No. 315.

To,
G. S. Forbes Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

157.

Bd. No. 3079. Sir,

From the Collector of Tinnevelly

Reporting in reply to the Board's letter of 25th April 1855 upon the difference between the reported and actual value of the Village of Mallancolum recently acquired from the Travancore State in exchange for the Company's Village of Poolary.

1. I have the honor to reply to your letter of 23d April on the subject of the difference between the reported and actual value of the Village of Mallancolum recently acquired from the Travancore state.

2. I regret that the fact of a difference was not brought to the notice of the Board immediately after the transfer of the Village but as the arrangement was already completed and it would have been altogether inexpedient for many reasons to give up the Village again there seemed to be no immediate necessity for reporting to the Board before the exact value of the acquisition had been ascertained. The cause of delay in ascertaining the value has already been explained, Viz. the difficulty of measuring the lands which were

under

under Cultivation at the time of the transfer &
and the calamitous nature of the following
season when it was thought better not to in-
terfere with the order of things to which
the Villages were accustomed.-

3. It will be seen from the accompanying
Copy of papers received from the Resident of
Travancore, that what was stated in his letter
of 14th September 1816 as the average revenue
derived from Malliancolum, was in fact as
the Beriz of a particular year and that as
it included several Items of an occasional
description and no deduction was made
for the pay of the Curnoms and Thundul-
-cauns. It will be seen also at foot of
Statement that the average Collections for
7 years mentioned in para 1 of my letter of
23d March last was incorrectly stated by
the Curnom it should have been Rupees
1602 instead of Rupees 1537 after deducting
pay of Curnoms &c.-

Enc: No. 1 dated 24th July 1835.

Enc: No. 2.

4. The point of importance however

is whether the Company's Government is a loser
by the exchange of Pooliary for Malliancolum-

5. From the subjoined comparative
table of the actual Collections of the Villages
which were exchanged for 10 years preceding the
transfer it will be seen that too high a value
was accidentally assigned to them both and
from the Statement given in Enclosure No. 3
it will be observed that taking the values of
the respective villages according to arrangement
proposed in my letter of 5th September last
for reducing the assessment and an alteration
I am about to submit for approval in the
rate of assessing certain tanks in Malian-
-colum set down in my letter of 23d March
last the remaining values are in favor
of Malliancolum and that the Company's
Government will be rather a gainer by
the exchange.-

Total	17328			15832.	
Average	1733			1583	

6. The Village of Malliancolum being situated on the borders of the Sharennadavy Talook is placed under the management of the Sub Collector in whose Division that Talook lies. But the Summahbundy of the Sub Collectors' Talooks having been made by me for last Fusly the affairs of Malliancolum were brought more immediately under my own notice than they had been before. At the request of the Ryots the wet lands have now been measured and the result giving an increase of seed Wercals 19-5-5/8 above the extent mentioned in my report by reducing the Travancore Ayacut extent to our standard admitted by the Ryots. The Settlement was made according to the recommendation contained in my letter with one exception above referred to, and which I now beg to lay before the Board for their favorable consideration as it involves some decrease in the Beriz.—

7. The Ryots objected that the Mail: =warum rate proposed to be placed on the lands under 3 rain fed Tanks in the Hamlet of—

of Poothoscoody according to that of the neigh-
=bouring Caracoorchey rain fed Tank lands as
Grain Cottahs 2—18—3 Mors Rs was too heavy and much
in excess of the old Travancore rate of Grain
Cottahs 1—5—5 and begged that the Karlwarum
rate of another near rain fed Tank lands of
Cooloomady might be taken instead amounting
to Grain Cottahs 1—11—3 and as it appeared as
that the objection of the Ryots was reasonable
I granted their request for that Fusly subject
to the Board's approval for future years as
which I hope will be accorded - The difference
of Beriz as the Board will perceive will be
126 Rupees on the ayacut and 56 on the as
exctent of Cultivation in last Fusly, but the
effect on the average Beriz I believe would
be advantageous as it is probable that at
the rate first proposed a good deal of
land would always be left waste -

8. Connected with this subject as
I have to bring to the notice of the Board
a correspondence which has taken place as

with

+ Encl: No 4.

× Encl: No 5.

with the Resident of Travancore regarding future
duties which since the removal of our as
Chowkey from Pooliary to Elvunjee the
people of the Shencottah Talook of Tra-
=vancore have become subject to - The duty
collected on Export not intended to go
through the Pooliary Pass into Travancore
proper but for consumption in Shencottah
Talook during Fusly 1264 was Rs 234-2-6 -

Do on Imports from
Travancore Villages lying
east of the Pooliary pass
in the same Fusly Rupees - 46—13—11 -

9. I beg to recommend that these duties
may be remitted on the principle recognized
by the Government in their letter to the as
Government of India dated 29th April
1857 para 2 "to liberate from frontier as
duties articles of local consumption as
and petty traffic" and under the same as
precautions as duty is now remitted on
articles passing a Company's Chowkey as
from

