Thursday 2d March 1854 } John. Goldingham. Esqr. Second Member
and
J. L. Blaine Esqr. Third Member

Walter Elliot Esqr. Senior Member
Absent on duty
As Commissioner
Northern Circars.

Minutes of the last Meeting
read and approved.

Read the following papers—

(1) No. 128.

B. No. 417.

From the Secretary to Government } Extract from the Minutes of Consultation under date the 28 January 1854.

/From Board 5th January 1854./

The Right Honorable the Governor in Council permits the sale of the two spots of ground referred to in the foregoing letter, and authorizes the publication in the Official Gazettes of the Advertisement for the same the date of sale being fixed

fixed for Tuesday the 21st of
February next.—

(1-2) /Signed/ T. Pycroft
Secretary to Government.

Bd. No. 455.
Order thereon. Ordered to be communicated to the acting Collector of Madura with reference to his letter dated 12th December 1853.—

(3)

Bk. No. 415

No. 135.

From the Secretary to Government. } Extract from the Minutes of Consultation under date the 31st January 1854.

/From Board 29th September 1853/

1 Will be continued as recommended by the Board to Latchoomboye the widow of the deceased, subject to report at her death.—

2 The share enjoyed by the deceased Soobbummah, assessed at Annas 15 Pie 2. will, in the absence of heirs, be resumed.—

3 The share in three Enams held by the deceased Sachumbhullo for the last 24 years, assessed at Rupees 8—10—3 will be continued to his widow Latchmummah subject to report on lapse.—

4 Will be continued, as recommended by the Board, to Paupah, the daughter of the deceased, in preference to the orders passed in Extract Minutes of Consultation 25th January 1854. No. 100.

5 The Enam will be continued to Chengulroydoo the elder son of the deceased, and be reported on at his death.

6 In the absence of legitimate claimants, the share enjoyed by the deceased Soobbummah, assessed at Rupees 3—3, will be resumed.—

7 Will be continued, as recommended by the Collector and the Board of Revenue, to Seddakah the aged mother of the deceased, for her maintenance during life.—

8 The entire Enam will, for the reasons stated by the Board, be continued to Panpereddy the son of the deceased, subject to report on his death as regards the Pampully Enam.—

9 Under the explanation afforded by the Collector, the Enams or shares of them obtained by the late B. Timmacharloo by inheritance or purchase assessed at Rupees 155—1—0

will

will be continued to his widow Sashummah, and be reported on at her death. Considering the length of time that has elapsed since the death of Timmanacharlo, and that the widow has been in possession of the other Enams or shares Rupees 116 3 11 Viz. 8 years the Government would not interfere with her enjoyment of them but would leave them to her for life.—

10 In the absence of lineal heirs or near relatives, these Enams will be resumed, as recommended by the Collector and the Board of Revenue, but the Collector may make some small assignment from them for the support of Pedda Ankolo for the rest of her life.—

11 The Right Honorable the Governor in Council remarks that some of the lapses now under report accrued in 1845, or upwards of 8 years ago, and no reason is assigned for their not having been earlier brought to notice.—

Signed T. Pycroft
Secretary to Government.

(9-10)

B No. 440.

Order thereon. Ordered to be communicated to the Agent to the Governor at Kurnool with reference to his letter dated 22d December 1853.

(11)

B No. 473.

No. 177.

From the Secretary to Government } Extract from the Minutes of Consultation in the Revenue Department under dated the 7th February 1854.

Reviewing the Report on the Extra Sources of Revenue in the District of South Arcot for Faisly 1262 and granting authority for writing off the irrecoverable arrears of Revenue.—

Read the following Extract from the Proceedings of the Board of Revenue.

(Here enter 9th January 1854 No. 12)

Para. 1 The settlement of the Extra

Extra Sources of Revenue in the District of South Arcot for July 1861 amounted to Rupees 4,56530, being Rupees 30,533 below that of the previous year. The decrease occurred in two Items, Salt, Rupees 7,245, and Sea Customs, 8581. in the other sources of Revenue there was an increase to the extent shown in margin;—

	Rupees
Sayer & Frontier Customs.	14,228.
Abkarry	7,000
Small Farms	538.
Stamps	6458.
Moturpha	1068.

2 The falling off in Salt occurred both in the Inland and Home Sales, and is attributed to the stock on hand having run short, and to the destruction of a large quantity while in process of manufacture during the storm of march 1853. It is shewn that no Salt was obtainable at the Principal pans at Sevanum before the end of the July, and that the Inland Sales were closed from February to secure a supply for Home Consumption and for the French Government, and again that the Home Sales were restricted to small parcels, to protect the interests of the Community, by preventing the entire stock falling into the hand of a few large purchasers. On the whole, however, the home sales though much below

those of July 1861 were on a par with the average sales of the last five years. The manufacture has been carried on briskly during the present July and it is trusted that the Collector will be able to give effect to the instructions of Government for always keeping two years stock on hand in the Depots. This is a precaution which cannot be too closely attended to in all Districts.

The Decrease of Rupees 8581.

3 in Sea Customs is ascribed to the want of tonnage for Indigo, which, in consequence, passed by land to Pondicherry and Madras for shipment. An increase of Rupees 14,228 in the Frontier Customs, appears to be owing mainly to the Export of Indigo and Piece Goods into Pondicherry. The other items of Revenue call for no remark.—

The Current collections on

4 amounted to Rupees 4,39787, the Extra items 2735 and arrears 30510, making the gross collections Rupees 4,64,033, from which charges being deducted, the Net Revenue Rupees 3,92,362 was below that of July 1861 in Rupees 48869.—

Of a balance of Rupees

5 75,742 outstanding at the close of the July

Sixty Rupees 1800 appear in the Abkarry Department, being Rupees 625 above the balance unrealized in the same branch at the same period of the previous year. The entire balance appears however to have been since realized with the exception of Rupees 420, which is stated to be in progress of recovery.

The Right Honorable the Governor in Council grants authority for writing off in the accounts of the South Arcot District, the arrears of Extra revenue reported to be irrecoverable amounting to Rupees (Rs 15 8) Six annas Fifteen, and Pice eight.—

To The President and Members of the Board of Revenue.

From the Secretary to Government } Extract from the Minutes of Consultation under date the 7th February 1854.

(13)

(From Board 16th January 1854.)

The Right Honorable the Governor in Council sanctions a further expenditure of Rupees One thousand, for copying the old Summahbundy accounts of the District of Malabar from Cadjan to Paper.—

/Signed/ T. Pycroft
Secretary to Government

(13-14)

BR No. 452.
Order thereon.

Ordered to be communicated to the Collector of Malabar with reference to his letter dated 24th December 1853.—

Extract

shipments to Calcutta. The export of Salt to Madras in June last, charged with only the Costs of manufacture and Charges likewise contributed to the decrease which occurred under this head.—

3 The fluctuations in the other branches of revenue are sufficiently explained, and call for no particular remarks.—

4 Of the above demand Rupees 5,60,984 were collected within the Fasly leaving under the heads of abkary, Land Farms and Motupha, a balance of Rupees 1858 5 4, of which, the greatest portion appears, from paras 22. 25. 34. of the collectors report, to have been since realized. Including extra items and arrears, the gross collections amounted to Rupees 5,72,959, from which, deducting charges in which there was a decrease of Rupees 8,329 chiefly under the head of Salt, owing to the causes explained by the Board in para 14, the net Revenue Rupees 5,64,630 is Rupees 69,022 below that of Fasly 1260.—

5 The Right Honorable

authority for writing off in the accounts of the Nellore District the arrears of Motupha revenue for former fasles reported to be irrecoverable and so amounting, as shewn by the Collector in para 27. to Rupees (160-6-1) one hundred and sixty, annas six and Pie One.—

Order thereon. Ordered to lie over.

29

B. No. 686.

From the Collector of Rajahmundry

No. 16

To The Commissioner for the Northern Circars.
Vizagapatam

Sir

With reference to the first para of your proceedings of the 19th Ultimo No. 33 requiring to be informed whether any of my assistants come under the exceptional rules referred to in para 10 of the Extract Minutes of Consultation under date the 11th Ultimo, No. 74, and of the circumstances of each particular case, I have the honor to state, that my Head Assistant, Mr. R. E Master, appears to come under them in as much as ever since he left College in 1840 he has been stationed in this district where the Teloogoo language is universally spoken, and where opportunities for studying Tamil are wholly wanting. —

B. No 687

From the Collector of Rajahmundry

Sir

With reference to your letter of the 2d instant, I have the honor to inform you that the Enams are extensive, and that no Register of them is in existence — many Enamdars hold lands in different villages, talooks and districts, registered in the village accounts in the names of their relations. The kunnums are ignorant or pretend to be ignorant of such possessions elsewhere, and thus the enquiries that are necessary pender the preparation of the accounts a very tedious affair. It has been thought necessary to endeavour to ascertain whether each Enamdar holds in one or more places more than two canums either in his own or his relatives names

name, and for fear of sending in a wrong account, my Sherista department have been making a very strict scrutiny.—

2 But if it be the object of the Board to exempt each Enam of an area below two Cawnies, the account can easily be prepared, and it may be forwarded in the course of a month's time. I beg to be informed whether that was the Board's intention

3 Considering the great amount of revenue that may be sacrificed by exempting small Enams from future interference, and advertising to the fact that among the holders thereof there are many persons of wealth, I am disposed to recommend, that, however trouble some the preparation of accounts may be, the Government should not relinquish their rights to the extent that has been contemplated.—

Sir,

B.C. No. 644
From the Collector of Masulipatam. - - -
Circular 25th April 1853.
1st December
30th January 1854

With reference to your several letters noted in the Margin requesting me to transmit a list of the weights in use in each Taluk or Zemindary of this District, and also to state the weight of each in Company's Rupees as ascertained by one of my European Assistants, I have the honor to forward herewith Copies of Mr Tweedie's letter and its enclosure furnishing information on the subject, which will I trust convey to the Board all the information required.-

In explanation of the delay in the transmission of Mr Tweedie's report I beg to state that on examining the Tabular Statement which accompanied it, certain inaccuracies or inconsistencies with former accounts were manifest, the cause of which was not apparent. On these points explanation was called for from the several Tahsildars which has only recently been received, and the Tabular Statement contains the correction which the explanation now obtained render necessary.-

Tabular

	Seer Chinnapaddy scale	24	24	80	80	In this Talook all the three denominations of weights are in use, the Chinnapaddy the Seddapaddy and the Puka-kapaddy. The first 3 specified in Column 2 belonging to the first of these scales are those most in use. When articles are sold according to the other two scales, the same weights are still used plus or minus the difference between the scales which are represented either by dubs or stones. The reason of these 3 denominations of weights being in use is that from time immemorial it has been the practice to weigh certain descriptions of articles according to a certain scale of weight.	Seers Pootty 20 = 960 4 Coon-chums = 48 1 Dº 3 Seddas 1 Coon-chum = 12 2 Maonies = 4 1 Seddas 2 Tarvalos = 2 1 Maniche 2 Solas = 1 1 Tarvalo 2 1/2 Solas = 1/2 1 Sola 2 Giddas = 1/4 1/2 Sola 2 1/2 Giddas = 1/8 1 Gidda Nowtak 2 1/4 Giddas = 1/16 1/2 Gidda Chatak

To J. D. Lushington. Esqre
Collector of Masulipatam

Sir,

Para 1. With reference to your letter of the 5th May last, No 118 calling upon me for a report on the weights and measures in use throughout this District, I have the honor to submit a Tabular Statement, containing the information required by the Board of Revenue, in their Circular of the 25th April last, Extract of which accompanied your communication now under acknowledgment.

2. The experiments with the Weights were conducted in my own presence and I believe the results to be correct but it will be observed that there are several inaccuracies in the Specimens of weights which have been received from the different Talookes.

3. On reviewing this particular subject it would appear that a definite system of weights obtains throughout the District comprising three denominations known as the Chinnapuddy. Seddapuddy, and Pukkapuddy Some being exclusively used for certain articles according to local usages.

4 The subjoined Table exhibits the names of the chief weights, with their different values in each Seer.

Weights.

Those in use most at present in

4 Paddy grains - 1 Goorinda Ginja
4 Goorinda Ginjas - 1 Chinnum
9 Chinnums - - - 1 Pagoda weight
4 Pagodas weight - 1 Dub (Hydrabad)
16 Dubs - - - - 1 Punkum
1¼ Punkum - - 1 Seer (Chinnapaddy)
1 Punkum 6½ Dubs - 1 Seer (Peddapaddy)
1 Dub - - - - 1⅕ Rupee

The Pagoda weight alluded to in this Statement bears to the Rupee and the Dub the relation noted in the margin

Table - In all dealings, the Dub (the coin) is generally referred to as the standard, and the weights now generally in use are those of the Chinnapaddy scale. When the other denominations have to be used, the difference is made up by adding the additional number of Dubs. Generally in the interior rude stones of various and clumsy forms are used as representations of the greater parts of these weights and their faithfulness is, generally, proportionate to the consciences of the bazarmen.

5. . . As a detailed report has been already transmitted to the Board of Revenue, relative to the "measures" in use in this District, I have considered it sufficient, in pursuance of the Board's instructions to insert a list of the measures prevailing in one Taluk, marking only the values of the Poolay in the others.

6. In attempting to compare the replies of former Collectors, in 1822 to a similar requisition from the Board of Revenue, with the information now collected from the Talookes, some difficulty presented itself, at the outset, in consequence of the territorial division of the District having undergone a complete change, since that period. The comparison inserted in the accompanying Statement may not therefore be quite correct

correct in a few instances.-

There are some apparent discrepancies in the Statement forwarded by Mr Lane in 1822- thus the weight of ¼ Viss in the Nundegamah Talook is entered at 102 Pagodas weight, instead of 100- 1 Viss in Tiruvoor 402 Pagodas weight, instead of 400- 1 Viss in Condapally 438 Pagodas weight, instead of 440- It is not explained, either in the Statement itself, or the letter which accompanied it, whether the Pagodas weight inserted therein are the result of calculation or of experiments with the weights. It is on this account, impossible now to trace the source of these evident, but trifling variations.-

No. 11

To

W. A. Bayley Esqr.
Secretary to the Board of Revenue.
Fort St. George.-

Sir,

I have the honor to submit for the orders of the Board, at the instance of the Acting Sub Collector, a letter and Enclosures from that Officer regarding the conduct of Emmaneni Vencatasami Nayadoo Tahsildar of Chendalore, whom he wishes the Board's sanction to dismiss.

2. The immediate cause for this appears to be owing to Emmaneni Vencatasami Nayadoo not having joined at the expiration of his leave, but though I cannot consider the Tahsildar's conduct free from blame in not having taken proper Measures from the first to enable him to return to his duty at the time he ought, I doubt whether leave can be denied when a Surgeon's certificate is produced to the effect that it is necessary Emmaneni Vencatasami Nayadoo's conduct regarding the measuring of the Salt Heaps in May last however

(35)

Br. No. 329.
From the Collr. of Nellore...

Submits for orders of Revenue Board letter from Acting Sub Collector with two enclosures recommending the dismissal of E. Vencatasam Naidoo Tahsildar of Chendalore and requesting for orders regarding the disposal of his salary.-

however appears to me to be so characterized by negligence, and disregard for repeated and stringent orders from his superior, that I consider it merits dismissal, and only regret that, if brought forward at all, it was not done so at the time.—

3 The Complaints from the Public Servants should I consider have been examined into, or much weight cannot be attached to them, on this subject I addressed the Acting Sub Collector and beg to forward Copy of his reply; the subjects referred to in the orders passed upon them are not of sufficient importance to require being forwarded.

To Actg. Coll.r dated 16th Jany. 54
From Do. dated 21st Do.

4 In conclusion I beg to request with reference to my Official Memorandum to the Acting Sub Collector, Copy of which accompanies, that the Board will be pleased to pass such orders regarding the disposal of Emmaneni Venkatasami Nayadoo's pay as they may deem fit.—

Nellore Coll.rs Office,
24th January 1854. } I Signed I. B. Elton
Collector

No. 1.

To
I. B. Elton Esqr.
Collector of Nellore.—

Sir,

I have the honor with the view of obtaining the Board's sanction for his dismissal, to bring to your notice, my extreme dissatisfaction, at the conduct of Emmaneni Venkatasami Nayadoo; the Tahsildar of Chendalur Taluk in this Division; the grounds existing for the which, I beg to submit as briefly, as possible.—

1. Soon after taking charge of my present appointment, and of the District, I offered to this Man, (whom I know as having formerly served for some time in it as Tahsildar, and who had solicited re-employ, at my hands when in Madras) the sanction he now holds, and which had been some time vacant, on the proviso, that he could satisfactorily account for his previous alleged resignation of Office, and eventually nominated him to it on the 11th of April last— his very first act, subsequent

subsequent to which, being one of wilful disobedience of an explicit personal order directing him to assume charge with as little delay. This order, he received at Krishnapattam on the above named date, but did not reach Enamanamellar, (his temporary destination) a distance of but 100 Miles until the 24th idem after an interval of 12 days.

2. His subsequent proceedings have corresponded with this commencement, and been generally characterized by improper assumption, or careless neglect, emanating apparently, from discontent at what he is pleased to style, his present "degradation," as compared with the higher and more important offices formerly held by him; coupled, with an overweening vanity as regards his own abilities and claims; whilst, complaints against him, by his Cutcherry establishment, as to his treatment of them, have been general and frequent.—

6 Original Enclosures.

3. Without entering into troublesome detail as to the [illegible] points upon

which I have had reason to be dissatisfied with his Official conduct, I shall confine myself to soliciting perusal of the accompanying (Translated) Copies of sundry orders, which I have found it necessary to issue to him and from which, a fair opinion may be formed on the subject; passing on to the more immediate, indeed mainly exciting, cause, for the present reference.—

4. On the 8th of November last, (just 7 Months and 3 days only after receiving his appointment) he applied to me both by private English letter, and by Official Arzi, soliciting leave of absence for two Months, as being the shortest period in which he could complete the business that called him away; adding however, in the former, that, if unable to grant 2 Months, he would try and arrange so as to make six weeks suffice, but less than that would not do so".—

5. The Arzi, was officially replied to, on the 12th idem, granting him, "one" Months leave, and, in distinct terms, regarding both the reluctance with which

which, even that, was accorded, the reasons for that reluctance, and the urgent necessity for his resumption of charge before January 6.

