From the Collector of Madras.

Sir

I In replying to Extract Boards Proceedings 20 April 1850 calling for a report at an early date of the steps necessary for making Madras the Sole place of Storage and export of Salt. I beg to state, that though this reply is apparently late, the Boards orders received my immediate attention, - and that the subject has been matter of Consideration on various Subsequent occasions. -

Deputy Chief Engineer

2 Captain Collyer and I visited the Cotaurs together, and agreed as to the expediency of a Siding from the Railway to the Platforms, and Several train ways running the length across our Cotaurs. -

3 He promises to calculate the cost and report to the Board, adverting one of such Communication but as I infer from Extract Boards Proceedings 16th December 1850 No 4282 that he has already addressed the

the Board on the Subject I need not postpone the little I have to say on the question, as the principal point, the side rail to the Estuaries and I presume the extension of the rail to the shore for greater facility of export, has already been reported on upon by the Department Public Works.-

4 Madras is already our sole place of store and our platform will contain about 12 lacs of S. Md. sufficient for our present requirements if not greatly increased by the demand of the rail upon our Stores a contingency upon which Speculation at this time cannot well be made.-

5 The letter from the Superintendant East Coast Canal forwarded with Boards Proceedings under reply gives promise of the permanent navigability of Cochranes Canal. The last monsoon having been a fair one the Coming season will show whether this expectation is to be realized. It is in the Summer, and not in the winter, months that the storage of Salt naturally takes place, this we have been Compelled to

Store during the latter period the last two or 3 years owing the anterior Shallowness of the Canal, but this delay necessitates the Salt lying out at the pans, and Consequently much loss of the quantity manufactured.-

Proceedings thereon

9.10

In Para 2 of their Proceedings dated 9th March 1857 the Board informed Government that Madras was already the sole depot for the storage and Sale of salt in the Madras Collectorate The existing Plat forms are sufficient for the present requirements of the Trade it would be premature to propose any extension until the effect of the Railway on the Inland Demand begins to be experienced.-

Sir

Para 1 With reference to para 2 of the proceedings of

of the Board of Revenue dated 25th November 1856 No 3945 I have the honor to forward noted in the margin a list of the travellers Bungalows of this District in which the number of travellers during 1855 did not exceed 24

Just 23
Nundigam - 10
Cruchealchula - 21
Shooreno lunes 5 pulls 18
Comara Cunda 20
Bungala 7

2 The Bungalow in the Fort, was sanctioned by Government upon the representation of the Collector in 1847 that parties arriving and departing by Sea were subjected to great fatigue and exposure to the Sun for want of a Shelter of some sort in this locality as Ships anchor at a distance of 5 or 6 miles from the Fort and the Cantonment where the European Community reside is upwards of 2 Miles distance therefrom

3 To such travellers therefore this Bungalow is of great service and could not be dispensed with its distance however from the Cantonment and the line of Coast road accounts for the small number of travellers halting there. When the Coast route is improved and the water Communication from Masulipatam to the Godavery Channels is opened throughout, the number of travellers will no doubt greatly increase though to such the erection of a second Bungalow on this the Cantonment would prove a great benefit. —

4 The remaining five Bungalows are built at regular Stages along the high road to Hyderabad which is greatly frequented by travellers, and the cause of the small number represented must be owing to travellers not entering their names in the Bungalow Books by which alone can any knowledge of those who halt therein be obtained or from the fact of Travellers usually proceeding along this route by Dawk and halting only at every 3d or 4th Bungalow, —

5 The improvements now being carried out upon this road which will render it practicable for wheeled Conveyances may increase the number of travellers who proceed by daily Stages from Bungalow to Bungalow and so increase the apparent number. —

Sir,

I have the honor to forward herewith an abstract of Pay for January 1857 for Sub Assistant Surveyor Mr. Kemp who has been promoted to assistant Overseership in the Department of Public Works as notified in the Fort St. George Gazette of the 28th January.- Mr. Kemp prays for the increase of pay as an Assistant Overseer.- He has been hitherto paid from the Shevagunga Zemindary in which he is still doing duty, as a Sub Assistant Surveyor on a monthly allowance of Rupees 103-8-8 under the sanction of the Court dated 12th May 1857.-

2. I consider that Mr. Kemp has only a claim to the proposed salary when he works on the new System in the Department of Public Works. I leave the matter to disposal of the Court.-

Sir,

I have the honor to report that the Government having sanctioned the retirement of Caza Ramanah, Naib Sheristadar of this District, from the 1st Instant it becomes necessary to appoint a successor—

of the Board of Revenue dated 25th November 1856 Nº 3945 I have the honor to forward noted in the margin a list of the travellers Bungalows of this District in which the minimum number of travellers during 1855 did not exceed 24

2 The Bungalow in the Fort, was sanctioned by Government upon the representation of the Collector in 1847 that parties arriving and departing by Sea were subjected to great fatigue and exposure to the Sun for want of a Shelter of some sort in this locality as Ships anchor at a distance of 5 or 6 miles from the Fort and the Cantonment, where the European Community reside is upwards of 2 Miles distance therefrom

3 To such travellers therefore the Bungalow is of great service and could not be dispensed with. its distance however from the Cantonment and the line of East. road accounts for the small number of travellers halting there. When the Coast route is improved and the water Communication from Masulipatam to the Godavery Channels is opened throughout, the number of travellers will no doubt greatly increase though to such the erection of a second Bungalow within the Cantonment would prove a great benefit. — The

4 The remaining five Bungalows are built at regular Stages along the high road to Hyderabad which is greatly frequented by travellers, and the cause of the small number represented must be owing to travellers not entering their names in the Bungalow Books by which alone can any knowledge of those who halt therein be obtained or from the fact of Travellers usually proceeding along this route by Dawk and halting only at every 3d or 4th Bungalow —

5 The improvements now being carried out upon this road which will render it practicable for wheeled Conveyances may increase the number of travellers who proceed by daily Stages from Bungalow to Bungalow and so increase the apparent number. —

From the Collector of Tinnevelly

With reference to Extract from the Proceedings of the Board of Revenue dated the 23d February 1857 and to Extract from the Minutes of Consultation of the 5th Idem subjoined thereto, I have the honor to forward a Statement as prepared in the form given at the foot of the Proceedings under reply showing the monthly disbursements at my Treasury as distinguished from those at the different Talook Treasuries respectively, calculated on an average of the charges for 12 Months as from March 1856 to February 1857 as regards

regards my Huzzoor Treasury and from July 1855 to June 1856 as regards the Talook Treasuries-

2- As large items of disbursements in each Month must necessarily vary with the demand for payment on account of Pagoda allowances Salt Coodewarum and Maramut escpenses &c. an average of the disbursements for 12 months has been preferred to the disbursements of a month-

3. I also beg to state for the information of the Board that the Charges shewn in the Statement in question comprise only actual bonâ fide disbursements both at the Huzzoor and Talook Treasuries including remittances from the former to the General Treasury and from the Talook Treasuries to my Huzzoor Treasury, and excluding transfer adjustments-

J. D. Sim Esquire

Acting Secretary to the

Board of Revenue

Fort St. George

Sir

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 7th January 1857 No. 85 by which I am authorized, if I deem it advisable, to afford Petitioners who are ryots of Sutwaid Talook, any relief, to include an equivalent amount from the outstanding Rists in the sums struck off as irrecoverable.—

2 As remission for Shaoy has during the last 2 years been granted in every part of this District on a principle precisely similar to that which guided the remission in the Sutwaid Talook, the question involved in the correspondence which has been terminated by the Proceedings of the Board of Revenue under acknowledgement is not one of a local Nature but affects the entire District, and therefore renders necessary a further reference to the Board on the subject.—

3 When about to commence the Jummabandy Settlement of this District in 1855 I experienced some doubt as to the intention of the Board in the instructions which they had in their Proceedings

21

B. No. 1337

From the Collector of North Arcot

Reporting on certain circumstances connected with the remission for Shaoy granted during the last 10 years &c.

Proceedings of the 26th. September 1853 conveyed to the then Collector on the subject of granting remission for failed crops I therefore addressed them on the subject on the 18th. April 1856, and received in Extract from their Proceedings of the 2d. May 1856, detailed instructions on the subject In the concluding para of these Proceedings of the Board, I was directed should I wish for the Board's authority for carrying out the proposed arrangements to detail the measures intended

4 On the 11th. June 1856, I submitted a letter giving information as to the principle upon which I had already granted remission for failed crops in the Sutwaid and Shalingh Talooks stating that if approved of, the same would be carried out in all the other Talooks. In their Proceedings of the 14th. June 1856 the Board signified their approval of my proceedings as respects Punjah Shavy.

5 On the principle thus approved of, was remission granted on Punjah Shavy in all the Talooks during that and the subsequent fusly the only partial exception being that in making the Settlement of Sutwaid it during last fusly Mr. Bambury deviated from the

the strict rule, and allowed remission under circumstances which in the other Talooks were not considered to entitle to remission It was in all probability this leniency extended to some in opposition to the principle approved of by the Board which induced others to protest, for in the Talooks of Tirvattoor and Wundawash, in which the Amount of Tax on injured crops not remitted, was greater than in Sutwaid, as shewn by the accompanying Statement, as complaints to the Board were made by the ryots.—

6 If therefore the Sutwaid ryots are to be exempted from the payment of the Tax due on these crops, it seems but just that the exemption should be extended to all the ryots of the other Talooks in which the remission for Shavy was made on the same principle and if the proceedings which met the approval of the Board are now condemned, it will be necessary for me to receive fresh instructions for my future guidance in this matter.—

thereon

The Board observe that in their Proceedings 7th. January 1857; No. 85; the case of the Ryots of Sutwaid was considered with reference to its circumstances and that it was left to the Collector to decide to=what extent, if at all, relief was necessary. It was not intended to reopen the Proceed=ings of the Collector in regard to the Shavy generally of the District. Mr. Whittingham will act according to the orders of the Board as above expressed.

