At a Meeting Present

Monday 5th March 1855 — E. Maltby Esqre Member and W. H. Bayley Esqre Member

J. Goldingham Esqre First Member Absent on Duty as Commissioner Northern Circars

Minutes of the last Meeting read and approved.—

Read the following Papers.

Bd No 308 — No 138

From the Chief Secy to Government — Extract from the Minutes of Consultation in the Public Department Dated 30th January 1855.—

Read the following letter from the Acting Secretary to the Board of Revenue /Here enter 4th January 1855/

The Right Honorable the Governor in Council has perused with interest the foregoing Report from the Board of Revenue and the replies of the several Collectors on the subject of the Provincial Agricultural Exhibitions suggested in

Extract

Fort St. George 5th March 1855.

Extract Minutes of Consultation dated 11th July last.

2 The Government are fully aware that the novelty of the proposed scheme, the ignorance of the great mass of the people and their inability to enter readily into the views and intention of Government, must oppose difficulties to the immediate and successful carrying out of the contemplated measures which can only be gradually surmounted. Neither has His Lordship in Council overlooked the marked difference in the position and circumstances of this Country and England to which the Board advert and the existence of those elements of success in the latter in consequence of which similar measures have been productive of such advantage to that Country. While he is by no means sanguine of any immediate results from the present movement it is his desire that the existing difficulties should be perceived and overcome by steady and persevering efforts. There certainly is not sufficient time for the necessary preparations

Fort St. George 5th March 1855.

preparations to admit of a commencement being made in the present year and the Government are therefore disposed, in conformity with the suggestions of the Board to defer the Meetings in the Provinces to the next year, the interval being employed in familiarizing the people with the nature and advantages of the proposed Exhibitions. To this end the Collectors and their European Subordinates should take every opportunity of freely communicating with the Ryots and acting upon them thro' the more intelligent and influential members of the Native community.

3 The Government are far from wishing to force prematurely a measure for which the people may not be prepared and adverting to the diffident tone which pervades the communications of several of the Collectors the Governor in Council is even inclined to limit the present attempt to those Districts where there may exist reasonable expectations

expectations of success. reserving the further extention of the operations till the influence of the initial measures is felt and so appreciated.—

4 The Government approve of the principles laid down by the Board in paras 8 to 16, and on which they propose to act, and concur with them in the suggestions and remarks offered in paras 18 to 27.—

5 With regard however to the amount required for Prizes &c the sum recommended by the Board Viz Rupees 60000 is not excessive, considering that on an average each District will have no more than about 3000 Rupees but as under the views above expressed it is not probable that the Exhibitions will be established in all the Districts in the ensuing Season the Board will reconsider the point and revert to the subject after the Madras Exhibition of Arts and Manufactures, when the Government will be prepared to consider the Boards proposition and apply to the Government of

of India for the necessary expenditure.—

Circular to all Collectors & Copy to the Coll[r] of Sea Customs Madras Commissioner to the Northern Circars and to the Exhibition committee at Guntoor

Sir,

The Board proceed with reference to their circular dated 7th September 1854 No 1907 regarding Agricultural Exhibitions in the Provinces to detail the general principles / assented to by the Government / on which it is their intention to act.—

Contract Journ. Co
Cond. Sh. Journ. Sh. Comp. Sh. Book
1855 Journ. 1837 5 to comm.
Journ.

I In the first instance there will be an Exhibition in each District except Canara where, / from its great length / two will be held The joint meetings for several Districts will be deferred until some experience is gained and the people become familiarised with the objects of these exhibitions.—

II The prizes will be open to all competitors without reference to class. The restriction of the competition originally contemplated

contemplated to native producers is aban=
=doned.-

III The prizes will be declared in money but it will be optional with a succesful competitor to receive his prize in any other equivalent shape which he may prefer. Print=
=ed Certificates furnished from this Office will accompany each award - The money prizes should be disbursed by the President of the Committee in public before the close of the meeting and if possible directly to the succ=
=essful competitor - If the prizes are com=
=muted into any article not immediately procurable, the printed certificate will be presented at the time and the equivalent as soon as it can be obtained - If the latter be only procurable at Madras the Com=
=mittee will apply to the Board specifying the nature of the article required The name of the presentee &c The Board are averse as a rule to second prizes con=
=sidering it better to give one substantial prize for the best article than to divide the same

same sum among the number - The Committee will however have a descretional power to grant a small sum in money when they consider it desirable to do so for a product little inferior to that which has received the prize, but as a rule only one prize will be declared for each description of produc=

IV Prizes will be offered for the following classes of objects.

First- For some of the principal ordi=
=nary grain and other crops of the District The grain should be unthrashed and the Sam=
=ple having the largest and heaviest ear should receive the prize - The rewards for this class need not be very large sufficient merely to give the ryots generally an interest in the exhibition which they would not have if special products cultivated only by a few were alone rewarded

2d For cattle of all kinds - sheep poultry &c

3d For the more valuable descriptions of produce as cotton, Indigo, Sugar, Coffee &c which it may be desirable to introduce

on

contemplated to native producers is aban=
=doned.

III The prizes will be declared in money but it will be optional with a successful competitor to receive his prize in any other equivalent shape which he may prefer. Print=
=ed Certificates furnished from this Office will accompany each award. The money prizes should be disbursed by the President of the Committee in public before the close of the meeting and if possible directly to the suc=
=cessful competitor. If the prizes are com=
=muted into any article not immediately procurable, the printed certificate will be presented at the time, and the equivalent as soon as it can be obtained. If the latter be only procurable at Madras the Com=
=mittee will apply to the Board specifying the nature of the article required. The name of the presentee &c. The Board are averse as a rule to second prizes con=
=sidering it better to give one substantial prize for the best article, than to divide the same

Fort St George 5th March 1855

same sum among the number. The Committee will however have a descretional power to grant a small sum in money when they consider it desirable to do so for a product little inferior to that which has received the prize, but as a rule only one prize will be declared for each description of product.

IV Prizes will be offered for the following classes of objects.

First. For some of the principal ordi=
=nary grain and other crops of the District. The grain should be unthrashed and the Sam=
=ple having the largest and heaviest ear should receive the prize. The rewards for this class need not be very large sufficient merely to give the ryots generally an interest in the exhibition which they would not have if special products cultivated only by a few were alone rewarded.

2d For cattle of all kinds. sheep poultry &c.

3d For the more valuable descriptions of produce as Cotton, Indigo, Sugar, Coffee &c which it may be desirable to introduce

or if already cultivated, to improve - The prizes in this class will of course be more liberal -

4th For improved agricultural instruments Tools &c The rewards should be given only for some real improvement not merely for an instrument of better finish at an enhanced cost -

5th For special produce as Vegetable Oils, fibres Substitutes for Gutta percha &c &c

V Products not included in the above general enumeration will of course be specially considered by the Committees who should from the general funds reserve a moderate amount for extra prizes -

VI The exhibitions are intended for the present to be "Agricultural" but the Board wish to leave the Committee some latitude in rewarding other articles of a really useful nature provided that this be done in subordination to the main objects of the scheme -

VII The Board also contemplate the exhibition by the local Committees on behalf of Government of such samples of superior product and specimens or models of improved agricultural instruments as

as may be deemed desirable - When these objects can be procured from other Districts application will be made direct to the Collectors and in other cases to the Board - Prizes will not of course be adjudged for articles thus exhibited the selection of which should be restricted to really useful articles, suited to the means and requirements of the people -

VIII It is also intended to give the Committees a discretionary power to purchase moderate quantities of such of the peculiarly superior produce of the District as they may think it desirable to display at Madras or in other Districts.

IX A small but well selected collection of such products from each District might with advantage be sent to the Board for exhibition, but in every case the samples must be accompanied by full information as to price mode of production locality amount of available supply and cost of carriage either to a shipping port or the nearest town of any importance - It should also be stated whether the sample is a fair specimen of

of the general produce, or in any marked degree superior to it.—

X A Committee will hereafter be nominated for each District to carry out the objects of Government. The principles above enunciated will serve as a general guide but it will be for them to suggest such modifications as the peculiarities of each District may render necessary to prepare lists of the articles for which with especial reference to the wants of the locality prizes of various amounts should be offered to frame rules for the conduct of the Exhibition and generally, in communication with the Board to take all necessary measures to carry out the intentions of Government.—

XI The first point requiring the Committees careful consideration will be the time of holding the exhibition. The Government have expressed their willingness to defer the meetings until next year, and even in the first instance to limit them to particular Districts which afford the greatest promise of early success. The Board have

have under all circumstances considered it best to postpone all the meetings until next year, except in Guntoor and Rajahmundry. The interval will be sedulously employed by the Collectors and their subordinates in familiarising the people with the object of the scheme, and enlisting their ready cooperation. The Board rely on every exertion being cheerfully made by the Officers of Government to carry out the liberal objects which it has in view. They fully admit there are many difficulties to be overcome but they are sanguine of ultimate success and of much solid benefit to the people being the result.

XII The amount of prizes will of course depend on the recommendations of the several Committees and will vary according to the requirements of each District. As a general guide for the Committee the Board would name as the maximum for the prizes and all other

other expenses. Rupees 1000. for Canara / where 2 meetings are to be held / and 3000 for each of the other Districts.

The whole of this sum will not, in all probability be necessary at first.—

XIII On receiving the recommendations of the Committees the sanction of Government will be solicited for the requisite sum, but the limit above named will serve as a guide to the Committees in their plans.—

XIV The prizes then thus sanctioned by Government will be adjudged and paid by the Committee of their own authority. The Committee will hereafter select the Judges for each class of objects - a Member of the Committee presiding over each Jury.—

XV The Committees and the Judges appointed by them will of course possess the power of withholding the

the prizes either wholly or in part when the article exhibited - though the best of the Kind brought forward - is really undeserving of reward — but some forbearance will be requisite at first in exercising this power.

The restrictions on the competition and condition should be as simple and few as possible and no opening should be left for interference with the people by the subordinates, Talook and Village Officers. With grain and such like produce the minimum to be exhibited - should be only sufficiently large to prevent the samples from being specially collected from a generally inferior crop care being taken at the same time to avoid entailing unnecessary expense on the exhibitor. Every facility will of course be afforded to parties

Fort St George 5th March 1855.

parties who wish to dispose of the articles they may bring for Exhibition or to take advantage of the concourse collected on the occasion to sell other commodities.—

XVI On the conclusion of the meeting each Committee will furnish a full report of their proceedings for publication and the Board trust that much useful information will thus be promulgated.—

W.P.W

Ordered—

Fort St George 5th March 1855

Ordered also that the following letter be sent in Consequence.—

3

To The Chief Secretary to Government.

B. No. 524

To the Chief Secretary to government — Submitting with reference to Extract Minutes Consultation dated 30th January 1855 Copy of the Boards' Circular instructions regarding Agricultural Exhibitions in the Provinces and requesting that they may be authorized to incur an expenditure not exceeding 1,000 Rupees for the general purposes of the exhibitions.—

To Gt 8th Feby 55

To Rajahmundry 1st March 1855

Sir,

With reference to Extract Minutes Consultation 30th January 1855, I am directed by the Board of Revenue to submit for the information of Government the accompanying copy of the Boards' Circular instructions founded on the principles approved by Government regarding Agricultural Exhibitions in the Provinces.—

2 The Board have thought it best under all Circumstances to postpone all the meetings until next year, except only in the districts of Guntoor and Rajahmundry—Regarding the former of these the Board have already addressed Government, and with regard to the latter it is only necessary to observe that arrangements have already been so far carried out, that postponement would be very impolitic. I am directed to submit copy of the Boards' letter to the

Fort St. George 5th March 1855

the Collector, and to request sanction for the sum of Rupees 1,000 being placed by the Board at the disposal of the Committee for the purposes of the Exhibition. The date fixed for the Meeting is the 8th Instant.—

From Rajahmundry 20th February in Cons. 1st March 1855.

3 The Exhibitions in the other Districts having been postponed for a year the Board have thought it preferable to defer nominating Committees until 6 or 8 months before the time fixed for each Meeting, leaving it meanwhile to the Collector, and his Subordinates to prepare the people to cooperate in the scheme.—

4 They propose in the first instance to nominate the Collector, Judge, Civil Engineer, and one or more of the officers of Government at each station as a Committee and to request these Gentlemen to prepare for submission to Government a list of European and Native Gentlemen to be associated with them in the Management.

5 They have also pointed out that

Fort St. George 5th March 1855

that the estimates of expenditure must reach them at least four Months before the time appointed for the Exhibitions to admit of sanction being first obtained from the Supreme Government.—

6 The Board desire me however to bring prominently to the notice of Government the advisability of at once moving the Government of India to place at their disposal for a fixed period, as for 3 years, a certain sum, for a fixed period, as for Honorable the Governor in Council for this purpose.—

7 It is impossible for the Board to state with any degree of certainty before hand what the actual expenditure will be, or indeed to do more than fix a Maximum. The estimate which the Board have already made is considered by the Government as well as by them to be sufficiently moderate, and they would suggest that an application for this sum should be at once made. The expenditure will be under the constant

Contract

pontral of Government for whose sanction
each prize list will, if necessary, be first
submitted. —

8. The people cannot be expected
to incur the hazard, expense and trouble of
producing articles of a superior quality till
they know what prizes are likely to reward
their exertions, and as the products which it
is the design of these Exhibitions to encourage
require time, and money for their improvement,
the people need some assurance that the pro-
jects will not be lightly abandoned. — The
Board apprehend that uncertainty on this point
will work much injury, for if the people are
allowed to think that the scheme may at
any time be given up, they assuredly will not
take any hearty interest in it. The Board are
particularly desirous that this point should
be settled, if possible by June or July next,
when active measures should be adopted for
carrying out the proposed measure with
scarcely an exception, an Exhibition may
be held in each District in 1856.

When

When the Committees are appointed and
in nearly every instance the most suitable
time will be between July and October, they
will require some guide as to expenditure,
and it will be impossible to issue prize
lists contingent on subsequent sanction
from the Government of India. —

9. I am further directed to request
that the Board may be authorized to incur
an expenditure not exceeding Rupees 1,000
for the general purposes of the Exhibitions,
submitting Contingent bills quarterly for
the sanction of Government. —

From the Secretary to Government. } Extract from the Minutes of Consultation in the Revenue Department under date the 6th. February 1855.—

Read the following Extract from the Proceedings of the Board of Revenue.—

/Here enter 2d. January 1855 No. 6/

The Right Honorable the Governor in Council observes that the rule

referred to by the Board which directed that the "two Head Revenue Servants at the "Hoojoor should not both be Mahratta "Bramins" was not intended by Government to be absolute in all cases under present circumstances, but to be now carried out "as far as practicable and when injustice to "individuals already employed will not be "hazarded." The Government are aware that some exceptions must now be allowed, such for instance as that in the Madura District submitted by the Board, and His Lordship in Council will leave the Board a discretion to authorize a deviation from the rule in such cases, but he will rely on their requiring its fulfilment whenever it can be carried out without positive injustice that the rule itself be not allowed to become practically a dead letter.—

Further Proceedings thereon

Copy to all Collectors

Collector of Sea Customs Madras and to the Commissioners Northern Circars

(5-7)

Resolved to forward copy of Paras 1 & 3 of the above Extract Minutes of Consultation to all Collectors.—

2. The Board request their particular attention to the remarks of Government in condemnation of a system which prevails more or less in most districts, & in some to a very prejudicial extent.—

3 It must in a great measure rest with Collectors themselves to remedy this evil, the effects of which are so palpable, that the Board trust no efforts will be spared at once to diminish and eventually to remove such influences.—

On

3458 Fort St. George 5th March 1865

4. On the occurrence of a Vacancies among the Sheristadars or Head Revenue servants at the Hoozzoor, the Collectors will endeavour to appoint an individual of a different caste from that prevailing in the Department, and when this cannot be done without injustice to individuals already in employment, he will refer the case for the orders of the Board.—

5 The Board are unwilling at present to extend these restrictions to the Tahsildaries, or to introduce specific rules by which the official patronage of the Collectors should for the future be at all fettered.—

6. Without question the favoured class has chiefly recommended itself hitherto by its peculiar aptitude and qualifications for the public service, and it would probably be

be found impracticable to supply its place at once to the desirable extent by other castes without prejudice to the public interests. The Board hope however that from the advance of education and the improved opportunities of giving instruction now afforded by the Government, the Collectors will in a short time find no difficulty in securing efficient men from all classes, and in proportioning fairly his patronage among them.—

Proceedings thereon

Read again letter from the Collector of Nellore dated 27th January and entered in Consultation 1st February 1855

The Board are desirous that every latitude allowed by the Rules should be granted to public servants who are required to furnish Security, if they see no objection to personal property offered as security being left with the owner, and would leave a discretion with the Acting Collector in what cases to accept or refuse such Security, merely calling his attention to the Circular Order dated 29th December 1834 † on this Subject. Wills may also be received as Security on the conditions specified by the Acting Collector.—

B. No. 209

From the Acting Collector of Nellore ——

With reference to the retrenchment ordered in his Extra Tent & allowance, & Submits explanation of the reasons which induced him to draw it, and solicits the Board's patient reconsideration thereto—

To B. Cunliffe Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to acknowledge receipt of Extract No. 193 from Board's Proceedings dated 28th Current, sanctioning the amounts drawn for Extra Tentage by the several officers in this District, during the last fasly, with the exception of my own, from which that drawn for 81 days has been retrenched whilst entire disapproval of my conduct in having been absent from my Division during the period for which the same was drawn is also recorded.—

The retrenchment itself, tho' a very serious and most unexpected one, I could have borne & shall bear comparatively, & cheerfully, should its enforcement be eventually decided upon, which I am induced albeit to hope that it may not be after my present explanation. the structure & however upon my conduct affects me

for

for otherwise - and impels me to at once endeavour to place that matter in, as I believe, a proper & what the Board will I trust admit to be both a just and very different light; whilst I would at the same time hope to obtain a modification of the retrenchment itself, after that reconsideration of the subject, which I would, with reference to what I have to say, very respectfully solicit upon both points, at the hands of the Board. —

Without desiring in the very slightest degree to shift responsibility as to the present most unlooked for issue of this particular procedure, upon my then & immediate Superior, I must, in common justice to myself, point out with reference to the Board's strictures upon my Conduct, in having been so frequently & altogether long absent from the limits of my immediate charge, that prior to quitting it, on each of the three occasions in question, I sought - and obtained the Collector's sanction and permission, & (the

(the objects of each visit being those hereafter specified) that I visited the Hoozoor on each occasion, with his full concurrence, and never remained there one hour, contrary to his suggestion, wish, or order. —

2 The Board in para 4 of their Proceedings under reply, advert to one month as a, and apparently the already, fixed total period, during which the Sub Collector should be absent from his Division in a single instance: whilst at the same time declaring such to be quite sufficient for all purposes of personal communication with the Collector, during that time, as well as for travelling to & fro - in this case, I may observe, involving a Journey of 90 Miles from the Southernmost limit of the Division - Of the existence of any such order or restriction, express or implied, I was absolutely unaware; as must have been, Mr. Elton; or, I should assuredly not have attempted, as he would not

not have permitted its infringement.—

The only specific advertence to the point of which I am Cognizant is, that made in Extract No. 55-6 from Minutes of Consultation under date 16th May 1854, but altho' discussing this particular point, and taking exception to a proposed residence by a Sub Collector of a great portion of 8 months in the year only within his Division, neither adverts to any previously specified or understood limit to his total absence, or lays such down for the future; whilst, as I would respectfully suggest, the tenor of both the therein recorded acquiescence of Government in the propriety of the Sub Collectors occasionally visiting Head Quarters as well as its previously recorded opinion as to their keeping up a thorough acquaintance with the current correspondence, & generally, of the Collectors' Office, as expressed in Minutes of Consultation dated 13th July 1847, & circulated with Board's