No notice whatever having been taken of this order, or intimation received of his having availed himself of the Leave accordingly, up to November 29th (17 days after passing it) a second one was sent, commenting upon the unwise delay under the circumstances, and adding, that, unless at once profited by the Leave would be cancelled. Translated copies of these two orders (Nos. 14 & 15) as well as the Tahsildar's application are submitted herewith. 7th

His having given over charge to the Mazumdar, at the Southermost Village in his Taluk on the 1st of December, was subsequently reported to me, as well as, that he purposed visiting me on his way to Madras, but, until 9th Dec.r or 9 Days after, I said nothing of him, when he made his appearance in my Tent at Tanguttur, a Village, distant only 25 Miles from that in his own Taluk, whence he had started to proceed on this urgent business to Madras

with but a Month before him, for the purpose. On questioning him, as to this strange and inconsistent proceeding, he replied that he had been employed during the interval, in celebrating some ceremonies at Cottapattam, consequent on the death, of some relative there, - and had thus consumed part of his leave; feeling sure; that I would, on his personal application, grant an extension.

This cool assurance, after what had previously passed, I could not but feel annoyed at - refused, of course, to grant him a "single hour's" extension - again impressed upon him, forcibly, the necessity for his being at his duty again by January 1st as I should then commence the Settlement of his Taluk - and pointed out to him, that, if he did not consider he had sufficient time remaining, to perform his Journey, and transact his business, the wiser course would be, to wait until after the Settlement, and then go.

To this, he demurred, having moreover, as I have since had cause to suppose, especial reasons, for desiring to avoid being

being present at the said settlement, owing to what will, I doubt not, prove a source of heavy complaint against him thereat, his having apparently to wit acted in defiance of a most explicit order regarding the formation of the Dittums, of his Taluk, (framed with reference to the Board's instructions on the subject); the Amount of cultivation, thereby shewn, as taken up exceeding that of the previous fusly by about Rupees "300" a result which from the Number of personal petitions made to me, at the last settlement for a reduction as well as, a Number of written ones recently received, I can only conclude to have been improperly and forcibly arrived at. He shewed me this Dittum account on the occasion of this visit, at Tangutur, when, I at once, commented on the very unexpected result shewn - expressing my fears that all was not right - and that I should myself have to make both Dittum and Tamabundy.

He then professed his intention of

proceeding to Nellore, and thence arranging for his family to come up &c. if I would not extend his leave, which he continued pertinaciously pressing; but leaving eventually, with the distinct understanding, that, if not back at its expiration, "his appointment would be 'otherwise filled up'" and under strong advice from me not to lose an hour more, but to proceed onward at once if at all. This was at about 10 A.M. but notwithstanding, I found that he had lingered at Tangutur throughout the rest of the day and the following night only starting on the afternoon of the next day at Ramapattam, he saw my Sheristadar to whom, as that Officer informs me, (despite all that had transpired at his personal interview with me) he expressed his intention of again applying to me for Leave "as he could not do without it."

He eventually, I find, after again delaying at Nellore for 3 days quitted it to proceed by "Stages" for Madras about the 14th December, and will

I

I presume, have arrived there about the 19th or 20th only / I hear, that he did so on the 22d/ 8th I have been compelled to be thus explicit and diffuse in detail, as to his movements in order to properly and fully illustrate, the fixed purpose that he all along entertained, of obtaining, by some means or other, the length and power of absence he had originally sought, and that he entered Madras, with the certain Knowledge that he could not, if remaining any time there, possibly rejoin his station /distant as it is upwards of 200 Miles/ within his then leave. The 31st of the month, however, having come on without news soever of him; whilst I could not hear of his having passed to rejoin his Taluk, which he was to have done, on the following day, I had been expressing astonishment, at the non-occurrence of either event, when, to my still greater Surprise, that evenings post brought me the herewith transmitted Document signed by Surgeon Cole, and clearing up

the intermediate Nonchalance of the absent Taksildar.

9th The Man left my Division, and I may safely add, Nellore, (where he was employed in paying visits / in "perfect health;" and, has never made complaint soever, that I can learn, of a contrary state of things, since re-employed here.

What subsequent ailment so suddenly seized him, and has so potently affected his general health, does not appear on the face of the Certificate, which; merely notifies in what appears somewhat vague terms, "a bad state of such"; but, certain it is, that no Man was ever "more opportunely affected."

10th I would however solicit "especial" notice, to the date of this Certificate, Viz "Madras 30th December," when, had it not been so granted, it would have been impossible for the man to have resumed charge of his duties, at Addunky a /distance as noted, exceeding 200 Miles/ within his prescribed Leave, on the 1st January; and, to the fact, that had he

case are weighed, appear, as certain to
yourself and to the Board, as it does
me.-

What representations the Man ma
either to the Dispensary Subordinate a
tendants or to Surgeon Cole himself, I
of course unaware, though, presume, the
the most able Medical Man must, and
that all ordinarily do, (where they hav
no known reason for a reverse course) f
in a large Measure, to the various St
ments and assertions, of their patients
themselves; and cannot therefore, but thi
it probable, that, had Surgeon Cole
at all aware, of the great importance

Fort St. George 2d March 1854.

it was to this man to obtain a Certificate "somehow" - that, it was his only means of saving his appointment - that, he had but 2 days unexpired Leave before him to go to "Adunky" when it was granted at "Madras" that his due return for espicial and important duty had been especially insisted upon together with, the various herein already detailed points directly bearing upon, and shewing the necessity for, his obtaining such, - I feel assured that he would have felt it necessary to receive his statements and accounts with a suspicion, that would have led to a consequent searching test as to the truth of his "averred" ailments, than ordinarily necessary or used - and would not have resulted in the present recommendation, for a protracted Sojourn at Madras, the place too where his business lay.-

Believing therefore, as I have, the herein explained strong grounds for believing that Surgeon Cole has been lied to, and imposed upon, that this Man Venkatasamy Nayadoo, has adopted this means of most improperly, wilfully, and deliberately setting at Nought my Authority, as his superior Officer - as well

well as, referring to his previously recorded general conduct - I would urgently solicit the Board's sanction, for his dismissal from his appointment -

In an Arzi to the Collector on Vennalacante Pullamraz of Chamidaguntah in the Taluk of Nellore, represents that the Salt Superintendent, Gomastah, and other Servants of the Canaparte Cotar, have stated in each, should be 10 Garce heap, a Garce or Garce and a half in excess and are clandestinely selling the same. The complaint who has promised to attend here has not as yet done so - It being however quite unnecessary to await his attendance - you are hereby directed to proceed at

all the heaps on the plat forms regularly and send in the account thereof to the Huzoor speedily - In getting the heaps measured you must do so carefully and impartially and always in the presence of Cotar Servants and Ryots, completing it as quickly as practicable - you are further directed not to employ the Vetty People of that Cotah to measure the Salt, but to get those of other Cotaurs in lieu - In doing this, you will of course send the Vetty People of Canaparti Cotaur, to such places as you may get others from, to do their work there, so that the public business, may not be in any way impeded -

To

Emmaneni Vencatasawmy Naidoo.
Acting Tahsildar of
Enamanamellur.

Although an order has been sent to you on the 30th Ultimo, to report upon the Measuring of Salt heaps at Canuparte by return Tappal, you have not as yet answered it, which I am surprised at. You are therefore ordered to state, as soon as you receive this, when you received the order above referred to, and the Number of heaps subsequently examined by you, and to explain your reasons for not answering the order by return Tappal as particularly directed.

3rd June 1853. Singarayacondu.
/Signed/ I. Ratliff.
Ag. Sub Collector.

No. 273.

To Emmaneni Vencatasami Nayadu.
Acting Tahsildar of
Enamanamellur.

Your Arzi of the 1st Current No. 316, has been duly received with its enclosures.

In

In sending the Accounts relative to the examination of Salt heaps at Cumparties you state in your Arzi that you have examined only 3 heaps, in consequence of the distance at which the four plat forms in the Colar are situated, and of having waited for the attendance of the complainant; that you had been very careful in seeing that no loss should occur to the Circar by this delay the more so, since receipt of order No. 263 from which you saw that we were of opinion that the Salt stored in excess might be removed stealthily from the heaps, in the event of any delay, that the heaps are so hard and congealed that they cannot be broken unless with an iron crowbar, and that your time since you had been deputed to examine the heaps, had been fully occupied in answering several orders from the Collecta, and discharging other Current business.

No. 248 I strictly enjoined you in my Order of the 14th Ultimo, to at once go to Cumparties and forthwith examine those heaps, not waiting for the attendance of the Complainant, which order was delivered

to you at Ongole on the same night. In your Arzi of the 17th May, you stated that you have begun to examine the heaps accordingly and requested me to send Complainant if in attendance; An answer was immediately sent to you by the same Peon who brought the Arzi stating that the Complainant was not in attendance and directing you to make haste with the examination of the heaps. From the above Arzi it appears that you have begun to measure the heaps on the 17th, but from the accounts now sent, it seems that the first heap was examined on the 18th only, a second on the 19th and a third on the 21st. you are therefore hereby required to account for having thus stated an apparent falsehood in your Arzi as to having begun the examination on the 17th. your excuse for the delay, Viz "that you were waiting for complainant" I cannot comprehend, and require further explanation, as it was clearly intimated to you, that you were not required to wait for him, In order to ascertain the correctness of your Statement.

No. 304 No. 244 No. 304 Orders No. 240 & 244

as to having been answering several Orders from the Collector you are hereby required to send your "entry Book" for my perusal.

Although without report from you on the subject of measuring Salt between the 17th & 30th May, I was of course under the impression that several heaps must have been measured agreeably to my Orders. But having casually heard through a Ryot of Devarampada that only 3 heaps had been so, I at once issued an order to you to report upon the subject by return Tappal, which order, you acknowledge to have been received on the 1st June. Your arzee in reply bears the same date 1st June, but contained enclosures dated the 2d June, whilst the cover was sent to the Post Office at Ongole, with a list of letters, bearing your signature, on dated June 3d. Having failed to answer my Order as directed on the same date you clearly appear to have fraudulently dated your arzi as if you have done so on 1st June though despatched on the 3d consequently, you are required to explain

No. 263

how it happened that your Arzi bears the 1st, its enclosures the 2nd, its despatch the 3d of June? A. M.— In defiance of my orders to examine all the heaps, you state that your time had been mainly taken up with other business— One heap daily might be readily measured within 3 hours, either on the Morning or evening and the remainder of the day, if needful, be devoted to the discharge of other Current business— You are therefore required to adduce also sufficient reason for having neglected to measure one heap per diem at the least from 22nd to 31st May, and to state what benefit, you think, resulted from your having so long remained at Canuparti. Had you been really prevented by want of time, from examining even a single heap, since, 22d May, you should have intimated the same to me by arzi, and you will now account for the omission to do so— Between the 14th of May, the date of my order to examine the heaps, and the 31st you only examined 3 heaps, which is in itself but the work of a single day.

You

you are required to answer every point in this and forward it to me by a special Peon on the same day you receive this, and I will take notice if any delay arises on the part of the Peon who brings your Answer - After acting thus on this important occasion, the confidence hitherto reposed in you that you would perform all Circar duties agreeably to my orders, has been entirely lost - Not deeming it, therefore, proper, to still entrust you with this examination, I have ordered Coimbuttur Subbarow Deputy Tahsildar of Ongole, now acting under you, to undertake the task, and send me the Report - you have now nothing further to do with the business, and need not remain at Canaparti on any account connected therewith, but can go to your Taluk and do the ordinary duties of your Office -

You are required to give the said Soobbarow, during the examination of the heaps, the aid of your Naigue Sheristadar Ramudu, and 2 other active Peons, informing me of their Names -

having been very careful in seeing that no Salt was stolen, has to do with the matter I cannot understand - 8th June 1853. Singarayaconda -

/Signed/ I. Pattiff
Acting Sub-Collr.

No. 279.

To Emmaneni Venkatasami Nayadu
Acting Tahsildar
Enamanamellur -

Your Arzi of the 10th Current No. 328. has been duly received with its enclosures -

You therein intimate that you have answered every point mentioned in my order No. 273. As your Answers however are neither to the point or complete, the following remarks are made -

1 I called upon you to account for the following false Statement Viz "that you had commenced the examination of heaps on May 17th" - You, in reply state that you went to the Platform with the intent to do so, but the Sun having been too scorching, the west wind

Fort St. George 2d March 1854.-

wind too violent, and it being moreover late when all had assembled there, which rendered it probable that it would be two or three O'clock P. M. ere the measuring of one heap would be completed, the undertaking of it at such a time seem likely to endanger life; and that you therefore refrained from examining it on that day. Had it been really inconvenient to measure a heap on that date, you could easily, and should, have stated in your Urzi. that you intended to commence Measuring from the next day, the 18th.- I want to know then whether your unequivocal Statement "that you had commenced examining heaps on 17th" was, or was not a down right falsehood.- you have stated that the Measuring of one heap cannot be completed before 2 or 3 O'clock if undertaken on the Morning.- One of my Cutcherry people, who has been recently deputed on similar duty, in spite of the same scorching Sun and violent wind you had to contend with, measured 3 heaps in one

Fort St. George 2d March 1854.-

measured 2 whilst I myself measured 1, in a couple of hours. With this experience before me, your Statement that one heap cannot be completed before 3 Shams (that is 10½ English hours) is of course absurd.- You must give some more satisfactory account of this. You state that your time was occupied in answering some of my orders, the least delay in which you thought, would have been detrimental to the Circar business.- You are hereby required to specify what those orders or circumstances were the observance of which was more incumbent or important than or of that respecting the measuring Salt.-

1.- In the Urzi under notice, you state, that you never waited for complainant, but in preceding one, No. 316, you stated that "you were waiting for complainant to Ring care of the heaps and performing other business." You will now state which of these assertions is true.-

1.- You state that you were preparing Calavas-am accounts, as if an all important duty.- My orders however to measure

measure the Salt, left no room to ever for
doubting the necessity for their being speedily
complied with the preparing of Calavadaw
Accounts being clearly made a Secondary
business. you could however have readily
got these accounts prepared by your Subordi-
nates and yourself examined the Salt of
course Subsequently exercising your Super-
vision. You will let me know which
of these duties, you now deem most urgent

1. In your Arzi N. 316 you stated that
you had been busy with answering to the
Collector's orders, preparing accounts and com-
mitting a Case to the Criminal Court, and that
by the time you had completed all this duty
you received an order from me directing you
cease the examination. In this Arzi you
also stated that you answered several orders
from the Collector and one being directed to the
"Enter Book" to know what those several or-
were you not only failed to send
Book, but state that you never
the word "several" Judge for your

on your part is right. you are now required
to inform me numerically what were the
several orders received from the Collector
from 17th May to the 31st, and send the Book
in which your answers to those several orders
are entered. Your statement that you did not
examine the heaps in consequence of an order
having been received to stop doing it when
you had just completed all your other
business is altogether frivolous, as that
order was only issued in consequence of
your not having made any report between
the time you were deputed there and the
end of May as well as, owing to information
being received that you had them only done
3 heaps. Your present argument is no
excuse whatever for your past negligence.

1. You were called upon to account
N. 316 for having dated your Arzi as June 1st
giving enclosures dated 2 and dispatching
on 3d. you state in reply that the Arzi
had been written on the 1st but that the
accounts of my Sheristadars examination
of heaps being with the Salt Gomastahs
there was a short delay in getting them
prepared.

Fort St. George 2d. March 1854.

prepared in consequence of which you say they were dated as dispatched on 2d, and sent on the next Morning to Post Office. I never directed you to send the accounts of my Sheristadar's former examination of heaps, and if any reference had been necessary, I could easily have got the required information from my Sheristadar himself who is in the Koozoot. The sending those accounts was quite uncalled for, and the excuse consequently worthless. You had the Salt Gomastahs, and it would not have taken much time to get them out and copy them. You will inform me why they were not despatched even on the 2d. why the accounts of your examination of the heaps have also been dated the 2d June as well as those of the Sheristadar, and why you have failed in entering on your Arzee the date of despatch as you ought to have done.

1. Frequent mention has been made in your Arzees that "you were settling all business". To know what that "all business" might be I referred to the

Arzees

Fort St. George 2d. March 1854.

30th May. Arzees written by you from the date of your being deputed to examine the Salt up to that of my order to stop it, and found there were only 11 Arzees both in the Revenue and Abkarry Department and 1 Leave form. No important cases appear to have been enquired in to, and reported upon. As to the nature of these Arzees, you will perceive it on referring to the Copy Book. Such then is the extent of this often quoted "business".

1. Although one heap, at least should have been examined daily without detriment to other business you have not properly accounted for having in defiance of my Orders, failed to do even that much, and for not having at least informed me that you were unable to do both at once. You will now render some satisfactory account. Should your answer to this, be vague and not to the point as is generally the case, and should your reasons be untrue, you will certainly be suspended. Send your answers in by return Tappal.

Enclosures herewith returned.

June 13th Singarayavanda

Signed J. Batliffe

Acting Sub Collector

To.

Fort St. George 2d. March 1854.

No. 295.

To, Emmanemi Vencatasami. Nayadu
Acting Tahsildar of
Enamanamellore.

Your Arzee of the 17th Current has been duly received with its enclosures. You state therein that you have answered all the points in my last order completely.

I duly note every line of your Arzi. That you have acted quite contrarily to my Orders throughout the matter of the Salt examination at Conaparte, there is not the least doubt. Your Answers upon the various points referred to in my order are neither correct or true, and I do not consider them to be at all satisfactory. On asking you to account for having omitted to inform me, of the circumstance of your having so long delayed examining the heaps, you inform me that the omission was by mistake. This I consider to be the only true statement you have made. As you had acted quite contrary to my orders. I desired to get an explanation of the same from you but all that you have offered on the subject having been

Fort St. George 2d. March 1854.

been so totally unsatisfactory, it will be useless questioning you further. The circumstance of your having been without employ during the past 5 or 6 years, would seem to have taught you to forget how to act in obedience to the orders of your Superiors, or some other unknown cause must have influenced you. To act against orders and according to your own pleasure is quite unbecoming. As this is the first occasion however, since conferring on you your present appointment I am willing to overlook it. Although I did give you orders at Samalcundy about Calavasam. I most explicitly told you personally at Ongole. that you were forthwith to go to Canuparte and make all possible haste with measuring the Salt. but in spite of this definite order you make it appear by your Arzi that you considered the Calavasam duty a more important one either from folly on your part or because you thought me incapable of judgment. Any similar behaviour on your part in future, will certainly cause forfeiture of your present situation.