Sir,

With reference to your letter of the 13th Ultimo, No. 1125 and my reply thereto No. 1180. dated the 27th Idem, I have the honor to submit herewith a Statement marked A since received from the Tahsildar of Shencottah shewing the Items of the revenue of the Malyancolum or Manyam composing the Ayacut amount of Rupees 4462—8—11. the average or Voothepoo amount of Rupees 1615—4—10 as it stood at the time the Voothepoo system was introduced Viz. in 998 and the latter amount as it stood in 1020.—

It will be perceived from the above Statement that the Voothepoo amount of revenue as established in 998 was Rupees 1615—4—10 while the same amount is furnished to you by the Dewan Peishcar in 1846 according to the Collection

of 1020 was Rupees 1916–8–0. The difference of Rupees 301–7–2 is accounted for as follows.–

As the Voothiepoo system was made applicable only to the several Items of Revenue comprehended in the permanent Ayacut certain Items of Exctra revenue stood unaffected thereby and the amount recovered under these latter Items in 1020 as exhibited in the lower part of the Statement, Viz^t., Rupees 154–12–7 together with an adeditional amount of revenue recovered in 1020 on reclaimed lands &c^a. the same as affected by the Voothiepoo and amounting Rupees 146–10–7 was added to the Voothiepoo amount of 998. namely Rupees 1615–0–10 which made the total amount of Voothiepoo equal to Rupees 1916–8– the amount as furnished by the late Dewan Peshcar Rashava Pillay in 1846.–

From the above it will be evident that the account furnished by you to the Collector of Tinnevelly in 1846 was a correct one and that the Curnom must have made some mistake in his account of the revenue of

+ 1761–11–0
146–10–7

* 154–12–7
146–10–7
1615–0–10
1916–8–0

of the Malayancolum Mangum although I cannot now exactly conceive what that mistake could be.–

I also submit herewith another Statement marked B shewing the Collections of revenue for 10 years between 987 and 996 both inclusive on which the average or Voothiepoo was struck.–

You are aware that the Voothiepoo was calculated only on the Collections for 10 years and not on the amounts of demands for these years in order to avoid any cause for dissatisfaction on the part of the Ryots and that the intention was to limit the system as a trial to 3 years although circumstances have not hitherto permitted the intended revision of the Voothiepoo system.–

Hoozzoor Cutcherry, Trevandrum 21st July 1855.

Encl. No. 5

No. 1552.

To C. J. Bird Esqr.

Collector of Tinnevelly.

Sir.

I have the honor to submit for your consideration an Original Petition from certain Inhabitants of Shen Ratah representing the inconvenience they experience in the position of the present Chou Key at Elanjie as compared with the system that obtained when the late Chou Key was at Pooliary. the grain and other articles passing from one Maniem to another or from Shencottah to Tencausey and vice versa for the sole use of these Districts are now charged duty as if they were going to and from Travancore, while formerly they were exempt from all such exactions.

I would request the favor of your enquiry into the circumstances and whether any remedy for the present inconvenient system could be suggested.

President's Office
On Circuit
Courtallum 15th August 1855

I Signed I W. Cullen
President

To

1964 Fort St. George 8th December 1855.

To Lieutenant General W. Cullen
Resident of Travancore.

Sir,

With reference to your communication dated 15th August last No. 1552 giving cover to an original Petition from certain Inhabitants of Shencottah herewith returned I have the honor to state that I do not feel authorized to direct the discontinuance of the practice of collecting duty on Grain and other articles passing from Shencottah to Tencausey &c and vice versa as it would be an infringement of the provisions of Act No. VI of 1844.

The Chou Keydar of Pooliary was directed by an order from this Office dated 20th October 1852, not to stop articles covered by pass ports passing from one place to another in the Travancore state by one Frontier chou Key since the receipt of your letter under reply another strict order has been issued to the Chou Keydar to the same effect.

Ordered that the following letter be sent in reply.

15758.

To The Collector of Tinnevelly.

B No. 3289.

To the Collector of Tinnevelly

Sir,

I am directed by the Board of Revenue to call for further information on a subject alluded to

Fort St. George 8th December 1855.

to in the concluding part of your letter of the 18th October.

2. In Para 8 of this letter you bring to the notice of the Board a correspondence which has passed between yourself and the Resident of Travancore regarding the levy of frontier duty on petty articles passing between villages belonging to the Travancore Government situated East of the Poolicary pass, & from them to Tencausey.

3. General Cullen states that articles passing between the places thus situated did not pay duty previous to the removal of the Company's Customs Choukey from Poolicary to a place called Elunjee and that the collection of the duty on provisions and petty articles is felt as a grievance by the people in the letter under reply you suggest that these duties should abandoned as being of very trifling value and of a vexatious nature. the Board are not aware of the circumstances under which the change in the position of the Choukey was made and desire to be informed on this point as

as well as regarding the general results of the Measure and the desirableness or otherwise of continuing the Choultry in its present position.

4. I am to request that you will also mention what are the precautions which you allude to as being observed in permitting the transit of articles of local consumption and the petty traffic from one part of Travancore to another through a Company's Choultry and which you propose should be taken in the case of these Villages in the event of articles passing between them being allowed an exemption from duty.

5. The information called for by the Board should be furnished as early as possible in order that and other subjects treated of in your letter may be finally disposed of.

