during Fasly 1265.

Bd No 836.

Order thereon. Ordered to

be forwarded, with the

Boards' Proceedings, to

the Acting Collector,

who will communicate

Para 5 to Chooria

Canaren.—

J. Sec.

No 215.

To,

J. D. Sim Esquire

Secretary to the

Board of Revenue.

Fort St. George.

(497)

Bd No 1625.

From the Collector of Ganjam—

Sir,

Submits the annual accounts connected with the Land and Extra sources of Revenue of the Ganjam District for Fasly 1265 with certain explanations thereon.

Para 1. I have the honor to submit the annual accounts bearing upon the revenue administration of this District for Fasly 1265.—

2. As these accounts have been prepared according to the new forms circulated with a Memorandum from Government dated the 2d August last, few remarks are required to illustrate them.—

× received 10th Sept.

Statement No 1.

3. From the statement No 1 it will be seen that I settled the Itchapore Mokery, and Sooradah Talooks. Mr Davidson settled the Probbacondah Talook of which he has charge, and the small Estate of Bramminchaye Goomsur was settled by Mr Macdonald. The Talook of Wadada, and the small Estates comprising the Sub division were settled by Mr Foord.—

4. The affairs of the two Salt Colars Mansoorcottah and Ganjam in my division were superintended by Mr Davidson.— The Nowpadah and Vonierivilla Colars were managed by Mr Foord.—

The

5. The regular and copious fall of the first rains promised a very abundant crop indeed they were so constant as to do some damage to the Gingely and other dry grains, unfortunately they failed when most wanted just as the crop was ripening. The loss thus occasioned did not reduce the crop below that of an average year, and was not severely felt in as much as the high prices, which ruled in consequence of the demand for rice for exportation, made up the loss, and the ryots were enabled to discharge their kists with more than usual ease.—

Statement No II

6. The average prices of the staple articles are shewn in the Margin, as there was no paddy in store belonging to the preceding year its price was very high, until the new crop was housed, when it fell a little as was to be expected, when the Crop turned out good. These prices are very remunerative and likely to be kept up as the demand for Home consumption continues unabated.—

	per Garce	per Candy
Paddy per Garce	72	69
Rice per do	159	149
Jaggery per Maund	1	"
Gingelly seed per Garce	230	"
Sugar per Maund	2	"
Mustard seed per Garce	230	"

7. The sugar cane crop was very abundant and the export of sugar was nearly double that of the preceding year. The price was Rupees 2 8 per Maund.

or Rupees " 2 " above that of the former year as the ryots grow richer this will be a more favorite crop for it pays well if the requisite outlay can be made—

Statement No III.

8. In the Statement No 3 are shewn the Villages under ryotwar settlement. It is well known to the Board of Revenue that this mode of settlement is not universal in this district. Transitions from one kind of settlement to another are frequent. Villages which are ryotwar in one year become renter or go to the Koost Gotta or Collective settlement in another.—

9. The Statement which follows gives the number of the Villages which have been taken up in each of the different modes of the existing Revenue Systems in this District.—

Items.	Fusly 1264 Villages	Fusly 1264 Dependant Hamlets	Fusly 1264 Total	Fusly 1265 Villages	Fusly 1265 Dependant Hamlets	Fusly 1265 Total	Comparison between Col. 4 & 7 Increase	Comparison between Col. 4 & 7 Decrease

Total	1217	489	1706	1225	487	1714	8	"

Fort St George. 14th March 1857

10 The increase in the number of Villages is owing to the addition, in this Fusly of two Villages belonging to the Bramminchaye estate newly purchased by Government and of 6 Agraharums in the Mokey Talook. This account shews a decrease of 6 Sodgeer Villages, but there is addition of one Village under this head by the acquisition of the Bramminchaye Hoondah. The net decrease under this head is therefore only 5 Villages.—

Fusly	Ryotwar Rents
1264	70781 32 13
1265	71170 34 06
Increase	389 1 43

11 The chief increase in the Ryotwaree and Koost Villages was in Gooniore, where I personally made the distum, with the Ryots, and by that of persuasion prevailed on them to take the Villages either on joint rents, or on separate Puttahs, this will I hope prove to the Board that I am not as fond of the renting system as I fear the late Commissioner thought I was.—

12 The heriz of the fusly 1265 viz Rupees 395,173-15-9 is compared with the heriz of the same Villages however different Ryotwarees were in the preceding year.—

13. The net increase over the heriz of the last fusly is Rupees 5,222-3-6- Increased cultivation, and the assessment of the full and legitimate amount of Cist are the causes of this increase.—

The

Fort St George. 14th March 1857

14. The remissions were much below what they were in the preceding year this was owing to the general goodness of the seasons. The sundry items shewn in this Statement belong exclusively to the 639 Villages settled Ryotwaree.

Enclosure A in Statement No 3

15. The causes for the relinquishment of land amounting to 363 acres are generally the unproductive nature of the Soil, and its unfavorable situation with regard to irrigation— The extent of land newly taken up is four times more than that relinquished, and as the works now in progress through the district are completed, and ryots get not only water, but have new Markets opened by the improvement of the roads, the increase will I feel sure be annual for some years to come,

Enclosure E in Statement No 3.

1519.

The extent of land taken up, and left waste amounts to 507 acres assessed with a Cist of Rupees 1,602—12—1— This after all is not a large proportion out of 164541 acres taken up.—

16. It is impossible in a large and poor District to prevent land being left waste, but as the Capital increases and the means of irrigation are more certain the practice must by degrees decrease and I think the Native Revenue Officers now begin

Fort St. George 14th March 1857

begin to understand that the best Verdictum is not that which gives the largest totals, but the one which most nearly coincides with the extent of land actually Cultivated. The extent of waste charged appears somewhat large in round numbers it is composed of many small sums remitted in different localities. It will be observed

Statement No. IV. that the remissions granted in fasly 1265 were under every head less than those of the year preceding that. The only new Item in the year under review is Rupees 70-12-1 for Shavy Re-
-mission under this head was granted in three

Statement V Villages belonging to two Talooks in the Collector's Division, the amount remitted was very trifling, viz. Rupees 70-12-1. The Villages where this remission was granted neither enjoy irrigation works, nor had they a sufficient supply of rain during the past year.—

Statement IV 17. The sum of Rupees 1633-12-1 shewn as remission on accounts of lands left waste includes Rupees 397. the Cist on lands occupied by public roads and lands overrun with Sand in the Talook.

of

Fort St. George 14th March 1857

of Wadada and the Palaky Hondah and Rupees 197 granted to a Village in Mekapore the water course under which it was cultivated not having been repaired in due time. The only land not Cultivated from the inability of the Ryots was in Mokery, and Goonsur and Amount-ed to Rupees 298.—

18. In the Sodijee of Enams Moskupas and Agraharums under sundry Heads there appears a decrease of Rupees 1845-11-2. this is owing to the resumption of many unauthorized grants in the Talook Mokery which will form the subject of a separate report, the lapse of several small Enams to Government on the other Estates on the extinction of the families to which they were granted, the purchase by Government of certain small Enams held for the performance of the Swinging festivals. There were some small additions to this Rs. 44. Head by the purchase of the small Estates,

of

Fort St George 14th March 1857

of Brahmins Laye and the re occupation by their owners of certain Cultivable Enams in a Mokasa Village in Soora-dah. The decrease noticed above occurs after deducting these additions.-

19. The large increase of Rupees 228-8- obtained from the topes is owing to the very abundant crop which the fruit trees yielded last year.-

20. Under the fisheries there was a decreaxe of Rupees 244 of this decrease Rupees 171 belonged to Stalapore where the offers from the renters were far below the income of the preceding years in consequence of the prohibition laid on the use of spontaneous salt or rather of earth strongly impregnated with salt and soda for salting fish - The remaining 73 belonged to the remaining talooks excepting Gomsur and Mokery where we had an increase of Rupees 29-

Fort St George 14th March 1857

21. The last item Viz. Rupees 3780-2-9 on account of resumed enams should properly be incorporated with the land revenue - This sum was the income of all the unauthorized grants of land resumed in Mokery owing to the natural aversion of the ousted Enamdars to pay a fair Cist great difficultly was experienced in getting men to take up these lands of which the greater portion are of small extent. Their cittum could not consequently be fixed till after considerable delay and till all the revenue accounts were prepared. For this reason this revenue - is shewn here it will of course be incorporated with the land - revenue in the accounts of the current fusly.-

Statement No 22 not forwarded

There is no land held in progressive Cowle in the Ganjam District at present though some Villages are rented out on progressive rents as shewn below.

She

Fort St. George 14th March 1867

23 The number under this description of rents in the last year was 37 nine of these have completed their term. To the remaining number 28 there was an addition of 22 Villages 3 hamlets and 6 resumed Jungle enams. Poverty of the resident ryots and the unwillingness of the renters to take up the Villages for one year were the causes of this in Poobbacondah Wadadeh and Polahy. In Mobery the jungle agraharums and Enams adverted to in paras 10 having been resumed during the year under review neither the resident ryots nor others could be induced to take them up. The owners first asserted their inability to take them up unless they were given them on a permanent Coule. With difficulty they however consented to assume their management on a triennial Coule with a slight increase over Shrotriem Mahurtapille a hamlet under Hegalaputtu and Amburpuram in Mobery having sunk under the consequences of the adverse season of fusly 1263 they were in fusly 1265 given the one to the ryots and the other to a renter on a progressive Coule.

24 In Gennesiur and Poobondah this course was unavoidable in consequence of the

Fort St. George 14th March 1867

the ryot not having consented to take them upon any terms and the renters declined to make offers for a single year Hookamow a populous Village in Poondah was destroyed by fire in fusly 1264. To allow the ryots time to retrieve their losses this was given them on a triennial but progressive coule.-

Statement No VII

25 The Sugar Cane cultivation is on the increase in

*1265 fusly 1264 the land under this cultivation was 2870 acres. In the last fusly the whole extent of land under it was 3611 acres the same remark applies to the Cotton Cultivation but Cotton is not a staple article in this District. I have reason to believe that its cultivation is much below what it was in former years. The Merchants in Berhampoor procure large supplies of Europe machine Spun Cotton thread, a cheaper article and used by the people for all purposes. It is the upper classes of people who still prefer the home cloth of the country thread which is stronger.-

† fusly	acres
1264	2870
1265	3611

Statement No VIII

26. In the Moturpha tax there is a decrease of

3737. Fort St. George 14th March 1857

of Rupees 185 — 5 — 2 cannot be balanced by an increase of Rupees 72 — 14 — 2. The causes for the decrease were the occupation of Seroyate land by certain Maturpha payers to whom this tax was consequently remitted. There were some desertions and the taxes assessed on the deserters could not with reference to the general prosperity be laid on any of the other payers. In Soorandah there were some objectionable taxes which were abandoned under the authority quoted in the x margin. In the same Taluk a committee who enjoyed the monopoly of all commodities in a small Hamlet had to pay 9 Rupees under this name. The committee was relieved for the payment of this tax and the hamlet which not been subject to any assessment whatever was rented out to its inhabitants on a moderate sum. Some of this decrease occurred in the Taluks of Wadadoor and Tekanpore where the payers became poor and unable to pay.

x Extract from the Proceedings of the Commissioner Northern Circars dated 2d March 1855 N 166.

27. The increase occurred in Goomsur in consequence of the reoccupation of deserted houses &c by their former owners. The assessment was made by the Tahsildar after due enquiry and all complaints were attended to and settled by myself or my assistants.

