No 1.

Proceedings of the Board of Revenue

Wednesday the 2d January 1856.

Received the following Papers

No. 189.

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(1)

B No. 3709.

From the Collr of Tanjore,

Requesting the Board's decision as a question of disputed authority which the Sub Collector of Tanjore has raised.—

Sir

I have to request the Board's decision on a question of disputed authority which the Sub Collector of Tanjore has raised.

2. Having arranged to carry out this year the orders of the Board for an exchange of jurisdiction between the Collector and the Sub Collector during the settlement once in five years on the 1st of November I assumed the revenue charge of the division, and made over to the Sub Collector six of my own talooks. and duty having brought me to Combaconum, I took occasion to see the Tahsildars of the talooks in its immediate neighbourhood Among others who thus attended. my Office was Ramanajoo Pillay, acting tahsildar of Velenganan, who

who having been an English writer at the Presidency, was appointed in April last to be Police Ameen of Combaconum, in June last to act as Tasildar of Myaverum, and in July last to act as Tahsildar of Velengamaun, having thus been eight months an Officer of Police, and six months a Tassildar.

3. In conversing with Ramanuja pillay on the affairs of his taloork, he fell into such errors, as led me to suspect that, in reality, he knew little about his duty, and in consequence I asked him such general questions regarding the settlement of the two taloorks he had administered, as I thought would at once shew the extent of his knowledge, or his ignorance. It is literally a fact that he could not answer one correctly; but that is saying little, for not only were his answers wrong, but so very wrong as to shew an utter and entire ignorance of even the very rudiments of the district system. He could not tell me how the demand was calculated in

in a woolungoo taloork like his own of Velengamaun, and asserted that the field assessed taloork of Myaverum, where he had been, was under a motumfyzul. He affirmed that the standard price of his taloork was six double fanams, or a hundred per Cent beyond the fact, that the November Kist, which he had nominally just collected and for the collection of which the Board will see the Sub Collector gives him credit, was three per Cent on the Carrdemand instead of twenty per Cent as it is, and added that only fifty thousand Rupees of the total beriz of turuff lands in Velengamaun was derived from Nunjah land, and all the rest from poonjah, the facts being as follows.

	Rs.
Nunjah demands	271,809
Poonjah &c.	20,666

4. Finding him so hopelessly deficient in his acquaintance with his revenue duties, I considered it right to examine him as a Police Officer, and I was grieved and ashamed to

to find that a man who had acted in that capacity for eight months should know no better than to say, as Ramanoja pillay did, that he had authority to administer stripes, that he exercised police jurisdiction under Regulation IX of 1822, a law for the punishment of revenue malversation, and Regulations VII of 1816, the former referring to the resumption of Cavil fees, and the latter having been long rescinded.

5. As I felt at once that Ramanooja Pillay could not be continued in Office as a revenue or Police Officer, with credit to the Government, with justice to the people, or any satisfaction to myself, I requested the Sub Collector to annul his acting appointment, and make another nomination to the Office, but I regret to say that I have been unable to prevail on Mr. Cadell to comply either with my wishes or directions, and that I am forced to appeal to the Board to

support

support my just authority.

+ 17th Dec.r/55. 6. The Sub Collector in the letter which I enclose, appears to argue that, as long as a Tasildar is only acting in his Office, it is of little moment how ignorant of his duty he may be, and that it is perfectly justifiable to retain him for a whole year to learn his duty at the expense of the Government and the people, provided only that his confirmation in Office be postponed till he has acquired that knowledge, which it is my opinion should have been the ground of his first appointment.

7. It was perhaps not a very promising speculation to bring a middle aged man from a writers Office at Madras, and to make him a Tassildar in such a province as Tanjore, but I am, from circumstances, at all times unwilling to interfere with Mr. Cadell's arrangements, and I took no exception to the appointment until its evils had been glaringly before me.

When

Fort St. George 2d. January 1856.

When however I laid before Mr. Cadell in detail, the results of my examination of Ramanooja pillay, I confess that I expected an immediate compliance with my wishes and directions, and was unprepared for his exposing the Tahsildar's cause. Mr. Cadell informs the Board that the Velengaman talook is in high order, that it's revenues are duly collected, it's police efficiently administered, and it's roads in good repair, and allowing all this to be the case, I still submit that no part of the good result can be attributed to the Tahsildar, utterly ignorant of the laws, and of the amount of the Rist, he could not have collected the revenue, and misinformed as to his own authority, he cannot have administered the police. the very facts adduced in his favor appear to me to develope the evils of his tenure of Office, as shewing plainly that there is some one besides the Tassildar who exercises

Fort St. George 2d. January 1856.

exercises all his power. This system of an irresponsible executive is in my opinion very bad, and sooner or later it is certain that it will be turned to account and neither the Tahsildar, nor the people, nor the Government will then be the gainers.

8. In notes 1 and 2 to the Board's Circular order of the 7th. of February 1825 it is laid down that the Collector shall always have a vote on the appointment of a Tassildar by the Sub Collector, the Board at the same time express their opinion on the importance of the Office and their conviction that none will be appointed to it, with whose qualifications the Collector is not fully satisfied. The Board will I am sure expect me to express my entire dissatisfaction with the qualifications of Ramanoja Pillay, and will I trust be able to support the authority I have felt it right to exercise in requiring his removal.

Paras 26-27-28.

9. Mr. Cadell's request that the

Fort St. George 2d January 1856.

When however I laid before Mr Cadell in detail, the results of my examination of Ramanooja Pillay, I confess that I expected an immediate compliance with my wishes and directions, and was unprepared for his exposing the Tahsildar's cause. Mr Cadell informs the Board that the Velengaman taluk is in high order, that its revenues are duly collected, its police efficiently administered, and its roads in good repair, and allowing all this to be the case, I still submit that no part of the good result can be attributed to the Tahsildar, utterly ignorant of the Beriz, and of the amount of the Rist, he could not have collected the revenue, and misinformed as to his own authority, he cannot have administered the police. The very facts adduced in his favor appear to me to develope the evils of his tenure of Office, as shewing plainly that there is some one besides the Tassildar who exercises

Fort St. George 2d January 1856.

exercises all his power. This system of an irresponsible executive is in my opinion very bad, and sooner or later it is certain that it will be turned to account and neither the Tahsildar, nor the people, nor the Government will then be the gainers.

8. In notes 1 and 2 to the Board's Circular order of the 7th of February 1825 it is laid down that the Collector shall always have a vote on the appointment of a Tassildar by the Sub Collector, the Board at the same time express their opinion on the importance of the Office, and their conviction that none will be appointed to it, with whose qualifications the Collector is not fully satisfied. The Board will I am sure expect me to express my entire dissatisfaction with the qualifications of Ramanooja Pillay, and will I trust be able to support the authority I have felt it right to exercise in requiring his removal.

Paras 26-27-28.

9. Mr Cadell's request that the

Fort St. George 2d January 1856

the Velangaman talook should be returned to his management at once, is I conceive, at variance with the Board's wish that the settlement of the division should be sometimes made by the Collector, it is true that there are no puttahs to give in a woolungoo settled talook, but still there are some, by no means unimportant, duties, to be performed what land shall be admitted to a division of the Crop for flood or drought must be determined and the great, and not always easy question of fixing the commutation price, has to be decided. I am therefore not of the Collector's opinion that the settlement of the Talook is over, because the Aumanie Villages are rented, and as Mr Cadell does not propose to resume the Combaconum talook, nor to resign to my charge Codavassel, Trivalore, Mannargoody, and Paupanassum, all of which are woolongoo rented, it may be assumed that a wish to keep Ramanooja Pillay's deficiencies

H.B.

Fort St. George 2d January 1856

deficiencies out of view is the object of his present Request-

Tanjore -- -- --
Combaconum
19th December 1855

(Signed) H. Forbes
Collector

No 1
No 267

To G. S. Forbes Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to submit for the Consideration of the Board of Revenue the following circumstances to which I request their favorable consideration.