159

B No. 3179
From the Collector
of South Arcot.

Sir I have the honor to request that you will be so kind as to obtain for me the instructions of the Board of Revenue as to whether I ought, for the future to require the Villagers themselves to put up boundary marks round their villages when surveyed by Captain Priestley, as I am apparently empowered to do so by Section I Act XX of 1855 published in the Official Gazette dated 11th. September 1855 or whether such boundary marks should in the first instance be erected at the expense of Government as they were in those Villages in which I had them built before the publication of the Act in question.

2. Hitherto I have charged against the Survey the expense incurred

incurred for putting up these permanent marks.

3. The marks which I have generally adopted are square pillars built in brick and chunam standing between 2 and 3 feet above the ground and with the same depth of foundations.

4. The average cost in the Pasumcottah Taghire villages was about 10 annas for each pillar, but the numbers of course vary in every village according to it's size or configuration.

For

B. No. 3249

From the Collector of Tinnevelly

Reporting upon the Settlement of the Land & Exctra Sources of Revenue of this District for Fusly 1264.

161.

To G. S. Forbes Esqre
Acting Secretary to the Board of Revenue
Fort St. George

Sir

Para 1 I have the honor to submit the following report upon the Settlement of the Land and Exctra Sources of Revenue of this District for Fusly 1264. A.D. 1854/55 and to forward agreeably to the instructions of the Board of Revenue contained in Para 2 of Extract from their Proceedings Dated 18th January last, the several A to D and accounts as per accompanying list prepared numbered 1 to 16. according to the forms previously in use.

2. The subjoined table No 1 will shew by whom the distribution of Puttahs was superintended in each Talook at the Immahbundy of the Fusly under report, and the names of the places within each Talook where the distribution was made. Of the 13 Talooks composing the collectorate of Tinnevelly the Settlement of 9 Talooks, 5 in the Principal Division and the 4 lately attached to the

Fort St. George 8th December 1855

the Sub Division, but of which two / Streevilly poottoor and Shenkerninar covil / have recently been taken under the Collectors' management / Vide Extract from Proceedings of the Board of Revenue Dated 19th April last / was made by the collector, leaving the remaining 4 Talooks including the two / Nunganachery and Vellyoor / which lately formed the Revenue charge of the Head Assistant, but are now placed under the Sub Collector to be settled by that Officer.

The Settlement of the last named two Talooks was made in the preceding Fusly by the collector so that in the two years the Revenue charges of the Sub and Head Assistant collectors have been visited by the collector agreeably to the circular order of the Board of Revenue Dated 3d October 1853. The working of the exchange of Nanganachery and vellyoor for Streevilly poottoor & Shenkerninar covil Talooks in the Sub Division will be

Fort St. George 8th December 1855

be more particularly noticed in the next Jummahbundy Report. Thus far the advantages expected from the arrangement have been perceived without any Counterveiling disadvantages.

It will be noticed that no Puttahs were distributed by the Acting Head Assistant Collector. The reasons of this were partly that of the Talooks now placed under the Head assistant Attapedarum and Punjamahl, the former was settled in the last 2 or 3 years by the assistant and now acting Head assistant Collector, and partly in order to allow Mr Swinton as much leisure as possible to prepare for the examination which he was to undergo in July.

District Officers	Talooks	Places in each Talook where Jummahbundy was made.

3. The following Statement No 2 exhibits the several descriptions of Villages in the District compared with those in the previous year. No 2.

19671.

Fort St. George 8th December 1855

4. The increase of 4 Villages under the Head of Kunjah Aloongoo, was caused by one Pottom, two Poroopoo, and one Cuttoogootta Village, having reverted to Ayen the first at the request of the Pottoindar, the 2 Poroopoo Villages in consequence of the death of the holder of one of them, and the application of that of the other.— The Cuttoogootta Village Cancolum was brought under the head of Ayen under the sanctions granted in Board's Proceedings of 22d May 1852.—

The decrease of 6 Villages under the Head of Amanee is owing to those Villages having been at the request of the ryots rented for one year during the Fusly under report.—

5. The esctent of ayacut and the cultivation of Fusslies 1263 and 1264 under the principal source of irrigation in the District, Viz: the river Tambraparny as well as under the minor rivers, and Ponacolums, is given below.—

The

1967

Fort St. George 8th December 1855

Season

6. During the carr Season or from may to September 1854, the South west Monsoon having partially failed there was a decrease in cultivation of seed cottahs 4088 both under Agapat and Poinacolums, the most part of this occurred in the two Southern Talooks of Nengumchery and Vullyoor and in Streevilly poottoor and Shenkerninarcovil Talooks— The Season for Peshanum having been very favorable from seed to harvest time the Tanks and Chamels received an abundant supply of water, and the total Cultivation under agapat and rainfed Tanks was seed cottahs 9302 in excess of the previous year. So taking the results of both Seasons the net increase in favor of the year under report was seed cottahs 5213.—

7. Owing to excessive falls of the North east monsoon the season for Poonjah was not altogether very favorable and there was therefore a decrease in cultivation to the extent of 3616 chains— The extent of land taken up for cotton crops was greater by chains 275 than during the previous year.—

8. The general State of health of the people of the District was good, there having been only a few cases of cholera and small-pox, and little or no mortality among cattle.

