Bd. No. 3435.
From the Secty.
to Government

Fort St. George, 1st December 1855.

Read the following Papers.—

No. 1292.

Extract from the Minutes of Consultation in the Revenue Department under date the 24th November 1855.—

Read the following Extract from the Proceedings of the Board of Revenue.—

Submitting with reference to Extract Minutes Consultation 19th October 1855 and Board's letter of the 26th idem, a letter from the Collector of Chinglepût reporting the cause of the heavy arrears against the Mathoor Mootah lately purchased on behalf of Government.—

(Here enter 9th November 1855. No. 2994.)

It would have been proper to put up the Mathoor Mootah to sale without delay after the default of the February kist and this course should be followed in future similar cases. But it appears very doubtful from the Collector's explanation whether even such prompt proceedings would have led to the payment by the defaulter of any part of the arrear.—

5.

Bd. No. 3462.
From the Secretary to Government

No. 1289

Extract from the Minutes of Consultation in the Revenue Department under date the 24th November 1855.

Read the following letter from the Acting Secretary to the Board of Revenue

(Here enter 15th November 1855. No. 3044)

In this letter permission is sought for the Collector of Nellore to defend at the public cost an appeal Suit before the Principal Sudr Ameen of Nellore, in which he has been made a supplemental respondent by order of the Court though not a party to the original Suit. The circumstances of the case are set forth concisely and clearly in the Board's letter, and need not be here recapitulated

2. With the quantity of information now before him the Right Honorable the Governor in Council would hesitate to authorize the defence of the action in the terms of the answer drafted by the Collector wherein the right of the appellant is denied and that of the principal respondents maintained. This however is not necessary, it will be sufficient to plead simply that in the absence of any claim on the part of appellant or any recorded evidence of his title, the land was given to the village ryots in accordance with the terms of the District Hookumnamah. The draft has been revised accordingly and if the proceeding was as there assumed agreeable to the Hookumnamah and if it is true that no claims had ever been preferred to the land or trees on the part of the appellant, this draft will be filed and the suit defended in the first instance at the public cost. But the Right Honorable

the

the Governor in Council reserves to himself the right to determine when copy of the decree shall be submitted whether the costs, if any, be adjudged against the Collector shall be borne by that Officer or by the Government.—

3. While granting this conditional permission to defend the suit, there are some points in it on which the Government desire to have further explanation. It is stated that the land whereon the trees stand was entered in the survey accounts as part of a public road; the extent is stated at three quarters of a Goontoo, being above two and a quarter acres, and it appears that even at the present day-trees are still standing on it and producing fruit, though the next number is no where stated.* It is evident that the large space of ground just mentioned covered too, with trees, as it is reasonable to infer from the facts that it was half a century ago, could not fairly have been entered as part of a public road especially - if as seems

probable

*Note— The Ippatrees only are stated by the appellant at twenty four

19207

probable from the terms of the entry, the existence of the trees on the ground was not recorded. The circumstances coupled with the known inaccuracy of the Nellore survey led to the suspicion that the entry was fraudulent and had for its object to get the tope exempted from assessment; and that it was the result of collusion between the appellants' father the owner of the tope, and the 3rd respondents' father the head of the village; the latter being in return for his help admitted to a share in the tope or in its management. And the subsequent obtaining of Curnum or Puttah for the land, in the names of the village ryots in which it is doubtful whether the trees were entered, may have been the consequence of disputes between the two parties.—

4. The Right Honorable the Governor in Council would wish the past history of this tope to be carefully traced; the cause which led to its being entered as Porumboke at the

Survey

19208

Survey, the mode in which the proceeds were appropriated between that time and the issue of the Puttah, the parties who had charge of the tope and received and disposed of the produce during that interval, and the circumstances under which the Puttah was granted; all these points should be carefully ascertained, and endeavours should be thus made to trace out the parties really interested in the tope - It is observed that the respondents do not profess to have planted it or to have any right to it independently of the Puttah; and they allege that it was planted by one Lakshmaka apparently a female.* It seems not unlikely that the individual so indicated, if a real person at all, was a member of the appellants' family. It is probable that the appellants' suit in Court even if founded in right, may fail under the operation of the limitation law or from other causes but that need be no bar

to

*See Judges injunction; enclosure No. 3

to the correction by Government of any wrong that may be shown to have been done in giving the land to others. For if the appellant really had a right to the tope, the issue of a Puttah for it as for waste unoccupied and unclaimed land, was illegal and the document invalid.-

(A true Extract)

(Signed) J. D. Bourdillon

Secretary to Government

56.

Bd. No. 3207.

Order thereon.- Ordered that a Copy of the foregoing Extract Minutes Consultation be forwarded to the Collector of Nellore, with reference to his letter dated 2d. November 1854.-

A Copy of the draft answer as revised by Government, will be forwarded to the Collector, who will file it, and conduct the defence in the first instance at the Public Cost.-

3. The attention of Mr. Elton is called to paras 3 and 4 of the above Extract Minutes Consultation.-

Proposed

Proposed draft Answer by the supplemental Defendant in Appeal Suit No. 67 of 1852 on the file of the Principal Sudr Ameen's Court of Nellore.-

The Plaintiff sues for the recovery of 3/4 Gortoo of Puttah land with 24 Ippa (Oil seed) Trees standing thereon and stated to yield annually 4-8. Rupees; also for the recovery of 62 Rupees the Value of the produce of the Trees for past years.-

The land in question No. 20 in the Pymash Chittah, appears there as a deduction from the ayacut as part of a public thorough fare, since Fusly 1250. as however it appears in the accounts as the joint holding of the 3d. Defendant Pandillapully Paupy Reddy, and the other Ryots of the Village who continue to pay the assessment of the land annually.- The Tope and Maniem Registers on the Public Records do not show that the

appellant
the ~~Plaintiff~~ possess any right to the
under these
land ~~which being~~ Thus
circumstances, and in the absence of
~~It is clearly Government land is at~~

No. 142.

(7.)

Bd. No. 2846.
From the Collector of Tanjore –

To,
G. S. Forbes Esqre.
Secretary to the
Board of Revenue
Fort St. George.–

Sir,
1. I have the honor to request that the Board will allow me to be informed in what way it is their wish that the calculation of the assessment to be demanded on land that may have been cultivated within the past two years, should be made against parties forming a private tank – The Board will see that I refer to the 6th paragraph of their proceedings dated the 30th

19213.

30th of April last.—

2. In some cases it is found that although only a small part of the land that which it is proposed to form into a tank, has been cultivated in each year the whole area has been cultivated some time during the ten years. it would be hard to demand the assessment on the whole extent, and there is a difficulty in assuming an average. A man having cultivated three Valies in one year two Valies in another, and one Valy in a third, would on an average be answerable for the assessment on two valies while a person having cultivated three Valies in only one year would be responsible for the due on that extent of land, and thus he who had used the less land, would be called on to pay the higher tax.—

3. I would take leave to recommend that the liberal views of the Government should be given free scope, that no rent should be demanded on land

19214.

land converted into an irrigating tank, even though it had been once cultivated, and that the State should be content, with the profit it must inevitably derive indirectly, from an improvement in the condition of the people.—

(Signed) H. Forbes
Collector.

Tanjore,
Vellum, 2d October 1855}

Bd. No. 3209.
Proceedings thereon,
7-8.

The principle of the rule referred to by the Collector is, that if parties take up culturable land, to make profit of it by converting it into a tank, they are to pay its assessment the same as if they cultivated it with Crops— The test of land being culturable is its having been cultivated within the last 10 years. The rule is simple and clear and should be acted on, by assessment being charged on all land occupied for a private tank which has been cultivated in any one year during the previous ten years. The rule has been made after full consideration, and sanctioned by Government, the Board are therefore unwilling to propose any alteration.-

Bd. No. 3149.
From the Collr. of Bellary

To,
G. S. Forbes Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.-

Sir,

I have the honor to acknowledge the receipt of your letter No. 2723 of the 17th Instant.-

Letter from the Civil Judge Collector dated 23d October 1855. No. 402.

I applied to the Civil Judge for the information desired by the Board and that Officer informs me as follows:

"No causes arising between the Ryots of the Soondoor Rajah and having reference to things or persons within "his territories are ever brought before "the Company's Courts; although no restriction is made to the entertainment of "Suits against persons temporarily residing in the said territories, in cases "where causes of action arose within the jurisdiction of Company's "Courts. But the Services of "processes on such persons, or the "attendance of any witnesses residing in the said Country, is procured by means of letters to the "Rajah himself. And the parties holding decrees against such "residents of the Rajah's Country are instructed "to obtain satisfaction by a direct application "to the Rajah."

(Signed) C. Pelly
Collector

Bellary Collr. Office
24th October 1855.

19217. Fort St. George, 1st December 1855.

Bd. No. 3210

Proceedings thereon,

9-10.

In his letter of the 5th June 1854 above referred to Mr. Pelly recommended an addition to the present police force which is shewn to be inadequate to the increasing size of the Settlement on the Ramandroog; the Board concur in the expediency of the proposed increase and resolve to direct Mr. Pelly to submit a tabular Statement in the precribed form shewing the particulars of the establishment to be applied for

2. As regards the additional

powers

19218 Fort St. George, 1st December 1855

powers which Mr. Pelly proposes should be conferred on himself as regards to the Rajah, it does not appear to the Board that under the circumstances of the small community located in Ramandroog there is at present any preſsing neceſsity for an extension of the powers which the Collector already poſseſses especially when the Rajah declares himself averse to such an arrangement - Civil disputes between Europeans not involving questions of property on the Hill, can, the Board presume, be litigated elsewhere

before

19219

Fort St. George 1st December 1855

before our Civil tribunals. Other disputes between Europeans, or between an European and a native not of a magisterial nature will have to be adjusted by the local authorities, and the Rajah will, in the Board's opinion be always anxious for the Collectors aid and advice on such occasions.

No 222

To
G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

11.

Bd. No. 3182
From the Collector of South Arcot

Reporting on the Settlement of the Land and Extra Sources for Fusly 1264 A.D. 1854-55 and forwarding the usual Statements.

Sir,

1. I have the honor to submit for the information of the Board of Revenue and of Government, a Report upon the settlement of the Land and of the Extra Sources of Revenue in this District for the past Fusly 1264 A.D. 1854-55 accompanied by the usual exploratory Statements called for by the Board's Circulars dated 28th December 1850 and 30th June 1851.

2. The Season was upon the whole a favorable one for the cultivation of both Irrigated and unirrigated Lands, and the harvest was decidedly a good one. From the early Rains being somewhat scanty the dry crops were rather late, but they nevertheless turned out eventually abundant

while the crops of Paddy were remarkably fine throughout the District. The District was also very healthy during the whole of the Fusly, both as regards the people and their Cattle. There was no severe visitation of the usual Epedemics, and altho' Cholera showed itself occasionally, it did not continue long or commit ravages to such a serious extent as it generally does.-

3. The remembrance of the extreme badneſs of the previous year made the people more than usually cautious in commencing their sowing but they were every where in the utmost anxiety to take advantage of the liberality of Government in regard to the reduction of the Land aſseſsment as well as to retrieve the loſses they sustained by the

the drought of the preceding year.-

4. The extent of Land actually cultivated in the year under review considerably exceeded that of the previous one, as will be more fully detailed hereafter, but the increase may not perhaps appear so large as might have been expected when the failure of Rain in the former period and the stimulus which the reduction of the aſseſsment must have given to the agriculturists in the latter, are considered. The chief loſs however, it must be observed, in the preceding year was occasioned by the Crops withering away from want of water after they had sprung up, and not by the people being unable to bring their fields under cultivation.-

5. Had the latter end of Fusly 1263 and the early part of 1264 been rather more favorable for agriculture than was the case and had the orders for the revision of aſseſsment been received and promulgated a few

months sooner than they were, there would doubtless have been more land tilled than there actually was - as it was, the extent of Cultivation was such that had the settlement been made at the old rates of assessment, the outturn of Revenue would have been higher than it has ever been in any former year.-

Prices. 6. It will be seen by Statement No. 6 which accompanies this that the price of the Principal descriptions of agricultural produce ranged high throughout the year in every talook of the District. This is to be accounted for partly by the circumstances of there having been but a small stock of Grain in store during the first half of the Fusly, in consequence of the failure of the crops in the year before, and partly to the Government demand upon the Ryots having been so much lightened by the reduction in the assessment on the land that they were not forced to part with their new produce when prices were low but were able to keep back

their

their stores till they could sell at higher rates. The demand also in Ceylon and other places for the common kind of Rice caused a considerable export and thus tendered to keep up the price in our District markets. The marginal Table shows the quantity of Paddy and Rice exported from Cuddalore and Porto Novo during Fusly 1264 as compared with the previous year.-

Paddy and Rice Exported.

Fusly	Indian Maunds.		
1263	40,389	"	"
1264.	26,576	"	"
Decrease	13,813	"	"

7. The following exhibits a comparison between the average rates at which the chief Grains were sold throughout the whole District during Fuslies 1263 and 1264 and also between the average Prices which obtaind during the ~~same~~ periods at the four principal markets of Cuddalore Chellumbrum, Punroothy and Trinomallay. The average for the entire District is somewhat lower, as might be expected, than that of the selling prices at the four large Towns but it must be remembered that the transactions at the

the latter are almost entirely confined to the wholesale grain merchants, who are able to keep up prices, and that three of the Towns are situated very conveniently for exporters to purchase what they require for Foreign markets.-

	Average price per Garce for the whole District for Fusly 1263.			Average price per Garce for the whole District for Fusly 1264			Averages price per Garce at the four Principal Towns for Fusly 1264		
	Rupees	a	p	Rs	a	p	Rs	a	p

Bowengherry	Mr G. Banbury Head assistant Collector in charge-	Corroonjipaudy
Virda Chellum		Cusbah Virdachellum
Ellavanasore		Trivoovananellore
Cullacoorchy.		Cusbah Cullacoorchy

9. Being anxious to obtain all the information I could regarding the two Southern Talooks of Munnargoody and Chellumbrum, I thought it desirable to make the Jummabundy in them myself leaving Mr Banbury the Head Assistant to settle the four Talooks which have hitherto formed the

19227 Fort St. George, 1st December 1855.

the Sub Collector's charge.-

10. It does not appear to me that I can here give any further useful information in regard to the sources of Irrigation which exist in this District and to the general statistics of the country than what I submitted with my Report for Fusly 1263 and what is contained in the Quinquennial Statements furnished for 1260- Unless annual Returns are made instead of Quinquennial ones regarding the sources of Irrigation the population and the Rent Roll, it is not possible to mark the changes which are taking place, and I do not think the Board would wish to have information on such points unless dependance can be placed on its correctness.-

11. Statements A and B in No. 2 will afford all the information which seems required in regard to the stock of the Ryots and the actual number of Ryots and Puttahs.-

The

19228 Fort St. George, 1st December 1855.

Dittum

Fusly Rs. a. P.
1263- 19,14,563-15-11.
1264- 17,64,415-15-9
Less 1,50,148- „ -2.

12. The Board will observe by the following Table that the Beriz on the entire extent of Land which the Ryots engaged to Cultivate under the Dittum rule, for Fusly 1264th Rupees 1,50,148-„-2 less than that of the Dittum for the previous year. This very large difference in the gross assessment (not including kusser or Tazul jastee) of the Land engaged for cultivation in the two periods is occasioned by the circumstance of the revised rates of assessment being given for the 10 Hoolooss Talooks for the latter Fusly, while for the former one are the old rates which then obtained, are shewn for the whole District. The extent of the Land included in the Dittum of last Fusly was in reality a considerable deal greater than that of Fusly 1263, as shewn below.-

Table

Fort St George, 1st December 1855.

Table

	Dittum of 1263.					Dittum of 1264.

Fort St George, 1st December 1855.

The amount of the subsequent additional Cultivation, not included in the Dittum account is also exhibited in the foregoing table but separate from the actual Dittum.

13. This cultivation was not so extensive as it was in the preceding fusly 1263, but this susceptible of being explained by a reference to the fact that in the former year the Ryots were so much alarmed about the prospects of the season that they held back as much as they possibly could from binding themselves down to cultivate Land, which they knew they would be allowed still to bring under the Plough, if they chose, after the Dittum was closed.-

14. I need here make no remark upon the system of the Dittum as it has prevailed in this District, as I have already expressed my opinion against it and it has been suspended from operation by orders of the Board dated 20th November 1854 (Para 4).

Cabilcat
Bunjer
remitted

15. The following is a Statement shewing

the extent of Land of which the teerwah was remitted at the time of Settlement, on account its not having been brought under cultivation although it was included in the Dittum agreements.-

Items		Land C.	C.s.	Teerwah Rs	a	p
Poonjah	Land left fallow	2,974	10	9,581	7	6
	Other waste	291	11 3/8	798	15	10
		3,266	5 3/8	10,380	7	4
Nunjah	Land left fallow	2	8 1/2	19	2	7
	Other waste	130	13 3/4	791	2	1
		133	6 1/4	810	4	8
Garden	Other waste	"	1 1/4	"	8	11
Total	Land left fallow	2977	2 1/2	9,600	10	1
	Other waste	422	10 3/8	1,590	10	10
		3,399	12 7/8	11,191	4	11

16 The extent of Land which came under this remission amounted to Cawnies 3,399-12 7/8 assessed at Rs 11,191 - a 4 - p 11 and bearing the unusually small proportion of a trifle more than 3/4 per Cent to the Dittum. The greater part of it was Land left fallow for which remission is always allowed, while the remainder was Land which the Ryots were prevented from cultivating in consequence of a failure of the required supply of water.-

The

C. Burton

---

17 The total extend of actual cultivation exclusive of the Cabooleat waste for which remission was allowed, is shown in the following table in comparison with that of the preceding Fusly.

Decrease in 1264		"	"	"	"	"	"	"	"	"	303142	3	8

This

18. This comparison gives a correct view as far as regards the extent of the Land cultivated, but owing to the permanent reduction of the Assessment in the 10 Hooloos Talooks and in the Sunkarapoorum Jaghire, the total teervah upon the cultivated Land is actually less for the past Fusly than for the former one which would not have been the case had the old rates been maintained. In illustration I have shown in the foregoing table what the gross Turvah would have come to at the old rates, which the Board will observe would have exceeded that of

Rs. As. P.
319183 - - 4

Fusly 1263 by the Sum of three lacs nineteen thousand one hundred and eighty three Rupees, whereas in consequence

303142 - 3 - 8

of the revision, it really fell three lacs three thousand one hundred and forty two Rupees below it.—

19. It will be seen by Statement No. 12 that the largest increase in the extent of Cultivation occurred in the Northern and Western Talooks of the District named in the margin. These Talooks contain a far greater quantity of Poonjah Land than the other Talooks of the District do and it was chiefly in this description of Cultivation the increase

Tindevanum
Villapoorum
Trenomallay
Chaitpull
Trecullore

occurred

C Burton

occurred. It must however be remembered that owing to the season of 1263 having been an unfavorable one there was then a considerable falling off in the cultivation in these five Talooks in comparison with what it was in Fusly 1262.

1262 — 167530
1263 — 145009
Decrease 22530

Although the greatest increase of cultivation as regards extent, took place in Poonjah Land, Yet the excess which occurred in Nunjah over that of the previous Year yielded by far the larger amount of Revenue. I must however observe that it is not easy to draw a comparison between the result of the agricultural operations of the two Fuslies in consequence of the revision of the Assessment which was introduced during the latter period by which permanent reductions were made in the old rates of Land Tax in the 10 Hooloofs talooks and the Sunkarapoorum Jaghire amounting in the extent of land actually under cultivation to Six lacs twenty two thousand three hundred and twenty five Rupees and four annas (622,325-4 as) as shown in the following Statement.

21 Although much has been already done by the construction of anicuts to bring the water from these valuable sources of irrigation into use there is still room for a great deal more to be effected with a view of turning their streams to a more profitable account than they have hitherto been.

Vide Statement No. 19.

22 The following gives a comparative view of the extent of land cultivated with Sugar Cane Cotton and Indigo in Fuslies 1263 and 1264.

Statement

	Fusly 1264		Fusly 1263		Comparison between 1263 and 1264	
	Land	Teervah at the new Rates	Land	Teervah at the old Rates	Increase in 1264	Decrease in 1264
Sugar Cane	949 10⅝	7845 13 7	998 12½	9912 5 10	" " "	2066 8 3
Cotton	1685 1	4326 11 8	1385 5½	5085 4 4	" " "	758 8 8
Indigo	31176 10⅜	94948 6 5	55041 11¼	238122 3 4	" " "	143173 12 11

The small decrease in the extent of Sugar Cane cultivation and the increase of Cotton do not seem to require any particular notice but the Returns shew a stricking falling off in the cultivation of Indigo to the extent of 23865 Cawnies. It appears to me that the decline in both sugar Cane and Indigo Cultivation was simply owing to the great drought of Fusly 1263 for it must be remembered that Sugar Cane is put in the ground in March, April and May and is not cut till the following January and that Indigo is sown in November December and January and that the second in Yield is not reaped till the following Fusly has commenced by which the

the land is brought to account in the fusly in which it is actually cultivated as well as in that in which the second Crop is cut. Thus in Fusly 1263 there were 42994 Cawnies of Land brought to account with Crops of Indigo on them sown in 1262 while the Returns of cultivation in the early months of 1264 shewed only 11271 Cawnies of similar cultivation. This was evidently in consequence of the second cuttings having failed for want of rain at the latter end of 1263.