Proceedings

Proceedings under date October 28th following, would seem to point to a longer, collective absence than 30 days over the entire year, and that inclusive of time for travelling; particularly, where the latter would involve, as I have already observed it does in this District, a journey to & from the limits of the Division of 90 Miles; or a point which I respectfully solicit as a not unimportant one, and, as I would venture to suggest, rendering inadvisable the moving, so far of the Office current Records and Public Establishment, as well as, if such may be permitted to receive consideration, the private one of the Officer himself, unless for a comparatively lengthened stay at the Hoozoor.—

The Board have, I may here observe, in para 2, noted the number of days for which I draw tentage whilst actually residing in Nellore, as 35 — 16 — 69 — the latter being as the just before recorded total

of

of 101 shews, a clerical error and the actual number of days being 60.—

3 I would lastly in specifying the main objects which brought me to Nellore on each of the 3 several occasions in question, respectfully solicit the Board's special notice of a circumstance in Connection therewith, which I ought to have originally submitted for its Consideration, when forwarding the general Statement, and so indeed should have done, had I been then at all conscious of having transgressed proper limits in my total, therein recorded, absence—It is this—Owing to unavoidable obstacles, I was unable to Commence the the settlement of Sub Division for fasly 1262 until the month of May, terminating it, at the close of July or in fasly 1263—I am not aware as to what may be general practice, but Mr. Elton considers the junction of the Principal and Sub Division Cutcherries, after the general termination of the Jumabundy, as

as proper and advisable—and it was to effect this junction, that I first proceeded to Nellore in September of fasly 1263—the few days, by which my then stay exceeded a month, having been on account of the occurrence of the Deepavali feast just as I should have otherwise left, and which, at the request of my Cutcherry, I permitted them to wait & celebrate in Nellore.—

On the 2d occasion of my visiting Nellore at the end of December, I did so, partly with the joint view of bringing my acquaintance with the Office Records up to the latest point prior to Commencement of another Jumabundy, in January, as well as to personally discuss its future Conduct with the Collector—an object, doubly needful under then untoward circumstances as to season and prospects, & partly I admit with the prospect and intention of eventually proceeding to Madras, for which, as the Board will see in the Gazette

Fort St. George 5th March 1855

Gazette of 19th December 1850 I obtain-
=ed leave.—

The occasion of my 3d visit, was
similar to my first; i e to bring the
two Cutcherries together after the close
of another peimabundy; and it is the
very unusual, if not unprecedented,
circumstance, of two Settlements having
been thus closed in the same, & this
particular fusly; which, whilst it en-
hanced the presumed proper necessity
for increased the actual amount of my
absence, therein, from the Division,
forming a decided exception, to what
would otherwise occur.—

As regards the sufficiency or other-
=wise of the causes which pursuant to
instructions Conveyed in para 3 of Note
6, page 90 of C. O. Book, I put for-
ward as explanation of the necessity
or advantage of my having remained
at the Hoozoor, on the occasion of my
last visit, for the number of days
beyond

Fort St. George 5th March 1855

beyond a month, for which I then drew
Extra Tentage, for "19", it rested of course
with the Board to decide, and for me to
abide by that Decision; as I most cheer-
fully do-venturing, however, at the same
time, to solicit, that, as the order of May
8th 1851 is declared to be applicable to the
periodical visits of Sub Collectors to the
Hoozoor; and, as this permits a longer resid-
=ence than a month at one place subject
only to non-allowance of Extra Tentage
for the excess, the tenor of such
may also be permitted to operate towards
the now sought removal of those terms
of censure, in which the Board has
considered it necessary to advert to the
further prolonged stay under its notice.—

Most respectfully soliciting
the Board's patient, and as I hope
favorable, reconsideration of the matter
and that whatever may be its orders
or views for the future, I may, under
the detailed Circumstances, be retros-
=pectively relieved of so much of the
retrenchement

Fort St. George 5th March 1855.

retrenchement as is not included in the excess period over one month, last drawn for, and for which, the Board has pronounced the reasons insufficient.—

Nellore District,
Collectors Office,
Eskapallium, — —
29th January 1855.

/ Signed / J. Ratliff
Acting Collector

B. No. 492
Proceedings thereon.— (15-16)

1 The Board of Revenue have given Mr. Ratliff's letter above recorded their best consideration & regret that they are unable to modify the decision at which they have arrived in regard to his lengthened absence from his Division in Fusly 1263.—

2.— The Board consider one month in a year or two visits of a fortnight each a fair average allowance for personal communication with the Collector.— Special circumstances may require a longer period occasionally, but

Fort St. George 5th March 1855.

but the Board are not disposed to admit that such was the case in the present instance.—

3.— The Board observe that at the close of para 2 of the proceedings of the 25th Ultimo "69" has been erroneously entered for "50" fifty days.—

Read again Return from the Collector of Nellore dated 10th and entered in Miscellaneous consultation 15th February 1855 of Fines imposed and stoppages made from the pay of public servants during the quarter ending 31st December 1854.—

(17)

B. No. 484
Proceedings thereon.

1 The Board observe that the Fines imposed by the Acting Collector on the Public servants entered in the foregoing Return are very numerous, and that no less than 14 Tahsildars have

3475

Fort St. George 6th March 1855

have been thus mistated.

The Board cannot approve of this system which has too much the appearance of hasty and indiscriminate punishment. Mr. Ratliff's attention is directed to the Board's Circular Order of 28th July 1855 Page 41 of Circular Order Book and note 2

X

B. No. 60.

From the Agent to the Governor at Kurnool.

Submitting the Annual Report on the Land Revenue Settlement of the Kurnool District for Fusly 1263.-

Sir,

1. I have the honor to submit the annual Report on the Land Revenue Settlement of the Kurnool District for Fusly 1263, made by my predecessor Mr. Conway, together with the prescribed English Statements relating thereto.-

2. The Immanhbundy operations commenced on the 23d December 1853 and were concluded on the 6th July 1854. Captain Russell the Assistant Agent, having been absent on Sick Certificate, Mr. Conway undertook the Settlement of the 8 Talooks of the District. The Villages at which the Settlement of each Talook was made are shewn in the Statement marked No. 4.-

Villages and Hamlets

Government Villages	468.	
Hamlets	100.	568
Shrotrium Villages paying a fixed Jodee	6	
Do. Do. Hamlets	5	11
Jaghire Villages enjoyed on life tenure		9
Surva Enam Village		1
Shrotrium Villages paying half its Beriz		1
Villages 485 / Hamlets 105		590

3. The number of Villages and Hamlets brought under Settlement in the present year was the same as in Fusly 1262, amounting to 590, the Town of Kurnool not being included. The Villages Cumlapoor and Cherrupand in the Dhone Talook held

Fort St. George 5th March 1855.

held on life tenure by one Para Saib having on been resumed on his demise on the 15th October on 1853 occasioned an increase and decrease in the on number of Government and Jaghire Villages on respectively.-

Sources of Irrigation.

4. The following Statement shewing the details of Irrigation in this District, in accordance with the directions of the Board in their Circular of the 13th June 1853, corresponds on with the Statement of the previous year.

Particulars.	Tanks. In good order	Tanks. Out of repair	Tanks. Total	River Channels. In good order	River Channels. Out of repair	River Channels. Total	Spring Channels. In good order	Spring Channels. Sher

Season.

7. The season was on the whole exctremely unfavorable. The rains were scanty and unseason= =able. In June and July, the usual season for sowing Poonassa or early crops, and also in the Months of September, October and November, the season for sowing white Jowary, Chenna, Wheat, Cotton, and other pubbee Crops, only a few light showers of rain fell in some villages and in others none at all. There was a moderate fall of rain in August, but the season for yellow Jowary having pasfsed, the lands could only then be planted with Cunjooce, Cotton, and Indigo; and in a few villages where sufficient rain fell, these Crops yielded a fair harvest, but the rain was very partial and a large exctent of land throughout the Province could not therefore be brought under Cultivation. From the same cause both the Poonassa and Pubbee Crops which had been sown were injured to a very great exctent, but more especially in the Goodoor and Dhone Talooks.

8. The two large Tanks at Nundial and yeldoorty received a supply of water, but many Tanks of the District received only a very partial supply, and in consequence the Wet Crops were injured to a great exctent in the Alcoor, Nundial, and Sirvell Talooks

Talooks, and in a less degree in the remaining Talooks, and a considerable portion of 1st and 2d Crop Wet lands was left uncultivated.

No second supply of water was received in the Nundial and yeldoorty Tanks, and the supply received in the early part of the season having been exhausted earlier than usual from the heat of the sun, a portion of the 2d Crop lands under these Tanks was also left uncultivated.

Agents report dated the 10th March 1854 No. 55.

9. An inundation of the Kistna occasioned considerable loss of Hauser, grain, and other property to the ryots of several villages adjacent to the river.

10. Those ryots who in this unfavorable season were fortunate enough to reap fair Crops were well remunerated by the high prices they obtained for their pro= =duce, but vast numbers suffered severely for want of the necessaries of life, aggravated by sickness, the scarcity of forage and the loss of their Cattle by disease and starvation. All Classes exhibited the greatest patience under their sufferings, and but for the benevo= =lence and liberality of Government in providing employ= =ment for those who needed it, many lives would have been sacrificed.

Prices of Grain.

11. The subjoined Statement shows that the price of all grain was much higher than that which was obtained in the preceding Fasly or the average rate of the 3 preceding years. The prices of the principal kinds of Dry grain such as yellow and white Jowary, Cunjooce, Coodroo, Horse gram, and Toor were a little more than double that obtained in the preceding year, and the prices of other kinds of Dry grain of the several description of Paddy, and of all kinds of Oil seeds, were only a little less than double the prices obtained in last year. The price of Cotton did not rise to any great exctent=

The

3482

Fort St. George 5th March 1855.

Villavaiee. 12.

The subjoined abstract of the amount assessible in Fasly 1263 and of the Jumma collectible in consequence thereof on Villavaiee Pagoy of the said year in which is exceeded by Rs. 1,336-15-8 the assessment of Fasly 1262 as will be observed on reference to the Statement No. 12 herewith. The great increase in these wet villages is owing to the Pannaiem having been ordered to be cultivated by the Ryots themselves instead of being rented out as heretofore.

1594.—4 And an increase in the Pannaiem of Talooks of Shiroda 2,837—11—2. The assessible being as much increased of the Ryots 1943—10—10.—

Net Increase 1943 10 10

Although

13. Although in the Paumien and Dhone Talooks the Villawaree beriz is less than last year yet the extent of land brought under Cultivation is in excess. The cause in the decrease in the Beriz of the former Talook is owing to a reduction of assessment, amounting to Rupees 830-0-0 on certain Wet and Bagayet lands at Calwah which had previously been taxed to such an extent as to impoverish the ryots who Cultivated them, to a decrease of Rupees 243-0-0 the amount of Teerwajastee levied last year on lands Cultivated with Betel, but in the Current year with other produce, and to an increase and decrease under unimportant Items.-

14. An assessment equal to 1st Crop had always been Collected on 2d Crop of Wet lands under the Tank at yeldoorty, but under the sanction granted by the Board in their Proceedings under date the 14th of February 1853, half the Amount on 2d Crop Wet land was remitted in last Fusly, as stated in the 30th para of last report, and in the year under review the sum of Rupees 723-0-0 was struck off the Villawaree on that account. Besides Rs. 247-0-0 reduced on Betel garden lands at Chinna Taykoor as per sanction above adverted to. The remaining Items of decrease and increase are unimportant.-

15. In the Sirnell and Atcoor Talooks the Villawaree Beriz is in excess and the extent of land brought under Cultivation less than in the

the preceding Fusly.- This arises in the former case from the relinquishment by several impoverished ryots of certain highly assessed lands and to the taking up by others of highly assessed waste lands at Yerragoontla, Mundloor and Bhuttooloor &c. and to an increase and decrease occasioned under other Items. In the latter or Atcoor Talook the increase in the Beriz may be ascribed to the same cause as in Sirnell Talook and to the Teerwajastee levied on lands Cultivated with a Superior description of Crop to last year.

16. The decrease in the Nundicooteor Talook has arisen on lands relinquished by Ryots from poverty desertion, deaths, and other causes. The full assessment on Cowle lands being entered in the year under review under instructions of the Board as conveyed in Para 8 of their Proceedings dated the 12th December 1853, renders the decrease less than otherwise would appear in the account in addition to which some waste lands and sequestered Enams have been newly brought under Cultivation.-

17. The increase of Beriz in the Shagulmurry, Nundial and Goodoor Talooks was owing to waste and sequestered Enam lands having been taken up for Cultivation. The decrease has arisen from the relinquishment of lands from poverty and other causes, the result being a net increase.

18. The subjoined abstract Statement prepared according to the Form exhibits in comparison the Villawaree result of this and of the preceding Fusly.-

Fusly	Beriz Rs. A. P.
1262	66878-6-5

Remarks.

Decrease.

Increase.

Fort St. George 5th March 1855.

19. Remarks are offered only in regard to the increase and decrease in those items which as the Statement itself does not sufficiently explain.

Entry No. 5. Land inundated Rupees 85-5-6.

20- The decrease noted in the Margin is owing to the exclusion from the villawaree of the assessment on the land situated within the bed of the Cocherroo new Tank, which was inundated at the usual period of Cultivation. It is said Wet Cultivation cannot be carried on by means of this Tank, the lands it was intended to irrigate being on a higher level than the bed of the Tank, but orders have been issued to distribute the land in the bed of the Tank as for Cultivation during the ensuing Fusly-

Entry No. 6. Payanarees Rs 32-1-

21. This decrease is the deduction from the Villawaree of the assessment on certain fields in the Village of Alloor in the Rundicootoor Talook which have by flood been rendered unfit for Cultivation-

Entry No. 7. Lands taken in for roads Rs 3-6-4. 4-27-13- of land at Culloor in the Goodoor Talook assessed at Rupees 3-6-4 having been taken in the Current fusly to improve the road opened towards Bellary-

Entry No. 10 Reduction of assessment- Rupees 7419-11-4-

22- The subjoined Statement shews the particulars of the decrease under this head-

Office of Civil Paymr. Fort St. George 5th March 1855.

24.

The reductions are the Commissioner and Collector have made in the Collectorate Jamabundy Demand for Fusly 1264 are noted in the margin, and the Collector's reasons for making them are explained in the following paragraphs.

Deduction for Pollams.

25. Pollams are not assessed to Jamabundy, but are subject to a Tax for Public Buildings, which is collected by the Village Officers, and credited in the Village Accounts. The Collector has deducted the Pollam Tax from the Jamabundy Demand, and has credited it in the Village Accounts.

Deduction for Lands taken for Public Buildings.

26. The Collector has deducted from the Jamabundy Demand the Assessment on Lands taken for Public Buildings, and has credited it in the Village Accounts.

Deduction for Lands resumed for Public Purposes.

27. The Collector has deducted from the Jamabundy Demand the Assessment on Lands resumed for Public Purposes, and has credited it in the Village Accounts.

Deduction for Lands resumed for Inam Settlement.

28. The Collector has deducted from the Jamabundy Demand the Assessment on Lands resumed for Inam Settlement, and has credited it in the Village Accounts.

Fort St. George 5th March 1855

Entry No. 1
Govt Majesty Rx
1832-7-6

29 The increase under this head is owing to higher rates of assessment having been imposed on certain Revenue Lands and waste lands which had been slightly assessed without sufficient cause, and from the full assessment amounting to Rupees 729-5-2 on Cowle Land in Dhone and Rundicotta Talooks being included pr Villamarees agreeably to the Boards Proceedings dated 12th December 1853 Para 8-

30 Previous to the Receipt of the orders conveyed in the Minutes of Consultation dated the 7th February 1854 Para 10, the usual Teermajasty on the Lands taken for the Cultivation of Betel in the Dhone, Cohagulmurry and Spinnell Talooks amounting to Rupees 292 had been levied - The other items of increase do not appear to require note

31 The following statement shews the particulars of the same -

Fort St. George 5th March 1855

Fort St. George 5th March 1855

Entry No. 2 Teeramajoolee Rs. 487-9-10-

34 This Remission was granted on certain Dry lands usually cultivated with the 2d. Crop but left waste in Consequence of an insufficient supply of water—

Entry No. 3 Sposoolgooty Rs. 1,686-3-6

35 The Amount of Remission allowed under this head was on account of lands under several Tanks Viz. which did not receive a supply of water to admit of a 2d. Crop being raised—

Entry No. 4 Land inundated Rs. 67-13-1

36 The Remissions under this head were granted on certain lands situated within the beds of the Tanks at Gowrdunghery Surpa: Razpoorum, and Pandacul in the Dhone Taloob which could not be cultivated in Consequence of water remaining in the Tanks during the season for cultivating—

Entry No. 5 Payamaly Rs. 115-1-6

37 This remission was owing to certain lands in several villages in the Nundicoolloor Taloob being rendered unfit for cultivation by inundation of the River Kistna and from an overflow of the Jungle Streams—

Entry No. 6 Goollacamma Rs. 356-14-10-

38 This remission was allowed on certain lands too highly assessed— The Taloob Cuar particulars of the Reductions are shewn below—

Courts of Appeal Cutchery to the Board of Revenue:

Cutchery &c. dated 29th ultimo Rs 20:

Court Equipment dated 12th December 1853 Rs 89-13-1.

Dear Sir,

I do myself the honor to acquaint you that I have been unable to effect any reduction in the Land Revenue assessed on the Talook of Chagulnarry, as I find that the Land is already assessed at a very low rate.

I have the honor to be Sir Your most obedient Servant

[illegible]

Collr

Actual Cultivation

Fort St. George 5th March 1855

No. The subjoined Jalookhuar statement exhibits in comparison the extent of land actually cultivated in this and the preceding Fusly, from which it will be seen that during the current year there was a decrease of Rupees 25,115-5-3 in Jaloks and an increase of only 4-9-2 in Puniem, the Result being a Nett decrease of Rupees 25,115-5-3 assessed on lands actually sown as Compared with the preceding year—

The Chief Cause of the decrease is owning to drought, and the Statement also Contains the particulars of the Items.

Fort St. George 5th March 1855

Entry No. 2
Paunchoodly
Rs. 362-0-0

43 The Remissions in the Margin were granted on acct. Cultivated Lands at Pala-
=cattah, Vellal and 3 other villages in the Nundicondoor Taloog which has been in-
=undated by freshes of the River Pottaur in July 1853.

Entry No. 3
Payamalee
Rs. 44-0-3

44 The Remissions noted in the Margin was made in Consequence of Some Crops at Siddapoor in Nundicondoor and at Maddoor in Panrutty Taloog having been destroyed by inundation of the Pottaur and some Jungle Streams.

Entry No. 5
Terungooly
Rs. 37-10-1

45 This Remission was owing to certain Dry Lands in the Tirumull Taloog, usually Cultivated with Wet and Bagayet Crops, being in this year Cultivated with Dry Crops.