B. No. 1307

From the Collector of Chingleput } Sir

In continuation of my letter No. 86 of the 2d. Instant, I have the honor to add that there is a Tope of trees attach=ed to the dilapidated Choultry, which the present ostensible owners claim the power of parting with for their own personal profit, and have entered into arrangements to dispose of the trees to Captain Heathorn, Executive Engineer, who

who is very much in want of firewood for brick making. Under the circumstance of the Choultry being quite dilapidated without the owners intend=ing to restore it, that it is situated only 3 Miles out of Palaveram, some distance off the Southern Trunk Road and been, almost, if not entirely deserted by Travellers, and handy men who halt at other Choultries, and Topes now more conveniently situated, I have not made any objections on Captain Heathorn's application to me, explaining the difficulties he was under in obtaining fuel, and the saving it would be to Government, to his cutting down the trees and using them for his brick Kilns; and I have now the ho=nour to request the Board will be good en=ough to obtain and acquaint me with the orders of Government under Section IV Regulation VII of 1817 as to whether the price of the trees is to be paid to Government by Captain Heathorn, or to the ostensible owners of the Choultry. I find that I ought to have made this application before giving my per=mission to Captain Heathorn, but, through inadvertence, and it being the first case of the kind that ever came before me, omitted doing so, for which I crave the fa=vorable indulgence of Government and the Board.

2 In the present case, though I may be held to have exceeded my powers, I believe I have not occasioned any inconvenience but have rather advanced

advanced the interests of the Public Works Department. Cases may however occur under the present Demand for fuel, where the ostensible owners of Public Choultries would be desirous of cutting down the Topes of Trees and parting with them to private owners of brick Kilns; and in such cases I request to be informed whether they may be allowed to do so, or whether the Government deny any private right to exist in such publicly endowed Choultries, for which land has been granted rent free, or on favorable assessment, and claim the trees for themselves as public property. —

3 I also request to know whether in every such case (should any arise) I am to obtain the previous orders of Government, or whether when the Choultry is delapidated, I may permit the sale of the trees, and afterwards apply for concealment of the grant.

Before expressing an opinion on this case, the Board wish to know whether the Tope was planted by the owners of the Choultry, or existed before the land was granted as the endowment of the building. —

Remarks

A Owing to delay in the payment of their dues by certain Zemindars, to the effect on the ryots resources of a limited demand for grain for Exportation, and to a deficiency in the store of Salt.-

B Owing to larger sales of Salt and the favorable character of the Season.-

C Unexplained

D Caused by the punctual realization of Kists and the extension of Cultivation.-

E The decrease in the Current Revenue arises from the Zemindar of Venkatagherry not having paid his Kists within the Month. and the increase in arrears from large balances outstanding at the close of Fusly 1265.

F Owing to the increased cultivation of Tank land.-

G The high prices obtained by the Ryots for their produce enabled them to pay the Government Demand.-

H Owing to the suspension of 20% of the Woolungoo Demand.-

I Owing to larger collections, current and arrears, and to the transfer of the Manapparai Talook from the Madura District

Circular

Misconception having in several instances arisen regarding the nature of the information called for in their Circular Order No. 674 dated 23d February 1857, I am directed by the Board of Revenue to inform you that the object

object of this reference was to ascertain whether the disbursements at the Octacamund Treasury exceed those of Talook Treasuries in general to such an extent as to require the employment of an additional Shroff.-

2. You will therefore be pleased to enter in Column 3 of the form furnished to you the average Monthly disbursements from each Talook Treasury in your District.-

3. Two Columns should also be added. showing the number and Salary of the Shroffs employed in each Treasury.-

Sir,

From a report received from the Native Officer in charge of the families of the Regiment under my Command, I learn that the families are in great distress, being detained at Guntoor for want of Carriage, the Bandy men refusing to proceed beyond that place, and no others being procurable in consequence of the Collector being absent in the District, likewise though application has been made by the Officer Commanding Guntoor, on the requisition of the Native Officer in charge of the families, to the Sub Collector, it seems that Officer has no power to give any assistance in procuring the Carts.

May I therefore request the favor of such instructions being sent to the Civil Authorities at Guntoor, as may ensure the necessary Carriage being obtained and the

45-46

Resolved that the foregoing letter together with the two previous letters of the Collector dated respectively 13th October 1855 and 2nd August 1856 and the Board's Proceedings thereon, be forwarded for the orders of Government. —

2. The Board recommend that the acting Collector may be authorised to refund the sum of Company's Rupees 304 to the owners of the nine burnt Kilns reported to have been out of work from May to October 1855, as it was the practice up to that time to remit the tax for periods during which the kilns were not worked. —

3. From the commencement of the current fusly Chunam kilns are charged with a ground rent of 7 Rupees per month and as the tax on them has thus been reduced from 10/p to 7 Rupees - besides the remission of the license fee - the Acting Collector has been directed to levy the reduced rate hereafter throughout the year. —

Bd. No. 1288.

From the Actg. Collector of Guntoor - - - -

Sir

I have the honor to submit in the prescribed form a Statement of the charge proposed for employing a Sea Custom Goomasta at the Ports of Nizampatam and Cottapatam in this District.

2. The duties at these Ports have hitherto been conducted by the Salt Establishment at Nizampatam but as the Salt store at that place is immediately to be done away with and the Establishment dispensed with, it is absolutely ne= cessary that a Goomastah should be entertained for the Sea Custom duties. I have proposed a Salary of only Rupees (7) Seven for the Goomastah as this is what is drawn at the other ports, and the Government may not be disposed to exceed this but I should be glad to see the Sea Custom Establishment altogether placed on a better footing. The trade carried on at these two Ports in the last 5 years is shewn in the Marginal Statement of the value of Imports and Exports, and it is expected to be greatly enlarged as the Kistna irrigation increases the products of the Delta for which these Ports form a convenient outlet.

Official year	Value of Imports	Exports
	Rs	Rs
1251/52	50,949	28630
1252/53	32788	69,360
1253/54	23529	92,501
1254/55	35825	125970
1255/56	4,94,23	134258

The Board are aware that there is a con= siderable saving to the extent of Rupees 296-12- by the reorganization of the Salt Department which has caused the necessity for the charge now proposed so that this is in fact no additional expenditure, but the diversion of a portion of existing charges into the department to which it properly belongs.

From the Collr of Vizagapatam

Sir,

Vakalmka Ramiah having been required to state the objects for which the sum of Rupees 3,000 is proposed to be spent in the marriage of the Minor Zemindar of Cassimcottah. has supplied the following brief account.-

2 With reference to the Board's observations that extravagant expenses should be curtailed. the Guardian seems to think that the Nuptials cannot be properly celebrated at a smaller outlay. But if the Board consider the expense uncalled for the sum of one thousand Rupees may I think properly be deducted from the sum which the Guardian suggests.

B2 No. 1487.

From the Collector of Tinnevelly

Sir.

My only apistant Mr. W. H. Arbuthnot not having been transferred to Madras and leaving Tinnevelly today I have the honor to solicit the consideration of the Board, to the state in which this District has been left for the last seven months, as regards European aid to apist me in carrying on public business compared with that of other Districts.

2 In September 1856. my then Head Apistant Mr. Swinton resigned his appointment on account of the heavy work in Tinnevelly - In the following month October while there was no apistant in the District the Sub Collector was removed to act in the Court and I was thus left in sole charge of the District - In the middle of November Mr Arbuthnot arrived at Tinnevelly - He had no experience, could not take charge the Head Apistants Cutcherry and was therefore kept at the Head Station where he saved much of my time by signing stamped Papers counting and locking up Money

in

in the Treasury counting and packing remittances for Madras, and such like details - He was likewise employed in investigating Revenue and Police cases which I referred to him, such investigations being carried on in daily communication with myself.-

3 Mr Arbuthnot is now removed at the very busiest season of the year, when the Jummalundy is about to commence and I beg respectfully to bring to the notice of the Board, that at this season of the year especially it is totally beyond my power to carry on the business of the District without efficient aid.-

4 The general superintendence of this large District with the Voluminous English correspondence, would fully occupy one man's time, but when added to the all the current Revenue and Police details of the Head Assistants Talook with the Salt, Sayer, and Sea Customs and all minor details in the Huzzoor cutcherry, signing stamps, counting the money in the Treasury &c &c are thrown upon me and the Jummalundy to make besides the task become one

one, which no one man could possibly discharge - My Predecessor Mr Bird had always a Head Assistant and Second Assistant in the District The Second Assistant Mr Ames left Tinnevelly on sick certificate for England, in the same month in which I took charge of this Office, in November 1855 and since then there has been no Second Assistant attached to Tinnevelly. But while up to September last year, the Head Assistant relieved me of the Revenue details of two and the Police details of five Talooks, with the Salt, Sayer and Sea Customs, and while that Officer made periodical visits to the Head Station taking occasional charge of the Treasury, and assisting me otherwise in details in the Huzzoor Cutcherry, public business was carried on without much hinderance

5 I leave the Huzzoor Station on the 1st May, on my annual Jummalundy tour, my first Jummalundy station is at Sanltoor fifty miles from Tinnevelly, my second is at Virdooputty Sixty eight Miles from Tinnevelly, where I have

Fort St. George 2d May 1857.