9. The following statement A.B. presents in one view the extent of Dry and wet lands cultivated in the two past Fusilies.—

10. The unfavorable character of the Peshanum season of Fusly 1263 and the consequent total and partial failure of crops combined with the decrease of cultivation and deficient produce in cair of Fusly 1264 caused an increase in the market price of paddy at the periods which govern the Commutation price of the Settlement and consequently the Settled price for cair of the Fusly under report exceeded that of the previous year by annas 10 L. 53/64 while that for Peshanum fell below that of the previous year by L. annas 4 6/32 inconsequence of the favorableness of the season for that crop and the merruck for cair and Peshanum taken together was L. 0 33/64 less than that of the previous year.

Fort St. George 8th December 1855.

13. On reference to Statement No. 8 it will be seen that in the Runjah Maraput Villages there is a total decrease in cultivation of Seed Cottahs 4116 in Curr. of Fasly 1264 both under Agaput and Ponacotums, and a total increase of Seed Cottahs 9461 in the cultivation for the Peshanum owing to the character of the season for that period. From which deducting the value decrease of Seed Cottahs 4116, the Net increase stands at Seed Cottahs 5344. The increase in Cultivation has produced a Corresponding increase in revenue of Fasly 1264 over that of Fasly 1263 of Rupees 3704-1-1

18. The falling off of Seed Cottahs 39 exhibited in the foregoing Statement No. 13 as decrease in the Cultivation of Lands paying Poroopoo or a favorable assessment in Money for Fusly 1264 is only nominal, having

Fort St. George 8th December 1855.

having been caused by the transfer to the head of Oloorigoo in the year under report of 2 Poroopoo Villages. I as before mentioned on the death and the other at the request of the Poroopoodar.

19. The decrease under Items No. 1 in the subjoined Statement No. 14 of Seed Cottahs 1079 in Cultivation and Rupees 33025 in Beriz is a difference in Account only, resulting from the 8 Kinds of specially taxable produce hitherto retained under this Head having been in the Fusly under notice assessed with the Land tax and incorporated with Punjah lands agreeably to the orders of the Board of Revenue conveyed in para 7 of their Proceedings dated 18th January 1855.

20. The increase of Seed Cottahs 693 and Rupees 2381 in the total Cultivation and beriz respectively of the remaining 2 Items Viz. No. 2 & 3 is attributable chiefly to the Season having been propitious for the cultivation of the Punjah mail poonjah products.

21. Notwithstanding the above increase under the 2d and 3d items there is shewn a decrease in the aggregate of the Punjah mail poonjah Cultivation and beriz of Fusly 1264 of Seed Cottahs 386 and Rupees 30644 respectively owing to the cause assigned for the decrease under Item a No. 1.

No. 14.

1969.

Fort St. George 8th December 1855.

22 From Statement No. 15 relative to the 4 experimentally assessed Villages it will be seen that in the Fusly under report there is a decrease of Seed Cottahs 113 in Nunjah including Punjah melnunjah, and of 19 Mercals and 6 measurs in Baugayet causing a net decrease in Beriz of Rupees 947-6-6.

23. Under the Head of Poonjah there is a trifling increase of chains 33 in cultivation and a preponderating augmentation in beriz of Rupees 335, caused chiefly by lands bearing a higher rate of assessment having been cultivated to a greater extent in the past than in the preceding Fusly.

Poonjah

24 The Season for Poonjah was not altogether favorable, the excessive falls of rain during the seed time having prevented cultivation of sevvel (red soil) land to the usual extent and caused the decrease shewn in cultivation of chains 4.319. Nevertheless there is an increase in Beriz of Rupees 1658 owing to a greater breadth of highly assessed Carroosal (black cotton soil) land for which the season was peculiarly propitious having been cultivated than in the previous year.

25. The increase in cultivation of chains 128 and in Beriz of Rupees 240 under Item No. 2. in the foregoing Statement No. 16 is consequent on the favorable nature of the season.

26. The increase in cultivation and Beriz under the 3d 4th Items took place chiefly in the 2 Northern Talooks of Shreevelly poottoor and Shenkerninarcoil, where the Nunjah crops were attacked by a wide spreading disease produced by excess of rain

rain at the Peshanum season, and the Ryots therefore were obliged to extend the cultivation under wells in order to compensate for the loss of their Nunjah crops.

27. The decrease in the revenue derived from the 5th Item is owing to certain dry lands in the Shreevilly poottoor Talook paying only Deshavil fees in grain when cultivated for a 2d Crop having been cultivated to a limited extent in the preceding year consequent on the season having been as mentioned in a former para adverse for the tillage of red soil land.

28. The extent of land entered under Fusly 1264 in the last Item No 6 is the quantity of Nunjah ayacut land under Ponocolums and Minor rivers beyond the reach of irrigation cultivated during the Fusly under the advantageous rule sanctioned in Extract from the Proceedings of the Board

Board of Revenue dated 2d August and 28th September 1854. These lands are entered in the loose accounts accompanying (which have been prepared according to the forms used in Fusly 1261) under the Head of Poonjah, in consequence of those forms not containing any Column to enter the amount of Teerwah Cummee as was the case in the new forms employed for Fusslies 1262 and 1263. A Statement No. 17 is given to shew the particulars of the extent of cultivation under this Item.