Fort St. George 5th March 1855

Entry No. 7
Remission on
injured Crops
Rs. 51,388-8-2

Crops in Consequence of a deficient supply of water-

46 The Remissions under this head were on account of Dry Wet and Bagayet Crops destroyed by drought and a failure of water in the Tanks during the Circumstances explained in the 7th 8th Paras of this Report - Conformably with the instructions of the Board, as Conveyed in their letter dated 19th January 1854, all the Remissions included in the same under reference was made, after careful enquiry with refer-
=ence to the quantity of produce yielded in the entire holding of each ryot, the price of grain, and the Circumstances of the ryot - the Taloogs -war Statement shewing the particulars of the Remission is annexed - The average Remission amounts to Rupees 71-11-0 per Cent on the entire failure of the Crops -

Fort St. George 5th March 18

48 Under the permissions granted in the Bo
Proceedings dated the 12th December 1853 Para 18
=ductions of assessment amounting to Rupees 53
been made on lands held by Ryots at Valgon
the undermentioned Talooks, Rupees 353 on some lands
Guggatoor, and Rupees 219 on some lands
Ayaloor in the Nundial Talook Besides
have also been made on lands in seven
other villages, the Goottas heretofore levied
thereon having been too high, and the circ
=stances of the Ryots having in Consequen
become very indifferent - A sum of Rupe
1,300 was reduced on lands which had been
waste in certain villages of the Chingleput
and Arcot Talooks, in Consequence of th
assessment being too high - The reduction
assessment amounting to Rupees 127 pa
in Punchalingala village of Goodoor
Talook was made by the Renter for one fa
during the Absence of the village and
sanctioned by the Agent at the time
of Settlement -

Entry No. 9
Land appropria=
=ted for Public
Purposes -
Rs. 87-a-2

49 The following Statement shews the
particulars of Remissions under this heading
the Public Purposes included in the Gooty
That at Branchanoor, it is said, de
up in Consequence of there being no person
to take care of it after the death of the
individual who planted the Tope, and
also owing to the soil in which it was
planted being bad the decrease is as follow

Cowle remission
Rs. 639 8 1

50. Agreeably to the Boards Proceed=
ings dated 12th December 1853 Para 8 the full=
assessment of the Cowle lands has been included
in the Berij as mentioned in Para 29 of
this report and the amount of Cowle
remitted is as follows -

No.	Talooks	Cowle Lands	Goottas	Cowle remissions charged to Gunnabun=dy
1	Nundicotcoor	153 37 1/2	658 7 1	638 14 11 19 8 2
2	Dhone	16 5 8/4	2 11 6 "	92 2 24
	Total	172 2 9/4	661 2 7	639 8 1 21 10 6

Entry No. 11
Remission of Seerwajastee on Betel Gardens Rs. 99-2-2.

51 The remission under this head has been made under the sanction granted in the Minutes of Consultation dated the 7th February 1854 as explained in Para 30 of this report on lands cultivated with Betel crops in 2 Villages in the Chagulmurry Talook.

Entry No. 12
Remission to the renter Rupees 34-14-9

52 The amount of remission to the renter on account of additional cultivation in the Villages Chota Cumbaloor and Iskapully in the Sirsell Talook under the circumstances stated in Para 11 of last year's report.

Entry No. 13
Remission of Seerwajasty on Garsa or Basket wells newly dug Rupees 43-7-1

53 The amount entered in the margin was leviable on certain Garsee or Basket wells newly dug in several villages in the Dhone Talook in the year under review by Ryots at their own expense for the purpose of irrigating lands which owing to drought could not otherwise have been cultivated but the amount was remitted on consideration of their circumstances. The orders conveyed in the Board's Circular dated the 10th July 1854 to exempt from Seerwajasty the Basket or any other wells constructed by Ryots at their own expense were subsequently received and will be attended to hereafter.

Customary Remission

Fusly	Amount Rs. a. p.
1262	5869-11-3
1263	3682-14-2
Decrease	2186-13-1

54 The decrease in the remissions made under this head is owing to a considerable amount of remissions having been granted to the Ryots in certain Jaghier Villages in consideration of the unfavorable state of the current year and the revenue realized having therefore been less and to the resumption of the villages of Cumbaloor and

Cheroolpaud in the Dhone Talook in consequence of the death of the late incumbent Peerasaib and also from the discontinuance of ready money payment under the circumstances stated in the 26th Para of this report.

Statistics

Balance outstanding up to the commencement of Fasly 1263

Amount of Revenue collected since the commencement of January 1863

Balance outstanding up to the end of December 1854.

Balance

Recoverable

Irrecoverable

Fort St. George, 5th March 1855

70. With a view to the recovery of the outstanding Balance against Revenue Defaulters the usual Notice has been issued to attach their property and when the balance has not been paid within the time limited their property and Cattle with the exception of those required for agricultural purposes have been attached and sold by Public auction and if the sum realized by the sale has been insufficient to cover the entire balance the deficiency has then been accounted as irrecoverable.—

Particulars of the amount recommended to be struck off

	Rupees	
Sevoy Jama	274	11 1
Land Revenue	7230	12 3
Total	7505	6 4

71. The balance of former years under the head of Sevoy Jama and on account of Land Revenue as adverted to in Para 57 and 68 of this report respectively, is Rupees 7505 6 4. This amount having been ascertained to be irrecoverable in consequence of deaths, emigration and poverty of ryots against whom the balance is outstanding, I beg to request the Board will be pleased to obtain the authority of Government to write off the same from the accounts.

Advances of cultivation.—

72. The annexed statement shews the Amount of Tuccavy made to the ryots for cultivation and the amount recovered in full.—

From the Agent to the Governor at Kurnool

Sir,

In reply to the Board's Circular dated, No. 183, 25th ultimo

I have the honor to state that no immunities of the description there alluded to are allowed in this District.—

Kurnool—

Govt. Agents Office 19th February 1855

(Signed) L. D. Daniell

Agent to the Governor

Order thereon

(20-21) DG

Ordered to lie over

Read

3567 Fort St. George 5th March 1855

Read again Report from the Collector of Chingleput dated 13th December 1854 and entered in Consultation 12th February 1855.

(22)

Bd. No. 517

Proceedings thereon—

Relative to the Report of the Collector of Chingleput on the Settlement of the Extra Sources of Revenue of that District for Fusly 1263.

The Settlement of the Extra Sources of Revenue in the Chingleput District in Fusly 1263 exhibit a net decrease of Rupees 15,326—11—4 as compared with the result of the previous year.—

2. This deficiency has occurred almost entirely in the Salt sales which have fallen off by nearly one half.—

Fusly 1262	3,10,808	2	2
1263	1,58,067	11	3
	1,52,740	6	11

This decrease is attributed to the

3 effects of the drought in the Districts which chiefly draw their supplies from the Chingleput pans and in part also to the greater facilities afforded to the wholesale traders by the Madras pans the increase at which in Fusly 1263 was rather more than Rupees 15,000 in the Inland sales those for Home Consumption being lower than in the previous year by Rupees 44,201—

From Madras 20th Jany in Cons 8th Feby 1855—

On

Fort St. George 5th March 1855

been only Rupees 51 — 8 — 6.—
12 —

The Shotrigha
balance appears from Statement D
have been ultimately reduced to Rupee
The Board approve of these balances bei
collected with forbearance.

13

The sanction of Gov
=ment will be solicited in due cour
for writing off the sum of Rupees 61
8 — 9 the irrecoverable remainder of th
old bala
=nces up to Fusly 1262.— This
sum however was less than that shown
in Column 17 Statement No 1 Demand Col
=lection Balance returns for November
by 1 Rupee which it is concluded has
been collected since.—

14.

In para 6 the net increase of charges
Fusly 1263 is erroneously stated at Rupees 111 6
6 — 6 — whereas that sum is the gross decrease.— Rupees
9565 — 1 — 4 being the net decrease.—

15

The amount of Sewey Summa
has not been noticed in the Report. There is also a difference

of

Fort St. George 5th March 1855

of Rupees 14389 between the amounts entered in Statement A and the Demand Collection Balance returns which should correspond exactly.—

No 23

To
B Bamfylde Esqr
Acting Secretary to the
Board of Revenue
Fort St George.

(23)

Dt No 272.
From the Collector of Chingleput.

Requesting instructions for registering the Mootahs of Perovoil and Keelmadalumbadoo in the name of the Executor to the Estate of the Late P.

Sir,

I have the honor to report for the information and orders of the Board of Revenue the death on the 1st October 1854 of Palava Caleana Soondara Moodely Proprietor of the Mootahs of Perovoyel and Keelmundalumbadoo assessed with a Peishcush of Rupees 1830 — 8 — 3 and 1535 — 11 — 2 respectively per annum

The

P Coleana
Soondara
Moodelly.

Fort St George 5th March 1855

The deceased has left a widow Sevakamoo Ummaul and a son Sabapaty Moodelly — At the time son is aged 33 years the deceased appears to have considered him unfit for managing the Estates and he has left a Will behind appointing his Nephew Patchevva Soobbramania Moodelly and one Arymoyel Annasawmy Moodelly to be his Executors and placed his whole property under their management on behalf of his widow and his son. He also addressed a Petition to this Office communicating the arrangements made by him and requesting that the Registry of the Estates may be made in the names of the Executors,

The will in question is herewith forwarded for the Board's consideration. The deceased son who attended this office has denied the existence of the Will itself, but as it appears to have been duly registered in the Supreme Court and Probate granted, there being large property within the jurisdiction of the Supreme Court

I

Fort St George 5th March 1855

I have no reason to entertain a doubt on this point, more especially as the widow of the deceased bears witness to its execution.

One of the Executors Arymoyel Annasawmy Moodelly has not accepted the trust, the whole management therefore of the Estates rests with the other Executor who being the nephew of the late Proprietor, and thus interested in the welfare of the family is supposed to be competent for holding the trust.

The registry of the Estates in the sons name is objected to by the widow and the Executors on the ground that the property will then be held liable for his debts which is not the intention of the deceased as will be seen from the 10th Para of the Will. I propose therefore, to register the Estate in the name of the Executor on behalf of the widow. The son as before stated, appeared before me and asserted his Capacity to manage his own affairs. He is said to be very illeterate, almost foolish and he certainly has a very dissipated and bloated appearance but

but I cannot take it upon myself to say whether or not he is so incapable as represented. If the Son wishes to set aside the will and reserve the Estates I presume the Courts are open to him and that no injury will accrue by registering the Estates in this office as desired by the deceased Mootah.

Fort St. George.

(26)

B. No. 338.

From the Acting Collector of Chingleput.

Sir

I have the honor to state for the information of the Board of Revenue that a garden measuring 4 9/64 Cawnies of land in the Village of Attoor in the Chingleput Talook which was held on

Fort St. George 5th March 1856

on Rent free tenure by one Mr. Munchun during his life time was presented by him to his Dubash Naguppah Moodelly. This party and his son were in possession of the property for some time and alienated it in May 1846 under a Deed of authority conveyed by their Master in favor of one Syed Mahomed of Chinglepet who is at present in the enjoyment thereof. No Duty was levied on the garden in question by the late Zemindar while the Estate was under his management, and since its reversion to Government in Fasly 1262 no assessment has been collected thereon. As the alienation however is in contravention of the provision of Regulation IV of 1831 and the Circular orders of the Board of Revenue, received from time to time on the subject, and as the property in question has been in the possession of the present Incumbent for a period of only 9 years a term shorter than that prescribed in the

Fort St. George 5 March 1855

the Circular order of the Board, dated the 14th August 1853, for the continuation of alienated lands in the enjoyment of these last holders on the terms of the original Grant, I have the honor to request the Board's sanction for the levy of Quit rent thereon at the rate obtaining on the adjoining lands.—

No. 212.

To

B. Huntley Esqr.
Sub Secretary to the Board of Revenue
Fort St. George.

Bs No. 4523
From the Collector
of South Arcot.

Sir.

As I feel some doubts as to the correct interpretation of the Rule laid down by the Board of Revenue in Extract from their Proceedings Dated 20th Instant, regarding the remission to be allowed on Shanalat Bunjir. I have the honor to solicit further information for my guidance.

2 The Rule in question states that "to meet the case of large fields of 5-10- or 20 Cawnies if such exist, the Board would propose that if the waste exceed 1/4 of the cultivated portion and is also beyond one Cawny in extent, the assessment on the excess over 1/4 of the cultivated portion should be remitted."

3. In applying this Rule, a doubt has arisen in my mind whether I am to understand that all waste which is less in extent than one fourth of the cultivated portion of a field is to be charged for, and also whether in the event of the waste exceeding one fourth and being more in extent than one Cawny I am to remit the Teerwah on all but the one forth. If so the Rule would apply unequally I think as in the following—

A. Undertakes to cultivate a field of 3-
Cawnies

3581

Fort St. George 5th March 1855

Cawnies, but actually ploughs only 2¼ leaving ¾ of a Cawny waste. It would seem that he must pay on the whole waste because it does not exceed in extent one Cawny— Again— B. has a field of 3 Cawnies and is only able to cultivate 1½ leaving 1½ Cawny waste, he need only pay on the part of the waste equalling 1/4 of the Cultivated because the whole waste exceeds one Cawny— In these Cases the first man pays for a higher proportion of waste than the other does—

4. If I might be still allowed to offer an opinion, I think it would be more simple always to charge for only the broken of a field of more than one Cawny in extent, which is uncultivated, &, he should pay the full teerwah of one Cawny only, if the field is larger than two Cawnies— and the ryot cultivates more than one, he must pay for two and soon—

South Arcot.
Collector's Cutcherry
Cuddalore
24 November 1854.

/Signed/ A. Hall.
Collector.

Bs No. 818
Proceedings thereon.
30-31

In reference to Para 3 of his letter, Mr Hall is informed that under the rule in question, all waste which is less in extent than one fourth of the cultivated portion of a field is to be charged

Fort St George 5th March 1855

charged for, and that when the waste exceeds one forth and is also more in extent than Cawny teerwah is to be remitted on all but the one fourth.—

2. Mr Hall argues that the rule, when thus construed will have an unequal operation, but the Board cannot concur in his views— There is certainly a difference in the extent of the waste to be charged for in the two hypothetical cases brought forward by him but the Board cannot perceive that there is any injustice or practical inconvenience in a rule, which limits the waste to be charged for at a certain proportion and was framed to check on the one hand a practice of unnecessarily leaving portions of small fields waste, and on the other to protect a ryot from a heavy charge for waste when he cultivates a part of an extensive field.

3. The plan proposed by Mr Hall would not produce more equality, or possess superior advantages and the Board instruct him to bring their rule into operation.—

Fort St. George

33

Bd. No. 486
From the Collector of South Arcot
Submitting an Abstract Statement shewing the number

Sir,

I have the honor to state with reference to the Circular from the Board of Revenue dated 30th November last, that I find

number of the Public Servants in the Collectorate of South Arcot acquainted with Tamil Telugoo and English Figures

find that there is a very general acquaint-
:ance with English among the Native
Servants of this District, and that I do not
apprehend that it will be at all difficult
to introduce the practice of entering En-
:glish figures in all the accounts sent
in from the Talooks to my Office, and
in those prepared for record in use in
either the Talook or Hoozoor Cutcherries.
The System might, I think, come into o-
peration with the ensuing Fusly.

2. It appears to me that it
will be easy to make use of the English
figures in the Marahmut accounts, but
that it will take some time before the Na-
:tives will become apt at entering them
in the Settlement and other Revenue accounts.

3 When however it is known that
notation by means of English figures is so
positively to be introduced into all accounts,
the public servants will, I doubt not, so
quickly make themselves sufficiently
acquainted with the Language for the pur-
pose, and by the time English be-
:comes the one in which the body of the Ac-
:counts is also to be written a considerable
advance

advance in the amount of knowledge will
have taken place by those already in office,
while care will be taken that vacancies are
only filled up by persons who are previously
qualified in this respect.-

4 Out of 13 Tahsildars in the District
8 are able to read and write English, but of
the Talook Sheristadars two are only well
acquainted with the Language.-

5 The Head and the Division
Sheristadars are both of them excellent
English scholars, and the Nait Sheristadar
knows figures.-

6 Only few of the Hoozoor Goo-
:mastahs possess a knowledge of English,
but arrangements might be made by
which persons sufficiently qualified
might be introduced among them.-

7. There is not I believe a single
person on the Establishment excepting two
Talook Sheristadars, who is not acquainted
with Tamil and can both read and
write it.-

8 I beg to submit the accompanying
abstract Statement shewing the number of the Pub-
:lic Servants on the Establishment who are acquaint-
:ed with Tamil, Telugoo and English Figures,
which I believe contains all the information
required by the Board.-

To

No. 60.
Major J. H. Bell,
Secretary to the Board of Revenue
Department of Public Works.
Fort St. George

37

Bd. No. 610.
From the Collector
of South Arcot

Sir,

I have the honor to solicit early instructions and orders from the Board of Revenue, Department of Public Works, on the following subject relative to the supply of materials required for the large works recently

Fort St. George 5th March 1855

recently sanctioned for execution in the Southern Talooks of this District.

2. The Board are aware that the East Indian Iron Company hold a lease of most of the jungles in the Southern and Western parts of this District as well as of those situated in the adjoining Talooks belonging to Trichinopoly and Tanjore.

3. In granting these leases to the Company the Government expressly reserved to itself the right of allowing timber of such to be felled in them, to any extent, for Government purposes, as a reference to the accompanying Deed* executed by two of the Directors of the Company on the 17th May 1842 will show.

4. There does not appear to have hitherto been any necessity to act upon this reserved privilege; but as very large Masonry works have now to be executed I see no alternative but to draw part of the supply of fuel and Charcoal from the Jungles in question unless the Iron Company's Agents will enter into contracts to provide such a proportion of the whole as would otherwise have

+ To be returned

Fort St. George 5th March 1855

have to be obtained from their leased property.

5 Mr Beaumont the Chief Manager of the Company has represented to Mr Bird the Collector of Trichinopoly, as he has also done verbally to me, that if their jungles are cleared and that it would probably compel them to stop entirely their works at Porto Novo. Accompanying I beg to send Copy of Mr Bird's* letter to me on the subject and of my previous one to him.

* Dated 23d February

* Dated 19th Idem

This doubtless would be the case if contractors are allowed to fell indiscriminately, but I cannot see why they should be altogether excluded from cutting fuel and making Charcoal in these Forests, as they now are in those situated in Trichinopoly in consequence of Mr Bird's recent prohibitory orders, given in the face of a distinct stipulation in the Deed that wood may be cut for Government purposes to any extent.

6. When Major Lawford, Civil Engineer 1st Division, was lately here he informed me that operations at the lower Coleroon

Fort St. George 5th March 1855

Calveron Annicut were suspended in consequence of the stoppage thus put to the delivery of materials.

6. It has therefore now become a question whether the Public Works are to be executed or not, or, in other words, whether the Government and the Public, or the East India Iron Company are to be the losers.

9. I have applied to Mr. Beaumont with a view of ascertaining from him whether he can suggest any plan by which we may obtain the materials wanted, without causing the Iron Company loss. Copy of my letter to him is herewith forwarded.

10. If the jungles leased out to the Company are placed beyond our reach, I have no hesitation in stating that I shall be utterly unable to provide the materials for the works already sanctioned in the Bowenghery Taluk, which are as follows and for which it is necessary to prepare, with as little delay as possible, the quantities of Bricks

and

Fort St. George 5th March 1855

and Chunam noted.

Works.	Estimate Rs	As	P	Amount of materials now required Bricks	Chunam casks
Improvements of the Vellaur Annicut.	46749	15	9	10,00,000.	7,000
Coalingulah to the Permal Tank.	8,000	"	"	6,55,000	3,500.

To,

J. Bird Esqre
Collector of Trichinopoly

Sir

Para 1. I have the honor to forward for your consideration copy of an Urzee made to me by the Sheristadar in charge of the Munnargoody Talook of this District, representing the inconvenience experienced on account of fuel and Charcoal, prepared for public use in the jungles of the Oodiarpolliem Talook of Trichinopoly, having been detained by the Agents of the Iron Company. (+ 16th Instant)

2 I am aware that this Company hold on lease the jungles alluded to but as one of the stipulations on which they do so, it that fuel may be felled for Government purposes, it does not seem that their Agents are justified in preventing the removal of such materials when, as in the present case, they are intended for the Public Works under execution.

