Fort St. George 22d January 1805

No. 96

To

B. Cunliffe Esqre

Sub Secretary to the

Board of Revenue

50.

Fort St. George

Sir,

Bd No. 4409 of 1853-54

From the Collector of Salem

Submitting Report on the settlement of the Extra Sources of Revenue for Fusly 1263.

I have the honor to submit my Report on the settlement of the Extra Sources of Revenue in this District for Fusly 1263, with the prescribed Statements in Hindoowee and in English.

Abkarry

2 There were no fluctuations under this head as the Abkarry Farm was rented for a term of 3 years commencing with Fusly 1261.

Fusly 1262	96,010 - - -	
Fusly 1263	96,010 - - -	

Sundry Small Farms and Licenses.

3. The subjoined abstract shews a nett increase of Rupees 1,352-6-11 above the demand for the past year under the head of Sundry Small Farms and Licenses.

Fusly 1262	10,212 - 10 - 3	
Fusly 1263	11,565 1 - 2	
Increase	1,352 - 6 - 11	

Particulars

Tamarind Rent 3

The rents derived from Tamarind Topes exceeded those of the preceding year by Rupees 409-0-0 in the Kristnagherry Talook and Rupees 645-0-0 in Tripatore Talook, making a total of Rupees 1054-0-0, but in the two Talooks of Namcul and Senkerry-droog there was a decrease of Rupees 210-0-0 and Rupees 1-7-2 respectively, which leaves a net increase of Rupees 842-8-10. The decrease in the Namcul Talook was owing to the fall of several Tamarind trees in the Kallymallay Hills during the storm of the 27th March 1853.

Fusly 1262	4834-9-0
Fusly 1263	5677-1-10
Increase	842-8-10

Fancies 5.

Under this head there is a decrease of Rupees 146-4-0 in the 4 Talooks of Namcul, Paramatty, Senkerry-droog, and Kristnagherry, against an increase of Rupees 105-4-0 in the 4 Talooks of Woomaloor, Trichengode, Tengricottah, and Denkencottah, which leaves a net decrease of Rupees 41-0-0. The decrease of Rupees 101-0-0 in the Namcul Talook is owing to a Ferry boat having been established at Moganoor free of charge under the sanction

Increase	23 . 3

The subjoined Statement shews the details of the settlement of ain Moturpha and its net increase of Rupees 23--3 above the revenue of the past Fusly. The increase under two of the items is owing to a corresponding increase in the number of Sunitheries &c. and of persons following different professions. The decrease in the remaining three items is owing to a decrease in the number of persons liable to the Moturpha tax under each of those heads.

14 The balances outstanding under the heads of Abkarry and sundry small Farms and Licenses, amounting to Rupees 1,478-10-3, will be realized before the close of November 1854. The Moturpha balance will be collected within the same period, with the exception of about Rs 100 — " — " due from deceased, absconded, or indigent Ryots. Further enquiry will be instituted in regard to this balance at the approaching Summahbundy and such remissions as may be necessary will be recommended hereafter.

15 The annexed Statement shews the amount of Sewoy Summa or Extra Collections during the present Fusly.

File

Fort St. George 22d January 1855

16 The decrease in the first item is caused by a decrease in the amount of interest paid on Kists over due - The second item in Fusly 1262 included Rupees 115 - - 6 being a portion of the tolls collected at the Moganoor Ferry - In the present year the collections on this account amounted only to Rupees 86-14-- as the Ferry toll was abolished by order of Government, dated the 8th November 1853. and was discontinued from the month of December - This is the principal cause of a decrease under the 2d second item - The slight increase on account of Motupha proceeds from a greater number of Looms ^ha having been taped and brought to account under the head of Sevoy Summah, and the falling off, under the head of Stamps, is caused by a decrease in the amount received from the Courts on account of penalties.

Old Balances 17 The subjoined abstract shews the details of old balances of Extra Revenue Items

18 The total balance uncollected amounts to Rupees 357-12-11. Of this balance Rupees 74-7-0 due for Fusly 1262 from the Ferry Contractor of Moganoor, and Rupees 88-14-11 the Moturpha balance of previous years, were remitted under the sanction of Government in Extract from Minutes of Consultation dated the 13th March 1854, but not having been removed from the accounts in time they are included in the present statement- after deducting these two sums, the Total balance amounts to Rupees 194-7-0. Of this sum the amount of Rupees 1-14-2 is the balance outstanding under the head of Sundry Small Items and Licenses, of which Rupees 0-6-2 was collected to the close of September and Rupees 1-8-0 will be recovered hereafter. The remaining sum of Rupees 192-8-10 is the balance under the head of Moturpha, of which Rupees 2-3-0 was collected to the close of September last.

B.d No. 177
Proceedings
50-51

Fort St. George 22d January 1855

Thereon— The demand for Fasly 1263 amounted to Rupees 209226-8-6 being Rupees 1664-8-8 in excess of that of the preceding year.

The Collections up to the 30th September 1854 amounted to Rupees 207170-11-10 leaving a balance of Rupees 2055 9-8— which the Collector states would be realised in the Course of November with the exception of about Rupees 100 due on account of Moturpha, the recovery of which is very doubtful—

The old Balances are nominally Rupees 357-12-11 but this Sum included Rupees 163-5-11 already remitted by Government although not in time for the amount to be excluded from the accounts of the Fasly— The actual Balances of this description are therefore Rupees 194-7-0 of which Rupees 62-15-4 is considered to be irrecoverable— The sanction of Government will be requested in due course for writing off this sum.

The fluctuations in the different items of Extra Revenue do not call for remark—

The Board observe that the amount of Sewy Jumma shewn in para 15 is less than the sum entered in the 11th July Returns by Rupees 26-10-9 as shewn in the Margin

and

11th July Collections as per statement 1— 191-13-0
Return 2 Do. Statement 3 — 9-9-0
1201-6-0
Extra Revenue — 1174-11-9
26-10-9

Fort St. George, 22d January 1855

and they request an explanation of the discrepancy.

Tabular

Fort St. George 22d January 1855

Thereon — The demand for Fasly 1263 amounted to Rupees 209226 — 8 — 6 being Rupees 1661 — 15 — 8 — in excess of that of the preceding year —

The Collections up to the 30th September 1854 amounted to Rupees 207170 — 11 — 10 leaving a balance of Rupees 2055 — 9 — 8 — which the Collector states would be realised in the Course of November with the exception of about Rupees 100 due on account of Motinpha, the recovery of which is very doubtful —

The old Balances are nominally Rupees 357 — 12 — 11. but this Sum included Rupees 163 — 5 — 11. already remitted by Government although not in time for the amount to be excluded from the accounts of the Fasly — The actual Balances of this description are therefore Rupees 194 — 7 — of which Rupees 62 — 15 — 4 — is considered to be irrecoverable — The sanction of Government will be requested in due course for writing off this sum —

The fluctuations in the different items of Extra Revenue do not call for remark —

The Board observe that the amount of Sewoy Jumma shewn in para 15 is less than the sum entered in the 11th July Returns by Rupees 26 — 10 — 9 — as shewn in the Margin

granted.-

For Subdittum

Ramachendriah died on the 7th December 1837 and was in no way related to the original grantees.-

The case was fully investigated and it appears that the enam was originally granted to Ragoonathapunt and 5 others and that they continued to enjoy it for about 20 years. though the name of Ragoonathapunt does not appear in the Urzee roaca or petition

or about 12 years before his death.

Owing to the length of time that has elapsed since the original grant it is impossible to trace the genealogy of the original grantees neither the wrzaroaca grant nor any documents to shew the several transfers of the enam alleged in the inquiry are forthcoming.—

The last holder Palamchetty died on the 27th March 1850 and was no relation of the original grantee.—

The manner in which the last holder obtained the enam in question was as follows.

Madacacherry and 26 others to whom the enam was originally granted having made over one fourth of it namely V. M. G 8—2—37 to the proprietors of the Village from which the lands were alienated by the late Rayah as Compensation for the loss of their Meerasse right

For Subsistence

Granted by Shrotriem and enam register received from the Rayahs palace are the only records in support of the grant. It has never been Gifted.—

Fort St. George 22d January 1855

right V. M. G 21 — 9 — 13 remain-
:ed in their enjoyment
out of the portion given
to the Villagers as above noticed
15 Mawes were granted by them
to Rungiengar and others, the rest on V. M. G 7 — 7 — 37
remaining in the posession. This together with the
estent which the original grantees had been a-
enjoying amounted to V. M. G 31 11 50 and was purchased
by one Mondicay Row of Tanjore arrears of Revenue
having occurred against him his enam lands
were sold in satisfaction and were pur-
:chased by one Moottiamoodelly on the 29th June
1822 at public auction. The latter shortly
after sold to Palanichetty (the last holder)
V. M. G 2 — 11 — 50 This added to the estent of M. G 5 — 50 is

of some Tariff land independent of the enam in question

reason why they should not be continued to his son under the provisions of the extract Min-:utes of Consulta-:tion dated 22d July 1853 but as a portion of the enam left by deceased has been given away by the Sd orders as to the propriet-:y of continuing that portion to the Doner are requested.—

which the latter subsequently purchased from Soobbamoodely, who has purchased it from the said Moottiamoodaly amounted to 2 volies and 17 Mawes. out of this estent the last holder having transferred by sale to some others c-
V. M. G 2 — 0 — 17 the remainder or M. G 10 — 93 has descended
to his son Somacunda Chetty of this M. G 5 — 43 only
are now in his enjoyment the rest having been
granted by him on the 7th August 1850 to one
Ristniengar.—

The following two deeds of sale are produced by the deceased's son.—

One Sale deed by Moottia-
moodely transferring M. G 5 — 43 Palanichetty on
the 30th April 1829.—

Do by Soobbaumoodely trans-
ferring M. G 5 — 50 to Palanichetty on the 17th Novem-
:ber 1837.—

grant, but was founded on a declaration made by him on occasion of his pilgrimage to Ramaswaram in 1801 — He did not however put them in possession of the land, but paid them the income from it till his death which took place 40 years ago — The same payment of produce was made afterwards by his 2d. Son Vencataramiah, who succeeded to the managment of the charity, owing to the death of his two brothers, till four Bramins mentioned above, deserted the agaram on account of some dispute — Vencataramiah having placed four other bramins in the vacant agarum mentioned them by a similar grain allowances when the deserts sued him in Court for the recovery of the houses and the land as having been a sacred grant made by his father Vencataramiah effecting a compromise with them made over to them the houses and lands alluded to, and executed in 1822 to each of them a deed of gift on their entering into a written agreement to the effect, that in the event of their selling the land he should have first option of purchasing it — one half of the Enam having been thus disposed of, Vencataramiah defrayed the expenses of the charity out of the produce of the remaining one vaily and the income from a Tope which he planted on a piece of a ground in the neighbourhood of the Chuttrum, measuring 10 A 10 G, and which was entered in the survey accounts of 1238 as Chuttrum maniem — He died about 18 years ago, and his son Vasodavien who succeeded to the conduct of the charity having died two years ago, Samien his son succeeded and has them still under his management — The four Bramins / donors referred to above / abandoned the Agaram which in consequence has so completely gone to ruin as to be scarcely traceable; they also sold portions of their Enam land, one vaily as per Sicca Sunnud, but increased to 7 Vill 1-7 according to

that the Enam may be continued to the widow of the deceased for her life in conformity to the views of the Honorable Court, as expressed in their despatches of 13th. October 1847 No. 19 and 19th. January 1848 No. 2. —

to a Meerasidar as gramabhogam and again from the family of the latter to that of deceased by purchase. An adoption is said to have been made of a party not naturally related to the last holder of the land without notice having been given to Government The portion of the enam possessed by the deceased had been in his enjoyment from 1833 to 1836 as a mortgage and from 1836 to his death in 1849 as a purchase His total enjoyment therefore was 16 years which including the time that has elapsed since his death makes an

Bill No. 3

Purchased on 10th September 1824 for 38½ Chas. cums from Ramasaw ... 90 ... ... 90 mein great Grand Son of the original grantees brother.

... 38½ ... 20 ... 17½

3 Copies of the deed of sale obtained by Ayeecoot. tummal in the name of Kistnien.

1 Copy of the deed of acquittance given by Kistnien to Ayeeattiam mant.

1 Copy of the deed of sale given by Ayee coottummall to the Chacum

5 The enam has never been grafted.

The registering of the land included in the first bill appears to have been erroneously made in the name of Panchabreecaza and Anunta Kutniah saahy instead of in the name of the Sirmanee Ammaul who had purchased it before the time of registry. The deceased bought the above In. G. 1-38½ of land in the name of the son in law Kistnasamien alias Kistnien with whom she was living Kistnien afterwards mortgaged on her account, an extent of In. G. 1—18½ to one Soobbacharry in whose name it was entered in the Survey account of July 1238 as In. G. 1 25½ the remaining 60 goontahs only being entered in the deceased's name as G 1/4 Kistnien however afterwards redeemed the mortgage on her account from his own money He afterwards gave up all his interest in the land in favor of the deceased on receiving from her in full of all his claims a sum of Rupees 255 on the 2d July 1816 The deceased thereupon sold the land on 20. December 1817 to her grand daughter Chachnin for Rs 250 the sum she had previously borrowed from her for satisfying the claims of Kistnien notwithstanding this sale by the deceased. She continued till her death to live in one family with her grand daughter Chachnin and his circumstance is supposed to have led to the mistake on the part of the Cutcherry in having registered the land in the name of the deceased instead of in that of her grand daughter in the Anubogum account of July 1258 The deceased having left no male issue her funeral ceremonies were performed by Chachnin who is now in enjoyment of the lands.—

Fort St. George 22d. January 1855.

the father and the former of whom having died the ruam was inherited by the last holder Annasawmiengar who was the son of Annatiengar He and his uncle Shashiengar lived in one family and were in the Joint enjoyment of the Enam — Annasamiengar having no male issue adopted Annatcharry the second son of his uncle and shortly after died. His adopted Son who now inherits the ruam was living with his natural father Shashiengar undivided and on his death continues to maintain his family. —

Sashiam son of Sashiengar } to

Besides they are possessed of 31 Vahies in Suttayvady V.m. 6 Villages and 40 Vahies in Tettammootta V.m. 7 Villages in the Veda=-salsel Talook as Tariff —

by the Meerassidar can be viewed in the same light as by the original grantees in which latter case the ruam would be exempt from all interference However this question may be disposed of the Collector is of opinion that the long possession of 32 years

added to the valuable consideration paid by the last holders family for the land confers on the adopted Son of the last holder a good claim to succeed to the ruam and he therefore recommends that it may be continued to him accordingly under the orders of Government dated 9th. May 1848 Para 6 and 22d. July 1853. —

For Endorsement.

