No 69.

652

BR No 2597
From the Collector of Cuddapah.

Forwarding a Statement for the additional Establishment requiring for bringing up the arrears of the enamatty cases as required in the Extract from the proceedings of the Board of Revenue under date the 21st February 1856.

Sir Para 1

To G. S. Forbes Esqre
Secretary to the Board of Revenue

I have the honor to acknowledge the receipt of the Extract from the proceedings of the Board of Revenue under date the 21st February 1856, wherein I am requested to State what aid I would require in order to clear off the present arrears of Enam cases, and in reply beg to state that the enams which fall

Fort St George 15th October 1856

fall under Regulation IV of 1831 amounts to Rupees 803594 as shewn in the margin the different Enams included in this amount have been divided and subdivided to a very great extent and by the rules the death of each party holding a portion of the Enam must be reported by the Talook authorities, this swells the business to a great extent and is likely to increase rather than diminish. The number of cases entered in the Registers is 611, translated as well as disposed of but not entered 55, not translated 177 and pending in the Talooks 550, but as the Village Officers are very dilatory in reporting Lemises, it is very probable that a great number has not yet been brought to the notice of the Tahsildars.

2. The Board are aware that the present Establishment of Cuddapah has been framed upon the very lowest scale, in fact there is hardly sufficient hands

Fort St George 15th October 1856

hands to carry on the duty, and a portion of them must be dismissed in order to make room for a printing press. The establishments of the neighbouring Districts are much greater in comparison with that of Cuddapah and there being such a scarcity, there is the greatest difficulty in obtaining time and Goomastahs for examining the Bhatavurty &c cases and placing them in the proper form - I would therefore submit that one temporary Goomastah be employed in each talook on a salary of Rupees 10 per mensem whose sole duty will be the preparation and examination of enamity cases falling under Regulation IV of 1831, One Goomastah in the Sheristadars Cutcherry on a monthly Salary of Rupees 17 for examining the cases sent up by the Tahsildars, and in the English department - One Translator on a Salary of Rs 50 per Month, and a Copyist on a monthly Salary of Rupees 15. It is impossible to state for what length of time this Establishment may be required, as death is carrying away the present holders of the Enams and they being very

Fort St. George 13th October 1856

very numerous, all of which must be enquired into and reported, so that the proposed establishment will be required until the general measures now under contemplation referred to in their Extract under reply are matured and carried into effect.

3 A Statement in the prescribed form is herewith forwarded for the additional Establishment now proposed.

No 3396

Proceedings thereon.

Requesting the Collector to submit an application in the prescribed form for a writer on 15 Rs and a Translator on 50 Rs for disposing of the arrears of cases of lapsed Enams in his Office and stating that the Board are averse to the employment of Goomastahs for enquiring into such claims but that if extra aid is really necessary in the Talook a smaller number should be employed on higher Salaries and be transferred from Talook to Talook as occasion requires.

Enams 21st July 1856.

452-53

The Board observe that the collector of Cuddapah in forwarding certain cases of lapsed Enams with a letter dated 17th December last requested to be allowed to entertain either a permanent or temporary establishment for the disposal of arrears in cases of lapsed Enams, as the number of Enams in his District was very large and the Tahsildars with their limited Establishments and heavy work had no time to enquire into the merits of lapsed cases until long after the demise of the Enamdars He was of opinion that the lands which would revert to Government after due investigations were likely to meet in a great measure the escpenses of the extra aid requested.

2. The above recorded letter is a reply to the Boards call to be informed what rate Establishment Mr Murray Considered necessary and Contains a Statement in the usual Form of the additional charge proposed.

3. It will be seen from the Collectors explanation that there 477 cases which for want of translation are not disposed of by him and 550 ascertained cases on which the Tahsildars have made no report as yet; it is also anticipated from the numbers of Sub divisions which the enams are under going that cases requiring report will increase rather their diminish.

Mr Murray recommends that the additional Establishment now proposed should be maintained until the general measures in contemplation for the Regulation of Enams throughout the Presidency are brought into operation.

5. The Board admit that some aid seems absolutely necessary in the present emergency but they consider that the arrear in the Collectors Offices should first be cleared off and they request the Collector to submit an application for a writer on 15 Rupees and a Translator on 50 Rupees in the form prescribed for Extra Establishment. The application will be made for one year or for such shorter period as may suffice. At the close of that period or intermediately the Collector will report how many of the cases pending before the Tahsildars have been disposed of by those Officers and the propriety of applying to Government for an extra Establishment can then be considered. The Board would however be averse to the employment of Goomastahs in the Talooks on such salaries as are now proposed. The preliminary enquiries should not in justice to the parties whose claims are questioned be entrusted to incompetent persons and the disposal of the cases would often be delayed by defective investigation. If an increase to the Establishment is really necessary in the Talook a smaller number of persons should be employed on higher salaries and be transferred, as occasion requires from Talook to Talook. The non report of lapsies will however scarcely be remedied without stimulating the Village Officers by offering rewards or punishing them for wilful neglect or unreasonable delay. If the Village Officers duly attend to this important part of their duty the final disposal of each case as it occurs will be greatly facilitated.

1 Translator	50
1 writer	15
	65

6. The Collector in submitting his present application in the form prescribed for Extra Establishment will give the annual Net Assessment of the Enams in the 477 cases now ordered will give the annual Net Assessment of the Enams in the 477 cases now ordered will give the annual Net Assessment of the Enams in the 477 cases now ordered

18079 Fort St. George 15th October 1856.

654

P. N° 3471

From the Ag. Collector of Ganjam.

Reporting the effects which have resulted from the importations of Machinery into the District free of duty.

†Dated 4th July 1856 N° 205

N° 171

To

G. S. Forbes Esqre

Sir

Secretary to the Board of Revenue

Fort St. George

1. I have the honor to acknowledge the receipt of your †letter on the subject of the importation of Machinery and its results.—

2. All the Machinery that has been imported into this District has been by the proprietors of the Aska Factory, at the end you will find a return of the quantity and †value received in 1855/56 there was also a Cargo in 54/55 valued at Rupees 62550—13—2 this includes some iron bars copper sheets &ca required for setting up the Machinery though not actually portions of the same; all of which was passed free.—

†Rs 26580—11—6

†Dated 30th July 1856

3. From the annexed Extract of a letter† from the Manager Mr. Boothby you will see that the principal parts of the Machinery among which is the largest vaccuum pan in the world could not have been procured in India and therefore Government may be said to have lost the 5 per cent duty on these two sums but this, in my opinion is more than counterbalanced by the impetus given to agriculture and shipping and the amount of money

escpended

escpended in the District by a large Concern like Aska tho as the Sugar and Rum goes direct to England there is no direct return in the shape of duty.—

4. There are no smiths in this District capable of turning out any thing but the commonest articles the importation therefore of machinery has had as injurious effects here it appears to me that the benefits derived from the receipts of Machinery far out weigh the small revenue derived from a duty on it though if this was imposed parties would still be obliged to send to Europe for all Machinery of importance

5. With respect to Machinery of a more ordinary character for purposes of agriculture and Mining, I think it highly desirable that such be admitted free, Every Encouragement should be given to Importers and Every opportunity given to Natives of seeing the instruments which have been found by European skill best adapted to the various processes connected with agriculture to the Manufacturers of all sorts.—

Bd No 3395
From the Ag Collector
of Masulipatam

Para. 1

In reply to the endorsement borne by the Petition of Cootubood Dowlah herewith returned, I have the honor to state that out of the total amount of interest Rupees 4,769 which accrued by the [illegible] of the arrears of Pension of the said individual on Government loan Rs 663-2-0 were authorized to be expended in the construction of wells with the sanction of the Commissioner conveyed in his Proceedings 6th February 1854, but of which Rupees 207 were refunded, Rupees 234 were paid to Cootub Dowlah to make up the sale proceeds of the Promissory notes to the full amount of the arrears as directed by the Commissioner in his Proceedings of 26th October 1854 Rupees 27 80

have

Fort Saint George 15th October 1856

have been sanctioned for and are in Course of expenditure in improving the Streets & roads in the Town of Masulipatam according to the Commissioner's proceedings of 14th November 1855, leaving Rupees 1329 which has not yet been set a part for any specific purpose. I should be glad to see this sum appropriated to the establishment of a public Library in this Town a very desirable institution and of which a small beginning has been already made by some of the servants attached to the Public Offices of this Station.-

2. The balance of arrears of Petitioners allowance has been since paid to him Viz^t. in March 1856

654-56

Masulipatam
Collectors Cutcherry

Bd No 3386

/Signed/ T. Fraser
Acting Collector

Resolution thereon
Submitting Letters from the Acting Coll^r of Masulipatam relative to the arrears of allowance claimed by Cutoobad Dowla and recommending that the Balance be appropriated to the establishment of a Public library in the town of Masulipatam.-

Resolved that the foregoing report be laid before Government with reference to their Endorsement on Petition No 1576 of 1856.

2. The Collector reports that after deducting Rupees 3,206 expended, or in course of being expended on Public improvements in the town of Masulipatam

Fort Saint George 15th October 1856

Masulipatam, and Rupees 234 required to make up the full amount of the arrears ordered to be paid to Cootabood Dowlah, the balance of interest on the Original investment is Rupees 1329 which he recommends should be expended on a public Library established by the Servants in the Government Offices at the Station. Presuming that this Institution is available to all classes of the Community on reasonable terms, the proposition seems judicious.-

3. In a Subsequent communication which will be laid before Government with the Board's Proceedings of this date the Acting Collector has proposed that a portion of the above sum should be set a part to meet the Cost of Constructing a New dispensary at Masulipatam but the Board consider that this mode of appropriation would if the scheme of the Acting Collector be adopted be less desirable than that above suggested.-

4 Supposing it therefore to be the intention of Government to devote these funds to some useful object the Board are not in a position to suggest a better mode of appropriating it than as a contribution to the formation of a Public Library under proper restrictions to prevent the grant being injudiciously expended

Calling

States in reference to Boards Rec. 14th Instant No 2565 that the Trees alluded to are considered the property of the Puttahdar whether planted.

by him or not, and that it appears unnecessary to make any change in the system.

calling upon Collectors to report the practice which exists in their respective Districts in regard to the inclusion in the Abkarry Farms of Date and Palmyra trees standing on Puttah lands.

2. I beg to State that in this District such trees are invariably considered the property of the Puttahdar whether planted by him or not, and as such are free from the interference of the Abkarry Renters people, unless they pay for the use of them.

3. Where such trees are growing on waste and unoccupied lands, they are regarded as the common property of the Villagers who pay to Government at the rate of 1—3 for every tree when actually yielding toddy, and make their own arrangements with the Renter or Sub renter of the Farm to take the produce from them. This is generally done by the Renter paying at a fixed rate for each tree

4. The only trees of the kind which are in this District included in the Farm are certain ones growing upon Government land in the immediate vicinity of Cuddalore over which the Abkarry Renter has for many years had a special right given to him.

5. If a Puttahdar is not willing that the Renters

Fort Saint George 15th October 1856

Renters people should chaze todoly from the trees which stand on his Puttah lands, he is at liberty to refuse it to them but he cannot of course make use of it as todoly, to the detriment of the Renters, otherwise he renders himself liable to punishment for illicit manufacture or sale.

6. The Rule laid down in clause 1st Section XVII of Regulation I of 1820 is fully understood in this District, and the holders of land on which date and Palmyrah trees grow look upon them as their own. It is also well known that the Villagers may not cut down those trees which stand in common ground or in the jungles, without permission.

Under the circumstances as they do exist in this District, it does not appear to me to be necessary or expedient to make any change in the System.

No 139

To E. B. Thomas Esqre
Collr of
Coimbatore

Sir,

In reply to your letter No 233 of 4th Instant I have the honor to state the huts inquestion about

30

18088 Fort Saint George 15th October 1856

30 in number are Government property and were erected by my permission in the month of June last on the very Margin of Waterloo Brickfield (a site purchased from the Burghers for the use of the Works) in order that the Brick Moulders might be early at their work and so close to their homes that when wet weather Came on they could work to the last moment and still get under cover without getting wet for exposure to rain and Cold, I find a most fruitful cause of fever and Diarrhoea among my work people and it of course follows that if these people are compelled to reside at a distance the sickness among them which has been since their location in this site scarcely appreciable will tell with as much force on them as it now does on others the wood yards will be also lose their protection which their vicinity affords and robberies of fuel may again take place another Strong reason for the location objected to was to secure the Brickmakers from molestation on the part of the Soldiery an inconvenience which has however only occurred once in June 1855. Four or five sheds were also erected for the families and Cattle of my Coastal Contractors because these people distinctly refused to Come into Government Service at all unless permitted to reside outside of Military limits the Natives here have a great dislike to reside within

18089 Fort Saint George 15th October 1856

within Cantonment for out of it they have Comparative freedom and will not willingly submit to have their Cattle ponded for straying over localities where no defined boundary is in existence. I shall feel obliged by your sending for my future guidance a Copy of the order of Government of 2d December 1851 No 1190 which I regret I should have infringed while under the impression that I was materially advancing the interests of the Government Works.

Resolution thereon.

Resolved that the foregoing letter be laid before Government for their information.

3. The Acting Collector will report the result of Mr. Clarke's call for Tenders and the measures which he purposes adopting to ensure an early and sufficient supply of salt in the event of those terms not being accepted or in furtherance of that Officer's endeavours.

He will also explain whether the restrictions of exportation applies to the Inland Trade, Viz.t to Coimbatore, Mysore, Vea If it does, every effort should be used to replenish the stock and resume general sales.

4 The Board presume that the enchanced charge of salt has already come into operation, and as the brisk demand reported by Mr. Clarke must have been supplied

* Ex. Min.t Con.t 19th Jn.o Con.t 26th September 1856 No. 1008 para 3

Submitting for the information of Govt. with the Board's instructions issued thereon, a letter from the Collector of Malabar relative to the measures adopted by him for ensuring an early and sufficient supply of salt for his District.—

18093 Fort St.e George 15th October 1856

Fort St. George 15th October 1856

supplied at the former rate of 1 Rupee per
Mound it is probable the holders of the
salt so bought will sell it in compe-
tition with that of Government, making the
profit at once out of the difference Viz.
2/2 and 4 annas per Mound, instead of
waiting until next year when the Go-
vernment imports are to cease. If this
surmise be correct, the consumption of the
district will still be met and at prices
slightly below those of Government.

5 In a case of this nature the Board
will not attempt to issue precise instructions
or fetter the discretion of the local Officer. The
course of proceeding to be adopted prospectively as
well as at present is described in the Extract
Minutes Consultation 19th Ultimo and the Board have
every confidence in Mr. Robinson's judgement and local experience.

Average	110	23

18095 Fort St. George 15th October 1856

Crop was by no means an abundant one, whilst the second crop, reaped in January and February, suffered severely in some parts of the District, such as Palghaut, Tenelpooram, Nedingunaad, Kootnaad Beetutnaad and Chonghant.-

6. Small Pox and cholera visited the District, the deaths on account of the former amounted to 1,688 and of the latter to 354. The Talook wherein the small Pox raged most severely was Coormenaad the number of people attacked being 1664, of whom 943 recovered and 718 died.-

7. In February last I deputed my Dresser to Durlandy, the chief town of Coormenaad, with directions to do all in his power to stay ravages of the disease which at the time, was carrying off 10 to 15 persons per week. He erected a temporary Hospital and engaged the services of three attendants. The admissions up to 5th June were 166. Deaths 29 and discharged cured

cured 137.

4 Cherekul

Names of Taloks as entered in Statement No. 2

8. The failure in the Paddy crop already adverted to, added to the large exportations of Grain by land and by Sea led to an enhancement of the wholesale price of Rice, 10 per cent above the high rate which obtained in 1264, and 48⅛ per cent above the average of the five previous years. The average selling price in the principal towns of Palghaut, Ponany, Calicut, Tellicherry and Cannanore in 1265 was Rupees 304 per Garce and in 1264 Rupees 276.

9. The Statement No. 2 herewith submitted exhibits the average prices of Paddy for the whole District comprizing 16 Taloks or 432 Amshoms. In striking the average for the whole number (432) the result falls short of the rates, shewn to have prevailed in the principal Taloks

The average price of the 1st and 2d Sort of Paddy, as entered in the Statement above quoted is, it will be observed, 129 Rupees per Garce, or 258 Rupees for a Garce of Rice.

10. The western part of Malabar is dependent for large supplies of grain in Palghaut and Tennulpooram which are not improperly styled the granaries of this portion of the District. Last year owing to the general scarcity which prevailed, the grain which in ordinary seasons would have found its way to Ponany and neighbouring Ports, was carried away to Coimbatore and Cochin.

11. Our large imports of grain by Sea from Canara, Bombay and the Ports belonging to that Presidency amounting in the aggregate to 1,10,800 Indian Maunds, being 90,000 Maunds from Canara and 2,04,800 from Bombay and its subordinate Ports, enabled the Merchants to carry

In Mds.
1263 — 39643
64 — 93758
65 — 116168

to more favorable Markets 116168 Maunds of the quantity imported and helped to regulate the prices of our Bogaars by this timely supply entirely thrown in by native Merchants.

our

our prices never exceeded 2 — 12 — ₰ᵐ Candy
It is also worthy of note, that of the quantity of Grain imported 93,760 Candys was carried away by Native merchants shewing that they understand the Laws of Demand and supply, and are well acquainted with the condition of the Grain Markets, and are not slack in availing themselves of, and profiting by their knowledge.—

12 The produce of the Cocoanut Tree continued to command high prices in Fusly 1265.— The average wholesale price of Cocoanut in 1264 having been 17—11—3 per Mill.

in 1265 —— 20—13—5 —— " ——
Excess in 1265 —— 3—2—2 or 17. 10 ₰ᵐ Cent.
Kernels in 1264—40—13—10 ₰ᵐ Candy of 640 ℔
—— " 1265—44—12—9 ——
Excess in 1266 —— 3—14—11 or 9—10 per Cent

This enhancement in the price tho' perhaps attributable in part to a deficiency in the produce occasioned by the unfavorable nature of the last season, has been I believe chiefly occasioned by the great demand for

for Oil and the competition and speculation thereby occasioned.—

Actual Cultivation Statement ₰ᵐ 3 ... } 13. The cultivation of this District assessed to Revenue embraces the Poonjah, Nunjah and Gardens— the first comprizes the Moddam Ponon (2) and Ellos (3). To shew the extent of each of these, I beg to subjoin a figured comparative abstract—

1 Upland Paddy
2 Hill Paddy
3 Oil Seed.

	Fusly 1264			Fusly 1265		Increase		Decrease	
	Extent in acres	Assessment		Extent in acres	Assessment	In acres	In assessment	In acres	In assessment
Moddom —	33,043	22,096	14 . 3	36,705	25,569	3 2	3,662	1153	. .
Ponum —	22,698	14,134	1 6	22,998	14,588	11 4	898	432	. .
Ellos —	28,103	14,895	13 8	26,414	12,709	1 "	"	.	1689	2186
Total	83244	57,426	13 2	86,115	50,824	15 6	4,560	1585	1,689	2,186

The result is a net decrease of Rs. 601.

14. It will be remarked that the extent of land taken up in 1265 for the Moddam and Ponam cultivation exceeds that of 1264 by 4560 acres. Had not the outturn fallen much below par owing to the unfavorable season, there would have been a greater excess in the amount of Revenue to be brought to

Fort St. George, 15th October 1856

to the credit of Government under these heads. The small quantity of land taken up for oil Seeds is also to be attributed to the nature of the season.

15. The Board are aware that there are no accounts of the extent of the Punjah cultivation in this District, the assessment not having been fixed by measurement, but upon the Pottoh or net produce. The Demand of 1265 on account of

Wet lands amounts to	x 1132706 15 9

Decrease in 1265		19442 - 5

x Including Rs. 232442. on account of wet lands at Cochin the total Jumma of which has been divided and brought to account under proper heads in assimilation with other Talooks.

See Stat. No. 486.

This unfavorable result is mainly owing to the unpropitious season already adverted to, the remissions on account of Shavy or withered crops alone having amounted to the large sum of Rupees 24861.

The

Fort St. George, 15th October 1856.

The Talooks which most needed this assistance were Nedingannad, Rupees 9103. Kootnad 6963. Betutnaad 4389 and Chowghaut 1785. Ineed hardly add that the Remissions in question were only allowed after a most strict enquiry and examination of each respective case, the per centage which they bear to the total Beriz payable by the different Ryots in whose behalf they were granted amount to 11½ per cent.

16. The Settlement of the third branch of Revenue, coming under the head of Bagayet or (Cocoanut) Gardens, was attended with an increase of Rupees 10068-7348 of which may however, be said to be nominal, in as much as it is that portion of the Cochin Farms which was realized from the Cocoanut Trees and has now been brought under the head of Land Revenue.

17. It may be proper to explain here that hitherto, the full amount of Revenue derivable from Cochin and its dependencies, was brought to account in a lump see Column 9 of Statement 4 of 1264. without entering the particulars

Fort St. George, 15th Octr

October 185

particulars into their respective heads. It seemed to me desirable that this anomalous should be rectified, the Demand for this year Viz. Rupees 23,193–4–6 was accordingly divided in the proportion appertaining to each branch as follows.–

Carried to the Head of Nunjah	2321	4	2
" " Gardens	7348	6	6
" " Motunpha	801	2	–
	10470	12	8
Balance credited to the Head of Sundry Items under Land Revenue	12722		
Total Rupees	23193	4	6

18 To place the settlement in a clearer point of view I would state that the recoverable Jumma on account of Bagayet, of Fusly 1264 was, ——— 42525713 3

Add tax on Trees in the Cochin Gardens ——— 7348–66

43280039

Add again tax on new Gardens —— 748–4–4

Ditto on Old Gardens reinspected on the occasion of applications for Remissions ——— 120–10–9

Fort St. George, 15th October 1856

Resumption of Remission

allowed in previous years 2,851–5–11 — 3,720–5–0

43,632–8–9

Deduct Remissions granted in this Fusly —— 3,510–3–11

Net recoverable Beriz ——— 43,281–4–10

The concessions made in 1265 were on account of the deteriorated state of several Gardens held by Ryots in low circumstances on account of Trees destroyed by lightning, encroachment of Sea and Rivers and other causes set forth in Statement No. 4.

