No 586

To Major E. Sanford Supt Engr Sth Circle

Sir

I do myself the honor to

20938

Fort St George 1st December 1835.

to forward the Sketch called for in Extract Proceedings of Chief Engineer No 6603 dated 17th September 1835.

2. From A. to B. in the Sketch the excavation is nearly completed. At present the breadth is only 5 yards and the depth varies from 2 to 3½ yards.-

3. During the heavy rains of August and September this part of the work progressed but slowly but lately the work has been going on steadily-

4. From the point marked 10 to the Aroomalay tank the Channel is excavated to the full breadth but requires in some places a little more deepening.

5. Its present depth will admit of sufficient water for supply of Branches No 1 and this season.

6. Through the Aroomaly tank the breadth is 5 yards and

Fort St. George 1st December 1856.

and from this tank to No 1 Branch the Channel is finished.

7. For about a Furlong length east of this the work is unfinished no work having been done since 1st August owing to standing water.

8. Beyond this and up to No 2 branch the Channel is completed and the same may be said of the Channel through the Ponairy tank but the cross banks in this old pe-=servoir forming separate small tanks, have not yet been cut through as they ought to have been some Months ago now there will be dif-=ficulty in doing so, as the cultivation will with justice object. But until these banks are cut through no work can be done on the unfinished part of the Channel near Karra-=coorchy. I have this day addressed the Collector on the subject.

From

Fort St. George 1st December 1856.

From the Sholawarvey

9. Bridge to the end of the Channel about 1/4 of a yard throughout has to be excavated to complete the Channel to its specified slope.

10. The main Channel therefore is completed with the exception of the head, the width of which must be doubled and about 1500 yards in the neighbourhood of Karracoorchy which cannot be touched until we have received authority to cut the Ponairy old cross banks.

11. The small additional depths left unding at the 4th and 5th miles will only have the effect of reducing the slope per Mile to about 7 inches instead of 9 and they can be dug out in March next.

Branch Channel No 1

12. is completed from its head to its fall into No 2 at Goothungoody

Cawd.

and this latter is also finished throughout we have therefore the means of Irrigation by three two branch channels and although the head of the main Channel is incomplete yet it will supply sufficient water for the lands to be irrigated this season.

13. The Area after deducting the present poonjay cultivation is between 5 or 600 Cawnies which if cultivated will give a return of 10 per Cent on the sum expended:— /Rupees 30,000/-

14. Branch No 3 is only commenced No 4 is partly excavated and 5 & 6 are completed; on the main surplus work on which was stopped by my orders early in the year, the excavations are backward.

15. The following is the state of the masonry works—

Head

Head sluice main Channel	Completed Abutments built & wings to height of abutments.
Arrencottah Bridge	Completed.
Aroomalay Calingulate	Completed.
Head Sluice No 1 Branch	Completed with the exception of Parapet walls and plastering.
Coracoorchy Bridge	Completed.
Road tunnel, branch Channel	No 1. Do
Head Sluice No 2 branch	Foundations being laid.
Do No 3	Bricks collected.
Do No 4	Bricks collected.
Sholamatheny Bridge	Completed.
Surpoor Bridge	Do
Head sluice No 5	Foundations being laid
Do No 6	Do

Dams nothing has as yet been done to these

16. Mr Morgan reports an apparent disinclination on the part of the people to cultivate this year no preparations have been made in clearing the brushwood or levelling the fields and the Tahsildar gives a return of only 120 Cawnies to be cultivated this year— We can irrigate 600.

We

20943 Fort St George 1st December 1836.

The following is the abstract of Expenditure upto 30th September.

	Cub yards.	Amount.
Main Channel	302617/24	14475-2-9
Branch	48792/24	2504-4-4

From the Offg Agent to the Governor of Fort St George at Kurnool

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 3d May 1855 No 1089 requiring a brief Statement of the nature of Petitioner's claims. I have the honor to forward the accompanying Statement and beg to observe that I consider the extent of Enam + Enam Berij Son of Yerumm Berij still remaining / 791 - 6 - 9¾ / is an ample provision for the Petitioner and the Enams resumed by Mr Conway as for services no longer required and which it is desirable should become absorbed inducing that class of people to turn their attention to agriculture or other industry. The portion held by Sidden Naik was given to him by Mr Blane, and should stand for life or as long at least as he continues to perform the duty of Cuttoobadee Naick.

(23)

Bd No 2017

Resolution thereon. 1 Resolved that the above letters be forwarded to Government with reference to their Endorsement on Petition

Fort St George 1st December 1856.

Petition No 2920 of 1855.

2 From the report now submitted it would appear that when the Tanjore District came under British Rule an annual allowance of Rupees 14-1-5 was continued to the present recipients Venkata Narainsastry a grand son of the original Grantee in lieu of certain Ayacut Inamums / percentage on the produce of certain Villages / enjoyed by his ancestors under the former Government, and which were commuted at the time.

3 This, and other similar grants were disbursed till Fusly 1261 from a fund collected from various villages at a fixed per centage, but since Fusly 1262 in which year the collections made on account of ayacut, and other Inamiens were incorporated with the regular assessment the allowance has been paid to Venkatanarainsastry from the Public Treasury under the sanction of Government dated 6th April 1852 No 302-

In 19th April 1852.

4 Petitioner, as great Grand son of

20952 Fort St George 1st December 1856

of the Grantee claims a share of this allowance alleging that it had been paid to him by his cousin till Fusly 1260.

5 The original certificate having been issued so long since to the present holder without any objection being raised or claim preferred to Government by the Petitioner the Board are of opinion that it would be inexpedient to permit Petitioner now to prosecute his claim to a share of the grant independent of the consideration that under the orders of Government dated 6th April 1852 No 302 para 2, the original allowance / which is under 15 Rupees per annum / will entirely lapse on the demise of the present recipient.

late Commissioners Proceedings dated 18th October 1850 calling for a further report on the claims of the late Mayoundar of Chintalapoody Purgunah to certain emoluments attached to his Office since discontinued on the reversion of the Estate to Government, I have the honor to refer you to my endorsement on Petitions Nos 80 of 1851-762- 1526 of 1855 & 336 of 1856. on your file under date 15th Instant herewith forwarded.

Masulipatam Collectors Cutcherry 21st July 1856

/Signed/ J. Fraser
Acting Collector

Encl No 1.

Petitions No 80 of 1851, 762 & 1526 of 1855 & 336 of 1856 on the file of the Commissioner for the Northern Circars.

Madecondoor Jagannadhum

Adverting to the endorsements on the above petitions and to the Extract from the Proceedings of the late Commissioner, Mr Elliot, the Acting Collector begs to state that on referring to the old correspondence it appears, no mention of a Mayoundar was made in that part

Extract of a letter Para 89 from the Special Commissioner under date 27th September 1802 accompanying letter to Collector dated 19th March 1803.

part of the correspondence relating to the Chintalapoody Zemindary.

In the report of the Board of Revenue to Government on the Ellore Havelly dated 6th May 1805 accompanying letter 12th June 1805 notice was taken of the Mojoomdars and Dasapondeyas, and the Collector was called upon with reference to the allowances granted in the Dillah to other persons of this description what annual allowance should be made to each of these persons during their natural lives.

Hence it seems that no provision was made for such Mojoomdars only as were attached to Havelly Estates, at the time of the permanent Settlement.

It appears from Mr. Ballard's Report on the subject that Petitioner's family were Mojoomdars of only one of the three divisions into which Chintalapoody Pergunnah seems to have been divided and that

Sevapoorum Moota

Petitioner, who is the grand son of the original grantee has a paper dated Kavalumby A.D 1778 given by Zoopully Narsimha Royoonim Gauroo, the Zemindar of Sevapoorum Mootah of Chintalapoody to M. Boatchenna empowering him to receive the fees as noted, for writing the Majoomadary accounts hereditarily.

A Coonchadoo per poolly of produce of wet & dry Crops 4 as per Cully on backyards & polla or newly cleared fields 4 as per Coonta on Tobacco & Garden lands.

Petitioners statement as to the amount of the emoluments enjoyed by his family seem to be much exaggerated certain fees appear to have been enjoyed by the Moojoomdars of the Mootah pretty regularly, until fusly 1243 but without any regard to the rates mentioned. Part of these appears to have been frequently appropriated by the Zemindar.

A Statement submitted by Mr. Ballard, which he states was prepared in the Talook from the Village Dowles and gives an approximation to the amount shows the average of the deductions on account of Moojoomdars, in Sevapoorum

Fort St. George 1st December 1856

Senapoorum Villages from 1247 to 1257 fus during which period all the deductions made on that account, appears to have reached them, to be only 42 Rupees & odd.

On the reversion of the Pus:ganah to the Company's management in fusly 1252, these allowances appear to have been permitted to be enjoyed as usual for the first few years: In fusly 1257 Mr. Porter sent an order that the said fees should be discontinued from 1258 as the Mojoomdars were no longer required.

Under these circumstances the Acting Collector does not see grounds to recommend any allowance to the Petitioner as he was a Majoom:dar in an ancient Estate so called and as no provision has ever hitherto been made for similar offices in si:milar estates attached.

Fort St. George

26

B. No: 3656
From the Collector of North Arcot

Sir,

It was brought to my notice at the time of the Summahbundy settle:ment that certain pariahs in the Village of Chematongee in the Cauveripauk Talook whose

whose houses had been built about 70 yds from the feeding channel of the Cauvery Pauk Tank, had been subjected to so much inconvenience in the raing season by their close proximity to the channel, that they had removed their houses and had occupied as a building site a piece of Punjah land 5/32 of a Cawny, bearing an assessment of 2-6-2, which had lain waste for the last ten years. As the reason assigned for removal and occupation of other land proved on enquiry to be true I did not call upon these persons to pay the above amount of Rupees 2-6-2 due on the land, and I beg to report the circumstance and to solicit the sanction of the Board for remitting the assessment due on the land as long as it is occupied as a site for houses.

2 Previous to the year 1813.

and

and for a long time subsequent to it there were only a few Estates of small extent belonging to Government. The majority of Zemindary and Proprietary Estates were under their owners and the duties of the Collector and his subordinates were therefore limited to the collection of their peishcush. The few Hoondahs that were under the direct management of the Collector were rented out so there was little or no necessity for taking accounts shewing the number of cultivators of the soil and the extent of land under each for this reason, I am unable to supply the information as to the total number of contributors to the land tax in 1813.

3 Sell the information that could be supplied from the records of this Collectorate with regard to the above Circular letter is comprised within

within the following tabular statement.

Years	Total number of Native Officers employed in the joint conduct of the Police & Revenue duties	Number of dismissed Native Officers employed in the joint conduct of the Police & the collection of Land & other Revenues: For Malversation	For Extortion	For Torture	For Other Offences	Number of Contributors to the Government Land Tax	Land Tax paid by the contributors to it	Number of Village Officers employed in the joint conduct of Police and Revenue duties
1	2	3	4	5	6	7	8	9
1833	6	2	"	"	1	"	"	619
1853	35	"	1	"	2	223¼	501962	1189

4 It must be mentioned here that the number of contributors to the land tax and the amount of their contributions shewn in the Eighth column of the foregoing statement is not for the whole of this district, these figures refer only to the Government Estates. There are 17 Zemindary and 31 Proprietary Estates besides, which are subject to the payment of an annual peishcush of Rupees 427135-9-7 of which I have not the means of giving any detailed account.

Forwarding with reference to the Board's Circular order of the 15th July last, an Estimate of the quantity of paper required for the preparation of the Jamahbundy accounts in this District. 2

The quantity of the same

amounts to 7000 quires valued at about Rupees 1077- the paper required for the new forms as far as has been yet ascertained is about 5 per cent less than the quantity used in the old forms of accounts- It has not hitherto been the practice in this District to furnish Paper to the Curnums who provide it at their own cost, except a small quantity for the Copy of "List Jabitah" or "Individual Particulars" to be delivered at the Huzzoor Cutcherry, which has been disposed with, under the orders of Government. The whole of the Village accounts being now in process of printing. paper has of no necessity been purchased for the purpose, but a portion of the cost at least can be recovered from the Curnums of this coast is not thought objectionable in the present unsettled state of their emoluments.-

3 The additional Goomastahs annually entertained are employed not so

so much in copying accounts, as in the ex-
:nation of Puttahs with the accounts, in
assisting the Goomastahs from the Kuzzee
in scrutinizing the Village accounts in com-
:paring the payments made by ryots (as e-
:tered in the receipt books) with the rece-
accounts, and in numerous other details
which without their assistance would
require a protracted period for the
settlement of the several Talooks, t-
which with only one Covenanted Assis-
:ant, cannot be provided for.

4 The abolition of the sitt-
in the present fusly also will require
much circumspection at the first Je-
:mahbundy, though it ought not even-
tually to increase the labour at
that period. The abolition of the
Poollary also will create a change
in the Puttahs of nearly the whole
of the ryots in the District, and
thus involve in the present year
much additional trouble, while the
new Settlement of the Coast villag-
if sanctioned by Government
and the increased occupation

of lands elsewhere will contribute
to enlarge the task at the present
Jamahbundy. Some of the Extra Goo-
:mastahs are also employed now in
the measurement of the Sandy lands
in the Coast villages to be permanent-
:ly occupied as explained in the corres-
:pondence relating to the subject.

5 Whatever may be done in
future regarding the dispensing
with extra Goomastahs for the Jamah-
:bundy. I trust that under the circum-
:stances above described, they may
be allowed to the extent of the
Estimate in the current fusly,
particularly as I shall only ask
the Board to allow Rupees 100
extra for paper, exclusive of the usual
Jamahbundy Saderwarb with the view
to Keeping the extra charges within the
lowest possible limit, unless the
recovery of the cost of the paper
alluded to in para 2 is objected to in
which case the full amount of Rupees
1077 will be required for paper.

6 Of the new forms of accounts Nos 4
5-10-11-12-13-14 and 19 were generally adopted last
year, the whole will be employed in the present fusly

To. J. D. Sim Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

34

B. No 3789

Sir.

From the Acting Collr of Guntoor

Para 1. I have the honor to ac-

Submitting with reference to Doctract Minutes Consultation dated 29th Ultimo, his views as to the provision to be made for a printing Press suited for this Collectorate.

knowledge the receipt of the Board's Proceedings of 5th instant with Doctract Minutes consultation dated 29th Ultimo on the subject of the arrangement to be made for providing this District with a printing Press.

2 In obedience to the orders contained in the above communication the Lithographic Press received from the Board will be transferred to the Engineer Department in such way as the Chief Engineer may direct.

3 The question is asked as to whether a small Press for Proofs will be required. I would respectfully state that I do not consider this small addition

addition to the wooden press a sufficient provision for this District as contemplated by the Government and perhaps it will not be denied that there is nothing in the circumstances of this District that would seem to require a less efficient Printing office than has been allowed in the other Districts.

4 I need not remark that fine and clear work is not to be expected from the ordinary wooden Machines, and the specimens of the District Gazette forwarded to the Board will have shewn imperfections which constitute a drawback to its usefulness in the indistinction of the letters, and, as noticed in the Memorandum of the Superintendent of the Fort St George Gazette Press only old, and imperfect type

type has been available along with the Press. The original proposition was that the light ordinary work of the District should be done by the Lithographic Press, and that the heavy work should be executed at Masulipatam, and in making my proposal for the printing Press, it was only intended that it should take up the latter work, leaving the former to be done in the manner proposed. Indeed the timely introduction of the wooden press was a necessary expedient for securing the printing of the numerous new forms for the Judy now commenced, which could not have been done in time at Masulipatam, nor was it at all certain that the Press at that Station could be made available eventually to the full extent required for this District.

5 In the papers circulated with

with Extract Minutes consultation dated 8th March 1855 the cost of a wooden Press with materials suitable for the work of a collectorate is estimated at Rupees 1,000 while the sum now proposed to be expended for the purpose here is Rupees 692-12-. This of itself may suffice to shew that the present machine is insufficient for the purpose in view. If it is contemplated that the whole work of the District should be done thro' this imperfect means. I fear that nothing but frequent disappointment and failure are likely to result and that it is bad economy

† Some have recently been advertised for sale at the American Mission Press

not to expend a some what larger sum to secure a good iron Press such as may perhaps be had at Madras with more perfect materials.

6 Had I been allowed the alternative of reverting to the original arrangement of the Lithographic Press with the contemplated and of the Madras Patent Press, supposing it to be available to the full extent required or of keeping the present wooden Press alone, as a permanent provision for the District, I should have probably chosen the former, particularly if a second Lithographic Press had been available which might be worked at an additional cost of only 10 Rupees a month, as 3 men would suffice for the two presses.