I have to make the settlement of the four zemindaries under my charge there is no assistant to place in charge of the Treasury Bill holders are continually comming up from Intaconin for large sums of money. The accountant General forbids Extraordinary sums to be left in the Cash Keeper's hands, and thus taking the one single item of the charge of the Treasury - I am liable to be compelled to quit my settlement entirely and to travel backwards and forwards to Tinnevelly, on Treasury business - as an example of the hinderance to public business this occasioned I beg to enclose for the information of the Board copy of a letter I addressed to the accountant General in august last year.

But it is not the business of the Treasury alone that I would refer to, but that when all other details are left on my hands I am not able to give my attention to many important subject which press upon me. In the neighbouring District of Madura - where the current revenue

Fort St. George 2d May 1857.

revenue business is not nearly so heavy as in Tinnevelly, there are besides the Collector a Sub Collector Head Assistant and Second assistant I request the Board will be pleased to bring this subject to the special notice of Government and I would solicit that such assistants as Government are pleased to allow me may be directed to proceed to join the District forthwith their services at this season of the year being urgently required.

Sir.

With reference to your Circular of the 22d Instant on the subject of the Sub Treasurer having been instructed to grant at two days sight, Bills heretofore ordinarily drawn by him at ten days sight and directing me to state if any inconvenience is anticipated from this arrangement. I have the honor to state that having no Second Assistant attached to my cutcherry whom I can place in charge

of the Treasury when I am absent from the Burzoor Station on Circuit I am frequently put to great inconvenience from having to travel backwards and forwards between my Circuit Cuttcheery and the Burzoor Station on the business of the Treasury.

2 When Bills are drawn on me at short dates it is almost impossible for me to arrange that funds should always be ready in the Treasurer's hands to meet them unless I kept much larger sums with the Treasurer than the rules sent from the Accountant Generals Office allow. for instance this morning when I was several miles among the Hills inspecting a site for a proposed Reservoir, a work of great magnitude and importance. I received a pressing letter from the Treasurer, that holders of Bills at 2 days sight were waiting at the Treasury and that he had not funds sufficient to meet all the Bills I was therefore obliged to hurry down, and this at night I have to travel back to Tinnevelly, to give out Funds. I request therefore that until the Government provides me with an Assistant, that the Sub Treasurers Bills may be drawn on me as heretofore at ten days sight unless in special cases.-

Sir,

From the Collector of Cuddapah —

Para 1. I have the honor to forward herewith a statement of lapsed Enams prepared in accordance with the form annexed to the Circular No 2100 dated the 10th July 1856, from which it will be seen that there is a balance of 591 cases, of which 125 are now at the Hoozoor Cutcherry and 466 in the different Talooks under investigation

2. The statement in question does not show the number of cases which have been reported in each year respectively, they have been arranged in such a way as to show the year in which each individual holding an enam died, and although the report was made in 1856 the holder of the enam died in 1846 and it is entered in this latter year instead of that in which

which it was reported. In addition to the above statement, I have not the slightest doubt that there is still a number of cases which have not yet been reported to the Tahsildars by the Heads of Villages.—

3. I would submissively beg to bring under the consideration of the Board of Revenue the propriety, if not the absolute necessity, of having a separate Establishment for enquiring into and deciding upon all cases of enam on the death of the present incumbents, and it would be further necessary to alter the rules with regard to such enams. In the province of Cuddapah there are very few indeed for which a title deed can be shown, professions being the only title under which they are at present held, and at the time the enamity accounts were prepared, I have no doubt, that a number of frauds were committed and the names of persons entered therein, who were holding lands under no good and

sufficient

sufficient title, it is therefore the more necessary that thorough enquiry should be made and those lands now occupied should be resumed for the use of the state, when it is found that they are held under no good title.—

Sir,

I have the honor with reference to Boards Circular dated 10th July 1856 No. 2100 to forward the accompanying Statement prepared in the prescribed form showing the number of lapses that have occurred in this District since 1848, the number that have been reported on to the Board, and the number in the Office now ready for report.

2 I regret that the number of cases unexamined is so great, but I have taken measures which I trust will enable me quickly to dispose of the arrears.

3 I have been unable to forward the Statement earlier as the required information regarding the enams in his Talooks was not furnished by the Head Assistant Mr. Pochin till the 21st ultimo, and further information was required from the Ag Additional Sub Collector Mr. Banbury who has charge at present of the business connected with lapsed enams, regarding the 264 enams which do not appear in this Statement, but which have been decided by the Collector without reference to the Board.

Submitting the further information required on Petition No. 2959 of 1856

Sir

With reference to the Boards Endorsement on Petition No. 2959 of 1856 herewith returned directing me to give fuller explanation than the Endorsement of 16th September 1856 affords I have the honor to submit the following report.

The Petitioner states that 27 Cottahs 2 of waste land in Coleecorchey village attached to the Tencausey Talook were originally granted to one Bagumlalah in Fizzy 1212 corresponding with Fusly 1207 for the purpose of giving rice and Condiments in charity to the Travellers that the grantee after some time finding himself worn out by age transferred the right of conducting the charity to the Petitioner under a Mooklearnamah but he (the Petitioner) being a native of Benares and a Stranger to the language of the District appointed one Janakeydoss as

as his agent to superintend the charity and the management of the lands endowed for the same and that he was accordingly attending to these affairs agreably to an Order from the Huzoor and requests that under the above circumstances the lands that were resumed on the death of the said agent may be granted to him (Petitioner) on the usual Pattem tenure

3. In pursuance of an order dt 27th ulto issued to the Tafsildar of the Tencausey Talook under date the 17th July 1832 the Pattem lands referred to by the Petitioner which were originally granted to one Bagumlalah under the Cowlnamah above spoken of, were continued to Janakeydoss in behalf of his Constituent Nanukbukshi Osthasey the Petitioner (to whom the right of Conducting the charity was transferred by the original grantee under a Mokteanamah) up to July 1255 when Janakydoss having died a moiety of the lands was kept under attachment. Afterwards one Casavadoss preferred a Claim to it alledging that he was the brother of the deceased but it was rejected for want of proof

proof. The Petitioners claim to the portion that was attached was also investigated but it having appeared from Mr. Lushingtons Register that the cowle was a personal grant the lands under attachment were ordered by Mr. Bird under date the 23d September 1851 to be charged with full turwah and an Endorsement was given to the Petitioner to that effect

4 The original cowlnamah which was granted to Bagumlalah on the 5th Rajub of Huzry 1212 / A.D. 1797 and which was sent for from the Court where it was ascertained to have been filed on account of a suit is herewith Submitted with translation for the Consideration of the Board of Revenue the name on the Seal attached to the Cowlnamah being in Persian characters and unintelligible it is not known by whom the Cowle was granted but it would appear that the grant was made Subsequent to the year 1792

5. I beg also to Submit for the information of the Board translates of the 2 Orders dated 17th July 1832 and 23d September 1851 abovementioned and request that

proceeds of 13½ Sued Cottahs being a moiety of the Cowl lands in question are held in deposit and requests that the Sum in deposit may be paid to him for the purpose of restoring the Mattom which is in a ruined estate to good order

It is reported that on a former occasion one Casavathaus presented a Complaint in the Huzzor Stating that he was the younger brother of the deceased Janakeithaus and that he was conducting the said Charity in the Village of Codeecoorchy and requesting that the Pattom lands above referred to might be continued in his name and that from the enquiry of the Tassildar in the subject it having appeared that the said Casavathaus was not the younger brother of the deceased Janakeithaus that the charity in question was not kept up and that the said Pattom lands stand entered in the Canoigoee Jabitah under the head of Chittarah the then Acting Collector Mr Elton declined to Continue the other half

original and No. 103 of 1855.

I have the honor to annex for the information of the Board of Revenue Copy of the Decree passed by the Civil Court in the case of the Collector Versus Cavaly Venkata Naraniappah regarding the Co Vissannapettah Mootah.—

2 I have no doubt that this judgment will be appealed against by the Defendant and it will be my duty in due course to prepare and submit an Appeal answer.—

3 It however occurs to me that it would be desirable to obtain legal advice as to the course now to be pursued.—

4 There are some points which demand immediate attention.—

1st whether Government as Respondent should apply to be put in immediate possession giving Security as required by Law pending the appeal This is a matter left optional with the Court of appeal. who if they refuse the respondents application, must I conceive require Security of

a

a similar amount from the appellant: the 2d Point is one of greater difficulty namely whether Government can and ought at once to institute another suit for the expres purpose of setting aside the decree in original suit No. 18 of 1838 On this subject the Board have the opinion of Mr Norton in his letter dated 14th March 1853 to the Commissioner Northern Circars and can obtain further advice from Mr Dale

5 I confess I think as Mr Lushington did the first effort should have been directed against the decree in original Suit No. 18 of 1838 and not against its consequent the postponement petition for the difficulty of proving that the Decree in original suit No. 18 of 1838 was a Collusive transaction, is greatly increased by the decree in the present case declaring the decree which we maintain was Collusive to be binding and to be carried out in its integrity the question also arises whether as the Plaint in the present case sued for the Estate as an Escheat free of all burdens placed upon it by the widow who had only a life interest an appeal Petition should not be at once entered in the Sudr Court I fear this would end in an order for a review of judgement

judgement if not of trial denovo as we indirectly sought the setting aside of a decree and this indirect object has not been noticed by the Court.-

6 I beg I may receive early instructions on these 3 points as to Security being given to obtain early possession of the estate and the institution of either a new suit or an appeal. I have no hesitation in saying the next step is to be taken in this case will require the best legal advice which I do not think the advice lately acted upon was.