Extent of Lands taken up on Cowles 19. By the Statement No. 6 it will be seen that the total quantity of immemorial wastes fit for Paddy cultivation for which Cowles, were issued during the late Fusly 1265 amounts to 400 Acres, the full assessment of these lands is Rupees 699. It may be proper to explain here with reference to them that it has never been the practice in this District to grant Cowles for Dry land cultivation.

Added from Mr Ellis's memm

20. Cowles are granted for wastes taken up for the purpose of being converted into new Gardens,

Fort St. George, 15th October 1855.

Gardens, but the tax not being upon the soil, but upon the Trees (Cocoanut Betelnut and Jack Trees) when they become productive, the assessment cannot be determined at the time of issuing the Cowles hence the cause of the Column headed "assessment" being left blank.

In 1265 the number of Cowles issued for Garden lands was 356, embracing an aggregate area of 1396 acres.

Abstract shewing the Revenue of all Sources of Revenue

Statt. No. 7.

A review of the Statement noted in the Margin, exhibits a net increase of Rupees 9,1049 in the amount of all sources of Revenue, as follows

	Fusly 1264	Fusly 1265	Increase	Decrease	Net Revenue after deducting Decrease
1 Land Revenue	1,00,680 6 9	1,01,79,639 8 7	"	21,041	"

F. C. B.

Fort St. George 15th October 1855.

The Decrease in the first Item (Land Revenue) is as already stated, owing to the Remissions called for by the unfavorable season. Of the increase under the head of "Sundry Sources of Revenue" Rupees 86935 applies to Salt and Rupees 25205 to Stamps. The Extra Revenue exhibits an increase of Rs. 9770 part of which is on account of a larger amount having been realized this year, by the sale of the Government right on Escheated Gardens and lands formerly belonging to the Batutaad Rajah, than in the antecedent year. and part on account of penalty levied and paid in by the Courts under the Stamp Regulation as shewn in the Margin.

Rupees [illegible] in it of which Rupees [illegible] has been subsequently realized the Balance outstanding on the 31st August 1865 accordingly Rupees 17819, Rupees 15000 which stands against the Beebee of Cannanore comparing these items with those of 1264, the result is a Decrease of Rupees 21041 in the Demand (Vide Para 21) an Increase of Rupees 40672 in the Collection and a Decrease of Rs. 61713 in the Balances. At the beginning of the Fusly now under review, the arrears of the preceding years amounted to Rupees 117638 Collected in the Course of the year 91168 leaving a Balance of Rupees 26470 the greater part of it (Rupees 22939) being due by the Beebe. The amount realized from the Produce of the Laccadive Islands was Rupees 22000 whilst the arrears amounted to Rupees 144[illegible]

23. The first Item under the head of "Sundry Sources of Revenue" is Abstract the Demand on account of which viz Rupees 65034, is Rupees 6283 below the Settlement of 1264 arising from a falling off in the biddings for the

Fort St. George 15th October 1865.

the Arrack Farm and from the loss of 14 days from the recent change in the close of the Fusly year on the 30th June. The second item. Moturpha was in 1265 settled at Rupees 111577 while the demand for 1264 amounted to Rupees 111217 the difference in favor of the former being Rupees 360. the increase would have been greater, for there was upon the whole an excess of Rupees 5821. but the necessity of granting remissions on account of Houses, Shops &c. &c. in a decayed state as well as those proved to be held by individuals in indigent circumstances amounting in the aggregate to Rs. 5461 reduced the increase to Rs. 360.

See Statt. No. 11

Struck off the Demand on account of Houses Shops gone to ruin and no longer in existence 3132
Remissions on account of Poverty &c. 2329
5461

The other four Items not bearing a fixed Jumma; will be noticed when the subject of "Gross Collections" comes to be treated of.

Demand Collection and Balance on account of arrears of all Sources of Revenue. —

12) 24. By the enclosed Statement No. 12. the Board will perceive that at the beginning of the Fusly. the arrears of the 12 previous years on account

Fort St. George 15th October 1856.

of Land Revenue, amounted to Rupees 117038-1-6. Collected within the Fasly Rs. 91168-9-1. Balance Rupees 2469-8-5. Subsequent collections up to 31st August 1856 Rupees 84-4-1, leaving a Balance Still outstanding of Rupees 2385-4-4. out of which, Rupees 2008-7-- is classed as recoverable and Rupees 376-13-4 as Irrecoverable. The latter item however

*Inclusive of Rs. 2293-6-4 on account of Beebee's Peshcush.

the residue for which sanction is now solicited is Rupees 407-2. Rupees 358-11-2 was however entered in the Statement for 1264.

26. Adverting to appendix A in No. 12, I beg to observe, that although property to the value of Rupees 1320. belonging to 12 Ryots, was attached, no more than 3 Individuals personal property were sold for the realization of 30 Rupees the other Defaulters having paid up the sums due by them respectively, the attachment was removed. No Revenue Defaulters were kept in Confinement.

Gross Collections and Charges 13)

27. In submitting the Statement No. 13 I shall as directed in the Memorandum from the Secretary to Government confine my explanation to such large fluctuations in the Receipts and Disbursements as each head of Revenue exhibits.

Land Revenue. The increase of Rs. 92,137 under

under this head both as regards arrears and Current is owing to the alteration which took place in 1264 in the date of closing the Fusly accounts by which the last Kist of that ~~Fusly~~ left to be realized in 1265. the same cause has given rise to the increase apparent in the "Land Revenue charges." the pay of the Establishments &c. being in 1264 for eleven Months only while the amount debited in 1265 is for full 12 Months. The proportion which the Charges bear to the Gross Collections is 14 per Cent.-

Rs. 8266-

28. Moturpha. The increase which appears in favor of this item arises from the cause above adverted to. The Gross Collection (Rupees 115142) embraced Rupees 4,372 on account of arrears, as shewn in the statement No. 9.

29. Salt. The Management of this Branch of Revenue was attended with an excess of Rupees 87235 over the result of the antecedent year.-

The total sale of Salt during the year under review amounted to 444450 In. Maunds yielding Rupees 434984 as follows

Home

	1264	1265	Increase	Decrease
	In Mds	In Mds		
Home Consumption	222128	268996	45868	"
Inland Consumption	139772	175454	35682	"
Total	362900	444450	81550	"

30. The only way to account for this excess is to assume that the knowledge of the anticipated changes in the rates of selling salt and the abandonment of the trade of Government had the tendency of inducing Speculators to enhance their purchases-

See Para 30 of the Report for 1264.

another cause, this of a less importance, is to be found in the fact that the accounts for 1264 embrace 11 Months only excluding therefrom the sales of the twelfth Month, the amount would be 21380 Indian Maunds, but this supplies entirely to the sales for "Home Consumption" the exportation to the Eastern Districts having ceased on the setting in of the S. W. Monsoon.

The

| | | |

33. By the foregoing it will be perceived, that though the selling prices were raised at all the above Depots in October 1855, the sales have nevertheless been on the increase, the difference being 14,648 Sn Mds or Rupees 20,382, over the result of 1264.

34. The quantity of Salt purchased in 1264 amounted to 2,22,651 G. Mds and the price paid averaged Rupees 30-10-4 Fr. Garce,

Average Price in Fasly
1264 ——— 30-10-4 per Garce whilst the supply of 1265
1265 ——— 30-4-5 " " came to 330573 G. Mds at the
Less in 1265 " 5-7- " Cost of Rupees 30-4-5 Fr. Garce

The excess of 79-13 in the supply, raised the amount of the Purchase price debited in 1265, to Rupees 1267. and the excess of Rupees 3257 in the extra Charges is mainly owing to a larger quantity of Salt having been sent up to the inland Depots in 1265 than in 1264.-

Net Revenue 1265-5. 315527 Rs.
in 1264 232780 "
Increase in 1264 82747 "

35. The Net Revenue derived from Salt in 1265 amounts to Rupees 315527 against Rupees 232780 the result of 1264.-

The Charges bear a per centage of 28, contrasted with the Gross Collections.-

The

Sayer or Frontier Duty

36. The subject of the Establishment Kept round the French Settlement of Mahe has been so often touched upon in the former Reports, that it does not seem to call for any remarks here.-

Sea Customs

37. In Fasly 1264 there was an increase in this Department amounting to Rupees 16252. The accounts of 1265 shew a deficit of Rupees 3009, the cause of which arises from no salt having been imported and cleared away upon the payment of the Excise Duty during the last mentioned year, whereas in the previous one this article contributed to the Customs to the extent of Rupees 8901. If the decrease of Rupees 3009 above noticed be deducted from this sum, the residue Rupees 5892, may be viewed as a bonâ fide increase in the Customs.-

See para 42 of Report for 1264.

38 The Official value of the Exports in 1265 of the staples of this District

shew a Net increase of Rupees 773607 in elucidation of which I beg to append in the margin an abstract the large falling off in Coconut Oil may attract notice I beg therefore to observe that the high price which this article bore not being suitable to the European Markets obstructed the Exportation of the same.

39. In the Sea Customs Charges, the only item of increase, calling for remarks is Rs. 5019 on account

account of Drawback chiefly on Cassias this disbursement was made in 1265 in accordance with the Board's Orders bearing dates the 7th December 1854 and 8th March 1855. The receipts and charges connected with this source stand in the proportion of 29 per Cent.

40. Stamps continue on the increase, the augmentation evinced by the Source being Rupees 30035 over 1264 in consequence of the alacrity with which business is carried on in the Civil Courts. against the foregoing result stands an excess of Rupees 2049 in the Charges, originating from the Refunds made under Act XVII of 1848. The proportion which the Charges bears on the receipts is only 15 per Cent.

41. Upon the whole, the Gross Collections of 1856 amount to Rupees 2585774. Charges to 418029. yielding a Net Revenue of Rupees 216745, exceeding the Net Revenue 1264 by Rupees 22,350.

42. I beg to

1265 216745 Rs.

Remarks on the Conduct of Subordinate Officers.

43. I am happy to be able to speak in satisfactory terms of all my subordinates, Europeans and Natives.

The high Character of the Sub Collector Mr. Collett is too well established with the Board and Govern: ment to need any Commendation from me. During the period I was associated with him, he was engaged in the enquiry committed to him by the order of Government of the 3d October 1855 No. 716.

The Government in the Minutes of Consultation of the 25th April last No. 424 have re: corded their sense of the manner

Fort St. George 15th October 1850.

manner in which he discharged himself of this duty, which though of itself sufficient to tax all his powers, was not allowed to interfere with or inter: rupt his ordinary and regular labor With a zeal and diligence too great for his strength. Mr. Collett while laboring with extraordinary sagacity and success in tracing out the as: sociates and abettors of the assassins of the late Collector, recording arranging classifying and analyzing the state: ments made before him and drawing up voluminous and lucid Reports of his proceedings, still continued to ad: minister the duties of his Office ably and efficiently.

44. The present acting Sub Col: lector Mr. G. L. Morris affords me cordial co-operation and assistance in the exercise of his duties.

45. My Special Assistant Mr. Thomas came to the District with

Fort St. George 15th October 1856

with a good character which he has fully maintained. A more active zealous intelligent and devoted Public Servant it would be difficult to find. His only fear in regard to him is that his labors may prove too much and his health in consequence suffer.

46. Mr. Packle my Head Assistant performs his duties to my satisfaction and is a very promising Servant of Government.

47. Mr. Platel my Uncovenanted Assistant has rendered me much valuable assistance. His merit and usefulness are very great.

48. My Head Sheristadar Menon, is as active and hard working as he is able and intelligent.

49. My Nath Sheristadar Kanaren, is an Officer of high character and much influence.

50. I deem it also just to mention here the very valuable

S. E. B.

Fort St. George 15th October 1856

aid I have received from the unceasing and intelligent labor of my Head accountant Mr. Baker, whose devotion to the Public service cannot easily be surpassed. His clear head not only in accounts but in the Revenue System in the affairs of the District and the general details of the Office, his great experience his stability, his untiring zeal and his obliging manner eminently fit him for the post he fills and point him out as one qualified for higher employment should situations of larger trust be opened to the Revenue branch of the uncovenanted service.

Calicut the 25th September 1856

[Signed] T. Clarke
Collector

To.

J. Clarke Esqre

Collector of Malabar.

Sir,

I have the honor to submit the Statement connected with the Land Revenue Settlement for Fusly 1265 of the five Talooks of Palghaut, Pemalpooram, Nellimoorgunnaad, Chowghaut and Kodumaad Comprising the Sub Division.

The following report has been prepared in accordance with the Circular letter from the Board of Revenue dated 11th September 1854.

1. Villages at which the Settlement was made.

1st As Jasmanent change of the Sub Division only in May last the chief part of the Jemabendy Settlement of the Fusly under review was made previous to my arrival and only part by myself

Vide Statement No I.

The Settlement was made and the Pottahs distributed at 7 different Stations the

The

3 Rent Roll

5 The number of Puttah holders are 58,897 of these six pay annually as land Revenue Sums varying from 750 Rupees to 2500 Rupees, 21 Sums from 500 Rupees to 750 Rs. 197 Sums from 200 Rupees to 500 Rupees 625 Sums from 100 to 200 Rupees, and the remaining 38018 Sums under 100 Rupees each.

6 Seasons and Sanatory State of the District.

6 The South western Monsoon on which is the 1st Crop depends Commenced at the beginning of Medoonem June and continued till Karkedagum July after which period and until Kunny September the fall of rain being very little, the 1st Crop suffered in quantity, and as there was moreover no rain at the time when the Crops were in ear the produce was only 3/4th of what it should have been.

With regard to the Modoon Crop which is also dependant upon the South west Monsoon there was a net increase on the whole of 10 per cent as compared with that of last year this arose however from 10 per Cent more land being cultivated, and not from the favorableness of the season.

The

Fort St. George 13th October 1836

The season under review was also not favorable to Ellooroop in which there was a decrease of 87 Ts. 1h. 9g which is 11 1/2 per Cent on the last Jummaa.

From the Month of Kanny (Sept.) to Virooschchinna (Nov.) the fall of rain was very scanty and the 2d or Makarum crop which depends on it therefore suffered much and only yielded 1/2 of what it should otherwise have done. The garden produce was also much damaged thereby.

The Poonja cultivation peculiar to Chowghat Talook, suffered much by the failure of rain in Makaram (February) Kumbum (March) and the beginning of Meenum (April) which occasioned a deficiency added to the fact of the young plants having been destroyed by the inundation of the Sea, in consequence of the dilapidated State of the Jenmanakel bank, has caused a decrease of 1300 - 0 - 0 out of a total Jummaa of 36,30 13 - 6 The remissions given under this head were only granted after a close

Fort St. George 13th October 1836

close inspection firstly by the Talook Servants and secondly by the Sheristadar of this Cutcherry as has hitherto been the practise in this piece of ground, and they are all entered under the Head of Fanny Boodthy.

Small pox and cholera prevailed in the Talooks of Palghaut Towalpoorum and Chowghaut from the Month of August to January, but the year under review was free from murrain amongst the cattle.

Price of grain.

The price of paddy at the commencement of the Fasly in Kirkadagom (July and August) and Chingom (August & September) was at the rate of 18 or 20 Madras Measures per Rupee from Kanny (Sept. & Oct.) to Virooschchinna (Nov. & December) it was sold at from 25 to 30 Measures and from Danoo (Dec. & January) to Cumbum (March & April) at 18 or 20 Measures and Madom (May and June) to Midoorum (June and July) 21 to 28 Measures Rice per Rupee

Suffered in Consequence.

The rates at which Cocoanuts were sold was at 130 9 6 to 80 8 2 - 2 - 9 - 2 - 3 - 6 - 10

per

per 100 this is considered a high price.

Guigely oil was sold at first 27/11 Measures per Rupee but the price subsequently increased to 13/11 Measures.

8 Dittum
9 Kaboolaty waste
10 Actual Cultivation
11 Caboolaty waste charged to the Ryots

Not known in the Sub Division.

12 Remissions on the cultivation

The subjoined Tabular Statement exhibits the distribution of remissions during the Settlement.

Total Taloks	Total No. of Ryots.	Total amount of Negady or assessment	Remissions granted: No. of Ryots who received remissions	Amount of their Negady.	Amount of remissions granted
Palghaut	19,077	" " 129735	2 4	82	3754 14 8	384 11 2
Tenalpooram	8,223	" " 120405	3 9	156	13,788 8 0	858 9 3
Nedoongaunad	11,552	" " 119980	1 6	2031	6,1701 12 9	9,143 9 2
Chonghat	8,872	" " 40410	5 1	452	15,417 11 0	2,208 5 2
Kootnaad	5,565	" " 81,111	11 2	2,010	51,940 5 11	8,252 15 11
Total	44289	" " 497,642	7 10	4,731	145,598 8 1	21,586 2 7

The particulars are shewn in the Statement No. 4.

13 Extent of lands cultivated with Sugar Cane Cotton & Indigo

Cotton and Indigo are not cultivated in the Sub Division. Sugarcane has been cultivation to the extent of 105 acres which is about the same as the amount cultivated last Fusly but it is not liable to assessment which raised on wet lands already permanently assessed.

14 Remarks on Revenue Demand.

The Collection made under this head during the Fusly amounted to Rupees 1628-5-7. the particulars of which are given in the Statement No. 9.

15 Ready money Collection.

The Collections under this head were as follows.

	No.	A	P.
Cocoanut trees	67510	15	2
Sirkt Do.	11790	"	"
Jack Do.	5796	11	4
Dirt Rent	164	1	7
Total	88261	12	1

Fort St. George 15th October 1865

16 Abstract Statement shewing the general result in Comparison with the preceding year.

The following Abstract Statement shews the increase and decrease in the Land Revenue for Fasly 1265 as Compared with that of the preceding Fasly.

	Settlement for		Increase			Decrease		
	Fasly 1264	Fasly 1265						
Nunja or Rice Lands	4,93,131 0 0	4,77,678 11 3				15,452	12	3
Upland or Modern Cellcc.	13,376 11 1	13,219 2 11				157	8	2
Gardens	87,895 7 11	88,261 12 1	366	1	2			
Total	5,94,430 9 0	5,79,159 9 3	366	1	2	15,610	1	5
		Net Decrease				15,244	0	3

The decrease under the head of Rice lands arose almost entirely owing to the large amount of remissions made to Ryots for the loss of their crops.

The little increase under the head of gardens arose chiefly from the remissions given in Fasly 1264. having been brought to account in this

Fort St. George, 15th October 1865

The details are shewn in the Statement No. 4.

17 Abstract Statement shewing both Land Revenue & Extra Sources

The following is the abstract Statement required.

	Land Revenue	Extra Sources	Total
Fasly 1264	5,94,430 9 0	53,820 10 1	6,48,224 1 5
Fasly 1265	5,79,159 9 3	53,669 15 1	6,32,829 9 2
Net Decrease	15,244 0 3	150 1 0	15,394 1 3

Deduct

Net Decrease 15,394 1 3

18 Abstract shewing Demand Collection & Balance of Current Land Revenue

The following are the amounts of the Demand Collection and Balance of Land Revenue for this Fasly:

Demand

1815/

Fort St. George 15th October 1836

Demand Collection Balance

~~5,71,139~~	~~4~~	~~3~~	~~5,78,508~~	~~14~~	~~11~~	~~037~~	~~10~~	~~4~~			

The extra Sources of Revenue collected in the Sub Division comprised in the following.

Motorpilla Taxes	32,577	8	10
Knife Taxes	1,770	4	8
Ferry Farms	3,413	5	9
Abkarry Farms	1,111	3	1
Total Rupees	53,607	6	4

19 Abstract of arrears.

The demand Collection and Balance are as particularized below.

Demand	Collection	Balance
13,083 4 6	4,217 3 6	1,731 11 "

the distribution of which is shown in the following abstract.

Talooks

1815/ Fort St. George 15th October 1836

Arrears due on account of Land Extra Revenue Sources

No. of Pagodas

Talooks

| | | | | | | | | | | |

20 Explanation as to what extent Coercive process was employed in the Collection of the Revenue &c.a -

No coercive Measures were found necessary to be adopted for the Collection of Revenue and Consequently no lands were Sold.

21 Particulars of the amount recommended to be struck off.

These are shown in the Column headed "Irrecoverable" in the Abstract given above.

22 Advances of Cultivation

None.

23 Charges.

The total charges for the Fusly amounted to Rupees 85,918 - 1 - 2 -

Viz.a -

Sub Collector's Salary	16,274 - 10 - 0 -	
Establishment	5,520 - 3 - 0 -	
Talook Establishment including Villages	56,148 - 8 - 2 -	
Extra Charges	4,521 - 7 - 0 -	
Total Rupees	85,918 - 1 - 2	

which being deducted from the Total Collection's Rupees 6,31,887 - 12 - 4 - 0 - leaves a balance in favor of Government

/

of Rupees 3,2,3,9 62 - 1/4 - 2/10 the charges thus forming a percentage of Rupees -13 - 9 - 0 - on the Gross Collection of the Fusly.

24 Remarks on the Conduct of the Subordinate Officers. -

In the Jumabundy Report submitted last year, only eleven months Salary was entered under the head of charges hence the difference between the charges of that and the present Fusly. which comprises Salary &c.a for the whole twelve months.

Having received charges of this Sub Division only at the close of the Fusly, I am unable to offer any remarks under this head, except that I have found the Sheristedar anxious and willing to assist me in every way.