22. Trivaloor Talook Palavanellore Village By a rod of 14 feet long V M G 3—8—75. Tariff assessment 1141 — — At the rate of 41 Rupees per Vaily Shotrium Teervah 33—3 — Difference

Granted in 1778 by Tolajarajah to "Dasastah" out of the waste lands, as Shrotriam on an Arza reciting granting 884½ in which the ruam in question is stated to

The last holder Simmappa Moodely died on the 16th. August 1849 — He was no connexion of the grantees. —

The grantees alienated as graambhagam V M G 1—2—93½ forming 1/30 of the whole ruam to the Meerassidars of the Village

Extent enjoyed by the deceased 76½ This as per Survey amounts to 84 extent held by others V M G 3—7 98½ Tariff

Appasawmy Moodely Son to the deceased aged 30 years. — Besides the ruam in question he

There is nothing on record to shew at what period the original grantees gave portion of their enam as grama Shrotriam to the Meerassidars but as such gifts were

Offences	Sentence	Trade or Calling	Age

(Pretanpour Veeravasenee)

(Seal in Tarisee.)

No. 17, 18, 23. " Rocca Dufter Carnoonary Soobah Combaconum Soohoorsan Inatine aluff Durvajabudul —

An extent of 217–19/ in letters not figures/ by a rod of 14 feet long is granted on Shrotriam tenure to Seevajee appaw and 35 others as follows.—

	V.	m.	g.
Nunjah out of the extent left waste — for 19 years from "Palava" to the present year	211	5	—
Poonjah in the Manamodoo Maghanum Patuck Pundanelloor	6	14	—
	217	19	—

/Here these lands distributed as Villagewar and Jemmawar are particularized in the Original Sunnud/

Particulars of the annual Quit Rent payable to Circar for these lands are given below.

On 211–5–— of Nunjah land at the rate of 6 Chuckrums for Vaily	Chs. 1267–	fan. 5
On 6–14–— of Poonjah Land as Putent —	46–	9½
	1,314–	4½

This added to Chs. 5–2½ Fan. forming one half of the "Nactabob" Demand on some of the lands of Vurdampet Village in Manamoodoor Maghanum Patuck Pundanelloor given to Seevajee appah makes a total of Chs. 1,319–7– Fan. of this, the demand for Nunjah as well as that for Poonjah with the

Fort St. George 22d. January 1855.

the exception of Chs. 31–3– Fan. due on the Peshanum Crop of the latter, including "Nactabob" is remitted for the present year. For the next "Rowdy" year one half of the Shrotriem Nunjah Peravah amounting to 633–7½ Fan. 52–2– the full Demand for Poonjah amounting to 685 Fan. 7½ to be collected from Doormity following and for query succeeding years is to be collected full Quit Rent of 1319–7– Viz. 2/5 on Cudappacar from Alpasy to Margaley. and 3/5 on Peshanum from Tye to Chittary. Besides out of the poramboke in the Village of Varadampet one half of the Shoodra Street &c. exclusive of Agraharum, Tank & Pagoda, and Nundavanums, has been granted to Seevajee appah 2/5th of the Tope &c. exclusive of the Tank, and Puttum lands in Calayem Village in the same Maghanum, has also been granted to the said individual Ramappah and Adieppa Moodly and to the rest one Maw each out of the unoccupied Puttum land in their respective Villages excluding the "Nactabob" land, is allowed for their habitations and Cattle Gounds. The Putent to this land is remitted. The produce grown on all the lands alluded to is under all circumstances to be enjoyed by the grantees and their descendants hereditarily

hereditarily- They are moreover exempted from Circar wooliem as well as all other petty Village charges such as giving coolies &c. for the Cart- The Shrotriem lands are to be separated from others and denominated "Serfojee rajapooram" to be continued from year to year as above specified.

Fresh Sunnuds not to be required every year Copy to be taken and the original to be returned.-

Bd. No. 218
Remarks thereon
Sept.
52-53

The Board support the recommendation of the Collector that the share enjoyed by the deceased Ramachendriah may be continued in the name of his adopted son Soobramaniah, the Enam being one supported by documents and of a date anterior to that mentioned in Sec: II Regulation XXXI of 1802.

No 13 The Enam being supported by documentary proof of its original grant, the Board are of opinion that under Para 5 of C. of 27th July 1848, the share held by the deceased should be continued in the name of his son Somasunda chetty, the portion alienated by the latter not being interfered with.

No 14 In consequence of the long period of 43 years during which the 5 Maws of land referred to in this case have remained in the family of the deceased Kistna Sastry, the Board recommend that they may be continued in the name of his widow with the hereditary holding.

No 15 The recommendation in this case for the continuance of the Enam in the name of the deceased's widow Seevagamy for life is concurred in by the Board.

No 16 Under the circumstances represented, and as the deceased's widow is stated to have no other means of subsistence, the Board would support the recommendation for the continuance of the share held

Fort St. George 22d January 1855.

held by her late husband in her name for life.

857 As the adopted son in this case, is not within the degree of relationship mentioned by C. O. 29th September 1851 para 4. and as it appears that he is already provided for by a situation of 25 Rs in the Rajahs palace, the Board do not see any grounds for indulgence in his favor, and therefore recommend that the Enam be renewed in the name of the deceased's widow for life.-

858 The Board observe that the order of Government referred to in the Collectors remarks on this case are inapplicable to it, That order refers to grants made anterior to the Date mentioned in Sec: II Regulation XXXI of 1802. which for Tanjore is A. D. 1792. whereas the present Enam was given in 1799. The adopted son being further very distantly related to the deceased, and there being reason to doubt the alleged adoption altogether the Board would recommend that the share held by the deceased may be continued in the name of his widow for life. and be resumed at her death.-

859 As this Enam appears to have been granted.

Fort St. George 22d January 1855.

granted hereditarily in 1710. the Board recommend with reference to para 5 of C. O. 27th July 1848 that it may be continued in the name of Chachum grand daughter of the deceased as proposed by the Collector.

860 Although the long possession of 67 years would have been a good ground for the continuance of the Enam to the lineal descendants of the deceased, yet under the circumstances under which the enam was acquired by her, and her relationship to the claimant, it appears to the Board that there is no valid reason for the renewal of the grant in favour of the latter. They would therefore recommend its resumption.-

861 As the adopted son Ananthacharry referred to in this case, appears also to be the cousin of the deceased in an undivided family, the Board recommend, that as proposed by the Collector, the share held by the deceased may be renewed in his name.-

862 On the ground of long possession alone, the Board would suggest that the share held by the deceased may be continued in the name of his son Appasawmy Moodelly &c

In

No 23 In this case also it is recommended on the above ground that the enjoyed by the late incumbent may be continued to his son Soondrappien.—

Fort St George.

Bd No 3741

From the Collector of Trichinopoly. } Sir

Para 1 I do myself the honor to acknowledge the receipt of your letter of the 28th Ultimo, and to submit hereunder the explanation called for.

2. I have reconsidered the closing Para of my letter of the 15th April 1853. and I find I have made an erroneous statement. The "Dry Cawnie" used in those Villages noticed by me is the cawnie of 57600 square feet, identical with that used in the Dry Talooks. But Paulgoody being one of the irrigated Talooks, the curnums of these Villages instead of entering the cawnie in their accounts as the dryone, make a conversion of it into the Wet cawnie which is 3/4ths of the Dry cawnie; and therefore for every cawnie of land in these Villages, the curnums enter in their annual accounts 1/4 cawnie, using the Wet cawnie as their measure.

They can afford no reason for this conversion, and neither does this practice obtain in any other Village of the District.—

3 With reference to how the length of the Native foot in English measure has been obtained, it is difficult to give a clear reply. There is no good explanation to be afforded of the length of the native foot. The only reason for placing the native foot at ten Inches is this. That since our Rod of 24 feet measures the same area of land as the Native Rod of 23 feet, it is clear that the Native foot in comparison with the English one must be 1/8th less and which is equal to about 10 ozs 10 1/2 Inches in length.

Vol condapoorum . . . 122

Arredore 176

Woodiarpolliem 256

It is these measures for fixing the rates of a moderate tase on each class of land. I am anxious to lay before the Board for their approbation and sanction.—

3 By the 6th para of your separate letter I am instructed to commence with the Punjay lands first, as being the more extensive, leaving the Nunjay, if need be for a more deliberate consideration. I have not found such distinction at all necessary. The arrangements for the one description of land being equally attainable at the same time as for the other, and therefore I shall submit my proposed rates of assessment for both the irrigated and unirrigated at once.—

4 In like manner with reference to the lands lying uncultivated bearing excessive tase, and lands immemorial waste, there does not exist at this advanced period of the cultivation season

season the demand for taking them into consider-ation first, and arranging their rates prior to the usually cultivated lands of the District, as contemplated in para 2 of the Proceedings now under reply. I have therefore taken the whole entire area into consideration, whether Sheigab Layuch or Anathee Bunjer, and fixed my standard of assessment accordingly, applicable alike to every description of land or soil hereafter to be brought under culture. In this I trust to receive the concurrence of the Board.—

5. I have given to the whole of the papers transmitted me my utmost consideration and attention, and in strict conformity with the principles laid down by the Government and by your Board. I have endeavoured with the advice and assistance of my Sheristadars, to draw up a simple scale of assessment of a moderate demand, for both Wet and dry lands, and such that can I confidently except be made applicable and uniform not only to the four Dry Talooks them-selves but also to the dry Villages of the river irrigated Divisions of this Province

In

Fort St. George 22d January 1855.

6 In elucidation of my arrangements for the classification and assessment of the lands, I beg to furnish the accompanying Statements numbered from 1 to 17.

7 But before I enter into a detailed explanation of these papers, I must premise that, I have entirely got rid of the Garden or Fotaeal Case, placing lands of this denomination as first class Punjay - I have abolished the favorable rates heretofore accorded to certain privileged classes of land holders as Mahajim Colcoody - Poorooscoody and the like - I have also, after much deliberation, resolved to confine the division of the land into four classes only namely Karaseb, Shavel, Manul and Puller, and these fixed alike for Nunjay and Punjay lands. For the requirements of these four Talooks, do not call for a further Subdivision of the Soil.—

Four Tarums only have been long known throughout this Province, and such seem to be in accordance with the ancient usage

I have likewise been most careful that the Tax assessed on each Class for dry lands does not exceed 1/5th of the Gross produce, while for the

Wet

Fort St. George 22d January 1855.

Wet lands 10 per cent of the same is fixed.

8 The Board however must clearly understand that the Warum System, or payment of Revenue in kind, has never been applied to these dry Talooks of Trichinopoly; They have always from the earliest period paid their dues in Money, and the assessment regulated according to the product grown at every conceivable rate, varying in every Talook, and in every Village, almost, of the same Talook. These distinctive rates are legion numbering not less than 899 for Punjay and 334 for Nunjay.

9 I will now take the several Statement accounts that are prepared, and explain their details. Commencing with the Punjay lands as being the most extensive and important.

Punjay Statement No 1

This Statement exhibits my proposed assessment on the four Tarums into which the Soil is to be allotted. The grounds and reasons for arriving at this rate of assessment will more properly appear when the subsequent accounts and Statements are explained. It will be

sufficient

Fort St. George 22d January 1855.

sufficient here simply to aver that these are the rates best calculated to meet the present exigency; and to shew how they are arranged.

The Teerwah of the Karsel or 1st class is Rupees ——— 4 2 8

Of Shavel or 2d class is Rupees 3 2 "

Of Manel or 3d class is Rupees 2 1 4

Of Fuller or 4th class is Rupees 1 " 8

the Cawnie. Each rate being 1/4th of the one above. The assessment has been calculated on the Goolee in lieu of the entire Cawnie, which is a good Method. as it avoids confusion and trouble in applying the tax on an excess extent of land that may measure fractions of a Cawnie.

No. 2.

This statement shews the different rates of assessment, now existing for Garden and Punjay lands. There are no less than twenty nine distinct degrees, ranging from Rupees 34 4 5 to Rupees 1 " 6 The average of these gives for.

Karasel

Fort St. George 22d January 1855.

	Rs	a	P.
Karasel	4	2	8
Shavel	3	2	"
Manel	2	1	4
Fuller	1	"	8

No. 3.

Karasel ——— 7 2 "

Shavel ——— 3 4 3/4

Manel ——— 5 10 6

Fuller ——— 1 9 8

My proposed assessment is somewhat lower and I am thus enabled to meet the difficulty of arranging for the Torriore Talook where the tax on Punjay is from Rupees 4 3 3/4 to Rupees 1 " 6 the Cawnie.

