No.

B. Cunliffe Esq^rSub Secretary to the Board of Revenue,
Fort St. GeorgeSir,
Pm. 1

With reference to your Circular

letter of the 1st ultimo, communicating the desire
of the Board of Revenue to be furnished with Statements
of the Revenue and Police Establishments, I have the
honor to forward herewith two lists one showing the
Revenue and the other the Police establishment
of this District prepared in conformity with
the instructions contained in the above Circular.
Revenue Peons employed in the Police duties are
included in the Police list, and those on the other hand
performing Revenue duties are included in the
list of the Revenue servants—

2

The supplementary list
of Cutbuddy Peons and of Italianers and Toties
called for in the Circular cannot be prepared
immediately for want of some necessary information,
it will however be prepared and forwarded
shortly.

B. No. 3967

From the Collector

Sir

of North Arcot

With reference to your Circular letter of the 13th July last I have the honor to report on the state of the season during the last 10 years.

The weather during this period has been the same as in the previous ten days without any material improvement. In the Talooks named in the Margin rain has fallen so as to supply one or two Months water to a number of towns. In Nungah, Sumbha has been sown in some places and planted in other places to a small extent. In Poonjah, Gram, yellow and Indigo &c. have been sown. The crops in some places are thriving.

In Suttaid Talook there was no rain the crops are in consequence beginning to dry and Cholera prevails in that Talook.

55
B. N. 3801 Sir,
From the Magistrate
of Salem

returned

I have the honor to reply to the Board's Endowment in Petition No 1652 of 1854 from Sookavannum Pillay, late Police Ameen of Salem, requesting me to report "for what period and under what circumstances Achamah was in possession of the house when the Petitioner decided in favor of the opponent," and to mention "the length of Petitioner's service and whether his conduct has incurred censure on former occasions."

2

In regard to the 1st point I beg to state that in passing my decision on the conduct

14456

Fort St. George 23rd October 1854

Conduct of the Police Ameen I was of opinion that Morry Chetty (the Father of Achamah's deceased daughter in-law) had never been in possession of the house for it was Achamah's daughter in-law who was said to have put a lock on it about 6 weeks before she died, and that if any lock were put on the house, which I did not believe was done, Achamah was justified as her daughter in-law's heir in taking possession on the latter's death. As her daughter in-law died about a month previous to the investigation, Achamah was in possession for that period in her own right, but there was also reason to believe that she had been living in the house with her daughter in-law for a long period previous to the daughter in-law's death.

3 In looking at this part of the case I was satisfied that no native in the situation of the Police Ameen could have been ignorant that the Hindu Law was in favor of the Mother in Law, or would, if he had decided fairly, have viewed the proceedings

if

Fort St. George 23^d October 1854

of Monty Chetty the Father-in-law and the alleged putting on of a lock which Monty Chetty did not say was put on by himself, in any other light than an unjust attempt under the transparent pretence of a worthless Will to oust an old woman and throw upon her the burden of establishing by a tedious suit her right to what was already her own both in virtue of possession as well as in point of law according to Hindoo notions.

4 In regard to the bribery I have not stated in my decision that it was absolutely proved nor was I disposed to rest the case against the Police Ameen chiefly on that point, but a strict scrutiny of the accounts kept by Lutchumien Chetty (achama's son-in-law) was quite enough to raise a very strong suspicion against the Police Ameen, so far as that point was concerned. It is not clearly expressed in the translation of my Father (one of Petitioner's documents) that these accounts were sent for in the instant that Lutchumien Chetty referred to the bribe.

5 On the whole, after weighing every

Fort St. George 23^d October 1854

every circumstance I had and I still have the strongest conviction that the Petitioner intentionally decided against what he knew was the just view of the case, and it would be in my opinion a very serious obstacle to the administration of justice in future in the town of Salem if the Petitioner were to be restored.

6 There is nothing in the orders passed by the joint Magistrate to shew that he was guided by more than the Police Ameen's report.

7 The previous service of the Petitioner was as follows.

	Monthly Salary				years	months	days
Police Ameen's Rajasum	7	"	"	3	2	10	
Police Rajasum of Salem	10	5	"	1	4	18	
Salook Cutcherry	30	"	"	"	10	3	
Police Ameen of Salem				5	5	11	

I may remark, that the period of service before he was promoted to the Office of Police Ameen which is the best Salook appointment in the District next to that of a Tahildar was

14157

14159 to 14161

Fort St George 23rd Oct. 1854.

was not such as to give him any other consideration

... ~~with an officer~~ ...
his duty in it, & should have no wish to see him removed. The records do not show that he had incurred censure on former occasions, but in the course of my enquiries at Salem before I dismissed him, I did not find that his general reputation was good.

B^o 12321

From the Collector
of Salem

Submits
the Report
required by
Government
relative to
Petition N^o 1233

Sir,

With reference to the Board's
Endorsement dated 7th ultimo, on Government Petition,
N^o 1233, of 1854, I have the honor
to submit the Report required by
Government.

The Petitioners in this case were
shareholders in the Agraharam of Nharapully
in the Raigapur Talook, previous to its
incorporation with the Government lands
on the 19th January last.

The circumstances under which
this Agraharam was attached and subsequently
resumed, were reported in my letter dated 10th
July last. In paras 2 and 3 of that letter
it is explained, that the arrears due for
July 1262, at the date the Village was
permanently resumed, was Rupees 26-8-5,
and the arrears outstanding for July 1263,
up

14463

Fort St. George 23rd October 1854

up to the same date, Rupees 231. The entire annual Sodeyy was Rupees 771-5-3.

The chief objections now made to the resumption will be noticed serially and each objection noted in the Margin.

This may have been the practice

in Nagapattinam and some other Agraharums up to the time mentioned, but for many years past it has been held that such a practice was opposed to the principles on which favorable tenures

are held, and the contrary rule has been invariably enforced. On this subject it may be sufficient to refer to the orders of Government in Extract from the Minutes of Consultation dated 3rd December 1845 "sanctioning the resumption and incorporation with the Government lands of the Agraharum Villages of Nerrom ulanam a summa drama and

14464

Fort St. George 23rd October 1854

"and Camalapuram in the Salem District."

The sum due as arrears in July 1262 was Rupees 113-1-6. From the 15th of January 1853 to the 21st of January 1854 the Collections amounted to Rupees 749-10-5. Of this sum Rupees 653-9-9 were credited as the balance for July 1262, and the remaining,

Rupees 9-11-8 to the Interest and Subsidy charges. The sum thus credited to interest and Subsidy is that to which the Petitioners apparently refer as the excess paid by them for July 1263, but had this sum been carried to account

as part of the Sodeyy for July 1263 the Petitioners would still have been in arrears for the last mentioned year.

From the Tahsildar's record book of Succession issued, it appears that an order dated 19th January

14465

Fort St. George 23rd October 1854

Petitioners, that in January 1853, was sent
 to the Curum of the
 Agraharum, informing
 him of the attachment,
 and that on the same
 date a Taneed of
 appointment was given
 to Mungapathy Naik.
 In regard to
 the 2nd point, that the
 Amceer was the Tah.
 sildar's domestic
 servant, Mungapathy
 Naik is of the same
 Caste as the Tahildar,
 but there is no reason
 to believe that he
 was the Tahildar's
 servant. He is the
 son of the Head
 Gomastah in the
 District Moonsiff's Court at Krishnagherry.
 He also held the Office for part of the
 year only, and was succeeded by a
 Brahmin whose caste would have
 precluded

14466

Fort St. George 23rd October 1854

precluded him from holding such a position
 under the Tahildar.

On the 3rd point, I observe that
 in the Taluk account of monthly collections some
 payments are entered as payments received direct
 from the Agraharumdar, and some through the
 Yafthy Amceer, and that the Subbendy charges
 are deducted each month in this account.
 There is also evidence that the Petitioners

were aware that they were liable to
 Subbendy charges, for an urzee addressed
 to the Tahildar by Sreenivasalingam, one
 of the shareholders, on the 19th November
 1853, he asked for an account of the
 interest and the Subbendy charges.

In the notice first sent to
 the Petitioners 5 days
 were allowed,
 from the 14th January
 The parties who
 acknowledged it
 undertook to pay

and by the urree from a shareholder to which
 It referred in Para 7

14 In the 2nd place they apparently
 assume that they can relieve themselves
 from the consequences of their default in
 July 1862, if they can prove that the
 arrears for that July were discharged at the
 expiration of the given year; but this is
 an erroneous view. It is obvious that an
 Estate under attachment must be cleared
 of all arrears by the end of the year to
 exempt it from the prescribed penalty.
 It could not be intended that the
 attachment should be renewed from year to
 year, the practice usual with this Village,
 as shown in Para 6 of my report dated
 the 10th July last, before the Government
 decided that the present system should
 be rigidly adhered to.

13 I am therefore of opinion that
 the Petitioners have not shown sufficient
 cause for exempting them from the
 operation of the general rule. —

B^d N^o 3455.

Sir,

From the Collector
of Tanjore.

On visiting the Trivalore talook I have found the cultivation in arrears, solely in consequence of want of means to carry it on. In last July there were upwards of 2,000 valies of land brought under a division of the crop in consequence of short produce, and on some lands, the quantity of produce divided was only from 30 to 40 Cullums the valey. The meerapidars share of this small quantity has been already consumed by himself and his laborers and nothing is left for the current year's cultivation. Seed grain is selling at a Rupee and a quarter the Cullum, so that at ten cullums the valey, Rupees 12½ are required for the purchase of seed alone, the other expenses of cultivation having to be added. The tucary I had provided for the talook has been almost all distributed, and a further sum of about Rupees 2,500 will be required to provide for all the cultivation. I do not at present anticipate any further demands being made from other talooks, but to prevent the necessity for my having to trouble the Board again, I have the honor to request that sanction may be obtained to the enclosed supplemental statement for tucary, to the amount of Rupees 5,000.

(75)

B^o. No. 3685.

From the Collector, Sir,
of Madurai } With reference to the remarks of the Board of Revenue in their Proceedings of the 24th July last relative to "Wares" levied in the assumed Villages of Sittanamandal &c situated in the Pannad Zemindary, I beg to express a strong opinion of the good policy of remitting this tax to all the Ryots or including the Petitioners.

2 The tax is levied on Nunjah only in addition to the Melwaram of half the produce. As Government Villages in general are not similarly settled in kind I cannot compare them with exactness, but the remission of this tax will certainly not place Sittanamandal &c in a more favorable condition than the Government Villages in the Ayer Talooks. Over those of some of the Talooks remaining as with the zemindars of Pannad they

14482

Fort St George 23^d October 1854

they will gain an advantage; for, as will be seen by reference to Para 29 of Mr Roberts Report on the Settlement of Ramnad under date 11 October 1823, these are subject to the 'Wasee,' but the Board would naturally wish to assimilate their condition to that of Government lands, not of a Zemindary.

Madura,

29 September,
1854Signed P. D. Parker
Collector.B^d P. 2350.

Proceedings thereon. Before submitting the above letter and the previous correspondence for the orders of Government, the Board of Revenue request Mr. Parker will inform them how he calculates the amount of Swamy bhogum recommended to be refunded to the Petitioners Sheemattar Mootos Vya Pazomada Panasawmy, & his family of Ramnad.

The Board understand Pinnay lands to be those cultivated by the Proprietors own domestic

14483

Fort St George 23^d October 1854.

domestic servants, in which case neither melwarum nor Swamy bhogum is paid.

3 When these lands were gifted, some method must have been devised for fixing the melwarum, and it is not shewn that this was settled as distinct for any rates of Swamy bhogum.

N^o 174

To

B. Cunliffe Esq.

Subsecretary to the
Board of Revenue

Sub Secretary to the
Board of Revenue
Fort St George.

(79)

B^d N^o 3779 Sir,
From the Collector
of Tinnevely }N^o 1535
of 1854
N^o 38 of
1854.I have the honor to
return with the following
report the two Petitions,
noted in the margin,
from certain Ryots of Village &
Thurva in this District, the latter
of which bears an order of Govern-
ment.* Enclosure N^o 1.2. The late Tahsildar of
Nelliambalum Talook addressed
an Agree to me dated 11th February
1854 in which he submitted a
request made to him by the Ryots
of Thurva for remission to be given
them at the Summalilumdy of the
cost of raising water from the
channel to their Paddy fields, on
the plea that such was the custom prior
to July 1217.* Enclosure N^o 2.

3

In reply the Tahsildar
was

14488

Fort St George 23^d October 1852.

was directed to ascertain whether such a custom ever obtained and to enquire what amount had been expended by the Thurva people in raising water, with an intimation that if the custom could be shown to have existed it would be followed in the present instance.

Enclosure N^o 3

4. The Tahsildar's Answer dated 14th April 1852, proved that no permission had ever been received during the Company's administration by the Thurva people as compensation for raising water from the Channel to the Fields.

5. There was therefore no breach of faith in refusing the solicited indulgence, and as during the last Peshawar season water was raised in like manner by Ryots of many other Villages besides Thurva, none of whom put in a claim for permission on that account, and as the rules respecting permissions do not allow of their being granted for such extra costs of cultivation, I could do no otherwise than deny the request.

The

14489

Fort St George 23^d October 1852.

6. The Petitioners state that they "did not receive their share of the crop" by which (as no one else had any) they must mean that the crop was not a good one. It was however so little, if any, below the average that no application was made by them for remission on account of short produce, which, as the Boards are aware, the system of this District allows. But consideration was shown to the Thurva people in common with all the Ryots of the District at the last Jummalundy, whereby the Buriz collected from them was reduced considerably below what, according to the strict system, might have been demanded from them. The value of the standard amount of Maishwarum of the lands in Thurva cultivated during both the Barr and Peshawar seasons of last year, calculated at the market selling prices at the two harvest times would have been Rupees 5438, whereas the Government Demand at the Jummalundy was limited to Rupees

14490

Fort St George 23^d October 1854

Rupress 4386. The Petitioners therefore have no just grounds to complain about the amount of Bariz assigned from them.

7 The second part of the complaint made by the Petitioners is respecting the coercive measures which were taken with them at the time of distribution of Pattalis.

8 Notice had been given through the Tahsildar a week before the time for the assembling of all the Ryots of the Melkambalum Talook at the Muggoor Ambalerry on the 17th June.

9 When this Village was called up it was found that none of the influential men among them were present and those who were in attendance declined to take their Pattalis unless the point of remissions for the cost of raising water were conceded.

10 It is never of any use to reason with the small ryots of a Village in the absence of the principal men. and

as

14491

Fort St George 23^d October 1854

as it was stated by the Curmum of the Village and by the Turfdar and others that the leading men (these Petitioners) were known to be at home keeping out of sight, the summons was put off and they were sent for, but the messengers returned stating that they could not find them, but it was still confidently said that they were known to be at home secreting themselves.

11 Upon this it became necessary for me to put in force the Provisions of Section V Regulation III A.D. 1831, and I sent Peons of my own Establishment with a regular process to bring them. Ten persons among the Petitioners were found in their houses and brought to me on the 21st June (Saturday) and had no reasonable excuse to make for not attending to the first general summons by the Tahsildar. They were then told that they had rendered themselves amenable to our

processes

14492

Fort St George 23rd October 1854

From this imprisonment which punishment it was my determination to inflict upon them if they continued to refuse and to cause the whole of the ryots of the Village to refuse, to receive their Pottahs, the fairness of which was fully explained to them. But that if they would take their Pottahs I would mitigate the penalty by inflicting only a fine of 10 Rupees upon each of them. For a few hours they held out, but eventually chose to receive their Pottahs which example was followed by all the other ryots of the Village. The distribution of pottahs was made on Monday the 26th and the Prisoners were set at liberty. They paid their fines the next day and on the day following the entire Government demand against the Village was liquidated without further demand.

12

I have entered into so much detail as it appears to me that the purport of the Petition

addressed

14493

Fort St George 23rd October 1854

addressed to Government has been somewhat misinterpreted and regarded as of more serious importance than was meant by its authors. I do not perceive that the Petitioners meant to complain of illegal usage of any kind but only of what they considered an enforcement of the Government claims to an unjust extent, and by means of undue severity.

13

I trust I have satisfied the Board, and Government that neither injustice nor unnecessary severity have been practised by me in this case. The severity was particularly necessary because I had to proceed, after making the settlement of the Vellambalam Talook to make that of the Streeringoortum Talook, where want of water had been more extensively experienced, and if I allowed these

14494

Fort St George 23rd October 1854

these Ryots to trifle with me

it might have occasioned

a general refusal to come

before me on the part of

the Ryots in the Streerygumtum Taluk.

Tinnevely

Fort St George 23rd October 1854Bst No 2357

No 500

Proceedings thereon.

(19.80)

Ordered that the above letter be forwarded for the information of Government.

2. Petitioners assert in their address to the Governor that a remission promised to them was withheld, and that they were fined on a false charge of not having been present at the Settlement and receive their puttahs, they made the same complaints in a petition to the Board which was referred to the Collector for report by endorsement on the 19th August 1854.

3 The Collector states that no remission was promised to Petitioners and was not even asked for by the ryots of many other Villages in like circumstances with Petitioners as regards the mode of irrigation alluded to by them.

4 Their Crops are declared to have been little below the average, nevertheless, they received remissions in common with the other ryots of the District, and a deduction of $\frac{1}{5}$ of the rightful demand was allowed them. They were fined under Regulation III of 1831 for absenting themselves

14496

Fort St George 23rd October 1854

themselves from the Summahundy when duly summoned, and under the circumstances were, in the opinion of the Board, leniently dealt with.