7 Even now if upon further consideration of the subject, it should

should be determined that the wood Press and materials, are not fit to take the sole place of a collectors Press, it could be returned to the owner upon the payment of 20 to 24 Rupees a month as hire for the time it has been employed. Since March last, and considering that the greater part of the printed forms have been struck off from it, this expence may not be thought unreasonable, but if some time must elapse before an efficient Press can be made available on the spot, it might be better economy to buy the present machine just sanctioned by Government. Pending a decision on this reference I shall confine the advances for materials within the narrowest limits practicable.

8 As directed in para 4 of the Extract Minutes consultation I beg to propose the following revision of the Establishment for the Press according to the views therein prescribed.

Reduction.	Rs.	Establishment for the Press.	Rs.
1 Sheristadar	12	1 Head Compositor	21
1 Moonshy	10	1 Assistant	15
1 Dufterbund	6	1 Do	8
1 Ink maker	5	1 Pressman	10
1 Assistant Jawab-nuvis	7	1 Ball man	7
Salary of a Court Servant to be contributed by the Judge for work for the Court	21		
	61		61

9 I have found it extremely difficult

Fort St George 1st December 1856

difficult to curtail the Seligoe Establishment, as it is already overworked, and the work thrown off by the Press as the Board are aware is mostly that now done by Volunteers in the Hoogoor and Salooks. So that in reality the examination of accounts and papers the composition and issue of orders (excepting circulars) remain partly much as before. with regard to the new forms of accounts. It may also be remarked that the relief as regards the Salooks is mostly of work that Moochees or volunteers could do in ruling, and heading of accounts, the preparation of which involves much as much care, and labor on the part of the Gomastas, as before, while the aid afforded to the Examens in furnishing them with printed forms does not relieve the paid establishment. To

Fort St George 1st December 1856

10 The Government having disapproved of the Lithographic Press being employed in addition to the present typographic press it may be considered out of place for me to allude here to the valuable aid that the former has rendered in making up in some measure the short commings of the latter but as the Lithographic Press has hitherto done all the English work, and as no English type has yet been received or could be got for some little time and it may not be desirable to spend money upon this if an efficient native press, and proper materials are to be supplied. I do not see exactly how the general work of the Court can be undertaken, as a portion of it will be required in English, and without assistance from the Court, it would be difficult to arrange a reduction of Establishment.

such

Fort St George 1st December 1856

such as the Government are disposed to sanction, for the purpose of providing for the working of the press.

Guntoor Collector's Office

To.
The Acting Collector of
Guntoor.

(34. 35)
Bd. No. 4064

To The Coll.r of Guntoor.

Sir,

I am directed to acknowledge the receipt of your letter dated 17th September last regarding the printing Press now in use in your District.

2 The Board understand from the above communication that this Press will not meet the requirements of your District, even with the assistance of a small one for drawing Proofs. They will therefore ascertain whether a really efficient Machine can be obtained in Madras and if not they will recommend that one should

Fort St George 1st December 1856

be procured from America of the same description as those supplied to other Collectorates.

3 The Board presume that you will have no difficulty at any time in selling the Press you now have and that the loss by the resale will not be material, and will at any rate be counter-balanced by the value of the work executed in your Office.

4 The Board have no english type but will endeavour to procure some for you. They have a complete set of Telugoo type which they will forward to you if the fount you have in use is materially deficient in quantity or quality - you will be good enough to state in what respects it is deficient, and what you propose doing with it in the event of your being supplied with a new fount.

5 The cost of working your press exclusive of sundries is set down at

at 61 Rupees 1/3 of which you propose shall be contributed by the Judicial Department. The Board request to be informed whether the Judge has acquiesced in this arrangement. The reductions proposed in your Office are approved of with the exception only of the Dufterbunds situation. If this persons services, are really considered unnecessary by the substitution of Printing for Manuscript work the Office may be abolished if not some other arrangement must be made.

6. In the event of the Judge being unable to contribute the sum you expect the difference must be made up by reductions in your Office. In the event of no reductions being practicable in the Departments under his control, it will be necessary to adopt

the plan of charging for work done for his and the Courts subordinate to him. If it is in your power to calculate from the work already done what amount is tolerably certain of being required by the Judicial Department every month, the Board will recommend that you should be relieved of the necessity of making reductions in your Office equivalent to <u>that</u> amount. They trust however that this course will not be found necessary.

7 The Board request that you will submit as soon as practicable a Tabular Statement of the arrangements finally determined on in the form circulated from this office on the 26th September last.

8 The Board also request that you will inform them whether the current expenditure of the Briefs hitherto

Fort St George 1st December 1856

hitherto been wholly met by reductions in your Establishment or contributions from other Departments. If not, it will be necessary for you to furnish an abstract. It shewing the total expenditure and the income derived from reductions in your own or the other public Establishments for which the Press has worked. If the other Offices have not contributed towards the Press expenses either in this or by Cash payments, an approximate estimate of the value of work done for them must be submitted. The rate in which work is to be charged for has been explained in the Board's C. O. dated 10th September 1856. The rate should be 12 as per 1000 letters for a minimum of 250 impressions, figured Statements of the having charged, as explained in that order.

2/ The Board desire me to request early reply.

Fort St. George

(43)

Bd. No. 4226

From the Collector of South Arcot.....

Sir,

I have the honor to acknowledge Extract from the Proceedings of the Board of Revenue No. 3204 dated 30th Ultimo, calling upon me to reconsider the subject of my letter of the 9th August last, in which I represented my inability to undertake the arrangements for reclassifying and reassessing the lands of the Cuddalore, Chellumbrum, and Munnargoody Talooks when surveyed by Captain Priestley, in addition to the duties I have to perform as Collector of the District..

2. If the matter was one simply involving a revision of the present assessment, which was all that was contemplated, I believe, in Para 22 of the Board's Proceedings dated 26th April 1852 and

in

Fort St. George 1st December 1856

in Extract of the Minutes of Consultation
No. 186 dated 28th May 1852 quoted in the Bo
Proceedings now under reply, I might, I dare say
be able to do all that was necessary without
trenching much upon that time which is now
employed in the performance of my duties as Coll
but I beg respectfully to submit that what is
required of me is a totally distinct work and
moreover one which from its importance should
mand the undivided attention of the Officer charg
it.-

3. I can only regard it as part of the grander
for surveying and reassessing the whole country, and
a work to be treated as a temporary arrangemen
for relieving the Ryots who are already nearly if
quite as well off in the Talooks in question, by t
temporary remissions already granted, as the cu
tivators are in the Wooloos Talooks of the Dis
4. There is still a great deal to be do
before the revision of the assessment wh
has been already sanctioned for this D
will be completed.-

Fort St. George 1st December 1856

5 The irrigated Poonjah lands have all
to be transferred into Nunjah Tarums and the
assessment on the Perumboke lands have to be
adjusted to the rates on the tarumwar lands,
and I am now occupied in carrying out these two
reforms.-

+ Dated 12th February 1855

6. It is true that I recommended rates
for the 44 Villages of the resumed Pallicottah
Jaghire and that I have since classified and
assessed the lands of them agreeably to the orders
of Government dated 8th February 1856 No. 135, but
it must be remembered that the circumstances of
these Villages were very different from those of the
rest Villages of the District. The lands in them
had never been regularly classified and the
assessment was charged upon the crops instead
of upon the lands.-

7. The necessity therefore for the intro
duction of a better system was so pressing that
I at once took up the work, altho' I must
remark

remark that it proved a more difficult one than I expected that it would.

8. Fortunately however the area of the farm in question was small so that my out of door labours were limited, altho' I have not yet been able to prepare the accounts requisite for reporting upon what I have done.

9. If I felt that even with the aid of an additional Sub Collector, I could do justice to the subject or carry out efficiently the views of Government as already expressed with reference to the Palliemcottah Jaghire lands, I should have demurred about undertaking the work but if I was relieved, to the extent proposed from my duties as Collector, I do not think that I shall have it in my power to devote sufficient attention to the matter especially in Taluks where such varieties of soil exist as in Chellumbrum and Munnargoody.

10. Experience has shewn me that it is

to expect the natives to make an correct registry of the nature of the soils, so as to enable the assessing officer to Classify the lands without a careful inspection of them by himself. In the case of many of the Villages in the Palliemcottah Jaghire the registration of soils by the Tarumdar tended much more to cause confusion and to raise difficulties than to simplify and to elucidate.

11 Under the circumstances of the case I venture to suggest that this letter and the correspondence noted in the margin, should be submitted to Government for such Orders as they may see fit to give before any steps are taken by me even to lay before the Board proposals for reclassifying and

Proceedings thereon

Submitting with the Boards observations certain correspondence relative to the reclassification and reassessment of the lands of the Cuddalore Chellumbrum and Manargoody talooks and recommending the employment of an additional Sub Collector for the execution of the duty under the direction of Mr. Hall.

Resolved to submit the foregoing letter, together with the Papers noted in the Margin for the consideration and orders of the Right Honorable the Governor in Council.

From Collector 12th May

Proceedings to Collector
30th September

2 In their Proceedings of the 2d August 1856. The Board requested Mr. Hall, as soon as Captain Priestley should have completed one Talook or a portion of one sufficiently large to serve as the basis for fixing the new assessment to lay before the Board his measures for the latter operation with accounts to shew the extent of cultivated and waste land in each Village its future classification and rate of assessment, the financial result of his proposed rates and the data on which the produce and its value are calculated and they accompanied this direction with a few general remarks as to the Principles

Principles to be observed.

Dated 9th Augt. in Cons 30th. Septr. 1856

3 In reply Mr Hall alleges the incompatibility of his present functions consisting not only of the ordinary labours of a Collector but of the additional task of applying the rates of assessment sanctioned by Government for the lands the resumed Poliemcattah jaghire, and a duty which he considered would require his exclusive attention, and suggested that the work of re-classifying and re-assessing the Talooks in question should be placed in the hands of some other Officer who would be able to give up his whole time to it.

30th September 1856

4 The Board in their answer pointed out, that the Government had concurred in an opinion expressed in their Proceedings of the 26th April 1855 Para 22 that it was essential that the revision of assessment should be conducted by the Collector himself but stated their willingness to recommend the employment of a Sub Collector to relieve the Collector of a considerable portion of the details of his Office

Dated 14th Octr in Cons 1st. December 1856

5 In his communication now recorded Mr Hall repeats his conviction that it is beyond his ability to conduct the work of reassessment in addition to his duties of Collector. He points out that it is not simply a revision of assessment which is now required, but a reclassification and reassessment and that he is still occupied in transferring the irrigated Poonjah lands into Nunjah Tarum, and adjusting the assessment on the Porumboke lands to the rates on the Tarum lands in Talooks for which a revision of assessment has been sanctioned.

6 The attention always paid by Mr Hall to his duties, and the solicitude evinced by him for the welfare of his District forbid the supposition that his suggestions in the present instance are actuated by the desire to spare himself a troublesome task, and the Board must confess that it would be better, in their opinion, if the assessing Officer could be relieved of all other duty; but they are unable at the present time to indicate any satisfactory mode in which the work can be taken out of the Collectors hands altogether

altogether - Officers of the necessary ex-
:perience in the operation are not avail-
:able, a Department of Supervision has
not yet been organized and the Knowledge
acquired by Mr Hall in the Policimcotta
Taqhire, points him out as peculiarly
qualified to take the direction of the
similar work to be performed in the
Talooks prepared by Captain Priestley.

7 It will be observed that in the
Proceedings of the 30th September last,
the Board calculated that 2050 Rupees
would be left at the end of October
out of the sum sanctioned for an Extra
Establishment to aid the Collector in
arranging the new assessment, and that
upwards of a year remains of the period
for which the employment of an Extra
Sub Collector was authorized for the
same purpose.

8 The Right Honorable the
Governor in Council may be pleased
to grant permission for the expenditure
of the sum above mentioned and
the re-appointment of the additional
Sub Collector towards execution of

of the duty of reclassification and
assessment in the Talooks which have
been measured. The question will then
remain how this aid can be best applied
whether the Collector should himself
conduct the actual operation, or whether
the additional Sub or Sub Collector should
be employed for the purpose under the
direction and supervision of Mr Hall.

9 Taking into consideration
that the Collector has still work of
revision to perform in other Talooks
and no extra aid can free him from
certain duties of general Superintendence,
appeal. Correspondence and accounts,
the Board are inclined to recommend
the latter plan - It might be left to
Mr Hall to elect for the duty of re-
:assessment between the Sub and
additional Sub Collectors who would
then give to it his undivided attention
under Mr Hall's direction, and it
may be expected that from the ex-
:perience in classification which
he possesses Mr Hall will be able
to give the individual selected
full instructions at the commence-
:ment of the work, and help

him

him from error in its progress. All Reports might be drawn up by the Assessing Officer, and submitted through the Collector, who can forward them with any remarks he may consider necessary.

10 This course may seem to the Right Honorable the Governor in Council to be further recommended by the possible advantage to the General Survey and reassessment of the Country, of having a young Officer initiated in the work of classification under the guidance of another of some experience and thereby fitted to act independently at some future period.

No: 217

To J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge your letter No: 3420 dated 10th

45

B. No: 4301

From the Collector of South Arcot

States that he is unable in

in conjunction with the other Public Departments to make provision for the remaining portion of the expenses of the press inclusive of contingencies Forwards Copies of correspondence between himself and the Judge on the subject of the Press.

Instant in reply to mine of the 12th July last containing my proposed arrangements for meeting the expense of the Government Press as far as my Establishment was concerned and requesting sanction for charges already incurred amounting then to 291-1-0.

2 I am now directed by Para 3 to make provision in conjunction with the other public Departments, for the remaining portion of the expenses inclusive of contingencies, and the Board remark that they think that a Messenger is unnecessary in the Press and that one of the Peons of the General Establishment might be employed in such work.

3 I beg respectfully to represent that I am at at loss to know how I am to carry out these orders, and to state that the Messenger in question could not possibly be dispensed with except at serious inconvenience, as he performs the duties of an assistant Baller as well as those of a messenger.—

4 The work at the Press is now quite heavy enough to warrant the increase

increase of Establishment and of pay for which I solicited discretionary authority in my letter of the 12th July last. It would then stand as follows:-

		Rs
1	Compositor	35
1	Assistant Do	15
12	Do Do	10
	Pressman	12
	Baller	8
	Messenger or Assistant Baller	5
		85
	Sundries	6
	Rupees	91

5 With reference to Para 5 in which you point out that the Establishment of the Press should in the outset have been limited to the actual exigency and to my power of carrying out reductions in my general Establishment I venture to remind the Board that the Press was handed over to me on the 1st of March last with a working Establishment already formed as it now stands, and that I could not have discharged any of the people till

Collector to Board dated 1st March 1856

till such time as the reduction could be effected, without stopping the Printing altogether.

Collector to Board dated 1st March and 12th July 1856.

6 I have throughout informed the Board that I could only see how to make reductions in my Establishment to the extent of 50 Rupees. If however the Board deem it proper to direct the dismissal of any other servants than those I have mentioned in my letter of the 12th July, their orders shall be carried into effect.

7 By Extract from the Minutes of Consultation No. 375 dated 13th April 1856 it appears that the Government expect that a portion of the expense of working the Press will be met by a reduction in the Judicial Establishment. Even if this is done, I do not see how I can show it in my Moyenzabitah as a set off against the people employed in the Press. Accompanying I forward Copies of correspondence between the Judge and myself on the subject.

Collector to the Civil Judge 1st March 1856. Civil Judge to the Coll. 8th March 1856.

8 As no payments have yet been made in Cash for work done by the Press, I am unable to report the amount of its earnings.

as

Fort St. George 1st December 1856

as I am directed to do in Para 7 of your letter, unless it is meant that I shall shew the value of work done for the Court and for other Departments.

9 I duly received the table for calculating the charges for Printing which accompanied the Circular from your Office No. 961 dated 10th September but I must confess that I am not sufficiently versed in the matter to be able fully to comprehend it and I am not sure that any body else here does.-

10. If I am allowed at once to charge the Court and other Departments for all work done and to receive payment in Cash, much of the difficulty in regard to meeting the expenses of the Press will disappear but even this would leave it uncertain whether the whole cost would be covered, as perhaps all the work which now comes to the Press would not then be sent to it.-

under

Fort St. George 1st December 1856

11 Under these circumstances I am unable to enter the whole of the present Press Establishment in my Moyenzabitah agreeably to the form received with Extract from the Proceedings of the Board dated 26th ultimo, but I can do so as regards a small portion of it in lieu of the reductions which I have made and propose to make, amounting together to 49 Rupees.-

12 I beg respectfully to solicit that I may be favored with further instructions as to how I am to act in regard to the Press, as at present the Establishment of it is only maintained by my making unauthorized advances.