29. On the whole there is a net increase in Revenue of Rupees 4,338-7-4 under the Head of Poonjah notwithstanding the decrease in cultivation exhibited in the foregoing Statement No. 16.

No.

No. 17.

Statement shewing how much of the excess Nunjah Ayacut under minor rivers and Ponacolums has in Fusly 1264 been cultivated as Poonjah and the amount of tax thereon both at the Nunjah and Poonjah rates respectively with the difference entered as Fazul Cummee in the last column.

On

34. On reference to the foregoing Statement No. 20, it will be seen that there is a small increase in the number of trees under the first Item, and a more than proportionable increase in the Beriz derived therefrom ascribable to several trees which were included in the lower classes up to Fusly 1263 having been on examination made in the Fusly under report advanced to higher classes, bearing an increased rate of Assessment.-

35. The increase in the revenue obtained from the 2d. Item is attributable to the biddings for renting the same having been higher in Fusly 1264 than in the previous year.-

From

36. From Statement No. 21 it will be perceived that there is a decrease of 111 in the number of Tope trees and of 135240 in that of Palmirahs planted on sand drifts owing to the seeds which had come up in the previous years and were seemingly promising, having died in in the Fusly under consideration from continued excessive heat of the air and ground consequent in the want of rain at times when it was much needed.-

37. The number of Palmirah trees planted on river banks exceeds that of the previous year by 140 owing to a like number of seeds sown in the previous years having come up in the year under report.-

38. Woodengand.

Fusly 1263	2,524	14	8
1264	2,796	13	4
Increase	271	14	8

The increase under this head has resulted from thorn bushes usually subject to Poonjah assessment having grown more extensively in the past than in the preceding Fusly.-

The

39. Shillera Cuttoogootta.

Fusly 1263	1881	12	3
" 1264	1875	3	9
Decrease	6	8	6

The decrease of Rupees 6-8-6 under this head is attributable to certain dry lands and Palmirahs held on Cuttoogootta tenure in the Village of Nattoopoorem in Punjamahal Talook having been resumed under the head of Ayen agreeably to the Rules given in the Tabular Form which accompanied the Board's Proceedings dated 10th November 1854 in consequence of persons other than the holder thereof having obtained possession of the same by purchase-

40. Total Land Revenue.

Fusly 1263	219,046	11	4
" 1264	220,030	6	6
Increase	10983	11	2

The total demand on account of the several branches of Revenue treated of in the preceding Parahs exceed that of the previous year by 10983-11-2 Rs. as shewn in the Margin. The deduction from that total amount are as follows:-

Remission

42.

In the extent of land held on Zabitah Cowle tenure (progressive rate of assessment) there is an increase under both heads of Nunjah and Poonjah owing to the numbers of new Cowles granted in Fusly 1264 having been greater than in the previous Fusly

43.

Remissions amounting to Rupees 2,486-7-9 were granted on account of Caboolaty Bunjer which is of 2 kinds. the one, land left waste though included in Moochilkahs executed by the land owners or others binding themselves to pay the Teerwah or assessable thereon whether the land be cultivated or not, with a view in the case of Proprietors, to prevent the intrusion into their lands of strangers, and in that of others to acquire free possession of lands to the exclusion of Proprietors; the other, land left waste though included in Moochilkahs executed by their Proprietors agreeing to pay the assessment thereon whether Cultivated or not, in consideration of improvements made to the Tanks of irrigation

irrigation by Government.

44.

These remissions were granted as a special case in Consequence of its being ascertained that the waste portions could not be cultivated from their being either flooded or of Tanks having breached too late to be repaired or of the stipulated repairs not having been made by Government as the case might be.-

45.

The amount of remissions here shewn was allowed on lands cultivated in Carr and Peshanum of the past Fusly 1264 subsequent to the receipt of the Board's orders on the subject in April 1855 respectively.-

19717 | Fort St. George 8th December 1855

16. The increase under the 1st 2d items amounting together to Rupees 1930—5—3 has been caused solely by these Enams having been in the year under report remitted in full as usual instead of in proportion to the Beriz, from which they are deducted, as it was the case in the preceding Fasly in consequence of a considerable deficit having occurred from decreased cultivation &c.—

17. The decrease of Rupees 7892—9—6 under the 3d Item was caused by a great portion of the Enams to individuals having been Commuted into a fixed ready money allowance conformably to the orders of the Board of Revenue dated 17th September 1851.

18. The increase under the 4th Item of Rupees 531—3—6 was chiefly occasioned by an increase in cultivation on which this Item depends. The decrease of Rupees 111—15—5 under the last Item has been caused by diminished cultivation of the Enam land from which this Item is derived.—

Grand Total including Deposits				

Fort St. George 8th December 1855

50. The demand on account of the Several Items enumerated in the foregoing Statement No. 26 which are usually added to the Land Revenue amounts for Fusly 1264 to Rupees 385.225 — 6 — 11 esceeding that of the previous year by Rupees 5033 — 10 — 5 —

51. The decrease of Rupees 4568 under the head of Hill rent is owing to the discontinuance of the Hill farms in this District from 12th October 1854 agreeably to the instructions Contained in Extract from Minutes of Consultation Dated 7th September 1854. prefixed to Board's Proceedings of 25th Idem.