Original Suit No. 103 of 1853 Civil Court's file

Plaintiff — Collector of Masulipatam

Defendant — Cavally Venkatama ramappah Zemindar of Vissunnapett

1 This suit was instituted to Establish the right of Government to the Mootah of Vissunapetta valued at an annual rental of Rupees 12,405. 10-11 which lapsed as an escheat on the death of the late Zemindar

V.

Fort St. George 4th May 1857.

V. Lutchmedavamah and to let aside a Rajeenamah entered into by the Defendant with the said Lutchmedavamah by which the property in question was hypothecated to him on account of an award passed in a /Collusive/ suit No 18 of 1838 against that Defendant V. Lutchmedavamah in favor of the father of the present Defendant, such alienation of real property by a Childless widow being in opposition to Hindu Law and to be put in possession of the property sued for free of all encumbrances and debt.

The Defendant in answer states the ancestors of the said V. Lutchmedavamah and his own, had long held pecuniary transations and the former had become heavily indebted to the latter such advances having been made for the discharge of Government Reiheunds and other personal liabilities. That subsequent to the said V. Lutchmedavamah coming into legal possession of the property his Defendants father, advanced other loans of money for similar purposes That those dealings were brought to a close in 1837 and the balance due on a settlement of accounts not being paid off Defendants father brought the suit

Fort St. George 4th May 1857.

suit alluded to No 18 of 1838 in the late Provincial Court and obtained a decree in his favor That Defendants father having shortly after that period died he Defendant applied for the execution of that Decree/in 1840/ when a Precept was issued through the late auxiliary Court to the then Collector who sent an Enoyetnamah dated 29th March 1841 directing the said Lutchmedavamah to settle the demand against her in 5 days, whereupon a Rajeenamah/now sought to be set aside/ was entered into between Defendant and Lutchmedavamah dated 5th April 1841 but which owing to the vexatious claims brought against the same property by other parties and the dilatory Law proceedings consequent thereupon was only put into execution /by Defendant being placed in possession of the property together with past produce/ through the proceedings of the Sudr Adalut dated 13th February and 3d April 1854. Defendant further urges that from the very commencement of the above proceedings the Government through their Agent the Collector was a cognizant and consenting party but that on the death of the said Zemmdarinee Lutchmedavamah

the

Lutchmedavamah the then Collector attached the Estate not as an Escheat to Government but pending the decision of the rights thereto of certain contending claimants as appears by the order of the Civil Court dated June 24th 1853.

That this Zemindaree having been held under a permanent Sowl with full power to dispose of or alienate it, it can in no way become an escheat to Government except on failure of payment of Peishcush which has not happened.

That by Hindoo Law any widow in possession as heir has full right to sell mortgage, or alienate in perpetuity the property or any portion thereof for necessary purposes such as for the liquidation of debt contracted for the discharge of Government Rent and liabilities or for her own maintenance &c. and finally that by this Law which Plaintiff adduces also the Estate is of such a nature that under no circumstances could it escheat to Government Defendant therefore prays for the dismissal of this suit with all Costs.

The reply and rejoinder support the Plaint and answer respectively.

Points were recorded on 21st April 1856.

The

The Plaintiff filed 4 Documents

The Defendant filed 12 Documents.

Defendant presented a motion No. 481 of 1856 requesting that questions might be submitted to the Hindoo Law officers of the Court of Sudr Adalut with reference to the 2d and 6th points recorded by the Court.

Judgment

The Civil Judge has given the present case his most careful consideration.

Neither parties before the Court called any witnesses and were consented to rely on the weight due to their respective documentary evidence

The present suit was preferred to eject the Defendant in possession from the estate in question conferred on him by an interlocutory proceedings of the Court of Sudr Adalut and also to set aside a Rajeenamah postponepetition dated 5th April 1841 filed as No. 5 in so far as it indirectly bore on the claim of Government to the property therein alluded to which it is maintained escheated through a failure of heirs. The justice or otherwise of the claim in A.S. No. 18 of 1838 is in no way called in question in the present case but the suit is alluded to as having been a "Collusive" one - The Document

(5)

(5) based on the Decree in the above case & referred the execution of the latter under certain stipulations and the Defendant urges that owing to the failure of his opposite party to act up to the said stipulations the terms referred to there in became absolute from and after such failure this Document (5) recapitulates the terms of the Board on which the original suit No. 18 of 1838 was founded Viz. a Mortgage Deed dated 30th April 1838 by which the greater portion of the Estate in question (or 12 out of 14 Villages) was impledged to that Plaintiff from the proceeds of which the then claim was liable to liquidation (The mortgage Bond was given on an alleged & settlement of accounts between the & parties & which extended from 14th May 1810 up to date or over a period of 28 years) The Decree passed in the above suit declared such mortgage deed equivalent to a Conditional Bill of Sale and awarded to the Plaintiff the recovery of the amount sued for from the Defendant by the & sale of the mortgaged property in the first place and in the event of the proceeds therefrom being & insufficient to meet the claim that such deficiency should be recovered from any other property belonging

belonging to the Defendant the Razeenamah post pone Petition (V) dated 5th April 1841 quoted at length in the plaint acknowledged the above decision and by its Stipulation transferred (in consequence of the failure of the & defendant in the case to pay the very first instalment on the 15th December 1841) alluded to therein by that Act and deed the whole of the above 12 Villages to her adversary the present Defendant. This transfer was & effected during the life time of the said V. Lutchmedanamah who appears not to have died till about the 1st September 1849. Defendant urges that his claim to possession of the property became absolute accordingly from such previous date, Viz, 15th December 1841 when the 1st instalment under the Razeenamah Postpone Petition became due in fact that the & Decree passed in Suit No. 18 of 1838 and dated 10th March 1839 determined this point by declaring

declaring the said property there and then liable in Lapse for his father's demands.

With regard to the 1st Point for the Plaintiff he produced the opinion of the Sudder Adalut (exhibit marked A) and the Consequent inability of the Zemmindarnee V. Lutchmedavamah who only held a life interest in the property to alienate the same to others to the prejudice of her husbands heirs.

The question in further detail was submitted again for the opinion of the Law Officers Pundits of the Sudder Adalut, and also with reference to points No. 2 and 6 given to the Defendant at his request - This opinion of the Sudder Court Pundits apparently at first sight disposed of the question distinctly in favor of the Defendant.

It would appear therefore that

F. G. B.

the punctuality of payment of the Circar Peishcush (as well as the other items noted) is of such paramount importance that the Hindoo Law holds a widow possessed of only real estate, competent to alienate her right and title thereto to meet such demands. In fact that to avoid the risk of a lapse to Government on account of balances of Peishcush, She is empowered to dispose of the property by sale or Mortgage to others and such transfer becomes valid and binding upon her and her relatives and property so transferred cannot come under the title of Reymarees or lapse property after her transferer's death.

But it must be observed that the conditions under which such alienation takes place must be clear and explicit, Viz that there was no other alternative that the estate itself did not yield under any circumstances whatever, sufficient to produce sufficient to meet the above charges as well as her own personal expenses.

None of these conditions is attempted to be proved in the present or previous suits nor does it appear that a single Rupee has ever been paid in liquidation of the original debt or mortgage bond upto date of the widow's decease.

decease the whole subject has been waived for some reason unexplained and left to inference.

By the 3d para of the answer of the Pundits of the Sudder Udalut, it is laid down that the Circar cannot take as heirless property that which has been legally transferred by the proprietor thereof during his life time and adds "that in the present instance the estate transferred as above cannot be escheated as Baywaress." As no particular "instance" was cited for the information of the Pundits, it seems somewhat singular that they should allude to the "present" one before the Civil Court, as the Brahmin widow referred to.

With reference to the Decree passed in Original Suit No. 18 of 1838 the Plaintiff on the one hand maintains that as neither he nor his predecessors in office were parties to that suit in which the interests of the Government were concerned he is in no way bound by that decision. The Defendant on the other argues that the Plaintiff (that is to say his predecessors in office) were ex officio cognisant of every step in the above proceedings, and substantiates this by the production of

of documents Nos VI. VII. VIII. and urges that Plaintiff is consequently bound by the acts of his predecessors who possessed the same full authority from the Government none exercised by Plaintiff.

In disproof of the 3d Point given to Plaintiff and which he sought to substantiate by his Document II and (Extract from the Minutes of Consultation of Government dated 16th July 1850) which in consideration of certain "Circumstances" laid before them by the Commissioner for the Northern Circars declared the estate now in dispute to have escheated on apparent failure of heirs, the Defendant filed the document marked IX a copy of a Communication from the Collector to the Civil Judge dated 20th October 1849 which simply reported having assumed charge of the deceased Zemindaries property pending the disposal of certain claims adduced by parties before the Court. This view of the case was also adopted by the Civil Court in the Extract from the Proceedings dated 25th June 1853.

Certain points of Law however still remain for consideration before determining the issue of the present case.

With reference to the suit No. 18 of 1838 the

the circumstances connected with it, are as follows.

