Proceedings of the Board of Revenue

Friday the 26th June 1857.

Read the following Papers.

(1102)

Bd No: 2286
From the Actg Secy
to Government.

Official Memorandum

In forwarding to the Secretary to the Board of Revenue Copy of a letter from the Collector of Tanjore requesting information as to whether the Salt forms will be printed at and supplied from Madras or whether they are to be struck off at the Collectorate Press the Acting Secretary to Government has the honor to observe that the proper plan will be to supply to all the Districts from the Board's Office blank forms of Statements which are to be rendered to them instead of their being printed in each Collectorate Press. It is therefore requested that with the permission of the Board of Revenue the necessary forms may be furnished to those Collectors by whom they are to be used.

The Collector of Tanjore has been informed

Fort St. George 28th June 1857.

informed that the forms of returns to be rendered to the Board will be supplied to him from their Office and that the Statements and accounts which are to be kept in the Hoozoor Cutcherry and Salt Divisions and the periodical Returns which are to be furnished to him by the local Officers should be printed at his Press. The Board may perhaps deem it proper to issue a Circular to this effect.-

To, J. D. Sim, Esqr.

Acting Secretary to the Board of Revenue, Fort St. George.-

1108

B. No. 1298

From the Collector of South Arcot.-

Submits information regarding the nature and salary of the late Coomky Sheristadar of the District in reference to Board's Proceedings 17th Ultimo No. 835

Sir,

In acknowledging Extract from the Proceedings of the Board of Revenue dated 17th Ultimo, No. 835, forwarding an Extract from the Minutes of Consultation under date 4th idem No. 227, calling for information regarding the nature and salary of the Office of "Coomky" or Assistant Sheristadar in this District, I have the honor to state that the Office in question was, in the first instance, introduced by Mr. Hyde in 1822, with a salary of Rupees 140 a month attached to it.-

2. The situation was abolished in 1828 by Mr. Cunliffe in order to effect certain reductions in the cost of Establishment which had been ordered by Government.-

On

3. On the recommendation of Mr Dent, the Government was pleased, under date 21st March 1834, to sanction a revival of the situation with a pay of Rupees 87-8as-0 which was subsequently raised to Rupees 137½ by the addition of 50 Rupees which was the pay of a Sayer Darogah, whose Office was discontinued and the duties transferred to the charge of the Coomky Sherishtadar. This arrangement took place in 1836 and continued in force till the year 1846, when, upon the abolition of the inland Transit duties, the Board ordered the situation to be discontinued.

4. It appears by the records of my office that Tolasinga Chetty held the post from 1st December 1838 to 31st March 1846 drawing the full salary of Rupees 137-8as-0

5. Altho' there was a Head and a Nail Sherishtadar attached to the Collectors, still the duties of the Assistant Sherishtadar appear to

have been very important ones, as he had charge of the Sayer Department, which was then a laborious one, besides which he used to attend to other revenue matters similar to those performed by the Nail Sheristadar and was frequently employed in settling disputes regarding water and boundaries between French and English Villages.

6. The salary of the office was higher than that of any of the Tahsildars, and as the appointment was duly sanctioned by Government and was of a permanent nature, Tolasinga Chetty would appear to be entitled to the liberal indulgence of Government in regard to counting the period he filled the situation as service towards an increase of salary in his present position.

South Arcot,
Coll'rs Ct Cutcherry,
Punrootty,
4th April 1857.

(Signed) Arthur Hall,
Collector.

Resolved

10421

Fort St. George 26th June 1857

P.B. No. 294
Proceedings thereon
(1108-1169)

Resolved that the foregoing letter be submitted to Government with reference to Extract from Minutes
In Cons: 17th March of Consultation dated 4th March 1857 R.
1857 No. 227.

2 From the Collector's explanation it appears that the Coomky Serishtadarship of South Arcot was originally established in 1822. It was afterwards abolished in 1828 was revived under the authority of Government in 1834, and finally discontinued in 1846 upon the abolition of the Inland Transit duties.-

3. Tholasinga Chetty held the Office from 1838 to 1846 during which period it was a regularly sanctioned and permanent appointment, and the salary attached to it was Rupees 137-8-0 or higher than that of any of the Tahsildars of the District.

4- Tholasinga Chetty will therefore be allowed, under the orders of Government dated 4th March 1857, to count as service entitling him to an increase of salary, the period of his employment.

D.

10422. Fort St. George 26th June 1857

as Coomky Serishtadar of
South Arcot.-

Fort St. George

1112

Bd's No 1933

From the Collector of Cuddapah

Sir,

As a new Fusly will commence in the course of a couple of months and as it is believed that a separation of several talooks from Cuddapah to

Fort St. George 26th June 1857.

to be attached to Kurnool will shortly take place. I have the honor to request that you will obtain the opinion of the Board of Revenue for my information whether it is their desire that the Kanagherry villages which are scattered amongst those of Nellore shall from the 1st of July be handed over to that collectorate.

2. The separation of these villages from Doopaud will reduce the collections of that Talook from taking at an average 1,04000 to 40,000 Rupees a sum much too small for one Tahsildar. In my letter of the 20th March 1856 No 23 I proposed that an exchange of the villages situated to the West of the range of Hills which seem to mark the boundary between Nellore and Cuddapah should be effected with the Venkatagherry Zemindary in exchange for the Kanagherry villages situated to the East of the range. This would require to be effected by

Fort St. George 26th June 1857.

by the Collector of Nellore as the Venkatagherry Zemindary is within the limits of that District by effecting this exchange Doopaud will still continue to be of sufficient extent and Baruz to authorize the continuance of a Tahsildar, otherwise the Collections will be very small. What or whether any thing has been done to effect this exchange I have not been informed. It has been determined in the Minutes of Consultation that those Villages shall be made over to Nellore I think it might be done at once and propose should the Board see no objections that the arrangement take place from the Commencement of the new Fusly.

Cuddapah District
Collector's Office on
Circuit Boolavenallah
18th May 1857

Signed A. Murray
Collector

The Collector of Cuddapah is informed that the proposition alluded to

Ry. No. 220.
Proceedings thereon
1112.13

Fort St. George 26th June 1857.

to in the foregoing letter as well as other arrangements for remodelling some of the Talooks of Nellore have been referred to the Collector of that District for reconsideration and delineation on a Map and until the Board are in receipt of this further report they will not be able to move in the matter.

The Zemindar of Vencatagherry has expressed himself unwilling to exchange any of the Villages mentioned by Mr. Murray:-

2 Nil
Plaintiff
Cheyen Nair Bawa
Pleader

the suit for Rupees 3-6-10 instituted against the Mortgagees Saramel Govinda Menon and his younger brother Ramen Menon of the Tala Kad Deshom and Uravshom in the aforesaid Taluk. On the 9th Magaram 1014 the Plaintiffs elder brother the deceased Ramen Namboodry assigned to the Defendants, Karnaven the deceased Conac Kee Menon on a Kanom or Mortgage of 24 Poram Kadom of 25 old Gold fanams and for a Pattom or Rent of 12 Parahs of Paddy each parah being equal to 8 Mds Leod Seers and one Nayee or 25 measures or Nayees, the Plaintiffs jenum property called Cheriath Pudom Malom land situated in the Talur Karek Deshom on condition that Conarja Menon should pay to Ramen Namboodry as Poraipaad after deducting interest on the mortgage money and Nigady at the rate of 2 in 10 - 1 Parah and 7½ Edangalies of Paddy and 1 fanam for Vaya Kolla or bunch of Plantains. The aforesaid land was accordingly managed by the aforesaid Conarja Menon, and paid the Poraipaad as

as above up to 1018, but failed to do so since. The aforesaid Ramen Nambroodry and Conac Ken Menon are dead. The Plaintiff is Ramen Nambroodry's heir and the Defendent Conac Ken Menons. I therefore pray that the Defendants may be sent for and caused to pay the Poraipaad from 1019 to 1029 at the rate of 2 in 10 Parahs 19 and Edangalies 2/4 equal to new fanams, 19 and Vishams 3/2 and fee of Vaya Kolah or bunches of Plantains up to 1028 fanams 10 total fanams 29 and Vis: 3/2 equal to Rupees 8-5-7 deducting the amount of Kanom and Radoomrenpa Vis: old fanams 29 equal to Rupees 12-4-- the balance Rupees 3-14-5 may be paid to the Defendents and the aforesaid property, the boundaries and extent of which are described below yielding an annual rent of 3-6-10 may be restored to the Plaintiff together with the rent accruing thereon

thereon and Costs.

Particulars of the Boundary

Bounded on the east by the Pudinharedil Parambu. on the South by the fields denominated Kegapadom. on the west by the Attakandom land and on the North by the fields called Kattattah and Cowatha Padom, and measuring the 1st. Square from east to west 22 Roles of 6 feet each and South to North 26 ditto and the 2d. Square measures from east to west 25 Roles, and from South to North 16 ditto. The Marooputtom deed without Signature which was secured when the land was assigned as above to the defendents Karnaven, the deceased Oonni Ken Menon both ends of which are in a mutilated State has been envelloped and held in deposit.

Acting Collector

No. 2.

To The Court of District Moonsiff of Betutnaad.

The answer of 1st Suvanel Govinda Menon, and 2d his younger brother Rama Menon Defendants in Suit No. 156 of 1854.

The following is our answer to the Suit filed against us under the above No. by the Plaintiff Ambalapauery Chagaren Namboodry thro his Vakeels for the restoration of the Chenot Padom Nelom land yielding an annual rent of 3 R. 6 as 10 Pies on the return of the balance Mortgage Money. Viz Rupees 3. 14. 5 from the Poraiyaid.

As stated in the Plaint. I Ramen Namboodry of the Plaintiffs Illom assigned to our Karnaven. the deceased Oonnugen Menon in 1014 a Land of the same description as that shown in the Plaint on a Kanom and Pottom Kadom Chanin of 19 fanams and it

it was managed by our Hurnavee and since his demise by ourselves, but the asertion that the Michiarom has not been paid since 1019 is not true. The Porapaad up to 1026 as shewn in the Plaint has been liquidated.

2 When the land in question called Pachumbara Porathil Seya, was declared by the Sircar to form part of the Jenm property of the late Betuttnaid Rajah, which has reverted to Government for want of heirs, and which is being sold by the Sircar we produced before them the Mortgage Deed under which the land was assigned from the Plaintiffs Illom and represented the particulars. altho we brought these circumstances to the Plaintiffs notice and requested him to settle the dispute regarding the Jenm right, he did not produce any proof. The aforesaid Kanom deed produced by us, was not recognized as valid by the Sircar who proceeded to dispose of the land, deeming this procedure a matter of grievance

grievance to us we purchased among other lands, the Jenm right of the nine in question for the price fixed by the Sircar, Viz: Rupees 20 for which a receipt was first obtained and subsequently a Jenm Deed was granted to us by the Collector, Mr Connolly under date the 19th Medom 1029 corresponding with 1st april 1854 Mr 3 of 1854 in (my) the 2nd Defendants name.

From the circumstance of the boundaries and measurement of the Parambu as given in the said Jenm Deed and the Plaint corresponding with each other, the Court will be aware that the Plaintiff ought to return to us the Mortgage amount of 12¼ Rupees and the Michiarom from 1019 to 1028 and from the fact of our having obtained the Jenm right from the Sircar we are not bound to restore the land to any one.

If the aforesaid land is the Plaintiffs Jenm property he should have established his right at that time by

by means of some circumstantial evidence even if he had not an opportunity of doing so then aware as he was at that time of the sale of the Jenm right by the Sircar, he should have included the Collector of Malabar also as a party in order to settle the question of that right and after ascertaining from the decision that may be come to that there are grounds for commencing this suit done so accordingly. The Plaintiff without acting according to any of the above circumstances, evasively brought this action which there is no doubt should be dismissed we therefore pray that the documents in our possession may be looked into the truth ascertained by examination the suit dismissed and the Plaintiff adjudged to return to us the mortgage and Micharoom money.

Particulars of documents Receipt engrossed on Plain paper granted from the Betutnaad Taluk under date the 15th

15th Dhanoo 1029, corresponding with the 28th December 1853 No 281 of Fusly 1263 for Rupees 1375 paid into the Sircar Treasury being the Jenm value of the aforesaid and 26 other lands has been enveloped and Kept in deposit herewith. The Jenm deed for the aforesaid 27 lands being one, it has not been Kept in deposit, but will be produced when the suit is taken up for trial.

The answer of ambo Pothuwal, Government Vakeel, on behalf of Wm Robinson Esqre Acting Collector of Malabar, 3d Defendant in suit No 156 of 1854 on the file of the District Moonsiff of Betut nad.

The 3d Defendant states that the true name of the property sued for is Padinhare Pootakel Sayee, and that the Government and not the Plaintiff is the rightful Jenm or Proprietor.

The said land forms a small portion of the late Betutnaad Rajahs escheated property during the very great length of time for which the Government Officer refrained

from

10441.

Fort St. George 26th June 1857

from taking any steps regarding this escheat, the Plaintiff might have (as some others have done) colluded with the 2d Defendant who manages some other property of his and fabricated certain writings between themselves with the view of being brought forward at any future period) just when the Government officers commenced to sell the said escheat the 2d Defendant who is well aware of the true facts of the case, has voluntarily resigned the right of Government on the land in question.

He therefore prays that the suit may be dismissed with costs.

Collector

Enclosure No 1.

Draft of an answer proposed to be filed in appeal Suit No. 34 of 1857 on the file of the Civil Court of Chingleput

Answer to Paras 1 and 2.

The circumstances under which the land in

litigation

litigation was rented out by the 1st to the 2d Respondent are fully set forth in the original answer to Plaint No. 1 of 1856 on the file of the Principal Sudr. Ameen. It does not therefore seem necessary to recapitulate them here but it suffices to say that the allegations contained in the appeal Petition are repetitions of the Statements set forth in the original plaint which are more or less unfounded and wanting in oral or documentary proof. The Village of carney is not a large town as represented in the appeal but only a Village containing a few inhabitants and the extent of land allotted for the use of a burning ground is much larger than that assigned for the same purposes in the adjoining Villages of Sydapet and Mambalum &c.

Answer to Paras 3 and 4.

The documents produced by the appellants in support of their claims do not shew that they are the merasidars of the Village, or have been in the enjoyment of the lands claimed by them. They only state that tenders had been formerly made for the same lands, and that the appellants objected to their acceptance by the Collector then as they do now, but these objections cannot be said to estabblish their right to the land in dispute. Case

Answer to Para 5.

Para 5 does not seem to call for special remarks, as the Statements therein made are mere reiterations of those contained in the original plaint, and which have been fully met in Para 1 of the Original answer.—

Answer to Para 6.

The unauthorized sale of patches of ground here and there by the appellants to washermen &c does not confer on the former any right to the waste lands in the Village which are the exclusive property of Government and as such were granted on Cowle by the 1st Respondent. The puttahs alleged to have been issued to them are for Garden lands and not for lands on which they carry on wet and dry cultivation, there being in fact no lands in the Village available for the above purpose. Their names are only entered in the Cymash accounts as being present when the Survey was made, and not as the proprietors of the Soil. The decision of the Punchayet does not at all bear on the matter at issue it having reference altogether to a different Subject.—

Answer to Para 7.

This is also a recapitulation of what has already been advanced and fully met. The 1st Respondent requests

requests therefore that the Statements herein contained as well as those in the original answer may be taken into consideration and that the appeal preferred against him be dismissed with costs.—

/Signed/ C. I. Shubrick
Collector

Enclosure No 2

Translation of an appeal Suit No 34 of 1857 filed in the Civil Court of Chingleput by Vakeels Kistna Row and Soondra Moodelly on behalf of Plaintiffs in original Suit No 10 of 1856 on the file of the Principal Sudr Ameens Court of Chingleput.—

Para 1. The land in dispute and that appertaining thereto constitute the burning ground of the village of Carney, the appellants property. The village adjoins Sydapet and is close to Madras and contains numerous houses inhabited by men of different Castes. These people continue for a very long time to lay their dead bodies in the said ground according to their Sects some burning them others burying them simply, and others again erecting tombs over them.—

2. The 2d Respondent is not justified in renting the said land for his sole benefit nor is the 1st Respondent justified in issuing a Cowle for the same.—

3. The 2d Respondent having, on a former occasion, offered to rent the same lands from the 1st Respondent— The Sydapet Tahsildar investigated the matter and reported to the 1st Respondent on the 25th December 1856 that the exception taken by the Villagers of Carney to the renting of the land on the ground that it was their burial place appeared to be valid on his personal inspection, and that the land could not therefore be granted on Cowle— An Extract of this Report is herein enclosed.—

4. A portion of these lands Mr Arathoon once offered to rent on Cowle from the 1st Respondent— This offer was investigated by the Tahsildar who thereupon forwarded a Report exactly similar to the one above referred to, with a statement taken from the appellant and other Villagers of Carney as to the land being a burning ground— Extract of both of these Documents are also herein enclosed. This

5. This burning ground is on the Southern bank of the Sydapet river which runs from West to East. To the west and North there are gardens held under grants to the east there is the bridge. When the river is not swollen, the disputed lands and those to the South may be used as burning ground. At the time of inundation, the lands quite close to the bank of the river with a portion of the disputed lands become entirely submerged. At this season the dead bodies from Carney can only be conveyed by the usual road to the disputed lands and there deposited. it being difficult to approach the banks on the South or to form a track along the gardens which form the boundaries above described, and there being no other than the disputed lands for the above purpose. Lands of so much importance have now been enclosed by the 2d Respondent on the strength of the Cowle granted by the 1st Respondent and the trees affording shade to those who convey dead bodies have also been cut down. If these lands be thus entirely occupied by the 2d Respondent, how can they be used as burning ground by the Appellants and

and other numerous inhabitants of Carney at the time as the river being swollen when the lands are all submerged. If there were other lands that could then be used as such, the appellants would not have proceeded so far and filed a suit incurring much escpense and by their being deprived of the use of the said lands, a large population of the Village will be escposed to much inconvenience and injustice. The appellants entreat that the Court will be pleased to inspect the spot in person.

6. The principal Sudr ameen states in his decision that the appellants have neither lands to cultivate nor puttahs in their names, and have consequently no right to the Village. This is far from the truth. many lands in the Village have been sold by the Appellants &c to others for building houses, and other

other purposes The appellants &c have puttahs issued in their names— When the Village was surveyed they were not only present, but signed their names as Villagers in the Circar Dymash accounts That they have a right to the Village was established by the decision of a Punchayet in 1851— Copy of this decision is both with the Circar and the appellants who posses also the State ment taken from them by the Tahsildar— declaring that they were the owners of the disputed lands— Under these circumstances it is clear that they are the Villagers when Vakeel Kistna Row was questioned by the Principal Sudr Ameen on these points, he was ignorant of all cir: cumstances bearing on the subject and wasnt therefore able to esplain them.—

7. Taking it for granted that the appellants are not the Villagers, it cannot be supposed that the burning ground is not appropriable by all the inhabitants even those that enjoy no

merasy

merasy, deposit their dead bodies in the river— when there may be no flood and no waste lands on its bank at the time of inundation.

8. If these lands on the bank be rented on Cowle by a party, all prosess a right to take objections to it— It is a right similar to this that the Principal Sudr Ameen has most improperly denied the Appellants. All— these grounds and their willingness to pay annually to Circar the amount for which the 2nd Respondent rented the land simply to avoid loss to Government have been explained, but giving no consideration to them, the 1st Respondent rented it out for the sole benefit of a single individual and to the prejudice of many people. While the— Appellants thus protest against the justice of the land being rented out on Cowles by the 1st— Respondent— The Principal Sudr Ameen most improperly passes his decision that the land is not a burning ground solely on the strength of the Respondents Statement that he had personally inspected it— It is therefore the— Appellants request that the original decision may be reversed and a fair Judgement passed

allowing

10453. Fort St. George, 26th June 1857.

allowing the land to be used as hitherto for the purposes of a burning ground.

