Proceedings of the Board of Revenue Monday 4th August 1856

Read again Extract Minutes Consultations dated 26th June 1855 and entered in Bk. 7th July 1856.

108

B. N. 2876

From Messrs. Carnmide Martin & Co.

To G. S. Forbes Esqr. Secretary to the Board of Revenue Fort St. George

Sir,

Stating their views on the System proposed by Government of allowing wholesale purchasers from the Salt Depot a certain fixed term for payment on tangible Security

We have been favored with your Letter No. 2233 of 16th July 1856 asking on behalf of the Board of Revenue for an early communication of our views on the system proposed by Government of allowing wholesale purchasers from the Salt Depot a certain fixed term for payment on tangible security the Government very properly limitting the amount of credit to the usual amount Value of the purchases made in the period for which credit will be allowed. —

2 We is also observed that Government wish to be informed how these suggestions can be most conveniently carried into effect in our case, which liberality we view with peculiar satisfaction as it apparently implies the utmost confidence in our proposed intentions of selling Salt Inland in the manner stated in your Boards representation to Government No. 1345 of 21st May 1856 and that of ours of the 23d Idem. —

Without soliciting particularly for

3

for ourselves any assistance of the nature adverted to we must candidly state that we would prefer to see any and all facilities which Government in their position as sole holder of stocks in salt can so easily grant without fear of loss to the state thrown open to the Trade generally since as we have all along expressed ourselves we seek not to claim any exclusive privileges in carrying on the business.—

4 We would therefore beg of you to favor us by informing the Revenue Board that from the date of the receipt of Extract Minutes of Consultation No. 655 of 26th June 1856 we have given the subject contained in the 7th para of that order mature consideration or we would not venture to express an opinion as to the nature and extent of the credit to be afforded, so that without risk to the Revenue material relief may be given to the Purchaser and considering the proposition we shall put forth is quite in keeping with the order of Government we trust that in the same degree it meets the approval of your Board it may have their support when representing the case to His Lordship in Council.—

But

5 But before giving our propositions we think it advisable to mention a few points connected with the subject which have considerably assisted us in coming to a decisive opinion on the subject it must be in the cognizance of the Board as it is with the mercantile community that throughout the Continent and in England a credit of from 3 to 6 months is readily obtained and mutually afforded in all Commercial operations and in many instances we may observe without security.—

6 We have taken into consideration also, that so long as Government continue the monopoly of the salt Trade so long will there exist the necessity of keeping more than one years stock of salt at the Depots for home and inland consumption as well as to meet occasional large demands for exportation and all concessions made to the Trade of the nature suggested by Government / although at a first glance it may appear otherwise / are virtually made for the interest of Government since the salt which would otherwise remain on the Platforms and be subject to wastage &c. would have a much more

extensive

extensive field for disposal as it would be distributed about the Interior in the Store Rooms of the Merchants ready to meet all requirements and thereby encourage consumption of the staple we would then propose as follows.—

Nature of Security

1st any one wishing to become a wholesale purchaser of salt from the Government stores on credit should first be called on to lodge with the Collector of Madras Company's Papers, Bank shares, or acceptable security in some other form to the full amount of Credit to be allowed to him.—

Length of Credit

2nd all wholesale Purchasers having complied to the above condition as regards security should be allowed a full credit of from 3 to 4 months as is usually allowed by the Trade on wholesale transactions.—

Amount of Credit.

3d The amount of the credit should be fixed as suggested by Government by the value of the purchases made during the term of credit i. e. 3 or 4 months as shall be determined on.

7 Should the 3 Principles on which the credit hinges be satisfactorily determined on

on there does not appear the necessity of taking advantage of that clause in Para 7 of the order of Government which allows of a small per centage being fixed for any excess in the Value of Salt taken over and above the amount of security lodged the payment of which is to be adjusted by prompt payment or additional security as we consider that at the expiration of the time of credit allowed the purchaser should fairly be expected to pay cost from time to time for all quantities taken above the limit of his credit and the 3 or 4 months allotment of Salt delivered to him within that time should be considered by Government as the quantity out on credit but for which security to the full amount has been lodged thus for instance the value of the salt taken away in the 1st week of august would be adjusted by the payments made for supplies taken in the 1st week of November or December as the case may be that is after the expiration of the 3 or 4 months as shall be determined on by Government as the term of the credit.—

8 With an incessant business as the Salt

salt trade must eventually become it occurs to us that the proposition in the last para is a fair and reasonable mode of adjustment bearing forcibly in mind that at notime would the value of the salt taken from the Government stores exceed the amount of the security lodged with the Collector.—

9 In conclusion we would inform your Board that from the 1st week of the running of the Railway Train in the current month we exposed salt for sale at annas and suppose it is scarcely necessary for us to add that the present sales of salt at this Infant station cannot serve as a criterion by which to judge of the probable quarterly or four monthly sales and it should be borne in mind that before the stations on the Railway Line can become the means of great traffic it will be the lapse of a few months at least as the prejudices of the natives combined with bad approaches to newly formed stations will tend to keep traffic therefrom. So we do not anticipate the necessity of beginning with a greater amount of security than 30000 Rupees but should our anticipations be under rated

rated we shall be happy to increase our security as early as may be to a Lac of Rupees or even more on the full development of the trade and we would beg to assure the Board of Revenue that nothing shall be wanting on our part to keep a sufficiency of salt at all the Depots to meet every requirement, satisfying ourselves as before stated with any small profit arising from the 5 per cent discount allowed by Government on wholesale purchases.—

We have &c.

(Signed) Commissr Morton & Co

Madras

Bd. No. 2460
Proceedings thereon
108-109

With respect to Rowanahs

or passes the Board as at present constituted are of opinion that they cannot be safely dispensed with altogether though they would wish to see their use confined to the immediate neighbourhood of the different salt works.—

2 The subject is treated of in the Boards Printed Memorandum Paras 164 to 169 and the present Board see cause to differ in some degree from the views there expressed For example they do not concur in the opinion that the system is utterly effete and useless.—

Since

see Selections from the Records of Government No 16

Since the abolition of the Sayer chowkies By Section 14 Regulation 1 of 1805 any revenue or Magisterial officer of Government is authorized to stop salt which is in transit without the protection of a Rowanah and the Board are of opinion that the risk of discovery which thus exists notwithstanding the abolition of the Sayer chowkies or land customs houses has a material influence in diminishing attempts at fraud

3 Again it is stated in the Salt Memorandum Para 166 that the entire abolition of Rowanahs would have been recommended had it not been that they were necessary under the Regulations" on this point the present Board agree with the remarks of Government that section 12 Regulation 1 of 1805 to which the Board referred need not be an obstacle if Government consider the abolition of Rowanahs desirable - That law enactment was promulgated by Government entirely for the protection of its own revenue and Government may therefore at its pleasure abstain from enforcing the precautions

4 As long as for purposes of revenue the legal price at which salt is purchasable differs so greatly from its extension value attempts at smuggling will be continually made, and active measures might be taken to seize and confiscate all salt which is surreptitiously removed from the place of manufacture or before the dues of Government are satisfied among the precautions necessary for this purpose it seems indispensible that no salt should be conveyed from the Depot without the cover of a Pass or Rowanah - at Bombay under the excise system this check against fraud is stringently enforced, and it is equally necessary under our monopoly -

See act XXVII of 1837 Section 8 and 9

5 But the present form of issuing Rowanahs might be simplified and improved. Formerly Rowanahs were given up to the authorities on the salt reaching its destination and were returned to the Collector of the district whence they were issued - But after the abolition of the Land Customs and its establishment of

Servants

Board C. 4 April 1853
2d Volumn Page 125

servants this course was given up with the new sanction of Government. Rowanahs are however still prepared in the old form. The is to say, the place of destination, often several hundred miles off is shown in them and a proportionate number of days is allowed to the purchaser to convey the salt there.

6. This practice has several inconveniences It entails trouble in the Salt Depot servants without any corresponding advantage because although correct statistical informations regarding the quantity and description of salt consumed in each District would be useful these returns cannot be relied on again these rowanahs instead of protecting the Government interests are actually converted into a cover for fraud. The purchaser of salt names a distant place in order that he may obtain a Rowanah which will continue some weeks in force, and he uses it often in combination with the Depot servants, for removing several parcels of salt which has never been entered in the public accounts and which he obtains at a low price from the manufacturers by whom it has been illandistinctly made.

7. Instead of this system the Board would propose to establish round each salt Depot a circle

circle within which all salt found without a Pass is to be confiscated and to dispense with Passes or Rowanahs altogether beyond that area. The new Rowanahs or Pass could show briefly the date on which the salt was sold, its quantity, and the purchasers name with a notice that it would be in force for 2 days. This time is proposed because the Board suggest that a radius of 30 miles should form the area round each Depot within which a pass is necessary. This distance is more than carts or pack bullocks could traverse in one night and would allow time for pursuit and examination on suspicion arising at the same time the trader would be able soon to free himself from all detention or molestation, and could destroy his pass as no longer required on passing beyond the limits.—

8. If these suggestions are approved they might be carried into immediate effect without difficulty, and as already observed salt taken to the rail road with a pass would afterwards be exempt from all interference. The salt accounts would indeed no longer shew the home sales as distinguished from the inland sales, but the present statements are so little to be relied on for the reason above given that this would cause little regret.

Fort St. George 4th August 1856

9. The next question relates to encouraging wholesale transactions in salt by giving respectable parties credit on the lodgement of due Security. The Board have given their attention to this subject and now proceed to express their views after personal communication with the Commissioner, at their request that Gentlemen put his suggestions in writing and the Board submit his letter to Government with these proceedings.

From Messrs Commissioner Martin & Co 30th July in Conc 4th August 1856 No 2876

10. The arrangement proposed by the Government appears undoubtedly suited to promote the trade, by affording such accommodations as is usual among merchants in their dealings with each other. On considering this subject how the details of the measure can be best settled the Board are of opinion that the Commissioner's proposed plan is reasonable in the terms it casts for the trader and has the merit of simplicity and practicability.

11 According to this plan the salt authorities are to be allowed to open a credit say for 3 or 4 months at their discretion with respectable parties

Fort St. George 4th August 1856

parties on the lodgement of good security in the following manner. The Merchant is to calculate what amount of salt he engages to take regularly within every such period and on lodging security equal to the monopoly price he is to be allowed to take away that quantity of salt in such parcels as he chooses without cash payment. If he requires more salt he is to pay for it in money though on his wishing to enlarge his transactions an arrangement may be made for his depositing additional security and receiving further credit.

12. Under this plan a merchant would be carry on his transactions on a continuous credit, equal to the security deposited by him until he or the Government wished to terminate the arrangement. He could do so at any time by making a cash payment equal to the demand against him and redeeming his securities. It is proposed that Government should have the power of doing so by giving preliminary notice the length of which is not to be less than that of the original

original credit. If on the expiration of the notice the securities are not redeemed Government is to have the power of disposing of them and satisfying its claims from the proceeds.

13. Such is the plan which the Board recommend for carrying out the views of Government. If it is approved of detailed instructions will be requisite for the guidance of the Collector on receiving the securities and keeping the Salt accounts and they must be empowered to seek for legal advice in any difficult or doubtful cases which may arise from the examination or the retention of the proffered securities. It will also be advisable to have prepared in due legal form an agreement to be signed by the merchants when depositing their securities and receiving their credit but it appears unnecessary to enter further into these particulars on this occasion.

Bd No 2510

From the Collr of Canara

States with reference to the Minutes Cons. dated 2d Ultimo that he is ready to make over the Public Bungalow at Hulkutty to the officer Commanding & to assume

I beg to acknowledge the Receipt of Extract from the minutes of Consultation of the 2d Ultimo No 843 and with Reference to the apparent mistake and suggestion in it intimated I am at once ready to make over with his Concurrence the Bungalow at Hulkutty to the officer Commanding the Hills requesting him to Carry into the improvements suggested -

Had I thought the Government would have sanctioned so liberal a provision for any Public Bungalow, I should most gladly have asked for it long ago, for Hulkutty and also for Coonoor where it is still more needed - the Building at Hulkutty is old but I

14137 Fort St. George 4th August 1856

I did not think myself warranted at present to Come to Government for any great outlay on it the necessary Repairs have been asked for and done several times lately -

3 With regard to the esta: =blishment though small it has on the whole done its duty, as the Travellers Book which I also + original Encl: =sub- =post quarterly testifies I have also made a point of riding out at least once every time I am in the Hills, to see the state of the Bungalow and Barr- -racks and I did so last month -

4 The Bungalow is much used and also almost the Rear parties picnic and even invalids occasionally occupying it for many days together beyond the prescribed limit 3 days of Course, Remonstrance is made by the Servants but without much effect - The building is often injured and unfairly appropriated by such occupants -

5 The Coonoor Bungalow a better and somewhat larger one, is still more frequented than Kulhutty Kulhutty receives only Travellers to and from Mysore and

14138 Fort St. George 4th August 1856

and Madras; Coonoor receives from Bombay the Western Coast, Salem = Trichinopoly Madura Coimbatore I once Replaced at one time 52 panes of glass in it a Notice is put up in the Bungalow Requesting = Travellers to pay for breakages, but it is neglected and it is impossible to enforce it from preventing Travellers a Hearse was once picketed all = night inside the best Room, the latter being tied to the empty fire grate = and it Cost me Considerable Cor: =respondence to get the Gentlemen to express any Regret, and pay for necessary Repairs - I mention these facts only to show the difficulty of Controuling Travellers of all sorts and grades and of Keeping = such greatly frequented Buildings in good order -

6 I Request permission there: =fore to make the same arrangements (quite as much needed) at Coonoor as may be made at Kulhutty by Colonel Cameron -

7 A list of fair Hill prices for

14139 Fort St George 4th August 1856

for ordinary supplies is always
having up in the Bungalow and also
a list approved and signed by the
then Commanding Officer to Coonoor
Balington and myself of fixed
x to prevent imposition x Charges for meals &c &c when supplied
at Request by a Party who is kept
at the Bungalow for that purpose
and has long been a great Convenience
Keeping his own Crockery &c. I would
not advise any Loans on the Establish-
ment they will be always getting
dry, and needing to be changed
at a Constant Cost, and milk is
to be had both at Kulhutty and
Coonoor Colonel Cameron has
Consented to take Charge of Kulhutty
With Regard to supplies parties
are often unreasonable forgetting
the lonely locality and the difficulty
of provision on the Hills they expect
things as cheap and accessible as
as below, the price list is the
Bungalow is a fair one to both
buyer and seller with Reference to
Hill market prices It is quite
impossible to satisfy all Travellers
though

14140 Fort St George 4th August 1856

though most are satisfied with a
few exceptions of Travellers from
Madras accustomed probably to
rather Comfortable and luxurious
accommodation -

Coimbatore 3d July 1856 (Signed E. B. Thomas
Collector

(132-133)
Bd Rs 2156.
Proceedings thereon. The Board observe
that the intention of Government
in requesting the opinion of the
Collector on the arrangements
proposed to be made for providing
better accommodation for Travellers
arriving at the Kulhutty Bunga-
low was that he should report
in detail how and at what Cost
the scheme could be Carried
out, noticing both the plans
suggested by the Government. The
Board therefore request that the
Collector will in Communication
with the Officer Commanding
the Neilgherries submit a state-
ment shewing the Establish-
ment, Furniture &c. which
will

14141 Fort St. George 4th August 1856

will be required to place the in Bungalow in an efficient Con:=dition - He will also furnish a list of the Prices of articles to be supplied to Travellers and a Copy of the Rules for the Management of the Bungalow -

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir

With reference to an Extract from the Proceedings of the Board of Revenue dated 8th May 1856 No. 1396 Calling upon the Collectors to report what items hitherto included in the annual Estimates of Establishment should be brought to the permanent Establishment and to refer to any previous Correspondence which may have taken place on the subject I have the honor to state there are no items of the Estimate for Extra Establishment in my District which can with propriety

(134)

Bd No. 2700

From the Collr of Salem - - -

14142 Fort St. George 4th August 1856

propriety be transferred to the permanent Establishment -

2 The Estimate for additional Establishment in this District includes only one item Viz. temporary Goomastahs to assist in the preparation of the Immunabundy accounts These Goomastahs are entertained for 4 Months in each year at the rate of 12 Rupees a Month for each Goomastah -

Reporting on Mr. Nortons application to be relieved from the arrears of Quit Rent on his property at the Adyar & that annual -

I have the honor to report as directed in Boards Proceedings of 27th June 1856 on Mr. Nortons application to