3. Very large Estimates for works in the Southern Talooks of this District have just been sanctioned, and although I am very desirous not to injure the Iron Company, if it can be possibly avoided. I see no alternative at present but cutting down a

3599 Fort St. George 5th March 1855

a considerable portion of the jungles over which their right extends.

Collector.

Cuddalore
19th February, 1855

To.

A. Hall Esqre
Collector of South Arcot
Cuddalore.

Sir,

I have had the honor to receive your letter No 79 of the 9th Instant on the subject of obtaining fuel and Charcoal from the Forests in Woodiarpolliam Talook, and forwarding for my consideration Copy of an Urzee to your address from the Sheristadar of Munnargoody Talook.

2 The Indian Iron Company are Lessees of all the Forests situated in the Talooks of Arrealore, Woodiarpolliam and Valeandapooram in this District and as such their Manager Mr. Beaumont some time back claimed my protection of the Lease against the trespasses of parties contracting for the great works sanctioned in your District and in the Tanjore Province.

3. I have accorded this protection pending an adjustment of the question, or some arrangement being entered into with the Company by the Tanjore authorities. I beg therefore to suggest your communicating on the subject with Mr. Beaumont, or submitting the question for the decision of the Board of Revenue. This is the course now pursued in Tanjore.

4. I believe, and it appears to me the only right one. That although the Government have a right to fell the Forests for their own purposes, Yet I cannot think it expedient to enforce such a right to the entire stoppage of the Iron Works, as Mr. Beaumont has stated to me officially must inevitably be the case, if this right is insisted upon.

My dear Mr Beaumont.

I have received orders for the execution of the following large works in the Bowenghiry Talook for which it is necessary to collect materials without delay to the extent I have noted.

I fear this cannot be done without our drawing a supply of fuel and Charcoal from the jungles leased to the Iron Company — Can you kindly suggest any arrangement by which we can procure the requisite quantity with as little injury as possible to the interest of the Company? — It is very far from my wish to cause them either inconvenience or loss, if it can be avoided, but such are the demands for working materials that I fear they cannot be satisfied without our coming upon your lease-hold property.—

1. Vellaur annicut improvements requiring immediately ten lacs of Bricks and 7,000 Porahs of Chunam — Rs 4874 9 8
Caliguelah to the Permaul Tank
Do — 6,55,000 Bricks.
and — 3,500 Porahs of Chunam — 8,000-0-0
Bridge across the Paravenaur
Do — 6,55000 Bricks
and — 3,500 Porahs of Chunam — 8,000-0-0
Drains along the Chellumbrum Road
Do — 3,00,000 Bricks
and 2000 Porahs of Chunam — 5,100-0-0

Southern Division of Arcot

Moochilka or Instrument of Agent and Agreement on the part of George Norton Esqr and Thomas Moore Lane Esqr two of the General Directors of the now existing Indian Iron and Steel Company to the Cowle or Lease joined to them by the Collector of the Southern Division of Arcot under the authority of the Governor in Council of Fort St. George for and on behalf of the East India Company —

The Governor in Council for and on behalf of the East India Company being desirous of promoting the manufacture of Iron by wet &c, according to the European plan within the Presidency of Fort Saint George, has been pleased to grant to us the said George Norton and Thomas Moore Lane, being such two General Directors of the said Company and to any future Company in such name as they may have capacity to take, which

which may now or hereafter be established in lieu of and with the rights of the said now existing Company of which we are now such two General Directors our Executors Administrators and & Assigns. the privilege of cutting Fuel in the Jungles belonging to Government situate within the Talooks of Chellumbrum. Verdachellum Ellavanasore. Bowanghery and Vendalore in the District of Arcot and Cuddalore upon the following conditions.—

2 All existing rights and privileges heretofore exercised in accordance with prescriptive usage by the native Inhabitants, whether residing in the District in which the Jungles are situated or in the adjoining District immediately adjoining such Jungles of cutting wood for Agricultural, household and other domestic purposes within their respective Villages and also of grazing their Cattle within such limits as reserved

reserved and do remain secure to them as heretofore. Provided always that such reservation shall not entitle any parties to cut and carry away wood for purposes of general trade. Government also reserves the right through its Collectors or other Officers, of allowing Timber or Fuel to be cut to any extent for the purpose of clearing Ground for Cultivation or other purposes of Government.—

3 The aforesaid Lease is to continue for Twenty one years beginning from the First of January. One thousand eight hundred and thirty nine at the end of which period. if approved by the Honorable Court of Directors, the same shall be renewable for twenty one years more, and stand renewed upon notice in writing delivered to the Chief Secretary to Government for the time being, at any time within the last of the said twenty one years, by us, or our personal Representatives or Assignees and upon payment of a fine as hereinafter specified.—

The

4 The Grant of the above right and privilege shall be rent free for the first five years for the second five years use, of our Representatives Assignees or such said Company shall pay an annual rent of five hundred Rupees for the 3d five years an annual rent of one thousand Rupees, for the remaining Six years an annual rent of one thousand and five hundred Rupees and an annual rent of two thousand Rupees during the whole period of the renewed Lease or Grant.—

5 All disputes that may arise between us or such said Company or those employed by us or such said Company and Proprietors Ryots or others, in consequence of doing or proceeding to do any act under the aforesaid Lease may be decided by the Collector of the District subject to an appeal to the Board of Revenue, or by a Punchayet appointed by the Collector agreeably to Regulation 12 of 1816 and acting under that Regulation provided both parties agree to either of those modes of decision and execute

execute a written agreement to abide thereby otherwise recourse must be had to the ordinary mode of proceeding under the Regulations and Acts.—

6 The fine to be paid on renewal of the aforesaid Lease shall be two thousand Rupees.—

7 The aforesaid Lease is not to be construed as granting a permission to fell Timber in the Government Jungles.—

8 The rent shall be paid half yearly to the Collector of the District and upon failure by us, or by our personal Representatives, or Assignees, or such said Company to fulfil any of the above conditions, or on nonpayment of the rent due for six months after demands made on us, or either of such Representatives or Assignees, or on such said Company or left at our or their or either of their last place of abode the aforesaid Lease shall

Fort St. George 5th March 1855

shall be forfeited, and cease upon a written notice to that effect given by or under authority of the Govern in Council of Fort St. George for the time being to us or either of our personal Representatives or Assignees, or to such said Company or left at our or their or either of their last place of abode.

9 The aforesaid Lease is confined to the Government Jungles But the Government have consented to sanction any agreement which use of such said Company may enter into with Zemindars and others for the same privileges within the limits of their property respectively.

In Witness whereof we have hereunto affixed our Seals and signatures in the presence of witnesses this 17th day of May 1842.—

B.R. No. 548.
From the Collector of Tanjore. } Para 1.

Requesting early decision as to whether the prohibition for fuel made by the Collector of Trichinopoly from the Jungles of Vodiarpolium is to stand good.

Sir

A question of great importance, as connected with the prosecution of some of the largest public works in Tanjore has lately arisen, on which it is necessary that I should take the orders of the Board—

2. The Porto Novo Iron Company have leased from Government the exclusive privilege of cutting fuel in certain jungles in Tanjore and Trichinopoly a clause being however entered in their lease, declaring that nothing contained in it shall debar the Government from cutting fuel in the jungles, whenever it may be wanted for any public work— and although the Iron company has for several years held this lease, no objection has ever yet been offered to a supply of fuel being drawn for public purposes and the works at the lower annicut have been hitherto entirely supplied from the Sodiarpolium jungles.—

3. For the extension of the annicut, and the erection of the proposed bridge, the Civil Engineer

Engineer has prepared his estimates under the supposition that fuel would be obtained as usual, contracts for its supply have been made and partly executed, and it has been only when the work was in progress, that objections have been made by the Iron Company, and have been so unreservedly received by the Collector of Trichinopoly, as to lead that Officer to issue an order prohibiting our contractors from cutting any more wood, or even delivering what has been already cut. the supply on hand at the works will not last a week, and the Civil Engineer has declared that the works must be stopped, and that what has already been done will be placed in certain danger.

4. The Civil Engineer and the Sub Collector have endeavoured to come to some arrangement with the Manager of the Iron works but without effect, and it is now necessary that I should request the Board's immediate decision, as to whether the prohibition to the supply of the public works in Tanjore from the jungles in Vedharpolium, made by the Collector of Trichinopoly, is to hold good or

or whether the terms of the Iron Company's lease are to be acted on, and their exclusive privilege to cut fuel is to be considered as not barring the Government from access to its own forests.

5. The Manager of the Iron works has represented to the Collector of Trichinopoly that his work must stop if the Government works be continued, and Mr. Bird has considered that it is his duty to support the claims of the lessee of the jungles of his own district, but from all I have been able to gather, I am led to believe that the evil which the Iron Company really fear, is not a want of fuel, but a probability of its rising in price. some of their contractors have lately left their service to accept better contracts under the Civil Engineer, and this is I believe the real cause of alarm.

6. The question will next year be of equal importance as connected with the Coleroon bridge at Appakkaren Chuttrum. In order that as little hindrance as possible should be offered to the proceedings of the Iron Company, the whole stock of fuel for this year's operations has been supplied from other

sources

sources, but as no more can be collected in the neighbourhood of the works except from the jungles leased, under the terms mentioned above, to the Porto Novo Company, it will be necessary next year to draw our supply from them.—

7. In deciding the question at present at issue regarding our rights in the forests at Vodiarpollium, therefore, I request that the Board will take also into consideration the same question as it affects the jungles in Shealy.—

8. The Board is well aware how devoid this province is of jungle, and will not fail to appreciate the difficulties I shall experience if we are debarred access to forests, of which we have had free use from time immemorial, and over the free use of which we fully reckoned when the estimates for the two bridges were prepared and recommended; and when the work actually

commenced

commenced.

Sir,

Bd No 1,22
From the Collector of Tanjore . . . .

I have had the honor to receive your circular letter of the 30th of November last.

I have caused the examinations ordered by the Board to be made and the following is the result— Of 812 public Servants in Tanjore, that is including all but Village Curnums and Peons, 780 have been examined, 32 being absent on leave and on duty, and of the whole number there are 8 only who are unable to write Tamul at all— 100 who write it indifferently, and 672 who write it fluently and well— There are 255 Servants who are unacquainted with English figures

Fort St. George 5th March 1855.

figures 196 who can write them well- and 39 who can do so indifferently- I am not able however to assure the Board that all who are returned as indifferently or even well acquainted with English figures, would be able to keep accounts in that language- every one has made the most of his stock of learning from a fear that his office will be forfeited if he be unable to meet the Boards requirements and the acquaintance with English of very many dates only, from the receipt of the letter to which I am now replying.

If it should be the Boards pleasure that English figures be generally introduced from the Commencement of Fusly 1265, the measure can no doubt be carried. but as more time will be occupied in the preparation of the Summabundy accounts than would otherwise be the case, I shall hope that the Board will be willing to make some allowance regarding the date of the report on

Fort St. George 5th March 1855

on the Settlement.-

Tanjore . . .
Vellum . . . .

/ signed / H. Forbes.
Collector

Proceedings thereon. The Board observe that the

(40-41)

Village Curnums are not required to know or to use English figures, and they request the Collector to report the number, respectively, of the Talook and Hoozoor Officers acquainted and not acquainted with them- The circumstances stated in the foregoing letter satisfactorily prove the readiness of all classes to acquire the knowledge of English Figures, and the Board have no doubt that the change may be made without difficulty in Tanjore as announced to be the case in other Districts. The Board do not anticipate that any material delay will occur in the preparation of the Summabundy accounts, and they presume that Mr. Forbes' supposition to that effect is probably founded on the idea that the Village accounts too were to be in English.

(42)

Bd. No. 257.

From the Collector of Tanjore.....

Assigning reasons for the remarks made by the Bd. on the Statement of fines for the 4th quarter of 1854.

Para 1 I have had the honor to receive an Extract from the Boards proceedings dated the 5th Instant. No. 295.

2. The Magistrate record keeper in this Office is a young man who left the High School greatly distinguished himself at the High School. Successfully competing for the highest prizes, obtaining a certificate of proficiency, and the Government reward of a gold ring. he is the Son of a Curnum in this district, and Considerable Satisfaction was felt in the province, when at the close of his academic career he obtained immediate employment in my Office.

3. The young man has good principles, is open, ingenious, and frank, and it is my wish that he should be brought up as free as possible from the intriguing influences which are too often at

Fort St. George 5th March 1855.

at work in a Cutcherry on occasion of his having some duty to perform which, had he chosen to avail himself of it, offered some scope for personal advantage, a goomastah in the office pointed out to him the favorable position he was in, and suggested to him the best means of taking full advantage of it. The circumstances being brought to my notice, I considered it right to mark my sense of the esctreme impropriety of the Goomastahs' Conduct in trying to corrupt the good principles of a young man new to office, and I fined him half his pay.

4. If the Board will refer to the quarterly Statements from Tanjore, I think they will find that I very seldom have recourse to fines, but in this instance I think it was right to shew that the Collectors Sympathies were on the side of honesty, and that he would support those who would bring to the practical duties of life, the good principles which a liberal education had impressed upon them.

With

Fort St. George 5th March 1855

5. With respect to the second paragraph of the Board's proceedings. I have to inform them that I have on many occasions given the Sub Collector and the late Head assistant to understand, how much I disapprove of the frequency with which they have inflicted fines upon the public Servants. I regret that my remonstrances have not been yet effectual, and I shall now again bring the subject to Mr. Cadell's notice.

Fort St. George

Sir

(46)

Bd. No. 512
From the Collector of Trichinopoly.

In reply to your letter of Submits the No. 783 of the 25th Ultimo, I have the honor to state that there are no immunities of the description inquired for by your Board in this District, that is by remission from the Tarum assessment for certain parties under the terms of Chatoorbagum or the like.

information called for by the Board in their letter No. 783 dated 25th Ultimo connected with the immunities enjoyed by certain privileged classes of persons in the District of Trichinopoly.

2. But a deduction does take place in certain localities under the head of Chatoorbagum and Ashtabagum in favor of whole villages, not by a remission of the Assessment, but by the deduction of land from the actual cultivation of the year.

3. This System obtains in twenty

Villages

* Koonnum
Kelamathoor
Agarum
Kiperamboor
Vasistapooram
Agharumsevoor
Vodiaveutheeanoor
Permattheeanoor
Thoothoor
Sathumbady
Theeporundan
Ramarasavallee
Nanangoor
Koodavacherry
Mathoor
Lilpanoor
Kurianoor
Thailoor
Valacoorchy
Sembiacoody.

* Villages of Arrealore Taluk and no where else in this Province, and the deduction is allowed for the lands cultivated by the Mahajums or Brahmins. Thus in the Chatoorbagum Villages 1/4. one fourth of the cultivated land is struck off as free, and the remaining three fourths brought to account at full rent.

In the Ashtabagum Villages 1/8. deduction of one eighth of the cultivated land is made and the remainder brought to account at the full assessment.

4. Under Chatoorbagum, Cawnies 273 Goolies 57 assessed at Rupees 1,716 were remitted in the last Fusly 1263. And under Ashtabagum, Cawnies 69 assessed at Rupees 163 4 were struck off.

5. There is no authority for these grants or immunities, but the Custom is very ancient, and prior long to the assumption of the Country by the British. And as the deductions are for whole Village Communities and not for individuals

I.

I do not Submit the Statement required.

6. I presume this privilege will be with drawn from the recipients on the revision of the assessment of the District in a short time.

Fort St. George,

(51)

Bd. No. 209.

From the Collector of Tinnevelly — Returning Dr. Reed's original Petition to the Collector of Sea Customs at Madras & submitting explanation on all the points called for in Extract from Proceedings of Board of Revenue dated 11th Instant—

Sir,

Para 1. With reference to Extract from the Proceedings of the Board of Revenue dated 11th Instant and its accompaniments I have the honor to state that I received a letter from Dr. Reed of Tutacorin dated 16th November last complaining that "some goods from France" having been shipped at Pondicherry by Dhony consigned to his care had been landed at Veilpatam where the Sea Custom Chowkeydar detained them and demanded payment of duty and requesting that they might be released and be allowed to be landed at Tutacorin, to be from thence either re-shipped for Travancore, or sent thither by land free of duty in consequence of their being simply "lodged in Bond."

2. In reply dated 24th I deem I informed Dr. Reed that none of the Ports of

Fort St. George, 5th March 1855

of this District are Bonding Ports — under act XXV of 1836, and that the goods adverted to in his letter would be liable to duty even on transhipment under Section LVII Act VI of 1844.—

3. Concerning the other instances mentioned in Dr. Reed's letter to Mr. Underwood having received an Official Memorandum from my Head Assistant in charge of Sea Customs in September last requesting instructions for his future guidance in cases where a Vessel bound from one Foreign Port to another Foreign Port might be driven into one of our Ports by stress of weather and be compelled to land or tranship cargo, and stating that in two instances lately he had remitted duty though Section LII Act VI of 1844 seemed to apply exclusively to cases in which Vessels driven back by stress of weather had originally departed from a home Port — I wrote to the Collector of Sea Customs at Madras to ask what in such cases was the practice in his Office — In reply Mr. Underwood stated that in the case mentioned his

Fort St. George 5th March 1855.

his Department would not proceed to levy duty, and that the goods would have to lie till some party authorized shipped them for the Port of their destination or directed them to be sold when they would be liable to duty under the ordinary rules.—

4. In neither of the above instances does it appear that the presence of a European Assistant or Chowkeydar would have saved time or been of other advantage to Dr. Reed.—

5. I would not advise the union of the Offices of Master Attendant and Chowkeydar as recommended by Dr. Reed and unless the Head Assistant Collector were to take up his abode permanently at Tutacorin which he could not do while he has other duties to attend to in the Revenue Police and Salt Departments the effect of this making Tutacorin his head Quarters would be only partial and interrupted as Sea Customs Officer

6. The Head Assistant Collector's Head Quarters are now at Tinnevelly but the Board will observe from the Extra Tent Allowance Returns that he is obliged to move

Fort St. George, 5th March 1855

move about the District a great deal
Another difficulty in the way of plaing
the Head Assistant at Tutacorin is the
want of Houses - There is not one now ava
able nor is there to my knowledge an elig
ble spot for building upon unoccupied gr
where near that Town.

7 The trade of Tutacorin is im
proving no doubt but I do not consider th
it has yet arrived at a condition to
make it requisite to declare it a warehou
Port under act XXV of 1836.

8 Dr. Reed's Original Petition
to the Collector of Sea Customs at Mad
is herewith returned.

Tinnevelly
17th January 1855.

/Signed/ C J Bird
Collector

No 1
Petition

To, The Collector of Sea Customs
Madras.

Sir,

Your Petitioner humbly sheweth
That certain goods were imported from
France by John Allan Brown Esqr. of the
observatory at Travendrum and were

Fort St. George, 5th March 1855

at Pondicherry, from thence reshipped to Pe
titioners care at this Port of Tutucorin to be
again reshipped to some port in the Rajah's
Territory of Travancore and if there was no op
portunity by sea, to be forwarded by land.

That said goods were taken on to
Coilpatam, a port about 8 Miles South of
Tutacorin through some mistake of the Tin
dall of the Dhoney, and by him landed and
placed in the Custom House there.

