250 8/16 Candies— the Returns from some Talooks contained an exaggerated quantity, consequent upon the fact, that the Curnums entered in their accounts whole fields as appropriated to the Cotton Culture, whilst in Reality portions of them were under Cotton Cultivation, the other portions having been Cultivated with Dry Grains— the exctra esctent was struck off upon due enquiry, and the quantity now entered in

Fort St. George 5th January 1854

in Statement No. 19 may be considered as correct as possible.

11 The price of Cotton is given in the following Memorandum. It exceeds the price of last year and in the Months of December 1852 in where there was a fair demand for the Articles, the increase has been as much as 10-3-11 per Cent.

Under

14 Under the head "Punjah lands paying full Rent" there is a net increase of Rupees 8,488-4-4 produced by the cultivation of waste and "perumpoke" lands, as well as by the discovery and measurement of Exctra lands under cultivation

15 The Garden lands subject to the demand of full assessment, exhibit a Net decrease of Rupees 2,479-9-11 caused by bad weather amongst the Holders, and by the levy of Punjah taxe on lands entirely unfit for Garden Cultivation, from the failure of water in Wells in all instances in which claims were preferred for Remission, Careful enquiries were made, and the lands and Wells in every practicable case were inspected by some of the Government Servants; Remission having been granted only to those that most urgently needed it-when a general Reduction of the Garden assessment takes place, as proposed in my previous Communications, the necessity for occasional and temporary Remission will cease altogether. Having already

already said to the Board all that appears practicable or desirable, on the subject of Wells, I will not further urge the matter, than by once more repeating my unaltered and increasing conviction, that some Remission on all the old Wells, is necessary on the grounds both of policy and justice- I beg to refer to my letters of 20th January 1853 and 11th May 1853 paras 3-4-5-7-

16 Many of the Tanks in Madison, Chuckragherry and other Talooks received the usual supply of water, and the net increase produced thereby under the head of Punjah, amounts to Rupees 20796-3-6-

17 Under the head of Coute lands of every description, is a net increase of 2440-14-1 from increased Cultivation of waste lands-in the item of Garden only, a decrease of 173-1-5 is discoverable, from the transfer of Coute lands to full rent-it is necessary to remark here that in the Talooks of Palacky, Pul: = cadum, and Perindary, lands assessed at Rupees 37-14-9 and bearing a Settlement

settlement of Rupees 12-9-5, are still
under the head of Coule on the same terms
as in 1261 without having their rents increased
as they should have been - the holders
appeared to have been very much reduced
in circumstances and the lands were
uncultivated; the stringent application
of the provisions of the Cowlenamah
would have completely ruined the Ryots
and upon these grounds it was necessary
to withhold their enforcement for the
present year - in the result, the usual increase
rate will if practicable, be Charged -

18 Under the head of "Bagayet Surra
Punjah" or Garden lands paying Punjah
Rent, is an increase of Rupees 1982-15-
6 - arising from causes assigned
in para 15 of this report, namely, by the
levy of Punjah demands on Gardens
owing to the failure of water in Wells -

19 In Punjah lands paying Punjah
and Garden assessment, there is a
deficit of 773-15-10 from the transfer
of a portion of them to the head of
"Full Rent & Coule of Punjah" In

20 In the item of Remission, is a
deficiency of 1239-7-5 from a large
portion of lands in which the demands
was remitted last year, having this Fusly
been Cultivated and Charged as such -

21 Although the Tanks were once
full in the Talooks of Coimbatore and
Perinderay, still there was a scarcity
of water at the last, which rendered Re-
-mission necessary, it was Regulated upon
the usual principles; the instructions con-
-veyed in para 35 of the Board's Proceedings
on this point, will be attended to in future -
the Remissions granted this year amounted
to Rs. 65-15-8 as will be seen from Statement No. 18-

22 The orders Contained in para 34
of the Proceedings Referred to will likewise
be carried out from the ensuing Fusly
with Reference to Punjah wast lands -
In the present year the lands struck off
the accounts amounting to Rupees 7782-3-8
were the holdings to those who died,
deserted the Village, or were Reduced
in Circumstances, and could not therefore
be Retained in the accounts -

Pasture

23 Pasture lands exhibit a decrease of Rs. 980-11-7 from Punjab and Garden lands under the head of Grass until last year, having now been Cultivated and carried to full rent

24 The usual deduction of 1/15th and 7/8th Vea to Brahmins and Mahomedans has fallen short of the amount in Fusly 1261 by 305-16-11 this deficiency Consists of 2 pleno-1st the payment of 293-12-11 hitherto made to one Ganavenachary by a deduction from the Revenue, lately discontinued under the orders of Government Conveyed in the Board's Circulars of the 15th November 1852, a similar payment being made to him direct from the Treasury, and 2dly Rupees 11-4 the remission of 1/16th granted to certain Brahmins in Suttimungalum now brought to account, it appearing from enquiry instituted at the time of settlement that they have violated the Conditions upon which the remission was to be enjoyed

25 Under the head of fixed Sourvadayem is a decrease of 7122-2-0 It would have been more had it not been Counteracted by an increase in the