11143

annual rent may be reduced

Fort St George 4th August 1856

to be Relieved from the arrears of Quit Rent due on his property at the Adyar and that the annual Rent may be Reduced -

2 Mr Norton bought or enjoys as having bought from Mr Serle / for our Records do not shew the possession of the land by any party much less its transfer from one to another) about 4-9-2057 of land between Pugh's Road and the River -

Rs A P
Annual Demand 292-5-9
Demand Modified as proposed in Para 24

Co Gov Aft
45-16-1242
Do do
at 5-4-0
10 Cannies at 239-13-9
2-10-0 26-4-0

Total 266-1-9

3. In addition to this he holds under the Circumstances mentioned in Para 3 & 4 of his letter 13-6-1875 of land between his first purchase and the Elphinstone Bridge - The extent of land is therefore

*Except in the late survey of the Mylapore Division

11144

Fort St George 4th August 1856

therefore in his possession and in for which the Government is entitled to Quit Rent amounts

Co G S.F
to 56-16-1242

4 He states that this land has not hitherto paid Quit Rent that mainly on this account he had laid out a very large sum in erecting a house, and that when Mr Seymour was here, he Mr Norton had told him that the Government might put what tax they liked on -

5 Mr Seymour on his Return home I believe brought the above statement forward in the House of Commons

14145

Fort St. George 4th August 1856

Common as an instance of the
insecurity of private property held
under a Rent from Government
that no one knew what he
would be bound for and that
the Government might at any
time impose such a Rent, as
would destroy the value
of the property to the Tenant
and swallow up all which
he had expended upon it—

6 The Correctness of such
a declaration was indignantly
denied by an East India
Director and it sur-
-prises me much to find Mr.
Norton now asserting the truth
of Mr. Seymour's Representation—

Hough

14146

Fort St. George 4th August 1856

7 Though this has but little to do with
the question of arrears, I must be allowed to digress
and state what I conceive to be a more correct exp-
-osition of the case which Mr. Seymour in his place in
Parliament put after the manner above mentioned—

8 One Alanda Narraimsawmy Naick formerly
held all the land on the North bank of the Adyar from
even westward of Mr. Nortons down to the Sea. He on pre-
+ No 195 -tence of having given a portion of his land to a neighbouring
Pagoda obtained a free + Grant for it, but it was Continued
in his name as the Dhurmacarta, and he, as he is well
known and not the Pagoda enjoyed the profits—

9 This man from Various Speculations, the Pearl
Fishery in the gulf of Manar being one became involved in pe-
-cuniary difficulties, and his landed property on the Adyar
was Sold by the Sheriff in 1821. The Maniem land was in-
-cluded in the Sale and this and the adjoining lands
came into the hands of Mr. L. G. H. Murray
a principal Creditor on the Naicks Estate—

10 This Gentleman on
his departure from India gave the land
to Mr. C. F. Elliott, who about 1832
gave or Sold a portion of the
Maniem and Surrounding
land

Fort St. George 4th August 1836

land to Mr. Joseph Pugh. He sold the lot to Mr. Acworth, who sold it to Mr. Searle, who sold it to Mr. Norton when it ostensibly passed into private hands in 1832 and was Enclosed, a current should of Course have been imposed upon but this was not done, and the case is one among many other instances in which the Government have been the loser by the gross negligence of the officers chargeable with the collection of their dues—

11 The Board will see how this land has been "immemorially free" a portion of it was entered as Nanieni in our accounts, and continued so after it had passed into private hands, its new proprietor neither registering the purchase or asking for a Government Title to it. It thus escaped the issue of a Quitrent Bill, though its real State and circumstances were probably well known to the Conicopoly of the Division, but Concealed from the Head office—

12 When therefore Mr. Seymour asked Mr. Norton the amount of land tax to which he was subject I think that he should have replied in this manner—

13 "When I purchased the Ground I was told

Fort St. George 4th August 1836

told that it paid no land tax, but I did not Enquire for what reason it was exempted I do not know what amount is leviable on it but I could have ascertained the exact rate before 24 hours had passed over my head by a reference to the Collector— The Government I dare say might put any rate they liked upon it but you see that without enquiring the rate I have such Confidence that it will be a fair one when imposed that I have purchased the land, built this house upon it and the lot is worth some 30,000 Rupees No Government title has ever issued for the land and I have not registered my purchase in the Collectors Office.—

Rumour goes that Mr. Norton was offered and refused this sum from the late Nabob—

14 If this Statement representing I believe the real facts of the Case had been made by Mr. Seymour in the House of Commons the indignation of Sir James Hogg might have been spared but which, I conceive, was justly executed by hearing the Case put as it was.—

15 The property having come into Mr. Nortons hands the Collector charged him under the act with 6 years arrears of rent. Mr. Norton objecting the Collector brought his case before the Board who excused Mr. Norton the arrears, for what reason does not appear to me clear for they have enforced them in other instances under exactly similar circumstances. Mr. Norton had but lately come into possession but the rent was due on the land and he was answerable

† From Bd. — 20th March 1854

for

for it and might recover from the Seller—

16 The Collector then wished to prepare a certificate for the property the issue of a Certificate implying of course the payment of rent, and Mr. Norton in reply to the Collectors 23rd Feby. 1853 letter on the subject, wrote one a Copy of which is enclosed—

17 Mr. Stokes therefore postponed the demand and the preparation of the certificate but as the question of the additional land (the Washermans Inamiam regarding 20th Decr. 1855 which Ilately addressed the Board) seemed as far off settlement as ever, and not wishing to continue the large arrear on my books—I issued an uncertificate bill for the dues of three years which are really in arrear for Fasly 1263 64 and Current for 1265 for the Board will remember that our Current Collections are those for the previous year—

18 I charged Mr. Norton from 1st July 1853 or 5 months after the date of his letter to Mr. Stokes in which Virtually acknowledging his liability he requests the postponement of the Grant—

19 The Board will see therefore that these arrears are the consequence of an accession to Mr. Nortons own request and I can see no reason why he should be excused them He has already been excused five further years (V. P. 15) and should not seek the remission of those accruing during the period of his actual possession— Whether or

not he has enjoyed profit from his occupancy is not matter for Government enquiry though building a house and residing in it might fairly be reckoned into turning a property to some account—

20 With reference to Mr. Nortons remarks in Para 10 the Board will see that the reason of the ground having "hitherto been profitless" (to Government) is the culpable negligence of their collecting Officer in not having brought to notice the occupation of the land by a private party. Had this been done in 1852 the land would have paid Quit rent from that period without necessarily a shilling of "outlay" upon it—

21 Mr. Norton asks for a fair start, can any start be fairer or more favorable Consistent with a demand at all than charging Quit rent not from the time Mr. Norton purchased the property for that might have been in 1851 and was certainly not later than 1852, but from 1st Entered 15th Octr. 1853 July 1853 but 4 months previous to his taking up his abode in the house built upon his purchase—

22 Of Course the Government were "prepared to make their claim" for rent immediately on their knowledge of the ground being occupied the late survey of Saint Thome was undertaken not for the purpose of fixing a rent on the land for the ordinary rate to be charged had been fixed for ½ a century but with a view of bringing to account lands held free on insufficient

Fort St. George 4th Augt 1856

insufficient title. The Survey would have discovered Mr. Norton's land as this held had it not been previously brought to light on the investigation of a complaint brought by another party.

23. Now as the rate charged upon the land Viz 5-4-0 per Cawney this is the general rate throughout the Collectorate and was first sanctioned by Government at the recommendation of the Board in December

24. I have long known the locality but have again lately visited it There are about 10 Cawnies of sandy quality covered in parts with grass and in part bare, though if grass was planted. this portion of the premises would not be distinguishable from the rest in 8 Months. Grass would grow well over the whole of it and but few compounds are put to any other use. However I would propose that for this 10 Cawnies the demand be fixed at 2-10 per Cawny

25 I forward two plans, the one marked A drawn up to shew Mr. Nortons holding and how situated with reference to the old Grants, the other B being the plan prepared in 1821 at the time of the Sheriffs sale.-

26. The land under Grant No 1223 is still entered in my Register in the name of the father of Mr. Norton alluded to by Mr. Norton in his Petition No 212 He requested that it might be restored to him alleging that under the old orders of this Office by which waste land was excused quit rent no demand had been enforced upon it and that he was ready to take it up again. Knowing that all his fathers property had been sold and had passed away from him in 1821 I refused to give him the land

27. The land I conceive to be quite equal in quality to that along that bank of the river which pays 5-4-0 per Cawney and I maintain tho' Mr. Norton holds the contrary that the rate paid by the neighbours for similar land was a valid reason for charging him the same and that had I imposed 5-4-0 per Cawney the demand made on adjoining lands would have been the first argument brought against me.

28. It is a large plot certainly, but Mr. Norton shows no doubt I could rent any portion of the land for Rs 10 or as to hold it, and I think should pay the usual rate for. I have coannuts would grow well upon it.

29 What then Mr. Seymour (style as the Government puts it on what rent they please) an assertion which Mr. Norton denies to be correct) turns out to be the imposition of the usual tax on land in the Collectorate, the demand dates from a period at least one year subsequent to the purchase of the property by Mr. Norton and the delay in making the demand was to serve his own accommodation -

Madras 22d July 1856-

/Signed/ B. Cunliffe
Collector

Fort St. George 4th August 1856

To

The Acting Collector
of Madras

Sir

In reply to your letter of the 19th Instant I have the honor to state that the terms upon which the Revenue Board originally agreed to let me hold the land appear to me amply to provide for any such contingency as that suggested by the Revenue Board and it will be perhaps sufficient for all purposes to draw up the grant in conformity with their expressions

I shall thank you however to allow the matter to stand over for the present as I am in negotiation for another piece of ground adjoining and I should prefer having the certificates all arranged in one date.-

23d February 1853.

/Signed/ John Bruce Norton

/Signed/ B. Cunliffe
Collector

Fort St. George 4th August 1856

Order that the following letter be sent in reply.-

(136-137)

Bd. No. 2458

To the Collector of Madras --

In Cons. 4 August 1856 No. 2746-

To

The Collector of

Madras

Sir,

In reply to your letter of 22d July reporting on Mr. Norton's claim to be relieved from the arrears of quit rent charged on his property, dating from 1st July 1853 I am directed by the Board of Revenue to observe that while concurring with you in the opinion that Mr. Norton has already met with great indulgence, in the remission of the arrears due on his land at the time of his purchase and in the subsequent postponement at his own request of the Government demand, they conceive that the orders issued by the Board to the late Collector of Madras under date 20th March 1854 (para 3) exempt Mr. Norton from the payment of quit rent until the survey should have reached his property. The words used in speaking of this point are "you will then call upon Mr. Norton for

Fort St. George 4th August 1856

for payment of quit rent from that date" In order to act up to those instructions therefore, and adverting to the tardy progress of the Mylapore survey it appears to the Board that, the Bill must be calculated from the commencement of Fasly 1265 in July 1855 instead of from July 1858.-

As regards the rate of assessment to which Mr. Norton has objected, the Board infer from the terms of your letter that all land in the neighbourhood which is held on quit rent pays at the rate of 5 Rs. 4 per Cawney. They wish however to be informed specifically whether your recommendation to reduce this rate to Rupees 2-10- per Cawney, upon 10 Cawnies of any sandy soil has any precedent or on what other grounds it is recommended- It occurs to the Board that you may have proposed it as being the rate of the Village for dry land. I am further to remark

that

14155

Fort St. George 14th August 18

that the Board have perceive
with some astonishment the s
-tion given by Mr. Norton of the
arbitrary taxation to which land
proprietors are liable in this Pre
They had supposed thus gentle
too well acquainted with the nume
the practice of Government
reference to the land assess
to have been led into a state
which so entirely misrepres
them both.

B. No. 2948.

From the Actg. Collector of Ganjam.

Reporting upon the Topes and fruit trees in the Ganjam District.

Sir,

In reply to your Circular Proceedings &c under date the 29th October last No. 2902 calling for certain information in regard to the Fruit trees on unoccupied land and old topes generally, I have the honor to inform you that in this district fruit trees are generally planted in numbers, and &c therefore come under the denomination of topes. &c There are trees scattered in some places but they &c are generally on land included in the holding either of a Government Cultivator or Enamdar. That part of the rules which refers to this discription of trees is therefore not applicable to this district. With regard to the old topes, I beg to inform you that this &c district abounds with extensive Mangoe graves &c planted by the Zemindars and other wealthy men. There is scarcely a Village without a Mangoe &c grove attached to it, the property of the state or of private individuals Jack and other fruit trees there are, but not to the same extent; they are &c generally planted in Mangoe topes. In sooradah a

small

small reverted ancient Zemindary Estate there are several Orange topes, although these are not uncommon in several other Zemindaries now under their Proprietors-

2- The Mangoe topes are generally under the ryots of the Village to which they are attached the Cist payable for these topes is below the + average rate of similar land under Cultivation - This fact will appear more plain from the following figured Statement-

+ Average Cist Dry land 1-5-n- wet land- 2-13-n-

	Topes.			Cocoanut and areca nut trees			Total.		
	Acres	Cist	Average	Acres	Cist	Average	Acres	Cist	Average
Ryots	6061	1644	-12-	985	2877	2-14	7046	7521	1-1
Under renters	342	586	1-14-	399	2140	5-6	741	2726	3-11
	6403	5230	-13-	1384	5017	3-10	7787	10247	1-5

3- From this it will be seen that the average Cist upon an acre of land occupied by Mangoe topes and under the ryots is only 12 annas- The land which is occupied by Mangoe topes does not generally produce any thing more the soil being stiff; while in that which is occupied by Cocoa and areca nut trees the ryots graw some other dry Crops such as Chillies Gingeley seeds horse gram &c. the Cist upon an acre of land occupied

occupied by these trees is therefore comparatively high Viz. Rs 4
2-12-n- The Cist of the areca gardens is very high at Byree it is Rupees 20 an acre this tends to swell the average to a great Exctent- The Statement shews also 741 acres of land occupied by Mangoe Coca and Areca nut trees under renters with an assessment of Rupees 2,726- In regard to this some explanation will not be out of place here. This Exctent is composed of 399 acres occupied by Cocoanut trees planted by Major Evans in the Pabbacondah Talook and bearing now a Cist of Rupees 2,140- The Honorable Mr. Elliot when he paid a visit to this district in 1850/51 in his Capacity of Commissioner for the Northern Circars was of opinion that these trees should be rented out for a number of years with a view to make it the interest of the renters to improve the soil and supply the place of the decayed by planting new ones- This plan was accordingly adopted in Fusly 1260 when the topes were rented out to the ryots of the different villages to which they appertain jointly for 5 years some improvement has been made during this period similar arrangements was made for five years more in 1265 the first term having Expired with Fusly 1264 and the order of Government under acknowledgment not having been received at that time-

In

4th. In Mahency land 786 acres in Ecotent is occupied by Mangoe trees is under renter, who pay Rupees 336—11—11. In Sooradah likewise an ecotent of 56 acres occupied by Orange trees is under renter who pay Rupees 253 I think that the exciting arrangements should not be disturbed for the present. The condition of the different topes should be enquired into during the neext Fummahbundy and a report submitted as to the best mode of making the orders of Government applicable to them and the probable amount of revenue which will be involved in the measure as from what I already know I believe that the areca topes in Byree and Itchapoor are too highly assessed.

From the Collector of Rajahmundry.

Sir,

I have the honor to acknowledge the receipt of your letter of the 3d Instant, and in reply to state that of the five Ports entered in the list which accompanied the same Bendamoorlunka has ceased to exist, no trade having been carried

carried on at that place for some years. From Coppada grain has on a few occasions during the last few years been exported, but the port is so seldom used and no establishment is kept up that formerly entertained having been dispensed with under the orders of Board of the 13th November 1848. The trade of the District is carried on at the remaining three Ports noted in the Margin + and I am aware of no objection to their being brought under the operation of act XXII of 1855 there are five ports entered in the appendix to act VI of 1844 as belonging to this District.

Statement to accompany

No. 121.

To,

G. S. Forbes Esqre
Secretary to the
Board of Revenue.
Fort St. George.

146

B. No. 2939.

Sir,

From the Collector of Trichinopoly

Submits his opinion on the subject of the Dittum Returns as noticed by Government in Extract Minutes of Consultation dated 11th March 1856 No. 285 on review of the General report of the Revenue of this Presidency for Fusly 1263/1853/54.