B. No. 4029.

From the Acting Collr of Masulipatam.

Submitting a proposal for the erection of a new Civil Dispensary at Masulipatam at a cost of Rs 8,000 proposed to be expended out of the amount of the penalties levied from Public Servants under Regulation IX of 1822 and held in deposit in the Treasury.

dated 29th September 1856

Sir,

1. I have the honor to forward copy of a letter received from Assistant Surgeon H. I. Penny Civil Surgeon of Masulipatam on the subject of a new Dispensary here.

2. I have had much conversation with Dr Penny on the matter, and have with him inspected different vacant spots in the Town, all of which are more or less adapted for the erection of such a building, and all far superior to the present locality in point of convenience for the classes who attend for medical aid, and in point of situation, unobjectionable.

3. The building at present used as a Dispensary, having been originally erected for, and long used as a dwelling house, is of course, in construction not adapted to the requirements of a hospital. There is but one tolerably good room

in

× now rented by Government at 25 Rupees a month.

Fort St. George, 15th October 1850.-

in it, used as a ward for the male patients the side rooms are ill lighted and ventilated, and the general arrangements are inconvenient and defective. I will not however expatiate further on these points but assume it, as I fairly may, to be beyond doubt that the present Dispensary is neither in its situation, nor accommodation, at all adapted for the purposes for which it was established.-

4. The site referred to by Dr. Penny as fixed on with his approbation, may be had for Rupees 450 or 460, and it would be difficult to find a better - certainly impossible to find another both so good, central and cheap. The cost of a building on the plan forwarded, is estimated roughly but liberally at 8,000 Rupees. In this allowance has not been made for convict labour which would of course be available for digging foundations, pounding and carrying chunam and bricks &c. so that probably site and all the scheme could be carried out for 8,000 Rupees.

5. I now come to a proposal which I beg to make as to the funds from which these expenses might

Fort St. George, 15th October 1850.-

Vide memo accompanying

might be met. There is in deposit in the treasury the sum of Rupees 7,398-11-7 being the amount of penalties levied under Regulation IX of 1822 from Public servants in this District during the trials before the late special assistant Mr. Bird. From this amount is excluded all still in dispute, i.e, against which appeals are still pending the amount thus involved is trifling being between 200 and 300 Rupees, but the large sum above named, is made up of penalties that have never been appealed against, or in which the time for any further after, a first appeal has long expired, all doubt therefore as to the ownership of the money is set at rest, about ½ of this sum was decreed by Mr. Bird to be repaid to the parties from whom the servants punished, levied illegal cesses. The people to be so reimbursed are very numerous, and not easy to be found, in many instances, they are dead, and their heirs would have to be sought out, all this involves much inquiry and after all, the sums to be repaid to individuals would be in a majority of cases fractional parts of a rupee, some times only a few annas.

6. I had at one time determined to ask for -

for sanction to expend the money to be so restored in any talook or Village in some useful public work such as a well or small choultry in that Talook or Village, a mode which would be both useful and acceptable to the inhabitants. But when Dr. Penny spoke of the necessity of a new Civil Dispensary, it at once struck me that provided Government would forego their claim to the ½ of the penalties, there could not be a better mode devised of spending the whole than in the erection of such a building. It would be of immense and well-merited public benefit, and serve at once as a warning beacon to deter the present Native officials from falling into the corrupt practices of their predecessors, and as a monument to the inhabitants generally, of the punishment that had been inflicted on the delinquents. The difference between the sum which I would thus allot, and the estimated cost may either be borne by Government, or be taken from the funds referred to in my letter of 28th August 1856, being the interest on the allowances of a member of the Nabob's family here who

No. 105.

who for long time contumaciously refused to receive the amount fixed as his monthly stipend.

I beg earnestly to commend the foregoing proposal to the favorable notice of the Board, and trust that in forwarding it to Government they will give it their cordial support. If the scheme be approved of, a detailed estimate and plan, will be at once submitted thro' the Chief Engineer.

Masulipatam Collector's Cutcherry 29th September 1856.

No. 1

To, I. Fraser Esqre
Acting Collector Masulipatam

Sir

In forwarding rough plan of a Dispensary proposed to be erected at this station it will

Fort St. George 15th October 1856

will be sufficient for me to draw attention to the fact, that for many years the situation of the House now used for that purpose, has been objected to, by all the Officers in Civil medical charge, and I most fully agree with them.—

In 1852 the Medical Board in their remarks on the inspection report of the Superintending Surgeon Northern Division, fully admit the desirableness of removing the dispensary from the cantonment to the Bazar. The delay that has occurred, has been, I apprehend, the difficulty experienced in obtaining a piece of ground of sufficient size and suited for the purpose in such a thickly populated Town as Masulipatam, that difficulty is now I trust at an end, as the spot of ground on which it is proposed to erect the new building and which we visited together a short time since will in my opinion, suit very well. It has the advantage of being higher than the surrounding neighbourhood, is easy of access from all quarters and as open a space as can reasonably be expected

Fort St. George 15th October 1856

expected to be obtained for a small sum in a densely populated Bazar.—

If a new building is sanctioned I most confidently anticipate a great increase in the attendance of patients and a corresponding diffusion of the benefits conferred by the institution on the sick poor.—

(Signed) H. I Penny
Civil Surgeon.

Proceedings thereon.

Submitting with the Board's observations a letter from the Actg Collector of Masulipatam proposing to erect a new Civil Dispensary at a cost of Rs 8000 in the town of Masulipatam out of the amount of penalties levied under Reg. IX of 1822 from Public Servants & now held in deposit in his treasury.—

In the above letter the Acting Collector submits a project for the construction of a Dispensary in the town of Masulipatam. The building at present occupied for that purpose was originally a dwelling house and is rented by Government for 25 Rupees monthly. The accommodation it affords is said to be insufficient the general arrangement of the premises inconvenient and the site ill adapted for a Hospital.—

For the new Building now proposed an excellent site is procurable for 450

2.

or

Fort St. George, 15th October 1856

or 460 Rupees and the cost of constructing a Dispensary according to the plan submitted is estimated roughly but liberally at Rs. 8,000. This sum includes the purchase of the site but no deduction has been made for convict labor which is said to be available.

3. Towards the expense of the new building the Acting Collector proposes the appropriation of a sum of Rupees 7398, being the amount of fines levied from Public Servants in the late trials under Regulation IX of 1822. It seems that no further appeal is open against any portion of this sum but about one half of it was adjudged to be returned to different parties, as compensation for illegal exactions. This amount has apparently remained unclaimed and much of it from the deaths of the parties entitled and the trivial sums to be repaid in many instances, will probably never be claimed.

4. The difference between this sum and the estimated cost of the building may

Fort St. George, 15th October 1856

Mr. Fraser suggests, be either borne by Government or defrayed out of the balance of Interest on the arrears of the pension of Cootub ood Dowlah whose case forms the subject of the Board's letter to Government of this date No. 3386 as well as of previous correspondence.

5. On the above proposals the Board have to make the following remarks.

I. The retention in deposit for such a period of that portion of the fines which was not adjudged to be paid to parties was clearly irregular and objectionable. each fine should when the appeal time had expired, have credited to Government the inconvenience involved by applications for refunds being of less consequence than the retention of money for lengthened periods merely in deposit.

II. No time should be lost in tracing out the parties or their heirs to whom sums were adjudged to be repaid. The peculiar circumstances under which these trials were held under it particularly desirable that whenever

Fort St. George, 15th October 1850

whenever compensation was awarded it should be paid not merely to stimulate the people to resist oppression and exaction in future but to show them that the trials were instituted and proceeded with mainly to redress their wrongs. The Acting Collector in addition to making particular enquiries should issue a proclamation showing the names &c of the parties and the sums decreed to them as however it would be inconvenient to keep the accounts open indefinitely, a period say of two years should be named within which the claims will be received.—

III With regard to the appropriation of the moiety which unquestionably belongs to the state the Board observe that as a rule they are averse to such a mode of proceeding and prefer a disbursement from the General Funds of Government. There are however particular and exceptional circumstances in this case which would render the outlay of the sum accruing from these prosecutions on some object of public utility peculiarly appropriate

Fort St. George, 15th October 1850

The Board are of opinion however that the balance of cost should be defrayed by Government or be realized in the shape of voluntary contributions from the residents of Masulipatam.

6. These however are points on which it is necessary to seek instructions from Government for whose consideration the project of constructing a new Dispensary must first be submitted.—

The Board resolve therefore to forward a copy of these Proceedings for the information of Government in view to the adoption of such further measures, as the Right Honorable the Governor in council may see fit to order.—

Sir. With reference to the orders noted in the Margin, I have the honor to submit two Statements Nos 1 and 2 shewing the receipts and disbursements on account of the Local Fund for the Official year 1855/56 or from 1st May 1855 to 30th April 1856. sanctioned by Government for appropriating in the formation and maintenance of roads and Bridges in the District.

2. Government having in their Extract Minutes of Consultation under date the 22d October 1855 No. 709 requested to be furnished with a statement of the mode in which it was proposed to expend the Local

Fort St. George 15th October 1856.

Local Fund a List of the works was furnished through the Civil Engineer and alluded to in Extract from the Minutes of Consultation dated 8th January 1856 No. 25.

21st Novr 1855 No. 2903.

3. The Estimated amount of Rupees 34,000 per annum quoted in Para 13 of the Extract Minutes of Consultation dated 1st June 1855 No. 239 was assumed from the average of the Collections of the Ferry Farms for the five preceding Fusly years but the actual amount for which the Ferries were farmed in Fusly 1265 is Rupees 35,495.

4. In Extract Minutes of Consultation 18th April 1855. No. 239 Government directed that the accounts of the Public Works Department be kept according to the Official year 1st May to 30th April / Deducting the sum to be apportioned to the two closing months

Fort St. George 15th October 1856.

months of Fusly 1265 or Rupees 5,916. leaves a balance available of Rupees 29,579 but to this amount is to be added the proceeds of the sale of Clippings from Avenue trees or Rupees 1632—13—9 making a grand Total of Rupees 31211—13—9.

5. With reference to the works enumerated in the list alluded to in Para 2 and a few others since Considering necessary. the following works were undertaken up to the end of the Official year 1855/56.

Road from Aykode, Via Chalote to Cannanore.

6. The Aykode is one of the two parallel roads which enter Malabar from Canara. The regular Coast line Crosses the Belisapatam river about 2 miles inland while the Aykode road Crosses the river near its mouth in a more direct line and passing through Aykode and some other Villages enters

Cannanore

Cananore viâ Chalote.

Captain Ludlow the Chief Engineer in Charge of the District escamined this road in 1852 and 1853 and recorded his opinion that its "improvement would not only be "of much use to the general traf- "fic of the Country but especially "facilitate the Conveyance of supplies "which are brought in large quan- "tities from that quarter into the "Contonment of Cannanore."

Diaries May 1852 and July 1853

An Estimate for the re- pair of this road amounting to Rupees 1797—3— was forward- ed to Captain Ludlow in Novem- ber 1853 for the purpose of being submitted for sanction, but in august 1855 it was returned by Captain Francis then in Charge of Malabar in order that the work might be executed

To Civil Engineer 14th Novr 1853 No 2158

From Civil Engineer 30th Augt 1855 No 498.

executed from the Local Fund.—

In this interval the late Mr. Conolly, after a personal ex- amination of the road, felt the necessity of doing something towards its improvements and therefore on the 23d April 1855 ordered the Construction of 3 small bridges on "Emergency" at a Cost of Rupees 490—3—5 and Rupees 94—13—9 were expended out of the Local Fund on about half a mile of the road Deducting these two sums from the amount of the Estimate, the balance Rupees 1210—15—7 were in March 1855. set aside for the Completion of the work. For a portion of the line materials were being Collected since april three Bridges have been Completed.

Coodacadow Bridge on the Road from Cananore to Tellicherry.

This road being a J. Continuation of the Coast line

my

For St. George 15th October 1856.

my Predecessor apparently fully sensible of the desirableness of Completing an uninterrupted Communication between the two important Towns of Cannanore and Tellicherry and after a personal examination of the locality in March 1855, proposed the bridging of the Coodakadow the only one of the 3 large rivers† which intersect this portion of the road which remained unbridged and the project was concurred in by Captain Francis.—

† Note The other two, the Cadoowally and the Nadoo-kadow have long ago been bridged. See Captain Ludlow's Diary for July 1853.

The Estimated amount is Rupees 5,056 for a timber bridge and the expenditure to the end of april last, was Rupees 1,556. for materials, which are still being Collected; and as soon as they are ready, work will be Commenced.—

Bridge across the Ellatoor river on the road from Tellicherry to Calicut.

8. Between Tellicherry and Calicut the Coast road is again

For St. George 15th October 1856

again intersected by 3 Rivers. the Mahé, the Cotakel, and the Ellatoor, about July 1855. Captn Francis visited Calicut, and in Conjunction with the late Collector decided on bridging the Ellatore river 17 Miles north of Calicut. It was determined the Bridge should be a Truss bridge on Screw piles on an Estimate amounting to Rupees 9,660. No work was done up to the end of April last beyond Collecting Materials at a Cost of Rupees 6,364-1-6- since then some of the Piles have been driven in, and the work is progressing satisfactorily under the Superintendence of a European Overseer appointed by the Executive Department.

Road from Ellatoor to Calicut.

9. The road from the Ellatoor ferry to the Town of Calicut and Branch roads in that section are under repair by a

18199

Fort St. George 15th October 1856

a party of Convicts from the Calicut Jail, who in Consequence of the distance they have to travel daily from the principal Jail are lodged midway at Poodvangady.

Until December last year, the rent of the house engaged for this purpose Rupees 7 per month was paid out of the annual allowance of Rupees 1,500 for the repairs of the District roads, and since then from the Local Funds up to the 30th April last Rs. 14 being rent for January and February were paid in and that for March and April will be disbursed in May.-

Sanctioned by Govt. 22nd October 1853.-

10. Under the recommendation of the Assistant Civil Engineer then in charge of Malabar, the following works were undertaken from the Local Funds on the road south of Beypoor.-

Repairing road from Beypoor to Betatpoodiangady.

1. Repairing and gravelling where necessary, the main Coast line from Beypoor / the Terminus of the Western Railway / to Pooraparamba distant 11 Miles. Of the Estimated amount of Rupees 3879 Rs. 2,580 — 10 were expended to the end of April — last and of 6,247 Cub. yards of Earth work, 5564 was finished and the remaining portion is in progress.-

2. Repairing and gravelling where necessary, the same line from Panoor to Betutpoodiangady distant 8 Miles; and.-

3 -sary, Repairing, where neces- the road branching off from the main line at Parperangady, to Tirunangady, distance 6 miles.-

The two last works were estimated at Rupees 871 and the expenditure up to April last amounted to Rupees 408 3 5 and altho' up to that period only one half the work was performed yet

yet the whole has been since en-
Completed.-

Boats for the Irly Cadow Ferry

† 19th August 1854

11. A Stone bridge is now
in Course of Construction under the
× sanction of Government across the
Briapatam river where it intersects
the new Tank (Perambaddy) road
No. 4 - here called, Irly Cadow, and
until its Completion, a ferry esta-
blishment being required to be
maintained 2. Platform boats for
this purpose are provided by Govern-
ment. Of the estimated amount
of Rupees 469. Rupees 388 - 6 - 5 were
espended, and 1 Boat finished befo
the end of April last another has
since been Completed.

Sheik Kadow Bridge on the Tillicherry and Anjeracandy road.

12. About 1½ mile
north of Tellicherry a road strikes
off from the Coast line to
anjeracandy. a large Village
in the Chenkul Talook. It
is intersected about midway
by

Fort Saint George 15th October 1856

† See Paras

by the Nadovecadow river, here call-
-ed Sheik Kadow which is intended
to be bridged at an estimated
Cost of Rupees 1226 under the Sanc-
-tion of Government dated 15th
October 1855.-

In forwarding the Plan and
Estimate of this work to the
Civil Engineer the late Mr. Conolly
stated that "the Ferry which it is
"proposed to build is on the road
"betwixt Tellicherry and Anjeracandy.
"The road was repaired on an Esti-
"mate Sanctioned in april 1853
"for Rupees 398 - 10 - 11 and the
"Construction of a Bridge will
"render the line fully efficient.
It is the direct and only outlet
for the Conveyance of all the pro-
-duce from that section of the Country
to the Coast."

To Civil Engineer 4th Sept. 1855. No. 2252

Up to the end of april
last, Rupees 45 had been disbursed

for

For^d Saint George 15^th October 1856

for materials - The work was postponed owing to the rains but most of the requisite materials having been Collected it will be shortly Completed.

Bridges on the Perya and Tamber-cherry roads.

13 Two small Bridges on the Perya and Tambercherry roads have been repaired at the recommendation of Captain Francis at a small Cost.

Repair of Road in the vicinity of Calicut.

14 In March last the subordinate Judge of Calicut having offered to place at the disposal of the Executive Department a party of Convicts for the repair of the roads in the vicinity of Calicut provided they are properly looked after and directed to prevent idleness &^ca the Assistant Civil Engineer Captain Selby, then in charge of Malabar with my Concurrence appointed a Pensioned European on

For^d St. George 15^th October 1856.

on Rupees 20 per month with 2 Rupees for stationery from the 7^th March last to Superintend their work and he has ever since been paid from the Local Fund and has done much towards improving the state of the roads about Calicut.

Gravelling the Parla Cadow Road.

15. In anticipation of the sanction of Government to an Estimate submitted by the Civil Engineer on the 12^th September 1855 for the repair of the Parla / Trunk / road amounting to Rupees 6,500 in which Rupees 1,510 11 " for gravelling was included, M^r Collett commenced the repair out of the annual allowance for the Trunk road. At the close of the year however he had no funds to meet the outlay required on the road and having applied to me I felt justified under the Circumstances

L

of the Case to advance as a loan Rupees 1,541 out of the Local Fund repayable on the Estimate being Sanctioned - Of this sum Rs. 1421 was expended by the end of April and 1249 Linear yards of road have been granelled.

Mangaterry Bridge on the Betutpoodiangady and Parony road

15 A A timber bridge is in Course of Construction across the Mangaterry river (a branch of the Pon-any river running South towards Kootay) which intersects the road between Betutpoodiangady and Parony and Kootay Villages near the Coast line to Ponany - It is also intersected by the Conolly Canal at Arikanchera near Parony.

Of the estimated amount of Rupees 1,700, Rs. 1,377 - 12 - 3, were expended by the end of April last

Diary for Sept. 1856 the Assistant Civil Engineer lately examined the work done and considered it satisfactory owing however to some additional work

work not provided for in the Estimate having been deemed necessary he has promised a Supplemental Estimate for the Completion of the work - two Masonry abutments have been built and some of the Piles driven in.

Paulghat Town and vicinity

16 At the recommendation of Mr. Collett some minor roads & Co. radiating from the Town and Cantonment of Palghat towards the Ranady river and other branch roads were undertaken and the Marginal note exhibits the amount disbursed for these works - up to the end of April last 16 Tunnels the Masonry of another Earthwork and Turfing the sides of 3 roads, and 1850 Cub. yards of Earthwork of the Ranady road were finished.

Estimate Road to Ranady river 1500 & No Sundry Roads &c 150.

1,650 -

Expenditure to April 1856 Road to Ranady river 2 - 0 - 250 Sundry roads &c. 150 400 -

Sewerage of the Cochin Town

For the better sewerage 17. of the Town of Cochin, Capt. Selby in his Diary for April 1855, recommended the opening of a ditch between

between the Ditch of the old Fort and the Backwater and an Estimate amounting to Rupees 306 — 4 — was prepared. The excavation of the Ditch was undertaken entirely by the Convicts in the Jail of Cochin and deducting the amount estimated for their labor Rupees 37 — 4 the difference of Rupees 269 was allowed from the Local Fund for the Construction of 4 Drains across this Ditch and the road passing over it. with Rupees 181 disbursed to the end of April last, these Drains were Completed by July last.

Conolly Canal

18. The Conolly Canal which connects the various back waters from Baddagharry to Chowghaut has also had some small share of the Local Fund.

Roads on the sides of the Canal Eletoor to Calay

19 The roads by the sides of the Canal Connecting the Eletoor and

and Calay Rivers are being put in order on an Estimate amounting to Rupees 317. Of this, Rupees 32 — 15 — 10 was expended to the end of April, and owing to the Rains much has not since been done.

Dams at Pooraparamba and Ponany.

20 In April last a Dam was erected across the Pooraparamba Canal on the recommendation of the Assistant Civil Engineer Captain Selby to protect the bridge and sluice from being injured by the Extraordinary freshes of the Vengaly Lake. The Estimated amount is Rupees 136 and the Cost Rs. 135 — 3 — 10.

Another small Dam was erected across the Ponany Canal to prevent the freshes from Ponany River injuring the

From Saml George 15th October 1856

the Canal at a Cost of Rupees 14-7-1 the full amount of the Estimate.-

Removing Spoil Banks of the Pooraparamba Canal

21. At the recommendation of the Assistant Civil Engineer in charge an Estimate of Rupees 1146-4-4 was prepared for throwing back the spoil banks of the Pooraparamba Canal of the Estimated amount 916-3-3 was escpended before the end of April last. The work will be proceeded with, immediately after the opening of the next ing Season.-

Nine Timber Bridges across the Tanoor Canal

22. In addition to 25 Timber bridges erected across the Tanoor Canal under the Sanction of Government dated 14th September 1854 and 5th September 1855, 9 were undertaken last year from the Local Fund at the recommendation of the Assistant Civil Engineer in charge, on an Estimate amounting

From Saml George 15th October 1856

amounting to Rupees 710- the whole amount was disbursed by the end of April, and 8 Bridges built. Since then the 9th has been finished at an additional expenditure of Rupees 87-7-.-

5 Timber Bridges on the Chowghaut Canal

23. Five Timber bridges across the Chow-ghaut Canal were recommended by the Assistant Civil Engineer in Charge in March last on an Estimate of Rupees 350. To the end of April Rupees 190-8-5 were escpended and 3 Bridges completed and one commenced.-

5 Timber Drains on the sides of the Pooraparamba and Cootay Canals

In February last 24. Captain Selby recommended the construction of 5 Wooden Drains to be built on the banks of the Canal-one at Pooraparamba and 4 at Rootay to lead the water

water from the adjoining Paddy fields into the Canal. The first estimated at Rupees 260 was commenced before the Rains and Rupees 104 — 4 — 11 disbursed to the end of April last, in consequence of the Rains the work was suspended and will be soon resumed, Materials being ready for the work. The other 4. estimated at Rupees 428. have not as yet been commenced with.