23 The cultivation of the Manila ground nut has been carried on very successfully. The oil has proved a valuable article of export to Europe and the trade in it has greatly increased. The plant is reared on Poonjah Land without much trouble or expense and yields a high rate of profit to the growers.

24 I have no return of the exact number of Cawnies cropped with this produce in the Fusly I am reporting on but there has been a gradual extension of the cultivation since fusly 1261 when there were

were 3752 Cawnies of it as stated by Mr. Maltby in Para 12 of his settlement report for that year.

Kuſser or Teervah Jastee -

	Rs	As	P
1264	99158	13	"
1263	95420	10	2
Increase	3738	2	10

25 The total teervah jastee for the year under report amounted to Rupees 99158-13-" being Rupees 3738-2-10 more than what was obtained in the previous year. The extra charge for dry lands brought under wet cultivation by means of Government water forms the principal item under this head. It alone came to Rs 90063-6-" (being Rs 11260-8-7 in excess of the amount of the same item in the year before) of which Rs 54823 were derived from lands in the Munargoody Chellumbrum and Bowenghery Talooks under the irrigation of the Coleroon and Vellour Anicuts.

1264	90063-6-"
1263	78,802-13-5
Increased	11,260-8-7
Chellumbrum	30,469-6-6
Munargoody	11,243-4-"
Bowenghery	13110-6-"
	54,823-"-6

Ex: Pro: 4th Decr. 1854 Para 2 -

26 The Board were pleased under date 4th December 1854 to vest me with discretional authority to apply modified rates of kuſser to the 10 Hooloos Talooks but taking into consideration the very liberal reductions which had already been made in the land Aſseſsment of these

Talooks, and the circumstance that the greater portion of the Kuſser paying land of the District is situated in the two Southern Talooks which were not included among those to which the permiſsion of the Board referred, I thought it best to refrain from giving effect to the sanction of the Board, excepting in those cases where it really seemed hard to enforce the existing rates of kuſser -

27 It is now, I think, advisable to postpone the final settlement of the Kuſser rules till the aſseſsment in the three Talooks which are not Hooloſs ones is also revised. When this is done it will then be feasible to establish a uniform system of charging kuſser throughout the District -

Fazuljastee

28. The Remiſsion of Aſseſsment in the 10 Hooloſs Talooks involved the introduction of the practice of charging for second Crops when actually cultivated by means of Sirkar Water, on the registered two Crop and doubtful two Crop Nunjah Lands upon which the portion of the originally consolidated aſseſsment which appertained.

apportained to such Crops, had been remitted.

29 The rule under which this assessment is now to be brought to account is that half the amount of the modified rule of Assessment fixed on these lands on account of the first Crop is to be levied in addition when a second Crop is actually raised.

30. This reduction affected altogether 23,021 Cawnies of land of which about half were usually cultivated. The amount actually struck off from the consolidated assessment on the extent of these Lands cultivated last year, amounted to Rs. 10,1560 As. P. 3-2 as entered in the Statement annexed to Para 19 Second crops were raised on only 5123 Cawnies and the revenue realized from them under the new

11283

Rule

Rule came to only Rs. 19,286 which is but a small set off against the large remission.

31 It must however be observed that the proportion of the consolidated assessment which was struck off on account of the second crops on these Lands was much greater than the half of the modified single crop teervah which is now to be charged for them.

32. The small extent to which Second Crops were raised on these Lands may be in a great measure attributed to the unfavorableness of the latter end of Fusly 1263, and early part of Fusly 1264, by which the Ryots were prevented from bringing them under cultivation so soon as they ought to have

done in order to get two crops from them. It may also be accounted for by the orders for the reversion having been received some months after the Fusly had commenced and to an unwillingness on the part of the people to incur the risk of attempting to raise two crops on registered double crop lands when there was plenty of Single crop land on which they could grow second crops without having to pay extra for them.

33 Thus the total demand on the cultivated land including the Teerwah and Fuzul Justee amounted altogether to Rs. A. P. 21,31,703-11-10 from which deductions to the extent of Rupees 2,63,880-12-2 were made as shewn in the accompanying Statement No. 14 leaving a net demand of Rupees 18,67,822-15-8.

It.

34 It must however be observed that Rupees 13,920-2-1 included in the Cultivation Teerwah were realized from land not actually brought under Cultivation but for which the Ryots had rendered themselves liable under the Hookumnamah Rules. The different items are entered in the following Table.

	Poonjah Teerwah			Nunjah Teerwah			Garden Teerwah			Total Teerwah		
	C Rs.	A.	P.	C Rs.	A.	P.	C Rs.	A.	P.	C Rs.	A.	P.

Besides

1263-9376-3-1
1264-6953-9-..
Decrease 2422-10-1

Besides the regular demand as stated above the items under the head of "Sevoy Jummah" amounted to Rupees 6953—9—" being Rupees 2422—10—1 less than they were for Fusly 1263. They do not call for any particular remark from me

Salt Revenue

1264-206400-3-..
1263-175523-14-6
Increase 30876-4-6

41 The gross Revenue derived from the sale of salt in the Fusly under review amounted to Rupees 206400—3—being an increase of Rupees 30876—4—6 above the sum realized the previous Fusly.

French Consumption

42 The quantity of salt supplied to the French Government at Pondicherry was somewhat less than it was in the year before but this was merely owing to the irregularity of the periods at which the applications for its delivery were made and not to a diminished consumption within that Territory.

	G	M	Rs	A	P
1263	375	11	5207	5	3
1264	272	260	3845	2	3
Decrease	102	151	162	3	..

The

Home Consumption

43 The greater portion of the increase occurred in the sale of salt for Home Consumption. This can be accounted for by a reference to the diminished sales of the previous Fusly caused by the general distress and high prices of food which prevailed during that period. When Compared with the sales of Fusly 1262 the returns of the Fusly under report exhibit only an Increase of Rupees 1669—15—7

	G	M	M	Rs	A	P
1264 —	499	171	6¼	59931	8	9
1263 —	309	149	1¾	37124	12	6
Increase	190	22	4½	22806	12	3

1264 - 59931-8-9
1262 - 58261-9-2
Increase 1669-15-7

Inland Consumption

44 The sales for Inland Consumption show also a considerable increase. There was a large falling off in the quantity sold for the Mysore× Country but this deficiency was Counterbalanced by an increased Export to Salem, Coimbatore Trichinopoly and Tanjore as noted in the margin

	G	M	Rs	A	P
1264 —	1164	145	139723	8	..
1263 —	1100	6	132001	12	9
Increase	64	139	7721	11	3

× G 89 — M 170 — M ..

	G	M	M
Salem —	52	174	..
Coimbatore —	51	360	..
Trichinopoly —	48	250	..
Tanjore —	1	350	..

45 The supply which goes from this District to Mysore is entirely drawn from the Pans at Merkanum where also

the greater proportion of what is required for the Salem District is purchased.

46 The Returns received from the Collector of Chingleput show that the sales effected at the Pans of Shoonambut and Sheyoor which are situated in Chingleput but just across the Northern Frontier of this District exceeded those of 1263 by Rupees 75,844 - 8 -

Increase 47,871 Rs

47 It would appear from this and from the large increase which also took place in the sales at those Pans in Fusly 1263 in Comparison with those of 1262 that from some reason or other, the purchasers for Mysore and Salem prefer getting their Salt at them rather than at Merkanum.

48 The sales at the Merkanum Pans have however recently been

very

very brisk, and I anticipate most beneficial results from the opening out of the road from the Coast to Tindevanum and thence to the Salem District by Gingee. Carts can now travel without any particular difficulty from Merkanum to Tindevanum and the Trafic has lately considerably increased along this part of the line.

Export by sea

49 The sale of salt for Export by sea was very trifling only amounting to 88 Indian Maunds yielding a return of Rupees 2900 or Rupees 1710 more than the year before.

	G	M	Mt	Rs	A	P
1264	116	266	5	2900	..	..
1263	28	133	2½	1190	..	..
Increase	88	133	2½	1710	..	..

50 Notwithstanding the advantages of getting salt at the reduced rates of 15 and 35 Rupees per 100 Maunds for Export respectively to Calcutta and the Eastern Ports, and of having the expenses of shipping paid by Government, persons do not seem to have found the Trade sufficiently profitable to induce

them

19255 Fort St. George 1st December 1855

them to enter largely into such transactions.

51 As however the price at which Salt is now to be sold for Export by Sea, whether intended for the Eastern Ports or elsewhere, has lately been uniformly reduced to 15 Rupees per 100 Indian Maunds, I should think a regular trade would spring up between this Coast and those Ports.

52 The following abstract Table shows the quantity of Salt in store at the four Pans of this District on the 30th September which the Board will observe is more than sufficient to meet the probable demand for two years.

Table

19256 Fort St. George 1st December 1855

The

53 The wastage of Salt during the past Fusly as entered in the foregoing Statement bears a proportion of 6¼ per cent to the quantity sold which seems moderate. I therefore beg to solicit the sanction of Government for writing off the amount in my accounts Viz Garce 156 — Mls 127 — Ms 5½ or Indian Maunds 18,758 — S 12 — C 4.

Frontier Customs

1263—67770-30-2
1264—46886-13-7
Decrease 20883-15-7

54. The Collections at the Frontier Custom Chowkies between this District and Pondicherry amounted altogether to Rupees 46,886—13—7 being Rupees 20,883—15—7 less than what was realized in Fusly 1263. This falling off occurred entirely in the duties levied on Goods Exported from this District and chiefly in that on Indigo, in which Item alone there was, a decrease of 10,993 Rupees

Much

Export Customs

1263-59037-12-3
1264-37897-11-..
Decrease 21140-1-3

55 Much doubtless of the slackness in Trade which occasioned this decline in the Revenue may be attributed to the bad season of 1263 when the crops of Indigo so generally perished, but I think that a great deal of the decrease may also be traced to the facilities which the opening out of roads into the French Territory now affords for smuggling goods across the Frontier, and also to the corrupt practices of our Establishment people who have I fear been in the habit of allowing Goods to pass altogether without paying duty or else of collecting only a portion of what was really due upon them, and falsely entering their quantities in the accounts.

56 This subject has lately attracted my attention and I hope to

be able to arrange so that for the future the dues of Government are realized more fully than I apprehend they have been.

Import Customs
1264-8989-2-7
1263-8733-..-11
Increase 256-1-8

57 There was a small net Increase of Rupees 256-1-8 in the duty on Imported articles above the sum realized in Fusly 1263. It was the result of an increase of Rupees 1520-4-4 from Metals &c. and a decrease of Rupees 1264-2-8 in spirits & wine &c.

Sea Customs
1263 22213-4-11
1264-16196-7-1
Decrease 6016-13-..

58 The total Customs upon Exports and Imports by sea amounted to Rupees 16196-7-11 showing a falling off of Rupees 6016-13-.. below the Collections of the previous Fusly. Rupees 5321 occurred in the Export Customs and Rupees 695 in the Imports.

It

---

59. It appears by the Returns that the Export of Paddy to Ceylon and of Piece Goods and Oils to the Eastern Ports and Europe was less than in the previous Fusly. This falling off in the Export of produce is attributable in a great measure to the badness of the previous season, which caused a scarcity of such goods at the early part of 1264.—

× No. 38-
Sugar — 1264—5,671- Candies
1263—4,654-
Increase—1,017
Rum — 1263-8,302 Gallons
1264-6,748
Decrease—1,554-

60. A Statement× accompanies this Report to show the amount of Sugar and Rum exported by the Proprietors of the Factories at Cuddalore. In the former there was an increase of Candies 1,017 and in the latter a decrease of 1,554. Gallons.—

Abkarry
1263— 95,100—..—..
1264— 85,000—..—..
Decrease 10,100—..—..

61. The Arrack Farm as the Board are aware, was leased out for Rupees 85,000 being 10,100 Rupees less than the rent obtained for it the previous Fusly. The falling off was owing to a want of competition at the time the Farm was put up to auction, as-

as explained in the Sub Collector's letter to the Board of the 21st June 1854.—

Sundry Small Farms.—

62. The Settlement under the head of Sundry Small Farms, exceeded that of the previous Fusly by Rupees 300-11-7. Remissions were made in the rents for the Tank Fisheries in Fusly 1263 on account of the draught and consequent scarcity of Fish, but in Fusly 1264 the full demand was levied. This caused an increase of Rupees 1818 in the latter period over the former one. Against this there was a falling off of 1120 Rupees in the rents usually obtained for the right of gathering Jungle produce occasioned by the abolition under orders from the Supreme Government of the practice of letting out the Jungles for such a purpose.—

1264 - 9851 - " - "
1263 - 9550 - 4 - 5
Increase - 300 - 11 - 7 -

In Boards' Proceedings 25th September 1854

Moturpha
1263 - 43,078 - 15 - 3 -
1264 - 41,104 - " - 9 -
Decrease 1,974 - 14 - 6 -

63. The demand for Moturpha tax was Rupees 41,104 being Rupees 1974 - 14 - 6 less than it was in the previous Fusly. The chief falling

falling

falling off occurred in the tax on Looms which form the principal items in this branch of Revenue. It appears that owing to a slack demand for piece goods and the distress of the preceding year, 916 Looms were thrown out of work. These Looms were not in any one particular place but were scattered over the District.—

Stamps—
1263 — 21,264 - 6 - " -
1264 — 19,853 - 5 - 6 -
Decrease — 1,411 - " - 6 -

64. There was a falling off to the amount of Rupees 1,411 in the proceeds of the sale of Stamped Paper in comparison with the preceding year. This appears to have been occasioned by some change in the procedure of the Civil Courts in regard to the filing of Suits which has affected the consumption of the lower valued Stamped Papers.

Sevoy Jumah

65. The Sevoy Jummah Collections appertaining to the Extra Sources of Revenue amounted to Rupees 1,902 - " - 7 but they do not appear to call for any remark or explanation.—

Vide Statements Nos. 23 & 27 — and 1 in A.—

66. Thus the total Net Demand on account of the Land & of all other sources of Revenue in this District amounted for the Fusly under report to Rupees 2,38,423-9-2 as exhibited in the following Table in which I have entered the Collections up to the 30th Ultimo (September) and the balances then outstanding.

Table

Circumstances

Collections.

67. Circumstances made it more than usually difficult last Fusly to collect the Land Revenue punctually notwithstanding the large amount of remissions which Government so liberally sanctioned. With such a relief there ought not to have been any balance at all due at the close of the Fusly. The people however during the whole season evinced great backwardness in discharging the Government dues apparently from an idea created by the enquiries held into the alleged use of Torture for the purpose of forcing the payment of Revenue, that for this year at least, no stringent measures would be taken to effect the punctual realization from them of what they justly owed. It seems unnecessary for me to dilate on this subject now as measures are under consideration to facilitate the realization of the Public Revenue.

68. I beg to report that altho' I have had occasion in numerous

cases to attach the Lands of Defaulters and have received the sanction of the Board of Revenue to sell a sufficient portion to satisfy the Government demand, yet it has only been found necessary actually to dispose of land to the value of 104 Rupees as shown in the accompanying Statement No. 34.—

69. A trifling amount of personal property, as entered in the same Statement was also sold, but the people almost invariably paid what they owed when they found that it was really intended to sell their property.

70. The small outstanding balances of the demand under the heads of "Moturpha" "Sundry small Farms" & "Land Sevoy Jumah" will be shortly realized, and every endeavour shall be made to collect speedily the Land Revenue still due for the Fusly reported on.—

Arrears of Extra Sources.

71. The accompanying Statt. B Contains

Contains the different items which make up the total arrears of revenue from the Extra Sources for Fuslies prior to 1264 amounting to Rupees 196-13-3. As I find after careful enquiry that Rupees 105-12-1 of this sum are irrecoverable I beg to solicit sanction for writing them off in my accounts.—

Arrears of Land Revenue

72. The following Table shews the Collections which were made during the Fusly of outstanding arrears on account of the Land Revenue for Fuslies anterior to the one reported on. The arrears still due on the 1st of this Month will form the subject of a Special Report as called for by the Board's Circular dated 31st May last, No. 1331, as soon as the returns from the Talooks are scrutinised and the necessary enquiries can be made with a view of determining what portion of the arrear is fairly recoverable & what should be written off.—

Charges. | 73.

1264	5,63,474-7-11-
1263	5,42,650-8-7-
Increase	20,823-15-4-

The following abstract Statement exhibits the Total Charges of the year under review, both on account of the Collection of the Revenue from the Land as well as from the extra sources. They amounted to Rupees 5,63,474 being 23 3/4 per cent on the gross income. When compared with the actual Charges incurred in the previous year an increase of Rupees 20,823-15-4 is apparent; but I must observe that, the percentage has been somewhat affected by the circumstances of the Fusly having been closed on the 30th June instead of on the 11th July as hitherto.

Items

Number	Items	Amount of Charges Fusly 1263 Rs.	As.	Ps.	Amount of Charges Fusly 1264 Rs.	As.	Ps.	Per cent of Charges Fusly 1263			Per cent of Charges Fusly 1264

	Grand Total	5,42,650	8	7	5,63,474	7	11	22⅜	„	„	23¾	„	„

In

	Rs.	As.	Ps.
1263	2,09,610	6	7
1264	2,01,686	14	11
Decrease	7,923	7	8

In the 1st Item there is a decrease in comparison with Fusly 1263 of Rupees 7,923-7-8 caused by local circumstances which do not call for any remark or explanation.

	Rs.	As.	Ps.
1264	1,19,749	9	5
1263	79,034	12	4
Increase	40,714	13	1

74. The Charges in the Maramut Department exceeded those of the former Fusly by Rupees 40,714. This increased outlay resulted from the larger number of Works undertaken than in the former year, among which I may mention the removal of the Vellaur Anicut, constructing a similar work at Vicravandy, opening the Mullatur Channel, and building a Calingulah to the Permaul Tank.

75. The Ordinary repairs made to Tanks and Channels were also much more extensive than usual owing to the great necessity of enlarging

as much as poſsible, the means of furnishing a supply of water to meet the enhanced demand for it, in Consequence of the Ryots extending their Cultivation and taking up new lands which the revision of aſseſsment and the temporary remiſsions would naturally lead them to do.

1263	145,511—1—8
1264	122,560—6—9
Decrease	22,950—10—11

76. The decrease in the Amount of the third item was occasioned by the death of the Runjungoody Jaghirdar in December last, and the Consequent suspension of the payment of his monthly Pension of 1,750 Rupees, and also partly by the Circumstance of the Bills for the discharge of the Pensions drawn by some of the Members of the Family of the late Suncarapoorum Jaghirdar at Madras not having been received in time to be debited in my accounts for the Fusly to which they properly

Miscellaneous Charges.

1264	22,722—14—4
1263	17,616—8—4
Increase	5,106—6—..

77. The increase under the head of Miscellaneous charges was caused by the entertainment of a larger number of persons for the Survey Establishment under Captain Priestly than were employed the year before.

Salt Charges.

1264	80,887—15—5
1263	74,170—12—1
Increase	6,717—3—4

78. The Board will observe that the Salt Charges exceeded those of the preceding Fusly by Rupees 6,717. This was owing to a larger quantity of new salt having been brought to account in the begining of the Fusly and to the manufacture of this article having been greater during the Fusly itself than it was the year before.

79. The variation in the percentage of the Salt Charges is owing to the sales having been larger in 1264 than in 1263, while the rise in the percentage of the Frontier and Sea Customs is to be attributed to the diminished Collections from those

sources, and not to an actual increase in the charges themselves.——

80. Altho' Mr. G. S. Forbes has left the District, I must not omit to acknowledge my sense of the valuable assistance he rendered me in the management of the District by his great intelligence and experience, and I would beg also to make special mention of my Head Assistant Mr. Banbury to whom I feel much indebted for the careful and zealous manner in which he discharged the unusually large amount of business which devolved upon him in consequence of Mr. McDonell's appointment, when acting additional Sub Collector, to the Sub Judgeship of Cuddapah, and of Mr. Forbes leaving the District for his present situation.——

Mr.

81. Mr. McDonell who is now Acting Sub Collector was not present during the Jumahbundy but he was in the District for a great part of the Fusly, and I beg to bring to the notice of the Board the willingness and energy with which he performed the duties which fell to his share as the officer in charge of the Sub Division.—

82. My assistant Mr. Puckle was also exceedingly useful to me, especially by his activity in the Public works Department.——

83. In conclusion it affords me much pleasure to be able to speak in favorable terms of Mr. Rungah Charloo the Head Sheristadar, who has assisted me in a most unwearied and assiduous manner. Possessing as-

as he does, a thorough knowledge of the past and present state of the District with great intelligence and excellent abilities, — he has been of the utmost service to me, especially in carrying out the revision of the assessment as far as it has been sanctioned.—

84.— I beg to submit Copy of a Report from Mr. Banbury on the Settlement of the 4 Talooks comprising the Sub Division of the District, and also of

the

the letter from Mr. McDonell forwarding the Statements of the Northern Talooks.—

N° 75. The indemnification actually paid to the French Government in the preceding year was for 2 half years while it was only for 1 half year in the year under review hence this decrease.