Statement No IX

28th An Abstract of the Statement No 9 shewing the particulars of Current demand of the

3738. Fort St. George 14th March 1857

extra revenue and interest account is given below.

Total	15,84,961 2 6	16,31,652 12 7	46691 10 1	" " "

31 In the permanently settled estates there is a decrease of Rupees 3,200 this was on account of the peshcush of the small Hoondah of Bramin chaye recently purchased by Government. The large increase in the Estates not permanently settled is attributed to the acquisition of the Bramin chaye Estates the resumption of all unauthorized grants of lands in Mohery the lapse and purchase of certain small Enams already noticed the cultivation of Bunger or waste lands in Poobacandah and Wadada improved rents and the general high prices through the District which

which obviated the necessity of remissions to the same extent as in the Fusly 1264.-

Jodigee 32. The cause of decrease in the Jodigee have been already adverted to.-

Abkary 33. There are 26 sets of Abkary farms in this District, those of Chicacole, Punla Kimedy, mohery and Goomsur yield an annual income more than Rupees 5,000. The remaining 22 Sets of farms yield income below that amount. The increase observable in the above Abstract was obtained chiefly in the Mohery and is attributable to the Good Season and partly I think to the ready money scattered through the Country by the various public works. It will be seen that the increase was Rupees 9-4-a per Cent over the beriz of fusly 1264.-

34. The original beriz was settled at Rupees 70,184- but there having been a change in the fusly year a deduction of Rupees 2026 for the first 11 days of July was made from it.-

Moturpha 35 The cause of decrease in the Moturpha tax have been shewn elsewhere.-

Salt 36. The following brief Statement shews the transactions of the Salt Manufacture in this District.-

Colours

Fort St. George 14th March 1857

the quantity in store at the end of the fusly 1265 is much greater than that which remained in store at the end of the preceding year. It will appear that the largest quantity produced was at the Nowpeolee and Vonerwelle Colairs.-

37 The quantity stored during the fusly 1265 was Maunds 6,28,490 — 22 besides Maunds 1284 — 26 — received into store on account of gain by measurement and confiscated Salt — These two sums added will give the quantity shewn in Column 3 of the foregoing Statement Viz.t Maunds 6,29,775 — 8 — The Crop of the year 1265 was Maunds 4,21,841 all of which was stored within the fusly excepting only Maunds 4,019 belonging to Ganjam Colairs. This quantity was stored early in the beginning of the Current fusly. Every exertion was made by my Assistants and myself.

Crop of the fusly.	Maunds
1264	2,46,846
1265	3,81,644

myself to accelerate the storing and with some success. The quantity stored within the fusly 1265 exceeds that stored in any of the

Fusly	Stored within the fusly
1260	255951
1261	318.891
1262	4,50,012
1263	2,30,019
1264	34,800
1265	3,81,645

preceding five years excepting that the fusly 1262 in which the crop was unusually abundant Maunds 68,51,031 all preparations were made to manufacture a larger quantity of Salt during the fusly under review but the rains set in as early as april last.-

38. Although the Salt received into store in fusly 1265 was nearly double the quantity of the year preceding that the sales of the former year for the Home and Inland consumption were 5049 Maunds only over those of fusly 1264 the great increase in the former year being on account of Shipments to Calcutta a new item in the Salt account of this district.-

Fusly	Received into Store
1264	391,233
1265	6,28,491

39. In the quantity of Salt sold for Inland Consumption

Fort St. George, 14th. March 1857.

	Fusly 1264	Fusly 1265	Increase	Decrease	Consumption
Home Consumption	61755	108411	46656		there was a
Inland Consumption	468609	427002		41607	decrease of
Shipments	34040	1316		32724	Maunds 41,607
Total	564404	536729		27675	in the sales of the year

under review, below those of the year preceding it.- The causes of this are beyond the reach of this office.- Cholera or other epidemic, abundance of Salt in more proximate Cotaurs, prevent the Merchants from coming down to the Cotaurs of this district, to these may be added the disturbed State of Seypore and Pimidy-

40. But in the quantity sold for Home Consumption the sales of the fusly 1265 exhibit an increase of 46656 Maunds.- I trust I may be allowed to point to the sales for Home Consumption, to shew that a stricter discipline has been introduced into the working of the Salt departments, and a more vigilant watch over its operations has been maintained.- At all but the Tuticorin Cotaurs where there was no Salt in store, the sales of Salt sold for Consumption within

within the district under Inspection except those belonging to the preceding years. The quantity will bear a Reasonable Ratio to the Consumption of the population of this district but in making a Comparison with other districts it must be remembered that there is here no depôt like Tuticorin &c to which Salt is sent as for Home Consumption, but in Reality is taken into Nagpore and Hyderabad by Brinjaries. I think, therefore, I may safely say that Smuggling and illicit manufacture have been suppressed, if not entirely, yet to a very Considerable extent.

11. The apparent difference between the many Results and Sales of the Salt must be noticed. In the Sales of Fasly 1265 there is an increase of Rupees 5049 and the same sum may be taken as its Sale proceeds. But in the year Salt valued at Rupees 9,357 was given to the purchasers at the

	Fasly 1265	Fasly 1264

Amount of Duties	51,3996 1	52,2084 1 5

Mercals per Garie instead of 400, another sum of Rupees 3780 was the deficit arising from the larger number of heaps sold to wholesale dealers from the amount of Rupees 13,137 the increase abovenamed deducted there remains a decrease of Rupees 8,088 below the Returns of the year 1264.

Sea Customs 12

The very large increase, Viz.t Rupees 33,961-11-11 obtained in the Sea Customs is attributable to the increase of Export trade chiefly at the Port of Calinga patam as may be seen from the following figures

Fort St. George

Figures.

43. With new Roads opening up such productive lands in the interior we may look to much increased prosperity to the district from this traffic-

Stamps. 44. The only cause of increase in the Stamp Revenue is the increase of litigation-

Extra Revenue- 45. As the particulars of the Extra Revenue are given in the Statement No. XI no further remarks appear requisite in this place.

Statement No. XI. 46. The Land Revenue demands for fasly 1265 was Rupees 960,135-12-2 of this amount Rupees 954,626 were Collected within the fasly, leaving a balance of Rupees 5,508-12-4- of this sum the Collections upto the end of September last amounted to Rupees 2,837-6-4- after this there remains a balance of Rupees 2,671-6-- all the recoverable portion of this balance will be Collected with as little delay as practicable.

There was no balance outstanding in Malabar at the close of the fasly and Pollachy and

Coimbatore, Dindigul and Pooliacondah, Dependancies were very small a result very creditable to the Tahsildars-

47. All the recoverable portion of the balances, on account of the other sources of Revenue, will be speedily Collected-

	Rs.	271-10-7

48. The Statement shewing the Statement No. XII Revenue of the permanently Settled Estates does not Require any particular notice-

49. The very small balances outstanding against certain Estates, amounting in the aggregate to Rs. 7-3-8 on account of the fasly 1265, will be Collected ere long-

50. Against the Estate of Brammiekayo there is a balance of Rupees 2,801- this is to be written off from the accounts as the Estate has been purchased by Government on account of the default of the proprietor to pay the whole demands- a question regarding the unauthorized assumptions of certain Renters in the Estate raised by the late proprietor is

is now under Consideration according to the
orders of Government quoted in the Margin
Soon as this is settled sanction will be Soli-
=cited for writing off this balance -

Extract from No. Cons. dated 27th September 1855, No. 109-

Statement No. XIII

51. The amount of the Land Revenue arrear was Rupees 64,821-2-4 at the beginning of the fusly 1265, Rs. 45,108-8-4 were Collected within the fusly, leaving a balance of Rs. 19712-10-10 From the amount the Subsequent Collections amount to Rs. 814-4-1, Rs. 1778-5-10 will be Collected hereafter - a Sum of Rs. 2,816-5 is doubtful

Balance of the former fusly's 11,049-3-8.

Dr. of fusly 1264 vide Remarks in Statement No. 13 - 1183-12-4
15034-

sanction for writing off from the accounts Rs. 11,049-3-8 may solicited in the formed Report

Abkary -

sanction for writing off Rupees 1183-12-4 + now Requested -

52. In the abkary Revenue there is a balance of Rupees 679-11-
on account of the fusly 1263- the
whole of which is against Govinda
Sami of the Renters against whom
this sum is outstanding a very few
others have means to a certain
extent & all have entered into an

agreement to discharge their liabilities - as by
allowing them little time they will be better
able to pay their debts -

53. All that is Recoverable will be collected
with as little delay as possible -

Motorpha Rs. 239-11-7

54. The greater portion of the sums outstand-
ing under this head is against Motory and
some of it will have to be remitted during the
ensuing Jamabundy tour, this will be fully
enquired into - The Recoverable portion will
then be collected at once -

Interest accounts -

55. The whole amount, Rupees
112-1-5, outstanding under this head is the interest
on the balance of peshcush outstanding
against Brammashaye - This will be written
off from the accounts when the Enamati
question, alluded to in para 50 of this Report,
is settled and sanction of the Board obtained -

Statement No. XIV.

56 - The results of the ad-
=ministration in every branch of
Revenue are summed up in the
following Statement, shewing a net
increase in round numbers of 73,000 Rupees -

Last.

Fort St. George 14th March 1857

57. The causes of increase and decrease in each branch of the Revenue have been already noticed. With regard to the difference between the amounts shewn in the above table and those elsewhere exhibited, the large Statement, No 14, will afford ample explanation.

58. It remains therefore only to speak of the Charges. In the Land Revenue Charges are included the Collectors Salary, the Salary of the Hoozoor and district Establishments, the Saudermand Charges, Extra Revenue Charges, Tent allowance, and Medical Revenue Charges. In the first of these there was a decrease owing to the non disbursement in full of the Collectors Salary during the fasly 1265 by which a saving of Rupees 1,298-5-4 in Six Months is effected. In the Salaries of the Hoozoor and Dis: trict establishments, there was an increase of Rupees 6,880-1-5, this was owing to the disbursement in full of the Salary of the Head Sheristadar

Land Revenue.

Fort St. George 14th March 1857

Land Revenue Decreased

Receipts

| | | |

Fort St. George, 14th March 1857.

sheristadar from February last and to the salaries of the district servants having been debited in the accounts for the whole official year—

59. In the undermarked charges the increase owing to the undermarked of the District establishment having been debited for the whole official year—

60. The extra Revenue Charges also exhibit an increase owing to the employment of Scotch writers and to the employment for longer time than during the former year of Gomastahs for bringing into order the Fuslee Records—there was a slight increase in the other items falling under this head, such as travelling charges, treasury Remittance Charges &c.

61. The medical Revenue charges exhibit an increase owing to the disbursement in full of the salary of the Assistant Surgeon attached to the Collectorate—

62. In this District no

Fort St. George, 14th March 1857.

