The names of the Parties who have respectively executed these deeds of transfer in favor of the late Holden differ with those entered in the Pymaish and Enamaty accounts as the Grantees of the same. In respect to Vencpentah the widow of the Original Grantee made the transfer to the deceased but as whether the other Donors are or are not the descendants of such Original Grantees / points of minor importance / it does not appear that the late Holden is in any way related to any of them there is nothing to shew how he got possession of the Enam in Mundialumpett.

The alienation of the Enam in Bellava was known having been recent, and no bona fide purchase having taken place, it is recommended that the same may be resumed. Recommended also that the Enam in the Village of Mundialumpett be resumed under the circumstances above detailed and that the remaining Enams in Myakoor, Vencpentah and Yerragoontah be continued in the name of the elder son Soobanadhanoo for life, in consideration of the continued enjoyment there has been in virtue of the alienation. -

Remarks of the Collector

These Enams with the exception of Nos 209-210-1647 & 2037 were in the possession of the Family of the original Grantee as entered in the Pymash and Enamity Accounts at the passing of Regulation XXXI of 1802. The Curnekum Enam No. 2037 is entered in the Pymash Accounts in the name of Cankurla Venkat-ramoodoo who does not appear to be in any way related to the deceased and this circumstance must in a great measure render invalid the deed of purchase alleged to have been executed 162 years ago in favor of the late Holder's Ancestors. The lands appertaining to the remaining three

These Enams were originally granted as charity.	Kristnarow the Original grantee The names of Baubo row and his son Soobbarow are entered in the Pymaish accounts	Govindasow alias Venkatarow the last holder died on the 21st June 1849. He is the adopted of Randaw boyee the Daughter in law of Kristnarow the Original Grantee, wife of Baubborow and Mother of Soobbarow whose names are entered in the Pymaish accounts.	He has no other shares	His widow Lutchmy aged 6 years.	Though the deceased possessed at the Dasabundum Enams in the Village of Pogole Mokundeen poorum Deera Chadrapooram Pillacanyagoond alias Calagotta holder, but from amounting to Pagodas 19-5-5 he lived in indigent circumstances.	It appears from the Official Memorandum under date 17th April 1849 received from the Collectors Office that the Board of Revenue sanctioned the Enam during the life of the late holder, but from the remark I made on this case previously I have doubt whether the Board will sanction the continuance of it to the widow, as the Enam was allowed to the husband it might be allowed to his wife the only heir. Signed M. Murray Sub Collector	Recommended to be resumed agreeably to the orders contained in Extract from the Minutes of Consultation dated 15th February 1849 conveyed in Extract from the Proceedings of the Board of Revenue dated 8th March 1849.

Remarks thereon

No 97 Shurtvurtee Enam

The Board concur in the recommendation of the Collector that the share of 13 19 9 assessed at Rupees 23 11 9 enjoyed by the late Sheyshummah in succession to her husband may be resumed.—

No 136 Shurtvurtee Enam

The alleged adoption of Ramacharry seems to be open to some doubt, but under all the circumstances of the case the Board would recommend that he be allowed to enjoy the lapsed share Rupees 10 3 11 4 for his life on condition of providing for the support of Ringammah Sister of the deceased, if she is in such a state as to require it.—

No 154 Shurtvurtee Enam

The Board concur in the recommendation of the Collector that the Enam lands held by the late Erooguty Mudwacharry consisting of 12 14 22 1 assessed at Rupees 171 10 7 may be continued for her life to Chinnamah the Widow of his late brother of an undivided family.—

No 155 Shurvurtee Enam

The Board beg to recommend that the Enam lands enjoyed by the late

late Mahasneerla Cummackenna Comprizing 16 38 15 in value Rupees 20 — — be resumed.

No 157 Shurvurtee Enam

Under the representation of the Collector the Board beg to support his recommendation for continuing the share in this Enam enjoyed by the deceased Narsimha Charloo to his Widow Venkatummah for her life.—

No 158 Shurtvurtee Enam

In like manner the Enam of 3 20 1 in value Rupees 20 1 11 enjoyed by the late Kosala Sayshiah is recommended by the Board to be continued in the name of his Widow Audemah for her life.—

No 159 Shurtvurtee Enam

The Board concur with the Collector in recommending that the 18 4 7 of Enam land in value Rupees 56 1 2 enjoyed by the late Sengutum Kistnamah be resumed on account of Government there being no claimants in the male line.—

No 160 Shurtvurtee Enam

As the parties are reported to be poor the Board would propose that the Collector may be empowered to assign for life to Soobamah daughter of the deceased such proportion of the lapsed Enam as may be sufficient for her support and that the remainder may be resumed at once.

Under

No 164 Bhartumtee & Kyatee Enams

Under the circumstances represented by the Collector the Board concur in the recommendation that the Enam land in Bollavarum and Nundialumpettah value Rupees 13-9-- enjoyed by the deceased Sheyeona Gazaloo be resumed and in consideration of the shares in the Enams in Mydkoor Tanepentah and Yerragoontla in value Rupees 39-7-3 having been in enjoyment of the family for a number of years that they be continued to the elder son Loobavadhanoloo to lapse at his death.—

No 163 Bhartumtee Zemindary Cunnekum Enams

The Board concur in the recommendation of the Collector in preference to the general Enams falling under this number.—

No 166 Stala Enam

The Board support the recommendation of the Collector for the continuance to Timmareddy the adopted son and one of the Nephews of the deceased Yerra Timmareddy of the Share in the Enam 4-10-8 valued at Rupees 21-1-7 lapsed on the death of that individual.—

No 165 Kyatee Enam

The Board concur in the

D.G.

this recommendation.

No 171 Stala Enam

Under the circumstances represented by the Collector the Board beg to support his recommendation that the 8-16-3 of Enam lands in value, Rupees 48-5-6 held by the late Yaroodoola Malareddy may be continued to his Widow Mullackah for her life-

No 176 Alpanum Enam

Adverting to the poverty of the parties the small value of the Enam and the length of time that it was in possession of the deceased, the Board think that it may be allowed to pass to his eldest son Varadadoo as recommended by the Collector.-

No 177 Palemara Enam

As the parties are represented to be in indigent circumstances and the share of the Enam 12-2-3½ value Rupees 24-19-1 held by the deceased was alienated to him 30 years since, the Board would suggest that it be allowed to pass to his daughters and be resumed at the death of the survivor of them.

The Board concur in the recommendation of the Collector that the shares enjoyed by the deceased Nagiah as noted in the Margin be continued to his widow Sheshummah

Sheshummah and that the shares held by him in the other Enams which seem to have been irregularly acquired, be resumed. The recommendation is however made on the presumption that Soobramanien Grand-son of the deceased mentioned in Column 10 is descended from him in the female line. If otherwise the title of this individual is preferable to that of his Grandmother and the Enams, value Rupees 61-11-3, should be continued to him without limitation as to life.

(A. 179 Bhurtwur-tee Enam)

This is the Enam last referred to in Extract Minutes Consultation 16th February 1849. The deceased was an adopted son, and the Enam was continued to him only for his life. It should now be resumed.

In Cons. 8th March 1849.

(A. 183 Stalu Enam & Pilla Jettoo Enam)

Upon the grounds shewn by the Collector, the Board beg to support his recommendation for the shares in the Enams enjoyed by the late Veenkutreddy in value Rupees 6-8-1 being continued to his Mother Tippakah at whose death the claims of the children would

will come under consideration.

(A. 186 Bhurtwurtee Enams)

For the reasons stated by the Collector the Board concur in the opinion that the Enam lands in value Rupees 5-14-2 held by the deceased Ravunuppah should be resumed.

(A. 187 Bhurtwurtee Enam)

Under the representation of the Collector the Board concur in his recommendation for the 31-7-7/4 of Enam land, in value Rupees 51-2-5, enjoyed by the late Ravoory Vehengum Bhuttoo being continued to his Widow Bootchummah for her life.

(A. 188. Bhurtwurtee Enam)

The Board are not prepared to support the recommendation of the Collector to continue the Enams lapsed by the death of the Widow Soobummah to her adopted son Veneatachellaputty. This adoption would appear to have been made by the deceased after the death of her husband and after that of the son Veneatachella originally adopted by him. In consideration however of the reported poverty of the parties the Board would beg to suggest that half the Enam Rupees 83-2-10 enjoyed by Soobummah be

be continued to Venea tachella Mutty fo
his life.

From the Agent to the Governor of Fort St. George ..... at Kurnool .....