As directed by the Circular No. 2164 with Extract from the Proceedings of the Board Dated the 12th Instant, I do myself the honor to submit opinion on the subject of the Dittum returns as noticed by the Government in their Minutes of Consultation of date the 11th March 1856 No. 285 on review of the General Report of this Revenue of this Presidency for Fusly 1263/1853/54.-

2. Owing to the peculiarities of the system of settlement in Trichinopoly the Dittum of land engaged for culture by the Ryots does not exist in practice. And the proprietors of land are not called upon by the Talook authorities to enter into formal engagements of their undertakings at the commencement of the season.-

By

3. By the orders issued from the Government and your Board it was however imperative to furnish a Dittum Statement, and in consequence the actual Cultivation of the preceding year was always exhibited; But this was in no way binding on the Ryot who relinquished or retained his former holdings, or enlarged them as the season and his own capability enabled him.

4. As far as this District is concerned the dispensing of the Dittum, or rather the preparation of the proforma, Dittum Statement will be advantageous.-

5. Your Boards proposed rule that each ryot should be answerable for his holding of the previous year unless intimation to the contrary be timely given, appears to me ample and sufficient. By such a rule he knows what he has to expect in the shape of liability and he will be saved from the interference of the

public

public servants both talook and Village -

6. In reference to transfers of land as noticed by Government, I beg leave to state that they are made here, either by sale or mortgage or private arrangement between ryot and ryot, constantly from the beginning of the Cultivating season up to the last day of the Summahbundy settlement, and as promptly as attended to and registered punctually when after enquiry there appears to be no objection or opposing claims -

7. The abuse pointed out by the Government in the 3d Para of their Minute can only be suppressed when the assessments are made so perfectly light as easy that a man can pay for his uncultivated portion of his holding without difficulty -

8. The instructions of Government conveyed in Para 12 and 20 shall have due attention in the preparation of the accounts of Revenue Charges and those for the Fasly Summa -

9. I have to report that immediate steps were taken by me to write off the arrears sanctioned by Government soon after the receipt of the printed book containing the authority -

To
G. L. Forbes Esqr
Secretary to the
Board of Revenue

Bd No 2938
From the Collector
of Madras

Sir,

As directed by the Board in Extract Proceedings 29th Instant No 2376 I have the honor to report upon the pleas set forth by Mr. Wilson in his letter to Government under date the 17th Instant for refusing to make over charge of the English records of this Cutcherry to his proposed Successor.

2. It is stated in Extract Minutes of Consultation of the 21st that I accepted his resignation, it is important I think to note that I did so verbally and that only a few minutes subsequent to my doing so that I called upon Mr. Wilson in writing to deliver over charge of the records after which I should formally receive his resignation and this notice was sent to him the same day.

1st Plea -

3 If Mr. Wilson was not in charge of the records in Mr. Huddleston's time, it is not known here, nor does Mr. Wilson state, who was.

4 It is undoubted, that before

before Mr Stokes' administration Mr Wilson held as his predecessor Mr D'Vaz had held, a far more influential position than his official designation warranted and that he fell back into his proper place on the advent of the late Collector; but it has been ascertained that in a report on the English records in 1830, Mr D'Vaz signed the report as "Head Writer and Record keeper" and that on a similar enquiry into the State of the Records in 1831 Mr Wilson signed as Head of the Correspondence Department and as having seen a Memorandum circulated by Mr Huddleston to the heads of the several Departments to furnish a Statement of the condition of the records under their respective charge.

5. I am of opinion therefore that Mr Wilson was considered the Record keeper as Mr D. Vaz had been before him.

2d Plea 6 Mr Wilson succeeded on the death of Mr D'Vaz it is therefore probable

probable that he took charge of the records as they were, but it does not follow that had Mr D'Vaz lived, he would not have been called upon to hand over the papers after some joint examination of them.

3d Plea. 7 The Government are better enabled than I am to judge whether such delivery is unusual in any Office, any inspection being that it is customary and indeed necessary, in order to fix the responsibility, if any records are missing;

4th Plea 8 Mr Wilson was on leave for 3 months but I do not see that such absence, permitted for his own convenience, should absolve him from responsibility generally, but how for it did so was matter, should the question arise, of after consideration

9 Mr Wilson cannot of course hand over the papers in any other manner than as they are, I was of opinion that in justice to his successor in Office there should be a cursory examination of the records to prove whether the old Volumes

Fort St. George, 4th August 1856.

volumes the Books received from the Board, now forming a valuable Stock, and the later correspondence generally were correct; and that a Memorandum of their actual State should be presented, leaving the responsibility for missing records, if any, to be considered hereafter.

10 I mentioned this to Mr. Wilson, and said that the duty might take him one day or a second, and that he should receive his full pay while so employed.

11 He first declared that he was out of the Service, that he might stop an hour or two but certainly not longer. He afterwards agreed to do what I required of him, but after being in office about half an hour went home on pretence of taking his luncheon and never returned.

12 This was the spirit in which he conferred with me, but from this position he appears to have receded, now that the matter is before the Government. If he means by

Fort St. George, 4th August

"handing over the papers as they are" merely walking through the office and declaring that he had given over charge I would rather waive this ceremony, as useless and as one which he offered, to go through before, but if willing to enter jointly with his successor into a general and slight examination which might occupy the short period abovementioned, he knows well that I required of him nothing more.

Bd. No. 2936
From the Actg. Collr.
Sea Customs Madras

Sir

The Government not having
yet appointed an Acting Deputy Collector
of Sea Customs during my employment as
Acting Collector of that office, I beg respect=
=fully to solicit that the Board of
Revenue will kindly forward this my
application to the Right Honorable the
Governor in Council with their favorable
recommendation that one may be appointed
and that I may not be left for three months
to perform the duties of the Office alone.—

2 It is needless for me to point
out to the Board the laborious and com=
=plicated nature of those duties as it must
be well known to them and I trust
I shall have their support in this request as I think they cannot
but agree with me, that it is almost impossible that
one Covenanted Officer should be able
for any length of time to perform them
efficiently and with justice to the Government,

the

the Public, and himself.

3. The very fact that the signature of the covenanted Officer is, by the rules of the Office, required to every application for passing goods on which the duty of a Rupee is leviable up to those of the value of Thousands of Rupees, will seem to show the constant and vigelent supervision required by him.

4. It is true that he receives sufficient Assistance from the Uncovenanted Servants employed in the different departments of the Office, but they have no power to pass Goods without bringing the application to do so for his examination and signature or to decide any point without applying to him on the subject, it is right and necessary that it should be so, but this time is thus incessantly employed during Office hours in attending to the convenience and Complaints of merchants, Ship Owners, Captains &c. and no leisure or quiet is left him for attention to the necessary Correspondence

correspondence requiring frequently a reference to the records) and other duties of the Office. Having thus briefly endeavoured to show my reasons for making this request to Government I would beg that it may not be thought that I shrink from the duties that have devolved upon me, but I consider it right to bring this matter forward and trust I may receive the countenance and support of the Board of Revenue in so doing. Especially when it is remembered that hitherto it has always been considered necessary that there should be two Covenanted Officers employed in this Office and at the present time the Trade of Madras is daily increasing and is likely still further to increase.—

No. 87

To

G. S. Forbes Esqr

Secretary to the

Board of Revenue

Fort St. George.

3rd No. 1713 From the Collector of Tinnevelly Statement Showing the Balances of Bawasta Summa Money in deposit upto 31st December 1855.

With reference to Extract from Proceedings of the Board of Revenue dated 25th February last, I have the honor to forward a Statement Showing the amount of Surplus funds of religious Institutions, that remained in Deposit on the 31st March 1850 under the different heads as reported by my Predecessor in his letter of 6th June 1850 and the Subsequent Collections and disbursements upto 31st December 1855, showing a balance on the latter dates of Rupees 1,35,139-7-3 and to inform you, that the balances on the 31st March 1850 included a Sum of Rupees 100000 for Roads, forming a part of Rupees 3,81,306 Set a part in 1846 for "native Education" and works of public utility, by order of Government dated 11th July 1846. This Sum of Rupees 100000 has been since wholly expended, and what now remains is the Surplus of funds that have Subsequently accrued from the different Sources explained in the heading of the Columns in the Statement.

The

11,185

Fort St. George, 5th August 1856.

2

The revenue derived from Tripany fund under Column 1. belongs to 72 out of 330 Pagodas in this District, and is stated to have been treated as a general fund, for keeping in repair the Window Temples throughout the District, as mentioned in Mr. Bird's letter of 30 March 1850 and is claimed and held in Deposit. The amount expended collected and held in Deposit. The amount expended upto 31st December last includes a Sum of Rupees 4-633-11-6 out of Rupees 11,808-11-9 Sanctioned x 6th February 1855:

Total amount of Sanction Rupees 13,102-0-5:

Deduct amount to be paid from Tripany Funds — 1,000-0-0

Remainder — 12,102-0-5:

Amount to be defrayed from Madura District — 3,853 7-8

Balance to be paid from the Tinnevelly District — 11,808-11-9

to be defrayed from Govt. funds on account of the Cotton Roads. On the same account a further Sum of Rupees 7736-0-2 has been since advanced upto 31st March 1856, leaving a balance of Rupees 11,39-11-1 to be disbursed under that Sanction. The disbursement on account of the above sanction commenced to be made from the Tripany fund before I joined the District, in consideration of all the former advances on account of the Cotton Roads having been made under that head, and with the intention of adjusting the same after the work is fully completed. When the adjustment is made, the balance of Tripany funds on hand would amount to Rupees 21,797-11-8 on the 31st December 1856 as will be seen from

the

the Statement accompanying.

3 The Collections under the head of Tripany will continue to be made on account of the Pagodas, until arable waste lands capable of yielding a Revenue equal to the Share of Govt. each of the Pagodas are made over to the Trustees under the orders of Government dated 18th august 1854. Orders have already been issued to the several Tahsildars to Select lands, and to report upon them after conferring with the Trustees but owing generally to dislike on the part of the Trustees to accept waste lands, no settlements have as yet been made. Until these settlements have been made, I consider the Tripany Fund, should be reserved as fund for the works of General public utility, and for repairs of Pagodas, when such are required.

4. The receipts entered in Column No 2 comprise the amount of endowments to Pagodas from Pagodas lands, realized and held in deposit before the lands in question were made over to the Trustees. This is fairly due to the Pagodas on account of which the Collections were made, and the Trustees of certain Pagodas have already applied for the payment of the same, there are no collections under this head now made.

5 The receipts entered under Columns 3 and 4 of which also there will be no further Collections, are it will be observed very small, of which the sums entered under

under Columns 3, which is the amount refunded as unexpended out of the sum disbursed on account of Sibbundy and other charges of Pagodas, while they were under Circar Management, has been already credited to the head of Sea way Immunities. The Balance under Column 4 being due to certain Pagodas should be paid to them as how applied for.

Thylasanatha Swamy Pagoda Nelliapper Do.

6 The sum entered under Column 5 is the amount of Swamy Bhogum of certain lands due to 7 Pagodas in the Nelliambalam Taluk, the Railwaram being collected on account of Government, these lands even after the management of the Pagodas was made over to the Trustees, were continued to be worked out by the Circar for Swamy Bhogum due to the 7 Pagodas, and out of the sum realized under rent, most part of the amount due to the 7 mentioned Pagodas has been paid to the Trustee of the Pagoda occasionally on his application, and out of the balance of Rs. 8101-15-4 remaining on hand on the 31st December last there is still a sum of 150 Rs. in favor of that Pagoda, and Rs. 7867-9-10 is the amount of Swamy Bhogum due to Nelliapper Pagoda which should also be paid, and for which a claim has already been advanced. This Balance or Rs. 284-5-2 is an item of collection which was erroneously credited under this head instead of under that of Tripany to which it should now be carried. The Collections under this head also will continue to be made until lands yielding a revenue equal to the interests of the Pagodas, are made over to the Trustees for which also the necessary orders have been sent.

7 The sum entered in Column 6 is the amount of endowment collected from different persons originally granted for the performance of certain ceremonies, but which were performed, within the prescribed term during the time the Pagodas were under circar management. This sum is also due to the Pagodas but at present there are no demands for the payment of the same.

B No. 2764.

From the Acting Collr of Tanjore.

Reporting on the mode of payment to the several Pagodas in the Dt. of Tanjore.

+ 5th Febry 1856 P 3.

Sir
Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 2d April calling upon me with reference to the orders of Government noted in the margin, to submit a detailed description of the mode in which payments are made to the several Pagodas whether on account of Tarriff lands or of the money allowances.

The Government likewise required a statement of the amounts coming under the Collectors disposal for the last 10 years, and the mode of their disbursement, and this statement I have now the honor to enclose.

From it will be seen at a glance, the several heads under which the Pagoda allowances are either credited or disbursed, and the statement itself does not seem to call for a lengthened explanation.

4. The receipts and disbursements are

Vide colms 243.

are, it will be observed entered under 7 different heads.

1 The ordinary or monthly allowance.

5 With the exception of a very few Pagodas, the full amount of their allowances is paid every month to the Trustees of the several Davustanums.

2 Extraordinary or annual festival allowances.

6. With the exception of a few pagodas, where the performances of festivals have been discontinued, these allowances are also paid in full annually.

3 Money allowance in commutation of grain allowance originally made.

7. This allowance is also paid annually and for the greater part in full to some Pagodas, however, only a portion is paid, and out of the funds arising from the accumulation of this surplus, it has been customary to give at discretion, such sums as may be needed for repairs to Pagodas & the civil dispensary at Combaconum. These charges are however, it is to be observed, only entered when actually incurred, and an account shewing the balances not paid is always kept in the collectors office.

4 Payments in commutation of Salt revenue resumed by circar.

8. Paid annually in full.

5 Sotuntrum maniem allowances.

9. Of the gross produce of each village, a certain percentage is deducted as sotuntrums or Village charges Of these sotuntrums a part is alloted for the maintenance of Pagodas and

is

is collected by the circar. The amount thus collected formed until lately a separate fund and was held in disposit such sums as were demanded by the Pagoda Trustees were disbursed from it and any surplus amount which remained, was appropriated to charitable purposes, as discribed under the 7th Head under instructions from the Board. collections on this account have been since fusly 1262, consolidated with the land revenues, and the demands of the Pagoda Trustees satisfied from it the unclained amount remaining undebited in the accounts.

6 allowance made in lieu of Rayamaniem or daily allowance made from the excise collections.

7. Pagadas share of revenue from lands under the management of the circar Servants.

10 This fund is disbursed in full every year.

11. The amount of meras swarum due to the Pagodas from the Tariff lands which only are now under circar management is calculated every year and is paid to the Trustees after deducting the expences of the Davestanum Establishment and other amounts which are granted for charitable purposes. such as the civil dispensary at combaconum, the Lengerkhana at Negapatam, the supply of medicines &c during the prevalence of cholera &c out of the surplus

amounts

amounts of this fund / which had accumulated after the Pagoda charges were defrayed when the Pagodas were under circar management / and of the fund entered under the 5th Head, a large sum has been contributed to the educational fund and towards the building of Roads & Bridges.-

12 From the above statement it is manifest that the whole of these are ready money allowances and that the Collector is simply a disbursing officer, excepting in the 3rd & 7th description of allowances, and in which the control exercised by him is very limited. Over the disbursements after they have been made to the Trustees, it is almost needless to add, the Collector exercises no control whatever. With reference to the requisition of Government contained in the last para of the Minutes of Consultation calling for information as to what progress has been made in exchanging the Tarufs lands for lands on survamaniem tenure as ordered in minutes of consultation 18th August 1854 the Board are aware nothing has been done.-

13. In his letter of the 27th October 1854 Mr. Forbes stated fully and clearly the difficulties which lay in the way of such an arrange

arrangement, and the objections raised thereto and the Board in their reply dated 20th November 1855. while fully admitting the force of his arguments, requested Mr. Forbes opinion as to the sale, by Government, of the merasey right in those villages which would fall to the share of Government after the survamaniem lands had been made over.-

14. Mr. Forbes in his letter of the 8th December 1855 pointed out that such a course even were it practicable was at present inexpedient, and thus the matter rests.-

15. It is clear that unless compelled to do so, which would in all probability require a Legislative enactment, the Trustees will not consent to the proposed exchange or at all events they would in every case raise such difficulties as virtually to prevent its being carried out. Therefore there remains the only alternative which was suggested by Mr. Forbes in his letter of the 27th October 1854, Viz:, to place the Pagoda Tarufs lands on the same footing as other lands and by a short legislative enactment to repeal the provisions of Regulation VII. of 1817 as regards the realization of the Government revenue.-

Acting Collector

11200 For^d St^t George 5^th August 1856.

B^d No 2468.

Proceedings thereon.