5. The abstract of the Petition, when alluding to imprisonment and corporal punishment is apparently incorrect.

of the above Circular determined that the first Meetings for the award of Prizes for Agricultural Produce shall be held at the principal station in each District, it remains only to name the most convenient time, which, to suit the usual routine of business in Tinnevely will be the middle

14497

Fort St George 23rd October 1854

or latter part of the Month of May.

3. When combined Meetings for Madura and Tinnevely shall be held, either atreevilly posttown or Viridospetty, both near the Northern frontier of this District, will be eligible, and the most convenient season for the assembling of the Collectors and revenue Establishments of both Districts will it is considered be in January.

4. Subjoined is a list of Productions most fitted to this District. When prizes are given for the united Districts of Madura and Tinnevely some articles grown in Madura but not as yet tried in Tinnevely will have to be added to the list.

5. The observations of Government and the Board with respect to the description of prizes to be offered are entirely in accordance with my own ideas and are approved by those among the most intelligent land-holders of this District with whom I have as yet been able to confer on the subject.

6. It remains however to be determined what is to be the value of the Prizes given - and until this is known it is not likely that

14498

Fort St George 23rd October 1854 -

that much enthusiasm will be excited on the sub-
=ject.

Tinnevely,
Tencaver,
14th October, 1854.

of Coimbatore

Sir,

In continuance of my letter of the
3^d Instant N^o 115, I have the honor to state for the in-
formation of the Board, that some rain has fallen pre-
-tially since that time. The prices of all sorts of grain
hold the same rate as already reported. The season
at present does not vary with that previously stated
I fear that its continuance will produce some failure
of Crops, and keep prices.

B^d N^o 381.

Sir,

From the Coll^y

of Canara.

Reporting

on the work-

ing of the

Forest con-

servancy for

July 1863.

Lower Forests.

1. In conformity with the orders of
Government under date the 12th December 1853,
I have the honor to submit my report on the
working of the Forest conservancy during the
past year and its results.

2. I commence with the lower forests
or those from which the timber is brought
to the Coast.

3. The scattered timber lying in
certain jungles of the Black river and the
Gangavalli river, was collected at Sedashegar
and Gangavully under two contracts, the
terms of which were that all timber selected
for Government purposes should be paid for
at the rate of 1 Rupee 3 and 3 1/2 for all logs
under 3 Candies and 1 Rupee 4 1/2 for all logs
above 3 Candies; that all rejected timber
should be sold by public auction, the Con-
tractor receiving in one instance - 10-8 and
in the other - 8-11 in the 1 Rupee.

* including 9
found afloat

4. Under these contracts 7,051 logs,
were brought to the Coast. Of these 72 logs
were

14507

Short St. George 23rd October 1854

were selected for the Bombay Dockyard and 954 for Engineering purposes. Of those selected for Engineering purposes, 62 logs were supplied to the Executive Officer at Wagatan, 348 to the Engineer department at Burrachee, and the balance 544 were sold by public auction to clear off the old account, a fresh store of fine timber having been brought to the coast.

Logs 6025

5. This lot and the rejected wood were advertised in the public prints and sold by public auction in the presence of the Sub-Collector. The competition was very active and the prices were unusually high. The result of the sales was as follows:-

Logs	Dimensions	Purchase Price	Contractors Share	Profit
Selected Wood	544	1358215	2797037	534294
Rejected Wood	6025	6820751	1065832	3578618
Profit to Government 3433699				

6. The total result of the Contracts is therefore as follows:-

Logs	Dimensions	Estimated value	Cost	Profit
Supplied to Dockyard	72	263177	447925	1167138
To Burrachee	348	710313	63918	226662
To Wagatan	62	9563	6198	387311
Sold by auction	6569	817537	72035117	3770010
Total	7051	934713	83526	34165164

14508

Short St. George 23rd October 1854.

7. In addition to these transactions, 420 logs brought to the Coast in the previous year were shipped to Bombay. The value of these is as follows:-

Logs	Dimensions	Market Price	Contractors Share	Profit
Supplied to Dockyard	420	1630212	27532310	63191310
				207626

8. The contracts for clearing other Jungles were in operation and a large supply of very good timber has been brought down, and is now lying at the depots. After selection of such as is fit for Government purposes, the rejected pieces will be advertised and sold in the current season.

9. It would appear that the Jungles have now been nearly cleared of the scattered timber left by the Contractors of former days - and part of the operation of the conservancy in this season has been to fell and trim two thousand brake trees girdled two years back in the Soopak and Gondak jungles. Contracts have just been arranged for bringing these to the Coast, and it is expected that they will yield a good supply of wood fit for the dock yard, besides

14509

Short St. George 23rd October 1854.

besides a considerable stock of smaller timber.

10. Another portion of the Conservancy operations has been the clearing one of the jungles from which the dry teak had been already removed, by felling such trees as were found blighted or growing too close to gether, when this operation is completed, measures will be taken for bringing to the Coast these loppings which will fully pay the expense of Carriage, and the better trees will be left to mature their growth. The process will be continued taking the jungles in succession.

11. The arrangements for the export of firewood have been made on the same principle as was detailed in my last report. The result is as follows:

Realized by the sale at auction of
17,21,000 billets of firewood 1589 ..
Seigniorage on 13,04,362 billets of
tons at 12 Annas per ton 34236 ..

Deduct Charges 49726 ..

Net realized 4924163

12. The export of jungle timber has also been continued on the same principle with the following result:

Realized

14510

Short St. George 23rd October 1854

Realized by the public sale
of 1000 trees 216 ..

Seigniorage on export of 569 beams
at 8 Annas per beam 2848 ..

Sundry Bamboos 4076 .. 540136

Total of Jungle produce 540136

Amount of last year 427413 ..

Increase 112723

13. Two years ago I received applications for information with regard to a supply of jungle timber for railway sleepers, and in anticipation of a demand, I had three thousand trees girdled. Of these I propose advertising 20,00 for sale at the time of the next teak sale, thereby bringing a supply of this useful timber into the market.

Upper Jungles.

14. In the jungles of the Palaghaunt, the operations of the season have been seriously impeded by a severe outbreak of the Cholera, which prevented the contractors from removing their timber. So much has this been the case, that, on the recommendation of the Sub Collector most of the Contracts will be continued till the end of the year. The new contracts will be postponed till then, and will in future be made from January to December, which is more convenient than

145H

Fort St. George 23rd October 1854.

than making them from the middle of one Monsoon to that of the next.

15. In Teak wood the sales have been chiefly confined to wood felled in making the new roads, and scattered teak logs, with a few trees felled for Engineering purposes, from which a Net Revenue of Rupees 3,674-5-3 has accrued. In addition, a considerable stock of timber has been collected at the frontier stations, and will be sold for the supply of the inland Market in the course of the present season.

16. The sums realized by the sale of the Contracts for Jungle timber and the small farms have been as follows:-

	Scoopah.		Sondah.		Total	
	Rs.	As.	Rs.	As.	Rs.	As.
Grahamastara Farm	1,100	..	538	..	1,638	..
Jungle Trees	8,280	..	2,712	..	10,992	..
Collected under						
Aimanic	881	77	81	98	963	13
	10,261	77	3,331	98	13,593	13
Deduct Disbursement	2458	3	443	102	689	25
Net Profit					12,903	2410

In

14512

Fort St. George 23rd October 1854

17. In addition to this the sum of Rupees 990-15-10 has been realized by the sale of wood in store from the previous year, and an outstanding balance of last year.

18. This is independent of the Vanagaval or grazing farm which is continued as one of the small farms of the District.

19. The operations in progress in the Balaghaut Jungles are now as follows:-
1st The removal by the purchasers of the Jungle trees sold by public competition for which purpose the period has, as above stated, been extended to the end of the present year (Appendix A) - At the end of the year fresh sales will be made on the same principle; which I may remind the Board, is as follows. Instead of the whole talook being opened to the contractors, certain jungles are fixed upon, a certain number of trees are marked by the conservancy and the right to remove these trees by certain roads is put up to sale.

2nd The transport of the teak lying in the Jungles, and 200 trees lately felled, to the frontier stations where

14513

Fort St. George 23rd October 1854.

where they will be sold to the Engineer's department, or the public. For this purpose three Contracts are in execution, as specified in the Appendix B.

3rd. There is a great demand at the Bombay Dock yard for Crookes - These are being prepared under Mr. Paulk's special orders in the Balaghaut Jungles, and will be brought to the Coast by Contract; for which tenders are now invited.

Summary.

20. These are the principal operations of the season in the divisions of the two Sub Conservators, of which the pecuniary result is shewn in the Table annexed to this report marked C. A. & Revenue of Rs 93,864-11-9 has accrued to Government, which may be divided as follows:-

By actual Revenue	Rs 11.8
By value of timber supplied for Government purposes	65,563.57
	28,301.62
Total	93,864.11.9

21. I have next to submit a rough estimate of the wood in store. I limit this to the wood which has reached the depots, as any calculation of that still in the Jungles would be very uncertain.

At

14514

Fort St. George 23rd October 1854

At Sedashigun and Gungavalli there is a large stock of good timber brought down in the year under report viz:-

	Logs	Candies	Rate per Candy	Estimated Value.
Selected for the Dockyard	24	82	18	Rs 1,476
For Engineering purposes	997	1,909	8	15,272
Rejected and to be sold by public auction	6,631	6,592	6	39,552

In the Balaghaut

At Kullial - 1078

100

142

at Jugglepitt - 5

22.

The value of these cannot be estimated with any accuracy. In addition to these, there is much small scattered teak in the Balaghaut Jungles; and in the lower Jungles, the 2,000 teak trees now being felled and trimmed, will form a valuable stock.

23.

On the whole it may be estimated that the farms of Junglewod and the sales of teak will be on about the same scale in the Current year as in the past.

24.

I beg now to submit an account of the Cash transactions of the year. These are shown in appended under

14515

Fort St. George 23rd October 1854.

under the head of Receipts and disbursements, the balance being Rupees 93,864-11-9.

25. This balance has been disposed of as follows:-

Credited to the head of Small Farms & Licenses	1,32,713	10
Ditto to Ditto of Extra Revenue	77,908	11 11
	85,200	9 9
Outstanding & to be brought to account in the Current Trusty.		
On account of Small farms	3,603	10
" of the supply for public purposes &c	5,761	1 2
	5,664	2
Total Rupees	93,864	11 9

26. It only remains for me to state that the expenditure incurred by Government on the fixed Agency, thro' which the above result and the general protection of the Forests have been obtained, has been in the past year as follows:-

Fixed Forest Establishment	6,226
Contingent Charges	33-4-2
	6,238-4-2

27. For the following advances I have now to request their special and early sanction. The large supply of teak wood brought in by the Contractors cannot be sold until after the Monsoon, it is therefore necessary

14516

Fort St. George 23rd October 1854

necessary to pay the Merchants who have delivered the wood at the stipulated rate for such as is selected for Government purposes, and to advance a fair proportion of that to be eventually paid on the wood to be sold for the benefit of the Government and Contractors, as it is most important to the contractors to receive their Money at the present time when their chief operations are carried on. I have in anticipation of the Government sanction advanced the following sums, Viz: for wood selected Rupees 6,831-6-8. For wood to be sold Rupees 14,000. This is much below the value of the wood which is security to Government for these sums.

28. I have further advanced the sum of Rupees 3,600 on good security to the Contractor who has undertaken to bring in the teak from the Loapah and Autkola jungles referred to in para 9 of this report, and a similar sum will be payable to him on the trees reaching the water and again on delivery. I have therefore to request the sanction of Government to the advances made and to be made to the extent of (say) 35,000 Rupees.

Hitherto

14517

Fort St. George 23rd October 1854.18th April 1854.

29. With reference to the supply of the Bombay dock yard has been arranged under a special sanction and the cost been charged to that Presidency, but under the rule now sanctioned for charging the Market value of the wood, it is desirable that no distinction of this kind should be made. It is desirable that the expenditure should be made in common with the other expenses of the Forest Conservancy of this District as an advance on account of the public Service, and it will be recovered by the sale price of the timber.

N. 1381
para 12.

30. With reference to the Remarks of Government in their Proceedings of the 12th December 1853, on the subject of the Grahasofastearak farm, I have the honor to state that ample provision is made for allowing the Villagers, each in his own Village, to cut wood for agricultural purposes. The farm in question is of the right of cutting wood for fructifying purposes and the general supply of the Market; and it appears that it could not be thrown open without altogether infringing the conservancy of the Jungles.

31. The remarks of Dr. Gilson and Mr. Pavlton regarding the destruction of the seedlings by Cattle has had my

attention

14518

Fort St. George 23rd October 1854.Board: Pro
24th July 1854.

attention, and will be further considered with reference to the Grazing farm which forms the subject of the Government Minutes of the 14th July 1854. I will here only remark that we must not attempt to conserve the Jungles at the expense of the Cattle of the Country. The small sum received by Government as grazing tax is of very little importance compared with the supply of timber, but a supply of good Cattle for agriculture and carriage is one of the first essentials in India. I shall make it my object to consider whether it is possible to limit the rights of pasture to particular tracts, omitting those most favorable to the growth of teak.

Collector's Outcherry,

Short St. George 23rd October 1854.B^d. N: 2359.

N: 501.

(91.92.)

Proceedings thereon. Ordered that the above letter be forwarded for the information and orders of Government with reference to Extract Minutes Consultation 12th December 1854.

2. The Board in their Proceedings, 7th November 1853 Para. 19, remarked that by the arrangements now reported there seems every prospect of the Conservancy of the Forests, and the supplies of wood for Government purposes being soon effected free of charge to the State independent of the great value of the timber furnished to the Depot at Bombay.

3. By the excellent arrangements of the Collector this expectation has been amply fulfilled.

4. Under certain contracts 7,051 logs were brought to the coast from the lower Forests, of these 72 logs were selected for the Bombay Dockyard and 954 logs set apart for Engineering purposes. Of the latter 62 logs were supplied to the executive Officer at Waghnotun and 348 logs to the Engineer Department at Poovurachee the remainder or 544 logs being together with 6,025 logs of rejected wood sold at auction.

5. The result of these transactions, Calculating

14526

Short St. George 23rd October 1854

calculating the wood sent out at the Market price and including the actual proceeds of sale shewed the value of the wood to be 83,526, the cost of collecting it 41,651, and the net profit to Government 41,874 Rupees.

6. In addition to this 420 logs brought to the Coast in the previous year have been shipped to Bombay. Their value at the Market price is 27,582 Rupees, charges on them 6,819, and Net profit 20,762 Rupees.

7. Two thousand teak trees girdled two years ago have been felled and trimmed, and are being brought to the coast under contract.

8. The firewood exported to Bombay and sale of some jungle timber brought 5,465 Rupees after deducting charges, being 1,191 Rupees beyond the sale of the previous year.

9. In the upper jungles the operations of the year were much impeded by the unhealthiness of the season, and the contracts ending in July have in consequence been extended to the end of the year. Some teak-wood was felled for Engineering purposes, bringing a net Revenue of 3,674 Rupees and the sale of the contracts for jungle timber and the small farms resulted in a net profit of 12,903 Rupees.

10. The total Revenue accruing to the Government by the very successful operations above reported amounted to 93,864 Rupees inclusive of 8,192 the Collection of last year's brought

14527

Fort St. George 23rd October 1854.

brought to account in this which the Collector divides as follows:-

Actual Revenue	65,563
Value of timber supplied for Government purposes.	28,301
<u>Rupess.</u>	<u>93,864</u>

There remains now in store wood of the estimated value of 56,300 Rupess, besides about 13,00 logs at Kullial and much small scattered teak in the upper and lower jungles giving promise of as satisfactory an outturn in the Current as in the year under review.-

11. The cost of the fixed agency together with contingent charges amounted to 6,258 leaving a net profit of 87,606 Rupess under a system not only creating so good a return, but at the same time preserving the Forests and ensuring future supplies.

12. The Collector requests special sanction for the sum of 35,000 Rupess advanced and to be disbursed for reasons fully explained in Para 29 and the Board requests that the Government will authorize this expenditure for the purposes specified.

13. With reference to the remarks of Government on the Ugraha Salsukarah Farm, the Collector states that the ryots have full liberty to cut wood free of charge in their own Villages for agricultural purposes, and that the abolition of the Farm would materially interfere with the conservancy of the Forests.

The ground as reported 11/13 and 24 in portions and the heads of "Land occupied" applied for Compensation and sent to the Board on 11/13 of that date. The names of the occupiers marked in red ink do not have those names were assigned to the Railway Company. The site is reported by the next to 11/13 in red ink. The Claimant being to the office. No Counterclaims were received on the 29th of the land ground Company -

No 1 Statement of Claims to Compensations for lands on the North E. of Madras -

Remarks

1/4
The Grounds as reported upon by Mr. Ince the Surveyor is included in Numbers 11, 13 and 24 in portions and in Numbers 12 and 25 in full marked in red ink under the heads of "Land occupied by Individuals as Gardens &c." who have not applied for Compensation in the plan of the North Esplanade prepared and sent to the Board on the 11th January 1838 accompanying the report of the Collector Mr. Robertson of that date.

and sent to the Board on the 11th January 1838 according to the order of that date.