Further

Fort St. George 2nd. March 1864.

Further on reference to your Revenue Diary up to 16th May, you appear to have exacted fines to the Amount of 42½ Rupees from Curnums and some Ryots for no other cause beyond a delay in producing the Calavasam accounts, indeed your time there appears to have been almost wholly devoted to the exaction of these fines. The off hand imposition of such to so large amount is inadmissible. As the Curnams on whom these several fines have been imposed will since have filed their accounts you are hereby directed to remit the fines to the respective parties telling them that as this is the first occasion they have been pardoned but that should they disobey in future, the Circar Orders either as to attending or filing accounts they will not only be fined heavily but also be removed from their Office. In making the refunds you are required to take a receipt from each party to whom such has been made, bearing his signature and the amount refunded,

and

Fort St. George 2nd. March 1864.

and duly attested and forwards the same to the Huzoor. As I do not deem it safe that the authority of thus fining persons should be vested in you, you are prohibited from exercising any such in future except in Police Cases, prior to reporting the matter to me, and obtaining my sanction On your reporting in any case

to

Fort St. George 2d. March 1854.

its circumstances together with those of any party whom you may recommend should be fined due notice will be taken thereof and order passed Herein fail not.

Your Enter Books have been 3 days ago returned.

Acting Sub Collector of

Nellore.

Arzi of Emmanene Venkatasami

Nayadu, Tahsildar of Chendaloor

While at Madras where I had been living with my family without an employ for the last 5 or 6 years you on arrival here kindly sent me an order promising to appoint me Tahsildar and directing to hasten my journey. In order to obey your instructions and come quickly I did not wait to bring my family with me partly because I was afraid that my Creditors would very likely prevent my journey on seeing me leave Madras with my family and partly because my journey accompanied by it would probably be slow. I therefore left with the hope of taking leave after a lapse of 2 Months and then bringing up my fa= mily after arranging about the payment of my debts. As it is now 8 Months since I left Madras and as there is no one there to take proper care of my family they

Fort St. George 2d. March 1854.

they are suffering a good deal from sickness. I am therefore under the necessity of going to Madras to fetch them and settle with my creditors. I meant to apply for leave while I was at Enamanamellur but was afraid to do so lest my application prior to realizing the whole shist of the Talook might not be complied with. when the Collections were nearly completed, an order was issued for entering upon the Dittum engagements, when, as I required a leave of 2 Months at least, I did not even then accordingly venture to send in my application, being sure that my request would be in vain before the completion of that duty. with a view of personally representing this circumstance, as well as other important public matters I requested to be favored with a leave of 2 days to come to the Huzzoor but in vain.

By the time the Dittums of only 10 Villages had been framed, you directed me to join my own Station (Chendalur) when I came here I found the Dittums of only 5 Villages completed in spite of your definite

Fort St. George 2nd March 1854.

dated June 1st No. 232.

definite orders to commence with them at once, and of the comparatively early date of the settlement of this Talook. The formation of Dittum being thus left incomplete I again delayed sending in my application and am consequently much inconvenienced being alone here and my family at Madras. I have now completed the Dittums of the 38 Villages in this Talook and have adopted all measures for the cultivation of Madum Crops, as also of Pyra in its season. In some parts of the Talook where soil has been sufficiently moist, the Ryots have planted Kanja, and in other places they are ready to do so as soon as season favors. There being thus nothing but Current business to be looked after. I beg to request that you will kindly give me leave for 2 Months. During my absence, I propose that the Choondy, or Gogulapully, Head of Police should do the business of my Office, and my or any other Talook Mazumdar do that of the Head of Police. In the latter case, I propose also

Fort St. George 2nd March 1854.

also that my Head Goomastah should be ordered to do the business of Mazumdar, being the fittest person for it.—

I would further propose, as another arrangement, that the Mazumdar of my or any other Talook should be appointed to officiate for me during absence and that my Head Goomastah should do so for him.—

Should this my request for leave either on the above, or any other arrangements which you may deem most fit, be complied with, I promise to return to my duty before its' expiration I am ready to obey any orders from you on the subject.—

November 8th 1853 / Signed / E. Venkatasamy
Deducur Tahsildar.

Order
No. 141.

To,

Emmaneni Venkatasamy Nayadu
Tahsildar of Chendalur

Your Arzi of the 8th Current has been duly received. You intimate therein

Fort St. George 2nd March 1854.

therein that in consequence of an order having been issued to you when at Madras to come in haste to receive the appointment of Tahsildar, you came alone, hoping to take a short leave in 2 Months, bring down your family and properly arrange all your private affairs, and you now request therefore to be favored with 2 Months leave it being nearly 8 Months since you have left Madras. As it is only 7 Months since the present appointment was conferred on you, and as I am intending to commence the Jummabundy of your Talook in January next or perhaps before it, your request for 2 Months leave cannot at present be complied with. In writing to you when at Madras promising to appoint you Tahsildar and desiring you to come soon, no intention was ever conveyed to you that you should not delay starting even for 2 or 3 days in order to bring your family or of giving you leave in 2 months.—

After the appointment had been personally conferred upon you by me, you also appear to have delayed to join your station

Fort St. George 2nd March 1854.—

Station for 10 days and only passed Ramapatam just one day prior my reaching it. Had this application for leave been after serving for 2 or 3 years it would have been undoubtedly complied with. Nevertheless as you appear to consider the necessity for leave as very urgent, I now grant you such for one Month. During your absence you will only draw 50 Rupees per Mensem out of your Salary of Rupees 80 and of the remainder, 15 Rupees will be paid to your Mazumdar and the other 15 Rupees to one Volunteer Casuka-la Subbarow who will come and serve there as Acting Gomastah. You are hereby informed that orders have been already issued to that effect.—

You are also required to send the Dittum accounts to Huzzoor before delivering your charge to Mazumdar and to be sure to rejoin your Station and resume your duties before the expiration of leave now granted.—

Muntavaripalem.— 12th November 1853.

As the beginning of Summabundy of your Taluk will take place in January, you will not be able to be there at that time and enter on proper Ajmayashee unless you leave at once.—

Should you not therefore do so your leave will be cancelled. Consequently you will at once let me know your intention on the subject.—

The humble address of Moonesawmy
Most Respected Sir, Naidoo and other few residents
of Madras. —

With utmost submission and respect we humbly beg leave to bring to your kind notice that Emmany Vencatasawmy Naidoo Tahasildar under your Collectorate is now on sick leave at this place who is carrying on false complaints against several people and proving the same by false evidences in the small cause side No 3 of 54 in the Supreme Court and he is again we suppose has sent a Doctors certificate for a further leave to your honor, he is not at present sick which will prove your honor by a reference to the Judge

of the Supreme Court when you will find that he is pretending here on his own private affairs retaining his Circar duties under your control. —

We therefore humbly pray will be pleased to order him to proceed to his duty immediately which will present him to his present false endeavours and shall be considered by us as a favor done by your honor and shall not fail to pray our prayers for your long life and prosperity. —

11th February, 1854.

Honored Sir

With sentiments of respect and submission I beg most respectfully to address your honor these few lines in the humble hope that they will

3226 Fort St. George 2d March 1854.

Since I addressed to your honor on the 30th December last, I am under the treatment of the abled Doctor Mr. Cole who is kindly administering several medicines for my speedy recovery, but as he finds it a hard case, he not only advises me to remain under his treatment but promised to send in a Certificate to your goodness intimating that I will not be able to return to my duty until the 15th April, whatever his exertions may be towards me.

Honored Sir, although I have been endeavoured to leave Madras soon in obedience to your honor's instructions, yet I am really sorry that the state of my health prevents my doing so.

Under these circumstances I respectfully and earnestly Solicit your goodness to take my case into your benevolent and generous consideration and grant me leave of absence to the period abovementioned.

I am indeed extremely sorry for being obliged by ill health to further address to your honor and earnestly beg to be pardoned for the same.

Proceedings thereon.

35-38

It is evident to the Board of Revenue from the papers laid before them, that it was not the intention of C. Vencatasawmy Naidoo Tahasildar of Chendalore to return to his station within the period of the leave granted to him. This individual has also otherwise given dissatisfaction, and as Mr. Ratliff appointed him to his present post only a short time ago, the Board will not object to his being permitted to dismiss him

2 Vencatasawmy Naidoo should be allowed to draw his full pay to 31st December 1853, one half the salary of the Office may from that period be appropriated to the payment of any acting incumbent who may have been appointed, the remaining half being credited to Government.

Bd No 3318

From the Collector of Chingleput

Sir

With reference to your Circular letter of the 26th April 1853, I have the honor to forward herewith 3 x lists of the Weights, measures and Land Measures in use in this District.

A B & C

The weights and measures, I beg to observe, have always been the same as those in use at the Presidency, as will be seen from the communications noted in the margin. A set of standard measures, and weights was furnished to this Department so far back as 1794 / during Colr Dightons management / and measures have since been adopted to test and stamp those in use in the District, though they have been but inefficiently carried out in the absence of any legislative enactment rendering it obligatory on the merchants to have their measures and weights stamped. These are frequently unstamped, and stamped ones which are worn out are not renewed, giving rise to inaccuracies in their relative weights and cubical contents, as ascertained at the different Towns of this District. The cubical contents of the principal measures in use at the different Towns were furnished to the Board of Revenue with my communication of the 19th March 1852. A similar statement is now forwarded for the principal weights / the Viss and Pullum / which have severally been tested by me in person.

In support of my observations that the Munnee, Colee and Cawny are the only land measures known in this District under the former, and British Governments, and that the Swamoot Cawny, the extent of which was fixed by the Ryots themselves, (it having been of little importance to the ruling Power to ascertain correctly the extent of the lands under the System of the division of Crops,) varied materially in different Villages, and was greater than

To B/d 20 Sept 1821

Do 9th July 1836

To the B/d 28th April 1853

than the standard Cawny in Villages
inhabited by Soodras / Shunnavadoo)
which are generally Samoodayem
or held in joint tenure, and less
in Villages occupied by Bramins
/ Agraharums / the lands of which are
divided among the several Share-holders.

I beg to refer the Board to the results

of the Survey of this District as alluded

to in the Reports of Mr. Maclean.

Ordered

(43-44)

Order thereon. Ordered to lie over.

To W. H. Bayley Esqre
Secretary to the
Board of Revenue
Fort St George,

(45)

Bd No 523
From the Collr of Chingleput } Para 1.

Sir,

Adverting to Extract from the Proceedings of the Board of Revenue under date the 4th Ultimo, I have the honor to state that the balance outstanding against the Ale Karry Renter of this District have since been reduced but to a small extent as shewn the marginal

	Rs	A	P
Balance as per Board's letter upto October	40,035	11	2
Add Kists of November December and January	19,887	8	-
	59,923	3	2
Deduct Collections upto 10th February 1854	22,541	7	6
Remaining Balance	37,378	11	8
Amount of Promissory Notes deposited by the Renter inclusive of interest which accumulated therein	15,005	-	10

a further Kist will also accrue due on the 11th Instant.

2 The Renter pleads in excuse of his non punctuality in the payments of his Kists, various circumstances, but principally the extreme drought of the season and the consequent scarcity which has materially reduced the sales of Toddy, and led to heavy balances against the Sub renters; and he solicits a suitable remission of his Rent in reference to the Revenue actually realized by him.

3 The Board have ample information before them in regard to the very unpropitious nature of this Season. I shall therefore sim-ply observe that the severe losses thereby entailed on the Renter cannot but place him under peculiar difficulties, rendering him incapable of fulfilling the terms of his engagements. A strict enforcement of these terms might lead to the relinquishment of the Rent to the ruin of the Renter and to the consequent loss of Government and such extreme measures may have an injurious effect in the future Ale Karry Revenue

Revenue. As the evil consequences which necessarily result from Scarcity and drought still remain to be experienced in an increased measure, I am unable to hold out hopes of an improvement in matters as regards the more punctual discharge on the part of the Renter of the Ab Kurry Kists as they may hereafter fall due. I beg to leave the matter for the consideration of the Board, and for such instructions as they may deem it proper to pass.

(47)

B. No. 582
From the Ab Kurry
Contractor in Chinglepet

Sir,

Having been furnished with an Extract from your Board's letter to the Collector of Chinglepet on the subject of the ab Kurry Revenue and explained to that Gentleman the causes that have contributed to the irregular payment of the Kists, I think it desirable to draw your attention to the peculiar circumstances in which I have been placed with the view of obtaining the indulgence of the Board. The failure of the Monsoon, you must be aware, has operated prejudicially to the collection of the Revenue generally, its effects in the fulfilment of their engagements by my sub renters, has not been of a different character. Independently of this, there has been a systematic demolition of the Palmira Trees in the Chinglepet district, since the month of October last, stated to

to be for the Electric Telegraph, which I need scarcely remark has tended to decrease in no small measure the revenue derivable from this description of Toddy. There has too been a removal of the troops stationed in Wallajahbad which has made a difference to me of about 4000 Rupees a year. I have not hitherto insisted on this circumstance, but as the present distressed state of the country forces on my serious consideration every possible means of discharging my liabilities to Government - I must entreat the entertainment of it by the Board, together with the other disadvantages under which I at present labor.

I have this day sent Mr Cochrane the sum of 10,000 Rupees with a promise of speedily liquidating the balance which I will do faithfully do -

faithfully do -

Madras 20th February 1854 } (Signed) J. H. Henrick.

Bd No 466

Proceedings thereon.

(45-48)

The Board observe, that since the date of their Proceedings of 4th January 1854, Mr Henrick has paid into the Collector's Treasury the sum of ten thousand - Rupees, which reduces the balance against him to Rupees 27,378 - 11 - 8 - To meet this there is in deposit with the Collector Rupees 15,005 - " - 10 - Three Kists for February are however now due, which will raise the balance to nearly the amount at which it stood prior to the above mentioned payment.

2. Mr Henrick, in his letter above

above recorded promises to liquidate the Balance against him speedily, at the same time he claims remissions from various causes. The Board resolve to forward a copy of this letter to the Collector, with a request that he will make a special report upon it, noticing the several grounds upon which Mr. Henrick rests his claims, and stating his opinion distinctly upon each.

(49)

B. No. 349.
From the Collector of Northarcot.

With reference to the proposed discontinuance of the differential duty on Foreign Sugars, under the circumstances mentioned, the repeal of the 1st Section of Act XV of 1839.—

Sir,

I Act XV of 1839 was designed to provide for the admission into England of sugar the growth of the Territories of this Presidency at a time when the there was a differential duty on such importation in favour of the Produce of British Possessions. With this object the Act prohibits the importation of Foreign sugar into these Territories, and provides a system of Certificates for the verification of sugar grown within them, and intended for Exportation to the United Kingdom. But on the 5th July 1854 the differential duty on the Foreign sugar in the English Ports will cease, and thenceforward, sugar will be admitted there without reference to their place of origin—and the provisions of the Act will therefore no

be

lee no longer required or of use.—

2 The Sections having reference to certificates of origin are not imperative on growers or shippers, and Exportation without a certificate does not constitute a breach of the Act. The presenting this certificate certainly causes much delay, inconvenience and expense, and none will lee applied for when it is known that they are unnecessary. It appears to me desirable that the fact that they will shortly become no ought to lee made generally known beforehand, and they is suggested that notice

should lee taken to notify it publicly, and also that the Officers of the Revenue Department should lee informed that such Certificates are not to lee given after a certain date. Considering the length of the voyage to England a date somewhat anterior to that of the equalization of the duties may properly lee fixed.—

3 The first Section of the act, viz: that which forbids the importation of Foreign Sugar into these Territories is absolutely prohibitory under penalty of confiscation and as the object of

of its enactment will cease on the event above referred to, it seems proper that it should be repealed in order that the inhabitants of these Territories may be at liberty, as they were before, to use any kind of Sugar which they may prefer.

4th The fact that much Sugar is produced in this District and that I annually give Certificates of origin to a large extent, will I trust, be deemed a sufficient reason for my addressing the Board on this subject.—

North Arcot Collector's Cutcheery, Chittoor, 26th January 1854.

Signed J. D. Bourdillon Collector

P.D. No. 469.

(49-50)

Proceedings thereon. Resolved that the foregoing letter be submitted for the information and orders of the Right Honorable the Governor in Council.—

2 As the differential duty on Sugar will cease after 5th July 1854, the granting of Certificates of production by Collectors will then be rendered unnecessary, and and it would, in the Boards opinion, be desirable that, as suggested by Mr. Bourdillon, the fact should be

be made generally known.—

3 Act XV of 1839 is rendered

obsolete by the passing of the

new Customs Tariff Act* and the

Customs Consolidated Act,† as

but as the first section forbids the

importation of Foreign Sugar or Sugar the

growth of any British Possession

at which Foreign Sugar

can be legally imported, it

seems proper to repeal it, the

object for which it was

framed no longer existing.—

Bd No. 195.
From the Collr of Salem—
Reporting on the Settlement of the Salem District for Fasly 1262.

Sir,

I have the honor to submit my report on the Land Revenue Settlement of the Salem Collectorate for Fasly 1262, and to forward the prescribed Statements in Maratta and English.—

2. Owing to the †purchase by Government of the Samoodrum Mootah, the total number of Estates under the management of proprietors has been reduced this year from one hundred and eleven to one hundred and ten.— Statement No 20.

3. The aggregate number of Amany Villages has been augmented during this Fasly to 5046, by the incorporation with the Amany lands of the Samoodrum Mootah containing 3 Villages, and the †resumption of Andapooram a Jodigy Agraharum in the Maytooputty Mootah in the Namcul Talook.— †Statement No 1. From Government 6th July 1832.

4. The number of Villages comprized in the entire District is shown in the annexed Statement in which they are classified as Amany, Jaury, Mootah & Poliput Items.

Dd 1852-53.