13 The alternative appears to me to be the closing of the Press which I should much regret as it has already proved a valuable and important auxiliary.-

South arcot Collrs
Cutcherry Cuddalore
20th October 1856

(Signed) A. Hall
Collector

To

Fort St. George 1st December 185

No 70

To the Civil and Session Judge

Cuddalore

Sir,

I have the honor to inform you that by order of Government the Printing Press has been transferred from the Zillah School to my office where it will be worked for the future.

2 I am sorry to say that at present I am unable from want of types to have any papers printed in Tamil but documents can be struck off in English.

3 I have written to Madras to ask for a supply of Tamil Types.

4 I beg to request that every application from your own and your subordinate Courts for work to be done may be made in writing. An open memorandum will be quite sufficient but it will cause inconvenience if verbal messages are sent to the people at the press.

5 I calculate that at present the working of the Press will cost you

J.R.

Fort St. George 1st December 1856

a month but that when the demand upon it increases as I fancy it will, a larger Establishment will be required for it. till eventually the monthly expenditure will come up to the sum of 91 Rupees laid down as the maximum in Para 17 of the memorandum referred to by Mr. Bourdillon Para 18 of his minute dated 17th January 1855.-

6 I have proposed to the Board of Revenue to make a permanent reduction in my own Establishment of 50 Rupees a month and I have suggested that I should look to you for a reduction in your Department of Rupees 20 a month in the first instance. thus at once raising a fund of 70 Rupees to meet the Expenditure.-

7 I have also requested that I may be furnished with a scale of charges according to which other Departments and Private individuals who may occasionally have papers printed are to pay. and by which I may be enabled to show in my Accounts the real value of the work which may be done by the Press.-

8 When the rates of charges are

are determined you will then be able to judge whether the work which your Department will require to be done will be above or below the sum of 20 Rupees I have named as a permanent reduction.

Cuddalore, 1st March 1856. } / Signed / A. Hall Collector.

No. 130

To

A. Hall Esqre

Sir

I have the honor to acknowledge the receipt of your letter of the 1st Instant, and with reference to Para 6 to inform you that I cannot in any way pledge myself to make such a reduction as that to which you allude, or in fact do any thing in the matter before the receipt of the orders of Government, on the report, I have submitted to them on the subject. But any sum that may be charged for printing Judicial papers, I am prepared at once to pay.

2.

Cuddalore, Civil Court, 8th March 1856. } / Signed / S. N. Ward Civil Judge.

/ True Copies / Signed / A. Hall Collector.

No. 238.

To J. D. Sim Esqre Acting Secretary to the Board of Revenue. For. St. George

46

After B. No. 483. From the Collector of South Arcot.

Sir.

In reference to Para 8 of your letter dated 16th Ultimo No. 3420, I have the honor to submit the accompanying Tabular Statement showing the reductions which I propose making in the Mofussil establishment of this District to meet the expenses of the Printing Press, the Establishment attached to which at present costs 63 Rupees a month.

I venture to point out that

2.

altho

altho' the Press is undoubtedly very useful to me, yet that it is quite as much, if not more, so to the Judicial Department which ought therefore, I think, to meet the rest of the expense by a reduction in their Establishments.-

3.

This however, I am led to believe is not considered feasible. I have however entered the sum at a venture in the accompanying Form so as to show how the full cost of working the Press, which will not be less than 91 Rupees a month, can be covered.-

4

I know of no other situation in my own Department which I can dispense with than the ones now exhibited and I must therefore hope that the Courts will find the means of making good the remainder of the sum required which will be Rupees 31-8-0.-

5.

The total Cost of the Press up to the 31st Ultimo, which I have defrayed by advances, amounts to Rupees 569-9-0 to meet which I have a grant of Rupees 363-8-0 in deposit, derived from

from the deductions alluded to in my letter to the Board dated 1st March last and from the unappropriated salaries of the shroff and Goomastah whose situations have not been filled up.-

I beg to suggest that I may be authorized to appropriate this Fund for the adjustment of the advances and that I may be allowed to realize the balance due by Cash payments for the work done and by continuing to collect 8 annas a month from each of the Servants from whose pay the deductions have been hitherto made.-

I beg also to solicit the sanction of Government for the alteration as now shewn in my Moyenzabitah.-

South Arcot.
Collector's Cutcherry
Cuddalore.
19th November 1856.

/Signed/ A Ball
Collector.

B.d No. 4069

45. 47

The Board are fully aware of the difficulties experienced by the Collector of South Arcot in common with all other Collectors in providing

providing an establishment for the Press reduction in the particular Departments of his general establishment. The labor of subor is lessned by the substitution of printing for Manuscript works. These difficulties have been duly considered by the Government and their orders on the subject are explicit.

2. The Board however will submit the following arrangements for the consideration of Government.

1 Compositor		30
Assistant	Do.	12
Pressman		10
Ball man		6
Assistant		5.
		63

I That the establishment be fixed according to the scale in the Margin for the present. This. the Board presume will suffice for the requirements of the Collectors Office alone.

In Cons. 1st Dec. 1856.

II That the reductions purposed in the Collectors letter dated 19th November be sanctioned, the difference between the amount so obtained and the pay of the establishment being met by reductions in the pay of one or more of the persons in the Collectors establishment employed in transcribing papers &c.

III That the small sum required for contingent

contingent charges be left to be made good by the earnings of the Press for other offices and that from the same source the Collector be authorized to increase and raise the pay of the establishment to the full rates proposed (Rupees 85 in the aggregate) or if sufficient funds are not fourth coming to raise them rateably at his discretion.

3. The Board hope this arrangement will be sanctioned and will meet with the Collectors concurrence. The Tabular statement is returned in order that the necessary alterations may be made in it.

4. With regard to work done for other offices the Collector is requested to submit a statement, and the Board will recommend that the expenditure already incurred in excess of the aggregate Value of such work and the reductions (inclusive of the 8 anna stoppages) made in the Collectors establishment may be sanctioned.

5. The value of the work done will be estimated according to the table already sent. at 12 as per 1000 letters

Circular 10th Sept. 1856.

for

Fort St. George 1st December 1856.

for a minimum impression of 250 Copies
The Collector has only to take the measure
of the page printed in inches and multiply
the length by the breadth and the
sum of these by the number of letters

Type	Letters to the square Inch
Pica	72
Small — do —	98
Long Primer	128

in a square inch of the
type used. Thus a sole
Foolscap page 6 inches by
would in small Pica / the type supplied
to the Collectorate presses / contain 6×10
×98 = 6174 letters and be charged 4–10
for 250 impressions.
6

The mode of calculating
the modifications to be made in the
charges for figured statements, leaded
pages &c. is explained in paras 6 & 7 of
the statement forwarded with the Board's
C. O. 10th September last and the Board
hope the Collector will not experience
much difficulty in applying it.–

7.

On receiving the information
now called for the Board will submit
the case for the orders of Government.

For^t St^e George

Sir.

I have the honor to for^d the accompanying copy of a letter f^m Mr Boaith District Moonsiff of Perm^a goody who was entrusted with a certain extent of Magisterial power by the orde of Government dated the 14^th August 1855.

Permagoody is a populous and increasing Weaving Town and Mr Boaith's representation of the large number of cases he has disposed of is correct; I would therefore beg to recommend that he may be allowed to employ a Police Royasum on 10 Rupees a month, and pay the same out of the fines collected.

Madura, ...
5^th August 1856

/Signed/ R. D. Parker
Magistrate.

21019

For^t St^e George 1^st December 1856

To

R. D Parker Esq^re

Magistrate of Madura.

Sir.

I most respectfully beg to sub-
mit the Calendar for the division of Perma-
goody for the second quarter of the
year 1856 and to state that there were 4
numbers in hand in the last 1^st quarter
54 numbers were filed in this quarter, mak-
making a total of 58 numbers. Of these,
in 19 Numbers, persons were fined and punished,
17 Numbers were dismissed for want of
proof, in 19 Numbers Razeenamaks were
filed, some before and in some after the
examination of Witnesses, thus making the
total number disposed of, for the
quarter, ending the 30^th June of 1856, 55
Numbers. These numbers only were in
hand under investigation at the end
of the quarter.

2^d Since Magisterial authority
was invested in the Moonsiff of Perma-
goody, 339 Rupees was levied as fines
on 69 individuals, convicted of assault

and

Fort St. George 1st December 185

and trespass &c. Of these, are 7 per
alone (who were men of property and landh
to a great extent) Rupees 230 were imposed
fine, and the remainder Rupees 10
were recovered on 62 individuals the
latter sum, makes an average of
1–12–1 for each individual.

3.

For what I would ab
sent beg your assistance as a tempora
measure in this matter is, that as th
Magisterial work is so for improv
in this division of the District. S
the want of a Gomastah to take dow
depositions and prepare the Monthly
and quarterly accounts you require.
would beg therefore as a temporary
measure, that I might be permitted
to engage a proper person to discha
the duties under a salary of 80
Rupees a Month, which I do not
consider to be much. The fines realize
would pay the expenses without incu
any additional cost on Government

Fort St. George 1st December 1856

I would beg that you will kindly
be pleased just to see the large
bundle of records sent by a Peon
for the 2d Quarter under report. I dare
say you will then be satisfied as to
the urgent necessity of the measure
I now recommend. Trusting your honor
will aid me in the above proposition.

Permagoody

Moonsiff

No. 876.

Extract from the Minutes of
Consultation in the Judicial Depart-
-ment dated 15th August 1856.

Read the following letter
from the Magistrate of Madura.

Here enter 5th Augt 1856

The Government observe
that the salary of the Police Peyadom
can not be paid as recommended by
the Magistrate out of the fines
levied by the Moonsiff of Permagoody
in his Magisterial Capacity – If a
Gomastah is really required

to

to assist the Moonsiff in the p-
paration of his periodical returns, appli-
cation for the appointment must be mad
to the Government of India in the us
form but the Right Honorable t
Governor in Council thinks that some
arrangement might be made with the
Talook Cutcherry or otherwise, by whic
a Goomastah could be assigned to th
Moonsiff without additional cost.

The Magistrate will be go
enough to report whether this can be
done, and if not, will submit an
application for the proposed increase
to the Moonsiff's Establishment in the
prescribed form.

—

No. 160

To
Mr. W. Boalth
Sir. District Moonsiff Permagoody

With reference to your letter

of the 10th July 1856, I beg to send you
Copy of the Minutes of Consultation
of Government of 15th August 1856 and
to enquire whether adverting to the
disinclination shewn by Government
to recommend the entertainment of
a Goomastah you consider the ap-
pointment indispensable.

I have enquired regarding
the persons available for the neigh-
bouring Talooks and find it im-
possible to afford you one from
them.

Madura,
9th October 1856

/Signed/ R. D. Parker,
Magistrate.

To
R. D. Parker Esqre
Magistrate of Madura.

Sir.

With reference to your
letter of the 9th Instant forwarding
copy of the Minutes of Consultation
of Government of the 15th August
last

21024

For. St. George 1st December 18

last relative to the appointment of a
Goomastah to the Magisterial Depart-
ment of my Court and with reference
thereto that you find it impossible to
afford me one from the neighbouring
Talooks and therefore whether I
consider the appointment of Goo-
tah yet "indispensable" I most
respectfully beg to state, that I
yet consider the necessity of a
Goomastah indispensable, because the
Civil duties for the Goomastahs of
my own Court are laborious and the
are insufficient. You are quite aware
of the Voluminous record of cases, that
are now sent for your inspection, as
that of the session. Judge every
quarter from my Office in the Mag-
-isterial Department, which could
not be performed without an helping

Sana

21025.

Resolution thereon.

50.51

Fort St. George 1st December 1850

Resolved that the foregoing letter and its accompaniments be forwarded for the consideration and orders of the Right Honorable the Governor in Council.

2. From the correspondence submitted by the Acting Collector it appears that Government declined to allow the Paramagoody Moonsiff to employ a Royasum and pay his salary out of the fines collected in his Magisterial capacity, the Moonsiff, but directed the Magistrate to submit an application in the usual Form should it be found impracticable to afford the Moonsiff the necessary aid by some arrangement which would not entail additional charges.

3. The services of a Gomastah from the neighbouring Talooks which are all Zemindary, the Revenue cannot be made available, and the District Moonsiff states that the Gomastahs attached to his court are fully employed. The requisite Statement for

CR

Fort St. George 1st December 1850.

for a Royasum on 10 Rupees a Month is therefore submitted.—

4. It will be seen that the Civil Establishment of the Moonsiff is not shown in the Statement which refers only to the Magisterial Department but the Board append the former for the information of Government.—

Unsupported by Documents

21030

Fort St. George 1st December 1850.

Two thirds of this Extent is situated in the Government Estates one third is situated in the Zemindary and Proprietary Estates.

The Enams shewn against the numbers 1 and 2. are supported by documents granted by the Zemindars and others in possession of the Estates With regard to the Enams in Numbers 3 and 4 long Enjoyment only is pleaded as constituting a right to them. The Enamdars have no documents in support of them.-

It should be mentioned that the four descriptions of Enams given in the first part of the Statement accompanying this have been ascertained with accuracy in the Government Estates only in the Zemindary Estates the only description that could be obtained was whether the Enam was or was not taxed with Cuttoolady

I much regret the length of time it has taken to get in these Accounts but it is al most an impossibility to get returns from the various Zemindars.-

Proceedings

Fort St. George 1st December 1820.

Bd. No. 4041

Proceedings thereon.

From Coll.r to the Comm.r 14th May 53.
Inv. N.C. Com.r 18th June 53.
52. 53

Mr. Onslow having refer- to the late Commissioner that the records of the Office did not supply materials from which accurate Return could be prepared of Enams not exceeding 2 Cawnies in extent and that in 2140 Villages out of 3597, there were accounts shewing even the total extent of Enam land in each Village, independent of other details; the Board resolve, before submitting Mr. Knox's letter to Government to call for explanation as to the source from which this Return has been obtained, and if it includes the Enam lands of every Village, whether the extent of land is given in Cottahs or Cawnies. By the word "Increase" the Board presume the Acting Collector means the estimated revenue of the Enams or their net assessment.

No. 176

To

J. D. Sim Esquire
Acting Secretary to the
Board of Revenue
Fort St. George

Sir

I have the honor to forward the Statements of the land and Extra Revenue Settlement of this District for fusly 1265 prepared in the new Form furnished with the Memo from the Secretary to Government dated 23d August last.—

The Revenue of the present fusly year amounts to Rupees 2,195:200 and if Compared with that of the past shows a decrease of Rupees 37,142 or 1-10—0 per Cent as exhibited in the annexed Memorandum caused by remissions granted for waste lands &c. from the unfavorable state of the Season the particulars thereof will be given in future paras the above decrease in a dry year like the present one is less than might be expected.—

Steins

From the Collector of Combatore.
Forwg Statements of land and Extra Revenue Settlement for Fusly 1265 prepd in the new forms remarks on the State of the Season and shews the Demand amounting to Rs 2391:9:8 together with the Collections and Balances &c.

Land Revenue Result of Settlement
Land Revenue 2194:146
Sundry Items as directed in para 4 of the Memo from Govt. dated 23d August 1856 1-054
2195:200

Fort St. George 1st December 1855

3 Under the Head of Quit rent there is an increase of Rupees 490 as shown in the above Memorandum which has risen chiefly from the rent charged on Houses newly built at Jacatalah on the Neilgherries.—

4 In my Division the Settlement was made in the Cusbah stations of each Talook and Pattahs were distributed accordingly excepting in a few cases. In Danaiken Cottah Talook distribution was made at Sreemoogah and Matoopolliem. In Cheyoor at Avenashy - In Andyoor at Bawany - in Calligah at the Cusbah station and Devana Samoodrum and in Neilgherries at Ootacamand, for the Convenience of the Ryots; Para 2 of the Sub Collectors Report shows that the settlement was conducted in several stations of each Talook in his Division and Pattahs issued.—

x by the Head Asst. Collr.