The names of the occupants as stated in the plan opposite to the above numbers marked in red ink do not agree with those in the deeds produced. It is not known how these names were ascertained and entered in the plan. The claimants living in undisturbed possession of the ground under the deeds made their case, the former by the Railway Company and the latter to this office.

No adverse claimant is forthcoming regarding the property in question - out of this land Grounds 4: 8.16 square feet, were taken by the Railway Company. The site is reported by the Surveyor as corresponding with the amount of space next to No. 3 in red ink in the plan above alluded to -

No. 4. The claimant being in possession of the ground made over his title deed to this office.

No. 5. Counterclaim was received although a notice was put for 30 days on the premises on the 29th November 1852 -

No. 6. This land Grounds 8: 16.03 square feet were taken by the Railway Company.

under the memorandum of D^r Moodely the Surveyor under dated 21st January 1853
the Plan accompanying it appears that the ground is marked in the Plan
to North Escplanade with red ink No 50 under the head of land for
which the parties have not applied for Compensation -
a Bill of sale referred to in Column 7 are not to be found in the
office nor there any receipt in the possession of the parties to prove
the documents have been delivered as they allege -
From certain depositions that are to be found in the office dated
November 1843 from certain parties regarding the land in question
appears that Dananoyaga Moodely and others are the legal re-
sidentaries of Canakeroya Moodely and owners of the land.
the two persons named in the Plan as occupants of the ground
questioned Moodraffen does not appear to have any concern with
reference to the present claimant the other Canakeroya Moodely
related to Dananoyaga Moodely one of the present Claimants as Cousin

Remarks

14

The site corresponding to red ink 1208 and as part of red ink 1206 by the North Esplanade Plan -

The occupants of this ground according to the Plan are Renthana Parothenloo Moodely and Turdachella Moodely -

Thus Moodely the Brother of Moottiah Moodely deceased who sold the ground in question to the claimant states in his declaration dated 16 March 1854 that the names of the parties entered in the Plan bear no relation to his late Brother and he does not know how these names came to be entered in the said Plan.

But he knows that one Ramasamy Nair has been cultivating the said ground for the last 30 years on their account and that he will prove it by the said Ramasamy Nair.

C. Narraima

Moodely

3 10 1671 2894 5 11

As regards the ground 15: 1602³/₄ square feet having no title deeds the claimant states that such was the case when he purchased the property which is certified on the face of the Bill of sale executed to him by the seller.

A notice was put for Auction 2. 19: 68³/₄ square feet for which there is a Sheriff's Bill of sale on the 7th December 1852, but no counterclaim was received.

The claimant is in actual possession of the ground in question. Out of this land ground 21: 795 square feet were taken by the Railway.

A further quantity of 22,000 pounds was authorized on the 14th October 1854 according to Bengal's application.

The authorized quantity of 16,000 pounds mentioned in the last report was exported on the 16th October 1854.

14537

Fort St. George 23rd October 1854
N^o 188

To, B. Cunliffe Esq^r

Sub Secretary to the
Board of Revenue

From the Collector
of Madras.

I have the honor to submit
for the Orders of the Board and Govern-
ment the accompanying application from
Messrs Bainbridge & Co. being as far as
I am aware the first of the kind,
requesting to purchase Salt for shipment
to Sydney.

Madras,
21st October 1854.

(Signed) H. Stokes
Acting Collector

N^o 1

To, The Collector of
Madras.
Sir,

As we are desirous of shipping
a quantity of Salt for "Sister" to Sydney,
we shall feel obliged by your inform-
ing us that on our sending up Bag
to Ennore receiving the Salt accord-
ing to measurement there, and
defraying

14538

Fort St. George 23rd October 1854

defraying the expenses of conveying the
Salt to Madras either through the Govern-
ment or our own Agency whether the Salt
will be shipped on Board from the Beach
here, at the expense of the Government on the
usual terms.

Madras,
20th October 1854.

(Signed) Bainbridge & Co.

B^o N^o 2348.
Proceedings thereon.

(99.100)

The Board of Revenue see
no objection to the sale of Salt for exportation
to Sydney, nor to its being conveyed by land
to the port of Madras, for Shipment at the
expense of the purchasers, under proper
precautions to be adopted by the Acting
Collector. The expense of Shipment from the
Beach will of course be borne by Government.
Mr Stokes is aware that the price to be charged
on sales of this description is 35 Rupees per
100 Indian Maunds, and that the Salt can-
not be landed at any British port
in India.

Fort St. George 26th October 1854

From the Secretary to the Board of Revenue

Here enter 31st July 1854, N^o 340/

The Right Honorable the
Governor in Council requests that the Board of
Revenue will, as they propose in the above
letter Para. 3 ascertain what portion of the Motur-
pha revenue in the other Districts of this
Presidency besides Canara, may be classed as
quit rent or ground rent, and that they will
report the result of their enquiry for the inform-
-ation of Government. It should be so conducted
as not to pledge the Government as to the future
application of this part of the Tax, in the event
of its retention.

/Here enter 25th September 1854 N^o 458/
Para 1 The Right Honorable the Governor in Council authorizes the duty on Salt imported by sea into this Presidency being credited to Sea Customs as proposed by the Board of Revenue in the above Proceedings.

2. It is understood that the duty levied on Salt imported by land from a Foreign Territory (i.e. Goa) is at present credited to the frontier Customs.

3. The Board in reporting upon the Salt Revenue will in their account of the outcome of that branch of public resource specify the amount of Customs duty levied upon it, on its import by sea or land.

Extract from the Minutes of Consultation in the Revenue Department

Under date the 20th October 1854.

Read the following Extract

from the Proceedings of the Board of Revenue.

(Here enter 21st September 1854, N^o 452)

With the above Extract from

Para 1. their Proceedings, the Board of Revenue submit

as directed by Extract from the Minutes of

Consultation 27th April last, the Report of

the Collector of Canara on the operations of

Regulation V 1822 in his District

Mr J. N. Maltby states that

this Regulation has for a long period been

very extensively acted upon in Canara and, he

thinks, with excellent effect. He explains the

several descriptions of landed tenures usually

obtaining in that province, and the manner

in which disputes arising between land-lords

and tenants are ordinarily dealt with under the

Regulation. He observes however, Paras 16. 18, that

he is led to doubt whether the question under discussion

Fort St. George 26th October 1854.

discussion in reference to Malabar, can be properly considered, as the introduction of Regulation V of 1822 into that province, as the introduction of Regulation XXVIII and XXX of 1802; He is led to this remark by a Note from Mr. Conolly in which that Gentleman expresses his doubt whether it would be wise to give the Zamorin power to distrain the property of Moplah tenants, when a disturbance might be created, and the Magistrate not have the power of prevention. If so, Mr. Malby submits, the question is not whether Regulation V of 1822 shall be introduced to protect the tenants under the exercise of the power of summary distraint by their land lords, but whether the power of summary distraint shall be introduced. The Board of Revenue appear to be of opinion with Mr. Strange that it is very desirable that all cases between land lord and tenant should come in the first instance before the Revenue authorities, as those most likely to bring the dispute to a satisfactory settlement. Upon this point, Mr. Malby has no hesitation in stating his opinion, that his District affords

Fort St. George 26th October 1854

affords evidence of the advantages of such a system. But if the question is whether in the present state of Malabar a power of summary distraint, which has not hitherto been exercised, shall be now introduced, modified, by Regulation V of 1822, he does not think that his District affords an example applicable to the case, for altho the tenures in Canara are complicated, the Province is free from the hostility between the rival classes, which appears to exist in Malabar. Regulations XXVIII and XXX of 1802 were, he continues, framed to meet circumstances different from those of either Malabar or Canara, and the modifications by V of 1822 are so obscure, that a re-enactment of the Regulations was pronounced to be necessary almost as soon as it was published. It is only by considerable deviations from the letter of the law that they are made applicable to unsettled Districts. He therefore suggests, whether a new enactment, requiring that preliminary notice of ejectment or distraint should be given to the Collector, and otherwise consolidating and improving the law of land lord and tenant, would not be more likely to meet the necessities of the case than the introduction of the existing law.

3. On this suggestion of Mr. Malby, the Board of Revenue remarks, Para 7th.
"Fitting

Fort St. George 26th October 1854

Putting aside the question of the power of Government to enforce the law in the Districts of Malabar, which it is not the Board's province to discuss, they do not see that any new law is necessary in substitution of Regulation V of 1822, which for all practical purposes enables the revenue authorities to cope with any question of rent which may come before them. The notice of distraint is already obligatory under the present law, not that the property seized be sold, or the under-tenants ejected without the permission of the Collector. The Regulation is pre-eminently in favor of the tenant, and therefore should be especially useful in Malabar, where the tenant, as Mr. Conolly declares, requires protection from a landlord usually harsh and exacting.

It appears to the Right Honorable the Governor in Council that these remarks do not meet the question raised by Mr. Malby, vizt, whether in the present state of feeling in Malabar and the relations there obtaining between landlords and tenants, it is expedient to confer upon the former the power

Fort St. George 26th October 1854

of distraint under Regulation XXVIII of 1802 tempered this it be by the protection afforded to the tenant by Regulation V 1822.

In the report of the Commissioner for the investigation into the Moplah outbreaks in Malabar, 25th September 1852, Para 72, Mr. Strange, while advocating the introduction of the Regulations into Malabar, after stating that "it had long been in operation in the adjoining district of Canara where private property exists in land as in Malabar, and that the present Collector considered that it worked beneficially" adds "the people to whom I have extensively appealed, have hailed with pleasure the proposition to introduce such a system as I have above proposed" i. e. "the adjustment of disputes between land-lord and tenant by the Revenue authorities according to the provisions of Regulation V 1822" and herein Moplahs and Hindoos were without an exception of one accord.

It has been correctly stated by Mr. Malby that the matter now at issue is not simply whether or not Regulation V, 1822, shall be introduced into Malabar, but whether the powers of summary distraint and ejectment conferred by Regulations XXVIII - XXX 1803 qualified by

14565

Fort St George 26th October 1854

by the provisions of Regulation V 1822 shall be simultaneously called into action in that Province. Before therefore finally disposing of the question now before him, the Right Honorable the Governor in Council resolves to call upon the Collector of Malabar to report to Government through the Board of Revenue on this special point, viz, whether the Moplah tenants clearly understand, that the rights of Distraint and ejectment subject to the interference and control of the Collector is to be vested in his Landlord, and has no objection to such power being exercised, provided that it is limited and controlled by provisions such as those in Regulation V 1822, and that it removes therefore disputes between his Landlord and himself from the Court to the Collector. The Board will desire Mr Consul to communicate freely with tenants of every description in his District, both personally and through his European Subordinates, to explain to them the full scope and working of the three Regulations XXVIII. XXX. 1802 and V 1822 taken

14566

Extract from the Minutes of
Consultation under date the 24th October 1854 -

Read the following letter from
the Officiating Under Secretary to the
Government of Bengal. -

No. 495

To,

J. Pycroft Esq.
Secretary to the
Government of
Fort St. George

Dated Fort William, the 16th October 1854

Sir,
Mr. Revenue
Salt.

I am directed by the Lieutenant
Governor of Bengal to forward the accompanying
Copy of a letter (No. 1064) from the officiating
Junior Secretary to the Board of Revenue at this
Presidency dated the 13th Instant, and to request
that you will, with the permission of the Right
Honorable the Governor in Council, afford the
information therein required. -

2.

You will observe from the 2^d
paragraph of the Board's letter, that it is
wished to increase their Indent for next year
from

14571

Fort St. George 26th October 1854

from 5 to 10 lacs of Maunds

of Bengal

No. 1064

To

The Secretary to the Government
of BengalFort William, the 15th October 1854

Sir

Salt
& Currie Engrs

I am directed by the Board of Revenue to request that you will, with the permission of the Honorable the Lieutenant Governor, ascertain from the Madras Government, whether the whole or any portion of the Five Lacs of Salt indented for, for next year, will be available for delivery from the Ports of that Presidency, as soon as February and March next. These are favorable Months for the Voyage from Madras, and the Board think it is likely that, if tenders are now invited, they will be able to secure freight for a good deal of Salt for next season, as well as for what remains to be brought up of the five lacs for the current year. With reference to the state of our Galahs, it is very desirable that as much as possible should be

14572

Fort St. George 26th October 1854

be transported in the two Months above mentioned as the Country Sloops, on which we most depend, could not safely bring up any salt for some months after the end of March. The Ports from which the salt is to be exported, and the quantity available at each, should be specified.

2 The deliveries of Salt during the last six Months, having considerably exceeded the Board's estimate, they would wish to increase their indent on Madras for next year from 5 to 10 lacs of Maunds, and they request that the necessary intimation may be made to that Government.

3 I am to take this opportunity of bringing to the notice of the Lieutenant Governor that, of the three lacs of Maunds of Salt which the Madras Contractor undertook to bring up within the Months of July, August and September last, the Board have up to this date been advised of the despatch of only Maunds 16,570, of which Maunds 9,370 have arrived. The reply of the Madras Government to my letter of the 25th July was not received until the 29th August, by which time, unfortunately, the ship Owner who had agreed to bring up a lac of

14573

Fort St. George 26th October 1854

of Maunds had found other employment for his Vessels, but this as well as the remaining lac, will be immediately engaged for to arrive in February or March. —

/ Signed / A. R. Young
Offg. Junior Secretary

/ True Copy /

/ Signed / W. G. Young
Offg. Under Secy. Govt. of Bengal

Resolved that the above letter and its enclosure be forwarded to the Board of Revenue, and that they be requested to furnish at an early date the information therein required. Their attention will also be called to para 2 of Mr. Young's letter intimating that it is desired to increase the Bengal Salt Indent for the next year from 5 to 10 Lacs of Maunds, and they will state whether this additional quantity can be supplied. —

/ Signed / J. Pyroft
Secretary to Government

14574

Fort St. George 26th October 1854

B. No. 2374

Proceedings thereon

(22.23)

With the above Minutes of Consultation, is forwarded, a letter from the Board of Revenue of Calcutta, in which information is requested as to whether the whole or any portion of the Five lacs of Maunds of Salt indented for, for next year will be available for delivery from the ports of this Presidency so soon as in February and March next. These Months are said to be favorable for the voyage from Madras, and Country Sloops on which the Board in Calcutta depend, could not safely take up any salt for some months after the end of March. It is also requested that the ports from which the Salt is to be exported, and the quantity available at each, should be Specified. —

2. The Board in Calcutta think it likely that if tenders are now invited, freight might be secured for a good deal of the salt for next season, as well as what remains to be taken up of the five lacs for the Current year. They also

145/5

Fort St. George 26th October 1854

also wish their Indent for next year to be increased from 5 to 10 lacs, of Maunds.

3. The quantity of Salt that will require to be dispatched to Calcutta during the next season will therefore be as follows:-

Balance still due on the Indent for the Current year	2 Lacs
Quantity already indented for, for next year	5 Lacs
Additional Indent for next year	5 Lacs
<u>Total</u>	<u>12 Lacs</u>

Or a little more than 1,20,000 Tons in all (at 27-216 Indian Maunds to 1 Ton.)

4. From the correspondence which took place in the early part of this year, this Board observe that supplies of Salt for Bengal can be drawn only from the District noted in Margin, they resolve therefore to circulate a Copy of these proceedings to the Collectors of those Districts, with a request that they will report what portion of the 12 Lacs of

145/6

Fort St. George 26th October 1854

of Maunds they will each be prepared to supply, the quantity likely to be available in February and March next, the period within which the remainder will be ready for delivery, the ports from which the salt is to be exported and the quantity from each.-

5. Though it seems to be the intention of the Bengal Board of Revenue to engage freight at Calcutta for the whole quantity indented for, yet this Board would desire to know whether tonnage for the conveyance of all or any portion of the salt can be procured in the Districts of this Presidency above specified, and if so, the rates at which such tonnage is likely to be procurable, or the means the Collectors would suggest for exporting the salt on terms more favorable than those which engaging freight at Calcutta would necessitate; for it is quite feasible to send Salt from the Coromandel Coast to Bengal during the Months of April, May

Pro 13 April 1854

* Madras

Chingleput
South Arcot
Tanjore
Mysorepatan
Rajahmundry
Guntur

14577

Fort St. George 26th October 1854

May, June, July, and August, and it is possible the Bengal Government may not be able to obtain a sufficient quantity of tonnage to take up the 12 Laes before the end of March as they propose. —

6. The Board request to be favored with an early reply to these Proceedings to enable them to submit the necessary report to Government for transmission to Calcutta —

7. It is to be understood that the Supplies to Bengal, on account of the "Government Indent," are not to interfere with those reserved for "Private Trade," which should receive no interruption, and that the Salt should be put on Board free of all charge to the Carriers, the Bengal Government being debited for the same at the rate of 15 Rupees per 100 Indian Maunds. —

Fort St. George

B.N. 3848.