The widow Zemindarnee V. Sutchme: daramah applied to the Collector in 1830 to register the transfer of her Estate in the name of the grandson of her uncle, and nephew of the Plaintiff in that case. Being informed by the Collector on the 9th November 1831 that such transfer would not be legal, the matter appears to have dropped until 1838. On the 20th April of that year, the mortgage bond the ground of the original suit No. 18 of 1838 was executed, by which the estate was pledged to that Plaintiff for Rupees 48.611-13-6 due on account. The first instalment became due on the 20th May following and on failure of payment, a demand appears to have been made and acknowledged on the 24th idem. The date of the Plaint in No. 18 of 1838 is 15th June, or 3 weeks subsequently - on the 3d July another letter was passed between the parties calling on Plaintiff to compromise the suit. The suit itself was however allowed to go ex parte and a Decree was passed 10th March 1839 whereby the property became liable (by sale) for the amount of award instead however of this Decree being literally

literally carried out by sale whereby possibly a portion only of the property might have changed hands in liquidation of the award. A post pone Petition or Karaarnamah (V) was subsequently entered into between the Defendant and the heir of that Plaintiff (present Defendant) whereby the property itself was to be transferred to that Plaintiff creditor (without any reference to the value of the estate) and devising also the 2 remaining Villages left in her (V. Sutchmedaramah's) possession on her death to the same party. Thus constituting the document a testamentary one as well. The question hereupon arise whether or no this Karaarnamah Postpone: Petition is a legal and valid deed, even under the Circumstances recorded.

The Hindoo Law quoted, allows of the sale of real property by a Hindoo widow to an extent sufficient to meet certain necessary expenses and demands alluded to, but it remains to be proved whether the sale or transfer of the whole of the widows real property was necessary to cover those expenses, and it is no where shown that such was the case. On the contrary judging from the value of such property generally, the quantity appears to have been greatly in excess of the exigencies of the case which alone could justify such transfer upon an open sale which however never

never took place.

As stated in an earlier para of this Decree, the plaintiff has not brought the present suit to question the validity. legality of the claim in Original Suit No 180 of 1838, the Decree in which awarded to that Plaintiffs the amount sued for from the property mortgaged. In pursuance of that Decree when execution was sued out by that Plaintiffs heir in Miscellaneous Petition No 321 of 1840, a Precept was issued dated 11th January 1841 (marked VIII) by the Provincial Court directing the enforcement of that Decree by the sale of the property.

With reference to the stipulations of the Kararnamah or Postpone Petition (V) dated 5th April 1841, the Civil Judge observes as follows. It acknowledges the former mortgage Bond 20th April 1838 and the justice of the Plaintiffs claim in No 180 of 1838 that the Decree passed thereon exparte after a "thorough enquiry" made into the matter having been sought to be enforced by Plaintiff the Provincial Court directed the sale of the mortgaged property - she the Defendant however to secure her Zemindaree from sale by auction entered into the present

Kazeenamah

Kazeenamah, to pay up the amount due to date (Viz Rupees 6[illegible]-12-4- which included the sum of Rupees 1,829-9-8 due on account of interest from the date of the previous Decree. Not one anna of which had been liquidated from the estate proceeds during the whole time) together with interest at one per cent per mensem pending such payments. That the 12 out of the 14 Villages alluded together with the Government Cowle for the whole should be impledged to Plaintiff as security. That on failure of paying up any one instalment, Plaintiff might move the Court for the recovery of the entire Balance as entered in the Petition principal and interest, without waiting for the ensuing instalments; and the Court was thereby authorized to issue Precept to the Collector to make over at once and absolutely to Plaintiff his heirs and assigns, the 12 Villages without further consent of Defendant and that after her Defendants death, the remaining 2 Villages should also be taken possession by that Plaintiff and the whole incorporated in his estate; to be enjoyed as an ancient Zemindary on the same terms as by herself, and as thus the litigant parties agree amicably to postpone the execution of the warrant "for the present" To all which terms that Plaintiff cordially

agreed,

agreed, Defendant V. Lutchmedavanmah again, as matter of course, failed to act up to the stipulations of the Deed, which thereby became absolute by her Defendant, on the 1st instalment.

It is the opinion of this Court that the object of this deed was to make that permanent and absolute, which the mortgage bond (alluded to original Suit No. 18 of 1838) had made simply conditional, or dependent; on the amount that should be realized by the enforcement of the terms; to wit by the sale of the property alluded to, and although such deed may have been executed by the free will of the parties in question the Civil Judge is of opinion that for the reasons recorded such transfer without good and sufficient cause shewn, was illegal and contrary to the provisions of Hindoo Law.

From a full consideration of the

the whole of the circumstances of the case the Civil Judge is of opinion that the Kararnamah or Postpone Petition alluded to (No. V) must be quashed and that the provisions of the Decree in Original Suit No. 18 of 1838 should be enforced in its integrity by the sale of the property therein alluded to, or so much thereof as may be sufficient to meet the balance of the award then made, and to no later period the whole to be exposed at an upset price equal to that Demand, and on failure to realize the sum decreed, the property itself should be made over to Defendant.

On the other hand should the value of the property be more than sufficient to satisfy the award to Defendant in the former Decree in consequence of there being no direct heirs to the deceased V. Lutchmedavanmah late Zemindarnee of Vijayanmapettah, the title of the Government to claim such property as an escheat is confirmed (on payment of the lien thereupon Viz the balance to Defendant as pointed out.)

The

Fort Saint George 4th May 1857

The Civil Judge on perusal of the Pleadings observed that 8 sheets of the Plaint and 2½ of the Defence are occupied in quoting at length Documents, that should properly have been adduced in their proper place as evidence; and consequently since such documentary evidence was receivable on stamped paper of the value of 8 annas instead of two Rupees each paper (as must have been well known to the Pleaders of the respective litigants) the Court resolves that the difference of the value of such papers shall be recovered from the respective Pleaders under Section 17 Regulation XIV of 1816.

In conclusion and on a consideration of the nature of the present Suit the Civil Judge determines that the costs of the present Suit shall be recovered and paid by Plaintiff if the property lapses as above to Government, otherwise, that they shall be borne by the parties themselves respectively.

Masulipatam enclosing copy of the Decree of the civil court in the matter of the Vissanapett Mootah and stating the Views of the Board as to the Course to be pursued in reference to the past judicial proceedings connected with the case.

137-38

1. In this case Government sued for possession of the Mootah in question, as an Escheat, free and discharged from all incumbrances. The circumstances out of which the suit arose are briefly as follows. The last male Mootadar Varegondah Ravanapah died in the year 1810 without issue and without leaving authority to his widow to adopt a son. His Widow Varegonah Lutchmedevanah succeeded to the property. In the year 1838 or 28 years after the demise of her husband, Lutchmydevamah mortgaged 12 out of 14 villages comprising the Estate to her Nephew Cavelly Vencata Lutchmiah on account of sums of money said to have been advanced by the latter at different times, but Lutchmydavamah failing to act up to the terms of the mortgage, her Nephew brought his claims before the Civil Court, in Original Suit No. 18 of 1838 and obtained a Decree exparte. The entire Estate was ordered to be sold in satisfaction of the Decree. The parties then entered into a postpone agreement, according to which the debt was to be liquidated by instalments, at protracted periods, terminating in October 1848, and on failure of payment of any portion of the sums due the Court was to enforce the same or place the Decree holder in possession

possession of the Property. No portion of the instal-
ments was paid. The widow died in 1849 when the
Ex. Inf. Cons. 16th July 1850 No. 674. R. D. Estate was attached by the Collector and finally retained
In. A. C. Cons. 23d July 1850 by him as an escheat.

2 Cavally Sutchimiah dying his son b. Vencata-
narayanapah, became the holder of the Decree. This
person in 1849 and 1850 and again in 1853 endeavored
to obtain execution of the postpone agreement but
was opposed by the Collector on behalf of Govern-
ment and by certain persons styling themselves the
Heirs of the last Amale Imoladar. In 1854 the Suder
† 21st Oct. 1854 Enc: in From Masulipatam 9th Jany. } Adalut passed an interlocutory order
In A. C. Dy Cons: 19 Febry. 1855 in the case requiring the Decree holder to be put in
possession in the following words. "The Court of Suder
Adalut consider it unnecessary that they should
enter on the disputed question of whether the Colle-
tor of Masulipatam has held possession of the Ze-
mindary in issue, subject, to the orders of the Civil
Court for its eventual disposal, or as devolving to
his charge as an escheat to the Government.
The Collector objects to the order
of the Suder Adault of 19 February
last

last, directing that the said Estate be made over to the Petitioner Cavaly Vencata Naramapah in execution of the Rajeenamah held by him on the ground that the Estate has become the property of Government by escheat. It suffices that this plea be dealt with. The Court of Suder Udalut have to observe with regard to this point that by holding the Estate on such tenure the Government do not remove the property from liability under the said Rajeenamah The Rajeenamah was entered into by the late Zemindar in liquidation of the obligations incurred by her to b. Vencatanarasimapah. Her act would be binding upon herself and by consequence upon her heirs. In default of natural heirs the Collector claims the Estate for the Government as an escheat, that is the Government, in default of other heirs, are represented to have obtained the Property, as alternate heir. The Government thus, in the opinion of the Suder Udalut, stand in respect of this property in the position of her to the late Zemindar and as such are liable to fulfil all obligations relative to the property incurred by the Zemindar."

3 This order it was desired to have cancelled as the Decree in Original Suit No. 18 of 1838 was stated

Suder's ruling, and would probably prevent any decision being obtained on that ground, although it might result in this particular Estate being declared to belong to Government.