N° 76. This increase is owing to the payment of arrears of Salt Coodeevaram being larger in the year under review.

N° 78. The sale of Stamps in the year under review was less extensive and caused therefore a decrease in the Stamp venders commission.

19338 Fort St George 1st December 1855

REMARKS.

Increase.	Decrease.
A The Increase is owing to the payment of arrears of Salt [illegible] [illegible] in the year under review.	A The Decrease is owing to the diminution in the interchange of certain articles between the District and the French territories of Pondicherry in the year under review.
	B The Decrease occurred chiefly in the exports of Paddy, Rice, Seeds and [illegible]
	C The Abkarry farm was rented for the [illegible] [illegible] the current Fusly which is the chief cause of the difference.
	D This is an increase in the amount of the settlement by the Farm for the current Fusly 1264 but the decrease in the actual collection is owing to the difficulty of realizing the [illegible]
	E The decrease was occasioned by a falling off in the demand for the lower valued Stamp Papers in consequence of some changes in the procedure of the Civil Courts [illegible]

Collector

Fort St. George 1st December 1855

No. 1

To Arthur Hall Esqre.
Collector of South Arcot,

Sir,

I beg to forward the usual Statements regarding the Settlement of the five Talooks in which Mr. Forbes the late Sub Collector conducted the Jummabundy these Statements will show the actual result of the Settlement and as I was employed in Cuddapah during the time the settlement was made I am unable to furnish you with more details.

Memorandum shewing the places at which the Jummabundy Settlement was conducted in Villapooram &ca 5 Talooks during Fusly 1264.

South Arcot
Sub Collr's Cutcherry
Cuddalore 13th September
1855

(Signed) A. E. R. McDonell
Acting Sub Collector

(True Copy)
(Signed) A. Hall
Collector

19385

Fort St George 1st December 1855

To
A. Hall Esqre.
Collector of
South Arcot.

Sir,

Owing to the Office of additional Sub Collector in this District being temporarily vacated during the months in which the Jummabundy settlement is usually carried out, I have the honor to state that it fell to my lot to settle the four Talooks forming the Sub Division Viz Virdachellum Cullacoorchy Ellavanasoor and Bowenghery. As I only took charge of this portion of the District a few days before the commencement of the settlement my report on the state thereof must necessarily be somewhat limited and I will chiefly remark upon those points which came actually under my observation during the progress of the settlement.

2. In the Talooks of Cullacoorchy and Virdachellum, the Jummabundy was held at the Cusbah town of each place. In

Ellavanasoor

Fort St George 1st December 1855

Ellavanasore it took place at Trevanamalloo and in Bowenglherry at Coringepaudy these are not the Cusbah Stations but are large populous towns, and from the central position which they occupy were found to suit the convenience of the Ryots who had to assemble from various quarters.

3 The following statement shews the number of Ain and Enam villages in each of the talooks. One village named Allore has recently been transferred to the Bowenglherry talook from Chellumbrum under instructions from the Board of Revenue. This arrangement was made in order to facilitate the execution and superintendence of the Vellaur Anicut as noted in the margin. There are 13 Becherock or depopulated villages these have been uninhabitated for a long series of years.

Talook	Ain villages	Shrotrium villages	Total
Bowenglherry	162	1	163
Verduchellum	302	2	304
Ellavanasore	217	2	219
Cullacoorchey	245	4	249
Total	926	9	935

Verdachellum — 3
Cullacoorchy — 10

The

Fort St George 1st December 1855

4 The following table will show in one view the nature and number of the Sources of irrigation in the Talooks under review. This Statement may be slightly incorrect as the accounts under this head are not always prepared by the Curnums with a due regard to accuracy and truth. Still there is every reason for regretting that the Sources of irrigation are not more extensively created and that those at present existing are not further developed and kept in proper repair. The supply of water now afforded is not nearly sufficient to meet the requirements of the people who are industrious quite and painstaking moreover now that the Government have granted them the liberal reduction in the Assessment a favor which they had long been anxiously waiting

	Tank		Channel		Anicut		Wells			
							Private		Public

waiting for they are only too desirous of extending their present holdings and bringing under the Plough all available and suitable Land. There is also the following important consideration with regard to this subject. The great falling off in the Revenue occasioned by the liberality of Government as above mentioned, has to be made good by the extension of Cultivation on Lands hitherto not taken up. At present one can see on all sides fine tracts of rich fertile land untouched by the Ryots, and the reason assigned for this is the former heavy assessment and the want of a supply of water, now that the former impediment has been removed, it would be found a beneficial and remunerative measure to do away with the remaining obstacle. I shall have occasion to notice subsequently the eagerness with which such Land would be taken possession of during the year now under review the river and spring channels in the eastern limits of the Ellavanasore Talook underwent clearing and other repairs; when

when kept in good order these sources of irrigation afford a constant and sufficient supply, thus rendering the Lands subject thereto independant of the fall of rain.

5 The general statistics of agricultural stock population &c are shown in the annexed table, but as these items are prepared by the Village Curnums very frequently in a hurried and careless manner, their correctness must be viewed with caution. The two last headings may however be deemed perfectly accurate.

Fort St George 1st December 1855

The paucity of large land holders observable in the above is to be attributed to several causes which it is to be hoped will 'ere long disappear. Last year the number of holdings under the higher rates was larger as the revision had not then come into operation, but this year owing to the reduction of about one third in each individual rent the number of large puttadars appears less, altho' they actually held as much land as heretofore. the absence of any actual proprietory right to the soil, the high rates of teerwah hitherto levied, the innate love of litigation inherent in the Native character and above all the Sub Division of a deceased persons estate, amongst all his family thus frittering away the property into small portions are the main reasons of the present state of affairs. It is needless for me to remark upon the advantage arising from the formation of a body

of

Fort St George 1st December 1855

of Ryots holding large and permanent Puttahs the facility in Collection, the ease in settling the Jummabundy and the assistance derived from them by Government are points too well Known to need comment.

7 The past season may be considered to have been a healthy one. Cholera and Small Pox did not appear to any extent and fevers although somewhat prevalent were not attended with fatal effects. Vaccination has doubtless done much toward checking the ravages of the Small Pox and the native treatment employment for the cure of Fevers appears to be safe and speedy in checking the malady. As regards the season it must be pronounced to have been unfavorable for the culture of the dry grains usually sown early in the year such as Cumbu, Varagoo &c owing to the failure of the Monsoon in Fusly 1263 it was expected that favorable rains would

set in early and plentifully this idea combined with the high price of all kinds of grain caused the Ryots to plough a larger breadth of Poonjah land than usual. Their expectations were not realized the rains from the Westward which generally fall in the early part of the Fusly were both scanty and partial in the Sub Division Talooks, and consequently the crops dependant thereon were light and poor. This unfavorable commencement of the Season was however retrieved by the latter portion as the North east Monsoon commenced early and continued to fall at intervals up to the end of December. The Nunjah land having had its productive power increased by exposure to a hot sun until the rains commenced yielded a rich and profitable harvest, There was no lack of water in the Tanks and smaller reservoirs the freshes in the rivers were steady and sufficient and the Talooks of Cullacoorchy and Bowanghery show an increase in the wet cultivation.

Bowanghery — 995-9
Cullacoorchy — 598-11

Altho

8. Altho so great a scarcity took place in the preceding year, the prices of Grain both wet and dry throughout the Season we are now considering were moderate and fair both for the producers and consumers. There was sufficent supply forthcoming to meet all demands, but the market was never at any time overstocked so as to cause a reduction in the price. Indeed at one period of the Settlement it seemed likely that owing to a Combination of the Grain dealers the price would be raised to an unfair and exorbitant rate. In order to meet this, instructions were given to hold weekly Markets at the principal and most central towns thereby enabling all parties to buy and sell freely. this was much approved of by the people, and altho it did not interfere with the right of the Grain dealers in any way, it had the desired effect of creating a fair average price, and checking the grasping transactions planned by the wealthy and avaricious to the detriment of their poorer

neighbours. The Statement of the prices of the several kinds of Grain is herewith annexed.—

Prices of Grain per Garce.—

9 — In the form given below it will be perceived that a sum of Rupees 60,534 — „ — 3 is entered as exceſs cultivation after the close of the Dittum This is naturally the case the people being fearful of engaging early in the season to cultivate their full extent of Land lest they would eventually have to pay for that left waste owing to the failure of Rain, want of means and other unforeseen Circumstances The Dittum has never been popular with the Ryots and the manner in which they have

hitherto evaded its provisions as shown above has served to render it virtually valueleſs.—

On

Fort St George 1st December 1855

On comparing the amount of teerwah for the cultivation of the present Fusly with that of the preceding one, there appears to be a Net decrease of Rupees 205,899–14–8 This falling off is not to be attributed as may be at first supposed to a diminution of land tilled, but arises from the large reductions granted on the Tarunwar and double Crop Lands by the late revision, thereby lightening the teerwah to the amount of Rs A P 242000–14–4 If we compare the cultivation of the past and present years/ fuslies 1263 and 1264/ according to the former standard we shall find an increase of Rupees 26,860—1—4 in favor of the latter this is shewn in the accompanying statement:—

Altho' during the year under review there has been a falling off of upwards of two Lakhs as above shewn owing to the liberality of Government, there is every reason for trusting that this will soon be made good, and the Revenue increased by the Extent of Land

Land hitherto laid waste on account of the high tax thereon being brought under tillage. The people appear perfectly contented, and fully aware of the late liberality on the part of Government. There is one subject which however caused me much regret and vexation during the Settlement, and I trust it may not be considered out of place to mention it in my present Report. I allude to the prevalence of torch light robberies; I feel sure they are a greater evil, and tend more to check improvements and progress than is generally supposed. In Cullacoorchy the villagers of one locality came to me in a body, and pitiously related the Cruel tortures they and even the females of their families had been put to, by these midnight plunderers who strip them of all they possess. The natural timidity of the population, the long established custom of retaining valuable property buried in dwelling houses, the fact of many of the wealthy and head villagers being partly through fear and partly through connivance unwilling to lead to the apprehension of the offenders, and the great reluctance the plundered parties have to pointing out the perpetrators fearing lest further outrages should be committed by them after their release from the Criminal Courts in which the people appear to think acquittals the rule and punishments the exception, tend to make the prevention of this crime a task of no ordinary difficulty when the present limited and not very efficient police is strenghened and remodelled, there is not the slightest doubt that agricultural operations will be carried on more rigorously and extensively.

Owing to the late revision and consequent increase in the value of arable land, I had to settle during the Jummabundy numerous

And

and important disputes regarding the right of possessing tracts of waste lands for which several persons had tendered proposals. Although it was late in the season, and the claimants could have but little hope of obtaining any profits therefrom, still they begged to be allowed to pay the teerwah due for that fusly and be put in immediate possession. Under these circumstances I was induced in many cases to issue Puttahs for the disputed waste lands in the name of the parties to whom they had been decreed and found that this arrangement was not productive of any prejudicial results.

From what I was able to judge whilst settling these Talooks it appears a subject of disappointment that the remission was not extended to the Poromboke and Nyjit lands – many of the peoples' holdings consist entirely of these kinds of land, and they are thereby debarred from any participation in the benefits lately granted to their more fortunate neighbours. In many villages where the area of Tarumwar lands was small and limited, the Ryots have in proceſs of time and at the expense of labor and Capital brought Porumboke lands under cultivation, it seems consequently unfair that they should be shut out from the advantages of the General reduction on the land aſseſsment. It is to be hoped that the remiſsion will be hereafter extended to all lands whether Porumboke or Tarumwar this proceeding would involve but small loſs of Revenue and I do not think would affect in any degree the Cultivation of the Tarumwar fields. I annex a Statement shewing the extent of Porumboke &ca Kyvit Lands Cultivated during the

the season under consideration and the amount of the present aſseſsment due thereon:

12. With regard to the charge of Kusser or extra ceſs upon dry lands upon which Nunjah produce is raised, there are some points worthy of attention, the charge was doubtleſs at first intended only to apply to those cases where circar water was taken for dry lands from irrigation works &ca but subequently it was discovered that so much trickery and fraud was practised that it became the rule to charge indiscriminately with Kaſser all wet crops raised on Poonjah lands this at once put a stop to all unjust gains but also tells unfairly in certain cases

cases where Cirkar water is not made use of. In many villages of the Sub Divisions Talooks the Ryots raise wet crops with the aid of their own private sources or by waters flowing from the hilly ground during the rains which would otherwise run to waste. in those cases which came to my notice I remitted the extra cess, but there were doubtless others equally deserving which did not come in for the same indulgence. Previous to the introduction of the new Kusser Rules about to be promulgated it would be best to ascertain clearly what lands are fairly liable to this charge. Agreeably to the new Rules framed at the time of the revision, Poovaudee or 2d Crop teervah has been charged on all registered double crops lands upon which a second crop has been raised. the amount thus credited is shewn in the Margin.

Some anomalies exist with regard

to

to this item of Public Revenue many of the fields entered as double crop Nunjah in the Pymash are only partially and scantily supplied with water, some are dependant solely on the falling rains so that on a great portion of lands thus entered and highly assessed a single wet crop can only be obtained; whereas upon numerous tracts entered in the Pymash as single, the owners obtain year by year double crops, this is owing to the arbitrary and careless manner in which the Pymashdars carried out the measure. This subject has been brought to the Board's notice, and they have passed orders thereon under date 3d May 1855.-

13. This statement shews the ~~amount~~ of lands sown with Indigo, Cotton, and Sugar cane during the past year.-

Although the remission of 10 per Cent formerly allowed to Brahmins and Mussulman was discontinued in the Hooloos Talook villages on account of the liberal remission already referred to in the Jaghire villages of Suncarapoorum a sum of

Rupees

Rupees 167—15—10 under this head was continued to them for this fusly as heretofore, this was granted in consideration of their Nunjah Lands having received no remission as in all other villages, and the land teervah not being finally settled.—

16. The statement shewing the demand Collection, and Balance in each Talook now follows, and it will be necessary to make some remarks of the 2nd of these headings. The Ryots during the past season, although having the great benefit of a bountiful remission newly granted, a high market price for their produce and a favorable monsoon, were obstinate and contumacious in paying there dues, this arose chiefly from their taking an unfair advantage of the measures adopted by Government for protecting them from injury and insult. This highly commendable proceeding on the part of

of

In Virdachellum and Bowenghherry, cotton is raised to considerable extent, and it is to be hoped that shortly the American Cotton lately introduced will be more generally adopted. Some private individuals have been induced to make small trials and the result has been most satisfactory the Cotton is abundant and of Superior quality.—

Sugar Cane is cultivated in Cullacoorchy and during the past year Messrs. Parry and Co. have established a new Factory at Trevananellore in the Ellavanasore Talook, introduced this culture in the surrounding villages, and given large advances to the Ryots, who have taken up land for this purpose. As this portion of the Talook is well watered by spring channels, Ragavien Voikal &c. it is to be expected that Sugar cane will become generally and extensively grown within these limits and that the people will derive considerable benefit from the spread of

of English enterprize and employment of Capital amongst them.—

of the higher authorities was made by the very persons it was intended to encourage and benefit a pretext for avoiding and delaying the payment of their first and lawful taxes. In Bowengherry Talook particularly the people were so stubborn and unreasonable in this respect that the exertions of as Rungasamy Iyengar a particularly active and intelligent Tahsildar were rendered in a great measure fruitless, and it was found impossible to realize the Collections within the prescribed time. The delays and hindrances now necessary to be undergone before a Ryots land or property can be legally sold for the realization of arrears are now under legislation and the rules about to be promulgated will doubtless strengthen the hands of the Revenue Officers, and cause defaulting Ryots to be less intractable. The outstanding arrears are now being collected as speedily as possible, and enquiries will hereafter be made into the Condition of the defaulters and the result made known to you in a future Communication

As regards the old arrears there is a large amount still outstanding in the Sub Division Talooks partly owing to the actual inability of the Ryots, this subject will be properly investigated and brought to your notice.—

17. Up to this time no land has been sold for arrears of Revenue, although it has been found necessary to attach it in some cases and report the same for the information and sanction of the Board. In numerous instances it was requisite to attach personal property and give orders for its being put up to publice auction. but the defaulters in almost every case came forward with their money before the sale actually commenced.

The usual annual Statements connected with the Settlement are herewith forwarded.

18. In Conclusion I beg to bring to your favorable notice the assistance I received throughout the Settlement from Teeroovencatacharry the Sub Division Sheristedar, his natural abilities added to his careful and business-like manner of performing his duties render him a valuable public servant.

Bd. No. 3156.
From the Collector of Chingleput

Sir,

Para 1. Referring to the Board's Proceedings of the 10th August and 11th September 1854, I have the honor to forward herewith translation of a decree passed by the Principal Sudr Ameen's Court in Suit No. 18 of 1854 The Board will observe that the Court holds that the case is not placed beyond it's cognizance by Regulation IV of 1831; and has given the award for the plaintiff Confirming the cowle obtained by him from the Shrotriemdars of Mavaloor Cooppum But as the Collector has been relieved from any liability in the matter and his share of the Costs ordered to be borne by the plaintiff, I see no reason to appeal against the decision -

Chinglepet District, Collector's Cutcherry, Sydapet, 1st November 1855 - } (Signed) C. J. Shubrick
Collector -

No. 1.

Decree of the Principal Sudr Ameens Court at Chingleput in Original Suit No. 18 of 1854.

Plaintiff -	Defendants
Somasoondara Moodely -	1. Rajagopala Iyengar
Vakeel -	2. Varadiengar
Vencatavaradier -	3. Teroovengadummall
	4. Cannecummall
	5. Mr. J. H. Cochrane Collector of Chingleput -
	6. Streenevassa Row Do. Hoozoor Sheristadar -
	7. P. Cooppier
	8. Camacoty Iyer -
	9 Thoppoola Pillay or Vencatachella Pilly -
	10. Narraina Reddy -
	11. Chengama Naik Taliary -
	12. Taliary Chittappa Naik -

1st In the Suit, the 2d defendant,

the

the 5th and 6th defendants being the Collector and the Head Sheristadar have alone defended the Suit -

2. Of these the 2d defendant appears from the Proceedings to be the head at present of the family of the 1st 3d, and 4th defendants. -

3d The 2d defendant chiefly pleads that he has not willingly approved and signed the Cowle marked No. 25 which is the subject of this Suit and that as the matter under litigation relates to a Shrotreum Village the Court cannot take cognizance of it under the provisions of Regulation IV of 1831 -

4. Witnesses No. 31, 33, and 37 of the Plaintiff prove that the 2d defendant affixed his signature to the Cowle of his own will and as his own answer shews that he was not forced by others to do so his plea that he did not voluntarily sign the Cowle cannot

be admitted.-

5- The Regulation under which it is pleaded in the answer that this Suit is not cognizable by the Court does not rule that Enamdars and Shrotriemdars shall not give out their property on lease or appropriate the amount of rental to their benefit- In the Cowle spoken of by the Plaintiff and which is granted for Rupees 17,000 for a period of 20 years, it is mentioned that it is the duty of the Plaintiff to pay the

annual

annual Circar Revenue to pay for the Subsistence of the 1st and 2d defendants to discharge the debts contracted by them which are particularized in the Cowle and to repair the Tank at an expence of 1,000 Rupees- The Principal Sudr Ameen cannot understand that any of these conditions is unwarranted by the above Regulation-

6. Witnesses Nos 28. 29. and 30 speak to the point, that the Plaintiff paid the Circar Kists according to the terms of the Cowle and disbursed the subsistence money due to the 2d 3d and 4th defendants and to the father of the 1st Defendant, and obtained receipts from them, and that he laid out 200 Rupees and repaired the Tank.

7 The 2d Defendant admits in his deposition, that the Circar Kist has been discharged, and that the Plaintiff has paid into the hands of the defendants, save himself, a portion of the amount due to them under the terms of the bond- Besides this witnesses cited by him severally depose that the Plaintiff has laid out from 160

or 170 to 200 Rupees and repaired the Tank.

8. Witneſses Nos. 29 and 30 state that at the time when the Village in dispute was made over from the Plaintiff to the 2nd defendant about 100 Cawnies of land were cultivated and the produce was in the ground. The former of them further states, that out of Rockaputtas (or Puttahs iſsued for payments in Money) the Plaintiff lost 800 Rupees, and the latter witneſs makes it out as 640 Rupees, but the Plaintiff who said that he will furnish a detailed account of loſs and prove it during the enquiry has failed to do so and therefore the Statement of his witneſses on that point is not Satisfactory.—

9. That the Plaintiff paid the Circar Kists and disbursed money to the defendants on account of their subsistence and that he repaired the Tank are clearly proved. It is not however neceſsary here to ascertain the amount disbursed on account of these Items for it is at present only the buſineſs of the Court to decide whether

the

the Cowle obtained by the Plaintiff is valid or otherwise Should the defendants consider that they are entitled to any additional amount according to that document it is their duty to bring in a separate suit and establish their claim.—

Therefore it is decided that the amount of income claimed Viz. Rupees 750, be disallowed, but that the Lease obtained by the Plaintiff be continued and the Village made over to him and that the costs of the suit be paid by the 2nd defendant to the Plaintiff.