From the Collector, }
of Masulipatam. }

With reference to your Circular of the 4th Ultimo, I have the honor to transmit herewith 2 lists, the one shewing the revenue establishments of this District, and the other the police force, prepared according to the particulars required by the Board. Some explanation appears necessary in regard to the manner in which pay is entered to the Tahsildars. There are altogether 15, of whom 13 draw either the whole or a portion of their pay in the Police Department. Of these 1 draw the whole of the pay in the Police Department. Nine Tahsildars to whose old allowances as Heads of Police, additions have been made since the acquisition of Zemindary Estates by Government, throw further Revenue duties upon them, draw the extra portion in the Revenue Department, and 2 new Talooks have been created, which draw the whole pay in the Revenue Department. A separate list is forwarded exhibiting this. A supplementary list showing the number of Cultivators persons &c will be forwarded hereafter, as some delay will take place for its completion. —

2. In reply to the last para of the Circular in question, I beg to state for the information of the Board, that there are no persons on the establishment of this Collectorate who may be supposed to belong to the Judicial or other Departments, of which the Board have no cognizance. —

cause of its being
so large & the remedy
for reducing it

large quantities of land which is left uncultivated and for which it is subsequently found necessary to make large remissions during the Settlement, has frequently engaged the attention of collectors, the Board of Revenue, and the Government, and lately the Right Honorable the Governor in Council

Extract Minutes Consultation
N^o 955 Dated 28th September 1852
para 4 circulated with Extract
Proceedings Board of Revenue
19th October 1852.

in the Minutes of Consultation
noted in the Margin which have
been circulated for the information

and guidance of collectors, has directed the discontinuance of the practice prevailing in many Districts of saddling the Ryot with the utmost extent of land he could by any possibility cultivate.

2 I have the honor, with reference to these orders to submit for the Board's consideration, a few observations on the subject

3 Waste included in the ryots Cuttah in this District is divided in two kinds called Shamilat and laboolaty. The former as now understood in this District is the part of a field proper which is deducted because the land has been destroyed or is covered with Muth or otherwise unsuited

14,586.

Fort St George 26th October 1854.

undited for cultivation, which unfitness has been ascertained by examination and the amount is deducted from the ryots holding by the Tahsildar himself and the amount does not vary much. But it is included in the Pattah as forming part of a whole field and consequently the deduction on this account forms an entry of Remission in the Jummabundy accounts.

4. The laboolaty Buzer is that portion of the ryots holding exclusive of thamilat which has been apessed to him by the Tahsildar at the cultivation season. Much of this waste land there is but little doubt, is unfit for profitable cultivation, having become so because the ryot has not had the means or the inclination to remove the increasing thall grass and for similar causes. But because it has formerly been cultivated the Tahsildar retains it in his Dittum, and year after year it is at the discretion of the Collector or Cutcherry, acting under instructions from the Collector, remitted. To levy it would be the ruin of the ryot. The difficulty in striking the land out of the Pattah is that it forms a part of the whole field

14,587

Fort St George 26th October 1854.

field the better part of which is retained, or it forms part of a farm comprising this higher apessed or otherwise less or quite unprofitable land, and lower apessed land / probably newly come under cultivation by the operation of the great Plough bowle / and other profitable lands. It may be the ryot has indeed increased his farm by the occupation of new land - but while there exists the objection that he is giving up his higher apessed land for new and lower apessed land, or in other words that he retains the profitable and throws up the unprofitable lands, the Tahsildar does not feel himself authorized to strike out the old land, though no other objection exists.

5. In the wet lands there must in this District under Tanks, always be great fluctuations in the cultivation - and in unfavourable seasons large sums must appear as Remissions for laboolaty Buzer, because the ryots does not always wish to give up their lands and the retention of them in their Pattahs is their guarantee that they cannot be deprived of them. But even in Tank lands, fields are entered in the Sigavully which there

Fort St George 26th October 1851

there is no probability of the ryots being able to cultivate. They have in some very favourable season been cultivated and annually kept in the accounts.

6 For these and other reasons there can be no doubt that a large proportion of the untitled land said to have been agreed for has been included in the ryots engagements which he has no reasonable expectation of cultivating, and which might very properly be struck out by the Tahsildar himself. I endeavoured in July 1850 and partially succeeded in rectifying this state of things by directing the Tahsildars to enquire into the state of lands that had been left waste for three years and to make deductions for such as the ryots could not reasonably be expected to cultivate. This order did not meet with the full approbation of the Board at the time, and indeed it was not acted on to such an extent as I could have desired. It was not altogether new as it had been before acted on by Mr. Mollon and Mr. [unclear]

Fort St George 26th October 1851

in July 1241 and 1842 found it necessary to give orders to strike out of the Puttaks land that could not be cultivated. In his report for July 1241 Para 8 he observes "that the relinquishment of land in July 1241 is very heavy but much of it has paid no revenue for some years being deducted as Caboolaty Binger the largest proportion belonged to resident cultivators who still retain the best portion of their lands and who will, it may be hoped, enlarge their Farms when their industry is likely to be better rewarded.

7 But the late orders of Government now referred to render it absolutely necessary that decisive measures should be adopted. At the last Jummaundy I made enquiry into the state of this Caboolaty Binger, and ascertained in some measure from the ryots what portions of the waste they objected to have continued in their Puttaks, and the cause of their objections, and when I found there was no reasonable expectation of the ryots ever cultivating it I directed it should in future not be included in his Dittum - or if any doubt existed, I directed further enquiry to be made at the ensuing cultivation Season

14590

Fort St. George 26th October 1854

Season - or when it appeared that the ryot should not be relieved of the responsibility for the land if was retained. The time of the collector during the Jummabundy Settlement, could not necessarily be given to this subject to such a degree as would be desirable. But I trust that what was done and will be again repeated will be of great use in reducing this item in the accounts. Even in the partial investigation that was then made, there appeared upwards of a lac of Rupees which might very properly be struck out of the Dillam, and which, if the Tahsildars act up to the orders they have received will for the most part be struck out this year. In several instances the ryots expressed their willingness to take other fields if entirely relieved of this unprofitable land.

8 One objection urged to relieving the ryots from all responsibility for what is termed land agreed for by them but which is actually land which they are desirous to get rid of, is, that if we strike out of their puttahs the uncultivated portions one year, they will leave more of the hitherto cultivated portion uncultivated in the hopes of getting that also struck out in the following

14591

Fort St. George 26th October 1854

following year. There is truth in this objection, and it shows that the ryots have more land than they can profitably cultivate.

9 But on the other hand, as already said, I found frequently that the ryots were willing to take up other lands if they could entirely get rid of the waste included in their puttah. The simple fact being that the waste was really quite unprofitable land either from high assessment or much more generally from the land being impoverished and unfit for cultivation, owing to the inability of the ryot to keep it in a high state of cultivation, or some times from both causes, high assessment and impoverished land combined. In such cases the Government are certainly gainers by permitting the land to be abandoned. They relieve the ryot of land, which strictly speaking, he is liable for, but which he cannot and does not actually pay for, and by giving him this release, the Government encourages the Ryot to look round for other land which will yield to him a profit, and to the Government a revenue.

10 From my own part I am of opinion that great prosperity in the district cannot be looked for until

14592

Fort St George 25th October 1854

until the cultivator is at liberty to retain or relinquish any portion of his circar land as he pleases, without any restriction whatever as to assessment or what is familiarly termed good and bad land. This liberty would insure the cultivation of the profitable lands to the full extent of the ryots means, and leave only the unprofitable lands waste, and as there is abundance of land, the probability is that as the means of the ryots thus relieved would increase, so the cultivation would again increase and with it the increase of the revenue in direct proportion to the prosperity of the ryot, though for a few years the revenue would be less, and as by allowing this freedom, even land intrinsically very good would, as it has been, certainly be given up, because it is proportionately too highly assessed, the remedy I have often advocated of reducing the assessment in such lands would if applied enable the ryots to return to these lands.

" With reference to the Buzer included in the Dittum I would therefore suggest that the Tahsildar should, as respects ryots generally, be instructed at the Caboolaty season to enquire what portion of each ryots puthah in the preceding

fully

14593

Fort St George 25th October 1854

fully was left unsown - and why - and if the ryot himself states that he wishes to retain it to assess him accordingly, leaving it for the collector at the time of Jummabundy to give remission for it or not, according to circumstances, if it is still left unsown. But in every other case the Tahsildar, knowing the ryot wishes to give it up, should at once deduct it without reference to any rule.

12 But as respects the Potails who are supposed to be responsible for a certain amount of Appanum some restriction would be necessary. But I would lay it down as a general rule that Potails should be compelled to cultivate circar land to an equal amount of their Enam, and as to the rest of their Appanums that they should be exactly on the same footing as ryots, and all Buzer deducted at the Sagamelly season.

13 As regards wet and Tank lands specially, the Tahsildar should ascertain exactly what land the ryots wish to retain, and deduct the rest, the remainder included in the Dittum would then be liable to assessment - except in failure of water when it must, I suppose, be deducted as Caboolaty Buzer, as it is to be regarded

as

14594

Fort St. George 25th October 1854

as that portion of the ryots puttah he wishes to retain, and which he would cultivate if the season admitted of it.

14 The item called Shamilat Buzer might also perhaps be entirely excluded from the account as it is a permanent remission generally.

15 In carrying out the above suggestion it will be remembered that no regard will be had to the practice of including in the Caboolaty whole fields partly cultivated and partly Buzer. Whatever the ryot pleases to retain that portion only will be retained in the Dittum. It is now wholly retained in the Dittum and partly remitted at the Jummabundy.

Bellary Collectors Office
2 December 1855.....

R.H.

(Signed) G. Pelly
Collector

Proceedings

14595

Fort St. George 25th October 1854

B. N. 2379

Proceedings thereon.

Revising the
letter from the
Collector of Bellary
respecting Caboolaty
Buzer and rem-
municating the
orders of the Board.

30.31

The Board coincide generally with Mr. Pelly in his remarks on the Caboolaty Buzer. They are however disposed to regard it rather as an anomaly in the accounts than as recognized hardship on the Ryots. Had it not been so, they are convinced that Mr. Robertson and other Collectors who had the interests of the people at heart would have urged its abolition.

2 The objection to the entry of Caboolaty Buzer is simply this that it is a fiction that it is the entry of a demand (amounting in Bellary to 2½ to 3 lacs) which is never pressed and never expected to be paid.

3 The question of surus is which in para 10 Mr. Pelly has adverted to, has nothing to do with that of Caboolaty Buzer. There is no injury inflicted on a Ryot (whatever may be the propriety of reforming the method of entry) if unprofitable land being included in his puttah he is not obliged to pay for it. This subject must be commented on as a distinct question.

With

114596 Fort St. George 26th October 1854.

4 With regard then to Caboolate
Bunjer, which is land entered year after
year in the Ryots Puttah, but year after
year left waste, and no *teerwa* collected on it.

Para 4

Mr. Pelly remarks that "the difficulty" in
striking the land out of the puttah is that
it forms a part of the whole field the
"better part of which is retained. Or it forms
part of a Farm comprising this higher assessed
or otherwise less or quite unprofitable land,
and lower assessed land (probably mostly
come under cultivation by the operation of
great plough Cows) and other profitable
lands. It may be the Ryot has indeed
increased his Farm, by the occupation of new
land, but while there exists this objection
that he is giving up his higher assessed land,
or in other words that he retains the profitable
and throws up the unprofitable lands,
the Tahsildar does not feel himself author-
ized to strike out the old land though
"no other objection exists."

5 The Board are of opinion that there is no
difficulty. If a part of a whole field is left waste as it often
is in Bellary where the fields are extensive and large portions
overgrown

114597

Fort St. George 26th October 1854.

overgrown with the deeply rooted "Nuth grass")
the waste is remitted under the head of *shamilat*
(not Caboolate) Bunjer. The objection of Tahsildars
to strike off lands given up by a Ryot is easily
met by the collector giving his orders that what-
ever Ryot formally applies to have certain lands
struck off from his Puttah and gives a written
request (*Raznamah*) to that effect, the Tahsildar
is authorized to exclude it from the Puttah except
in the rare case where the land given up is so
situated among other fields yet retained, that it
is inconvenient of access to parties who may
wish to take it up. It will also be necessary
that such *Raznamah* should be made
before the cultivating season.

6 With regard to the closing sen-
tence of the above Extract from the collector's
letter the Board do not suppose Mr. Pelly
intends them to understand that the Tahsildar
having retained the waste lands in the Puttah,
payment is enforced. They conclude that
though nominally retained their *teerwa*
is remitted as caboolaty Bunjer.

7 In another part of the col-
lector's letter* he says that "in unfavourable seasons
large

* para 5.

14598

Fort St George 26th October 1854

"large sums must appear as Remissions for Caboolaty Bunjer because the Ryots do not always wish to give up their lands, and the retention of them in their Puttaks is their guarantee that they cannot be deprived of them"

8

Mr Pelly is here speaking of the Wet lands, but the Board would observe that in other Districts which have much more Wet Land than Bellary "large sums" do not appear as Caboolaty Bunjer. No doubt the Ryots will not wish to have irrigated land struck out of their puttaks if they can retain them waste without paying the teerwa but if on one hand the Ryot claims the right to give up what land does not suit him, the Government on the other hand claim the right to have from him what lands he desires to give up and to levy teerwa on those he will not give up whether they be cultivated or not. Now this fairly explained to the Ryots the Board doubt if the Caboolaty remissions would amount to so large a sum as they do now.

9

In making the above observations as to the rights of Government the Board would

14599

Fort St George 26th October 1854

would not wish to press an immediate and unconditional surrender of land, or else make the Ryot pay for it. It is but just that a man who has held several fields together some years should be allowed remission or rather not be charged for a small portion of it left in waste one year for fallow.

10

The Board approve of the arrangements proposed in paras 11 and 13 of the Collector's letter, and request he will at once carry them out. As to para 12 the Board cannot concur with the Collector that Potails should be "compelled to cultivate" under any circumstances, but they would wish the collector to furnish them with farther information, as to these Appanum lands, their origin, extent, teerwa and obligations dependent on them. It would be better to lower the teerwa of such lands as are undoubtedly over assessed Appanum lands, and know as such, than to ease the burden of them by giving Canam.

The item known as Shamalat Bunjer or portions of fields left waste in requires no revision at present. The annual amount, about 30,000 or 35,000 Rupees

11

14600 Fort St George 26th October 1854

is large as compared with other Collectorates but the leased Districts are in a different position. There are many extensive fields half over run with milk grass, most difficult and expensive to eradicate, and it would be unjust to insist on payment for the whole field. It is true that it is equally with Caboolate Bungee a nominal remission, inasmuch as the term Remission is not applicable to what can never be justly demanded. If the collector considers it feasible to enter the actual extent of cultivation in each case that only might be entered in the "cultivation" column, and then the item of shamulat Bungee would disappear. The Board would wish Mr. Pelly to submit his opinion on this point, a defined subdivision of the large fields would be troublesome but might obviate the difficulty above referred to.

12 The Board do not consider it necessary to inter-
into the questions mooted by the collector as to obliging
the Ryots to take good and bad land together, or the general
subject of apportionment, as these were not
the matters on which information was

14601 Fort St George 26th October 1854

was required. They would merely observe that they recognize no right on the part of the collector or the Tahsildars to insist on any ryot keeping and paying for unprofitable land, and as to the apportionment of the District, the Board will be prepared to take it into consideration in connection with the Report which Mr. Pelly has been called upon to furnish in their Proceedings of 31st August 1854, para 7. He observed that Mr. Maltby has also been directed by Government to

To, J. D. Cunliffe Esq^r
Sub Secretary in charge of the
Board of Revenue.
Fort St. George.

From the Collector, Sir,
of Cuddapah.

With reference to the Extract from
the Proceedings of the Board of Revenue under
date the 9th March 1854, annexing an Extract from
the Minutes of Consultation dated the 7th of
February, and directing that a Statement of relation-
ship among the public servants employed in the
Collectors' Establishment may be submitted I have
the honor to forward a statement of relationships
among the public servants of this District. prepared
according to the statements received from the differ-
ent Tahsildars, who will be held responsible for
the correctness of the same.

Proceedings thereon

(32.35)

The Board observes that there are several instances in the List of public servants having from 6 to 9 petatives holding Government situations in the same District.

2 Out of about 200 servants there are only 8 Soodras, nearly all the rest being Brahatta Bramins.

Doubtless a strong connection either by caste or blood runs throughout the public servants of the District and exhibits an influence much to be deprecated.

4 The Board will not direct any immediate removals but as vacancies occur should fill them as far as practicable by individuals unconnected with the present ruling caste, so as to leave no especial influence predominating.

To

W. H. Bayley Esq^r
Secretary to the
Board of Revenue
Fort St George.

(34)

Bt. No 3323

From the Agent to the
Governor at Kurnool

Submitting
a Report on the
Extra Sources
of Revenue of the
Kurnool District
for July 1262.

Sir, I have the honor to submit

my report on the Settlement of Extra Sources of Revenue of this District for July 1262, together with the prescribed statements.

2 The demand for the year, after deducting Rupees 29-4- the customary pay to a shroff at Goodoor, was Rupees 130,324-1-6 or Rupees 2866-8-9 less than that of last year, as exhibited in the following abstract.

No	Item	July 1262		July 1263		Increase		Decrease

Sayer

July- Bariz P
1262-4574-3-4
1263-4045-14-2

Decrease 871-15-2

3 There was a decrease of Rupees 871-15-2 under the head of Sayer arising from a decrease both in the imports, and exports as shewn in Statement B.

4 The decrease was chiefly in the Imports and Exports of cloths, and in the Exports of Jaggery, and Raw Silk, attributable to the depressed state of trade, and distressed condition of the Manufacturers of Country cloths during the past year of scarcity, and to the difficulty which the traders experienced in transporting goods in consequence of the scarcity of provender, for carriage cattle, on the lines of traffic.

Abkary

July- Bariz P
1262-41010-0-0
1263-41010-0-0

5 The abkary demand was the same as in last year, agreeably to the terms of the Rent granted for 3 years to one Rajameyan, under the sanction of the Board dated 19th June 1857.