5 Timber Drains on the Cootay Canal

25.

Five other smaller drains were also recommended by the same Officer on the Cootage Canal at a cost of Rupees 36. and Rupees 15 — 15 — 2 disbursed to the end of April. for Materials. Since then, 1 has been finished and another commenced — but the water in the Canal prevented

C.R

prevented further progress —

Calicut Bazar Canal

26. An Estimate amounting to Rupees 1853 was prepared for improving the Canal from the Colay River to the Calicut Bazar, and approved by Captain Francis Civil Engineer, of this Rupees 1494 — 2 — 10 was disbursed up to the end of April last and 2250 feet of Canal work and 2 Drains finished since then 1 Drain has been completed as also the foundation of another when the Monsoon arrested further progress. The unusually early and heavy Rains of this year acting on a loose and friable soil, has destroyed much of the work done and the Canal is in parts sadly silted up.

The Assistant Civil Engineer in his Diary for August last recommended the abandonment of this work which if successful would have proved of incalculable benefit to the Producers from the interior for what is now brought by Water has to be disembarked and conveyed again by Bandies or by Coolies from the Colay River to the Bazar a distance of about 1/2 Miles The Canal would have removed these difficulties and allowed the Boats to ply up to the very heart of the Bazar —

In

Wynaad Ferries

27. In accordance with the Extract Minutes of Consultation 24th July 1855, No. 365 the cost of the Ferries maintained in Wynaad has been defrayed from the Local Fund up to the end of April Rupees 239 2 11 was disbursed on this account.

Traffic Return Keepers

28. By desire of the Civil Engineer Mr. Collett employed 8 men at Rupees 4 per Month to keep accounts of Bandies &c. passing over some of the important District roads in the Palghat and Tennulpoor Talooks which communicate with the Trunk Road No. 5 and Rupees 384, being their pay for a year from October 1855, was set aside for this purpose of this Rupees 237 13 10 was disbursed by the end of April last.

On the 19th December last Mr. Collett wrote again that "accurate information such as the Civil Engineer desires regarding the traffic on the road "from Coimbatore to Chittoor cannot "possibly be obtained unless traffic Return Keepers are retained for the purpose" and requested that I would sanction the employment of 2 men for one year, but I was not able to comply as the funds for

for 1855/56 had already been assigned to other works.

A reference under date 22nd December was however made to the Civil Engineer to procure sanction for employing regular Traffic Return Keepers but it was not submitted to the Chief Engineer, I therefore called on the Ferry Contractors to furnish such Returns, but have since had reason to question the Step the returns being obviously incorrect and untrustworthy.

Superintendent of Distract Road and Canals and English Writer

Under the sanction of the Chief Engineer dated 6th December last an English Writer on Rupees 35 per Month has been entertained in my Office from the 10th December last on account of the Marahmut Department and paid from the Local Fund. The Disbursement to the end of April last was Rupees 164 13 5.

Under the orders of Government of the 9th September 1854, Captain Francis recommended Mr. F. Clarke as a Gentleman who would render valuable service in superintending the various works in the District undertaken out

out of the Local Fund and he was accordingly entertained from the 15th December last on a salary of Rupees 200 per Mensem—

On Captain Selby taking charge of the District he requested that in the absence of proper superintendence Mr. Clark might be placed in charge of the Chetinye Dam and he continued there until June last Mr. Clark disappointed us in the hopes that had been formed of him both in character and professional skill, and his services were therefore dispensed with on the 15th June last

Mr. Clark was paid his salary from 15th December to 31st March last Rupees 747—9—10 including the pay of 2 Peons attached to him at Rupees 6 per Month—

In consequence however of his having failed to adjust his accounts of the Chetinye work on which he had been placed in charge and of several items in them having been

been questioned. his balance salary from the 1st April to the 15th June Rupees 500 have been withheld from him—

30. I beg to submit also a Statement shewing the Distribution of the Local Fund for the last and the current official years the Balance Rupees 5,126—5—7 will be disposed of as occasion may require—

31. I regret that I have not been able to shew any more satisfactory result but the state of the District when I took charge of it, the absence of my Head Assistant on leave and afterwards at the Laccadives, the employment of Mr. Collett the Sub Collector on special duty, and subsequent departure from the District, the early setting in of the Monsoon, the violence with which it commenced and the large amount of new and important works which devolved on me, will, I hope be allowed to be pleaded by me as reasons why more progress was not made in the completion of the Works undertaken. It was my intention

to

1821?

Fort Saint George 15th October 1856

to have submitted my views on the manner in which the Local Fund could best be appropriated for the next year but the longer experience of & more intimate acquaintance with the wants of the District which my Successor possess renders such a Statement and Report unnecessary and unadvisable —

32. Adverting to the Extract from the Proceedings of the Board of Revenue dated 19th June last I have the honor to inform you that the information therein called for was furnished in a letter from this Office to the Board of the 27th June 1855. No. 73. —

Abstract

No 1892

Fort St. George 15th October 1855

No. 1.

Abstract Statement of the Receipts and Disbursements on account of the Local Fund in the District of Malabar for the year 1855/56.

Districts	Balance of last account	Current receipts.	Total	Charges	Balance	Remarks
	1	2	3	4	5	6
Malabar	Rupees 34705/02	Rupees 1,032.13/9	Rupees 35,738 4/11	Rupees 16,668 4/11	Rupees 19,070	Of this amount Rupees 3946-10-8 appertains to the months of May and June 1855 which sum has not been advanced as falling within the amount transferred by Government on the 1st June 1855 to be appropriated to Public Works

Collector

Bd. No. 3392
Proceedings thereon

682

The Board cannot regard the explanation now submitted as at all satisfactory in as much as the delay of one Month is merely ascribed to the similar delay of the preceding one. In regard to the Statement for June the Board can readily understand the occurrence of delay in its preparation as the demand for the Fusly had then to be exhibited but the same excuse will not hold good in regard to subsequent Statements, especially when the submission of these has been so greatly delayed as in the present case. The Demand Collection and Balance Statement of

Fort St. George 15th October 1856

of July and August for the entire Presidency are complete with the single exception of Cuddapah and most of those for September are already before the Board.

Mr. Murray is aware of the

2

stress which Government lay on the early submission of these Returns and the Board hope he will use every exertion to meet the wishes so frequently expressed on this subject by Government

Ordered to be submitted with the following letter.

Proceedings thereon
(684-85)

The Board of Revenue authorize the sale, for arrears of Revenue of the lands alluded to in the foregoing letter, and direct the publication in their Office of the advertisement forwarded by the Collector Friday the 21st November next being fixed for the day of sale

2 In the first case it is observed that a number of Tamarind and Cleppa Trees are to be sold apparently without the land upon which they stand, altho' other lands of the defaulters have been attached. This should be avoided whenever possible so as to get rid of the system whereby one person owns trees and another the ground they occupy.

706-7

Order thereon — Ordered to be recorded —

To, G: S: Forbes Esqre.
Secretary to the Board of Revenue.

708

B. No. 2652.

From the Collector of South Arcot — Submits a Tabular Statement showing the present & proposed reduction of his Establishment to meet the Expense of working the Government Press at Cuddalore —

Sir,

Fort St. George —

In reference to Extract from the Proceedings of the Board of Revenue dated 21st April last, No. 1222 and to the Minutes of Consultation forwarded with it, No. 375 of the 12th idem, I have the honor to submit the accompanying Tabular Statement in which I have exhibited the maximum monthly sum which (including contingencies) will be as required

required to work the Printing Press and the reduction — I propose making in my Establishment to meet the expenditure as far as 49 Rupees —

2 — At present the Monthly cost of the Establishment for working the Press is Rupees 63 as given in the Margin, and the contingent Charges have come to about 9¾ Rupees making a total of 72¾ Rupees a Month —

	Rs.
Head Compositor	30.
Assistant Do.	12.
Press Man	10 —
Baller	6 —
Messenger	5 —
	63.
	3 —

4 — The pay which is at present given will not however, I think be adequate when the work increases at the Press, and I therefore solicit that I may be vested with discretionary power to raise the wages of the people employed and to entertain another Assistant to the Compositor when I find it desirable or necessary, so that the total expenditure shall not exceed the maximum sanctioned. —

I beg to observe that in order to make up for the outlay, I have already dispensed with the Shroff and have recommended the holder of the Goomastahs' situation for a Pension + from the 1st Instant. I do not think that the

+ Under date the 19th June 1856.

the English Writer should be summarily dismissed, but that the situation should be abolished when it becomes vacant.

5. Thus eventually 49 Rupees a Month will be saved as a counterpoise to the cost of working the Press and judging from Mr. S. N. Ward's letter of the 26th January last, forwarded with the Proceedings of the Board of Revenue dated 21st April No. 1222, it appears to me that he could without any difficulty effect a reduction in the Establishment of his own and of his subordinate Courts to the extent of 20 or 25 Rupees a Month. The remainder would be made good by charging for printing documents for other Departments and for Private Individuals when the scale of prices is received.

6. I take this opportunity of soliciting the sanction of Government for the actual expenditure already incurred on account of the Press as shewn in the following Table, from the time it was transferred to my charge up to the 30th Ultimo.—

Month.

Months.	Establishment.		Sundries.		Total.	
	Rs.	A. P.	Rs.	A. P.	Rs.	A. P.
March	63	" "	15	" 6	78	" 6
April	63	" "	4	12 6	67	12 6
May	63	" "	10	" "	73	" "
	189	" "	29	13 "	218	13 "
June	63	" "	9	4	72	4 "
	252	" "	39	1 "	291	1 "

7. I beg also to be informed whether the stoppages made in accordance with the proposition contained in my letter of the 1st March last amounting in the aggregate to Rupees 144-"-"- up to the end of last Month, should be carried to the credit of Government or returned to the parties from whose Pay they were taken.

8. In conclusion I have to report that under the authority granted by Government in Para 6 of the Minutes of Consultation dated 12th April last No. 375, I have purchased a wooden Press at Pondicherry for Rupees 60 and I am making use of it.—

South Arcot Collector's Cutcherry,
Cuddalore 12th July 1856

(Signed) Arthur Hall.
Collector.

18238

Fort St. George 16th October 1856.

Ordered that the following letter be sent in reply-

To the Collector of South Arcot.

(Nº 109)

Rs. Nº 3420.

To the Collector of South Arcot-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your Communication Nº 2652 dated 16th October 1856 transmitting Abstract and Proposition for certain arrangements connected with the Printing Press attached to your Office, and to request you will be so good as to favor the Board with the information called for in the 2nd Paragraph of the Board's Proceedings of the 12th July 1856 regarding the establishment of your Press.

2. Also to favor the Board with the following particulars-

1. Head Compositor	30.
1. Assistant Do	12.
1. Apprentice	10.
1 Peshcar	6
1 Baller	5
	63
1 Messenger	

To Fleet this disbursement you have also to forward Abstract Establishment & Proposition for the following reductions in your present Establishment viz-

1 Shroff	Rs	14 — " —
1 Goomastah	"	24 — 8 — "
1 Writer	"	10 — 8 — "
		49 — " — "

I have the honor to be Sir Your most obedient humble Servant

(Signed) Arthur Hall.
Collector.

Nº 2652 Inclosure 16th October 1856

Abstract attached to the Proposition.

3. The Board are willing to support the above arrangement so far as it goes, but as you are requested in conjunction with the other public departments in South Arcot to make provision for the remaining portion of the expenses, inclusive of Contingencies. It seems to the Board however that Messenger to be employed exclusively on the press is hardly necessary, as one of the peons of your general Establishment might be employed on such work. This point will be left for your consideration.

4. You also desire to be vested with discretionary power to raise the wages of the people you may employ for the press, and to entertain another assistant compositor when necessary.

5. By the recent order of Government the press Establishment is to be borne on the public Moyen zabitah and the Board are unable to say whether the Government would be willing to concede the power you apply for, under any circumstances, the Board consider that the surplus earning of the Press are the Fund from

G. O. 26th Sept. 1856.

from which such expenditure should be met, the Establishment at the outset being limited to the actual exegency and your power of carrying out reductions in your general Establishment.

6. You also request sanction for Rupees 291-1- being the expenses incurred on account of the Press from March to June 1856.

G. O. 21st April 1856 para 12 of Bds Pro:

7. The Government having already ruled that every charge connected with the Provincial Presses, except the original outlay shall be met by reductions, the Board are apprehensive that your application will be demurred to by Government, although the circumstances of your press are exceptional in so far that the want of Tamil type crippled its efficiency for some time - some portion of this charge may they think be met from the earlier earning of the press the amount of which you will report.

8. You will be so good as to submit your final proposals for the working of the Press, in the form circulated from this Office on the 26th September 1856.

To,

Fort St. George 16th October 1856.

To,
G. S. Forbes Esqre
Secretary to the
Board of Revenue.
Fort St. George.

B. No. 3313.

From the Collector of Rajahmundry

Requesting that the name of Tummana Venkatasawmy may be entered in the list as having obtained a prize of 50 Rupees for the sample of Saltpetre exhibited by him at the last Exhibition.

Sir,

I have the honor to request that, if not too late, the name of Tummana Venkatasawmy of Rajahmundry may be entered in the list of Prizes awarded at the last Rajahmundry Exhibition as having obtained a prize of 50 Rupees for the sample of Saltpetre exhibited by him.

2. In the Committees report, when enumerating the different kinds of Machinery &c. exhibited from the workshop at Dowlaiswarum, we omitted to notice an Archimedian screw for raising water with which the Committee were much pleased.

Rajahmundry District,
Dowlaiswarum 19th August 1856.

(Signed) A. Purvis.
Collector.

B. No. 3408.

Proceedings thereon.

(710-11)

It is observed that the Board's general report upon the results of the Exhibition dated 10th July 1856 embraced also the letter from the Secretary to the Rajahmundry Exhibition Committee, and

Fort St. George 16th October 1856.

and that Government have already sanctioned the amount therein specified for prizes. It is therefore now too late to include T. Venkatasawmy's name in the list of successful competitors for prizes.

To,
G. S. Forbes Esqre
Secretary to the Board of Revenue.
Fort St. George.

B. No. 3440.

From the Collector of Coimbatore

States that Narasiah Royasum of Pollachy was dismissed from being guilty of gross carelessness and unworthy of Official confidence.

Dated 11th July 1856. No. 2204.

Sir,

With reference to para 5 of Extract from the Minutes of Consultation dated 7th ult. and Board's Proceedings, as noted in the margin, I have the honor to state for their information that Narsiah Royasum of Pollachy Talook therein referred to, having been guilty of gross carelessness, if not of some connivance, in an enquiry on a murder case, I was compelled to dismiss him, as unworthy of further Official confidence.

(Signed) E. B. Thomas.
Collector.

(714)
Bd's No. 3909.
From the Acting Collr. of Ganjam

Sir,

From the Records of the Commissariat the Board will see that no Gomastah is allowed for the Treasury at Chicacole and only one has it has been the Custom for the Cash Keeper to keep their own private Gomastahs to do the duty this obtains Servants to do the duty this objectionable practice I have as far as possible put a stop to, by employing two new on peons pay to do duty at each Treasury when making Reductions to meet the charge of the Peons these two were struck out and I intend in a Revised Moyenzabitah now under preparation to provide for two Gomastahs in their stead in the mean time I have kept them on and trust the Board will sanction the arrangement as when preparing for the Receipt of the Peons I did not fill up vacancies as

1824.5 Fort St. George 16th October 1856.

as they occurred in this way there is a sum of Rupees 135-7-8 unexpended, and this will more than pay there remain till sanction can be received to the balance I hope I may expend on the various petty Expenses incident to the setting at work of the Press.

B.R. No. 4004
From the Collr. of Rajahmundry

Forwarding in reference to Boards letters of the 29th August 1855 and 15th April 1856 Return of Yeamahdars prepared in the form therewith circulated.

Sir

As required in the letters from your office under dates the 29th August 1855 and 15th April 1856 I have the honor to forward herewith the Return of Yeomiahdars prepared in the form therewith circulated.

2 In reference to the latter part of Para 2 of the minutes of Consultation dated the 25th July 1855 I beg to state that no particular measures have hitherto been adopted for checking imposture other than those mentioned below. Here are it will be observed but 6 individuals who are in the receipt of stipends which properly perhaps fall under the term "Yeomiah" The number of Cases is indeed but few persons at Rajahmundry drawing an allowance for the support of a School being classed as one the above all being men and their identity being annually investigated into and established there can I think be no doubt they are the parties Rightly entitled to the Yeomiahs they receive The individuals from No. 6 to 16 are those to whom allowances in lieu of their resumed Enams were sanctioned under dates the 20th June 1848

and

and 5th January 1855 and perhaps should not have been entered in the list of Yeomiahdars at all though as a Case of doubt I thought it best to include them- They all whether male or female appear in public and their identity is annually investigated with Reference to the descriptive Rolls on Record in this office Care will be taken that the Service for which the allowances are granted is duly performed-

3 In Regard to the ratio of Lapses among males and females of different ages I Regret to that I am unable to submit any Satisfactory information which is perhaps of less Consequence as the number of existing Receipients to the Districts first be Came under British Government in 1768 but until the year 1803 parts of it were included in 3 Divisions under the Chief in Council at Masulipatam- The accounts of these years are in so Confused a State as to Render it impracticable to obtain the information wished for- The Yeomiahs payable in the year 1804 and the Lapses in each decade since are given below but I am not able to exhibit the ages at which the Lapses took place-

Yeomiahs

	Number	Amount Rs	A	P
Yeomiahs payable in 1804	85	3979	7	6
Lapses from 1804 to 1814	13	546	10	3
Remaining payable in 1814	72	3432	13	3
Lapses between 1814 and 1824	58	2284	11	6
	21	1148	1	9
Add newly sanctioned during the above period	3	219	14	0
Remaining payable in 1824	27	1367	15	9
Lapses between 1824 and 1834	13	548	10	1
Remaining payable in 1834	14	819	5	8
Lapses between 1834 and 1844	6	444	10	2
Remaining payable in 1844	8	374	11	6
Lapses since that period	3	156	6	8
	5	218	4	10
Add Yeomiahs newly sanctioned in the Cistaramachendrapom Talook	11	93	0	0
Remaining payable in 1854 or to the present period viz. 1st July 1856	16	311	4	16

Bd. No. 3106 To the Secretary to Government 3 / Inls 16 Octr No. 4144

Sir,

I am directed by the Board of Revenue to submit for the orders of the Government the accompanying letter from the Collector of Nellore enclosing original letters addressed to the Board and the Right Honorable the Governor in Council by the Zemindar of Venkatagherry who intimates therein his intention of proceeding on a pilgrimage to Ramaswaram, and requests that 4 Circar Peons may be deputed to attend upon him during his journey and that the authorities of the Districts through which he may pass may be instructed to shew him respect and afford him aid in procuring supplies.-

To Govt 3d March 1855 / Extract Minutes Cons 18th Do No 367 / In Cons 20th Do

2 The Board observe that on a former occasion when the Zemindar of Calastry proceeded on a pilgrimage to Ramaswaram, they with the sanction of Government, directed the Collector of the Districts through which he was to pass, to facilitate his journey and afford him assistance in procuring supplies. The Board will, if the Government see no objection pursue a similar course on the present occasion, and will also instruct the Collectors as they did on the occasion above referred to, to take care that payment is duly made by the Rajahs Establishment for all articles supplied at the same time the Board think an honorary escort of Peons would be a sufficient mark of consideration supplies being readily procurable on the main roads on payment.- Signed J. Revenue Board Office — Signed/ J. D. Sinn Sy Secretary

Fort St George 16th October 1856

Remarks

Fort St. George 16th October 1856

No. 1

Remarks of the Board of Revenue on the Estimates of Extra Charges proposed to be incurred in Fusly 1266 in the undermentioned districts.

From the instructions issued by the Civil Auditor to Collectors regarding contingent, Extra and variable charges, the Board observe that the whole of the items entered in the Masulipatam and Cuddapah Statements excepting one in that of the former district, come under the description of charges which do not require the previous Submission of Estimates and will be passed by the Officer on ordinary audit.

Peons Salts Rs 15

2. Under the same orders the Board have excluded from the Estimates of Madura and North Arcot the Charges for binding books as the sums expended on that account will in like manner be passed by the Civil Auditor. Deducting the charges above noticed the Board recommend under the explanations afforded by the Collectors in the accompanying Estimates, that Sanction be

Fort Saint George 15th October 1856

be granted for the proposed disbursements amounting to Rupees (195) one hundred and ninety five.

3. The Board observe that the estimated and not the actual charges on account of last fusly should have been entered in the Madura Statement. The necessary alteration has been made in this Office and the Collectors attention will be called to the Board's Circular Order dated 7th May 1855 para 2 No. 1138.

4 It is also observed that several items estimated for in Fusly 1265 in the Masulipatam, Madura and North Arcot Districts are not exhibitted in the Estimates for fusly 1266. These omissions have been entered from the Statements in the Board's Office, and the Collectors will be requested to see that the whole amount estimated for in the previous fusly is exhibited in comparision with that for which the Statements is prepared.