52. The decrease in the 2d Item is due to a Village called Kelangolum in the Shevelly poottoor Talook and held on Cuttoogotta tenure in favor of a Chattrum which once existed there having in the year under report reverted to

Fort St. George 8th December 1855

to Government agreeably to the orders of the Board of Revenue Conveyed in their Proceedings Dated 22d May 1854.—

53. An increase in the Cultivation of certain wet lands Subject to Deshacavil fees has caused an increase under the 3d Item.—

54. The increase under Item No 7 was occasioned by the amount of Subsistence grants Collected and held in deposit as mentioned in para 9 of my letter to Board dated 19th March 1854 having been credited to this head Subsequent to the receipt of Esctract from Minutes of Consultation of 19th August 1854 Subjoined to Boards Proceedings of 7th September following, directing the disbursement of the Emams in question from Ayen i.e from the Huzzoor Treasury.—

55. An Augmentation in the cultivation of lands contributing to the head of Tripany combined with less amount of entire and partial failure of crops has caused an increase under the head of Tripany.—

56.— The foregoing Items being added the total net Land Revenue of Fusly 1264 amounts exclusive of Deposits to Rupees 24,31,118 — 6 — 1 and inclusive of the same to Rupees 24,48,389 — 11 — 2. as noted in the margin.—

Fasly 1263.
Balance of the amount returned in Fasly 1263 for rebuilding houses destroyed by fire
Fasly 1264

Balance for Cultivation	6,887½	142 0 4	6,745½
Do. for rebuilding houses destroyed by fire.	2,000 " "	1,820 " "	180 " "
Do. for building new mills	100 " "	100 " "	" " "
	8,987½ " "	2,062 " "	6,925½ " "

62 From the marginal Statement No 29 it will be seen that the full amount of advance sanctioned on account of the first two Items therein mentioned has not been disbursed owing to the Ryots not having needed the aid of Government further than the extent issued to them. The Balance in the amount advanced for Cultivation amounting to

to Rupees 8.816-10-10 at the close of the Fasly has been reduced by subsequent Collections to Rupees 3,235-6-10 for the Speedy Collection of which measures have been taken.—

63 The sums advanced for re-constructing houses and sinking 2 Wells amounting together to Rupees 130 remain as a balance in consequence of these being recoverable only by instalments in the Current Fasly 1265.

64 The excess in the extent of land taken up for the Cultivation of Country Sugar Cane in Fasly 1264 is so small that it needs no remark. There was no Cultivation of Mauritius Sugar cane this year.—

Sugar Cane.

		403 5 11

19733 Fort St George, 8th December 1855.

67. From the foregoing Statement No 31 it will be perceived that the aggrigate extent of all descriptions of land Viz^{t} Dry Web and garden employed for the Cultivation of garden in Fusly 1264 and the Revenue derived therefrom exceeded that of last year the former by acres 994 $\frac{61}{64}$ and the latter by Rupees 2,213-1-1 This increase both in cultivation and Revenue is chiefly owing to the heavy rains of the North Eastern Monsoon which fell abundantly in the Months of October and November or during the Peshamum Season and were as noticed before peculiarly favorable for the cultivation of black Cotton soil.

68 The increase in cultivation of the product in question combined with the abundant Yield of the Cotton crops of the preceding Fusly caused an increase in the Exports of this article during the past year of 1494 as shewn in the Margin.

	Candies
Fusly 1263	25,720

Total	133,610 $\frac{7}{64}$	110520	5	5

Increase

70 No complaints has been heards of adulterations having been practiced in the year under report.

71 The prices paid by the European Merchants for the 1st sort Cotton produced in this District for Fusly 1264 ranged from Rupees 54 to 57 per Candy whilst that paid by the Chettiers was only from 50 to 56 Rupees for the 1st sort. The difference in the price is attributable to the Chettiers having entered into contracts with the producers for the growing Cotton crops.

72 A cottah of foreign varieties were raised in the District during the Fusly under notice.—

73. The results of the settlement of the Extra Sources of Revenue during the Fusly under report are as follows:—

Salt. 74 Owing to limited Exports on account of Inland Consumption and partly to the Sales during 11 days (1st to 11th) in July not having been brought to account as was the case in the preceding year the revenue derived under this item in Fusly 1264 amounted to Rupees 2,17,095-12-8. or 27,637-1-4 less than that of the previous Fusly adding to this

this a sum of Rupees 88-7-3 being the extra Collections of fines levied from the Servants in the Salt Department the gross receipts amounted to Rupees 3,17,184-8-11 from which the charges amounting to Rupees 59,144-9-9- being deducted the net Salt Revenue for the year stands at Rupees 2,58,039-10-2 or Rupees 34,178-11-3 below that of Fusly 1263 which is attributable to the two causes above mentioned and to an increase in the charges of Rupees 5,874-2-6- Chiefly in the payment of Salt Manufacturers Shares.—