Sundry Small Farms and Licences

July- Bariz P
1262-228-5-6

Increase 111-10-6

Mothurpha

July- Bariz P
1262-64586-7-5
1263-62374-3-4

Decrease 2212-24-1

6 The increase under this head was the result of great competition for the rent of the Diamond mines.

7 The Net demand under this head, after deducting Rupees 27-1-0 the pay of a shroff, was Rupees 62374-3-4 or Rupees 2512-24-1 less than that of the previous

14630

Fort St George 26th October 1855-

previous year, arising from a decrease in each Item of Mothurpha, excepting the tax on Sheep, as shewn below.

Items	July 1262	July 1263	Increase	Decrease
	R ^o A ^o P ^o	R ^o A ^o P ^o	R ^o A ^o P ^o	R ^o A ^o P ^o

Handicraft	14324 1 5	13439 12 4	884 5 1	
Tax on Houses	4630 7	4085 14	544 9	
Tax on Sheep	11187 9	11330 7	142 14	
Loom Tax	1170 8	10519 14	680 10	
Total	54886 7 5	53374 0 4	1512 7 1	2555 2 1
			Net decrease	2512 24 1

8. The Mothurpha Bariz is not settled in this District by the Thasildars, until near the close of the month of September, at which period, in the year under review, the price of food rose considerably, in consequence of the unfavorable character of the season, and many of the poorer class of traders, artisans and weavers, in order to avoid the responsibility of the Mothurpha Tax then relinquished their occupations, thereby occasioning a decreased demand in the Items of Veesabuddy, Handicraft and Loom Tax.

The

men - 274-4-
To Persons
taking up
puttah
lands - 109-14-
384-5-

11th July 1853

9 The decrease in the Item of House Tax was principally occasioned by the exemption from the tax allowed to Moosulmen, as sanctioned by the Government, and to persons who took up Puttah lands.

10 I was not able to complete the Land settlement until close on the expiration of the Fussy year, having had all the Talooks of the District under my charge in consequence of the absence of my Assistant, Captain Russell, and on my return to Kurnool I was too unwell to undertake the settlement of the Town Moturpha myself. Captain Russell's timely return to the District, enabled me to deputize the duty to him, and being aware that it was impossible to collect the demand of the year, from the poorer class of Moturpha ryots, many of whom had subsisted throughout the scarcity by employment on the roads, I directed him to investigate the condition of each individual and authorized him to grant remissions to those whose circumstances required it, which resulted in the grant of remissions to the extent of Rupees 1323-9-3

and I trust that in consideration of the circumstances of the season the proceeding will meet with approval of the Board.

11 The total value of Stamps disposed of in this year, amounted to Rupees 2576-8- from which has to be deducted the sum of Rupees 22-8- the value of papers supplied for the execution of Security Bonds, by Public servants, leaving Rupees 2554- the sum realized, or Rupees 346- in excess of the previous year, an increase arising from an increase of suits filed in the Court of the Agent, and in the Courts of the Langlees of Kurnool, and Nundial.

Vide Statements
and G.

R. & P.
Demand - 130,324-1-6-12
Remissions - 1324-9-3
Net Demand - 129,000-9-3

Talooks.	Balance.

Nundecootoor	37-14-
Attoor	17-5-6
Kurnool Town	1397-7-10
Total	2226-11-0

The demand for the year after deducting the amount of remissions granted was Rupees 129,000-8-3, of which Rupees 13,559-5-9 were collected within the Fussy, leaving a balance at that date of Rupees 3,441-2-6. Of this sum Rupees 1214-14-6 has been collected up to the 31st August, and the causes of the remaining balance of Rupees 2226-11-0 which is solely on Account

14633

Fort St George 26th October 1854.

account of Moturpha will be enquired into hereafter, but as the greater portion is outstanding in the Talooks where the effects of the late & adverse season were the most severely felt, I do not anticipate that more than a third of the amount will be recoverable.

Vide Statement
B

The Balances of former years, are Rupees 104-8-0 for July 1361, which the Board in their Proceedings dated 31st July 1854, have recommended to be written off the accounts, and Rupees 215-11-10 for July 1362, of which Rupees 19-8-10 are only recoverable, the remainder of 3-0-0 being due by poor and deceased ryots, and I beg that the amount may be sanctioned to be written off.

Vide Statement
D

The Total Collections including Current, Extra and arrears within the July, amounted to Rupees 137,005-14-11 and deducting the charges, Rupees 2,026-14-5 there remains a Net revenue of Rupees 124,979-9-11, or Rupees 6,67-6-11 below that of July 1362, owing to causes already explained.

The quantity of land taken up for sugar cane cultivation in the July under review was acres 37-17-9 1/2 more than in the last year.

14634

Fort St George 26th October 1854

16

In conclusion I beg to state that I have no suggestion or observations to offer in regard to the operation of the Salt Monopoly.

B. No. 3729.

From the Agent to the
Governor at Kurnool.

Sir,

With reference to the Board's Circular dated the 23rd September 1852, I have the honor to state that the following allowances heretofore paid in the District on account of certain Hindoo and Mahomedan Ceremonies were discontinued from the 9th November of that year.

1. An allowance of Rupees 16-8-0 granted for the performance annually of certain Ceremonies on the Bank of the Spindial Tank.
2. An allowance of Rupees 32-8-0 for performance of certain ceremonies at the Mohorru.
3. Rupees 11-1-1 for the performance of certain Ceremonies at the Ramzan.
4. Rupees 10-5-9 for the performance of certain Ceremonies at the Buhread.
2. With the exception of two Co-Shares in the grant No. 2 the recipients of the above allowances possess either Enam or Enjoy other Yeomiah, and there is nothing in the circumstances of the two excepted parties which calls for any special recommendation on their behalf.

This female tho above 50 years
of age was specially exempted by an
order of Government dated 18th Feb^y.
1852 from personal appearance. Her
Pension is paid on a Seyetnamah pre-
pared once in six Months and is
attested by two respectable pensioners.
The arrears in Column 7 has accrued in
consequence of the illness of her
Vakeel who has been thereby prevented
from appearing at the Talook Cutcherry
and preparing her seyetnamah. The
usual seyetnamah having now been
filed the Collector begs to solicit an
sanction for disbursing the arrears an-
amounting to Rupees 42.

13.

It appears from the Records in the Collectors Office that these two allowances were incorporated into an Extract from the as per the presumption by the British Government and as per the last holder in 1810. The Tahsildar of Arcot Talook reports that the required services in the Musjid are duly performed by the Naib nominated by the deceased, who had been absent at Trichinopoly on leave of absence under the Board's order dated 27th October 1851, where he died leaving the family mentioned in Column 11. By a letter from the Collector of Trichinopoly dated 16th August 1854 and its enclosure it appears that the deceased left no male heirs, and his widow wishes that the yeomiah may be continued in her name and the service may be allowed to be performed by her sister's son, Meer Floodooddeen instead of by the Naib, who has hitherto been doing the duty. The Collector accordingly begs to recommend that the yeomiah may be continued in the name of Isanootabee widow of the last incumbent from the date of the demise of her husband and that the service of the Office may be performed by her Naib. The Tahsildar of Arcot Talook reports that Syed Mahomed Syed named in Column 11 is the surviving heir to the yeomiah and that the duties of the Office are regularly performed from the date of the decease of his late father. The Collector therefore begs to request sanction for the Registry of the share enjoyed by the deceased in the name of Syed Mahomed Syed from the date of demise.

14658

Fort St. George 26th October 1854N^o 86To B. Gurncliffe Esq^rSub Secretary to the
Board of Revenue
Fort St. GeorgeB^o N^o 3968From the collector
of Salem —

Sir,

I have the honor to submit
draft of an answer with translation of
Plaint in O. S. N^o 58 of 1854 on the file of
the Subordinate Court of Salem against
me as Collector of Salem, and to beg that the
Board will be good enough to obtain the
sanction of Government for defending the
suit at the public expense —The time allowed for
filing the answer will expire on the
23 November next —

Salem Collector's Office —

Cosoor 20th October 1854Signed H. A. Brett
CollectorEnclosure N^o 1

Draft

Answer proposed to be filed in O. S. N^o 58
of 1854 on the file of the Subordinate Court
of Salem by H. A. Brett Esq^r Collector of SalemThe Plaintiff sues that a
Buttaverthy

14659

Fort St. George 26th October 1854

Buttaverly Enam said to be under attachment consisting of five fields Kunjah and Poonjah, yielding an annual Jodigy of Rupees 13-7-9 may be released from attachment and placed in his possession, and 2^{ndly} that the Defendants who are said to hold in deposit 22 Gundagums of paddy, the produce of two other Kunjah lands mortgaged to the Plaintiff, may be required to sell the same and discharge from the proceeds the Jodigy due for Fisy 1262 and 1263 on the aforesaid five fields of Buttaverly Enam amounting to Rupees 26-1-6.

2. The Plaintiff in this suit preferred a complaint on the 22nd January 1853 to the 2nd Defendant, who was then Head of Police of the Darampoory Talook, stating that three persons named Kunjah Gounders Arjoonum, son of Cavary, and Gawly, had during the Plaintiff's absence, at the instigation of Chedumbarappan of Poonadarkully and his son-in-law Govindappan, who is also the Plaintiff's son, cut and taken possession of the produce grown on two Buttaverly Kunjah lands which the Plaintiff held possession of on mortgage.

14660

Fort St. George 26th October 1854

mortgage, and praying that the said produce might be recovered and credited towards the discharge of the Jodigy due from the Plaintiff for his five Buttaverly fields. The Head of Police inquired into this charge and dismissed the case on the ground that for the last five or six years the said Govindappan the Plaintiff's son had been letting out the above lands for rent to the abovenamed Arjoonum, and had received from him the usual share of the produce, that the produce referred to in the plaint had been cut and thrashed by Govindappan himself, and that no trespass or other illegal act had been committed.

3. Subsequently, during the settlement of the Darampoory Talook for Fisy 1263, the Tahsildar having represented that the Plaintiff had failed to pay the arrears of Jodigy due on his Buttaverly lands for Fisy 1262 amounting to Rupees 13-12-5, the 1st Defendant directed that the Tahsildar should attach these lands according to the usual practice if the Jodigy should not be paid, and should report the matter to the Hoosoor. The

14661

Fort St. George 26th October 1854.

1. The Plaintiff also presented a Complaint to the late Collector dated the 11th July 1853 similar to the one described in Para 3. In regard to this complaint the 3^d Defendant, the present Tahsildar of Darampoory in a report dated the 16th May 1854 explained the grounds of the decision passed by the 2^d Defendant, as shown in Para 3, and stated that the Jodigy due from the Plaintiff for July 1862 had been realized in consequence of which reports the 1st Defendant furnished a final endorsement to the Plaintiff informing him that his complaints had been dismissed.

5. The Plaintiff's statement that the five fields which he is said to have purchased, have been taken and retained under attachment is not true, nor has the produce of the two other lands said to have been mortgaged to him been held in deposit by the Circars.

6. The 1st Defendant therefore requests the Court will dismiss the suit with costs.

7. As the 2nd and 3rd Defendants acted under the instructions of the Collector it is not necessary that they should make separate answers.

Signed H. A. Brett
Collector

14662

Fort St. George 26th October 1854.

Env. N:2.

O. S. N:58 of 1854.

Translation of a Plaint preferred in the Subordinate Court of Salem by Venkatasobien son of Venkata royer a resident of Darampoory against H. A. Brett Esq^r Collector of Salem, Venkatapatiah Tahsildar of Tripatore, Beema row Tahsildar of Darampoory, and Coradori Nunjah Gounden son of Beema Gounden a resident of Mottycolum polliem in the Talook of Darampoory of the Pully caste and cultivator by profession.

The object of this suit is to compel the defendants to sell 22 cundegums of Paddy or Molorum share, which they have had in deposit at my request and to deduct Rupees 26-1-6 from the produce in satisfaction of the balance of Jodigy for 2 years, and 2 ^{nilly} to

14663

Fort St. George 26th October 1854.

to obtain the release of the 3 Kunjah and 2 Punjah fields yielding Malvarum produce to the value of 37 Rupees, and charged to the Circar with an annual Jodeggy of Rupees 13-7-9 which have been illegally attached by the defendants. The total amount of the suit being Rupees 63-1-6.

The Plaintiff states that the undermentioned five fields are situated as follows, vizt: 2 Poonjah garden pieces of land measuring 2 $\frac{1}{16}$ Goontahs in extent and yielding a Malvarum of 1 Rupee, are bounded on the north by a plot of ground belonging to one Yengala-chennappen a resident of Mattyecolum; on the south by one Kestenen, on the east by the bank of the tank, on the west by a ground belonging to one Kestenen, on the south by muttoo Kunjah and 2 $\frac{1}{16}$ Kunjah lands, vizt: one adacory Kunjah field.

14664

Fort St. George 26th October 1854.

field containing 12 $\frac{3}{4}$ Goontahs and yielding Malvarum to the value of 8 Rupees, bounded on the east by the bank of the tank, on the north by the Burtar Maricem land of one Vencatararasuppi, on the west by a well belonging to one Yellappah Odian, on the south by Pullian Govil Kunjah, one Collarnuttoo Kunjah field containing 129 Goontahs and yielding Malvarum to the value of 15 Rupees is bounded on the east by the abovementioned tank, on the north by the above Poonjah gardens on the west by Corotta Gounden's Munjah land on the south by the Raja-vayacol; and one Sanhuengur's Butwuty field containing 10 $\frac{1}{16}$ Goontahs, and yielding Malvarum of 10 Rupees bounded on the south by Ganapathy Sastry's Kunjah land, on the west by Saraswaty Jooyer's Butwutee Moneyern, on the east by Rama-chendra Rows Butwuty Maricem on.

14665

Port St. George 26th October 1854

on the north by Beema Gunden Kunjah lands.—

3 That he purchased 4 of the fields above described from one Ramaswamy for Rupees 19 3/2 and the remaining Kunjah field from two other individuals, vizt. Sushienagar and Streenuvasienagar for Rupees 2 1/2 in the year ^{1827/28} Survajitto and ^{1836/37} Doornoo: Khee respectively by a deed of Sale, and that he has punctually remitted to the 1st Defendant the usual Jodigy imposed upon the five fields in question and on two others up to the Corteeca Kist of the year ^{1850/51} Paresdaver or fusly 1262, and obtained receipts from the Circar Curmums.—

4 That his two Sons named Venkatasobben and Govindaswamy by his first wife from ill feelings of jealousy devised a variety of schemes with the intent of depriving

14666

Port St. George 26th October 1854

depriving him of the fields in question with two other fields vizt. Royappa Gopoorum Buturtee and Sektanarayadee Buturtee which were in his enjoyment by virtue of a mortgage bond, and obstructed the payment of the Jodigy to them Circar with the sinister motive of affording an opportunity to the Circar of sequestering the Buturtee lands above alluded to, and that the above named 2 individuals on having gained the favor of the 2^d, 3^d and 4th Defendants endeavoured to usurp the lands above referred to with the produce thereof, on which the Plaintiff in order that the whole Jodigy might be levied from the 1st Defendant and others who had tendered themselves as securities in Money at two different periods for the Jodigy, presented two Petitions soliciting that the Malverum consisting of 22 Bundeyums of paddy due to him from the two fields named

14667

Fort St. George 26th October 1854.

named Royappengoporum and Seta. ramasamayadee might be taken in deposit by the Circar, the produce sold through his Agency, and the Jodigg arrears realized from the proceeds, that on this application the 2^d Defendant sent for the 4th Defendant and caused the produce to be taken in deposit but failed entirely to realize the arrears of Jodigg by the sale thereof of the Muharrol, that the Plaintiff having brought this circumstance to the notice of the 1st Defendant as the Collector of the District by means of regular petitions, he endorsed on the Petition enjoining the 3^d Defendant to enquire into the subject and report the result; that subsequently the Collector and his subordinate Authorities without enquiring into the matter according to the endorsement, on realizing the arrears of Jodigg for Fisly 1962 and /63 from the sale proceeds of the produce in deposit, unjustly and partially divided the whole produce among the other shareholders

14668

Fort St. George 26th October 1854

shareholders on the plea that his share had already been assigned to him and attached the lands situated within the above described limits Contrary to the scope and meaning of the Board's Circular Order dated 28th July 1848, with a view to put his enemies in possession of the above 2 Britwarree lands notwithstanding all his importunities to institute a regular enquiry into the matter, that this action is brought against the Defendants according to the Government sanction which was also filed in O. S. N^o 83 of 1853 of this Court, and that the nature of the dispute touching the lands in question falls within the scope and provision of that sanction, so that the Court will be quite justified in taking cognizance of the present suit by virtue of the same provision and authority—

The Plaintiff therefore prays the Court for a judgment to sell the above two bundeyums of Malvarum

14669

Fort St. George 26th October 1851.