Charges are separately incurred on account of the Abkary Revenue—a sum of Rupees 475 was

Extract from Do. Cons. dated 29th January 1856. Reimbursed to the Renters of the Goomastas employed in Consequence of the orders of the Commissioners quoted in the margin—

Motorpha. 63. We have no separate Charges for Collecting the Motorpha tax—

Salt. 64. The increase in the Salt Charges is owing to the payment within the Fusly of the greater part of the Remunerations to the Manufacturers for Fusly 1265—the Salary of the whole establishment was paid for the whole official Year—In the Extra Charges under this head there appears a decrease owing to the non-debit in the accounts of the

Vide Statement No. 14— expenditure on account of certain works, such as the Raising of platforms—accounts of which have not been Received as yet in the Huzzoor—

65. The Salt compensations for the Fusly 1265 was not paid within

within the year -

Sea Customs. 66. The increase in the Charges on account of the Sea Customs is owing to the disbursement of the Salary of the District establishment for the whole official year, and Repayment of some tonnage duty levied by mistake

Stamps. 67. The increase of charges in the Stamps is owing to the disbursement in large sums of the Commission to the stamp vendors and to the Refunds of Stamps duty -

68. I have thought it better to keep my explanations called for by the Commissioner for a separate Report rather than insert them in this the first of a new series -

69. There have been no large irrigation works Completed in this District in the year under Review, with the exception of the Mahaunddy embankments - smaller ones are what are most Requisite - in the first instance the Result of works of this nature is well shewn in

in the prosperity of Wadadi and the Remarks in Para 11 of the Acting Principal Assistant - Collector's Report -

70. Mr. Foord's Report accompanies this - that Gentleman was most attentive to his Charges I can bear witness to the truth of his Statements about the Pahaky Ryots - they are most difficult to manage and great adepts in making away with their Crops so that it is for the interests of Government, that for a time, the villages should Continue under rent as the Ryots are poor and - selling them up after the Crops

† Para 10.

may

3758 Fort St. George 14th March 1857

was good; would be of no use—

71. The other points noticed call for no special remark—the Report was written before the receipt of the new forms—

72. I have much pleasure in noticing the assistance I have received from Mr. Davidson and Mr. Macdonald while he was in Revenue Charge of Goomsur—

Mr. Davidson has been particularly useful in the salt department—

73. It is also due to the late Acting Head Assistant to state that he was most attentive to his duties and devoted

3759 Fort St. George 14th March 1857

much credit for the early preparation of the accounts in the old form they were as before stated ready early in September and my report was begun on them when I received the forms on which this is framed—

Fort St. George 11th March 1857

No 247.

Enclosure No 18.

To

William Knox Esqre

Acting Collector of Ganjam

Chatterpore.

Sir,

I have the honor to submit the annual report on the Settlement of the Amauny Talooks in the Sub Division for Fusly 1265.

	Inches	
	Fusly 1264	Fusly 1265
June	4 — "	4 — 68
July	15 — 16	5 — 10
August	3 — 62	8 — 70
September	15 — 13	5 — "
October	18 — 52	12 — 54
November	1 — 38	" — 9
	38 — 1	36 — 11

2. But little rain fell at the commencement of the Monsoon but afterwards a fair quantity fell within the seasonable period and the Crops in Consequence flourished - There was a great demand for grain for exportation causing a rise in prices - The season was a healthy one both for man and beast.-

	Per Madras Garce —	
	Fusly 1264	Fusly 1265
Paddy	Rs 69	76
Raggy	87	84
Gingely Oil seeds	303	318

3. In this pro-

* ceedings the late Commissioner Northern Circars remarked.

Vide 28th June 1856 No 448 on the Jumabundy report for Fusly 1264.—

Fort Saint George 16th March 185

remarked that the length of time du
which that settlement was in progre
great that it is quite unnecessary that
settlement should be protracted, and the
the ryots need not be called on to attend
heir Camps unless there be some chang
Pattahs. The settlement for the fusly unde
was concluded within 37 days, as shown in
lowing statement, but it would not have to
so much time had it not been for the examin
of the Cultivators assembled on Bunjur land
which there were disputes. No fresh
were issued this year, but those of the la
were returned to the holders with a few lines
The attendance of the individuals, who were
al in their payment was not urgently requ

10 The Village of Juggunnath-pore in the Estate of Polanky is the only one which reverted this year from rent into ryotwary. The five Villages noted in the Margin, reverted into rent from Ryotwary and all of them except Golleyapoothy belong to the Polaky Talook. The ryots of these Villages are dishonest, and always try to evade payment of their Cist. They were therefore called upon to tender security that they would bring the whole of their lands under plough without leaving any waste and be more punctual in paying their

their Rents. This they failed to do and consequently recourse was had to rent, by which the whole lands of the Villages will not only be cultivated, but the Government demand will also be fully realized in future if the ryots behave well & the willingness to agree to proper conditions they will have their Villages. In the Valley of Gobyapoothy of the Wadada Talook the cultivation was not as it ought to be and they did not agree to pay the fair assessment & upon the application of a ryot who agreed to pay the Village was entered in his name as rented to him.—

11. In the Settlement of fusly 1265 there is an increase in Wadada of Rupees 698 chiefly on account of extended cultivation on Bunjur by the discovery of cultivated land which was hitherto concealed, and so called dry land in which wet crops were grown. It is also attributable to the slight remission

12. In the Pakauly Talook the assessment on some lands was reduced to a great extent and

J. E. B.

therefore although the Veeb fell short, the remission at the time of Settlement being in fusly 1265

Remission
For fusly 1264 3303
1265 713
less 2590

much less than the preceding year, there is an increase of Rupees 1914 in the Settlement. The other items are trifling ones and they require no Comment. Vide Statements in paras 7 and 8.

13 Of Rupees 1309. on account of the

the Budjuna swamp in Consequence of a dam
for the Bowladah salt farm. This was brou
to the notice of the Acting Collector and Consequ
remission is solicited. –

Melumpha Rs

Fusly 1264 – 2411
1265 – 2353
Difference – 58

20 Under the head of Melumpha there was a
of Rupees 58 as per

are against the town of Chicacole & subject to
the Wadadah talook, Rupees 22 against Palaky
and Rupees 7 against other Estates This was
attributable chiefly to the poverty of some of the
people of this class whose taxes were in Consequence
reduced Of the demand Rupees 2353. Rupees
2297 were collected within the fusly and Rupees
29 subsequently leaving a balance of Rupees
27 against the town of Chicacole. of the latter
Sum a very small portion only will be collected
the remainder being against the
poorest classes who live from hand to
mouth. –

Old Balance

21 Against the Estates of Government
there stood a balance of Rupees 13051 at the
begining of the fusly 1265 Of this Rupees 2462
were collected up to the end of that year
leaving a balance of Rupees 10589 –
the particulars of which are given
below. –

496

B. P. 1615.

From the Collector
of Bellary. } Sir,

I have the honor to submit
my report on the Settlement of the
District for Fusly 1266 A.D. 1855/56 and to forward
the accounts prepared in the new Form
which accompanied the Memorandum
from the Secretary to Government,
dated the 23d August 1856.

The Settlement was made
Places at which the Jummabundy was settled.
by myself of 6 Talooks in the principal
Division and of 2 Talooks in the
Sub-Division, by the Sub-Collector
Mr. Arbuthnot, of three of his own
and 2 of the principal Division
Talooks, by my much lamented Acting
Head Assistant, the late Mr. R. Horsley in

in 4 Talooks. It was necessary to infringe with the Board's previous the rule of making the Settlement of each Talook within its own limits in two instances. I was deprived the Services of Mr. Chase, the Head Assistant, just as the Settlement commenced which was very inconvenient. The periods occupied for the Settlement of each Talook, as entered in the Statement, is reckoned from the date of the arrival of the Hoozoor thereto and the commencement of the Field to the close of the distribution of the the actual time occupied during from time the Hoozoor Goomastah commences the accounts, until the whole work is completed, is much longer.—

Number of Villages and Tenures under which they are held.—

2. There are 2659 Villages and 1676 hamlets all held on the Ryotwar Tenure. There is an

	Fasly	Fasly

of Government dated 20th April 1864.—

Nature and extent of the Principal sources of irrigation.—

4.— The principal rivers are the Toombudra, Huggry, Penaar, and Chittravaty. The various sources of irrigation are shewn below. The Ayacut of these works is 2,23,707 Acres with a gross assessment of 18,20,247 Rupees and a net revenue (including extra taxes) of 8,39,279 Rupees

Works

38·10 Fort St. George, 14th March 1857

There are 683 new wells dug by the Ryots in excess of the number entered in last year. These are all free from Extra assessment and have been brought to account this year though all were not actually dug in the year.—

General Statistics 5. The Statistics are comprised in the following Memorandum.—

Rent Roll 8. This brings Quinquennial Statement is not forwarded for the present year.

Season and Sanitary state of the District. 9. The Fusly year 1263 was a very disastrous one owing to the failure of rain generally. It was succeeded by a year (Fusly 1264) which in the early months

Fort St. George, 14th March 1867

also suffered from failure of rain, but the District rallied by an abundant fall of the late rains. The Fusly 1265; now under report, also opened badly, for though there were a few partial showers in June there was a complete cessation of rain in the Months of July and August, causing considerable anxiety throughout the District, but towards the end of September and during October the rain fell abundantly throughout the District and the cultivation of late crops was carried on with vigour. Scarcity of provisions and high prices stimulating the farmers to exertion. The crops were very good. The District was, I am thankful to say, free from sickness, and on the whole the season was better than that of the preceding year 1264.

10. The quantity of rain that fell, as compared with the Fusly 1264, is shewn in the annexed Memorandum.

Fort St. George, 14th March 1857

Sir,

I have the honor to forward herewith a Return of the Sailor Levies of this Station for the quarter ending 31st March 1857, and to state that no Sailors have been enrolled during the period.

I have the honor to be,
Sir,
Your most obedient Servant,
[illegible]
Lieut. & Adjt.
Sailor Levies.

To
Lieut. Colonel [illegible]
Commanding Sailor Levies.

Fort St. George, 14th March 185

Price of Grain

The high price of grain which ruled in the preceding year 1264, were maintained in the year under report which is to be attributed in a very great measure, to deficiency of the agricultural produce and the consequent high price in other Districts under the Madras Government as also in the neighbouring States of Mysore, Dharwar and the Nizam's Territories.

The

Fort St. George 14th March 1865.

The prices of fusly 1265 are exhibited in the statement No. 2 and compared with fusly 1264, the general average of the whole District was as follows—

Merchants whole sale prices per Garce of 3,200 Measures—

		Fusly 1264		Fusly 1265		Comparison Increase		Decrease

Fort St. George 14th March 1857.

Dittum

12

The Dittum or Tahsildars Caboolaty exhibits this year more accurately the real state of the ryots agreements than has hitherto been the case. This is in consequance of the orders issued to receive Razeenamas without restriction from the Ryots for all lands they wished to give up and to make the settlement with the for the remainder only and any new land they wished to take up. The effect of this order was in some places at first rather startling for the ryots threw up large quantities of land. But it afterwards appeared that this arose in a great measure from the unfavorable state of the early part of the season, and the desire of the ryots to be exempted from all demand which they feared might be made on them. By the subsequent fall of rain and the continued high prices of produce caused a reaction, and about one third of the lands which had been relinquished were again taken up. I am well satisfied at the liberty given to the ryots as each convinced that although it may for a time cause a diminution of revenue, especially

Fort St. George 14th March 1857.

especially in years when prices are not remunerative to the farmer, it nevertheless will tend to increase the value of the farms and prosperity of people. I have observed in several instances since this freedom has been given disputes between Ryots for land which were rare before. The rent of land relinquished amounted to Rs. 153854 but of this Rupees 14646 was again taken up, so that the net value of the land entirely given up was Rupees 307108 and this amount is again reduced to Rupees 1520979 the actual rent of the land cultivated in the former year, the rest Viz: Rupees 135329 being land entered in the Puttahs but deducted as waste in the preceding year. The Causes assigned for giving up the land are three fold High Assessment about Rupees 60,641. Bad land Rs. 61716. Inability of Ryots to cultivate Rs. 185031. The amount after the removal of restrictions on the Ryots freedom of land now entered in the Ryots Puttah may very fairely represent the real Caboolati of the District. The Dittum as made by the Tahsildars was 1680823 acres assessed at Rupees 2574631 which in the following Statement is Compared with the Dittum of the preceding year and it will be perceived that it falls below the Dittum of that year by 271877 Rupees.