Sayer. 75 The Sayer Collections during the year amounted to Rupees 32,017-5-6- or Rupees 10,310-8-2 less than the previous year owing to a decrease in the valuation of certain Goods especially Betel nuts Salt, authorized in the revised Tariff since received, and to the Fusly 1264 being 11 days shorter than the preceding one. The extra Collections of Rupees 568-9-4 received during the year by the sale of smuggled Goods being added, the total amounted to

to Rupees 32,585-14-6. From which deducting the charges Rupees 2,799-3-11 the net sayer Revenue of Fusly 1264 stands at Rupees 29,786-10-7 or Rupees 9,808-2-9 less than that of the previous Fusly.

Sea Customs. 76. The Sea Customs Collections in Fusly 1264 amounted to Rupees 17,971-11-1 or Rupees 111-2-6 less than in the previous year. The particulars of increase and decrease in the several Items comprising the receipts under this Item will be found in Statement A No 9 adding to the above Collections the Marine receipts during the period amounting to Rupees 1,130-13-7 the total comes to 19,102-10-8 from which the charges of Rupees 1,254-14-11 being deducted the remainder stands at Rupees 17,847-12-8 or Rupees 27-8-11 below the net Sea Customs Revenue of Fusly 1263 which is too insignificant to be susceptable of explanation.

Abkarry 77 Of the two items comprising the receipts under this head Viz. the arrack and Toddy rents, the first was sold by auction for Rupees 18,800 or Rupees 7,360 less than in-

in previous year owing to absence of effective competition, and the 2d for Rupees 71,00 or Rupees 370 in excess of the preceding year The Revenue under this head has thus decreased by Rupees 6,990.—

78 Inclusive of Rupees 22-11 realized under the head of Extra Revenue the gross collections for the year under report amounted to Rupees 23,064-2-11 which in the absence of any charges is the net Revenue under this head and falls short of that of the previous year by Rupees 6,990-5-1 of the above sum Rupees 23,064-2-11 were collected within and the balance Rupees 3,138 subsequent to the termination of the Fusly under report.—

Stamps. 79. The Revenue realized from the sales of Stamp papers in Fusly 1264 amounted to Rupees 22,010-4-11 and fell short of that of the previous year by Rupees 6,660-4-11 in consequence of limited sales and of the Fusly in question not including the Udays Collections as was the case during the preceding year. The Extra receipts of Rupees 1,684-9-6 consisting of-

Fort St. George, 8th December 1855.

of penalties levied from parties for writing documents on unstamped papers, and of additional fees Collected on Europe Paper for deeds as also the Stamp duty charged on papers used by Paupers being added, the total Collections under this head amounted to Rupees 23644-13-6 Deducting there from the charges Rupees 2,173-1-10 the net Stamp revenue for Fusly 1264 stands at 21,469-11-8 or Rupees 2,911-13-8 less than that of the preceding year.

Malurpha

80 The demand on account of Protussa amounted to Rupees 96,814-10-9 and is less than that of the previous year by Rupees 781-2-1 owing to several persons liable to house and Poll Tax having emigrated to Coimbatore in consequence of the adversity of the season.

81 The Collections on account of the above demand amounted on the 30th June to Rs 74,092-9-6 leaving at the end of the Fusly a balance of Rupees 22,753-1-3 which has been reduced by subsequent Collections till 30th September to Rupees 4,286-8-9 including Collections on account of arrears and

Extra.

Fort St. George 8th December 1855

Extra Revenue amounting to Rupees 1216-13-2 and Rupees 2-2-11 respectively, or both together to Rupees 1219-0-1 the aggregate Revenue was Rupees 75311-9-7 or Rupees 21911-9-7 below

Fusly 1263.-

Small Farms and Licenses-

82- The demand under this head which is derived from the following 3 Items Viz.t Cheyarcot, fish rent and chank Revenue, amounts to Rupees 174-12-11-11 and is below that of the previous year by Rupees 5828-3-4, which is composed of a decrease in fish rent of Rupees 474-11-4, and a falling off of Rupees 5350-0-0 in the Cheyarcot rent, and of a deficiency of Rupees 3-8-0 in Saltpetre which last Item was retained under a many during the Fasly under report.

The

Fort St George 8th December 1855

83. The Collections realized within the Fusly on account of the above demand were Rupees 8559-4-6 leaving a balance at its close of Rupees 8853-7-5 which has been reduced by subsequent collection to Rupees 1837-13-10.-

84. Inclusive of Extra Revenue Rupees 4-12-6 and arrears on account of previous year Rupees 1967-6-4 the gross receipts amounts to Rupees 10527-7-4 which in the absence of any charge is the net Revenue of Fusly 1264 and is Rupees 10720-11-1 less than the previous year.-

Collections not belonging to any particular source of Revenue.-

85 The Revenue derived from this Item carried to the head of Extra Revenue "Sevoy Jummah" in the year under report and consisting of fines for forfeitures, sales of unclaimed property and of