In this suit, the 5th and 6th defendants, who have iſsued such orders as appeared to them proper according to the dictates of their consience have been relieved from liability and their portion of the cost is ordered to be paid by the Plaintiff.—

× × × ×

22nd September 1855.

Collector.

19428

Bd No 3198-
Proceedings thereon-
(13-14.)

Ordered that the foregoing letter, and its accompaniment be submitted for the information of the Right Honorable the Governor in Council.—

2. This suit was instituted by one Somasoondarum Moodelly against the present owners of the Shrotriem Village of Manaloor: cuppum to enforce the terms of a Cowle executed Jointly by the late Head of the family and the party who has now succeeded him as such. The Collector and Head Seristadar were also included as defendants.—

* dated 28th Octr /52 (Enc 1 in 2347) From Chingleput 5th In Cons 17th July 1854-

3. By the Cowle* referred to the management of the Village was made over to Plaintiff on certain Conditions, for a period of 20 years, and he accordingly assumed charge of the property. but shortly after the late Head of the family having died, the Collector⊕ declared the Cowle to be opposed to the provisions of Regulation IV 1831, and referred Plaintiff to the Court for the recovery of any sums which might be due to him by the holders of the Shrotriem. This led to the institution of the Suit.—

⊕ 27th February 1853 (ditto)

4. The Government will remember that

the

19429

the line of defence adopted was suggested by them-

In accordance with the instructions contained in Extract Minutes Consultation dated 4th August 1854, the Board Consulted with the Government Pleader Sudder Udalut, and with his Concurrence directed the Collector simply to demur to the Jurisdiction of the Court, under Regulation IV-1831. The Correspondence which passed between the Board and the Government Pleader on that occasion not having yet been submitted to Government, now accompanies these papers.—

In Con 10 Augt 1854

To Govt Pleader 16th Augt
From Do 18th Do
To Do 21 - Do
From Do 29 Augt & 11th Septr /54.

5. The Principal Sudder Ameen has, it will be observed, over ruled the objections to his Jurisdiction, arguing that Regulation IV 1831 does not prohibit a Shrotriemdar from renting his Villages in the manner, and for the purposes for which this Shrotriem was rented. He accordingly proceeded to give Judgement on the merits, and after hearing evidence maintained the validity of the Cowle, and directed the Village to be made over to Plaintiff. The Collector and his Seristadar having acted in good faith have been relieved from all liability and the Plaintiff required to pay their Costs.—

6. Taking into Consideration the opinion expressed by the Government Pleader in his letter of the 16th August 1854- the

In Cons 21 Augt /54

the circumstances brought to notice in the Collectors letter of the 23d April 1855 (which will now be laid before Government) together with the facts elicited at the hearing of the Case, as detailed in the Principal Sudder Ameens decree the Board of Revenue are unwilling to advise any further agitation of the matter, on the part of Government and they accordingly recommend that no further proceedings be taken -

In D.J.C. 21st May 55.

7. The holder of the cowle, in whose favor the decree has been given is simply the tenant of the shrotriemdars to whom he pays a fixed annual rent, not unsuitable, apparently in amount to the circumstances of the Estate. If the right of the shrotriemdars should cease the right of the holder of the Cowle would necessarily cease also. The interests of Government are not therefore injured by the decree, and although the Jurisdiction of the Court is open to question, there seems no sufficient reason for mooting that point on this occasion. -

From the Collr. of Chingleput -

Sir,

With reference to your letters of the 11th August and 6th September last, I have the honor to state for the information of the Board of Revenue that as the Zemindars &ca. claim Compensation for a larger extent of land than is shewn by the accounts prepared by Mr. Freese the lands have to be remeasured and fresh accounts of Compensation prepared, which is likely to delay the submission of my report longer than expected. -

Bd. No. 3329
From the Collr. of Nellore

To.
G. S. Forbes Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George-

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 27th September 1855, regarding the Khilaut directed to be presented to the Zemindar of Vencatagherry on the occasion of his Marriage with a letter to his address from the Right Honorable the Governor. These were transmitted to the Zemindar by a Goomastah of the Sheristadar Department of my Establishment, and I beg to forward Copy of his reply and an original letter to the address of the Right Honorable the Governor. The even Sum of Rs. 500 five Hundred presented by the Zemindar as a Nuzzer has been Carried to the account of Government. The amount is slightly above the value of the Khilaut but appears to be sufficiently in Conformity with the wishes of the Government of India as expressed in their letter of the 30th March 1835-

2. The Zemindar has made some presents to the servants who were the bearers of the Khilaut, + which were brought to me, their nature and value are indicated in the Margin.

+

1 Pair of Bangles overlaid with Gold	Rs. 80
1 upper Garment	15
1 Turband Cloth	8
Rs.	103

for the Sheristah Goomastah who presented the Khilaut.

Four Turbands	5
Four Garments	4
	112

For the Dhalayets who accompanied the Khilaut -

3. It would be in accordance with the wishes of the Zemindar, and the alleged Custom of the Samustanum, to allow the parties to keep them, but on this point I beg to be favored with the Board's instructions -

To The Secretary to
Government -
Revenue Department -

Sir,

With reference to Extract Minutes Consultation, dated 18th September 1855, I am directed by the Board of Revenue to submit for the information and orders of Government, the accompanying letter from the Collector of Nellore dated 14th Novr.

In Cons 1st Decr. /55 3329. 1855, reporting the presentation to the Zemindar of Vencatagherry of the Kilaat forwarded to him on the occasion of his Marriage, and transmitting the Zemindar's reply together with an original letter from him to the address of the Right Honorable the Governor.

2. The Board recommend that the Goomastah who presented the Kilaat and Dalaryets who Conveyed the Articles Composing it may be permitted to retain the Presents noted in the Margin received by them from the Zemindar, as no expense has been incurred by Government for the Kilaat, and as it would, the Collector states, be in accordance with the Zemindar's wishes and the alleged Custom of the Samastanum.

For the Goomastah

From the Collector of Tanjore

To, G. S. Forbes Esqre.
Acting Secretary to the
Board of Revenue.
Fort St. George

Sir,

I have had the honor to receive an extract No. 2866 from the Board's proceedings under date the 29th Ultimo.

I have the honor to submit a translation of the Cowle granted to Mr. St. Hilaire in 1844, from which, although no term is specifically mentioned it appears clear that it was intended that he should hold the land as long as he continued to pay the Government demand upon it.

Tanjore Vullum,
16th November 1855.

(Signed) H. Forbes
Collector.

No. 1.

Translation of a Cowle Puttah granted to Monsieur St. Hilaire

Para 1. According to your application for certain extent of tariff lands to build on, you are hereby authorized to occupy an extent of $\overset{v}{..}$–$\overset{m}{15}$–$\overset{y}{72\frac{1}{8}}$ in the village of Negapatam of the Keevalore Talook on the responsibility of discharging the annual Government demand on it of Rupees 8–..–.. payable

in

19436

Fort St. George 1st December 1855.

in the month of January.

The lands which have thus been granted to you are according to the Survey accounts defined below extent of poonjah land in/No. 4807 bounded on the South by the street inhabited by Europeans, on the North by the draining channel conveying off the surplus of the ditch of the inner Fort, on the west by the public road leading to Valangany and East by Roman Catholic Church on the turs land 6—51.-

Extent of lands are bounded by the public road leading to Valangany, on the west by the salt river, on the north by the draining channel, conveying off the surplus discharged from the Fort ditch, and on the South by the public road leading to the company's Sea Custom House.-

An extent of Poonjay arable land in No. 4806 & No. 4809 & 4813	
An extent (No. 4807. 4808. 4810. 4811 & 4812) formerly denominated Veeragoovady	" — 5 — 96 3/4
An extent (in No. 4835) denominated Swamp of the Salt river	" — " 98
An extent in (No. 4814) being the channel conveying off the surplus of the ditch attached to the Fort	" — 1 — 44 5/8
	" — " 82 1/2
	" — 9 — 21 7/8
	" 15 — 72 7/8

and

19437

Fort St. George, 1st December 1855.

2 You are not to burn bones or any offensive substance on these premises or otherwise to cause public inconvenience whatever be your object in occupying the lands whether it be cultivating or the building of houses for the accommodation of your trade

3 Should you fail in your engagement to pay the circar demand on the lands assigned to you, your own property shall be held responsible for the discharge of such public claims.-

4. You are hereby authorized to execute the works you intend of filling up the channel running through the poonjay arable lands in question from the ditch and of excavating a surplus channel in the border of the public road from east to west and erecting a bridge so as to drain into the salt river.-

5. You should also bear in mind that whatever you do with the lands in question whether you build houses on them or cultivate or leave them waste the Government demand on them shall ever be permanent and that

by the non observance of any of the above stipulations the grant hereby conferred on you will be cancelled and the land resumed by the Government.

Tanjore —
24th December 1844.

(True Copy)
(Signed) H. Forbes
Collector.

20-21.

Bd. No. 3203.

Proceedings thereon.

In the former of these letters the Collector reported that as is Mr. St. Hilaire" required, as a preliminary necessary to obtaining his signature to the form of application for leave to hold lands which was sent to him by the Collector that in the permission Certificate to be subsequently given to him a clause shall be inserted engaging that on the expiration of the first term of 99 years another grant for the like period shall be granted

2. As such a guarantee can only be given with the consent of the Government, the Board resolving to lay the case before the Government for their instructions directed the Collector to furnish them with the precise terms of the Cowle granted to Mr. St. Hilaire as required in para 4 Extract Minutes Consultation under date the 17th March 1855.

In Cons 26th March/55

3. The Collector has submitted a translation of the cowle, observing that although no term is specifically mentioned it appears clear that it was intended that Mr. St. Hilaire should hold the land as long as he continued to pay the Government demand upon it.

4. The Board agree with the Collector that such is the purport of the Cowle, but as the Collector who granted it acted without authority it rests with the Government.

Government to sanction or disallow his proceedings.—

To,
G. S. Forbes Esqre.
Acting Secretary to the
Court of Wards.
Fort St. George

(22.)

Bd. No. 3452.
From the Collr. of Madura —

Sir,

1 With reference to the Circular of the Board No. 2417 dated the 19th September last, but received the 6th Instant; I have the honor to enquire whether the statements therein called for, are to be addional to those usually furnished, or wholly in substitution for them. I am led to ask the question because although they will suffice for the formation of concise statements shewing general results for the information of Government, they will not enable the Court of Wards to Judge of the efficiency of the management or the propriety of charges. There is no room whatever for any detail under the Head of amany which comprizes nearly the whole of the Villages in the Shevagunga Zemindary and the sum total of charges under various Heads will be shewn without any specification. Perhaps it is intended that all these matters shall be stated fully in the Report.—

2. I beg also to ask whether I am to submit similar statements for the Ramnad Zemindary which is in the hands of a female proprietor. The settlement of this Estate being always a year or more behind hand, I fear that it would be impossible to procure the returns within a period satisfactory to the Government.—

3. As regards Sheoagungah also, I shall be wholly unable to submit my report within 2 or 3 months after the close of fusly; in as much as owing

to the mode of settlement being by division of crops, a tedious process not completed till the end of June, the distribution of Puttahs does not commence till July or August; and the size of the Estate it will be remembered is not less than the subdivision of a District.

Madura, ….
20th November 1855.

(Signed) R. D. Parker
Collector.

22-23.
Bd. No. 3206.

Proceedings thereon – Resolved that Mr. Parker be instructed to embody in his reports such explanations of management as may not be capable of insertion in the new forms supplied to him for exhibiting the details of settlements of Estates under management. The Board observe that the Ramnad Estate is not at present under the Court of Wards.

2. Resolved also that copy of this letter be forwarded for the information of Government with reference to the explanations contained in the 2d and 3d paragraphs.

Bd. No. 3443
From the Collector of Tanjore

Submitting an Advertisement for the sale of some lands and requesting sanction.

Sir,

I have the honor to submit an advertisement for the sale of some revenue defaulter's land and to request the Board's sanction to the sale.

Tritrapoondy No. 1.
Balance with Interest &ca.
147-14- 162-8-1-

The village on which this balance has accrued was gross rented in Fusly 1240 or twenty five years ago, and up to this time the owner has not failed to pay the demand he has fallen in arrears to the amount of Rupees 147-14-" and he declines to pay the balance on the ground that when the Village was gross settled, $\overset{V}{1}$–$\overset{M}{14}$ of land properly belonging to his share a division, was made over to the Meerassdar of another division. The beriz in motum fysul villages is as the Board know, settled in the gross and not on particular lands, and the fact that the defaulter has regularly paid the full demand against him for twenty four years shews that his present objection is untenable.—

No. 2
Balance with intt &c
121-2-4. 133-13-10.

This Balance has occurred in consequence of a fraud not unfrequently attempted in Tanjore in village settled on other than a field aſseſsment. The meeraſsdar in Fusly 1258 brought some land, and entered the meeraſs of one part in his own name of another in that of his agent, and of another in that of a relation. he subsequently transferred one of the two last mentioned to his own name, and left the other, which was of an inferior quality, as it was in fusly 1264. having harvested the crop on his good land he left that on the bad land unreaped the produce on the two holdings averaged more than 70 per Cent of the standard, the land therefore was left under rent, and it is in view to put an end to these frauds that I now wish the balance to be realized by sale-

These

Munnargoody No. 1 and 2.
Balance with interest
202-11- 219-1-1-

These balances are owing mainly on land which the meeraſsdars aſsert was waste in fusly 64. but the plea, even if true, is wholly inadmissible in woloongoo rented villages where without reference to extent of Cultivation, the whole rent is due if the total produce be 70 per Cent of the standard.—

No. 3-4-5.
Balance with intt
443-10-1 477-12-11.

These balances are withheld on the plea that the defaulters' lands produce but a short crop, but, like the former, the plea is inadmiſsible in a woloongoo village, the meeraſsdars who had the privilege, if their crop was leſs than 70 per Cent of the standard of throwing the harvest on the Government, preferred to reap thier land themselves, and are answerable for the whole rent.—

No. 6
Balance with intt
204-5-4 218-4-10.

The defaulter in this number petioned the Board in No. 1546 of 1855, and appeared before me to substantiate his complaint. the only reason he could aſsign for the short produce he alleges, was that, at the season of Cultivation, he had been absent from his village attending to some Civil suits- no other land in the village in which there are 56 Meerasidars was thrown up for short produce and I am of opinion that the defaulter, and not the Government, should be answerable for the loſs which, by his own account, occurred solely from his negligence—

Codavaſsel No. 1.
Balance with intt.
47-10-1 51-6-3

This balance is withheld on the plea that it is the amount by which the defaulters rent was increased by the addition made to it on account of the high prices which ruled in November, December, and January to which the defaulter objects on account of his not having cultivated a Car crop. The prices of grain in the three months in question affects the demand against the whole of the Wooloongoo villages, whether car be cultivated or not and the defaulter is well aware that in fusly 1263 he had by the same rule the benefit of the low prices which ruled from November to January, which should not have been the case if he is to be exempt

from

---

from the operation of the rule when it happens to tell against him—

No. 2 to 8.
Balance with intt.
1056-14-- 1153-8-1.

These balances are withheld on the same account as those referred to in No. 3-4. and 5 of Mummargoody talook, and should be collected for the same reasons as are given in those cases.

Nos. 9 & 10
Balance with intt.
1626-8-- 1773-4--

These two defaulters were brothers of whom one having died, the whole estate is now under the Management of the survivor, Vyapoorymmah he accounts for having allowed a balance to accrued by saying that he paid his debts with the sale proceeds of the produce of his lands in fusly 1264, this is not an admiſsible excuse and the balance should be realized by sale—

Tanjore
Vellum
22d November 1855.

(Signed) H: Forbes.
Collector.

Advertisement

No. 1.

Advertisement.—

1. It is hereby notified that the undermentioned lands have been attached in satisfaction of arrears of Revenue due by the holders and that unleſs those arrears, and further arrears upto the day of sale with interest, charges of Management, and other charges lawfully incurred shall be previously paid, the said lands will be sold by public action, at the Village of Vellum in the Talook of Trivady, on the 31st Day of December 1855. The sale will commence at 12 O'Clock, and the lands will be knocked down to the highest bidder without reaserve.—

2. The amount payable on the lands for the current fusly exclusive of the arrears is Rupees 858-8-1 shewn in detail in the Statement at foot.—

3. Purchasers will be required to deposit 15 per Cent of the purchase money at the

time

time of sale and where the remainder of the purchase money shall not be paid within 30 days from the day of sale, the money so deposited shall be liable to forfeture.—

4. When such deposit shall not be made nor the remaining purchase money paid up the land shall be resold at the expense and risk of the first purchaser

5. Purchasers having made the neceſsary deposit, shall be placed in immediate poſseſsion— But parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Collector within 30 days from the day of sale and the purchase shall be conditional on the final order of such appeal.—

Bd. No. 3449
From the Collector of North Arcot

Principal 35,529-..-..
Interest 1847-6-6
37,376-6-6
up to November/55

Sir,

I have the honor to state for the information of the Board of Revenue, that a balance of Rupees 37,376, as detailed in the margin, is outstanding against Messrs. H. G. Morison & J. J. Corbett, the present abkarry Renters of the District. Mr. Morison represents that the adversity of successive seasons, and the consequent falling off in the abkarry sales, together with the difficulties he had to contend with, since the decease of his father, the late Abkarry Renter, have been the main cause of the heavy arrears outstanding against him, and under these Circumstances requests, that he may be allowed to discharge the arrears by monthly payments of Rs. 1500, in addition to the several kists which he promises to pay punctually at the periods they become due.

2. I have the honor to recommend to the favorable consideration of the Board the above request of Mr. Morison's, as a special case, in consideration of the several Circumstances to which my attention is drawn in his letter of the 20th. Instant,

Copy

(Signed) C. Whittingham
Collector

No. 1

C. Whittingham Esqre
Collector of North Arcot

Sir,

In reference to your letter of 14th Instant, and various others, of 19th June, and 10th and 20th September, wherein frequent calls are made for the amount of arrears due by me on account of the Abkarry farm of North arcot; I have the honor to state that at the decease of Mr. Norman Morison the farm was given to me when the arrears amounted to as much as Rupees 40,000 and that with much trouble and exertion the arrears of the past fusly were wholly paid up and that of the present fusly reduced as per your letter of 14th instant now under reply to Rupees 28,960-2-11 as principal and Rupees 1,847.6.6 as interest.—

I have the honor further to state that for the better securety and conductement of this ~~te~~ business I have made arrangement for the admission of a partner Vellore Seetharam moodely (Vide letter of 19th) whose respectability and circumstances are well known, and

by

19465.

whose cooperation I hope speedily to put the rent on such a footing as to afford no further complaint on the subject of arrears.—

The series of bad seasons with which the rent has had to contend is the cause of the heavy falling off both in Collections and sales in bazars when ryots have been in a state of starvation, and a few months will have to elapse before the state of the country improves by the cheapness of grain, and the Circumstances of the poor are altered wham it may be said are the chief consumers of arrack. The contract being granted to me for the term of two years I am debarred from petitioning for a diminution of the rent, a boon which has been granted to most parties when the seasons have had an influence on their Circumstances but far from my desiring the same consideration I have only to solicit further time for the payment of arrears, which request, I beg you will lay before the Board of Revenue with this letter in which I have endeavoured to call your attention to the circumstances under which these arrears have become due and the numerous difficulties which have attended me on all sides.—

I have the honor to solicit you will also represent my willingness and that of my partners to pay Rupees 1500 every month as instalments of the arrears, which would make Rupees 8666, the kist now due every month, amount to Rupees 10166 these sums will be punctually paid and by your representing the case to the favorable consideration of the Board of Revenue, I beg respectfully to say you will be affording me an opportunity of soon bringing the arrears within the value of the securities deposited for the fulfilment of the rent, and I shall be enabled to liquidate the balance now due with facility when at the experation of the Contract, the Government paper which has been purchased by me lately will stand free to be returned at the end of two years.—

Chittoor.......

Proceedings

Bd No 3204
Proceedings thereon

25-27.

As shown in the foregoing letter and the address which it encloses Mr Morison has encountered difficulties in the punctual fulfilment of his contract arising out of its transfer to him on the death of his father at a period when general distress necessarily lessened his profits. The Board will not refuse under these circumstances to accede to the proposal recommended for their approval, by Mr Whittingham and they accordingly authrorize him to receive the amount of arrears due from Mr Morison in monthly instalments of 1500 Rupees; sufficient guarantee being taken from Mr Morison for the fulfilment of this engagement.—

Read

37.
Bd No 3163
From The Chief Secretary to Government

Read the following Papers-

No. 1470   Public Department-

Extract from the Minutes of Consultation Dated 31st October 1855-

Read the following letters from the Acting Secretary to the Board of Revenue-

Here enter 27th September and 18th October 1855-

The Right Honorable the Governor in Council is of opinion that the proposed Exhibition at Ongole might prove detrimental to that which is to be held in the not far distant Station of Innacondah-

2. The Government observe also that an Exhibition is intended to be held at Nellore Kusbah and under these circumstances they do not think it desirable that a second should take place at Ongole-

3. With this exception and subject to confirmation by the Supreme Government, the Right Honorable the Governor in Council sanctions the holding of the Agricultural Exhibitions for 1856, on the dates and at the Stations proposed by the Board of Revenue and in every district of the Presidency except Vizagapatam at a total discretionary outlay of not more than Rupees (58,000) fifty eight thousand for all expenses connected with the exhibitions. This sum is inclusive of that sanctioned in Extract Minutes of Consultation

18 Districts at 3000 Rupees
Each — Rs 54,000
Ongole — 4,000
Total Rs 58,000

dated 17th August 1855 for the District of South Arcot.