+ Paravapillowary

the amount of pasturage rents. The several items Composing the decrease are shown in the statement No. 15 the remission of tree tase is the Chief Cause of this decrease. Under the Board's orders of the 6th November 1851 the tase on trees was Remitted wherever the land Rent also was remitted. This Rule was Confined to Sirkar lands, and had no reference to Ryots holding Inamems, they were obliged to pay the land Rent to the Inamiendar, and the tree tase to Government. Such a practice appears now Contrary to the Board's order and meens, and as it was desirable to make the Rule uniform throughout the District, orders have now been issued to remit the tree tase on Inamem lands also, as in principle and necessary as an inducement to plant valuable Trees, both for Timber & Fruit-

26 A reference to the Statement No. 13 will point out that Inamem land amounting to Rupees 2-2-6 has been brought to the account of Government, and as the Board may possibly require

information

information on this point, I beg leave to explain that this was in the first instance alienated for the pay of a Village watcher as Dewail Renee Allab: it was uncultivated and useless ever since it was granted, and therefore upon the Repeated Complaints of the Holder it was Resumed, and other Land equivalent in value granted to him; the old Mauiam has however since been taken up by another party, and is now under Cultivation paying Rent to Government - In the Talook of Suttimungalum a new line of road was unavoidably Carried through a Village Sillundy Enam: in adjustment of which lands assessed at 9-9-6 was given - In the Neilgherries a portion of the Sillundy Enam was taken up for the use of the Barracks under Construction, and other lands were given in lieu, bearing a demand of Rupees 16-4-8 these alienations altogether amount to Rupees 28-4-8 and having been made from waste lands do not appear in the account No. 13; if they should be excluded in the Immalundy Statements, they should in the first instance be credited to the

the assets of Government, and then debited to Enam, unnecessarily swelling the entries thereby which seems uncalled for - but should the Board entertain a different opinion, their orders will be Carried out -

27 Nearly all the accounts prepared this year exhibit the old survey assessment - with a view therefore to point out the Net Settlement of this year, I beg leave to annex a brief Statement in the same form as that appended to the Board's Proceedings of the 30th April 1853; the entry of the old assessment unnecessarily swells the amount of Revenue, and the deductions therefrom; and it is therefore a matter for Consideration whether it need be shown in future accounts -

Deductions

D. H.

The

28 The Dittum Settlement of the Tahsildars for 1262 amounted to Rupees 25,22,941-2-1 in which Cabooleaty Bunjer to the extent of Rupees 69,150-12-3- was included During the Jamabundy Settlement 16,678-17 were remitted, and 52,472-1-6- charged to the Ryots, bearing a Settlement of 2,1796-5-9- or less than in 1261 by Rupees 8,287-9-11-

29 In the Board's Memorandum the amount of waste brought to account is given at Rupees 29,791-6-10 this is exclusive of Bagayet Surra Punjah, and should this be added, the aggregate charge amounts to 50,083-15-8-

30 In para 22 of the Proceedings above quoted the Board require information regarding the number of hamlets, and in reply I beg leave to submit, that the aggregate number entered in the account of 1261 was 4518 the number as at present ascertained is 4736 or 218 in advance- this increase has not occured in one year, but as stated in my report of the past July para 32, it has taken place during a period of several years, the revenue of land given for the site of new hamlets in

in the year under review, amounts to Rupees 135-8-8 particulars of which will be found in enclosure A to Statement No 13 the number which sprung up this year is 4 two in Pulladum and a similar number in Erode- they are held by several Ryots; the land taken for the Barracks on the Neilgherries in addition to that previously given amounts to 8-10-5 Exclusive of the Sibbendy Enam mentioned in para 26, and this is also added to the Statement-

31 The assessment on lands included this year in Perumpoke is Rupees 779-5-11 the purposes to which they were appropriated being given in Statement No 13 no further explanation seems called for-

32 The Return No 2 of population and cattle being ordered to be furnished quinquennially it has not now been submitted but will be supplied in 1265/1855/56-

33 No alteration has taken place in the Register of lands owned by the Government Servants-

It

34 It will be observed from the rent roll No 5 that Puttahs above 1000 Rupees are few, the number of Ryots paying a large revenue from 3 to 10,000 Rupees is also very limited; most being small landholders the average amount per Puttah is as small as 12-5-5.

38 — The relief to the Ryots from the concession made in favor of new Well lands, is great, and appeared to have been appreciated by the people generally; rich and substantial Ryots have already sunk many Wells: the poorer classes from want of sufficient means, are unable to participate so fully in the benefit. It was with a view to remedy this evil and to assist them that I proposed to set aside 5000 Rupees from the Charitable Surplus Funds, for the purpose of making advances to those that were really in need of it, on good and sufficient security to be repaid in convenient instalments. As the Board appear to have approved of this proposition, I hope that the liberality of Government will now be generally shared by the Ryots. There is not the remotest chance of loss to the Circar, whilst the advantage to the poorer classes is incalculable to say nothing of the additional security to the Government revenue even in seasons of scarcity.

39 The Settlement on lands under

under Well cultivation in 1262 amounts to Rupees 522,639-10-6. which bears a proportion of 21—4- on the Land Revenue demand and the more it increases, the better for the Government.