Sir

Para 1 Adverting to your Board's instructions dated 3d September 1846, to their order of the 6th ultimo and to the order of Government noted marginally, I have the honor to submit a Statement in the prescribed form of three Yeomiahs in which lapses have occurred.—

I also beg to submit a separate Statement in a similar form as directed by your Board, respecting two yeomiahs included in the List No 3 of allowances sanctioned as life grants to Yeomiahdars in the Kurnool District as which accompanied the orders of Government above quoted, but in respect of which I have deemed it my duty to offer for your Board's consideration certain observations now entered in the Statement, which I hope will induce the adoption of a more indulgent view of these cases than that hitherto taken.—

The allowance drawn by the late Shah Sahib was originally granted by Nawab Munwar Khan, predecessor of the late Ey Nawab, for the ooroos of Ahmed Shah a priest of holy reputation, who lies buried in the Ahmed Shah Durgah, of which Shah Sahib had charge up to the date of his death. The tomb is near the Choultry in the town of Kurnool and by the respectable Mahomedans of the place is regarded with veneration. It is in good order and is resorted to by pious Mussulmans subsequent to the death of his father, the usual service has been continued by Shah Sahib's Son although the family of the deceased, consisting of Six Members, is in very needy circumstances I am of opinion that the renewal of this Yeomiah from the date of Shah Sahib's death for the purposes of the Ooroos will be highly appreciated by a large number of the Kurnool Mussulmans and I beg to recommend accordingly.— X Moorad Shah.

The late Hussain Sahib in whose name this allowance stood was one of three cousins who each in his turn superintended for four months of the year the religious service performed at the Dungly or Padshah Durgah. This Durgah is a shrine constructed over the tombs of one Jungly Padshah and several of his wives. This building is of stone and in good condition. My Predecessor Mr. Scott has referred to it in the terms marginally quoted The annual money allowance has been periodically expended at the Oorroos, but the three individuals above mentioned are stated to have themselves defrayed the cost of nightly lighting the Durgah and other incidental expenses. To meet these they held 30 acres 2.35/64 Goontas of Enam land, an ancient endowment to the Durgah.— Owing to the reputation for extreme sanctity which was enjoyed during his life time by Jungly Padshah, this tomb is held in great veneration by all classes of Mussulmans who resort to it at the period of the yearly Oorroos and likewise visit it on the occasion of other festivals. The late incumbent left a widow and an unmarried daughter who have no ostensible means of support beyond their 1/3 tioned. My Predecessor Mr Scott in his letter to your Board of date 7th June 1847 has stated with respect to this Yeomiah that there never was a separate Pagoda for this but Poojah used to be made in an empty room on the top of a house, and when the house fell into disrepair a portion of the Neelacumbeswara swamy Pagoda was appropriated for the purpose. The allowance of 2 Puce a day was paid out of the town duties."

In addition to the Yeomiah under notice the late Poojaree Kistnamma Bhut drew a personal allowance of Rupees 20-5-4 per mensem which ceased at his death. He had the reputation of being skilled in Medicine and was very generally consulted in Kurnool by sick Hindoos and Mussulmans of the place and neighbourhood, from whom he received some small professional remuneration. His family consists of Eleven persons, but his 1st and 2d sons are in the enjoyment of a monthly Yeomiah of Rupees 5-15-8 The elder of these Venkatasoobiah, appears jointly with his late father, to have been regular in the performance of the required Pooja and the Pagoda in which the Idol has of late years been visited by the Hindoo devotees of the Town. Adverting however to which the Idol was placed previous to its removal to the Pagoda that no great extent of Pooja can ever have been performed the marked improvement in their condition and circumstances during of Kurnool have of themselves done little or nothing towards the of new places of worship being content in this particular es Pagoda never intended for its reception. Remarks thereon. From the description of this grant given in the accompaniment to Mr. Scott's letter of the 7th June 1849 alluded to in the Board's Proceedings of the 18th January 1849 para 5, it would seem to be of the nature of a Jeemiah but from the representation now made a portion of it would appear to have been appropriated for the expenses of a Durgah upon the Tomb of the brother of the deceased Raheem Alli Shah.—

Under all the circumstances of the case and adverting especially to the large number of dependants on this grant, to their advanced age and indigent circumstances the Board concur in recommending the continuance of a moiety of the allowance or Rupees 146—4—" per Annum as a special case to synd Shareef, the eldest son of deceased for his life.—

The distinction shewn in the preceding Column of this Statement between the Jeemiah allowance of Rupees 73—2—" and the Durgah allowance of Rupees 24—6—" appears also in Mr.

Fort St. George 4th February 1850

Mr. Scott's Statement adverted to in the Board's remarks on the previous case. That Officer states "the sum of Rupees 24—6—" "is for the Oorus of Bahavoodeen Caderi "the Grand father of Mahomed Alli Shah "whose Durgah is near the Ammoor Gate." The reasons assigned by Mr. Phillips for keeping these two allowances distinct and viewing the former as a personal life grant and the other as a service grant to be resumed on the death of the five Brothers appear to be worthy of consideration. The Board therefore concur in his suggestion that the sum of Rupees 24—6—" be continued on the conditions stated as a Durgah allowance and that the remaining sum of Rupees 73—2—" be continued in equal shares to the five Brothers as a life grant.—

From the Collector of North Arcot ..... Reports on Petition 2201 of 1849 in

Sir,

Petition 2201 of 1849 is an appeal from a decision passed by me on appeal

in the matter of a dispute respecting the Curnum Meeras of Chuckeramalor & 4 Villages in arcot Talook.

appeal from an order of the Acting Sub-Collector in the matter of a dispute respecting the claims of the Curnum Meeras of Chuckeramalor, and other Villages of the Arcot Talook. The matter at issue is somewhat complicated, but I will state the points as briefly and clearly as I can, and I also enclose for the Board's information a translation of my decision.

2. The dispute has reference to only three quarter or 6/8 of the whole Meeras, and its particulars are as follows. About forty years ago this 6/8 of the Meeras was equally the property by inheritance of two parties; one Vurdapillay, and the other three brothers or first Cousins, Ramiapilly Cundapillay and Iyatoray pillay. Of the 3/8 belonging to the latter party, 1/8 was given with a sister or Cousin of Ramiapillay to one Chinnienpillay as dowry, and as none of the three owners were competent to do the duties of the office in person, the same individual was also employed as their Goomastah, and as such he was to

hold the remaining 2/8 share also, and support the three Meerasdars — all the latter are now dead, one of them has left no issue, and the other two, one grandson — each. In the present dispute one of those grand children Ramasawmy Pillay claims — the 1/4 share above referred to, which claim is resisted by Appoopillay Son of Chinnia Pillay, on the ground that it was permanently made over to his Father: I disallowed this objection, and awarded the share to the claimant, as it appeared clearly to have been made over to Appoo Pillay only temporarily, while he was employed as Goomastah, and even that not wholly for his own benefit, as the Meerasdars were to be maintained out of it.

3. As respects the 3/8 share above referred to as the property of Vurdapillay; that

that individual died without issue and Apsoopillay claims his share, alleging that his Father purchased 1/8 share, and that he furnished the money 80 Pagodas to redeem the other 1/4 which had been mortgaged. He failed however to prove the purchase of the 1/8 share, and as to the redemption of the Mortgage, I held that such a transaction could not give him a title to the property redeemed, to the prejudice of the Meerasdar who were entitled to redeem it, but that the Money so advanced was to be regarded as a loan to the Meerasdar — I accordingly disallowed his claim to both portions of this 3/8 share.

Translation

Translation of a Memorandum from J. D. Bourdillon Esqre Collector of North Arcot to the Acting Sub Collector No. 160 of 1849.

The Collector has had under his review the proceedings which accompanied the late Sub Collectors Memorandum of the 19th March No. 101, in the matter of a complaint preferred by Ramasawmy Pillay, claiming the appointment of Curnum of Cheekeramalore and other Villages of the Arcot Taloork, as adopted Son of Gyatsray pillay, Meerasdar, deceased, which claim having been dismissed by the Sub Collector the Complainant appealed from that decision.

2. From these proceedings it appears that out of the entire Curnums Meerasdary of the four Villages, Cheekeramullore, both the Moodaly poyaum Kummapoyum division, Parapary, Parvomcammodoo, and Keelaumbaudy, one quarter belongs to Tandaroyah Pillay, and of the remaining

Fort St. George 4th February 1850

remaining three quarters 3/8 belong to Vurdapillay and 3/8 to Ramiah pillay Cundapillay and Iyatoray Pillay his younger brother - But that the said Ramiah pillay &c. not being qualified to perform the duties of the Office they sent for their Sister's sons, the Defendants Appoopillay, and his younger brother the late Bilvanadapillay, bestowed 1/8 out of the 3/8 share on their Abboopillay and his brothers. Mother her dowry, and delivered the remainder also of their Share of the Meeras to them, and that the name of Bilvanadapillay was registered as Curnum, that when he was so conducting the duty, Vurdapillay died, and his 3/8 share was also by the Courts decision included with that of Ramaiah pillay &c. that Bilvanadapillay and Abboopillay enjoyed all this and maintained Ramiah pillay &c.

3. It does not appear however that Abboopillay &c. have any title to any part of the Meeras except to the 1/8 Share

Fort St. George 4th February 1850.