2 The Board are perhaps aware that according to their Circular order dated 3d October 1853 the Revenue Charge of the Talooks Comprising the Sub Division has been made over to the Collector for the Current Fusly, since the 1st November of this year, 6 Talooks of the Collectors being similarly transferred to my management-

3 On the arrival of the Collector at

Fort St George 2d January 1856

at Combaconum on the 11th Instant the Acting Tahsildar of Velungannan Ramanooja Pillay waited upon him as usual and was admitted to his presence before the Head Sheristadar and the Nair sheristadar and Narain Row the Tahsildar of Combaconum as Ramanooja Pillay had with him all the accounts Connected with the state of his Talook, the season &c. and was Ready and anxious to afford the Collector every information in his power Irritated however at being allowed to do this Mr. Forbes Commenced questioning Ramanooja Pillay as to the meanings of different Revenue terms what was the extent of his power as Head of Police and so on. It was the first time the Acting Tahsildar had ever seen the Collector or Head Sheristadar and being naturally a man of somewhat nervous a temperament he seems to have lost all self possession and to have given absurd and foolish replies to the queries put to him, hence the Collector seems to have entertained an unfavorable

Fort St George 2d January 1856.

unfavorable opinion of Ramanooja Pillay and has requested me to Remove him from his Acting office -

4 I have Remonstrated with Mr. Forbes as to the necessity or propriety of this step, but with no effect and in justice to the Public Service as also to one who has served the Government faithfully for some years and my short acquaintance with whom leads me to believe he will form an active and efficient Tahsildar I must submit this reference -

5 Ramanooja Pillay is the son of an old Tanjore Tahsildar and was for many years employed in the Government office this being however to return to his native Country and being naturally desirous to rise in the Public Service he applied to Mr. I. F. Thomas then Member of Council for a Recommendation to me and the Certificates he brought from that Gentleman as also from the office in which he had served being satisfactory I appointed him Acting Police Ameen of Combaconum. The salary of that

Fort St George 2d January 1856

that office was only equal to that of the one he had Resigned at Madras in the hopes of promotion and he exhibited so much energy and Zeal in the discharge of his duties as Police Ameen that when the late Tahsildar of Velungaman fell sick I was induced to give him the acting appointment of Tahsildar since he assumed that office little more than 4 months since he has succeeded in Collecting nearly 6000 Rupees of arrears due at the end of the Fasly and of the Kists for November at this date not one pie is due He has also been successful in renting out the whole of the Villages of his Talook with the exception of one which is still under Amany and in the discharge of his duties as Head of Police he has also displayed great activity and judgment I can also bear my personal testimony to the careful and efficient way in which the extensive Road Repairs of the Talook have been Conducted and

Fort St George 2d January 1856

and in fact the only fault I have had to find with him is that he is overzealous and in his over anxiety to do his duty and to give satisfaction he has not taken sufficient care of his health -

In making these statements I, of course do not set up Ramanuja Pillay as a paragon of excellence he is still somewhat new to the District as well as to his duties and has much to learn With all deference to the Collectors opinion I must however respectfully submit that so far as he has hitherto gone he has deserved the favorable opinion of his superior and I therefore Request the sanction of the Board to retain him in his present acting position for at least a period of 8 months It was always my intention to have given him a year for probation and at the end of that term if I find that he is not fully qualified for the charge of the Talook

Talooks I shall certainly not hesitate to request permission to remove him-

7 I would further take the liberty of requesting the Board's permission to resume the Renewn management of the Talooks of Velungamun the Renting of the Villages has been already carried in this office and with the exception of making arrangements for the few Villages which may come under the head of Varalachedum, the settlement of the Talooks may be said to have been made-

8 In Conclusion I cannot but express my regret at the necessity which has led me to make this reference, a sense of duty alone compels me to do so, and I trust the Board will forgive me for stating my humble opinion that the transfer of the Management of Talooks to different authorities and different Cutcherries may be sometimes attended with detriment to the interests of individuals as well

well as that of the publick Service-

Tanjore District
Combaconum
17th December 1855

(Signed) Wm M. Cadell
Sub Collector

Bd's No 1 (1-2) Proceedings thereon-

In this letter Mr Forbes reports that from personal examination he found Ramanooja Pillay officiating Taksildar of the Valungamun to-look in the Sub Collectors division, unacquainted with his duties and therefore called upon the Sub Collector to Remove him from his acting situation and as this requisition was not complied with he applies to the Board to support his authority Mr Forbes forwarded at the same time a letter addressed to the Boards Secretary in which Mr Cadell details the Reasons for which he Considers Ramanooja Pillay should be continued in Charge of the Talook-

2 The Board observe that Mr Cadell does not dispute that Ramanooja Pillay gave "absurd and foolish

Fort St George 2d January 1856

foolish" Replies when examined by the Collector Regarding his Revenue and police duties, but attributes this to the nervous= ness caused by an unexpected viva voce examination. The Board cannot how= ever deem this explanation sufficient as they are sure that Mr. Forbes would have been ready to make a distinction between the effects of timidity and ignorance and Mr. Cadell's letter shows that Ra= manooja Pillay "has much to learn" Regarding his duties and must hold the Tahsildarship on trial -

3 But under any Circumstances Mr. Cadell ought to have in the first instance Complied with the Requisition of the Collector who as the head of the District and the officer immediately responsible for its good management is vested with a veto on the appointment of the Superior Servants. Ramanooja Pillay will therefore return to his former place and when he has acquired sufficient

Fort St George 2d January 1856

sufficient knowledge of the Regulations and business to qualify him for the post of Tahsildar Mr. Cadell can bring his claims to the Consideration of the Collector on a Vacancy occurring. The Board feel Confident that Mr. Forbes has no desire to impede this Servants promotion on his shewing himself fitted for it especially as nothing is alleged against his zeal and integrity -

4. The Board cannot Comply with Mr. Cadell's Request to be allowed to Resume Charge of the Valanganaud Talook and disapprove both of the application and of the arguments upon which it is founded. The Collector is the officer to decide when his Settle= ment is finished and the time is arrived for Replacing the Sub Division Talooks under the Sub Collectors -

Yesmiahdar Rhanoom Bee having appeared personally before the Assistant Collector, the Right Honorable the Governor in Council authorizes the Collector to disburse to her the arrears of allowance from 1st March 1850 to 31st July 1855 amounting to Rupees 227-8-0; and to continue to her from 1st August 1855 her allowance of Rupees 42 per annum.-

2. The Governor in Council observes that this reference to the Collector would have been prevented by more precision in the wording of the original report of the 17th September. It is noticed that the Collector states that Rhanoom Bee's appearance was before the Assistant Collector Mr. Forbes. The date of the appearance is not stated, but it is believed that Mr. Forbes has

not been in the Nellore District since the early part of April 1855, and it is to be regretted that so long a period was allowed to pass after she had thus complied with the order of Government before application was made on her behalf.-

(22)
B. No. 2283.
From the Collector of Singleput.

Sir,

I have the honor to submit the following

following Case for the orders of the Board of Revenue.

2. A Yeomiah allowance of Rupees 146-5-3 per annum is paid by Government for the support of a Mosque at Trivalloor and is held in 2 shares of Rupees 118-12-9 and Rupees 26-8-6. On the demise of Noorshaw the holder of the former share it was registered in the name of his eldest son Goolam Oulick by the then Collector Mr. Thompson. Disputes arising between this individual and his Brothers in 1845 the Collector Mr. Freese in an Endorsement, Copy of which is enclosed, expressed his opinion that one of the Brothers Shaik Ebram a Cavalry Sepoy, not performing any portion of the duties was not entitled to share in the Yeomiah. but that the other two Brothers should be allowed to perform their portion of the service receiving a corresponding share of the

the Yeomiah.

3. This opinion having been approved by the Board, the Acting Collector Mr. Maltby issued an order to the Tahsildar wherein it is stated that the Yeomiahdar was directed to pay his 2 Brothers their respective shares.

4. The Parties have now again quarrelled and appeared before me owing to Goolam Ouliah declining to recognize the right of his two Brothers to share in the Yeomiah of his 3d. Brother the Cavalry Sepoy who has now been Pensioned, and prays for his share in the Yeomiah on condition of being allowed to perform some of its duties.

5. I request the opinion of the Board as to whether in the event of Goolam Ouliah continuing to refuse paying his Brothers their shares, may be paid direct from the

F.C.B.

the Government Treasury, and whether the Claims of the 3d. Brother are to be allowed.

6. I beg to add that the Yeomiah is given for the Services of Sweeping cleaning, lighting and watering the Mosque, and repeating Prayers all of which can be done by one of the Brothers.

Chingleput District
Collector's Cutcherry
Sydapet, 10th August 1855

Signed J. C. J. Sherbrick
Collector.

No. 1.

Of the Yeomiah of Rupees 125-5-3 per annum granted by Government for the support of a Mosque at Triveloor, the Petitioners late father Noorshaw received Rupees 118-12-9. the remaining Rupees 26-8-6. being enjoyed by one Goolam Mohadeen for performing the Services as Hafeek since the demise of Noorshaw, the portion received by him has been enjoyed by his eldest Son Goolam Ouliah it having been registered in his name

name under the orders of Mr. Thompson the then Collector: The allowance in question is appropriated to the expences of sweeping cleaning lighting watering &c of the Mosque.