The

The increase of 6 in the Government Villages is owing to the purchase of the Samoodrum Mootah comprising 3 Villages, and to the resumption of the Andapoorumagraharum and the Jodigy Villages of Valiaputty and Saracalay, the two first in the Ramend and the last in the Paramutty Taloke In regard to the last two Villages, which were resumed for arrears of Jodigy in accordance with the provisions of Section 32 of the Hoo Koonnamah, a report was submitted to the Board on the 12th October 1853. The decrease of two in the 3d item under the Amany heading is owing to the incorporation of the Jodigy Villages above mentioned with the Government lands. The decrease of 4 in the Jaury Villages is owing to the acquisition by Government of the 3 Villages comprising the Samoodrum Estate and of the Andapoorum Agraharum attached to the Maytooputty Mootah.-

Population houses & Cattle:

5 The following table exhibits the number of Cattle in the current, Compared with the past year, with the Exetent.-

Fort St. George 2d. March 1854.-

Extent of the population and the number of houses according to the Censues returns of Fusly 1260. After excluding the returns for the Kautoopoottoor Mootah which was transferred to Trichinopoly in Fusly 1261.

In account A Statement No. 2 of the new forms the several descriptions of Cattle

Fort St. George 2d. March 1854.-

Tilling Cattle
Cows
Buffaloes
Sheep.

Cattle are classed under four heads. as this is a new classification no comparison can be made between the two Fuslies in respect to each separate head, but a comparison between the total numbers for the present and the past year shews a Net increase of 2240 in the 3 first items and a decrease of 2200 in the number of Sheep. Neither the gain nor the loss in this Comparison is very considerable, but it appears from reports received subsequent to the settlement, that large numbers of Cattle of every Kind were destroyed by the Storm which swept over the whole Country on the 27th. March last

Sources of Irrigation Statement No. 3.

6. The subjoined Statement exhibits the number of Tanks, Nullahs, Wells and other sources of irrigation, in the Salem District.-

Items.	Fusly 1261 In good order	Fusly 1261 In want of repair	Fusly 1261 Total	Fusly 1262 In good order	Fusly 1262 In want of repair	Fusly 1262 Total	Comparison Increase	Comparison Decrease

7 Anicuts	512	218	730	515	215	730	"	"
Total	42523	10242	52765	42597	10241	52838	73	"

This

This Statement shews an increase of 14 in the Column of Tanks in good order, and a decrease of 14 in the number out of repair. In consequence of one Cheera=nady Nullah and 2 Cashum Nullahs, which were previously in good order, having fallen out of repair, a corresponding increase is exhibited under those heads respectively. The restoration of 3 Anncuts during the Current year has Caused an increase to that extent in the 1st. item. In the item of Wells 13 have been added this year to the number of those in want of repair. A corresponding decrease appears in those in good condition. The Net increase of 73 is the number of new Wells constructed by private individuals at their own cost. As these Wells do not interfere with any Government sources of irrigation, the a Garden and Nunjah Cultivation under them is taxed with the faisal Poonjah Assessment only, agreeably to the rules of Consultation of the 29th. July and 2nd. November 1852. The accounts received this year from the Talooks in respect to

to these several sources of irrigation cannot be entirely depended upon as they materially vary from those of the preceding year.-

Measures have therefore been taken to ascertain the precise state and number of all the different Sources of irrigation, that a more correct account may be prepared and submitted for the next year.-

Season. 7. The rain generally at the Com=mencement of the cultivation season was scanty but this unfavorable state did not last long as the falls from the Month of July were sufficient to supply most of the Tanks and other sources of irrigation, and to produce on the whole an abundant harvest. In February the pulse Crops, such as Dodeethe Moong Tovur Bullar &ca. suffered from blight, and did not yield a full Crop, but this loss was more than counterbalanced by full returns from other descriptions of Grain.-

A Storm and hurricane of great severity occurred on the 27th. and 28th. March The rain which fell at this unusual period afforded a full supply of water to

to most of the Tanks in the Darumpoory Tengaracottah, Kistnagherry and Tripatoor Talooks, and a partial supply varying from 1/4 to 3/4 in the other Talooks. The high and unusual rise in the rivers destroyed in some places the Crops that were ready to be thrashed; and in others in the 5 Talooks of Ahtoor, Namcul, Paramutty, Salem and Tengaracottah, the heaps and stocks of Grain in the fields, the Poonjah products that were on the ground ready for harvest as Cotton and lamp Oil trees, the ripe Nunjah Crops, and the Tobacco Chilly and other dry Garden products, were more or less damaged either by the wind or the floods- Many plantations of Cocoanut & Palmyrah trees were also blown down in different parts of the District.-

No detailed account exhibiting the Actual Amount of damage occasioned by this Storm has been prepared but in the Talooks above mentioned the loss to many persons must have been great

A Statement shewing the damage done

to the trees in the District is submitted with this report.-

8. The following particulars exhibit in a Comparative form the Amount of Jaisel Assessment for the present and past years under the three heads of Tahsildars Dittum, the deductions from that Dittum of Caboolaty Bunjer, and the net Beriz- It will be remarked that the Dittum Beriz of the Current Fusly is higher than that of the past year by Rupees 28,201-3-4. This includes the increase of Rupees 9968-3-10. consequent on the incorporation with the Amany of the Samoodrum Mootah Vno. If this sum be deducted there will still appear an increase of Rupees 18,232-15-6 above the Dittum of the last year.-

	Fusly 1261	Fusly 1262.
Dittum by the Tahsildar	13,59,910. 2. 8	13,78,009-10-11
Deduction at the settlement of Caboolaty Bunjer	12,124-14-5.	12,023 3 4.

The

Fort St. George 2d. March 1854.-

10. The extent of Dry Cultivation in the Ahtoor, Salem, Darampoory, Tengara:=cottah, Tripatoor, and Namcul Talooks, was below the quantity taken up in the previous year by acres 6,276-14-15, but in the other Talooks, there was an increase of acres 8,743-20-8. The Net increase is therefore acres 2,467-5-9. Of the above mentioned increase of acres 8,743-20-8. acres 2,875-35-11 are included in the Samoodrum Estate, and the agraharums of Andapoorum, Valiaputty and Saracalay, which have been recently incorporated with the Government lands. Deducting these new acquisitions there is a net decrease of acres 408-30-2-

11. In the Garden cultivation there was a decrease of acres 212-2.u in Ahtoor and other 7 Talooks, and an increase in the Dendencottah and Ahtoor Talooks of acres 5-2-u to which must be added acres 94-26-7 the increase belonging to the Samoodrum Estate and the other resumed Villages. The result of these fluctuations is a Net decrease of acres 112-13-9.-

Fort St. George 2d. March 1854.-

12. In the wet cultivation there appears an increase of acres 3585-38-9.- in 13. Talooks against a decrease in the Darampoory Talook of acres 67-13-9. Deducting the latter from the former there remains a clear increase of acres 3518-25-. Of this the portion appertaining to the new acquisition amounts to acres 363-17-u. If this quantity be deducted, the increase from the entire District will be acres 3155-8-u.-

Statement No. 10. 12. & 16.

13. The following Statement exhibits in a Comparative form, under its several heads, the total quantity of Cultivation from which the land revenue of the year originated. The Bariz of the Current Fusly exceeds that of the preceding Fusly by Rupees 21789-10-u.-

Items-

Fort St. George 2d March 1854.—

Dry 14. The circumstances which ordinarily affect the aggregate value of this class of cultivation have contributed in the current Fusly to a gross increase of demand amounting to Rupees 7,979-4-6- This sum includes Rupees 3,293-12-7 the increase occasioned by the annexation to the Amany of the Samoodrum Mootah and the Agraharums of Andapoorum Valiaputty and Saracalay- On the other hand, a gross decrease of Rupees 7,816-10-8 has arisen from land relinquished on various grounds and the transfer of cultivation to other heads- The result of the above changes is a net decrease of Rupees 2,160-9-10-

Fallow newly cultivated- Waste taken up Relinquished puttah occupied by other Ryots- Transfer of cultivation to a different Class- Rice in Cowle rates- Cowle reaching the full Teerwah amount.—

Dry garden- 15. The Bariz for the year from this class of Cultivation exhibits a net decrease of Rupees 857 4-9, the gross increase and decrease being respectively Rupees 1,846—11—5, and Rupees 2,703-5-2. A portion of the gross increase

increase amounting to Rupees 356-2-3 appertains to the Lamoodrum Estate and the other resumed Villages.—

Wet. 16 The ordinary causes mentioned in Para 14 have likewise contributed to a gross increase in this item of cultivation of Rupees 27,883-6-8. From this deducting a gross decrease of Rupees 12,540-1-1 occasioned by the relinquishment of fields, and a deficiency of water, their remains a net increase of Rupees 15,343-5-7. A portion of this last amount extending to Rupees 2,299-3-9 has been drawn from the resumed Villages.—

Wet Garden. 17. The gross increase in the demand for this description of culture is Rupees 526-1-11. This is owing to the imposition of double teerwah on that portion of holdings on which cocoa trees or Betelnut trees have recently become productive of the faisal rate for the first class wet lands; on the other hand, a gross decrease of Rupees 341-11-3, has arisen from certain lands having been

relinquished by Ryots in indigent circumstances and from transfer of Cultivation to other classes—The net increase is Rupees 184-5-9.

Dry Cultivated with wet and Garden. 18 The increased demand for this item of cultivation has arisen from certain fallow waste and pasture lands having been newly taken up and cultivated with wet and garden crops The clear increase amounts to Rupees 4,450-3-3. This is drawn from a gross increase and decrease standing respectively at Rupees 10,612-10-4. and 6,162-7-1. The latter has been occasioned by certain Ryots having relinquished their putcut lands and by the transfer of cultivation to other heads—The increase in question includes a sum of Rupees 148-4-1. derived from the resumed Villages.—

Garden cultivated with wet— 19 In this class there was a gross decrease of Rupees 390-13-11 against a gross increase of Rupees 897-4-3, which leaves a clear increase of Rupees 506-6-4.—

20. Referring to the several items of increase and decrease exhibited in

in the six foregoing paragraphs it appears

The aggregate of gross increase Rs 11574-11-2. that the net increase
Do. —— of gross decrease 9395-1-2. of demand amounted
Net Increase 21789-10-0 to Rupees 21789-10
" Of this Rs 2097-
6-8- are the portion drawn from the resumed
Villages.—

Prices. 21 The average sale prices of the several kinds of grain which constitute the standard produce of the district have on the whole been favorable to the cultivating Classes. Although the price of paddy fell below the rate of the preceding year, owing to an abundant harvest of that description of crop, this fall would appear to have been more than counterbalanced by the rise in the price of the several species of dry produce with the exception of wheat and Cheenakoo In regard to the two last de-scriptions of grain it would seem that their prices have considerably fallen below the rates of the last year, in consequence of the extensive importation of some grain from the Mysore territory. The annexed State-ment shews the particulars of the rates

for 10 years from Fusly 1241 to 1250 and from 1251 to 1260.—.

Notwithstanding a careful search into the old records of the Collectorate, no trace has been discovered of the rates fixed during the permanent Settlement, and subsequently to Fusly 1212, only those of certain Talooks are forth-coming. The first year for which the rates of all the divisions have been found is Fusly 1213. The average of this year, for the entire district is also given in the subjoined statement. It appears that the price in the current Fusly of every description of grain with the exception of Wheat and Oodeeth, is less than the price obtaining in Fusly 1213.—.

Net Increase	1313-7-8-

As per Statement No. 44 —

Enam Jodigy 25. In the item of Enam Jodigy the increase amounts

amounts to Rupees ——— 12—8—3.

against a decrease of Rupees ——— 12—6—3.

Increase.

Exctent assessment Jodigy 90—8—11 61—14—6. 61—14—6.

Seroomul Row the head Serristadar of this District having constructed a public Shoultry at the Village of Muttoor in the Ristnagherry Talook for which a grant of Enam land to the value of 60 Rupees was sanctioned under date the 22d. May 1850, he applied for and received lands the assessment of which amounts to Rupees 61—14—6. As the latter sum exceeds the sanctioned amount by Rupees 1—14—6 the excess has been collected from him as Jodigy.

Exctent Assessment Jodigy 2—9—11 32—11—6. 6—2—2.

An increase of Rupees 6—2—2. is caused by the addition of certain Enams included in the resumed Agraharum of Andaporum in the Maytooputty Mootah, for which the Jodigy up to last year was collected by the Mootadar.

Exctent assessment Jodigy 18—14—2—39—10—1. 3—14—7.

The purchase on account of Government of the Samoodrum Mootah has led to this increase. It is the Jodigy on certain Enams in that Estate which was previously collected by the Mootadar.

Exctent assessment Jodigy —11—11—11—9—11.

The Jodigy on Enams in the Ofsoot Talook amounts to Rupees 782—5—11. but Rs. 781—12—11.

was credited to that item up to the last year, the difference of 9 annas having been erroneously included under the head of Fusul Jastee on Enams. The error having been discovered during the present year, the above sum of 9 annas has been added to its proper head.

Decrease.

Exctent assessment Jodigy 8—38—1—111—11—8 For 15 Years 5—13—7—11—11—11— 46—12—3—1—10—3—

This is an Enam which was originally assigned for the support of a Shoultry at Keranoor in the Raizeepoor Talook, and was resumed under the orders of Government dated the 20th April 1852, as the object of the grant had been neglected and the building had become a total ruin.

Exctent assessment Jodigy 5—1—11— 2—10—8— 11—13—11—

This is a Buttavurty Enam in Luckavelly in the Darumpoory Talook, which reverted to Government in consequence of its having been relinquished by Soobbarayadoy, the Enamdar.

Exctent assessment Jodigy 7—22—8. 7—11—3— 11—7—8—

This Enam in the Village of Jummanchully in the Tengaracottah Talook was incorporated with the zemany lands according to the provisions of section 32 of the Hookoomnamah, the Enamdars, Narrayen and Soobbayen, having failed to discharge the Jodigy for the last 7 or 8 years.

Exctent assessment Jodigy 11—11—11— 11—11—11— 2—11—11—

This Jodigy was paid by Byen, Toty of Vemaputty in Ristnagherry Talook. It is the

the difference between the amount of Salary hitherto enjoyed by him and the Total assessment (Rupees 7-2-1.) of his Putcut lands, as it was erroneous to collect this sum in the form of Jodigy the proper salary of his Office according to the Pymaysh accounts, Viz.t Rupees 4-15-- was deducted this year from the full assessment of the lands and the balance collected.-

Exctent assest.t Jodigy
--21-4- 3- 3-1- --10--

This Jodigy was erroneously collected from the seerenty of the above named Village. as it was discovered in the accounts that the Enam assigned for his maintenance was not subject to any rent the Jodigy was remitted in the present year.-

Exctent assest.t Jodigy
--25--- 2-15-5. --3--

This is a Buttaurty Enam in the Nuttagayem Village in the Ristnagherry Talook which has been resumed according to section 32 of the Hookoomnamah, the Enamdar Vencatrama Shetty having failed to discharge the Jodigy.-

Exctent assest.t Jodigy
22-1-4- 30-2-7- 2---5-

This is an Enam in Marimancoopum and another Village in the Tripatoor Talook which has lapsed to Government owing to the death of the Enamdar Shengunnal, without heirs.-

Exctent assest.t Jodigy
3-9-9- 4-4-5- --5-8-

This is a Buttaurty Enam held by Vencatakistnumbutten in Doddabellaor, and as another Village

which was attached in Fusly 1230, owing to the absence of the Enamdar. The Jodigy having been included in Sevay Jummah under the head of Enam Jodigy, the entire Enam has this year been carried to the Aini head.-

Exctent assest.t Jodigy
6-3-1-7-7-3 --7---

This is an Enam enjoyed by one Ammundah Shetty in Katrapolyem in the above Talook, which has been resumed under similar circumstances to those mentioned in the preceding case, in accordance with the Board's Proceedings dated the 7th June 1852.-

The entire Enam
Exctent assest.t Jodigy
17-12-4-49-6---4-7-1.
Two fifths of the above
7---11-19-12---1-12-5.

Two fifths of this Enam in the Villages of Oofsoor and Cottacondahully in the Oofsoor Talook, of which the Pymash Enamdar was one Vencatesh Kistnen Butten, have been resumed under orders from Government of the 7th December 1852, owing to the death without heirs of its last holder Pammal, the daughter in-law of one Nunjah Pah, who acquired it by right of purchase.- The other three fifths are continued on to Kistnah Pah the grand-son of the Pymash Enamdar.-

Exctent assest.t Jodigy
--0--11-- --11--11-- --2--6-

An Enam to the exctent of acres 2-39-5. Seerwach 18-10-8. Jodigy 8---11---11 was held by the Seerenty of the Village of Sammumpully in the Trichengode Talook. As a portion of this to the exctent of

acres

Formah Jodigy
acres 11-29-6. 3-8-11 18-5, was rendered unfit for cultivation, it was written off the account as shewn in the last Report, but no compensation in kind having been allowed, the Enamdar requested that a sum equivalent to the assessment of the land he had lost might be deducted from the remaining Jodigy. The sum of Rupees 2-11-6 was consequently deducted this year in addition to Rupees 1-8-5, the deduction made in the preceding year.

Jodigy Villages

26. There is a decrease of Rupees 3,308-12-9 in the demand against Jodigy Villages in consequence of the resumption under Section 32 of the Hookoomnamah for arrears of Fasly 1261, of the two Agraharums of Valiaputty and Saracalay, the former assessed at a Jodigy of Rupees 2,364-8-9 and the latter at a Jodigy of Rupees 944-4-

To Pudayems.

27. The increase under this head was Rupees 1,122-10-7 against a decrease of Rupees 1,159-1-6 which leaves a net increase of Rupees 263-9-1. The increase is owing to better rents obtained during the current year for some of the Topes.

Fruit Garden and Palmyra Trees.

28. There is a net increase of Rupees 502-15-4 in the demand on Fruit Gardens and Palmyra Trees. The particulars

Increase.

From higher rates having been levied on certain trees	7-1-4.
From higher offers having been made by applicants	1481-15-7.
From trees having recently become productive	2660-7-7.
Total Increase	1,152-8-6.

Decrease.

Remission for trees in decay	69-6-2.
Ditto for trees blown down	14-12-2
Cultivation of land on which only the tree tax was levied	149-0-7.
Remission of teerwah which was levied on trees standing on Enam lands	1-11-1.
Lower offers for trees owing to their deficient produce	923-8-7.
Relinquishment of trees from impoverishment	2491-2-7.
Total decrease	3,649-9-2
Net Increase	502-15-4

Enam Fusul Jastee.