The

Actual Cultivation

11. The actual cultivation is exhibited in the following Abstract. There is a real increase of Rupees 2116 on the Dry Cultivation and Rupees 57487 in the Tanks. But in the Nallahs and Wells there has been a falling off of 26788 Rupees and 34165 Rupees. This may be accounted for by the relinquishment of over assessed and unprofitable lands formerly assessed to the Ryots.

J.

Fort St. George 14th March 1857

17 I will briefly notice the Govern
=ment new Plantations transferred from the
sundry sources to the Land Revenue - The
amount realized from new Topes in 1265 -
was Rupees 2,348-5-5 being an increase of Rupees
507-7-7 above last year - The amount expen
ded on new Topes during the year was
Rupees 833. The Tope Fund stands as follows -

Balance on hand at the end of
Fusly 1264 4,255
Receipts for 1265 2,348
Total 6,603
Charges in 1265 833
Balance 5770

The Number of Topes supported by this Fund
is at present only 20 containing 6,420 Trees. The Tope
Fund was kept separate, but by order of the Board
of Revenue (dated 25th February last) it has now
been carried to general account and will be
disbursed as required The Balance remain
ing up to 1264 has also been carried o
to account -

Enam Culti
vation

18 The cultivation of Enam
lands during the Fusly 1265 as compared with last
year was as follows -

Items

3830

Fort St. George 14th March 1857

19 Statement No. 7 shews the cultivation of Sugar cane, Cotton, and Indigo.—

Sugar cane

The extent of cane cultivation carried on in Fusly 1265 was 5347 Acres assessed at 6851 Rupees which was a little increase upon last years cultivation.—

Cotton

20 The cultivation of Cotton continues, as in last year to be much below the usual extent. In fusly 1263 there were 21,581 acres under cultivation with cotton In 1264 fusly 16,250 acres only and in the present year still less land has been occupied with this staple. The cause no doubt is to be attributed to failure of rains at the proper time for this cultivation and in part perhaps to the high price of food which would induce farmers to sow their lands with grain in preference to Cotton annexed is a statement of the cultivation and price of Cotton for eight last years

Indigo

21 This product is grown only to a small extent in Bellary. There were but 1115 acres assessed at Rupees 37/50 sown. The same causes as have retarded the cultivation of Cotton have also tended to check Indigo Cultivation in both the last and present year.

Sewoy Jummah or Extra Revenue

22 The amount of this revenue inclusive of Interest account is Rupees 10423 being 2305 Rupees in excess of last year The items composing this Revenue are shewn in statement No. 9 and need no further notice.

Ready Money Collections

23. This denomination has been classed as sundry Items according to the instructions in the 4th para of the Memorandum of Mr. Bourdillon Secretary to Government dated 23d August which accompanied the new Forms of accounts The items have been already noticed

/para 16/

Gross Increase and Decrease 24

The new Forms of Statements do not provide for the exhibition of the Gross Increase and Decrease of the Revenue of the year. But as it has been customary in this District to supply this information I beg to submit as usual an account of the gross fluctuations noticed in the settlement of the Land Revenue for the year under Report.

3835

Demand collection and Balance current and arrears also amount recommended for remission.—

26. These Subjects noticeable in this place will in Conformity to the new Form of Statements be more properly noticed towards the end of the Report. I will therefore reserve them till then merely observing here that the Demand for Land Revenue fusly 1265 is 19,75,299 Rupees. Collections within the fusly 19,11,736 Rupees Subsequent Collections to 30th September 52015 Rupees and the Balance then uncollected 11,548 Rupees.

Coercive Process.

27. No coercive process was resorted to in the Collection of Land Revenue Prices being good and the fear of Coercive process has been sufficient to collect the revenue with the usual punctuality consideration being given to such ryots whose means required indulgence.—

Advances for Cultivation.

28. These have been made to a very limited extent The amount Sanctioned by the Board for the year was 14,000 Rupees but only Rupees 2875 were disbursed

The

Fort St. George 11th March 1857

Sundry Sources of Revenue

29 The Items Comprising the Sundry Sources of Revenue in the Bellary District are accounted to the present System of Classification Abkarry Moturpha and Stamps.

Abkarry

30 A Separate Report 19th June 1855 was submitted with the proposed contracts for the year. The Contracts accepted amounted to Rs 231648 which have been duly fulfilled.—

Moturpha

31 Under this head are comprised Veesabady and Syer Moturpha or Baghy Veesabady. The former is assessed on Merchandize in accordance with a Special Regulation No for the Ceded Districts and the latter on all other Trades &c. The particulars are exhibited in Statement No 8 for each and the amount for 3 Compared with the preceding year was

	Fasly 1264	Fasly 1265	Remarks
Veesabady	98358	96530	1828
Baghy Veesabady	41080	137165	3115
Total	238638	233695	4943

The hard times for this class of tax payers has occasioned a decrease in the Revenue. The Increase and Decrease is shewn in the annexed Memorandum

Forwarded with the proceeding year's accounts

follows.

Fort St. George 11th March 1857

The Balance at the close of the Fusly was Rupees 87,209 of this Sum 71,165 Rupees had been collected up to the end of September and the amount still uncollected is therefore 15744 Rupees

On account of Land Revenue ——— 11,573

Motturpha ——— 3,108

Extra Revenue ——— 787

15,744

It is probable that about 6000 Rupees of this Sum will have to be remitted and the remainder may fairly be expected to be Collected.

34 The Statement No 13 shews the collection of arrears of all Sources of Revenue for former fusles the amount of arrears at the end of June fusly 68 according to Col 7 of the Statement is Rupees 22,975 8 10 Vizt amount directed to be struck off in accordance with the Sanction of Government Dated 11th March 1856 Rupees 5265 15 6

A Ferry having newly been established at the Toombudra River in His Highness the Nizam's Terriory at the Village of Hedeganahall opposite to the Ferry at Hutcholy in the Adonie Talooke of this District caused a loss to the contractor of Hutcholy Ghaut and the sum of 60 Rupees[x] of his contract is put down as irrecoverable and is included in the amount recommended to be Struck off the account. I have therefore the honor to request that Sanction may be obtained for remitting the arrears of Fusly 1263 amounting to Rupees 6887 7 5[x] and of Fusly 1264 amounting to Rupees 7920 1 8.

x See para 12 of the last years Report.

D° D° para 24, 31 and 44 and para 34 of this report.

35 In Statement N° 4 is an account of the gross Collections and Charges. The collections were Rupees 23,21,683 and the charges which are debited exclusively to Land Revenue and Stamps (as no separate establishment is maintained for the Abkarry and Moturpha) amounted to Rupees 2,37,828 7 " leaving the net Collection within the year Rupees 22,83,095. The Increase above the preceding year observed in the charges viz. to Rupees

	Rs
Land Revenue	20,22,818

Moturpha	2,38,167
Stamps	28,491
Total	23,21,683

Fort St. George 11th March 1857 cont.

Rupees 19998 " " is attributable chiefly to the period of the present year embracing the half month of July excluded from the Fusly 1264 and included in the Fusly year of 1265. The charges Amounted to Rupees 9 7 " per cent on the collections.

36 Mr Arbuthnott the Sub Collector has sent his Report (but only just received) on the Settlement of the Talooks of the Sub Division which I shall have the pleasure to submit in the course of a few days. I have the satisfaction of reporting that I continue to receive from this Gentleman cordial assistance in the management of the District. the other Gentleman associated with me in the Settlement of the year was the late Mr R Horsley whose untimely end I deeply lament, as a public Servant of Government he gave me much satisfaction by his industry and attention to his duties.

37 I have had frequent occasions to speak in the highest terms of praise of the Head Shirestadar Neelacunta Row. He is now about to retire from public life, and I trust his past Services (which I had the honor to bring fully to

See letter to Board of Revenue under Date 7th Octr 1856.

to the notice of the Board in a late Report and which it will therefore be unnecessary for me again to recapitulate in this place I will obtain for him those rewards which they have so well merited The Sub Collectors Sheristadar Chinnumbur Row is a very deserving and able public Officer of 38 years Standing I recommended him for succession to Neelacanta Row But the Board have given preference to the claims of Royapah the Deputy Sheristadar of the Board of Revenue an able man also - but whose claims were I thought Subordinate to those of Chithumber Row.

The Assistant Sheristadar Narrain Row and Sham Row late Deputy Sheristadar and now transferred as Head Sheristadar to Chingleput assisted in the Settlement

Settlement and gave me entire satisfac-

-tion.-

Fort St. George 14th March 1857

No. 48

To
C. Belly Esqre
Collector of Bellary

Sir

I have the honor to submit my Report regarding the settlement of Land Revenue of the five Talooks of the 2nd Division for fasly 1266 together with the accompanying Statements Nos. 1 to 5 agreeably to the forms received from Govern't. Sec.t with the Revn. dated 23 August last.—

2 In accordance with the views of the Board of Revenue conveyed in their Circular dated 3d October 1853, the settlement of the Pungondah and Hoskeerdah Talooks in the 2nd Division was conducted by the Collector and the former Tahsildar assisted by a party of forty one Peadahs, Hoskeerah Talook with the remaining Collectors Division together with the remaining three Talooks of my own, were settled by me in the Kasbah Stations of each Talook between the months of January and May last as Fasly 1267 calculated in Statement No 1.—

3. I am unable to describe minutely the state of the two Talooks of the Collectorate Division settled

Fort St. George 14th March 1857

Settled by me in the Fusly under review as required in the 8 Para of the Boards Proceedings Dated 9th August 1855 nevertheless I have ventured to embody in this Report such facts as have transpired during my Settlement regarding the State of rain and Bariz &ca.

1. The number of Villages in the 5 Talooks of the Sub Division and the tenure under which they are held are shewn in the Subjoined abstract as directed by the Board in their Circular Dated 11th September 1851, and it will be observed that they are in the same State as in the preceding Fusly.

Fuslies	Ryotwar Villages	Shrotriem Villages	Rayan Jody Villages	Sirvai Eenam Villages	Sirvai Jaghier Villages	Total
1264	528	66	12	13	2	621
1265	528	66	12	13	2	621

5 Subjoined is a Statement Shewing

Fort St. George 14th March 1857

the Supply of water each Tank received and the estent of Cultivation under them in the Talooks of the Sub Division. the Statement Shewing the Condition of Tanks &ca has been postponed this year under the orders of the Board dated 13th June 1853.

Talooks	Supply of water: No. of Tanks rec. ceived full supply	No. of Tanks received three quarter supply	No. of Tanks received ½ supply	No. of Tanks rec. ceived ¼ supply	No. of Tanks rec. ceived less than ¼ supply	Total	Tanks received no supply	Grand Total	Cultivation: Acres.	Assessments.
1264	22	58	69	134	126	409	104	573	28172	235358
1265	135	133	97	72	21	461	52	573	32923	264734

From the above it will be observed that the Cultivation in the last Fusly exceeds that of the preceding Fusly owing to a larger supply having been received by some of the Tanks.