Requesting the Acting Collector of Tanjore to furnish information on sundry points with respect to certain surplus Devastanum Funds in his District.

Before forwarding the above letter to Government the Board request that the Acting Collector will at his earliest convenience afford them further information on the following points.

Para 6. (175-176)

2. The non payment of the allowances for extraordinary and usual festival to those Pagodas in which the performance of the festivals has been discontinued is sufficiently accounted for, but the Board do not understand from the Acting Collector's letter why a full account of allowances, less the sums deducted for the Dispensaries, Lungerkhanas, supply of medicines &^ca, is not annually given.

Para 5-7-9.

3. They are aware of the objections that exist to paying to the trustees large sums from the accumulated surplus in the Treasury, but they do not know why, since the management of the Pagoda property has been resigned, annual allowances have not been claimed, and if claimed, why they have been withheld.

4. They wish also to know if the

the accounts that are kept of the sums now in deposit shew any detail of the particular Pagodas to which they may have been originally due.

5. Further the Board wish to be informed if the sum of Rupees 132,819 entered in Column 6 of the Statement which accompanied the Acting Collector's letter is now in the Treasury, and if any objection exist to its being appropriated to works of general public utility a statement is also requested of the annual sums under each head from Fusly 1254 to Fusly 1264 of which this total sum is composed the Board being at the same time informed if they are to understand that a similar, or nearly

nearly similar sum, may be anticipated to accrue in all future years.

6. The Board being under the impression that the Davestanum Establishment has been considerably reduced of late, desire to be informed how it is that the charges under this head were higher in Fusly 1264 that in Fusly 1263. and they request that the Acting Collector will shew the per centage on the collections which the charges for Establishment bore in each of the years to which is present statement refers.

7 The Board remark that in paragraph 7 of the Acting Collectors letter it is said that the Civil Dispensary at Combaconum is supplied from the money allowed in commutation of grain allowances,

Fort St. George 5th August 1856.

allowances, while in paragraph 11, the same institution is said to be supported from the Pagoda share of the revenue from Inam lands - this requires to be explained.

8. Lastly the Board would wish that the Acting Collector would refer them to the dates of the Government order for commuting the grain allowances, and Salt revenue for money payments, and of the sanction for defraying the expences of the Civil Dispensaries and Lungurkhanas from the Pagoda Funds.

9. As the Government have expressed a desire for an early reply to their order on this question it is hoped that Mr. Cherry will find it convenient to supply the information now requested of him at an early date.

No. 851

Bg. No. 2587

From the Chief Secretary to Government Communicating the orders of Government on the subject of the detachments of Peons of the Collectors as Establishments for duty in the Civil Dispensaries.—

Extract from the Minutes of Consultation Dated 19th July 1856.

Read again the following letters

From the Medical Board (Hereunder 22nd November 1855)

" Do (Do 30 April 1856)

Read also the following letters

From the Government of Bengal

" Furnishes the information requested regarding the Establishments attached to the several charitable Dispensaries in the Bengal Presidency — Hereunder 29th April 1856)

From the Government of Bombay

" Forwarding information in regard to the Establishments attached to Civil Dispensaries under the Bombay Presidency — Do 5th June 1856)

In the letter of 22nd November last

last the Medical Board replied to the reference made to them in Extract Minutes of Consultation 26th June as to the practice in respect to the attaching of Peons to Civil Dispensaries under the Madras Presidency.—

2. The Board report that with some exceptions it would appear that for the most part each dispensary is supplied with two Peons generally from the Collectors Department.

3. The Board think the services of two Peons necessary and recommend that they may be continued in those dispensaries already so provided and that a second peon be granted to those at Coimbatore and Vizagapatam and to those at the Presidency marginally noted. the Medical Officers in charge of the dispensaries at Guntoor, Kurnool, Kamptee, Salem, Madura and Tinnevelly have not represented the necessity for the services of a second peon and therefore these may be allowed to continue as at present.—

Triplicane
Chintadrepettah
Lyngin Hospital Dispensary
Blacktown Do

4 On receipt of this letter reference was made by this Government to those of Bengal and

and Bombay to ascertain what Establishment were assigned to Civil dispensaries in those Presidencies and whether Peons or Chupprassies formed part of it.—

5. The Secretary to the Government of Bengal furnishes a Statement showing the Establishment in five Dispensaries in Bengal supported solely by Government and set up in large cities. It is liberal,— Rupees 190 per mensem but does not include Peons.—

6. In Bombay no Peons are specially attached to dispensaries except at the Presidency or at Poona. at other stations whatever Peons there may be are, as in the Madras Provinces, obtained from the Collectors.—

7. Such being the usage in the other Presidencies the Right Honorable the Governor in Council is not prepared to apply to the Government of India for their sanction to the additional Peons that would be required for attaching extra peons to the Dispensaries mentioned in the Medical Boards letter of 22d November 1855 In regard to the Peons who are now detached from

from the Collectors Establishments for duty at Civil Dispensaries matters will be left in their present footing—

8. With respect to the Dispensarys at Honore the temporary Peons entertained there without authority must be at once dismissed. their pay up to the date of dismissal is sanctioned to prevent retrenchment. 9. For the future the Collector will supply for this dispensary one, or if absolutely necessary two, Peons from his own Establishment as far as he may be able—

The application of the Medical Board for the employment of two Peons at the Civil Dispensary of Cotacamund will be referred to the Collector of Coimbatore who will endeavour to allot two Peons for the service of the Institution out of those stationed on the Hills—

Bd. No. 2877 From the Chief Secretary to Govt. Reviewing the result of the Exhibitions

Public Department

No. 871

Extract from the Minutes of Consultation

Dated 28th July 1856.

Read the following letter from

held in nine of the Districts of the Presidency, and resolving to print and circulate the papers connected with them for general information

from the Secretary to the Board of Revenue

Here enter 10th July 1856

The Right Honorable the Governor in Council has perused with much gratification the several reports of the Local Committees forwarded with the above letter from the Board of Revenue, showing as they do that the results of the Provincial Exhibitions have generally far surpassed the anticipations that had been previously formed of their success.

2. These exhibitions have been held in the nine Districts of this Presidency named in the margin, and although in some of them the objects may have been little understood and the innovation regarded by the people with comparative apathy and distrust, curiosity seems nevertheless to have been every where fairly excited, and the confidence very generally established, as the issues of the several meetings became known, and the intentions of Government were fairly brought home to the comprehension of the Native public.

3. The improvement in those Districts in which exhibitions were held last year both as regards the quality of the articles exhibited, and the number of

1 Rajahmundry
2 Guntoor
3 Nellore
4 South Arcot
5 North Arcot
6 Tanjore

8 Madura
9 Kurnool

Competitors

competitors and visitors is specially remarkable the successful result in Rajahmundry and Guntoor may well be regarded as a gratifying proof of the utility of these exhibitions in arousing emulation and stimulating production and as affording at the same time a clear indication of the popularity to which they will attain as their objects become better and more generally understood.-

4. The letter from the Board of Revenue contains so complete a summary of the results of the exhibitions in the several provinces that it is unnecessary for the Government to do more than express their general concurrence in the observations recorded by the Board. They notice in particulars, as meeting with their entire approval, the proposition of the Board to afford encouragement to art in its more useful branches by opening future exhibitions to objects of manufacture of a strictly useful character, as well as to agricultural products also the measure proposed for the improvement of the breed of cattle in Tanjore and other similar proposals having for their object the further development of the natural resources of the different Districts. The Government likewise coincide with the Board in their concluding

para 32

para 34

concluding remarks in regard to the importance of securing the co-operation of the European Residents in the Country and they think that no opportunity should be lost of giving practical effect to the very valuable suggestions contained in the letter from the Chamber of commerce.-

5. The Right Honorable the Governor in Council desires to thank the several local Committees for the trouble they have cheerfully taken in carrying out this important experiment, and to congratulate them upon the success which has attended their labors. To the several European Gentlemen and others who are specially mentioned by the Board as having lent their valuable aid in furthering the objects of the Exhibitions the acknowledgements of Government are also due.-

His Lordship in Council sanctions the disbursement of Rupees (14,364-10-1) fourteen thousand three hundred and sixty four annas ten and pice one. the total amount expended for the purposes of the exhibitions in the Districts named above, as shown in the accounts forwarded by the Local Committees

Committees which accompanies the Boards letter and he willingly grants permission to announce another exhibition in each of those Districts towards the close of the ensuing year. the precise time to be determined hereafter as requested by the Board.-

7. These papers including the Boards letter and the Reports from the several local Committees in the Provinces will be printed at the Government Press and circulated for general information.-

To,

G. S. Forbes Esqre
Secretary to the
Board of Revenue

Fort St. George

Sir.

With reference to the Board's Circular No. 66 dated 22d May 1856 I have the honor to submit the accompanying Statement shewing the outlay on repairs and on new works in this District during the official year ending on the 30th April 1856.-

2. The expenditure on works of irrigation has been trifling amounting in the aggregate to Rupees 1048.- No extra revenue has been derived therefrom the outlay having been necessary to secure the ordinary revenue under the existing works.-

The

Bd No 2607
From the Offg
agent to the Govt
at Kurnool.

Furnishing a report upon the progress of improvement in his District exhibiting the outlay both on repairs and new works and its effect on the revenue of Government and the welfare of the people.-

Fort St. George 6th August 1856

3. The outlay on public buildings amounted to Rupees 10717.- this includes the public bungalows at Chinna Yaykoor and a Talook Cutcherry at Paumem and Chagulmurry where these works are completed the travellers on the Gootty and Kurnool line will be provided with shelter and each Talook of the District with a Cutcherry of the Standard Plan. The other works under this head are a Cholera and Small Pox Hospitals at Kurnool and the repair of a Choultry at Gauzoolpilly near the foot of the Nundi Canowah pass which was built at his own expense by Mr. Commissioner Scott for the benefit of poor travellers.-

4. The principal expenditure during the year has been the repairing and extending the line of communication between Kurnool and Cuddapah and Cumbum which was commenced in the years 1854 for the purpose of giving employment to the then starving poorer classes. Minor Drains and Bridges are in progress and on the Gootty line two Bridges of two arches each

Fort St. George 6th August 1856

each have been constructed over two Nullahs which in the rainy season were great impediments to the traffic of any kind but the Bridge near Chinna Yaykoor has been carelessly built and is already injured and rendered useless. A Bridge over a Nullah at Yeldoorty also impassable during the rains and one over the Hendreat Kurnool are in course of construction and when furnished will prove an inestimable benefit to this District.

On line No 3 the road way and 3/4 of the Minor Drains have been completed from Kurnool to Pauniem a distance of 40 miles leaving about 20 miles to complete the communication to the foot of the Nundis Canowah pass. The opening of the pass in question (when completed) together with that of Yumrazpilly in this District will open a direct line between Bellary and the coast and much benefit to this part of the Country is the expected result. The 15th Regiment Native Infantry on its March from here to Masulipatam took this route instead of the usual circuitous one by through the Nizams territory. The opening of the Yumrazpilly Ghaut on line No 3 is a great boon to the whole District. The old road though black soil being during the rains totally impracticable I may add that owing to this line to passing

Fort St. George 6th August 1856

passing close to the site of a Village long ago deserted the owners of the lands have refused it to reside in the immediate vicinity of their lands and this will probably result in a few years in an extension of the Cultivation of the lands under the Resuscitated Canal.

6 Trees are being planted along the newly made Roads and I have exerted all my influence to induce the inhabitants to plant their fields and Topes. I hope successfully.

Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to report for the information of the Board of Revenue the death of Seroneegadah Cherry the trustee of the Coorumbah Dawastanum and recommend that Arjagasinga Cutter and his three Cousins be nominated trustees of the above Dawastanum -

(203)

B. of R. No. 2824 -
From the Collector of North Arcot
Reports the death of Seroneegadah Cherry the trustee of the Coorumbah Dawastanum and recommends that Arjagasinga Cutter and his three Cousins be nominated trustees of the above Dawastanum -

the information of the Board of Revenue the death of Seroneegadah Cherry the trustee of the Coorumbah Dawastanums in the Cauneypauk of Talook which event is reported to have taken place on the 19th October 1851 -

2 The office is now claimed by the following persons -

1 Histnamacharry the eldest of the 3 surviving sons of the deceased, and who wishes to be nominated sole trustee -

2 Ragava Cherry son of the eldest brother of the deceased and who in virtue of a document executed by the deceased To: Seroneegadachary his uncle in his favor claims to be appointed joint trustee -

3 Arjagasingah Cutter Venkatachutter Seroneegadah Cutter and Soundarasah Cutter, who

14227. Fort St. George 6th August 1856

who are Cousins to each other and descendants of Coorathalwar to whom the Dawastanum is dedicated and they request that they may be appointed as joint trustees and one Cutta Vencatasawmy Chetty as their Gomastah for managing the affairs of the Pagoda -

3 The wishes of the Village Community and the subject of the filling up of the vacancy have been Consulted and the Result is as follows -

1 For the nomination as sole trustee of Histnamacharry eldest son of the late Seroneegadacherry - - - - - - - } 3-524-1-

2 For the nomination of Arjagasingah Cutter & Co. 4 persons as Joint trustees - - - - } 16-992-5-4

3 For the nomination of any other than the above parties - - - - - - - - } 6-247-11-5

4 For the nomination of either of the above parties - - - - - - } 3-34-13-6

Amount to be paid to Dawastanum Servants Vide Rules & Orders Page 524 Para 1

4 There are in the Village forty three

three persons who as putthakdars are entitled to
vote in this matter of these fifteen who pay a
Revenue to Government of 394-14-9 are absent
from the Village—

5 The wardens of the Pagoda Viz.t the
Eenil Mooniga the Archacum and the Soyempakky
state that since the death of Seroomungala Chetty
his eldest son, the said Kistnama Chetty has
assumed the Management of the Pagoda property
that Azagasingalutter and his three other Cousins
hold the Right of precedence in the Pagoda by
Reason of their being the descendants of
Coorathalwar as above explained and that
they (the wardens) would have no objection
to either of the parties who now Contend
for the appointment being named as trustees—

6 The 2 Moongars and the Malayanmen
of the village who are all Brahmins and who are
among the fifteen persons who have voted
for the nomination of Azagasingalutter
and his Cousins have preferred Complaint to me
stating that the deceased Durmacurtah and
his eldest son have mismanaged
the affairs of the Pagoda & &
that

that Azagasingalutter and his Cousins being the
descendents of Coorathalwar are the persons
entitled to the appointment of trustees, and
that the deceased had been appointed trustee
in Consequence of the absence on pilgrimage
of Azagasingalutter and his Cousins—

7 The deceased was selected as a trustee
in 1811 the year in which trustees to all Dawas-
-tanums were generally selected in this District
and a Statement exhibiting the names Character
and profession of the Individuals then Selec-
-ted was forwarded to the Board of Revenue
by Mr. Ogilvie with his letter dated 29th
September 1811 in the 6th para of which letter
he stated that in making the Selections every
attention had been given to local Circum-
-stances and to the general wish of the Community—

8 Under the above Circumstances I
would Recommend that Azagasingalutter
and his 3 Cousins be nominated trustees of
the Coorathalwar Pagoda and that they
may be permitted to nominate a goomas-
-tah to act for them in their absence—

Fort St. George

(205)

B. No. 2859

From the Collector of North Arcot

Sir,

I have a letter dated 9th ultimo from the Chief Engineer of the Madras Railway requesting permission for cutting down 150 Palmira trees in the Government tope at Daramanipet in the Sathgur Taluk, they being required for the construction of roofs and sheds. The permission has been accorded after enquiry, and the necessary orders issued on the subject, but as the tope in question is rented upon a permanent patteram tenure, it is necessary to make a deduction from the amount of tax paid by the renter.—

The annual rent paid for the tope which contains 269 trees amounted to Rupees 8—5—. and the proportionate rent for the 150 trees is Rupees 4—10—9 I have the honor to request the sanction of the Board of Revenue for deducting this sum from the renters

renters pattah for Fusly 1266.

3 On the 16th February last permission was granted to the Railway authorities to cut down 53 Palmyrah trees in the same topo, which were subsequently cut down and removed The tax on those trees for the last four and half months of fusly 1265 amounts to Annas 9 and Pice 11: and I beg to request the Boards authority for deducting this sum from the renters pattah for fusly 1266.