During

21038 Fort St. George 1st December 1856

5 During the settlement and distribution of Puttahs the repre-
=sentations of the Ryots were fully
enquired into both by myself and
my Subordinates and reasonable
remissions were allowed in all
Cases in need of them from the
nature of the Season.—

6 The number of Villa-
=ges and Hamlets whether inhabit-
or otherwise Ryotwar Shotrem
Jaghеer or Poliput is exhibi-
=ed in the following Memoran-
=dum, compared with that

for July 1261.—

Description

7 In the Talook of Danaikencottah there was a Village called Achoor paying the small revenue of 7 annas the last on some Tamarind Trees the Village was deserted long ago in consequence of the unhealthiness of the locality the Trees also died in the year under report the remission of the rent therein was therefore necessary the Village was necessarily abandoned.—

8 There is an increase of 115 Hamlets above those of the preceding year in the several Talooks detailed in the Abstract, the Causes of increase or decrease in the number of Hamlets in each year having been fully stated in my previous Reports, I deemed it unnecessary to recapitulate the same here.—

Remarks

Irrigation

10 I beg to annex a Statement showing in detail the principal Sources of irrigation and Jungle streams, the Ayacut or total extent of wet lands depending on them the extent under Cultivation and the revenue derived therefrom. For want of the periodical rains during the year under review freshes in those Rivers were scanty and the consequence was that a large extent of Nunjah lands was left uncultivated in the Talooks of Coimbatore &c. the particulars of which will be stated in its proper place.—

Rivers	Total extent of Ayacut or Nunjah Land.	Extent under Cultivation Canvas	Extent under Cultivation Canvas	Extent under Cultivation Canvas	Extent under Cultivation Canvas	Extent under Cultivation Canvas	Extent under Cultivation Canvas	Extent under Cultivation Canvas

The

11 The revision of assessment on Nunjah and Poonjah waste lands where necessary in this District as sanctioned in the Boards Proceedings dated 27th February 1856 No. 611 and bring under the Plough, gradually all the waste lands left barren in different localities, and the result of this reduction will be treated in a separate communication shortly.

12 In addition to the above sources of irrigation the improvement of the channels of Aracunattah and Tadapully running from the Bawany River in the Taluk of Suttimungalum was sanctioned by Government in 1853 and the work when completed will encourage the Ryots to convert Poonjah lands into

into Nunjah besides allowing a more ample supply of water to the present wet lands the restoration of the Tathumpallium Tank in the Sub Division under the Sanction of Government in 1852 adds much to the irrigation of 4 Villages under it which were suffering for want of such a reservoir.

General Statistics

13 A Census was taken this year, the last one having been made in fasly 1260 and held good for 5 years as per orders of the Board, but as per subsequent instructions of Government contained in the Secretary's Memo of the 23d August last the account will be furnished next year.

14 I think it fair to remark that

Fort St. George 1st December 1856

that among a Mass of people here there are only a few who can read and write, the rest being illiterate great difficulty is felt in many cases to select an educated Monigar. Not a single School either English or Tamil is yet established in this District by Government and therefore consider=ing the necessity of educational Insti=tutions, I have lately applied to Government thro' the Director of Public Instructions for the same, at one School in each Talook.—

16 As regards English the School established by me and supported partly by private Con=tributions both by the European and Native community here, will meet the present wants of the District

Fort St. George 1st December 1856

District with a grant in aid as already sanctioned thro' the Direc=tor of Public Instructions.—

16 The Marginal Statement will show the number of land holders and others paying Reve=nue to Government du=ring the year under report compared with that of the preceding fusly:—

Fusly	Land Revenue	Sea Customs	Monigar's Fees	Total
1264	145,808	14,844	1264	161,916
1265	145,808	14,844	1264	161,916
Increase				
Decrease				

17 The number of Ryots ca=paying Land Revenue for fusly 1264 shown in the Marginal Statement of para 11 of my report for that fusly differs from that now entered for the same year by 156 in consequence of the individuals shown under the Head of Sundry small Farms and Licenses being included in that of Land

Fort St. George 1st December 1856

Land revenue as directed in para 4 of the Memo from the Secretary to Government dated 23d August 1856

18 The decrease in the Number of Ryots for the year under review is chiefly in consequence of many having become poor and unable to cultivate their own lands from the unfavorableness of the season for the past two fusles Consecutively.—

19 The number of Puttahs in the present fusly are 229892 which falls short of those of the year preceding by 10274 as shown in the Margin, arising particularly from the incorporation of

	Number of Puttahs	Fusly 1264	Fusly 1265	Comparison Increase	Comparison Decrease	Per Centage Increase	Per Centage Decrease
Collectorate Division	Inam Land	14,3010	13,8089		492		2.24
	Mottahs	30,512	30,094		418		1.38
	Total	1,44,522	1,43,183		1339		0.92
Sub Collectorate Division	Inam Land	5,1330	4,7259		407		8.14
	Mottahs	15,291	14,4452		846		5.53
	Total	20,621	19,1711		1253		6.07
	Total	2,65,143	2,52,869		12274		4.62

Fort St George 1st December 1856

of grass Puttahs with those of Land Revenue this year as per new Form. The increase of

Fusly 1264	71366	20681 Puttahs in the number actually issued
" 1265	92047	this year has arisen chiefly from the issue
Increase	20681	

of fresh ones as per new form in the Sub Collectors Division, while in my Division Puttahs were granted only to the Ryots who had changes in their holdings.—

20. In the number of Ploughs and cattle there is an increase of 2087 and 30974 as per Margin. those items being of a variable nature, hardly need particular remarks except that some of the Ryots who were paying Motarpha tax, became Land holders during the year under reference hence the increase in the number of Ploughs &c.—

Ploughs &c.	Fusly 1264	Fusly 1265	Comparison Increase	Comparison Decrease
Ploughs	91677	93764	2087	
Cattle	1175067	1206041	30974	

21 The total number of new Gardens

Fort St George 1st December 1856

Garden Wells in this District in 1264. was 1996- they now amount to 2540 exhibiting an increase of 544 above those of the past year. The number of new wells would have probably been more, had it not been for the unfavorable nature of the season- and scarcity produce in consequence.-

These are brought to account. many more are probably dug.-

22 Adverting to para 7 of my letter dated 29th December last № 176. I beg to state, that the rent on old Gardens held for Poonjah or Grass rent, and also those deserted for and beyond the last 5 years, was reduced, as per order of Government and the amount of rent so reduced is shewn in the subjoined abstract- there are but few Gardens of the above description still requiring reduction. I shall in due course report the result of the order of Government above quoted

Item	Total Extent of Land	Assessment	Amount of reduction	Remaining Assessment
Gardens held for Poonjah and Grass rent and those left waste for 5 years up to Fusly 1265.-	16383 acres	62719	21722	40997

Fort St George 1st December 1856.

quoted in respect to the old Wells.-

23 I beg to annex the Rent Roll of the year under report compared with that of the past Fusly there are variations in the Number and amount of Puttahs in some cases, but any explanation on such usual fluctuation as already stated in former Reports, seems uncalled for.-

Fort St George 1st December 1856

Season and sanatory state of the Districts—

24 The season has not been favorable this year. Rain has been slight and partial, throughout the year, and in consequence there has been a falling off, in the extent of cultivation, and Revenue. The Principal Rivers Coleroon and Pennaur, Nagel &c have not received their usual Swamp, Vayed &c have not received their usual freshes and Tanks depending on them were not fully supplied with water, Remissions were unavoidably granted, upon due enquiry, to the Ryots for waste Nunjah Lands and for failure of produce

The aggregate amount of remissions of the several descriptions is Rupees 57146. The want of forage during the year occasioned much loss, on sale (for low rates) of cattle, to the detriments of the Ryots. The total known number of deaths among the cattle amounted to about 2000 heads

25 The Sanatory State of the Districts was not bad, as was the case last year, the number of deaths, by Cholera has been about 800, which is less than there in last Fasly. There was no other pestilential sickness during the year under reference—

26 The prices of Grain rose from 4 to 8 per Cent above those of Fasly 1264; the Fluctuation of this, as also the variation between the commutation rate and the present ones are exhibited in the annexed abstracts—

30 There is a net Increase under the Head of Poonjah of Rupees 7896 for the ye under review, arising from Gardens held for Ordinary Poonjah rent for the last 5 years, have been assessed with 1st Class Poonjah rate and e -tered under the head of Poonjah, as per orders Government dated 6th October 1854 - as well from the progressive rent of Cowle lands, as fro a large extent of waste land held on Co this year.-

31 Under the Item of "Garden there is a Net Increase of a small sum, Rupees 105. after deducting the decrease of Rupees 4,578 under this head, from death, es -sertion, and insolvency of Ryots. the actua increase however, in Garden rent, amounts 4,403-8-4 from the cultivation of waste Gardens this year, on reduction of the h assessment formerly fixed thereon - a large increase of Revenue may be fo -ly expected, gradually but permane -ly and surely, under the head of Garde

32 In Ninjah lands, there is

net decrease of Rupees 37,470 - after de- -ducting Rupees 10155 being the increase under the same head - in consequence of a large extent of Ninjah lands having been left waste during the year from want of periodi- -cal rains in the several Talooks noted in the Margin - the decrease would have been still more, had it not been for rain in the Month of November 1855, which afforded supply suf- -ficient to yield a Scanty crop.-

33 It will be observed from the Statement appended to para 28, that there is a decrease of Rupees 7676 under the head of Sundry items as detailed in Statement No 4 which has resulted chiefly from lands held for grass rent, amounting to Rupees 3800 - - - having been brought to cultivation, and the above Grass Rent struck off the accounts, as also from the reduction of tax on Trees this year as per order of Government dated 31st May 1855.-

Conveyed in the Board's Proceed- -ings dated 29th October 1855- No 2901.-

34 - Adverting to para 4 of the Memo. from the Secretary to Government dated 23rd August

Fort St George 1st December 1856

August 1856. I beg to inform you that a sum
of Rupees 753 being the fishery for the curre
Fusly 1265, and hitherto entered under the he
of "Sundry Small Farms and Licenses" has
been included with the Land Revenue
as therein directed.-

35 On reference to Statement No.2
it will be seen that the amount of Fishery
this Fusly falls short of that for past year by
Rupees 1962- Caused chiefly by the transfer of
the Ferry rent to the "Head Local Fund" as
per order of Government dated 18th April
1856.-

36 The item of "Teerwa Kummy" un
-der the Head of Poonjah Shewn in the Mem
-randum appended to para 29. Viz- Rupees
includes a sum of Rupees *428 being the am
on Poonjah Lands on the Neilgherries- the
Lands were actually cultivated, but the crop
entirely failed from want of periodical
rains, considering the impoverished state of the

Burghers

Fort St. George 1st December 1856

41 The increase of Rupees 1785 in the Abk[ar]y Revenue during the year as shewn in the abstract was from Competition—

42 Under the head of Moturpha there is a decrease of Rupees 7026 caused by the transfer of the Cart Tunds from this Head to that of "Local Fund" as per instruction from Government of Rupees 1993 and from Remissions of taxes on Looms owing to deaths desertion and poverty of weavers to the extent of Rupees 5033—

43 The Stamp Revenue shows an increase of Rupees 4903 more than that of the past Fasly [illegible] arising from the increased number of Suits instituted in the Courts—

44 The item of Exctra Revenue exhibits a decrease

Fort St. George 1st December 1856

decrease of Rupees 1405 below the demand of Fasly 1264. The Sales of land and Teak wood do not amount to so large a sum as in 1264—

45 The subjoined abstract will exhibit at the demand of all sources of Revenue in Land Motarpha &c.a Compared with that of Fasly 1264 there is a decrease of Rupees 38918 for Fasly 1265 which bears a proportion of Rs. A. P. 1-9-7 per Cent—

Fasly Sources of Revenue.

Land Revenue.

Fort St. George 1st December 1856

47 In the Collections of the above Total I am happy to be able to add that no Coercive measures of any Sort were found necessary in any Case—

48 The abstract below will exhibit the Gross Collections Charges and net Revenue with percentage during the Fasly 1265 vide Statement A. 13 14—

49 Collections on account of current and arrears this year show a net decrease of Rupees 11767 Caused Chiefly by a falling off in the Land Revenue from the nature of the Season as explained above—

50 Under the head of Abkarry there is a net decrease of Rupees 1180 in the Collections for the year under Report—In Fasly 1264 a large sum was recovered on account of arrears, while the same amounted only to

Gross Collections including arrears of Fasly

to a limited sum this year with Re:
=ference to the arrears outstanding at
the Commencement of the Fusly this
will explain the cause of the above
decrease-

51 The item of Motorpha Revenue
shows a decrease of Rupees 12985 and is
in Consequence of various Reductions in
the demand of that Revenue for the year,
and of Recovery of a sum of Rupees 6,000
after the Close of the Fusly-

52 The increase in the Stamp Re:
=venue of Rupees 5970 has arisen from
the increased Sales of stamp papers
with Reference to the number of Suits pre:
=ferred in the Courts and from the
amount Received from the Judicial
Department on account of penalty &c.

53 The charges under the head
of Land Revenue shew an increase
of Rupees 26463 for the Current year
from the following Causes - In Fusly
1264 the Salaries of the Collector and
his Assistants as well as of the Collectors
Establishment

establishment were charged for 11 Months
whereas the same was disbursed for the
whole period of 12 Months during the
present Fusly owing to the Change of the
close of Fusly from 12th July to 30th June -
The salary also of a Special Assistant
Collector Mr. Morris on account of the
Governor General was paid for the
whole period this year while it was paid
only for a broken period of 2 Months
in the past Fusly - Hence the increase
in the Land Revenue Charges-

54 The increase observable in the
item of Stamps is in consequence of pay:
=ment of Commission to the Public Servants
with Reference to the amount of Sale of
Stamps papers as also from the Repayment
of Stamp duty under Section IV Act
No. XVII of 1848 to an increased amount-

55 Adverting to para 20 of Esc:
=tract from the Minutes of Consultations
No. 285 dated 11th March 1856, on the Settlement
Report of Fusly 1263 the Revenue derived
from the Sale of Sandalwood, Teak:
=wood &c. will be included with
the Land Revenue from Fusly 1266

the Board for their early Consi-
deration the high rate at which
some of the Nanjah Lands of Erode
is still assessed and to obtain Sanction
for the proposed Reduction therefrom -

60 Some of the Public Servants
in this District having acquired
Lands during the year they are duly
entered in the Register kept as per
orders of Government -

61 With regard to the new
Forms of village accounts, I beg
to state that the Books containing
the manual of instructions for
preparation of those accounts as
were distributed to all the Cummums
on the recovery of their cost
value at 4 Annas each

J.G.R.

each as directed. the Printed forms of accounts
were also furnished to them respectively as
before the Commencement of the settlement.
detailed orders as to the preparation of the
accounts in question were also sent. The
cummums were fully informed during
the settlement of the advantage which they
would derive from the introduction of
the new Forms many of the cummums are
unaccustomed to write on paper in such
cases their nearest relations were desirous
to assist them as suggested in para 3
of the Rules.

62 In 6 Talooks noted in the Margin,
Most part of the accounts
have been prepared and
in all the other Talooks a
few Villages have been
completed There is little
doubt that the accounts
will thoroughly be prepared
in all Talooks generally for the next
year

1. Coimbatore	Most part of the accounts
1. Cheyoor	have been prepared and
1. Parindooray	in all the other Talooks a
1. Errode	few Villages have been
1. Andyoor	completed There is little
5	doubt that the accounts

63 For want of a Canarese
Manual and forms of accounts Coimbatore
ones have been supplied to the Talooks
of Colliyal, Palamalay, and Rapanoor
the Cummums of those places use only
Canarese.

Fort St George 1st December 1855.

Canarese. To facilitate the preparation of accounts by them I beg that the Canarese may be furnished as soon as practicable

64 I beg to forward the subjoined Report on the Settlement of his Division for Fusly 1265

65 In reply to para 6 & 7 of the Board's 18th December 1854 enquiring the result of the System now pursued here since Fusly 1261 of permanent Puttahs I can only repeat as I have done before, that continued experience shows it to be most acceptable to the Ryots and beneficial to their best interests. It removes the yearly harassing surveillance of the Ryots and menus and operations and the degree of uncertainty attached to a yearly lease from the liability and excuse for interference by cummums and other officials relieves the Ryot from a needless attendance at the Tamalaundy Cutcherry and harassing delay in the Talooks It gives his former annual Puttah a stability of character and certainty of tenure he did not entirely feel before; and to which every year adds the weight and value of permanency.

66 I do not think it would be advisable to bind the Ryots to 20 years, or any fixed term it might excite their suspicion, and is contrary to their habits the present Puttah binding

No. 130. 29th Nov. 1856 See my letter to Board on Puttahs.