6 The Estate was made over to the Decree holder and the Collector proceeded by regular suit as directed in Copy of the Decree of Court in the case is now forwarded. On reference to this document it is seen that as regards the main issue the Court is of opinion that the Widow had power to dispose of her Estate to such an extent as was necessary to save it from sale on account of arrears of public Revenue but that it had no where been shown that it was necessary to alienate the entire property for that purpose "Judging" the Court observes "from the value of such property generally, the quantity appears to have been greatly in excess of the exigencies of the case" partly for this reason and partly on account of its testimentary character for it declared that 2 villages not included in the original mortgage, should become the property of defendant on the death of the widow the postpone Rajeenamah is declared to be illegal and is accordingly quashed. The Decree in Original Suit No 18 of 1838 is upheld and is "to be enforced

enforced in its integrity by the sale of the property therein alluded to or so much thereof as may be sufficient to meet the balance of the award there made, and to no later period, the whole to be exposed at an upset price equal to that demand, and on failure to realize the sum decreed the property itself to be made over to Defendant". In the event however of the sale proceeds exceeding the amount of award the property is adjudged to Government as an escheat.

7 In forwarding copy of this Decree the Acting Collector seems to think that an error was committed in not affixing at once the quality of the claim in Original Suit 18 of 1838, but the Government Pleader gave strong reasons which have been already stated why that course should not be taken, and it will be seen on reference to the present Decree that although the character of the claim was not specifically brought in question in the Plaint yet the Court of its own accord has declared that the necessity on the part of the Widow to borrow money, has not existed throughout, at least that no attempt has been made to show that necessity either in the present or previous suits. In noticing this

this the Court also observe that not a single rupee had never been paid of the original debt or mortgage bond up to the date of the Widows decease The whole subject has been waived, it is added, for some reason unexplained and left to inference. The remarks of the Court are virtually declaratory of the untenable character of the claim preferred in 1838 and of the collusive nature of the Rajenamah Decree in that suit - Under these circumstances it is open to consideration whether Government were not entitled on the arguments of the Judge to an unqualified decision in their favor. -

8 The Acting Collector requests instructions as to whether a new suit should be instituted in order to amend the defect, according to his view of the present suit on the point noticed in the foregoing para or whether an appeal should be made to the Suder Adalut. The latter course is that which naturally suggests itself with reference to the views of the Government Pleader, who observed that Government could not in any way be bound by the Decree in Original Suit 18 of 1838 as they were not a party to that suit: But the Board are of opinion that sufficient grounds have been

been shown in the preceding paras for a review of Judgment and Should Government be pleased to concur in this view they will instruct the Collector to make the necessary application. Failing compliance on the part of the Court or in the event of the revised Decree being adverse to Government an appeal may be made in due course -

9 Should it be ultimately determined to appeal possession of the estate should be sought by Government as suggested by the Acting Collector

Boards No. 1398.

Proceeding thereon.

(146-47)

The Board of Revenue sanction the employment of the several Establishments exhibited in the Statement which accompanies the foregoing letter at an aggregate charge of Rupees 354-8-0 per mensem for the management of certain Estates and Mostahs attached for arrears of revenue for Fusly 1266.—

2. The Board observed that in some cases the value of the lands attached considerably exceeds the amount of arrears due on them, and request the Collectors' attention to Section V Regn = lation XXVII of 1802.—

Acting Secretary to the

Board of Revenue.

(150)

Bd. No. 1604.

From the Collector of South Arcot

Reports on the Printing Press for the Official year 1856/57.

Sir,

I have the honor to submit a Report on the operations of the Printing Press under my charge for the past official year 1856/57 as required

required by Extract from the Minutes of Consultation dated 12th April 1856 received with the Circular from your Office No. 1222 of the 21st idem -

2. The Printing Press was handed over to me by the educational Department on the 1st March 1856 with a working establishment as follows:-

	Rs	
1 Compositor	30	per Month
1 Assistant Do.	12	Do.
1 Press Man	10	Do.
1 Baller	6	Do.
1 Assistant Do. or Messenger	5	Do.
	63.	

3. To keep the Press at work it was absolutely necessary to maintain these men in employ but as the reductions which were to be made in my Office to meet the escpenses of the Press could not be at once effected, I was obliged to make payments in advance from the general revenue to be recovered as arrangements could be completed for covering the charges of the Press as directed by Government.

The

4. The Judge of the station although admitting the great advantage to be derived from a Press represented his inability to make any reduction in his own establishment or in those of his subordinate Courts - This has finally led to my having under the sanction of the Board dated 1st December 1856. required from him Cash payments for the work done for his Department -

* By letter dated 8th March 1856

5. Some delay occurred in my getting the Press into good working order in consequence of the want of Tamil Types those which had been used while the Press was in the Zillah School having been returned to the party from whom they were borrowed - It was not till the 15th of April that I received Tamil Types from Madras previous to which I had received orders from the Board of Revenue to make over to the Director of instruction the English Types belonging to the Press which was accordingly done as soon I got the Tamil ones:-

This

6. This gave rise to further delay and co inconvenience, as I was not put into possession of other English Types till the close of May-

7. All this time however the establish=ment was receiving pay as I did not like to run the risk of losing any of the people by co temporarily discharging them-

8. I beg to submit the accompanying co three Statements shewing in detail the amount co and value of work done from 1st March 1856. to end of April 1857 the charges attending the co working of the Press and the sums actually co realized from Public Offices and Private individuals.

Nos 1, 2, & 3.

9. It will thus be seen that the co value of all the work done is estimated at Rupees 1228-2a-10p while the outlay for esta=blishment and contingencies amounted to co Rupees 968-5a-7p giving an excess in co favor of the Press of Rupees 259-13a-3p.

10- The cash payments and the co reduction

reduction in my establishment have not however proved sufficient to cover the cost of working and I have therefore to solicit sanction for debiting the difference Viz. Rupees 241-10-2 in my co accounts against the general Revenue from which I have already advanced this sum-

11. The reductions which I have as yet been able to make in my Establishment only come to Rupees 58 per Month as the co Board will observe by the accompanying Tabular Statement and I cannot at present make others.

No 5

12. I beg however to recommend that co when practicable the Press establishment should be raised to the strength given in the Margin, as I have already proposed in my letter of the 12th July last-

1 Compositor Rs	35.
1 Assistant D°	" 15
1 2d Assistant D°	" 10
1 Press man	" 12
1 Baller	" 8
1 Messenger	" 6
Sundries	" 5
Total	91.

13. Now that the executive duties co in the Maramut Department have been co transferred from the Collector to the district co Engineer the labors of the Translator in my Office are much lessened- His pay which

is

is now 70 Rupees a Month might therefore
without any hardship be reduced to 37 Rupees
leaving 33 Rupees available for the Press.—

14. This in addition to the reduction
already made would at once raise the requi-
-site Fund of 91 Rupees a Month but I do
not think this arrangement should take
place till the situation of the Translator
becomes vacant—

15. The Board have remarked in
their Pro-ceedings of the 7th March last No. 701
that the work which has been done by the Press
for other offices than my own was smaller
than they expected to have found it.

16. This is most striking in regard
to the Judicial Department especially
when it is remembered that Mr. Ward
stated in his letter to the Judges of the
Foujdaree and Sudder Adawlut dated 18th
October 1855 that he thought that on an
averages

average 85 per Cent of the transcribing business of
the Courts of this district could be done by a
Press—

17. I cannot account therefore for the
small amount of work which has been
actually done for the Judicial Department
except by concluding that either the calcula-
-tion of the Judge was erroneous or else
that the transcribing business of the Courts
is much lighter than it was generally
supposed to be—

It may however possibly be that
the Court servants being apprehensive that
Cash payments would be demanded for printing
where no reduction in the permanent
establishment was made to meet the exc-
-penses of the Press found it more expe-
-dient to do the work themselves than to send
it to the Printing office but I have no
grounds to known that this has been the case—

19. In charging for work I
have

have followed the principles of computation as laid down in Para 5 of Extract from the Proceedings of the Board dated 1st December 1856 No. 4069, by which a fair valuation seems to have been obtained -

20. The Board will observe that the work done for the Collectors' Department far exceeds what has been struck off for other offices - The immense number of Puttahs which it has been necessary to print being upwards of 2 Lacs has greatly swelled the quantity executed and it must also be borne in mind that there is a large demand on the Press for Magisterial Forms and Statements.-

21. Accompanying I beg to send a + Memorandum shewing the different documents which have been printed for the Collector and Magistrate.-

+ No. 6.

22. Statement No. 4 exhibits the value of the Printing stock and furniture supplied to and procured by me as far as it

Called for by Board's letter of 7th March.

it can be ascertained - This amount of expenditure is independent of that which has been brought into the accounts as contingencies.-

23. No. 5 contains a Table of the reductions which I have been able to make in my establishment to meet the expenses of working the Press for which I have to solicit the sanction of Government.

24. It will be observed that I have reduced the pay of 14 Goomastahs and 1 Carcoon which I trust will be

be sanctioned for I have found as
myself quite unable to fix upon
persons whose services can be
wholly dispensed with and the
present mode of raising as
the requisite funds causes
less dissatisfaction than as
the abolition of situations.

25. A little confusion
has arisen in keep-
ing the Press as
accounts

accounts for the period I am reporting
which will not occur next year.