This account will give in minute detail the numerous rates of tax heretofore demandable on the Garden and dry lands, with my proposed assessment placed in juxta position and a comparison between the two.

I may venture to say that such confusion in arrangement, with such unmeaning diversity of taxes for the same description of soil and product was never before produced.

Compared with these my rates of assessment seem equitable and not too low.

No. 4

This statement shews the average of tax on Garden and Punjay in each of the Dry Talooks as taken from the Summabundy accounts of Fusly 1261 1850/51.

Ayoor

Fort St. George 22d January 1855–

Your Board must agree that with such varying averages, no Teerwah however moderate for each class of land would be acceptable to all Ryots, or meet every emergency.

The average of the averages of the 4 Talooks gives by this account the following results.

	Rs	A.	P.
Garden- Karasel— One crop	10	13	1/2
Two crop	14	6	1/2
Manel One crop	9	10	3/4
Two crop	11	12	8
Assessment on Produce One crop	6	3	9
Two crop	11	14	3
Punjay. Karasul	5	10	5 3/4
Sahvel	2	11	10
Manel	3	3	9
Kuller	2	8	8
Assessment on the Produce	3	9	11

No. 5 & 6

These two Statements may be taken and considered together, they exhibit what the demand of the Land tax was prior to Fusly 1228 A.D. 1818/19 and subsequently when Mr. C. M. Lushington reduced the Assessment eight and nine per cent.

Assuming

Fort St. George 22d January 1855

Assuming at both these periods before the reduction and after that, that I represented the equivalent value of half the produce of the Soil, I have in endeavouring to find a just assessment, doubled the Government demand. to obtain the value of the crop per cawnie raised on each class of soil, then deducted 2/3rds for the ryots share, and exhibited the 1/3rd as the Government tax. The results on both calculations when compared with my proposed assessment are as follows, and will I trust satisfy the Board that my rates are just and fair, and not too low, when we consider how for years past the present existing rates have been acknowledged by every Collector as too high, and as being both excessive and depressing in their operation.

Statement No 5

On the 4 Talooks

	Average obtained on demand prior to Fusly 1228 per cawnie Rs	a	p	Proposed Assessment per cawnie Rs	as.	p
Karasel	5	3	4	4	2	8

Kuller	1	2	7	1	.	8

Statement No 6

On the 4 Talooks

	Average obtained on the demands after the reductions per cawnie			Proposed assessment per cawnie Rs	As	P
Karasel	4	12	.	4	2	8
Shavel	2	9	4/4	3	2	.
Manel	3	12	4/4	2	1	4
Kuller	1	1	1/4	1	.	8

These

Nos 7 & 8

These two accounts complete the basis of inquiry upon which the rates of assessment for Punjay have been founded they exhibit the estimated capability of the land as obtained from ryots of experience. The Government share then taken and commuted into a money rent on the average Market prices of the past twelve years - and, that Commutation contrasted with the assessment proposed, The result thus obtained is in favor of the Ryot, and proves the scale of assessment to be moderate.-

Gardens- 10. As already stated at the commencement of this letter, the old Garden lands have been entirely set aside as lands to be taxed per se with a distinctive high assessment - Such lands have been considered in my arrangements as Punjay and will be classed under that denomination as of the 1st rate, and thus taxed indiscriminately throughout the Talooks-

Of this description of lands the Ayacut of the 4 Talooks gives Cawnies 12,596. The cultivation returns Cawnies 8,170. bearing an assessment of Rs. 83,362. at the Average of Rs. 10—3—2 3/4 per Cawnie, Though the actual rates vary from

from Rupees 35 nearly to Rupees 5 1/2 the Cawnie

But when relieved from the high cess and brought under the Punjay rate of Rs. 4-2-8 They will yield a revenue of Rs. 3,941 only. The loss to the State therefore will average per annum Rupees 19,317- This again will be in a measure met hereafter by the cultivation of the Garden lands now lying waste from over taxation. the decay of wells, and the like causes, giving a revenue of Rupees 18,141.-

Shegul — Cawnies 3193
Old waste 932
Total 4125

" The abrogation of all Garden Assessment is a most just and politic measure towards the occupants of the old well lands, who are now placed on an equality with all those who are allowed to improve their Punjay holdings by sinking Wells without any additional tax being laid upon them. It is a measure that was absolutely called for, and which will give the most universal satisfaction to all the agricultural classes of the District.-

The Teerwah as now proposed to be fixed by me is on comparison about a par with the average Total assessment per cawnie in the neighbouring Provinces, namely.

	Rs	As	P
Tanjore	4	—	3
Coimbatore			

Coimbatore	L	14	7
Madura	5	10	6
Salem	6	8	3
Proposed Trichinopoly	4	2	8

Nunjay 12 The arrangements for the Nunjay land Assessment next calls for attention. The Statements from Nos. 9 to 16 bear upon them.-

No. 9. The first named exhibits the rates proposed by me for the four classes of soil in these dry Talooks Viz.t

	Rs.	a.	P
Harasel	6	4	"
Shavel	4	11	"
Manel	3	2	"
Kuller	1	9	"

Shall assessment to be added when 2d Crop is raised

The other Statements will put the Board in possession of the data on which these rates have been founded and framed. They are in principle every way similar to the calculations for the Punjay lands, and therefore it does not seem necessary or requisite for me to recapitulate the whole over again.-

Statements Nos. 13. Your Board will observe that the existing Teerwahs vary from Rupees L5 3/4 to Rupees 1 3/4 the Cawnie

That

No 11

No. 13 & 14 That there are no less than 334 Rates in these Talooks- That the Government share at two per cent of the value of produce per Cawnie taken both before and after the Reductions of assessment in Fusly 1228 i.e. on A.D. 1818-19 averages struck upon the several Varums of soil, nearly equivalent to the rates now proposed - And that the Commutation price of the Government share gives rates as near as can be to those now fixed -

No. 15 & 16

Value of Government Share			Proposed Rate-		
	Rs	a P	Rs	a	P
Harasul	6	65	6	4	"
Shavel	4	1210	4	11	"
Manel	3	32	3	2	"
Kuller	1	97	1	9	"

14 No Rate is imposed for a second Crop on Dry lands in this District neither is there any demand for pasturage of cattle on Grass lands throughout the upland Talooks- This system only obtains in the irrigated or Wet Division- I have in Consequence made no reference to the subject-

15 Having now stated my measures for effecting a reduction of assessment, and what the rate of that assessment

Fort St. George 22d January 1855

assessment should be on the several classes of soil in the four Taloks, it is right to exhibit what will be the financial result of this reduction and what the revenue expected by an extended cultivation of the waste lands-

To make these points clear as well as attainable at one view, I have drawn up the statement No. 17, which shows the total Ayacut of these Taloks- The extent of cultivation during the past Fusly year 1263 1853/54 of Punjay, Garden and Nunjay- The amount of Revenue thereon demanded- What that demand will hereafter be, and the expected additions to be obtained from future extended Cultivation and Revenue- I submit the following abstract, taking the Garden and Punjay as unirrigated, and the Nunjay as irrigated lands-

Unirrigated-

The Ayacut of the Government Cultivable lands amounts to Cawnies 4,42358 Assessed at Rs. — 1,97,501

Cultivation in the last Fusly year Cawnies 1,11,93 Assessed at Rupees- — — — — 4,514 68

The assessment of these lands according to the proposed reductions- — — — — — 302332

Deficit — 1,49,130

Fort St. George 22d January 1855

Calculated additions-

By Cultivation of 9,512 Cawnies of Shaikal or Arable land now Waste — Rs. 2,51,188

Immemorial Waste 2,35,652 Cawnies which may be hereafter brought under Culture under the Reduced Rates-

Irrigated-

The Ayacut of the Government Cultivable Lands amounts to Cawnies 2,294.1 Assessed at Rupees — 1,96,743

Cultivation in the last Fusly year Cawnies 1,675 assessed at Rs. — 1,411.6-

The assessment of these lands according to the proposed Rates — Rs. 61234

Deficit Rs. 78,912

Calculated Additions-

By Cultivation of 1,915 Cawnies of Shaikal or land fit from waste Rs. 19317

Immemorial Waste Cawnies 2320 which may be hereafter brought under Cultivation at the reduced Rates-

The Combined Result on all lands will be a Deficiency in the immediate — Rs. 2,28,018-

To

To be made up hereafter by the Cultivation of the Shaikul lands of the four Talooks now lying waste and which when fully under culture will give according to the New Scale of assessment a Revenue of Rupees — 2,73,505
Exhibiting a final increase in the state Assets of Rupees — — 4,54,457

17 Independently of that increase, there is the reclamation of the Immemorial waste amounting to no less than 2,37,972 Cawnies - But it would be premature to calculate at once on these lands, because they are for the most part dense Jungle, and as yet wholly unfit for Cultivation -

Cawnies
Punjay 2,35,652
Nunjay - 2,320 -

18 In order to place your Board in full possession of the Method proposed by me for rectifying the irregularities & Anomalies of the assessment here existing and also to exemplify the effect of the Revision, I beg to transmit the full particulars (papers marked A & B) of two Villages of Vol: 2 conda pooram in the immediate vicinity of where I am at present - should this System meet approval it is my purpose to have every village of the Dry Talooks so examined and three sets of

of such assessment accounts prepared, and one of each to be kept for ever with the Village Curnum, the Talook Cutcherry and the Collector's office -

The Board will not fail to observe that the Revenue system of the two Villages now furnished, differs in each - In A it is regulated on the Crop grown without distinctions of Soil - While in B the Teerwah is according to the Class or Taram of the land -

19 Agreeable to orders of Government now received, and in accordance with the tenor of the Board's instructions of 31st August, I have at once removed all extra impositions, such as the Levies on account of Sadulwar, Poojaroms and the like - and I have already issued my orders to all the Tahsildars of the Province to strike these several demands off every description from their accounts -

The relief thus given to the people amounts according to the demand of Fasly 1263 to Rupees 28,363-6-11 as particularized here -

Fort St. George 22nd January 1855

My own opinion is, that these men will claim their privileges, and as by the orders of the 12th November 1846 this indulgence is to cease on the demise of the present incumbent without issue, it will be better to continue to them the ancient indulgence - 22 connected with the grant of privileges, I have another Case to put to the Board for instructions - The Zemindar of Arrealore and his blood relations holding puttah lands in few Villages of the Arrealore Talook have been allowed to pay only half the regular assessment -

I can discover no order for this indulgence, and as the assessment will now be most moderate and light, I see no reason why the Zemindar and his relatives should be allowed the privilege - more especially as my proposed rates are lower than the heretofore half tase paid by them, which the Statement here annexed will shew -

J

23 Have now said Taluk expose the Board the whole of my proposed arrangement to for effecting a reduction of the assessment in the 24 Dry Taluks of the District - the subject has had my anxious attention and I am already fixed the Board may not see cause for considering my Rates too low-But the Country that Lane the advantage of them speedy Reduction and afford relief -

Land Cultivated that the party means to Remove-Dalo Rice Valoo Ry and to place the people in Circumstances of Comfort and give them the means of improvement Here can be no question that the effect of a Moderate and easy Rent would be an Increase of Cultivation under an equitable Reduction of Cultivation under an equitable Rent Regard a Larger Profit to the Cultivator who has benefited the Government by his extended agricultural operations We am the Country Ryot are Ignorant in New Cultivated and will be Calculated increase the Revenue of the State -

J

24 I trust I am not irregular in soliciting a speedy reply to this letter. The Government desire the revision to proceed immediately in order that with the cultivation of the Current season the Ryots may enjoy the full benefit of the changes. The season is nearly at its close, but still, if a ready sanction is accorded me, I could carry out the new Rates before the Settlement of this Current Fusly year is Commenced. and there is another Cogent Reason for requesting an early reply, and that is, I have reason to know that the Ryots of these four Talooks, being fully aware that a Reduction of the assessment is actually ordered are Contemplating a withholding of their Kists now due for the present Fusly.

25 I am directed by the penultimate para of the Proceedings under reply to state the best way of Collecting the tax for the second wet Crop or two Crop wet lands. and whether a Consolidated Turnah fixed on Moderate terms would be acceptable to the Land Holders.

I am of opinion that, the fairest and most acceptable System to the Ryots is, that all lands should be classed as

single Crop. There ought to be no arbitrary annunciation on the part of the Government that such and such lands are two Crops.

The Ryot should be left to his own agricultural arrangements, with the understanding that if he takes advantage of the water provided, and grows a second Crop, then an enhanced demand will be made of one half of the substantive land tax. My experience leads me to Consider this method as the fairest way. It is well understood both by the land owners and the Government Servants, and after all the interference of the latter is very trivial.

26 My Knowledge of the working of the Consolidated tax is, that the Ryots are never satisfied with it. There is invariably a feeling that they are in reality paying a double Crop assessment. They know it as an enhanced rate on the single Crop demand, and when only one Crop has been raised in the year from causes beyond Control, such as late or adverse season. there is a feeling of discontent, and often an outcry for remission.