The following is an abstract exhibiting the estent of Cultivation under Tanks in Gooty and

Fort St. George 11th March 1857

and Madukserah Talooks of the Collectors Division

Talooks	Number of Tanks	Cultivation Fusly 1264 Acres	Assessment	Fusly 1265 Acres	Assessment
Gooty	45	1822	17,909	1926	17,773
Madukserah	125	7388	61,115	9608	77,443

6. In accordance with the views of the Board conveyed in the 6th para of Extract of Proceedings dated 9th August 1855 I beg to report that the Rivers Pennar and Chattravatty in my Division have risen in the months of September and October 1855 to the height of from 2 to 4 yards. and these freshes proved favourable to the cultivation of land dependent on channels from these Rivers.

7. The quinquennial Statement shewing the population of the District and of the means of the Ryots for carrying on their Cultivation required in their Boards Proceedings dated 13th June 1855 and falling due in this Fusly has not been forwarded but

Fort St. George 14th March 1857

but will be submitted next year agreably to Para 6 of the Memorandum from the Secretary to Government dated 23d August last on the receipt of the Forms therein promised.

8. Statement No 1. Shews only the number of Puttahs and the annexed is an abstract shewing the details of Ryots and Puttahs for fusles 1264 and 1265 as directed in the Boards Circular dated 11th September 1851.

	Items	Fusly 1264	Fusly 1265	Comparison Increase	Decrease
Ryots	Settled Ryots	19,589	20,927	1,338	"
	Payacaries or Ryots of other Villages	2,528	2,695	167	"
		22,117	23,622	1,505	"
Puttahs	Individual Puttahs	22,117	23,622	1,505	"
	Gouchee Puttahs	1,061	897	"	164
		23,178	24,519	1505	164

Net Increase 1341.

The increase in the number of Ryots in Fusly 1265 is owing to the increased Cultivation of wet lands under many of the Tanks which have received a full supply and the decrease in Gouchee Puttahs is caused by the relinquishment of

of lands by Gouchee Ryots.

9 The Statement regarding Rent roll will be submitted in Fusly 1266

10 I shall now proceed to remark on the of the Season The months of may and June are best adopted for the Sowing of the Moongary but owing to an in Sufficient fall of rain in the months not only has the wet Cultivation not be Commenced but only a small esctent of dry land was brought under Cultivation as no rain fell afterwards to the end of August even these yielded a poor crop Consequently the Ryots felt some apprehension of Scarcity These however were dispelled by the heavy fall of rain in September and October and greater esctent of dry land was then Cultivated The yield of the dry crops on lands Sown during the latter rains was favourable with the esception of Jonna which yielded a poor crop owing to a failure of rain during the month of November many of the Tanks having received a full supply of water from the later rains a large esctent of wet lands also was brought under the plough during the Wyaka

or Second crop and the outturn of these crops was favourable Tandputry is the only Talook in the Sub Division where the Soil is black There was a better yield in Cotton and cholum Crops in this and in Gooty Talook of the Collectors Division on lands Cultivated during the later rains The yield of the crops in Maduckserah Talook where the Soil is red and mixed was similar to that of the other four Talooks in the Sub Division esceepting Tandputry Talook.

11. I am glad to report that no cholera appeared in any of the Talooks of the Sub Division nor in the Gooty and Maduckserah Talooks.

12. Murrain prevailed only in 2½ Villages of Pongondah Talook by which 329 Cattle and 1810 Sheep and Goats were destroyed neither the other Talooks of my Division nor the Gooty and Maduckserah Talooks appear to have Suffered in any way from the above disease.

Items	Number attacked with disease	Number died
Cattle	479	329
Sheep and Goats	3030	1810

J

Fort St. George 14th March 1857

13 Sheg to annexe an abstract of Statement No 2 Shewing the prices of grain in the last three Fuslies or from Fusly 1263 to 1265 agreeable to the requisition contained in the 2d Para of Boards Proceedings dated 22d January 1855.

Articles	Price in Fusly 1263 per Garce	Price in Fusly 1264 per Garce	Price in Fusly 1265 per Garce	Comparison Increase	Decrease	Per cent
Paddy 1st Sort	88	112	106	"	6	5
2d Sort	75	103	100	"	3	3
Cholum or Jonnaloo	130	131	11.6	.	5	3
Suzzaloo	136	160	117	"	13	8
Horse gram	113	172	163	.	9	5
Ragoloo or Putcheny	118	137	110	3	"	2
Aureekaloo or Bareegaloo	"	101	115	14	"	14

There is a small fall in the price of Gram in Fusly 1265 Compared with Fusly 1264. but it did not affect the Ryots in any way nor was any difficulty experienced in that account in the realization of Rists. How however more favourable to the Ryots than Fusly 1264

Fort St. George 14th March 1857

which was a year of scarcity with the exception of the first three months for on calculating the average prices of the 12 months of that Fusly 1265 appears to have the advantage.

14 I shall next proceed to explain the result of the Caboolaty Settlement or Dittum for the Fusly under review. The account shews a decrease of a Acrees 134.81.5 and Assessment Rupees 98533 Compared with the preceding Fusly as particularized in State-ment No 3. and its enclosure A and the following is an abstract of the same Items

Fort St. George 14th March 1857

Items	Fasly 1264 Acres	Fasly 1264 Assessment	Fasly 1265 Acres	Fasly 1265 Assessment	Comparison Increase Acres	Comparison Increase Assessment	Comparison Decrease Acres	Comparison Decrease Assessment

Garden land converted into Wet	1113	8228	1,215	8578	102	350	"	"
Total	71,318	613825	69,206	551,785	"	"	5142	59,040
Under Tanks	36,500	288,414	35,412	280,518	"	"	1088	8,196
D° Nullahs	11,155	1,1666	130,11	100667	"	"	1111	15999
D° Wells	23693	208,115	20750	173570	"	"	2943	34,845
	5,68,793	81,6170	1,33,918	7,17,637	"	"	134,815	98,532

Fort St. George 14th March 1857

It will be found from the above that there is a decrease of Rupees 98,533. in the Cabooleaty Bariz in this Compared with preceding fasly. and the decrease is attributable partly to some dry lands having been left uncultivated by Ryots from failure of early rains, but chiefly to the order of the Board dated 26th October 1854, which allowed the Ryots to retain only such lands as they were willing to keep and by which they were enabled to throw up not only much of their dry and irrigated lands included last year in their Puttahs and deducted during the settlement as Cabooleaty Bunjer but also many highly assessed lands which were usually included in their Puttahs. and could be given up only under certain restrictions. In State-ment N°3 there being no separate head for the Item of Cocoanut and Betel Gardens. the Extent assessment and Revoz Fasly of this Item are included under the head of Wet land in the Enclosure A of the above Statement the Extent and original assessment

Fort St. George 14th March 1857

assessment of dry converted into Wet and Garden land converted into Wet are added to the Acts of Dry and Garden lands respectively.

15 In accordance with the Boards Circular dated 11th September 1854, the particulars of Cabooliaty Bunjer are specified in the following Statement.

Items		Fusly 1264	Fusly 1265	Comparison Increase	Comparison Decrease
Dry lands		53039	13770	"	39269
Irrigated Lands.	Under Tanks	30,995	15725	"	3527⅓
	Under Nullahs	11,150	6,150	"	7697
	Under Wells	15,889	6287	"	9602
Total		81034	28,165	"	52,569
Grand Total		134,073	42,235	"	91838

The above Statement shows that a remission of Rupees 42,235 has been allowed during the Settlement of Fusly 1265 on account of Cabooliaty Bunjer. Although in conformity to Board's Circular dated 26th October 1851, the Ryots should be

Fort St. George 14th March 1857.

be held responsible for lands left waste out of their holdings. From not fully understanding the intentions of that order, they have not only left parts of their farms uncultivated but have also left others lands waste from the failure of the early rains as has already been stated, hence the remission became necessary. The above also includes a portion of the Reddies Assamum, which was entered in Cabooliaty agreeably to the Boards' Circular dated 28th January 1856 pending their further orders, and remitted on account of poverty and other causes. A report regarding Assamum lands will be submitted shortly.

16. Subjoined is an abstract shewing the increase and decrease of Cultivation for Fusleis 1264, and 1265, after deducting the Cabooliaty Bunjer.

The

The Cultivation of fusly 1265 in regard to dry and Nullah lands exceeds that of fusly 1264, but falls below it in assessment. The cause of the increase in acres and decrease in assessment is to be attributed to red or lowly assessed lands having been brought under Cultivation during the latter rains, as also to the highly assessed lands under the Nullahs having been given up by the Ryots for reasons explained in Para 11. The decrease in lands dependent on wells is also owing to the same cause whilst the increase in the extent of Cultivation under Tanks is caused by the increased supply of water which the Tanks received from the later rains. The extent of land above specified, also includes shamlat Bunjer or portions of fields left waste, the amount remitted on that account in fusly under review is Rupees 1717 and the decrease compared with with fusly 1264 is Rupees 12078. The cause must be attributed to the orders of the

the Board which enabled the Ryots to retain as much land as they were able to cultivate and give up whatever was not required. It will be observed that there is a difference of Rupees + 42235 in the amount entered in the foregoing Statement and that entered in the Statement No. 3 and its enclosure A as particularized in the Margin, but if the amount of Caboo-=laty Bunjer is added to the amount as entered in this abstract the total will be equal to those entered in Statement No. 3 and its enclosure A. In accordance with the Board's Circular dated 18th March 1850 the Caboolaty Bunjer was up to fusly 1264 entered in Statement No. 9 with Dittum and in the Statement No. 10 the extent of actual Culti-=vation and Shamlat Bunjer was entered. The cause of the difference between the State-=ments No. 9 and 10 is owing to the Custom which has hitherto prevailed of including in the

+ As per this abstract - 7,47,637-
As per State-=ment No. 3 - 7,05,402.
+ 42235.

the Dittum a large quantity of lands which the Ryots were unable to cultivate, and for which remission was given during the Summabundy but in the fusly under review the settlement was conducted on the principle that the Ryots were responsible for the lands they willingly retained, hence the great decrease in the Item of Caboolaty Bunjer. The remission however under this head being a tempo-=rary one and having arisen from causes beyond the power of the Ryots to prevent, was included by me in Statement No. 3 as I considered it in the same light as the other remissions granted for losses sustained from unavoidable causes. I am of opinion that if agreably to the order of the Board dated 11th March 1856, a time be fixed for the future, for the

Ryots

Fort St. George 11th March 1857

Ryots to give up whatever lands they do
want and they be held responsible for
what they retain, and the rule be en
strictly enforced the necessity for grant
remission on that account will be greatly
diminished.—

17. If the extent of lands given
up by Ryots is deducted from the ex
Ryots holding of fusly 1264 and the
extent of lands newly taken up in fus
under review is added, the total will be
equal to that entered in Column 22 of
Statement No. 3 and from this, if
the amount of Cabooliaty and

Shou

Fort St. George 11th March 1857

Shanbat Bunjer Rupees 13952 is again deduct
=ed the remainder will be the net Settlement of
fusly under reference. It will be observed that
there is a difference between the amounts entered
in the enclosed A and B of Statement No. 3 because
the assessment for 2d. Crop and the Additional
rent are separately entered in enclosure A whilst
in the latter Statement these two Items are en
included with the Original assessment of dry
wet and Garden lands respectively.—

The particulars thereof for fusly 1265 are
shewn in the following Abstract.—

Items	Abstract Enclosure A	Abstract Enclosure B	Difference	Detail Fernyasta Fusuel on additional Jastee Rent.	Detail Current for 2d. crop.
Dry Lands	201,006	269,888	68,882	68,882	
Wet and Cocoanut and Betel Nut Trees	356,316	376,166	19,850	-	19,850

19 The above statements are compiled from the statement No 13 prepared up to fasly 1276 shewing the particulars of grass increase and decrease but in the forms furnished by Government in September 1865 for preparing the village accounts and in those forwarded on the 23rd August

Fort St. George 11th March 1867

I can find no forms of statement shewing the above particulars which are essentially required for preparing the Enclosure B of Statement No 3 - This large account should be prepared either by Village curnums or by Hoozoor Goomastah from the Village account No 6 or Coolavaravochitta should the Board consider these particulars unnecessary and deem a Village Statement sufficient there will be no difficulty in meeting their views but this account will not furnish the Ryotwar particulars required in the enclosure B of Statement No 3 and orders are therefore requested on the subject before the Jummabundy of the current fasly is commenced.