The first Petitioner Sheik Ebrahim being employed in the Cavalry and not performing any portion of the duties of Shroff should not receive a portion of the Year's emolt, but there appears no objection to allow the two other Petitioners also Sons of Noorshaw to perform their portion of the services and to receive a corresponding share allowance appertaining thereto, being Rupees 59. 6. 4 p.

Reporting on the Land and Extra Sources of Revenue for Fasly 1264.

Sir,

Para 1 I have the honor to submit my report on the settlement of the Land Revenue and the Extra sources of Revenue of the Salem Collectorate for Fasly 1264, and to forward the prescribed Statements viz English with detailed settlement accounts of the Land Revenue of one Village in Tamil, as required by the Board.

Vide Circular order dated 21st June 1855 No. 8/1854-55.

2. In conformity with the instructions conveyed in the Board's Circular dated 3d October 1853, desiring that the Summabundy settlement of the Talooks comprising the Sub Division in each District should be made by the Collector, at least in every 5 years, and that an equal number of Talooks in the Collector's Division should be entrusted to the Sub Collector. I settled the 4 Talooks comprising the Sub Division, Viz.t, Namcul, Sankerrydroog, Trichengode, and Paramaty, in this Fasly, and the four Talooks of Salem, Womalore, Darampoory, and Denkencottah, belonging to my Division, were settled by the Sub Collector.

C. C. dated 9th December 1854, Villages at which the settlement was made. Statement C No. 1.

3. The subjoined abstract, shews the places where the Summabundy was made; and by what officers the puttahs were distributed.

In

Fort St George 2d January 1850.

7. In para 6 of my last Summahbundy Report I stated that further enquiries would be made at the settlement of the year under report, to test the accuracy of the accounts furnished for Fusly 1263. With this object circular instructions were issued before I commenced the settlement, requiring that each village at the time of the settlement should produce a Mahazer signed by the Curnum, the Manigar, and some of the principal ryots, shewing the number of the different sources of irrigation, their condition, the extent under each, and the extent of cultivation in Fusly 1263. The Mahazers presented at the Summahbundy were read and enquiries were made by me at the time. I may therefore state with confidence that the returns for this year are more accurate than those furnished last year. Where an increase or a decrease now appears it is owing to errors in the previous accounts.

Amount of Agricultural Stock Population Houses numbers of Ryots and Puttahs Statement No 2. A & B

8. The subjoined abstract shews the number of Cattle, Ryots, Ploughs, and Puttahs, compared with the past year, also the

Fort St George 2d January 1850.

the number of the population, and the number of houses according to the census returns of Fusly 1260. The number of Ryots, Cattle and Ploughs is taken from the accounts for Fusly 1263. The Statement No 2, and its enclosures A and B containing the above particulars being quinquennial returns have not been submitted for the present year. The increase of 3,171. in the number of Puttahs this year is owing to an increase in the extent of lands taken up for cultivation, and partly to the issue of separate puttahs for lands included previously in single puttahs.

Rent-Roll.

9 This Statement is a quinquennial one. As it was submitted last year it is omitted on this occasion.

Season and sanatory condition of the District.

10 There was no rain at the commencement of the cultivating season in May and June. In the Months of July, August, September and October there was a fair average supply of water in the tanks. In the Months of November, though the rain was deficient, all descriptions of crops were in a fair state, but in December a few of the tanks were exhausted, and the wet crops dependent upon those tanks were thrown up. The outturn of both descriptions of crops was below the average yield. The District was not free from disease during the year, Cholera Fever and Ague prevailed in different parts, but the mortality from these diseases was less than one third of what it was the preceding year.

Rice and grain Statement No 6.

11 The annexed return of prices has been prepared this year agreeably to the form which accompanied the Board's Circular dated 8th January 1855.

46.

Fort St. George 2d January 1856.

Para 10.

In my last report I stated that the commutation rates for the Poonjah and Nunjah lands at the time of the survey were based upon the average price of different Kinds of grain. It has been ascertained from Colonel Read's report on the survey that the commutation rate at the survey for Poonjah produce was 15¼ Contaroy Fanams per Candy, which equals Rupees 90—6—8. per Garce, and for Nunjah produce 16 Contaroy Fanams per Candy, which equals Rupees 94—9—4 per Garce, but what Kinds of grain were included in the price lists cannot be ascertained. The average price of Nunjah produce in Fusly 1264 exceeded the average price in Fusly 1263 by Rupees 29—14—6. per Cent. and the average of the preceding ten years by Rupees 30——1. The average price of Poonjah produce in Fusly 1264 exceeded that of Fusly 1263 by Rupees 22—5—6. per Cent. and the average of the preceding ten years by Rupees 36—7—9. Compared with the commutation rates, the two prices exceeded the rates stated, in the one case by Rupees 15—3—10 per Cent. and in the other by Rupees 48—3—3.

B.O 27. April 1852.
B.O. Book 62 Page.

The

Fort St. George 2d January 1856.

The entire produce both Wet and Dry of the District during the year under report was sufficient for local consumption. The rise in the prices of grain was owing to large exportations to North Arcot, Coimbatore, and other Districts.

12. The entry in the margin exhibits the result of the Dittum for Fusly 1264, as compared with the past fusly. The increase in the Dittum Beriz of this year is owing to Lafe Land having been relinquished at the commencement of the season agreeably to form No 9. which accompanied the Board's Circular dated 13th June 1853, it was customary till last year to show the result of the Dittum under the 6 Items of Dry, Garden, Wet, Wet garden, Dry converted into garden, and wet and Garden converted into Wet. as promised in para 76 of my last report. the result of the Dittum has been shown under the three heads of Dry, Garden, and wet. as they appeared in the survey accounts, the fluctuations in the assessment caused by temporary changes of cultivation being brought to account under the heads of Leerwajasty and Leeruckummee: and the

Dittum Statement No 9.

Increase 29291-5-3.

Fort St. George 23d January 1856.

entries for the last year in Statement No 9 have been made in a corresponding manner for the sake of comparison.

13. Though the want of rain at the commencement of the cultivation season in May and June, and a consequent deficiency of water in a few tanks in the seven taloks of Ajsoor, Denkencottah, Dharampoory, Sunkerydroog, Trichengode, Salem, and Namakul, prevented the Ryots from sowing their lands to the usual extent, the amount remitted under this head in Fusly 1264 is below that of the last year by Rupees 70-7-6.

Actual Cultivation Statement No 12

14. The subjoined Comparative Statement exhibits the particulars, taloknwan of the different discription of Land, Dry, wet, and Garden, brought under cultivation in this and the last Fusly.

Dry

Fort St. George 22 January 1856.

15. For the reasons stated in para 12 the entries in the foregoing cultivation abstract have been made to agree with the survey accounts under the three heads of Dry, Garden, and Wet, both for Fuslies 1263 and 1264.

Dry. 16. The extent of dry cultivation in the Ahtoor Taluk was below the quantity cultivated last yearby Acres 1022—39—4, in the other Taloks there was an increase of acres 1997 3—29—4, which gives a Net-increase of acres 18350—30—10.

Garden. 17. Under this head there was an increase in all the Taloks, amounting in the aggregate to Acres 389—28—14.

Wet. 18. In the wet-cultivation there appears an increase of Acres 891—20—5 in the 8 Taloks of Ahtoor, Paramaty, Namcul, Raiyoor, Tem: gracottah, Ayoor Kistnagherry, and Mullapaudy, against a decrease of acres 875—25—10 in the remaining 8 Taloks, which gives a Net-increase of Acres 15—34—11.

Statement No. 10. 19. The following Statement of this: kits, in comparative form, under its several heads, the total cultivation in the years under

Fort St. George 22 January 1856.

under report, with the extent and the Fysul assessment appertaining thereto. The Statement shews an increase in the cultivation amounting to Rupees 29361—12—9.

		Fusly 1263.		Fusly 1264.		Comparison.

20. As promised in para 18 of my last report, Statement No. 13 has been prepared in this year upon the Dittum and not upon the cultivation, and the assessment entered in it consists of the survey assessment, inclusive of Teerwajasty, the deduction on account of remissions for Cowle and Pollary being shown in the subsequent columns by separate entries. The entries in this Statement (No. 13) as in the cultivation Statement (No. 10) have been made

Para 7. with reference to the instructions of the Board in the Proceedings already quoted.