On application for these goods I
was informed that Duty must be paid upon
them, before they could be delivered, Petitioner
not supposing that the goods were liable to
duty, if to be forwarded to another territo
ry, wrote to the Collector of Tinnevelly
requesting of him to send instructions to the
Choukedars of Coilpatam and Tutucorin,
to give up the goods and permit them to be re
shipped or forwarded as was most practi
cable but to Petitioners great surprise he
was informed by the Collector, that the
goods, according to the present Customs
Duties act, were liable to pay duty whether

they

Fort St. George 5th March 1855

they remained in the District or were re-shipped for any other port Consequently Petitioner has had to pay the sum of Rupees 39-4— Thirty nine and annas four amount of Duty upon said goods, and which goods are to be reshipped to Travancore where it is presumed they will again have to pay Duty

As these goods were only brought to these parts for want of Sea carriage direct to the Travancore country, and are again to be forwarded to that place, Petitioner considers it a great hardship thus to be compelled to pay Duty for simply lodgment of the said goods in a Custom House.

The reason assigned by the Collector is, that there are no bonding warehouses on the Tinnevelly coast. Your Petitioner has always considered that wherever a Custom House exists, goods can be there lodged until they shall be passed through as imported when the amount of Duty is paid, but if reshipped a Warehouse rent is paid for accommodation if the goods lay beyond a reasonable time.—

That

Fort St. George, 5th March 1855

That as from the Collector's answer the goods have been compelled to pay duty and as the goods are not imported for me in these ports and for reason shown above, your Petitioner humbly prays that the sum of Rupees 39—4 Thirty nine, annas four, the amount of duty paid may be refunded to him and he shall ever pray.—

/Signed/ I. L. Reed.

Tuticorin, 14th December 1854.

51-52

B. R. No. 549

Proceedings thereon—

Submitting letters from the Collectors of Sea Customs and Tinnevelly and recommending that sanction may be granted for the refund of Rupees 39-4— being the amount of duty levied on certain goods imported into Cailpatam from Pondicherry and that a suitable Bungalow be built at Tuticorin for the residence of the Head Asstt. Collector

Resolved that the foregoing letters with the enclosures which accompanied the first be submitted for the orders of the Right Honorable the Governor in Council.

It appears that certain Goods im-

2. ported into Pondicherry from France lay-ped on a Dhoney at Tuticorin to the care of Mr. A. Brown of Trevandrum were reship of Dr. Reed, for the purpose of being again reexported to Travancore or sent thither by land, but in consequence of a mistake of the Tindal of the Vessel the articles were landed at the Custom House at Cailpatam where duty was charged upon them. The Board observe that the levy of duty upon the goods, is

authorized

Fort St. George, 5th March 1855.

authorized under Section LVII act VI of 1844
but as the rule operates harshly under the cir
cumstances of the present case, the Board recom
mend that sanction may be granted for the re
fund of the duty, amounting to Rupees 39-4-
The objections of the Collector (his opinion
having been required by the Board on this
point) to making Tutacorin as the Head
Quarters of the Head Assistant Collects
seem to them to be insufficient. From
a Statement prepared in the Boards' Office
it appears that the number of Vessels arriving
at that Port in 1852/53 was 270 of which
a considerable proportion were English,
taking Cotton to China and England.
The Value of the Exports was nearly 27 lacks
and that of the whole trade nearly 30 lacks
At Coringa of which the trade in 1850/51
was only 17 lacks it had been deemed
proper for several years that the Head
Assistant should reside on the spot. Con
sidering the number of European Sailors
at Tutacorin, the shipping references and
business of so large an Export trade and the
number of persons necessarily coming to
the

Fort St. George, 5th March 1855.

the Port in connection with the transport
of so valuable and bulky a commodity as
Cotton, the Board are of opinion that it
is absolutely necessary that the Head
Assistant Collector should reside there sub
ject of course to occasional absence on
duty elsewhere. The want of houses or of
good sites for building is not a suffi
cient obstacle to his doing so. The Board
would recommend that a suitable Bun
galow be built for the residence of the
Head Assistant, and that the former be allowed extra Rent
allowance until his quarters are available for
him.

From the Collector of Malabar.

Boards letter dated 19 July 1841

Sir

In 1841 the Government decided to return to Vassum and Sooboo Puttars some landed property, which had been improperly escheated in 1798. Some time after the return had been effected, an application was made to me by Vassum and Sooboo Puttars for a restoration of the profits received by the Government during the time their Estate had been in sequestration, but their application was not particularly pressed and I did not forward it. They have now come forward with great urgency — — — in prosecution of their claims and I accordingly forward their Petition as first given.

That the Government did derive profit to the amount of Rupees 5,382-3-11 from an estate which was held to have been improperly sequestrated there is no doubt.

Rs As ps

(Signed) H. V. Conolly

3638 Fort St. George 5th March 1855

No. 1.

To

H. V. Conolly Esqr.

Collector of Malabar.

The Urzee of Vissam Puttar son of Annasawmy Puttar and his younger brother Soobo Puttar, residing in Kolangede Poodoogramom in Vaddakoo-nagara Hobly in the Tamul-pram Talook.

We beg leave to state that our Lands called Andee Chirra situated in the aforesaid Hobly, sowing 300 parrahs of seed paddy, as well as 14 Families of slaves 2,500 parrahs of paddy being Vesta Vallee (paddy reserved for seed and expense for cultivation) 15 Pair of ploughing Bullocks, 273 Cows including calves & 23 Buffaloes and gold and silver ornaments valued at 500 Rupees were in the year 974 taken possession by Government, on the grounds that they belonged to the Rebel Shinoo Puttar, we therefore presented several Petitions to the Huzzoor and Madras Government that the aforementioned property being ours, to make it over to us: whereupon the latter, on the 8th August 1826

1826. directed us to represent the circumstance to the Huzzoor. Subsequently thereto we again petitioned to the Huzzoor in consequence of the long delay in investigating the matter, whereupon our documents and Witnesses were examined and it having been proved and the Government convinced that the aforesaid property belongs to us and not to Shoma Putter and not liable to be escheated to Government a report was made (by the then Collector) to Government only touching the aforementioned Lands, whereupon it was directed to make over only the said Lands, Accordingly in Fasly 1017 / Septy / Octobr 1847 the aforesaid Lands, 2. Cows, 2 Calves and a pair of Bullocks were only made over to us and not the remaining property and the Revenue residue Collected annually by the Government, consequently we petitioned in Makarom / Janry / February 1842 and Meezom / March / April of the same year for possession of the aforesaid property also, upon which an order was passed by the Huzzoor, under date the 15th Dhanoo 1018 or 28th December 1842 declining to restore the said property to us, which is matter of great grievance to us, as it will be evident by the following facts, that the property in question should undoubtedly be made over to us.

1 We fully proved at the trial by oral and documentary evidence, that the aforementioned

property belongs to us and on referring to the account in the record made at the attachment of this property your Worship will know whether our allegation that all the aforementioned property then existed is correct or not, under such circumstance there could be no doubt but that the property entered in the said accounts after deducting what was already restored to us, should be made over to us.

2 Since the aforesaid Lands were appropriated by Government they rented them on contract on the same condition as done by Jenmees and the Government received annually a rent of 1000 and odd fanams, of which their due is only 495 fanams, which should only be received from us. We are still in management of the Lands in question agreeably to the order by which they were made over to us, which is admitted by the Government a fact which will tend to convince your Worship that we have undoubtedly a right to the revenue residue as interest on our money

claim

Fort St George 5th March 1855

claim, and the Jemmees as their proprietary right.—

3. The property in question is the Jemmom of the Zamorin Rajah's Cherical who dems us for payment of 1500 Parrahs of paddy on account of Micharam, and 2500 Parrahs Residue and odd, on account of expense attending the renewal of deeds. We have no other means by which we could pay the aforesaid right, save the aforesaid money. Moreover we have no means to pay our creditors from whom we borrowed, 1000 and odd Rupees and defrayed our expense for 40 and odd years, for proceeding to, and residing in, Calicut, and other places where the Collectors held their Cutcherries, and also for preparing and presenting our Petitions, as far as Madras, and paying Batta to Witness &c. Subsequent to the order passed by the Huzzoor, as above mentioned, we forwarded our Petitions to Madras, whence we were referred to the Huzzoor stating in the mean

Fort St George 5th March 1855

mean time, that recommendation should be made thro' Huzzoor, such being the fact, unless our case is brought to the notice of Government by your Worship, no favorable answer can be expected and there can be no objection for your Worship doing this since we are justly entitled to the money alluded to in paras 1 and 2.— There was every reason for this being done before and for us to receive the money then.— On this circumstance being taken into consideration, your Worship will be convinced that the Government who redress the grievances of their subjects and act rightly will not in opposition to justice, have a desire of unjustly appropriating any property.— Under such circumstance unless your Worship write to Government in our behalf, we cannot expect a favorable order, and therefore humbly crave that sanction may be obtained at

Fort St. George 5th March 1855

at least now from Government to pay us the money to which we are justly entitled and which is now in profession of the Govern-ment, or if this cannot be done, we may be favor with an endorsement on this petition (which is pre-sented in Duplicate) showing the grounds upon which you are precluded from bringing our case to the favorable consideration of Government, as also with Copies of the attachment accounts prepared when the Government took profession of the afore-property, and the accounts of the collections made Government annually which are now in the records

Proceedings thereon.
(57-58)

Resolved that the letter above recorded be submitted for the consideration and orders of the Right Honorable the Governor in Council.-

In Cons. 8th June 1841

2. The estate referred to in the foregoing letter was sequestrated in the year 1798 under the belief that it belonged to the rebel Shinnoo Pattar after a lengthened correspondence, which began in 1836, the Right of the petitioners Vajsum and Sooboo Pattars, was acknowledged in Extract Minutes Consultation 25th May 1841, and the restoration of their land finally sanctioned by the Honorable Court in their Despatch of 1st March 1843 Communicated with the orders of Government dated 29th June 1843.-

Para 76.
In Cons 10th July 1843
From Fusly 1209
To Fusly 1250

3. During the 42 years the estate was under the management of Government, a Sum of Rupees 11322-3 was realized, from which deducting the fixed revenue chargeable upon it Viz. Rupees 5939-15-. at the rate of Rupees 141-6-10 per annum, there remains Rupees 5382-4 as a Surplus, to which the owners have now preferred a claim.

4. The Collector states that there is no Doubt that the Government have derived a profit to the amount of Rupees 5382-4 from the Estate and under these circumstances the Board recommend that Sanction may be granted for the refund of that Sum to the Petitioners, the owners of the property.-

From the Collector of Malabar.

Sir

In reply to your letter dated the 22d Instant, I have the honor to state, that the amount of Duty levied on the 113—15 of Sugar landed from the Ship "Jadel Bhary," was Rupees [illegible]

The Sugar in question was of foreign manufacture, and brought to Cochin long before the enactment of Act XIX of 1854.

The Petitions are herewith retransmitted.

/Signed/ H. V. Conolly.
Collector.

Calicut 29th January 1855

Bd. No. 509

Proceedings thereon.—Para 1

Passing endorsement on Petition No. 2101 & 2132 of 1852.—

(61-62)

The Board observe that the Collector has not stated under what Regulation Duty in any Shape was held leviable on the Sugar landed from the Ship "Jadel Bhary" at Cochin and thence conveyed to Mallapooram in the territories of the Rajah of Cochin.—

2. Act XI of 39 having been in operation at the time, the Sugar under ordinary circumstances would have been liable to Confiscation. This

Penalty

Fort St. George 5th March 1855

penalty however could not be appropriately enforced in the present instance, as the Ship was driven in to Cochin by Stress of weather The Board consider that the Collector acted correctly in only prohibitary the Sale of the Sugar at Cochin, but they are unable to admit that when it was reshipped to a foreign port and Sold to Merchants resident there, he was warranted in assuming that it would thence be Smuggled into the Company's territories again, and in treating it as if it had been sold in the latter in the ordinary course of trade.-

3. With regard to any irregularity in the reshipment the Board are of opinion that, if the Custom House Manager was guilty of any Misconduct, he should have been punished for it, without any reference to the Nacodah of the Ship.

4. Under the peculiar Circumstances of the case, the Board are pleased to remit the Sum of Rupees 66-9-9 levied from Petitioner Abdoll Raheem, and they request that the Collector will accordingly refund it, applying formally for the Sanction of Government, in the first

Fort St. George 5th March 1855

first instance, if it has already been carried to account.-

Ordered that the following Endorsement be passed on Petitions Nos 2101 & 2132 of 1854.-

Gentlemen,

I have the honor to request an

3656 Fort St. George 5th. March 1855

early reply to my letter to your address, dated 18th. January last No. 100, requesting to be furnished with a Statement shewing the Collections of Land and Extra Sources of Revenue up to the present Fusly.

Chief Engineers Office,
Late Deputy Surveyor Genls. Deptt.
Fort St. George,
12th. February, 1855.

(Signed) C. E. Faber
Lieut. Col. of Engrs.
Chief Engineer
In charge of the late Deputy
Surveyor Genls. Deptt.

Ordered that the following letter be sent in reply—

(67-69)

To, Lieut. Colonel C. E. Faber
Chief Engineer

B. No. 487.

To the Chief Engineer

Sir,

In accordance with the request contained in your letter dated 18th. January 1855, I am directed by the Board of Revenue to forward the statement herewith prepared from the accounts for Fusly 1262.

Revenue Board Office
Fort St. George
5th. March, 1855.

(Signed) B. Cunliffe
Secretary

Bo No. 442

From Vo Venkata Reddy

Sir

I have the honor to inform you that I had been to Pulicat a fortnight ago, and remained there for a few days on private affairs, when I found the soil to be very flourishing and the salt of pure white, producing in abundance. I now presume that the production of salt for the public trade in that locality would fetch a benefit of a good revenue to the Government annually as well as to the people at large in as much as that port is very available for exporting and importing the goods, particularly for the conveyance of salt to Calcutta; and request therefore that the Board will issue necessary orders to the cultivation of salt in that place provided they see no objection to my proposal under the circumstances above mentioned.

Madras
14th February 1855

(Signed) Vo Venkatareddy

Resolved

3659 Fort St. George 5th March 1855.

Resolved that the following letters be despatched:-

72

Bte No. 510.

To the Acting Collector of Ganjam

Requesting him to forward to the Board samples of the "Grondoor Hemp" and of the "Samalo" mentioned in his letter of 27th Octr 1854 with full information regarding the price &c of each.

Dated 5th March 1855

To the Acting Collector of Ganjam

Sir,

With reference to your letter dated 27th October 1854, I am directed by the Board of Revenue to forward for your information and guidance the accompanying Circular instructions regarding Agri-cultural Exhibitions in general.

The Board are disposed from the tenor of your letter, to defer the Exhibition in Ganjam until next year.

The Board request that you will forward to them samples of the Grondoor Hemp and of the dry grain called "Samaloo" mentioned in para 5 of your letter with full information regarding the price &c of each - any peculiarity regarding the culture of the "Samaloo" should also be mentioned, and if the grain is peculiar to Ganjam, Specimens of it should be sent by you in like manner without delay

to

Fort St. George 5th March 1855.

to the Collector of Rajahmundry for Exhibition at his meeting on behalf of Government.

4 The Board request that you will inform them at your early convenience when the first meeting may be held with reasonable hope of success, as it will be necessary to obtain the sanction of the Supreme Government for the requisite expenditure. The Committee should therefore be nominated 6 or 8 months before the probable date, so that the estimate may reach the Board 4 months before the time fixed.

information the accompanying Copy of the Board's Circular instructions on the subject of the proposed Agricultural exhibition

† Dated 5th March 1855

2 The Board regret that from various causes they were unable sooner to reply to your first letter, and while they fully acknowledge your exertions in endeavouring to carry out the wishes of Government they approve of your proposal to defer the meeting until next year.

3 The Board abstain at present from nominating a Committee in your District, but will be prepared to do so at once if you wish it. This step must be taken at least 6 or 8 months before the time fixed for the Exhibition, as the estimate of expenditure must reach the Board fully four months before that date, to enable them to apply for the necessary sanction. They rely on hearing from you in sufficient time

time to enable them to make these arrangements.

4. The Board trust that you will be able to dispense with the services of a separate Establishment which has not been considered necessary in any other District.

5. The Board will not at present offer any remarks on your suggestions for the establishment of an experimental farm in your District.

From Tinnevelly 14th in Cons: 23rd October 1854 No. 3983.

To,
The Collector of
Madura and Tinnevelly

Sir,

With reference to your letters dated 28th October, and 9th December last, I am directed to forward for your information the accompanying Circular instructions regarding Agricultural Exhibitions in general.—

2. You will perceive that the Board propose at first to have the Meeting in each District, but they will be prepared to deviate from this rule in the case of the Madura and Tinnevelly Districts if on further communication with the Collector of the latter, a joint meeting be considered most likely to be successful.—

3. The Board give up all intention of holding an exhibition in either district during the present year, and they therefore have abstained from at once nominating a Committee. This however they will be prepared to do immediately,

immediately, if you think it desirable, and at any rate a Committee must be nominated 6 or 8 Months before the time fixed for the exhibition, as the estimate of probable expenditure must reach the Board at least four Months before that date to admit of sanction being obtained from the Supreme Government.

5. You will perceive that the Board have availed themselves of the suggestion contained in your letter of the 9th December.

4. The Board hope to hear from you in sufficient time to permit of their making these arrangements.

To The Collector of Canara.

(80)

B. No. 520.

To the Collector of Canara

Para 1.

Sir,

I am directed to acknowledge the receipt of your letter dated 24th October last, and to forward for your information the accompanying

I Com. 6th Mar. 1855

dated 5th March 1855.

accompanying Circular instructions regarding Agricultural Exhibitions in general.

2. From the tenor of your letter the Board conclude that it would be fruitless to open an exhibition in the current year. They therefore abstain from nominating a Committee for your district at present, but they will be prepared to do so whenever you may recommend the step. In the meantime they rely on the cordial exertions of yourself and your Subordinates to make the people acquainted with the object of Government and to procure their Cooperation in the matter. The Board request that you will lose no time in taking measures to this end, and inform them at your earliest convenience of the period when the first meeting should be held. As the amount required for prizes and all other expences must first be submitted for the sanction of the Supreme Government it is requisite that the estimate should reach the Board at least four months before the time fixed for the exhibition, and the

Committee

Committee should of course be nominated six or eight months before the latter period - The Board therefore expect to hear from you again in sufficient time for them to make the necessary arrangements.

3. The Board are fully aware of the difficulties which you will meet with and the partial success which may at first attend your efforts, but the rapid advance of your District during late years, its commercial advantages, and the comparatively independent position of a large proportion of the landholders induce them to expect that the ultimate result will be satisfactory.-

4. The Board propose that, in consequence of the great length of your District, there should be two exhibitions in it, one in North, and one in South Canara, instead of prizes in each Talook as you suggest. In prescribing the conditions of competition, particular stress should be laid on the preparation of the articles for

for the Market; in which respect, it would appear that there is in your District, great room for improvement.-

5. The Board request further information on the subject of the nirunk alluded to in para 14 of your letter, whether the practice is confined to tobacco, and how it can best be combated.-

6. The Board also request that you will at your early convenience inform them at what charge Buffaloes can be obtained in your district of a class suitable for introduction into other districts where the breed is of an inferior description, as Tanjore &c.-

To, The Collector of Malabar

B. No. 521.

To the Collector of Malabar.

Sir,

Para 1. With reference to your letters dated 6th and 20 October last, I am directed to forward for

Sent Govt 12 Oct 55
Sent Govt 27 Mar 56

3676 Fort St. George 5th March 1855.

dated 5th March 1855. for your information the accompanying Circular instructions on the subject of Agricultural exhibitions in general.-

2. The Board think it desirable that an exhibition should be held in each district as soon as there is reasonable hope of success - They propose however deferring the Malabar meeting until 1856 at the earliest and they rely on the interval being sedulously employed by your self and your subordinates in preparing the people for the scheme -

3. The meeting being thus deferred, the Board think it unnecessary immediately to nominate a Committee to aid you, but this step must be taken 6 or 8 Months before the time proceed for the exhibition, as the estimate of probable expenditure must reach the Board at least four months previously, to admit of the sanction of the Supreme Government being obtained. If you think it desirable, the Board will at once nominate a Committee to aid you

in

B. No. 504.

To the Collector of Madras.