Vide my Tamalaundy Report of Fusly 1262 dated 30th November 1853 paras 50 & 51 & para 82 of the Report for Fusly 1264 Para 82 dated 31st December 1855.

Fort St George 1st December 1856.

binding on the Government but open to the Ryots for as many years as the Ryots interest (the object in view) requires answers all the purpose in a way more satisfactory and favorable to the Ryots a provision for, and relief in bad seasons is both just and necessary in the Ryots present state.

67 A great many new wells as reported in my last years Tamalaundy, continue to be dug in Poonjah fields and some of the old deserted and exhausted wells are being reopened fences restored and Garden crops again appearing on fields long waste some for 30 and 40 years a great proof of the practical value and policy of the Garden remissions is exhibited in lands fit for new wells, or with old wells in them) becoming more saleable and discussions now raising on old dormant claims for Garden lands long waste Old owners now appear for Gardens long deserted and hitherto unclaimed and begin to recultivate them under the encouragement of the reduction to 2/3rds Garden or 1st. class Poonjah as the case may be.—

In some large villages the increase of new wells and old repaired under the encouragement of the new Rules has been stn Ring 21-28—32 (chiefly new) in 3 Villages Generally &c. gr:

68 The above results are apparent even in a very dry and unfavorable Season as this has been had it been a seasonable and + abundant year much more waste land both Garden

+ of rain

and

Fort St. Calgerg 1st December 1856.

and Poonjah would probably have been taken up.

69 The large Tanks close to Coimbatore which have not failed for the last 10 successive years — — this year were entirely, and not a Cawny of Nunjah cultivated.

70 Discretionary remissions are nearly extinct in Coimbatore neat to Soccavy they were open perhaps to most abuse of tion obtained by those least needing through the recommendations and influence of canoungo and Officials; and almost impossible to check it to any late. The one grand, fair, and sound test (applied to all applicants for remissions) is, the option to throw up any field they declare incapable of profitable Cultivation the usual rule now is "throw up" or "Cultivate and pay" and with a few exceptions (of real distress which will sometimes occur) it usually decides all such applications. No Sadding now exist it is bonafide entire freedom of holding a Ryot contracts or enlarges his Farm just as he pleases and the simple Knowledge of this permission alone prevents many fictitious pleas.—

71 No effort has been spared to introduce the new accounts a work of

Fort St. Calgerg 1st December 1856.

no small difficulty, however desirable the long and tenacious use of and adherence to old forms is proverbial. the accounts have however been carefully explained and introduced into many Villages in each of the 15 Talooks and the gradual and general introduction of them will be strenuously continued. Soccavy is now unknown and masked in this District it has been altogether put a stop to for several years it was a most fruitful source of many evils and malpractices and never in my opinion answered the end for which it was intended to aid and restore poor and suffering Ryots it was a fictitious bolstering System, and a means of vast peculation and fraud.

72 The Coimbatore settlement is now to all intents and purposes a permanent settlement under real Ryotwar and I cannot honestly see what more could be desired for the Ryots he is certainly content. if allowed to be so his assessment is light fixed unvarying on the soil not the crop he grows what he pleases without enquiry. his lease is permanent it runs on for as many years as he chooses unchanged but he can reduce

or

or enlarge his Farm adlibitum, by simply making Known his wish any later and Capital he sinks + is entirely untaxed he reaps the whole benefit.

+ in improvement

73 In many of the above particulars he is better off, and beyond the English Farmer if a bad year comes Government in India is a liberal land lord and remits largely. far more than any private land lord in England can afford to do. If the Ryot chooses to keep his Farm multiplied without addition or reduction in its area. he can just do what he pleases within it and need not see the Collectors or Tahsildars face for 20 years if he only pays his Known and just dues; and even if he falls in arrear such a thing as a sale tho existing in theory is not really Known, he has been hitherto allowed 1–2 or even 3 years grace to enable him to pay up

In the course of irrigated lands the whole Rent is entirely remitted where is it in England?

Only one and that at the request of the party has occurred for 5 years.

up at his convenience (if he is honest and trustworthy or can give any Security for eventual payment) Provided the assessment is light and fair (which the rate shews for itself) I really cannot discover what can be further demanded or fairly decried for the Coimbatore Cultivator

Average rate.-

	Rs	a	p
Dry land per acre	—	13	—
Garden well	3	2	—
Rice irrigated by Government water	7	13	—

74 The Ryot wants nothing but Roads to convey and markets to consume his produce, the Roads are either made or making as fast as practicable, and the Foreign Markets must arise of themselves naturally and gradually they cannot safely be forced on the Roads may and should be The above are simple undeniable facts as regards Coimbatore not theory or speculation.

75 The Old Pattahs of Coimbatore (and probably Elsewhere) used to end with the words "pay your Kists, obtain receipts dont give a Cash more than the amount specified in your Puttah

Fort St. George 1st December 1856.

Puttah give no bribes and be happy (Hobson Jobson) whether they meant in truth or irony it is difficult to say it has been long struck out of the form but I believe the great body of the Ryots would now (since the politic and just relief of the last few years in reducing Revenue items admit that they had not much really to complain of or to ask.-

76 An English farmer has not a perpetual lease he cannot contract or enlarge his holding at pleasure he is bound down to rotation of crops he must not unjustly rack his land, he is liable to visits from his landlord to see what state he keeps his Farm and Buildings in. can cut no timber and on various points is really far less free than a Coimbatore Ryot and as to the security of the tenure, the best practical test of the Ryots opinion of its safety is that irrigated land (for Rice) will sell readily for 25 and 30 years purchase (of the Rent) Garden from 15 to 20 and even dry poonjy if good for 5 and 7 and the Puttah is taken in every Court as good sufficient proof of ownership.-

† Tho it may be along one and the Govern ment could it is not likely they ever will increase present rates but rather reduce looking at present policy.

Fort St. George 1st December 1856.

77 If the above few simple facts are not sufficient so far as Coimbatore is concerned to relieve real Ryotwary from the unjust abuse heaped on its supposed and attributed evils I know not what more can be usefully or fairly said It is the abuse of fancied Ryotwar that the accusations apply, not to the real system when fairly carried out Abuse sometimes however considered, if it would not be advisable to restrict small holdings within a certain limit (10 or 20 Rupees) to alienate to many paupers and petty occupants as now exist who have neither Capital nor spirit to invest or to improve and who would more naturally and properly fall into the class of labourers instead of small unthrifty tenants. on the other hand it is not desirable (usually) to check perfect freedom of holdings large or small.-

In

Fort St George 1st December 1856.

78 In many Villages there were no Puttahs at all to be given away all remained as last year and if the Monigar and some Ryots attended at the Circuit Cutcherry; it was by their choice they either come up with other friends or neighbouring Villagers to hear if any new Circular Orders or other directions were given they had nothing to ask & and Come or not as they pleased the precentage of Puttahs to be given was as noticed 10 per Cent.

79 I beg to enclose a form which is read out land before all as each Village takes its Puttah, showing briefly the main Statistics of each Village for my own information as the whole village generally all the Ryots present (usually some 1,000) hearing the same this Shave adopted for several years.

I

E. B. T.

Manally now only about 18 per Cent. but increased this year by the necessary charges on the Garden and Tope mentioned.

Fort Saint George 1st. December 1856.

80 I have received every practicable assistance from my Assistants Mr. H. E. Sullivan and Mr. Boswell.—

Dharapooram 29th. September 1856

(Signed) E. B. Thomas
Collector

To

E. B. Thomas Esqre

Collector of

Coimbatore

Sir

I have the honor to forward the Summabundy Report of the Sub Division for the fusly 1265. The Settlement shows a small increase of Rupees 449 14 10 over that of the preceding fusly but falls beneath the average of the last ten years. With respect to this however the late large remissions such as that on Garden land assessment at 15 per cent amounting to Rupees 24,000 and that on palmyra trees Rupees 1,000 should not be overlooked.

Average Settlement of last 10 years	4,20264 6 8
Fusly 1264	4,00461 6 5
Fusly 1265	4,00911 5 3
Increase	449 14 10
Decrease to the Average Settlement of the last 10 years	19353 1 5

2. The Summabundy was conducted by Mr. G. L. Morris at the Cusbah town in

Fort St. George 1st December 1

in each Talook

3. The number of Villages and fa

received their usual supply but some deficiency occurred in the lower-most channels of the Ambrawutty those nearest Caroor / and also in the Buddhimal

Fort St. George 1st December 1856

tanks no rain having fallen to keep up the supply of water after their first filling a hundred and forty five new wells were dug during the fusly. as large a number as could be expected considering the very dry and unfavorable season. These wells are not constructed without some considerable outlay they are not mere shallow excavations. but cut often to a great depth generally through solid rock at a cost ranging from 50 to 150 Rupees and upwards.—

4. The prolonged drought and failure of pasturage has occasioned a general decrease in the number of Cattle. but not to so great an extent as in the preceding fusly.—

Statement of Cattle

Fusly	Cows	Bullocks	She Buffaloes	He Buffaloes	Sheep	Total
1261	57925	68856	12888	52145	131063	278977
1265	58170	68826	13612	15062	133917	279617
Increase	245	"	754	"	"	Net Increase 640
Decrease	"	30	"	183		

Note Though the Statement shows a small net increase it is only over the very great decrease of Last Fusly which is by no means recovered.—

An

5 An increase appears in the nu
of Ryots resident and non resident as well a
ploughs: joint puttahs and Mohturpha
decrease arising chiefly from many of the
especially those held for grss. having
united under one holder and merged int
ainl puttah: and in Moturpha from the
causes of death change of abode the fa
having become Cultivators &c. at the
bundy the whole number of puttahs was
distributed, written according to order
The change from Cadjan to paper pattyam
I would beg to observe is extremely distaste
beyond doubt a serious inconvenience to the
The Cadjan with its incised ineffaceable wri
was excellently adapted to all the usage
natives, strong portable indestructible in
ordinary circumstances it was easily carrie
preserved either about the person or in the ho
as is evidenced by very old puttahs being constan

produced in good condition whereas the paper pat
tyam is unsuited to all the habits of the ryot
it is soon spoilt by handling; kept on the person
it is easily lost, torn, or as in numerous in
stances, destroyed by perspiration a few hours
after having been received; preserved in the house
which seldom boasts of a receptacle for paper
documents, it is exposed to damp whites
ants, and the attacks of insects which soon
obliterate the writing; as puttahs are not now
renewed yearly these consequences seem worthy
of consideration. another change in the puttah
has been. I think with reason, objected to;
In the new puttahs the fields and holdings
are specified only by numbers, but the great
majority of ryots know their fields only
by name every one having its immemorial
appellation; few ryots know the numbers which
the fields they may have even long cultivated
bear in the accounts. I am unable to see any objection

to

Note. In the 2d to 5th Columns the figures opposite the month denote the number of Villages in which rain fell.

Fort St. George 1st December 1856

not continued long enough The Dharapoo-
ram talook was visited with a few showers
in April and May, but for the next 4 months
that talook suffered an utter drought no rain
having fallen again there till October. In caroor
none at all fell during the early season and
though a small quantity fell throughout
Chuckragherry in May it was quite useless
for cultivation In the latter season rain did
not come in abundance till October and the
following month was entirely dry hence the
crops that had begun to Spring in October
receiving no after supply fell short and the
outturn generally throughout the Sub division
barely amounted to half an average crop in
punjah and three quarters in garden. The pun-
jah crops in Dharapooram yielded a fair
average but in Caroor and chuckragherry
some deficiency occurred, owing to the lower
most ambrawutty channels in the former
talook not having received a full permanent
supply and the Buddhiswuttum tanks in the
latter talook not having been again recruited
after

after once filling in October.

7. The prices of grain continued high at the average of the last 5 years and much exceeding those assumed in the Survey however the prices of 2 grains only Viz^t paddy and raggy, rose slightly higher than in the preceding fusly all the others the rates some what lower than obtained in 1264-c. A bad season following others as bad or worse cannot operate otherwise than keeping up high prices.

Fort St. George 1st December 1856

9 Sugar cane Cultivation shows a slight increase of 144 acres not recovering however the decrease of last fusly the larger amounts of capital required for this cultivation and the long period before a return is yielded are among the causes operating to prevent a more extended extention, and also in no small degree the high and profitable prices Commanded by paddy during the last two years, which induce its cultivation in preference, especially where in the Khangyam talook an extra charge is levied upon Sugar Cane gardens and none upon dry rice crops until these additional charges upon superior produce are abolished the cultivation of Sugar Cane Yea Cannot be expected to make any great advance. Cotton both native and american exhibits a considerable decrease which is attributed to the unbroken succession of bad seasons and long droughts.

10. There is little that calls for remark in the Subjoined Statement of Savoy Summa and Fisced Sourvadayam The decrease of Rupees 376 in the item of Paravapilloo, or grass tax noticeable in the latter arises from grass lands being brought under cultivation or relinquished. The item of Rupees 130 under the head of "jungle land rent," is occasioned by the mulsers of the Tallayee Puddy a remote spot in the hills near the Travancore boundary having been encouraged to enter upon cultivation at a nominal rate the land being unmeasured

Fort. St. George 1st December 1856.

unmeasured. It is gratifying to observe that the enterprise is extending as they are able to pay 75 Rs. more than in the last Fusly. It were well if other puddies of this neglected and semi-savage race could be induced to make a similar trade and substitute a better and more certain subsistence for their present scanty and precarious livelihood. The items of Molturpha inserted in the Fixed Sourna dayem show less decrease than in fasly 1264, except in the tax on Handicrafts. the greater decrease in which is owing to poverty and the people seeking other employments.

12 In the above Statement the items of increase in Poonjah and Garden are ordinary and call for no detailed Notice. A remission on shavi to the amount of Rupees 1393 - 4 - 2 and a net decrease in Nunjah of Rupees 184 - 8 - 1 as compared with last fusly have been occasioned principally by insufficiency of water in the Buddhenuttam, and Kattankani Tanks. The decrease in Bhag poonjah arises from the usual causes of the land being either brought into full garden cultivation or thrown up.

13 The item of Rupees 346 - 14 - 4 under the head of "Nunjah paying poonjah or garden rent" was caused by the deficiency of water mentioned in the foregoing para, some of the land having been allowed to be temporarily taken for poonjah or garden. The land being assumed for full cultivation or relinquished are the causes of the decrease in "grass poonjah and garden" Under Mohturpha "appears a decrease of Rupees 1120 - 1 - 6 attributable to the ordinary causes of death change of residence want of means, or taking up cultivation

14 The following Statements of Land Revenue and Extra Sources and Demand Collection and Balance call for no remark.

15 A balance of Rupees 2007 - 8 - 11 remained uncollected at the close of the Fusly, but has been since realized. No legal means whatever were resorted to in collecting the revenue of the Sub division.

16 In the report for fusly 1264 on old balance of Rupees 35 - 5 - 11 was described as recoverable, 16 - 14 - 4 Rupees, thereof have been collected - but their appears no probability of realising the remaining Rupees 18 - 7 - 7 which

which are therefore inserted in the irrecoverable arrears. The annexed table shews a total of Irrecoverable arrears, reaching back to fusly 1259, and amounting to Rupees 131. 14. 5, I request permission may be obtained to strike the same from the accounts.

Proceedings thereon.

61. 62

The Board of Revenue confirm the sale of the lands alluded to in the Statement which accompanies the foregoing letter and authorize the Collector after carrying to the credit of Government the amount of arrears against the late Proprietors to disburse to them respectively the remaining sale proceeds.

No. 263.

To

J. D. Sim Esqr.

Acting Secretary to the

Court of Wards.

Fort St. George.

63

Bd. No. 4703.

Sir,

From the Ag. Collr. of Madura.

I have the honor to acknowledge the permission of the Court of Wards dated 4th November 1856 to the proposed Answers in O.S. 8 of 1856.

In Para 2d the Court observe "if they should withdraw it the Court is disposed to permit him to enter into an investigation of the claim with a view to the ascertainment and liquidation of any amount which may be fairly due on the distinct understanding however that such

"such enquiry is in no way an admission of the validity of the Bond on which this Suit is founded. But before proceeding further in this enquiry Mr. Sullivan should require the Shetties to state distinctly in what manner they are prepared to bind themselves to abide by the eventual decision of the Court of Wards to whom the actual adjudication on the claim must be left by whomsoever the enquiry is made whether by arbitrators or the Collector, or the Collector aided by assessors."