Dry. 21. Under this head of cultivation

Statement No. 13. there appears a gross increase in the Fysul assessment

Fort St. George 2d January 1856

Assessment of Rupees 89,320–5–. This arises from an actual increase of cultivation, also from temporary assessments imposed on lands converted from Punjah into Garden or Nunjah or Garden into Nunjah, and other causes which on the other hand there appears a gross decrease of Rupees 52,712–10–8. which is owing to remissions from changes in the cultivation as from Wet to Dry, and to certain Cadeecanee lands in the Nameeb Taluk having been made over to Venkataramma Chetty, Mootadar of Parry apulumparay, in compliance with a Decree of the Civil Court of Salem O.S. No. 169 of 1851, and to other causes detailed in the Statement. The net increase under this head amounts to Rupees 3,707–10–4.

Government Sanction 28. August 1854.

Garden.

22.

Under this class of cultivation there is a gross increase of Rupees 3,346–8–5, against a gross decrease of Rupees 1,741–4–1. which gives a net increase of Rupees 1605–8–4.

Wet.

23.

Under this head there is a net increase of Rupees 18,040–9–; the gross increase being Rupees 25,135–1–3, and the gross decrease Rupees 7,095–8–3.

24.

The particulars of the gross increase and gross decrease in the 3 items of cultivation above referred to amounting respectively to Rupees 17,802–14–8. and Rupees 6,049–3–, and giving a net increase of Rupees 5753–11–8, are given below.

Statement.

Gross increase.

Cultivation of Fallow lands	101 13 2

The

Remissions on the Cultivation Statement No. 14.

The increase under this head arises from Teervah having been charged on lands left waste by Burnums Manigars, and others who are acquainted with the Revenue rules and by opulent ryots without the tender of Razeenamahs at the proper season.—

Vide Col 30 Statement No. 12

Vide Col 4 Statement No. 14.

28. The subjoined Statement exhibits the remissions allowed out of the total Land Revenue Demand of the year, which amounts to Rupees 13,69,125 — 11 — 7. according to the Fuysubs assessment. There is a net increase of Rupees 5871 — 1 — 3 under this head.—

29 The increase in the remissions for Cowle lands left waste and for pasture lands is owing to a greater proportion of lands having been taken up this year on Cowle tenure, and to larger tracts of land having been appropriated for pasture. These causes, and an increase in the cultivation heriz of the year have occasioned a corresponding increase in the pay of village servants and agraharum shares.—

Statement No. 18

30. Under the head of Shavy remissions there is a decrease of Rupees 1325 — 2 — " The amount of remissions granted this year under this head was Rupees 1261 — 3 — 11 these were made after careful enquiry, and with due attention to the Boards instructions conveyed in their proceedings of the 12th February 1855.—

Statement No. 17

31 The following abstract exhibits in a Comparative for the particulars of lands held on Cowle.—

Items

Fort St. George 2 January 1856

The above abstract exhibits a net increase of Rupees 1817 9 8 under the item of Cowle remissions, the gross increase being Rupees 5189 8 4 and the gross decrease Rupees 371 14 8 The increase of Rupees 5189 8 4 belong to lands occupied under progressive Cowle of the gross decrease Rupees 166 6 4 is owing to the imposition of full teervah on lands occupied under Mr Cockburn's permanent Cowles in Consequence of deaths and changes or transfers of Puttahs, and the remainder Rupees 205 8 4 is owing to the imposition of full teervah on certain lands in the Vaniambady moottah, for which the Mottadars' Cowle was allowed in the last fusly.—

Extent of land cultivated with Sugar Cane, Indigo and Cotton Statement No 19.

32. The land devoted to the cultivation of Sugar cane Indigo, and Cotton during the fusly in the Government Jary moottah and Polliput Villages amounts to acres 17010 20 1 assessed at Rupees 31,883 13 11 The particulars are given in the annexed abstract.—

36

In the item of Enam Jodighy there is an increase of Rupees 24-13-2, against a decrease of Rupees 6-5-6, which leaves a net increase of Rupees 18-8-8.—

Increase

Extent	Assessment	Jodighy
23-32-1	66-5-11	6-5-11

One Annuappa Moodelly having erected a Public Choultry at Woor-
=malore for which a grant of Enam land to the value of Rupees 60-0- is was made under the sanction of Government dated 5th January 1856, he received a portion of land assessment at Rupees 66-4-5. As the latter sum exceeds the sanctioned amount by Rupees 6-5-11, the excess has been col-
=lected from him as Jodighy.—

Extent	Assessment	Jodighy
" "	" "	18-6-11

This increase is derived from charging full Jodighy for certain Enam lands in the resumed Estate of the Vanien-
=bady Moottah upon which a Cowle reyayet had been made by the Mootadar.—

This sum appertains to a Podar Enam in the Village of Panamaralapully in the Tengricottah Talook, the Jodighy of which is entered in the survey accounts at Rupees 3-8-7 while Rupees 3-8- yearly

Vide 26 para Settlement report for Fusly 1263

erroneously collected up to last year. The error having been detected during the pre-
=sent year, the above sum of 4 pice has been added to the Jodighy hitherto paid.—

Decrease

Extent	Assessment	Jodighy
17-33-0	28-7-2	9-7-9

This is a Batavarthe Enam land granted for subsistence in the Village of Trichengode one Vadamadeer, measuring acres 17-33-0 assessed at Rupees 28-7-2, and bearing a Jodegy of Rupees 9-7-9, from which a portion, Viz. acres 2-9-6, assessed at Rupees 3-6-11, and bearing a proportionate Jodighy of Rupees 1-2-3 having been taken up for the Public road newly constructed between Sunkerrydroog and Paramaty, the aforesaid proportionate Jo-
=dighy or Rupees 1-2-3, was remitted in Fusly 1259, and the circumstance embodied in para 22 of the Settlement report for that of Fusly, but reduction was made on account of the assessment of the portion so appropriated for the road. In conse-
=quence of this the Enamdar refused to pay in Fusly 1260 Rs 2-4-8 being the dif-
=ference between the assessment of the portion taken

taken up and the proportionate Jodighy remitted in Fusly 1259. In Fusly 1260 the sum of Rupees 2-4-8, and in the subsequent years up to Fusly 1262 inclusive a sum of Rupees 2-4-6 was held under "Tanacoof" or suspension, and subsequently included with the entire land Revenue arrears recommended for remission. In the fusly under Report Jodighy of Rupees 8-6-6 already alluded to. The small sum of 2 pice which was thus erroneously omitted from Fusly 1261 will be struck off the accounts in the current fusly.

Extent of assessment Jodighy 11-19-2 21-7-4 4 10 0

This is a Butavurtee Enam in the Village of Sondapoorum in the Senkerry drog Talook which has been encorporated with the Government lands in accordance with the provision of Section 32 of the Hookoomnamah, the Enamdars having failed to discharge the Jodighy due for the Enam lands from Fusly 1262.—

Topadayem or rent on Topes. 37.

There appears under this item an increase of Rupees 1,866-3-1, against a decrease of Rupees 3,251-0-7 which gives a net decrease of Rupees 1,385-13-6.—

Increase

Increase

From an increase in the rents— 1,865-3-1

Decrease

From a decrease in the rents afforded for topes ——— 1,930-4-2

Amount erroneously entered last year under the head of Topadayem now transferred to that of fruit gardens ——— 1320-12-5

Total ——— 3,251-0-7

Net Decrease ——— 1,385-13-7

Fruit Gardens & Palmyrahs— 38

There appears under this item a net decrease of Rupees 1181-8-3, the increase being Rupees 5,355-10-7 against a decrease of Rupees 5837-2-10

Increase

From Trees newly taken up ——— 2,454-3-4

From trees relinquished having been taken up again— 55-11-9

From assessment on trees become productive— 79-6-10

From higher offers having been made by applicants 1454-9-7

From Palmyra trees taken up on progressive Coole tenure ——— 0-14-8

From the transfer to this head certain Palmyra trees which have been erroneously rechristened under the head of Topadayem ——— 1320-12-5

Decrease

From trees relinquished ——— 1462-1-7

Cultivation of Lands on the tree tax was only levied ——— 59-0-1

Remission for trees in decay ——— 44-3-1

Trees blown down ——— 29-14-6

From desertion ——— 5

From poverty ——— 2-4-0

Decrease in rents ——— 2246-0-8

From trees appropriated by Government for Public Works ——— 10-7-2

From the remission of tax on trees in Putcut lands which had been hitherto collected under section 26 of the Hookoomnamah, but which was remitted this year under orders of the Board in para 14 of the Proceedings of the Board dated 2d October 1854. ——— 1952-14-10