I

Fort St George 22d January 1855

I will remember this was ever the Case at Madaranthakom in Chinglepute and the great Curranguly Tanks - There was always opposition and grumbling and I have had much diffiaulty to get the puttahs taken at the settlement by those who had raised only a single Crop -

27 The proposal of the Board in the last para of their Proceedings of foregoing any Esctra Cess when the second Crop sown is not Rice, seems to me objectionable as involving a serious and unnecessary loss of Revenue - We know that many of these dry grains as Ragey, Cholum, Gingelly are as valuable as Rice, and usually grown at the first freshes before the Paddy - their requiring much or little water, is, I think, immaterial - The Crop is valuable and ought to pay -

I recollect in the Chinglepute District the Meerassidar was allowed to grow green grain and the like inferior products free of Esctra tax after the Cawn paddy was cut, provided he did not replough the land, but cast his seed on the Still wet soil - In many districts in the South, Cucumbers, pumpkins and the like are allowed on the Irrigating fields after harvest free of rent -

This Statement shews the average of Price for 12 years obtained in the Trichinopoly Bazar, the average price of each year being calculated with reference to the amount inserted in the price Current sent to Board every Month. This average price of one Rupee per Cullem was assumed as the standard price of the whole district, as there is no great difference between the prices as ruling in the Trichinopoly Market and in the Talooks.

Trichinopoly 25th October 1854. } E. E. Pr. / Signed / J. Bird Collector

Trichinopoly 25th October 1854. E. E. Jr. [Signed] J. Bird Collector

(56-57) Order thereon.— Ordered to lie over.—

No. 189

To,
B. Cunliffe Esqre.
Sub Secretary to the Board of Revenue
Fort St. George

(58)

P.C. No. 196
From the Collector of Madura

Sir,

In reply to your letter of the 9th October 1854 I have the honor to state that the Memo to which you refer relate only to Shevagunga, and that the Measures were Copied from the Paper enclosed in the letter from this Office dated 30th October 1837. Hence the discrepancy in the proportions shewn between the English and Country Feet. I am unable to rectify the variation, for the Country or Shevagunga Foot is not a fixed length. It would seem from cases which have come before me to be taken from the feet of men, few of which are of exactly the same length. In Poodoo cottah, I find the proportion assumed to be 14 Feet Memo or Country to 12 English Feet. I would suggest that the Country feet should be rejected altogether from the Table

As regards the terms Moolum or Guz, I have only to state that the measure of 2 2/14 Feet is locally called the Tutcha Moolum, though, I should think, improperly so. The word Tutcha-kol is not used. If the Board are compiling tables, I should recommend the use of the word Tutcha kol as it does not seem desirable to give stability to a corrupt application of the term Moolum though here the Tutcha or Carpenters Moolum is understood to be distinct from the ordenary Moolum or Cubit.

Madura 1st November, 1854.

Signed/ R. D. Parker
Collector

(58-59) Order thereon

B. No. 1621
From the Collector of Tinnevelly—

Reporting on the Settlement of the Minor Zemindary of Shevelpully in the district of Tinnevelly

Sir,

With reference to Circular from the Sub Secretary to the Board of Revenue under date the 28th June 1852, I have the honor to forward herewith 2 Statements one exhibiting in detail the Settlement of the Minor Zemindary of Shevelputty in this District left to the Management of the Minor's uncle Vernal Naick under the sanction of Government dated 8th April 1853 No. 366, and the other with a Voucher shewing the particulars of Receipts and disbursements for Fusly 1262 and to state that this Estate appears to be Satisfactorily managed and the charges of Management Vera just and moderate.—

2. The Peishcush of Rupees 6296-8-- due on account of Fusly 1262 was fully realized before the termination of the Fusly.—

3. The report on the Settlement of the other Estate of Nagalapooram for Fusly 1262 will be forwarded together with that for Fusly 1263 the preparation of which is delayed in consequence of the necessary accounts not having been received from the Manager of the Estate to whom repeated orders have been sent on the subject.—

Bd. No. 176

Proceedings thereon

(62-63)

With the above letter the Collector submits Statements shewing the Settlement of the Minor Zemindary of Shevulputty and the charges of Management for Fusly 1262, the Board are of opinion that the charges incurred on account of the Estate are unnecessarily large, and the ceremonial expences especially very heavy. It is hoped that the Collector will effect a large reduction in the expenditure for an Estate yielding some 14,000 Rupees above the Peishcush should permit of a large annual outlay in improvements, or if these are uncalled for, a yearly investment in Government Securities in favor of the Minor Proprietor.

2 It is observed that this Report for Fusly 1262 is dated only on the 29th November 1854 or nearly a year and a half after the close of that Fusly, and the Report for the same year on Nagalapooram another Estate in similar circumstances has not yet been received, and is promised to be sent with that for Fusly 1263 this delay is extremely unsatisfactory. It appears to be due to the Managers in charge of the Estates respectively, but the Collector should impress on them the necessity of more punctuality.

Read-

(64.)

Bd. No. 178.

Proceedings thereon.

Relative to the Land Revenue Settlement of the Madras Collectorate for Fusly 1262.

Read again letter from the Acting Collector of Madras dated 16th February and entered in Consultation 6th April 1854.

The demand for the year deducting the retrospective demand hitherto mixed up with it in the Demand on Collection and Balance Monthly Statement is only differs from the preceding Fusly in the sum of Rupees 17-1-8.

Fusly 1261	66708-	4-	8	
" 1262	65725.	6	4	
Increase.	17-	1	8	

The result of the Settlement has been already embodied in the Boards General report and there are no peculiarities in the season under review to call for special notice.

The Collections within the Fusly on account of current and retrospective demand amounted to Rupees 58,904-13-5 leaving a Balance at its close equivalent to nearly 11¼ per Cent. This shows an improvement on the preceding Fusly when the balance at its close amounted to 14 % but the Board observe that the demand on

Fort St. George 22nd January 1855

on unoccupied houses and uncultivated lands remained nearly unrealised, the uncollected portion being respectively 92 and 80 per Cent; and I trust that the Collector will give his attention to this subject.

3. In accordance with the recommendation made by the Collector in Para 7 application has been made to Government for authority to write off a portion of the old arrears, amounting to Rupees 4240-1-9 which are declared to be irrecoverable. There still remains an old unsettled balance of Rupees 22851-2-8 for the Collectors future report.

4. As the Board are about to review the Summabundy report for fusly 1263 they will abstain from noticing till that opportunity, the Collectors remarks on the working of Act. XII of 1851 and on the suitableness of the present forms of accounts to the circumstances of the Madras Collectorate. On this occasion their

Fort St. George 22nd January 1855

Demands on	Collection				Balance		
	Arrears	Current	Total				
	Bills	Bills	Bills	Rs.	Bills	Rs.	
According to Statement D	1041	5259	1582	11904	1862	12903	761 14458
Arrears. Current -							
BR BR. -	1119	7040	1882	11904

Increase	78	1781	"	"			
Decrease	"	"	"	"			

According to Statements D and E it is observed that they agree with regard to the Current Demands and Current Collections but not as respects the arrears in which there is a material variation between the two Statements both in number of bills and in amount and both in the demand and in the Collection. The particulars of the comparison are shewn in the Marginal Statement and the Collector is requested to explain

their observations will be limited to such points in the Statements now under review as require elucidation.

5. In comparing the Statements D and E it is observed that they agree with regard to the Current Demands and Current Collections but not as respects the arrears in which there is a material variation between the two Statements both in number of bills and in amount and both in the demand and in the Collection. The particulars of the comparison are shewn in the Marginal Statement and the Collector is requested to explain

explain the discrepancy which is thus apparent.

6. In Para 13 of his report Mr. Stokes adverts to a late revision in the Registration Department, by which transfers are now simply registered instead of parties being delayed to take out fresh Certificates when instruments in the revised form of 1 and 2 and have been once issued, and remarks, that this course has had the effect of diminishing the receipts under the head of Fees. But on a referring to the Statement of Sevoy Jummah No. 1. it is observed that the item of grants and Certificate Fees exhibits an increase over the preceding year and the Board wish for explanation of this circumstances

Bd's No. 6.

From the Collector } Sir,
of Coimbatore ... }

With reference to Extract from the Proceedings of the Board, dated 15th September 1854. I have the honor to state for their information, that Hill Roads in this District have been already discontinued as reported in my letter of the 25 October 1853 No. 84 and the circumstance was made known to all the Hill Tribes and others.

2. As regards the tribute to be fixed

fixed on the Jungle tribes. I beg to suggest that the articles indicated in the Margin may be required from them annually thro their Head men as a trifling acknowledgement of their fealty to Government. I am happy to be able to say that a few of the Hill people in the "Anamalies" are already turning to Cultivation of grain not before attempted by them but I do not propose, at present to tax so slight and desirable an effort.

Ravenshaw Collector of the Southern Division of Arcot dated 1st January 1808 contin-uing this as charity to Sufder Hoosain	Charity	Hafiees Mahomed Saheed Cauderys	Sufder Hoosain grandson of Hafiees Mahomed Saheed Cauderys died 30th July 1854.	Rs. 265-8-- per annum	Sultan Mahomed aged 53, Shucky Hoosain aged 51 Goolam Dustagheer aged 49, Sons, Roothum-nisah alias Jaumeenah Begum aged 38, daughter of the late Sufder Hoosain.	

Madras--

25th December 1854.

22d January 1855

Sultan Mahomed, Shucky Hoosain, and Goolam Dustagheer sons and Cadoobonnisa drew a Jeemiah from the Office of the Collector of Madras.

Circumstances and Amount of subsistence possessed by the family.	Recommendation and grounds thereof.	Further Particulars.
11	12	13
The applicants appear to have no other means of subsistence, having been dependent on the deceased Sufder Hoosain for support.	Under a Purwanah dated 1st January 1808, translation of which is now forwarded, issued by the Collector of South Arcot, Sufder Hoosain drew an allowances of Rupees 265-8-- up to 11th July last. He died on the 30th of the same month leaving 3 sons, Sultan Mahomed, Shucky Hoosain, and Goolam Dustagheer, and one daughter Cadoobonnisah alias Jaumeenah Begum, who have applied to continue to them the allowance enjoyed by their father. As they appear to be the legal representatives of the deceased, the Acting Collector recommends that the Jeemiah of Rupees 265-8-- be continued to the Applicants. The share of each would be Rs. 66-6-- per Annum.

Bd No. 8

From J. Mayer Esqre Chemical Examiner

Stating that he will be happy to analyze any Sample of Superficing Soil or any Sample of Sub Soil that may be forwarded to him for that purpose.—

Sir

I have the honor to acknowledge the receipt of your letter of the 7th Instant, together with the papers marginally noted, and in reply beg to state that I shall be happy to analyze any Sample of Superficeal Soil, i. e one taken on the average, either from the Surface or from a depth not esceeding 18 inches or any Sample of Subsoil that may be forwarded, which should be taken generally within one foot below the Superficial Soil. These however are merely general directions, their applicability to any Soils depending on the nature of the Cultivation, the kind of plants grown thereon besides many other circumstances that require from the person appointed to select a sound knowledge of the Physiology of Plants, of agricultural Chemisty and of the working of the natural agencies that are constantly more or less active, in converting those ingredients which are found originally in the rock or mountain, in the Solid and inaccessible form into the more finely divided State as in the

the Subsoil, and lastly into the Soluble form in the Superficial Soil - and from which only can the plant obtain those morganic ingredients which are essential to the perfection of its growth and which are different in different clases of plants - what particular inorganic ingredients are required by the different clases of plants can only be learned by carefully incineration and the analysis of the ash so produced -

After all these conditions have been fulfilled it is still necessary to know what kind of cultivation the particular locality is destined and finally almost each separate field will require examination in this way to afford information as to the value of Soils, nor can the valuation be precisely made with all this knowledge for more than one year, since the Soil that grew wheat last year and gave to that important crop a full supply of alkalies and phosphates, will not be capable, except perhaps a virgin Soil, that has lain untilled for ages, of affording an equal supply if wheat is sown again, hence another crop that will extract from the Soil, other and untouched ingredients there so naturally

naturally prepared in the Soluble form must be sown, it is on these principles that the rotation of crops is founded, even the practice of supplying by manure such of the ingredients as may be supposed to be exhausted will not enable any land to bear a succession of similar crops and as the crops are of very different value in the market the years value of any particular piece of ground will be proportionately affected.

If it should be thought

the Subsoil, and lastly into the Soluble form in the superficial Soil - and from which only can the plant obtain those morganic ingredients which are essential to the perfection of its growth and which are different in different classes of plants - what particular morganic ingredients are required by the different classes of plants can only be learned by carefully incineration and the analysis of the ash so produced -

After all these conditions have been fulfilled it is still necessary to know what kind of cultivation the particular locality is destined and finally almost each separate field will require examination in this way to afford information as to the value of Soils, nor can the valuation be precisely made with all this knowledge for more than one year, since the Soil that grew wheat last year and gave to that important crop a full supply of alkalies and phosphates, will not be capable, except perhaps a virgin Soil, that has lain untitled for ages, of affording an equal supply if wheat is sown again, hence another crop that will extract from the Soil, other and untouched ingredients there so naturally

naturally prepared in the Soluble form, must be sown, it is on these principles that the rotation of crops is founded, even the practice of supplying by manure such of the ingredients as may be supposed to be exhausted will not enable any land to bear a succession of similar crops and as the crops are of very different value in the market the years value of any particular piece of ground will be proportionately affected.

If it should be thought

thought under the circumstances that I have had the honor of bringing to notice, that my Services can be made available to Government for any useful purpose; I can only repeat that I shall have much pleasure in analizing such samples of Soils as may be forwarded to me.—

thereon. Resolved that the above letter be forwarded to Government with reference to Extract Minutes of Consultation 25th November 1854.

2. On further consideration of the subject and with this letter before them, the Board agree with the Professor of Chemistry in opinion that a chemical analysis of the Soils, with the means now available at least would subserve no practical end They think that for all the purposes of determining with tolerable accuracy the proportion of a moderate tax to be borne by any given piece of land, the knowledge and experience at the command of the local officers will be sufficient.