26. In conclusion I beg to express
a hope that the arrangements under which
I have carried on the working of the Press
during the past official year will meet
with approval and that the Government
will be pleased to confirm the appropriation
for the purposes of the Press of the sum of
Rupees 494-13-5, for which a correspond-
ing reduction has been made in the
permanent Establishment of my office,
but the disbursement of which stands
partly unadjusted in my accounts.

27. The Press may I think now
be said to be in good working order as far
as the Establishment goes, and I expect
the out turn of the next year will be
more satisfactory than that of the past one.

From the Collector of North Arcot

Sir,

I have the honor with reference to the Proceedings of the Board of Revenue dated 10th Ultimo No. 1014 Communicating Extract Minutes of Consultation under date the 3rd I deem to forward the report therein required regarding the state of crime in the Poloor Taloob.

2. Looking at the state of crime in that Taloob as described by the Joint Magistrate in the accompanying letter the retention of the additional police seems required as a permanent measure. The remarks made on the subject in my letter of the 23rd Ultimo had reference to the question of the continuance of an extraordinary establishment which had been granted for a limited period. That the police was in that Taloob as every where else insufficient I entertain no doubt.

J.

I have the honor also with reference to para 8 of the Board's Proceedings under reply to submit Copy of Mr. Bambury's report on the extent of crime committed on the line of road between Curcumbady and Balapully subsequent to the date of my previous report.

To
C. Whittingham Esqre
Magistrate of North Arcot.

Sir,

I have the honor to acknowledge receipt of your letter of the 23d Ultimo No. 31 giving cover to Copy of an Extract from the Proceedings of the Board of Revenue dated 10th Idem No. 111, and requesting me to furnish the information more especially called for in Paras 6 and 7 of that Extract.

2 The Board are quite right in supposing that I confined myself in my letter of the 11th September last No. 108 to endeavouring to shew that the retention of the particular Establishment on which I was called upon to report was necessary.

3 They are also right in the Conclusion to which they have come from some remarks of a general nature made by me in that letter that I consider the Police of the entire sub division insufficient for the security of the people

people and that I do most urgently advocate an addition to it in all the Talooks but I considered then and now that this case could be more properly dealt with as one of general reform than in connection with this particular reference.

4 As regards the Poloor Talook in particular I would beg your attention to a letter I had the honor to address you on the 23rd January 1856 No. 3. more especially to Para 3 in which I have dwelt on the causes of outrage in that Talook two of which you will observe are of a permanent nature and I would also beg to refer you to Para 4 of that letter and to state that I still entertain the same opinion as that expressed in the latter Para and more strongly urged in my letter of the 11th September 1856 No. 108.

5. The enclosed Statement will

will I think place before the Board in a lucid form the information called for in para 7 of their Proceedings of the 12th December 1856 and will show therein that the total reduction of crime in the Pooloor Talook was something above 50 per cent on a Comparison of the 12 Months preceding and the 12 Months subsequent to the entertainment of the extra Establishment.

6 I have also appended to the Statement a review of the state of crime in what used to form the bonâfide sub Division for a similar period and casual glance at it will show that the Pooloor Talook stands prominently out for crime notwithstanding the extra Establishment.

7 I would observe in conclusion that although Revenue Peons are supposed to be available for Police

Fort St. George 5th May 1857.

Police duties they are not so in
any way that can guarantee, and
permanent Security their own duties
being of the most onerous kind
and ill remunerated, and it
will be for the higher authorities
to determine whether a Talook
like Poloor as set forth in my
letter of the 23rd January 1856 No.
3 already quoted (vide para 4 of
this letter) can be kept in
any State of Security and
with only one
Duffadar.

Resolution thereon. 1. Resolved that the foregoing letter and its enclosures be submitted for the information and orders of the Right Honorable the Governor in council with reference to the Boards Proceedings dated 12th December 1856 paras 6-7-8, and the Extract Minutes consultation dated 3d January 1857 No 4- Revenue Department-

Submitting a letter from the Mr of N. Arcot encls the Report required regarding the State of crime in the Pollore Taluk & recommending that Sanction be granted for the continuance of the Extra Establishment employed there of 2 Duffadars and 20 Peons for a further period of 12 months at a cost of Rs 34 per mensem.

(172)

2. It will be seen from the Statement furnished by the Joint Magistrate that on a comparison of the 12 months preceding and with the year subsequent to the entertainment of the Extra Police Force the number of offences committed in the latter is less by one half than that of those which occurred in the former period but that notwithstanding the employment of the additional establishment crimes of a serious nature are more frequent in Pollore than in the other Talooks of the Sub Division In the year previous to the employment of the Extra Peons there were

were 26 Cases of Gang Robbery and 25 of House breaking and theft while in the succeeding 12 months only 14 of the former and 11 of the latter offences were committed.

3. Mr. Whittingham now recommends that the additional Police Force be permanently entertained and explains that his previous remarks on the subject "had reference to the question of the continuance of an extraordinary Establishment which had been granted for a limited period."

Letter 23d Sept. 1856 para 3 Enclos. 12 Decr.

4. The number of Peons available for Police purposes exclusive of the Extra Establishment consists of one Duffadar and 10 Peons. The Board concur with the Magistrate and Joint Magistrate in considering that this force is sufficient for the protection of the people in a Taluk where crime is so rare. They therefore recommend that sanction be granted for the continuance of the Extra Establishment of 2 Duffadars & 20 Peons for a further period of 12 months at

at a monthly cost of Rupees 94.

The Statement forwarded by Mr. Sullivan would warrant the Board's recommendation that the additional establishment should be permanently employed but before entertaining such a proposition Government would doubtless wish to know what is the aggregate number of Peons employed in the Taluk and how they are apportioned to the Revenue and other Departments.

5. This information has been called for in a separate communication.

6. Adverting to para 8 of the Board's Proceedings already quoted the additional Joint Magistrate reports in his letter to the Magistrate dated 31st January 1857 that only one case of Highway robbery has taken place on the Bandpully Ghaut up to the 11th September last, and that the property stolen on that occasion consisted of a cloth valued at 4½ As.

Sir,

I am directed to request that you will inform the Board whether there is any truth in the Reports current at the Presidency that crime is at present very prevalent in your District and that the followers and baggage of some rajahs have recently been attacked and plundered on several occasions.

2 In the event of these rumours being correct the Board wish to know what measures you have adopted to discover the offenders & how far you have been successful in your endeavors.

3. They also desire me to request that you will favor them with a Statement shewing the aggregate number of Peons at the Horse Post and in each Taluk and Police Division and also shewing what number are allotted to the Revenue Police & other Departments.

4. Temporary establishments and those specially employed in Towns like Arcot &c should be distinguished from the ordinary force The number of villages in each Taluk and the population by the last census should also be given.

5. The Board also wish to know what progress has been made in revising the Emoluments of the villages Police.

much

Fort St George 5th May 1857

2 Much delay has from various causes, the Court of Sudder Udalut regret to observe retarded the submission of this report to Government the Chiefest of which has been the imperfect nature of the returns received from the provinces which has necessitated constant references and corrections before the Court could find themselves in possession of such information as would enable them to report in a satisfactory manner on the subject before them.

3 Appended is a general abstract of the opinions of the Officers who have been applied to on the different points on which the Government were desirous of obtaining information, the figured statements which accompany this letter will also show the operations of the village Moonsiffs Courts in different years viz the number of suits decided by them - as well as the actual number of Moonsiffs who have pitched decisions in the last 3 years.

The

Fort St George 5th May 1857

4 The Court of Sudder Udalut observe that the Village Moonsiff System was in full operation in 1817, when the number of suits decided by the Village Moonsiffs was 10,293, it however declined rapidly in the next four years, / 1818, 1819, 1820, 1821 / and in 1822, 23 and 24 the average annual number of decisions was only about 3,000 - There was again an improvement in 1826 and 1827 when the number annually decided was about 5,000

5 It appears that considerable pains were taken to introduce the Village Moonsiff System / a favorite one of the late Sir Thomas Munro / and that the Officers in the provinces were generally anxious to encourage the measure, yet, in communicating their opinion to Government in 1829, the Court of Sudder Udalut were constrained to remark that "It will be seen that those Officers in the provinces who are inclined to represent

the

Vide Para 34 Extract Proceedings of the Court of S. U. the 23d Apl 1829

"the character of the Village Moonsiffs in the most favorable light, still allow that they are for the most part very illeterate, and that in the disposal of the law suits brought before them, they attend but little to the provisions of the Regulations. The prevailing opinion, however, seems to be, that these functionaries are generally unfit to discharge the duties assigned to them as Village judges, and that their Courts are not held in much estimation, are but little resorted to, an opinion which appears to be confirmed by a comparison of the number of causes disposed of in the Village Courts with the number of similar causes decided by the District Moonsiffs".