Sir,

In directing you, under date the 22d instant to place the Madras Survey under Lieutenant O'Connell, the Board did not intend that you should divest yourself of all connection with that operation, but that you should still keep yourself acquainted with the work which in progress, calling for any information which the local enquiry has elicited, checking the entries in your "Register of lands" by the actual measurements lately made, investigating titles and tenures by the help of the information taken on the spot by the survey Officers, and supplying in any other manner

the

the deficiencies of your Record-

2- The Board are satisfied that in furtherance of these objects you will receive the hearty cooperation of Lieutenant O'Connell- What the Government intend is, that you should point out what is required by your Department, and that the Professional Officer should carry your wishes into execution as far as practicable-

From the Secy. to Government.

Extract from the Minutes of Consultation in the Revenue Department under Date the 17th February 1855.

Approving of the arrangements proposed for forming the Kurnool Agency into a Separate Collectorate and requesting the Board to submit a statement shewing at one view all the alterations and additions of expense which will thereby be occasioned.

Read the following Papers

From the Acting Register to the Court of Sudr and Foujdaree Adalut.

/ Here enter 13th Novr 1854 (No 1163)

Extract from the Proceedings of the Board of Revenue

/ Here enter 27th Dr. 1854 /

Para /

The Court of Sudr and Foujdaree Adalut and Board of Revenue Submit, as called on by Extract Minutes of Consultation 9th September the arrangements which they would propose for forming the Kurnool Agency into a Separate Zillah and Collectorate with additions from the adjoining Districts of Bellary and Cuddapah.

2.

The Board have consulted the Collr in Kurnool and the Collectors of the Ceded Districts The result is a recommendation that the

3686 Fort St. George 8th March 1855.

the Talooks of Coilgoontla in Cuddapah and the Talooks of Punchapollium in Bellary be severally transferred from those Provinces to Kurnool. The Judges of the Court of Sudr and Foujdaree Adalut Concur in this view They further advise that the new Court be established at the Town of Nundial as being a more centrical Situation. than Kurnool, that it be constituted under Section XLV Act VII 1843. and be designated the Civil and Sessions Court of Nundial and they suggest that, on the Nundecamanapaso being fully opened. the Talooks of Cumbum and Doopaud be transferred to the Jurisdiction of the new Court, their revenue management remaining with the Collector of Cuddapah as at present. The Head Quarters of the new Collectorate of Kurnool will continue at the Town of that name, but the Head Assistant will be Stationed at Nundial.

3. The issue, as regards the revenue management of the three Districts affected by the arrangement is that the revenue of Kurnool / taking the Settlement of Fusly 1260, which is said to have been a moderately good year, as an average / will be raised from Rupees 861,000 to Rupees 1305000 while Bellary will be relieved to the extent of Rupees 2,13000 and Cuddapah to that of Rupees 228000.

The

Fort St. George 8th March 1855.

4. The Revenue of Kurnool on this new footing will be about half a lac below that of Masulipatam for which a Sub Collector has been lately sanctioned. It falls short of that of Chingleput by about a lac and of that of Trichinopoly by a lac and a half. It is however represented that there is in Kurnool Extra duty in regard to payment of pensions and general superintendence of the family and Dependents of the late Nawab, and the charge of the Kurnool Horse also the Political Superintendence of the Bunganapilly Zaghire. It is likewise to be remarked that the above Comparison is made on the land and extra Sources of revenue combined. In Masulipatam and Chingleput the Extra Sources, chiefly Salt, are heavy. The land revenue of both these Districts. is below that of Kurnool by about 3/4 of a lac.

Vide Bds Pro 23d Octr 1832. Para 13.

5. The revenue of Bellary and Cuddapah when relieved by the cession of Punchapollum and Coilgoontla adopting the same Standard of Fusly 1260 will as appears from a Memo obtained from the Revenue

Fort St. George 8th March 1855.

Revenue Board be.

	Land Revenue Settlement	Extra Sources	Total
1	2	3	4
Bellary	20,84,838	6,00,031	26,84,869
Cuddapah	19,85,567	2,89,395	22,74,962

The third column of this Statement includes Rupees 2,51,973 as Peesabuddy and Inotwpha in Bellary and Rupees 1,38,993 on the same account in Cuddapah. Supposing these Sources of income to be relinquished, the revenue in Bellary will be Rupees 24,32,896, and in Cuddapah Rupees 21,35,969.

6. The additional expense attendant on the measures would appear to be.—

	Monthly	annually
Increase in the Revenue Establishment Hoozoor	812 L. -	9,744
Do in Judicial Do	423 - -	5076
Salary of Collector	2,333 5 L.	28,000
Do of Judge	2331. 5 L.	28,000
Do of Head Assistant difference between pay of that Office & that of an Assistant	208 - -	2,496
	6109 11. 8	73319
Deduct Salary of the present Agent	2,000 - -	24,000.
	L.109 11. 8	L.49319

or

or in round numbers half a Lac of Rupees

7. The Right Honorable the Governor in Council approves the arrangements as noted in the preceding paras, which have been proposed by the Court of Sudr Adawlut and Board of Revenue for the establishment, in lieu of the present Kurnool Agency, of the Zillah of Nundial and the Collectorate of Kurnool, and he resolves to solicit the Sanction of the Government of India for the measure and for the additional expense which will thereby be occasioned. The total cost has been estimated above in Para 6 but the Government request that the Board of Revenue will furnish for Submission to the Government of India a Statement in the prescribed form giving all the alterations and additions at one view but distinguishing those in the Judicial from those in the Revenue Department.-

8. The Governor in Council entirely Concurs in the Suggestion of the Judges of the Sudr Adalut that on the Nundecamanapass being fully opened the Talooks of Cumbum and Doopaud in Cuddapah be placed under the Jurisdiction of the new Zillah and Sessions Court at Nundial. This will not only be a

convenience

Convenience to the people, but will prove of essential relief to the Zillah and Subordinate Courts of Cuddapah, where at present the business particularly on the Criminal side is peculiarly heavy. It is observed that two Estimates of Rupees 15,098-5-6 and Rupees 32,700 in all Rupees 48,398-5-6 were sanctioned on the dates noted in the margin for opening the passes. The Government would wish to know from the Board of Public works what progress has been made in the work.

Extract Minutes Cons. 25th June 1852 No 112
13th Feby 1851. No 86

9. The draft Act for the repeal of Act X. 1843 submitted by the Sudr Adalut with their letter of 13th November last will be forwarded to the Legislative Member for the Madras Presidency who will be requested to lay it before the Council in the event of the measure which it is meant to accomplish being assented to by the Supreme Government. It will be most convenient that the Act and the changes dependent on it should take effect from the Commencement of the ensuing

ensuing Fusly or from the 12th of July next.

Bd. No 559.

From the Secretary to Government

Informing of the Appointment of Jayarama Chetty to the situation of Registor in the Revenue Department of the Government Office.

Fort St. George 8th March 1855.

No 253.

Extract from the Minutes of Consultation Revenue Department Under date the 27th February 1855.

On the 20th November 1854. the Right Honorable the Governor in Council Sanctioned the nomination of Jayarama Chetty as a Special Unconvenanted Assistant in the Office of the Board of Revenue with a view to his Superintending the preparation of an improved System of Accounts in the Revenue Department. In this Work the Government have reason to believe, considerable progress has been made. Jayarama Chetty has now been appointed to the situation of Registor in the Revenue Department of the Government Office; and in order that the improvements above adverted to may not be interrupted His Lordship in Council deems it expedient that the enquiries and arrangements connected with them should continue to be conducted by Jayarama in his new position under the orders of the Revenue Secretary to Government his immediate Official Superior. He will therefore bring with him into the Government Office the persons now employed under him, as well as all papers in which he

Fort St. George 8th March 1855.

he may be engaged, or which he may have with him.-

2. Under this new arrangement the appointment of Special Uncovenanted Assistant will cease, but as Jayarama will now have other duties to perform besides those connected with the Accounts, he will perhaps need more Assistance than has yet been required. The Right Honorable the Governor in Council is therefore pleased to direct that the sum of one hundred Rupees monthly, in addition to the hundred Rupees already sanctioned, making two hundred Rupees p. Month, shall be at the disposal of the Secretary in the Revenue Department for the purpose of providing the Office Assistance required so far as it may not be obtainable from existing Establishments. The expenditure will be only Special and temporary, and will be charged in a Monthly Contingent Bill.-

B. No. 648.

From the Acting Collector of Ganjam.-

Replying to the Board's Circular of 5th June 1854. regarding Salt.-

Sir,

With reference to your Circular letter of the 5th June last, I have the honor to furnish replies to the queries therein contained.-

1 Ganjam.
2 Munsooretta
3 Vemeravilles
4 Nowpada.

Reply to the 1st query. Each Cotar of which there are four in this district draws it's supply of water from a distinct source and constitutes a distinct set of Salt pans, or a distinct "Salt work".- In the Nowpada Salt Cotar there are two plat forms at some distance from each other, called "Stree Ramooloo plat form" and "Streevenkataswarloo plat form" the produce of the pans adjacent to each of these is taken

to

to it.-

Reply to the 2d Query. No Salt has ever been supplied from the district to the Nizam's territories or to Mysore, the produce of the different Cotars here being consumed by the Country dealers and bringaries.-

Reply to the 3d Query. No foreign Salt has ever been imported into this district, hence the absence of any measures for the prevention of illicit importations.-

Reply to the 4th Query. The appended figured Statement will furnish all the information required in this query. At Nowpada Saltworks each Jamatdar or Manufacturing overseer has a Number of petty Manufacturers under him. The

whole number of pans is divided into a Certain number of Jamaut or Subdivisions. hence the difficulty of correctly estimating the outturn of each Manufacturer in this as in the other Cotars.-

From the Collr of Rajahmundry.

Reporting on the Subject of substituting the English figures to Telugu ones in all accounts received in this office and enclosing a Memorandum.

Sir

I have the honor to acknowledge the receipt of your Circular of the 30th November last regarding the substitution of English figures in all accounts sent from the Talooks to the Collectors Office and in those prepared in each Office.

2. In reply I beg to furnish a Memorandum shewing the number of Servants, exclusive of Course of English accountants, Writers or Translators, in the Collectors' Huzzoor Establishment and in the Talooks, distinguishing those who are already acquainted with English numerals. I have not as received the information required as regards the Sub Collectors' Huzzoor Establishment, but it will be submitted as soon as it reaches me. The Board are probably aware that Marattah has never been used in this District, as the language of accounts, which have always been kept in Telugu, and with which language it is hardly

necessary.

necessary to add, every Servant above the grade of peons, with exception perhaps of two or three Mohomedans, is perfectly conversant.

3. I do not apprehend any difficulty in introducing the change contemplated by the Board from the Commencement of the ensuing Fusly and with the view of carrying out the instructions Conveyed in your letter under reply, I have required all Servants of the classes referred to, on the Huzzoor and Talook Establishments at present unacquainted with English numerals, fully to master them within three months from this Date, and shall take steps to ascertain that my instructions are attended to.

/Signed/ T. D. Lushington
Collector

Ordered

3722.

From Ft. St. George 8th March 1855.

Order thereon

Read the Report of the Collector of Nellore dated 23d January 1855 No. 393 forwarding the Proceedings of the Board of Revenue dated 6th Novr. 1854 No. 1788 on the subject of the Petition of Mylawarum Mootah Sooranany Jageemathalutchmarow and Venkatagopalanursimharow sons of late Venkatapatyrow Gufty Talook in Gooty Division praying to be allowed to purchase the Right of Government to the Land Revenue of the Village of Crootteevemoo Samoot Valloory Boochee Venkata reddy naidoo Proprietor of Talook in Gooty Division.

Ordered that the Proceedings of the Board of Revenue dated 6th November 1854 No. 1788 be approved and that the Petitioners be informed that in accordance with the Rules laid down in Board's Proceedings dated 21st March 1853 No. 96 the Right of Government to the Land Revenue of the Village of Crootteevemoo Samoot in Gooty Talook may be sold to the Petitioners for the sum of Rupees 2576-10-3 being 10 times the Jumma of Fasly 1262 payable in Bullion or Gold Coin of the Standard of Rupees 216 to the Pagoda at the Treasury of Nellore.

Ordered that the Collector of Nellore be directed to cause the Petitioners to execute a Bond in the usual form for the payment of the Purchase Money in 10 annual Instalments with Interest at 6 per Cent per annum from the date of the Sale Deed

Fort St. George 8th March 1855.

of the Minutes of Consultation dated the 21st March 1853 been excluded from the Pattahs of Ryots and will be again made over to Iyavarbattoo in Consonance with the orders of Government thereon Conveyed, Sanction being still required to pay over to him also the amount Credited to Syen in Fasleis 1261 and 1262, viz. Rupees 28 1 6 as above explained, and upon receipt of which Sanction, that amount, as also Rupees 33 1 — Credited to Dispositl as above shewn, will be disbursed to him accordingly.

The Bhatavarty Enam having been disposed of as above stated, I take this opportunity also of Soliciting that a Doubt which I entertain in regard to the Powrohetum Enam may be cleared up. The Government in their orders dated the 21st March 1853, direct "that if the two sons who inherited the Manium "jointly and are said to have enjoyed them in "equal shares, Continue undivided, the whole "these lands should now pass to Iyavarbattoo their direct

Fort St. George 8th March 1855.

"direct representative." From an enquiry since instituted through the Sub Collectors Office, it appears that on the death of **C** and **D** in the Genealogical table forwarded with Mr. White's letter dated 1st November 1851 their Sons divided and lived Separately, although the Villagers cannot affirm of their own knowledge as to when the division actually took place; there appears however no doubt that although both the Powrohetum and Bhatavarty Enams were enjoyed by them (**C** & **D**) in equal shares yet it is plain that they lived apart, as separate and divided families. Such being the result of the further enquiry and reference to the Records, I would Solicit instructions how to now deal with the lapsed share of the Powrohetum Enam which was made over to Iyavarbattoo under the orders of the Board dated the 21st November 1851, but which should, apparently, according to the views of Government as above recorded, but received some time Subsequently be incorporated with Syen lands.

Bd No 351
Proceedings thereon.

/ Signed / J. Ratliff
Acting Collector.

Resolved that the letter above recorded be

Fort St. George 8th March 1853.

be Submitted for the Consideration and orders of the Right Honorable the Governor in Council.

2. In the foregoing letter the Acting Collector of Nellore reports having in accordance with the orders of Government dated 21st March 1853 made over to the Petitioner Iyavaroobhattoo, the Bhatvarty Enam which formed the Subject of his representations to Government and Solicits Sanction for the refund to him of its proceeds amounting to Rupees 63-6-6 which in Trusties 12½, 61 and 62 were carried to the account of Government under the head of Deposits and Iyen Collections. This sum being clearly due to the Petitioner the Board recommend that authority may be granted for its disbursement to him.

Sub Collr 11th April 1853

Rupees 35-4-
28-2-6
Rs 63-6-6

3. The Acting Collector also brings to notice that the enquiries he has instituted to lead to the inference that the great grand father and great grand uncle of the Petitioner whose direct representative, he claims to be a member of an undivided family had divided their property and lived apart and that therefore the Continuance of the Pourohetum Enam to him

as

Fort St. George 8th March 1853.

as directed in the Boards Proceedings of the 24th November 1851 appears to militate against the Subsequent orders of Government dated 21st March 1853. which were issued on the Supposition that his 2nd abovementioned ancestors had held a joint interest in the Enam. But there does not appear any Conclusive evidence of a formal division of property, such as is required by Hindoo law the mere fact of the brothers having lived apart being no Sufficient proof that they had ceased to be members of an undivided family. and as the Enam is held for the performance of Service, the Board Consider that no cause is at present shown for disturbing Petitioners Possession On his decease, the Enam will of Course be Subject to report under the usual Enam rules.

Sir

Bd No 366

From the Collector of Cuddapah...

Para 1 I have the honor to acknowledge the receipt of the Extracts from the proceedings of the Board of Revenue under Date the 13th July 1854, accompanied by Extract from the Minutes of Consultation dated the 30th June 1854, wherein its is stated that the Board recommend that the ready money allowance of Rupees 70 per annum, at present allowed for the Support of the Pagoda situated at Kundanavanum in the Talook of Doopaud, should be granted during the life of the present incumbent, but the Right Honorable the Governor in Council prefers that a Sum of money, equivalent to what may be considered the fair value of the incumbents life interest

Stating that the present incumbent attached to the Pagoda situated in the Village of Kundanavanum in the Doopaud Talook refused to receive any compensation as suggested by Government in the extract from the minutes of consultation under date the 30th June 1854 and requesting the Board's instructions with respect to the disbursement of the amount

Fort St. George 8th March 1855

interest might be granted and all connection with the Pagoda thereby terminated.-

2. I have delayed replying to this Communication until an opportunity was afforded of personally conversing with the present incumbent, who is a person named Nursiah apparently about 70 years of age, and his son about 22- these positively refuse to receive any Compensation, on the Ground that the allowance is not for their support, but for keeping lights in the Pagoda and the performance of the Daily monthly & annual Ceremonies- In order to induce the old man to come to a Compromise, I proposed that he should accept 500 Rupees in lieu of the annual payment or rather more than 7 years purchase of this gratuity- as it is not likely from his present age that he will live so long. this he positively refused and I see no hope of his being induced to accept it.-

3. I would submissively beg to suggest with reference

Fort St. George 8th March 1855

reference to the Boards proceedings that this amount was granted to the Pagoda in 1812 - and has been regularly continued by Government and Board of Revenue up to the present time, and it is further alleged that this allowance was granted by the Mohomedan Government prior to the cession of the Country, but discontinued for some cause unknown - It has been ruled by Government that professors of Bhutvurtee Enamms for a period of twenty years should not be interfered with, tho' they possess no documents to prove their claim - This grant to the Pagoda has been continued for a period of 32 years without interruption - It might fairly come under the rule with regard to the Bhutvurtee Enamdars above referred to, which would entitle the Pagoda to a continuance of the allowance annually granted, and which is suspended, not as salary to the present incumbent, but for meeting the charges incurrible on account of the different festivals, the disbursements of this sum has been stopped from July 1853 and

Fort St. George 8th March 1855.

and the present incumbent now requests that the annual payment may be made as he himself has borrowed money to continue the performance of the usual festivals and ceremonies - I request the Boards instructions with regard to the payment of this amount, and whether I should continue to disburse the same until the demise of the present incumbent, which will be reported to the Board in due course -

Cuddapah District Collectors Office on Circuit at Markapoor 3 February 1855

/Signed/ M. Murray Collector

Bd No 527 Order thereon. The Board of Revenue observe with reference to the foregoing letter that the order of Government dated 30th June 1854 authorizes the payment of an annual allowance of Rupees 70 during the life time of the present Poojahree of the Chundanavanum Pagoda, tho' a Commutation of it into a gratuity was suggested at the same time as a preferable Course - The Poojahree having declined to accede to the latter proposal,

Colonel Faber
Chief Engineer
Fort St. George.

Sir

I have the honor to inform you that agreeably with the instructions from the Board of Revenue Conveyed in a letter from their Acting Secretary under date the 1st Instant I have placed myself in Communication with the Civil Engineer of the Division in view to the demarkation of the Boundary lines of this District—That Officer having now intimated that he has no means of Conforming to the requisition, I have deemed it expedient to forward to you without loss of time the accompanying Map† of the Chingleput Collectorate The Map is of old Date, and does not include the Villages added since its preparation to this District; but the limits they would occupy have been traced in pencil with as much exactness as possible, and Sufficient, I trust, for the purposes you have in view They chiefly lie along the Sea Coast inside

† To be returned as soon as practicable—

inside the Pulicat Lake and in the Taluk of Ootramaloor bordering on Trivalloor and Vandavash in North Arcot. A Map of North Arcot compiled with the accompanying would probably enable you to trace them exactly.