The Plaint sets forth that the Plaintiffs are the Meerasidars of Carany, that they allowed certain washermen to build their houses in that Village on a single Cawny of land out of No. 179 which is 3 1/4 Cawnies in extent for which they collect six thumthrums or Fees that, deducting from the remaining 2 1/4 Cawnies 29/128 of a Cawny occupied by prickly pear, the remainder, together with

2 Cawnies bearing No. 180 and 31/128 Cawny of No. 178 and
form the Village burning or burial ground
where the Villagers burn or bury their dead
bodies in place shewn by them that the
river flowing to the south of the two Cawnies
of land No. 180, gradually encroached upon
it, and converted it into pits that in consequence
during the time of inundation, these two
Cawnies and a portion also of Cawny No. 179
being submerged, Nos. 178 & 179 alone are available
as burning ground, and that dead bodies are
taken to ground No. 170 through ground
No. 179 and that it being faced to the North
of gardens there is no other road for them to
pass through than the above land — It is
further stated that ground No. 179 is even and
well adapted for depositing dead bodies, that
of this land 2 3/128 Cawnies is shaded by trees and
that the Plaintiffs hearing that the 2nd
Defendant offered to rent the same from the
1st Defendant some two months ago they prevented

a Petition to the latter stating that the
land in question forms the Village burying
ground and could only be rented, if rented at
all, to themselves, and that they were willing to
rent the same, but that no notice was taken
of their Petition, but that the land in question
was rented out some two months afterwards
to the said 2nd Defendant who occupied and
enclosed it, and that his occupation prevents
its being used as burning ground, and that
under these circumstances the Plaintiffs
pray that a Decree may be passed annulling
the rent or Cowle and denying to the 2nd
Defendant any right to the 2 3/128 of land valued
at Rs. 115, and also to the trees worth 35 Rupees.

In the answer filed by the
1st Defendant it is stated that the Plain-
tiffs do not appear from Bernard Sara-
padyen Pymaish accounts to be the Meerassi-
dars or the Proprietors of the land, but that
they were entered in the said account as

more

mere ryots having no land to cultivate, and paying no assessment to Government, that they were weavers by profession and that in their statement that they are on the receipt of fees from certain washermen, is either unfounded or an evidence of extortion on their part —

That 5 1/8 Cawnies of land were never allowed for the burning ground, there being only 2 7/8 Cawnies entered in the Cymash accounts for the above purpose, that the 2 7/8 Cawnies of land alluded to by the Plaintiffs as forming a portion of the burning ground is entered in those accounts as immemorial waste which was rented in 1839 by the Collector to one Doobliee who being unable to improve it filed a Rajeenamah in favor of Circar giving up the land in question that the Plaintiffs never offered to occupy them, that No. 179 forms no road leading to the burning ground but that a

Separate

Separate path way extends over 2 or 3 Cs of land by which road dead bodies are generally conveyed —

That the 2 3/8 Cawnies of land stated by the Plaintiffs to be the burning ground being reported by the Sydapet Tahsildar to be immemorial waste, it was rented out by the Collector to the 2d Defendant agreeably with the orders of the Board of Revenue, and that on the Plaintiffs applying for the same, the Collector repaired to the Spot and personally inspected it, and was convinced that the difficulty alleged to have been experienced by the Plaintiffs in carrying dead bodies in consequence of the land having been rented out on cowle never existed but were of their own creation —

It is further stated that the Plaintiffs are not the Proprietors of the Soil and that the trees are the property of Government, that they had never agreed to pay the assessment of land which the 2d Defendant offered to rent. That the Plaintiffs feel no inconvenience of any Kind from the 2d Defendant having rented the lands, there being a Separate piece of ground allotted to them for the purpose of

burning

burning ground, and that it being shewn that the Statement made by the Plaintiffs as to the land forming a portion of the burning ground is groundless and inadmissible, the 1st Defendant requests that the case may be dismissed with costs.—

Decree

On a consideration of the Proceedings held in the case the Principal Sudr Ameen is of opinion that the Suit filed by the Plaintiffs is inadmissible.—

Depositions have this day been taken from the Plaintiffs' Vakeel with reference to the 1st Defendants answer. He clearly admits that they have no lands for Cultivation, nor do they Cultivate and pay the assessment of any lands at all in the Village, that they are ready to prove their enjoyment of the disputed land as burning ground only by means of witnesses, as they have neither Bernards Jarapady nor Pymash accounts with them, and that the land was never decreed as belonging to them.—

The terms "Meerasidar" is applied to none but those who are land owners engaged in the purposes of Cultivation. The residence of the Plaintiffs from time immemorial in the

Village of Carany, can only give them right to the building sites occupied by them, but not to waste lands in the Village. Had the disputed land been for a long time enjoyed by the Plaintiffs as burning ground it would necessarily have been entered as such in the Pymash &c. Accounts. But no entry of the kind appears (from the 1st Defendants Statement) to have been made which is admitted by the Plaintiffs Vakeel himself, and which affords clear proof that they could never have enjoyed it as burning grounds.—

The Vakeel states that the object of the Plaintiffs in requesting the Principal Sudr Ameen to inspect the disputed ground in person is to shew him that dead bodies have been interred in the same. It being evident that dead bodies have not been interred there from time of old, recent practice of interment can give no right whatever and the Principal Sudr Ameen never therefore inspected the spot. The Vakeel admits the fact stated in the Defence or answer that the Collector rented out the land on a former occasion to a certain party, but that the latter subsequently gave

gave a Pajuramah. It is clear then that this land was never formerly a burning ground.—

In the face of these proceedings and the Collector's Report that he had personally inspected the spot in question and found that the Plaintiffs enjoy a distinct allotment of ground as a burning place with a clear road leading to it, of what avail would be the evidence of the witnesses that may be summoned by the Plaintiffs.—

The impossibility on the part of the Plaintiffs to produce trust-worthy evidence and the clear admission made by them in their Plaint and by their Vakeel in his Depositions that they have no right whatever to the lands in question, lead the Principal Sudr. Ameen to the belief that the cause of litigation needs no further lengthened investigation.—

The Case is therefore dismissed with all costs as being an attempt to obtain by forcible possession by means of a Civil Suit of what ought to be gained by grace.—

To, J. D. Sim, Esqr
Acting Secretary to the
Board of Revenue,
Fort St. George-

1118

Bd No. 2060 Sir,

From the Collector of Chingleput — 51- I have had the honor of receiving Extract from the Proceedings of the Board of Revenue No 520 of the 13th February last annexing copy of Extract from Minutes of Consultation No 141 of the 5th Instt, relative to the conservancy of the Strahurricottah Jungles and the method of taxing the firewood cut in them and calling for further information required by Government on the points therein noticed.

2- Agreeably with the views of Government, conveyed in Paras 2 and 5 of the Minutes of Consultation under reply, the Jungles have been ordered to be divided into 8 portions, each portion to be cut one year and allowed to remain fallow for the next 7

7 years- The 1st portion will be put up to sale at the beginning of the next fusly and knocked down to the highest bidder without reserve- This will abolish the system of toll taking altogether and place the Jungles entirely in the hands of the renters who will be permitted to cut every thing above ground, but not to dig up the roots.

3- The Revenue Collections of the Strechurricottah Peishcars Division, consisting of 49 Villages for the last 5 years and the cost of that Officer's Establishment for realizing the same, are entered in the margin from which it will be seen that the percentage of the latter to the former is only 5-11 and not 30 per cent as misapprehended by Govt-

x	Collections	Cost
1261	26764-2-3	
1262	21466-10-10	
1263	18880-5-2	
1264	22869-6-6	
1265	19942-13-6	
	112923-6-3	
Average per Annum	22584-10-10	
Establishment at Rs 107 pr per mensem		1290-0-0
Per centage		5-11-0

The Revenue and Police duties of the Peishcar being in no way affected by subrenting the Jungles, the reduction of Establishment imagined to be practicable by Government consequent on the change of system, will be found not to be the case- The Peishcars Establishment is not kept up for the Jungles as supposed by Government, but for the ordinary Revenue and Police duties of the Strechurricottah

Sreehurricottah Division. The tasseing and weighing the billets and faggots were additional duties imposed on his Establishment which will now be changed in all probability to investigating cases of Trespass.

4. Adverting to Extract from a report from Lieutenant Chambers, late Superintendent of the Eastern Coast Canal which accompanied Extract from Minutes of Consultation above referred to, I have the honor to observe that the amount of Toll levied on firewood is by no means 100 per cent of the cost of cutting it, as remarked by that Officer, but only about 40 per cent, which was approved of by the Board and Government in the correspondence noted in the margin under the system of subrenting the Jungles this subject necessarily drops and no longer requires consideration

To the Bd 17th Augt 1854
From Do 26 Oct 1854
To Do 20th June 1855
From Do 22d Augt 1855

5. No restriction of any kind has ever been made regarding the quantity of faggots to be exported as Lieutenant Chambers remark would lead one to believe.

6. The preservation of the young trees enhanced on by Lieutenant Chambers will necessarily follow the introduction of the new system of subrenting and leaving follows

I

7. I do not know what articles Lieut. Chambers refers to in Para 33 as falling under prohibition duties. The different products found in the Jungles, such as dyes, and other articles are all put up and sold by Public auction.

8. With regard to the export tasses on Palmyra trees and charcoal adverted to in paras 34 35 and 36 of Lieut. Chambers' letter, I would beg to observe that they have their origin in the orders of the Zemindar who preceded the Government in the proprietary right to the Jungles. I agree with Lieut. Chambers in the impropriety of their imposition and beg to recommend that they may be struck out of account altogether. The produce of the Palmyra trees is already rented out separate from the Jungle trees which are to be cut down or otherwise disposed of, and when the export is taken off, the trees will be on the same footing as in every other Village in the District. In the same way regarding charcoal the export duty being taken off, its manufacture will be left free as it is every where else.

I believe this letter ought, by

9. rights to have been submitted through the Conservator

of

of Forests under the orders of Government No 1332 dated the 19th December 1856, but as it is in all probability the last of rather a lengthened correspondence which has recently passed through the hands of the Board, I have thought it preferable that they should also be the medium of completing it and allowing the Conservator to take up the questions that may hereafter arise after the present one has been concluded, more particularly as other questions besides those of mere conservancy, have been brought into consideration and which scarcely fall within his Department - such as the separate renting of the Palmira trees and the relief of the duty on charcoal - I trust therefore the Board will be good enough to forward this letter to Government and obtain their orders on it for my guidance, or should they feel themselves precluded from doing so, that they will send it to the Conservator direct instead of returning it to me, as the most effectual way of saving any further

further loss of time -

Bd No 2077
From the Collr of North Arcot
Forwards for the

Sir,

Para 1 - I have the honor to forward for the

Fort St. George 26th June 1857

The consideration and orders of the Board, copy of a letter this day received from the Acting Additional Sub Collector, Mr. Banbury on a subject on which orders have not been received, but which it is understood the Board have submitted for the consideration of Government Viz. the extension to the Northern Talooks of this District of the Punchayet System which in my letters of the 31st January and 2d February 1857 I advocated for the purpose of effecting the reclassification of the Southern Talooks.

The consideration and orders of the Board, copy of a letter received from the acting Additional Sub Collector, Mr. Banbury, on the subject of the extension to the Northern Talooks of North Arcot the Punchayet System of reclassifying the lands.

2. I had, before the receipt of Mr. Banbury's letter, addressed him on the subject in reply to a requisition that I should place at his disposal the summons of the Northern Talooks for preparing the accounts necessary for the introduction therein of the Punchayet system — copy of this letter is transmitted.

3. The Board are aware that my advocacy of the Punchayet method of reclassification was confined to the Southern Talooks, and that the suggestions of reclassifying the lands there arose from the impossibility of effecting an equitable reduction by applying the proposed new rates to Mr. Nisbett's classification.

I considered and still think it was the

Fort St. George 26th June 1857

the most equitable and most expeditious method of proceeding, but I did not contemplate its extension to the Northern Talooks where reclassification is unnecessary.

I have quoted at length in my letter to Mr. Banbury the opinion of my predecessor, Mr. Bourdillon, on this point and in conformity with those views, I always, in framing the schemes of revision, submitted by me, endeavoured to adhere to the principle of meddling as little as possible with the existing classification in those Talooks.

* Mr. Banbury has in his letter to me quoted the same passage

The Punchayet system were not proposed by me with a view to equalize the rates in the different villages. It was advocated solely to remedy in each village the defects of Mr. Nisbett's classification. It was shown by the statements, which accompanied my letters above quoted, that by the application of the proposed new rates to Mr. Nisbett's classification some of the lands of a village would obtain 40 or 50 per cent reduction on the present assessment while on other lands in the same village the assessment would be actually raised.

4.

5. With reference to the extension of the Punchayet to the Northern Talooks a most important

Fort St. George 26th June 1857

important consideration is the very great delay it would undoubtedly produce — while on the other hand the modification in the last Scheme submitted for the Northern Talooks which the Government directed in their last orders on the Subject, could be carried out with facility and despatch —

Extract Minutes of Consultation 20th February 1857

6 I would beg therefore most earnestly to recommend that if there be any intention of directing that the Punchayet method of reclassifying the lands shall be extended to the Northern Talooks, that it be reconsidered and that it be ordered that the recent directions of Government regarding the Rates for the Northern Talooks be at once carried into effect —

North Arcot

To,
Charles W Whittingham, Esqr
Collector of North Arcot

Sir,

Although the period of one month, the term appointed by the Board for the submission of my progress report in this

Fort St. George 26th June 1857

their Secretary's letter dated the 18th Instant has not yet expired, still as I am to shew what difficulties are likely to be met the carrying out the revision, I have the honor to bring to your notice previous to my monthly report a most important feature in the introduction of the revision and concerning which I should be glad of your opinion — I alluded to the proposals for Punchayets to be held for completing the revision of the assessment in the Northern Talooks —

2 — The question first came under discussion when the head Sheristadar pointed out to the Board that although the mean rate per cawny of the four Talooks of Chittoor, Chendragherry, Sautgheer, and Trivellum might be reduced as recommended by Government in para 5 of the Extract Minutes Consultation dated 20th February 1857 still as differences existed in the mean rate between village and village in the same Talook, all Ryots would not be equally

equally benefitted - Some paying higher than the average Talook rate, vide accompanying Statements - and that a Punchayet must either reconcile these existing discrepancies or Shew us that they are fair by passing and approving the rates of each taram and the plan has. I hear from the Shristadar, been submitted by the Board to Government for consideration - I confess that to me the evil Seems merely Chemerical - differences between the Several village mean rates must necessarily exist, and I trust to be able to explain that neither the Punchayet nor Ryots consent are requisite for the completion of our task

3. Should the Government deem the Punchayet necessary on perusing the papers laid before them by the Board I would defferentially suggest that the Subject be reconsidered - I make this application upon the following grounds - 1st That the delay occasioned will be so great the we cannot introduce the revision throughout the District in the ensuing fusly

4 That

2d That the end desired will not be satisfactorily gained the money about to be spent upon the project Should be taken into consideration -

3d That the Scheme affords but too favorable a field for corruption and bribery and 4th That there appears no actual necessity for the measure -

4 - As regards the first point I have, after due consideration, come to the conclusion that taking into calculation the moving from place to place one Talook cannot be settled under a Month - this is what we now consider a fair limit, but when the project comes to be actually carried out it is most probable that what with the monsoon the absence of Cummums and villagers, the readjusting their proposed rates which are sure to be lower than one Sanctioned per Centage, and other unforeseen circumstances

circumstances that a Talook will take much longer than the period above mentioned thus saying were we to commence on 1st July (the Government orders not having yet reached us) the 8 Talooks would be completed by about the end of February or if all goes on favorably perhaps a little sooner the project would then have to be submitted for approval and it is doubtful whether even for the Northern Talooks the revision could be introduced for fusly 1267 — In the mean time the work to be done in the Southern Talooks being of a similar nature and equally requiring my personal attendance, would have to be discontinued and their revision hang over for another year.

5— As regards the second item — The end sought for & the abolition of the existing differences between

between the mean rates of Village and Village in a Talook, these must ne= =cessarily exist as in a Village where there is much highly assessed rich Nunjah land the average rate per Cawny must Naturally be higher than that in which the Nunjah land is poor and lowly assessed the Punchayet will not, nor is to be desired that it should assimilate the rates between Village and Villages, the only end gained will be that they assert the tirvah to be fair after making alter= =ations as they think proper and I trust when noticing the fourth point I can shew that we do not require this conformation of our proposed rates on the part of the Ryots - As regards permitting the punchayet to alter the discrepancies existing in the productive qualities of the land which doubtless are to be found in our present System, I may bring — to no= notice the Boards remarks in para 6 of their proceedings dated 21st June 1856.-

1856. that "The introduction of a Correct and uniform system of assessment will follow the com= =plication of the proposed revenue Survey" it is consequently worthy of consideration whether the proposed settlement by punchayet will not interfere with this more secured and correct system now in contemplation. it will at last occasion difficulties should the Revenue Assessors deem proper to raise the assessment of any tarams which the Punchayet= =dars may have reduced below our present standard. The obtaining assent of the whole of the Ryots is in fact impracticable, as the poorer members of that body would not leave their cultivation to attend the punchayet and many would necessarily be absent from unavoidable causes. As regards the expence it will certainly be considerable and I would call to mind that the additional Sub Collector and the extra establishment was sanc= =tioned for two years, one of which has

has nearly expired and much remains to be done in this remaining por= =tion even if the scheme for the northern Talooks were already approved of.

Forwarded 23d Oct. 58.

6. The 3d point is one also worthy to be considered, the Ryots and Punchayetdars will be assem= =bled at my camp the remission Establishments, servants most of whom are temporarily employed will have free intercourse with them which cannot be prevented and I fear that when so important a subject as the settlement of the amount of teerwah to be paid on each taram comes under dis= =cussion the under hand dealings will be very great and the Ryots, the Majority of whom appear to entertain an idea what they must pay for any boon however slight will in the present instance give to the utmost of their means. I have had an Istiar prepared setting forth that Government mean to be liberal

in

liberal in their remission and that money paid will do no good whatever, but still until the mass of the people are better educated and more enlightened they will think it right to give some thing as their forefathers did in days gone by - when much land belonging to influential Ryots or Managers happens to be in class they will doubtless prevail upon the punchayetdars to assess lightly that particular taram and neither I nor the Sheristadar could possibly check all this trickery with so much work on our hands. -

7. I have explained in Para 5 that the only end gained by the Punchayet is the Ryots consent and approbation that such and such Tirvah is fit for such and such taram, and I now proceed to shew that this does not appear essential. The Ryots cry hitherto has been that our assessment is universally too high nor that my neighbours field is no more lightly assessed than mine,

or

or that land in such a class is taxed comparatively higher than that in another, there have been no complaints under this latter head and the Ryots have paid the tirvah of the tarams to which their lands fell not willingly owing to its undue heaviness but still finding no fault with the classification, if then, we apply our modified rates agreeably to the well digested scheme of Government to that classification which has hitherto held good and been deemed fair, I urge that we benefit the Ryots as is intended that they have no reason whatever for being discontented or complaining. Discrepancies as to the productive qualities of fields do very probably exist but in what District are they not to be found and would they not exist after the punchayet. are questions also to be considered. I would in confirmation of the above bring to your notice part of Para 38 of Mr. Bourdillon's letter to the Board dated 23d. October 1854 in which it is thus stated "as to the mode of applying the reduced rates. In the Northern Taluks the lands have been regularly classified and

and on the whole though not free from errors I am of opinion that the classification is very tolerably correct I certainly think it would be inexpedient to meddle with it now, I think that as a general rule the existing classification should be adopted and that the new rates should be applied to it "It may be answered that the Punchayet will not alter the classification, it is true it will not alter the number of the tarums in each Village but it will virtually destroy the classification by remodelling the assessment, thus altering the proportional differences between the several tarums and in some cases making a hitherto low tarum pay more than the one above it thus "meddling" with the classification which Mr. Bourdillons wished to avoid. The subject of the variations in the mean rate per cawny between Village and Village in one Talook was never even mooted during the progress of the South arcot revision. The classification of the 10 Hooloos Talooks in that District was I should say not more correct than that of the Northern Talooks in north arcot but although I did the Jamabundy of 6 of the Hooloos Talooks after the introduction of the reduced

reduced assessment, I never heard a murmur regarding certain classes been more favored than others the consent of the Ryots was not asked. The boon which Government thought fit to give was communicated to them and very ready were they to accept it.