20 In accordance with the contents of Boards letter dated 11th September 1864 the amount of Cabootaty Benjer charged on the Reddies and Ryots because they allowed their lands to remain waste without sufficient cause are particularized in the following statement - The Assessment on the lands is exhibited in Enclosure B. Statement No 3.

Items

Items	Fusly 1264	Fusly 1265	Comparison Increase	Comparison Decrease
Reddies assessed	271	795	524

Total	1,420	2,077	657	"

21 The reasons for the increase and decrease in the different Items of remission granted on the cultivation as particularized in Statement No 4 are specified below.

1st The particulars of Cabooliety and shamilat Burjee are already mentioned in para 16 and 16 of of this Report.—

2d The increased remission in the Item of Pick Paumboodaty is inconsequence of crops in the beds of Tanks having received damage by the influx of water into those Tanks during the fall of rains in the month of May.—

3d The decrease in the Item of Burjee Fusly

Burjee Paraw Pickee Payamaly is in consequence of this remission not having been granted in Fusly 1265.—

4th The decrease in the Item of Shavoy or Pickooky and curnal is to be attributed to the favourable state of the season in the year under review.—

5th The decrease in the Item of Loss of Produce is to be attributed to the above reason.—

6 The increased remission in Fusul Cumma is owing to some of the two crop lands having only been cultivated with one crop.—

7 The decrease on the Item of Moorasabb Cumma granted to poor Ryots is in consequence of their having given up in this year lands they were unable to cultivate.—

8th The increase in the remission of Chedele or progressive Cowle is to be attributed to a large extent of waste land granted in conformity to the Cowlenamah issued by Colonel Munro having been brought under cultivation in Fusly under review.—

9th The remission in the Item of Fixed Cowle is the same as in the preceding year.—

The

10th The decrease in the remission of Payamaly Cowle granted in accordance with the Board's order dated 17th July 1851 is owing to the expiration of the period fixed for some lands as well as to some Cowle lands having been given up by the Ryots.—

11 The increase and decrease in the Item of 33 and 25 Per Cent is attributable to increase and decrease in Cultivation.—

12 The decrease in the Ryen Moonsaib Cumum granted on highly assessed lands is owing to some of these lands having been given up by poor Ryots.—

13th The increase under the head of Inamsib Cumum is owing to Boards instructions dated 29th September 1865 which allowed a remission to be granted for two crop lands the assessment of which exceeds Rupees 2½ per Acre until a revision is made.—

14th The decrease in the Item of Shantal Daisawundum is to be attributed to a decrease cultivation on lands under Daswundum Tanks.—

15th The increased remission under this Villages is attributable to an increased

increased cultivation in these Villages.—

16th The decrease remission on the Item of Cuttoabady peons is owing to some of their lands which were left waste in the preceding year having in the fusly under review been brought under cultivation.—

17th The decrease remission in Teeravacum=mi arises from the decreased cultivation in lands of this description.—

18th The decrease remission in the Item of Pyrnaish Cumm is in consequence of decrease in cultivation of the lands of this description.—

19th The increase in the Item of remis=sion granted to Village Servants Vcs is in=consequence of their having cultivated a greater extent of lands in this fusly.—

20 The decrease in the ready-money allowance arises from the Enam lands be=longing to Village Servants which were left waste last year having in the year under review been brought under cultivation.—

22 The causes of increase and decrease in the sundry Items of land Revenue entered in the enclosure of Statement &c.

10th The decrease in the remission of Payamaly Coolg granted in accordance with the Board's order dated 17th July 1861 owing to the expiration of the period fixed for some lands as well as to some Coolg lands having been given up by the Ryots.—

11 The increase and decrease in the Item of 33 and 26 Per Cent is attributable to an increase and decrease in Cultivation.—

12 The decrease in the Ryen Monaish Cumum granted on highly assessed lands is owing to some of these lands having been given up by poor Ryots.—

13th The increase under the head of Enamsib Cumum is owing to Boards instructions dated 29th September 1858 which allowed a remission to be granted for two crop lands the assessment of which exceeds Rupees 2 per Acre until a revision is made.—

14th The decrease in the Item of Shanlat Daivanundum is to be attributed to a decrease cultivation on lands under Devanundum Tanks.—

15th The increased remission under this Villages is attributable to an increased

increased cultivation in those Villages.—

16th The decrease remission on the Item of Cuttoobady peons is owing to some of their lands which were left waste in the preceding year having in the fusly under review been cultivation.—

17th The decrease remission in Teeruvanumi arises from the decreased cultivation in lands of this description.—

18th The decrease remission in the Item of Pynaish Cumm is in consequence of decrease in cultivation of the lands of this description.—

19th The increase in the Item of remission granted to Village Servants 9 Cs is in consequence of their having cultivated a greater extent of lands in this fusly.—

20 The decrease in the ready-money allowance arises from the Enam lands belonging to Village Servants which were left waste last year having in the year under review been brought under cultivation.—

22 The causes of increase and decrease in the sundry Items of land Revenue entered in the enclosure of Statement

No.

P.L. are as follow:—

1st The increase of Rupees 212 in the Item of Jody is attributable to some waste lands to Jody which were left waste last year having in Fusly under review been brought under cultivation.—

2. The increase in the Item of Nuzzaranghee is owing to dry waste lands which were left waste last year having in Fusly under review been brought under cultivation.—

3. The increase in Inam Jaffrickis attributable to an increase of cultivation in wet lands under Tanks.—

4 The decrease in the Item of Quit Rent levied on lands occupied by houses and gardens is consequent of the Bungalow belonging to late Dr. Brackinridge at Anantapur having been destroyed.—

5 In accordance with the instructions[x] from the Secretary to Government the Head for small farms and licenses was abolished and incorporated with the sundry Items of Lands Revenue the particulars of these Items are shown in the following abstract.—

Items

[x] Letter dated 2nd August 1866 Memo dated 23rd Do.

Items	Fusly 1264	Fusly 1266	Comparision Increase	Comparision Decrease
Government old plantation	1,873	2,290	417	"
Rent of thorn trees	1,884	1,861	"	23
Condasaveelee or Hill rent	539	552	13	"
Rent for pasture fields	171	181	10	"
Fishery	70	40	"	10
Total	4537	4924	387	"

The increase in Government plantations is to be attributed to an increase of produce in Mango and Tamarind Trees. The decrease in rent of Thorn Trees is owing to some of these trees having been destroyed from want of rain.— The increase in the Items of Hills rents and pasture fields is owing to the fall of the later rains The decrease in fishery arises from many of the Tanks having retained a

a large supply of water at the end of fusly 1265.

23 The Statement No. 6 shews the particulars of crops withheld from which it will be observed that the amount of remission granted in this Item in fusly under report is very small.

24 The Statement No. 6 a shows the particulars regarding the Progression Cowle lands held on Cowle up to the preceding fusly those whose Cowle has expired as well as of lands newly taken up on Cowle in the year under review. The following abstract shows the classes and other particulars of lands held on Cowle in fusly 1265.

Item

Items		Acres	Assessed	Cowle Remissions	Cowle Remainder

Grand Total		173	1582	782	750

In

Fort St. George 14th March 1857

26 In accordance with the request contained in the note at the bottom of the Statement of progressive Cowle a separate Statement shewing the lands held on fixed Cowle as appended to that statement from which it will be observed that this Cowle was granted for 6 years in fusly 1251 and will expire in fusly 1266.—

26 Another Statement shewing the detail of Cowle granted inconformity to the order of the Board dated 17th July 1851 for lands destroyed by the storm in May 1851 is also annexed to the Statement of progressive Cowle This Statement exhibits the extent of land held on Cowle in fusly 1264 i.e. those which have expired in the fusly under review and those newly taken up.— The following abstract shews the particulars of classes &c. of those lands

Statement

Fort St. George the 4th March 1857

27 The Statement No. 7 exhibits the cultivation of Sugarcane Cotton and Indigo and the following is an abstract of the same:—

Item	Fasly 1264 Acres	Fasly 1265 Acres	Comparison Increase Acres	Comparison Decrease Acres	Assessment Increase Rupees	Assessment Decrease Rupees
Sugarcane	12,256	16,198	11,857	12,934	—	69,324
Cotton	31,772	36,566	17,903	18,543	—	13,869.12,584
Indigo	1,464	2,864	559	1,737	—	905.1127
Wheat	263	936	182	723	—	81.213

It will be observed that there is a decrease of Rupees 3,264 in Sugarcane cultivation compared with the preceding Fasly and this decrease is owing to

Fort St. George the 4th March 1857

a deficient supply of water in the Tanks in the month of April at a which time the Sugarcane cultivation is usually carried on and also from the failure of early rains - The cause of the large decrease in assessment compared with the extent of land is owing to the Ryots having taken instruction of the Board dated 12th April 1856 regarding the commencing of assessment to the Sugarcane cultivation will be carried into effect from Fasly 1266 These instructions seem very acceptable to the Ryots generally the tax however falls heavily on those who allow their lands to remain waste in Cartic or 1st Crop

Fort St. George 14th March 1857

Crop - The prices of Jagghery and Sugar are shewn in the following abstract.—

Fuslies	Price of Jagghery per Rupees Pound	Price of Sugar per Rupees Pound
1264	0 12 0	1 12 0
1265	0 10 0	1 12 0

1st The above Statement shews that the decrease in the extent of sugarcane cultivation has not affected the prices of Sugar and Jagghery which appear to be more favorable than preceeding fusly and that the Ryots reaped a better produce.

2 The decrease in the Cotton cultivation is owing to failure of rain in the Month of August at which time the cultivation of this article is usually carried on.

3d The decrease in Dholgo cultivation arises chiefly from failure of early rains during which Season this cultivation is chiefly carried on and a very small extent of land is cultivated during the later rains for fear of destroying the cattle's fodder.—

Fort St. George 14th March 1857

4th The wheat cultivation is usually carried on during the later rains & cultivation is very limited in my division.

2 The statement No. 8 shews the collections of the Moturpha Revenue as compared with the preceding fusly.

1st The decrease Rupees 287 in Vecalady levied from the Merchants under Regulation IV of 1818 is attributable to decrease in Commerce and also to the death of some Merchants and poverty of others.