2. It is possible that the Suit is merely tentative and that there are many similar in petto waiting to see the fate of this. I have therefore grave doubts of the advisability of any Settlement whatever. The present Suit appears an advantageous one for the Minor to dispute. It becomes a question whether it would not be better for the estate to defend this Suit throughout if necessary than to Rajee a succession of Suits brought on Bonds fictious or otherwise.

3. If one claim be adjusted the difficulty

difficulty of defending others of a similar nature will be increased.-

4- With regard to an adjustment. The Suit is now before the regular Court of the County I would submit that no irregular tribunal seems to me so fitting to file a Razeenamah as the regular Court. The Razee may be drawn up by whom and in what ever manner the Court of Wards may deem advantageous but I submit that the final Razeenamah should be filed in the Court it may be drawn up and filed during the early stages of the Suit when the whole agreement has been laid open in Plaint, Answer, and Reply-

5- I made the above suggestion with hesitation as I have so lately taken charge of the District but I feel that I should not be doing my duty to the estate did I not submit them to the Court of Wards.-

Madura, 12th November 1856

(Signed) R. J. Sullivan.
Acting Collector.

Proceedings

B. No. 4008.

Proceedings thereon - 63. 64

With reference to Para 8 of the foregoing letter the Court of Wards observe that necessary as it is to protect their ward from unjust claims they would be very unwilling that advantage should be taken of circumstances to repudiate any debt justly due by him- Apart from considerations equally binding on every one the Proprietor of an estate so very large and containing so great a population of all classes as Shevagunga, has the strongest reasons on the ground of general policy to behave with perfect justice towards all parties with whom he has dealings- The probability therefore that the Settlement of the claim in question would cause other claims to be prefsed ought not in Courts' opinion to have any weight, the only points to be considered being, what is really due and whether it can be legally paid-

Mr. Sullivan's argument however

2- that a compromise before the Civil Court would

Sir

Adverting to my letter No.
of date the 4 October last and to
your Board's orders thereon
dated the 9 Idem I do myself
the honor to report that out of
arrears due Rupees 1,66-3 gra
paid up by 66 Defaulters
interest

Rs. 1793-6-4

21140

Fort St. George 1st December 1836.

interest prior to the day of sale.

2 The remaining 6 Defaulters
referred to in the accompanying State-
ment not being able to meet
the demands against them
Rupees 133-2-7 their respective
lands were put up for sale
and realized Rupees 214-8-0
which covers in full the arrears
with interest.

3 There is a surplus
sums of Rupees 75-5-5 due to those
Defaulters and which amount should
be refunded to each individual in
proportion to the excess over the arrear

4 I beg to solicit confirmation
of the lands disposed of.

Bd No. 4012

Circular to all Collectors including Madras

Circular

Sir

Since the promulgation of the new form of Advertisement for the sale lands for arrears of revenue some Collectors Report the result of sales for the confirmation of the Board and some do not, the cause of this different mode of proceedings being apparently as that the old Form required such a report while the wording of Para 5 of the new form implies that it is not necessary.

2 The Board are of opinion that their confirmation is not necessary

COBR Volume 1 Page 67.

COBR Volume 4

necessary to give validity to the transfer which should be made subject only to the conditions specified in para 5 of the advertisement. They think however, that it is desirable that the report should be made in order that they may be informed whether the arrear has been recovered and grant sanction for payment to the defaulter of any surplus remaining from the proceeds of the sale. As a statement of the prices obtained will form a very useful record in their office it is requested that these may be particularly noted.

107
B. No. 3405.
From the Acting Collr
of Guntoor. 21.

Sir.

I have the honor to acknowledge the receipt of the Board's Proceedings of 14th Instant with Extract from the Minutes of Consultation dated 23d Ultimo, in reply to observe that my report on the measures required for the reorganization of the Salt Works in the District was submitted on the 12th Instant. The proposed new disposition of the Salt Establishment to suit the new plan when fully carried out is now forwarded. As observed in my last communication it will be some months before the Cottaurs at the Cottaurs to be abolished will be exhausted but as the Establishment is gradually withdrawn from these, the augmentation of the salaries at Chinna Ganjam may be progressively made.

2. At the head of the Establishment as eventually to be constituted, I have proposed a

Fort St. George 2d December 1850.

a Superintendent on a Salary of Rs. 200, with a Deputy on Rupees 50; these salaries appear necessary to secure efficiency and to induce integrity and honesty. With this arrangement the whole of the large salt transactions should invariably take place under the immediate supervision of one or other of these responsible Officers including the shipment of salt for export by sea. The other arrangements in the new Moyenzabitah do not materially differ from those already existing for the Joint Cotaurs of Chinna and Pedda Ganjam, except in the addition of a Sheristadar and in raising the salaries of the inferior Servants where requisite, for securing more efficiency and integrity in the Department. The aggregate salaries of the new Establishment correspond with the amount already sanctioned for this District.

3. The Maturpully Port and perhaps that of Epoorpalem may be placed under the Superintendent and his Deputy

may

may with advantage occasionally visit the localities of the abolished works with the view to the prevention of illicit manufacture at them in a more effectual way that perhaps can be expected from the ordinary Police.-

4. As a temporary measure I would propose that 50 Rupees out of the full salary of the Superintendent should be appropriated to a Salt Manager in the Honzor, as much check and supervision will be required in making the new arrangements for the salt pans, and securing a correct registery of these, as well as of the old pans and the numerous duties of the office do not admit of the Sheristadar or his immediate subordinates giving that share of attention to this subject that it certainly deserves to place the matter on a satisfactory footing.-

5. This part of the information was

was delayed in hope of receiving from the Commissioner the proposition of his predecessor as regards the establishment for this District, but as this has not yet been supplied, this communication is no longer detained for it.-

(109)

B. No. 3802.

From the Collector of Vizagapatam } Sir.

I beg to acknowledge the receipt of an Extract from the Board's Proceedings dated the 14th. August in reference to the rights of Ryots to the possession of Date and Palmira trees situated in their holdings.-

2. In reply I beg to state that in cases in which Date and Palmira trees belonging in Jeroyty lands were originally planted by the cultivating Ryot or his predecessor, the occupant has a right to the fruit, leaves &ca. free from tax, and the Toddy drawers possibly make him some inconsiderable allowance for the privilege of drawing Toddy. But this is optional. If a

Fort St. George 2nd December 1856.

complaint were made of opposition by the Ryots to the Servants of the renter drawing Toddy their interdictions would be set aside.-

3. If the Ryots desire to fell the trees, an application for permission to the Government Authorities in Government lands and to the Zemindars if in private Estates, is indispensably required.-

4. This is the rule generally prevailing. In some places the Puttadars unless the trees are included in their leases are not supported to have a right to the produce of the Trees.-

5. To trees in the waste the villagers are not supposed to have any right whatever.-

6. In fact it is not supposed in this District that the Cultivator is the owner of his holding. If he was the trees would of course be his property. He is the Tenant only, therefore the trees do not appertain to him.-

7. I am not of opinion that any rules are needed in this District. I think that to assimilate the practice throughout many provinces where different local usages in conformity with public opinion prevail is

21161 Fort St. George 2d. December 1856.

is unwise. Besides rules framed by a Government would not be attended to in the ancient Zemindaries.—

8. I am not able to furnish any Estimate of the Financial results of transferring the property of Palmiras and dates to the Ryots in their holdings and to the Villagers in the waste. As the Government lands in this District are not extensive, the loss might be 1800 or 2000 Rupees annually. The proposal is in my judgement quite uncalled for.—

B. P. 3745

From the Collr of Cuddapah

Forwarding a Statement of three talooks together with an abstract of ten, showing the usual re= =missions granted under different heads and the amount of commuted money allow= =ances which should be paid in lieu of them as required in a Circular Letter under date the 25th January 1855

Sir

Para 1. With reference to the Board's Circular letter under date the 25th January 1855, I have the honor to forward a Statement of three talooks together with an abstract of ten, showing the usual remissions granted under different heads, at present existing in this Province, but not in the form of lapsed yeomiahs as required by the Board, as the preparation of the accounts in such form was found impracticable, and I trust it will meet the Board's approval. The particulars of three talooks are herewith sent as a specimen and the

the others rather valuminous, will be forwarded, should the Board deem it requisite.

From the Collector to the Bd of Revenue dated July 1852. Extract from the proceedings of the Board dated 15th Novr 1852 From the Collr to Dr dated 11th April 1854. Extract from the Proceedings of the Bd dated 18th July 1854

2 In the correspondence noted in the margin, the particulars of sums paid by deductions from the Kistbundy berij to Cuttoobadies rendering Service to Government, Village Reddies, Shroffs and to the Pagoda of Nundanavanum in the Doopaud Talook, have been previously reported on, and the final orders of the Board received, but as no information was called for with regard to the usual remissions, they were not then furnished - the Statements now forwarded show the full particulars of the remissions under the various heads, as enumerated in the abstract which amounts to Rs 21,035 — a 3 — P; these remissions are only found in 10 talooks as therein shown, the names of which together with the amount are shown in the abstract above referred to.

3 The gross assessment of the land

land from which these deductions are made amounts to Rupees 45,274 — 12 — 1 of which established remissions, as shown in Colr 13, amounts to Rupees 11,205 — 2 — 3 and Colr 14 shows the usual remissions to be abolished should the ryotts be allowed the established remissions which amounts to Rupees 2,000 — 11 — 2, a portion of this at present is a gain to Government and loss to the ryotts, but in the event of the established remissions being granted, it will be vice versa, and there seems no good cause why all the ryotts in the same District should not participate in the same indulgence of established remissions this being deducted from the amount specified in Colr 12, leaves Rupees 19,034 — 8 — 8 on which the Established remissions to be granted amounting to Rupees 8,965 — 14 — 0 being deducted, leaves a balance of Rupees 10,068 — 10 — 8 to be paid in ready money in excess of the established remissions which is composed of three descriptions of crams as exhibited in the margin. The first and second may be paid

† Granted on account of Charity
2 Do Charity
3 Do for industry and labour in making the land fit for cultivation

in

Fort St. George 2d December 1856

in ready money to the several parties during their lives or in perpetuity as the Board deem it most expedient and the third item was given as an encouragement for the improvement of their lands which ought to be continued on the same principle that Government have exempted wells newly dug from any Extra assessment at a future time - In Goorramcondah Muddenpully and Royachoty besides ready money payments made under the head Guddateeroo &c a portion of land and assessment is remitted in the Puttah instead of ready money payment, and such extent is entered in the Enamity accounts and this practice might be continued as the ryotts have held these lands for many Generations and will not consent to accept a ready money payment in lieu of the lands which are entered in the Enamaty accounts - The same principle might

Fort St. George 2d December 1856

might be followed in respect to the sum of Rs 7.28.8.7 specified in Colo 20 and instead of making ready money remission, it might be granted by land ie, supposing a ryott holds 6 acres assessed at Rupees 30, the usual remission thereon according to the account herewith forwarded is Rupees 15, instead of which three acres of land the assessment of which makes up a similar sum might be deducted from the Puttah and entered in the Enamaty accounts, this will be more satisfactory to the ryotts than receiving ready money - and this indulgence might be conceded so long as the land remains in the family of the original possessor but should it be disposed of the full amount of assessment might be collected.

4th I separate memo showing the definition of the different terms used in the Statement is herewith forwarded for the information of the Board of Revenue.

Cuddapah Collector's Office 16th September 1856

(Signed) M. Murray
Collector

Note

The discrepancy between the amount of usual remissions entered in the Jamabundy report of Fusly 1264 and that entered in this Statement is owing to such remissions upon Lands agreed for laid waste on account of the deficiency of water in tanks and the failure of Fusuljusty remitted on account of a 2nd Crop not being raised on usual Lands not having been included in the latter. Save the amount of remission granted upon the ain assessment of land agreed for.

There is also certain quantity of land in the Bunjer subject to the usual remissions of the several descriptions referred to.-

Memo-

Particulars of the usual Remissions-

The Head of Cattoo-goottah consists of the following remissions.-

In consequence of certain dry lands covered with Jungle being brought under cultivation a permanent amount was fixed on them by the former Government with reference to the difficulty which the Ryots had undergone in removing the Jungle in question.-

A similar permanent amount was also fixed on certain lands which are raised with a wet cultivation by the irrigation of Tanks and wells constructed at the cost of certain Ryots to whom no Dasabundum was granted for the

Fort St George 2nd December 1856

After the country was assumed by the British Government the above lands were also surveyed and assessed according to their quality but the amount which exceeded the former payment made by them is always remitted under the head of Cattoo-goottah-

When the above dry lands are converted into Garden or wet by the water of Circar Tanks and Nullahs a reasonable Teerwajasty is levied thereon and in collecting it, the original Jaram and the authorized remissions are deducted from the same.-

Gudda Teero and Cowlacharum-

A certain amount was fixed on dry lands which were levelled and brought under wet and garden cultivation at the cost of the Ryots during the former Government, and they were afterwards assessed with reference to their quality and the means of irrigation and the sum which exceeded the former payment is remitted under different heads of 1/3rd or discretionary remissions.-

Dusty

Fort St. George 2nd December 1856

Dusty Royty

As there were no Enams to certain Cultoobudy Peons and as some Bramins were receiving certain remissions from former times Colonel Munro allowed the remissions of ½ 1/32 1/40 and 1/80 that it may correspond with the payment made by them.—

Sary Remissions.

This is an usual remission granted on the lands held by certain Poligars the Doopaud Talook.—

Sagavut

This is the remission granted on the l cultivated by the relations of the above Poligars.—

B. No. 3870

From the Acting Collector of Guntoor. — — —

Sir

I have the honor herewith to submit for the information of the Board the list of the Establishments for the Salt Cotaur at Guntoor and Nowpadah the change was made on the 20th July last agreeably to the instructions of the late Commissioner:—

2 I have appointed as Sudo Briton formerly a writer in this Office and who had some experience at Nowpadah as superintendent of Guntoor he has already succeeded in deducting the Peishcar in defraying Government and Mr. Davidson is trying the case the heaps in which a deficiency of Mercals 17-16 were found now show an increase of 22-20 So that the saving to Government will more than equal the Salary paid him.—

3 I have secured the services of a Hindoo by name Kadi Narrainoppah Naidoo a Native

Nature of Rajahmundry two of whose brothers are Shroffs a man of character and independance in no way connected with this District and Shope he will emulate the example set him at Ganjam I purpose making another plat form at Nowpadah but it will hardly be in full working order next season and Sagaur beg the Board to consider my proposition to keep open the Unnervilley pans for the present as it would be a serious evil if there is a scarcity of salt and the Estimated Amount will not I think be made at first. —

4 The allowance for saderward under the old regime was on the same niggard scale that everything else was it amounted only to 3½ Rupees for the 4 Cotaurs, I have divided this between the two Cotaurs but it is not enough to buy oil for the lights at the Treasure Chest Mr. Sims reckons that his saderward will cost Rupees 4 per Month the Board are aware that no house is allowed as a Cutcherry. Mr. Sims very properly objects to having in his own house but naturally dislikes to pay house rent

rent he can get a house for 1 Rupees a Month and I solicit sanction to increase the saderward by Rupees 3-8 which will included rent of a Cutcherry until one is built by Government. —

Now allowed 3-1-8
To be sanctioned 5-3-8
Rs 5

At Nowpada the Sales are

Now allowed 2
To be sanctioned 3
Rs 5

5 Some what larger and I beg leave to be allowed Rs 3 per Mensem as saderward for those pans. —

6 My remarks as to the necessity of a Goomastah at each plat form had reference as the Commissioner supposed to the manufacturing season at other times it is not necessary. I have Kept the Golah Peon on a reduced salary because though he has long ceased to be of use in sending in accounts it is a great object to have a good Head for the peons one whose appointment is an object of ambition to those under him and one of a different class from those in whose hands

hands the accounts and sales are.

115. 116 Order thereon—

Recd. 24th Dec. 56

Ordered to lie over

No. 183.

To
G. S. Forbes Esquire
Secretary to the
Board of Revenue
Fort St. George.

117

Bd. No. 3884
From the Ag. Collector of Ganjam
Submitting a report on the subject of the alteration of the boundaries of Talooks called for in the Boards' Proceedings of the 6th December 1855.