29. The increase of Rupees 128-7-10 in the Fusul Jastee levied on Enams, is owing to a greater extent of these lands having been converted, for the present year into

Nunjah

Nunjah and Bagayet with the aid of Government water. Against this there is a decrease of Rupees 40-7-11 on certain lands charged with Fusul Jastee in the last Fusly for which Government water was not used during the present year. These 2 items exhibit a net increase of Rupees 88-11-10.

Grazing Tax. 30. The particulars of the grazing tax are shewn below.—

Increase

Rent of pasturage in the Alumbady Jungle	30-0-0
Tax Collected on grazing Cattle under the denomination of Bullargy	104-9-2
On grazing Cattle belonging to those who are not engaged in agricultural pursuits	394-6-3.
Total Increase	528-15-5.

Decrease

By death of Cattle paying tax	131-12-8.
Desertion of certain graziers	42-5-11.
By the sale of Cattle	182-9-7.
By graziers becoming Cultivators	34-3-1.
By relinquishment of Putta lands	5-2-0.
By lower offers for graze rent	10-11-0
Total gross decrease	406-1-3.
Net Increase	122-14-2.

Neercooly- 31. Under the head of Neercooly or the rent paid for water belonging to the Government Villages, there is an increase of Rupees 20-4-9. against a decrease of 8-14-10, which leaves a net increase of Rupees 11-5-11.

Hill Revenue- 32. The annexed table exhibits the particulars of the Hill Revenue. The demand for the present Fusly, on account of this item is Rupees 30079-7-9 which is Rupees 345-9-6. below that of the preceding year.

Talooks.	Hills.		Beriz of Fusly 1261.			Beriz of Fusly 1262.			Comparison- Increase-			Decrease		
	1 Moonoor under rent		813	6	6	813	6	6	"	"	"	"	"	"

	Total		30425	1	3	30079	7	9	61	14	11	407	8	5
										Net		345	9	6

In

33. In the amany portion of the demand in the above account there is a gross decrease of Rupees 407-8-5. This is owing to the demise, desertion or indigence of the holders of certain lands on the Unjoor and Patcha= =malay Hills in the Ahtoor Talook, and on the Yalagherry and Javady Hills in the Tripatoor Talook. Deducting from this an increase of Rupees 61-14-11 which was obtained on the Shervaroy and Colly mally Hills, there remains for the Hill Revenue for the year a net decrease of Rupees 345-9-6.

Jodigy on Jagheers.

34. In the item of Jodigy on service Jaghires, there is an increase of Rupees 475-9-1. The Villages of Bullagoontah and Gollagoontah, in the Tripatoor Talook were granted to Mahomed Moosah as a Jaghire for three generations, and after his death, the Villages of Amma= =nancoil and Vapulmuttum in the same Talook were given to his deceased Son Goolam Muttud to be enjoyed for two generations. Previous to their demise, the father and the son having severally divided their Jaghires among their sons and daughters, some of these shares, to the value of Rupees 475-9-1 have lapsed owing to their last holders having died. The above sum of Rupees 475-9-1 has therefore been resumed and added to the Jodigy annually drawn by Government from the Jaghire. Including this addition, the Jodigy collected for the Current Fusly amounts to Rupees 837-10-6.

+ Minutes of Consultation of the 2d. September 1851. and the Futwah of the Sudr Court Cazee contained in the Board's Proceedings dated the 31st May 1852.

35. Referring to the several items of

Total Decrease 3654-6-3.
Dr. Increase 1464-8-5
Net Decrease 2189-13-10

decrease and increase from Para 25 to 24 it will be found that there is a net decrease of Rupees 2,189-13-10 the sum brought to account during the year being Rupees 96,075-2-3. The decrease is owing principally to the two Agraha= =rums of Valiapitty and Saracalay having been removed from the list of Jodigy Villages. The above sums will correspond with similar amounts entered in Statement No. 15.

Amany Demand.

36. The entire demand of the year on the amany portion of the District (inclusive of the sum specified in Paragraph 35, and that appearing in the abstract appended to paragraph 22 after the necessary deductions according to Statement No. 14) is Rupees 13,16,666-8-. This sum exceeds the outturn of the pre= =ceding year by Rupees 18,286-4-6. A portion of this increase, extending to Rupees 5,666-5-8, is consequent upon the present incorporation of certain Villages with the Government lands.

37. The demand on these Villages is shewn as follows.

Increase consequent on the purchase of Samoodrum Mootah by Government.

The permanent Beriz of the Mootah for Fusly 1261	2728-5-	1896-5-4
Beriz of Fusly 1262	1896-5-4	
Decrease	831-15-8	

The decrease is owing to the poverty of the Mootah Ryots and to the continuance, for this year, of the Cowles which were granted by the late Mootadar.

Increase

Fort St. George 2nd March 1854.

Increase consequent on the resumption of the three Agraharums of Valiapully, Saracalay and Andaporum

Valiapully — Last year's Jodigy	2364-8-9		
Beriz for this year	1610-6-2		
Decrease	754-2-7	3770-11-4	
Saracalay — Last years Jodigy	944-11-11		
Beriz for this year	927-3-11		
Decrease	17-1-11		
Andaporum — Last year's Jodigy	1445-5-8		
Beriz for this year	1232-7-2		
Decrease	212-14-6		
		Total	5666-5-8

The total demands on the above acquisitions for Fusly 1261 which they were not included in the Amany was Rupees 7482-7-5-3 the above sum of Rupees 5666-5-8 be deducted, there is a decrease of Rupees 1816-1-9 as shewn in Statement No. 29.

Pavichesh of Mootahs.

38. The total of the permanent demand for the year on estates in the hands of proprietors is less than the same item of Revenue in the preceding year by Rupees 4286-11-10. The several items belonging to this decrease are shewn as follows:

By the purchase of the Samoodrum Mootah on account of Government	2728-5	
By deducting from the permanent Beriz of the co Maytoapully Mootah the Jodigy payable to the Mootahdar on Andaporum Agraharum, resumed with the co sanction of Government dated the 7th July 1852	1465-5	
By deducting from the permanent Beriz of the co Commellare Mootah in the Tingracottah Talook the Jodigy payable to the Mootahdar on an Enam in the Millasamoodrum Village in consequence of the Enam having been resumed, as sanctioned by Government on the 17th August 1852. Owing to the death of the last holder Venkata Kistnabutler, who was not		

+ Mem of th and Sud con Bear dated 1852.—

Fort St. George 2nd March 1854.—

By deducting from the permanent Beriz of the Mahanedramungalum Mootah in the Kistnagherry Talook, the Jodigy payable to the Mootadar on certain Enams in Mahanedramungalum and other two Villages resumed with the sanction of Government on the 28th January 1853. in consequence of the absence of its legitimate owner, Arunachalam, who proceeded ten years ago to Benares.—	Rs. A. P. 6-9-2	
By deducting with the sanction of Government dated the 26th July 1852 from the permanent Beriz of the Eyalagherry Mootah in the Tripatoor Talook the Jodigy payable to the Mootadar on the Jaghire Village of Damalary moottoor, resumed with the sanction of Government dated the 21st October 1851.—	106-6-4	
Total decrease in the permanent Beriz		4286-11-10

Statement No. 16.—

39. The aggregate land revenue demand on the entire District for the current year, inclusive of the Amany Beriz, Permanent Beriz of Jaury Mootahs, and Paliput Peshcash is Rupees 17,77,984-7-11 or

Rupees.

Fort St. George 2nd March 1854.—

Rupees 13,999-8-8 beyond that of the preceding year.—

Cowle Lands— 40 The details of Statement No. 17 are concisely exhibited in the sub-joined table, in which there appears a net increase of Rupees 3448-14-11 in the settlement of Cowle lands, the increase amounting to Rupees 5,307-5-3 against a decrease of Rupees 1,853-7-3 Of the gross increase in question a portion amounting to Rupees 1,324-9-8 has occurred in the lands occupied under progressive Cowle owing to the further occupancy of waste and fallow lands entitled to the ordinary exemption rates. The remaining sum of Rupees 3982-11-7 has arisen from the annexation to the Amany of the Samoodrum Mootah &c. and from the consequent continuance for one year of the Cowle which originated with the late Mootadar and others - Of the decrease, a sum of Rs. 1,515-5-7 has been occasioned by the rise to the full assessment in the Pennagarum estate of certain lands for which the Mootadars' Cowle was continued in the last Fusly while the rest, amounting to Rs. 343-1-8 has occurred in the lands occupied under permanent Cowles granted by Mr. Cockburn owing to deaths and changes or transfers of Puttahs.—

Particulars.—

Fort St. George 2nd March 1854.—

Ryots, Puttahs, Ploughs. For the first two items Vide the last part of Form B in Statement No. 2, and for the third item of Form A in Do.

41 The under written Statement will show that there occurred an increase in each of the three items, Ryots Puttahs and Ploughs. This increase is owing to individuals not formerly engaged in agricultural pursuits having recently become Cultivators, to the partition among several, either heirs or otherwise of what had been included in the Puttahs of single individuals, to the separation of Joint holdings and to the incorporation with the Amany lands of the Samoodrum Estate and the Agrahrams Villages previously referred to. The relative proportion between Ryots and ploughs is as 2½ to 1.

If

Fort St. George 2nd March 1854.—

Collector's Answer to Letter from Board dated 18th Feby. 1854.—

Paragraph 2nd.

If the aggregate of the demand on Fodgy Villages and Lands under Inquiry amounting to Rupees 14,521-14-10 be deducted from Rupees 14,911-14-4 the total of Column 42 of Statement No. 12, the balance will be found to correspond with the Grand Total of the Rent Roll entered at the end of the foregoing Table.—

43.

The annexed Statement shows the extent of Cultivable Waste or uncultivated Land which was entered in the Register for the preceding year, there is a decrease of Rupees 700-2-7 under the several Heads comprehending the descriptions of Waste—Regular Remissions which not allowed on those Lands for which no sufficient reason could be given. Lands then waste could be given. That the increase on the extent of Land and on account of which Remissions was granted and not accounted for by a corresponding increase in the Settlement.

Decrease	5								

Extract from Minutes of Consultation of the 29th July and 2nd November 1852, contained in the Board's Proceedings of the 25th October = ember 1852.—

Fort St. George 2nd March 1854.—

46. A decrease of 82 has arisen from certain wells having reverted to Government either in consequence of their proprietors having relinquished their putcut lands, or their having left waste the lands irrigated by the wells and the teerwah on such lands having been in consequence remitted at the Jummabundy, prior to the receipt of the Government orders noted in the margin. On the other hand there was an increase of 77, of which 43 wells that were excavated during the current Fasly are entitled to exemption from Fussul Jastee. The remaining 34 are wells in the principal division for which Fussul Jastee was imposed in the preceding year, on the ground that they were dug without permission from the revenue Officers of the District. As it was not considered proper to enforce this demand in the present year it was remitted. The result is a net decrease of 5 in the number of wells. The increase apparent in the other heads of the foregoing table is owing to an increased extent of land having been taken up for Cultivation this Fasly. The particulars of these fluctuations are shown in the annexed Statement.— Items.

Items.	Number of wells	Cost of the wells	Poonjah land irrigated by them. Fussul Extent of assessment	Fussul Jastee remitted

Demand Collection and Balance.

47. The Statement in the margin exhibited in a comparative form, the Demand, Collection and Balance of the current and the preceding Fusslies. It also shows the extent of the arrears standing against the Jaury Mootahs and the Government Villages at the end of the Fusly under report, and the portion there of subsequently realized.--

48. The aggregate amount of Peshcush due on Jaury Mootahs as entered in Column 11 of the foregoing Statement, was Rupees 6,251-11-3. Of this sum, deducting Rupees 5,316-5-4- and "-12-" which were collected respectively up to, and subsequently to the 22nd October 1853, the date appointed for the Sale of the several Estates from which the money was due, there remained a balance of

Fort St. George 2nd March 1854.—

Rupees 934-9-11. This balance was due from the Vaniembady Mootah then under attachment which was put to public Sale and purchased on behalf of the Government. The sanction of Government for this purchase is dated the 9th December 1853. The arrears will therefore be deducted from the Sale proceeds amounting to Rupees 5,700—0—0 and carried to account.—

Vide Statement № 22.

49. The amount outstanding against the Government Villages [vide Column 11 of the foregoing Statement] is Rupees 10,711-5-10 or a perbolum of Rupees 0—12-10 on the total demand of the year against the Villages. Of this sum Rupees 12 8 10- are due from the three Agraharums now under attachment in the proportions shown in the margin. If these sums shall not be discharged within the term of one year from the date of their being brought under

Bommanapoo- 12 8 0
Ayan 793-6-0
Moonna cul 154-0-6
Nesturaya putty 383-14-8
1231-4-10

Fort St. George 2d. March 1854.

the Agraharums will as prescribed in Section 32 of the Hookoonanamah be incorporated with the Amany lands, and a report submitted in due Course. From the remaining sum of Rupees 9,430-1-0 deducting the sum of Rupees 5852-14-4 which is thought to be recoverable, the balance, amounting to Rupees 3,577-2-8 is due chiefly from deceased absconded or indigent Ryots, and partly from the Ryots of Teroomalanasamoodrum in the Sub Division for Nunjah lands of which the fixed Assessment is considered excessive. The matter of these balances will undergo careful enquiry at the approaching Settlement; and the result will be duly reported to the Board—

Old Balances Vide Statement № 21.

50. The old balances up to Fusly 1260 and those of Fusly 1261, as they respectively stood at the end of the latter year, the reduction effected in them by remissions and Collections in the year under review and the arrears now actually due are detailed in the following Statement—

Hunt. of George 2nd March 1831.

Fort St. George 2d. March 1854.

51 The total remissions under the Jaury and Annany headings in the foregoing Statement were Sanctioned by Government under dates the 15th. February 1853 and 4th. October 1852.—

52 No balance was due from the Jaury Mootah at the close of the Fusly under review.—

53 Of the balance at the close of Fusly 1262 against the Amany Villages for past years, amounting to Rupees 10952—7—1, Rupees 748—11—0 were realized and brought to account before the end of October—In respect to the sum undischarged amounting to Rupees 10203—9—1, I annex a Table showing concisely what portion is considered capable of eventual recovery and what appears irrecoverable.—

Fort St. George 2nd. March 1854.

Particulars of Irrecoverable.

Fusly	Balance at the end of October 1853 corresponding with Fusly 1263	Recoverable	Due from the deceased	Due from the absconded Ryots	Due from the non-existent Ryots	Total
	2.	3	4	5	6	7

1258	7 3 5	1 3 5		" " "		" " "
1259	32 8 5	20 13 3		" " "	11 11 2	11 11 2
1260	3794 3 8	115 1 2		" " "	35 13 15 1	36 8 12 6
Total	3863 12 10	130 3 2		33 5 10	101 1 1	35 8 10 3
1261	6339 12 3	737 6 3		18 5 5	5 13 11 8	5 8 2 6.
Grand Total	10,203 9 1	907 11 5.		51 10 9	119 13 . 9012 5 11	229 13 8

54. The irrecoverable balance amounts to Rupees 9295 — 13 — 8 — Of this sum, Rupees 3633 — 11 — 11, or the balance of Fusly 1260 will be remitted under the sanction of Government dated the 28th September 1853, and Rupees 1684 — 5 — 11 due from the resumed Agraharums of Valiapatty and Serkalay for Fusly 1261 as sanctioned by Government under date the 3d December 1853.

Amount due from deceased Ryots — Rs A P 130 — 1 — 11.

Do from absconded Ryots — 18 — 5 — 5.

Indigent Ryots and others

Indigent Ryots — Rs A P 3117 — 5

Amount suspended from Collection on the Villages of Teroornalnana Samoodrum in consequence of the excessive Assessment on the Nunjah lands of that Village — 717 — 1 — 1

Total — 3829 — 1 — 6

3977 — 11 — 10

The particulars of the remaining balance Rupees 3977 — 11 — 10 are given in the margin. As this sum cannot be collected, I beg that sanction may be granted for removing it from the accounts

55.

for collecting the sum exhibited in Column 3 of the foregoing Statement as irrecoverable amounting to Rupees 907 — 11 — 5.

Sevoy Jumma

56 The Sevoy Jumma balance due for Fusles from 1219 to 1260, as it stood at the end of Fusly 1261, was Rupees 32526 — 7 — 2, from which, excluding Rupees 12 — 9 — 2 the aggregate collection of the year there remains a balance of Rupees 32513 — 11 — 0. Of this sum, Rupees 32391 — 12 — 9 will be remitted under the sanction of Government dated the 16th July, and Rupees 81 — 9 — 0 under sanction dated the 28th September 1853, which leaves a balance of Rupees 40 — 7 — 11 — Rupees 24 — 10 — 3 of this sum will be collected hereafter — The remaining sum, or Rupees 15 — 13 — 8 is due from deceased, absconded or indigent Ryots, and is irrecoverable —

Rs A P

Deceased Ryots — 3 — 8 —

Absconded Do — 1 — 8 — 11

Indigent Do — 10 — 12 — 9

15 — 13 — 8

57. The Sevoy Jumma balance for Fusly 1261, as it stood at the end

of that year, was Rupees 1,140–14–4, of which, deducting Rupees 977–2–0 and Rupees 33–15–5, which were collected respectively within or subsequent to the close of the Current year, the amount still outstanding is Rupees 129–12–11. Of the remaining balance, Rupees 243–9–2 is believed to be recoverable, and Rupees 186–3–9 to be incapable of recovery as due from indigent Ryots.

58. I therefore request that Sanction may be obtained for writing off the irrecoverable portion mentioned in paras 56 and 57, amounting in the aggregate to Rupees 202–1–5.

Vide Statement No. 23.

59. The Sevoy Jummah balance for the year under review is Rupees 12,024–10–5. From this amount, deducting Rupees 10,613–7–9 collected within the Fusly, and Rupees 802–12–9 the portion subsequently [illegible] the

end of October of Fusly 1263, there remains a balance of Rupees 608–5–11. Of this the sum of Rupees 200–0–0 is considered irrecoverable as due from deceased or indigent Ryots, which leaves for future Collections a sum of Rupees 408–5–11. With regard to the irrecoverable portion above alluded to, a careful enquiry will be instituted at the approaching Settlement.