The

Fort Saint George 16th October 1856

5 The attention of those Officers will also be called to the Extract Minutes Consultation dated 31st March 1836 No 347, directing that fractions of a Rupee be omitted in the amounts of Charges proposed to be incurred under Estimates.

Bd C. O. dated 8th May 1856 No 1396

6 Adverting to para 6 of Extract Minutes Consultation, dated 1st October, 1856 No 1047 it is observed that all the Estimates of Extra Charges for Fusly 1266 have now been Submitted to Government. The Collector of Trichinopoly and the Officiating Agent of Kurnool report that their Estimates are blank and none were therefore transmitted. The Officiating Agent explains that the cause of the delay in reporting the non transmission of his Estimate was owing to his not being aware that it was required at so early a period.

Bd No 3432 Proceedings

Read Endorsement of the Collector of Rajahmundry on Petitions No 202 of 1854 147-2538-2066 and 2065 of 1855.

The Board concur with the Collector that the original Enam should at once be restored to Petitioner whose claim to the profits of the land while wrongfully kept out of his possession seems also unquestionable.

The Board do not however clearly understand how this recovery is to be made or what will be left to the actual occupant of the land after deducting the Government assessment On this point the Collector will afford further information. He will also explain

2

Fort Saint George 16th October 1856

explains whether the arrear which was remitted was equal to the full value of the grain so washed away by an inundation while under attachment and if not, he will state the amount of the arrear and the value of the grain, that the Board may judge how far the remission of the arrear was a just compensation for the loss of produce, on the ground of that the attachment. If the crop has unduly protracted by the neglect of the Officers of Government and led to its ultimate loss.

Ordered that the following Endorsement be passed on Petitions Nos 202 of 1854, 147, 2538, 2066 and 2065 of 1855.

"Petitioner is informed that the Board have ordered the restoration of his Enam. The other matters of which he complains are still under investigation."

To the Collector of
Rajahmundry.

Returned herewith
Dated 31st Oct. & Con. 14th Oct. 1856

To
The Collector of
Rajahmundry

Sir,

I am directed by the Board of Revenue to observe that the entries in the comparative statement No 2 which accompanied the Demand Collection and Balance Statement No 1 submitted by you for September have been incorrectly made. The statement No 2 you will perceive from its heading should contain the collections for the last and present Fasly up to the 30th September that is the aggregate of the 3 months July, August, and September. Instead of this however the collections of the month of September only have been entered.

2 You will be pleased to submit an amended statement without delay and guard against similar inaccuracies in future

No. 100

To
G. L. Forbes Esqr.
Secretary to the
Board of Revenue
Fort St. George.

Sir

763 — Bde. No. 3313 — From the Collector of Canara. — Informing that under the authority conveyed in the Board's letter dated 2d November 1855 No. 2220 impressions of the translations of 8 Regulations IV V & XI of 1816 have been struck off & forwards a Copy of the same for their information.

With reference to the authority of the Board, conveyed to me in your letter of the 2d November last, I have the honor to State for their information, that I have had Canarese translations of Regulations IV V & XI of 1816 prepared and 2220 impressions struck off at the Mission Press at this station, at a Cost of Rupees 51.8.12.0 including paper sketching &c &c and beg to forward one of these Books for the inspection of the Board.

I was authorized to grant 2275 Copies of these Regulations for the use of this District exclusive of those ordered for Coimbatore; but the 2 number I have had prepared will be ample for the use, both of the Village Officials here and the Coimbatore District also. The Patailships now in existence do not number more than 1960, and they will be greatly reduced probably in a short time, so that many Copies will still remain on hand after each Patail is supplied, and can either be sold to private individuals, or reserved for future distribution.

Twelve

Fort St.ª George 17.th October 1856.

Bellary Rs. A. P. 2. 15 - 5
Coimbatore 49. 7 - 11.
52-6-5

3 Twelve Copies have been sent to the Collector of Bellary on his requisition. The Value of this Number, and of those sent to Coimbatore will be recovered from the respective Collectors, and I request that the Sanction of Government may be obtained for the amount to be debited to this District.

Canara Rs. 196-3-7

4 This money will be recovered from the Patails & Village Accomsiffs to whom the Regulations are supplied; if the Board see no objection; for this I am directed to charge but 2 annas for each Copy. I think the full value may be demanded if the publication is distributed as I now propose to do after the necessary improvements in the Village Police (a report on which is about to be submitted) have received the Sanction of Government, and these Servants are in receipt of fair remuneration for the Services demanded of them.

Collectorate Cutcherry

Fort St.ª George 17.th October 1856.

Ordered to be Submitted with the
forwarding letter.

(783-64)

Bd.s No.s 31, 51
To The Secretary to Government
Submitting a letter and its Encl.s from the Collector of Canara and recommending that sanction be granted for the disbursement of Rs. 528-12-0 the charge incurred for printing 2220 Copies of Canarese translation of Reg.n XVII of 1816 for distribution in his own District and in Coimbatore & Bellary.
(Encl.s 19 Oct.r 1855.)

To The Secretary to Government
Revenue Department.

Sir,

With reference to Extract Minutes Consultation dated 6.th September 1855 No.s 633, I am directed by the Board of Revenue to submit for the information and orders of the Right Honorable the Governor in Council the accompanying letter and its enclosures from the Collector of Canara, dated 20.th August 1856, requesting sanction for the charges incurred for printing 2220 Copies of a Canarese translation of Regulations XVII of 1816 for distribution to the Village Officers of his district and to some of those of Coimbatore and Bellary.

2 When the circulation of these enactments among the Village Officers was ordered by Government, it occurred to the Board that the Collector of Canara could with the least difficulty and delay furnish a translation in language easy and familiar to the people and accordingly desired him, to do so and authorized him to have 2175 Copies printed at the Mission Press at Mangalore for the use of his own and the Coimbatore district at the same time the Board pointed out the Modifications which would be required in

(dated 2.d Nov.r 1855)

in the text.

3 It will be seen from the Copy furnished by the Collector that the work has been performed in a satisfactory manner.

1 The authorized Number of Copies have not been printed because of the contemplated reduction in the Number of Potails. Of the printed Copies 212 have been sent to Coimbatore and Bellary and the remainder, the Collector states will be more than sufficient for distribution in his district. The Board approve of the manner in which the Collector proposes to dispose of the surplus Copies.

Copies Price
Coimbatore 200 Rupees 7-4
Bellary - 12 - 2 - 15 - 5

5 The Collector requests sanction for the disbursement of Rupees 196-5-7 being the cost of the 2,008 Copies required for his district leaving the price of the Copies furnished to Coimbatore and Bellary to be recovered from the respective Collectors. The Board however recommend that the entire charge which must be disbursed in Canara (if it has not already been done) be at once sanctioned and debited against the 3 Collectorates in the proportions shewn in the margin, the recoveries in each being credited to Government as they are realized. This Course will obviate further reference to Government from Bellary and Coimbatore.

Rs. A. P.
Canara - 190 - 5 - 7.
Coimbatore 149 - 7 - 4
Bellary - 2 - 15 - 5
548 - 13 - 4

6 With reference to para 13 of the above

above quoted Extract Minutes Consultation, the Board agree with the Collector in thinking that the actual cost or rather the round sum of 4 annas should be charged per each Copy supplied to Village Officers, or purchased by private individuals. This price though in excess of the sums originally determined on, as well as of the probable Cost of the Copies in the other languages now being printed at the Gazette Press, may reasonably be required from the Village Officers for a publication so useful, in the discharge of their duties.

Fort St. George.

Sir,

I am directed by the Honorable the President in Council to forward for the information of the Right Honorable the Governor in Council the accompanying copy of a correspondence with the Government of Bombay on the subject of the proposed abolition of the export duty levied on Goods passing by land from British districts into the Goa territory.

2 As there are similar duties levied on Goods exported from the Madras Presidency into Goa

Fort St. George, 17th October 1856

Goa for the abolition of which there are probably equally good reasons as those advanced for the abolition of the export duties levied at Bombay His Honor in Council requests to be favored with the sentiments of the Right Honorable the Governor in Council on the subject.

Fort William,
the 12th October 1855.

(Signed) C. Beadon
Sec.y to the Govt. of India

No. 3762 of 1855.

To
C. Beadon Esqre
Secretary to the Government
of India

Sir,

Under Section I of act II of 1852 Government levy duties at the rates prescribed in the Schedules of Act I of 1852 on Goods passing by land into the Goa Territories.

2. It has been represented by the Superintendent Revenue Survey and Assessment Southern Mahratta Country that the people of Goa consume to a considerable extent the raw produce and coarse manufactures of our Territories, particularly the common bast fibres which are manufactured at various places

Fort St. George, 17th October 1856

places in the British dominions the trade in which has greatly suffered by competition with European Manufacturers Captain Anderson is of opinion that the abolition of these export duties, exacted by the British Government, will tend greatly to increase the trade with the Goa Territories and possibly lead to a reduction of the import duties, which are levied by the Portuguese authorities, and alleged to be very much heavier than those levied by us, and thus, "the gain to our manufacturers and Producers would be largely augmented."

3. The Right Honorable the Governor in Council admits the force of what is urged by Captain Anderson and is of opinion that if the Goa Government would lower the duty of imports it would be worth while to abolish our export duty on their frontiers.

4. I am however, desired to refer the matter for the instructions of the Government of India

Bombay Castle
the 7th September 1855

(Signed) H. Young
Offg. Chief Secretary to Govt.

Fort St. George, 17th October 1855

No. 1334.

To, H. Young Esqre
Officiating Chief Secretary to
the Government of Bombay

Sir,

I am directed to acknowledge the receipt of your letter No. 3762 dated the 7th ultimo proposing to abolish the export duty levied on goods passing by land from British districts into the Goa territory, provided the Goa Government will agree to lower the import duty on such goods.

2. The Honorable the President in Council observes that the argument in favor of the proposal is that the Goa people largely consume the raw produce and coarse manufactures of your territories and that "the gain to our manufacturers and producers would be largely augmented" but it is not stated to what extent a reduction of import duty by the Goa Government would induce the Right Honorable the Governor in Council to consent to a repeal of the export duty now levied, nor does it clearly appear why exports by land to Goa should be treated differently from exports by

Fort St. George, 17th October 1855

by land to any other foreign territory or why the measure should be confined to exports from the Presidency of Bombay.-

3. The proposed measure appears to his Honor in Council to be a partial one and to require fuller consideration and enquiry before the Government of India can well give an opinion upon it. I am therefore desired to request that under the orders of the Right Honorable the Governor in Council you will report more fully with reference to the above considerations to the amount of Revenue affected and to any other circumstances bearing on the subject. The Government of Madras has also been consulted.-

To The Secretary to the Government.-
of India

Sir,

I am directed to acknowledge your letter of the 12th October, enclosing correspondence with the Government of Bombay on the subject of a proposition by that Government to abolish the duties

Fort St. George, 17th October 1856.

duties on goods exported by land from the British Territory into Goa, and requesting the opinion of the Governor in Council of Madras on the subject the territory of this presidency also being concerned.

2. I am instructed to point out in reply that land Customs are levied under this presidency on goods passing into and out of all Foreign Territory on the coast whether European or native including Goa. These duties though nominally land Customs are in reality, to a great extent Sea Customs, a large proportion of the commodities passing being transported into the Foreign Territory not for consumption but for Shipment. This Government have recently laid before the Government of India a recommendation for the abolition of export duties and they are of opinion that when this is done it should be accompanied by the abolition of all duties of export on goods carried across the Frontier by land.

Submitting with the Board's observations a letter from the Collector of Madura enclosing the final decree of the Sudder Udalut in the Coonatoor Chuttrum case together with sundry correspondence on the subject of requesting sanction for disbursing the costs of the suit adjudged against the Collector amounting to Rupees 589-13-

In Cons. 2d October 1856 No. 3085

To The Secretary to
Government.
Revenue Department.

Sir,

With reference to the correspondence noted in the margin, I am directed by the Board of Revenue to submit herewith a letter from the Collector of Madura dated 8th August 1856 forwarding the final decree of the Sudder Udalut in the Coonatoor Chuttrum case, I am also desired to transmit the correspondence which passed between the Collector, the Board, and the Government Pleader on this subject since the date of the last order of Government.

Board's Proceedings
11th September 1851 No. 39
Extract Minutes Consultation
25th September 1851 No. 973
In Cons. 29th September "

From Madura 17th July
in Cons. 21st August 1854
To Government Pleader
21st August 1854
From Do. 20th Novr. in Cons.
7th December 1854.

2. The Suit, as the Government are aware was originally brought by the widow of the

the late Huckdar of the abovenamed Chuttrum to establish her title to the office held by her deceased husband, on the ground of its being hereditary. The defence set up was that as the Plaintiff was disqualified from personally superintending the affairs of the Chouttry and her husband had no property in the office the Collector was justified in appointing another party to it under the provisions of Regulation VII 1817.—

3. The suit was prosecuted with varied results though the Subordinate and Civil Court was finally appealed to the Sudder Adalut the substance of whose final decision is that the office is hereditary and may be vested in a female, the duties being performed by deputy.

4 The whole of the salary of the office of Huckdar in deposit amounting to Rupees 3468—3—" has been ordered by the Board to be paid in to the Civil Court of Madura in conformity with the instructions of that Court, the Collector was at the same time

To Collector 2. October 1850.

time desired to urge on the Court the claims of the party who superintended the affairs of the Chuttrum since the late Huckdar's death to compensation to the extent of one fourth of the amount of the allowance.—

5. The Collector has been adjudged to pay the costs which amounts to Rupees 589. 13.— " and the Board request that sanction may be granted for the disbursement of this sum.—

6. The Board do not think it necessary to trouble Government with a review of the whole circumstances of this case. The Decree establishes one point. Viz.t that a Female can under certain circumstances hold an office of this nature but in other respects they do not regard the suit as one of great importance. In the case of the present Chuttrum a separate allowance for the Superintendent has always been fixed, and it seems of little consequence to Government by whom any Chuttrum is managed so long as the endowment

Fort St. George, 17th October 1856

endowment is duly appropriated. The attainment of this object is sufficiently provided for by Regulation VII of 1817.

Bd. No. 3344.

From the Collector of Chingleput.

Sir,

Affording explanation in regard to certain remarks of the Board on the statement of Contingent charges submitted for the last Quarter of the official year 1855/56.

Adverting to Para 2 of the remarks of the Board of Revenue on the Statement of Contingent charge incurred in this District during the quarter ending 30th April 1856 I have the honor to state for their information that the cash chest of the Pyanoor Salt pans has heretofore been lodged in a Public choultry where the Cutcherry is held, there being no Government building for the purpose but the insecurity and openness of the place rendering it no longer expedient to deposit it there, it was considered necessary to rent a house for the same till a proper building

Fort St. George, 17th October. 1856.

building could be provided for which the necessary estimates has been framed as the Cotaur is, however proposed to be abolished under the contemplated reduction and the number of Salt Pans lately submitted for the Board's consideration, the commencement of the building has been deferred pending their final orders on the subject.

2. In reference to Para 3, I beg to state that the charge for the lamp Oil therein adverted to, has not been incurred on account of the Magistrate's convicts at Gundy for which the sanction of the Inspector of Prisons is annually obtained but for the use of parties who were confined and the Talook choultries who were confined in default of payment of the fines imposed on them or for petty thefts of which they were convicted. The charge would not seem therefore to come under the observation of the Inspector of Prisons as it has been usually entered in the

Quarterly

18299 Fort St. George, 17th October 1856

Quarterly Statements of Contingent charges not exceeding 20 Rupees each forwarded to the Board and has been duly passed by them. Should they now however be of opinion that it should be passed hereafter by the Inspector of Prisons a separate Statement will be submitted to him for sanction on the same being intimated to me.—

3 The instructions contained in Para 4, will be duly attended to in future.—

From the Collector of Rajahmundry

Submitting for Board's consideration and decision a question regarding the cutting of firewood in Proprietory Villages.-

Sir,

Differences have frequently arisen in certain of the wooded Talooks of this District as to the right of Government Officers and private individuals to cut firewood or wood for charcoal &c within the limits of the Proprietary estates and villages without the consent of the Proprietors.-

2 There has been a practice of supporting even private parties in cutting firewood within the tracts so referred to, and orders have been issued by former Subcollectors to this end. Mr Faulkner the Superintendent of the Messrs Arbuthnot & Co. Sugar Factory near Rajahmundry lately addressed an official application to the villages most frequented for the purpose are situated, — to support his firewood cutters or contractors under similar circumstances,

Fort St George 17th October 1836.

circumstances and the Sub Collector referred the question for my instructions, giving it as his opinion that Proprietory villages are to be regarded as private properties and that any infringements of private right ought to be prevented and the Proprietors be supported in their stopping parties not having their previous authority from cutting wood &c.

3 I have no doubt whatever after a reference to the permanent cowle under which the Estates and villages are held that the present sub Collectors view is correct and that the Proprietors or their servants have a perfect right to stop any one from cutting wood within the limits of their village without having previously obtained their permission to do so, but as certain orders issued on former occasions by the Board would seem to shew that the matter may admit of a question, I think it best to refer it for the consideration and

Note 10 & 11 under the head Premiums Circulars B.O.B. Vol. 2 Page 210.

Fort St George 17th October 1836

and decision of the Board.

4 In my opinion Government Officers requiring wood for Public purposes must in common with private individuals make their own arrangements with the owners, and, if I mistake not Government have lately declared that this is the proper course to be followed.

Rajahmundry District
Collectors Office
Cocanada
11th September 1836.
B. No. 3459
Proceedings thereon
(800-801)

(Signed) A. Purvis
Collector

The Board observe that as a general rule the Proprietor of an Estate is undoubtedly entitled to the timber on his property unless it has been specially excluded from his summud. The villagers on the estate may have prescriptive rights to fuel &c. but as regards other parties they must fully establish their claims in the usual course before they can expect support in enforcing them from the Officers of Government.

2 The views of Government as to the provision of fuel &c. for their own purposes have been expressed on various occasions and fully recognized

Fort St. George 17 October 1856.

recognise the justice and necessity of such supplies being purchased where ver they may prove to belong to private individuals.

3 The case of each Estate must of course be decided on its merits, as circumstances may vary from special reservations in the Summud admitted prescriptive right &c &c But the general rule is as above stated and the practice of the District must be regulated accordingly both as regards Government and private individuals.

Senganee	1
Sunnavetty	1
	17

Fort St. George 17 October 1856

2 These villages together with another in the same neighbourhood called Amravaty are entered in the Sistemrat accounts of Fasly 1211 as Amindar a Rent amounting in the aggregate to Rupees 11543 10 8.

3 Not long afterwards Amravaty was exclnded from the Rent and kept in Amanee The Rent of the 17 Villages however has been renewed at the expiration of each term to the end of 1265 owing there is reason to suppose to the Zemindar feeling unequal to manage the ryots who are all of one caste, and probably also out of favor to the Natacotay Chettier who live in them and are accustomed to advance money to the Zemindar.

4 The renters were some of the principal Ryots of the Villages who realized the Revenue on no fixed principles, lent at so much per Karay or share an agreement with the Ryots.

I

it was almost immediately made over to the Ryots.

From the Collector of Rajahmundry

Sir

With reference to the Extract from the Proceedings of the late Commissioner for the Northern Circars under date the 4th March 1836 I have the honor to state that the party whose petition was forwarded therewith shortly after the receipt of the orders of Government dated 21st September 1847 intimated that he was residing at Jonnej, that the houses at Peddapoor were in need of great repair and that he was preparing to address Government regarding the Zemindary but gave no decided answer as to his wish to occupy the houses they as stated by the Petitioner now require extensive repair. The Petitioner declares his inability to put them in order and requests that the necessary repairs may be made by Government in the same way as has been done in regard to the Kotaramachendra Poor. Properly Compliance with this request seems quite uncalled for, as

Petitioner

1835 Fort St. George 17 October 1836

Petitioner is still Zemindar of the profitable Estate of Cottaum and has the means of repairing the houses if so inclined. It does not appear that they were put up for sale with the Estate. They are still looked after by Petitioners Servants.

Rajahmundry, Collector's Office, Cocanada 29 Sept. 1836 / Signed / A. Purvis Collector

B. No. 3433.

Proceedings thereon

806-7

The Zemindar having sufficient means to repair the building in Reddapoor which during the pleasure of Government have been literally placed at his disposal for residence the Board cannot recommend that the expence of repairing them should be borne by the Government.

2 The buildings being the property of Government the Collector should take care that the apparent neglect of the Zemindar to keep them in proper repair is not productive of serious injury, as in that case the Board presume that Government would withdraw the privilege accorded in Extract Minutes of Consultation 21st September 1827 No. 1031 A as it could scarcely have been intended that the Zemindar should retain them and yet permit them to fall into decay.

Bs. No. 4111

From the Collr of ...

Tinnevelly .....

Sir,

I have the honor to forward an Advertisement for the Sale of the Village of Alagapoory attached to the Estate of Vadamelatal in this District, for the recovery of arrears of Revenue Amounting to Rupees 1076–15–3 including interest up to 30th Ultimo, due by Mootooweerakatal Sanny Moneagar, the proprietor of 4/5ths of that Estate on account of Fusly 1265.

Forwarding an advertisement and a statement for the sale of the Village of Alagapoory in the Estate of Vadamelatal for the recovery of arrears for Fusly 1265 amtg to Rs. 1076–15–3 including Interest upto 30th Ultimo.

2. The said proprietor in reply to an Order sent to him on the 21st August 1856 directing him to pay the arrears within three Month, reports under date the 3d Ultimo, that a balance of Rupees 125–10–9 is outstanding against the Ryots of his Village and that he is unable to collect it from them, and requests that the whole portion of his Estate may be kept under

Circar

Circar Management until the arrears with Interest have been fully realized.