3 In selecting Soils for particular products as well as in guiding the application of manure such scientific aid is valuable where the agriculturists have intelligence to use it. But any assistance which the Government may deem it proper to afford to that object need not be connected with the Revenue Survey.—

No 763

B. No. 3950
From the Secretary to Government } Extract from the Minutes of Consultation in the Judicial Department Under date the 20th October 1854

The Right Honorable the Governor in Council proceeds to pass orders on the letter in this Department from the Honorable Court of Directors dated 23d August 1854 No. 8.-

Para 1 Ordered that copy of the above Despatch be furnished to the Court of Sudr Udalut and to the Board of Revenue respectively, and that they be requested to submit at an early date their opinion upon the operation of the existing System of Control over the local administration in the Several Departments of Police and Revenue regarded under both the points of view adverted to

to by the Honorable Court in Para 6 and upon the reforms of which it is susceptible—

3 — Referring to paras 3 and 8 of the Despatch the Fouj daree Udalut will especially report upon the expediency of adopting in the Districts under this Presidency the system which has been experimentally introduced in the Bombay Provinces of placing the Police Establishment under the immediate direction and control of a Superintendent of Police, Subordinate to the Magistrate. A general description of this system will be found in para 32 and the remaining paras of a memoir of the Police reform of the Presidency of Bombay - appended to No 1 of 1853 of the selections from the Records of Government in the Police Branch of the Judicial Department. This number will be forwarded to the Fouj daree Udalut. The Governor in Council also resolves to apply to the Government of Bombay for information as to the extent to which this system has hitherto been carried out in that Presidency - the success which has attended it - from what classes the Superintendents are taken and whether any of them are Covenanted Civil Officers and

and what salaries are assigned to them—

(A true Extract)
(signed) S. Bycroft.
Secretary to Government

Ordered that the following letter be sent in reply.

1-20.

To
The President and Members
of the Board of Revenue

To
The Chief Secretary
to Government—

Dft 237
To the Chief Secretary to Government,

Sir,

I am directed to acknowledge the receipt of Extract Minutes of Consultation dated 20th October last, forwarding for the consideration of the Board of Revenue a despatch from the Honorable Court (No 8 of 1854) regarding the system of local administration in force in the Presidency in the Revenue and Police Departments.

2) The Honorable Court allude specially to the peculiarity in the Madras mode of management which consists in the absence of that local supervision over the District authorities which in the other Presidencies is exercised by Commissioners. The working of the Madras system is to be investigated, the enquiry being conducted under a two-fold aspect, first, with regard to the faithfulness, the diligence, and the efficiency of the local administration; and 2dly, with regard to the means possessed by

Submitting with reference to Extract Minutes of Consultation 20th October last their opinion of the subject discussed in the Despatch No 8 of 1854 of the Honorable the Court of Directors, namely the System of Local Administration in force in the Revenue Department of the Madras Presidency and suggesting certain measures for the more effectual improvement of the same.—

Rec'd 25th January 1855

by the authorities at the Seat of Government of obtaining accurate knowledge of the details of that administration, and to the competency of the said authorities thus situated for its direction and Control.

3 Before entering on a consideration of the despatch it seems proper to correct two inaccuracies observable in its statements as to the present system of Control under this Presidency. They are found in Para 5. It is there remarked by the Honorable Court that since the abolition of the Provincial Courts of Circuit there has been no local superintendence over the administration of Justice, and of Police; but this is a mistake. The whole powers of the Circuit Courts were by Act VII of 1843 transferred to the Session Judges who now exercise precisely the same Control and Superintendence over the Magistrates and Police, as was exercised by those Courts. In the same Para it is also stated that the Superintendence over the local Revenue administration is less now than it was formerly before the abolition of Principal Collectors. But this also is erroneous. The Principal Collectors had no larger powers in any respect than are at present possessed and exercised by the Collectors who now have charge of the very same Districts.

4 The Board will now state their opinion on the propositions referred for their Consideration.

They believe it to be the intention of the Government that they should confine their remarks almost entirely to the Revenue administration, those parts of the Honorable Courts despatch which relate to the Police and Judicial Departments having been specially referred to the Court of Foujdaree Udalut.

5 They Conclude that it is not proposed to dispense with a Presidency Board, for the general Control of the Revenue Departments. Supervision of this nature appears essentially necessary to preserve uniformity of System and action, and for the extension of useful improvements and it appears to the Board that it can be most advantageously confided to a Board, whose opinions are likely to possess more weight and independence than those of a single officer, and in whose deliberations the Government have a greater degree of security against hasty innovation. It would also seem most desirable that a Board exercising such powers should be located at the Presidency, the Seat of Government and the residence of the largest and most intelligent Community, European, as well as Native.

6 For these reasons the Board presume that the Commissioners contemplated by the Honorable Court are to be an intermediate authority like the Commissioners in Bengal and in

in the North west Provinces between the Collectors and the controling Board at the Presidency. The great extent of the Madras Territories would make it necessary that the number of Officers of this grade (to exercise any degree of Supervision which could be deemed personal and efficient) should be six at the least distributed probably in the manner shown in the margin. The Salaries of six Officers of this description at Rupees 3000 Per Mensem would amount to upwards of two Lacs annually, independently of Establishment, travelling allowances and contingent expenses which may certainly be assumed at another lac, making three lacs in all, and the Board are not prepared to agree that the advantages which would follow their appointment would be at all commensurate with such an outlay.

7 The position of Collectors in this Presidency has some peculiarities which bear materially on the subject under consideration. They are placed in charge of provinces which in size and revenue are often equal to three and in some cases even to four Collectorates in the other Presidencies at the same time in consequence of the state of the Civil Service, and the small number of appointments of higher rank, they are men of longer experience

rience before they attain this Office, and there seems no prospect of its being attained hereafter within a shorter period of service than at present, Viz. from 18 to 20 years. The Government therefore now proposes Collectors who have all the qualifications which lengthened experience and prolonged revenue training can give and whose standing would entitle them in the other Presidencies to expect the Office of Commissioner. Their general efficiency is thus assured by as strong a security as seems attainable and their Zeal and faithfulness have for guarantees (independently of higher influences) the conspicuous situation of power and trust in which they are placed and their natural anxiety to gain the approbation of Government and rise to higher employment.

8 With respect also to the second point for consideration; Viz. the means which the Presidency authorities possess of ascertaining and controling the details of the provincial administration, the Board doubt whether such a deficiency now exists as would compensate for the expensive measure in Contemplation.

9 The experience possessed by servants of such long standing as the Collectors is a considerable guard against hasty and inaccurate representations or proposals, and under the present system parties who

consider

Fort St George 25th January 1855

considers themselves aggrieved have various ways of seeking redress. The Civil Courts are open to them, they can address the authorities at the Presidency in person or by petition, and it must not be overlooked that the freedom of the Press, the modified rates of Postage and the spread of education, all give facilities which did not formerly exist for the promulgation of wrongs and injuries. There are also various Channels through which the state of a Province becomes indirectly known to the Presidency authorities, and though this information is not obtained in an official form it may equally lead to enquiry—

10 In making these observations the Board would not be understood as asserting that the present system is either in itself perfect or free from defects which the appointment of Commissioners might to a certain extent remedy. When Officers rise by seniority to a position of great labour and of very varied duties, it cannot be expected that all should be equally efficient, or even efficient in every branch of duty. In regard also to Control a Board at the Presidency cannot be supposed capable of supervising minutely the Acts of officers in distant provinces and must to a certain extent be guided in the matter of Complaints by their explanation. But a Commissioner would not be in

Fort St George 25th January 1855

in a materially better position in these respects. If six such officers were appointed the extent of each Division would range from 20 to 28 thousand square miles, and close personal supervision could not be exercised in the majority of instances; and wherever the Control was not personal it would not differ very greatly from that now exercised by the Presidency authorities—

11 There is one obvious advantage indeed in the system of commissioners Viz: that it affords the means of selection for the higher and more important post. It is evident that it will always be easier to obtain six able and efficient Officers for Commissioners than to procure twenty such for Collectors, or to put the Case in a different light the exertions of six able men (able not merely from natural qualities, but from the profession also of adequate experience and knowledge of business) as Collectors would affect only six Districts, while as Commissioners they would influence the whole Presidency. The creation of these superior appointments would also make the prospect of promotion more effectively operative as a stimulus to exertion; and at present it cannot be denied, that from the very small number of appointments above the rank of Collector, the prospect to any Officer of even rising above that rank is very small

under

Fort St George 25th January 1855

under this Presidency. But the Board will presently suggest another method by which the same end may be attained and as they believe more advantageously. On the other hand it appears to the Board that the appointment of Commissioners might tend to delay the disposal of business and to increase correspondence.

	Sq Miles	Coll.	Sq Miles	Asst. Coll.
N. W. P.	72,000 ÷	30 =	2400	
Madras	38,000 ÷	40 =	950	

12 In the event of it's being determined to appoint Commissioners the Board are very strongly of opinion that the number of the Collectors should be increased, so as to put it in the power of those Officers then to have primary administrative functions to acquire a more accurate knowledge of their Districts, and to come more in Contact with the people. Even if the numbers were raised from twenty to forty, each one would be on an average two fifths larger than in the N. W. Provinces. These 40 districts might be placed under six Commissioners with the same geographical extent of jurisdiction respectively as is indicated above, and each should have a Collector, Sub Collector and Covenanted Assistant with Salaries as shown in the margin. Two uncovenanted Assistants would also be required in each District or including the Salt Department about Ninety five for the whole Presidency. This Distribution of the Territory into 40 Districts would suit the Board's

Collector 2000,
Sub Collector 1000,
Assistant 500,

Fort St George 25th January 1855

Board's opinion prove equally advantageous in the Judicial and R. W Departments.

13 These are the arrangements which the Board would Consider complete and sufficient in the event of it's being determined to appoint Revenue Commissioners in this Presidency. But they Cannot advocate such a measure either with the existing Districts or with the remodelled Establishments above indicated, because it does not appear to them that the advantages to be drived from the change would nearly counterbalance the large increase of cost. They will take the opportunity however to propose some changes of a less organic kind which it appears to them would greatly promote the efficiency of the existing arrangements.

14 In the first place instead of incurring the heavey expense which the proposed system would involve, and lowering the position of Collectors by placing permanently between them, and the Board of Revenue a new class of Officers, the Board consider that it would be a more effectual improvement in our administration to increase the efficiency of Collectors by relieving

relieving them of many of the executive details now laid upon them, and thus to raise them in some degree to the position of a Commissioner or Superintending Officer in the extensive districts placed under their charge. The Collectors now are certainly too much incumbered with detail, and this operates injuriously not by occupying time which would be more advantageously employed in general superintendence, since if the primary disposal of business was entrusted to the subordinate Officers, the public would enjoy the power of appealing to the Collectors, and the higher authorities have the benefit of their independent and unbiassed opinion. The improvement here contemplated might be gained by enlarging the separate charge of the Sub Collector, now

To Govt 22nd January 1855

(now always an officer of long standing) and of the Head assistant, and by the employment of Uncovenanted assistants as already advocated by the Board in a recent paper. Officers of the highest grades of this last class would be fully competent to perform all the independent duties of a covenanted assistant; and the employment also of one under the Sub Collector would enable him to superintend a much larger charge than he can at present. At the same time the powers of the Tahsildars should be enlarged, and to meet this increased responsibility their salaries should be augmented.

15 The Board also consider it essential to effective administration, that the immense districts of Cuddapah and Bellary should both be divided. Each contains now about 13000 square miles, and will be only very slightly reduced by the proposed annexation to Kurnool. This is double the extent of North Arcot, South Arcot, Salem, and other full sized districts.

Haig

Half that extent or about 6000 square miles would be an ample charge for a Collector aided by a Sub Collector and establishment as above indicated. and even the new Districts so formed would still be two and a half times the average size of the Collectorates of the N. W. Provinces. It may be added that both in the Judicial administration and in that of the P. W. these two Collectorates are at present notoriously very much too large for efficiency. In every point of view it is highly desirable that they should be subdivided. Some of the Talooks contained in them are also far too large & ought to be subdivided also.

16. The last measure which the Board have to recommend has reference to the Collectors' Salaries. Formerly the Districts were in two classes, in the larger and more important there were Principal Collectors with a higher scale of salary than that of the Collectors in smaller Districts. In 1839 as a measure of economy this difference was abolished and a uniform salary lower than that before allowed to the smaller Districts

was

was assigned to all. The Board would not now advocate any increase for the Minor Collectorates. but Justice and expediency seem to require that the labours of Superintending the larger and more onerous Provinces should be adequately rewarded, and that Government should have it in their power to offer an inducement to men of superior ability, Zeal and experience to undertake the greater labour. The principle is admitted in Ganjam and Vizagapatam and in a less effective form in Guntoor and Cuddapah, and in the Board's opinion should be extended to such districts as Canara, North and South Arcot, Madura Coimbatore and others, and perhaps even to some of the new Districts to be formed as above suggested by the Subdivision of Bellary and Cuddapah. The establishment of a difference such as this would not only give the Government the power of selecting the ablest Officers for the most arduous posts but would be a beneficial stimulus to the service at large in the absence of the superior grade of Commissioner which exists under the other Presidencies.

C. O. B. Note a in Page 208

17 The Board considered that the measures above advocated and especially the means proposed in para 14 for raising the position of the Collector and causing them to be less mixed up than at present

1633.