2 The decrease Rupees 614 in Bughire Vecalady, arises from poverty, deaths, and desertion of many on whom this tax was levied.

3d Statement No. 9 shews the particulars of Demand and Collection of Extra Revenue or Seervoy Jumma and the following is an abstract shewing the irrecoverable balance.—

Salook

3910

Fort St George 14th March 1857

The amount of irrecoverable balance up to fusly 1263 is Rupees 72-8-6 and I have requested authority to write it off from the accounts, in my last Report upon the settlement of fusly 1264 I have again to request you will be good enough to obtain sanction for the same, as also for the sum of Rupees 95-10-2 the balance on that account for fusly 1264. A detailed account of the same has been forwarded to your Office some time ago There is a balance of Rupees 107-0-0 for fusly 1265 on this account an enquiry will be instituted during the next Jamabundy.

By poverty of Ryots 57-0-9
For loss of Crops and withered Crops &c. 15-7-9
72-8-6

By poverty of Ryots. 53-4-8

Fort St George 11th March 1857

The decrease in the Ganjy Talook in the land Revenue is attributable to the Ryots having given up a great extent of lands in the Ganjy under renters whilst the increase in Madnacherah Talook in the same source is owing to a great extent of land having been cultivated in consequence of an increased supply of water received by the Tanks.

The increase in the Abkarry Revenue in Madnacherah Talook is owing, as well to increased competion, as to the state of the Talook itself.

The decrease in the Molusphs Revenue is owing to poverty deaths and desertion of many Ryots from whom this Revenue was levied.

The increase in the Stamps Revenue is attributable to a greater Number of suits having been filed in the District Moonsiffs Courts.

31 Statement No 11 shews the Demand Collection and Balance of July 1265 in the different Sources of Revenue as well as of the Old

Fort St George 11th March 1857

Old balance in the Talooks attached to my Division.

The enbjoined Statement prepared agreeably to the Boards order 11 September 1854 exhibits at one glance the increase and decrease under the different heads of Revenue compared with July 1264.

33 No. land has been sold for arrears of Revenue in my Division.

34 In my last Report for fusly 1264 I explained the cause of the Irrecoverable balance Rupees 1,378–6–4 np to fusly 1263 namely on account of Land Revenue Rupees 1121–14–6 and Rupees 184–15–4 in Sundry Items of Revenue and Extra Revenue Rupees 72–8–6. I request that authority may be obtained for striking off the above balance from the accounts.

One enquiries have been made by me during the Jumalandy of fusly 1265 into the cause of the balance for fusly 1264 and the result is exhibited in the subjoined abstract.

I have

The

Fort St George 14th March 1857

The above Statement shews that the Ryots have relinquished lands bearing an assessment of Rupees 244944 compared with the preceding Fusly and that they subsequently took up lands assessed at Rupees 88072 in the course of Fusly 1265. The net decrease is therefore Rupees 156872 — The cause of the Ryots having taken up a portion of the lands they once gave up is owing to the fall of later rains, the favorable rates of prices of grain and to an impression which prevailed among the Ryots that the assessment was about to be reduced. This impression took its origion from the enquiry instituted regarding this subject in Fusly 1264, as well as to the subsequent order of the Board dated 29th September 1855, to remit all demands exceeding Rupees 27 per acre upon the two crop lands. The rest of the lands were left waste partly from inability of the Ryots and partly from the heavy assessment of

The

Fort St George 14th March 1857

The above Statement shews that the Ryots have relinquished lands bearing an assessment of Rupees 244,944 compared with the preceding Fusly, and that they subsequently took up lands assessed at Rupees 88,072 in the course of Fusly 1265. The net decrease is therefore Rupees 156,872.

The cause of the Ryots having taken up a portion of the lands they once gave up is owing to the fall of later rains, the favorable rates of prices of grain and to an impression which prevailed among the Ryots that the assessment was about to be reduced. This impression took its origion from the enquiry instituted regarding this subject in Fusly 1264, as well as to the Subsequent order of the Board dated 29th September 1855, to remit all demands exceeding Rupees 27 per acre upon the two crop lands. The rest of the lands were left waste partly from inability of the Ryots and partly from the heavy assessment of

3925 Fort St George 14th March 1857

of same as well as to the unfitness of other lands for cultivation from any remedy and offer cause. The cadre of the different establishment entered in the foregoing Statement that entered in Statements B of Statements under the head of Land reclamation is owing to the employment of Statements of days and not Lands left waste by Ryots want of water raised and deficient supply water as also to too much Land brought - Curtailed with one Crop. The difficulty - Can find Lands in Redukul cultivation by them as usual, is also included in the above Statements. The remission on account of items was unavoidable, although they form a - tion of the Lands which the Ryots engaged enclosed.-

38. Subjoined is an Abstract of Statements prepared according to Board's order dated 29th August 1856 exhibiting the fluctuations during the year 1856 with the extent of Land assessed for remission of Rent by Public Servants and Pensioners in the Fusly year 1265 of those who have left of ever entered the Service of Ryots who have left of ever entered the Service of Ryots who have left of ever entered the Service of Ryots

3927.

Fort St George 14th March 1857

39 No Enams of Pagodas abandoned for a period of 12 years. have been resumed in the Sub Division in. Fasly 1265 in conformity to the instructions contained in the Board's Circular dated 7th December 1854.-

40 In my last years report I gave a short Statement of the services of my Sheristadar Chetumbar Row embracing a period of about 37 years during which time he has borne the highest character for ability and integrity from every Gentleman under whom he has served and as I may mention as an instance of the estimation in which his talents and Knowledge of the Districts were held by the late Mr Robertson that he was selected, when only a Goomastah by that Gentleman to accompany him to Ootacamund on the occasion of the visit of the Governor-General Lord Bentinck to that Station. You are aware that Chitumbar Row has several times declined the Head Sheristadarship of other Zillahs, and that he looks to being promoted in this District in which he has so long and ably served. The Head Sheristadarship of Bellary will I believe be vacant shortly by the retirement of Neelacanta Row and I sincerely trust that Chitumbar Row's services and claims will be then favorably considered.-

From the Collector of Rajahmundry.

To, J. D. Sim, Esquire,
Acting Secretary to the Bd of Revenue,
Fort St George.

Sir,

With reference to the Proceedings of the Board of Revenue, dated the 16th Ultimo, requiring further information on the subject of the Petition presented by Vandapilly Nagarauz of Chippalapallem a hamlet of Mogindevarum, in the Amalapoor Talook, I have the honor to state that it appears that the Petitioner's Inam was taken from him just as the crop was ripe, he is therefore justly entitled to receive the value of 12½ Loones of grain, being one half of the produce derived from the land, that is, the cultivators share

share. This must be recovered from Poleselly Ramanoojum the Mun Moonsiff who took the land and crop in Fusly 1260, the whole of the cultivation expenses having been previously incurred by the Petitioner. The land the Petitioner got in exchange was waste in the Fusly in question, since then it has been cultivated by Petitioner as a part of his Enam. It is only for the one year that he has any claim to a part of the produce of the original Enam.—

2. The amount of arrear which was outstanding against the Petitioner on account of Government land held by him for Fusly 1261 was Rupees 42—10—3 the produce attached for this balance being 5 1/2 Pottics valued at 4 Rupees the balance of 42—10—3 has been written off. Petitioner admits he has

has no claim on this score—

Proceedings thereon

With regard to the concluding sentence of para 3 the Board observe that there will be no difficulty in furnishing the prices of the previous year from the Monthly Memorandum furnished to them with the Demand Collection Balance Statement of each District.

They however submit that such information will be of little use unless Collectors are required to give the current prices of each Month in their Season Reports which is likely to cause some delay in the transmission of these returns.

The

3940 Fort St. George 16th March 1857

The "Season" reports are intended, the Board believe to be merely a general account of the state of the crops, the prospects of the year, and any material rise or fall in the price of produce. In one or two instances the Collectors have given details of the ruling prices, but the Board have never required such information and are satisfied with a general remark that prices are "Stationary" "rising" or "falling" as the case may be rather than have the Station delayed by expecting detailed price lists to be incorporated therein.

The Board would, under these circumstances, recommend that the regular price lists, which are generally received by them a few days after the season Reports and give the prices of three years, should be published for general information. One of these returns is herewith forwarded for inspection.-

Encl. 1.

Extract from the Proceedings of the Civil Court of Madura, under date the 5th December 1856.

Original Suit No. 1 of 1856.

Plaintiffs.

Nagalingum Pillay father and Guardian of Dorasamy alias Perasamy Pillay the adopted Minor son of Valayooda Iyen, deceased.

Defendants.

1 Rainier, Guardian to the Minor Zemindar, Bodayaroor Taluk.

2 R. D. Parker, Esq. Collector and Agent of the Court of Wards.

The Plaintiff, as Guardian of his Minor son Dorasawmy alias Peria Paroopa Pillay, brought this suit resting his claim on the adoption of the said Minor by Velayooda Iyen.

Now this Velayooda Iyen was a eunuch and the primary point for the Court to decide before going into the merits of the case, was, whether being such, the said Velayooda Iyen could, under the Hindoo Law, adopt at all.

This

3946

Fort St. George 16th March 1857

This is on a reference to the Hindoo Law of adoption as expounded by the Pundits of the Sudr Court on the 17th July 1854, vide Stranger's Manual of Hindoo Law, Page 13, Para 59, the Court is of opinion he was not, for it is distinctly laid down that unmarried men cannot adopt, and a eunuch must necessarily be included in that class. The adoption by Valayooda Iyen is null and void and in declaring it so, the Court dismisses this suit with all costs.

Costs incurred by Plaintiff.

To,
J. D. Sim Esqre
Acting Secretary to the
Court of Wards

538

Bd's No. 650
From Messrs Boyson & Miller, Solicitors, Madras.

Sir,

We have the pleasure to acknowledge your letter of the 6th instant No. 536.

On the 17th October 1854 our late firm paid to Mr George Norton's representatives at Madras the sum of 2,450 Rupees being the balance of his fees as sanctioned by the Court of Wards after deducting the sum of Rupees 1,137. 8 - - which they had paid previously.

In our late Firm's letter of the 11th February 1853 it was stated in para 9 "the charge for the fair copy of the Brief "delivered to the Advocate General also in- "cluded in the 3,500 Rupees) alone amounts "to nearly 1/5th of that sum."

This estimate of what it would

Fort St. George 16th March 1857

would have been a Solicitor's charge for the Brief for Mr. George Norton if the suit in question had been pending on the Equity Side of the Supreme Court instead of the Sudr Adalut, was the aggregate of 12 annas for each folio of 90 words of the whole length of the Brief. you will observe that our late firm did not state that the cost of the Brief would have been 4/5½. or 2800 Rupees but that it would have been nearly 4/5½. The charge at 12 annas per folio would have been as nearly as we can estimate it Rupees 2706.

Twelve annas per folio is the charge which is allowed and sanctioned by the Supreme Court in its Table of fees as being a fair remuneration in this Country to Attorneys Solicitors and Proctors for works of this nature. The item is number 22. in the Table of fees and is in the following words. "For engrossment or fair Copy for filing, and for every other Copy when

3930

Fort St. George 16th March 1857

necessary, per folio Rupees 0 - 12 - 0

The folio on the Plea or Common Law Side of the Court and in Conveyancing Consists of 72 words; on the equity and Ecclesiastical sides of the Court of 90 words; In the Estimate above referred to, we took the folio at 90 words. you will find the Supreme Court's Table of Fees in the Madras Almanac out present year page 507.