Total Decrease 5837-2-10

Net Decrease 481-8-5

Enam Fussilgaty 39

Under this head there appears an increase of Rupees 56-11-8, against a decrease of Rupees 111-2-7, which leaves a net decrease of Rupees 54-6-11. This decrease is owing to less extent of Enam lands having been converted

converted into wet and garden by the aid of Government water in the Fusly under review.—

Grazing tax

The variations in the grazing tax are exhibited below.—

Increase

From the tax on grazing Cattle under the denomination of Battarigay in the Denkencottah Taloor ——— 113-14-9

Do. on grazing Cattle belonging to those who are not engaged in agricultural pursuits ——— 336-6-7

Do. from the grazing farm in the alumbady jungle ——— 100-0-0

Total increase 550-5-4

Decrease

By deaths of Cattle paying tax ——— 144-2-4

By desertion of certain graziers with the Cattle ——— 18-0-8

By the sale of Cattle ——— 324-0-9

By Graziers becoming cultivators ——— 14-0-8

By decrease of rents for the grazing farm in the village of Bananoor of the Denkencottah Taloor ——— 1-8-0

Total Decrease ——— 601-12-0

Net Decrease ——— 48-9-4

New Cooly 41

Here is an increase of Rupees 18-10-8 against a decrease of Rupees 626-2-10 which gives a

a net decrease of Rupees 4+6-8-6. The net decrease is owing to fewer ryots having taken Circar water to irrigate their dry lands this year

Hill Rent

42 The annexed abstract exhibits the particulars of the Hill Revenue. The demand for the present fusly on account of this is Rupees 28,208-2-11, which is below the demand of last Fusly by Rupees 38-11-1.

There

There is a decrease of Rupees 43 813-6-6 and Rupees 96-4- respectively in the items of Hills under Amany amounting in the aggregate to Rupees 909-10-6. The decrease under the former head arises from the Moonoor Hills in the Attoor Taluk, which were rented in Fusly 1262 for 10 years, having been brought under Amany at the request of the Malayalee settlers, and with the sanction of the Board, conveyed in their Proceedings dated 30th November 1854. In the Amany portion of the demand there appears an increase of Rupees 870-15-5, of this sum Rupees 678-1-11 appertains to the demand on the Moonoor Hills above alluded to, and the remainder, Rupees 193-13-6, the increase derived from the other hills under Amany management.

The demand on the Moonoor Hills in this year amounts to Rupees 678-1-11 Deducting from this amount Rupees 83-7-6 being the charges of establishment

Salary of Curnums at 3/2 Rupees per Cent — Rs. 23-11-9

Do. 3 Managers — 23-11-9

Do. 3 Tandelgars at 12 Rupees each — 36-0-0

83-7-6

8th. March 1855.

Establishment for the management of the Hills as authorized in the Boards Proceedings dated

there remains a balance of Rupees 59-4-10-5 which is below the rent Beriz of Fusly 1263 by Rupees 212-12-1 - an oppressive system on the part of the renters had induced some Malayalees of the above Hills to abscond This has caused a decrease in the present year As the Hills are now held under Amany there is every probability of the deserted Ryots returning to the Hills, and of there being an increase in the cultivation in consequence.—

Amany Beriz Statement No. 15.—

46 The entire demand of the year on the Amany portion of the District

District, inclusive of Nagadeyet, is Rupees 1,22,893-1-5 or Rupees 20,787-15-1 above that of Fusly 1265. This increase is owing to increase in cultivation in the year under report.—

46 The total permanent demand of the year on the Estates in the hands of proprietors, inclusive of Polliputs, is the same as in last year. The permanent demand on Jaury Mootthahs and Polliputs amounts respectively to Rupees 43,274-15-8 and Rupees 1,994-4-1 making a total of Rupees 45,269-3-9.—

abstract Statement shewing the general result in comparison with the preceding year.—

Statement No. 16.

47 The aggregate Land Revenue demand on the entire District for the year under report, inclusive of the Amany Beriz, and the permanent Beriz of Jaury Mootthahs and Polliputs, is Rupees 1,76,145-2-10 or Rupees 21,160-13-4 above that of last year.—

The entries under the head of Teerwajasty and Fusuljasty in the foregoing abstract have been made with reference to the Orders of the Board, Viz.t. all water tax levied on Garden or Nunjah raised on dry land has been entered under the former head and all extra demand

Paras 7-10 & 11 Board's Proceedings 2d October 1854

J.G.B.

collected on a second Crop raised on one Crop land has been included under the latter head. A difference of Rupees 27-8-7 will appear between the amount entered for Fusly 1263 as Teerwajasty / properly Fyseljasty / in the abstract appended to Para. 48 in the Settlement report for the last year, and the amount entered for Fusly 1263 as "Fusuljasty" in the foregoing Abstract. This is owing to a sum equal to that difference having been up to Fusly 1263 erroneously included with the Fyeul assessment instead of with the Fasuljasty. Another difference of Rupees 823-9-3 will appear between the amount entered for Fusly 1263 as Fasuljasty / properly Teerwajasty / in the same Abstract Statement in the last year's report, and the amount entered for Fusly 1263 as Teerwajasty in the foregoing abstract. This is owing to a sum equal to that difference having been till Fusly 1263 erroneously included with the Teerwajasty instead of with the Fyeul assessment. These discrepancies have now been rectified.-

Abstract Statement shewing both the Land Revenue and Extra Sources of Revenue Statement No. 27.

48. The subjoined abstract exhibits in a comparative form the demand of Land Revenue, amounting to Rupees 1,979,828-9-4 or Rupees 22,607-11-4 above that of the preceding year.- Items

Abstract Statement shewing Demand Collection & Balance of Current Land Revenue Statement No. 22.-

49. The subjoined abstract exhibits the Demand Collection and Balance of the Current Land Revenue It also shews the extent of the arrears outstanding against Saury Mootahs, Polliputs, and Government Villages, at the end of the Fusly under report, and the portion subsequently realized to the close of September in Fusly 1265.——

Fusly 1264.

Items.	Demand.	Collection within the Fusly.	Balance.	Per Centage between Columns 2 & 4.	Collection up to September of Fusly 1265	Balance	Per Centage between Columns 2 & 7
1	2	3	4	5	6	7	8
	Rs. A. P.	Rs. A. P.	Rs. A. P.		Rs. A. P.	Rs. A. P.

50. The aggregate amount of Peishcush outstanding against Saury Mootahs as shewn in Column No. 7 of the above Statement, was Rupees 2,344- 8- 1. This sum was collected before the 9th October last, the date appointed for the sale of Mootahs on which arrears of Peishcush were due.-

51. The amount outstanding against the Government Villages as entered in Column No. 7 of the above Statement was Rupees 9,653- 4- 4, which equals a percentage of Rupees 0- 11- 9 on the total demand of the year. Of this amount Rupees 5,453- 4- 4 is considered recoverable and Rupees 4,200. irrecoverable. In regard to the latter sum careful enquiries will be instituted at the approaching Jummabundy and the result reported to the Board.-

Abstract Statement of arrears Statement No. 24.-

52. The arrears from Fusly 1257 to 1262 and those of Fusly 1263 as they respectively stood at the close of the last mentioned Fusly: the reduction effected in them by Collections and remission under the sanction of Government in the year under review; and the balance now actually due are detailed in the subjoined Statement.-

Items

53. The remissions under the head of Amany in the foregoing tables was sanctioned by Government under date the 6th November 1854.-

54. The outstanding balance of Rupees 18-2-9 for Fusly 1263, under the head of Jaury, was due from the Coondarapully Moottah in the Histnagherry Talook now under attachment on account of a Decree of the Salem Civil Court, and was recovered before the end of September last.-

† From Civil Judge dated 27th August 1852.

55. The outstanding balance at the close of Fusly 1264 against the Amany Villages for past years, amounted to Rupees 12,442-0-9. Deducting from this amount Rupees 451-15-8, being the portion subsequently realized to the end of September last; there remains a balance of Rupees 11,990-1-1. This sum includes the irrecoverable balance of past years at the close of Fusly 1263, amounting to Rupees 8,387-7-2 which was recommended for remission in Para 55 of my last report. Of this sum again Rupees 3972-10-7 was remitted as per sanction of Government dated 6th November 1854, And Rupees 2-6-6 were collected subsequent to the date of my report for Fusly 1263, which leaves a balance of Rupees 4412-6-1.-

Statement No. 24-

The sanction of Government has not as yet been received. Deducting this sum of Rs. 4,412-6-1 from Rs. 11,990-1-1, the amount as stated above of outstanding arrears of past years at the close of Fusly 1264, there remains a balance of Rs. 7577-11-0.-

56. The annexed table shews concisely what portion of the last mentioned sum is considered capable of eventual recovery and what appears to be irrecoverable.