There are no Atlas Maps now in this Office. Those formerly supplied were, I am given to understand, supposed to have belonged to the late Mr. Cochrane, and were kept with his own private Books and are therefore now not forthcoming.

The area of the Ryotwary portion of the District is supposed to consist of 11,80,845 acres.

Bd. No. 587
From the Acting Collector of Chingleput - - - -
Reporting the institution of a Suit against him by Sea: garoya Vydea: nada Moodelly of Cuddalore

Sir,

I have the honor to forward Translation of a Plaint in Suit No 2 of 1855 before the Principal Sudr Ameen in which I have been made a Defendant for the acts of my Predecessor, Mr. Smollett.

The Suit in question arises out of a claim for arrears of rent preferred against the Plaintiff by the 2d Defendant, which Mr. Smollett first disallowed, but subsequently sanctioned by ordering the sale of the distrained property. Hence the Suit.

2 It appears to me that as Mr. Smollett's acts were under the Provisions of Regulation V of 1822 — which vest him with the functions of Judge as laid down in Regulation XXVIII of 1802 the Suit in question cannot lay against him or in his absence his successor, but that

that the distrainer alone is responsible under Section VI Regulation XXVIII of 1802 for all damages arising should his claim on trial be thrown out.-

3 If Mr. Smollett's order was objected to by the Plaintiff, he could have preferred an appeal against it under Section XVI Regulation V of 1822, but no Law vests him with power to sue Mr. Smollett as Defendant for the power he exercised under that Regulation, and if the Plaintiff preferred to have his case tried by regular suit as allowed him under Section XI Regulation XXVIII of 1802, there was no need for him to introduce the Collector as Defendant. The matter only concerned the Parties themselves, as to whether there was or was not rent due from the Plaintiff for which his property had been destrained, and on application ordered to be sold.

4 The Collector is, I conceive, entirely exempted from Civil action under act XVIII of 1850.

5 So far as this department is

is concerned, I would observe that the Plaintiff has no demands against it, the sale of his property having been stayed, pending the decision of this suit on the written application of the Principal Sudr Ameen, and consequently that the matter lies altogether between him and 2d Defendant.-

6 Instead therefore of defending the suit, I would suggest the presentation of a Miscellaneous motion, calling on the Court to strike the Collector out of the List of Defendants and dispose of the matter as between the parties alone, and with this view, have drawn up the accompanying for the Board's consideration.-

Chunglepat District,
Collector's Circuit Cutcherry,
Oolramaloor,
1st March 1855

(Signed) C. J. Shubrick
Acting Collector

Plaintiff
Teagaroya Tydee Nada Moodelly son of Teagaroya Moottea Moodelly residing at Cuddalore in Talook Chingleput, means of livelihood agriculture.

Vakeel
Sobaroya Pillay

Defendants
1. C. J. Shubrick Esqr Collector of Chingleput.
2. Chittary Stroon Gherry Moodelly son of Moodoo Moodelly Zemindar of an inam in the Chingleput Talook and residing in a house No. 127, Durmaraja Moodelly 1st Street Peddoo Naick Pettah of Madras.
3. Comarappa Moodelly son of Terahudra Moodelly residing at Parmasuaramongalum and Culcolum of the Chingleput Talook means of livelihood agriculture
4. Vencata Chellapitty Goomastah of 2d Defendant residing at Oodaluccaracoopum in the Chingleput Talook

Fort St. George 8th March 1855.

Talook, means of livelihood Goomastahship:-
5 Chendrasacara Moodelly Goomastah 2d Defendant residing at Oodaluccaracoopum in the Chingleput Talook, means of livelihood Goomastahship

This suit is instituted for the recovery of Rupees 78. 8. 6, the value with interest of grain and straw damaged by the 2d Defendant, for the withdrawal of attachment of Property specified hereafter, of the value of Rupees 215 made by the 2d Defendant, for the recovery of Rupees 196 the rent of a Cart and Spring conveyance held under attachment by the second Defendant, with such addition of rent as may hereafter accrue due, and for the removal of the Plaintiff's name which was fraudulently entered in Moochilikahs alleged to have been executed by the 3d to the 2d Defendant, and Pattahs issued by the latter to the former for 12½ Cawnies of Nunjah land of the annual value of Rupees 87. 8. . in the year Parabava and

Fort St. George 8th March 1855.

and for 12 Tamarind trees yielding annually Rupees 6-8 in the year Sowmeah. The total amount of the Plaint is Rupees 583-8-6.

First. The second Defendant has instituted suits in Nos 71 and 158 of 1853 on the file of the Mooftee Sudr Ameen's Court. He set forth that the 3d Defendant, as the Goomastah of the Plaintiff, received from him a Puttah in the year Parabava, 6th Vyasee / Fusly 1260 / for 12½ Cawnies of Punjah land, and subsequently on the 15th May year Sowmeah corresponding with the 24th February 1849 a ready money Puttah for 12 Tamarind trees at 6½ Rupees per annum, both in the Village of Paramasiwaramangalum, situated in the ancut Moottah of the 2d Defendant, that the Demands of Fusly 1262 on account of the above Puttahs were partly paid by the 3d Defendant, and he prayed for the recovery of the remainder from the 3d Defendant. Plaintiff and others, No 71, above referred to, was decided by the Court Ex parte on the evidence of the

Fort St. George 8th March 1855.

the 2d Defendant / then Plaintiffs witnesses. The Court decreed against the 3d Defendant who alone signed the Moochilika and relieved the other Defendants in the suit from liability. This decision was not appealed from and the 2d Defendant / then Plaintiff received the amount of the decree from the 3d Defendant. The other suit No 158 was referred for investigation to the District Moonsiff of Carangoly. In this suit asserting his own responsibility for the sum, and declaring that the Plaintiff and others are not liable to it. This suit has not yet been brought to a close.

Secondly.- Whilst the 3d Defendant alone was thus declared liable to the rent of the Tamarind trees in No 71 and the subject of the rent of the Punjah lands is still under litigation in No 158, the second Defendant exforced his demand on the above accounts for Fusly 1263 amounting inclusive of interest to Rupees 6-9-2, on

Rep. 78. 54

3741

Fort St. George 8th March 1855

on the Tamarind trees, and Rupees 88-13-1 on the wet Lands or Rupees 95-5-1 on the whole. Instead of holding the property of the 3d Defendant answerable for this sum, the Defendant indulged in his inimical feelings towards the Plaintiff by attaching on the 10th May 1854 the grain, straw heaps, ploughing buffaloes, and other articles as hereafter particularized. The attachment was further illegal, having been made without previous notice and at a low valuation of the property. After a month the 2d Defendant released the ploughing buffaloes also from attachment. The 4th and 5th Defendants, the Goomastahs of the 2d Defendant, addressed an urzee to the Collector directly and without the intervention of the 2d Defendant the Zemindar, soliciting aid in again attaching the property of the plaintiff. The Collector issued a Sarkeer to the Tahsildar desiring him to render assistance

3742

Fort St. George 8th March 1855.

assistance with this aid and in view to dishonor the Plaintiff the 4th and 5th Defendants unlawfully undervalued and attached on the 8th July 1854 a spring bandy the property used by the Plaintiffs son which was in his Sarwary Village of Cuddalore and other property as hereafter particularized. The Plaintiff and others remonstrated against this unlawful derogatory and sudden attachment without a demand on the proper defaulter or previous notice but it was carried out forcibly accompanied with insulting words Clauses 1 — 3 and 6 Section VIII Regulation XXVIII of 1802 provide that distraining Zemindars shall furnish the persons employed to attach property with a list of the arrears, and cause them to make a demand should the defaulters fail to discharge the balance or give satisfactory assurance of the same, the list of arrears shall be presented to them or pasted in the outer walls of their houses

Fort St. George 8th March 1855.

houses before attachment is made for the defaulters may be absent, they shall be informed in writing of the arrest by them, or a notice of the same shall be pasted within three days from the date of attachment. Where these conditions are fulfilled the Zemendars shall forfeit the arrears and shall peimburse the proprietors of the property attached for damages or costs they might have sustained. As the 2d Defendant has now entirely against the above provisions he is bound to peimburse the Plaintiff for the losses he has thereby sustained.

Thirdly. The 2d 3d 4th and 5th Defendants contrived to conceal for a long time the circumstance of the 3d Defendant having obtained from the 2d Defendant a Puttah in the name of the Plaintiff, the 3d Defendant is not the Gomastah of the Plaintiff. The Plaintiff has not given a Vakalut to the 3d Defendant to transact such responsible duties as that of obtaining Puttahs for the

Fort St. George 8th March 1855.

such a fact established before the Tahsildar by the 2d 4th and 5th Defendants. The Moofty in the suit No. 71 did not admit the assertion that the 3d Defendant signed the Moochilka for the Plaintiff. The 2d Defendant has not appealed from that officer's decision. The 2nd Defendant's attachment of the property of the Plaintiff by means of the 4th and 5th Defendants on account of Puttah Balances, to which the 3d Defendant alone was held liable is irregular and unlawful. The irregularity and unlawfulness of this proceedings is aggravated by the subsequent attachment of the bandy in the active service of the Plaintiff and other property. This proceeding was obviously not intended for the recovery by lawful means of the balances due, but to insult the Plaintiff and his son who were respectable gentlemen and Zemendars like the 2d Defendant and to gratify the long standing grudge which the 2d Defendant bore to them.

The

For Ft. St. George 8th March 1855.

Fourthly. The Plaintiff who pays to Government a revenue of 4,000 Rupees annually for his Sarwary and Zemindary Villages could not have been unable to discharge the small amount of the Puttah balance which is litigated for, if it were really due by him. The Plaintiff is not bound to pay the balance. If the 2d Defendant intended to recover the balance reasonably, he would not have refrained from attaching property as at present from his acquisition of the Zemindary to the present issue of Puttah.

Fifthly. The plaintiff represented the injustice and loss he sustained for the 2d Defendant to Mr Smollett the predecessor of the 1st Defendant the Present Collector by Petitions dated the 4th and 24th July, which were forwarded to the Taksildar with a Takeed directing enquiry and report on the real facts of the case. The Taksildar investigated and reported the case by an Urze No 44 dated 1st September 1854 addressed to

For Ft. St. George 8th March 1855.

to the Collector. This officer took the report into consideration and issued a peremtory order to the 2d Defendant on the 4th November 1854, pointing out the illegality of the attachment of the property of the Plaintiff for balances to which the 3d Defendant alone and not the Plaintiff &ca was liable, and which have been so declared by the Courts, and directing the immediate withdrawal of the attachment. The 2d Defendant did not obey the order and personally represented something to the Collector. Under the instructions of the 2d Defendant and Collector, the Sheristadar invited the Plaintiffs' son Moottoosawmy Moodelly, who was then at Madras, and asked him to reconcile the 2nd and 3d Defendants and to cause the latter to pay the balances due by him to the 2d Defendant. Moottoosawmy Moodelly promised to send for the 3d Defendant and to bring him to a reconciliation within 10 days after the lapse of this

Fort St. George 8th March 1855.

This period, the 2d Defendant himself declared to the Head Sheristadar his intention of not coming to a reconciliation. This was reported to the Collector by the Head Sheristadar and nothing else passed at the time.

Sixthly The 2d Defendant had again an interview with the Collector. This Officer on the 25th January 1855, just previous to his departure for Vizagapatam, issued an order to the Tahsildar in direct opposition to his previous just order for the withdrawal of the attachment. The order in question sets forth that Mottoosawmy Moodelly, son of Plaintiff, at first promised to enter into a reconciliation; but failed that the objections afterwards put forth in his English

urzee

Fort St. George 8th March 1855.

urzee of the 15th January were therefore false and that the 2nd Defendant had fallen into some errors in the matter of the attachment and it directs the sale of the property under attachment. This proceeding of the Collector surpassed the injustice committed by the 2d Defendant.—

Seventhly The Plaintiff is unable to comprehend the means to which the 2d Defendant had recourse to cause the unjust reversal by the Collector of an order passed by him in favor of the Plaintiff upon a conviction of the injustice of the 2d Defendant's proceeding lawfully arrived at on a consideration of the records and evidence of the case. The Court should consider what obligation the Collector had after having once disposed of a case which came before him; to send for without any necessity and call upon the Plaintiff's Son who was not directly concerned in the case to come to a reconciliation. and D as if he failed to do so, ifsue an order on verbal proceedings in utter opposition to his former decision; their reasons of the case and the Regulations attributing an English urzee to the Plaintiff's Son

Fort St. George 8th March 1855.

this period, the 2d Defendant himself declared to the Head Sheristadar his intention of not coming to a reconciliation. This was reported to the Collector by the Head Sheristadar and nothing else passed at the time.

Sixthly The 2d Defendant had again an interview with the Collector. This Officer on the 25th January 1855, just previous to his departure for Vizagapatam, issued an order to the Tahsildar in direct opposition to his own previous just order for the withdrawal of the attachment. The order in question sets forth that Mottoosawmy Moodelly, son of Plaintiff, at first promised to enter into a reconciliation, but failed that the objections afterwards put forth in his English

urzee

Fort St. George 8th March 1855.

urzee of the 15th January were therefore false and that the 2nd Defendant had fallen into some errors in the matter of the attachment and it directs the sale of the property under attachment. This proceeding of the Collector surpassed the injustice committed by the 2d Defendant.—

Seventhly The Plaintiff is unable to comprehend the means to which the 2d Defendant had recourse to cause the unjust reversal by the Collector of an order passed by him in favor of the Plaintiff upon a conviction of the injustice of the 2d Defendant's proceeding of the records and evidence of the case. The Court should consider what obligation the Collector had after having once disposed of a case which came before him; to send for without any necessity and call upon the Plaintiffs Son who was not directly concerned in the case to come to a reconciliation, and as if he failed to do so, issue an order on verbal proceedings in utter opposition to his former decision, the records of the case and the Regulations attributing an English urzee to the Plaintiff's Son

Fort St. George 8th March 1855.

son which he had not written. admitting these facts to be correct. the desire of the parties at first to come to a peaceable and afterwards to be against it cannot be prevented. It is useless and injurious the public interest for a public Officer to argue upon such a ground.—

Eighthly. The Plaintiff having on the 7th Instant presented an Urzee to the first Defendant soliciting him to consider the justice or injustice of his predecessors proceeding to reinvestigate the matter and pass a peaceable order that Officer declined to enter into an investigation stating that he was unable to distant the order of his predecessor. The Plaintiff had to put this Plaint to the Court to obtain redress of the grievance sustained by him at the hands of the 2d Defendant and the Collector.

Ninethly. It is therefore prayed on behalf of the plaintiff that the Court will be pleased to ascertain the merits of the case to cause the withdrawal of the attachment illegally made of the Plaintiffs Landy and other property and

Fort St. George 8th March 1855

at Rupees 215. to recover from the Defendants and pay to the Plaintiff Rs. 71-12-6 the value of produce damaged by the attachment with interest Rs 6-12 from the 10th May 1854 the date of attachment to the present day or Rs 78-8-6 on the whole, to remove the Plaintiffs name which was fraudulently entered in the Mochulikas alleged to have been executed by the 3d to the 2d Defendant and Puttahs ifned by the latter to the former for 12½ Cawnies of Punjah land at Rs 8-8 per annum in the year Parabava. and for 12 Tama. in Trees at Rs 6-8-a in the year Sowmeah. and to recover from the 2d Defendant Rs 168 and Rs 28 the rents respectively of a Spring Landy and Cart from the 8th July 1854 the date of the second attachment up to this date at Rs 22-8-0 and Rs 3-12 with such addition of rent as may hereafter accrue due The total amount of this Plaint is Rs 583-8-6.—

As the first defendant hold the Office of the late Collector the Plaintiff sues him in this suit. The 3d Defendant is included in this suit in view to the cancelment of the Mochulekahs alleged to have been executed by him in the name of the Plaintiff. to the 2d Defendant. The

4th

Fort St. George 8th March 1855.

4th and 5th Defendants are brought in this suit in consequence of the insulting and improper words which they used towards the plaintiff Wife on the occasion of the attachment.—

The Plaintiff has prepared to sue the 2d Defendant for the insult offered by him to the Plaintiff.—

No. 2.

Draft of ~~a motion~~ proposed to be ~~made~~ to the Principal Sudr Ameen Court of Chingleput in Suit No. 2 of 1855.

The Acting Collector who has been made first Defendant in this suit has no interest in the matter at issue ~~which~~ concerns the parties themselves as to whether there was a ~~wrongful~~ act done from the Plaintiff for which his property was distrained by the 2d Defendant. The late Collector Mr Lumsden in ordering the sale of the property distrained by the 2nd Defendant acted under the Judicial powers vested in him by Regulation V of 1822 For acts done in this capacity he is protected from prosecution by Act XVIII of 1850 If the Plaintiff was dissatisfied with his order an appeal from it was open to him under

Fort St. George 8th March 1856.

under Section XVII Regulation V of 1831 sent the ~~restitution~~ of a suit against the Collector was forbidden by the Act quoted bearing as it does on his exercise of power under Regulation V of 1822.

The sale of the Plaintiff property being also stayed pending the suit at the written request of the Court is a further relief to him from any responsibility and the Court is therefore requested to strike the Sitting Collector out of the list of the Defendants and dispose of the matter as between the other parties alone.

Actg Collector

Fort St. George 8th March 1855.

B/c No. 535.
Proceedings.
(42-43)

Resolved that the above recorded letter be submitted for the consideration and orders of the Right Honorable the Governor in Council.

This suit has arisen

2

out of a claim for arrears of rent preferred by the 2d Defendant (a Zemindar) against the Plaintiff (an under tenant) which Mr. Smollett first disallowed, but subsequently sanctioned by ordering the sale of the distrained property under clause 4 Section IV Regulation V of 1822.

It will thus be seen that

3

the suit was entirely between the Zemindar and the Plaintiff while the Collectors interference between them was in exercise of his judicial powers under Regulation V of 1822 for which

3755

Fort St. George 8th March 1855.

which he is not liable to be sued under Act XVIII of 1850. nor can he made a defendant in an appeal suit from his decision as distinctly laid down in the C.O. of S. & N. No 61 dated 5th November 1839.

4. These arguments are accordingly pleaded in the amended draft answer herewith submitted, which being sufficient in the opinion of the Board for the purposes of the defence they beg to recommend, may be sanctioned, and the Collector authorized to conduct the defence at the public cost.

To,

B. Cunliffe Esqre

Secretary to the Board of Revenue

Fort St. George

(44)

Bd No 236
From the Collector of North Arcot

With reference to Board's Proceedings dated 5th October 1854 forwarding the Notification required in para 31 and also a draft of the proposed new Fusoolgastee rules.

Sir,

Para 1. I have the honor with reference to Extract Proceedings Board of Revenue dated the 5th October 1854 to forward the Notification in Tamul, Teloogoo and English required in para 31 and also a draft of the proposed new Fusoolgastee rules.

2 I had proposed revising the entire Hookumnamah, but I have preferred deferring such revisal till I had obtained the experience of at least one Summahlundy in this District.