Share given as the dowry of their Mother The Statement of Abboopillay that 1/8 share was obtained as dowry and 1/8 by purchase is not supported by proof nor is any deed of sale produced - The allegation of the adoption by Iyatoray Pillay of the Appellant Ramasawmy Pillay, who is by birth a sharer in the Meeras, is not clearly proved, nor is any deed of adoption forthcoming, it however appears that through the late Iyatoray pillay, Cundapillay, and Ramiah-pillay, died without male issue, yet the appellant, Ramasawmy-pillay was daughters son to Cundapillay and Vizianagaram was daughters Son to Iyatoray Pillay - The document given by Ramiah pillay &c. to the Defendant, Abboopillay, on the 9th Tye year Sookla, shows that out of their 3/8 Share, 1/8 was given as dowry, and the other 1/4 was given up to Appoopillay in consideration of his performing the Meeras duty, and that no part of it was sold to him,

Hence

Hence of the whole 3/4 share only 1/8 belongs to Appoo Pillay, and the entering of the names of Annapillay Son of Abboopillay and Sungeeve pillay his sisters Son for a quarter by the late Sub Collector is incorrect. Sungeevee pillay should therefore be removed, Annapillay should be confirmed in the 1/8 share of his father Abboopillay, and the remainder 5/8 of the Meras must be adjudged to belong to the appellant Ramasawmy pillay and Vegearagava pillay. But as the latter is a Minor, the name of the former should be registered and the duties performed by him and by Vigiaragava pillays people jointly.

4. Of the 3/4 share, the share of 1/4 mortgaged by Vurdapillay to Fondavarroy pillay, appears to have been redeemed by the defendants Abboopillays younger brother, the late Bilvanada pillay paying the mortgage amount of 52 Pagodas. The Acting Sub Collector will therefore cause that Amount to be paid to

to Defendant Appoopillay by the above Ramasawmy pillay &c. and as regards the quarter Share of Fondavroya pillay which is not concerned in the present dispute, he will make enquiries respecting the heirs of the said Fondavroy pillay. The documents which accompanied the Acting Sub Collectors Memorandum above referred to, are herewith returned except the copies of the Tahsildars Orgie and the Acting Sub Collectors Takeed.

the notice of the Board the great difficulty I now experience in carrying out their instructions in consequence of the recent death of one of my ablest Tahsildars, and the suspension of another, a very serious inconvenience at this season when all the Marramut works are just commencing and considerable difficulty expected in the realization of the current revenues in consequence of the generally depressed state of the Markets throughout the Province. I therefore beg to suggest that the Collector of Salem or Coimbatore may be required to furnish Mr. Maltby with a person to superintend the survey, as taking an Officer for this purpose from Tanjore at the present time cannot but be detrimental to the public Service

Forwarding translation of a Plaint preferred against the Collector and others in the Sub Court in Original Suit No. 92/1849 and recommending that the redress sought may be granted as far as the Government is concerned by cancelment of the order

I have the honor to transmit Translation of a Plaint preferred against myself and others before the Subordinate Judge to procure removal of a Muddam raised across the Head of Channel supplying the Plaintiffs Tank and a prohibition against the erection of a Calingula in the same.

2. It appears that the channel of the Plaintiffs branches off from the Jungle Stream which supplies

A.G.B.

Fort St. George 4th February 1850.-

supplies the Tank of the Defendants, and that the bed of the former having in course of time become lower than the latter and carrying off therefrom more water than the Defendants considered fair, a complaint was made to the Tahsildar who enquired into the case, and recommended and procured an order from the Assistant Collector that a Calingala should be erected in the Defendant's channel to restore the equality. Before the order was passed the Plaintiffs presented a Petition to me stating that the Tahsildar had reported unfairly which petition as I was not in charge of the Taluk I endorsed to the Tahsildar to consider all the documents in the case, but not to report to me. No appeal has been made to me against Mr. Hodgson's order.-

3. The record of the Tahsildar's enquiry gives considerable reason to believe that Mr. Hodgson's decision is equitable, but as the Villages belong to Devastanems, and the intervention of a

Fort St. George 4th February 1850.-

a Punchayet was not used, I do not think that it can be sustained in Law.- I have therefore given directions to prevent constructions of the Calum=gula and would recommend under Section IV. Regulation I of 1823 that the redress sought may be granted as far as the Government Officers are concerned, by cancelment of the order, leaving the other Defendants to seek their object in the mode prescribed by Law.-

4. The Court will most pro=bably refuse under clause 2d. Section IV of the Regulation above quoted to grant Plaintiff his costs, because he failed to pursue the course open to him of appealing to me.-

Subject of the Plaint.

The object of this suit is to procure a decree awarding Defendants to remove at an expense of a rupee a mud dam thrown by them contrary to Huzzoor orders, across the head of the Channel from which their Tank is supplied, and prohibiting them from constructing to 100 yards west thereof a Calingoola 1½ yards in height, 1¼ yards in breadth and 4 yards in length, at an estimate of Rupees 43. 14. 0.

On 12th December 1815 and 9th February

February 1817 Streneevasiengar the late Moonsiff of Paramagoody and resident of Solavandan and Madura obtained in Cowle from the Circar the 42 Company's Cawnies of land which were covered with Jungles within the limits of Thathumputty and Neeratan. Their boundaries are Vizt. West of the limits of Chinnama Naickenputty North of the Vunnytree standing in the waterspread of the Tank of the Neeratan Village, east of the Punchanga Manelums and South of the Cavel Manelams and Perumbokes waste land lying north of the road running from east to west. At a great expense here dug out a tank and converted the lands into Nunjah. He raised also a dam within the limits of Chinnamanaickenputty and east of the Nunjah land belonging to the 6th and 13th Defendants and by cutting therefrom a channel to 787 yards long, 4 yards in breadth, and 2 yards in height, turned off the

Serumalay

Seremalay Stream and the surplus water of Caroopa Maniagar's tank and nunjah lands. The lands were accordingly cultivated till now under the irrigation of the said Channel.—

2. The lands in question are entered in the public accounts and Puttahs issued in the Name of the said Streenevasiengar. Some days after, the tank suffered breaches and the Nunjah cultivation was turned into Nunjah mail Poonjah. On 24th August 1837 or 10th avany of Yaimilumby the said Streenevasiengar confirmed on donation to one Peroomalay Iyengar of Cullecoody in Peros-mungalum taloof the tank the channel, and the lands in question, and passed a deed for the same. The Grantee repaired the Tank and held enjoyment of it, on 15th February 1848 or 5th Masy of Plavunga sold 3/8 of the said lands to

for Rupees 165 to 1st Plaintiff and 1/8 to his father 2d Plaintiff for Rupees 60 and executed Deeds on Stampt Cadjan of 8 and 4 Annas Value respectively.— In the same year he granted in perpetuity the remaining 1/2 share of the lands to the Plaintiffs with all its Mailvarum and Coodivarem shares on condition that they would pay 1 Kalam of Paddy per each Cawny to Soundra Rajah Permal Pagoda. Ever since which the Plaintiffs cultivated and enjoyed the whole of the lands in question and paid tax to the circar.—

3. The 4th Defendant has unjustly raised a mud dam at the mouth of the channel above-mentioned obstructing its usual course to Plaintiff's Tank. The Plaintiffs Complained of it to the Tahsildar who upon enquiry was directed by the Collector's order No. 28 dated 11th January 1843 to remove the said dam and to let the water flow to Plaintiff's tank. The dam was accordingly removed.

In

4. In defiance of such order the Defendants from 4 have at their own expense of a Rupee erected on the spot a mud dam to 100 yards west thereof, and east of the Mani=um land belonging to 15th and 16th Defendants, construct across the Channel a Muttah Calingoola to the height of 1½ yeards 1¼ yards in breadth from east to west and 4 yards in length from North to South at an estimate of Rupees 43-14- in order to carry water to their Andeputty tank. Plaintiff presented a complaint about it to the 1st 2d and 3d Defendants but obtained orders thereon. The Defendants on brought to the spot stones and other materials and carry on the work.