North Arcot Collectors Cutcherry Chittoor 26th July 1856

B. No. 2965

From the Offg Agent to the Governor at Kurnool

Sir

Furnishing information respecting the taxation of Topes & Trees

1 With reference to the Boards Circular dated 29th October 1855. No. 2902, respecting the taxation of Topes and trees, I have the honor to subjoin a Memo showing the several Items into which this branch of Revenue was divided in Fusly 1265 together with the amount of Revenue realized on each Item. —

	Rs. A. P.
Topes	1132 7 "
Orchards	1921 4 "
Scattered Trees on occupied land	1105 " "
Trees on Tank bunds Avenues &c.	339 3 "
Palmyra Trees	290 " "
	4787-14 "

2 Prior to the Fusly referred to it had been the practice, to rent out year by year to the highest bidder, the produce of Topes and of Scattered Trees on waste puttah and Enam lands and in Backyards, collectively either by Villagers or Talookes, and the average on Revenue

Revenue derived therefrom during the five years preceding 1265 amounted to Rupees 1810-15-1 as detailed in the margin. —

Scattered Trees Fusly	Rs. a. P.
1260	1768-4-"
1261	1842-3-9
1262	1933-2-4
1263	2122-15-1
1264	1388-5-11
	9054-15-7
Average	1810-15-11

3 In Fusly 1265 the produce of Topes and of Scattered Trees was separately farmed out the highest bid being taken for the former and a rate of 4 annas per Tree fixed on the latter limited to trees on unoccupied land alone

4 The result of these arrangements gave

For the rent of Topes	1132-7-"
For 4420 Settled Trees	1105-"-"
	2237-7-"

Fusly 1265 2237-7- being in the aggregate Rupees — 426-7-1 in average — 1810-15-"

426-7-1 excess of the average Revenue of the five previous years obtained from the same 2 Items. —

Of 29 Oct. 1855

5. By the orders of the Board the Rate per Scattered Trees has been fixed at 2 Annas, or half the Amount levied in Fusly 1265. In the ensuing year therefore the

the Revenue to be expected from this Stem will be proportionately diminished to Rupees 552-8-6

4 It is not practicable for the reasons stated in para 2, to specify separately the amount of Revenue realized in previous years from Trees on Puttah and Cowle lands and Backyards, but, in freeing those lands from the Tree Tax, no great sacrifice of Revenue is to be apprehended, judging from the results of the arrangements in Fasly 1265, whilst the relief to the occupiers of the exempted lands may be estimated by reference to the following Table.—

	Value of 2 annas per Tree Rupees as 8		
No. of Trees in Puttah lands	5313	664	2
No. of Do. in Cowle	9332	1166	9
No. of Do. in Backyards	3903	187	12
	18547	2318	6

5 With reference to the marginal remarks of the Board on Para 9 of the Proceedings of Consultation 31st. May 1855 I beg to state that I think some restriction is

is necessary, to prevent the trees being destroyed and perhaps this will best be provided for by inserting a clause in the Puttahs prohibiting trees being cut down, without permission under penalty. Inconvenience is also likely to result, in the event of subsequent offers being made by other parties to cultivate the land, on which any of the trees included in the rents may be situated, for the occupier of the land will necessarily be entitled to enjoy the usufruct of the Trees, and the renter might thereby become a considerable loser if lands happens to be extensively taken up; moreover it is advisable when introducing these changes, to provide at the same time for the rent of Trees, on lands which may from time to time be thrown out of cultivation.—

6 I would suggest therefore that the rent should include certain limits, either of Villages or Talooks, that the amount of rent be at first fixed with reference to the number of trees then available for use and that the terms should

require

require the renter to relinquish the trees situated on any lands recently taken up and entitle him to those on lands thrown up That a permanent right should be conferred on him to the rent of trees within specified limits, but that at the termination of 30 or 5 years, the amount of rent should be reduced or increased according to the number of available Trees at such period.—

Trees on Bunds — Tank Avenues &c.

Fusly — Rs. As. P.

1261 — 447 — 14 — 3

1262 — 500 — 5 — 8

1263 — 598 — 8 — 11

1264 — [illegible]

1265 — 339 — 3 —

The Revenue derived from the rent of trees on Tank Bunds Avenues &c during the last five years as shown in the margin

I have not been able to procure a return of the number of Trees so situated, nor does it appear to me to be necessary to after the present system of renting them out to the highest bidder but those rents might advantageously be given on permanent Pottah.—

Palmyra Trees 10 Palmyrah Topes are not abundant in this District, and up to July 1265 the right of selling the fruit leaves &c in the few Topes which exist, was enjoyed by the Ashtavy Contractors, without any stipulation

stipulation to that effect having been inserted in their Cowles.—

11 In 1265 the right of drawing Toddy from them was included in the Ashtavy rents but the right of gathering the leaves and fruit was separately rented out for Rupees 290.— This arrangement might be permitted to be continued on permanent Pottah also.—

Topes 12 I have before stated that the Revenue derived from Topes was blended with that of scattered Trees up to Fusly 1265 In that year they were separately rented out for Rupees 1132—7—3 there are in the District 605 Topes, containing 16659 Tamarind Trees and 3642 Mangoe Trees Total 20337. These Topes for many years prior to the assumption of the province were regarded as Government Topes but the heirs of many of the parties who originally planted them are known and it would accord with the views of the Government that the said Topes should be made over to such parties For such Topes as rightful heirs cannot be formed I think that it would be preferable to retain them as private Topes,

to

to making them over to the head ryots in trust for the whole village. The latter plan would I think lead to endless squabbles, and practically the profits would be enjoyed by the more influential persons of the community.—

1931.32- 10¼ acres
@ 1196-4 ½ assdt.

13 — Shewd received a return as per Margin of the Revenue expected to be relazed, if the land on which the several Topes stand is charged with the Land assessment shewing an increase of Rupees 63 13-5 over the rent for Fasly 1265 I do not consider that sufficient dependence is to be placed on the return and as it is the object of Government to confer permanent rights and privileges to the holders of these Topes, I would suggest that these lands be at once classified and assessed in accordance with the principles proposed by Mr. Bayley in his report dated 22.d July 1843 on the Revenue assessment of Kurnool. When once a right is conferred and an equitable assessment fixed. Silliman no interference will be called for to prevent

present the destruction of the Trees.—

Orchards and Gardens Fasly	Rs. a. p.
1264	2035—12—0
1262	2028—4—0
1263	1893—4—0
1264	1984—4—0
1265	1921—4—0

14 The Revenue derived from orchards and Gardens during the last five years is entered in the Margin. These Gardens 11 in number were planted and maintained at a great expense by the late Nawab several of them are situated on the banks of the Toombudra and are watered by Pacottahs others situated in the interior of the District, were irrigated by spring channels. One garden called the Khas Bagh situated opposite to Kurnool is enclosed by a wall now somewhat dilapidated having some ruined buildings within its precincts and there are 75 stone Pacottahs in good order at the head of the garden, the water having been formerly supplied by a Channel leading from the Toombudra which has long since been choked up and which it never would be the interest either of individuals or of the Government to clear out and keep in order. The trees in these gardens are of various kinds, some ornamental and some profitable sugar cane Turmeric and other products are grown where the ground is clear within the Gardens

Gardens and were it not for the height rent, and restrictions against cutting the trees, these Gardens would become extremely profitable.

15 Mr. Lushington in July 1861 rented these Gardens out on leases to run until the assessment of the District was introduced but they have since frequently changed hands and it has been necessary to make reductions in the rents, in order to secure their being occupied

16 It would be advisable in my opinion to have these lands also classified and assessed in accordance with Mr. Bayley's plan.

17 With regard to the Conservancy of the forests situated between this and the Cumbum Districts on the range of hills called the Nullah Mulla, I believe that Government have the subject under consideration the employment of Chenchoowars the only class

of people who can exist during the rains in these jungles might have the good effect of civilizing them a little and add to the efficiency of the Police 20 Chenchoowars on a monthly Stipend of Rupees 4 would give a yearly expenditure of Rupees 960 per Annum.

18 The form of Cowle appended to the Proceedings under reply appears to be suitable to the object in view.

I

14244 Fort St. George 6th August 1856

19 In conclusion I beg to express my regret that this report should not have been submitted earlier. I had a great many to apply to and the information which was required for this one was so imperfectly prepared that I had to apply several times to each Tahsildar for more minute details.—

Fort St. George 6th August 1856.

B. No. 2478.

Proceedings thereon.— The Board of Revenue authorize the sale, for arrears of Revenue, of the lands alluded to in the foregoing letter, and direct the publication in their office of the advertisement forwarded by the Collector, Tuesday the sixteenth of September next being fixed for the day of sale.—

2. It is observed that the assessment of the land in several cases has not been entered in Column 9. and the Collector is requested to see that this is done in the advertisement published in the District.—

3. The Board observe that the list includes some names of Residents in Madras; in such cases it will be desirable that the Collector should take measures to give the proprietors due notice of the intended sales.

No. 1.

14247 Fort St. George

No. 1.

Designation of office and present salary.	Alterations which have taken place within the last 25 years in the salary allowed.	Duties to be performed.
Collector and Magistrate of Malabar Salary Rs. 2333-5-4 Fixed Tent allowance Rs. 87-8-0 Rupees 2420-13-4	Up to March 1836 the salary of the Principal Collector was Rs. 2537-8-0 besides a commission of two thirds of 5 per Cent, on the net Revenue from Extra sources, which varied from Rs. 400 to Rupees 1100 per Month.— From April 1836. the said Commission was fixed at Rs. 3918-4 per Month being the average of 3 years.— On the retirement of the Principal Collector Mr. Clementson in February 1840, he was succeeded by Mr. Conolly who only drew the salary of Collector Viz. Rupees 2,333-5-4.—	The Collection of the Land, Sea Customs, Salt, Moturpha, Small Farms, Stamps and Abkaree Revenue. The trial of suits for arrears of rent and rates of assessment, and for occupancy cultivation, and irrigation of Land. The Superintendency of a large Huzzoor of 16 Districts and 3 Provincial Treasuries. The Magisterial and Police charge of the District and the sole Magisterial management of several of the Talooks of the District. The superintendence of vaccine operation in the District and the executive of the Public Works of the District. The area of the District is 6262 Square miles, the Revenue of the District is 24,15,224 Rs.— Population— 1,51,490. Treasury Receipts— 32,63,695 Rs Disbursements— 28,07,294 " The Management is Ryotwaree and the Revenue is collected from 1,85,372 Cultivators.—

Malabar Collectors Office
Calicut 29th July 1856.—

6th August 1856.

Special circumstances which were considered or ought to be considered in fixing the salary.—

The expense of living and especially of Travelling in this District is greater than on the Eastern side of the Ghauts—all the necessaries of life are dear and the wages of Servants consequently higher—Collectors are expected to pass much of their time in Travelling and find their own camp equipage—a small allowance is granted for tents and also for travelling, but these do not cover the expense of the wear and tear of tents, the pay of the necessary establishment and of the carriage of travelling furniture &c. The climate is very trying and debilitating from excessive moisture, and in parts of the District dangerous & deadly fevers prevail. The District is also very subject to severe outbreaks of small pox. From the great influx of European settlers as planters, Merchants and Mechanics the Labor and responsibility of the Collector are largely increased and the highly excitable and fanatical character of the Moplah part of the population calls for the exercise of continual circumspection and tact not unaccompanied with personal risk and danger. The advanced state of society, the intricate nature of the tenures of land and of the social institutions of this part of the country increase his difficulties and toils, which the necessity of acquiring a language unknown and unspoken in any other part of India, still further enhances. The Madras Railway runs through this District and the Western terminus of it is situated about 7 miles from the Collector's office at Calicut. The settlement of claims for land purchased for the Railroad and for compensation for moveable property and trees destroyed involves many intricate and nice questions of the value & rights of property and has added greatly to the various & multitudinous duties of the Collector of the District and though this is but a temporary work, yet it is to be presumed the Railway will entail no small amount of additional labor on this office.—

The Head Quarters of the Western Division of the army and a subordinate Military Post being located in this District, the correspondence is voluminous and various. last year the number of letters and reports on Revenue, Police, Magisterial, Military, Marahmat, Educational, Sea Customs, Railway and Miscellaneous subjects, with the government, the Revenue, Marine and Military Boards, Chief Engineer, Chief of the French Settlement at Tellicherry, Brigadier Resident of Travancore, the Courts & Local Officers, and also Resident Merchants &c. amounted to 3501.—

It is not believed the Collector of Malabar is liable to greater calls on his hospitality than other Collectors.—

No. 1.

14248. Fort St. George

6th August 1856.

Designation of office and present Salary	Alterations which have taken place within the last 25 years in the salary allowed.	Duties to be performed.
Sub Collector and Joint Magistrate of Malabar at Rs 1166-10-8 per mensem.	No alteration has taken place within the last 25 years that I am aware of.	As Sub Collector The Collection of the land Abkaree and small farm Revenue in five Talooks The trial of Suits for arrears of Rent &c &c The superintendence of five Talook Treasuries. The Settlement of all Revenue disputes of every kind the amount of work under this head alone, comprised in the year 1855. Petition received — 1,337 Orders passed — 1630 The area of this Sub Collectorate is about 1282 Square Miles. Revenue — 649042 Population — 450000 Treasury Receipt — 580,000 The management is Ryotwaree and the Revenue is collected from 37,500 — cultivators. The superintendence of all the Marahmat in the Sub Division. The Settlement of the value of land required by the Madras Railway 53 Miles of which are situated in the Sub Division and of all the disputes which are continually arising about the same. As Joint Magistrate All the Magisterial duty of the Sub Division. The Superintendence of all the Police in the Sub Division. The number of Police cases personally investigated by the Joint Magistrate during the year 1855 amounted to 104 and of appeal cases from the decisions of the Talook Heads of Police to 66. The number of Magisterial Petitions received in 1855 was 743 and the number of orders passed 1705. The Superintendence of the Pulghaut Jail which contains on an average more than 100 Prisoners.

Special circumstances which were considered or ought to be considered in fixing the salary.—

In fixing the salary of this Office the vast labor attending Ryotwaree management was specially considered. The expence of living in consequence of the distance from Madras is heavy and the wages of servants are higher than in the other Districts in the South of India. Being the only Civilian in the Military station of Palghaut, the Sub Collector is necessarily expected and obliged to entertain. The language is totally different from that of any other District in the Madras Presidency and must be acquired in order to ensure an efficient discharge of the duties of a Revenue and Magisterial Officer. During the six months in which Malabar is subject to continual and heavy rain travelling is both extremely unpleasant and expensive. The peculiar character of the Moplah population calls for great circumspection on the part of the District Officers, a fact fully proved by the many fanatical disturbances which have of late years agitated this District, as well as by the murder of the late Collector some six months ago, and I may add, that so far are appointments in this District from being coveted, that I shall be very much mistaken if a single application for the Sub Collectorate of Malabar is received by Government, whenever the appointment becomes permanently vacant.—

Order thereon

213-214

215

B.d N.o 2962.

From the Collector of South Arcot

Stating with reference to Extract from the Proceedings of the Board dated 12.th Instant N.o 2164. that he is of opinion that the Dittum System may with great advantage be abolished.—

Fort St.e George 6.th August 1856.

Ordered to lie over.
N.o 155.

To

G. J. Forbes Esq.re
Secretary to the Board of Revenue
Fort St.e George.

Sir,

1. Referring to Extract from the Proceedings of the Board of Revenue dated 12.th Instant N.o 2164. and to Para 2 of Extract from the Minutes of Consultation under date 11.th March last N.o 285. in review of the Report on the Revenues of the Madras Presidency for Fusly 1263/A. D. 1853/54/ I have the honor to state that I am of opinion that the Dittum system may with great advantage be abolished. It was suspended in this District last Fusly 1265 and much good has already resulted from its discontinuance.—

2. All that seems necessary now to be done is to establish the Fundamental Rule that no land which has once been entered in a Ryot's Puttah can be struck out of it except at his own written request, and that new lands can only be added upon application being made for them, the ryot being held responsible for the assessment

14250

Fort St.e George 6.th August 1856.—

assessment of all land in his possession whether he cultivates it or not.—

3. As far as this District is concerned, it appears to me that applications for land to be included in a puttah or to form one, should be presented between the 1.st February and 31.st August and that resignations of land should not be admitted for the Fusly in which they are given, after the 31.st July for Poongy and 30.th September for Kunjy.—

4. These applications and resignations should I think be made in writing and presented in person either to the European Officer in charge of the Talook or else to the Tahsildar, but not to his subordinates.—

5. If the assessment fixed on the land is moderate, this system will lead to the formation of estates and will be the means of giving the people a stronger interest in improving their lands and in adopting appliances to render the culture of them as certain and profitable as they possibly can.—

6. I have already had occasion to

14251 Fort St. George 6th August 1856.

to address the Board on the subject of the allotment of the waste land of this District, so that I need not say anything further on that point now.