40 The Board are aware of the fact that since their orders to grant extended Cowles for lands improved by private enterprize and capital, some dry lands which for a series of years paid Common Punjah rent were converted into wet cultivation in the Fusly under report two old Tanks, breached, and lying useless for more than 40 years, have been repaired by private capital and will shortly yield increased Revenue to the Circar from Nunjah cultivation.

41 The Land Revenue demand for 1262 is Rupees 23,42,102—4-1- recoveries within the Fusly amounted to 23,23,040-9-3- Subsequent Collections to the 20th of November last 18,115—4-10 have reduced the balance to the small sum of 94 6-6-4. For the realization of which measures have been adopted the balance uncollected bears a

The

43 The Board may probably require to be informed of the particulars connected with the item of Rupees 834-7-10 entered as additional revenue charged in 1258/1848-49 and I would beg to explain that in 1258 many of the Nunjah lands in the Erode Taluk were remeasured, and increased revenue to the amount of Rupees 1,000- was brought to the credit of Government on lands discovered to have been of more extent than the quantity previously paid for. Several complaints were since preferred against the justice of this additional charge, and it became necessary to go over the whole matter again. The 2d measurement was conducted under the immediate superintendence of one of the Serishtadars of this Office and it was then ascertained, that the sum of 834-7-10 was incorrectly and unfairly charged; the levy of it appeared unjust, and was therefore postponed but as its retention in the accounts is undesirable, and would be only the means

of application to the Ryots it is now recommended to be struck off the accounts.

44 The arrears of Sewoy Jamma at the close of the Fusly year of 1262 also were Rupees 7,962-12-4 Rupees 252-12-8 were since recovered and 7,269-12-5 remitted under the Sanction of Government dated 15th July 1853 being in all 7,522-9-1 and leaving 440-3-3- Of this 384-6-4- is recoverable, and in course of adjustment, and the residue 55-12-11- requires to be struck off. The subjoined Memorandum affords further details with reference to this Item.

48 The report of the Sub-Collector on the Settlement of the 4 Taloks under this charge is transmitted herewith..

49 I avail myself of this opportunity of bringing to the notice of the Board, that the amount originally fixed, for pay of the Village Sibbendy in land in this District depended upon the then Revenue of the Villages- Many Villages have since increased greatly, in cultivation, and Revenue, whilst the pay remains what it was more than 30 years ago- This is by no means an equitable remuneration- the fees should increase (as was probably first intended) with the increasing size, prosperity, and work, of the Village; and as the Sibbendy is entitled to higher pay in proportion as the Revenue advances, I request that I may be permitted to submit for the favorable consideration and orders of the Board, a Statement of the increased payments proposed to be made in land, to all such underpaid Village Officers..

50 I beg the Board's notice of the great diminution (81 per Cent) of the former yearly Puttahs now reduced from 239986 to

per para 5

to 46,629- a great saving of labour to the Cutcherry, some of expense to Govern:ment- and of much trouble, to the Ryots who were before all compelled to attend the Cutcherry, often at a considerable distance, for the mere purpose of exchang:ing an old lease for a new one of exactly the same tenor and contents- a Ryot who had any thing to represent or to ask, would always be sure to come of his own accord.-

57 The retaining of the old Puttah without change so long as the Ryot pleases, tends also to relieve the Ryotwar of the frequent though unfounded accusation of its changeable and inquisitorial character; and gives it more clearly the nature of a perpetual tenure, on a fixed unalterable payment, so long as the Ryot chooses; the Government being bound by it, but not the Ryot- these are its simple and real features, and what more just or favorable ones could be desired by the Ryot or given by the Government, I am not aware. Many of last year leases (Puttahs) will I have little

little doubt, hold on for many years, unaltered and untouched, except where from increasing capital and means a Ryot wishes to enlarge he is holding- Tho' a Puttah now holds good for as many years as the Ryot pleases, the Kuccheh, or yearly receipt of the Ryot, in which the Curnum should enter his several payments, had to be renewed, and to save the necessity of coming up for this one Cadjan leaf only, yearly, it has been arranged that the same "Olai", in 4 divisions, shall serve for 4 years without change.-

52 I have also used the Board's liberal and just permission (See Board's Proceedings dated 1st April 1852 para 23) to ease and relieve the Ryot so far as a liberal construction of the Bookumnamah of the District would permit, by allowing many to give up single whole fields, stony and barren, taken up on trial, in some one year of abundant Rain, and saddled on the Ryot ever since, and yet it will, I trust, be satisfactory to the Board to observe, notwithstanding the remissions in Wells, Palmyras, and barren

barren lands, the Revenues of the District are in advance, while its resources are greatly strengthened, and the confidence and energies of the Ryot, drawn forth, by a safe, timely, and wise liberality.