5. Plaintiffs have instituted a Suit regarding this matter before this Court in Original Suit No. 77 of this year which was referred to the Moonsiff of Peroparumgoondrum who passed a diary order under date 27th November last to the effect

that as the 4th Defendant presented a Petition stating that he was construct=ing the Calingoola by order of the 1st Defendant he could not send a Notice to prevent the same. Besides, in an en=dorsement given to Plaintiffs by the 2d Defendant it is stated that the Calingoola was being constructed according to Hoozzoor order No. 96 and that the Plaintiffs and his people were fined for objecting to it. The Plaintiffs have therefore presented a Motion to the Civil Judge requesting that as the Collector was to be includ=ed as 1st Defendant in the Suit he should call up the proceedings from the Moonsiffs Court and refer them to this Court, whereupon he the Civil Judge passed a diary order to bring a separate Suit including the Collector as 1st Defendant and to

In 1824 the prescribed ceremonies having ceased to be performed the proceeds thereof were annually held in deposit ever since- The Government having called upon the Board "to consider how these lands should be disposed of." Mr. Throughton, in para 9 of his report of the 30th November 1818 No 102, proposed their transference to the Trustees in the event of the usual Ceremonies being revived which having been approved by the Board of Revenue, the lands Nos 1-2 and 3 were made over to them accordingly in the Months of February last; the proceeds of the Enam No 4 only, being held in deposit- This arrangement may have been a liberal one, but the retransfer of the lands after a period of 23 Years, during which no claims were preferred, appears to me questionable- neither is it at all certain that the Ceremonies are continued, tho' they might be temporarily and partially revived to secure the desired grant-

H. Clive in 1826 and has been continued ever since- Deducting this allowance the residue is paid to Government of which the quit Rent (Rupees 15-5) is credited to the head of Land Revenue, and the rest Viz Rupees 51-13-10 held in deposit- It is not usual generally in this District to tax improvement on Enam lands and upon this principle, it would seem inexpedient to interfere in the matter of the grant in question further than to levy the quit-rent demand, but whether the

In the Extract Minutes Consultation of 1st March last. para 5 the Government called for further information respecting the Neelumboor Choultry Enam and the other Enams mentioned in para 6 to 8 of the Proceedings of this Office under date the preceding 22nd January. The Acting Principal Collector states that the Chuttrum Enams will be treated of in a separate communication which will be made through the Department Public Works. The Board must observe that this communication is long due, and has been frequently called for. The Government Extract Minutes Consultation 4th December 1849. have lately again drawn the attention of the Board to the subject, and as their final report is

Fort St. George 4th February 1850

is only delayed for want of information from the District authorities, it is desirable that no more time be lost in furnishing it.

2. Exclusive of the Chuttrums lands, the other Enams under report are of small value and do not require much remark. The following Memorandum taken from Para 3 of Mr. Thomas' report exhibits the particulars.

3. The lands falling under item No. 1 have been incorporated with those of Government in the past Fusly 1258.

4. The details of the Enams included under the second head are given in Para 5 of the present report. With regard to the remarks made by the Acting Principal Collector in the following Para the Board must explain that the terms in which the endowments in question were spoken of by Mr. Wroughton did not lead them to suppose that the services of the Pagodas had been intermitted for so long a period as 26 years and that alths' they expressed their concurrence in the views of the Principal Collector regarding the restoration of these Enams they did not authorize that measure. The transfer of the three Enams to the Trustees before the receipt of the Orders of Government, was premature, but under the circumstances and looking to the trifling value of the lands the Board beg to recommend that they may be left to the Pagoda Managers; if the services have been revived if otherwise that the lands should be resumed. The fourth Enam which does not seem to have been made over should be resumed.

5. With regard to the Enam in Errode No. 3 in the Acting Principal Collector's Statement above quoted, it does not clearly appear whether the partial conversion of the land from Punjah to Nunjah was effected

Fort St. George. 4th February 1850

effected by means of water drawn from a Government source of irrigation or provided at the cost of the Pagoda. The observation of Mr. Thomas that it is not the general usage of his District to tax improvements on Enam lands it is presumed applies only to such improvements as may be carried out at the charge of the Enamdar himself. The Board would suggest that the present Tusdeek Rupees 62-7-11 be discontinued. that the lands be transferred to the Managers of the Pagoda and that it's liability to any cusuver or extra assessment on account of it's being irrigated, be determined upon the principles usually applied to Enam lands in Coimbatore.

With respect to the last item in the Statement of the Enam for the Veeranee Sibbandy as the office of which it forms the endowment was stated by the Principal Collector to be necessary "for the security of the interests of Government and the ryots", and as Mr. Thomas seems to concur in this view, the Board would beg to recommend that the transfer of this Enam to the three individuals who now fill the appointment may be confirmed.

From the Collector of Malabar --- } Sir,

With reference to the Board's Proceedings under date the 10th ultimo I have the honor to transmit the following Papers.

No 1 A Statement shewing the Quantity

Fort St George 4th February 1850

Quantity of Salt sold at each of the new inland Depôts for each quarter, since their Establishment the price realized, and the net gain to Government after deduction of prime Cost of the Salt, Carriage Wastage and other Charges.-

No 2. A Statement exhibiting the same result, for the last ten Fasslies 1249 to 1258. applicable to the Gollahs at Ponany.-

No 3. Copy of a letter the Dewan of Cochin to the Resident shewing the present selling prices of Cochin Salt on the borders of this District.-

In order to enable our Salt to enter into a competition with that of Cochin it will be necessary, it will be seen, to reduce our rates from 16 to 12 and 7 Annas.-

Whether any probable increase of Sale would make up for the diminution of price is a question of considerable doubt.-

I do not think that, considering the extent and nature of the boundary to be guarded, the former Sayer Chowkies upon the Cochin Frontier did, during their Establishment, interpose any very efficacious obstacle to the illicit transport of Salt from that State. But some obstacle they undoubtedly did interpose. They were naturally well situated for the repression of all sorts of Smuggling.-

(4)
From the Acting Secretary to Government — Extract from the Minutes of Consultation, under date the 1st February, 1850 No 2 to 2.

Sanctioning the payments of the Gromiahs retrenched in the accounts of the Collector of Madras for Fusly 1252 and containing orders respecting the continuance of these Gromiahs.

Read the following Extract from the Proceedings of the Board of Revenue.

Submitting correspondence with the Collector of Madras on the subject of certain Gromiahs retrenched in his accounts for Fusly 1252, with the Board's recommendation on each case. / Dated 22d October 1849 No 476.

Para 1. In the Minutes of Consultation dated 8th June 1847 No 677 the Government disposed of those retrenchments from the accounts of Fusly 1252 which had reference to Gromiahs properly

properly appertaining to the Madras Collectorate. The retrenchments for the same year received in the Board's Proceedings above recorded, are it would appear on account of allowances transferred from other Districts for payment at the Madras Treasury, these amount in all to Rupees 4,947-4-1 per Annum, but deducting Rupees 586-1-.. on account of lapses and transfers which have taken place since Fusly 1252, there remain Rupees 4,361-3-1 per annum for the continuance of which the sanction of Government is required by the Audit Office.

Lapses by death	Rupees 497-8-8.
Transfer	88-8-4
Total Rupees	586-1-..

Note The difference of Rupees 177 between the amount and the sum entered in the Collector's letter and at the Foot of the Statement dated 22d November 1848 is an error which has been rectified in these Proceedings.

2. A further deduction will have to be made from this last mentioned amount to the extent of Rupees 267-14-.. Viz. Rupees 102-14-.. the allowance heretofore received by Mahomed Navaruddeen as Jemiahdar of the Nellore District, but recommended to be resumed under the circumstances brought to notice in para 24

of

of the Board's Proceedings, and Rupees 165 the Service Jeomiah for the Summa Musjid at Pulicat, recently re-transferred for payment at the Treasury of the Collector of North Arcot. The Net amount therefore for which the sanction of Government will now be necessary is Rupees 4,093-5-1 per annum.

3. The care and attention with which the payments under retrenchment have been reviewed in the Board's Office and the late period at which the accounts of the Madras Collectorate for Fusly 1252 continue unadjusted, rendered it unnecessary on the part of Government to do more on the present occasion than to remark that the allowances in most cases do not appear to have been checked, in the course of audit, by the detailed Lists of Jeomiahs included in the Moyen-jabitahs for Fusly 1228, which under the circular instructions approved by Government and communicated to the Audit Office on the 4th March 1819 were to be considered as the standard by which all future payments were to be regulated until a general

or

or particular remission of the fixed charges should take place. The objections however were well founded in the absence of detailed Lists to be guided by, which, it is observed on reference to the Books received from the Board's Office, did not in every case accompany the Mozeumzabitahs for Fusly 1228, and it is presumed that the time and labor which the preparation of such a List for each District would have occasioned, deterred the Civil Auditor from calling for it and induced him to apply at once for renewed sanction with a view to the early adjustment of the charges.

4. Relying however on the scrutiny which the retrenched allowances have undergone in the Board's Office, where they are shewn to have been checked by the old Registers of Pensions furnished by the Collectors of the several Districts, the Governor in Council has caused a Statement to be prepared for the guidance of the Audit Office

Fort St. George 7th February 1850.

Office exhibiting separately and distinctly in detail as well as in abstract, the Jeomiahs retrenched under each head in each District, the lapses and transfers that have occurred since Fusly 1252, and the amount now payable from the Treasury of the Collector of Madras and for the continuance of which the sanction of Government is necessary. Agreeably to this List, sanction is granted

for the payments made in Fusly 1252 and subsequently to the date of lapse on account of the deceased incumbents named in the Margin, amounting to Rupees 497-8-8 per annum, and also for the sums disbursed on account of the two service Jeomiahs of the Publicat Mosques to the dates on which the last payments were made at the Madras Treasury, being Rupees 253-8-4 per annum. These allowances on having been retransferred to the Treasury of the Collector of North arcot.