6 There are no returns procurable of the number of suits decided during the years that intervened between 1827 and 1842, nor are there reliable sources from which an approximate estimate of the

the operation of the Village Moonsiffs' Courts during those intervening years can be formed. In 1842 the number of suits decided was 4697. In the year 1844 this Court reported to Government that "the attempt to establish practically a system of Village legislation had not been attended with generally acknowledged beneficial results - and that it could not be said to have operated to the benefit of the community"

7 From 1845 a steady increase was to be observed until in 1854, the number of suits decided by Village Moonsiffs was 12,991. the average from 1850 to 1854 being 11,270. The number of suits below 10 Rupees decided by District Moonsiffs in the years 1852, 53, 54 were 12,202 against 11,962 decided by Village Moonsiffs for the same period. In the margin will be seen the corresponding decisions of these two tribunals in the years 1825-26-27. A striking increase

Village Moonsiff	District Moonsiff
4619	14923

increase is thus exhibited in favor of the Village Moonsiffs - This increase is however more apparent than real. At the first glance the inference naturally drawn is that the Village Moonsiffs take off more than a moiety of cases throughout the whole presidency and of course a great deal more than the moiety of such cases in some districts - It is however to be borne in mind that the Village Moonsiffs of Trichinopoly, Seerungum, Tanjore, and Combaconum are in reality town Moonsiffs drawing fair salaries the decisions of these Officers during the years 1852, 53 and 1854, averaged 2,083 per annum as will be seen by the marginal statement - If then this number be deducted from the 11,962 suits decided by Village Moonsiffs as stated in the commencement of this Para, it reduces the operations of the Village Moonsiffs Courts

From the returns forwarded by the Board of Revenue

Courts at present when the population and consequent litigation has greatly increased to 414 less than what they were in 1817, when the system was first introduced -

8 The number of Village Moonsiffs throughout the presidency amounts to 37,284, of this number only an average of 675 actually performed any judicial duties during each of the years 1852, 53, 54 or one in 1855 only - Thus it would appear that Village Moonsiffs instead of taking off more than a moiety of this class of cases over the whole Presidency only at most take off this class of cases in 675 Villages out of the 37,284 Villages of the Presidency - The rest of the cases in the 36,609 Villages either go before the District Moonsiffs are not brought before any tribunal because too petty in amount to make it worth while for the Plaintiffs to undertake the trouble

trouble, expense, and uncertainty of filing their suits before the District Moonsiffs, residing at considerable distances.-

9 The conclusions which the Court of Sudder Udalut are obliged to draw from these returns are unfavorable to the Village Moonsiff system as at present organised, in principle they fully recognize the importance of exciting in the village community a confidence in their fellows and encouraging the people to resort to these simple and inexpensive tribunals for the adjudication of their petty suits, practically however the existing system has, after the experience of forty years been found to be a failure and the returns, and reports shew that very great advantage would accrue from the general introduction of an intelligent well educated and well paid body of Town Moonsiffs with summary jurisdiction in small causes

causes.-

Abstract

Point 1
What is the general character of the Village Moonsiffs Courts and of the Moonsiffs who preside in them?

It is stated by the majority of the judges and Collectors from whom information has been sought that the Village Moonsiffs are not held in estimation by the people generally as they are illiterate, being selected for the office in virtue of hereditary succession rather than from any special qualification in the individual, and their well known aversion to perform the duties of their Office in consequence of its being unremunerative deters the members of the community from frequenting these petty tribunals.-

Point 2
Whether a preference is manifested by the natives to the Courts

That the Courts of the District Moonsiffs are

are generally preferred be-
-cause duly qualified Vakeels
can there be employed to con-
-duct their suits, which are
earlier decided, the proceed-
-ings of the Officers presiding
in these Courts being more
strictly under the control
of the Civil Courts and
greater confidence being
placed in the ability of the
District Moonsiff to investi-
-gate and decide.-

The Civil Judge of
Coimbatore further states that
should a suitor have any
ground of complaint against the
proceedings of the District moon-
-siff he can boldly urge his
complaint while he fears
the vengeance of the Village
Moonsiffs and the indig-
-nities he may be subjected
to by him should he venture
to prefer charges which he

he may not be able to substantiate and
the Civil Judge of Mangalore adds that
the Village Moonsiffs have generally a
bias in favor of the ryots because the
former are in some instances their landlords
and in others they are the Chief persons
at the village religious festivals.

Point 3.
What are the
Causes that
render the Civil
Courts
more or less ope-
-rative in some Districts

The favorable
results observable
in Trichinopoly are
owing to the exertions
chiefly of the 2
Stipendiary Town

Moonsiffs of Trichinopoly and Sreerungum
the former of whom receives a Monthly
Salary of 40 Rupees, and the latter 7
Rupees. of 1764 suits filed in 1855. 940
were disposed of by these 2 Moonsiffs
while the remaining suits were distri-
-buted among the other 22 Moonsiffs
, and the comparatively small propor-
-tion of Village Moonsiffs exercising
civil

Civil powers as compared with the entire villages of the Zillah which number no less than 1251 is accounted for by no stimulus being held out to them to perform this portion of their duty.

Of 3328 the No of Village Moonsiffs in the Zillah of Combaconum a very small proportion perform any Judicial functions of these the Town Moonsiffs of Combaconum & and Tanjore receive respectively 40 Rupees per mensem and their Courts are thronged.

Of 2887 suits disposed of in 1854, 875 were decided by these 2 Stipendiary Moonsiffs, while the remaining none were disposed of by 29 Moonsiffs being an average of about 67 by each village Moonsiff.

The Civil Judge of Guntoor states that he is strongly impressed with the belief that the

No of suits disposed of by the village Moonsiffs in this Zillah as compared with other Zillahs is attributable to the influence and personal importance of the Curnums who generally perform the duties of the village Moonsiffs.

The Civil Judge of Bellary concurs with the Collector in stating that the ignorance of the village Moonsiffs has been the cause of their not Acting; that the late Collector / Mr Mellor / took considerable pains to induce them to act but without success and that it is not anticipated they will exert themselves until education advances.

The Civil Judge of Cuddapah attributes the inoperativeness of the Village Moonsiffs Courts in this District to the unpopularity of the village Moonsiffs as they are ignorant and unable to

to read or write and generally favor the party who chimes in with their own interests while the Curnums who are educated and have the real management of the matter generally support the views of their favorites without much reference to the merits of the case. The Civil Judge states that these officers are often at enmity with each other as well as with other residies and Curnums in the villages that they are often Creditors of the ryots and others who cultivate their lands that they are frequently absent on matters connected with other duties and that the turbulent spirit of the people has tended to deter the industrious from feeling any respect for the Village Moonsiffs and Curnums or from placing any reliance on their ideas of Justice

and

and hence that the villagers prefer resorting for the settlement of their claims to the District Moonsiffs courts whereas they are generally unknown they feel there is less prospect of any marked partiality.

The Agent at Ganjam states that the Oreya class are very deficient in general information have no Copies of rules or regulations in their own language Know little or no Telugoo that even the Curnums cannot write, that as their allowances as Village Moonsiffs are small, they are not in a position to command respect either by their intelligence or the influence of wealth, that the Curnum is the person who has all the powers of the Village Moonsiffs, and it cannot therefore be

be wondered at that the inhabitants of these parts have no idea of the benefits of the Village Courts that in the South of the District there is decidedly a more intelligent and more wealthy class but the System has not yet been introduced that the Cazees have no Knowledge of rules or regulation and it is only within the last year that they have been stirred up to act in petty Criminal Cases that there is not Sufficient reliance placed on the great mass of Village Moonsiffs to make their Courts acceptable besides there is a feeling of false pride very prevalent which renders them averse to bring their Complaints before one whom they look on as no better than themselves.

The Agent at Vizagapatam states that the inactivity of the Village Moonsiffs in his District

District is partly caused by the absence in many instances of any Enams or of any money allowance to them by disinclination of the people to submit to their authority (except when offered in the way of mediation) and the indifference of the Village Moonsiffs themselves to act. That in the Hills Zemindary tracts petty Civil disputes in Villages are mostly adjusted by the Zemindars or their Dewans whilst in the plains the people resort in numbers to the District Moonsiffs-

The Civil Judge of Chicacole states that as the Village Moonsiffs are ignorant, and are chiefly engaged in their Cultivation they are unwilling to act, and that as no confidence is placed in their decisions the people prefer resorting to the District Moonsiffs Courts-

The

The Civil Judges of Tinnevelly Salem, Combaconum Chingleput, Coimbatore Mangalore and Cuddapah also state that the family influence of the individual filling the Post of Village Moonsiffs the greater respect shown to them in some districts than in others, and the line of succession being more strictly adhered to and thus rendering the Office more honorable, and therefore more coveted indicates a predilection for the village Courts in one District over another That the Class of Officers differ greatly in Character in different districts, and to which may be ascribed the disproportion of decisions in some as compared with others. That the village Moonsiffs are deterred from Acting from

from conscious ignorance of the rules and regulations enacted for their guidance from anxiety to avoid becoming obnoxious to the people in their jurisdiction from the great difficulty they experience in procuring the assistance of Witnesses from the necessity to furnish periodical accounts at their own expense and which are occasionally rectified at the direction of District Moonsiffs from interruption to their avocations by being liable to be called away to give evidence in Courts or to answer for their proceedings if impugned by a dissatisfied Suitor, for partiality and for which attendance they do not receive the slightest remuneration; and from the rigid manner with which

which all duties of a Police character are enacted of them and the severe penalties following any dereliction of duty.

Point 4

Whether there is reason to suspect that the Village Moonsiffs do not make correct returns or sometimes fail to make any & if they may have attributed discretion

The Civil Judges of Salem, Calicut Chicacole and Chittoor state that the returns of the village Moonsiffs are irregular incorrect untrustworthy and unintelligible and do not represent the work actually performed by them while the Civil Judges of Mangalore and Combaconum state that there is no reason to suppose that the Village Moonsiffs dispose of suits without reporting them to the

the Higher Courts

That the Village Moonsiffs occasionally settle such suits beneficially

That the Town Moonsiffs of Trichinopoly and Sreerungum Combaconum and Tanjore are remunerated as stated in paras 4 and 5 while those in other Districts receive

receive nothing for their judicial functions.