3 It was the intention of my predecessor again to submit for the approval of the Board the substitution of full and half water rates for the existing fussulgastee rules, the full rate to be 4 Rupees and the half rate 2 Rupees. Mr. Bourdillon did not consider the objections raised against the half water rate of sufficient force to induce him to alter his opinion as to the advisability of levying a half water rate for half watering. The nature of the Crops was mentioned as indicative

of

of the quantity of water used, and had there been any equally reliable criterion it would doubtless have been preferred as not obnoxious to a prima facie objection. The same degree of inquisition that would be necessary to Establish the fact of irrigation where the crop was Nunjay would ascertain the nature of the crop when not Nunjay, and what kind of crop had been raised, would be at least as easily proved as the fact of irrigation when resisted by the Ryot.

4. With reference to para 8 of the Notification, I would remark that it places the Cultivator of Sugar Cane on 2 Crop Nunjah land on a better footing than the Cultivator of Nunjay on the same land, for by this rule the Cultivator of Sugar cane will always obtain remission for the second Crop which he failed to Cultivate in the previous year whereas the exemption of the Ryot who Cultivates Nunjay will depend on the fact of there having been or not sufficient water for the cultivation of the 2nd Crop. The remission now granted to the Cultivators of Sugar Cane, is in fact an abrogation in their case of the Byganualy

Byganualy Rules, which are nevertheless enforced in all other cases.

5. These Byganualy rules have already engaged my attention, but as I have above stated I do not propose at present to notice them.

North Arcot ..... / Signed / E. Whittingham

No. 1.

Rules for levying Teerwah jaunty on Poonjah lands.

When crops are raised on Poonjah land by means of Sircar water a full water rate of 4 Rupees per Cawnie, or a half water rate of 2 Rupees per Cawnie, shall be levied in addition to the taxe fixed on such land, and this water rate is to be levied according to the following rules—

Rule 1. When one Crop of Paddy is raised on Poonjah land by means of Sircar water one full water rate of 4 Rupees per Cawny shall be paid in addition to the poonjah teerwah fixed on such land.

2. When 2 Crops of Paddy are raised on such land by Sircar water 2 full water rates or 8 Rupees per Cawny shall be paid in addition to the Poonjah tax.

When

Fort St. George 8th March 1855

3 When Plantain, Betel and Sugar Cane are raised by Circar water on such land, 7 fall water rates or 8 Rupees per Cawny, shall be paid in addition to the poonjah tax, because these Crops require as much water, and occupy the land as long as 2 Crops of Paddy

4 When Nal raggy Cocoanut trees or any other trees or any other crops than Nunjah, Plantains Betel and Sugar Cane are raised on poonjah land by means of Circar water the half water rate of 2 Rupees per Cawny shall be paid in addition to the poonjah tax assessed on the land. When a second Crop is raised with Circar water the half water rate of 2 Rupees shall alone be levied

5 When cultivation of any description is raised on poonjah land by means of private wells more than 100 Yards from tanks &c. and without the assistance of Circar water no rate shall be levied beyond the tarum teerwah of such land.

6 When poonjah land watered by private wells is also irrigated by Circar water, it shall pay a whole or a

Fort St. George 8th March 1855

a half water rate according to the number of Crops raised as is prescribed in the 4 first rules for Poonjah.

7 Lands irrigated by private wells in Poonjah land within 100 yards of rear of Tank &c. shall be considered as taking some portion of Circar water, and shall pay a half water rate of 2 Rupees per Cawny.

8 The above 7 Rules are applicable equally to Manieum poonjah land when crops are raised upon them by means of Circar water.

Rules for Fusuljasty on Nunjah land.

When in Nunjah one Crop and two Crops of Nunjah, or Plantains, or Betel, or Sugar Cane, which occupy the land as long as and require the water of 2 Crops of Nunjah have been raised by means of Circar water, the tax for the first crop shall be paid according to the rates entered in Teerwah dittum, and the tax for the second crop shall be paid according to the Class of land and Class of Village, as laid down for 2 Crop land in the Teerwah dittum of fusly 1215 Viz: 7/8, 3/4, 5/8, 1/2 as the case may be, with the exception of such land in Sutwaid Talook, in which the second Crop shall only be charged

charged one half the assessment of the 1st Crop—

2 Well Nunjah land irrigated by Circar water shall pay the half water rate of 2 Rupees per Cawny for each Crop in addition to the Teerwah fixed on such well Nunjah land—

3 The Lands termed Atchovent and Hullagayet in the Sulphur Talook cultivated with Nunjah by means of Circar water, shall pay the half water rate of 2 Rupees per Cawny for each Crop in addition to the tax fixed on such Atchovent & Hullagayet lands—

4 The above Rules are applicable to all Manieum Nunjay and Well Nunjay lands on which Crops are raised by means of Circar water—

(Signed) C Whittingham

Collector.

No 2

Notification

The Board of Revenue having sanctioned the following alterations in the Hookumnamah, and in the rules which tho' not contained in the Hookumnamah have been in force in this District, they are published for General information.—

1 It has been usual in the Sulvaid Talooks when Plantains, Saffron, Tobacco, &c, have been cultivated in Totacal lands of a class to charge a higher Class rate of assessment, the surplus above the tarum rate being credited to Fufuljaidy—This practice is abolished, and in future the tarum teerwah fixed on the land according to the lower rates settled by the late Collector Mr Bourdillon in his Takeed of the ~~24~~ 23rd ult. October 1854, will be levied—

(From No 4 Arrest 2 Cons 8th March 55)

2 It has been the rule in the Sulvaid Talooks to charge Nunjah land planted with Betel or Sugar cane, the highest rate of Totacal assessment—This rule is cancelled and in future the Original Nunjah rate will alone be demanded—

3 It has been usual in the 5 Southern Talooks, where there is no distinction

Fort St. George 8th March 1855

distinction of one and two Crop lands, to levy on Nunjah land cultivated with Bétil an Extra assessment of 25 per Cent— This Custom is abolished and in future the Nunjah Teerwah of such Lands will be alone demanded—

4 Hitherto it has been the rule that the payment for land irrigated by old wells† should depend on the giving up or leaving waste of any portion of the Ryots holding during the previous year. This rule is cancelled and in future the Teerwah on such old well land will be demanded without reference to the extent of Nunjah Total, or Poonjah patta land left waste—

† well construct=ed before the C. O. Board of Re=venue dated Decr. 25th 1852.

5 Altho' it has been the rule to grant remission, when from want of water only one Crop has been raised on 2 Crop land, an exception has always been made with regard to Sutvaid, in which taluk no remission has been allowed in such cases. This exception is abolished, and in Sutvaid the same rule will be followed as in the other Northern Talooks—

6 It has been usual on 2 Crop well Nunjah land, to levy Teerwah for the second

Fort St. George 8th March 1855

second Crop, altho' only one Crop may have been raised. This rule is cancelled and in future remission will be granted when such Second Crop has not been raised, as would be done in double Crop land under tanks.

7 It has been usual when a private well has been dug in Poorumboke land, to assess such land according to the nature of the first Crop whether Nunjah or Total. This practice is abolished and in future such land will be assessed as Poonjay—

8 When Sugar Cane has been grown on Double Crop Nunjah land, Teerwah for 3 Crops has been levied— when remission has been granted in the previous year on account of no 2d Crop, this practice is abolished, and 2 Crop Teerwah only will be levied in future in such cases.

9 It has been usual in the Talooks of Palmanair and Vencatagherry Cottahs to charge a full rate of Total Teerwah on Poonjah land watered by Chatties filled from a neighbouring tank, or from the

3765

Fort St. George 8th March 1855

the Ryots own well, this practice is abolished, and in future when Poonjay land is watered only in this manner, and provided no objection is made by the Cultivators of the Nunjah under the tank from which the Chattes are filled, the Poonjay Teerwah only of the land will be levied.—

10 It has been usual to levy Teerwah justly on Poonjah lands watered by "unclaimed wells;" in future no Teerwah but the Poonjah tax of such land so watered will be levied.—

11. It is the rule when a second Crop is raised on one Crop Nunjah land watered by tanks &c. jointly with private wells, to remit 1/3d of the second Crop Nunjah Teerwah, as a compensation for the labour of raising the water, this rule is abolished, and in future the full second Crop Nunjah Teerwah will be levied on such Nunjah land under a tank or Channel, however it may be irrigated.—

Proceedings

44-45

Fort St. George 8th March 1855

Thereon. The Board on further consideration have no objection to the imposition of full and ½ water rates as recommended by the late Collector and now by the present Collector, taking the full rate at 3½ Rupees, as proposed by the Board in Para 5 of their Proceedings above referred to, subject to modification, if necessary, on the general revision of the assessment.—

2. The Board were not unmindful of the objection taken by the Collector to the exemption on Sugar cane of the Bhogajasty Teerwah of the previous year—the rule is a fair one however and in practice is not so partial as would at first appear, for in the case of paddy cultivation Bhoganasty is almost invariably allowed when a 2d crop is not grown.—

3. The Collector will observe (notification Para 4) that it is not intended that Fusulgasty or Bhogajasty is to shall at all be brought into the accounts for

gated by old wells should depend on the
tion by the Ryot of his holding as the
This rule is cancelled and in
Bogayasty on such land, as well as on
irrigated by new wells, will not at all be
brought to account whether the Ryots
holding is cultivated or not.—

5

Although it has been the rule
grant remission, when from want of wa
only one crop has been raised on two
land, an exception has always been made
regard to Sulwaid, in which Talook
mission has been allowed in such cases
exception is abolished, and in Sulwaid
same rule will be followed as in the
Northern Talooks.—

6.

Hitherto it has not been usual

x Wells constructed before the C. O Board of Revenue dated 26th December 1852.

Fort St. George 8th March 1855

allow remission of second crop assessment on two
crop wall Nunjah land altho only one crop may
have been raised. This rule is now cancelled
and in future Byganashty remission will
be granted on wall land in likemanner
as on tanks or channel land.—

7.

It has been usual when a private
well has been dug in Poumbaikoo land, to assess
such land permanantly according to the
nature of the first crop whether Nunjah,
Poonjay or Totacal. This practice is abolished
and in future such land will be assessed
and assessed as Poonjay only, and the Ryot
will enjoy the full benefit of his well, as
on other Poonjah land.—

8

It has been usual in the Northern
Talooks that when Sugar cane was grown on
Double crop Nunjah land to levy the Teerwah
of three crops, if remission had been granted
in the previous year on account of no 2d Crop
this practice is abolished and the Teerwah
of two crops only will be levied in future
on Sugar cane.—

9.

It has been usual in the Talooks
of Palmanair and Venkatagherry Cottah to charge

a

a full rate of Totacal Teerwah on Poonjah land watered by chatties filled from a neighbouring Tank, or from the Pyatepow well; this practice is abolished, and in future when Poonjay land is watered only in the manner and provided no objection is made by the cultivators of the Nunjay under the Tank from which the chatties are filled, the Poonjay Teerwah only of the land will be levied.

10 It has been usual to levy Teerwah jasty on Poonjah lands watered by "unclean wells", in future, only the Poonjah Teerwah of such land so watered will be levied.—

11 It is the rule when a second crop is raised on one crop Nunjah land watered by Tanks &c. jointly with private wells to remit 1/3rd of the second crop Nunjah Teerwah as a compensation for the labour of raising the water; this rule is abolished, and in future the full second crop Nunjah Teerwah will be levied on such Nunjah land as per a Tank or channel, however it may be irrigated.

The

Enc 2.

The following Rules for levying Teerwahjasty on both Poonjah and Nunjah lands have been approved by the Board of Revenue and will be followed in the District till further notice, commencing with the current Fusly - all other rules and customs respecting the levy of these imposts are rescinded and abolished, and these simple rules only will be followed.—

Poonjah land.— When Circar water is used to irrigate Poonjah land a water rate shall be levied in addition to the Tarum Teerwah on such land, according to the following rules.—

First For one crop of Paddy a full water rate of 3½ Rupees per Cawny.—

Second For two crops of Paddy two full water rates or 7 Rupees per Cawny.—

Third For Plantain Betel or Sugarcane two fully water rates or 7 Rupees per Cawny; because these crops require as much water, and occupy the land as long as two crops of Paddy.—

Fourth For one crop of rat raggy or of any other annual product than those above specified, a half water rate of 1¾ Rupees per

per Cawny; and for two such crops: two half water rates or 3¼ Rupees a Cawny.—

Fifth When Cocoanut, Mango or any other of trees on Poonjah land are irrigated with Circar a full water rate or 3¼ Rupees shall be levied

Sixth Crops or Products of any description whatever raised on Poonjah land by means of wells, and without the assistance of Circar water, shall be liable to no demand by Jarum Teerwah of such land - But this exemption is subject to such rule as may hereafter be made by Government as to wells situated on Government works of irrigation.—

Seventh The foregoing rules shall be applied to all Poonjah land receiving Circar water for any crop, even though the water of such land or Tank may also be used: the full or proportionate charge heretofore in use in this District is abolished.—

Eighth The above rules are applicable equally to all Poonjah Enam lands whereon crops are raised upon them by means of Circar water.

Nunjah Land

Ninth- In the Northern Talooks of certain Villages in the Southern Talooks where crops of any kind are raised on Tank or Nunjah land, and where Betel or sugar cane, which occupy the land as long as, and require the water of two crops of Paddy are grown on such land a second

rate fixed for the Village in the Teerwah Dittum of Fusly 1215. In such Talook however in the Teerwah levied on the second crop shall only be one half of the assessment of the 1st crop.—

Tenth- Well Nunjah land irrigated by Circar water shall pay a half water rate of 1¾ Rupees per Cawny for each ordinary crop, in addition to the Jarum Teerwah and two such rates or 3½ Rupees for sugar cane, Betel or Plantain.—

Eleventh- The lands termed Atchooeut and Hallagayet in the Satyhur Talook when cultivated with Paddy by means of Circar water, shall pay the half water rate of 1¾ Rupees per Cawny for each crop in addition to the Jarum Teerwah, and the full water rate or 3½ Rupees for sugar Cane, Betel or Plantain.—

Twelfth- The foregoing rules shall be strictly applied to the lands in question when Government water is used for any crop, the proportionate charge heretofore used in North Arcot is abolished.—

Thirteenth.— The above rules are applicable to all Enam one crop Nunjay and well Nunjay lands whenever irrigated with Circar water.—

Fourteenth Cocoanut, Mango or other trees on Nunjah land shall pay the Jarum assessment only; whether one crop or two crop.—

(47)

B. Cunliffe Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

B. No. 378

From the Collector
of Salem — —

Sir,

Adverting to an Extract
the Proceedings of the Board of Revenue
dated the 30th November last, authori-
me to keep the Moonoomullays under

3776. Fort St. George 8th March 1855

Amany and make the necessary arrange-
ments for doing so, as a temporary measure;
and calling upon me to explain the revenue
System obtaining on those Hills and on the
Anjoormallay and Petchamally, to inform
the Board what Sibbundy is provided for
the two last ranges and to state what en-
establishment I deem necessary for the
Moonoomallays; I have the honor to report,
as explained in Para 2 of my letter of the
6th November last, that the renters of the
Moonoomullays followed no regular Sys-
tem of revenue management. They appear
to have regulated their demands by what
they thought each Ryot was able to pay.

2 On referring to certain Putcut
Accounts for Fusly 1206 and 1207, when the
Moonoomallays were under Amany, it appears
that the Circar collected an assessment
varying from 8 annas to 12 annas per "Rewaz
Gooly" (or acres 1—8—3) if the land was
prepared for cultivation by a "Kulcut" or
Katchet; and an assessment varying from
Rupees 0—15—0 to Rupees 2—0—0 for the
same

7 i.e Inamdar Goontah

same extent, if the land was regularly ploughed and sown.—

3 In the Amany Hills of Uyoor has been the practice to collect a uniform rate of 8 annas per "Gooly" if a hatcher is and an assessment varying from Rupees 1 to Rupees 2 — — per Gooly if the land regularly ploughed.—

4 In the Putchamutlay, the rates have been Rupees — 12 — — per in the one pase and Rupees 1 — 4 — — per in the other.—

5 It should be observed that in all these Hills no measurement of land is made when it is given for cultivation. After a tract of land has been by a Ryot, the Curnum estimates its extent inspection, and charges an assessment supposed quantity at the rates above refer

6. The Sibbendy employed for the collection of revenue on the Uyoor mullay consists of a Monigar

Tundulgar for each of its five nads or divisions, and one Curnum for the whole hill. The Monegar and Curnum are paid by a percentage from the Beriz which varies in Amount in each division. The Tundulgar's Salary is a uniform fixed pay of Rupees 10 – 4 – 6 in four of the divisions, but is Rupees 12 – 9 – 6 in the 5th or remaining division. The Beriz of these Hills for Fasly 1263 amounted to Rupees 360 – 11 – 5 and the charges for Sibbendy to Rupees 289 – 9 – 6 or Rupees 8 – 2 – 1 per Cent.—

	Monigar Rs. as. ps.	Curnum Rs. as.
1. Bylnad	6 — 10 25/32	2 — 8 — 3 1/8
2. Gudalur	8 — 10 3/4	2 — 5 — 5 3/4
3. Chittamoor	8 — 10 3/4	2 — 16 — 10 1/32
4. Varagaree	16 — 10 3/4	2 — 10 — 3 3/32
5. Teppakolly	7 — 10 15/16	3 — 16 — 4 3/64
	16 — 12 15/64	2 —

7 There is only one nad or Division for the Putchamullay. Its Sibbendy is composed of a Monegar, a Curnum and a Tundulgar, the two first receiving a per centage on the Beriz and the last a fixed annual Salary. The Revenue for Fasly 1263 from the Putchamullay amounted to Rupees 573 – 13 – 5, and the Sibbendy charges to Rupees 50 – 13 – 11 or Rupees 8 – 13 – 11 per Cent.—

	Rs a p
*	3 – 5 – 4
**	Rs a p
	12 – 9 – 10

8. In the last place, the Board request me to state what establishment I would propose for the Moonoar Hills. In Fasly 1211 when

3779 Fort St. George 8th March 1855

when the Hills were under Amany management the Sibbendy consisted of one Monegar and one Curnum for the 3 nāds or Divisions; of whom the former received a Salary of Rupees 2-15-11/2 per Cent and the latter Rupees 2-15-1/4 per Cent from the Total Bariz. It is feared that two such Servants would not be sufficient for collecting the revenue of all the 3 divisions; considering 1st, the distance which divides one nād from another; and 2d, that no inhabitant of one nād is willing to undertake the Monigar's duties in another. I therefore recommend the appointment of a Monigar and a Tundulgar for each of the three nāds, and one Curnum for the 3 nāds united; and that the Salary for each Monigar and Curnum should be Rupees 3 per Cent of the Bariz, and the Salary for each Tundulgar Rupees 12 - - - per Ann. Comparing the total Sibbendy charge at the above rates, Viz.t, Rupees 92-15-2 with the rental Bariz of Fusly 1263, Rupees 813-6-6 the per Centage amounts to Rupees 11-6-10 which is but a little above the percentage of Pay allowed to the Sibbendy

Kurnool Government Agents Office
14th December 1854

(Signed) L. D. Daniell
Agent to the Governor
Statement

3781 Fort St. George 8th March 1855.

reviewing the management of the Extra Sonnar
Revenue of this District for Fasly 1263, the Bd.
have requested me to explain the reason that
the Sevoy Jumma Collections in the Demand
Collection and Balance Statements ending 11th
July exhibit a difference of Rupees 26-10-9
Compared with the same collections exhibited
in the Extra Revenue Report; I have the hon
to state that the Sum of Rupees 11-5-11 Jgr.
tered in the latter, is the Correct amount
thro' an oversight the sale proceeds of Sayer
Chowky and the iron nails of the Inoga
Ferry Boat, amounting together to Rupees
26-10-9 were included with the Extra
Revenue Sevoy Jumma in the 11th July
Returns, instead of their being shewn sep
rately. This error was rectified in the
annual Comparative Statement of Jgr
Collections sent to the Board of Revenue
November last.