The

Fort St. George 7th February 1850.

5. The Government entirely concur in the conclusion at which the Board have arrived in the case of Mahomed Nasaruddeen, a Yeomiahdar of the Nellore District, but paid by the Collector of Madras and accordingly direct that his allowance of Rupees 102-14-- per annum be resumed from the date on which it was suspended under their Orders. The Civil Auditor is authorized to admit the amount disbursed on this account in Fusly 1252 and subsequently to the date of last payment.

6. It is observed that the amount of lapses by death is given in the Collector's letter and at the foot of the Statement furnished on the 22d November 1848 at Rupees 674-8-8 whereas the lapses noted in that Statement as well as in the Board's Proceedings amount to only Rupees 497-8-8. The difference of Rupees 177---- has since been explained by the Collector to be an error which has accordingly been rectified.

7. Deducting the sums referred to

Fort St. George 7th February 1850.

in paras 4 and 5, there remain for payment from the Treasury of the Collector of Madras Rupees 4,093-5-1 per annum, and for the continuance of this sum as well as for the disbursements made since Fusly 1252 sanction is now granted by the Governor in Council, as per abstract entered below.

9. The Governor in Council desires in conclusion that the Civil Auditor will report for the information of Government whether there are any other Districts the accounts of which have not been finally closed for Fusly 1252, and if so, what is the cause of the delay in the adjustment of the charges.

Sir,

(14)

From the Collector of Guntoor.

Requesting with reference to the orders of Government and the Honorable Court of Directors communicated with Extract from the Proceedings of the Board dated 17th Instant to obtain the decision of the Government as to the construction of the words "service of 6 years" regarding his personal allowance.

With reference to the orders of Government and the Honorable the Court of Directors communicated with the Extract from the Boards' Proceedings dated 17th Instant, I have the honor to request, with a view to obviate difficulties in the Audit Office, that the Board will be pleased to obtain, if considered necessary, the decision of the Right Honorable the Governor in Council as to the construction of the words "a service of six years in their respective Districts" from the "completion of which the personal allowance sanctioned for the Collectors of Cuddapah and Guntoor is to commence.

2. There are two points open to question. The first is whether the Service intended commenced from the date of my taking charge of the District as Acting Collector of Guntoor being the 22nd of April 1842 or from the 1st July of that year on which date I was appointed Collector.

The

3. The second point is whether the period during which I was absent on Sick Certificate or from the 19th August 1844 to the 9th February 1846 is to be reckoned as service in the District.

4. The Civil Auditor will be likely to object to the more favorable construction on both these points; but it is probable that the Government will find the sense of the Courts' orders determined by the previous correspondence, and I am induced to suppose, in the more indulgent interpretation because the Court by using the words ex "Official residence" seem to have designed to allow greater latitude, than if they had said "actual residence" or simply "residence" which might, with reason, have been taken to exclude from the Calculation time spent on leave. and further if the Court had meant six years actual residence as Collector in the District they would not have spoken on the 22nd August 1849 of both Mr Cockburn and myself having "completed an official residence of upwards of six years in their respective Districts".

5. I may perhaps also be allowed to plead, as a reason why my leave on Sick Certificate

Certificate should be counted as service, that it was rendered necessary by the very circumstance for which the personal allowance seems designed to compensate, the trying climate of Guntoor.

Guntoor Zillah, Collector's Office, Kallemerlah, 28th January, 1850. } /Signed/ H. Stokes Collector.

(14-15) Order thereon. Ordered that the foregoing letter be submitted to Government, with reference to

Jud Cons: 17th Jan 1850. Extract from Minutes of Consultation dated 11th December last.

2 As the previous correspondence adverted to by Mr Stokes is not on the records of this Office, the Board resolve to submit his reference for the orders of the Right Honorable the Governor in Council.

(16) From the Collector of Nellore. Read Statement shewing the Extra Tent allowance drawn by the Collector and his Subordinates for Fusly 1258.

(16-17) Proceedings thereon. The Board of Revenue sanction the amount of Extra Tent allowance drawn by each Officer for the number of days noted in the Margin.

From the Collector of North Arcot

Affords further information respecting the Cowle given for the Construction of a Dasawuntum Tank in Reddygoontah as required in the en Board's Proceedings December 17th 1849.

Sir,

Para 1.

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated December 17th 1849, calling for some further information respecting the Cowle given for the construction of a Dus-wuntum tank in Reddigoontah and the practice of this District on certain points.

2. A considerable number of Duswuntum Cowles have been given in this District; though not many within the last ten or fifteen years. I cannot learn that the Sanction of the Board has been applied for in any case but two noted in the Margin, in both which a special cause existed; one of the tanks being a Government work to be restored, and the other having been begun by the Duswuntundar before the orders prohibiting the future issue of these Cowles.

With

2 In Amoor of Cauveripauk Talook. Board's sanction June 25th 1846.

Fort St. George 7th February 1850.

3. With respect to the custom of the District as regards Enam or Circar land thrown out of tillage, and the compensation in such cases, I cannot give any decided information - But as Government undertake merely to allow the Duswuntundar a fourth of the increased Revenue gained by his tank, it seems obviously the fair and proper course to deduct from the gross Revenue of the year under the tank, the average of cultivation previously to its formation, both on the ground occupied and watered by it, and allow the Enamdar a fourth of the net remainder only - and this is the course proposed in my letter of the 27th November with respect to the Enam land.

4 No cultivated land the property of Government was flooded by the tank, and there was no Enam under the tank. But I now learn, what I was not aware of when I wrote before, that pooraja Cultivation to the value of 17 - 4 - 6 on an average of five years, was carried on annually on the lands watered by the tank. This sum therefore ought to have been deducted from the Gross revenue before taking the Enamdar's fourth; but this has not been done. I enclose a Statement showing all the particulars required by the Board, in which the Enamdar's share is calculated after making the proper deductions.

Read again letter from the

In Cons. 17th Dec. 1849. Collector of North Arcot dated 27th November 1849 regarding a Dasawundum Tank in Reddigoontalo in the Chittoor Taloob.

18-19
Proceedings thereon.

Before submitting the above papers for the orders of Government the Board desire to have further information on the following points

1. With reference to Para. 2 of the first of the letters above recorded, they request to be informed of the nature of the reports made by the Tahsildars in 1835 and 1836 on Struvavasa Babaiah's Durkhast and why in reporting the details of the plan of the proposed work no mention was made of the Maniems in lieu of which, lands are now proposed to be given, and which, it must have been foreseen at the time, would be flooded by the waters of the Tank.

3. It is remarked that the Punchangee complained only in 1842 of the loss of his Maniem, altho' the Dasawundum Cowle had been issued so far back as 1838, and that none of the other Maniemdars, as far as can be gathered from the information

information now before the Board seem to have ever made the subject matter of representation to the authorities. These as facts seem deserving of attention and Mr. Bourdillon will be pleased to re-consider the claims of the Cranadars to compensation and lands in exchange, and favour the Board with his opinion.

4. He will also be so good as to explain whether the construction of the Tank under notice may be supposed to have occasioned any other loss, or to have interfered with other interests in the District by depriving any parties of their customary supplies of water, to state what is the total Ayacut under the new source of irrigation; on what principle and under what supervision assessment was fixed on the new Wet cultivation by whom the latter is now carried on; whether these parties are in possession of any other holding, and whether these are also under cultivation.

From the Collector of North Arcot — Submits Petition from Pungaloor Veerasawmy Chetty for a Mamiam to a Choultry lately built by him at Curcumbaudy and recommends compliance with his request

Sir

Para 1. I have the honor to submit the accompanying Petition from Pungaloor Veerasawmy Chetty requesting that a grant of land of the usual value may be allowed for the support of a Choultry which he has constructed at Curcumbaudy in Tripatty Taluk for the accommodation of Travellers.

2. I enclose a plan of the Choultry together with an appraisement of the building, prepared by the Maramut Superintendent from which it would appear that the cost of the building has amounted to Rupees 3613-5-4

There is no endowed Choultry within the prescribed distance of ten Miles.

3. Curcumbaudy is on the high road leading from Madras to Cuddapah and the roads from Nellore &c. and from Cuddapah to Tripatty also pass through it. The Choultry is provided with

accommodation

Fort St. George 7th February 1850.

accommodation for all classes of Native travellers; and a small building has been constructed in connection with it for the use of East Indians.

6. The Choultry was constructed without the previous sanction of the Board, which under the rules is a condition of the grant of a Manieum; but the fault of this omission is not altogether due to the Petitioner, he made applic-ation for such sanction to the Acting Collector so long ago as March 1844, and at various times subsequently, but from various causes chiefly perhaps the frequent changes in the head of this Office, the applications were overlooked. Under these circumstances I hope this informality will be excused, and as the Choultry is likely to be extensively useful, I beg to recommend the prayer of the Petitioner Veerasawmy Chetty to the favorable consideration of the Board.