7. The rules given in my letter of the 16th April 1856 have been found to answer very well as regards unoccupied lands, which have been extensively taken up. In the event of ryots relinquishing land which, from circumstances they find themselves unable to cultivate, it should be immediately struck out of their Puttahs and except in peculiar cases, given to other ryots, if there are any willing to occupy it, at the same time there should be no prohibition I think against the party who gave up the land receiving it back again if he applies in the prescribed way.—

B. No. 2957.

From the collector of Chingleput

Sir,

The quantity of Salt set apart at Covelong for export to Calcutta on Account of Private Trade having been nearly disposed of, and applications being received every day for further supplies on the above account, I have the honor to inform you, that I propose issuing orders for meeting the increased demand from the quantity stored for Government Indent, which is stated to have been completed, and hope that the arrangement will meet with the Board's approval.

B. N. 2991.

From Messrs. Gahan Eaton and Co. Madras

Sir,

We have the honor to acknowledge receipt of your letter N. 2465 of yesterdays' date and take note, the Board have directed the Collector of Chingleput to inform the authorities at Chittagong to hold the said Freight of the "Fortune" at our disposal for which we are obliged —

Should the Vessel have left Covelong previous to the Collectors receipt of the Boards' letter on the subject, we trust he will address the authorities at Chittagong via Calcutta by the Steamer expected on the 10th Instant —

We beg you will be good enough to give us the address of the authorities at

Fort St. George, 6th August 1856

at Chittagong by whom the Freight is payable so as we may advise them whom to pay the Freight to—

Madras
6th August 1856
/ Signed / Graham Eaton & Co

B° N° 2479.

Order thereon— Ordered to be communicated to the Collector of Chingleput who will, if the "Fortescue" sailed from Cuddalore before his receipt of the Board's letter of yesterday's date, address the agent at Chittagong via Calcutta—

224-225

2. The Collector will also report to whom it is usual to consign the Cargoes of Indent Salt shipped for Chittagong

---

Ordered also that the following letter be sent.

To

Messrs Graham Eaton and Co
Madras

224-226

B. N° 2480. Gentlemen,

To Messrs Graham Eaton and Co Madras
Informs 16 Augt 56.

With reference to your letter of this days date I am directed by the Board of Revenue to point out that you appear to have Mistaken the tenor of their instructions to the Collector of Chingleput regarding the communication he should address

Fort St. George, 6th August 1856

address to the said Agent at Chittagong.

2. The Collector was simply instructed to inform the agent of your wishes and not, as you seem to have understood, to direct him to hold the freight at your disposal a communication of the same tenor will be forwarded as you wish viâ Calcutta—

To
G. S. Forbes Esquire
Secretary to the
Board of Revenue
Fort St. George.

Sir,

In acknowledging the receipt of Circular
No. 2015 I have the honor to state for the information of
the Board, that I do not think the provisions of act
XXII of 1855 applicable to such Ports as those of this
District, but as he XXII declares that no Port Dues
can be levied after the 13th of August except under
this act, I suppose the Ports of Canara must be en-
made subject to it.—

2 How the Boundaries or limits of these
Ports are to be laid down. I do not know, and if this
must be done before the act can be brought into en-
operation, it will be difficult to meet its require-
ments — If these bounds must be clearly laid down
Surveys will be necessary.—

3 On this subject I have addressed the
Marine Board when replying to their Circular e-
dated 1st February last and naming those points
on which I thought Port rules desirable.—

4 Hitherto there has been no conser-
=vancy establishment in this District, or Portrules
of any kind been enforced, except in the matters
of discharging ballast and registering cargo boats
at Mangalore.—

5 With the exception of this Port at which
some have been going on lately your Bunders are en-
wanting in every thing that nature has not supplied
them

with - The regular lands and sea breezes allow of ready ingress and egress every day. Country vessels can only at all with a fair wind and therefore all danger of collisions is avoided - Once in these Backwaters there is generally abundance of room for a much larger number of Country Craft than are ever found in them at one time and I never remember to have received a single complaint arising from the crowded state of these harbours or the negligence and mismanagement of the Lascars. —

When accidents do occur they are I believe immediately settled by arbitration but they are rare.

A few Port rules would of course be desirable every where and would tend to the prevention of obstruction and the safety and convenience of those using the Ports but the act does not from its provisions appear to me to have been intended for the creeks &c., which form our harbour or for the Budgerows & Pattamars that frequent them. —

Tenders may perhaps be considered an exception to the general rule as it will soon probably be visited by vessels from Europe and offers facilities for improvement which the others do not and I have already availed myself of Lieutenant Taylor's I. N. Services he being on the spot in order to have limits laid down as required by section IX of the Act. —

Bd. No. 2803

From the Collector of Chingleput

Sir,

I have the honor to report on the accompanying Petitions No. 3587 of 1855 and 5-84 and 1708 of 1856 bearing the Boards Endorsement dated the 3rd January, 27th February and 4th July respectively.—

2 The Petitioners, the Meerassedar of the Zemindary of Caringal in the Nayer Talook over that the prescriptive right to the shells in Cochranes Canal in the limits of their Village is primarily vested in Government under Section 4 Regulation 25 of 1802, and next in themselves as the proprietors of the soil; and that the claim preferred to the same by the Zemindaries altogether fictitious. They further advert to the order of Mr. Freese in 1837 in support of their statement and solicit its enforcement. In preference to this order, it may be observed that it was issued under the impression that the shells in the Canal as well as on the

waste

14287/91 Fort St. George 7th August 1856

waste lands on its borders belonged to Govern=ment neither the Zemindar nor the Meerasdars having a right to them. but Mr. Smale before whom the question came in 1854 would appear to have taken a different view of the case and allowed the whole right to the Zemindar and his order has been confirmed in a decree of the District Moonsiff of Tripassore in a suit between the Meerassidars and the Zemindar.

To G. S. Forbes Esqr Secretary to the Board of Revenue Fort St. George

288

B. P. 3006

From the Collector of Vizagapatam

Sir,

I have the honor to ack=nowledge the receipt of your Circular letter under date the 3d July relative to the Ports in this District to which the Provi=sions of Act XXII of 1855 should be applied.

Submits that in his opinion it is inexpedi=ent to apply the provisions of Act XXII of 1855 to the open Roads steads in the Coast of this District and forwards Captain Hoppens letter on the subject.

2 In this District the only Ports at which shipments are made are Vizagapatam, Bimlipatam. Conada, Coo=de merka and Pentacolla. To enforce the Provisions of this Act it would be necessary that some responsible Officer should be stationed at each. There is one Master Attendant only in this District and his duties are confined to the Port of Vizagapatam and Bimlipatam. His residence is at Vizagapatam and he is required to visit Bimlipatam once in each month. It is obvious that the Provisions of this act and the rules to be devised for carrying them out cannot be perform=ed with such means. a Native Ta==nadar is not capable of enforcing attention

attention to the Rules.

3 I am of opinion therefore that the Provisions of the Act are not capable of being enforced in this District with exist=ing Establishments except at Vizagapatam and I am further of opinion that the act itself is of no importance and is inapplicable to large open Road steads, not much fre=quented with shipping and at which not more than four or five Vessels are rarely at anchorage at one time.-

4 Captain Meppen however con=siders the Provisions of the Act applicable to all the Ports in this Dis and has framed rules for that purpo I send his letter for consideration I do not concur in his views Captain Meppen has furnish=ed me with a memo. of the sa he would expend for establish=ments and Harbour Masters The amount is seventeen hun=dred Rupees which would not be sanctioned in these retrench=ing times.-

5 A Statement is submitted shewing the Collections of Tonnage Duties. Fees and charges in the Marine Department with the costs of their collections the expenses exceed the dues nearly 2,800 Rupees a year.-

6 With these results I fear that any application for increased Establishments for carrying out the Provisions of the act under notice would meet but small success=o nevertheless, I beg to frame a State=ment shewing the smallest possible expenditure that could be hoped to answer.-

7 There are at present positively no Officers in charge of the Ports of Poodemerka and Pentacottah. It was proposed eighteen months ago by my pre=decessor to appoint an Establish=ment, but the project was negatived.

8 In conclusion, I must again state that in my opinion it is inexpedient to apply the Provisions of this enactment to

Fort St. George 7th August 1856

to the open roadsteads in the coast of this District.-

Vizagapatam Collectors Office 25th July 1856

(Signed) P. B. Smollett
Collector

Encl. No. 1

No. 123

To P. B. Smollett Esqre
Collector of Vizagapatam

Sir,

I have the honor to acknowledge receipt of your letter No. 230 of the 8th Instant in reply thereto beg to state that the Act should be put in force in this Port and in the Ports of this district all the provisions may apply to Vessels anchoring in Navigable Rivers still it is applicable to Vessels anchoring in an open Roadstead and for the want of a proper Rule. I have at times been put to a great deal of trouble and annoyance having no criterion whatever to go by. I therefore beg after this explanation you will recommend the Act to be put

× XXII of 1856

Fort St. George 7th August 1856

in force.-

I beg to forward Form of Port Rules and Regulations which I trust will meet your approval.-

Vizagapatam Master Attendants Office 14th July 1856

Encl. No. 2.

Rules and Regulations for the Ports of Vizagapatam & Bimlipatam

1st. Commanders of Vessels are requested to fill up and despatch the report sent for that purpose with as little delay as possible, until which no Boats will be allowed.-

2d. Commanders of Ships & Vessels arriving in the Roads are required to sent on shore, all Letters and Post Office Packets by the first Boat that may come on shore.-

3d. Commanders of all Ships and Vessels are required to report themselves on landing at the Master

Attendants

Attendants Office and to bring with them the Ships Register & License with two Lists of the officers, Ship Company or crew and Passengers, and all others on Board who may not form part of the Ships Company or crew and no Merchant Ship or Vessel will be admitted to entry at the Custom House without a certificate from the Master Attendant, that the provisions of the Article have been complied with.

4 All Commanders of Merchant Ships & Vessels, and Masters of all Country & Coasting Vessels Dhonies &c. and all other persons concerned are also required to deliver two Lists of all persons on Board at the departure of the Ship or Vessel and the said Lists are to show the Casualties which have occurred by death, discharge or new shipment while the said Vessel remains in Port and also the names of all those who shall be otherwise

otherwise missing. The Port clearance will not be countersigned by the Master Attendant unless it be accompanied by the departing List prepared in the manner required by this article.

5 All Ships or Vessels other than those commonly known as Dhonies or native Vessels are directed to anchor within the following bearing Entrance of the River Opening The Mosque on the Hill from W. 1/2 N to W.b N. 1/2 N. Flag Staff on the Dolphins nose from S.W. to S.W.b W. in one with the Castle or from 7 to 9 1/2 fathoms which is the limited range of sounding throughout. All Ships and Vessels should take up such a berth as will enable them to wear clear of all danger, in the event of Casting in shore when they weigh or part from their anchors, especially as the swell so prevalent here tends against all precaution to cast a Vessel in shore any Ship or Vessel anchoring without these limits or in more than 9 1/2 fathoms

fathoms will be liable to extra boat hire..

6 Commanders of all Ships & Vessels coming to Anchor in these Roads are advised to attach a Buoy to their Anchor whereby giving foul berth may be avoided and the position of lost anchors will be indicated..

7 No Guns are to be fired either by day or by night except for established salutes and signals without leave previously obtained from the Master Attendant..

8 Commanding Officers are informed that all signals made by Marryatts' Code will be answered at the Master Attendants Flag staff and the purport communicated to the agents or Commander if necessary. When Boats are required, hoist the numeral Pendant over the number wanted

9 A white Pendant with a Red Ball for all Boats to repair immediately on shore whether loaded

loaded or unloaded any forcible detention of Boats after this signal is displayed will incur the Penalty of 50 Rupees..

10 You are most particularly directed not to allow any private Trade or Packages whatever to be sent on shore in the same Boat with the Queens or Companys' Cargo or deliver over, either unless to persons duly authorized to receive them..

11 You are particularly desired not to detain the Boats especially those coming for Cargo. and should the Commanding officer detain any Boat more than one hour, double Boat hire will be charged or if he neglects to fill and sign the Boat Note sent with every Boat, no Boats will be supplied.

12 No Boats are to remain along side after 6 P. M. and the Commander or Officer of any Ship or Vessel forcibly detaining Boats after that Hour will be liable on proof before a Magistrate to

a

a fine of 20 Rupees.

13 The Boat men are not to be employed on Board Ship or Vessels or in any occupation whatever except in the loading & unloading and working of their Boats and if any attempt is made to force them on Board or compel them to receive more Passengers or Cargo than the quantity allowed such conduct will be held as a breach of the Port Regulations and incur a Penalty of 50 Rupees.

14 In the event of any irregular practices amongst the crew of Boats or Catamarans especially if such persons or others are detected convey-ing Spirits alongside any Ship or Vessel committing theft the Command-ing Officers are requested to note down the number of such Boat or Catamaran and report the circumstance in writing to the Master Attendant.

15 Commanders of Vessels are particularly requested to enjoin

enjoin the necessity of their Officers abstaining, from beating or illusing Boat men and Natives of every caste, all well grounded causes of Complaint will be promptly enquired into and suitable redress shall always be afforded.

16 If you want any Assistance, Batta Lascars will be supplied on your written application to the Master attendant and the Boats crew are strictly prohibited from going on Board any Ship or Vessel.

17 No Ballast to be thrown over Board in less than 14 fathoms Water / Sand only excepted / without permission from the Master Attend-ant the penalty for any Infringment of this Rule is 200 Rupees, but every fa-cility will be afforded by the Master Attendant to land single Ballast.

18 As many daring robberies have been committed by the Boat men with great cunning and dexterity Commanders Officers, and all persons having valuable property contained in any

any Package - Whether Baggage or otherwise are requested to keep the most vigilant guard over the same when conveying it to, or from the shore.-

19 Commanders & Officers are hereby warned againstan incautious use of Fires & Lights and they will be held responsible if any accident should occur through negligence in the use thereof, especially when Breaching or drawing off Spirits which should never be attempted even with a Light in a Lanthern.-

20. Commanders of Vessels are hereby acquainted that all communication with the shore in Ship Boats or other Boats other than Licensed Masula Boats of this Port is strictly prohibited.-

21 Commanders of all Ships and Vessels and all Country Dhonies &c. are required to have the draft of Water marked on the stern and stern Port of their respective Ships and in default will be liable to a Penalty of 15 Rupees.-

22 Commanders or any other

persons in charge of a Vessel are prohibited from Moving their Vessels from the Road stead into the River without a Pilot or without the orders of the Master Attendant.—

23 Commander or Officer of ships or Vessels are to permit Warps to be made fast to their Vessels for the purpose of Warping in any other Vessels into Port and shall not allow any such Warp to be let go until required to do so, any Master or Officer Offending against this Rule will be liable to a penalty.—

24 Commanders of Vessels or ships are strictly prohibited from having any Warp or Hawser attached to their Vessels left out after sunset in such a Manner as to endanger the safety of any ship or Vessels entering the Port and will be liable to a penalty.—

25 Commanders of Vessels are strictly prohibited from allowing Pitch, Dammer, or Rosin to be boiled on Board.—

Fort Saint George 1st August 1836

No. 117.

To

G. S. Forbes Esquire
Secretary to the Board of Revenue
Fort Saint George

290

P.D. No. 2897

From the Collector of Trichinopoly

Reporting upon the transfer of Villages from one Talook to another and soliciting the boundaries as directed in Extract of the Bd. of the 26th May 1836 No. 1591

Para 1 Knowledge

Sir

I do myself the honor to acknowledge Extract from the Proceedings of your Board No. 1591 dated the 26th May 1836, forwarding me the orders of Government under date the 20th May of the same year No. 511, in reference to rectifying the boundaries of the several Talooks of this District by the transfer of Villages from one Talook to another.

2. I have given the subject my best attention, and after consulting with the several Tahsildars of the Province and the most intelligent and conversant servants of my own Office, I have been enabled to decide what transfers of Villages should be made in view to carrying out the intentions of Government.