26th Dec. Read 29th Dec.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 6th December 1855, communicating the orders of Government on the subject of the alteration of the boundaries of the Talooks, I have the honor to inform you that the present natural situation of this District admits of no transference of any of its Villages to the neighbouring District—But the boundaries may be advantageously altered.—

Number	Talooks	Number of Villages	Beriz	Monthly Salary and Forward &c.a.	
	Under the Wadada Tahsildar				
1	Wadada	174	137,646		
2	Polaki	26	24220	835	"
3	Wadepaud	1	100		
	Under the Head of Police of Teckaly				
4	Pattalagam	16	5,746	123	"
5	Gatalavalasa	2	1,481		
6	Kadoor	6	1,221		
7	Luckimipoor	5	2,495		
	Total	230	1,72,910	958	"

2 From the marginal Memo, it will be seen that the first three Talooks are under one Tahsildar who exercises in them both Revenue and Police powers——— The remainning four Estates were placed under the Head of Police of Teckaly who in addition to his Police

Police duties which Extend over a considerable space has also to conduct their Revenue Administration — This is a decidedly bad arrangement the Wadada Tahsildar has more to do than he can do satisfactorily and large powers are given to an under paid second class Servant in Teckaly — I therefore propose to devide the whole Six Estates into two Tahsildaries one of which will be styled the Wadada Talook and the other either the Paltalay or Kota Bommalee Talook† — Under this arrangement the distribution of the Villages and the Expenses of the Establishment will be as follows

	No. of Villages	Beriz	Establishment
Wadada	114	107369	648 — 8 —
Paltalagam or Kota Bommalee Taulook	116	65541	432 — " —
	230	172910	1078 — 8 —

This will involve an additional Expenditure of Rupees 120 — 8 — " as may be seen from the detailed List No. 1. —

3 The Goomsoor Taulook is the largest in Extent of all the Government Estates cannot be properly managed by one Tahsildar, Soorda an Ancient Zemindary, but Stated property

† The range of Each of these two Tahsildars will Extend over 12 ½ miles from the Cusbah.

property for 25 years and contignous to it is on the contrary too small for one independent Tahsildar, I would therefore make them two convenient Taulooks and place them under two independent Tahsildars. —

Taulooks	Number of Villages	Beriz	Establishment
1 Goomsur	431	114064	849 8 "
2 Sooradah	43	9498	77 " "
Total	804	126562	924 8 "

When arranged in this manner they will Stand thus Vide List No. 2. —

	Number of Villages	Beriz	Establishment
Goomsur	554	62713	594 — " — "
Sooradah	250	63849	500 — 8 — "
Total	804	126562	1094 — 8 — "

Nowgaum and Sooradah will as at present be the Cusbahs of the two Taulooks respectively. The whole of each of these two Tahsildaries under the proposed arrangement will be within about 25 miles. Payilpada a Village now in the Goomsur Taulook might be made the Cusbah of the Sooradah Taulook under the proposed arrangement as the most central position, but Sooradah is the more desirable Station, it stands on an Eminence and the water of its river is very healthy and I have every reason to believe that if its importance as a Cusbah be

be maintained it will, at no distant period become a respectable town.—
This also will involve an additional outlay of Rupees 170 Permanently.—

4. The position of Itchapoor Poobacondah and Mohery is so contiguous, and the number of Villages in the first and quantity of work of its Tahsildar is comparatively so small that I take this opportunity of proposing an alteration in their boundaries under the new arrangement, the Villages of the three Talooks will stand in the following manner.—

No	Talook	Number of Villages	Berij
1	Itchapoor	69	51376
2	Poobacondah	179	103364
3	Mohery	189	74413
		437	229153

Number	Talook	Present State		addition to the neighbouring Talook		addition from the neighbouring Talook		Proposed number in each.	
		Number of Villages	Berij	Number of Villages	Berij	Number of Villages	Berij	Number of Villages	Berij
1	Itchapoor	69	51376	"	"	19	7366	88	58742
2	Poobbacondah	179	103364	32	11977	"	"	147	91387
3	Mohery	189	74413	19	7366	32	11977	202	79024
	Total	437	229153	51	19343	51	19343	437	229153

5. The total additional outlay which the foregoing propositions involve permanently is Rupees 290½ which I submit will

will not be deemed much when it is remembered, that both revenue and Police duties will be performed in a more satisfactory and Efficient manner. As the Talooks are at present situated their distances are very much against the Police Officers, and their endeavours to prevent crime are paralyzed, while it is almost impossible for Tahsildars, to go over all their charge, and those lands newly brought under Cultivation in Secluded parts Escape their notice. The additional outly will therefore be more than repaid by the advantages which I hope will be obtained by the proposed arrangement.—

6. With this, I beg to forward detailed Lists both for the Talooks as they are to stand under the present modification and for the Establishment in each of them. I have added 16 Peons to the Establishment of the Head of Police of Pompettah he has a range of about 15 Miles long by 10 broad, much of it is wild and wooded the main trunk road runs through his talook and the duty of affording aid and protection to travellers requires, that his force should be increased, I have drawn these peons from Itchapoor Talook, and no Extra charge is thereby incurred.—

Board's No. 3954

From the Actg. Collr. Ganjam

Sir

With reference to the Board's Circular letter No. 2743 dated the 27th Ultimo, I have the honor to transmit the accompanying Statement therein called for, in which I have given only the number of Village Moonsiffs in the Government Talooks, the great delay that generally takes place in getting up any information from the Zemindars connected with their Estates has induced me to dispense with, a reference to them in the present case.

2. The difference between the number of Villages and their Officers arises from the Naidoo of a Village in many cases having two or more Villages appertaining to it under him.

123.

Bt. No. 3882
From the Acting Coll.r of Masulipatam

Sir,

Para 1. In reply to the Circular Proceedings of the Board of Revenue dated 14th August No. 2565, I have the honor to state that it is not the practice in this District to include Date and Palmyra trees on Ryots holdings in the Ak Kary Farm.

2 Regarding the ownership of these trees the custom is different in Different Talooks. In the Talooks of Bunder Pedanah, Hykaloor, and Pentapaud, the Ryots have no right to the trees on their Puttah land. The ownership rests in Government, who make them over together with the trees and topes on Porumpoke lands, to the toddy drawers for fixed sums. In Ralungky and Deevi, the ryots are considered to possess a right to the trees on their Puttah lands and pay a tax to Government direct on each tree or in the lump according

according to usage. but this right appears only to trees planted by ryots or their ancestors on the edges of fields to mark the boundary or in clusters on their Puttah lands the scattered trees growing spontaneously on their fields being held to belong to Government. In the Talooks where such rights exists, the toddy drawers make their own arrangements with the ryots for permission to draw toddy or cut the leaves. The Ahkarry Renter has no concern with these trees in any degree save to see that they are not too profusely cut down so as to interfere with the supply of toddy to the Kulalees who are generally his under farmers.

3 On the subject of the rules considered necessary regarding the occupation of land on which trees not planted by the ryot, occur, I consider it unnecessary to make any proposition as by the usages of this District, the right to such trees, rests undoubtedly in Government.

4 I have not considered it necessary

6

to notice the custom of all the Talooks of this District, because the number of trees in those I have omitted to mention is very small.

In reply I beg to state that these accounts were introduced in this District, only partially last year. The three Talooks named in the Margin, were selected in the Principal Division, as containing the most intelligent Curnums and therefore likely to give the new System a fair

2

Vellore
Imperfectly
Estab

fair treat. They were also brought into operation to some extent in Ravoor one of the Talooks under the Head Assistant, and in all the 6 Talooks of the Sub Division.

3 The new Forms are characterized by simplicity, and are on the whole a great improvement on the System of Accounts they have superseded. Measures have been taken for bringing the forms into more complete use throughout the District in the current fusly.

4 An expenditure of Rupees 299-7-9 having been incurred on account of the Stationery supplied to the Curnum last fusly, a Statement is herewith forwarded shewing the particulars of the same, and I beg to request that the sanction of Government may be obtained for the amount in question.

5 I take this opportunity of stating with reference to the Boards Circular dated 26th February 1856 No 569 that the accounts in this District used to

to be Kept in the Vernacular Telugu, and that the discontinuance of the use of the Mahratta language does not affect the Sunder expenses. Such of the Mahratta Returns as used to be sent to the Board were written on English paper supplied on the Stationery Indent, and the saving in this respect will only be about 10 Rupees.

No. 227.

To

J. D. Sim. Esq.re

Acting Secretary to the

Board of Revenue

For.t St.e George.-

136

B.d No. 4287.

From the Collector of Madura. Sir.

In reference to the Board's Circular of the 15th July last No. 2204. I have the honor to forward a Statement shewing the Number of Villages for which the accounts were prepared by the Curnums on paper in Fusly 1265, and to state, that where they were unable to perform the task, No.s 8 - 13 - 14 - and 20 were copied by

by Extra Goomastas employed for the purpose at the Settlement.

2. The whole of the New Forms relating to the annual Settlement were introduced throughout the District in Fasly 1265. But the Curnums in general kept the Village accounts on Plays as before. It is hoped that all accounts, with few exceptions will be prepared by the Curnums themselves according to the New Forms during Fasly 1266. They are disinclined to write on Paper.

3. A commencement of the preparation of Register A will be made immediately; but the Curnums have not the skill and time to furnish the last rapidly. In this District some delay is of comparatively small consequence because there are Survey Accounts in Mahratta on the Hoozoor Records and a Copy in Tamil with the Curnums.—

4. I beg to mention here, that in the course of the Jummabundy the Ryots solicited most earnestly that the names as well

well as the Number of their Fields should be entered in their Puttahs; and as it is by the former that uneducated people best recognize their property, I beg strongly to support their request.

5. They also expressed a preference for the Olay over the Paper Puttah as less liable to injury by damp or insects. I think this of less consequence as necessity will suggest to them some convenient means of preserving these documents so important to secure their property.

Madura, 18th October 1856. } (Signed) R. D. Parker
Collector.

From the Acting Collector of Ganjam

Sir,

With reference to the Commissioners endorsement on Petitions No. 338 of 1856 and 930/54, I have the honor to report that the accounts from 1849 bear the name of B. Dalibondoo the man put in by Mr. Bannerman as mentioned in my endorsement and not that of Petitioner, besides which Petitioner put in a petition in December 1852 complaining of having been put out of the Naidooship this by his own shewing proving that his

his Statement to the Commissioner that he was in Office till 1853 was false.-

B. No. 4532

From the Collector of Nellore.....

Sir,

With reference to Extract from the Proceedings of the Board of Revenue dated 20th October 1856 I have the honor, to submit the information required by Government in Extract Minutes of Consultation, under date the 16th ultimo No. 1101 regarding the Enam in dispute between Jainabee and Nubbeekhan of Moolapett in this District.-

Submitting information required by Government in Extract Minutes of Consultation of 16th October regarding the Enam in dispute between Jainabee and Nubbee Khan of Moolapett in Nellore-

2. She Enam is a subsistence one, and was registered in fusly 1211 in the name of Dawn Mahomed the father of Nubbee Khan, in fusly 1217 it appears in the Public Books as in the enjoyment of the same person, in fusly 1230 it was registered in the name of Oomar Khan the brother of Dawn Mahomed, Roofsain Khan a son of the latter, and 2 others his Dawn Mahomed's cousins

Fort St. George, 2d December 1856

cousins Muctoom Saib, and Hoosain Khan. In fusly 1240 it was stated in the Public Books to be in the enjoyment of the Sons of Jawn Mahomed Vizt "Hoosain khan and others." It does not appear to have been since registered in any other name.-

3. The extent of land originally granted is stated at 3/2 Gootoos, and although the whole of it was registered in the name of Jawn Mahomed in fusly 121[illegible] it was actually enjoyed in 8 shares Jawn Mahomed's share according to the survey measurement was acres 1—19c—10—16 and this is the Enam a portion of which is said to have been enjoyed by Jainabee's husband. The whole of this share is now in the enjoyment of Nubbee Khan with the exception of what he has alienated to one Thanneeroo Ramasamy by sale, and to one Oolchee Chenchoo Chetty by mortgage.-

4. A portion of the share which fell to

Fort St. George, 2d December 1856

to one Chanda Bee, Aunt to Jawn Mahomed is also under dispute Jainabee asserting that it was bought by Hoosain Khan, while Nubbee Khan denies it, and contends it was brought by himself This also is in Nubbee Khan's enjoyment.

5. The Sunnud in support of the Grant is said to have been destroyed and this fact is supported by an entry to that effect in the Public Books.-

6. The Petitioner's husband died in 1842.-

Nellore, Collector's Office
1st November 1856.....

[Signed] H. B. Elton
Collector.-

Bd. No. 4055.

Proceedings thereon.- Resolved that the above letter be forwarded to Government with reference to Extract Minutes Consultation dated 16th October 1856 No. 1101. Revenue Department.-

(142. 143)

2 The Enam is a subsistence allowance and was registered in Fusly 1211 in the name of Jawn Mahomed, the father of Nubbee Khan Petitioners opponent. In Fusly 1230 it was registered in the name of Oomur Khan (brother of Jawn Mahomed) Hoosain Khan (a Son of the latter) and 2 others. In Fusly 1240 it was entered in the public accounts as enjoyed by the sons of Jawn Mahomed "Hoosain Khan and others," and no later notice of it occurs.-

3. The Enam although registered only in the name of Jawn Mahomed was actually held in 8 shares, Jawn Mahomed's personal share was 1—19c acres and it is a portion of this, which the Petitioner Jainabee, widow of Hoosain Khan one of Jawn Mahomed's sons claims and seeks to recover from the other Son Nubbee Khan, who appears to have obtained possession of the entire share of his Father and to have alienated portions of it.-

4. The Sunnud is not forthcoming, and the assertion of its destruction is borne out by an entry in the Public Books.-

5. Petitioner's husband died in 1842, but she has intermediately urged her claims, and the case probably does not come within the operation of the Statute of Limitations. This however is a question for the Courts & will not be affected by the grant of permission to sue under Regulation IX of 1831.-

Read.

21279 Fort St. George, 2d December 1856.

Read again letter from the Acting Collector of Tanjore dated 1st and entered in consultation 6th November 1856.

Bd. No. 4047.

Proceedings thereon C. O. of 6th Novr. 1856.

The limit laid down in the Circular Order of the 21st July 1855 to the commutation of pensions having been recently withdrawn by the Honorable the Court of Directors the Acting Collector will intimate to Parties in receipt of pensions above 12 Rupees per annum, that their stipends are commutable on the conditions prescribed by the Honorable Court.-

Ordered that the Acting Collector's letter with its enclosure, be communicated to the Civil Auditor.-

---

No. 172.

To, I. D. Sim Esqre
Acting Secretary to the
Court of Wards
Fort St. George

Sir,

145
Bd. No. 4564.
From the Acting Collector of Tanjore

Parat.- The Court are aware that the minor boy of the Caprietahmen Chembroo

21280 Fort St. George, 2d December 1856.

Chendracaee Moopen, has been put in the Combaconum School and is now aged 14-. The amount sanctioned and paid for his clothing and for the clothing of his wife aged 11. is Rupees 17 per annum, but it was fixed at a time when these were very young in fact when they were infants. This amount being quite insufficient for the present wants of the boy and the girl, I have ordered the payment of an increased allowance of 9½ Rupees per annum commencing from the current fusly for providing the couple with suitable clothing.-

2. I have also directed the payment to Neelayatanchee, the mother and guardian of the boy and the widow of the late Appanoo Moopen of a sum of Rupees 200-5-0 for a new conveyance for her use and for the use of the family, the one now in use having become old and unsafe.-

3. I request that the Court will be pleased to sanction these charges which I have incurred

incurred in anticipation of their approval

4. I take this opportunity to report that Neelayatanchee has applied to me for an advance of 1000 Rupees to enable her to ornament the Minor's wife her daughter-in-law with suitable Jewels.- The Estate is a profitable one and is composed of the most fertile and rich villages in the District, and it is not embarrassed.- There is already an investment of Rupees 37,106 in the Company's paper in its favour.- The surplus income now in ready cash besides, amounts to Rupees 9,000 a part of which I propose to invest shortly in Government securities. The Mooppen is a Mirasidar of the first importance in Tanjore and it is but proper that according to the custom in the family his wife should be allowed some Jewels suitable to her position in society &c. I consider however that half of the amount applied for by Neelayatanchee would be now sufficient for the purpose. but as this amount is rather large I do not feel myself competent to pay it without the

the sanction of the Court. I request therefore their authority for the disbursement of it Viz. 500 Rupees to Neelayatanchee on the condition that she should render a faithful account of the money thus paid to her, and produce before the Collector, the Jewels made therefrom whenever required to do so.-

Tanjore, Vellum 3d — November 1850.

(Signed) I. W. Cherry.
Acting Collector.