5. I have the honor to forward a Statement

To the Chief Secy to Government

Submitting letter from the Collector of North Arcot recommending the grant of an Endowment for the support of a Choultry for Travellers built by P. Veerasawmy Chetty at Curcumbaudy in the Tripitty Talook and supporting that Officers recommendation.

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of North Arcot, dated 28th Ultimo, recommending the grant of an Endowment for the support of a Choultry for the accommodation of Travellers built by one P. Veerasamy Chetty, at Curcumbaudy in the Tripitty Talook of the North Arcot District -

2- The Choultry in question has been constructed at a cost of Rupees 3,613-5-11, and is reported to be a great public convenience - It was commenced however without the previous sanction of the Board as required by the Rules but the omission appears not to have been the fault of the

From George Norton Esqre. to the Joint Magistrate of Dotacamund 29th. December 1849.

I beg to forward the enclosed Copies of correspondence noted in the Margin, and to request the Board's opinion for my guidance in this and similar cases. Several of which exist, difficult of Settlement, but with which I have hitherto refrained from troubling the Board.

2. Pending the final orders promised in para. 3 of Extract Minutes of Consultation No. 761 dated 11th. August 1849, I would beg the Board's opinion 1st. as to what length of usage would give sole right and title to any Stream or Channel. 2dly. Whether that right extends beyond the proprietors own limits, supposing the Stream to originate (as it does not in most cases) in "Circar" land and be brought down by an artificially cut Channel. 3dly. Whether any such land owner or House proprietor can claim more than

3. Many disputes of this kind are now arising, and referred to me for settlement, each with their own opinions as to right and usage; I would therefore request the Board's early opinion on the above points, or Sanction for the appointment of some Committee, as proposed in my letter of the 22d May 1849.- No. 49.-

1. I beg to return you two Documents and Plan. From the tenor of those documents, and the facts stated in your letter, it appears clear that the Charge of "Elk Hill wood" was given over to you solely to the exclusion of others, except to use the public paths thro' it.-

Fort St. George 7 February 1850.-

2. The object was, no doubt to preserve the wood from general Spoliation, which, doubtless, when you are on the spot, and have leisure, you endeavour to prevent. Much of the timber has, however, I fear been cut in your absence, and several frequented wood Cutters paths are now apparent in the midst of it.-

3. So long as you remain proprietor of the adjoining lands, I do not suppose the wood could be in better charge, but I should not think it would be advisable or intended by Government to pass that Charge over to another in case of a sale of your property, but that Government should then resume it.-

4. No mention as made of water from "Elk Hill wood." your right to that, must rest, I think, on different grounds - long usage, or other right. In reply to your last para. I should certainly say that unless the late Mr. Ryan could also prove long usage, and previous to the period of Mr. Conolly's letter she had no right to enter

Sir.

I am obliged by your letter of the 24th Instant.- If this had contained your final decision, it would not be for me to continue the correspondence.- but as it appears you have further inquiries to make, I hope I shall be excused troubling you again.-

I have directed my agent to bring before you a Witness, who actually worked in Colonel Underwood's time (whose land extended into the wood) in bringing the water from Elk Hill wood to supply Elk Hill house.- This was from 20 to 23 years ago, as I am informed. Mr. Leslie, who was formerly my Agent, tells me he understands

Fort St. George 7th February 1850.-

understand in your District. He will inform you that, before any water was brought to Elk Hill lands from Dadabet and consequently before 1836 when that water was allowed to be taken by the Sub-Collector, and more than 13 years ago, he at my request, and when the boundary still included part of Elk Hill wood "up to the Scarp," brought all the water that could conveniently be got into the old channel cut by Colonel Underwood running to Elk Hill house.- So that no stream (natural or artificial) went into the ravine then.-

I mention this because you intimate that the late Mr. Ryan could have no right to come to Elk Hill wood, and take water thence into the ravine, unless he could prove long usage and previous to the grant of the wood to me, which was only in 1840.- But I submit to you that as he and his people have not asserted that water flowed thither more that for 13 years prior to December 1847, when that assertion

was.

Fort St. George 7th February 1850.-

was made - and as my witnesses will shew a prior usage in Colonel Underwood's time, and subsequently followed up by Mr. Leslie's cutting in my behalf - even a thirteen or fifteen years usage could not give the right to Mr. Ryan - who in truth, could not (nor could any one else) have a right to cut a channel at that time. much less to do so two years ago, which is the first artificial Channel I ever knew to be made to the ravine, tho' it was called "clearing the Channel out" which was stated to have run for 13 years.-

I entirely concede that any claim of mine to the water depends on long usage or some other specific right. and that Government may resume the wood on my selling my property or indeed whenever it pleases - But I submit to you that it is of equal importance ~~to~~ to myself, and to Government, that it shall have the Control over the waters

of

of Elk Hill wood, unshackled by any right in Mr. Ryan's represen=tatives or Vendors, to divert its water into a ravine, and to come across the land and into the wood, at pleasure, to do so.-

Sir,

To,

Commanding Ootacamund

Sir,

I am obliged to trouble you with a Complaint, which my Agent Mr. James will lay before you. but it appears to me one that I am bound to make, as well on behalf of Government as of myself personally, and the matter appears to be within your Jurisdiction, and yours only.-

I only this morning discovered that the Gardeners of Mrs. Ryan's Agents (whether by direction of the latter, or of their own will, I do not know) have gone into Elk Hill wood, in the course of this last year, and have there cut a deep hole or tank of about 5 feet Square

Fort St. George 7th February 1850.-

Square, for the purpose of abstracting water thence.-

This wood, as you will see by the letter of Grant which accompanies, has been made over to me by Government and I am bound to protect it. Nobody has any right to come into it, except for passing along the public bridle road through it, and no one can have any more right to dig holds there and carry off the water, than he can have to cut the trees, and carry them off.- Neither can I possibly fulfil the engagements I am under to protect the wood, if people may come for these and like purposes at their pleasure.-

I made a similar complaint two years ago against the late Mrs. Ryan's Agent Mr. Warren. but his answer was that "he only cleared out an old watercourse" (Vide Major Grant's letter to me which accompanies). But this recent act of which I now complain, is not of that character, at all events.- and as to the claim

claim of water, the accompanying correspond-
-ence, will, I imagine put that question
at rest.-

Major Grant considering that
a question of right was involved, declined
after the letter above referred to, to decide
that point- saying that such a question
ought to be decided by the authorities at
Coimbatore- but, I presume no question of right
can be involved in the present act complained
of, as this is not a clearing of any supposed
old channel- even if the late Commandant
was right in his position, "that any assertion
of right by a party complained
against as a trespass, was
sufficient to oust his jurisdiction."

As to my own right to
take water from the wood- that
of course, I leave to the decision of
the Collector upon the data
he lays down- But this is a
question of a Stranger's claim (or act without
setting up any claim) to dig and carry
off this water from the wood granted
to me, partly for my own and partly
for public objects, and which Government
has

has the right to resume in the same
state, and with the same absolute
control, as when it was granted to me.
The act complained of, is, I submit a
pure act of aggression and trespass.-

To the Acting Pl. Coll.r of Coimbatore.- Requesting him to submit a Set of Rules for the distribution of water from the streams on the Nilgherries by way of settling the present Irrigation disputes.-

Sir,

I am directed by the Board of
Revenue to acknowledge the receipt of your
letter dated 14th January last, transmitting
copies of a correspondence connected
with a disputed right to a stream
of water and requesting instructions
from the Board for your
future guidance in that and
other points connected with the
proprietory right to streams of
water at Ootacamund.-

2. With reference to the several
points

points enumerated in the second para of your letter the Board direct me to state that they would wish to have before them a Set of rules to provide for the several questions in dispute, which you state have or are likely to arise, in adjusting claims to the supply and use of water among the proprietors and occupants of houses and lands on the Neilgherries.-

3. You will therefore be good enough to frame a Series of rules such as you consider calculated to provide for the difficulties in question and likely to be acquiesced in by the community generally and submit them for the consideration and orders of the Board.-

4.- With regard to the particular points on which you request to be furnished with the Board's opinion I am instructed to state, that in framing the above rules you will give due consideration to long usage provided it has been acquiesced in and uninterrupted or where questioned that the doubt has been ceded by competent authority in favor of the occupant.-

D.G. A.D.-

As regards the second question it is only necessary to observe that a right can only extend to the limits of the property of a proprietor but that any interference with a supply of water traversing such a property would involve a breach of such right.-

5 In advertence to the third point it occurs to the Board that where a proprietor enjoyed a right to the use of a certain supply of water that to limit such supply would be an evasion of such right.-

Calling upon the Coll.r of Madras to furnish certain Purwanahs with translations connected with certain yeomiahs for the performance of Ceremonies at the Chepauk Palace. –