Fort St. George 2nd January 1856

measures have been taken for collecting the sum exhibited in Column 5 of the foregoing Statement as recoverable amounting to Rupees 2,123-10-4- The particulars of the irrecoverable portion shewn in Column 9 amounting to Rupees 5,454-0-0 are given below- As this sum cannot be realized, I beg that sanction may be granted for removing it from the accounts.-

Amount due from deceased Ryots 71-0-4.

Ditto from absconded Ryots-21-1-8-

From Indigent Ryots Vathiers:

Amount due from Indigent Ryots 3,486-12-3.

Amount suspended from Collection in Fusly 1263 in the Village of Teroomalanamasamoo. Drum, in consequence of the successive assessment since reduced on the Nunjah lands of that Village 715-14-1

Certain ryots in the Athoor Taluk having irrigated their Poonjah lands once or twice with Circar water at a time when their dry Crops were in danger of perishing, a Garden assessment was charged and the difference between that rate and the Poonjah assessment of the land fixed upon as Neercooly, but owing to the unfavorable character of the season in Fusly 1263, and to the fact that the Circar water had been used only one or two times before the Crops were measured the amount of Neercooly was held under Jamaco- 527-12-5.

Amount

Amount of Kists from November 1853 to January 1854 in deceive outstanding against the Sodighy Agraharam of Peetharapully in the Razipoor Talook, which was resumed in January of Fusly 1263 for arrears of Sodighy, under section 32 of the Mootoomamah, and under sanction of Government dated 5th September 1854. Board's Proceedings 14th September 1854. — 631-7-1

Explanation as to the extent coercive process was employed in the Collection of the Revenue. Statement No. 34

57. Statement, No. 34, has been prepared this year according to the forms given in the Board's Circular dated 7th June 1853. It shews to what extent coercive process was employed in the Collection of the Revenue and the nature of the property both personal and real attached, and sold for arrears of Revenue. It appears from this Statement that there were 134 Cases of Coercive process in the Fusly under report.

Tuccavy or advances for Cultivation.

58 Nothing has to be said concerning Tuccavy or advances for Cultivation as the practice was discontinued in this District many years ago.

59. The total collections made, and the charges incurred in Fusly 1264, are shewn in a comparative form in Statements Nos. 30 and 31. The sum of Rupees 21,273, being the sale proceeds of Stampt papers entered in Statement No. 30 is below the sum given under that item in the Demand, Collection and Balance Statements ending 30th June 1855 by Rupees 4,279-0-0. This is owing to the sale proceeds of Postage tables having been erroneously blended with those of Stampt papers in the Demand Collection and Balance Statements above alluded to. This error was not discovered till after the close of the Fusly.

Private Wells No. 33.

60. The number of private Wells on which no Tuseljasty has been levied during the current year compared with the last Fusly, is exhibited in the subjoined table:-

Fusly.	No. of Wells.	Cost of Wells.	Poonjah lands irrigated by them.- Extent.			Assessment.			Teerwajasty remitted.

Emigration Statement No. 32.
Ceylon — 9.
Mysoore — 3.
North Arcot 1.
South Arcot 1.
14.

61. From the subjoined abstract it appears that the number of ryots who emigrated from the District in the year under report was 14, and is less than the number in the last Fusly by 33. The several Districts to which the aforesaid 14 persons are supposed to have emigrated are given in the Margin.

Fusleys.	No. of Ryots.	Extent left waste by them			Summa. Sundy.		
1. — 1263 —	47	117	17	8	143	14	8
2. — 1264 —	14	36	4	3	43	14	8
Net Decrease	33	81	13	5	100	"	"

62. Statement No. 28, marked A and B, exhibits the number of Government plantations, and a separate account, No. 28. B, is also submitted to show the number of Public and Private topes. There appears an increase of 9 in the number of topes in the latter Statement above that of last year.

Alkarry.

63. The lease of the Alkarry Farm commencing with Fusly 1261 expired at the end of Fusly 1263. As the farm has been leased for a new term of 3 years from Fusly 1264 to 1266 at an enhanced annual rent of Rupees 1,01,100, there is an increase under this head of Rupees 5,090. The new lease was sanctioned by the Board in their

Trichinopoly 270 - 0 - 0
Total 397-8-0
Increase
Namcul - 1000 - 0 - 0

65. Under this item of Revenue there is an increase of Rupees 1,000 in the Namcul Talook and a decrease of Rupees 397-8-0 in the three Talooks of Womalore, Kistnagherry and Trichinopoly in the proportion shewn in the Margin. The increase in the Namcul Talook is owing to increased offers for Tamarind trees in the year under report, and the decrease in the other Talooks arises from the rents offered being somewhat lower than in the preceding year.

Ferries.

66. Under this head there

Fusly 1263	688	8	7
— Dc — 1264	755	6	9

Senkerry droog 4-6 0
7-6-0

and a decrease of Rupees 7-6-0 in the two Talooks of Namcul and Senkerry-droog which leaves a net increase of Rupees 66-14-0. This is owing to fluctuations in the offers of rent.

Gidigavul Honey and Wax.

67. Under this head there appears a net decrease of Rupees 388-1-4 resulting from a gross decrease of Rupees 497-4-4 against a gross increase of Rupees 109-3-0 the particulars of which are shewn in the margin. From the entry in the margin it will be apparent that the greater proportion of the deficiency under this item of Revenue occurred in the Denkencottah Talook which comprises a tax in Wood, honey, Wax and different kinds of dyes. The whole gidigavul farm consisting of 6 items of Revenue was rented out till Fusly 1263; but owing to the oppressive system pursued by the renters in levying a tax on wood required for domestic purposes and to the clandestine

clandestine trade which the renters were supposed to carry on in Sandal wood. One of the items included in the Farm Dyte Timber including Bamboos has been held under amany management during the Fusly, and the other 5 items only have been rented out as usual under the sanction of the Board dated 27th July 1854.

68. The amount realized on Timber and Bamboo which were held under amany during Fusly 1264 is Rupees 1043- 9-. Deducting from this amount Rupees 326- 2-8 being charges of Establishment entertained for the management of this item of the Gidigaval Farm the remainder or Rs 717-6-4 is the net revenue from this source. This is Rupees 282- 9-8 below the estimated Revenue (Rupees 1000) given in my letter to the Board dated 30th June 1854. This decrease may be described partly to a fall in the exportations of timber by wholesale dealers from the Denkencottah forest, owing to a deficiency in the means of carriage arising from the Competition of the grain merchants in the two Baloghat Taloocks

Para 15

Taloocks, and partly to the abolition of tolls which the renters used to levy upon the poorer classes who convey wood from the Jungle in loads, small enough to be carried on the head, either for sale in the neighbouring market or for domestic purposes.—

Fisheries

69. The gross increase under this head amounts to Rupees 25— against a gross decrease of Rupees 957-3-3 which gives a net increase of Rupees 932-3-3.

Fort St George 2d January 1856.

The subjoined statement of Aiw Motarpha collection exhibits a decrease of Pagodas 1926-9-4.