Fort St. George 25th January 1855

present in executive details would in a material degree supply the want of local independent control now experienced, would render the provincial administration more efficient and so lessen the need for general supervision. The improvements above recommended (in lieu of the Honorable Court's suggestions) will of course entail some increase of expense, but this will in the Board's opinion be counterbalanced by the greater efficiency of the local administration and it seems to them far more important both to the Government and the people to secure the maximum of efficiency in the primary disposal of business than to endeavour to compensate for deficiencies at that stage by subsequent supervision. The Board may also remark that the apparent cost of collecting the Revenue in this Presidency is unduly enhanced by erroneously including therein many charges which are not so included in the other Presidencies.

18 The Board would observe lastly that the Government may increase the activity of its control over the Provincial officers by occasionally deputing Members of the Board of Revenue on temporary special missions or circuits. The Board would not advocate this as a constant or normal arrangement but they advert to it as a measure which has been resorted to in times past and may be again, on special occasions, as when the state of a province is deemed unsatisfactory or when the revision of its assessment or some other reform may be under consideration.

Order thereon — Ordered to be recorded

Read

WPH

B No 21 9.
From the Collector Nellore — Read Statement of Extra Tent allowance drawn by himself and his Subordinates during Fasly 1263.

B. No. 193.
Proceedings thereon
9-10.

The Board of Revenue sanction the Extra Tent Allowance drawn by each Officer for the number of days noted in the margin & observe with reference to Mr. Ratliff's memo dated 3d June 1854 that their orders dated 8th May 1851. No 921 is meant to apply to the periodical visits of a Sub Collector to the Huzzoor.—

	days
Mr. J.B. Elton. Collector	82
" J. Ratliff Acting Sub Collector	198
" J.J. Minchin Head Assistant Collr	30
" B. Pauncefote — " —	14
" L. Forbes Assistant Collector	30

From the return now before them, the Board find that of the 279 days for which Mr. Ratliff claims Extra tentage, no less than 111 (nearly 1/3 of the year) were passed out of the limits of his division & 101 of these (111) at Nellore, his Continuous residence at which place amounted in one instance to 35 in another to 16 and in a third to 69 days.—

From Govt 16 May in Cons 6th July 1854 — The Board cannot admit the sufficiency of the reason assigned by Mr. Ratliff for such protracted absence from his charge & they must express their entire disapproval of his conduct in this respect. They need scarcely remark that any doubts which Mr. Ratliff entertained of the bearing of the rules might at any period of the year have been solved by a reference to them, and that so far from the adverse nature of the season warranting his absence from his division to such an immoderate degree, it would rather form very strong reasons for his constant residence in it.—

Vide C. O. of 19th January 1855 — The Board consider that the fixed period of one month in the course of the year was quite sufficient for personal communication with the Collector & travelling to & fro, and they cannot permit Mr. Ratliff to draw Extra Tentage, while out of his division, for a longer period. The Board therefore pass his Bill for 198 days, Viz. 168 days while travelling in his division & 30 while absent from it.—

Ordered that a Copy of the foregoing Proceedings be transmitted to the Civil Auditor for his information.

No 62.

To

B. Cunliffe Esquire

Sub. Secretary to the

Board of Revenue

Fort St. George.

13.

Bd. No 682.

From the Agent to the Governor at Kurnool

Sir

I have the honor to bring to the notice of the Board of Revenue the Cash keeper at Kurnool on the 27th March last reported.

Fort St. George 25th January 1855.

reported to Mr. Conway that in the remittances received from Chagulmurray Talook there was a deficiency of Rupees 500 the Shasildar having in his letter stated he had sent 21 large and 3 small bags containing in all Rupees 11,566-10-10 but that only 20 large and 4 small bags had been received in the Treasury.

Mr. Conway on the 28th I drew after receiving the urzee referred to ordered the Tahsildar of Sirwell Talook to proceed to Chagulmurry and examine the accounts of the Talook Cutcherry and report if they corresponded with the Amount remitted to the Hoozoor Treasury but before his arrival the Amildar of Chagulmurry had remitted the sum of Rupees 500 saying that "having occasion to leave his Kushab Station he had taken his Sheristadar to the Talook Cutcherry for the purpose of giving over the Treasury to him when he found a bag of Rupees 500 in the cistern and on

Fort St. George 25th January 1855.

on enquiry of the Collar finding it was a bag which ought to have been sent with the last remittance but had been overlooked he now sent it." The Amildar subsequently admits he went to the Treasury in consequence of his having received a letter from his son at Kurnool informing him of the deficiency which had been discovered when the remittance arrived at the Hoozoor Treasury.

The Tahsildar of Sirwell in an Urzee dated 2nd April after enquiry reports he is of opinion the bag was kept back by the Collar with the connivance of the Nayadee Goomastah that the Sheristadar being actuated by bad feelings towards the Amildar and thinking the blame of any irregularity in remitting the Treasure would rest upon the latter officer had neglected to pay any attention to his duty and that the Shasildar had evinced great neglect by having paid no attention to the despatch of the remittance and having entrusted it entirely to his Subordinates.

Mr. Conway on receipt of this Urzee

Fort St. George 25th January 1855.

Urzee and pending enquiry into the case on the 12th May suspended the Amildar and appointed the Talook Sheristadar of Nundicootcoor to act but this officer was not allowed to draw any pay of his Acting office and after enquiry Mr. Conway on the 24th June restored the Amildar of Chegulmurray to his Office but no instructions have been issued regarding his Pay and it is therefore in deposit in the Treasury.

On the same date and after taking a Statement from the Talook Sheristadar Mr. Conway ordered a Sakeed to be prepared removing him to the situation of Head Goomastah in Pannemm Talook and pointing out that he had previously been guilty of negligence and irregularity in the performance of his duty but this Sakeed has not been signed and was not therefore despatched and the Sheristadar has up to the present period retained his appointment but his pay from June to September is in deposit in the Treasury. On the same Sakeed the Nagadee

Fort St. George 25th January 1855.

Nagadee Goomastahs dismissal is ordered and also the dismissal of the Collar and shroff and as Mr. Conway gave verbal orders at the time and filled up the Nagadee Goomastahs situation these servants were then dismissed and I have since appointed a Collar and Shroff.

Mr. Conway restored the Amildar to his situation by a Sakeed immediately the enquiry had been finished and finding that negligence was the only fault to be attributed to him possibly did not think any further punishment called for and I therefore beg I may be favored with the Boards instructions whether the Pay or any portion of it is to be given to the Amildar during the time he was under suspension. At the same time it is necessary I should bring to the notice of the Board after a careful perusal of the records, I am of opinion that if the Amildar had usually exercised a proper control over his Subordinates and had not been negligent in the performance of his duties such negligence as displayed by all the servants engaged in despatching the remittance referred to would not have

Fort St. George 25th January 1855.

have taken place.

The Sheristadar has received his Pay for the period I have had charge of this office but his salary from June up to the end of September being still in the Treasury I will with the permission of the Board give him the salary of his Office for that period and remove him to a lower situation which also appears to have been the intention of Mr. Conway.

Kurnool.
Government Agents Office
4th December 1854.

[Signed] L. D. Daniell.
Agent to the Governor.

Bd. No. 185.

Proceedings thereon.
(13-14.)

The Board of Revenue have carefully taken the above report into consideration. The Tahsildar of Chagulmurry may have been guilty of carelessness in the control which he ought properly to exercise over his subordinates but the actual despatch of remittances can scarcely be regarded as a part of his business. Under all the circumstances however the Board will not

Fort St. George 25th January 1855.

not object to the Salary of the Acting Tahsildar being made up to the full salary of the Office during the period he acted & the difference being given to the permanent incumbent.

2. Mr. Daniell &c.

will confiscate two months pay out of the pay of the Taloor Sheristadar of

1854. Fort St. George 25th January 1855.

of Chagulmurry now in

deposit and carry out his

intention of transferring that

individual to a lower Situation.

3. Mr. Daniell should

have mentioned the names of

the parties whose misconduct

he deemed it necessary to bring

to the notice of the Board.

Bd No 4504

From the Collector of North Arcot.

Sir,

Adverting to the 3d Para of my Predecessor's letter of the 3d February last No 16, I have the honor to forward herewith a Statement showing the remissions allowed from the Beriz of the Puttah lands in certain Villages of this District. The sums so remitted according to certain proportions are usually deducted from the Beriz and exhibited under the heads of Chatoorbogum and Punchum Hijsah and as such appear to fall within the scope of the Board's Circular Order of the 15th November 1852. The remissions appear to have been granted by former Governments and to have been enjoyed hereditarily. The allowance now proposed in their stead should if approved of be made payable from the commencement of Fusly 1264.

North Arcot Collector's Cutcherry, Chittoor, 22d November 1854.

(Signed) C Whittingham
Collector

Resolved

1658 Fort St. George 25th January 1855

Bd. No. 191

Proceedings thereon

16.

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council.

2 The number of Villages in which a remission of the Beriz is granted is four. These deductions are made under the heads of Chatur-bagum and Punjum Hissah, and consist as these terms import, of a remission of a fourth and a fifth respectively of the Tarum Assessment of the lands held by the parties. They appear to have been allowed by former Governments and to have been enjoyed hereditarily by the families of the present recipients. Three of the grants are classed as charitable, and the other two are for improving the village of Nullungoud

3 The Board see nothing in the nature of these Grants to give a claim to their continuance in perpetuity but in consideration of their trifling amount and of the long period during which they have been underenjoyment they would recommend a continuation of the present remissions to the Money allowances proposed by the Collector, to be registered in the names of the present recipients and to continue for their lives respectively and to terminate on lapse

1659 Fort St. George 25th January 1855.

From the Collector of South Arcot

Sir

I do myself the honor to state for the information of the Members of the Board of Revenue

that

1860 Fort St. George 25th January 1855

that I have received from Captain Priestly Superintendent Revenue Survey, the Maps, Field Books &c &c of 30 surveyed villages in the resumed Jaghire of Poliemcottah.

2 I beg to request that I may be informed whether the Board wish me to forward any of the Maps for their inspection. I venture to suggest that lithographed Copies should be made of them, and that a few should be either sold or given gratis to the Village authorities and such ryots as may like to have them

3 I am about to proceed to the Jaghire to commence the Assessment of the land but I could spare some of the Maps now, and the others would be forwarded as the villages are finished.

Bd No 26

From the Collector of Madura .....

Sir,

I have the honor to submit herewith a list of advances solicited by the Tahsildar and other servants and a few Shopkeepers of the Ramgherry Talook in the Sub Division for the purpose of erecting Houses at Manaparay at which place the construction of a new Talook Cutcherry was sanctioned by Government under date the 28th February 1852.

2 I beg to support their request, because they have hitherto resided at Carapultty near Tovarencoorchy, and the servants enjoying lower Salaries than the servants of the Majority of Talooks are ill able to afford the expense of providing themselves with houses at a new Station where few, if any, are to be hired The Tahsildar for instance receives only 50 Rupees per Mensem and the remainder are paid in proportion The Shopkeepers are very poor and without a few of them the Cutcherry servants will be placed in a state of great discomfort.

3. The servants propose to repay the advance by monthly instalments of half of the pay of each The Thasildar will recover the sum lent to the Shopkeepers in 9 Months.

Madura

(Signed) R. D Parker
Collector

1663 to 67 — Fort St. George 25th January 1855

Bd. No. 200

Proceedings thereon

(20-21.)

Resolved that the letter above recorded with its enclosure be submitted for the Orders of the Right Honorable the Governor in Council

2 In consequence of the construction of the new Talook Cutcherry at Manaparay in the Ramagherry Talook in the Subdivision, the Talook servants and a few Shop Keepers have removed to that Station from Caraputtypuram where they have hitherto resided and near which place the old Cutcherry was located

3 It appears that there are few if any Houses to be hired at Manaparay, and the new residents will need to build houses for themselves Under these Circumstances, the Board recommend in accordance with the Collector's request, that he may be authorised to advance to the servants and shopkeepers the amount set opposite their respective names in the list which accompanied the foregoing letter to enable them to construct Houses and Shops at Manaparay, and to recover the sums so advanced to the former by monthly stoppages of half of the pay of each, and within 9 Months from each of the latter

Fort St George

25th January 1855.

Statement shewing the particulars of the case of Razah Sait Ameenah Sultaun who drew a Yeomiah from the Office of the Collector of Madras.

Case	Talook and Village	Extent and value of the entire Enam or Yeomiah	When and by whom granted	Sunneds or other Documents in support of the grant.	Nature of the Grant Charity or Service & Service nature of the duty prescribed by the grant	Name of the original Grantee	Name of the holder and relation in which he stood to the Grantee and date of his decease.	Share enjoyed by the deceased and that held by the other Members.	Family left by the deceased and name and age of the parties.	The circumstances and the means of subsistence possessed by the family	Recommendation and grounds thereof.
1	Transferred from North Arcot under the orders of the Board of Revenue dated 25th July 1813.	Rs as p 176-15-11 pr annum	Entered in a List of His Highness the Nabob in Fusly 1217 in the name of Shaik Ahmeeds Family	A Purwannah granted by Mr J.G. Raven Sham Collector of the Southern Division of Arcot dated 12th July 1808 continuing this as Charity to Shaik Ahmeeds Family	Charity	Shaik Ahmed	Ameenah Sultaun's Daughter-in-Law of Shaik Ahmed who died on the 22nd April 1853.	Rs as p 176-15-11 pr annum	Razah Sait aged 58 and Goolam Dustaghere grandson aged 15 of the late Ameenah Sultaun.	The applicants were dependent on the deceased for support.	Under a Purwannah dated 12th July 1808 translation of which is forwarded, issued by the Collector of South Arcot to Ameenah Sultaun, daughter-in-Law of the original grantee, the said Ameenah Sultaun drew an allowance of Rupees 176-15-11 up to 11th September 1853. She died on the 22nd of the same month leaving two Sons Razah Sait and Nady Moolah Khan the former and Goolam Dustaghee, son of the latter, have applied to continue to them the allowance enjoyed by the deceased. Nady Moolah Khan has executed a Razeenamah to the effect that as he intends residing at Mecca, the allowance that he may be entitled to receive may be drawn by his son, the said Goolam Dustaghee, which proposal should the Government not accede to, the Certificate may be made out in the name of his elder brother, Razah Sait. The Acting Coll.r recommends that the original allowance Rs 176-15-11 be continued to the applicants & that the Sanction of Govt may be obtained for the disbursement of the arrears due from 12th April 1853 to 11th Oct.r 54 being 1 year & 6 months amounting to Rs 2/8-7-10.