+ In Cons.n 15th Aug.t 1822

In the letter from the Collector of Madras dated 31st July 1822 upon the subject of this allowance it was stated that the sum of Rupees 60 per mensem was oreginally granted to one Hyder Ally for performing the Hydra Punjah and was distributed at his death in the proportions stated to the parties named in the margin that the payments of the two sums of Rupees 25 each was transferred to the Collector's Cutcherry from the Chepauk Agent in 1813 and that the allowance of Rupees 10 was discontinued on the death of that sharer. –

Bahader Ally – Asan Ally and Syada Khanam Rupees 25
Meer Abdul Cawder Banoa Saib and Vazura Khanom Rs. 25
Another woman Rupees 10

2. The parties receiving the first share of Rupees 25 per mensem died "without receiving their allowance from Fusly 1222 / 1812-13 "while the remaining share of Rupees 25 per mensem was paid to Fusly 1228 / 1818-19 subsequent to which Banoa Saib died and the other 2 sharers failed to produce their Purwannahs and

and their allowance consequently fell into arrears – In his communication of 31st July 1822 the Collector enclosed a Statement of the arrears due from 1818 with a letter from the Agent at Chepauk in which it was stated that Syed Ally – Mirza Mahomed Ameen – and Shabeeb Beebee had performed the duties of Musjavees of the Hydra Punjah at the Chepauk Palace and it was suggested by the Collector that the arrears should be paid to these parties that the Purwanahs transmitted by him which were granted to the former Yeomiahdars should be cancelled and a new one executed on behalf of the parties named in the Chepauk Agent's letter. –

3. In reply the Board in their letter of the 15th August 1822 authorized the payment of the allowance of Rupees 50 per Mensem to those three parties with arrears and returned the Two Purwannahs received from the Collector. –

4 From Para 2 of Mr. Hudleston's letter of the 3d ultimo now recorded, it would appear that 2 of these parties are dead and were succeeded by their relatives marginally indicated, under what authority, is not stated but

Mirza Mahomed Ameen by his son Abeeboolah Beg
Saheb Beebee by her relatives Janee Begum and Syed Ally

but apparently in accordance with a Fyssul=
=namah or Decree of the Cauzee of the Nawaub
of the Carnatic which provided for the disburse=
=ment of the allowance in 6 shares as follows.

1/4 share to Syed Ally alias Shaw Saib. –
1/4 " " Abeeboolah Beg
1/4 " " Janee Begum
1/4 " " Syed Ally
1/2 " to be appropriated to the performance of the usual ceremonies. –
1/4 " to Do. to the liquidation of certain Debts.

and the allowance seems to have been so ap=
=propriated from 1826 to 1846 inclusive.
It would however appear that there was a dispute about the last share for liquidat=
=ing Debts which with the consent of the parties was referred to the Cauzee of His Highness the Nawaub of the Carnatic by whom it has been decided that the disputed share shall be drawn by the parties in equal portions. Under this decision the Collector recommends that the arrears for 1847 and 1848 which appear to have remained undrawn in con=
=sequence of the differences between the sharers, and amount to Rupees 1,200 may be disbursed to them. –

It is stated in the Chepauk Agents

Agents letter of the 2d Instant that since the 21st January 1844 the duties of the Hydery Shuddah or Hydra Punjah have been discontinued by the Sircar and that the parties enjoying the allowance in question have been performing the services in their own Houses. Under these circumstances the Collector is requested to retransmit the 2 Purwannahs returned to this Office with the Boards letter of the 15th August 1822 with translations of the same and to explain in reference thereto whether in his opinion the con=
=ditions of the grant have been duly fulfilled altho the services have not been performed at the Chepauk Palace.

In Para 1 of Mr. Collector Murray's letter of the 31st July 1822 the allowance is represented to be "for the performance of the Hydra Punjah &ca in the "Palace of Chepauk." in its enclosure from the Chepauk Agent of the 29th July 1822 it is stated that certain parties have "performed the duties of "Musjavees of the Hydra Punjah in the Palace "of Chepauk" and in the Boards letter of the 15th August 1822 the continuance of the allowance was granted "for the performance of spe=
="cified duties connected with the Hydra Punjah "at the palace of Chepauk." and if the Purwanahs distinctly prescribe the Palace of chepauk as the place for the performance of the ceremonies and the services have fallen into disuse there appears no reason why the Jeomiah should not be resumed in reference to Para 4 of Extract Minutes of Consultation 11th July in Circular 10th August 1846. –

Circular.

Sir,

(From Govt. 2 P. in Cons. 27th Sept. 1849 on Canara L.R. report)

Under instructions from Government I am directed by the Board of Revenue to request that the census of the Population of your District

‡ (Make the following Note in the Copy to Supt. of Police)
"By subsequent orders the first census was directed to be taken in Fasly 1260" ‡

may be taken once in 5 years in future commencing with the current Fasly 1259 / 1849-50

To ensure accuracy as well as uniformity the following general rules drawn from the instructions issued for a similar purpose in the North Western Provinces of the Bengal Presidency are communicated for your guidance. -

As the returns will be made

made by the Village Officers in the first instance, it is important that Forms in which they are to be drawn up should be furnished to them. The Tahsildars will prepare a general return for the whole Taluk but will previously test in a few Villages, selected for that purpose, the accuracy of the returns made to him. A separate Statement in the accompanying form will be submitted to the Board with the report on the settlement of the year. The same numbers will be entered for each successive year of the quinquennial period. It is desirable that the returns should be verified in some Villages taken indiscriminately by yourself or your Assistants.

Circular from the Government N.W.P. 27th October 1846. Para 15.

2. You will observe that the abstract return to be furnished to the Board requires that there shall be a distribution of the entire Population into two Classes, Viz^t. Agricultural and non agricultural "all persons who derive their subsistence, in a whole or in part from the land, whether "in the form of wages or rent, should be shewn "as Cultivators, even though they may have other "sources of income".

3. All males above the age of 12 years and females above 10 years will be classed as adults. All under these ages respectively

respectively will be entered as Children.-

4. A census resting on a mere enumeration of persons may be liable to errors It will be desirable to verify the calculation by the number of Houses and Families.-

5. More than one Family may be found to occupy the same tenement. In that case each Family should be separately counted thus the number of Houses will not in all places correspond with the number of Families but the cause of the difference should be noted.-

6. The number of persons constituting one Family actually resident in a certain number of Houses may be counted and the average applied to the whole. This process should be adopted in those Villages in which from the Co-operation of trustworthy agents, true returns may be looked for.-

7. It is probable that the average number of persons forming a Family in large Towns will be found to differ from that in Villages. This point should be borne in mind.-

8. The average number of persons to a House or Family has been assumed at from 4 to 5. The actual numbers in certain localities may be above or below that standard. In the District of Delhi in the Bengal Presidency it is shewn that the Hindoos have not quite 4 persons in a Family and that the average in Mahomedan Families is rather above that number. The average of the City is about 4. In the City of Agra the Census, varies from 4 to 5 persons per House. The value of these statistical returns will be enhanced by a Return of

of the different Castes comprised in the Agricultural and non-agricultural classes being shewn at the foot of the Statement; but the Forms furnished to the Village Officers should be simple so as to insure the information really necessary being readily afforded.- The averages for different Casts and Classes do not form an essential element of the general return and may be separately exhibited; as above directed.-

9. Much importance is attached to the accuracy of the returns now called for, the Government in their instructions to the Board observe that "with the means which the Revenue Officers possess of procuring Statistical information as regarding their respective Districts, they apprehend that under good arrangements there can be no great labor or difficulty in collecting correct data; all that is required is to see that the Head Officer of each Village or other Village authority does really ascertain the population within the limits assigned to his jurisdiction and correctly furnish his returns, this duty occurring once in five years and only within his limited range will be little in itself, and can not occupy much time, while the collection and arrangement of the Returns by the Talook authorities will not be very onerous, though they must be well and carefully done. Clearly it should be within the power of every Head of a Village to account for any great difference in the Census and the Tahsildars should be as conversant in this matter as in all other details respecting the Talooks committed to their charge."

From the Sub Coll.r in charge of Salem. Reporting his having taken charge of the District consequent on the death of Mr. Lockhart the Coll.r and the arrangements he has made for the discharge of the duties of the District & enclosing a Chittah of the Salem Treasury of the 29th Ultimo.