Malvarium produce which is now in the possession of the 1st, 2nd 3rd and 4th Defendants and which according to the current rate at Rupees 3 per Candeyern, will realize Rupees 56, and out of this amount to take Rupees 26-1-6 being the arrears of Jodigy against the Plaintiff after making a deduction of Rupees 14-1-0 remitted by him to the Circars for the Alpheny and Canteer Khists in Fussy 1262, to grant receipts for the payment thereof and to release the above Nungah and Poonyah lands which were illegally attached by the Defendants and restore the same to the Plaintiff—

Collector

Proceedings

14670

B^d N^o 2383

Proceedings thereon

44-45

Fort St. George 26th October 1851.N^o 508

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council

2 The Plaintiff Vencatasobien sues for the release of a Bhutwerty Enam said to be under attachment by the collector for non payment of Jodigy, and that the other defendants who are said to hold in deposit 22 candayerns of paddy, the produce of two other lands mortgaged to the Plaintiff may be required to sell the same and discharge from the proceeds the Jodigy due on the above Enam for Fusses 1262 and 1263 amounting to Rupees 26-1-6—

3 The collector in his proposed answer explains that the plaintiff in January 1853 laid a charge before the Tahsildar of Darampoory against the 1st defendant and others to the effect that during his absence, they had cut and taken possession of the produce of two pieces of land which were held by him on mortgage - but that on enquiry it was found that the fields had been regularly let to one of the parties complained against for the preceding 5 or 6 years - that no trespass had been committed and that the charge therefore was dismissed - was wholly groundless - It is further shown in the answer that although an order of attachment had been issued against the Bhutwerty Enam while the Jodigy on it for Fussy 1262 had not been paid, yet that from a subsequent report from the present Tahsildar it appeared that the amount had since been realized and that consequently the land was not now under attachment

4 Under these circumstances it appears to the Board that the Plaintiff has no cause for action and they would therefore recommend that the collector might be authorized to file the draft answer submitted by him and conduct the defence at the public cost—

Fort St. George.

P^{re} N^o 3079From the Collyer
of South Street.

I have the honor to acknowledge the circular from the Board of Revenue 7th ultimo forwarding Extracts from the Minutes of Consultation under date 11th July last, relative to the Establishment of local Meetings throughout the Presidency for the Exhibition of Agricultural produce and the award of Prizes for Superior Specimens of it, and calling for information on certain points connected with the Subject.

2 I think that such Meetings should take place after the principal crops are reaped. The most convenient time would be early in April, and they might be held in the first instance at the Chief Stations of the District.

3 The following things are at present produced in this District, but there are many

14672

Fort St. George 26th October 1854.

many others which would be found, I imagine to answer, such as Wheat, Coffee, Senna, Tobacco ~~yes~~ ~~yes~~ if fairly tried

Present Productions.

- | | | | |
|----------------------|--------------|---------------|-----------------|
| 1 Paddy | 6 Turmeric | 11 Sugar cane | 16 Country hemp |
| 2 Bumboo | 7 Chillies | 12 Indigo | 17 Gingely and |
| 3 Virago | 8 Rupe | 13 Ground Nut | 18 Castor oil |
| 4 Cholum g. lorander | 9 | 14 Tobacco | 19 Plantains |
| 5 Nacheeny | 10 Thorogran | 15 Cotton | 20 Coconut. |

4 Money donations, personal ornaments, leather, and implements of agriculture would in my opinion be most acceptable to the Natives as prizes —

5 I have taken every opportunity in my power of explaining the nature and intent of these Exhibitions to the people, and have endeavoured to ascertain the real sentiments of those with whom I have conferred on the subject, but I must confess that I do not see much, if any prospect of success attending the institution of such Meetings merely for the distribution of prizes for agricultural produce. If the characteristics and objects of a general fair could be combined with such exhibitions I think a highly important result might be looked for.

6 The Natives are very slow to comprehend.

11673

Fort St. George 26th October 1854

comprehend the real benefit which they would ultimately derive from exhibitions of the kind and the uncertain prospect of receiving a reward would not be sufficient inducement to them to put themselves to much trouble, and I fancy they would scarcely think it worth while to bring their goods from a distance to be exhibited only for such a purpose. It would be very different however if they knew there would be bartering and selling and the other usual accompaniments of a fair at these Exhibitions.

7 I do not believe that anything short of an assurance that a remunerative price will be immediately given, will induce the natives to attempt the cultivation of any novel species of produce. It requires a strong motive to lead them to go out of the course they are accustomed to, and it seems to me that it is only when they feel certain that a positive gain will quickly follow that they can be persuaded to make experiments

11674

Fort St. George 26th October 1854

experiments in agricultural

8 A few years ago the ground nut called "Manilla kotay" was unknown hereabouts but no sooner was a remunerative price offered on the spot by a merchant at Cuddalore for such produce, than it was extensively cultivated and the oil from it, is now largely exported.

9 Prizes should, I think, be given for the finest specimens of every kind of produce, forming an article of commerce, which is at present reared, and for any novel species which is hereafter introduced, besides those I have enumerated, as being likely to succeed if tried in certain localities of the District.

10 Annual exhibitions of the kind are held in the French territory of Pondicherry, but I do not know whether much success has attended them or whether that Government have been satisfied with the result.

11 I have requested the Acting Sub and Acting Additional Sub collectors to favor me with their opinions in the scheme, when they have conferred with the principal Ryots of their respective charges, and

Proceedings thereon

(14675)

The collector is requested to inform the Board of the native name of "Rupe" which stands N^o 8 in the list of productions mentioned in para 3 of the foregoing letter, as they are not aware that the plant is grown in India. They believe the term is sometimes erroneously applied to the yellow or Gingely oil seed.

To

Board of Revenue.

Fort St. George.

Sir

Para 1
circular letter of the 7th ultimo requiring

I have the honor to receive your letter of the 7th ultimo requiring me

B^d N^o 3990
From the collector of Tanjore...
offering information regarding

118

14676

the Establishment of an annual exhibition in Tanjore.

Fort St. George 26th October 1854.

me to report on the measures to be adopted for carrying out the views of the Government regarding the establishment of an annual Exhibition of Produce, arts and Manufactures in Tanjore and the distribution of prizes to those who might be successful Exhibitors.

2

I have not failed to take this subject into consideration, nor to make every enquiry which I had reason to believe would result in useful information, but I very much regret to say that I do not find that the people are prepared for the measure.

3

It is the Board's intention that for this the first year of the experiment the Exhibition should consist solely of the agricultural produce of the country - and it is sufficiently known to the Board how little varied the produce of Tanjore is - all the Merapadars, and all the Merchants with whom I have spoken on the matter, have invariably made the same reply, and have represented that hardly anything is grown but rice, the quality of which on many thousand acres does not vary materially. If told that one of the objects of the exhibition is

11677

Fort St. George 26th October 1854.

is to induce them to raise new products, and to enter into new markets, they affirm that they cannot afford to give up a certainty of moderate gain, for the uncertainty of obtaining a greater - they doubt, not only the fitness of their lands for producing any thing but rice, but also the probability of finding a market for any new product and of obtaining remunerative prices - Experience tells them that they can always sell their rice, and they had rather trust to this, than to assurances that the present political state of Europe affords the fullest ground for belief, that hemp would be remunerative export.

4 This bigoted adherence to one product has always been a characteristic of the Tanjore Meerassdars, and I remember that when several years ago the Principal collector Mr. Rindersley made great efforts to induce them to try the growth of sugarcane and cotton he met with no success whatever.

5 These Meerassdars hardly ever leave their villages, and may be said never to leave the district, their views of commerce are confined

11678

Fort St. George 26th October 1854.

confined to their ports, they have no desire for speculation, and no faith in mere assurances that articles fitted for the European trade will meet with a ready sale at Madras. I believe that nothing will overcome this scepticism but the presence in the province of the agent of some mercantile firm, prepared to pay in ready money for all produce suited to his purpose - In Rajahmundry, in Tiragapatam, and in Ganyam, the sugar works are thus carried on, and in Cuddapah, many lacs of Rupees are annually expended on account of Madras merchants, in the preparation and purchase of Indigo. I know of nothing that would so forward the interests of the province, as the adoption of similar measures in Tanjore.

6 I do not know if it be intended that cattle should be included in the Exhibition - but the Board are aware that there is probably no part of the habitable globe, and certainly no part of India which produces such miserable animals as are commonly

14679

Fort St. George 25th October 1851.

commonly used here - the whole country being under irrigation, there is no pasturage whatever. During the time of the cultivation they are fed on the last year's straw, and when the harvest is over, they are turned into the fields to find what subsistence they can on the stubble.

7 It is possible that one result of the Exhibition about to be held at Madras in February next, may be, to alter a state of things which is at present so much to be deplored, the resources of the whole country will then be placed before the mercantile community, products hitherto unknown may then force themselves into notice, and a demand may arise which will lead to the formation of local agencies from which the happiest effects may result.

8 I would take leave to suggest that the matter may not be further pressed until the Madras Exhibition has been held and that advantage may be taken of what may be learnt from it, in organizing further the exhibitions to be held in the Provinces.

9 I can assure the Board that it is with
very

14680

Fort St. George 26th October 1851.

very great regret that I make so unsatisfactory a report on the subject of so much interest. It is by no means that I do not enter into the views of Government or that I fail to appreciate its motives, that I am now unable to respond to its propositions in a more congenial spirit.

I have taken up the subject with a hearty desire to press it forward, and have too great an interest in the welfare of this fine Province to neglect its best interests - but five weeks, which is all the time that has been allowed me, has been insufficient to enable me to change the habits of a people, which have grown with their growth for centuries, and strengthened with their strength for ages, and I am, though reluctantly, compelled to propose that the present propositions be postponed, until the experiment at Madras has been tried, and has afforded some ground to hope that the natives will take a more lively interest in such matters than they at present are disposed to evince.

10 The articles exhibited at Madras will enable the Board to form their own opinion as to the products for which it will be desirable to offer prizes in the provinces.

I have

14681

Fort St George 26th October 1854

" I have to apologize for the delay of nearly a week in replying to the Board's letter - it was received on the 11th ultimo, and an answer was required in a month - I was desirous of visiting this town before I offered my opinion, and I have availed myself of the earliest opportunity of doing so, but independent of this, the calls upon my time have lately been so heavy and so numerous, that it has been really impossible to devote that time to the numerous important matters referred for report which each really deserves.

14685

Fort St. George 26th October 1854-

Abkarry

3

Under this source which forms the principal head of the Extra Revenue in this Collectorate there is an increase of Rupees 2560, which is attributable to rural bids with a termination of an increase as explained in my letter to your Board when the sales were reported upon.

10 June 1853

No 54.
Sundry small, farms and Licences

Hill rent — Rs 118 2-8
Grass rent — 800 2-8
906 7-8

Under this head there is a decrease of Rupees 906-2-8, resulting chiefly by a falling off in the Hill rent occasioned by the Gale of the 27th March 1853, and by the amount of Grass rent in the Ditch of the Trichinopoly Fort having been, by Contract Minutes of Consultation dated 16th June 1853 No 53, appropriated for the improvement of the Town of Trichinopoly and not to be considered an item of the revenue as heretofore.

Single rent for cutting wood

The sum entered under this head is the amount of rent for the last of the 3rd five years, collected from the Iron and Steel Company at Porto Novo under the Lease dated 17th May 1842 granted to Messrs George Norton and Thomas Moore Lane for the privilege of cutting wood

14686

Fort St. George 26th October 1854-

wood in the Jungles of Arrealore, Woodapollien and Valcondapooram Talooks the particulars of which have

been fully reported on to your Board in the correspondence noted Margally-

Maturpha 6

In the Maturpha which is comprized for the most part of Tax on Looms and Bazars there is a decrease of Rupees 208-9- fluctuating in the usual course, and seems to call for no especial notice or detail.

Stamps — 7

The Stamp Revenue exhibits an Increase of Rupees 2013-4- which is attributable to the operation of the Act No. XVII of 1848 under which Stamp paper is substituted for an initiation fee in the Courts of the District Moonsiffs.

Thantoorpostoor
Mootlah-
Abkarry

This source of Extra Revenue is as your Board are aware incorporated

14687

Fort St George 26th October 1854.

incorporated with the Salem Farms and granted under a Lease for three years on a rent of Rupees 500 per annum and which terminates with this Fussy 1263, consequently calls for no Notice.

Moturpala

There is a small decrease of Rupees 49-11-2 chiefly in the Loom and Bazaar tax, and which calls for no detail.

Of the total demand Rupees 64,510-8-8 on account of Extra Sources of Revenue for the year under report the sum of Rupees 6,632-10 has been realized within the Fussy or the 11th Instant, leaving a balance of Rupees 2878-7-10. Of this sum Rupees 1598-7-10 will be collected in a few days, and the balance Rupees 1280 must be deemed irrecoverable under the following reasons.

When the farm of the Canand Talook was submitted to public competition the successful bidders were one Fulwah pillay and 4 others whose offer was

Fussy 1263—6400

" 1263—7200

Increase 800

15th June 1853

800 Rupees in advance of the preceding Fussy and agreeable to sanction accorded by the Board

14688

Fort St George 26th October 1854.

Board these persons were put in possession of the Farm on the 12th July 1853. A few Months after, the Renters became embarrassed and unable to meet their liabilities, and claimed remission for losses, they stated they had sustained from numerous causes wholly untenable such as from the effects of the Hurricane in March 1853, the failure of their Sub Renters and the encroachment of the Military Akkary Renter of Trichinopoly every legal assistance was afforded by my department. But to no purpose, and these Renters fell into arrears to the amount of Rupees 3250 when it became necessary in April last to invite other offers for the broken portion of the Fussy year, and the result was a reduced tender of 700 Rupees below that taken by the Defaulting renters. Of the amount of default against these renters Rupees 2676 has been recovered, The difference Rupees 580 with the reduction of 700 Rupees in the second Rent, making a total loss of Rupees 1280—must I am of opinion be

14689

Fort St George 26th October 1855

be written off as irrecoverable. The parties being in reduced circumstances and two of the Copartners have absconded from the District, No old balances are outstanding under any of the heads of Revenue embraced in this report.

The abkarry Demand on account of the Kauttoo-poottoo Moottah is realized by the Salem Collectorate. There is an arrear of Rupees 135 due which I fully anticipate will be realized in due course.

10 In explanation of the Increase in charges which the accounts now submitted exhibit to the Extent of Rupees 589^{rs} I beg to observe that it arises from a larger amount Commission having been paid to the Stamp Vender in proportion to the Increased Sales, and also from the refund of the value of Stamps

Bat. 13558

From the Collector of Trichinopoly

Fort St. George 26th October 1854

To B. Sunliffe Esq

Sub Secretary in charge Fort St. George

In acknowledging Extract from the Proceedings of the Board dated 26th Instant, I have the honor to state that the 108 armed men entered in the enclosure No 2 which accompanied my letter of the 11th Idem is correct, and that they solely belong to the Revenue Department. They are employed in guarding the Salook Treasuries, escorting the revenues from the Salook to the Hoogoor Treasury, the salaries of the District Establishment and the Maramat advances &c from the Hoogoor back to the Salook Treasury.

54

Bat. 13559

From the Collector of Madura

To B. Sunliffe Esq
Sub Secretary in charge to the Board of Revenue Fort St. George

With reference to my letter from the Court of Wards dated 5th January last, I have the honor to transmit a statement which it will appear that the Cash received by the Manager in any one month may be on a high average at about 35000 Rupees and those of the Guardian at 3000 Rupees. For these sums therefore respectively I propose to take from them 2 Secured each without pledge of property or the Government Paper or Jewels. I will recommend reduction of the security 10000 Rupees and 1000 Rupees respectively.

Madura

Proceedings thereon

(54-55)

The Court of Wards
approve of the suggestion of the Collector
of Madura contained in the foregoing
letter and he will act accordingly in
taking security from the manager of
the Shevazungah Zemindary and the
Guardian of the minor.

N^o 163

To B. Cunliffe Esq.

Sub Secretary in charge

Board of Revenue,

Fort St George

Sir,

B² N^o 3029From the Collr
of Madura }

Solicits
sanction of the
Court of Wards for
payments from
the funds of the
Minor Zemindar
of Shevazungah
the sum of Rs

509-13-9 principal
and interest is the
ind of February
last with further
interest to the
date of pay-
ment to the
Sawamy

Sawamy
Sengam
count of debt

I have the honor to solicit
the sanction of the Court of Wards for
payment from the funds of the Minor
Zemindar of Shevazungah of the sum
of 5,097-13-9 principal and interest
(at 6 per Cent) up to the end of February
last, with further interest at the same
rate to the date of payment to Dhosa
Sawamy Sengam on account of a debt
incurred as follows-

2. This Person and Tilla
Chetty who were the Sub Renters
of Paddy of the Broovattogay Taluk
for July 1257, lent to the late Zemindar

Fort St George 26 October 1854

a quantity of their Paddy to the value
of 4,962-13 for the payment of his
servants, and the repair of one of his
mansions; the receipts granted for the
same providing, that the Sub Renters
should recover the same from the Zemindar
share of Paddy in the Settalangoody and
Kalluvichy Mogarums in July 1258.

They received Paddy accordingly to the
value of 1103-12-6 of the principal sum,
before the assumption of the Estate under
the Court of Wards, leaving the sum of
3,858-12-6 then due, which with interest
has accumulated to the amount entered
in the first parcel.

3 The claim is supported
by 2 Receipts signed by the Goomastah
of the Munrooworthy, and by entries
in the Munrooworthy account.

One Receipt is for ———— 353 ————

The other for ———— 4,591-4-1

4,944-4-1

+ This sum is
also entered in
the account
furnished to
my Cutcherry
by the late
Guardian who

The difference 18-9- is the price of
grain taken in excess of that entered
in the receipts and I beg to state in
explanation

14701

Fort St George 26th October 1854

who was
Summooqum
Peishcar under
the Zemindar

explanation that the Paddy was not delivered at the Zemindar's house, but received in the Villages by persons to whom the Zemindar assigned it, and the receipts were given on a deficient calculation of the quantity required.