Signed W.E. Cokhrane
Acting Collector.

Bx No 105.

From the Acting Collr of Madras

Sir,

I have the honor to acknowledge the receipt of your Circular letter with its Enclosures, directing the introduction of the English numerals and method of notation in the several Departments of accounts in this Collectorate from the beginning of the ensuing Fusly.—

2 The change in question has already been partly effected, and can be enforced without difficulty at once in every case, except where Cadjans instead of paper are in use. Regarding these a difficulty is represented to exist in writing English characters with the Iron

pen

pen or style. I believe however that this may be overcome in a few weeks by practice should the mistaken paper can be substituted for Cadjans

3 Annexed is a memo shewing the number of Servants able or not to use English numerals in the several Departments, except the Salt and Canal, the heads of which have reported generally that they can be used by all.

Bc No 225
From the Acting Collector of Madras

Sir,

I have the honor to explain with reference to your Circular letter dated 11th Instant, that I have not considered it necessary to act in this Collectorate on the order of Government referred to for the reduction of Assessment Lands within the Presidency limits, possessing a value distinct from its productive Capability and the Quit Rent has, I conceive been fixed with reference to this peculiarity. The Survey now commenced, and the power of selling land for arrears, will shortly shew whether any lands are really lying idle from excessive assessment. If there be any such cases, and they can only be very few, they can then be specially considered

(Signed) B. Cunliffe.
Acting Secretary.

Fort St. George 25th January 1855.

Resolved that the following letter be despatched.-

(36)

To,
The Chief Secretary to Government.

Sir,

B. No. 203.

To the Chief Secy: to Government.

Reporting the result of the enquiries instituted by the Board in pursuance of the instructions of Government conveyed in Extract Minutes Consultation dated 12th October 1852, regarding delay in the recovery of Costs in Suits brought against Public servants.-

I am directed to report the result of the enquiries instituted by the Board of Revenue in pursuance of the instructions of Government conveyed in Extract Minutes Consultation dated 12th October 1852, regarding delay in the recovery of Costs in Suits brought against Public servants.-

2- The Board have ascertained that in the seven Districts entered in the Margin there are no outstanding balances of this nature - To this list Canara may now be added - the balances in it having been adjusted under the orders of Government.-

1. Vizagapatam
2 Nellore
3 Chingleput
4 Bellary
5 Malabar.
6. Kurnool
7 N. Arcot
8 Canara -

3. In Tanjore and Trichinopoly the whole amount at issue is under 13 Rupees, of which Rupees 10½ still depends on the results of the suits in appeal.-

	Now recoverable	Open to Appeal
Tanjore	" — 12 — 10 — 1 — 4 — " -	
Trichinopoly	1 — " — " — 9 — 4 — " -	

The

Irrecoverable.	Course of relaxation	Pending appeal	Expence of Govt attorney & by Court &c.	Adverse decree.	Other causes.	
Guntoor	105-- 5-	"	8----	"	"	
Madura	99----	434-14- 5.	4-5-3.	55-2----	486-6-2.	
South Arcot	41-15- 1.	11-8----	4----	4----	486-6-2	
Tinnevelly	"	"	4----	4----	24----	
			16-5-3.	55-2----	570-6-2	
					55-2----	
					16-5-3	
					581-13-5.	Irrecoverable

4. The Marginal Statement shews the unrecovered Costs in four other Districts - It will be seen that a sum of Rupees 581-13-5. is deemed irrecoverable, of which Rupees 486--6-2 was due by a party in South Arcot who suffered imprisonment for the debt and is since dead - The other items are small and require no remark -

5. In Cuddapah the only balance is a sum of 5 Rupees (for Stamps) due by the Tahsildar of Canalapoor - This sum was disallowed by the Court on the ground that the original documents should have been produced instead of copies on Stamped paper - The Collector states that the Tahsildar was absolved from all liability in the action and erred through ignorance - on these grounds and from the fact of the charge, petty in amount, being nominal rather than actual, the Board

Board recommend its remission a further sum of Rupees 36-12-- appears on the accounts of this District in connection with Suits still open to appeal or appealed -

6. The Board solicit sanction for writing off the sum of Rupees 586-13-5, being the aggregate of the irrecoverable balances noticed in para 4 and the remission above recommended -

* Rajahmundry
+ Madras.
× Ganjam.
× Salem.
× Masulipatam -
× Coimbatore -

7. The Board will shortly report on the remaining Six Districts entered in the Margin -

8. The recovery of Costs is now attended to with greater regularity than formerly, and little delay occurs beyond what is entailed by the necessity of waiting until the period allowed for appeal expires - when the irrecoverable balances of the remaining Districts have been reported on, the Board will, by Circular, instruct the different Collectors to take measures for the early realization of Costs in all future Suits -

Para 1 The Right Honorable the Governor in Council concurs in the views of the Director General in regard to the District Daks of this Presidency -

2. As suggested by the Director General the expense of all existing establishments (not otherwise provided for) will, pending further orders, be defrayed -

defrayed from the accumulated surplus receipts - the bills being submitted for the sanction of Government through the Post Master General by whom they will be checked -

3. The Statement enclosed in the Director Generals letter of the 12th will be printed and furnished to the Post Master General for circulation to the different Collectors who will fill them up and return them to the Post Master General -

4. The Right Honorable the Governor in Council desires that these returns be made without loss of time direct to the Post Master General -

5. In order to ascertain how for the Revenue and other establishments in each District were fixed originally with a view to the conveyance of the Official correspondence of the District Officers, and to what extent beyond what was then contemplated the opening of these Dâks to the public has taxed these Establishments, the Right Honorable the Governor in Council desires that each

Collector.

Collector will forward, through the Post Master General, as soon as practicable a comparative return, showing the number of revenue and other peons &c. exclusively employed on this duty in the year previous to the opening of the Dâks and those so engaged in 1853 -

6. All persons paid from the District Dâk funds will of course be excluded -

7. The perparation of this Return is not to cause delay in the submission of the Statement required by the Director General -

To Sir H C Montgomery Bart
Chief Secretary to Government
Fort St George

Sir,

I have the honor with reference to Extract from Minutes of Consultation upon the subject, under date 1st of August 1854, to report for the information of Government, that the performance of the "Swinging Festival" may I hope be considered, as for ever at an end in this District in as much as I have obtained Voluntary and readily given Kararnamahs to that effect from the parties connected with it in, and inhabitants of the great majority of the Villages wherein it has been hitherto habitually celebrated

Fort St George 29th January 1855

celebrated, whilst those of the remainder, who at first demurred subsequently followed their example, after being sent for and personally reasoned with.

I take this opportunity of observing that a Petition presented to Government, and endorsed as No 2265 of 1854 purporting to come from the great body of the Gungapatam Ryots, and representing that I had forcibly put a stop to this ceremony in their Village was not only false in substance, but as to the chief allegations it contained deliberately fabricated and as subsequent enquiry proved by one of the Village Carnums, the fact being that those very Villagers had themselves some time previous to date of Petition personally handed in a Kararnamah binding themselves to future abolition of the ceremony.

Collector

No 1.

To
M. Murray Esqre
Collector of Cuddapah

Sir,

In reply to your letter No 868 of 20th Instant, requesting to know under what circumstances, whether as next heir or from his influence as Curnum of the Village P. Govindarow enjoyed the lapsed Enam alluded to in para 5 of my letter of 28th September last. I have the honor to state that the reason alleged by the said person for appropriating the Enam was his relationship to the deceased Enamdar, but as such distant relationship, as second cousin of a divided family, is not admitted as a claim on the lapse of a share of divided service Enam when the existing Enam exceeds the standard, provides the suppression of the report of the Lapse on its occurrence, and the consequent unauthorized enjoyment of the Enam must be ascribed to the Official position held by the said

said party.-

Cuddapah Sub Collector's Office.
at Coilcorntlah 25th December
1854. } (Signed) A. Wedderburn
Sub Collector

(True Copy)
(Signed) M. Murray
Collector

Bd No 238

Resolution thereon.- Resolved that the Letter above recorded, together with the Collector's previous report of the 31st October 1854, be submitted for the information of Government with reference to their Endorsement dated 5th August 1854 on Petition No 1104 of 1854 addressed by Curnum Govindapah.-

2 In the orders just quoted, Government were of opinion that the Petitioner had done good service in bringing to light the malpractices of two misual Curnums in his Village, and that he should not be deprived of all reward merely because he was a Government Servant, provided he was not himself implicated in any of the fraudulent proceedings reported by him.-

3 From the papers now submitted, it will be observed that Petitioner's conduct, altho' free from blame in the Proceedings immediately under consideration, is still nearly as culpable as that of the dismissed Curnums in the matter of a lapsed Enam- the proceeds of which he enjoyed without authority for (9) nine years

years, having influence enough to keep back the report of the death of the last holder, and even to evade the payment of the rent of the Enam into the Treasury, pending an investigation which the late Tahsildar of the Talook delayed to undertake. The reason alleged for this appropriation was his distant relationship to the last incumbent, but a part from this consideration, it was clearly the duty of the Petitioner, as Curnum of the Village in which the Lapse took place, to report the same to the Collector, a duty which he altogether failed to perform.—

Under these circumstances, the Board concur in the opinion of the Collector that no grounds exist for rewarding the Petitioner.—

No 61.

To B. Cunliffe Esqre
Sub Secretary to the
Board of Revenue
Fort St George

Sir

I have the honor to forward a list of the Public Servants in this District, who, in conformity with the Board's Circular under date the 6th May 1852, have failed to produce security, and as the failure to carry out the

26.

Bd No 4684.

From the Agent to the Governor at Kurnool

the Board's order above referred to entails additional responsibility on the local authorities, I beg to be favoured with the Board's instructions, if the Servants who have failed to produce Security are to be removed from their situations.—

I take this opportunity of bringing to the notice of the Board that great difficulty seems to be experienced in procuring Security in this Province. Circar Lands have no fixed value. Enam Lands cannot be accepted as Security, and there are no houses of any value with the exception of a few in Kurnool.—

There are wealthy Merchants who are willing, I understand, to give Security for some public Servants, but will not register personal property unless allowed to retain it in their own possession.—

I therefore request the Board will also be good enough to favour me with their instructions, if in the event of personal property being tendered as Security it is to be kept in deposit in the Treasury, or may be allowed to remain with the owner.—

Kurnool, Government Agents Office

B.d No. 1721.

From the Collector of South Arcot

Sir

I have the honor to report for the information of the Board of Revenue and of Government, the demise on the 1st Instant of Mahathburkhan Bahadoor Jung the Jaghiredar of Runjengoody Droog in this District.

Reports the death of Mahathburkham Jaghiredar of Rajengoody Droog & solicits instruction as whether one Enquiry should be held to ascertain the Circumstances of the family of the deceased with a view of recommending their case to the favourable consideration of Government if it should be found necessary to do so.

2 The deceased was in the receipt of a Monthly pension of Rupees 1750, under the orders of Government dated 30th September 1817 communicated by letter from the Board of Revenue of the 6th October of the same year

3 This pension was accorded to him upon the resumption of the Jaghire which had been granted to his Father Mahomed Koofsain Khan Bahadoor in 1804 for enjoyment during the natural term of his life.

Grant dated 9th November 1804.

4 When the Jaghire escheated by

Fort St. George 29th January 1855

by the death of Mahomed Koofsain Khan Bahadoor in 1817, the Government was pleased at the recommendation of the Board of Revenue to confer a pension upon his son (the late Jaghiredar) of 6000 Pagodas per annum or Rupees 1750. per Menseem supposed to be about an equivalent to one third of the value of the reverted Jaghire.

Dated 15th September 1817

5 This pension has now also lapsed to Government, but I consider it my duty to bring to notice that an application for its renewal has been made by Mahomed Jaffer Koofsain Khan who represents himself to be the adopted son of the deceased.

6 With his own Urzee on the subject he has also submitted one purporting to have been written by the late Jaghiredar himself the day before he died in which he claims the Continuance of the full pension for his adopted son.

7 I beg to forward for the information of the Board, the two documents in question with translations into English

and

Fort St. George 29th January 1855

Board of Revenue
Fort St. George.

(36.)

B.d No. 1721.
From the Collector
of South Arcot

Sir

I have the honor to report for the information of the Board of Revenue and of Government, the demise on the 1st Instant of Mahathburkhan Bahadoor Jung the Jaghiredar of Runjengoody Dewg on this District.

Reports the death of Mahathburkham Jaghiredar of Rajengoody Dewg & solicits instruction as whether an Enquiry should be held to ascertain the circumstances of the family of the deceased with a view of recommending their case to the favourable consideration of Government if it should be found necessary to do so.