8. Should these representations meet with your approval and should the higher authorities also concur therein. the few alterations and modifications ordered by Government in their Minutes of Consultation dated 28th February 1857 might be adopted and the Scheme be very shortly resubmitted for Sanction I could easily make the necessary local enquiry for the transfer of lowly assessed Nunjah below two Rupees to its proper class either in Punjah and Nunjah and the Scheme for the Northern Talooks which has now so nearly met the approbation of Government would be finally and speedily settled, without the delay and recommencement which the Punchayet would cause For the Southern Talooks the case is different the difficulties and discrepancies are so great that the Punchayet appears the only available resource, the Heristadar and myself have

1485 Fort St. George 26th June 1857

have only the Punchayet of the 5 Southern Talooks on our hands we can trust complete the whole District in time for the application of the new rates— nesct fusly.—

9. Upon again discussing the subject of the Head Sheristadar we both agree as to the advisability of the Punchayet for the Southern Talooks, he admits the escistance of the difficulties pointed out by me as regards the measure for the Northern Talooks and states that he personally represented to the Board that if the higher authorities do not object to the differences of the mean rate per Village in the same Talook or desire that the Ryots should confirm those rates by their alterations and approval there is no necessity whatever for the Punchayets and the few modifications required by Government in their Min: of Cons. dated 20th Febuary 1857 can be at once applied. I would finally beg that orders on this point whether of assent or dessent be speedily given as, as the annual Settlement will now soon be completed thus favoring the progress of the revision; and as much has to be done within the nesct year every day is of consequence.—

No. 335.

To
G. Banbury Esqr.
Acting Additional Sub Collector of
North Arcot

Sir

Para 1. I have the honor with reference to your letters of the 15th & 23d Instant Nos 12 and 16. to state that it appears to me on consideration, inexpedient to anticipate the orders which you state will most probably be soon received from Government to extend to the Northern Talooks, the system of Punchayet for the settlement of the rates which I advocated for those of the Southern part of this District.

2. The presence of the Curnums in their Villages is at this time urgently required to facilitate the collections, and as in many instances, the Curnums have no Gomastahs or copartners, I fear that any general order on the subject, tho directing these last only to attend on you might result in leaving some Villages without any accountant to the serious detriment

detriment of the public business, I would therefore suggest for your consideration whether it would not be advisable to wait till the orders of Government are received before any steps are taken in the matter, as far as regards the Northern Talooks.

3. It is true that similar inconveniences are experienced in the Southern Talooks, but there, a reclassification was a necessity, and the Punchayet system seemed the most equitable mode of effecting it. and as such I advocated it. That the classification in the Northern Talooks also needs no much revision, has been shown by my predecessor Mr. Bourdillon, who in para 8 of his letter to the Board of Revenue dated 23d October 1854 No. 127 stated, "In the Northern Talooks, the lands have been regularly classified, and on the "whole, though not free from errors, "I am of opinion that the classification "is very tolerably correct. I certainly think "it would be expedient to meddle with it "now. I think that as a general rule "the existing classification should be adapted

"adapted, and that the new rates should "be applied to it". On this principle, the two schemes framed by me for the Northern Talooks were founded, and in neither instance, in which the Government directed a modification of the schemes submitted, was the correctness of the principle of adhering to the present classification questioned. I am therefore unwilling to anticipate that Government will now direct a departure from that principle, and will desire to extent unnecessarily to the Northern Talooks, the Punchayet system with its inherent evils, and inevitable delays.

(1120-21)

Palmanair
29th May 1857
Bd. No. 2200
Proceedings thereon
Issuing instructions to the Collector with regard to the classification and assessment of the Northern and Southern talooks of his District being conducted by Punchayets.
Jn. Cons. 30th. July 57

/Signed/ C. Whittingham
Collector

In para 7 of the Collector's letter of the 28th February 1857 it is stated as follows.—

"There are several other subjects connected "with the revision of the assessment both in the "Northern and Southern Talooks which if the "Board have leisure it will be very convenient that the Head Sheristadar should "bring to their notice, and he is fully prepared

prepared to do so"

2. Accordingly when the Sheristadar attended on them, the Board invited him to state what he might have to say in regard to the Northern Talooks. In a Memorandum which he delivered in consequence it is observed that unless a reclassification by Punchayetdars is allowed "no justice can be rendered to the Ryots of the Northern Talooks."

3. It is with surprize therefore that the Board now learn from Mr. Whittinghame that the extension of the aid to be given by Punchayets to the Northern Talooks was not contemplated by him.

4. An inequality in the mean assessment may certainly prevail between a Village and Village, and prevail without involving any hardship; because the lands of some Village may be much superior to those of others. For the same reason a difference in the mean rate of assessment may exist between talooks without any real inequality of burden; but the Government have directed

directed that measures shall be taken to equalize the mean rates of the Talooks on the ground that there is no important difference in the soils; and in like manner Polasinga Chetty the Head Sheristadar prefsed upon the Board that there was no sufficient reason for the discrepancies between the mean rates of Villages, and that if it was thought expedient to equalize the mean rates of Talooks, it must be considered necessary to extend the enquiry to Villages. Nothing can be stronger than the language used in his Memorandum "unless the above course is followed (enquiry by Punchayets) no justice can be rendered to the Ryots of the Northern Talooks."

5. After such a representation the Board, not without reluctance on account of the delay which might be occasioned, submitted the suggestion for the consideration of Government with their support. And Government though the Board admitted that the Ryots would receive a fair measure of relief under the arrangement as it then stood, thought fit to sanction the use of Punchayets.

Proc. Govt. 30th March 1857 ¶ 61, 62

Ft. Govt. 3rd in Cons 10th June 1857

Fort St. George 26th June 1857

6 Under these circumstances the Board feel unable to direct that Punchayets shall not be used in the revision of the assessment of the Northern Talooks without more precise information than is now before them. It is true that Mr. Bourdillon stated in Para 3 of his report of 23d. October 1854 that the classification of the Northern Talooks is very tolerably correct and that it would be inexpedient to meddle with it and an opinion from such a quarter is deserving of much consideration, but it is equally true that Mr. Bourdillon expressed a favorable opinion of the classification of Mr. Nisbet for the Southern Talooks which Mr. Whittingham has found it quite necessary to correct by means of Punchayets such being the case when the Head Sheristadar of the District informs the Board that no justice can be rendered without correction of the classification of Villages they deem it necessary to direct that the subject may be further enquired into. Mr. Bamber should call upon Talasinga Chetty to shew by the example of one or more Villages what he meant by stating that a correction by means

In Con. 11th July 1855

Fort St. George 26th June 1857

means of Punchayet was necessary in order that the Ryots might receive Justice and after ample investigation should form an opinion as to the sufficiency or otherwise of the present classification. It was not the original intention of the Board that Punchayets should sit

Fort St George 26th June 1857

sit on the classification of all the Villages of the Northern Salooks, the mean rate of which was to be reduced, indiscriminately but only where the revising Officer might from the complaints made to him or for other reasons think it desirable to revise the classification of a particular Village.

Sir,

In Appeal 1st June No. 124
From Dy. 1st Dy. No. 89.
Do. Dy. 4th Dy. No. 129
From Dy. 4th Dy. No. 76.

Paras. With reference to the papers noted marginally, I have the honor to submit the accompanying letter to my address from Messrs Cammiade, Martin & Co. on the subject of a desired change in the Wholesale System observed at these stores, and on the substitution of a plan to give the Merchant his full due for the

value

value paid less the Discount observed in all Mercantile transactions.

2. As the proposed alteration is in support of a general principle not hitherto recognized or acknowledged by the Salt Rules, they may not be deemed intrusive in submitting the following observations.

3. The 11th of the Salt Rules directs that "Wholesale Dealers, who are willing to purchase Salt by the heap, taking it as it stands and the next in order of sale, shall be permitted to have it at the rate of Rupees 11 8 Ps Garce, or 6 Rupees 80 below the Established rate," and the 21st of those Rules enjoin that not "any inducement whatever shall be held out to them to resort to one place in preference to another."

4. The sales were until 1848/49 restricted, in Madras, to that for Home consumption and Export by Sea, and then for the first time Madras commenced to retail Salt for Inland consumption — The wholesale for Inland Trade commenced in 1851/52, and was continued, with frequent & intermissions, in the three following years, as the Manufacture and stores did not

not keep pace with all the demands for Inland consumption — In such intervals, the retail sales for Inland consumption continued, but the bulk of the supply for the Inland Trade in these intervals, took place Wholesale from the Chingleput Pans and stores.

5. An uninterrupted wholesale for Inland consumption has however continued since 1853, as Madras has had, in Manufacture and store more than sufficient for the demand of 1/4th of the entire Presidency — This was done at the expess order of the Board to have always on hand Salt sufficient for two years supply, and it was thought could easily be got off when the long expected junction with the Railway would, ere this, have been effected. The quantity on hand was never however so large as it was at the period of the gale in November, or 9½ Lacs of Indian Maunds.

6. The †gale of November 1856 swept over the level of the new Platform, and the heaps in which it was most evident that loss had been sustained, were marked, the estimated loss recorded and

† Note See letter to Collr 24th Novr/56 No 243. Store at the Gale was 708 heaps Loss was Estimated on 150 * Loss not apparent & therefore not Estimated on 218 heaps.
* only 45 of these were recommended for immediate retail sale the loss on which was 9 per Cent. See letter to Coll: 9th Jany 1857 No 10.

and sanction requested for the immediate disposal of such as gave indication of wastage above 20 Indian Maunds - The whole sale then temporarily ceasing to admit of more readily disposing of the largely damaged heaps - The heaps which had been partially injured by the leaves having been blown off, and those in which 20 Maunds of wastage was not clearly discernible, and wherever the approximate loss could only have been ascertained by entirely taking off all covering, were not taken into that account.

* See para 9 of letter St Coll: 24th November 1856 No 43.

7- The first of the existing stone amounting to 9 Lacs was laid down so long ago as May 1856 or 13 Months ago, and what with the Rains in May, July & August and then in October, added to the November gale, to the ground having been raised the previous years, not from substantial or clay Mould. but mostly from Silt, and dust and from the accumulation of the latter for years; and much of the new Platform never having been so previously used for storing purposes a large, but not unusual wastage in very many of the heaps must at this late period be experienced on

† Stock 1st June 1857 Salt of 20 Mds
July 1855 - 512,680.
July 1856. 382,495
895,175.

on outturn, sometimes to the extent of 70 Indian Maunds, the collapsed state of the covering and on the sides not however giving outward indication or reason to suppose that there would be 30 Indian Maunds on an average at this date, or 10 Maunds in excess of that apparent in November 1856. but which may probably increase in the ratio of the further period in which the heaps are still kept in hand before their turn of sale shall arrive.-

8- Messrs Cammiade, Martin & Co complained to me in repeated instances of the short outturn of many of their heaps and the Native Wholesale purchasers also did so, but as the Rule had been laid down for a regular course of sale, which is that the heap first stored out of those on hand should be given in consecutive order to the first comer or purchaser, that Rule was deviated from only when the stone approached too near to be safe at the place of sale. when after this ceased to be the case, I reverted to the spots in which I had temporarily ceased allowing heaps.-

In

9

No 124. In my letter of the 1st June I laid two requisitions respectively before you—Messrs Cammiade, Martin & Co objecting to 10 Lines on the new Platform and asking for heaps from lines in which there was a fair & return for their payment, and the Native Merchants asking permission to take their heap of Salt from the dunghill now 12 months in store, and stating their intention & otherwise of proceeding to Summanjery in Chingleput—The outturn of the & first heap which you allowed to Messrs Cammiade, Martin & Co out of the usual course, as a special case, was from that spot, or the heaps from the dunghill Platform but it was short, and the inspection of the next, even covered as it was, led to much hesitation on their part, and after the covering had been taken off at my & suggestion, it enabled a fair estimate of probable wastage to be formed—They, as well as the native Merchants now believe that very many of the heaps on each of the 22 lines now remaining on

on that and the old Platform must be similarly affected by the unusual time they have remained in store, added to the effects of the gale last November and have distinctly stated their determination to purchase no heaps unless there is fully 1200 Indian ℔ Maunds with but an ordinary wastage.

10 In support of their argument Messrs Cammiade, Martin & Co urge that, in all Mercantile dealings in wine, or goods of any description, the full quantity agreed upon is actually delivered to the purchaser, and the Discount is taken off in the amount paid for by the wholesale purchaser or for large purchase—It was attempted to be proved by me, as was urged by Mr Cunliffe also, and I believe it was your own, and the & general opinion, that the five per cent allowed by Government is for wear and tear to cover & wastage - to pay the expense & which the Government would otherwise have to pay in Supervision and Establishment and in Measurers, if they retailed the heaps; but, on Messrs Cammiade, Martin & Co & asserting their readiness to pay all their proportion of this if Government observed

observed the general principle of Trade, it suggested itself to me that, in the present delemma, and as it would be impossible to remeasure or reform the heaps as they now stand close together, and in regular lines, some such or other mode must, I humbly think, be adopted.

11. I have already pointed out, in my letter of the 4th Instant No. 129, that neither Messrs Cammiade, Martin & Co nor the Native Wholesale purchaser can have the last of the 319 heaps of Salt of Tuty 1265 now piling (if continued to be given in the usual course) before two years more elapse for there are 426 heaps of Salt of 1265 first to be got rid of — The Wholesale purchasers could obtain, as I stated, heaps piled at Sameerjerry within the last two months after purchasing about twenty remaining out of those of last year — I therefore suggested that the inducement which is in this way held out to the wholesale

wholesale purchaser for getting his full value for the money he pays at Sameerjerry, should be counteracted by some similar inducement being allowed to him here, for without some such plan being adopted, I felt that the channal of the Salt Trade would be diverted out of the usual course, and that all the Carts arriving at the Town of Madras would be taken up by Wholesale purchasers to receive their supply of Salt not from this store, which adjoins the Cart stand, but from Samunjerry, 10 miles away in the Chingleput District.-

12. In personal communication with you at this store last evening, some plan to the following effect was, under all these circumstances, suggested, to meet the present exigency and to satisfy the complaints of Messrs Cammiade Martin & Co as well as the Native Wholesale purchasers.-

1st In every instance in which a Wholesale purchaser of Salt may decline to take a heap next in order of sale upon the plea of unusual Wastage he shall deposit

the

Fort St. George 26th June 1857.

the sum of Rupees Seven in payment together with the value of the 1200 Indian Maunds purchased for Rupees 1140, to meet the expences of measuring, for additional Servants and Peons, and inclusive of one Rupee Fee to the Superintendent - A distinct account to be kept of such receipts and of disbursements therefrom under the signature of the Superintendent and the wholesale purchaser, who shall receive back any balance that may remain over at the close of the Month.

2. The heap shall be measured and in the event of the outturn being less that 1240 Mercals, or 1200 Indian Maunds the quantity to make up that standard shall be allowed without any further payment from the wholesale purchaser, upon his receipt countersigned by the Superintendent out of the heap which may be open on Retail by Government.

3. In the event of the Wholesale purchased heap yielding upon outturn an Excess, or more than 1200 Indian Maunds, any such excess shall be credited to Government - the object of this rule being to prevent unnecessary objections

Fort St. George 26th June 1857.

objections being raised by Wholesale dealers.

4th The above course to be applied in special cases only, in which the Salt may have been in store for a longer period than Nine Months when it may have received more than usual damage during a flood or heavy gale in the Monsoon, and when the Superintendent of Salt, or his Superior the Collector, is satisfied after personal inspection, as in the present instance, that spite of all ordinary precautions unusual wastage has occurred.

5th In such measurement when the outturn is below the standard of Wastage which may be fixed by the Collector or the Superintendent of Salt the Native storing and selling Servants will be liable to the penalty laid down in the 16th of the Salt Rules unless they can satisfactorily prove that the excess Wastage has arisen from unavoidable circumstances.

13th I beg to state that the tenor of these suggestions have been concurred in by Messrs Cammiade, Martin & Co as well as by most of the Native Wholesale Dealers, and that I estimate the Wastage now at 5 per Cent. allowing

Fort St George 26 June 1857.

allowing ½ per cent in addition for every consecentive Month following this Month (June) until the 626 heaps thus remaining of July 1265 may be sold off With integrity on the part of the Establishment, and with fully good measure struck to the brim in the supply to the wholesale purchaser, I do not see reason to apprehend that the average wastage will exceed Five per cent; - lent for more competent authorities than myself have given their opinion, and experience has proved that the most accurate measurement will differ three per cent. and that there is no regular set of paid Measurement that those we employ are so paid according to the quantity they measure.

Madras Cutcherry, 6th June 1857. } I Signed R. P. Campbell, Supt. of Salt

No. 2

To R. P. Campbell, Esqre
Superintendent of Salt
Madras.

Sir,

6th June 1857. We have to address on the subject of the deficiencies lately experienced on receiving Salt from the Colaurs as agreed on yesterday afternoon

Fort St George 26 June 1857.

afternoon during a special examination of some of the heaps by the Collector (Mr Cochrane) and ourselves and beg you will do us the favor of forwarding it for orders as soon as possible as that those in authority may come to an early decision as to what is to be done to render justice to ourselves and those purchasing Salt by wholesale from the Depôts under your charge.

You must be aware that since January last we have been constantly complaining (in a private manner) of the short and irregular outturn of the different heaps taken by ourselves and which is evidenced by the Rowannahs which you have granted and we have only delayed refessing the subject to higher authority in the hopes (which you held out to us) that those heaps which had been more especially damaged by the storms in November and December, would have been disposed of at an early date and that ere this we should have reached a range of such heaps which were supposed to have sustained little or no injury and thereby give general satisfaction. But from actual results it is shewn that of late the heaps taken by ourselves have given an out-turn of sometimes 5 and even 6 8% below the standard quantity and from inspection and examination yesterday it was seen

10515

Fort St. George 26th June 1857.

seen that there were still some two to three hundred heaps which positively bore the marks of great wastage and others again of a doubtful appearance, in fact, as suggested at the Cotaurs, the whole of those heaps which had been stacked prior to the storms alluded to, had been somewhat similarly affected.

We seek for no special indulgence,—We only ask for our money's worth, and you must be aware that the heaps which are ready for delivery and next in order of sale are for the greater part, if not all, a good deal below the standard quantity, and we feel sure that an expose of the whole affair, and the circumstances in particular which have been the cause of such wastage in the heaps, will be sufficient for the authorities to grant you permission to sell from those heaps which have been stored since November or allow you to sell the damaged heaps for the value of their actual outturn, or again to cause the damaged heaps to be reformed and delivered in the regular order of sale.

Waiting an early answer,

I Signed Commiade, Martin & Co.

1127

B. No. 2368-
From Messrs. Commiade Martin & Co.

We beg to request you will submit, for the orders of the Board, the enclosed Memorandum containing observations connected with our letter on the Salt question—

Our Chief object in making this Representation is to try and carry out, as far as practicable, the expressed wishes of the Board, to adopt such measures as are most to the advantage of the general Consumers—If the System of delivery is altered it will inevitably increase the price of each heap by 60 Rs. and the Change would not certainly meet their liberal views—

Madras
18th June 1857

I Signed Commiade Martin & Co.

The

Fort Saint George 26th June 1857.

Memorandum.