Bd. No. 4044.
Proceedings thereon.-
145. 146

The Court authorize the Acting Collector to increase the clothing allowance of the Minor and his wife from 17 to 91½ Rupees per annum and sanction the grant of Rupees 200-5-- for the purchase of a new conveyance for their use.-

2. The Court's previous sanction should have been obtained for both these disbursements. The date from which the first has been made by the Acting Collector will be reported.-

3. The Court likewise sanction a grant of Rupees 500 for the purchase of Jewels for the Minor's wife as proposed.-

The

21283 Fort St. George, 2d December 1856

4. The Acting Collector will remit without delay such portion of the 9,000 Rupees surplus proceeds of the estate now in his treasury as may not be required for current expenditure, in order that the Court may invest it for the Minor's benefit.—

J.D.

21284 Fort St. George 2d December 1856

No 259

To

J. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

Sir,

147

Bd. No. 4704

From the Acting Collector of Madura

Suggests that permanent remissions in assessment called the Hooloos mauf and moonasub-Cummee may be excluded from the accounts altogether if it is thought desirable by the Board.—

In treating of the fixed remissions in their General Report on the Settlement of the Madras Presidency for Fusly 1262 the Board observe that a letter from the Collector of Bellary as to the practicability of the Remissions being excluded from the accounts is under their consideration.

2. They are not unaware of the existence of similar remissions called the "Hooloos mauf" and "Moonasub Cummee" the former granted by Mr Hurdis in 1812 and the latter by Mr Peter in the Dindigul Division of this District the retention of which in the accounts causes great inconvenience and as noticed by the Board "swell the Settlement accounts unnecessarily and until explained give an erroneous

"erroneous impression of the nature of the engagement
"with the Ryots" besides involving an increase of labor
at the Settlement of which I beg to submit an instance

3. Note 7 on the Ryotwar Rules in the Revenue Manual Page 78 provides that the fixed Teerwah should be exhibited in State-ments Nos. 1. 4. and 5 and the remissions whether discretionary or otherwise in Statement No. 8. It therefore becomes necessary to write again in No. 8 the Sulls or numbers once entered in 1. 4 and 5 and twice so where the same Sulls have been allowed with both the remissions —

4. Under these circumstances and as a revision of the Dindigul Teerwah recommended by the late Principal Collector Mr Vincent on the 21st October 1831 has not yet been sanctioned I have the honor to request authority of the Board for excluding the remissions from the accounts and exhibiting the Teerwah actually

actually collected. This alteration if sanctioned could be at once introduced in Fusly 1266 by opening additional Columns in Statement No. 4. to exhibit the fixed demand the remissions and the Balance and entering only the actual Teerwah after deducting remissions in the rest of the accounts. —

5. When the arrangements is carried into effect it of course follows that the Survey accounts ought to be re-written for which I beg to submit that Register A of the new Forms could be well adopted in its place by making provisions in the same to shew the original and reduced rates of assessment. The adoption of this plan would necessarily entail increased work on the Establishment. —

6. It is left to the Consideration of the Board whether an increase would be required

Madura
11th November 1856 } /signed/ R. J. Sullivan
Acting Collector

Bd. No 2059
Proceedings thereon.—
(147. 148)

The Board authorize the acting Collector to exclude the Hooloos Manf. and Mr. Peters discretionary remissions in the Dindigul Division from the yearly accounts in general. The headings of the standard forms of accounts cannot be altered Column 7 of No 4 must remain as it is but the Survey demand and that which is the real demand at present may both be exhibited in that Statement and in Column 14 of Statement A as shewn in the margin No 1 is intended to shew the monthly cultivation and the present leviable demand only may be entered in Column 10. In like manner the present demand alone need be exhibited in No 3 which shews the particulars of each individuals Settlement. It is not necessary that the number war details of the Hooloos Manf and Moonasub Cummee should find.

Assessment No 7.

Demand as per Survey.—	Reduced present demand
Rs. A. P.	Rs. A. P.

find a place in No 8 as the particulars of the original Survey demand are sufficiently shewn by their exhibition in Column 7 of No 4 and in Column 14 of Statement A. Indeed those remissions may the Board think be included altogether from No 8.—

2. The Board wish Mr. Sullivan to explain why he considers that it will be necessary to rewrite the Survey accounts.—

3. Ordered that Copy of these instructions be forwarded to Government for information.—

No 158

To

I. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(151)

Bd. No. 4,830

From Ag. Collector of Masulipatam

Sir

Para 1 In acknowledging the receipt of the Boards Proceedings No. 3388 under date 15th ultimo, on my proposition to construct a Building for the Civil Dispensary in the Town of Masulipatam, I beg to correct an error which I find has inadvertently crept into my letter of the 30th September. Having the original orders of Government issued in July 1851 in view I presumed that Mr. Bird had decreed the repayment to the injured parties half of the sums recovered from Public Servants in pursuance of his decisions. But I find that in no instance has such a repayment been actually decreed. It is therefore impossible to issue proclamations as directed by the Board in para II of their proceedings and as it would be necessary to go through the whole of Mr. Birds voluminous proceedings denovo to discover the names of the individuals from whom

money

Fort St. George 2d December 1856

money was wrongfully levied or perhaps even to take fresh evidence as to who the individuals were (for in some cases the gross amount only from each Village is inserted) I would beg to suggest that the original proposition be adhered to or the whole money be carried to the credit of Government if Sanction for expending it on building a Dispensary be not accorded.

Masulipatam

Acting Collector

Bd No 1,030
Resolution thereon.
(151. 152.)

Jubous 24th Novr 1856.

Resolved that the foregoing letter be laid before Government with reference to Extract Minutes Consultation Dated 11th Instant para 5 No 1217.

2 It will be seen that Mr Bird did not in his decisions formally decree repayment of the amounts exacted by the Public Servants to the parties from whom the Sums had been received.

3 The Board request instructions as to whether the Acting Collector should at once carry the entire Sum recovered under Mr Bird's judgments to the credit of Government, or whether endeavours should still be made to discover the parties to whom repayments should be made with a view to their being paid the Sums which may appear to be respectively due to them.

Civil Engineers Office Bezoara 27th October 1856. (Signed) Charles A Orr Captain
Civil Engineer in A.K Dn

Resolved

21295 Fort St. George 2nd December 1856

B2 No. 4050
Resolution thereon. (153..154)

Resolved that the above-letter with its enclosures be forwarded to the Chief Engineer for the purpose of being submi--ted for the sanction of Government in accord--ance with the instructions contained in Cons. 9th Sept. 1856. Minutes Consultation dated 3rd September No. 932.--

---

Read again return from the Collector of Tanjore dated 17th and entered in Miscellaneous Consultation 22nd Nov--ber 1856. of Village Officers suspended. dismissed under Regulation VII of 1831 (155) B3 No. 4045. October last.--

Proceedings thereon.

The Board observe that one case a Putta Maniem has been suspend--ed for an indefinite period and they suppose that a specific period may be assigned unless the matter is under investigation.

2

The acting Collector is re--quested to satisfy himself as to the propriety of the Assistant Collectors decision in the last case

21296 Fort St. George 2nd December 1856

case entered in this return - The Summons could not have been properly served by the Peon.--

---

Read again return from the Collector of Tanjore dated 17th and entered in Miscellaneous Consultation 25th November 1856 of Persons charged with Offences under Regulation IX of 1822 for October last.-- (156) B3 No. 4046 Proceedings thereon.

The Board presume that the sums entered in Column 7 represent merely the fines imposed the amount misappro--priated having been realized in addition-- as otherwise the parties have undergone no other punishment than dismissal.--

Column 7 is intended to shew

2

the entire amount which the party con--victed is adjudged to pay both as a re--fund of embezzlement and as a fine.--

To J. D. Sim Esqr
acting Secretary to the
Board of Revenue

(157)
B2 No 4854

Sir

From the Collector of Coimbatore — I have the honor to forward a plan and specification of a piece of land applied for by Mr James Lowry at Potacamund. It measures G 9 Sft 20-1-168, but with reference to the increasing demand for land in the Neilgherries I am of opinion that Mr Lowry should be allowed to have 5 Cawnies only and accordingly request the authority of the Board for putting up the above extent to public auction.-

2 I take this opportunity of also forwarding specifications and plans of two pieces of land applied for by General Stratton at Potacamund measuring respectively G Sft 14-1442 and Cawny 1 Grounds 22 and Square feet 1370 and request the sanction of the Board for putting up these pieces to

* both small

Fort St George 2nd December 1856

also to public auction.-

Coimbatore, 18th November 1856 — (Signed) E. B. Thomas
Collector

No 1.

Mr James Lowry applies for a piece of land at Potacamund measuring G 9 Sft 20-1-168. It is bounded on the north by waste land, on the South by a road, on the east by Avelanchee road, and on the west by waste land, and Mr Barclay's property.- The demand for land on the Neilgherries is increasing, and the Collector is of opinion that no more than 5 Cawnies can be granted to Mr Lowry and accordingly recommends that 5 Cawnies may be ordered to be put up to public auction. The upset price thereon at 8 years quit rent at 1-2-4 per Cawny per annum amounts to Rupees 45-13-4.-

B/s No. 4043
Proceedings thereon. Under paras VI and VII
147. 158
of the manual of Instructions for the grant of lands on the Neilgherries, the Board of Revenue, agreeably to the recommendation of the Collector direct that the land applied for by Mr. J. Lowry and General Straton measuring 5 Cawnies and 2 Cawnies 12 Grounds and 1512 Square feet, be put up to

21301 Fort St. George 2nd December 1856.

to public auction at the upset price of Rupees 45-13-4 and Rupees 23.2.1 respectively calculated at 8 years Quit Rent and that it be knocked down to the highest bidder or to the applicants, if there be no advance upon the upset price subject to the conditions and limitations of the said manual.

21302 Fort St. George 2nd December 1856

No. 269.

To,
J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(154)
B. No. 4848.

Sir,

From the Collector of North Arcot. Para 1. I have the honor to state for the information of the Board of Revenue that the accounts required to prepare the information called for in Extract Proceedings Board of Revenue No. 1232 dated 25th April 1856 have been received, but that it appears to me advisable to postpone the matter in question till the new rates of assessment in the Northern Talooks have been sanctioned.

2. The renter of the Avilcondah Jaghire Villages asks for a deduction from the amount for which he holds those Villages on lease on the ground that the Ryots claim the same reduction of assessment as has been allowed in the other Government Villages, but this reduction is merely temporary, and will soon be superseded by that afforded by the new rates.

(Signed) C. Whittingham
Collector.

North Arcot,
Collector's Cutcherry,
Chittoor, 21st Nov. 1856.

B. No. 4039.

The Board request that the information

Proceedings thereon.

(159-160)

Fort St. George 2d December 1856.

information called for in their Proceedings 25th ult. on April 1856 No. 1232 be furnished at once. They observed in that paper that it was their wish that the Ryots of the Villages in question should receive the same modification of assessment as was to be made in other parts of the District, and they requested information as to how far this reduced demand on the Ryots would affect the lease of these Villages held by the Jaghiredar, observing at the same time that the Government did not anticipate loss but rather gain in a general reduction of the assessment in consequence of lands now waste being brought under occupancy-

2- The Collector will report as before required how far the Collection of the renter are likely to be affected by the proposed modification of the assessment, and whether he is desirous that a money stipend should be substituted for the present arrangement-

No. 162.

To,

J. D. Sim Esqre

Acting Secretary to the

Board of Revenue.

Fort St. George

Sir,

(165)

B. No. 4935.

From the Acting Collr. of Masulipatam. Stating with reference to the Board's Proceedings dated 30th June last No. 1980 certain remarks that the proposed enactment for the preservation of works of irrigation navigation and drainages would be of great service in this District.

Encl. No. Cons. 21st Nov. 1856.

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue dated 30th June last No. 1980, regarding an enactment for the preservation of works of irrigation, navigation and drainage with penalties for injuries done to such, I have only to remark that the passing of such an act would be of great service in this District.

2. Now that the natives are beginning to appreciate the advantages of the Ancient irrigation, particularly when the local

local rains fail as they have lately done, injuries of the sort for which the proposed act will provide, are becoming not uncommon, Channels are dammed up, and Channel embankments cut by Ryots looking solely to their own interests and entirely ignoring those of the Villages above or below them. As it would never do to leave such acts unpunished I have hitherto treated them as acts of trespass on Government property and punished them accordingly under the existing Regulations. The strict applicability of these however to the cases in point, seems in the opinion of the Government doubtful, and therefore no time should be lost in bringing such offences, by positive enactment, within the scope of the law.

3. The provisions stated in para 4 of the proceedings, Viz., if the actual offender cannot

cannot be found to make the amount co=
of injury done recouerable from the Village
community or the proprietor of the land co=
benefitting &ca. should most certainly form
part of the new act. It should also
I think include penalties for malprac=
=tices, or connivance at them, by sub=
=ordinates who are entrusted with the
duty of Superintending the distribution
of water supplied from irrigation co=
works.

No. 1.

To,

The Collector of

Chingleput.

Sir,

We beg to acknowledge receipt of your letter of yesterdays' date, and in reply have to state with regret that we have failed to realize our expectations as to our Collections this Month and have therefore to solicit the favor of your carrying to our M. Kenricks' credit the enclosed Cheque on the Bank of Madras for Rupees 1000 on account of our over due instalments.

We have in contemplation to submit for your favorable consideration our future arrangement for the punctual payment of our Instalments and which we hope to do before the close of this week.

21310 Fort St. George 2d. December 1856.

B. No. 4031.

Resolution thereon. Resolved that the foregoing letter and its enclosure be forwarded to Government with reference to the Board's Proceedings under date 17th November 1856. No. 3818.

167-168

2. The Board request that the Collector will prepare and submit at an early date a Statement in the form of an account Current, shewing when Mr. Kenrick's several Rists fell due, the dates on which payments were made, and the amount of each Interest due on the arrears will be calculated up to the 30th November 1856 and shewn separately, in order that the indulgence extended to Mr. Kenrick, independent of the remission already granted may be seen.

Resolved that the following letter be despatched.

To, Messrs. Elliot Brothers.

Mathematical Instrument Manufacturers, 56 Strand London.

169.

B. No. 4060.

Gentlemen,

To Messrs. Elliot Brothers London.

From a private letter received from Mr. W. H. Bayley by the last Mail, the Board of Revenue learn that the Six dozen Chains ordered

ordered in their letter of 12th. September 1856 were erroneously described as Gunter's Steel Chains they are however glad to find that Mr. Bayley has rectified the mistake and directed you to send out Chains of iron wire, with the exception of two which are to be made of Steel. Board direct me to request that Mr. Bayley's instructions may at once be followed if they have not been already attended to.

To

I. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St. George

(151)

Bd. No. 4,830

From Ag. Collector of Masulipatam

Sir

Para 1 In acknowledging the receipt of the Boards Proceedings No. 3388 under date 15th ultimo, on my proposition to construct a Building for the Civil Dispensary in the Town of Masulipatam, I beg to correct an error which I find has inadvertently crept into my letter of the 30th September. Having the original orders of Government issued in July 1851 in view I presumed that Mr. Bird had decreed the repayment to the injured parties half of the sums recovered from Public Servants in pursuance of his decisions. But I find that in no instance has such a repayment been actually decreed. It is therefore impossible to issue proclamations as directed by the Board in para II of their proceedings and as it would be necessary to go through the whole of Mr. Birds voluminous proceedings denovo to discover the names of the individuals from whom

money

Fort St. George 2d December 1856

money was wrongfully levied or perhaps even to take fresh evidence as to who the individuals were (for in some cases the gross amount only from each Village is inserted) I would beg to suggest that the original proposition be adhered to or the whole money be carried to the credit of Government if Sanction for expending it on building a Dispensary be not accorded.

Masulipatam
Collectors Cutcherry
11th November 1856

(Signed) J. Fraser
Acting Collector

Bd No 1,030
Resolution thereon.
(151. 152.)

Jubous 24th Novr 1856.

Resolved that the foregoing letter be laid before Government with reference to Extract Minutes Consultation Dated 11th Instant para 5 No 1217.

2 It will be seen that Mr Bird did not in his decisions formally decree repayment of the amounts exacted by the Public Servants to the parties from whom the Sums had been received.

3 The Board request instructions as to whether the Acting Collector should at once carry the entire Sum recovered under Mr Bird's judgments to the credit of Government, or whether endeavours should still be made to discover the parties to whom repayments should be made with a view to their being paid the Sums which may appear to be respectively due to them.