3. For the arrears against the Estate on account of Fusslies 1263 and 1264 the whole Estate was attached last year, and a portion of arrears was collected by the Zufly Ameen. but it having been afterwards reported that the proprietor had collected all the rents from the Ryots and that there remained no assets from which the balance of arrears Rupees 332–6–6 could be made good, Mr. Bird recommended in his letter of 21st September 1855 that the Village of Alagapoory should be sold by public auction, and the Board in their Proceedings of 11th October following authorized him to do so, but before the day appointed for the Sale, the defaulter discharged the Amount of his arrears.

4. This being the case, I suspect that

that his object in now requesting that the Estate may be attached is merely to gain more time for the payment of the balance but however I beg to solicit the sanction of the Board for the sale of the Village of Alagiapoory above mentioned, the heriz of which is Rupees 610—13—3 per. annum.—

3. The enclosed Statement prepared in the form given in the Board's

letter of 14th April 1825 will explain the condition of the 4/5th portion of the Vadimittah Estate and that of the Village proposed to be sold separately.—

From the Collr
of Rajahmundry

Sir

With reference to the Circular from your Office of the 27th August last, I have the honor to give below the number of Villages and Village Moonsiffs in this District.-

Government Estates.

	No. of Villages	No. of Village Moonsiffs
Government Villages	819	706
Cuttoobady or Agraharums or Villages paying quit rent	22	15
Surva Agraharums & Mocassas or Villages held free	460	47
Maturfa Villages	3	"
Total	1304	768
Zemindary & Proprietary Estates		
Zemindary Villages	404	321
Cuttoobady Agraharums	4	1
Surva Agraharums	6	2
Total	414	324
Grand Total	1718	1092

Fort St. George 17th October 1856

2. It is necessary to mention that in the Munsuladar Estates of Rumpa and Yotapilley, there are Moonsiffs, in but a very few Villages. Many of the so called Villages in that part of the country consisting of but a few huts. In some small Villages in other parts of the District one Moonsiff does the duty in more than one, and in the Villages at present uninhabited there are of course none. This explains the great difference between the number of Moonsiffs and Villages.-

Extract Minutes Consultation dated 29th
June and Entered in Consultation 9th July 1855 and
From Madras dated 10th and entered in Cons. 24th September 1855
From Madras dated 20th and entered in Cons. 15th October
1856.

Ordered to be submitted with the following letter.-

860

B. No. 3461

To The Secretary to Government.

Submitting with the Board's observations and suggestions a letter from the Collector of Madras reporting the results of the operation of the modified rule of the Registration Department during the 2d year of their having been in force.

In Cons. 10th April 1854.

To The Secretary to
Government
Revenue Department.

Sir.

With reference to Extract Minutes Consultation dated 29th June 1855 No. 781 Revenue Department. I am directed by the Board of Revenue to submit the accompanying letter from the Collector of Madras reporting the results of the operation of the Modified Rules of the Registration Department during the second year of their having been in force.-

2. The existing reduction in the fees for the issue of Grants and Certificates on the Registration of deeds transfers & co was sanctioned experimentally in Extract Minutes Consultation 23d March 1854 No. 349, and the result of the experiment during the 1st year was reported in the Board's letter dated 7th June 1855 No. 1425.

3. In the past twelve months ending 20th April 1856. the Collector reports that there was an increase of 22 Certificates but a decrease of 11 transfers and 41 Mortgages registered as compared with the results in the preceding year.-

The

Fort St. George 18th October 1856.

4. The total Collections were Rupees 320 or Rupees 71/2 below the cost of the Establishment maintained which was Rupees 3,337-8.-

5. Mr. Cunliffe explains that in order to institute a fair comparison between the results of the 2 years it is necessary to exclude from the receipts of the latter the fees on 65 Certificates and 23 transfers in Saint Thomé the registry of such transactions in that District having been in abeyance during the preceding year while the Survey was in progress. Thus adjusted of the collections of the 12 Months under report would fall short of those of the previous year by 204 1/2 Rupees and Mr. Cunliffe estimates the annual excess of expenditure over income (at the present rates of charge) at from 100 to 150 Rupees in ordinary years.

Rs 227-8-

6. He consequently is not of opinion that the present rates can be reduced but "rather that they should be raised if it is intended that the Establishment pay itself" and for this purpose he suggests that the fee

Fort St. George 18th October 1856.

fee on a Grant or Certificate should be raised from 3 1/2 to 4 Rupees and on each trasfer from 2 to 3 Rupees leaving that on Mortgages at its present rate 2 Rupees.-

7. Supposing this scale to have been in force during the year under report and to have had no influence in lessening the number of registrations the result would have been an increase in the Collection of Rupees 542-"-"

8. As it is obviously desirable to encourage the registration as much as possible and any gain to Government is of secondary consequence the Board are not disposed to recommend that the rates now in force should be raised as suggested. It must also be borne in mind that as the fees do not vary with the value of the property involved in each case, it is desirable to maintain them at as low a scale as possible to prevent their falling too heavily on minor transactions.

By

9. By a subsequent reference to the Collector the Board have ascertained that the Registeration Establishment includes a Conicopillay on 10½ Rupees who is employed however in the Quit rent Department. The transfer of this Officer will reduce the Establishment by 12 Pcs annually and alone suffice to convert the deficit into a slight excess of income in both the two last years.

10. The Board also find that 11 peons and Lascars are employed permanently on 7 Rupees per Mensem Considering that the total number of registrations in the year was only 743 a reduction may probably be effected in this Quarter. Extra servants being temporarily employed if necessary.

11. There are also 3 Maistries on an aggregate salary of Rupees 45½ Monthly but who also receive among them as fees Rupees 32 per Mensem one of these might perhaps be dispensed with or a further portion of

of the fees be with drawn and held available for the occasional employment of a substitute when any press of business occurred.-

12. The Board are therefore of opinion that if the business of the Department falls off to any material Esetent the consequent deficit may be met by reductions in the Establishment and as the present collections suffice in consequence of the transfer of the Conicopillay above mentioned to the Quit rent Department to meet existing charges they recommend that the reduced rates of fees now in force should continue unchanged, at least for the present.-

13. Should the Government however view the matter differently the Board desire me to suggest that the fee on the issue of Grants or Certificates should alone be raised. from 3½ to 4 Rupees the result of this in the past year would have been an increase of 201 Rupees, while independent of the pay of the Conicopillay above referred to the deficit in the 2 last years, has only been Rupees 118½ and 71½ respectively.

Fort St. George 18th October 1850.

respectively. The transfer however of the Conicopillay to his proper Department would of itself have converted these deficiencies into a surplus and the Board therefore do not advocate any change of fees at present.—

Revenue Board Office

From the Secretary to Government. 865

Ordered to be forwarded to the Collector for his information and guidance.

Extract from the Minutes of Consultation in the Revenue Department under date the 9th October 1850.

Referring for the Board's early report a letter and its Enclosure from the Collector of Tinnevelly soliciting the indulgent consideration of Government to a certain case in which an Mr. Barter, an English Merchant of Tuticorin contracted to import 3000 Gallons of Columboo Arrack on the understanding that the import duty was 5 per Cent ad valorem but which it has since been ascertained to be 1½ Rupees per Gallon.—

(See No. 1072. in Separate Volume) P. 331

865-66

B. No. 3457

Proceedings thereon.

The Board observe that the practice of the Madras Custom House is correct. Arrack is clearly a "Spirit" and liable to the duty fixed in the

18354 Fort St. George 18th October 1856.

the Schedule of Act IX of 1845. The Collector should have made reference on the subject in order that his doubts might be set at rest. The Board cannot admit that with so comprehensive and general a term as "spirits" in the Schedule he was justified in assuming that arrack was not a spirit liable to the high rate of duty specified.

2. The Board are however of opinion that it would be unjust to visit the consequences of this error on Mr. Barker, who naturally concluded that the official information he received was correct. They therefore recommend that he be permitted to import on account of the Abkarry renter the supply of 3000 Gallons for which he contracted on that understanding for such portion thereof as the sellers in Colombo may insist on his taking at a duty of 5 per Cent on the Tariff value. The only other alternative would seem to be to purchase the Arrack on behalf of the Commissariat Department if it be required and is approved of.

+ Collector's letter to Government 18th October 1856. No. 3050. para 4.

18355. Fort St. George 18th October 1856.

(869)

Bd. No. 2394

From the Collector of Madura.

1 With reference to the Proceedings of the Board of the 13th December 1855 I have the honor to state that a Printing Press for my Cutcherry having arrived at Madura I would propose to make a reduction in my Moyen Jabitah and to employ a Printing Establishment as shewn below

2 The Printers Pay I respect to be able to obtain from the Mission Press at Tinnevelly and am in correspondence with Mr. Bensley the Superintendent on the subject. The Monthly charge will be nearly met by the proposed reduction. The small difference I will guarantee. and should other Departments employ the press extensively the necessary increase of Establishment can be made from their payments

3 It will be observed that I propose in some instances a reduction not in number but in amount of Salary

The

Fort St. George 18th October 1836

The reason of so doing is the weakness of the Establishment already. From various causes the English correspondence in Madura is heavier than in any of the 5 Districts in which I have served, yet the charges for the English Establishment with I think be found very low compare with that of any District of equal Revenue and size. The same remark applies in a considerable degree to the Tamil and Sheristadars Department and I have to furnish a Royasom to the Officer Superintending operations at Pamban to aid in the performance of his duties as Joint Magistrate.

Madura 24th June 1836.

870

Bd. No. 2981

From the Collector of Madura

Forwards for sanction an Estimate amounting to Rupees 106 for enclosing the Verandah on one side of the Police Ameens Cutcherry for the Cutcherry Press at Madura.

Sir

1 With reference to my letter of the 24th Ultimo, I have the honor to report that the Press has now been at work for several days; but that the only room available for it in the Cutcherry is found to be a good deal too small, and its crowded state to cause considerable impediment to work. I have therefore procured the accompanying Estimate for enclosing the Verandah on one side of the Police Ameens Cutcherry, which will answer if provision be made for excluding dust and admitting light, and trust that the Board will obtain Sanction for the same.—

2 The Edifice in question is of native construction in the Saracenic Style, and consists of a Verandah built round a square. At the west end the Police Ameen holds his Cutcherry, and the South is the side I propose to enclose. The other two are required as passages.—

3 In explanation of the Hoozoor Cutcherry containing so little accommodation, I beg to state, that it also is a Native Building supported by low heavy Pillars and Arches. Enclosures have been made for Record rooms and one for the Writers and rooms have been added for the Collector and one Assistant in the

Fort St. George 18th October 1856

latter, not being at present required, is that appropriated to the printing Press and found too small. It is the only one which can by possibility be spared.—

4 I take this opportunity to enquire in what manner the escepenses incurred for the Press are to be audited; and whether Collectors are at liberty to increase the number and salaries of the servants employed, as they find means, without previous sanction. Except for the discontinuance of Servants on the regular Establishment.—

5 It appears to me that such liberty is essential to the success of the Press. The supply of compositors &c. is not ample as is the case with writers, and hence the terms on which they can be engaged will vary at different times. I have been able to obtain five persons for the monthly sum which I supposed would be required for four, but as their skill improves, some of them will deserve higher wages, and unless they obtain them, will be induced to leave me by higher offers elsewhere. Moreover additions in number types and furniture will be required as work increases. The Tamil type is complained of as too small and the Head Compositor who superintends and has been employed at the Mission Press at Pattendo and has been employed at the Mission Press at Palamcottah has made a request for more furniture of the necessity of which I am not yet able to form a competent judgement.—

6 It would therefore seem desirable, and is perhaps intended, that except for the discontinuance, or reduction of Salaries of servants on the regular Establishment no restriction be placed on Collectors as regards the Press beyond an order to furnish a yearly account current and to put the Govt. to no Expense—

I Signed I R. D. Parker

Anganams Cutcherry &c for the use of the Printing Press.

Fort St. George 18th October 1856

Ordered that the following letter be sent in reply.

871

Bd. No. 3460

To the Collector of Madura

To

The Collector of

Madura

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letters dated 24th June and 30th July 1856 regarding the Press recently supplied to your district.

Requesting him to reconsider his proposition for providing means to pay the new establishment for the Press of his District intimating that the estimate received with his letter of 30th July has been forwarded for the sanction of Government and informing him that no changes can be made in the moyen zabitah of a Collector without the previous sanction of Government

Jud. 18th Oct. 1856 Nos. 2394-2981

C. O 26th September 1856.

2 The Government having distinctly laid down that the cost of working the Press shall be met by reductions in those departments where the work is lessened the Board request you will reconsider your proposition for providing means to pay the new establishment for the press.

3 The Board would be unwilling to support any scheme for reducing the pay of existing offices, it would be preferable they conceive to abolish a few appointments in those departments of which the press is calculated materially to lessen the labour or it might be found practicable to transfer some of the junior clerks, Goomastahs &c to the printing Department where under the instruction of the Compositors already

Fort St. George 18th October 1856

already engaged they might soon learn the art of printing.—

Jud. 18th October 1856

To Chief Engineer D. P. W. 18th Oct. 1856

4 The estimate received with your letter of 30th July has been forwarded for the sanction of Government through the Chief Engineer, and with reference to your enquiry on the subject, I am desired to call your attention to the order of Government

+ C.O. 26th September 1856

dated 16th September 1856 + wherein it is laid down that no changes can be made in the Moyen Zabitah of a Collector without the previous sanction of Government obtained upon an application submitted in the prescribed form. The Government have not yet laid down any rule as regards the auditing of the Press accounts—

5 The Board recognise the justice of the remarks contained in para 5 of your letter 30th July. The surplus receipts of the Press will form an appropriate Fund to meet such charges, but the sanction of Government will be necessary on all occasions.

6 As regards the Tamil type forwarded to you the Board believe that it in no respect differs from what has been supplied to other Districts They trust therefore that it will be found adopted

to

18365 Fort St. George 18th October 1856

to the Pres. though smaller than what your Compositor has been accustomed to.—

Commissioner for the
Northern Circars
Vizagapatam

873

Bd. No. 3856
From the Acting Collr } Sir
of Masulipatam }

I have the honor to acknow-
-ledge the receipt of your Proceedings Nos. 3 and
345 and 4th April & 9th May last, regarding the
disposal of certain gardens belonging to Govern-
-ment in the Deevy Talook.

2. The gardens have been measured
by the pupils of the survey school. The result
however does not exhibit any considerable differ-
-ence from the former area, as entered in the Vil-
-lage accounts. Plans also have been prepared
and are lodged in this Office, and I propose
that when the time arrives for handing over
these gardens to purchasers, duplicates of them
shall be furnished to the owners along with
the Cuttahs.

3. The Dry lands of Deevy are of very
superior quality being formed by a succession
of

Fort St. George 18th October 1856.

of alluvial deposits by the Kistna. They admit of a variety of valuable crops being raised in the courses of a single season. I consider therefore that 3 Rupees per acre will be generally a fair rate of assessment, except in two cases in which the soil is of uncommon richness for which reason I am of opinion that 3½ Rupees per acre will be a proper rent. In the village of Viswanadhapilly, which is situated further down the course of the River, I have taken 2 Rupees only as the proper rate of assessment the soil being less rich and the general assessment at present on the dry lands giving a much lower average.

4. I forward with this letter a Table showing the assessment leviable on these gardens at the rates proposed in the preceding para. It will be observed to amount to Rs. 380 in round numbers or Rupees 120 below what Mr. Cushington estimated in his letter of the 24th March last. But Mr. Cushington's calculation was explicitly made on the plea of

Fort St. George 18th October 1856.

of adopting the highest dry rates prevailing, which you have considered and probably is too high for irrigated land.

5. Certain experiments were made this year with a view of ascertaining the productive capabilities of land in different parts of this District. The result of those conducted in Deeny gave Rupees 5½ as the value of one third of the gross produce raised on dry land commuted at moderate prices. In Deeny as well as in other fruitful lands of the District, several crops are cultivated together or are raised after the principle one is cut. Thus if Jonna is the staple crop, green gram, Dholl, Menoomoo, are sown at the same time, though they are reaped as each comes to maturity. If Jonna alone is cultivated first, the land is ploughed up after that crop is cut, and horsegram Varega, Sanaga, or lamp oil seeds is sown. All these though generally petty and often times uncertain crops are very valuable in the market. I have given due consideration to all these facts in proposing a rate of 3 Rupees per acre as permanent

rent

† i.e. Kyles of produce grown on land the area of which was carefully measured.

Fort St. George 18th October 1856.

× i. e tho' the dry crops this year in Deccy were unusually heavy, yet as the principal or first crop only, was kyled and returns in money obtained there from and the 2d or Horsegram, green and black gram &c crops not taken into account at all. the value of the whole produce of an average year may be assumed as equal to the value of the principal crop in the past. an exceptional year, average conserting prices having been taken in both instances.

× rent

6. The Government are desirous that the water tax also should be fixed now, to be levied in case circar water is used. The question of water Tax or Teerwajasty has ever appeared to me a difficult one. There are several ways in which it may be calculated. but I think it will be out of place here to enter into the details of them; as I intend submitting before long, a separate proposition regarding that subject. I believe that the dry assessment in this District if not elsewhere, also, is generally about a third of the wet, in Deccy it is about one half owing to the superior soil of the dry lands. I consider Rupees 5/4 to 5 3/4 per acre (85 at 90 per cutty) a fair rate of assessment for wet lands of the best quality. The difference between this and the rate I have proposed for the gardens is Rs 2/4 which I am of opinion should be taken as the rate of water tax, or Teerwajasty adopted this I have added Columns in the Statement herewith for

Fort St. George 18th October 1856.

herewith forwarded to show the amount of water tax on the gardens in question; to be levied when water supplied by Government is used. I have also exhibited in that Statement merely for information the assessment proposed by the Tahsildar and the assessment according to the present Tarums borne by the neighbouring fields.-

7. I have included in the present Statement the two gardens which having no trees in them, the Government have directed to be dealt with like ordinary cultivated land. But I would beg the permission of Government to put them up also to auction to admit of parties desirous of planting gardens, purchasing them for that purpose. I presume Government meant this course as the one directed to be pursued towards the lapsed Enam land noticed in para 3 of their order.

8. There are several private Gardens in the Village of Goodoor which stand all on circar land, and which in my opinion, must be brought under assessment though they

Fort St. George 18th October 1856.

they have been hitherto exempt. There are also some Government Cocoanut gardens in the Estates of Chintlepoody, Ellore, and Padanah which are rented out from time to time like those in Deevy. I think these also may be dealt with in the mode sanctioned by Government for the latter.

9. I enclose for the approval of Government a form of Permanent Puttah which I propose to give to the purchasers of the gardens and the lands now rep- on.

Masulipatam Collector's Cutcherry
17th July 1856

CR

(Signed) J. Fraser
Acting Collector.

Bd No 3450.
Order thereon
Submitting with the Boards observations a letter from the Acting Collector of Masulipatam furnishing information respecting the disposal of certain Gardens belonging to Govt in the Deevy Estates, in view to a fair rate of assessment being levied on them.-

(873.74)

Fort St George 18th October 1856.

Ordered that the above letter be submitted for the orders of Government with reference to Extract Minutes Consultation 26th April 1855 No 423.-

2. The Acting Collector furnishes the information required by Government regarding certain neglect Gardens eight in number in the Deevy Estate reverted to the State Government wished that these Gardens should be measured their Assessment permanently fixed and a water tax at a fixed rate determined in the event of Government water being hereafter used.- Mr Fraser, it will be seen has attended to this requisition.- The rates of assessment proposed by him are Rupees 3 per acre for two out of the eight Gardens in question Rupees 3 per acre for 5 and Rs 2 per acre for the remaining garden.- The rates are higher than those of the neighbouring lands the soil is stated to be rich, particularly so in the two cases where the rate is fixed at Rs 3-8 per acre.- In the Village of Vishwanathpilly the soil is not so good and the rate accordingly is to be Rupees 2.- From the remarks of the acting Collector the above may be viewed as maximum rates and an assurance may safely be given as required by Government.

that

Fort St George 18th October 1856.-

that the Assessment will not be raised on any future occasion.-

3. The question of a water tax for irrigated lands generally is under the consideration of the Acting Collector and is to be reported on shortly.- Meanwhile Mr Fraser is of opinion that from Rupees 5 1/4 to Rupees 5 3/4 per acre is a fair assessment for irrigated land of the best quality and the difference between this and the rates he has proposed for these Gardens being about Rupees 2-4 per acre, he would fix the last Mentioned sum as the water rate on this occasion as the general question is still under the acting Collectors consideration the Board do not recommend the adoption of the proposed water rate of Rupees 2-4 per acre till further discussion of the subject has taken place.-

4. The Board recommend that the two Gardens mentioned in para 1 may be put up to auction in common with the other Gardens referred to.- The lapsed Enam will be disposed of in the same way as required by Government.-

The

Fort St. George 18th October 1856.

5. The Acting Collector will be required to report more fully on the private Gardens noticed in para 8, the grounds on which the claims to exemption from Assessment rest and the mode in which they should be finally disposed of, a full report on the Government Cocoanut Gardens will also be called for, in view to their being made over to private owners, should this course be approved by Government.

6. The Permanent Puttah will be modified with reference to the foregoing Suggestions so far as they meet with the concurrence of Government.

B. No. 2552.

From the Collector of Malabar. Submits a Statement of charges incurred without reference from the Anamut Funds before his assuming Charge of the District amounting to Rupees 173 13-8 and under circumstances stated solicits sanction for carrying the amount to the general account.