The practice of late introduced in the Madras Colaurs of keeping always on hand 2 year's supply of salt, must inevitably increase the proportion of wastage and alter the position of the wholesale dealers. The salt Rules were framed at a time when salt stored each July was sold partly the same year, and the rest early in the next. Under this arrangement a discount was allowed to wholesale dealers - although it was not expected that every heap would yield 4240 Maracals yet it was known to the purchasers as well as to the Rulers that the outturn of a number of heaps would give the Merchant the benefit of a large share of the discount. The Rule is still in force, but the practice is altered. The salt now on hand has been 15 months in store and it will take another 8 or 10 Garce months at least before the

Fort Saint George 26th June 1857.

the 430 heaps are sold and removed - in the meantime they are Covered with leaves now entirely decayed and will have to stand the influence of 2 Monsoons S.W. and N.E. which will no doubt greatly increase the wastage, especially if they are not Covered with new leaves.

Under any Circumstances there must be a wastage on salt increasing in proportion to the time it is kept in store admitting that it will be only ½ per Cent monthly - Before the wholes of the 430 heaps is sold it will be 20 or 24 months in store. Hence a deficiency of 10 to 12 per Cent must be experienced in each heap. To meet this diffiently it is proposed to ascertain the present wastage in some of the heaps and to allow the wholesale dealer Compensation for wastage above 5 per Cent. To this arrangement

there

there are several objections Vizt.-

1st. The account so taken will only certify present wastage which must be altered in 2:3or 4 Months what that may be with heaps, not secured with proper Covering, it is difficult to say; but certainly the wastage then will be greater than what it is now-which will lead the additional loss-

2d. By the plan now proposed wholesale dealers purchasing from the Madras Golauns will not receive the same quantity of salt as those who Resort to Sunangery, Coneelong, Alamparna and other salt pans from whence salt is Carried for Inland Consumption - Something must be done to secure the interest of all parties without giving undue advantage to one over the other. —

The

3d The arrangement now proposed is objectionable because it bears on the face of it a departure from old usage and does not meet the Requisition of the Salt Rules which provides that "Salt will be delivered to wholesale dealers at Rs. 1 1/4 per Garce or 6 Rupees below the estab-lished Rates-" they distinctly shewing that it was intended to confer some benefit on wholesale purchasers-

It is unnecessary to urge any more objections, but merely to Refer to the Extract Minutes of Consultation dated 26th June 1856, which enters fully into the Subject and Recognizes the principle of allowing wholesale dealers, engaged in Inland Sale terms, more favorable than to Retail purchasers-

Madras 18th June 1857 } (Signed) Commiade Martin & Co.

Proceedings

B.P.P. 2210
Proceedings thereon-
(11.26.28)

The above Correspondence refers to the outturn of the Salt heaps now on sale at the Madras Depôt and the Remission allowed for purchases by the heaps

2 The gale of November 1856 swept away the "new" platform at the Depot and caused great injury to the heaps stored thereon- Those which had evidently suffered most were set aside for immediate sale, the sales by the heaps being stopped until they were disposed of.-

3. The platform moreover having been recently Constructed was not properly Consolidated and this has proved a further source of wastage-

4. From these Causes Combined the outturns of a large number of the heaps now

now on sale shows a ready rate of wastage and purchasers by the heaps Complaining of the authorized remission being insufficient.-

5. Messrs Commiade & Co urge that the 5 per Cent Remission is in reality a discount for large transactions- This however is quite a mistake- It is simply a special Remission of duty allowed in Consideration of Government being saved the expense of measurement, of fraudulent practices by the measurers being prevented, and of wastage being Covered by the allowance- There can be no doubt on these points, for such heaps are never Remeasured, and as no allowance, beyond the 5 per Cent Remissions, is made for wastage which must occur in every heap, the purchaser must bear the loss, whatever it may be, out of the

the Remission, being the alternative of buying by the Maund if he pleases, which is in fact the Rule, that of Remission on purchase by the heaps the exception- It is clearly an error therefore to suppose the 5 per Cent to be the "Commercial discount on a wholesale bargain-" The Collector will explain this matter to Messrs Cammiade & Co-

6. Messrs Cammiade & Co have even urged that the Rate of Remission should be raised in the Case of Salt which, under the new Rule of keeping 2 years supply on hand, has been in store for a long limited period- If the Request of Messrs Cammiade & Co is limited to this simple plea, the Board Consider it Reasonable- When the Remission was first fixed

so

so large a stock of Salt was not generally kept up, and wastage no doubt increases in the 2d and perhaps also slightly in subsequent years-

7. It may therefore be necessary to Reconsider the matter in this view, but this will require time as the Board have no data before them, and the heaps now on sale at Madras would not afford a fair means of forming an average as they have suffered greatly from Special Causes-

8. To meet the present emergency they Resolve to instruct the Collector to set aside the heaps objected to, the number of which is not stated clearly and Reserve them for Retail sales and exportation- Retaining them if necessary, and taking other precautions to prevent

prevent undue wastage Contenning to occur, as if the Collector thinks it desirable, they should be Remade into heaps of the proper quantity-

9- Sales by the heaps can proceed at once from the heaps stored since the 9th of November 1856 on the terms prescribed by the Rules, and of Course all purchases by the heaps, besides Messrs Cammiades, Can have this advantage-

10- The Board Cannot at Present Consent to the plan proposed by Mr. Campbell which involves a departure both from the Rules and the principle on which the Remission is allowed- The Concession now made appears to the Board to meet every reasonable claim, and purchasers must be left to judge for themselves

10525 Fort Saint George 26th June 1857.

themselves whether it best suits their interests to purchase on these terms by the heaps or by the maund-

11. There are some parts of Mr. Campbell's letter which require the Collector's attention-

12. In para 5 he seems to be under the impression that the storing of 2 years' supply was determined on in anticipation of an enhanced demand to be created by the Railway- This however is not the case- the order applies to every district where salt is made and was intended to guard against deficiencies caused by the occurrance of bad season, and as a preparation against unforeseen demands from Bengal, such as occurred in 1855- Again in para 11 he says that two years more will elapse before the salt of Fusly 65 can be sold off- If this be the case it would seem that the demand has been greatly over-estimated, and a larger manufacture than necessary permitted

present undue wastage continuing to occur, or if the Collector thinks it desirable, they should be remade into heaps of the proper quantity-

9- Sales by the heaps can proceed at once from the heaps stored since the gale of November 1856 on the terms prescribed by the Rules, and of course all purchasers by the heaps, besides Messrs Cammiades, can have this advantage-

10- The Board cannot assent to the plan proposed by Mr Campbell which involves a departure both from the Rules and the principle on which the Remissions is allowed- The Concession now made appears to the Board to meet every reasonable claim, and purchasers must be left to judge for themselves

whether it best suits their interests to purchase on these terms by the heaps or by the maund-

11- There are some parts of Mr Campbell's letter which require the Collector's attention-

12- In para 5 he seems to be under the impression that the storing of 2 years' supply was determined on in anticipation of an enhanced demand to be created by the Railway- This however is not the case- the order applies to every district where salt is made and was intended to guard against deficiencies caused by the occurrance of bad season, and as a preparation against unforeseen demand from Bengal, such as occurred in 1855- Again in para 11 he says that two years more &c will elapse before the salt of Tuticorin can be sold off- If this be the case it would seem that the demand has been greatly over-estimated, and a larger manufacture than necessary permitted

10527 Fort Saint George 26th June 1857.

permitted—

13. In the same para Mr. Commiade seems to apprehend that the trade will be diverted to the Chingleput Cotaury, but 2 years' supply is stored universally, as far as Circumstances permit, and the Board have always understood from the Returns that the wastage at Madras is lighter than in any other District—

14. With Regard to the Concluding para of Messrs. Cammiade & Co.'s Memo, the Board Remark that they cannot find any thing to bear out their present application in the Extract from Consultation 26th June 1856 the privileges allowed in paras 6 and 7 of that Minutes of Consultation are already enjoyed by Messrs. Cammiade & Co. and the only Reference to the Subject of a 5 per Cent Remission is Contained in para 2 where Government evidently Rejects the proposi-tions of Messrs. Cammiade & Co.

15. The Board trust however that the ar-rangements now proposed will remove all difficulty—

To

They (i.e. Messrs. Cammiade & Co.) propose to purchase the Salt wholesale by the 10 C. heap on which transac-tion the rules allow a discount of 5 p. Cent, and they anticipate that this discount will both cover the wastage of the Salt in their opera-tions and also afford a small rate of profit—

From the Collector of Chingleput—

Sir,

I have the honor to report on the accompanying Petitions No. 278. 137. 296 and 297 of 1857 bearing the Boards endorsement dated the 10th February last.—

2 The circumstances under which the Puttahs in Petitioner's names were transferred to the Meerasdars are fully detailed in a Takeed issued from this De-partment to the Acting Tahsildar of the Peddapolliem Talook under date the 25th September 1856 forming an enclosure to the Petitions under report, and also in the English Endorsement dated the 24th Idem, from which it will be seen that the Meerasdar of the Village preferred a complaint to this Office in 1855, stating that the Petitioners had included in their Cowle lands an extent of 60 Co-Cawnies of Samoodayen land without their consent

consent and obtained Puttahs for the same in their names, in collusion with the Curnum, and that during the enquiry which followed it was clearly proved as admitted in Paras. 2. 4. 5. & 6 of Petition No. 437 that the Petitioners had no right to the lands in question which they had usurped and fraudulently included in their Puttahs with the aid of the Curnums. Orders were therefore issued for the transfer of the Puttahs in question in the Meerasidars names, Petitioners being permitted to retain possession of the lands so long as they continued to cultivate them. and paid the usual Swalumbrums to the Meerasidars. The Curnums who had so fraudulently prepared the Puttahs in Petitioners' names were warned against a repetition of similar conduct. —

3 2 3/4 Cawnies of land assessed at Rupees 5. 5. 9 forming the building sites of the Petitioners having been improperly included in the Puttahs of

of the Meerasidars, orders have been issued for its being excluded and the assessment remitted. —

4 The Petitioners make out their case as a very hard one, and it doubtless is so, if the time they have held their Puttahs is alone considered, but if the fact of their having held their Puttahs solely to the collusion of the Curnum is brought into view, and the fact that every where the right to the soil is acknowledged to belong to the Meerasidars, and cannot be taken from them without their consent, the hardship of their case in now being deprived of them is not so apparent and the enjoyment of the land without payment of Swalumbrums is more than they could, under other circumstances, have hoped to obtain. —

The

Bd. No. 2264
Proceedings thereon.
1129-30

The explanation contained in the foregoing letter and the papers refered to therein do not satisfy the Board of the correctness of the Collectors decision transferring the Puttahs of the land alluded to in the Petitions from the Petitioners to the Meerassidars. If the statements of the former are correct they obtained the lands in question, Viz. the lands so held by them in addition to that originally obtained on Cowle, in an open manner and received Puttahs and paid Teerwa for them from the time of occupation which, in some cases, was 12 years ago. The claim of the Meerassidars it appears was preferred in 1855 or only 2 years ago. Under such circumstances the propriety of giving Puttahs for the lands to the Meerassidars and requiring the Petitioners to pay their Swakumtrums seems very questionable, but before passing definitive orders on the case the Board resolve to call upon the Collector to state particularly how far the allegations of the Petitioners are correct and to explain the statement in the Endorsement

on

Dated 11th Septr 56 Enclosure in Petition No. 2787 1857

on Petitions 1765 and 1766 of 1856 that the Meerassidars had been put in possession of all the lands of the Villages by Hookoommanahs of the Civil Court.—

2. The Board must remark that the observation in Para 4 of the letter now recorded that "every where the right to the soil is acknowledged to belong to the Meerassidar" is not correct without much qualification.—

(1147)

Forwarding for any observations the Board may wish to offer thereon copy of a Report from the Superintending Engineer central circle on the subject of the fall of Rain and the state of the Tanks &c. in the District of Bellary ... } See No. 944 in separate Volume. Page 974

No. 46

To Colonel C. E. Faber
Chief Engineer D.P. Works

Sir.

I have the honor to forward a statement, recently received from the Collector of Bellary, of the rain fall in his District for the years 1852 to 1856, inclusive. I have not thought it worth while to get the same statement from the other Collectors for Kurnool may be considered to be as badly situated as Bellary is while the provinces of Cuddapha and especially

especially Nellore, are better supplied, the rains there being though far from considerable, more abundant.—

2, Although the rains are so scanty as to have amounted in 1852 to only 24 1/8 inches and in 1854 to only 15 1/2 inches on average on the entire District of Bellary during the 12 months, it is to be borne in mind that the rain fall is considerable in some of the months as for instance in September, and October and that some of the Talooks as Kumply, Adony, and Punchepolliem, very much reduce the average.—

3 On comparing the Talooks of Bellary, and Adony, the rain fall in 1856 was 14 1/2 inches, and in Adony 12 1/2 inches in Bellary 4 Tanks received a full supply and 1 a half supply the cicar Ayacut is 298 acres, the demand 2132 Rupees whereas there were but 60 acres cultivated, and 280 Rupees collected in Adony 23 Tanks received a full supply, 1 a three fourth supply 2 a half, and 2 a quarter supply, the Ayacut acres being 1887, and the demand 13,878 Rupees whereas there were 1251 cultivated and 8899 Rupees collected.—

In

4. In Fusly 1259/1849/1850 with 4 Tanks full and 1 three quarters full in Bellary Talook the same number as were filled in Fusly 1265/1855/56 the cultivation was 157 acres and the collection 802 Rupees—

The above figures shew that these sort of statements though very valuable as a general guide cannot without a knowledge of the Tank filled for it is evident they must have been different tanks altogether convey any very concise formation as to Bellary itself or any just comparison between Adony and Bellary. the former with a less rain fall having a greater amount of cultivation than the other— But though it does not show exactly, it shows generally that the District is capable even on its rain fall above of being made much more fertile than it is— and without entering upon the admitted fact of the necessity of attention to tanks &c— I shall simply remark, that thousands of acres in Bellary may, as I have in former letters pointed out, be irrigated from the Pennair, the Huggry and by anicuts and channels from the Toombuddra

The

5 The tanks in the Bellary District are many of them fine works, and the larger of them in good repair but many breached in the storm of 1852 and still dilapidated should be restored after consultation with the Collector attention should be directed and paid to the tanks which may be said to be in repair with reference to their supply, their Calingulahs, sluices &c many of which appeared to me to be capable of revision—

6 I do not advocate the putting into what might be called unnecessarily good order, the existing tanks, but I certainly recommend that every work should be put into a thoroughly efficient state, water is lost by the drainage being imperfectly directed, leaky sluices inefficient Calingulahs, and careless money-gars are by the waste of the water which might otherwise be retained; almost as frequent a source of want as the failure of rains itself, these remarks may be applied in a degree to other Districts.—

I have only here repeated an old story about the state of Tanks generally to show how much remains to be done with reference

reference to the general improvement of the Districts by their being kept efficient and have adduced these observations as to the scantiness of the rain fall to show necessary it is to utilize whenever practicable the waters of rivers rising in Districts more favorably situated.

7. The Government have a right to expect greatly from the greatly increased efficency of the Department of Public Works that the works will in the course of a few years be in a very different state to that in which they too frequently are now and I believe that their expectations will not be disappointed but the Engineer officers require a greater amount of authority than they have not at present the whole of the irrigation moneygars and their subordinates should be under their immediate control, with powers to punish summarily the usual offences which they are guilty of, cutting tanks banks to get water for irrigation wasteful distribution of water, cuttings through made roads continually diminishing the width of banks, whether tanks or channels

so as to enlarge their fields, the non executing "Manool" labour, such as clearing minor channels &c these, each and all may seem petty things, but to those whose employment it is to keep works effective, it is a serious evil, and one which will never be checked by sending up the delinquent to a police authority for punishment, the probabilities being even if a man were taken in the act of cutting open a tank and destruction the consequence that a little or nothing would be done to him.

8. The rules framed by the late Captain Best, and described in Lieutenant Foord's book, of notes for the repair of tank banks are I think well adapted for the purpose, and the classification of Estimates into occasional ordinary, Emergent, &c do not require alteration, but there are some tanks for instance Camalapore, in Bellary, and others too numerous to enumerate in Cuddapah &c in which the Inoniums and Enams are equal to or in excess of half the entire Revenue of the tank and in Cuddapah there are numbers of

tanks

tanks which require repair, and should be repaired on ordinary Estimate, but cannot be so, because their Estimates amounting to only a few Rupees above the half value of the cultivation are yet in excess of the Government share of the collection. I should imagine that these monigundars and Enamdars have some covenants to perform and the matter should certainly be enquired into and be no longer left in doubt the duties of the cirear and the other party should be clearly defined.—

From the Acting Collector of Masulipatam

Sir

In reply to your circular No. 1570 under date 20th May last, I have the honor to state that the map of this District contained in the atlas accompanying Pharoah and Co's Gazetteer, seems to be generally correct. The Divisions marked in large characters Viz. Condapully Masulipatam and Ellore are however no longer recognized. The Village of Batavole has now become a large town under the name of Juggiahpettah. Palungly, which is the chief Village in the Talook of that name is not given.

From the Collector of South Arcot

Sir,

In reference to Extract from the Minutes of Consultation dated 13th March last, received with Board's Proceedings of the 5th April, I have the honor to forward a Statement of Endowments to Chuttrums in the District of South Arcot, as they stood on the 31st December 1855, in the prescribed form, and to state, for the information of the Board and Government, that on a rigid enquiry being made into the condition of the Choultries of this District, I found that those noted in the margin have been allowed to fall into ruins. I have therefore directed the resumption of the Land granted for their support, amounting in the aggregate to 62-5-3 in conformity to section 5 of the Chuttrum rules sanctioned by Government on the 15th August 1829.

Dr. (Signed) Ste Chandlery Esqre

Board of Revenue dated 5th Instant N°44, forwarding an Extract from the Minutes of Consultation under Date 2d December last N°1271 on the Subject of giving encouragement to retired Officers and Soldiers of the Honorable Company's army to settle in this Country, that there are no localities in this District in which I think such Officers or Soldiers could be induced to establish themselves by any encouragement which the Government could hold out to them:—

2. As it is not usual to sell land which is taken up in this part of the Country but on the contrary to permit occupancy upon the terms of a progressive cowle, I do not see how any distinctive privileges could well be held out to the class of persons alluded to over other applicants.—

Collector

Fort St. George 29th June 1857.

Bd. No. 2228.
Proceedings
11264

thereon— The Petitioner admits there was a balance against him and the sale is stated to have been conducted regularly. Notice having been issued and the necessary forms complied with.

2. With regard however to the alleged payment by Petitioners wife they think that the Tahsildars report, which gives credit to the witnesses who deposed to 7 Rupees, having been paid to the Nottagar on account of Kist. has not met with the attention which it deserved.

3. The Collector does not even enter upon this point in his order of 19th December, merely declining to cancel the Sale and directing that Rupees 10 9 5 should be deducted from the Sale proceeds and the Surplus, amounting to Rupees 12 6 7 paid to Petitioner.

4. The depositions of the witnesses in support of the assertion of payment derive force not only from the Tahsildars apparent belief of them, but also from the fact that in previous Fusslies

acknowledged

Fort St. George 29th June 1857

acknowledged receipts were not entered in the Stamped batchats.

5 Under all the circumstances the Board are of opinion that it is desirable that the Collector should make a personal enquiry into the case and report the result to them— so far as they can judge from the papers put before them the Proceedings in Petitioners case seem to have been harsh. The date on which the land was sold appears to have been 1st November 1856— The Collector will be pleased to state if this is correct.

6. Ordered that the following Endorsement be passed upon Petitions No. 646 and 1212 of 1857.

"Petitioner is referred to the Collector who has been requested to make a personal enquiry into his case and to report thereon.—

Acting Secretary to the Board of Revenue

Sir

Fort St. George

With reference to the Boards Endorsement on Petition No. 381 of 1857. herewith returned, I have the honor to submit the following report.—

1165

Bd. No 1259

From the Collector of Timevelly . . .