This is owing to a decrease in the number of persons liable to a Motarpha tax, to persons from whom a house rent was collected having taken to cultivation, to the indigence of certain Puttadars, and to the abolition of petty taxes levied from widows who gain their daily living from selling vegetables

Loom Tax

Fusly 1263	46832	1
" 1264	44628	7 2
Net Decrease	2203	9 10

72. The annexed table exhibits the several manufactures for which a loom tax is collected. The net decrease amounting to Rupees 2203-9-10 is owing to a falling off in the demand for cloths, to a much smaller quantity of cotton having been imported into the District from Bellary, and more generally to the unfavorable state of the season in the Fusly under report.—

Stamps

Fusly 1263	20209	12 "
" 1264	21273	" "
Increase	1063	4 "

73. The increase under this heads is owing to an increased sale of stamps Rupees 21273, the sum exhibited in the Margin as the sale proceeds of stamps for Fusly 1264, is Rupees 4279 below the amount of that item as shewn in the Demand Collection and Balance statement ending 30th June last. This discrepancy arises as already observed in para 59 of this report from the amount of the sale proceeds of Postage bills having been erroneously blended with the sale proceeds of stamp papers in the Demand Collection and balance statement above alluded to.—

74. The subjoined statement exhibits the gross demand in all the branches of Extra Revenue, the Collections made within the Fusly as well as the sums subsequently realized to the close of September.—

Fort St George 2d January 1856.—

77. The decrease in the first item is caused by a decrease in the amount of interest paid on kists over due. The decrease in the Second item of Revenue is principally owing to no toll having been levied on the Ferry boats at Mogansor during the Fusly 1264, under orders of Government dated 8th November 1853; while in the 3d item the decrease proceeds from a less number of looms 2d having been taxed and brought to account under the head of Sevoy Jamnah. The increase under the 4th item is caused by an increase in the amount received from the Courts on account of penalties.—

78. The subjoined abstract shews the details of old balance of Extra Revenue.—

Reply to the settlement Proceedings of the Board of Revenue for Fusly 1263-

82 It is observed that "in Statement No 5 the rent roll of the amany "portion of the District is shewn to be "Rupees 13980-23 while the totab of additions "in No 16 is Rupees 12.89.778" that "the "difference is Rupees 108.245 which "appears from Statement No 14 to consist of the three items of remission, "Village Sibbundy, Agraharum and "Dasabundum, and that it is desirable "that the amount of these remissions "should be given in No 5 so that the "rent Roll and the settlement amount "may agree"

83. In reply to these remarks I have the honor to state that the remissions alluded to will be shewn in the Quinquennial statement No 5 when it is prepared afresh in Fusly 1268-

Para 32 84. The Board call upon me to explain "what are the commutation "rates entered in para 10 as it was stated in + Jumabundy report for Fusly 1263-

in the 21st para of the last years report "that the commutation rates of "only certain Talooks had been "discovered."

85. I beg to refer the Board to answer 6 of my report* on the commutation rates. The price lists referred to in para 21 of the settlement report for Fusly 1262 were lists prepared under Mr. Cockburns orders in Fusly 1232, and not the Original accounts prepared at the Pymayesh.

* Dated 17th January 1855.

86. In regard to the commutation rates entered in para 10 of the Summundy report for Fusly 1263, I have entered into a full explanation in the first and following answers in the Commutation Report. The only source of information on the subject as stated in these answers is Colonel Reads' Report on the Survey. No other records relating to the subject have

Dated 4th April 1800

have been found since.

Para 33. 87. In this para the Board observe that "some confusion arises "from entering Mullapandy and "Oravundoor as separate Talooks "in Statement No. 12 making "the apparent number 16 instead "of 14 as shewn in the abstract "Statement in para 13," and they call upon me to state "whether "there is any objection to incorporating "these Villages with the neighbouring "Talooks."

88. I propose to make this point the subject of a separate communication, after carefully examining the old records to ascertain what orders have been passed relative to the divisions alluded to.—

The

Fort St. George 2d January 1866

Para 34.

Jammabundy Report for Fusly 1268.—

89. The Board observe that in "the Comparative statement subjoined to "para 26 the Caboolaty Banjer is stated "to be Rupees 6,501 being below that "of the previous Fusly by Rupees "1,378- But in Statements Nos "10 and 11 there is a descrepancy in "the former, it is stated at Rupees "6,591 and in the latter Rupees "6501." They therefore call for an explanation of this discrepancy

90. I beg to state that Rupees 6501 in the abstract appended to para 26 of the report and Statement No. 11 is the correct sum. Through an oversight the Caboolaty Banjer brought to account has been given at Rs 6,961 in Statement

Fort St. George 2d January 1866

an error which I presume occured in dividing the net revenue into "cultivated" and "waste brought to account" in the latter statements-

Para 35.

91. In this Para the Board state that "in para 27 the remissions "for Cowle lands left waste are stated "to be Rupees 383-10-11, while in Column "4th of Statement 17 they appear to "amount to Rupees 88-13-10."

92. In para 27 an abstract of the entire remissions on the cultivation is given according to statement No. 11. The remissions entered in that statement under the head of Nunjah Cowle lands left waste (Item No 4 erroneously given as "Cowle for Banjer lands") includes likewise remissions granted on Cowle lands which were entered under the head of 3/4 assessment, but were transferred in Fusly 1263 to that of full assessment. Whereas the amount entered in Column 4th of Statement 17 appertains to remissions on Cowle lands strictly

strictly so called, and enjoying a bad Reyayet- Hence arises the difference alluded to by the Board

93. The wording of item No 11 on statement No 11 of last year has been corrected this year from "Cowle for Bunjer lands" into "Nunjah Cowle lands left waste through deficiency of water"

Para 36 94. It is observed that in Statement No 17, there is an omission of a heading "to Column 12. 13 and 14 which renders "them unintelligable. The heading in "question is reducing an assessment "erroneously entered above the Jyaul "rate". This omission does not appear in the office copy of statement No 17 and it seems to have occurred in transcribing the fair copy despatched to the Board

Para 37 95. The Board observe that the fourth item in statement, No 11, is entered as Cowle for Bunjer lands instead of "Nunjah Cowle lands left waste on account of a deficiency of water", as shewn in para 27 of the Report. This is a clerical error- The office copy

copy of statement No 11 has been rectified-

Para 38 96. The Board observe that in para 32. the fifth item of the Sewry Jumma is entered as "Revenue". In para 32 of the last years report no items are entered. The Board apparently mean the 5th item in statement No 23 quoted in para 32 of the Report. The entry in question is as the Board apprehended a clerical error. Instead of saying "Revenue fines" the word fines has been inadvertently omitted-

Para 40. 97. In this para the Board point out that "the sum of Rupees 8,593,6,5, the "irrecoverable balance shewn in para 57 does "not tally with the marginal statement "Rupees 8594.7-4"- The sum of Rupees 8593-6-5 given in the body of para 57 was first in accordance with the marginal abstract which was subsequently altered without a corresponding alteration being made of the sum in question in the body of the Report.

Para 41- 98. As directed in this para the

Fort St. George 2d January 1856

the plan of taking half the number of ploughs to represent the number of 'Pucka ploughs' will be given up and the heading given as "Cutcha ploughs" and the whole number entered in the Quinquennial account A in No. 2 in Fusly 1268

Para 43 99. A copy of the revised para 25 of the Hookoomnamah is herewith submitted for the Board's information.

Para 44. 100. The Board remark in this Para that their instructions were misunderstood, when it was stated in para 85 of my last Jammabundy Report that the item of "rent in Government plantations" was hitherto included in the head of Land Revenue in Statement No. 23, but that this item would hereafter be entered under the head of Extra Revenue in the Statement, according to the instructions of the Board. They further observe that they never meant that I should enter the item in question under the head of Extra Revenue in the

Fort St. George 2d January 1856

in the aforesaid Statement, which relates to "Sooz Summak," but that it should altogether be transferred to the head of Sundry small Farms and Licenses in the general abstract Statement of Revenue from the Land and Extra sources, &c, in such a Statement as No. 27.

The item in question will 101 still appear under the head of Land Revenue in Statement No. 23 of the year under report. This is owing to an omission on my Office in not having prepared the necessary orders to the Treasurer for entering the item alluded to under the head of Extra Revenue in the Demand Collection and Balance statement ending 30th June 1855. The error will be corrected in the current Fusly in accordance with the Board's instructions now explained.

Para 45 102. In this para the Board refer to their remarks in Statement No. 7 & 8. They observe as follows. The Statements in question "are unnecessarily full

Fort St. George 2nd January 1856

"full and are also correctly prepared
"Statement No 7 does not exhibit correctly
"the quantity of land under Kyaw
"as for instance, referring to Column
"29 of this statement, portions still
"enjoyed by enamdars are given
"at acres 59,039 and going still
"further up to Column 70 lands on
"assigned as Enams subsequent to
"the Pymayesk settlement appear
"be 4407 acres or that there are in the
"whole 63,446 acres under the head of Enam
"But in reference to Column 11 of
"Statement No. 8 it will be seen that
"Manieem villages including Cayen
"Jody villages do contain 49,094 acres
"and that the total Enams amount
"to 96,288 acres. The total of Enamdars
"according to statement No 7 does
"not correspond with either of the afore

Again

Fort St. George 2nd January 1856

"Again in Column 69 of Statement No 7
"71408 acres are said to constitute the
"decrease consequent upon the lands
"of one description being transferred
"to another; while in Column 92 of the
"same statement 73,891 acres are
"given as the increase in consequence
"of a similar transfer so that there
"appears a difference of acres 2483
"between the increase and the decrease

acres
73891 Increase
71408 Decrease
2483 Difference

103

Of the two statements the latter was prepared in exact ac-
= cordance with the form furnished by
the Board. It is not therefore necessary
for me to "explain about its being unne-
= cessarily full-

104.