Sir,

On my assuming charge of the District I found large amounts standing to the credit and debit of Anamut Funds in the Talook and Hoozoor Treasuries several items in these accounts had been left unadjusted for years. It was usual to credit to the Anamut all Stoppages of Salary and some of the fines and unclaimed balances of pay the proceeds of the sale of avenue trees, proceeds the sale of Cattle sold in satisfaction of fines imposed on Cattle destroying or injuring the Canal banks small excesses in the Estimate over the cost of repairs or construction of Maramut works and any extra Establishment that might be emergently needed was

met

Fort St. George 18th October 1850.

met out of these funds as well as small emergent repairs to the roads &c.

2. I have carried to the credit of Government as Police fines all items of fines for Cattle trespassing and fines on Servants also the arrears of salary where they have not been applied within a certain date after due notice had been given to those in whose names such arrears might be standing or their heirs as well as the unexpended balances of Maramut works. The sale proceeds of avenue trees has been credited to the Local Fund and the credit and debit sheet of all the Amamut Funds adjusted.

3. The accompanying Statement shews several charges incurred for Extra Establishment and the purchase and rent of land occupied by public buildings which have remained unadjusted for years and been debited to the Local Amamut

Fund.

Fort St. George 18th October 1850.

Fund till the sums to the credit of the Funds against which they appeared would allow of their being settled:—

4. As these charges have been actually incurred and if brought to the notice of Government and explained would doubtless have been admitted and sanctioned by them I request you will have the goodness to obtain for me the necessary authority for carrying them to the general account.—

Calicut
1st September
1850.

(Signed) T. Clarke
Collector.

No. 1 The late Head assistant Magistrate Mr. Sandeman and the greater part of his Establishment having in 1854 been laid up with fever contracted in Wynaad where they had proceeded on duty it was found impracticable to complete the annual Criminal Statement which had fallen greatly into arrears without additional aid The Magistrate accordingly by an order dated 10th May 1855 permitted the entertainment under these special Circumstances of an Extra Goomastah on a salary of 5 Rupees per Mensem and intended meeting the outlay by some funds to be Created by him from Sundry sources of fines Stoppages &c.

2. No Extra Establishment being allowed for the preparation of the settlement accounts of the District and the Collector being unable to depute a second Goomastah from his own Establishment to aid in the preparation of the settlement accounts of that Fusly for the Talooks under the charge of the Special assistant authorized Mr. Collett to Employ an Extra Goomastah.—

The whole of the Collector's Establishment was at this time Employed in the Settlement of the several Talooks under the Collector and in other Miscellaneous duties.—

Collectors Explanation.

7

No. 9. This amount was first paid by the Tah:=sildar without authority but on an Explanation subsequently furnished by him thro' the Sub=Collector it was allowed by the late Collector the Sanction of Government for defending this case does not appear to have been applied for or obtained. This case has been decreed in Original and Appeal in favor of the Tahsildar and I am informed that these decrees have been upheld in Special Appeal. If this information prove correct as I have every reason to believe it is, this sum will be eventually recovered from the party, cost. Copy of [illegible] herewith Submitted. -

No. 10. Sanction was obtained in 1854 for the dis:=bursement of Rupees 709-12-1 which was actually Expended in the Construction of the Choultry as per account rendered. The rent of the land was at 50 Rupees and the proprietor is willing to part with it for the sum specified. An Applica:=tion will be Submitted for authority to purchase the land at this price in the meantime sanction is requested for the disbursement of rent paid from September 1855 and for that which may be due till the purchase is completed. -

No. 2.

Decree of the Civil Court Zillah Calicut

Before the Sub Court of Calicut — R. O. S. No. 29 of 1849

Before the Civil Court of Calicut — A. S. No. 400 of 1850.

Appellant Kerhakee Kootale Kaykoony Nair — Versus. — Respondent Kanoo Ayen the Tahsildar of Palghaut Vakeel Amboo Padmal

The Paddy crop of certain lands having been attached in 1018/1843 by the then Tahsildar of Palghaut for arrears of Revenue stated to be due by the Plaintiff and which the Plaintiff alleges he subsequently discharged through his Vakeel the action was laid on the 16th august 1849 against the Tahsildars successors in office to obtain payment of the price of the said attached Paddy with interest on the plea of its not having been put in Plaintiffs possession after the said arrears of Revenue had been discharged and the Sub Judge having disallowed the Plaintiffs claim and further imposed upon him a

Fort St. George 18th October 1850.

a penalty of Rupees 50 for having brought a vexatious suit the Plaintiff appeals for reversal of that decision on the following grounds.—

1st That Plaintiffs exhibits 1. 2. 3 to 5 shew that the Plaintiffs property was attached for arrears of revenue due by the Plaintiff and that he (Plaintiff) discharged them and therefore it followed that the property attached should have been restored to the Plaintiff only.—

2d That the receipt produced on the defence (exhibit No. 7) is not a trust worthy voucher and that Plaintiffs Exhibits A & B shew that the property had not been delivered back as that receipt certifies.—

3d That Plaintiffs absence when the attachment was made and when the property is said to have been delivered back nullifies the Sub Judges remark that the Plaintiff was aware of all that thus transferred.—

4. That the lands are in Plaintiffs possession.—

The Respondent failed

2. to

to answer but appointed a Vakeel.

Judgment.

3. The Civil Judge having examined the record is of opinion that this action has been improperly brought against the official successors of Ramen Menon, the Tahsildar under whose orders the crops were attached and the attached paddy after the arrears of revenue had been discharged delivered up to Ittil Komen Nair a Member of Plaintiffs family.—

4. If the Plaintiff be the proper person to whom that paddy should have been restored on its release from attachment it was clearly the duty of that Tahsildar to have had it delivered into his possession. He alone was responsible not his official successors. The provisions of Section XXVIII Regulation XXVII of 1802 require this case to be dealt with in this manner.—

5. The arrears due were discharged in March 1843. The Tahsildar under whose order is the attachment was took place died in June 1847 and not until

until August 1849 did the Plaintiff come to Court for redress. If Plaintiffs case had been an honest one there can be no doubt he would not have delayed so long and he has by no means accounted for the fact of his having thus waited nor for the no less extraordinary proceeding on his part of not having even made any motion at all in the matter for 3 years and more after he himself as he says discharged the arrears, his first Petition on the subject being dated 6th July 1846./ Plaintiffs exhibits 5/

6. The Civil Judge is of opinion that the admission of the documentary evidence produced by the parties to this suit on its rehearing was irregular. The deponents should have been cited & their evidence taken on oath.—

On the above grounds the Civil Judge confirms the Judges decision and dismisses this appeal with costs.—

N. B. The Civil Judge observes an

18387 Fort St. George 18th October 1850.

an error in the late Civil Judges orders when remanding the case It was not the 1st Defendant who destrained the crops but his predecessor Ramen Menow.-

F.G.S.

P.C. No. 3454.

Resolution thereon. (875-76)

Resolved that the letter above recorded with its enclosures be submitted for the information and orders of the Right Honorable the Governor in Council.-

2. It appears that it has hitherto been usual in Malabar to credit to a Fund called the "Anamut" in the Taluks at Huzoor Treasuries all stoppages of Salary, and some of the Fines and inclusive balances of pay of Public Servants as well as the sale proceeds of avenue Trees and the

Fort St. George 18th October 1850.

the Fines levied for cattle trespassing on canal banks &c. and that from this Fund were defrayed charges Extra Establishments emergently required small excesses in Establishment over the cost of repair or construction of Maramut works, and trifling sums for emergent repairs to Roads &c.

2. Several items in these Accounts, the Collector states, had been left unadjusted for years till the sums to the credits of the Funds against which they appeared would allow of their adjustment excepting the sale proceeds of avenue Trees which have been included with the local Fund all the Fines &c. hitherto credited to the "Anamut" however been carried to

the

Fort St. George 18th October 1856.

the credit of Government as Police Fines, and all the accounts of the Fund adjusted.-

4. Under these circumstances, & with regard to the explanations given opposite each item in the Statement furnished by the Collector, the Board recommend that Sanction be granted for the actual charges incurred without Estimate in Fusly 1265 on account of Extra Establishments, and the rent of lands occupied by public buildings &c. which still remain unadjusted in the Accounts, amounting in the aggregate, to Rupees 159-1-8. This sum is exclusive of items

Fort St. George 18th October 1856.

item No. 9 which should be adjusted by a deduction from the next pay of the Tahsildar, leaving it for future reference, if the Special appeal against the decision of the Civil Courts in appeal Suit No. 400 of 1854 should be decided against him.-

5. It is unnecessary at this time to comment on the objectionable character of the System now brought to notice but the Acting Collector will be instructed to carefully guard against such irregularities in future.-

879

Bd No. 4130

From the Acting Collector of Masulipatam —

Submitting Report on the Settlement of Estates in the Masulipatam district for Fasly 1265.

+ Enclosure Preparatory No. 1

Officers conducting the Settlement Statement No. 1

Sir

I have the honor to submit herewith the accounts relating to the Settlement of Fasly 1265 and to report briefly upon the Revenue results of that Season.

+ The Report of the Sub Collector is also forwarded

2 Mr. Lushington had Settled three Talooks before I received Charge of the District from him By that time I had Settled three of the Sub Division Talooks leaving the fourth in consequence of the non arrival of Mr. Blair to the Head Assistant (who had previously made the Settlement of the two Specially assigned to him) The three remaining Talooks of the Collectors charge I Settled myself Completing the Jamabundy of the District by the middle of May

do

Fort St. George 18th October 1856

As the shortness of the time occupied in the Settlement of the several of the Talooks may perhaps be remarked upon I would explain that under the Village Joint Rent System there is no distribution of individual Puttahs and that in a season of prosperity there is hardly any thing to do in making the actual Revenue Settlement except to ascertain the progress in cultivation made by the different Villages and to exchange Joint engagement for the Coming season - Moreover the advanced time of the year and a considerable amount of arrears of correspondence rendered it very desirable that I should return to my Head Quarters as soon as possible.

Season 3

The Season of Fasly 1265 was on the whole favorable for dry but rather a disastrous one for wet cultivation The early Monsoon was both late and scanty. The insufficiency of rain in the early months the June

Fort St. George 18th October 1856

June and July) prevented the sowing of seed and the entire failure of the Minor rivers freshes &c. and their lowness in the Kistna deprived the Tanks of Suggiapetta, Nundegam, Tiroor, Ellore and Devy of their usual supply of water The benefit of the Kistna Anicut was felt this year for the first time - It was confined chiefly to one Talook Viz Goodewadah in which however it was most marked It is hardly saying too much to state that the wet crop there was saved by the water from this source alone and instead of a large remission being necessary as would otherwise have certainly been required every Rupee of the demand was collected leaving the Ryots as their share fully 3/4th of the grop produce. Parts of Ralunghy Penalapaud and Seykaloor have been for some years already under the influence of the Godavery Anicut - The crops throughout this part of the District were generally abundant as the falls of rain were favorable to the dry grains and artificial irrigation was plentiful and seasonable

Together

18394

Prices Statement No 2

Fort St. George 18th October 1856.

4 Together with the plentiful harvest the prices of the staple grains remained at the high rate which they have borne since the latter part of Fusly 1263, as will be perceived by a reference to the Marginal figures. This circumstance gave to cultivation in all parts of the District a general impetus such as has been unknown for many years past and helped the Ryot in no ordinary degree not only to meet the Government demand, but to make an unprecedented profit from his land. The Prices here given as well as those in Statement No 2 are average prices of a whole year They by no means represent those prevailing at harvest time which alone materially affects the calculation of the Ryots profits. An instance is given in the Margin to show the great difference between the years average and harvest prices.—

			Nett	14

The Net decrease of 14 Villages is owing to the transfer of the Vijeunnah pettah estate to the hands of a claimant under the orders of the Court of Sudr Udalut pending the issue of a Suit that has been since instituted for its recovery by Government The decrease of 21/2 Villages under the Head Cuttoobady is inconsequence of resumptions for arrears of Cuttoobady under orders of Government

C. M. C. 23d Nov. 55 + Extract Minutes of Consultation dated 18th January 1856 No. 63.

The transfer again of 8 Villages from the head "Rent for one year" to Amanie, refers to the Cuddingdy Purganah, which, after being thrown up by the Renter, was settled on the principles of the sharing system for the past Fusly only.—

Statement No. 4 Results of Settlement also Statement No. 3.

6 Before proceeding to notice the results of the Settlement it appears necessary to say a few words regarding the Statement No. 3 or which professes to exhibit those results. In its present form it presupposes the existence of

of a Ryotwary Field settlement which limits the demand to the assessment borne by the land cultivated or actually occupied by the Ryot Under the Joint Rent System, the above Statement shews the Amaracum extent of land which in practice, means in the majority of cases the area, Government do not derive any Revenue from the portion which is not taken up. A Table is subjoined shewing the actual cultivation in each Talook—

Note

Besides the esclent shown in this Statement there is Cultivation of acres 15,600 assessed nominally at Rupees 31800.—

Fort St. George 18th October 1856

From this Statement it will be seen that a large breadth of land has been newly brought under wet cultivation in this Fasly in those Talooks which are commanded by the Anicut irrigation. In my report for Fasly 1264, I had the satisfaction of noticing similar improvement in several Talooks Dry and Wet after making due allowance for the comparison with a bad year Fasly 1263. In the Sub Division where the esclent of wet is very small compared with the Dry, there was an increase in dry cultivation in Fasly 1264 of nearly 14,000 acres. In the season under report there is again observed a further increase of 11,000 acres over the preceeding Fasly. The general decrease in the Wet in the Sub Division is but temporary and owing to the causes noted in Para 3. The falling off in wet in Devy and Ellore Talooks is due to a similar cause. The Kristna freshes, as in the preceding Season were too low to reach any of the principal Tanks in the former Talooks. The Tummeloir a hill torrent, did not

fill

fill early in the Season and consequently all the Tanks were dry in the latter Taloch.

It was evident that in the localities where the failure of water was so complete as described in the preceding para. the necessity of remitting a considerable portion of the Joint rent demand was absolute. Hence remissions for Bunjer and withered Crops to the amount of Rupees 69488 were granted at the Statement to the Taloohs and amounts noted in the Margin. The Net Settlement of the Ryot and Joint rented Villages was therefore inclusive of Sundry items—

Taloohs	Remissions Rupees
Bunder	216
Drevi	31,940
Ellore	17,490
Kykaloor	1894
Pentapaud	3492
Ralunghy	100
Total	55,132
Bezoarah	2306
Nundegam	2076
Juggiahpett	6,979
Tirwoor	2,996
Total	14,357
Total	69,489

Items	Fasly 1264	Fasly 1265	Increase	Decrease
	Rupees	Rupees	Rupees	Rupees
Ryotwar	24,862	21,230	-	3632
Joint Rent	679985	674337	-	5648
Total	704847	695567	-	9280

The Ryotwar Settlement exists only in a part of the Taloch of Kykaloor for the cultivation on the islets and shores of the Colair Lake. The decrease in the Revenue from this source is owing to the

the Lake having been kept full by supplies from the Kristna and Godavery and thus less land becoming exposed by subsidence for cultivation. Moreover it is universally alleged by the Ryots that owing to constant stagnation the water has became deleterious and causes great mortality among the ploughing cattle which have no other water to drink in the hot months. In consequence of the great loss suffered in the Ellore Taloch a net decrease appears on the total Revenue of Joint Rented Villages as compared with the preceding Fasly—

Annamie Villages Statement A in Do. No 3

The 8 Villages composing the Cuddendy estate in the Kykaloor Taloch had been rented out in Fasly 1264 but the renter not assenting to submit to certain condetions proposed by the Commissioner threw up his lease in Fasly 1265. As there was then a prospect of irrigating this tract of land by a Channel from the Godavery Anicut Mr. Dushington with the view of ascertaining the amount of produce under full irrigation determined to keep the Villages under Annamie Eventually it was found to be impracticable to bring

Fort St. George 18th October 1856

bring water to it from the Godavery, and the cultivation was carried on with the water supplied by the usual rains and natural dramage from Goodewada. The Crops were estimated and a Settlement effected with the Cultivators with reference to that estimate and the selling price at the time allowing to the Ryot a share of 12 Toams out of 20 ~ The Settlement thus made amounts to Rupees 3536 inclusive of Sundry items which falls below the rent amount of the previous year by Rupees 3469. The principal reason for this falling off was the want of a sufficiency of water in Fusly 1265 the next reason being a general want of hands to carry on Cultivation in these Villages.

Rented Villages Vide Statement No 10

9 The numbers of Villages rented out in Fusles 1264 and 1263 were 10 and 43½ respectively

Fort St. George 18th October 1856

respectively in the following Talooks Most of these Villages were in a decayed condition and there appeared no likelihood of their improving in some cases or of their being repeopled in others, except by placing them for a time in the hands of competent farmers able and willing to extent cultivation themselves and to bring in other Ryots. Of the 43½ Villages, 35 are for more than one year, and 8½ for one year. Their comparative Beriz was as follows.—

Talooks.	Fusly 1264	Fusly 1265	Beriz

Statement No 4 Sundry items

10 A few remarks explanatory of the fluctuations in the Sundry items may not be out of place here.—

The

Fort St. George, 18th October 1858

Rupees 944.

1 The increase in Gittimpoo Enams is solely in the Goodewadah Talook where in consequence of increased facility of irrigation, a greater breadth of this description of Enams was brought under cultivation and yielded a full crop.—

Rs. 1,811

2. The increase under head "Cuttoobdy Moff Vm" for Fusly 1265, is owing to resumed Cuttoobdy having been reimposed by order of Government in the estates which have recently reverted to them.—

x E. M. C 22d August 1858.

Rs. 497.

3. The increase under head "Cuttoobdy on subsequent Enams Vm" is the first instalment of the assessment levied on the Enams granted by the Zemindars subsequent to the permanent settlement in the said estates which the Enamdar still wished to retain.—

Rs. 842.

4. The increase in subsequent Enams is owing to their resumption and assessment as sary land.—

The

Fort St. George, 18th October 1858

Rs. 833.

5. The increase in Poollery is owing to a large number of cattle resorting for grazing to the Colair Islands, in the cultivation months and probably a stricter mode of reckoning them enforced by the present Talsildar.—

Rs. 2,358

6. The increase in soap nut revenue is temporary, there having been a nearly complete failure in the Crop last year.—

Salt

11. The Salt accounts having no place in the present list of Settlement, forms, I think it necessary to notice in a few words, the results of this important branch of Finance for the fusly under report. The annual accounts prescribed for Salt management, are also forwarded herewith as directed in Government Secretary's memo: of 13th August 1858.—

12. Salt in store at the beginning of the Fusly — 1079125
D: Manufactured in the Season 20306
1099431
Sale during the season including export ... 273774
Wastage in the said Sales 28435
302209
Balance in store at the end of Fusly 797222

Mds.
Manufactured 52809
Swamp — 744413

The

Rs.
Fusly 1264 - 2,15,888
" 1265 - 2,54,564
Increase — 38,676

The revenue derived was Rupees 2,54,564 which compared with Fusly 1264 gives an increase of Rupees 38,676. This increase goes to make up the deficiency of Fusly 1264 to the extent of about two thirds, which occurred chiefly in the sales for Foreign consumption. The details of the sales are given in No. 6 Salt account, and the increase is observed to have occurred under all heads.-

13. The export of Salt to Calcutta from this Port commenced in Fusly 1265 and Maunds 22,600 were shipped, Viz. Maunds 6,403 on Government Indent, and Maunds 16,197 on Private Trade. But owing to the bad quality of the Salt sent, further export from this District at the high price offered was countermanded by the Board of Revenue at Calcutta.-

14 About 500 Garces of Manufactured for Innoogoodroo and 1000 Garces of Swamp Salt for Pondraka were estimated for in the beginning of this season. But owing to early and heavy falls of rain, the production of

at both places was checked, and eventually orders for the abolition of the Innoogoodroo Cotaur, stopped the manufacture there altogether. In Pondraka, there was enough of Salt on hand for some years and was intended only to make some Salt of very superior quality for export if the Season admitted of it. As such was not the case, none was attempted. Under these circumstances, the decrease in Coodewarum charges needs no explanation.-

15. The details of the wastage is shown in Salt account No. 4. In the Salt of Fusly 1262 the wastage is 8 per cent. In that of other Fuslies the per centage of wastage, Viz. is not very different from what it has been of late years and seems reasonable.-

Abkarry
Motorpha
Stamps. Stamps
Sea Customs &c.

16 The Revenue derived from the other branches of what were hitherto styled "Extra Sources of Revenue" are given below in comparison with

Fort St. George, 18th October 1856

with Fusly 1264.—

Items	Fasly 1264	Fusly 1265	Increase	Decrease
	Rupees	Rupees	Rupees	Rupees
Abkarry (District leased	43750	43750	"	"
Motorpha	23452	23491	39	
Stamps	11576	15449	3873	"
Sea Customs	755	"	"	755
Sayer.	1534	"	"	1534
Total	81087	82690	1603	"

The increase in the [illegible] of Stamps is owing to Suits of large Value having been instituted in the Courts. The Revenue from the Sea Customs has been gradually reduced to nothing notwithstanding the trade of the Port has greatly increased. This is owing to the operation of acts and orders abolishing duty on all the trade carried on by Sea from this Port. The decrease under the head "Sayer" is permanent, that source of revenue having been abolished early in Fusly 1264. I have this time drawn up the

Statement No. 8.

Fort St. George 18th October 1856

the statement of the Motorpha revenue in full with a view of affording a clear view of the vast variety of petty and sometimes ridiculous items included under this head taxation. I have already recommended to the Board the abolition of a great many of them.—

29th May 1856
No. 54.—
Statement
No. 9
Extra revenue

17 A few items of the Extra revenue (late Sayer) Jaina head) seem to demand explanation.

1 The decrease in Maramut is chiefly in the Talooks of Deevi and Goodewadah. In Deevi there was no repair executed in Fusly 1263. In Goodewadah none was needed to the Tanks, the necessity for which has been in a great measure superceded by the overflowing Amcut-channels.