Sugar Cane and other cultivations Vide Statement No. 19.

60. The land devoted to the cultivation of Sugar Cane, Cotton and Indigo, amounts to Acres 18,410–22–6, assessed at Rupees 38,955–6–11. The land thus taken up is distributed over Government and Enamity Villages, Jaury Mootahs and Soliputs, as shown in the subjoined table.

Patticul

	Particulars	Land.			Assessment

Fort St. George 2d. March 1854

62. Of the land revenue balance of Rupees 169.63 1 1, entered in Column 10 of the foriegoing State=ment, the several portions deemed to be recoverable and irrecoverable are shown in paragraphs 48 and 49 of this report.—

63. With reference to the Boards Circular of the 8th. November 1852, calling for a report in regard to the Commu=tation rates of the District and to the remarks of Mr. Phillips relating to this subject contained in the 57th. Parah of this report on the Settlement of Fusly 1261, I have the honor to state that some information on this subject may probably be obtained from Colonel Reids report and that as soon as this can be examined the Board shall be inform=ed of the result.—

64. Adverting to Parah 68 of the last years report, relating to the information called for by the Board regarding the Villages of Edoombuncolum Teroonulnamanamoodrum and Vadagaryatloor in which the Asepoiment is believed to

Fort St. George 2d. March 1854.

be so heavy as to require a reduction, I beg to state that a report on Vadagary=attoor was sent in on the 31st. March 1853 and that reports on the other two Villages will be prepared and transmitted with as little delay as possible—

65. In regard to the 28 Forms of accounts which accompanied the Boards Circular of the 13th. June 1853 and to Para 2 of that Circular, the quinquennial State=ment of population will be submitted when the next census is taken in Fusly 1265, and the Statements Nos. 7 and 8 which are not forwarded for this year, as there has not been sufficient time to obtain the necessary returns, will be be prepared from the year ensuing—

66. In form No. 16 first deductions according to form No. 14 and then addition according to form No. 15 are separately exhibited under the total of Dry, Wet and Garden, but as some of the Items of deduction in Statement No. 14, such as Sibbendy, Agrahar shares, &c. include also the portions to be deducted from Statement

No.

No. 15, it has been considered advisable to exhibit first the additions and then the deductions—The prescribed arrangement has therefore been altered in Statement No. 16.

67. Agreeably to the Board's form No. 28, a Statement has been prepared and appended to the report, to show the number of Government plantations formed according to the Board's Circular of the 6th April 1848. This Statement shews that there were 30 such Plantations at the close of the Fusly under review—

Reply to the Settlement Proceedings of the Board of Revenue for Fusly 1261—

Proceedings para 4

68. Referring to the Board's observation that a uniform principle was observed in both the Divisions in regard to the additional impost levied as a penalty on those wells 4 in the Collector's and 6 in the Sub Collector's Division which were dug without obtaining the previous permission of the local Authorities, it appears that Mr. Phillips under the discretionary power granted in Extract Minutes of Consultation 16th May 1851, and the Board's

dated 7th April 1851.

Settlement Proceedings for Fusly 1259, ordered the levy of the Extra cess in his Division for one year, while the Sub Collector enforced the Maximum rate by imposing the additional assessment for 3 years—In Fusly 1262, when the term of one year expired, the four wells in the Collector's Division were exempted from the additional demand, but in the case of the six wells in the Talooks of the Sub Collector, as the Fusulgantee was brought to account at the last Jummabundy and was collected prior to the receipt of the Board's Proceedings under reply, the remission must be deferred till the Settlement of the Current Fusly 1263.

Para 6

69. With reference to the Board's remark that the Sub Collector has exhibited the rates at which the two principal grains in his Division were sold at the time of the Survey, and that similar information should be afforded for the whole District it should be explained that Mr. Cochrane obtained his information on this subject from Accounts prepared in 1822 under the orders of Mr. Cockburn by whom certain enquiries were then made in

regard

regard to the Survey prices. As these returns do not exhibit the rates for all the Talooks, or one average rate for the entire District, the information afforded by the Sub Collector was not given for the whole District.—

Para 9. 70. The Board have objected to a want of uniformity in the two Divisions on the subject of Cocoanut trees scattered over a Ryotis Putcut. The instructions conveyed in Extract from the Board's Proceedings dated the 17th. March 1851, to the effect that paragraph 25 of the Hookoomnamah should be modified so as to extend to scattered Cocoanut trees the immunity granted to all other trees, has been conformed to, equally, in both Divisions. This rule provides that trees on Putcut land shall be exempted from Teerva, unless the tax shall exceed in value one fifth of the assessment of the land on which the trees are situated. In cases where it exceeds, not only the land Teerva but the usual Teerva leviable from the trees

shall be collected. If the Board would wish to exempt scattered trees from all demand under any circumstances whatever, by limiting the demand of Government to the fixed assessment of the land, it will be necessary to alter Rule 25 accordingly. I therefore request the Board's sanction for so doing.—

Para 12. 71 In regard to the Board's remark that the increase in the number of Ryots is unusually large, and allowing for the increase in the new Villages, it is hardly accounted for by the ordinary cause viz: new occupants, it may be observed that any increase of this kind does not include new occupants only, Variations from year to year

Fort St. George 2d. March 1854.

year in the number of persons holding a single Puttah will materially affect the number both of Ryots and Sloughs and the relative proportion between these two numbers. One of the chief causes of such fluctuation is the common practice of entering in a Puttah, at the death of its holder, the names of two or more of his children on the ground that they have a joint interest in the land, such persons though they may take no active part in cultivating the lands are still classed as Ryots in the Accounts.

WL

Fort St. George 2d. March 1854.

72. I regret that this report has been delayed beyond the usual period, but the Board are aware that some difficulty is experienced in preparing accounts according to new Forms.

73. The sub Division Report is transmitted with the other papers.

Division.	1 Attoor	1,17,266 5 11	1,16,512 12 -	753 9 11	1,16,357 8 5	1,13,818 1	2,539 6 8	2,362 2 9	177 3 11	Of this sum Rupees 1281-4-10 are severally due from the three Agraharums of Pommanapulyam Moonnacul and Nekaroputty now under attachment. If this sum shall not be discharged within the term of one year from the date of their being brought under sequestration, the Agra-harums will as prescribed in Section 32 of the Hookroomanamah be incorporated with the Amani lands, and a report submitted in due course. From the remaining Sum of Rupees 9,4-30-1- a deducting the Sum of Rupees 5,852-14-4 which is thought to be recoverable, the balance amounting to Rupees 13577 2-8- is due chiefly from deceased absconded, and indigent Ryots and partly from the Ryots of Tirop-malahanama Samoodrum in the Sub Division for Nunjah lands of which the fixed Assessment is considered excessive. The matter of these balances will undergo careful enquiry at the approaching settlement, and the result will be duly reported to the Board. -

Salem Collectors Office on Circuit at Mullaur 9th January 1854.- E. E. Fr. (Signed) H. A. Brett Collector

Collector's Division.- Bellary Collector's Division.-

Of this sum deductions Rupees 5316-5-4- and u-12-u which were collected respectively up to and subsequent to the 22d October 1853, the date appointed for the sale of the several Estates from which the money was due, there remained a balance of Rupees 934-9-11- This balance was due from the Vaniembady Mootah then under attachment which was put to public sale and purchased on behalf of the Government. The sanction of Government for this purchase is dated the 9th December 1853. The arrears will therefore be deducted from the sale proceeds amounting to Rupees 5700-u-u and carried to account.-

To

H. A. Brett Esqre.

Collector of

Salem.

Sir,

1. I have the honor to report upon the Settlement of the Land Revenue for fusly 1262, of the four Taloks of Kamcul, Paramutty, Trichengode, and Sentherydroog, which form the Sub Division of this District.-

2. The 23 Accounts which accompany this, are prepared in the forms received with the Circular order of the Board of Revenue of date 13th June last.-

Settlement. 3. The Jummabundy of the Sentherydroog and Trichengode Taloks, with the exception of 7 villages in the former, and 61 in the latter, was conducted by the late Sub Collector Mr. Cochrane- That officer was prevented from proceeding further with the Settlement, owing to ill health, having rendered it necessary for him to be absent on Medical Certificate. The Settlement of

Fort St. George 2nd March 1854.

of Namcul, Paramutty and 61 villages of the Trichengode and 7 of the Sen Kerrydroog Talook were conducted by Mr. James the Assistant Collector with the exception of one village of Namcul and 3 of Paramutty Talook, which were settled by me at Salem on my arrival here as Acting Sub Collector. In Sen Kerrydroog the Ryots assembled at Mr. Donald's Choultry and at the Cutcherry station, in Trichengode, at Sen Kerrydroog and at the Cutcherry station in Paramutty at Vayloor, on the banks of the Cavary, and in Namcul at Moganoor and at the Cutcherry station.

Vide St. No 4.

Season.

4. The season on the whole, proves to have been somewhat more favorable than the preceding one. The fall of rain in the early part of the season was very steady and enabled the Ryots to commence with their poonjah cultivation, but the supply received subsequently was not sufficient to benefit the dry Crops and a decrease was caused in the produce. The supply of water to the wells being inadequate, a decrease occurred in the cultivation of Dry Garden. However from July there were ample falls of rain, which filled

Fort St. George 2nd March 1854.

filled the Tanks and Anicuts and proved beneficial to the nunjah cultivation, and the lands under the Cavary Channels, as well as that of the Oravendoor village, received a full supply of water. The Storm which occurred on the 27th March last, caused great injury to the nunjah Crops, and destroyed many plantain and beetle groves, bordering on the Cavary in Namcul and Paramutty Talooks, and also rooted out a great number of trees both in the low lands and on the Collymally Hills, but the greatest loss occurred among Cattle of which a large and lamentable number perished throughout my Division on that occasion.

Villages and Hamlets.

5. The next table exhibits the number of villages under Government and the Land=ed Proprietors, under the latter head there is a decrease of 2 Villages and 2 Hamlets, this has been occasioned by the reversion to Government of the Moottah of Samoodrum in the Talook of Sen Kerrydroog by purchase when it was sold for arrears of revenue, upon the Sanction of the Board of

Revenue.

3412 Fort St. George 2d March 1854.-

Sanctioned by Govt. 6th July 1852.

Revenue dated 20th July 1852, sanctioning the redemption of the Foreign Assignment of Pandaramum, which was situated within the limits of the Mootah of Mattapalle Mattapalle heretofore illegally appropriated by the Mottadar. Under the head of Pandaramgam

Government there is an increase of 4 Villages pound 2 Hamlets occasioned by the redemption

=Known pecuniary of arrears of Revenue of the two Assignments of Valyapatty in Tinnevelly and Sarkaly in Trichinopoly

and by the purchase of Pandaramgam

Mootah and redemption of the Pandaramgam Assignment above

Dist. No. 1. =mentioned. The total number of Villages

Sources of irrigation.

Vide St. Co. No. 3.

Fort St. George 2nd March 1854

b. The number of Tanks & Vas. throughout the Division are shown below. There is an increase of 16 wells sunk by the ryots at their own cost. Vide order of the Board for furnishing a Statement, showing the Sources of irrigation reached this Office after the close of the Fummabundy-Order were however sent to the Talisildars for furnishing a return of the Tanks &c. but there being some doubts as to the accuracy of the Accounts received from the Talsts, the accompanying statement has been prepared with reference to the Accounts of the past year, but a more correct one will be formed in the ensuing one.-

Puttahs & Holders.

7. The number of cultivators during the fusly under report is 43411 puttahs 30449, and of plough employed is 17178, on contrasting with the past fusly, an increase is shown of 1903 in the number of holders, 1438 in the puttahs, and 1031 in ploughs, occasioned by the reversion to Government of 3 Agraharums and a Jaury Moottah, and by a greater number of Ryots having taken up lands than those who relinquished their putteals particulars are shewn below.-

In

Emigrants. 16. In the present year the number of Emigrants is 16, and the extent of land left waste by them, is Acres 15—14—6, assessed at Rupees 19—8—6. The marginal table shows the places to which they are said to have resorted—

Districts	No.	Emigrants Land			assessment		
Combatore	1	»	33	14	3	3	1
Trichinopoly	10	8	34	8	10	11	7
Ceylon	5	5	26	»	5	9	10
Total	16	15	14	6	19	8	6

Revenue from Trees. 17. The revenue derived from this source for the present year, is Rupees 10848—11—8, which on contrasting with the preceding one, exhibits an increase of Rupees 179—3—1 as shown below—

		6 Rs	a	P
Increase			
From Trees on which no tax was collected last year having this year been taxed	1457	13	7
From taxation on Trees arrived at Maturity	19	11	10
From increase of tax on Palmya Trees &c.	5	4	10
Tax on Trees situated within the reverted Moottah and agraharums	17	»	6
Total	1499	14	9
Decrease			
Tax on trees given up or left waste	1242	7	3
D° on D° fallen down	29	1	8
D° remitted on Trees on waste lands which have this year been brought under cultivation	27	6	9
From decreased offers for the rent of certain Topes	21	12	»
Total	1320	11	8
Net Increase	179	3	1

The

Pasture Teerwah. 18. The Bariz of the Pasture Teerwah is Rupees 1218 13 10 which exceeds that of the past fusly by Rupees 52 5 1 — the details of which are as follows —

	C Rs.	A	P
Increase —			
From certain Ryots having extended their Stock of Cattle from certain lands having been newly taken up by Ryots in addition to their Puttah land	181	11	1
From the Pasture lands of the resumed Agraharums and reverted Mootah	3	12	0
	185	7	1
Decrease			
From certain Ryots having lost and sold their Cattle	123	15	3
From certain Ryots having relinquished their pasture land	9	2	6
	133	1	9
Net Increase	52	5	4

Changes in land watered by the Cavary Channels.

19. A decrease of Rupees 13 2 11 is the result, in the changes of cultivation and profit in the lands watered by the Cavary Channels —

	C Rs. A P
From lands last year irrigated by running water having been this year irrigated by Pecottahs	28 11 1
From lands last year irrigated by Pecottahs having been this year irrigated by running water	15 9 0
Net Increase	13 2 11

Corrections according to the Survey Standard —

20. Increase has been made of Rupees 93 5 on lands assessed below the Survey rate, and a decrease of Rupees 17 12 6 on lands assessed above

above the survey standard, making a net increase of Rupees 75 1 11 —

Increase in Sundry small Jodigy —

21. Under this head, there is an increase of Rupees 10 0 9, occasioned by the reversion to Government of a Jaury Moottah, and three Jodigy Agraharums in this year, and decrease of Rupees 2 0 6, being the fysul teerwah exclusive of the Jodigy portion struck off the Accounts in the preceding year of an Enam land left waste on account of inundation, showing a net increase of Rupees 8 0 3.

Neercooly or Hire for water —

22. There is an increase of Rupees 4 1 5 under this head, occasioned by the collection of hire made from certain Ryots of the resumed Agraharum of Audapoorum in Namcul Talook, in conformity with the practice observed by the Moottadar during the time the Agraharum remained in his hands on account of their appropriation of the share of water allotted to the portion of lands remaining waste under the Tank of the Village. This shall be discontinued from the next year when the

Fort St. George 2nd March 1854

the Mootahdars arrangements are to be changed—

Changes of cultivation in Enam lands.

23. The Assessment levied under this head, during the present fusly, is Rupees 76-4-8; which compared with the fusly one shows an increase of Rupees 5-11-8.

Increase

From certain Enamdars having improved their Enam lands to a superior cultivation by the use of water from Circar sources, Rs. 20 15-11-5

Decrease

From certain Enamdars having discontinued the use of water from Circar sources 10-2-9

Net Increase 5-11-8

Revenue from Hills

24. For the present year, the Bariz of the lands brought under cultivation on the Collymaly Hills, is Rupees 734-11-1 which on comparison with the preceding one exhibits a small increase of Rupees 39-6-3 this is only attributable to the prevalence of sickness among the Malyalies being less during the fusly—

3434

Fort St. George 2nd March 1854.

Under

Sookavasy or Remissions to Bramins and Mussulmen.

26. Under this head, the remission grant=ed amounts to Rupees 80–1–6, showing a net increase of Rupees 1–1–11 owing to the cause hereunder specified.—

Increase,

Remissions granted to Bramins who have cultivated lands by employing their own ploughs — R. A. P. 11–3–11

Decrease.

From certain Bramins having left their lands waste during the present year — 9–15–0

Net Increase 1–1–11

Remission on Cowle Nunjah lands.

27. During the past year a remission of Rupees 18–12–11 was granted, in conse=quence of the failure of the usual supply of water to the Cowle nunjah lands, the present season having proved to be more favorable no such remission has been need=ed

Changes of Cultivation from one to two crops and vice versa—

28 In the village of Oorumondoor, added from the Trichinopoly District, the lands which were cultivated with a single crop last year, have in the present one been cultivated with two crops with the

RHL.

the exception of a small portion bearing an Assessment on the 2nd Crop of Rupees 18–2–4, causing a gross decrease of 207–8–10. A certain land bearing an Assessment of Rupees 10–14–6 on the 2nd Crop, having been this year cultivated with a single crop, the said sum has been remitted on the same, making a total of Rupees 29–0–10, which, on a com=parison with the preceding year, shows a net decrease of Rupees 196–10–4 in the re=missions granted under the same head. This is attributable to the full supply of water received in the Moganoor Channel, which underwent some repair during the year—

Jodigy.

29. The Jodigy Bariz for the present year is Rupees 4358–4–0, showing a decrease on comparison with the past year of Rupees 3308–12–9, occasioned by the resumption for arrears of Jodigy of the two undermentioned Agraharums viz.

Valyapully — Rupees 2364–8–9

Serkaly — 944–4–0

3308–12–9

An

Settlement of Oravumdoor village.

34. As the lands of this village, are assessed respectively upon the 1st and 2nd Crops raised on the same, in accordance with the practice of the District of Trichinopoly, from which they have been transferred to Salem, I beg to particularize the Jummabundy of the village for the fusly under report, from which you will observe, an increase of Rupees 188-3-9. The supply of water in the Mayanoor Channel having been ample, the lands which were cultivated with a single crop in the past year, have been in the present one, cultivated with two crops, and hence the increase

Extra Revenue.