3. In coming to my decision I have kept in mind all the directions of Government as conveyed in Extract from Minutes of Consultation Public works Department of

of the 27th March 1830 No. 133, and also the wishes now expressed in the Minutes of Consultation under reply-

4- The more readily and easily to convey to your Board the several alterations and transfers that appear to me to be necessary and called for, I beg to submit herewith a Statement, which will at once exhibit all that is required. And point out taloak wise what villages are to be transferred from one taloak to another. The number of Villages taken from one jurisdiction, and added to another. The Revenue of each division affected thereby and lastly the distances of each village from its former Cusbah station, and that now given to it when brought within the limits of the new taloak.—

5 Before giving a brief explanation of the results of the Changes of villages, I must state that I have carefully gone over the Map and examined each village position relative to its new Cusbah, and ascertained the accuracy as well as direct line of the taloak boundaries now

now proposed.

6 By my projected arrangements both the Taloaks of Tarriore and Woodiarpolliam will be considerably reduced and more compact and handy for their respective Tahsildars.

7- The first Taloak on my Statement is Tarriore. This taloak Comprises 153 villages with a Revenue of Rupees 204,115- I propose to transfer to Paulgoody 15 Villages on the South east boundary - To Valcondapooram 8 Villages on the east boundary as far as Pandaloor - To Moosery 7 Villages on the Western Corner from Appanellore to Codumthoray - making in all 30 Villages taken and bearing a Revenue of Rupees 12,392-

8- To Compact the boundary it will be necessary to add 6 Villages which interlace with Tarriore, and these are, from Moosery one, and from Paulgoody five, with a Revenue of Rupees 7,338-

9- The Tarriore taloak will be reduced by 24 Villages, and will consist of 129 Villages with a revenue of 169,091 Rupees-

Moosery

Fort Saint George 7th August 1830.

10- Moosery Talook is the next- Inclusive of the Moottah it has 58 Villages with a revenue of 125,635 Rupees- I propose to transfer to Tarriore one Village, and to receive from Tarriore Seven, and from Paulgoody one Village. The Talook will thus be increased by seven villages with a revenue of Rupees 13,866- Making the total Talook 65 Villages with an assessment of 139,521 Rupees-

11- Paulgoody is the third talook on the Statement- To rectify its boundaries I propose to transfer to Moosery one, Tarriore five, and to Arrealore seven Villages- While as shewn above fifteen Villages will come from Tarriore into the Paulgoody Talook-

12- The changes in this division will cause an addition of two Villages. Heretofore the Talook comprised 234 Villages with a revenue of 239,061 Rupees- It will now consist of 236 Villages with a collection of 264,187 Rupees-

13- Volcondapooram is the next on the

14307

Fort Saint George 7th August 1830.

list- It is purposed to transfer thirteen of its villages to Arrealore and to receive in lieu eight from Tarriore, and eleven from Arrealore- Thus increasing the Talook by six Villages and Rupees 5,471-

14- Volcondapooram held 126 Villages with a Revenue of Rupees 120,307- It will now be 132 Villages, and the demand Rs 131,778-

15- Arrealore is the fifth in the Statement- This Talook comprises 198 Villages and a revenue of Rupees 109,822- I propose to transfer eleven Villages to Volcondapooram as shewn above, and three to Wodiarpollium- While the Talook is to receive forty three from Wodiarpollium, Seven Villages from Paulgoody and thirteen from Volcondapooram-

16- The Talook will thus be increased by 49 Villages and Rupees 24,356, and will comprise 247 Villages with a demand of Rupees 134,178-

17- Wodiarpollium is the next, and from this forty three villages are to go to Arrealore- while three are to be received from that

14307

Fort Saint Georg 7th August 1856.

that Talook. Wodiarpolliem will thus be reduced from 268 Villages to 228. and a revenue from Rupees 106,196 to Rupees 92,731-

18- Vittoocuttly is the last talook on the list, and contains 65 Villages assessed at Rupees 14,009. I propose to replace the Villages, nine in number, that run up into a Corner due east and close to Trichinopoly, under the Command Tahsildar's and this will complete the boundary of both Vittoocuttly and Coonum-

These villages being Enam ones, the Revenue of neither Talook will be affected or disturbed-

19- The foregoing are the only suggestions I can offer for rectifying the boundaries of the old Talooks of this Province- and I trust your Board will be able to submit my proposal for the favorable consideration of Government- The whole changes can be with ease verified by your Board obtaining one of the recent Lithographed Maps of Trichinopoly from the Chief

6 B

4 in 3

14307

Fort St George 7th August 1856-

Chief Engineer, on which almost every Village I have named may be traced-

20- I have not made any mention of the Villages bordering on the Southern Talooks of South Arcot for the reason that, the Collector of that province has taken exception to my proposal of a boundary and transfer of Villages, and suggested an arrangement somewhat different to mine, and which must take time to be considered and adjusted-

21 Adverting to the arguments of Government in the second para of their Minutes under date the 20th May 1856, I am ready to be guided by whatever orders the Right Honorable the Governor may be pleased to issue- Though I have already ventured to express my sentiments of the difficulties and inconveniences likely to accrue from an immediate change, but which the Government consider overestimated, and not likely to operate in practice-

Statement

11314 Fort Saint George 7th August 1856.

Statement Containing the information called for in the Circular from Henry Ricketts Esqr Dated 28th March 1856 No 1

Designation of office and present Salary	Alterations which have taken place within the last 25 years in the Salary allowed	Duties to be performed	Special circumstances which were considered or ought to be considered in fixing the Salary
1 Collector Salary Rs 2333-5-4 per Month Rs 28000 per annum	In 1832. the Salary of the Provincial Collector of Coimbatore amounted to Rs 2537-8 per Month or Rs 30450 per annum, exclusive of Commission which was paid at one per Cent on the Extra Sources of Revenue, and which varied every month with reference to the Collections. In 1836 a Consolidated Salary was Sanctioned by Government amounting to 36,000 Rupees per annum for each Principal Collector. Vide Boards Circular order of 5th May 1836. This scale was however intended to be introduced as vacancies occur. but in cases of previous incumbents, it was determined that the Commission on Extra Sources of Revenue should be abolished, and that a fixed allowance equal to the average amount of Commission which they may have drawn during the preceding 3 years should be added to the Salary of Rupees 2537-8-. On this principal the Salary of Mr Drury who was principal Collector of this District in 1836 was calculated at 3019-14-7 per mensem, which sum he was drawing until his transfer from the District in 1841. In the case of his	1 The annual Jamabundy Settlement of Land and Extra Sources of Revenue 2 The Collection of the Land Stamp Abkary and Extra Sources of Revenue as well as the Quit Rent from the European land holders on the Neilgherry Hills, which latter tho small in amount, in proportion to the other Sources of Revenue entails much English Correspondence. 3 The Superintendency of the Treasuries both in the Sudder Station, and in the Talooks. 4 A Joint Superintendency with the Engineers of all Maramat works. 5 The Superintendency of the Police Department. These are the Chief items of the duties of the Collector, but when entering into their Minute details, they will be found more arduous and responsible The area of the Coimbatore District is square Miles 8417. The Revenue of the District including Land and Extra Sources of Revenue for Fusly 1264 Rupees — 24,33,876-6-9- The Treasury receipts of all Kinds for the calender year 1855. 30,53,598-13-1. The Population of the District 1178,658.	In fixing the salaries of the Collectors it does not appear that the special and peculiar circumstances of each District were taken into much consideration, was much as a uniform rate of 2333-5-4 per Month is fixed for each Collector without reference to the peculiar position of the District, in which he is Employed. and that duties and responsibilities of the Collector. The climate of Coimbatore is healthy in the Southern part of the District but Collegal, Mofsanore, Talavalay Dewackencottah and other places which form the Northernport and to which the Collector has to proceed on Public affairs, are very unhealthy. up to 1843 the Neilgherry Hills formed a portion of the Malabar District but they were retransferred to Coimbatore in 1843 since then peculiar responsibilities are attached to the Collector. Disputes among Europeans for Land and water are constant all requiring careful and immediate attention and disposal. Applications for money and Lands from the Hills are numerous and require searching scrutiny. The Supervision of the Accounts of the Anamalay Teak Forests adds to the responsibility of the Collector. Coimbatore is a large and important District as compared with the neighbouring Districts, and the duties of the Collr are

14315

Fort St George

7th August 1856

Designation of office and present Salary	Alterations which have taken place within the last 25 years in the Salary allowed.	Duties to be performed	special circumstances which were considered or ought to be considered in fixing the Salary
1 Sub Collector Salary Rs. 1166-10-8 per Mensem or Rs. 14000 per annum	No alteration has taken place during the last 25 years.	1 The annual Jamabundy settlement of the four Taloks comprizing his Division. 1 The Collection of Land and Casetra Sources of Revenue. No. of Urzees received in 1855 — 4641 No. of Petitions received in Do — 4731 No. of orders passed in Do — 4400 No. of Letters sent in Do — 181	The climate of the four Taloks is healthy, and expences of living moderate. The Sub Collector is expected to pass much of his time in Camp he finds his own Camp equipage and receives an Extra Tent allowance at 5 1/4 Rupees per diem which is drawn for accommodating the Cutchery Servants.

Alterations which have taken place within the last 25 years in the Salary allowed.

Wraughton the scale of 36,000 Rs per annum or 3000 Rs per Mensem Sanctioned by Government as stated above, was made applicable, at which rate he drew his Salary up to 1857 and after him, the term "Principal" was abolished and the appointment styed "Collector" the Salary allowed to this rank is Rs 2333- 5-4 per Month or Rs 28000 - - per annum, which amount the present incumbent is drawing from 1857, the year of his appointment as Collector of Coimbatore - Thus it will be seen that during the Course of 25 years the Salary of the Collector has undergone three different changes, and that the present Scale is 22 per Cent less than what it was before the the duties and responsibilities of the Collector have of late increased to a very large extent -

Duties to be performed

The Management is Ryotwar and the Revenue is collected for 2 1/4 Laes of cultivators -

The number of Urzees received from the Thasildar and other Functionaries in 1855 is — 6941

Takeeds or orders passed in 1855 — 14506

Petitions received in 1855 — 4163

English letters sent from Collectors Office in 1855 — 2279

Some of 20, 30, 50 Paragraphs

besides various periodical and special Returns with Enclosure of letters

In the Treasury Department the responsibility of the Collector is under

The disbursements are large - two remittances are sent monthly to Nealgherry Hills - one on the 1st of each month and the other on the 15th the average amount in both being Rs. 85000 These remittances are not confined to any particular Department or Functionary, but intended different Persons of different grades from the 3 Presidencies on account of their Salary and allowances and for Drafts drawn on his Treasury by the Military Paymaster Sub Treasurer, and Collectors of other District. All vouchers connected with these disbursements are to be scrutinized and checked in the Collectors Office -

The supervision of the accounts connected with the disbursements for the working of Annamalay Teak Forests is also attached to the Collector

Fort Saint George

7th August 1856

4th August 1856

Designation of office and present Salary -	Alterations which took place within the last 25 years in the Salary allowed -	Duties to be performed
1 Head asistant Collector Salary Rs 558-5-4 per mensem, or Rs 6700 per annum with an additional allowance of Rs 175 per mensem -	In 1832 the Salary of the Head asistant Collector amounted to 350 Rs per mensem exclusive of Commission which was paid at half per Cent on the Extra Sources of Revenue - In 1836 the Commission was abolished and a consolidated Salary amounting to Rs 558-5-4 per mensem Sanctioned which Continues unchanged - The additional allowance is a personal grant for peculiar qualifications -	The Head asistant Collector has the ch. charge of two Taloks; and makes the Summabundy Settlement thereof Subject to the control and supervision of the Collector -

BR No 3004
From the Collector
of Trichinopoly

Sir,

Para 1. I have the honor to acknowledge the receipt of the Board's Circular No 3204 with Extract from Proceedings dated the 15th Ultimo, giving Cover to Copy of Extract Minutes of Consultation of date the 3d Idem No 685.

2. I am required by these orders I submit my report on the result of the attempt here made to introduce the new forms of Village accounts to be written on paper during the past Fusly of 1265.

3 On the receipt of the order of Government for the introduction of the new System, I directed the change to be notified throughout the Provence and although the entire change in its full integrity down to writing on paper could not for many reasons be at once accomplished - I succeeded in introducing the new forms, and accounts of

of all the Villages were prepared on Cadjan according to the new formula

4 But to get the accounts written on paper was most difficult, and I was only enabled to have those of Sixty eight Villages so written, in the proportions for the Several Talooks as here indicated marginally-

Conaud	5
Vellowcully	16
Moosery	5
Caulgoody	10
Sorrore	9
Modiarpilliam	5
Arrialore	5
Volcondapoo	13

5 By fresh and reiterated orders at the commencement of the present Fusly year, I have apprized all the Curnums that, no Excuse will be now taken, and they must write the Current accounts on paper either themselves or by the assistance of their relatives as laid down in the third para of the Curnums Manual book-

6 My best attention will be directed to the instructions of Government at the close of Para 2nd in para 3 of the Minutes, not to allow Extra

Extra Goomastahs in the Current Fusly-

7 The expenditure on account of paper for the new Village accounts will be in some measure met here by the Cutlay levy already reported on to the Board-

329

B. of No. 2042

From the Collector of Madura

Sir,

I have the honor to reply to the Extract from the Proceedings of the Board of Revenue dated the 29th October 1853 relative to the Tree tax.—

2. As regards Old Topes paying tree tax I cannot express my opinion that they should be assessed with the land tax only more strongly than I have already done in my letter of the 13th March 1854.—I there observed "that as measures "would effect their preservation in the face of "the great favor shewn to new Topes short of "entire abandonment of the tax on trees "and substitution of the tax on the land."

3. From the enclosed Statement it will be seen that the loss of Revenue by the measure may be calculated at 5330 Rs.—

Topes

4. Topes now rented out are shewn by the Statement to yield a Revenue of 2345 Rs. For some of these, owners can be found, and will doubtless take care of the Topes if surrendered to them on the land tax. If the others were made over to the Villagers in Common I should fear that they would in general be neglected. I would therefore suggest that Collectors should be allowed to use their discretion on this point. From the change in regard to rented Topes the probable loss may be put down at 1000 Rupees.—

5. The 4 Topes rented for 15 years exhibited in the Statement were mentioned in my letter of the 6th June 1855. The Original planter is supposed to have been the Nuttum Zemindar, long since deceased without heirs and his estate assumed. These Rents must necessarily remain.—

6. As regards scattered trees

Trees growing on Enam land and on Puttah land paying assessment are already freely the rules of the Madura District. For want of sufficient information, and of Complaint however some in both descriptions of land have been brought to the Government account

Trees

Trees in Back Yards have hitherto paid except those belonging to Bramins. These exemptions which I have ordered in the present Fusly will cost the Revenue 867.-

From Board to Government dated 2d April 1850 Para 12.

7. The Board are mistaken in supposing that Palmyras abound in Madura. On the contrary they are rare and a large proportion of what exist are situated in the Shevagungah Zemindary It is almost impossible to obtain Palmyra rafters for building except occasionally from imports by sea. The total number of scattered Palmyras in the Ayan Talook Es liable to tree tax is 2,829. and the Revenue derived therefrom according to the present † Rates 225 Rupees. Besides these there are some Palmyra Topes paying on each tree which are included in the recommendation contained in the 2d Para.-

Note Palmyras abound in Tinnevelly

† Cully Fanams
1 — 2/10
1/2 1/10
1/4 3/4
2/4
10 10

8. I would strongly deprecate the exemption of scattered Palmyras from taxation. The new Tope Rules afford ample encouragement to Individuals to plant tracts of Country with these trees, but total exemptions would operate as an inducement to place trees here and there, and thus present an impediment to the occupation of the land for Cultivation. Some of the Palmyra rates in this District are

are however much too high. All above 5 Pice I would reduce to that rate which I would propose for all scattered Palmyras planted in future. The present loss of Revenue will be 88 Rupees.-

9. In my letter of the 13th March 1854. I pointed out the great inconsequence likely to arise from encouragement to plant scattered trees in Government waste. If in any part of the Country there are large tracts which are otherwise likely to remain for a long period utterly useless and bare, I would suggest the expediency of Government plantations, or of holding out an inducement to private persons by large grants on a quit rent. In the case of all other Government waste I would allow no one to plant without an engagement under the new Tope Rules.-

10 For the same reason of avoiding creation of an impediment to occupation for Culture, I think it objectionable to give a permanent Puttah for a tree in

land

Fort St. George 8th August 1850.

land fit for Cultivation and it seems to me that the yearly Puttah should contain a stipulation that if any one should wish to take the field the Puttadar must either engage for it himself or give up his tree at the termination of the Fasly. The new occupant would get a tree gratis but his Crops would suffer from its shade. At present no permanent Puttahs for trees are given in this District. I think it would be well to adopt this for scattered trees on Perumpokke.-

11. I submit the Statement called for by the Board's Proceedings of the 29th October last shewing the scattered trees of the 5 kinds noted in the Margin situated in unoccupied land in this District.