53 In the rule which I have lately adopted of remitting waste above 15 per cent, (of a Ryot's entire holdings, carefully examined), I found it was as much waste as he could fairly bear to be charged with; any larger proportion, pressed too heavily and injudiciously upon him. The remission was given chiefly by allowing a Ryot to throw up some of the fields with which he was saddled beyond his means. The practice had been, hitherto in the Tahsildar's settlement (Dittum), to give discretionary remissions to those only who were on the verge of failure, but to withhold it so long as any power to pay was supposed to be left: a rule as manifestly unjust and partial, as it was obviously impolitic - timely alleviation being a better prevention, from ruin, than total remission, when the failure took

took place. Throwing up the land was the usual and the best test in the remissions given by me - if a Ryot did not wish to decrease his holding, the general rule was, and still is, to make him pay full even for waste.

54 The new wells continue to increase, and the old Well Ryots are clamorous for relief, even where cultivation exists - and the number of deserted Wells is not likely to lessen, unless something more permanent and satisfactory than a Cowle, is conceded - a strong and valuable feature in the Well cultivation, is, that nearly all the "Raggy" is produced under Wells; one of the most valuable grains produced, in as much as besides being a main staple of food among the cultivating classes, and very nutritious, it keeps (which no other grain I believe will do) many years, 20 and 30, with care (while paddy, cholum the large millet) and all others perish in 4 or 5 years at the farthest; an important and valuable quality in any grain,

with

with reference to exports, to famines, and other points.

55 Adverting to para 5 of Extract from Minutes of Consultation of the 28th June last. N. 709 and to para 7 of the Board's Proceedings, I beg leave to observe that the expressions "death, desertion, and insolvency," have been hitherto employed in the accounts in the explanation of decrease. Under the first, are entered all lands left uncultivated consequent on the death of the holder, there being no claimants to occupy them, and therefore not chargeable in the accounts. the 2d comprises similar lands, the Parties owning them having deserted their cultivation and Village, and gone to another Village in the same or different Taluk, and there charged with Motarpha (House tax). such lands are necessarily struck off the accounts; as the proprietors, if discovered, cannot be compelled to retain them. Under the 3d "Insolvency," all lands, given up from want of means, or as unprofitable; are exhibited, together with those that have

have been transferred, pro tem pore, to the head of pasture land, on condition that they should revert to their full assessment in the ensuing year; such remissions, temporary as they are, being found, on strict and careful enquiry to be necessary, to avoid pressing too hard upon the Ryot. as the word "insolvency" is considered objectionable, the term "impoverishment," made use of in the form of account furnished by the Board, has been adopted in this year. if this be deemed inappropriate, perhaps, "lands given up from Poverty, or as unprofitable &c" might be substituted. but on this point I shall be prepared to carry out such instructions as the Board may see fit to issue.

56. I am happy to be able to report that all the Subordinate Officers, Head Assistant Collector, and assistant Collectors, have rendered me all the assistance in their power.

57. I add a Statement A for the Board's information, showing that notwithstanding the remissions that have been made in several large items, the Revenue

Revenue has continued steadily to increase and every enquiry leads me to believe that much of the spur given to increased cultivation, has arisen from the burdens relieved and the confidence thereby imparted to the people at large. The remission of the double Palmira tax, has led already this year to the planting of many† Palmiras on poor lands unfit for cultivation, the Ryot being now assured they will pay for the land only and the remission of much saddled bad land has encouraged many

† Many lacs

many Ryots to take up other lands under the confidence that they will be permitted to give them up again should bad seasons or other cause compel them. the Ryot lives by his plough and seldom gives up a field he can profitably hold. A little more is now asked by the Coimbatore Ryot but a liberal and fair settlement of the old wells.—

No. 31

To E. B. Thomas Esqre
Collector of Coimbatore

Sir,

I have the honor to submit herewith the Immaleundy Statements of the sub Division for the last Fusly 1262, in accordance with the new Forms received with the Board's Circular letter, dated 13th June 1853-

Fusly 1262	7,49,893-2-6	
Fusly 1252	6,50,596-8-2	
1253	6,64,805-12-4	
1254	6,89,297-6-1	
1255	7,02,390-3-1	
1256	6,76,016-15-4	
1257	7,36,497-4-4	
1258	7,37,235-10-8	
1259	7,39,713-14-2	
1260	7,49,323-5-11	
1261	7,46,826-4-7	
	7,09,270-4-10	
average	7,09,270-4-10	
Increase	40,622-13-8	

2 The amount of the Settlement of the Fusly 1262, is in excess of that of the premises Fusly by Rs. 3,066-13-11- It is in advance of the average Settlement of the last 10 years by the sum of Rupees 40,622-13-8 as indicated in the Margin- The demand has been realized nearly in full; the balance at the close of the Fusly not exceeding Rs. 3,515-14-6- *

* Since reduced to Rs. 557-12-4

3 The Settlement of the four Taloohs was Commenced in the Month of January and finished within the end of the Fusly-

4 The seasons of the year under Review, have not been altogether favourable- There was some deficiency of Rain as shewn in the subjoined Statement No. 1-

5 From this deficiency the Punjab Crops yielded less than they would have done in an average favourable season.

6 From the same cause the produce of Garden land was also scanty.

7 The Rivers Cauvery and Coleroon annually received their annual supply of water. The Tanks of the Bodenuttum Village in the Chuckragherry Taloog were filled, and the lands dependant on these Tanks were fully cultivated. The Nunjah Crops therefore may be considered to have yielded an ordinary Return.