35. The revenue derived from Extra Sources is Rupees 40819–4–10, showing a net increase of Rupees 959–7–1 above the preceding fusly. This increase is attributable to the higher offer received for the Tamarind rent of the Collymaly Hills, and to the greater number of Looms engaged during the fusly—

Collections of Land Revenue.

37. The Ryotwar demand for the year under report, amounts to Rupees 349974–0–1, the sum of Rupees 332030–9–9 were collected within the fusly, leaving a balance of Rupees 17943–6–4, of this sum, Rupees 12266–8–4, were collected to the end of October, which reduced the balance to Rupees 5676–11–0 of which Rupees 1878–0–7 is considered irrecoverable from the information furnished

Vide St. No. 22.

furnished by the Tahsildars—

38. The particulars of the Items of which the last mentioned sum is composed are as followed— The sum of Rupees 717—1—1 is due upon the lands of the village of Tirmulnamasamoodrum, the circumstance of which village are explained in para 46 of Mr. Maltby's report dated 20th October 1849— The special report promised by my predecessor in his report for the past year on the state of this village, in order to obtain sanction for the reduction of assessment on the lands of the village, shall be submitted by me within a few months—

39. The sum of Rupees 406 4—0 is due by the Agraharamdars of Valyaputty, payable up to the first of March of the present year, in which month the village was

was added to Amany— They pleaded poverty, and moreover, state, that as their village was resumed for the arrears of Jodigy of former years, as well as for that of the present one, they are not bound to pay the same, in default of the payment of which, they have lost in consequence the indulgence of Enam— This was made known to your predecessor, by a Yadast from this Office, dated 23rd August 1853, and in his Answer, he desired that the collection of the amount may be suspended.—

40. The remainder sum of Rupees 754—11—6 stand against deserted, deceased and indigent Ryots; enquiry will be made regarding the same, at the next Jummabundy.—

41 Of the sum considered to be recoverable Rupees 793—6—0 is due by the Jodigy Agraharamdars of Bommulpolliem, in the Paramuddy Talook

Talook, which is now under attach-
ment. It is supposed, that the
Agraharundars, will clear up the arrears
within the limited period, but if they
fail to do so the Agraharum will
be added to the Amany villages, as
per order of Government under date 18th
September 1851.—

12. The sum of Rupees 2226-
9-10 is due by the Ryots holding lands
under the Maganoor Channel in
Nameul, those Ryots having reaped
a partial crop in the past fusly
owing to a less supply of water re-
ceived in the Channel, a large sum stood
against them, for the fusly, as stated by
my predecessor in Para 37 of his
report for last year, but with much
difficulty the greatest part of the
balance was collected, in the fusly
under report and while the collec-
tion was going on, the storm which
occurred on the 27th March last, caused

great injury to their Plantain groves
and Paddy crops, those being their
chief cultivation, consequently they are
rather impoverished at present, and
evidently appear unable to pay the arrears
till they reap their 2nd crop in January
next. However, the Tahsildar has
been instructed to collect the balance
with all possible strictness—

13. The Tahsildars, have been
directed to collect the remainder sum
of Rupees 778—13—7 outstanding against
the Ryots of other villages, and it is
hoped that the same may be realized
shortly.—

Moturpha- 14. The revenue under this head
amounts to Rupees 19104—8—7, of which
Rupees 19006—11—10, were collected within
the fusly, leaving a balance of Rupees
97—12—9. The collection made
up to the end of October is Rupees
71—3—? which reduced the balance
to

to Rupees 26—9—7, of this amount Annas 12—is considered as recoverable, and the remainder irrecoverable—

Abkarry 45. The Abkarry bariz of the present year is Rupees 14,221—0—0, the amount collected within the fusly, is Rupees 14121—0—0, leaving a balance of Rupees 100—0—0, this sum has also been collected subsequently.—

Sundry Small farms— 46. The bariz of the present year of the revenue, under this head, amounted to Rupees 4814—12—0, and the collections made within the fusly was Rupees 2886—5—3, leaving a balance of Rupees 1928—7—0. Rupees 1,391—0—0 was collected up to the end of October, leaving a balance of Rupees 537—7—0, of which sum Rupees 463—0—0 is due by the Tamarind Contractor in the Namcul Talook, and is expected

expected to be realized shortly—The remainder sum of Rupees 74—7—0 forms part of the Ferry rent of Moganoor—The new boat having been employed on the river from the 15th October 1852, the sum of only Rupees 26—9—0 was collected from the render of the amount of the rent Rupees 101 for the three months he had the contract, and the remainder is left uncollected, which amount should be struck of the accounts—

Revenue from Estates. 47. The Revenue from Estates amounted to Rupees 243392—0—0, of which the amount credited on account of Moturpha is Rupees 3874—3—2. The amount collected within the fusly was Rupees 235860—15—10—Total Rupees 239735. 3—0—The balance at the end of the fusly was

Fort St. George 2nd March 1854

was Rupees 3656—13— which has also been collected subsequently—

Sevoy Jummah

18. The hariz of the present year is Rupees 458—6—5, the amount collected within the fusly was Rupees 249—13—6, and the balance was Rupees 208—8—11, the amount collected subsequently is Rupees 158—3—1, leaving a further balance of Rupees 50—5—10, which is expected to be collected shortly—

Vide St. No. 23

Arrears balances of fuslies 1266/61.

19. The arrears of revenue of fusly 1261, which stood at the R&A. commencement

Fort St. George 2d March 1854

commencement of the fusly under report was Rupees 21797—12—4, of which the amount collected within the fusly was Rupees 16845—10—2 reducing the balance to Rupees 4952—2—2, the amount collected up to the end of October last, was Rupees 710—14—5 still leaving a balance of Rupees 4241—13—9. Of this sum Rupees 475—8—7 is considered recoverable, and the Tahsildars have been strictly enjoined to collect the same, and the remainder Rupees 3766—5—2 is irrecoverable—

50. The last mentioned sum is composed of the following items, Rupees 711—1—1 is due by the resumed Agraharumdars of Tirmulvamasamoodrum the collection of it is yearly suspended and ultimately carried to the head of remission on account of the over assessment fixed on the lands of the Village. Rupees 1684—5—11 stand against the Agraharumdars of Valyaputty and Serkaly, accumulated up to the period the Agraharums were resumed. The sum of Rupees 211—7—1 is due by the Ryots of Oravundoor Village, being the assessment on the 2d crop of their lands which perished for want of water as explained in para.

Fort St. George 2d March 1854.

para 38 of my predecessor's report for the past year- and the remaining sum of Rupees 1153-7-1 stands against the deceased, deserted and indigent Ryots- I beg the sanction of Govern=ment may be solicited for removing the above mentioned sums from the accounts-

51. The balances of fusly 1260 was Rupees 1,570-4-1 at the end of fusly 1262, and Rupees 2-12-4 was collected up to the end of October last, leaving a balance of Rupees 1,567-7-9. Of this sum Rupees 1534-10- is sanctioned by the Government under date the 28th September 1853 to be written off the accounts, the remainder Rupees 32-13-9 will be collected shortly-

Old balances of Sevoy Immanah up to fusly 1261.

52. The balances under this head up to the end of fusly 1261 was Rupees 5,681-4-4, the amount collected within the fusly under report was Rupees 302-1-10, reducing the balance to Rupees 5,379-2-6. Of this amount the Collections made up to the end of October last was 7 Rs -"-"- and the balance is Rupees 5372-2-6. The orders of Government dated 18th July and 28th September last have been received for writing off the

Fort St. George 2d March 1854.

the accounts Rupees 5369-9-10 and the remainder Rupees 2-8-8 due for fusly 1261 is expected to be collected-

53. With reference to the observations of the Board of Revenue, in para 4 of their Proceedings, dated 29th August last regard=ing the levying of additional assessment for 3 years in the Sub Division, as a penalty for failing to obtain previous permission to sink wells, I beg to state, that the orders of the Board of Revenue and of Government dated in the margin having restricted the penalty (which was very severe formerly) to 3 years in the Sub Division, it was continued accordingly in the Sub Division by my predecessors, who were not aware of the prac=tice obtained in the Collectors' Division- How=ever by the orders of Government noted in the margin, this restriction has also been removed to the great benefit and comfort of the Ryots, and the additional impost consequently due by the Ryots on this account for one or two years will be remitted agreeably to those orders-

1st April 1851

18th May -"-

Extract Minutes Consultation 2d November 1852. p 9

54. Referring to Para 9 of the above Proceedings, I beg to state, that the practice obtaining in the two Divisions of the

Fort St. George 2d. March 1854.

the District is the same, as regards the taxation of Cocoanut Trees scattered over the Putcut lands of Ryots. In para 26 of the old Rookumnamah it is mentioned, that, "Tax on scattered trees in Putcut lands having been abolished by order of the Board of Revenue, it is not now collected, but as there are some few fields the assessment of which is less than the tax on the trees situated in them, the tree tax should be collected &c." This rule was revised by para 25 of the new Rookumnamah, wherein it is provided, that, "for "scattered trees on Putcut land with the exception "of Cocoanut, no teerwah shall be collected, unless "the tax payable from the trees shall exceed in "value one fifth of the assessment of the land on "which they are situated in cases where it "exceeds, not only the land teerwah, but the "usual teerwah leviable from the trees will "also be collected" - altho' the Board of Revenue in para 12 of their Proceedings dated 10th April 1843 objected to the exception of Cocoanut Trees from the immunity granted to all

Fort St. George 2d. March 1854.

all other trees; yet till July 1860, the levying of tax on scattered Cocoanut Trees was continued, but by the order of the Board under date 17th March 1851 the rule 25 of the Rookumnamah was modified so far to extend to scattered Cocoanut trees the privilege granted to other Trees on putcut lands on an equal footing. However as it is obvious from the wording of the said rule, that no exemption of teerwah will be allowed unless the tree tax shall be below one fifth of the assessment of the land on which they stand, and as this rule was not altogether abolished, the levying of tree tax was continued indiscriminately on all sorts of trees, where it exceeded one fifth of the land tax.

55. Since it is the desire of Government that we should confine ourselves to the collection of assessment of only the land on which the trees are scattered.

scattered according to the practice of o= other Districts and that observed formerly in this zillah it is desirable that Rule 25 of the Bookunnamah in force may be mo= dified and rule 26 of the old one be intro= duced again, which the Board in their Pro= ceedings dated in the margin, consider was a just one - This rule of course will fully entitle us to collect the tree tax also, where it is found to exceed the assessment of the land on which the trees are situated.-

17th March 1851.

56 As far as I have been able to judge during the short time I was in temporary charge of this Office in May last, and also dur= ing the 6 weeks that have elapsed since I was appointed to this Sub Division, I have much pleasure in adding my testimony to that of my Predecessors, as to the ability and industry with which the Sheristadar Krishna Row performs his duties.-

B. No. 266. Sir,

From the Collector of Salem — With reference to Boards Circular of the 25th April last forwarding Statement shewing the weights used in the Salem District.

With reference to the Boards Circular dated the 25th April last, I have the honor to submit two Statements regarding the Weights used in this District. The first of these Statements is drawn up on the information obtained from the Tahsildars, who were required to enter in the Statement such weight as are daily used by the Merchants. The second one exhibits the difference found in the "Seer" after an actual examination made by the Sub Collector in the 8 Talooks below the Ghauts and by the Head Assistant Collector in the Balaghaut and Baramahl. The latter account shews that in almost the "Seer" used is 1/2 a Rupee less, and in Tengericottah 1/2 Rupee greater than the proper standard weight, while in the Histinapherry Triplatore and Denkencottah Talooks it shews

shews a small excess of 3/16 Rupee

2 The weight used by the Merchants in weighing gold Silver &c. is known by the general term "Seer" throughout the District, but the number of Pagodas weight of which it consists differs. In the 6 Talooks of the Baramahal division, the "Seer" is equivalent to 80 "Yakary Pagodas" or 24 "Bajah Rupees" or 23½ Company's Rupees weight. In the 8 Balaghaut Talooks the "Seer" weighs 80 "Madura Paducaut Pagodas" or 85 "Yakary Pagodas" or 25½ Bajah Rupees or 24 Company's Rupees. The minor Sub divisions used are as follows.

1 Yakary Pagodas 9 Cuntaroy Fanams weight
1 Cuntaroy Fanam = 4 Coondamany Seeds.

¼	Do.	1	Do.
1/16	Do.	1	Grain of Paddy

3 In the latter part of para 1 of the Circular under reply, the Board refer to the replies of former Collectors dated 5th July 1821 which is apparently the date of a Circular issued by the Board on the subject. After a careful search among the records, the reply to that Circular has not been found. The corrections

corrections therefore required by the Board cannot be effected.

4. As regards the sub divisions of the principal measures I beg to refer the Board to the Statement which accompanies Mr. Phillips's reply to their Circular dated the 24th March last. The Board will observe that in the note at the foot of part C of that Statement, Mr. Phillips remarks that the smallest measure "Manum" or "Puddy" is practically divided in to other still smaller Measures, an enumeration of which appears to be all that is now needed.

1½	Madras Measure 1	Manum	
	Do.	½	Do.
¼	Do.	¼	Do.
⅛	Do.	⅛	Do.

Sir,

B. of R. No 662
From the Collector
of South Arcot

I have the honor to acknowledge the Board's Proceedings of the 30th ultimo calling upon me to report if the rule which has been sanctioned in the Trichinopoly District for the taxation of scattered trees in unoccupied lands can be extended with advantage to this Collectorate.

Reporting on the rule receives regarding the taxation of scattered Trees in the Trichinopoly District referred to in the Board's Proceedings of the 30th January 1854.

The marginal Statement will shew that the rates prevailing in the Sondah Talooks of South Arcot are generally lower than those now sanctioned for Trichinopoly, and as they have been long in force and are entered in the Hookwonnamah it seems unadvisable to alter them - In the taBook of Cuddalore the same rates are in force except in regard to Tamarind trees.

	a	p

Fort St. George 2d. March 1854.

trees which are there taxed 7 Annas, but this inequality can be corrected when carrying out the details of the revision of the Assessment, and any present change seems unnecessary.

3. In this District no tax is levied upon fruit trees growing upon lands for which the ordinary teerwah is paid, and no disputes and difficulties are apt to arise when ryots plant detached trees on unoccupied ground for which they do not hold Puttahs. I have deemed it advisable, for their interest and that of the Government, to induce them as often as possible to take such ground into regular occupancy, when the tree tax becomes merged in the land assessment. Encouragement to plant trees in unoccupied pieces of ground can, it appears to me, be best given on the principle followed in the private Topes rules, sanctioned under date the 6th April 1848.

From the Collector
of Tanjore

Sir,

I have the honor to comply with the orders given in an Extract from the Board's Proceedings dated the 13th instant.

Mr. Innes the Head Assistant in this District passed his College examination in Tamil and Telugoo, and was then employed in Canara, where neither language served him: he qualified himself for his duties in Canarese, is now well acquainted with that language and with Tamil, and if the Government should be pleased to allow him he would wish to pass the required examination in these two languages. Mr. Innes has still some knowledge of Telugoo and an acquaintance with Hindoostanee, but under the circumstances of his not having served in any strictly Telugoo District, for although the language is spoken in some parts of Salem the majority of the Ryotts I

3473 Fort St. George 2. March 1854.

I believe to Mr. Tamil the Board may be perhaps induced to recommend that Mr. Innes' request may be complied with.

Mr. Morris, now Acting Special Assistant, passed his College examination in Tamil and Telugoo, is prepared to offer himself for examination in the former language in June next, and in the latter within the following six Months. he has served only in Tanjore.

Tanjore 25th February 1854. } Signed W. Forbes Collector.

B. of R. 685

From the Collector of Trichinopoly } Sir,

I have had the honor to receive Extract from the Proceedings of the Board of Revenue dated the 13th Instant requiring opinion as to whether any of the Assistants employed in this District should be dealt with in the manner referred to by Government in part of para 10. of

3474 Fort St. George 2. March 1854.

of Minutes of Consultation under date the 14th January 1854 No. 74.

2. Both the Assistants in this Province under me Messrs. H. G. Smith and H. E. Sullivan, have studied the Tamil and Telugoo languages, and passed their examinations at the College of Fort St. George prior to entering on their duties in the Public Service.

Both these Gentlemen are more familiar in the Telugoo language than in the Vernacular of this Province Tamil, and to the transact their business in Telugoo. Mr. Sullivan however understands Tamil when spoken to him, but seldom rejoins in that language. He is now making it his serious study.

3. Mr. H. G. Smith was nominated in May 1846 to the District of Cuddapah and remained to the end of 1850, when he was promoted as Head Assistant of Trichinopoly, Telugoo being the chief language of Cuddapah. Mr. Smith had no opportunity of keeping up his Tamil, and since he has resided

resided in the South, I do not perceive that he has made any effect to pick it up - 4 - Under the circumstances stated I am of opinion neither of the Appoint-ments of this District require to be dealt with in the manner proposed. They are both in a part of the Country where the language they are least familiar with is spoken and for the acquirment of which they have good opportunity -

Bd. No. 478 From the Collector of Tinnevelly. Reporting on Petition No. 1974 of 1851 herewith returned.

Sir,

Para 1 cast. In reply to your letter of 18th May accompanied by Petition No. 1974 of 1851 herewith returned I have the honor to state that the land occupied by the Tope claimed by Petitioner is one Crop Nunjah land and measures Seed Cottahs 2-11-2½ Its Teerwah according to the Assessment of the similar land contiguous to it, is Rupees 51-1-4 Vt.

Half Cash Teerwah Rupees ——— 21-5-4-
Peshanum Fill Teerwah Rupees ——— 29.12 "
Total ——— 51-1-4.

2. If taxed as a Tope the demand on the Trees now taxable would be Rupees 57-7-9 Vt.

Description of Trees	Number of Trees Total	Deduct Remaining young productive		Rate	Amount
					Chains f.
Cocoanut	279	15	264	1	26-4
Mango	1	"	1	1	" 1
Elooppa	55	51	4	1½	" 6
	335	66	269		27-7-9 or Rs. 57-7-9

3. The revenue derived for fusly 1260 was Rs.
Rent of Tope ——— 60-"-"
Teerwah on under Cultivation ——— 2-13-6
62-13-6

The

Fort St. George 2d March 1854.