4. The Board of Revenue observe that at Vizagapatam there is so little hope of successful results that they do not recommend an attempt being made and the Government remark with disappointment the little desire manifested by Mr Smollett to meet the views, and wishes of Government which all other local Officers have endeavored to promote.

5. For all other Districts the Board will proceed to nominate Committees and to take such other steps as they may think desirable.

6. The Government approve of the alterations proposed to be made by the Board in the Rajamundry prize List of which thus modified 20 Copies are authorized to be struck off at the Gazette Press for distribution to the several District Committees.

7. The Government are not sanguine of any very successful results from the Exhibition in any district on this occasion when they

can

can be regarded only as experiments but they are satisfied that if they have the Judicious and Cordial support of the local Officers of all branches of the Service they will excite the interest of the people.

8. The Board will obtain and submit to Government a final report from each of the Local Committees that from Tanjore may be accompanied by a brief notise of the steps which have been taken for the improvement of the breed of Cattle. Under the Sanction given in Extract Minutes of Consultation dated 24th April last. Detailed accounts of the expenditure in each District must also be submitted for final Sanction.

9. The Government do not approve of the Board's Scheme for assisting Native residents on the Shervaroy Hills in improving their breed of Cattle to the exclusion of the European or Eurasian Settlers. They think that the experiment is not likely to prove successful in the hands of the poorest and most ignorant of the Inhabitants

and consider it better on the whole to leave the matter to private enterprise. It is observed that some Merino Rams were formerly sent to the Salem District, and that the result was not favorable. The proceedings in connection with this subject were recently reviewed in Extract Minutes of Consultation dated 2nd August last No. 928.

10. As requested by the Board the Government will apply to the Government of Bengal for Specimens of the finest Bengal Indigo with information regarding the place and mode of manufacture and market value of each Specimen.

11. Referring to the Board's letter of the 18th Instant, the Government have no objection to the Cuddapah Exhibition being held on 25th May next.

12. They take this opportunity of bringing under the consideration of the Board the circumstance that at Pondicherry it has been found advisable to have the inspection of some articles intended to compete carried

on

on by a Committee or Committees during the whole year, and that the distribution of Prizes is subsequently made at the annual Meeting.

To,
The President & members
of the
Board of Revenue

(True Extract)
(Signed) T. Pycroft
Chief Secretary.

37-38.

Bd. No. 3226.

Order thereon. 1. Resolved that Copies of paras 1-2-3-7-8 and 12 of the above Extract Minutes of Consultation be forwarded to the Collector of Nellore, for his information and for communication to his Acting Sub Collector.

2. Para 4 with Para 2 of the Board's letter 27th September 1855 to the Collector of Vizagapatam.

3. Paras 3-7-8-9 and 12 with Para 11 of the Board's letter of 27th September 1855, to the Collector of Salem.

4. Paras 3-7-8 and 12 to the remaining Collectors.

5. Committees will be nominated in due course in all the Districts, except North and South Arcot and Rajahmundry, where Committees are already appointed.

6. The Committee will adopt the suggestion contained in para 12 of the Extract Minutes of Consultation now circulated, if they consider it desirable in regard to any particular product. As a General rule the Board would

deprecate

and consider it better on the whole to leave the matter to private enterprise. It is observed that some Merino Rams were formerly sent to the Salem District, and that the results was not favorable. The proceedings in connection with this subject were recently reviewed in Extract Minutes of Consultation dated 2nd August last No. 928.

10. As requested by the Board the Government will apply to the Government of Bengal for Specimens of the finest Bengal Indigo with information regarding the place and mode of manufacture and market value of each Specimen.

11. Referring to the Board's letter of the 18th Instant, the Government have no objection to the Cuddapah Exhibition being held on 25th May next.

12. They take this opportunity of bringing under the consideration of the Board the circumstance that at Pondicherry it has been found advisable to have the inspection of some articles intended to Compete carried

---

on by a Committee or Committees during the whole year, and that the distribution of Prizes is subsequently made at the annual Meeting.

To,
The President & members
of the
Board of Revenue

(True Extract)
(Signed) T. Pycroft
Chief Secretary.

37-38.

Bd. No. 3226.

Order thereon. 1. Resolved that Copies of paras 1-2-3-7-8 and 12 of the above Extract Minutes of Consultation be forwarded to the Collector of Nellore, for his information and for communication to his Acting Sub Collector.

2. Para 4 with Para 2 of the Board's letter 27th September 1855 to the Collector of Vizagapatam.

3. Paras 3-7-8-9 and 12 with Para 11 of the Board's letter of 27th September 1855, to the Collector of Salem.

4. Paras 3-7-8 and 12 to the remaining Collectors.

5. Committees will be nominated in due course in all the Districts, except North and South Arcot and Rajahmundry, where Committees are already appointed.

6. The Committee will adopt the suggestion contained in para 12 of the Extract Minutes of Consultation now circulated, if they consider it desirable in regard to any particular product. As a General rule the Board would

deprecate such a course, as the supervision proposed must devolve on the Village Officers in the great majority of cases, and it would be impracticable to exercise any efficient control over them, so as to prevent misuse or insure an impartial exercise of the power entrusted to them.

Read again letter from the Collector of Chingleput dated 14th May and entered in Consultation 4th June 1855.

Read again letter from the Collector of Cuddapah dated 29th September and entered in Consultation 3rd October 1855.

Ordered that the following letter be sent.

From the Collr. of Tanjore

No. 67.
To B. Cunliffe Esqre.
Acting Secretary to the Board of Revenue
Fort St. George.

Sir, I have had the honor to receive to day your letter of the 7th Instant, to which I am directed to send an early reply -

2 - I am not at present prepared to name a day for the exhibition it is proposed to hold in Tanjore in the ensuing year -

3 - I have taken considerable pains to inform the people of the intention of the Government, and have endeavoured to elicit some expression of their wishes, and of their intention to contribute to this exhibition but my success has not been such as to lead me to specify a time for the exhibition -

4 - I circulated Copies of the Board's order on the subject to the Subordinate and Assistant Collectors and requested them to take every opportunity of conversing with the people on the subject, naming the Month of June as the time when I should expect to receive from them a full account of what had been the result -

5 - With the Board's permission I will defer specifying any special time for the exhibition until

---

until the receipt of these reports shall have put me in possession of full information from all parts of the Province.

From the Sub Collr. in charge of North Arcot

Read the following Papers

No. 142

Official Memorandum

With reference to the endorsement of the Board of Revenue dated 14th February last desiring to be informed regarding the present condition of the Topes enjoyed by the Petitioner in No. 282 of 1855 and of the Amount which he would have to pay, on the principle of levying a fair tase on the land only, the Sub Collector in charge of North Arcot has the honor to state in reply for the information of the Board that the Topes in question occupy a piece of ground, of 55-10$\frac{as}{7}$ Cawnies subject to no assessment being included under the head of porumpoke or land not regularly taxed, the holder paying an annual Bil mucta rent. Of this whole extent of land, 26-10¾ Cawnies are occupied by trees of different kinds, 13-13¾ are under cultivation (both

Poonjah and Nunjah / and the remaining 15 13/4 Cawnies lie waste. This whole extent of 55 Cawnies and upwards does not appertain to a single Village, but is included in the Agecutts of four different Villages, the scale of assessment in each of these Villages being different. Some of the trees in the Topes have in consequence of the present drought died, but the rest are likely to survive. In order to determine the proper amount of assessment to be levied on the land occupied by these Topes, a statement is herewith submitted from which the Board will perceive that three several modes of fixing the assessment are suggested. The principle of the first mode is that of adopting the lowest rates, Nunjah and Poonjah obtaining in the four Villages to which the Tope lands respectively belong. The Amount that would thus be made payable, is Rupees 237-4-6 By the second

mode

mode of calculation the land occupied by trees and the immemorial waste land are both to be considered Poonjah as tope ground is not generally favorable to Nunjah produce and the small extent of Nunjah to be rated as Nunjah. At this rate the total assessment would amount to Rupees 150-2-9 The third mode is as follows The Topes are said to have been planted some time before the commencement of the present century, and hitherto no tax has been fixed on the ground. A considerable portion of this land has always lain waste. The assessment upon lands in general in this District is considered far to high so high as to call for speedy relief. The whole extent of the ground in question (Viz 55 Cawnies and upwards / is therefore to be taxed at the rate of half a Pagoda, or Rs. 1 3/4 per Cawny the total Beriz thus amounting to 97-5-11

The

19498.. Fort St George 3d December 1855

The Sub Collector in charge now requests that the Board will be pleased to inform him, whether any and which of the three plans suggested meets with their approbation - Considering the nature of the soil and the very small remuneration which the Petitioner has heretofore enjoyed he would venture to recommend that the third mode should be adopted

E. E. Fr.

North Arcot
Collr Cutcherry
Chittoor 1st October 1855 } (Signed) R. M. Binning
Sub Collector in charge

The

B. No 3223
Proceedings thereon
54-55.

The tope and land enjoyed by Petitioner occupy 55 - 10 as/4 Cawnies Nunjah Poonjah and immemorial waste and are subject to a Bil Muctah rent of Rupees 172 - 14 - 6 which has been reduced to Rupees 140 for 7 years or until the close of Fusly 1266

2 The Sub Collector in charge proposes three modes of adjusting the aſseſsment.

I To aſseſs the lands at the lowest Nunjah and Poonjah rates of the Villages in which they are situated the result being an aggregate charge of Rupees 237 - 4 - 6 or considerably more than the topes now pay and Rupees 64 more than the full Bilmuctah rent

II To consider the land occupied by the Topes whether irrigated or not as Poonjah. The groſs aſseſsment would thus be Rupees 150 - 2 - 9

III To levy an uniform rate of 1 3/4 Rupees per Cawnie on the whole

extent

extent, which would reduce the aſseſsment to Rupees 97 - 5 - 11

3 The first of the above modes is far leſs advantageous to Petitioner than his present terms and the 2 latter are objectionable on principle as they involve departure from the rule of aſseſsing lands under the two heads of irrigated and unirrigated and leaving the proprietor to turn them to account in the manner he considers most consistent with his own interests.

4 The Board wish to be informed from what sources the lands are irrigated and for what extent the irrigation is really sufficient. They also wish to know what reduction will be made in the rates employed in the first method of calculation under the plan proposed by Mr Bourdillon and sanctioned by Government for modifying the aſseſsment of the District

another

19502 Fort St George 3d December 1855

5 Another mode of adjustment has occurred to the Board viz tope rent, Petitioner (if he is willing) to throw up the 15 Cawnies of land now waste and deduct its assessment calculated according to method No 1 or on an average of his entire holding from the full Bilmuctah rent. He would then hold for Rupees 120½ or 125 the whole extent of land from which he now derives any profit and the waste might be held available for other parties. The Board would wish the Collector's opinion on this plan but they would still desire the information called for in the two preceeding paras.

Bd. No. 3225
From the Sub Collr.
in Charge of North Arcot
Submits
for

Sir

I have the honor to state

for

19503 - Fort St. George 3rd December 1855

for the Boards consideration the particulars connected with Mr Potters Durkhast regarding the lands under the anuntangal tank.

for the information of the Board of Revenue that in July 1854, 409 Cawnies of land (including Nunjay and Poonjah) in the Village of Aurumbakum in the Talook of Arcot, were made over on Cowle to Mr Potter resident at Arcot on his application a Moochulka being taken from him, by which he promised to raise in Fusly 1264 Poonjah cultivation on all the lands which he had obtained lying under and within a ruined tank known by the Name of the anuntangal and to pay the teerwah due on them and that should this Tank be repaired and rendered fit for holding water that he would cultivate 102 Cawnies of these lands with Nunjay produce and raise Poonjah crops on the remainder It will be observed from the Moochilka (translation and Copy herein enclosed) that the wording of it is somewhat ambiguous and does not clearly specify whether Mr Potter should be held answerable only for the teerwah of the actual extent cultivated by him, or whether he ought to pay teerwah for the whole extent of the land included in his Durkhast whether cultivated or not. This question has arisen from Mr Potter's having represented that he was able to cultivate only a portion of the whole extent (i.e. 119 Cawnies assessed at 200 Rupees) in Fusly 1264 owing to the almost total failure of rain in that fusly and soliciting that rent should be demanded from him only for the cultivated portion. I therefore request the instructions of the Board on this subject, and beg to lay before them certain particulars connected with Mr Potter's Durkhast regarding these lands.

In

In the year 1862, Mr Potter made a Durkhast for the lands in question particulars of which are shown in the accompanying statement, and also proposed to undertake the repairs of the Auantangal which had lain in a ruined and useless condition for upwards of half a century. The Sub Collector accepted the Durkhast, and an Estimate was framed for the repair of the tank at the expense of Government. Mr Bourdillon (then Collector) regarded this proceeding as an intrusion on the Meerassy rights of the villagers and put the lands in their possession directing them to cultivate them at once and to have the tank restored by their own labor at the cost of Government. They accordingly cultivated a very small extent of Ground and left the tank as it was without taking any steps to repair it, although advances of money had been made to them for the purpose. Subsequently in 1854. Mr Potter appealed to the Board against Mr Bourdillon's order upon which the correspondence in the Margin took place the Board having finally settled that the Villagers should first be allowed to take up the land in question, and that any portion that might remain should be made over to Mr Potter. Mr Bourdillon accordingly explained to the Villagers that they were at liberty to take up these lands on condition that they should bind themselves to cultivate them at once and pay the proper teerwah and they having declined this obligation, the lands were made over entirely to Mr Potter. It appears, notwithstanding, that some of the villagers cultivated a small portion of these lands during Fuslies 1263 & 1264

although

15th Do. Pro dated
19 Feby /54
To Bd. dated 23d
march /54
From Bd. dated
30th Do. /54

although not authorized by the Collector or by any other authority to do so—

3 During Fusly 1264 the District was visited by so severe a drought that there can be no doubt of the truth of Mr. Potters allegation that he was unable to cultivate the whole of the land for want of water— In the accompanying Statement the amount of Cultivation raised by Mr. Potter and that improperly done by the villagers are separately shewn. I beg therefore the instructions of the Board as to whether the Puttah to be granted to Mr. Potter should contain only the extent cultivated by him in Fusly 1264 or should also include the ground cultivated by the villagers in the last and preceding Fuslies. Mr. Potters claim for the Puttahs for the entire lands is based on the fact that the whole extent including what the Ryots have cultivated had been previously given to him on Cowle—

4 As the Ryots of Arumbankum

land

had forfeited their right to those lands in having for so long neglected them and as they have now Cultivated a small part evidently with no other design than that of annoying Mr. Potter and obstructing his operations, I am clearly of opinion that the entire Puttah should be drawn out in his name and as the last Fusly (1264) was unquestionably a most unfavorable one, I think as a special Case in this instance he should not be called on to pay teerwah for more land than he actually brought under Cultivation, but he should be informed that in future he will always be obliged, in every Case, to pay teerwah for the full extent of his lands.

No. 2

Translation of a Moochilka executed by Mr. I. W. Potter residing at Ranepettah Cavery paukh Talook before the Tahsildar of Arcot Talook dated 26th July 1854.

As it appears that you received orders from the Collector to accept

the Durkhast, I have made for 409 Cawnies of Poonjay land under the Anny Tangul of Arumbaukum in this Talook and to take from me a Moochilka of Cultivation, on terms that I should cultivate the lands every year, and to put the land into my possession, I give in this as my Moochilka.

I shall raise in Fusly 1264 Poonjay Cultivation on all the lands under the Anantangul Tank inside it, and on its sides and to pay to Government the teerwah that may be due on them.

When the Tangul shall be Repaired and receive water, I agree to cultivate the 102 Cawnies of Nunjay land under it, and raise in the Rest Poonjah Crops. I shall be able to do this in Fusly 1265 as well as in the succeeding Fuslies and pay the due teerwah on them.

North Arcot
Collectors Circuit (
Palmanair 3d No

(Signed) R. M. Binning
Sub Collector in Charge

19511 Fort St. George 3d. December 1855

Bd. No. 3221
Proceedings thereon,
(56-57.)

The Sub Collector in charge submits two questions for the orders of the Board 1st whether Mr. Potters puttah should include the whole of the land granted to him on Cowle, notwithstanding that portions of it have been cultivated by the Villagers during the last two years; and 2ndly whether a remission of aſseſsment on the uncultivated portion of his land may be made to Mr. Potter in consideration of the failure of rain during the last season.

2 The Board observe that a demand for the aſseſsment on the whole of the land from Mr. Potter is in itself an admission of his right to cultivate every portion of it not willingly alienated by himself, and as the Ryots of the Village clearly forfeited their title to these lands, the puttah to be given to Mr. Potter should include the entire original grant made to him on Durkhast. In consideration of the failure of rain in the season alluded to, the Board

---

19512 Fort St. George 3d. December 1855

authorize a special remiſsion being made to Mr. Potter of the aſseſsment due on the uncultivated portion of the land; the terms of the Moochilka imply an obligation to pay the aſseſsment on the whole 1.07 Cawnies unless special exemption should be made as at present.

(58.)

Bd. No. 3385
From the Collr. of Tanjore
19 July 1855.

No. 171

To
G. S. Forbes Esqr.
Acting Secretary to the Board of Revenue.
Fort St. George

Sir,

With reference to the decision of Government on the question raised by the Lutheran Missionaries of Tranquebar regarding their right to hold without special permission lands transferred to them by the Royal Danish Miſsion I am now informed by the head of the Miſsion that they are not in bonâfide possession but "have only the administration and use, or usufruct." of the lands, the Miſsion Board at Copenhagen remaining the sole proprietors.

I request that I may be informed if I am correct in supposing that under these circumstances special permiſsion is not needed to enable the Lutherans to continue to hold these Danish Miſsion lands on the same terms as heretofore.

Tanjore - - - -
Vellum 17th November 1855 } (Signed) H Forbes.
Collector.

Bd No. 3214
Order thereon.

(58-59)

Resolved that the Collector of Tanjore be informed that as the proprietary title to the lands in the occupation of the Lutheran Mission appiears from his letter to be still vested in the Royal Danish Missionary Society which by the treaty of Cession was placed on the same footing with English Missionary Societies, no special permission is required to enable the Lutheran Missionaries to occupy their premises on the same terms as heretofore.

Resolved also that the foregoing letter be forwarded with a Copy of these proceedings for the information of Government.

Bd No. 3510
From the Collector
of Chingleput. - }

Sir.

Para 1. I have the honor to forward the accompanying Statement in the form furnished with the Boards Circular letter of the 19th September 1855 explanatory of the Settlement for Fusly 1264 of the Shrotrium Village of Ootoocand which has been under the Management of the Court of Wards from Fusly 1253.

in consequence

19515 Fort St. George 3rd December 1855

inconsequence of the Minority of its proprietors.

2 The Settlement of the year under report Vizt. Rupees 2528·9·1 has fallen off considerably being Rupees 497·15·6 below that of Fusly 1263 which was in itself an unfavorable year. The decrease resulted from a diminution in the extent of wet cultivation, and from larger remissions which had to be given on account of loss of crops and the non cultivation of a second crop on wetlands.

3 Of the Demand Rupees 2056·8·9 were realized within the Fusly leaving a balance of Rupees 472·"·4 which was reduced to Rupees 3·7·7 at the end of October which will be hereafter adjusted. The balance of the previous years Rupees 6·"·3 being irrecoverable sanction was requested for writing them off to profit and loss in Parati

in consequence of the Minority of its proprietors

2 The Settlement of the year under report Viz. Rupees 2528-9-1 has fallen off considerably being Rupees 497-15-6 below that of Fusly 1263 which was in itself an unfavorable year. The decrease resulted from a diminution in the extent of wet cultivation, and from larger remissions which had to be given on account of loss of crops and the non cultivation of a second crop on wet lands.