The following Statement No 2 will exhibit the particulars.

8 The Salt Division has been generally healthy during the past years - Cholera broke out in some Villages, but the amount of death from it was not considerable -

9 The following Statement No 3 will shew the price of grain as Compared with that of the preceeding year - Among the seven descriptions of grain enumerated below, the prices of numbers 1 to 3 are almost equal to those of the previous year -

of all description of Lands is a net
decrease of Rupees 48-4-9 arising
from the transfer of some of these lands
to full rent and other reasons as
shewn in the Zumabundy Statement No 17.
The Garden lands paying
16
=ing Poonjah rent shew an increase
of Rupees 498-14-6- This increase
is owing to some garden lands having
been cultivated with Poonjah crops
for the reasons mentioned in Para 13.
There is a decrease of
17
Rupees 917-15-8 under the head of
Nunjah (or wet lands) paying Poonjah
and Garden rent, owing principally
to the Nunjah lands, (under
the irrigation of Tanks) of the
Boodenutham Village in the
Chuckraghery Taluk, having
been in the previous Fasly 1261 cultivated
with

with Poonjah crops, from the then deficiency of water in these Tanks. These lands have been this year cultivated with Punjah and brought to full rent.

18 Under the head of grass lands both dry and Garden there is a decrease of Rupees 304. 11. 5. This is principally owing to their having been cultivated, and carried to appropriate heads, as well as to casualties among the Puttah holders of the lands.

19 The amount due at Enam, to Gheyanasenachary, a Brammin, Viz^t Rupees 293-12-11 (being one fifth part of the revenue of the Village of Coorookapolliem, in the Dauraporum Talook) was not deducted from the Summahbundy settlement of that Talook; as it has hitherto been. This amount, which has hitherto been paid, in the Dauraporum Talook, was this year paid from the Huzoor Treasury, in accordance with instructions from your office on the subject.

20 Under the head of Fixed Soornadayem is an increase of Rupees 815. 15-4. The items and particulars of this increase will be found in the following Statement No. 6.

B. No. 3253.
From the Sub Collr. in charge of Coimbatore

Sir,

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 5th Instant with Copy of Minutes of Consultation of the 2d idem No. 1336.

*Affords explanation called for by the Board with reference to the state of the season in the Coimbatore District for the present year.

2. The early dry cultivation in the current year has been scanty in some places, and failed entirely in others; but, the later Crops are in a promising condition, and will yield a fair average if favoured by a few showers towards the end of this month - but (facting even this) there is no probability of actual scarcity in the District.

3. Should there be any deficiency in the Crops, it will be counterbalanced by the abundant Punjah produce. The tanks, with very few exceptions, are full and the lands under the Channels of the Bhawaney, Cavery and Amraverty Rivers have an abundant supply of water.

4. Under existing circumstances, I am of opinion

Fort St. George 5th January 1853.

opinion that no unusual remissions will be required in the ensuing settlement should there be no rain whatever, during this month, it may perhaps be desirable to permit a departure from the rules of the Kookoonnamah with regard to the dry lands, in some localities, least favoured by rain.—

5. The repair of the Cross Roads and other works, which the Government has authorized from the Devastanum and Chuttrum Surplus Funds, afforded employment to a considerable number of people, and should any actual scarcity of food occur, would ensure the means of subsistence to a much greater number of people than are already employed on them.—

6. The enclosed Copy of Statement of the Monthly Fall of rain at Coimbatore will point out to the Board that the current year has not been unfavorable. The aggregate quantity of rain from January 1853 amounts to 20 Inches and 56 Cents.—

Bd. No. 24.
To the Chief Secy to Government
Submitting letters from the Collectors of Malabar and Canara, respecting the issue of Certificates in
Inform 27th Dec. 53.

Sir

Para 1. With reference to Extract Minutes of Consultation dated 18th September 1853 I am directed by the Board of Revenue to submit for the

in English to Vessels proceeding to Bombay and recommending that the present system remain unaltered with the exception of substituting Mahratta for Canarese in Canara.

the information and orders of the Right Honorable the Governor in Council the accompanying letters from

From Malabar 2d inlos: 22d Decr 1853.
From Canara 22d Novr inlos: 8th Decr 1853.

the Collectors of Malabar and Canara respecting the issue of Certificates in English, to Vessels proceeding to Bombay.

2. In Malabar, Commanders of Vessels are required to furnish duplicate Manifests, which are stated to be generally written by Volunteers, called Darkhast writers, at fees varying from 2 Anas to 5 Rupees, but resident Merchants and others who wish to prepare their Manifests by their own Clerks, are not restricted from doing so. An English Manifest in Duplicate is only required from Ships proceeding to Bombay.

3. These rates of fees were not Established by the Collector, nor has he received any complaints respecting them tho' it will be seen, that Mr. Conolly intends reducing the rates above one Rupee.