In regard to statement No 7
I beg to observe that the details shewn
therein in excess of those required by
the Board's form were considered
necessary and useful for purposes
of eventual reference as shewn below

105-

In the form No 7 furnished by

Fort St. George 2nd January 1836

by the Board, out of the total Aggd specified in Column 2 Poramboke is first of all deducted (Column 3), the remainder is struck (Columns 4 & 5), and from the remainder Enam is deducted (Columns 6 and 7), and the remaining Circar land is then shewn (Columns 8 and 9) under each of these headings the Board observe (in a footnote appended to the form) that the particulars as to Dry, Wet and Garden, should be specified, and the entries up to Column 9 be in accordance with the Survey accounts. The details as to Dry, Wet and Garden were shewn as required, but the "Poramboke" deducted (Column 3 Board's Form) from the total Aggd to was cut up into two parts Viz. "Portion of Poramboke still uncultivated" Columns 7 to 11 (Statement No 7) and "Portion of Poramboke since cultivated" (Columns 12 to 16 Statement 7) similarly in deducting the Enams (Columns 6 and

Fort St. George 2nd January 1836

and 7, Board's Form) three divisions were made Viz. "Portions still enjoyed by Enamdars" (Columns 31 & 32 Statement No 7) "Portions resumed by Government lately, lands incorporated with Poramboke (Column 34 Statement 7) These divisions were made with a view to shew what lands still be as Poramboke and what have been cultivated out of the entire Poramboke, since the date of the survey, and, similarly, in regard to Enamdy lands, the portions still enjoyed as Enam at the time of the survey and portions since reverted to Government were shewn, as the Board required the entries to correspond with the survey accounts-

From this point no addition has been made to the Board's form up to Column 63 (Statement No 7) of the Board's Form - At this point a deduction is made jointly for waste

waste in the Board's form Columns 18 and 19. But, as portions have reverted to Poromboke as portions also have been alienated as Grants, as portions have been transferred from one head of cultivation to another, and as a decrease has been found in the measurement of lands below the survey extent - such items as these must be deducted from the "Total Circar ayacut" Columns 16 and 17 Board's form, and Columns 58 to 63 Statement 127 to ensure accuracy in the entire ayacut extent. For these deductions no Columns are provided in the Board's Form, I have therefore opened additional Columns Nos 64 to 85

107 For the same reasons certain items such as "Portions transferred from one head of cultivation to another", and increase discovered in the measurement of lands above the survey extent have been added. Columns 88 to 92.

108. At this stage the Form provides Columns for the general heading "Net deduct waste" (Columns 18 & 19) and the remaining cultivated brought to Summary Columns 20 and 21. In the Salem District lands bear three rates of assessment viz the Pymaish or Survey rates, the average rates or those fixed subsequently up to Fuchly 1240 with reference to the average assessment of the Village in which the land is situated and lastly the mutual rates or those charged with reference to the assessment on adjoining lands of similar qualities.

+ Under six items of cultivation specified on Board's form No 12. to Wet, Dry, Garden Wet, Wet, garden, Dry converted into Wet and Garden, and Garden converted into Wet.

and possessing similar means of irrigation &c. There is another class of lands known as "anady kunjer" or Immemorial waste lands on which no Teerwa was fixed and which is not deducted from the entire ayacut" like "Porumpoke" lands.

109 In the first instance therefore it was necessary, for the sake of future reference at a time when there may be a call as to the precise extent of lands charged with the Pymaish rates, to show the particulars as to the several lands charged with the three different rates alone, alluded to. In Statement No 7 these particulars were shewn from Columns 100 to 143, and the "anady kunjer" added to them from Columns 144 to 147. and in the same way in a subsequent part of the Statement the items of "waste" and "cultivation" were detailed.

110 On a careful perusal of this Statement No 7 it appears to me that Columns from 93 to 99 are superfluous because the items from Columns 148 to 154 are the same, but.

but this is the only correction I consider advisable, if the information is to be complete.—

111 Should the Board consider the particulars in regard to the different rates of assessment on the lands to be unnecessary, they will be omitted in the preparation of the Statement in Fusly 1268.

112 In preparing the Duinquennial Statement No. 7 in Fusly 1268 due attention will be paid to the instructions of the Board contained in paras 7 and 11 of their Settlement Proceedings† for Fusly 1262 and in para 46 of the Settlement Proceedings‡ for Fusly 1263 directing that all lands shall be arranged under the three heads Dry, Wet and Garden, as they appeared in the Survey accounts. the fluctuations in the assessment caused by temporary changes of Cultivation being brought to account under the heads of Seervaijaity and Seervai Commee. This course will materially reduce the

† Dated 2d October 1862.

‡ Dated 9 October 1863.

bulk of that account.—

113 In regard to the difference pointed out by the Board between Statement No. 7 and 8 in the extent of Enams lands. I may observe that from the wording of the last two items in Board's Forms No. 7, Viz:. "Permanent Peishcush" and "Poliput Peishcush" the demands in each of those cases was alone entered in the last Column of Statement No. 7 and the ayacut, the cultivation, and other particulars, were not given, as in the case of the amany lands. The entries therefore in Columns 29 and 73 of this Statement, amounting to 63,460 acres, refer only to the amany portion of the district; whereas the entries in Column 10 of Statement No. 8 refer to Enams in the entire district; Amany Poliput and amany; Hence arises the difference pointed out by the Board.

114 Lastly, the Board point out a difference of acres 2,483 between the increase and decrease shewn in Columns 69 & 92 Statement No. 7 In regard to this I would observe, that through an over sight

Fort St. George 2d January 1856

Channels and submit daily reports to the Taloob Cutcherry, and the Tahsildar send a tendays report to the Sub Collectors Office.—

119 In regard to the Tanks, the Tahsildars of the different Talooks make a report to the Collectors Office once a fortnight. Shewing the supply of water in the tanks, Channels, and anicuts. The mode of reckoning is by the number of days or months consumption the supply is calculated to meet.—

120 I propose, as the cheapest and most efficient way of obtaining correct information on this subject to have a scale of feet and inches cut on one of the upright stones in each sluice in all the tanks of the District.—

121 The names of the Sub Officers employed in the District during the year with the period each Officer served, are entered in the Margin Mr. Cherry the Sub Collector discharged his duties with zeal and

† Mr. Cherry 1 year
Mr. Hadgson 9 days
Mr. Lewin 1½ Months
Mr. Greame 8 Months
Mr. Dalyell 1 Month
Mr. Davidson 2 Months
Mr. Goldingham 1 Month

Fort St. George 2d January 1856

and ability. Mr. Greame has had the Revenue charge of one Taloob with the Police charge of three as his usual duty. He has also been required on different occasions during the year to undertake much additional Police duty. all these duties have been satisfactorily performed the remaining Officers were each employed for so short a period of the year that their services do not call for particular notice.

122 Kistna Row the Head Sheristadar who was promoted to his present Office in February from the Sub Division and Vadajee Row, the Naib Sheristadar, have afforded me valuable aid. The latter Officer, as I noticed last year, is remarkable for more than ordinary zeal and attention to his duty.

Salem Collectors Office

I signed / W. A Brett
Collector

in the present Fusly.

F Owing to less Collections of having been made after the closing of the Jummabundy.

G The Collections under this head are uncertain.

H Owing to less Collections having been made in this than in the preceding Fusly.

I Owing to less number of Mootahs having come under attachment on account of arrears of Revenue during the present Fusly.

J This sum having been transferred from Deposit to Ain has caused the increase.

K July's Kist having been carried to Fusly 1265 in consequence of the present Fusly being closed on the 30th June has caused this decrease).

L Owing to the Kist having been paid up regularly.

M Owing to arrears of the past Fusly having been recovered during the present one).

N Vide remarks to D.

O Vide remarks to F.

P From an increased sale of Stamp papers during the present Fusly.

Q Owing to the Collections in this Fusly being greater than the past one.

R. Being refunds of Stamp Commission.

N.B.

Miscellaneous charges

Remarks

This July and from the charges for July not being disbursed in this July.

From a greater number of works having been executed in this than the past July, and from transfers from the Head "advances for repairs of works of irrigation" to that of Tanks and Watercourses. Vide Remarks to B. C. and D.

The arrears claimed by the Mootadars of Parasapullum pierray in the Nannad Taloob have not been disbursed in this July as per sanction of Government has caused this increase.

Owing to a greater extent of repairs to Taloob Cutcherries in this than the past July.