3 Of the Demand Rupees 2056-8-9 were realized within the Fusly leaving a balance of Rupees 472-"-4 which was reduced to Rupees 3-7-7 at the end of October which will be hereafter adjusted. The balance of the previous years Rupees 6-"-3 being irrecoverable sanction was requested for writing them off to profit and loss in Para 8

of

of my predecessors report for Fusly 1263 but has not yet been accorded

4 The total collections within this Fusly were Rupees 2056-8-9. The charges of Peishcush, management and the Maintenance of the Minors and their family were Rupees 3040-"-". The excess had to be defrayed from the Surplus collections of previous years which were consequently reduced from Rupees 2090-14-" to Rupees 1107-6-9. This sum was

appropriated

apportioned to the three branches of the minor's family as noted in the margin—

Sir,

Fort St. George,

With reference to the 3d. para of an Extract from the Proceedings of the Board of Revenue under date the 25th Ultimo, I have the honor to report that from the enquiries I have made so far as this District is concerned, there is no foundation for the complaint therein alluded to that Bombay and Goa Salt are not equally admissible on payment of the prescribed duty for sale in open market.—

2 The Board's orders of the 6th December 1853 & 20th June 1854, admitting Bombay and Goa Salt at a fixed duty of 12 Annas per Indian Maund was duly proclaimed throughout this District and advantage was taken of it to the extent shewn in the annexed Statement in the two last Fuslies it will be observed by the same Statement that 1245 Maunds of

Bombay Salt and 839 Maunds of Arabian Salt were admitted on the payment of this duty in Fusly $\frac{1263}{\text{A.D. } 1853/54}$ and 11,868 Maunds of Bombay Salt were admitted in the same way in the past Fusly year $\frac{1264}{\text{A.D. } 1854/55}$.

3 The Subject of the Boards letter to the Collector of Canara dated 13th August last will form the Subject of a separate communication.

Ordered

Ordered to be submitted to Government with the following letters.

(7576.)

Bd. No. 3232

To the Secretary to Government

To,
The Secretary to
Government

Sir,

With reference to Extract Minutes Consultation 13th September 1855, I am directed by the Board of Revenue to lay before the Government the accompanying answers from the Collectors of ×Malabar and °Canara to the question whether there was any foundation to the Complaint under to the Supreme Government that Bombay and Goa Salt are not equally admissible into those provinces on payment of a prescribed duty, for sale in the open Market.

× Dated 10th November in Cons: 4th Decr. 1855 No. 3358.
° Dated 6th October in Cons: 3d Novr. 1855 No. 2918.

2 The Government will see that the Statement is entirely without foundation.

3 With reference to the remarks of the Supreme Government, I am directed to State that Bombay Salt was admitted at a fixed duty of 12 Annas under date the 6th December 1853,

Gazettee of 1853
P. 1259.

with

19534 Fort St. George, 1st December 1855.

with the special object of enabling private traders to supply the Market and relieve the Government from the duty of doing so.

Gazettee of 1854 Page 702. 4 Goa Salt was admitted at a similar duty only at a subsequent date, 20th June 1854.

5 The whole object of the arrangement was to throw the trade into private hands and to put all Salt whether home, made or foreign in fair competition.

6 The answer of the Collector of Malabar shews that the Bombay Salt has been imported to an Extent which, though small compared with the consumption of the province, proves that the fact of its being admissible was fully known.

From Govt. 6th inst. 13th August 1855 Vide also Gazette of 1855 Page 921. 7 The Government has since raised the duty from 12 Annas to 14 Annas the Indian Maund and it is therefore impossible that hereafter any Salt will be introduced by private traders, so long as the Government Salt is sold at the rate

19535 Fort St. George, 1st December 1855.

rate of one Rupee, which is the legal price of Salt.

8. With reference to para. 9 of the Extract under acknowledgement I am directed to state that the Board have still to await an answer from the Collector of Malabar before reporting on the question of the proposed discontinuance by Government of the supply of Salt to Malabar. But all the information before the Board confirms their relief already expressed that raising the duty to 14 Annas and withholding the Government supply of price of Salt in Malabar will be raised to the consumer considerably above 1 Rupee the Maund.

Replying to Boards Proceedings of 28th September 1855 relative to the amended Rules for the levy of Fusul Jasty and Teerwah Jasty.—

To, No. 227

G. S. Forbes Esqr.
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

I have the honor to acknowledge the receipt of a printed Extract from the Proceedings of the

the Board of Revenue No. 2518 dated 28th September last relative to the rules sanctioned for the levy of Fussul Jastee and Teerwah Jastee in the District of North Arcot, and in reply to offer the following remarks.—

2— The rules in question appear to me to be a great improvement on the present system of levying the extra assessment, which it is their object to regulate, not only on account of their simplicity, but, because they leave no discretion to the Subordinate Talook and Village servants, which is the most objectionable feature of the present system. When wet crops are raised upon Dry lands with Circar water, the rule now is to charge the Wet assessment of adjoining land of similar quality and advantages, and retaining the Dry Turrum or Teerwah of the land under the one head, to carry the difference between that and the Wet assessment to that of Teerwah Tastee in the accounts, but lands of different turrums and therefore bearing different rates of assessment are so interspersed, that it is very difficult to ensure this principle being fairly carried out under the present System.—

2 I proceed to remark on the rules seriatim with reference to their bearing on this District.—

Rules 1 to 3.

3 Three and half Rupees a Cawny for one Crop of Paddy seems hardly sufficient to prevent other higher assessed lands being thrown up in order to take advantage of the lower assessment on irrigated Poonjah lands. I therefore recommend that for the 1st Crop it be raised to 5 Rupees a Cawny, on the other hand the levy of the same full water rate without abatement for the 2nd Crop, which neither takes the time nor requires the water of the 1st Crop, appears too

too high, and I would recommend that the general practice in this respect of charging for the 2nd Crop half the assessment of the 1st or 2 1/2 Rupees a Cawny should be adhered to.—

Rule 4.

4 On the same grounds as above stated I consider it would not be safe to levy so low an assessment as the half water rate of 1 3/4 Rupees a Cawny in addition to the Turrum Teerwah, enjoined in this rule for Naut ragy or any other annual products than those specified in the preceding rules, and I accordingly recommend the same rates Viz.: 5 Rupees a Cawny for the 1st Crop and 2 1/2 Rupees a Cawny for the 2nd to be charged on these products also. The average Poonjah assessment, with the addition of the Proposed Teerwah Tasty, are shewn in the Margin, in Contrast with the existing new garden rates.—

	Per Cawny Rs A P	
Average Poonjah Teerwah	4 - 15 - 8	
Teerwah Tasty at 5 Rs a Cawny equal to	11 - 13 - 1	
Total	16 - 12 - 9	for one crop
Do — Do	22 - 11 - 3	for two crops
New Garden rates for [illegible] for Crops grown under [illegible] irrigation	25 - " - "	
	20 - 5 - "	

Cocoanut-

19342 Fort St. George, 4th December 1855.

Rule 5. 5. Cocoanut trees grown on Poonjah land and irrigated with Circar water are now charged with 1½ Wet aſseſsment in this District. The levy therefore of a full water rate only, in addition to the aſseſsment of the land would afford encouragement to the extension of Cocoanut plantations, so desirable in a district where the Cultivation of this valuable product is at present exceedingly limited.—

Rule 6 6. Rule 6 does not call for remark at present in force.—

Rules 7 & 12 7 Rules 7 & 12 are neceſsary provisions.—

Rule 8. 8 The charge for the use of Cirkar water by Enamdars is at present 5 Rupees a Gortoo but I am not aware of any objection

---

19343 Fort St. George 4th December 1855.

objection to the adoption of the higher rates I have recommended for Circar lands.—

Rules 9 & 11 9 These being of local application do not call for remark.—

Rule 10 10 There are but few Wells in Nunjah land in this District; and where they do exist, the full Nunjah Teerwah for one Crop, and 1½ for two Crops is levied ie, as if the private Wells did not exist. This course appears to me preferable to adopting the Rule in question, which will neceſsarily involve scrutiny as to whether Circar water was or was not used, which will be difficult to ascertain where there are two sources from which the supply may be drawn.—

Rule 13 11 There is no objection to the adoption of this Rule, the rates being those I have recommended for Circar lands.—

Rule 14. 12 This rule is unobjectionable and favorable to the Ryot compared with the present pratice of levying 1½ assessment as explained in para 5 above.—

13 On the whole the rules appear to me worthy of adoption with some such modification as I have recommended, to prevent the higher assessed lands being thrown out of Cultivation.—

Replies to Bd's. Proceedings of the 11th December 1854 having reference to a proposed Establishment for Survey and also of a general Survey of his District.

Sir,

I have the honor to acknowledge an Extract from the proceedings of the Board of Revenue, dated the 11th December 1854, conveying the proceedings of the Most Noble the Governor General of India in Council, with reference to the application for a small Survey Establishment for this District.

2. The question upon which I am directed to report my opinion is "whether it will not be better to have a regular survey made of the whole District under a Professional Officer than to carry out the measure proposed of surveying isolated estates by means of the Establishment solicited.

3. I reply I need hardly state to the Board that the question of undertaking a general survey of the District is

one upon which so much has been written, and is now before the Board for their decision, that it must be superfluous for me to add much to it. I have expressed my opinion fully on the subject in my letters of the 4th and 12th August 1853 -

4 - Further experience only shews to me more and more the neceſsity for such a survey, and indeed the functions of Government may be almost said to be in abeyance until it is effected - This is especially the case in the Bekul Talook, where we have known for years that the land holders posseſs lands to which they have no right. The question has become more pressing as the increase of population is leading to the Cultivation of lands which have never been cultivated before, and every application opens the question, whether this land belongs to the Government, or the neighbouring Wurgdar -

5 - I request the Board to be good enough to reperuse my letters above alluded

to,

to, in which I have entered fully on the subject. A Survey commenced on a principle so liberal as to secure the co-operation of the people, and carried to a successful issue, would be the greatest possible boon to this District -

6 - But its difficulties are immense, and the expense will be very great. I can only therefore state that a survey must be made and those difficulties overcome, before the Revenue administration of this District can be put upon a proper footing - But whether it shall at once be undertaken, whether this is the district in which the necessity is most emergent, is a point upon which I am not competent to form an opinion -

7 - If the Survey is not immediately undertaken, I strongly recommend that the measures before proposed be again urged upon the Supreme Government. The object was to introduce a knowledge of surveying, so that when a survey is undertaken it may be executed by the natives of the Country under proper scientific

superintendence, at the same time that
during this interval a great improvement
should be made both in Revenue
and Judicial proceedings.- What I then
stated I beg here to repeat.-

"Should the result of the late discussions
on the Land Revenue of this District
"be the determination on the part of Government
to institute a general survey, I am
"confident that the execution of such a measure
will be very greatly facilitated if it
"is carried out by natives of the District.
"The sudden appearance of a party of strangers
"as surveyors, with orders to carry out such
"a work, would give rise to much mistrust.
"Whether justly or not, the impression would
"get abroad that they came to extort as
"much as they could during their stay in the
"district.- They would be the object of jealousy
"equally to the land holders and the public
"Servants.- On the other hand, most of the public
"Servants of this District are also land holders.-
"If young men of their families are now induced

to

"to qualify themselves as surveyors, there will
"be the materials ready for executing a
"more extensive survey in the manner least
"likely to excite the suspicions of the people.
"The people will have to deal with persons
"speaking their own language, who are
"themselves interested in the landed property
"of the District, and to whom they are accustomed.-
Instead of the public Servants
"of the District, and the survey Establishment
"being two distinct bodies, the object
"of mutual jealousy, the survey will
"be carried out by the ordinary service of
"the District whose influence with the land
"holders is very great."

"I therefore consider that
"any measures calculated gardually to
"raise up a body of youths of the class who
"are now competitors for public employment,
duly instructed in land surveying
and to introduce the practice of
"mapping in supercession of the prevalent
"Aymaish will be advantageous in several
"points of view."

This

8. This opinion I am glad to be able now to support by the result of actual experience in the Punjab as stated in the Punjab report- "Perhaps the report states, the most marked characteristic of "the settlement operations in the Punjab "is that the old employés have been discarded and the measurement and survey "of the Village area is now performed by "the Village Accountants, and by the "representatives of the Communities. The Estates "are also portioned off into main circles "within which certain landholders of wealth "and influence are made responsible for "the conduct of the operations- Not only "is the work thus rendered more "economical, expeditious and popular, "but the fact that the parties who "execute it belong to the Country renters, "the control over them more complete- "Under the former system, the hired "measurer was here today and gone "tomorrow, but the Village Office bearers are

"are always to be found, and therefore "will naturally be more careful in "the discharge of their trusts" (Punjab Report Page 105)-

9. Three preliminaries to a survey appear to me to be indispensable, one is a clear enunciation to the people of the principles upon which it will be carried out with reference to the Tarao settlement; the second the review of the Village Establishments, so that there may be proper Officer brearers throughout the district, and the third, a legislative Enactment, investing the parties entrusted with it, with the necessary powers of enforcing attendence, adjusting disputes, and punishing oppositions- Upon these subjects, I beg to refer to my letter of the 4th August 1853- 12th August 1853 and 30th December 1854-

Collectors Cutcherry,

B. No. 3237.

Proceedings thereon.

Submitting again with the Board's Remarks the question regarding the survey establishment for Canara and recommending that it be sanctioned.

92-93.

In the above Extract from their Proceedings of the 6th October, the Government of India recapitulate the is object which it was proposed to secure in organizing a survey establishment in each talook of the District of Canara, the value of these objects is not questioned but it occurred to the Governor General in Council that if the value of land in Canara had become such as to render the cooperation of these talook surveyors of importance in carrying out judicial decisions and in defining and protecting the rights of Government, a General Survey of the district would be a more effectual measure, a doubt is also expressed as to the reliance to be placed upon the work of Talook Surveyors acting without the check of direct Supervision. These objections were accordingly communicated to the Madras Government and referred through the Board to

the

J.G.B.

the Collector of Canara for consideration and reply.

2. In his letter above recorded Mr. Maltby adduces in support of his plan arguments which have not hitherto been laid before the Government, the necessity for surveying the province of Canara, not only with a view to facilitate the operations of the Courts, but to ascertain the rights of the Government over the land and to prevent usurpations has been much discussed, the Board believe the expediency of such a measure to be fully recognized by Government and do not therefore enter at present into the merits of the question further than to point out that the letter now under consideration explains how important an aid will be secured for the execution of a general survey by the Establishment of a class of Surveyors taken from the body of the people, interested themselves in the land, and well acquainted with

terms customs, and tenures; such an establishment limiting their operations to the detail of cases specially referred to them by the Courts and by the Collector, and exemplifying in the result of their labors the advantages of Scientific measurement, would gain the confidence of the people and pave the way for the general survey (in which their services would be enlisted) in this manner the nearly insuperable difficulties which would otherwise be created by the jealous distrust of the people, may be in a great degree obviated, and as the survey in Canara cannot as in South Arcot and other Districts be associated in the minds of the people with a reduction of their land tax, the Board are disposed to consider this recommendation, as an important addition to the grounds on which the survey Establishment was originally advocated. The secret opposition which

the

the mistrust of the landowners is likely to create forms the great difficulty, and the Board consider that the measures proposed by the Collector constitute the best means of overcoming this obstacle.

From Malabar 30th Septr 152 in Cons: 25th April 1853.
From Govt 31st May in Cons: 20th June 1853
From Rajahmundry 3d March in Cons: 2d April 1855
From Govt 1st in Cons 14th May /55.

3 On recalling the expression of approbation with which the Government received the report of successful survey operations of a similar description in Malabar and Rajahmundry by a small local establishment trained under the Sub Collector the Board are led to anticipate their approval and support of the System (as now under consideration) in a further application to the Supreme Government.

4 It remains however to notice one of the objections raised in the Extract Proceedings of the Governor General in Council to the proposed plan which has not been overlooked in Mr. Maltby's letter; it was asked what check would be applied to ensure accuracy and fidelity in the

Surveys conducted by native ameens when acting at a distance from the Instructor the Board consider that in cases of litigation regarding land the contending parties will watch the proceedings of the surveyor with jealous attention and an appeal against a suspected entry or measurement may be readily preferred and without much difficulty adjusted by the scrutiny of the Instructor or Head Surveyor who it is proposed should be a European; at first all operations will be under the eye of this Supervisor, but when his pupils are detached to form the survey establishments of the talooks, and work at a distance from him, his increased leisure will enable him from time to time to test and examine the work of the different ameens, when circumstances render it advisable, cases of particular importance will be scrutinized by the Engineer or his assistants; and these checks the Board consider may be relied on to

secure

secure faithful measurement. To secure the important end of protecting the rights of Government and guarding against encroachment upon them through the collusion of private landowners, the Board consider that the Supervision of the Head Surveyor who will be an Officer of standing and character, and the care of the European Revenue Servants of the district will be sufficient. The Board resolve with these remarks to submit the question again for the consideration of the Right Honorable the Governor in Council with a strong recommendation that the proposed survey establishment should be sanctioned.

From the Collector of Chingleput. Read Statement of Extra Charges not estimated but actually incurred in the Revenue Department in Fusly 1264.

To

Fort St George 5th December 1855

Ordered that the following letter be sent.

To. The Collector of
Chingleput.

(94-95.)

Bd No 3235
To the Collector of Chingleput }

Sir,

In the Statement of actual Charges incurred without Estimate, in the Revenue Department of your District, for Fusly 1264, it is observed that a charge of Rupees 29 is entered for making Silk Belts for the Huzzoor Jemedar and Duffadars, I am therefore directed by the Board of Revenue to request you will explain whether it has been usual to furnish Silk Belts to those servants; and if so, when they were last supplied to them, and under what authority. The Belts of Jemedars and Duffadars of other Districts, it is believed, are made of less expensive materials. It is further observed that this charge as well as No 5 & 6 should not have been incurred without the previous submission of an Estimate.

Bd No 3353
From the Collr of Madura }
Recommending that certain lands formerly granted as Enam for the support of a Water Pandal and Chuttrum situated East of Madura
on

Sir,

I have the honor to submit for the consideration of the Board, the accompanying translation of an Urzee by Mr Fischer requesting the continuance to him of lands in Yellamanoor, and Cullikoody, formerly granted as

Enam

on the Ramnad
Road and
subsequently
resumed
but not includ
-ed as Ayen
may be
made over
to Mr Fischer
to enable him
to maintain
the said
water Pandals

Enam for the support of a Water Pandal and Chuttrum, about 1 Mile East of Madura on the Ramnad Road) as well as of the report of the Meylore Tahsildar thereon.

2 The Enam in Yellamanoor Meyloor Talook, granted for the Water Pandal consists of $2\frac{6\frac{1}{4}}{16}$ Cawnies Nunjah and was resumed in consequence of an order of the Collector dated 25th March 1840, but has not been included in Ayn. This I would recommend being made over to Mr Fischer on condition of maintaining the Water Pandal. The sum of Rupees 20 and Annas 12 which has occurred for the yearly income I would suggest being carried to the Government Account as Sevoy Jummah. The other Enam, in the Village of Culli Koody in the Meylore Talook, aſseſsed at 60 Rupees, which was granted for the support of the Chuttrum, and has been resumed and incorporated in the Government lands since 1836 by order of Government, should I think, so remain. The Building which is

is in good preservation is situated very near the houses of the European residents, where it is not desirable that there should be a concourse of people, which might include among their numbers many real thieves under the guise of pilgrims. Moreover there is no lack of Choultries in Madura, so that I could not recommend a fresh grant, which this would be, the lands being now Ayn lands.

3 Mr Fischer I believe purchased the buildings from the Daughter of Sooba Naick, It may be a question whether as they were intended for Charity she had a right to sell, and whether on the contrary they are not the property of Government under Regulation VII of 1817. Mr Fischer will keep them in repair and allow Travellers the use of them. I am not desirous therefore, to preſs this point.

Madura

No 1

Translation of an Arzee addressed by Mr G. F. Fischer of Salem to the Collector of Madura, dated 15th September 1855.

I have purchased, for Rupees 700 and odd the Mundabum, called Colekoody Soobba Naick's Mundabum, together with its adjoining terraced building and Garden, situated East of Sandapettah a village near Madura, and am in possession of the same.

I am informed that, for the purpose of conducting certain Charity in the said Mundabum, Government have, since the Fysal year, granted, as Maniem 2½ Caws of Nunjah land in the village of Yellamanoor, and 15 Caws of the same Kind of land in the Village of Colikoody Meylore Talook and that the said Soobba Naik supported the Charity with the proceeds derived from those lands. The Mundabum in question being situated on the high road leading to Rameswarum and other places where numerous Pilgrims resort, I beg your permission to be put in possession of the Maniam

Maniam land to enable me to conduct the charity as usual.

Translation of an Arzee addressed by the Tahsildar of Meylore Talook to the Collector of Madura, dated 27th October 1855 No 702.

The Hoozoor Order of the 18th Ultimo No 550, giving cover to an Arzee from Mr G. F. Fischer, directs me to enquire and report with Documents, as to the extent of Maniam allotted to Colikoody Soobba Naik's Chuttrum referred to in that Arzee, for what purpose it was granted; and in whose possession it now is. I beg to enclose 4 Depositions taken on the subject from T. Aroonachella Moodelly Curnum of Colikoody, from Aroonachella Moodelly Curnum Goomastah of Yellamanoor and from the Ryots of both those Villages.

I also return Mr Fischer's Arzee.

Cawnies

19568

Fort St George 5th December 1855

Caunies of $2\frac{6\frac{1}{4}}{16}$ of Nunjah lands subject to an aſseſsment of Rupees 8-10-10, and situated in the Village of Yellamanoor, had been granted at the Fysal for supporting a water pundal, which charity was accordingly conducted in Soobba Naik's Mundabum at Sandapattah East of Madura. On the death of Soobba Naik, however, the Charity having ceased to be performed, the lands was resumed in accordance with order dated 25th March 1840. The aſseſsment levied thereon in consequence amounting to Rupees 20 and annas 12 is deposited at the Talook Treasury.