4. There are no certificate writers in the District, the fine which existed having been discharged on the reduction of the Sea Custom Establishment soon after Act VI of 1848 came into operation. If the fees are to be abolished Mr. Conolly represents that it will be necessary to augment the Establishment

In

5. In the District of Canara a fee of 8 Anas is charged on all English Manifests made out by the Government servants and it is stated to be to indemnify the Government for the expense of appointing Certificate writers at certain Ports. At present there are only 4 Certificate writers, who are borne on the regular Establishment, and draw salaries of Rupees 15 & 25 per mensem aggregating a charge of Rupees 960 per annum while the average receipts for the last 5 years amount to Rupees 848.

From Canara 17th Augt inlos: 12th Septr 1839

6. At the minor ports when Export Manifests are required in English, the Exporter sends to the nearest port, where the Certificate writers are stationed, to obtain them and if a Vessel arrives with English papers, they are also sent to one of these ports to be translated.

7. The fee of 8 Anas would appear to be only charged on Manifests which are in Canarese, and which the Merchants require to be translated into English when a Vessel arrives with English papers, no fee is demanded.

8. Mr. Maltby in reference to this charge, repeats the recommendation of a former Collector, that the fees collected be applied to placing at as many ports as possible, a Custom Officer acquainted with English

that

that it be left to the option of the Merchants to give in their Certificates either in English or Canarese but that if prepared by Government Servants the present fee be demanded.

9. No particular difficulty it is stated would be experienced in the issuing or receiving of certificates in the Mahratta language.

10. As the Board concur in the opinion of the Collector, that it is incumbent on the Merchants to prepare and give in their own Manifests, and no, restrictions are placed on their doing so nor any complaint against the present Custom made on their part and as this practice is also followed at the Madras Sea Customs House, they are of opinion that it would not be advisable to alter the system pursued in both Districts (except in substituting Mahratta for Canarese in Canara) as it would lead to an increase in the Sea Customs Establishments.

11. The Board see no objection to the appropriation of the fees collected, as suggested by Mr. Maltby.

Secretary to the Board of Revenue

I have the honor to explain with reference to

to the Extract from the Board's Proceedings dated 8th Instant that the Chief Magistrate and Superintendant of Police had previously been consulted and had reported that he had personally inspected both the spots proposed to be sold &c. and that there is no objection whatever to selling them. I regret that through inadvertence this was omitted to be mentioned in my letter to the Board.

In regard to the Second point regarding which the Board inquire, I beg to state that the applicant Veerabhadra Chetty has purchased the property marked in the Plan as Tolasinga Chetty's and thrown it into his own, so that, no separate road is now required.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the correspondence noted in the margin, with the Acting Collector of Madras, respecting the sale of two pieces of land the property of Government.

2. As it appears with reference to Extract Minutes of Consultation dated 29th September 1853 that the lands are not required for any public purpose, and that no objection exists to their sale the Board recommend that the Acting Collector be authorized to put them up for sale by public auction at the upset prices of Rupees 1,779-6-. and Rupees 86-7-9, their estimated values, and to knock them down to the highest bidders.

3. The usual notice for the sale of the lands accompanies Mr. Stoke's letter of 24th November 1853, and the Board request that the date of sale may be fixed, and the advertisement published in the Fort St. George Gazette.

From the acting Collector of Madras.

Sir,

Reporting that no compensation appears to be necessary to be given for the suppression of the manufacture of Salt at Cuttiwauk and that it appears advisable to continue the Manufacture at Cuttiwauk and Vichoor for the current Season and forwarding the Plan sent by the Board

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated 8th Instant and as therein required to return the Plan of the Salt Pans with the site of the old Pans at Poortiwakam shewn in light yellow I should explain that a considerable addition to the former Pans is contemplated in the plan recommended by the Superintendent.

The Superintendent was

2. mistaken in supposing that the cost of the Salt made at the Chingleput Pans of Vichoor, Vallore and Vayaloor is not charged in the accounts of this Office. It has not been usual to show it in the accounts furnished to the Board with the Report on the Extra Sources but it is duly adjusted in the Journals under the head of transfers between Collectors. The revised form of Machilka proposed by the Superintendent is now forwarded.—

4.

The Tabular Statement of establishment required is under preparation It is observed however that it would consist almost conclusively of Kungami Pans for which sanction would be obtained annually.—

5.

From the correspondence noted in the Margin it appears that the Pans at Cuttivakum were opened under a stipulation that no compensation was to be claimed on their being again closed.—

6.

On consideration I think it may be better to continue the manufacture in the current season both at Cuttivakum and Vichoor as the new Pans will scarcely come into full operation even if sanctioned till next year.—

for Fasly 1243.

Translation of the binding agreement of Salt Manufacture executed by the undersigned and marked Merasidars and Payacaries of the Village of Attipat Ennore and Cuttiwauk in favor of R. P. Campbell Superintendent of Salt.—

1. Previous to the commencement of the Manufacture of Salt we will employ labourers at our own expense in proportion to our respective share of work and cause them to dig the New and Old Channels properly and deeply, so that our Pans may be watered from

from them and that the
exportation boats may
be navigable in them
without any interruption,
the digging of the Channels
to commence from the end

No. 223

To H. Stokes Esqre
Acting Collector of Madras.