Sir, I have the honor to report for the information of the Board of Revenue that on the afternoon of Saturday / the 2d Instant / I received an authentic intelligence of the decease of Mr. W. C. Lockhart the Collector of this District which occurred at Ooor on the morning of the 30th Ultimo. It has therefore become my duty to assume charge of the District pending the orders of Government.—

As the news of this event has reached me at the extreme Southern end of the District where I am engaged in the Summabundy it will be some time before the Huzzoor Cutcherry can join me, and I must ask the indulgence

of the Board if in the absence of the records and with the accumulation of work consequent upon Mr. Lockhart's illness any form of Office should be neglected.—

The Pyots and Cummums being assembled for the Summabundy of this Salooka portion of which has already been made, it would be attended with serious inconvenience to the people as well as considerable expense to the Government should I now proceed to the Huzzoor Station, I have therefore the honor to transmit to the Board Copy of the last Chittah which has reached me showing the balance in the Treasury on the 29th Ultimo and I have directed the Assistant Collector who is now with me to proceed to Salem as quickly as he can to examine the Treasury and on the receipt of Mr. Sunderselay's Certificate I shall send to the Board the receipt which I believe it is necessary that I should give.

I hope that this measure which I have taken upon my own responsibility will meet with the

I have directed Mr. Dykes to carry on the Police and Revenue details of the Talooks of the Baramahl and the Balaghaut and I shall myself endeavour to discharge the emergent duties of the Huzzoor and the Police and Revenue details of the Southern Talooks.

Para 1 The Right Honorable the Governor in Council has again had under his consideration the Proceedings of the Board of Revenue under date the 12th July last with the further papers now submitted regarding the changes introduced by the late Collector of Trichinopoly into the constitution of the Trust bodies charged with the superintendence of the Sheerungham Pagodas, and he cannot but express his

his disapproval of the improper interference of that officer, exercised wholly without authority, and as is apparent from his own showing without any sufficient cause.—

2 Mr. Onslow ought to have felt, that it was the anxious desire of the British Government to abstain from any changes in the management of the Pagodas in question or of any others under this Presidency that could be possibly avoided, until they could be effected under a legal enactment; and it was his bounden duty had he seen urgent reasons for making the alterations to have submitted them with his detailed views for the previous information and orders of Government.

3 Instead of pursuing this obvious course he at once decided on and introduced innovations of the most important nature, some of which, it is to be noted were directly at variance with his own previous opinions and recommendations.—

It.—

4 It would answer no good purpose to enlarge on the very clear analysis of the whole question contained in the Proceedings of the Board of Revenue of the 12th July last. Their apprehensions of the evil consequences of Mr. Onslow's measures have, it is to be observed with regret, been fully confirmed and all that remains to be done to obviate further popular excitement and attendant serious mischief is as suggested by the Board of Revenue "to replace the administration of the affairs of the Ramanadaswamy Pagoda at Srirangam in the hands of the former Managers, Veeraswamy Iyer and Balla Soobramanya Modelliyar one of the six Mullatars being associated with them yearly in rotation as Ex officio Trustee."

5 The Governor in Council desires accordingly that Mr. Matthy the present Collector of Trichinopoly be empowered to carry out the above arrangements accompanied by such explanation to all

all Parties as he shall deem proper. He desires further that the views which the Government have taken of Mr. Onslow's conduct be communicated to him through the Commissioner with an intimation that had his proceedings come to their knowledge before his application to be removed to his present appointment was acceded to, his request to that effect would have been distinctly refused.

6 The Government approve the course proposed to be followed in regard to the management of the Jumbookaswaram Pagoda at the conclusion of the Board's letter.

Sir,-

From the Acting Pr. Collr. of Coimbatoor

Para. 1. I have the honor to forward the usual accounts, connected with the Land Revenue Settlement of this District for Fusly 1258.- A.D. 1848-49.

Forwards the Land Revenue Settlement of Fusly 1258 1848/49

Describes the State of the season, explains the various Heads of Settlement constituting an increase of Rupees 16386-2-4 above the preceding year and shews the Demand Collection & Balance &c &c.

2. The Board will observe that the amount of this Settlement, exceeds that of the past Fusly, by Rupees 16,336-2-4, being also in advance of the average revenue of the last 10 years, in the sum of Rupees 2,17,608. 15. 9- and it will be satisfactory to the Board to learn, that this result has been realized, without coercive measures against the Ryots.-

3. The season was not unfavorable- the Southwest and Northeast monsoons having been of an ordinary character, and the Cultivation of dry lands, was Carried on successfully.- The

Fort St. George 11th February 1850.

4. The Garden Culture was likewise favorable, and waste lands were brought under tillage, in addition to the usual quantity

5. The Nunjah Cultivation was not so fortunate as the two other classes, the supply of water to the several Tanks in the Talooks noted in the margin was deficient, and some of the lands dependent thereon was therefore left waste,- this as well as the non cultivation of a Certain extent in the Avinashi and Cotoor villages in Palachey, left waste as unprofitable from the increased assessment, and the remissions allowed for failure of produce in the Talooks of Caroor and Chuckeraghery, caused a decrease under this head of Settlement, which will be entered in its proper place.-

6. The price of grain as might naturally be expected, fell below that of the preceding year, as explained in the following Memorandum.-

*Vide Stat. No. 4 Col. 7.

9. The excess of Rupees* 137144—10—4, under the head of dry lands, paying full rent, has been caused chiefly by waste, and Perampoke lands, having recently been brought under the plough; by increase of demand on lands held on Progressive Cowle; and by the cultivation of pasture grounds.—

*Vide Stat. No. 4 Col. 15.

10. With reference to the increase, under the head of Garden lands liable to full demand, viz.* Rupees 11138—2—11 the same remarks are applicable; the conversion of dry lands into garden cultivation also forms an additional item of increase.—

*Vide Stat. No. 4 Col. 25

11. The deficiency in the Settlement of Nunjah lands paying full assessment, amounts to Rupees* 15783—3—5 which has been occasioned from the non-cultivation of a large extent in the Villages of Aninalli and Cotoor, and from the remissions allowed in Carvor and Chuckragherry as

explained in Para 5.—

12. These remissions were urgently required, with reference to local circumstances. The Board are aware that in Aninalli and Cotoor, the revenue was maintained in previous years, by temporary expedients and remissions. the enforcement of the Survey rate, will, I fear, lead to the abandonment of a large portion of lands in those Villages. Of the state and condition of which, I propose to report separately to the Board, having visited that whole locality in company with the Civil Engineer of the Division, and made careful enquiry into their Condition. In Carvor and Chuckragherry, remissions were of necessity, granted for failure of Produce.—

13. The Circle Lands of every description, excluding an increase of Rupees 1219-1-6 arising from the augmentation of the Circle demand.

14. Under the head of Miscellaneous Farm Buildings in receipt of Rupees 903-11-4 caused by the occupation of Fresh Lands.

15. On the item of Miscellaneous Farm Buildings in receipt of Rupees 809-1-1 an increase of Rupees 2,438-10-10 the ground above, no further Farming Lands under this head, having been charged full rent & entered under other heads.

16. The Remission on wet Lands granted this year exceeds that of the last in the sum of Rupees 2,438-10-10 the ground for this evidently Farming Lands brought above, no further explanation seems called for, beyond the Remark that it was allowed on the Remainder that if fully established in cases of Necessity, and not under the ordinary Circumstances of the Season.

34. The lands alluded to in para 6 of the Minute of Council dated 1st March 1849, No. 216 were included in am lands, in 1259. the Orders of the Board and Government having been received too late, to admit of such an arrangement being made in 1258, without confusion in the accounts.-

35. The inadequacy of allowance of many of the Village Officers, and the necessity and justice of increasing, in certain instances, their emoluments, have before been brought to the notice of the Board, and an account, on due and Carefull enquiry, has been prepared of those that have as yet come to notice when an Circuit in the District, and at various times I have had occasion and opportunity to test the truth of these representations, and I propose, at an early opportunity, to furnish a detailed Statement to the Board, and

and request their Consideration for this very useful and necessary class of Village Officers. either by Changing their Enam lands where barren and unfit, or increasing where inadequate.-

36. On making Durkhasts or Offers for new Nunjah lands, the Parties sometimes decline the Cowles intended to aid them in the undertaking, and to meet the expences of the outlay. the reason is, that according to present Rules, no remission or indulgence can be given on any Cowle land, however great be the loss by drought or other Cause, and this in seasons, when all other Lands, are enjoying the necessary remissions they therefore, declaine the Cowle intended to assist them, in Order that they may retain a right, to share with others, in usual and just remissions in bad seasons. but it would appear fair and advisable that such lands, brought under Cultivation at considerable expence, should, on real failure of season and Crop receive the same consideration, and assistance as other suffered. I beg to notice this for the Board's Consideration.-

37. My Assistants Messrs. Walhouse and Chamier, have rendered me every practicable assistance. Mr. Gordon, who has only lately rejoined, is engaged in practising translations of Arzees, and the Sappal Department.

38. It is not necessary for me to repeat, or add, to the high encomiums, so often and strongly bestowed by Mr. Wroughton on the Head Serishtadar "Ramakistna Pundit". Mr. Wroughton had many years knowledge of the Serishtadars character and work, and I need only add my own testimony, since I have known Ramakistna Pundit, (nine months) of his entire respectability and Continued Zeal in the public Service - and it is a subject of regret that his advancing age must, ere very long, make it necessary for him to retire from Public Service.