Reporting upon Petition No. 381 of 1857 herewith returned.—

2. The Petitioner Vicharisa, son of Rajavully Fakeer, states that 1 Seed Cottah of Nunjah land in the Village of Malagarum, and 1/2 Chain of Poonjah in the Cusbah of Tencausey Talook, and a ready money allowance of 6 fanams per month were granted by the Carnatic Government, as maniem to the Petitioners paternal grand father for the purpose of supplying food to travellers, that he / Petitioners grand father / having obtained a deed in support of the above maniem, erected a Mosque and also formed a Tope on the Poonjah land above mentioned, and that after his death the maniem was registered in the name of his

Fort St. George 29th. June 1857.

his / Petitioners / father. The Petitioner further states that he and his elder brother having gone to other countries his father left the place for Trichinopoly in search of his brother keeping the Documents in his possession in charge of Mahomed Ismal Rowthen a Merchant desiring him to conduct the charity during his absence but that his father having died at Trichinopoly Mahomed Ismal Rowthen, above mentioned, got the maniem registered in his name, that subsequently. Bavah saib his / Petitioners / Cousin presented a Complaint claiming the maniem in question. but that his claims were rejected and the maniem registered in the name of Moothalia Pillay Rowthen. who is in no way entitled to it. In conclusion the Petitioner requests that the maniem may be ordered to be continued in his name.—

On

3. On referring to the records of the case it appears that Sl. 1 m. 10 m. 1, of Nunjah land now measuring 1 — 5 - 37/8 and situated in the Village of Malagaram in Tencausey Talook, and 15/16 Cham of Poonjah land 5 Tamarind Trees and 1 Soom in the Cusbah of that Talook, had been granted by the Carnatic Government as maniem to Meya Sydallah Saib for the performance of the aforesaid charity and that the Nunjah land was on the 28th October 1814. registered by Mr. Cotton in the name of Mahomed Aboobucker heir of the original grantee. This incumbent died on the 19th November 1847. His son Maloom Matha Rowthen, in a Deposition given by him stated that while his Father was alive or in Fusly 1235 Puttahs for the maniem in question were made out in the name of Mahomed Ismal Rowthen, his Fathers Cousin and after him in the name of his son ~~[illegible]~~ Moothalia Pillay Rowthen, the present incumbent

incumbent. and the Sodegee due to the Circar on the above land was being collected from them and that they were conducting the charity & enjoying the maniem. He farther stated that he is not at all entitled to the said Maniem. the charity being conducted by Moothalia Pillay Rowthen. Under these circumstances. the late Collector. Mr. Bird ordered the Maniem to be continued in the name of Moothalia Pillay Rowthen abovementioned.

4. There is a Genealogical Table on the record purporting to have been presented by Bavah Saib whom the Petitioner states to be his Cousin. In this list the name of the original grantee is shewn to be Meya. abdoollah Saib Bavah Saib claimed the maniem on the ground of his being the heir of the said individual but failed to prove that the individuals named in the above list ever enjoyed the maniem in question. and besides. this list does not shew the name of the Petitioner. Bavah Saib further stated that his uncle Rajavully Fakeer had mortgaged the maniem in question for 50 Rs to Mahomed Ismal Rowthen and Aboobuker Rowthen.

5. Under the above circumstances, the statement of the Petitioner appears to be unworthy of credit.

/signed/ J. Silver
Collector

To,

I. D. Sim, Esqre
Acting Secretary to the
Board of Revenue,
Fort Saint George

1168.

Bd No. 1930

From the Agt Collr of Malabar

Sir,

In reply to the Acting Sub-Secretary's letter of the 31st March last calling for explanation as to the circumstance under which Batta was paid to peons of this Department for the period they were travelling to and from places not in Wynaad, and charged in my Account Particulars Nos 2 and 3 forwarded with the Statement of actual charges incurred without estimate in the Revenue and Magisterial Department for Fusly 1265, I have the honor to state that Batta was paid to them under circumstances similar to those stated in the 2d Para of my letter dated 27th January last, — the places they travelled being above the ghauts and of an equally unhealthy and jungly nature as Wynaad.

Calicut 18th May 1857

I signed W. Robinson,
Acting Collector

Fort Saint George 29th June 1857

No. 2216

Resolution thereon.

(1168-89)

Resolved that the foregoing letter be submitted for the information and orders of the Right Honorable the Governor in Council with reference to the Extract Minutes Consultation and the Board's Proceedings dated 16th and 23d May 1857 respectively

To

Fort Saint George 29th June 1857

No. 82

To,

J. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort Saint George

Sir,

(1170)

Bd. No. 1961

From the acting Coll. of Masulipatam } Para 1

I have the honor to report, for the information of the Board of Revenue, that according to the terms of the advertisement the Abkary of this District was put up to Public auction on the 5th instant

2 The biddings commenced at Rs. 43700 & closed at 49000 Rupees a year for 3 years. that bid having been made by Srepaty Gopal Row, an inhabitant of Bunder. & formerly a Deputy Tahsildar. He has produced, as his security, Simpady Appa Row Zemindar of Tangelmody.

3 This man is clever & able to conduct the business & tho' not possessed of property his security is believed to be good & is being carefully examined It is the highest offer that has been made for 33 years, and tho' I consider Srepaty Gopal Row has speculated boldly, I know no reason

reason to doubt his powers to carry on the busines
of renter, and I beg the Board may sanction
his bid.-

4. I enclose translation of his conditional
agreement and beg the Board's attention to the conditions
as to the Renter supporting a certain Pagoda &c.
It has been hitherto an established condition, but
I have deemed it right to make its continuance
dependent on the Board's orders.-

Masulipatam,
Collector's Cutcherry
21st May 1857

/ Signed/ T. J. Knox
Acting Collector

No 1

Translation of a conditional agreement executed &
given by Sreepaty Gopal Row for the Civil co
Abkary Farm of Masulipatam District for 3 years

Dated 5th May 1857

1 At the sale, by public auction, of the
Civil Abkary Farm of the whole District of
Masulipatam, held in the Collectors Cutchery on
the 5th May 1857, the Farm having been as
Knocked down to me on my bid for 3 years

from Fusly 1267 to Fusly 1269 for the sum of
Rs. 147000 as here under specified, I hereby bind
myself to hold the Abkary Farm for the said
amount & pray that the sanction of the Board of
Revenue may be obtained for putting me in possession
from the 12th July 1857.

For Fusly 1267. commencing from 12th July 1857 to 30th June 1858. } Rs. 49000

For Fusly 1268 do from 1st July 1858 to do 1859. } 49000

For Fusly 1269 do from do 1859 to do 1860 } 49000

147000

2 I shall, within the 5th June next
deposit the 1/12 part of a years Rental i.e the
amount of one Kisti, & shall, within the same
date, give competent & approved security for the
amount of one fourth of a year's Rental, or in lieu
thereof, deposit an additional sum of money equal to
Kistis.

3 In failure whereof my offer shall
be null & void, & I hereby held / like Revenue
Defaulters / myself, heirs, executors, &c
responsible

responsible in person & property for any loss which may accrue to Government by the resale of the Farm or by its retention under Attamanie.

4. The right of the Abkary Renter levying fees on Palmira leaves Dr. mals. & date mals having been abolished by the Board, I shall cease collecting the tax on them any more.

5 I further bind myself should the Board require me, to continue according to long custom, the payment of what comes to about Pr. 7 6 per annum on account of the Pagodas of Venkatawaraswamy & Seetaramaswaraswamy situated at Ellore either thro' Circar or to the Durmasa Kartas direct.

6 With the right of cutting leaves & Trees of Palmira for public purposes &c., exercised by Government, I have nothing to interfere -

7 I shall give in to the Circar once every 3 months, true accounts of my Collections from

from each Village & from each Attamanie Shop In failure whereof, on each occasion of default, I hold myself liable to a penalty of Rupees 100.

8 On the receipt of sanction from the Revenue Board, & on the payment of my deposit & production of security or its equivalent, I shall execute the detailed Karnarramakhnoochil= -Ka which has been now read to me & receive Cowle and thereafter entering possession of the Farm shall always conduct myself in accordance with the Regulations, Orders, Hookums, &c. bearing on the Abkary Revenue, & pay the amount of my Rent according to the stipulated ins Kistbundy. -

9 If having been represented at the time of sale that it was necessary to increase & otherwise alter the present authorized number of Stills & shops, & the Collector having been pleased to promise having this done according to

to his discretion & subject to the confirmation of the Board of Revenue, I hereby agree to abide by any arrangement which the Collector may direct me on the subject.

10 I shall give in, within 6 days after this day, the names of the securities & their arzees expressive of their consent, to become security with lists of property tendered by them. If I fail, I agree to abide by the conditions specified in preceding para 9.

Order thereon

Ordered to be recorded with reference to the Aj. Collectors letter, dated 9th Instant & the Board's Proceedings thereon.

To

No. 80.

To,

J. D. Sim, Esqre

Acting Secretary to the

Board of Revenue,

Fort St George.

1172.

Bd No. 1936.

From the Aj. Collr of Tanjore.

Sir,

1. With reference to Extract from the Proceedings of the Board of Revenue dated the 24th of December 1855, I have the honor to report on the past official year 1856/57.-

Land Revenue, 2. The season opened auspiciously by Rain fell in the months of May, June and July and the Rivers freshes were early in their appearance, and enabled agricultural operations to be carried on with vigour. The consequent result is an increase in the cultivation over that of the previous year. The out turn, however, on the whole, was not so good as could be desired. The North east Monsoon did not set in till the middle of November when it burst with unusual violence.

Vide Statement No. 1.

The-

Fort St. George 29th June 1837.

the interval between it and the South West
monsoon, always a period of anxiety for
the Cultivators, was comparatively unpro-
-tious, particularly in the Dry Talooks, a
had an unfavorable effect on the standi
Crops, which in some measure
suffered from too much moisture, as th
had previously from want of sufficient
irrigation.

Price per Cullum do As 8

Commutation Standard } " 7 58 1/4

Average price during 1855/57 } do 10 8/4

Do 1855/56 do 12 6

3. The price of Paddy, the staple pro-
-duct of the District, stood high & during the
period under review, and was 38 3/4 per Cent above
the Commutation Standard, this 15 3/4 per Cent
less than in the previous official year.

No. 2.

4. It will be seen from the accompany-
statement that the Land Revenue Collection
of the period under notice were below those of
the previous year by Rupees 6,35,47. This is
owing chiefly to the prices and consequent
to the demand on Holoongoo Rented Villages
being lower in Fusly 1266, than in Fusly 1265,
also to the suspension of 20% from the demand
of Fusly 1265, which reduced the amount of arrears
subsequently

subsequently brought to account.-

Customs Sea.

5. There is a small decrease in the Sea Customs Revenue arising from a dimi-
-nution in the export of Rice to Ceylon-

Land-

6. In the land Customs likewise collected at the frontiers of the French Settlement of Karrical, a slight falling off is observable. It is also attributable to a diminished export of Rice-

Excise Abkarry-

7. The very considerable increase under this head arises from the greatly enhanced amount for which this source of Revenue was last rented for a period of five years, including the current Fusly 1266-

Stamps

8. The larger amount realized from the sale of Stamps may be traced to the increased facilities afforded to suitors by the Establishment of additional Courts.-

Salt

9. A material augmentation in the Salt Revenue has occurred. It arises from a larger resort of Lumbadies, and the increased sale of the article to them, for Inland Consumption.-

Miscellaneous Motturpha-

10. This item of Revenue comprises

in

in this District only the House and Loom tasers, and exhibits a trifling decrease not calling for special remarks.-

Levy Summa. 11. The amount collected under the head of Levy Summa was Rupees 22,016 against Rupees 30,212 in the preceding official year. decrease arising from the fluctuating character of the items composing this source of Revenue.-

Population. 12. The subjoined Tabular abstract exhibits the Population of the District according to the latest returns.-

	Adults.	Children	Total
Agricultural	6,93,554	3,43,840	10,37,424
Non-agricultural	4,72,353	1,87,707	6,11,060
Total	11,65,904	5,31,547	16,97,484

Emigration. 13. It is understood that 5,936 Persons emigrated during the year under report to the places noted in the Margin. There were but 1,609 emigrants during the previous year.-

Moulmein	962
Bengal	264
Penang	3,265
Mauritius	272
Rangoon	173
	5,936.

Agricultural 14. The agriculture of Tanjore is confined almost entirely to Paddy and other

ordinary descriptions of grain. There is no improvement to speak of in the primitive processes and appliances in use. Agriculture not being understood or even recognized as a Science.-

Forests Mining Survey Conservancy 15. There are neither Mines nor Forests in this District, and no Survey is in progress.-

Vaccination. 16. The total number of persons vaccinated during the past official year is reported to be 49,412. being 8,486 persons below the aggregate of 1855/56. but I have no fault in the reports on which this aggregate has been framed.-

Political. 17. The only event of Political importance during the year under report is the extinction of the Tanjore Raj consequent on the demise of the late Rajah without a male heir. and the issue by the Supreme Court at Madras of an injunction which has been held to operate against the personal and real property of the Rajah lying as well within the limits of the Honorable Company's

10584

Collectors Cutchery, Mangalore, 26th May 1857— } Signed J. D. Robinson, Acting Collector

No. 1.

Translation of an order issued by W. Fisher Esqre. Collector of Canara, to Salvadar Mas caranhas Talsildar of Buntwal, dated 16th July Fusly 1266—

I have received your Report No. 250 of the last year, you state that you have made enquiries into the conduct of Ramuppa, a Shanbogue of Aglut Punjical Mogany, who instead of being present at the time of the preparation of the Census accounts and preparing the accounts personally, sent his son a Volunteer, and got the accounts carelessly prepared, and further made corrections in the Pahana Book, in which entries of the Census were made, and that you do not think it proper to allow this individual to hold the Shanbogue Ship, On a consideration of all the circumstances it appears that he instead of acting up to orders, sent his son, and got the accounts

Fort St George 29th June 1857.

accounts incorrectly prepared by him, and that after the entry "Mogner Corugga" in the Pahana Accounts was found out by you to be incorrect, he corrected it and entered instead "moyaty Shukra"— Moreover it appears that in the case of the Palm trees reported on by you in Aryel No. 247 he took down an incorrect sketch and Mahazer and forwarded the same. Under these circumstances the said Ramuppa does not appear worthy of being allowed to hold the situation of Shanbogue— But as this individual is an old servant, and the present charge does not appear sufficient to warrant his being dismissed at once, it is determined that he should be transferred to a situation of Salt Shanbogue, or a Licavut in the Talook cutchery, on a reduced salary of 5 or 6 Rupees— On a reference to the Establishment list of your Talook, there appears to be no post either of Salt Shanbogue or Licavut of 6 Rupees pay— There is an Assistant Goomasthaship, of 6 Rupees pay in the Dodoor Talook— The said Ramuppa is therefore transferred to the Assistant Goomasthaship, and the present incumbent, Narruppa is appointed to his post of Mogany Shanbogue.

10590 Fort St George 29th June 1857.

Chauhaigne— These appointments are to take effect from the 16th Instant— you should therefore send Ramappa to the Tahsildar of Podoor and send for Narrappa, and enter these appointments in the Buraund as having effect from the above date—

Bd No 2059.

From the Collr of Rajahmundry

Sir

I have the honor to submit a brief report on the revenue administration of this District for the official year ending the 30th Ultimo.—

2. The season was not on whole so favorable as in the preceding year. The rains in may June and July enabled the Ryots to carry on the early cultivation, both wet and dry, to the full extent, but continued wet, later in the season, some what injured these crops, and impeded the cultivation of the cholum crop in the upper Talooks. In parts of the Ramachendrapooram Talook in particular the first wet crop suffered a good deal from inundation, and owing to the necessity of closing the channel, irrigation the lands of this large Talook for repairs, but little second crop

crop could be raised. In some localities the crops were injured by grubs. The yield of the crops of Tobacco, Sugar, gingely oil seeds, and summer paddy has been very fair.

3. The District was on the whole healthy, though, in the upper Talooks, fever was more than usually prevalent during the cold season Small pox prevailed though not to any serious extent. Cattle suffered from an epidemic disease. In the Talooks of Cuddapah, Cottapilly, and Lingumpurty the mortality has been very considerable.—

+A 4. I append a statement showing the extent of the Government land cultivated in each of the two past years. A considerable extent of land has been transferred from dry to wet with of course an enhanced assessment. According to the returns there is no great difference in the area under cultivation.—

5. A Memorandum of the

Per Madras Garce

	1855/56 Rs.	1856/57 Rs.
Paddy 1st Sort	96	95
Do 2d Do	85	83

Lamp Oil Seeds	179	185
Horse Gram	112	93
Jonna	123	97

the prices of the principal products during the two past years is given in the Margin.—

6. The total collections during the two past years are shown in State=ment B. The revenue on account of the permanetly settled estates has been ge=nerally realized with punctuality. In the current collections under this head there is an increase of Rs. 15,556. The decrease of Rupees 52,089 in the collection of arrears is simply because there were smaller arrears to collect.—

	Current	arrears.
1855/56	14,60,624	3075
1856/57	16,14,332	4797
Increase	+153708	1722

The increase under amany is partly owing to the realiza=tion of the additional rate for the use of the Anicut water, and partly to an alteration in the Kistbundy which, while it gives considerable relief to the Ryots in regard to the earlier kists, fixes the

+

1855/56	549047
1856/57	564603
Increase	15556
*1855/56	94534
1856/57	42445
Decrease	52089

the last instalments for the season in April. The large decrease under the head of Sea Customs is mainly owing to the diminished exportation of rice and gingely oil seeds to England and France. The export season seems to have been somewhat later than usual this year several ships are now taking in Cargoes the duty on which will of course come into the next year. The increase under Abkarry is partly from the enhanced demand on account of the Rajahmundry farm and partly from a more punctual realizations of this branch of Revenue. The increase in the Moturpha revenue is partly from increased trade, and partly from the cause just mentioned.—

7. The increase in the Salt sales, home and inland, is given in the + margin. But little salt was available for export on private trade and none was allowed to be taken

+ Home-9442
Inland-7129
Rs. 16571

taken on Government indent, hence the small net decrease. The whole of the salt at the Mogultoor store, ordered to be abolished, was disposed of by the 29th of January. The new esta=blishment was brought into operation from the 21st of last month, Every exertion continues to be made to improve the quality of the Salt at the remaining large store of Pittapoor, and with, I am happy to believe, a tolerable measure of success.—

* Ex. Min: of Con: 10th May 1856.

Further progress

8. has been made in imposing the additional assessment for the use of the water supplied by means of the anicut and the extensive works of irrigation connected therewith. It is unnecessary to enter into detail as the report called for in Minutes of Consultation of the 9th April last, is under prepara=tion and will shortly be submitted. I estimate the addition to the demand on the above account in the

the current Fusly in round numbers at Rupees 1,75,000.—

9. No general reduction of the assessment has been thought ne-cessary in any part of the District, but in cases, principally in the Talooks above the influence of the anicut, where the amount of the existing rent appeared to bear too heavily on the Ryots reductions have during the last two years been made. The Total amount of reduction being Rupees 12,810 in the Talooks noted in the margin.—

Amlapoor	2,436
Capavarum	3240
Cottapilly	3,333
Rally	936
Nagarum	200
Rajahmundry	2,105
Cotaramlan-chendra-poor	200
Linganaparty	230
Taudimulla	130
	12,810

10. The Statement of permanent reductions made during the last 15 years called for in the Board's letter of the 20th March last is submitted.—

11. It is hardly necessary for me again to allude to a Survey as the crying want of this District, but I may be per-mitted to express the gratification I

feel at learning from the Proceedings of the Board of the 19th Instant, just received, that there is every probability of the work, urgently called for to secure the rights of the Government not less than those of the people, being speedily commen-ced in earnest. The investigation into the rent free tenures, so long talked of and so much required, will I also venture to hope, not now be much longer delayed.—

B. No. 1586.

From the Collector of North Arcot.