Sir, I have the honor to acknowledge the receipt of your Official Memo of the 10th December 1853 calling upon me to furnish in the prescribed Form a Statement showing

"shewing for each place separately, the Exact
"Establishment that would be required in

"office, and of the Poorlemankt Pass being
"re-employed, and to state further what
"Compensation is proposed to be given to
"Manufacturers whose Pass may be so
"abandoned in Cuttemankt and Pichore.

2 In reply, I have the honor to for-
ward, in the Required Form, the Statement
of Establishment called for, but I find
that it will be impossible to fix an Exact
Scale of additional Establishment, until
the working of the New Pass is fairly ad-
vanced. The same information might be
furnished, better perhaps, in two separate
Statements, one shewing that the only additional
Charge on the permanent Establishment of the
Cotaur will be for an Extra shroff, to pay the
Coolies employed in the Vellore and Vayalore Manu-
factures hitherto paid by the Chingleput auth-
orities, and that due by the increased Manufac-
ture generally, besides the transfer of an exist-
ing Establishment, for which special sanction
once obtained will answer; and the other
intended

intended as a supplement to the Statement
forwarded by you on the 5th November 1853,
to the Board of Revenue, shewing that the only
other Charge will be a fluctuating one for
Hungamy Establishment. Any reason for thus doing so
is that it was deemed impadvisable by the Board
+ Pro 13th Decr 1852 to fix any scale for the temporary Establish-
ment formerly proposed by the Assistant
Collector Ellis, and only to employ
such a number of Servants from time to time
as the Exigencies of the Department might
require, which, as they fluctuate, would render
it necessary to obtain the sanction of Govern-
ment to the actual disbursements annually.

3 From the Statement now sub-
mitted, it will be seen that besides the
Extra shroff on 10 Rupees as a permanent
Charge, the only real addition in the
Hungamy Establishment, if none beyond
the three Permanent Conoopolies and Tomtom
beater can be spared from Chingleput pa
in the numerical Strength of Peons of whom
30 more will require to be employed
at 7 Rupees each per month, or Rupees
1,680 for the Eight working months of the
year. I stated this in my Report of
the

the 24th October 1853 No. 204, Para 11 and am
-ble of opinion that this number would be
necessary, and, if it be granted, the full
complement of Hungarry Peons for work-
-ing the Pans will be 7 to 8 in the proportion of one
Peon to every 4½ Pans-I am desirous of stating
-ulate the proportion has hitherto been, but
I could not take the entire number of
Hungarry Peons employed into this calcu-
-lation, as I am aware that some were
employed for work at
the Cotaurs, both of
Madras and Cannore
Depôt, and it
is difficult therefore
at this period, to state,
with precision, the
number employed at
work at the Pans only.

Though the proportion of all the Hungarry
Peons to all the Pans during the past
6 years is given marginally

-sation to be granted to the Manufac-
-turers of Vichoor for the abandonment of their

exact terms of the Moochilka entered into
between them and the Chingleput au-
-rities, but as the Cavear has suffered
so materially by their default in the Dittum
agreed upon, (the actual produce for the
only two years in which the Pans were
worked being only 43 Garce out of a
Dittum of 1200 Garce, leaving them in
default to the exctent of Garce 1157) I do
not see that they are entitled to any
Consideration, especially as Vichoor is not
an usual place of Manufacture.

In like manner as the default
of the Cuttenack Manufacturers
during the same period was Garce 1219-
in
367 out of a Dittum of Garce 1503-I do
not Consider them entitled to any Com-
-pensation, but their case differs from
the Vichoor People, as in Cuttenack only
86½ Pans were newly granted in 1851/52,
and the Remaining 82 Pans have been
worked since the year 1834, and it is,
I believe, a fact that at the time
these were first distributed, a Moochilka
was obtained from them agreeing that

Proceedings thereon The Collector furnishes a Statement according to the Form required

Submitting with the Board's recommendation the correspondence with the Collector of Madras and Chingleput respecting the extension of Salt cultivation and the entertainment of a temporary Establishment.

shewing the increase of Establishment necessary if new ground is taken up for Salt pans to supply Madras. He also forwards the Report of the Salt Superintendent on the Subject.

2 The Board will first notice the Causes that have led to a proposed extension of the Salt Cultivation.

3 The Madras Depot is supplied from 6 Grounds Chiefly in the neighbourhood of Ennore. 3 of these Grounds belong to the Collectorate of Madras, and three to Chingleput. They yield altogether about 5866 Garces per annum, which is not sufficient to meet the increasing demand at Madras, and it is the object of the Board to make the Madras Golaun the grand Central Depot, and to keep in store such a quantity of Salt as may assure the Traders that they never will be disappointed in finding a full supply at all times. At present 9000 Garces a year will answer the purpose and

Fort St George 5th January 1854

and it is desirable without loss of time to extend the Cultivation.

4 Mr Lee employed the Superintendent appointed by Government has given great attention to the Subject and has brought to notice that a Considerable tract of Ground attached to Poorteneakkum North of Ennore, is most favorably situated, and there will be no difficulty in raising the required quantity. He reports that the salt of Vichoor (a Chingleput Pan) is very inferior, and the pans of Cuttenaukkum incapable of yielding but comparatively a small supply. It is proposed therefore to abandon these 2 pans and transfer their Establishment to the new Ground at Poorteneakkum.