2 The deceased was in the receipt of a Monthly pension of Rupees 1750. under the orders of Government dated 30th September 1817 communicated by letter from the Board of Revenue of the 6th October of the same year

Grant dated 9th November 1804.

3 This pension was accorded to him upon the resumption of the Jaghire which had been granted to his Father Mahomed Koojaain Khan Bahadoor in 1804 for enjoyment during the natural term of his life.

4 When the Jaghire escheated by

Fort St. George 29th January 1855

by the death of Mahomed Koojaain Khan Bahadoor in 1817, the Government was pleased

Dated 15th September 1817

at the recommendation of the Board of Revenue to confer a pension upon his son (the late Jaghiredar) of 6000 Pagodas per annum or Rupees 1750. per Mensem supposed to be about an equivalent to one third of the value of the reverted Jaghire.

5 This pension has now also lapsed to Government, but I consider it my duty to bring to notice that an application for its renewal has been made by Mahomed Jaffer Koojaain Khan who represents himself to be the adopted son of the deceased.

6 With his own Urzee on the subject he has also submitted one purporting to have been written by the late Jaghiredar himself the day before he died in which he claims the Continuance of the full pension for his adopted son.

7 I beg to forward for the information of the Board, the two documents in question with translations into English

and

and at the same time to solicit instructions as to whether an inquiry should be instituted into the state of the family of the deceased with a view of a recommendation being submitted if sufficient grounds are found to exist to Government for a renewal of a portion of the pension for the maintenance of the surviving Members.

8 The late Jaghiredar notified to the Board in August 1853 that he had adopted the present claimant and he did the same to the late Collector Mr. Maltby to whom also the Petition he presented to the Board on that occasion. No 2467 of 1850 was referred for disposal by order dated 15th December 1853 Copy of Mr. Maltby's letter to the Jaghirdar is sent herewith.

9 As the Jaghire was originally only granted for life to Mahomed Hoosain Khan Bahadoor, and as the pension enjoyed by the late Jaghiredar was clearly only assigned to him as an annuity it does not seem either proper or expedient for me to agitate the question of its renewal without

without first receiving special authority from the Board to do so. I have therefore confined myself to a simple statement of the case leaving it to the Board to favour me with any further instructions they may deem proper.

Translation of an Urzee addressed to A. Hall Esqr Collector of South Arcot by Mahomed Jaffer Hoosain Khan Bahadoor dated 2d December 1854.

In submitting the enclosed Urzee addressed to your honor by my adoptive Father Nabob Mohubburkham Bahdoor Jung dated 30th November last to be forwarded to you. I beg to bring to your notice that he has departed this life at about 3 O. clock on the afternoon of the 1st Instant /Friday/ and as I am young and destitute of any other protection. I therefore beseech

Your

Fort St. George 29th January 1855.

your honor to take me and my large family under your protection and to support us as your dependants.

Translation of an Urzee addressed to . A. Hall Esqre Collecter of South . Arcot by . Mahauthburkham Bahadoor dated 30th . November 1854.

. As the state of my health is very precarious just now . I beg to bring the following to your notice.

That as I had no son of my own, I addressed a letter to . Mr E . Maltby the late Collector informing him that I had adopted . Mahomed Jaffer Koosain Khan Bahadoor to be the legal heir to my whole property as well as to my Pension with a view of his protecting and supporting my family and dependants in future.

I

Fort St. George 29th January 1855.

I have submitted English Petitions to Government and Board of Revenue under date 15th . August last detailing the assistance rendered by my ancestors to the British and Carnatic Governments as well as regarding my own circumstances . I also submitted another Petition to . Mr . Maltby /Your Predecessor/ on the 29th April last to which I was favoured with his reply in English on the 25th May stating the name of my adopted son was registered in his Office records and that the subject should be communicated to the Board and Government.

. As I am now declining in my health . I beg you will be so good as to recommend to the Board & Government to confer the whole of my Pension on my adopted son and thus keep him under your protection in the same degree of state that I have enjoyed.

Sir

No 2467 of 1853.

The Petition addressed by you to the Board of Revenue, notifying the adoption of a son having been referred to me, I have the honor to state that it is placed upon the records of my Office. But as the petition does not describe the rights which it is your wish to secure for your adopted son. I beg to point out that the Pension granted to you by Government is for life and that it appears to be questioned whether the adoption of a son is recognized by the Mahomedan law. It is however simply my duty to place the notice which you have given, on record as in all cases the acknowledgement of an adoption rests entirely with

Vide C. of Bd of Rev: Page 411. Note 15.

with the Government.

36-37.
Bd No 219

Proceedings thereon

No 522

As it appears from the correspondence connected with this case that the pension enjoyed by the late Jaghiredar was itself a continuation of a grant that had been restricted to the life of the holder, the Board feel some difficulty with reference to Circular Order 15th April 1850 in disposing of the application now made to them by the Collector, but they think that he is at liberty to enquire into the circumstances of the family left by the deceased, and report his opinion as to whether there are any grounds

grounds for recommending their case for the favorable consideration of Government.

2 It is to be observed that adoption is not recognised by the Mehamedan Law so as to confer any rights of inheritance

B.d No. 282

From the Collector of South Arcot

Sir

With reference to your circular letter No. 69 dated 11th Instant, I have the honor to state for the information of the Board and Government, that apart from the General reduction of the land assessment which I have been directed to introduce throughout this District, I have

Joli

not had occasion to act expressly upon the orders of Government, conveyed by Extract Minutes of Consultation dated 10th July last.

Since the revision of

26th June 1854. assessment was authorized by Government in the Wooloor Talooks the Board

From Board 12th October 1854. at my recommendation was pleased to sanction temporary relief of a similar kind in the Talooks of Mannargoody, Chellumbarum and

From Board 9th October 1854. Cuddalore, as well as the resumed Saghire of Pollicondah and Suncara-Poorum upon the same general principles as those on which the revision for the Wooloor Talooks was based.

I have taken every means of giving the fullest publicity among the people to the liberal intentions and wishes of Government to reduce the assessment on the land wherever it is found to be exorbitant and oppressive

and.

Fort St. George 29th January 1855.

and in fixing the money assessment on the lands in the resumed Jaghire of Polliencottah, upon which I am now engaged and regarding which I shall shortly make a report to the Board. I have endeavoured to carry out the orders of Government referred to.

With reference to the latter part of your Circular, I beg leave to observe that I have already promulgated throughout the District notices that the people will be in every possible way protected from any kind of ill treatment in order to force them to pay the Government dues but that the Law will be strictly enforced in regard to the recovery of balances from defaulters.

Bd. No. 4515
From the Collector
of Trichinopoly

Sir

I have had the honor to receive your letter of the 2d Ultimo calling for further information with reference to my endorsement on Petition No. 1921 of 1854. Agreeable to this requisition I beg to submit all the particulars that can be obtained in respect of this Enam land, and the possession claimed by the Petitioner

2 This Enam land was not granted to the ancestors of the Petitioner for the service of any Masque as stated in his several addresses. Neither does the freehold appear in the Registers on account of Mauniums prepared by Messrs Wallace and Travers, But we find mention is made and deduction granted, from the earliest period in the Jummabundy Accounts of the Veroopatcheepooram village for 6 Cawnies and 41 1/16 Goolies of Nunjay and Poonjay land as a Turrapuddy Maniem for the Subsistence of the original ancestor Rymaw Ali Khan. And after the demise of this personage

Fort St. George 29th January 1855

his Son Mahomed Ali Khan succeeded to the Maniem, and on his death in 1850 after due investigation the Petitioner Haje Hameed Khan as the representative of the Original ancestor then present, being the Son of the deceased Mahomed Ali Khan's Sister was recognised as the Succession to the enam and put in profession

3 But this profession and Conveyance of the Maniem to the Petitioner was in fact merely nominal, for the lands themselves were many years, at least 40 mortgaged by Mahomed Ali Khan to one Moottia Pillay on account of certain money lent — And the said lands have continued with the Mortgagee, passing through the successive generations to the hands of the present occupant Appah Pillay

4 With the exception of the Jurrapuddy entrance in the Jummabundy accounts, this Enam has no grant or document for its support — And beyond long profession in the name of the Petitioners family there are no documents in support

But.

Fort St. George 29th January 1855

But heretofore many such Enams in the District have been considered valid, and the possession never questioned. I am therefore of opinion that the family of the original Ryman Ali Khan have a perpetual right to the Enam, and the fact of its being for maintenance, I conceive gives a right to a party to mortgage the property, and which should be redeemed by the next heir coming into possession if able to do so

5 It is to be observed that this very person Haje Hamed Khan in granting his acknowledgment for the Conveyance of the Maniem to him on the 7th August 1851 admits the possession to be with Appah Pillay

Document No 9 in 1921/54

6 In the event of the Petitioner dying without legal representatives, the Maniem then should be resumed, and the Mortgagee charged with the Government land assessment in like manner as any other proprietor

7 I beg to return the Petition and papers received

Collector of South Arcot

Sir

I have the honor to report to yow, that finding not the least likelihood of any Settlement of the boundary dispute between the Jaghire Village of Iyempettah and the Village of Coolay Cadyarpolliem Talook, being made, on the 24th Instant I proceeded with the Pushcar of Pollimcottah to the place of dispute in the Jungle of which I enclose an explanatory Sketch) Finding that the boundary Stone at the North point and another point 1992 feet from a re-entering angle of the Village in where Station M is, were the only two points to which both parties Seemed to agree, I proposed to let the new boundary (marked in red) be cut through the Jungle in a Straight line from the N boundary Stone to a flag Set up at D (in red) The Iyampettah people did not like losing ground and Said fairly enough that they had the trouble of Cutting what they Considered their boundary and that the Coray people ought now to cut the new one, to this the Coray people after a little demur agreed, and so eager were they, that when on some representations the Iyenipettah people made

but

(but which were found of no value) I sent a peon that very evening to tell them to delay the Cutting till I had heard the fresh matter, he found the whole line nearly 2,500 feet long of thick bush Jungle cut through / I went yesterday morning in hopes of being able to measure this but found the Jungle cut quite Crooked I left word for this to be rectified, but on going this morning at 6 o'clock I found nothing had been done I therefore set to work and having assembled a number of people of both Villages / though the Iyempettah people at first refused) by 12 o'Clock I had the Cut made Straight; and took the required measurements I had a peg driven in at feet 4 1/8 of the N boundary Stone / Station H / where there had been one removed by the Coray people, and seeing one Coray man whom I had remarked as particularly active in the dispute I said to him that I placed the peg in his charge, (asking who he was, I found that he was a Joint Meerassidar and the Moonsiff brother) on this he objected, and I said that the pegs had been removed evidently by the Coray people as they made the tukrar on this his brother

the Moonsiff declared that he did not agree to the boundary fixed / though his Village had cut it so willingly 2 days before) and was most insolent in his manner to me threatening me with the Collector Vth. I should not have deemed this matter of Sufficient Consequence to bring to your notice but that I have had occasion twice to report the people of this Village / Coray) to the Police ameen of Poduarpolliem and have not heard of their meeting with any punishment

I take the liberty of pointing out also that about a year and a half have elapsed since the Tahsildar of Poduarpolliem (I believe) received orders to adjust all existing boundary disputes, had this order been attended to, I should not been induced as a last resource to endeavour / and at first successfully as will be seen by the enclosed letter of the Pollium-Cottah Peshcar) to settle the dispute myself if the Moonsiff who is I believe the head Village authority behaves in such an insolent manner before all the castes and talliaries of the Village it is not to

(but which were found of no value) I sent a peon that very evening to tell them to delay the Cutting till I had heard the fresh matter, he found the whole line nearly 2,500 feet long of thick bush Jungle cut through / I went yesterday morning in hopes of being able to measure this but found the Jungle cut quite crooked I left word for this to be rectified, but on going this morning at 6 o'clock I found nothing had been done I therefore set to work and having assembled a number of people of both Villages / though the Iyempettah people at first refused) by 12 o'Clock I had the Cut made Straight; and took the required measurements I had a peg driven in at feet 4 18 of the N boundary Stone / Station H / where there had been one removed by the Coray people, and seeing one Coray man whom I had remarked as particularly active in the dispute I said to him that I placed the peg in his charge (asking who he was. transacting all the business and
drafting all the orders and Urzees
connected with the Davastanom
Nagummal

Fort St. George 29th January 1855

Nagummal is however respected and
is a woman of more than ordinary energy
and Character — Mooddoomeenummal
claims this Davastanum as a Royalty-
The endowments having, as she asserts,
been made by her husband's forefathers
the Poligars of Ramagherry.—

5 Another applicant for
this Office has arisen in the person of
the Brother of the Audeputty Zemindar
in Coimbatore, who lays claim to it as
a distant heir of the deceased Poligar
of Ramagherry, but as the recognition
of such a claim would be to recognize
the right of this person to the Zemindary
itself, a question long ago set at rest
and disposed of by Government in their
proceedings of 21st October 1830, it would
be improper to admit his application in
its present form. I am unable to discover
any qualities or qualifications in Coo-
=maraalaga Nauck which gave him a
preference over Nagummal. His residence in
Coimbatore is a drawback, while his debts

and

Fort St. George 29th January 1855

and difficulties, his appearance and conduct shew him not to be above the average of the petty Polygars of this part of the Country - a class of Men generally steeped in dissipation and extravagance, and as unable as they are unwilling to administer the Estates committed to them. —

I Know of no person of weight and character in Ramagherry whom I am prepared to recommend to the Vacant Office, while I see no objection to the request of Moodoomeenumal in favor of her Niece. —