I have the honor with reference to Exctract Proceedings Board of Revenue dated 24th March 1857 No. 944 to state for the information of the Board that in reply to my enquiry as to his willingness to purchase the buildings the Jaghiredar of Arnee referred me to a former letter addressed by him to the Sub Collector on the 20th November 1856 of which the Jaghiredar furnished me with a Copy on the 29th Instant.-

2. In this letter the Jaghiredar claims the land occupied by the Fort as well as the co buildings erected on the land as the letter addressed to the Jaghiredar by me referred solely to the purchase of the buildings: it is apparent co that the Jaghiredar has no intention of co purchasing

purchasing them -

North Arcot Collector's Cutcherry Chittoor 30th April 1857.

/ Signed / C. Whittinghame
Collector.

Order thereon — Ordered to be submitted to Government with the previous correspondence on the subject.

To,
The Acting Secretary to
Government.

1183-84

B. No. 2214.

Sir,

To the Actg. Secretary to Government

When the proposition to convert the co public buildings in the Arnee Fort into a Central Jail was abandoned by Government for reasons co stated in Exctract Minutes Consultation Judi: = cial Department No. 752 dated 13th October 1855, the Board of Revenue were instructed to com = municate with the Collector of North Arcot co and to report on the title of Government to the ground occupied by the Fort and its Glacis, with a view to enable Government to decide whether they were at liberty to order the sale of the co public buildings with their sites or only the co materials of the buildings. It was also sug: = gested that if the right of Government to the site of the Fort and Glacis were absolute co

the

Fort St. George 29th June 1857.

the Jaghiredar might be asked to purchase the whole property at a fair valuation, or it could be divided into convenient lots and sold to private individuals-

B- Letter 24 Oct. 1855 From Collr N. Arcot dated 9th Jany. in Cons: 24th March 1856.
B do Pro: d/24 March /57.
F Collr S Arcot d/17 in Cons: 28 April /57
F Collr N. Arcot d/30 in Cons: 29 June --

2. With reference to the foregoing instructions I am directed by the Board of Revenue to submit for the consideration and orders of Government the Correspondence noted in the Margin-

3. Mr. Sub Collector Cochin to whose division the land in question belongs states that the Jaghiredar claims the site of the Fort as a part of his Jaghire, but that as he can produce no documents to prove his right the claim is untenable-

4. The Collector is of opinion that as the ground undoubtedly belonged to the Jaghirdar before its occupation as a Fort, it remains with the Government to prove that it was either purchased or received as a Gift from the Jaghiredar and that if this cannot be done from the Records of the Collector of South Arcot to whose District the five Talooks South of the Palar belonged at the time when the land in question

Fort St. George 29th June 1857

question was obtained, he would recommend that the materials only be sold and the ground restored to the Jaghiredar-

5- The Jaghiredar virtually refuses to purchase the property as he has avoided giving Mr. Whittingham a direct reply to a reference made to ascertain that point. He further states that the site was not transferred to Government in perpetuity but only to be held so long as it should be required for Military purposes but this statement is not supported by any documents.-

6. A search has also been made among the Records of the Collector's Cutcherry in South Arcot without any avail as Mr. Hall states that no papers have been discovered calculated

to

to bring to light the conditions under which the site in question has been held. He infers that the ground must have been taken possession of without any formal conveyance of title from the Jaghiredar and that it has since been regarded as Government property without question.

7. The Board's records have also been searched but equally without success.

8 The Jaghiredar has apparently no means of establishing his claim and it rests with Government to determine whether in the similar absence of any proof of their title, the validity of their right shall be inferred from their undisputed possession for a series of years.—

Bd No 2295

From the Acting Collector of Masulipatam

Sir,

Para 1. With reference to my letter of the 21st May 1857, regarding the Akkarry Farm of this District, I have the honor to report that Seepaty Gopal Row has failed to deposit the cash as required & that his securities have withdrawn their

~~since~~ their security and I am obliged to put the Farm up for sale again at his risk.—

2 I have therefore advertised the resale for the 25th instant as the near approach of the new Fusly, will not admit of more time being allowed—

3. Gopal Row and his securities very soon came to a difference of opinion-negotiations of all sorts were entered into and tho' I hoped the difficulty might be got over, I was disappointed and Gopal Row having failed to do his part of depositing Cash before a certain day and so broken his Contract with Government, I feel I could not altogether blame his securities for withdrawing or allow him to find others which he never offered to do — Tho' in the event of a loss arising on the resale it will be a question whether they are in any way bound to suffer with him—

Masulipatam
Collector's Cutcherry
9th June 1857

/Signed/ S. J. Knose,
Acting Collector.

The

Bd. No. 2232

Proceedings thereon (1190-91)

The Board approve of the resale of the abkarry at the risk of the first Purchaser, Gopaul Row.—

2 The Board do not see how the securities can be held responsible for any loss which may arise from the resale as it does not appear that they were parties to the purchase or executed any bonds — Gopaul Row, however is evidently answerable under his agreement dated 5th May last.

3. With reference to para 4 of his letter dated 21st ultimo, the Acting Collector is requested to inform the Board when and how the allowance to the Pagoda at Ellore originated and whether, if valid, it may not be commuted into a grant of land of equivalent value.—

From the acting Collector of Bellary

Sir.

In reply to the inquiry made in the 2nd para of Extract from the Boards Proceedings dated 18th Instant, I have the honor to express my regret that I should have omitted to make allusion to Mr. Ettons nomination of Kistnarow when proposing Rungacharry for the situation of

of Nail Sheristadar of this District

2 I have only to assure the Board that the name of that officer, and the circumstances of his having been purposed by Mr. Elton in deference to the wishes of the Board as expressed in your letter of the 7th march No. 42 Entirely escaped my memory when I penned my former letter. It was my desire to select the fittest man for the appointment and one who I had reason to believe would prove acceptable to the absent Collector— and the Board will doubtless admit that it was natural I should prefer a man of whose high attainments I had personal knowledge to, one who— whatever his claims might be is an entire stranger to me.—

3 If it be still desirable to make the reduction in the Board's Establishment alluded to in your former letter, perhaps Kistnarow would not object to

10617 Fort St. George 29th June 1857

to succeed Rungacharry as Tahsildar of Sydapett provided his appointment is agreeable to the Collector of Chingleput. I presume Kistnarow has not yet served in that grade

They have no objection to the appointment of C. Rungacharry at present Tahsildar of Sydapett in Chingleput to be Naib Sheristadar in the Collector's Cutcherry at Nellore, the continuance of the office being subject to such orders as Government may pass on the employment of the new class of Deputy Collectors.

10618 Fort St. George 29th June 1857.

No. 148.

To
C. D. Sim, Esqr
Acting Secretary to the
Board of Revenue,
Fort St. George.

(1196)

Bd No. 2489.
From the Collector of North Arcot.

Sir,

I have the honor to state, for the information of the Board of Revenue, that in obedience to the orders of Government contained in para 3 Extract Minutes of Consultation under date 30th May 1857 No. 521, communicated with Proceedings Board of Revenue dated the 3d Instant, I opened at 12 O'Clock on Saturday the 20th Instant in the presence of the parties the tenders for the Alekarry farm which I had received up to that hour.-

2- The number of tenders was 5- The names of the parties offering, and the amounts of their respective bids are entered in the accompanying statement.-

3- I have received from the Sub Collector Mr. Sullivan who is acquainted with many of the parties the accompanying letter on the subject of their respectability.-

+ To be returned

4- I have also submitted a statement

statement of the Addaverry Rent for the last 18 years that the Board may be the better able to judge how far some of the tenders now received are liable to the objection of being higher than the probable profits of the farm would justify.

5. I have with the same view added an abstract from a statement forwarded with my letter of the 11th February 1857 No. 25 showing the amounts offered in February last, by some of the same parties as have now made "sealed" tenders. The sums then tendered must be taken as, in some measure, indicative of the value of the farm at that time in the opinion of the parties making the offers. A Cavalry Regiment arrived at Arcot in April last, but as it was generally known before the commencement of this year that a Cavalry Regiment would certainly and shortly be stationed at Arcot, I am not aware of any circumstances that could have increased the value of the farm since February.

6. The highest offer has been made

made by Venkatroy Moodelly and Durmaraya Odeian of Arnee and Chaitpett. The Board will observe from the statement of offers received in February that the same parties then offered only 75,000 for the Rent for 5 years being at the rate of 135,000. The statement of the Rent during 18 years shows that the average during the period was only 118,511.

7. The next highest offer was made by Seetaram Moodelly and Calooram Lala of Vellore for 5 years. Their offer in February was only 625,000 for 5 years or 125,000 per annum.

8. Govindoo Moodelly of Vellore has bid the next highest.

The

Fort St. George 29th June 1857.

He made no offer in February. His bid amounts to 135,775 pes annum — From 1259 to 1261. the annual rent paid by Mr. Morison was about the same as this last offer, Viz. 135,900. It would appear however from Mr. Ward's letter to the Board dated the 18th November 1851 No. 81 that this rent was too high & to be profitable — During the subsequent 5 years the rent

was

Fort St. George 29th June 1857.

was reduced to 101,000.

9. Altho' the offer made by Messrs. Morison and Corbett is the lowest of all, I am disposed strongly to recommend its acceptance both as because it seems to be, as far as the accounts of former rents show, more in accordance with the real value of the Farm, and because I believe that their Continuing to rent the farm would be conducive to the welfare of the people, which is materially affected by the mode in which the Adkarry Farms is managed. The Board will observe that the sum tendered by Messrs. Morison and Corbett is the same as was offered by Cumbooram Lalah and Veerasamy Moodelly in February last Viz. Rs. 6,25,000.

10. If however the Board

are

Fort St. George 29th June 1857.

are disposed to think that there is no reason to fear that competition has led some of the parties to offer terms not likely to be fulfilled and that the tenders now made must be taken to indicate the present value of the farm, I would beg to recommend that the offer of 7,05,625 for 5 years made by Caloosam Lalah and Seetaram Moodely be accepted. Mr. Sullivan bears high testimony to the character of Caloosam Lallah who has for some time been personally known

Fort St. George 29 June 1857.

known to him.

No. 3

10627 Fort St. George 29th June 1857

Enclosure No. 3.

No. 123.

To,

C. Whittingham, Esqre

Collector of

North Arcot.

Sir,

I have the honor to acknowledge the receipt of your letter of the 20th Instant No. 385 requesting me to ascertain and report upon the character and respectability of the individuals of Vellore marginally indicated who have submitted sealed tenders for the Abkarry Contract for the ensuing fine/57 years.

1 Kaloo Row Lalah
2 Seetharam Moodely } of Vellore
3 Govinda Moodelliar Ditto
4 Duamarya Dossier Chetpatt
5 Vencataroya of Arnee.

2. With the exception of No. 4, I am myself acquainted with the character and respectability of all the parties Kaloo Row Lalah, a resident of Vellore is about the most influential and respectable Sowcar here and of considerable wealth—for the ten years I have had opportunity of knowing him his conduct has been irreproachable, previous to the Abkarry being made over to Mr Morison he was more than once Abkarry Renter and fulfilled his engagements

Fort St George 29th June 1857.

engagements, I believe to the entire satisfaction of the authorities.-

2d Seetharam Moodelliar, a resident of Vellore is a man of property and influence-his character has not however been free from reproach, his name having, on some occasions, been before the Police authorities and Courts attended with punishment.-

3d Govindoo Moodelliar is a man of about equal property and influence with Seetharam Moodelliar-he is a resident of Vellore and of irreproachable character on the occasion of the late demonstration against the introduction of the Municipal act into Vellore he received the thanks of Government for his exertions in aiding the Head Assistant Magistrate in restoring order.-

4th Duvarayen Oodiar is a near relative of Govindoo Moodeliar-he was until lately associated in the Abkarry Contract for South Arcot and the Police ameen of Arnee in reply to my Letter of the 22d Instant No 49 reports in his Letter No 32 dated 23d Idem received this day, that he

Fort St George 29th June 1857.

he is a man of property, influence and respectability.-

5th Venkatarayen of Arnee is a man of some property, but does not bear a high character his name has, on more than one occasion, been before the Police authorities attended with punishment.-

North Arcot,
Sub Collectors' Office
on Circuit, Alapooram,
24th June 1857.

Signed A. W. Sullivan,
Sub Collector.

Statement.—

10631 Fort. Saint George 29th June 1857

Pd No 2223

Proceedings 1196-97

thereon In the above letter the Collector reports on the Tenders received for the Abkarry rent of the North Arcot District and submits a letter from his Sub Collector on the means &c. of all the parties except Messrs Morison & Co. (the present renters) and two others.

Five tenders were received by the Collectors — The highest offer is that of Venkatroy Moodelly and Dhurmaroy Codian of Rupees 141,500 The latter is said to be a man of property and respectability, but the former does not seem to bear so high a character —

The next highest tender is that of Seetaram Moodelly and Colooram Moodelly for Rupees 141125 or nearly the same amount

The sub Collector writes in high terms of Colooram Moodelly, but not so of his partner and the Board presume the management of the Farm would devolve chiefly on this person

as

10630 Fort St George 29 June 1857.

Statement of Offers received from the Abkarry renters from July 1857 — Fasli

Offers were received on Telegram

Name of the persons.	Place of residence	Amount of rent offered per annum	For as many years	Amount for the Total period
		Rs As		Rs As
Calooram Lalah	Vellore	125000	5	625000 " "
Annee Vencatroya Moodelly	Arnee	135000	5	675000 " "

North Arcot
Collectors Kutcherry,
Chittoor, 25th June 1857.

W. Whittingham
Collector

Fort Saint George 29th June 1857

as Caloyram Lallah is a Soucar resident in Vellore.

The third highest bid was Rupees 1,35,375 and was made by one Govindoo Moodelly whose character is said to be irreproachable.

The fourth tender is for Rupees 131000. but no mention is made of the character &c of the parties.

The lowest offer is that of Messrs Morison & Co and is for Rupees 125000 per annum.

The Collector strongly recommend that is tender, though the lowest, should be accepted being of opinion that the sums which Messrs Morison & Co offer his more in accordance with the real value of the Farm than the tenders of the other parties and that "their continuing to rent the farm would be conducive to the welfare of the people which is materially affected by the mode

Fort Saint George 15th June 1857

mode in which the Akkarry Farm is managed."

In these views the Board concur. They solicit the permission of Government to make over the farm to Messrs Morrison & Co for 5 years at Rupees 125,000 per annum.

The Collector forwards a Statement of the Akkarry Rents of the past 18 years, from which it will be seen that Messrs Morrison & Co offer is above the average receipts of that period.

Proceedings of the Board of Revenue

Tuesday the 30th June, 1857.

1207 Read the following Papers.

B/c No. 2303
From the Ag. Secretary to Government

Extract from the Minutes of Consultation Revenue Department under date the 17th June 1857.

Communicating the views and orders of Government on the explanation furnished by the Acting Collector of Madura on certain points referred for report in Extract Minutes on Consultation of 21st April 1856 connected with the reduction of the assessment on the Garden lands of that District.

In No. 597 in Separate Volume. Page 676

1207-8
B/c No. 2234.
Order thereon.

Ordered to be communicated to the Acting Collector of Madura with reference to the Extract from the Proceedings of the Board of the 6th May last.

2 Mr. Sullivan is requested to furnish the further information required as soon as possible.

3 He will also be pleased to carry out the instructions contained in Paras 8 and 10. With reference to Para 9 the Board observe that it is not intended thereby that a fresh assessment shall be proposed for the Garden lands on the upper Range of the Pulney Hills, but only that that land shall in future be transferred from the Head of Gardens to that of Nunjah. As the Hills are situated in the Dindigul Division in which the Nunjah Tax is every where considered at present as consolidated on 2 crops the land in question will be entered in the accounts simply as Nunjah.

In the accounts of Fusly 1226 it is stated that this was a grant consisting of two Butties made to Nabee Rama macrostenah by a Nabob named Sajer alli Khan in 1155 Corresponding with 1742 - In the Register of Enams there is mention of two Bhuttees There are no Documents extant

Unknown

Gade Suggiah Puntoolo died on the 26th May 1847 The deceased was related to the original grantee He succeeded to the grant by original virtue of a purchase - A The deed of Sale was registered in the Zillah Court of Chicacole on the 3d March 1853 Seller of the land is now dead.

Nabee Rama croostramah grand Son to the original grantee Sold the entire enam to Gade Suggiah for Rupees 800— and executed a deed of Sale to him on the 21st January 1853 —

Do.

The family of the original Grantee were Mozumdars or managers of the Mchapoor taluk and tho' not entered as such, it may be safely assumed that this was a service Enam. It was sold to the deceased in 1833 by the grandson of Original Grantee The Board have ruled that such Enams are inalienable but looking at the time the land has been in the enjoyment of the Purchaser, and that it is a regular bonafide Sale and registered It may be left unresumed while in the family of the present holder

of the joint purchases noticed above.

the Acting Collector begs to recommend that the land acquired by purchases be left with her step son Hasim Sahib for his life.

One

2. One Meer Ashfer alli addressed a Petition to the Commissioner Northern Circar under date the 26th September 1852 No 1017, stating that the above mentioned Mola ameen Bee died heir less, and praying that the Enams may either be incorporated with the Government lands or made over to him as the joint purchases were made from him. From an enquiry instituted through the Tahsildar of Nchapore it is ascertained that the deceased adopted one Syed Hafsem mentioned in Column 7 who was serving as a Sepoy in the Company's forces and who resigned his post in consequence of a promise held out to him by the deceased that he should succeed to her Estate. The Tahsildar states that there is a Will executed to the aforementioned Syed Hafsem by the deceased in which she bequeaths to him her share in the above Enams and those in Nos 184-185 and 186. The Will is dated the 2d November 1837 O It is further ascertained by the Tahsildar that Syed Hasseem is son in law to the daughter of Mola Ameen Bebee's sister and that the petitioners complaint originated in Malice.

Family left by the late Mola Ameen Bee.
1 Syed Hafseem son in law to the daughter of Mola Ameen Bebee Sister aged 40 years
1. Alem Bebee wife of the above aged 22 years

2. Mola Ameen Bee also a female relation of the Original grantee enjoyed a portion by Virtue of her birth and purchased the remainder G.C. 3-3-0 V.C. 0-1-0 She adopted one Syed Hafsem a Sepoy who got his discharge in consequence. It is therefore recommended that as a matter of favor the portion purchased by deceased may remain with her adopted Son during his life as also what came to her by descent.

3. Enjoyed by the deceased Pedda Juggiah and his brother Chinna Juggiah jalies G.C. 6-27-3-0 Income Rs 35-0-0 Moorooscotta Juggumnath Sasby grand father of the above two persons purchased the above two portions from the great grand son of the original grantee about 20 years ago. It is stated that the deed of purchase was filed in the Principal Suder Ameen's Court at Vizagapatam the date cannot therefore be ascertained. The land was not divided between the two brothers but was part of the Common property.

Family left by Moorooscotta Pedda Juggiah
1. Gungamah widow of the deceased aged 21 years
1. Chinna Juggiah brother of the deceased aged 11-0

Ghasche & her Son Shaik Ahmed	4	16	"	"

Nos. 167, 168, 169, 170 — These Enams are stated to have been granted in 1712 to the great Grand-father of the last holder on condition of service as Keel Kurnum which has long ceased. Their several extents are as follows.—

	a	G	V	C	Rs	a	P
No. 167 measuring	22	39	9	1	assessed at 47	"	"
" 168	21	35	5	1	" 110	"	"
" 169	11	25	12	"	" 45	"	"
" 170	18	26	13	3	" 50	"	"
Total	75	7	8	1.		252	"	"

It is shown in Column 2, that

Remarking on certain cases of lapsed Enams in the District of Ganjam recommending the continuance of some and the resumption of others.—

Letter 30th June 1857. No. 2424.