5 The following abstract will shew the present outturn and the future expectation supposing the plan Carried out.

At present the Pans are as follows.

	Names	Number of Pans	Outturn 1853	Average per Pan	Average of last 6 years
			Garce	Garce	Garce
Madras 1/2 Cawny each	Attipatt	885	2810	3 1/8	3 1/2
	Ennore	451 1/2	1341	3.	3 1/8
	Cuttiwauk	168 1/2	163	1.	1 3/8
	Vulloor	368 1/2	767	2 1/8.	3 1/2
Chingleput 1 Cawny each	Veyalloor	229 1/2	549	2 1/4	6 3/4
	Vichoor	150	36	1/4	
			5866		

V Ath.

If Lieutenants and Vickers are discontinued, and Poortemanks added, the prospect is as follows, taking the last 6 5 years average, and assuming Poortemanks equal to attipute-

	Number of trees	Gauge per tree	Total yield
Attipute	885	3 1/2	3020
Emmore	451 1/2	3 1/8	1398
Vellore	368 1/2	3 1/2	1303
Voyaloor	229 1/2	6 3/4	1548
Pontiwank	522 1/2	3 1/2	1780
	2457		9048

Madras

The Vellore trees yield only 1/2 the old Madras ones i.e. the outturn is the same, but they are twice as large-

Re Voyaloor trees are twice as large also, but yield double-

Mr Campbell is of opinion that the present estimated yield might be doubled, if the Meerasdars were obliged by more stringent Rules than at present exist, to produce what their Trees really can yield. The Board are not sanguine of so large an increase: at the same time they see the necessity for endeavouring to get the full produce out of each tree, as this is one of the best Preventives against smuggling. At present the Meerasdars paid in to the Government Authorities less than their trees are known to be capable of, and even less

less than the Dittums agreed upon, and have thus the power of meeting the demands of Contraband traders. The difference between the cost and the monopoly price is so great that no amount of watching will prevent the clandestine traffic whereas if the Manufacturers were bound under penalty to return the full yield they would have but little for the smuggler. In the event of a bad season remission would of course be made, and the constant personal supervision of the Superintendent would enable him to judge of the extent of failure owing to causes beyond the Meerasdars Control-

The next question is with regard to the Transfer of the Chingleput Trees to Madras. This has been often proposed before, but difficulties have been made which the Board think it no longer necessary to discuss. When they proposed the appointment of a Superintendent they contemplated bringing the Chingleput Trees under his charge. In regard to locality they are classed up with the Madras Trees, and

required the Board observe that with
the exception of a Shroff the whole of it
is Hungamy or Temporary and that it is
but little more than the Hungamy Sib-
bundy of Cutterwauk and Vichoor trans-
ferred to Poortemankund -

As the Hungamy Establish
-ment for Salt at the manufacturing
season has always been sanctioned
by the Board of Revenue, and as the
difference from the usual amount
is so small, the Board see no ne-
-cessity for making a formal appli-
-cation to the Government of India. The

period his services are found to be
required all the year round, the Collector
can apply for his Permanent services

together. These two yield about 200 Garee a year and Porteseaukum will yield 180.

12. As the season is now close at hand and no time to be lost, the Board request authority the Collector at once to take measures for opening the Porteseaukum Ground to discontinue the Ground at Cuttevauk, and transfer the Establishment to Porteseaukum. They will also direct the Collector of Chingleput to discontinue the Grounds at Vishnavaram.

13. Considering the necessary arrangements as speedily as possible, the Board will anticipate the sanction of Government and direct the Collector of Chingleput to transfer the Vellore and Vijayaveram Pans to the Acting Collector of Madras and Mr. Campbell will take charge of the whole Ground worked for the Madras Depot the Conjeveram Pans being considered a Depot for exports by Sea to be indented on for Madras as circumstances call for it.

14. Mr. Stokes will at the usual time apply for sanction for a Bungalow Establishment.

15. The Collector on distributing the new

new Pans at Porteseaukum will take an agreement similar to that given at Cuttevauk that no compensation is to be demanded if Government choose to relinquish the Pans.

From the Adjutant of Engineers

I beg to bring to your notice the following circumstances connected with the Survey of the Ceded Territory, now in progress, and to request that you will be pleased to submit the same for the consideration of the Board of Revenue.

A dispute having arisen between the inhabitants of this district and of the Goa territory, regarding the frontier line of the two Provinces, I have the honor to request that you will kindly enable me to refer to the large Sheets of the Trigonometrical Survey, which will in all probability shew exactly how the boundary was defined at the time of the Survey. The spot in question is on the boundary between the Ankola Taluk and the Goa Province in the neighbourhood of Kerpona.

It is very desirable that the Map should reach me before the 1st of February, on which day the Officers of the two Provinces will meet to determine the true boundary and if I am wrong in addressing you on the subject, I shall be obliged if you will transmit this letter direct to the proper Office.