Trusting that we have now afforded all the information which the Court of Wards requires.

We have &c.

(540)

Bd No. 720.

From the Collector of Nellore

Sir,

Submitting with reference to his Pro: of 13th Feby 1857 certain other circumstances and requesting that the Board will support his proposition that V. Venkata-row, the Headheristadar of this District should retire on Pension.

With reference to Extract from the Proceedings of the Board of Revenue, under date the 13th instant, expressing their opinion that unless the interests of Government urgently demand that another arrangement should be made at once, Vanagunty Venkata-row should be allowed to complete his full term of service, as he states he lacks only 9 months to serve to entitle him to the highest rate of Pension, and its advantages, I have the honor to observe that it appears to be necessary, in order to place this question in its proper light, to examine what would be the difference to him if he retired at once.—

If Venkatarow has far

2.

more.

more than completed the time required for entitling him to the highest rate of superannuation Pension, Viz. half of his Salary on the average of the last 5 years and there is no rule, that I am aware of, that prescribes that a Head Sheristadar should serve 20 years as such to entitle him to any particular grade of Pension.—

* The period he wishes to make up.—

3. The only way in which the extra 9 months' service might affect V. Venkatarow's Pension would be by increasing the average of his pay for the last 3 years on which that Pension, would have to be calculated, and this would not affect the amount beyond Rupees one monthly as shewn in the accompanying Statement.—

4. The orders of Government, as embodied in the Board's Circular Order, required that the Head Sheristadar should exercise an effectual supervision over the accounts of the Collectorate, and shew him

in a late notable instance that he has, on his own admission, failed to do this / to use no stronger term / even in accounts more immediately connected with his own Department. I beg therefore to request that under the new circumstances, since brought under their notice, the Board will support my proposition that V. Venkatarow should retire from active duty on the Pension he may be entitled to under the Rules—His retirement might perhaps conveniently take place from the 1st April 1857.—

Nellore District,
Collector's Office,
Allore, 20th February,

From the Collector of Nellore

Replying to Bd's Proceedings of 18th Febuary 1857 regarding a complaint made to them by Lieut. Georges of certain circumstances which occurred at the Travellers' Bungalows between Nellore and Madras—

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue, dated 18th Febuary 1857, regarding a complaint made to them by Lieutenant Georges of certain circumstances which occurred at the Travellers' Bungalows between Nellore and Madras.—

Having been in communication with Government on this

subject

subject, I beg to forward copy of a letter addressed by me to the Chief Secretary, under date the 30th Ultimo.—

3. No complaint was made to me by Lieutenant Pearges, nor was any report furnished either by any Police Officer or the Servants in charge of the Bungalows till enquiries were instituted by me in consequence of a communication received from the Chief Secretary— Even then the result was not such as I could act upon in this individual case, in the absence of the parties.

4. From Lieutenant Georges statement now forwarded, it appears that the more serious occurrences took place at Pallavoy Chuttrum, beyond the limits of this District.—

3. On enquiries, however, being made from the Heads of Police, whose jurisdictions include the line of road from Nellore towards Madras, I find that some altercations ensued at Voyalgy, between a gentleman, whom I conclude to have been Lieutenant

3959 Fort St George, 16th March 1857.

Lieutenant Georges, and a person stated to be an Engineer of the Railway regarding the occupation of the Travellers' Bungalows there, but no pistol was seen in the hands of the latter — This information was procured from the pensioned Naick in charge —

4. It appears also from the statements of the Bungalow Peons, and others that on Lieutenant Georges' arrival at Soolorpett the Travellers' Bungalow there was found to be occupied by two Europeans, one of whom seems to have been the same person who had the altercation with Mr Lee at Vajily and that Lieutenant Georges making the remark that one of them was a drunkard did not put up in the Bungalow in consequence —

Proceedings Board
of Revenue 29th Oct
1855
From Board 14th
April 1856.
Do 27th June 1856.
Do 1st Dec 1856.

Sir, I have the honor, with reference
to the repeated calls of the Board for
the information desired regarding the
taxation of trees and topes on occupied
land, to state that I have not yet received,
from a single Tahsildar, the report
necessary to enable me to submit the
required information.

2. The Tahsildar of Palmanair
has reported, within the last few days, that
the account for his Talook is nearly ready, but
the rest of the Tahsildars state that they
experience great difficulty in ascertaining the
required particulars, especially in regard to
the original planters of the topes, concerning
which accurate information is not easy procurable.

3. The necessary enquiries are certainly
such as to add considerably to the labour
of the public servants whose duties are at
present

present rendered more onerous by matters connected with the revision of the assessment, but I shall endeavour to submit the information required as early as possible.

Order thereon. Ordered to be recorded.

No. 15

To J. D. Sim Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(562)

Bd. No. 919.
From the Collector of Bellary } 1.
Informing that he put Rs. 64,974-15-" into the sealed Tumbrils and left the sum of Rupees 29,746-9-9 in the hands of the Cash Keeper.

Sir,

On the 29th January I had the honor to bring to the notice of the Board that the Hoozoor Treasury was left in sole charge of the Cash-Keeper.

There were Rupees 2,94,721-8-9
2. in the Cash-Keepers charge up to 3d Instant.
On my arrival at this place, enroute to the Western Talooks, I put into sealed Tumbrils Rupees 2,64,974-15-" leaving Rupees 29,746-9-9 in the hands of the Cash-Keeper to meet the current demands, and about 9,000 Rupees will be expended today on account of Bills.

With no Assistant on the spot,
3. it is impossible to adhere to the orders of Government which

which limits the sum to be left in the Cash-keepers hands to 15,000 Rupees only, as much larger payments are constantly required, the Sub-Treasurers' Bills alone are drawn to a considerable extent on this Treasury. To provide against inconvenience, and yet to meet as far as possible the standing orders, I have placed small sums of Cash in three separate Tumbrils (as noted in the Margin.)

45,000 One Tumbril
42,000 — Do.
35,000 — Do.
1,22,000

4. To meet emergent demands, during the absence of myself and the Acting Head Assistant from the Hoozur station, I have arranged that the Cash-keeper, when money is required, should apply for my permission to open one of these boxes, when the key will be sent to him by me.-

5. I trust the above arrangement will meet the Boards' approbation. It will generally ensure funds being in the Cash-keeper's hands, to a sufficient amount, without the necessity of placing a very large sum in his Charge. But of course, as the Kists fall in, he must still have large amounts under his sole Charge until they can be taken from

(566)

B. No. 917

From the Collector of Tanjore ... } Sir.

Submits the opinion in regard to Kistna Row for the Office of Head Sheristadar required by the Board's orders and solicits an authority to nominate to the Head Sheristadarship of Tanjore the Peishcar now Head Sheristadar of Madura.

Encl. 1 to 3 in 1 Cover.

I have the honor to reply to your Board's communication dated the 9th Ultimo requesting me to give my opinion as to the fitness of Kistna Row for the post of Head Sheristadar in this District and to submit my views generally touching the filling up of the vacancy.

From the letter to your address from the late Acting Board of Mr. Cherry, the late Acting Collector, I observe that Mr. H. Forbes, the Collector of the District, did not appreciate the value placed by Mr. Cherry on the services of Kistna Row. My own short experience of the qualification of this person does not, perhaps, justify the

2

Fort St. George 16th March 1857.

the expression of a very decided opinion as to his fitness or unfitness for the post of Head Sheristadar But, from what I have observed of his revenue knowledge and from the views I have formed of his general information in regard to matters connected with the work of so important a district as Tanjore, I certainly am far from thinking him at present possessed of that acquaintance with revenue subjects which would justify me in regarding him in the light in which a Head Sheristadar should be regarded by his principal Official superior, that is, of referee and adviser in all questions involving doubt or difficulty.

3 I do not set down the absence of the necessary qualifications as resulting from any inability on the part of Krishna Row to fit himself at a future period, for the Office of Head Sheristadar

Fort St. George 16th March 1857

but, at present, I certainly do not deem myself at liberty to support the recommendation of Mr. Cherry and thus associate with myself in the conduct of the affairs of this important Collectorate, a person whose experience and qualifications are not, to my mind, suited to a post of much responsibility and great difficulty.

4 Nevertheless greatly regret that my impressions in regard to him should have taken that course, as it casts on me the duty of now selecting some other person, who, in my opinion, does possess the necessary qualifications.

5 My own experience of Vaydyee Row, the present Nair Sheristadar of Salem, would have impelled me to solicit his nomination to the vacant Office, but I am aware that the selection of Brahmins of his caste is objectionable under the opinion of

of the authorities that it was necessary to avoid arrangements which bring together Mahratta Ramnis as the two heads of a Cutchery, otherwise, at the he has not served as a Tahsildar, I should have proposed him as Head Sheristadar of Tanjore, feeling confident that he has the ability temper and discretion, and revenue knowledge required for so difficult a post.—

6 Vydyen Row excepted, I myself know no other revenue Officer who possesses the qualifications necessary for the vacant Office and I have therefore been under the necessity of consulting some members of the Service, whose experience as Collectors might guide me to a Correct proper judgement, and under their suggestions I have determined to propose to your Board that V. Ramiah, Nair Sheristadar of the Nellore Collectorate should be elected

elected to the vacant Head Sheristadarship.

He has applied to me for the situation by a letter of which I submit a copy. I am not acquainted with him 25th February 1857 publicly or privately; but from the information I have obtained, I believe him to be well qualified for the post.—

He adverts to members of the Civil Service on whose good opinion I should set a high value, but if your Board are satisfied that the Statements made to me in respect of his ability from a sufficient warrant for my recommendation, I shall be pleased to receive the requisite sanction for the appointment at an early date.—

8 In the event of this being accorded, perhaps your Board would not object to sending direct to the Collector of Nellore a copy of the proceeding

Fort St. George 16th March 1857

proceedings approving the selection,
in order that V. Ramiah may not
once proceed to join the Tanjore District.

Tanjore - - -
7th March 1857.

(Signed) H. D. Phillips
Acting Collector

No. 1

To

H. D. Phillips Esqr.
Collector of Tanjore

Sir,

I beg leave to offer myself
as a candidate for the Office of Head
Sheristadar in your Cutcherry, which
I understand is vacant —

I received my education at
the Madras High School and entered
the Service of Government in 1845 as
a Writer in the Office of the Board
of Revenue. During the 5½ years I
remained attached to that Office I was em-
ployed both in the English Department
and the Duftar Cutcherry. In September 1850 I

Fort St. George 16th March 1857

obtained the appointment of Revenue
Head Moonshee under the Collector of Nellore
and held that situation till I was called
in March 1854 to that of Deputy Register
in the Departments under the Chief
Secretary to Government at Madras.
I remained in that Office for a period
of about 12 months and was promoted
in March 1855 to my present situation
of Head Sheristadar in the Nellore an
Collectors Cutcherry I am able to appeal
with confidence to my late Employer Sir
Henry Montgomery Bart and to my
present Official Superior Mr. F. B.
Elton as regards my character and qualifi-
cations and also to x other Gentlemen under
whom I have served, and I beg respectfully
to refer you accordingly to them. Should
the testimony they may bear prove satis-
factory I request that you will be pleased
to take my application into favorable consideration