4. The Board perceive are satisfied from my Endorsement on the Petition under notice that Petitioner has no just claim to hold the Tope on a Cutgoottah rent of 7 Poons per Annum and I need not therefore enter into the consideration of that question now. But as long occupation is deemed to give Petitioner a title to some indulgence, the Board may perhaps see fit to allow him to hold the Tope on the following favorable terms Viz.t

	Rs.	A.	P.
Peshanum full Teerwah	29	12	"
Ditto half Ditto	14	14	"
Total Rupees	44	10	"

which is below the regular assessment as Nunjah land, or as a Tope.

(73)

To

W. H. Bayley Esqre

Secretary to the

Board of Revenue

Fort St. George

Br. No. 682.

From Collector of Canara ——

Submits for sanction Statement of Salt Wastage for Fusly 1262

Sir,

I have the honor to submit to the Board of Revenue the Statement of Salt Wastage for Fusly 1262.

2. The Board will observe that the wastage, although not larger than in some previous years, is considerably beyond the percentage which I suggested as the probable average, and that it appears higher than has usually been the case in late years. —

3. This higher average is partly due to the strict enforcement of the rule, that, as the salt is sold, so it is to be bought by Government, and to the consequent prohibition of the practice of heaping the measure in taking from the manufacturers. This practice was generally followed on the plea that the salt was often only imperfectly dried. It is now, I believe, entirely abolished. I am led by the examination of these accounts and the

Fort St. George 2d March 1854

the enquiries which I have made, to believe that 10 per cent instead of 5 per cent, should be entered as the probable wastage, but I wish to have the experience of another year before making any alteration —

4. The principal loss has occurred at Sanekatta, and I have reason to believe, that it has arison in part from the incapacity of the Mootasuddy whom I lately removed, and also in part from the dampness of the Cotays, which are not property raised from the level of the surrounding ground. I have directed that the experiment be tried of raising two of the Cotays this year, that is to say, of raising the goods or bins 2½ feet. I have also directed that the Tahsildar of the Taluk is to take an active superintendence of the manufacture and storing of the salt. I hope by these means to ascertain more correctly what proportion of the loss is due to natural causes, and what to fraud. —

5. In the transport of the salt very extensive frauds were certainly

Fort St. George 2d Mach 1854

practised, and I have already stated to the Board that finding it impossible to check these while the carrier was only made to pay 20 Rupees for what he might sell for 120, the contracts of this year have been made so as to render the carrier liable in the full price for all above the estimated wastage. The quantity now delivered tends to prove how extensive the frauds had been previously but in the first year, the change could not be carried out without a considerable enhancement of the cost of carriage. The Board have expressed their approval of this change, and the result will, I believe, be finally very advantageous. —

Collectors Cutcherry,
On Circuit Gellahoor,
15th February 1854.

(Signed)

Order thereon

(73-74)

Fort St. George 2d. March 1854.

the information of the Board that the Salt Revenue Statement for Fusly 1269 was despatched to you on the 5th. Idem and the return of Village Officers suspended and dismissed for December 1853 on the 7th.

There having been no Revenue defaulters confined in Jail for the Quarter ending 30th. September 1853, a report was made by letter dated 9th. November, that there were none so confined, but I regret to find that there has been a slight error in the wording of that letter instead of its being "for the quarter ending 30th. September" it was "during the Month of September last."

Malabar Collector's Office
Calicut,

B/d. No. 379

From the collector of Madras

Sir,

Para 1

With reference to the correspondence noted in the margin I have the honor to submit for the

To Board 23d. February 1853
From Do. 7th. March "
To Do. 18th. August "
From Do. 1st. September "

Fort St. George 2d. March 1854

opinion of the Board a further report from the Superintendent of Salt on the means to be adopted for checking depredation during the conveyance of the Salt from the pans to the Platform—

2. My own opinion is in favor not of water lines but of lines drawn inside the boat marking the quantity storable in each of the three compartments of the boat, which may be separated by mats—This has been tried by the Superintendent, and Mr. Campbell says, shewed a variation of only 4 — 5 Mercals measures per Garce on the average—But the variation is very considerable in each trip—The object does not seem to be so much to ascertain the absolute quantity shipped on any given trip as to ascertain that of the quantity shipped none was abstracted during the passage—

Madras
31st. January 1854

(Signed) H. Stokes
Acting Collector

No. 203.

To

The Acting Collector of

Madras

Sir,

From Acting Collector
10th March 1853
" " 23d July —
" " 18th August —
To " 24th Do "
No 66

With reference to the papers noted in the margin I have the honor to enclose copies of correspondence with the Boat Contractor on the subject of water lines being placed on his Boats conveying Salt, or of having in substitution temporary Compartments with lines marked inside parallel with the Gunwale of the Boat and running all round with a graduated Index shewing the depth of Salt in the Boat after its being levelled, with a board —

2. It will be seen that the Boat Contractor has no objection to Waterlines being placed on his own Boats, which are only 20 in number, on my intimating to him that the Government will defray the expense, and on giving my assistance in obtaining weights and placing them in his Boats to depress each to the several points on which every line has to be drawn —

3. Adverting to the late period at which the Boat Contractor replied on this point

point to the time which it would take to have the Waterlines drawn as well as to the fact that most of the Salt is conveyed from the Pans if not in a wet, yet in a damp state, in order to avoid accumulations, and that it would be difficult therefore to adjust the Estimates (if taken on the weights which depressed the boats) to the scale to be newly adopted, I thought it well to try temporary compartments with lines inside each boat, the latter as proposed by yourself, and made them of wooden posts and Bamboo Mats, as seen by you when you personally visited the Cotaur, shortly previous to the Contractors letter of 13th September — This was completed at my own expence on the 5th September and after a slight alteration our Measurers were sent down to the Pans to measure the boat load and the several lines were drawn in it — From the large surface of the Salt in each Compartment it was thought sufficient to limit 50 Mercals as the quantity to be specified by each line in each of the 3 Divisions of a Boat marked by the semicircular frames or Ribs of the Boat — The divisions commonly known by the Tamil names written marginally

Anicum 24 Sq Inches
Amarum 24 Do Do
Nadurcangum 48 Do Do

marginally- I chose the Divisions in this manner because if the compartments were removed at any time, still if the lines remained in the Boat, the Divisions being those so generally known, the Compartments could easily be replaced in the Boat without rendering a fresh measurement necessary, unless there was cause to suspect that the former measurement was incorrect.

4. The enclosed is a List of experiments in 9 Trips by the same boat and the difference between the Estimate and actual measurement made by means of the Compartments shews a deficiency in measurement of only 4 5/8 Pcs G. as per Margin.

A

Nine Trips G m
Est. 24. 150 Act 24. 37
Deficiency in " 113

5. I think that this result is such as would justify me in recommending the plan for general adoption when I look to the results of the past year effected without it.

6. The Boat Contractor however inclines to my opinion that neither Waterlines nor compartments will be a check over frauds / unless of any extent / as transit of the Salt from the pans to the Platform. I think that if estimates are carefully and correctly made by experienced men such as our Conecapilly at Attiput, who if he goes off to every Boat himself and

and views its contents has been very successful in hitting off the contents to within 50 Mercals on the whole quantity, and if the measurement on receiving Salt in store is conducted in a regular manner that there will not be much difference between the Estimate and Actual Measurement.

7. The following is a list of the difference between estimates and measurements on the Salt from the several Divisions recewed during this season, shewing that of last year also.

Villages	1852 Estimate	1852 actual measurement	1852 Net excess per Garce	1852 Net Deficiency per Garce	1853 Estimate	1853 actual measurement	1853 Net excess per Garce	1853 Net Deficiency per Garce	Remarks

of a small quantity of Salt yet at Vayaloor

But

But after more care and experience had been bestowed on the Estimates as well as on the measurements, the following are the results which occurred from 16th. August last—

1853

Villages	16th. to 31st. August		1st. to 15th. September		16th. to 30th. September		1st. to 15th. October	
	Net Excess per Garce	Net deficiency per Garce	Net Excess per Garce	Net Deficiency per Garce	Net Excess per Garce	Net Deficiency per Garce	Net Excess per Garce	Net Deficiency per Garce
Attiput, Ennore, Cuttivauk	5	7	9	3 3/4			1	6
Vulloor		34	9	6 3/4			19	6
Voyaloor		28	4	33	4 1/16		26	4
Vichoor		71	15					

And unless a plan could be adopted to ensure us similar or better results throughout the year without compartments — which Deck Boats alone would do, I do not see the utility of undergoing the expence of Waterlines or having compartments, even of the rough description lately tried, if we are to be restricted only to 20 out of 70 or 80 Boats, required for use, the Contractor not having more than 20 which are his own

own property— At the same time as the Waterlines have not as yet been tried, I would be glad to put that experiment into operation in the ensuing season on receiving the Weights and your orders to undergo the necessary expense—

Madras Cotaur 21st. October 1853

Acting Collector.

79-80

Bd. No. 1554.

Proceedings thereon.

Under the explanations afforded in the foregoing letter and its accompaniment, the Board of Revenue will not any further press the subject of introducing Waterlines upon the Boats conveying Salt from the Pans to the Cotaurs— The Superintendent seems to be in favor of estimates

* para 6.

The Board have no objection to this System being continued, which, with trustworthy watching peons and proper vigilance on his part may answer the purpose required—

Statement

3510

Fort St. George 2d March 1854.

Bd No. 669

81

Statement shewing the Quantity of Salt sold and the Wastage on the quantity stored in the Collectorate of Madras for Fusly 1262 or from 12th July 1852 to 11th July 1853.

Names of the Cotaurs or Depots	Fusly in which stored	Quantity stored In each Fusly	Quantity stored Total	Quantity Sold	Wastage Amount of Wastage	Wastage Percentage	Per centage of Wastage for each Cotaur fixed by the Collector as per Para 18 of the Salt Rules	Prime Cost of Salt Manufactured or the price which it cost Government at Rupees 11-12-3 per Garce or 120 Indian Maunds	Its value to them at the selling price either in the Salt Golahs and Inland Consumption or Export by Sea or to Foreign or European settlements	Explanation of the cause of the Wastage
1	2	3	4	5	6	7	8	9	10	11
		In Mds S C	In Mds S C	In Mds S C	In Mds S C	In Mds S C		Rs a P	Rs a P	

The quantity of Salt which remained in store at the commencement of Fusly 1262 was Indian Maunds 151628 8 16 C, to which were added Indian Maunds 545800 8 26 C of the manufacture of Fuslies 1261 and 1262. The gain by measurement as per ... a gain of Indian Maunds 661 1h C, which raises

Madras Cotaurs	1261	15	16	28	16						
		18	7	10	22						
	1262	35	5	90	4						
		54	5	80	26						
Gain	1761	261	24								
	1762	386	16								
		618									
Confiscated Salt	1761	11	34								
	1262	1	70								
		13	14								
		54662		6989016		444818		848718		1367	
Velloor Salt missing as reported to the Board of Revenue in the Acting Collector's letter No 139 dated 22d August 1853										21470	
										2663	2148

and 1262. The gain by measure-
ment appears to have been Indian
Maunds 661 lb — which raises
the whole quantity stored in
Fusly 1262 to Indian Maunds
546462. Out of this quantity was
sold Indian Maunds 117628 for
Home, and Indian Maunds 326426-
4 for Inland Consumption
the quantity wasted amounting
to Indian Maunds 8487-18 lb
making an aggregate of Salt
sold and wasted of Indian
Maunds 452511-36 lb. The
residue transferred to
the credit of Fusly 1763 as
was therefore Indian Maunds
214548-20 lb, the wastage out
of the heaps opened for sale
in the year, as shewn in
Column 6 being Indian lb
Maunds 8487-18 lb or Indian
Maunds 1-36-7 per cent. This
wastage would have been
considerably lowered, were
it not that the salt in
Fusly 1261 was first stored

For Home and Inland Consumption at One Rupee per Indian Maund

in Ennore for exportation, but
in consequence of the failure
of the supply in the Indian
Maunds Cotaurs to meet the
demand for Home and Inland
Consumption in Fusly 1262 it
had to be brought down from
thence. Besides these were
about Indian Maunds 24,000
received from Poongelum,
which occasioned a further
Wastage.

The Vellore Salt missing
is included in this Statement
in compliance with the
instructions of the Board
of Revenue dated 15th Sep-
tember 1853 which being
added to the above wastage
makes the total Wastage
at the Madras Cotaurs or
Indian Maunds 8701-38 lb.

Bd. No. 570
From the Superintendent
Gun Carriage Manufactory } Para 1

I have the honor to acknowledge the receipt of your letter of the 25th Instant requesting to be informed if the services of one of the Artificers of my Establishment can be placed at the disposal of the Board of Revenue as an Assistant Surveyor and Draughtsman.

2 In the annexed copy of Extract from the Minutes of Consultation, Revenue Department, it will be observed that Government have placed at the disposal of the Board of Revenue the services of the Ordnance Artificers I reported qualified as Surveyors; but as they may not all be required for the Department of Public Works I conclude that Government would have no objection to make over one of them to assist in the Survey of the Madras Collectorate.

Provided the Military Board

3 Sanction the arrangement, I should place Artificer J. P. Cooke, General No. 235, of the Ordnance Artificer Company at the disposal of your Board for that duty.

Nos. 1 to 6 Mr. S. to Mr. S. Mr. S. to Mr. S. Mr. S. to Mr. S.

The quantity of Salt removed from the Entrepôt Depôts at the Entrance Passes of Indian Mounds during the year 1853 was 12,03,312 Maunds.

The quantity of Salt removed from the Entrepôt Depôts at the Entrance Passes of Indian Mounds during the year 1852 was 11,99,790 Maunds.

The increase in the quantity of Salt removed from the Entrepôts at the Entrance Passes of Indian Mounds during the year 1853 as compared with the year 1852 was 3,522 Maunds.

To this must be added the quantity of Salt, exported from the Agencies of Ganjam and Vizagapatam by Sea, which during the year 1853 amounted to 1,23,000 Maunds.

The total increase in the quantity of Salt removed from the Entrepôts at the Entrance Passes of Indian Mounds during the year 1853 as compared with the year 1852 was therefore 1,26,522 Maunds.

The Manufacture of Salt in the Madras Territories during the year 1853 amounted to 13,00,000 Maunds.

The Duty levied on this quantity at the rate of Rupees 2-8 per Maund amounts to Rupees 32,50,000.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1853 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1852 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1851 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1850 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1849 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1848 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1847 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1846 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1845 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1844 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1843 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1842 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1841 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1840 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1839 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1838 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1837 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1836 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1835 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1834 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1833 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1832 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1831 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1830 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1829 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1828 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1827 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1826 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1825 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1824 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1823 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1822 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1821 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1820 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1819 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1818 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1817 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1816 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1815 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1814 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1813 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1812 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1811 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1810 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1809 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1808 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1807 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1806 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1805 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1804 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1803 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1802 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1801 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1800 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1799 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1798 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1797 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1796 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1795 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1794 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1793 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1792 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1791 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1790 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1789 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1788 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1787 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1786 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1785 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1784 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1783 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1782 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1781 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1780 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1779 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1778 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1777 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1776 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1775 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1774 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1773 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1772 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1771 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1770 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1769 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1768 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1767 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1766 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1765 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1764 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1763 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1762 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1761 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1760 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1759 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1758 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1757 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1756 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1755 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1754 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1753 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1752 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1751 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1750 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1749 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1748 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1747 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1746 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1745 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1744 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1743 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1742 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1741 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

The Charges of Establishment, Collection, Transport and Incidental Expenses during the year 1740 amounted to Rupees 18,00,000 or 5½ per Cent on the Gross Revenue.

Fort St. George 2d March 1854

No. 125

Extract from the Minutes of Consultation, Revenue Department, under date the 27th January 1854.

Read the following Extract from the Minutes of Consultation in the Military Department.

/Here enter 6th December 1853/

Para 1 Ordered that copy of Major Maitland's letter of 1st November transmitted by the Military Board with their communication of the 30th idem be furnished to the Board of Revenue, Department of Public Works, in reference to their letter of the 18th August last, and Extract Minutes of Consultation of the 6th October and the Board will apply for the services of such of the men of the Artificer Corps reported to be qualified for the duties of Surveyors and Draughtsmen as they may desire to employ in the Department of Public Works.

2 The principle advocated by the Military Board Viz: that the expense of training up such men of the Ordnance Artificer Company as may on completing this course of instruction be transferred to the Department of Public Works, the Survey Department, the Board or other Department should be debited to the Department to which they may be transferred and should not be treated as a charge on the Ordnance Department is a general question of account which need not be

Fort St. George 2d March 1854

be determined on this occasion. The principle would equally apply to the transfer of men from the Sappers and other corps of the army, of the Department of Public Works and other Establishments, unconnected with the service for which they were trained.

3. The further topics discussed by the Military Board in their letter relating to the strength at which the Ordnance Artificer Company should be maintained and the sources whence it should be supplied &c will be more properly considered in the Military Department.

Notification

No. 1

Notification

A Revenue Survey of the St. Thomé Division of Madras being about to commence under the orders of Government, all parties holding Grants or Certificates should be prepared to produce them when required for the inspection of the Officer authorized by the Acting Collector in that behalf.

All occupants of houses or lands are further requested to allow the Surveyors access to their premises and to permit them to pass through their Gardens or Compounds without let or hinderance when necessary in the Survey operations.

Bd No. 460
To the Collector of
North Arcot
No. 344 of 1854

To the Collector of
North Arcot

Sir,

The Board desire me to forward the accompanying Petition from Mr. J. H. Salisbury, enclosing Copies of a correspondence which has passed between your Office and himself, in which you decline to give leave for the sale of certain property of under renters, attached for arrears of rent, on the ground of the application for sale having been made fifteen months after the expiration of the fusly for which the Balance was due.

2 "The Board think, with you, that it is highly desirable that accounts should be more speedily adjusted, and that you are justified under ordinary circumstances in declining to accede to applications for the exercise of the Summary powers granted to farmers of revenue, when the Balance extends beyond a year.

3 If however, as alleged in the present case, the lapse of time has been occasioned by the forbearance of the Renter, in granting time for payment by instalments, and if, as stated, no limit has hitherto been placed on your District to the period within which arrears might

be recovered under Summary process, the Board think that the Renters request might be acceded to on this occasion.-