Hoozoor Order No. 217 - 29th Novr. 1831

With reference to Boards instructions bearing date the 6th November 1831, Maunium to the amount of 60 Rupees situated in the Village of Culakoody were granted for maintenance of Charity in the terraced Chuttrum constructed by the said Soobba Naik on the East side of his Mundabum at Sundapattah. The Charity having afterwards

Proceedings thereon.

The Board are not of opinion that the nature and circumstances of the Charity which it is proposed by Mr Parker to support by the grant of lands (formerly applied to this purpose but resumed in 1849) are such as to call for a renewal of the Government Endowment. These resumed lands should henceforth be entered as Ayen.

2. With reference to para 3 of his letter Mr Parker will inform Mr Fischer that should the Choultry purchased by him, cease to be devoted to public purposes, the ground on which it stands will become liable for the payment of quit rent.

Forwarding copy of the Decree of the Sub: Court of Cuddapah in O. S. No 55. of 1854, and a draft of an appeal Petition proposed to be filed against the above decision.

No 117

To
G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St George

Sir,

As required in the circular orders of the Board of Revenue under date the 21st March 1842, I have the honor to forward copy of the decree of the Sub: Court of Cuddapah in Original Suit No 55 of 1854 wherein G. Soobramanyem is plaintiff and the Collector and 2 others are defendants with a view that it may be transmitted to Government.

2 I have further the honor to forward for the Sanction of Government, draft of an appeal Petition to be filed in the Civil Court against the decision of the Subordinate Judge. On the 26th Ultimo an application was made for three months time to file an appeal petition which will expire on the 27th January 1856, and I trust the Board will see no objections to my continuing to defend the Suit at the public expence.

Cuddapah, Collector's Office,

G. Soobramanyem — Plaintiff
Vakeel I. Vencata Row

Versus.

1 I. Dewacara Naidoo
2 I. Ramappah Naidoo
3 M. Murray Esqre
Collector of Cuddapah
} Defendants.

Vakeel Ramachendra Row
for 3d Defendant.

1. The Suit was brought to recover Rupees 1262 due on a bond.—

2. It is represented in the Plaint that the 1st and 2d Defendants asked the Plaintiffs Maternal grand father Cheturdoſs and his nephew Lutchummundoſs for a loan of Rupees 1540 which they told them they would aſsist them with, if the 3d Defendant guaranteed repayment to them from the pension payable to the 1st Defendant by Government; that the 1st Defendant represented this to the 3d Defendant who on 1st April 1851 giving orders to the cash keeper that the Stipends of the 1st Defendant should be paid to the said Cheturdoſs and Lutchummudoſs, until the liquidation of the said Sum i.e for 22 Months, from April 1851 to January 1853. They lent the money to the 1st and 2d Defendants on a bond dated 25th April 1851 which was signed also by the 3d Defendant. That the 3d Defendant fulfilled his guaranteeship for one Month (April 1851) by having the pension Rupees 70 of the 1st Defendant disbursed to the bondees from the Revenue Treasury, but afterwards with-held payment of the same because of the 1st Defendants absence, and eventually when he made his appearance the 3d Defendant notwithstanding the remonstrances of the bond holders paid the whole arrears to him (1st Defendant) that 1st Defendant afterwards made a part

part payment of Rupees 500 and that the balance is therefore now claimed from all the three Defendants as follows.—

Principal		1,540 — „ — „
Interest up to 15th May 1854		382 — 3 — „
		1,922 — 3 — „
Paid	570 - „ - „	
Croſs Interest	90 - 3 - „	660 — 3 — „
	Balance	1262 „ „

3 The 1st and 2d Defendants allowed the suit to be tried exparte.—

4 The 3d Defendants answer is that he has been improperly made a party to the Suit solely because as Collector, he paid the 1st Defendant the amount of monthly pension aſsigned to him by Government that he (3d Defendant) does not detail the circumstances under which the payment was made because he was acting under Regulation IV of 1831 and his proceedings do not consequently come within the cognizance of the Civil Courts The 3d Defendant prays exoneration from the claim and reimbursement of his Costs.—

5 In reply the Plaintiff points out that the 3d Defendant tacitly admits having iſsued the orders referred to and signed the bond in question, that if the 1st Defendants representation was contrary to the provision of Regulation IV of 1831 the 3d Defendant ought at once to have rejected it, and that the 3d Defendants responsibility in this case is greater than that of a mere security.—

Plaintiff

6. "Plaintiff will produce the "bond in question and prove execution, and file "Copy of the orders to the Cash keeper and if any Petition "presented to Collector on the Subject".—

7. The Plaintiff filed 4 Documents Vizt: **A** (17) the bond in question **B** (14) the 3d Defendants Sakeed to the 1st intimating that orders have been issued to the Cash Keeper to pay his pension to the 2 bond holders dated 1st April 1851 **C** (30) Copy of Chuturdoss Petition to the 3d Defendant soliciting payment to him of the balance of the bond amount from the 1st Defendants pension in deposit, dated 11th February Fusly 1262 **D** (32) Copy of a Petition from the same to the same effect as **C** dated 3d April 1853 The Court called for the Original Sakeed to the Cash keeper of which **E** (33) is a copy.—

8. The Plaintiff examined 4 Witnesses Vizt: C. Sunjeevoo. Madar Sahib. T. P. Ran:giah. C. Potooloor.—

Judgment.

9. Upon careful consideration of the merits

of

of this case, the acting Sub: Judge considers it undoubtedly shewn that the 1st and 2d Defendants not only obtained the loan specified in the plaint, but did so upon the terms and under the distinct understanding therein detailed and upon such only the Collector's (3d Defendant) guarantee to wit; that the Monthly Yeomiah payable to 1st Defendant should as agreed to by that individual be regularly paid over to Chuturdoss and his nephew for a certain specified period.—

10. The 3d Defendant pleads exoneration on the ground that his alienation of the pension accordingly would be contrary to Provisions of Regulation IV of 1831 — This however as properly suggested by Plaintiff in his reply was a point for his (3d Defendants') consideration prior to and not after passing the order he did to the Cash keeper upon full and natural faith in which order the money was advanced to 1st and 2d Defendants.—

Sakeed.

11 Tahied in itself as clear and specific as such could be, the 3d Defendant's Signature in full as Collector being also superscribed on the bond.

12 Under these circumstances there appearing to be no doubt soever as to the indebtedness either of 1st and 2d Defendants in the sum specified, or of the 3d Defendants' having in his official capacity as Collector become virtual guarantee for its liquidation in a certain perscribed mode, or of the loan having been originally granted solely upon the faith of that guarantee, the Court decrees accordingly that 1st and 2d Defendants do pay to Plaintiff the amount of the present claim together with further interest and Costs or in default that the same be made good by 3d Defendant who will mean time pay his own herein Costs.

Draft

No. 2.

Draft of an appeal petition proposed to be filed by Vungepoorum Sheyshacharloo, Acting Government Vakeel, in behalf of the appellant M. Murray Esquire, Collector of Cuddapah, against the decision of the Acting Sub Judge of Cuddapah, in O S No. 55 of 1854 wherein Goograli Soobbramanien is plaintiff, and [1] J. Dewakarunaidoo, [2] Ramappah Naidoo, and [3] M. Murray Esquire, Collector of Cuddapah, are Defendants.

1 This Suit which was brought by the Respondent to recover from the 1st and 2nd Defendants in Original Suit & from the appellant Rupees 1262, being the amount of balance due on a bond, was tried by the Acting Sub Judge, and decree passed, that the 1st and 2nd Defendants do pay to Plaintiff, the amount of the present claim, together with further interest and costs or in default, that the same be made good by the 3rd Defendant, the present appellant, who will meantime pay his own costs, and the time given for

preferring an appeal was 12th October 1855 following are the objections raised by the ap -lant against the above decision.

2. There appears no precedent to make the 3rd Defendant, the present ap -lant, answerable for the amount of the claimed by the Respondent, for the Court well aware of the long existing practice Pensioned Poligars, such as the 1st Defen in the present suit appointing agents drawing their Tarwajjees or allowances, and a portion of the same in liquidation of amount of decrees passed against the the Civil tribunals for instance, the ve same 1st Defendant had filed a ra in the Sub Court, permitting certa to be paid in liquidation of decrees, immediately after it was presented, ap to the Collector not to pay any sum wi Court, and the Court's silence virtually ac -ledged that they had it not in their po to enforce the stipulation contained in the ra in question. In the present case, the ap

ought not to be held responsible for the debt or be made even a party in the suit, on the mere grounds of his having given his accord to the 1st Defendant, nominating the relations of the Respondent as his agents, a proceeding which appeared to him unobjectionable and issued an order to the Cash Keeper as detailed in the subsequent paras.

3. The Acting Sub Judge in the 12th para of his decree states, that he considers the loan was originally granted on the faith of the 3rd Defendant, the appellant. In refutation of this argument, the appellant has to remark that as the Respondent's relatives were fully sensible that this allowance is dependant upon a contingency viz: the presence of the Tarwajjeedar and his being alive &ca they were under the necessity to enter a clause in the bond, that if any objections were raised (to the payment of the allowance by the Collector) they would be answerable and pay the balance amount, with interest, on demand when this point is taken into consideration by the higher Court it will be apparent to them that the Acting Sub Judge had arrived at a conclusion which is not founded upon fact.

4. The Acting Sub Judge in his decree states, that the 3rd Defendant (the appellant) guaranteed the payment of the pension, but he denies all guarantee; had the Respondents relations considered that the appellant guaranteed the debt, some note would have been entered in the bond to this effect, but nothing of the Kind is to be found. Upon the 1st Defendant, in the Original Suit, objecting to the payment of the allowance to the Respondents relations, it was paid to him (the 1st Defendant) under the provisions of Regulation IV of 1831. On a due deliberate consideration of the circumstances of the Respondents relatives (who had obtained MooKtearnamah from the 1st Defendant to draw his allowance from the treasury in liquidation of their debt (having under private arrangements received Rupees 500 from

from the 1st Defendant subsequent to the arrears of pension having been paid to him notwithstanding the monthly allowances, were not received in conformity with the stipulations contained in the bond, and of the Acting Sub Judge's conclusion, that the appellant had guaranteed the debt merely on grounds of the affixation of his signature to the bond, which in his official Capacity, it is his bounden duty to do in all the papers brought before him, it will appear to the Court that the arguments advanced by the lower Court is of little value.

5 The appellant paid the arrears of pension to the 1st Defendant under Regulation IV of 1831, as he had made an urzee, desiring that it might not be paid to the Respondents relation, but to himself, whilst the purport of the tukeed to the Cash Keeper, to the effect that the allowance of the 1st Defendant should be

19584 Fort St George 5th December 1855

be paid to the Respondents relatives should his hazurputtee or life certificate be received imports the specific meaning that it should be continued to be paid as long as the 1st Defendant might not object to it, the Acting Sub Judge forming an opinion, that it is of any use to the claim of the Respondent, is incorrect.

6 Under the foregoing circumstances it being irregular to hold the appellant answerable for the debt this appeal has been preferred, and it is requested that the Civil Judge will, on a perusal of the original record of the Suit and the Urzee+ wherein the 1st Defendant requests the appellant to pay the allowance to none but himself, by calling for the same as it does not form part of the record, reverse the decree of the lower Court, so far as regards the 3rd Defendants liability to the debt.

+Original submitted for perusal but returned by the Sub Judge—

Ordered

19585. Fort St George 5th December 1855

Ordered to be Submitted to Government with the following letter—

(98-99.)

Bd No 3241
To the Secretary to Government Revenue Department— Submitting a letter from the Collr of Cuddapah forwarding a Decree in Suit No 55 of 1854 & recommending that permission may be granted to appeal against it—

In Cons 5th Decr 1855 No 3391

To The Secretary to Government—
Sir, Revenue Department

I am directed by the Board of Revenue to submit herewith for the information and orders of the Right Honorable the Governor in Council a letter from the Collector of Cuddapah dated 15th November 1855 forwarding a decree in Suit No 55 of 1854 and soliciting permission to appeal against the same—

2 The Suit was brought to recover a sum of money lent by two Soucars to a Poligar Pensioner and one of his Relatives. The Poligar gave a Mooktearnamah to his Creditors to receive his stipend in payment of his debt and the Collector issued an order authorizing the disbursements as requested— Payment was accordingly made for the first months but it was withheld for several subsequent

months as the necessary Certificate of existence had not been produced eventually the Poligar himself appeared and received the whole of the arrears due to him. He however paid the Mooktears 500 Rupees but having since failed to liquidate the balance a Suit was instituted for the recovery of the same. The Collector was included as a defendant because of his having granted an order to his Cash Keeper to pay to the Mooktears the pension as it became due for a specified period on the strength of which order the loan was granted—

3 The Subordinate Judge has given a verdict against the Defendants. He was satisfied that the debt was a bona fide one that the Collector had in his official capacity given virtual guarantee for its liquidation in a certain prescribed mode and that the loan had been originally on the faith of that guarantee

4 Against this decision the Collector wishes to appeal. In his appeal Plaint now submitted he offers arguments in refutation of those of the subordinate Judge, and the Board thinks that as he has been held personally responsible for the debt and for the Costs of Suit he should be allowed to appeal in order that the point of law involved in the question may be definitively settled. Had the Decree simply declared that the sum claimed by the Plaintiff was due to him by the 1st and 2nd Defendants and exonerated the Collector from responsibility the Board would have brought before Government the subject of assigning a portion of the pension in satisfaction of the Decree in accordance with the remarks made in Para 2 of Extract Minutes of Consultation dated 21st May last—

Sir,

In Consequence of the duties of the Talook Sheristadar at Honore being more onerous than those of any similar officer in the District on account of the Sub Treasury at that place under the Tahsildars Charge, I have thought it advisable on an opportunity occurring to transfer the pay of the Barcoor Sheristadar which

which is higher by 5 Rupees per Mensem than that in any other Talook to Honore. This makes the Salary of the Sheristadar at the latter place 55 Rupees instead of 50 Rupees a Month and reduces the pay of the Barcoor office to the latter sum. The change was effected from the 12th of July last and I solicit the Sanction of the Board to the arrangement —

Bd. No. 3472
From the Collector of Salem — — —

Requests the Boards' opinion regarding the form of Advertisement for sale of land for arrears of Revenue—

Sir

1 Adverting to the Board's Circular Proceedings dated the 29th Ultimo explaining that the new form of Advertisement Circulated with their letter of the 30th April 1855 is drawn out in Conformity with Section XI Regulation XXVI of 1802 and is intended both for Zemindary and Ryotwary lands I have the honor to Request the Boards' opinion whether a sale of land for arrears of Revenue Conducted under that Advertisement would be vitiated if the Advertisement should not have been posted up in some Conspicuous part of the village in which the lands are situated and at the Talook Cutchery

2 The practice hitherto followed

followed in this District when Ryotwary lands had to be sold was to proclaim the intended sale by beat of tom-tom in the village in which the lands were situated as well as in the adjoining villages and to fix up the Advertisement at the Talook Cutchery—

3 I have now a case before me in which the defaulter whose lands have been sold for arrears of Revenue objects as to the Justice and validity of the sale on the ground that the Advertisement was not pasted up at the Choultry of the village in which the lands sold are situated—

4 If the Board should be of opinion that there is any good foundation for this objection it would seem the best plan to obviate future disputes that the lands in question should be put up to sale again—

6 See no reason to doubt the propriety of the decision of Government in the case of Memorialist Meer Ghoolam Ally complaining of discontinuance of Yeomiah enjoyed by his late mother.—	This decision will be communicated by the Board of Revenue through the Collector of Madras to the Memorialist.—
7. Satisfied that Memorialist Veerasawmy Naick of Madapoorum in Tanjore has no just right to the repayment of the sum alleged to have been laid out by him in the improvement of certain land, and even if circumstances were otherwise, are not disposed to entertain a claim founded on matters of 20 years ago.—	A copy of this para, will be furnished to the Board of Revenue, in reference to their Proceedings dated 19th June 1854, No. 265, for communication to the Memorialist.—

Decline

8. Decline to interfere in the case of Memorialist Moodahya Pillay Rowten of Tinnevelly complaining of refusal on the part of the local authorities to Conform to the terms of the cowle on which certain land was taken and improved by his father, as that cowle appears to have been unauthorized, and the rates of aſseſsment long paid without objection.	A copy of this para will be furnished to the Board of Revenue, in reference to their Proceedings dated 19th June 1854, No. 264 for communication to the Memorialist.—
12. Approve of the reduction of duty on salt from Rupees 3 to 12 Annas per maund.—	These paras. will be communicated to the Board of Revenue.—
13. Postpone the consideration of the question to substitute an excise duty on home manufactured salt for the present monopoly system still receipt of the salt Commissioners report on the different modes of administering the salt Revenue in the several Presidencies.—	

With

19598 Fort St. George 6th December 1855

16. With reference to the Memorial of W. T. Ramanoojah and P. Ramanoojah, senior and junior Jeeyengars of the Teroomalee Pagoda in Tripatty, decline to interfere with the arrangements sanctioned by Government for the administration of the Pagoda.	This decision will be communicated through the Board of Revenue to the Memorialists, in reference to their Memorial dated 15th August 1854.-
20. Cannot comply with the Memorial of E. Caletee Pillay praying for restoration to Office of Translator and Javabnevis in Collectors Cutcherry at Madras.-	A copy of this para will be furnished to the Board of Revenue in reference to their Proceedings dated 20th November 1854 No. 551, for communication to the Memorialists.

With

19599 Fort St. George 6th December 1855

21 With reference to the Memorial of A. Ruthnavaloo Chetty as to non renewal of a village lease in North Arcot, observe that it does not appear whether the Dusbundum Cowle referred to by the Collector in his letter of 29th June 1852, was confirmed or not by the Board of Revenue. If the former, think Memorialist has no valid ground of ~~com~~ complaint on account of non-renewal, on expiration of 30 years the term for which the lease was granted.-	A copy of this para will be furnished to the Board of Revenue for report with reference to the observations of the Honorable Court.
25. Approve of certain allowances by deductions from the Kistbundy Beriz being converted into money payments.	Will be communicated to the Board of Revenue.

Cannot

26. Cannot comply with the Memorial of Mooneappah Moodelly for restoration to the office from which he was removed in the Salt Department.—	Will be communicated to the Memorialist by the Board of Revenue through the Collector of Madras.
27. Owing to increased revenue of the Madras Collectorate, extended duties, and the possibility of the office passing into inexperienced hands by reduction of Salary, withdraw former orders and permit the appointment to remain on its present footing)	Will be communicated for the information of the Board of Revenue, with reference to their letter dated 21st December 1854 No. 615.

Bd No 3466

From the Secy to Govt —

Stating that the Government will on the receipt of a fresh tabular statement of the proposed Establishment for the division of the Poolevendla talook in Cuddapah submit it for the sanction of the Government of India, suggesting the division and transfer of certain talooks in Cuddapah Nellore Trichinopoly North Arcot & Bellary and requesting the Board in Communication with the local Officers to submit their opinion as early as possible both as respects the specific measures noticed and the general amendment regarding talooks and district boundaries

No. 1293

Extract from the Minutes of Consultation in the Revenue Department under date the 26th November 1855

Read the following letter from the Acting Secretary to the Board of Revenue

(Here enter 22d September 1855 No 2452)

Para 1. The Board of Revenue submit a correspondence with the Collector of Cuddapah on the subject of a representation made by that Officer as to the necessity of dividing the Poolevendla Talook into two Talooks to be under two independent Tahsildars instead of as at present one Tahsildar and a Deputy. The grounds of this proposition are the inconvenient size of the Talook and the consequent difficulty of controlling it in matters both of Police and Revenue The Collector states that the Poolevendla Talook is the largest and most mountainous of the District extending a distance of 60 Miles from North to south that it yields a revenue of two and a half lacs of Rupees that from its extent and populousness and its situation on the borders of the Mysore Territory as well as from the hilly and jungly nature of the Country frauds on the revenue and crimes against person and property are committed with impunity and that it cannot be thoroughly supervised either in the Police or Revenue Department by one Chief Officer As an evidence of the want of increased Superintendence in Revenue matters he mentions that in Fusly 1263 the amount of Revenue concealed by the Village Officers and brought to notice on examination in this single Talook was 2300 Rupees and it can hardly be supposed that the whole of the frauds were detected

2. The Collector proposes to designate the two new Talooks Cuddlary and Poolevendla and to assign to the former 133 Villages with a Revenue of Rupees 89041 and population of 95269 souls and to the latter 93 Villages with a Revenue of Rupees 119836 and a population of 76947 souls The establishments to suit the change as proposed by the Collector involve an additional monthly expense of Rupees 201-4 but the Board suggest some additions which would increase the extra charge to Rupees 213-4

per

per Mensem or Rupees 2559 annually.