In consequence of the partial operation of this impost and for several other reasons, I recommended its entire abolition to the late Commissioner But tho' he did not seem to agree in the proposed measure, the impost must cease

cease of itself for two weighty reasons. First. There are hardly any repairs almost all works now performed being new ones dependent upon the Anicut Secondly Teeruvasty is being levied for all benefits derived from the outlay of Public money in works of irrigation and it is unfair to tase the Ryots in two ways for the same outlay.—

2. The decrease under "boundary disputes" is owing to there being no adjustment of deposits under this head in Fusly 1265.—

3. The increase under "Bandoo Enams" is owing to certain sums standing under this head, being brought to credit in Fusly 1265 the claims of Bondoo Enamdars having been otherwise settled under orders of Government.—

The

4. The increase under "excess Collection" is owing also to certain sums lying in deposit under this head for a long time having been examined and credited to Government in the Fusly under review.—

Statement No. 10 Demand of all Sources of Revenue.

18. The following Table gives a comparative view Talook-wise of the total land revenue of the District

Fort St. George, 18th October 1856.

It will be observed from this that the proportion of balance to the demand in the Government Talooks at the close of the Fusly was only 12 annas 10 Pice or say 13/16 per cent. The large balance in Kykaloor is owing to a large part of the Soap Nut Revenue not being paid within the Fusly and of Poolleny remaining uncollected. The balances in the Talooks of Bezoarah and Jaggiapetta are due upon Cuttoobody Enams, the tax on which was remodelled in the course of the current settlement. Deducting Collections subsequent to the close of the Fusly to the end of September amounting to Rupees 3062 the balance left is only Rupees 3073 of which however the most part is due on account of the said Cuttoobady Enams taking the last balance on 1st October, the percentage of it on the demand is only 3/8ths per cent.

Statement No. 12 Zemindary estates

19. There outstood at the end of the Fusly on account of permanently settled estates

Fort St. George, 18th October 1856.

estates, Rupees 42,884. Of this Davaram cottah and Weyoor owed respectively Rupees 36,403 and Rupees 1,050. The former was held under attachment from about the end of March to about end of July. These balances and other sundry ones, have been all since realized. At this date the only balance under this head are Rupees 217- due by the Vefsumnahpetta estate, and withheld by its temporary incumbent on Plea of a claim for Moturpha remission (a claim which has since been rejected by me) and Rupees 95 due by the Ryots of Bullepurroo under management on account of the Minority of the owners.

Statement No. 11 Demand Collection Balance under all heads of Revenue.

20. The complete financial results of the year are given in Statement No. 11. together with the subsequent collections close to the end of September. From this it will appear

Fort St. George, 18th October 1856.

appear that:-

		Rupees
Current	The total Demand upon the District	1,40,034
	" Collection to September 1856.	1,39,840
	" Balance on 1st October 1856.	194
Arrears	total Demand	69,145
	" Collection 88,961 / " Remission 50,761	59,602
	" Balance	7,543

The total balance on account of arrears Viz Rupees 7,543, may be explained thus

	Rs.
Already recommended for remission being old balances on Mokhasas	3,109
Already determined for Collection at once or by instalments the portion of Mokhasas alone being Rs. 10,005.	11,830
Remaining to be reported on, hereafter	17,603

Most part of this last item has been either already investigated or is under investigation by the Sub Collector and by myself. A report will be submitted thereon as soon as ready.

I shall with reference to enclosure A

21.

Fort St. George, 18th October 1850.

Statement No. 13 being particulars of arrears and extent to which coerceive process was used in the recovery of arrears.-

A in No. 13, add a few words regarding the extent to which coercive process was had recourse to for realization of revenue in Fusly 1265. This Statement embraces only the cases in which sales eventually took place. There were several other cases in which after the process was issued and attachment of property took place, the defaulters paid up their arrears before the day of sale. Comparatively speaking these were few not exceeding 12. On the whole the small number of cases shewn by this Statement is very satisfactory.-

Statement No. 14.

22. The gross collections and charges of the District are exhibited in Statement No. 14. The abstract annexed to it shews the per centage of charge upon each branch of Revenue. The proportion of total charges to the receipts is 11 per cent. The charges under the head "Sea Customs" come to 25¼ per cent of the receipts which consist simply of Port dues levied from Vessels.-

In

G. E. L.

Fort St. George 18th October 1850.

23. In the Summabundy of the Sub Collectorate I was aided by the Sub Collector's Sheristadar M. Nursinga Row who joined the Division just at the close of the former settlement. He took great pains to make himself fully acquainted with the details of every Village and his mode of doing his work gave me great satisfaction.-

24. In the settlement of this Collectorate I was accompanied by the Head Sheristadar A. Sashiah who continues to maintain in every respect the deservedly high character for ability and integrity which he has all along borne.—

No.

James Fraser Esqre

Acting Collector of

Masulipatam

Sir.

Para 1. I have the honor to submit my report on the Revenue Settlement of the Sub division for Fusly 1265 with the new Statements called for in the Memorandum by the Secretary to Govern: ment of 23d August 1850.

General Remarks

2. Duly took charge of the Sub division about three months ago; and being therefore unable to write from personal experience, have drawn up this report from the best sources of information I could obtain. Three of the Talooks were settled by yourself and the 4th by Mr. Chase, the Head Assistant Collector (After your appointment as acting Collector) & the Villages noted Marginally particulars of which are given in State: ment No. 1 which also shows the Number of Villages and Ryots.

	Total		9

Prices of Grain

3. Statement No. 2 shows that the prices of Grain were very high during the Fusly under review. This has in some degree compensated the Ryots for their losses on wet Cultivation. The

4. The Marginal Note Exhibits the Number of Circar Villages Settled under joint Rents for Fasly 1265 and Shows an increase of 13. that number of Vasaly Agraharums having been resumed by Orders of Govern:ment conveyed in Extract Minutes of Consultation under date 23d November 1855. on account of arrears due by Villages, formerly held on joint Rents, have been leased out for periods varying from 3 to 5 years, and 3 of the resumed Vasaly Agraharums have also been rented out on leases which causes an increase of 6 on the Number of Rented Villages, the remaining 10 Resumed Agraharums, have been Settled on joint Rents: There is therefore a decrease of 10 in the Number of Vasaly Agraharums. By order of Govern:ment, the Vijeyanmahpettah Moolah of 14 Villages which was included in last years accounts, as restored to Cavaly Narainapah it has therefore been omitted in the account for this Fasly

Tenure under which the Villages are held.

Sources of Irrigation

5. On this point, not having personally visited the Talooks. I can only State that from the information I have received, it appears that in the Juggiahpettah Talook, much of the water of the Palair River might be employed in cultivation as was formerly. but the works were never more than temporary

temporary ones put in repair yearly. The Moonair river also runs through the Juggiahpettah and Nundegamah Talooks, but as yet not much advantage has been taken of its waters. there are some Considerable tanks in these Talooks. In Bezoarah there are some large tanks and the Boodamair and Poolair Channels from the anicut runs through the Talooks towards Ellore and Masulipatam respectively. the water is however at too low a level at present to be useful for Cultivation, except in a few Villages; but even in these, there is much disinclination on the part of the Ryots to lay out their dry lands for wet Cultivation they do not seem to understand the great advantages, and profits they must obtain by so doing. Even though last year. Captain Orr. Civil Engineer, Kistna Division, Cultivated about 3 Cutties of Enam land, which had been formerly waste, and under Dry Crops, with Paddy, and raised a very good Crop with water from the Poollair Channel at the Village of Gosalah to shew them what might be done, still the Ryots of that and other neighbouring Villages seem unwilling to enter upon a new System of Cultivation and the increase of wet land is but small. I believe myself that one principal reason is, that as yet it has not been determined what Amount of Esctra Sist or water rate is to be

be paid by them in future, it has been settled by you that this year they are to pay at certain rates for water per acre. but these are only temporary. and will be increased afterwards. and I think that until they know what the full rate is likely to be, few of them will go to the expence and labour of changing their present dry lands into fields fit for wet Cultivation. On the other hand particularly in the Nundegamah Talook the Ryots of tank watered Villages were most anxious to have old tanks &c. repaired, that the wet Cultivation might be received. appearing to appreciate the advantages of wet over dry Cultivation most fully. The Boodamair river supplies water to parts of the Bezoarah and Condapilly Purganahs. and also to the Moy Iavaram Zemindary. In para 2d of your report for July 1264. you state that, you mentioned 6 or 7 important works to Captain &c. Civil Engineer Kistnah Division. I have been informed by that Officer that, he thinks it adviseable not to take up such large works in the Sub Division Talooks, until the Delta is thoroughly watered by the Ancient Channels, now under construction

Season 6 The Dry Crops were very good throughout the Sub Division, the rains being favorable for their Cultivation and harvesting. The wet

wet Crops from the want of sufficient rains in July, August, September and part of October, suffered very severely. the young plants in the Seed-beds being dried up almost every where. In the latter part of October, a good deal of rain fell in Bezoarah, in Nundegamah less, and in Juggiahpettah still less. those Talooks lying further west. the few plants then remaining in the Seed-beds were put out and produced well, but on the whole, the loss on the wet Cultivation was very great, and large remissions were consequently necessary. principally in Juggiahpettah Talook.

Particulars of Remissions & Sundry Items

7 Statement No. 4 shows the different heads under which remission was granted and the Amounts. In granting these, the general outturn of the Crops, and other resources of the Villages having been taken into consideration, a certain Amount of remission was ordered to be given. this was then portioned out by the Villagers themselves, and a List of the Amount to be received by certain individuals given in by the Ryots Conjointly, at the actual Settlement before you, in the three Talooks of Bezoarah, Nundegamah, and Juggiahpettah. In the Tirwoor Talook Settled by Mr. Chase, remissions were granted to each individual Ryots.

Ryots by him, as under the Ryotwary System, without preference to the general Custom of the Village. The privileges of Tundra had been granted, and allowed to certain Classes, up to the end of Fusly 1265, but it has been discontinued, and lands held under it have been Settled and assessed for the coming Fusly, according to their proper Classes. A Comparison of the result of the Sundry Items for Fusslies 1264, and 1265, is given in Statement No. 4 preferred to above. In your last report, you remarked upon the difference between the Amounts levied in Fusslies 1263 & 1264, and the Amount was then settled by you for 1265. Now in accordance with the Boards orders the fruit trees are being rented out for terms of 5—10—15 or 20 years on consideration of the average demand of the past 10 years, and the Jamabundy Settlement of Fusly 1265. From the above Cause, from the resumption of certain hundreds in the Nundegamah Talook, and from the Cuttoobady on the Enams in Juggiahpet Talook having been ordered to be collected on the Goadecutt, instead of only on the land actually Cultivated, an increase has resulted, and from failure of wet produce in the Enams of Tirwoor Talook, of which the

the Cuttoobady has always been realized on the produce, and also owing to certain Enams having reverted to Government, there was some decrease - there is however a total increase of Rupees 559 — — —

Amarcum Remission & Settlement.

8. Statement No. 3 exhibits the Amarcum, Remission, and the Settlement of the Villages held under Joint Rent for Fusly 1265. Compared with the preceding Fusly. It shows an increase including Sundry Items, of Rupees 5134 above the Settlement of last year - this is owing to an increase in the Amarcum of wet lands, and the decrease in the Remissions. From Statement No. 3. it appears that the items should be entered according to the Settlement on the Cultivation, but it having been concluded on the Amarcum under the Joint Rent System obtaining in this District, this Could not be done. —

Cotton Indigo & Sugar Cane Cultivation

9. Statement No. 7 Shows the Amount of Cultivation of Cotton. No Sugar Cane or Indigo has yet been Cultivated in the Sub Division - 4 deserted Villages in the Tirwoor Talook have been rented to Mr. Smith of the Public Works Department (he has also applied for a 5th Village Veeganuncha, but it has not yet been granted to him) on a 10 years lease, he intends, I believe, to Cultivate Cotton and Indigo and I hope that his example, if successful, may

may induce other Capitalists to apply to rent lands for the same purposes.

10 Statement No. XIII Shows the demand under the head of Motupilla exhibiting a net decrease of Rupees 176 — 11 — 8. This is caused by the Remission of the Tax on dealers in Goatskins at Condapilly, Rupees 60 on the Cowkeepers of Batavole in Juggialpettah Rupees 49 — 13 — " and a further loss of Rupees 515 — 6 — 2 on account of Tax payers dead and left the Country. There has been however an increase to the Amount of Rupees 448 — 7 — 1 from New Ryots, which reduces the total decrease to the Sum abovementioned.

Demand of all sources of Revenue.

11 Statement No. 10 Shows the aggregate demand on account of all sources of Revenue in the last and Current Fusliees, and exhibits a net increase of Rupees 4953 above the Fusly 1264, the reasons for which have been shown in Paras 7 & 8.

Demand Collection and Balance Current & arrears.

12. Statement No. 11 Shows that the Current balance amounted to Rupees 7,384 — 15 — 8 the

the Kristnah Amicut. The balance of Rupees 18
on account of Dasaravary goodem has been re-
realized and is held in Deposit in the Hoozoor
Treasury to be adjusted hereafter. Of the
balance on Joint Rented Villages Rupees 14
are outstanding against the Naikwady of
Runkeepaud. This man receives no pay, nor holds
any Enam for his Services in the Village, and at
the Travellers Bungalow, and you issued an order
not to Collect the Amount from him. I therefore
beg that Sanction may be obtained for writing off
this small balance. Regarding the Balance due
by Lieutenant Vertue of the Engineers the
Matter has been referred to you for Settlement, and
it does not therefore seem to require any further
notice from me here. the balances against the
Cuttoobady Enams in Bezwarah Amounting to
Rupees 913—8—0, are now being Settled by
me and will be made the Subject of a
Separate report. the balance for Fasly 1265
has been added to former outstanding balances
and agreements are being taken either for
the payment of the total sum by instalments
or for the relinquishment of their lands
by the Enamdars. In Suggiahpettah Cuttoobady
was formerly Collected only on the Enam
lands Cultivated, not on those left waste.
On ascertaining this, you issued orders to
Collect

Collect the whole Amount of Cuttoobady there is
still a balance of Rupees 971—3—4 of which
the Tahsildar lately reported that Some is re-
recoverable. An order was sent that he should
Collect what was forthcoming and report regarding
those Enamdars who were unable to pay. Of the
balance of Rupees 175—6—0 in Nundegamah Taluk
Rupees 102 was due on account of the Villages
of Sanagapaud and Peddavarum which have
been relinquished by the Enamdars as re-
already reported to you. During the Settlement
you ordered the resumption of an Enam in the
Village of Chillakuttoo, the Enamdar having re-
been absent for along time, and there being
a balance of Rupees 16 due on it this Amount
and that due on account of Sanagapaud and
Peddavarum Amounting to Rupees 102 cannot
be now recovered. I therefore beg you will
obtain Sanction for writing them off in the
accounts. As regards the balance outstand-
-ing upto Fasly 1265, particulars are shown
in the Statement annexed to the Succeeding
Para.—

12th August 1856

Demand Collection and Balance on account of arrears for former fasles.

13. Statement No. 13 Shows the Demand,
Collection and Balance on account of arrears.
A Marginal abstract gives shortly the total
balance

Total	6691	4 4

balance and the Amounts Recoverable Doubtful and Irrecoverable of the recoverable balance Rupees 57 will be Collected from the Mokasdars of Talarlapilly in the Tirwoor Talook Rupees 25 — 5 — will be realized from the Compensation money to be paid by Government on account of lands taken up for the Anicut Channels to Enamdars of Moottalumpand and other Villages in the Bezoarah Talook and the remaining 8 Annas which is Motarpha balance of Tirwoor Talook will also be Collected

+Rs. 75 — 13 — 0

*Rs. 6098 — 13 — 9

Of the doubtful balances Rupees 106 are due on account of the Villages of Moottalumpand and Rasalumpand. Nothing can be settled regarding this item until the orders of Government on the report of the late Special Assistant Mr. Ballard are received With regard to Rupees 388 — 11 — 0 outstanding as against the Vissumnahpettah Mootah in the Tirwoor Talook. Nothing can be done until the Suit now pending regarding the Mootah is decided.

Rs. 5633 — 14 — 11

The remaining doubtful balance is outstanding against Cuttoobady Enamdars and is in Course of Settlement as stated in

in Para 12. conjointly with the balances due for Fusly 1265.

For the reasons stated in Para 12, there is a balance of Rupees 14 outstanding against the Naikwady of Kunkeepand for Fusly 1264. For the same reasons, there is also balance of Rupees 4 — 8 — 0 against the Naikwady of Calavennoo — Rupees 12 — 3 — 0 the Amount of Poollary tax on the Cattle of certain Sepoys of the Detachment of Sappers and Miners at Bezoarah which ought not to have been demanded as they had not more than two head of Cattle each Rupees 8 — 13 — 5 due by certain Ryots of the Nizams Country who Cultivated land in Conejerlah in the Talook of Nundegamah in Fusly 1264. their Crops failed. they went away and have never returned Rupees 50 is the Sist due on account of Lands in dispute between the Ryots of Ganeatkoor in the Nizams Country and on Chamatecullee in Nundegamah Talook which was included in the Amarcam but left waste in consequence of the dispute which has since been Settled. The Cuttoobady balance of Rupees 425 — 7 — 2 is due on account of the Villages of Sunga pand and Peddiwarnum which have been presumed the holders being unable to

Explanation of Mode of Collection -

15. Although much loss was sustained on re-
the wet lands, particularly in the western re-
part of the Sub Division; yet from the Dry re-
Crops being so very fine added to the high re-
price obtaining throughout the year, the
Ryots were able to pay their kists with punctuality
and no difficulty was experienced by the
Revenue Officials in Collecting the Sist -

16. No lands were put up for Sale on re-
account of arrears of Revenue, except in the
case of Mathuspha Ryot of the Anndegaundenpollay
who having fallen into arrears, and left his re-
Village, was sent for and the Amount recovered re-
by the Sale of his property - particulars are re-
shown in Enclosure A. of Statement No. 13.

Remarks on the Conduct of the Subordinate re-
Officials.

17. The Jamabundy of the Sub Division re-
having been made by yourself, I beg you will
notice this Subject in your Report. -

To
J. C. Sim Esquire
Acting Secretary to the Board of Revenue

Sir,

In reply to the Extract from the re-
Proceedings of the Board of Revenue dated 4th August
1856. No. 2456. I have the honor to report that Colonel
Cameron's letter and Estimate on Kulhutty Bun-
galow, with full particulars, were sent direct to
the Secretary to Government, to whom they were ad-
dressed. -

2 A list of the Prices of articles supplied
to Travellers is forwarded herewith as directed
There are no distinct Rules, beyond the usual re-
ones for all public Bungalows, for the manage-
ment of the Bungalow - but Colonel Cameron states
that on the receipt of sanction for the proposed outlay
for repairing and furnishing the building, he will use
every exertion to find a respectable person, who will re-
undertake the Office of Conducting an Establishment
as an hotel. -

3 In sanctioning the proposed improvements
at Kulhutty, I trust Connor, still more frequented, will
not be forgotten - but that I may be permitted to make
similar arrangements as those to be sanctioned for Kulhutty;
the requirements of both being nearly the same. -

(Signed) E. B. Thomas
Collector.

1847[illegible] Fort St. George 18th October 1856

B. No. 3453

Proceedings thereon (881-82)

Resolved that the foregoing letter as well as the previous from the Collector dated 3d July 1856 and the Board's Proceedings thereon be submitted for the information of Government.—

2 The Board as will be seen from their Proceedings above quoted called on the Collector for more detailed information regarding the furnishing &c. of the Kulhutty Bungalow, than his letter then afforded.—

3 It now appears that a report from the Officer Commanding the Neilgherries who has apparently taken charge of the Bungalow - The Board are consequently unable to form any opinion on the subject.—

4 With regard to the Collector's letter of the 3d July last, the Board would here remark that the particular instance of a Traveller having picketted his horse within the Coonoor Bungalow should have been brought to their notice at

Fort St. George 18th October 1856

at the time - The Officer Commanding will from his constant residence within easy reach of the Kulhutty Bungalow be able to prevent similar abuses there, and it would probably be desirable to transfer the Connoor and Dolacamund Bungalows also to his charge - The Collector will favor the Board with his opinion on this point at an early date. —

5 With regard to the proposal of the Collector for furnishing the Connoor Bungalow, the Board observe that they are now engaged in carrying out the orders of Government contained in Extract Minutes in Con 28th Augt 1856 — Consultation 9th August 1856 No. 839 which provide for the supply of furniture to all Public Bungalows on frequented roads - In these arrangements the Connoor Bungalow will be included but they will be prepared to submit a separate proposition to Government in regard to this building and if necessary that at Dolacamund also, on being informed by the Collector

Fort St. George 18th October 1856

Collector of the arrangements proposed for Kulhutty as regards both furniture and establishment, the expediency of renting out the buildings in the manner suggested by Government and apparently intended in the case of the Kulhutty Bungalow will also be noticed by the Collector. —

6 A better description of Book for Travellers entries should be provided in all the Bungalows of the District. —

B. No. 4209

From the Acting Collr of Malabar — — } Sir,

With reference to the orders of the Board conveyed in the Circular No. 2516 Revenue Department dated 14th August 1856 — Extract noted Marginally, I have the honor

1847 6 Fort St. George 18th. October 1856

honor to report that Date and Palmyra Trees are subject to no direct taxation in Malabar.—

In the Eastern Talook the toddy drawing population depend on the Palmyra for their handicraft on which they pay a tax on their trade un- =der the name of Knife and still tax- =

This appears in the accounts under the head of Abkarry.—

There is no general Abkarry in the Palmyra districts but trees standing within the Abkarry boundaries of the Canton- =ment of Palghat are of course not exempt- =ed from the operation of the Abkarry.—