* Tamarind
Mango
Jack
Eloopay
Cocoanut.

If taxation be confined to these the loss of revenue will be 306 Rupees after deducting remissions already given for trees in Enams Backyards and occupied lands. I have already proposed however that

Fort St. George 8th August 1850.

that Palmyras should be added to the trees remaining taxed, and I would strongly recommend that no property should be allowed to exist in any other than the 6 Kinds of trees hereafter planted in unoccupied land - otherwise people will be able to confer Enams on themselves by simply planting common trees. It is very doubtful to my mind whether it is not expedient that all the trees now existing which may be relieved of taxation and are not situated in tax paying land Backyards or Enams should be considered Common property: but the Courts might not recognize the right of Government to deprive a man of his tree by taking off its assessment.-

12. I have already noticed that the Trichinopoly rates are in some instances higher than those now in force in Madura. From the statement it will be seen that the adoption of the former would raise the Revenue from 9257 to 10,628.-

To,
G: S: Forbes Esqre
Secretary to the
Board of Revenue.
Fort St. George.

331

B. No. 2272. Sir,

From the Collector of Shingleput—

Proposing alterations in the Kistbundy of the District—

I have the honor to forward herewith for the consideration of the Board the following papers which have formed the subject of much correspondence with the Board as will be seen from the papers marginally noted and which I have myself stated that in reality it only appeared in the Collectors' Books the revenue being in practice collected on the Crops as they were thrashed and reaped—

* 1st Letter from the Board dated 10th December 1853
1 Do. to Do. 22d February 1854
1 Do. from Do. 12th October —"—
1 Do. to Do. 8th November "—
1 Do. from Do. 15th January 1855.
1 Do. to Do. 15th October —"—

2- The present system of attaching the land for failure of Revenue at any period of the year however requires that the Kistbundy should be more attended to than it has been and the Collections should be made according to the periods laid down in it or in default on the Ryots part, that the land should be then and there attached. The periods of the Kistbundy as at present and as they were proposed

proposed for the future were the subject of Mr. Cochranes letter of the 22d February 1855 No 56- The periods when the Crops are sown and come to maturity were therein clearly described, and it will be seen that 55 per Cent of the entire Cultivation is stated to be reaped in the months of February, March and April leaving the remaining 45 per Cent divided over the remaining months of the year-

3. It will be seen from the Tables which accompanied Mr. Cochranes letter that the Kistbundy begins in November and ends in June leaving four Months without Collections except through previous default in collecting Mr. Cochrane recommended that the Kists should commence in December and end in July, thus throwing them back by a month but leaving the same number of payments to be made-

4. Under the principles which permit the Ryot to be looked upon as a land holder and allow him time to dispose of his produce I am of opinion that it would be much to his

Interest

Interest and also to that of Government if a reduction were made in the number of his Kistbundy payments and instead of being diffused over eight months of the year they were reduced to six he would have the comfort of fewer calls for payment and be better able to meet them when made his early Crops ought to be gathered in before he is asked for rent and his last payments ought to be made on his principal Crops instead of as at present being put off till the end of the year when perhaps he has no crops to reap and has already made away with those on which his ability to pay depended-

5. I would therefore beg to recommend that the first Kist may as suggested by Mr. Cochrane be deferred till December but that the last should be made in May thus bringing all the Collections within the Fasly though allowing the month of June to make up for deficiencies-

6- I enclose a Statement shewing the present

Fort St. Georgo 8th August 1856.

present Resitmndy Mr. Cochranes' proposed alterations and those I have now recommended I see no objection to the adaption of the latter as the standard demand of the District and I believe their effect will be to facilitate the punctual realization of the Government demand, and when that is evaded to lead to the attachment of larger portions of land than at present and do away with the distraint of land for a few Rupees for which it is scarcely fit to be applied and which must always be objectionable —

/ Signed / C: J. Shubrick.
Collector.

To

Fort St. George 8th August 1856.

Ordered that the following letter be sent in reply-

331-332

B. No. 2530.

To the Collector of Chingleput.

To, The Collector of Chingleput.

Sir,

I am directed by the Board of Revenue to reply to your letter of the 18th June proposing an alteration in the distribution of Kists in the Ryotwary Villages of your District and of the amount payable at each instalment-

To the Collector of Chingleput.

Authorizing with some slight modifications the introduction of the Charges proposed by him in respect of the destribution of the Kists in the Ryotwary Villages of his District and in the amount payable at each instalment- Dated 1st October 1856.

2. The practice in Chingleput has hitherto been irregular and Collections have not the Board understand from your letter of the 15th October been made with any reference to the existing Kistbundy rules- It does not appear therefore that these have been found practicably inapplicable to the circumstances of the district and whatever inconvenience might attend the period at which the first kist was fixed on the large proportion of the amount demanded in the month of April the Board cannot think that the arrangement as it stands was incapable of being followed in the Collection of the Revenue especially now that / as observed in your letter / the attachment and sale of land for

Fort St. George 8th August 1856.

for arrears at any period of the year requires that the items of demand should be fixed both in amount and as to the date of payment-

3. The scheme proposed by Mr. Cochrane leaves 20 per cent of the Revenue for collection during the months of June and July and in this respect the Board think open to an objection which is not found in the existing table- Instead of the eight kists into which both Mr. Cochrane's plan and the existing arrangement divide the Revenue you propose the Board observe to collect it in six instalments commencing with 10 per Cent in December and assigning the bulk of the Collections to the February March and April kists- The Board observe however that Mr. Smollett the late Acting Collector considered that the demand was postponed too long and lately in revising the kistbundy of the neighbouring district of South Arcot it was decided to fix the first kist as early as October it is not necessary the

Board

11340

Fort St. George 8th August 1856.

Board consider to require absolute uniformity in the Kistbundy of the two districts but their circumstances must be in a great measure analogous and the arrangement which has been found convenient in South Arcot cannot but be in many respect suitable to Chingleput.

4- The Board resolve therefore to modify your proposal slightly making a first instal=ment of 5 per Cent payable in November as heretofore and reducing the May Kist from 15 to 10 per Cent and as it does not appear necessary to connect the Change in any way with the re=vision of the Assessment they authorize its in=troduction in realizing the Revenue of the Current Fusly: Due notice will of course be necessary as the attachment of the lands of defaulters will hereafter have reference to the instalment now decided upon. No time should therefore be lost in notifying throughout the district the introduction of the new arrangement.

B. of R. No: 2297
From the Collector of Chinglepat

Sir,

In reply to your letter No: 2388 of the 14th September 1855 I have the honor to refer the Board to Para 2 of my communication No: 123 under date the 25th April 1856 stating that the backyards attached to the building sites are held rent free so long as they are occupied with houses or cattle sheds and that when they are not so occupied, they are assessed when brought under cultivation. The extent of land thus held on rent free tenure varies consequently every year and in Fusly 1261, it was 9730 Cawnies or 12866 acres. The information required relative to the number and assessment of the holdings will be furnished as soon as it is received from the local Officers to whom instructions have been again issued on the subject. —

Read again Memorandum from the Collector of Salem dated 15th and entered in My Consultation 21st July 1856 shewing the extent of Cultivation in the Government lands for June 1856.—

Bd's No. 2513

Proceedings thereon. The Board observe that in the above Memorandum the items belonging to the head of Kunjah have been entered under that of Poonjah and vice versa. These entries have been rectified in the Boards Office the Collector is requested to alter his Office copy accordingly the Board also notice that the Cultivation entries set forth as belonging to June 1856 appear to refer actually to the early cultivation of the ensuring year fusly 1266 and with reference to the Collectors explanation regarding the omission of a comparison between the cultivation of June 1855 and that of the in 1856 the Board remark that it could have been made by shewing separately the amount of Fusoul jasty without this comparison the statement is of little use and if it is not made with regard to the early cultivation the omission will occur throughout the year.—

No. 78

To

G. S. Forbes Esqr

Secretary to the Board of Revenue

Fort Saint George

Bd's No. 2779

From the Collector of Masulipatam

Sir

Under the provisions of Section XIV Regulation I of 1830. I have the

Fort Saint George 8th August 1856.

the honor to bring to the notice of the Board of Revenue the following circumstances connected with the Seizure of 120 seers of country Arrack valued at Rupees 7. 4 on 28th March 1855 unaccompanied by a permit for the

District.

2. The Village Moonsiff of Manmi= condah in the Nowmastalum Talook, reported that while Randoogoo Ventrados and two others inhabitants of the said Village, were bringing into the Village without any permit whatever, 120 seers of country Arrack which they had purchased form one Souty surva= doo at Maurados maka Village in Bezorah Talook, the 3 persons noted in the margin seized and brought it to him. The Tahseldar of the said Talook sent for all the parties and enquired into the case, when I as appears from the record of Proceedings submitted by the Tahseldar I the person who brought the arrack first deposed that he purchased 96 seers of arrack only from Souty survadoo while the seller declared he had sold to him 120 seers. The buyer afterwards in his second statement denied the truth of his first and corroborated the sellers assertion adding moreover

1 Yerrumkey Peechaya
2 Do Sobboya
3 Do Ramadoo
inhabitants of Manecondah

× 1 Vetty 1 of the said Village.

moreover that it was true that he brought the arrack without any permit. The Villagers of Maunncondah and the companeans of Venka= =doo stated the same.-

3 Under the foregoing circumstances it appears that the arrack inquestion is clearly liable to confiscation in conformity with Section XIV Regulation 1 of 1820. I therefore request the Sanction of the Board for doing so carrying to the account of Government one third† of the sale proceeds of the smuggled arrack or Rupees 7. 4. - and dividing the remaining sum Rupees 4. 13. 4 between the informer and the persons making the seizure in the proportions noted in the margin.

† Rs 2. 6. - 8
2 Thirds of the remaining sum to the informers
1 Third to Naikwady and Vetty who signed in company with them.

Masulipatam Collectors
Cutcherry 17th July 1856 } (Signed) J. Fraser
Acting Collector

Pd No 3498

Proceedings thereon. Under the circumstances stated in the foregoing letter the Board of Revenue authorize the confiscation and sale of the smuggled Arrack alluded to and direct the distribution of the sale proceeds in the manner recommended by the Acting Collector.-

Pd No 3796

From Mr G. H. Faulkner
Rajamundry
Dated 7th July 1856

Sir

In reply to your Circular No 2067 dated 7th July 1856 I have the honor to make a few observations.

I have imported more Machinery into this District than any other person and have at times Experienced some difficulty with the Officers from their ignorance of the term Machinery.

When machines such as lathes steam Engine &c arrive there is no difficulty but when parts of these arrive for the purpose of repairs or when certain articles required for making up Machinary here, and which cannot at present be made, such as wire gauze for seed cleaning machines rivets for putting Boilers together &c I then find the difficulty.

I have built Iron Boats and put steam Boilers together having had to import the plate iron to do this and have had to pay duty whereas had I imported the Boilers and Boats direct I should have had to pay none now. I look on it as a great advantage to have the Native workmen instructed in this kind of work and I find that the expence of putting together Machinery with Native workmen is much less than by getting it ready made from England and the number of workmen employed in this district since I came here about 8 years ago is in proportion of 80 to 1. I trust the facilities for importation of Machinery will be increased and that any restrictions existing may be removed. There is hardly any thing in

Fort Saint George 8th August 1856

in which the Natives are so far behind hand as with the Knowledge of the aconomy of Labor by the use of Machinery."

The Order of Government of India dated 28th June 1845 has this clause "that plate iron for the hulls of steamers is exempt from duty." This would infer that the chief part of labor should here been expended on them in England such as Bending Punching the holes &c which adds very considerably to the expence. But I would siggest that all plate iron should be free so that we might make up the work entirely in this Country and as plate iron is only imported for such purposes as Iron Boats, Iron steamers steam Boilers Sugar. Pan Boilers and Marnorles. I think a great advantage would accrue as the quantity imported at present can give but very small returns of revenue and an impetus would be given to the Manufacture of such Manufactory in this District. The Manufacture of Machinary would be encouraged by free importation of Iron of all sorts and now that we have commenced the Founding of iron I would also take away the duty on Pig iron which is already too high priced with freight Landing charges &c to compete with casting made in England. There is also a very heavy duty on files and steel both of which are used in the produce of Machinary and I would recommend these also being free.

I shall be glad to answer any questions definitely put concerning the foregoing and to give any information I may be called on for.

No 287

To

G. L. Forbes Esqre
Secretary to the
Board of Revenue
Fort St. George

348

63d No 3036
From the Collector
of Chingleput

Sir

In reply to Extract from the Proceedings of the Board of Revenue under date the 6th Instant, I have the honor to inform you that I have this day addressed a letter to the Collector of Nellagong requesting that the Freight of the "Fortescue" may be paid to the Agents of Messrs Gahan Eaton & Co and not to the Commander of the Vessel, and that the Cargo may be sent to its destination Via Calcutta by the Steamer expected on the 10th Instant.—

In the Statement of advices forwarded to the Board of Revenue Calcutta, it has been usual in this Office to enter "the Government of Bengal" as the authority to whose the Cargo is consigned.

Chingleput District,
Collector's Cutcherry,
Pydapeh,
7th August 1856.

/Signed/ C. J. Shubrick
Collector

Proceedings

B.d 1st 23d

Proceedings thereon (348-349)

Ths Board observe that the Collector was instructed only to intimate to the Collector or Agent at Chittagong the wish of Messrs Gahan Eaton & Co. to have the freight paid to them or their order and not to the Commander of the "Fortescue." Mr. Shubrick was not authorized to request that it should be paid to any particular person but to leave it to the local authority to deal with Messrs Gahan's request. He will recall his

his letter or again address the Collector of Chittagong on the terms now prescribed.

Resolved that the following Statement be despatched.

To the Secretary to Government

Revenue Department.

Statement

IL 378

Hartford County ss. August 8th 1836

320 13th Dec 2323

Whereas Silvanus Miller late of Hartford in said County by his Deed of Mortgage bearing date the 18th day of July 1828 and recorded in Hartford Land Records Vol. 84 Page 384 conveyed to the Subscribers a certain piece of Land situated in said Hartford and bounded as follows viz. Beginning at a stake and stones standing in the West line of Land formerly owned by Ebenezer Miller deceased and in the North line of Land owned by Ezekiel Miller thence West on said North line of Land owned by said Ezekiel Miller and Land owned by Ebenezer Miller deceased to a stake and stones standing in the East line of Land owned by Ebenezer Miller deceased thence North on said East line of Land owned by said Ebenezer Miller deceased to a stake and stones standing in the South line of Land owned by Ebenezer Miller deceased thence East on said South line of Land owned by said Ebenezer Miller deceased to a stake and stones standing in the West line of Land owned by Ebenezer Miller deceased thence South on said West line of Land owned by said Ebenezer Miller deceased to the first mentioned bounds containing about Two Acres be the same more or less and is the same piece of Land which was conveyed to said Silvanus Miller by Ebenezer Miller by Deed dated the 18th day of July 1828 and recorded in Hartford Land Records Vol. 84 Page 384 reference to which Deed may be had for a more particular description of said premises. And whereas the said Silvanus Miller is indebted to the Subscribers in the sum of Two Hundred Dollars and interest thereon as by his Note of Hand bearing even date herewith and payable on demand to the Subscribers or order will more fully appear. And whereas the said Silvanus Miller has failed to pay said Note and interest thereon and has refused to give the Subscribers any security for the payment thereof. Now therefore the Subscribers by virtue of the power of sale contained in said Mortgage Deed and for the purpose of foreclosing the same will sell at public Auction to the highest bidder on the premises on Saturday the 17th day of September A.D. 1836 at 2 o'clock P.M. all the above described piece of Land and premises.

Hartford August 8th 1836

Ebenezer Miller 2nd
Ebenezer Miller 3d

From the Sub Collr. of Cuddapah.

Sir

I have the honor to forward direct, having sent a copy to the Collector, a Statement in the form prescribed by Government under date 12th May 1856 received 2d June, and to explain the cause of delay in so forwarding it.-

2. While preparing the information required in this form, I received from the Collector a Memo No. 394 dated 10th June with a blank Statement to be filled up by me which included much of the information required.

14386. Fort St. George 9th August 1856

required, so that I was under the impression that I was merely to furnish it according to that tabular Statement, and that it would be prepared and submitted in the Governmental Form in his Office.-

3. I regret that this misapprehension on my part, has caused the delay in forwarding the present Storm, which I forward direct to obviate further delay.-