In the Summooqum accounts written in badjans the entries are as follows.

Under the Head of
Receipts value of ^{Rs} 3576-7-
of Paddy obtained on loan
from Tilla Chetty and
Dhorasawmy Iyengar
and entered in receipts
dated the 10th November
and 1st December 1848

Rs 5052-8-1

Under the Head of
charges several items of
Payments in grain to various
servants amounting altogether to 4,980-1-1

The difference is
the value of 50 bullocks
Paddy specified in
one of the Receipts
as paid for the repair
of one of the mansions 72-8-

14702

Fort St George 26th October 1854

5

Tilla Chetty has made over his claim to Dhorasawmy Iyengar by an Urgee to the Collector.

6

There are funds in hand to meet the claim and no want of Government Peishcar.

Madura

29th September 1854B² N^o 2378

Proceedings thereon,

(56.57)

The Court of Maros at the recommendation of the Collector of Madura authorizes him to disburse to Dhorasawmy Iyengar the sum of Rupees 5097-13-9 together with interest from the beginning of March to date of payment, being the amount of his claim against the Shovungu Estate.

N^o 2209

To B. Cunliffe Esq.
Sub Secretary in charge
Court of Maros
Fort St George,

(58)

B² N^o 3571

Sir,

From the Collector
of Tinnevely

Submitting
the further ex-
planation
required by
the

In submitting the further explanation required by Extract from the Proceedings of the Court of Maros dated 7th Instant,

9

14703

Fort St George 20th October 1854

the Court of
Wards and
requesting to
allow the ap-
pointment
of Moottoor-
marasammy
Naicker as
Guardian to
the Minor
Gernundar
of Payoor.

I have the honor to request attention
to the annexed Genealogical Table
showing the relationship of Moottoor-
marasammy Naicker to the Minor
Gernundar of Payoor.

2 Should the Minor die without
issue according to the custom of these
Poligars the widows of the late Gernundar
of whom 6 are still alive should first
succeed in turn and afterwards the
descendants of the 2^d Brother of the late
Gernundar, so that the possibility of
the Estate ever becoming the property
of Moottoor-marasammy Naicker
seems to remote to be a subject of
speculation with him, and I perceive
no other circumstance that can make
him appear to have a direct or indirect
advantage in the death or continued
incapacity of the Minor.

3 The present recom-
mendation was only made in consequence
of the Madurai Court requiring a Vakalat-
nama signed by the Guardian of the
Minor, and not with a view to the
Guardian exercising any independent
authority.

14704

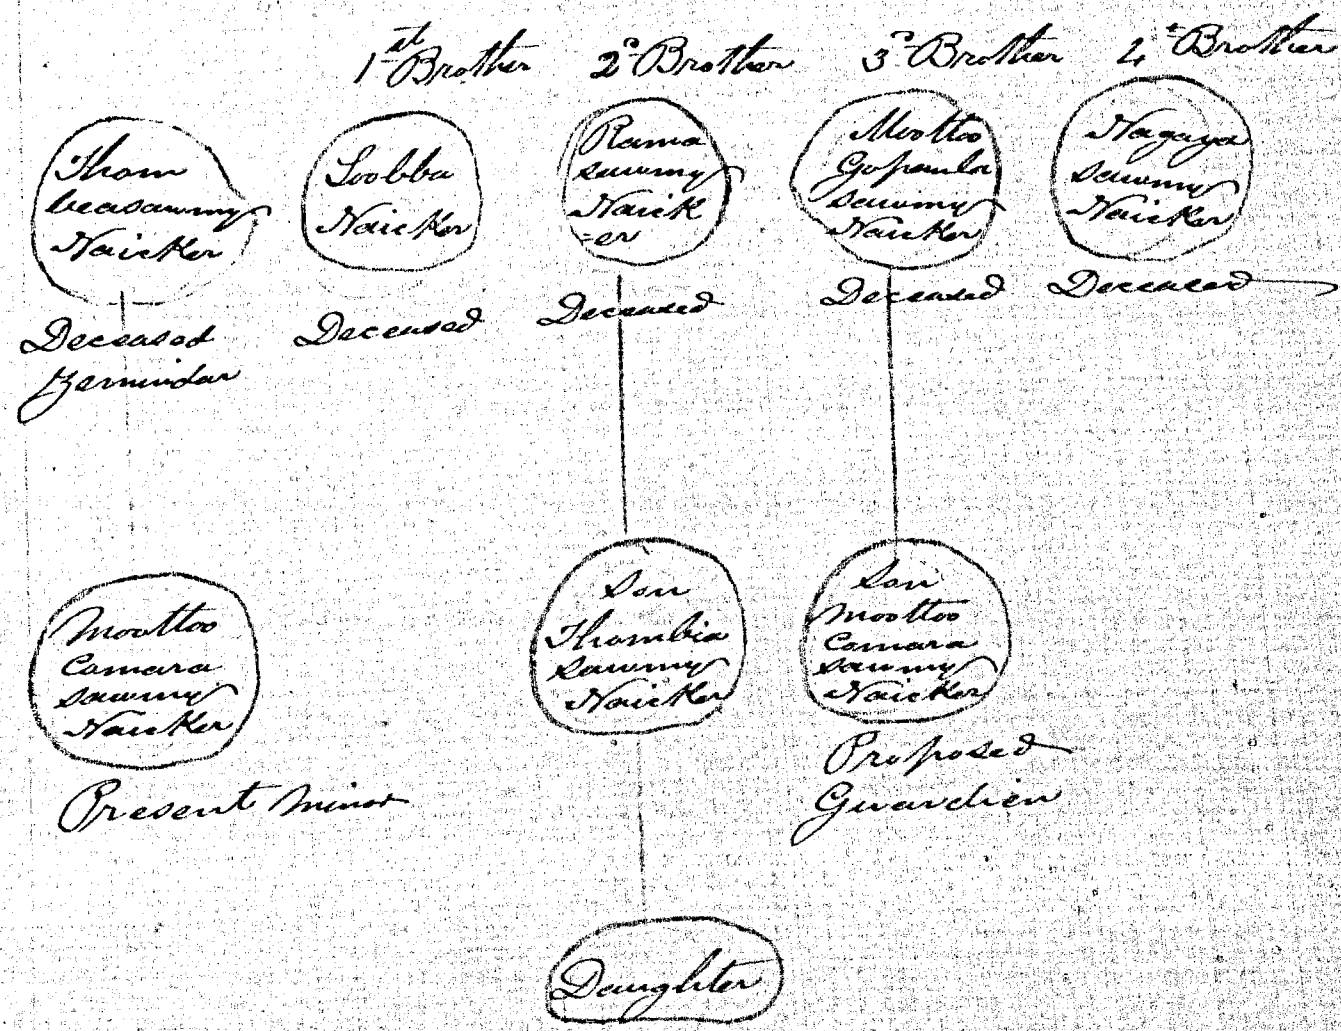

Fort St George 20th October 1854

authority over the Minor who is now at
Palamcottah for the purpose of learn-
ing English in a School and lives with
one of his step Mothers who takes care
of his personal wants under the sur-
veillance of the Villiambalam Tahsildar.

Under this explanation
I trust the Court of Wards will be
pleased to allow the appointment
of Moottoor-marasammy Naicker who
is acceptable to the family and besides
whom I knew of no any other person
who would be so.

Tinnelly
20th September 1854

/Signed/ C. J. Bird
Collector

Under

14705

Fort St George 20th October 1854B³ N^o 2385

Proceedings thereon,

(58.59)

Under the explanation afforded in the foregoing letter the Court of Wards sanction the appointment of Moottoosernaraswamy Naicker as Guardian of the Minor Zemindar of Pargoor.

N^o 322To B. Cunliffe Esq^r

Sub Secretary in charge
Court of Wards
Fort St George,

B³ N^o 3805

From the Col^l
of Tinnevely

} Para 1.

Requesting
sanction for
purchasing
a Poney for
the use of
the Minor
Zemindar
of Pargoor—

The Minor Zemindar of Pargoor in this District who is now 13 years of age and residing at Palamcottah for the purpose of learning English, as reported in Para 3 of my letter to you of the 20th Ultime, requests that he may be allowed to have a Poney to ride, and has selected one which may be purchased from its present owner for Rupees 12-8-0.

It is proper that the young Zemindar should learn to ride and as the Poney he has made choice of seems to be good and sound and worth the sum demanded, I have the honor to request the sanction of the Court

14706

Fort St George 20th October 1854

Count of Wards for making the purchase.

At the same time I have the honor to submit for sanction a revised list of annual charges for the maintenance, and Establishment of the Zemindar and his relatives, amounting to Rupees 1239-5- being 129-5- in excess of that formerly sanctioned, and another of Extra charges amounting to Rupees 94-12- including besides the price of the proposed Poney with saddle and Bridle, those incurred in bringing the Zemindar from Pargoor to Palamcottah, and putting him to school.

The cost of living being greater at Palamcottah than at Pargoor makes it necessary to ask for an increase in the rate of subsistence formerly sanctioned on account of the present Minor and his step mother and servants who have come with him to take care of him.

The surplus funds in Deposit in favor of the Estate amounts on the 30th September 1854 to Rupees 10,900-

Proceedings thereon.

(60.11)

The Court of Wards authorize the purchase of a pony for the use of the Minor Zamindar of Pargoor. They likewise sanction the revised list of annual charges amounting to Rupees 1239 - 5 - and the Statement of Extra charges amounting to Rupees 94 - 12 - . With reference to Para 5 of his letter the Collector's attention is called to the Board's Circular order of 24th March 1851 regarding the appropriation of the surplus funds of Minor's Estates under management.

Read again Statement from the Collector of Malabar dated 11th July and entered in Consultation 21st September 1854.

B^d N^o 3758 Sir,
From the Collector
of Malabar

In reply to Extract from the Proceedings of the Board of Revenue under date the 21st Ultimo, I have the

14710

Fort St George 26th October 1854.

the honor to explain that Mr Sandeman was off and on at Coimbatore for 21 days with my permission, in view to obtain Medical advice for his wife. His work was carried on during the whole time.

It will be remembered that the Officer at Calicut was to furnish a Catcherry and therefore always draws full Extra Tent allowance.

Calicut

2nd October 1854

/Signed/ H. V. Connolly
Collector

Read again Statement of Extra Tent allowance drawn by the Collector of Malabar and his Subordinates during Fushy 1262.

N^o 135.

To B. Cunliffe Esq^r

Sub Secretary to the Board of Revenue
in Charge
Fort St George.

B² N^o 4006.

From the Collector of }
Malabar

With reference to the Board's Circular under date the 14th ultimo, I have the honor to transmit two separate Lists of the Hoogoor and Talook Establishments N^o 1. containing the servants of the Revenue Department N^o 2. those of the Magisterial and Police Departments the total of both corresponding with the amount of the sanctioned Moyan Jabitah for this District.

2. The separate Classification of the two Establishments is nominal, for the servants of the Revenue Department (particularly those attached to the Talook and Village Catcheries) perform Police Duties, and those of the Police Department, Revenue Duties, according to circumstances, but comparatively speaking about three fourths of the whole are often required to perform Police Duties.

3. Adverting to the 1st Para of the Circular, I beg to state that there are no Taluaries or ~~Deas~~ in Malabar. The armed force, called the Malabar Police Corps, recently ordered to be maintained, is now in course of organization.

Calicut, ---
18th October, 1854

Fort St. George 26th October 1854

No. 31.

To

B. Cunliffe Esq.
Secretary to the
Board of Revenue.

After
B. 49. 4. 024.
From the Government
Plader

In reply to your letter under date the 19th October, I have the honor to state that according to the best of my belief the Regulation under which the Court has called upon the Collector to manage the property in question is Regulation II of 1811 Section X. —

2- I believe that many estates in various parts of the Country are held by Collectors under similar Circumstances, the Revenue Board will be aware whether or no I am correct, but I am of opinion that the present case is a fitting one in which to take the opinion of the Court, as to the interpretation which they have put upon the Regulation above quoted, and whether they will apply it in all instances. It is I think very desirable to have this authoritatively settled one way or the other —

I return the papers forwarded to me.

Madras — — —
26th October, 1854

/ Signed / J. B. Norton —
Government Plader.
— Proceedings

14712

Fort St. George 26th October 1854

B. No. 2372.

Proceedings thereon

(16.87)

The Board of Revenue agree with the Government Pleader, that it is desirable to have the case authoritatively determined, and as they request he will be good enough to take steps accordingly. The Board are not aware that there are other estates held in attachment by Collectors in a similar manner, nor does it appear to them that Sec. X of Regulation II of 1811 authorizes the Courts to make use of the Collector as a Manager of what is in fact a co-mortgaged estate.

Resolved that the following letters be despatched.

No. 507.

Para 1

The Right Honorable the
Governor in Council has approved with satisfaction

11/23

Fort St. George 30th October 1854

Satisfaction the desire evinced by several Revenue
Officers to diffuse in their Districts a knowledge of
surveying and plan drawing, and he therefore accedes
to the proposal of the Board of Revenue as submitted
in the above letter. The Board are authorized
to procure six sets of Instruments at a cost
not exceeding 4,000 Rupees. The Military and
Board will on the indent of the Board of
Revenue supply from the public stores such as
can conveniently be spared, and the Revenue
Board will themselves procure the remainder
by purchase or by order to the makers in England—

2. The Governor in Council also authorizes
the Collectors of such Districts, as may be
approved by the Board, entertaining 10 Survey-
ing pupils at 6 Rupees each per Mensem
and 3 at 4 Rupees the charge to be included
in the annual statement of charges incurred
on Estimate—

3. The Board of Revenue will
at the expiration of a twelve month report
to Government the result of the measures
now sanctioned—

Sir,

In for 30th Oct 1854

With reference to Extract Minutes of Consultation under date the 21st October 1854, authorizing the Board of Revenue to procure six sets of Surveying Instruments at a cost not exceeding Rs. 4,000 Rupees for supplying to the Collectors of several Districts. I am directed to request that you will be pleased to issue the necessary order to the Sub Treasurer to place at my disposal the sum of Rs. 4,000 to enable me to purchase the instruments in question. The Account particular will be submitted after all the articles have been purchased, but an Estimate is forwarded herewith for sanction.

Revenue Board Office

Fort St. George -

30th October 1854 -Signed / B. Greenliffe
Sub Secretary in chargeN^o 1

The Honorable Company

B. N. 4069

From the Secretary
to GovernmentN^o 1387

Extract from the Minutes of Consultation in the Revenue Department, under date the 27th October 1854

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 21st September 1854 N^o 451)

Para 1

In the above letter the Board of Revenue bring to notice the Solicitation of Mr. Underwood, the Collector of Sea Customs that he may receive the instructions of Government as to the power of Control designed to be vested in the Board of Revenue over his Office by the orders of Government dated 28th February 1849 N^o 212 as contrasted with their orders N^o 673 dated 5th July 1844.

2.

This application has led the Governor in Council to review the Agency employed for the supervision and control of the Customs Department both prior and subsequent to the passing of Act VI 1844.

3

He finds that prior to that enactment taking effect, the Collectors of Land and Sea Customs and among them the Collector

14/26

Fort St. George 30th October 1854

Collector of Sea Customs at the Presidency were like the Collectors of the Land or any others branches of the public revenue subject to the control of the Board of Revenue under Regulation I II 1803.

By Act VI 1844 all the Regulations of the Madras Code which prescribed the levy of any inland, transit or town duties were rescinded as also with some few exceptions all those parts of the Madras Code relating to Sea Custom duties and a new Sea Customs Code was substituted. Regulations I II 1803 were not however rescinded and among those parts of the old Sea Custom Code excepted from rescission was one Sections 55 to 40 both inclusive Regulation IX 1803 prescribing the course to be followed in respect to the conduct of suits instituted against the Collector of Sea Customs at Madras and directing that the defence of such suits or orders of the Board of Revenue.

Among the questions which soon after the passing of Act VII 1844 arose in consequence of the change of system introduced by that enactment, was one regarding the extent of Control over the Customs Department left by it to the

14/24

Fort St. George 30th October 1854

Revenue Board. The matter was referred for the opinion of the Judges of the Court of Sudder Adalat who reported upon it in their Proceedings of 25th April 1844, and on further explanation being solicited by the Board of Revenue 13th May 1844, made a more full report, under date 12th June 1844. In this last paper they stated, Para 10, that they were distinctly of opinion that by the Law as it now stands, with one exception, i.e. (that the Board are to decide whether suits brought against Collectors of Sea Customs shall or shall not be defended, on the Public account) there is not one single specific function of Control over the Customs Department either land or sea, left to the Board of Revenue. In their previous Proceedings 25th April 1844-Para 8 - they had given their opinion that the Government could not delegate any authority expressly committed by an Act of the Government of India, to themselves, to any subordinate Board or Officer, or unless they are expressly empowered by the Act to do so.