3. From the information placed before them the Government are decidedly of opinion that the Poolevendla talook is far too large for one Tahsildar to mange efficiently and the special circumstances brought to notice by that Officer Viz the prevalence of crime and the extensive frauds on the revenue seem to them to make the proposed division very necessary The establishment for the two new talooks even as modified by the Board of Revenue appears however to be very moderate in some respects perhaps too much so. the Government will recommend the proposed arrangement to the Government of India for sanction but for this purpose it is proper that the proposed establishment for the two new Talooks should be shewn separately and the Board will be good enough to submit a fresh Tabular statement so arranged.

4. There is however another Talook in Cuddapah which seems to need division not less than Poolevendla Viz Gooramcondah this Talook is 75 miles in length from East to West and 48 in breadth from North to South and contains

a

a population of 127,000 souls. A Talook of this extent is utterly beyond the power of a Tahsildar to manage and as a consequence crime and fraud on the Revenue must be expected to prevail. From Pharoah's Gazetteer Map of the District Goorumcondah appears to be nearly bisected by a neck of the Royachooty Talook which runs down into it and as the last mentioned Talook is also a very extensive one it occurs to the Government that it might be a fitting arrangement to divide Goorumcondah into two Talooks and to add that part of Royachooty to the Easternmost of the two. Vailpaud appears to be the present Cusbah of the Goorumcondah Talook and might remain so after the proposed partition and Cottapully Dancolapully or some other suitable place on the high road from Cuddapah to Madras by the Balpully pass being made the Cusbah of the new Talook. A part of Goorumcondah appears to stretch far up to the North and including Poolevendla the most remote part of this

tongue

---

tongue might perhaps be advantageously transferred to the new Cuddree Talook.

5 In looking at the Maps of Cuddapah and of Nellore many Villages of the former District to the East of Cumbum are seen scattered like islands in the Nellore District it seems very desirable to transfer these villages to Nellore. Further if the Oodiagherry Talook is really as much scattered about the Nellore District as the Map would indicate it should cease as a separate Talook and be divided among the Talooks in which it is scattered as the Avilcondah Jaghire was in North Arcot.

6 Some other instances occur to Government in which interchanges between Districts would be beneficial. A part of the Vitticutty Talook in the Trichinopoly District shoots down like a long spit into Madura and there are some detached parts of the former Trichinopoly Collectorate wholly surrounded by the latter Madura and at a considerable distance from the general boundary. All these it

appears to the Government might be conveniently made over to the Marangapoory Talook of the Madura District in which they are entirely enclosed.

7 But it is also worthy of consideration whether it would not be well to transfer the whole of the last mentioned Talook from Madura to Trichinopoly The former is one of the largest and the latter one of the smallest of all the Districts under this Presidency. Madura contains 9000 square Miles Trichinopoly 3000 square Miles Marangapoory is bounded on the East by the Tondamans Country on the North and west by Trichinopoly and only on the South by the Madura District proper the station of Trichinopoly the seat of the head Revenue and Judicial Authorities of the District is nearly on the southern border of it. The proposed transfer would bring the Marangapoory Talook much nearer to the Courts and to the head quarters of the Collector

This

This Talook it is true now forms a part of Dindigul Sub Collectorate but though the distance from the immediate Revenue controlling Officer is thus lessened yet that of the Courts remains the same.

8 Another instance that may be mentioned is that of the Poonganoor Estate in the Cuddapah District. This Estate which is equal in extent to a moderate sized Talook lies at the extreme Southern point of Cuddapah and the Cusbah Poonganoor is ninety six Miles distant from the Town of Cuddapah the seat of the Courts and of the Chief Revenue Authorities on the other hand Chittoor the seat of the Courts and of the Chief Revenue Authorities of the North Arcot District is only forty four Miles distant and Palmanair the residence of the Collector for several Months of every year is only eighteen Miles The Estate is bounded on the East and South by North Arcot on the West by Mysore and only on the North by Cuddapah

The boundary runs up close to the Town of Palmanair and a part of the road up the Moogly Pass as well as a part of the Bangalore road beyond Palmanair lies within the Estate. This interlacing of jurisdiction is very inconvenient in such a locality and makes it difficult to secure person and property on the public roads especially as there is a population of the Boyee caste on both sides of the border. Under all the foregoing circumstances the transfer of Poongunoor to the North Arcot District would seem to be a desirable measure.

9 It is not improbable that there may be other instances in which transfers of Talooks or Villages from District to District or of Villages from Talook to Talook would much tend to promote the efficiency of the administration both Revenue and Police by bringing such detached and remote parts more directly within control and oversight. Such transfers have indeed been proposed in various cases from time to time but such proposals though carried into effect in some instances have in many others come to nothing in consequence of

The

the jealousy of District Officers not to part with more Villages than they received in exchange. The subject however ought to be regarded from a higher point and if that is done many of the difficulties which have hitherto impeded such interchanges will disappear

10 The Government have also observed from the Map of Nellore the small size of the Talooks. That District contains nearly 8000 square Miles of which about a third is under permanent settlement the remaining two thirds or 5500 square Miles is divided into seventeen Talooks. Cuddapah containing 13000 square Miles and with only a small part under permanent settlement has only fourteen Talooks. Bellary containing 13000 square Miles all under Ryotwar has seventeen Talooks and south Arcot containing 7500 square Miles nearly all Ryotwar contains thirteen Talooks. Some of the Talooks in Bellary and Cuddapah are no doubt much too large and it is now proposed to divide two in the latter District probably also the number might

be beneficially increased in some other Districts but there seems to be no doubt that the Talooks of Nellore are too small. They average about 323 square miles while those of Cuddapah Bellary and South Arcot average about 858,765 and 577 square miles respectively The pay of the Nellore Tahsildars ranges from Rupees 70 to Rupees 140 the average of all being Rupees 90 and by lessening the number of Talooks it would be practicable to increase the salary of the Tahsildars. The Government apprehend that the number might very advantageously be reduced from seventeen to fourteen or perhaps even to thirteen.

11 The Right Honorable the Governor in Council requests the Board of Revenue will in Communication with the local Officers give them early and careful consideration to the several suggestions offered in these proceedings both as respects the specific measures noticed and the general amendment of Talook and District boundaries They

They will be pleased to submit their opinions on the former at as early a date as may be convenient and on the latter from time to time as may be in their power The Government will only add that as the District Maps are now about being lithographed it is desirable that no time should be lost and it will be proper also that the earliest attention should be given to those Districts of which the Maps are already in the hands of the Lithographer.

No. 1514

Extract from the Minutes of Consultation in the Public Department dated 27th November 1855.

Read the following letter.—

To, T. Pycroft Esqre.
Chief Secretary to Government
Fort St. George.

Sir,

I have the honor to forward, for the inspection of the Right Honorable the Governor in Council, the accompanying envelope of an official Memorandum addressed to the Tahsildar of Ootramaloor in this District by the Tahsildar of the Poloor Talook in North Arcot, which was charged with a Bearing Postage

of

of one Rupee and Eight Annas at Arnee under the Postal Rules now in force. The Tahsildars are at present only authorized to frank within their own Districts, and the liberty taken by the Poloor Tahsildar in franking his communication to the Tahsildar of Ootramaloor has, as it will be seen, been disallowed at the Post Office. As the latter Officer has, however, opened the communication thus addressed to him, and he cannot properly be charged with the Postage due thereon, I beg to request that the sanction of Government may be obtained for its remission to him.—

I am aware that this application should be submitted through the Post Master General, but as that Officer had on a previous occasion, declared himself incompetent to move in a somewhat similar matter, I have deemed it preferable to save time to address you on the subject direct.—

I

19622. Fort St. George, 6th December 1855

I would take this opportunity of venturing to suggest that the Post Office Rules should be modified to meet the case of Tahsildars, and other Native Revenue, and Police authorities, having to correspond beyond their own Zillahs, and that the privilege of franking which is now limited to their immediate superiors in their own Districts, should be extended to the constituted authorities beyond them; in view to their communicating with facility and despatch and concerting measures for the suppression of Gang Robberies or the apprehension of thieves and suspicious characters, as well as upon other subjects on which they cannot but have to correspond, and which it is needless to mention, to prove the advantage to the Public Service which the Privilege, if accorded, would convey.-

From the Collector
of Nellore

Sir,

With reference to the Circular from your Office dated 14th September last No. 2383, I have the honor to state that no definite rule is in force in the District as regards the grant of rent free backyards, but from 1829 it has been the practice to allow one Coontah to be enjoyed free of Teerwah if cultivated with the superior Tareeb or garden products and to bring all excess beyond that, to account.

1/16th part of a Gorto

2. There are no means of furnishing the information required by the Board as to the extent of land occupied as backyards, and the number and assessment of the holdings, unless by actual measurement. This has accordingly been ordered

ordered

ordered, but owing to the vexatious scrutiny it involves, the proceeding is disliked, and I have accordingly received a Petition from certain people of the Rachwar caste strongly remonstrating against it. To measure so large a number of petty irregular areas, inconveniently situated at backs of ryots' houses, would likewise be a measure involving a great amount of labor on the Subordinate Talook and Village authorities, and would probably lead to a misconception of the views of Government in ordering it. I have reason also to think that it is taken advantage of to make petty exactions.—

Under

3. Under these circumstances, I beg to be favored with the Board's instructions as to whether the measurement should be proceeded with, and if so, whether it might not be confined to exceed the authorized extent of 1 Coontah, actually cultivated.

Extract from the Minutes of Consultation under date the 27th November 1855.–

Read the following letter from the Magistrate of Nellore.–

(Here enter 25th October 1855 No. 26)

In para 4 of Extract Minutes of Consultation dated 12th Ultimo the Collector was directed to report through the Board of Revenue on the length of residence of the Sub Collector at Ongole during the last 5 years, and the Board in submitting his letter to Government were requested to state what arrangements they would suggest for giving effect to the wishes of Government expressed in the Extract Minutes of Consultation.

2 As the necessity of vesting the Ongole Moonsiff with Magisterial powers depends principally on the decision to which Government may come, as to the proper place of residence of the Sub Collector and Joint Magistrate, the Government will defer passing orders on the letter above recorded until they shall have received the Collector's return with the report of the Board of Revenue

Bd. No. 1696

From the Acting Collector

of Nellore

Sir

I have the honor to acknowledge the receipt on the 15th Current, of the Circular from your office dated 31st Ultimo No. 1331 calling for a report on the subject of the old outstanding Balances in this District.

2 The amount of these as ascertained from the Accountant General is entered at Rupees 267367 – but this is to the end of Fusly 1262 and not Fusly 1263, as stated in the Circular under reply. A large portion of this sum, moreover, as been lately sanctioned to be written off whilst application for the remission of a further portion

Ex Mins. Cons: 2nd June 1854 Communicated with Bd. Pro: of 2d idem

Ex Mint. Cons: of 27th Decr. 1864 Communicated with Bod. Pro: of 4th January 1855.

Fort St. George 7th December 1855

Jummabundy report for Fusly 1263 dated 5th Decr. 1854 para 39

To. Bd. 13th Apl. 1855.

Do. : 4th May – "

portion has already been made; the net balance to the close of Fusly 1262 remaining to be adjusted being but Rupees 15950-4-2 as shown in the accompanying figured Abstract to this, however must be added the balance remaining uncollected to the end of May 1855 on account of the last famine year 1263, amounting to Rupees 52524-11-8 making the aggregate balance to be disposed of under all heads Rupees 68474-11-8. This according to the course already enjoyed will be reported upon in the Settlement Report of the Current Fusly 1264 unless the Board wish to have a separate and special Communication on the Subject.

Proceedings thereon (142-143.)

1. Appellant was placed on his trial on two Counts under C. 4 and 5 Section 2 Regulation IX of 1822 Vizt

1. Making false entries in the public accounts, by inserting among the records four fabricated documents.—

2nd. Falsifying a public accounts by making two fraudulent alterations in it.—

It is alleged that the frauds were Committed to benefit the Defendants in O. S. 75 of 1845 on the file of the Salem Subordinate Court, and the proof upon which appellant was Convicted is that he procured Copies of the above 5 documents to be given to the defendants with the official Seal and Signature of the Collector for the purpose of aiding them in defending that suit.—

2 In the deposition taken by the Collector from Tooteecolum Ramah, Vakeel of the Prosecutors (the Plaintiffs in the suit before the subordinate Court) it is stated that there is no other proofs It is averred indeed that the Defendants got Appellant under their influence and bribed him but there is no evidence to establish this point or to shew by whom and when the forgeries were made and when the 4 papers which constitute the

---

19638

Fort St. George 7th December 1855

the 1st Charge were fraudulently introduced into the public records.—

3 After considering the entire proceedings the Board Concur with the Collector in opinion that the four documents alluded to in the 1st charge are shown by the reasons given in his decree to be fabrications and that the documents to which the 2nd charge refers has been clearly altered for a fraudulent purpose. The situation of record keeper which the appellant held and the part which he took in obtaining authenticated copies of these fraudulent documents for the defendants in the suit raise a very strong suspicion against him, but legal proof is wanting for his guilt and it is not impossible that the fraud might have been Committed by others without his knowledge. The penal sentence of fine and imprisonment passed by the Collector must therefore be annulled but the Conduct of the appellant in obtaining copies of these 5 documents for the defendnts in the suit has been so suspicious and marked by such carelessness and disregard of duty as to create a presumption of guilt against him, and the Board would have considered his dismissal necessary had he still

19638 Fort St. George 7th December 1855

still been in public employ this not being the case the Board are of opinion that he has been justly deprived of his pension as the direct consequence of his misconduct was the perversion of Justice, and whether this arose from carelessness or complicity the public interests require that such misconduct must be signally punished and repressed.—

4 From the papers before them the Board are led to suppose that after the record keeper had prepared copies of these 5 paper, the copies and originals were not compared by some responsible servant in the Sheristah or Moonshy Departments of the Hoozoor Establishment, before the Collector signed the Copies. If such a practice still obtains it should be altered as giving the record keeper encouragement and opportunity for practising frauds.—

Revenue Bd. Office
Fort St. George
7th December 1855

(Signed) G. S. Forbes
Ag. Secretary

Read

months sooner than they were, there would doubtless have been more land tilled than there actually was. As it was, the extent of Cultivation was such that had the settlement been made at the old rates of assessment, the outturn of Revenue would have been higher than it has ever been in any former year.—

Prices. 6. It will be seen by Statement No. 6 which accompanies this that the price of the Principal descriptions of agricultural produce ranged high throughout the year in every talook of the District. This is to be accounted for partly by the circumstances of there having been but a small stock of Grain in store during the first half of the Fusly, in consequence of the failure of the crops in the year before, and partly to the Government demand upon the Ryots having been so much lightened by the reduction in the assessment on the land that they were not forced to part with their new produce when prices were low but were able to keep back

their

their stores till they could sell at higher rates. The demand also in Ceylon and other places for the common kind of Rice caused a considerable export and thus tendered to keep up the price in our District markets. The marginal Table shows the quantity of Paddy and Rice exported from Cuddalore and Porto Novo during Fusly 1264 as compared with the previous year.—

Paddy and Rice Exported.

Fusly	Indian Maunds.		
1263	40,389	..	..
1264	26,576	..	..
Decrease	13,813	..	..

7. The following exhibits a comparison between the average rates at which the chief Grains were sold throughout the whole District during Fuslies 1263 and 1264 and also between the average Prices which obtaind during the ~~same~~ periods at the four principal markets of Cuddalore Chellumbrum, Punroothy and Trinomallay. The average for the entire District is, somewhat lower, as might be expected, than that of the selling prices at the four large Towns but it must be remembered that the transactions at

the latter are almost entirely confined to the wholesale Grain merchants, who are able to keep up prices, and that three of the Towns are situated very conveniently for exporters to purchase what they require for Foreign Markets.-

	Average price per Garce for the whole District for Fusly 1263.			Average price per Garce for the whole District for Fusly 1264			Average price per Garce at the four Principal Towns for Fusly 1264		
	Rupees	a	p	Rs	a	p	Rs	a	p
White Paddy	100	15	1½	126	2	2	138	2	11
Coarse Do.	81	15	5¼	106	9	1½	120	2	5
Cholum	155	9	½	163	〃	½	178	3	10
Cumboo	128	4	1¼	152	7	3	172	2	〃
Horse Gram	182	15	1¼	196	3	6	208	7	〃
Natchny	127	4	11¾	155	10	7¼	163	5	4

8. The next Table shows at what places and by whom each of the Talooks of the District were settled.-

Table

Talooks	By whom settled	At what places
Trivady	Mr. Hall Collector-	Punrootty & Puttambankum
Munargoody		Cusbah Munargoody
Chellumbrum		Ammapettah
Cuddalore		Cusbah Munjacoopum
Tindevanum	Mr. G. S. Forbes Acting Sub Collector	Cusbah Tindevanum
Villapoorum		Nullavanoor
Trinomallay		Cusbah Trinomallay
Trecullore		Cusbah Trecullore
Chaitputt.		Cusbah Chaitputt.
Bowengherry	Mr. J. Banbury Head Assistant Collector in charge-	Coiroonjipaundy
Virda chellum		Cusbah Virdachellum
Ellavanasore		Trioovananellore
Cullacoorchy.		Cusbah Cullacoorchy

9. Being anxious to obtain all the information I could regarding the two Southern Talooks of Munargoody and Chellumbrum, I thought it desirable to make the Jummahbundy in them myself leaving Mr. Banbury the Head Assistant to settle the four Talooks which have hitherto formed

the Sub Collector's charge.—

10. It does not appear to me that I can here give any further useful information in regard to the sources of Irrigation which exist in this District and to the general statistics of the country than what I submitted with my Report for Fusly 1263 and what is contained in the Quinquennial Statements furnished for 1260. Unless annual Returns are made instead of Quinquennial ones regarding the sources of Irrigation the population and the Rent Roll, it is not possible to mark the changes which are taking place, and I do not think the Board would wish to have information on such points unless dependance can be placed on its correctness.—

11. Statements A and B in No. 2 will afford all the information which seems required in regard to the stock of the Ryots and the actual number of Ryots and Puttahs.—

Less	1,50,148-..-2

12. The Board will observe by the following Table that the Beriz on the entire extent of Land which the Ryots engaged to Cultivate under the Dittum rule, for Fusly 1264 is Rupees 1,50,148-..-2 less than that of the Dittum for the previous year. This very large difference in the gross assessment (not including kusser or Tazul jastee) of the Land engaged for cultivation in the two periods is occasioned by the circumstance of the revised rates of assessment being given for the 10 Hoolofs Talooks for the latter Fusly, while for the former one the old rates which then obtained, are shewn for the whole District. The extent of the Land included in the Dittum of last Fusly was in reality a considerable deal greater than that of Fusly 1263, as shewn below—

Table

19229.

Fort St George, 1st December 1855.

Table.

	Dittum of 1263.					Dittum of 12.64.				
	Extent of Land		Teerwah			Extent of Land		Teerwah at the revised rates		
	Cs	as	Rs	a	p	Cs	as	Rs	a	p

19230.

Fort St George, 1st December 1855.

The amount of the subsequent additional Cultivation, not included in the Dittum account is also exhibited in the foregoing table but separate from the actual Dittum.

13. This cultivation was not so extensive as it was in the preceding fusly 1263, but this susceptible of being explained by a reference to the fact that in the former year the Ryots were so much alarmed about the prospects of the season that they held back as much as they possibly could from binding themselves down to cultivate Land, which they knew they would be allowed still to bring under the Plough, if they chose, after the Dittum was closed.

14. I need here make no remark upon the system of the Dittum as it has prevailed in this District, as I have already expressed my opinion against it and it has been suspended from operation by orders of the Board dated 20th November 1854 (Para 4).

15. The following is a Statement shewing

Cabilcat
Bunjer
remitted

the extent of Land of which the teerwah was remitted at the time of Settlement, on account its not having been brought under cultivation although it was included in the Dittum agreements.-

Items		Land		Teerwah		
		C.	c.s	Rs	a	p
Poonjah	Land left fallow	2,974	10	9,581	7	6
	Other waste	291	11 3/8	798	15	10
		3,266.	5 3/8	10,380	7	4
Nunjah	Land left fallow	2	8 1/2	19	2	7
	Other waste	130	13 3/4	791	2	1
		133	6 1/4	810	4	8
Garden	Other waste	„	1 1/4	„	8	11
Total	Land left fallow	2,977	2 1/2	9,600	10	1
	Other waste	422	10 3/8	1,590	10	10
		3,399	12 7/8.	11,191	4	11

16 The extent of Land which came under this remission amounted to Cawnies 3,399-12 7/8 assessed at $\overset{Rs}{11,191}$—$\overset{as}{4}$—$\overset{p}{11}$. and bearing the unusually small proportion of a trifle more than 3/4 per Cent to the Dittum.- The greater part of it was Land left fallow for which remission is always allowed, while the remainder was Land which the Ryots were prevented from cultivating in consequence of a failure of the required supply of water.-

The

C. Burton.-

17 The total extend of actual cultivation exclusive of the Cabooleat waste for which remission was allowed, is shown in the following table in comparison with that of the preceding Fusly.

No. 10.

		Extend of Land cultivated.			Gross Teerwah under the old rates.			Deduct permanent reductions in the assessment in the 10 Koloos Talooks & the Jaghire.			Assessment under the Revision.