1209.10

Fort St. George 30th June 1857

that the foregoing measurements are in excess by about 18 acres of the entries made in the Accounts of Fusly $\frac{1226}{1816}$ The Board concur in the Acting Collector's recommendation that this excess should be charged with the regular cist and the entire holdings continued to the undivided Nephew of deceased on the ground of long possession - as however the service for which they were granted is no longer rendered, the Board think their further continuance should be restricted to one or more lives at the pleasure of Government on that a rising Quit Rent should be imposed on the next and each succeeding lapses until the full assessment is attained.-

Nos 171, 172 & 173

Nothing is known of these grants as until they appear respectively in the accounts of Fusly $\frac{1232}{1822/23}$ the sundry accounts and those of Fusly $\frac{1226}{1816/17}$ - Nos 171 and 173 in the name of Godi Porroshotum and 172 in that of Godi Juggiah Pantulu - Their measurements are as follows.-

No 171	16	28	8	3.	assessed @ 20	—	"	— "
" 172	— "	38	2	3	"	—	8	— "
" 173	34	— "	5	3	"	—	48	— "
	51	25	1	1.			76	— "

but they are shown in Column 2 to be in

Fort St. George 30th June 1857

in excess of the extent entered in the accounts by about 24 acres.-

The last incumbent and present claimant of these Enams are the same as those in Nos 167 to 170 - The Board support the Collector's recommendation that the entire holdings may be renewed on the ground of long possession in the name of the claimant, the excess land being charged with the regular Cist.-

Nos 174 & 175

On the ground of long possession and the consideration paid for these Enams measuring.-

" 175	4	25	14	"	"	27	— "	— "
	18	12	4	"		107	— "	— "

the Board recommend with the Acting Collector that they should be continued to the claimant Vencata Soobarow. This person and the last holder are the parties mentioned in the preceding cases also.-

No 176.

This Enam measuring acres 27-6-12-1 yielding an income of Rupees 122-0-0 appears to have been a personal Grant made in the year 1659/60 Of this, acres 24-32-11-2 were alienated in 1833 and /34 as shown below from a great Grandson

of

of the Original Grantee, by Public sales instituted under regular authority.

G. Inggiah Puntooloo ——— 16—12—16—"
Govindoo Poorooso.
Vettoopatty Inggoo- ——— 4 14—7—1
asi. Kristnamah ——— 4 5—5—1

These purchasers being dead, the Board support the recommendation of the Acting Collector that their shares may be renewed in the names of their respective heirs the present holders.-

The remainder of the Enam acres 2-14—"—3 is in possession of an original purchaser since 1833 and calls for no report on this occasion.-

No. 177

This Enam is reported on, in consequence of the death of G. Inggiah Puntooloo mentioned in connection with the preceding and foregoing cases and who enjoyed a portion of it by purchase.

The entire Enam measures Acres (38 27—92 x 31—"—"—2/69—27—10—") and pays a Cuttoobady tax of Rupees 32—11—" the Income being Rupees 162—"

It is entered in the accounts of Fusly 1228/1818/7 as having been granted to two Dervishes in the year 1772 which is subsequent to the date (1768) fixed

fixed by Regulation XXXI of 1802 as exempting Enams granted prior to it from further interference-

With the exception of acres 9—38—"—3, the Enam has been alienated from the families of the Original Grantees- and is at present held in 10 shares as follows.-

1 Meer Derwesh alli. ——— 8—34—13—"
2 Ebiram Beebee and Pusca Beebee } 1—3—3—3. — 9—38—"—3
3 Ioyoulie Lutchmayee ——— 5—33—10—"
4 Ioyena Bebee. ——— 1—22—12—"
5. Auly Bebee ——— 5—33—13—"
6. Puntooloo Inggunathenw Puntaloo } 2—30—5—2
7 Seva Potroodoo ——— 2—38—10—"
8 Rokum Raniah ——— 2—28—15—1
9. Chanai Inggunathenw ——— 6—24—3—"
10. Catica Narrain Dofs ——— 31—17—4—2.

59—29—91
69—27—10—"

The Board agree with the Acting Collector that Nos. 1 and 2 may be continued to their present holders who are descendants of the Original Grantees.-

Nos. 3—4 & 5 may also be renewed in the names of the present incumbents in consideration of the purchase money paid and the early period of their alienation

The Board agree with the

Acting

Fort St. George 30th June 1857.

C. O B R. Vol. para 450.

Acting Collector that Puntooloo Juggenathum Puntaloo had no right after the notification of the Board dated 27th July 1848 to alienate his portion (No. 6) permanently for the benefit of a temple, but in consideration of the purchase money paid by him in 1840 to the descendants of the Original Grantees they recommend that it may not be resumed until after his death.-

As No. 7 appears to have been for three generations in the family of the original donor, the Board concur in the Acting Collectors' opinion that it may be taken into consideration on the death of the present incumbent.-

No. 8 has been improperly alienated and may be resumed as the Collector recommends.-

On the ground of long possession, the Board support the Collectors recommendation that No. 9 which is a Tope may be continued to the present holder for his life he being the son of the Original donors.-

All the portions comprising No. 10 except that marked (7) having been bonafide purchasers of an early date the Board agree with

Fort St. George 30th June 1857.

with the Collector that they may be left in the possession of the present holder.-

The portion marked (7) is recommended to be resumed as an unauthorized alienation.-

No. 178. This Enam measuring acres 18-.-2, yielding an Income of Rupees 35, is supported by a Grant of the year 1743, but with the exception of a small portion, it has been entirely alienated and divided as follows.-

	A	Y	S	C
1. Bejan Bebee (dead)	2	30	8	"
2. G. Juggiah Puntaloo (Do.)	1	37	14	"
3. Hoossain Bebee and Masabebee	9	27	2	"
4 Sahina Bebee	3	24	8	2

The Board concur in the Collectors recommendation that Began Beebee's share may be continued on the ground of long possession to Masa Bebee her daughter in law, and that G. Juggiah's share may be resumed as the alienation appears to be recent and no document in support of his title is produced.-

Nos. 3 and 4 appearing to have been alienated some time ago the Board agree with the Collector that they should not be interfered with during the life time of the present incumbents.-

This

No. 179

This Enam was for maintenance and is supported by an ancient Grant— Its extent is acres 748—4—15—3 yielding an income of Rupees 437—8—" Of these 520 15—11—" held by the parties named below are reported on now and the remainder will be taken into consideration on the death of the present holders.

4	Masa Bee		173	27—14—"	
2.	Juggunatha Row Puntaloo (dead)		97	24—5—3	
3.	Rajesavva Row		7	11—4—"	
4	Begam Bee (dead)		241	32—3—1	

The occupant of the lands in No. 1 being in the family of the Original Grantee and having accepted of them in satisfaction of an award of a Civil Court in her favor, the Board agree with the Acting Collector that they may be continued to her as though the lands are in different villages from that entered in the Grant.

No. 2 may be renewed in the name of the son of its last holder in consideration of the Value paid for it.

No. 3 may be resumed as it was alienated

alienated subsequent to the notification of the Board dated 27th July 1848.

No. 4 will be considered as the holder's lapse— the Acting Collector should have stated the relationship of the holders to the family of the grantee.

No. 180

This Enam is unsupported by any document, but appears to be mentioned in the accounts of Fusly 1225 A. D. 1815/16. Its extent is acres 70—25—12—2 yielding an income of Rupees 267—"—" Of these, acres 45—6—10 1 are reported on now and they are divided into 8 Holdings as follows.

1.	Syed Cafer Masa Bee (alive)		3	28	8—"
2	Ameed alli	Do.	8	8	1—1
3	Manavarkhan (Dead.)		3	35	"—"
4	Masabee	(Dead)	2	6	1—2
(")	"	"	2	6	1—2
6	"	"	3	36	14—2
5	Mota ameen Bee	"	2	6	1—2
"	"	"	6	3	"—1
6	Pedda Inggiah and Chinna Inggiah (alive)		6	27	3—"
7	Pasa Meya, Soobahdar (dead)		2	3	"—"
8	Gowdoo Porooooo		4	6	11—3.

The

Fort St. George 30th June 1857

The Board recommend as proposed by the Collector that Nos. 1 and 2 may be continued on the ground of long possession to their present holders who are in the family of the original Grantee. and No. 3 to the Widow of the last holder for the same reason for their lives.

The portions maked (a) and (4) of No. 4 may be renewed in the name of the Step Son (Syed Kaseem) of the late Masa Bee on the ground that they appear to have been purchased by her long ago, as but the other portion enjoyed by her as a Member of the Original Grantee's family is recommended to be resumed.

The Board agree with the Collector that the two portions comprising No. 5 may be continued to Syed Kaseem for life.

On the ground of early purchase, the Board concur with the Acting Collector that Nos. 6. 7 and 8 may be left. the first in possession of its joint holder and the remaining two in that of the sons of their late incumbents.

No. 181. This Enam appears in the accounts

Fort St. George, 30th June 1857

accounts of fusly 1226 A. D. 1816/17 and measures acres 97—6—7—. with an income of Rupees 144—.—.

Of these, acres 76—28—1 are now reported on, and the Board agree with the Collector that the late Masa Bee's share measuring 1 acre may be resumed, and the remainder left undisturbed with the present holders who appear to be, respectively either early purchasers or descendants of the Original Grantee.

No. 182 As the title of the late G. Juggiah Puntooloo to this Enam cannot be shown, the Acting Collector's recommendation that it may be resumed is supported by the Board.

No. 183 This Enam appears in the accounts of fusly 1226 A. D. 1816/17. Its extent is acres 31—31—2—. with an income of Rupees 64—.—. Of these acres 5—24—7—3 are reported on now and they are distributed as follows.—

		a	G	V	C
1	G. Juggiah Puntaloo (dead)	2	29	11	.
2	Reya Juggoo ——— D.	1	17	12	.
3	Masa Bee ——— D.	.	28	8	1
4	Mota Ameen Bee ——— D.	.	28	8	2.

The Board agree with the Acting Collector

Ft St George 30th June 1857

Collector that No 1 may be resumed as the late incumbents title to it cannot be shown.

It is proposed to incorporate No 2 with a Cargee Enam held by the last incumbent and continue it to his family - under the circumstances stated by the Acting Collector his recommendation may perhaps be complied with.

No 3 & 4 having been obtained by, as early purchases, may be continued to Syed Rasseem for life as recommended by the Collector.

No 184

This Enam appears in the accounts of Fusly 1226 A.D. 1816/17 as having been granted in A.D. 1744, but there are no documents extant. It measures acres 40-7-12-" and yields an income of Rupees 132-"-" Of these, acres 6-2-15-" are reported on now and they are distributed as follows:-

1 Kallipelli Braniah (dead)		3	8	5	1
2 Insta Ameen Bee	D:	—	1	17	4 — 3
3. Masa Bee	D:	—	1	17	5 — "

On the ground that these portions were early purchases the Board concur with the Acting Collector that the first may be continued to the widow of the holder and the

Ft St George 30th June 1857

the other two to Syed Rasseem - for life

No 185, 186, 187

These three Enams measuring in the aggregate acres 4-33-"-1 with an income of Rupees 13 having been alienated from Government by parties not competent to do so, the Board recommend their resumption as proposed by the Acting Collector

No 188.

As this Enam measuring 17 Goontahs yielding an Income of 2 Rupees appears in the name of the late incumbent in the accounts of fusly 1232 A.D. 1822/23 and of the Survey, the Board agree with the Acting Collector - that it may be continued on the ground of long possession to his widow for life -

No 189.

This Enam measuring acres 18-27-13-2. yielding an income of Rupees 40-"-" is entered in the accounts of Fusly 1226 A.D. 1816/17 as having been granted in 1745 no documents are however extant.-

It is recommended that the portion purchased by Dodla Ramiah may be continued to his son, and the remainder left undisturbed with the present holder who is a descendant of the Original Grantee.-

On

10725

N°190

Fort St George 30th June 1857

On the ground of early purchase this Enam measuring acres 9—25—14—1 and yielding an income of Rupees 30—"—" is proposed by the Acting Collector to be renewed in the name of the eldest son of the late incumbent Lingum Suggunath Row Puntoolou. the Enam having been a grant for service no longer required or performed—the Board's remarks on 167 to 170 appear to be applicable to this case.—

N°191

On the same ground acres 12. 35—"—" of this Enam is recommended to be continued to the claimant in the foregoing case.—

N°192.

The Board support the Acting Collector's recommendation that this Enam measuring acres 5—3—9—3 may be resumed as the Grant was unauthorized.—

10726

Fort St George 30th June 1857

N°191

To G. S. Forbes Esqre
Secretary to the
Board of Revenue
Fort St George.

1211

B^d N° 3547

From the Coll^r of Nellore

Sir,

I have the honor to submit 2 Statements shewing the esctent of relief afforded and the charges incurred on account of the Lunger Khana Vis: for the first four months of 1855 and for the official year 1855/56 ending 30th April 1856.

2 The measures adopted for carrying out the views of the Board of Revenue as contained in their Proceedings dated 13th November 1854 were communicated to the Board by the late Acting Collector with his letter of the 20th December following Under these circumstances the management of the institution has passed out of the Collector's hands into those of a committee of

which

which the Civil Judge is the President and the following persons are members. The Collector, or in his absence one of his Assistants -

H C Young Esqre. Zillah Surgeon

Fazeendeen Saib Principal Under Ameen

Mr. I Ward Head Accountant

G. Venkatachellum Puntoolu Sheristadar of Civil Court.

3 The Pensioners receiving Lungo at a distance from the Town of Vellore were directed to appear before the committee, and those only who appeared in such a condition as to prevent their leaving their Villages consisting of 32 individuals were allowed to return to their respective homes, and to receive their allowance in money, the amount of which varies from 15 annas to Rupee 1-15- " each per month.

4 The Pensioners residing in the Town of Vellore were brought up before the Committee, and those who appeared not to be proper objects were struck off. The

5 The management of the Institution having been thus reformed the necessary advances of money are supplied, on his written applications to the President who has now furnished the accounts from which the Statements herewith sent have been drawn up Pensioners can only be placed on the permanent List at the meetings of the Committee but between the meetings they may be temporarily relieved by order of the Collector or his resident Assistant in his absence. The people have been so accustomed to apply at the Collector's Cutcherry for this species of relief that it is difficult to prevent their doing so in the first instance.

6 The Statement exhibit an aggregate Cost of Rupees 3641-13-6- for the

Paid to April 1855 Rs 370-3-7
May 1855 to April 1856 } 2911-9-4
3641-13-6

for the period embraced therein the expenditure for the previous year, and 4 months having been Rupees 3,645-2-9 the difference is only Rupees 3-5-3. and is Rupees 278-2-6. below the sanctioned amount.

7 The total number of daily relief was 72,129 extending over a period of 486 days. The average number of persons relieved daily was 148.

8 The number of persons on the permanent List was as follows.

On the 30th April 1855 - 137

On the 30th April 1856 - 139

9 54 persons received temporary relief during the early part of 1856 on account of the very high prices of provisions.

The

10 The rates of money relief granted to pensioners residing at their Villages varies from 15 annas to R. a. p. 1-15-.. the mean rate being R. a. p. 1-7-..

11 The paupers residing in the Town of Nellore received 1/2 to 3/4 of a Seer of Rice and 2 Pice per day. The mean rate being 5/8 of a Seer, and 2 Pice. In one instance an orphan child received 1/4 Seer and 2 Pice but this will not perceptibly affect the average.

No. 115

To

J. D. Sim Esqre

Acting Secretary to the

Board of Revenue

Fort St. George.

(1212)

Bd. No. 5290

From the Offg Agent to the Governor at Kurnool.

Sir,

Agreeably to the instructions conveyed in a Circular from the Board of Revenue under date the 18th October 1850 No. 3440, I have the honor to send a Tabular Statement shewing the number of Peishkars and Carcoons employed in this District.

The pay of this class of Official is quite inadequate for the responsible and onerous duties they are "expected" to perform. I rather incline to the opinion that they work more mischief than good but that if as an assistance to both Revenue and Police Officers they are to be continued the number might be reduced after a survey of this District and a permanent system of assessment have been introduced and the pay of those kept on raised so as to put them at last above want if not above temptation.

Kurnool District Government Agent's Office
Circuit Nundial
16th December 1856

Statement

10735 Fort St. George 30th June 1857.

No. 107.

To

J. D. Sim, Esqre

Acting Secretary to the

Board of Revenue,

Fort St. George.

1213

Bd. No. 5289

From the Collector of Salem.

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue, dated the 18th October 1856 No. 3140 forwarding Extract Minutes of Consultation, under date the 13th idem, relative to the large number of Carcoons entertained in some Districts and requesting me to report, in regard to my District, on the points referred to by the Government, I have the honor to forward herewith a Statement shewing the number of Carcoons employed in the Salem District, and briefly explaining the duties demanded of these Officers in the Revenue, and the Police Departments.

2. The number of Carcoons also termed "Sub Police Officers" is 3. This number was fixed in Fusly 1239 when numerous Mootahs, which have since lapsed to Government, were under the

10735 Fort St. George 30th June 1857.

No. 1 Statement shewing the amount of Beriz and the number of Carcoons and Peishcars employed in the Salem District of Hamaut

Amount of Cummabundy Beriz in Sicca Rupees

Number of Carcoons. Peishcars

Hamaut: Amount of Cummabundy Beriz in Sicca Rupees; No. of Carcoons; Pay of each Carcoon; No. of Peishcars; Pay of each Peishcar; Salt. Number of Hamauts or Revenue Stations

| 1 | 2 | 3 | | |

the management of their proprietors. As these Moottahs have gradually lapsed the duties of the Taloob Officers in every grade have been considerably increased, but no increase has been made either to their number or their pay.

3. The carcoons form a very useful class of subordinate Officers. I do not think that the number allowed to this District is by any means too large. If any change is called for it is in respect to the present rate of pay, which is not adequate for the kind of work required. The pay of a Carcoon in this District is only 14 Rupees a month.

4. Goomastahs in the Taloob cutcherry receive the same pay and one Pagoda less is paid to a Police Poyaums and a Taloob Javabnavis, but the Carcoon's Office is in less request than any of those appointments. The reason is, that Carcoons are exposed to more exception and more personal hardships than public servants who are

are usually stationary.

5. I beg to point out that the Board in their Proceedings dated the 10th June 1857, adverted to the importance of the revenue duties required of this class.

Salem, Collector's Office on Circuit, Dopoor, 17th December 1857.

I Signed J. A. Brett, Collector.

		Ryotwar Vsa.	Peishcush	Total.		
1	2	3	4	5	6	7
1 Athoor	4	121242	—4—	121242	4	There are 43 Carcoons in the Salem District including an Officer stationed at Malapandy who is called in the Moyenzabitah an Annew. The carcoons are distributed through the District according to the size and Revenue of each Taloo, 5 of the Taloos have 4 Carcoons each, 5 Do. three each and the remaining 14 have 2 each. The carcoon is both a Revenue and a Police Officer. He has a fixed charge and some Villages within his Circa or division is fixed upon as his head quarters. this charge usually comprises about 60 Villages. As a Revenue Officer his duty is to assist the Tahsildar in various miscellaneous duties. He looks after the collection, assists in making the Adengul Examination previous to the Summabundy; investigates and reports on disputes regarding land, receives offers for waste lands, compares the ryots receipts with the monegar accounts, assists in the Maramut Department. - and finally is available for any preliminary enquiry which the Tahsildar may think fit to entrust him with. He keeps a daily diary and is required to send a copy of the diary once a month to the Tahsildar, who forwards a Copy to the Collector.

Order thereon.

Ordered to lie over.

To

J. D. Sim Esqr.

Acting Secretary to the

Board of Revenue

Fort St. George.

(1215)

3rd A. 33.