On receipt of these reports the Government Extract Minutes Consultation 5th July 1844 resolved "that all the Officers now appointed Collectors of Customs within their respective Districts are as Collectors of Land Revenue under the immediate orders of the Board

14728

Fort St. George 30th October 1854

Board of Revenue. all communications from their Offices on the subject of the Act in question shall pass through the Board of Revenue, who shall continue to be the channel of communication with Government, and be authorized to obtain whatever information they may require on any subject referred to them by the Governor in Council for their opinion and report - adding that the Collector of Sea Customs at the port of Madras will be instructed to correspond direct with Government, a measure which while it affords a relief to the Board of Revenue in their several important duties will not deprive the Government of the opportunity of consulting them in disposing of questions in which the benefit of their experience may be desirable. -

7 The course thus enjoined was followed until the year 1849. The Collector of Sea Customs at Madras communicated direct with Government on all matters connected with his Office which he considered proper to be brought to their notice. The Government usually sent down these references to the Board for their opinion, and after receiving their report passed such orders as seemed necessary. The

14729

Fort St. George 30th October 1854

8. The practice however was found to work ill, leading to inconvenience and delay, and in February 1849, the Government prescribed the course which has been since pursued. They observed - Para 4 - Extract Minutes Consultation 28th February 1849, that much unnecessary occupation of the time of Government would be saved by the Collector of Sea Customs in future communicating with the Board of Revenue; or instead of addressing the Government direct. On several recent occasions they added "it has been found requisite to refer for the opinion of that body subjects brought to notice by the Collector, and as the general Superintendence of the Sea Customs in the Provinces is still under the Board, they thought a change of the present inconvenient practice with regard to the correspondence with the Sea Customs Department at the Presidency very desirable. They accordingly resolved in Modification of the orders of the 5th July 1844. H.P. 673 to direct that the Superintendence of the Sea Customs revenue at the Presidency be vested in the Board of Revenue, and that the Collector of Sea Customs at the Presidency, as to the collector in the Provinces, communicated to Government

14730

Forb St. George 30th October 1854

Government through, and correspond with that authority in the same manner as he did previous to the passing of Act VI 1844 and the issue of the orders which followed. Of course they continued, in all cases in which the orders of Government are requisite under the Act, the Board will bring the subject under the consideration of the Governor in Council, adding "it is not competent to the Board in any case to overrule an order of a Collector of Sea Customs to the disadvantage of the party affected by the order, but the Governor in Council leaves it to the discretion of the Board on appeals made by the parties complaining of orders of the Collectors for seizures, confiscations, or other penalties to modify such orders in favor of the parties without a reference."

9. The Collector of Sea Customs 3rd March 1849, remonstrated against these orders but was informed by the Government in reply, 13th March 1849, that they saw no reason to modify them. The Government, it was stated, has seen fit to delegate to the Board of Revenue the power which they have

14731

Forb St. George 30th October 1854

have hitherto exercised themselves in modifying the decisions of the Collector of Sea Customs in certain cases. The orders given do not affect any powers that may be exclusively vested in the Collector of Sea Customs by law. For instance the Act confers on the Collector the power to confiscate, but the Government as the ruling authority can undoubtedly remit or mitigate the sentence of the Collector, and this power the Governor in Council delegates to the Board of Revenue. The orders of Government direct the Collector of Sea Customs to communicate to Government only through the Board of Revenue and this course Mr. Underwood will follow.

10. The Collector of Sea Customs now solicits the instructions of Government as to the power of Control designed to be vested in the Board of Revenue by the above orders, as contrasted with the previous orders of 1844, and in reference to the opinion of the Suoh Udat 25th April and 12th June of the same year, viz. whether authority is thereby conveyed to the Board of Revenue to Control his Department and stop in

14732

Fort St. George 30th October 1854

in transitu at their discretion, Letters transmitted by it. On further enquiry by the Board he explains that he alluded only to the stoppage of one letter or that addressed by him to the Board on the 2^d December 1849, or five years since.

11 The question as to the extent to which the Collector of Sea Customs at the Presidency is subject to the supervision of the Board of Revenue, having thus been again raised, and with it incidentally

Note There are thirteen Maritime Districts in the Madras Presidency, with ports for the shipment and landing of Merchandise and with Sea Custom House Establishments. There are therefore thirteen Collectors of Sea Customs, besides the Collector of Sea Customs at Madras. There are also on seven Districts surrounding or bordering on Foreign European Settlements, or Native states (Travancore) and consequently on seven Collectors of Frontier Customs. —

ally the larger question whether he, and consequently all Collectors of Customs in the Provinces by sea or by the Land Frontier, are or can be made subject to that supervision

at all except as regards the Collector of Sea Customs at Madras, in the unimportant or particular provided for by Regulation 1803. Section 55-70. The Right Honorable the Governor in Council resolves to forward all

14733

Fort St. George 30th October 1854

all the Chief papers connected with the subject to the Supreme Government and to request their views on the question. The main points on which the opinion of the Government of India will be solicited, are —

1st Whether Act VII 1844, did take from the Board of Revenue the general or powers of Supervision and control over the Land (Frontier) and Sea Customs Departments at Madras, and in the Provinces conferred on them by Regulations I. II. 1803, and whether it was clearly the intention of the Act to place these Departments immediately under the Government. —

2^d Whether supposing the Control over the Customs previously vested in the Board to have been either purposely or inadvertently withdrawn by the Act, it is competent to Government to delegate to that body its own powers of supervision in the manner and to the extent laid down in Extract Minutes of Consultation 28th February and 13th March 1849. —

12 Meanwhile, the orders of 28th February and 13th March 1849, will remain

14734

Fort St. George 30th October 1854

remain in force, and the Collector of Sea Customs at Madras will conform to them as according to the construction put upon them by the Board in their Proceedings of 10th April 1851 which the Government consider to be the correct exposition.

13 The Governor in Council further observes that by the Act for the reform of the Bengal Customs XIV of 1836, the Collector of Sea Customs at Calcutta is subject to the orders of the Board of Customs, salt and Opium, whose functions to their full extent have since been transferred to the Sudder Board of Revenue by Act XLIV of 1850. The reform of the Bombay Sea Customs next followed by Act I of 1838, but in adapting the provisions of Act XIV 1836 to that Presidency, the reference to the Board of Salt, Customs and Opium, was omitted, there being no such Board nor any Board of Revenue at Bombay. The Government however find from a reference made to Bombay in 1844 that

14735

Fort St. George 30th October 1854

at that time, altho' the Collector of Sea Customs there corresponded direct with Government, the Collector of Continental Customs corresponded thro' the Revenue Commissioner for the Northern Division. Act I 1838 has been rescinded by Act I 1852 under which the Governor in Council at Bombay is empowered Section III to appoint one or more persons to be Commissioner or Commissioners of Customs for the Collection and management of Customs throughout the whole of the Presidency of Bombay and all persons appointed Collectors of Customs are to be so subject to the authority and control of the Commissioner or Commissioners (if any have been appointed) in such manner and to such extent as the Governor in Council from time to time may direct. The Madras Act VI 1844 follows closely the rescinded Bombay Act I 1838 and the absence of any allusion to the Revenue Board may thereby be accounted for.

the Quantity stored in the District of Ganjam for Tuly 1263.

Amount of
the Salt wasted
at the selling
price.

Explanation of the Cause of Wastage

10
C. R. as P.

Quantity of Wastage at 5 per Cent in the salt sold by full
heaps is as follows—Heaps Numbers
1,282 10 • Ganjam ————— 2 • 120
Novpadah ————— 112 • 6720
Wimmerouilly ————— 2 • 120
Total ————— 116 • 6960

1752 12 1/2

2026 11 20

5,465 6 9

The Decrease that appears in the per Cent-
age of the Wastage on the quantity of Salt sold at
the Pans in general during Tuly 1263 arises from a
greater portion of the Sales at the Novpadah Catur
having been wholesale, as well as from the brisk sale
at the others of some of the Salt Heaps of Tuly 1262
within a short period after storing, combined with the
Excess found in the disposal of some of the salt Heaps
at the Ganjam and Munoorottah Pans

Under the above explanations, the Collector begs to
state that the Board will be pleased to obtain the sanction of
Government for writing off from the Public Accounts the wastage
which occurred in this District during Tuly 1263.

To B. Curcliffe Esq.

Sub Secretary in Charge

to the Board of Revenue

B^d 223799

From the Agent to the Governor at Hurmool

Fort St George

The Governor at Hurmool

Sub Secretary in Charge

Proceedings dated the 21st March 1853, I have thehonor to state that the provisions of the 1st July 1850, relating to the personal

appearance of all female prisoners above

the age of 50 years have not been brought into full

operation in this District, nor have the requirements

of the Circular of the 16th December 1850 been observed

in all cases, no orders on the subject having been

issued by my predecessors on the receipt of the

instructions from the Board, and in my opinion

the practical operation of the Rules when first

introduced in this District, will be found to be

either that the persons at present exempted from

appearance will relinquish their claim to

exemption or that the persons who appear on that the

provisions will be confirmed under the rule of

December 1850 the receipt to being all

female prisoners, and persons of rank

and position, to entitle them to be considered

2 I reported the case of female prisoners

11/7/42

Fort St George 30 October 1851

named Soofessah, who brought her under the rules, and she was exempted from appearing under the orders of Government dated 21st April 1853, but it did not occur to me to enquire at the time of making the application on her behalf to ascertain what number of other Female Prisoners were of an age to bring them under the rule, and obtain the special sanction of Government to exempt them from appearance.

3 Hereto the Charge of Hurmool or the officer in Charge of the Prisoners have certified to the existence of the parties in question, and the position and highly respectable character is a safe guarantee that the trust has been faithfully fulfilled, but as the Government may require the rules to be enforced in future, I have called upon the parties affected to name their respective Valuers and Sureties from amongst the male Prisoners, and my successors can make the necessary application on their behalf.

The following are the Parties reported to be living above age bring them under the rules.

	Age	Monthly Allowance

Fort St George 30th October 1857

To

B. Cunliffe Esq^r
Sub Secretaryto the Board of Revenue
Fort St George31
B. N. 1057

From Acting Collector Sir I have the honor to acknowledge of Chingleput.

Reporting that the necessary arrangements for holding periodical meetings for promoting the agricultural interests in the District will be made at the approaching settlement

the receipt of your letter of the 13th inst. calling attention to the Board's Circular of the 7th September, referring to Periodical Meetings proposed to be held at stated times for promoting the Manufacturing and Agricultural interests of Southern India.

The mode of Proceedings indicated by Government in the Minutes of Consultation of the 14th July last, was the establishment of meetings in each district of this Presidency for the purpose of distributing Prizes of money, or of bestowing honorary distinctions exclusively to native producers. The Prizes being mainly confined to bonafide Farmers, and restricted to such products as, from their abundance and easy cultivation, were likely to become available as articles of external commerce. The points on which the Board of Revenue required information were first, the time and place for holding.

14751

Fort St George 30th October 1854.

holding these agricultural gatherings, and secondly, they desired to know what Productions were most fitted to the District, and for what articles it would be most desirable to offer Prizes, with the amount proposed to be given. It was supposed that full information on these points could be given within a month of the receipt of that communication.

In placing a limit of thirty days for devising plans, for establishing Industrial Exhibitions in each Collectorate I fear the Board have been led to overlook the difficulties that present themselves. In Chingleput, the people generally are unprepared for measures of this nature, & are little disposed to interest themselves even about them, and it is self evident that if success be desiderated, the Community must be consulted, and the people roused from their listlessness & indifference, must be led to cooperate with the Officers of Government. Without active cooperation from the Public, the present scheme will prove abortive.

14752.

Fort St George 30th October 1854.

abortive as the past efforts of a like sort in 1845 were shown to be failures. As regards this district the orders under reply were received at a period singularly inopportune. The collectorate had just passed into the temporary charge of an Official, a stranger of the District, and unknown to its inhabitants. The annual settlement always late in Chingleput, had just been completed, and the population had dispersed after a more than usual disastrous year, some to find employment in the numerous Public Works now carrying on, and others to seek occupation elsewhere till the periodical rains should again set in. At such a time it was found impossible to consult the Ryots with convenience and it was accordingly resolved to take the opportunity afforded by the coming settlement in the next cold season when the Ryots were again assembled to explain to them fully the views of the authority, to hear their sentiments, to remove their misapprehensions, and in communication with them to consult

14753

Fort St George 30th October 1854

consult how and when the wishes of Government could be most effectually carried out.

It is needless to conceal the fact that this district yields few or no products that are now valuable articles of produce suited for external commerce. Indigo is not grown to any extent, and the plant is not increasing in favor with the People. The soil and climate have been pronounced and proved to be unsuitable for Tobacco & Cotton. Mulberry planting for silk filatures has been tried, and abandoned, sugar cane cuttings were distributed largely in 1840, and nurseries were established in various localities, but by degrees the Cultivation dwindled away till cane ceased to be grown except in a few Villages in Coimbatore and Piddapollim Talooki. When to this it is added that there is no good breed of cattle, and that the sheep are of the most ordinary kinds, the agricultural prospects at present are not exhibiting

14754

Fort St George 30th October 1854

In my judgment, the development of the resources of Southern India has been retarded, in great measure by the want of facilities held out to European and other capitalists to acquire free hold or leasehold property in districts. Legally there is no impediment to the acquisition of such property, practically, it is next to impossible in a Ryotwar District for a Merchant to acquire land, or to hold Villages on Rent. Capital & capital are wanted to stimulate native industry, but capitalists will not risk their money without their having an interest in the land.

Sir

About six months since I requested your permission to clear and plant with coffee a piece of land which you considered perfectly unobjectionable. Captain L. O. L. surveyed it and I believe you have sent the Plan with my application to the Revenue Board.

14758

Fort St George 30th October 1854

Board at Madras. May I request that you will endeavour to procure for me some reply to it. I am not particularly anxious to obtain the land but I am very desirous to receive an answer speedily whether or not it be available for cultivation if so, as I before mentioned another European with capital would become resident on the Mills - he is now in England awaiting the decision of the Board and should that be unfavorable will look to some other quarter than India for investment.

Ganjam 1st September 1854

Errors Excepted Signed J. Brander Collector

October 1854

the Quantity stored in the District of Ganjam for Fusly 1263.

Amount of the Salt wasted at the selling price.

Explanation of the Cause of Wastage

10	11
C. R. as P.	Quantity of Wastage at 5 per Cent in the Salt by full heaps is as follows
12,821	Ganjam 112,672
403	Wanipadah 2,120
	Wanumerully 116,696
	Total 116,696

The Decrease that appears with per Centage of the Wastage on the quantity of Salt sold at the Pans in general during Fusly 1263, arises from a greater portion of the Sales at the Wanipadah Cotnams having been wholesale, as well as from the brisk sale at the others of some of the Salt Heaps of Fusly 1262 within a short period after storing, combined with the Excess found in the disposal of some of the Salt Heaps at the Ganjam and Munimcottah Pans.

Under the above explanations, the Collector begs to state that the Board will be pleased to obtain the sanction of Government for writing off from the Public Accounts the wastage which occurred in this District during Fusly 1263.

Order thereon

Ordered to be recorded

Resolved that the following letter be despatched
To the Chief Secretary to Government

Sir

49
D. No. 2405
To the Chief Secy
to Government

Several applications having been made
for copies of the Board's Proceedings of 29th February
1854, explaining the method proposed to be adopted
for the Revenue Survey under Capt. Priestly's di-
rected by the Board to request the permission of Govern-
ment to have these Proceedings printed and the comple-
mentary map lithographed, as also the order of the Government
of India dated 25 September 1854. No. 2120 approv-
ing of the plan of survey as amended by the Government
of Madras.

Govt. is in favor
18th October 1854

The Board are of opinion that these
Proceedings may be serviceable, as explaining to the
many who are interested in the subject, the progress
about to be adopted, and it will enable those in Districts
where the survey may eventually be carried, to prepare
native youths for employment in the work.

As the Government Press is fully occupied, the Board propose
to have these papers printed in one of the Town Presses, and their Secretary
will supervise the sheets. The Government will be pleased
if they approve of the arrangement to direct what
number of copies shall be struck off.

14730

Forb St. George 30th October 1854

Government through, and correspond with that authority in the same manner as he did previous to the passing of Act VI 1844 and the issue of the orders which followed. Of course they continued, in all cases in which the orders of Government are requisite under the Act, the Board will bring the subject under the consideration of the Governor in Council, adding "it is not competent to the Board in any case to overrule an order of a Collector of Sea Customs to the disadvantage of the party affected by the order, but the Governor in Council leaves it to the discretion of the Board on appeals made by the parties complaining of orders of the Collectors for seizures, confiscations, or other penalties to modify such orders in favor of the parties without a reference."

9. The Collector of Sea Customs 3rd March 1849, remonstrated against these orders but was informed by the Government in reply, 13th March 1849, that they saw no reason to modify them. The Government, it was stated, has seen fit to delegate to the Board of Revenue the power which they have

14731

Forb St. George 30th October 1854

have hitherto exercised themselves in modifying the decisions of the Collector of Sea Customs in certain cases. The orders given do not affect any powers that may be exclusively vested in the Collector of Sea Customs by law. For instance the Act confers on the Collector the power to confiscate, but the Government as the ruling authority can undoubtedly remit or mitigate the sentence of the Collector, and this power the Governor in Council delegates to the Board of Revenue. The orders of Government direct the Collector of Sea Customs to communicate to Government only through the Board of Revenue and this course Mr. Underwood will follow.

10. The Collector of Sea Customs now solicits the instructions of Government as to the power of Control designed to be vested in the Board of Revenue by the above orders, as contrasted with the previous orders of 1844, and in reference to the opinion of the Suah Udat 25th April and 12th June of the same year, viz. whether authority is thereby conveyed to the Board of Revenue to Control his Department and stop in