Fort St George 8th December 1855

of dead and fallen trees) amounts for Fusly 1264 to Rupees 2138-3-9 and is less than that of a corresponding Item for the preceding year by Rupees 140-12-11

86 . These Collections it will be observed were hitherto entered separately in the Sevoy Jummah Statement No 8, accompanying the Land Revenue Report.-

87 The Demand Collection and Balance on account of the several Sources of Revenue (for Fusly 1264) treated of in the foregoing Paragraphs are exhibited in the following Statement No 32 in contrast with Fusly 1263.-

9

Fort St George 8th December 1855

89 I had at times during the past Fusly less efficient assistance than was requisite for the satisfac-tory conduct of the business of the District.-

90 The late Collector Mr Whittingham was taken from me to a higher sphere in October and Mr Levinge did not arrive till February - The Head assistant Mr Child was deputed to a duty to Madura in February Mr Swinton was absent on leave for six weeks from 5th

Fort St George 8th December 1855

5th September to 19th October and after-wards was unable to render me as much aid as he would otherwise have done, in consequence having to study for Examination in December and June. Mr Ormes the new assistant arrived in December. The experienced and trusty Head Shereistadar Butchai Row died in April.-

91 Of Mr Whittinghams and Mr Chiles qualifications it would be superfluous to speak, Mr Levinge is also a kind hand and his return to this Dis-trict where he is known and appreciated, a cause of satisfaction - Mr Swinton is no less careful and pains taking than hereto-fore and Mr Ormes gives promise of being a

a very good and useful public servant.
It is to be regretted that ill health
obliges him now to return to Europe.-
92 I am myself about to leave
India temporarily, if not for good.
and I would fain hope that during
the six years that I have been entrust.
-ed with the charge of this District its
interests have not suffered from
neglect, and that some progress has
been achieved in promoting its ad.
-vancement both physically and
morally. I trust that my successors
efforts in the same direction will
be rewarded with still

more

more fruit than have been my own.—

Tinnevelly.....
3d November 1855..

/Signed/ C. J. Bird
Collector

Fort St. George

A

of the Province of Tinnevelly for Fusly 1264.—

1830

Fort St. George 8th December 1835.

the year to raise additional crops assessable with half

teerwah.—

= ception of that paying 1/2 assessment for a 2nd crop.—

of crop land paying 1/2 assessment cultivation.—

2 crop lands entirely left waste or cultivated with only one crop but assessed with full teerwah in consequence of the Ryots who own them having covenanted to it until a view to make themselves entitled to a remission of 1/2 teerwah on additional crop raised on single crop lands.—

Total 2d crop lands brought to account in Fusly 1264.—

Add Ayacut for the 2d crop Extent of land which paid 1/2 teerwah in Fusly 1263.—

Extent of one crop Land cultivated with a 2d crop in Fusly 1264.—

1986

Fort St George 8th December 1855.

Motorpha.

Collections within the Fasly	97,221	102	75309	08
Extra Revenue	1	9	2	211
Total	97,223	32	75311	97

This decrease is partly attributable to a falling off in the Beriz of Fasly 1262 and partly to the Collections of 11 days (1st to 11th) in July not having been brought to account as was the case in the preceding year.

For particulars of this increase vide accompanying ex Memorandum F.

Sayer or Land Duties.

Sayer Duties Collected within the Fasly	42327	138	32017	56
Extra Revenue	4	85	11	5839
Total Land Customs	42376	37	32585	46

This Collections of Fasly 1263 including that 11 days receipts in July and a revision in the Tariff valuation of certain goods caused this decrease.

For particulars of this increase vide accompanying ex Memorandum G.

Sea Customs.

Import and Export Duty	18085	137	17971	11
Doctroi Revenue	41	66	18	6
Total Sea Customs	18127	41	17990	11

This decrease is chiefly owing to the Collections of Fasly 1262 not including the 11 days receipt in July.

For particulars of this decrease vide accompanying Memorandum H.

Salt-Monopoly

This decrease is partly owing to limited exports on account of Inland consumption and partly to the

Pensions and Charitable allowances chargeable on the Revenue	1413	13	4	12319	6	7	10905	93
Pagoda and Mosque allowances in lieu of Revenue Lands and Privileges	192334	13	10	182090	6	11	244	6 11
Total Ordinary	69747	11	8	5070	53	2	113342	1 9 303759 10 8

The increase here shewn has been occasioned by the amount Enams, hitherto paid by deductions from the Fishbundy Beriz having under orders from Government been paid direct from the Treasurer from the Head of Agency.

This decrease is partly owing to short payments made during the Fasly 1264 on account of Dewastanam Sibbundy and allowances to certain Mosques caused this decrease.

Grand Total	930,797	1	11	818,132	1	6	194,919	9	6	307,584	9	11

This decrease has arisen from the amount refunded under Section 4 act XVII of 1848 having been less in Fasly 1264 than in the previous year. —

This increase is owing to an increase in the Sale of Stamps in the District of Bramma Court at Bremmadatum.

The amount refunded under this Head having been less in Fasly 1264 than in the previous Fasly is the cause of the decrease here shewn. —

For particulars of this decrease vide accompanying Memorandum. N