From the Collector of Chingleput ... Sir,

I have the honor to forward the usual Statements & explanatory of the Revenue Settlement for fasly 1265 of the Pals Shotriem Villages sequestered & placed under the management of this Department by the Civil Court at Chingleput.

2. The demand of the 1/4th share of the Parathoom &c. four villages, as well as that of Thoranellore, shews a decrease in comparison with the results of the preceding year, the villages having participated in the unfavorable circumstances of the Talooks of Peddapollium and Nayer in which they are situated.

	Demand of Fasly 1264			Demand of Fasly 1265		
Parathoom &c. 4	825	14	2	511	7	
Thoranellore	164	11	11	126	10	

Fort St. George 30th June 1857

3. Of the demand, Rupees 474-3-2 were realized upto the end of October leaving a balance of Rupees 36-13-5 which will be hereafter adjusted. The Collections were not more than sufficient to cover the charge of Peishcush, Management and maintenance of the Shrotriemdar so that there remained nothing to be remitted to the Court.—

Chingleput District,
Collector's Cutcherry
Sydapet 27th December
1856.

Proceedings thereon.

(1215-16)

With the letter above recorded the Collector submits 3 State=ments exhibiting the revenue Settlement for fusly 1265 of the Estates placed under his charge by the Civil Court.—

2. The Board observe that the report should have contained information explanatory of the detailed accounts, which are in some instances defective, and in others the absence of explanation appa=rently incorrect.

3. The difference between Cols. 18 & 35. in Statement No. 1. or the decrease in the beriz of Thoranellore as compared with the previous year appears in Col. 36 probably through inadvertence - as Rupees 31-1-10 in=stead of 38-1-10.—

4. The total beriz and the settlement beriz of this property are given in Statement No. 1 in Cols. 32 and 33 respectively The difference of

Fort St. George 30th June 1857.

of Rupees 38-12-2 the Board presume to be the remission granted at the Settlement as this sum is Rupees 32-12-" in excess of the preceding fusly. and none appears in the accounts of the other Estates - explanation should have been given.—

5. Comparing Cols. 11 and 17 of Statement No. 2. the charges are found to equal the receipts - Col. 18 headed "Net Revenue or surplus Fund" should this have been blank.—

6. The Board presume the item entered in Col. 12 includes the balance of commission due for previous fusslies, the non collection of which was explained in the Collector's letter of 20th March 1856.—

Inlons. 15th July 1856.

7. In their Proceedings of 15th July 1856 the Board authorized the Collector to resume the 1/4 share of Thoranellore in the event of the Shirotriendar failing to liquidate the arrears within a reasonable time, and the present report affords no in=formation of what has been done in the matter

10750 to 10752 Fort St. George 30th June 1857.

matter whether the balance has
been cleared off or not and whether
the Peshcush for fasly 1265
has been realized in full.-

8. In submitting fur=
=ther reports the Collector
will be pleased to fur=
=nish a separate State=
=ment shewing the Demand
Collection and Balance
on account of Beriz and
the same as regards
Peshcush.

B. P. No. 642

From the Ag Collr of Malabar—

Circular Proceedings from the Board No. 44 dated 5th Ultimo with enclosures

1 Wynaad with the Hill Plateau as far as Ocara
2 Koompahs
3 Slopes of the Western Ghaut generally.

Sir,

With reference to the papers noted in the margin, I have the honor to state that the localities suited for the European settlers within this District, is shewn in the margin.

2. The first, Wynaad, is admirably suited for European Settlement and Coffee Cultivation—Upwards of 40 Europeans are already engaged in this pursuit within the Talook. Its extent is 1,100 square miles of which a full 3rd might be converted into profitable coffee cultivation—experience has already been gained as to the character of treatment the shrub requires in most of the localities of the Talook.

3. The land is, with very limited exception, private property, but may be procured from the Proprietors on long leases and at reasonable rates.

4. Occasionally Wynaad is feverish but

Fort St. George 30th June 1857

but on the whole the climate suits Europeans who take care well..

5. The Koondahs likewise, part of the Hill Plateau have been little explored with a view to settlement of Europeans for agri: :cultural purposes. Though belonging to Ma: :labar and perhaps claimed by certain Jennies the Koondahs are believed to be Government property and might be freely used for European settlement, but the climate is bleak, and the fall of rain during the South west Monsoon even as low down as Wallaghaut excessive..

Slopes of the Western Ghauts.

6. The Hills in the Soondaputty Valley, along the Manarghaut range &c., would all make most eligible localities for coffee cultivation and Eu: :ropean settlement - had India enterprizing vigo: :rous men. These parts have a bad name because Natives, especially of the class from which our Public service is recruited, suffer severely from fever there, but they are not so unpromising by far, as localities in Ceylon once deemed graves where European energy and enterprize have found health and wealth or as the "Edens" that our British Emigrant and American backwoods man are converting into flourishing provinces in the far west.

7. Every encouragement ought to be held out to emigration into such parts, and I shall gladly give assistance in obtaining land, when private property, from the Jennies..

Bd. No. 1007
From the Collector
of North Arcot }

Sir,

With reference to an Extract from the Proceedings of the Board of Revenue dated 15th May 1856 No. 1513 giving cover to an Extract Minutes Consultation dated 6th Idem No. 453 calling for a brief report as to the financial position of the Vellore and Arcot Lunger Kanaks, I have the honor to forward for the information of the Board of Revenue Copy of a com: :munication received from the Sub Collr. Mr. Sullivan dated 8th Instant affording the required information.

North Arcot,
Collector's Cutcherry,
Wundawash }
13th March 1857.

(Signed) C. Whittingham,
Collector.

Enclosure No. 1

No. 46.

From C. Whittingham, Esquire
Collector of North Arcot.

Sir,

With reference to the documents* marginally noted, I much regret that I have been unable until the present moment to furnish the report called

* 1 Extract from the Proceed: :ings of the Board of Revenue dated 15th May 1856 No. 1513.
2 Extract from the Minutes of Consultation under date the 6th May 1856.

called for.-

2- In Para 6 of my letter to your address of the 4th April 1856 No. 35, I intimated my intention of taking an early opportunity of inspecting the recipients on the Arcot Lunger Khana and of subjecting that institution to the same scruting as I had done in the case of the one at Vellore..

3- The Semmabundy of my five (5) Talooks, which, as you are aware, from various causes, extended up to September last, prevented my doing so and I then proceeded on urgent private affairs to the Neilgherries from which I did not return until the close of November-

4- On my return however and before the close of December 1856, I proceeded to Arcot and examined myself every single recipient and turned off from the end of the year all those whose claims to remain on the institution I thought in the least doubtful-

5- Before submitting the report called for by the authorities up to the close of 1856 on the both institutions, I was desirous of submitting the

the Vellore recipients again to a further scruting but just at that time there was a most severe visitation of decease in the shape of Cholera and small pox and I found it impossible to get them together, such was the state of consternation prevailing at that time in the town, more especially amongst the poorer classes..

6- This scruting I was therefore only able to conclude on the 28th ultimo, but the scruting of the Vellore establishment having been before conducted by me in person, more than once not much has resulted from the present one, but in the Arcot institution I have been able to make a marked reduction..

7- With a view to placing the matter plainly before the Government I have drawn up the annexed tabular Statement A exhibiting the position of the two institutions on the 31st December 1855, and 1856 respectively and the position after the reduction noted in Para 6..

D

Vellore 219 - - -
Arcot 144 - - -
363 - - -

8. For the two Lungarkhanas the yearly funds available are Rupees 9333-11-9, as per marginal statement-from these a reserve of Rupees 5705-4- equal to the annual estimated Cost of the two dispensaries as per margin C must be deducted which will leave available for the two Lungurkhanahs the sum of Rupees 3628-7-9- from this must be deducted the cost of fixed establishment as per margin D, Vizt Rupees 363 which leaves Rupees 3,265-7-9 available for the recipients on both institutions.-

E

	Vellore Ps a ch	Arcot Ps a ch
1851	17 2 6	18 8 4
1852	20 14 "	21 7 13
1853	18 4 6	18 13 -
1854	10 " 4	9 10 4
1855	9 6 8	9 3 13
1856	10 1 12	10 7 8
	6/85 13 4	6/88 2 10
Average	14 4 14	14 11 12/3
Average of Cols 2 & 3		14 7 15/16
Say		14½ - -

9. In the margin E are exhibited the average prices of grain at the two stations for six years Vizt from 1851 to 1856 and the average say Puddies 14½ may be considered a somewhat unfavorable one as three out of the six years have been particularly unfavorable seasons as regards the prices of grain-

10- Now by reverting back to Para 7 of

of this letter and its accompanying Statement it will be observed that the Maximum number of puddies that the present scrutinized footing of the two institutions will call for is as per margin in round numbers 57710 Puddies which at the above average rate of 14½ puddies the rupee will involve an outlay of Rupees 3980 which will give as per margin an average of Rupees 714-8-3 expenditure over the sum available, but I do not think that this need at present necessitate any further reduction amongst the recipients when it is considered that the average calculated in an unfavorable one, that out of the funds the maximum sum available for the dispensaries has been laid aside and that no allowance is made for casualties likely to occur in the current year.

Vellore 43891-4-- Arcot 13818-10-12 = 57709-14-12

*Estimated Cost at 14½ Puddies per Rupee of 57710 Puddies 3980--0--

Amount available as per Para 8-3266-7-9 Excess- 714-8-3

	1	2	3	4	5
Vellore	1855	1856	Decrease	1855	1856 Decrease
	Rs 1460	Rs 2460	Rs 2460	Rs 2460	Rs 2460 Rs 2460
	5457-15-7	4569-14-1	2088-1-6	2045-12-8	1712-3-11 335-8-9

11. Now the improvement in the price of grain and casualties in 1856 reduced the expenditure as compared with 1855 as per Margin* Rupees 2423-9-9.

12. By persisting for the present in the non-admittance of fresh recipients, excepting in the most extreme cases of disease or want, I feel confident that the institutions can be carried on

on for the present as they exist, but it will be as well that the establishments should be scrutinized again at the close of the half year ending June 30/57 and the result reported for the information of Government.

13. Just at this moment the price of grain is a little below the average above taken, but as soon as the Navara crops are reaped the price of grain will most probably fall considerably below it.

14. I am not aware whether the Dispensary expenses at Ranneput have been kept within the estimate.

Station	Year	annual sanction	annual Expenditure	Difference between Cols 3 and 4	Total saving on the 2 years
		Rs A P	Rs A P	Rs A P	Rs A P
Vellore	1855	2460 - -	2307 10 11	152 5 1	
	1856	2460 - -	2333 14 4	126 1 8	
					278 6 9

15. The margin exhibits the expenses of the Dispensary at this station for 1855 and 1856 as compared with amount sanctioned by which a saving of Rupees 278-6-9 is obtained on the two years.

Hereafter

10775 Fort St. George 30th June 1857

16. Hereafter the propriety of amalgamating the two institutions either at Vellore or Arcot and thus effecting a slight reduction in the permanent establishment might be taken into consideration, but as this would be attended with great inconvenience to one set or other of the recipients, I would not urge it until the working of the current year has been passed in review at its close.

Actg Secretary to the

Board of Revenue

For St. George

(1225)

Br. No. 1480

From the Collr of S. Arcot

Sir

In returning the accompanying Petition No. 808 of 1856 bearing Board of Revenue endorsement dated 31st March 1856, calling upon me for fuller explanation than that contained in my endorsement of the 25th December 1855. I have the honor to state that the Petitioner applied on the 4th May 1852 for the 10 Cawnies of Nunjah land alluded to in his Petition in order to Cultivate them for Fusly 1262 but his application was rejected in consequence of his having failed to attends during the enquiry made for its disposal.-

On

2. On the 1st May 1854 the Petitioner again made an application for the land for Fusly 1264 but before he did so one Arunachoorray Iyen of Narakuloalee had presented a Durkast for the same land together with a large extent of other waste lands situated in Cundamungalum and 3 other Villages which he undertook to cultivate upon an understanding that the means of irrigation were to be improved by a Channel being Cut from the Vadavaur. It is true that this man was a Paracoody, as represented by the Petitioner but as he was a man of substance and likely to Cultivate the whole land the work was executed. The land was only made over to him upon his giving a special Moochilkah binding himself to pay the Jeerwah whether he raised crops or not.-

as

3.

As the second applic-
-ation of the Petitioner for the 10
Cawnies of land was not received till
after that of Aunathooray Iyen
/the present occupant/ for the
whole tract it was rejected
and the land made over to the
other party upon a special agree-
-ment.

4

The Petitioner appeals
to me in December 1855 when I
passed an endorsement to the
effect that as a puttah had
been already granted to Aunac
-thooray Iyen it was too late
for me to give any further order.

South Arcot.
Collr. Cutcherry
Cuddalore
22d. April 1857

/Signed/ A. Hall
Collector.

B No. 2229.
Order thereon.
(1225-26)

Ordered that the
following Endorsement be passed
upon petition No. 808.
1856.
From a report received from
the Collector on the subject of this
petition the Board find that
Petitioner's

Petitioner's first offer to Cultivate
the land in 52 was rejected as
he failed to appear at the time
fixed for the disposal of the
application and that his second
Durkast which was referred
in May 1854 was rejected on
the ground that the land had
been already given on special
Moochilka to Aunathoory Iyen
who although a Poracowdy was
a man of Substance and will
able to Cultivate the whole
extent of land taken up by
him and who expressively agreed
to pay teerwah for it whether
he brought it under Cultivation
or not; under these circumstances
the Board cannot now inter-
-fere and eject Aunatoory
Iyen who received his puttah in
Fasly 1267.

Revenue

Repair of Dusbundum Tanks

Sir,

I am directed by the Chief Engineer Department Public Works to submit for the consideration and advice of the Board of Revenue the accompanying extract from the diary of General observations made by Lieutenant Palmer, executive Engineer in Cuddapah.

2. The case in point seems to be a complaint made by a ryot that the Dusbundum Tank of Goomasamoodra Rungadamasy is out of repair and that the Dusbundumdars only repair it sufficiently for their own immediate wants it is presumed that the ryot is a man desirous of Cultivating land under the tank but it does not appear that it is usual for ryots, other than the Dusbundumdars, to Cultivate land under such tanks, and they may think that if they pay their rent that, that is all that they are bound to do on the other hand it seems a loss

Amount expended by Government during the last 5 years — None

I examined this Tank last Month, but owing to a delay in receiving the Currnums accounts was prevented sending it in- A respectable Ryot came to my camp repeatedly and begged of me not to forget to visit it. He wrote an Urzee and personally told me to the effect that the tank had been breached many years ago. That it was Dusmanelum but the Dusmin: dundars positively refused to repair it more than

than just sufficient for Cultivating their own lands: That he had repeatedly petitioned the Revenue authorities, but nothing had ever been done owing to the hostility of the Curnums who had lands under it and to whose interest the repair of the Tank would not in any way conduce. There is no doubt that the tank ought to have been repaired years ago, and by the neglect Government have lost considerably, for not only has the Ayacut been left uncultivated, but a large quantity of waste land which they tell me can be brought into Cultivation. The Estimate amounts to Rupees 310——

Resolution thereon (1231-32) — Resolved that the above communication and its enclosure be forwarded to the Collector of Cuddapah with reference to Extract Minutes Consultation dated 15th Ultimo, No. 944 and the Board's Proceedings dated 29th June 1857.

In Cons: 29th June 1857.

2. The Collector will explain fully the tenure of the Dusmundumdar in the instance referred to by Lieutenant Palmer and will state whether he possessed an exclusive right to the water of the Tank, and if so, on what that right is founded.

The Collector will also state whether any complaints were made to him on the subject and what notice was taken of them by himself or his Subordinates.

3. The Board also wish to be furnished with a list of Dusmundum Tanks in the Cuddapah District with the Enam and Circar Ayacut under each in round numbers. The Collector will also report what has been the practice in regard to the repairs

repairs of such tanks and whether any distinction is between Rhunda and Nanilat is admitted as regards the conditions of repairing the Tanks.

4. It has already been brought to the notice of the Board by the Officer in the Department Public Works that they have been hindered from making requisite repairs to Duxummdam tanks, on account of the estimate exceeding the Government annual share of the Revenue whereas the land that could be cultivated were the Tank repaired is so great that the Government Revenue would exceed the sum required for repairs.—

No. 132.

To,

J. D. Sim Esqre.

Acting Secretary to the

Board of Revenue.

Fort St. George.

Sir,

(1233)

B. No. 2181

From the Collector of North Arcot

I have the honor to submit for the consideration and orders of the Board a case of not

not infrequent occurrence in this District i.e that of a puttahdar who has not sufficient personal property to be attached and sold under Regulation XXVIII of 1802 in satisfaction of arrears of revenue due by him.

2: The course to be followed in such a case is pointed out in Section XXXIV of that Regulation, and it would undoubtedly be the proper course, when the amount due was withheld thro' contumacy. In those cases however in which the defaulters have little or no property, and are really unable to liquidate the demand, nothing can be gained by proceeding to imprison them I would propose therefore in such cases, to proceed according to the 7th Clause of that section, without adopting the course laid down in the earlier Clauses. The defaulters being under a Ryotwary Settlement- tenants having the right of occupancy only during the payment of certain rents, they could be ousted from the tenure; and in order that Government might not be subjected

Fort St. George 30th June 1857

subjected to the loss of the amount due on the land I would suggest that it should be made over to the applicant, who was willing to pay the arrears due on it.—

3. The reduction of assessment now in progress will tend materially to increase the value of land and there will not therefore be wanting ryots, who would be willing to pay a years demand for possession of land.

North Arcot,
Coll.rs Circuit Cutcherry,
Palmanair,
5th June 1857

/ Signed / C. Whittinghame
Collector.

R. No. 2227

Proceedings thereon -

(1233-31)

The Board question the legality of the proposed course and cannot therefore sanction its adoption.

2. Under Regulation XXVIII of 1802 the first step for the recovery of an arrear is the distraint and

A. B

Fort Saint George 30th June 1857

and sale of the defaulters personal property.—

3 Supposing the arrear not to be liquidated fully by this process the next step if further proceedings are considered necessary is the imprisonment of the defaulter during whose arrest the Collector has power to make arrangements for the management of his holding.—

4 The further processes of ejectment viz. allowed by Clause VII Section XXXIV can apparently be carried out only after the close of the current Revenue year.—

5. The wording of the latter part of Section VII Section XXXIV clearly shows that the Law has reserved to an under farmer the power of regaining possession of his holding within the year, if notwithstanding the sale of his personal property and his own imprisonment. he can find the means of liquidating his landlords dues with the interest on his arrear.—

6 The Board see nothing in the Regulation to prevent a Defaulter from

Fort Saint George 30th June 1857

from formally resigning his land or ex-
voluntarily consenting to its sale or trans-
fer rather than undergo imprisonment and
in either case the Board are of opinion
that the Collector can make the lands
over to another party with a good and
valid title.—

Read Endorsement of the
Collector of Nellore on Petition Nos 1169
2098 and 2216 of 1857 from Bygopaul-
1235-36 kistna Row late Cotaur Nerisindah alias
B. No. 2240 Ramapoorum.—
Proceedings thereon.—1. "The Petitioners was dis-
missed on the ground that for the Cotaur
in which lies duty lay the accounts fur-
nished by him to the Roozoor gave the
amount of Salt in store as 669 and 285 c.
Candies whereas an measurement it prov-
ed to be 90 Garce and 147 Candies or 23 Garces
and 262 Marcan excess.—

The

Fort Saint George 30th June 1857

2. The Board approve of the
Sentence and confirm it.—

3. They observe that it could have
been no object to the ryots, but rather the reverse,
that the 10 Garce heaps should contain more
than the prescribed amount The excess to
the extent of 50 per cent on the legitimate amount
must have been occasioned either by the culpable
Negligence of Petitioner who was responsible
for the storing of the Salt or by his having wil-
fully falsified the accounts with a view to
future profit by secretly disposing of the extra
Salt on his own account.—
